The public is invited to attend a neighborhood information meeting held by Robert J. Mulhere, FAICP, Senior Vice President, Ellen Summers, AICP, Planner III of Hole Montes, a Bowman Company, and Clay C. Brooker, Esquire of Cheffy Passidomo, P.A., on behalf of the property owner at the following time and location:

Monday, July 24, 2023 at 5:30 p.m.

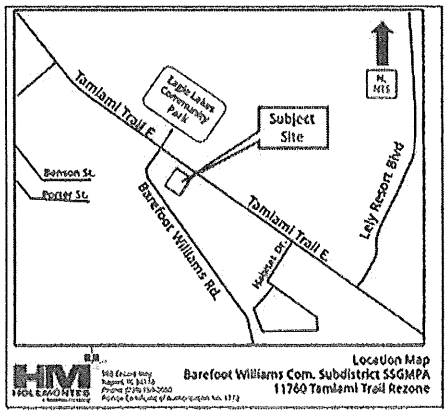
Rookery Bay National Estuarine Research Reserve, The Auditorium

300 Tower Road, Naples FL, 34113

The following formal applications have been made to Collier County Growth Management:

1) **SSGMPA-PL-20220005822 (Barefoot Williams Commercial Subdistrict):** A Small-Scale Growth Management Plan Amendment (SSGMPA) application to amend the future land use designation of the property from the Urban Coastal Fringe Subdistrict to establish the Barefoot Williams Commercial Subdistrict. The proposed subdistrict will permit C-3 commercial uses, which are currently permitted under existing zoning, and add car wash as an additional permitted use (limited to one within the district); and
2) **RZ-PL-20220005137 (11760 Tamiami Trail East Rezone):** An application to rezone the property from the C-3 Zoning District to the C-4 Zoning District. However, the proposed C-4 Zoning District for the property will be limited to permit only one C-4 commercial use (car wash, limited to one on the property), along with the currently permitted C-3 commercial uses.

The property is comprised of 1.92± acres and is located in Section 33, Township 50 South, Range 26 East, Collier County, Florida. The property is situated approximately 350 feet east of the intersection of Tamiami Trail East and Barefoot Williams Road.



WE VALUE YOUR INPUT

Business and property owners, residents and visitors are welcome to attend the presentation and discuss the project with the owner and Collier County staff. Zoom is being provided as an option to those unable to attend the meeting in person. However, if technical difficulties arise with Zoom, the technical difficulties will not be grounds to invalidate the meeting. If you would like to participate via Zoom or view a video of the meeting, please email us at NeighborhoodMeeting@hmeng.com and we will send zoom invite or a link of the video. You may also email any comments or questions to NeighborhoodMeeting@hmeng.com. Please reference **East Trail Car Wash** in subject line.

"Russian military aircraft engaged in unsafe and unprofessional behavior while interacting with U.S. aircraft in Syria," Lt. Gen. Alex Grynkewich said, adding that the actions threaten the safety of U.S. and Russian forces.
U.S. AIR FORCE VIA AP

Video shows Russian jets 'harassing' drones

Lolita C. Baldor
ASSOCIATED PRESS

WASHINGTON – Russian fighter jets flew dangerously close to several U.S. drone aircraft over Syria, setting off flares and forcing the MQ-9 Reapers to take evasive maneuvers, the Air Force said.

U.S. Air Forces Central released a video of Wednesday's encounter showing a Russian SU-35 fighter closing in on a Reaper and later a number of the so-called parachute flares moving into the drone's flight path. The flares are attached to parachutes.

Lt. Gen. Alex Grynkewich, commander of 9th Air Force in the Middle East, said three of the U.S. drones were operating over northwest Syria after 10:30 a.m. local time, on a mission against the Islamic State group that was not detailed, when three of the Russian aircraft "began harassing the drones." The drones were not armed with weapons and are commonly used for reconnaissance missions.

In a statement, Grynkewich said one of the Russian pilots moved in front of a drone and engaged the SU-35's afterburner, which greatly increases its speed and air pressure. The jet blast from the afterburner can potentially damage the Reaper's electronics, and Grynkewich said it reduced the drone operator's ability to safely operate the aircraft.

"Russian military aircraft engaged in unsafe and unprofessional behavior while interacting with U.S. aircraft in Syria," he said, adding that the actions threaten the safety of the U.S. and Russian forces. "We urge Russian forces in Syria to cease this reckless behavior and adhere to the standards of behavior expected of a professional air force so we can resume our focus on the enduring defeat of ISIS."

Army Gen. Erik Kurilla, head of U.S. Central Command, said in a statement that Russia's violation of ongoing efforts to clear the airspace over Syria "increases the risk of escalation or miscalculation."

About 900 U.S. forces are deployed to Syria to work with the Kurdish-led Syrian Democratic Forces battling the Islamic State militants there.

The public is invited to attend a neighborhood information meeting held by Robert J. NOTICE OF PUBLIC HEARING

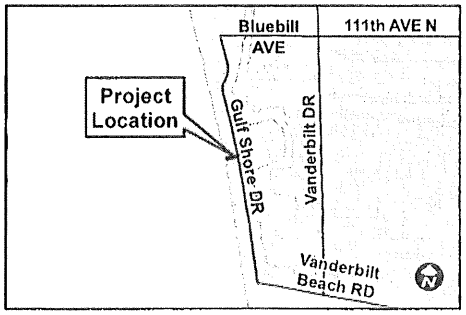
Notice is hereby given that a public hearing will be held by the Collier County Hearing Examiner (HEX) at 9:00 A.M., July 27, 2023, in the Hearing Examiner's meeting room, at 2800 North Horse-shoe Drive, Room 609/610, Naples FL 34104, to consider:

PETITION NO. BLC DEVIATION - PL20230003026 – JAFFEE CANOPY– REQUEST FOR A BOAT LIFT CANOPY DEVIATION TO INCREASE THE ALLOWABLE LENGTH FROM 35 FEET TO 45 FEET, TO ALLOW A BOATLIFT CANOPY MEASURING 45 FEET LONG BY 15.2 FEET WIDE, PURSUANT TO SECTION 5.03.06.G.3 OF THE LAND DEVELOPMENT CODE (LDC). THE SUBJECT PROPERTY IS LOCATED ADJACENT TO 10091 GULF SHORE DRIVE, FURTHER DESCRIBED AS THE NORTH 50 FEET OF LOT 14, BLOCK C, RE-SUBDIVISION OF PART OF UNIT NO. 1, CONNER'S VANDERBILT ESTATES, IN SECTION 29, TOWNSHIP 48 SOUTH, RANGE 25 EAST, COLLIER COUNTY, FLORIDA.



All interested parties are invited to appear and be heard. All materials used in presentation before the Hearing Examiner will become a permanent part of the record.

Copies of staff report are available one (1) week prior to the hearing. The file can be reviewed at the Collier County Growth Management Community Development Department, Zoning Division, 2800 North Horseshoe Drive, Naples, FL 34104.

As to any petition upon which the Hearing Examiner takes action, an aggrieved petitioner may appeal such final action. Such appeal shall be filed per Section 2-88 of the Collier County Code of Laws and Ordinances within 30 days of the decision by the Hearing Examiner. An aggrieved non-party may appeal a decision by the Hearing Examiner to the Circuit Court of Collier County within 30 days of the decision. In the event that the petition has been approved by the Hearing Examiner, the applicant shall be advised that he/she proceeds with construction at his/her own risk during this 30-day period. Any construction work completed ahead of the approval authorization shall be at their own risk.

As part of an ongoing initiative to encourage public involvement, the public will have the opportunity to provide public comments remotely, as well as in person, during this proceeding. Individuals who would like to participate remotely should register through the link provided within the specific event/meeting entry on the Calendar of Events on the County website at www.colliercountyfl.gov/our-county/visitors/calendar-of-events after the agenda is posted on the County website. Registration should be done in advance of the public meeting, or any deadline specified within the public meeting notice. Individuals who register will receive an email in advance of the public hearing detailing how they can participate remotely in this meeting. Remote participation is provided as a courtesy and is at the user's risk. The County is not responsible for technical issues. For additional information about the meeting, please call Geoffrey Willig at 252-8369 or email to Geoffrey.Willig@colliercountyfl.gov.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the Collier County Zoning Division located at 2800 N. Horseshoe Dr, Naples, Florida 34104, (239) 252- 2400, at least two (2) days prior to the meeting.

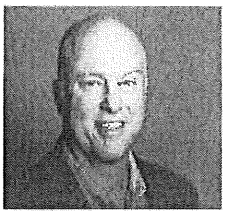
ED TREATMENTS TO REIGNITE YOUR RELATIONSHIP.

Don't suffer any longer. Achieve lasting intimacy.



Ted Dillon, Owner and Director of Atlantic Men's Clinic, has treated over 6k of patients clinically treated for erectile dysfunction - even in cases where pills or other treatments options have failed.

Erectile Dysfunction (ED) problems aren't solely about sex. They're also about intimacy and your relationship. Because the truth of the matter is that not getting treated often results in serious emotional issues between you and the one you love. And with ED affecting around 50% of men over 50, far too many men are simply suffering in silence and dealing with relationship issues when they really don't have to.

Your Relationship Doesn't have to Tolerate ED.

ED can ruin relationships and take a serious toll on a man's mental health and well-being. And with this terrible condition affecting millions upon millions of men across the United States, we feel ED isn't given enough attention. The consequences associated with erectile dysfunction extend far beyond physical challenges – often leading to failed relationships and psychological damage. What most men don't realize, however, is that there are highly effective treatments available that can restore intimacy with your loved one.

Treatments that are Effective Well Over 90% of the Time.

If you're experiencing ED, and have been disappointed by the results of pills or other treatments - or if you have chosen to overlook the issue altogether - we want you to know that we can likely treat your ED. At Atlantic Men's Clinic, our treatment plans have proven successful for well over 90% of men. Which means you have a great chance to reclaim your sex life and enjoy the incredible benefits that come along with it.

The Specialists in Men's Sexual Health Issues.

At Atlantic Men's Clinic, we provide treatments for ED. We're discreet, professional, and have successfully treated thousands of men in Florida. And we can also assist with low testosterone issues that are often associated with ED.

Stop Suffering with ED. Reclaim Your Sex Life.

If you are like most men, we can help you reignite that spark in your relationship. We're confident that we can help you achieve an erection with an in-office test dose on your first visit.. even if pills or other treatments have failed you in the past, or even if you haven't had an erection in a long time. And if we can't get you an erection in the office, we won't charge you a penny for your office visit. Make an appointment today and achieve the lasting intimacy with your partner that you deserve.

Neighborhood Meeting Summary
Barefoot Williams Commercial Subdistrict SSGMPA (PL-20220005822)
11760 Tamiami Trail East Rezone (RZ-PL-20220005137)
October 2, 2024 at 5:30 PM
Rookery Bay National Estuarine Research Reserve, The Auditorium
300 Tower Road, Naples, FL 34113.

A NIM was held for the above-referenced petitions. The petitions are described as follows:

1) **SSGMPA-PL-20220005822 (Barefoot Williams Commercial Subdistrict):** A Small-Scale Growth Management Plan Amendment (SSGMPA) application to amend the future land use designation of the property from the Urban Coastal Fringe Subdistrict to establish the Barefoot Williams Commercial Subdistrict. The proposed subdistrict will permit C-3 commercial uses, which are currently permitted under existing zoning, and add car wash as an additional permitted use (limited to one within the district); and
2) **RZ-PL-20220005137 (11760 Tamiami Trail East Rezone):** An application to rezone the property from the C-3 Zoning District to the C-4 Zoning District. However, the proposed C-4 Zoning District for the property will be limited to permit only one C-4 commercial use (car wash, limited to one on the property), along with the currently permitted C-3 commercial uses.

Property Owners/Applicants:
11760 Property, LLC

Applicant Attendees:
Rick Scali, Owner

Consultant Attendees on Behalf of the Applicant:
Clay C. Brooker, Esq., Cheffy Passidomo, P.A.
Ellen Summers, AICP, Lead Planner, Bowman

Attendees on Behalf of Collier County:
Michelle Mosca, AICP, Planner III
Timothy Finn, Planner III

There were two members of the public physically in attendance. Ellen Summers provided a presentation on the proposed SSGMPA and the Rezone request. The presentation lasted approximately 10 minutes.

Following the presentation, the meeting was opened up for comments and questions from the members of public in attendance. There were no comments or questions therefore the NIM concluded at approximately 5:42 PM.

AFFIDAVIT OF COMPLIANCE

I hereby certify that pursuant to Ordinance 2004-41, of the Collier County Land Development Code, I did cause the attached newspaper advertisement to appear and I did give notice by mail to the following property owners and/or condominium and civic associations whose members may be affected by the proposed land use changes of an application request for a rezoning, PUD amendment, or conditional use, at least 15 days prior to the scheduled Neighborhood Information Meeting. *For the purposes of this requirement, the names and addresses of property owners shall be deemed those appearing on the latest tax rolls of Collier County and any other persons or entities who have made a formal request of the county to be notified.* The said notice contained the laymen's description of the site property of proposed change and the date, time, and place of a Neighborhood Information Meeting.

Per the attached letters, property owner's list, and copy of newspaper advertisement which are hereby made a part of this Affidavit of Compliance.

Re: Barefoot Williams Commercial Subdistrict SSGMPA (PL-20220005822)
11760 Tamiami Trail East Rezone (RZ-PL-20220005137)
BWM File No. 2023.006

Dear Property Owner:

Please be advised that Robert J. Mulhere, FAICP, Senior Vice President, Ellen Summers, AICP, Lead Planner of Bowman Company, and Clay C. Brooker, Esquire of Cheffy Passidomo, P.A., on behalf of the applicant, have made the following two concurrent applications to Collier County Growth Management:

1) **SSGMPA-PL-20220005822 (Barefoot Williams Commercial Subdistrict):** A Small-Scale Growth Management Plan Amendment (SSGMPA) application to amend the future land use designation of the property from the Urban Coastal Fringe Subdistrict to establish the Barefoot Williams Commercial Subdistrict. The proposed subdistrict will permit C-3 commercial uses, which are currently permitted under existing zoning, and add car wash as an additional permitted use (limited to one within the district); and

2) **RZ-PL-20220005137 (11760 Tamiami Trail East Rezone):** An application to rezone the property from the C-3 Zoning District to the C-4 Zoning District. However, the proposed C-4 Zoning District for the property will be limited to permit only one C-4 commercial use (car wash, limited to one on the property), along with the currently permitted C-3 commercial uses.

In compliance with the Land Development Code requirements, a Neighborhood Information Meeting will be held to provide you an opportunity to hear a presentation about this petition and ask questions. The Neighborhood Information Meeting will be held on Wednesday, October 2, 2024 at 5:30 p.m. at the Rookery Bay National Estuarine Research Reserve, The Auditorium, 300 Tower Road, Naples FL, 34113.

The purpose and intent of this Neighborhood Information Meeting is to provide the public with notice of an impending zoning application and to foster communication between the applicant and the public. The expectation is that all attendees will conduct themselves in such a manner that their presence will not interfere with the orderly progress of the meeting.

SIGN POSTING INSTRUCTIONS

(CHAPTER 8, COLLIER COUNTY ADMINISTRATIVE CODE FOR LAND DEVELOPMENT)

A zoning sign(s) must be posted by the petition of the petitioner's agent on the parcel for a minimum of fifteen (15) calendar days in advance of the first public hearing and said sign(s) must be maintained by the petitioner or the petitioner's agent through the Board of County Commissioners Hearing. Below are general guidelines for signs, however these guidelines should not be construed to supersede any requirements of the LDC. For specific sign requirements, please refer to the Administrative Code, Chapter 8 E.

1. The sign(s) must be erected in full view of the public, not more than five (5) feet from the nearest street right-of-way or easement.
2. The sign must be securely affixed by nails, staples, or other means to a wood frame or to a wood panel and then fastened securely to a post, or other structure. The sign may no be affixed to a tree or other foliage.
3. The petitioner or the petitioner's agent must maintain the sign(s) in place, and readable condition until the requested action has been heard and a final decision rendered. If the sign(s) is destroyed, lost, or rendered unreadable, the petition or the petitioner's agent must replace the sign(s).

NOTE: AFTER THE SIGN HAS BEEN POSTED, THIS AFFIDAVIT OF POSTING NOTICE SHOULD BE RETURNED NO LATER THAN TEN (10) WORKING DAYS BEFORE THE FIRST HEARING DATE TO THE ASSIGNED PLANNER.

Re: Objection to Proposed Amendment to Ordinance
Ordinance No. 89-05, Collier County GMP
Barefoot Williams Property – Proposed Car Wash

Dear Collier County Board of County Commissioners,

We write to you on behalf of two local, established car wash businesses serving our local community: (1) Pump & Munch Car Wash located at 9995 Tamiami Trail East, Naples, Florida, and (2) Dolphin Auto Spa Express Car Wash located at 6240 Collier Blvd, Naples, Florida. Both of our car washes are within the very close vicinity of the proposed car wash with our locations being 2.2 miles and 2.4 miles away, respectively. We write this letter to raise our concerns and objections to the proposal.

The Applicant claims that the area is in need of another car wash, but that could not be further from the truth. A simple review of the associated maps would show that there are already five substantial car washes within just a three mile radius of the proposed location. Five car washes in this small vicinity is far more than would reasonable for the population in the area, and this oversaturation of the market is exacerbated when out of season. The insertion of another car wash in this oversaturated market will create unmerited stress on the car washes that already serve the limited market in the area and potentially lead to business closures. The Applicant attempts to distinguish itself in the nature of its car wash business, but the reality is that four of the nearby five car washes are essentially identical. Even the County Staff noted their concerns associated with the "high proportion of car washes . . . ."

The Applicant also attempts to paint the approval of the car wash as somehow serving the needs of the local community, but it is difficult to ascertain what needs are being served when there are so many car washes in the area already providing identical service with almost identical facilities. An oversaturation of the market does not serve the local community. It does, however, create strain on local businesses that can lead to closures of the already existing businesses.

Additionally, the Application appears to rely heavily on the argument that the proposal is permitted on the basis that the Home Depot adjacent property has permitted uses of C-5, pursuant to Ordinance 2024-08.

Docusign Envelope ID: 286F8503-9385-49E3-B18D-19FAD5762B4F

A review of Ordinance 2024-08, however, clearly reflects that the Home Depot has permitted uses of *only* C-3. A reliance on the Home Depot zoning being C-5 to permit the car wash is incorrect.

We look forward to attending the hearing to provide our comments in person, and we reserve the right to raise additional matters at the hearing.

Sincerely,

Pump & Munch

NOTICE OF PUBLIC HEARING
NOTICE OF INTENT TO CONSIDER ORDINANCES

Notice is hereby given that a public hearing will be held by the **Collier County Board of County Commissioners (BCC)** at **9:00 A.M.** on **January 14, 2025**, in the Board of County Commissioners meeting room, third floor, Collier Government Center, 3299 East Tamiami Trail, Naples FL to consider:

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA AMENDING ORDINANCE NO. 89-05, AS AMENDED, THE COLLIER COUNTY GROWTH MANAGEMENT PLAN FOR THE UNINCORPORATED AREA OF COLLIER COUNTY, FLORIDA, SPECIFICALLY AMENDING THE FUTURE LAND USE ELEMENT AND FUTURE LAND USE MAP AND MAP SERIES BY CHANGING THE LAND USE DESIGNATION OF PROPERTY FROM URBAN, URBAN MIXED USE DISTRICT, URBAN COASTAL FRINGE SUBDISTRICT TO COMMERCIAL DISTRICT, BAREFOOT WILLIAMS COMMERCIAL SUBDISTRICT TO ALLOW 11,000 SQUARE FEET OF GROSS FLOOR AREA OF COMMERCIAL USES, OF WHICH A CAR WASH MAY BE 5,000 SQUARE FEET OF GROSS FLOOR AREA. THE SUBJECT PROPERTY IS LOCATED ON THE SOUTH SIDE OF TAMIAMI TRAIL EAST 350 FEET EAST OF THE INTERSECTION OF TAMIAMI TRAIL AND BAREFOOT WILLIAMS ROAD IN SECTION 33, TOWNSHIP 50 SOUTH, RANGE 26 EAST, CONSISTING OF 1.92± ACRES; AND FURTHERMORE, DIRECTING TRANSMITTAL OF THE ADOPTED AMENDMENT TO THE FLORIDA DEPARTMENT OF COMMERCE; PROVIDING FOR SEVERABILITY AND PROVIDING FOR AN EFFECTIVE DATE. [PL20220005822]

AND

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA AMENDING ORDINANCE NO. 2004-41, AS AMENDED, THE COLLIER COUNTY LAND DEVELOPMENT CODE, WHICH ESTABLISHED THE COMPREHENSIVE ZONING REGULATIONS FOR THE UNINCORPORATED AREA OF COLLIER COUNTY, FLORIDA BY AMENDING THE APPROPRIATE ZONING ATLAS MAP OR MAPS BY CHANGING THE ZONING CLASSIFICATION OF THE HEREIN DESCRIBED REAL PROPERTY FROM AN INTERMEDIATE COMMERCIAL DISTRICT (C-3) ZONING DISTRICT TO A GENERAL COMMERCIAL DISTRICT (C-4) ZONING DISTRICT LIMITED TO 11,000 SQUARE FEET OF GROSS FLOOR AREA OF COMMERCIAL USES OF WHICH 5,000 SQUARE FEET OF GROSS FLOOR AREA MAY BE CARWASH, WITH CONDITIONS; PROVIDING FOR PARTIAL REPEAL OF ORDINANCE NO. 00-81 AND RESOLUTION NO. 12-253. THE SUBJECT PROPERTY IS LOCATED ON THE SOUTH SIDE OF TAMIAMI TRAIL EAST 350 FEET EAST OF THE INTERSECTION OF TAMIAMI TRAIL AND BAREFOOT WILLIAMS ROAD IN SECTION 33, TOWNSHIP 50 SOUTH, RANGE 26 EAST, CONSISTING OF 1.92± ACRES; AND BY PROVIDING AN EFFECTIVE DATE. [PL20220005137]

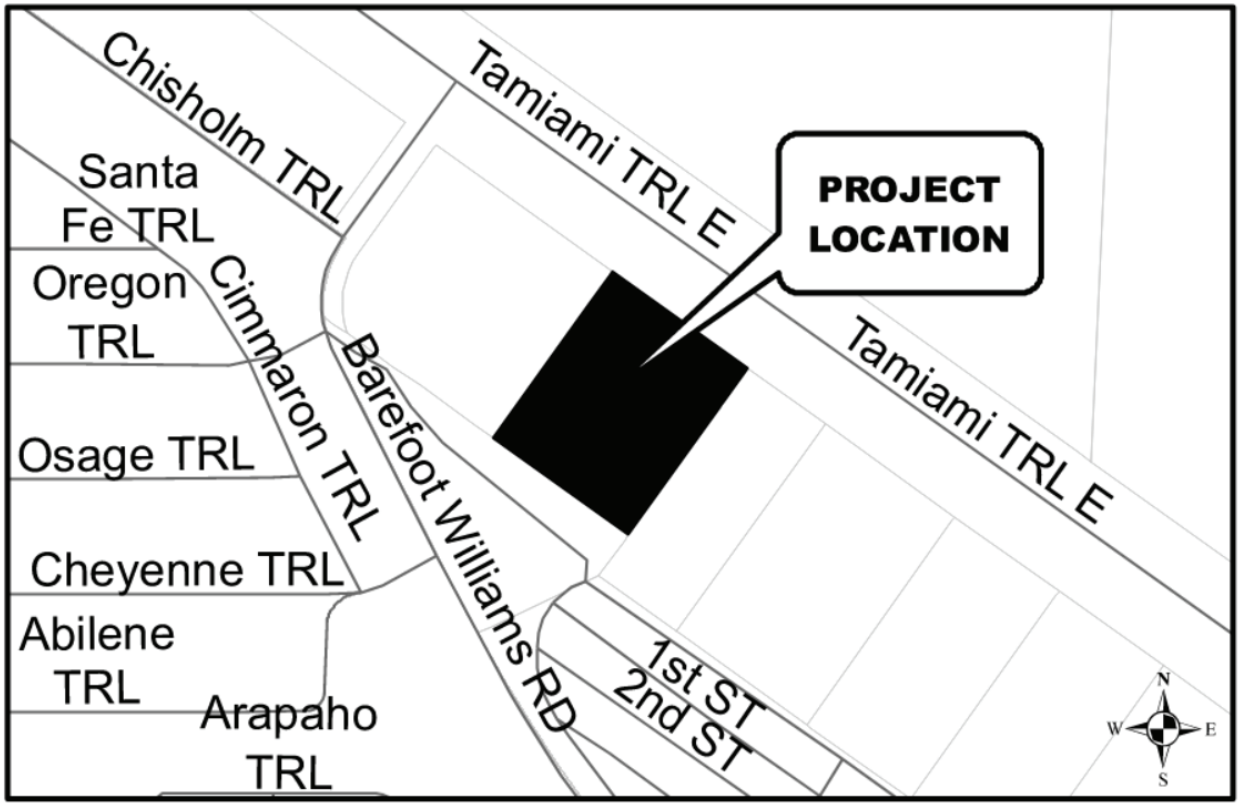
Board of County Commissioners

Publication Date: 12/26/2024

Expiration Date: 01/16/2025

Notices.CollierClerk.com



A copy of the proposed Ordinances is on file with the Clerk to the Board and is available for inspection. All interested parties are invited to attend and be heard.

All persons wishing to speak on any agenda item must register with the County Manager prior to presentation of the agenda item to be addressed. Individual speakers will be limited to three (3) minutes on any item. The selection of any individual to speak on behalf of an organization or group is encouraged. If recognized by the Chairman, a spokesperson for a group or organization may be allotted ten (10) minutes to speak on an item. Written materials intended to be considered by the Board shall be submitted to the appropriate County staff a minimum of seven (7) days prior to the public hearing. All materials used in presentations before the Board will become a permanent part of the record.

As part of an ongoing initiative to encourage public involvement, the public will have the opportunity to provide public comments remotely, as well as in person, during this proceeding. Individuals who would like to participate remotely should register through the link provided within the specific event/meeting entry on the Calendar of Events on the County website at www.colliercountyfl.gov/our-county/visitors/calendar-of-events after the agenda is posted on the County website. Registration should be done in advance of the public meeting, or any deadline specified within the public meeting notice. Individuals who register will receive an email in advance of the public hearing detailing how they can participate remotely in this meeting. Remote participation is provided as a courtesy and is at the user's risk. The County is not responsible for technical issues. For additional information about the meeting, please call Geoffrey Willig at 252-8369 or email to Geoffrey.Willig@colliercountyfl.gov.

Any person who decides to appeal any decision of the **Board** will need a record of the proceedings pertaining thereto and therefore, may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is based.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the Collier County Facilities Management Division, located at 3335 Tamiami Trail East, Suite 101, Naples, FL 34112-5356, (239) 252-8380, at least two (2) days prior to the meeting. Assisted listening devices for the hearing impaired are available in the Board of County Commissioners Office.

BOARD OF COUNTY COMMISSIONERS
COLLIER COUNTY, FLORIDA

CHRIS HALL,
CHAIRMAN

CRYSTAL K. KINZEL,
CLERK OF THE CIRCUIT COURT & COMPTROLLER

By: Jennifer Hansen
Deputy Clerk (SEAL)

Executive Summary

This item requires ex-parte disclosure to be provided by the Commission members. Should a hearing be held on this item, all participants are required to be sworn in. Recommendation to approve an Ordinance rezoning real property from an Intermediate Commercial (C-3) Zoning District to a General Commercial (C-4) Zoning District limited to 11,000 square feet of gross floor area of commercial uses, of which 5,000 square feet of gross floor area may be carwash, with conditions; providing partial repeal of Ordinance No. 00-81 and Resolution No. 12-253. The subject property is located on the south side of Tamiami Trail East, 350 feet east of the intersection of Tamiami Trail and Barefoot Williams Road, in Section 33, Township 50 South, Range 26 East, consisting of 1.92+/- acres, and by providing an effective date. (Companion to item 9E)

OBJECTIVE: To have the Board of County Commissioners ("Board") review staff's findings and recommendations along with the recommendations of the Collier County Planning Commission (CCPC) regarding the above-referenced petition, render a decision regarding this rezoning petition, and ensure the project is in harmony with all the applicable codes and regulations in order to ensure that the community's interests are maintained.

CONSIDERATIONS: The subject property is located on the south side of Tamiami Trail East, approximately 350 feet east of the intersection of Tamiami Trail and Barefoot Williams Road, in Section 33, Township 50 South, Range 26, East, Collier County, Florida, consisting of 1.92+/- acres. The applicant is requesting to rezone the subject property from the Commercial Intermediate (C-3) Zoning District to the General Commercial (C-4) Zoning District. The request to rezone to the C-4 Zoning District Use is limited to a single use: a car wash facility. The rezone will also allow the full range of C-3 uses (as current C-3 zoning allows). A companion SSGMPA has also been submitted to permit the desired uses and to establish the maximum allowed intensity (square feet). This rezone request includes conditions of approval (Exhibit A), which impose a number of restrictions and design requirements related to the car wash and to eating and drinking establishments with drive-through facilities in an attempt to address the staff recommended (but as yet not adopted) US 41 East Zoning Overlay District Land Development Code Amendments (LDCA).

COLLIER COUNTY PLANNING COMMISSION (CCPC) RECOMMENDATION: The CCPC heard petition RZ-PL20220005137 on November 7, 2024, and by a vote of 7 to 0 recommended to forward this petition to the Board with a recommendation of approval. The CCPC approval was unanimous. On January 7, 2025, a letter of objection was received. As such, this petition will be placed on Advertised Public Hearings.

FISCAL IMPACT: Collier County collects impact fees prior to the issuance of a Certificate of Occupancy to help offset the impacts of each new development on public facilities. These impact fees are used to fund projects identified in the Capital Improvement Element (CIE) of the Growth Management Plan (GMP) as needed to maintain the adopted Level of Service (LOS) for public facilities. Other fees collected prior to the issuance of a building permit include building permit review fees. Please note that impact fees and taxes collected were not included in the criteria used by staff and the Planning Commission to analyze this petition.

GROWTH MANAGEMENT IMPACT: Comprehensive Planning staff has reviewed the proposed rezoning petition and has found it not consistent with the Future Land Use Element (FLUE) of the Growth Management Plan (GMP). See GMP amendment Staff Report for detailed analysis. This rezoning may only be deemed consistent with the FLUE if the companion GMPA (PL20220005822) is approved and goes into effect, and the uses and intensities in this rezoning align with those in the GMPA. It should be noted that the applicant could have utilized the Office and In-fill Commercial Subdistrict to gain consistency with the Growth Management Plan, but due to the length of time (over two years), the petition has been under review, opted to move forward with the proposed GMP-Amendment to gain GMP consistency, rather than submit a new application and the review process.

Transportation Element: In evaluating this project, staff reviewed the applicant's June 16, 2023, Traffic Impact Statement for consistency with Policy 5.1 of the Transportation Element of the Growth Management Plan (GMP) using the 2022 and 2023 Annual Update and Inventory Reports (AUIR).

Policy 5.1 of the Transportation Element of the GMP states;

"The County Commission shall review all rezone petitions, SRA designation applications, conditional use petitions, and proposed amendments to the Future Land Use Element (FLUE) affecting the overall countywide density or intensity of permissible development, with consideration of their impact on the overall County transportation system, and shall not approve any petition or application that would directly access a deficient roadway segment as identified in the current AUIR or if it impacts an adjacent roadway segment that is deficient as identified in the current AUIR, or which significantly impacts a roadway segment or adjacent roadway segment that is currently operating and/or is projected to operate below an adopted Level of Service Standard within the five year AUIR planning period, unless specific mitigating stipulations are also approved. A petition or application has significant impacts if the traffic impact statement reveals that any of the following occur:

1. For links (roadway segments) directly accessed by the project where project traffic is equal to or exceeds 2% of the adopted LOS standard service volume;

2. For links adjacent to links directly accessed by the project where project traffic is equal to or exceeds 2% of the adopted LOS standard service volume; and

3. For all other links the project traffic is considered to be significant up to the point where it is equal to or exceeds 3% of the adopted LOS standard service volume.

Mitigating stipulations shall be based upon a mitigation plan prepared by the applicant and submitted as part of the traffic impact statement that addresses the project's significant impacts on all roadways."

Staff findings: According to the Traffic Impact Statement (TIS) provided with this petition, the proposed development will generate a projected total of +/- 127 PM peak hour, as well as 2-way trips on the adjacent roadway segments of Tamiami Trail East (US 41). The trips generated by this development will occur on the following adjacent roadway link:

Link/Roadway	Link	Current Peak Hour Peak Direction Volume/Peak Direction	Projected P.M. Peak Hour/Peak Direction Project Trips (1)	2022 AUIR LOS/ Remaining Capacity	2023 AUIR LOS/Remaining Capacity
93.0/Tamiami Trail East (US-41)	Rattlesnake Hammock Rd to Triangle Blvd	3,000/East	29/East	D/280 (2)	D/307 (2)

(1) Source for P.M. Peak Hour/Peak Direction Project Traffic is from the June 16, 2023, Traffic Impact Statement provided by the petitioner.

(2) Expected Deficiency due to Trip Bank not caused by this proposed development (see State Statute 163.3180). Additionally, this development is located in the recently expanded Traffic Congestion Exception Area (TCEA). Provisions of Florida Statute 163.3180:

- Must allow an applicant to enter into a binding agreement to pay or construct their proportionate fair share.
- Facilities determined to be deficient with existing, committed, and vested trips plus projected background traffic from any source other than the development shall be removed from the proportionate share calculation
- The improvement necessary to correct this type of deficiency is the funding responsibility of the maintaining entity.
- Applicant must receive a credit for the anticipated road impact fees.
- The expected and existing deficiencies are not caused by this proposed development.

Based on the TIS, the 2022 and 2023 AUIR, State Statute 163.3180, and the TCEA provisions of the GMP, the subject rezone can be found consistent with Policy 5.1 of the Transportation Element of the Growth Management Plan. The

Traffic Impact Statement (TIS) indicates that the adjacent roadway network has sufficient capacity to accommodate this project within the 5-year planning period.

Conservation and Coastal Management Element (CCME): Environmental staff evaluated the petition. The property is 1.92 acres; the project is consistent with the goals, objectives, and policies of the CCME.

LEGAL CONSIDERATIONS: Petitioner is requesting a rezone from the Intermediate Commercial (C-3) Zoning District to the General Commercial (C-4) Zoning District, with conditions. The attached staff report and the required recommendations of the Planning Commission are advisory only and are not binding on you. All testimony given must be under oath. The Petitioner has the burden to prove that the proposed rezone is consistent with all the criteria set forth below, and you may question Petitioner or staff to satisfy yourself that the necessary criteria have been satisfied. Should you consider denying the rezone, to assure that your decision is not later found to be arbitrary, discriminatory, or unreasonable, the denial must be based upon competent, substantial evidence that the proposal does not meet one or more of the listed criteria below.

Criteria for Straight Rezones

1. Will the proposed change be consistent with the goals, objectives, policies and future land use map and the elements of the Growth Management Plan?
2. Will the proposed rezone be appropriate considering the existing land use pattern?
3. Would the proposed rezone result in the possible creation of an isolated district unrelated to adjacent and nearby districts?
4. Are the existing district boundaries illogically drawn in relation to existing conditions on the property proposed for change?
5. Do changed or changing conditions make the passage of the proposed amendment necessary?
6. Will the proposed change adversely influence living conditions in the neighborhood?
7. Will the proposed change create or excessively increase traffic congestion or create types of traffic deemed incompatible with surrounding land uses because of peak volumes or projected types of vehicular traffic, including activity during construction phases of the development, or otherwise affect public safety?
8. Will the proposed change create a drainage problem?
9. Will the proposed change seriously reduce light and air to adjacent areas?
10. Will the proposed change adversely affect property values in the adjacent area?
11. Will the proposed change be a deterrent to the improvement or development of adjacent property in accordance with existing regulations?
12. Will the proposed change constitute a grant of special privilege to an individual owner as contrasted with the public welfare?
13. Are there substantial reasons why the property cannot be used in accordance with existing zoning?
14. Is the change suggested out of scale with the needs of the neighborhood or the County?
15. Consider: Whether it is impossible to find other adequate sites in the County for the proposed use in districts already permitting such use.
16. Consider: The physical characteristics of the property and the degree of site alteration that would be required to make the property usable for any of the range of potential uses under the proposed zoning classification.
17. What is the impact of development on the availability of adequate public facilities and services consistent with the levels of service adopted in the Collier County Growth Management Plan and as defined and implemented through the Collier County Adequate Public Facilities Ordinance [Code ch.106, art.II], as amended?
18. Are there other factors, standards, or criteria relating to this rezone request that the Board of County Commissioners deem important in protecting public health, safety, and welfare?

This item has been approved as to form and legality, and it requires an affirmative vote of four for Board approval. Should this item be denied, Florida Statutes section 125.022(3) requires the County to provide written notice to the applicant citing applicable portions of an ordinance, rule, statute, or other legal authority for the denial. (HFAC)

RECOMMENDATIONS: To approve the request for Petition RZ-PL20220005137, 11760 Tamiami Trail East.

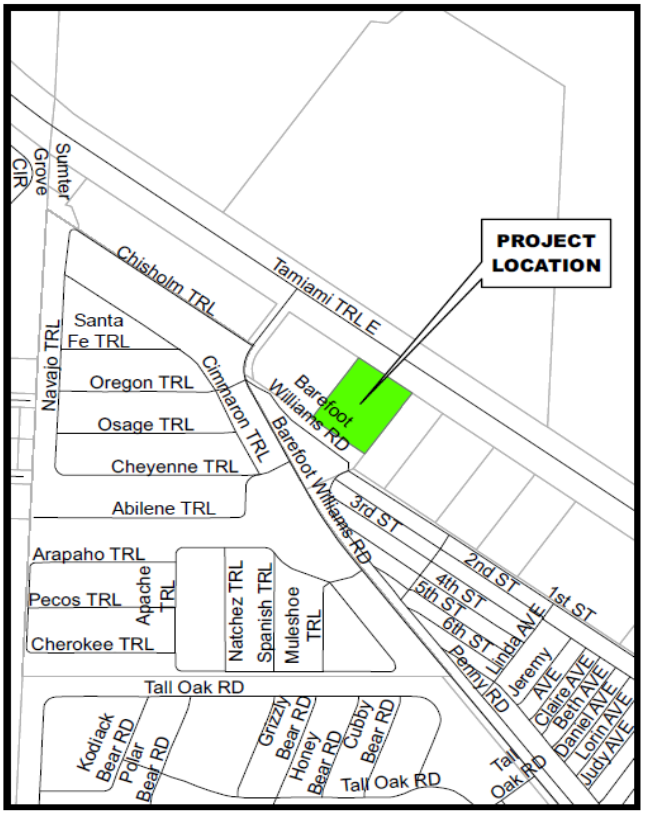
Clay C. Brooker, Esq.
Cheffy Passidomo, P.A.
821 Fifth Avenue South
Naples, FL 34102

REQUESTED ACTION:

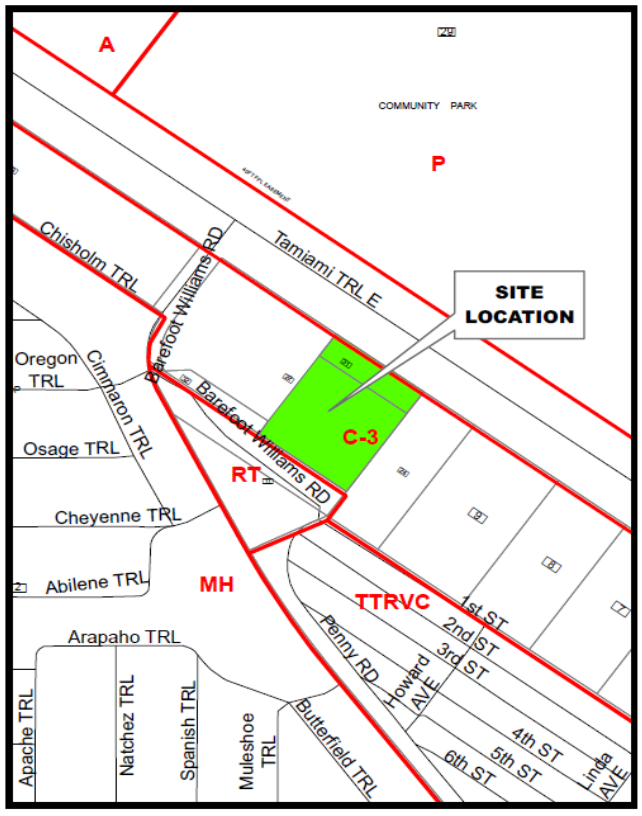
The applicant is requesting that the Collier County Planning Commission (CCPC) consider an application to amend Ordinance Number 2004-41, as amended, the Collier County Land Development Code, which established the comprehensive zoning regulations for the unincorporated area of Collier County, Florida, by amending the appropriate zoning atlas map or maps by changing the zoning classification of the herein described real property from an Intermediate Commercial (C-3) Zoning District to a General Commercial (C-4) Zoning District limited to 11,000 square feet of gross floor area of commercial uses of which 5,000 square feet of gross floor area may be carwash, with conditions; providing partial repeal of Ordinance No. 00-81 and Resolution No. 12-253.

GEOGRAPHIC LOCATION:

The subject property is located on the south side of Tamiami Trail East, approximately 350 feet east of the intersection of Tamiami Trail and Barefoot Williams Road, in Section 33, Township 50 South, Range 26, East, Collier County, Florida, consisting of 1.92+/- acres. *(see location map).*



Location Map



Zoning Map

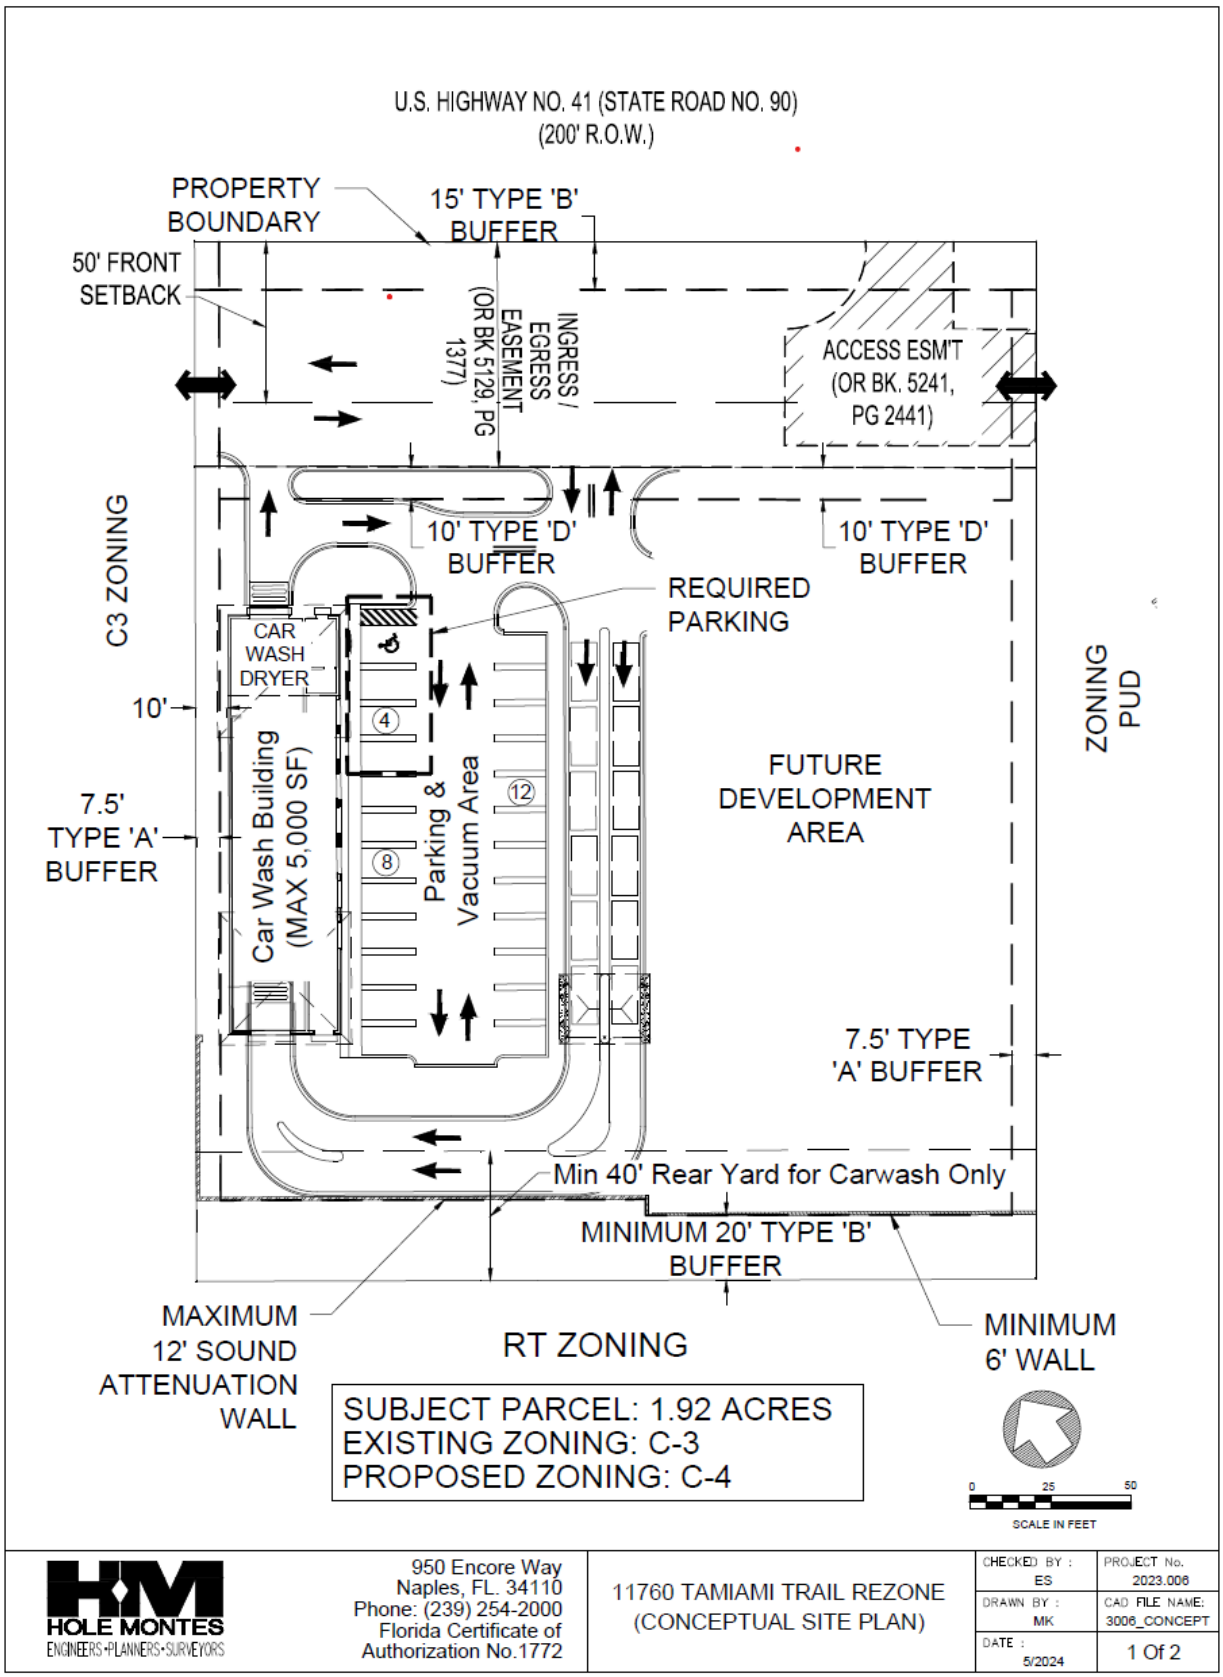
Petition Number: PL20220005137

PURPOSE/DESCRIPTION OF PROJECT:

This is a request to rezone the subject property from the Commercial Intermediate (C-3) Zoning District to the General Commercial (C-4) Zoning District. The request to rezone to the C-4 Zoning District Use is limited to a single use: a car wash facility. The rezone will also allow the full range of C-3 uses (as current C-3 zoning allows). A companion SSGMPA has also been submitted to permit the desired uses and to establish the maximum allowed intensity (square feet). This rezone request includes conditions of approval (Exhibit A), which impose a number of restrictions and design requirements related to the car wash and to eating and drinking establishments with drive-through facilities in an attempt to address the staff recommended (but as of yet not adopted) US 41 East Zoning Overlay District LDC amendments.

The subject site was rezoned in 2000 from a Residential Tourist (RT) Zoning District to a Commercial Intermediate (C-3) Zoning District by Ordinance No. 2000-81 with a Conceptual Site Plan. Resolution 12-253 was approved on December 11, 2012, allowing four buildings on four different parcels of up to 15,000 s.f. each of gross floor area in the principal structures for food stores, food services, personal services, and video rentals, and retail uses; however, this resolution has expired. Currently, the western portion of this site plan has been developed into a RaceTrac gas station with a convenience store. The eastern portion of this subject property is vacant.

The Future Land Use Map Designation is Urban Coastal Fringe Subdistrict. This location is within the boundaries of the East Naples Community Development Plan (ENCDP) and the proposed US 41 East Zoning Overlay (US 41 EZO).



Petitioner's Conceptual Site Plan included as Exhibit B in the Draft Ordinance (Attachment A)

SURROUNDING LAND USE AND ZONING:

North: Tamiami Trail East, a six-lane arterial roadway, and then developed with Donna Fiala Eagle Lakes Community Park with a current zoning designation of Public Use (P) District

South: Developed with the Hitching Post Mobile Home Park recreation center with a current zoning designation of Residential Tourist (RT) District

East: Developed with the WAVV Radio FM 101 facility with a current zoning designation of The Home Depot – SE Naples CPUD that is approved for 140,000 s.f. of commercial area

West: Developed with a Racetrac gas station with convenience store with a current zoning designation of Commercial Intermediate (C-3) District

Source: Hole Montes, Inc., a Bowman Company

GROWTH MANAGEMENT PLAN (GMP) CONSISTENCY:

Future Land Use Element (FLUE): Comprehensive Planning staff has reviewed the proposed rezoning petition and has found it not consistent with the Future Land Use Element (FLUE) of the Growth Management Plan (GMP). See GMP amendment Staff Report for detailed analysis. This rezoning may only be deemed consistent with the FLUE if the companion GMPA (PL20220005822) is approved and goes into effect and the uses and intensities in this rezoning align with those in the GMPA.

Transportation Element: In evaluating this project, staff reviewed the applicant's June 16, 2023, Traffic Impact Statement for consistency with Policy 5.1 of the Transportation Element of the Growth Management Plan (GMP) using the 2022 and 2023 Annual Update and Inventory Reports (AUIR).

Policy 5.1 of the Transportation Element of the GMP states;

> *"The County Commission shall review all rezone petitions, SRA designation applications, conditional use petitions, and proposed amendments to the Future Land Use Element (FLUE) affecting the overall countywide density or intensity of permissible development, with consideration of their impact on the overall County transportation system, and shall not approve any petition or application that would directly access a deficient roadway segment as identified in the current AUIR or if it impacts an adjacent roadway segment that is deficient as identified in the current AUIR, or which significantly impacts a roadway segment or adjacent roadway segment that is currently operating and/or is projected to operate below an adopted Level of Service Standard within the five year AUIR planning period, unless specific mitigating stipulations are also approved. A petition or application has significant impacts if the traffic impact statement reveals that any of the following occur:*
>
> *a. For links (roadway segments) directly accessed by the project where project traffic is equal to or exceeds 2% of the adopted LOS standard service volume;*
> *b. For links adjacent to links directly accessed by the project where project traffic is equal to or exceeds 2% of the adopted LOS standard service volume; and*
> *c. For all other links the project traffic is considered to be significant up to the point where it is equal to or exceeds 3% of the adopted LOS standard service volume.*
>
> *Mitigating stipulations shall be based upon a mitigation plan prepared by the applicant and submitted as part of the traffic impact statement that addresses the project's significant impacts on all roadways."*

Staff finding: According to the TIS provided with this petition, the proposed development will generate a projected total of +/- 127 PM peak hour 2-way trips on the adjacent roadway segments of Tamiami Trail East (US-41). The trips generated by this development will occur on the following adjacent roadway link:

Link/Roadway	Link	Current Peak Hour Peak Direction Volume/Peak Direction	Projected P.M. Peak Hour/Peak Direction Project Trips (1)	2022 AUIR LOS/ Remaining Capacity	2023 AUIR LOS/ Remaining Capacity
93.0/Tamiami Trail East (US-41)	Rattlesnake Hammock Rd to Triangle Blvd	3,000/East	29/East	D/ 280 (2)	D/ 307 (2)

- (1) Source for P.M. Peak Hour/Peak Direction Project Traffic is from the June 16, 2023 Traffic Impact Statement provided by the petitioner.
- (2) Expected Deficiency due to Trip Bank not caused by this proposed development (see State Statute 163.3180). Additionally, this development is located in the recently expanded Traffic Congestion Exception Area (TCEA).

Provisions of Florida Statute 163.3180

- Must allow an applicant to enter into a binding agreement to pay or construct their proportionate fair share.
- Facilities determined to be deficient with existing, committed, and vested trips plus projected background traffic from any source other than the development shall be removed from the proportionate share calculation.
- The improvement necessary to correct this type of deficiency is the funding responsibility of the maintaining entity.
- Applicant must receive a credit for the anticipated road impact fees.
- The expected and existing deficiencies are not caused by this proposed development.

Based on the TIS, the 2022 and 2023 AUIR, State Statute 163.3180, and the TCEA provisions of the GMP, the subject rezone can be found consistent with Policy 5.1 of the Transportation Element of the Growth Management Plan. The Traffic Impact Statement (TIS) indicates that the adjacent roadway network has sufficient capacity to accommodate this project within the 5-year planning period.

Conservation and Coastal Management Element (CCME): Environmental staff evaluated the petition. The property is 1.92 acres, and the project is consistent with the CCME's goals, objectives, and policies.

GMP Conclusion: The proposed PUD is inconsistent with the GMP unless the Board approves the companion GMPA first or concurrent with the PUD and the uses and intensities align.

STAFF ANALYSIS:

Staff has completed a comprehensive evaluation of this land use petition, including the criteria upon which a recommendation must be based, specifically noted in LDC Section 10.02.08.F, *Nature of Requirements of Planning Commission Report* (referred to as "Rezone Findings"), which establish the legal bases to support the CCPC's recommendation. The CCPC uses these same criteria as the basis for their recommendation to the BCC, who in turn use the criteria to

support their action on the rezoning request. This evaluation is completed as part of the Zoning and Land Development Review provided below.

Drainage: The proposed zoning amendment request is not anticipated to create drainage problems in the area. Stormwater best management practices, treatment, and storage will be addressed through the environmental resource permitting process with the South Florida Water Management District. County staff will also evaluate the project's stormwater management system, calculations, and design criteria at the time of site development plan (SDP) and/or platting (PPL).

Environmental Review: Environmental Planning staff has reviewed this petition. The property has been historically maintained and cleared of native vegetation. Therefore, the Master Plan does not show a preserve since no minimum preservation is required. No listed animal species were observed on the property.

Transportation Review: The Transportation Planning staff has reviewed the petition for compliance with the GMP and the LDC. Transportation Planning Staff recommends approval of the proposed 11760 Tamiami Trail East Rezone request.

Landscape Review: The North and South buffers proposed by the applicant exceed current code minimum standards. The LDC required buffer along the North boundary is a 15' Type D. Type D buffers require trees spaced 30' on center with a double row hedge 2' high at the time of installation. The applicant is proposing a 15' Type B buffer along the North boundary. Trees in Type B buffers are 25' on center, and the hedge is 5' high at the time of installation. The code minimum required buffer along the South is a 15' Type B. The applicant is proposing to increase this width by 5'. The remaining buffers are consistent with code minimum standards.

Utility Review: The project lies within the regional potable water service area and the South wastewater service area of the Collier County Water-Sewer District (CCWSD). Water and wastewater services are available via existing infrastructure within the adjacent right-of-way, and sufficient water and wastewater treatment capacities are available.

Any improvements to the CCWSD's water or wastewater systems necessary to provide sufficient capacity to serve the project will be the responsibility of the owner/developer and will be conveyed to the CCWSD at no cost to the County at the time of utility acceptance.

Zoning Review: The land use pattern in the local area contains a mix of mobile homes, travel trailers, commercial uses, and a park. The current zoning of C-3 is consistent with the established zoning pattern for the area. The proposed rezoning to C-4 to allow for a car wash self-storage facility is inconsistent with the zoning to the south. The car wash may be deemed consistent with the property to the west as this is a RaceTrac gas station with a convenience store. However, this property is located in the pending US41 East Corridor Zoning Overlay, and the East Naples Community Development Plan (ENCDP) does not allow the car wash use as this was deemed an undesirable use. Staff is concerned about the high proportion of car washes within a one-mile radius of the subject property. During community outreach meeting of the ENCDP, the community endorsed a vision for the area to promote less intensive commercial uses and residential. However, the proposed *draft* US 41 East zoning overlay provides criteria for the development of car washes

and other identified undesirable uses in the ENCDP, including locational separation of a quarter mile from a like use, enhanced buffering, and increased setbacks.
The conditions of approval included as Exhibit A in the Draft Ordinance (Attachment A) provide that a sound attenuation wall that shall be provided along the southern property line separating the car wash facility from the Hitching Post mobile home park with a minimum height of 2 feet higher than the entrance to the car wash tunnel, but not to exceed 12 feet in height and provide 25 feet from the rear property line along the entire width of the car wash facility, including the drive aisles that serve the car wash. The car wash shall have a minimum side yard setback of 10 feet when adjacent to commercially zoned property. The carwash building shall not exceed 5,000 s.f. The vacuuming facilities may be located outside the building but may not be in any required yard area and shall not be located forward of the primary façade of the car washing facility. Vehicular stacking lanes and drive through lanes shall not be located closer to the US 41 right-of-way than the principal building. Furthermore, the petition also proposes an eating establishment to the east of the car wash with a maximum of 6,000 square feet of gross floor area in the principal structure. Vehicular stacking lanes and drive through lanes shall not be located closer to the US 41 right-of-way than the principal building. The building height for both the car wash and eating establishment will be 35 feet zoned and 42 feet actual. Parking lots, vehicular use areas, and service functions areas shall be located to the sides or rear of buildings, no closer to US 41 than the principal building except that a maximum of one double loaded drive aisle of parking is permitted in the front yard. All these conditions are consistent with the proposed *draft* US 41 East zoning overlay.

The subject site is currently zoned C-3 and is located within the Urban Coastal Fringe Subdistrict of the Future Land Use Element of Collier County. The site was cleared prior to 2014, when the property was under different ownership, including an access easement benefitting the adjacent RaceTrac gas station facility to the west, and is otherwise undeveloped. The property is also subject to a companion SSGMPA application.

The proposed rezone seeks to change the zoning designation of the subject property from the C-3 zoning district to the C-4 zoning district to permit a car wash facility to be developed on a portion of the site and to permit the full range of C-3 uses on the remaining portion of the site. To the west of the subject property is an existing RaceTrac gas station facility with an existing access driveway across the subject site, connecting the two properties. The RaceTrac property is located directly at the corner of Barefoot Williams Road and Tamiami Trail E. and provides direct access to the traffic light at that intersection. Adjacent to the east of the subject site is an existing office facility that Home Depot has recently purchased. This adjacent lot to the east is one of multiple consecutive lots assembled by Home Depot, which was approved via Ordinance 2024-08 on March 26, 2024. As a result of the Home Depot – SE Naples CPUD approval, the subject project became eligible for the FLUE text-based Office and Infill Commercial (OIC) Subdistrict provision. The OIC Subdistrict would allow the subject property to rezone from its current Commercial Intermediate District (C-3) to the highest intensity commercial zoning district of the abutting site (CPUD). The Home Depot Commercial Subdistrict allows uses consistent with the Heavy Commercial District (C-5) and the C-3 zoning district. The proposed car wash use is an allowed use within the General Commercial District (C-4) of the LDC. Accordingly, the subject site would be eligible to develop with C-3, C-4, and C-5 commercial uses without the need for a GMP amendment. Moreover, the site can be potentially rezoned to C-5 (utilizing the Office and

Infill Commercial Subdistrict provision of the FLUE) to allow more intensive land uses than the proposed limited car wash use allowed in the C-4 zoning district.

Rezone Findings: *LDC Subsection 10.02.08.F. states*, "When pertaining to the rezoning of land, the report and recommendations to the planning commission to the Board of County Commissioners…shall show that the planning commission has studied and considered proposed change in relation to the following when applicable" *(Staff's responses to these criteria are provided in non-bold font):*

1. ***Whether the proposed change will be consistent with the goals, objectives, & policies of the Future Land Use Map and the elements of the Growth Management Plan.***

   As a result of the Home Depot – SE Naples CPUD approval, the subject project became eligible for the FLUE text-based Office and Infill Commercial (OIC) Subdistrict provision. The OIC Subdistrict would allow the subject property to rezone from its current Commercial Intermediate District (C-3) to the highest intensity commercial zoning district of the abutting site (CPUD). The Home Depot Commercial Subdistrict allows uses consistent with the Heavy Commercial District (C-5) and the C-3 zoning district. The proposed car wash use is an allowed use within the General Commercial District (C-4) of the LDC. Accordingly, the subject site would be eligible to develop with C-3, C-4, and C-5 commercial uses without the need for a GMP amendment.

2. ***The existing land use pattern.***

   The proposed rezone will not affect the existing land use pattern. The subject property is located in an urbanized portion of the county near the intersection of Barefoot Williams Rd and U.S. 41/East Tamiami Trail. The existing land use patterns within this area include CPUD, C-3, P, and RT uses that are composed of a mixture of mobile homes, travel trailers, commercial uses, and recreational uses. Immediately east of the subject site is zoned CPUD, which is approved for 140,000 s.f. of commercial use for a Home Depot store.

3. ***The possible creation of an isolated district unrelated to adjacent and nearby districts.***

   The rezoning will not create an isolated district unrelated to adjacent and nearby districts. The adjacent property to the east is zoned CPUD and allows for 140,000 s.f. of commercial uses and the property to the west is zoned C-4 and is developed with a gas station with convenience store.

4. ***Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.***

   The existing district boundaries coincide with lot lines.

5. ***Whether changed or changing conditions make the passage of the proposed rezoning necessary.***

The proposed rezoning from C-3 to C-4 is not specifically necessary. However, the petitioner believes it is necessary to accommodate a carwash and a wider range of C-3 uses.

6. Whether the proposed change will adversely influence living conditions in the neighborhood.

Through the application of conditions of approval, the change resulting from the development of land as proposed in this rezoning request may be ameliorated to the extent the neighborhood is not adversely impacted. The conditions of approval included as Exhibit A in the Draft Ordinance (Attachment A) provide a sound attenuation wall that shall be provided along the southern property line separating the car wash facility from the Hitching Post mobile home park with a minimum height of 2 feet higher than the entrance to the car wash tunnel, but not to exceed 12 feet in height and provide 25 feet from the rear property line along the entire width of the car wash facility, including the drive aisles that serve the car wash. The car wash shall have a minimum side yard setback of 10 feet when adjacent to commercially zoned property. The carwash building shall not exceed 5,000 s.f. The vacuuming facilities may be located outside the building but may not be in any required yard area and shall not be located forward of the primary façade of the car washing facility. Vehicular stacking lanes and drive through lanes shall not be located close to the US 41 right-of-way than the principal building. Furthermore, the petition also proposes an eating establishment to the east of the car wash with a maximum of 6,000 square feet of gross floor area in the principal structure. Vehicular stacking lanes and drive through lanes shall not be located closer to US 41 right-of-way than the principal building.

The building height for both the car wash and eating establishment will be 35 feet zoned and 42 feet actual. Parking lots, vehicular use areas, and service functions areas shall be located to the sides or rear of buildings, no closer to US 41 than the principal building except that a maximum of one double loaded drive aisle of parking is permitted in the front yard.

7. Whether the proposed change will create or excessively increase traffic congestion or create types of traffic deemed incompatible with surrounding land uses because of peak volumes or projected types of vehicular traffic, including activity during construction phases of the development, or otherwise affect public safety.

The roadway infrastructure has adequate capacity to serve the proposed project at this time. As outlined above, is GMP consistent at the time of rezoning, as evaluated as part of the GMP Transportation Element consistency review. Operational impacts will be addressed at the time of the first development order (SDP or Plat). Additionally, the project's development must comply with all other applicable concurrency management regulations when development approvals are sought.

The roadway infrastructure has sufficient capacity to serve the proposed project, as noted in the Transportation Element consistency review. Operational impacts will be addressed at the first development order (SDP or Plat), at which time a new TIS will be required to demonstrate turning movements for all site access points. Finally, the project's development

must comply with all other applicable concurrency management regulations when development approvals, including but not limited to any plats and or site development plans, are sought.

8. Whether the proposed change will create a drainage problem.

It is not anticipated that rezoning of the property will create any stormwater related issues. Stormwater best management practices, treatment, and storage will be addressed through Environmental Resource Permitting (ERP) with the South Florida Water Management District (SFWMD). Staff will evaluate the stormwater management system and design criteria at the time of SDP or PPL.

9. Whether the proposed change will seriously reduce light and air to adjacent areas.

Development of the site will need to meet the site design standards as set forth in the LDC. The conditions of approval included in Exhibit A in the Draft Ordinance (Attachment A) are a sound attenuation wall, stricter height limits, and landscaping to protect the adjacent areas from the reduction of light or air.

10. Whether the proposed change will adversely affect property values in the adjacent area.

This is a subjective determination based upon anticipated results, which may be internal or external to the subject property. Property valuation is affected by a host of factors, including zoning; however, zoning by itself may or may not affect values since value determination is driven by market value.

11. Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accordance with existing regulations.

Staff does not anticipate the rezoning would be a deterrent to the improvement of adjacent property in accordance with existing regulations.

12. Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasting with the public welfare.

If the proposed development complies with the GMP through the proposed rezoning, then that constitutes a public policy statement supporting zoning actions when they are consistent with said Comprehensive Plan. In light of this fact, the proposed change does not constitute a grant of special privilege. Consistency with the FLUE is further determined to be a public welfare relationship because actions consistent with plans are in the public interest.

13. *Whether there are substantial reasons why the property cannot be used in accordance with existing zoning.*

There are no substantial reasons why the property cannot be used in accordance with the existing zoning. The current zoning designation of C-3 permits intermediate types of

commercial uses. The petitioner contends that the proposed rezoning presents an opportunity to viably develop the property in an area where the concentration of commercial uses is encouraged, given that the subject property is located near a gas station and has remained vacant.

14. ***Whether the change suggested is out of scale with the needs of the neighborhood or the County.***

As a result of the Home Depot – SE Naples CPUD approval, the subject project became eligible for the FLUE text-based Office and Infill Commercial (OIC) Subdistrict provision. The OIC Subdistrict would allow the subject property to rezone from its current Commercial Intermediate District (C-3) to the highest intensity commercial zoning district of the abutting site (CPUD). The Home Depot Commercial Subdistrict allows uses consistent with the Heavy Commercial District (C-5) and the C-3 zoning district. The proposed car wash use is an allowed use within the General Commercial District (C-4) of the LDC. Accordingly, the subject site would be eligible to develop with C-3, C-4, and C-5 commercial uses without the need for a GMP amendment.

15. Whether is it impossible to find other adequate sites in the County for the proposed use in districts already permitting such use.

There may be other sites in the County that could accommodate the proposed uses; however, this is not the determining factor when evaluating the appropriateness of a zoning decision. The petition was reviewed on its own merit for compliance with the GMP and the LDC, and staff does not specifically review other sites in conjunction with a specific petition.

16. The physical characteristics of the property and the degree of site alteration, which would be required to make the property usable for any of the range of potential uses under the proposed zoning classification.

Any future development anticipated by the rezoning would require site alteration. This project will undergo evaluation relative to federal, state, and local development regulations during the SDP and/or platting processes and again later as part of the building permit process.

17. The impact of development on the availability of adequate public facilities and services consistent with the levels of service adopted in the Collier County Growth Management Plan and as defined and implemented through the Collier County Adequate Public Facilities Ordinance, as amended.

The development will have to meet all applicable criteria set forth in the LDC regarding Adequate Public Facilities. The project must also be consistent with all applicable goals and objectives of the GMP regarding adequate public facilities. This petition has been reviewed by county staff responsible for jurisdictional elements of the GMP as part of the rezoning process, and staff has concluded that the developer has provided appropriate commitments so that the impacts to the Level of Service (LOS) will be minimized. Moreover, a water main is available along Tamiami Trail East, and a wastewater main is available along Tamiami Trail

East. There are adequate water and wastewater treatment capacities to serve the project. Any improvements to the CCWSD's water or wastewater systems necessary to provide sufficient capacity to serve the project will be the responsibility of the owner/developer and will be conveyed to the CCWSD at no cost to the County at the time of utility acceptance.

18. Such other factors, standards, or criteria that the Board of County Commissioners shall deem important in protecting public health, safety, and welfare.

To be determined by the BCC during its advertised public hearing.

JULY 24, 2023 NEIGHBORHOOD INFORMATION MEETING (NIM):

The petitioner conducted a NIM on July 24, 2023, at Rookery Bay National Estuarine Research Preserve, 300 Tower Road, Naples, FL 34113. The meeting commenced at approximately 5:30 p.m. and ended at 5:42 p.m. One participant attended in person, and two ZOOM participants attended. The agent Ellen Summers gave an introduction of the consultant team and then gave a PowerPoint described the proposed rezoning to convert the property from C-3 to C-4 with conditions to allow for a car wash and full range of C-3 permitted uses. An attendee asked about the remaining use on the other half of the property. The agent responded that she did not know at this time. No commitments were made. A copy of the NIM Summary, sign-in sheet, and NIM PowerPoint presentation are included in Attachment B.

OCTOBER 2, 2024 NEIGHBORHOOD INFORMATION MEETING (NIM):

Because the petition exceeded the first anniversary of the first NIM, the second NIM was scheduled. The petitioner conducted a NIM on October 2, 2024, at Rookery Bay National Estuarine Research Preserve, 300 Tower Road, Naples, FL 34113. The meeting commenced at approximately 5:30 p.m. and ended at 5:43 p.m. There were two members of the public present. The applicant's agent, Ellen Summers, AICP, explained the request for the proposed rezone and the companion small scale Growth Management Plan amendment. The attendees did not ask any questions. No commitments were made. A copy of the NIM Summary, sign-in sheet, and NIM PowerPoint presentation are included in Attachment B.

ENVIRONMENTAL ADVISORY COUNCIL (EAC):

This project does not require an Environmental Advisory Council (EAC) review, as this project did not meet the EAC scope of land development project reviews as identified in Section 2-1193 of the Collier County Codes of Laws and Ordinances.

COUNTY ATTORNEY OFFICE REVIEW:

This Staff Report was reviewed by the County Attorney's office on October 14, 2024.

RECOMMENDATION:

Staff recommends that the Collier County Planning Commission (CCPC) forward Petition RZ-PL20220005137 – 11760 Tamiami Trail East to the Board of County Commissioners (BCC) with a recommendation of approval.

ORDINANCE NO. 2025-_____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA AMENDING ORDINANCE NO. 2004-41, AS AMENDED, THE COLLIER COUNTY LAND DEVELOPMENT CODE, WHICH ESTABLISHED THE COMPREHENSIVE ZONING REGULATIONS FOR THE UNINCORPORATED AREA OF COLLIER COUNTY, FLORIDA BY AMENDING THE APPROPRIATE ZONING ATLAS MAP OR MAPS BY CHANGING THE ZONING CLASSIFICATION OF THE HEREIN DESCRIBED REAL PROPERTY FROM AN INTERMEDIATE COMMERCIAL DISTRICT (C-3) ZONING DISTRICT TO A GENERAL COMMERCIAL DISTRICT (C-4) ZONING DISTRICT LIMITED TO 11,000 SQUARE FEET OF GROSS FLOOR AREA OF COMMERCIAL USES OF WHICH 5,000 SQUARE FEET OF GROSS FLOOR AREA MAY BE CARWASH, WITH CONDITIONS; PROVIDING FOR PARTIAL REPEAL OF ORDINANCE NO. 00-81 AND RESOLUTION NO. 12-253. THE SUBJECT PROPERTY IS LOCATED ON THE SOUTH SIDE OF TAMIAMI TRAIL EAST 350 FEET EAST OF THE INTERSECTION OF TAMIAMI TRAIL AND BAREFOOT WILLIAMS ROAD IN SECTION 33, TOWNSHIP 50 SOUTH, RANGE 26 EAST, CONSISTING OF 1.92± ACRES; AND BY PROVIDING AN EFFECTIVE DATE. [PL20220005137]

WHEREAS, Robert J. Mulhere, FAICP and Ellen Summers, AICP of Bowman Consulting, and Clay C. Brooker, Esq. of Cheffy Passidomo, P.A. representing 11760 Property, LLC petitioned the Board of County Commissioners to change the zoning classification of the herein described real property.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

SECTION ONE:

The zoning classification of the herein described real property more particularly described in Exhibit A, located in Section 33, Township 50 South, Range 26 East, Collier County, Florida, is changed from the Intermediate Commercial District (C-3) Zoning District to the General Commercial District (C-4) Zoning District for a 1.9+/- acre project to be known as 11760 Tamiami Trail East Rezone, subject to the conditions shown in Exhibit B. Exhibits A

through D are attached hereto and incorporated herein by reference. The appropriate zoning atlas map or maps, as described in Ordinance Number 2004-41, as amended, the Collier County Land Development Code, is/are hereby amended accordingly.

SECTION TWO:

Ordinance No. 00-81, a rezone to C-3, and Resolution No. 12-253, a conditional use for "Mac Business Plaza," are hereby repealed as to the property described in this Ordinance.

SECTION THREE:

This Ordinance shall become effective upon filing with the Department of State and on the date that the Growth Management Plan Amendment in Ordinance No. 2025-_____ becomes effective.

PASSED AND DULY ADOPTED by super-majority vote of the Board of County Commissioners of Collier County, Florida, this _____ day of _____, 2025.

Legal Description
11760 Car Wash Rezone (PL 20220005137)

COMMENCE AT THE WEST 1/4 CORNER OF SECTION 33, TOWNSHIP 50 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA, PROCEED NORTHERLY ALONG THE SECTION LINE BETWEEN SAID SECTION 33 AND SECTION 32, TOWNSHIP 50 SOUTH, RANGE 26 EAST, NORTH 02° 49' 48" EAST, 884.91 FEET TO A POINT ON THE SOUTH RIGHT-OF-WAY LINE OF U.S. 41; THENCE, SOUTHEASTERLY ALONG SAID RIGHT-OF-WAY LINE, 44.24 FEET ALONG THE ARC OF A CURVE CONCAVE TO THE NORTHEAST, HAVING A RADIUS OF 3,210.55 FEET, CENTRAL ANGLE OF 0° 47' 22", AND A CHORD DISTANCE OF 44.23 FEET, BEARING SOUTH 54° 01' 20" EAST TO A POINT OF TANGENCY; THENCE SOUTH 54º 25' 01" EAST ALONG SAID RIGHT-OF-WAY LINE, 1,124.37 FEET TO THE POINT OF BEGINNING OF THE HEREIN DESCRIBED PARCEL; THENCE CONTINUE SOUTH 54° 25' 01" EAST, 600 FEET ALONG SAID RIGHT-OF-WAY LINE; THENCE SOUTH 35° 34' 59" WEST, 321.16 FEET; THENCE NORTH 54° 25' 01" WEST, 541.69 FEET TO A POINT ON THE EAST RIGHT-OF-WAY LINE OF BAREFOOT WILLIAMS ROAD; THENCE NORTHERLY ALONG SAID RIGHT-OF-WAY LINE, 132.69 FEET ALONG THE ARC OF A CURVE CONCAVE TO THE EAST, HAVING A RADIUS OF 140.00 FEET, A CENTRAL ANGLE OF 54° 18' 18", AND A CHORD DISTANCE OF 127.78 FEET, BEARING NORTH 08° 25' 50" EAST TO A POINT OF TANGENCY; THENCE NORTH 35° 34' 59" EAST, 207.46 FEET TO THE POINT OF BEGINNING.

LESS AND EXCEPT THEREFROM THE LAND CONVEYED TO RACETRAC PETROLEUM, INC., A GEORGIA CORPORATION, BY GENERAL WARRANTY DEED RECORDED IN OFFICIAL RECORDS BOOK 5871, PAGE 1617, OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA, BEING FURTHER DESCRIBED AS FOLLOWS:

COMMENCE AT THE WEST ¼ CORNER OF SECTION 33, TOWNSHIP 50 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA; THENCE NORTH 02° 49' 48" EAST, ALONG THE WEST LINE OF SAID SECTION 33, FOR A DISTANCE OF 884.91 FEET TO A POINT ON THE SOUTH RIGHT-OF-WAY LINE OF U.S. 41, BEING A POINT ON A NON-TANGENT CURVE TO THE LEFT, HAVING A RADIUS OF 3,210.55 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID RIGHT-OF-WAY, FOR 44.24 FEET, HAVING A CENTRAL ANGLE OF 0° 47' 22", A CHORD BEARING OF SOUTH 54° 01' 20" EAST, AND A CHORD OF 44.23 FEET TO A POINT OF TANGENCY; THENCE SOUTH 54° 25' 01" EAST ALONG SAID RIGHT-OF-WAY LINE, FOR A DISTANCE OF 1,124.37 FEET TO THE POINT OF BEGINNING OF THE HEREIN DESCRIBED PARCEL; THENCE CONTINUE SOUTH 54° 25' 01" EAST ALONG SAID RIGHT-OF-WAY LINE, FOR A DISTANCE OF 340.00 FEET; THENCE SOUTH 35° 34' 59" WEST, FOR A DISTANCE OF 321.16 FEET; THENCE NORTH 54° 25' 01" WEST, FOR A DISTANCE OF 281.69 FEET TO A POINT ON THE EAST RIGHT-OF-WAY LINE OF BAREFOOT WILLIAMS ROAD, AND THE BEGINNING OF A NON-TANGENT CURVE TO THE RIGHT, HAVING A RADIUS OF 140.00 FEET; THENCE ALONG SAID RIGHT-OF-WAY AND SAID CURVE TO THE RIGHT, THROUGH A CENTRAL ANGLE OF 54° 18' 16", A CHORD BEARING OF NORTH 08° 25' 50" EAST, A CHORD LENGTH OF 127.78 FEET, AND AN ARC LENGTH OF 132.69 FEET; THENCE NORTH 35° 34' 59" EAST ALONG SAID EAST RIGHT-OF-WAY, FOR A DISTANCE OF 207.46 FEET TO THE POINT OF BEGINNING.

Exhibit B - Conditions of Approval
11760 Tamiami Trail E Rezone
PL-20220005137

1. The following uses are hereby authorized as permitted by right:
    a. All permitted uses in the C-3 commercial intermediate zoning district; and
    b. Carwashes (Group 7542).
2. Development is limited to a maximum intensity of 11,000 square feet of gross floor area, of which a carwash shall not exceed 5,000 square feet.
3. Carwashes (Group 7542) shall adhere to the requirements of the LDC, except as specified below:
    a. The minimum side yard setback shall be 10 feet when adjacent to a commercially zoned property.
    b. The carwash building shall not exceed 5,000 square feet.
    c. Vacuuming facilities may be located outside the building but may not be located in any required yard area and shall not be located forward of the primary façade of the car washing facility.
    d. Vehicular stacking lanes and drive through lanes shall not be located closer to the US 41 right-of-way than the principal building.
    e. A sound attenuation wall shall be: a) a minimum height of 2 feet higher than the entrance to the car wash tunnel, but not exceed 12 feet in height above grade; and b) be provided twenty-five (25) feet from the rear property line along the entire width of the car wash facility, including the drive aisles that serve the car wash. The location of the wall is labeled as “Maximum 12’ Sound Attenuation Wall" on the Conceptual Site Plan.
4. The following standards apply to establishments with drive-through facilities (Group 5812 Eating Places and 5813 Drinking Places):
    a. A maximum of 6,000 square feet of gross floor area in the principal structure.
    b. In addition to satisfying design standards of section 5.05.08 F.6., vehicular stacking lanes and drive through lanes shall not be located closer to the US 41 right-of-way than the principal building.
5. No building or structure shall exceed a zoned building height of thirty-five (35) feet, and an actual height of forty-two (42) feet, except as otherwise identified herein.
6. Parking lots, vehicular use areas, and service functions areas shall be located to the sides or rear of buildings, no closer to US 41 than the principal building except that a maximum of one double loaded drive aisle of parking is permitted in the front yard.
7. Landscaping for parking lots, vehicular use areas, and service function areas shall be designed in accordance with LDC section 4.06.03, except that interior parking lot plantings shall be a maximum of 25 percent turf grass. The balance shall be shrubs or groundcover in planting areas appropriate to the design.
8. Landscape buffers shall be designed in accordance with LDC section 4.06.00, except for the following:

a. The 15-foot-wide Type 'B' front yard landscape buffer easement (LBE) shall be enhanced by:
    i. Planting canopy shade trees (understory trees and palm trees may not be substituted for canopy trees) spaced 25 feet on center with trees having a minimum average mature canopy spread of 20 feet and an eight-foot vertical clearance for pedestrians, if applicable, as determined by County Manager of designee.
    ii. Planting only native vegetation, grass, ground cover, or other landscape treatment in accordance with LDC section 4.06.00.
b. The 20-foot-wide Type 'B' rear yard LBE shall be enhanced with a minimum of five canopy trees (understory and palm trees may not be substituted for canopy trees) per 100 linear feet.

9. The maximum total daily trip generation for the Rezone shall not exceed 127 two-way PM peak hour net trips based on the use codes in the ITE Manual on trip generation rates in effect at the time of application for SDP/SDPA or subdivision plat approval.
10. Vehicular and Pedestrian interconnection to the property to the east will be provided, by the Owner, its successors or assigns, as shown on the Conceptual Site Plan. The Owner, its successors or assigns, will provide an access easement over a portion of the property to the property owner to the east, or an access easement to the public for public use without responsibility of maintenance by Collier County, at time of the first Site Development Plan or Plat. The connection and supporting infrastructure will be constructed to the property line by the Owner, its successors or assigns, of the rezone property prior to the first Certificate of Occupancy. The interconnections shall remain open to the public. At the time of this rezone, private access easements to the west are recorded in Official Records Book 5241 Page 2441 et. seq. and Official Records Book 5129 Page 1366 et. seq.
11. All other applicable state or federal permits must be obtained before commencement of the development.
12. Pursuant to Section 125 022(5) F.S., issuance of a development permit by a county does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the county for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

Meeting Notes

As of 10/16/2017 all Zoning applications have revised applications, and your associated Application is included in your notes; additionally a *new Property Ownership Disclosure Form is required for all applications. A copy of this new form is included in your pre-app Note – link is https://www.colliercountyfl.gov/Home/ShowDocument?id=75093

Zoning
Im Finn

- Submit a separate sheet that provides a response to each of the 18 rezone criteria under LDC Section 10.02.08.F
- On conceptual site plan, adhere to LDC Section 5.05.11 and under the Administrative Code, Chapter 3, Section H, part 9
- Clarify the exact C-4 uses you would like approved with this rezone petition.

STORMWATER - RICHARD ORTH - PLEASE CONTACT WITH QUESTIONS
CONTACT INFO ON PAGE 5

If Site is within the City of Naples Water Service Area please send to Naples Utilities and Planning Departments. Then, if the petition is submitted, we are to send it (by email) to the four persons below in their Utilities and Planning Depts. - along with a request that they send us a letter or email of "no objection" to the petition. Bob Middleton RMiddleton@naplesgov.com Allyson Holland AMHolland@naplesgov.com Robin Singer RSinger@naplesgov.com Erica Martin emartin@naplesgov.com

Subject: Pre-application Meeting Notes for 11760 Tamiami Trail East (GMPA and Rezone)
Attachments: GMPA Pre-App Std Comments_11-19-19 (003).pdf

Thomas,

Please include the following information in the Pre-Application Meeting notes for 11760 Tamiami Trail East (GMPA and Rezone).

Requested information from the applicant:

1) Link to the East Naples Community Development Plan (ENCDP)
   – https://www.colliercountyfl.gov/government/growth-management/divisions/planning-and-zoning-division/comprehensive-planning-section/east-naples-community-development-plan
2) Upcoming Public Outreach Meetings for the US 41 East Zoning Overlay (US 41 EZO)
   a. October 26, 2022 – Communitywide meeting to review the draft zoning overlay (South Regional Library @ 6:00 p.m.)
   b. November 30, 2022 – Communitywide meeting to review the final draft zoning overlay (South Regional Library @ 6:00 p.m.)

Growth Management Plan Amendment (GMPA):

1) Refer to the attached "GMPA Pre-App Std. Comments" document for GMPA submittal requirements.
2) Provide complete GMPA application
   – https://www.colliercountyfl.gov/government/growth-management/divisions/planning-and-zoning-division/planning-and-zoning-applications
3) Provide a narrative to address Chapter 163.3177 (1)(f), FS, related to "community goals and vision" for the US 41 East Trail corridor, based on the Board accepted ENCDP.

Rezone Petition:

1) Address Future Land Use Element Policy 5.6
2) Address Future Land Use Element Objective 7 and related Policies (7.1 – 7.7), as applicable

Respectfully,

Michele R. Mosca, AICP
Principal Planner

GMP Amendment Pre-application Meeting Standard Comments

The Comprehensive Planning Section schedules all GMP amendment pre-application meetings, which are mandatory, and coordinates the review of all amendment petitions received.

Per the Fee Schedule adopted by Resolution 2019-96, **the non-refundable pre-application meeting fee is $500.00**; it is credited towards the petition fee – if the petition is submitted within nine months. The **petition fee** is $16,700.00 for a large-scale petition ($9,000.00 for a small-scale petition), which is non-refundable, ***plus* a proportionate share of the legal advertising costs**. For small-scale petitions, there are only two hearings – one each before the Collier County Planning Commission (CCPC) and Board of County Commissioners (BCC. For large-scale amendment petitions, a total of four public hearings are held - Transmittal hearing before CCPC and BCC, and Adoption hearing before CCPC and BCC. The estimated legal advertising costs will be provided to each petitioner and payment will be required prior to advertising for any hearings; any refund due the petitioner after hearings are held will be provided at that time.

In addition to the petition fee and legal ad costs noted above, payment must also be made for a Traffic Impact Study Review Fee. This fee should be submitted directly to the Transportation Planning Section. Please see their website at: http://www.colliergov.net/Index.aspx?page=566 and/or contact that Section for more details.

A small-scale amendment is limited to a parcel ~~<10~~ 50 acres in size and is limited to a map amendment only or map amendment with directly related text; further, the map amendment cannot result in a conflict between the map and text – there can be no internal inconsistency in the GMP.

For the most part, there is no guidance/criteria/standards provided in the GMP itself by which to review amendments for consistency; one exception is for significant impacts upon public facilities as provided for in Policy 1.1.2 of the CIE. However, Chapter 163, Florida Statutes, does provide guidance. *Note particularly the requirement to provide appropriate data and analysis to demonstrate the amendment is needed*. Generally, staff reviews for, and an applicant should adequately address in the submittal:

- Appropriateness of uses/compatibility with surrounding area.
- Impact upon surrounding properties – will it make them less developable under their present FLUM designation? Will it create a domino effect leading to future designation changes on the surrounding properties?
- *Need for the designation change – data and analysis*, e.g. market demand study for commercial uses, to demonstrate the change is warranted, that more inventory of the requested uses is needed. Too often, the data only demonstrates the petition site is *viable* for the proposed uses ("build it & they will come") rather than demonstrate there is a *need* for a new or expanded GMP provision to provide for the proposed uses, and that the need is at the subject location. The data should be specific to the proposed land uses, proposed trade service area, persons per household in subject area, etc. as applicable. It is recognized there is more than one acceptable methodology, e.g. radial distance from site (ULI standards for neighborhood/community/regional commercial centers), drive time, etc. Regardless of methodology, the raw data needs to be submitted to allow staff to review it for completeness and accuracy (sometimes parcels are omitted, double counted, included when shouldn't be, etc.). Also, as with all submitted documents, maps of trade service area need to be legible and include adequate identification features, e.g. major roads, Section-Township-Range.
- LOSS (level of service standards) impacts upon public facilities – roads, potable water, sanitary sewer, drainage, solid waste, parks & recreation facilities, etc.
- Within the above is consideration of site-specific impacts, e.g. impact upon wetlands and listed species habitats on-site and nearby; and, traffic impacts (operational/safety) from the

traffic volume generated/attracted and/or the ingress/egress points - turning movements, median openings, traffic signals, etc. Included within this would be a comparison between impacts that would be expected under the existing zoning and/or FLUM designation vs. that which could be expected under the proposed amendment.

- Consistency/conformity/harmony with other Goals, Objectives, Policies (GOPs) and provisions in the Element being amended and any other Element of the GMP relevant to the petition, as well as any other applicable regulations (e.g. Manatee Protection Plan, specific LDC provisions).
- Furtherance of existing GOPs relevant to the petition.
- Furtherance of any other plans or designations that is applicable or relevant to the petition (e.g. a redevelopment plan, Area of Critical State Concern, Rural Area of Critical Economic Concern).
- Energy efficiency and conservation, as required in HB 697 (2008).

Market Study Info for Commercial Requests

It is the responsibility of every applicant to utilize and provide the best available data as a sound foundation on which to build their requested amendment.

Collier County annually produces population estimates and projections. The County also prepares regular updates to its commercial inventory – and these are available to use in market studies.

Generally, the actual need for a FLUM designation change is determined through data and analysis, e.g. market demand study for commercial uses, with results which demonstrate the change is warranted, and that additional inventory of the requested uses is needed.

Too often, the data fails to reach the desired standard, merely demonstrating the subject site is *viable* for the proposed uses ("build it & they will come) rather than demonstrating there is an actual *need* for a new or expanded GMP provision to provide for the proposed uses, and that this need is best served at this location. Data and analysis should substantiate that benefits from the proposed project will be evident Countywide – or at least throughout the market area to be served, without detriment to other existing and planned developments – and not only to the property owner.

The data should be specific to the proposed land uses, proposed trade, market or service area, persons per household in subject area, etc., as applicable.

Market demand studies should develop scenarios to explain how the subject property will compete with other 'like areas' in or near the market, service or trade, area.

Market demand studies should also gauge the amount of vacant units/square footage/leasable area within the Planning Community/Communities involved, and of 'like area' nodes in the market area, such as within each Mixed Use Activity Center (MUAC), each Estates Neighborhood Center, each Subdistrict, and so on – acknowledging the premise that vacancies and vacancy rates are valid indicators for determining need/demand/support.

A commercial market study should contain a sufficient amount of information for a substantive review, including:

1. Identification and description of the project's trade/market area:

    - Trade/market area – radial, gravity, drive-time model or other method?

        - Radial: analyses are performed by selecting and evaluating demographics that fall within a pre-defined radial distance from the business location.

- Gravity: provides an approximation of business trade area by looking spatially at the distribution of all locations, including competitors, and evaluating each location's relative attractiveness.
- Drive-time: analyses include digitized roadway systems (accounts for speed, lanes, barriers, etc.). Method is valid for convenience scenarios where patrons are expected to go to the closest or most logistically convenient location.

- Trade/market area size varies depending upon the scale of the development.

The boundary may not be spherical – adjusted on the basis of transportation network, geographic constraints, density, etc.

2. Guidelines for determining the Market Area (ULI)

Center Type	Leading Tenant	Typical GLA	General Range in GLA	Typical Minimum Site Area	Minimum Support Required	Market Size (Radius)
Neighborhood	Supermarket or Drugstore	50,000 sq. ft.	30,000 – 100,000 sq. ft.	3 acres	2,500 – 40,000 people	1 ½ miles
Community	Variety Discount or Junior Dept. Store	150,000 sq. ft.	100,000-450,000 sq. ft.	10 + acres	40,000 – 150,000 people	3-5 miles
Regional	One or more full-line Dept. stores of at least 100,000 sq. ft. of GLA	400,000 sq. ft.	300,000 – 1,000,000 or more	30-50 acres or more	150,000 or more people	8 miles

3. Trade/market data must include the following figures:
(estimates and projections are needed for most categories)

- Population
- Number of dwelling units
- Household income
- Total trade area income
- Sales per sq. ft. (method – divide total retail sales w/in county by # of sq. ft. of retail space)
- Floor Area Ratios (building to land ratios – derive from inventory)
- Retail expenditures (some studies break down figures by retail type, others by percentage from Census or other source)
- Supportable square feet
(divide projected retail expenditures by sales per sq. ft. then multiply supportable sq. ft. by vacancy rate [to obviously account for vacancies])
- Land use requirement (divide total supportable sq. ft. by 43,560 and then by FAR to determine acreage requirements)
- Supply of commercial land uses
- Compare supply to demand

4. Office demand is calculated on a per capita method (sq. ft./person) must factor in the vacancy percentage/rate.

Too often the "Market Factors"/ "Population Factors" / "Commercial Analysis" portions of a Study appear to provide only some of these figures, but in the form of broad statements and drawn conclusions, with the lack of proper data and analysis evident. Of course, many applicants have chosen to provide more data and analysis, but the items shown above represent the minimum amount of information necessary to form a determination.

It is important to carefully organize the amendment package; be sure all exhibits are consistently labeled, are in the proper order, and are correctly referenced on the pages of the application. For site-specific amendments, be sure to clearly identify the subject site, include North arrow and scale, and source. A petition narrative is usually helpful. For corporate ownership, it is not acceptable to only list the corporation name. In some instances, property is owned by a corporation that in turn is comprised of other corporations. It is necessary to provide a list of individuals as officers or stockholders of the corporation(s) for purposes of full disclosure. The objective of disclosure is to reveal the individuals with an interest in the property (including seeing if any staff or public officials are included).

For a submitted petition, after the sufficiency review process is complete and the petition package is deemed sufficient, an electronic version of the entire submittal is needed. This is because the County has instituted an electronic (paperless) agenda process for the Board of County Commissioners' hearings.

The Land Development Code (LDC) requires the petitioner of a site-specific GMP amendment to hold a Neighborhood Information Meeting (NIM) similar to that presently required for Rezone petitions; this would occur after a finding of sufficiency of the petition submittal but prior to the CCPC Transmittal hearing (or CCPC Adoption hearing in case of small-scale amendment). The LDC also requires the petitioner of a site-specific GMP amendment to post a notice(s) of the CCPC hearing on the property, for both Transmittal and Adoption hearings, and notify surrounding property owners within a specified distance by letter.

Subject: RE: Pre-App ~~RESEARCH~~ for 11760 Tamiami Trail East (RZ) - PL20220005137 -Zoom on Tues.9/6/22 at 1:30pm NOTES

Hi Thomas,
I won't be able to make this meeting.
Below are landscape comments.

If a conceptual plan is required as part of the rezone application, label the perimeter buffers per the LDC. If enhanced buffers are required for staff approval of the GMPA, include these enhanced buffer standards as notes on the rezone master plan and/or in the rezone language.

Respectfully,

Mark Templeton, RLA

EVALUATION CRITERIA

Pursuant to LDC section 10.02.08, staff's recommendation to the Planning Commission and the Planning Commission's recommendation to the Board of County Commissioners shall be based upon consideration of the applicable criteria. **On a separate sheet attached to the application, please provide a narrative statement describing the rezone request with specific reference to the criteria noted below. Include any backup materials and documentation in support of the request.**

1. Whether the proposed change will be consistent with the goals, objectives, policies, future land use map and elements of the Growth Management Plan.
2. The existing land use pattern.
3. The possible creation of an isolated district unrelated to adjacent and nearby districts.
4. Whether existing district boundaries are illogically drawn in relation to existing conditions on the property for the proposed change.
5. Whether changed or changing conditions make the passage of the proposed amendment (rezone) when necessary.
6. Whether the proposed change will adversely influence living conditions in the neighborhood.
7. Whether the proposed change will create or excessively increase traffic congestion or create types of traffic deemed incompatible with surrounding land uses, because of peak volumes or projected types of vehicular traffic, including activity during construction phases of the development, or otherwise affect public safety.
8. Whether the proposed change will create a drainage problem.

9. Whether the proposed change will seriously reduce light and air to adjacent areas.
10. Whether the proposed change will seriously affect property values in the adjacent area.
11. Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accordance with existing regulations.
12. Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with the public welfare.
13. Whether there are substantial reasons why the property cannot be used in accordance with existing zoning.
14. Whether the change suggested is out of scale with the needs of the neighborhood or the county.
15. Whether it is impossible to find other adequate sites in the county for the proposed use in districts already permitting such use.
16. The physical characteristics of the property and the degree of site alteration which would be required to make the property usable for any of the range of potential uses under the proposed zoning classification.
17. The impact of development on the availability of adequate public facilities and services consistent with the levels of service adopted in the Collier County Growth Management Plan and as defined and implemented through the Collier County Adequate Public Facilities Ordinance [Code Ch. 106, art. II], as amended].
18. Such other factors, standards, or criteria that the board of county commissioners shall deem important in the protection of the public health, safety, and welfare.

Deed Restrictions: The County is legally precluded from enforcing deed restrictions; however, many communities have adopted such restrictions. You may wish to contact the civic or property owners association in the area for which this use is being requested in order to ascertain whether or not the request is affected by existing deed restrictions.

Previous land use petitions on the subject property: To your knowledge, has a public hearing been held on this property within the last year? If so, what was the nature of that hearing?

_____

_____

Official Interpretations or Zoning Verifications: To your knowledge, has there been an official interpretation or zoning verification rendered on this property within the last year?

☐ Yes ☐ No if so please provide copies.

_____

_____

Collier County Utility Dedication Statement: If the project is located within the service boundaries of Collier County's utility service system, a notarized statement shall be provided agreeing to dedicate the water distribution and sewage collection facilities within the project area to the Collier County Utilities. This shall occur upon completion of the construction of these facilities in accordance with all applicable County ordinances in effect at that time. This statement shall also include an agreement that the applicable system development charges and connection fees will be paid to the County Utilities Division prior to the issuance of building permits by the County. If applicable, the statement shall contain an agreement to dedicate the appropriate utility easements for serving the water and sewer systems.

_____

_____

_____

Statement of Availability Capacity from other Providers: Unless waived or otherwise provided for at the pre-application meeting, if the project is to receive sewer or potable water services from any provider other than the County, a statement from that provider indicating adequate capacity to serve the project shall be provided.

PUBLIC NOTICE REQUIREMENTS

This land use petition requires a Neighborhood Information Meeting (NIM), pursuant to Chapter 3 H. of the Administrative Code and LDC section 10.03.06. Following the NIM, the applicant will submit a written summary and any commitments that have been made at the meeting. Refer to Chapter 8 of the Administrative Code for the NIM procedural requirements.

Chapter 8 of the Administrative Code requires that the applicant must remove their public hearing advertising sign(s) after final action is taken by the Board of County Commissioners. Based on the Board's final action on this item, please remove all public hearing advertising sign(s) immediately.

AFFIDAVIT OF AUTHORIZATION

FOR PETITION NUMBERS(S) RZ-PL-20220005137 AND GMPA-PL-20220005822

I, RICKIE SCALI (print name), as MGR (title, if applicable) of 11760 PROPERTY, LLC (company, If applicable), swear or affirm under oath, that I am the (choose one) owner [✔] applicant [✔] contract purchaser [ ] and that:

1. I have full authority to secure the approval(s) requested and to impose covenants and restrictions on the referenced property as a result of any action approved by the County in accordance with this application and the Land Development Code;
2. All answers to the questions in this application and any sketches, data or other supplementary matter attached hereto and made a part of this application are honest and true;
3. I have authorized the staff of Collier County to enter upon the property during normal working hours for the purpose of investigating and evaluating the request made through this application; and that
4. The property will be transferred, conveyed, sold or subdivided subject to the conditions and restrictions imposed by the approved action.
5. We/I authorize ROBERT J. MULHERE, FAICP, CLAY C. BROOKER, ESQ. & ELLEN SUMMERS, AICP to act as our/my representative in any matters regarding this petition including 1 through 2 above.

Notes:

- *If the applicant is a corporation, then it is usually executed by the corp. pres. or v. pres.*
- *If the applicant is a Limited Liability Company (L.L.C.) or Limited Company (L.C.), then the documents should typically be signed by the Company's "Managing Member."*
- *If the applicant is a partnership, then typically a partner can sign on behalf of the partnership.*
- *If the applicant is a limited partnership, then the general partner must sign and be identified as the "general partner" of the named partnership.*
- *If the applicant is a trust, then they must include the trustee's name and the words "as trustee".*
- *In each instance, first determine the applicant's status, e.g., individual, corporate, trust, partnership, and then use the appropriate format for that ownership.*

Under penalties of perjury, I declare that I have read the foregoing Affidavit of Authorization and that the facts stated in it are true.

WARRANTY DEED

THIS WARRANTY DEED made this 21st day of February, 2023, between Barefoot 11700 LLC, a Florida limited liability company, whose post office address is P.O. Box 5319, Buffalo Groves, IL 60089, grantor,

TO

11760 Property LLC, a Florida limited liability company, whose post office address is 21 Sawgrass Drive, Lemont, IL 60439, grantee,

(Whenever used herein the terms "grantor" and "grantee" include all the parties to this instrument and the heirs, legal representatives, and assigns of individuals, and the successors and assigns of corporations, trusts and trustees)

WITNESSETH,

That said grantor, for and in consideration of the sum of TEN AND NO/100 DOLLARS ($10.00) and other good and valuable considerations to said grantor in hand paid by said grantee, the receipt whereof is hereby acknowledged, has granted, bargained, and sold to the said grantee, and grantee's heirs and assigns forever, the following described land, situate, lying and being in Collier County, Florida to-wit:

See Attached Exhibit "A" Legal Description

Together with all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

To Have and to Hold, the same in fee simple forever.

And the grantor hereby covenants with said grantee that the grantor is lawfully seized of said land in fee simple; that the grantor has good right and lawful authority to sell and convey said land; that the grantor hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons whomsoever; and that said land is free of all encumbrances, except restrictions, reservations, and easements of record and taxes accruing subsequent to December 31, 2022.

In Witness Whereof, grantor has hereunto set grantor's hand and seal the day and year first above written.

Signed, sealed and delivered in our presence:

11760 TAMIAMI TRAIL EAST REZONE

(PL-20220005137)

NARRATIVE & JUSTIFICATION

PROJECT NARRATIVE AND JUSTIFICATION
11760 TAMIAMI TRAIL E. REZONE

Introduction

This is a request to rezone the subject property from the C-3 Zoning District to the C-4 Zoning District. The request to rezone to the C-4 Zoning District Use is limited to a single use: a car wash facility. The rezone will also allow the full range of C-3 uses (as current C-3 zoning allows). A companion SSGMPA has also been submitted to permit the desired uses and to establish the maximum allowed intensity (square feet). This rezone request includes conditions of approval (Exhibit A), which impose a number of restrictions and design requirements related to the car wash and to eating and drinking establishments with drive-through facilities, in an attempt to address the staff recommended (but as of yet not adopted) US 41 East Zoning Overlay District LDC amendments.

Exhibit A also establishes a maximum PM Peak Hour Trip Cap.

Background

The subject site is approximately 1.92 acres in size and located on the south side of Tamiami Trail East, approximately 350 feet east of the intersection of Tamiami Trail East and Barefoot Williams Road, and within Section 33, Township 50 South, Range 26 East, in Collier County, Florida.

The subject site is currently zoned C-3 and is located within the Urban Coastal Fringe Subdistrict of the Future Land Use Element of Collier County. The site was previously cleared prior to 2014, when the property was under different ownership, includes an access easement benefitting the adjacent RaceTrac gas station facility to the west, and is otherwise undeveloped. The property is also subject to a companion SSGMPA application.

The proposed rezone seeks to change the zoning designation of the subject property from the C-3 zoning district to the C-4 zoning district to permit a car wash facility to be developed on a portion of the site, and to permit the full range of C-3 uses on the remaining portion of the site. Adjacent to the east of the subject site is an existing office facility that has recently been purchased by Home Depot. This adjacent lot to the east is one of multiple consecutive lots assembled by Home Depot and currently under review for a SSGMPA and a PUD rezone to permit the large retail establishment. To the west of the subject property is an existing RaceTrac gas station facility with an existing access driveway, across the subject site, connecting the two properties. The RaceTrac property is located directly at the corner of Barefoot Williams Road and Tamiami Trail E. and provides direct access to the traffic light at that intersection.

Adjacent Zoning

Direction	Zoning	FLUE	Land Use
Subject Property	C-3	Urban Coastal Fringe	Vacant
North	P	Urban Residential	Tamiami Trail E. / Community Park
South	RT	Urban Coastal Fringe	Mobile Home Park Community Center
East	C-3	Urban Coastal Fringe	Office
West	C-3	Urban Coastal Fringe	Gas Station

Consistency with the Future Land Use Element (FLUE)

Policy 5.6: New developments shall be compatible with, and complementary to, the surrounding land uses, as set forth in the Land Development Code (Ordinance 04-41, adopted June 22, 2004 and effective October 18, 2004, as amended).
The proposed request to rezone the subject property from the C-3 zoning district to the C-4 zoning district, to permit a car wash and C-3 uses, is compatible with, and complementary to, the surrounding land uses and zoning districts. The concept plan for the rezone demonstrates the car wash facility on the side of the lot closest to the existing gas station facility. These uses are complementary to one another. The adjacent property to the east is under review for a rezone to permit a large home improvement store (Home Depot).

The rezone request includes Conditions of Approval (Exhibit A) that impose certain design standards to ensure the site is developed in a matter that is complementary to the surrounding area and to provide a sufficient buffer to the residential (RT zoning district) use to the rear of the property. Additionally, the Conditions of Approval provides for standards that aim to meet the intent of the proposed US 41 East Zoning Overlay.

Consistency with FLUE Objective 7:
Promote smart growth policies, reduce greenhouse gas emissions, and adhere to the existing development character of the Collier County, where applicable, and as follows:

Policy 7.1: The County shall encourage developers and property owners to connect their properties to fronting collector and arterial roads, except where no such connection can be made without violating intersection spacing requirements of the Land Development Code.

The property has existing access from US 41 and includes an access driveway to the gas station to the west. If the property to the east, which is currently developed, is redeveloped, access may be gained from that direction as well.

Policy 7.2: The county shall encourage internal accesses or loop roads in an effort to help reduce vehicle congestion on nearby collector and arterial roads and minimize the need for traffic signals.

Given the size and configuration of the site, there will be limited ability to create additional internal accesses or loop roads.

Policy 7.3: All new and existing developments shall be encouraged to connect their local streets and/or interconnection points with adjoining neighborhoods or other developments regardless of land use type.

The development will be interconnected to the adjacent property to the west (and potentially to the property to the east).

Policy 7.4: The County shall encourage new developments to provide walkable communities with a blend of densities, common open spaces, civic facilities, and a range of housing prices and types.

The development will include appropriate pedestrian components, such as sidewalks, as appropriate.

Policy 7.5: The County shall encourage mixed-use development within the same buildings by allowing residential dwelling units over and/or abutting commercial development. This policy shall be implemented through provisions in specific Subdistricts in this Growth Management Plan.

The site is currently zoned for commercial; it is not intended to include a residential component of this rezone.

Policy 7.6: The County shall explore the creation of an urban "greenway" network along existing major canal banks and powerline easements.

The site is not adjacent to canal banks or powerline easements.

Policy 7.7: The Growth Management Division will continue to research smart growth practices in an effort to improve the future of Collier County by specifically addressing land use and transportation planning techniques for inclusion in future land development regulations.

The Growth Management Division has made efforts to address such smart growth practices and has created the ENCDP. This rezone request incorporates conditions of approval (Exhibit A), in an effort to ensure the development considers the ENCDP and the proposed US 41 East Zoning Overlay.

11760 TAMIAMI TRAIL EAST REZONE

(PL-20220005137)

REZONE CRITERIA

REZONE CRITERIA
11760 EAST TAMIAMI TRAIL REZONE

10.02.08.F. Nature of requirements of Planning Commission report. When pertaining to the rezoning of land, the report and recommendations of the Planning Commission to the Board of County Commissioners required in LDC section 10.02.08.E shall show that the Planning Commission has studied and considered the proposed change in relation to the following findings, when applicable:

1. **Whether the proposed change will be consistent with the goals, objectives, and policies and future land use map and the elements of the Growth Management Plan.**

   The subject property is located within the Urban Coastal Fringe Subdistrict. There is a companion GMPA application submitted with the proposed rezone of the subject property. Upon approval of that GMPA, the rezone will be consistent with the goals, objectives, policies, future land use map, and the elements of the Growth Management Plan.

2. **The existing land use pattern.**

   The proposed rezone will not affect the existing land use pattern. The existing land use pattern includes a mixture of C-3 through C-5 zoning districts, and PUDs that permit C-1 through C-5 land uses.

3. **The possible creation of an isolated district unrelated to adjacent and nearby districts.**

   This rezoning will not create an isolated district unrelated to adjacent and nearby districts.

4. **Whether existing district boundaries are illogically drawn in relation to existing conditions in the neighborhood.**

   Existing boundaries were not illogically drawn in relation to existing conditions in the neighborhood.

5. **Whether changed or changing conditions make the passage of the proposed amendment necessary.**

   This site is located off a principal arterial roadway (US 41) and is directly adjacent to an existing RaceTrac gas station. Within close proximity to the subject site, there is land that directly fronts US 41 that is zoned C-5, C-4, and C-3, with PUD's that include a mix of C-1 through C-5 uses. Given the frontage on a principal arterial roadway, and the mix of commercial uses within close proximity, this rezone from C-3 to C-4 is not out of place with the surrounding area. The proposed amendment is not necessarily a result of changing conditions but provides for an additional use that is compatible with the existing development pattern.

6. **Whether the proposed change will adversely influence living conditions in the neighborhood.**

   The proposed change will not adversely influence living conditions in the neighborhood. Development standards will ensure compatibility with neighboring properties. The residential development to the south will be adequately screened from the proposed commercial development by a 25-foot landscape buffer.

7. **Whether the proposed change will create or excessively increase traffic congestion or create types of traffic deemed incompatible with surrounding land uses, because of peak volumes or projected types of vehicular traffic, including activity during construction phases of the development, or otherwise affect public safety.**

   The requested change will not create or excessively increase traffic congestion or create types of traffic deemed incompatible with surrounding land uses or otherwise affect public safety. The site is currently zoned C-3 which permits uses such as general retail, medical offices, professional offices, and fast food and restaurant establishments, which are uses that generally have a higher trip generation.

   The Conditions of Approval (Exhibit A) of the rezone application establishes a maximum PM peak hour trip cap of 127 trips.

8. **Whether the proposed change will create a drainage problem.**

   The site will be designed to meet all County and SFWMD requirements. No drainage problems will be created.

9. **Whether the proposed change will seriously reduce light and air to adjacent areas.**

   The proposed rezone will not impact light and air to adjacent areas.

10. **Whether the proposed change will adversely affect property values in the adjacent area.**

    The proposed change will not adversely affect property values in the adjacent area.

11. **Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accordance with existing regulations.**

    The proposed change will not be a deterrent to the improvement or development of adjacent property in accordance with existing regulations.

12. **Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with the public welfare.**

The proposed change will not constitute a grant of special privilege to an individual owner as contrasted with the public welfare.

13. Whether there are substantial reasons why the property cannot be used in accordance with existing zoning.

There are no substantial reasons why the property cannot be used in accordance with existing zoning. The current zoning designation of C-3 permits intermediate types of commercial uses.

14. Whether the change suggested is out of scale with the needs of the neighborhood or the county.

The change suggested is not out of scale with the needs of the neighborhood or the county.

15. Whether it is impossible to find other adequate sites in the county for the proposed use in districts already permitting such use.

It is not impossible to find other adequate sites in the county for the proposed use in districts already permitting such use; however, the addition of a car wash facility directly adjacent to a large gas station facility allows for the capture of similar trips.

16. The physical characteristics of the property and the degree of site alteration which would be required to make the property usable for any of the range of potential uses under the proposed zoning classification.

The physical characteristics of the property and the degree of site alteration which would be required to make the property usable for any of the range of potential uses under the proposed zoning classification is typical of, and not different from, any other similar development in Collier County.

17. The impact of development on the availability of adequate public facilities and services consistent with the levels of service adopted in the Collier County Growth Management Plan and as defined and implemented through the Collier County Adequate Public Facilities Ordinance [Code ch. 106, art. II], as amended.

There is availability of adequate public facilities and services consistent with the levels of service adopted in the Collier County Growth Management Plan and as defined and implemented through the Collier County Adequate Public Facilities Ordinance, to serve the project.

18. Such other factors, standards, or criteria that the Board of County Commissioners shall deem important in the protection of the public health, safety, and welfare.

No other factors or criteria have been identified as necessary to address. The proposed rezone will not impact the publics health, safety, or welfare.

11760 TAMIAMI TRAIL EAST REZONE

(PL-20220005137)

EXHIBIT A – CONDITIONS OF APPROVAL

Exhibit A - Conditions of Approval
11760 Tamiami Trail E Rezone
PL-20220005137

1. The following uses are hereby authorized as permitted by right:
    a. All permitted uses in the C-3 commercial intermediate zoning district; and
    b. Carwashes (Group 7542).
2. Development is limited to a maximum intensity of 11,000 square feet of gross floor area, of which a carwash shall not exceed 5,000 square feet.
3. Carwashes (Group 7542) shall adhere to the requirements of the LDC, except as specified below:
    a. The minimum side yard setback shall be 10 feet when adjacent to a commercially zoned property.
    b. The carwash building shall not exceed 5,000 square feet.
    c. Vacuuming facilities may be located outside the building but may not be located in any required yard area and shall not be located forward of the primary façade of the car washing facility.
    d. Vehicular stacking lanes and drive through lanes shall not be located closer to the US 41 right-of-way than the principal building.
    e. A sound attenuation wall shall be: a) a minimum height of 2 feet higher than the entrance to the car wash tunnel, but not exceed 12 feet in height above grade; and b) be provided twenty-five (25) feet from the rear property line along the entire width of the car wash facility, including the drive aisles that serve the car wash. The location of the wall is labeled as “Maximum 12’ Sound Attenuation Wall" on the Conceptual Site Plan.
4. The following standards apply to establishments with drive-through facilities (Group 5812 Eating Places and 5813 Drinking Places):
    a. A maximum of 6,000 square feet of gross floor area in the principal structure.
    b. In addition to satisfying design standards of section 5.05.08 F.6., vehicular stacking lanes and drive through lanes shall not be located closer to the US 41 right-of-way than the principal building.
5. No building or structure shall exceed a zoned building height of thirty-five (35) feet, and an actual height of forty-two (42) feet, except as otherwise identified herein.
6. Parking lots, vehicular use areas, and service functions areas shall be located to the sides or rear of buildings, no closer to US 41 than the principal building except that a maximum of one double loaded drive aisle of parking is permitted in the front yard.
7. Landscaping for parking lots, vehicular use areas, and service function areas shall be designed in accordance with LDC section 4.06.03, except that interior parking lot plantings shall be a maximum of 25 percent turf grass. The balance shall be shrubs or groundcover in planting areas appropriate to the design.
8. Landscape buffers shall be designed in accordance with LDC section 4.06.00, except for the following:

a. The 15-foot-wide Type 'B' front yard landscape buffer easement (LBE) shall be enhanced by:
    i. Planting canopy shade trees (understory trees and palm trees may not be substituted for canopy trees) spaced 25 feet on center with trees having a minimum average mature canopy spread of 20 feet and an eight-foot vertical clearance for pedestrians, if applicable, as determined by County Manager of designee.
    ii. Planting only native vegetation, grass, ground cover, or other landscape treatment in accordance with LDC section 4.06.00.
b. The 20-foot-wide Type 'B' rear yard LBE shall be enhanced with a minimum of five canopy trees (understory and palm trees may not be substituted for canopy trees) per 100 linear feet.

9. The maximum total daily trip generation for the Rezone shall not exceed 127 two-way PM peak hour net trips based on the use codes in the ITE Manual on trip generation rates in effect at the time of application for SDP/SDPA or subdivision plat approval.
10. Vehicular and Pedestrian interconnection to the property to the east will be provided, by the Owner, its successors or assigns, as shown on the Conceptual Site Plan. The Owner, its successors or assigns, will provide an access easement over a portion of the property to the property owner to the east, or an access easement to the public for public use without responsibility of maintenance by Collier County, at time of the first Site Development Plan or Plat. The connection and supporting infrastructure will be constructed to the property line by the Owner, its successors or assigns, of the rezone property prior to the first Certificate of Occupancy. The interconnections shall remain open to the public. At the time of this rezone, private access easements to the west are recorded in Official Records Book 5241 Page 2441 et. seq. and Official Records Book 5129 Page 1366 et. seq.
11. All other applicable state or federal permits must be obtained before commencement of the development.
12. Pursuant to Section 125 022(5) F.S., issuance of a development permit by a county does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the county for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

PL20220005137

A Conditions of Approval Exhibit (Exhibit A) of this Rezone application includes the standards below. Many of the conditions included within Exhibit A of the Rezone application are standards derived from the draft US 41 EZO LDC Amendment, and other standards below may differ from the current LDC requirements. A note is provided under each of the following conditions that explains whether the standard is derived from the draft US 41 EZO LDC Amendment, or whether the standard deviates from the existing LDC requirements and is therefore included within the companion Small-Scale Growth Management Plan Amendment (SSGMPA).

1. The following uses are hereby authorized as permitted by right:
    a. All permitted uses in the C-3 commercial intermediate zoning district; and
    b. Carwashes (Group 7542).

    Note: This condition details the nature of the rezone request and is included within the companion SSGMPA.
2. Carwashes (Group 7542) shall adhere to the requirements of the LDC, except as specified below:
    a. The minimum side yard setback shall be 10 feet when adjacent to a commercially zoned property.

    Note: This condition is included within the companion SSGMPA and deviates from LDC section 5.05.11 which requires a 40-foot side yard setback for carwashes that abut a residential zoning district. LDC section 5.05.11 also requires a 40-foot rear yard setback and a 50-foot front yard setback for carwashes, from which this rezone request does not deviate. The adjacent residential district, which is located to the rear of the subject site, is the Residential Tourist (RT) Zoning District. The car wash facility will be setback a minimum of 40 feet from the rear property line. A minimum 20-foot landscape buffer will be provided along the entire rear property line. A minimum 6-foot high wall that will transition into a maximum 12-foot high sound attenuation wall behind the car wash facility will be provided at the location shown on the attached conceptual site plan. The landscaping will be located outside of the wall (directly adjacent to the RT zoning district).

    The subject site is approximately 1.92 acres in size and includes an existing ingress/egress access easement along the entire length of the front property line (along US. 41) for a depth of 70 feet into the property. To accommodate the car wash facility on the west portion of the site and a potential fast-food drive-through facility on the east portion of the site, a reduction in the eastern side yard setback to 10 feet is necessary. All other setbacks required by the LDC,

as well as the required 7.5-foot side yard landscape buffering to provide adequate screening, will be honored. Exhibit A -Potential Development Scenario, provided within this document, demonstrates how the reduced eastern side yard setback for the car wash facility will allow for the site to accommodate both the car wash facility and a potential fast-food drive-through establishment.

With the reduction in the eastern side yard setback for the car wash facility, the site may accommodate a drive-through establishment with a minimum of 2,450 square feet of floor area, 10 vehicle stacking spaces for the drive-through windows, and 26 parking spaces, with a majority of the parking spaces located to the rear or side of the building. This configuration allows for the appropriate drive-aisle widths, typical parking requirements for such use, and the minimum required landscaping.

b. The carwash building shall not exceed 5,000 square feet.
Note: This condition was added to the Rezone request to limit the intensity of the car wash use and is included within the companion SSGMPA.

c. Vacuuming facilities may be located outside the building but may not be located in any required yard area and shall not be located forward of the primary façade of the car washing facility.
Note: This condition was added for compatibility and is a design standard that exceeds the minimum car wash standards within the LDC. This condition is included within the companion SSGMPA.

d. Vehicular stacking lanes and drive through lanes shall not be located closer to the US 41 right-of-way than the principal building.
Note: This condition is a standard derived from the draft US 41 EZO LDC Amendment and is included within the companion SSGMPA.

e. A sound attenuation wall shall be: a) minimum height that is 2 feet higher than the entrance to the car wash tunnel, but not exceed 12 feet in height above grade; and b) be provided twenty-five (25) feet from the rear property line along the entire width of the car wash facility, including the drive aisles that serve the car wash. The location of the wall is labeled as "Maximum 12' Sound Attenuation Wall" on the Conceptual Site Plan.
Note: This condition was added based on the conclusions of the Sound Study, which recommends a sound attenuation wall to ensure compliance with the Collier County Noise Ordinance. This standard is included with the companion SSGMPA.

3. The following standards apply to establishments with drive-through facilities (Group 5812 Eating Places and 5813 Drinking Places):
    a. A maximum of 6,000 square feet of gross floor area in the principal structure.
    Note: This condition was added to the Rezone request to limit the intensity of the commercial development and is included with the companion SSGMPA.

    b. In addition to satisfying design standards of section 5.05.08 F.6., vehicular stacking lanes and drive through lanes shall not be located closer to the US 41 right-of-way than the principal building and shall not be located in the front yard of a corner lot.
    Note: This condition is a standard derived from the draft US 41 EZO LDC Amendment and is included within the companion SSGMPA.

4. No building or structure shall exceed a zoned building height of thirty-five (35) feet, and an actual height of forty-two (42) feet, except as otherwise identified herein.
Note: This condition was added for compatibility and is included within the companion SSGMPA. The proposed height limitation is more restrictive than what is currently permitted within the C-3 Zoning District, which permits a maximum zoned building height of 50 feet.

5. Parking lots, vehicular use areas, and service functions areas shall be located to the sides and rear of buildings, no closer to US 41 than the principal building except that a maximum of one double loaded drive aisle of parking is permitted in the front yard.
Note: This condition is a standard derived from the draft US 41 EZO LDC Amendment and is included within the companion SSGMPA.

6. Landscaping for parking lots, vehicular use areas, and service function areas shall be designed in accordance with LDC section 4.06.03, except that interior parking lot plantings shall be a maximum of 25 percent turf grass. The balance shall be shrubs or groundcover in planting areas appropriate to the design.
Note: This condition is a standard derived from the draft US 41 EZO LDC Amendment and is included within the companion SSGMPA.

7. Landscape buffers shall be designed in accordance with LDC section 4.06.00, except for the following:
    a. The 15-foot-wide Type 'B' front yard landscape buffer easement (LBE) shall be enhanced by:
        i. Planting canopy shade trees (understory trees and palm trees may not be substituted for canopy trees) spaced 25 feet on center with trees having a minimum average mature canopy spread of 20 feet and an eight-foot vertical clearance for pedestrians, if applicable, as determined by the County manager or designee.

ii. Planting only native vegetation, grass, ground cover, or other landscape treatment in accordance with LDC section 4.06.00.
Note: This condition is a standard derived from the draft US 41 EZO LDC Amendment, with the exceptions of the landscape buffer width and minimum spacing of canopy trees which are required by the LDC. This condition is included within the companion SSGMPA.

b. The 20-foot-wide Type 'B' rear yard LBE shall be enhanced with a minimum of five canopy trees (understory and palm trees may not be substituted for canopy trees) per 100 linear feet.
Note: This condition is modeled off the standard within the draft US 41 EZO LDC Amendment, which states: "...the perimeter of the property shall be enhanced with a minimum 25-foot-wide landscape buffer containing a two-to-three-foot undulating landscaped berm, consisting of a minimum of five canopy trees (palm trees may not substituted for canopy trees) per 100 linear feet, and a double staggered hedge row maintained to form a 36-inch high continuous visual screen within one year of planting".

Due to the addition of a sound attenuation wall in the rear of the property and the need to utilize the landscape buffer area for future stormwater management purposes, the addition of a 2-foot to 3-foot berm is not achievable. However, the wall and included landscape standards this buffer will achieve compatibility with the neighboring RT zoning district.

8. The maximum total daily trip generation for the Rezone shall not exceed 127 two-way PM peak hour net trips based on the use codes in the ITE Manual on trip generation rates in effect at the time of application for SDP/SDPA or subdivision plat approval.
Note: This is included within the companion SSGMPA and is a typical standard to anticipate commercial intensity.

9. Vehicular and Pedestrian interconnection to the property to the east will be provided, by the Owner, its successors or assigns, as shown on the Conceptual Site Plan. The Owner, its successors or assigns, will provide an access easement over a portion of the property to the property owner to the east, or an access easement to the public for public use without responsibility of maintenance by Collier County, at time of the first Site Development Plan or Plat. The connection and supporting infrastructure will be constructed to the property line by the Owner, its successors or assigns, of the rezone property prior to the first Certificate of Occupancy. The interconnections shall remain open to the public. At the time of this rezone, private access easements to the west are recorded in Official Records Book 5241 Page 2441 et. seq. and Official Records Book 5129 Page 1366 et. seq.
Note: This is a standard condition based on the site access and existing encumbrances on the site.

10. All other applicable state or federal permits must be obtained before commencement of the development.
    Note: This is a standard condition.

11. Pursuant to Section 125 022(5) F.S., issuance of a development permit by a county does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the county for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.
    Note: This is a standard condition

LEGAL DESCRIPTION PER TITLE COMMITMENT :

COMMENCE AT THE WEST 1/4 CORNER OF SECTION 33, TOWNSHIP 50 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA, PROCEED NORTHERLY ALONG THE SECTION LINE BETWEEN SAID SECTION 33 AND SECTION 32, TOWNSHIP 50 SOUTH, RANGE 26 EAST, NORTH 02° 49' 48" EAST, 884.91 FEET TO A POINT ON THE SOUTH RIGHT-OF-WAY LINE OF U.S. 41; THENCE SOUTHEASTERLY ALONG SAID RIGHT-OF-WAY LINE, 44.24 FEET ALONG THE ARC OF A CURVE CONCAVE TO THE NORTHEAST, HAVING A RADIUS OF 3,210.55 FEET, A CENTRAL ANGLE OF 0° 47' 22", AND A CHORD DISTANCE OF 44.23 FEET, BEARING SOUTH 54° 01' 20" EAST TO A POINT OF TANGENCY; THENCE SOUTH 54° 25' 01" EAST ALONG SAID RIGHT-OF-WAY LINE, 1,124.37 FEET TO THE POINT OF BEGINNING OF THE HEREIN DESCRIBED PARCEL; THENCE CONTINUE SOUTH 54° 25' 01" EAST, 600 FEET ALONG SAID RIGHT-OF-WAY LINE; THENCE SOUTH 35° 34' 59" WEST, 321.16 FEET; THENCE NORTH 54° 25' 01" WEST, 541.69 FEET TO A POINT ON THE EAST RIGHT-OF-WAY LINE OF BAREFOOT WILLIAMS ROAD; THENCE ORTHERLY ALONG SAID RIGHT-OF-WAY LINE, 132.69 FEET ALONG THE ARC OF A CURVE CONCAVE TO THE EAST, HAVING A RADIUS OF 140.00 FEET, A CENTRAL ANGLE OF 54° 18' 18", AND A CHORD DISTANCE OF 127.78 FEET, BEARING NORTH 08° 25' 50" EAST TO A POINT OF TANGENCY; THENCE NORTH 35° 34' 59" EAST, 207.46 FEET TO THE POINT OF BEGINNING.

LESS AND EXCEPT THEREFROM THE LAND CONVEYED TO RACETRAC PETROLEUM, INC., A GEORGIA CORPORATION, BY GENERAL WARRANTY DEED RECORDED IN OFFICIAL RECORDS BOOK 5871, PAGE 1617, OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA, BEING FURTHER DESCRIBED AS FOLLOWS:

COMMENCE AT THE WEST 1/4 CORNER OF SECTION 33, TOWNSHIP 50 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA; THENCE NORTH 02° 49' 48" EAST, ALONG THE WEST LINE OF SAID SECTION 33, FOR A DISTANCE OF 884.91 FEET TO A POINT ON THE SOUTH RIGHT-OF-WAY LINE OF U.S. 41, BEING A POINT ON A NON-TANGENT CURVE TO THE LEFT, HAVING A RADIUS OF 3210.55 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID RIGHT-OF-WAY, FOR 44.24 FEET, HAVING A CENTRAL ANGLE OF 0° 47' 22", A CHORD BEARING OF SOUTH 54° 01' 20" EAST, AND A CHORD OF 44.23 FEET TO A POINT OF TANGENCY; THENCE SOUTH 54° 25' 01" EAST ALONG SAID RIGHT-OF-WAY LINE, FOR A DISTANCE OF 1,124.37 FEET TO THE POINT OF BEGINNING OF THE HEREIN DESCRIBED PARCEL; THENCE CONTINUE SOUTH 54° 25' 01" EAST ALONG SAID RIGHT-OF-WAY LINE, FOR A DISTANCE OF 340.00 FEET; THENCE SOUTH 35° 34' 59" WEST, FOR A DISTANCE OF 321.16 FEET; THENCE NORTH 54° 25' 01" WEST, FOR A DISTANCE OF 281.69 FEET TO A POINT ON THE EAST RIGHT-OF-WAY LINE OF BAREFOOT WILLIAMS ROAD, AND THE BEGINNING OF A NON-TANGENT CURVE TO THE RIGHT, HAVING A RADIUS OF 140.00 FEET; THENCE ALONG SAID RIGHT-OF-WAY AND SAID CURVE TO THE RIGHT, THROUGH A CENTRAL ANGLE OF 54° 18' 16", A CHORD BEARING OF NORTH 08° 25' 50" EAST, A CHORD LENGTH OF 127.78 FEET, AND AN ARC LENGTH OF 132.69 FEET; THENCE NORTH 35° 34' 59" EAST ALONG SAID EAST RIGHT-OF-WAY, FOR A DISTANCE OF 207.46 FEET TO THE POINT OF BEGINNING.

TABLE "A" COMMENTS

3. SAID DESCRIBED PROPERTY IS LOCATED WITHIN AN AREA HAVING A ZONE DESIGNATION AE? BY THE SECRETARY OF HOUSING AND URBAN DEVELOPMENT, ON FLOOD INSURANCE RATE MAP NO. 12021C0604H, WITH A DATE OF IDENTIFICATION OF 5/16/2012, FOR COMMUNITY NUMBER 120067, IN COLLIER COUNTY, STATE OF FLORIDA, WHICH IS THE CURRENT FLOOD INSURANCE RATE MAP FOR THE COMMUNITY IN WHICH SAID PROPERTY IS SITUATED.
4. CONTAINS 93,405 SQ. FT. OR 1.91 ACRES. MORE OR LESS
7. NO BUILDINGS
9. NO PARKING
11. EXISTING UTILITIES SHOWN
17. NOT AWARE OF ANY CHANGES IN ROAD RIGHT OF WAY
18. PROVIDED EASEMENTS SHOWN

SETBACKS AS PROVIDED BY CLIENT:
FRONT - 30 FEET (EASEMENTS WILL REQUIRE A LARGER SETBACK)
SIDE - 40 FEET
REAR - 40 FEET

MEASURED BEARINGS SHOWN ARE BASED ON STATE PLANE COORDINATES (FLORIDA EAST ZONE) AS ACQUIRED BY USING GPS TECHNOLOGY AND IS THE "BASIS OF BEARINGS".

TITLE REVIEW NOTES:

THIS SURVEY WAS BASED ON THE PROVIDED TITLE COMMITMENT. THAT BEING COMMITMENT NUMBER 64-2012-002387 JR BY AMERICAN LAND TITLE INSURANCE COMPANY, DATED JULY 29, 2022. ITEMS ADDRESSED BELOW ARE BY ITEM NUMBER WITHIN SCHEDULE BII. ONLY ITEMS 5 THROUGH 12 WERE PROVIDED AND ONLY THOSE WILL BE ADDRESSED.

ITEM 5: O.R. 649, P. 1239 - SURVEYED PROPERTY DOES NOT LIE WITHIN AREA DESCRIBED IN THIS RESOLUTION
ITEM 6: O.R. 1262, P. 0372 - WATER PLANT EASEMENT AGREEMENT, TOO MANY ILLEGIBLE DESCRIPTIONS TO MAKE A DETERMINATION, AGREEMENT MAY HAVE EXPIRED
ITEM 7: O.R. 4296 P. 3116 - AGREEMENT APPLIES TO PROPERTY SURVEYED - NOT PLOTTABLE
O.R. 4609 P. 3039 - THIS ASSIGNMENT OF RIGHTS APPLIES TO THE PROPERTY SURVEYED - NOT PLOTTABLE
O.R. 5011 P. 0079 - REFERS TO A GENERAL ASSIGNMENT OF RIGHTS, BENEFITS, PERSONAL PROPERTY AND INTANGIBLES FOR AN UNDERGROUND SANITARY SEWER LINE LYING WITHIN THE RIGHT OF WAY OF US 41. AS SHOWN HEREON
O.R. 5164 P. 2501 - REFERS TO THE ADJOINING RACETRAC ROPERTY
ITEM 8: O.R. 5129 P. 1360 - CREATES A 130 FEET BY 100 FEET AREA WITHIN THE PROPERTY SURVEYED ON WHICH NO STRUCTURES, SIGNS SHALL BE BUILT, PLACED OR MAINTAINED, AS SHOWN HEREON
ITEM 9: O.R. 5129 P. 1366 - THE PROPERTY SURVEYED IS SUBJECT TO A NON EXCLUSIVE INGRESS EASEMENT 70 FEET WIDE RUNNING THE FULL FRONTAGE ON THE SURVEYED PROPERTY
ALSO HAS THE PROPERTY SURVEYED SUBJECT TO A 10 FEET WIDE SLOPE EASEMENT ADJACENT TO THE ABOVE EASEMENT
ALSO HAS A "TOGETHER WITH" 40 FEET WIDE NON-EXCLUSIVE, PERPETUAL INGRESS EGRESS EASEMENT EXITING THE PROPERTY FROM ITS WESTERLY MOST CORNER. ALL AS SHOWN HEREON.
O.R. 5871 P. 1622 - CONSTRUCTION AGREEMENT DEALING WITH OR. 5129 P. 1366 - NOT PLOTTABLE
ITEM 10: O.R. 5189 P. 2822I - DOES NOT LIE WITHIN THE PROPERTY SURVEYED
ITEM 11: O.R. 5241 P.2436 - CREATES A "SUBJECT TO" PERPETUAL, NON EXCLUSIVE INGRESS EGRESS EASEMENT IN THE EASTERLY CORNER OF THE SURVEYED PROPERTY FOR THE BENEFIT ON THE PARCEL TO THE SOUTHEAST. AS SHOWN HEREON.
ITEM 12: O.R. 5815 P. 1284 - THE PROPERTY SURVEYED LIES WITHIN THE AREA DESCRIBED IN THIS RESOLUTION. NOT PLOTTABLE

71. PG = PAGE
72. PI = POINT OF INTERSECTION
73. PK&D = PARKER KALON NAIL AND DISC
74. PLS = PROFESSIONAL LAND SURVEYOR
75. POB = POINT OF BEGINNING
76. POC = POINT OF COMMENCEMENT
77. PP = POWER POLE
78. PRC = POINT OF REVERSE CURVE
79. PRM = PERMANENT REFERENCE MONUMENT
80. PSM= PROFESSIONAL SURVEYOR AND MAPPER
81. PU & DE = PUBLIC UTILITY & DRAINAGE EASEMENT
82. PUE = PUBLIC UTILITY EASEMENT
83. (R) = RADIAL
84. R = RADIUS
85. RING = ITEM DETECTED BY METAL DETECTOR BUT NOT RECOVERED
86. RNG = RANGE
87. ROW = RIGHT-OF-WAY
88. RR SPK = RAILROAD SPIKE
89. SAT= SATELLITE DISH
90. SEC = SECTION
91. SPK&D = SET PK WITH DISC WITH LB NUMBER
92. SIR = SET 5/8" IRON ROD WITH LB NUMBER
93. TBM = TEMPORARY BENCH MARK
94. TECO= TAMPA ELECTRIC COMPANY
95. TEL = TELEPHONE FACILITIES
96. TOB = TOP OF BANK
97. TP = TRANSMITTER PAD
98. TUE = TECHNOLOGY UTILITY EASEMENT
99. TVR= TELEVISION RISER
100. TWP= TOWNSHIP
101. UE = UTILITY EASEMENT
102. VF = VINYL FENCE
103. W = WATER SERVICE
104. WB = WATER BOX
105. WF= WOOD FENCE
106. WPP= WOOD POWER POLE
107. WREC= WITHLACOOCHEE RIVER ELECTRIC COMPANY
108. Δ = DELTA OR CENTRAL ANGLE OF CURVE
109. DIMENSIONS ARE IN FEET AND IN DECIMALS THEREOF
110. ELEVATIONS SHOWN HEREON ARE NAVD 1988 UNLESS OTHERWISE STATED
111. ALL PHYSICAL IMPROVEMENTS SHOWN WITHOUT DIMENSIONS ARE FOR INFORMATIONAL PURPOSES ONLY. THAT THEY DO EXIST, BUT WERE NOT NECESSARILY MEASURED IN THE FIELD.
112. NOTE: LEGAL DESCRIPTION PROVIDED BY CLIENT UNLESS OTHERWISE NOTED.
113. EASEMENTS AND RIGHT OF WAYS SHOWN ARE PER RECORDED PLAT OR AS FURNISHED BY THE CLIENT
114. FOUNDATION LINE BELOW THE SURFACE OF THE GROUND IS NOT REFLECTED
115. THIS SURVEY IS NOT TO BE USED FOR CONSTRUCTION PURPOSES UNDER ANY CONDITION UNLESS OTHERWISE STATED
116. NO UNDERGROUND INSTALLATIONS OR IMPROVEMENTS HAVE BEEN LOCATED EXCEPT AS NOTED
117. NO INSTRUMENTS OF RECORD REFLECTING EASEMENTS, RIGHT OF WAYS, AND/OR OWNERSHIP WERE FURNISHED THIS SURVEYOR EXCEPT AS SHOWN
118. THERE ARE NO VISIBLE ENCROACHMENTS EXCEPT THOSE AS DELINEATED ON THIS PLAT OF SURVEY
119. TIES ARE TO FIELD LINES UNLESS OTHERWISE NOTED
120. THERE MAY BE ADDITIONAL RESTRICTIONS AND/OR EASEMENTS THAT ARE NOT RECORDED ON SAID PLAT THAT MAY BE FOUND IN THE PUBLIC RECORDS OF THIS COUNTY
121. FENCES MEANDER ON AND OFF LINE, APPROXIMATE LOCATION ONLY UNLESS STATED OTHERWISE.
122. THE LINES ON THIS SKETCH DO NOT CONSTITUTE OWNERSHIP
123. THE INTENT OF THIS SURVEY IS FOR TITLE TRANSFER ONLY UNLESS STATED OTHERWISE.
124. FLORIDA STATUTE : TWO SITE BENCHMARKS ARE REQUIRED FOR CONSTRUCTION.
125. THIS SURVEY DOES NOT REFLECT OR DETERMINE OWNERSHIP.
126. 121. F.E.M.A. FLOOD HAZARD MAPPING THIS DATE. PRODUCT WAS NOT DESIGNED TO MAKE PRECISE IN/OUT FLOOD RISK DETERMINATIONS. THIS PRODUCT IS NOT SUITABLE FOR ENGINEERING APPLICATIONS AND CANNOT BE USED TO DETERMINE ABSOLUTE DELINEATIONS OF FLOOD BOUNDARIES. CALL 1-877-FEMAMAP OR EMAIL A MAP SPECIALIST AT: HTTP://WWW.FEMA.GOV/PLAN/PREVENT/FHM/TSB_CHAP.SHT PROPERTY OWNER SHOULD OBTAIN WRITTEN FLOOD ZONE DETERMINATION FROM LOCAL PERMITTING, PLANNING AND BUILDING DEPARTMENT PRIOR TO ANY CONSTRUCTION PLANNING AND/OR CONSTRUCTION
127. IN COMPLIANCE WITH F.A.C. 5J-17.052(2)(C)(3)(K) - IF LOCATION OF EASEMENTS OR RIGHT-OF-WAY OF RECORD, OTHER THAN THOSE ON RECORD PLAT, IS REQUIRED, THIS INFORMATION MUST BE FURNISHED TO THE SURVEYOR AND MAPPER.
128. IF APPLICABLE, FENCES SHOWN MEANDER ON OR OFF LINES (APPROXIMATE LOCATION ONLY)
129. ARCHITECTURAL FEATURES, SUCH AS FURRING STRIPS, SIDING, CORNICES, STUCCO, ETC., OUTSIDE THE LINE OF THE STRUCTURE HAVE BEEN TAKEN INTO ACCOUNT WHEN GIVING TIES FROM THE STRUCTURE TO THE LOT LINES.
130. ATTENTION IS DIRECTED TO THE FACT THAT THIS SURVEY MAY HAVE BEEN REDUCED OR ENLARGED IN SIZE DUE TO REPRODUCTION. THIS SHOULD BE TAKEN INTO CONSIDERATION WHEN OBTAINING SCALED DATA.

TABLE "A"

TABLE A
OPTIONAL SURVEY RESPONSIBILITIES AND SPECIFICATIONS

NOTE: WHETHER ANY OF THE NINETEEN (19) ITEMS OF TABLE A ARE TO BE SELECTED, AND THE EXACT WORDING OF AND FEE FOR ANY SELECTED ITEM, MAY BE NEGOTIATED BETWEEN THE SURVEYOR AND CLIENT. ANY ADDITIONAL ITEMS NEGOTIATED BETWEEN THE SURVEYOR AND CLIENT MUST BE IDENTIFIED AS 20(A), 20(B), ETC. ANY ADDITIONAL ITEMS NEGOTIATED BETWEEN THE SURVEYOR AND CLIENT, AND ANY NEGOTIATED CHANGES TO THE WORDING OF A TABLE A ITEM, MUST BE EXPLAINED PURSUANT TO SECTION 5.E.II(2). NOTWITHSTANDING TABLE A ITEMS 5 AND 11, IF AN ENGINEERING DESIGN SURVEY IS DESIRED AS PART OF AN ALTA/NSPS LAND TITLE SURVEY, SUCH SERVICES SHOULD BE NEGOTIATED UNDER TABLE A, ITEM 20.
IF CHECKED, THE FOLLOWING OPTIONAL ITEMS ARE TO BE INCLUDED IN THE ALTA/NSPS LAND TITLE SURVEY, EXCEPT AS OTHERWISE QUALIFIED (SEE NOTE ABOVE):

1. ✓ MONUMENTS PLACED (OR A REFERENCE MONUMENT OR WITNESS TO THE CORNER) AT ALL MAJOR CORNERS OF THE BOUNDARY OF THE SURVEYED PROPERTY, UNLESS ALREADY MARKED OR REFERENCED BY EXISTING MONUMENTS OR WITNESSES IN CLOSE PROXIMITY TO THE CORNER.
2. ✓ ADDRESS(ES) OF THE SURVEYED PROPERTY IF DISCLOSED IN DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR, OR OBSERVED WHILE CONDUCTING THE FIELDWORK.
3. ✓ FLOOD ZONE CLASSIFICATION (WITH PROPER ANNOTATION BASED ON FEDERAL FLOOD INSURANCE RATE MAPS OR THE STATE OR LOCAL EQUIVALENT) DEPICTED BY SCALED MAP LOCATION AND GRAPHIC PLOTTING ONLY.
4. ✓ GROSS LAND AREA (AND OTHER AREAS IF SPECIFIED BY THE CLIENT).
5. ✓ VERTICAL RELIEF WITH THE SOURCE OF INFORMATION (E.G., GROUND SURVEY, AERIAL MAP), CONTOUR INTERVAL, DATUM, WITH ORIGINATING BENCHMARK, WHEN APPROPRIATE.
6. (A) IF THE CURRENT ZONING CLASSIFICATION, SETBACK REQUIREMENTS, THE HEIGHT AND FLOOR SPACE AREA RESTRICTIONS, AND PARKING REQUIREMENTS SPECIFIC TO THE SURVEYED PROPERTY ARE SET FORTH IN A ZONING REPORT OR LETTER PROVIDED TO THE SURVEYOR BY THE CLIENT OR THE CLIENT'S DESIGNATED REPRESENTATIVE, LIST THE ABOVE ITEMS ON THE PLAT OR MAP AND IDENTIFY THE DATE AND SOURCE OF THE REPORT OR LETTER.
(B) IF THE ZONING SETBACK REQUIREMENTS SPECIFIC TO THE SURVEYED PROPERTY ARE SET FORTH IN A ZONING REPORT OR LETTER PROVIDED TO THE SURVEYOR BY THE CLIENT OR THE CLIENT'S DESIGNATED REPRESENTATIVE, AND IF THOSE REQUIREMENTS DO NOT REQUIRE AN INTERPRETATION BY THE SURVEYOR, GRAPHICALLY DEPICT THOSE REQUIREMENTS ON THE PLAT OR MAP AND IDENTIFY THE DATE AND SOURCE OF THE REPORT OR LETTER.
7. ✓ (A) EXTERIOR DIMENSIONS OF ALL BUILDINGS AT GROUND LEVEL.
(B) SQUARE FOOTAGE OF:
_____ (1) EXTERIOR FOOTPRINT OF ALL BUILDINGS AT GROUND LEVEL.
_____ (2) OTHER AREAS AS SPECIFIED BY THE CLIENT.
_____ (C) MEASURED HEIGHT OF ALL BUILDINGS ABOVE GRADE AT A LOCATION SPECIFIED BY THE CLIENT. IF NO LOCATION IS SPECIFIED, THE POINT OF MEASUREMENT SHALL BE IDENTIFIED.
8. ✓ SUBSTANTIAL FEATURES OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK (IN ADDITION TO THE IMPROVEMENTS AND FEATURES REQUIRED PURSUANT TO SECTION 5 ABOVE) (E.G., PARKING LOTS, BILLBOARDS, SIGNS, SWIMMING POOLS, LANDSCAPED AREAS, SUBSTANTIAL AREAS OF REFUSE).
9. ✓ NUMBER AND TYPE (E.G., DISABLED, MOTORCYCLE, REGULAR, AND OTHER MARKED SPECIALIZED TYPES) OF CLEARLY IDENTIFIABLE PARKING SPACES ON SURFACE PARKING AREAS, LOTS, AND IN PARKING STRUCTURES. STRIPING OF CLEARLY IDENTIFIABLE PARKING SPACES ON SURFACE PARKING AREAS AND LOTS.
10. _____ AS DESIGNATED BY THE CLIENT, A DETERMINATION OF THE RELATIONSHIP AND LOCATION OF CERTAIN DIVISION OR PARTY WALLS WITH RESPECT TO ADJOINING PROPERTIES.
11. EVIDENCE OF UNDERGROUND UTILITIES EXISTING ON OR SERVING THE SURVEYED PROPERTY (IN ADDITION TO THE OBSERVED EVIDENCE OF UTILITIES REQUIRED PURSUANT TO SECTION 5.E.IV.) AS DETERMINED BY:
✓ (A) PLANS AND/OR REPORTS PROVIDED BY CLIENT (WITH REFERENCE AS TO THE SOURCES OF INFORMATION)
✓ (B) MARKINGS COORDINATED BY THE SURVEYOR PURSUANT TO A PRIVATE UTILITY LOCATE REQUEST.
NOTE TO THE CLIENT, INSURER, AND LENDER - WITH REGARD TO TABLE A, ITEM 11. INFORMATION FROM THE SOURCES CHECKED ABOVE WILL BE COMBINED WITH OBSERVED EVIDENCE OF UTILITIES PURSUANT TO SECTION 5.E.IV. TO DEVELOP A VIEW OF THE UNDERGROUND UTILITIES. HOWEVER, LACKING EXCAVATION, THE EXACT LOCATION OF UNDERGROUND FEATURES CANNOT BE ACCURATELY, COMPLETELY, AND RELIABLY DEPICTED. IN ADDITION, IN SOME JURISDICTIONS, 811 OR OTHER SIMILAR UTILITY LOCATE REQUESTS FROM SURVEYORS MAY BE IGNORED OR RESULT IN AN INCOMPLETE RESPONSE, IN WHICH CASE THE SURVEYOR SHALL NOTE ON THE PLAT OR MAP HOW THIS AFFECTED THE SURVEYOR'S ASSESSMENT OF THE LOCATION OF THE UTILITIES. WHERE ADDITIONAL OR MORE DETAILED INFORMATION IS REQUIRED, THE CLIENT IS ADVISED THAT EXCAVATION MAY BE NECESSARY.
12. _____ AS SPECIFIED BY THE CLIENT, GOVERNMENTAL AGENCY SURVEY-RELATED REQUIREMENTS (E.G., HUD SURVEYS, SURVEYS FOR LEASES ON BUREAU OF LAND MANAGEMENT MANAGED LANDS). THE RELEVANT SURVEY REQUIREMENTS ARE TO BE PROVIDED BY THE CLIENT OR CLIENT'S DESIGNATED REPRESENTATIVE.
13. _____ NAMES OF ADJOINING OWNERS ACCORDING TO CURRENT TAX RECORDS. IF MORE THAN ONE OWNER, IDENTIFY THE FIRST OWNER'S NAME LISTED IN THE TAX RECORDS FOLLOWED BY "ET AL."
14. _____ AS SPECIFIED BY THE CLIENT, DISTANCE TO THE NEAREST INTERSECTING STREET.
15. _____ RECTIFIED ORTHOPHOTOGRAPHY, PHOTOGRAMMETRIC MAPPING, REMOTE SENSING, AIRBORNE/MOBILE LASER SCANNING AND OTHER SIMILAR PRODUCTS, TOOLS OR TECHNOLOGIES AS THE BASIS FOR SHOWING THE LOCATION OF CERTAIN FEATURES (EXCLUDING BOUNDARIES) WHERE GROUND MEASUREMENTS ARE NOT OTHERWISE NECESSARY TO LOCATE THOSE FEATURES TO AN APPROPRIATE AND ACCEPTABLE ACCURACY RELATIVE TO A NEARBY BOUNDARY. THE SURVEYOR MUST (A) DISCUSS THE RAMIFICATIONS OF SUCH METHODOLOGIES (E.G., THE POTENTIAL PRECISION AND COMPLETENESS OF THE DATA GATHERED THEREBY) WITH THE INSURER, LENDER, AND CLIENT PRIOR TO THE PERFORMANCE OF THE SURVEY, AND (B) PLACE A NOTE ON THE FACE OF THE SURVEY EXPLAINING THE SOURCE, DATE, PRECISION, AND OTHER RELEVANT QUALIFICATIONS OF ANY SUCH DATA.
16. _____ EVIDENCE OF RECENT EARTH MOVING WORK, BUILDING CONSTRUCTION, OR BUILDING ADDITIONS OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK.
17. ✓ PROPOSED CHANGES IN STREET RIGHT OF WAY LINES, IF SUCH INFORMATION IS MADE AVAILABLE TO THE SURVEYOR BY THE CONTROLLING JURISDICTION. EVIDENCE OF RECENT STREET OR SIDEWALK CONSTRUCTION OR REPAIRS OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK.
18. ✓ PURSUANT TO SECTIONS 5 AND 6 (AND APPLICABLE SELECTED TABLE A ITEMS, EXCLUDING TABLE A ITEM 12, INCLUDE AS PART OF THE SURVEY ANY PLOTTABLE OFFSITE (I.E., APPURTENANT) EASEMENTS DISCLOSED IN DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR.
19. ✓ PROFESSIONAL LIABILITY INSURANCE POLICY OBTAINED BY THE SURVEYOR IN THE MINIMUM AMOUNT OF $ _____ TO BE IN EFFECT THROUGHOUT THE CONTRACT TERM. CERTIFICATE OF INSURANCE TO BE FURNISHED UPON REQUEST, BUT THIS ITEM SHALL NOT BE ADDRESSED ON THE FACE OF THE PLAT OR MAP.
20. _____

CERTIFICATION:

TO
11760 PROPERTY, LLC, A FLORIDA LIMITED LIABILITY COMPANY
FLORIDA TITLE & GUARANTEE AGENCY
FIDELITY NATIONAL TITLE INSURANCE COMPANY

THIS IS TO CERTIFY THAT THIS MAP OR PLAT AND THE SURVEY ON WHICH IT IS BASED WERE MADE IN ACCORDANCE WITH THE 2021 MINIMUM STANDARD DETAIL REQUIREMENTS FOR ALTA/NSPS LAND TITLE SURVEYS, JOINTLY ESTABLISHED AND ADOPTED BY ALTA AND NSPS, AND INCLUDES ITEMS 1-6, 7(a), 8-9, 11 (a), (b) AND 17-19 OF TABLE A THEREOF. THE FIELDWORK WAS COMPLETED ON 8/25/2022.

DATE OF PLAT OR MAP: AUGUST 25, 2022

BY: Leland F. DeSard SURVEY DATE: 8/25/2022

(SURVEYOR'S SIGNATURE, PRINTED NAME AND SEAL WITH REGISTRATION/LICENSE NUMBER)

MINIMUM STANDARD DETAIL REQUIREMENTS FOR ALTA/NSPS LAND TITLE SURVEYS (EFFECTIVE FEBRUARY 23, 2021)

PURPOSE - MEMBERS OF THE AMERICAN LAND TITLE ASSOCIATION® (ALTA) HAVE SPECIFIC NEEDS, UNIQUE TO TITLE INSURANCE MATTERS, WHEN ASKED TO INSURE TITLE TO LAND WITHOUT EXCEPTION AS TO THE MANY MATTERS WHICH MIGHT BE DISCOVERABLE FROM SURVEY AND INSPECTION, AND WHICH ARE NOT EVIDENCED BY THE PUBLIC RECORDS.

FOR A SURVEY OF REAL PROPERTY, AND THE PLAT, MAP OR RECORD OF SUCH SURVEY, TO BE ACCEPTABLE TO A TITLE INSURANCE COMPANY FOR THE PURPOSE OF INSURING TITLE TO SAID REAL PROPERTY FREE AND CLEAR OF SURVEY MATTERS (EXCEPT THOSE MATTERS DISCLOSED BY THE SURVEY AND INDICATED ON THE PLAT OR MAP), CERTAIN SPECIFIC AND PERTINENT INFORMATION MUST BE PRESENTED FOR THE DISTINCT AND CLEAR UNDERSTANDING BETWEEN THE INSURED, THE CLIENT (IF DIFFERENT FROM THE INSURED), THE TITLE INSURANCE COMPANY (INSURER), THE LENDER, AND THE SURVEYOR PROFESSIONALLY RESPONSIBLE FOR THE SURVEY.

IN ORDER TO MEET SUCH NEEDS, CLIENTS, INSURERS, INSUREDS, AND LENDERS ARE ENTITLED TO RELY ON SURVEYORS TO CONDUCT SURVEYS AND PREPARE ASSOCIATED PLATS OR MAPS THAT ARE OF A PROFESSIONAL QUALITY AND APPROPRIATELY UNIFORM, COMPLETE, AND ACCURATE. TO THAT END, AND IN THE INTERESTS OF THE GENERAL PUBLIC, THE SURVEYING PROFESSION, TITLE INSURERS, AND ABSTRACTERS, THE ALTA AND THE NSPS JOINTLY PROMULGATE THE WITHIN DETAILS AND CRITERIA SETTING FORTH A MINIMUM STANDARD OF PERFORMANCE FOR ALTA/NSPS LAND TITLE SURVEYS. A COMPLETE 2021 ALTA/NSPS LAND TITLE SURVEY INCLUDES:
(i) THE ON-SITE FIELDWORK REQUIRED PURSUANT TO SECTION 5,
(ii) THE PREPARATION OF A PLAT OR MAP PURSUANT TO SECTION 6 SHOWING THE RESULTS OF THE FIELDWORK AND ITS RELATIONSHIP TO DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR PURSUANT TO SECTION 4,
(iii) ANY INFORMATION FROM TABLE A ITEMS REQUESTED BY THE CLIENT, AND
(iv) THE CERTIFICATION OUTLINED IN SECTION 7.

2. REQUEST FOR SURVEY - THE CLIENT SHALL REQUEST THE SURVEY, OR ARRANGE FOR THE SURVEY TO BE REQUESTED, AND SHALL PROVIDE A WRITTEN AUTHORIZATION TO PROCEED FROM THE PERSON OR ENTITY RESPONSIBLE FOR PAYING FOR THE SURVEY. UNLESS SPECIFICALLY AUTHORIZED IN WRITING BY THE INSURER, THE INSURER SHALL NOT BE RESPONSIBLE FOR ANY COSTS ASSOCIATED WITH THE PREPARATION OF THE SURVEY. THE REQUEST MUST SPECIFY THAT AN "ALTA/NSPS LAND TITLE SURVEY" IS REQUIRED AND WHICH OF THE OPTIONAL ITEMS LISTED IN TABLE A, IF ANY, ARE TO BE INCORPORATED. CERTAIN PROPERTIES OR INTERESTS IN REAL PROPERTIES MAY PRESENT ISSUES OUTSIDE THOSE NORMALLY ENCOUNTERED ON AN ALTA/NSPS LAND TITLE SURVEY (E.G., MARINAS, CAMPGROUNDS, MOBILE HOME PARKS, EASEMENTS, LEASES, MINERAL INTERESTS, OTHER NON-FEE SIMPLE INTERESTS). THE SCOPE OF WORK RELATED TO SURVEYS OF SUCH PROPERTIES OR INTERESTS IN REAL PROPERTIES SHOULD BE DISCUSSED WITH THE CLIENT, LENDER, AND INSURER, AND AGREED UPON IN WRITING PRIOR TO COMMENCING WORK ON THE SURVEY. WHERE REQUIRED, THE CLIENT SHALL SECURE PERMISSION FOR THE SURVEYOR TO ENTER UPON THE PROPERTY TO BE SURVEYED, ADJOINING PROPERTIES, OR OFFSITE EASEMENTS.

3. SURVEYING STANDARDS AND STANDARDS OF CARE
A. EFFECTIVE DATE - THE 2021 MINIMUM STANDARD DETAIL REQUIREMENTS FOR ALTA/NSPS LAND TITLE SURVEYS ARE EFFECTIVE FEBRUARY 23, 2021. AS OF THAT DATE, ALL PREVIOUS VERSIONS OF THE MINIMUM STANDARD DETAIL REQUIREMENTS FOR ALTA/NSPS LAND TITLE SURVEYS ARE SUPERSEDED BY THESE STANDARDS.
B. OTHER REQUIREMENTS AND STANDARDS OF PRACTICE - MANY STATES AND SOME LOCAL JURISDICTIONS HAVE ADOPTED STATUTES, ADMINISTRATIVE RULES AND/OR ORDINANCES THAT SET OUT STANDARDS REGULATING THE PRACTICE OF SURVEYING WITHIN THEIR JURISDICTIONS. IN ADDITION TO THE STANDARDS SET FORTH HEREIN, SURVEYORS MUST ALSO CONDUCT THEIR SURVEYS IN ACCORDANCE WITH APPLICABLE JURISDICTIONAL SURVEY REQUIREMENTS AND STANDARDS OF PRACTICE. WHERE CONFLICTS EXIST BETWEEN THE STANDARDS SET FORTH HEREIN AND ANY SUCH JURISDICTIONAL REQUIREMENTS AND STANDARDS OF PRACTICE OCCUR, THE MORE STRINGENT MUST APPLY.
C. THE NORMAL STANDARD OF CARE - SURVEYORS SHOULD RECOGNIZE THAT THERE MAY BE UNWRITTEN LOCAL, STATE, AND/OR REGIONAL STANDARDS OF PRACTICE AS DEFINED BY THE PRACTICE OF THE "PRUDENT SURVEYOR" IN THOSE LOCALES.
D. BOUNDARY - THE BOUNDARY LINES AND CORNERS OF ANY PROPERTY OR INTEREST IN REAL PROPERTY BEING SURVEYED (HEREAFTER, THE "SURVEYED PROPERTY" OR "PROPERTY TO BE SURVEYED") AS PART OF AN ALTA/NSPS LAND TITLE SURVEY MUST BE ESTABLISHED AND/OR RETRACED IN ACCORDANCE WITH APPROPRIATE BOUNDARY LAW PRINCIPLES GOVERNED BY THE SET OF FACTS AND EVIDENCE FOUND IN THE COURSE OF PERFORMING THE RESEARCH AND FIELDWORK.
E. MEASUREMENT STANDARDS - THE FOLLOWING MEASUREMENT STANDARDS ADDRESS RELATIVE POSITIONAL PRECISION FOR THE MONUMENTS OR WITNESSES MARKING ANY CORNER OF THE SURVEYED PROPERTY:
i. "RELATIVE POSITIONAL PRECISION" MEANS THE LENGTH OF THE SEMI-MAJOR AXIS, EXPRESSED IN METERS OR FEET, OF THE ERROR ELLIPSE REPRESENTING THE UNCERTAINTY IN THE POSITION OF THE MONUMENT OR WITNESS MARKING ANY BOUNDARY CORNER OF THE SURVEYED PROPERTY RELATIVE TO THE POSITION OF THE MONUMENT OR WITNESS MARKING AN IMMEDIATELY ADJACENT BOUNDARY CORNER OF THE SURVEYED PROPERTY RESULTING FROM RANDOM ERRORS IN THE MEASUREMENTS AT THE 95 PERCENT CONFIDENCE LEVEL.
RELATIVE POSITIONAL PRECISION CAN BE ESTIMATED BY THE RESULTS OF A CORRECTLY WEIGHTED LEAST SQUARES ADJUSTMENT OF THE SURVEY. ALTERNATIVELY, RELATIVE POSITIONAL PRECISION CAN BE ESTIMATED BY THE STANDARD DEVIATION OF THE MONUMENT OR WITNESS MARKING ANY BOUNDARY CORNER OF THE SURVEYED PROPERTY AND THE MONUMENT OR WITNESS MARKING AN IMMEDIATELY ADJACENT BOUNDARY CORNER OF THE SURVEYED PROPERTY (CALLED LOCAL ACCURACY) THAT CAN BE COMPUTED USING THE FULL COVARIANCE MATRIX OF THE COORDINATE INVERSE BETWEEN THE POINTS, UNDERSTANDING THAT RELATIVE POSITIONAL PRECISION IS BASED ON THE 95 PERCENT CONFIDENCE LEVEL, OR APPROXIMATELY 2 STANDARD DEVIATIONS.
ii. ANY BOUNDARY LINES AND CORNERS ESTABLISHED OR RETRACED MAY HAVE UNCERTAINTIES IN LOCATION RESULTING FROM (1) THE AVAILABILITY, CONDITION, HISTORY AND INTEGRITY OF REFERENCE OR CONTROLLING MONUMENTS; (2) AMBIGUITIES IN THE RECORD DESCRIPTIONS OR PLATS OF THE SURVEYED PROPERTY OR ITS ADJOINERS, (3) OCCUPATION OR POSSESSION LINES AS THEY MAY DIFFER FROM THE WRITTEN TITLE LINES, OR (4) RELATIVE POSITIONAL PRECISION OF THESE FOUR SOURCES OF UNCERTAINTY, ONLY RELATIVE POSITIONAL PRECISION IS CONTROLLABLE; HOWEVER, THE INHERENT ERRORS IN ANY MEASUREMENT CANNOT BE ELIMINATED. THE MAGNITUDE OF THE FIRST THREE UNCERTAINTIES CAN BE PROJECTED BASED ON EVIDENCE; RELATIVE POSITIONAL PRECISION IS ESTIMATED USING STATISTICAL MEANS (SEE SECTION 3.E.I ABOVE AND SECTION 3.E.V. BELOW).
iii. THE FIRST THREE OF THESE SOURCES OF UNCERTAINTY MUST BE WEIGHED AS PART OF THE EVIDENCE IN THE DETERMINATION OF WHERE, IN THE SURVEYOR'S OPINION, THE BOUNDARY LINES AND CORNERS OF THE SURVEYED PROPERTY SHOULD BE LOCATED (SEE SECTION 3.D. ABOVE). RELATIVE POSITIONAL PRECISION IS A MEASURE OF HOW PRECISELY THE SURVEYOR IS ABLE TO MONUMENT AND REPORT THOSE POSITIONS; IT IS NOT A SUBSTITUTE FOR THE APPLICATION OF PROPER BOUNDARY LAW PRINCIPLES. A BOUNDARY CORNER OR LINE MAY HAVE A SMALL RELATIVE POSITIONAL PRECISION BECAUSE THE SURVEY MEASUREMENTS WERE PRECISE, YET STILL BE IN THE WRONG POSITION (I.E., INACCURATE) IF IT WAS ESTABLISHED OR RETRACED USING FAULTY OR IMPROPER APPLICATION OF BOUNDARY LAW PRINCIPLES.
iv. FOR ANY MEASUREMENT TECHNOLOGY OR PROCEDURE USED ON AN ALTA/NSPS LAND TITLE SURVEY, THE SURVEYOR MUST (1) USE, (2) COMPENSATE FOR SYSTEMATIC ERRORS, AND (3) MINIMIZE BY PLANNING THOSE ASSOCIATED WITH INSTRUMENT CALIBRATION, AND (3) USE APPROPRIATE ERROR PROPAGATION AND MEASUREMENT DESIGN THEORY (SELECTING THE PROPER INSTRUMENTS, GEOMETRIC LAYOUTS, AND FIELD AND COMPUTATIONAL PROCEDURES) TO CONTROL RANDOM ERRORS SUCH THAT THE MAXIMUM ALLOWABLE RELATIVE POSITIONAL PRECISION OUTLINED IN SECTION 3.E.V. BELOW IS NOT EXCEEDED.
v. THE MAXIMUM ALLOWABLE RELATIVE POSITIONAL PRECISION FOR AN ALTA/NSPS LAND TITLE SURVEY IS 2 CM (0.07 FEET) PLUS 50 PARTS PER MILLION (BASED ON THE DIRECT DISTANCE BETWEEN THE TWO CORNERS BEING TESTED). IT IS RECOGNIZED THAT IN CERTAIN CIRCUMSTANCES, THE SIZE OR CONFIGURATION OF THE SURVEYED PROPERTY, OR THE RELIEF, VEGETATION, OR IMPROVEMENTS ON THE SURVEYED PROPERTY, MAY PREVENT THE SURVEY MEASUREMENTS FOR WHICH THE MAXIMUM ALLOWABLE RELATIVE POSITIONAL PRECISION MAY BE EXCEEDED IN WHICH CASE THE REASON SHALL BE NOTED PURSUANT TO SECTION 6.B.X. BELOW.

4. RECORDS RESEARCH - IT IS RECOGNIZED THAT FOR THE PERFORMANCE OF AN ALTA/NSPS LAND TITLE SURVEY, THE SURVEYOR WILL BE PROVIDED WITH APPROPRIATE AND, WHEN POSSIBLE, LEGIBLE DATA THAT CAN BE RELIED UPON IN THE PREPARATION OF THE SURVEY. IN ORDER TO COMPLETE AN ALTA/NSPS LAND TITLE SURVEY, THE SURVEYOR MUST BE PROVIDED WITH THE FOLLOWING:
A. THE CURRENT RECORD DESCRIPTION OF THE REAL PROPERTY TO BE SURVEYED, OR, IN THE CASE OF AN ORIGINAL SURVEY PREPARED FOR PURPOSES OF LOCATING AND DESCRIBING REAL PROPERTY THAT HAS NOT BEEN PREVIOUSLY SEPARATELY DESCRIBED IN DOCUMENTS CONVEYING AN INTEREST IN THE REAL PROPERTY, THE CURRENT RECORD DESCRIPTION OF THE PARENT PARCEL THAT CONTAINS THE PROPERTY TO BE SURVEYED,
B. COMPLETE COPIES OF THE MOST RECENT TITLE COMMITMENT OR, IF A TITLE COMMITMENT IS NOT AVAILABLE, OTHER TITLE EVIDENCE SATISFACTORY TO THE TITLE INSURER;
C. THE FOLLOWING DOCUMENTS FROM RECORDS ESTABLISHED UNDER STATE STATUTES FOR THE PURPOSE OF IMPARTING CONSTRUCTIVE NOTICE OF MATTERS RELATING TO REAL PROPERTY (PUBLIC RECORDS):
I. THE CURRENT RECORD DESCRIPTIONS OF ANY ADJOINERS TO THE PROPERTY TO BE SURVEYED, EXCEPT WHERE SUCH ADJOINERS ARE LOTS IN PLATTED, RECORDED SUBDIVISIONS,
II. ANY RECORDED EASEMENTS BENEFITTING THE PROPERTY TO BE SURVEYED; AND
III. ANY RECORDED EASEMENTS, SERVITUDES, OR COVENANTS BURDENING THE PROPERTY TO BE SURVEYED; AND
D. IF DESIRED BY THE CLIENT, ANY UNRECORDED DOCUMENTS AFFECTING THE PROPERTY TO BE SURVEYED AND CONTAINING INFORMATION TO WHICH THE SURVEY SHALL MAKE REFERENCE.
EXCEPTIONS, HOWEVER, IF THE DOCUMENTS IN THIS SECTION ARE NOT PROVIDED TO THE SURVEYOR OR IF NON-PUBLIC OR QUASI-PUBLIC DOCUMENTS ARE OTHERWISE REQUIRED TO COMPLETE THE SURVEY, THE SURVEYOR MUST CONDUCT THAT RESEARCH WHICH IS REQUIRED PURSUANT TO THE STATUTORY OR ADMINISTRATIVE REQUIREMENTS OF THE JURISDICTION WHERE THE SURVEYED PROPERTY IS LOCATED AND THAT RESEARCH (IF ANY) WHICH IS NEGOTIATED AND OUTLINED IN THE TERMS OF THE CONTRACT BETWEEN THE SURVEYOR AND THE CLIENT.

5. FIELDWORK - THE SURVEY MUST BE PERFORMED ON THE GROUND (EXCEPT AS MAY BE OTHERWISE NEGOTIATED PURSUANT TO TABLE A, ITEM 15 BELOW). EXCEPT AS RELATED TO THE PRECISION OF THE BOUNDARY, WHICH IS ADDRESSED IN SECTION 3.E. ABOVE, FEATURES LOCATED DURING THE FIELDWORK SHALL BE LOCATED TO WHAT IS, IN THE SURVEYOR'S PROFESSIONAL OPINION, THE APPROPRIATE DEGREE OF PRECISION BASED ON (A) THE PLANNED USE OF THE SURVEYED PROPERTY, IF REPORTED IN WRITING TO THE SURVEYOR BY THE CLIENT, LENDER, OR INSURER, OR (B) THE EXISTING USE, IF THE PLANNED USE IS NOT SO REPORTED. THE FIELDWORK SHALL INCLUDE THE FOLLOWING:
A. MONUMENTS
I. THE LOCATION, SIZE, CHARACTER, AND TYPE OF ANY MONUMENTS FOUND DURING THE FIELDWORK.
II. THE LOCATION, SIZE, CHARACTER, AND TYPE OF ANY MONUMENTS SET DURING THE FIELDWORK, IF ITEM 1 OF TABLE A WAS SELECTED OR IF OTHERWISE REQUIRED BY APPLICABLE JURISDICTIONAL REQUIREMENTS AND/OR STANDARDS OF PRACTICE.
III. THE LOCATION, DESCRIPTION, AND CHARACTER OF ANY LINES THAT CONTROL THE BOUNDARIES OF THE SURVEYED PROPERTY.
B. RIGHTS OF WAY AND ACCESS
I. THE DISTANCE FROM THE APPROPRIATE CORNER OR CORNERS OF THE SURVEYED PROPERTY TO THE NEAREST RIGHT OF WAY LINE, IF THE SURVEYED PROPERTY DOES NOT ABUT A RIGHT OF WAY.
II. THE NAME OF ANY STREET, HIGHWAY, OR OTHER PUBLIC OR PRIVATE WAY ABUTTING THE SURVEYED PROPERTY, TOGETHER WITH THE WIDTH OF THE TRAVELLED WAY AND THE LOCATION OF EACH EDGE OF THE TRAVELLED WAY INCLUDING ON DIVIDED STREETS AND HIGHWAYS. IF THE DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR PURSUANT TO SECTION 4 INDICATE NO ACCESS FROM THE SURVEYED PROPERTY TO THE ABUTTING STREET OR HIGHWAY, THE WIDTH AND LOCATION OF THE TRAVELLED WAY NEED NOT BE LOCATED.
III. VISIBLE EVIDENCE OF PHYSICAL ACCESS (E.G., CURB CUTS, DRIVEWAYS) TO ANY ABUTTING STREETS, HIGHWAYS, OR OTHER PUBLIC OR PRIVATE WAYS.
IV. THE LOCATION AND CHARACTER OF VEHICULAR, PEDESTRIAN, OR OTHER FORMS OF ACCESS BY OTHER THAN THE APPARENT OCCUPANTS OF THE SURVEYED PROPERTY TO OR ACROSS THE SURVEYED PROPERTY OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK (E.G., DRIVEWAYS, ALLEYS, PRIVATE ROADS, RAILROADS, RAILROAD SIDINGS AND SPURS, SIDEWALKS, FOOTPATHS).
V. WITHOUT EXPRESSING A LEGAL OPINION AS TO OWNERSHIP OR NATURE, THE LOCATION AND EXTENT OF ANY POTENTIALLY ENCROACHING ROADS, ALLEYS, AND OTHER WAYS OF ACCESS ACROSS ADJOINING PROPERTIES ONTO THE SURVEYED PROPERTY OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK.
VI. WHERE DOCUMENTATION OF THE LOCATION OF ANY STREET, ROAD, OR HIGHWAY RIGHT OF WAY ABUTTING, ON, OR CROSSING THE SURVEYED PROPERTY WAS NOT DISCLOSED IN DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR, OR WAS NOT OTHERWISE AVAILABLE FROM THE CONTROLLING JURISDICTION (SEE SECTION 6.C.IV. BELOW), THE EVIDENCE AND LOCATION OF PARCEL CORNERS ON THE SAME SIDE OF THE STREET AS THE SURVEYED PROPERTY RECOVERED DURING THE FIELDWORK FROM WHICH MAY INDICATE THE LOCATION OF THE RIGHT OF WAY LINES (E.G., LINES OF OCCUPATION, SURVEY MONUMENTS).
VII. EVIDENCE OF ACCESS TO AND FROM WATERS ADJOINING THE SURVEYED PROPERTY OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK (E.G., PATHS, RAMPS, SLIPS, LAUNCHES, PIERS, DOCKS).
C. LINES OF POSSESSION AND IMPROVEMENTS ALONG THE BOUNDARIES
I. THE CHARACTER AND LOCATION OF EVIDENCE OF POSSESSION OR OCCUPATION ALONG THE PERIMETER OF THE SURVEYED PROPERTY, BOTH BY THE OCCUPANTS OF THE SURVEYED PROPERTY AND BY ADJOINERS, OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK.
II. UNLESS PHYSICAL ACCESS IS RESTRICTED, THE CHARACTER AND LOCATION OF ALL WALLS, BUILDINGS, FENCES, AND OTHER IMPROVEMENTS WITHIN FIVE FEET OF EACH SIDE OF THE BOUNDARY LINES OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK (SEE SECTION 5.E.IV. REGARDING UTILITY POLES). TREES, BUSHES, SHRUBS, AND OTHER VEGETATION NEED NOT BE LOCATED OTHER THAN AS SPECIFIED IN THE CONTRACT, UNLESS THEY ARE DEEMED BY THE SURVEYOR TO BE EVIDENCE OF POSSESSION OR OCCUPATION PURSUANT TO SECTION 5.C.I.
III. WITHOUT EXPRESSING A LEGAL OPINION AS TO THE OWNERSHIP OR NATURE OF THE POTENTIAL ENCROACHMENT, THE EVIDENCE, LOCATION, AND EXTENT OF POTENTIALLY ENCROACHING STRUCTURAL APPURTENANCES AND PROJECTIONS OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK (E.G., FIRE ESCAPES, BAY WINDOWS, WINDOW WELLS, DOORS, STAIRS, STOOPS, EAVES, CORNICES, AND OVERHANGS). THE SURVEY SHALL INDICATE WHETHER ANY ENCROACHMENTS OBSERVED ARE SHARED OR ARE ON THE PROPERTY OF ADJOINERS.
D. BUILDINGS
THE LOCATION OF BUILDINGS ON THE SURVEYED PROPERTY OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK.
E. EASEMENTS AND SERVITUDES
I. EVIDENCE OF ANY EASEMENTS OR SERVITUDES BURDENING THE SURVEYED PROPERTY AS DISCLOSED IN THE DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR PURSUANT TO SECTION 4 AND OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK.
II. EVIDENCE OF EASEMENTS, SERVITUDES, OR OTHER USES BY OTHER THAN THE APPARENT OCCUPANTS OF THE SURVEYED PROPERTY OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK OR OBTAINED BY THE SURVEYOR PURSUANT TO SECTION 4, BUT OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK IF THEY ARE ON OR ACROSS THE SURVEYED PROPERTY (E.G., ROAD, DRIVES, SIDEWALKS, PATHS AND OTHER WAYS OF ACCESS, UTILITY SERVICE LINES, UTILITY LOCATE MARKINGS (INCLUDING THE SOURCE OF THE MARKINGS, WITH A NOTE IF UNKNOWN), WATER COURSES, DITCHES, DRAINS, TELEPHONE LINES, FIBER OPTIC LINES, ELECTRIC LINES, WATER LINES, SEWER LINES, OIL PIPELINES, GAS PIPELINES).
III. SURFACE INDICATIONS OF UNDERGROUND EASEMENTS OR SERVITUDES ON OR ACROSS THE SURVEYED PROPERTY OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK (E.G., UTILITY CUTS, VENT PIPES, FILLER PIPES, UTILITY LOCATE MARKINGS (INCLUDING THE MARKINGS WITH A NOTE IF UNKNOWN).
IV. EVIDENCE ON OR ABOVE THE SURFACE OF THE SURVEYED PROPERTY OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK WHICH EVIDENCE MAY INDICATE UTILITIES LOCATED ON, OVER, OR BENEATH THE SURVEYED PROPERTY. EXAMPLES OF SUCH EVIDENCE INCLUDE PIPELINE MARKERS, UTILITY LOCATE MARKINGS (INCLUDING THE SOURCE OF THE MARKINGS, WITH A NOTE IF UNKNOWN), MANHOLES, VALVES, METERS, TRANSFORMERS, PEDESTALS, CLEAN-OUTS, AND UTILITY VAULTS, BOXES, AND COVERS, AND WITH ANY ACCOMPANYING NOTES IF DEEMED NECESSARY BY THE SURVEYOR.
V. THE LOCATION OF PIPE, VALVE, OR STRUCTURE FORMING A BOUNDARY OF THE SURVEYED PROPERTY.
F. CEMETERIES
AS ACCURATELY AS THE EVIDENCE PERMITS, THE PERIMETER OF CEMETERIES AND BURIAL GROUNDS, AND THE LOCATION OF ISOLATED GRAVESITES NOT WITHIN A CEMETERY OR BURIAL GROUND, (1) DISCLOSED IN THE DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR OR (2) OBSERVED IN THE PROCESS OF CONDUCTING THE FIELDWORK.
G. WATER FEATURES
I. THE LOCATION OF SPRINGS, PONDS, LAKES, STREAMS, RIVERS, CANALS, DITCHES, MARSHES, AND SWAMPS ON, RUNNING THROUGH, OR OUTSIDE, BUT WITHIN FIVE FEET OF, THE PERIMETER BOUNDARY OF THE SURVEYED PROPERTY AND OBSERVED DURING THE PROCESS OF CONDUCTING THE FIELDWORK.
II. THE LOCATION OF THE WATER FEATURE FORMING A BOUNDARY OF THE SURVEYED PROPERTY. THE ATTRIBUTE(S) OF THE WATER FEATURE LOCATED (E.G., TOP OF BANK, EDGE OF WATER, HIGH WATER MARK) SHOULD BE CONSISTENT WITH THE BOUNDARY AS DESCRIBED IN THE RECORD DESCRIPTION OR, IN THE CASE OF AN ORIGINAL SURVEY, IN THE NEW DESCRIPTION (SEE SECTION 6.E.VI. BELOW).

6. PLAT OR MAP - THE PLAT OR MAP OF AN ALTA/NSPS LAND TITLE SURVEY SHALL SHOW THE FOLLOWING INFORMATION. WHERE DIMENSIONING IS APPROPRIATE, DIMENSIONS SHALL BE ANNOTATED TO WHAT IS, IN THE SURVEYOR'S PROFESSIONAL OPINION, THE APPROPRIATE DEGREE OF PRECISION BASED ON (A) THE PLANNED USE OF THE SURVEYED PROPERTY, IF REPORTED IN WRITING TO THE SURVEYOR BY THE CLIENT, LENDER, OR INSURER, OR (B) EXISTING USE, IF THE PLANNED USE IS NOT SO REPORTED.
A. FIELD LOCATIONS THE EVIDENCE AND LOCATIONS GATHERED, AND THE MONUMENTS AND LINES LOCATED DURING THE FIELDWORK PURSUANT TO SECTION 5 ABOVE, WITH ACCOMPANYING NOTES IF DEEMED NECESSARY BY THE SURVEYOR OR AS OTHERWISE REQUIRED AS SPECIFIED BELOW.
B. BOUNDARY, DESCRIPTIONS, DIMENSIONS, AND CLOSURES
I. (A) THE CURRENT RECORD DESCRIPTION OF THE SURVEYED PROPERTY, OR
(B) IN THE CASE OF AN ORIGINAL SURVEY, THE CURRENT RECORD DOCUMENT NUMBER OF THE PARENT TRACT THAT CONTAINS THE SURVEYED PROPERTY.
II. ANY NEW DESCRIPTION OF THE SURVEYED PROPERTY THAT WAS PREPARED IN CONJUNCTION WITH THE SURVEY, INCLUDING A STATEMENT EXPLAINING WHY THE NEW DESCRIPTION WAS PREPARED. EXCEPT IN THE CASE OF AN ORIGINAL SURVEY, PREPARATION OF A NEW DESCRIPTION SHOULD BE AVOIDED UNLESS DEEMED NECESSARY OR APPROPRIATE BY THE SURVEYOR AND INSURER. PREPARATION OF A NEW DESCRIPTION SHOULD ALSO GENERALLY BE AVOIDED WHEN THE RECORD DESCRIPTION IS A LOT OR BLOCK IN A PLATTED, RECORDED SUBDIVISION. EXCEPT IN THE CASE OF AN ORIGINAL SURVEY, IF A NEW DESCRIPTION IS PREPARED, A NOTE MUST BE PROVIDED STATING (A) THAT THE NEW DESCRIPTION DESCRIBES THE SAME REAL ESTATE AS THE RECORD DESCRIPTION OR, (B) IF IT DOES NOT, HOW THE NEW DESCRIPTION DIFFERS FROM THE RECORD DESCRIPTION.
III. THE POINT OF BEGINNING, THE REMOTE POINT OF BEGINNING OR POINT OF COMMENCEMENT (IF APPLICABLE) AND ALL DISTANCES AND DIRECTIONS IDENTIFIED IN THE RECORD DESCRIPTION OF THE SURVEYED PROPERTY (AND IN THE NEW DESCRIPTION, IF ONE WAS PREPARED). WHERE A MEASURED OR CALCULATED DIMENSION DIFFERS FROM THE RECORD BY AN AMOUNT DEEMED SIGNIFICANT BY THE SURVEYOR, SUCH DIMENSION MUST BE SHOWN IN ADDITION TO, WHERE IT DIFFERS FROM THE RECORD BASIS, THE DIFFERENCE. SHALL BE SO RECORDED OR FILED.
AND DIFFERENTIATED FROM, THE CORRESPONDING RECORD DIMENSION. ALL DIMENSIONS SHOWN ON THE SURVEY AND CONTAINED IN ANY NEW DESCRIPTION MUST BE HORIZONTAL GROUND DIMENSIONS UNLESS OTHERWISE NOTED.
IV. THE DIRECTION, DISTANCE, AND CURVE DATA NECESSARY TO COMPUTE A MATHEMATICAL CLOSURE OF THE SURVEYED BOUNDARY. A NOTE IF THE RECORD DESCRIPTION DOES NOT MATHEMATICALLY CLOSE. THE BASIS OF BEARINGS AND,
V. THE REMAINDER OF ANY RECORDED LOT OR EXISTING PARCEL, WHEN THE SURVEYED PROPERTY IS COMPOSED OF ONLY A PORTION OF SUCH LOT OR PARCEL. SHALL BE GRAPHICALLY DEPICTED. SUCH REMAINDER NEED NOT BE INCLUDED AS PART OF THE ACTUAL SURVEY, EXCEPT TO THE EXTENT NECESSARY TO LOCATE THE LINES AND CORNERS OF THE SURVEYED PROPERTY, AND IT NEED NOT BE FULLY DIMENSIONED OR DRAWN AT THE SAME SCALE AS THE SURVEYED PROPERTY.
VI. WHEN THE SURVEYED PROPERTY INCLUDES A TITLE LINE DEFINED BY A WATER BOUNDARY, A NOTE ON THE FACE OF THE PLAT OR MAP NOTING THE DATE THE BOUNDARY WAS MEASURED, WHICH ATTRIBUTE(S) OF THE WATER FEATURE WAS/WERE LOCATED, AND THE CAVEAT THAT THE BOUNDARY IS SUBJECT TO CHANGE DUE TO NATURAL CAUSES AND THAT IT MAY OR MAY NOT REPRESENT THE ACTUAL LOCATION OF THE LIMIT OF TITLE, WHEN THE SURVEYOR IS AWARE OF NATURAL OR ARTIFICIAL REALIGNMENTS OR CHANGES IN SUCH BOUNDARIES. THE EXTENT OF THOSE CHANGES AND FACTS SHALL BE SHOWN OR EXPLAINED.
VII. THE RELATIONSHIP OF THE BOUNDARIES OF THE SURVEYED PROPERTY TO ITS ADJOINERS (E.G., CONTIGUITY, GAPS, OVERLAPS) WHERE ASCERTAINABLE FROM DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR PURSUANT TO SECTION 4 AND/OR FROM FIELD EVIDENCE GATHERED DURING THE PROCESS OF CONDUCTING THE FIELDWORK. IF THE SURVEYED PROPERTY IS COMPOSED OF MULTIPLE PARCELS, THE EXTENT OF ANY GAPS OR OVERLAPS BETWEEN THOSE PARCELS MUST BE IDENTIFIED. WHERE GAPS OR OVERLAPS ARE IDENTIFIED, THE SURVEYOR MUST, PRIOR TO OR UPON DELIVERY OF THE FINAL PLAT OR MAP, DISCLOSE THIS TO THE INSURER AND CLIENT.
VIII. WHEN, IN THE OPINION OF THE SURVEYOR, THE RESULTS OF THE SURVEY DIFFER SIGNIFICANTLY FROM THE RECORD, OR IF A FUNDAMENTAL DECISION RELATED TO THE BOUNDARY RESOLUTION IS NOT CLEARLY REFLECTED ON THE PLAT OR MAP, THE SURVEYOR MUST EXPLAIN THIS INFORMATION WITH NOTES ON THE FACE OF THE PLAT OR MAP.
IX. THE LOCATION OF BUILDINGS ON THE SURVEYED PROPERTY DIMENSIONED PERPENDICULAR TO THOSE PERIMETER BOUNDARY LINES THAT THE SURVEYOR DEEMS APPROPRIATE (I.E., WHERE POTENTIALLY IMPACTED BY A SETBACK LINE) AND/OR AS REQUESTED BY THE CLIENT, LENDER OR INSURER.
X. A NOTE ON THE FACE OF THE PLAT OR MAP EXPLAINING THE SITE CONDITIONS THAT RESULTED IN A RELATIVE POSITIONAL PRECISION THAT EXCEEDS THE MAXIMUM ALLOWED PURSUANT TO SECTION 3.E.V.
XI. A NOTE ON THE FACE OF THE PLAT OR MAP IDENTIFYING AREAS, IF ANY, ON THE BOUNDARIES OF THE SURVEYED PROPERTY, TO WHICH PHYSICAL ACCESS WITHIN FIVE FEET WAS RESTRICTED (SEE SECTION 5.C.II.).
XII. A NOTE ON THE FACE OF THE PLAT OR MAP IDENTIFYING THE SOURCE OF THE TITLE COMMITMENT OR OTHER TITLE EVIDENCE PROVIDED PURSUANT TO SECTION 4, AND THE EFFECTIVE DATE AND THE NAME OF THE INSURER OF SAME.
C. EASEMENTS, SERVITUDES, RIGHTS OF WAY, ACCESS, AND DOCUMENTS
I. THE LOCATION, WIDTH, AND RECORDING INFORMATION OF ALL PLOTTABLE RIGHTS OF WAY, EASEMENTS, AND SERVITUDES BURDENING AND BENEFITTING THE SURVEYED PROPERTY, AS EVIDENCED BY DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR PURSUANT TO SECTION 4,
II. A SUMMARY OF ALL RIGHTS OF WAY, EASEMENTS, AND OTHER SURVEY-RELATED MATTERS BURDENING THE SURVEYED PROPERTY AS EVIDENCED BY DOCUMENTS PROVIDED TO OR OBTAINED BY THE SURVEYOR PURSUANT TO SECTION 4. SUCH SUMMARY MUST INCLUDE THE RECORD INFORMATION OF EACH SUCH RIGHT OF WAY, EASEMENT, OR OTHER SURVEY-RELATED MATTER, A STATEMENT INDICATING WHETHER IT LIES WITHIN OR CROSSES THE SURVEYED PROPERTY, AND A RELATED NOTE IF:
(A) ITS LOCATION IS SHOWN,
(B) ITS L

CAR WASH NOISE STUDY

CAR WASH NOISE STUDY

11760, Tamiami Trail E, Naples, Florida

Prepared for:

11760 Property LLC

21 Sawgrass Drive

Lemont, IL 60439

Prepared by:

Robert M. Lilkendey, Principal Consultant

RML Acoustics, LLC

14688 NW 150th Lane

Alachua, Florida 32615

January 31, 2024

I. INTRODUCTION

RML Acoustics was engaged to perform a study to estimate the noise levels from equipment to be used at a proposed car wash facility to be located at 11760 Tamiami Trail East in Naples, Florida, to compare the results to the quantitative noise level limits described in the Collier County Noise Ordinance, and to provide recommendations to reduce the sound levels to comply with the noise level limits, if necessary. Sound level measurements conducted by RML Acoustics at a similar car wash in Orlando, Florida, were used to obtain noise source data for the analysis. Figure 1 on Page 2 contains an aerial showing the location of the proposed car wash and vacuum/cleaning stations relative to the Hitching Post Co-Op, Inc., which is the nearest residential development to the southwest and the receiving property of concern for this study.

II. NOISE SOURCES

RML Acoustics evaluated the loudest noise sources associated with the proposed car wash facility – the wash cycle and dryer fans in the car wash building, the vacuum producer, and the handheld vacuums when removed from their holsters and used to vacuum cars.

- According to the Client, the dryer fans that will be used are the Model A120 Advantage Drying System manufactured by Aerodry Systems, LLC. These are located at the exit from the tunnel. Noise source sound level data for the dryer fans used in the analysis was based on sound levels measured 50 ft from the tunnel entrance at a similar tunnel washer facility in Orlando, Florida, which utilizes the Model A120 Advantage Drying System. The Model A120 Advantage Drying System is the loudest (by 2 dB) of the six system options in the Advantage Drying System family according to acoustical test data provided by the manufacturer. If a different model, such as the A60 or A75 is used, the sound levels will be lower. An image of the dryer from the equipment manufacturer is included in Figure 2.

- According to the Client, the vacuum producers will be two Sonny's Model 37-K Vacuum Producers, or similar, both with 30 horsepower motors. One will be located in the building and the other in the location shown in Figure 1. Source sound level data for these units were obtained from sound level measurements conducted by RML Acoustics on an identical unit at a car wash in Orlando, Florida. A photograph of the vacuum producer is shown in Figure 3.

- Sound levels for handheld vacuums used to clean cars parked in the vacuum and cleaning stalls were obtained from a car wash in Orlando, Florida, which uses the 30 hp vacuum producers described above. A photograph showing the vacuum stations with the handheld vacuum wand in the holster is included in Figure 4.

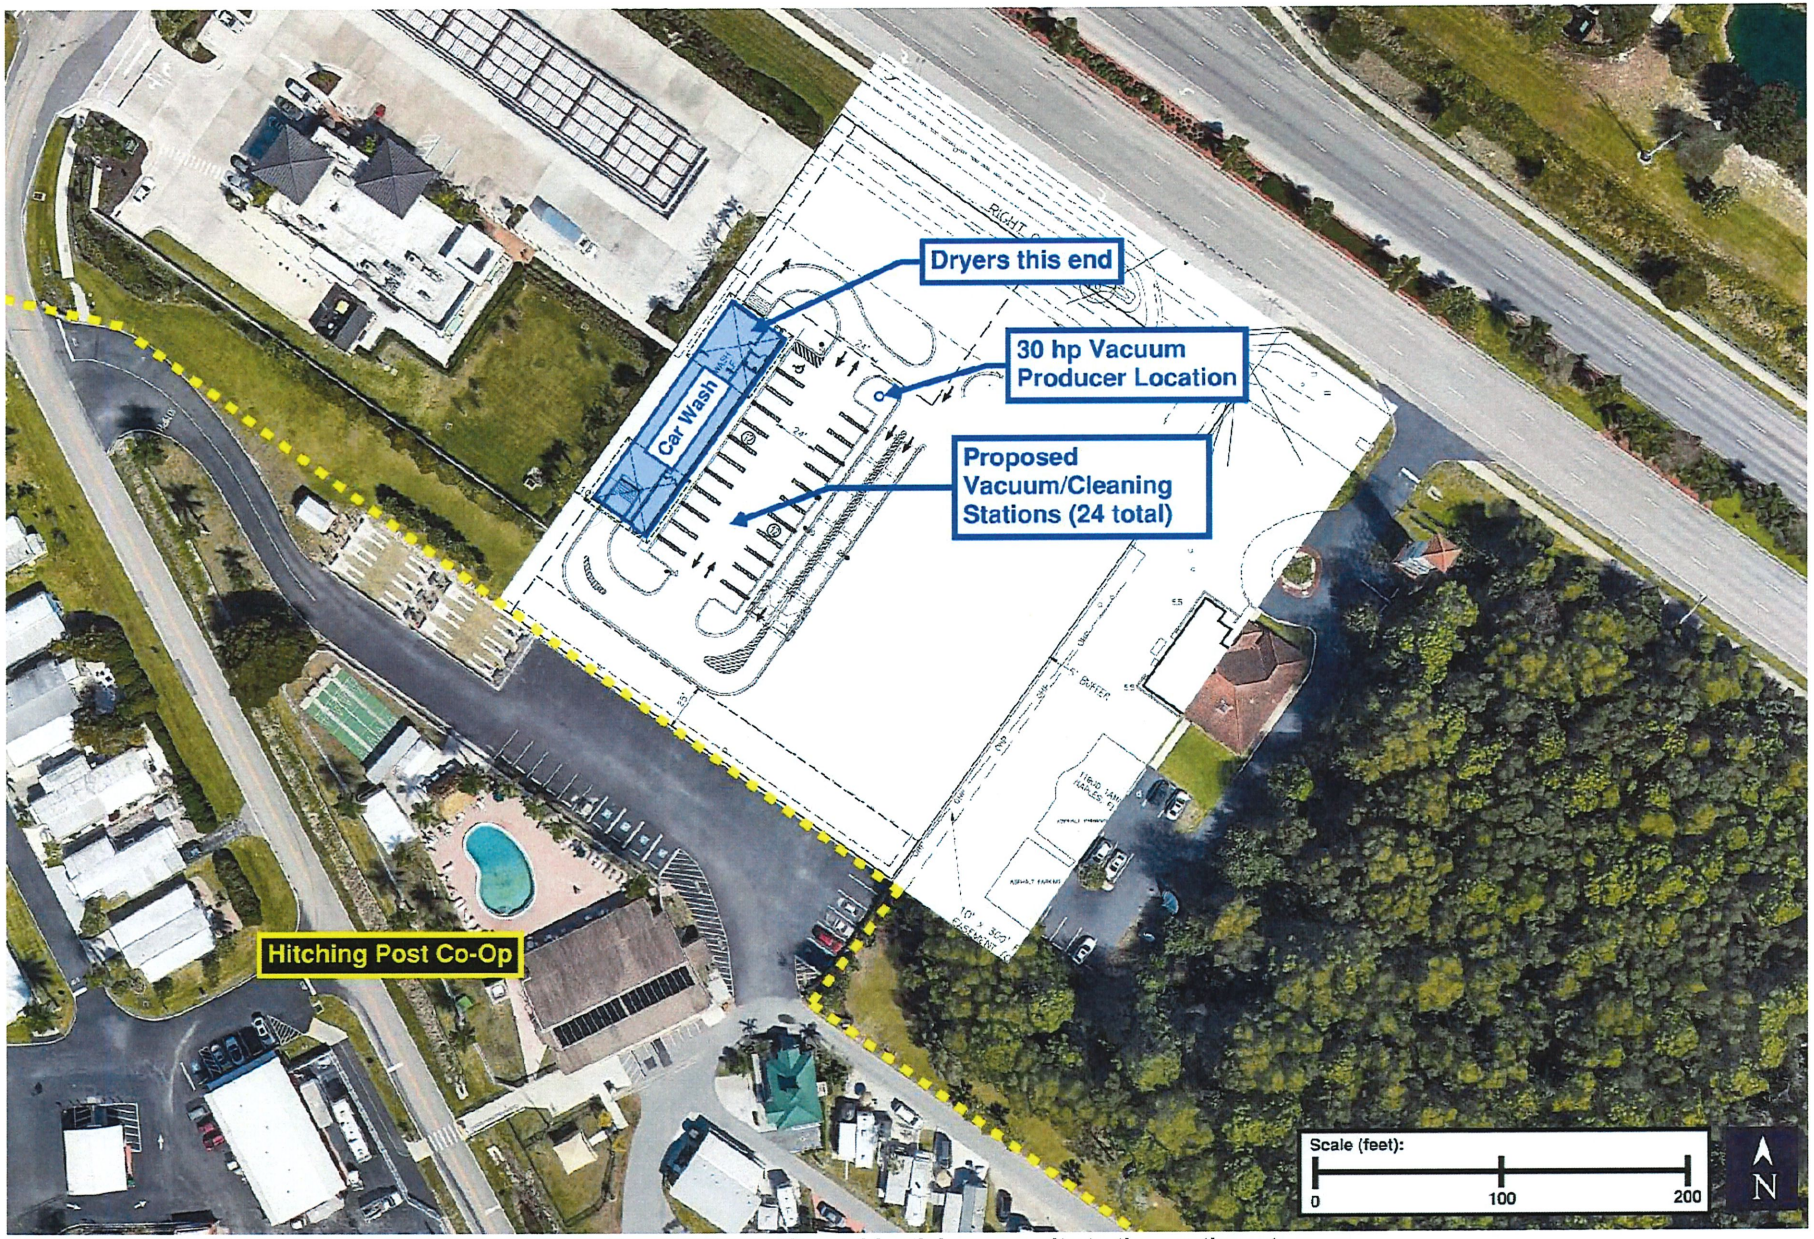

Figure 1. Aerial showing the proposed car wash location relative to the residential community to the southwest.

Figure 2. Image of Aerodry Advantage Dryer system.

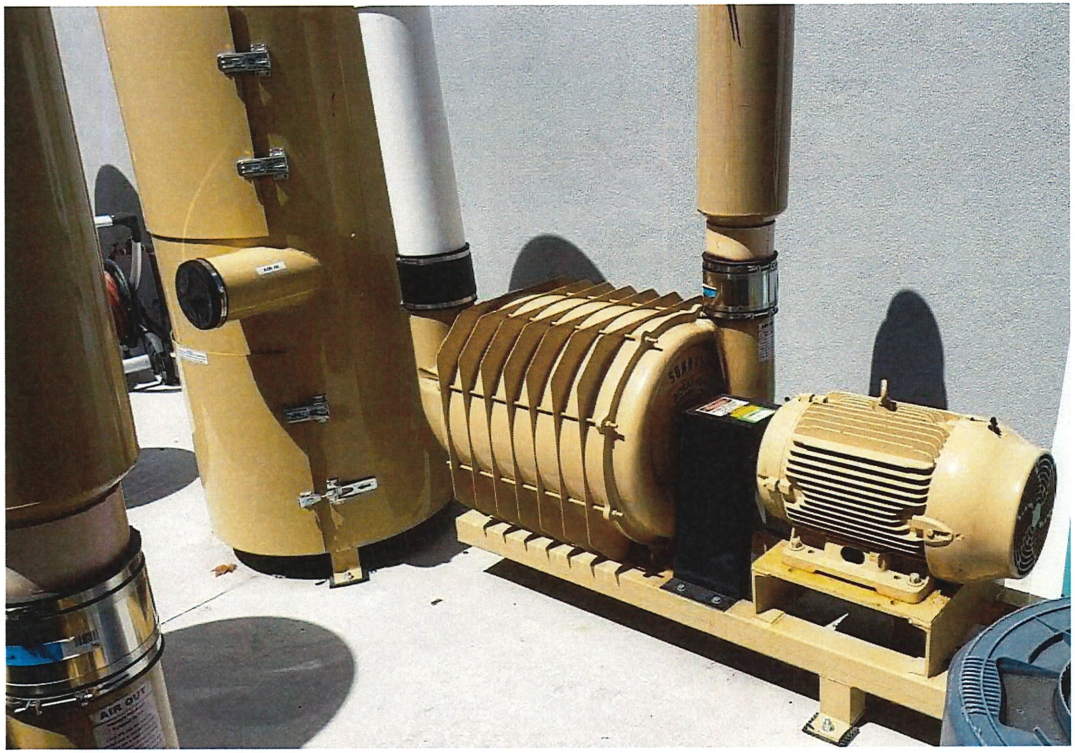

Figure 3. Photograph of a typical Sonny's 30 hp Vacuum Producer.

Figure 4. Photograph of handheld vacuum wands in holsters.

III. NOISE ORDINANCE REQUIREMENTS

The proposed car wash property is subject to the restrictions described in the Collier County Noise Ordinance. Article IV, *Noise*, of the Collier County Code of Ordinances (hereafter, "Noise Ordinance"), establishes maximum permissible sound levels for sound propagating to receiving properties when measured at the receiving property line or on the receiving property. The Noise Ordinance defines a "Residential" receiving land use as "all premises containing habitually occupied sleeping quarters." It also defines other property types and "Commercial" properties as those that do not fall into the other categories. Therefore, based on the definitions contained in the Noise Ordinance, the property immediately adjacent to the car wash property to the southwest that contains horseshoe pits, parking and the pool area/clubhouse is considered "Commercial" property and the other properties to the south and southwest would be considered "Residential" property. These property delineations are described in Figure 5, which contains a mark-up of an aerial map with property limits obtained from the Collier County Property Appraiser website.

Per Section 54-92, *Maximum permissible sound levels*, of the Noise Ordinance, the maximum permissible sound levels during the daytime (7 am to 10 pm) for "Commercial" receiving land uses are 65 dBA and 77 dBC and for "Residential" receiving land uses are 60 dBA and 72 dBC. According to the Client, the car wash facility will only be open during daytime hours, so only the daytime sound level limits are used to evaluate off-site noise propagation. The Noise Ordinance states that the metric used shall be an equivalent continuous sound level (LAeq or LCeq) measured over a period of not less than 60 seconds.

IV. NOISE STUDY METHOD

Overall Method

The overall method for the Noise Study included the following elements.

1. Measure the sound levels associated with a wash cycle, a dryer, a Sonny's 30 hp vacuum producer, and a handheld vacuum being used at a similar car wash facility in Orlando, Florida.

Definitions:

Decibel: The unit of sound level, expressed as dB.

A-weighted sound level (dBA): The A-weighted sound level is one to which an A-weighting filter has been applied. The A-weighted filter removes significant amounts of low frequency energy from the overall weighted sound level calculation to simulate the way humans perceive the loudness of sounds of low to moderate sound level. By devaluing the contribution of low frequency sounds, however, it can be a poor representation of the potential disturbance from low frequency sounds, especially at higher sound levels.

C-weighted sound level (dBC): The C-weighted sound level is one to which a C-weighting frequency filter has been applied. The C-weighted sound level removes very little low frequency sound energy from the overall weighted sound level calculation to simulate the way humans perceive the loudness of higher level sounds. The C-weighted sound level is a better indicator of the presence of low frequency sound than the more traditionally used A-weighted sound level. A significant difference (more than 10 dB) between the C-weighted and A-weighted sound levels typically indicates the presence of a strong "bass" component to the sound.

Equivalent Continuous Sound Level (L_{eq}): Often referred to as the average sound level, the Leq (or LA_{eq} if A-weighted, LC_{eq} if C-weighted) is the level of a steady-state sound which, in a stated time period and at a stated location, has the same sound energy as the time-varying sound, expressed as dB, or dBA if A-weighted and dBC if C-weighted.

Octave bands: The audible frequency range can be separated into unequal ranges of frequencies called octaves. An octave band is one in which the upper band center frequency is twice the center frequency of the adjacent, lower octave band. Octave bands allow for a more detailed understanding of the frequency distribution, or character, of the sound. They are also necessary for performing outdoor sound propagation analysis.

2. Using the source data described above, calculate the sound levels at four key receptor locations C1, C2, R1 and R2 shown in Figure 6, using sound propagation algorithms that consider the effects of distance, topography, vegetation, atmospheric effects, and barriers.

3. Compare the calculated sound levels to the sound level limits described in the Noise Ordinance.

4. Develop a sound barrier system to reduce the noise levels to comply with the Noise Ordinance.

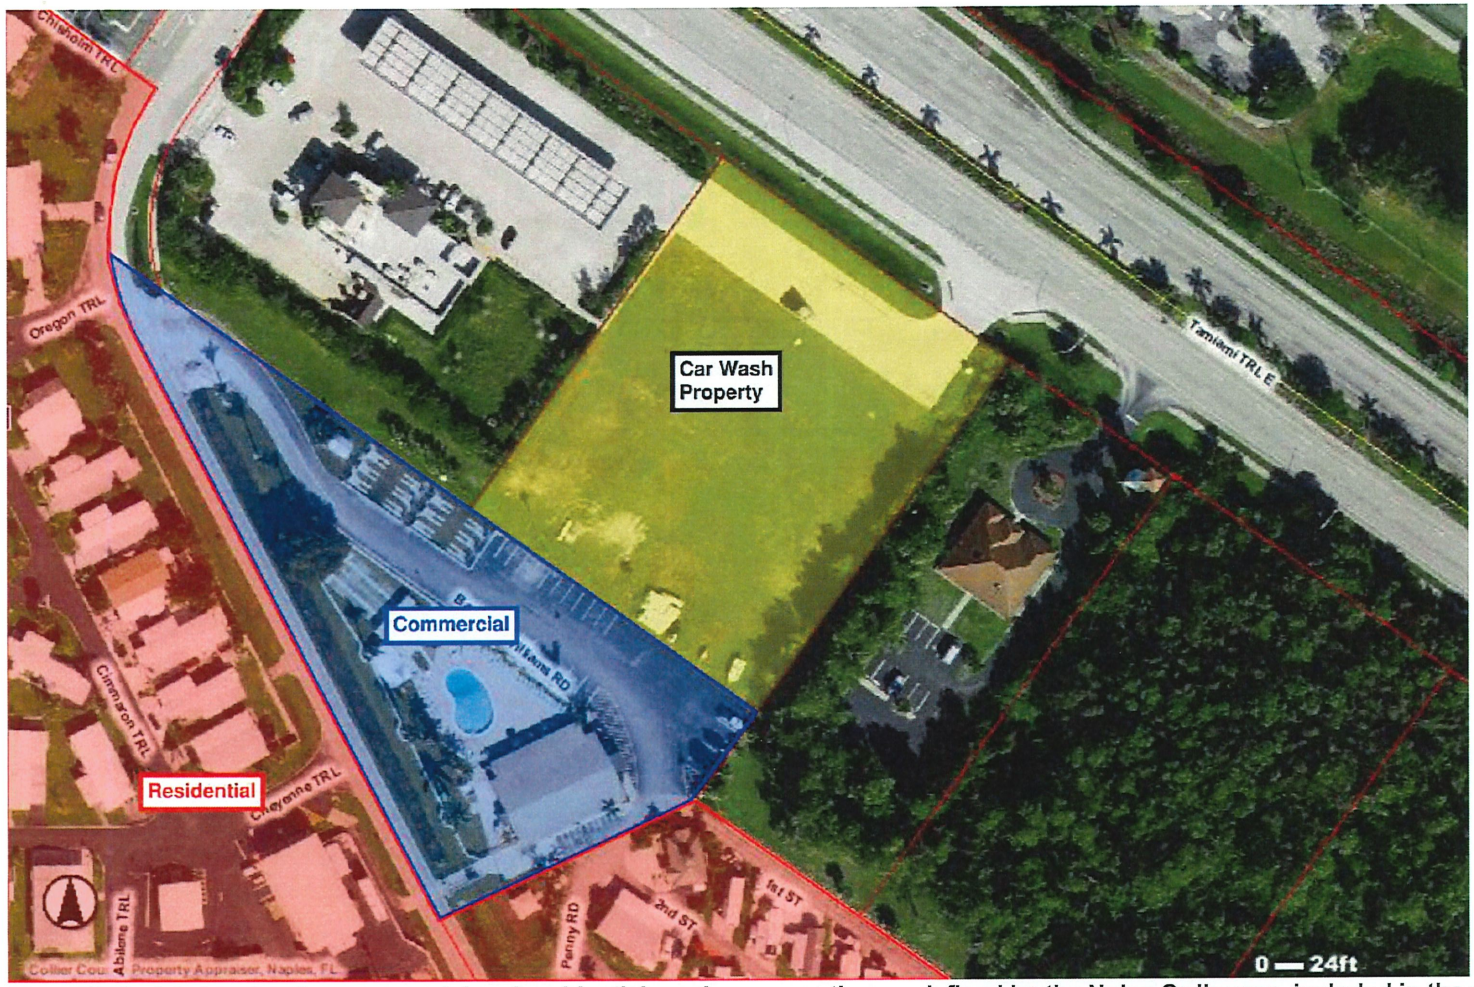

Figure 5. Aerial showing the commercial and residential receiver properties, as defined by the Noise Ordinance, included in the study.

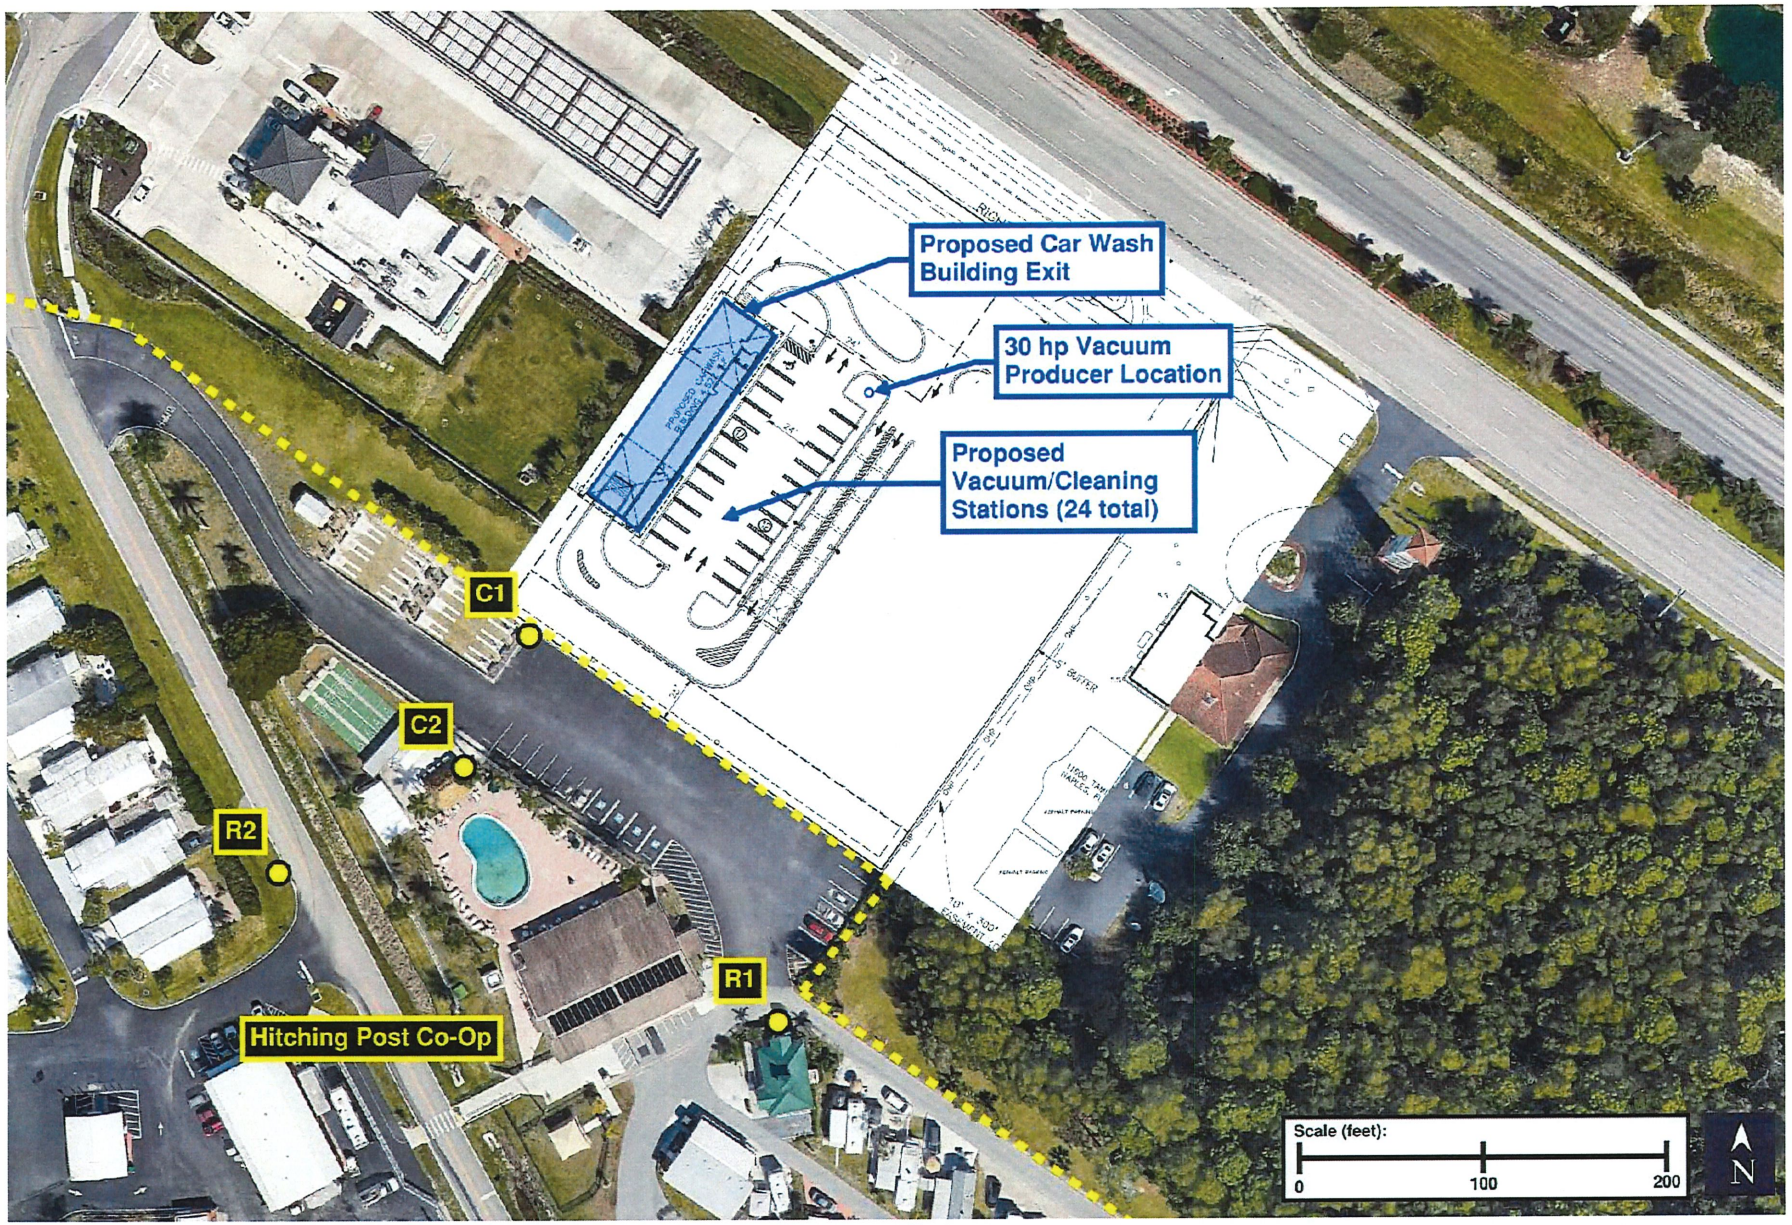

Figure 6. Aerial showing the commercial and residential receiver locations studied.

Measurement Equipment

A Larson Davis 831 Sound Level Meter was used to measure sound levels of all noise sources. This meter meets ANSI Standard S1.4 requirements for Type 1 exponential-averaging sound level meters and ANSI Standard S1.43 requirements for Type 1 integrating-averaging sound level meters. The meter was mounted on a tripod at a height of approximately 5 ft above the ground. A windscreen was affixed to the top of the microphone and the meter was calibrated with a Larson Davis CAL200 pistonphone before the measurements began and found to be within 0.1 dB of calibration at the completion of the measurements. Overall average A-weighted (LAeq), C-weighted (LCeq) and octave band (Leq) sound levels were measured at all locations.

Noise Source Sound Levels

Table 1 contains a summary of the octave band, A-weighted and C-weighted sound levels measured for each of the four noise sources included in the study and the distances at which they were measured. The octave band sound levels were used in a spreadsheet model to predict the sound levels at the four receiver locations described in Figure 6.

Table 1. Summary of the noise source sound levels, in decibels, used to calculate sound levels at receiver locations C1, C2, R1 and R2.

Noise Source	Distance Measured	Octave Band Center Frequency, in Hz								Overall dBA	Overall dBC
		63	125	250	500	1000	2000	4000	8000		
Wash Cycle	50 ft from Tunnel Entrance	68	63	60	60	59	59	59	60	66	71
Dryer Cycle	50 ft from Tunnel Entrance	72	70	72	73	70	70	65	60	76	79
Vacuum Producer	3 ft from Vacuum Producer	87	83	89	90	86	82	80	75	91	95
Handheld Vacuum	10 ft from vacuum used on metal surface in SUV trunk with trunk door open	67	61	59	60	66	72	73	73	78	77

Data Analysis Results

A worst-case scenario was evaluated for each of the four receiver locations described in Figure 6, in which the wash and dryer cycle noise sources were running for at least 60 seconds, which is the minimum sound measurement time required by the Noise Ordinance, the outdoor vacuum producer was operating continuously, and handheld vacuums were being used in six cars, with the doors open, simultaneously for at least 60 seconds. For the handheld vacuums, two scenarios were evaluated – one for receivers C1, C2 and R2 and one for receiver R1. For receivers C1, C2 and R2, the six handheld vacuum locations are shown in Figure 7. For receiver R1, the six handheld vacuum locations are shown in Figure 8. Table 2 contains a summary of the calculated A-weighted and C-weighted sound levels at each of the receiver locations compared to the Noise Ordinance's sound level limits.

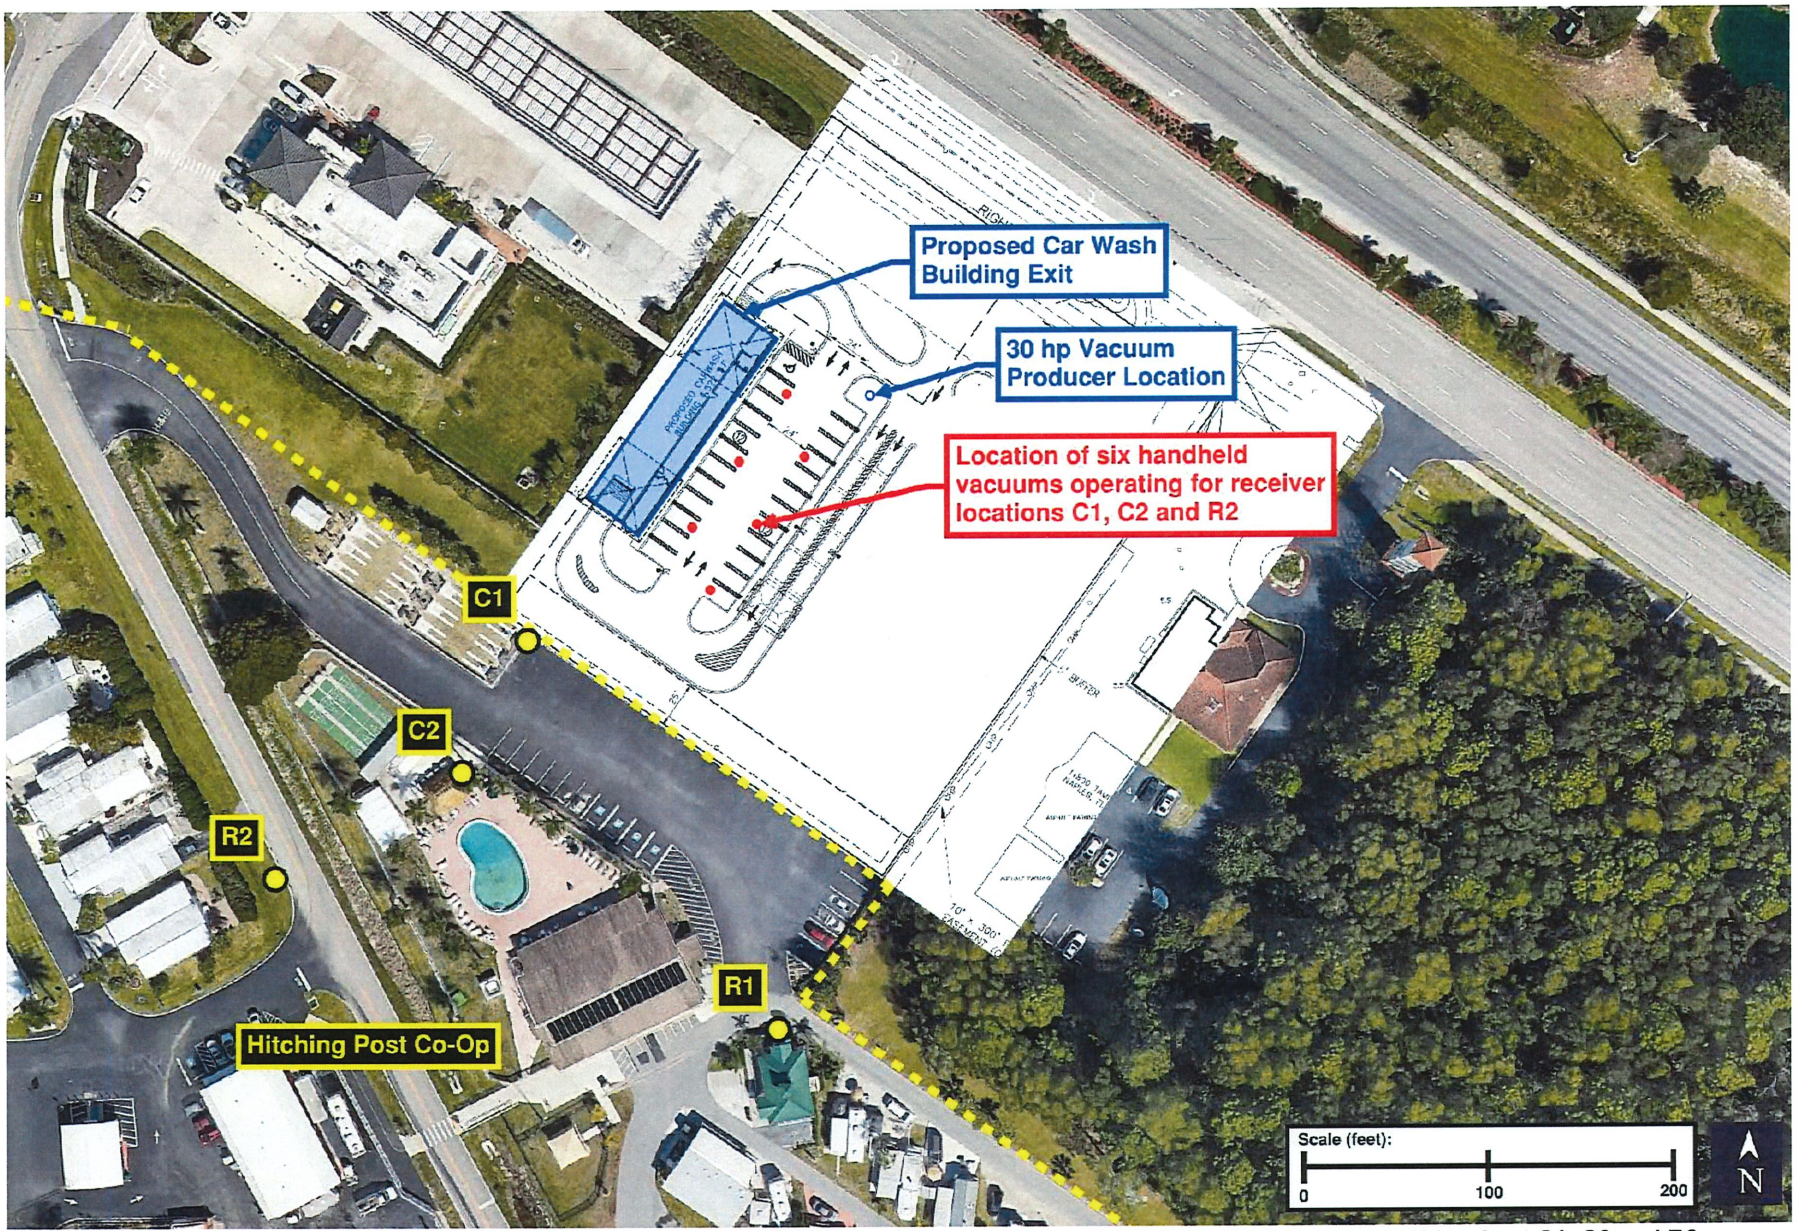

Figure 7. Aerial showing the six locations where handheld vacuums were assumed to be operating for the analysis of sound levels at C1, C2 and R2.

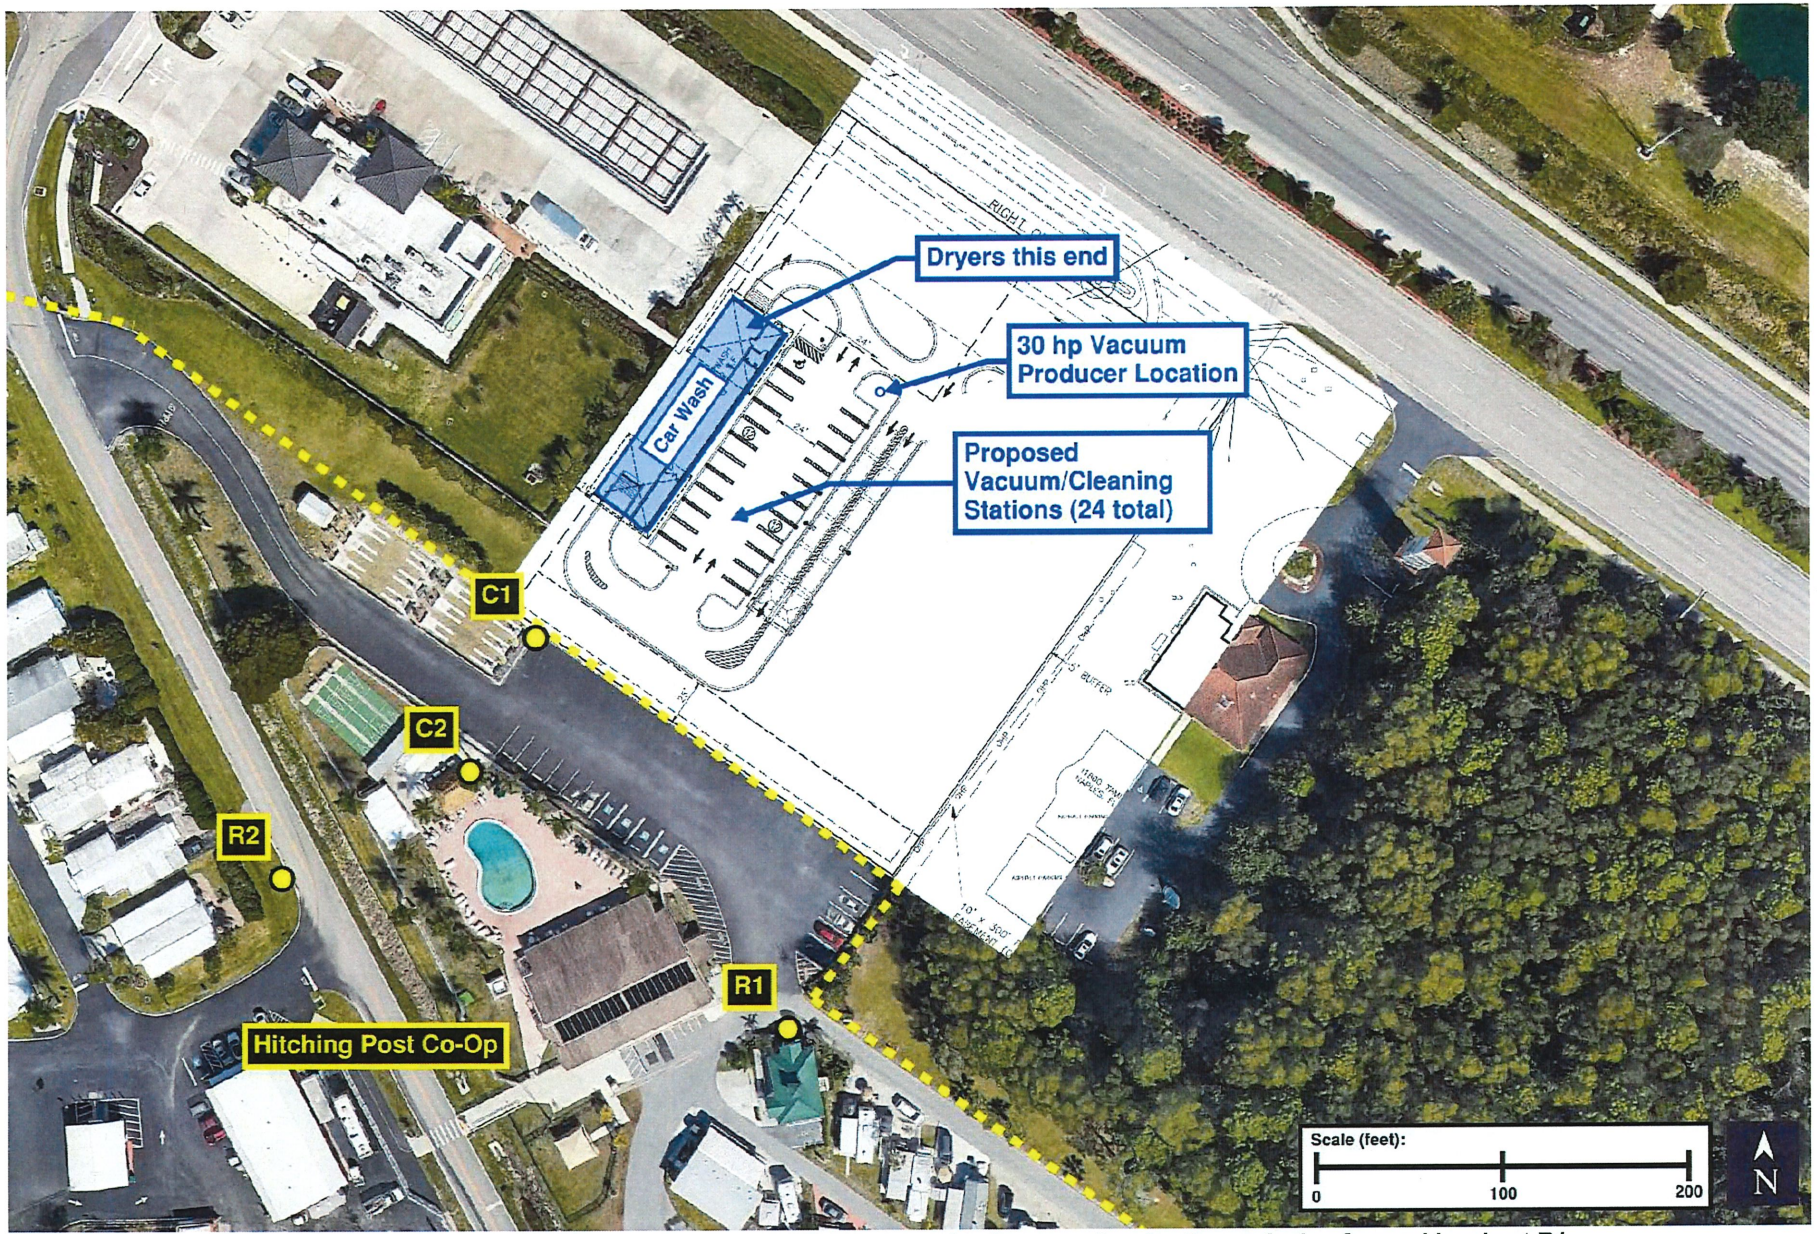

Figure 8. Aerial showing the six locations where handheld vacuums were assumed to be operating for the analysis of sound levels at R1.

Table 2. Summary of calculated sound levels at receiver locations.

Receiver Location	Calculated Sound Level		Noise Ordinance Sound Level Limit		Complies with Noise Ordinance?	
	dBA	dBC	dBA	dBC	dBA	dBC
C1	73	76	65	77	**No**	Yes
C2	67	70	65	77	**No**	Yes
R1	62	65	60	72	**No**	Yes
R2	63	66	60	72	**No**	Yes

The results in Table 2 show that the sound levels from the scenario studied exceed the A-weighted sound level limits at all four locations. A sound barrier analysis was conducted to determine the height of a sound barrier needed to reduce the sound levels such that they would comply with the Noise Ordinance's sound level limits.

Sound Barrier Wall

Based on the analysis described above, a sound barrier wall that has a height that is 2 ft above the top of the opening of the car wash tunnel and extends from a point aligned with the entrance to the tunnel on the west side property line to the south property line and along the south property line for a distance of 140 ft, as shown in Figure 9, is required. The analysis assumes a 10 ft high opening to the car wash tunnel and therefore the barrier will be 12 ft high, relative to the height of the floor of the car wash tunnel. The barrier wall must have a minimum Sound Transmission Class (STC) rating of 32, when tested in accordance with ASTM Standard E90. The portion of wall along the west property line and for 45 ft along the south property line directly across from the car wash building (see Figure 9) must have a sound absorbing face that faces the car wash (to reduce sound reflections off the building), with a minimum Noise Reduction Coefficient (NRC) of 1.0 based on tests conducted in accordance with ASTM Standard C423. The AIL Sound Wall Silent Protector XL (https://www.ailsoundwalls.com/product/silent-protector-absorptive/) is recommended for the absorptive barrier and the AIL Sound Wall Tuff Barrier XL (https://www.ailsoundwalls.com/product/tuf-barrier-reflective-pvc-walls/) is recommended for the solid barrier. Please refer to Table 3 for a summary of the sound levels calculated at the four receiver locations with the 12 ft high barrier included in the analysis, showing that the sound levels at all locations comply with the daytime sound level limits described in the Noise Ordinance due to the addition of the sound barrier wall.

Table 3. Summary of calculated sound levels at receiver locations with 12 ft sound barrier as shown in Figure 9.

Receiver Location	Calculated Sound Level		Noise Ordinance Sound Level Limit		Complies with Noise Ordinance?	
	dBA	dBC	dBA	dBC	dBA	dBC
C1	61	69	65	77	Yes	Yes
C2	60	65	65	77	Yes	Yes
R1	58	62	60	72	Yes	Yes
R2	55	60	60	72	Yes	Yes

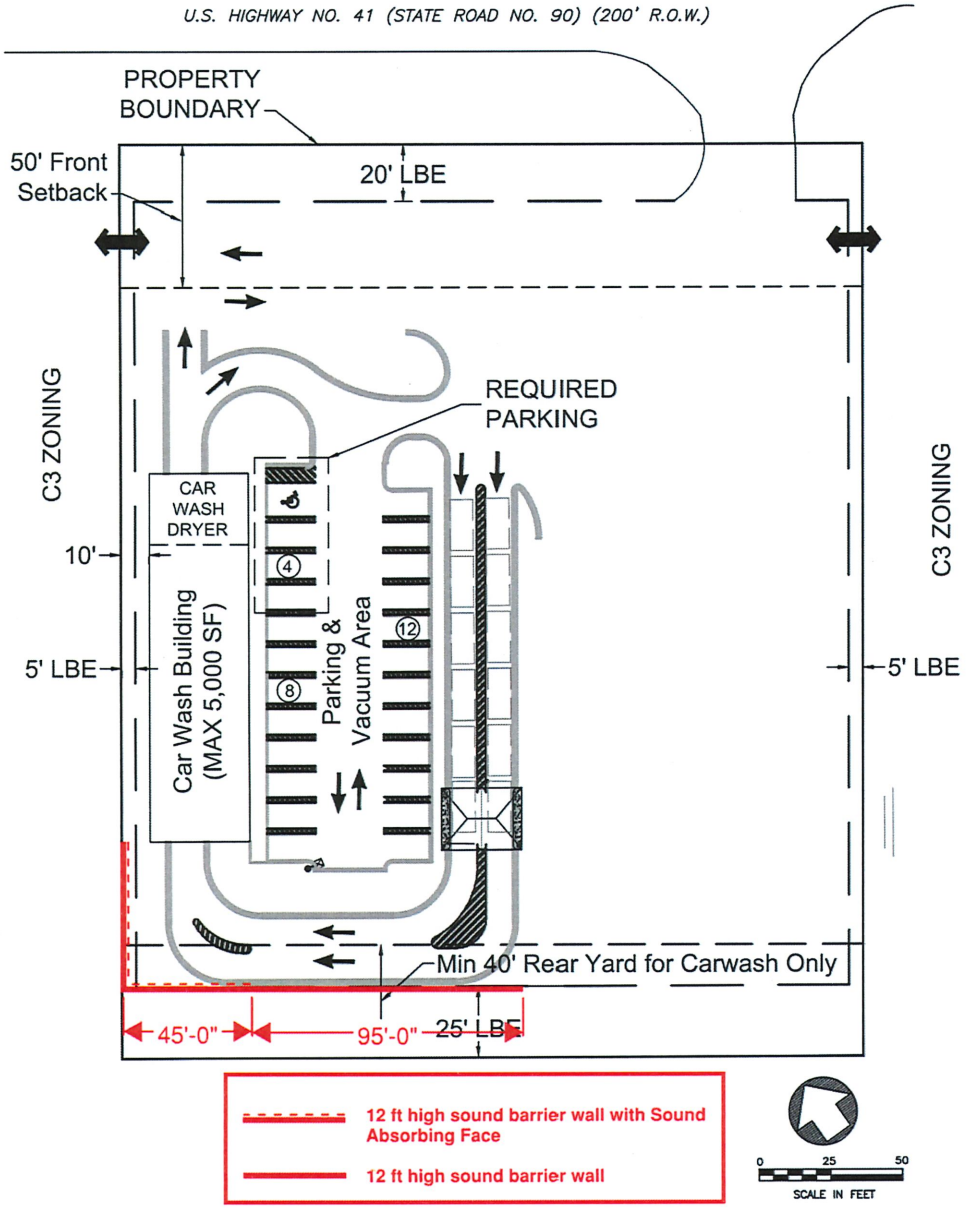

Figure 9. Plan showing the extent of the 12 ft tall sound barrier required to comply with the Noise Ordinance.

V. CONCLUSIONS

Based on the results of this study, a sound barrier wall that extends to a height that is 2 ft above the top of the car wash tunnel opening, which is assumed to be at 10 ft above the ground, and runs along the west and south property lines, as shown in Figure 9, is required to reduce the sound levels to comply with the quantitative sound level limits contained in the Collier County Noise Ordinance at the commercial and residential receiver locations to the south and southwest of the property, based on a reasonable worst-case scenario that consists of the wash cycle, dryer cycle, vacuum pump and six handheld vacuums operating simultaneously for at least 60 seconds. The portion of the sound barrier wall along the west and southwest of the property shown in Figure 9 must have a sound absorbing face so that sound does not reflect off the wall, then off the building and back over the wall.

Atlanta, Georgia 30339

DECLARATION OF RESTRICTIVE COVENANTS

THIS DECLARATION OF RESTRICTIVE COVENANTS (the **"Declaration"**) is made as of the 9th day of March, 2015 by, **BAREFOOT 11700 LLC**, a Florida limited liability company, whose address is 4770 Wellington Drive, Long Grove, Illinois 60047 (hereinafter referred to as **"Declarant"**).

W I T N E S S E T H:

WHEREAS, Declarant, successor-in-interest to the Jean Mason Trust, simultaneously herewith has leased to **RaceTrac Petroleum, Inc.**, a Georgia corporation (**"RaceTrac"**), that certain real property situated in Collier County, Florida, being more particularly described on **Exhibit "A"**, attached hereto and made a part hereof for all purposes (the "**RaceTrac Property**"); and

WHEREAS, under the provisions of that certain Ground Lease Agreement by and between Declarant and RaceTrac Petroleum, Inc., having an effective date of June 6, 2014, as amended (the "**Lease Agreement**"), Declarant agreed to place the following restrictions on certain real property owned or controlled by Declarant, and/or any entity which in whole or in part owns or controls Declarant or is owned or controlled by Declarant, and/or any other person, corporation, partnership or legal entity in which Landlord has, or subsequently acquires, an interest (collectively "**Declarant's Affiliates**");

NOW, THEREFORE, Declarant, for and in consideration of the sum of One Dollar ($1.00) in hand paid, the receipt and sufficiency of which is hereby acknowledged, covenants and agrees, and for itself and Declarant's Affiliates, and its and their respective successors, legal representatives and assigns, does hereby covenant and declare as follows:

1. No retail outlet for motor fuels or convenience store, and no advertising of the foregoing, shall be constructed, maintained or operated on all or any portion of land which is presently owned or controlled by Declarant or Declarant's Affiliates located within one-half (1/2) mile of any boundary of the RaceTrac Property (the "**Declarant's Property**") including, but not limited to, that property more particularly described on **Exhibit "B"** attached hereto and made a part hereof for all purposes.

2. No sign or structure shall be erected, built, placed or maintained within that portion of the Declarant's Property more particularly described on **Exhibit "C"** attached hereto and made a

part hereof (the "**Tenant Exclusive Area**"), provided, however, the foregoing shall not prohibit any and all approaches, driveways, curb cuts, parking spaces, landscaping or other improvements.

3. Any conveyance of any part or all of the Declarant's Property affected by the covenants and restrictions referenced in Paragraphs 1 and 2 hereinabove, shall include a reference to said covenants and restrictions; provided, however, that the binding nature of said covenants and restrictions shall not be affected by a failure to include such reference.

4. The above restrictions and covenants shall be deemed to be covenants and restrictions running with the land for the benefit of the RaceTrac Property and as a burden upon the Declarant's Property affected thereby, and shall be in full force and effect for a period equal to the longest period allowed by applicable law and shall be binding upon Declarant and its respective heirs, successors, legal representatives, successors-in-title and assigns, and shall be enforceable by RaceTrac, its successors, assigns, successors-in-title and tenants.

5. In the case of any violation or attempted violation by Declarant and its respective heirs, successors, legal representatives, successors-in-title or assigns of any of the covenants or restrictions contained within this Declaration, RaceTrac, its successors, assigns, successors-in-title and tenants may enforce these covenants and restrictions by injunction or other appropriate proceedings and the prevailing party shall be entitled to recover its damages, costs and reasonable attorneys' fees.

6. It is the intention of Declarant that should there be any provision or provisions of this Declaration which shall prove to be invalid, void, illegal or unenforceable by reason of present or future laws or rules or regulations of any governmental body or entity or any court of competent jurisdiction, such provision or provisions of this Declaration shall in no way affect, impair or invalidate any of the remaining provisions of this Declaration, and all such remaining provisions shall remain in full force and effect. Furthermore, it is the intention of the Declarant that if any provision or provisions are declared to be invalid, void, illegal or unenforceable by reason of present or future laws, rules or regulations of any governmental body or entity or any court of competent jurisdiction, such provision or provisions shall be revised by such governmental body or entity or court to render same fully valid and, to the extent possible, conform to the terms of this Declaration. Such revised provision or provisions shall then be fully binding upon the Declarant as if they were contained in this Declaration.

LEGAL DESCRIPTION

A PORTION OF A PARCEL AS RECORDED IN OFFICIAL RECORDS BOOK 5011 AT PAGE 78 OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA.

COMMENCE AT THE WEST 1/4 CORNER SECTION 33, TOWNSHIP 50 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA; PROCEED NORTHERLY ALONG THE SECTION LINE BETWEEN SAID SECTION 33 AND SECTION 32, TOWNSHIP 50 SOUTH, RANGE 26 EAST, NORTH 02 DEGREES 49'48" EAST, 884.91 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF US 41; THENCE SOUTHEASTERLY ALONG SAID RIGHT OF WAY LINE 44.24 FEET ALONG THE ARC OF A CURVE CONCAVE TO THE NORTHEAST HAVING A RADIUS OF 3,210.55 FEET, A CENTRAL ANGLE OF 0 DEGREES 47'22", AND A CHORD DISTANCE OF 44.23 FEET, BEARING SOUTH 54 DEGREES, 01'20" EAST TO A POINT OF TANGENCY; THENCE SOUTH 54 DEGREES 25'01" EAST ALONG SAID RIGHT OF WAY LINE 1,124.37 FEET TO THE POINT OF BEGINNING OF THE HEREIN DESCRIBED PARCEL; THENCE CONTINUE SOUTH 54 DEGREES 25'01" EAST, 600 FEET ALONG SAID RIGHT OF WAY LINE; THENCE SOUTH 35 DEGREES 34'59" WEST, 321.16 FEET; THENCE NORTH 54 DEGREES 25'01" WEST, 541.69 FEET TO A POINT ON THE EAST RIGHT OF WAY LINE OF BAREFOOT WILLIAMS ROAD; THENCE NORTHERLY ALONG SAID RIGHT OF WAY LINE FOR 132.69 FEET ALONG AN ARC OF A CURVE CONCAVE TO THE EAST HAVING A RADIUS OF 140.00 FEET, A CENTRAL ANGLE OF 54 DEGREES 18'18", AND A CHORD DISTANCE OF 127.78 FEET, BEARING NORTH 08 DEGREES 25'50" EAST TO A POINT OF TANGENCY; THENCE NORTH 35 DEGREES 34'59" EAST, 207.46 FEET TO THE POINT OF BEGINNING.

BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE WEST 1/4 CORNER OF SECTION 33, TOWNSHIP 50 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA; THENCE N.02°49'48"E., ALONG THE WEST LINE OF SAID SECTION 33, FOR A DISTANCE OF 884.91 FEET TO A POINT ON THE SOUTH RIGHT OF WAY LINE OF US 41 BEING A POINT ON A NON TANGENT CURVE TO THE LEFT HAVING A RADIUS OF 3210.55 FEET; THENCE SOUTHEASTERLY ALONG THE ARC OF SAID CURVE AND SAID RIGHT OF WAY FOR 44.24 FEET HAVING A CENTRAL ANGLE OF 0°47'22", A CHORD BEARING OF S.54°01'20"E. AND A CHORD OF 44.23 FEET TO A POINT OF TANGENCY; THENCE S.54°25'01"E. ALONG SAID RIGHT OF WAY LINE, FOR A DISTANCE OF 1,124.37 FEET TO THE POINT OF BEGINNING OF THE HEREIN DESCRIBED PARCEL; THENCE CONTINUE S.54°25'01"E. ALONG SAID RIGHT OF WAY LINE, FOR A DISTANCE OF 340.00 FEET; THENCE S.35°34'59"W. FOR A DISTANCE OF 321.16 FEET; THENCE N.54°25'01"W., FOR A DISTANCE OF 281.69 FEET TO A POINT ON THE EAST RIGHT OF WAY LINE OF BAREFOOT WILLIAMS ROAD AND THE BEGINNING OF A NON-TANGENT CURVE TO THE RIGHT HAVING A RADIUS OF 140.00 FEET; THENCE ALONG SAID RIGHT OF WAY AND SAID CURVE TO THE RIGHT THROUGH A CENTRAL ANGLE OF 54°18'16", A CHORD BEARING OF N.08°25'50"E., A CHORD LENGTH OF 127.78 FEET AND AN ARC LENGTH OF 132.69 FEET; THENCE N.35°34'59"E., ALONG SAID EAST RIGHT OF WAY FOR A DISTANCE OF 207.46 FEET TO THE POINT OF BEGINNING.

INGRESS/EGRESS, SLOPE AND TEMPORARY CONSTRUCTION EASEMENT AGREEMENT

THIS INGRESS/EGRESS, SLOPE AND TEMPORARY CONSTRUCTION EASEMENT AGREEMENT (this "**Agreement**") is made as of the 9th day of March, 2015 (the "**Effective Date**"), by and between **BAREFOOT 11700 LLC**, a Florida limited liability company, whose mailing address is 4770 Wellington Drive, Long Grove, Illinois 60047 (hereinafter referred to as "**Barefoot**"), and **RACETRAC PETROLEUM, INC.**, a Georgia corporation, whose address is 3225 Cumberland Blvd., Suite 100, Atlanta, Georgia 30339 (hereinafter referred to as "**RaceTrac**").

WITNESSETH:

WHEREAS, Barefoot is the fee owner of certain real property located in Collier County, Florida, as more particularly described on **Exhibit "A"** attached hereto and incorporated by reference herein (the "**Barefoot Property**");

WHEREAS, RaceTrac is ground leasing from Barefoot certain real property located immediately adjacent to the Barefoot Property and more particularly described on **Exhibit "B"** attached hereto and incorporated by reference herein (the "**RaceTrac Property**");

WHEREAS, Barefoot has agreed to grant to RaceTrac a seventy foot (70') wide nonexclusive perpetual ingress/egress motor vehicle and pedestrian access easement over, across and within those portions of the Barefoot Property and more particularly described on **Exhibit "C"** attached hereto and incorporated by reference herein (the "**RaceTrac Easement Area**") specifically referenced in Paragraph 1 below, subject to the terms and conditions set forth below;

WHEREAS, Barefoot has also agreed to grant RaceTrac a twenty foot (20') wide slope and a temporary construction easement over a portion of the Barefoot Property, which portion is more particularly depicted and described on **Exhibit "D"** attached hereto and incorporated by reference herein (the "**Slope and Temporary Construction Easement Area**"), for purposes of, *inter alia* construction, installation, maintenance, repair and replacement of a slope embankment in connection with the improvements constructed and to be constructed on the Barefoot Property, specifically referenced in Paragraph 2 below, subject to the terms and conditions set forth below; and

WHEREAS, Barefoot hereby reserves in favor of the Barefoot Property a forty foot (40') wide nonexclusive perpetual ingress/egress motor vehicle and pedestrian access easement over, across and within those portions of the RaceTrac Property and more particularly described on **Exhibit "E"** attached hereto and incorporated by reference herein (the "**Barefoot Easement Area**") specifically referenced in Paragraph 3 below, subject to the terms and conditions set forth below.

NOW, THEREFORE, in consideration of the sum of Ten and No/100ths Dollars ($10.00), for the mutual covenants and agreements hereinafter set forth, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Barefoot and RaceTrac expressly agree as follows:

1. Grant of Ingress/Egress and Temporary Construction Easement to RaceTrac.

(a) Barefoot does hereby bargain, sell, grant and convey to RaceTrac, for the benefit of and as appurtenance to the RaceTrac Property, a perpetual, non-exclusive right, privilege and easement on, over and across the RaceTrac Easement Area for (i) access, ingress and egress by pedestrian traffic and by motor vehicles to and from the RaceTrac Property and Tamiami Trail (U.S. Highway 41), and vice versa, and (ii) the construction, maintenance and repair of the Driveway (as hereinafter defined).

(b) RaceTrac shall have the right, but not the obligation, to install and use utility facilities within, and to construct, pave, install, and maintain to RaceTrac's specifications, driveways, sidewalks, landscaping, and curbing and/or related curb cuts (as constructed by RaceTrac, collectively, the "**Driveway**") in the RaceTrac Easement Area at the time of RaceTrac's development of the RaceTrac Property. Barefoot hereby grants to RaceTrac, for such purpose, a temporary construction easement over and across those portions of the Barefoot Property located within twenty (20) feet of the RaceTrac Easement Area. Upon completion of the Driveway or other improvements in the RaceTrac Easement Area, RaceTrac shall maintain same in good condition and repair, subject to reimbursement on a pro-rata basis from the owner(s) of any other property having the right to use such Driveway or other improvements.

(c) In the event RaceTrac is unable to obtain any and all permits, licenses, or approvals necessary to construct and install a curb cut (and corresponding median break, if applicable) which aligns with the RaceTrac Easement Area from the RaceTrac Property and/or a curb cut which aligns the RaceTrac Easement Area onto a curb cut allowed onto Tamiami Trail (U.S. Highway 41) then, at RaceTrac's election, the RaceTrac Easement Area shall be modified to allow free and open

ingress and egress of motor vehicular travel from the RaceTrac Property and/or the RaceTrac Easement Area to the curb cut(s) which RaceTrac is able to permit, construct and install.

(d) Barefoot is prohibited from and hereby covenants not to use the RaceTrac Easement Area for parking purposes and to not construct or install parking spaces immediately adjacent to the RaceTrac Easement Area unless such spaces are separated from the RaceTrac Easement Area by curbing or some other barrier, it being the intent hereof that the RaceTrac Easement Area not be obstructed or congested with motor vehicles pulling into or out of parking spaces.

2. Grant of Slope and Temporary Construction Easement to RaceTrac. Barefoot does hereby bargain, sell, grant and convey to RaceTrac a perpetual, non-exclusive right, privilege and easement in and to, on over and across, the Slope and Temporary Construction Easement Area, for the benefit of and as an appurtenance to the RaceTrac Property, for the grading, construction, installation, maintenance, repair and replacement (collectively, "**RaceTrac's Construction Activities**") of slope embankments in connection with the improvements now or hereafter to be constructed on the Barefoot Property. The temporary construction easement included in this paragraph shall only be applicable during RaceTrac's Construction Activities.

3. Reservation of Ingress/Egress Easements by Barefoot.

(a) Barefoot does hereby reserve for the benefit of and as appurtenance to the Barefoot Property, a perpetual, non-exclusive right, privilege and easement on, over and across the Barefoot Easement Area for (i) access, ingress and egress by pedestrian traffic and by motor vehicles to and from the Barefoot Property and Barefoot Williams Road, and vice versa. It is further agreed and acknowledged that RaceTrac shall have the right to relocate the Barefoot Easement Area provided that Barefoot's rights of access to and from the Barefoot Property and Barefoot Williams Road are not materially affected.

(b) Barefoot does hereby reserve for the benefit of and as appurtenance to the Barefoot Property, a perpetual, non-exclusive right, privilege and easement on, over and across any roadways, driveways, access ways and sidewalks that may now or in the future exist from time to time on the RaceTrac Property, for pedestrian and motor vehicular access, ingress and egress; provided such easement reservation (i) shall not include the right of Barefoot to construct, install, maintain or repair any such roadways, driveways, access ways and/or sidewalks and (ii) shall not prohibit RaceTrac from time to time modifying or relocating such roadways, driveways, access ways and sidewalks on the RaceTrac Property.

(c) RaceTrac shall have the right, but not the obligation, to install, construct, maintain, repair and use utility facilities within, on or under the Barefoot Easement Area, and the right, but not the obligation, to construct, pave, install and maintain to RaceTrac's specifications, driveways, sidewalks, landscaping and curbing within and on the Barefoot Easement Area provided that Barefoot's rights of access to and from the Barefoot Property and Barefoot Williams Road are not materially affected.

4. Attorneys' Fees. In connection with any litigation arising out of or in connection with this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs from the nonprevailing party.

5. Runs with Land. This Agreement, and the easements, rights, obligations, liabilities, and covenants created hereby shall be perpetual, shall be appurtenant to and run with title to the land affected hereby, and shall be binding upon and inure to the benefit of the parties hereto and their respective heirs and successors-in-title, including, without limitation, all subsequent owners of any portions of the property described herein and all persons claiming under them.

6. Notices. All notices, demands, or requests required or permitted to be given pursuant to this Agreement shall be in writing and shall be deemed to have been properly given or served if by (i) hand delivery, (ii) reputable national overnight courier service, (iii) prepaid, certified U.S. Mail, return receipt requested and shall be effective upon delivery or refusal, or (iv) facsimile or electronic transmission during normal business hours, provided, however, that the same is also deposited in the mail in compliance with either (ii) or (iii) above. Any such notice, demand, or request shall be addressed to the applicable party as follows:

To Barefoot: Barefoot 11700 LLC
4770 Wellington Drive
Long Grove, Illinois 60047
Attn: Gregg Mason

To RaceTrac: RaceTrac Petroleum, Inc.
3225 Cumberland Blvd., Ste. 100
Atlanta, Georgia 30339
Attn: Corporate Counsel-Real Estate

A party's address for notice may be changed from time to time by such party by written notice to the other party hereto.

7. Grant of Easements Only. The parties are not conveying any land or title herein, but merely granting the rights, privileges and easements hereinabove set forth, subject to the conditions set forth hereinabove. This Agreement is not and shall not be construed, interpreted or enforced as a dedication of all or any portion of the Barefoot Property or the RaceTrac Property to public use or to the private use of any party other than the owners and ground lessees of the Barefoot Property and RaceTrac Property, respectively, and their invitees, customers, licensees, employees, agents, and successors-in-title.

8. Indemnification and Insurance. Without limiting the terms hereof, each party hereto, by acceptance of the easement rights granted herein, covenants and agrees to indemnify and hold harmless the other party from and against any and all losses, damages, costs, expenses (including, without limitation, reasonable attorneys' fees), liens, claims, suits and liabilities arising out of or connected with the indemnifying party's use and enjoyment of the rights granted under this Agreement, except to the extent any of the foregoing arise from the negligence or

willful misconduct of the indemnified party. Barefoot and RaceTrac shall each maintain commercial general liability insurance with commercially reasonable carriers and coverage limits, covering its property, and each party's use of the easement rights granted hereunder; provided, however, either party may elect to self-insure so long as such party's net worth exceeds One Hundred Million Dollars ($100,000,000).

9. Miscellaneous.

(a) This Agreement shall be interpreted, construed, and enforced in accordance with the laws of the State of Florida.

(b) This Agreement may not be amended, modified, or terminated except in writing, executed and acknowledged by all the parties to this Agreement or their successors or assigns.

(c) Time shall be of the essence as to all covenants, terms, and conditions in this Agreement.

(d) This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original instrument, but all such counterparts together shall constitute one and the same instrument.

Project Description

The 11760 Tamiami Trail East project is a proposed development located on the south side of US 41 (Tamiami Trail East) between Barefoot Williams Road and Habitat Drive, west of Collier Boulevard in Section 33, Township 50 South, Range 26 East, in Collier County Florida. Refer to **Figure 1 – Location Map**.

Figure 1 – Location Map

The site is comprised of a single parcel which is currently vacant. The parcel is approximately 1.92 acres and is zoned C-3, Commercial Intermediate District. The requested rezoning is to C-4, General Commercial District. The site plan is in **Appendix A: Master Concept Plan**.

There is an existing interconnection between the subject parcel and the existing gas station to the west.

The proposed development is illustrated in **Table 1.**

Table 1
ITE – Development Land Use Designation

Development	Land Use [SIC Code in Brackets]	ITE LUC	Size (ITE variable)
Fast-Food Restaurant	Fast-Food Restaurant with Drive-Through Window [5812]	934 – Fast-Food Restaurant with Drive-Through Window	5,000 SF
Automated car wash	Automated Car Wash [7542]	948 – Automated Car Wash	5,000 SF and 1 Car Wash Tunnel

Traffic generation associated with the proposed development is evaluated generally based on ITE Trip Generation Manual, 11th Edition and ITE Trip Generation Handbook, 3rd Edition. In agreement with ITE Land Use Code (LUC) descriptions, the ITE land use designations are illustrated in **Table 1.**

A methodology meeting was held with Collier County Transportation Planning staff via email on March 13, 2023. Refer to **Appendix B: Methodology Meeting.**

For purposes of this evaluation, the project build-out year is assumed to be consistent with the Collier County 2028 planning horizon.

Trip Generation

The project's site trip generation is based on the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition. The software program OTISS (Online Traffic Impact Study Software), most current version, is used to create the raw unadjusted trip generation for the project. The ITE average rates are used for the trip generation calculations. The ITE – OTISS trip generation calculation worksheets and the LUC descriptions are provided in **Appendix C: ITE Trip Generation Calculations**. The trip generation associated with the proposed build-out conditions for the project, is summarized in **Table 2: Project Trip Generation – Average Weekday**.

Based on ITE recommendations and consistent with Collier County TIS Guidelines and Procedures, reductions for internal capture and pass-by trips are considered for this project. Internal capture was evaluated based on the ITE balancing method and capped at 20% maximum per Collier County TIS Guidelines and Procedures.

ITE does not have pass-by rates for a car wash. Trips are expected to use the business on their way to a primary destination, but conservatively car wash pass-by is not considered. The restaurant pass-by was capped at 50% per Collier County TIS Guidelines and Procedures. The report uses 40%/50%/50% for daily, am and pm respectively.

ITE has two variables that can be used for the trip generation for the automated car wash: size and number of tunnels. As shown in **Appendix C**, the number of tunnels results in a higher trip generation for the automated car wash and is conservatively used.

The ITE Trip Generation Manual does not provide daily or AM peak hour traffic data for the Automated Car Wash, LUC 948. In addition, consistent with the nature of this business, typically PM peak hour traffic activity is more intense than the AM peak hour.

Table 2

Project Trip Generation – Average Weekday

ITE Land Use	Size[1]	Daily Two-Way Volume	AM Peak Hour			PM Peak Hour		
			Enter	Exit	Total	Enter	Exit	Total
Fast-Food Restaurant with Drive-Through Window	5 k SF	2,338	114	109	223	86	79	165
Automated Car Wash	1 Tunnel	N/A	N/A	N/A	N/A	39	39	78
Total Traffic		2,338	114	109	223	125	118	243
Internal Capture		0	0	0	0	22	22	44
External Traffic		2,338	114	109	223	103	96	199
Pass-by		0	57	55	112	39	33	72
Net External		2,338	57	54	111	64	63	127

Note: (1) k SF = 1,000 Square Feet

In agreement with the Collier County TIS guidelines, significantly impacted roadways are identified based on the proposed project highest peak hour trip generation (net external traffic) and consistent with the peak hour of the adjacent street traffic. Based on the information contained in Collier County 2022 Annual Update and Inventory Report (AUIR), the peak hour for the adjacent roadway network is PM peak hour.

For the concurrency analysis, the net external traffic volumes will be used (PM Peak Hour total 127 trips).

Trip Distribution and Assignment

The traffic generated by the proposed project is assigned to the adjacent roadways using the knowledge of the area and engineering judgement.

The site-generated trip distribution for the PM peak hour of the adjoining street is shown in **Table 3: Traffic Distribution for PM Peak Hour** and is graphically depicted in **Figure 2A: Project Distribution by Percentage** and **Figure 2B: Project Distribution by PM Peak Hour**.

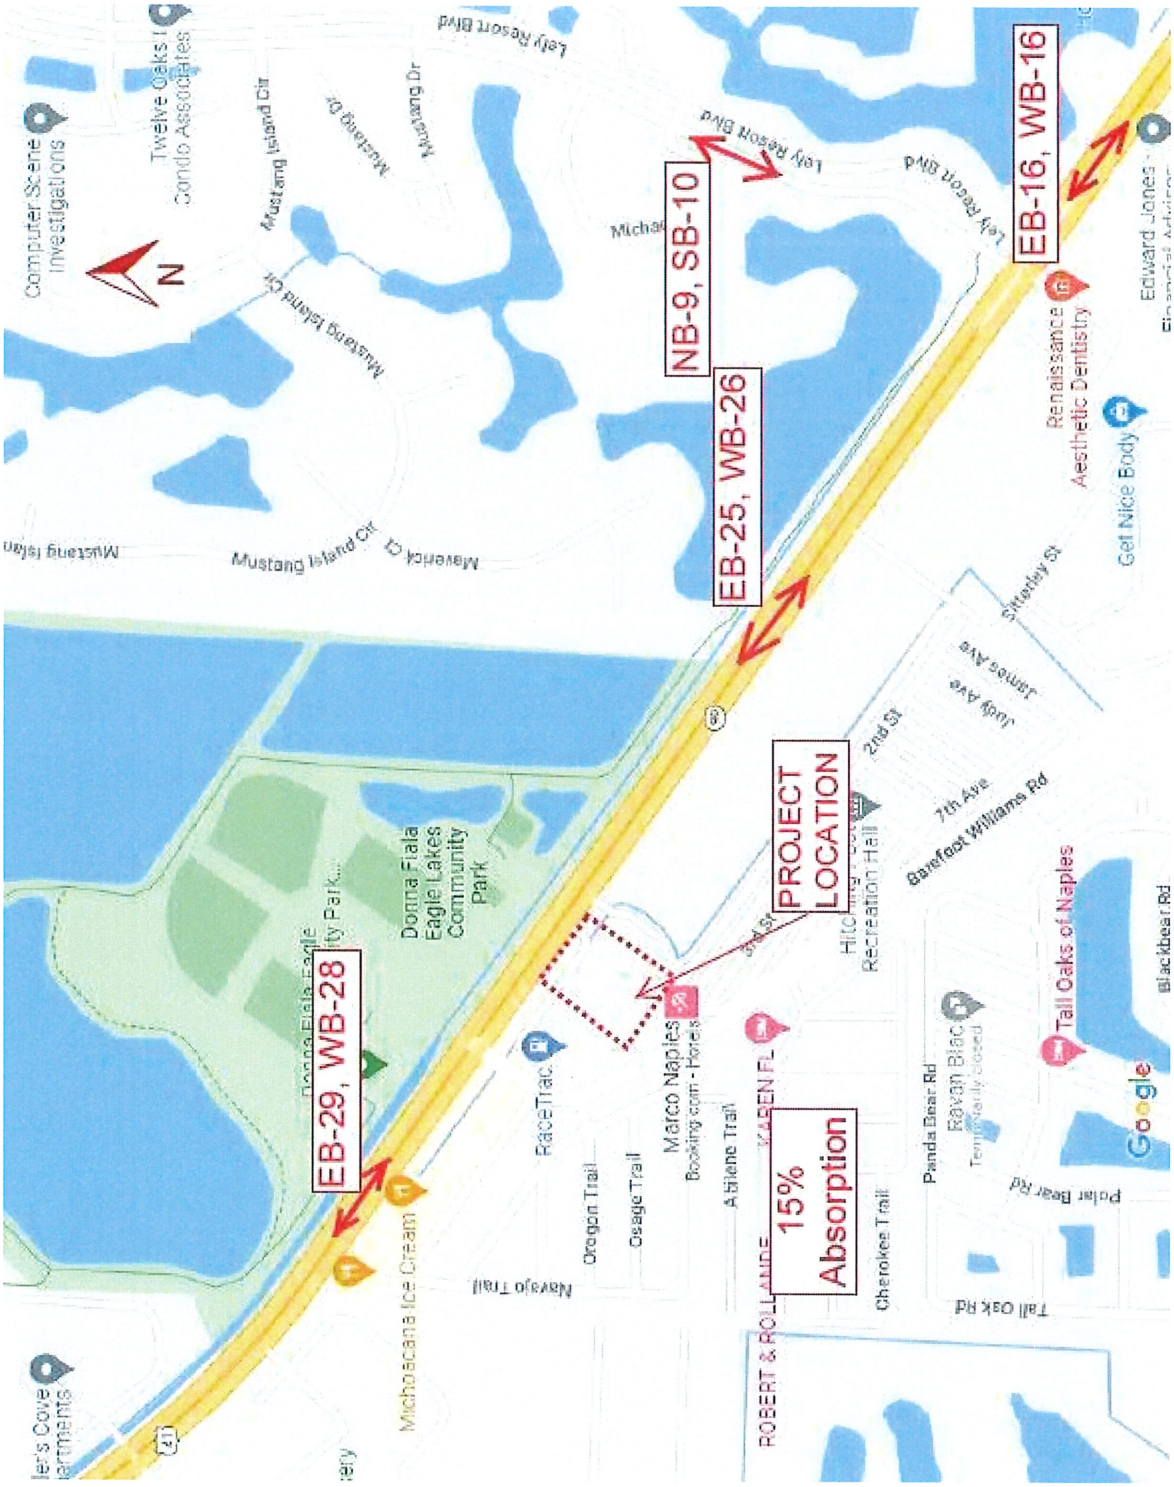
Table 3
Traffic Distribution for PM Peak Hour

Roadway Link	Collier County Link No.	Roadway Link Location	Distribution of Project Traffic	PM Peak Hour Project Vol.*	
				Enter	Exit
Tamiami Trl	93.0	Project to Lely Resort Blvd	40%	WB – 26	**EB – 25**
Tamiami Trl	93.0	Lely Resort Blvd to Triangle Blvd	25%	WB-16	**EB – 16**
Lely Resort Blvd	**	North of Tamiami Trl	15%	SB-10	NB-9
Tamiami Trl	93.0	Project to Rattlesnake Hammock Rd	45%	**EB – 29**	WB – 28

Note(s): *Peak hour, peak direction traffic volumes are **underlined** and **bold** to be used in Roadway Link Level of Service calculations. Peak Direction is taken from the Collier County 2022 AUIR.
** Not a Collier County monitored link.

Figure 2A – Project Distribution by Percentage

Figure 2B – Project Distribution by PM Peak Hour



Background Traffic

Average background traffic growth rates are estimated for the segments of the roadway network in the study area using the Collier County Transportation Planning Staff guidance of a minimum 2% growth rate, or the historical growth rate from peak hour peak direction volume (estimated from 2008 through 2022), whichever is greater.

Another way to derive the background traffic is to use the 2022 Annual Update and Inventory Report (AUIR) volume plus the trip bank volume. The higher of the two determinations is to be used in the Roadway Link Level of Service analysis.

Table 4, Background Traffic without Project illustrates the application of projected growth rates to generate the projected background (without project) peak hour peak direction traffic volume for the build-out year 2028

Table 4
Background Traffic without Project (2022 - 2028)

Roadway Link	CC AUIR Link ID #	Roadway Link Location	2022 AUIR Pk Hr, Pk Dir Background Traffic Volume (trips/hr)	Projected Traffic Annual Growth Rate (%/yr)*	Growth Factor	2028 Projected Pk Hr, Peak Dir Background Traffic Volume w/out Project (trips/hr) Growth Factor**	Trip Bank	2028 Projected Pk Hr, Peak Dir Background Traffic Volume w/out Project (trips/hr) Trip Bank***
Tamiami Trl	93.0	Project to Lely Resort Blvd	2,110	2.00%	1.1262	2,377	610	**2,720**
Tamiami Trl	93.0	Lely Resort Blvd to Triangle Blvd	2,110	2.00%	1.1262	2,377	610	**2,720**
Tamiami Trl	93.0	Project to Rattlesnake Hammock Rd	2,110	2.00%	1.1262	2,377	610	**2,720**

Note(s): *Annual Growth Rate – based on peak hour, peak direction volume (from 2008 through 2022), or 2% minimum.
**Growth Factor = (1 + Annual Growth Rate)^{6}. 2028 Projected Volume = 2022 AUIR Volume x Growth Factor.
***2028 Projected Volume = 2022 AUIR Volume + Trip Bank.
The projected 2028 Peak Hour – Peak Direction Background Traffic is the greater of the Growth Factor or Trip Bank calculation, which is **underlined** and **bold** as applicable.

Existing and Future Roadway Network

The existing roadway conditions are extracted from the Collier County 2022 AUIR. Roadway improvements that are currently under construction or are scheduled to be constructed within the five-year Transportation Improvement Plan (TIP) or Capital Improvement program (CIP) are considered to be committed improvements. Based on our review of the most current Five Year Work Program available for Collier County and Florida Department of Transportation (FDOT), no roadway improvements were identified for the analyzed roadway network. As such, the existing roadway segment capacities are anticipated to remain unchanged through project build-out.

The existing and future roadway conditions are illustrated in **Table 5: Existing and Future Roadway Conditions**.

Table 5
Existing and Future Roadway Conditions

Roadway Link	CC AUIR Link ID #	Roadway Link Location	2022 Roadway Condition	Min. Standard LOS	2022 Peak Dir, Peak Hr Capacity Volume	2028 Roadway Condition	2028 Peak Dir, Peak Hr Capacity Volume
Tamiami Trl	93.0	Project to Lely Resort Blvd	6D	E	3,000(EB)	6D	3,000(EB)
Tamiami Trl	93.0	Lely Resort Blvd to Triangle Blvd	6D	E	3,000(EB)	6D	3,000(EB)
Tamiami Trl	93.0	Project to Rattlesnake Hammock Rd	6D	E	3,000(EB)	6D	3,000(EB)

Note(s): 2U = 2-lane undivided roadway; 4D, 6D, 8D = 4-lane, 6-lane, 8-lane divided roadway, respectively; LOS = Level of Service.

Project Impacts to Area Roadway Network-Link Analysis

The Collier County Transportation Planning Services developed Level of Service (LOS) volumes for the roadway links impacted by the project, which are evaluated to determine the project impacts to the area roadway network in the future horizon year 2028. The Collier County Transportation Planning Services guidelines have determined that a project will be considered to have a significant and adverse impact if **both** the percentage volume capacity exceeds 2% of the capacity for the link directly accessed by the project and for the link adjacent to the link directly accessed by the project; 3% for other subsequent links **and** if the roadway is projected to operate below the adopted LOS standard.

Table 6: Roadway Link Level of Service (LOS) – with Project in the Year 2028 illustrates the LOS traffic impacts of the project to the area roadway network. As illustrated in Table 6, the project will generate a de minimus impact on the area roadway network. None of the analyzed links are projected to have a significant impact or exceed the adopted LOS standard with or without the project at 2028 build-out conditions.

The proposed development is not located within the Collier County's Transportation Concurrency Exception Area (TCEA). In addition, the proposed development is not situated within the County's designated Transportation Concurrency Management Area (TCMA). The TCEA's and TCMA's designations are provided in Policy 5.4 and 5.6 of the Transportation Element – Collier County Growth Management Plan (GMP).

Policy 5.1 of the Collier County Transportation Element of the Growth Management Plan (GMP) states that "the County Commission shall review all rezone petitions, SRA designation applications, conditional use petitions, and proposed amendments to the Future Land Use Element (FLUE) affecting the overall countywide density or intensity of permissible development, with consideration of their impact on the overall County transportation system, and shall not approve any petition or application that would directly access a deficient roadway segment as identified in the current AUIR or if it impacts an adjacent roadway

segment that is deficient as identified in the current AUIR, or which significantly impacts a roadway segment or adjacent roadway segment that is currently operating and/or is projected to operate below an adopted Level of Service Standard within the five year AUIR planning period, unless specific mitigating stipulations are also approved."

Table 6
Roadway Link Level of Service (LOS) – with Project in the Year 2028

Roadway Link	CC AUIR Link ID #	Roadway Link Location	2028 Peak Dir, Peak Hr Capacity Volume	Roadway Link, Peak Dir, Peak Hr (Project Vol Added)*	2028 Peak Dir, Peak Hr Volume w/Project**	% Vol Capacity Impact by Project	Min LOS exceeded without Project? Yes/No	Min LOS exceeded with Project? Yes/No
Tamiami Trl	93.0	Project to Lely Resort Blvd	3,000(EB)	**EB-25**	**2,745**	0.83%	No	No
Tamiami Trl	93.0	Lely Resort Blvd to Triangle Blvd	3,000(EB)	**EB-16**	**2,736**	0.53%	No	No
Tamiami Trl	93.0	Project to Rattlesnake Hammock Rd	3,000(EB)	**EB-29**	**2,749**	0.97%	No	No

Note(s): *Refer to **Table 3** from this report.
2028 Projected Volume = 2028 background (refer to **Table 4) + Project Volume added.

Access Management

Existing US 41 (Tamiami Trail East) is a six-lane divided roadway. It is an Access Class 3 with a 50 mph posted speed limit and design speed. Future geometric conditions are unchanged. The access to US 41 is an existing right-in / right-out access with turn lane.

A detailed evaluation of the proposed site access point will be performed at the time of site development permitting/platting to determine turn lane requirements and capacity availability, as applicable.

Improvement Analysis

Based on the results illustrated within this traffic analysis, the proposed project not a significant traffic generator for the roadway network at this location. The analyzed roadway network facilities have sufficient capacity to accommodate the proposed project within the 5-year planning period.

The maximum total daily trip generation for the proposed development shall not exceed 127 two-way PM peak hour net new trips based on the land use codes in the ITE Trip Generation Manual in effect at the time of the application for SDP/SDPA or subdivision plat approval.

Mitigation of Impact

The developer proposes to pay the appropriate Collier County Road Impact Fee as building permits are issued for the project.

Proposed Development:
Name: 11760 Tamiami Trail East
Location: South side of Tamiami Trail East, East of Barefoot Williams Road (refer to **Figure 1**)
Land Use Type: Restaurant and Automated Car Wash
ITE Code #: LUC 934 Fast-Food Restaurant with Drive-Through Window and LUC 948 Automated Car Wash
Description: The TIS is in support of a rezone. The 11760 Tamiami Trail East proposal includes construction of a 5,000 square foot (SF) Fast-Food Restaurant with Drive-Through Window and a 5,000 SF 1 Tunnel Car Wash. Project access is via an existing right-in / right-out access to Tamiami Trail East and cross-access with the existing gas station to the west and cross-access with the parcel to the east..

Zoning
Existing: C-3 Commercial Intermediate District
Comprehensive plan recommendation: No change

Requested: Rezone to C-4 General Commercial District.

Figure 1 – Project Location Map

Findings of the Preliminary Study: The project is not located within a TCMA or TCEA designated area.

Study type: Since estimated project net new traffic volume exceeds 100 PM 2-way peak hour trips, this study qualifies as a Major Study TIS.

The ITE Trip Generation Manual does not provide daily or AM peak hour traffic data for the Automated Car Wash – LUC 948. In addition, consistent with the nature of this business, typically PM peak hour traffic activity is more intense than the AM peak hour. So the TIS will include trip generation (PM Peak Hour for the car wash), traffic distribution and assignments, significance test (based on 2%/2%/3% criterion), and roadway link analysis. Site operational analysis will be analyzed in the TIS for the future site development plan application. While ITE

results in a 25% internal capture, per TIS Guidelines, the internal capture will be limited to 20%. No intersection analysis will be performed. Refer to **Figure 2** for the distribution of project traffic.

Figure 2: Distribution of Project Traffic

Roadway concurrency analysis – based on PM Peak Hour weekday traffic – 2%/2%/3% criterion.

Study Type: (if not net increase, operational study)

Collier County
Traffic Impact Study Review Fee Schedule

Fees will be paid incrementally as the development proceeds: Methodology Review, Analysis Review, and Sufficiency Reviews. Fees for additional meetings or other optional services are also provided below.

Methodology Review - $500 Fee
Methodology Review includes review of a submitted methodology statement, including review of submitted trip generation estimate(s), distribution, assignment, and review of a "Small Scale Study" determination, written approval/comments on a proposed methodology statement, and written confirmation of a re-submitted, amended methodology statement, and one meeting in Collier County, if needed.

"Small Scale Study" Review - No Additional Fee (Includes one sufficiency review)
Upon approval of the methodology review, the applicant may submit the study. The review includes: a concurrency determination, site access inspection and confirmation of the study compliance with trip generation, distribution and maximum threshold compliance.

"Minor Study Review" - $750 Fee (Includes one sufficiency review)
Review of the submitted traffic analysis includes: optional field visit to site, confirmation of trip generation, distribution, and assignment, concurrency determination, confirmation of committed improvements, review of traffic volume data collected/assembled, review of off-site improvements within the right-of-way, review of site access and circulation, and preparation and review of "sufficiency" comments/questions.

"Major Study Review" - $1,500 Fee (Includes two intersection analysis and two sufficiency reviews)
Review of the submitted traffic analysis includes: field visit to site, confirmation of trip generation, special trip generation and/or trip length study, distribution and assignment, concurrency determination, confirmation of committed improvements, review of traffic volume data collected/assembled, review of traffic growth analysis, review of off-site roadway operations and capacity analysis, review of site access and circulation, neighborhood traffic intrusion issues, any necessary improvement proposals and associated cost estimates, and preparation and review of up to two rounds of "sufficiency" comments/questions and/or recommended conditions of approval.

"Additional intersection Review" - $500 Fee
The review of additional intersections shall include the same parameters as outlined in the "Major Study Review" and shall apply to each intersection above the first two intersections included in the "Major Study Review"

"Additional Sufficiency Reviews" - $500 Fee
Additional sufficiency reviews beyond those initially included in the appropriate study shall require the additional Fee prior to the completion of the review.

Appendix C:

Trip Generation Calculations

Land Use: 934
Fast-Food Restaurant with Drive-Through Window

Description

This land use includes any fast-food restaurant with a drive-through window. This type of restaurant is characterized by a large drive-through and large carry-out clientele, long hours of service (some are open for breakfast, all are open for lunch and dinner, some are open late at night or 24 hours a day) and high turnover rates for eat-in customers. The restaurant does not provide table service. A patron generally orders from a menu board and pays before receiving the meal. A typical duration of stay for an eat-in patron is less than 30 minutes. Fast casual restaurant (Land Use 930), high-turnover (sit-down) restaurant (Land Use 932), fast-food restaurant without drive-through window (Land Use 933), and fast-food restaurant with drive-through window and no indoor seating (Land Use 935) are related uses.

Additional Data

Users should exercise caution when applying statistics during the AM peak periods, as the sites contained in the database for this land use may or may not be open for breakfast. In cases where it was confirmed that the sites were not open for breakfast, data for the AM peak hour of the adjacent street traffic were removed from the database.

If the restaurant has outdoor seating, its area is not included in the overall gross floor area. For a restaurant that has significant outdoor seating, the number of seats may be more reliable than GFA as an independent variable on which to establish a trip generation rate.

The technical appendices provide supporting information on time-of-day distributions for this land use. The appendices can be accessed through either the ITETripGen web app or the trip generation resource page on the ITE website (https://www.ite.org/technical-resources/topics/trip-and-parking-generation/).

The sites were surveyed in the 1980s, the 1990s, the 2000s, and the 2010s in Alaska, Alberta (CAN), California, Colorado, Florida, Indiana, Kentucky, Maryland, Massachusetts, Minnesota, Montana, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, South Dakota, Texas, Vermont, Virginia, Washington, and Wisconsin.

Source Numbers

Land Use: 948
Automated Car Wash

Description

An automated car wash is a facility that allows for the mechanical cleaning of the exterior of vehicles. Manual cleaning service may also be available at the facility. Self-service car wash (Land Use 947) and car wash and detail center (Land Use 949) are related uses.

Additional Data

The sites were surveyed in the 1990s and the 2000s in New Jersey, New York, and Washington.

Barefoot Williams Commercial Subdistrict SSGMPA (PL-20220005822)
11760 Tamiami Trail East Rezone (RZ-PL-20220005137)

July 24, 2023 at 5:30 PM
Rookery Bay National Estuarine Research Reserve, The Auditorium
300 Tower Road, Naples, FL 34113.

A NIM was held for the above-referenced petitions. The petitions are described as follows:

1) **SSGMPA-PL-20220005822 (Barefoot Williams Commercial Subdistrict):** A Small-Scale Growth Management Plan Amendment (SSGMPA) application to amend the future land use designation of the property from the Urban Coastal Fringe Subdistrict to establish the Barefoot Williams Commercial Subdistrict. The proposed subdistrict will permit C-3 commercial uses, which are currently permitted under existing zoning, and add car wash as an additional permitted use (limited to one within the district); and
2) **RZ-PL-20220005137 (11760 Tamiami Trail East Rezone):** An application to rezone the property from the C-3 Zoning District to the C-4 Zoning District. However, the proposed C-4 Zoning District for the property will be limited to permit only one C-4 commercial use (car wash, limited to one on the property), along with the currently permitted C-3 commercial uses.

Property Owners/Applicants:
11760 Property, LLC

Applicant Attendees:
Rick Scali, Owner

Consultant Attendees on Behalf of the Applicant:
Clay C. Brooker, Esq., Cheffy Passidomo, P.A.
Robert J. Mulhere, FAICP, Senior Vice President, Hole Montes, a Bowman Company
Ellen Summers, AICP, Principal Planner, Hole Montes, a Bowman Company
Norman Trebilcock, P.E., AICP, Trebilcock Consulting Solutions, PA

Attendees on Behalf of Collier County:
Michelle Mosca, AICP, Planner III
Timothy Finn, Planner III

There was one member of the public physically in attendance, and one member of the public in attendance via Zoom. Ellen Summers provided a presentation on the proposed SSGMPA and the Rezone request. The presentation lasted approximately 10 minutes.

Following the presentation, the meeting was opened up for comments and questions from the members of public in attendance in person and on Zoom. There was one question raised by a member of the public regarding what the plans are to develop the other portion of the site (that will not be occupied by the car wash). Ellen Summers responded that the portion of the site in question does not have a definitive use in mind, but may be developed with retail, a small restaurant, or office space. The NIM concluded at approximately 5:42 PM.

AFFIDAVIT OF COMPLIANCE

I hereby certify that pursuant to Ordinance 2004-41, of the Collier County Land Development Code, I did cause the attached newspaper advertisement to appear and I did give notice by mail to the following property owners and/or condominium and civic associations whose members may be affected by the proposed land use changes of an application request for a rezoning, PUD amendment, or conditional use, at least 15 days prior to the scheduled Neighborhood Information Meeting. *For the purposes of this requirement, the names and addresses of property owners shall be deemed those appearing on the latest tax rolls of Collier County and any other persons or entities who have made a formal request of the county to be notified.* The said notice contained the laymen's description of the site property of proposed change and the date, time, and place of a Neighborhood Information Meeting.

Per the attached letters, property owner's list, and copy of newspaper advertisement which are hereby made a part of this Affidavit of Compliance.

Re: Barefoot Williams Commercial Subdistrict SSGMPA (PL-20220005822)
11760 Tamiami Trail East Rezone (RZ-PL-20220005137)
HM File No. 2023.006

Dear Property Owner:

Please be advised that Robert J. Mulhere, FAICP, Senior Vice President, Ellen Summers, AICP, Planner III of Hole Montes, a Bowman Company, and Clay C. Brooker, Esquire of Cheffy Passidomo, P.A., on behalf of the applicant, have made the following two concurrent applications to Collier County Growth Management:

1) **SSGMPA-PL-20220005822 (Barefoot Williams Commercial Subdistrict):** A Small-Scale Growth Management Plan Amendment (SSGMPA) application to amend the future land use designation of the property from the Urban Coastal Fringe Subdistrict to establish the Barefoot Williams Commercial Subdistrict. The proposed subdistrict will permit C-3 commercial uses, which are currently permitted under existing zoning, and add car wash as an additional permitted use (limited to one within the district); and
2) **RZ-PL-20220005137 (11760 Tamiami Trail East Rezone):** An application to rezone the property from the C-3 Zoning District to the C-4 Zoning District. However, the proposed C-4 Zoning District for the property will be limited to permit only one C-4 commercial use (car wash, limited to one on the property), along with the currently permitted C-3 commercial uses.

The property is comprised of 1.92± acres and is located in Section 33, Township 50 South, Range 26 East, Collier County, Florida. The property is situated approximately 350 feet east of the intersection of Tamiami Trail East and Barefoot Williams Road, as depicted in the location map below.

In compliance with the Land Development Code requirements, a Neighborhood Information Meeting will be held to provide you an opportunity to hear a presentation about this petition and ask questions. The Neighborhood Information Meeting will be held on Monday, July 24, 2023, at 5:30 p.m. at the Rookery Bay National Estuarine Research Reserve, The Auditorium, 300 Tower Road, Naples, FL 34113.

"Russian military aircraft engaged in unsafe and unprofessional behavior while interacting with U.S. aircraft in Syria," Lt. Gen. Alex Grynkewich said, adding that the actions threaten the safety of U.S. and Russian forces.
U S AIR FORCE VIA AP

Video shows Russian jets 'harassing' drones

Lolita C. Baldor
ASSOCIATED PRESS

WASHINGTON – Russian fighter jets flew dangerously close to several U.S. drone aircraft over Syria, setting off flares and forcing the MQ-9 Reapers to take evasive maneuvers, the Air Force said.

U.S. Air Forces Central released a video of Wednesday's encounter showing a Russian SU-35 fighter closing in on a Reaper and later a number of the so-called parachute flares moving into the drone's flight path. The flares are attached to parachutes.

Lt. Gen. Alex Grynkewich, commander of 9th Air Force in the Middle East, said three of the U.S. drones were operating over northwest Syria after 10:30 a.m. local time, on a mission against the Islamic State group that was not detailed, when three of the Russian aircraft "began harassing the drones." The drones were not armed with weapons and are commonly used for reconnaissance missions.

In a statement, Grynkewich said one of the Russian pilots moved in front of a drone and engaged the SU-35's afterburner, which greatly increases its speed and air pressure. The jet blast from the afterburner can potentially damage the Reaper's electronics, and Grynkewich said it reduced the drone operator's ability to safely operate the aircraft.

"Russian military aircraft engaged in unsafe and unprofessional behavior while interacting with U.S. aircraft in Syria," he said, adding that the actions threaten the safety of the U.S. and Russian forces. "We urge Russian forces in Syria to cease this reckless behavior and adhere to the standards of behavior expected of a professional air force so we can resume our focus on the enduring defeat of ISIS."

Army Gen. Erik Kurilla, head of U.S. Central Command, said in a statement that Russia's violation of ongoing efforts to clear the airspace over Syria "increases the risk of escalation or miscalculation."

About 900 U.S. forces are deployed to Syria to work with the Kurdish-led Syrian Democratic Forces battling the Islamic State militants there.

The public is invited to attend a neighborhood information meeting held by Robert J. Mulhere, FAICP, Senior Vice President, Ellen Summers, AICP, Planner III of Hole Montes, a Bowman Company, and Clay C. NOTICE OF PUBLIC HEARING

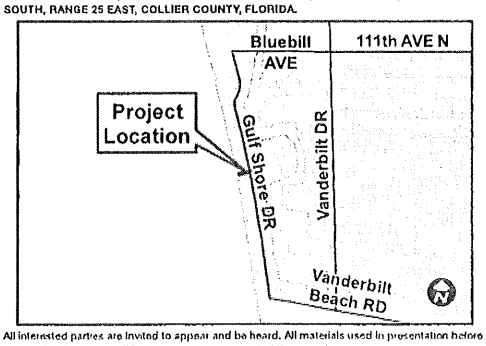
Notice is hereby given that a public hearing will be held by the Collier County Hearing Examiner (HEX) at 9:00 A.M., July 27, 2023, in the Hearing Examiner's meeting room, at 2800 North Horse-shoe Drive, Room 609/610, Naples FL 34104, to consider:

PETITION NO. BLC DEVIATION - PL20230003026 – JAFFEE CANOPY– REQUEST FOR A BOAT LIFT CANOPY DEVIATION TO INCREASE THE ALLOWABLE LENGTH FROM 35 FEET TO 45 FEET, TO ALLOW A BOATLIFT CANOPY MEASURING 45 FEET LONG BY 15.2 FEET WIDE, PURSUANT TO SECTION 5.03.06.G.3 OF THE LAND DEVELOPMENT CODE (LDC). THE SUBJECT PROPERTY IS LOCATED ADJACENT TO 10091 GULF SHORE DRIVE, FURTHER DESCRIBED AS THE NORTH 50 FEET OF LOT 14, BLOCK C, RE-SUBDIVISION OF PART OF UNIT NO. 1, CONNER'S VANDERBILT ESTATES, IN SECTION 29, TOWNSHIP 48 SOUTH, RANGE 25 EAST, COLLIER COUNTY, FLORIDA.



All interested parties are invited to appear and be heard. All materials used in presentation before the Hearing Examiner will become a permanent part of the record.

Copies of staff report are available one (1) week prior to the hearing. The file can be reviewed at the Collier County Growth Management Community Development Department, Zoning Division, 2800 North Horseshoe Drive, Naples, FL 34104.

As to any petition upon which the Hearing Examiner takes action, an aggrieved petitioner may appeal such final action. Such appeal shall be filed per Section 2-88 of the Collier County Code of Laws and Ordinances within 30 days of the decision by the Hearing Examiner. An aggrieved non-party may appeal a decision by the Hearing Examiner to the Circuit Court of Collier County within 30 days of the decision. In the event that the petition has been approved by the Hearing Examiner, the applicant shall be advised that he/she proceeds with construction at his/her own risk during this 30-day period. Any construction work completed ahead of the approval authorization shall be at their own risk.

As part of an ongoing initiative to encourage public involvement, the public will have the opportunity to provide public comments remotely, as well as in person, during this proceeding. Individuals who would like to participate remotely should register through the link provided within the specific event/meeting entry on the Calendar of Events on the County website at www.colliercountyfl.gov/our-county/visitors/calendar-of-events after the agenda is posted on the County website. Registration should be done in advance of the public meeting, or any deadline specified within the public meeting notice. Individuals who register will receive an email in advance of the public hearing detailing how they can participate remotely in the meeting. Remote participation is provided as a courtesy and is at the user's risk. The County is not responsible for technical issues. For additional information about this meeting, please call Geoffrey Willig at 252-8369 or email to Geoffrey.Willig@colliercountyfl.gov.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the Collier County Zoning Division located at 2800 N. Horseshoe Dr, Naples, Florida 34104, (239) 252- 2400, at least two (2) days prior to the meeting.

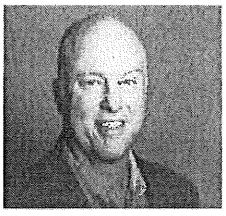
ED TREATMENTS TO REIGNITE YOUR RELATIONSHIP.

Don't suffer any longer. Achieve lasting intimacy.



Joel Dillon, Owner and Director of Atlantic Men's Clinic, has treated hundreds of patients effectively treated for erectile dysfunction - even in cases where pills or other treatments have failed.

Erectile Dysfunction (ED) problems aren't solely about sex. They're also about intimacy and your relationship. Because the truth of the matter is that not getting treated often results in serious emotional issues between you and the one you love. And with ED affecting around 50% of men over 50, far too many men are simply suffering in silence and dealing with relationship issues when they really don't have to.

Your Relationship Doesn't have to Tolerate ED.

ED can ruin relationships and take a serious toll on a man's mental health and well-being. And with this terrible condition affecting millions upon millions of men across the United States, we feel ED isn't given enough attention. The consequences associated with erectile dysfunction extend far beyond physical challenges - often leading to failed relationships and psychological damage. What most men don't realize, however, is that there are highly effective treatments available that can restore intimacy with your loved one.

Treatments that are Effective Well Over 90% of the Time.

If you're experiencing ED, and have been disappointed by the results of pills or other treatments - or if you have chosen to overlook the issue altogether - we want you to know that we can likely treat your ED. At Atlantic Men's Clinic, our treatment plans have proven successful for well over 90% of men. Which means you have a great chance to reclaim your sex life and enjoy the incredible benefits that come along with it.

The Specialists in Men's Sexual Health Issues.

At Atlantic Men's Clinic, we provide treatments for ED. We're discreet, professional, and have successfully treated thousands of men in Florida. And we can also assist with low testosterone issues that are often associated with ED.

Stop Suffering with ED. Reclaim Your Sex Life.

If you are like most men, we can help you reignite that spark in your relationship. We're confident that we can help you achieve an erection with an in-office test dose on your first visit.. even if pills or other treatments have failed you in the past, or even if you haven't had an erection in a long time. And if we can't get you an erection in the office, we won't charge you a penny for your office visit. Make an appointment today and achieve the lasting intimacy with your partner that you deserve.

Re: Barefoot Williams Commercial Subdistrict SSGMPA (PL-20220005822)
11760 Tamiami Trail East Rezone (RZ-PL-20220005137)
BWM File No. 2023.006

Dear Property Owner:

Please be advised that Robert J. Mulhere, FAICP, Senior Vice President, Ellen Summers, AICP, Lead Planner of Bowman Company, and Clay C. Brooker, Esquire of Cheffy Passidomo, P.A., on behalf of the applicant, have made the following two concurrent applications to Collier County Growth Management:

1) **SSGMPA-PL-20220005822 (Barefoot Williams Commercial Subdistrict):** A Small-Scale Growth Management Plan Amendment (SSGMPA) application to amend the future land use designation of the property from the Urban Coastal Fringe Subdistrict to establish the Barefoot Williams Commercial Subdistrict. The proposed subdistrict will permit C-3 commercial uses, which are currently permitted under existing zoning, and add car wash as an additional permitted use (limited to one within the district); and

2) **RZ-PL-20220005137 (11760 Tamiami Trail East Rezone):** An application to rezone the property from the C-3 Zoning District to the C-4 Zoning District. However, the proposed C-4 Zoning District for the property will be limited to permit only one C-4 commercial use (car wash, limited to one on the property), along with the currently permitted C-3 commercial uses.

In compliance with the Land Development Code requirements, a Neighborhood Information Meeting will be held to provide you an opportunity to hear a presentation about this petition and ask questions. The Neighborhood Information Meeting will be held on Wednesday, October 2, 2024 at 5:30 p.m. at the Rookery Bay National Estuarine Research Reserve, The Auditorium, 300 Tower Road, Naples FL, 34113.

The purpose and intent of this Neighborhood Information Meeting is to provide the public with notice of an impending zoning application and to foster communication between the applicant and the public. The expectation is that all attendees will conduct themselves in such a manner that their presence will not interfere with the orderly progress of the meeting.

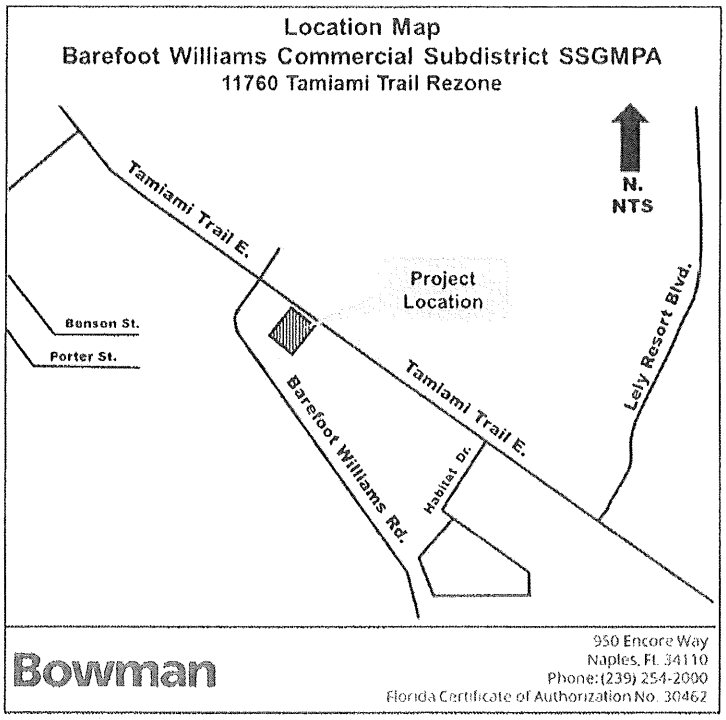
The public is invited to attend a neighborhood information meeting held by Robert J. Mulhere, FAICP, Senior Vice President, Ellen Summers, AICP, Lead Planner of Bowman, and Clay C. Brooker, Esquire of Cheffy Passidomo, P.A., on behalf of the applicant at the following time and location:

Wednesday, October 2, 2024 at 5:30 p.m.
The Rookery Bay National Estuarine Research Reserve, The Auditorium
300 Tower Road, Naples, FL 34113

The following two companion applications have been made to Collier County Growth Management:

1) **SSGMPA-PL-20220005822 (Barefoot Williams Commercial Subdistrict):** A Small-Scale Growth Management Plan Amendment (SSGMPA) application to amend the future land use designation of the property from the Urban Coastal Fringe Subdistrict to establish the Barefoot Williams Commercial Subdistrict. The proposed subdistrict will permit C-3 commercial uses, which are currently permitted under existing zoning, and add car wash as an additional permitted use (limited to one within the district); and

2) **RZ-PL-20220005137 (11760 Tamiami Trail East Rezone):** An application to rezone the property from the C-3 Zoning District to the C-4 Zoning District. However, the proposed C-4 Zoning District for the property will be limited to permit only one C-4 commercial use (car wash, limited to one on the property), along with the currently permitted C-3 commercial uses.



Business and property owners, residents and visitors are welcome to attend the presentation and discuss the project with the applicant and Collier County staff. The purpose and intent of this Neighborhood Information Meeting is to provide the public with notice of an impending zoning application and to foster communication between the applicant and the public. The expectation is that all attendees will conduct themselves in such a manner that their presence will not interfere with the orderly progress of the meeting.

Zoom is being provided as an option to those unable to attend the meeting in person. However, if technical difficulties arise with Zoom, the technical difficulties will not be grounds to invalidate the meeting. If you would like to participate via Zoom or view a video of the meeting, please email us at NIM-SWFL@bowman.com and we will send a zoom invite or a link of the video. You may also email any comments or questions to NIM-SWFL@bowman.com. Please reference **East Trail Car Wash** in the subject line.

SIGN POSTING INSTRUCTIONS

(CHAPTER 8, COLLIER COUNTY ADMINISTRATIVE CODE FOR LAND DEVELOPMENT)

A zoning sign(s) must be posted by the petition of the petitioner's agent on the parcel for a minimum of fifteen (15) calendar days in advance of the first public hearing and said sign(s) must be maintained by the petitioner or the petitioner's agent through the Board of County Commissioners Hearing. Below are general guidelines for signs, however these guidelines should not be construed to supersede any requirements of the LDC. For specific sign requirements, please refer to the Administrative Code, Chapter 8 E.

1. The sign(s) must be erected in full view of the public, not more than five (5) feet from the nearest street right-of-way or easement.
2. The sign must be securely affixed by nails, staples, or other means to a wood frame or to a wood panel and then fastened securely to a post, or other structure. The sign may no be affixed to a tree or other foliage.
3. The petitioner or the petitioner's agent must maintain the sign(s) in place, and readable condition until the requested action has been heard and a final decision rendered. If the sign(s) is destroyed, lost, or rendered unreadable, the petition or the petitioner's agent must replace the sign(s).

NOTE: AFTER THE SIGN HAS BEEN POSTED, THIS AFFIDAVIT OF POSTING NOTICE SHOULD BE RETURNED NO LATER THAN TEN (10) WORKING DAYS BEFORE THE FIRST HEARING DATE TO THE ASSIGNED PLANNER.

Re: Objection to Proposed Amendment to Ordinance
Ordinance No. 89-05, Collier County GMP
Barefoot Williams Property – Proposed Car Wash

Dear Collier County Board of County Commissioners,

We write to you on behalf of two local, established car wash businesses serving our local community: (1) Pump & Munch Car Wash located at 9995 Tamiami Trail East, Naples, Florida, and (2) Dolphin Auto Spa Express Car Wash located at 6240 Collier Blvd, Naples, Florida. Both of our car washes are within the very close vicinity of the proposed car wash with our locations being 2.2 miles and 2.4 miles away, respectively. We write this letter to raise our concerns and objections to the proposal.

The Applicant claims that the area is in need of another car wash, but that could not be further from the truth. A simple review of the associated maps would show that there are already five substantial car washes within just a three mile radius of the proposed location. Five car washes in this small vicinity is far more than would reasonable for the population in the area, and this oversaturation of the market is exacerbated when out of season. The insertion of another car wash in this oversaturated market will create unmerited stress on the car washes that already serve the limited market in the area and potentially lead to business closures. The Applicant attempts to distinguish itself in the nature of its car wash business, but the reality is that four of the nearby five car washes are essentially identical. Even the County Staff noted their concerns associated with the "high proportion of car washes . . . ."

The Applicant also attempts to paint the approval of the car wash as somehow serving the needs of the local community, but it is difficult to ascertain what needs are being served when there are so many car washes in the area already providing identical service with almost identical facilities. An oversaturation of the market does not serve the local community. It does, however, create strain on local businesses that can lead to closures of the already existing businesses.

Additionally, the Application appears to rely heavily on the argument that the proposal is permitted on the basis that the Home Depot adjacent property has permitted uses of C-5, pursuant to Ordinance 2024-08.

Docusign Envelope ID: 286F8503-9385-49E3-B18D-19FAD5762B4F

A review of Ordinance 2024-08, however, clearly reflects that the Home Depot has permitted uses of *only* C-3. A reliance on the Home Depot zoning being C-5 to permit the car wash is incorrect.

We look forward to attending the hearing to provide our comments in person, and we reserve the right to raise additional matters at the hearing.

Sincerely,

Pump & Munch

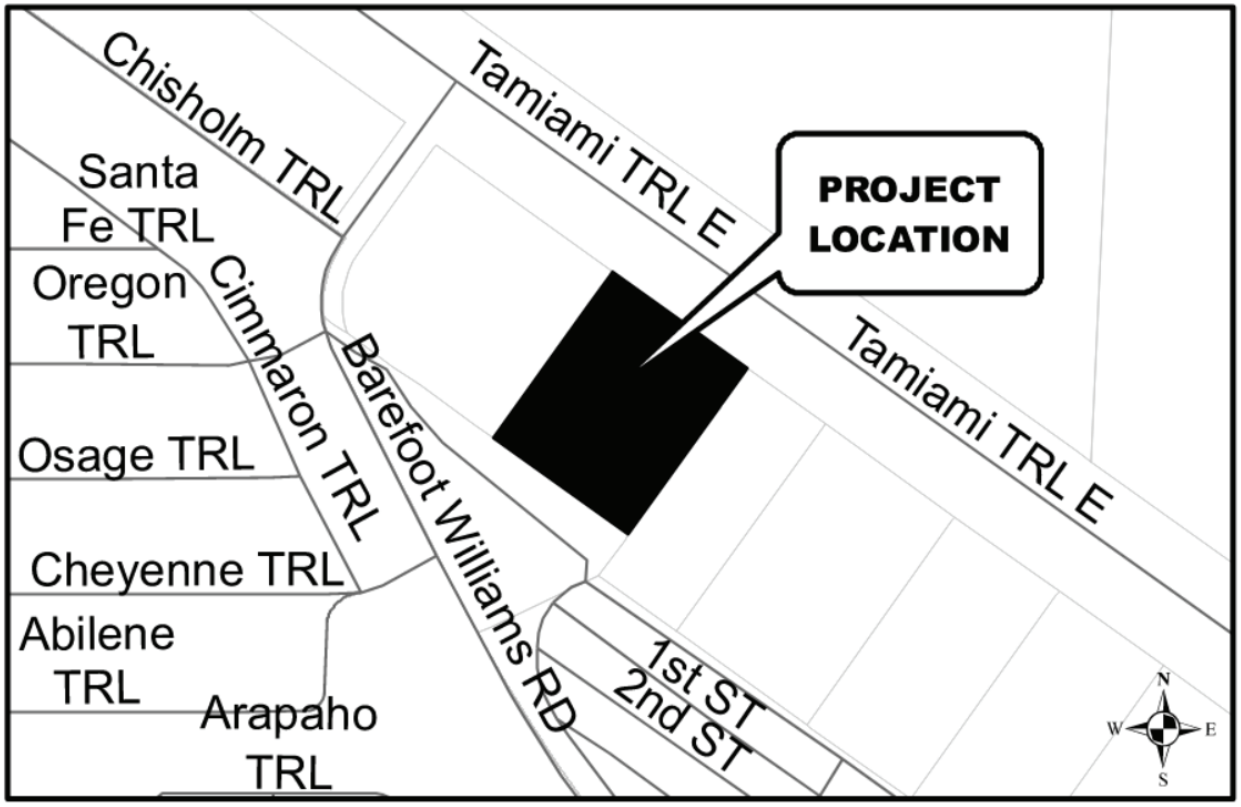
Expiration Date: 01/16/2025

Notices.CollierClerk.com



A copy of the proposed Ordinances is on file with the Clerk to the Board and is available for inspection. All interested parties are invited to attend and be heard.

All persons wishing to speak on any agenda item must register with the County Manager prior to presentation of the agenda item to be addressed. Individual speakers will be limited to three (3) minutes on any item. The selection of any individual to speak on behalf of an organization or group is encouraged. If recognized by the Chairman, a spokesperson for a group or organization may be allotted ten (10) minutes to speak on an item. Written materials intended to be considered by the Board shall be submitted to the appropriate County staff a minimum of seven (7) days prior to the public hearing. All materials used in presentations before the Board will become a permanent part of the record.

As part of an ongoing initiative to encourage public involvement, the public will have the opportunity to provide public comments remotely, as well as in person, during this proceeding. Individuals who would like to participate remotely should register through the link provided within the specific event/meeting entry on the Calendar of Events on the County website at www.colliercountyfl.gov/our-county/visitors/calendar-of-events after the agenda is posted on the County website. Registration should be done in advance of the public meeting, or any deadline specified within the public meeting notice. Individuals who register will receive an email in advance of the public hearing detailing how they can participate remotely in this meeting. Remote participation is provided as a courtesy and is at the user's risk. The County is not responsible for technical issues. For additional information about the meeting, please call Geoffrey Willig at 252-8369 or email to Geoffrey.Willig@colliercountyfl.gov.

Any person who decides to appeal any decision of the **Board** will need a record of the proceedings pertaining thereto and therefore, may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is based.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the Collier County Facilities Management Division, located at 3335 Tamiami Trail East, Suite 101, Naples, FL 34112-5356, (239) 252-8380, at least two (2) days prior to the meeting. Assisted listening devices for the hearing impaired are available in the Board of County Commissioners Office.

BOARD OF COUNTY COMMISSIONERS

CHAIRMAN

CRYSTAL K. KINZEL,
CLERK OF THE CIRCUIT COURT & COMPTROLLER

By: Jennifer Hansen
Deputy Clerk (SEAL)

Executive Summary

Recommendation to discuss a Resolution adopted by the Board of Directors of Ave Maria Civic Association opposing certain proposed relocation options for the Naples Airport near the Ave Maria community.

OBJECTIVE: To have a Board discussion on the recently adopted Resolution by the Board of Directors of Ave Maria Civic Association opposing Naples Airport relocation near Ave Maria, Florida.

CONSIDERATIONS: On November 21, 2024, the Board of Directors of Ave Maria Civic Association adopted Resolution 2024-1, opposing Naples Airport expansion near Ave Maria, Florida. The Resolution states:

Whereas, the Ave Maria Civic Association, Inc. a Florida corporation (the "Corporation") pursuant to F.S. 607.0205(2) of the Florida Business Corporation Act situated in Collier County, Florida; and
Whereas, the Association was established for the purpose to be a resource of information, and have a voice in community planning in Ave Maria and the surrounding area; and
Whereas, the Naples Airport Authority (NAA) has commissioned a study for the relocation of the Naples Airport, located in Naples, Florida; and
Whereas, the area known as Sunripe Land South of Oil Well Road (option #3 on site map) and the existing Immokalee Regional Airport, located in Immokalee Florida, (option D on the site map), are considered as viable alternative locations; and
Whereas, the area known as Option C is undeveloped and Option D would bring a lot of disruptive noise to the development of Ave Maria, and the surrounding area; and
Whereas, the area around both Options C and D are projected to add over 6,000 single and multi-family homes within the time the area would be developed for airport operations; and
Whereas, the choice of Option C and Option D will relocate the airport from one heavily residential area to another heavily residential area; and
Whereas, the choices of Options C and D will only relocate the noise and other complaints that presently, the NAA seeks by relocation of the airport from one residential to another,
Now, be it resolved by the members of the Ave Maria Civic Association:
The majority of the members of the Corporation strongly opposes the selections of Option C and Option D as a location to relocate Naples Airport.

I would like to have an open discussion with the Board on this Resolution and the position established by the Ave Maria community.

FISCAL IMPACT: None

GROWTH MANAGEMENT IMPACT:

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, raises no legal issues and requires majority vote for approval. -JAK

RECOMMENDATIONS: To have a Board discussion on the recently adopted Resolution by the Board of Directors of Ave Maria Civic Association opposing Naples Airport relocation near Ave Maria, Florida.

PREPARED BY: William L. McDaniel, Jr.

RESOLUTION 2024-1

A RESOLUTION OF THE BOARD OF DIRECTORS OF OF AVE MARIA CIVIC ASSOCIATION OPPOSING NAPLES AIRPORT EXPANSION NEAR AVE MARIA, FLORIDA

WHEREAS, the Ave Maria Civic Association, Inc. a Florida corporation (the "Corporation") pursuant to F.S. 607.0205(2) of the Florida Business Corporation Act situated in Collier County, Florida; and

WHEREAS, the Association was established for the purpose to be a resource of information, and have a voice in community planning in Ave Maria and the surrounding area; and

WHEREAS, the Naples Airport Authority (NAA) has commissioned a study for the relocation of the Naples Airport, located in Naples Florida; and

WHEREAS, the area known as Sunripe Land South of Oil Well Road (option #3 on site map) and the existing Immokalee Regional Airport, located in Immokalee Florida, (option D on the site map), are considered as viable alternative locations; and

WHEREAS the area known as Option C is undeveloped and Option D would bring a lot of disruptive noise to the development of Ave Maria, and the surrounding area; and

WHEREAS the area around both Options C and D are projected to add over 6000 single and multi-family homes within the time the area would be developed for airport operation; and

WHEREAS the choice of Option C and Option D will relocate the airport from one heavily residential area to another heavily residential area; and

WHEREAS the choices of Options C and D will only relocate the noise and other complaints that presiently, the NAA seeks by relocation of the airport from one residential to another,

NOW, BE IT RESOLVED BY THE MEMBERS OF THE AVE MARIA CIVIC ASSOCIATION:

The majority of the members of the Corporation strongly opposes the selections of Option C and Option D as a location to relocate Naples Airport.

PASSED AND ADOPTED this 21st day November 2024

PRESIDENT

SECRETARY

Executive Summary

Recommendation that the Board receive an update from the Trust for Public Lands (TPL) regarding the Seminole Gulf Rail Line acquisition and direct the County Manager or their designee to 1) Provide $5,000 to TPL for preparation of a grant application for the acquisition of the Seminole Gulf Rail Line; 2) Pledge up to $899,000 toward the local match for the grant; and 3) Work with partner municipalities on a Memorandum of Agreement to formalize cooperation of the entities.

OBJECTIVE: To secure funding to purchase the Seminole Gulf Rail Line (SGRL) right-of-way from north of Wiggins Pass Road to the Lee County Line.

CONSIDERATIONS: In May 2020, the County Manager's Office was approached by the Trust for Public Lands (TPL) to begin exploring the acquisition of the SGRL from north of Wiggins Pass Road to Alico Road in coordination with the City of Bonita Springs & the Village of Estero. The intended use of the corridor is for a passive-recreation trail. Approximately 0.75 miles +/- of the railroad corridor is immediately adjacent to Conservation Collier lands (Railhead Preserve), with nearly .4 of a mile bifurcating the Preserve. In addition, a short section will facilitate the necessary roadway crossing for the extension of Veterans Memorial Boulevard. In July 2020, TPL requested the County to provide approximately $11,500 toward the cost of the corridor appraisal. This was the cost of the appraisal ($68,000) split between six entities, former County Manager Leo Ochs, authorized the participation. At the October 27, 2020, Board meeting, County Manager Ochs provided an update to the Board that the County Manager's staff was working with the Village of Estero, City of Bonita Springs & Lee County in a joint effort facilitated by the TPL to attempt to acquire the railroad right-of-way. Appraisals were received, and the TPL attempted to negotiate an acceptable purchase price with the SGRL. However, at that time, they were unable to come to an agreement and negotiations stalled. In early 2024, the TPL was able to place the corridor from north of Wiggins Pass Road to Alico Road under contract for $82M with a closing timeframe no later than March 2026. The corridor is intended to be railbanked to preserve the opportunity for future rail use. Railbanking is a voluntary agreement between a railroad company and a trail sponsor (such as a trail organization or government agency) to use an out-of-service rail corridor as a trail until a railroad might need the corridor again for rail service. This interim trail use of railbanked corridors has preserved thousands of miles of rail corridors that would otherwise have been abandoned. Railbanking maintains the corridor for a potential future rail use. However, if that use would come forward, the entity would be required to reimburse the County the initial purchase price inclusive of an escalation to account for consumer price index (CPI) and also provide compensation for any improvements based on a depreciated value.

The TPL made a presentation to the Metropolitan Planning Organization (MPO) Board in April 2024, requesting the corridor be placed on the MPO priority list as well as support for future funding requests, which was unanimously approved.

The TPL is pursuing multiple state and federal funding opportunities, many of which will require a match of the potential grant award. Match requirements for most federal funds are 20% of the grant request. The TPL in coordination with Lee County applied for an Active Transportation Infrastructure Investment Program (ATIIP) grant, in which at the June 11, 2024, agenda item 16B15, the Board authorized staff to provide $5,333.33 to TPL for grant application preparation and pledged up to $241,611 toward the local match for the grant. To date, there has been no notice of award for the grant application and TPL and Lee County are still awaiting the results.

While the City of Bonita Springs and the Village of Estero have acted specifically supporting the acquisition of the corridor and pledged several million dollars toward the purchase, Lee County has yet to do so. Therefore, an option to acquire the right-of-way in a phased manner has been negotiated with the seller to allow for a continued acquisition of the portions within Collier County, City of Bonita Springs and the Village of Estero, with a future purchase in unincorporated Lee County. Below is a breakdown of Phase 1 and Phase 2 costs per mile and value from the most current appraisal:

Phase 1				
	Segment Length	**% of Phase 1 Length**	**Value**	**% of Phase 1 Value**

	(miles)			
Village of Estero	5.3	42.06	$29,057,517	37.91%
City of Bonita Springs	5.8	46.03	$33,815,561	44.11%
Collier County	1.5	11.90	$13,781,660	17.98%
Phase 1 Totals	**12.5**	**100%**	**$76,654,735**	**100%**
Phase 2				
Unincorporated Lee County	2.3	100%	$7,672,979	100%

The TPL is currently pursuing a Rebuilding American Infrastructure with Sustainability and Equity (RAISE) for Phase 1 of the project, the grant fund request is limited to $25 million and will require a minimum of a 20% local match. The total grant preparation costs are anticipated to be $25,000 and will be split equally among participating members (Village of Estero, City of Bonita Springs, Friends of Bonita Estero Rail Trail (BERT) & TPL). The TPL is seeking a contribution of $5,000 from Collier County for the grant application preparation. Because Collier County has an ongoing United States Department of Transportation discretionary grant, either the City of Bonita Springs or the Village of Estero will be the applicant for the grant application. The maximum capital grant award for this grant opportunity is $25 million. Therefore, if the grant were realized, Collier County's portion of the grant proceeds would be $4,495,000 and the local match $899,000.

Should the railroad corridor be included in an upcoming targeted protection area, it would then be eligible for Conservation Collier acquisition funds. The corridor would facilitate the connection between other off-site private preserves with the already acquired Conservation Collier lands, as well as connecting existing Conservation Collier preserves.

If this grant is awarded, the ultimate local acquisition contribution could be funded utilizing multiple sources, including, but not limited to, Road Impact Fees, Conservation Collier Acquisition funds, or the General Fund. Per discussions with TPL, the lump sum match amount would not be remitted until Spring 2026 when the property acquisition would occur.

In recent conversations with the County's local delegation, as well as in various grant funding opportunity inquiries, it has been noted that a memorandum of agreement formalizing cooperation of the involved entities is desired. The agreement would assist the entities to align their goals, objective and emphasize the collaboration of the multiple entities toward the common goal of corridor acquisition.

This item is consistent with the Collier County Strategic Plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: Funds in the amount of $5,000 are available within the Transportation Cap Fund (3081), Project 60118 for grant application development. The source of funding is general fund and unincorporated general fund. If the grant is awarded, a subsequent Board action will be necessary for approval and a budget amendment will be required for the County's determined share of the required local grant match up to $899,000. Potential sources of grant match include Conservation Collier funds, Road Impact Fees, Gas Tax, and general fund.

GROWTH MANAGEMENT IMPACT: These improvements are consistent with the Growth Management Plan Transportation Element.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires majority vote for approval. -JAK

RECOMMENDATIONS: That the Board receive an update from the Trust for Public Lands (TPL) regarding the Seminole Gulf Rail Line acquisition and direct the County Manager or their designee to 1) Provide $5,000 to TPL for preparation of a grant application for the acquisition of the Seminole Gulf Rail Line; 2) Pledge up to $899,000 toward

the local match for the grant; and 3) Work with partner municipalities on a Memorandum of Agreement to formalize cooperation of the entities.

Executive Summary

Recommendation to accept an update on the status of Board-directed negotiations with Gargiulo Education Center, Inc., for the purchase of Collier County-owned property located at 16140 and 16144 Performance Way, no longer needed for an EMS station, including information on Gargiulo's consideration of grant funding for property acquisition costs and the construction of a child education center.

OBJECTIVE: To inform the Board of County Commissioners (the "Board") of the status of negotiations with Gargiulo Education Center, Inc. ("Gargiulo") for the purchase of Collier County-owned property at 16140 and 16144 Performance Way (the "Property"), including Gargiulo's efforts to secure grant funding for acquisition and construction of a child education center.

CONSIDERATIONS: On November 12, 2024, under agenda item 11.D. (formerly 16.E.2), the Board directed staff to negotiate with Gargiulo to purchase the Property. The Board specified that the purchase price should reimburse the County's acquisition costs and related expenditures. Additionally, the Board indicated it would consider offering financing to Gargiulo. Real Property Management ("Real Property") consulted with the County Attorney's Office, which confirmed that deferred payments are legally permissible. Furthermore, Gargiulo is exploring other funding opportunities including grants that would assist in offsetting the purchase price and construction costs for the educational center. However, the grants that Gargiulo is contemplating would not have funding available until October 2025, if awarded. As of this executive summary, Gargiulo's board of directors has met and is currently evaluating its options regarding whether to proceed with a grant application or request a deferred payment. It is important to note that if Gargiulo moves forward with a grant application and receives the funds, the funds may be restricted to the construction of the child education center, and the North Collier Fire District may not use the facility as intended when Gargiulo presented it to the Board. Discussions with the North Collier Fire District are currently underway.

Background and other Board approvals:

On September 11, 2007, agenda item 16E8, the Board approved the purchase of the property to house an EMS Facility. The Property was acquired at a purchase price of $674,896.86. The property is no longer required for an EMS Station, as EMS intends to co-locate operations at a nearby fire station on U.S. Highway 41, which North Collier Fire District will construct.

On July 2024, agenda item 16F1, the Board considered letters of intent from Gargiulo and Up In Smoke, LLC, proposing to purchase the Property and authorized the County Manager or designee to take any and all action necessary to surplus the properties. The direction was followed, and two bids were received using the competitive process.

1. Up In Smoke, LLC, and sell for $1,310,000 cash, no contingencies. The proposed use is the development of a storage facility.

2. Gargiulo Education Center, Inc., a 501(c)(3) nonprofit public charity and sell for $674,900 with a $10,000 deposit. The proposed use is the development of a new facility to house an after-school program and a community center to service at-risk latchkey and migrant students and poverty-level families in North Naples at no cost to the families.

The item was moved to the regular agenda, and following the presentation, Gargiulo was selected. Gargiulo is expected to decide how to proceed and notify staff of their intentions. Because federal funding prohibits certain actions, if Gargiulo applies for federal grant funds, it cannot enter into a contract or pursue a zoning verification until the funding award is granted. As a result, the Board's consideration of the agreement will be delayed. Alternatively, at any point, until a contract is approved, the Board may choose to select Up in Smoke, LLC, a cash buyer.

FISCAL IMPACT: At this time there is no fiscal impact. A total of $875,000 in net commercial loan proceeds were used to fund the purchase of the land and the associated costs, which include title insurance, environmental assessments plus engineering fees for site development. This debt was later consolidated into a general government special obligation bond in the amount of $522,188. Annual debt service payments are expected to be completed in fiscal year

2034. As of FY 2024, the proportional loan outstanding is $340,269. Proceeds from the sale of the land will be deposited within General Fund (0001) as funding from the General Fund (0001) and County-wide Capital Fund (3001) has assisted the Emergency Management Services Impact Fee fund (3030) with the annual debt service payments for this property. Currently, the out-of-pocket costs, including community association fees and surtax funding, listed as “other costs” are:

Land Cost: $689,990.50
Interest: $312,867.28
Other Costs: $301,792,.58
TOTAL: $1,304,650.36

The total out-of-pocket costs, including the remaining loan balance, will be reimbursed accordingly through the property sale proceeds.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires majority vote for approval. -JAK

RECOMMENDATIONS: To accept an update on the status of Board directed negotiations with Gargiulo Education Center, Inc., for the purchase of Collier County-owned property located at 16140 and 16144 Performance Way, no longer needed for an EMS station, including information on Gargiulo's consideration of federal grant funding for property acquisition costs and the construction of a child education.

TRANSCRIPT OF THE MEETING OF THE BOARD OF COUNTY COMMISSIONERS
Naples, Florida, November 12, 2024

LET IT BE REMEMBERED that the Board of County Commissioners, in and for the County of Collier, and also acting as the Board of Zoning Appeals and as the governing board(s) of such special districts as have been created according to law and having conducted business herein, met on this date at 9:00 a.m., in REGULAR SESSION in Building "F" of the Government Complex, East Naples, Florida, with the following Board members present:

Chairman: Chris Hall
Rick LoCastro
Dan Kowal
William L. McDaniel, Jr. (via phone)
Burt L. Saunders

ALSO PRESENT:
Amy Patterson, County Manager
George Yilmaz, Public Utilities Administrator
Jeffrey A. Klatzkow, County Attorney
Crystal K. Kinzel, Clerk of the Circuit Court & Comptroller
Troy Miller, Communications & Customer Relations

COMMISSIONER KOWAL: Aye.
COMMISSIONER McDANIEL: Aye.
CHAIRMAN HALL: Opposed?
(No response.)
CHAIRMAN HALL: No one.
MS. PATTERSON: Very good. Thank you.

Item #11D

RECOMMENDATION TO ACCEPT THE HIGHEST BID OF $1,310,000 CASH WITH NO CONTINGENCIES FROM UP IN SMOKE, LLC, PURSUANT TO SECTION 125.35, FLORIDA STATUTES, FOR PROPERTY OWNED BY THE COUNTY LOCATED AT 16140 AND 16144 PERFORMANCE WAY ("PROPERTY") AND AUTHORIZE THE COUNTY MANAGER OR DESIGNEE TO NEGOTIATE A CONTRACT FOR PRESENTATION TO THE BOARD AT A FUTURE MEETING - MOTION TO WORK OUT FAIR TERMS WITH GARGIULO EDUCATION CENTER FOR COMMUNITY BENEFIT BY COMMISSIONER HALL; SECONDED BY COMMISSIONER LOCASTRO – APPROVED

MS. PATTERSON: That brings us now to our Item 16E2, now Item 11D. This is a recommendation to accept the highest bid of $1,310,000 cash with no contingencies from Up in Smoke, LLC, pursuant to Section 125.35, Florida Statutes, for property owned by the county located at 16140 and 16144 Performance Way and authorize the County Manager or designee to negotiate a contract for presentation to the Board at a future meeting.

This item is brought to the agenda -- to the regular agenda by Commissioner Hall, and Ms. Trinity Scott is here to present and/or

answer questions.

CHAIRMAN HALL: Before you go, Trinity, let me just tell you why I brought this forward. Because, you know, we have the property up there -- the county's had the property up there for years on Performance Way, and we decided to sell it, so we put it out for bid, and it's being used right now for an education center for the children.

And the highest bid came back almost twice the amount of what was proposed. And when that happened, you know, you think it's all about the money, but it's not all about the money. And we have great public benefit going on out there with the Gargiulo Education Center, and so you can think, well, it's just -- it's all about amazing public benefit. But it's not just about public benefit.

So I brought this forward so we could discuss it. And, you know, a deal is when both sides walk away happy, and I wanted to -- after Trinity presents, I'll make a few comments about what my thoughts are. And I've had just a brief conversation with Mary and Eloy this morning.

So, Trinity, go ahead.

MS. SCOTT: Thank you. Trinity Scott, Transportation Management Services department head.

I know you're looking at me like "Why are you up here talking about a real property item?" We have welcomed Real Property into the Transportation Management Services fold, and today I'm joined with Jennifer Belpedio, our real property manager.

As Commissioner Hall and Ms. Patterson discussed, we are talking about 16140 and 16144 Performance Way. It is just under an acre of property for the two parcels combined.

The county purchased this parcel -- these two parcels back in September of 2007. It was intended for an EMS facility. The purchase price of the property was just about $675,000; however, the

county secured a loan for $875,000 to cover the associated fees and additional engineering costs. The county has paid interest on that debt since the acquisition, and the outstanding loan is $340,000.

EMS now plans to operate from a nearby fire station, so the property is no longer necessary for an EMS use. In February of this year, Gargiulo Education Center, a non-profit, expressed interest in buying the property to build a center for at-risk children and families in North Naples. And in May of 2024 we also received an offer from Up in Smoke, a private foundation, to develop a storage facility on the site.

In July, the Board directed the County Manager to begin a competitive process for bidding to allow all interested parties a chance to bid on the property. We advertised those bids, they were posted online, and they were opened on September 9th.

We received two bids, one bid from Up in Smoke for $1,310,000 cash with no contingencies, and the proposed use is for the development of a storage facility.

We also received a second bid from Gargiulo Education Center for $674,900 with a $10,000 deposit, and their proposed use is for developing a new facility to house an after-school program and community center to service at-risk latchkey and migrant students and poverty-level families in North Naples with no cost to the families. A partnership with North Collier Fire District for the use of the building is also mentioned in the letter.

Staff's recommendation is to sell the property to Up in Smoke for $1.3 million, which is in excess of the amount of money that we have encumbered in the property currently; however, should the Board decide not to move forward with staff's recommendation, they could accept the Gargiulo Education Center offer, or the Board could also reject both bids and allow the property to remain in the county's surplus holdings.

CHAIRMAN HALL: Is that it?

MS. SCOTT: That's it.

CHAIRMAN HALL: So -- and my thoughts about this thing, I would like to continue with the Gargiulo Education Center in that piece of property, and I would like to see if we could structure it in some kind of a way -- instead of -- you know, there's a balance here in the difference of the bids. We have $875,000, the county's exposure, in a loan, that we've got it down to 300-and-something thousand.

So I would propose selling the property for a million dollars to them with the $700,000 of cash down and taking payments on the remaining balance until they get it paid off, and I've asked them if they had the cash flow to do that and if it would be comfortable, and I think that the county would come out, and I think that the education center would come out, and the kids would come out, and so I just wanted to open that up for discussion.

COMMISSIONER LoCASTRO: Did they agree to that, or you're just proposing it?

CHAIRMAN HALL: They're here to talk. And I would like to hear your thoughts on that, Mary, if you would step up, please.

MS. ASTA: First off, thank you so much for allowing me to speak today and pulling this very important item.

So a million dollars is out of our budget; however, we will make it work. Our board president is here. I'm putting it on her. So, yes, we do have the money to begin the process.

CHAIRMAN HALL: I'm not stuck on a million. I just kind of threw that out there.

MS. ASTA: Okay, good.

CHAIRMAN HALL: But I didn't know what the figures were until Trinity just told us about our loan.

You know, the terms -- we can work on the terms to make it

comfortable. So it's not just about the money, but I really do -- would like to pursue the public benefit of the education center.

MS. ASTA: Well, I appreciate that, and I'd like to tell you a little bit about the benefits and the investments that we've made in our children.

One of our graduates, which we helped get -- he was with us since kindergarten, that we helped him get scholarship because he wanted to be a music teacher, and he is a music teacher. And he was up for a nomination for a Golden Apple Award. That's the products of the kids that we're putting out.

I have another student that's here right now, a former student, who leads our director of entrepreneur apprenticeship program while she's going to school. She has given -- this itself, being here, is an incredible experience and education, and this is the type of education that we provide our children and expect them to become successful professionals and adults.

CHAIRMAN HALL: Okay. We are all lit up.

So, Commissioner Saunders.

COMMISSIONER SAUNDERS: Thank you, Mr. Chairman.

A question for Mr. Klatzkow. I want to make sure that however we proceed on this that we're not doing something that would be in violation of Florida Statutes. We have a requirement to do a competitive selection when we have property that is surplus. Once we get bids, are we required under that statute or any statutes to accept the highest bidder?

MR. KLATZKOW: You are not required, no.

COMMISSIONER SAUNDERS: We are totally free to negotiate a lower price?

MR. KLATZKOW: This is a qualified non-profit corporation, is my understanding. So if that's true, there's no issue. I would ask that it be brought back, however, rather than just doing it from here.

COMMISSIONER SAUNDERS: Right. You'd have to check into that and make sure that we're not doing something that would be illegal in terms of the -- this issue.

And then the second question that I would ask is, how do we ensure that this remains as a not-for-profit into the long-term future? And I'm not sure how we do that. I'm sure there's a way that the County Attorney can come up with something. But, for example, if there was a decision by the not-for-profit to ultimately sell the property for 1.3 million, or whatever it would be worth at that time, that would be bit of an embarrassment.

So I know that's not anybody's intent. I'm just -- there are some folks that would do that. I'm not saying you guys would at all. That's -- I just want to make sure we're not doing anything that is putting the county at risk or is improper under Florida law.

MR. KLATZKOW: We've done similar provisions in the past reserving the right to take the property back if they change the use. We've done that in the past. Since there's money involved here, there would have to be some sort of proration, but we've done that before.

COMMISSIONER SAUNDERS: Okay. As long as we can protect the county's interest in the long-term future with this property -- because it is a substantially discounted sales price, and I just want to make sure we're -- you know, five years from now we don't read in the newspaper that it was sold for $2 million.

CHAIRMAN HALL: One of the things that made me comfortable is they've been doing this for 23 years, so that's -- it's not like we started a year and a half ago, and we may not work.

COMMISSIONER SAUNDERS: Right.

MS. SCOTT: And if I could just make a clarification, because one thing I did not include in my presentation was our in-house appraisal was approximately $991,000, give or take some change.

We paid 675,000, give or take, for the property. Our commercial note was 875,000, and that includes engineering fees and environmental assessments that were done at the time.

CHAIRMAN HALL: Commissioner LoCastro.

COMMISSIONER LoCASTRO: Thank you, Chairman.

The numbers as they are on the screen right now I wasn't comfortable with, because one of the things you have to remember is the county actually doesn't own this piece of property; taxpayers do. So if we sold it to you for 674,000, we're basically giving up the difference with the other bid and subsidizing, you know, your organization.

Nobody here questions the value of your organization. So it's not about that. And also, it's not just -- you know, it's easy to say, well, then it's all about the money. Well, you know, when taxpayers beat us up for their taxes going up one cent or going down two cents, it does matter. And so we're here to protect the taxpayer interest.

So to have my strong support, which you do have, it has to be close to something that Commissioner Hall just, you know, suggested. So if you-all need to go back and make sure that, you know, one million-ish and any of the other small pieces or whatnot -- because then what it does do is it allows us to recoup the taxpayer money for what we've invested in the property. Selling it to you for 674- doesn't do that, and so it has to be somewhere in the middle. And it sounds like the proposal that he's made takes all my concerns away because of the value of what this land provides the community and what you-all do.

So if you can come to some sort of, you know, agreement that's very close to what he proposed, it has my full support.

But I want to just go on record and say a lot of times when people say, "Oh, the county own this, and the county owns that," the county doesn't own anything. The taxpayers own this piece of land,

and if we sold it at a significant discount well below what we would get to even recoup our investment, that's not something that I could support.

But it sounds like we have something that's fair, and it's equitable and makes the most sense. So if you can come to some sort of agreement or if you already have, then this would have my full support.

CHAIRMAN HALL: Commissioner McDaniel?

COMMISSIONER McDANIEL: Yes, Mr. Chairman.

First of all, I want to thank you for bringing this. In my notes, I had a question mark on this transaction, and I can't -- I can't thank you enough for bringing it forward and having this discussion.

I completely agree with my colleagues with regard to the securitization. And I hope Terri's writing this down, I agree with the County Attorney that we bring this back next month with a review of the finalization of the transaction and work something out that's fair and keep these folks in this facility.

CHAIRMAN HALL: Great.

Commissioner Kowal.

COMMISSIONER KOWAL: Thank you, Chairman.

Yeah. I just want to express my feelings also that, you know, we are the safeguard of the public and the public's money, and, you know, the people of Collier County own this property. And, you know, I'm not in the business of making profit on flipping properties. I mean, that's not what your government's supposed to do, but at the same time, we have to safeguard what we have invested in these properties because we don't want to short the citizens that own these properties.

So, yeah, I think -- and I think what we're talking about up here is kind of out of the boundaries of what we can do today, from what I understand, is one of the decisions we can make, but it would have to

come back to us. And if this organization's serious about it, they'd have to come back seriously with what numbers will work for the county for the citizens of Collier County to make this work. But if that happens, I'll be in total support of it, so...

CHAIRMAN HALL: We have some public comment, but before, I'm going to make a motion -- I'm going to make a motion that we direct staff to get with -- to get with the Gargiulo Education Center, work out the terms of the deal to bring it back, something that they can live with, something that we can live it, and it's going to be somewhere close to that 991- figure.

COMMISSIONER LoCASTRO: Second. Oh, I'm sorry.

CHAIRMAN HALL: And then we'll deal with that when we have the final term, something that they're comfortable with and that we can live with. We can take a good look at that.

So Commissioner LoCastro has seconded it, and before we vote, we'll take the public comment.

MR. MILLER: Mr. Chair, Mary Asta had registered to speak. Did you have any more to say?

MS. ASTA: No. I'd like to turn it over --

MR. MILLER: Yeah. Eloy Ricardo had registered, and he has three additional minutes from Ashley Pimental.

MR. RICARDO: Good morning, Commissioners.

Before I begin, first, thank you for bringing this up. North Collier Fire Rescue's interest is where the Gargiulo Education Center is. They, for years, have been part of our community, coming to our fire stations, we work on programs with them, and that's how my connection was with them.

But before I start, I want to thank the County Manager's Office because how this happened was because of our communication and our great relationship working together. There's an EMS station that you're not building anymore. You no longer need it because you're

housed with me in the station that I'm building down the street. That's the savings the county did just because of us communicating so we're not building stations one mile apart.

The property came into surplus -- well, the property came available because there was no EMS station, and Mary was looking for property. So I'm the one that told her, "Hey, go talk to the county, because they may not" -- so I brought -- blame me for bringing a buyer to the county to be able to see if they could purchase the property to keep that organization in there.

My partnership with them will come in after they become the owner. I am committed -- because we need storage. We gave up -- you know, everybody -- industrial area, but we need storage, community rooms. So we're trying to work with them as soon as they become the possible owner so that will allow to be able. But let's remember that the efficiencies between the County Manager's Office and the fire district is what led to this property being -- there's a station that you're not building because I'm building the station for the North Collier Fire Rescue.

CHAIRMAN HALL: Thank you, Mr. Ricardo.

MR. RICARDO: Thank you very much, Commissioners.

MR. MILLER: And that's our only speaker, sir.

CHAIRMAN HALL: All right. So the motion's made to direct staff to come back with some --

COMMISSIONER SAUNDERS: There's a gentleman in the audience that's --

CHAIRMAN HALL: Is he registered?

UNIDENTIFIED MALE SPEAKER: I'd like to speak.

COMMISSIONER SAUNDERS: No.

UNIDENTIFIED MALE SPEAKER: I represent Up in Smoke.

CHAIRMAN HALL: Are you registered to speak, sir?

UNIDENTIFIED MALE SPEAKER: No.

MR. MILLER: I don't have a slip from him, sir, no.

UNIDENTIFIED MALE SPEAKER: I don't know the procedure here, so I'm sorry.

CHAIRMAN HALL: All right. No worries.

We've got a motion made to direct staff to come back with some terms just that they can live with, and it's seconded -- the motion was seconded. So all in favor, say aye.

COMMISSIONER LoCASTRO: Aye.

CHAIRMAN HALL: Aye.

COMMISSIONER SAUNDERS: Aye.

COMMISSIONER KOWAL: Aye.

COMMISSIONER McDANIEL: Aye.

CHAIRMAN HALL: Opposed?

(No response.)

CHAIRMAN HALL: All right. So moved. We'll see you back at maybe the December meeting.

MS. SCOTT: Thank you.

MS. PATTERSON: Commissioners, I think we can squeeze in almost Item 10A before we go to our 10 o'clock time-certain, if it pleases the Chair. This is your item.

CHAIRMAN HALL: Yes.

Item #10A

RESOLUTION 2024-224: THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, ADOPT THE PROPOSED RESOLUTION EXPRESSING THE BOARD'S STRONG SUPPORT FOR LEGISLATION MANDATING THE USE OF HANDS-FREE DEVICES WHILE DRIVING, AND URGES THE FLORIDA STATE LEGISLATURE TO PASS SUCH LEGISLATION TO ENHANCE ROAD SAFETY AND PROTECT

Naples FL 34112

Dear Iveta Willer,

Formal notice is hereby given to the Board of County Commissioners of Collier County, Florida ("County"), SEALED PROPOSAL from the Gargiulo Education Center Inc. in collaboration with North Collier Fire District, in submitting an offer to purchase two vacant parcels located at 16140 and 16144 Performance Way (Folios #64288000402 and 64288000389, respectively) collectively known as the "Property." The properties are purchased together. The proposal is for both, totaling the amount of $674,990.

The intention of 501(c)3, Gargiulo Education Center, Inc (GEC) intends to purchase the land to build a new facility to house an after-school program and a Community Center to service at-risk, latchkey, and migrant students and poverty-level families in North Naples at no cost to the families. In addition, the use of the building is for our planned partnership with the North Collier Fire District which adds much needed community safety and educational components.

SELLER: Collier County

PURCHASE PRICE OFFER: 674,900

INITIAL DEPOSIT: $10,000

Board of County Commissioners of Collier County, Florida
Attn: Iveta Willer
Real Property Management
3335 Tamiami Trail East, Suite 101
Naples, FL 34112

Please consider this letter as the offer to acquire 16140 and 16144 Performance Way in Collier County.

My offer is $1,310,000 in cash with no contingencies.

I propose to acquire the property in the name of my nonprofit charitable foundation, Up in Smoke LLC.

I can also acquire the property personally if the County so chooses.

The intended eventual use for the property is the same as the other users on Performance Way which is a storage facility that will not measurably impact traffic on adjacent Old 41.

Collier County's standard Purchase and Sales Agreement is acceptable and will be executed within 30 days if my or my Foundation's offer is accepted. We have the resources to close the transaction well within the 120 days specified.

Executive Summary

Recommendation to review the Board-directed comparison of various Florida jurisdictions' multifamily parking requirements against those adopted by the County, provide direction to staff regarding policy on parking deviations and administrative parking reductions for multifamily projects, and adjust the adopted parking standard through an amendment to the Land Development Code.

OBJECTIVE: To provide the Board of County Commissioners with information regarding the current multifamily parking requirements of the Collier Land Development Code (LDC) in order to evaluate the County's standards against those of various South Florida jurisdictions and determine if the current standards provide adequate parking.

CONSIDERATIONS: At its October 22, 2024 meeting, the Board of County Commissioners (Board), under agenda 15.C, directed staff to bring back a study evaluating the requirements for parking in various South Florida jurisdictions regarding multifamily developments. The discussion was initiated by Commissioner McDaniel, who indicated that Collier County's (County) standards did not require the necessary amount of parking demanded by the County's multifamily complexes. Based upon this request, the Zoning Division compiled an evaluation of eleven jurisdictions regarding parking standards. These jurisdictions include counties and municipalities within the Florida market, and the evaluation is attached to this executive summary in Attachment "A."

From a review of the evaluation, Collier County ranks as the third least-demanding jurisdiction regarding required parking for the twelve regulatory requirements analyzed. To best highlight the differences between the two regulatory requirements for multifamily parking, the last column of the evaluation provides for the total amount of parking required for a multifamily complex with 200 units and a bedroom breakdown of 67 one-bedroom units, 66 two-bedroom units, and 66 three-bedroom units. From this matrix, Collier, with a requirement of 383 spaces, is tied with the City of Bonita Springs for the third least-demanding. The range of requirements is from 220 spaces required by the City of Venice to 477 spaces required by Broward County. The 477 spaces required by Broward is a 19.7 percent increase from the Collier County parking requirements.

Moreover, Planned Unit Development petitions often include deviations from parking standards to decrease required parking (for example, Mattson at Vanderbilt, Ord. No. 24-45, Exhibit E, Deviation #1 – 1.6 parking spaces required per dwelling unit; and Shoppes at Santa Barbara, Ord. No 21-34, Section VI, Deviation #1 – 1 space per 500 square feet of clubhouse, irrespective of the number of dwelling units). Additionally, LDC Section 4.05.04.F.3 allows for an Administrative Parking Reduction that customarily allows up to a 20% reduction in parking (for example, Haven at North Naples – APR-PL240007524 – 19.7% reduction in parking spaces (from 735 to 590); and Blue Coral Apartments – APR-PL20220003464 – 16.1% reduction in parking spaces (from 472 to 396).

Based on the findings of this evaluation, staff is seeking direction from the Board regarding policy on parking deviations and administrative parking reductions for multifamily projects and potential land development code amendments to adjust the current parking requirements.

An additional consideration that may factor into the evaluation is that any increase in the multifamily parking requirement may render a large percentage of existing multifamily complexes as 'non-conforming' under a newer standard, as well as Ch. 2023-349, Laws of Florida (amending "Senate Bill 250"), which renders more restrictive or burdensome amendments to Collier County's land development regulations before October 1, 2026 void ab initio.

FISCAL IMPACT: If directed, budget allocations have been provided within the appropriate cost centers for the necessary staffing for the Land Development Code Amendment (LDCA) process. Additionally, based upon the fact that an increase in the parking requirements for multifamily complexes would render a percentage of existing complexes as non-conforming, a cost will be borne by these complexes to address their parking deficiencies if any modifications/additions are sought for the complexes.

GROWTH MANAGEMENT IMPACT: The Collier County Growth Management Plan (GMP) does not address specific parking requirements for multifamily apartment complexes, and any modification to the parking requirements will have no effect on the GMP.

LEGAL CONSIDERATIONS: This item is approved as to form and legality. –DDP

RECOMMENDATIONS: To review the staff's evaluation of various multifamily parking requirements against those of the County and provide direction for policy on parking deviations and administrative parking reductions for multifamily projects and any recommended adjustment to the County's standards.

Collier County Affordable Housing Advisory Committee
3339 East Tamiami Trail, Building H, Suite 211
Naples, Florida 34112

November 19, 2024

Honorable Members of the
Collier County Board of County Commissioners

Regarding: AHAC Recommendation on Multi-Family Parking Requirements

Dear Mr. Chair and Board Members:

At its November 19, 2024, meeting, your Collier County Affordable Housing Advisory Committee (AHAC) discussed Collier County's multi-family housing parking requirements. It is our understanding that you too will be discussing this topic at your December 10, 2024 BCC meeting.

After much discussion on the issue, our committee would like to offer a few thoughts on the issue.

- There should be a recognition that there is a difference in parking need, construction, and design of **market rate/condo** multi-family developments and ***affordable housing*** multi-family developments.

- There is a direct relationship between parking requirements and housing affordability; increased parking requirements decrease housing affordability.

- The current code allows for flexibility in parking requirements on a case-by-case basis through the Administrative Parking Reduction process. Greater flexibility with parking requirements would allow for an increase in the inventory of affordable housing. AHAC encourages the Board of County Commissioners (BCC) to allow for greater flexibility in parking requirements administratively on a case-by-case basis.

- There should be consideration for alternative solutions to parking such as share parking agreements with adjacent commercial properties and use of dedicated shuttle services provided by affordable housing developments.

- Based on circumstance, State Statute requires the BCC to either consider, reduce, or eliminate parking requirements for affordable housing, Fla. Stat. § 125.01055.7(f); Fla. Stat. § 420.9076.4(f).

As always, your AHAC stands ready to assist in the discussion in any way we may help.

Sincerely,

Stephen J. Hruby
Chairman
Collier County Affordable Housing Advisory Committee

Executive Summary

Recommendation to authorize the County Manager, or designee, to release the Utilities Performance Security (UPS) in the amount of $35,477.63 to the Project Engineer or Developer's designated agent for Jasper Flats, PL20230008506.

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, authorize the County Manager, or designee, to release the Utilities Performance Security (UPS) in the amount of $35,477.63, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31, as amended.

CONSIDERATIONS:

1. On October 24, 2023, the Board of County Commissioners granted final acceptance of utilities in Jasper Flats.

2. Per Utility Ordinance 2004-31, when the actual cost of construction of the utilities being conveyed to the County exceeds $100,000, the developer must post a 10% Utilities Performance Security (UPS) for the duration of the one-year warranty period, which begins on the BCC approval date.

3. The one-year warranty period expired on October 24, 2024, and the Utilities Performance Security (UPS) in the amount of $35,477.63 can be released.

FISCAL IMPACT: Performance bond securities are held as a development guaranty and released after work is performed.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - DDP

RECOMMENDATIONS: To authorize the County Manager, or designee, to release the Utilities Performance Security (UPS) in the amount of $35,477.63. Development Review staff will issue a Memorandum to the Clerk of Courts upon approval of this item by the Board of County Commissioners, advising the Clerk of this action.

Executive Summary

Recommendation to authorize the Clerk of Courts to release a Performance Bond in the amount of $43,680, which was posted as a guaranty for Excavation Permit Number PL20200000344 for work associated with Watercrest at Hacienda Lakes.

OBJECTIVE: To release a security that was posted as a development guaranty.

CONSIDERATIONS: The Development Review Division routinely accepts securities administratively as guaranties for developer commitments in accordance with Section 22-115 of the Collier County Code of Ordinances. The work associated with this security has been inspected, and the developer has fulfilled his commitments. The Performance Bond was posted as security for an Excavation Permit associated with Watercrest at Hacienda Lakes. The As-Built lake cross-sections have been received, and the Development Review Division inspected the lake on November 18, 2024.

FISCAL IMPACT: Performance Bond securities are held as a development guaranty and released after work is performed.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - DDP

RECOMMENDATIONS: To authorize the Clerk of Courts to release the Performance Bond in the amount of $43,680. Development Review staff will issue a Memorandum to the Clerk of Courts upon approval of this item by the Board of County Commissioners, advising the Clerk of this action.

EXCAVATION PERFORMANCE AGREEMENT

THIS EXCAVATION PERFORMANCE AGREEMENT entered into this 19th day of May, 2023 between ESL Naples AL Owner LLC hereinafter referred to as "Developer," and the Board of County Commissioners of Collier County, Florida, hereinafter referred to as the "Board".

WHEREAS, Developer has applied for an excavation permit in accordance with Section 22-106, *et al.* of the Collier County Code of Laws and Ordinances, and the Collier County Land Development Code, including but not limited to Section 3.05.10 (collectively, the "Excavation Regulations"); and

WHEREAS, the Excavation Regulations require the Developer to post appropriate guarantees and execute an Excavation Performance Security Agreement stating applicant will comply with the Excavation Regulations and Excavation Permit No. 20200000529 (the "Excavation Permit").

NOW, THEREFORE, in consideration of the foregoing premises and mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer agrees to comply with the Excavation Regulations and the Excavation Permit (the "Excavation Work").

2. Developer herewith tenders its excavation performance security (attached hereto as Exhibit "A" and by reference made a part hereof) in the amount of $43,680.00.

3. In the event of default by Developer or failure of Developer to complete the Excavation Work within the time required by the Excavation Regulations and Excavation Permit, Collier County, may call upon the excavation performance security to insure satisfactory completion of the Excavation Work.

4. The Excavation Work shall not be considered complete until Developer notifies the County that the Excavation Work is complete and the final Excavation Work is reviewed and approved by the County Manager or designee for compliance with the Excavation Regulations.

5. The County Manager or designee shall, within sixty (60) days of receipt of notification by Developer in writing that the Excavation Work is complete, either: a) notify Developer in writing of his approval of the Excavation Work; or b) notify the Developer in writing of his refusal to approve the Excavation Work, therewith specifying those conditions which Developer must fulfill in order to obtain the County Manager's approval of the Excavation Work.

6. In the event Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or designee may call upon the excavation performance security to secure satisfactory completion, repair and maintenance of the Excavation Work. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt and acceptance of bids, the Excavation Work. The Developer, as principal under the excavation performance security, shall be liable to pay and to indemnify the Board, upon completion of such

construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the Board may sustain on account of the failure of Developer to fulfill all of the provisions of this Agreement.

7. All of the terms, covenants and conditions herein contained are and shall be binding upon Developer and the respective successors and assigns of Developer.

IN WITNESS WHEREOF, the Board and Developer have caused this Agreement to be executed by their duly authorized representatives this 19th day of May, 2023

ACTION BY UNANIMOUS WRITTEN CONSENT
OF THE BOARD OF DIRECTORS OF NEXCORE COMPANIES LLC
(APPOINTMENT OF OFFICERS)

JULY 25, 2022

The undersigned, being all of the Directors of NexCore Companies LLC, a Delaware limited liability company (the "**Company**"), and, as Directors of the Company, having all of the powers of the managers of the Company pursuant to the provisions of the Third Amended and Restated Limited Liability Company Agreement of the Company dated June 2, 2020 (the "**Operating Agreement**"), do hereby consent to, approve and adopt the following resolutions by written consent in lieu of a meeting as of the date set forth above. Terms and expressions with initial capital letters used but not otherwise defined herein shall have the meanings given them by the Operating Agreement.

APPOINTMENT OF OFFICERS

WHEREAS, pursuant to Section 7.3 of the Operating Agreement, the officers of the Company shall be elected by the Board of Directors.

NOW THEREFORE, BE IT RESOLVED, that the following persons are hereby elected to the offices indicated next to their names to serve until their successors shall be duly elected, unless he or she resigns, is removed from office or is otherwise disqualified from serving as an officer of the Company, to take their respective offices immediately upon such appointment:

Office	Name
Chief Executive Officer	Gregory C. Venn
Chief Development Officer	Todd H. Varney
Chief Financial Officer	Robert E. Lawless
Chief Operating Officer	Vincent Cozzi
President	Jarrod N. Daddis
Secretary	Robert E. Lawless

FURTHER RESOLVED, that the officers of the Company are, and each acting alone is, hereby authorized to do and perform any and all such acts, including execution of any and all documents and certificates, as such officers shall deem necessary or advisable, to carry out the purposes and intent of the foregoing resolutions.

FURTHER RESOLVED, that any actions taken by such officers prior to the date of the foregoing resolutions adopted hereby that are within the authority conferred thereby are hereby ratified, confirmed and approved as the acts and deeds of the Company.

This action by unanimous written consent may be executed in one or more original or electronically transmitted counterparts, all of which, when taken together, shall be one and the same document. These resolutions shall be filed in the minute book of the Company.

DATED effective as of the date first above written.

PERFORMANCE BOND
FOR EXCAVATION WORK

Bond No. K41636130

KNOW ALL PERSONS BY THESE PRESENTS: that

ESL NAPLES AL OWNER LLC,a Delaware limited liability company
1550 Market Street, Suite 200, Denver, CO 80202
(hereinafter referred to as "Owner") and

Federal Insurance Company
202B Hall's Mill Road, Whitehouse Station, NJ 08889, 215-649-1000

(hereinafter referred to as "Surety") are held and firmly bound unto Collier County, Florida, (hereinafter referred to as "County") in the total aggregate sum of Forty Three Thousand Six Hundred Eighty and No/100 Dollars ($ 43,680.00) in lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents. Owner and Surety are used for singular or plural, as the context requires.

THE CONDITION OF THIS OBLIGATION is such that whereas, the Owner has submitted for approval by the Board a certain excavation permit no. 20200000529 and that certain excavation permit shall include specific improvements which are required by Collier County Ordinances and Resolutions (hereinafter "Land Development Regulations"). This obligation of the Surety shall commence on the date this Bond is executed and shall continue until the date of completion of the work and approval by the County of the specific improvements described in the Land Development Regulations (hereinafter the "Guaranty Period") or until replaced by a new bond in the event of a change of Ownership.

NOW, THEREFORE, if the Owner shall well, truly and faithfully perform its obligations and duties in accordance with the Land Development Regulations during the guaranty period established by the County, and the Owner shall satisfy all claims and demands incurred and shall fully indemnify and save harmless the County from and against all costs and damages which it may suffer by reason of Owner's failure to do so, and shall reimburse and repay the County all outlay and expense which the County may incur in making good any default, then this obligation shall be void, otherwise to remain in full force and effect.

PROVIDED, FURTHER, that the said Surety, for value received hereby, stipulates and agrees that no change, extension of time, alteration, addition or deletion to the proposed specific improvements shall in any way affect its obligation on this Bond, and it does hereby waive notice of any such change, extension of time, alteration, addition or deletion to the proposed specific improvements.

PROVIDED FURTHER, that it is expressly agreed that the Bond shall be deemed amended automatically and immediately, without formal and separate amendments hereto, so as to bind the Owner and the Surety to the full and faithful performance in accordance with the Land Development Regulations. The term "Amendment," wherever used in this Bond, and whether referring to this Bond, or other documents shall include any alteration, addition or modification of any character whatsoever.

IN WITNESS WHEREOF, the parties hereto have caused this PERFORMANCE BOND to be executed this 9th day of May, 2023.

CERTIFICATION

Resolutions adopted by the Boards of Directors of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, and PACIFIC INDEMNITY COMPANY on August 30, 2016; WESTCHESTER FIRE INSURANCE COMPANY on December 11, 2006; and ACE AMERICAN INSURANCE COMPANY on March 20, 2009:

"RESOLVED, that the following authorizations relate to the execution, for and on behalf of the Company, of bonds, undertakings, recognizances, contracts and other written commitments of the Company entered into in the ordinary course of business (each a "Written Commitment"):

(1) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise.

(2) Each duly appointed attorney-in-fact of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise, to the extent that such action is authorized by the grant of powers provided for in such person's written appointment as such attorney-in-fact.

(3) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to appoint in writing any person the attorney-in-fact of the Company with full power and authority to execute, for and on behalf of the Company, under the seal of the Company or otherwise, such Written Commitments of the Company as may be specified in such written appointment, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.

(4) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to delegate in writing to any other officer of the Company the authority to execute, for and on behalf of the Company, under the Company's seal or otherwise, such Written Commitments of the Company as are specified in such written delegation, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.

(5) The signature of any officer or other person executing any Written Commitment or appointment or delegation pursuant to this Resolution, and the seal of the Company, may be affixed by facsimile on such Written Commitment or written appointment or delegation.

FURTHER RESOLVED, that the foregoing Resolution shall not be deemed to be an exclusive statement of the powers and authority of officers, employees and other persons to act for and on behalf of the Company, and such Resolution shall not limit or otherwise affect the exercise of any such power or authority otherwise validly granted or vested."

I, Dawn M. Chloros, Assistant Secretary of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, PACIFIC INDEMNITY COMPANY, WESTCHESTER FIRE INSURANCE COMPANY and ACE AMERICAN INSURANCE COMPANY (the "Companies") do hereby certify that

(i) the foregoing Resolutions adopted by the Board of Directors of the Companies are true, correct and in full force and effect,
(ii) the foregoing Power of Attorney is true, correct and in full force and effect.

Given under my hand and seals of said Companies at Whitehouse Station, NJ, this May 3, 2023

Executive Summary

Recommendation to authorize the Clerk of Courts to release a Performance Bond in the amount of $5,340 which was posted as a development guarantee for an Early Work Authorization (EWA) for work associated with Venture Church, PL20240004015.

OBJECTIVE: To release a security that was posted as a development guarantee.

CONSIDERATIONS: The Growth Management Division routinely accepts securities administratively as guaranties for early work improvements pursuant to Section 10.01.02 B of the Land Development Code (LDC). The work associated with this security has been inspected, and the developer has fulfilled his commitments. The performance security was posted as security for clearing and site filling associated with an Early Work Authorization (EWA) for Venture Church (SDP PL20220007360). On August 28, 2024, the Development Review staff approved the SDP, and the EWA bond is no longer required. A recent inspection confirmed that the developer has fulfilled the commitments of the EWA.

FISCAL IMPACT: Performance Bond securities are held as a development guarantee and released after work is performed.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - DDP

RECOMMENDATIONS: To authorize the Clerk of Courts to release the Performance Bond in the amount of $5,340. Development Review will issue a Memorandum to the Clerk of Courts upon approval of this item, advising the Clerk of this action.

EARLY WORK PERFORMANCE AGREEMENT

THIS EARLY WORK PERFORMANCE AGREEMENT entered into this 1st day of May, 2024, between **Venture Church Naples, Inc.** hereinafter referred to as "Developer," and the Board of County Commissioners of Collier County, Florida, hereinafter referred to as the "Board".

WHEREAS, Developer has applied for an early work authorization in accordance with the Collier County Land Development Code including but not limited to Section 10.01.02.B (collectively, the "Early Work Regulations"); and

WHEREAS, the Early Work Regulations require Developer to post appropriate performance guarantees to ensure compliance with the Early Work Regulations and Early Work Authorization Permit No. PL20240004015 (the "Early Work Permit").

NOW, THEREFORE, in consideration of the foregoing premises and mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer agrees to comply with the Early Work Regulations and the Early Work Permit (the "Early Work").

2. Developer herewith tenders its early work performance security (attached hereto as Exhibit "A" and by reference made a part hereof) in the amount of **$5,340.00**

3. In the event of default by Developer or failure of Developer to complete the Early Work within the time required by the Early Work Regulations and Early Work Permit, Collier County, may call upon the early work performance security to insure satisfactory completion of the Early Work.

4. The Early Work shall not be considered complete until Developer notifies the County that the Early Work is complete and the final Early Work is reviewed and approved by the County Manager or designee for compliance with the Early Work Regulations.

5. The County Manager or designee shall, within sixty (60) days of receipt of notification by Developer in writing that the Early Work is complete, either: a) notify Developer in writing of his approval of the Early Work; or b) notify Developer in writing of his refusal to approve the Early Work, therewith specifying those conditions which Developer must fulfill in order to obtain the County Manager's approval of the Early Work.

6. In the event Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or designee may call upon the early performance security to secure satisfactory completion, repair and maintenance of the Early Work. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt and acceptance of bids, the Early Work. The Developer, as principal under the early performance security, shall be liable to pay and to indemnify the Board, upon completion of such construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and

contingent costs, together with any damages, either direct or consequential, which the Board may sustain on account of the failure of Developer to fulfill all of the provisions of this Agreement.

7. All of the terms, covenants and conditions herein contained are and shall be binding upon Developer and the respective successors and assigns of Developer.

IN WITNESS WHEREOF, the Board and Developer have caused this Agreement to be executed by their duly authorized representatives this 1st day of May, 2024.

Executive Summary

Recommendation to approve a Resolution for final acceptance of the private roadway and drainage improvements, and acceptance of the plat dedications for the final plat of Ave Maria Unit 9 Del Webb at Ave Maria Parcels 101, 103, 104 & 105, Application Number AR-9168 and PL20110001810, and authorize the release of the maintenance securities in the amount of $282,532.56.

OBJECTIVE: To have the Board of County Commissioners (Board) grant final acceptance of the infrastructure improvements associated with the subdivision, and authorize the release the maintenance security.

CONSIDERATIONS:

1. On April 30, 2007, the Growth Management Department granted preliminary acceptance of the roadway and drainage improvements in Ave Maria Unit 9 Del Webb at Ave Maria Parcels 101, 103, 104 & 105.

2. Del Webb will maintain the roadway and drainage improvements at Ave Maria Community Association, Inc. and Ave Maria Utility Company, LLLP, and Ave Maria Stewardship Community District.

3. The required improvements have been constructed in accordance with the Land Development Code. On October 16, 2024, the Growth Management Department inspected them and recommends their final acceptance.

4. A resolution for final acceptance has been prepared by staff and approved by the County Attorney's Office. The resolution is a requirement of Section 10.02.05 C of the Land Development Code.

FISCAL IMPACT: Del Webb will maintain the roadway and drainage improvements at Ave Maria Community Association, Inc., Ave Maria Utility Company, LLLP, and Ave Maria Stewardship Community District. Upon board approval, the existing security of $282,532.56 will be released. Based on the work performed and completed pursuant to the terms of the Construction and Maintenance Agreement dated November 22, 2006, the original security of $1,213,658.19 has been reduced to the current amount of $282,532.56.

GROWTH MANAGEMENT IMPACT: There is no growth management impact.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - DDP

RECOMMENDATIONS: To grant final acceptance of the roadway and drainage improvements in Ave Maria Unit 9 Del Webb at Ave Maria Parcels 101, 103, 104 & 105, Application Number AR-9168, and PL20110001810, and authorize:

1. The Chairman to execute the attached resolution authorizing final acceptance of the improvements and plat dedications.

2. The Clerk of Courts to release the maintenance securities.

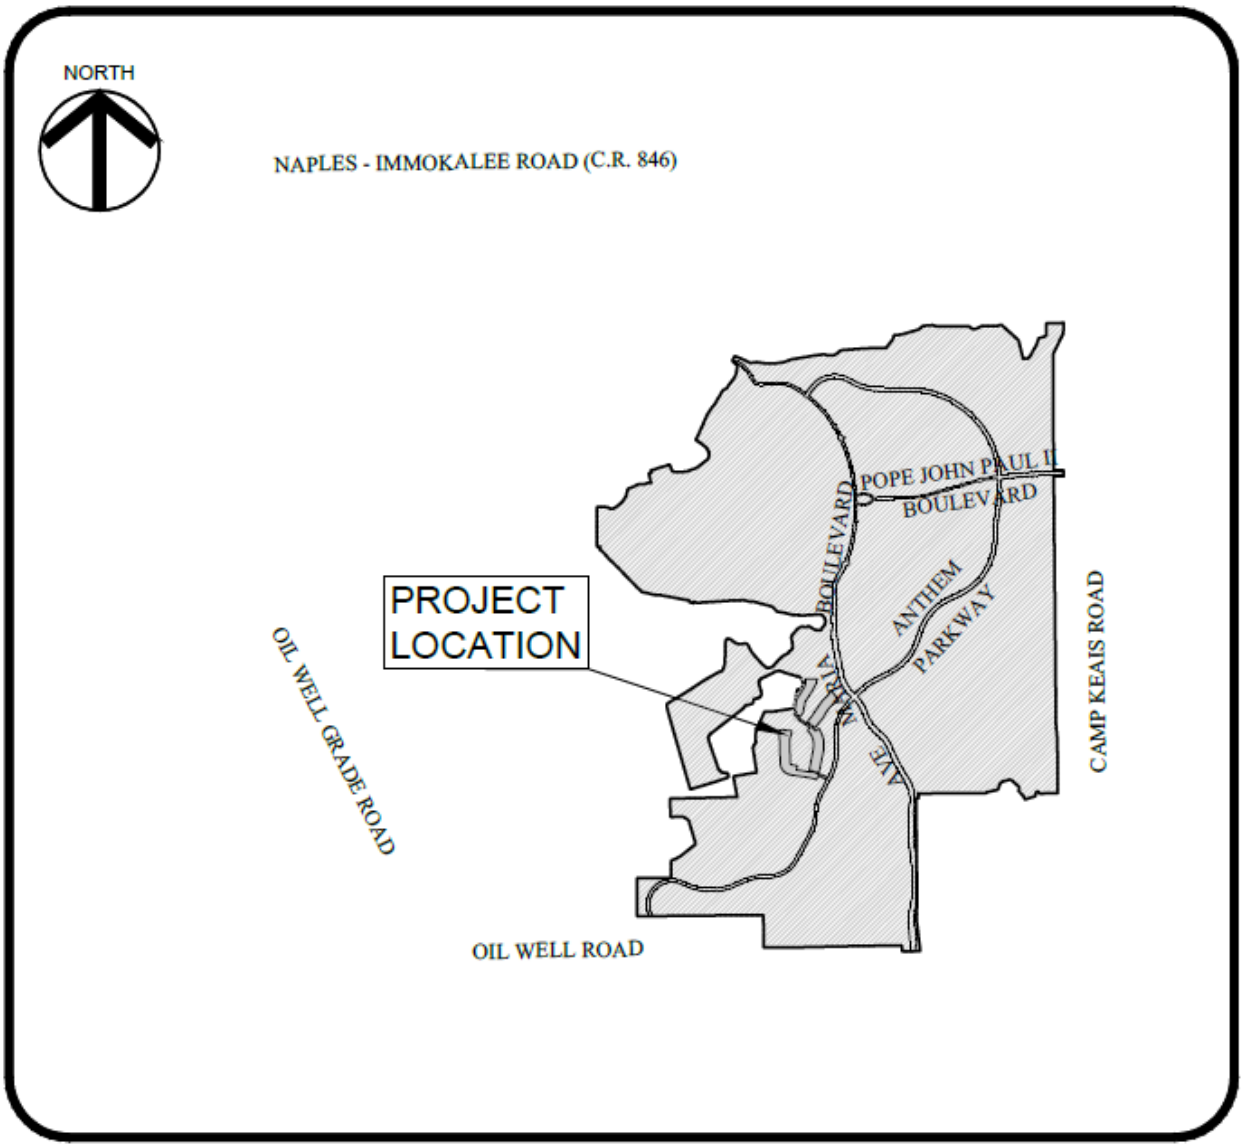
AVE MARIA UNIT 9, DEL WEBB AT AVE MARIA PARCELS 101, 103, 104 & 105



LOCATION MAP

CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS

THIS CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS entered into this 22nd day of Aug., 2006, by Pulte Home Corporation, (hereinafter "Developer"), and the THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA (hereinafter "the Board").

RECITALS:

A. Developer has, simultaneously with the delivery of this Agreement, applied for the approval by the Board of a certain plat of a subdivision to be known as **Del Webb at Ave Maria Parcels 101, 103, 104 & 105 (Ave Maria Unit 9)**.

B. Chapter 4 and 10 of the Collier County Land Development Code requires the Developer to post appropriate guarantees for the construction of the improvements required by said subdivision regulations, said guarantees to be incorporated in a bonded agreement for the construction of the required improvements.

NOW, THERFORE, in consideration of the foregoing premises and the mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer will cause to be constructed: the paved roadways and sidewalks, drainage, utilities and like facilities, the required improvements, to be constructed pursuant to the specifications that have been approved by the Development Services Director within eighteen (18) months from the date of approval of said subdivision plat.

2. Developer hereby tenders its subdivision performance security (attached hereto as Exhibit A and by reference made a part hereof) in the amount of **$1,213,658.19** which amount represents 10% of the total contract cost to complete construction plus 100% of the estimate cost to complete the required improvements as of the date of this Agreement. The developer has also provided a letter of credit as security to Ave Maria Utility Company, LLLP (AMUC) for the potable water system, and sanitary sewer system improvements.

3. In the event of default by the Developer or failure of the developer to complete such improvements within the time required by the Land Development Code, Collier County, may call upon the subdivision performance security to insure satisfactory completion of the required improvements.

4. The required improvements shall not be considered complete until a statement of substantial completion by the Developer's engineer along with the final project records have been furnished to be reviewed and approved by the County Manager or his designee for compliance with the Collier County Land Development Code.

5. The County Manager or his designee shall, within sixty (60) days of receipt of the statement of substantial completion, either: a) notify the Developer in writing of his preliminary approval of the improvements; or b) notify the Developer in writing of his refusal to approve the improvements, therewith specifying those conditions which the Developer must fulfill in order to obtain the approval of the County Manager of the required improvements. However, in no event shall the County Manager or his designee refuse preliminary approval of the improvements if they are in fact constructed and submitted for approval in accordance with the requirements of this Agreement.

6. The Developer shall maintain all required improvements for a minimum period of one (1) year after preliminary approval by the County Manager or his designee. After the one (1) year maintenance period by the Developer has terminated, the Developer shall petition the County Manager or his designee to inspect the required improvements. The County Manager or his designee shall inspect the required improvements and, if found to be still in compliance with the Collier County Land Development Code as reflected by the final approval of the Board, the Board shall release the remaining 10% of the subdivision performance security. The Developer's responsibility for maintenance of the required improvements shall continue unless or until the Board accepts maintenance responsibility for and by the County.

7. Six (6) months after the execution of this Agreement and once within every six (6) months thereafter the Developer may request the County Manager or his designee to reduce the dollar amount of the subdivision performance security on the basis of work complete. Each request for a reduction in the dollar amount of the subdivision performance security shall be accompanied by a statement of substantial completion by the Developer's engineer together with the project records necessary for review by the County Manager or his designee. The County Manager or his designee may grant the request for a reduction in the amount of the subdivision performance security for the improvements completed as of the date of the request.

8. In the event the Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or his designee may call upon the subdivision performance security to secure satisfactory completion, repair and maintenance of the required improvements. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt and acceptance of bids, the improvements required herein. The Developer, as principal under the subdivision performance security, shall be liable to pay and to indemnify the Board, upon completion of such construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and contingent costs together with any damages, either direct or consequential, which the Board may sustain on account of the failure of the Developer to fulfill all of the provisions of this Agreement.

9. All of the terms, covenants and conditions herein contained are and shall be binding upon the Developer and respective successors and assigns of the Developer.

IN WITNESS WHEREOF, the Developer and the Board have caused this Agreement to be executed by their duly authorized representatives this 22nd day of NOV., 2006

Bond No. 1018401

COLLIER COUNTY LAND DEVELOPMENT
PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENTS: that Pulte Home Corporation, 9148 Bonita Beach Road, Suite 102, Bonita Springs, FL 34135 (hereinafter referred to as "Owner") and Lexon Insurance Company, 1919 S. Highland Avenue, Building A, Suite 300, Lombard, IL 60148, (hereinafter referred to as "Surety") are held and firmly bound unto Collier County, Florida, 2800 N. Horseshoe Drive, Naples, FL 33942 (hereinafter referred to as "County") in the total aggregate sum of one million two hundred thirteen thousand six hundred fifty eight and 19/100 ($1,213,658.19) in lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents. Owner and Surety are used for singular or plural, as the context requires.

THE CONDITION OF THIS OBLIGATION is such that whereas, the Owner has submitted for approval by the Board a certain subdivision plat named Ave Maria – Del Webb and that certain subdivision shall include specific improvements which are required by Collier County Ordinances and Resolutions (hereinafter "Land Development Regulations"). This obligation of the Surety shall commence on the date this Bond is executed and shall continue until the date of final acceptance by the Board of County Commissioners of the specific improvements described in the Land Development Regulations (hereinafter the "Guaranty Period")

NOW, THEREFORE, if the Owner shall well, truly and faithfully perform its obligations and duties in accordance with the Land Development Regulations during the guaranty period established by the County, and the Owner shall satisfy all claims and demands incurred and shall fully indemnify and save harmless the County from and against all costs and damages which it may suffer by reason of Owner's failure to do so, and shall reimburse and repay the County all outlay and expense which the County may incur in making good any default, then this obligation shall be void, otherwise to remain in full force and effect.

PROVIDED, FURTHER, that the said Surety, for value received hereby, stipulates and agrees that no change, extension of time, alteration, addition or deletion to the proposed specific improvements shall in any way affect its obligation on this Bond, and it does hereby waive notice of any such change, extension of time, alteration, addition or deletion to the proposed specific improvements.

PROVIDED FURTHER, that it is expressly agreed that the Bond shall be deemed amended automatically and immediately, without formal and separate amendments hereto, so as to bind the Owner and the Surety to the full and faithful performance in accordance with the Land Development Regulations. The term "Amendment," wherever used in this Bond, and whether referring to this Bond, or other documents shall include any alteration, addition or modification of any character whatsoever.

IN WITNESS WHEREOF, the parties hereto have caused this PERFORMANCE BOND to be executed this 2nd day of October, 2006.

RESOLUTION NO. 25-____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA AUTHORIZING FINAL ACCEPTANCE OF CERTAIN ROADWAY AND DRAINAGE IMPROVEMENTS AND PLAT DEDICATIONS IN AVE MARIA UNIT 9 DEL WEBB AT AVE MARIA PARCELS 101, 103, 104 & 105, ACCORDING TO THE PLAT THEREOF RECORDED IN PLAT BOOK 47, PAGES 94 THROUGH 99, AND RELEASE OF THE MAINTENANCE SECURITY.

WHEREAS, the Board of County Commissioners of Collier County, Florida, on October 10, 2006, approved the plat of Ave Maria Unit 9, Del Webb at Ave Maria Parcels 101, 103, 104 & 105 for recording; and

WHEREAS, the Developer has constructed and maintained the roadway and drainage improvements in accordance with the approved plans and specifications as required by the Land Development Code (Collier County Ordinance No. 04-41, as amended); and

WHEREAS, the Developer is requesting final acceptance of the roadway and drainage improvements and release of the maintenance security; and

WHEREAS, the Development Review Division has inspected the roadway and drainage improvements, and is recommending acceptance of said facilities.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that final acceptance is hereby granted for those roadway and drainage improvements and plat dedications in Ave Maria Unit 9, Del Webb at Ave Maria Parcels 101, 103, 104 & 105, pursuant to the plat thereof recorded in Plat Book 47, pages 94 through 99, and the Clerk is hereby authorized to release the maintenance security.

BE IT FURTHER RESOLVED AND ORDERED that the roadway and drainage improvements within Ave Maria Unit 9, Del Webb at Ave Maria Parcels 101, 103, 104 & 105will be maintained privately in the future and will not be the responsibility of Collier County.

This Resolution adopted after motion, second and majority vote favoring same, this _____ day of _____ 2025.

A SUBDIVISION BEING A REPLAT OF ALL OF TRACTS "101, "103", "104" & "105", ACCORDING TO THE PLAT OF AVE MARIA UNIT 3, DEL WEBB PHASE ONE, PLAT BOOK 47, PAGES 52 THROUGH 62 AND BEING LOCATED WITHIN SECTION 8, TOWNSHIP 48 SOUTH, RANGE 29 EAST, COLLIER COUNTY, FLORIDA.

DEDICATIONS/RESERVATIONS

STATE OF FLORIDA
COUNTY OF COLLIER

KNOW ALL MEN BY THESE PRESENTS THAT PULTE HOME CORPORATION, A MICHIGAN CORPORATION, THE OWNER OF THE LANDS DESCRIBED HEREON, HAS CAUSED THIS PLAT ENTITLED "AVE MARIA UNIT 9, DEL WEBB AT AVE MARIA PARCELS 101, 103, 104 & 105" TO BE MADE AND DOES HEREBY:

A. DEDICATE TO DEL WEBB AT AVE MARIA COMMUNITY ASSOCIATION, INC.:

1. ALL OF TRACT "A" FOR PRIVATE ROAD RIGHT-OF-WAY (R.O.W.), SUBJECT TO EASEMENTS DEPICTED HEREON, WITH RESPONSIBILITY FOR MAINTENANCE.

2. ALL ACCESS EASEMENTS (A.E.) AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

3. AN IRRIGATION EASEMENT (I.E.) OVER TRACT "A", FOR THE PURPOSE OF CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF IRRIGATION FACILITIES WITH RESPONSIBILITY FOR MAINTENANCE.

B. DEDICATE TO AVE MARIA UTILITY COMPANY, L.L.L.P.:

1. ALL AVE MARIA UTILITY EASEMENTS (A.M.U.E.) FOR THE PURPOSES OF UTILITY INSTALLATION, CONSTRUCTION, OPERATION AND MAINTENANCE, INCLUDING THE RIGHT OF ACCESS TO PERFORM ANY SUCH PURPOSE, WITH NO RESPONSIBILITY OF MAINTENANCE OF THE SURFACE EASEMENT AREA.

2. ALL POTABLE WATER DISTRIBUTION LINES CONSTRUCTED AND INSTALLED WITHIN THE PROPERTIES DEPICTED ON THIS PLAT, UPON ACCEPTANCE OF THE IMPROVEMENTS REQUIRED BY THE APPLICABLE LAND DEVELOPMENT ORDINANCE OR REGULATION, WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL SEWER AND EFFLUENT FACILITIES CONSTRUCTED WITHIN THE PROPERTIES DEPICTED ON THIS PLAT, UPON ACCEPTANCE OF THE IMPROVEMENTS REQUIRED BY THE APPLICABLE LAND DEVELOPMENT ORDINANCE OR REGULATION, WITH RESPONSIBILITY FOR MAINTENANCE.

C. DEDICATE TO ALL LICENSED OR FRANCHISED PRIVATE OR PUBLIC UTILITIES WITH WHOM OWNER (OR ITS SUCCESSORS AND ASSIGNS):

A NON-EXCLUSIVE PUBLIC UTILITY EASEMENT (P.U.E.) AND ACCESS EASEMENT (A.E.) TO ALL LICENSED OR FRANCHISED PUBLIC OR PRIVATE UTILITIES AS SHOWN ON THIS PLAT FOR PUBLIC UTILITY PURPOSES INCLUDING CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF THEIR RESPECTIVE FACILITIES INCLUDING CABLE TELEVISION SERVICES PROVIDED THAT SUCH USES BE SUBJECT TO AND NOT INCONSISTENT WITH THE USE BY THE COLLIER COUNTY WATER-SEWER DISTRICT. IN THE EVENT A CABLE COMPANY OR UTILITY PROVIDER DAMAGES THE FACILITIES OF ANOTHER (OR THE ROADWAY ITSELF), IT SHALL BE SOLELY RESPONSIBLE FOR REPAIRING SUCH DAMAGES AND RESTORING THE PROPERTY TO ITS PRE-EXISTING CONDITION.

D. DEDICATE TO COLLIER COUNTY:

1. ALL DRAINAGE EASEMENTS (D.E.), AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE.

2. ALL LAKE MAINTENANCE EASEMENTS (L.M.E.), AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE.

3. ALL ACCESS EASEMENTS (A.E.), AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE. ACCESS EASEMENTS ARE SPECIFICALLY FOR THE PURPOSE OF ACCESSING THE DRAINAGE AND LAKE MAINTENANCE EASEMENTS.

E. DEDICATE TO COLLIER COUNTY, ITS FRANCHISEES AND THE IMMOKALEE FIRE CONTROL DISTRICT:

A NON-EXCLUSIVE ACCESS EASEMENT (A.E.) FOR THE PURPOSE OF PERMITTING EMERGENCY AND OTHER SERVICE VEHICLES ACCESS, WITHOUT RESPONSIBILITY FOR MAINTENANCE.

F. RESERVE TO PULTE HOME CORPORATION, AND FOR THE BENEFIT OF ITS DESIGNEES, SUCCESSORS AND ASSIGNS:

1. PERPETUAL, NON EXCLUSIVE TECHNOLOGY UTILITY EASEMENTS (T.U.E.) AS SHOWN HEREIN FOR THE PURPOSES OF CONSTRUCTING, INSTALLING, OPERATING, MAINTAINING, REPAIRING AND REPLACING UTILITY SYSTEMS, INCLUDING, WITHOUT LIMITATION, GAS, TELEPHONE, TELECOMMUNICATIONS, CABLE TELEVISION, SECURITY AND SIMILAR SYSTEMS, WITH RESPONSIBILITY OF MAINTENANCE. SUCH EASEMENTS BEING RESERVED TO PULTE HOME CORPORATION MAY BE GRANTED OR CONVEYED TO THIRD PARTIES AND MAY, BUT NOT NECESSARILY, BE PERPETUAL AND IRREVOCABLE, AT WHICH POINT SUCH TECHNOLOGY UTILITY EASEMENTS OR INTERESTS SHALL BE MORE PARTICULARLY DESCRIBED IN THE INSTRUMENT GRANTING OR CONVEYING SUCH EASEMENTS OR INTERESTS. ALL RIGHTS AND INTERESTS RESERVED OR LATER GRANTED PURSUANT TO THE TECHNOLOGY UTILITY EASEMENTS HEREIN SHALL BE INFERIOR AND SUBORDINATE TO ANY RIGHT OR INTEREST PURSUANT TO THE EASEMENTS DEDICATED ABOVE. ANY USE PURSUANT TO A TECHNOLOGY UTILITY EASEMENT MUST NOT INTERFERE WITH ANY USE PURSUANT TO THE EASEMENTS DEDICATED ABOVE. IF THERE IS A CONFLICT BETWEEN ANY EXISTING OR PROPOSED USE PURSUANT TO THE EASEMENTS DEDICATED ABOVE, AND ANY EXISTING OR PROPOSED USE PURSUANT TO A TECHNOLOGY UTILITY EASEMENT, THEN ANY FACILITIES, EQUIPMENT OR USE PURSUANT TO A TECHNOLOGY UTILITY EASEMENT WILL BE MOVED, CHANGED, OR TERMINATED AT THE EXPENSE OF THE HOLDER OF THE TECHNOLOGY UTILITY EASEMENT IN ORDER TO REMOVE ANY SUCH CONFLICT. EXCEPT AS PERMITTED BY PULTE HOME CORPORATION ITS SUCCESSORS OR ASSIGNS, IN AN INSTRUMENT GRANTING OR CONVEYING A TECHNOLOGY UTILITY EASEMENT, ALL FACILITIES CONSTRUCTED OR INSTALLED BY ANY OF THE GRANTEES OF THE TECHNOLOGY UTILITY EASEMENTS DESCRIBED ABOVE SHALL BE UNDERGROUND.

2. TRACT "101" FOR FUTURE DEVELOPMENT, SUBJECT TO EASEMENTS DEPICTED HEREON.

G. DEDICATE TO THE AVE MARIA STEWARDSHIP COMMUNITY DISTRICT:

1. ALL DRAINAGE EASEMENTS (D.E.), AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

2. ALL LAKE MAINTENANCE EASEMENTS (L.M.E.), AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

3. A RIGHT OF ACCESS OVER THOSE AREAS INDICATED ON THE PLAT AS DRAINAGE EASEMENTS (D.E.) AS DEPICTED, FOR THE PURPOSE OF ACCESS TO THE SAME FOR CONSTRUCTION, INSTALLATION AND OPERATION OF STORMWATER/DRAINAGE FACILITIES, WITH RESPONSIBILITY FOR MAINTENANCE.

IN WITNESS WHEREOF, THE UNDERSIGNED OWNER HAS CAUSED THESE PRESENTS TO BE SIGNED THIS 1 DAY OF [illegible], 2006, A.D.

I:\DWGS\CONST\AVE MARIA\DWG_WEBB\2006 Replat.dwg, Geometric Sheet 6, 11/7/2006 12:00:37 PM, 1:1

Executive Summary

Recommendation to approve a Resolution for final acceptance of the private roadway and drainage improvements for the final plat of Del Webb Naples Parcels 107-108, Application Number PL20160000906, and authorize the release of the maintenance security in the amount of $170,953.21.

OBJECTIVE: To have the Board of County Commissioners (Board) grant final acceptance of the infrastructure improvements associated with the subdivision, and authorize the release the maintenance security.

CONSIDERATIONS:

1. The Growth Management Department granted preliminary acceptance of the roadway and drainage improvements in Del Webb Naples Parcels 102-107 on June 29, 2017.

2. Del Webb Naples Community Association, Inc., Ave Maria Utility Company, LLLP, and Ave Maria Stewardship Community District will maintain the roadway and drainage improvements.

3. The required improvements have been constructed in accordance with the Land Development Code. On October 16, 2024, the Growth Management Department inspected them and recommends their final acceptance.

4. A resolution for final acceptance has been prepared by staff and approved by the County Attorney's Office. The resolution is a requirement of Section 10.02.05 C of the Land Development Code. A copy of the document is attached.

FISCAL IMPACT: Del Webb Community Association, Inc., Ave Maria Utility Company, LLLP, and Ave Maria Stewardship Community District will maintain the roadway and drainage improvements. The existing securities, totaling $170,953.21, will be released upon Board approval. Based on the work performed and completed pursuant to the terms of the Construction and Maintenance Agreements dated May 1, 2016, the original security, totaling $623,874.51, has been reduced to the current amount of $170,953.21.

GROWTH MANAGEMENT IMPACT: Performance Bond securities are held as development guaranty and are released after work is performed.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - DDP

RECOMMENDATIONS: To grant final acceptance of the roadway and drainage improvements in Del Webb Naples Parcels 107-108, Application Number PL20160000906, and authorize:

1. The Chairman to execute the attached resolution authorizing final acceptance of the improvements.

2. The Clerk of Courts to release the maintenance securities.

CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS

THIS CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS entered into this 1st day of NOV, 2016 between **Pulte Home Corporation**, hereinafter referred to as "Developer", and the Board of County Commissioners of Collier County, Florida, hereinafter referred to as the "Board".

RECITALS:

A. Developer has, simultaneously with the delivery of this Agreement, applied for the approval by the Board of certain plat of a subdivision to be known as: **Del Webb Naples Parcels 107-108.**

B. Chapters 4 and 10 of the Collier County Land Development Code requires the Developer to post appropriate guarantees for the construction of the improvements required by said subdivision regulations, said guarantees to be incorporated in a bonded agreement for the construction of the required improvements.

NOW, THEREFORE, in consideration of the foregoing premises and mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer will cause to be constructed: Roadway, drainage, water & sewer improvements Within **12** months from the date of approval of said subdivision plat, said improvements hereinafter referred to as the required improvements.

2. Developer herewith tenders its subdivision performance security (attached hereto as Exhibit "A" and by reference made a part hereof) in the amount of **$623,874.51** - which amount represents 10% of the total contract cost to complete the construction plus 100% of the estimated cost to complete the required improvements at the date of this Agreement.

3. In the event of default by the Developer or failure of the Developer to complete such improvements within the time required by the Land Development Code, Collier may call upon the subdivision performance security to insure satisfactory completion of the required improvements.

4. The required improvements shall not be considered complete until such a statement of substantial completion by Developer's engineer along with the final project records have been furnished to be reviewed and approved by the County Manager or his designee for compliance with the Collier County Land Development Code.

5. The County Manager or his designee shall, within sixty (60) days of receipt of the statement of substantial completion, either: a) notify the Developer in writing of his preliminary approval of the improvements; or b) notify the Developer in writing of his refusal to approve improvements, therewith specifying those conditions which the Developer must fulfill in order to obtain the County Manager's approval of the improvements. However, in no event shall the County Manager or his designee refuse preliminary approval of the improvements if they are in fact constructed and submitted for approval in accordance with the requirements of this Agreement.

6. The Developer shall maintain all required improvements for a minimum period of one year after preliminary approval by the County Manager or his designee. After the one year maintenance period by the Developer has terminated, the Developer shall petition the County Manager or his designee to inspect the required improvements. The County Manager or his designee shall inspect the improvements and, if found to be still in compliance with the Land Development Code as reflected by final approval by the Board, the Board shall release the remaining 10% of the subdivision performance security. The Developer's responsibility for maintenance of the required improvements shall continue unless or until the Board accepts maintenance responsibility for and by the County.

7. Six (6) months after the execution of this Agreement and once within every six (6) months thereafter the Developer may request the County Manager or his designee to reduce the dollar amount of the subdivision performance security on the basis of work complete. Each request for a reduction in the dollar amount of the subdivision performance security shall be accompanied by a statement of substantial completion by the Developer's engineer together with the project records necessary for review by the County Manager or his designee. The County Manager or his designee may grant the request for a reduction in the amount of the subdivision performance security for the improvements completed as of the date of the request.

8. In the event the Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or his designee may call upon the subdivision performance security to secure satisfactory completion, repair and maintenance of the required improvements. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt of acceptance of bids, the improvements required herein. The Developer, as principal under the subdivision performance security, shall be liable to pay and to indemnify the Board, upon completion of such construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the Board may sustain on account of the failure of the Developer to fulfill all of the provisions of this Agreement.

9. All of the terms, covenants and conditions herein contained are and shall be binding upon the Developer and the respective successors and assigns of the Developer.

IN WITNESS WHEREOF, the Board and the Developer have caused this Agreement to be executed by their duly authorized representatives this 1ST day of NOV., 2016.

PERFORMANCE BOND

BOND NO. SUR0040140

KNOW ALL PERSONS BY THESE PRESENTS: that

Pulte Home Corporation (Name of Owner)

24311 Walden Center Dr., Ste 300 (Address of Owner)

Bonita Springs, FL 34134 (Address of Owner)

(Hereinafter referred to as "Owner") and

Argonaut Insurance Company (Name of Surety)

4600 S. Syracuse Street Suite 400 (Address of Surety)

Denver, Colorado 80237 (Address of Surety)

303-773-7261 (Telephone Number)

(hereinafter referred to as "Surety") are held and firmly bound unto Collier County, Florida, (hereinafter referred to as "County") in the total aggregate sum of six hundred twenty three thousand eight hundred seventy four and 51/100 ($623,874.51) in lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents. Owner and Surety are used for singular or plural, as the context requires.

THE CONDITION OF THIS OBLIGATION is such that whereas, the Owner has submitted for approval by the Board of a certain subdivision plat named Del Webb - Parcels 107 & 108 and that certain subdivision shall include specific improvements which are required by Collier County Ordinances and Resolutions (hereinafter "Land Development Regulations"). This obligation of the Surety shall commence on the date this Bond is executed and shall continue until the date of final acceptance by the Board of County Commissioners of the specific improvements described in the Land Development Regulations (hereinafter the "Guaranty Period").

NOW THEREFORE, if the Owner shall well, truly and faithfully perform its obligations and duties in accordance with the Land Development Regulations during the guaranty period established by the County, and the Owner shall satisfy all claims and demands incurred and shall fully indemnify and save harmless the County from and against all costs and damages which it may suffer by reason of owner's failure to do so, and shall reimburse and repay the County all outlay and expense which the County may incur in making good any default, then this obligation shall be void, otherwise to remain in full force and effect.

PROVIDED, FURTHER, that the said Surety, for value received hereby, stipulates and agrees that no change, extension of time, alteration, addition or deletion to the proposed specific improvements shall in any way affect its obligation on this Bond, and it does hereby waive notice of any such change, extension of time, alteration, addition or deletion to the proposed specific improvements.

PROVIDED, FURTHER, that it is expressly agreed that the Bond shall be deemed amended automatically and immediately, without formal and separate amendments hereto, so as to bind the

Owner and the Surety to the full and faithful performance in accordance with the Land Development Regulations. The term "Amendment", wherever used in this Bond, and whether referring to this Bond, or other documents shall include any alteration, addition or modification of any character whatsoever.

IN WITNESS WHEREOF, the parties hereto have caused this PERFORMANCE BOND to be executed this 14th day of September, 2016.

RE: Performance Bond No. SUR0040140 / Pulte Home Corporation
Del Webb at Naples Parcels 107 & 108 - PL20160000906

Dear Sir or Madam,

Please be advised that based on the work completed and inspected to date, the subject Performance Bond may now be reduced by $452,921.30, leaving an available obligation of $170,953.21. The remaining surety represents $114,237.35 as 100% of the uncompleted improvements, plus $56,715.86 as the required 10% maintenance security.

An original Bond Rider should be submitted to this office reducing the value of the security, all other terms and conditions of the original Performance Bond to remain in full force and effect".

If I can be of any further assistance to you in this regard, please let me know.

Sincerely,

John Houldsworth

Decrease PENALTY RIDER

BOND NO. SUR0040140

To be attached and form a part of Bond No. SUR0040140 dated the 14th day of September, 2016, executed by Argonaut Insurance Company as surety, on behalf of Pulte Home Company, LLC as current principal of record, and in favor of Collier County, Florida, as Obligee, and in the amount of Six Hundred Twenty Three Thousand Eight Hundred Seventy Four Dollars and 51/100 ($623,874.51).

In consideration of the agreed premium charged for this bond, it is understood and agreed that Argonaut Insurance Company hereby consents that effective from the 3rd day of January, 2018, said bond shall be amended as follows:

THE BOND PENALTY SHALL BE Decreased:

FROM: Six Hundred Twenty Three Thousand Eight Hundred Seventy Four Dollars and 51/100 ($623,874.51)

TO: One Hundred Seventy Thousand Nine Hundred Fifty Three Dollars and 21/100 ($170,953.21)

The Decrease of said bond penalty shall be effective as of the 3rd day of January, 2018, and does hereby agree that the continuity of protection under said bond subject to changes in penalty shall not be impaired hereby, provided that the aggregate liability of the above mentioned bond shall not exceed the amount of liability assumed by it at the time the act and/or acts of default were committed and in no event shall such liability be cumulative.

Signed, sealed and dated this 12th day of January, 2018.

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That the Argonaut Insurance Company, a Corporation duly organized and existing under the laws of the State of Illinois and having its principal office in the County of Cook, Illinois does hereby nominate, constitute and appoint:

Jeremy Polk

Their true and lawful agent(s) and attorney(s)-in-fact, each in their separate capacity if more than one is named above, to make, execute, seal and deliver for and on its behalf as surety, and as its act and deed any and all bonds, contracts, agreements of indemnity and other undertakings in suretyship provided, however, that the penal sum of any one such instrument executed hereunder shall not exceed the sum of:

$75,000,000.00

This Power of Attorney is granted and is signed and sealed under and by the authority of the following Resolution adopted by the Board of Directors of Argonaut Insurance Company:

"RESOLVED, That the President, Senior Vice President, Vice President, Assistant Vice President, Secretary, Treasurer and each of them hereby is authorized to execute powers of attorney, and such authority can be executed by use of facsimile signature, which may be attested or acknowledged by any officer or attorney, of the Company, qualifying the attorney or attorneys named in the given power of attorney, to execute in behalf of, and acknowledge as the act and deed of the Argonaut Insurance Company, all bond undertakings and contracts of suretyship, and to affix the corporate seal thereto."

IN WITNESS WHEREOF, Argonaut Insurance Company has caused its official seal to be hereunto affixed and these presents to be signed by its duly authorized officer on the 8th day of May, 2017.

RESOLUTION NO. 25-____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA AUTHORIZING FINAL ACCEPTANCE OF CERTAIN ROADWAY AND DRAINAGE IMPROVEMENTS AND PLAT DEDICATIONS IN DEL WEBB NAPLES PARCELS 107-108, ACCORDING TO THE PLAT THEREOF RECORDED IN PLAT BOOK 61, PAGES 63 THROUGH 66, AND RELEASE OF THE MAINTENANCE SECURITY.

WHEREAS, the Board of County Commissioners of Collier County, Florida, on September 13, 2016, approved the plat of Del Webb Naples Parcels 107-108 2 for recording; and

WHEREAS, the Developer has constructed and maintained the roadway and drainage improvements in accordance with the approved plans and specifications as required by the Land Development Code (Collier County Ordinance No. 04-41, as amended); and

WHEREAS, the Developer is requesting final acceptance of the roadway and drainage improvements and release of the maintenance security; and

WHEREAS, the Development Review Division has inspected the roadway and drainage improvements, and is recommending acceptance of said facilities.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that final acceptance is hereby granted for those roadway and drainage improvements and plat dedications in Del Webb Naples Parcels 107-108, pursuant to the plat thereof recorded in Plat Book 61, pages 63 through 66, and the Clerk is hereby authorized to release the maintenance security.

BE IT FURTHER RESOLVED AND ORDERED that the roadway and drainage improvements within Del Webb Naples Parcels 107-108 will be maintained privately in the future and will not be the responsibility of Collier County.

This Resolution adopted after motion, second and majority vote favoring same, this ___ day of _____ 2025.

DEDICATIONS/RESERVATIONS

STATE OF FLORIDA
COUNTY OF COLLIER

KNOW ALL MEN BY THESE PRESENTS THAT PULTE HOME CORPORATION, A MICHIGAN CORPORATION AND DEL WEBB NAPLES COMMUNITY ASSOCIATION, INC., F/K/A DEL WEBB AT AVE MARIA COMMUNITY ASSOCIATION, INC., A FLORIDA CORPORATION NOT FOR PROFIT, THE OWNERS OF THE LANDS DESCRIBED HEREON, HAVE CAUSED THIS PLAT ENTITLED "DEL WEBB NAPLES PARCELS 107-108" TO BE MADE AND DO HEREBY:

A. DEDICATE TO DEL WEBB NAPLES COMMUNITY ASSOCIATION, INC.:

1. ALL OF TRACT "R" FOR PRIVATE ROAD RIGHT-OF-WAY (R.O.W.), SUBJECT TO EASEMENTS DEPICTED HEREON, WITH RESPONSIBILITY FOR MAINTENANCE.

2. ALL ACCESS EASEMENTS (A.E.) AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL LANDSCAPE EASEMENTS (L.E.) AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

4. AN IRRIGATION EASEMENT (I.E.) OVER TRACT "R", FOR THE PURPOSE OF CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF IRRIGATION FACILITIES WITH RESPONSIBILITY FOR MAINTENANCE.

5. TRACTS "OS1", "OS2", "OS3", "OS4", "OS5", "OS6" AND "OS7" AS COMMON AREA, SUBJECT TO THE EASEMENTS SHOWN HEREON, WITH RESPONSIBILITY FOR MAINTENANCE.

B. DEDICATE TO AVE MARIA UTILITY COMPANY, L.L.L.P.:

1. ALL AVE MARIA UTILITY EASEMENTS (A.M.U.E.) FOR THE PURPOSES OF UTILITY INSTALLATION, CONSTRUCTION, OPERATION AND MAINTENANCE, INCLUDING THE RIGHT OF ACCESS TO PERFORM ANY SUCH PURPOSE, WITH NO RESPONSIBILITY OF MAINTENANCE OF THE SURFACE EASEMENT AREA.

2. ALL POTABLE WATER DISTRIBUTION LINES CONSTRUCTED AND INSTALLED WITHIN THE PROPERTIES DEPICTED ON THIS PLAT, UPON ACCEPTANCE OF THE IMPROVEMENTS REQUIRED BY THE APPLICABLE LAND DEVELOPMENT ORDINANCE OR REGULATION, WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL SEWER AND EFFLUENT FACILITIES CONSTRUCTED WITHIN THE PROPERTIES DEPICTED ON THIS PLAT, UPON ACCEPTANCE OF THE IMPROVEMENTS REQUIRED BY THE APPLICABLE LAND DEVELOPMENT ORDINANCE OR REGULATION, WITH RESPONSIBILITY FOR MAINTENANCE.

C. DEDICATE PUBLIC UTILITY EASEMENTS (P.U.E.) TO ALL LICENSED OR FRANCHISED PRIVATE OR PUBLIC UTILITIES WITH WHOM OWNER (OR ITS SUCCESSORS AND ASSIGNS) CONTRACTS FOR SAID UTILITIES:

ALL PLATTED PUBLIC UTILITY EASEMENTS (P.U.E.) SHALL ALSO BE EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES; PROVIDED, HOWEVER, NO SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES SHALL INTERFERE WITH THE FACILITIES AND SERVICES OF AN ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. IN THE EVENT A CABLE TELEVISION COMPANY DAMAGES THE FACILITIES OF A PUBLIC UTILITY, IT SHALL BE SOLELY RESPONSIBLE FOR THE DAMAGES. THIS SECTION SHALL NOT APPLY TO THOSE PRIVATE EASEMENTS GRANTED TO OR OBTAINED BY A PARTICULAR ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION SHALL COMPLY WITH THE NATIONAL ELECTRICAL SAFETY CODE AS ADOPTED BY THE FLORIDA PUBLIC SERVICE COMMISSION.

D. DEDICATE TO COLLIER COUNTY:

1. ALL DRAINAGE EASEMENTS (D.E.) AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE.

2. ALL LAKE MAINTENANCE EASEMENTS (L.M.E.) AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE.

3. ALL ACCESS EASEMENTS (A.E.) AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE.

E. DEDICATE TO COLLIER COUNTY, ITS FRANCHISEES AND THE IMMOKALEE FIRE CONTROL DISTRICT:

A NON-EXCLUSIVE ACCESS EASEMENT (A.E.) OVER TRACT "R" FOR THE PURPOSE OF PERMITTING EMERGENCY AND OTHER SERVICE VEHICLES ACCESS, WITHOUT RESPONSIBILITY FOR MAINTENANCE.

F. RESERVE TO PULTE HOME CORPORATION, AND FOR THE BENEFIT OF ITS DESIGNEES, SUCCESSORS AND ASSIGNS:

PERPETUAL, NON EXCLUSIVE TECHNOLOGY UTILITY EASEMENTS (T.U.E.) AS SHOWN HEREIN FOR THE PURPOSES OF CONSTRUCTING, INSTALLING, OPERATING, MAINTAINING, REPAIRING AND REPLACING UTILITY SYSTEMS, INCLUDING, WITHOUT LIMITATION, GAS, TELEPHONE, TELECOMMUNICATIONS, CABLE TELEVISION, SECURITY AND SIMILAR SYSTEMS, WITH RESPONSIBILITY FOR MAINTENANCE. SUCH EASEMENTS BEING RESERVED TO PULTE HOME CORPORATION MAY BE GRANTED OR CONVEYED TO THIRD PARTIES AND MAY, BUT NOT NECESSARILY, BE PERPETUAL AND IRREVOCABLE, AT WHICH POINT SUCH TECHNOLOGY UTILITY EASEMENTS OR INTERESTS SHALL BE MORE PARTICULARLY DESCRIBED IN THE INSTRUMENT GRANTING OR CONVEYING SUCH EASEMENTS OR INTERESTS. ALL RIGHTS AND INTERESTS RESERVED OR LATER GRANTED PURSUANT TO THE TECHNOLOGY UTILITY EASEMENTS HEREIN SHALL BE INFERIOR AND SUBORDINATE TO ANY RIGHT OR INTEREST PURSUANT TO THE EASEMENTS DEDICATED ABOVE. ANY USE PURSUANT TO A TECHNOLOGY UTILITY EASEMENT MUST NOT INTERFERE WITH ANY USE PURSUANT TO THE EASEMENTS DEDICATED ABOVE. IF THERE IS A CONFLICT BETWEEN ANY EXISTING OR PROPOSED USE PURSUANT TO THE EASEMENTS DEDICATED ABOVE, AND ANY EXISTING OR PROPOSED USE PURSUANT TO A TECHNOLOGY UTILITY EASEMENT, THEN ANY FACILITIES, EQUIPMENT OR USE PURSUANT TO A TECHNOLOGY UTILITY EASEMENT WILL BE MOVED, CHANGED, OR TERMINATED AT THE EXPENSE OF THE HOLDER OF THE TECHNOLOGY UTILITY EASEMENT IN ORDER TO REMOVE ANY SUCH CONFLICT. EXCEPT AS PERMITTED BY PULTE HOME CORPORATION ITS SUCCESSORS OR ASSIGNS, IN AN INSTRUMENT GRANTING OR CONVEYING A TECHNOLOGY UTILITY EASEMENT, ALL FACILITIES CONSTRUCTED OR INSTALLED BY ANY OF THE GRANTEES OF THE TECHNOLOGY UTILITY EASEMENTS DESCRIBED ABOVE SHALL BE UNDERGROUND.

E. DEDICATE TO THE AVE MARIA STEWARDSHIP COMMUNITY DISTRICT:

1. TRACTS "L2A" AND "L2B" AS LAKE, FOR THE PURPOSE OF CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF STORMWATER/DRAINAGE FACILITIES, SUBJECT TO THE EASEMENTS DEPICTED HEREON, WITH RESPONSIBILITY FOR MAINTENANCE.

2. ALL DRAINAGE EASEMENTS (D.E.) AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL LAKE MAINTENANCE EASEMENTS (L.M.E.) AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

4. A RIGHT OF ACCESS OVER THOSE AREAS INDICATED ON THE PLAT AS DRAINAGE EASEMENTS (D.E.) AS DEPICTED, FOR THE PURPOSE OF ACCESS TO THE SAME FOR CONSTRUCTION, INSTALLATION AND OPERATION OF STORMWATER/DRAINAGE FACILITIES, WITH RESPONSIBILITY FOR MAINTENANCE.

8. GRANT OF EASEMENT RECORDED IN O.R. BOOK 4204, PAGE 3927, PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA IS A BLANKET EASEMENT OVER ALL LANDS PLATTED HEREBY.

LEGAL DESCRIPTION

BEING A PORTION OF TRACTS "GC–8", "GC–9", "M", "N", "107" AND "108", AVE MARIA UNIT 3, DEL WEBB PHASE ONE, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK 47, PAGES 52 THROUGH 62 (INCLUSIVE) TOGETHER WITH ALL OF TRACT "J" AND A PORTION OF TRACTS "H", "I" AND "R", AVE MARIA UNIT 11, DEL WEBB NAPLES PARCELS 106 & 112, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK 52, PAGES 67 THROUGH 74 (INCLUSIVE), LYING WITHIN SECTION 17, TOWNSHIP 48 SOUTH, RANGE 29 EAST, COLLIER COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCE AT THE SOUTHERLY MOST CORNER OF AVE MARIA UNIT 11, DEL WEBB NAPLES PARCELS 106 & 112, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK 52, PAGES 67 THROUGH 74 (INCLUSIVE) OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA; THENCE NORTH 61°25'47" WEST, ALONG THE SOUTHERLY BOUNDARY OF SAID PLAT, A DISTANCE OF 119.00 FEET TO A POINT ON THE BOUNDARY OF TRACT "N", AVE MARIA UNIT 3, DEL WEBB PHASE ONE, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK 47, PAGES 52 THROUGH 62 (INCLUSIVE) OF THE PUBLIC RECORDS OF SAID COLLIER COUNTY, FLORIDA, THE SAME BEING THE POINT OF BEGINNING OF THE PARCEL OF LAND HEREIN DESCRIBED; THENCE RUN THE FOLLOWING TWO (2) COURSES ALONG THE BOUNDARY OF SAID TRACT "N": COURSE NO. 1: SOUTH 28°34'13" WEST, 245.99 FEET TO A POINT OF CURVATURE; COURSE NO. 2: SOUTHWESTERLY, 744.97 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE NORTHWESTERLY, HAVING A RADIUS OF 940.00 FEET, THROUGH A CENTRAL ANGLE OF 45°24'29" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 51°16'27" WEST, 725.62 FEET TO A POINT OF COMPOUND CURVATURE; THENCE WESTERLY, 59.66 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE NORTHERLY, HAVING A RADIUS OF 130.00 FEET, THROUGH A CENTRAL ANGLE OF 26°17'33" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 87°07'28" WEST, 59.13 FEET; THENCE NORTH 79°43'46" WEST, A DISTANCE OF 276.08 FEET; THENCE SOUTH 10°16'14" WEST, A DISTANCE OF 60.94 FEET; THENCE NORTH 79°43'46" WEST, A DISTANCE OF 206.00 FEET TO A POINT ON THE SOUTHERLY PROLONGATION OF THE WESTERLY BOUNDARY OF TRACT "108", SAID AVE MARIA UNIT 3, DEL WEBB PHASE ONE PLAT; THENCE NORTH 10°16'14" EAST, ALONG THE WESTERLY BOUNDARY OF SAID TRACT "108" AND IT'S SOUTHERLY PROLONGATION, A DISTANCE OF 365.00 FEET TO A POINT OF CURVATURE; THENCE RUN THE FOLLOWING THREE (3) COURSES ALONG THE BOUNDARY OF SAID TRACT "108": COURSE NO. 1: NORTHERLY, 128.71 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE EASTERLY, HAVING A RADIUS OF 560.00 FEET, THROUGH A CENTRAL ANGLE OF 13°10'10" AND BEING SUBTENDED BY A CHORD THAT BEARS NORTH 16°51'19" EAST, 128.43 FEET TO A POINT OF REVERSE CURVATURE; COURSE NO. 2: NORTHERLY, 232.41 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE WESTERLY, HAVING A RADIUS OF 350.00 FEET, THROUGH A CENTRAL ANGLE OF 38°02'44" AND BEING SUBTENDED BY A CHORD THAT BEARS NORTH 04°25'02" EAST, 228.16 FEET TO A POINT OF REVERSE CURVATURE; COURSE NO. 3: NORTHERLY, 506.60 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE EASTERLY, HAVING A RADIUS OF 667.00 FEET, THROUGH A CENTRAL ANGLE OF 43°31'03" AND BEING SUBTENDED BY A CHORD THAT BEARS NORTH 07°09'12" EAST, 494.51 FEET; THENCE NORTH 28°54'43" EAST, CONTINUING ALONG THE BOUNDARY OF SAID TRACT "108" AND IT'S NORTHERLY PROLONGATION, A DISTANCE OF 59.02 FEET TO A POINT ON THE BOUNDARY OF TRACT "H", AVE MARIA UNIT 11, DEL WEBB NAPLES PARCELS 106 & 112, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK 52, PAGES 67 THROUGH 74 (INCLUSIVE); THENCE SOUTH 61°05'17" EAST, ALONG THE BOUNDARY OF SAID TRACT "H" AND IT'S SOUTHEASTERLY PROLONGATION, A DISTANCE OF 117.00 FEET TO A POINT ON A NON–TANGENTIAL CURVE; THENCE SOUTHERLY, 39.26 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE WESTERLY, HAVING A RADIUS OF 24.99 FEET, THROUGH A CENTRAL ANGLE OF 90°00'00" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 16°06'18" EAST, 35.34 FEET; THENCE SOUTH 61°33'31" EAST, A DISTANCE OF 54.00 FEET TO A POINT ON A NON–TANGENTIAL CURVE; THENCE EASTERLY, 38.53 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE SOUTHERLY, HAVING A RADIUS OF 25.00 FEET, THROUGH A CENTRAL ANGLE OF 88°18'31" AND BEING SUBTENDED BY A CHORD THAT BEARS NORTH 73°03'59" EAST, 34.83 FEET TO A POINT OF REVERSE CURVATURE, THE SAME BEING A POINT ON THE BOUNDARY OF TRACT "I" OF LAST SAID PLAT; THENCE RUN THE FOLLOWING THREE (3) COURSES ALONG THE BOUNDARY OF SAID TRACT "I": COURSE NO. 1: EASTERLY, 199.81 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE NORTHERLY, HAVING A RADIUS OF 1,027.00 FEET, THROUGH A CENTRAL ANGLE OF 11°08'50" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 68°21'11" EAST, 199.49 FEET TO A POINT OF REVERSE CURVATURE; COURSE NO. 2: SOUTHEASTERLY, 416.58 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE SOUTHWESTERLY, HAVING A RADIUS OF 973.00 FEET, THROUGH A CENTRAL ANGLE OF 24°31'51" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 61°39'40" EAST, 413.41 FEET TO A POINT OF COMPOUND CURVATURE; COURSE NO. 3: SOUTHERLY, 38.98 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE WESTERLY, HAVING A RADIUS OF 25.00 FEET, THROUGH A CENTRAL ANGLE OF 89°20'27" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 04°43'31" EAST, 35.15 FEET; THENCE SOUTH 50°25'46" EAST, A DISTANCE OF 54.00 FEET TO A POINT ON A NON–TANGENTIAL CURVE, THE SAME BEING A POINT ON THE BOUNDARY OF TRACT "J" OF LAST SAID PLAT; THENCE RUN THE FOLLOWING SIX (6) COURSES ALONG THE BOUNDARY OF SAID TRACT "J": COURSE NO. 1: EASTERLY, 38.03 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE SOUTHERLY, HAVING A RADIUS OF 25.00 FEET, THROUGH A CENTRAL ANGLE OF 87°10'00" AND BEING SUBTENDED BY A CHORD THAT BEARS NORTH 83°32'03" EAST, 34.47 FEET TO A POINT OF REVERSE CURVATURE; COURSE NO. 2: SOUTHEASTERLY, 18.49 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE NORTHEASTERLY, HAVING A RADIUS OF 1,027.00 FEET, THROUGH A CENTRAL ANGLE OF 01°01'54" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 53°23'54" EAST, 18.49 FEET TO A POINT OF REVERSE CURVATURE; COURSE NO. 3: SOUTHEASTERLY, 43.21 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE SOUTHWESTERLY, HAVING A RADIUS OF 369.00 FEET, THROUGH A CENTRAL ANGLE OF 06°42'33" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 50°33'34" EAST, 43.18 FEET TO A POINT OF REVERSE CURVATURE; COURSE NO. 4: SOUTHEASTERLY, 104.92 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE NORTHEASTERLY, HAVING A RADIUS OF 433.00 FEET, THROUGH A CENTRAL ANGLE OF 13°52'59" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 54°08'47" EAST, 104.66 FEET; COURSE NO. 5: SOUTH 61°05'17" EAST, 61.72 FEET TO A POINT OF CURVATURE; COURSE NO. 6: SOUTHERLY, 39.12 FEET ALONG THE ARC OF A CIRCULAR CURVE, CONCAVE WESTERLY, HAVING A RADIUS OF 25.00 FEET, THROUGH A CENTRAL ANGLE OF 89°39'30" AND BEING SUBTENDED BY A CHORD THAT BEARS SOUTH 16°15'32" EAST, 35.25 FEET TO THE POINT OF BEGINNING.

CONTAINING 1,012,449 SQUARE FEET OR 23.243 ACRES, MORE OR LESS.

Executive Summary

Recommendation to approve a Resolution for final acceptance of the private roadway and drainage improvements for the final plat of Del Webb Naples Parcel 109, Application Number PL20180000500, and authorize the release of the maintenance security in the amount of $460,461.04.

OBJECTIVE: To have the Board of County Commissioners (Board) grant final acceptance of the infrastructure improvements associated with the subdivision and authorize the release of the maintenance security.

CONSIDERATIONS:

1. On September 4, 2019, the Growth Management Department granted preliminary acceptance of the roadway and drainage improvements in Del Webb Naples Parcel 109.

2. Del Webb Naples Community Association, Inc., and Ave Maria Utility Company, LLLP, will maintain the roadway and drainage improvements.

3. The required improvements have been constructed in accordance with the Land Development Code. On October 16, 2024, the Growth Management Department inspected them and recommends their final acceptance.

4. A resolution for final acceptance has been prepared by staff and approved by the County Attorney's Office. The resolution is a requirement of Section 10.02.05 C of the Land Development Code. A copy of the document is attached.

FISCAL IMPACT: Del Webb Community Association, Inc., and Ave Maria Utility Company, LLLP, will maintain the roadway and drainage improvements. The existing securities in the amount of $460,461.04 will be released upon Board approval and is based on the work performed and completed pursuant to the terms of the Construction and Maintenance Agreements dated November 1, 2018.

GROWTH MANAGEMENT IMPACT: Performance Bond securities are held as development guaranty and are released after work is performed.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - DDP

RECOMMENDATIONS: To grant final acceptance of the roadway and drainage improvements in Del Webb Naples Parcel 109, Application Number PL20180000500, and authorize:

1. The Chairman to execute the attached resolution authorizing final acceptance of the improvements.

2. The Clerk of Courts to release the maintenance securities.

CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS

THIS CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS entered into this 1st day of NOV, 20 17 between Pulte Home Company, LLC hereinafter referred to as "Developer," and the Board of County Commissioners of Collier County, Florida, hereinafter referred to as the "Board.

RECITALS:

A. Developer has, simultaneously with the delivery of this Agreement, applied for the approval by the Board of certain plat of a subdivision to be known as: Del Webb Naples Parcel 109
B. Chapter 4 and 10 of the Collier County Land Development Code required the Developer to post appropriate guarantees for the construction of the improvements required by said subdivision regulations, said guarantees to be incorporated in a bonded agreement for the construction of the required improvements.

NOW, THEREFORE, in consideration of the foregoing premises and mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer will cause to be constructed: all required improvements and other infrastructure improvements within 36 months from the date of approval said subdivision plat, said improvements hereinafter referred to as the required improvements.

2. Developer herewith tenders its subdivision performance security (attached hereto as Exhibit "A" and by reference made a part hereof) in the amount of $460,461.04 - which amount represents 10% of the total contract cost to complete the construction plus 100% of the estimated cost of to complete the required improvements at the date of this Agreement.

3. In the event of default by the Developer or failure of the Developer to complete such improvements within the time required by the Land Development Code, Collier may call upon the subdivision performance security to insure satisfactory completion of the required improvements.

4. The required improvements shall not be considered complete until a statement of substantial completion by Developer's engineer along with the final project records have been furnished to be reviewed and approved by the County Manager or his designee for compliance with the Collier County Land Development Code.

5. The County Manager or his designee shall, within sixty (60) days of receipt of the statement of substantial completion, either: a) notify the Developer in writing of his preliminary approval of the improvements; or b) notify the Developer in writing of his refusal to approve improvements, therewith specifying those conditions which the Developer must fulfill in order to obtain the County Manager's approval of the improvements. However, in no event shall the County Manager or his designee refuse preliminary approval of the improvements if they are in fact constructed and submitted for approval in accordance with the requirements of this Agreement.

6. The Developer shall maintain all required improvements for a minimum period of one year after preliminary approval by the County Manager or his designee. After the one year maintenance period by the Developer has terminated, the Developer shall petition the County Manager or his designee to inspect the required improvements. The County Manager or his designee shall inspect the improvements and, if found to be still in compliance with the Land Development Code as reflected by final approval by the Board, the Board shall release the remaining 10% of the subdivision performance security. The Developer's responsibility for maintenance of the required improvements shall continue unless or until the Board accepts maintenance responsibility for and by the County.

7. Six (6) months after the execution of this Agreement and once within every six (6) months thereafter the Developer may request the County Manager or his designee to reduce the dollar amount of the subdivision performance security on the basis of work complete, Each request for a reduction in the dollar amount of the subdivision performance security shall be accompanied by a statement of substantial completion by the Developer's engineer together with the project records necessary for review by the County Manager or his designee. The County Manager or his designee may grant the request for a reduction in the amount of the subdivision performance security for the improvements completed as of the date of the request.

8. In the event the Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or his designee may call upon the subdivision performance security to secure satisfactory completion, repair and maintenance of the required improvements. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt and acceptance of bids, the improvements required herein. The Developer, as principal under the subdivision performance security, shall be liable to pay and to indemnify the Board, upon completion of such construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the Board may sustain on account of the failure of the Developer to fulfill all of the provisions of this Agreement.

9. All of the terms, covenants and conditions herein contained are and shall be binding upon the Developer and the respective successors and assigns of the Developer.

IN WITNESS WHEREOF, the Board and the Developer have caused this Agreement to be executed by their duly authorized representatives this 1st day of November, 20 18.

801 Warrenville Road, Suite 700
Lisle IL 60532, 630-719-6342

(hereinafter referred to as "Surety") are held and firmly bound unto Collier County, Florida, (hereinafter referred to as "County") in the total aggregate sum of four hundred and sixty thousand, four hundred and sixty-one dollars, and four cents ($ 460,461.04) in lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents. Owner and Surety are used for singular or plural, as the context requires.

THE CONDITION OF THIS OBLIGATION is such that whereas, the Owner has submitted for approval by the Board a certain subdivision plat named Del Webb Naples Parcel 109 and that certain subdivision shall include specific improvements which are required by Collier County Ordinances and Resolutions (hereinafter "Land Development Regulations"). This obligation of the Surety shall commence on the date this Bond is executed and shall continue until the date of final acceptance by the Board of County Commissioners of the specific improvements described in the Land Development Regulations (hereinafter the "Guaranty Period").

NOW, THEREFORE, if the Owner shall well, truly and faithfully perform its obligations and duties in accordance with the Land Development Regulations during the guaranty period established by the County, and the Owner shall satisfy all claims and demands incurred and shall fully indemnify and save harmless the County from and against all costs and damages which it may suffer by reason of Owner's failure to do so, and shall reimburse and repay the County all outlay and expense which the County may incur in making good any default, then this obligation shall be void, otherwise to remain in full force and effect.

PROVIDED, FURTHER, that the said Surety, for value received hereby, stipulates and agrees that no change, extension of time, alteration, addition or deletion to the proposed specific improvements shall in any way affect its obligation on this Bond, and it does hereby waive notice of any such change, extension of time, alteration, addition or deletion to the proposed specific improvements.

PROVIDED FURTHER, that it is expressly agreed that the Bond shall be deemed amended automatically and immediately, without formal and separate amendments hereto, so as to bind the Owner and the Surety to the full and faithful performance in accordance with the Land Development Regulations. The term "Amendment," wherever used in this Bond, and whether referring to this Bond, or other documents shall include any alteration, addition or modification of any character whatsoever.

Exhibit A

IN WITNESS WHEREOF, the parties hereto have caused this PERFORMANCE BOND to be executed this 19th day of October, 20 18.

POWER OF ATTORNEY APPOINTING INDIVIDUAL ATTORNEY-IN-FACT

Know All Men By These Presents, That The Continental Insurance Company, a Pennsylvania insurance company, is a duly organized and existing insurance company having its principal office in the City of Chicago, and State of Illinois, and that it does by virtue of the signature and seal herein affixed hereby make, constitute and appoint

D.Bryce Langen, James Zeumer, James Ossowski, Brien O'Meara, Kelly Yoakam, Kim Hill, Ross Irwin, Jean Marusak, Ellen Padesky Maturen,Gregory S. Rives, KellyMarie Conlon, Individually

of Bloomfield Hills, MI,, its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred to sign, seal and execute for and on its behalf bonds, undertakings and other obligatory instruments of similar nature

- In an amount not to exceed Two Million and no/100 Dollars ($2,000,000.00)

and to bind them thereby as fully and to the same extent as if such instruments were signed by a duly authorized officer of the insurance company and all the acts of said Attorney, pursuant to the authority hereby given is hereby ratified and confirmed.

This Power of Attorney is made and executed pursuant to and by authority of the By-Law and Resolutions, printed on the reverse hereof, duly adopted, as indicated, by the Board of Directors of the insurance company.

In Witness Whereof, The Continental Insurance Company has caused these presents to be signed by its Vice President and its corporate seal to be hereto affixed on this 28th day of December, 2016.

The Continental Insurance Company

Paul T. Bruflat — Vice President

State of South Dakota, County of Minnehaha, ss:

On this 28th day of December, 2016, before me personally came Paul T. Bruflat to me known, who, being by me duly sworn, did depose and say: that he resides in the City of Sioux Falls, State of South Dakota; that he is a Vice President of The Continental Insurance Company, a Pennsylvania insurance company, described in and which executed the above instrument; that he knows the seal of said insurance company; that the seal affixed to the said instrument is such corporate seal; that it was so affixed pursuant to authority given by the Board of Directors of said insurance company and that he signed his name thereto pursuant to like authority, and acknowledges same to be the act and deed of said insurance company.

CERTIFICATE

I, D. Bult, Assistant Secretary of The Continental Insurance Company, a Pennsylvania insurance company, do hereby certify that the Power of Attorney herein above set forth is still in force, and further certify that the By-Law and Resolution of the Board of Directors of the insurance company printed on the reverse hereof is still in force. In testimony whereof I have hereunto subscribed my name and affixed the seal of the said insurance company this 14th day of October, 2018.

The Continental Insurance Company

D. Bult — Assistant Secretary

Form F6850-4/2012

RESOLUTION NO. 25-____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA AUTHORIZING FINAL ACCEPTANCE OF CERTAIN ROADWAY AND DRAINAGE IMPROVEMENTS AND PLAT DEDICATIONS IN DEL WEBB NAPLES PARCEL 109, ACCORDING TO THE PLAT THEREOF RECORDED IN PLAT BOOK 65, PAGES 39 THROUGH 40, AND RELEASE OF THE MAINTENANCE SECURITY.

WHEREAS, the Board of County Commissioners of Collier County, Florida, on June 26, 2018, approved the plat of Del Webb Naples Parcels 109 for recording; and

WHEREAS, the Developer has constructed and maintained the roadway and drainage improvements in accordance with the approved plans and specifications as required by the Land Development Code (Collier County Ordinance No. 04-41, as amended); and

WHEREAS, the Developer is requesting final acceptance of the roadway and drainage improvements and release of the maintenance security; and

WHEREAS, the Development Review Division has inspected the roadway and drainage improvements, and is recommending acceptance of said facilities.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that final acceptance is hereby granted for those roadway and drainage improvements and plat dedications in Del Webb Naples Parcel 109, pursuant to the plat thereof recorded in Plat Book 65, pages 39 through 40, and the Clerk is hereby authorized to release the maintenance security.

BE IT FURTHER RESOLVED AND ORDERED that the roadway and drainage improvements within Del Webb Naples Parcel 109 will be maintained privately in the future and will not be the responsibility of Collier County.

This Resolution adopted after motion, second and majority vote favoring same, this ____ day of _____ 2025.

DEDICATIONS/RESERVATIONS

STATE OF FLORIDA
COUNTY OF COLLIER

KNOW ALL MEN BY THESE PRESENTS THAT PULTE HOME COMPANY, LLC, A MICHIGAN LIMITED LIABILITY COMPANY, THE OWNER OF THE LANDS DESCRIBED HEREON, HAS CAUSED THIS PLAT ENTITLED "DEL WEBB NAPLES PARCEL 109" TO BE MADE AND DOES HEREBY:

A. DEDICATE TO DEL WEBB NAPLES COMMUNITY ASSOCIATION, INC.:

1. ALL OF TRACT "R" FOR PRIVATE ROAD RIGHT-OF-WAY (R.O.W.), SUBJECT TO EASEMENTS DEPICTED HEREON, WITH RESPONSIBILITY FOR MAINTENANCE.

2. ALL ACCESS EASEMENTS (A.E.) AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL LANDSCAPE EASEMENTS (L.E.) AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

4. AN IRRIGATION EASEMENT (I.E.) OVER TRACT "R", FOR THE PURPOSE OF CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF IRRIGATION FACILITIES WITH RESPONSIBILITY FOR MAINTENANCE.

5. TRACT "A" AS COMMON AREA, SUBJECT TO THE EASEMENTS SHOWN HEREON, WITH RESPONSIBILITY FOR MAINTENANCE.

B. DEDICATE TO AVE MARIA UTILITY COMPANY, L.L.L.P.:

1. ALL AVE MARIA UTILITY EASEMENTS (A.M.U.E.) FOR THE PURPOSES OF UTILITY INSTALLATION, CONSTRUCTION, OPERATION AND MAINTENANCE, INCLUDING THE RIGHT OF ACCESS TO PERFORM ANY SUCH PURPOSE, WITH NO RESPONSIBILITY OF MAINTENANCE OF THE SURFACE EASEMENT AREA.

2. ALL POTABLE WATER DISTRIBUTION LINES CONSTRUCTED AND INSTALLED WITHIN THE PROPERTIES DEPICTED ON THIS PLAT, UPON ACCEPTANCE OF THE IMPROVEMENTS REQUIRED BY THE APPLICABLE LAND DEVELOPMENT ORDINANCE OR REGULATION, WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL SEWER AND EFFLUENT FACILITIES CONSTRUCTED WITHIN THE PROPERTIES DEPICTED ON THIS PLAT, UPON ACCEPTANCE OF THE IMPROVEMENTS REQUIRED BY THE APPLICABLE LAND DEVELOPMENT ORDINANCE OR REGULATION, WITH RESPONSIBILITY FOR MAINTENANCE.

C. DEDICATE PUBLIC UTILITY EASEMENTS (P.U.E.) TO ALL LICENSED OR FRANCHISED PRIVATE OR PUBLIC UTILITIES WITH WHOM OWNER (OR ITS SUCCESSORS AND ASSIGNS) CONTRACTS FOR SAID UTILITIES:

ALL PLATTED PUBLIC UTILITY EASEMENTS (P.U.E.) SHALL ALSO BE EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES; PROVIDED, HOWEVER, NO SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES SHALL INTERFERE WITH THE FACILITIES AND SERVICES OF AN ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. IN THE EVENT A CABLE TELEVISION COMPANY DAMAGES THE FACILITIES OF A PUBLIC UTILITY, IT SHALL BE SOLELY RESPONSIBLE FOR THE DAMAGES. THIS SECTION SHALL NOT APPLY TO THOSE PRIVATE EASEMENTS GRANTED TO OR OBTAINED BY A PARTICULAR ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION SHALL COMPLY WITH THE NATIONAL ELECTRICAL SAFETY CODE AS ADOPTED BY THE FLORIDA PUBLIC SERVICE COMMISSION.

D. DEDICATE TO COLLIER COUNTY:

1. ALL DRAINAGE EASEMENTS (D.E.) AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE.

2. ALL LAKE MAINTENANCE EASEMENTS (L.M.E.) AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE.

3. ALL ACCESS EASEMENTS (A.E.) AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE.

E. DEDICATE TO COLLIER COUNTY, ITS FRANCHISEES AND THE IMMOKALEE FIRE CONTROL DISTRICT:

A NON-EXCLUSIVE ACCESS EASEMENT (A.E.) OVER TRACT "R" FOR THE PURPOSE OF PERMITTING EMERGENCY AND OTHER SERVICE VEHICLES ACCESS, WITHOUT RESPONSIBILITY FOR MAINTENANCE.

F. RESERVE TO PULTE HOME COMPANY, LLC, AND FOR THE BENEFIT OF ITS DESIGNEES, SUCCESSORS AND ASSIGNS:

PERPETUAL, NON EXCLUSIVE TECHNOLOGY UTILITY EASEMENTS (T.U.E.) AS SHOWN HEREIN FOR THE PURPOSES OF CONSTRUCTING, INSTALLING, OPERATING, MAINTAINING, REPAIRING AND REPLACING UTILITY SYSTEMS, INCLUDING, WITHOUT LIMITATION, GAS, TELEPHONE, TELECOMMUNICATIONS, CABLE TELEVISION, SECURITY AND SIMILAR SYSTEMS, WITH RESPONSIBILITY FOR MAINTENANCE. SUCH EASEMENTS BEING RESERVED TO PULTE HOME COMPANY, LLC, MAY BE GRANTED OR CONVEYED TO THIRD PARTIES AND MAY, BUT NOT NECESSARILY, BE PERPETUAL AND IRREVOCABLE, AT WHICH POINT SUCH TECHNOLOGY UTILITY EASEMENTS OR INTERESTS SHALL BE MORE PARTICULARLY DESCRIBED IN THE INSTRUMENT GRANTING OR CONVEYING SUCH EASEMENTS OR INTERESTS. ALL RIGHTS AND INTERESTS RESERVED OR LATER GRANTED PURSUANT TO THE TECHNOLOGY UTILITY EASEMENTS HEREIN SHALL BE INFERIOR AND SUBORDINATE TO ANY RIGHT OR INTEREST PURSUANT TO THE EASEMENTS DEDICATED ABOVE. ANY USE PURSUANT TO A TECHNOLOGY UTILITY EASEMENT MUST NOT INTERFERE WITH ANY USE PURSUANT TO THE EASEMENTS DEDICATED ABOVE. IF THERE IS A CONFLICT BETWEEN ANY EXISTING OR PROPOSED USE PURSUANT TO THE EASEMENTS DEDICATED ABOVE, AND ANY EXISTING OR PROPOSED USE PURSUANT TO A TECHNOLOGY UTILITY EASEMENT, THEN ANY FACILITIES, EQUIPMENT OR USE PURSUANT TO A TECHNOLOGY UTILITY EASEMENT WILL BE MOVED, CHANGED, OR TERMINATED AT THE EXPENSE OF THE HOLDER OF THE TECHNOLOGY UTILITY EASEMENT IN ORDER TO REMOVE ANY SUCH CONFLICT. EXCEPT AS PERMITTED BY PULTE HOME COMPANY, LLC, ITS SUCCESSORS OR ASSIGNS, IN AN INSTRUMENT GRANTING OR CONVEYING A TECHNOLOGY UTILITY EASEMENT, ALL FACILITIES CONSTRUCTED OR INSTALLED BY ANY OF THE GRANTEES OF THE TECHNOLOGY UTILITY EASEMENTS DESCRIBED ABOVE SHALL BE UNDERGROUND.

FLORIDA BUSINESS LICENSE NO. LB 6897

Executive Summary

Recommendation to approve a Resolution for final acceptance of the private roadway and drainage improvements and acceptance of the plat dedications for the final plat of Inland Village, Application Number PL20170003955 (FP) and Application Number PL20180002642 (SDPA), and authorize the release of the maintenance security in the amount of $14,522.75.

OBJECTIVE: To have the Board of County Commissioners (Board) accept final approval of the infrastructure improvements associated with the subdivision, accept the plat dedications, and release the maintenance security.

CONSIDERATIONS:

1. On November 22, 2024, the Growth Management Department granted final site acceptance of the roadway and drainage improvements in Inland Village under PL20180002642 (SDPA).

2. The project's property owners association will maintain the roadway and drainage improvements.

3. The required improvements have been constructed in accordance with the Land Development Code. On November 22, 2024, the Growth Management Department inspected them and recommends their final acceptance.

4. A resolution for final acceptance has been prepared by staff and approved by the County Attorney's Office. The resolution is a requirement of Section 10.02.05 C of the Land Development Code. A copy of the resolution is attached.

FISCAL IMPACT: The project's homeowners association will maintain the roadway and drainage improvements. The existing security of $14,522.75 will be released upon Board approval. It is based on the work performed and completed and pursuant to the terms of the Construction and Maintenance Agreement dated October 28, 2022.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - DDP

RECOMMENDATIONS: To grant final acceptance of the roadway and drainage improvements of Inland Village, Application Number PL20170003955 (FP), and PL20180002642 (SDPA), and authorize:

1. The Chairman to execute the attached resolution authorizing final acceptance of the improvements and plat dedications.

2. The Clerk of Courts to release the maintenance security.

CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISON IMPROVEMENTS

THIS CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS entered into this 28th day of October, 2022 between STOR-ALL TAMIAMI TRAIL, LLC hereinafter referred to as "Developer", and Board of County Commissioners of Collier County, Florida, hereinafter referred to as the "Board".

RECITALS:

A. Developer has, simultaneously with the delivery of this Agreement, applied for the approval by the Board of certain plat of a subdivision to be known as: Inland Village

B. Chapter 4 and 10 of the Collier County Land Development Code required the Developer to post appropriate guarantees for the construction of the improvements required by said subdivision regulations, said guarantees to be incorporated in a bonded agreement for the construction of the required improvements.

NOW, THEREFORE, in consideration of the foregoing premises and mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer will cause to be constructed: Roadway Improvements within 18 months from the date of approval said subdivision plat, said improvements hereinafter referred to as the required improvements.

2. Developer herewith tenders its subdivision performance security (attached hereto as Exhibit "A" and by reference made a part hereof) in the amount of $14,522.75 which amount represents 10% of the total contract cost to complete the construction plus 100% of the estimated cost of to complete the required improvements at the date of this Agreement.

3. In the event of default by the Developer or failure of the Developer to complete such improvements within the time required by the Land Development Code, Collier County, may call upon the subdivision performance security to insure satisfactory completion of the required improvements.

4. The required improvements shall not be considered complete until a statement of substantial completion by Developer's engineer along with the final project records have been furnished to be reviewed and approved by the County Manager or his designee for compliance with the Collier County Land Development Code.

5. The County Manager or designee shall, within sixty (60) days of receipt of the statement of substantial completion, either: a) notify the Developer in writing of his preliminary approval of the improvements; or b) notify the Developer in writing of his refusal to approve improvements, therewith specifying those conditions which the Developer must fulfill in order to obtain the County Manager's approval of the improvements. However, in no event shall the County Manager or designee refuse preliminary approval of the improvements if they are in fact constructed and submitted for approval in accordance with the requirements of this Agreement.

6. The Developer shall maintain all required improvements for a minimum period of one year after preliminary approval by the County Manager or his designee. After the one-year maintenance period by the Developer has terminated, the Developer shall petition the County Manager or designee to inspect the required improvements. The County Manager or designee shall inspect the improvements and, if found to be still in compliance with the Land Development Code as reflected by final approval by the Board, the Board shall release the remaining 10% of the subdivision performance security. The Developer's responsibility for maintenance of the required improvements shall continue unless or until the Board accepts maintenance responsibility for and by the County.

7. Six (6) months after the execution of this Agreement and once within every six (6) months thereafter the Developer may request the County Manager or designee to reduce the dollar amount of the subdivision

performance security on the basis of work complete, Each request for a reduction in the dollar amount of the subdivision performance security shall be accompanied by a statement of substantial completion by the Developer's engineer together with the project records necessary for review by the County Manager or designee. The County Manager or designee may grant the request for a reduction in the amount of the subdivision performance security for the improvements completed as of the date of the request.

8. In the event the Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or designee may call upon the subdivision performance security to secure satisfactory completion, repair and maintenance of the required improvements. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt and acceptance of bids, the improvements required herein. The Developer, as principal under the subdivision performance security, shall be liable to pay and to indemnify the Board, upon completion of such construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the Board may sustain on account of the failure of the Developer to fulfill all of the provisions of this Agreement.

9. All of the terms, covenants and conditions herein contained are and shall be binding upon the Developer and the respective successors and assigns of the Developer.

IN WITNESS WHEREOF, the Board and the Developer have caused this Agreement to be executed by their duly authorized representatives this 28th day of October, 20 22.

Re: Preliminary Acceptance Letter:
Project Number: PL20210000619
Project Name: Inland Village - Phase 1 (SAP)

Dear JR Evans Engineering :

Development Review Staff has reviewed the preliminary certifications and record drawings for this project; conducted an SAP inspection on June 16, 2021; and determined your project's preliminary acceptance as it is in substantial conformance with approved plans, permits, and specifications.

As the Engineer of Record, you are obligated to familiarize the owner with the operation of the infrastructure components of the site. The owner is responsible for site maintenance.

If you should have any questions or if we may be of assistance, please advise us at 239-252-2417.

Sincerely,

RESOLUTION NO. 25-____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA AUTHORIZING FINAL ACCEPTANCE OF CERTAIN ROADWAY AND DRAINAGE IMPROVEMENTS AND PLAT DEDICATIONS IN AZURE AT INLAND VILLAGE, ACCORDING TO THE PLAT THEREOF RECORDED IN PLAT BOOK 73, PAGES 9 THROUGH 10, RELEASE OF THE MAINTENANCE SECURITY.

WHEREAS, the Board of County Commissioners of Collier County, Florida, on May 8, 2018, approved the plat of Inland Village for recording; and

WHEREAS, the Developer has constructed and maintained the roadway and drainage improvements in accordance with the approved plans and specifications as required by the Land Development Code (Collier County Ordinance No. 04-41, as amended); and

WHEREAS, the Developer is requesting final acceptance of the roadway and drainage improvements and release of the maintenance security; and

WHEREAS, the Development Review Division has inspected the roadway and drainage improvements, and is recommending acceptance of said facilities.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that final acceptance is hereby granted for those roadway and drainage improvements and plat dedications in Inland Village, pursuant to the plat thereof recorded in Plat Book 73, pages 9 through 10, and the Clerk is hereby authorized to release the maintenance security.

BE IT FURTHER RESOLVED AND ORDERED that the roadway and drainage improvements within Inland Village will be maintained privately in the future and will not be the responsibility of Collier County.

This Resolution adopted after motion, second and majority vote favoring same, this _____ day of _____ 2025.

CONTAINING 354,682 SQUARE FEET OR 8.142 ACRES, MORE OR LESS.

DEDICATIONS/RESERVATION

STATE OF FLORIDA
COUNTY OF COLLIER

KNOW ALL MEN BY THESE PRESENTS THAT STOR-ALL TAMIAMI TRAIL, LLC, A DELAWARE LIMITED LIABILITY COMPANY (DEVELOPER), THE OWNER OF THE LANDS DESCRIBED HEREON, HAS CAUSED THIS PLAT ENTITLED "INLAND VILLAGE" TO BE MADE AND DOES HEREBY:

A. DEDICATE TO THE HOME CENTER PLAZA PROPERTY OWNERS ASSOCIATION, INC.

1. ALL ACCESS EASEMENTS (A.E.) AS DEPICTED, WITH RESPONSIBILITY FOR MAINTENANCE.

2. ALL INLAND VILLAGE UTILITY EASEMENTS (I.V.U.E.) AS DEPICTED, FOR THE PURPOSE OF CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF PRIVATE UTILITIES, WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL DRAINAGE EASEMENTS (D.E.) AS DEPICTED, FOR THE PURPOSE OF CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF STORMWATER/DRAINAGE FACILITIES, WITH RESPONSIBILITY FOR MAINTENANCE.

4. ALL LANDSCAPE BUFFER EASEMENTS (L.B.E.) AS DEPICTED, FOR THE PURPOSE OF CONSTRUCTION, INSTALLATION AND MAINTENANCE OF LANDSCAPING, IRRIGATION, LIGHTING, WALLS AND COMMUNITY SIGNAGE, SUBJECT TO THE EASEMENTS DEPICTED HEREON. WITH RESPONSIBILITY FOR MAINTENANCE.

5. A RIGHT OF ACCESS OVER THOSE AREAS INDICATED ON THE PLAT AS DRAINAGE EASEMENTS (D.E.) AS DEPICTED, FOR THE PURPOSE OF ACCESS TO THE SAME FOR CONSTRUCTION, INSTALLATION AND OPERATION OF STORMWATER/DRAINAGE FACILITIES, WITH RESPONSIBILITY FOR MAINTENANCE.

B. DEDICATE TO COLLIER COUNTY:

1. ALL DRAINAGE EASEMENTS (D.E.), AS DEPICTED WITH NO RESPONSIBILITY FOR MAINTENANCE.

2. ALL ACCESS EASEMENTS (A.E.), AS DEPICTED, WITH NO RESPONSIBILITY FOR MAINTENANCE.

C. DEDICATE PUBLIC UTILITY EASEMENTS (P.U.E.) TO ALL LICENSED OR FRANCHISED PUBLIC OR PRIVATE UTILITIES:

ALL PLATTED PUBLIC UTILITY EASEMENTS (P.U.E.) SHALL ALSO BE EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES; PROVIDED, HOWEVER, NO SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES SHALL INTERFERE WITH THE FACILITIES AND SERVICES OF AN ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. IN THE EVENT A CABLE TELEVISION COMPANY DAMAGES THE FACILITIES OF A PUBLIC UTILITY, IT SHALL BE SOLELY RESPONSIBLE FOR THE DAMAGES. THIS SECTION SHALL NOT APPLY TO THOSE PRIVATE EASEMENTS GRANTED TO OR OBTAINED BY A PARTICULAR ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION SHALL COMPLY WITH THE NATIONAL ELECTRICAL SAFETY CODE AS ADOPTED BY THE FLORIDA PUBLIC SERVICE COMMISSION.

D. DEDICATE TO COLLIER COUNTY, ITS FRANCHISEES AND THE GREATER NAPLES FIRE RESCUE DISTRICT:

A NON-EXCLUSIVE ACCESS EASEMENT (A.E.) OVER AND ACROSS THE PLATTED AREA FOR THE SOLE PURPOSE OF PERMITTING EMERGENCY AND SERVICE VEHICLES THEREON, WITH NO RESPONSIBILITY FOR MAINTENANCE THEREOF.

E. RESERVE TO DEVELOPER:

TRACT "A", SUBJECT TO EASEMENTS SHOWN HEREON, WITH RESPONSIBILITY FOR MAINTENANCE.

IN WITNESS WHEREOF, THE UNDERSIGNED OWNER HAS CAUSED THESE PRESENTS TO BE SIGNED THIS 15th DAY OF February, 2023, A.D.

Executive Summary

Recommendation to approve a Resolution for final acceptance of the private roadway and drainage improvements and acceptance of the plat dedications for the final plat of Isles of Collier Preserve Phase 9, Application Number PL20160001197, and authorize the release of the maintenance security in the amount of $262,678.

OBJECTIVE: To have the Board of County Commissioners (Board) grant final acceptance of the infrastructure improvements associated with the subdivision, accept the plat dedications, and authorize the release of the maintenance security.

CONSIDERATIONS:

1. The Growth Management Department granted preliminary acceptance of the roadway and drainage improvements in Isles of Collier Preserve Phase 9 on March 12, 2021.

2. Isles of Collier Preserve Property Owners Association, Inc. will maintain the roadway and drainage improvements.

3. The required improvements have been constructed in accordance with the Land Development Code. On October 30, 2024, the Growth Management Department inspected them and recommends their final acceptance.

4. A resolution for final acceptance has been prepared by staff and approved by the County Attorney's Office. The resolution is a requirement of Section 10.02.05 C of the Land Development Code. A copy of the resolution is attached.

FISCAL IMPACT: Isles of Collier Preserve Property Owners Association, Inc., will maintain the roadway and drainage improvements. The existing security of $262,678 will be released upon Board approval. Based on the work performed and completed pursuant to the terms of the Construction and Maintenance Agreement dated March 21, 2018, the original security of $1,254,260 has been reduced to the current amount of $262,678.

GROWTH MANAGEMENT IMPACT: There is no growth management impact.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - DDP

RECOMMENDATIONS: To grant final acceptance of the roadway and drainage improvements in Isles of Collier Preserve Phase 9, Application Number PL20160001197, and authorize:

1. The Chairman to execute the attached resolution authorizing final acceptance of the improvements and plat dedications.

2. The Clerk of Courts to release the maintenance security.

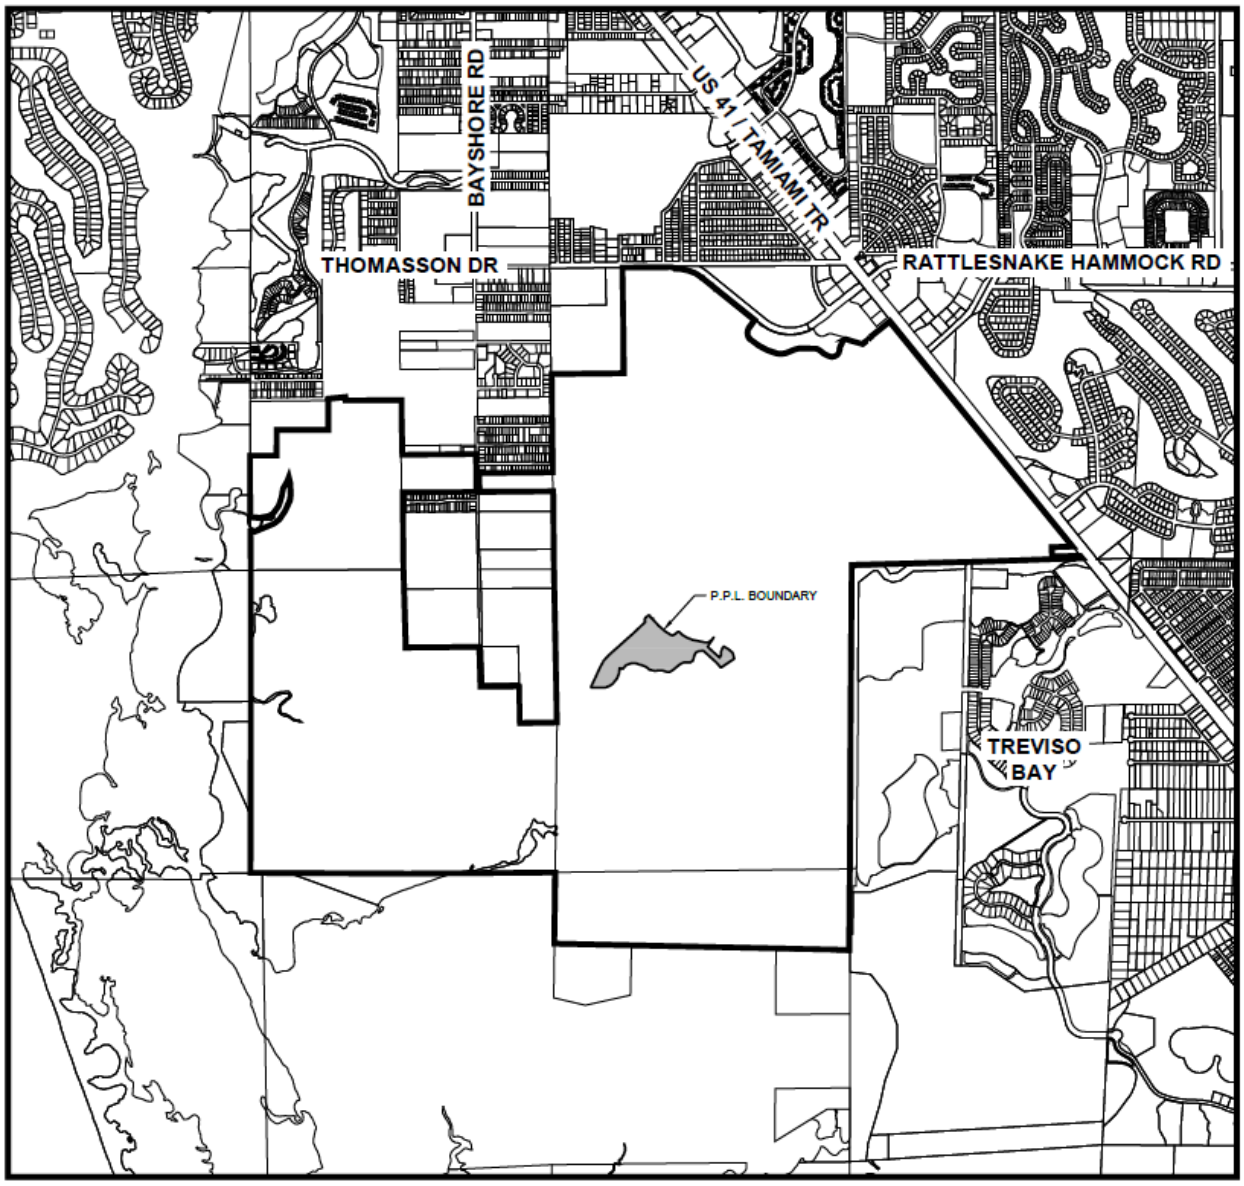
ISLES OF COLLIER PRESERVE PHASE 9



LOCATION MAP

CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS

THIS CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS entered into this 21st day of MARCH, 2018 between Minto Sabal Bay, LLC hereinafter referred to as "Developer," and the Board of County Commissioners of Collier County, Florida, hereinafter referred to as the "Board.

RECITALS:

A. Developer has, simultaneously with the delivery of this Agreement, applied for the approval by the Board of a certain plat of a subdivision to be known as: "The Isles of Collier Preserve Phase 9"

B. Chapters 4 and 10 of the Collier County Land Development Code requires the Developer to post appropriate guarantees for the construction of the improvements required by said subdivision regulations, said guarantees to be incorporated in a bonded agreement for the construction of the required improvements.

NOW, THEREFORE, in consideration of the foregoing premises and mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer will cause to be constructed: the required subdivision improvements – see attached OPC from Barraco and Associates, Inc. within 24 months from the date of approval said subdivision plat, said improvements hereinafter referred to as the required improvements.

2. Developer herewith tenders its subdivision performance security (attached hereto as Exhibit "A" and by reference made a part hereof) in the amount of $1,254,260.00 which amount represents 10% of the total contract cost to complete construction plus 100% of the estimate cost of to complete the required improvements at the date of this Agreement.

3. In the event of default by the Developer or failure of the Developer to complete such improvements within the time required by the Land Development Code, Collier County, may call upon the subdivision performance security to insure satisfactory completion of the required improvements.

4. The required improvements shall not be considered complete until a statement of substantial completion by Developer's engineer along with the final project records have been furnished to be reviewed and approved by the County Manager or his designee for compliance with the Collier County Land Development Code.

5. The County Manager or his designee shall, within sixty (60) days of receipt of the statement of substantial completion, either: a) notify the Developer in writing of his preliminary approval of the improvements; or b) notify the Developer in writing of his refusal to approve improvements, therewith specifying those conditions which the Developer must fulfill in order to obtain the County Manager's approval of the improvements. However, in no event shall the County Manager or his designee refuse preliminary approval of the improvements if they are in fact constructed and submitted for approval in accordance with the requirements of this Agreement.

6. The Developer shall maintain all required improvements for a minimum period of one year after preliminary approval by the County Manager or his designee. After the one year maintenance period by the Developer has terminated, the Developer shall petition the County Manager or his designee to inspect the required improvements. The County Manager or his designee shall inspect the improvements and, if found to be still in compliance with the Collier County Land Development Code as reflected by final approval by the Board, the Board shall release the remaining 10% of the subdivision performance security. The Developer's responsibility for maintenance of the required improvements shall continue unless or until the Board accepts maintenance responsibility for and by the County.

7. Six (6) months after the execution of this Agreement and once within every six (6) months thereafter the Developer may request the County Manager or his designee to reduce the dollar amount of the subdivision performance security on the basis of work complete, Each request for a reduction in the dollar amount of the subdivision performance security shall be accompanied by a statement of substantial completion by the Developer's engineer together with the project records necessary for review by the County Manager or his designee. The County Manager or his designee may grant the request for a reduction in the amount of the subdivision performance security for the improvements completed as of the date of the request.

8. In the event the Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or his designee may call upon the subdivision performance security to secure satisfactory completion, repair and maintenance of the required improvements. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt and acceptance of bids, the improvements required herein. The Developer, as principal under the subdivision performance security, shall be liable to pay and to indemnify the Board, upon completion of such construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the Board may sustain on account of the failure of the Developer to fulfill all of the provisions of this Agreement.

9. All of the terms, covenants and conditions herein contained are and shall be binding upon the Developer and the respective successors and assigns of the Developer.

IN WITNESS WHEREOF, the Board and the Developer have caused this Agreement to be executed by their duly authorized representatives this 21st day of March, 2018.

PERFORMANCE BOND

BOND NO. 80130955

KNOW ALL PERSONS BY THESE PRESENTS: that

Minto Sabal Bay, LLC (Name of Owner)

440 W. Sample Road, Suite 200 (Address of Owner)

Coconut Creek, FL 33703 (Address of Owner)

(Hereinafter referred to as "Owner") and

The Guarantee Company of North America USA (Name of Surety)

One Town Square, Suite 1470 (Address of Surety)

Southfield, MI 48076 (Address of Surety)

(248) 281-0281 (Telephone Number)

(hereinafter referred to as "Surety") are held and firmly bound unto Collier County, Florida, (hereinafter referred to as "County") in the total aggregate sum of One Million Two Hundred Fifty Four Thousand Two Hundred Sixty and 00/100 Dollars ($1,254,260.00) in lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents. Owner and Surety are used for singular or plural, as the context requires.

THE CONDITION OF THIS OBLIGATION is such that whereas, the Owner has submitted for approval by the Board of a certain subdivision plat named Isles of Collier Preserve Phase 9 and that certain subdivision shall include specific improvements which are required by Collier County Ordinances and Resolutions (hereinafter "Land Development Regulations"). This obligation of the Surety shall commence on the date this Bond is executed and shall continue until the date of final acceptance by the Board of County Commissioners of the specific improvements described in the Land Development Regulations (hereinafter the "Guaranty Period").

NOW THEREFORE, if the Owner shall well, truly and faithfully perform its obligations and duties in accordance with the Land Development Regulations during the guaranty period established by the County, and the Owner shall satisfy all claims and demands incurred and shall fully indemnify and save harmless the County from and against all costs and damages which it may suffer by reason of owner's failure to do so, and shall reimburse and repay the County all outlay and expense which the County may incur in making good any default, then this obligation shall be void, otherwise to remain in full force and effect.

PROVIDED, FURTHER, that the said Surety, for value received hereby, stipulates and agrees that no change, extension of time, alteration, addition or deletion to the proposed specific improvements shall in any way affect its obligation on this Bond, and it does hereby waive notice of any such change, extension of time, alteration, addition or deletion to the proposed specific improvements.

PROVIDED, FURTHER, that it is expressly agreed that the Bond shall be deemed amended automatically and immediately, without formal and separate amendments hereto, so as to bind the

Owner and the Surety to the full and faithful performance in accordance with the Land Development Regulations. The term "Amendment", wherever used in this Bond, and whether referring to this Bond, or other documents shall include any alteration, addition or modification of any character whatsoever.

IN WITNESS WHEREOF, the parties hereto have caused this PERFORMANCE BOND to be executed this 13th day of March, 2018.

THE GUARANTEE™

The Guarantee Company of North America USA
Southfield, Michigan

POWER OF ATTORNEY

KNOW ALL BY THESE PRESENTS: That **THE GUARANTEE COMPANY OF NORTH AMERICA USA**, a corporation organized and existing under the laws of the State of Michigan, having its principal office in Southfield, Michigan, does hereby constitute and appoint

Claudette Alexander Hunt, Jacqueline Jordan Hampton
Aon Risk Services, Inc. of Florida

its true and lawful attorney(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise.

The execution of such instrument(s) in pursuance of these presents, shall be as binding upon **THE GUARANTEE COMPANY OF NORTH AMERICA USA** as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by its regularly elected officers at the principal office.

The Power of Attorney is executed and may be certified so, and may be revoked, pursuant to and by authority of Article IX, Section 9.03 of the By-Laws adopted by the Board of Directors of **THE GUARANTEE COMPANY OF NORTH AMERICA USA** at a meeting held on the 31st day of December, 2003. The President, or any Vice President, acting with any Secretary or Assistant Secretary, shall have power and authority:

1. To appoint Attorney(s)-in-fact, and to authorize them to execute on behalf of the Company, and attach the Seal of the Company thereto. bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof; and
2. To revoke, at any time, any such Attorney-in-fact and revoke the authority given, except as provided below
3. In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.
4. In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner – Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

Further, this Power of Attorney is signed and sealed by facsimile pursuant to resolution of the Board of Directors of the Company adopted at a meeting duly called and held on the 6th day of December 2011, of which the following is a true excerpt.

RESOLVED that the signature of any authorized officer and the seal of the Company may be affixed by facsimile to any Power of Attorney or certification thereof authorizing the execution and delivery of any bond, undertaking, contracts of indemnity and other writings obligatory in the nature thereof, and such signature and seal when so used shall have the same force and effect as though manually affixed.

IN WITNESS WHEREOF, **THE GUARANTEE COMPANY OF NORTH AMERICA USA** has caused this instrument to be signed and its corporate seal to be affixed by its authorized officer, this 23rd day of February, 2012.

THE GUARANTEE COMPANY OF NORTH AMERICA USA

Stephen C. Ruschak, President & Chief Operating Officer **Randall Musselman, Secretary**

STATE OF MICHIGAN
County of Oakland

On this 23rd day of February, 2012 before me came the individuals who executed the preceding instrument, to me personally known, and being by me duly sworn, said that each is the herein described and authorized officer of The Guarantee Company of North America USA; that the seal affixed to said instrument is the Corporate Seal of said Company; that the Corporate Seal and each signature were duly affixed by order of the Board of Directors of

Cynthia A. Takai
Notary Public, State of Michigan
County of Oakland
My Commission Expires February 27, 2018
Acting in Oakland County

IN WITNESS WHEREOF, I have hereunto set my hand at The Guarantee Company of North America USA offices the day and year above written.

Cynthia A. Takai

I, Randall Musselman, Secretary of **THE GUARANTEE COMPANY OF NORTH AMERICA USA**, do hereby certify that the above and foregoing is a true and correct copy of a Power of Attorney executed by **THE GUARANTEE COMPANY OF NORTH AMERICA USA**, which is still in full force and effect.

IN WITNESS WHEREOF, I have thereunto set my hand and attached the seal of said Company this 13 day of March, 2018.

Randall Musselman, Secretary

RE: Your Performance Bond No. 80130955 / Minto Communities, LLC
Isles of Collier Preserve Phase 9 – PL20160001197 - Bond reduction request No. 1

Dear Sir or Madam:

Please be advised that based on the work completed to date, the subject Performance Bond may now be reduced by $991,582.00, leaving an available balance of $262,678.00.

The remaining balance represents $202,660.00 as the required 10% maintenance security, plus $60,018.00 in uncompleted improvements.

An original Bond Rider should be directed to this office reducing the value of the Bond, "all other terms and conditions of original Performance Bond shall remain in full force and effect".

Should you have any questions, please advise.

Very Truly Yours,

John Houldsworth

THE GUARANTEE®

The Guarantee Company of North America USA
Southfield, Michigan

POWER OF ATTORNEY

KNOW ALL BY THESE PRESENTS: That **THE GUARANTEE COMPANY OF NORTH AMERICA USA**, a corporation organized and existing under the laws of the State of Michigan, having its principal office in Southfield, Michigan, does hereby constitute and appoint

Claudette Alexander Hunt, Elizabeth Marrero
Aon Risk Services, Inc. of Florida

its true and lawful attorney(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise.

The execution of such instrument(s) in pursuance of these presents, shall be as binding upon **THE GUARANTEE COMPANY OF NORTH AMERICA USA** as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by its regularly elected officers at the principal office.

The Power of Attorney is executed and may be certified so, and may be revoked, pursuant to and by authority of Article IX, Section 9.03 of the By-Laws adopted by the Board of Directors of **THE GUARANTEE COMPANY OF NORTH AMERICA USA** at a meeting held on the 31st day of December, 2003. The President, or any Vice President, acting with any Secretary or Assistant Secretary, shall have power and authority:

1. To appoint Attorney(s)-in-fact, and to authorize them to execute on behalf of the Company, and attach the Seal of the Company thereto, bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof; and
2. To revoke, at any time, any such Attorney-in-fact and revoke the authority given, except as provided below
3. In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.
4. In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner – Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

Further, this Power of Attorney is signed and sealed by facsimile pursuant to resolution of the Board of Directors of the Company adopted at a meeting duly called and held on the 6th day of December 2011, of which the following is a true excerpt:

RESOLVED that the signature of any authorized officer and the seal of the Company may be affixed by facsimile to any Power of Attorney or certification thereof authorizing the execution and delivery of any bond, undertaking, contracts of indemnity and other writings obligatory in the nature thereof, and such signature and seal when so used shall have the same force and effect as though manually affixed.

IN WITNESS WHEREOF, **THE GUARANTEE COMPANY OF NORTH AMERICA USA** has caused this instrument to be signed and its corporate seal to be affixed by its authorized officer, this 1st day of March, 2018.

IN WITNESS WHEREOF, I have hereunto set my hand at The Guarantee Company of North America USA offices the day and year above written.

Cynthia A. Takai

I, Randall Musselman, Secretary of **THE GUARANTEE COMPANY OF NORTH AMERICA USA**, do hereby certify that the above and foregoing is a true and correct copy of a Power of Attorney executed by **THE GUARANTEE COMPANY OF NORTH AMERICA USA**, which is still in full force and effect.

IN WITNESS WHEREOF, I have thereunto set my hand and attached the seal of said Company this 24th day of March, 2020.

Randall Musselman, Secretary

RESOLUTION NO. 25-____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA AUTHORIZING FINAL ACCEPTANCE OF CERTAIN ROADWAY AND DRAINAGE IMPROVEMENTS AND PLAT DEDICATIONS IN ISLES OF COLLIER PRESERVE PHASE 9 ACCORDING TO THE PLAT THEREOF RECORDED IN PLAT BOOK 63, PAGES 91 THROUGH 94, AND RELEASE OF THE MAINTENANCE SECURITY.

WHEREAS, the Board of County Commissioners of Collier County, Florida, on December 13, 2016, approved the plat of Isles of Collier Preserve Phase 9 for recording; and

WHEREAS, the Developer has constructed and maintained the roadway and drainage improvements in accordance with the approved plans and specifications as required by the Land Development Code (Collier County Ordinance No. 04-41, as amended); and

WHEREAS, the Developer is requesting final acceptance of the roadway and drainage improvements and release of the maintenance security; and

WHEREAS, the Development Review Division has inspected the roadway and drainage improvements, and is recommending acceptance of said facilities.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that final acceptance is hereby granted for those roadway and drainage improvements and plat dedications in Isles of Collier Preserve Phase 9, pursuant to the plat thereof recorded in Plat Book 63, pages 91 through 94, and the Clerk is hereby authorized to release the maintenance security.

BE IT FURTHER RESOLVED AND ORDERED that the roadway and drainage improvements within Isles of Collier Preserve Phase 9 will be maintained privately in the future and will not be the responsibility of Collier County.

This Resolution adopted after motion, second and majority vote favoring same, this ____ day of _____ 2025.

COUNTY ATTORNEY

THIS PLAT APPROVED BY THE COLLIER COUNTY ATTORNEY THIS 23RD DAY OF APRIL, 2018 A.D.

SCOTT A. STONE
ASSISTANT COUNTY ATTORNEY

COUNTY COMMISSION APPROVAL

THIS PLAT APPROVED FOR RECORDING IN A REGULAR OPEN MEETING BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, THIS 13TH DAY OF DECEMBER, 2016, A.D. PROVIDED THAT THE PLAT IS FILED IN THE OFFICE OF THE CLERK OF THE CIRCUIT COURT OF COLLIER COUNTY, FLORIDA.

BY: _____
ATTEST: Attest as to Chairman's signature only.
DWIGHT E. BROCK

ANDY SOLIS, CHAIRMAN
BOARD OF COUNTY COMMISSIONERS
COLLIER COUNTY, FLORIDA

FILING RECORD

I HEREBY CERTIFY THAT THIS PLAT HAS BEEN EXAMINED BY ME AND THAT IT COMPLIES IN FORM WITH THE REQUIREMENTS OF CHAPTER 177, PART I, FLORIDA STATUTES. I FURTHER CERTIFY THAT SAID PLAT WAS FILED FOR RECORD AT 4:31 P.M. THIS 26TH DAY OF April, 2018 A.D., AND DULY RECORDED IN PLAT BOOK 63, PAGES 91 THROUGH 94, INCLUSIVE, OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA.

DWIGHT E. BROCK
CLERK OF THE CIRCUIT COURT
IN AND FOR COLLIER COUNTY, FLORIDA

SURVEYOR'S CERTIFICATION

I HEREBY CERTIFY THAT THIS PLAT OF ISLES OF COLLIER PRESERVE PHASE 9, WAS PREPARED UNDER MY MY DIRECTION AND SUPERVISION, AND COMPLIES WITH ALL THE REQUIREMENTS OF CHAPTER 177, PART I, AS AMENDED, FLORIDA STATUTES.
IT IS FURTHER CERTIFIED THAT ALL PERMANENT REFERENCE MONUMENTS (P.R.M.'S) WILL BE SET PRIOR TO THE RECORDING OF THIS PLAT AND THAT ALL PERMANENT CONTROL POINTS AND LOT CORNERS WILL BE SET PRIOR TO FINAL ACCEPTANCE OF THE REQUIRED IMPROVEMENTS.
DONE THIS 18TH DAY OF April, 2018 A.D.

Executive Summary

Recommendation to approve final acceptance of the sewer utility facilities for Bonita Bay Naples Clubhouse, PL20240012690.

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of the sewer utility facilities in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31.

CONSIDERATIONS:

1. The Developer of Bonita Bay Naples Clubhouse constructed the sewer utility facilities within dedicated easements to serve this private development (see attached location map).

2. Staff conducted a final inspection on December 5, 2024, in coordination with Public Utilities to discover defects in materials and workmanship. The facilities were found to be satisfactory and acceptable.

3. Staff recommends final acceptance of the subject sewer utility facilities, which the developer owns and maintains.

4. This final acceptance is in accordance with Collier County, Ordinance No. 2004-31, as amended.

5. Staff is unaware of any issues that would serve to negate the recommendation to release the project.

FISCAL IMPACT: Review and inspection fees in the amount of $636.91 were paid under the original application, SDP PL20220005522, and deposited in Planning Fund (1014).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. –DDP

RECOMMENDATIONS: To approve final acceptance of the sewer utility facilities for Bonita Bay Naples Clubhouse, PL20240005317.

Executive Summary

Recommendation to approve final acceptance of the potable water and sewer utility facilities and accept the conveyance of a portion of the potable water facilities for Diamond Classic Plumbing, PL20240008815.

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of the potable water and sewer utility facilities and accept the conveyance of a portion of the potable water, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31, as amended.

CONSIDERATIONS:

1. The Developer has constructed the potable water and sewer utility facilities for Diamond Classic Plumbing within dedicated easements to serve this development (see the attached location map). As described in Official Records (O.R.) Book 6414, Page (PG) 2849, of the Public Records of Collier County, Florida, a portion of the potable water utility facilities was offered for conveyance to the County. It is located within the J&C Boulevard Right-of-Way. These potable water utility facilities (assets) were valued at $13,059.

2. Staff recorded all final acceptance documents associated with the potable water utility facilities conveyed to the County in the public records of Collier County. The county attorney's office reviewed and approved the documents for form and legality. The County acquired interest in a portion of the potable water utility facilities by a Bill of Sale recorded in O.R. 6414, PG 2849 ("the Utilities Facilities Deed").

3. Staff conducted a final inspection on October 17, 2024, in coordination with Public Utilities to discover defects in materials and workmanship. The facilities were found to be satisfactory and acceptable.

4. Staff recommends final acceptance of the subject potable water utility facilities in the amount of $13,059. Staff also recommends acceptance of the Utilities Facilities Deed and the facilities described in the Certification of Contributory Assets, which is attached to this Executive Summary.

5. This final acceptance is in accordance with Collier County, Ordinance No. 2004-31, as amended.

6. Staff is unaware of any issues that would serve to negate the recommendation to approve this final acceptance.

FISCAL IMPACT: Approval of this Executive Summary will have no specific financial impact. However, it will result in the Collier County Water-Sewer District receiving title to a portion of the potable water utility facilities, which have a total gross value of $13,059 (no depreciation applied).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. – DDP

RECOMMENDATIONS: To approve final acceptance of the potable water and sewer utility facilities and accept the conveyance of a portion of the potable water utility facilities and appurtenant utility easement for Diamond Classic Plumbing, PL20240008815.

UTILITY FACILITIES WARRANTY DEED AND BILL OF SALE

THIS INDENTURE made this 10th day of September, 2024, between Huertas Classic Properties, LLC, a Florida limited liability company (hereinafter referred to as "Grantor"), and the BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY AND AS THE EX-OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT, its successors and assigns, (hereinafter referred to as "Grantee").

W I T N E S S E T H:

That said Grantor, for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to said Grantor in hand paid by said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said Grantee, and Grantee's heirs, successors and assigns forever, all potable water utility facilities and/or systems or portions thereof lying in, on, over and under the following described land, for operation, relocation, installation, repair and/or maintenance of said facilities, systems or portions thereof, all situate and lying and being in Collier County, Florida, within the J & C Boulevard public right of way as specifically described in the attached Exhibit "A" which abuts Grantor's property.

See Exhibit "A" the legal description of the Right of Way abutting Grantor's property along with a drawing or sketch that depicts the physical location of the utility systems being conveyed.

and said Grantor does hereby fully warrant the title to said utility facilities and/or system(s) or portion(s) thereof, be they realty, personalty, or mixed, and Grantor will defend such title against all claims of all persons whomsoever. For the purposes of this conveyance, the utility facilities, system(s) and/or portion(s) thereof conveyed herein shall not be deemed to convey any of the lands described in either exhibit. Grantor and Grantee are used for singular or plural, as context allows. A sketch or other graphic representation showing the location of the utility facilities, etc., being conveyed is attached within Exhibit "A".

TO HAVE AND TO HOLD the same unto the Grantee and its assigns, together with the right to enter upon said land, excavate, relocate and/or take or introduce materials for the purpose of constructing, relocating,

operating, repairing and/or otherwise maintaining utility systems thereon. Grantor and Grantee are used for singular or plural, as the context requires.

IN WITNESS WHEREOF, Grantor has caused these presents to be executed the date and year first above written.

Executive Summary

Recommendation to approve final acceptance of the potable water and sewer utility facilities and accept the conveyance of the potable water and sewer facilities for Esplanade by the Islands - Phase 3C, PL20240006571.

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of these potable water and sewer utility facilities in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31.

CONSIDERATIONS:

1. The Developer has constructed the potable water and sewer utility facilities for Esplanade by the Islands - Phase 3C, within dedicated easements to serve this development (see attached location map). The potable water and sewer utility facilities were offered for conveyance to the County, as described in Official Records (O.R.) Book 6406, Page (PG) 408, and are located within County utility easements dedicated by the plat of Esplanade by the Islands – Phase 3 Replat, recorded in Plat Book 74, Pages 35 through 48 of the Public Records of Collier County, Florida. The value of these potable water and sewer utility facilities (assets) were $65,302.80 and $59,447.73 respectively.

2. Staff recorded all final acceptance documents associated with the potable water and sewer utility facilities conveyed to the County in the public records of Collier County. The county attorney's office reviewed and approved the documents as to form and legality. The County acquired its interest in potable water and sewer utility facilities through the warranty deed and bill of sales recorded in 6406, PG 408, of the Public Records of Collier County, Florida ("The Utilities Facilities Deeds").

3. Staff conducted a final inspection on August 30, 2024, in coordination with Public Utilities to discover defects in materials and workmanship. The facilities were found to be satisfactory and acceptable.

4. Staff recommends final acceptance of the subject potable water and sewer utility facilities in the amount of $124,750.53. Staff also recommends acceptance of the Utilities Facilities Deed and the facilities described in the Certification of Contributory Assets, which is attached to this Executive Summary.

5. This final acceptance is in accordance with Collier County, Ordinance No. 2004-31, as amended.

6. Staff is unaware of any issues that would serve to negate the recommendation to approve this final acceptance.

FISCAL IMPACT: Approval of this Executive Summary will result in the Collier County Water-Sewer District receiving title to the potable water and sewer utility facilities, which have a gross value of $124,750.53 (no depreciation applied), and an asset will be recorded in the financial records of the county.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval.–DDP

RECOMMENDATIONS: To approve final acceptance and accept the conveyance of the potable water and sewer utility facilities for Esplanade by the Islands - Phase 3C, PL20240006571.

THIS INDENTURE made this 9 day of July, 2024, between CURRENTS **COMMUNITY DEVELOPMENT DISTRICT,** a community development district established and existing pursuant to Chapter 190, Florida Statutes, whose address is c/o JPWard & Associates, LLC, 2301 Northeast 37th Street, Fort Lauderdale, Florida 33308 (hereinafter referred to as "Grantor"), and **BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY, AND AS THE EX-OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT,** its successors and/or assigns (hereinafter referred to as "Grantee").

WITNESSETH:

That said Grantor, for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to said Grantor in hand paid by said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said Grantee, and Grantee's heirs, successors and assigns forever, all potable water and wastewater utility facilities and/or system(s) or portion(s) thereof lying in, on, over and under the following described land, for operation, relocation, installation, repair and/or maintenance of said facilities, system(s) or portion(s) thereof, all situate and lying and being in Collier County, Florida, to wit:

(See Exhibit "A" attached hereto and incorporated by reference herein.)

(Exhibit "B" attached hereto is a sketch or other graphic representation which depicts the physical location of the utility systems being conveyed.)

and said Grantor does hereby fully warrant the title to said utility facilities and/or system(s) or portion(s) thereof, be they realty, personalty, or mixed, and Grantor will defend such title against all claims of all persons whomsoever. For the purposes of this conveyance, the utility facilities, system(s) and/or portion(s) thereof conveyed herein shall not be deemed to convey any of the lands described in either exhibit. Grantor and Grantee are used for singular or plural, as context allows. A sketch or other graphic representation showing the location of the utility facilities, etc., being conveyed is attached as Exhibit B.

TO HAVE AND TO HOLD the same unto Grantee and its assigns, together with the right to enter upon said land, excavate, relocate and/or take or introduce materials for the purpose of constructing, relocating, operating, repairing and/or otherwise maintaining utility systems thereon. Grantor and Grantee are used for singular or plural, as the context requires.

IN WITNESS WHEREOF, Grantor has caused these presents to be executed the date and year first above written.

Executive Summary

Recommendation to approve final acceptance and accept the conveyance of the potable water and sewer utility facilities for Seven Shores Phase 1B, 1C & 1D, PL20240001231.

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance and accept the conveyance of these potable water and sewer utility facilities, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31.

CONSIDERATIONS:

1. The Developer of Seven Shores Phase 1B, 1C & 1D has constructed the potable water and sewer utility facilities within dedicated easements to serve this development. (See attached location map). The potable water and sewer facilities were offered for conveyance to the County, as described in O.R. Book 6407, Page (PG) 66, and are located within County utility easements dedicated by the plat of Hacienda North - Phase 1, recorded in Plat Book 73, Pages 21-30, of the Public Records of Collier County, Florida. These potable water and sewer utility facilities (assets) were valued at $249,187 and $262,354.60, respectively.

2. Staff recorded all final acceptance documents associated with the facilities being conveyed to the County in the public records of Collier County. The county attorney's office reviewed and approved the documents as to form and legality. The County acquired its interest in potable water and sewer utility facilities through the Utility Facilities Warranty Deed and Bill of Sale recorded in O. R. Book 6407, PG 66 ("the Utility Facilities Deed").

3. The Development Review staff conducted a final inspection on September 10, 2024, in coordination with Public Utilities to discover defects in materials and workmanship. These facilities were found to be satisfactory and acceptable.

4. Staff recommends final acceptance of the subject utility facilities in the amount of $511,541.60. Staff also recommends acceptance of the Utilities Facilities Deed and the facilities described therein.

5. This final acceptance is in accordance with Collier County Ordinance No. 2004-31, as amended.

6. Staff is unaware of any issues that would serve to negate the recommendation to release the applicable security.

FISCAL IMPACT: Approval of this Executive Summary will have no specific financial impact. However, approval of this executive summary will result in the Collier County Water-Sewer District receiving title to the potable water and sewer utility facilities, which have a total gross value of $511,541.60 (no depreciation applied), and an asset will be recorded in the financial records of the county.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. –DDP

RECOMMENDATIONS: To approve final acceptance and accept the conveyance of the potable water and sewer utility facilities for Seven Shores Phase 1B, 1C & 1D, PL20240001231, and accept the conveyance of the Utilities Facilities Deed and the facilities described therein.

UTILITY FACILITIES WARRANTY DEED AND BILL OF SALE
(Hacienda North CDD to Collier County)
(Phases 1B, 1C & 1D)

THIS INDENTURE made this 24th day of July, 2024, between **HACIENDA NORTH COMMUNITY DEVELOPMENT DISTRICT**, a community development district established and existing pursuant to Chapter 190, Florida Statutes, whose address is c/o Real Estate Econometrics, Inc., 707 Orchid Drive, Suite 100, Naples, Florida 34102 (hereinafter referred to as "Grantor"), and **BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY, AND AS THE EX-OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT**, its successors and/or assigns, whose address is 3299 Tamiami Trail East, Suite 303, Naples, Florida 34112 (hereinafter referred to as "Grantee").

WITNESSETH:

That said Grantor, for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to said Grantor in hand paid by said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said Grantee, and Grantee's heirs, successors and assigns forever, all potable water and wastewater utility facilities and/or system(s) or portion(s) thereof lying in, on, over and under the following described land, for operation, relocation, installation, repair and/or maintenance of said facilities, system(s) or portion(s) thereof, all situate and lying and being in Collier County, Florida, to wit:

(See Exhibit "A" attached hereto and incorporated by reference herein.)

(Exhibit "B" attached hereto is a sketch or other graphic representation which depicts the physical location of the utility systems being conveyed.)

and said Grantor does hereby fully warrant the title to said utility facilities and/or system(s) or portion(s) thereof, be they realty, personalty, or mixed, and Grantor will defend such title against all claims of all persons whomsoever. For the purposes of this conveyance, the utility facilities, system(s) and/or portion(s) thereof conveyed herein shall not be deemed to convey any of the lands described in either exhibit. Grantor and Grantee are used for singular or plural, as context allows. A sketch or other graphic representation showing the location of the utility facilities, etc., being conveyed is attached as Exhibit "B".

TO HAVE AND TO HOLD the same unto Grantee and its assigns, together with the right to enter upon said land, excavate, relocate and/or take or introduce materials for the purpose of constructing, relocating, operating, repairing and/or otherwise maintaining utility systems thereon. Grantor and Grantee are used for singular or plural, as the context requires.

IN WITNESS WHEREOF, Grantor has caused these presents to be executed the date and year first above written.

Executive Summary

Recommendation to approve an Easement Use Agreement to allow a screened lanai to encroach 1.7 feet into a County Lake Maintenance, Drainage, and Access Easement located at 1249 Diamond Lake Circle.

OBJECTIVE: To approve an Easement Use Agreement (EUA) between the County and the current property owners of 1249 Diamond Lake Circle, also described as Lot 21, Block 6, Silver Lakes Phase Two-E, in order to allow a screened Lanai to encroach approximately 1.7 feet into an 8-foot-wide Lake Maintenance, Drainage, and Access Easement, more specifically shown on Exhibit "A."

CONSIDERATIONS: The property is located at 1249 Diamond Lake Circle. There is an existing screened lanai on the subject property that encroaches 1.7 feet into an 8-foot-wide Lake Maintenance, Drainage, and Access Easement located along the rear boundary of the property. The 8-foot-wide Lake Maintenance, Drainage, and Access Easement use is for the sole purpose of maintaining the lake. The current owners purchased the property in 1999 and added the screened lanai in 2009. They are currently attempting to close out outstanding permits and found that the lanai is encroaching into the Lake Maintenance, Drainage, and Access Easement. According to the plat of Lot 21, Block 6, Silver Lakes Phase Two-E (Plat Book 31, Pages 45-47), the subject easement is dedicated to the Silver Lakes Property Owners Association, with responsibility for maintenance, and to Collier County with no responsibility for maintenance.

Development Review and the Collier County Road, Bridge, and Stormwater Maintenance Division have reviewed the Agreement and Exhibits and recommend approval of the Easement Use Agreement.

FISCAL IMPACT: There is no fiscal impact. The property owners will be responsible for the recording fees of this Agreement.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality and requires a majority vote for Board approval. -DDP

RECOMMENDATIONS: To approve an Easement Use Agreement to allow a screened lanai to encroach 1.7 feet into a County Lake Maintenance, Drainage, and Access Easement located at 1249 Diamond Lake Circle and authorize the Chairman to execute the Agreement and direct the Clerk to record the Easement Use Agreement into the Public Records of Collier County, Florida.

EASEMENT USE AGREEMENT

This EASEMENT USE AGREEMENT ("Agreement") is made as of this 10th day of October 2024, by and between **ROGER A. WEEKS AND PEGGY L. WEEKS, AS TRUSTEES OF THE ROGER A. WEEKS & PEGGY L. WEEKS LIVING TRUST** ("Owner"), whose post office address is 1249 Diamond Lake Circle, Naples, FL 34114, **SILVER LAKES PROPERTY OWNERS ASSOCIATION OF COLLIER COUNTY, INC.** ("Association"), whose mailing address is c/o KW PROPERTY MANAGEMENT & CONSULTING, 8200 NW 33rd Street, 300, Miami, FL 33122, and **Collier County** ("County"), whose address is c/o County Attorney's Office, 3299 Tamiami Trail E, Suite 800, Naples, FL 34112, hereinafter collectively referred to as the "Parties."

RECITALS:

WHEREAS, Roger A. Weeks and Peggy L. Weeks, as Trustees of the Roger A. Weeks & Peggy L. Weeks Living Trust are the current fee owners of that certain parcel of real property known as Lot 21, Block 6, Silver Lakes Phase 2-E, according to the plat thereof as recorded in Plat Book 31, Pages 45 through 47 of the Public Records of Collier County, Florida, located at 1249 Diamond Lake Circle, Naples, FL 34114, more specifically shown on Exhibit "A" ("Subject Property"); and

WHEREAS, as set forth in Plat Book 31, Pages 45 through 47, the County is record owner of certain non-exclusive Lake Maintenance, Drainage, and Access Easement rights, a portion of which encumbers the Subject Property ("Easement Area"); and

WHEREAS, the Easement Area is managed and maintained by the Association; and

WHEREAS, Owner purchased the Subject Property in 1999 and seeks to construct, repair, and/or maintain an aluminum porch (depicted as a screened lanai) built around 2008 that encroaches up to 1.7 feet into the 8-foot-wide Lake Maintenance, Drainage, and Access Easement along the south side of the Subject Property ("Encroachments"), as shown on Exhibit "A"; and

WHEREAS, the County has no present objection to the continued use of the Encroachments within the Easement Area, provided that the Owner and Association agree to the terms and conditions set forth below; and

WHEREAS, the parties to this Agreement have reached certain understandings with regard to the Encroachments and now desire to set forth their understanding in writing for recordation.

NOW THEREFORE, for and in consideration of the Recitals above, the sum on TEN DOLLARS ($10.00), and for other good and valuable consideration the receipt and sufficiency of which are hereby expressly acknowledged, the parties hereto agree as follows:

1. The County and the Association hereby expressly consent to the Encroachments into the Easement Area depicted on Exhibit "A".

2. Owner shall provide the County and the Association whatever access they require to continue their non-exclusive drainage easement rights.

3. The County agrees that until otherwise notified, the Owner may continue the use of the Encroachments within the Easement Area, to the extent shown on Exhibit "A". The County retains the right, however, in its sole discretion, to demand by written request that the Encroachments be removed from the Easement Area, which Owners will do at its sole cost and expense within a reasonable time from receipt of such request.

4. Owner agrees for themselves and successors and assigns that they shall release, indemnify and hold the County harmless for and against any and all obligations, claims, liabilities, expenses and/or fees (including reasonable attorney's fees and court costs) including personal injury or property damage arising out of the use of the Easement Area by the Owner, its respective contractors, agents, employees or invitees at any time while the Encroachments remain within the Easement Area. Further, Owner for themself, successors and assigns agree to release and hold the County harmless from and against any and all obligations, claims, liabilities, expenses and/or fees (including reasonable attorney's fees and court costs) including personal injury or property damage arising out of the use of the Easement Area by the County, including but not limited to, damage which may occur to the Encroachments during the normal operation, maintenance, repair and/or replacement, as applicable, of the Easement Area and/or the improvements and/or the infrastructure, which may now or in the future be located within the Easement Area.

5. This Easement Use Agreement shall be recorded in the Public Records of Collier County, Florida, at Owners' sole cost and expense. This Agreement is intended to bind the Parties, together with their respective successors, assigns and heirs.

6. This Agreement shall be governed by the laws of the State of Florida.

IN WITNESS WHEREOF, the parties hereto have caused this Easement Use Agreement to be executed as of the day, month, and year as first above written.

JOB SPECIFIC SURVEYOR NOTES:

THE BEARING REFERENCE OF NORTH 88 DEGREES 17 MINUTES 40 SECONDS WEST IS BASED ON THE CENTERLINE OF DIAMOND LAKE CIRCLE, LOCATED WITHIN SILVER LAKES PHASE 2-E, ACCORDING TO THE PLAT THEREOF, AS RECORDED IN PLAT BOOK 31, PAGE 45 THRU 47 OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA.

LEGAL DESCRIPTION:

LOT 21, BLOCK 6, SILVER LAKES PHASE 2-E, ACCORDING TO THE PLAT THEREOF, RECORDED IN PLAT BOOK 31, PAGES 45 THRU 47 OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA.

GENERAL SURVEYOR NOTES:

1. The Legal Description used to perform this survey was supplied by others. This survey does not determine nor imply ownership of the lands or any fences shown hereon. Unless the Title Commitment Number is referenced on this survey, an examination of the abstract of title was NOT performed by the signing surveyor to determine which instruments, if any, are affecting this property.
2. The purpose of this survey is to establish the boundary of the lands described by the legal description provided and to depict the visible improvements thereon for a pending financial transaction. Underground footings, utilities, or other service lines, including roof eave overhangs were not located as part of this survey. Unless specifically stated otherwise the purpose and intent of this survey is not for any construction activities or future planning.
3. If there is a septic tank or drain field shown on this survey, the location depicted hereon was either shown to the surveyor by a third party or it was estimated by visual above ground inspection. No excavation was performed to determine its location.
4. This survey is exclusively for a pending financial transaction and only to be used by the parties to whom it is certified.
5. Alterations to this survey map and report by other than the signing surveyor are prohibited.
6. Dimensions are in feet and decimals thereof.
7. Any FEMA flood zone data contained on this survey is for informational purposes only. Research to obtain said data was performed at www.fema.gov and may not reflect the most recent information.
8. Unless otherwise noted "SIRC" indicates a Set Iron Rebar with a Cap stamped LB#8291, a minimum half inch in diameter and eighteen inches long.
9. If you are reading this survey in an electronic format, the information contained on this document is only valid if this document is electronically signed as specified in Chapter 5J17.062 (3) of the Florida Administrative Code and Florida Statute 472.025. The Electronic Signature File related to this document is prominently displayed on the invoice for this survey which is sent under separate cover. Manually signed and sealed logs of all survey signature files are kept in the office of the performing surveyor.
10. The symbols reflected in the legend and on this survey may have been enlarged or reduced for clarity. The symbols have been plotted at the approximate center of the field location and may not represent the actual shape or size of the feature.
11. Points of Interest (POI's) are select above-ground improvements, which may appear in conflict with boundary, building setback or easement lines, as defined by the parameters of this survey. These POI's may not represent all items of interest to the viewer. There may be additional POI's which are not shown or called-out as POI's, or which are otherwise unknown to the surveyor.
12. Utilities shown on the subject property may or may not indicate the existence of recorded or unrecorded utility easements.
13. The information contained on this survey has been performed exclusively by and is the sole responsibility of Exacta Land Surveyors, LLC. Additional logos or references to third party firms are for informational purposes only.
14. Pursuant to F.S. 558.0035, an individual employee or agent may not be held individually liable for negligence.
15. Due to varying construction standards, building dimensions are approximate and are not intended to be used for new construction or planning.

Date option terminates: _____, or

Anticipated closing date: _____

AFFIRM PROPERTY OWNERSHIP INFORMATION

Any petition required to have Property Ownership Disclosure, will not be accepted without this form. Requirements for petition types are located on the associated application form. Any change in ownership whether individually or with a Trustee, Company or other interest-holding party, must be disclosed to Collier County immediately if such change occurs prior to the petition's final public hearing.

As the authorized agent/applicant for this petition, I attest that all of the information indicated on this checklist is included in this submittal package. I understand that failure to include all necessary submittal information may result in the delay of processing this petition.

***The completed application, all required submittal materials, and fees shall be submitted to:**

RE: PL20240007471 Letter of No Objection
Parcel # 73625030880

Dear Roger Weeks,

We have reviewed your request for a Letter of No Objection. Your property appears at the address 1249 Diamond Lake Cir Naples, Florida 34114. Lot 21 block 6 Silver lakes Phase 2-E, recorded in plat book 31 pages 45 thru 47 of the public records of Collier County, Florida. There is a lanai, woodshed, and concrete patio encroachment approximately 8 1/2 in x 11 in into the Collier County 7.5' and 8' Drainage Easements.

The Collier County Road, Bridge and Stormwater Maintenance Division (RBSM) has reviewed your request for a Letter of No Objection as per PL20240007471 and has no objection for the encroachment onto the Collier County 7.5' and 8' Drainage Easements on the following conditions:

- The County has operational and maintenance responsibilities of the area and facilities contained therein. Should the County require entry to any of the easement area (inclusive of the neighboring properties) obstructing encroachments must be removed. Notice, unless in case of emergency, will be given to the owner(s) to remove the encroachment. Removal cost whether by the owner or the County, shall be borne by the owner(s). The County will be held harmless for damage to any encroaching property. The County also retains the right to request removal of the encroachment at any time for which the owner will also be responsible for all costs incurred to remove the encroachment.

X

Marshal Miller
Division Director

6-5-2024

Letter of Explanation

To whomever this concerns:

The reason for this letter is to explain to whomever it concerns that we are attempting to close all outstanding permits related to our lot at 1249 Diamond Lake circle Naples FL 34114. In order to accomplish this feat, we have had to have a new survey (Enclosed as well as submitted into your system), pay $1000.00, file for an EUA, file for a LONO through the county as well as a LONO from Silver Lakes R/V and Golf Resort and now submit the application along with a $2000.00 check. Hopefully this satisfies everyone concerned with closing this permit.

Roger A Weeks and Peggy L Weeks

Chris Bouchard
Premiere Plus Realty

Chris

This correspondence should serve as acknowledgement that Silver Lakes POA has been notified of a south rear yard setback encroachment at 1249 Diamond Lakes Circle.

It is our understanding this issue occurred at the development/construction stage of this property years ago and was only recently discovered.

Please be advised Silver Lakes POA has NO objections to the improvement within the easement.

On Behalf of:
Silver Lakes POA

Tim Hayes
General Manager
Silver Lakes POA

SHEET 1 OF 3

SILVER LAKES, PHASE TWO-E

A SUBDIVISION LYING IN SECTION 10, TOWNSHIP 51 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA.

DEDICATION

KNOW ALL MEN BY THESE PRESENTS. THAT CONQUEST DEVELOPMENT U.S.A, L.C., A LIMITED LIABILITY COMPANY ORGANIZED UNDER THE LAWS OF THE STATE OF FLORIDA, THE OWNER OF THE HEREIN DESCRIBED LANDS HAS CAUSED THIS PLAT, ENTITLED SILVER LAKES, PHASE TWO-E TO BE MADE AND HEREBY DEDICATES THE FOLLOWING:

TO COLLIER COUNTY:

1. TRACT "R" AS AN INGRESS AND EGRESS EASEMENT FOR GOVERNMENTAL VEHICLES IN THE EXECUTION OF THEIR DUTIES, INCLUDING BUT NOT LIMITED TO EMERGENCY MEDICAL SERVICE, FIRE DEPARTMENT SERVICE, AND UTILITY SERVICE, WITHOUT RESPONSIBILITY FOR MAINTENANCE.
2. TRACT "R" AS A DRAINAGE AND ACCESS EASEMENT FOR INSTALLATION AND MAINTENANCE OF DRAINAGE FACILITIES OVER, ACROSS, AND THROUGH TRACT "R", WITHOUT RESPONSIBILITY FOR MAINTENANCE.
3. TRACT "CR9" AND THE REAR 8 FEET OF BLOCK 6 AS A DRAINAGE, LAKE MAINTENANCE, AND ACCESS EASEMENT, WITHOUT RESPONSIBILITY FOR MAINTENANCE.
4. THE REAR 8 FEET OF LOTS 92 & 93, BLOCK 3, AS A DRAINAGE EASEMENT, WITHOUT RESPONSIBILITY FOR MAINTENANCE.
5. THE REAR 8 FEET OF LOTS 65 THROUGH 82, BLOCK 5, AS A DRAINAGE EASEMENT, WITHOUT RESPONSIBILITY FOR MAINTENANCE.
6. THE REAR 8 FEET OF LOTS 1 THROUGH 66, BLOCK 6, AS A DRAINAGE EASEMENT, WITHOUT RESPONSIBILITY FOR MAINTENANCE.
7. THE WEST 4 FEET OF TRACT "B2" ADJACENT TO THE REAR OF LOTS 65 THROUGH 82, BLOCK 5, AS A DRAINAGE EASEMENT, WITHOUT RESPONSIBILITY FOR MAINTENANCE.
8. ALL DRAINAGE EASEMENTS (D.E.) AS SHOWN, WITHOUT RESPONSIBILITY FOR MAINTENANCE.

TO COLLIER COUNTY WATER-SEWER DISTRICT:

1. ALL COLLIER COUNTY WATER-SEWER DISTRICT EASEMENTS AS SHOWN AND DESIGNATED AS "C.U.E." FOR THE PURPOSE OF CONSTRUCTING, INSTALLING, MAINTAINING, AND OPERATING THEIR RESPECTIVE FACILITIES, WITHOUT RESPONSIBILITY FOR MAINTENANCE OF SAID C.U.E.
2. TRACT "R" AS A C.U.E. FOR THE PURPOSE OF CONSTRUCTING, INSTALLING, MAINTAINING, AND OPERATING THEIR RESPECTIVE FACILITIES, WITHOUT RESPONSIBILITY FOR MAINTENANCE OF SAID TRACT "R".
3. ALL SEWER FACILITIES CONSTRUCTED WITHIN THIS PLATTED AREA, UPON ACCEPTANCE OF THE IMPROVEMENTS REQUIRED BY THE APPLICABLE LAND DEVELOPMENT REGULATIONS.

TO FLORIDA POWER AND LIGHT COMPANY, UNITED TELEPHONE COMPANY OF FLORIDA, AND ANY CABLE TELEVISION FRANCHISE COMPANY:

1. A STRIP OF LAND 10 FEET WIDE AT THE FRONT OF EACH LOT, AND ALL UTILITY EASEMENTS (U.E.) AS SHOWN, AS A NON-EXCLUSIVE UTILITY EASEMENT, FOR THE PURPOSE OF CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF ELECTRIC, TELEPHONE, AND CABLE TELEVISION SERVICES. HOWEVER, NO SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, OR OPERATION OF CABLE TELEVISION SERVICE SHALL INTERFERE WITH THE FACILITIES AND SERVICE OF ANY OTHER PUBLIC UTILITY. IN THE EVENT A CABLE TELEVISION COMPANY DAMAGES THE FACILITIES OF A PUBLIC UTILITY, IT SHALL BE SOLELY RESPONSIBLE FOR THE DAMAGES.
2. TRACT "R" AS AN INGRESS, EGRESS, AND UTILITY EASEMENT FOR THE PURPOSE OF ACCESS TO, INSTALLATION, AND MAINTENANCE OF THEIR RESPECTIVE FACILITIES, PROVIDED ALL USES SHALL BE SUBJECT TO AND NOT INCONSISTENT WITH USE BY COLLIER COUNTY OR THE COLLIER COUNTY WATER-SEWER DISTRICT AS A "C.U.E."
3. A STRIP OF LAND 2.5 FEET WIDE AT EACH SIDE OF EACH LOT DEDICATED AS A NON-EXCLUSIVE UTILITY EASEMENT, UNLESS THE LOT IS ENCUMBERED BY A DRAINAGE EASEMENT, WHERE MORE THAN ONE LOT IS INTENDED AS A BUILDING SITE, THE BOUNDARIES OF SAID BUILDING SITE SHALL CARRY SAID EASEMENT.

TO SILVER LAKES PROPERTY OWNERS ASSOCIATION OF COLLIER COUNTY, INC.:

1. TRACT "R" FOR PRIVATE ROADWAY PURPOSES, SUBJECT TO EASEMENTS HERETOFORE SET FORTH, SAID TRACT "R" IS A PRIVATE ROAD RIGHT-OF-WAY AND COLLIER COUNTY HAS NO MAINTENANCE RESPONSIBILITY WITH RESPECT THERETO.
2. TRACT "R" AS A DRAINAGE EASEMENT FOR INSTALLATION AND MAINTENANCE OF THE DRAINAGE SYSTEM, OVER, ACROSS, AND THROUGH TRACT "R", WITH RESPONSIBILITY FOR MAINTENANCE.
3. TRACT "CR9" AND THE REAR 8 FEET OF BLOCK 6 AS A DRAINAGE, LAKE MAINTENANCE, AND ACCESS EASEMENT, WITH RESPONSIBILITY FOR MAINTENANCE.
4. TRACT "B2" AS A LANDSCAPE BUFFER EASEMENT, WITH RESPONSIBILITY FOR MAINTENANCE.
5. THE REAR 8 FEET OF LOTS 92 & 93, BLOCK 3, AS A DRAINAGE EASEMENT, WITH RESPONSIBILITY FOR MAINTENANCE.
6. THE REAR 8 FEET OF LOTS 65 THROUGH 82, BLOCK 5, AS A DRAINAGE EASEMENT, WITH RESPONSIBILITY FOR MAINTENANCE.
7. THE REAR 8 FEET OF LOTS 1 THROUGH 66, BLOCK 6, AS A DRAINAGE EASEMENT, WITH RESPONSIBILITY FOR MAINTENANCE.
8. THE WEST 4 FEET OF TRACT "B2" ADJACENT TO THE REAR OF LOTS 65 THROUGH 82, BLOCK 5, AS A DRAINAGE EASEMENT, WITH RESPONSIBILITY FOR MAINTENANCE.
9. ALL DRAINAGE EASEMENTS (D.E.) AS SHOWN, WITH RESPONSIBILITY FOR MAINTENANCE.

IN WITNESS WHEREOF, THE OWNER HAS CAUSED THESE PRESENTS TO BE SIGNED ON THIS 25th DAY OF JANUARY, 1999 A.D.

COUNTY ENGINEER

COUNTY LAND SURVEYOR

THIS PLAT REVIEWED BY THE COUNTY LAND SURVEYOR OF COLLIER COUNTY, FLORIDA, THIS 27th DAY OF January, 1999, A.D.

RICHARD S. GRIGG, P.S.M.
COUNTY LAND SURVEYOR

COUNTY ATTORNEY

THIS PLAT APPROVED BY THE COUNTY ATTORNEY OF COLLIER COUNTY, FLORIDA, THIS 28th DAY OF JANUARY, 1999 A.D.

DAVID C. WEIGEL
COLLIER COUNTY ATTORNEY

COUNTY COMMISSION

THIS PLAT APPROVED FOR RECORDING IN REGULAR OPEN MEETING BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, ON THIS 15th DAY OF December, 1998 A.D. PROVIDED THAT THE PLAT IS FILED IN THE OFFICE OF THE CLERK OF THE CIRCUIT COURT OF COLLIER COUNTY, FLORIDA.

ATTEST:
DWIGHT E. BROCK, CLERK

BARBARA B. BERRY, CHAIRMAN

FILING RECORD

I HEREBY CERTIFY THAT THIS PLAT HAS BEEN EXAMINED BY ME AND THAT IT COMPLIES WITH THE REQUIREMENTS OF CHAPTER 177, OF THE FLORIDA STATUTES. I FURTHER CERTIFY THAT SAID PLAT WAS FILED FOR RECORD AT 8:55 P.M., THIS 29th DAY OF January, 1999 A.D. AND RECORDED IN PLAT BOOK 31, PAGES 45 AND 47 OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA.

By: Willie Stubbs, D.C.
CLERK OF CIRCUIT COURT
IN AND FOR COLLIER COUNTY

SURVEYOR'S CERTIFICATION

IT IS HEREBY CERTIFIED THAT THE PREPARATION OF THIS PLAT WAS BASED ON A BOUNDARY SURVEY OF THE PROPERTY MADE BY ME OR UNDER MY SUPERVISION AS PROVIDED IN CHAPTER 61G17-6, FLORIDA ADMINISTRATIVE CODE, AND IN CHAPTER 472, FLORIDA STATUTES, AND THAT THE SURVEY DATA COMPLIES WITH ALL OF THE REQUIREMENTS OF CHAPTER 177, FLORIDA STATUTES. PERMANENT REFERENCE MONUMENTS WILL BE SET PRIOR TO THE RECORDING OF THIS PLAT AND PERMANENT CONTROL POINTS WILL BE SET WITHIN TWO MONTHS AFTER PRELIMINARY ACCEPTANCE BY COLLIER COUNTY.

Executive Summary

Recommendation to approve the properties on the Conservation Collier Active Acquisition List (AAL) and direct staff to pursue the projects recommended within the A-Category, funded by the Conservation Collier Land Acquisition Fund (1061).

OBJECTIVE: To obtain Collier County Board of County Commissioners (Board) approval to pursue A-category properties for acquisition.

CONSIDERATIONS: On November 3, 2020, the Collier County electors approved the Conservation Collier Re-establishment Referendum with a 76.5% majority. Pursuant to Section 11 of Conservation Collier Ordinance No. 2002-63, as amended, the Conservation Collier Land Acquisition Advisory Committee (CCLAAC) recommends qualified acquisition proposals for the Active Acquisition List (AAL) to the Board for approval.

Pursuant to prior Board direction to streamline the acquisition process, properties are now reviewed on an ongoing basis rather than annual or bi-annual cycles. This new process started in April 2024 after the Board approved Ordinance No. 2002-63 revisions (BCC 3/26/2024, Agenda item 9.D.). Accordingly, the AAL provided includes all properties reviewed by the CCLAAC in October, November, and December 2024.

On October 2, 2024, November 6, 2024, and December 4, 2024, the CCLAAC selected acquisition proposals for inclusion in the AAL as follows:

Property/Project Area Name	Size (ac)	Estimated Value	Estimated Value per acre	CCLAAC Recommended Category
Wilson (North Belle Meade)	5.00	$44,000	$8,800	**A**
Parang Trust	2.73	$9,900	$457	**B**
1063 Shadowlawn	1.89	$260,000	$104,000	**C**

A detailed summary of each property is attached to this item.

The AAL above includes the CCLAAC recommendations. The AAL attached as Attachment 1 to this item provides detailed companion information about the properties on page 2, including whether the owner lives adjacent to the subject property and estimated maintenance costs.

The proposed AAL has been separated into three (3) categories, A, B, and C, as required by Conservation Collier Ordinance (No. 2002-63, as amended) Section 10, which states the Active Acquisition List shall separate proposals into three (3) categories: A (pursue acquisition); B (hold for re-evaluation for one calendar year); and C (no interest in acquiring).

Staff prepared and presented property reports, called Initial Criteria Screening Reports (ICSR), to aid the CCLAAC in evaluating each property. Included in each ICSR was a scoring matrix based on researched and observed data. The ICSRs have been posted on the Conservation Collier website, the link of which is listed below.

During the CCLAAC meetings, property ranking occurred after staff presented all property summaries and after public comments.

A-CATEGORY PROPERTY

- Wilson – 5.00 acres

This parcel is immediately adjacent on its north and south boundary to the Conservation Collier 296-acre North Belle Meade Preserve within the Rural Fringe Mixed-Use District. Staff and the CCLAAC recommend this property for the A-category as it would expand an existing preserve and provide habitat for the state-listed red-cockaded woodpecker (RCW) and the federally listed Florida panther.

The Wilson property has an estimated value of $44,000 ($8,800 per acre).

B-CATEGORY PROPERTY

- Parang Trust – 2.73 acres

B-Category properties are not recommended for acquisition at this time and will be re-evaluated and ranked in one year.

C-CATEGORY PROPERTY

- 1063 Shadowlawn – 1.89 acres

C-Category properties are not recommended for acquisition and are proposed to be removed from the AAL. Property owners may apply for consideration during a future cycle.

ADVISORY COMMITTEE RECOMMENDATIONS: On October 2, 2024, November 6, 2024, and December 4, 2024, the CCLAAC held a public meeting and ranked acquisition proposals for Board consideration. CCLAAC recommends one property for a total of 5.00 acres for the "A" list category. The total projected acquisition cost for this A-list category CCLAAC recommended property is $44,000.

FISCAL IMPACT: The total estimated cost of the property under consideration is $44,000. Funds in the amount of $35,559,320 are available for land acquisitions within the Conservation Collier Land Acquisition Fund (1061) in the FY25 budget. Properties pending acquisition in Cycle 11B, 12B, and 2024 total approximately $26,350,520.

Funds for managing any lands acquired by the program are budgeted in the separate Conservation Collier Land Management Fund (1062), funded via a transfer from the net Conservation Collier ad valorem tax levy.

GROWTH MANAGEMENT IMPACT: Fee-simple acquisition of conservation lands is consistent with and supports Policy 1.3.1(e) in the Conservation and Coastal Management Element of the Collier County Growth Management Plan.

LEGAL CONSIDERATIONS: This item is approved for form and legality and requires a majority vote for Board action. - SAA

RECOMMENDATIONS: To approve properties on the Conservation Collier Active Acquisition List (AAL), direct staff to pursue the project recommended within the A-Category, and bring the Purchase Agreement to the Board for review and approval.

Wilson

CCLACC Recommendation: A-list

Property Name: Wilson

Owner(s): Cecilia Dannborg Wilson

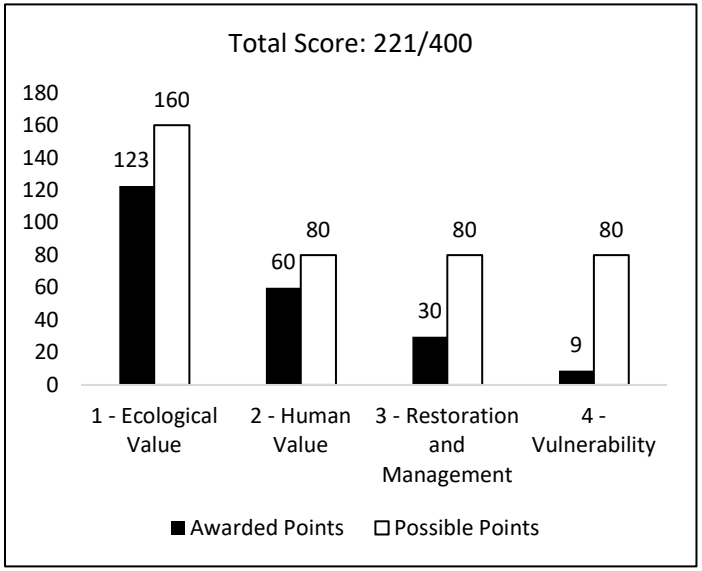
Target Protection Area: RFMUD – NBMO – Sending

Acreage: 5.0 acres

Total Estimated Market Value: $44,000

Highlights:

- **Location:** Adjacent to Conservation Collier's North Belle Meade Preserve
- **Met 5 out of 8 Initial Screening Criteria:** Native plant communities; protection of water resources; biological and ecological value; conservation land enhancement; within a target area
- **Habitat:** Mesic flatwoods
- **Listed Plants:** Giant air plant (*Tillandsia utriculata*)
- **Listed Wildlife:** Red Cockaded Woodpecker (RCW) observed on adjacent parcels - historic nesting/foraging habitat for endangered RCW; Panther telemetry indicates significant utilization
- **Water Resource Values:** Wetlands on portions, aquifer recharge, and sheet flow on property
- **Connectivity:** Contributes to an important wildlife corridor connecting species from the Florida Panther Refuge, Golden Gate Rural Estates, Dr. Robert H. Gore III Preserve, as well as the Picayune Strand State Forest and Fakahatchee Strand State Preserve to the south through wildlife underpasses under I-75. Provides an ecological link to the northern range expansion goals of the RCW Recovery Plan
- **Access:** Currently no public right of way access
- **Management Issues / Estimated Costs:** Initial Exotic Removal estimated at $2,000 and ongoing annual estimated at $750; Cabbage Palm thinning and native re-planting estimated at $3,000
- **Partnership Opportunities:** None
- **Zoning/Overlays:** Agricultural; Rural Fringe Mixed Use Overlay-North Belle Meade Overlay-Sending (A-RFMUO-NBMO- Sending); No TDRs stripped
- **Surrounding land uses:** Agricultural; conservation
- **All Criteria Score:** 221 out of 400; high ecological and human value scores
- **Other Division Interest:** Conservation Collier is coordinating with the Transportation Department regarding the Wilson Boulevard extension that may be aligned through the area



CCLACC Recommendation: A-list

- **Acquisition Considerations:**
  - Red Cockaded Woodpecker (RCW) has become quite rare in Collier County due to increased development. Property also has high utilization by the Florida panther.
  - LDC section 2.03.08.A describes that **RFMU Sending Lands** and are those lands that have the highest degree of environmental value and sensitivity; and are the principal target for preservation and conservation.
  - LDC section 2.03.08.B. states:
    The purpose and intent of the **Natural Resource Protection Area Overlay District (NRPA)** is to: protect endangered or potentially endangered species by directing incompatible land uses away from their habitats; to identify large, connected, intact, and relatively unfragmented habitats, which may be important for these listed species; and to support State and Federal agencies' efforts to protect endangered or potentially endangered species and their habitats. **These lands generally should be the focus of any federal, state, County, or private acquisition efforts.**

Parang Trust

CCLAAC Recommendation: B-list
Property Name: Parang Trust
Target Protection Area: NGGE
Estimated Market Value: $87,360

Owner: Masood Parang Revocable Living Trust
Acreage: 2.73 acres

Highlights:

- **Location:** Off 72nd Ave. NE, near Panther Walk Preserve
- **4 of the 8 Initial Screening Criteria were met:** Natural Plant Communities; Human Social Values; Water Resources; Biological and Ecological Values
- **Habitat:** Freshwater marsh; Cypress/mixed hardwood forest; Oak hammock
- **Listed Plants:** None observed
- **Listed Wildlife:** Potential for FL panther and listed wading birds
- **Water Resource Values:** Located within historic Horsepen Strand; parcel almost entirely wetlands
- **Connectivity:** Parcel is not adjacent to conservation land
- **Other Division Interest:** None
- **Access:** Roadway adjacent; street parking available
- **Management Issues / Estimated Costs:** Initial exotic removal estimated at $5,000 and ongoing annual estimated at $2,500; signage estimated at $200
- **Partnership Opportunities:** No partnerships anticipated
- **Zoning/Overlays:** Estates, which allows 1 unit per 2.25 acres
- **Surrounding land uses:** Residential; roadway; undeveloped land
- **All Criteria Score:** 180 out of 400; high restoration and vulnerability score
- **Acquisition Considerations:** Not within a target protection mailing area; but near Panther Walk Preserve and part of same historic wetland system

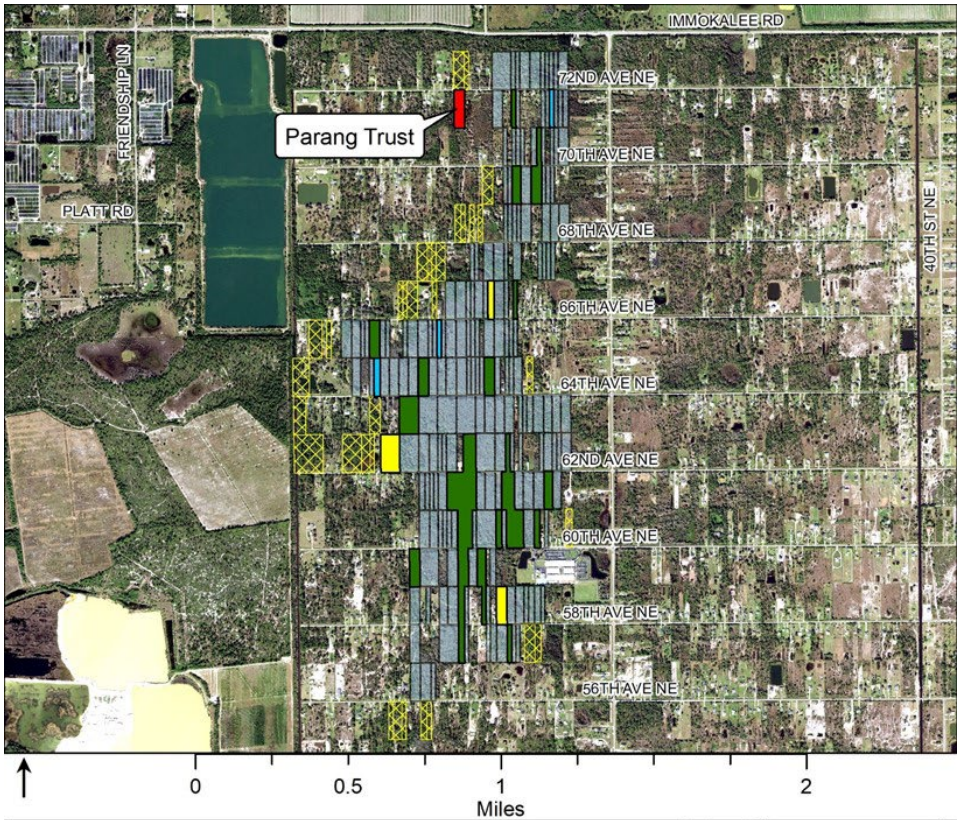
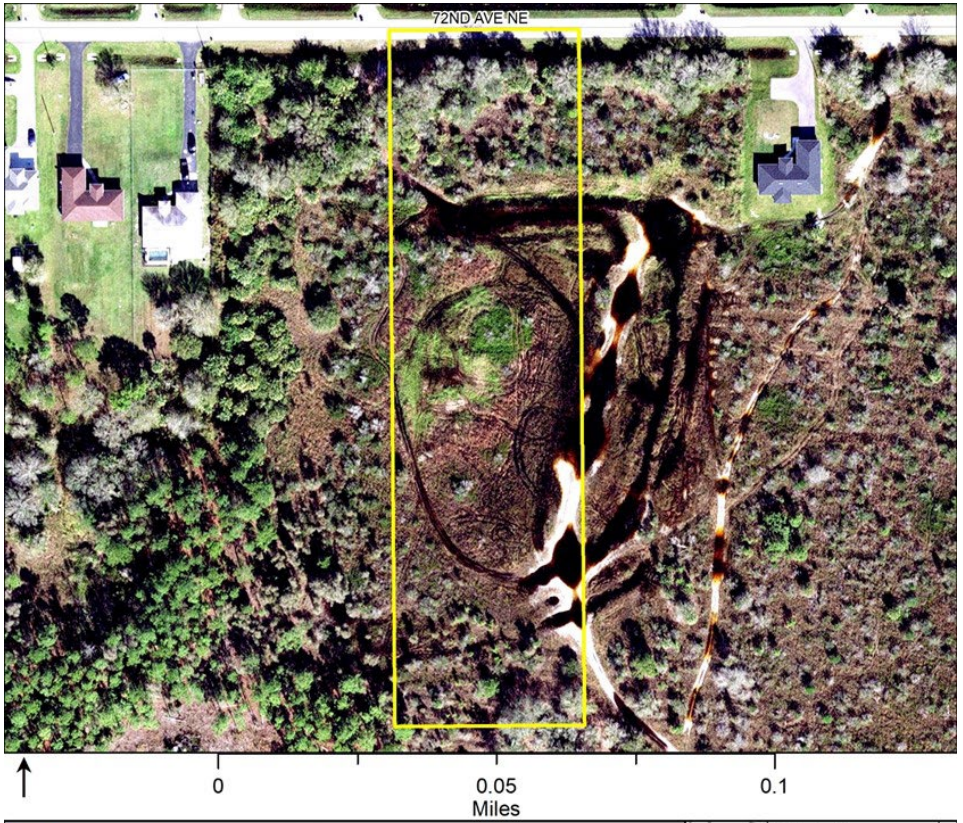
CCLAAC Recommendation: B-list





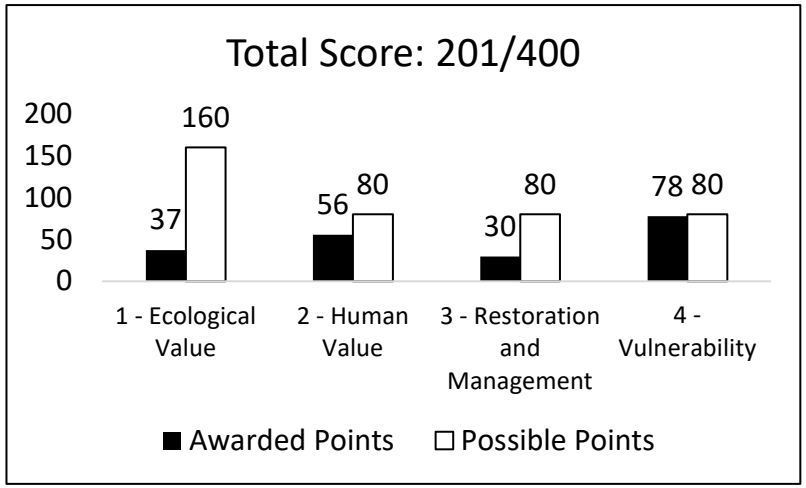
1063 Shadowlawn

CCLAAC Recommendation: C-list
Property Name: 1063 Shadowlawn
Target Protection Area: Urban
Estimated Market Value: TBD

Owner: 1063 Shadowlawn LLC
Acreage: 1.89 acres

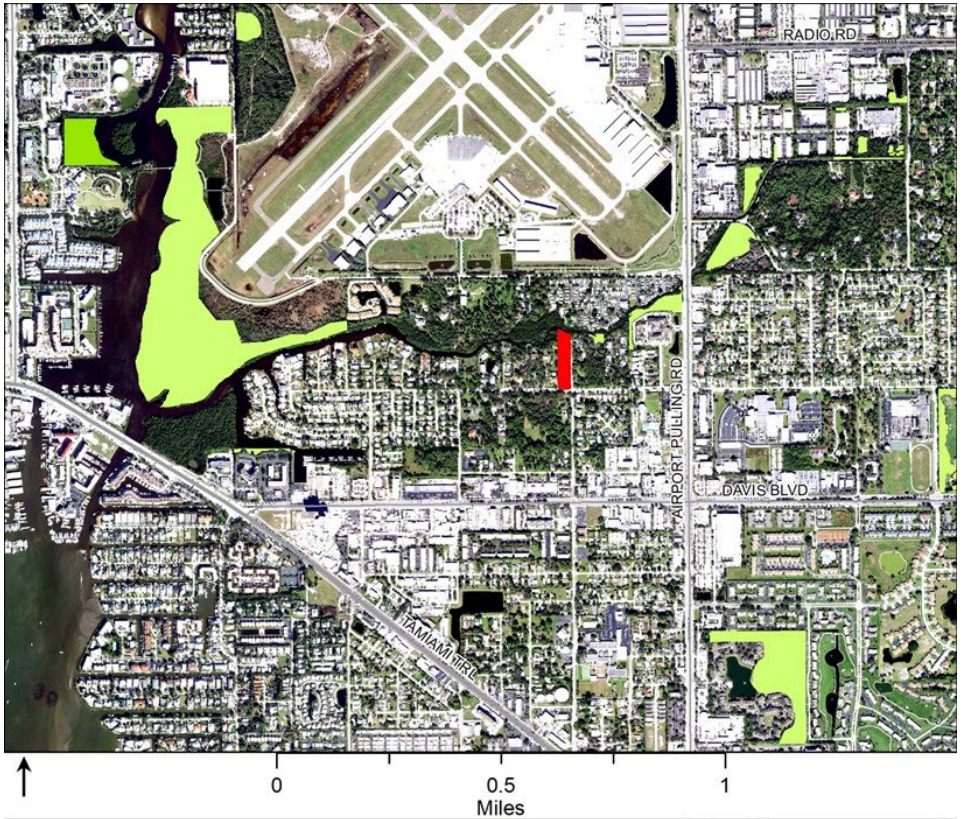
Highlights:

- **Location:** 1063 Shadowlawn Dr. on NW side of Estey Ave. and Shadowlawn Dr. intersection
- **2 of the 8 Initial Screening Criteria were met:** Human Social Values and Water Resources
- **Habitat:** No native plant communities; 3 homes exist on parcel
- **Listed Plants:** Cardinal airplant (*Tillandsia fasciculata*)
- **Listed Wildlife:** Potential for listed wading birds
- **Water Resource Values:** Storm surge protection along Rock Creek; moderate aquifer recharge potential
- **Connectivity:** Parcel is not adjacent to conservation land
- **Other Division Interest:** None
- **Access:** Roadway adjacent; parking available on site
- **Management Issues / Estimated Costs:** Initial exotic removal estimated at $50,000 and ongoing annual estimated at $300; native plantings estimated at $10,000; public restroom estimated at $150,000; signage estimated at $5,000
- **Partnership Opportunities:** No partnerships anticipated
- **Zoning/Overlays:** (RMF-6). Maximum density is 6 unit per acre
- **Surrounding land uses:** Residential; roadway; Rock Creek; undeveloped land
- **All Criteria Score:** 201 out of 400; high human value and vulnerability score
- **Acquisition Considerations:** Not within a target protection mailing area; no native plant communities; public water access; seller verbally committed to removing homes and building public dock if acquired by Conservation Collier.



Conservation Collier Property Summary
1063 Shadowlawn

CCLAAC Recommendation: C-list



Executive Summary

Recommendation to approve an Agreement for Sale and Purchase under the Conservation Collier Land Acquisition Program with Cypress Cove Landkeepers Inc., f/k/a Cypress Cove Conservancy, Inc., for a 10.00-acre parcel at a cost of $648,900, for a total cost not to exceed $653,570 inclusive of closing costs.

OBJECTIVE: To purchase a 10.00-acre parcel within the Conservation Collier Dr. Robert H. Gore III Preserve multi-parcel project.

CONSIDERATIONS: On June 25, 2024, Agenda Item No. 16.A.13., the Board of County Commissioners (Board) approved a Conservation Collier Land Acquisition Advisory Committee (CCLAAC) recommended Cycle 12B Active Acquisition List (AAL) and directed staff to actively pursue acquisition of the properties under the Program. The Cypress Cove Landkeepers parcel, within the Dr. Robert H. Gore III Preserve multi-parcel project was approved as an A-list property on the Cycle 12B AAL.

***Dr. Robert H. Gore III Preserve*:** Potential public uses at Gore Preserve include hiking, nature photography, bird watching, and environmental education. Hydrologic indicators such as karst topography, cypress knees, and watermarks on buttressed cypress trees provide evidence of seasonal flooding. The mature cypress trees in the preserve project indicate that the area has historically contained wetlands. The properties are within a historic wetland area connecting east with the Florida Panther National Wildlife Refuge (FPNWR) via the old Ford Test Track. The Gore Preserve and surrounding lands enhance the FPNWR by acting as a buffer and providing a reasonably large-sized wild land addition north of I-75. Wildlife underpasses at the adjacent Faka-Union and nearby Miller canals create an ecological link south under I-75 to the Picayune Strand State Forest. A little over two miles to the west are the North Belle Meade Preserve and the North Belle Meade sending lands. The Gore Preserve project is within the Florida Fish and Wildlife Conservation Commission (FWC) Primary Panther habitat zone.

The project area contains protected species of plants, including giant sword fern, several listed bromeliads in the *Tillandsia* genus, and five native orchid species. The project area contains Florida panthers, Florida black bears, and numerous other wildlife. The observed habitat and location would also support the presence of Everglades mink, tricolored heron, and little blue heron, all state-protected species.

In August 2024, staff contracted with two independent, state-certified general real estate appraisal firms to appraise the Cypress Cove Landkeepers parcel. The average of the two appraisals was used to calculate the appraised value. The appraisals cost $4,150.

Cypress Cove Landkeepers - Parcel 41501440005 on the north side of 40th Ave SE, west of Desoto Blvd S

1. 10.00-acres of land consisting of cypress and mixed wetland hardwoods with 60% hydric mapped soils.
2. Improvements on the parcel include a nature center, which will continue to be called “Gore Nature Center,” a parking area, and trails.
3. Conservation Collier has committed to continuing to provide Collier County school field trips once the nature center is brought up to code for commercial use.
4. A conditional use permit will be required to provide educational programs inside the nature center.
5. A building permit will be required to convert the nature center from residential to commercial use.
6. The attached Project Design Report includes information regarding property maintenance and educational programming.
7. Building, pest, septic, and water inspections have been obtained. The seller has committed to fixing any items identified in the reports (see attached documents).
8. Staff has coordinated with Collier County Facilities Management regarding ongoing maintenance needs and converting the nature center for commercial use.
9. The existing parking lot will become a parking lot for the preserve in lieu of building a new parking lot.
10. The existing Memorandum of Understanding between the Cypress Cove Landkeepers and Collier County will automatically be extinguished once Collier County owns the parcel.

11. An offer of $648,900 was made on September 18, 2024, and accepted on September 26, 2024. The purchase price is 90% of the appraised value.

This acquisition is consistent with the Conservation Collier Purchasing Policy, Resolution No. 2023-10, which allows offer amounts to be determined by staff but no more than the appraised value.

Pursuant to Ordinance 2024-17, Section 12(6), a Project Design Report ("PDR") for this property is provided herewith.

FISCAL IMPACT: The funds for this land acquisition will be withdrawn from the Conservation Collier Trust Fund (1061). The property identified herein is comprised of a not-to-exceed acquisition cost of $653,570 as follows:

Seller Name	Acres	Appraised Value	Purchase Price	(Title Commitment, Title Policy, Closing Fee, Recording Fees)	Total Purchase Price	CU and Building Permit	Initial 5 Yr Maint Costs	Long-Term Annual Maint Costs
Cypress Cove Landkeepers	10.00	$721,000	$648,900	$4,670	$653,570	$50,000	$261,800	$9,100

As of January 14, 2025, the estimated property acquisition costs for Conservation Collier properties, including this property and those under contract, total $128,364,781. The funds for managing this parcel will be expended from the Conservation Collier Maintenance Fund (1062). The consulting costs and fees associated with obtaining a Conditional Use Permit and Building Permit to allow for public use of the nature center are estimated at $50,000. The initial maintenance costs are provided in the attached PDR. The total maintenance costs for this parcel for the first five years (initial maintenance costs) are estimated at $261,800. After initial restoration, the estimated maintenance costs for this parcel will be approximately $9,100 annually.

GROWTH MANAGEMENT IMPACT: Fee simple acquisition of conservation lands is consistent with and supports Policy 1.3.1(e) in the Conservation and Coastal Management Element of the Collier County Growth Management Plan.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires a majority vote for approval. - SAA

RECOMMENDATIONS:

1. To approve the attached Agreement and accept the Warranty Deed once approved by the County Attorney's Office.
2. To authorize the Chairman to execute the Agreement and any and all other County Attorney's Office approved documents related to this transaction; and
3. To authorize the County Manager or designee to prepare related vouchers and warrants for payments and to take all reasonable steps necessary to ensure performance under the Agreement.
4. To authorize the County Manager or designee to move forward with a Conditional Use petition after acquisition of the property.

AGREEMENT FOR SALE AND PURCHASE

THIS AGREEMENT is made and entered into by and between Cypress Cove Landkeepers Inc., f/ka/ Cypress Cove Conservancy, Inc., a Florida not-for-profit corporation, whose address is 4261 40th Ave SE, Naples, FL 34117 (hereinafter referred to as "Seller"), and **COLLIER COUNTY**, a political subdivision of the State of Florida, its successors and assigns, whose address is 3335 Tamiami Trail East, Suite 101, Naples, FL 34112 (hereinafter referred to as "Purchaser").

W I T N E S S E T H

WHEREAS, Seller is the owner of that certain parcel of real property (hereinafter referred to as "Property"), located in Collier County, State of Florida, and being more particularly described in Exhibit "A", attached hereto and made a part hereof by reference.

WHEREAS, Purchaser is desirous of purchasing the Property, subject to the conditions and other agreements hereinafter set forth, and Seller is agreeable to such sale and to such conditions and agreements.

NOW, THEREFORE, and for and in consideration of the premises and the respective undertakings of the parties hereinafter set forth and the sum of Ten Dollars ($10.00), the receipt and sufficiency of which is hereby acknowledged, it is agreed as follows:

I. AGREEMENT

1.01 In consideration of the purchase price and upon the terms and conditions hereinafter set forth, Seller shall sell to Purchaser and Purchaser shall purchase from Seller the Property, described in Exhibit "A".

II. PAYMENT OF PURCHASE PRICE

2.01 The purchase price (the "Purchase Price") for the Property shall be **Six Hundred Forty Eight Thousand Nine Hundred Dollars and 00/100 dollars ($648,900.00),** (U.S. Currency) payable at time of closing.

III. CLOSING

3.01 The Closing (THE "CLOSING DATE", "DATE OF CLOSING", OR "CLOSING") of the transaction shall be held on or before one hundred and eighty (180) days following execution of this Agreement by the Purchaser, or within thirty (30) days of Purchaser's receipt of all closing documents, whichever is later. The Closing shall

be held at the office of the insuring title company or by mail. The procedure to be followed by the parties in connection with the Closing shall be as follows:

3.011 Seller shall convey a marketable title free of any liens, encumbrances, exceptions, or qualifications. Marketable title shall be determined according to applicable title standards adopted by the Florida Bar and in accordance with law. At the Closing, the Seller shall cause to be delivered to the Purchaser the items specified herein and the following documents and instruments duly executed and acknowledged, in recordable form:

3.0111 Warranty Deed in favor of Purchaser conveying title to the Property, free and clear of all liens and encumbrances other than:

(a) The lien for current taxes and assessments.

(b) Such other easements, restrictions, or conditions of record.

3.0112 Combined Purchaser-Seller closing statement.

3.0113 A "Gap Tax Proration, Owner's Non-Foreign Affidavit", as required by Section 1445 of the Internal Revenue Code and as required by the title insurance underwriter to insure the "gap" and issue the policy contemplated by the title insurance commitment.

3.0114 A W-9 Form, "Request for Taxpayer Identification and Certification" as required by the Internal Revenue Service.

3.012 At the Closing, the Purchaser, or its assignee, shall cause to be delivered to the Seller the following:

3.0121 A negotiable instrument (County Warrant) in an amount equal to the Purchase Price. No funds shall be disbursed to Seller until the Title Company verifies that the state of the title to the Property has not changed adversely since the date of the last endorsement to the commitment, referenced in Section 4.011 thereto, and the Title Company is irrevocably committed to pay the Purchase Price to Seller and to issue the Owner's title policy to Purchaser in accordance with the commitment immediately after the recording of the deed.

3.0122 Funds payable to the Seller representing the cash payment due at Closing in accordance with Article III hereof, shall be subject to adjustment for prorations as hereinafter set forth.

3.02 Each party shall be responsible for payment of its own attorney's fees. Seller, at its sole cost and expense, shall pay at Closing all documentary stamp taxes due relating to the recording of the Warranty Deed, in accordance with Chapter 201.01, Florida Statutes, and the cost and electronic fee of recording any instruments necessary to clear Seller's title to the Property. The cost of the Owner's Form B Title Policy, issued pursuant to the Commitment provided for in Section 4.011 below, shall be paid by Purchaser. The cost of the title commitment shall also be paid by Purchaser. If required by a Phase I report and desired by Purchaser, Seller shall pay for a Phase II Environmental Assessment selected by Purchaser.

3.03 Purchaser shall pay for the cost of recording the Warranty Deed. Real Property taxes shall be prorated based on the current year's tax with due allowance made for maximum allowable discount, homestead and any other applicable exemptions and paid by Seller. If Closing occurs at a date which the current year's millage is not fixed, taxes will be prorated based upon such prior year's millage.

3.04 Upon the Closing, the existing Memorandum of Understanding (MOU) dated December 8, 2020, between the Purchase and Seller, shall automatically terminate. The Parties agree that the purpose of the MOU, which was to coordinate the use of the properties surrounding the Nature Center for conservation activities, will be fulfilled upon the County's acquisition of the Nature Center property. Therefore, as of Closing, the MOU shall automatically terminate, and neither Party shall have any further rights, obligations, or liabilities under the MOU.

3.05 Upon the Closing, the property shall continue to be named the Gore Nature Center in perpetuity.

3.06 Upon the Closing, the gate adjacent to the office will be replaced with fixed railing by the Seller, at Seller's sole cost and expense.

3.07 At Closing, the personal property listed within Exhibit "B" shall be conveyed to the Buyer at no additional cost or value.

IV. REQUIREMENTS AND CONDITIONS

4.01 Upon execution of this Agreement by both parties or at such other time as specified within this Article, Purchaser and/or Seller, as the case may be, shall perform the following within the times stated, which shall be conditions precedent to the Closing;

4.011 Within fifteen (15) days after the date hereof, Purchaser shall obtain as evidence of title an ALTA Commitment for an Owner's Title Insurance Policy (ALTA Form B-1970) covering the Property, together with hard copies of all exceptions shown thereon. Purchaser shall have thirty (30) days, following receipt of the title insurance commitment, to notify Seller in writing of any objection to title other than liens evidencing monetary obligations, if any, which obligations shall be paid at closing. If the title commitment contains exceptions that make the title unmarketable, Purchaser shall deliver to the Seller written notice of its intention to waive the applicable contingencies or to terminate this Agreement.

4.012 If Purchaser shall fail to advise the Seller in writing of any such objections in Seller's title in the manner herein required by this Agreement, the title shall be deemed acceptable. Upon notification of Purchaser's objection to title, Seller shall have thirty (30) days to remedy any defects to convey good and marketable title at Seller's expense, except for liens or monetary obligations which will be satisfied at Closing. Seller, at its sole expense, shall use its best efforts to make such title good and marketable. In the event Seller is unable to cure said objections within said time period, Purchaser, by providing written notice to Seller within seven (7) days after expiration of said thirty (30) day period, may accept title as it then is, waiving any objection; or Purchaser may terminate the Agreement. A failure by Purchaser to give such written notice of termination within the time period provided herein shall be deemed an election by Purchaser to accept the exceptions to title as shown in the title commitment.

4.013 Seller agrees to furnish any existing surveys of the Property in Seller's possession to Purchaser within ten (10) days of the effective date of this Agreement. Purchaser shall have the option, at its own expense, to obtain a current survey of the Property prepared by a surveyor licensed by the State of Florida. No adjustments to the Purchase Price shall be made based upon any change to the total acreage referenced in Exhibit "A," unless the difference in acreage revealed by survey exceeds 5% of the overall acreage. If the survey provided by Seller or obtained by Purchaser, as certified by a registered Florida surveyor, shows: (a) an encroachment onto the property; or (b) that an improvement located on the Property projects onto lands of others, or (c) lack of legal access to a public roadway, the Purchaser shall notify the Seller in writing of such encroachment, projection, or lack of legal access, and Seller shall have the option of curing said encroachment or projection, or obtaining legal access to the Property from a public roadway, within sixty (60) days of receipt of said written notice from Purchaser. Purchaser shall have ninety (90) days from the effective date of this Agreement to notify Seller of any such objections. Should Seller elect not to or be unable to remove the encroachment, projection, or provide legal access to the property within said

sixty (60) day period, Purchaser, by providing written notice to Seller within seven (7) days after expiration of said sixty (60) day period, may accept the Property as it then is, waiving any objection to the encroachment, or projection, or lack of legal access, or Purchaser may terminate the Agreement. A failure by Purchaser to give such written notice of termination within the time period provided herein shall be deemed an election by Purchaser to accept the Property with the encroachment, or projection, or lack of legal access.

V. INSPECTION PERIOD

5.01 Purchaser shall have one hundred twenty (120) days from the date of this Agreement, ("Inspection Period"), to determine through appropriate investigation that:

1. There are no abnormal drainage or environmental requirements to the developed real property
2. The Property can be utilized for its intended use and purpose in the Conservation Collier program.
3. Subject to acceptable Inspection(s) including; Pest / Termite, Septic, and a general structural inspection including the Roof, Electrical (including A/C), and general soundness of the structure(s).

5.02 If Purchaser is not satisfied, for any reason whatsoever, with the results of any investigation, Purchaser shall deliver to Seller prior to the expiration of the Inspection Period, written notice of its intention to waive the applicable contingencies or to terminate this Agreement. If Purchaser fails to notify the Seller in writing of its specific objections as provided herein within the Inspection Period, it shall be deemed that the Purchaser is satisfied with the results of its investigations and the contingencies of this Article V shall be deemed waived. In the event Purchaser elects to terminate this Agreement because of the right of inspection, Purchaser shall deliver to Seller copies of all inspection reports including; Pest / Termite, Septic, and a general structural inspection.

5.03 Purchaser and its agents, employees and servants shall, at their own risk and expense, have the right to go upon the Property for the purpose of surveying and conducting site analyses, soil borings and all other necessary investigation. Purchaser shall, in performing such tests, use due care. Seller shall be notified by Purchaser no less than twenty-four (24) hours prior to said inspection of the Property.

VI. INSPECTION

6.01 Seller acknowledges that the Purchaser, or its authorized agents, shall have the right to inspect the Property at any time prior to the Closing.

CAO

VII. POSSESSION

7.01 Purchaser shall be entitled to full possession of the Property at Closing.

VIII. PRORATIONS

8.01 Ad valorem taxes next due and payable, after closing on the Property, shall be prorated at Closing based upon the gross amount of current year taxes, and shall be paid by Seller.

IX. TERMINATION AND REMEDIES

9.01 If Seller shall have failed to perform any of the covenants and/or agreements contained herein which are to be performed by Seller, within ten (10) days of written notification of such failure, Purchaser may, at its option, terminate this Agreement by giving written notice of termination to Seller. Purchaser shall have the right to seek and enforce all rights and remedies available at law or in equity to a contract vendee, including the right to seek specific performance of this Agreement.

9.02 Seller agrees to fix, repair, replace any and all deficiencies found unsatisfactory from any inspection reports obtained within section 5.01. If Seller fails to complete any such repairs, Purchaser may terminate this Agreement without penalty.

9.03 The parties acknowledge that the remedies described herein and in the other provisions of this Agreement provide mutually satisfactory and sufficient remedies to each of the parties and take into account the peculiar risks and expenses of each of the parties.

X. SELLER'S AND PURCHASER'S REPRESENTATIONS AND WARRANTIES

10.01 Seller and Purchaser represent and warrant the following:

10.011 Seller and Purchaser have full right and authority to enter into and to execute this Agreement and to undertake all actions and to perform all tasks required of each hereunder. Seller is not presently the subject of a pending, threatened or contemplated bankruptcy proceeding. Seller further represents the Property is free from any and all occupants, tenants, and other persons or entities claiming possession of the Property at the time of closing. This provision shall survive closing.

10.012 Seller has full right, power, and authority to own and operate the Property, and to execute, deliver, and perform its obligations under this Agreement and the instruments executed in connection herewith, and to consummate the transaction contemplated hereby. All necessary authorizations and approvals have been obtained authorizing Seller and Purchaser to execute and consummate the transaction contemplated hereby. At Closing, certified copies of such approvals shall be delivered to Purchaser and/or Seller, if necessary.

10.013 The warranties set forth in this paragraph shall be true on the date of this Agreement and as of the date of Closing. Purchaser's acceptance of a deed to the said Property shall not be deemed to be full performance and discharge of every agreement and obligation on the part of the Seller to be performed pursuant to the provisions of this Agreement.

10.014 Seller represents that it has no knowledge of any actions, suits, claims, proceedings, litigation or investigations pending or threatened against Seller, at law, equity or in arbitration before or by any federal, state, municipal or other governmental instrumentality that relate to this agreement or any other property that could, if continued, adversely affect Seller's ability to sell the Property to Purchaser according to the terms of this Agreement.

10.015 No party or person other than Purchaser has any right or option to acquire the Property or any portion thereof.

10.016 Until the date fixed for Closing, so long as this Agreement remains in force and effect, Seller shall not encumber or convey any portion of the Property or any rights therein, nor enter into any agreements granting any person or entity any rights with respect to the Property or any part thereof, without first obtaining the written consent of Purchaser to such conveyance, encumbrance, or agreement which consent may be withheld by Purchaser for any reason whatsoever.

10.017 Seller represents that they have (it has) no knowledge that there is or ever has been incinerators, septic tanks, or cesspools on the Property; all waste, if any, is discharged into a public sanitary sewer system; Seller represents that they have (it has) no knowledge that any pollutants are or have been discharged from the Property, directly or indirectly into any body of water. Seller represents that to their knowledge the Property has not been used for the production, handling, storage, transportation, manufacture, or disposal of hazardous or toxic substances or wastes, as such terms are defined in applicable laws and regulations, or any other activity that would have toxic results, and no such hazardous or toxic substances are currently used in connection with the operation of the Property, and there is no proceeding or

inquiry by any authority with respect thereto. Seller represents that they have (it has) no knowledge that there is ground water contamination on the Property or potential of ground water contamination from neighboring properties. Seller represents that they have (it has) no knowledge that there is or ever has been any storage tanks for gasoline, or any other substances are or were located on the Property at any time during or prior to Seller's ownership thereof. Seller represents that they have (it has) no knowledge that any part of the Property has ever been used as a sanitary landfill.

10.018 Seller has no knowledge that the Property and Seller's operations concerning the Property are in violation of any applicable Federal, State or local statute, law or regulation, or of any notice from any governmental body has been served upon Seller claiming any violation of any law, ordinance, code or regulation or requiring or calling attention to the need for any work, repairs, construction, alterations or installation on or in connection with the Property in order to comply with any laws, ordinances, codes or regulation with which Seller has not complied.

10.019 Seller has no knowledge of unrecorded leases, licenses or other possessory interests, restrictions, easements, or rights of way (other than existing zoning regulations) that restrict or affect the use of the Property, and there are no maintenance, construction, advertising, management, leasing, employment, service, or other contracts affecting the Property.

10.020 Seller has no knowledge that there are any suits, actions or arbitration, bond issuances or proposals therefor, proposals for public improvement assessments, pay-back agreements, paving agreements, road expansion or improvement agreements, utility moratoriums, use moratoriums, improvement moratoriums, administrative or other proceedings or governmental investigations or requirements, formal or informal, existing or pending or threatened which affects the Property or which adversely affects Seller's ability to perform hereunder; nor is there any other charge or expense upon or related to the Property which has not been disclosed to Purchaser in writing prior to the effective date of this Agreement.

10.021 Seller acknowledges and agrees that Purchaser is entering into this Agreement based upon Seller's representations stated above and on the understanding that Seller will not cause the zoning or physical condition of the Property to change from its existing state on the effective date of this Agreement up to and including the Date of Closing. Therefore, Seller agrees not to enter into any contracts or agreements pertaining to or affecting the Property and not to do any act or omit to perform any act which would change the zoning or physical condition of the Property or the governmental ordinances or laws governing same. Seller also agrees to notify Purchaser

promptly of any change in the facts contained in the foregoing representations and of any notice or proposed change in the zoning, or any other action or notice, that may be proposed or promulgated by any third parties or any governmental authorities having jurisdiction of the development of the property which may restrict or change any other condition of the Property.

10.022 At the Closing, Seller shall deliver to Purchaser a statement (hereinafter called the "Closing Representative Statement") reasserting the foregoing representations as of the Date of Closing, which provisions shall survive the Closing.

10.023 Seller represents, warrants and agrees to indemnify, reimburse, defend and hold Purchaser harmless from any and all costs (including attorney's fees) asserted against, imposed on or incurred by Purchaser, directly or indirectly, pursuant to or in connection with the application of any federal, state, local or common law relating to pollution or protection of the environment which shall be in accordance with, but not limited to, the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. Section 9601, et seq., ("CERCLA" or "Superfund"), which was amended and upgraded by the Superfund Amendment and Reauthorization Act of 1986 ("SARA"), including any amendments or successor in function to these acts. This provision and the rights of Purchaser, hereunder, shall survive Closing and are not deemed satisfied by conveyance of title.

10.024 Any loss and/or damage to the Property between the date of this Agreement and the date of Closing shall be Seller's sole risk and expense.

XI. NOTICES

11.01 Any notice, request, demand, instruction, or other communication to be given to either party hereunder shall be in writing, sent by facsimile with automated confirmation of receipt, or by registered, or certified mail, return receipt requested, postage prepaid, addressed as follows:

If to Purchaser: Summer Araque, Coordinator

Fax number: ___N/A__

11.02 The addressees and numbers for the purpose of this Article may be changed by either party by giving written notice of such change to the other party in the manner provided herein. For the purpose of changing such addresses or addressees only, unless and until such written notice is received, the last addressee and respective address stated herein shall be deemed to continue in effect for all purposes.

XII. REAL ESTATE BROKERS

12.01 Any and all brokerage commissions or fees shall be the sole responsibility of the Seller. Seller shall indemnify Purchaser and hold Purchaser harmless from and against any claim or liability for commission or fees to any broker or any other person or party claiming to have been engaged by Seller as a real estate broker, salesman or representative, in connection with this Agreement. Seller agrees to pay any and all commissions or fees at closing pursuant to the terms of a separate agreement, if any.

XIII. MISCELLANEOUS

13.01 This Agreement may be executed in any manner of counterparts which together shall constitute the agreement of the parties.

13.02 This Agreement and the terms and provisions hereof shall be effective as of the date this Agreement is executed by both parties and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, personal representatives, successors, successor trustee, and assignees whenever the context so requires or admits.

13.03 Any amendment to this Agreement shall not bind any of the parties hereof unless such amendment is in writing and executed and dated by Purchaser and

CAO

Seller. Any amendment to this Agreement shall be binding upon Purchaser and Seller as soon as it has been executed by both parties.

13.04 Captions and section headings contained in this Agreement are for convenience and reference only; in no way do they define, describe, extend, or limit the scope or intent of this Agreement or any provisions hereof.

13.05 All terms and words used in this Agreement, regardless of the number and gender in which used, shall be deemed to include any other gender or number as the context or the use thereof may require.

13.06 No waiver of any provision of this Agreement shall be effective unless it is in writing signed by the party against whom it is asserted, and any waiver of any provision of this Agreement shall be applicable only to the specific instance to which it is related and shall not be deemed to be a continuing or future waiver as to such provision or a waiver as to any other provision.

13.07 If any date specified in this Agreement falls on a Saturday, Sunday, or legal holiday, then the date to which such reference is made shall be extended to the next succeeding business day.

13.08 Seller is aware of and understands that the "offer" to purchase represented by this Agreement is subject to acceptance and approval by the Board of County Commissioners of Collier County, Florida.

13.09 If the Seller holds the Property in the form of a partnership, limited partnership, corporation, trust, or any form of representative capacity whatsoever for others, Seller shall make a written public disclosure, according to Chapter 286, Florida Statutes, under oath, of the name and address of every person having a beneficial interest in the Property before Property held in such capacity is conveyed to Collier County. (If the corporation is registered with the Federal Securities Exchange Commission or registered pursuant to Chapter 517, Florida Statutes, whose stock is for sale to the general public, it is hereby exempt from the provisions of Chapter 286, Florida Statutes.)

13.10 This Agreement is governed and construed in accordance with the laws of the State of Florida.

XIV. ENTIRE AGREEMENT

14.01 This Agreement and the exhibits attached hereto contain the entire agreement between the parties, and no promise, representation, warranty, or covenant not included in this Agreement, or any such referenced agreements has been or is being relied upon by either party. No modification or amendment of this

Agreement shall be of any force or effect unless made in writing and executed and dated by both Purchaser and Seller. Time is of the essence of this Agreement.

XV. ACKNOWLEDGMENT OF POTENTIAL FUTURE USE

15.01 Any development rights or credits available on the Property are relinquished by the Seller and conveyed to the Purchaser at closing as part of the sale of the Property.

CONSERVATION FEATURES SUMMARY OVERVIEW

Project Name:
Cypress Cove Conservancy Appraisal Project
4261 40th Avenue SE, Naples, FL 34117

Folio Number & Owner(s) of Record:
41501440005
Cypress Cove Conservancy, Inc.

Zoning/Overlays:
E – Estates

Zoning Considerations for TDR's, PHU, other endangered species:
N/A

Was the cost to mitigate wetlands or endangered species taken into consideration?
The property is covered in wetlands. Portions of the property could be mitigated in order to construct single-family residences.

Scope of Proposed Mitigation:
N/A

Land Area:
10.00 gross acres

Access for the Parcel Taken Into Consideration:
Full-service access is provided from 40th Avenue NE.

Highest and Best Use:
As Though Vacant
The highest and best use is to develop the property with one to four single-family residences which will require mitigation.

As Improved
The highest and best use is that the improvements continue to be utilized as a single-family residence and the excess land be sold off and developed with single-family residences.

Date of Estimated Value:
August 2, 2024

Estimated Value:
$722,000

CERTIFICATION

I CERTIFY THAT, TO THE BEST OF MY KNOWLEDGE AND BELIEF:

I personally inspected the subject property and the comparable sales.

The statements of fact contained in this report are true and correct.

The reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions and our personal, impartial and unbiased professional analyses, opinions and conclusions.

I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.

In the three years immediately prior to acceptance of this assignment I have not performed any services regarding the subject property as appraisers, or in any other capacity.

I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.

My engagement in this assignment was not contingent upon developing or reporting predetermined results.

My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result or the occurrence of a subsequent event directly related to the intended use of this appraisal.

My analyses, opinions and conclusions were developed, and this report was prepared, in conformity with the Uniform Standards of Professional Appraisal Practice. I am also subject to the Code of Ethics and Standards of Professional Practice of the Appraisal Institute, which includes provisions for peer review.

The use of this report is subject to the requirements of the State of Florida relating to review by the Florida Real Estate Appraisal Board and to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

No one other than the undersigned prepared the analyses, opinions and conclusions concerning real estate that are set forth in this report.

As of the date of this report, I have completed the requirements of the continuing education program of the State of Florida, and for Designated Members of the Appraisal Institute.

CARROLL & CARROLL

Timothy W. Sunyog, MAI
Cert Gen RZ3288

SCOPE OF WORK

All applicable approaches to value were developed and the value conclusion reflects all known information about the subject property, market conditions, and available data.

The scope of work was:

- Inspected the subject property and the comparable sales.
- Reviewed aerial photographs, land use plans, the Land Development Code, the Conservation Collier Initial Criteria Screening Report, Collier County Property Record Card, and other documentation.
- Reviewed how the property relates to its neighborhood and to the broader market area in development of an opinion of highest and best use.
- Researched vacant land and improved comparable sales, listings, and pending sales.
- Developed the sales comparison approach.
- Estimated the market value of the fee simple estate.
- Prepared an appraisal report summarizing the appraisal assignment, the property appraised, the application of the appraisal methodology, and the logical support for the value conclusion.

Sources of market data included local and regional MLS systems, CoStar, LoopNet, public records, and interviews with real estate brokers.

ESTATE APPRAISED

The estate appraised is the Fee Simple Absolute. For appraisal purposes Fee Simple Absolute is synonymous with Fee Simple.

The Dictionary of Real Estate Appraisal, Seventh Edition, published 2022 by the Appraisal Institute, defines Fee Simple Estate as:

> *Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.*

We consider easements, but only to the extent that they are known to us. Appraisal of the fee simple means that an improved property is vacant and available to be put to its highest and best use.

DEFINITION OF MARKET VALUE

In United States tax law, the definition of *Fair Market Value* is found in the United States Supreme Court decision in the *Cartwright* case:

> The fair market value is the price at which the property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

United States v. Cartwright, 411 U. S. 546, 93 S. Ct. 1713, 1716-17, 36 L. Ed. 2d 528, 73-1 U.S. Tax Case. (CCH) ¶ 12,926 (1973) (quoting from U.S. Treasury regulations relating to Federal estate taxes, at 26 C.F.R. sec. 20.2031-1(b)).

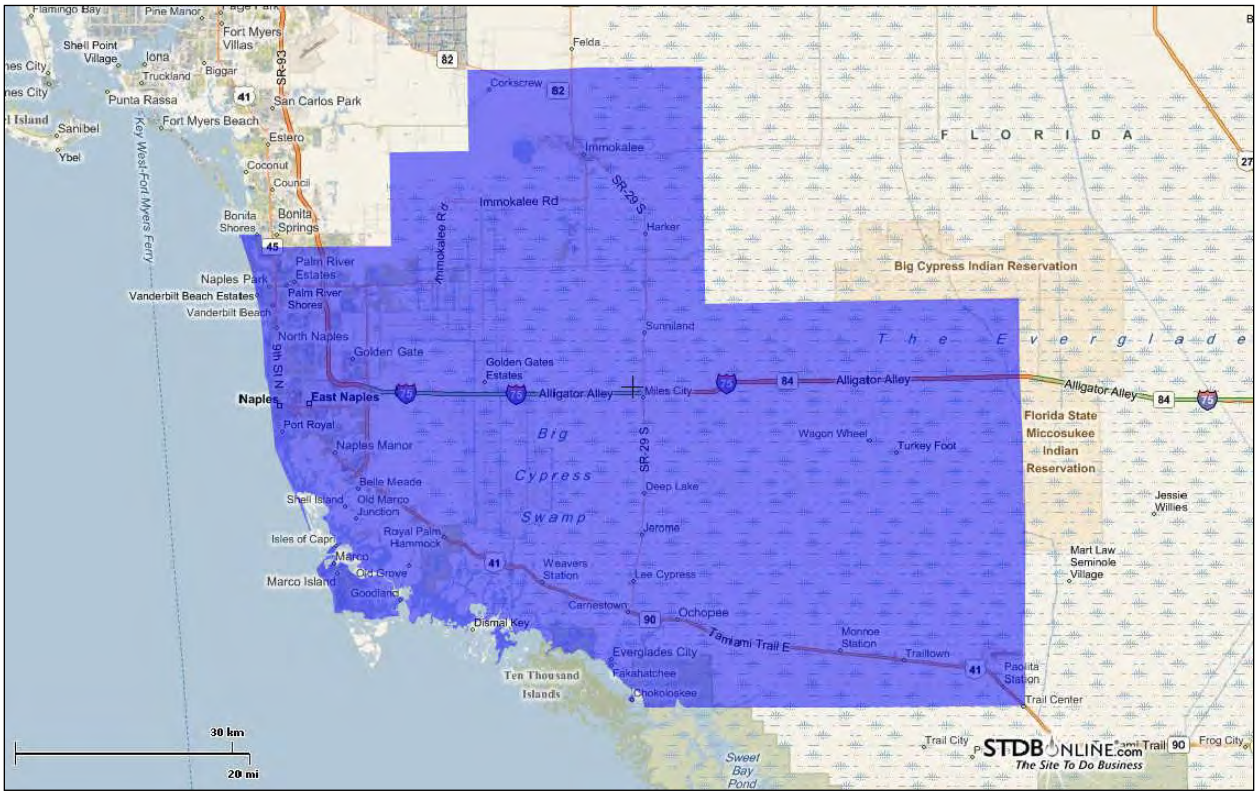
ASSUMED EXPOSURE TIME

The reasonable exposure time is assumed to have already occurred as of the appraisal effective date. The assumed reasonable exposure time was between 6 and 9 months.

AREA INFORMATION

COLLIER COUNTY ANALYSIS

An analysis of geography, transportation, population, employment, income, and education for Collier County is performed using data provided by Site to Do Business, Florida Office of Economic & Demographic, United States Department of Labor, all recognized source(s).



GEOGRAPHY

Collier County is the most southerly county on Florida's west coast offering mainland coastal development. Collier County is west of Ft. Lauderdale and south of Tampa. With 2,025 square miles of land area, it is the largest county in Florida. About 63% of the land area is in public ownership, is set aside for environmental preservation, or is scheduled for public land acquisition.

The region enjoys a climate that is classified as subtropical. Summers are relatively mild, and winters are usually frost free. A hard freeze is a rarity. The climate, especially in winter, is one that attracts and is enjoyable to most people.

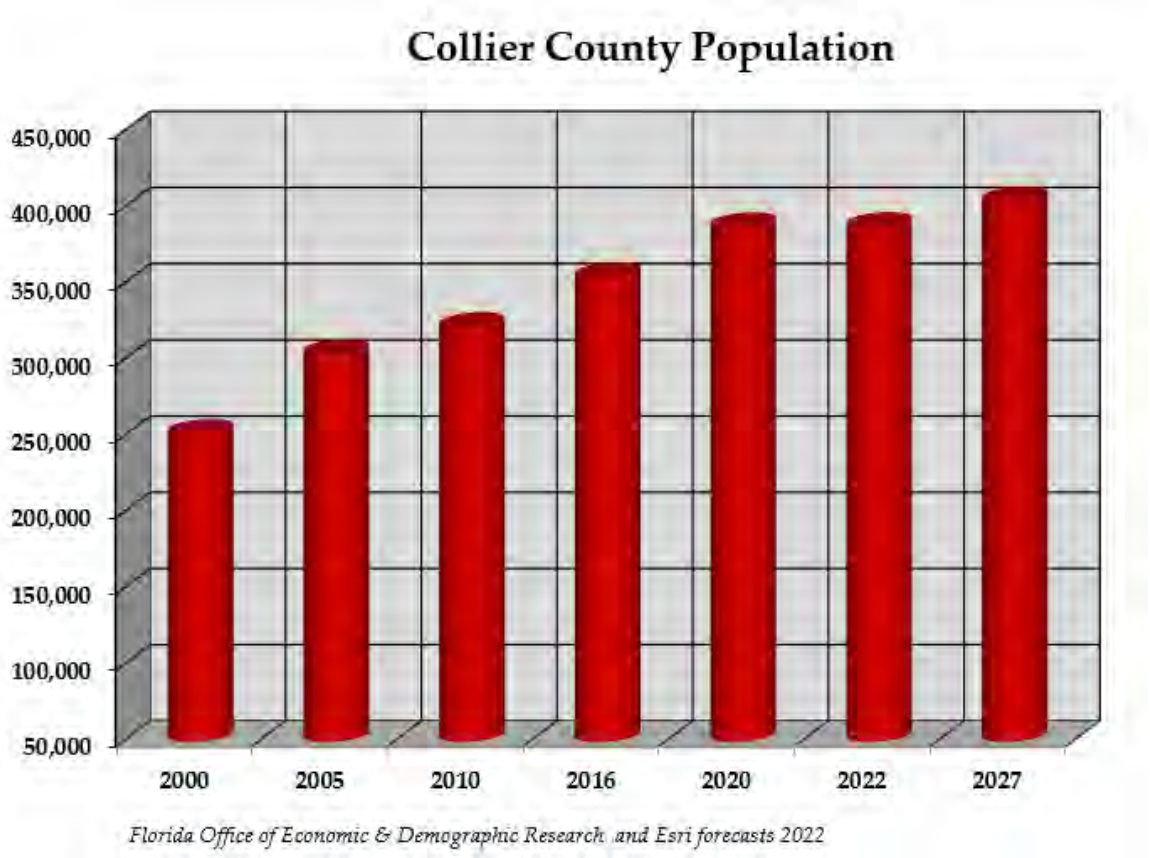
The geography of the area runs generally northwest and southeast as indicated by the trend of the coastline. Beaches extend from the northern county line south to Cape Romano and then, as the coastline trends further to the southeast, beaches give over to mangrove islands and swamps. Moving northeastward from the beaches, elevations increase very slowly. Most of the county is less than 15 feet above mean sea level. Although changes in elevation

are gradual, they are well defined by variations in vegetation. Much of the county is, or was once, wetland. The once plentiful marine resources are largely depleted, but still provide good sport fishing.

Population centers include the coastal communities of Naples, Marco Island and Everglades/Chokoloskee. Immokalee, the single large interior community, is in north Collier County and is the agricultural center of the region.

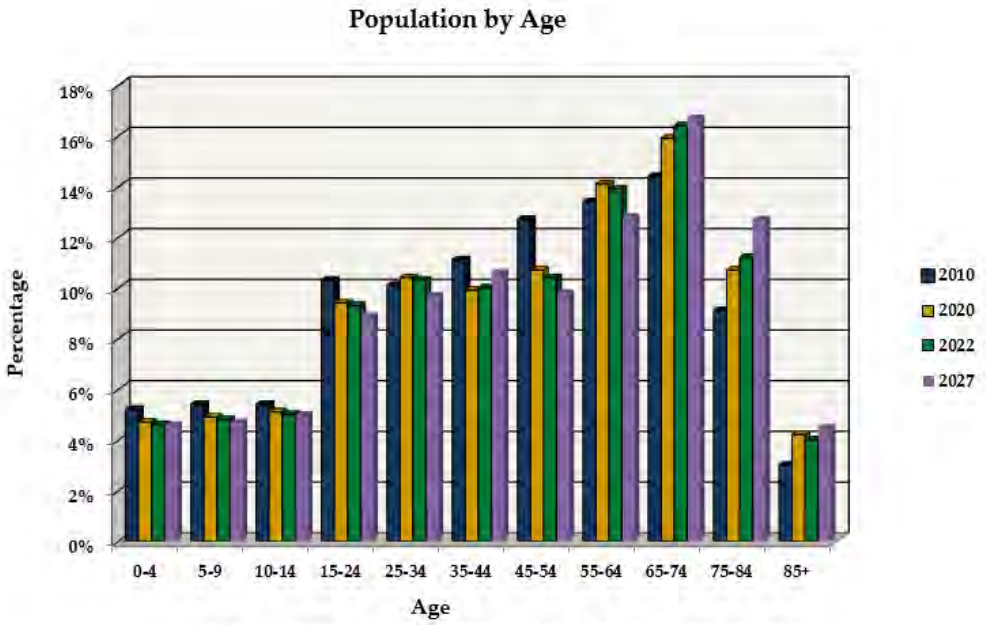
POPULATION

"The social forces studied by appraisers primarily relate to population characteristics. The demographic composition of the population reveals the potential demand for real estate, which makes the proper analysis and interpretation of demographic trends important in an appraiser's analysis." The total population, it's composition by age and gender, and the rate of household formation and dissolution strongly influence real property values. (*The Appraisal of Real Estate 14th Edition*)



Collier County's population has continued to increase year after year. The population has increased only 0.1% as of 2022 from 2020. The population forecasts through 2027 calls for a continued steady growth cycle with an estimated 4.4% population growth from 2022 to 2027.

Collier County is a popular retirement destination. As of 2022, 55.9% of the County's residents are over the age of 45. The 2027 forecasts depict an aging community with 56.5% of the population 45 years of age or older.



U.S. Census Bureau, Census 2020 Summary File 1. Ersi forecasts for 2022 and 2027

EMPLOYMENT

Collier County is a largely service based economy with 32.1% of the employees in the leisure, hospitality, education, and health service industries and 26% in professional, business, financial and other services. Trade, transportation, & utilities along with government jobs account for 36.4% of the County's employees. Industries such as natural resources/mining, construction, and manufacturing make up only 5.5% of the market.

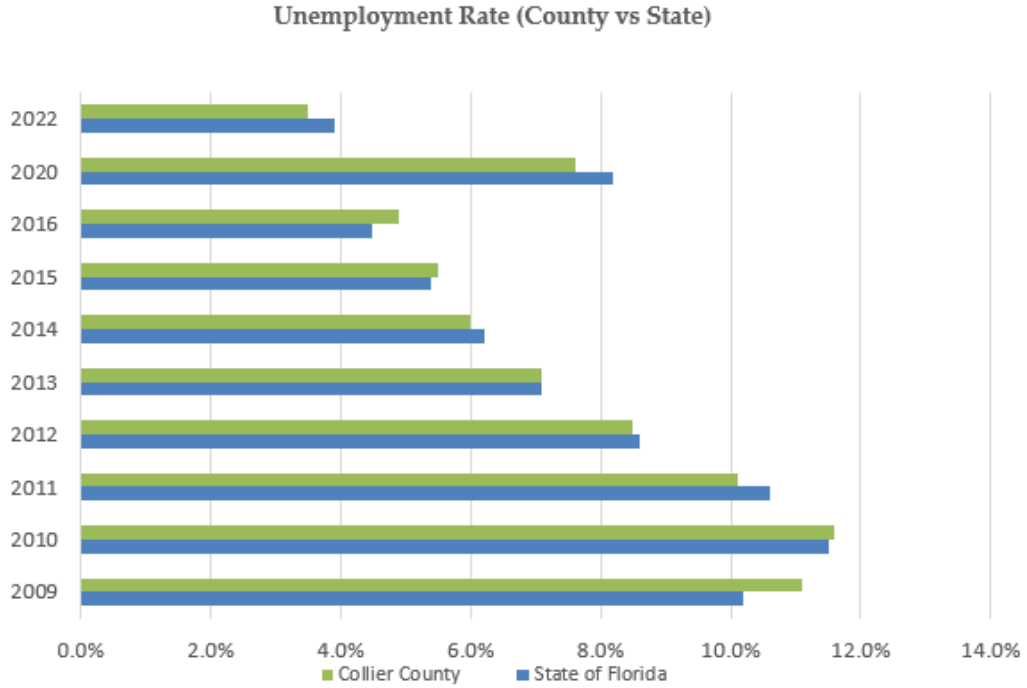
*Source: SOUTHWEST FLORIDA ECONOMIC DEVELOPMENT ALLIANCE NOTE: * DATA AS RECENT AS 2018 Q3; ** DATA AS RECENT AS 2017*

The unemployment rate in Collier County exceeded the state average by a slight margin in the years 2015 and 2016. The unemployment rate then declined through 2020 as the economy improved and, until recently, Collier County's unemployment rates decreased more rapidly than the state.



United States Department of Labor/Bureau of Labor Statistics/LAU Statistics Map

INCOME

Collier County's per capita income and median household income levels are higher than state statistics. The most substantial difference between Collier County and the state is the large percentage difference in household incomes above $100,000 where Collier County exceeds the state by over 12%. Collier County's percentage household incomes ranging from $25,000 to $74,999 is slightly lower than the percentage of household incomes in the state, only mirroring that of the state at $75,000 to $99,000, and from there exceeding the percentage of the state. Income levels vary greatly within different areas of Collier County, and so will be discussed in greater detail in the Market Area descriptions.

TRANSPORTATION

The transportation system reflects local geography, population densities and the primary motivators of tourism, service industry employment, the construction industry, agriculture, and leisure activities.

ROADS

The earliest roads were coastal, extending from north to south in the early twentieth century with the first settlers. Principal among these is US-41, commonly referred to as the Tamiami Trail because it was built to connect Tampa and Miami. Where it passes through the coastal community US-41 is a four or six lane divided highway with landscaped medians, curb and gutter, streetlights and often with concrete sidewalks. The Trail is the principal coastal arterial and one that defines several important boundaries. Often there is a noticeable land value difference east and west of US-41 because the affluent coastal population prefers to shop and trade close to home. As the highway turns southeast from downtown Naples toward Miami the Trail defines the boundary of the coastal management zone which affects development densities and storm evacuation requirements. The eastern segment of US-41 is a designated national scenic highway popular with tourists, especially during the winter season as they seek adventure in the Everglades.

A system of asphalt surfaced arterials, major collectors, minor collectors, and neighborhood streets extend into the urban area east and west from US-41. North-south arterials and major collectors are established about one mile apart. From west to east, these include Goodlette-Frank Road, Airport-Pulling Road, Livingston Road, Santa Barbara Boulevard and Collier Boulevard. The east-west grid is spaced about two miles apart; from north to south being Immokalee Road (CR-864), Vanderbilt Beach Road (CR-862), Pine Ridge Road (CR-896), Golden Gate Parkway (CR-886), Radio Road (CR-856), Davis Boulevard (SR-84), and Rattlesnake Hammock Road (CR-864). Within the urban area all of these are at least 4 lane divided highways.

East of Collier Boulevard the road system reflects the economies of scale of Golden Gate Estates subdivision (the Estates) where 102 square miles of rural subdivision is supported by a grid system of paved and unpaved 2 lane streets, with 2 and 4 lane asphalt surfaced

major collectors. Golden Gate Boulevard, a 4-lane divided road for five of its eleven miles east of CR-951, is the principal east-west collector. Everglades Boulevard (2 lane and asphalt surfaced) is the north-south major collector extending south from Immokalee Road 14 miles to the grade separation at I-75 where it continues into the Picayune Strand State Forest. Most of the neighborhood streets in Golden Gate Estates are asphalt. Collier County is planning to extend east-west collectors through the Estates along the alignment of Vanderbilt Beach Road and somewhere south of Golden Gate Boulevard. A north-south connection is also planned from the eastern terminus of White Boulevard (Pine Ridge Road) north to Golden Gate Boulevard.

Interstate highway 75 (I-75) was extended from north to south through Collier County in the mid-1980s along a flood-proof route about five miles inland. Directly east of the City of Naples I-75 joins the original alignment of State Road 84 (Alligator Alley) connecting with Florida's east coast at Ft. Lauderdale. The coastal community I-75 interchanges are spaced three to four miles apart at Immokalee Road (CR-864), Pine Ridge Road (CR-896), Golden Gate Parkway (CR-886), and at Collier Boulevard/Davis Boulevard (CR-951/SR-84). Twenty-one miles east of the coastal community is an interchange at State Road 29; the last interchange in Collier County. Collier County and the FDOT continue to study the feasibility of an interchange at Everglades Boulevard.

The advent of I-75 signaled a change in the relationship of Collier County to the rest of Florida and the United States. While US-41 was the only north-south arterial, Collier County was dominated by the conservative mid-western influences of seasonal residents and somewhat isolated from the larger urban areas of Florida. After the late 1980s, road access to Collier was made much more convenient to the northeast via connections with I-4 and I-95. This had the effect of broadening Collier’s market exposure and it stimulated growth. The extension of I-75 south into Dade County promoted better access for European tourists and made Collier County transient lodging attractive for east coast weekenders.

Strategic connections exist where Collier Boulevard and CR-92 extend south and west from US-41 providing access to the City of Marco Island from the greater Naples area and from Florida's east coast, respectively. State Road 29 connects the southwest Florida agricultural center of Immokalee with points north, with the Naples coastal community via CR-846, with the Ft. Myers coastal community via SR-82, and with US-41 at Everglades City which is the western gateway to Everglades National Park and the 10,000 Islands region of Collier's southwest coast.

The road transportation system is well planned, well maintained, and operating at acceptable capacity. Ambitious road construction projects undertaken in anticipation of growth projections and funded by impact fees have caught up with development. The road system reflects Collier's position at the southerly limit of development on Florida's west coast.

MASS TRANSIT

Collier Area Transit (CAT), operated by Collier County Alternative Transportation Modes Department, provides inexpensive alternative transportation throughout the county linking major employment centers of Naples with Marco Island and Immokalee. There are several circulation routes with stops at the County government complex, hospitals, and major shopping establishments. The system accommodates bicycle transport and personal items.

The same County department administers the Collier Area Para Transit system which provides subsidized transportation services for the disabled and economically disadvantaged.

This is a successful and growing system that connects people with jobs, essential services, and shopping while reducing transportation costs and road congestion.

AIRPORTS

Collier County is supported by a system of five public airports. Southwest Florida International Airport (RSW) is located in Lee County 25 miles north of Naples; a 45-minute drive via I-75 from the Collier center of population. This facility serves the five county southwest Florida regions offering domestic and international air carrier service. It is modern, convenient, and has planned expansion to keep up with regional growth.

Naples Municipal Airport (APF) owned by the City of Naples and operated by the independently constituted Naples Airport Authority which derives its revenue principally from fuel sales. This small airport (about 1 sq. mi.) is located one mile east of downtown Naples. It serves the coastal community and is especially convenient to affluent residents who own private aircraft, to the corporate convention business of the large beachfront hotels, and to essential services like mosquito control, Emergency Medical Services (EMS), the Sheriff's office, and private air ambulance services. The two paved runways (5/23 @ 5,290' and 14/32 @ 5,000') will support jets including the G4 and Challenger series. Naples airport is tower controlled and fully certified for commercial operations and is home to several aircraft charter services and flight training schools. In 2005, Naples Municipal Airport accommodated 163,434 aircraft operations, a record high. Annual operations decreased by nearly 50% from 2005 to 2011. The total operations for 2020 were 104,479, which is a 5.2% increase from the previous year. Due to its downtown location, Naples airport has restricted operations of the noisiest jet aircraft and is at the leading edge of noise abatement measures.

The Collier County Airport Authority owns and operates airports at Marco Island, in Everglades City, and at Immokalee. These are primarily funded through fuel sales and hangar leases. Marco Island Airport (MKY) is a very small (64.47 acres) general aviation facility on the mainland four miles northeast of Marco Island. The single paved runway (17/35 @ 5,000') will support light jet traffic. Hanger and ramp space is very limited. Fuel is

available. This airport is convenient to Marco Island residents and to the corporate convention business of the Island hotels. Immokalee Regional Airport (IMM) is one mile east of Immokalee and 35 miles by road northeast of Naples. This 2 square mile airport has two paved 5,000-foot runways (18/36 and 09/27) a third diagonal runway is now used as a weekend drag racing strip. The airport is in the Florida Rural Enterprise Zone and a HUB Empowerment Zone. A 60-acre zone in and around the airport is a designated Foreign Trade Zone. To date, the economic potential of this airport is largely unrealized. However, the field is active as a training destination for coastal-based flight schools, it hosts aerial firefighting and crop-dusting operations, and it bases numerous private aircraft. The Everglades Airpark (X01) is a light duty general aviation facility of 29.14 acres that is within walking distance of downtown Everglades City. The single paved strip (15/33 @ 2,400') supports itinerant coastal traffic and half a dozen-based aircraft. Fuel, a comfortable pilot center and bicycles are available.

The aviation community Is well supported. The greater Naples area is the beneficiary of the winter season influx of corporate executives and affluent individuals who can afford luxury private jet travel.

MARINE TRANSPORTATION

There is no deep-water port and no commercial marine activity other than that associated with commercial fishing, charter sport fishing, and the marine towing services that support the pleasure boat industry. The controlling depth to the municipal dock in Naples Bay is six feet at mean low water. The US Coast Guard maintains a dredged and well-marked intracoastal waterway from the head of Naples Bay to Coon Key southeast of Marco Island. Local geography requires vessels northbound from Naples to transit 30 miles of the Gulf of Mexico before returning to the sheltered intracoastal system at Sanibel Island. According to the Marine Industries Association of Collier County, as of early 2018 there were 57,685 registered vessels in Southwest Florida. In 2022, Florida registered over 1 million recreational boats. Seasonally, excursions from Marco Island to Key West and from Ft. Myers Beach to Key West are scheduled daily.

EDUCATION

The Collier County School District provides public education to about 47,000 students encompassing grades K-12 and employs almost 7,000 people of which 3,200 are teachers. The district has 51 public schools consisting of 31 elementary, 10 middle, 8 high schools, one K-12 (Everglades City School), and 1 virtual school. There are also 12 alternative school programs and two technical colleges, Lorenzo Walker Technical College, and Immokalee Technical College, which offer short term and long-term training to adults and high school students.

Between 2015 and 2020, the school district had an overall population growth of more than 6,000 students but recently student population growth has leveled off and slightly

decreased. The student population is a diverse culture. 55% of students live in homes where English is not the first language. Students come from 76 different countries of origin and speak 104 different languages.

Collier County School District continues to receive an "A" grade by the State of Florida Department of Education. The district and all schools are accredited by the Southern Association of Colleges and Schools Council. Collier County is the leader in Florida in educational technology. It is also a leader in advanced educational programs, offering dual enrollment and Advance Placement courses, Cambridge Advanced International Certificate of Education and Laureate diplomas. Career training is available through 32 career academies.

In addition to the public-school system, there are numerous private schools throughout the county. Approximately, 16% of all K-12 students in Collier County are educated in private schools.

Collier County is also home to several colleges and accredited universities. Three colleges have campuses in Collier County: Ave Maria University, Keiser University and Florida Southwestern State College (formerly Edison Community College). Ave Maria University is a private catholic university that offers both undergraduate and graduate programs including a law school has around 1,245 students. Keiser University is a private university that offers both undergraduate and graduate programs to over 17,990 students throughout 20 campuses in Florida and an online learning program. Florida Southwestern State College with campuses in Naples, Punta Gorda, and Ft. Myers, offers both two-year and four-year degree programs for 14,714 students. Formerly located in Naples, now in Fort Myers, Hodges University is a private four-year college that offers bachelor's and master's degrees in 20 disciplines for around 1,676 students. Nearby Florida Gulf Coast University (located in southern Lee County) is one of the state's fastest growing institutions and home to over 16,000 students.

CONCLUSION

At the southerly limit of urban development on Florida's west coast, Collier County offers the climate, natural resources, and sporting opportunities to support a superb retirement community. The quality of infrastructure, schools, and social services is what one would expect of such an area. We are experiencing a surge in new development projected to take us through the next several years. In the long term, the attractions of the climate and location, and the stability of fixed-account affluence promise continuing prosperity although probably without the strong emphasis on new development.

MARKET AREA

Market Area is defined as:

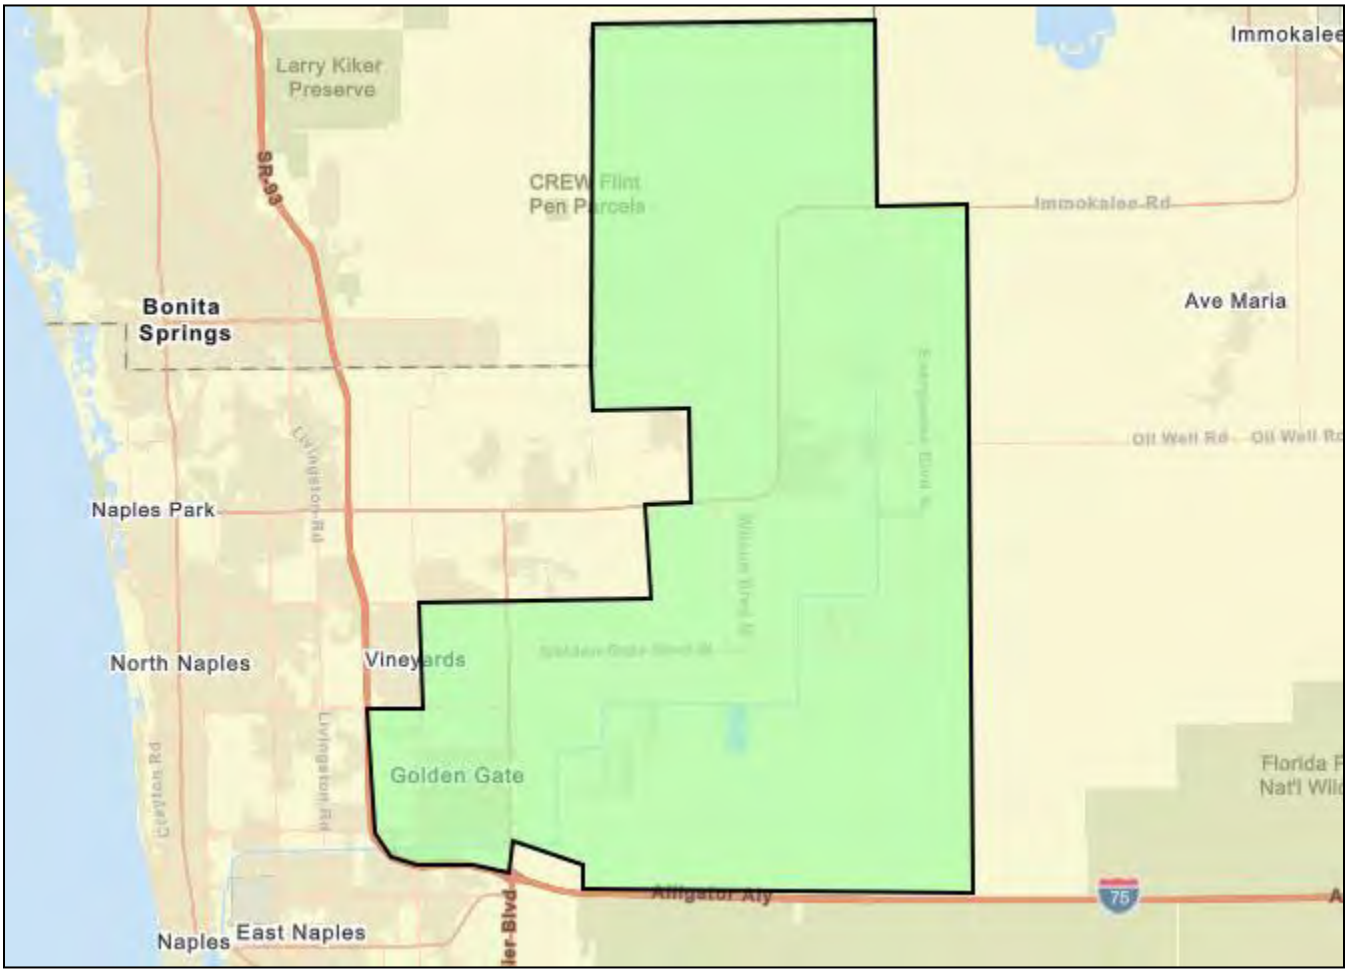
"The geographic region from which a majority of demand comes and in which the majority of competition is located." (*The Dictionary of Real Estate Appraisal 7th Edition*)

"A market area is defined in terms of the market for a specific category of real estate and thus is the area in which alternative, similar properties effectively compete with the subject property in the minds of probable, potential purchasers and users." (*The Appraisal of Real Estate 15th Edition*)

A market area includes those surrounding land uses which impact the value of a property and it can encompass one or more neighborhoods or districts. An appraiser focuses on the market area in analyzing subject property value influences.

BOUNDARIES

The subject property is located within the Golden Gate area of Collier County. For appraisal purposes, the Golden Gate or market area boundaries are shown below:



Introduction

The portion of Golden Gate within this market area is approximately 157 square miles in size. Three separate land uses are worth noting. Golden Gate City, which is not incorporated, is a 4-square mile development of high residential density consisting of both single-family and multifamily units. Commercial services for this market area are centralized here. The rural estates consist of approximately 116 square miles and is zoned for estate living. This low-density development serves a rural lifestyle desired by many in the area. A third area, Orange Blossom PUD located on Immokalee Road, is a 4-square mile residential subdivision with commercial support near the Immokalee Road and Randall Boulevard intersection. It is approximately 80% developed with primarily single-family units. Collier County Fairgrounds, a high school, middle school, and elementary school are located here.

Demographics for Golden Gate City and rural estates will be discussed separately, where appropriate, Data for Orange Blossom PUD will be included in the rural estate's demographics.

Environmental Influences

This area is desired because of mild winter weather and rural lifestyle. Even though it is inland from the coast there is still easy access to miles of beaches. The Naples area is one of the very few in Florida that offers adequate public access to a mainland beach. The subtropical weather allows for year-round recreational opportunities. Boating, swimming, riding ATVs, and camping are popular activities. Bicycling, walking and jogging are supported by an extensive network of connected biking and walking paths. Multiple tennis and pickle ball courts are available, as well as fitness centers.

Golden Gate is known for its clean environment and healthy lifestyle. Residents are drawn to the rural estates because of wooded lots, native vegetation and abundance of wildlife. Agriculture uses are permitted; therefore, equestrian activities are common throughout the estates. Golden Gate City is an urban area served by county parks and a biking/walking path network.

Governmental Influences

This market area, including Golden Gate City, is governed by Collier County Board of County Commissioners which serves as chief legislative body and five constitutional officers: sheriff, clerk of courts, tax collector, supervisor of elections, and property appraiser. County government is managed by a strong county manager structure. Collier County provides services which range from average to high quality. However, Collier County is known for being a difficult county for building and development. The tax burden in Collier County is lower than the national average.

County government has zoning, and comprehensive plan ordinances designed to protect the character and values of property; to protect and enhance economic development; and to maintain and enhance the attractive nature of the area.

Public services include fire protection, solid waste disposal, potable water, sanitary sewer service and storm water drainage. In some areas of Golden Gate Estates where sanitary sewer is not available, septic systems are permitted. Public/private companies proved adequate services for electricity, cable, and internet. Community support facilities such as schools, parks, churches, shopping, and places of employment are all located within this market area.

Collier County Sheriff Department provides a full range of services for Collier County. According to the 2022 statistics listed by the Collier County Sheriff's Office, Collier County has one of the lowest crime rates in Florida. The county averages are representative of conditions in the Golden Gate area.

This market area is served by several arterial roadways. All are six-lane divided highways with landscaped medians. Improvements include street lighting and concrete curb and gutter. North-south arterial roadways include Santa Barbara Boulevard which connects Rattlesnake Hammock Road to Immokalee Road and Collier Boulevard (SR-951) which is a major arterial linking Marco Island in south Collier County with Immokalee Road near the north county line. Development along Collier Boulevard is a mixture of single/multi-family residential, office, light industrial, institutional, and retail.
The Collier Boulevard thoroughfare anchors a grid of arterial roads spaced about 2 miles apart, that serve the greater Naples coastal community which lies to the west and has direct access to I-75.

East-west arterials include Golden Gate Parkway, Pine Ridge Road, and Immokalee Road. Each one provides direct access to Interstate I-75. Development along Pine Ridge Road is mainly developed with single family homes and institutional uses. Golden Gate Parkway and Immokalee Roads have a mixture of single/multi-family residential, office, industrial, institutional, and retail uses. Another east-west arterial is Vanderbilt Beach Road which is a direct connection between the Golden Gate area and the Naples beaches. Construction has begun on the Vanderbilt Beach Road Extension, which will be extended to Wilson Boulevard.

Interstate I-75, which connects Collier County to both North Florida and Florida's east coast, serves this entire market area and access is provided by three interchanges.

The arterial road system is laid out in a grid pattern that provides adequate traffic flow to all areas of the county. Commercial development exists at every major intersection; but the intersections are designed with proper turns lanes and signaling to provide for adequate

traffic movement. The road network easily handles traffic demand in the off-season, May through December. Traffic more than doubles in January, February, March and April because of seasonal residents and tourists. Even with exceptionally heavy traffic, the road network usually handles peak traffic demand without major delays.

The rural estates are served by a grid of residential streets and collector roads. The residential streets, which are two-lane roads with open swales, are located every quarter mile. Most these roads are paved; however, some residential streets located along the eastern edge of this market area have yet to be improved. The residential streets feed into collector roads, which connect to the major arterial highway system. The collector roads include Santa Barbara Boulevard, Golden Gate Boulevard, Wilson Boulevard, Everglades Boulevard, Randall Boulevard and Oil Well Road. They are four to six-lanes in the more populated areas, transitioning to two-lanes in the eastern section of this market area.

Public transportation is provided by a county transit bus service.

Naples Municipal Airport is located outside the market area but is easily accessed by any resident of the area. The airport is City owned but operated by the independent Naples Airport Authority. It serves private and commercial aviation, as well as aviation related activities. It supports government services, such as, Mosquito Control District and Collier County Sheriff's aviation unit.

Located within the market area is the Paradise Sports Complex developed by Collier County. The 60+ acre site is designed with 19 fields to accommodate football, soccer, field hockey, lacrosse, baseball, and others. There is a 13-acre lake with a beachfront, food-truck area, a market space, a large lawn, a championship stadium with seating capacity for 3,500 and an indoor fieldhouse. The total budget for the project was approximately $80 million dollars. Adjacent to the Paradise Sports Complex will be the proposed Great Wolf Lodge South Florida which is projected to be completed in the spring/summer of 2024. The hotel is situated on 20 acres and will feature 500 family-friendly suites and an expansive 100,000-square-foot indoor water park.

Social Influences

Golden Gate City is a diverse community of entry level housing. Residents like the small town feel and consider it a safe place to raise a family. Residential is approximately 95% built out. Rural estates are attractive for their quiet country living while being in close proximity to all that the coastal community has to offer. Build out varies in the rural estates from 95% in the western portion of the market area to 40% or less in the southeastern location. Per US Census Bureau forecasts, the 2022 population is 78,769 with a projected growth to 81,893 (0.78% annual growth) by 2027. This area experiences a lower seasonal population increase during the winter months than other areas of Collier County.

The median age is 36.7 with 73.7% of the population being 54 and younger. The median household income is $83,679. 25.6% have a bachelor's or professional degree and 24.7% have some college education. There is an average degree of community involvement through civic organizations, neighborhood groups, social service organizations and political committees.

The Naples cost of living is 11.9% higher than the average cost of living in the United States. Conversely, Florida has a cost of living that is 1% higher than the US average. Of the 25 locations included in the Economic Policy Institute's dataset for Florida, Naples-Marco Island is the 21st most expensive. In Naples, housing is the category with the highest index (21% above national average), while taxes are the category with the lowest index (15% below national average). (Ref. Careertrends.com; cost of living analysis). Golden Gate has some of the highest density of affordable housing units in Collier County, but because of the high cost of living, home values can still be out of reach for many moving into Collier County.

One of the main driving forces impacting growth in this area is the quality of schools. This market area has 15 public schools: two high schools, three middle schools, nine elementary schools, and three Charter schools. In addition to the public school system, there are three, faith-based private schools.

Economic Influences

The population increased 20.07% over the last 12 years or 1,097 people per year. The population is forecasted to increase an additional 3.97% over the next five years for an average of 625 people per year. This trend is consistent with the past twenty years and should continue into the near future as buildout continues along the eastern edge of this market area. The residential population is dominated by working class and young professional residents. Comparatively, incomes within this market area are less than the county average.

Development trends:

Residential

This market area provides a large range in home values from entry level housing to million-dollar estates and is the greatest source of vacant residential lots in the county. Values in Golden Gate City should remain consistent subject only to general market trends. Values in the eastern rural estates will increase as buildout in the units closest to the coast continues.

The average home value in the market area is $384,105 which is considerably lower than the County's average home value of $567,449. The total number of households in the market area is 27,440, of which, 69.9% are owner occupied, 22.8% renter occupied and 7.3% vacant. Vacancy includes seasonal rentals.

Commercial

Commercial development can be categorized into four different groups. Primary commercial is in Golden Gate City. Second group is newer construction at the arterial road intersections. Third is neighborhood commercial within the rural estates. Fourth is the industrial commerce park near Collier Boulevard and the I-75 interchange.

Golden Gate City is the commercial center serving this market area. Santa Barbara Boulevard, north of Golden Gate Parkway, has a mixture of multi-family residential and commercial along the east side of the road. Commercial consists of older single story, single user buildings and 4 to 8 unit retail plazas. Businesses include daycare/ preschools, neighborhood food mart and gas stations, construction company offices, barber shops and beauty salons and small restaurants. Golden Gate Parkway has a mixture of multi-family and commercial development along both sides of the roadway. Newer commercial consists of CVS and Walgreens, carwashes, bank branches and national fast food restaurants. There are three older shopping centers, anchored by Winn Dixie and by Ace Hardware. Single story commercial structures and strip centers house neighborhood businesses such as barber shops and beauty salons, florists and jewelers; veterinary services and family medical clinics; and small locally-run restaurants and food marts. Several businesses consist of automotive support such as gas stations, oil chance and car washes. Professional services are primarily located in executive suites located near Santa Barbara Boulevard.

The Quality Inn Hotel & Golf Course located at the southwest corner of Golden Gate Parkway and Collier Boulevard was purchased by Collier County in 2019. A lease agreement was signed with BigShots Golf in May 2021 who planned to redevelop the 165 acres with a 12-hole public golf course and a BigShots entertainment facility. The project has still not yet broke ground.

Commercial frontage along the west side of Collier Boulevard south of Green Boulevard is very similar to commercial along Golden Gate Parkway in building size, age and use. The exception is that there is a greater density of national food chains. The second-tier commercial properties, without major road frontage, are developed with single story warehouse-type structures housing service-oriented businesses.

Newer commercial development is located along Collier Boulevard where it intersects Pine Ridge Road and Vanderbilt Beach Road. Each intersection has a shopping center anchored by either a Publix or Winn-Dixie supermarket. Out parcel development includes bank branches and gas station/convenience stores and national pharmacies.

Commercial development in the rural estates is limited because residents have orchestrated an ongoing effort to prohibit commercial development in the residential areas. The only neighborhood commercial locations are at the intersection of Wilson Boulevard and Golden

Gate Boulevard, Everglades Boulevard and Golden Gate Boulevard, and at Randall Boulevard and Immokalee Road.

The Randall Boulevard and Immokalee Road intersection is where the majority of commercial development is occurring. There is a Publix anchored shopping center on the east side of the road. Located along the western curve of Immokalee Road is approximately 50 acres that is current being developed and will be known as Randall at Orangetree. Upon completion, the development will include a 400-unit apartment complex and about 350,000 square feet of commercial space.

Industrial

Industrial/commercial developments are in the northeast quadrant of I-75 and Collier Boulevard interchange. White Lake Industrial Corp Park is one of Collier County's three primary industrial parks. The White Lake Industrial Park contains 144.4 acres and is approved for 7.80 acres of commercial and 77 acres of industrial. White Lake consists of newer, good quality flex and warehouse properties and it is home to some of the largest manufacturing facilities within the county. It is approximately 85-90% built-out.

City Gate Commerce Center contains 288 acres zoned for 2,950,000 S.F. of commercial, light industry, office, warehouse and distribution. The site has over 3,000 feet of frontage on Collier Boulevard where a gas station, a 102 room Spring Hill Marriott Hotel and a 100 room Fairfield Inn Marriott have been constructed. The Paradise Sports Complex was also recently completed. A developer (Uline) recently completed the development of a 936,950-square-foot Distribution Center on approximately 102.68 acres of land within City Gate. There is also an Amazon Distribution Center near the corner of Davis and Collier Blvd.

Medical

None of Collier County's major medical facilities are located within this market area. The only major medical center/hospital servicing this area is the Physicians Regional Medical Center located along Pine Ridge Road, just east of Interstate 75. This is a 201-bed facility and is one of the county's four major medical centers. The hospital offers a 24-hour emergency department that provides a full range of traditional emergency services. An additional NCH emergency room facility was completed at the northeast corner of Collier Boulevard and Immokalee Road. This is a two-story 19 room, state of the art emergency room with additional medical space for practicing physicians. The facility was built to help service the rural estates and all the new residential units being constructed along Collier Boulevard and Immokalee Road. Physicians Regional recently completed a similar facility at the southeast corner to serve all the new residential development along Immokalee Road and the Golden Gates Estates community. Encompass Health Rehabilitation Hospital of Naples is a recently completed 50-bed rehabilitation hospital along Collier Boulevard, north of Vanderbilt Beach Road.

April 27, 2023

Construction, education, and retail trade dominate the market area business sector.

MARKET AREA LIFE CYCLE

Market areas often pass through a four-stage life cycle of growth, stability, decline, and revitalization.

- **Growth – A period during which the market area gains public favor and acceptance.**
- **Stability – A period of equilibrium without marked gains or losses.**
- **Decline – A period of diminishing demand**
- **Revitalization – A period of renewal, redevelopment, modernization and increasing demand.**

Most of the real estate activity in Golden Gate reflects the growth cycle. The residential and commercial markets continue to be strong. The growth cycle is expected to continue into the near future. Because of the age of the structures, the western portion and the city center are just beginning to experience some revitalization.

CONCLUSION

This continues to be one of the most affordable market areas in Collier County. The houses within the city center provide entry level housing and the rural area satisfies the desire for larger lot sizes and rural lifestyle. A well-designed road network provides easy access to jobs serving the coastal community; coastal beaches and water activities; entertainment endeavors; and commercial and medical services. This area appeals to a cross section of the population but primarily to working-class families. Development continues to push north and east where vacant lots still exist. Golden Gate will likely continue to enjoy a healthy growth while maintaining its affordability.

SITE DESCRIPTION	
Legal Description	All of Tract 15 and 18, Unit 91, Golden Gate Estates, according to the plat thereof, as recorded in Plat Book 5, Page 30, Public Records of Collier County, Florida.
Property ID#	41501440005
Owner of Record	Cypress Cove Conservancy, Inc.
Size	I was not provided with a boundary survey and therefore relied on the area from the Collier County Property Appraiser and the plat map. 10.00 gross acres
Easements	The subject is encumbered by a 30-foot-wide road right-of-way easement along the southern boundary for 40th Avenue SE. This is a perpetual, non-exclusive, road right-of way, drainage, and utility easements which preclude most all practical uses by the owner, but the areas within the easements can be utilized for density calculations. Such easements are typical of the area.
Shape	Square 660' x 660'
Frontage	The subject fronts along the north side of 40th Avenue SE for 660 feet.
Access	The subject is provided both physical and legal access from 40th Avenue SE. 40th Avenue SE is a 2-lane asphalt paved road extending east and west from Desoto Boulevard.
Topography	Based on my physical inspection, the property is generally level and slightly below road grade.
Ground Cover	The property is in its native state and has been selectively cleared. I was provided with a Conservation Collier Initial Criteria Screening Report dated August 3, 2022 (Revised August 26, 2022, February 7, 2024, and March 6, 2024). The report indicates that the land is covered in Cypress and Cypress/Tupelo Mixed. The canopy consists of cypress, cabbage palms, red maple, bay, slash pine, and laurel oak. The property consists of a mix of soil types including Boca, Riviera, Limestone, Substratum and Copeland Fine Sand, Depressional, a small portion of Hallandale and Boca Fine Sands, and Hallendale Fine Sand. The house and parking

	areas are constructed on a limestone base. Overall, the ground cover can be described as a rockland hammock.
Utilities	Electricity, telephone and TV cable are available. The property is currently serviced by well and septic.
Surrounding Land Uses	The subject is located approximately 0.32 miles west of Desoto Boulevard along the north side of 40th Avenue SE. The subject is surrounded to the north, south, east, and west by vacant land which is part of the Dr. Robert Gore III Preserve and owned by Collier County. The Picayune Strand State Preserve is only just across I-75 to the south, but access is circuitous being cut off by I-75.
Demographics (2023)	2 mile / 5 / 10 Population: 680 / 5,762 / 79,317 Households: 210 / 1,775 / 28,177 Median HH Income: $79,276 / $86,892 / $74,528 Median Home Value: $291,771 / $303,155 / $326,443
Site Improvements	Site improvements include a metal automatic gate, wooden boardwalk with railing that leads from the parking lot to the single-family residence, a 2,225 square foot wooden deck, gravel parking lots and paths, and average quality landscaping. The site improvements are in average to good condition.

BUILDING DESCRIPTION	
Overview	The home was designed and built by Dr. Robert Gore III. The home was constructed of native materials and designed to create as little impact on the surrounding environment as possible.
Property Type	Residential – Single Family
Design	Custom
Construction Class	Class "D" – Wood Frame
ISO Class	ISO 1 – Frame
Construction Quality	Good
Building Area **(Source)**	Total Living Area: **1,549 Square Feet** (Collier County Property Appraiser)
Stories	2
Beds/Baths	2 Bedroom / 2 Bathrooms
Year Built **Actual Age** **Effective Age**	1988 36 Years 25 Years
Foundation	The entire structure is supported by 28, 10"×10" pressure treated wooden posts, anchored to 36"×36"×12" deep reinforced-concrete plinths poured above 6' deep back-filled gravel pads. This foundation design allows for ground water to percolate through both laterally and vertically without destroying the compaction required to support the structure.
Exterior Walls	Vertical-groove rough-sawn cedar boards.
Roof	Wood trusses supporting a steep hip roof of plywood decking finished with a metal roof cover including a cupola. The roof cover was replaced in 2020. The roof is also equipped with numerous skylights.
Windows	Aluminum Frame (Impact Glass)
HVAC	None
Garage	None
Pool / Spa	None
Appliances	Range Oven / Microwave / Refrigerator / Dishwasher / Washer & Dryer
Electrical	Typical System & Fixtures (Standard 110/220-volt service)
Plumbing	The home is designed with two bathrooms. The septic

	system is new and is adequate to accommodate an outdoor bathroom facility.
Interior Finishes	Most of the interior paneling is vertical-groove clear cypress with pecky-cypress used to finish the study. The dining room is the only room with drywall interior surfaces. The ceilings are also un-insulated vertical groove cypress. The floors throughout are Bruce Oak planking. The chimney and hearth are faced with native Florida limestone over a concrete block and firebrick structure. The kitchen and bathrooms are finished with wooden cabinets and quartz countertops. The bathrooms are finished with tile floors and walls over a waterproofing membrane. The overall quality of the interior finishes is considered good.
Design	The house is designed with a kitchen, primary bedroom with full bath, a study with extra full bath, a small dining room and a central living room with fireplace and covered wrap around porches on all sides of the home. All the rooms feed off of the modified dogtrot hallway entrance. This design along with the cathedral ceilings and central cupola allow for maximum ventilation, necessary since the house is not air-conditioned.
Additional Features	The home is designed with screened porches and wooden decks surrounding the home.
Construction Quality	Good
Condition	Overall, the home has been well maintained and is in good condition. The majority of the home has been updated/renovated over the past 3 to 4 years. Below is a list of the renovations provided by Shane Duff, President of Gore Nature Center. Shane said that that they have spent $300,000 to $350,000 on the renovations, which does not include any management/GC costs. • Septic System is brand new and engineered for 4 bathrooms to accommodate an outdoor ADA bathroom facility (to be built) • All cedar board and batten siding was repaired/replaced as needed and restrained • Roof is 4 years old • Windows and doors are all 4 years old - Aluminum

	PGT Impact • All outlets and switches have been replaced within the last 3 years • All interior and exterior lighting fixtures and fans have been replaced within the last 3 years • All toilets and sinks are less than 3 years old • All plumbing is PVC and PEX - much of the work is less than 6 years old • Stiebel on-demand tankless hot water heater is less than 1 year old • Washer/Dryer, Dishwasher, Refrigerator, and Oven are all brand new (2 years old and barely used) Samsung • All cabinets are brand new with quartz countertops - both are low maintenance and durable for use as community center • Joe Water Softener and Iron Breaker are 4 years old or less • Well pump is 1.5 years old and pressure tank is 8 months old • Decks have all been refreshed with all rotted boards replaced including a few joists • Aluminum screening framework replaced off the classroom • All hardwood floors have been refinished • Shower off the office was completely remodeled and Schluter waterproofing membrane was used on the floor and walls - top quality installation • The fireplace was completed repointed and inspected to be in safe working condition as of 2021 Overall, the structure is in good condition.
Excess Land	The single-family residence is located in the middle of the site, however based on the position of the improvements there is additional land on the east and west sides to create legal lots with a minimum width of 150 feet. Based on my estimations there is approximately 5.30 acres of excess land that could be used to expand the existing improvements of that could be sold off to a third party. The 5.30 acres consist of a 2.27-acre parcel (150'x660') located along the west side of the property and a 3.03 acre parcel (200'x660') located along the east side of the property. A depiction of the excess

	land is included in the addendum of the report. The site area associated with the single-family residence is 4.70 acres.

ENVIRONMENTAL CONTAMINATION	
Observed Contamination	None
Noted Concerns	None
Environmental Assessment Available	No
Impact on Value	None
Disclaimer	Unless otherwise stated in this report, the existence of hazardous substances or environmental conditions including but not limited to asbestos, polychlorinated biphenyls, petroleum leakage, agricultural chemicals, urea formaldehyde insulation, lead paint, toxic mold, et cetera, which might or might not be present in or on the property were not called to the attention of the appraiser. Such tests were not in the appraiser's required scope of work, the appraiser is not qualified to test for such substances and conditions and the appraiser is not qualified to render professional opinions in this specialty area. No responsibility is assumed for any such conditions that might exist, or for the knowledge and expertise required to discover them.

NATURAL RESOURCE CONCERNS	
Condition of Subject	The property is in its native state and has been selectively cleared. I was provided with a Conservation Collier Initial Criteria Screening Report dated August 3, 2022 (Revised August 26, 2022, February 7, 2024, and March 6, 2024). The report indicates that the land is covered in Cypress and Cypress/Tupelo Mixed. The majority of the property is wetlands. The parcel is within the Dr. Robert Gore III Preserve and as a result of regional connectivity, the Florida panther, Florida black bear, wild turkey, white-tailed deer, spotted skunk, bobcat, grey fox, red-headed woodpeckers, and coyote are commonly sighted on the wildlife cameras located throughout the existing Gore Preserve lands. It is reasonable that the subject parcel would provide similar habitat for species observed on preserve lands. All plant and animal communities are of interest and concern. To a greater or lesser degree depending on the species and the quality of habitat they occupy, plants and animals inhabiting the property will invoke some level of scrutiny and will result in some cost during the permitting process.
Natural Resource Audits Available	No
Impact on Value	N/A
Disclaimer	Specialized natural resource audits were not in the appraiser's required scope of work, the appraiser is not qualified to conduct such audits and the appraiser is not qualified to render professional opinions in this specialty area. No responsibility is assumed for any extraordinary natural resource concerns, or for the knowledge and expertise required to discover them.

FUTURE LAND USE	
Ordinance or Plan	Collier County Growth Management Plan (GMP) Golden Gate Area Master Plan (GGAMP)
Future Land Use Designation	Estates Designation
Purpose of Designation	The **Estates Land Use Designation** encompasses lands which are already subdivided into semi-rural residential parcels (2.25 acres as an average) essentially consisting of the Golden Gate Estates Subdivision. The area is identified as having potential for population growth far removed from supportive services and facilities. Expansion of the area shall be discouraged. Refer to the Golden Gate Area Master Plan for siting criteria and development standards for specific land uses.

ZONING	
Ordinance or Land Development Code	Collier County
Zoning	E – Estates
Purpose or Intent of Zoning	The purpose and intent of the Estates district is to provide lands for low density residential development in a semi-rural to rural environment. In addition, several conditional uses including churches, social and fraternal organizations, childcare centers, private schools, and group care facilities are available under conditional use provisions. Permitted uses include single-family dwellings and Family Care Facilities, and public schools. Conditional uses permissible in the Estates district include churches and other places of worship, social and fraternal organizations, child and adult care centers, schools and group care facilities. These conditional uses are strictly regulated. Below are the development requirements as set forth in the Estate Zoning District: Minimum Lot Area: 98,010 square feet or 2.25 acres Minimum Lot Width: 150 feet Minimum Front Yard Setback: 75 feet minimum Minimum Side Yard Setback: 30 feet Minimum Rear Yard Setback: 75 feet Maximum Building Height: 30 feet
Copies of pertinent sections of the Comprehensive Plan and Land Development Code are included in the Addendum.

ASSESSMENT AND TAXES	
By statute, real estate in Florida is assessed at 100% of fair market value as of January 1st of the tax year. Since annual tax assessments are based on sales from previous years, depending upon market trends, assessed values can fall on either side of the current market value estimate. The tax assessment is usually not a reliable indicator of market value.	
Parcel Tax ID	41501440005
Assessment and Tax Year	Preliminary 2024
Land Assessment	$140,000
Improvement Assessment	$207,050
Combined Total Assessment	$347,050
10% CAP	($0)
AG Exemption	($0)
Taxable Value	$0
Ad Valorem Taxes	$0
Non- Ad Valorem Taxes	$249.29
Total Taxes	$249.29
Taxing Authority/Jurisdiction	Collier County
As of the appraisal effective date the 2023 taxes have been paid.	

FLOOD ZONE DATA	
Flood Zone	AH
Flood Zone Comments	Zone AH – Areas of 1% annual-chance shallow flooding with a constant water-surface elevation (usually areas of ponding) where average depths are between 1 and 3 feet. Base flood elevations determined.
Community Panel Number	12021C0445H
Revised	May 16, 2012
Source	National Flood Insurance Program Flood Insurance Rate Maps

TRANSACTIONAL HISTORY	
Sales History	There have been no transactions or transfers of ownership in the previous three years.
CURRENT STATUS	
Subject Listed for Sale/Under Contract	To my knowledge, the subject is not currently listed for sale or under contract.

HIGHEST AND BEST USE

DEFINITION

The Dictionary of Real Estate Appraisal, 7th Edition, published 2022 by the Appraisal Institute, defines Highest and Best Use as:

The reasonably probable use of property that results in the highest value. The four criteria that the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity.

METHOD

There are four criteria that must be met in order for a use to be the highest and best use for a given property. The highest and best use must be:

- Legally permissible.
- Physically Possible.
- Financially feasible.
- Maximally productive.

Ordinarily these criteria are considered sequentially, each step narrowing the range of alternative uses being considered.

ANALYSIS

SITE AS THOUGH VACANT

Legally Permissible: The property is zoned E – Estates with a Future Land Use of Estates. The zoning ordinance and Growth Management Plan are consistent in identifying the property for residential uses. The site consists of one oversized parcel that could be developed with up to four single-family residences.

Physically Possible: The interior location off of Everglades Boulevard and the size of the property suggests some type of single-family use. The parcel is level and at road grade and could be developed as one or as many as four single-family home sites. The majority of the property is designated wetlands and therefore portions of the site will need to be mitigated in order to be developed.

Financially Feasible: The financial feasibility of single-family residential development is good. The single-family residential market continues to be strong, especially new construction. Based on the number of new homes in the surrounding neighborhoods, single-family residential development appears to be financially feasible, however portions of the parcels will need to be mitigated due to the presence of wetlands on the site.

Maximally Productive: The highest and best use is to develop the property with one to four single-family residences which will require mitigation.

PROPERTY AS IMPROVED

Legally Permissible: The existing single-family use is consistent with the Growth Management Plan and land development code. The excess land to the east and the west could be developed with single-family residences or accessory structures associated with the existing single-family residence.

Physically Possible: The existing single-family residence is an underimprovement of the site. Based on the position of the home on the site, the additional excess land to the east and west could be developed with two single-family residences or accessory structures associated with the existing single-family residence.

Financially Feasible: The single-family residential market continues to be strong, especially new construction and single-family residential development is financially feasible. However, the majority of the property is designated wetlands and therefore portions of the site will need to be mitigated in order to be developed.

Maximally Productive: The highest and best use is that the improvements continue to be utilized as a single-family residence and the excess land be sold off and developed with single-family residences.

CONSIDERATION OF APPROACHES

Only the sales comparison approach is appropriate to estimate the value of the subject.

SALES COMPARISON APPROACH

INTRODUCTION

In the sales comparison approach, the subject property is compared with similar properties that have sold recently or for which listing prices or offering prices are known. Data from generally similar properties is used, and comparisons are made to demonstrate a probable price at which the subject property would sell if offered on the market. This approach is particularly strong when comparable sales data is plentiful and there is good conformity among properties in the neighborhood.

Following is the procedure to be followed in developing this approach:

1. Research to gather information on sales, listings, and offers to purchase properties similar to the subject.

2. Verify the information as to factual accuracy and arm's-length market considerations.

3. Identify relevant units of comparison and develop a comparative analysis for each unit.

4. Compare the subject with comparable sale properties using elements of comparison and adjust the sale price of each comparable appropriately.

5. Reconcile the various value indicators produced from the analysis of comparables into a single value indication or a range of values.

The outline above is developed in detail on the following pages.

IMPROVED SALES DATA

A search was made for sales of improved comparable to the subject. Five closed sales were identified as the best available for analysis. The property record cards and warranty deeds of the comparables are included in the addendum of the report. The comparable sales do not include 5.30-acres of excess land. The contribution value of the excess land will be addressed at the end of the sales comparison approach.

The sales are analyzed on the basis of whole or total dollars. Each comparable is identified on the location map immediately following this page.

DISCUSSION OF ADJUSTMENTS

Usually, comparable sale properties are not exactly like the subject property. If a typical buyer would perceive the difference to be significant, then adjustment(s) must be made to the comparable sales so that in the end each offers a realistic indication of value for the subject. Adjusting comparable sales is a two-step process.

First, adjustments are made so that all of the comparable sales meet the standard of a "market" transaction as outlined in the definition of market value. Customarily, the first group of adjustments is made before the comparables are reduced to a common unit of comparison.

The second group of adjustments is made after an appropriate unit of comparison is chosen. When the adjustment process is complete, the unit value indications are reconciled and converted into an estimate of value for the subject.

REAL PROPERTY RIGHTS CONVEYED

This adjustment category is intended to account for the interest, benefits, and rights inherent in the ownership of real estate. This category reflects the impact on value caused by the fee simple versus the leased fee interest or the contract rent as opposed to market rent.

- None of the comparable sales required adjustment in this category.

FINANCING/CONCESSIONS

Adjustments in this category are intended to account for unusual terms of financing that are not considered equivalent to cash or conventional financing.

- None of the comparable sales required adjustment in this category.

CONDITIONS OF SALE

This adjustment category is intended to account for a variety of factors that might affect the purchase price.

- None of the comparable sales required adjustment in this category.

EXPENDITURES AFTER SALE

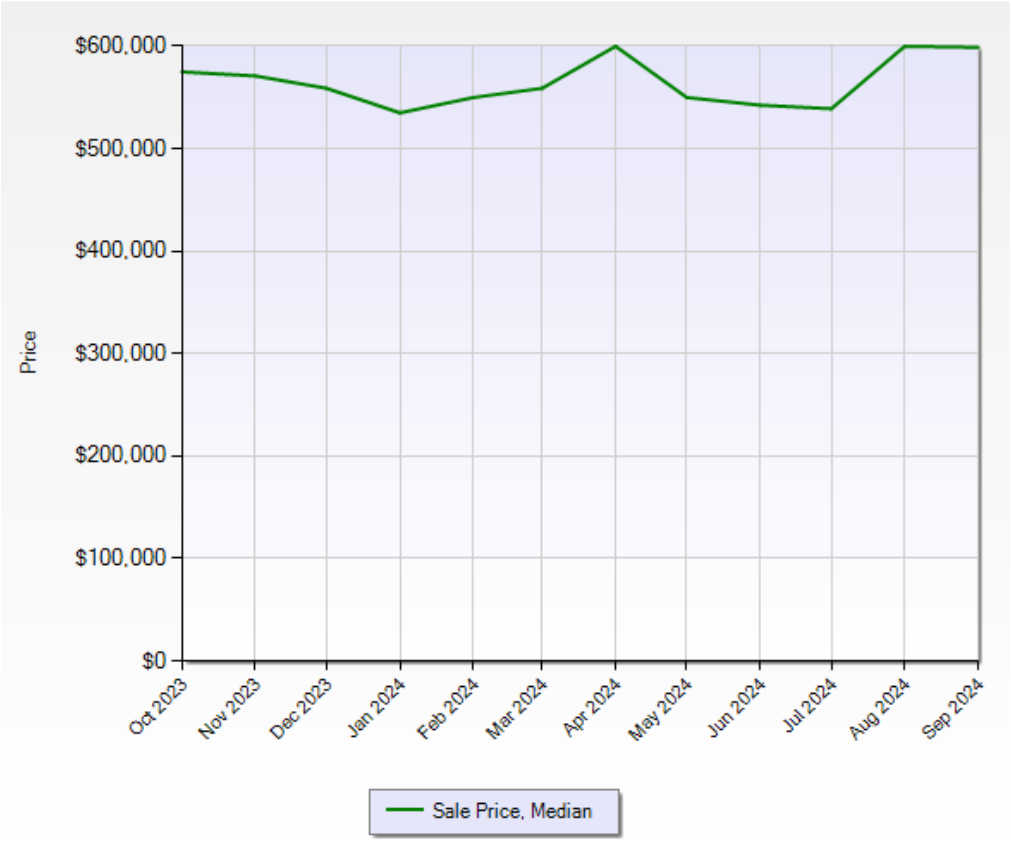
This adjustment category accounts for any expenditure made immediately following purchase. The buyer and seller must have been aware at the time of purchase that the expenditures would be necessary. If aware of any such planned purchase, the buyer will account for the required expense in the negotiation process.

- None of the comparable sales required adjustment in this category.

MARKET CHANGE

This adjustment is intended to account for changes in value due to the ebb and flow of market forces over time.

- The comparables occurred between February 2023 and March 2024, which market conditions continue to improve. The single-family home sales from the prior 12 months within the market boundaries of Randall Boulevard to the north, Desoto Boulevard to the east, Interstate 75 to the south, and Wilson Boulevard to the west, were plotted on a graph by median sale price. The median sale price in October 2023 was $575,000 and the median sale price in September 2024 was $598,900 indicating an increase of 4.16% or 0.35% per month.



Comparable 1 sold June 16, 2023 for $369,900 and resold March 20, 2024 for $525,000 indicating a total increase of 41.9% or 4.66% per month. The home was completely renovated after the original sale and therefore this is not a good indicator of market change.

Based on the most recent sale prices, pending sales, and listing prices, the subject's market area appears to be stable. Based on the age of the comparables sales, no market change adjustment was required.

LOCATION/VIEW

This category of adjustment reflects the impact on value caused by the advantages or disadvantages of a given location or view.

- None of the comparable sales required adjustment in this category.

LAND AREA

- The land area adjustment was based on the subject's underlying land value as compared to the Comparable sales. Comparables 3 and 4 required downward adjustment to account for their higher underlying land values. The adjustments are based on the subject's 4.70-acre associated parcel and the contribution value of the 5.30 acres of excess land will be addressed at the end of the sales comparison approach.

BUILDING CHARACTERISTICS

This is a composite comparison which reflects physical differences between the improvements on the subject property and the improvements on each of the comparable properties.

- The subject property does not have air conditioning and all five comparables do. The property could be equipped with a central air conditioning system, which would require adding duct work through the home or through the floors. The other option is to add mini-split systems to each room. Based on conversations with general contractors, the estimated cost of each option is approximately $30,000 and therefore each comparable was adjusted downward $30,000 for their superior feature.

- Comparable 1 is an inferior quality home that was recently renovated. It required adjustments for its inferior construction quality, smaller size, finished ground floor, inferior interior finishes, air conditioning, superior garage, and superior paved driveway.

- Comparable 2 is a sale of an inferior quality home, however it had been recently remodeled and included a new roof. Comparable 2 required adjustments for its inferior

construction quality, smaller size, age, inferior number of bathrooms, inferior interior finishes, and air conditioning.

- Comparable 3 is an older sale of an inferior quality home. Comparable 3 required adjustments for its inferior construction quality, smaller size, age, inferior number of bathrooms, inferior interior finishes, air conditioning, and superior paved driveway.

- Comparable 4 is a recent sale of an inferior quality home. Comparable 4 required adjustments for its inferior construction quality, smaller size, age, finished ground floor, inferior interior finishes, air conditioning, and superior 2-car garage.

- Comparable 5 is an older sale of an inferior quality home. Comparable 5 required adjustments for its inferior construction quality, smaller size, age, inferior interior finishes, air conditioning, and inferior porch/deck.

RECAPITULATION OF DATA

After making the adjustments discussed above, the comparable sales indicated the following unit values:

Comparables	**Adjusted Sale Price** (Indicated for Subject)
1	$589,420
2	$647,010
3	$557,370
4	$599,910
5	$674,880

RECONCILIATION OF DATA

To arrive at a conclusion regarding the value of the subject, the comparable sales and their indications of value should be weighted according to the quality of each as a value indicator.

Comparable 1 is the strongest indicator of value. It is the most recent sale which increases its strength as an indicator of value and its interior finishes/condition is most similar to the subject Comparable 1 was weighted 30%.

Comparables 2, 3, and 4 are good indicators of value, but all required adjustments and were weighted 20% each.

Comparable 5 is an older sale that required various adjustments. It is also a high indicator of value and was weighted 10%.

The range of value indications is from $557,370 to $674,880. The arithmetic mean of the five sales is $613,718 and the median is $599,910. The weighting process discussed above indicates a value of $605,172. The average of the four best sales is $598,428.

Based on the range of sales, I concluded to a value of $600,000.

INDICATION OF VALUE – SALES COMPARISON APPROACH

The indication of value by the sales comparison approach as of August 2, 2024 is $600,000. This reflects the market value of the single-family residence and the associated 4.70-acre site. This value does not reflect the contribution value of the 5.30 acres (2.27 acre and 3.03 acre) of excess land.

In order to determine the contribution value of the excess land, I analyzed six closed sales. The sales grid is included in the addendum of the report. The land sales were adjusted for market change at 0.50% per month or 6.00% annually and Comparables 2, 3, 4, and 6 were adjusted for their inferior location due to the lack of a paved road. After adjustments, the comparables indicate a range of $15,408 to $25,958 per acre. The average of the six sales is $21,858 per acre and the median is $22,376 per acre.

Based on the range of sales, I concluded to a unit value of $23,000 per acre or a total value of $121,900 (5.30 acres x $23,000 per acre) which rounds to $122,000.

The final indication of value is:

Improved Portion Indication of Value	$600,000
Plus: Contribution of Excess Land	122,000
Final Indication of Value	**$722,000**

FINAL INDICATION OF VALUE

The estimated market value of the subject property as of August 2, 2024 is **$722,000**.

ASSUMPTIONS AND LIMITING CONDITIONS

The certification of the appraiser appearing in this report is subject to the following assumptions and limiting conditions.

ACCEPTANCE OF AND/OR USE OF THIS APPRAISAL REPORT CONSTITUTES ACCEPTANCE OF ALL GENERAL AND EXTRAORDINARY ASSUMPTIONS AND LIMITING CONDITIONS.

EXTRAORDINARY ASSUMPTIONS AND LIMITING CONDITIONS

None

HYPOTHETICAL CONDITIONS

None

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. No responsibility is assumed for the legal description or for matters including legal or title considerations. Title to the property is assumed to be good and marketable.

2. The property is appraised free and clear of liens and encumbrances.

3. Responsible ownership and competent property management are assumed.

4. The information furnished by others is assumed to be true, correct and reliable. A reasonable effort was made to verify such information, but the appraiser bears no responsibility for its accuracy.

5. All engineering is assumed to be correct. The plot plans and illustrative material is included only to assist the reader in visualizing the property.

6. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that might be required to discover them.

7. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws.

8. It is assumed that the property is either in compliance with, or is "grandfathered" or "vested" under, all applicable zoning, use regulations and restrictions.

9. It is assumed that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, or national government or private entity or organization have been, or can be, obtained or renewed for any use on which the value estimate is based.

10. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described, and that there is no encroachment or trespass.

11. It is assumed that the subject site and improvements are not contaminated by any hazardous material or toxic substance. During the property inspection we were sensitive to obvious signs of contamination, and we reported anything unusual. However, we are not qualified to render professional opinions regarding the existence or the nature of hazardous materials in or on the subject property. If a definitive opinion is desired, then the client is urged to retain an expert in the field.

12. The distribution of the total value in this report, between land and improvements, applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.

13. Possession of this report, or a copy thereof, does not carry with it the right of publication.

14. Unless previous arrangements were made, the appraisers, by reason of this appraisal, are not required to give further consultation, testimony, or to be in attendance in court.

B. **Estate District (E).** The purpose and intent of the estates district (E) is to provide lands for low **density** residential **development** in a semi-rural to rural environment, with limited agricultural activities. In addition to low **density** residential **development** with limited agricultural activities, the E district is also designed to accommodate as **conditional uses**, **development** that provides services for and is compatible with the low **density** residential, semi-rural and rural character of the E district. The E district corresponds to and implements the estates land use designation on the future land use map of the Collier County GMP, although, in limited instances, it may occur outside of the estates land use designation. The maximum **density** permissible in the E district shall be consistent with and not exceed the **density** permissible or permitted under the estates district of the future land use element of the Collier County GMP as provided under the Golden Gate Master Plan.

1. The following subsections identify the uses that are permissible by right and the uses that are allowable as **accessory** or **conditional uses** in the estates district (E).

   a. *Permitted uses.*

      1. Single-family **dwelling**.
      2. **Family care facilities**, subject to section 5.05.04
      3. **Essential services**, as set forth in section 2.01.03
      4. Schools, public, including "**Educational plants**."

   b. ***Accessory Uses.***

      1. Uses and **structures** that are accessory and incidental to uses permitted as of right in the (E) district.
      2. Fruits, vegetables, and nursery plants grown for both personal consumption and off-site retail sale, such as farmer's markets. Farm operations that grow fruits, vegetables, and nursery plants for off-site retail sale shall be subject to LDC section 5.02.00 Home Occupations, as amended, and the following standards:

         i. Farm operations shall not occupy more than 50 percent of the lot.

         ii. Farm operations shall conform to minimum setbacks established in LDC sections 2.03.01 B.2 and 4.02.01 A. Table 2.1, however, no side, rear or front setbacks are required greater than 30 feet.

         iii. Vegetation removal for farm operations shall be subject to LDC section 3.05.05 F, as amended.

      3. Keeping of fowl or poultry, not to exceed 25 in total number, provided such fowl or poultry are kept in an enclosure located a minimum of 30 feet from any **lot line**, and a minimum of 100 feet from any residence on an **adjacent parcel** of land.
      4. Keeping of horses and livestock (except for hogs), not to exceed two such animals for each acre, and with no open feedlots. Any roofed structure for the shelter and feeding of such animals shall be a minimum of 30 feet from any lot line and a minimum of 100 feet from any residence on an **adjacent parcel** of land.

         i. Notwithstanding the above, hog(s) may be kept for a 16 week period in preparation for showing and sale at the annual Collier County Fair and/or the Immokalee Livestock show. The following standards shall apply:

            a) One hog per child enrolled in a 4-H Youth Development Program, Collier County Fair Program or similar program is permitted. In no case shall there be more than 2 hogs per acre.

            b) Premises shall be fenced and maintained in a clean, healthful, and sanitary condition.

            c) Premises or roofed **structure** used for the sheltering, feeding, or confinement of such animals shall be **setback** a minimum of 30 feet from **lot lines** and a minimum of 100 feet from any **dwelling unit** on an **adjacent parcel** of land.

            d) Hog(s) shall not be returned to the property once removed for showing and/or sale.

5. One guesthouse, subject to section 5.03.03

6. Recreational facilities that serve as an integral part of a residential **development** and have been designated, reviewed and approved on a site **development plan** or preliminary **subdivision** plat for that **development**. Recreational facilities may include but are not limited to golf course, clubhouse, community center **building** and tennis facilities, **parks**, playgrounds and playfields.

7. Excavation and related processing and production subject to the following criteria:

   i. These activities are incidental to the permitted used onsite.

   ii. The amount of excavated material to be removed from the site cannot exceed 4,000 cubic yards total. Amounts in excess of 4,000 cubic yards shall require **conditional use** approval for earth mining, pursuant to the procedures and conditions set forth in section 10.08.00

c. ***Conditional uses.*** For Estates zoning within the Golden Gate Estates subdivision, the Golden Gate Area Master Plan in the GMP restricts the location of **conditional uses**. The following uses are permissible as **conditional uses** in the estates district (E), subject to the standards and procedures established in section 10.08.00

1. **Churches**.

2. Social and fraternal organizations.

3. **Child care centers and adult day care centers**.

4. Schools, private.

5. **Group care facilities (category I); care units**, subject to the provisions of subsection 2.03.01 B.3.f; nursing homes; **assisted living facilities** pursuant to § 400.402 F.S. and ch. 58A-5 F.A.C.; and continuing care retirement communities pursuant to § 651 F.S. and ch. 4-193 F.A.C.; all subject to section 5.05.04.

6. **Group care facilities (category II)** care units subject to section 5.05.04 only when tenancy of the person or persons under care would not:

   i. Constitute a direct threat to the health or safety of other individuals;

   ii. Result in substantial physical damage to the property of others; or

   iii. Result in the housing of individuals who are engaged in the current, illegal use of or addiction to a controlled substance, as defined in section 802 of title 21, U.S. Code.

7. Extraction or earthmining, and related processing and production not incidental to the development of the property subject to the following criterion and subsection 4.02.02 C.

   i. The site area shall not exceed 20 acres

8. Essential services, as set forth in subsection 2.01.03 G.

9. Model homes and model sales centers, subject to compliance with all other LDC requirements, to include but not limited to section 5.04.04

10. **Ancillary plants**.

d. *Prohibited uses.*

1. Owning, maintaining or operating any facility or part thereof for the following purposes is prohibited:

   i. Fighting or baiting any animal by the owner of such facility or any other person or entity.

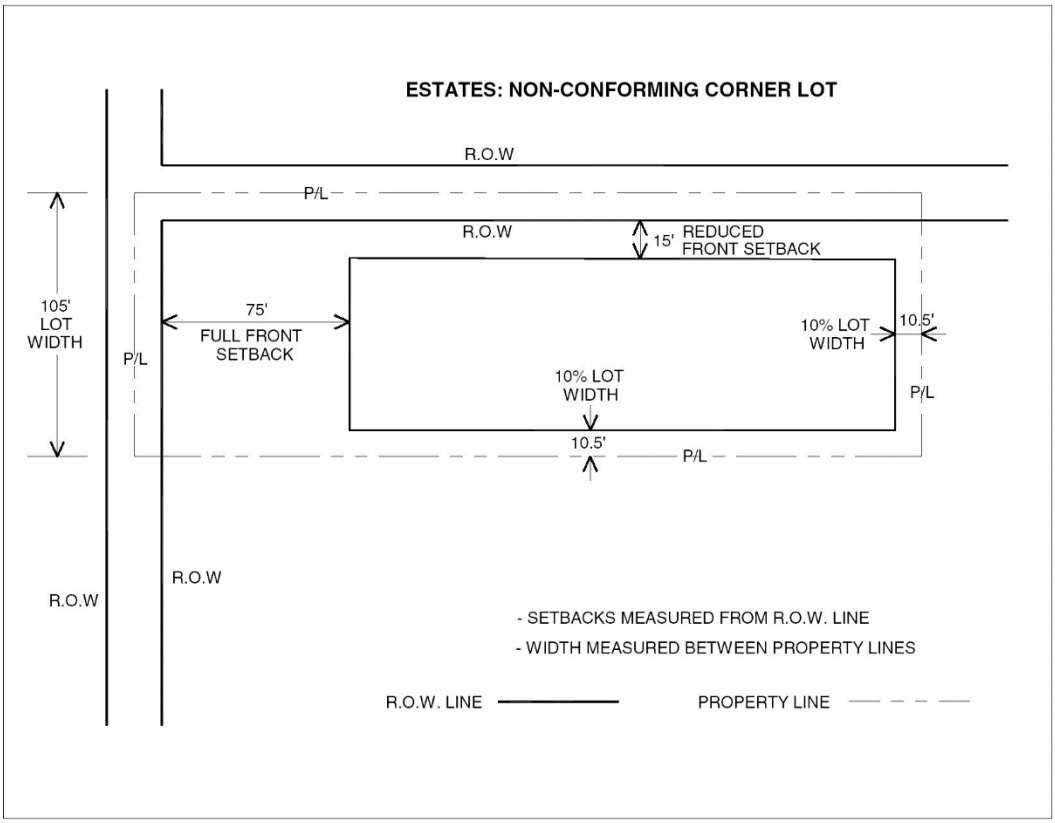
   ii. Raising any animal or animals intended to be ultimately used or used for fighting or baiting purposes.

   iii. For purposes of this subsection, the term baiting is defined as set forth in F.S. § 828.122(2)(a), as it may be amended from time to time.

2. Minimum **yard** Requirements. See subsection 4.02.01 A. Table 2.1 for the general requirements. The following are exceptions to those requirements:

   a. Conforming Corner **lots**. Conforming corner **lots**, in which only one full depth **setback** shall be required along the shorter lot line along the **street**. The **setback** along the longer lot line may be reduced to 37.5 feet, so long as no **right-of-way** or **right-of-way** easement is included within the reduced **front yard**. (See Exhibit A)

   b. Nonconforming Corner lots. Nonconforming corner lots of record, in which only one full depth setback shall be required along the shorter lot line along the street. The setback along the longer lot line may be reduced to 15 feet, so long as no right-of-way or right-of-way easement is included within the reduced front yard. (See Exhibit B)



c. **Nonconforming** through **lots**, i.e. double **frontage lots**, **nonconforming lots of record** with double road **frontage**, which are **nonconforming** due to inadequate **lot** depth, in which case, the **front yard** along the local road portion shall be computed at the rate of 15 percent of the depth of the **lot**, as measured from edge of the **right-of-way**.

   i. The **nonconforming** through **lot** utilizing the reduced **frontage** shall establish the **lot frontage** along the local road only. Reduced **frontage** along a collector or arterial roadway to serve such **lots** is prohibited. **Front yards** along the local road shall be developed with **structures** having an average **front yard** with a variation of not more than six feet; no **building** thereafter erected shall project beyond the average line so established.

d. **Nonconforming lots of record**, which are **nonconforming** due to inadequate **lot width**, in which case the required side **yard** shall be computed at the rate of ten (10) percent of the width of the **lot**.

(Ord. No. 06-63, § 3.C; Ord. No. 07-67, § 3.C; Ord. No. 08-11, § 3.D; Ord. No. 08-63, § 3.C; Ord. No. 10-23, § 3.E; Ord. No. 12-38, § 3.B; Ord. No. 13-56, § 3.B; Ord. No. 14-40, § 2.A)

A. All development and redevelopment within this Subdistrict shall include:
   1. Provisions for bicycle and pedestrian travel.
   2. An emphasis on building aesthetics.
   3. Emphasis on the orderly circulation of vehicular, bicycle and pedestrian traffic.
   4. Provision for adequate ingress and egress, which may include local street vacation or relocation if alternative access is provided.
   5. Provision for broad sidewalks or pathways.
   6. Enhanced streetscaping.
   7. Shared parking and/or property interconnections, where possible and feasible.
   8. Quality designs for building facades, including lighting, uniform signage and landscaping.

2. ESTATES DESIGNATION

(X) This designation is characterized by low density semi-rural residential lots with limited opportunities for other land uses. Typical lots are 2.25 acres in size. However, there are some legal non-conforming lots as small as 1.14 acres. Residential density is limited to a maximum of one unit per 2.25 gross acres, or one unit per legal non-conforming lot of record, exclusive of guesthouses. Multiple family dwelling units, duplexes, and other structures containing two or more principal dwellings, are prohibited in all Districts and Subdistricts in this Designation.

(XVI) Generally, the Estates Designation also accommodates future non-residential uses, including:

- Conditional uses and essential services as defined in the Land Development Code, except as prohibited in the Neighborhood Center Subdistrict. Also, refer to the Conditional Uses Subdistrict.
- Parks, open space and recreational uses.

(XVI)
- Group Housing shall be permitted subject to the definitions and regulations as outlined in the Collier County Land Development Code (Ordinance No. 04-41, adopted June 22, 2004, effective October 18, 2004) and consistent with locational requirements in Florida Statutes (Chapter 419.001 F.S.).

(I)
- Schools and school facilities in the Estates Designation north of I-75, and where feasible and mutually acceptable, co-locate schools with other public facilities, such as parks, libraries and community centers to the extent possible.

Group Housing includes the following type facilities:

- Family Care Facility if occupied by not more than six (6) persons shall be permitted in residential areas.
- Group Care Facility,
- Care Units,
- Adult Congregate Living Facilities, and
- Nursing Homes.

All of the above uses shall be consistent with all of the Goals, Objectives and Policies of the Golden Gate Area Master Plan.

(XVI) = Plan Amendment by Ordinance No. 2008-59 on October 14, 2008

A. Estates – Mixed Use District

(VIII)(X) **1. Residential Estates Subdistrict**

Single-family residential development is allowed within this Subdistrict at a maximum density of one unit per 2.25 gross acres, or one unit per legal non-conforming lot of record, exclusive of guesthouses.

(VI)(X) **2. Neighborhood Center Subdistrict**

Recognizing the need to provide basic goods, services and amenities to Estates residents, Neighborhood Centers have been designated on the Golden Gate Area Future Land Use Map. The Neighborhood Center designation does not guarantee that commercial zoning will be granted. The designation only provides the opportunity to request commercial zoning.

(VI) a) The Collier County Land Development Code shall be amended to provide rural design criteria to regulate all new commercial development within Neighborhood Centers.

(III)(VI)(XVI) b) Locations
Neighborhood Centers are located along major roadways and are distributed within Golden Gate Estates according to commercial demand estimates. (See Golden Gate Estates Neighborhood Centers Map). The centers are designed to concentrate all new commercial zoning, and conditional uses, as allowed in the Estates Zoning District, in locations where traffic impacts can be readily accommodated and to avoid strip and disorganized patterns of commercial and conditional use development.

Four Neighborhood Centers are established as follows:

(VI)(XI)(XVI)(XIX) ● Wilson Boulevard and Golden Gate Boulevard Center.
This center consists of three quadrants at the intersection of Wilson and Golden Gate Boulevards (See Map 10). The NE and SE quadrants of the Center consist of Tract 1 and 2, Unit 14, Tract 17, Unit 13 and the western half of Tract 18, Unit 13 Golden Gate Estates. The NE quadrant of Wilson and Golden Gate Boulevards is approximately 8.45 acres. The parcels within the NE quadrant shall be interconnected and share access to Golden Gate Boulevard and Wilson Boulevard to minimize connections to these two major roadways. The SE quadrant of Wilson and Golden Gate Boulevards is 7.15 acres, allows 5.00 acres of commercial development, and allocates 2.15 acres to project buffering and right-of-way for Golden Gate Boulevard and Wilson Boulevard. The SW quadrant of the Center is approximately 4.86 acres in size and consists of Tract 125, Unit 12 of Golden Gate Estates.

(V)(VI)(XVI) ● Collier Boulevard and Pine Ridge Road Center.
The center at Collier Boulevard and Pine Ridge Road is located on both sides of the intersection. Tracts 109-114, Unit 26, Golden Gate Estates are included in this center as eligible for commercial development. (See Collier Boulevard/Pine Ridge Road Center Map). The E1/2 of Tract 107, Unit 26 is also included within this center but is only to be used for buffer, water management and open space.

(VI)(XVI) ● Everglades Boulevard and Golden Gate Boulevard Center.
This Center consists of all four quadrants at the intersection of Everglades and Golden Gate Boulevards (See Golden Gate Boulevard/Everglades Boulevard Center Map). The NE quadrant of the Center is approximately 5.46 acres in size

(XIX) = Plan Amendment by Ordinance No. 2011-29 on September 14, 2011

a. Commercial uses shall be limited to the following:
   1. medical offices and clinics and professional offices, except surveyors; and,
   2. medical related uses, such as a wellness center.

b. The ordinance rezoning this property to allow commercial uses shall include the following requirements:
   1. no less than sixty percent (60%) of the gross square footage shall be designated for medical offices and clinics; and,
   2. parking for the entire project shall be that required for medical office or clinic use by the Land Development Code (Ordinance No. 04-41, as amended), so as to allow 100 percent medical office use.

c. Parking lot lighting shall be restricted to bollards except as may be required to comply with lighting standards in the Land Development Code (Ordinance No. 04-41, as amended) and other governing regulations.

d. The Neighborhood Center boundaries of this quadrant shall not be further expanded.

(VI)(X) **3. Conditional Uses Subdistrict**

Various types of conditional uses are permitted in the Estates zoning district within the Golden Gate Estates area. In order to control the location and spacing of new conditional uses, one of the following four sets of criteria shall be met:

(VI)(XVI) a) Essential Services Conditional Use Provisions:

Those Essential Services Conditional Uses, as identified within Section 2.01.03 G. of the Collier County Land Development Code, may be allowed anywhere within the Estates Zoning District, except as prohibited in certain Neighborhood Centers, and are defined as:

- electric or gas generating plants,
- effluent tanks,
- major re-pump stations,
- sewage treatment plants, including percolation ponds,
- hospitals and hospices,
- water aeration or treatment plants,

(XVI)
- governmental facilities (except for those Permitted Uses identified in Section 2.01.03 of the Land Development Code),
- public water supply acquisition, withdrawal, or extraction facilities, and
- public safety service facilities, and other similar facilities.

(VI)(VIII) b) Golden Gate Parkway and Collier Boulevard Special Provisions:

(XVI)
- Conditional uses shall not be permitted on those parcels immediately adjacent to the west side of Collier Boulevard within the Estates Designated Area except where the parcel is directly bounded by conditional uses on two (2) or more side yards with no intervening rights-of-ways or waterways; and, except as provided in subparagraph 2., below; and, except for essential services, as described in paragraph a), above.

(XVI) = Plan Amendment by Ordinance No. 2008-59 on October 14, 2008

(XII)(XVI)(XXIII)

- Recognizing the existing residential nature of the land uses surrounding the I-75 interchange at Golden Gate Parkway, there shall be no further conditional uses for properties abutting Golden Gate Parkway, between Livingston Road and Santa Barbara Boulevard, except as permitted within the Golden Gate Parkway Institutional Subdistrict; except as provided in paragraph 3.b)3., below; and, except as provided in subparagraph 1., below; and, except for essential services, as described in paragraph a), above.

(XVI)

- Further, no properties abutting streets accessing Golden Gate Parkway, between Livingston Road and Santa Barbara Boulevard, shall be approved for conditional uses except as permitted within the Golden Gate Parkway Institutional Subdistrict; and, except as provided in subparagraph 1., below; and, except for essential services, as described in paragraph a), above. This provision shall not be construed to affect the area described in Paragraph a), above.

(VIII)(XVI) 1. In consideration of the improvements associated with the interchange at Interstate 75 and Golden Gate Parkway, the existing conditional use (church and related facilities) located at the southeast corner of Golden Gate Parkway and 66th Street S.W. may be expanded in acreage and intensity along the south side of Golden Gate Parkway to the east of 66th Street S.W., but the total project area shall not exceed approximately 9.22 acres (see Golden Gate Parkway Interchange Conditional Uses Area Map).

2. The parcel located immediately south of the Commercial Western Estates Infill Subdistrict, on the west side of Collier Boulevard, and at the southwest quadrant of the intersection of Vanderbilt Beach Road and Collier Boulevard, shall be eligible for a transitional conditional use designation.

(XXIII) 3. Conditional use for expansion of the existing educational and charitable social organization (Naples Bridge Center) is allowed on the east 150 feet of Tract 75 and the west 150 feet of Tract 82, Unit 30, Golden Gate Estates. The maximum building area permitted on the two parcels shall be limited to 15,000 square feet. Use of Tract 82 shall be limited to parking, water management and open space uses. See Conditional Uses Subdistrict Golden Gate Parkway Special Provisions map.

(VI) c) Neighborhood Center Transitional Conditional Use Provisions:
Conditional uses shall be allowed immediately adjacent to designated Neighborhood Centers subject to the following criteria:

1. Properties eligible for conditional uses shall abut the arterial or collector road serving the Neighborhood Center,
2. Such uses shall be limited to transitional conditional uses that are compatible with both residential and commercial such as churches, social or fraternal organizations, childcare centers, schools, and group care facilities,
3. All conditional uses shall make provisions for shared parking arrangements with adjoining developments whenever possible,
4. Conditional uses abutting Estates zoned property shall provide, at a minimum, a 75-foot buffer of native vegetation in which no parking or water management uses are permitted,

(XXIII) = Plan Amendment by Ordinance No. 2016-12 on May 10, 2016

WARRANTY DEED

THIS WARRANTY DEED is made on this 7th day of December, 2023 by **Donald J. Ward, Jr. a/k/a Donald Ross Ward, Jr., a single man**, whose post office address is: **3475 3rd Avenue Southwest, Naples, FL 34117,** henceforth referred to as "Grantor", to **Josue Garcia and Keren Jasmin Vega Payes, husband and wife**, whose post office address is: **3461 19th Avenue SW, Naples, FL 34117**, henceforth referred to as "Grantee":

Wherever used herein the terms "Grantor" and "Grantee" shall include singular and plural, heirs, legal representatives, and assigns of individuals and the successor and assigns corporations, wherever the context so admits or requires.

WITNESSETH, that the Grantor, for and in consideration of the sum of Ten Dollars ($10.00) and other valuable consideration, the receipt whereof is hereby acknowledged, hereby grants, bargains, conveys, and sells unto the Grantee, and Grantee's successors, heirs, and assigns forever, all that certain parcel of land in Collier County, State of Florida, to wit:

The East 75 feet of Tract 50, Golden Gate Estates, Unit No. 27, according to the plat thereof, as recorded in Plat Book 7, pages 17 and 18, of the Public Records of Collier County, Florida.

A/K/A **3461 19th Avenue Southwest, Naples, FL 34117**

TOGETHER with all of the tenements, hereditaments, and appurtenances thereto belonging or in anywise appertaining.

TO HAVE AND TO HOLD, the same in fee simple forever.

AND the Grantor hereby covenants with the Grantee that the Grantor is lawfully seized of said land in fee simple; that the Grantor has good right and lawful authority to sell and convey this land; that the Grantor hereby fully warrants the title to the land and will defend the same again the lawful claims of all persons whomsoever; and that the land is free of all encumbrances, except taxes accruing subsequent to December 31, 2023, and restrictions, covenants, and easements common the subdivision.

Re: Real Estate Appraisal
Cypress Cove Conservancy
4261 40th Avenue SE, Naples,
Collier County, Florida, 34117
RKL File Number: 2024-175

Dear Mr. Leonard:

At your request, RKL Appraisal and Consulting, PLC has prepared the accompanying appraisal for the above referenced property. The purpose of the appraisal is to estimate the market value of the fee simple interest in the subject property. The intended users for the assignment are Conservation Collier and the Collier County Board of Commissioners, and the intended use of the appraisal is to assist with the acquisition decisions by Conservation Collier and the Collier County Board of Commissioners. We use the appraisal report option of Standards Rule 2-2 of USPAP to report the assignment results.

Please reference the appraisal scope section of this report for important information regarding the scope of research and analysis for this appraisal, including property identification, inspection, highest and best use analysis, and valuation methodology.

The accompanying appraisal conforms with the Uniform Standards of Professional Appraisal Practice (USPAP), the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute, and the appraisal guidelines of Collier County.

The subject is an existing residential type property containing 1,549 square feet of rentable area. The stilt home was constructed in 1988 and had extensive renovations from 2021 through 2023. It is operated as the Gore Nature Center by Cypress Cove Conservancy, Inc. The site consists of 10.00 acres, or 435,600 square feet.

RACHEL M. ZUCCHI, MAI, CCIM
KC. LOWRY, MAI, CPA
LOUIS C. BOBBITT, MAI

4500 Executive Drive, Suite 230
Naples, FL 34119-8908
Phone: 239-596-0800
www.rklac.com

Based on the appraisal described in the accompanying report, subject to the Limiting Conditions and Assumptions, Extraordinary Assumptions and Hypothetical Conditions (if any), we have made the following value conclusion(s):

VALUE CONCLUSIONS

Appraisal Premise	Interest Appraised	Date of Value	Value Conclusion
Market Value, As Is	Fee Simple	August 2, 2024	$720,000

The value conclusion(s) are subject to the following hypothetical conditions and extraordinary conditions. These conditions may affect the assignment results.

Hypothetical Conditions:	None.
Extraordinary Assumptions:	Conservation Collier supplied these appraisers with an Initial Criteria Screening Report dated August 3, 2022 with revisions on August 26, 2022, February 7, 2024 and March 6, 2024. The screening report was prepared for seven parcels at 20.77 acres including the subject property. We have assumed that the information supplied in the report is generally similar for all the seven tracts.

Respectfully submitted,
RKL APPRAISAL AND CONSULTING, PLC

CONSERVATION FEATURES SUMMARY OVERVIEW

Project Name: Cypress Cove Conservancy

Folio numbers with owner(s) of record: 41501440005; Cypress Cove Conservancy, Inc

Zoning and overlays: E Estates within Golden Gate Estates future land use

Zoning Considerations for TDR's, PHU, other endangered species: According to a Conservation Collier Initial Criteria Screening Report revised and dated March 6, 2024, the surveyed parcels contain approximately 81% hydric soils. The property is zoned Estates. A. Per the wetlands mapper from U.S. Fish & Wildlife Service the property includes 10.00 acres of Freshwater Forested/Shrub Wetlands. Documented wildlife on the surveyed parcels include the Florida panther, Florida sandhill crane, Little Blue Heron, Tricolored Heron, Wood stork and American alligator.

Was the cost to mitigate wetlands or endangered species taken into consideration? According to a Conservation Collier Initial Criteria Screening Report revised and dated March 6, 2024 there are invasive vegetation on the subject site. Management issues and estimated costs associated with exotics include: Initial Exotic Removal estimated at $4,000-$6,800 and ongoing annual estimated at $3,500.

Scope of proposed mitigation: The property has cleared to heavy vegetation. According to a Conservation Collier Initial Criteria Screening Report revised and dated March 6, 2024, the surveyed area includes Cypress, Cypress Mixed Hardwoods, Mixed Wetland Hardwoods, Mixed Shrub-Shrub Wetland and Pine Flatwood. Lands covers include Cypress/Tupelo Mixed and Mixed Wetland Hardwoods. Approximately 50-65% of the plant communities within the TPMA parcels are infested with invasive vegetation – primarily Brazilian pepper. Other species of concern include lantana, mission grass, cogon grass, and Boston fern.

Land Area: 10.00 acres or 435,600 square feet

Access for the parcel taken into consideration: Yes, the property has good access with a gate.

Highest and Best Use: Single family residential development

Date of estimated value: August 2, 2024

Estimated value: $720,000

INTRODUCTION INFORMATION

SUBJECT IDENTIFICATION

Subject:	Cypress Cove Conservancy 4261 40th Avenue SE, Naples, Collier County, Florida, 34117
Legal Description:	All of Tract 15 and Tract 18, Unit 91, Golden Gate Estates, according to the plat thereof, recorded in Plat Book 5, Page 30, Public Records of Collier County, Florida.
Tax Identification:	41501440005

The subject is an existing residential type property containing 1,549 square feet of rentable area. The stilt home was constructed in 1988 and had extensive renovations from 2021 through 2023. It is operated as the Gore Nature Center by Cypress Cove Conservancy, Inc. The site consists of 10.00 acres, or 435,600 square feet.

CURRENT OWNERSHIP AND PROPERTY HISTORY

Owner

The owner of the property is Cypress Cove Conservancy, Inc.

Sale History

According to public records, the subject has not sold in the last three years.

Current Listing/Contract(s):

The subject is not currently listed for sale, or under contract.

To the best of our knowledge, no other sale or transfer of ownership has occurred within the past three years, and as of the effective date of this appraisal, the property is not subject to an agreement of sale or option to buy, nor is it listed for sale.

APPRAISAL SCOPE

According to the Uniform Standards of Professional Appraisal Practice, it is the appraiser's responsibility to develop and report a scope of work that results in credible results that are appropriate for the appraisal problem and intended user(s). Therefore, the appraiser must identify and consider:

- the client and any other intended users;
- the intended use of the appraiser's opinions and conclusions;
- the type and definition of value;
- the effective date of the appraiser's opinions and conclusions;
- subject of the assignment and its relevant characteristics
- assignment conditions

- the expectations of parties who are regularly intended users for similar assignments; and
- what an appraiser's peer's actions would be in performing the same or a similar assignment.

CLIENT, INTENDED USER, AND INTENDED USE

The client and the intended user of the appraisal are Conservation Collier and the Collier County Board of Commissioners. The intended use is to assist with the acquisition decisions by Conservation Collier and the Collier County Board of Commissioners. The appraisal is not intended for any other use or user.

DEFINITION OF MARKET VALUE

Market value definition used by agencies that regulate federally insured financial institutions in the United States is defined by *The Dictionary of Real Estate Appraisal, 7*th ed. (Chicago: Appraisal Institute, 2022) as:

> The most probable price that a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:
>
> - Buyer and seller are typically motivated;
> - Both parties are well informed or well advised, and acting in what they consider their best interests;
> - A reasonable time is allowed for exposure in the open market;
> - Payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and
> - The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."
>
> (Source: 12 C.F.R. Part 34.42(h); 55 Federal Register 34696, August 24, 1990, as amended at 57 Federal Register 12202, April 9, 1992; 59 Federal Register 29499, June 7, 1994; 79 Federal Register 28400, May 16, 2014; 83 Federal Register April 9, 2018; 84 Federal Register, October 8, 2019)

DEFINITION OF PROPERTY RIGHTS APPRAISED

Fee simple estate is defined as an: "Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat." (Source: *The Dictionary of Real Estate Appraisal,* 7th ed. (Chicago: Appraisal Institute, 2022)

PURPOSE OF APPRAISAL, PROPERTY RIGHTS APPRAISED, AND DATES

The purpose of the appraisal is to estimate the market value of the fee simple interest in the subject property. The effective date of the subject appraisal is August 2, 2024. The date of inspection was August 2, 2024. The date of the report is August 28, 2024.

SCOPE OF WORK

The problem to be solved is to estimate the market value of the fee simple interest in the subject property.

SCOPE OF WORK	
Report Type:	This is an Appraisal Report as defined by Uniform Standards of Professional Appraisal Practice under Standards Rule 2-2(a). This format provides a summary or description of the appraisal process, subject and market data and valuation analyses.
Property Identification:	The subject has been identified by the legal description and the assessors' parcel number.
Inspection:	A complete interior and exterior inspection of the subject property has been made, and photographs taken.
Market Area and Analysis of Market Conditions:	A complete analysis of market conditions has been made. The appraiser maintains and has access to comprehensive databases for this market area and has reviewed the market for sales and listings relevant to this analysis.
Highest and Best Use Analysis:	A complete as vacant and as improved highest and best use analysis for the subject has been made. Physically possible, legally permissible and financially feasible uses were considered, and the maximally productive use was concluded.
Valuation Analyses	
Cost Approach:	A cost approach was not applied as a typical buyer does not utilize this valuation technique in the current economic environment except for build-to-suit and special purpose properties.
Sales Comparison Approach:	A sales approach was applied as there is adequate data to develop a value estimate and this approach reflects market behavior for this property type.
Income Approach:	An income approach was not applied as while the subject could generate an income stream, the most probable buyer is an owner-occupant.
Hypothetical Conditions:	None.

Extraordinary Assumptions:	Conservation Collier supplied these appraisers with an Initial Criteria Screening Report dated August 3, 2022 with revisions on August 26, 2022, February 7, 2024 and March 6, 2024. The screening report was prepared for seven parcels at 20.77 acres including the subject property. We have assumed that the information supplied in the report is generally similar for all the seven tracts.

Comments

The individual sections of the report detail the additional research, confirmation, and analysis of relevant data.

ECONOMIC ANALYSIS

NATIONAL ECONOMIC ANALYSIS

The Federal Reserve Open Market Committee (FOMC) released the following statement on July 31, 2024. Recent indicators suggest that economic activity has continued to expand at a solid pace. Job gains have moderated, and the unemployment rate has moved up but remains low. Inflation has eased over the past year but remains somewhat elevated. In recent months, there has been some further progress toward the Committee's 2 percent inflation objective.

The Committee seeks to achieve maximum employment and inflation at the rate of 2 percent over the longer run. The Committee judges that the risks to achieving its employment and inflation goals continue to move into better balance. The economic outlook is uncertain, and the Committee is attentive to the risks to both sides of its dual mandate.

In support of its goals, the Committee decided to maintain the target range for the federal funds rate at 5-1/4 to 5-1/2 percent. In considering any adjustments to the target range for the federal funds rate, the Committee will carefully assess incoming data, the evolving outlook, and the balance of risks. The Committee does not expect it will be appropriate to reduce the target range until it has gained greater confidence that inflation is moving sustainably toward 2 percent. In addition, the Committee will continue reducing its holdings of Treasury securities and agency debt and agency mortgage-backed securities. The Committee is strongly committed to returning inflation to its 2 percent objective.

In assessing the appropriate stance of monetary policy, the Committee will continue to monitor the implications of incoming information for the economic outlook. The Committee would be prepared to adjust the stance of monetary policy as appropriate if risks emerge that could impede the attainment of the Committee's goals. The Committee's assessments will take into account a wide range of information, including readings on labor market conditions, inflation pressures and inflation expectations, and financial and international developments.

The following table details the economic forecasts of Federal Reserve Board members and Federal Reserve Bank presidents as of June 2024. Real GDP is projected to grow at a rate of 2.1% in 2024, the same as the March 2024 projection. The unemployment projection also remained the same at 4.0%. The Core PCE inflation projection increased from 2.6% to 2.8% in 2024.

Table 1. Economic projections of Federal Reserve Board members and Federal Reserve Bank presidents, under their individual assumptions of projected appropriate monetary policy, June 2024

According to Freddie Mac Chief Economist Sam Khater, "Given inflation continues to decelerate and the Federal Reserve Board's current expectations that they will lower the federal funds target rate next year, we likely will see a gradual thawing of the housing market in the new year." According to a December 2023 AP report, the recent downward shift in mortgage rates is a welcome development for homebuyers. Mortgage applications notched their sixth consecutive weekly increase last week, according to the Mortgage Bankers Association.

According to an November 2023 report by Lawrence Yun, although high mortgage rates, elevated home prices and limited housing inventory have crippled the 2023 housing market, the outlook for 2024 is brighter. Mr. Yun expects existing-home sales to increase by 15% in 2024 as mortgage rates stabilize and home sellers adapt. "I believe we've already reached the peak in terms of interest rates. The question is when are rates going to come down?"

According to the National Association of Real Estate Investment Trusts' (NAREIT) 2024 Outlook, with the Federal Reserve at, or near, the end of its tightening cycle, REITs are well-situated for outsized performance in 2024. "While public real estate valuations have adjusted, private real estate valuations probably will see further declines in 2024." The firm noted that REITs' well-managed balance sheets likely will enable them to navigate economic uncertainty in 2024.

The 2024 CBRE U.S. Real Estate Market Outlook there is an increased chance that the U.S. will avoid a recession and achieve a soft economic landing in 2024, but economic growth will slow and downside risks are elevated. Commercial real estate investment activity likely will begin to pick up in the second half of 2024. The normalization of hybrid working arrangements will continue to limit the growth of office demand. Retail real estate fundamentals are expected to remain strong due to the scarcity of new construction deliveries over the past decade. The industrial market is expected to remain healthy, with net absorption on par with 2023 levels. The biggest wave of new apartment supply in decades will temper rent growth and improve affordability for renters in 2024. The hotel industry will face headwinds to RevPAR growth in 2024, including competition from alternative lodging sources and a slower economy, but fewer Americans traveling internationally will benefit the domestic market. Demand for new

data center development will attract more institutional investment in 2024, as investors reallocate capital from the office sector to real estate alternatives.

According to the Deloitte Center for Financial Services annual Commercial Real Estate Outlook for 2024, "the global real estate industry has an opportunity to start rebuilding on more solid ground. Multiple factors, from a pandemic-era recovery that shifted how and where people work to more recent geopolitical uncertainties and financial market instability, the coming year is expected to be pivotal in real estate firms' ability to recover and build up. Marked by a myriad of mixed signals about the health and trajectory of our industry, real estate leaders may need to find their footing as they shape the next phase of real estate ownership and investment."

According to the PwC Emerging Trends in Real Estate 2024, there's a reluctant acceptance in the industry that interest rates will remain high for at least the next year and possibly even longer. "Even good news, such as investors being eager to acquire new assets, is tempered by bleak sector data. For example, despite available equity, transactions are down — and many in the industry point to instances where buyers and sellers simply can't agree on pricing because the dearth of sales limits price clarity." Respondents to the *Emerging Trends* survey believe the worst of inflation is behind us, which should give the Federal Reserve a reason to pause interest rate hikes.

According to J.P. Morgan Chase 2024 commercial real estate outlook, "multifamily and neighborhood retail stay strong, while industrial may be starting to soften. The future of office buildings remains unclear." They also report the future of interest rates is uncertain as the economy begins to slow down.

FLORIDA ECONOMIC ANALYSIS

According to the U.S. Census Bureau, after a historically low rate of change between 2020 and 2021, the U.S. resident population increased by 0.4%, or 1,256,003, to 333,287,557 in 2022. Florida was the fastest-growing state in 2022, with an annual population increase of 1.9%, resulting in a total resident population of 22,244,823. It was also the second largest-gaining state behind Texas, with an increase of 416,754 residents. Net migration was the largest contributing component of change to Florida's growth, adding 444,484 residents. "While Florida has often been among the largest-gaining states," Kristie Wilder, a demographer in the Population Division at the Census Bureau noted, "this was the first time since 1957 that Florida has been the state with the largest percent increase in population.

According to the Summer 2023 Florida Forecast prepared by the Institute for Economic Competitiveness at the University of Central Florida, Florida's economy, as measured by real Gross State Product, will expand at an average annual rate of 1.5% from 2023 to 2026. Real Gross State Product will decelerate during the economic slowdown as growth will slow to 0.5% in 2024 and 0.8% in 2025, then accelerate to reach 1.7% by 2026.

Payroll job growth in Florida will begin to falter with a slowdown in the U.S. economy, but not in every sector. After year-over-year growth of 4.7% in 2021 and job growth of

5.6% in 2022, payroll employment in 2023 will decrease to 2.4%, contract by 1.8% in 2024, and by 0.4% in 2025. Job growth turns positive and grows by 1.0% in 2026.

Housing starts have felt the bitter chill of higher mortgage rates. Total starts were 192,213 in 2022—before higher mortgage rates and worries of a slowing economy will result in a deceleration in starts to 183,134 in 2023, 158,716 in 2024, 154,424 in 2025, and 150,981 in 2026.

The unemployment rate fell to 4.7% in 2021, and then to 2.9% in 2022. The slowing economy will push the rate up to 3.1% in 2023, to 4.4% in 2024, and to 5.0% in 2025 and 2026.

COLLIER COUNTY AREA ANALYSIS

Collier County has long been an attractive place to retire and it continues to be an area that experiences a great deal of seasonal population increases. According to the Collier County Comprehensive Planning Department, Collier County's population increases up to 25% between November and April due to seasonal residents and short-term agricultural workers in the Immokalee area. The population increase creates a high degree of seasonality within the retail, service, and hospitality sectors of Collier County's economy.

Collier County is located less than 150 miles from Fort Myers, Fort Lauderdale, Miami, Sarasota, and West Palm Beach as shown in the following table.

Distance to Other Major Markets			
Metro Area			Miles
Fort Myers	44	Jacksonville	378
Fort Lauderdale	107	Tallahassee	435
Miami	128	Atlanta	616
Sarasota	120	New York	1,311
West Palm Beach	150	Dallas	1,315
Tampa	169	Chicago	1,335
Orlando	238		

Population

The Bureau of Economic and Business Research, University of Florida released the following population statistics for Southwest Florida. As shown, total population increased in all six Southwest Florida counties with the greatest percentage growth in Lee County and the second highest in Charlotte County.

Projections of Florida Population by County, 2025-2050, with Estimates for 2023

	Population				Percent Change		
	2023	2025	2030	2035	2023 to 2025	2025 to 2030	2030 to 2035
Southwest Florida	1,922,304	1,993,700	2,144,000	2,262,900	3.71%	7.54%	5.55%
Charlotte	204,126	211,300	226,900	240,000	3.51%	7.38%	5.77%

U.S. News & World Report, the global authority in rankings and consumer advice evaluated the country's 150 most populous metropolitan areas based on affordability, job prospects and desirability. The 2024 25 Best Places to Retire includes six Florida metro areas with Daytona Beach the top Florida market at No. 8. Tampa is No. 12 overall while Sarasota is No. 18. Naples is ranked 6th overall in the 2023-2024 Best Places to Live report released by U.S. News & World Report and Sarasota is ranked 5th.

Naples ranks No. 1 in the annual U.S. News & World Report Best Places to Live in the U.S. Sarasota, was ranked No. 11.

Employment

The local economy is largely dependent on the real estate market. Covid-19 negatively impacted overall employment and the service and leisure and hospitality sectors in particular; however, jobs continue to return as the market improves. Tourism drives much of the Collier County area's economy, with leisure and hospitality composing almost 20% of the workforce. Employment growth has slowed considerably here, according to the

Florida Bureau of Workforce Statistics and Economic Research, Collier County added approximately 1,200 jobs over the past year as of November 2023. The leisure and hospitality sector led the region in job gains, adding 900 jobs year over year. However, several industries recorded year-over-year job losses, with professional and business services leading the region with 1,100 jobs lost.

The following table shows the 1Q 2024 Collier County Employment by Industry as well as historical and projected job growth.

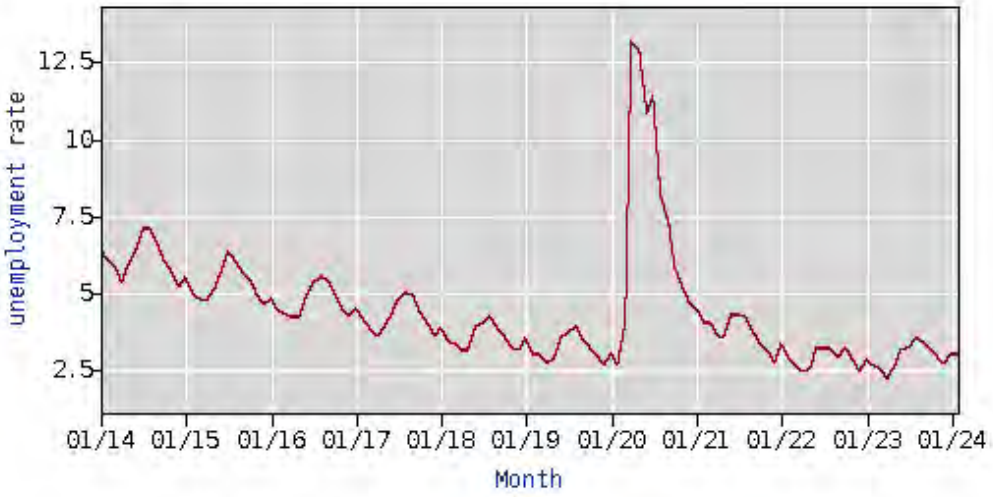
Collier County unemployment peaked in August 2010 at 13.0% and had generally been declining until the Covid-19 pandemic with unemployment peaking again at 13.1% in April 2020. The preliminary reported unemployment rate in February 2024 was only 3.0%.

The annual Collier County rate peaked in 2010 at 11.6% and had declined steadily since until the spike from the Covid-19 pandemic in April 2020. However, unemployment numbers have steadily decreased as the economy continues to improve.

Local Area Unemployment Statistics

Series Id:	LAUCN120210000000003
Not Seasonally Adjusted	
Area:	Collier County, FL
Area Type:	Counties and equivalents
State/Region/Division:	Florida
Measure:	unemployment rate



As of February 2024, the unemployment rate for the State of Florida was 3.3%, down from the peak in May 2020 of 14.3%. On a national level, the unemployment rate in February 2024 was 3.8%, a decrease from the peak in April 2020 of 14.8%. Collier County currently has a lower February rate, at 3.0%, than state and national levels.

The local economy is largely dependent on the real estate market. The following table from the U.S. Department of Labor shows Naples/Immokalee/Marco Island employment from 2014 through March 2024. As shown, unemployment from the Covid-19 pandemic affected the service and leisure and hospitality sectors the most. All sectors have regained all lost jobs and have exceeded 2019 levels.

Collier County and the entire Southwest Florida Region is substantially dependent on the real estate and construction sectors. Therefore, the area has been and should be more susceptible to cyclical fluctuations that have occurred in other areas dominated by a single industry. The Southwest Florida Economic Development Alliance reports key employers in Southwest Florida (Collier, Lee and Charlotte County) from Biofuels, healthcare, technology, apparel design, to sugar production are a driving force behind the region's success. The table below provides a few examples of some key employers in Southwest Florida.

- Industrial Biotechnology, Algenol Biofuels – Global Headquarters
- Medical Devices, Arthrex, Inc. – Global Headquarters
- Women's Specialty Apparel Retailer, Chico's FAS – Global Headquarters
- Specialty Electronics Manufacturer, Fox Electronics – Global Corporate Headquarters
- Global IT Research and Advising, Gartner, Inc.
- Vehicle Rentals and Sales, Hertz, Inc. – Global Headquarters
- Subsidiary Pittsburgh Glass Works, Lynx Services, LLC – Customers Service Center
- Manufacturing Fluid Management, Shaw Development – Global Headquarters
- Agricultural and Food Manufacturer, U.S. Sugar Corporation – Headquarters
- Healthcare, 21st Century Oncology – Global Headquarters

The following table shows the Top 25 Employers as reported by the Florida Gulf Coast University Regional Economic Research Institute in 2023.

Development

Growth continues to shift east with Ave Maria becoming the top-selling single-family residential community in Collier County and was recently ranked as one of the Top 20 Selling Master-Planned Communities in the United States. It has maintained the top ranking in the Naples-Fort Myers market for the past eight years. Ave Maria reported a total of 652 new home sales in 2023, an increase from the record breaking 646 new home sales in 2021, and an increase from the 586 new home sales in 2022. It is the highest-ranking commumity in all of Collier County. There are currently four residential builders in Ave Maria, CC Homes, Del Webb Naples, Lennar and Pulte Homes. The grand opening of The National Golf and Country Club at Ave Maria, a bundled golf community by Lennar, was held on January 7, 2021. The Immokalee Road corridor between Naples and Ave Maria is projected to see thousands of new homes developed in the next few years. According to a June 2023 Naples Daily News article, Collier County commissioners approved an increase in the town of Ave Maria by nearly 1,000 acres to 5,000 acres which doesn't include the roughly 1,000-acre Ave Maria University campus and other public benefits such as parks. According to David Genson, president of development for Barron Collier Cos., while more single-family homes will be built, the maximum number of residences won't change, with the cap remaining at 11,000. With the way the town was originally laid out, it would have supported about 8,400 units without adding more land. The original plans called for 60% of the homes to be single-family which will increase to more than 80%. According to Genson, they are on pace to

possibly sell close to 700 homes in 2023. Approximately 50% of the buyers are from the east coast of Florida.

In January 2020, in what has been described as one of the most important votes for the future of growth in Collier County, commissioners approved Rivergrass Village. The village is the first of three planned 1,000-acre villages stretching from just north of Oil Well Road to east of Golden Gate Boulevard East. Rivergrass Village will allow for up to 2,500 homes; 100,000 square feet of retail and office uses and a minium of 25,000 square feet for civic government, and institutional buildings. Longwater Village will allow for up to 2,600 homes; 65,000 square feet of retail and office space and 25,000 square feet for civic government, and institutional buildings and Bellmar Village will allow for up to 2,750 homes; 85,000 square feet of retail and office space and 27,500 square feet for civic government, and institutional buildings. In a near unanimous decision, the Collier County Planning Commission agreed to recommend approval of Longwater in March 2021. The project has sparked controversy because the property sits in the environmentally sensitive Rural Lands Stewardship Area, or RLSA. Commissioners voted to approve the Longwater and Bellmar Villages on June 8, 2021. The commissioners approved Brightshore, another rural village with thousands of proposed homes in December 2022.

There are more than $1 billion in new luxury high-rise developments near the coast including One Naples at the northeast corner of Vanderbilt Beach Road and Gulf Shore Drive as well as Pelican Bay (Mystique completed in 2019) and Kalea Bay (Towers 100 and 200 are complete, Tower 300 was completed in December 2022, Tower 400 currently under construction) in North Naples. New commercial development is very active at the intersections of Collier Boulevard and US 41 East as well as Collier Boulevard and Immokalee Road.

In its 4th Quarter 2023 report, the Office of Federal Housing Enterprise Oversight (OFHEO) found that the Naples- Marco Island MSA had a 5.9% increase in home prices (all-transactions including purchase and refinance mortgage) over the trailing 12 months. Home prices in the state of Florida increased 6.85% over the past year (4Q 2023 - 4Q 2024) which was 23rd in the nation.

The continuing care retirement community, Moorings Park, teamed with London Bay Homes to develop an independent living development with 275 residences in 17 buildings. All of the buildings are six stories over parking. Grande Lake, will be built on 55 acres off Golden Gate Parkway, between Airport-Pulling and Livingston Roads. Entrance fees start at $1.5 million and are 70% refundable. Construction on the first 47 units in three buildings commenced in December 2018 with completion in May 2020.

Arthrex, a medical device manufacturer and one of the county's largest employers, completed construction of its latest expansion plan at its headquarters along Goodlette-Frank Road in early 2020. The development includes a 300,000 square-foot, six-story office complex with an auditorium, a four-story Innovation Hotel with approximately 160 rooms, a two-story wellness center, and a 3-acre park. The hotel hosts orthopedic surgeons from the U.S. and around the world for medical education on the company's

devices and instruments. Arthrex has contracted with a Tampa-based company, Mainsail, to manage all elements of the hotel operation, including employees.

NCH Healthcare partnered with New York-based Hospital for Hospital for Special Surgery, known as HSS, to build a three-story, 80,000-square-foot hospital. HSS at NCH will be a 15-bed acute-care addition on the hospital campus located along the north side of Immokalee Road near the NCH North Naples campus between Health Park and Medical Boulevards. The facility is expected to open to patients in early 2025.

The first regional store for Phoenix-based Sprouts Farmers Market anchors The Landings at Logan, a new 18-acre retail center at the southeast corner of Immokalee Road and Logan Boulevard in North Naples. NCH Healthcare Northeast located at the northeast quadrant of Immokalee Road and Collier Blvd (CR 951) opened in late 2015 and is the first free standing ER facility in Collier County. The two-story building consists of approximately 41,500± square feet.

Barron Collier Companies and Metro Development Group broke ground on Founders Square, a 55-acre mixed-use development located on the southeast corner of Immokalee Road and Collier Boulevard in January 2020. The development is anchored by The Pointe, a collection of 10 separate restaurants and other retail tenants. It also includes a 400-unit Class A apartment community, known as The Haldeman; a 35,000 square foot medical office building leased by Physicians Regional Medical Healthcare; and StorQuest a 110,000 square foot self-storage facility.

Seed to Table, a new Oakes Farm grocery store at the northeast corner of Livingston and Immokalee Roads in North Naples opened in December 2019. The former Albertson's was completely gutted and consists of 77,000+ square foot store with sit-down dining, a full-service bar, three bars for beer and wine, wine room with samples on tap, a wood-fired brick oven for pizza, a raw bar, sushi bar, grilling area, coffee bar and stations preparing fresh pasta, guacamole, cheese, cut vegetables, sandwiches, smoothies and even homemade ice cream with indoor-outdoor seating.

Paradise Coast Sports Complex, is Collier County's new $100 million Amateur Sports Complex. The county hopes to become a destination for traveling youth sports teams and amateur athletes. While the focus of the complex is athletics, there will be 20 fields between soccer, baseball and softball, plus a 10,000-person championship stadium, the goal is to get people to stay after the game is over with The Cove and The Factory. The Cove is a bar and food truck area for patrons to relax, listed to live music and play a variety of yard games (bag toss, oversized Connect Four and Jenga, plus ping pong). The Factory is an outdoor workout facility focusing on functional fitness (similar to CrossFit) which is available on a monthly membership basis. Additionally, the man-made lake next to The Cove includes a 2/3 mile jogging loop with three workout stations. There is a climbing wall for public use and a beach volleyball court.

Collier County Commissioners approved a $15 million economic development agreement on June 22, 2021 for The Great Wolf Lodge. The land was purchased for $9,100,000 in

July 2021 and construction commenced in July 2022. The Lodge is built on 20 acres of land along City Gate Boulevard North and features a 100,000 square foot indoor water park, 500-room hotel, and 62,000 square feet of amenities and attractions. The resort is expected to open in the autumn of 2024. It will bring in more than 200 construction jobs, plus an additional 600 full-time and part-time jobs once open.

Investment Trends

The following CoStar data shows Collier County trends in the Multi-Family, Retail, Office, and Industrial sectors as of the second quarter 2024.

According to the CoStar report, multifamily investment is down across Florida, and Collier County is no exception. Total sales volume during 2023 was roughly $240 million, which represented a decline of approximately 40% over the previous year, and there have been no notable trades to date in 2024.

Private and institutional buyers were the only active investor group in the last year, and looking back over the previous three-year period shows private buyers comprising half of all activity with the remainder coming from private equity and institutional investors.

As investment volume has fallen over the past year so too has the average price per unit. Pricing peaked here at roughly $312,000/unit in early 2022 and has dropped to $270,000 as of the second quarter of 2024, a trend that is anticipated to continue over the coming quarters.

Average Household Income	$135,508		$157,374	
Per Capita Income	$57,867		$68,836	

Conclusion

The long term economic outlook for Collier County is positive. The area lures people from all over the country for tourism as well as retirement, with the beaches and weather considered major demand drivers.

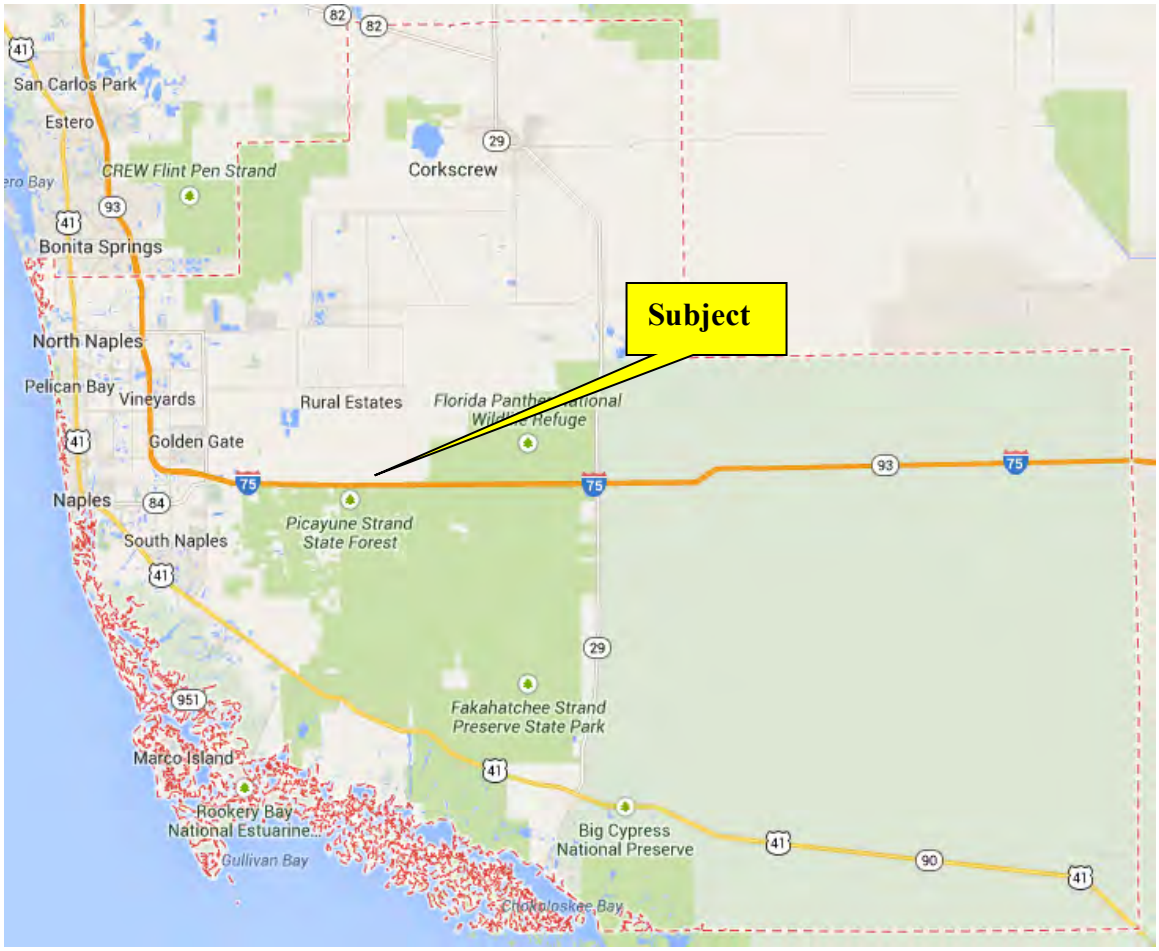
The projected growth in population and employment provide an economic base that supports demand for real estate in the subject neighborhood and for the subject property. These conditions have resulted in increasing property values and should stimulate continued increases within the foreseeable future. Prior to the coronavirus pandemic, the residential market had stabilized after several years of an expansion period, with sustained growth in demand and increasing construction. Since the coronavirus pandemic, residential demand increased significantly with record sales in 2020 and continued high demand but limited inventory in 2021 and 2022. Inventory increased in 2023 and 2024 YTD as demand declined due to continued increases in interest rates. Prices continue to increase; however, the rate of increase is declining.

According to the Naples Area Board of Realtors (NABOR), there was a record $18.2 billion in sales in Collier County during 2020. Demand eclipsed all expectations in 2021 with a 25.8% increase in overall sales in 2021 and a 20.3% increase in median closed price (year over year). The 2023 Annual Market Report released by NABOR reported total sales were down 13.6% in 2023 and the overall median sales price increased 4.3% to $600,000 for the year. Single Family home prices were down 0.7 percent compared to last year, and Condo home prices were up 6.6 percent.

Generally, the commercial market lags the residential market. The significant residential demand since the pandemic has generally stabilized the commercial market overall with an increased demand for the industrial sector and select retail and office properties.

Finally, it is noted that Hurricane Ian, a Category 4 storm, made landfall in Southwest Florida on September 28, 2022, and caused widespread wind and storm surge damage. The analyses and value opinion(s) in this appraisal are based on the data available to the appraiser at the time of the assignment and apply only as of the effective date indicated. No analyses or opinions contained in this appraisal should be construed as predictions of future market conditions or value(s).

Collier County Area Map



MARKET AREA ANALYSIS

Boundaries

The subject is located in the north central part of Collier County in the northwestern portion of the Collier County Rural Estates Planning Community.

This surrounding area is generally delineated as follows:

North	Immokalee and Oil Well Roads
South	Interstate 75 (Alligator Alley)
East	Desoto Blvd.
West	Generally County Road 951

The subject is located in Golden Gate Estates which consists of single family homes on acreage parcels.

Market Area Access and Linkages

Primary access to the area is provided by Interstate 75 (I-75), a major arterial that runs east to Fort Lauderdale and north through Tampa, Florida; I-75 terminates to the north at the US/Canadian Border in Sault Ste. Marie, Michigan. Further access to the area from Interstate75 is by:

- State Road 29 (I-75 exit 80) at Miles City.
- County Highway 846 (Immokalee Road, I-75 exit 111).
- Golden Gate Boulevard

Overall, vehicular access is average.

The subject property at 40th Avenue SE is accessed from southern Desoto Blvd. Collier Boulevard extends from Immokalee Road to the north to Marco Island to the south. Golden Gate Boulevard West intersects with Collier Boulevard between Vanderbilt Beach Road and Pine Ridge Road. Golden Gate Boulevard West becomes Golden Gate Boulevard East, east of the Wilson Boulevard N. Wilson Boulevard N and Everglades Boulevard N provide access to Immokalee Road from the market area. Desoto Boulevard N provides access to Randall Blvd and Oil Well Rd, both of which connect to Immokalee Road.

The Southwest Florida International Airport (RSW) is located about 25+/- miles from the market area; travel time is about 35 to 45 minutes, depending on traffic conditions. The Naples Municipal Airport (APF) is approximately 15+/- miles and 30 to 40 minutes southwest. Downtown Naples is approximately 20+/- miles from the market area and 30 to 40 minutes southwest.

Major Employers

Major employers in the area include the new NCH Healthcare Northeast located at the northeast quadrant of Immokalee Road and Collier Blvd (CR 951). The freestanding Emergency Room opened in late 2015 and is the first free standing ER facility in Collier County. The two-story building has 19 private patient care room with 75 full-time employees. The complex includes a small rehabilitation center on the ground floor with a separate entrance from the emergency room and the second floor has physician offices.

Other employers include the Heritage Bay Government Center, immediately north of NCH Northeast, commercial development within Founders Square, a 55-acre mixed-use development located on the southeast corner of Immokalee Road and Collier Boulevard, and commercial development at Randall Boulevard and Immokalee Road.

Demographics / Demand Generators

The following table shows the historical, current and projected population, households, housing, and income demographics for the immediate market area defined as a 2 mile radius from the subject. The table was developed using data from STDBOnline.com.

Development Activity and Trends

The Davis Group, a commercial developer based in Atlanta, commenced development on The Randall at Orangetree, mixed used planned development approved with up to 400 residential units and 150,000 square feet of commercial space at the northeastern corner of Immokalee Road and Fourth Street N.E., Randall Curve area in mid 2022. The development will include an Aldi grocery store, Ace Hardware, NCH Healthcare, Self Storage, McDonalds, AutoZone, and Brickyard Car Wash.

Barron Collier Companies and Metro Development Group developed Founders Square, a 55-acre mixed-use development located on the southeast corner of Immokalee Road and Collier Boulevard 2021. The development is anchored by The Pointe, a collection of 10 separate restaurants and other retail tenants. It also include a 400-unit Class A apartment community, known as The Haldeman; Physicians Regional Medical Group; and StorQuest Self Storage.

A new Collier County government center located along the east side of Collier Blvd within the northeast corner of Immokalee Road and Collier Blvd opened in early 2022. The first phase of the Heritage Bay Government Center includes a 22,750 square foot government services building on 7.7 acres the county owns immediately north of NCH Northeast. The county tax collector's office has the largest space in the one-story building, but satellite offices also will be provided for the property appraiser, supervisor of elections and select services of the clerk of courts.

As discussed, the new NCH Healthcare Northeast located at the northeast quadrant of Immokalee Road and Collier Blvd (CR 951) opened in late 2015 and is the first free standing ER facility in Collier County. The two-story building consists of approximately 41,500± square feet.

Watercrest Naples Assisted Living and Memory Care, a new 128-unit luxury senior living community opened in 2019 on the north side of Immokalee Road east of Collier Boulevard.

A 46,000 square foot Publix opened in March 2017 at the corner of Immokalee Road and Randall Boulevard. The Neighborhood Shoppes at Orangetree development includes a CVS pharmacy, Publix Liquors store, China Palace restaurant, and Diamond Nails salon.

Residential growth continues to shift east with Ave Maria becoming the top-selling single-family residential community in Collier County. The Immokalee Road corridor between Naples and Ave Maria is projected to see thousands of new homes developed in the next few years.

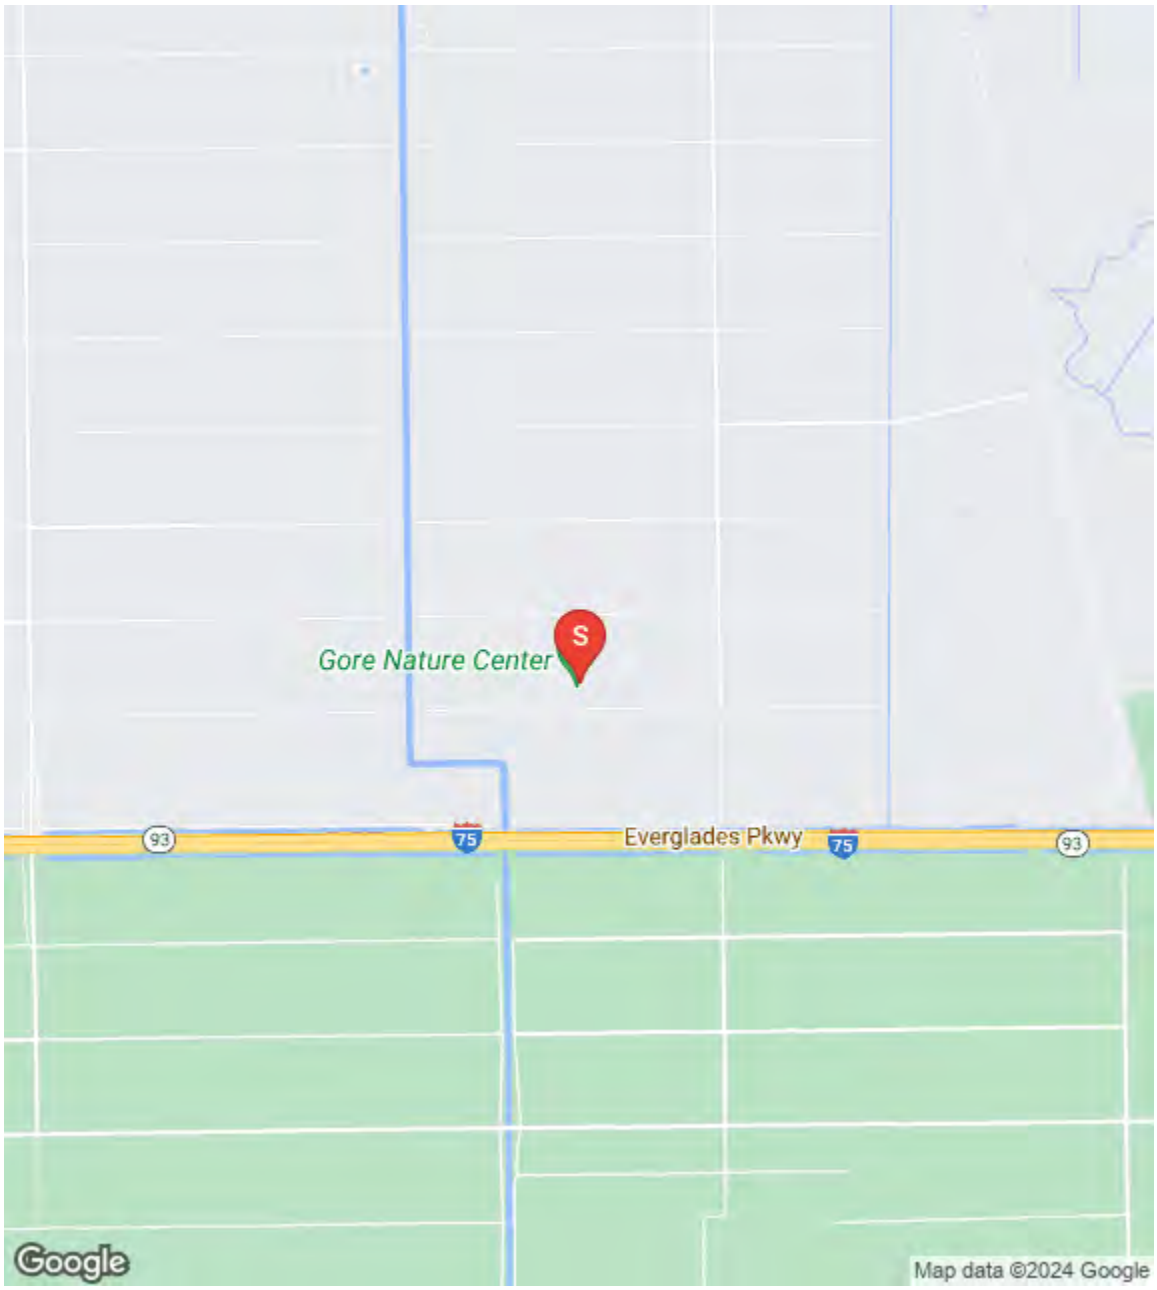
Outlook and Conclusions

As with the overall Collier County market, the long term economic outlook for Rural Estates is positive. Total population is projected to increase slightly over the next five years and begin a more normalized pattern thereafter.

Prior to the coronavirus pandemic, the residential market had stabilized after several years of an expansion period, with sustained growth in demand and increasing construction. Since the coronavirus pandemic, residential demand increased significantly with record sales in 2020 and continued high demand but limited inventory in 2021 and 2022. Inventory increased in 2023 and 2024 YTD as demand declined due to continued increases in interest rates. Prices continue to increase; however, the rate of increase is declining.

Generally, the commercial market lags the residential market. The significant residential demand since the pandemic has generally stabilized the commercial market overall with an increased demand for the industrial sector and select retail and office properties.

Market Area Map



PROPERTY DESCRIPTION AND ANALYSIS

SITE ANALYSIS

The following description is based on our property inspection and public records.

Land Summary		
Parcel ID	Gross Land Area (Acres)	Gross Land Area (Sq Ft)
41501440005	10.00	435,600

SITE	
Location:	The subject is located on the north side of 40th Avenue SE approximately 1,670 feet west of the intersection with Desota Blvd S in an unincorporated area of Collier County known as North Golden Gate Estates. The subject planning district is known as the Rural Estates. The property is surrounded by lands owned by Collier County and operated as the Dr. Robert H. Gore III Preserve.
Current Use of the Property:	Improved with a 1,549 square foot, single family stilt residence.
Shape:	The site is roughly square.
Road Frontage/Access:	The subject property has average access with frontage as follows: • 40th Avenue SE (Two laned, asphalt, residential street): 660 feet The site has an average depth of 660 feet. It is not a corner lot.
Visibility:	Average
Topography:	According to a Conservation Collier Initial Criteria Screening Report revised and dated March 6, 2024, the surveyed parcels contain approximately 81% hydric soils. The property is zoned Estates. A. Per the wetlands mapper from U.S. Fish & Wildlife Service the property includes 10.00 acres of Freshwater Forested/Shrub Wetlands.
Soil Conditions:	According to a Conservation Collier Initial Criteria Screening Report revised and dated March 6, 2024, hydric soils exist on 81% of the surveyed parcels. The subject soils include “Boca Riviera, Limestone Substratum and Copeland FS Depressional', ' Hallandale and Boca Fine Sands' and 'Hallandale Fine Sand'. We are not experts in soils analysis and make no determination as to their development potential.
Utilities:	Electricity: FP&L Sewer: Septic required Water: Well required Underground Utilities: The site is not serviced by underground utilities Adequacy: The subject's utilities are typical and adequate for the market area.
Site Improvements:	• Street Lighting: There is no street lighting along 40th Avenue SE. • Sidewalks: There are no sidewalks along 40th Avenue SE. • Curbs and Gutters: There are no curbs and gutters along 40th

Avenue SE. There are drainage swales along 40th Avenue SE.
- Curb Cuts: The subject has one curb cut along 40th Avenue SE.
- Landscaping: The property has cleared to heavy vegetation. According to a Conservation Collier Initial Criteria Screening Report revised and dated March 6, 2024, the surveyed area includes Cypress, Cypress Mixed Hardwoods, Mixed Wetland Hardwoods, Mixed Shrub-Shrub Wetland and Pine Flatwood. Lands covers include Cypress/Tupelo Mixed and Mixed Wetland Hardwoods. Approximately 50-65% of the plant communities within the TPMA parcels are infested with invasive vegetation – primarily Brazilian pepper. Other species of concern include lantana, mission grass, cogon grass, and Boston fern.

Flood Zone: The subject is located in an area mapped by the Federal Emergency Management Agency (FEMA). The subject is located in FEMA flood zone AH, which is classified as a flood hazard area.

FEMA Map Number: 12021C 0445 H
FEMA Map Date: May 16, 2012

The subject is in a flood zone. The appraiser is not an expert in this matter and is reporting data from FEMA maps.

Environmental Issues: According to a Conservation Collier Initial Criteria Screening Report revised and dated March 6, 2024, documented wildlife on the surveyed parcels include the Florida panther, Florida sandhill crane, Little Blue Heron, Tricolored Heron, Wood stork and American alligator. We were not provided with an environmental assessment report for the purpose of this appraisal. Environmental issues are beyond our scope of expertise; therefore, we assume the property is not adversely affected by environmental hazards. There are invasive vegetation on the subject site. Management issues and estimated costs associated with exotics include: Initial Exotic Removal estimated at $4,000-$6,800 and ongoing annual estimated at $3,500. There are additional initial and annual recurring costs associated with the use of the subject site as a nature center including: Trail construction: $1,800 initially and $100 annually; Signage: $2,700 initially and $400 annually; Gate enhancements: $7,700; Trail structure maintenance: $2,200 initially and $800 annually; Security enhancements: $30,000 initially; Sprinkler system and wildfire safety enhancement: $15,000 initially; Underhouse storage and security: $8,000 initially; and Electricity, water and building maintenance: $4,000 initially.

Encumbrance / Easements: A current title report was not provided for the purpose of this appraisal. We are not aware of any easement, restrictions, or encumbrances that would adversely affect value. Therefore, our valuation assumes the subject has a clear and marketable title with no adverse easement, restrictions, or encumbrances.

Site Comments: The site includes 10.00 acres or 435,600 square feet. The subject has 660 feet of frontage on 40th Avenue SE in an unincorporated area of Collier County known as the Rural Estates Corkscrew Planning Community. The property is surrounded by lands owned by Collier

	County and operated as the Dr. Robert H. Gore III Preserve. It is zoned Estates. Per the wetlands mapper from U.S. Fish & Wildlife Service, the property includes 10.00 acres of Freshwater Forested/Shrub Wetlands. It is located in an AH flood zone.

ZONING	
Zoning Code	E
Zoning Authority	Collier County
Zoning Description	Estates
Permitted Uses	Includes single-family dwellings, family care facilities (subject to section 5.05.04), essential services (as set forth in section 2.01.03), and schools, public, including educational plants.
Actual Density of Use	Less than 1.00
Current Use Legally Conforming	The subject is legal and conforming use.
Zoning Change Likely	A zoning change is unlikely.
Minimum Lot Area (SF)	2.25 acres
Minimum Floor Area (SF)	1,000
Minimum Street Frontage (Feet)	150
Front Set Back Distance (Feet)	75
Rear Set Back Distance (Feet)	75
Side Yard Distance (Feet)	30 feet; 37.5 feet for corner lots along longest side
Maximum Density/FAR	One dwelling units per 2.25 acres
Maximum Building Height (Feet)	30
Zoning Comments	We were not supplied with a survey indicating building setbacks and have assumed that the improvements conform to current building codes.
Future Land Use Designation	Golden Gate Estates

IMPROVEMENTS ANALYSIS

The subject is an existing residential type property containing 1,549 square feet of rentable area. The stilt home was constructed in 1988 and had extensive renovations from 2021 through 2023. It is operated as the Gore Nature Center by Cypress Cove Conservancy, Inc. The site consists of 10.00 acres, or 435,600 square feet.

IMPROVEMENTS DESCRIPTION	
Property Type:	Residential
Property Sub Type:	Stilt residence on pilings
Occupancy Type:	Single tenant

Building Summary

Building Name/ID	Year Built	Condition	Number of Stories	Gross Building Area	Rentable Area	Number of Units
Cypress Cove Conservancy	1988	Average	One	1,962	1,549	1

Notes: The following description is based on our property inspection and public records. The square footage reported herein is based on public records.

GENERAL	
Building Description:	Stilt residence on pilings
Construction Class:	Class D
Construction Quality:	Average
Appeal/Appearance:	Average
Year Built:	1988
Renovations:	2021-2023
Actual Age (Yrs.):	36
Effective Age (Yrs.):	9
MVS Expected Life (Yrs.):	50
Remaining Useful Life (Yrs):	41
Condition:	Average
Number of Buildings:	One
Ratios:	Site Area (SF): 435,600 Building Efficiency Ratio: 79.0% Land to Building Ratio: 222.02 to 1

FOUNDATION, FRAME & EXTERIOR	
Foundation:	Wood pilings on concrete footings
Structural Frame:	Wood frame with wood trusses
Exterior:	Painted wood siding. Fireplace with river rock.
Windows:	Casement
Roof/Cover:	Hip roof with central clerestory/cupola / Seamless metal with skylights

INTERIOR	
Interior Layout:	Entry hall to central hall with clerestory, kitchen, utility room, dining area, living room, master bedroom with bath, den with full bath, rear deck and two screened porches. Underbuilding with gravel base and partial vertical wood screening. Two screened porches and outside rear deck. Long elevated walkway leads to a lower front deck at 2,000 sf.
Floor Cover:	Oak flooring in the living areas. Tile in the bathrooms,
Walls:	Painted wood siding, cypress and pecky cypress walls.
Ceilings & Ceiling Height:	Mixed vaulted and flat ceilings with painted or stained wood trusses. / 9 to 14± feet
Lighting:	A mix of track and incandescent lighting.
Restrooms:	One restroom with vanity, commode and shower. One restroom with separate vanity, commode and vanity.

MECHANICAL SYSTEMS	
HVAC:	None
Electrical:	Assumed adequate
Plumbing Condition:	On demand hot water heater. Reverse osmosis system.
Sprinkler:	None
Elevators:	None
Security:	Private with gated entry off 40th Avenue SE

The former master bathroom was converted to a half bath with removal of tub/shower. The property has no HVAC system. A mini split system can be installed for whole home heating and cooling.

PARKING AND LANDSCAPING	
Parking:	Type: Gravel open surface parking Number of Spaces: Assumed adequate Condition: Average
Landscaping:	The property has cleared to heavy vegetation. According to a Conservation Collier Initial Criteria Screening Report revised and dated March 6, 2024, the surveyed area includes Cypress, Cypress Mixed Hardwoods, Mixed Wetland Hardwoods, Mixed Shrub-Shrub Wetland and Pine Flatwood. Lands covers include Cypress/Tupelo Mixed and Mixed Wetland Hardwoods. Approximately 50-65% of the plant communities within the TPMA parcels are infested with invasive vegetation – primarily Brazilian pepper. Other species of concern include lantana, mission grass, cogon grass, and Boston fern.

PROPERTY ANALYSIS	
Design & Functional Utility:	The overall design and utility of the building is adequate for its current use.
Deferred Maintenance:	There was no deferred maintenance noted on the date of inspection.
Capital Improvements:	We were not made aware of any planned capital improvements.
Comments:	The quality, maintenance, and overall appeal of the subject are considered to be consistent with that of competing properties.

Occupancy Status

The property is operated as the Gore Nature Center by Cypress Cove Conservancy, Inc.

Americans with Disabilities Act

There do not appear to be any ADA violations based on our inspection of the subject property. However, we are not experts in matters pertaining to the Americans with Disabilities Act and therefore recommend a further study to assess the ADA compliance.

Hazardous Substances

We were not provided with an environmental assessment report for the purpose of this appraisal. Environmental and hazardous substance issues are beyond our scope of expertise. Unless otherwise stated, we assume no hazardous conditions exist on or near the subject.

Personal Property

The property includes certain personal property including newer Samsung French door refrigerator, Samsung dishwasher, Samsung electric range with range hood and stack washer/dryer.

Improvement Analysis Conclusion

The quality, maintenance, and overall appeal of the subject are considered to be consistent with that of competing properties.

REAL ESTATE TAXES AND ASSESSMENTS

The real estate tax assessment of the subject is administered by Collier County. In 2008, Florida voters amended the Constitution to give non-homestead property owners some protection against increases in their annual property tax assessments. As amended, the Florida Constitution now prohibits the assessment of certain non-homestead property from increasing by more than 10% per year. The 10% cap applies to most types of commercial property, including non-homestead residential property (i.e. apartments and other rental property) and nonresidential property (i.e. commercial property and vacant land). The cap was set to expire on January 1, 2019; however, in November 2018 Florida voters amended the Constitution to make the cap permanent. The protection of the 10% cap is lost when there is a change of ownership or control.

The property tax identification number and assessed value of the property for tax year 2023 are as follows:

ASSESSED VALUES	
Tax Identification Number	41501440005
Land Assessed Value	$180,000
Building Assessed Value	$229,760
10% Assessment Cap	-$84,382
Total Assessed Value	$325,378
Totals	
Total Land Assessed Value	$180,000
Total Building Assessed Value	$229,760
10% Assessment Cap	-$84,382
Total Assessment	$325,378
Total Assessment per GLA	$210.06
Rates, Taxes, More	
Tax Rate	1.03235%
Ad Valorem Tax Amount	$0.00
Special Assessment Amount	$249.29
Special Assessment Comments	District 1 Garbage
Total Tax Liability	$249.29
Property Tax Comments	The 2022 and 2023 taxes have been paid. The property is owned and operated by a not for profit and is tax exempt.

The tax assessment for subject property is currently $210.06 per square foot, or $264.53 per square foot excluding the assessment cap. Based on our valuation analysis, the subject's assessment appears low but reasonable.

HIGHEST AND BEST USE

Highest and best use may be defined as:

> The reasonably probable use of property that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity. 1
>
> - Physically possible for the land to accommodate the size and shape of the ideal improvement.
> - Legally permissible under the zoning regulations, building codes, environmental regulations, and other restrictions that apply to the site. A property use that is either currently allowed or most probably allowable.
> - Financially feasible to generate sufficient income to support the use.
> - Maximally productive, or capable of producing the highest value from among the permissible, possible, and financially feasible uses.

Highest and Best Use As If Vacant

Physically Possible

The subject site is 10.00 acres or 435,600 square feet with 660 feet of frontage along 40th Avenue SE (Two laned, asphalt, residential street). The physical characteristics of the subject tract should reasonably accommodate any use that is not restricted by its size.

The subject's utilities are typical and adequate for the market area. The site is roughly square.

The site is located in a FEMA flood zone AH area per FEMA Flood Map Number: 12021C 0445 H, dated May 16, 2012, which is classified as a flood hazard area. Per the wetlands mapper from U.S. Fish & Wildlife Service the property includes 10.00 acres of Freshwater Forested/Shrub Wetlands.

There are no known physical reasons that would unusually restrict development. The site is considered to have a functional utility suitable for a variety of uses.

Legally Permissible

The subject site is zoned Estates (E), which allows low density residential with limited agricultural uses.

Permitted uses Includes single-family dwellings, family care facilities (subject to section 5.05.04), essential services (as set forth in section 2.01.03), and schools, public, including educational plants.

[1] *The Dictionary of Real Estate Appraisal* 7th ed. (Chicago: Appraisal Institute, 2022)

Recognizing the principle of conformity, we consider the prevailing land use patterns in the area. Therefore, only single family residential uses are given further consideration in determining the highest and best use of the site, as if vacant.

Financially Feasible

Financial feasibility is an analysis of the ability of a property to generate sufficient income to support the use, or a reasonable probability of producing a positive income stream net of operating expenses, financial costs, and capital amortization.

The projected growth in population and employment provide an economic base that supports demand for real estate in the subject neighborhood and for the subject property. These conditions have resulted in increasing property values and should stimulate continued increases within the foreseeable future. Prior to the coronavirus pandemic, the residential market had stabilized after several years of an expansion period, with sustained growth in demand and increasing construction. Since the coronavirus pandemic, residential demand increased significantly with record sales in 2020 and continued high demand but limited inventory in 2021 and 2022. Inventory increased in 2023 and 2024 YTD as demand declined due to continued increases in interest rates. Prices continue to increase; however, the rate of increase is declining.

On this basis, barring unforeseen changes in the market, a well-designed single family product that is appropriately marketed and priced, should be received favorably by the market.

Maximally Productive

The maximally productive land use yields the highest value of the possible uses. Single family residential development is the only use that meets the tests of physically possible, legally permissible, and financially feasible. Therefore, single family residential development is concluded to be the maximally productive and highest and best use of the site.

Highest and Best Use as Improved

As of the effective date of this appraisal, the existing improvements are operated as the Gore Nature Center by Cypress Cove Conservancy, Inc. It is the former residence of Dr. Robert Gore. The Cypress Cove Conservancy parcel is in the center of the Dr. Robert H. Gore III Preserve. A continuation of the current use is concluded to be financially feasible due to the quality, age and location of the improvements.

There are no apparent alternative uses that would indicate a higher present value that the current use. Furthermore, the value of the existing improvements, as is, exceeds the value of the site. Therefore, the highest and best use is as currently improved.

Most Probable Buyer

Considering the size, class, and location of the property, the most probable buyer is an owner-user.

VALUATION METHODOLOGY

Three basic approaches may be used to arrive at an estimate of market value. They are:

1. The Cost Approach
2. The Sales Comparison Approach
3. The Income Approach

Cost Approach

The Cost Approach estimates the current cost to construct the existing structure including an entrepreneurial incentive, depreciation, and the estimated land value. This approach is particularly applicable when the improvements represent the highest and best use of the land and are relatively new. It is also applicable when the property has unique or specialized improvements for which there is little or no sales data from comparable properties.

Sales Comparison Approach

The Sales Comparison Approach compares sales of similar properties with the subject property. Each comparable sale is adjusted for its inferior or superior characteristics. The values derived from the adjusted comparable sales form a range of value for the subject. By process of correlation and analysis, a final indicated value is derived. This approach is most reliable in an active market, and is least reliable when valuing a property for which no direct comparable sales data is available.

Income Approach

The Income Approach converts the anticipated flow of future benefits (cash flows and reversion) to a present value estimate through a capitalization and or a discounting process. This approach generally reflects a typical investor's perception of the relationship between the potential income of a property and its market value.

Final Reconciliation

The appraisal process concludes with the Final Reconciliation of the values derived from the approaches applied for a single estimate of market value. The reconciliation of the approaches is based on an evaluation of the quantity and quality of the available data in each approach. Furthermore, different properties require different means of analysis and lend themselves to one approach over the others.

ANALYSES APPLIED

A **cost analysis** was considered and was not developed because a typical buyer does not utilize this valuation technique in the current economic environment except for build-to-suit and special purpose properties.

A **sales comparison analysis** was considered and was developed because there is adequate data to develop a value estimate and this approach reflects market behavior for this property type.

An **income analysis** was considered and was not developed because while the subject could generate an income stream, the most probable buyer is an owner-occupant.

SALES COMPARISON APPROACH

The Sales Comparison Approach is based on the premise that a buyer would pay no more for a specific property than the cost of obtaining a property with the same quality, utility, and perceived benefits of ownership. It is based on the principles of supply and demand, balance, substitution and externalities. The following steps describe the applied process of the Sales Comparison Approach.

- The market in which the subject property competes is investigated; comparable sales, contracts for sale and current offerings are reviewed.
- The most pertinent data is further analyzed and the quality of the transaction is determined.
- The most meaningful unit of value for the subject property is determined.
- Each comparable sale is analyzed and where appropriate, adjusted to equate with the subject property.
- The value indication of each comparable sale is analyzed and the data reconciled for a final indication of value via the Sales Comparison Approach.

Comparables

We have researched four comparables for this analysis. These are documented on the following pages followed by a location map and analysis grid. All sales have been researched through numerous sources, inspected and verified by a party to the transaction. For this analysis, we use the overall sales price as the appropriate unit of comparison because market participants typically compare sale prices and property values on this basis.

Comp	Address City	Price Date	Price Per SF Rentable Area	Sale Comments
Subject	4261 40th Avenue SE Naples	8/2/2024	1,549	
1	1415 Angela Road Naples	$367,000 8/12/2022	$382.29 960	Listed at $425,000 on 7/22/2022. Pended on 7/28/2022. Private Elevated Stilt Home on just under 9.5 Acres in Naples. Zoned Agricultural. Includes gazebo, 2 older sheds, and an older chicken coop. First floor includes 960 square feet with kitchen, living room, three bedrooms, utility room and one bath. Screened porch at 192 square feet. Ground level is enclosed with concrete block and includes one overhead door. Includes 1.96 acres of Freshwater Emergent Wetlands. Angela Road is a one laned, private dirt road.
2	1010 Keri Island Road Naples	$410,000 5/4/2022	$406.75 1,008	Listed at $475,000 on 11/17/2021. Price decreases to $472,500 and $440,000 on 12/15/2021 and 2/4/2022 respectively. Pended on 2/9/2022 Back on market on 3/19/2022. Final pending on 3/25/2022. Property includes 1,008 leasable area with 192 square foot front porch. 3 bedrooms and 3 baths. Ground floor includes some siding. Includes 51,400± square feet of Freshwater Forested/Shrub Wetlands. Lender is United Wholesale Mortgage, LLC. Keri Island is a one laned, gravel, private road.
3	440 Golden Gate Boulevard West Naples	$450,000 2/28/2023	$365.26 1,232	Listed at $450,000 on 12/14/2022. Pended on 1/11/2023. Upgrades include 2021 stainless steel appliances, AC replaced in July 2022, 2022 fresh paint and blinds, beautiful pavered driveway, recently replaced Hardi board siding, tile throughout a large privacy fence along the front of the property and separate fencing on the right side of the property. 2 staircases, one on each side of the home which leads to the upstairs living space and two separate entrances. Home includes 2 bedrooms with den and 1 bath with 416 sf deck and 224 sf covered porch. The septic and drainfield were replaced in 2018. No wetlands. Lender is Cardinal Financial Company. Golden Gate Blvd. is four laned primary arterial with median.
4	3461 19th Avenue SW Naples	$500,000 12/7/2023	$496.03 1,008	Listed at $525,000 on 11/21/2023 and pended same day. Home has new roof, new wide plank LVT flooring throughout, new kitchen with white sparkle quartz countertops, tile backsplash, stainless steel appliances, new feature wall with wall mounted tv, new paint, trim, doors, lighting, fans, whole house Reverse Osmosis system, new deck boards and railings, new fascia and soffit, new electric gate opener, new landscaping, and new hot water heater. The home is a 3 bedroom, 1 bath stilt home with a large lower level with full bathroom, large carport, and storage area. Ground level includes 432 sf enclosed storage area. Fenced yard. Lender is United Wholesale Mortgage, LLC. Include .64 acres of Freshwater Forested/Shrub Wetlands. 19th Avenue is a two laned, asphalt street.

Comparables Map

Analysis Grid

The above sales have been analyzed and compared with the subject property. We have considered adjustments in the areas of:

Effective Sale Price	This takes into consideration unusual conditions involved in the sale that could affect the sales price, such as excess land, non-realty components, commissions, or other similar factors. Usually the sale price is adjusted for this prior to comparison to the subject.
Real Property Rights	Property rights dissimilar to the subject which affect value.
Financing Terms	Favorable or unfavorable seller financing, or assumption of existing financing.
Conditions of Sale	Circumstances that atypically motivate the buyer or seller, such as 1031 exchange transaction, assemblage, or forced sale.
Market Conditions	Inflation or deflation since sale date due to economic influences
Location	Market or submarket area influences on sale price; surrounding land use influences.
Physical Characteristics	Attributes such as size, shape, utilities, frontage, zoning, etc.
Age/Condition	Attributes such as size, shape, age, number of stories, etc.
Economic Characteristics	Material differences between the subjects' net operating income and the net operating income of the comparables on a per unit basis.

On the following page is a sales comparison grid displaying the subject property, the comparables and the adjustments applied.

Comparable Sale Adjustments

All comparables are stilt homes on acreage in Golden Gates Estates or rural Collier County.

Property Rights

All of the comparables transferred in fee simple interest; therefore, no adjustments for property rights are required.

Financing

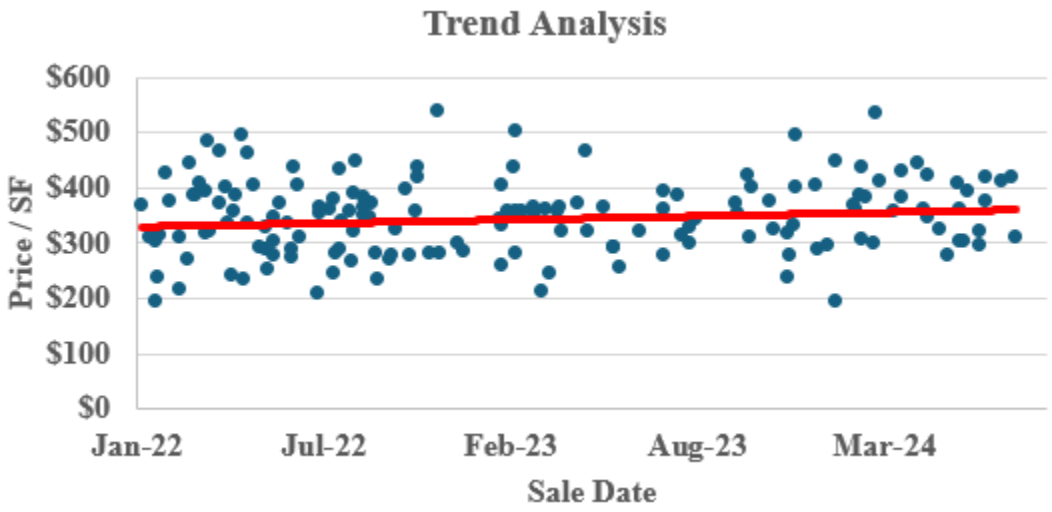
All of the comparable sales had market orientated financing or were cash transactions; therefore, no adjustments for financing are required.

Conditions of Sale

All of the comparable sales were arm's length transactions; therefore, no adjustments for conditions of sale are required.

Economic Trends

The following graph developed from CoStar shows single family home sales in Golden Gate Estates and nearby rural Collier County since January 1, 2022. The survey was limited to homes between 1,000 and 2,000 square feet and built between 170 and 1990. Certain outliers were excluded.



The survey included 164 transactions. The sales ranged from 1,000 to 2,000 square feet and averaged 1,457 square feet with a standard deviation of 274 square feet. Prices per square foot ranged from $197 to $539 per square foot and averaged $349 psf with a standard deviation of $67 psf. Years built ranged from 1974 to 1990 and averaged 1985 with a standard deviation of 3.90 years. The graph indicates an increasing trend in sales prices from January 2022 through the current date. However, it is noted this is unadjusted raw data and does not relate directly to the subject.

The analyses and value opinion in this appraisal are based on the data available to the appraiser at the time of the assignment and apply only as of the effective date indicated. No analyses or opinions contained in this appraisal should be construed as predictions of future market conditions or value. The significant residential demand since the pandemic has generally stabilized the commercial market overall with an increased demand and significant price increases for the industrial sector and select retail and office properties.

Based on the previous analysis, we have applied a 10.0% annual adjustment.

Location

The following table summarizes the population growth, average household income and average home value within a two mile radius.

Locational Adjustment - Site to Do Business (2 Mile Radius)					
	Subject	**Comp 1**	**Comp 2**	**Comp 3**	**Comp 4**
Address	4261 40th Avenue SE	1415 Angela Road	1010 Keri Island Road	440 Golden Gate Boulevard West	3461 19th Avenue SW
City	Naples	Naples	Naples	Naples	Naples
2024 Population	1,538	639	6,870	4,826	18,728

Average Housing Value	$461,267	$649,228	$795,437	$658,087	$583,841
Median Housing Value	$424,453	$454,167	$636,199	$603,415	$470,591

Source: STDB Online

Comparable 1 is located north of Immokalee Road in a rural area of the Corkscrew Planning District. Comparables 2 through 4 are located in an area more known as Golden Gate Estates. Comparable 2 is in an area though not platted as part of Golden Gate Estates. The subject and Comparable 1 are furthest for population centers, employment, entertainment and shopping.

Subject and Comparable 2 are rural in location with the smallest population densities. Comparable 4 has the densest population due to its proximity to Golden Gate City.

Comparable 1 has the lowest household incomes. Comparable 4 is again influenced by its proximity to Golden Gate City. Comparables 2 and 3 have superior household incomes.

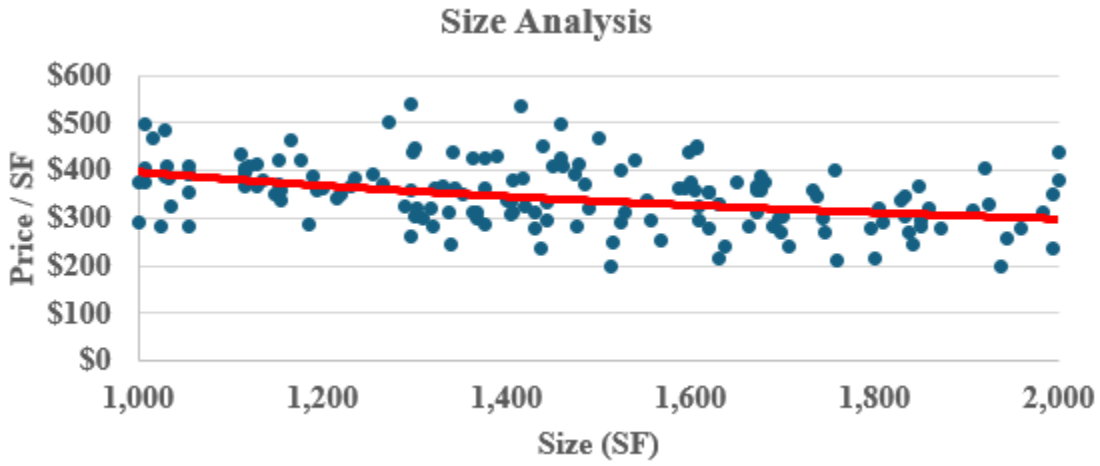
Generally, the subject area has the lowest housing values.

The subject and Comparables 4 are located on two laned, paved residential streets in Golden Gate Estates. Comparable 3 is located on the primary east/west arterial in Golden Gate Estates. Comparables 1 and 2 are located on private roads. Comparables 1 is accessed by a one laned dirt road. Comparable 2 is accessible by a maintained gravel road.

All comparables are evaluated and adjusted for accordingly.

Rentable Area

This adjustment reflects differences in size. The following was developed from the Trend Analysis survey.



The average unadjusted price per square foot for the comparables is $412 psf. As the subject is larger than the comparables, the following size adjustment is made at $200 psf.

All comparables are evaluated and adjusted for accordingly.

Age

This adjustment reflects differences in age. For this analysis, all of the comparable sales are relatively similar in terms of age; therefore, no adjustments are required.

Condition

This adjustment reflects differences in condition. The subject property has a superior elevation and finishes including hardwood flooring, exposed vaulted ceilings and cypress trim work. The comparables are generally average quality, single family residences with no distinguishable features. Comparable 4 was recently remodeled.

All comparables are evaluated and adjusted for accordingly.

Bedroom/Baths

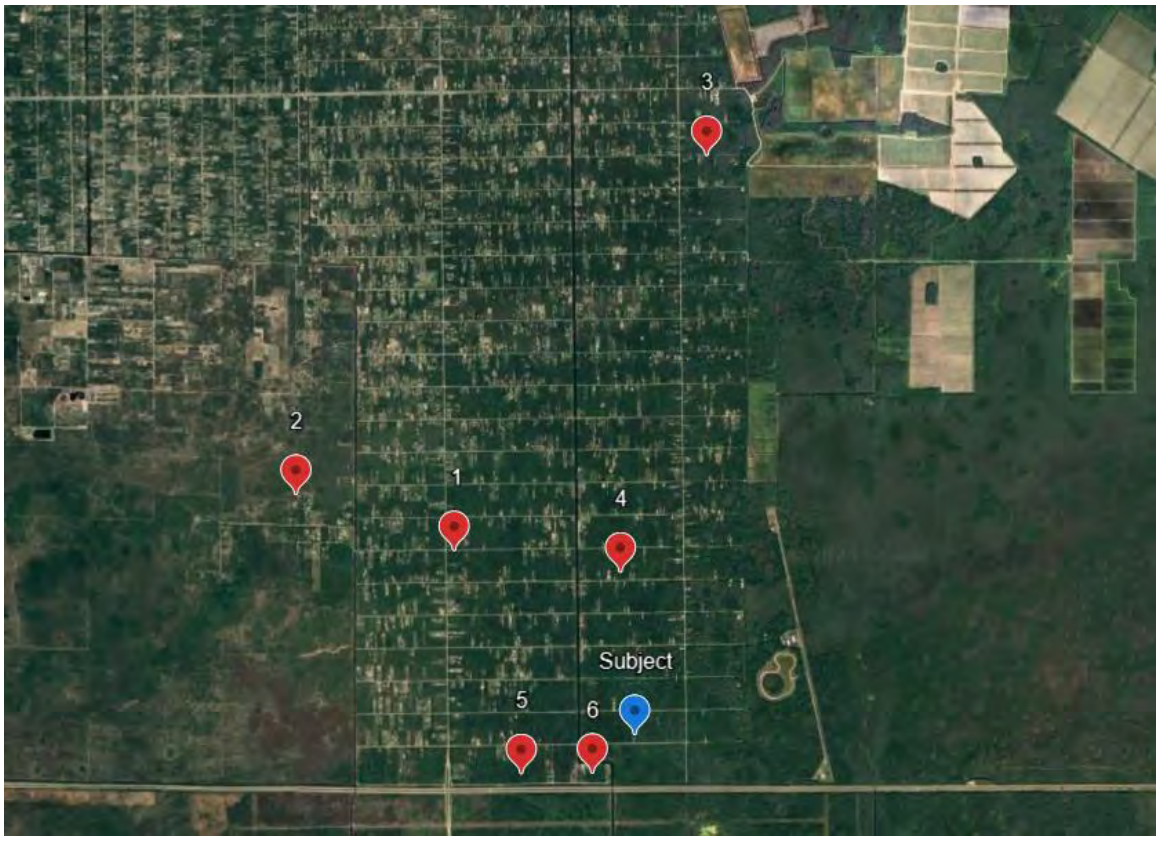
The subject was previously a one-bedroom with den with two full baths. One bath has had the tub removed and replaced with a second vanity.

All comparables are evaluated and adjusted for accordingly.

Site Acres

The subject and all comparables are on acreage lots. The following are recent lot sales and listings in Golden Gate Estates.

Comparable	Address	MLS No.	Sale Date	Sale /List Price	Acerage	Price / Acre
1	Everglades and 28th Ave SE	222065995	7/18/2024	$180,000	5.00	$36,000
2	2521 Woodland Grade	223085550	2/13/2024	$150,000	5.00	$30,000
3	4710 4th Avenue SE	223056000	4/9/2024	$120,000	5.00	$24,000
4	30th Avenue SE	223026526	2/15/2024	$115,000	5.00	$23,000
5	42nd Avenue SE	223073691	Listing	$195,000	6.70	$29,104
6	42nd Avenue SE	224037426	Listing	$279,900	6.84	$40,921



Comparables 1, 3, 4, 5, and 6 are located in Golden Gate Estates, like subject. Comparable 2 is located in the North Belle Meade. Comparables 1, 3 and 4 are located on paved roads, like subject. Listings 5 and 6 are located on a gravel road accessed from Everglades Blvd. Comparable 2 is accessed from Lamb Lane via Benton Road. Both are dirt roads. Comparable 3 through 6 consist nearly entirely of wetlands. Comparable 2 is 40%± wetlands while Comparable 1 had minimal exposure. Comparable 3 had a 40' apron and pipe culvert in place ready for a driveway. Comparable 6 also backs to the Fakah Union Canal.

We consider the contributory value of the subject acreage above the more traditional large lot size in Golden Gate Estates at 2.5 acres. We also consider that the subject is

100% wetlands. In the following analysis, we have adjusted for the additional acreage at $18,000/acre.

Flood Zone

Subject and all comparables are located in impacted flood zones. No adjustment is indicated.

Sales Comparison Approach Conclusion

All of the value indications have been considered in arriving at our final reconciled value of $750,000. Additionally, we have adjusted for the costs and incentive of installing a mini split system in the subject property.

Value Ranges & Reconciled Values				
Number of Comparables:	**4**	**Unadjusted**	**Adjusted**	**% Δ**
	Low:	$367,000	$701,918	91.26%
	High:	$500,000	$834,934	66.99%
	Average:	$431,750	$771,029	78.58%
	Reconciled Value/Unit Value:		$750,000	
	Cost for HVAC Installation:		-$30,000	
	Indicated Value:		$720,000	

RECONCILIATION

The process of reconciliation involves the analysis of each approach to value. The quantity and quality of data applied the significance of each approach as it relates to market behavior and defensibility of each approach are considered and weighed. Finally, each is considered separately and comparatively with each other.

Value Indications

Cost Approach:	Not Developed
Sales Comparison Approach:	$720,000
Income Approach:	Not Developed

Cost Approach

A cost analysis was considered and was not developed because a typical buyer does not utilize this valuation technique in the current economic environment except for build-to-suit and special purpose properties.

Sales Comparison Approach

The sales comparison approach is most reliable in an active market when an adequate quantity and quality of comparable sales data are available. Typically, this is the most relevant method for owner-user properties, because it directly considers the prices of alternative properties with similar utility for which potential buyers would be competing.

The subject property is a former residence now operated as a not for profit nature center. The property can be best marketed as a residence. The analysis and adjustment of the sales provides a reasonably narrow range of value indications. While it does not directly account for the income characteristics of the subject, this approach is given sole weight.

Income Approach

The income approach is usually given greatest weight when evaluating investment properties. The value indication from the income approach is supported by market data regarding income, expenses and required rates of return.

An income analysis was considered and was not developed because while the subject could generate an income stream, the most probable buyer is an owner-occupant.

Value Conclusion

Based on the data and analyses developed in this appraisal, we have reconciled to the following value conclusion(s), as of August 2, 2024, subject to the Limiting Conditions and Assumptions of this appraisal.

VALUE CONCLUSIONS

Appraisal Premise	Interest Appraised	Date of Value	Value Conclusion
Market Value, As Is	Fee Simple	August 2, 2024	$720,000

The value conclusion(s) are subject to the following hypothetical conditions and extraordinary conditions. These conditions may affect the assignment results.

Hypothetical Conditions:	None.
Extraordinary Assumptions:	Conservation Collier supplied these appraisers with an Initial Criteria Screening Report dated August 3, 2022 with revisions on August 26, 2022, February 7, 2024 and March 6, 2024. The screening report was prepared for seven parcels at 20.77 acres including the subject property. We have assumed that the information supplied in the report is generally similar for all the seven tracts.

Exposure and Marketing Times

Exposure time is always presumed to precede the effective date of the appraisal and is the length of time the subject property would have been exposed for sale in the market had it sold on the effective valuation date at the concluded market value. Marketing time is an estimate of the amount of time it might take to sell a property at the estimated market value immediately following the effective date of value.

Based on our review of recent sales transactions for similar properties and our analysis of supply and demand in the local market it is our opinion that the probable marketing and exposure time for the property is 12 months.

CERTIFICATION

We certify that, to the best of our knowledge and belief:

1. The statements of fact contained in this report are true and correct.

2. The reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions, and are our personal, unbiased professional analyses, opinions and conclusions.

3. We have no present or prospective interest in the property that is the subject of this report, and have no personal interest with respect to the parties involved.

4. We have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

5. Our engagement in this assignment was not contingent upon developing or reporting predetermined results.

6. Our compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.

7. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics & Standards of Professional Appraisal Practice of the Appraisal Institute.

8. My reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice

9. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

10. K. C. Lowry, MAI, CPA has made a personal inspection of the subject property. Rachel M. Zucchi, MAI, CCIM has not made a personal inspection of the subject property.

11. No one provided significant real property appraisal assistance to the person signing this certification.

12. We have experience in appraising properties similar to the subject and are in compliance with the Competency Rule of USPAP.

13. This appraisal is not based on a requested minimum valuation, a specific valuation, or the approval of a loan.

14. We have not relied on unsupported conclusions relating to characteristics such as race, color, religion, national origin, gender, marital status, familial status, age, receipt of public assistance income, handicap, or an unsupported conclusion that homogeneity of such characteristics is necessary to maximize value.

15. K. C. Lowry, MAI, CPA and Rachel M. Zucchi, MAI, CCIM have not performed any services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding the agreement to perform this assignment.

16. As of the date of this report, K. C. Lowry, MAI, CPA and Rachel M. Zucchi, MAI, CCIM have completed the continuing education program for Designated Members of the Appraisal Institute.

ASSUMPTIONS AND LIMITING CONDITIONS

This appraisal is based on the following assumptions, except as otherwise noted in the report.

1. The title is marketable and free and clear of all liens, encumbrances, encroachments, easements and restrictions. The property is under responsible ownership and competent management and is available for its highest and best use.
2. There are no existing judgments or pending or threatened litigation that could affect the value of the property.
3. There are no hidden or undisclosed conditions of the land or of the improvements that would render the property more or less valuable. Furthermore, there is no asbestos in the property.
4. The revenue stamps placed on any deed referenced herein to indicate the sale price are in correct relation to the actual dollar amount of the transaction.
5. The property is in compliance with all applicable building, environmental, zoning, and other federal, state and local laws, regulations and codes.
6. The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.

This appraisal is subject to the following limiting conditions, except as otherwise noted in the report.

1. An appraisal is inherently subjective and represents our opinion as to the value of the property appraised.
2. The conclusions stated in our appraisal apply only as of the effective date of the appraisal, and no representation is made as to the effect of subsequent events.
3. No changes in any federal, state or local laws, regulations or codes (including, without limitation, the Internal Revenue Code) are anticipated.
4. No environmental impact studies were either requested or made in conjunction with this appraisal, and we reserve the right to revise or rescind any of the value opinions based upon any subsequent environmental impact studies. If any environmental impact statement is required by law, the appraisal assumes that such statement will be favorable and will be approved by the appropriate regulatory bodies.
5. Unless otherwise agreed to in writing, we are not required to give testimony, respond to any subpoena or attend any court, governmental or other hearing with reference to the property without compensation relative to such additional employment.
6. We have made no survey of the property and assume no responsibility in connection with such matters. Any sketch or survey of the property included in this report is for illustrative purposes only and should not be considered to be

scaled accurately for size. The appraisal covers the property as described in this report, and the areas and dimensions set forth are assumed to be correct.

7. No opinion is expressed as to the value of subsurface oil, gas or mineral rights, if any, and we have assumed that the property is not subject to surface entry for the exploration or removal of such materials, unless otherwise noted in our appraisal.
8. We accept no responsibility for considerations requiring expertise in other fields. Such considerations include, but are not limited to, legal descriptions and other legal matters such as legal title, geologic considerations such as soils and seismic stability, and civil, mechanical, electrical, structural and other engineering and environmental matters.
9. The distribution of the total valuation in the report between land and improvements applies only under the reported highest and best use of the property. The allocations of value for land and improvements must not be used in conjunction with any other appraisal and are invalid if so used. The appraisal report shall be considered only in its entirety. No part of the appraisal report shall be utilized separately or out of context.
10. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraisers, or any reference to the Appraisal Institute) shall be disseminated through advertising media, public relations media, news media or any other means of communication (including without limitation prospectuses, private offering memoranda and other offering material provided to prospective investors) without the prior written consent of the person signing the report.
11. Information, estimates and opinions contained in the report, obtained from third-party sources are assumed to be reliable and have not been independently verified.
12. Any income and expense estimates contained in the appraisal report are used only for the purpose of estimating value and do not constitute predictions of future operating results.
13. If the property is subject to one or more leases, any estimate of residual value contained in the appraisal may be particularly affected by significant changes in the condition of the economy, of the real estate industry, or of the appraised property at the time these leases expire or otherwise terminate.
14. No consideration has been given to personal property located on the premises or to the cost of moving or relocating such personal property; only the real property has been considered.
15. The current purchasing power of the dollar is the basis for the value stated in our appraisal; we have assumed that no extreme fluctuations in economic cycles will occur.
16. The value found herein is subject to these and to any other assumptions or conditions set forth in the body of this report but which may have been omitted from this list of Assumptions and Limiting Conditions.

17. The analyses contained in the report necessarily incorporate numerous estimates and assumptions regarding property performance, general and local business and economic conditions, the absence of material changes in the competitive environment and other matters. Some estimates or assumptions, however, inevitably will not materialize, and unanticipated events and circumstances may occur; therefore, actual results achieved during the period covered by our analysis will vary from our estimates, and the variations may be material.
18. The *Americans with Disabilities Act (ADA)* became effective January 26, 1992. We have not made a specific survey or analysis of any property to determine whether the physical aspects of the improvements meet the *ADA* accessibility guidelines. In as much as compliance matches each owner's financial ability with the cost to cure the non-conforming physical characteristics of a property, we cannot comment on compliance to *ADA*. Given that compliance can change with each owner's financial ability to cure non-accessibility, the value of the subject does not consider possible non-compliance. A specific study of both the owner's financial ability and the cost to cure any deficiencies would be needed for the Department of Justice to determine compliance.
19. The appraisal report is prepared for the exclusive benefit of the Client, its subsidiaries and/or affiliates. It may not be used or relied upon by any other party. All parties who use or rely upon any information in the report without our written consent do so at their own risk.
20. No studies have been provided to us indicating the presence or absence of hazardous materials on the subject property or in the improvements, and our valuation is predicated upon the assumption that the subject property is free and clear of any environment hazards including, without limitation, hazardous wastes, toxic substances and mold. No representations or warranties are made regarding the environmental condition of the subject property and the person signing the report shall not be responsible for any such environmental conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because we are not experts in the field of environmental conditions, the appraisal report cannot be considered as an environmental assessment of the subject property.
21. The person signing the report may have reviewed available flood maps and may have noted in the appraisal report whether the subject property is located in an identified Special Flood Hazard Area. We are not qualified to detect such areas and therefore do not guarantee such determinations. The presence of flood plain areas and/or wetlands may affect the value of the property, and the value conclusion is predicated on the assumption that wetlands are non-existent or minimal.
22. RKL Appraisal and Consulting, PLC is not a building or environmental inspector. RKL Appraisal and Consulting, PLC does not guarantee that the subject property is free of defects or environmental problems. Mold may be present in the subject property and a professional inspection is recommended.

23. The appraisal report and value conclusion for an appraisal assumes the satisfactory completion of construction, repairs or alterations in a workmanlike manner.
24. The intended use of the appraisal is stated in the General Information section of the report. The use of the appraisal report by anyone other than the Client is prohibited except as otherwise provided. Accordingly, the appraisal report is addressed to and shall be solely for the Client's use and benefit unless we provide our prior written consent. We expressly reserve the unrestricted right to withhold our consent to your disclosure of the appraisal report (or any part thereof including, without limitation, conclusions of value and our identity), to any third parties. Stated again for clarification, unless our prior written consent is obtained, no third party may rely on the appraisal report (even if their reliance was foreseeable).
25. All prospective value estimates presented in this report are estimates and forecasts which are prospective in nature and are subject to considerable risk and uncertainty. In addition to the contingencies noted in the preceding paragraph, several events may occur that could substantially alter the outcome of our estimates such as, but not limited to changes in the economy, interest rates, and capitalization rates, behavior of consumers, investors and lenders, fire and other physical destruction, changes in title or conveyances of easements and deed restrictions, etc. It is assumed that conditions reasonably foreseeable at the present time are consistent or similar with the future.

Comments

Listed at $525,000 on 11/21/2023 and pended same day. Home has new roof, new wide plank LVT flooring throughout, new kitchen with white sparkle quartz countertops, tile backsplash, stainless steel appliances, new feature wall with wall mounted tv, new paint, trim, doors, lighting, fans, whole house Reverse Osmosis system, new deck boards and railings, new fascia and soffit, new electric gate opener, new landscaping, and new hot water heater. The home is a 3 bedroom, 1 bath stilt home with a large lower level with full bathroom, large carport, and storage area. Ground level includes 432 sf enclosed storage area. Fenced yard. Lender is United Wholesale Mortgage, LLC. Include .64 acres of Freshwater Forested/Shrub Wetlands. 19th Avenue is a two laned, asphalt street.

Conservation Collier Land Acquisition Program

Project Design Report

Cypress Cove Landkeepers Property

Date: January 2025

Property Owner: Cypress Cove Landkeepers, Inc.

Folio(s): 41501440005

Location: GOLDEN GATE EST UNIT 91 TR 15 & TR 18

Size: 10.00 acres

Purchase Price: $648,900

History of Project:

Selected for the "A" category, #1 priority, on the Active Acquisition List (AAL) by CCLAAC	Selected for the "A" category, #1 priority, on AAL by BCC	Offer made to owners	Offer accepted
3/6/2024	6/25/2024	9/18/2024	9/26/2024

Purpose of Project: Environmental Conservation and Education – Conservation Collier Program

Program Qualifications:

This parcel is within the Dr. Robert H. Gore III (Gore) Preserve multi-parcel project boundary. The Cypress Cove Landkeepers parcel was considered due to its proximity to an existing Conservation Collier preserve. The Gore Preserve project area, which includes the Cypress Cove Landkeepers parcel, met 5 out of 6 Initial Screening Criteria identified in the Conservation Collier Ordinance, No. 2002-63, as amended, including presence of native habitat, potential for nature-based recreational and educational opportunities, protection of water resource values and wetland dependent species habitat, presence of significant biological/ecological values, listed species habitat, connectivity, and restoration potential.

The parcel offers access from 40th Ave. SE, west of Desoto Blvd. S. The parcel also contains existing amenities that can provide opportunities for public use and education. Potential public uses include hiking, nature photography, bird watching, and environmental education.

The project area is approximately 75% wetlands, with the remaining 25% seasonal wetlands. Significant areas of karst have been observed in the area. Karst is limestone terrain characterized by sinkholes, caverns and underground streams, and is a wetland indicator. Plant communities found on the property are consistent with mapped soils and provide habitat for wetland dependent species. The project area is mapped by the South Florida Water Management District as contributing 43' to 56" annually of water to the Surficial Aquifer System and can be expected to contribute to the attenuation of area flood waters. Hydrologic indicators such as karst topography, cypress knees, and water marks on buttressed cypress trees provide evidence of seasonal flooding.

The mature cypress trees found on the property indicate that the area has historically contained wetlands.

Invasive exotic plant species are present in significant amounts, up to 95% along the roadside and approximately 50% interiorly. The primary invasive exotic plant is Brazilian pepper (*Schinus terebinthifolius*), but others are likely also present.

The project area contains protected species of plants, including giant sword fern (*Nephrolepis biserrata*) and several listed bromeliads in the *Tillandsia* genus. A neighbor and environmental professional who is familiar with the property reported 5 native orchid species present within the project area. The same neighbor has seen 5 panthers in the area since 2014 (including a panther with kittens), dozens of Florida black bears (including females with cubs), and numerous other wildlife. The observed habitat and location would support the presence of Everglades mink (*Neovison vison evergladensis*), tricolored heron (*Egretta tricolor*), and little blue heron (*Egretta caerulea*), all state-protected species.

The property is within an historic wetland area that connects on the east with the Florida Panther National Wildlife Refuge (FPNWR) via the old Ford Test Track. The Gore Preserve and surrounding lands enhance the FPNWR by acting as a buffer and providing a reasonably large sized wild land addition north of I-75. There are wildlife underpasses at the adjacent Faka Union and nearby Miller canals creating an ecological link south under I-75 to the Picayune Strand State Forest. A little over two miles to the west are the North Belle Meade sending lands. The Gore project is within the Florida Fish and Wildlife Conservation Commission (FWC) Primary Panther habitat zone. The Cypress Cove Landkeepers parcel expands the Gore Preserve. This parcel, joined with many others, could permanently protect a corridor between North Belle Meade and the Florida Panther National Wildlife Refuge.

Public Use

Educational Programing - The Conservation Collier Program has committed to continuing to provide educational programs to Collier Schools that were previously offered by The Cypress Cove Landkeepers. The sale of the property and house includes the educational materials that were used for these programs. Conservation Collier will provide six days of field trips, as was done previously by the Cypress Cove Landkeepers, after the appropriate Conditional Use Permit is obtained. Existing staff within the Conservation Collier will provide the educational programming.

In the future (after 2031) when the current Conservation Collier acquisition phase is nearing completion, existing staffing positions could be reallocated to educational programming at the Gore Nature Center and other preserves.

Parking – The existing Gore Nature Center parking lot will be incorporated into the existing trail system and act as the parking and trailhead for the Dr. Robert H. Gore III Preserve.

Site Security - Currently, the Landkeepers use Dehart Security. Several remote cameras are also located around the outside of the nature center and are available to the property owner for monitoring. The cameras can be accessed remotely. These will remain installed and the account will be turned over to Collier County.

A front gate also exists at the entrance of the driveway and parking area off 40th Ave. SE

Zoning, Growth Management and Land Use Overlays: The parcel is within the Northern Golden Gate Estates. The zoning classification is Estates (E), a rural residential classification. There are no additional land use overlays applicable. A Conditional Use Permit will required to allow public use of the existing nature center and construction of public restroom facility if it is greater than 500 square feet.

Projected Management Activities: Projected management activities include maintenance of the existing building and structures, construction of an outdoor restroom facility, removal of invasive plants, development of a Land Management Plan, trail maintenance, and continued development of public access to selected portions of the preserve.

Estimated Management Costs:

Management Element	2025	2026	2027	2028	2029
Exotics	$6,800	$5,000	$5,000	$5,000	$3,500
Trail Construction	$1,800	$100	$100	$100	$100
Trail/Nature Center Signage	$2,700	$400	$400	$200	$200
Trail Connection Gate Enhancements	$7,700	$0	$0	$0	$0
Trail Structure Maintenance	$2,000	$800	$800	$800	$800
Restroom construction*		$150,000			
Security enhancements*	$30,000				
Sprinkler system and wildfire safety enhancements/reduction*		$15,000			
Dehart security	$500	$500	$500	$500	$500
Electricity, water, building maint.	$4,000	$4,000	$4,000	$4,000	$4,000
**Total ** **	**$55,500**	**$175,800**	**$10,800**	**$10,600**	**$9,100**

* Could be combined with other projects to reduce engineering/design costs to implement.

** Total does not include all permitting and design fees.

SEE REMAINING PAGES FOR PHOTOS AND MAPS OF THE PARCEL.

Inspection Report responses
Cypress Cove Landkeepers
4261 40th Ave SE, Naples, FL 34117

Able Home Inspections performed an inspection of the residential structure on October 30, 2024. Subsequently, Conservation Collier staff met onsite with various Facilities staff in November and December to evaluate the house. On December 11, 2024, staff met with the seller and Facilities Management Division (Facilities) Senior Field Inspector; see related document titled "Gore Nature Center Facilities Inspection" from the Facilities Inspector.

A summary is provided below of the various recommendations provided in the report from Able Home Inspections. The following addresses each recommendation with the Able Home Inspection comment, Seller's response, and Staff's response. **Recommendations in the report will either be fixed by the seller or are a non-issue according to Facilities as noted below.** There are a three minor items that will be fixed by the Conservation Collier Program after closing.

2.1.1 Grading Issue (pg. 9) – The grading underneath the deck near the home's front porch all slopes underneath the deck, which is likely ponding water.

Seller response: Seller to fix prior to closing. This area will be backfilled to correct grading away from footers of the deck.

2.2.1 Vegetation Growth (pg. 9) - The vegetation growth out of the limestone chimney.

Seller response: This is normal due to porous rock and no repairs are required.

Facilities: There is a small fern near the top of the chimney that needs removal.

2.2.2 Damaged Truss (pg. 9) - Rotted truss and 2nd story's siding (pg. 10)

Seller response: Seller will fix prior to closing

2.2.3 Siding (pg. 10) - Siding on the "second story" was not fully inspected

Sellier response: Siding is good.

2.3.1. Fascia Board Rot (pg. 11)

Seller response: These pictures are growth from water runoff which have been pressure washed away, and one is an old water damage stain. There is no rot or need for replacement. All fascia boards were inspected and replaced as needed when the roof was replaced in 2019/20.

Facilities response: Fascia had algae growth that was cleaned off.

2.8.1 Rotted wood (pg. 11-14) - A lot of the wood around the deck and boardwalk is damaged, rotted, or not plumb, which can be affecting the structural integrity. Some of the fasteners for the floor joists are rusted or damaged as well and should be evaluated.

Seller response:

1. This is mold growth from rain on the end of a board that had one old rot spot.

2. This is a rusty bracket, not rotted and completely normal due to rain runoff.

3. This is not rotted, will be cut back to expose a fresh end.

Facilities response:

1. Mold growth on the end of a board on the porch. This type of algae is typical on exterior wood members and is cosmetic.
2. Rusty bracket (near board with mold growth on the porch). Corrosion on brackets (joist hangers) is cosmetic/typical.

2.8.2 Cracked Concrete (pg. 14-15) - Covering the cracked concrete around pilings supporting the boardwalk with fill

Seller response: These will be covered with fill when grading gets done, but are not a structural issue as the pilings are sitting on top of footer.

Facilities response: Fill dirt will be pulled away from wood piles and placed beneath the deck.

2.8.2 Unlevel handicapped ramp (pg. # 15) –

Seller response: This was poured at a slight angle to avoid puddles at the end of the entrance as it's all natural.

Facilities response: part of the concrete ramp has side slope of 3%, maximum for ADA is 2%. In addition handrails should be installed on the sides of the concrete ramp as the slope is greater than 5%.

Conservation Collier response: will add handrails next to concrete ramp after closing

2.8.3 Gap in decking board(s) (pg. 16)

Seller response: Agreed onsite this will be fixed prior to closing.

Facilities response: Remove boards and reinstall to correct the gaps.

3. Roof - Removal of debris on the roof (pg. 19)

Seller response: Will blow off roof before closing.

Facilities response: Roof needs to be blown off. Limbs overhanging roof should be trimmed away from the building.

Conservation Collier response: Will have roof blown off every 6 months.

3.3.1 Chimneys flashing (pg. 20)

Seller response: The flashing isn't "patched" or "heavily corroded", it is copper (hence the color) and is laid in pieces to shape around the peak of the roof. The top of the chimney was repointed in 2021 and the stain seen is in the grout material. The roof is under trees in a dense forest, so this is not unusual to see dark stains where leaf litter may have stood at one time.

Facilities response: No problem with flashing, discoloration is due to copper aging.

5.1.1 Double tapped breakers (pg. 22)

Seller response: This will be corrected before closing.

5.3.1 Removal of wiring (pgs. 23 & 24)

Seller response: This will be corrected before closing.

5.3.2 Loose electrical outlets (pg. 24)

Seller response: This has been fixed.

Facilities response: Outlets sticking out from wall have been corrected and mounted flush.

5.5.1 Old smoke detector (pg. 25)

Seller response: These are not active smoke detectors, just an old one that was not removed from the ceiling. There are 2 active smoke detectors, which are less than 2 years old, and are monitored via the alarm company.

Facilities response: There is an old smoke detector on a high ceiling in living area that requires tall ladder to remove.

Conservation Collier response: Will remove when practicable.

6.3.1 PEX water pipe - Oxidation on copper fittings (pg. 27)

Seller response: These fittings are not the ones mentioned in the above comments and are perfectly fine. As for the copper, it's normal to see green oxidation and there are no leaks. Nothing will be done on this recommendation.

Facilities response: Corrosion on the copper crimp connections of the PEX tubing have corrosion that is cosmetic and not leaking.

6.3.2 Sump pump (pg. 28) - The pipe for the sump pump is at an angle, recommend having a licensed plumber make sure this isn't an issue. There is also a big stump right next to it.

Seller response: The pump was just installed and there is nothing wrong with the pipe being at an angle or the palm stump next to it. This was also included as part of the septic inspection, so nothing will be done with this recommendation.

Facilities response: There is no problem with sump system due to angle of waste pipe.

7.3.1 Office Door closing and latching (pg. 29) - Door doesn't latch properly. Recommend handyman repair latch and/or strike plate.

Seller response: The door closes fine. Nothing will be done with this recommendation.

Facilities response: Door or jamb may be sanded for better fit.

Conservation Collier response: This is a non-issue. Staff will fix after closing if needed.

7.5.1 Water spots indicative of leaks (pgs. # 30-32)

Seller response: None of these water spots are active, or even recent. They are all stains from old roof leaks prior to the roof replacement. Nothing will be done with this recommendation.

Facilities response: Water marks on ceilings appear to be old from before roof covering was replaced, in addition the skylights were replaced. Recommend checking ceilings after heavy rains.

Conservation Collier response: Staff will add this to regular inspection checklist.

7.5.2 Mildewy / moldy smell within the home (pg. 32)

Seller response: There is no mold smell present in the home at all, and no visible signs of mold anywhere.

Facilities response: No mold smell in home only wood smell. (not an issue)

7.6.1 Baluster spaces too wide (pg. 32)

Seller response: An additional baluster will be placed in between every one existing, leaving no more than 2" gaps anywhere. This will be completed prior to closing.

Facilities response: Balusters will be added to strengthen handrails.

7.6.2 Gate - Removal of a door, and correcting loose handrails (pgs. 33 & 34)

Seller response: This gate will be removed and a fixed railing section will be put in its place.

Facilities response: There is a door from the deck to a deck without rails. The door will be removed and replaced with railing. The loose handrails will be secured with additional balustrades that will have two fasteners at bottom.

7.7.1 Chimney flue (pg. 34)

Seller response: This was cleaned and inspected in 2022 and has not been used since. Nothing will be done with this recommendation.

Facilities response: According to the contractor the flue has been inspected and is in good condition.

8.3.1 Sink fitting (pg. 35)

Seller response: This is a fernco installed by a licensed plumber as the repair to this drain line as it's also a vented pipe and couldn't be pushed upward for full pipe replacement. Nothing will be done with this recommendation.

Facilities response: There is a fernco clamp beneath the bathroom sink, this is not an issue- there is no pressure on this fitting.

8.6.1 Loose toilets (pg. 36)

Seller response: Neither of the two toilets in the house are loose in any way. Nothing needs to be done.

Facilities response: Toilets were not loose.

11.1.1 Empty / Dirty salt tank (pgs. 39 – 40)

Seller response: The salt tank had just been tipped over by a bear and emptied. It was reinstalled and filled.

Facilities response: Salt tank had been tipped over by bears and has since been set up and filled with salt.

11.1.1 Corrosion on above ground pump (pg. 40)

Seller response: The pump coloration is from the hard and iron filled water from the well. After being installed a couple years back it developed a leak, which was fixed. Nothing will be done with this recommendation.

Facilities response: There was corrosion on the impeller of the house pump, this is a cosmetic item and was not leaking.

1: INSPECTION DETAILS

Information

Inspection Conditions
Temperature was in the 80's, Conditions were dry with no significant rain for weeks

In Attendance
Home Owner

Structure Type
Single Family

Occupancy
Occupied - Furnished

Inspections Ordered
General Inspection, Well Test

Only the below listed inspections were performed at request of client. We offer a full range of inspections. If you require additional inspections please let us know. The general inspection includes the home only inside the foundation / roof line. It does not include other items such as, but not limited to: Well & Septic, Termite, Air Quality, Radon, Pool, Irrigation, Insurance Inspections, etc.

**IMPORTANT NOTE: This inspection report is copyrighted and is for the client's use only and is the sole property of the Inspection Company and Client. The current homeowner, listing agent, etc. do not have permission to use this report or to provide any information contained within to any other parties. Use of this report by anyone other than our client is prohibited and we accept no liability from its improper use.

Limitations

General

STORED ITEMS

There were a lot of stored items, furniture, etc., which prevented us from being able to inspect some rooms fully, as well as a large portion of the outside. Some items weren't inspected such as but not limited to; windows, floors, outlets, siding, drywall, subflooring, foundation, pilings, etc.

There was also a lot of vegetation growth around the home which limited the inspector's ability to see a portion of the exterior of the home.

General

NO ADA

The inspection performed was strictly a home inspection and abides by ASHI and Able Home Inspection's standards of practice. No portion of this home was inspected for code enforcement policies, ADA standards, etc. This inspection / report should not be used for anything other than a typical home inspection report.

General

RECENTLY PAINTED

The exterior and/or interior of the home appear to have been recently painted. This can make it difficult for the inspector to see some items such as but not limited to; cracks in the wall or foundation, evidence of active / previous water intrusion, visible signs of mold spores, peeling of stucco or rotted wood, etc.

General

OUT HOUSE

The inspector was made aware that there was another building on the property. This building was not inspected and is excluded from this inspection / report.

Exterior Walls: Wall Conditions
Defective

Windows / Doors Observations : Condition
Satisfactory

Storm Protection: Description
Storm protection is primarily Impact Rated Windows / Glass

Deficiencies

2.1.1 Grading Observations

Recommendation

GRADING ISSUE

The grading underneath the deck near the home's front porch all slopes underneath the deck, which is likely ponding water. Recommend further evaluation by a licensed contractor.

Recommendation

Contact a qualified professional.

2.2.1 Exterior Walls

Recommendation

VEGETATION GROWTH

There is vegetation growing from the outside of the stone wall. This can be an indicator of water getting behind the wall. Recommend further evaluation by a licensed contractor.

Recommendation

Contact a qualified professional.

2.2.2 Exterior Walls

Recommendation

DAMAGED TRUSS

One or more of the trusse(s) are rotted / damaged. Recommend further evaluation by a licensed contractor.

Recommendation

Contact a qualified professional.

Northwest

2.2.3 Exterior Walls

Recommendation

NOT VISIBLE

The siding on the "second-story" was not fully inspected / visible due to limited access. The roof was not walked on due to unsafe conditions, so the inspector was not able to get a good view of the siding, windows, or trim as seen in the photos below. Recommend further evaluation by a licensed contractor.

Recommendation

Contact a qualified professional.

2.3.1 Trim / Eaves Observations

Recommendation

FASCIA BOARD ROT AT VARIOUS LOCATIONS

Fascia boards are rotted at various locations. Have inspected and repaired as / where needed by a licensed contractor.

Recommendation

Contact a qualified professional.

West

2.8.1 Deck / Lanai

Recommendation

ROTTED WOOD

A lot of the wood around the deck and boardwalk is damaged, rotted, or not plumb, which can be affecting the structural integrity.

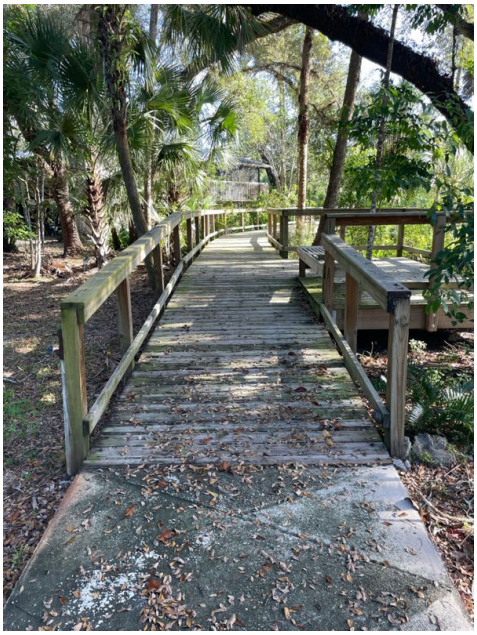
Some of the fastners for the floor joists are rusted or damaged as well and should be evaluated.

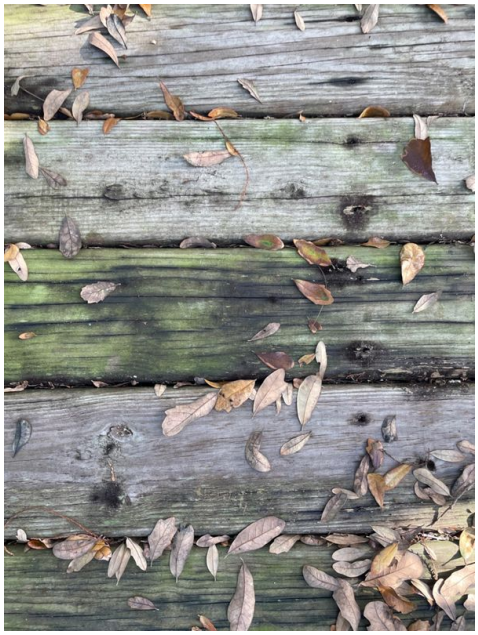
A large portion of the exterior of the home as well as the boardwalk was also not able to be inspected due to excessive vegetation growth.

All of the wood on the exterior of the home should be further evaluated by a licensed contractor.

Recommendation

Contact a qualified professional.





2.8.2 Deck / Lanai

Recommendation

CRACKED CONCRETE

A lot of the concrete surrounding the wood pilings was cracked or damaged.

The concrete sidewalk leading to the boardwalk also appears to be at an angle.

Recommend further evaluation by a licensed contractor.

Recommendation

Contact a qualified professional.

2.8.3 Deck / Lanai

Recommendation

DECK FLOOR

There were some "larger than typically seen" gaps between the pieces of wood on the deck floor. Recommend seeking further evaluation by a licensed contractor.

Recommendation

Contact a qualified professional.

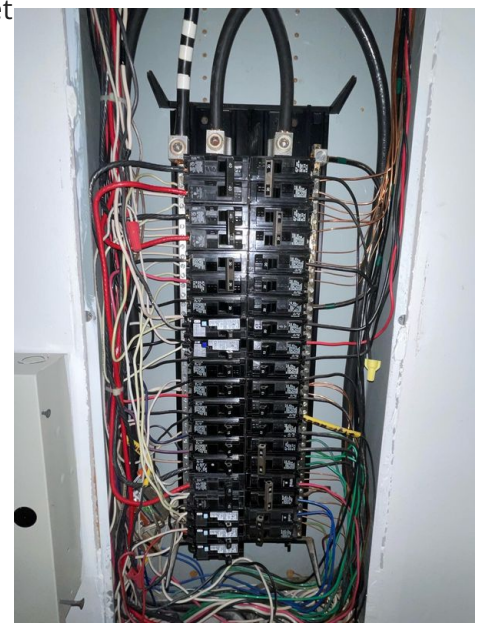
Panel Description : Panel Type
Circuit Breaker



Panel Description : Panel Size
200 amp / 240 volt

Panel Description : Sub Panel Location
N/A

Wiring Type : Wiring Type
Wiring is Romex style

GFCI Observations : Condition
Satisfactory

Deficiencies

5.1.1 Panel Description

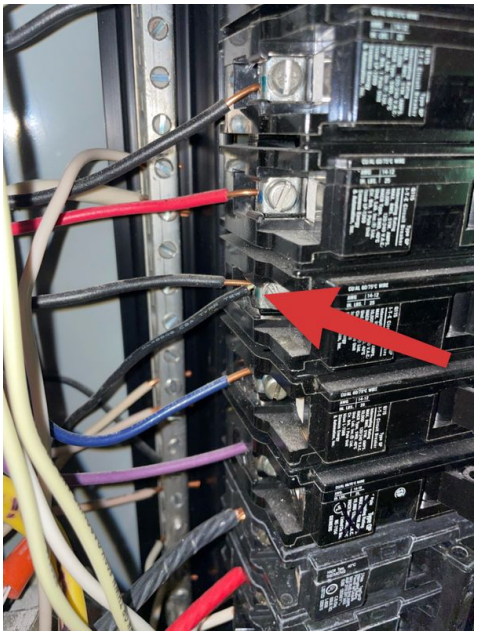
Safety Hazard

DOUBLE TAPPED BREAKERS

Double tapped breaker(s) inside panel box (more than one electrical conductor attached). This is not allowed, and may cause overheating or even an electrical fire. Recommend evaluation and repair as needed by a licensed, reputable electrician.

Recommendation

Contact a qualified professional.

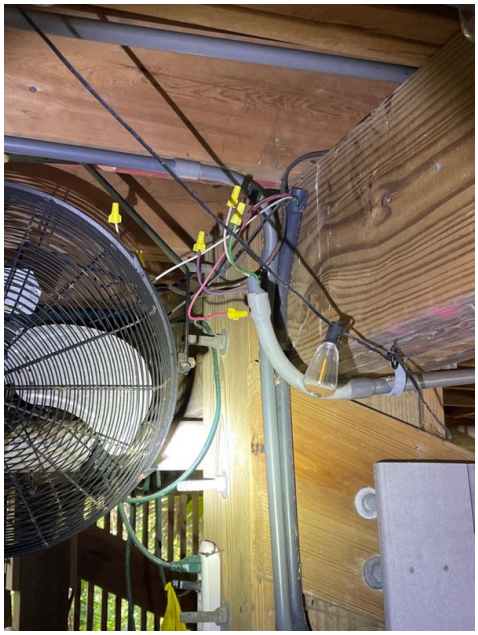


5.3.1 Lighting Fixtures, Switches & Receptacles

Safety Hazard

EXPOSED WIRES

There are multiple exposed wires, exposed wire connections, improper connections, etc. around the exterior of the home. Recommend further evaluation by a licensed electrician.

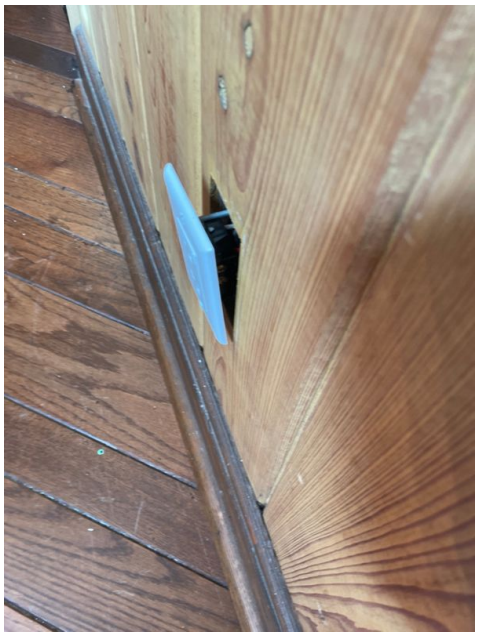


5.3.2 Lighting Fixtures, Switches & Receptacles

Recommendation

INSTALLED IMPROPERLY

One or more receptacles are fastened improperly. Recommend licensed electrician repair or replace.



5.5.1 Smoke Detectors

Safety Hazard

10+ YEARS OLD

10 years is the maximum recommended life of a smoke detector per several agencies. Recommend replacing all smoke detectors older than this and bringing their location up to modern standards. This is not a defect, it is a recommended safety upgrade. We STRONGLY recommend the use of photo electric smoke detectors, not the ionization chamber units. Studies have shown the ionization chamber units will NOT reliably sound under many conditions.

NOTE: we do NOT test smoke detectors older than 10 years since they have exceeded their designed and approved life span.

Recommendation

Contact a qualified professional.

Laundry Observations : Laundry Description
Washwer and dryer were both operated and worked normally at time of inspection

Laundry Observations : Condition
Satisfactory

Deficiencies

6.3.1 Hot Water Systems, Controls, Flues & Vents

Recommendation

PEX WATER PIPE

There was Pex piping found within the home. PEX: There are some cases of PEX systems experiencing failure due to low quality, Chinese imported brass fittings. Have the licensed plumber examine these fittings to determine if they are one of the problematic fittings.

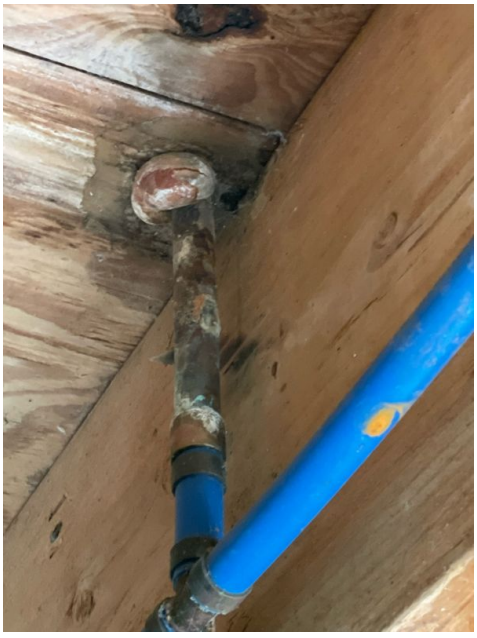
These low quality fittings have a flaw in the alloy causing the zinc to dissolve, allowing pinholes to develop. This process is called dezincification.

Please research the term dezincification for further information.

There is also corrosion on the copper pipes in multiple areas. Recommend further evaluation by a licensed plumber.

Recommendation

Contact a qualified professional.



6.3.2 Hot Water Systems, Controls, Flues & Vents

Recommendation

SUMP PUMP

The pipe for the sump pump is at an angle, recommend having a licensed plumber make sure this isn't an issue. There is also a big stump right next to it.

Recommendation

Contact a qualified professional.

STANDARDS OF PRACTICE

Inspection Details
Definitions of Terms
The purpose of an inspection is to find major and significant items within the property. Although we may include some minor items in the report, they are not the focus of our inspection. All existing structures will have some minor cosmetic imperfections or normal wear and tear and this is to be expected. The home inspection is performed to the ASHI Standards of Practice, a copy of which can be viewed at ashi.org

Over our many years of inspecting homes and commercial properties we have learned that an inspectors time, energy and focus is best spent focusing on major and significant items. Very minor or cosmetic defects are typically not reported on unless specifically requested. By focusing on the major and significant items, we have been able to maintain one of the highest customer satisfaction ratings in the country.

Important Note:
It is VITALLY important that all items that are noted as needing repairs or maintenance be repaired or evaluated by a licensed contractor prior to close of escrow, and during the inspection contract period. This is very important as occasionally additional defects will be found during the repair. Examples would be roof leaks that caused hidden rot, HVAC systems that did not operate properly due to hidden, major issues, etc. We are NOT responsible for additional damage discovered during the repair process.

Inspected Items
Items that are READILY ACESSIBLE at the time of the inspection, installed systems and components as listed in the ASHI Standards of Practice. Appliances that are permanently installed at the time of the inspection are also inspected.

Inspection Terms

Satisfactory: This rating means that the item is functioning properly at the time of the inspection and is expected to have a normal service life. The item may have minor imperfections or normal wear and tear if it is not new. Although the item is expected to have a normal service life, absolutely no one can accurately predict exactly when a mechanical item will malfunction and need repaired or replaced.

Defective: This means the item is either worn out, broken or is inoperative. The item will need immediate repair or replacement.

Serviceable Except as Noted: The item in question is operational, but in need of repair. An example may be a roof that is in good overall condition, but needs a minor repair.

Safety Hazard: Although many defects may have some safety implications, this rating is reserved for the most serious safety issues.

N/A: Not Applicable

Maintenance Item: The item is in generally good condition, but needs maintenance. This is generally provided as a courtesy. An example may be clogged gutters that need cleaning.

Minor Concern: These are items that are very minor or cosmetic in nature and are not typically asked to be repaired.

Marginal: The item is functional, but in poor overall condition and will likely need replaced in the near future. An example would be a roof that doesn't currently leak, but has little remaining life.

Not Inspected: The item was not inspected.

Not Accessible: The item was not accessible for inspection. An example may be an attic with no access or windows that were blocked by stored items

Grounds / Exterior
The home inspector shall observe: Wall cladding, flashings, and trim; Entryway doors and a representative number of windows; Garage door operators; Decks, balconies, stoops, steps, areaways, porches and applicable railings; Eaves, soffits, and fascias; and Vegetation, grading, drainage, driveways, patios, walkways, and retaining walls with respect to their effect on the
condition of the building.

The home inspector shall: Describe wall cladding materials; Operate all entryway doors and a representative number of windows; Operate garage doors manually or by using permanently installed controls for any garage door operator; Report whether or not any garage door operator will automatically reverse or stop when meeting reasonable resistance during closing; and Probe exterior wood components where deterioration is suspected.

The home inspector is not required to observe: Storm windows, storm doors, screening, shutters, awnings, and similar seasonal accessories; Fences; Presence of safety glazing in doors and windows; Garage door operator remote control transmitters; Geological conditions; Soil conditions; Recreational facilities (including spas, saunas, steam baths, swimming pools, tennis courts, playground equipment, and other exercise, entertainment, or athletic facilities); Detached buildings or structures; or Presence or condition of buried fuel storage tanks. The home inspector is not required to: Move personal items, panels, furniture, equipment, plant life, soil, snow, ice or debris that obstructs access or visibility.

Roof
Inspection Standards:

The home inspector shall observe: Roof covering; Roof drainage systems; Flashings; Skylights, chimneys, and roof penetrations; and Signs of' leaks or abnormal condensation on building components.

The home inspector shall: Describe the type of roof covering materials; and Report the methods used to observe the roofing. The home inspector is not required to: Walk on the roofing; or Observe attached accessories including but not limited to solar systems, antennae, and lightning arrestors.

Heat/AC
The home inspector shall observe permanently installed heating and cooling systems including: Heating equipment; Cooling Equipment that is central to home; Normal operating controls; Automatic safety controls; Chimneys, flues, and vents, where readily visible; Solid fuel heating devices; Heat distribution systems including fans, pumps, ducts and piping, with supports,
insulation, air filters, registers, radiators, fan coil units, convectors; and the presence of an installed heat source in each room.

The home inspector shall describe: Energy source; and Heating equipment and distribution type. The home inspector shall operate the systems using normal operating controls. The home
inspector shall open readily openable access panels provided by the manufacturer or installer for routine homeowner maintenance.

The home inspector is not required to: Operate heating systems when weather conditions or other circumstances may cause equipment damage; Operate automatic safety controls; Ignite or
extinguish solid fuel fires; or Observe: The interior of flues; Fireplace insert flue connections; Humidifiers; Electronic air filters; or The uniformity or adequacy of heat supply to the various rooms.

Electrical
The home inspector shall observe: Service entrance conductors; Service equipment, grounding equipment, main over current device, and main and distribution panels; Amperage and voltage ratings of the service; Branch circuit conductors, their over current devices, and the compatibility of their ampacities and voltages; The operation of a representative number of installed ceiling fans, lighting fixtures, switches and receptacles located inside the house, garage, and on the dwelling's exterior walls; The polarity and grounding of all receptacles within six feet of interior plumbing fixtures, and all receptacles in the garage or carport, and on the exterior of inspected structures; The operation of ground fault circuit interrupters; and Smoke detectors.

The home inspector shall describe: Service amperage and voltage; Service entry conductor materials; Service type as being overhead or underground; and Location of main and distribution panels.

The home inspector is not required to: Insert any tool, probe, or testing device inside the panels; Test or operate any over current device except ground fault circuit interrupters; Dismantle any electrical device or control other than to remove the covers of the main and auxiliary distribution panels; or Observe: Low voltage systems; Security system devices, heat detectors, or carbon monoxide detectors; Telephone, security, cable TV, intercoms, or other ancillary wiring that is not a part of the primary electrical distribution system; or Built-in vacuum equipment.

The following items are not included in a standard building inspection: Low voltage wiring such as, but not limited to alarms, audio / video, etc. Landscape lighting / wiring, any devices on photocells or timers.

Plumbing
The home inspector shall observe: Interior water supply and distribution system, including: piping materials, supports, and insulation; fixtures and faucets; functional flow; leaks; and cross
connections; Interior drain, waste, and vent system, including: traps; drain, waste, and vent piping; piping supports and pipe insulation; leaks; and functional drainage; Hot water systems including: water heating equipment; normal operating controls; automatic safety controls; and chimneys, flues, and vents; Fuel storage and distribution systems including: interior fuel storage equipment, supply piping, venting, and supports; leaks; and Sump pumps.

The home inspector shall describe: Water supply and distribution piping materials; Drain, waste, and vent piping materials; Water heating equipment; and Location of main water supply shutoff device. The home inspector shall operate

all plumbing fixtures, including their faucets and all exterior faucets attached to the house, except where the flow end of the faucet is connected to an appliance.

The home inspector is not required to: State the effectiveness of anti-siphon devices; Determine whether water supply and waste disposal systems are public or private; Operate automatic safety controls; Operate any valve except water closet flush valves, fixture faucets, and hose faucets; Observe: Water conditioning systems; Fire and lawn sprinkler systems; On-site water supply quantity and quality; On-site waste disposal systems; Foundation irrigation systems; Spas, except as to functional flow and functional drainage; Swimming pools; Solar water heating equipment; or Observe the system for proper sizing, design, or use of proper materials.

Doors, Windows & Interior
The home inspector shall observe: Walls, ceiling, and floors; Steps, stairways, balconies, and railings; Counters and a representative number of installed cabinets; and A representative number of doors and windows.

The home inspector shall: Operate a representative number of windows and interior doors; and Report signs of abnormal or harmful water penetration into the building or signs of abnormal or harmful condensation on building components.

The home inspector is not required to observe: Paint, wallpaper, and other finish treatments on the interior walls, ceilings, and floors; Carpeting; or Draperies, blinds, or other window treatments.

Bathroom
The home inspector shall observe: Walls, ceiling, and floors; Steps, stairways, balconies, and railings; Counters and a representative number of installed cabinets; and A representative number of doors and windows.

The home inspector shall: Operate a representative number of windows and interior doors; and Report signs of abnormal or harmful water penetration into the building or signs of abnormal or harmful condensation on building components.

The home inspector is not required to observe: Paint, wallpaper, and other finish treatments on the interior walls, ceilings, and floors; Carpeting; or Draperies, blinds, or other window treatments.

Kitchen
The home inspector shall observe and operate the basic functions of the following kitchen appliances: Permanently installed dishwasher, through its normal cycle; Range, cook top, and
permanently installed oven; Trash compactor; Garbage disposal; Ventilation equipment or range hood; and Permanently installed microwave oven.

The home inspector is not required to observe: Clocks, timers, self-cleaning oven function, or thermostats for calibration or automatic operation; Non built-in appliances; or Refrigeration units. The home inspector is not required to operate: Appliances in use; or Any appliance that is shut down or otherwise inoperable.

Foundation
The Home Inspector shall observe structural components including foundations, floors, walls, columns or piers, ceilings and roof.

The home inspector shall describe the type of Foundation, floor structure, wall structure, columns or piers, ceiling structure, roof structure.

The home inspector shall: Probe structural components where deterioration is suspected; Enter under floor crawl spaces, basements, and attic spaces except when access is obstructed, when entry could damage the property, or when dangerous or adverse situations are suspected; Report the methods used to observe under floor crawl spaces and attics; and Report signs of abnormal or harmful water penetration into the building or signs of abnormal or harmful condensation on building components.

The home inspector is not required to: Enter any area or perform any procedure that may damage the property or its components or be dangerous to or adversely effect the health of the home inspector or other persons.

Collier County
Public Utilities Department
Facilities Management Division

PROJECT INFORMATION

Project Name: Gore Nature Center

Address/Location: 4261 40th Ave. SE

Date of Inspection: 12-11-2024

Time of Day: 9:00 am

Weather Conditions: Partly Cloudy and 78°F

INSPECTION INFORMATION

Type of Inspection: Property Inspection Review

The following items were reviewed:

Inspector comments in red.

1. **The vegetation growth out of the limestone chimney. There is a small fern near the top of the chimney that needs removal.**
2. **Mold growth on the end of a board on the porch. This type of algae is typical on exterior wood members and is cosmetic.**
3. **Rusty bracket (near board with mold growth on the porch). Corrosion on brackets (joist hangers) is cosmetic/typical.**
4. **Covering the cracked concrete around pilings of boardwalk with fill. Fill dirt will be pulled away from wood piles and placed beneath the deck.**
5. **Office doors closing/latching. Door or jamb may be sanded for better fit.**
6. **Mildewy/moldy smell. No mold smell in home only wood smell. (not an issue)**

Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department
Facilities Management Division

7. **Removal of a door and correcting loose handrails. There is a door from the deck to a deck without rails. The door will be removed and replaced with railing. The loose handrails will be secured with additional balustrades that will have two fasteners at bottom.**

Additional comments about inspector's concrerns:

1. **Backfilling ; contractor will backfill under the deck and keep dirt away from wood piles.**
2. **Rotted truss (beneath eave at corner of deck); contractor will cut out and repair rotted truss tails with new wood.**
3. **Fascia Board Rot; fascia had algae growth that was cleaned off.**
4. **Uneven handicapped ramp; part of the concrete ramp has side slope of 3%, maximum for ADA is 2%. In addition handrails should be installed on the sides of the concrete ramp as the slope is greater than 5%.**
5. **Gap in decking boards. Remove boards and reinstall to correct the gaps.**
6. **Removal of debris on the roof. Roof needs to be blown off. Limbs overhanging roof should be trimmed away from the building.**
7. **Chimneys flashing. No problem with flashing, discoloration is due to copper aging.**
8. **Double tapped breakers. Breaker needs to be added to panel.**
9. **Removal of abandoned wiring. Abandoned wires and conduits to be removed.**
10. **Correction of outlets. Outlets sticking out from wall have been corrected and mounted flush.**
11. **Explanation of old smoke detector. There is an old smoke detector on a high ceiling in living area that requires tall ladder to remove.**
12. **Oxidation on copper fittings. Corrosion on the copper crimp connections of the PEX tubing have corrosion that is cosmetic and not leaking.**
13. **Sump pump pipe angle. There is no problem with sump system due to angle of waste pipe.**

Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department
Facilities Management Division

14. **Water spots on ceilings.** **Water marks on ceilings appear to be old from before roof covering was replaced, in addition the skylights were replaced. Recommend checking ceilings after heavy rains.**
15. **Addition of balusters.** **Balusters will be added to strengthen handrails.**
16. **Chimney Flue.** **According to the contractor the flue has been inspected and is in good condition.**
17. **Sink drain (Fernco).** **There is a fernco clamp beneath the bathroom sink, this is not an issue- there is no pressure on this fitting.**
18. **Loose toilets.** **Toilets were not loose.**
19. **Corrosion on above ground pump.** **There was corrosion on the impeller of the house pump, this is a cosmetic item and was not leaking.**
20. **Empty/dirty salt tank.** **Salt tank had been tipped over by bears and has since been set up and filled with salt.**

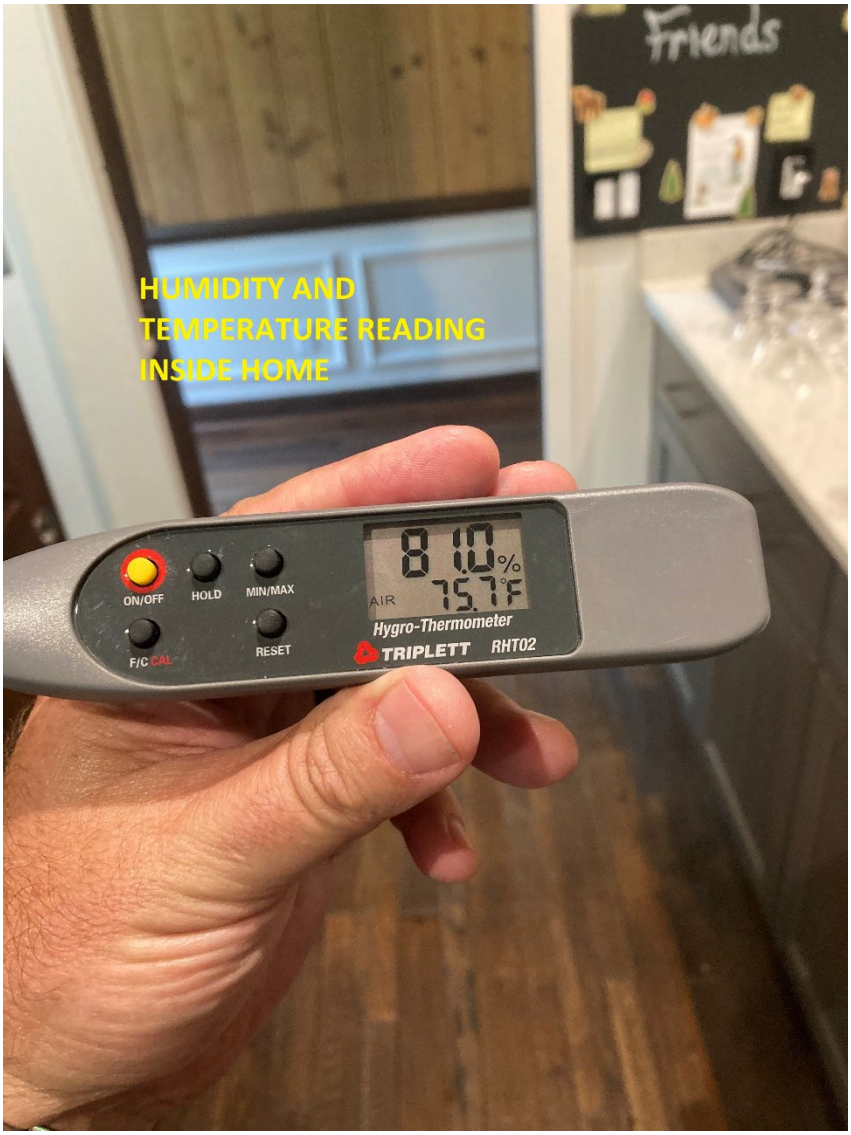
Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department
Facilities Management Division

Small fern growing on chimney.

Inspection Completed By:
James Hall, Senior Field Inspector

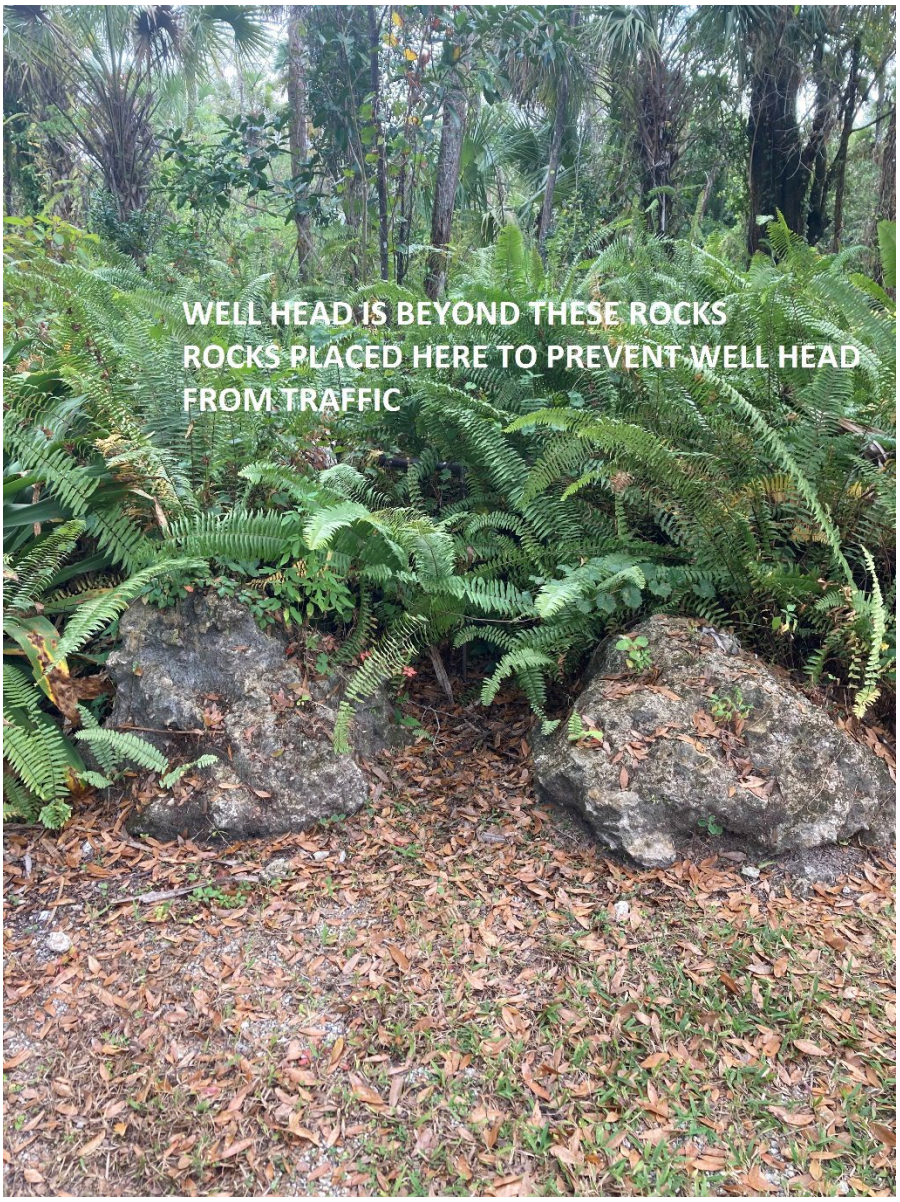
Collier County
Public Utilities Department
Facilities Management Division



There is no air conditioning in this building (by design). It should be noted that addition of air conditioning and dry conditions could cause movement is wood members (shrinkage from drying).

Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department
Facilities Management Division



Rocks placed by well head due to it being hit by car and repaired previously.

Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department

Joist sticking out can be cut, not structural.

Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department
Facilities Management Division

Tear in screen door panel.

Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department
Facilities Management Division

Uneven stones at entry, there was discussion of coating with clear epoxy to make level and for aesthetic look.

Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department
Facilities Management Division

Tree limbs should not touch building and large limbs should be trimmed.

Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department
Facilities Management Division

Joist hangers (like one in lower picture) should be added to toe-nailed joists.

Inspection Completed By:
James Hall, Senior Field Inspector

Collier County
Public Utilities Department
Facilities Management Division

If this is to be ADA compliant, handrails should be added next to concrete pad. There is also a dip to the left in concrete pad that is greater than 2%, this also would need correction.

Inspection Completed By:
James Hall, Senior Field Inspector

OFFICE: 239-352-2600

Executive Summary

Recommendation to approve an Agreement for Sale and Purchase under the Conservation Collier Land Acquisition Program with 1) Erik C. Fernandez & Terratrust LLC ("Fernandez") for a 1.59-acre parcel at a cost of $44,520; 2) JOL Property Ventures LLC for a 1.14-acre parcel at a cost of $36,480; and 3) Abel Martinez Chavez for a 1.14-acre parcel at a cost of $36,480, for a total cost not to exceed $122,210 inclusive of closing costs.

OBJECTIVE: To purchase three parcels totaling 3.87 acres within the Conservation Collier Winchester Head Preserve and Panther Walk Preserve multi-parcel project areas.

CONSIDERATIONS: On October 10, 2023, Agenda Item No. 11B, the Board of County Commissioners (Board) approved a Conservation Collier Land Acquisition Advisory Committee (CCLAAC) recommending Cycle 12A Active Acquisition List (AAL) and directed staff to actively pursue the acquisition of the properties under the Program. The Fernandez parcel, within the Winchester Head Preserve multi-parcel project, was approved as an A-list property on the Cycle 12A AAL.

On June 25, 2024, Agenda Item No. 16.A.13., the Board of County Commissioners (Board) approved a Conservation Collier Land Acquisition Advisory Committee (CCLAAC) recommending Cycle 12B Active Acquisition List (AAL) and directed staff to actively pursue the acquisition of the properties under the Program. The JOL Property Ventures parcel and the Martinez Chavez parcel within the Panther Walk Preserve multi-parcel project were approved as A-list properties on the Cycle 12B AAL.

Winchester Head Preserve: The Winchester Head Multi-Parcel project, located north of Oil Well Road and east of Everglades Boulevard, was established in 2005. A total of 109.9 acres (69%) of the 158.4-acre Project has been acquired within the project boundary. Acquisition within Winchester Head provides floodplain storage for surrounding home sites during the high rainy season. These types of depressional storage areas were included in the water management models for the Golden Gate canal system done by the Big Cypress Basin, South Florida Water Management District, and are a component of flood control for the area. Winchester Head has also been targeted for future watershed improvement projects in the County's Watershed Management Plan. Additional program criteria that would be satisfied by this acquisition include protection of surface and groundwater resources, protection of wetland-dependent species habitat, and good potential for restoration.

The Project consists primarily of freshwater marsh and cypress, a habitat for many endangered wading birds, including the wood stork. Telemetry points show Florida Panthers using the area, and panthers have been observed on wildlife cameras on the existing preserve.

Staff contracted with one independent, state-certified, general real estate appraisal firm to appraise all parcels within the Project. The May 2024 appraisal provided a value for wetland parcels within the Project at $28,000 an acre. The cost to obtain the appraisal was $1,800.

Fernandez - Parcel 39955360002 is on the south side of 37th Ave NE, east of Everglades Blvd. N.

1. 1.59 acres of vacant, unimproved land consisting of freshwater marsh and scattered cypress with 100% hydric mapped soils.
2. An offer of $42,290 was made on May 29, 2024, and rejected. On August 12, 2024, the negotiated offer of $44,520 was accepted. The purchase price is 100% of the appraised value.

***Panther Walk Preserve*:** Although Conservation Collier acquired the original 4.6 acres of Panther Walk Preserve in 2007 and 2008 and began purchasing several more parcels near the preserve in 2022, the Panther Walk Preserve Multi-Parcel project was not established until February 28, 2023, with Board approval of the Conservation Collier Cycle 11B AAL, Agenda Item No. 11C. To date, the Program has acquired 15% of the 426.1-acre project area, for a total of 66.0 acres.

The Panther Walk Preserve Multi-parcel Project is located within the northern reaches of the Horsepen Strand. Strands

are a type of forested swamp that forms slow-flowing, linear drainage channels across flatlands with high water tables. The Horsepen Strand begins at Immokalee Rd in the Northern Golden Gate Estates and flows south into the North Belle Meade area north of I-75. These parcels significantly protect water resources and provide the Surficial Aquifer's recharge capacity and were noted as such by Collier County Stormwater Management staff during the establishment of this multi-parcel Project. Properties in this area are subject to frequent flooding. These parcels provide critical flood water attenuation as more land is cleared and filled for development. Wetland vegetation on these parcels slows down the flow of water and filters out nutrients and sediments before they reach the canals to the gulf.

The project area contains protected species of plants, including hand fern and four listed bromeliads in the *Tillandsia* genus. The parcels provide high-quality habitat for wetland-dependent species, including the Florida black bear, listed wading birds, and the Florida panther. The low-density nature of development in this neighborhood allows wildlife to move relatively unimpeded across the landscape and north into the Corkscrew Regional Ecosystem Watershed. A protected corridor is necessary to preserve wildlife's freedom of movement through this rapidly developing landscape. Parcels within the project area protect the highly diverse Horsepen Strand, expand the Panther Walk Preserve, and provide the backbone for a potential north-south corridor and necessary refugia for urban wildlife.

Staff contracted with two independent, state-certified, general real estate appraisal firms to appraise all parcels within the Panther Walk Preserve Multi-parcel Project. The appraisals provided an average value of $32,000 an acre for parcels between 1.14 and 2.73 acres, based on comparable sales from wetland, not upland parcels. The total cost to obtain the appraisals was $4,500.

JOL Property Ventures - Parcel 38844880005, north off of 60th Ave NE, west of Everglades Blvd. N.

1. 1.14 acres of vacant, unimproved land consisting of cypress with 100% hydric mapped soils.
2. The negotiated purchase price of $36,480, the full appraised value, was agreed upon on October 24, 2024.

Martinez Chavez - Parcel 39149760007, north off of 68th Ave NE, west of Everglades Blvd. N.

1. 1.14 acres of vacant, unimproved land consisting of hydric pine flatwoods and marsh with 18% hydric mapped soils
2. The negotiated purchase price of $36,480 was agreed upon on October 21, 2024. The purchase price is the full appraised value.

Both the JOL Property Ventures and the Martinez Chavez parcels are located within the Panther Walk Preserve project area north off of 60th Ave and will be acquired as fee simple purchases at full appraised value; therefore, they meet the qualifications for Florida Wildlife Corridor Foundation (FWFC) funding assistance under the Memorandum of Understanding (MOU) between Collier County and FWCF (April 23, 2024, Agenda Item 16A1). FWFC will contribute one-half of the contract price of each parcel ($18,240) towards each acquisition for a total of $36,480.

These acquisitions are consistent with the Conservation Collier Purchasing Policy, Resolution No. 2023-10, which allows offer amounts to be determined by staff but no more than the appraised value.

Pursuant to Ordinance 2002-63, as amended, Section 12(6), Project Design Reports ("PDR" s) for these properties are provided herewith.

FISCAL IMPACT: The funds for these land acquisitions will be withdrawn from the Conservation Collier Trust Fund (1061). Per the Collier County/FWCF MOU, FWCF will wire $36,480 to Conservation Collier Trust Fund (1061) after the JOL Property Ventures and Martinez Chavez Agreements are approved by the Board and after FWCF has received documentation demonstrating that all MOU conditions have been met in preparation for the closings. The properties identified herein are comprised of a not-to-exceed acquisition cost of $122,210 as follows:

Seller Name Acres	Appraised Value	Purchase Price	Closing costs (title commitment, title policy, closing fee,	Total Purchase Price	Initial 5 Yr. Maint. Costs	Long-term Annual Maint. Costs

				recording fees)			
Fernandez	1.59	$44,520	$44,520	$1,610	$46,130	$1,880	$240
JOL Property Ventures	1.14	$36,480	$36,480	$1,560	$38,040	$1,400	$170
Martinez Chavez	1.14	$36,480	$36,480	$1,560	$38,040	$1,400	$170
TOTAL	3.87	$117,480	$117,480	$4,730	$122,210	$4,680	$580

As of January 14, 2025, the estimated property acquisition costs for Conservation Collier properties, including these properties and those under contract, total $128,364,781. The funds for managing these parcels will be expended from the Conservation Collier Maintenance Fund (1062). The initial maintenance costs are provided in the attached Project Design Reports (PDR). The total maintenance costs for these parcels for the first five years (initial maintenance costs) are estimated at $4,680. After initial restoration, the estimated maintenance costs for these parcels will be approximately $580 annually.

GROWTH MANAGEMENT IMPACT: Fee simple acquisition of conservation lands is consistent with and supports Policy 1.3.1(e) in the Conservation and Coastal Management Element of the Collier County Growth Management Plan.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires a majority vote for approval. - SAA

RECOMMENDATIONS: 1) To approve the attached Agreements and accept the Warranty Deeds once approved by the County Attorney's Office.
2) To authorize the Chairman to execute the Agreements and any and all other County Attorney's Office approved documents related to these transactions; and
3) To authorize the County Manager or designee to prepare related vouchers and warrants for payments and to take all reasonable steps necessary to ensure performance under the Agreements.

AGREEMENT FOR SALE AND PURCHASE

THIS AGREEMENT is made and entered into by and between **Erik C. Fernandez**, whose address is 13721 SW 13th St, Miami, FL 33184, and **Terratrust LLC**, a Florida Limited Liability Company, whose address is 21301 S Tamiami Trail Suite 320-200, Estero, FL 33928 (hereinafter referred to as "Seller"), and **COLLIER COUNTY**, a political subdivision of the State of Florida, its successors and assigns, whose address is 3335 Tamiami Trail East, Suite 101, Naples, FL 34112 (hereinafter referred to as "Purchaser").

W I T N E S S E T H

WHEREAS, Seller is the owner of that certain parcel of real property (hereinafter referred to as "Property"), located in Collier County, State of Florida, and being more particularly described in Exhibit "A", attached hereto and made a part hereof by reference.

WHEREAS, Purchaser is desirous of purchasing the Property, subject to the conditions and other agreements hereinafter set forth, and Seller is agreeable to such sale and to such conditions and agreements.

NOW, THEREFORE, and for and in consideration of the premises and the respective undertakings of the parties hereinafter set forth and the sum of Ten Dollars ($10.00), the receipt and sufficiency of which is hereby acknowledged, it is agreed as follows:

I. AGREEMENT

1.01 In consideration of the purchase price and upon the terms and conditions hereinafter set forth, Seller shall sell to Purchaser and Purchaser shall purchase from Seller the Property, described in Exhibit "A".

II. PAYMENT OF PURCHASE PRICE

2.01 The purchase price (the "Purchase Price") for the Property shall be **Forty Four Thousand, Five Hundred and Twenty Dollars and 00/100 Cents ($44,520.00),** (U.S. Currency) payable at time of closing.

III. CLOSING

3.01 The Closing (THE "CLOSING DATE", "DATE OF CLOSING", OR "CLOSING") of the transaction shall be held on or before one hundred and eighty (180) days following execution of this Agreement by the Purchaser, or within thirty (30) days of Purchaser's receipt of all closing documents, whichever is later. The Closing shall

CAO

E.C.F.

be held at the office of the insuring title company or by mail. The procedure to be followed by the parties in connection with the Closing shall be as follows:

3.011 Seller shall convey a marketable title free of any liens, encumbrances, exceptions, or qualifications. Marketable title shall be determined according to applicable title standards adopted by the Florida Bar and in accordance with law. At the Closing, the Seller shall cause to be delivered to the Purchaser the items specified herein and the following documents and instruments duly executed and acknowledged, in recordable form:

3.0111 Warranty Deed in favor of Purchaser conveying title to the Property, free and clear of all liens and encumbrances other than:

(a) The lien for current taxes and assessments.

(b) Such other easements, restrictions, or conditions of record.

3.0112 Combined Purchaser-Seller closing statement.

3.0113 A "Gap Tax Proration, Owner's Non-Foreign Affidavit", as required by Section 1445 of the Internal Revenue Code and as required by the title insurance underwriter to insure the "gap" and issue the policy contemplated by the title insurance commitment.

3.0114 A W-9 Form, "Request for Taxpayer Identification and Certification" as required by the Internal Revenue Service.

3.012 At the Closing, the Purchaser, or its assignee, shall cause to be delivered to the Seller the following:

3.0121 A negotiable instrument (County Warrant) in an amount equal to the Purchase Price. No funds shall be disbursed to Seller until the Title Company verifies that the state of the title to the Property has not changed adversely since the date of the last endorsement to the commitment, referenced in Section 4.011 thereto, and the Title Company is irrevocably committed to pay the Purchase Price to Seller and to issue the Owner's title policy to Purchaser in accordance with the commitment immediately after the recording of the deed.

3.0122 Funds payable to the Seller representing the cash payment due at Closing in accordance with Article III hereof, shall be subject to adjustment for prorations as hereinafter set forth.

3.02 Each party shall be responsible for payment of its own attorney's fees. Seller, at its sole cost and expense, shall pay at Closing all documentary stamp taxes due relating to the recording of the Warranty Deed, in accordance with Chapter 201.01, Florida Statutes, and the cost and electronic fee of recording any instruments necessary to clear Seller's title to the Property. The cost of the Owner's Form B Title Policy, issued pursuant to the Commitment provided for in Section 4.011 below, shall be paid by Purchaser. The cost of the title commitment shall also be paid by Purchaser. If required by a Phase I report and desired by Purchaser, Seller shall pay for a Phase II Environmental Assessment selected by Purchaser.

3.03 Purchaser shall pay for the cost of recording the Warranty Deed. Real Property taxes shall be prorated based on the current year's tax with due allowance made for maximum allowable discount, homestead and any other applicable exemptions and paid by Seller. If Closing occurs at a date which the current year's millage is not fixed, taxes will be prorated based upon such prior year's millage.

IV. REQUIREMENTS AND CONDITIONS

4.01 Upon execution of this Agreement by both parties or at such other time as specified within this Article, Purchaser and/or Seller, as the case may be, shall perform the following within the times stated, which shall be conditions precedent to the Closing;

4.011 Within fifteen (15) days after the date hereof, Purchaser shall obtain as evidence of title an ALTA Commitment for an Owner's Title Insurance Policy (ALTA Form B-1970) covering the Property, together with hard copies of all exceptions shown thereon. Purchaser shall have thirty (30) days, following receipt of the title insurance commitment, to notify Seller in writing of any objection to title other than liens evidencing monetary obligations, if any, which obligations shall be paid at closing. If the title commitment contains exceptions that make the title unmarketable, Purchaser shall deliver to the Seller written notice of its intention to waive the applicable contingencies or to terminate this Agreement.

4.012 If Purchaser shall fail to advise the Seller in writing of any such objections in Seller's title in the manner herein required by this Agreement, the title shall be deemed acceptable. Upon notification of Purchaser's objection to title, Seller shall have thirty (30) days to remedy any defects to convey good and marketable title at Seller's expense, except for liens or monetary obligations which will be satisfied at Closing. Seller, at its sole expense, shall use its best efforts to make such title good and marketable. In the event Seller is unable to cure said objections within said time period, Purchaser, by providing written notice to Seller within seven (7) days after expiration of said

CAO

E.C.F.

thirty (30) day period, may accept title as it then is, waiving any objection; or Purchaser may terminate the Agreement. A failure by Purchaser to give such written notice of termination within the time period provided herein shall be deemed an election by Purchaser to accept the exceptions to title as shown in the title commitment.

4.013 Seller agrees to furnish any existing surveys of the Property in Seller's possession to Purchaser within ten (10) days of the effective date of this Agreement. Purchaser shall have the option, at its own expense, to obtain a current survey of the Property prepared by a surveyor licensed by the State of Florida. No adjustments to the Purchase Price shall be made based upon any change to the total acreage referenced in Exhibit "A," unless the difference in acreage revealed by survey exceeds 5% of the overall acreage. If the survey provided by Seller or obtained by Purchaser, as certified by a registered Florida surveyor, shows: (a) an encroachment onto the property; or (b) that an improvement located on the Property projects onto lands of others, or (c) lack of legal access to a public roadway, the Purchaser shall notify the Seller in writing of such encroachment, projection, or lack of legal access, and Seller shall have the option of curing said encroachment or projection, or obtaining legal access to the Property from a public roadway, within sixty (60) days of receipt of said written notice from Purchaser. Purchaser shall have ninety (90) days from the effective date of this Agreement to notify Seller of any such objections. Should Seller elect not to or be unable to remove the encroachment, projection, or provide legal access to the property within said sixty (60) day period, Purchaser, by providing written notice to Seller within seven (7) days after expiration of said sixty (60) day period, may accept the Property as it then is, waiving any objection to the encroachment, or projection, or lack of legal access, or Purchaser may terminate the Agreement. A failure by Purchaser to give such written notice of termination within the time period provided herein shall be deemed an election by Purchaser to accept the Property with the encroachment, or projection, or lack of legal access.

V. INSPECTION PERIOD

5.01 Purchaser shall have one hundred twenty (120) days from the date of this Agreement, ("Inspection Period"), to determine through appropriate investigation that:

1. Soil tests and engineering studies indicate that the Property can be developed without any abnormal demucking, soil stabilization or foundations.
2. There are no abnormal drainage or environmental requirements to the development of the Property.
3. The Property is in compliance with all applicable State and Federal environmental laws and the Property is free from any pollution or contamination.

CAO

E.C.F.

4. The Property can be utilized for its intended use and purpose in the Conservation Collier program.

5.02 If Purchaser is not satisfied, for any reason whatsoever, with the results of any investigation, Purchaser shall deliver to Seller prior to the expiration of the Inspection Period, written notice of its intention to waive the applicable contingencies or to terminate this Agreement. If Purchaser fails to notify the Seller in writing of its specific objections as provided herein within the Inspection Period, it shall be deemed that the Purchaser is satisfied with the results of its investigations and the contingencies of this Article V shall be deemed waived. In the event Purchaser elects to terminate this Agreement because of the right of inspection, Purchaser shall deliver to Seller copies of all engineering reports and environmental and soil testing results commissioned by Purchaser with respect to the Property.

5.03 Purchaser and its agents, employees and servants shall, at their own risk and expense, have the right to go upon the Property for the purpose of surveying and conducting site analyses, soil borings and all other necessary investigation. Purchaser shall, in performing such tests, use due care. Seller shall be notified by Purchaser no less than twenty-four (24) hours prior to said inspection of the Property.

VI. INSPECTION

6.01 Seller acknowledges that the Purchaser, or its authorized agents, shall have the right to inspect the Property at any time prior to the Closing.

VII. POSSESSION

7.01 Purchaser shall be entitled to full possession of the Property at Closing.

VIII. PRORATIONS

8.01 Ad valorem taxes next due and payable, after closing on the Property, shall be prorated at Closing based upon the gross amount of current year taxes, and shall be paid by Seller.

IX. TERMINATION AND REMEDIES

9.01 If Seller shall have failed to perform any of the covenants and/or agreements contained herein which are to be performed by Seller, within ten (10) days of written notification of such failure, Purchaser may, at its option, terminate this Agreement by giving written notice of termination to Seller. Purchaser shall have the right to seek and enforce all rights and remedies available at law or in equity to

CAO

E.C.F.

a contract vendee, including the right to seek specific performance of this Agreement.

9.02 The parties acknowledge that the remedies described herein and in the other provisions of this Agreement provide mutually satisfactory and sufficient remedies to each of the parties and take into account the peculiar risks and expenses of each of the parties.

X. SELLER'S AND PURCHASER'S REPRESENTATIONS AND WARRANTIES

10.01 Seller and Purchaser represent and warrant the following:

10.011 Seller and Purchaser have full right and authority to enter into and to execute this Agreement and to undertake all actions and to perform all tasks required of each hereunder. Seller is not presently the subject of a pending, threatened or contemplated bankruptcy proceeding. Seller further represents the Property is free from any and all occupants, tenants, and other persons or entities claiming possession of the Property at the time of closing. This provision shall survive closing.

10.012 Seller has full right, power, and authority to own and operate the Property, and to execute, deliver, and perform its obligations under this Agreement and the instruments executed in connection herewith, and to consummate the transaction contemplated hereby. All necessary authorizations and approvals have been obtained authorizing Seller and Purchaser to execute and consummate the transaction contemplated hereby. At Closing, certified copies of such approvals shall be delivered to Purchaser and/or Seller, if necessary.

10.013 The warranties set forth in this paragraph shall be true on the date of this Agreement and as of the date of Closing. Purchaser's acceptance of a deed to the said Property shall not be deemed to be full performance and discharge of every agreement and obligation on the part of the Seller to be performed pursuant to the provisions of this Agreement.

10.014 Seller represents that it has no knowledge of any actions, suits, claims, proceedings, litigation or investigations pending or threatened against Seller, at law, equity or in arbitration before or by any federal, state, municipal or other governmental instrumentality that relate to this agreement or any other property that could, if continued, adversely affect Seller's ability to sell the Property to Purchaser according to the terms of this Agreement.

10.015 No party or person other than Purchaser has any right or option to acquire the Property or any portion thereof.

E. C. F.

CAO

10.016 Until the date fixed for Closing, so long as this Agreement remains in force and effect, Seller shall not encumber or convey any portion of the Property or any rights therein, nor enter into any agreements granting any person or entity any rights with respect to the Property or any part thereof, without first obtaining the written consent of Purchaser to such conveyance, encumbrance, or agreement which consent may be withheld by Purchaser for any reason whatsoever.

10.017 Seller represents that they have (it has) no knowledge that there is or ever has been incinerators, septic tanks, or cesspools on the Property; all waste, if any, is discharged into a public sanitary sewer system; Seller represents that they have (it has) no knowledge that any pollutants are or have been discharged from the Property, directly or indirectly into any body of water. Seller represents that to their knowledge the Property has not been used for the production, handling, storage, transportation, manufacture, or disposal of hazardous or toxic substances or wastes, as such terms are defined in applicable laws and regulations, or any other activity that would have toxic results, and no such hazardous or toxic substances are currently used in connection with the operation of the Property, and there is no proceeding or inquiry by any authority with respect thereto. Seller represents that they have (it has) no knowledge that there is ground water contamination on the Property or potential of ground water contamination from neighboring properties. Seller represents that they have (it has) no knowledge that there is or ever has been any storage tanks for gasoline, or any other substances are or were located on the Property at any time during or prior to Seller's ownership thereof. Seller represents that they have (it has) no knowledge that any part of the Property has ever been used as a sanitary landfill.

10.018 Seller has no knowledge that the Property and Seller's operations concerning the Property are in violation of any applicable Federal, State or local statute, law or regulation, or of any notice from any governmental body has been served upon Seller claiming any violation of any law, ordinance, code or regulation or requiring or calling attention to the need for any work, repairs, construction, alterations or installation on or in connection with the Property in order to comply with any laws, ordinances, codes or regulation with which Seller has not complied.

10.019 Seller has no knowledge of unrecorded leases, licenses or other possessory interests, restrictions, easements, or rights of way (other than existing zoning regulations) that restrict or affect the use of the Property, and there are no maintenance, construction, advertising, management, leasing, employment, service, or other contracts affecting the Property.

E.C.F.

CAO

10.020 Seller has no knowledge that there are any suits, actions or arbitration, bond issuances or proposals therefor, proposals for public improvement assessments, pay-back agreements, paving agreements, road expansion or improvement agreements, utility moratoriums, use moratoriums, improvement moratoriums, administrative or other proceedings or governmental investigations or requirements, formal or informal, existing or pending or threatened which affects the Property or which adversely affects Seller's ability to perform hereunder; nor is there any other charge or expense upon or related to the Property which has not been disclosed to Purchaser in writing prior to the effective date of this Agreement.

10.021 Seller acknowledges and agrees that Purchaser is entering into this Agreement based upon Seller's representations stated above and on the understanding that Seller will not cause the zoning or physical condition of the Property to change from its existing state on the effective date of this Agreement up to and including the Date of Closing. Therefore, Seller agrees not to enter into any contracts or agreements pertaining to or affecting the Property and not to do any act or omit to perform any act which would change the zoning or physical condition of the Property or the governmental ordinances or laws governing same. Seller also agrees to notify Purchaser promptly of any change in the facts contained in the foregoing representations and of any notice or proposed change in the zoning, or any other action or notice, that may be proposed or promulgated by any third parties or any governmental authorities having jurisdiction of the development of the property which may restrict or change any other condition of the Property.

10.022 At the Closing, Seller shall deliver to Purchaser a statement (hereinafter called the "Closing Representative Statement") reasserting the foregoing representations as of the Date of Closing, which provisions shall survive the Closing.

10.023 Seller represents, warrants and agrees to indemnify, reimburse, defend and hold Purchaser harmless from any and all costs (including attorney's fees) asserted against, imposed on or incurred by Purchaser, directly or indirectly, pursuant to or in connection with the application of any federal, state, local or common law relating to pollution or protection of the environment which shall be in accordance with, but not limited to, the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. Section 9601, et seq., ("CERCLA" or "Superfund"), which was amended and upgraded by the Superfund Amendment and Reauthorization Act of 1986 ("SARA"), including any amendments or successor in function to these acts. This provision and the rights of Purchaser, hereunder, shall survive Closing and are not deemed satisfied by conveyance of title.

E.C.F.

CAO

10.024 Any loss and/or damage to the Property between the date of this Agreement and the date of Closing shall be Seller's sole risk and expense.

XI. NOTICES

11.01 Any notice, request, demand, instruction, or other communication to be given to either party hereunder shall be in writing, sent by facsimile with automated confirmation of receipt, or by registered, or certified mail, return receipt requested, postage prepaid, addressed as follows:

11.02 The addressees and numbers for the purpose of this Article may be changed by either party by giving written notice of such change to the other party in the manner provided herein. For the purpose of changing such addresses or addressees only, unless and until such written notice is received, the last addressee and respective address stated herein shall be deemed to continue in effect for all purposes.

XII. REAL ESTATE BROKERS

12.01 Any and all brokerage commissions or fees shall be the sole responsibility of the Seller. Seller shall indemnify Purchaser and hold Purchaser harmless from

CAO

E.C.F.

and against any claim or liability for commission or fees to any broker or any other person or party claiming to have been engaged by Seller as a real estate broker, salesman or representative, in connection with this Agreement. Seller agrees to pay any and all commissions or fees at closing pursuant to the terms of a separate agreement, if any.

XIII. MISCELLANEOUS

13.01 This Agreement may be executed in any manner of counterparts which together shall constitute the agreement of the parties.

13.02 This Agreement and the terms and provisions hereof shall be effective as of the date this Agreement is executed by both parties and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, personal representatives, successors, successor trustee, and assignees whenever the context so requires or admits.

13.03 Any amendment to this Agreement shall not bind any of the parties hereof unless such amendment is in writing and executed and dated by Purchaser and Seller. Any amendment to this Agreement shall be binding upon Purchaser and Seller as soon as it has been executed by both parties.

13.04 Captions and section headings contained in this Agreement are for convenience and reference only; in no way do they define, describe, extend, or limit the scope or intent of this Agreement or any provisions hereof.

13.05 All terms and words used in this Agreement, regardless of the number and gender in which used, shall be deemed to include any other gender or number as the context or the use thereof may require.

13.06 No waiver of any provision of this Agreement shall be effective unless it is in writing signed by the party against whom it is asserted, and any waiver of any provision of this Agreement shall be applicable only to the specific instance to which it is related and shall not be deemed to be a continuing or future waiver as to such provision or a waiver as to any other provision.

13.07 If any date specified in this Agreement falls on a Saturday, Sunday, or legal holiday, then the date to which such reference is made shall be extended to the next succeeding business day.

13.08 Seller is aware of and understands that the "offer" to purchase represented by this Agreement is subject to acceptance and approval by the Board of County Commissioners of Collier County, Florida.

CAO

E.C.F.

13.09 If the Seller holds the Property in the form of a partnership, limited partnership, corporation, trust, or any form of representative capacity whatsoever for others, Seller shall make a written public disclosure, according to Chapter 286, Florida Statutes, under oath, of the name and address of every person having a beneficial interest in the Property before Property held in such capacity is conveyed to Collier County. (If the corporation is registered with the Federal Securities Exchange Commission or registered pursuant to Chapter 517, Florida Statutes, whose stock is for sale to the general public, it is hereby exempt from the provisions of Chapter 286, Florida Statutes.)

13.10 This Agreement is governed and construed in accordance with the laws of the State of Florida.

XIV. ENTIRE AGREEMENT

14.01 This Agreement and the exhibits attached hereto contain the entire agreement between the parties, and no promise, representation, warranty, or covenant not included in this Agreement, or any such referenced agreements has been or is being relied upon by either party. No modification or amendment of this Agreement shall be of any force or effect unless made in writing and executed and dated by both Purchaser and Seller. Time is of the essence of this Agreement.

XV. ACKNOWLEDGMENT OF POTENTIAL FUTURE USE

15.01 Any development rights or credits available on the Property are relinquished by the Seller and conveyed to the Purchaser at closing as part of the sale of the Property.

Conservation Collier Land Acquisition Program
Project Design Report

Fernandez Property
Date: December 2024

Property Owner(s): Erik C. Fernandez

Folio: 39955360002

Location: GOLDEN GATE EST UNIT 65 TR 46

Size: 1.59 acres

Purchase Price: $44,520

History of Project:

Selected for the "A" category, #1 priority, on the Active Acquisition List (AAL) by CCLAAC	AAL most recently approved by BCC	Date of Offer	Date Offer Accepted
7/14/2023	10/10/2023	5/29/2024	8/12/2024

Purpose of Project: Environmental Conservation – Conservation Collier Program

Program Qualifications:
The Fernandez parcel is within the Winchester Head multi-parcel project area. Winchester Head is an undeveloped depressional cypress head and marsh wetland located in NGGE in Units 62 and 65. Using aerial photographs, elevation data, soil maps and public input, a total of 114 parcels (158.4 acres) were identified as being important for acquisition. Selected parcels include wetlands and small areas of upland buffers on parcels which are more than half wetland. The entire project site is within North Golden Gate Estates, identified within the Conservation Collier Ordinance (Ord. No. 2002-63, as amended) as a Target Protection Area.

One important reason for the selection of Winchester Head as a conservation target is that this area functions to provide floodplain storage for surrounding home sites during high rainy season. These types of depressional storage areas were included in the water management models for the Golden Gate canal system done by the Big Cypress Basin, South Florida Water Management District and are a component of flood control for the area. Winchester Head has also been targeted for future watershed improvement projects (North Golden Gate Flowway Restoration Project) in the County's Watershed Management Plan. At this time, Conservation Collier owns 111.1 acres out of a total of 158.4 acres, or 70% of the project area.

Additional program criteria that would be satisfied by this acquisition include protection of surface and ground water resources, protection of wetland dependent species habitat, and good potential for restoration. This parcel is primarily freshwater marsh with some scattered cypress trees. There is a low infestation of Brazilian pepper and old-world climbing fern. A paved public road (37th Ave NE) provides access to the parcel and allows the property to be readily viewed.

Zoning, Growth Management and Land Use Overlays: The Winchester Head project parcels are entirely within the Northern Golden Gate Estates. The zoning classification for all the parcels is Estates (E), a rural residential classification. There are no additional land use overlays applicable.

Projected Management Activities:

While Winchester Head as a whole is relatively free of exotic plants, ongoing control is done annually or as needed. Exotic maintenance should be minimal and will be included in the management budget for the overall Winchester Head project. Most of the project area for Winchester Head is wetlands, and trails are not feasible. A raised boardwalk would be the best public access opportunity; however, this will not be considered until sometime into the future of the project when more parcels are acquired. Nature photography and bird watching from roadways are two activities that can occur at present. Currently, the three roads (37th, 39th, and 41st Streets NE) provide paved access to the project area but the only parking is the road right-of-way. At present, a visitor parking area is not available but could be constructed in the future. An educational kiosk can be placed along one of the roads through the project containing information on wetlands and on the preservation of the area. Signs can be placed at boundaries along the roadways.

Estimated Management Costs:

Management Element	2025	2026	2027	2028	2029

SUMMARY OF IMPORTANT DATA AND CONCLUSIONS

This information is summarized only for convenience. The value given is the final, rounded conclusion of the appraisal. To use this summary without first reading the appraisal report could be misleading.

PROPERTY INFORMATION

Property Identification	Winchester Head Preserve Market Area Naples, FL 34120
Property Description	Winchester Head Preserve consists of 40 parcels or a total of 52.6 acres remaining to be acquired which are located within Golden Gate Estates, Unit 65 in Naples, Florida.
Property Type	Vacant Land
Owner of Record	Full List Copied into the Addendum
Property ID #	Full List Copied into the Addendum

CLIENT INFO & VALUE CONCLUSIONS

Client	Collier County Facilities Management Department
Intended Use	To assist the Conservation Collier Program and the Collier County Board of County Commissioners.
Intended Users	Conservation Collier Program and the Collier County Board of County Commissioners.
Appraisal Effective Date	May 13, 2024
Date of Report	May 20, 2024
Date of Inspection	N/A
Purpose of Appraisal	Estimate the market value on a price per acre basis within the Winchester Head Preserve for the various tiers. Tiers I. Up to 25% Wetlands II. 26-50% Wetlands III. 51-75% Wetlands IV. 76-100% Wetlands
Estate Appraised	Fee Simple
Interest Appraised	100%
Estimated Market Values	I Up to 25% Wetlands $76,000 per acre II 26-50% Wetlands $48,000 per acre III 51-75% Wetlands $35,000 per acre IV 76-100% Wetlands $28,000 per acre

CERTIFICATION

I CERTIFY THAT, TO THE BEST OF MY KNOWLEDGE AND BELIEF:

I did not physically inspect the Winchester Head Preserve parcels or comparable sales, but I relied on aerial photography for my analysis.

The statements of fact contained in this report are true and correct.

The reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions and our personal, impartial and unbiased professional analyses, opinions and conclusions.

I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.

In the three years immediately prior to acceptance of this assignment I have not performed any services regarding the subject property as appraisers, or in any other capacity.

I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.

My engagement in this assignment was not contingent upon developing or reporting predetermined results.

My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result or the occurrence of a subsequent event directly related to the intended use of this appraisal.

My analyses, opinions and conclusions were developed, and this report was prepared, in conformity with the Uniform Standards of Professional Appraisal Practice. I am also subject to the Code of Ethics and Standards of Professional Practice of the Appraisal Institute, which includes provisions for peer review.

The use of this report is subject to the requirements of the State of Florida relating to review by the Florida Real Estate Appraisal Board and to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

No one other than the undersigned prepared the analyses, opinions and conclusions concerning real estate that are set forth in this report.

As of the date of this report, I have completed the requirements of the continuing education program of the State of Florida, and for Designated Members of the Appraisal Institute.

CARROLL & CARROLL

Timothy W. Sunyog, MAI
Cert Gen RZ3288

SCOPE OF WORK

All applicable approaches to value were developed and the value conclusion reflects all known information about the subject property, market conditions, and available data.

The scope of work was:

- I did not physically inspect the Winchester Head Preserve parcels or the comparable sales, but I relied on aerial photography.

- Reviewed aerial photographs, land use plans, the Land Development Code, the Conservation Collier Initial Criteria Screening Report, and other documentation.

- Reviewed how the properties relate to their neighborhood and to the broader market area in development of an opinion of highest and best use.

- Researched vacant land comparable sales, listings, and pending sales.

- Developed the sales comparison approach.

- Estimated the market value on a price per acres basis within Winchester Head Preserve for the various tiers.

  Tiers
  I. Up to 25% Wetlands
  II. 26-50% Wetlands
  III. 51-75% Wetlands
  IV. 76-100% Wetlands

- Prepared an appraisal report summarizing the appraisal assignment, the property appraised, the application of the appraisal methodology, and the logical support for the value conclusions.

Sources of market data included local and regional MLS systems, CoStar, LoopNet, public records, and interviews with real estate brokers.

ESTATE APPRAISED

The estate appraised is the Fee Simple Absolute. For appraisal purposes Fee Simple Absolute is synonymous with Fee Simple.

The Dictionary of Real Estate Appraisal, Seventh Edition, published 2022 by the Appraisal Institute, defines Fee Simple Estate as:

> *Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.*

We consider easements, but only to the extent that they are known to us. Appraisal of the fee simple means that an improved property is vacant and available to be put to its highest and best use.

DEFINITION OF MARKET VALUE

In United States tax law, the definition of *Fair Market Value* is found in the United States Supreme Court decision in the *Cartwright* case:

> The fair market value is the price at which the property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

United States v. Cartwright, 411 U. S. 546, 93 S. Ct. 1713, 1716-17, 36 L. Ed. 2d 528, 73-1 U.S. Tax Case. (CCH) ¶ 12,926 (1973) (quoting from U.S. Treasury regulations relating to Federal estate taxes, at 26 C.F.R. sec. 20.2031-1(b)).

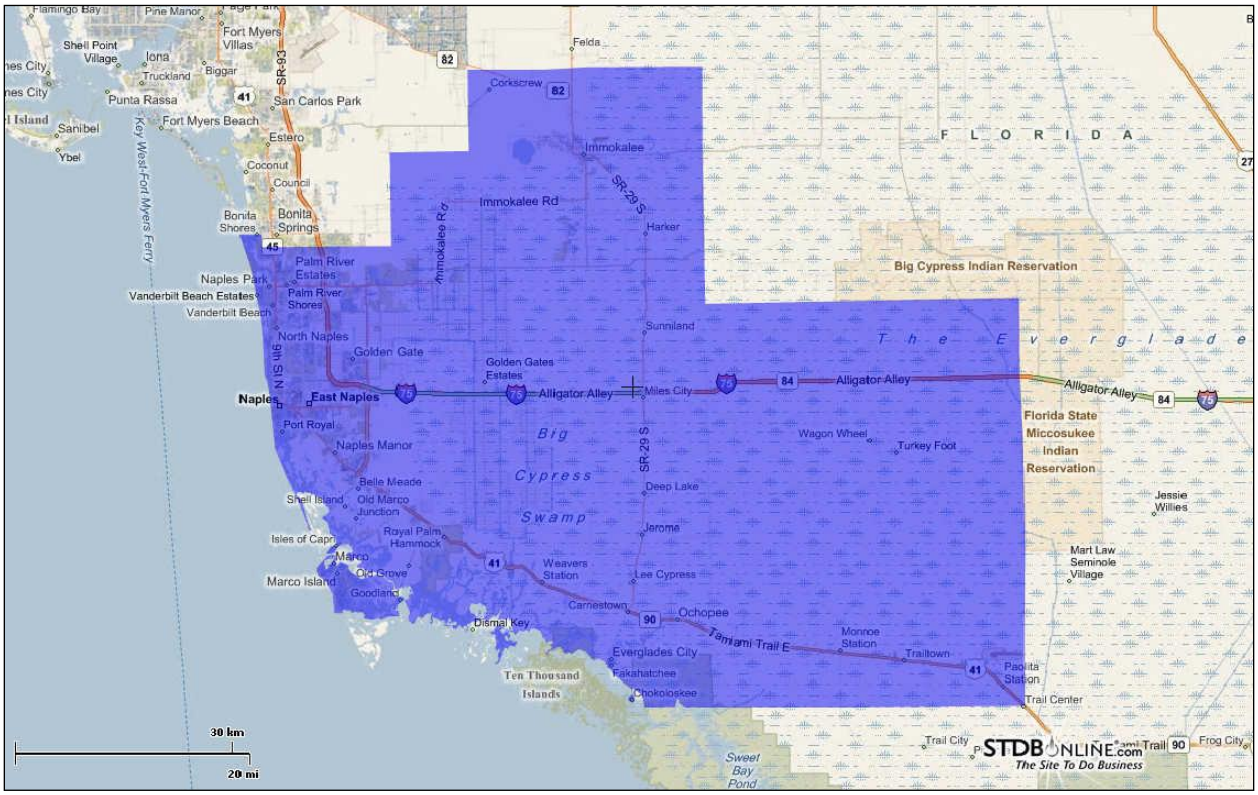
ASSUMED EXPOSURE TIME

The reasonable exposure time is assumed to have already occurred as of the appraisal effective date. The assumed reasonable exposure time was between 6 and 9 months.

AREA INFORMATION

COLLIER COUNTY ANALYSIS

An analysis of geography, transportation, population, employment, income, and education for Collier County is performed using data provided by Site to Do Business, Florida Office of Economic & Demographic, United States Department of Labor, all recognized source(s).



GEOGRAPHY

Collier County is the most southerly county on Florida's west coast offering mainland coastal development. Collier County is west of Ft. Lauderdale and south of Tampa. With 2,025 square miles of land area, it is the largest county in Florida. About 63% of the land area is in public ownership, is set aside for environmental preservation, or is scheduled for public land acquisition.

The region enjoys a climate that is classified as subtropical. Summers are relatively mild, and winters are usually frost free. A hard freeze is a rarity. The climate, especially in winter, is one that attracts and is enjoyable to most people.

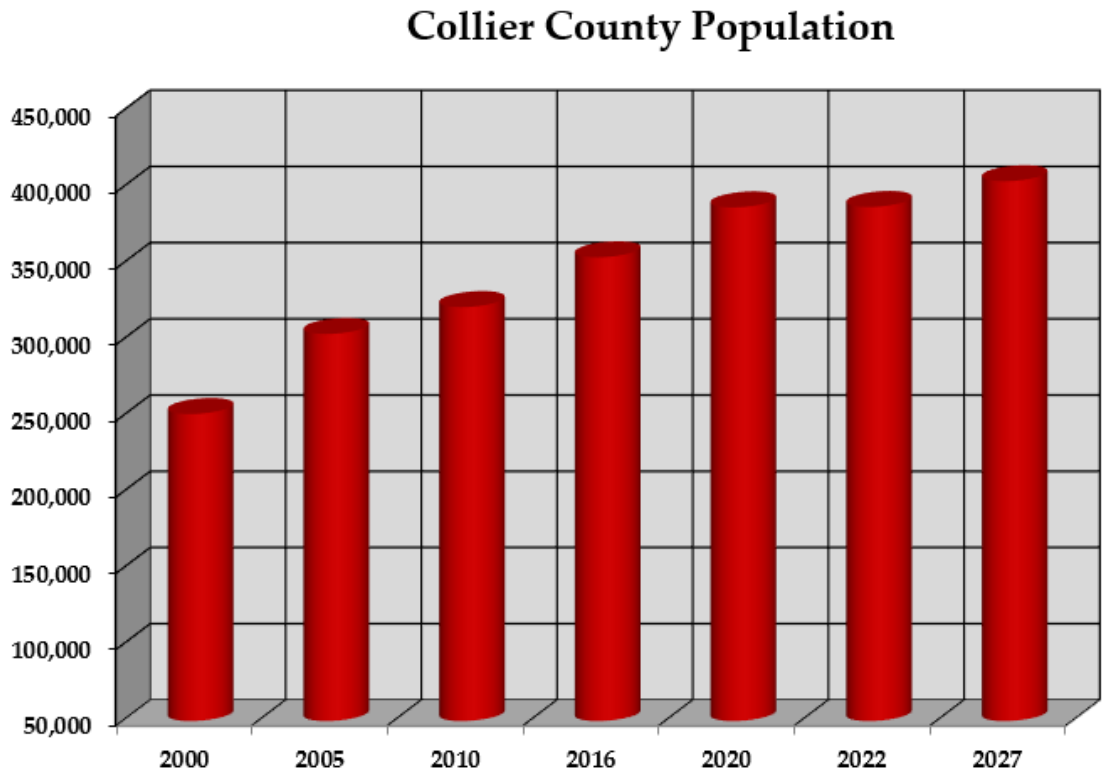
The geography of the area runs generally northwest and southeast as indicated by the trend of the coastline. Beaches extend from the northern county line south to Cape Romano and then, as the coastline trends further to the southeast, beaches give over to mangrove islands and swamps. Moving northeastward from the beaches, elevations increase very slowly. Most of the county is less than 15 feet above mean sea level. Although changes in elevation

are gradual, they are well defined by variations in vegetation. Much of the county is, or was once, wetland. The once plentiful marine resources are largely depleted, but still provide good sport fishing.

Population centers include the coastal communities of Naples, Marco Island and Everglades/Chokoloskee. Immokalee, the single large interior community, is in north Collier County and is the agricultural center of the region.

POPULATION

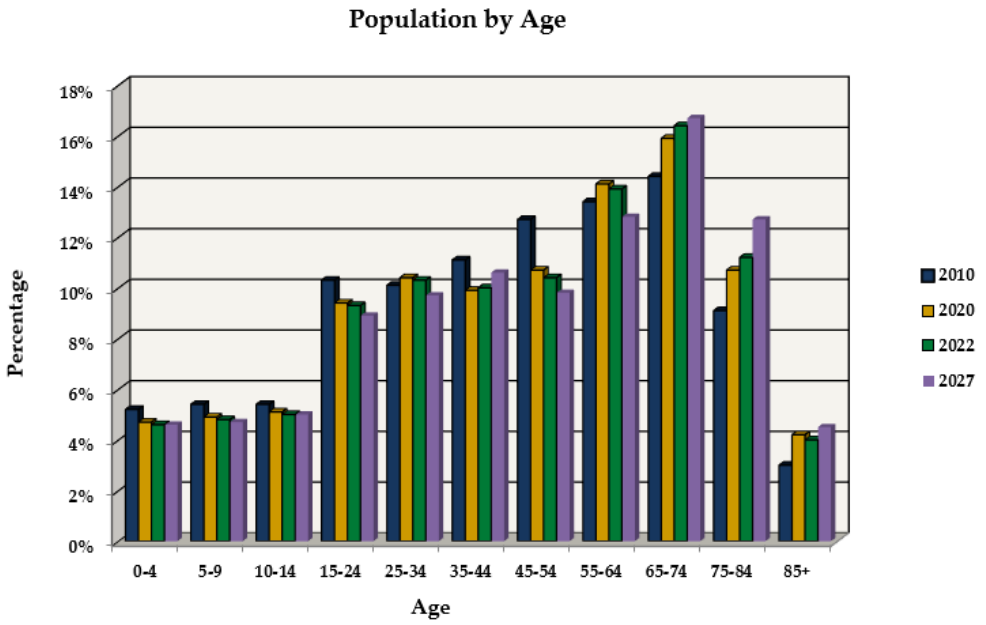
"The social forces studied by appraisers primarily relate to population characteristics. The demographic composition of the population reveals the potential demand for real estate, which makes the proper analysis and interpretation of demographic trends important in an appraiser's analysis." The total population, it's composition by age and gender, and the rate of household formation and dissolution strongly influence real property values. (*The Appraisal of Real Estate 14th Edition*)



Florida Office of Economic & Demographic Research and Esri forecasts 2022

Collier County's population has continued to increase year after year. The population has increased only 0.1% as of 2022 from 2020. The population forecasts through 2027 calls for a continued steady growth cycle with an estimated 4.4% population growth from 2022 to 2027.

Collier County is a popular retirement destination. As of 2022, 55.9% of the County's residents are over the age of 45. The 2027 forecasts depict an aging community with 56.5% of the population 45 years of age or older.



U.S. Census Bureau, Census 2020 Summary File 1. Ersi forecasts for 2022 and 2027

EMPLOYMENT

Collier County is a largely service based economy with 32.1% of the employees in the leisure, hospitality, education, and health service industries and 26% in professional, business, financial and other services. Trade, transportation, & utilities along with government jobs account for 36.4% of the County's employees. Industries such as natural resources/mining, construction, and manufacturing make up only 5.5% of the market.

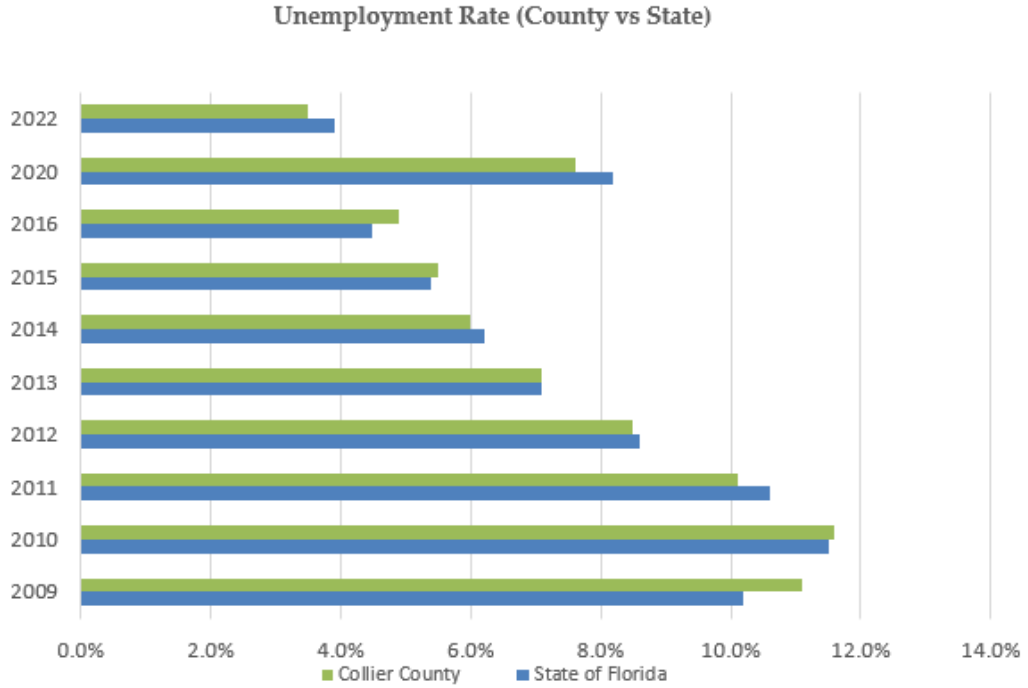
*Source: SOUTHWEST FLORIDA ECONOMIC DEVELOPMENT ALLIANCE NOTE: * DATA AS RECENT AS 2018 Q3; ** DATA AS RECENT AS 2017*

The unemployment rate in Collier County exceeded the state average by a slight margin in the years 2015 and 2016. The unemployment rate then declined through 2020 as the economy improved and, until recently, Collier County's unemployment rates decreased more rapidly than the state.



United States Department of Labor/Bureau of Labor Statistics/LAU Statistics Map

INCOME

Collier County's per capita income and median household income levels are higher than state statistics. The most substantial difference between Collier County and the state is the large percentage difference in household incomes above $100,000 where Collier County exceeds the state by over 12%. Collier County's percentage household incomes ranging from $25,000 to $74,999 is slightly lower than the percentage of household incomes in the state, only mirroring that of the state at $75,000 to $99,000, and from there exceeding the percentage of the state. Income levels vary greatly within different areas of Collier County, and so will be discussed in greater detail in the Market Area descriptions.

TRANSPORTATION

The transportation system reflects local geography, population densities and the primary motivators of tourism, service industry employment, the construction industry, agriculture, and leisure activities.

ROADS

The earliest roads were coastal, extending from north to south in the early twentieth century with the first settlers. Principal among these is US-41, commonly referred to as the Tamiami Trail because it was built to connect Tampa and Miami. Where it passes through the coastal community US-41 is a four or six lane divided highway with landscaped medians, curb and gutter, streetlights and often with concrete sidewalks. The Trail is the principal coastal arterial and one that defines several important boundaries. Often there is a noticeable land value difference east and west of US-41 because the affluent coastal population prefers to shop and trade close to home. As the highway turns southeast from downtown Naples toward Miami the Trail defines the boundary of the coastal management zone which affects development densities and storm evacuation requirements. The eastern segment of US-41 is a designated national scenic highway popular with tourists, especially during the winter season as they seek adventure in the Everglades.

A system of asphalt surfaced arterials, major collectors, minor collectors, and neighborhood streets extend into the urban area east and west from US-41. North-south arterials and major collectors are established about one mile apart. From west to east, these include Goodlette-Frank Road, Airport-Pulling Road, Livingston Road, Santa Barbara Boulevard and Collier Boulevard. The east-west grid is spaced about two miles apart; from north to south being Immokalee Road (CR-864), Vanderbilt Beach Road (CR-862), Pine Ridge Road (CR-896), Golden Gate Parkway (CR-886), Radio Road (CR-856), Davis Boulevard (SR-84), and Rattlesnake Hammock Road (CR-864). Within the urban area all of these are at least 4 lane divided highways.

East of Collier Boulevard the road system reflects the economies of scale of Golden Gate Estates subdivision (the Estates) where 102 square miles of rural subdivision is supported by a grid system of paved and unpaved 2 lane streets, with 2 and 4 lane asphalt surfaced

major collectors. Golden Gate Boulevard, a 4-lane divided road for five of its eleven miles east of CR-951, is the principal east-west collector. Everglades Boulevard (2 lane and asphalt surfaced) is the north-south major collector extending south from Immokalee Road 14 miles to the grade separation at I-75 where it continues into the Picayune Strand State Forest. Most of the neighborhood streets in Golden Gate Estates are asphalt. Collier County is planning to extend east-west collectors through the Estates along the alignment of Vanderbilt Beach Road and somewhere south of Golden Gate Boulevard. A north-south connection is also planned from the eastern terminus of White Boulevard (Pine Ridge Road) north to Golden Gate Boulevard.

Interstate highway 75 (I-75) was extended from north to south through Collier County in the mid-1980s along a flood-proof route about five miles inland. Directly east of the City of Naples I-75 joins the original alignment of State Road 84 (Alligator Alley) connecting with Florida's east coast at Ft. Lauderdale. The coastal community I-75 interchanges are spaced three to four miles apart at Immokalee Road (CR-864), Pine Ridge Road (CR-896), Golden Gate Parkway (CR-886), and at Collier Boulevard/Davis Boulevard (CR-951/SR-84). Twenty-one miles east of the coastal community is an interchange at State Road 29; the last interchange in Collier County. Collier County and the FDOT continue to study the feasibility of an interchange at Everglades Boulevard.

The advent of I-75 signaled a change in the relationship of Collier County to the rest of Florida and the United States. While US-41 was the only north-south arterial, Collier County was dominated by the conservative mid-western influences of seasonal residents and somewhat isolated from the larger urban areas of Florida. After the late 1980s, road access to Collier was made much more convenient to the northeast via connections with I-4 and I-95. This had the effect of broadening Collier's market exposure and it stimulated growth. The extension of I-75 south into Dade County promoted better access for European tourists and made Collier County transient lodging attractive for east coast weekenders.

Strategic connections exist where Collier Boulevard and CR-92 extend south and west from US-41 providing access to the City of Marco Island from the greater Naples area and from Florida's east coast, respectively. State Road 29 connects the southwest Florida agricultural center of Immokalee with points north, with the Naples coastal community via CR-846, with the Ft. Myers coastal community via SR-82, and with US-41 at Everglades City which is the western gateway to Everglades National Park and the 10,000 Islands region of Collier's southwest coast.

The road transportation system is well planned, well maintained, and operating at acceptable capacity. Ambitious road construction projects undertaken in anticipation of growth projections and funded by impact fees have caught up with development. The road system reflects Collier's position at the southerly limit of development on Florida's west coast.

MASS TRANSIT

Collier Area Transit (CAT), operated by Collier County Alternative Transportation Modes Department, provides inexpensive alternative transportation throughout the county linking major employment centers of Naples with Marco Island and Immokalee. There are several circulation routes with stops at the County government complex, hospitals, and major shopping establishments. The system accommodates bicycle transport and personal items.

The same County department administers the Collier Area Para Transit system which provides subsidized transportation services for the disabled and economically disadvantaged.

This is a successful and growing system that connects people with jobs, essential services, and shopping while reducing transportation costs and road congestion.

AIRPORTS

Collier County is supported by a system of five public airports. Southwest Florida International Airport (RSW) is located in Lee County 25 miles north of Naples; a 45-minute drive via I-75 from the Collier center of population. This facility serves the five county southwest Florida regions offering domestic and international air carrier service. It is modern, convenient, and has planned expansion to keep up with regional growth.

Naples Municipal Airport (APF) owned by the City of Naples and operated by the independently constituted Naples Airport Authority which derives its revenue principally from fuel sales. This small airport (about 1 sq. mi.) is located one mile east of downtown Naples. It serves the coastal community and is especially convenient to affluent residents who own private aircraft, to the corporate convention business of the large beachfront hotels, and to essential services like mosquito control, Emergency Medical Services (EMS), the Sheriff's office, and private air ambulance services. The two paved runways (5/23 @ 5,290' and 14/32 @ 5,000') will support jets including the G4 and Challenger series. Naples airport is tower controlled and fully certified for commercial operations and is home to several aircraft charter services and flight training schools. In 2005, Naples Municipal Airport accommodated 163,434 aircraft operations, a record high. Annual operations decreased by nearly 50% from 2005 to 2011. The total operations for 2020 were 104,479, which is a 5.2% increase from the previous year. Due to its downtown location, Naples airport has restricted operations of the noisiest jet aircraft and is at the leading edge of noise abatement measures.

The Collier County Airport Authority owns and operates airports at Marco Island, in Everglades City, and at Immokalee. These are primarily funded through fuel sales and hangar leases. Marco Island Airport (MKY) is a very small (64.47 acres) general aviation facility on the mainland four miles northeast of Marco Island. The single paved runway (17/35 @ 5,000') will support light jet traffic. Hanger and ramp space is very limited. Fuel is

available. This airport is convenient to Marco Island residents and to the corporate convention business of the Island hotels. Immokalee Regional Airport (IMM) is one mile east of Immokalee and 35 miles by road northeast of Naples. This 2 square mile airport has two paved 5,000-foot runways (18/36 and 09/27) a third diagonal runway is now used as a weekend drag racing strip. The airport is in the Florida Rural Enterprise Zone and a HUB Empowerment Zone. A 60-acre zone in and around the airport is a designated Foreign Trade Zone. To date, the economic potential of this airport is largely unrealized. However, the field is active as a training destination for coastal-based flight schools, it hosts aerial firefighting and crop-dusting operations, and it bases numerous private aircraft. The Everglades Airpark (X01) is a light duty general aviation facility of 29.14 acres that is within walking distance of downtown Everglades City. The single paved strip (15/33 @ 2,400') supports itinerant coastal traffic and half a dozen-based aircraft. Fuel, a comfortable pilot center and bicycles are available.

The aviation community Is well supported. The greater Naples area is the beneficiary of the winter season influx of corporate executives and affluent individuals who can afford luxury private jet travel.

MARINE TRANSPORTATION

There is no deep-water port and no commercial marine activity other than that associated with commercial fishing, charter sport fishing, and the marine towing services that support the pleasure boat industry. The controlling depth to the municipal dock in Naples Bay is six feet at mean low water. The US Coast Guard maintains a dredged and well-marked intracoastal waterway from the head of Naples Bay to Coon Key southeast of Marco Island. Local geography requires vessels northbound from Naples to transit 30 miles of the Gulf of Mexico before returning to the sheltered intracoastal system at Sanibel Island. According to the Marine Industries Association of Collier County, as of early 2018 there were 57,685 registered vessels in Southwest Florida. In 2022, Florida registered over 1 million recreational boats. Seasonally, excursions from Marco Island to Key West and from Ft. Myers Beach to Key West are scheduled daily.

EDUCATION

The Collier County School District provides public education to about 47,000 students encompassing grades K-12 and employs almost 7,000 people of which 3,200 are teachers. The district has 51 public schools consisting of 31 elementary, 10 middle, 8 high schools, one K-12 (Everglades City School), and 1 virtual school. There are also 12 alternative school programs and two technical colleges, Lorenzo Walker Technical College, and Immokalee Technical College, which offer short term and long-term training to adults and high school students.

Between 2015 and 2020, the school district had an overall population growth of more than 6,000 students but recently student population growth has leveled off and slightly

decreased. The student population is a diverse culture. 55% of students live in homes where English is not the first language. Students come from 76 different countries of origin and speak 104 different languages.

Collier County School District continues to receive an "A" grade by the State of Florida Department of Education. The district and all schools are accredited by the Southern Association of Colleges and Schools Council. Collier County is the leader in Florida in educational technology. It is also a leader in advanced educational programs, offering dual enrollment and Advance Placement courses, Cambridge Advanced International Certificate of Education and Laureate diplomas. Career training is available through 32 career academies.

In addition to the public-school system, there are numerous private schools throughout the county. Approximately, 16% of all K-12 students in Collier County are educated in private schools.

Collier County is also home to several colleges and accredited universities. Three colleges have campuses in Collier County: Ave Maria University, Keiser University and Florida Southwestern State College (formerly Edison Community College). Ave Maria University is a private catholic university that offers both undergraduate and graduate programs including a law school has around 1,245 students. Keiser University is a private university that offers both undergraduate and graduate programs to over 17,990 students throughout 20 campuses in Florida and an online learning program. Florida Southwestern State College with campuses in Naples, Punta Gorda, and Ft. Myers, offers both two-year and four-year degree programs for 14,714 students. Formerly located in Naples, now in Fort Myers, Hodges University is a private four-year college that offers bachelor's and master's degrees in 20 disciplines for around 1,676 students. Nearby Florida Gulf Coast University (located in southern Lee County) is one of the state's fastest growing institutions and home to over 16,000 students.

CONCLUSION

At the southerly limit of urban development on Florida's west coast, Collier County offers the climate, natural resources, and sporting opportunities to support a superb retirement community. The quality of infrastructure, schools, and social services is what one would expect of such an area. We are experiencing a surge in new development projected to take us through the next several years. In the long term, the attractions of the climate and location, and the stability of fixed-account affluence promise continuing prosperity although probably without the strong emphasis on new development.

MARKET AREA

Market Area is defined as:

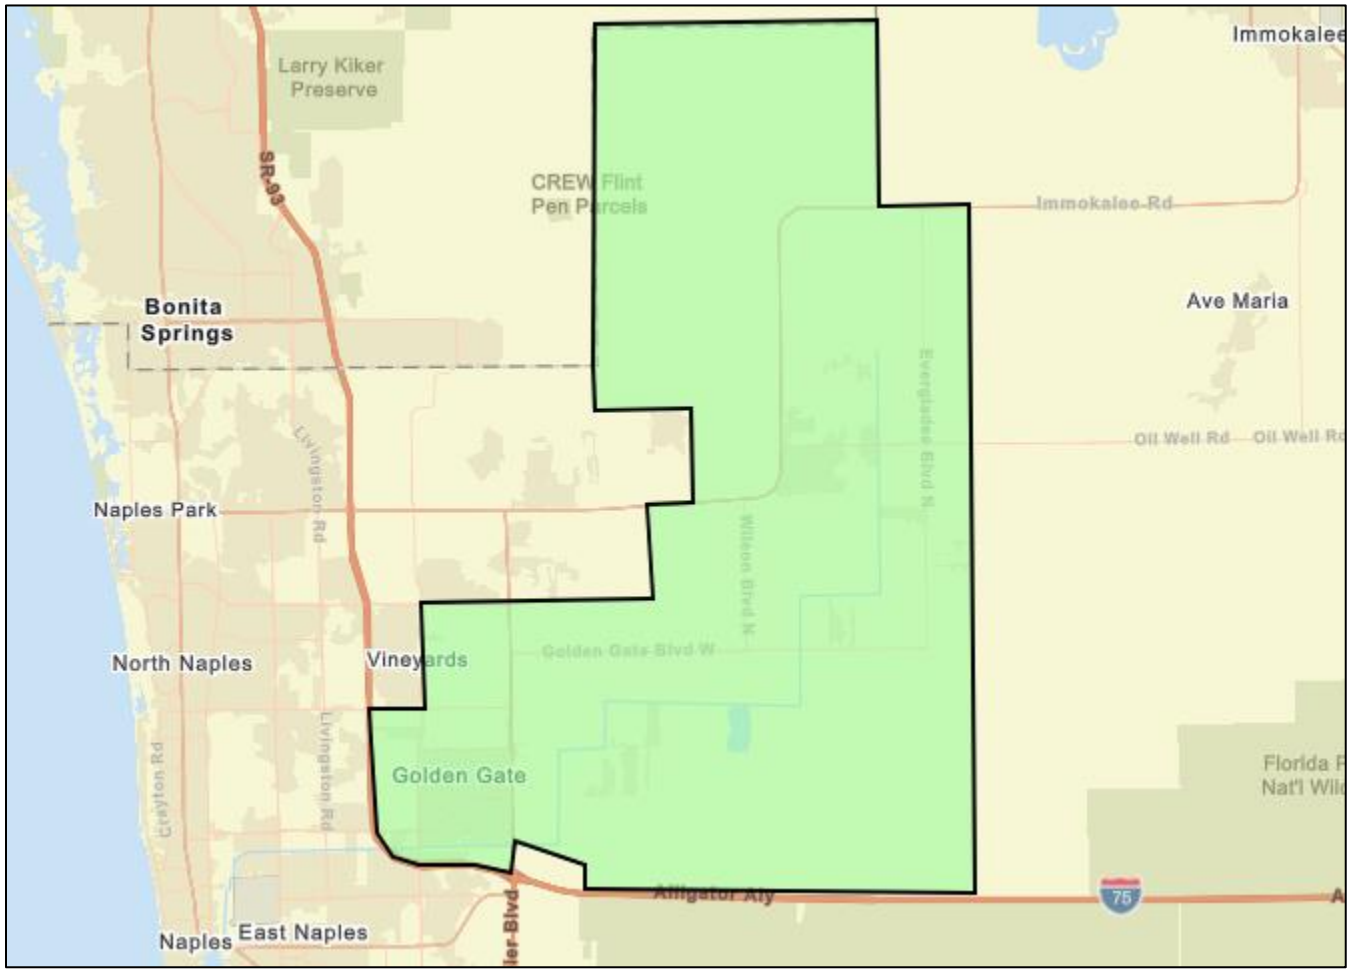
"The geographic region from which a majority of demand comes and in which the majority of competition is located." (*The Dictionary of Real Estate Appraisal 7th Edition*)

"A market area is defined in terms of the market for a specific category of real estate and thus is the area in which alternative, similar properties effectively compete with the subject property in the minds of probable, potential purchasers and users." (*The Appraisal of Real Estate 15th Edition*)

A market area includes those surrounding land uses which impact the value of a property and it can encompass one or more neighborhoods or districts. An appraiser focuses on the market area in analyzing subject property value influences.

BOUNDARIES

The subject property is located within the Golden Gate area of Collier County. For appraisal purposes, the Golden Gate or market area boundaries are shown below:



Introduction

The portion of Golden Gate within this market area is approximately 157 square miles in size. Three separate land uses are worth noting. Golden Gate City, which is not incorporated, is a 4-square mile development of high residential density consisting of both single-family and multifamily units. Commercial services for this market area are centralized here. The rural estates consist of approximately 116 square miles and is zoned for estate living. This low-density development serves a rural lifestyle desired by many in the area. A third area, Orange Blossom PUD located on Immokalee Road, is a 4-square mile residential subdivision with commercial support near the Immokalee Road and Randall Boulevard intersection. It is approximately 80% developed with primarily single-family units. Collier County Fairgrounds, a high school, middle school, and elementary school are located here.

Demographics for Golden Gate City and rural estates will be discussed separately, where appropriate, Data for Orange Blossom PUD will be included in the rural estate's demographics.

Environmental Influences

This area is desired because of mild winter weather and rural lifestyle. Even though it is inland from the coast there is still easy access to miles of beaches. The Naples area is one of the very few in Florida that offers adequate public access to a mainland beach. The subtropical weather allows for year-round recreational opportunities. Boating, swimming, riding ATVs, and camping are popular activities. Bicycling, walking and jogging are supported by an extensive network of connected biking and walking paths. Multiple tennis and pickle ball courts are available, as well as fitness centers.

Golden Gate is known for its clean environment and healthy lifestyle. Residents are drawn to the rural estates because of wooded lots, native vegetation and abundance of wildlife. Agriculture uses are permitted; therefore, equestrian activities are common throughout the estates. Golden Gate City is an urban area served by county parks and a biking/walking path network.

Governmental Influences

This market area, including Golden Gate City, is governed by Collier County Board of County Commissioners which serves as chief legislative body and five constitutional officers: sheriff, clerk of courts, tax collector, supervisor of elections, and property appraiser. County government is managed by a strong county manager structure. Collier County provides services which range from average to high quality. However, Collier County is known for being a difficult county for building and development. The tax burden in Collier County is lower than the national average.

County government has zoning, and comprehensive plan ordinances designed to protect the character and values of property; to protect and enhance economic development; and to maintain and enhance the attractive nature of the area.

Public services include fire protection, solid waste disposal, potable water, sanitary sewer service and storm water drainage. In some areas of Golden Gate Estates where sanitary sewer is not available, septic systems are permitted. Public/private companies proved adequate services for electricity, cable, and internet. Community support facilities such as schools, parks, churches, shopping, and places of employment are all located within this market area.

Collier County Sheriff Department provides a full range of services for Collier County. According to the 2022 statistics listed by the Collier County Sheriff's Office, Collier County has one of the lowest crime rates in Florida. The county averages are representative of conditions in the Golden Gate area.

This market area is served by several arterial roadways. All are six-lane divided highways with landscaped medians. Improvements include street lighting and concrete curb and gutter. North-south arterial roadways include Santa Barbara Boulevard which connects Rattlesnake Hammock Road to Immokalee Road and Collier Boulevard (SR-951) which is a major arterial linking Marco Island in south Collier County with Immokalee Road near the north county line. Development along Collier Boulevard is a mixture of single/multi-family residential, office, light industrial, institutional, and retail.
The Collier Boulevard thoroughfare anchors a grid of arterial roads spaced about 2 miles apart, that serve the greater Naples coastal community which lies to the west and has direct access to I-75.

East-west arterials include Golden Gate Parkway, Pine Ridge Road, and Immokalee Road. Each one provides direct access to Interstate I-75. Development along Pine Ridge Road is mainly developed with single family homes and institutional uses. Golden Gate Parkway and Immokalee Roads have a mixture of single/multi-family residential, office, industrial, institutional, and retail uses. Another east-west arterial is Vanderbilt Beach Road which is a direct connection between the Golden Gate area and the Naples beaches. Construction has begun on the Vanderbilt Beach Road Extension, which will be extended to Wilson Boulevard.

Interstate I-75, which connects Collier County to both North Florida and Florida's east coast, serves this entire market area and access is provided by three interchanges.

The arterial road system is laid out in a grid pattern that provides adequate traffic flow to all areas of the county. Commercial development exists at every major intersection; but the intersections are designed with proper turns lanes and signaling to provide for adequate

traffic movement. The road network easily handles traffic demand in the off-season, May through December. Traffic more than doubles in January, February, March and April because of seasonal residents and tourists. Even with exceptionally heavy traffic, the road network usually handles peak traffic demand without major delays.

The rural estates are served by a grid of residential streets and collector roads. The residential streets, which are two-lane roads with open swales, are located every quarter mile. Most these roads are paved; however, some residential streets located along the eastern edge of this market area have yet to be improved. The residential streets feed into collector roads, which connect to the major arterial highway system. The collector roads include Santa Barbara Boulevard, Golden Gate Boulevard, Wilson Boulevard, Everglades Boulevard, Randall Boulevard and Oil Well Road. They are four to six-lanes in the more populated areas, transitioning to two-lanes in the eastern section of this market area.

Public transportation is provided by a county transit bus service.

Naples Municipal Airport is located outside the market area but is easily accessed by any resident of the area. The airport is City owned but operated by the independent Naples Airport Authority. It serves private and commercial aviation, as well as aviation related activities. It supports government services, such as, Mosquito Control District and Collier County Sheriff's aviation unit.

Located within the market area is the Paradise Sports Complex developed by Collier County. The 60+ acre site is designed with 19 fields to accommodate football, soccer, field hockey, lacrosse, baseball, and others. There is a 13-acre lake with a beachfront, food-truck area, a market space, a large lawn, a championship stadium with seating capacity for 3,500 and an indoor fieldhouse. The total budget for the project was approximately $80 million dollars. Adjacent to the Paradise Sports Complex will be the proposed Great Wolf Lodge South Florida which is projected to be completed in the spring/summer of 2024. The hotel is situated on 20 acres and will feature 500 family-friendly suites and an expansive 100,000-square-foot indoor water park.

Social Influences

Golden Gate City is a diverse community of entry level housing. Residents like the small town feel and consider it a safe place to raise a family. Residential is approximately 95% built out. Rural estates are attractive for their quiet country living while being in close proximity to all that the coastal community has to offer. Build out varies in the rural estates from 95% in the western portion of the market area to 40% or less in the southeastern location. Per US Census Bureau forecasts, the 2022 population is 78,769 with a projected growth to 81,893 (0.78% annual growth) by 2027. This area experiences a lower seasonal population increase during the winter months than other areas of Collier County.

The median age is 36.7 with 73.7% of the population being 54 and younger. The median household income is $83,679. 25.6% have a bachelor's or professional degree and 24.7% have some college education. There is an average degree of community involvement through civic organizations, neighborhood groups, social service organizations and political committees.

The Naples cost of living is 11.9% higher than the average cost of living in the United States. Conversely, Florida has a cost of living that is 1% higher than the US average. Of the 25 locations included in the Economic Policy Institute's dataset for Florida, Naples-Marco Island is the 21st most expensive. In Naples, housing is the category with the highest index (21% above national average), while taxes are the category with the lowest index (15% below national average). (Ref. Careertrends.com; cost of living analysis). Golden Gate has some of the highest density of affordable housing units in Collier County, but because of the high cost of living, home values can still be out of reach for many moving into Collier County.

One of the main driving forces impacting growth in this area is the quality of schools. This market area has 15 public schools: two high schools, three middle schools, nine elementary schools, and three Charter schools. In addition to the public school system, there are three, faith-based private schools.

Economic Influences

The population increased 20.07% over the last 12 years or 1,097 people per year. The population is forecasted to increase an additional 3.97% over the next five years for an average of 625 people per year. This trend is consistent with the past twenty years and should continue into the near future as buildout continues along the eastern edge of this market area. The residential population is dominated by working class and young professional residents. Comparatively, incomes within this market area are less than the county average.

Development trends:

Residential

This market area provides a large range in home values from entry level housing to million-dollar estates and is the greatest source of vacant residential lots in the county. Values in Golden Gate City should remain consistent subject only to general market trends. Values in the eastern rural estates will increase as buildout in the units closest to the coast continues.

The average home value in the market area is $384,105 which is considerably lower than the County's average home value of $567,449. The total number of households in the market area is 27,440, of which, 69.9% are owner occupied, 22.8% renter occupied and 7.3% vacant. Vacancy includes seasonal rentals.

Commercial

Commercial development can be categorized into four different groups. Primary commercial is in Golden Gate City. Second group is newer construction at the arterial road intersections. Third is neighborhood commercial within the rural estates. Fourth is the industrial commerce park near Collier Boulevard and the I-75 interchange.

Golden Gate City is the commercial center serving this market area. Santa Barbara Boulevard, north of Golden Gate Parkway, has a mixture of multi-family residential and commercial along the east side of the road. Commercial consists of older single story, single user buildings and 4 to 8 unit retail plazas. Businesses include daycare/ preschools, neighborhood food mart and gas stations, construction company offices, barber shops and beauty salons and small restaurants. Golden Gate Parkway has a mixture of multi-family and commercial development along both sides of the roadway. Newer commercial consists of CVS and Walgreens, carwashes, bank branches and national fast food restaurants. There are three older shopping centers, anchored by Winn Dixie and by Ace Hardware. Single story commercial structures and strip centers house neighborhood businesses such as barber shops and beauty salons, florists and jewelers; veterinary services and family medical clinics; and small locally-run restaurants and food marts. Several businesses consist of automotive support such as gas stations, oil chance and car washes. Professional services are primarily located in executive suites located near Santa Barbara Boulevard.

The Quality Inn Hotel & Golf Course located at the southwest corner of Golden Gate Parkway and Collier Boulevard was purchased by Collier County in 2019. A lease agreement was signed with BigShots Golf in May 2021 who planned to redevelop the 165 acres with a 12-hole public golf course and a BigShots entertainment facility. The project has still not yet broke ground.

Commercial frontage along the west side of Collier Boulevard south of Green Boulevard is very similar to commercial along Golden Gate Parkway in building size, age and use. The exception is that there is a greater density of national food chains. The second-tier commercial properties, without major road frontage, are developed with single story warehouse-type structures housing service-oriented businesses.

Newer commercial development is located along Collier Boulevard where it intersects Pine Ridge Road and Vanderbilt Beach Road. Each intersection has a shopping center anchored by either a Publix or Winn-Dixie supermarket. Out parcel development includes bank branches and gas station/convenience stores and national pharmacies.

Commercial development in the rural estates is limited because residents have orchestrated an ongoing effort to prohibit commercial development in the residential areas. The only neighborhood commercial locations are at the intersection of Wilson Boulevard and Golden

Gate Boulevard, Everglades Boulevard and Golden Gate Boulevard, and at Randall Boulevard and Immokalee Road.

The Randall Boulevard and Immokalee Road intersection is where the majority of commercial development is occurring. There is a Publix anchored shopping center on the east side of the road. Located along the western curve of Immokalee Road is approximately 50 acres that is current being developed and will be known as Randall at Orangetree. Upon completion, the development will include a 400-unit apartment complex and about 350,000 square feet of commercial space.

Industrial

Industrial/commercial developments are in the northeast quadrant of I-75 and Collier Boulevard interchange. White Lake Industrial Corp Park is one of Collier County's three primary industrial parks. The White Lake Industrial Park contains 144.4 acres and is approved for 7.80 acres of commercial and 77 acres of industrial. White Lake consists of newer, good quality flex and warehouse properties and it is home to some of the largest manufacturing facilities within the county. It is approximately 85-90% built-out.

City Gate Commerce Center contains 288 acres zoned for 2,950,000 S.F. of commercial, light industry, office, warehouse and distribution. The site has over 3,000 feet of frontage on Collier Boulevard where a gas station, a 102 room Spring Hill Marriott Hotel and a 100 room Fairfield Inn Marriott have been constructed. The Paradise Sports Complex was also recently completed. A developer (Uline) recently completed the development of a 936,950-square-foot Distribution Center on approximately 102.68 acres of land within City Gate. There is also an Amazon Distribution Center near the corner of Davis and Collier Blvd.

Medical

None of Collier County's major medical facilities are located within this market area. The only major medical center/hospital servicing this area is the Physicians Regional Medical Center located along Pine Ridge Road, just east of Interstate 75. This is a 201-bed facility and is one of the county's four major medical centers. The hospital offers a 24-hour emergency department that provides a full range of traditional emergency services. An additional NCH emergency room facility was completed at the northeast corner of Collier Boulevard and Immokalee Road. This is a two-story 19 room, state of the art emergency room with additional medical space for practicing physicians. The facility was built to help service the rural estates and all the new residential units being constructed along Collier Boulevard and Immokalee Road. Physicians Regional recently completed a similar facility at the southeast corner to serve all the new residential development along Immokalee Road and the Golden Gates Estates community. Encompass Health Rehabilitation Hospital of Naples is a recently completed 50-bed rehabilitation hospital along Collier Boulevard, north of Vanderbilt Beach Road.

Construction, education, and retail trade dominate the market area business sector.

MARKET AREA LIFE CYCLE

Market areas often pass through a four-stage life cycle of growth, stability, decline, and revitalization.

- **Growth – A period during which the market area gains public favor and acceptance.**
- **Stability – A period of equilibrium without marked gains or losses.**
- **Decline – A period of diminishing demand**
- **Revitalization – A period of renewal, redevelopment, modernization and increasing demand.**

Most of the real estate activity in Golden Gate reflects the growth cycle. The residential and commercial markets continue to be strong. The growth cycle is expected to continue into the near future. Because of the age of the structures, the western portion and the city center are just beginning to experience some revitalization.

CONCLUSION

This continues to be one of the most affordable market areas in Collier County. The houses within the city center provide entry level housing and the rural area satisfies the desire for larger lot sizes and rural lifestyle. A well-designed road network provides easy access to jobs serving the coastal community; coastal beaches and water activities; entertainment endeavors; and commercial and medical services. This area appeals to a cross section of the population but primarily to working-class families. Development continues to push north and east where vacant lots still exist. Golden Gate will likely continue to enjoy a healthy growth while maintaining its affordability.

SITE DESCRIPTION – WINCHESTER HEAD PRESERVE	
Summary	Winchester Head consists of a total of 120 parcels or a total of 165.29 acres. The parcels are located in northern Golden Gate Estates, east of Everglades Boulevard and north of Oil Well Road and stretch from south side of 37th Avenue NE to the north side of 41st Avenue NE.
Parcel ID#& Owners	There are a total of 40 parcels or a total of approximately 52.60 acres that Collier County is considering acquiring. A complete list of the parcels is included in the addendum of the report.
Size	The remaining parcels range in size from 1.14 to 2.73 acres.
Shape	All the parcels are rectangular in shape.
Access	All parcels have legal and physical access along paved roads. The parcels are accessible from 37th Avenue NE, 39th Avenue NE, and 41st Avenue NE via Everglades Boulevard.
Topography	The properties are generally level.

Ground Cover	The majority of the properties are covered in native and exotic vegetation and have never been cleared. I was provided with a Conservation Collier Property Summary Winchester Head Preserve Multi Parcel Project dated February 2024. The parcels are primarily freshwater marsh and cypress.
Utilities	Electricity, telephone and TV cable are available. The properties are serviced by well and septic.

ENVIRONMENTAL CONTAMINATION	
Observed Contamination	None
Noted Concerns	None
Environmental Assessment Available	No
Impact on Value	None
Disclaimer	Unless otherwise stated in this report, the existence of hazardous substances or environmental conditions including but not limited to asbestos, polychlorinated biphenyls, petroleum leakage, agricultural chemicals, urea formaldehyde insulation, lead paint, toxic mold, et cetera, which might or might not be present in or on the property were not called to the attention of the appraiser. Such tests were not in the appraiser's required scope of work, the appraiser is not qualified to test for such substances and conditions and the appraiser is not qualified to render professional opinions in this specialty area. No responsibility is assumed for any such conditions that might exist, or for the knowledge and expertise required to discover them.

NATURAL RESOURCE CONCERNS	
Condition of subject	The majority of the properties are covered in native and exotic vegetation and have never been cleared. I was provided with a Conservation Collier Property Summary Winchester Head Preserve Multi Parcel Project dated February 2024. The parcels are primarily freshwater marsh and cypress which are considered jurisdictional wetlands. The preserve is used by the Florida Panther and is a habitat for Wood storks. All plant and animal communities are of interest and concern. To a greater or lesser degree depending on the species and the quality of habitat they occupy, plants and animals inhabiting the property will invoke some level of scrutiny and will result in some cost during the permitting process.
Natural Resource Audits Available	Yes
Impact on Value	N/A
Disclaimer	Specialized natural resource audits were not in the appraiser's required scope of work, the appraiser is not qualified to conduct such audits and the appraiser is not qualified to render professional opinions in this specialty area. No responsibility is assumed for any extraordinary natural resource concerns, or for the knowledge and expertise required to discover them.

FUTURE LAND USE	
Ordinance or Plan	Collier County
Future Land Use Designation	GGE- Golden Gate Estates Residential Estates Subdistrict
Purpose of Designation	The Estates Land Use Designation encompasses lands which are already subdivided into semi-rural residential parcels (2.25 acres as an average) essentially consisting of the Golden Gate Estates Subdivision. The area is identified as having potential for population growth far removed from supportive services and facilities. Expansion of the area shall be discouraged. Refer to the Golden Gate Area Master Plan for siting criteria and development standards for specific land uses. Under the Estates future land use designation there is no provision for a conditional use and therefore a conditional use approval requires an amendment to the GGAMP.

ZONING	
Ordinance or Land Development Code	Collier County
Zoning	E- Estates
Purpose or Intent of Zoning	The subject is zoned "E" – Estates District. The purpose and intent of the Estates district is to provide lands for low density residential development in a semi-rural to rural environment. In addition, several conditional uses including churches, social and fraternal organizations, child care centers, private schools, and group care facilities are available under conditional use provisions. Permitted uses include single-family dwellings and Family Care Facilities, and public schools. Conditional uses permissible in the Estates district include churches and other places of worship, social and fraternal organizations, child and adult care centers, schools and group care facilities. These conditional uses are strictly regulated. Below are the development requirements as set forth in the Estate Zoning District: Minimum Lot Area: 98,010 square feet or 2.25 acres Minimum Lot Width: 150 feet Minimum Front Yard Setback: 75 feet minimum Minimum Side Yard Setback: 30 feet Minimum Rear Yard Setback: 75 feet Maximum Building Height: 30 feet
Overlay District	None.

HIGHEST AND BEST USE

DEFINITION

The Dictionary of Real Estate Appraisal, 7th Edition, published 2022 by the Appraisal Institute, defines Highest and Best Use as:

The reasonably probable use of property that results in the highest value. The four criteria that the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity.

METHOD

There are four criteria that must be met in order for a use to be the highest and best use for a given property. The highest and best use must be:

- Legally permissible.
- Physically Possible.
- Financially feasible.
- Maximally productive.

Ordinarily these criteria are considered sequentially, each step narrowing the range of alternative uses being considered.

ANALYSIS

SITE AS THOUGH VACANT

Legally Permissible – All parcels are zoned E-Estates with a future land use of Residential Estates. The purpose and intent of the E-Estates district is to apply to an area of low-density single-family residences in a semi-rural environment and permits all necessary residential activities as well as the keeping of limited agricultural animals as specified in this division.

Physically Possible: The sites are level and at or slightly below road grade and could be developed as a single-family home sites. The location, surrounding land uses, and the size of the properties suggest some type of single-family use. Due to the potential presence of wetlands on the sites, mitigation could be required to develop single-family residences on some of the properties.

Financially Feasible: The financial feasibility of single-family residential development is good. The single-family residential market continues to be strong, especially new construction. Single-family residential development is financially feasible.

Although it is not an economic use, acquisition of lands in the area by Collier County is encouraged for habitat preservation and conservation.

Maximally Productive: The maximally productive use is that the wetlands be mitigated, and the properties developed with single-family residences, or the properties be purchased for preservation, conservation, and restoration.

CONSIDERATION OF APPROACHES

Only the sales comparison approach is appropriate for these vacant parcels.

SALES COMPARISON APPROACH

INTRODUCTION

In the sales comparison approach, the subject property is compared with similar properties that have sold recently or for which listing prices or offering prices are known. Data from generally similar properties is used, and comparisons are made to demonstrate a probable price at which the subject property would sell if offered on the market. This approach is particularly strong when comparable sales data is plentiful and there is good conformity among properties in the neighborhood.

Following is the procedure to be followed in developing this approach:

1. Research the market to gather information on sales, listings, and offers to purchase properties similar to the subject.

2. Verify the information as to factual accuracy and arm's-length market considerations.

3. Identify relevant units of comparison and develop a comparative analysis for each unit.

4. Compare the subject with comparable sale properties using elements of comparison and adjust the sale price of each comparable appropriately.

5. Reconcile the various value indicators produced from the analysis of comparables into a single value indication or a range of values.

The outline above is developed in detail on the following pages.

WINCHESTER HEAD PRESERVE

Collier County is interested in determining a per acre value for the various tiers for the Winchester Head Preserve Area to assist them in acquiring parcels for the Conservation Collier land preservation program. The price per acre will be estimated for the various tiers.

Tiers

I. Up to 25% Wetlands
II. 26-50% Wetlands
III. 51-75% Wetlands
IV. 76-100% Wetlands

SALES DATA

A search was made for sales of land comparable to the subject parcels. The intention was to find comparable sales in similar locations that offer similar functional utility. A total of 21 comparable sales were identified as the best available for analysis.

Price per acre of gross land area was developed as the unit of comparison, since that is the unit best suited to the analysis, and the one most often utilized by local buyers, sellers, and brokers of land similar to the subject parcel. Due to the location and physical characteristics, I elected to bracket the subject within the range indicated by comparables. This is preferable to a conventional adjustment process where the magnitude of adjustments is likely to be great, and there is little support for specific adjustments.

Comparable land sales grids are given on the following pages. Each comparable is identified by a number which will be used for reference throughout the report. Each comparable is identified on the location map immediately following this page.

DISCUSSION OF ADJUSTMENTS

Usually, comparable sale properties are not exactly like the subject property. If a typical buyer would perceive the difference to be significant, then adjustment(s) must be made to the comparable sales so that in the end each offers a realistic indication of value for the subject. Adjusting comparable sales is a two-step process.

First, adjustments are made so that all of the comparable sales meet the standard of a "market" transaction as outlined in the definition of market value. Customarily, the first group of adjustments is made before the comparables are reduced to a common unit of comparison. Included at this stage are adjustments to bring historic sales current to the appraisal effective date.

The second group of adjustments is made after an appropriate unit of comparison is chosen. These adjustments account for physical differences like location, physical characteristics and size. Sometimes adjustment is required for differences in the permitted land use (zoning) or in the availability of public service (infrastructure). When the adjustment process is complete, the unit value indications are reconciled and converted into an estimate of value for the subject.

REAL PROPERTY RIGHTS CONVEYED

This adjustment category is intended to account for the interest, benefits, and rights inherent in the ownership of real estate. This category reflects the impact on value caused by the fee simple versus the leased fee interest or the contract rent as opposed to market rent.

- None of the comparable sales required adjustment in this category.

CONDITIONS OF SALE

This adjustment category is intended to account for a variety of factors that might affect the purchase price.

- None of the comparable sales required adjustment in this category.

BUILDING IMPROVEMENTS

This category of adjustment is intended to account for the positive or negative contribution to value of building improvements included with the sale of the land. Buildings that made a positive contribution to the sale price require a negative adjustment. Buildings that were demolished and removed require a positive adjustment to account for demolition costs which are treated as part of the purchase price.

- None of the comparable sales required adjustment in this category.

FINANCING

Adjustments in this category are intended to account for unusual terms of financing that are not considered equivalent to cash or conventional financing.

- None of the comparable sales required adjustment in this category.

MARKET CHANGE

This adjustment is intended to account for changes in value due to the ebb and flow of market forces over time.

- The comparables occurred between 2023 and 2024, which market conditions continue to improve. The vacant lot sales from the prior 12 months within the market boundaries of Immokalee Road to the north, Desoto Boulevard to the east, Golden Gate Boulevard to the south, and Wilson Boulevard to the west, were plotted on a graph by price per acre. These above sales indicate a median sale price of $120,000 in June 2023 and a median sale price of $99,000 in May 2024. Based on an analysis of these sales, sale prices over the prior 12 months appear to be stable, with no noticeable market change.

I also analyzed recent paired sales in the submarket area which indicate positive market change. Land values continue to appreciate due to the demand for affordable residential land. The buyers include a mix of individuals who plan to build a home, investors, and speculative home builders.

Giving consideration to all of the above, I applied a market change rate of 0.75% per month or 9.00% annually.

LOCATION/ACCESS/EXPOSURE

This category of adjustment reflects the impact on value caused by the advantages or disadvantages of a given location.

- None of the comparable sales required adjustment in this category.

UTILITIES/INFRASTRUCTURE

This category of adjustment references the availability and adequacy of the road system, the public was distribution system and the public wastewater collection system of each comparable property as that compares with the same services available to the subject property.

- None of the comparable sales required adjustment in this category.

COMPREHENSIVE PLAN/LAND USE

This category of adjustment accounts for differences in the potential land uses (Comprehensive Plan) or in the specific uses (Zoning) to which a property could be developed. Differences in value between the subject property and comparable sales might exist because their highest and best uses are different as a result of government regulation through zoning and land use controls.

- None of the comparables sales required adjustment in this category.

SIZE/SHAPE

This category of adjustment addresses the effect on the marketability of a given property, because its physical size/shape might limit the physical utility, or because the size and term of the financial investment required of an investor/speculator is such that the unit price is reduced.

- None of the comparable sales required adjustment in this category.

PHYSICAL CHARACTERISTICS

This category of adjustment reflects the physical aspects of a property that impact its use for development. Physical characteristics included land elevation, soil conditions, drainage characteristics, threatened or endangered plant and animal species on the property and the extent and density of covering vegetation.

- I was provided with a Conservation Collier Property Summary Winchester Head Preserve Multi Parcel Project dated February 2024. The parcels are located within the Winchester Head Preserve and consist primarily of freshwater marsh and cypress which are considered jurisdictional wetlands. The higher the quality of the wetlands, the higher the mitigation costs.

- I analyzed aerials, reviewed the listing history, and interviewed brokers, buyers and sellers to determine the wetlands associated with the Comparable sales.

  No adjustments were made for physical characteristics and instead the comparables were bracketed with some being superior, similar, and inferior.

RECAPITULATION OF DATA

After making the adjustments discussed above, the comparable sales indicated the following unit values:

UP TO 25% WETLANDS

Comparables	Price Per Gross Acre of Land Area
1	$86,053
2	$88,109
3	$85,772
4	$79,570
5	$66,331
6	$63,886
7	$60,008

The range of unit value indications is from $60,008 to $88,109 per acre with an average of $75,676 per acre and a median of $79,570 per acre.

Based on the range, I concluded to a unit value of $76,000 per acre.

26-50% WETLANDS

Comparables	Price Per Gross Acre of Land Area
8	$47,972
9	$34,390
10	$48,948
11	$59,028

The range of unit value indications is from $34,390 to $59,028 per acre with an average of $47,585 per acre and a median of $48,460 per acre.

Based on the range, I concluded to a unit value of $48,000 per acre.

51-75% WETLANDS

Comparables	Price Per Gross Acre of Land Area
12	$33,339
13	$25,836
14	$34,013
15	$35,242
16	$48,536

The range of unit value indications is from $25,836 to $48,536 per acre with an average of $35,393per acre and a median of $34,013 per acre.

Based on the range, I concluded to a unit value of $35,000 per acre.

76-100% WETLANDS

Comparables	Price Per Gross Acre of Land Area
17	$31,132
18	$30,501
19	$27,308
20	$25,507
21	$24,900

The range of unit value indications is from $24,900 to $32,132 per acre with an average of $28,070 per acre and a median of $27,308 per acre.

Based on the range, I concluded to a unit value of $28,000 per acre.

FINAL ESTIMATE OF VALUE – WINCHESTER HEAD (1.14-2.73 ACRES)

The final indications of value on a per acre basis as of May 13, 2024 are presented below.

Tier	**Amount of Wetlands**	**Price Per Gross Acre**
I	Up to 25% Wetlands	$76,000
II	26-50% Wetlands	$48,000
III	51-75% Wetlands	$35,000
IV	76-100% Wetlands	$28,000

Qualifications of Appraiser	2	

ASSUMPTIONS AND LIMITING CONDITIONS

The certification of the appraiser appearing in this report is subject to the following assumptions and limiting conditions.

ACCEPTANCE OF AND/OR USE OF THIS APPRAISAL REPORT CONSTITUTES ACCEPTANCE OF ALL GENERAL AND EXTRAORDINARY ASSUMPTIONS AND LIMITING CONDITIONS.

EXTRAORDINARY ASSUMPTIONS AND LIMITING CONDITIONS

None

HYPOTHETICAL CONDITIONS

None

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. No responsibility is assumed for the legal description or for matters including legal or title considerations. Title to the property is assumed to be good and marketable.

2. The property is appraised free and clear of liens and encumbrances.

3. Responsible ownership and competent property management are assumed.

4. The information furnished by others is assumed to be true, correct and reliable. A reasonable effort was made to verify such information, but the appraiser bears no responsibility for its accuracy.

5. All engineering is assumed to be correct. The plot plans and illustrative material is included only to assist the reader in visualizing the property.

6. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that might be required to discover them.

7. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws.

8. It is assumed that the property is either in compliance with, or is "grandfathered" or "vested" under, all applicable zoning, use regulations and restrictions.

9. It is assumed that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, or national government or private entity or organization have been, or can be, obtained or renewed for any use on which the value estimate is based.

10. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described, and that there is no encroachment or trespass.

11. It is assumed that the subject site and improvements are not contaminated by any hazardous material or toxic substance. During the property inspection we were sensitive to obvious signs of contamination and we reported anything unusual. However, we are not qualified to render professional opinions regarding the existence or the nature of hazardous materials in or on the subject property. If a definitive opinion is desired, then the client is urged to retain an expert in the field.

12. The distribution of the total value in this report, between land and improvements, applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.

13. Possession of this report, or a copy thereof, does not carry with it the right of publication.

14. Unless previous arrangements were made, the appraisers, by reason of this appraisal, are not required to give further consultation, testimony, or to be in attendance in court.

AGREEMENT FOR SALE AND PURCHASE

THIS AGREEMENT is made and entered into by and between **JOL Property Ventures LLC**, whose address is 7901 4th St N, Suite 300, Saint Petersburg, FL 33702 (hereinafter referred to as "Seller"), and **COLLIER COUNTY**, a political subdivision of the State of Florida, its successors and assigns, whose address is 3335 Tamiami Trail East, Suite 101, Naples, FL 34112 (hereinafter referred to as "Purchaser").

W I T N E S S E T H

WHEREAS, Seller is the owner of that certain parcel of real property (hereinafter referred to as "Property"), located in Collier County, State of Florida, and being more particularly described in Exhibit "A", attached hereto and made a part hereof by reference.

WHEREAS, Purchaser is desirous of purchasing the Property, subject to the conditions and other agreements hereinafter set forth, and Seller is agreeable to such sale and to such conditions and agreements.

NOW, THEREFORE, and for and in consideration of the premises and the respective undertakings of the parties hereinafter set forth and the sum of Ten Dollars ($10.00), the receipt and sufficiency of which is hereby acknowledged, it is agreed as follows:

I. AGREEMENT

1.01 In consideration of the purchase price and upon the terms and conditions hereinafter set forth, Seller shall sell to Purchaser and Purchaser shall purchase from Seller the Property, described in Exhibit "A".

II. PAYMENT OF PURCHASE PRICE

2.01 The purchase price (the "Purchase Price") for the Property shall be **Thirty Six Thousand, Four Hundred and Eighty Dollars and 00/100 dollars ($36,480.00),** (U.S. Currency) payable at time of closing.

III. CLOSING

3.01 The Closing (THE "CLOSING DATE", "DATE OF CLOSING", OR "CLOSING") of the transaction shall be held on or before one hundred and eighty (180) days following execution of this Agreement by the Purchaser, or within thirty (30) days of Purchaser's receipt of all closing documents, whichever is later. The Closing shall be held at the office of the insuring title company or by mail. The procedure to be followed by the parties in connection with the Closing shall be as follows:

3.011 Seller shall convey a marketable title free of any liens, encumbrances, exceptions, or qualifications. Marketable title shall be determined according to applicable title standards adopted by the Florida Bar and in accordance with law. At the Closing, the Seller shall cause to be delivered to the Purchaser the items specified herein and the following documents and instruments duly executed and acknowledged, in recordable form:

3.0111 Warranty Deed in favor of Purchaser conveying title to the Property, free and clear of all liens and encumbrances other than:

(a) The lien for current taxes and assessments.

(b) Such other easements, restrictions, or conditions of record.

3.0112 Combined Purchaser-Seller closing statement.

3.0113 A "Gap Tax Proration, Owner's Non-Foreign Affidavit", as required by Section 1445 of the Internal Revenue Code and as required by the title insurance underwriter to insure the "gap" and issue the policy contemplated by the title insurance commitment.

3.0114 A W-9 Form, "Request for Taxpayer Identification and Certification" as required by the Internal Revenue Service.

3.012 At the Closing, the Purchaser, or its assignee, shall cause to be delivered to the Seller the following:

3.0121 A negotiable instrument (County Warrant) in an amount equal to the Purchase Price. No funds shall be disbursed to Seller until the Title Company verifies that the state of the title to the Property has not changed adversely since the date of the last endorsement to the commitment, referenced in Section 4.011 thereto, and the Title Company is irrevocably committed to pay the Purchase Price to Seller and to issue the Owner's title policy to Purchaser in accordance with the commitment immediately after the recording of the deed.

3.0122 Funds payable to the Seller representing the cash payment due at Closing in accordance with Article III hereof, shall be subject to adjustment for prorations as hereinafter set forth.

3.02 Each party shall be responsible for payment of its own attorney's fees. Seller, at its sole cost and expense, shall pay at Closing all documentary stamp taxes due relating to the recording of the Warranty Deed, in accordance with Chapter 201.01,

Florida Statutes, and the cost and electronic fee of recording any instruments necessary to clear Seller's title to the Property. The cost of the Owner's Form B Title Policy, issued pursuant to the Commitment provided for in Section 4.011 below, shall be paid by Purchaser. The cost of the title commitment shall also be paid by Purchaser. If required by a Phase I report and desired by Purchaser, Seller shall pay for a Phase II Environmental Assessment selected by Purchaser.

3.03 Purchaser shall pay for the cost of recording the Warranty Deed. Real Property taxes shall be prorated based on the current year's tax with due allowance made for maximum allowable discount, homestead and any other applicable exemptions and paid by Seller. If Closing occurs at a date which the current year's millage is not fixed, taxes will be prorated based upon such prior year's millage.

IV. REQUIREMENTS AND CONDITIONS

4.01 Upon execution of this Agreement by both parties or at such other time as specified within this Article, Purchaser and/or Seller, as the case may be, shall perform the following within the times stated, which shall be conditions precedent to the Closing;

4.011 Within fifteen (15) days after the date hereof, Purchaser shall obtain as evidence of title an ALTA Commitment for an Owner's Title Insurance Policy (ALTA Form B-1970) covering the Property, together with hard copies of all exceptions shown thereon. Purchaser shall have thirty (30) days, following receipt of the title insurance commitment, to notify Seller in writing of any objection to title other than liens evidencing monetary obligations, if any, which obligations shall be paid at closing. If the title commitment contains exceptions that make the title unmarketable, Purchaser shall deliver to the Seller written notice of its intention to waive the applicable contingencies or to terminate this Agreement.

4.012 If Purchaser shall fail to advise the Seller in writing of any such objections in Seller's title in the manner herein required by this Agreement, the title shall be deemed acceptable. Upon notification of Purchaser's objection to title, Seller shall have thirty (30) days to remedy any defects to convey good and marketable title at Seller's expense, except for liens or monetary obligations which will be satisfied at Closing. Seller, at its sole expense, shall use its best efforts to make such title good and marketable. In the event Seller is unable to cure said objections within said time period, Purchaser, by providing written notice to Seller within seven (7) days after expiration of said thirty (30) day period, may accept title as it then is, waiving any objection; or Purchaser may terminate the Agreement. A failure by Purchaser to give such written notice of termination within the time period provided herein shall be

deemed an election by Purchaser to accept the exceptions to title as shown in the title commitment.

4.013 Seller agrees to furnish any existing surveys of the Property in Seller's possession to Purchaser within ten (10) days of the effective date of this Agreement. Purchaser shall have the option, at its own expense, to obtain a current survey of the Property prepared by a surveyor licensed by the State of Florida. No adjustments to the Purchase Price shall be made based upon any change to the total acreage referenced in Exhibit "A," unless the difference in acreage revealed by survey exceeds 5% of the overall acreage. If the survey provided by Seller or obtained by Purchaser, as certified by a registered Florida surveyor, shows: (a) an encroachment onto the property; or (b) that an improvement located on the Property projects onto lands of others, or (c) lack of legal access to a public roadway, the Purchaser shall notify the Seller in writing of such encroachment, projection, or lack of legal access, and Seller shall have the option of curing said encroachment or projection, or obtaining legal access to the Property from a public roadway, within sixty (60) days of receipt of said written notice from Purchaser. Purchaser shall have ninety (90) days from the effective date of this Agreement to notify Seller of any such objections. Should Seller elect not to or be unable to remove the encroachment, projection, or provide legal access to the property within said sixty (60) day period, Purchaser, by providing written notice to Seller within seven (7) days after expiration of said sixty (60) day period, may accept the Property as it then is, waiving any objection to the encroachment, or projection, or lack of legal access, or Purchaser may terminate the Agreement. A failure by Purchaser to give such written notice of termination within the time period provided herein shall be deemed an election by Purchaser to accept the Property with the encroachment, or projection, or lack of legal access.

V. INSPECTION PERIOD

5.01 Purchaser shall have one hundred twenty (120) days from the date of this Agreement, ("Inspection Period"), to determine through appropriate investigation that:

1. Soil tests and engineering studies indicate that the Property can be developed without any abnormal demucking, soil stabilization or foundations.
2. There are no abnormal drainage or environmental requirements to the development of the Property.
3. The Property is in compliance with all applicable State and Federal environmental laws and the Property is free from any pollution or contamination.
4. The Property can be utilized for its intended use and purpose in the Conservation Collier program.

Document Ref: GSTJX-IQVWM-HXNG7-ZWT2B

5.02 If Purchaser is not satisfied, for any reason whatsoever, with the results of any investigation, Purchaser shall deliver to Seller prior to the expiration of the Inspection Period, written notice of its intention to waive the applicable contingencies or to terminate this Agreement. If Purchaser fails to notify the Seller in writing of its specific objections as provided herein within the Inspection Period, it shall be deemed that the Purchaser is satisfied with the results of its investigations and the contingencies of this Article V shall be deemed waived. In the event Purchaser elects to terminate this Agreement because of the right of inspection, Purchaser shall deliver to Seller copies of all engineering reports and environmental and soil testing results commissioned by Purchaser with respect to the Property.

5.03 Purchaser and its agents, employees and servants shall, at their own risk and expense, have the right to go upon the Property for the purpose of surveying and conducting site analyses, soil borings and all other necessary investigation. Purchaser shall, in performing such tests, use due care. Seller shall be notified by Purchaser no less than twenty-four (24) hours prior to said inspection of the Property.

VI. INSPECTION

6.01 Seller acknowledges that the Purchaser, or its authorized agents, shall have the right to inspect the Property at any time prior to the Closing.

VII. POSSESSION

7.01 Purchaser shall be entitled to full possession of the Property at Closing.

VIII. PRORATIONS

8.01 Ad valorem taxes next due and payable, after closing on the Property, shall be prorated at Closing based upon the gross amount of current year taxes, and shall be paid by Seller.

IX. TERMINATION AND REMEDIES

9.01 If Seller shall have failed to perform any of the covenants and/or agreements contained herein which are to be performed by Seller, within ten (10) days of written notification of such failure, Purchaser may, at its option, terminate this Agreement by giving written notice of termination to Seller. Purchaser shall have the right to seek and enforce all rights and remedies available at law or in equity to a contract vendee, including the right to seek specific performance of this Agreement.

Document Ref: GSTJX-IQVWM-HXNG7-ZWT2B

9.02 The parties acknowledge that the remedies described herein and in the other provisions of this Agreement provide mutually satisfactory and sufficient remedies to each of the parties and take into account the peculiar risks and expenses of each of the parties.

X. SELLER'S AND PURCHASER'S REPRESENTATIONS AND WARRANTIES

10.01 Seller and Purchaser represent and warrant the following:

10.011 Seller and Purchaser have full right and authority to enter into and to execute this Agreement and to undertake all actions and to perform all tasks required of each hereunder. Seller is not presently the subject of a pending, threatened or contemplated bankruptcy proceeding. Seller further represents the Property is free from any and all occupants, tenants, and other persons or entities claiming possession of the Property at the time of closing. This provision shall survive closing.

10.012 Seller has full right, power, and authority to own and operate the Property, and to execute, deliver, and perform its obligations under this Agreement and the instruments executed in connection herewith, and to consummate the transaction contemplated hereby. All necessary authorizations and approvals have been obtained authorizing Seller and Purchaser to execute and consummate the transaction contemplated hereby. At Closing, certified copies of such approvals shall be delivered to Purchaser and/or Seller, if necessary.

10.013 The warranties set forth in this paragraph shall be true on the date of this Agreement and as of the date of Closing. Purchaser's acceptance of a deed to the said Property shall not be deemed to be full performance and discharge of every agreement and obligation on the part of the Seller to be performed pursuant to the provisions of this Agreement.

10.014 Seller represents that it has no knowledge of any actions, suits, claims, proceedings, litigation or investigations pending or threatened against Seller, at law, equity or in arbitration before or by any federal, state, municipal or other governmental instrumentality that relate to this agreement or any other property that could, if continued, adversely affect Seller's ability to sell the Property to Purchaser according to the terms of this Agreement.

10.015 No party or person other than Purchaser has any right or option to acquire the Property or any portion thereof.

10.016 Until the date fixed for Closing, so long as this Agreement remains in force and effect, Seller shall not encumber or convey any portion of the

Document Ref: GSTJX-IQVWM-HXNG7-ZWT2B

Property or any rights therein, nor enter into any agreements granting any person or entity any rights with respect to the Property or any part thereof, without first obtaining the written consent of Purchaser to such conveyance, encumbrance, or agreement which consent may be withheld by Purchaser for any reason whatsoever.

10.017 Seller represents that they have (it has) no knowledge that there is or ever has been incinerators, septic tanks, or cesspools on the Property; all waste, if any, is discharged into a public sanitary sewer system; Seller represents that they have (it has) no knowledge that any pollutants are or have been discharged from the Property, directly or indirectly into any body of water. Seller represents that to their knowledge the Property has not been used for the production, handling, storage, transportation, manufacture, or disposal of hazardous or toxic substances or wastes, as such terms are defined in applicable laws and regulations, or any other activity that would have toxic results, and no such hazardous or toxic substances are currently used in connection with the operation of the Property, and there is no proceeding or inquiry by any authority with respect thereto. Seller represents that they have (it has) no knowledge that there is ground water contamination on the Property or potential of ground water contamination from neighboring properties. Seller represents that they have (it has) no knowledge that there is or ever has been any storage tanks for gasoline, or any other substances are or were located on the Property at any time during or prior to Seller's ownership thereof. Seller represents that they have (it has) no knowledge that any part of the Property has ever been used as a sanitary landfill.

10.018 Seller has no knowledge that the Property and Seller's operations concerning the Property are in violation of any applicable Federal, State or local statute, law or regulation, or of any notice from any governmental body has been served upon Seller claiming any violation of any law, ordinance, code or regulation or requiring or calling attention to the need for any work, repairs, construction, alterations or installation on or in connection with the Property in order to comply with any laws, ordinances, codes or regulation with which Seller has not complied.

10.019 Seller has no knowledge of unrecorded leases, licenses or other possessory interests, restrictions, easements, or rights of way (other than existing zoning regulations) that restrict or affect the use of the Property, and there are no maintenance, construction, advertising, management, leasing, employment, service, or other contracts affecting the Property.

10.020 Seller has no knowledge that there are any suits, actions or arbitration, bond issuances or proposals therefor, proposals for public improvement assessments, pay-back agreements, paving agreements, road expansion or

improvement agreements, utility moratoriums, use moratoriums, improvement moratoriums, administrative or other proceedings or governmental investigations or requirements, formal or informal, existing or pending or threatened which affects the Property or which adversely affects Seller's ability to perform hereunder; nor is there any other charge or expense upon or related to the Property which has not been disclosed to Purchaser in writing prior to the effective date of this Agreement.

10.021 Seller acknowledges and agrees that Purchaser is entering into this Agreement based upon Seller's representations stated above and on the understanding that Seller will not cause the zoning or physical condition of the Property to change from its existing state on the effective date of this Agreement up to and including the Date of Closing. Therefore, Seller agrees not to enter into any contracts or agreements pertaining to or affecting the Property and not to do any act or omit to perform any act which would change the zoning or physical condition of the Property or the governmental ordinances or laws governing same. Seller also agrees to notify Purchaser promptly of any change in the facts contained in the foregoing representations and of any notice or proposed change in the zoning, or any other action or notice, that may be proposed or promulgated by any third parties or any governmental authorities having jurisdiction of the development of the property which may restrict or change any other condition of the Property.

10.022 At the Closing, Seller shall deliver to Purchaser a statement (hereinafter called the "Closing Representative Statement") reasserting the foregoing representations as of the Date of Closing, which provisions shall survive the Closing.

10.023 Seller represents, warrants and agrees to indemnify, reimburse, defend and hold Purchaser harmless from any and all costs (including attorney's fees) asserted against, imposed on or incurred by Purchaser, directly or indirectly, pursuant to or in connection with the application of any federal, state, local or common law relating to pollution or protection of the environment which shall be in accordance with, but not limited to, the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. Section 9601, et seq., ("CERCLA" or "Superfund"), which was amended and upgraded by the Superfund Amendment and Reauthorization Act of 1986 ("SARA"), including any amendments or successor in function to these acts. This provision and the rights of Purchaser, hereunder, shall survive Closing and are not deemed satisfied by conveyance of title.

10.024 Any loss and/or damage to the Property between the date of this Agreement and the date of Closing shall be Seller's sole risk and expense.

Naples, Florida 34112
Telephone number: 239-252-7373
Fax number: 239-252-8876

If to Seller:
JOL Property Ventures, LLC
Attn. Imelda Smith
7901 4th St N Suite 300
Saint Petersburg, FL 33702
Phone number: 708-745-1010
Fax number: ___N/A__

11.02 The addressees and numbers for the purpose of this Article may be changed by either party by giving written notice of such change to the other party in the manner provided herein. For the purpose of changing such addresses or addressees only, unless and until such written notice is received, the last addressee and respective address stated herein shall be deemed to continue in effect for all purposes.

XII. REAL ESTATE BROKERS

12.01 Any and all brokerage commissions or fees shall be the sole responsibility of the Seller. Seller shall indemnify Purchaser and hold Purchaser harmless from and against any claim or liability for commission or fees to any broker or any other person or party claiming to have been engaged by Seller as a real estate broker,

Document Ref: GSTJX-IQVWM-HXNG7-ZWT2B

salesman or representative, in connection with this Agreement. Seller agrees to pay any and all commissions or fees at closing pursuant to the terms of a separate agreement, if any.

XIII. MISCELLANEOUS

13.01 This Agreement may be executed in any manner of counterparts which together shall constitute the agreement of the parties.

13.02 This Agreement and the terms and provisions hereof shall be effective as of the date this Agreement is executed by both parties and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, personal representatives, successors, successor trustee, and assignees whenever the context so requires or admits.

13.03 Any amendment to this Agreement shall not bind any of the parties hereof unless such amendment is in writing and executed and dated by Purchaser and Seller. Any amendment to this Agreement shall be binding upon Purchaser and Seller as soon as it has been executed by both parties.

13.04 Captions and section headings contained in this Agreement are for convenience and reference only; in no way do they define, describe, extend, or limit the scope or intent of this Agreement or any provisions hereof.

13.05 All terms and words used in this Agreement, regardless of the number and gender in which used, shall be deemed to include any other gender or number as the context or the use thereof may require.

13.06 No waiver of any provision of this Agreement shall be effective unless it is in writing signed by the party against whom it is asserted, and any waiver of any provision of this Agreement shall be applicable only to the specific instance to which it is related and shall not be deemed to be a continuing or future waiver as to such provision or a waiver as to any other provision.

13.07 If any date specified in this Agreement falls on a Saturday, Sunday, or legal holiday, then the date to which such reference is made shall be extended to the next succeeding business day.

13.08 Seller is aware of and understands that the "offer" to purchase represented by this Agreement is subject to acceptance and approval by the Board of County Commissioners of Collier County, Florida.

13.09 If the Seller holds the Property in the form of a partnership, limited partnership, corporation, trust, or any form of representative capacity whatsoever

Document Ref: GSTJX-IQVWM-HXNG7-ZWT2B

for others, Seller shall make a written public disclosure, according to Chapter 286, Florida Statutes, under oath, of the name and address of every person having a beneficial interest in the Property before Property held in such capacity is conveyed to Collier County. (If the corporation is registered with the Federal Securities Exchange Commission or registered pursuant to Chapter 517, Florida Statutes, whose stock is for sale to the general public, it is hereby exempt from the provisions of Chapter 286, Florida Statutes.)

13.10 This Agreement is governed and construed in accordance with the laws of the State of Florida.

XIV. ENTIRE AGREEMENT

14.01 This Agreement and the exhibits attached hereto contain the entire agreement between the parties, and no promise, representation, warranty, or covenant not included in this Agreement, or any such referenced agreements has been or is being relied upon by either party. No modification or amendment of this Agreement shall be of any force or effect unless made in writing and executed and dated by both Purchaser and Seller. Time is of the essence of this Agreement.

XV. ACKNOWLEDGMENT OF POTENTIAL FUTURE USE

15.01 Any development rights or credits available on the Property are relinquished by the Seller and conveyed to the Purchaser at closing as part of the sale of the Property.

Conservation Collier Land Acquisition Program

Project Design Report

JOL Property Ventures Property

Date: December 2024

Property Owner: JOL Property Ventures LLC

Folio(s): 38844880005

Location: GOLDEN GATE EST UNIT 42 TR 61

Size: 1.14 acres

Purchase Price: $36,480

History of Project:

Selected for the "A" category, #1 priority, on the Active Acquisition List (AAL) by CCLAAC	Selected for the "A" category, #1 priority, on AAL by BCC	Purchase offer made to owners	Purchase offer accepted
3/6/2024	6/25/2024	10/24/2024	10/24/2024

Purpose of Project: Environmental Conservation – Conservation Collier Program

Program Qualifications:

This parcel is located on the southwestern side of the Horsepen Strand near a Panther Walk Preserve parcel. The JOL Property Ventures parcel met the Initial Screening Criteria identified in the Conservation Collier Ordinance, No. 2002-63, as amended, including presence of native habitat, potential for nature-based recreational and educational opportunities, protection of water resource values and wetland dependent species habitat, presence of significant biological/ecological values, listed species habitat, connectivity, and restoration potential.

This parcel offers access from 60th Ave NE west of Everglades Blvd – a paved public road. This property could accommodate seasonal outdoor recreation, particularly due to the proximity to the Panther Walk Preserve.

The parcel is part of the greater Horsepen Strand flow way and contains 100% wetlands. This parcel is home to many wetland dependent species of flora and fauna including Florida panthers that have been documented within the strand.

This parcel, when joined with many others, can protect the flow of both wildlife and water through the Horsepen Strand.

Zoning, Growth Management and Land Use Overlays: The Panther Walk and Horsepen Strand project parcels are entirely within the Northern Golden Gate Estates. The zoning classification for all the parcels is Estates (E), a rural residential classification. There are no additional land use overlays applicable.

Projected Management Activities: No hydrologic changes are necessary to maintain wetland characteristics on the project site. Projected management activities include the removal of invasive plants, the development of a Land Management Plan, and continued development of public access to selected portions of the preserve.

Estimated Management Costs:

Management Element	2025	2026	2027	2028	2029
Exotics	$340	$230	$230	$230	$170
Signage	$200				
Total	**$540**	**$230**	**$230**	**$230**	**$170**

AGREEMENT FOR SALE AND PURCHASE

THIS AGREEMENT is made and entered into by and between **Abel Chavez Martinez**, a single man, and **Victoria Itzel Chavez**, a single woman, whose address is 3181 27th Ave NE Naples, FL 34120, as Joint Tenants with Right of Survivorship (hereinafter referred to as "Seller"), and **COLLIER COUNTY**, a political subdivision of the State of Florida, its successors and assigns, whose address is 3335 Tamiami Trail East, Suite 101, Naples, FL 34112 (hereinafter referred to as "Purchaser").

W I T N E S S E T H

WHEREAS, Seller is the owner of that certain parcel of real property (hereinafter referred to as "Property"), located in Collier County, State of Florida, and being more particularly described in Exhibit "A", attached hereto and made a part hereof by reference.

WHEREAS, Purchaser is desirous of purchasing the Property, subject to the conditions and other agreements hereinafter set forth, and Seller is agreeable to such sale and to such conditions and agreements.

NOW, THEREFORE, and for and in consideration of the premises and the respective undertakings of the parties hereinafter set forth and the sum of Ten Dollars ($10.00), the receipt and sufficiency of which is hereby acknowledged, it is agreed as follows:

I. AGREEMENT

1.01 In consideration of the purchase price and upon the terms and conditions hereinafter set forth, Seller shall sell to Purchaser and Purchaser shall purchase from Seller the Property, described in Exhibit "A".

II. PAYMENT OF PURCHASE PRICE

2.01 The purchase price (the "Purchase Price") for the Property shall be **Thirty-six Thousand Four Hundred Eighty Dollars and 00/100 dollars ($36,480),** (U.S. Currency) payable at time of closing.

III. CLOSING

3.01 The Closing (THE "CLOSING DATE", "DATE OF CLOSING", OR "CLOSING") of the transaction shall be held on or before one hundred and eighty (180) days following execution of this Agreement by the Purchaser, or within thirty (30) days of Purchaser's receipt of all closing documents, whichever is later. The Closing shall

be held at the office of the insuring title company or by mail. The procedure to be followed by the parties in connection with the Closing shall be as follows:

3.011 Seller shall convey a marketable title free of any liens, encumbrances, exceptions, or qualifications. Marketable title shall be determined according to applicable title standards adopted by the Florida Bar and in accordance with law. At the Closing, the Seller shall cause to be delivered to the Purchaser the items specified herein and the following documents and instruments duly executed and acknowledged, in recordable form:

3.0111 Warranty Deed in favor of Purchaser conveying title to the Property, free and clear of all liens and encumbrances other than:

(a) The lien for current taxes and assessments.

(b) Such other easements, restrictions, or conditions of record.

3.0112 Combined Purchaser-Seller closing statement.

3.0113 A "Gap Tax Proration, Owner's Non-Foreign Affidavit", as required by Section 1445 of the Internal Revenue Code and as required by the title insurance underwriter to insure the "gap" and issue the policy contemplated by the title insurance commitment.

3.0114 A W-9 Form, "Request for Taxpayer Identification and Certification" as required by the Internal Revenue Service.

3.012 At the Closing, the Purchaser, or its assignee, shall cause to be delivered to the Seller the following:

3.0121 A negotiable instrument (County Warrant) in an amount equal to the Purchase Price. No funds shall be disbursed to Seller until the Title Company verifies that the state of the title to the Property has not changed adversely since the date of the last endorsement to the commitment, referenced in Section 4.011 thereto, and the Title Company is irrevocably committed to pay the Purchase Price to Seller and to issue the Owner's title policy to Purchaser in accordance with the commitment immediately after the recording of the deed.

3.0122 Funds payable to the Seller representing the cash payment due at Closing in accordance with Article III hereof, shall be subject to adjustment for prorations as hereinafter set forth.

3.02 Each party shall be responsible for payment of its own attorney's fees. Seller, at its sole cost and expense, shall pay at Closing all documentary stamp taxes due relating to the recording of the Warranty Deed, in accordance with Chapter 201.01, Florida Statutes, and the cost and electronic fee of recording any instruments necessary to clear Seller's title to the Property. The cost of the Owner's Form B Title Policy, issued pursuant to the Commitment provided for in Section 4.011 below, shall be paid by Purchaser. The cost of the title commitment shall also be paid by Purchaser. If required by a Phase I report and desired by Purchaser, Seller shall pay for a Phase II Environmental Assessment selected by Purchaser.

3.03 Purchaser shall pay for the cost of recording the Warranty Deed. Real Property taxes shall be prorated based on the current year's tax with due allowance made for maximum allowable discount, homestead and any other applicable exemptions and paid by Seller. If Closing occurs at a date which the current year's millage is not fixed, taxes will be prorated based upon such prior year's millage.

IV. REQUIREMENTS AND CONDITIONS

4.01 Upon execution of this Agreement by both parties or at such other time as specified within this Article, Purchaser and/or Seller, as the case may be, shall perform the following within the times stated, which shall be conditions precedent to the Closing;

4.011 Within fifteen (15) days after the date hereof, Purchaser shall obtain as evidence of title an ALTA Commitment for an Owner's Title Insurance Policy (ALTA Form B-1970) covering the Property, together with hard copies of all exceptions shown thereon. Purchaser shall have thirty (30) days, following receipt of the title insurance commitment, to notify Seller in writing of any objection to title other than liens evidencing monetary obligations, if any, which obligations shall be paid at closing. If the title commitment contains exceptions that make the title unmarketable, Purchaser shall deliver to the Seller written notice of its intention to waive the applicable contingencies or to terminate this Agreement.

4.012 If Purchaser shall fail to advise the Seller in writing of any such objections in Seller's title in the manner herein required by this Agreement, the title shall be deemed acceptable. Upon notification of Purchaser's objection to title, Seller shall have thirty (30) days to remedy any defects to convey good and marketable title at Seller's expense, except for liens or monetary obligations which will be satisfied at Closing. Seller, at its sole expense, shall use its best efforts to make such title good and marketable. In the event Seller is unable to cure said objections within said time period, Purchaser, by providing written notice to Seller within seven (7) days after expiration of said

thirty (30) day period, may accept title as it then is, waiving any objection; or Purchaser may terminate the Agreement. A failure by Purchaser to give such written notice of termination within the time period provided herein shall be deemed an election by Purchaser to accept the exceptions to title as shown in the title commitment.

4.013 Seller agrees to furnish any existing surveys of the Property in Seller's possession to Purchaser within ten (10) days of the effective date of this Agreement. Purchaser shall have the option, at its own expense, to obtain a current survey of the Property prepared by a surveyor licensed by the State of Florida. No adjustments to the Purchase Price shall be made based upon any change to the total acreage referenced in Exhibit "A," unless the difference in acreage revealed by survey exceeds 5% of the overall acreage. If the survey provided by Seller or obtained by Purchaser, as certified by a registered Florida surveyor, shows: (a) an encroachment onto the property; or (b) that an improvement located on the Property projects onto lands of others, or (c) lack of legal access to a public roadway, the Purchaser shall notify the Seller in writing of such encroachment, projection, or lack of legal access, and Seller shall have the option of curing said encroachment or projection, or obtaining legal access to the Property from a public roadway, within sixty (60) days of receipt of said written notice from Purchaser. Purchaser shall have ninety (90) days from the effective date of this Agreement to notify Seller of any such objections. Should Seller elect not to or be unable to remove the encroachment, projection, or provide legal access to the property within said sixty (60) day period, Purchaser, by providing written notice to Seller within seven (7) days after expiration of said sixty (60) day period, may accept the Property as it then is, waiving any objection to the encroachment, or projection, or lack of legal access, or Purchaser may terminate the Agreement. A failure by Purchaser to give such written notice of termination within the time period provided herein shall be deemed an election by Purchaser to accept the Property with the encroachment, or projection, or lack of legal access.

V. INSPECTION PERIOD

5.01 Purchaser shall have one hundred twenty (120) days from the date of this Agreement, ("Inspection Period"), to determine through appropriate investigation that:

1. Soil tests and engineering studies indicate that the Property can be developed without any abnormal demucking, soil stabilization or foundations.
2. There are no abnormal drainage or environmental requirements to the development of the Property.
3. The Property is in compliance with all applicable State and Federal environmental laws and the Property is free from any pollution or contamination.

4. The Property can be utilized for its intended use and purpose in the Conservation Collier program.

5.02 If Purchaser is not satisfied, for any reason whatsoever, with the results of any investigation, Purchaser shall deliver to Seller prior to the expiration of the Inspection Period, written notice of its intention to waive the applicable contingencies or to terminate this Agreement. If Purchaser fails to notify the Seller in writing of its specific objections as provided herein within the Inspection Period, it shall be deemed that the Purchaser is satisfied with the results of its investigations and the contingencies of this Article V shall be deemed waived. In the event Purchaser elects to terminate this Agreement because of the right of inspection, Purchaser shall deliver to Seller copies of all engineering reports and environmental and soil testing results commissioned by Purchaser with respect to the Property.

5.03 Purchaser and its agents, employees and servants shall, at their own risk and expense, have the right to go upon the Property for the purpose of surveying and conducting site analyses, soil borings and all other necessary investigation. Purchaser shall, in performing such tests, use due care. Seller shall be notified by Purchaser no less than twenty-four (24) hours prior to said inspection of the Property.

VI. INSPECTION

6.01 Seller acknowledges that the Purchaser, or its authorized agents, shall have the right to inspect the Property at any time prior to the Closing.

VII. POSSESSION

7.01 Purchaser shall be entitled to full possession of the Property at Closing.

VIII. PRORATIONS

8.01 Ad valorem taxes next due and payable, after closing on the Property, shall be prorated at Closing based upon the gross amount of current year taxes, and shall be paid by Seller.

IX. TERMINATION AND REMEDIES

9.01 If Seller shall have failed to perform any of the covenants and/or agreements contained herein which are to be performed by Seller, within ten (10) days of written notification of such failure, Purchaser may, at its option, terminate this Agreement by giving written notice of termination to Seller. Purchaser shall have the right to seek and enforce all rights and remedies available at law or in equity to

a contract vendee, including the right to seek specific performance of this Agreement.

9.02 The parties acknowledge that the remedies described herein and in the other provisions of this Agreement provide mutually satisfactory and sufficient remedies to each of the parties and take into account the peculiar risks and expenses of each of the parties.

X. SELLER'S AND PURCHASER'S REPRESENTATIONS AND WARRANTIES

10.01 Seller and Purchaser represent and warrant the following:

10.011 Seller and Purchaser have full right and authority to enter into and to execute this Agreement and to undertake all actions and to perform all tasks required of each hereunder. Seller is not presently the subject of a pending, threatened or contemplated bankruptcy proceeding. Seller further represents the Property is free from any and all occupants, tenants, and other persons or entities claiming possession of the Property at the time of closing. This provision shall survive closing.

10.012 Seller has full right, power, and authority to own and operate the Property, and to execute, deliver, and perform its obligations under this Agreement and the instruments executed in connection herewith, and to consummate the transaction contemplated hereby. All necessary authorizations and approvals have been obtained authorizing Seller and Purchaser to execute and consummate the transaction contemplated hereby. At Closing, certified copies of such approvals shall be delivered to Purchaser and/or Seller, if necessary.

10.013 The warranties set forth in this paragraph shall be true on the date of this Agreement and as of the date of Closing. Purchaser's acceptance of a deed to the said Property shall not be deemed to be full performance and discharge of every agreement and obligation on the part of the Seller to be performed pursuant to the provisions of this Agreement.

10.014 Seller represents that it has no knowledge of any actions, suits, claims, proceedings, litigation or investigations pending or threatened against Seller, at law, equity or in arbitration before or by any federal, state, municipal or other governmental instrumentality that relate to this agreement or any other property that could, if continued, adversely affect Seller's ability to sell the Property to Purchaser according to the terms of this Agreement.

10.015 No party or person other than Purchaser has any right or option to acquire the Property or any portion thereof.

10.016 Until the date fixed for Closing, so long as this Agreement remains in force and effect, Seller shall not encumber or convey any portion of the Property or any rights therein, nor enter into any agreements granting any person or entity any rights with respect to the Property or any part thereof, without first obtaining the written consent of Purchaser to such conveyance, encumbrance, or agreement which consent may be withheld by Purchaser for any reason whatsoever.

10.017 Seller represents that they have (it has) no knowledge that there is or ever has been incinerators, septic tanks, or cesspools on the Property; all waste, if any, is discharged into a public sanitary sewer system; Seller represents that they have (it has) no knowledge that any pollutants are or have been discharged from the Property, directly or indirectly into any body of water. Seller represents that to their knowledge the Property has not been used for the production, handling, storage, transportation, manufacture, or disposal of hazardous or toxic substances or wastes, as such terms are defined in applicable laws and regulations, or any other activity that would have toxic results, and no such hazardous or toxic substances are currently used in connection with the operation of the Property, and there is no proceeding or inquiry by any authority with respect thereto. Seller represents that they have (it has) no knowledge that there is ground water contamination on the Property or potential of ground water contamination from neighboring properties. Seller represents that they have (it has) no knowledge that there is or ever has been any storage tanks for gasoline, or any other substances are or were located on the Property at any time during or prior to Seller's ownership thereof. Seller represents that they have (it has) no knowledge that any part of the Property has ever been used as a sanitary landfill.

10.018 Seller has no knowledge that the Property and Seller's operations concerning the Property are in violation of any applicable Federal, State or local statute, law or regulation, or of any notice from any governmental body has been served upon Seller claiming any violation of any law, ordinance, code or regulation or requiring or calling attention to the need for any work, repairs, construction, alterations or installation on or in connection with the Property in order to comply with any laws, ordinances, codes or regulation with which Seller has not complied.

10.019 Seller has no knowledge of unrecorded leases, licenses or other possessory interests, restrictions, easements, or rights of way (other than existing zoning regulations) that restrict or affect the use of the Property, and there are no maintenance, construction, advertising, management, leasing, employment, service, or other contracts affecting the Property.

10.020 Seller has no knowledge that there are any suits, actions or arbitration, bond issuances or proposals therefor, proposals for public improvement assessments, pay-back agreements, paving agreements, road expansion or improvement agreements, utility moratoriums, use moratoriums, improvement moratoriums, administrative or other proceedings or governmental investigations or requirements, formal or informal, existing or pending or threatened which affects the Property or which adversely affects Seller's ability to perform hereunder; nor is there any other charge or expense upon or related to the Property which has not been disclosed to Purchaser in writing prior to the effective date of this Agreement.

10.021 Seller acknowledges and agrees that Purchaser is entering into this Agreement based upon Seller's representations stated above and on the understanding that Seller will not cause the zoning or physical condition of the Property to change from its existing state on the effective date of this Agreement up to and including the Date of Closing. Therefore, Seller agrees not to enter into any contracts or agreements pertaining to or affecting the Property and not to do any act or omit to perform any act which would change the zoning or physical condition of the Property or the governmental ordinances or laws governing same. Seller also agrees to notify Purchaser promptly of any change in the facts contained in the foregoing representations and of any notice or proposed change in the zoning, or any other action or notice, that may be proposed or promulgated by any third parties or any governmental authorities having jurisdiction of the development of the property which may restrict or change any other condition of the Property.

10.022 At the Closing, Seller shall deliver to Purchaser a statement (hereinafter called the "Closing Representative Statement") reasserting the foregoing representations as of the Date of Closing, which provisions shall survive the Closing.

10.023 Seller represents, warrants and agrees to indemnify, reimburse, defend and hold Purchaser harmless from any and all costs (including attorney's fees) asserted against, imposed on or incurred by Purchaser, directly or indirectly, pursuant to or in connection with the application of any federal, state, local or common law relating to pollution or protection of the environment which shall be in accordance with, but not limited to, the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. Section 9601, et seq., ("CERCLA" or "Superfund"), which was amended and upgraded by the Superfund Amendment and Reauthorization Act of 1986 ("SARA"), including any amendments or successor in function to these acts. This provision and the rights of Purchaser, hereunder, shall survive Closing and are not deemed satisfied by conveyance of title.

10.024 Any loss and/or damage to the Property between the date of this Agreement and the date of Closing shall be Seller's sole risk and expense.

XI. NOTICES

11.01 Any notice, request, demand, instruction, or other communication to be given to either party hereunder shall be in writing, sent by facsimile with automated confirmation of receipt, or by registered, or certified mail, return receipt requested, postage prepaid, addressed as follows:

11.02 The addressees and numbers for the purpose of this Article may be changed by either party by giving written notice of such change to the other party in the manner provided herein. For the purpose of changing such addresses or addressees only, unless and until such written notice is received, the last

addressee and respective address stated herein shall be deemed to continue in effect for all purposes.

XII. REAL ESTATE BROKERS

12.01 Any and all brokerage commissions or fees shall be the sole responsibility of the Seller. Seller shall indemnify Purchaser and hold Purchaser harmless from and against any claim or liability for commission or fees to any broker or any other person or party claiming to have been engaged by Seller as a real estate broker, salesman or representative, in connection with this Agreement. Seller agrees to pay any and all commissions or fees at closing pursuant to the terms of a separate agreement, if any.

XIII. MISCELLANEOUS

13.01 This Agreement may be executed in any manner of counterparts which together shall constitute the agreement of the parties.

13.02 This Agreement and the terms and provisions hereof shall be effective as of the date this Agreement is executed by both parties and shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, personal representatives, successors, successor trustee, and assignees whenever the context so requires or admits.

13.03 Any amendment to this Agreement shall not bind any of the parties hereof unless such amendment is in writing and executed and dated by Purchaser and Seller. Any amendment to this Agreement shall be binding upon Purchaser and Seller as soon as it has been executed by both parties.

13.04 Captions and section headings contained in this Agreement are for convenience and reference only; in no way do they define, describe, extend, or limit the scope or intent of this Agreement or any provisions hereof.

13.05 All terms and words used in this Agreement, regardless of the number and gender in which used, shall be deemed to include any other gender or number as the context or the use thereof may require.

13.06 No waiver of any provision of this Agreement shall be effective unless it is in writing signed by the party against whom it is asserted, and any waiver of any provision of this Agreement shall be applicable only to the specific instance to which it is related and shall not be deemed to be a continuing or future waiver as to such provision or a waiver as to any other provision.

13.07 If any date specified in this Agreement falls on a Saturday, Sunday, or legal holiday, then the date to which such reference is made shall be extended to the next succeeding business day.

13.08 Seller is aware of and understands that the "offer" to purchase represented by this Agreement is subject to acceptance and approval by the Board of County Commissioners of Collier County, Florida.

13.09 If the Seller holds the Property in the form of a partnership, limited partnership, corporation, trust, or any form of representative capacity whatsoever for others, Seller shall make a written public disclosure, according to Chapter 286, Florida Statutes, under oath, of the name and address of every person having a beneficial interest in the Property before Property held in such capacity is conveyed to Collier County. (If the corporation is registered with the Federal Securities Exchange Commission or registered pursuant to Chapter 517, Florida Statutes, whose stock is for sale to the general public, it is hereby exempt from the provisions of Chapter 286, Florida Statutes.)

13.10 This Agreement is governed and construed in accordance with the laws of the State of Florida.

XIV. ENTIRE AGREEMENT

14.01 This Agreement and the exhibits attached hereto contain the entire agreement between the parties, and no promise, representation, warranty, or covenant not included in this Agreement, or any such referenced agreements has been or is being relied upon by either party. No modification or amendment of this Agreement shall be of any force or effect unless made in writing and executed and dated by both Purchaser and Seller. Time is of the essence of this Agreement.

XV. ACKNOWLEDGMENT OF POTENTIAL FUTURE USE

15.01 Any development rights or credits available on the Property are relinquished by the Seller and conveyed to the Purchaser at closing as part of the sale of the Property.

Martinez Property

Date: January 2025

Property Owner: Abel Chavez Martinez

Folio(s): 39149760007

Location: GOLDEN GATE EST UNIT 47 TR 84

Size: 1.14 acres

Purchase Price: $36,480

History of Project:

Selected for the "A" category, #1 priority, on the Active Acquisition List (AAL) by CCLAAC	Selected for the "A" category, #1 priority, on AAL by BCC	Purchase offer made to owners	Purchase offer accepted
3/6/2024	6/25/2024	10/21/2024	10/21/2024

Purpose of Project: Environmental Conservation – Conservation Collier Program

Program Qualifications:

This parcel is located on the northern side of the Horsepen Strand near a Panther Walk Preserve parcel. The Martinez parcel met the Initial Screening Criteria identified in the Conservation Collier Ordinance, No. 2002-63, as amended, including presence of native habitat, potential for nature-based recreational and educational opportunities, protection of water resource values and wetland dependent species habitat, presence of significant biological/ecological values, listed species habitat, connectivity, and restoration potential.

This parcel offers access from 68th Ave NE west of Everglades Blvd – a paved public road. This property could accommodate seasonal outdoor recreation, particularly due to the proximity to the Panther Walk Preserve.

The parcel is part of the greater Horsepen Strand flow way and contains hydric pine flatwoods and marsh. This parcel is home to many wetland dependent species of flora and fauna including Florida panthers that have been documented within the strand.

This parcel, when joined with many others, can protect the flow of both wildlife and water through the Horsepen Strand.

Zoning, Growth Management and Land Use Overlays: The Panther Walk and Horsepen Strand project parcels are entirely within the Northern Golden Gate Estates. The zoning classification for all the parcels is Estates (E), a rural residential classification. There are no additional land use overlays applicable.

Projected Management Activities: No hydrologic changes are necessary to maintain wetland characteristics on the project site. Projected management activities include the removal of invasive plants, the development of a Land Management Plan, and continued development of public access to selected portions of the preserve.

Estimated Management Costs:

Management Element	2025	2026	2027	2028	2029
Exotics	$340	$230	$230	$230	$170
Signage	$200				
Total	**$540**	**$230**	**$230**	**$230**	**$170**

CERTIFICATION

I CERTIFY THAT, TO THE BEST OF MY KNOWLEDGE AND BELIEF:

I did not physically inspect the Panther Walk Preserve parcels or comparable sales, but I relied on aerial photography for my analysis.

The statements of fact contained in this report are true and correct.

The reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions and our personal, impartial and unbiased professional analyses, opinions and conclusions.

I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.

I previously appraised the property September 1, 2023 for the Collier County Facilities Management Department. I have had no other relationship to the client or the property within the three years prior to accepting this assignment.

I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.

My engagement in this assignment was not contingent upon developing or reporting predetermined results.

My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result or the occurrence of a subsequent event directly related to the intended use of this appraisal.

My analyses, opinions and conclusions were developed, and this report was prepared, in conformity with the Uniform Standards of Professional Appraisal Practice. I am also subject to the Code of Ethics and Standards of Professional Practice of the Appraisal Institute, which includes provisions for peer review.

The use of this report is subject to the requirements of the State of Florida relating to review by the Florida Real Estate Appraisal Board and to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

No one other than the undersigned prepared the analyses, opinions and conclusions concerning real estate that are set forth in this report.

As of the date of this report, I have completed the requirements of the continuing education program of the State of Florida, and for Designated Members of the Appraisal Institute.

CARROLL & CARROLL

Timothy W. Sunyog, MAI
Cert Gen RZ3288

SCOPE OF WORK

All applicable approaches to value were developed and the value conclusion reflects all known information about the subject property, market conditions, and available data.

The scope of work was:

- I did not physically inspect the Panther Walk Preserve parcels or the comparable sales, but I relied on aerial photography.

- Reviewed aerial photographs, land use plans, the Land Development Code, the Conservation Collier Initial Criteria Screening Report, and other documentation.

- Reviewed how the properties relate to their neighborhood and to the broader market area in development of an opinion of highest and best use.

- Researched vacant land comparable sales, listings, and pending sales.

- Developed the sales comparison approach.

- Estimated the market value on a price per acres basis within Panther Preserve for the various tiers for parcels ranging in size from 1.14 acres-2.73 acres and 2.74 acres-5.00 acres.

  Tiers
  I. Up to 25% Wetlands
  II. 26-50% Wetlands
  III. 51-75% Wetlands
  IV. 76-100% Wetlands

- Prepared an appraisal report summarizing the appraisal assignment, the property appraised, the application of the appraisal methodology, and the logical support for the value conclusions.

Sources of market data included local and regional MLS systems, CoStar, LoopNet, public records, and interviews with real estate brokers.

ESTATE APPRAISED

The estate appraised is the Fee Simple Absolute. For appraisal purposes Fee Simple Absolute is synonymous with Fee Simple.

The Dictionary of Real Estate Appraisal, Seventh Edition, published 2022 by the Appraisal Institute, defines Fee Simple Estate as:

> *Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.*

We consider easements, but only to the extent that they are known to us. Appraisal of the fee simple means that an improved property is vacant and available to be put to its highest and best use.

DEFINITION OF MARKET VALUE

In United States tax law, the definition of *Fair Market Value* is found in the United States Supreme Court decision in the *Cartwright* case:

> The fair market value is the price at which the property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

United States v. Cartwright, 411 U. S. 546, 93 S. Ct. 1713, 1716-17, 36 L. Ed. 2d 528, 73-1 U.S. Tax Case. (CCH) ¶ 12,926 (1973) (quoting from U.S. Treasury regulations relating to Federal estate taxes, at 26 C.F.R. sec. 20.2031-1(b)).

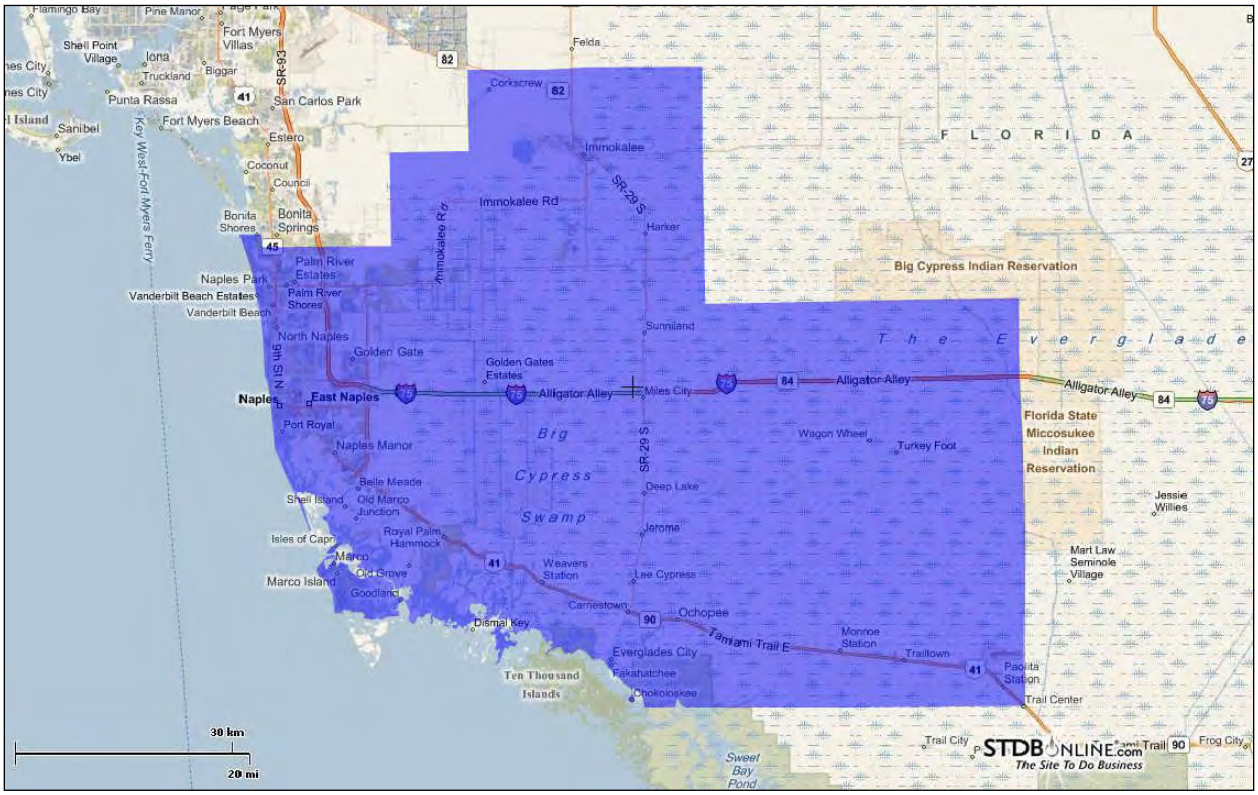
ASSUMED EXPOSURE TIME

The reasonable exposure time is assumed to have already occurred as of the appraisal effective date. The assumed reasonable exposure time was between 6 and 9 months.

AREA INFORMATION

COLLIER COUNTY ANALYSIS

An analysis of geography, transportation, population, employment, income, and education for Collier County is performed using data provided by Site to Do Business, Florida Office of Economic & Demographic, United States Department of Labor, all recognized source(s).



GEOGRAPHY

Collier County is the most southerly county on Florida's west coast offering mainland coastal development. Collier County is west of Ft. Lauderdale and south of Tampa. With 2,025 square miles of land area, it is the largest county in Florida. About 63% of the land area is in public ownership, is set aside for environmental preservation, or is scheduled for public land acquisition.

The region enjoys a climate that is classified as subtropical. Summers are relatively mild, and winters are usually frost free. A hard freeze is a rarity. The climate, especially in winter, is one that attracts and is enjoyable to most people.

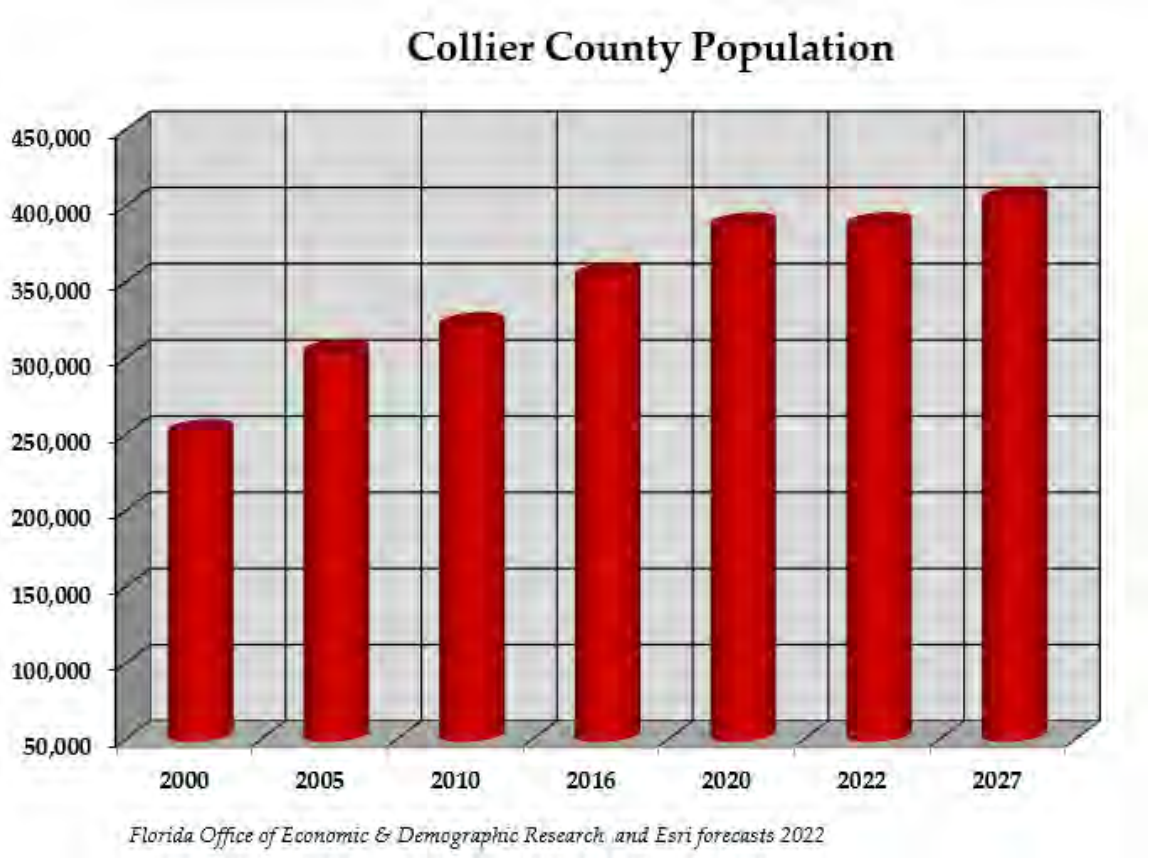
The geography of the area runs generally northwest and southeast as indicated by the trend of the coastline. Beaches extend from the northern county line south to Cape Romano and then, as the coastline trends further to the southeast, beaches give over to mangrove islands and swamps. Moving northeastward from the beaches, elevations increase very slowly. Most of the county is less than 15 feet above mean sea level. Although changes in elevation

are gradual, they are well defined by variations in vegetation. Much of the county is, or was once, wetland. The once plentiful marine resources are largely depleted, but still provide good sport fishing.

Population centers include the coastal communities of Naples, Marco Island and Everglades/Chokoloskee. Immokalee, the single large interior community, is in north Collier County and is the agricultural center of the region.

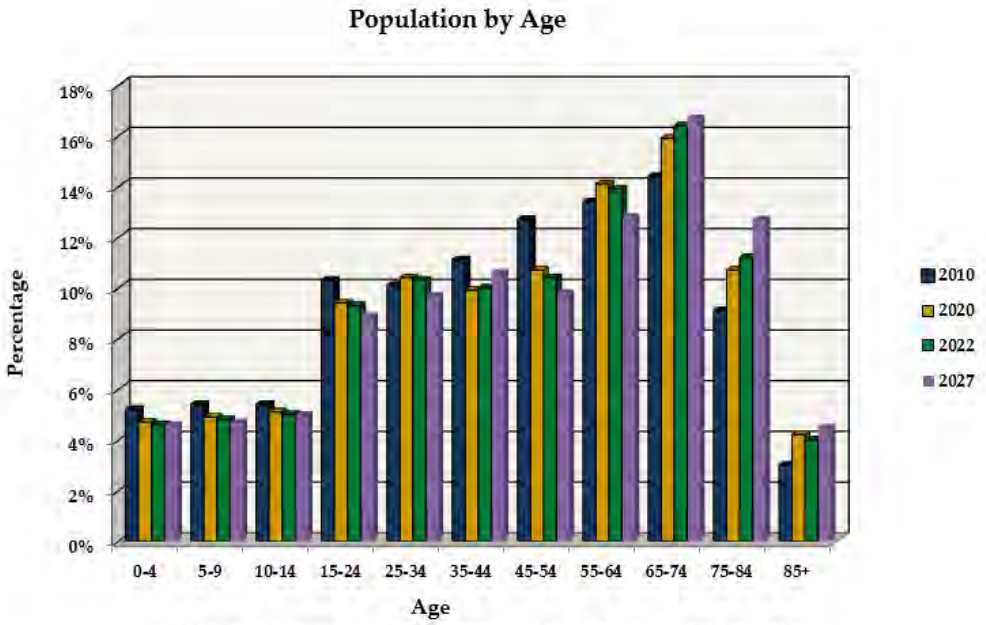
POPULATION

"The social forces studied by appraisers primarily relate to population characteristics. The demographic composition of the population reveals the potential demand for real estate, which makes the proper analysis and interpretation of demographic trends important in an appraiser's analysis." The total population, it's composition by age and gender, and the rate of household formation and dissolution strongly influence real property values. (*The Appraisal of Real Estate 14th Edition*)



Collier County's population has continued to increase year after year. The population has increased only 0.1% as of 2022 from 2020. The population forecasts through 2027 calls for a continued steady growth cycle with an estimated 4.4% population growth from 2022 to 2027.

Collier County is a popular retirement destination. As of 2022, 55.9% of the County's residents are over the age of 45. The 2027 forecasts depict an aging community with 56.5% of the population 45 years of age or older.



U.S. Census Bureau, Census 2020 Summary File 1. Esri forecasts for 2022 and 2027

EMPLOYMENT

Collier County is a largely service based economy with 32.1% of the employees in the leisure, hospitality, education, and health service industries and 26% in professional, business, financial and other services. Trade, transportation, & utilities along with government jobs account for 36.4% of the County's employees. Industries such as natural resources/mining, construction, and manufacturing make up only 5.5% of the market.

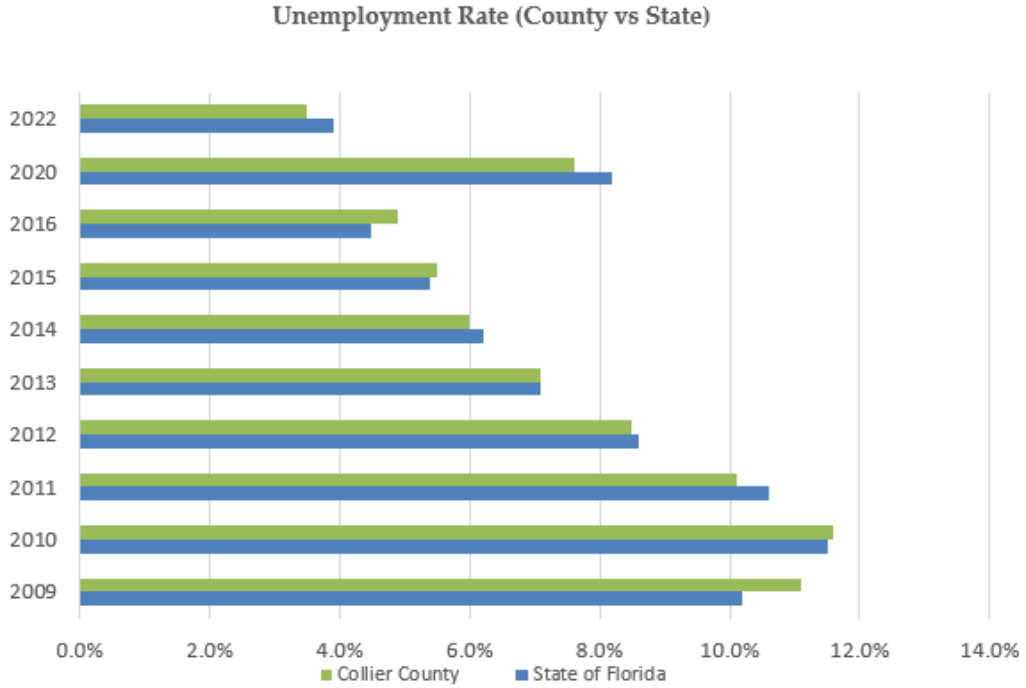
*Source: SOUTHWEST FLORIDA ECONOMIC DEVELOPMENT ALLIANCE NOTE: * DATA AS RECENT AS 2018 Q3; ** DATA AS RECENT AS 2017*

The unemployment rate in Collier County exceeded the state average by a slight margin in the years 2015 and 2016. The unemployment rate then declined through 2020 as the economy improved and, until recently, Collier County's unemployment rates decreased more rapidly than the state.



United States Department of Labor/Bureau of Labor Statistics/LAU Statistics Map

INCOME

Collier County's per capita income and median household income levels are higher than state statistics. The most substantial difference between Collier County and the state is the large percentage difference in household incomes above $100,000 where Collier County exceeds the state by over 12%. Collier County's percentage household incomes ranging from $25,000 to $74,999 is slightly lower than the percentage of household incomes in the state, only mirroring that of the state at $75,000 to $99,000, and from there exceeding the percentage of the state. Income levels vary greatly within different areas of Collier County, and so will be discussed in greater detail in the Market Area descriptions.

TRANSPORTATION

The transportation system reflects local geography, population densities and the primary motivators of tourism, service industry employment, the construction industry, agriculture, and leisure activities.

ROADS

The earliest roads were coastal, extending from north to south in the early twentieth century with the first settlers. Principal among these is US-41, commonly referred to as the Tamiami Trail because it was built to connect Tampa and Miami. Where it passes through the coastal community US-41 is a four or six lane divided highway with landscaped medians, curb and gutter, streetlights and often with concrete sidewalks. The Trail is the principal coastal arterial and one that defines several important boundaries. Often there is a noticeable land value difference east and west of US-41 because the affluent coastal population prefers to shop and trade close to home. As the highway turns southeast from downtown Naples toward Miami the Trail defines the boundary of the coastal management zone which affects development densities and storm evacuation requirements. The eastern segment of US-41 is a designated national scenic highway popular with tourists, especially during the winter season as they seek adventure in the Everglades.

A system of asphalt surfaced arterials, major collectors, minor collectors, and neighborhood streets extend into the urban area east and west from US-41. North-south arterials and major collectors are established about one mile apart. From west to east, these include Goodlette-Frank Road, Airport-Pulling Road, Livingston Road, Santa Barbara Boulevard and Collier Boulevard. The east-west grid is spaced about two miles apart; from north to south being Immokalee Road (CR-864), Vanderbilt Beach Road (CR-862), Pine Ridge Road (CR-896), Golden Gate Parkway (CR-886), Radio Road (CR-856), Davis Boulevard (SR-84), and Rattlesnake Hammock Road (CR-864). Within the urban area all of these are at least 4 lane divided highways.

East of Collier Boulevard the road system reflects the economies of scale of Golden Gate Estates subdivision (the Estates) where 102 square miles of rural subdivision is supported by a grid system of paved and unpaved 2 lane streets, with 2 and 4 lane asphalt surfaced

major collectors. Golden Gate Boulevard, a 4-lane divided road for five of its eleven miles east of CR-951, is the principal east-west collector. Everglades Boulevard (2 lane and asphalt surfaced) is the north-south major collector extending south from Immokalee Road 14 miles to the grade separation at I-75 where it continues into the Picayune Strand State Forest. Most of the neighborhood streets in Golden Gate Estates are asphalt. Collier County is planning to extend east-west collectors through the Estates along the alignment of Vanderbilt Beach Road and somewhere south of Golden Gate Boulevard. A north-south connection is also planned from the eastern terminus of White Boulevard (Pine Ridge Road) north to Golden Gate Boulevard.

Interstate highway 75 (I-75) was extended from north to south through Collier County in the mid-1980s along a flood-proof route about five miles inland. Directly east of the City of Naples I-75 joins the original alignment of State Road 84 (Alligator Alley) connecting with Florida's east coast at Ft. Lauderdale. The coastal community I-75 interchanges are spaced three to four miles apart at Immokalee Road (CR-864), Pine Ridge Road (CR-896), Golden Gate Parkway (CR-886), and at Collier Boulevard/Davis Boulevard (CR-951/SR-84). Twenty-one miles east of the coastal community is an interchange at State Road 29; the last interchange in Collier County. Collier County and the FDOT continue to study the feasibility of an interchange at Everglades Boulevard.

The advent of I-75 signaled a change in the relationship of Collier County to the rest of Florida and the United States. While US-41 was the only north-south arterial, Collier County was dominated by the conservative mid-western influences of seasonal residents and somewhat isolated from the larger urban areas of Florida. After the late 1980s, road access to Collier was made much more convenient to the northeast via connections with I-4 and I-95. This had the effect of broadening Collier’s market exposure and it stimulated growth. The extension of I-75 south into Dade County promoted better access for European tourists and made Collier County transient lodging attractive for east coast weekenders.

Strategic connections exist where Collier Boulevard and CR-92 extend south and west from US-41 providing access to the City of Marco Island from the greater Naples area and from Florida's east coast, respectively. State Road 29 connects the southwest Florida agricultural center of Immokalee with points north, with the Naples coastal community via CR-846, with the Ft. Myers coastal community via SR-82, and with US-41 at Everglades City which is the western gateway to Everglades National Park and the 10,000 Islands region of Collier's southwest coast.

The road transportation system is well planned, well maintained, and operating at acceptable capacity. Ambitious road construction projects undertaken in anticipation of growth projections and funded by impact fees have caught up with development. The road system reflects Collier's position at the southerly limit of development on Florida's west coast.

MASS TRANSIT

Collier Area Transit (CAT), operated by Collier County Alternative Transportation Modes Department, provides inexpensive alternative transportation throughout the county linking major employment centers of Naples with Marco Island and Immokalee. There are several circulation routes with stops at the County government complex, hospitals, and major shopping establishments. The system accommodates bicycle transport and personal items.

The same County department administers the Collier Area Para Transit system which provides subsidized transportation services for the disabled and economically disadvantaged.

This is a successful and growing system that connects people with jobs, essential services, and shopping while reducing transportation costs and road congestion.

AIRPORTS

Collier County is supported by a system of five public airports. Southwest Florida International Airport (RSW) is located in Lee County 25 miles north of Naples; a 45-minute drive via I-75 from the Collier center of population. This facility serves the five county southwest Florida regions offering domestic and international air carrier service. It is modern, convenient, and has planned expansion to keep up with regional growth.

Naples Municipal Airport (APF) owned by the City of Naples and operated by the independently constituted Naples Airport Authority which derives its revenue principally from fuel sales. This small airport (about 1 sq. mi.) is located one mile east of downtown Naples. It serves the coastal community and is especially convenient to affluent residents who own private aircraft, to the corporate convention business of the large beachfront hotels, and to essential services like mosquito control, Emergency Medical Services (EMS), the Sheriff's office, and private air ambulance services. The two paved runways (5/23 @ 5,290' and 14/32 @ 5,000') will support jets including the G4 and Challenger series. Naples airport is tower controlled and fully certified for commercial operations and is home to several aircraft charter services and flight training schools. In 2005, Naples Municipal Airport accommodated 163,434 aircraft operations, a record high. Annual operations decreased by nearly 50% from 2005 to 2011. The total operations for 2020 were 104,479, which is a 5.2% increase from the previous year. Due to its downtown location, Naples airport has restricted operations of the noisiest jet aircraft and is at the leading edge of noise abatement measures.

The Collier County Airport Authority owns and operates airports at Marco Island, in Everglades City, and at Immokalee. These are primarily funded through fuel sales and hangar leases. Marco Island Airport (MKY) is a very small (64.47 acres) general aviation facility on the mainland four miles northeast of Marco Island. The single paved runway (17/35 @ 5,000') will support light jet traffic. Hanger and ramp space is very limited. Fuel is

available. This airport is convenient to Marco Island residents and to the corporate convention business of the Island hotels. Immokalee Regional Airport (IMM) is one mile east of Immokalee and 35 miles by road northeast of Naples. This 2 square mile airport has two paved 5,000-foot runways (18/36 and 09/27) a third diagonal runway is now used as a weekend drag racing strip. The airport is in the Florida Rural Enterprise Zone and a HUB Empowerment Zone. A 60-acre zone in and around the airport is a designated Foreign Trade Zone. To date, the economic potential of this airport is largely unrealized. However, the field is active as a training destination for coastal-based flight schools, it hosts aerial firefighting and crop-dusting operations, and it bases numerous private aircraft. The Everglades Airpark (X01) is a light duty general aviation facility of 29.14 acres that is within walking distance of downtown Everglades City. The single paved strip (15/33 @ 2,400') supports itinerant coastal traffic and half a dozen-based aircraft. Fuel, a comfortable pilot center and bicycles are available.

The aviation community Is well supported. The greater Naples area is the beneficiary of the winter season influx of corporate executives and affluent individuals who can afford luxury private jet travel.

MARINE TRANSPORTATION

There is no deep-water port and no commercial marine activity other than that associated with commercial fishing, charter sport fishing, and the marine towing services that support the pleasure boat industry. The controlling depth to the municipal dock in Naples Bay is six feet at mean low water. The US Coast Guard maintains a dredged and well-marked intracoastal waterway from the head of Naples Bay to Coon Key southeast of Marco Island. Local geography requires vessels northbound from Naples to transit 30 miles of the Gulf of Mexico before returning to the sheltered intracoastal system at Sanibel Island. According to the Marine Industries Association of Collier County, as of early 2018 there were 57,685 registered vessels in Southwest Florida. In 2022, Florida registered over 1 million recreational boats. Seasonally, excursions from Marco Island to Key West and from Ft. Myers Beach to Key West are scheduled daily.

EDUCATION

The Collier County School District provides public education to about 47,000 students encompassing grades K-12 and employs almost 7,000 people of which 3,200 are teachers. The district has 51 public schools consisting of 31 elementary, 10 middle, 8 high schools, one K-12 (Everglades City School), and 1 virtual school. There are also 12 alternative school programs and two technical colleges, Lorenzo Walker Technical College, and Immokalee Technical College, which offer short term and long-term training to adults and high school students.

Between 2015 and 2020, the school district had an overall population growth of more than 6,000 students but recently student population growth has leveled off and slightly

decreased. The student population is a diverse culture. 55% of students live in homes where English is not the first language. Students come from 76 different countries of origin and speak 104 different languages.

Collier County School District continues to receive an "A" grade by the State of Florida Department of Education. The district and all schools are accredited by the Southern Association of Colleges and Schools Council. Collier County is the leader in Florida in educational technology. It is also a leader in advanced educational programs, offering dual enrollment and Advance Placement courses, Cambridge Advanced International Certificate of Education and Laureate diplomas. Career training is available through 32 career academies.

In addition to the public-school system, there are numerous private schools throughout the county. Approximately, 16% of all K-12 students in Collier County are educated in private schools.

Collier County is also home to several colleges and accredited universities. Three colleges have campuses in Collier County: Ave Maria University, Keiser University and Florida Southwestern State College (formerly Edison Community College). Ave Maria University is a private catholic university that offers both undergraduate and graduate programs including a law school has around 1,245 students. Keiser University is a private university that offers both undergraduate and graduate programs to over 17,990 students throughout 20 campuses in Florida and an online learning program. Florida Southwestern State College with campuses in Naples, Punta Gorda, and Ft. Myers, offers both two-year and four-year degree programs for 14,714 students. Formerly located in Naples, now in Fort Myers, Hodges University is a private four-year college that offers bachelor's and master's degrees in 20 disciplines for around 1,676 students. Nearby Florida Gulf Coast University (located in southern Lee County) is one of the state's fastest growing institutions and home to over 16,000 students.

CONCLUSION

At the southerly limit of urban development on Florida's west coast, Collier County offers the climate, natural resources, and sporting opportunities to support a superb retirement community. The quality of infrastructure, schools, and social services is what one would expect of such an area. We are experiencing a surge in new development projected to take us through the next several years. In the long term, the attractions of the climate and location, and the stability of fixed-account affluence promise continuing prosperity although probably without the strong emphasis on new development.

MARKET AREA

Market Area is defined as:

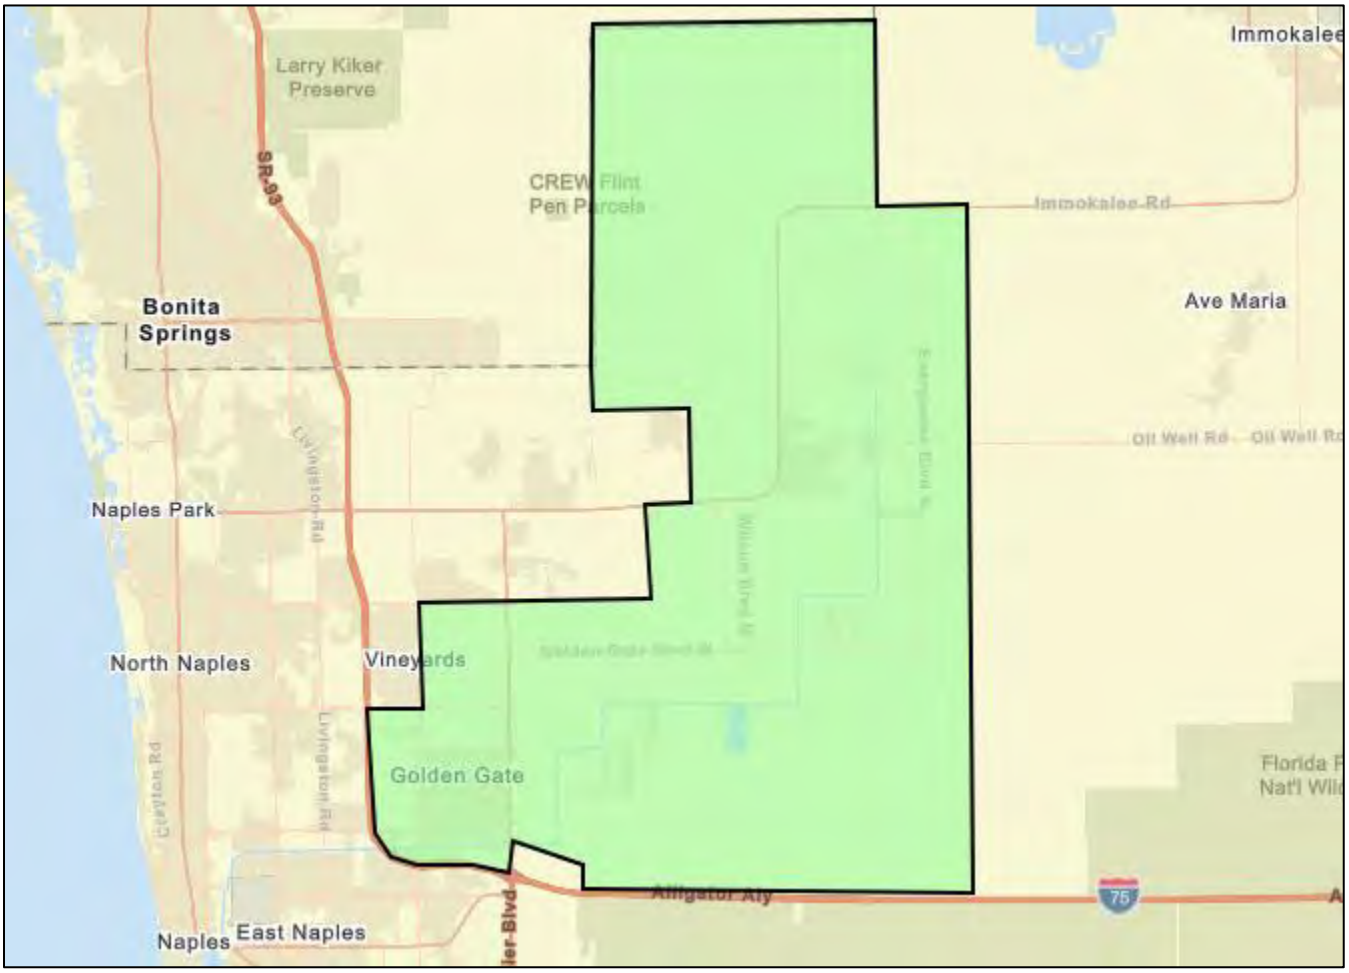
"The geographic region from which a majority of demand comes and in which the majority of competition is located." (*The Dictionary of Real Estate Appraisal 7th Edition*)

"A market area is defined in terms of the market for a specific category of real estate and thus is the area in which alternative, similar properties effectively compete with the subject property in the minds of probable, potential purchasers and users." (*The Appraisal of Real Estate 15th Edition*)

A market area includes those surrounding land uses which impact the value of a property and it can encompass one or more neighborhoods or districts. An appraiser focuses on the market area in analyzing subject property value influences.

BOUNDARIES

The subject property is located within the Golden Gate area of Collier County. For appraisal purposes, the Golden Gate or market area boundaries are shown below:



Introduction

The portion of Golden Gate within this market area is approximately 157 square miles in size. Three separate land uses are worth noting. Golden Gate City, which is not incorporated, is a 4-square mile development of high residential density consisting of both single-family and multifamily units. Commercial services for this market area are centralized here. The rural estates consist of approximately 116 square miles and is zoned for estate living. This low-density development serves a rural lifestyle desired by many in the area. A third area, Orange Blossom PUD located on Immokalee Road, is a 4-square mile residential subdivision with commercial support near the Immokalee Road and Randall Boulevard intersection. It is approximately 80% developed with primarily single-family units. Collier County Fairgrounds, a high school, middle school, and elementary school are located here.

Demographics for Golden Gate City and rural estates will be discussed separately, where appropriate, Data for Orange Blossom PUD will be included in the rural estate's demographics.

Environmental Influences

This area is desired because of mild winter weather and rural lifestyle. Even though it is inland from the coast there is still easy access to miles of beaches. The Naples area is one of the very few in Florida that offers adequate public access to a mainland beach. The subtropical weather allows for year-round recreational opportunities. Boating, swimming, riding ATVs, and camping are popular activities. Bicycling, walking and jogging are supported by an extensive network of connected biking and walking paths. Multiple tennis and pickle ball courts are available, as well as fitness centers.

Golden Gate is known for its clean environment and healthy lifestyle. Residents are drawn to the rural estates because of wooded lots, native vegetation and abundance of wildlife. Agriculture uses are permitted; therefore, equestrian activities are common throughout the estates. Golden Gate City is an urban area served by county parks and a biking/walking path network.

Governmental Influences

This market area, including Golden Gate City, is governed by Collier County Board of County Commissioners which serves as chief legislative body and five constitutional officers: sheriff, clerk of courts, tax collector, supervisor of elections, and property appraiser. County government is managed by a strong county manager structure. Collier County provides services which range from average to high quality. However, Collier County is known for being a difficult county for building and development. The tax burden in Collier County is lower than the national average.

County government has zoning, and comprehensive plan ordinances designed to protect the character and values of property; to protect and enhance economic development; and to maintain and enhance the attractive nature of the area.

Public services include fire protection, solid waste disposal, potable water, sanitary sewer service and storm water drainage. In some areas of Golden Gate Estates where sanitary sewer is not available, septic systems are permitted. Public/private companies proved adequate services for electricity, cable, and internet. Community support facilities such as schools, parks, churches, shopping, and places of employment are all located within this market area.

Collier County Sheriff Department provides a full range of services for Collier County. According to the 2022 statistics listed by the Collier County Sheriff's Office, Collier County has one of the lowest crime rates in Florida. The county averages are representative of conditions in the Golden Gate area.

This market area is served by several arterial roadways. All are six-lane divided highways with landscaped medians. Improvements include street lighting and concrete curb and gutter. North-south arterial roadways include Santa Barbara Boulevard which connects Rattlesnake Hammock Road to Immokalee Road and Collier Boulevard (SR-951) which is a major arterial linking Marco Island in south Collier County with Immokalee Road near the north county line. Development along Collier Boulevard is a mixture of single/multi-family residential, office, light industrial, institutional, and retail.
The Collier Boulevard thoroughfare anchors a grid of arterial roads spaced about 2 miles apart, that serve the greater Naples coastal community which lies to the west and has direct access to I-75.

East-west arterials include Golden Gate Parkway, Pine Ridge Road, and Immokalee Road. Each one provides direct access to Interstate I-75. Development along Pine Ridge Road is mainly developed with single family homes and institutional uses. Golden Gate Parkway and Immokalee Roads have a mixture of single/multi-family residential, office, industrial, institutional, and retail uses. Another east-west arterial is Vanderbilt Beach Road which is a direct connection between the Golden Gate area and the Naples beaches. Construction has begun on the Vanderbilt Beach Road Extension, which will be extended to Wilson Boulevard.

Interstate I-75, which connects Collier County to both North Florida and Florida's east coast, serves this entire market area and access is provided by three interchanges.

The arterial road system is laid out in a grid pattern that provides adequate traffic flow to all areas of the county. Commercial development exists at every major intersection; but the intersections are designed with proper turns lanes and signaling to provide for adequate

traffic movement. The road network easily handles traffic demand in the off-season, May through December. Traffic more than doubles in January, February, March and April because of seasonal residents and tourists. Even with exceptionally heavy traffic, the road network usually handles peak traffic demand without major delays.

The rural estates are served by a grid of residential streets and collector roads. The residential streets, which are two-lane roads with open swales, are located every quarter mile. Most these roads are paved; however, some residential streets located along the eastern edge of this market area have yet to be improved. The residential streets feed into collector roads, which connect to the major arterial highway system. The collector roads include Santa Barbara Boulevard, Golden Gate Boulevard, Wilson Boulevard, Everglades Boulevard, Randall Boulevard and Oil Well Road. They are four to six-lanes in the more populated areas, transitioning to two-lanes in the eastern section of this market area.

Public transportation is provided by a county transit bus service.

Naples Municipal Airport is located outside the market area but is easily accessed by any resident of the area. The airport is City owned but operated by the independent Naples Airport Authority. It serves private and commercial aviation, as well as aviation related activities. It supports government services, such as, Mosquito Control District and Collier County Sheriff's aviation unit.

Located within the market area is the Paradise Sports Complex developed by Collier County. The 60+ acre site is designed with 19 fields to accommodate football, soccer, field hockey, lacrosse, baseball, and others. There is a 13-acre lake with a beachfront, food-truck area, a market space, a large lawn, a championship stadium with seating capacity for 3,500 and an indoor fieldhouse. The total budget for the project was approximately $80 million dollars. Adjacent to the Paradise Sports Complex will be the proposed Great Wolf Lodge South Florida which is projected to be completed in the spring/summer of 2024. The hotel is situated on 20 acres and will feature 500 family-friendly suites and an expansive 100,000-square-foot indoor water park.

Social Influences

Golden Gate City is a diverse community of entry level housing. Residents like the small town feel and consider it a safe place to raise a family. Residential is approximately 95% built out. Rural estates are attractive for their quiet country living while being in close proximity to all that the coastal community has to offer. Build out varies in the rural estates from 95% in the western portion of the market area to 40% or less in the southeastern location. Per US Census Bureau forecasts, the 2022 population is 78,769 with a projected growth to 81,893 (0.78% annual growth) by 2027. This area experiences a lower seasonal population increase during the winter months than other areas of Collier County.

The median age is 36.7 with 73.7% of the population being 54 and younger. The median household income is $83,679. 25.6% have a bachelor's or professional degree and 24.7% have some college education. There is an average degree of community involvement through civic organizations, neighborhood groups, social service organizations and political committees.

The Naples cost of living is 11.9% higher than the average cost of living in the United States. Conversely, Florida has a cost of living that is 1% higher than the US average. Of the 25 locations included in the Economic Policy Institute's dataset for Florida, Naples-Marco Island is the 21st most expensive. In Naples, housing is the category with the highest index (21% above national average), while taxes are the category with the lowest index (15% below national average). (Ref. Careertrends.com; cost of living analysis). Golden Gate has some of the highest density of affordable housing units in Collier County, but because of the high cost of living, home values can still be out of reach for many moving into Collier County.

One of the main driving forces impacting growth in this area is the quality of schools. This market area has 15 public schools: two high schools, three middle schools, nine elementary schools, and three Charter schools. In addition to the public school system, there are three, faith-based private schools.

Economic Influences

The population increased 20.07% over the last 12 years or 1,097 people per year. The population is forecasted to increase an additional 3.97% over the next five years for an average of 625 people per year. This trend is consistent with the past twenty years and should continue into the near future as buildout continues along the eastern edge of this market area. The residential population is dominated by working class and young professional residents. Comparatively, incomes within this market area are less than the county average.

Development trends:

Residential

This market area provides a large range in home values from entry level housing to million-dollar estates and is the greatest source of vacant residential lots in the county. Values in Golden Gate City should remain consistent subject only to general market trends. Values in the eastern rural estates will increase as buildout in the units closest to the coast continues.

The average home value in the market area is $384,105 which is considerably lower than the County's average home value of $567,449. The total number of households in the market area is 27,440, of which, 69.9% are owner occupied, 22.8% renter occupied and 7.3% vacant. Vacancy includes seasonal rentals.

Commercial

Commercial development can be categorized into four different groups. Primary commercial is in Golden Gate City. Second group is newer construction at the arterial road intersections. Third is neighborhood commercial within the rural estates. Fourth is the industrial commerce park near Collier Boulevard and the I-75 interchange.

Golden Gate City is the commercial center serving this market area. Santa Barbara Boulevard, north of Golden Gate Parkway, has a mixture of multi-family residential and commercial along the east side of the road. Commercial consists of older single story, single user buildings and 4 to 8 unit retail plazas. Businesses include daycare/ preschools, neighborhood food mart and gas stations, construction company offices, barber shops and beauty salons and small restaurants. Golden Gate Parkway has a mixture of multi-family and commercial development along both sides of the roadway. Newer commercial consists of CVS and Walgreens, carwashes, bank branches and national fast food restaurants. There are three older shopping centers, anchored by Winn Dixie and by Ace Hardware. Single story commercial structures and strip centers house neighborhood businesses such as barber shops and beauty salons, florists and jewelers; veterinary services and family medical clinics; and small locally-run restaurants and food marts. Several businesses consist of automotive support such as gas stations, oil chance and car washes. Professional services are primarily located in executive suites located near Santa Barbara Boulevard.

The Quality Inn Hotel & Golf Course located at the southwest corner of Golden Gate Parkway and Collier Boulevard was purchased by Collier County in 2019. A lease agreement was signed with BigShots Golf in May 2021 who planned to redevelop the 165 acres with a 12-hole public golf course and a BigShots entertainment facility. The project has still not yet broke ground.

Commercial frontage along the west side of Collier Boulevard south of Green Boulevard is very similar to commercial along Golden Gate Parkway in building size, age and use. The exception is that there is a greater density of national food chains. The second-tier commercial properties, without major road frontage, are developed with single story warehouse-type structures housing service-oriented businesses.

Newer commercial development is located along Collier Boulevard where it intersects Pine Ridge Road and Vanderbilt Beach Road. Each intersection has a shopping center anchored by either a Publix or Winn-Dixie supermarket. Out parcel development includes bank branches and gas station/convenience stores and national pharmacies.

Commercial development in the rural estates is limited because residents have orchestrated an ongoing effort to prohibit commercial development in the residential areas. The only neighborhood commercial locations are at the intersection of Wilson Boulevard and Golden

Gate Boulevard, Everglades Boulevard and Golden Gate Boulevard, and at Randall Boulevard and Immokalee Road.

The Randall Boulevard and Immokalee Road intersection is where the majority of commercial development is occurring. There is a Publix anchored shopping center on the east side of the road. Located along the western curve of Immokalee Road is approximately 50 acres that is current being developed and will be known as Randall at Orangetree. Upon completion, the development will include a 400-unit apartment complex and about 350,000 square feet of commercial space.

Industrial

Industrial/commercial developments are in the northeast quadrant of I-75 and Collier Boulevard interchange. White Lake Industrial Corp Park is one of Collier County's three primary industrial parks. The White Lake Industrial Park contains 144.4 acres and is approved for 7.80 acres of commercial and 77 acres of industrial. White Lake consists of newer, good quality flex and warehouse properties and it is home to some of the largest manufacturing facilities within the county. It is approximately 85-90% built-out.

City Gate Commerce Center contains 288 acres zoned for 2,950,000 S.F. of commercial, light industry, office, warehouse and distribution. The site has over 3,000 feet of frontage on Collier Boulevard where a gas station, a 102 room Spring Hill Marriott Hotel and a 100 room Fairfield Inn Marriott have been constructed. The Paradise Sports Complex was also recently completed. A developer (Uline) recently completed the development of a 936,950-square-foot Distribution Center on approximately 102.68 acres of land within City Gate. There is also an Amazon Distribution Center near the corner of Davis and Collier Blvd.

Medical

None of Collier County's major medical facilities are located within this market area. The only major medical center/hospital servicing this area is the Physicians Regional Medical Center located along Pine Ridge Road, just east of Interstate 75. This is a 201-bed facility and is one of the county's four major medical centers. The hospital offers a 24-hour emergency department that provides a full range of traditional emergency services. An additional NCH emergency room facility was completed at the northeast corner of Collier Boulevard and Immokalee Road. This is a two-story 19 room, state of the art emergency room with additional medical space for practicing physicians. The facility was built to help service the rural estates and all the new residential units being constructed along Collier Boulevard and Immokalee Road. Physicians Regional recently completed a similar facility at the southeast corner to serve all the new residential development along Immokalee Road and the Golden Gates Estates community. Encompass Health Rehabilitation Hospital of Naples is a recently completed 50-bed rehabilitation hospital along Collier Boulevard, north of Vanderbilt Beach Road.

April 27, 2023

Construction, education, and retail trade dominate the market area business sector.

MARKET AREA LIFE CYCLE

Market areas often pass through a four-stage life cycle of growth, stability, decline, and revitalization.

- **Growth – A period during which the market area gains public favor and acceptance.**
- **Stability – A period of equilibrium without marked gains or losses.**
- **Decline – A period of diminishing demand**
- **Revitalization – A period of renewal, redevelopment, modernization and increasing demand.**

Most of the real estate activity in Golden Gate reflects the growth cycle. The residential and commercial markets continue to be strong. The growth cycle is expected to continue into the near future. Because of the age of the structures, the western portion and the city center are just beginning to experience some revitalization.

CONCLUSION

This continues to be one of the most affordable market areas in Collier County. The houses within the city center provide entry level housing and the rural area satisfies the desire for larger lot sizes and rural lifestyle. A well-designed road network provides easy access to jobs serving the coastal community; coastal beaches and water activities; entertainment endeavors; and commercial and medical services. This area appeals to a cross section of the population but primarily to working-class families. Development continues to push north and east where vacant lots still exist. Golden Gate will likely continue to enjoy a healthy growth while maintaining its affordability.

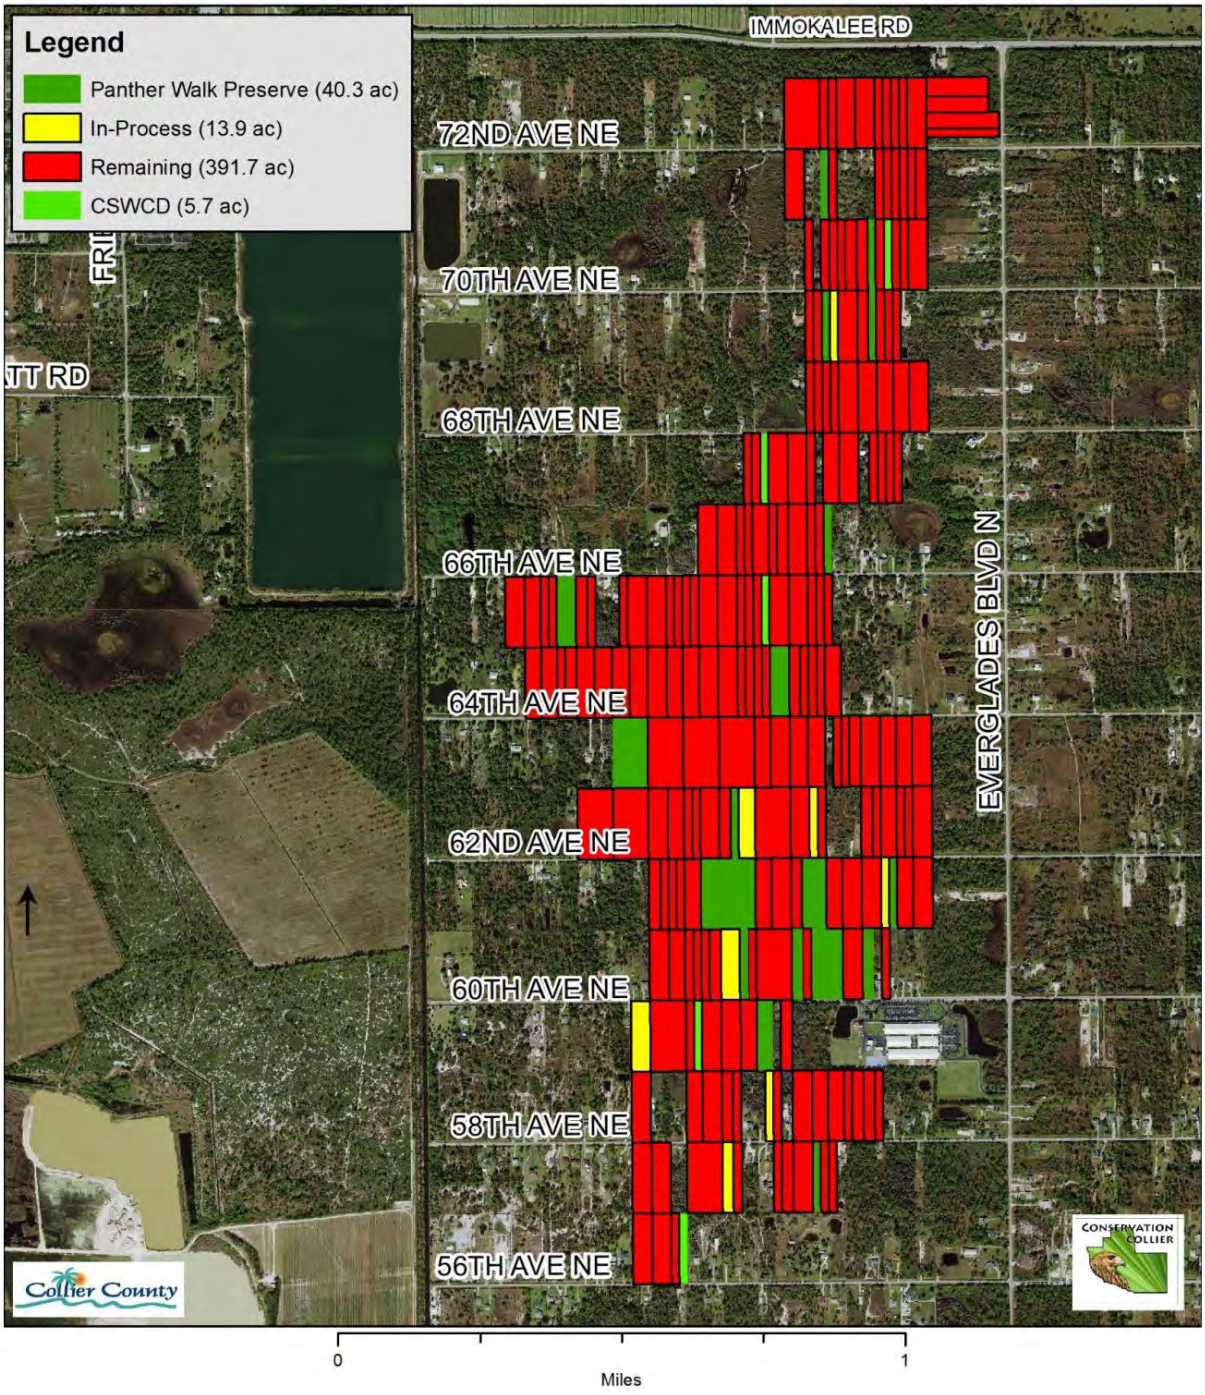
Conservation Collier Property Summary
Panther Walk Preserve Multi-Parcel Project

Cycle 12A

Conservation Collier Panther Walk Preserve Parcel Status July 2023



SITE DESCRIPTION – PANTHER WALK PRESERVE	
Summary	Panther Walk consists of a total of 262 parcels or a total of 513.07 acres. The parcels are located in northern Golden Gate Estates, west of Everglades Boulevard and stretch from Immokalee Road south to the south side of 56th Avenue NE.
Parcel ID#& Owners	There are a total of 200 parcels or a total of 390.10 acres that Collier County is considering purchasing. A complete list of the parcels is included in the addendum of the report.
Size	The parcels range in size from 1.14 to 7.62 acres.
Shape	All the parcels are rectangular in shape.
Access	All parcels have legal and physical access along paved roads. The parcels are accessible from Everglades Boulevard North, 72nd Avenue NE, 70th Avenue NE, 68th Avenue NE, 66th Avenue NE, 64th Avenue NE, 62nd Avenue NE, 60th Avenue NE, 58th Avenue NE, and 56th Avenue NE.
Topography	The properties are generally level.
Ground Cover	The majority of the properties are covered in native and exotic vegetation and have never been cleared. I was provided with a Conservation Collier Initial Criteria Screening Report Panther Walk TPMA dated August 3, 2022 and updated August 26, 2022. The parcels are located within the Horse Pen Strand with most containing wetlands. The parcels consist of a mixture of vegetative communities including cypress strand forest, cypress/mixed hardwood forests, oak/pine hammock, wet prairie, and pine flatwoods.
Utilities	Electricity, telephone and TV cable are available. The properties are serviced by well and septic.

ENVIRONMENTAL CONTAMINATION	
Observed Contamination	None
Noted Concerns	None
Environmental Assessment Available	No
Impact on Value	None
Disclaimer	Unless otherwise stated in this report, the existence of hazardous substances or environmental conditions including but not limited to asbestos, polychlorinated biphenyls, petroleum leakage, agricultural chemicals, urea formaldehyde insulation, lead paint, toxic mold, et cetera, which might or might not be present in or on the property were not called to the attention of the appraiser. Such tests were not in the appraiser's required scope of work, the appraiser is not qualified to test for such substances and conditions and the appraiser is not qualified to render professional opinions in this specialty area. No responsibility is assumed for any such conditions that might exist, or for the knowledge and expertise required to discover them.

NATURAL RESOURCE CONCERNS	
Condition of subject	The majority of the properties are covered in native and exotic vegetation and have never been cleared. I was provided with a Conservation Collier Initial Criteria Screening Report Panther Walk TPMA dated August 3, 2022 and updated August 26, 2022. The parcels are located within the Horse Pen Strand with most containing wetlands. The parcels consist of a mixture of vegetative communities including cypress strand forest, cypress/mixed hardwood forests, oak/pine hammock, wet prairie, and pine flatwoods. All plant and animal communities are of interest and concern. To a greater or lesser degree depending on the species and the quality of habitat they occupy, plants and animals inhabiting the property will invoke some level of scrutiny and will result in some cost during the permitting process.
Natural Resource Audits Available	Yes
Impact on Value	N/A
Disclaimer	Specialized natural resource audits were not in the appraiser's required scope of work, the appraiser is not qualified to conduct such audits and the appraiser is not qualified to render professional opinions in this specialty area. No responsibility is assumed for any extraordinary natural resource concerns, or for the knowledge and expertise required to discover them.

FUTURE LAND USE	
Ordinance or Plan	Collier County
Future Land Use Designation	GGE- Golden Gate Estates Residential Estates Subdistrict
Purpose of Designation	The Estates Land Use Designation encompasses lands which are already subdivided into semi-rural residential parcels (2.25 acres as an average) essentially consisting of the Golden Gate Estates Subdivision. The area is identified as having potential for population growth far removed from supportive services and facilities. Expansion of the area shall be discouraged. Refer to the Golden Gate Area Master Plan for siting criteria and development standards for specific land uses. Under the Estates future land use designation there is no provision for a conditional use and therefore a conditional use approval requires an amendment to the GGAMP.

ZONING	
Ordinance or Land Development Code	Collier County
Zoning	E- Estates
Purpose or Intent of Zoning	The subject is zoned "E" – Estates District. The purpose and intent of the Estates district is to provide lands for low density residential development in a semi-rural to rural environment. In addition, several conditional uses including churches, social and fraternal organizations, child care centers, private schools, and group care facilities are available under conditional use provisions. Permitted uses include single-family dwellings and Family Care Facilities, and public schools. Conditional uses permissible in the Estates district include churches and other places of worship, social and fraternal organizations, child and adult care centers, schools and group care facilities. These conditional uses are strictly regulated. Below are the development requirements as set forth in the Estate Zoning District: Minimum Lot Area: 98,010 square feet or 2.25 acres Minimum Lot Width: 150 feet Minimum Front Yard Setback: 75 feet minimum Minimum Side Yard Setback: 30 feet Minimum Rear Yard Setback: 75 feet Maximum Building Height: 30 feet
Overlay District	None.

HIGHEST AND BEST USE

DEFINITION

The Dictionary of Real Estate Appraisal, 7th Edition, published 2022 by the Appraisal Institute, defines Highest and Best Use as:

The reasonably probable use of property that results in the highest value. The four criteria that the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity.

METHOD

There are four criteria that must be met in order for a use to be the highest and best use for a given property. The highest and best use must be:

- Legally permissible.
- Physically Possible.
- Financially feasible.
- Maximally productive.

Ordinarily these criteria are considered sequentially, each step narrowing the range of alternative uses being considered.

ANALYSIS

SITE AS THOUGH VACANT

Legally Permissible – All parcels are zoned E-Estates with a future land use of Residential Estates. The purpose and intent of the E-Estates district is to apply to an area of low-density single-family residences in a semi-rural environment and permits all necessary residential activities as well as the keeping of limited agricultural animals as specified in this division.

Physically Possible: The sites are level and at or slightly below road grade and could be developed as a single-family home sites. The location, surrounding land uses, and the size of the properties suggest some type of single-family use. Due to the potential presence of wetlands on the sites, mitigation could be required to develop single-family residences on some of the properties.

Financially Feasible: The financial feasibility of single-family residential development is good. The single-family residential market continues to be strong, especially new construction. Single-family residential development is financially feasible.

Although it is not an economic use, acquisition of lands in the area by Collier County is encouraged for habitat preservation and conservation.

Maximally Productive: The maximally productive use is that the wetlands be mitigated, and the properties developed with single-family residences, or the properties be purchased for preservation, conservation, and restoration.

CONSIDERATION OF APPROACHES

Only the sales comparison approach is appropriate for these vacant parcels.

SALES COMPARISON APPROACH

INTRODUCTION

In the sales comparison approach, the subject property is compared with similar properties that have sold recently or for which listing prices or offering prices are known. Data from generally similar properties is used, and comparisons are made to demonstrate a probable price at which the subject property would sell if offered on the market. This approach is particularly strong when comparable sales data is plentiful and there is good conformity among properties in the neighborhood.

Following is the procedure to be followed in developing this approach:

1. Research the market to gather information on sales, listings, and offers to purchase properties similar to the subject.

2. Verify the information as to factual accuracy and arm's-length market considerations.

3. Identify relevant units of comparison and develop a comparative analysis for each unit.

4. Compare the subject with comparable sale properties using elements of comparison and adjust the sale price of each comparable appropriately.

5. Reconcile the various value indicators produced from the analysis of comparables into a single value indication or a range of values.

The outline above is developed in detail on the following pages.

PANTHER WALK (1.14-2.73 ACRES)

Collier County is interested in determining a per acre value for the various tiers for the Panther Walk Preserve Area to assist them in acquiring parcels for the Conservation Collier land preservation program. The price per acre will be estimated for the various tiers for parcels ranging in size from 1.14 acres-2.73 acres and 2.74 acres-5.00 acres.

Tiers

I. Up to 25% Wetlands
II. 26-50% Wetlands
III. 51-75% Wetlands
IV. 76-100% Wetlands

SALES DATA

A search was made for sales of land comparable to the subject parcels. The intention was to find comparable sales in similar locations that offer similar functional utility. A total of 20 comparable sales were identified as the best available for analysis.

Price per acre of gross land area was developed as the unit of comparison, since that is the unit best suited to the analysis, and the one most often utilized by local buyers, sellers, and brokers of land similar to the subject parcel. Due to the location and physical characteristics, I elected to bracket the subject within the range indicated by comparables. This is preferable to a conventional adjustment process where the magnitude of adjustments is likely to be great, and there is little support for specific adjustments.

Comparable land sales grids are given on the following pages. Each comparable is identified by a number which will be used for reference throughout the report. Each comparable is identified on the location map immediately following this page.

DISCUSSION OF ADJUSTMENTS

Usually, comparable sale properties are not exactly like the subject property. If a typical buyer would perceive the difference to be significant, then adjustment(s) must be made to the comparable sales so that in the end each offers a realistic indication of value for the subject. Adjusting comparable sales is a two-step process.

First, adjustments are made so that all of the comparable sales meet the standard of a "market" transaction as outlined in the definition of market value. Customarily, the first group of adjustments is made before the comparables are reduced to a common unit of comparison. Included at this stage are adjustments to bring historic sales current to the appraisal effective date.

The second group of adjustments is made after an appropriate unit of comparison is chosen. These adjustments account for physical differences like location, physical characteristics and size. Sometimes adjustment is required for differences in the permitted land use (zoning) or in the availability of public service (infrastructure). When the adjustment process is complete, the unit value indications are reconciled and converted into an estimate of value for the subject.

REAL PROPERTY RIGHTS CONVEYED

This adjustment category is intended to account for the interest, benefits, and rights inherent in the ownership of real estate. This category reflects the impact on value caused by the fee simple versus the leased fee interest or the contract rent as opposed to market rent.

- None of the comparable sales required adjustment in this category.

CONDITIONS OF SALE

This adjustment category is intended to account for a variety of factors that might affect the purchase price.

- None of the comparable sales required adjustment in this category.

BUILDING IMPROVEMENTS

This category of adjustment is intended to account for the positive or negative contribution to value of building improvements included with the sale of the land. Buildings that made a positive contribution to the sale price require a negative adjustment. Buildings that were demolished and removed require a positive adjustment to account for demolition costs which are treated as part of the purchase price.

- None of the comparable sales required adjustment in this category.

FINANCING

Adjustments in this category are intended to account for unusual terms of financing that are not considered equivalent to cash or conventional financing.

- None of the comparable sales required adjustment in this category.

MARKET CHANGE

This adjustment is intended to account for changes in value due to the ebb and flow of market forces over time.

- The comparables occurred between 2023 and 2024, which market conditions continue to improve. The vacant lot sales from the prior 12 months within the market boundaries of Immokalee Road to the north, Desoto Boulevard to the east, Oil Well Boulevard to the south, and Golden Gate Canal to the west, were plotted on a graph by median sale price. The median sale price in August 2023 was $85,000 and the median sale price in July 2024 was $92,000 indicating an increase of 8.2% or 0.68% per month.

I also analyzed recent paired sales in the submarket area which indicate positive market change. Land values continue to appreciate due to the demand for affordable

residential land. The buyers include a mix of individuals who plan to build a home, investors, and speculative home builders.

Giving consideration to all of the above, I applied a market change rate of 0.50% per month or 6.00% annually.

LOCATION/ACCESS/EXPOSURE

This category of adjustment reflects the impact on value caused by the advantages or disadvantages of a given location.

- None of the comparable sales required adjustment in this category.

UTILITIES/INFRASTRUCTURE

This category of adjustment references the availability and adequacy of the road system, the public was distribution system and the public wastewater collection system of each comparable property as that compares with the same services available to the subject property.

- None of the comparable sales required adjustment in this category.

COMPREHENSIVE PLAN/LAND USE

This category of adjustment accounts for differences in the potential land uses (Comprehensive Plan) or in the specific uses (Zoning) to which a property could be developed. Differences in value between the subject property and comparable sales might exist because their highest and best uses are different as a result of government regulation through zoning and land use controls.

- None of the comparable sales required adjustment in this category.

SIZE/SHAPE

This category of adjustment addresses the effect on the marketability of a given property, because its physical size/shape might limit the physical utility, or because the size and term of the financial investment required of an investor/speculator is such that the unit price is reduced.

- None of the comparable sales required adjustment in this category.

PHYSICAL CHARACTERISTICS

This category of adjustment reflects the physical aspects of a property that impact its use for development. Physical characteristics included land elevation, soil conditions, drainage characteristics, threatened or endangered plant and animal species on the property and the extent and density of covering vegetation.

- I was provided with the Conservation Collier Initial Criteria Screening Report Panther Walk TPMA dated August 3, 2022 and updated August 26, 2022. The parcels are located within the Panther Preserve with most containing wetlands. The higher the quality of the wetlands, the higher the mitigation costs. The parcels consist of a mixture of vegetative communities including cypress strand forest, cypress/mixed hardwood forests, oak/pine hammock, wet prairie, and pine flatwoods.

- I analyzed aerials, reviewed the listing history, and interviewed brokers, buyers and sellers to determine the wetlands associated with the Comparable sales.

  No adjustments were made for physical characteristics and instead the comparables were bracketed with some being superior, similar, and inferior.

RECAPITULATION OF DATA

After making the adjustments discussed above, the comparable sales indicated the following unit values:

UP TO 25% WETLANDS

Comparables	Price Per Gross Acre of Land Area
1	$89,274
2	$71,070
3	$64,147
4	$65,662
5	$61,811

The range of unit value indications is from $61,811 to $89,274 per acre with an average of $70,393 per acre and a median of $65,662 per acre. Comparable 1 is a high indicator and the average of Comparables 2, 3, 4, and 5 is $65,672 per acre.

Based on the range, I concluded to a unit value of $65,000 per acre.

26-50% WETLANDS

Comparables	Price Per Gross Acre of Land Area
6	$58,920
7	$43,669
8	$50,661
9	$45,991
10	$46,966

The range of unit value indications is from $43,669 to $58,920 per acre with an average of $49,241 per acre and a median of $46,966 per acre. Comparable 6 is a slight outlier and the average of Comparables 7, 8, 9, and 10 is $46,822 per acre.

Based on the range, I concluded to a unit value of $47,000 per acre.

51-75% WETLANDS

Comparables	Price Per Gross Acre of Land Area
11	$25,539
12	$33,683
13	$42,098
14	$36,063

The range of unit value indications is from $25,539 to $42,098 per acre with an average of $34,346 per acre and a median of $34,873 per acre. Comparable 11 is a low indicator and the average of Comparables 12, 13, and 14 is $37,281 per acre.

Based on the range, I concluded to a unit value of $37,000 per acre.

76-100% WETLANDS

Comparables	Price Per Gross Acre of Land Area
15	$22,811
16	$29,731
17	$33,270
18	$46,030
19	$34,540
20	$31,223

The range of unit value indications is from $22,811 to $46,030 per acre with an average of $32,934 per acre and a median of $32,246 per acre.

Based on the range, I concluded to a unit value of $32,000 per acre.

FINAL ESTIMATE OF VALUE - PANTHER WALK (1.14-2.73 ACRES)

The final indications of value on a per acre basis as of July 12, 2024 are presented below.

Tier	**Amount of Wetlands**	**Price Per Gross Acre**
I	Up to 25% Wetlands	$65,000
II	26-50% Wetlands	$47,000
III	51-75% Wetlands	$37,000
IV	76-100% Wetlands	$32,000

PANTHER WALK (2.74-5.00 ACRES)

SALES DATA

A search was made for sales of land comparable to the subject parcels. The intention was to find comparable sales in similar locations that offer similar functional utility. A total of 19 comparable sales were identified as the best available for analysis.

Price per acre of gross land area was developed as the unit of comparison, since that is the unit best suited to the analysis, and the one most often utilized by local buyers, sellers, and brokers of land similar to the subject parcel. Due to the location and physical characteristics, I elected to bracket the subject within the range indicated by comparables. This is preferable to a conventional adjustment process where the magnitude of adjustments is likely to be great, and there is little support for specific adjustments.

Comparable land sales grids are given on the following pages. Each comparable is identified by a number which will be used for reference throughout the report. Each comparable is identified on the location map immediately following this page.

DISCUSSION OF ADJUSTMENTS

Usually, comparable sale properties are not exactly like the subject property. If a typical buyer would perceive the difference to be significant, then adjustment(s) must be made to the comparable sales so that in the end each offers a realistic indication of value for the subject. Adjusting comparable sales is a two-step process.

First, adjustments are made so that all of the comparable sales meet the standard of a "market" transaction as outlined in the definition of market value. Customarily, the first group of adjustments is made before the comparables are reduced to a common unit of comparison. Included at this stage are adjustments to bring historic sales current to the appraisal effective date.

The second group of adjustments is made after an appropriate unit of comparison is chosen. These adjustments account for physical differences like location, physical characteristics and size. Sometimes adjustment is required for differences in the permitted land use (zoning) or in the availability of public service (infrastructure). When the adjustment process is complete, the unit value indications are reconciled and converted into an estimate of value for the subject.

REAL PROPERTY RIGHTS CONVEYED

This adjustment category is intended to account for the interest, benefits, and rights inherent in the ownership of real estate. This category reflects the impact on value caused by the fee simple versus the leased fee interest or the contract rent as opposed to market rent.

- None of the comparable sales required adjustment in this category.

CONDITIONS OF SALE

This adjustment category is intended to account for a variety of factors that might affect the purchase price.

- None of the comparable sales required adjustment in this category.

BUILDING IMPROVEMENTS

This category of adjustment is intended to account for the positive or negative contribution to value of building improvements included with the sale of the land. Buildings that made a positive contribution to the sale price require a negative adjustment. Buildings that were demolished and removed require a positive adjustment to account for demolition costs which are treated as part of the purchase price.

- None of the comparable sales required adjustment in this category.

FINANCING

Adjustments in this category are intended to account for unusual terms of financing that are not considered equivalent to cash or conventional financing.

- None of the comparable sales required adjustment in this category.

MARKET CHANGE

This adjustment is intended to account for changes in value due to the ebb and flow of market forces over time.

- The comparables occurred between 2023 and 2024, which market conditions continue to improve. The vacant lot sales from the prior 12 months within the market boundaries of Immokalee Road to the north, Desoto Boulevard to the east, Oil Well Boulevard to the south, and Golden Gate Canal to the west, were plotted on a graph by median sale price. The median sale price in August 2023 was $85,000 and the median sale price in July 2024 was $92,000 indicating an increase of 8.2% or 0.68% per month.

I also analyzed recent paired sales in the submarket area which indicate positive market change. Land values continue to appreciate due to the demand for affordable

residential land. The buyers include a mix of individuals who plan to build a home, investors, and speculative home builders.

Giving consideration to all of the above, I applied a market change rate of 0.50% per month or 6.00% annually.

LOCATION/ACCESS/EXPOSURE

This category of adjustment reflects the impact on value caused by the advantages or disadvantages of a given location.

- None of the comparable sales required adjustment in this category.

UTILITIES/INFRASTRUCTURE

This category of adjustment references the availability and adequacy of the road system, the public was distribution system and the public wastewater collection system of each comparable property as that compares with the same services available to the subject property.

- None of the comparable sales required adjustment in this category.

COMPREHENSIVE PLAN/LAND USE

This category of adjustment accounts for differences in the potential land uses (Comprehensive Plan) or in the specific uses (Zoning) to which a property could be developed. Differences in value between the subject property and comparable sales might exist because their highest and best uses are different as a result of government regulation through zoning and land use controls.

- None of the comparables sales required adjustment in this category.

SIZE/SHAPE

This category of adjustment addresses the effect on the marketability of a given property, because its physical size/shape might limit the physical utility, or because the size and term of the financial investment required of an investor/speculator is such that the unit price is reduced.

- None of the comparable sales required adjustment in this category.

PHYSICAL CHARACTERISTICS

This category of adjustment reflects the physical aspects of a property that impact its use for development. Physical characteristics included land elevation, soil conditions, drainage characteristics, threatened or endangered plant and animal species on the property and the extent and density of covering vegetation.

- I was provided with the Conservation Collier Initial Criteria Screening Report Panther Walk TPMA dated August 3, 2022 and updated August 26, 2022. The parcels are located within the Panther Preserve with most containing wetlands. The higher the quality of the wetlands, the higher the mitigation costs. The parcels consist of a mixture of vegetative communities including cypress strand forest, cypress/mixed hardwood forests, oak/pine hammock, wet prairie, and pine flatwoods.

- I analyzed aerials, reviewed the listing history, and interviewed brokers, buyers and sellers to determine the wetlands associated with the Comparable sales.

  No adjustments were made for physical characteristics and instead the comparables were bracketed with some being superior, similar, and inferior.

RECAPITULATION OF DATA

After making the adjustments discussed above, the comparable sales indicated the following unit values:

UP TO 25% WETLANDS

Comparables	Price Per Gross Acre of Land Area
1	$48,046
2	$40,545
3	$50,860
4	$52,989
5	$46,796
6	$56,212

The range of unit value indications is from $40,545 to $56,212 per acre with an average of $49,241 per acre and a median of $49,453 per acre.

Based on the range, I concluded to a unit value of $49,000 per acre.

26-50% WETLANDS

Comparables	Price Per Gross Acre of Land Area
7	$26,446
8	$43,166
9	$32,841
10	$43,682
11	$45,554

The range of unit value indications is from $26,446 to $45,554 per acre with an average of $38,338 per acre and a median of $43,166 per acre. Comparable 7 is a low indicator and the average of Comparables 8, 9, 10, and 11 is $41,311 per acre.

Based on the range, I concluded to a unit value of $42,000 per acre.

51-75% WETLANDS

Comparables	Price Per Gross Acre of Land Area
12	$25,539
13	$39,281
14	$36,063
15	$29,252

The range of unit value indications is from $25,539 to $39,281 per acre with an average of $32,534 per acre and a median of $32,657 per acre.

Based on the range, I concluded to a unit value of $33,000 per acre.

76-100% WETLANDS

Comparables	Price Per Gross Acre of Land Area
16	$19,564
17	$35,321
18	$25,943
19	$34,455

The range of unit value indications is from $19,564 to $35,321 per acre with an average of $28,821 per acre and a median of $30,199 per acre.

Based on the range, I concluded to a unit value of $30,000 per acre.

FINAL ESTIMATE OF VALUE - PANTHER WALK (2.74-5.00 ACRES)

The final indications of value on a per acre basis as of July 12, 2024 are presented below.

Tier	**Amount of Wetlands**	**Price Per Gross Acre**
I	Up to 25% Wetlands	$49,000
II	26-50% Wetlands	$42,000
III	51-75% Wetlands	$33,000
IV	76-100% Wetlands	$30,000

ASSUMPTIONS AND LIMITING CONDITIONS

The certification of the appraiser appearing in this report is subject to the following assumptions and limiting conditions.

ACCEPTANCE OF AND/OR USE OF THIS APPRAISAL REPORT CONSTITUTES ACCEPTANCE OF ALL GENERAL AND EXTRAORDINARY ASSUMPTIONS AND LIMITING CONDITIONS.

EXTRAORDINARY ASSUMPTIONS AND LIMITING CONDITIONS

None

HYPOTHETICAL CONDITIONS

None

GENERAL ASSUMPTIONS AND LIMITING CONDITIONS

1. No responsibility is assumed for the legal description or for matters including legal or title considerations. Title to the property is assumed to be good and marketable.

2. The property is appraised free and clear of liens and encumbrances.

3. Responsible ownership and competent property management are assumed.

4. The information furnished by others is assumed to be true, correct and reliable. A reasonable effort was made to verify such information, but the appraiser bears no responsibility for its accuracy.

5. All engineering is assumed to be correct. The plot plans and illustrative material is included only to assist the reader in visualizing the property.

6. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that might be required to discover them.

7. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws.

8. It is assumed that the property is either in compliance with, or is "grandfathered" or "vested" under, all applicable zoning, use regulations and restrictions.

9. It is assumed that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, or national government or private entity or organization have been, or can be, obtained or renewed for any use on which the value estimate is based.

10. It is assumed that the utilization of the land and improvements is within the boundaries or property lines of the property described, and that there is no encroachment or trespass.

11. It is assumed that the subject site and improvements are not contaminated by any hazardous material or toxic substance. During the property inspection we were sensitive to obvious signs of contamination and we reported anything unusual. However, we are not qualified to render professional opinions regarding the existence or the nature of hazardous materials in or on the subject property. If a definitive opinion is desired, then the client is urged to retain an expert in the field.

12. The distribution of the total value in this report, between land and improvements, applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.

13. Possession of this report, or a copy thereof, does not carry with it the right of publication.

14. Unless previous arrangements were made, the appraisers, by reason of this appraisal, are not required to give further consultation, testimony, or to be in attendance in court.

Re: Real Estate Appraisal
Panther Walk Project Market Study
Generally within Golden Gate Estates Units 42, 44, and 47, Naples,
Collier County, Florida, 34120
Client File: PO Number 4500231940
RKL File Number: 2024-148

Dear Mr. Leonard:

At your request, RKL Appraisal and Consulting, PLC has prepared the accompanying appraisal for the above referenced property. The purpose of the appraisal is to estimate the market value on a price per acre basis within the area identified as the Panther Walk Project Area. A tier valuation will be provided as follows, four (4) per acre values for parcels between 1.14 acres – 2.73 acres and four (4) per acre values for parcels between 2.74 – 5.00 acres consisting of i) up to 25% wetlands, ii) 25-50% wetlands, iii) 50-75% wetlands, and 75-100% wetlands. The intended users for the assignment are Collier County Real Property Management (Conservation Collier Program), and the intended use of the appraisal is to assist Collier County in its determination of market value for the potential acquisition through the Conservation Collier Program. We use the appraisal report option of Standards Rule 2-2 of USPAP to report the assignment results.

Please reference the appraisal scope section of this report for important information regarding the scope of research and analysis for this appraisal, including property identification, inspection, highest and best use analysis, and valuation methodology.

The accompanying appraisal conforms with the Uniform Standards of Professional Appraisal Practice (USPAP), the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute, and the appraisal guidelines of Collier County. The appraisal also conforms with the appraisal regulations issued in connection with the Financial Institutions Reform, Recovery and Enforcement Act (FIRREA).

The subject market area is identified by Conservation Collier as Panther Walk. The Panther Walk targeted area contains 200 parcels totaling 390.1 acres within Golden Gate Estates Units 42, 44, and 47. The per acre values reported in this market study will be offered to property owners with 1.14 to 5.0 acre parcels. The parcels are located within the Estates zoning designation which allows for low density residential development with limited agricultural uses.

RACHEL M. ZUCCHI, MAI, CCIM

www.rklac.com

Based on the appraisal described in the accompanying report, subject to the Limiting Conditions and Assumptions, Extraordinary Assumptions and Hypothetical Conditions (if any), I have made the following value conclusion(s):

VALUE CONCLUSIONS

Appraisal Premise	Interest Appraised	Date of Value
Market Value, As Is	Fee Simple	July 18, 2024

	Indicated Value per Acre
Up to 25% Wetlands:	$50,000
25 - 50% Wetlands:	$44,000
50 - 75% Wetlands:	$37,000
75 - 100% Wetlands:	$32,000
Subject Size:	1.14 - 2.73 acres

	Indicated Value per Acre
Up to 25% Wetlands:	$41,500
25 - 50% Wetlands:	$37,000
50 - 75% Wetlands:	$32,000
75 - 100% Wetlands:	$26,500
Subject Size:	2.74 - 5.00 acres

The value conclusion(s) are subject to the following hypothetical conditions and extraordinary conditions. These conditions may affect the assignment results.

Hypothetical Conditions:	None.
Extraordinary Assumptions:	None.

Respectfully submitted,
RKL APPRAISAL AND CONSULTING, PLC

INTRODUCTION INFORMATION

SUBJECT IDENTIFICATION

Subject:	Panther Walk Project Market Study Generally within Golden Gate Estates Units 42, 44, and 47, Naples, Collier County, Florida, 34120
Legal Description:	Multiple parcels generally within Golden Gate Estates Units 42, 44, and 47
Tax Identification:	Multiple parcels generally within Golden Gate Estates Units 42, 44, and 47

The subject market area is identified by Conservation Collier as Panther Walk. The Panther Walk targeted area contains 200 parcels totaling 390.1 acres within Golden Gate Estates Units 42, 44, and 47. The per acre values reported in this market study will be offered to property owners with 1.14 to 5.0 acre parcels. The parcels are located within the Estates zoning designation which allows for low density residential development with limited agricultural uses.

CURRENT OWNERSHIP AND PROPERTY HISTORY

Owner

There are multiple owners.

APPRAISAL SCOPE

According to the Uniform Standards of Professional Appraisal Practice, it is the appraiser's responsibility to develop and report a scope of work that results in credible results that are appropriate for the appraisal problem and intended user(s). Therefore, the appraiser must identify and consider:

- the client and any other intended users;
- the intended use of the appraiser's opinions and conclusions;
- the type and definition of value;
- the effective date of the appraiser's opinions and conclusions;
- subject of the assignment and its relevant characteristics
- assignment conditions
- the expectations of parties who are regularly intended users for similar assignments; and
- what an appraiser's peer's actions would be in performing the same or a similar assignment.

CLIENT, INTENDED USER, AND INTENDED USE

The client and the intended user of the appraisal is Collier County Real Property Management (Conservation Collier Program). The intended use is to assist Collier County in its determination of market value for the potential acquisition through the Conservation Collier Program. The appraisal is not intended for any other use or user.

DEFINITION OF MARKET VALUE

Market value definition used by agencies that regulate federally insured financial institutions in the United States is defined by *The Dictionary of Real Estate Appraisal,* 7th ed. (Chicago: Appraisal Institute, 2022) as:

> The most probable price that a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:
>
> - Buyer and seller are typically motivated;
> - Both parties are well informed or well advised, and acting in what they consider their best interests;
> - A reasonable time is allowed for exposure in the open market;
> - Payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and
> - The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."
>
> (Source: 12 C.F.R. Part 34.42(h); 55 Federal Register 34696, August 24, 1990, as amended at 57 Federal Register 12202, April 9, 1992; 59 Federal Register 29499, June 7, 1994; 79 Federal Register 28400, May 16, 2014; 83 Federal Register April 9, 2018; 84 Federal Register, October 8, 2019)

DEFINITION OF PROPERTY RIGHTS APPRAISED

Fee simple estate is defined as an: "Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat." (Source: *The Dictionary of Real Estate Appraisal,* 7th ed. (Chicago: Appraisal Institute, 2022)

PURPOSE OF APPRAISAL, PROPERTY RIGHTS APPRAISED, AND DATES

The purpose of the appraisal is to estimate the market value on a price per acre basis within the area identified as the Panther Walk Project Area. A tier valuation will be provided as follows, four (4) per acre values for parcels between 1.14 acres – 2.73 acres and four (4) per acre values for parcels between 2.74 – 5.00 acres consisting of i) up to 25% wetlands, ii) 25-50% wetlands, iii) 50-75% wetlands, and 75-100% wetlands. The effective date of the subject appraisal is July 18, 2024. The date of inspection was July 18, 2024. The date of the report is July 22, 2024.

SCOPE OF WORK

The problem to be solved is to estimate the market value on a price per acre basis within the area identified as the Panther Walk Project Area. A tier valuation will be provided as follows, four (4) per acre values for parcels between 1.14 acres – 2.73 acres and four (4) per acre values for parcels between 2.74 – 5.00 acres consisting of i) up to 25% wetlands, ii) 25-50% wetlands, iii) 50-75% wetlands, and 75-100% wetlands.

SCOPE OF WORK	
Report Type:	This is an Appraisal Report as defined by Uniform Standards of Professional Appraisal Practice under Standards Rule 2-2(a). This format provides a summary or description of the appraisal process, subject and market data and valuation analyses.
Property Identification:	The subject area is identified generally as the wetland parcels within Panther Walk. An aerial shows the approximate border of Panther Walk.
Inspection:	A limited on site inspection was made and photographs were taken.
Market Area and Analysis of Market Conditions:	A complete analysis of market conditions has been made. The appraiser maintains and has access to comprehensive databases for this market area and has reviewed the market for sales and listings relevant to this analysis.
Highest and Best Use Analysis:	A complete as vacant highest and best use analysis for the subject has been made. Physically possible, legally permissible, and financially feasible uses were considered, and the maximally productive use was concluded.
Valuation Analyses	
Cost Approach:	A cost approach was not applied as there are no improvements that contribute value to the property.
Sales Comparison Approach:	A sales approach was applied as typically this is the most appropriate approach for the valuation of vacant land. This approach is applicable to the subject because there is an active market for similar properties and sufficient sales data is available for analysis.
Income Approach:	An income approach was not applied as the subject is not likely to generate rental income as vacant land.
Hypothetical Conditions:	None.
Extraordinary Assumptions:	None.

Comments

The individual sections of the report detail the additional research, confirmation, and analysis of relevant data.

ECONOMIC ANALYSIS

NATIONAL ECONOMIC ANALYSIS

The Federal Reserve Open Market Committee (FOMC) released the following statement on June 12, 2024. Recent indicators suggest that economic activity has continued to expand at a solid pace. Job gains have remained strong, and the unemployment rate has remained low. Inflation has eased over the past year but remains elevated. In recent months, there has been modest further progress toward the Committee's 2 percent inflation objective.

The Committee seeks to achieve maximum employment and inflation at the rate of 2 percent over the longer run. The Committee judges that the risks to achieving its employment and inflation goals have moved toward better balance over the past year. The economic outlook is uncertain, and the Committee remains highly attentive to inflation risks.

In support of its goals, the Committee decided to maintain the target range for the federal funds rate at 5-1/4 to 5-1/2 percent. In considering any adjustments to the target range for the federal funds rate, the Committee will carefully assess incoming data, the evolving outlook, and the balance of risks. The Committee does not expect it will be appropriate to reduce the target range until it has gained greater confidence that inflation is moving sustainably toward 2 percent. In addition, the Committee will continue reducing its holdings of Treasury securities and agency debt and agency mortgage-backed securities. The Committee is strongly committed to returning inflation to its 2 percent objective.

In assessing the appropriate stance of monetary policy, the Committee will continue to monitor the implications of incoming information for the economic outlook. The Committee would be prepared to adjust the stance of monetary policy as appropriate if risks emerge that could impede the attainment of the Committee's goals. The Committee's assessments will take into account a wide range of information, including readings on labor market conditions, inflation pressures and inflation expectations, and financial and international developments.

The following table details the economic forecasts of Federal Reserve Board members and Federal Reserve Bank presidents as of June 2024. Real GDP is projected to grow at a rate of 2.1% in 2024, the same as the March 2024 projection. The unemployment projection also remained the same at 4.0%. The Core PCE inflation projection increased from 2.6% to 2.8% in 2024.

According to Freddie Mac Chief Economist Sam Khater, “Given inflation continues to decelerate and the Federal Reserve Board’s current expectations that they will lower the federal funds target rate next year, we likely will see a gradual thawing of the housing market in the new year.” According to a December 2023 AP report, the recent downward shift in mortgage rates is a welcome development for homebuyers. Mortgage applications notched their sixth consecutive weekly increase last week, according to the Mortgage Bankers Association.

According to an November 2023 report by Lawrence Yun, although high mortgage rates, elevated home prices and limited housing inventory have crippled the 2023 housing market, the outlook for 2024 is brighter. Mr. Yun expects existing-home sales to increase by 15% in 2024 as mortgage rates stabilize and home sellers adapt. “I believe we’ve already reached the peak in terms of interest rates. The question is when are rates going to come down?”

According to the National Association of Real Estate Investment Trusts’ (NAREIT) 2024 Outlook, with the Federal Reserve at, or near, the end of its tightening cycle, REITs are well-situated for outsized performance in 2024. “While public real estate valuations have adjusted, private real estate valuations probably will see further declines in 2024.” The firm noted that REITs’ well-managed balance sheets likely will enable them to navigate economic uncertainty in 2024.

The 2024 CBRE U.S. Real Estate Market Outlook there is an increased chance that the U.S. will avoid a recession and achieve a soft economic landing in 2024, but economic growth will slow and downside risks are elevated. Commercial real estate investment activity likely will begin to pick up in the second half of 2024. The normalization of hybrid working arrangements will continue to limit the growth of office demand. Retail real estate fundamentals are expected to remain strong due to the scarcity of new construction deliveries over the past decade. The industrial market is expected to remain healthy, with net absorption on par with 2023 levels. The biggest wave of new apartment supply in decades will temper rent growth and improve affordability for renters in 2024. The hotel industry will face headwinds to RevPAR growth in 2024, including competition from alternative lodging sources and a slower economy, but fewer Americans traveling internationally will benefit the domestic market. Demand for new

data center development will attract more institutional investment in 2024, as investors reallocate capital from the office sector to real estate alternatives.

According to the Deloitte Center for Financial Services annual Commercial Real Estate Outlook for 2024, "the global real estate industry has an opportunity to start rebuilding on more solid ground. Multiple factors, from a pandemic-era recovery that shifted how and where people work to more recent geopolitical uncertainties and financial market instability, the coming year is expected to be pivotal in real estate firms' ability to recover and build up. Marked by a myriad of mixed signals about the health and trajectory of our industry, real estate leaders may need to find their footing as they shape the next phase of real estate ownership and investment."

According to the PwC Emerging Trends in Real Estate 2024, there's a reluctant acceptance in the industry that interest rates will remain high for at least the next year and possibly even longer. "Even good news, such as investors being eager to acquire new assets, is tempered by bleak sector data. For example, despite available equity, transactions are down — and many in the industry point to instances where buyers and sellers simply can't agree on pricing because the dearth of sales limits price clarity." Respondents to the *Emerging Trends* survey believe the worst of inflation is behind us, which should give the Federal Reserve a reason to pause interest rate hikes.

According to J.P. Morgan Chase 2024 commercial real estate outlook, "multifamily and neighborhood retail stay strong, while industrial may be starting to soften. The future of office buildings remains unclear." They also report the future of interest rates is uncertain as the economy begins to slow down.

FLORIDA ECONOMIC ANALYSIS

According to the U.S. Census Bureau, after a historically low rate of change between 2020 and 2021, the U.S. resident population increased by 0.4%, or 1,256,003, to 333,287,557 in 2022. Florida was the fastest-growing state in 2022, with an annual population increase of 1.9%, resulting in a total resident population of 22,244,823. It was also the second largest-gaining state behind Texas, with an increase of 416,754 residents. Net migration was the largest contributing component of change to Florida's growth, adding 444,484 residents. "While Florida has often been among the largest-gaining states," Kristie Wilder, a demographer in the Population Division at the Census Bureau noted, "this was the first time since 1957 that Florida has been the state with the largest percent increase in population.

According to the Summer 2023 Florida Forecast prepared by the Institute for Economic Competitiveness at the University of Central Florida, Florida's economy, as measured by real Gross State Product, will expand at an average annual rate of 1.5% from 2023 to 2026. Real Gross State Product will decelerate during the economic slowdown as growth will slow to 0.5% in 2024 and 0.8% in 2025, then accelerate to reach 1.7% by 2026.

Payroll job growth in Florida will begin to falter with a slowdown in the U.S. economy, but not in every sector. After year-over-year growth of 4.7% in 2021 and job growth of

5.6% in 2022, payroll employment in 2023 will decrease to 2.4%, contract by 1.8% in 2024, and by 0.4% in 2025. Job growth turns positive and grows by 1.0% in 2026.

Housing starts have felt the bitter chill of higher mortgage rates. Total starts were 192,213 in 2022—before higher mortgage rates and worries of a slowing economy will result in a deceleration in starts to 183,134 in 2023, 158,716 in 2024, 154,424 in 2025, and 150,981 in 2026.

The unemployment rate fell to 4.7% in 2021, and then to 2.9% in 2022. The slowing economy will push the rate up to 3.1% in 2023, to 4.4% in 2024, and to 5.0% in 2025 and 2026.

COLLIER COUNTY AREA ANALYSIS

Collier County has long been an attractive place to retire and it continues to be an area that experiences a great deal of seasonal population increases. According to the Collier County Comprehensive Planning Department, Collier County's population increases up to 25% between November and April due to seasonal residents and short-term agricultural workers in the Immokalee area. The population increase creates a high degree of seasonality within the retail, service, and hospitality sectors of Collier County's economy.

Collier County is located less than 150 miles from Fort Myers, Fort Lauderdale, Miami, Sarasota, and West Palm Beach as shown in the following table.

Distance to Other Major Markets			
Metro Area			Miles
Fort Myers	44	Jacksonville	378
Fort Lauderdale	107	Tallahassee	435
Miami	128	Atlanta	616
Sarasota	120	New York	1,311
West Palm Beach	150	Dallas	1,315
Tampa	169	Chicago	1,335
Orlando	238		

Population

The Bureau of Economic and Business Research, University of Florida released the following population statistics for Southwest Florida. As shown, total population increased in all six Southwest Florida counties with the greatest percentage growth in Lee County and the second highest in Charlotte County.

Projections of Florida Population by County, 2025-2050, with Estimates for 2023

	Population				Percent Change		
	2023	2025	2030	2035	2023 to 2025	2025 to 2030	2030 to 2035
Southwest Florida	1,922,304	1,993,700	2,144,000	2,262,900	3.71%	7.54%	5.55%
Charlotte	204,126	211,300	226,900	240,000	3.51%	7.38%	5.77%
Collier	399,480	413,300	443,000	466,000	3.46%	7.19%	5.19%
Glades	12,591	12,700	12,900	13,000	0.87%	1.57%	0.78%

Source: University of Florida, Bureau of Economic and Business Research, Florida Population Studies, Bulletin 198, January 2024

U.S. News & World Report, the global authority in rankings and consumer advice evaluated the country's 150 most populous metropolitan areas based on affordability, job prospects and desirability. The 2024 25 Best Places to Retire includes six Florida metro areas with Daytona Beach the top Florida market at No. 8. Tampa is No. 12 overall while Sarasota is No. 18. Naples is ranked 6th overall in the 2023-2024 Best Places to Live report released by U.S. News & World Report and Sarasota is ranked 5th.

Naples ranks No. 1 in the annual U.S. News & World Report Best Places to Live in the U.S. Sarasota, was ranked No. 11.

Employment

The local economy is largely dependent on the real estate market. Covid-19 negatively impacted overall employment and the service and leisure and hospitality sectors in particular; however, jobs continue to return as the market improves. Tourism drives much of the Collier County area's economy, with leisure and hospitality composing almost 20% of the workforce. Employment growth has slowed considerably here, according to the

Florida Bureau of Workforce Statistics and Economic Research, Collier County added approximately 1,200 jobs over the past year as of November 2023. The leisure and hospitality sector led the region in job gains, adding 900 jobs year over year. However, several industries recorded year-over-year job losses, with professional and business services leading the region with 1,100 jobs lost.

The following table shows the 1Q 2024 Collier County Employment by Industry as well as historical and projected job growth.

NAPLES EMPLOYMENT BY INDUSTRY IN THOUSANDS

	CURRENT JOBS		CURRENT GROWTH		10 YR HISTORICAL		5 YR FORECAST

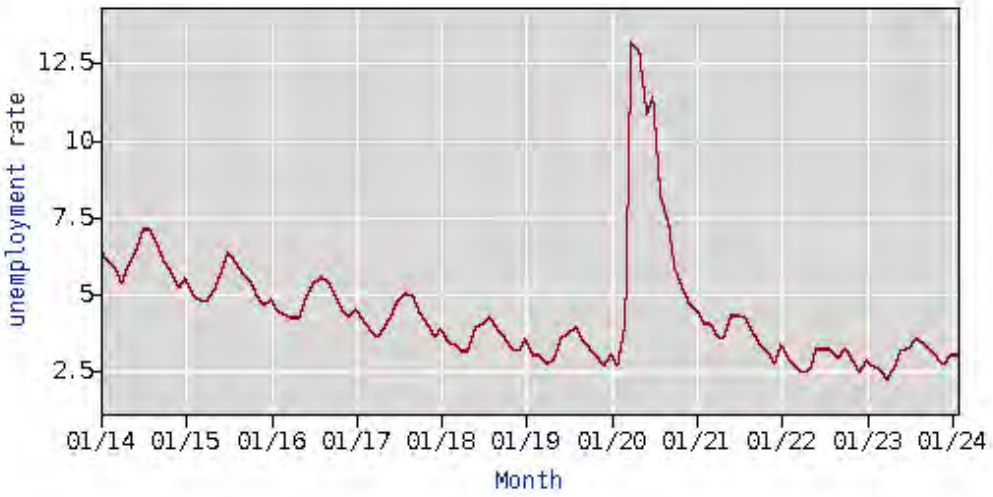
Collier County unemployment peaked in August 2010 at 13.0% and had generally been declining until the Covid-19 pandemic with unemployment peaking again at 13.1% in April 2020. The preliminary reported unemployment rate in February 2024 was only 3.0%.

The annual Collier County rate peaked in 2010 at 11.6% and had declined steadily since until the spike from the Covid-19 pandemic in April 2020. However, unemployment numbers have steadily decreased as the economy continues to improve.

Local Area Unemployment Statistics

Series Id:	LAUCN120210000000003
Not Seasonally Adjusted	
Area:	Collier County, FL
Area Type:	Counties and equivalents
State/Region/Division:	Florida
Measure:	unemployment rate



As of February 2024, the unemployment rate for the State of Florida was 3.3%, down from the peak in May 2020 of 14.3%. On a national level, the unemployment rate in February 2024 was 3.8%, a decrease from the peak in April 2020 of 14.8%. Collier County currently has a lower February rate, at 3.0%, than state and national levels.

The local economy is largely dependent on the real estate market. The following table from the U.S. Department of Labor shows Naples/Immokalee/Marco Island employment from 2014 through March 2024. As shown, unemployment from the Covid-19 pandemic affected the service and leisure and hospitality sectors the most. All sectors have regained all lost jobs and have exceeded 2019 levels.

Collier County and the entire Southwest Florida Region is substantially dependent on the real estate and construction sectors. Therefore, the area has been and should be more susceptible to cyclical fluctuations that have occurred in other areas dominated by a single industry. The Southwest Florida Economic Development Alliance reports key employers in Southwest Florida (Collier, Lee and Charlotte County) from Biofuels, healthcare, technology, apparel design, to sugar production are a driving force behind the region's success. The table below provides a few examples of some key employers in Southwest Florida.

- Industrial Biotechnology, Algenol Biofuels – Global Headquarters
- Medical Devices, Arthrex, Inc. – Global Headquarters
- Women's Specialty Apparel Retailer, Chico's FAS – Global Headquarters
- Specialty Electronics Manufacturer, Fox Electronics – Global Corporate Headquarters
- Global IT Research and Advising, Gartner, Inc.
- Vehicle Rentals and Sales, Hertz, Inc. – Global Headquarters
- Subsidiary Pittsburgh Glass Works, Lynx Services, LLC – Customers Service Center
- Manufacturing Fluid Management, Shaw Development – Global Headquarters
- Agricultural and Food Manufacturer, U.S. Sugar Corporation – Headquarters
- Healthcare, 21st Century Oncology – Global Headquarters

The following table shows the Top 25 Employers as reported by the Florida Gulf Coast University Regional Economic Research Institute in 2023.

Development

Growth continues to shift east with Ave Maria becoming the top-selling single-family residential community in Collier County and was recently ranked as one of the Top 20 Selling Master-Planned Communities in the United States. It has maintained the top ranking in the Naples-Fort Myers market for the past eight years. Ave Maria reported a total of 652 new home sales in 2023, an increase from the record breaking 646 new home sales in 2021, and an increase from the 586 new home sales in 2022. It is the highest-ranking commumity in all of Collier County. There are currently four residential builders in Ave Maria, CC Homes, Del Webb Naples, Lennar and Pulte Homes. The grand opening of The National Golf and Country Club at Ave Maria, a bundled golf community by Lennar, was held on January 7, 2021. The Immokalee Road corridor between Naples and Ave Maria is projected to see thousands of new homes developed in the next few years. According to a June 2023 Naples Daily News article, Collier County commissioners approved an increase in the town of Ave Maria by nearly 1,000 acres to 5,000 acres which doesn't include the roughly 1,000-acre Ave Maria University campus and other public benefits such as parks. According to David Genson, president of development for Barron Collier Cos., while more single-family homes will be built, the maximum number of residences won't change, with the cap remaining at 11,000. With the way the town was originally laid out, it would have supported about 8,400 units without adding more land. The original plans called for 60% of the homes to be single-family which will increase to more than 80%. According to Genson, they are on pace to

possibly sell close to 700 homes in 2023. Approximately 50% of the buyers are from the east coast of Florida.

In January 2020, in what has been described as one of the most important votes for the future of growth in Collier County, commissioners approved Rivergrass Village. The village is the first of three planned 1,000-acre villages stretching from just north of Oil Well Road to east of Golden Gate Boulevard East. Rivergrass Village will allow for up to 2,500 homes; 100,000 square feet of retail and office uses and a minium of 25,000 square feet for civic government, and institutional buildings. Longwater Village will allow for up to 2,600 homes; 65,000 square feet of retail and office space and 25,000 square feet for civic government, and institutional buildings and Bellmar Village will allow for up to 2,750 homes; 85,000 square feet of retail and office space and 27,500 square feet for civic government, and institutional buildings. In a near unanimous decision, the Collier County Planning Commission agreed to recommend approval of Longwater in March 2021. The project has sparked controversy because the property sits in the environmentally sensitive Rural Lands Stewardship Area, or RLSA. Commissioners voted to approve the Longwater and Bellmar Villages on June 8, 2021. The commissioners approved Brightshore, another rural village with thousands of proposed homes in December 2022.

There are more than $1 billion in new luxury high-rise developments near the coast including One Naples at the northeast corner of Vanderbilt Beach Road and Gulf Shore Drive as well as Pelican Bay (Mystique completed in 2019) and Kalea Bay (Towers 100 and 200 are complete, Tower 300 was completed in December 2022, Tower 400 currently under construction) in North Naples. New commercial development is very active at the intersections of Collier Boulevard and US 41 East as well as Collier Boulevard and Immokalee Road.

In its 4th Quarter 2023 report, the Office of Federal Housing Enterprise Oversight (OFHEO) found that the Naples- Marco Island MSA had a 5.9% increase in home prices (all-transactions including purchase and refinance mortgage) over the trailing 12 months. Home prices in the state of Florida increased 6.85% over the past year (4Q 2023 - 4Q 2024) which was 23rd in the nation.

The continuing care retirement community, Moorings Park, teamed with London Bay Homes to develop an independent living development with 275 residences in 17 buildings. All of the buildings are six stories over parking. Grande Lake, will be built on 55 acres off Golden Gate Parkway, between Airport-Pulling and Livingston Roads. Entrance fees start at $1.5 million and are 70% refundable. Construction on the first 47 units in three buildings commenced in December 2018 with completion in May 2020.

Arthrex, a medical device manufacturer and one of the county's largest employers, completed construction of its latest expansion plan at its headquarters along Goodlette-Frank Road in early 2020. The development includes a 300,000 square-foot, six-story office complex with an auditorium, a four-story Innovation Hotel with approximately 160 rooms, a two-story wellness center, and a 3-acre park. The hotel hosts orthopedic surgeons from the U.S. and around the world for medical education on the company's

devices and instruments. Arthrex has contracted with a Tampa-based company, Mainsail, to manage all elements of the hotel operation, including employees.

NCH Healthcare partnered with New York-based Hospital for Hospital for Special Surgery, known as HSS, to build a three-story, 80,000-square-foot hospital. HSS at NCH will be a 15-bed acute-care addition on the hospital campus located along the north side of Immokalee Road near the NCH North Naples campus between Health Park and Medical Boulevards. The facility is expected to open to patients in early 2025.

The first regional store for Phoenix-based Sprouts Farmers Market anchors The Landings at Logan, a new 18-acre retail center at the southeast corner of Immokalee Road and Logan Boulevard in North Naples. NCH Healthcare Northeast located at the northeast quadrant of Immokalee Road and Collier Blvd (CR 951) opened in late 2015 and is the first free standing ER facility in Collier County. The two-story building consists of approximately 41,500± square feet.

Barron Collier Companies and Metro Development Group broke ground on Founders Square, a 55-acre mixed-use development located on the southeast corner of Immokalee Road and Collier Boulevard in January 2020. The development is anchored by The Pointe, a collection of 10 separate restaurants and other retail tenants. It also includes a 400-unit Class A apartment community, known as The Haldeman; a 35,000 square foot medical office building leased by Physicians Regional Medical Healthcare; and StorQuest a 110,000 square foot self-storage facility.

Seed to Table, a new Oakes Farm grocery store at the northeast corner of Livingston and Immokalee Roads in North Naples opened in December 2019. The former Albertson's was completely gutted and consists of 77,000+ square foot store with sit-down dining, a full-service bar, three bars for beer and wine, wine room with samples on tap, a wood-fired brick oven for pizza, a raw bar, sushi bar, grilling area, coffee bar and stations preparing fresh pasta, guacamole, cheese, cut vegetables, sandwiches, smoothies and even homemade ice cream with indoor-outdoor seating.

Paradise Coast Sports Complex, is Collier County's new $100 million Amateur Sports Complex. The county hopes to become a destination for traveling youth sports teams and amateur athletes. While the focus of the complex is athletics, there will be 20 fields between soccer, baseball and softball, plus a 10,000-person championship stadium, the goal is to get people to stay after the game is over with The Cove and The Factory. The Cove is a bar and food truck area for patrons to relax, listed to live music and play a variety of yard games (bag toss, oversized Connect Four and Jenga, plus ping pong). The Factory is an outdoor workout facility focusing on functional fitness (similar to CrossFit) which is available on a monthly membership basis. Additionally, the man-made lake next to The Cove includes a 2/3 mile jogging loop with three workout stations. There is a climbing wall for public use and a beach volleyball court.

Collier County Commissioners approved a $15 million economic development agreement on June 22, 2021 for The Great Wolf Lodge. The land was purchased for $9,100,000 in

July 2021 and construction commenced in July 2022. The Lodge will be built on 20 acres of land along City Gate Boulevard North and will feature a 100,000 square foot indoor water park, 500-room hotel, and 62,000 square feet of amenities and attractions. The resort is expected to open in the summer of 2024. It will bring in more than 200 construction jobs, plus an additional 600 full-time and part-time jobs once open.

Investment Trends

The following CoStar data shows Collier County trends in the Multi-Family, Retail, Office, and Industrial sectors as of the second quarter 2024.

According to the CoStar report, multifamily investment is down across Florida, and Collier County is no exception. Total sales volume during 2023 was roughly $240 million, which represented a decline of approximately 40% over the previous year, and there have been no notable trades to date in 2024.

Private and institutional buyers were the only active investor group in the last year, and looking back over the previous three-year period shows private buyers comprising half of all activity with the remainder coming from private equity and institutional investors.

As investment volume has fallen over the past year so too has the average price per unit. Pricing peaked here at roughly $312,000/unit in early 2022 and has dropped to $270,000 as of the second quarter of 2024, a trend that is anticipated to continue over the coming quarters.

Per Capita Income	$57,867		$68,836	

Conclusion

The long term economic outlook for Collier County is positive. The area lures people from all over the country for tourism as well as retirement, with the beaches and weather considered major demand drivers.

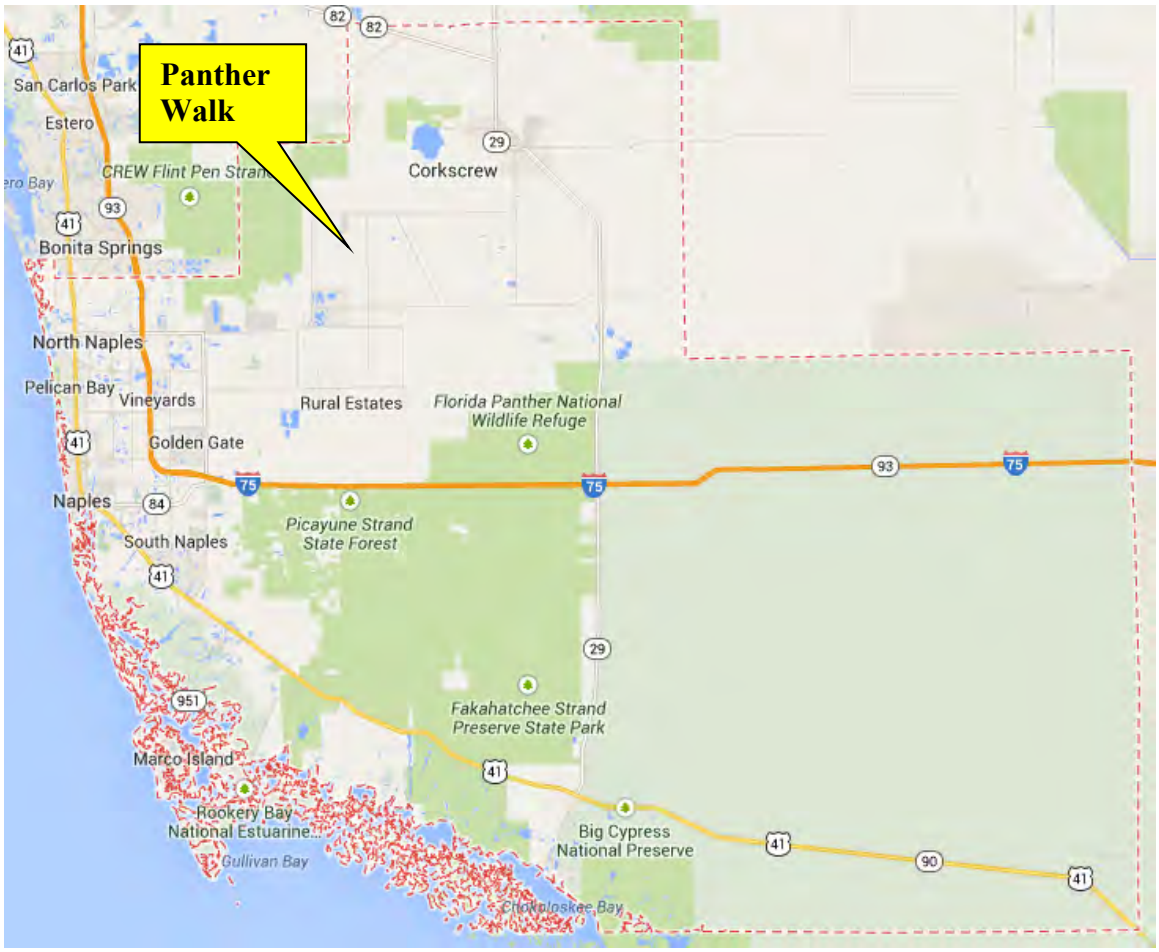
The projected growth in population and employment provide an economic base that supports demand for real estate in the subject neighborhood and for the subject property. These conditions have resulted in increasing property values and should stimulate continued increases within the foreseeable future. Prior to the coronavirus pandemic, the residential market had stabilized after several years of an expansion period, with sustained growth in demand and increasing construction. Since the coronavirus pandemic, residential demand increased significantly with record sales in 2020 and continued high demand but limited inventory in 2021 and 2022. Inventory increased in 2023 and 2024 YTD as demand declined due to continued increases in interest rates. Prices continue to increase; however, the rate of increase is declining.

According to the Naples Area Board of Realtors (NABOR), there was a record $18.2 billion in sales in Collier County during 2020. Demand eclipsed all expectations in 2021 with a 25.8% increase in overall sales in 2021 and a 20.3% increase in median closed price (year over year). The 2023 Annual Market Report released by NABOR reported total sales were down 13.6% in 2023 and the overall median sales price increased 4.3% to $600,000 for the year. Single Family home prices were down 0.7 percent compared to last year, and Condo home prices were up 6.6 percent.

Generally, the commercial market lags the residential market. The significant residential demand since the pandemic has generally stabilized the commercial market overall with an increased demand for the industrial sector and select retail and office properties.

Finally, it is noted that Hurricane Ian, a Category 4 storm, made landfall in Southwest Florida on September 28, 2022, and caused widespread wind and storm surge damage. The analyses and value opinion(s) in this appraisal are based on the data available to the appraiser at the time of the assignment and apply only as of the effective date indicated. No analyses or opinions contained in this appraisal should be construed as predictions of future market conditions or value(s).

Collier County Area Map



PROPERTY DESCRIPTION AND ANALYSIS

SITE ANALYSIS

The following description is based on our property inspection and public records.

Market Area				
Market Area	**Gross Land Area (Acres)**	**Typical Parcel Size (Acres)**	**Zoning**	**FDEP Informal Wetland Determination**
Panther Walk	390.10	1.14 - 5.0	E - Estates	Less than 25% to 100%

The Panther Walk targeted area contains 186 remaining project parcels totaling 360.1 acres within Golden Gate Estates Units 42, 44, and 47. According to Collier County, the typical parcel sizes to be acquired range from 1.14 to 5.00 acres in size.

SITE	
Location:	Panther Walk is located west of Everglades Boulevard North generally between 56th Avenue NE and 72nd Avenue NE. It is surrounded by single-family residential sites and homes.
Current Use of the Property:	Vacant wetlands with some single-family development.
Shape:	Each parcel is rectangular in shape.
Road Frontage/Access:	Access to targeted parcels within the Panther Walk is provided by: • 56th Ave NE; 58th Ave NE; 60th Ave NE; 62nd Ave NE; 64th Ave NE; 66th Ave NE; 68th Ave NE; 70th Ave NE; and 72nd Ave NE: All arterials run east/west through market area. • The parcels each have 75 - 330 feet of frontage. The parcels have an average depth of 660 feet.
Topography:	The Panther Walk Preserve area contains high quality cypress wetlands and is part of the Horsepen Slough.
Soil Conditions:	According to the Conservation Collier Initial Criteria Screening Report revised August 26, 2022, Hydric soils exist on just over 71% of the parcels. We are not experts in soils analysis; however, the soil conditions observed at the subject appear to be typical of the region and adequate to support development.
Utilities:	Electricity: FP&L Sewer: None; Private septic systems service surrounding homes Water: None; Private wells service surrounding homes
Environmental Issues:	According to the Conservation Collier Property Summary the sites consist of Cypress strand forest, mixed wetland hardwood forest, oak/pine hammock, freshwater marshes, wet prairie, and pine flatwoods. The parcels protect the marshes and cypress forests of the northern reaches of the Horsepen Strand and provide flood water attenuation, aquifer recharge, and water filtration.
Encumbrance / Easements:	Each lot has a thirty-foot (30') platted right-of-way and utility easements along 56th Ave NE; 58th Ave NE; 60th Ave NE; 62nd Ave NE; 64th Ave NE; 66th Ave NE; 68th Ave NE; 70th Ave NE; and 72nd Ave NE. A current title report was not provided for the purpose of this appraisal. We are not aware of any easement,

	restrictions, or encumbrances that would adversely affect value. Therefore, our valuation assumes the subject has a clear and marketable title with no adverse easement, restrictions, or encumbrances.
Site Comments:	The site has average and typical utility.

ZONING	
Zoning Code	E
Zoning Authority	Collier County
Zoning Description	Estates
Permitted Uses	Includes single-family dwellings, family care facilities (subject to section 5.05.04), essential services (as set forth in section 2.01.03), and schools, public, including educational plants.
Minimum Lot Area (SF)	2.25 acres
Minimum Floor Area (SF)	1,000
Minimum Street Frontage (Feet)	150
Front Set Back Distance (Feet)	75
Rear Set Back Distance (Feet)	75
Side Yard Distance (Feet)	30 feet; 37.5 feet for corner lots along longest side
Maximum Density/FAR	One dwelling units per 2.25 acres
Maximum Building Height (Feet)	30

HIGHEST AND BEST USE

Highest and best use may be defined as:

> The reasonably probable use of property that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity. 1
>
> - Physically possible for the land to accommodate the size and shape of the ideal improvement.
> - Legally permissible under the zoning regulations, building codes, environmental regulations, and other restrictions that apply to the site. A property use that is either currently allowed or most probably allowable.
> - Financially feasible to generate sufficient income to support the use.
> - Maximally productive, or capable of producing the highest value from among the permissible, possible, and financially feasible uses.

Highest and Best Use As Vacant

Physically Possible

The subject consists of parcels ranging in size from 1.14 to 5.00 acres located within the previously defined Panther Walk areas. Access through Panther Walk is provided by paved roads. The parcels range in width from 75 feet to 330 feet with 660 feet of depth. The physical characteristics of the parcels should reasonably accommodate any use that is not restricted by its size. However, development on the parcels may be limited due to wetland coverage.

Legally Permissible

The subject parcels are zoned Estates (E), which allows low density residential with limited agricultural uses. Parcels with impacted wetlands will require permits from FDEP prior to development.

Financially Feasible

Financial feasibility is an analysis of the ability of a property to generate sufficient income to support the use, or a reasonable probability of producing a positive income stream net of operating expenses, financial costs, and capital amortization.

The projected growth in population and employment provide an economic base that supports demand for real estate in the subject neighborhood and for the subject property. These conditions have resulted in increasing property values and should stimulate continued increases within the foreseeable future. Prior to the coronavirus pandemic, the residential market had stabilized after several years of an expansion period, with sustained growth in demand and increasing construction. Since the coronavirus pandemic, residential demand increased significantly with record sales in 2020 and

[1] *The Dictionary of Real Estate Appraisal* 7th ed. (Chicago: Appraisal Institute, 2022)

continued high demand but limited inventory in 2021 and 2022. Inventory increased in 2023 and 2024 YTD as demand declined due to continued increases in interest rates. Prices continue to increase; however, the rate of increase is declining.

On this basis, barring unforeseen changes in the market, a well-designed single-family home that is appropriately marketed and priced, should be received favorably by the market.

It is noted, the substantial costs associated with permitting and fill typically result in a lower price per acre for wetland parcels than upland parcels in order to make development financially feasible. If the costs make development financially unfeasible or permitting is not achievable; conservation use becomes the only financially feasible use.

Maximally Productive

The maximally productive land use yields the highest value of the possible uses. Conservation and/or single-family development is the only use that meets the tests of physically possible, legally permissible, and financially feasible.

The permitting process for parcels with significant coverage of active wetlands will likely be very difficult, if not impossible.

Therefore, conservation and/or single-family development is concluded to be the maximally productive and highest and best use of the site.

Highest and Best Use as Improved

No improvements are situated on the site. Therefore, a highest and best analysis as improved is not applicable.

Most Probable Buyer

Considering the size and location of the property, the most probable buyer of an individual parcel is an owner-user or builder for single-family development or wetland mitigation. Conservation Collier is also a probable buyer as a multi-parcel conservation project.

VALUATION METHODOLOGY

Three basic approaches may be used to arrive at an estimate of market value. They are:

1. The Cost Approach
2. The Sales Comparison Approach
3. The Income Approach

Cost Approach

The Cost Approach estimates the current cost to construct the existing structure including an entrepreneurial incentive, depreciation, and the estimated land value. This approach is particularly applicable when the improvements represent the highest and best use of the land and are relatively new. It is also applicable when the property has unique or specialized improvements for which there is little or no sales data from comparable properties.

Sales Comparison Approach

The Sales Comparison Approach compares sales of similar properties with the subject property. Each comparable sale is adjusted for its inferior or superior characteristics. The values derived from the adjusted comparable sales form a range of value for the subject. By process of correlation and analysis, a final indicated value is derived. This approach is most reliable in an active market, and is least reliable when valuing a property for which no direct comparable sales data is available.

Income Approach

The Income Approach converts the anticipated flow of future benefits (cash flows and reversion) to a present value estimate through a capitalization and or a discounting process. This approach generally reflects a typical investor's perception of the relationship between the potential income of a property and its market value.

Final Reconciliation

The appraisal process concludes with the Final Reconciliation of the values derived from the approaches applied for a single estimate of market value. The reconciliation of the approaches is based on an evaluation of the quantity and quality of the available data in each approach. Furthermore, different properties require different means of analysis and lend themselves to one approach over the others.

ANALYSES APPLIED

A **cost analysis** was considered and was not developed because there are no improvements that contribute value to the property.

A **sales comparison analysis** was considered and was developed because typically this is the most appropriate approach for the valuation of vacant land. This approach is applicable to the subject because there is an active market for similar properties and sufficient sales data is available for analysis.

An **income analysis** was considered and was not developed because the subject is not likely to generate rental income as vacant land.

SALES COMPARISON APPROACH: 1.14-2.73 ACRES

The Sales Comparison Approach is based on the premise that a buyer would pay no more for a specific property than the cost of obtaining a property with the same quality, utility, and perceived benefits of ownership. It is based on the principles of supply and demand, balance, substitution and externalities. The following steps describe the applied process of the Sales Comparison Approach.

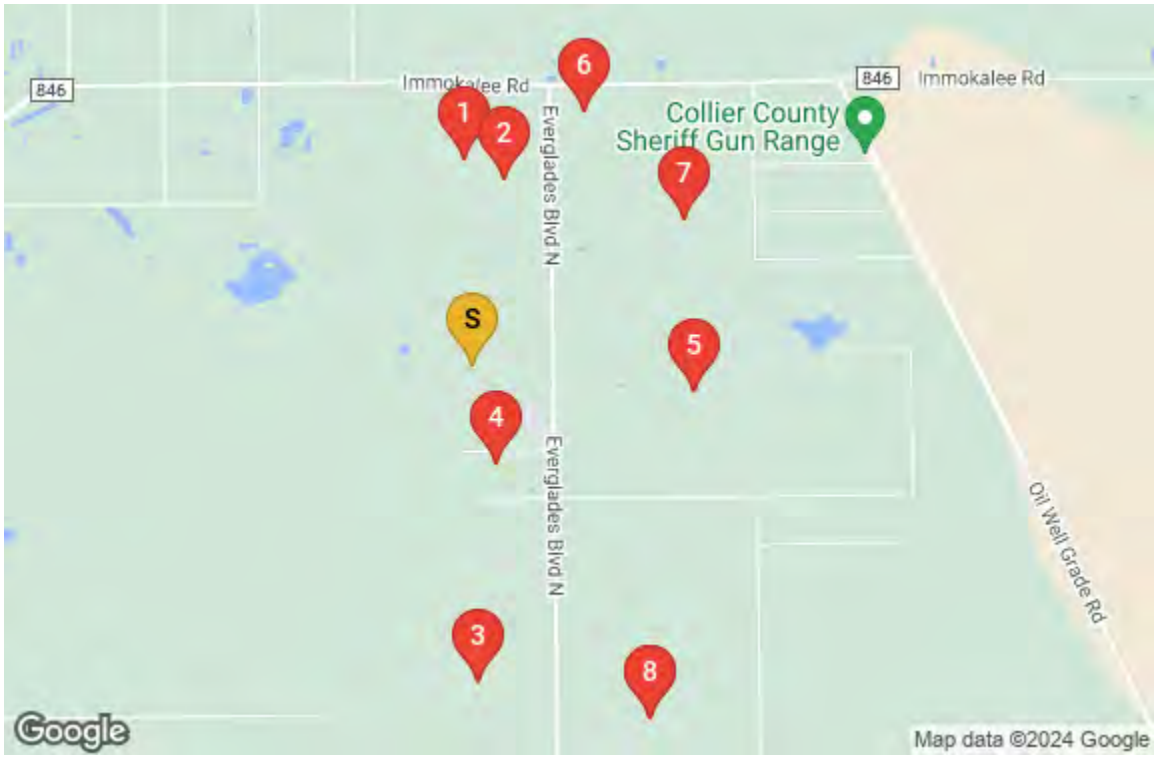
- The market in which the subject property competes is investigated; comparable sales, contracts for sale and current offerings are reviewed.
- The most pertinent data is further analyzed and the quality of the transaction is determined.
- The most meaningful unit of value for the subject property is determined.
- Each comparable sale is analyzed and where appropriate, adjusted to equate with the subject property.
- The value indication of each comparable sale is analyzed and the data reconciled for a final indication of value via the Sales Comparison Approach.

Land Comparables

I have researched eight comparables for this analysis; these are documented on the following pages followed by a location map and analysis grid. All sales have been researched through numerous sources, inspected and verified by a party to the transaction. For this analysis, we use the price per acre as the appropriate unit of comparison because market participants typically compare sale prices and property values on this basis.

Comp	Address City	Date Acres	Price Price Per Acre	Sale Comments
Subject	Generally within Golden Gate Estates Units 42, 44, and 47 Naples	7/18/2024 1.14 - 2.73 acres		Up to 25% wetlands; 25-50% wetlands; 50-75% wetlands; 75-100% wetlands
1	NS 70th Ave NE Naples	7/11/2024 1.14	$26,000 $22,880	Listing agent reported the site was wetlands and it was priced accordingly. Site was listed for $50,000 in May 2024 and reduced to $25,000 in June 2024.
2	SS 70TH Ave NE Naples	7/10/2024 1.59	$54,900 $34,509	According to a W David Key, LLC, Environmental Consultant, letter dated November 2018, the site is mostly uplands with a small area of wetlands. The letter states the wetlands should not involve any regulatory agencies in the permitting process. However, DEP National Wetland Inventory GIS shows the site consists entirely of Freshwater Forested/Shrub Wetland and Freshwater Emergent Wetland. Listing agent priced the property based on the assumption it was entirely uplands. Listed at $54,900 in February 2024 at a "firm price as the county will buy the lot in the near future."
3	NS 48th Ave NE Naples	5/14/2024 2.27	$70,000 $30,800	Informal Wetland Determination dated 12/13/2023 prepared by Tropical Environmental Consultants shows 66% wetlands located throughout the site, with upland portion in front. Site was listed in Jan 2024 fr $135,000 and reduced multiple times. Final reduction to $80,000 in April 2024.
4	2868 58th Ave NE Naples	7/19/2024 1.14	$80,000 $70,400	Informal Wetland Determination dated 12/26/23 prepared by Earth Tech Environmental shows consists of 0.45 acres (39%) wetlands located mainly in the front of the site. Site was listed for $99,000 in June 2024.
5	NS 60th Ave NE Naples	6/14/2024 1.59	$120,000 $75,429	Informal Wetland Determination dated 5/9/2024 prepared by Tropical Environmental Consultants shows 0.02 acres of wetlands (1%) located near the middle of the side consisting of a wetland ditch. Site was listed for $117,900 in May 2024.
6	NS 72nd Ave NE Naples	6/6/2024 2.27	$95,000 $41,800	DEP Letter dated May 2002 states the site will not require an Evironmental Resource Permit. Listed as uplands at $149,000 in June 2023 and decreased to $139,000 in August 2023.
7	SS 68th Ave NE Naples	7/18/2024 2.27	$132,500 $58,300	Ramsey Inc letter dated August 2021 states soil sampling onsite did not reveal wetland characteristics with no jurisdictional wetlands. Property sold in April 2022 for $109,900 and was relisted in May 2024 for $135,000.
8	SS 47th Ave NE Naples	4/25/2024 1.59	$70,000 $44,000	Informal Wetland Determination dated 4/22/2024 prepared by Ramsey Inc shows site is 100% uplands. Site was listed for $159,000 and price was reduced multiple times. The final asking price was $119,900.

Comparables Map



Analysis Grid

The above sales have been analyzed and compared with the subject property. I have considered adjustments in the areas of:

Effective Sale Price	This takes into consideration unusual conditions involved in the sale that could affect the sales price, such as excess land, non-realty components, commissions, or other similar factors. Usually the sale price is adjusted for this prior to comparison to the subject.
Real Property Rights	Property rights dissimilar to the subject which affect value.
Financing Terms	Favorable or unfavorable seller financing, or assumption of existing financing.
Conditions of Sale	Circumstances that atypically motivate the buyer or seller, such as 1031 exchange transaction, assemblage, or forced sale.
Market Conditions	Inflation or deflation since sale date due to economic influences
Location	Market or submarket area influences on sale price; surrounding land use influences.
Physical Characteristics	Attributes such as size, shape, utilities, frontage, zoning, etc.

On the following page is a sales comparison grid displaying the subject property, the comparables and the adjustments applied.

Comparable Land Sale Adjustments

Property Rights

All of the comparables transferred in fee simple interest; therefore, no adjustments for property rights are required.

Financing

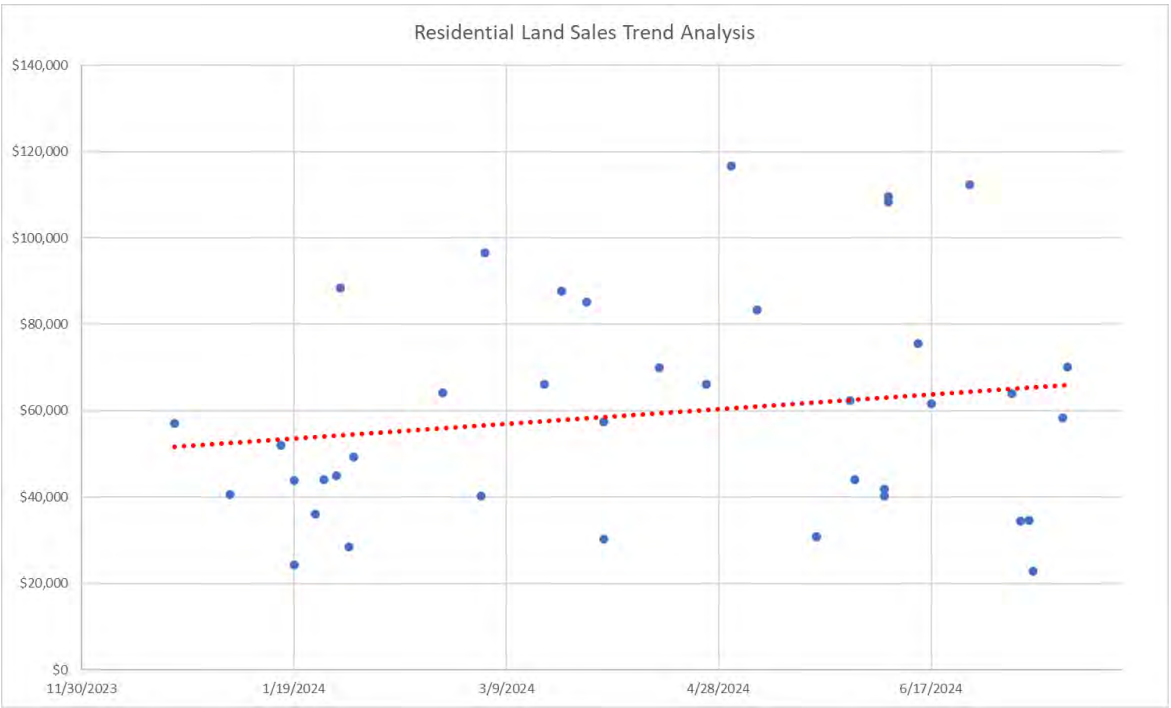
All of the comparable sales had market orientated financing or were cash transactions; therefore, no adjustments for financing are required.

Conditions of Sale

All of the comparable sales were arm's length transactions; therefore, no adjustments for conditions of sale are required.

Economic Trends

The following graph shows comparable residential land sales on the Southwest Florida MLS within the surrounding market area over the past seven months.



The survey included 41 transactions. Prices ranged from $22,807 to $116,667 per acre and averaged $59,349 per acre. The graph indicates an increasing trend in sales prices from December 2023 through the current date. However, it is noted this is unadjusted raw data and does not account for adjustments due to location, size, or wetland coverage.

I also consider Comparable 7 was purchased in April 2022 for $109,900 and resold in July 2024 for $132,500, an annualized increase of 8.9%. Comparables 4 and 8 were

purchased in early 2024 for below market prices of $35,000 and $55,000 respectively and flipped about a month later for $80,000 and $70,000 respectively.

Based on the previous analysis and considering the declining demand for residential property in Southwest Florida, as well as the recent interest rate increases by the federal reserve, we have applied a 5.0% annual adjustment.

Location

The comparable sales are located within the immediate vicinity of Panther Walk and no adjustments are required.

Size

For this analysis, all of the comparable sales are relatively similar in terms of size; therefore, no adjustments are required.

Environmental Issues

The subject parcels are located within Panther Walk which is comprised entirely of depressional cypress and marsh wetlands and therefore, provides habitat for wetland dependent species.

Comparables 1 through 4 are all impacted by wetlands to varying degrees. Comparable 5 has minimal wetlands and Comparables 6, 7, and 8 are 100% uplands.

No adjustments are made in the grid; however, the varying wetland coverage is considered in the final reconciliation.

Topography

The subject parcels are heavily treed similar to all of the comparables except Comparables 5 and 7. Comparables 5 and 7 are largely cleared and are adjusted downward accordingly.

Zoning

All of the comparables are similar in terms of zoning; therefore, no adjustments are required.

Sales Comparison Approach Conclusion: 1.14 – 2.73 Acre Parcels

All of the value indications have been considered. Based on the preceding analysis, I arrive at my final reconciled per acre value for each tier as shown in the following table.

Land Value Ranges & Reconciled Values				
Number of Comparables:	**8**	**Unadjusted**	**Adjusted**	**% Δ**
	Low:	$22,880	$22,901	0.09%
	High:	$75,429	$71,984	-4.57%
	Average:	$47,265	$46,602	-1.40%
		Indicated Value per Acre		
	Up to 25% Wetlands:		$50,000	
	25 - 50% Wetlands:		$44,000	
	50 - 75% Wetlands:		$37,000	
	75 - 100% Wetlands:		$32,000	
	Subject Size:		1.14 - 2.73 acres	

SALES COMPARISON APPROACH: 2.74-5.00 ACRES

Land Comparables

I have researched eight comparables for this analysis; these are documented on the following pages followed by a location map and analysis grid. All sales have been researched through numerous sources, inspected and verified by a party to the transaction. For this analysis, we use the price per acre as the appropriate unit of comparison because market participants typically compare sale prices and property values on this basis.

Comp	Address City	Date Acres	Price Price Per Acre	Sale Comments
Subject	Generally within Golden Gate Estates Units 42, 44, and 47 Naples	7/18/2024 2.74 - 5.00 acres		Up to 25% wetlands; 25-50% wetlands; 50-75% wetlands; 75-100% wetlands
1	2680 52nd AVE NE Naples	11/30/2023 5.00	$115,000 $23,000	Purchase consisted of two adjacent parcels. Informal Wetland Determination dated 1/20/2022 prepared by Wetland Consultants shows a combined 4.03 acres (81%) wetlands on the two parcels. The location of the wetlands was not noted in the report. According to the DEP National Wetland Inventory GIS, the wetlands are located in the front portion of the site. The eastern half was listed in July 2023 for $149,800 and reduced to $129,900 in August 2023. The parcel was listed with adjacent parcel to be sold together.
2	2581 52nd AVE NE Naples	12/4/2023 2.73	$95,000 $34,833	Informal Wetland Determination dated 12/13/2023 prepared by Tropical Environmental Consultants shows 2.00 acres (73%) wetlands located in the back of the site. Site was listed for $199,900 and decreased multiple times. Final listing price was $104,900.
3	NS 48th Ave NE Naples	5/14/2024 2.27	$70,000 $30,800	Informal Wetland Determination dated 12/13/2023 prepared by Tropical Environmental Consultants shows 66% wetlands located throughout the site, with upland portion in front. Site was listed in Jan 2024 fr $135,000 and reduced multiple times. Final reduction to $80,000 in April 2024.
4	SS 68th Ave NE Tract 75 Naples	12/7/2023 2.50	$111,000 $44,400	Informal Wetland Determination dated 6/20/2023 prepared by Wetland Consultants shows 1.16 acres (46%) wetlands located in the back of the site. Site was listed for $199,900 and decreased multiple times. Final listing price was $127,900.
5	72nd ST NE, E 1/2 Naples	6/28/2024 2.50	$160,000 $64,000	Informal wetland determination shows site is 100% uplands. Site was listed for $199,900 in Jan 2024 and reduced multiple times, finally to $165,000 in May 2024. Seller financed $136,000 (86%). Buyer had purchased the adjacent site in April 2024. Site has since been relisted on 7/10/24 with the adjacent parcel (5 total acres) for $950,000.
6	72nd ST NE, W 1/2 Naples	4/10/2024 2.50	$175,000 $70,000	Informal wetland determination shows site is 100% uplands. Site was listed for $199,900 in Jan 2024 and reduced multiple times, finally to $165,000 in May 2024. Seller financed $131,250 (75%). Buyer since purchased the adjacent site in June 2024. Site has since been relisted on 7/10/24 with the adjacent parcel (5 total acres) for $950,000.
7	NS 48th Ave NE Tract 141 Naples	7/8/2024 2.73	$94,000 $34,467	No informal wetland determination on file. DEP National Wetland Inventory GIS shows site is 100% uplands. Site was listed for $123,500 in April 2024 and reduced multiple times. Final price reduction to $99,900 in May 2024.
8	NS 56th Ave NE Naples	6/4/2024 2.73	$110,000 $40,333	No informal wetland determination on file. DEP National Wetland Inventory GIS shows site is 100% uplands. Site was listed for $165,000 and reduced multiple times. Final reduction to $139,999 in April 2024.

Comparable Land Sale Adjustments

Property Rights

All of the comparables transferred in fee simple interest; therefore, no adjustments for property rights are required.

Financing

With the exception of Comparables 5 and 6, the comparables all had market orientated financing or were cash transactions; therefore, no adjustments for financing are required. Comparables 5 and 6 were both seller financed. No adjustments are made in the grid; however, the seller financing is considered in the final reconciliation.

Conditions of Sale

All of the comparable sales were arm's length transactions; therefore, no adjustments for conditions of sale are required.

Economic Trends

As in the previous analysis, we have applied a 5.0% annual adjustment.

Location

The comparable sales are located within the immediate vicinity of Panther Walk and no adjustments could be supported; therefore, none are made.

Size

For this analysis, all of the comparable sales are relatively similar in terms of size; therefore, no adjustments are required.

Environmental Issues

The subject parcels are located within Panther Walk which is comprised entirely of depressional cypress and marsh wetlands and therefore, provides habitat for wetland dependent species.

Comparables 1 through 4 are all impacted by wetlands to varying degrees. Comparables 5 through 8 are 100% uplands.

No adjustments are made in the grid; however, the varying wetland coverage is considered in the final reconciliation.

Topography

The subject parcels are heavily treed similar to all of the comparables except Comparables 4 and 8. Comparables 4 and 8 are partially treed and are adjusted downward accordingly.

Zoning

All of the comparables are similar in terms of zoning; therefore, no adjustments are required.

Sales Comparison Approach Conclusion: 2.74 – 5.0 Acre Parcels

All of the value indications have been considered. Based on the preceding analysis, I arrive at my final reconciled per acre value for each tier as shown in the following table.

Land Value Ranges & Reconciled Values				
Number of Comparables:	**8**	**Unadjusted**	**Adjusted**	**% Δ**
	Low:	$23,000	$23,721	3.14%
	High:	$70,000	$70,933	1.33%
	Average:	$42,729	$43,006	0.65%
		Indicated Value per Acre		
	Up to 25% Wetlands:		$41,500	
	25 - 50% Wetlands:		$37,000	
	50 - 75% Wetlands:		$32,000	
	75 - 100% Wetlands:		$26,500	
	Subject Size:		2.74 - 5.00 acres	

RECONCILIATION

The process of reconciliation involves the analysis of each approach to value. The quantity and quality of data applied the significance of each approach as it relates to market behavior and defensibility of each approach are considered and weighed. Finally, each is considered separately and comparatively with each other. As discussed previously, we use only the sales comparison approach in developing an opinion of value for the subject. The cost and income approaches are not applicable, and are not used.

FINAL VALUE CONCLUSION

Based on the data and analyses developed in this appraisal, I have reconciled to the following value conclusion(s), as of July 18, 2024, subject to the Limiting Conditions and Assumptions of this appraisal.

VALUE CONCLUSIONS

Appraisal Premise	Interest Appraised	Date of Value
Market Value, As Is	Fee Simple	July 18, 2024

	Indicated Value per Acre
Up to 25% Wetlands:	$50,000
25 - 50% Wetlands:	$44,000
50 - 75% Wetlands:	$37,000
75 - 100% Wetlands:	$32,000
Subject Size:	1.14 - 2.73 acres

	Indicated Value per Acre
Up to 25% Wetlands:	$41,500
25 - 50% Wetlands:	$37,000
50 - 75% Wetlands:	$32,000
75 - 100% Wetlands:	$26,500
Subject Size:	2.74 - 5.00 acres

The value conclusion(s) are subject to the following hypothetical conditions and extraordinary conditions. These conditions may affect the assignment results.

Hypothetical Conditions:	None.
Extraordinary Assumptions:	None.

Exposure and Marketing Times

Exposure time is always presumed to precede the effective date of the appraisal and is the length of time the subject property would have been exposed for sale in the market had it sold on the effective valuation date at the concluded market value. Marketing time is an estimate of the amount of time it might take to sell a property at the estimated market value immediately following the effective date of value.

Based on our review of recent sales transactions for similar properties and our analysis of supply and demand in the local market it is our opinion that the probable marketing and exposure time for the property is 12 months.

CERTIFICATION

I certify that, to the best of my knowledge and belief:

1. The statements of fact contained in this report are true and correct.

2. The reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, unbiased professional analyses, opinions and conclusions.

3. I have no present or prospective interest in the property that is the subject of this report, and have no personal interest with respect to the parties involved.

4. I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

5. Our engagement in this assignment was not contingent upon developing or reporting predetermined results.

6. Our compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.

7. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics & Standards of Professional Appraisal Practice of the Appraisal Institute.

8. My reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice

9. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.

10. Rachel M. Zucchi, MAI, CCIM has made an inspection of the subject property.

11. No one provided significant real property appraisal assistance to the person signing this certification.

12. We have experience in appraising properties similar to the subject and are in compliance with the Competency Rule of USPAP.

13. This appraisal is not based on a requested minimum valuation, a specific valuation, or the approval of a loan.

14. We have not relied on unsupported conclusions relating to characteristics such as race, color, religion, national origin, gender, marital status, familial status, age, receipt of public assistance income, handicap, or an unsupported conclusion that homogeneity of such characteristics is necessary to maximize value.

15. Rachel M. Zucchi, MAI, CCIM has appraised this property in the three years prior to accepting this assignment.

16. As of the date of this report, Rachel M. Zucchi, MAI, CCIM has completed the continuing education program for Designated Members of the Appraisal Institute.

ASSUMPTIONS AND LIMITING CONDITIONS

This appraisal is based on the following assumptions, except as otherwise noted in the report.

1. The title is marketable and free and clear of all liens, encumbrances, encroachments, easements and restrictions. The property is under responsible ownership and competent management and is available for its highest and best use.
2. There are no existing judgments or pending or threatened litigation that could affect the value of the property.
3. There are no hidden or undisclosed conditions of the land or of the improvements that would render the property more or less valuable. Furthermore, there is no asbestos in the property.
4. The revenue stamps placed on any deed referenced herein to indicate the sale price are in correct relation to the actual dollar amount of the transaction.
5. The property is in compliance with all applicable building, environmental, zoning, and other federal, state and local laws, regulations and codes.
6. The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.

This appraisal is subject to the following limiting conditions, except as otherwise noted in the report.

1. An appraisal is inherently subjective and represents our opinion as to the value of the property appraised.
2. The conclusions stated in our appraisal apply only as of the effective date of the appraisal, and no representation is made as to the effect of subsequent events.
3. No changes in any federal, state or local laws, regulations or codes (including, without limitation, the Internal Revenue Code) are anticipated.
4. No environmental impact studies were either requested or made in conjunction with this appraisal, and we reserve the right to revise or rescind any of the value opinions based upon any subsequent environmental impact studies. If any environmental impact statement is required by law, the appraisal assumes that such statement will be favorable and will be approved by the appropriate regulatory bodies.
5. Unless otherwise agreed to in writing, we are not required to give testimony, respond to any subpoena or attend any court, governmental or other hearing with reference to the property without compensation relative to such additional employment.
6. We have made no survey of the property and assume no responsibility in connection with such matters. Any sketch or survey of the property included in this report is for illustrative purposes only and should not be considered to be

scaled accurately for size. The appraisal covers the property as described in this report, and the areas and dimensions set forth are assumed to be correct.

7. No opinion is expressed as to the value of subsurface oil, gas or mineral rights, if any, and we have assumed that the property is not subject to surface entry for the exploration or removal of such materials, unless otherwise noted in our appraisal.
8. We accept no responsibility for considerations requiring expertise in other fields. Such considerations include, but are not limited to, legal descriptions and other legal matters such as legal title, geologic considerations such as soils and seismic stability, and civil, mechanical, electrical, structural and other engineering and environmental matters.
9. The distribution of the total valuation in the report between land and improvements applies only under the reported highest and best use of the property. The allocations of value for land and improvements must not be used in conjunction with any other appraisal and are invalid if so used. The appraisal report shall be considered only in its entirety. No part of the appraisal report shall be utilized separately or out of context.
10. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraisers, or any reference to the Appraisal Institute) shall be disseminated through advertising media, public relations media, news media or any other means of communication (including without limitation prospectuses, private offering memoranda and other offering material provided to prospective investors) without the prior written consent of the person signing the report.
11. Information, estimates and opinions contained in the report, obtained from third-party sources are assumed to be reliable and have not been independently verified.
12. Any income and expense estimates contained in the appraisal report are used only for the purpose of estimating value and do not constitute predictions of future operating results.
13. If the property is subject to one or more leases, any estimate of residual value contained in the appraisal may be particularly affected by significant changes in the condition of the economy, of the real estate industry, or of the appraised property at the time these leases expire or otherwise terminate.
14. No consideration has been given to personal property located on the premises or to the cost of moving or relocating such personal property; only the real property has been considered.
15. The current purchasing power of the dollar is the basis for the value stated in our appraisal; we have assumed that no extreme fluctuations in economic cycles will occur.
16. The value found herein is subject to these and to any other assumptions or conditions set forth in the body of this report but which may have been omitted from this list of Assumptions and Limiting Conditions.

17. The analyses contained in the report necessarily incorporate numerous estimates and assumptions regarding property performance, general and local business and economic conditions, the absence of material changes in the competitive environment and other matters. Some estimates or assumptions, however, inevitably will not materialize, and unanticipated events and circumstances may occur; therefore, actual results achieved during the period covered by our analysis will vary from our estimates, and the variations may be material.
18. The *Americans with Disabilities Act (ADA)* became effective January 26, 1992. We have not made a specific survey or analysis of any property to determine whether the physical aspects of the improvements meet the *ADA* accessibility guidelines. In as much as compliance matches each owner's financial ability with the cost to cure the non-conforming physical characteristics of a property, we cannot comment on compliance to *ADA*. Given that compliance can change with each owner's financial ability to cure non-accessibility, the value of the subject does not consider possible non-compliance. A specific study of both the owner's financial ability and the cost to cure any deficiencies would be needed for the Department of Justice to determine compliance.
19. The appraisal report is prepared for the exclusive benefit of the Client, its subsidiaries and/or affiliates. It may not be used or relied upon by any other party. All parties who use or rely upon any information in the report without our written consent do so at their own risk.
20. No studies have been provided to us indicating the presence or absence of hazardous materials on the subject property or in the improvements, and our valuation is predicated upon the assumption that the subject property is free and clear of any environment hazards including, without limitation, hazardous wastes, toxic substances and mold. No representations or warranties are made regarding the environmental condition of the subject property and the person signing the report shall not be responsible for any such environmental conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because we are not experts in the field of environmental conditions, the appraisal report cannot be considered as an environmental assessment of the subject property.
21. The person signing the report may have reviewed available flood maps and may have noted in the appraisal report whether the subject property is located in an identified Special Flood Hazard Area. We are not qualified to detect such areas and therefore do not guarantee such determinations. The presence of flood plain areas and/or wetlands may affect the value of the property, and the value conclusion is predicated on the assumption that wetlands are non-existent or minimal.
22. RKL Appraisal and Consulting, PLC is not a building or environmental inspector. RKL Appraisal and Consulting, PLC does not guarantee that the subject property is free of defects or environmental problems. Mold may be present in the subject property and a professional inspection is recommended.

23. The appraisal report and value conclusion for an appraisal assumes the satisfactory completion of construction, repairs or alterations in a workmanlike manner.
24. The intended use of the appraisal is stated in the General Information section of the report. The use of the appraisal report by anyone other than the Client is prohibited except as otherwise provided. Accordingly, the appraisal report is addressed to and shall be solely for the Client's use and benefit unless we provide our prior written consent. We expressly reserve the unrestricted right to withhold our consent to your disclosure of the appraisal report (or any part thereof including, without limitation, conclusions of value and our identity), to any third parties. Stated again for clarification, unless our prior written consent is obtained, no third party may rely on the appraisal report (even if their reliance was foreseeable).
25. All prospective value estimates presented in this report are estimates and forecasts which are prospective in nature and are subject to considerable risk and uncertainty. In addition to the contingencies noted in the preceding paragraph, several events may occur that could substantially alter the outcome of our estimates such as, but not limited to changes in the economy, interest rates, and capitalization rates, behavior of consumers, investors and lenders, fire and other physical destruction, changes in title or conveyances of easements and deed restrictions, etc. It is assumed that conditions reasonably foreseeable at the present time are consistent or similar with the future.

ADDENDUM B

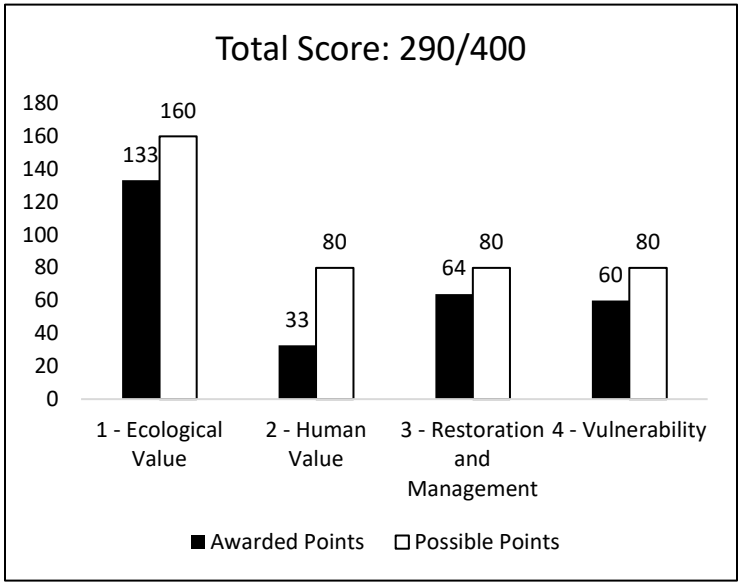
PROPERTY INFORMATION

Panther Walk Preserve Multi-Parcel Project

Currently on Board Approved A-list; **CCLACC Recommendation:** Remain on A-list

Property Name: Panther Walk Preserve Multi-Parcel Project
Owner(s): 200 parcels - See Map
Target Protection Area: North Golden Gate Estates
Acreage: 390.1 acres
Total Estimated Market Value: $11,587,269

Staff estimates that 15 parcels (31.60 acres) within the Panther Walk Preserve Multi-Parcel Project Area will be acquired during Cycle 12A. For budgeting purposes the estimated cost of 15 parcels has been allocated to the Active Acquisition List A-List Total - Cycle 12A, while the estimated cost of the remaining 186 project parcels (360.1 acres) is provided within the Active Acquisition List Multi-Parcel Projects total.



Highlights:

- **Location:** Located east of Everglades Blvd between 56th Ave. NE and Immokalee Rd.
- **Met 5 out of 6 Initial Screening Criteria:** Native plant communities; human values; water resource values; biological and ecological value; enhancement of current conservation lands
- **Habitat:** Cypress strand forest, mixed wetland hardwood forest, oak/pine hammock, freshwater marshes, wet prairie, pine flatwoods.
- **Listed Plants:** Hand fern (*Cheiroglossa palmata*), cardinal air plant (*Tillandsia fasciculata*), fuzzy-wuzzy air plant (*Tillandsia pruinosa*), giant air plant (*Tillandsia utriculata*), northern needleleaf (*Tillandsia balbisiana*)
- **Listed Wildlife:** Little blue heron and Florida sandhill crane observed. FWC telemetry shows use by Florida panthers. Habitat for Florida bonneted bats, big cypress fox squirrel, crested caracara, wood stork, and snail kites.
- **Water Resource Values:** Parcels protect the marshes and cypress forests of the northern reaches of the Horsepen Strand. Provide flood water attenuation, aquifer recharge, and water filtration.
- **Connectivity:** Once more parcels are acquired, a contiguous pathway following the Horsepen Strand will connect the NGGE to conservation lands to the north.
- **Access:** All parcels accessible via paved roads
- **Management Issues / Estimated Costs:** Initial invasive plant treatment - $350/acre. Ongoing annual maintenance estimated at $150/acre.
- **Partnership Opportunities:** None

- **Zoning/Overlays:** No Overlays, no TDRs; Single family Estates zoning
- **Surrounding land uses:** Undeveloped lots and low-density single-family homes
- **All Criteria Score:** 290/400 – high ecological and management scores
- **Other Division Interest:** Everglades Blvd. widening will require ROW/pond sites; Utility upgrades will occur on west side of Everglades Blvd. from 41st Ave NE north to Immokalee Rd.
- **Acquisition Considerations:** Staff recommend purchasing all parcels to ensure maximum flexibility in creating a contiguous wildlife corridor in the future

History: The original 3 parcels (4.6 acres) that created Panther Walk Preserve were acquired in 2007 and 2008. Eighteen parcels (39.8 acres) adjacent to the original Panther Walk Preserve were approved for the A-list by the Board of County Commissioners on December 13, 2022. The entire Panther Walk Preserve project boundary, totaling 451.6 acres, was approved for the A-list by the Board of County Commissioners on February 28, 2023. To date, the Program has acquired 9% of the project area or 22 parcels for a total of 40.3 acres.

Primary Frontage Street	70TH Ave NE	**Shape**	Rectangular
Utilities	None		

Comments

According to a W David Key, LLC, Environmental Consultant, letter dated November 2018, the site is mostly uplands with a small area of wetlands. The letter states the wetlands should not involve any regulatory agencies in the permitting process. However, DEP National Wetland Inventory GIS shows the site consists entirely of Freshwater Forested/Shrub Wetland and Freshwater Emergent Wetland. Listing agent priced the property based on the assumption it was entirely uplands. Listed at $54,900 in February 2024 at a "firm price as the county will buy the lot in the near future."

INSTR 6542942 OR 6357 PG 1445
RECORDED 5/7/2024 2:22 PM PAGES 5
CLERK OF THE CIRCUIT COURT AND COMPTROLLER
COLLIER COUNTY FLORIDA
REC $44.00

Florida WILDLIFE CORRIDOR Foundation

Memorandum of Understanding

This agreement is made between the Collier County Board of County Commissioners ("Collier County"), and Florida Wildlife Corridor Foundation, Inc. ("FWCF") (referred to collectively as the "Parties"), effective April 23, 2024. This agreement is subject to the terms and conditions contained herein between the Parties and is made part thereof.

Period of Performance

Conservation Collier, a program of Collier County, is authorized to plan for and request use of FWCF's Corridor Critical Linkages Fund to close qualifying acquisitions starting Jan 31, 2024 through Dec 31, 2024. Successful implementation of the program will inform potential ability to extend or execute a similar agreement for 2025 for unused FWCF funds.

Scope of Work

Collier County agrees to:

a. Offer landowners 100% of appraised value, as determined by most recent market studies, for all acquisitions in Target Area where FWCF funds will also be used.
b. Work to accelerate the pace of conservation in the acquisition target area by using FWCF funds as a match to existing Conservation Collier program budget. Collier County will make a good faith effort to achieve a near 1:1 match until their Panther Walk designated funds are expended.
c. Provide and utilize existing program resources for management and execution of landowner outreach and acquisitions including offer letters, due diligence, and transaction support.
d. Provide written quarterly progress reports highlighting acquisitions to date funded by each party and pipeline or outlook for next quarter, on or before March 31, June 30, and Sept 30, 2024.

Florida Wildlife Corridor Foundation agrees to:

a. Contribute one half of the contract price for each acquired parcel within the Target Area, up to $1.5 million (Total authorized Corridor Critical Linkages Funds), during the Period of Performance to match and accelerate the pace of conservation in the target acquisition area.
b. Wire required funds for each transaction to designated closing account after each Purchase Agreement is approved by the Board of County Commissioners, after documentation is received demonstrating that all MOU conditions have been met in preparation for closing, and after wiring instructions have been provided.
c. Fully yield implementation for acquisition process to Conservation Collier and not influence decision-making or management of the effort, so long as FWCF fund use is consistent with the terms in this MOU.

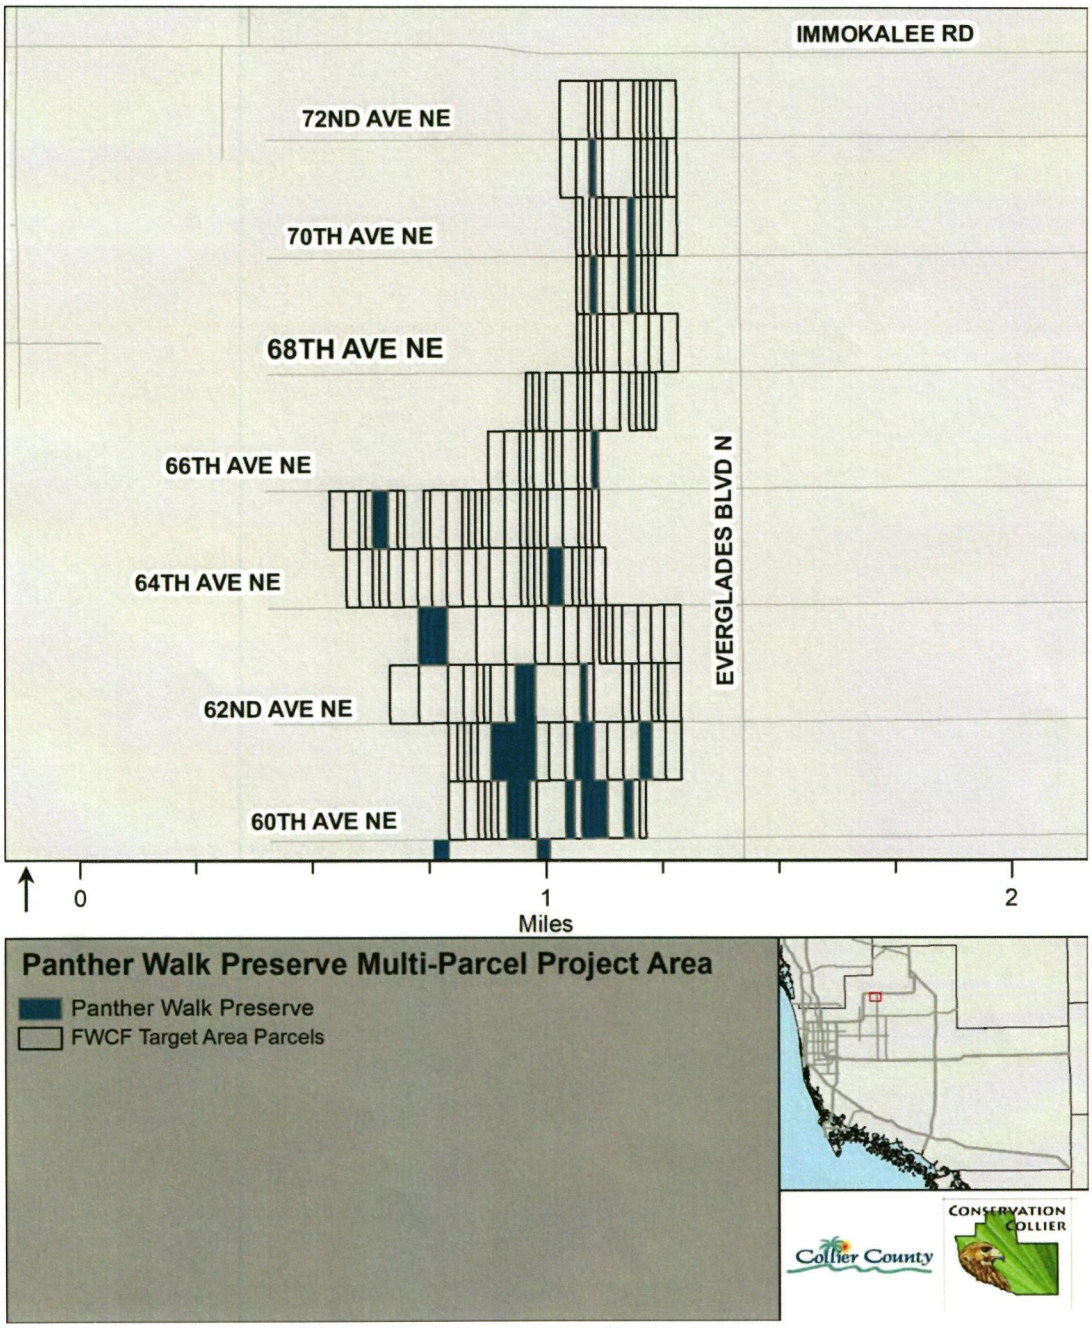
CAO

Qualifying Acquisitions

Qualifying acquisitions are defined as fee simple purchases of lots in the target acquisition area for 100% of appraised value as determined by most-recent market studies.

Target Area

The acquisition target area shall consist of all parcels north of 60th Ave. NE within the Conservation Collier Panther Walk Preserve Multi-parcel project area, as depicted here:



[23-ENS-00746/1826537/1]

CAO

Indemnification

To the extent provided by law, each party shall indemnify, defend, save, and hold harmless the other party and all of the other party officers, agents or employees from all suits, actions, claims, demands, or liability of any nature whatsoever arising out of, because of, by any negligent act, or by any occurrence of commission of the acts, by the other party officers, agents, or employees. Neither party officers, agents, or employees will be liable under this section for damages arising out of injury or damage or persons or property directly caused or resulting from the negligence of the other party or any of the other party officers, agents, or employees. This indemnification shall not be deemed a waiver of any limitation of liability to which the County may be entitled under Florida Statutes, including but not limited to Section 768.28, Florida Statutes.

Governing Law, Jurisdiction, and Venue

This Agreement and all related documents including all schedules attached hereto and all matters arising out of or relating to this Agreement, and the Services provided hereunder, whether sounding in contract, tort, or statute for all purposes shall be governed by, and construed in accordance with, the laws of the State of Florida, without giving effect to any conflict of laws principles that would cause the laws of any other jurisdiction other than those of the State of Florida to apply. Any action or proceeding by either of the Parties to enforce this Agreement shall be brought only in any state or federal court located in the State of Florida, County of Collier. The Parties hereby irrevocably submit to the non-exclusive jurisdiction of these courts and waive the defense of inconvenient forum to the maintenance of any action or proceeding in such venue.

IN WITNESS WHEREOF, the parties hereto have caused this MOU to be effective as of the day, month and year first written above.

IN WITNESS WHEREOF, the parties hereto have caused this Memorandum of Understanding to be executed by the undersigned officials, as duly authorized.

Executive Summary

Recommendation to approve a Resolution and an after-the-fact right-of-way permit authorizing the temporary closing of a portion of City Gate Blvd North and determining that the closure is necessary for the Magic of Lights event from November 22, 2024 – January 4, 2025, in affiliation with Sports Facilities and the Paradise Coast Sports Complex, to fulfill the Collier County's right-of-way permit application requirement for road closures.

OBJECTIVE: To have the Board approve the closure of City Gate Blvd North by Sports Facilities and Paradise Coast Sports Complex for the "Magic of Lights" event.

CONSIDERATIONS: Sports Facilities and the Paradise Coast Sports Complex are hosting the Magic of Lights event November 22, 2024 through January 4, 2025 and seek to close a portion of City Gate Blvd North for the event. The Event Map and Maintenance of Traffic for Road Closures (attached) show the area of road closure.

The event was previously held at the Collier County Fairgrounds; upon relocation of the event, the organizers were unaware a right-of-way permit (ROW) was needed. Upon notification of the event to Growth Management Community Development staff, a ROW permit was applied for (PRROW20241251560).

FISCAL IMPACT: The applicant has paid the Right-of-Way permit fee ($200) and after the-fact fees ($2,400) associated with this permit. Per Resolution 2017-109, permit fees for events within the ROW are $200 per day. However, fees are doubled for after-the-fact permits.

GROWTH MANAGEMENT IMPACT: There is no Growth Management impact associated with this action.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. -DDP

RECOMMENDATIONS: To approve a resolution and an after-the-fact right-of-way permit authorizing the temporary closing of a portion of City Gate Blvd North for the Magic of Lights event from November 22, 2024 through January 4, 2025.

The following information is provide for your planning purposes:

Ref: Meeting between PCSC Staff and the CCSO Incident Management Team (IMT) on Thursday 10.31.2024

There are three dates during the 2024 Magical Lights where large overlapping events, along with an anticipated increase in traffic for Magical Lights, will create significant traffic and security concerns at PCSC: Saturday December 7, 2024/Snowfest and Friday-Saturday December 13–14, 2024/American Youth Football Tournament. On those dates, it has been determined that two additional posts (Security/Traffic – LEO Only) will be needed to ensure a safe and secure environment for all attendees.

I have generated a Cost Estimate for the 2024 Magical Lights and it is attached FYI.

Two Notes:

1. I did observe on the CCSO Special Detail Agreement that you circled the 'Tier Two CSD Traffic Only' Rate on page 3 and while CCSO will make every attempt to fill your detail requests with CSD's, please note that all vacancies will be opened up for LEO to back-fill at their higher detail rate (as in years past).
2. You mentioned a "hard stop at 10pm" on your 10.31.2024 at 2:32pm email and we will schedule the detail end time for 10pm; however, if there is a traffic back-up, the deputies will need to remain on post until normal traffic operations resume.

If you have any questions, please contact Lt. Lopez, CCSO IMT, 239-252-9342.

Thank you.

RESOLUTION NO. 2025 - ____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AUTHORIZING THE TEMPORARY CLOSING OF A PORTION OF CITY GATE BLVD NORTH FROM NOVEMBER 22, 2024 TO JANUARY 4, 2025, AND DETERMINING THAT THE CLOSURE IS NECESSARY FOR THE MAGIC OF LIGHTS EVENT IN AFFILIATION WITH SPORTS FACILITIES AND THE PARADISE COAST SPORTS COMPLEX.

WHEREAS, Sports Facilities and the Paradise Coast Sports Complex are hosting the Magic of Lights event from November 22, 2024 – January 4, 2025 and seek to temporary close traffic on a portion of City Gate Boulevard North (the Event Map is attached hereto as Exhibit "A" and by reference incorporated herein); and

WHEREAS, the Magic of Lights event requires the temporary closure of a portion of City Gate Boulevard North from 6:00pm-9:00pm Monday–Thursday, and 6:00pm-10:00pm Friday–Sunday, November 22, 2024 through January 4, 2025.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY FLORIDA, that:

1. The Board of County Commissioners hereby authorizes the Magic of Lights event from 6:00pm-9:00pm Monday–Thursday, and 6:00pm-10:00pm Friday–Sunday, November 22, 2024 through January 4, 2025.
2. The Board of County Commissioners determines that the temporary closing of a portion of City Gate Boulevard North is necessary for Sports Facilities and the Paradise Coast Sports Complex to host the Magic of Lights event from November 22, 2024 – January 4, 2025.

THIS RESOLUTION ADOPTED after majority vote on this 14th day of January 2025.

Executive Summary

Recommendation to approve and authorize the removal of uncollectible accounts receivable in the amount of $435.00 from the financial records of the CATT Transit Enhancement Fund (4030) and Transportation Disadvantaged Fund (4033) in accordance with Resolution 2006-252 and authorize the Chair to execute the attached Resolution.

OBJECTIVE: For the Board of County Commissioners (the "Board") to authorize the removal of CATT Transit Enhancement Fund (4030) and Transportation Disadvantaged Fund (4033) past due accounts receivable considered uncollectible, in the amount of $435.00, in order to reflect proper accounts receivable balances in the county financial records.

CONSIDERATIONS: Accounts receivable management includes the periodic recognition of bad debt expenses for accounts that have been identified as uncollectible. Amounts recommended for removal from the accounts receivable include non-sufficient checks that were received for transit system fares.

A review of accounts receivable for the likelihood of collection is required by Resolution 2006-252. After exhausting research and collection efforts, staff has discontinued efforts to collect the list of miscellaneous receivables attached as an exhibit to this Executive Summary. All items requested for removal are now considered uncollectible after diligent efforts have been exhausted. A summary by write-off category for each receivable balance follows.

Reason	4030 CATT Transit Enhancement	4033 Transportation Disadvantaged	Grand Total
MICHAEL TIPTON Non-Sufficient Funds Check 1214	$ 17.50		$ 17.50
VIRGINIA MARTINEZ Non-Sufficient Funds Check 1014	$ 56.50		$ 56.50
MARY F MAINS Non-Sufficient Funds Check 1483	$ 35.00		$ 35.00
MARY F MAINS Non-Sufficient Funds Check 1484	$ 35.00		$ 35.00
THOMAS R. MACCHIA Non-Sufficient Funds Check 814		$ 14.00	$ 14.00
DORAYDA MOLINA Non-Sufficient Funds Check 5679		$ 3.00	$ 3.00
DORAYDA MOLINA Non-Sufficient Funds Check 5680		$ 3.00	$ 3.00
DORAYDA MOLINA Non-Sufficient Funds Check 3859		$ 6.00	$ 6.00
DORAYDA MOLINA Non-Sufficient Funds Check 3864		$ 9.00	$ 9.00
DORAYDA MOLINA Non-Sufficient Funds Check 3865		$ 6.00	$ 6.00
ELISE AND CARL KALTENBACH Non-Sufficient Funds Check 344		$ 3.00	$ 3.00
MARY WILLIAMS Non-Sufficient Funds Check 1081		$ 30.00	$ 30.00
WILLIAM RUTLEDGE Non-Sufficient Funds Check 147		$ 5.00	$ 5.00
SUZANNE M TURNER Non-Sufficient Funds Check 1163		$ 170.00	$170.00
RUTH ROSENBERG Non-Sufficient Funds Check 1021		$ 36.00	$ 36.00
STEPHANIE DEESE Non-Sufficient Funds Check 1236		$ 6.00	$ 6.00
			$435.00

CATT Transit Enhancement (Fund 4030): The $144 balance represents fares collected for the fixed-route service. However, the checks were deemed non-sufficient funds at the time of deposit. These checks were collected between 2016 and 2018, which exceeds the statute of limitations for collection. Letters were sent to the account holders at the time of the delinquency, but no payments were made to resolve the outstanding balance.

Transportation Disadvantaged (Fund 4033): The $291 balance represents fares collected for the paratransit service. However, the checks were deemed non-sufficient funds at the time of deposit. These checks were collected between 2014 and 2024. Letters were sent to the account holders at the time of the delinquency, but no payments were made to resolve the outstanding balance. More recently, attempts were made via a phone call to no success. As a result, active passengers have had the service suspended.

FISCAL IMPACT: Removal of accounts receivable balances will decrease the bad debt expense:

- in the CATT Transit Enhancement Fund (4030) by $144
- in the Transportation Disadvantaged Fund (4033) by $291

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this Executive Summary.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires majority vote for approval. -JAK

RECOMMENDATIONS: To approve and authorize the removal of uncollectible accounts receivable in the amount of $435 from the financial records of the CATT Transit Enhancement Fund (4030) and Transportation Disadvantaged Fund (4033) in accordance with Resolution 2006-252 and authorize the Chair to execute the attached Resolution.

RESOLUTION NO. 2006- 252

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, APPROVING PROCEDURES FOR MANAGING MISCELLANIOUS RECEIVABLES

WHEREAS, it is the responsibility of each department to manage the collection of miscellaneous accounts receivable.

WHEREAS, the Independent Auditor's Management Letter prepared by KPMG for the fiscal year ending September 30, 2004 revealed the following system wide deficiency, *"the Board of County Commissioners does not follow-up on delinquent miscellaneous receivables."*

WHEREAS, on February 8, 2006, County Manager James V. Mudd informed the Inspector General of the State of Florida, Ms. Annette C. Kittrell, that a procedure to monitor delinquency and collectabilty of miscellaneous receivables, including a write-off procedure, will be implemented by September 30, 2006.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, THAT:

The Board of County Commissioners hereby approves these Procedures for Managing Miscellaneous Receivables.

THIS RESOLUTION is adopted after motion, second, and majority vote favoring adoption this 26th day of September 2006.

DRAFT

Procedures for Managing Miscellaneous Receivables

It is the responsibility of each department to manage the collection of their accounts receivable. The following shall be collection procedures for managing miscellaneous receivables. This procedure excludes those areas covered elsewhere by resolution, ordinance, and/or by separate policy.

A. A past-due notice will be sent 30-days after due date.

B. 30-days after the first past due notice is sent (60-days past original due date) a second past due notice will be sent.

C. After a 10-day grace period following the second past due notice (70-days past original due date), the account will be sent to the county's contracted collection agency.

D. When, at any stage during the billing and collection procedure, a notice is returned because the Postal Service can not effectuate delivery, staff shall make reasonable efforts to ascertain the correct mailing address.

E. Nothing contained in this section shall preclude reasonable telephone or other appropriate contact for billing and collection purposes, in accordance with applicable laws.

F. A reasonable and customary payment plan may be made available to all service recipients or reasonable parties. Should the service recipient or reasonable party at any point fail to meet the terms or conditions of the payment plan, the unpaid balance shall be administered in accordance with this section.

G. Prior to the end of each fiscal year, county department directors shall review all past due accounts and approve the discontinuance of collection efforts for those receivables that appear to be uncollectible, and report such accounts to the Board of County Commissioners.

H. The Board may, after reviewing these past due accounts and after finding that diligent efforts at collection have proved unsuccessful, remove these past due accounts from active accounts receivable in accordance with generally accepted accounting procedures and pursuant to law by Resolution.

RESOLUTION NO. 2025-

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, TO REMOVE UNCOLLECTIBLE ACCOUNTS RECEIVABLE FROM PUBLIC TRANSIT AND NEIGHBORHOOD EHANCEMENT DIVISION ACTIVE ACCOUNTS RECEIVABLES, FINDING THAT DILIGENT EFFORTS HA VE BEEN MADE TO RECAPTURE THE FUNDS AND THE FUNDS ARE NOT COLLECTIBLE OR OTHERWISE REQUIRE REMOVAL FROM COUNTY FINANCIAL RECORDS.

WHEREAS, pursuant to Resolution No. 2006-252, the Board of County Commissioners (Board) established a procedure to remove past due accounts from active accounts receivable where diligent efforts at collection have proved unsuccessful; and

WHEREAS, the Collier County Public Transit and Neighborhood Enhancement Division has diligently attempted, without success, to collect on past-due accounts totaling $584.46.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA that:

1. The Board finds that the Collier County Public Transit and Neighborhood Enhancement Division has made diligent efforts to collect the total debt amount by researching the balances and reviewing any applicable records for further information.

2. Despite diligent efforts, it is not able to collect the debts but is able to determine that these accounts are uncollectible.

3. The Board finds that the total amount of $584.46 may be removed from active accounts receivable in accordance with generally accepted accounting procedures and pursuant to law.

This Resolution adopted after motion, second and majority vote favoring same, this ____ day of _____ 2024.

Executive Summary

Recommendation to approve an Agreement for the purchase of right of way (Parcel 1368FEE) required for the Vanderbilt Beach Road Ext – Phase 2 Project (Project No. 60249). Estimated Fiscal Impact: $54,300.

OBJECTIVE: To acquire right of way needed for the Vanderbilt Beach Road Extension – Phase 2 Project 60249 (the "Project").

CONSIDERATIONS: The Project will extend Vanderbilt Beach Road from 16th Street NE to Everglades Boulevard. Collier County is seeking to purchase a fee simple interest in a parcel of right of way, Parcel 1368FEE (the "Parcel"), required for construction of the Project. The improved parent tract is owned by Will Leris, Lourde Vencia Marcelus, and Ginel Mescharles and is located on the north side of 10th Ave NE. The Parcel consists of a strip taking along the rear, northerly boundary of the parent tract and is approximately 0.17 acres in extent. An aerial photograph of the subject property is attached.

The attached appraisal report summary prepared by Carlson, Norris & Associates, dated July 17, 2024, estimates the full compensation amount for the Parcel to be $45,600. The property owner's initial demand was $60,000. The attached Agreement reflects a negotiated compensation amount of $52,800. If this parcel is not acquired by negotiation, it will have to be condemned. Should condemnation become necessary, the County will be required to pay attorney and expert witness fees according to Sections 73.091 and 73.092, Florida Statutes, plus other expenses related to condemnation. The Transportation Engineering Division accordingly recommends approval of the Agreement since a better result is not anticipated if the Parcel is condemned.

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: Funds of $54,300 are required, being the negotiated compensation amount of $52,800 and estimated closing and recording fees of $1,500. The primary funding source for the acquisition of right of way is through Road Impact Fee District Funds (3090, 3091, 3092, 3093, 3094, 3095) in the Vanderbilt Beach Road from 16th to Everglades Project (60249). Should impact fees not be sufficient, the secondary funding source will be Transportation Capital Fund (3081) and Road Construction Gas Tax Fund (3083).

No maintenance costs are anticipated until such time as the Project is constructed.

GROWTH MANAGEMENT IMPACT: The recommendation is consistent with the Long-Range Transportation Plan and Objective 1 of the Transportation Element of the Collier County Growth Management Plan to maintain the major roadway system at an acceptable Level of Service.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney's Office. If the County needs to acquire this right of way by eminent domain, the costs of acquisition will be significantly greater than the proposed compensation and could lead to substantial project delays and costs. With that noted, this item is approved as to form and legality and requires majority vote for approval. –DDP.

RECOMMENDATIONS:

1. Approve the attached Agreement and authorize the Chairman to execute same on behalf of the Board;
2. Accept the conveyance of Parcel 1368FEE and authorize the County Manager, or her designee, to record the conveyance instrument in the public records of Collier County, Florida;
3. Authorize the payment of all costs and expenses that Collier County is required to pay under the terms of the Agreement to close the transaction; and
4. Authorize the County Manager or her designee to take the necessary measures to ensure the County's performance in accordance with the terms and conditions of the Agreement.

Re: 2885 10th Avenue NE
Naples, Florida 34120
Acquisition Parcel: 1368FEE
Our File Number: 24-139

To Whom it May Concern,

At your request and authorization, Carlson, Norris, and Associates has completed an appraisal presented in an **Appraisal Report** for the recommendation for compensation of the acquired taking area from the subject parcel. The "As Is" recommendation for compensation opinion is made under market conditions prevailing as of May 7, 2024.

The subject parent tract of this appraisal is a 1.14 gross acre site that can be located at 2885 10th Avenue NE in Naples, Florida 34120. The parent parcel is located along the northerly side of 10th Avenue NE with 75 feet of frontage along 10th Avenue NE. The parent parcel is rectangular and contains a total of 1.14 acres or approximately 49,658 square feet +/-. The parcel is improved with a single-family residence that contains approximately 1,494 square feet of net area that was constructed in 2022. There is also 440 square feet of garage area and 143 square feet of open porch area. Site Improvements include landscaping, partial fence, utilities, shed, and asphalt driveway.

The parts taken, parcel 1368FEE is a proposed roadway, drainage, and utility taking which will allow for the extension of Vanderbilt Beach Road. Plans for phase two include a new two-lane roadway with a footprint to allow for a four-lane roadway, or a six-lane roadway if required. The part taken is a 100 feet deep strip of area of the northerly portion or rear of the subject site that is rectangular and contains 7,500 square feet or 0.17 acres. The acquisition area does not contain any vertical improvements, and primarily consists of native vegetation.

Data, information, and calculations leading to the value conclusion are incorporated in the report following this letter. The report, in its entirety, including all assumptions and limiting conditions, is an integral part of, and inseparable from, this letter. Any special assumptions and limiting considerations were especially noted in Section 7 of this report. Your attention is directed to these General Assumptions and Limiting Conditions which are part of this report.

The following appraisal sets forth the most pertinent data gathered, the techniques employed, and the reasoning leading to the opinion of value. The analyses, opinions and conclusions were developed based on, and this report has been prepared in conformance with, our interpretation of the guidelines and recommendations set forth in the Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Foundation, the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.

Based on the analysis contained in the following report, our recommendation for compensation for the acquisition of the 1368FEE taking is concluded as follows:

Compensation Conclusion	1368FEE
Part Taken	
Land	$11,900
Improvements	$0
Total:	$11,900
Damages	$33,700
Cost to Cure	$0
Total Compensation	**$45,600**

Please refer to the attached appraisal report, plus exhibits, for documentation of the value estimates contained herein. It has been a pleasure to assist you in this assignment. If you have any questions concerning the analysis, or if Carlson, Norris and Associates can be of further service, please contact us.

Respectfully submitted,

PURCHASE AND SALE AGREEMENT

(partial fee simple)

THIS PURCHASE AND SALE AGREEMENT ("Agreement") is entered into this ____ day of _____, 2024, by and **WILL LERIS** and **LOURDE VENCIA MARCELUS**, husband and wife, and **GINEL MESCHARLES**, a single man, whose mailing address is 2885 10th Avenue NE, Naples, Florida 34120 (collectively, "Seller"), and **COLLIER COUNTY**, a political subdivision of the State of Florida, whose mailing address is 3299 Tamiami Trail East, c/o County Attorney's Office, Suite 800, Naples, FL 34112 (the "County").

Recitals:

A. Seller owns certain real property in Collier County, Florida, commonly known as 2885 10th Avenue NE, Naples, Florida 34120 (the "Property"); and

B. The County desires to purchase a portion of Seller's Property as described in Exhibit "A" attached hereto (the "Parcel").

NOW THEREFORE, the parties agree as follows:

1. AGREEMENT TO SELL AND PURCHASE. Seller hereby agrees to sell, and the County hereby agrees to purchase the Parcel on the terms and conditions set forth in this Agreement.

2. COMPENSATION.

A. Amount. The compensation payable by the County for the Parcel shall be **$52,800**, subject to prorations, apportionments, and distribution of sales proceeds provided for in this Agreement. No portion of the compensation is attributable to personal property.

B. Full Compensation. The payment of the net sales proceeds to Seller, payable by County check at Closing (defined below), shall be (i) full compensation for the Parcel, including, without limitation, all improvements located on the Parcel as of the date of this Agreement; and (ii) full and final settlement of all other damages and expenses suffered or incurred by Seller in connection with Seller's conveyance of the Parcel to the County, whether foreseen or unforeseen, including, without limitation, and to the extent applicable, attorneys' fees, expert witness fees and costs as provided for in Chapter 73, Florida Statutes.

3. CLOSING DATE; POSSESSION.

A. Closing Date. Seller's conveyance of the Parcel to the County (the "Closing") shall occur within 30 days of the County's receipt of all properly executed Closing Documents (defined below). TIME IS OF THE ESSENCE. The Closing shall take place at the offices of the County's Transportation Engineering Division, 2885 Horseshoe Drive South, Naples, Florida 34104.

B. No Adverse Changes; Risk of Loss. The County's obligation to close shall be contingent upon the County having determined that, between the date that the County completes its due diligence investigations and inspections under this Agreement and the Closing, there shall have been no adverse changes in the title, physical condition of the Parcel, or other matters previously approved by the County. Between the date of the parties' execution of this Agreement and the Closing, risk of loss shall be borne by Seller. If the Parcel is damaged prior to Closing, excluding damage caused by the County, Seller shall repair and restore the Parcel at Seller's expense.

C. Possession. Seller shall remove Seller's personal property, vacate, and surrender possession of the Parcel to the County at Closing. Seller shall leave the Parcel free of all personal property and debris and in substantially the same condition as exists on the date of Seller's execution of this Agreement. The County shall have the right to inspect the Parcel prior to Closing.

4. CLOSING DOCUMENTS. As soon after the parties' execution of this Agreement as is possible, Seller shall (i) provide the County with a copy of Seller's property survey and title insurance policy for the Property, if any, and (ii) deliver the following documents to the County, properly executed and in a form approved by the Collier County Attorney's Office (the "Closing Documents"):

(a) Warranty Deed;
(b) Closing Statement;
(c) Affidavit of Title;
(d) Form W-9 (Request for Taxpayer Identification Number and Certification);
(e) Evidence of legal authority and capacity of the individual executing this Agreement on behalf of Seller to execute and deliver this Agreement and the Closing Documents;
(f) A Satisfaction, Partial Release, or Termination from the holder of each mortgage or other lien open of record encumbering the Parcel;
(g) A Partial Release or Termination of any leases or rental agreements that encumber the Parcel;
(h) A Termination, Vacation or Subordination of any existing easement that encumbers the Parcel, if required by the County; and
(i) Such other documents as the County or title company deems necessary or appropriate to clear title to the Property.

Following the Closing, Seller shall execute any and all additional documents as may be requested by the County or title company to correct clerical errors, clear title, or otherwise carry out the intent of the parties.

5. CLOSING COSTS AND DEDUCTIONS.

A. County's Closing Costs. At Closing, the County shall pay (i) the recording fees to record the conveyance instrument(s) and any curative instruments required to clear title; and (ii) the cost of an owner's policy of title insurance if the County elects to obtain one. Additionally, the County may elect to pay reasonable costs incurred and/or processing fees required by mortgagees or other lien holders in connection with the delivery of properly executed Satisfaction, Releases, or Terminations of any liens open of record encumbering the Property. The County shall have sole discretion as to what constitutes "reasonable costs and/or processing fees."

B. Seller's Closing Costs. At Closing, Seller shall pay (i) all state documentary stamp taxes required on the conveyance instrument(s) in accordance with Section 201.01, Florida Statutes, unless the Property is acquired under the threat of condemnation, in which case the conveyance is exempt from state documentary stamp taxes; (ii) any apportionment and distribution of the full compensation amount provided for in this Agreement that may be required by any mortgagee, lien holder, or other encumbrance holder as payoff, paydown, or for the protection of its security interest, or as consideration due to any diminution in the value of its property right; (iii) all taxes and assessments that are due and payable; and (iv) the full amount of condominium/homeowner association special assessments and governmentally imposed liens or special assessments (other than CDD/MSTU assessments) which are a lien or a special assessment that is certain as to the identity of the lienor or assessor, the property subject to the lien or special assessment, and the amount of the lien or special assessment. If the Property is located within a Community Development District ("CDD") or Municipal Service or Benefit Taxing Unit ("MSTU"), the County shall assume any outstanding capital balance on the Parcel.

C. Prorations. The following items shall be prorated as of the date of Closing, with the County entitled to the date of Closing: (i) ad valorem taxes based upon the most current assessment available, without discount, provided that if the current year's tax bill is not yet available, but a TRIM Notice has been issued, the ad-valorem taxes shall be prorated based upon the amount set forth therein; (ii) condominium/homeowner

CAO

association assessments (other than those required to be paid in full under subparagraph B of this paragraph), and (iii) CDD/MSTU operating and maintenance assessments.

6. IRRIGATION SYSTEM AND MISCELLANEOUS IMPROVEMENTS.

A. Relocation. Seller agrees to relocate existing irrigation, electrical, or other systems located on the Parcel, if any, including, but not limited to, irrigation lines, sprinkler valves, electrical wiring, etc. ("Systems"), prior to the commencement of construction, without any further notification from the County. Seller assumes full responsibility for the relocation of all Systems and their performance on the remainder property after relocation. Seller holds the County harmless for any and all possible damage to the Systems in the event Seller fails to relocate the Systems prior to the commencement of construction.

B. Retention of Improvements. Seller acknowledges that the County has compensated Seller for the value of all improvements and landscaping ("Improvements") located within the Parcel, and yet the County is willing to permit Seller to salvage said Improvements provided same are removed from the Parcel prior to the commencement of construction. If Seller elects to retain any Improvements located on the Parcel, Seller is responsible for their removal prior to the commencement of construction, without any further notification from the County. All Improvements remaining on the Parcel at the time of commencement of construction shall be deemed abandoned by Seller.

C. This section shall survive Closing and is not deemed satisfied by conveyance of title.

7. INSPECTIONS.

A. Inspections. Following the date of the parties' execution of this Agreement, the County shall have the right, at its sole cost and expense, to conduct whatever investigations and inspections of the Parcel that it deems appropriate, including, without limitation, a title examination, property survey, appraisal, environmental assessments, engineering studies, soil borings, determination of compliance of the Parcel with applicable laws, and the like. Seller shall provide the County with reasonable access to the Parcel to conduct on-site inspections. The County shall promptly repair any damage to the Parcel caused by such on-site inspections.

B. County's Right to Terminate. Notwithstanding anything in this Agreement to the contrary, the County's obligations under this Agreement to purchase the Parcel are contingent upon the County's satisfaction with the Parcel, including, without limitation, as revealed by the County's investigations and inspections as set forth herein. If, prior to the Closing, the County identifies any objectionable matters and determines that such objections cannot be resolved to the County's satisfaction through reasonable diligence, within a reasonable period of time, and at a reasonable cost, all as determined by the County in its sole discretion, the County shall have the right to terminate this Agreement by written notice to Seller, whereupon neither party shall thereafter have any rights or obligations under this Agreement. The County may, but shall not be required to, provide Seller with an opportunity to rectify such objections.

8. SELLER'S REPRESENTATIONS AND WARRANTIES. Seller makes the following representations and warranties on the date of Seller's execution of this Agreement, and shall be deemed to have repeated same at Closing:

(a) Seller is the sole owner of fee simple title to the Property and has full right, power, and authority to own and operate the Property, to execute this Agreement, and to fulfill Seller's obligations under this Agreement and the Closing Documents.

(b) No tenant or other party has any right or option to acquire the Parcel or to occupy the Parcel, or, if applicable, Seller shall disclose same to the County in the applicable Closing Documents.

(c) Seller's title to the Property is free and clear of all mortgages and other liens and encumbrances, except as may be disclosed in the title commitment, title report, or attorney title opinion obtained or to be obtained prior to the Closing.

(d) Between the date of Seller's execution of this Agreement and the Closing, Seller shall not do anything to encumber the title to the Property, or convey the Parcel to a third party, or grant to any third party any rights of any kind with respect to the Parcel, or do anything to change or permit to be changed the physical condition of the Parcel, without in each instance obtaining the County's prior written consent, which may be granted or withheld in the County's sole discretion.

(e) No maintenance, construction, advertising, management, leasing, employment, service, or other contracts affecting the Parcel shall remain in effect following the Closing.

(f) There are no governmental proceedings or investigations of any kind, formal or informal, civil or criminal, pending or threatened, that may affect the Property or adversely affect Seller's ability to perform Seller's obligations under this Agreement.

(g) The Property is in compliance with all federal, state and local laws, including, without limitation, environmental laws; no unsafe levels of radon, mold, lead, or other pollutants or hazardous substances have been used, generated, stored, treated, or removed from the Property, nor is there any lawsuit, proceeding, or investigation regarding same; the Property has never been used as a landfill, and there are no underground storage tanks on the Property; there has been no spill, contamination, or violation of environmental laws pertaining to any contiguous property; and Seller has not received notice and otherwise has no knowledge of any existing or threatened environmental lien against the Property.

(h) None of the improvements located on the Parcel, if any, encroach upon adjoining properties, and no improvements located on adjoining properties encroach upon the Parcel.

9. DEFAULT; REMEDIES. If either party fails to perform any of its obligations under this Agreement and fails to cure such failure within 15 days after receiving written notice thereof from the non-defaulting party, the non-defaulting party shall have the right to terminate this Agreement by giving written notice of termination to the defaulting party; without limitation of any other rights and remedies available to the non-defaulting party at law or in equity, including, without limitation, the right to seek specific performance, and to recover damages, including attorney fees and court costs, in connection with such default; all rights and remedies being cumulative.

10. INDEMNIFICATION; WAIVER OF CLAIMS. Seller shall indemnify, defend, and hold the County harmless from and against all claims and actions asserted against the County, and all damages, losses, liability, penalties, fines, costs and expenses, including, without limitation, attorney fees and court costs, suffered or incurred by the County, arising from (i) Seller's representations and warranties in this Agreement or in any of the Closing Documents if untrue; or (ii) Seller's failure to perform any of Seller's obligations under this Agreement, irrespective of whether the County delivers a written notice of default to Seller; or (iii) injuries, accidents or other incidents occurring on the Property prior to Closing.

11. NOTICES. All notices given by either party to the other under this Agreement shall be in writing and shall be personally delivered, or delivered by a traceable courier, or mailed by U.S. certified mail, to the parties at their respective addresses set forth in the introductory paragraph of this Agreement, or such other address as may be specified by either party from time to time by written notice to the other party. Notices shall be deemed given on the date of receipt if personally delivered, or delivered by courier, or 3 days after mailing.

12. GENERAL PROVISIONS.

A. Successors and Assigns. This Agreement shall inure to the benefit of and be binding upon the parties and their respective heirs, executors, personal representatives, successors and permitted assigns.

B. Assignment. The parties shall not assign any rights or obligations under this Agreement to a third party without the prior written consent of the other party.

CAO

C. Entire Agreement. This Agreement constitutes the entire agreement of the parties as pertains to the subject matter hereof, and there are no prior or contemporaneous written or oral agreements, undertakings, promises, warranties, or covenants not contained herein.

D. Amendments. All amendments to this Agreement must be in writing and signed by both parties.

E. Time Periods. If any deadline or expiration of any time period provided for hereunder falls on a Saturday, Sunday or legal holiday, such deadline or expiration shall be extended to the following business day.

F. Survival. All provisions of this Agreement that are not, or by their nature cannot be, performed prior to the Closing, including, without limitation, Seller's representations, warranties, indemnity obligations, shall survive the Closing.

G. Severability. If any provision of this Agreement is determined to be legally invalid or unenforceable, such provision shall be severed from this Agreement, and the remaining provisions of this Agreement shall remain in full force and effect.

H. No Waiver. No party shall be deemed to have waived its right to enforce any specific provision of this Agreement unless such waiver is in writing. Any such written waiver shall be applicable only to the specific instance to which it relates and shall not be construed as a continuing waiver as to future instances or as a waiver of any other provision.

I. Governing Law; Venue. This Agreement shall be governed and construed in accordance with the laws of the State of Florida. All disputes arising under this Agreement shall be brought solely in the courts in Collier County, Florida, and the parties hereby agree to said venue.

Executive Summary

Recommendation to approve and authorize the Chairman to sign a Landscape Maintenance Agreement with Gulfshore Playhouse, Inc., for landscape, irrigation, and brick pavement improvements within Goodlette-Frank Road, a public right-of-way.

OBJECTIVE: To allow privately maintained beautifying landscaping and irrigation improvements within the County right-of-way.

CONSIDERATIONS: Gulfshore Playhouse Inc. proposes to enhance landscaping, irrigation, and decorative pavement within the Goodlette-Frank right-of-way as depicted in Schedule "A" and following the specifications in Schedule "B." Rights to terminate the Agreement are specified in the amended Agreement.

The Agreement aligns with the Collier County Strategic Plan's Quality of Place Objective to preserve and enhance the character of our community and the Infrastructure and Asset Management Objective to optimize the useful life of all public infrastructure and resources through proper planning and preventative maintenance. Through responsible governance objectives, active community engagement and participation were encouraged through the enhancements and maintenance responsibilities proposed in this agreement.

FISCAL IMPACT: There is no cost to Collier County associated with this proposal. The Gulfshore Playhouse is responsible for all recording fees.

GROWTH MANAGEMENT IMPACT: This recommendation is consistent with the Growth Management Plan, Transportation Element, Objective 1 to maintain the major roadway system at an acceptable Level of Service by implementing improvements as identified in the Annual Update and Inventory Report (AUIR) or by working directly with other responsible jurisdictions to implement needed improvements to their facilities.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for approval. – DDP.

RECOMMENDATIONS: To approve and authorize the Chairman to sign a Landscape Maintenance Agreement with Gulfshore Playhouse Inc., for landscape, irrigation, and brick pavement improvements within the Goodlette-Frank Road public right-of-way.

PREPARED BY: Pamela Lulich, PLA, CPM, Landscape Operations Manager

ATTACHMENTS:

1. Gulfshore Playhouse - LMA11222024-153640

LANDSCAPE MAINTENANCE AGREEMENT

This Landscape Maintenance Agreement is entered into this ___ day of _____, 2024, by and between Collier County, Florida, a political subdivision of the State of Florida whose mailing address is 3299 Tamiami Trail East, Naples, FL 34112 (hereinafter referred to as the "County"), and Gulfshore Playhouse, Inc. whose mailing address is 2640 Golden Gate Parkway, Suite 211, Naples, FL 34105 (hereinafter referred to as the "Association").

RECITALS:

WHEREAS, County is the owner of that certain right-of-way located in Collier County, Florida and known as Goodlette-Frank Road (hereinafter referred to as "Road"); and

WHEREAS, Section I. Planning and Development, of the handbook titled "Collier County Landscape and Irrigation Specifications for Beautification Improvements Within the Public Right-of-Way, Collier County, Florida" (2009), provides as follows:

> *Entities desiring to make landscape improvements within public road right-of-way shall submit plans and documentation consistent with the requirements for a public right-of-way permit. This submission shall be in accordance with the "Construction Standards Handbook for Work within the Public Right-of-Way, Collier County, Florida" (the "Construction Handbook").*
>
> * * *
>
> *Landscaping Permit Within the public rights of way:*
>
> *Improvements to unimproved medians in the right of way: A private owner, Developer or civic or homeowners' association desiring to landscape within a public right-of-way shall submit landscape and irrigation construction documents prepared by a licensed landscape architect for County review. The Permit application shall include three (3) sets of detailed plans indicating the existing right-of-way facilities and the type and location of the proposed plantings, location of electrical and irrigation systems(s). After acceptance of the landscape and irrigation plans, a landscape agreement shall be prepared by the contracting parties and approved by the County attorney's office. (See Appendix for example) The purpose of the landscape agreement is to ensure that the Permittee, or his successors or assign, shall be responsible to maintain such material and irrigation system until removed or unless otherwise specified*; and

WHEREAS, in keeping with the above, the Association has applied for a Landscaping Permit Within the Public Rights-of-Way, and has submitted landscape and irrigation construction documents prepared by a licensed landscape architect for County review. A copy of this Permit and the plans are attached hereto as Schedule "A." The Association shall follow the Collier County Maintenance specifications attached as Schedule "B."

NOW, THEREFORE, in consideration of the covenants contained herein, the parties agree as follows:

1. Subject to the issuance of all necessary Permits, County hereby grants to the Association the right to use those portions of the Road depicted in Schedule "A," for the sole purpose set forth in Schedule "A." The Permits address, among other things, the timing of the work, maintenance of traffic flow during construction, and the permissible lane closures during the time that work is to be performed.

2. The Association agrees to construct and maintain the improvements set forth in Schedule "A" (hereinafter referred to as "Improvements") at its sole cost and expense, until such time as the County executes a release from indemnification as discussed below.

3. Should the Association fail to construct or maintain the Improvements in accordance with Schedule "A" or law, the County may provide notice to the Association in writing, specifying the nature of the deficiency. Within five working days following receipt of such notice, the Association at its sole cost shall cause the appropriate repairs or cure to be effected. In the event damage to, or failure to maintain the Improvements results in a situation where public safety is at risk, (1) the Association shall effect repairs within twenty-four hours of receipt of the County's written notice, or (2) the County may, at its option, effect repairs to the Improvements, without the need for prior notice to the Association, and will promptly bill the Association for all actual costs incurred in effecting the repairs. The Association shall reimburse the County for such costs within thirty days of receipt of the County's bill.

4. The Association, as Indemnitor hereunder, shall indemnify and save harmless the County, as Indemnitee hereunder, including all employees of the County, from any loss or damages Indemnitee may suffer as a result of claims, suits, demands, damages, losses, fines, penalties, interest, expenses, costs, or judgments, including attorneys' fees and costs of litigation, against the County arising out of the Association's use of the Road for the purposes set forth in this Agreement, including the construction and removal of the Improvements. The Indemnitee shall not undertake to settle any lawsuit or threatened lawsuit that could give rise to Indemnitor's obligation hereunder without the prior consent of Indemnitor, such consent to not be unreasonably withheld.

5. The indemnity provided for by this Agreement will extend from the date of this Agreement until such time as the parties hereto acknowledge in writing that the Association has ceased to use the Road for the purposes stated within this Agreement and the Road has been restored as set forth below, at which time, following receipt of the Association's written request, the County will execute a release from indemnification in favor of the Association.

6. Indemnitee agrees to give Indemnitor written notice of any claims filed against the County in connection with this Agreement, within thirty days of the date that County is aware of such claim.

7. Unless terminated as set forth below, this Agreement shall remain in full force and effect in perpetuity from the date first set forth above, and shall be binding upon the parties and all

their successors in interest. The Agreement may be freely terminated as of right by either party, with or without cause, upon written notice to the other. If the Association exercises this right, or if the County exercises this right based upon the Association's substantial breach of this Agreement, then upon written demand by County, the Association, at its sole cost and expense, shall remove the Improvements and will restore the Road to the condition that existed immediately prior to the effective date of this Agreement. If the County exercises this right, or if the Association exercises this right based upon the County's substantial breach of this Agreement, then the County will be responsible for any removal of the Improvements or restoration of the Road. Except for the above, neither party will be liable to the other for any damages or claims resulting from the termination of this Agreement.

8. In the event either party hereto shall institute legal proceedings in connection with, or for the enforcement of, this Agreement, the prevailing party shall be entitled to recover its costs of suit, including reasonable attorney's fees, at both trial and appellate levels.

9. This Agreement may be recorded by the County in the Official Records of Collier County, Florida. The Association shall pay all costs of recording this Agreement prior to the execution of this Agreement. A copy of the Recorded Agreement will be provided to the Association.

10. This Agreement is the entire agreement between the parties, and supersedes all previous oral and written representations, agreements and understandings between the parties. This Agreement shall be governed by the laws of the State of Florida, and may not be altered or amended in any way, save by written agreement signed by both parties.

11. The rights and obligations of this Agreement shall bind and benefit any successors or assigns of the parties.

12. This Agreement establishes a valid and enforceable covenant running with the land described as: Southwest corner of 1st Avenue South and Goodlette-Frank Road, Naples, FL 34102 of the Public Records of Collier County, Florida, Property Appraiser Parcel No. 14240004043, located at 100 GOODLETTE-FRANK RD. S, NAPLES, FL 34102 (hereinafter "Owner's Property"). Owner hereby acknowledges that the specified Road and Improvements described in this Agreement benefit, touch, and are adjacent to the Owner's Property. This Agreement shall constitute covenants, restrictions, and conditions which shall run with the land and shall be binding upon the Owner's Property and every person or entity having any interest therein at any time and from time to time.

1. Work shall be performed in accordance with approved plan, stipulations specified as part of this permit and in accordance with Collier County Ordinance # 09-19 and the "Public Right-of-Way Construction Standards Handbook," latest edition. 2. Applicant declares that prior to filing this application he has ascertained the location of all existing utilities, both aerial and underground. Any changes to any utility shall be the responsibility of the Permittee for all cost. 3. If right-of-way permit is issued in conjunction with a residential building permit, the right-of-way permit expires upon completion of the residential building.	4. If the application is made by any person or firm other than the owner of the property involved, a written consent from the property owner shall be required prior to processing of the application. 5. Approval of this permit does not exempt the permittee from gaining approval from any State, Federal or Local Agencies having jurisdiction over the proposed work. 6. This permit is contingent upon Permittee obtaining necessary rights of entry for construction and maintenance where required right-of-way for public use has not been dedicated and accepted by Collier County.

Condition: All other applicable state or federal permits must be obtained before commencement of the development.

Condition: Inspection Hold - > Revision Inspection Hold. This condition will be resolved once the revision has been issued.

Condition: Stipulation - Before commencement of any excavation, the existing underground utilities in the area affected by the work must be marked by Sunshine One Call, in accordance with State Statute Chapter 556 "Underground Facility Damage Prevention and Safety", after proper notification to them by either calling 811 in Florida or toll free at 1-800-432-4770. Visit www.callsunshine.com for more information. Before commencing excavation for the work, potholing of all potential conflicts must be performed.

CAC

Condition: Stipulation - Sunshine 811 Damage Prevention Guide: Chapter 556, F.S., sets a tolerance zone that extends 24 inches from the outer edge of each side of an underground facility. Locate marks show the approximate location of an underground facility. To be sure where that facility is located, you must expose it using a method below: Hand digging at an angle toward the facility Pot holing Soft digging Vacuum excavation methods Other similar procedures Exposing the facility lets you see the facility size and the clearance you need to maintain during excavation. Digging within the tolerance zone requires special precaution and using mechanized equipment requires a spotter. Within existing pavement, soft digging will be required after removal of pavement associated with a permitted open-cut.

Condition: CO Hold - As Built Drawings are required prior to final inspection for all Commercial ROW permits. The as-built drawings may be submitted through the CityView Portal Conditions Tab - click "Browse" to upload the documents. You must be signed into the CityView Portal as a registered user to upload the document.

Condition: Stipulation - The Road Alert Form shall be completed and returned to the email addresses listed at the top of the form a minimum of five business days prior to any lane closures.

Condition: Informational - Use the form located at https://www.colliercountyfl.gov/home/showdocument?id=105797&t=638403984984558370 to request Permit extensions, cancellations, and changes/withdrawals of Contractors, Subcontractors and Qualifiers. Instructions are provided with the form. Right-of-Way (ROW) and Well permits may only use this process for cancellations. Change/withdrawal of contractor does not apply to self-issued permits. Contact Building Permit Resolution Services at 239-252-2493 for assistance completing the form. Submit the form by clicking the Browse button below.

Condition: Informational - To Extend a ROW Permit upload ROW Application and check Extension Box. Follow link to locate Right-of-Way Form; https://www.colliercountyfl.gov/home/showpublisheddocument/54469/637169203883770000

Condition: Stipulation - Staff understands that the applicant is working to obtain a Landscape Maintenance Agreement (LMA) which requires BCC approval prior to installation of the proposed irrigation associated with this project. Until the BCC approves the LMA, the scope of construction activity is limited to the work on the previously permitted plans. An executed copy of the Landscape Maintenance Agreement shall be provided to the Development Review Division once approved by the BCC.

Please visit the CityView portal located at https://cvportal.colliercountyfl.gov/cityviewweb to schedule the inspections listed below.

Please plan accordingly when scheduling inspections and schedule well in advance of when needed or permit expiration dates.

800 - Right-Of-Way Final Inspections

Disclaimer: Issuance of a development permit by a county does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the county for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

CAO

GENERAL GRADING NOTES

1. All terraced step information is intended for aesthetic purposes and to show relationship only. For detailed grading information see Civil Engineers drawings.

2. Rough grading and site preparation shall be completed for review by Landscape Architect / or owners representative prior to final grading.

3. Roadway grading and transition areas to be reviewed and approved by Civil / Traffic Engineer.

4. Grading and calculations for retention areas to be provided by Civil Engineers.

5. Contractor shall not substantially modify grading plan without the approval of designer. All site aesthetic grading is subject to review and approval of the landscape architect or owner's representative.

GENERAL NOTES LANDSCAPE

1. The locations of all site amenities are approximate and may be adjusted in the field with owner and/or their representatives approval. See plans for locations of fixed amenities.

2. The locations of plants, as shown in these plans, are approximate. The final locations may be adjusted to accommodate unforeseen field conditions to comply with safety criteria, to avoid creating unsafe sight conditions, or as otherwise directed by or approved by the landscape architect or owner's representative.

3. All dimensions shall be verified in the field prior to construction. Written dimensions shall take precedence over scaled drawings.

4. If a discrepancy should arise between layout geometry and design intent, design intent shall take precedence.
5. Refer to Landscape Plans for Paving Materials , Landscape Features.
6. Refer to Civil drawings for grading.
7. Refer to Electrical drawings for Layout of Exit signs.
8. The Contractor shall be responsible for verifying all underground utilities prior to digging in any area. The contractor shall notify all necessary utility companies 48 hours minimum prior to digging for verification of all underground utilities, irrigation and all other obstructions and coordinate with Owner's Representative prior to initiating operations. Drawings are prepared according to the best information available at the time of preparing documents.

9. The contractor is responsible to ensure proper watering and maintenance of new and relocated plant materials during the one year warranty period.

10. Contractor is to report any discrepancies between the construction drawings and field conditions to the Owner's Representative immediately.

11. Landscape Contractor shall coordinate all work with related contractors and with the general construction of the project in order not to impede the progress of the work of others or the contractor's own work. Landscape contractor shall provide schedule of his/her work two weeks in advance, beginning two weeks prior to commencing landscape trade construction.

12. The location of the landscape holding area will be identified by the Owner or Owner's Representative. The Contractor shall adhere to the access routes to and from the holding area without disrupting or impeding access to the site by others. Contractor is responsible for the maintenance of all plant materials, including temporary irrigation and fertilization if necessary during construction, while being held in landscape holding areas.

13. The Contractor shall bear all costs of testing of soils, amendments, etc. associated with the work and included in the specifications. Prior to commencement of the landscape planting work the Contractor shall provide complete soil tests with recommendations for soil treatment in the construction area.

14. Landscape Contractor shall field stake the location of all plant material or field stake the plants prior to initiating installation for the review and approval of the Owner's representative and/or Landscape Architect. Note: **No planting shall commence until there is a functional irrigation system in the area to be planted. No trees shall be planted on top of irrigation lines.**

15. Landscape Contractor shall field adjust location of plant material as necessary to avoid damage to all existing underground utilities and/ or existing above ground elements. All changes required shall be completed at the Contractor's expense and shall be coordinated with Owner's Representative and the Landscape Architect.

16. Any substitutions in size and/or plant species must be approved by the Landscape Architect or Owner's Representative prior to modification of the contract, purchasing and delivery of plants. All plants will be subject to approval by Landscape Architect and/or Owner's Representative before planting can begin. All plant materials will not include any plants considered to be invasive by the City of Naples and Collier County.

17. Contractor shall refer to the landscape planting details, general notes and the project manual and/or specifications for further and complete landscape planting instructions.

18. Landscape Contractor shall coordinate all planting work with permanent or temporary irrigation work. Landscape Contractor shall be responsible for all hand watering as required by Owner's Representative to supplement irrigation watering and rainfall. Landscape Contractor shall be responsible for hand watering in all planting areas, regardless of the status of existing or proposed irrigation.

19. Landscape Contractor shall clean the work areas at the end of each working day. Rubbish and debris shall be collected and deposited off-site or in an approved disposal area daily. All materials, products and equipment shall be stored in an organized fashion as directed by the Owner's Representative.

20. Landscape Contractor shall re-grade all areas disturbed by plant removal, relocation and/or installation work. Landscape Contractor shall replace (by equal size and quality) any and all existing or new plant material disturbed or damaged by plant removal, relocation, and/or installation work.

21. Site distance concerns must be maintained for clear site visibility from thirty (30) inches to seventy-two (72) inches, tree trunks are excluded as specified in appropriate municipal codes.

22. Guying / staking practices shall not permit nails, screws, wires, etc., to penetrate outer surface of any tree or palm. Trees or palms rejected due to this practice shall be replaced at the Contractor's expense.

23. Burlap material, wire cages, plastic straps, etc., must be cut and removed from top one-third (1/3) of root ball.

24. Trees grown in grow bags or grow bag type material are not allowed.

25. All planting materials shall meet or exceed local requirements as specified by local plant standards.

26. All landscape installations shall meet or exceed the minimum requirements as shown in appropriate municipal codes.

27. The Contractor shall be responsible for the guarantee of all plant material for a period of twelve (12) months from the date of substantial completion. Substantial completion constitutes the beginning of guarantee period.

28. Plant size specifications take precedence over container size.

29. Contractor to verify quantities and report any discrepancies to Owners representative and/or Landscape Architect.

30. All plant material shall be graded Florida #1 or better. Unless otherwise noted.

SOIL PREPARATION AND SOIL MIX

1. All plants noted for removal shall be removed and properly disposed of offsite at contractors expense unless otherwise noted.

2. Before replacing topsoil, rake subsoil clear of stones (1" diameter and larger), debris, rubbish, and remaining roots from removed plant material.

3. Holes should be dug and the sides and bottom of the hole should be stable, regardless of depth. Soil scarification is unnecessary if the hole is properly dug and the surrounding area left uncompacted.

4. Contractor to apply approved pre-emergent herbicide in accordance with manufacturer's rate and specifications. Contractors to provide manufacturer's specifications for approval.

5. Planting soil mix for planters, trees, shrubs, and ground cover & grasses shall consist of a thoroughly blended mixture of:

a. Palms
   45% D.O.T sand #70 (coarse)
   20% Bark chips compost
   Dolomite (10 lbs/yd)
   Leonards minors (4 lbs./yd)

b. Trees/Shrubs/Groundcover
   25% D.O.T sand #70 (coarse)
   20% Bark chips compost
   Dolomite (10 lbs/yd)
   Leonards minors (4 lbs/yd)
   6-12-14 (5 lbs/yd)

The planting soil mix should be what comes out of the hole so the plant adapts to the surrounding/existing soil and grows into it. This is why the sides and the bottom of the planting hole should never be compacted with the digging implements. Never fertilize newly planted plants and trees. Please note that peat moss will eventually decompose and clog soil pores thereby inhibiting the plants water and oxygen consumption.

6. Topsoil shall be natural, fertile, agricultural soil capable of sustaining vigorous plant growth. It shall be of uniform composition throughout, with admixture of subsoil, it shall be free of stones, lumps, live plants and their roots, sticks, and other extraneous material. Top soil brought in should match as well as possible the existing soil texture and Ph. Planted material should never be "mounded" or raised; the soil will eventually wash away exposing the roots and it will be difficult to establish the plant material due to drought and excessive soil transpiration. All plant/tree material should be installed with the root collar exposed. Landscaper should find the uppermost lateral root and plant that just below the soil surface.

7. Smooth topsoil mixture to two inches (2") below finish grade areas to be sodded without compaction.

8. Finish grade all topsoil areas to a smooth non-compacted, even surface assuring positive drainage away from the structures and eliminate any low areas which may collect water.

9. Contractor to remove debris and excess material immediately from job site while keeping in mind that heavy equipment will compact soil to the detriment of water drainage and the health of the newly installed plants.

PLANTING SPECIFICATIONS

1. The contractor is responsible for maintaining, in full, all planting areas (including watering, spraying, mulching, mowing, fertilizing, etc.) Until the job is accepted, in full, by the owner, its representative and Landscape Architect.

2. All plant material shall be protected during transport and delivery to final location with shade cloth or other acceptable means of windburn prevention. Plant/tree material shall conform to Florida # 1 as described in Florida grades & standards, the lastest issue.

3. All trees must be guyed or staked as shown in details. When plant material is delivered onsite, it shall not be laid down for more than two hours. Plant material when stored onsite shall be placed and maintained in a vertical position.

4. Installation of all plant material shall be installed in a sound, workmanlike manner and according to accepted good planting and tree relocation procedures with the quality of plant materials as hereinafter described. All elements of landscaping shall be installed so as to meet all applicable ordinances and code requirements.

5. There shall be no chains or cables used on trees or palms, handle with 2' minimum width nylon straps or equal.

6. Contractor shall assure drainage and percolation of all planting pits. Prior to installation of plant material, contractor shall fill all tree pits with water before planting to assure that proper drainage and percolation is available. Correct if required to assure percolation. Contractor is responsible for replacement of all plants lost due to inadequate drainage conditions. Plant/tree material that has bark scraped off due to shipping, handling, and installation issues may be rejected upon inspection of the L.A.

7. Contractor to request inspection of project in writing. If all work is satisfactory and complete in accordance with conditions of contract documents, then the owner, its representative, and landscape architect shall declare the project substantially complete.

8. Substantial completion constitutes the beginning of guarantee period.

9. Contractor to replace rejected plant within two (2) weeks of notice.

10. All crown pruning shall be done in accordance with national arborist association standards or palm pruning in accordance with city standards.

GENERAL NOTES

1. Pipe sizes shall conform to those shown on the drawings. No substitutions of smaller pipe sizes shall be permitted, but substitutions of larger sizes may be approved. All damaged and rejected pipe shall be removed from the site at the time of said rejection.
2. All mainline, lateral line and control wire conduit under paving shall be installed in separate sleeves. Sleeves shall be a minimum of twice (2X) the diameter of the pipe to be sleeved.
3. Install all backflow prevention devices and all piping between the point of connection and the backflow preventer as per local codes.
4. Final location of the backflow preventer and automatic controller shall be approved by the owner's authorized representative.
5. 120 VAC electrical power source at controller location shall be provided by others. The electrical contractor shall make the final connection from the electrical source to the controller.
6. All sprinkler heads shall be set perpendicular to finish grade unless otherwise specified.
7. The irrigation contractor shall flush and adjust all sprinkler heads and valves for optimum spray with minimal overspray onto walks, streets, walls, etc.
8. This design is diagramatic. All piping, valves, etc., shown within paved areas is for design clarification only and shall be installed in planting areas wherever possible. The contractor shall locate all valves in shrub areas where possible.
9. It is the responsibility of the irrigation contractor to familiarize himself with all grade differences, location of walls, retaining walls, structures and utilities. The irrigation contractor shall repair or replace all items damaged by his work. He shall coordinate his work with other contractors for the location and installation of pipe sleeves through walls, under roadways and paving, etc.
10. Do not willingly install the sprinkler system as shown on the drawings when it is obvious in the field that unknown obstructions, grade differences or differences in the area dimensions exist that might not have been considered in the engineering. such obstructions or differences should be brought to the attention of the owner's authorized representative. In the event this notification is not performed, the irrigation contractor shall assume full responsibility for any revisions necessary.
11. All sprinkler equipment not otherwise detailed or specified shall be installed as per manufacturer's recommendations and specifications.
12. The irrigation contractor shall install check valves on all heads in areas where finish grade exceeds 4:1, where post valve shut-off draining, of the irrigation head occurs or as directed by the owner's authorized representative.
13. The contractor shall provide 1800 PCS (pressure compensating screens) as necessary to reduce or eliminate overspray onto streets, walks or other areas as directed by the owner's authorized representative.
14. All control wires shall be installed in PVC conduit.
15. All remote control valves, gate valves, quick couplers, control wire and computer cable pull points shall be installed in approved valves boxes with covers.
16. The installation devices are to be guaranteed for the period of (1) year from the date of final acceptance.

SCHEDULE "B"

RIGHT OF WAY LANDSCAPE MAINTENANCE SPECIFICATIONS

These specifications are intended to provide the information by which private entities may understand the minimum requirements of Collier County relative to maintaining County rights of ways. Records of all specification requirements shall be kept and made available to the County's representative upon request.

A. **MOWING AND EDGING:** Mowing and edging shall include medians as well as those areas, if existing, along the outside edge of the sidewalks of adjacent properties. All turf shall be mowed with mulching type mower equipment to eliminate the need to bag and transport grass clippings. Should bagging be necessary, the bagged clippings shall be collected and removed at no additional cost. Grass shall be cut at a height of three and one half inches (3 ½"). The frequency of cutting will be weekly or fifty-two (52) times.

Mechanical edging of the turf shall be done with each mowing along all sidewalk edges, back of concrete curbs, around all planting beds, utility service boxes, streetlight bases, sign posts, headwalls, guardrails, timer pedestals, posts, and trees. Metal blade edging is not permitted along back of curbing. Grass root runners extending into the mulched areas shall be cut and removed when the edging is performed. Edging will also be required in all turf areas around isolated trees, sprinkler heads, valve boxes, shrubs, signposts, manholes, etc. where they exist. All debris on streets, sidewalks or other areas resulting from edging shall be removed. No herbicide shall be used for edging.

All sidewalks, curbing and/or gutters shall be cleaned after each service. All sidewalks shall be blown clean, but no clippings or other debris shall be blown or allowed to be deposited on other adjacent property or accumulate on right-of-way areas.

B. **WEEDING:** Weeding of plant beds, sidewalks (asphalt, concrete or pavers), guardrail bases, and curb joints as well as other mulched areas by chemical and/or hand removal will be performed weekly or as necessary to provide a weed free and well-maintained area.

C. **GENERAL SITE PRUNING:** General site pruning shall be defined as the pruning of any plant's foliage below ten-foot (10') foot.

All groundcovers, shrubs, canopy trees and palms up to ten-foot (10') level, shall be inspected and pruned on a weekly or an as needed basis, so to maintain the proper or required heights for visibility, vehicular movement purposes and desired shape or form as determined by County's representative. Pruning shall also include removal of water sprouts, suckers and any dead or diseased foliage or branches.

During the first week of October and April, ornamental grasses, such as Fountain grass, Florida Gamma or Fakahatchee grass shall be pruned in a pyramid shape to a twelve-inch (12") or twenty-four (24") height based upon the type of plant. Ornamental type grasses such as Liriope muscari 'Evergreen Giant', shall only be pruned at the direction and approval of the County's representative.

Plant material with a canopy over pedestrian sidewalks shall be maintained at a minimum height of one hundred twenty inches (120"). Shrubs and groundcovers adjacent to pathways or sidewalks shall be pruned to maintain one foot (1') of clearance from the edge of the pathway. IT is recommended that adjacent shrubs and groundcovers be maintained so that they angle or are rounded away from the pathway.

D. **TRASH REMOVAL:** With each service, all sites shall be cleaned by removing all trash or debris to include, but not limited to; paper, bottles, cans, other trash, and horticultural debris. All debris or trash pick-ups shall be performed "prior" to mowing in all turf areas. The disposal of all trash and debris must be at a proper landfill or disposal site.

E. **STREET CLEANING/SWEEPING:** Street Cleaning: A four foot (4') wide area measured from the face of the curb and gutters including turn lanes shall be cleaned with each site service to remove any accumulation of debris or objectionable growth so to maintain a neat and safe condition.

F. **TRAFFIC CONTROL:** The Association shall comply with the requirements of Collier County Maintenance of Traffic (MOT) Policy, copies of which are available through Risk Management or the Purchasing Department. The Association shall obtain and review the County MOT policy requirements prior to submitting a bid.

The Association will be responsible for obtaining copies of all required manuals, MUTCD, FDOT Roadway & Traffic Design Standard Indexes, or other related documents, so to become familiar with the requirements. Strict adherence to the requirements of the MOT policy will be enforced under this Contract.

To assist in employee visibility, employees servicing the area shall wear high visibility safety apparel in compliance with the most current editions of the FDOT Design Standards and the Collier County Maintenance of Traffic (MOT) policy.

G. **CANOPY TREE AND PALM PRUNING:** For this site, canopy trees shall be defined as any large shrub, tree, or palm with foliage above a ten-foot (10') level.

All canopy trees and palms shall be pruned on a continuous basis to create and maintain a seventeen-foot (17') canopy clearance over the roadways and a ten-foot (10') canopy clearance over all pathways. Canopy trees shall be selectively pruned twice per year in April and September so to thin the interior canopy of cross branching and to shape the canopy of the trees. The County's representative shall approve a professional licensed to prune tress under the direction of a Licensed Landscape Architect, Arborist, Tree Surgeon, or other approved professional shall do the pruning and sharpening. The work shall be performed per ANSI AS300 "Standard Practices for Trees, Shrubs, and other Woody Plant Maintenance" and done in a professional manner in accordance with "Pruning Standards" of the national Arborist Association or accepted local trade standards and practices.

Palms shall be pruned annually during June of each year. The palms shall be pruned to a "Tropical Cut" or to a nine (9) o'clock- three (3) o'clock angle from the horizontal at the base of the palm's bud or lowest fronds. Approximately seven (7) to (10) ten green fronds shall be left at the head after pruning. The pruning shall include removal of all nuts, seed stalks, brown or dead and lower fronds.

The work shall be done in a professional manner in accordance with acceptable trade standards and practices. The palms shall not be climbed with tree spikes to remove the fronds. The pruning shall be accomplished by the use of a ladder, boom truck or lift. All debris from the pruning shall be removed and the site shall be left on a clean and neat manner.

When the annual or bi-annual heavy pruning work is being performed with the use of a lift or boom truck, it is required that the adjacent traffic or turn lane to the work area, be closed using traffic control devices and signage per the current FDOT traffic control standards and indexes.

H. **FERTILIZATION:** The application of fertilizers shall follow Ordinance No. 2019-18. No Applicator shall apply fertilizers containing nitrogen and/or phosphorus to turf and/or landscape plants during the Prohibited Application Period, or to saturated soils. Follow UF/IFAS guidelines for turfgrass fertilization. Contractor/subcontractor must have valid licenses issued by Florida Department of Agriculture and Consumer Services for Limited Urban Commercial Fertilizer Applicator Certification (FDACS LUFAC). Provide fertilization services four (4) times a year in March, June, September, and December. Only twice (2) a year if using six (6) month application rate. Nitrogen content in any fertilizer must be at a minimum of 50% slow release. Contractor shall ensure that fertilization scheduling does not exceed the fertilizer label rate prescribed and complies with state and local ordinances. It is important to note that local fertilizer regulations may prohibit the use of nitrogen fertilizers during the summer months. Applied at a rate of 1.5 lbs. per 100 square feet. Broadcasted throughout the planting beds and turf areas. All tree pit areas should be fertilized evenly.

No fertilizer ring around trees under any circumstances. If a ring is formed, contractor/subcontractor is required to return to the site and spread the fertilizer correcting the situation at their expense. This may include contractor/subcontractor purchasing additional fertilizer because applied fertilizer may not be able to spread. Immediately remove fertilizers from curbs and sidewalk areas to avoid staining.

Fertilization Applications

Contractor/subcontractor shall use deflector shields on all application equipment to minimize the inadvertent application of fertilizer in non-plant areas. Contractor shall blow, sweep, or wash back into the landscape any fertilizer deposited on paved or impervious surfaces. Use "Ring of Responsibility" around or along the shoreline of canals, lakes, or waterways.

Ensure fertilizers and other lawn chemicals do not come into direct contact with the water. Apply fertilizer only when plants are actively growing. Clean up spilled fertilizer materials immediately as per University of Florida IFAS recommendations. Store nitrate-based fertilizers separately from solvents, fuels, and pesticides, because nitrate fertilizers are oxidants and can accelerate a fire. After fertilizing (other than when watering restrictions apply), irrigate with at least a quarter inch (1/4") of water following fertilization to avoid the loss of nitrogen and increase uptake efficiency. If water restrictions apply, the contractor may irrigate as permitted but no more than one-half inch (1/2") following fertilization.

Do not exceed the annual nitrogen recommendations in the Fertilizer Guidelines for Established Turfgrass Lawns in Three Regions of Florida as provided on the label.

Bed, Tree, Shrub, Palm, Flower, Groundcover Fertilization
