Broadcast fertilizer uniformly over all the landscaped areas, and consider root location, fertilization objectives, and plant species when applying fertilizer. In areas where tree or shrub fertilization zones overlap with lawn fertilization zones, the contractor shall fertilize one or the other of the plant types, but not both.

Palm Fertilization

Palms have different nutritional requirements from other landscape plants. They suffer quickly and conspicuously from inadequate mineral nutrition, whether due to insufficient or incorrect fertilization. Division's Landscape Supervisor will provide the fertilization schedule.

Note: Fertilize palms with a granular slow-release fertilizer three to four times per year. An acceptable formulation is 8-0-12-4 (N, P, K, Mg plus micro-elements), 50% Slow Release.

Turf Fertilization

Treat deficiencies of specific nutrients with applications of the lacking nutrient in accordance with University of Florida IFAS recommendations until deficiencies are corrected, or as directed from Division Landscape Supervisor. Must have prior approval. Adjust fertilizer rates according to health, maturity, and desired growth patterns.

Fertilization for Establishment

During the establishment phase for shrubs, trees, and ground covers, fertilize landscape plants with a slow-release fertilizer as per University of Florida IFAS recommendations. Shrubs and groundcovers shall have the fertilizer blown or fan raked off following the broadcast application. Immediately after the fertilizer is applied, the areas shall be watered.

H. **MULCHING:** Organic Mulch Areas with no mulch or new planting areas shall have mulch placed to provide for a four inch (4") non-compacted or unsettled depth measured from the existing soil grade. The area to receive the mulch shall be raked level to establish the proper finished grade and have all weeds removed prior to the placement of the mulch. Two inches must be applied to replenish this mulch twice a year, November and during May.

I. **LANE CLOSURE:** Lane closure for median maintenance shall comply with the most current editions of the FDOT Design Standards and the Collier County Maintenance of Traffic (MOT) policy.

J. **IRRIGATION SYSTEMS:** The irrigation systems shall be checked and repaired as necessary. Each zone shall be manually turned on at the valve once a week and a thorough inspection conducted to ascertain proper operations of the system. Quick coupling valves, if existing shall be reviewed weekly and operated quarterly to insure proper operation. Maintenance responsibilities will include cleaning and adjustment of heads, nozzles, installation or replacement of risers, repair of minor PVC piping breaks or subsurface piping or restricted sprinkler lines, replacement of damaged valve boxes/lids and adjustment of controller and rain shut off switches for settings and operations. Where required, the Association shall maintain on site reclaimed water irrigation signage.

SUBSURFACE IRRIGATION SYSTEMS:
No excavation or mechanical metal edging around plant beds shall be done within the Right-of-way. Mechanical metal blade edging is permitted along the back of curbing.

Weekly Service Requirements:

1. A visual inspection of the subsurface irrigation systems shall be performed weekly to determine if the systems are functioning normally and if cuts, leaks, piping damage, flooded areas exist, and repair as necessary. This shall also include review and re-setting of the controller and in-ground moisture sensor adjustments or other rain sensing devices as needed.

2. System Computer/Controller
    a. Operate, adjust, and set controller to provide proper operation of the systems.
    b. Diagnose and repair electrical and mechanical malfunctions.
    c. Monitor and adjust the system zones moisture levels based upon moisture sensor readings.
    d. Operate controller on automatic, manual, and single trip operation.
    e. Monitor controller standby battery backup and replace as required.

3. Automatic Control Assemblies and Quick Coupling Valves
    a. Review control valve assembly and by-pass system for proper settings.
    b. Open zone control valve assemblies and quick coupling valve boxes to review valves for leaks; pressure gauge operation; proper settings and are clean of debris or mulch.

4. Pump Sites
    a. Inspect for proper operations.
    b. The Association shall record and provide to the County's representative the well water flow meter readings for the two well locations on the General Maintenance Report Sheets.

5. Review system water source connections to include water meters, backflow preventers, gate valve points of connection and main lines for proper operation.

Monthly Service Requirements:

1. Automatic Control Valve Assembly
    Manually operate valves, and clean valve assembly filters.

2. Backflow Assembly
    Review assembly for proper operation and clean filter as needed.

3. Quick Coupling Valves
    Review boxes and operate valve.

4. Pump Sites
    a. Once a month, the Association will trouble shoot each pump station, checking amperage draw and document the results for future reference.
    b. Manually run the system to ensure proper coverage and that no sprinkler head and nozzle are spraying onto the roadway. Clean and adjust sprinkler heads and nozzles and irrigation shields to ensure proper coverage.

c. The Association will check all zone wiring and solenoid conditions through the use of an OHM meter and document the results for future reference.
d. The Association will clean the strainers filters and inspect them for wear at the Pump Station.

5. Manually run the system with open flush caps and review sprinkler head indicators located at the end of zones.

6. Review pressure gauge readings at control valve assemblies for each zone, as well as gauges located at the end of zones where present to determine the system and porous piping is functioning properly.
7. Check, analyze and adjust flow control devices as required.

Quarterly Service Requirements:
1. Review all subsurface system piping, valve assemblies, wiring, moisture sensors and controllers for overall operation and provide adjustments as required to assure proper operation and irrigation application.

Conventional Pop-up Irrigation Systems:
Weekly Service Requirements:
1. Each median zone shall be manually turned on at the valve to ascertain proper operation of the system.
2. Repair system for any blown-off heads, broken lines or leaks around heads or valves.
3. Check the controller and rain sensing devices for proper operation and settings.
4. The Association shall further adjust all sprinkler heads to ensure that all landscaped areas receive one hundred percent (100%) irrigation coverage.
5. Within all work areas the Association shall review the plant material and turf for dry conditions and if found correct the problem.

Monthly Service Requirements:
1. Manually run the system, clean and adjust sprinkler heads/nozzles and concrete donuts as necessary to ensure proper coverage and that there are no sprinkler heads/nozzles spraying directly onto the roadway.
   a. Each median and side right-of-way zone shall be manually turned on at the valve to ascertain proper operation of the system.
   b. Repair system for any blown-off head, broken lines or leaks around heads or valves.
   c. Check the controllers and rain sensors for proper operation and settings.
   d. The Association shall further adjust all sprinkler heads to ensure that all landscaped areas receive one hundred percent (100%) irrigation coverage.
   e. Within all work areas the Association shall review the plant material and turf for dry conditions and if found correct the problem.

General Service Requirements for Irrigation Systems:
1. Should South Florida Water Management District or other governing agency establish water restrictions, the irrigation systems shall be inspected, and all other controllers set to the mandated hours of operation set by the District or Agency. Subsurface systems are exempt from water restrictions.
2. Replace defective heads or nozzles, install, or replace defective risers and repair minor breaks or restricted sprinkler lines.
3. Replace damaged valve boxes/lids if caused by the Maintenance Association.
4. Inspect, clean, and replace, if necessary, screen/filters within the sprinkler heads.
5. Keep all grass and mulch out of all valve boxes. All valve boxes in sod areas are to be kept at sod level. All valve boxes in plant beds are to be kept two inches (2") above finished mulch.
6. One hundred percent (100%) irrigation coverage shall be maintained within all irrigated landscaped areas while this Contract is in effect.

7. Notification to the County's representative is required when acts of vandalism or accidents have occurred to the irrigation system. Photos shall be taken and provided to the County's representative at no added cost.

Miscellaneous Irrigation Maintenance Responsibilities:

1. Should the temperature be forecast to be below thirty-four (34) degrees, the Association shall be responsible for turning the irrigation system off to protect plants from possible freeze damage.
2. It shall be the Association's responsibility to notify the County's representative of any irrigation problems or additional irrigation maintenance needs.
3. The irrigation service personnel must trouble shoot time clocks, i.e., power-in 110 volt and 24-volt fuses, 24 volts output when necessary.
4. The irrigation services personnel must trouble shoot any pump start relay, main fuses, and capacitors when necessary.

K. **BRICK PAVERS:** All median brick paving shall be pressure cleaned twice per year, in April and November, to remove marks, gum and other dirt that may be deposited on the surface areas. Upon finding damaged areas, the Associations shall clean-up debris if present, and or flag off the areas with protective barriers and/or high visibility hazard tape. Damaged areas must be repaired as quickly as possible.

L. **PEST CONTROL:** Trees, Palms, Shrubs, Groundcovers, and Sod must be closely monitored for pests and diseases and must be treated appropriately by a licensed Pest Control Operator approved by the County's representative.

Executive Summary

Recommendation that the Board approve and authorize the Chairman to sign a Landscape Maintenance Agreement ("Agreement") with Valewood Maintenance Association, Inc., for landscape, irrigation, and brick pavement improvements within Valewood Drive, a public right-of-way.

OBJECTIVE: To allow privately maintained beautifying landscaping and irrigation improvements within the County right-of-way.

CONSIDERATIONS: The Valewood Maintenance Association proposes to install and refurbish landscaping, irrigation, and decorative pavement within the Valewood Drive right-of-way as depicted in Schedule “A” and following the specifications in Schedule “B.” Rights to terminate the Agreement are specified in the attached Agreement.

The agreement aligns with the Collier County Strategic Plan’s Quality of Place Objective to preserve and enhance the character of our community and the Infrastructure and Asset Management Objective to optimize the useful life of all public infrastructure and resources through proper planning and preventative maintenance. Through responsible governance objectives, the enhancements and maintenance responsibilities proposed in this agreement encouraged active community engagement and participation.

FISCAL IMPACT: There is no cost to Collier County associated with this proposal. The Valewood Maintenance Association is responsible for installing and maintaining the proposed improvements and all recording fees.

GROWTH MANAGEMENT IMPACT: This recommendation is consistent with the Growth Management Plan, Transportation Element, Objective 1 to maintain the major roadway system at an acceptable Level of Service by implementing improvements as identified in the Annual Update and Inventory Report (AUIR) or by working directly with other responsible jurisdictions to implement needed improvements to their facilities.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. -DDP

RECOMMENDATIONS: To approve and authorize the Chairman to sign a Landscape Maintenance Agreement with the Valewood Maintenance Association, Inc., for landscape, irrigation, and brick pavement improvements within the Valewood Drive public right-of-way.

PREPARED BY: Pamela Lulich, PLA, CPM, Landscape Operations Manager

ATTACHMENTS:

1. Valewood - LMA - Agreement 12-30-202412302024-142509

LANDSCAPE MAINTENANCE AGREEMENT

This Landscape Maintenance Agreement is entered into this ____ day of _____, 2025, by and between Collier County, Florida, a political subdivision of the State of Florida whose mailing address is 3299 Tamiami Trail East, Naples, FL 34112 (hereinafter referred to as the "County"), and Valewood Maintenance Association, Inc., whose mailing address is 4886 Pond Apple Drive South, Naples, Florida 34119 (hereinafter referred to as the "Association").

RECITALS:

WHEREAS, County is the owner of that certain right-of-way located in Collier County, Florida and known as Valewood Drive (hereinafter referred to as "Road"); and

WHEREAS, Section I. Planning and Development, of the handbook titled "Collier County Landscape and Irrigation Specifications for Beautification Improvements Within the Public Right-of-Way, Collier County, Florida" (2009), provides as follows:

> *Entities desiring to make landscape improvements within public road right-of-way shall submit plans and documentation consistent with the requirements for a public right-of-way permit. This submission shall be in accordance with the "Construction Standards Handbook for Work within the Public Right-of-Way, Collier County, Florida" (the "Construction Handbook").*
>
> * * *
>
> *Landscaping Permit Within the public rights of way:*
>
> *Improvements to unimproved medians in the right of way: A private owner, Developer or civic or homeowners' association desiring to landscape within a public right-of-way shall submit landscape and irrigation construction documents prepared by a licensed landscape architect for County review. The Permit application shall include three (3) sets of detailed plans indicating the existing right-of-way facilities and the type and location of the proposed plantings, location of electrical and irrigation systems(s). After acceptance of the landscape and irrigation plans, a landscape agreement shall be prepared by the contracting parties and approved by the County attorney's office. (See Appendix for example) The purpose of the landscape agreement is to ensure that the Permittee, or his successors or assign, shall be responsible to maintain such material and irrigation system until removed or unless otherwise specified*; and

WHEREAS, in keeping with the above, the Association has applied for a Landscaping Permit Within the Public Rights-of-Way, and has submitted landscape and irrigation construction documents prepared by a licensed landscape architect for County review. A copy of this Permit and the plans are attached hereto as Schedule "A." The Association shall follow the Collier County Maintenance specifications attached as Schedule "B."

NOW, THEREFORE, in consideration of the covenants contained herein, the parties agree as follows:

1. Subject to the issuance of all necessary Permits, County hereby grants to the Association the right to use those portions of the Road depicted in Schedule "A," for the sole purpose set forth in Schedule "A." The Permits address, among other things, the timing of the work, maintenance of traffic flow during construction, and the permissible lane closures during the time that work is to be performed.

2. The Association agrees to construct and maintain the improvements set forth in Schedule "A" (hereinafter referred to as "Improvements") at its sole cost and expense, until such time as the County executes a release from indemnification as discussed below.

3. Should the Association fail to construct or maintain the Improvements in accordance with Schedule "A" or law, the County may provide notice to the Association in writing, specifying the nature of the deficiency. Within five working days following receipt of such notice, the Association at its sole cost shall cause the appropriate repairs or cure to be effected. In the event damage to, or failure to maintain the Improvements results in a situation where public safety is at risk, (1) the Association shall effect repairs within twenty-four hours of receipt of the County's written notice, or (2) the County may, at its option, effect repairs to the Improvements, without the need for prior notice to the Association, and will promptly bill the Association for all actual costs incurred in effecting the repairs. The Association shall reimburse the County for such costs within thirty days of receipt of the County's bill.

4. The Association, as Indemnitor hereunder, shall indemnify and save harmless the County, as Indemnitee hereunder, including all employees of the County, from any loss or damages Indemnitee may suffer as a result of claims, suits, demands, damages, losses, fines, penalties, interest, expenses, costs, or judgments, including attorneys' fees and costs of litigation, against the County arising out of the Association's use of the Road for the purposes set forth in this Agreement, including the construction and removal of the Improvements. The Indemnitee shall not undertake to settle any lawsuit or threatened lawsuit that could give rise to Indemnitor's obligation hereunder without the prior consent of Indemnitor, such consent to not be unreasonably withheld.

5. The indemnity provided for by this Agreement will extend from the date of this Agreement until such time as the parties hereto acknowledge in writing that the Association has ceased to use the Road for the purposes stated within this Agreement and the Road has been restored as set forth below, at which time, following receipt of the Association's written request, the County will execute a release from indemnification in favor of the Association.

6. Indemnitee agrees to give Indemnitor written notice of any claims filed against the County in connection with this Agreement, within thirty days of the date that County is aware of such claim.

7. Unless terminated as set forth below, this Agreement shall remain in full force and effect in perpetuity from the date first set forth above, and shall be binding upon the parties and all

their successors in interest. The Agreement may be freely terminated as of right by either party, with or without cause, upon written notice to the other. If the Association exercises this right, or if the County exercises this right based upon the Association's substantial breach of this Agreement, then upon written demand by County, the Association, at its sole cost and expense, shall remove the Improvements and will restore the Road to the condition that existed immediately prior to the effective date of this Agreement. If the County exercises this right, or if the Association exercises this right based upon the County's substantial breach of this Agreement, then the County will be responsible for any removal of the Improvements or restoration of the Road. Except for the above, neither party will be liable to the other for any damages or claims resulting from the termination of this Agreement.

8. In the event either party hereto shall institute legal proceedings in connection with, or for the enforcement of, this Agreement, the prevailing party shall be entitled to recover its costs of suit, including reasonable attorney's fees, at both trial and appellate levels.

9. This Agreement may be recorded by the County in the Official Records of Collier County, Florida. The Association shall pay all costs of recording this Agreement prior to the execution of this Agreement. A copy of the Recorded Agreement will be provided to the Association.

10. This Agreement is the entire agreement between the parties, and supersedes all previous oral and written representations, agreements and understandings between the parties. This Agreement shall be governed by the laws of the State of Florida, and may not be altered or amended in any way, save by written agreement signed by both parties.

11. The rights and obligations of this Agreement shall bind and benefit any successors or assigns of the parties.

1. Work shall be performed in accordance with approved plan, stipulations specified as part of this permit and in accordance with Collier County Ordinance # 09-19 and the "Public Right-of-Way Construction Standards Handbook," latest edition. 2. Applicant declares that prior to filing this application he has ascertained the location of all existing utilities, both aerial and underground. Any changes to any utility shall be the responsibility of the Permittee for all cost. 3. If right-of-way permit is issued in conjunction with a residential building permit, the right-of-way permit expires upon completion of the residential building.	4. If the application is made by any person or firm other than the owner of the property involved, a written consent from the property owner shall be required prior to processing of the application. 5. Approval of this permit does not exempt the permittee from gaining approval from any State, Federal or Local Agencies having jurisdiction over the proposed work. 6. This permit is contingent upon Permittee obtaining necessary rights of entry for construction and maintenance where required right-of-way for public use has not been dedicated and accepted by Collier County.

Condition: All other applicable state or federal permits must be obtained before commencement of the development.

Condition: Informational - Use the form located at https://www.colliercountyfl.gov/home/showdocument?id=105797&t=638403984984558370 to request Permit extensions, cancellations, and changes/withdrawals of Contractors, Subcontractors and Qualifiers. Instructions are provided with the form. Right-of-Way (ROW) and Well permits may only use this process for cancellations. Change/withdrawal of contractor does not apply to self-issued permits. Contact Building Permit Resolution Services at 239-252-2493 for assistance completing the form. Submit the form by clicking the Browse button below.

Condition: Stipulation - The required inspections shall be scheduled through the CityView Portal. You must be signed in as a registered user to schedule an inspection.

CA5

Condition: Stipulation - Before commencement of any excavation, the existing underground utilities in the area affected by the work must be marked by Sunshine One Call, in accordance with State Statute Chapter 556 "Underground Facility Damage Prevention and Safety", after proper notification to them by either calling 811 in Florida or toll free at 1-800-432-4770. Visit www.callsunshine.com for more information. Before commencing excavation for the work, potholing of all potential conflicts must be performed.

Condition: Stipulation - Sunshine 811 Damage Prevention Guide: Chapter 556, F.S., sets a tolerance zone that extends 24 inches from the outer edge of each side of an underground facility. Locate marks show the approximate location of an underground facility. To be sure where that facility is located, you must expose it using a method below: Hand digging at an angle toward the facility, Pot holing, Soft digging, Vacuum excavation methods, Other similar procedures. Exposing the facility lets you see the facility size and the clearance you need to maintain during excavation. Digging within the tolerance zone requires special precaution and using mechanized equipment requires a spotter. Within existing pavement, soft digging will be required after removal of pavement associated with a permitted open-cut.

Condition: CO Hold - As Built Drawings are required prior to final inspection for all Commercial ROW permits. The as-built drawings may be submitted through the CityView Portal Conditions Tab - click "Browse" to upload the documents. You must be signed into the CityView Portal as a registered user to upload the document.

Please visit the CityView portal located at https://cvportal.colliercountyfl.gov/cityviewweb to schedule the inspections listed below.

Please plan accordingly when scheduling inspections and schedule well in advance of when needed or permit expiration dates.

830 - 72 Hr Notice of (1st) Proceeding with Work
800 - Right-Of-Way Final Inspections

Disclaimer: Issuance of a development permit by a county does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the county for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

SEE GENERAL CONDITIONS OF RIGHT-OF-WAY PERMITS

CAO

GENERAL CONDITIONS OF RIGHT-OF-WAY PERMITS

1. The permit must be kept on the work site and be available upon request or prominently displayed.
2. Permits are required for all work performed in any rights-of-way or easements provided for public use in the unincorporated area of Collier County and in those public rights-of-way or easements, which are maintained by Collier County, but lie within municipal boundaries.
3. When permitted facilities are placed within a public right-of-way or easement, the installation is for permissive use only and placing of facilities shall not operate to create or vest any property right in the associated right-of-way or easement to the permittee. Furthermore, the permittee shall be responsible for maintenance of such facilities until they are removed, unless otherwise specified.
4. All materials and equipment, including Maintenance of Traffic (MOT) and equipment placement, shall be subject to inspection by the Growth Management Department.
5. Requests for pre-inspections shall be made a minimum of 72 hours prior to commencing work requiring inspection.
6. No lane closures will be permitted between the hours of 7:00 – 9:00 A.M. and 3:30 – 6:30 P.M.
7. Prior to construction, the Contractor/Permittee shall submit a MOT plan for any construction project involving work or activity that may affect traffic on any County street, roadway or bikepath/sidewalk. The MOT plan must be signed by either a Professional Engineer or person certified by the International Municipal Signal Association (IMSA) if affecting arterial or collector Roadways, unless waived by the Growth Management Department. The driveway fill and driveway culvert including soil erosion/sedimentation control measures must be installed prior to the start of any earth moving construction activity with drainage plans, culvert size, soil erosion/sedimentation controls, elevation offset, and ditch slope designed and certified by a licensed engineer for all commercial projects.
8. During construction the Contractor/Permittee shall comply with the "State of Florida Manual of Traffic Control and Safe Practices for Street and Highway Construction, Maintenance, and Utility Operations" and with the "Manual On Uniform Traffic Control Devices" and with all other governing safety regulations and shall maintain the approved site drainage plan and soil erosion/sedimentation control plan.
9. The permittee shall hold the County harmless and the County shall be relieved of all responsibility for any damage or liability of any nature arising from work authorized and performed under the permit.
10. All crossings of existing pavement shall be made by jacking and boring at a minimum depth of thirty-six inches (36"), unless otherwise authorized by the Growth Management Department for good cause shown.
11. All overhead installations must meet a minimum four foot (4') separation to communication lines (both vertically and horizontally), minimum seven foot (7') separation to guys (both vertically and horizontally) and a minimum ten foot (10') separation to neutrals (both vertically and horizontally), and meet and/or exceed all other OSHA requirements as may be determined by OSHA clearance requirements and/or formulas relevant to overhead lines clearances and/or separations requirements (both vertically and horizontally) and all underground crossings shall be placed at a minimum depth of thirty-six inches (36") below the pavement and/or a minimum depth of twenty-four inches (24") below the designed roadside ditch or swale invert. Primary cable (voltage exceeding 500 volts) shall have minimum thirty-six inch (36") cover. Secondary cable (voltages less than 500 volts) shall have a minimum thirty-inch (30") cover. Exception may be made by authority of the Growth Management Department for good cause shown.
12. Two prints of the proposed work covering details of the installation shall be made a part of the permit. If additional plans are required, they shall become a part of the permit.
13. Following completion of all permitted work, grassing and/or seeding shall be required for any disturbed rights-of-way.
14. All property disturbed by work authorized by the permit must be restored to better than, or equal to, it's original condition, and to the satisfaction of the County.
15. Whenever deemed necessary by the County for the construction, repair, maintenance, improvement, alteration or relocation of applicable right-of-way or easement and when so notified by the County, any or all

CAO

poles, wires, pipes, culverts, cables, sod, landscaping, driveways, sprinklers, or other facilities and appurtenances authorized shall be removed from said right-of-way or easement, or reset or relocated thereon as required, to be installed by the permit, and at the expense of the permittee, or successor and assigns.

16. When the permittee, or successor and assigns is notified of a need for construction, repair, maintenance, improvement, alteration of or relocation within the right-of-way or easement and no action is taken by the responsible party within the time frame specified by the County, the County shall cause the permitted work to be altered, relocated, or removed, with the total expense being borne solely by the permittee or the responsible party.
17. Permits shall generally be in a form approved by the Board of County Commissioners and shall include the time of commencement, the number of days the job is expected to take, and the approximate date of completion. The permit will expire one hundred and eighty (180) days after the issuance of the permit, unless authorized in the specific instance for a longer or shorter period. If the work has not been completed by the expiration date, there will be a renewal fee, set by Resolution, payable upon extending the expiration date for an additional ninety (90) days.
18. All correspondence regarding construction procedures will be through the permittee, or authorized agent or consultant, and not through any contractor or subcontractor.
19. The Permittee is responsible for obtaining necessary rights of entry for construction and maintenance where required right-of-way for public use has not been dedicated and accepted by Collier County.
20. If there are any lane closures or work that will impede normal traffic flow, the permit holder is obligated to inform the road alert coordinator at 239-252-8192, five business days prior to construction or as soon as possible.
21. All existing aerial and underground utilities shall be located by the applicant. Any changes to any utility shall be the responsibility of the Permittee for all cost.
22. A written consent from the property owner shall be required if the application is made by any person or firm other than the owner of the property involved.
23. The Growth Management Department shall be notified in writing either via form letter (to: Collier County Traffic Operations, 2885 S. Horseshoe Drive, Naples, FL 34104) or email (trafficops@colliergov.net) a minimum of 72 hours prior to the commencement of jobs that include overhead or underground work that will be conducted as part of construction or maintenance projects within Collier County rights-of-way and 12 hours prior to any and all daily work to be performed throughout the entire length of construction or maintenance projects. Any rescheduling of work shall be provided in writing. All underground utilities must be located prior to construction.
24. Prior to acceptance by the County (including issuance of Certificate of Occupancy), the Growth Management Department shall be notified by mailing or delivering a request for a final inspection to the ROW Permitting Section, 2800 North Horseshoe Drive, Naples, Florida 34104, or by phone, 239-252-3726, upon completion of authorized work. Signed and sealed copies of the as-built survey shall be submitted to the Growth Management Department. Additionally, all as built surveys shall be submitted in GIS format following the standards for Design and As-Built Electronic Drawings in APPENDIX B of this handbook.

CLIENT'S PURPOSE OF PLANS:
TO REPLANT THREE (3) MEDIANS AS SHOWN WITHIN LIMITS OF WORK WITH LOW GROUNDOVER PLANTS NOT TO EXCEED 24" HT. ABOVE THE EDGE OF THE ROADWAY. SALVAGE ALL EXISTING TREES SHOWN AND TO REMAIN. NO SHRUBS SHALL BE ADDED, JUST APPROVED GROUNDCOVERS. CLIENT SHALL MAINTAIN THESE AREAS IN PERPETUITY.

MEDIAN LANDSCAPE MATERIALS NOTES

VALEWOOD DRIVE IMPRFOVEMENTS EXISTS WITHIN THE VALEWOOD MANAGEMENT ASSOCIATION AND SHALL BE DEVELOPED AND MAINTAINED AS STATED.
MEDIAN LANDSCAPE MATERIALS SHALL BE COORDINATED WITH THE VALEWOOD MANAGEMENT ASSOCIATION.
ALL CODE REQ1UIRED PLANT MATERIAL SHALL MEET FLORIDA NO. 1 STANDARDS OR BETTER.
ALL NEWLY PLANTED MEDIANS MUST COMPLY WITH THER FDOT SPECIAL AREAS LIMITED TO GROUNDCOVER WHICH STATES THAT THE FIRST 100' OF MEDIAN MAY NOT HAVE INCLUDED ANY OBTRUSIVE SITE LINE ISSUES ABOVE 24" IN HT.

IMPORTANT UTILITIES

ALL VEGETATION TO BE INSTALLED SHALL AVOID ALL EXISTING AND PROPOSED ABOVE GROUND AND UNDERGROUND UTILTIIES. CONTRCTOR AND LANDSACAPE CONTRACTOR RESPONSIBLE FOR LOCATING AND MARKING ALL UTLITIES INCLUDING STORMWATER, CABLE AND SEWER UTILTIES.

SEE ENGINEER PLANS FOR ADDITIONAL UTILTIY LOCATIONS.
Call Before You Dig

LANDSCAPE SPECIFICATIONS:

GENERAL:

THE LANDSCAPE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL MATERIALS AND WORK CALLED FOR ON THE LANDSCAPE PLANS AND IN THE LANDSCAPE SPECIFICATIONS. IN THE EVENT OF VARIATION BETWEEN QUANTITIES SHOWN ON PLANT LIST AND THE PLANS, THE PLANS SHALL CONTROL. THE LANDSCAPE CONTRACTOR SHALL VERIFY ALL QUANTITIES SIZES, SPECIFICATIONS, AND REPORT ANY DISCREPANCIES AT THE TIME OF BIDDING.

THE LANDSCAPE CONTRACTOR SHALL REVIEW ARCHITECTURAL/ ENGINEERING PLANS AND BECOME THOROUGHLY FAMILIAR WITH SURFACE AND SUBSURFACE UTILITIES. PRIOR TO THE PREPARATION OF THE PLANTING AREAS, THE CONTRACTOR SHALL ASCERTAIN THE LOCATION OF ALL UTILITIES, INCLUDING BUT NOT LIMITED TO; WATER, SEWER, TELEPHONE AND ELECTRICAL SERVICES. THESE UTILITIES MAY NOT BE INDICATED ON THE LANDSCAPE PLANS. THE CONTRACTOR SHALL NOT DISRUPT OR DAMAGE THE ABOVE MENTIONED UTILITIES, IF DAMAGE OCCURS, THE CONTRACTOR SHALL BE RESPONSIBLE IN REPLACEMENT OR REPAIRING THE DAMAGED UTILITY PROMPTLY.

INVESTIGATE BEFORE YOU EXCAVATE. CALL SUNSHINE STATE 1-800-432-4770 FLORIDA STATUTE 553.851 (1979) REQUIRES MIN. OF 2 DAYS AND MAX. OF 5 DAYS NOTICE BEFORE YOU EXCAVATE.

THE WORK UNDER THESE PLANS CONSIST OF SUPPLYING AND INSTALLING THE COMPLETE PLANT MATERIALS AS SHOWN ON THE LANDSCAPE PLANS. THIS SHALL INCLUDE ALL LABOR, EQUIPMENT, AND ASSOCIATED MATERIALS (PLANTING SOIL, FERTILIZER, WATER, STAKING AND MULCH) IN SUFFICIENT QUANTITIES TO COMPLETE THE PLANTINGS AS SHOWN ON THE PLANS. ALSO INCLUDED IS THE MAINTAINING OF THE PLANT MATERIAL UNTIL FINAL ACCEPTANCE AND FULFILLMENT OF ALL GUARANTEE PROVISIONS AS STATED IN THESE NOTES. THE WORK SHALL INCLUDE THE WATER REQUIRED FOR THE ESTABLISHMENT OF PLANT MATERIAL DURING THE GUARANTEE PERIOD IF THE IRRIGATION SYSTEM IS NOT FUNCTIONING AT THE TIME OF INSTALLATION.

EVERY POSSIBLE SAFEGUARD SHALL BE TAKEN TO PROTECT BUILDING SURFACES, EQUIPMENT AND FURNISHINGS. THE LANDSCAPE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY DAMAGE OR INJURY TO PERSON OF PROPERTY WHICH MAY OCCUR AS A RESULT OF NEGLIGENCE IN THE EXECUTION OF THE WORK.

ALL PLANTING SHALL BE PERFORMED BY PERSONNEL FAMILIAR WITH PLANTING PROCEDURE AND UNDER THE SUPERVISION OF A QUALIFIED PLANTING FOREMAN.

THE LANDSCAPE ARCHITECT AND OWNER PRESENTATIVE SHALL HAVE THE RIGHT, AT ANY STAGE OF THE OPERATIONS TO REJECT ANY AND ALL WORK AND MATERIALS WHICH, IN THEIR OPINION, DO NOT MEET WITH THE REQUIREMENTS OF THESE SPECIFICATIONS.

THE CONTRACTOR SHALL VERIFY THE LOCATION OF EXISTING PLANT MATERIAL WITHIN THE PLANTING AREA. THE CONTRACTOR SHALL REMOVE ALL EXTRANEOUS MATERIALS, PLANT DEBRIS AND UNACCEPTABLE SOILS WITHIN THE PLANTING AREA THAT WILL BE DETRIMENTAL TO THE PROPER INSTALLATION OF THE PLANT MATERIAL.

ALL TREES, PALMS, SPECIMENS, SHRUBS AND GROUNDCOVERS SHALL BE FLORIDA FANCY GRADE, OR FLORIDA #1, AS OUTLINED UNDER GRADES AND STANDARDS FOR NURSERY PLANTS, DIVISION OF PLANT INDUSTRY, STATE OF FLORIDA, UNLESS OTHERWISE NOTED.

PLANTS SHALL BE PROTECTED UPON ARRIVAL AT THE SITE, BY BEING THOROUGHLY WATERED AND PROPERLY MAINTAINED UNTIL PLANTED. ALL PLANT MATERIAL SHALL BE WATERED THOROUGHLY TWICE DURING THE FIRST 24-HOUR PERIOD AFTER PLANTING. THE LANDSCAPE CONTRACTOR SHALL BE RESPONSIBLE FOR PROPER WATERING OF ALL PLANTS. ALL PLANTS SHALL BE THOROUGHLY WATERED AT TIME OF PLANTING AND KEPT ADEQUATELY WATERED UNTIL TIME OF ACCEPTANCE. IT SHALL BE THE LANDSCAPE CONTRACTOR'S RESPONSIBILITY TO ASSURE THAT PLANTS ARE NOT OVER WATERED.

THE LANDSCAPE CONTRACTOR SHALL INSURE THAT HIS WORK DOES NOT INTERRUPT ESTABLISHED OR PROJECTED DRAINAGE PATTERNS.

MULCH - ALL PLANT BEDS SHALL BE TOP DRESSED WITH 3" OF HARDWOOD MULCH, AS SPECIFIED ON PLANS (OR APPROVED EQUAL).

CONTRACTOR TO FERTILIZER ALL PLANT MATERIAL UPON INSTALLATION AND FOLLOW MANUFACTURER'S RECOMMENDATIONS. FERTILIZER SHALL BE QUICK RELEASE, WATER SOLUBLE FERTILIZER AND SHALL CONFIRM TO ALL APPLICABLE REGIONAL, STATE AND NATIONAL FERTILIZER LAWS.

SOD ROOTS SHALL BE VISIBLY HEALTHY AND WELL MATTED WITH SUFFICIENT SOIL ADHERING TO THE ROOTS FOR PROTECTION DURING HANDLING. SOD SHALL BE FREE OF WEEDS AND OTHER GRASSES. SOD SHALL BE PLANTED WITH IN 48 HOURS OF HARVESTING OR KEPT DAMP UNTIL PLANTED. SOD NOT MEETING THESE REQUIREMENTS WILL BE REJECTED AND REMOVED FROM SITE AND REPLACED PROMPTLY.

DO NOT PLACE MULCH ON TOP OF THE ROOT BALL. BEGIN MULCHING AT THE EDGE OF THE ROOT BALL AND APPLY MULCH TO AT LEAST AN EIGHT FOOT DIAMETER CIRCLE AROUND THE TREE. CONTRACT A BERM OUT OF MULCH AT THE EDGE OF THE ROOT BALL TO CREATE A BASIN FOR FACILITATING IRRIGATION. DO NOT CONTRACT A BERG OF SOIL SINCE THIS SOIL WOULD END UP OVER THE ROOT BALL SEVERAL MONTHS LATER. WATER THE MULCH WELL AFTER IT IS SPREAD.

SUBSTITUTION OF ANY PLANT AND/OR CONSTRUCTION MATERIAL SHALL FIRST BE APPROVED BY THE LANDSCAPE ARCHITECT AND WCI REPRESENTATIVE AS TO TYPE, SIZE, QUANTITY, AND UNIT COST.

THE CONTRACTOR SHALL CLEAN UP CONTINUOUSLY DURING THE COURSE OF THE PROJECT, WITH EXCESS DEBRIS REMOVED PROMPTLY FROM THE SITE.

MAINTENANCE PRIOR TO FINAL INSPECTION AND ACCEPTANCE:

A. MAINTENANCE SHALL COMMENCE AFTER EACH PLANT IS PLANTED AND THE MAINTENANCE PERIOD SHALL CONTINUE UNTIL THE JOB OR SPECIFIC PHASE OF THE JOB IS ACCEPTED BY THE LANDSCAPE ARCHITECT AND OWNERS REPRESENTATIVE. EXTREME CARE SHALL BE TAKEN TO INSTRUCT THE OWNER OR HIS REPRESENTATIVES IN GENERAL MAINTENANCE PROCEDURES.

B. PLANT MAINTENANCE SHALL INCLUDE WATERING, PRUNING, WEEDING, CULTIVATING, MULCHING, TIGHTENING, AND REPAIRING OF GUYS, REPLACEMENT OF SICK OR DEAD PLANTS, RESETTING PLANTS TO PROPER GRADES OR UPRIGHT POSITIONS AND RESTORATION OF THE PLANTING SAUCER AND ALL OTHER CARE NEEDED FOR PROPER GROWTH OF THE PLANTS.

C. DURING THE MAINTENANCE PERIOD AND UP TO THE DATE OF FINAL ACCEPTANCE, THE LANDSCAPE CONTRACTOR SHALL DO ALL SEASONAL SPRAYING AND/OR DUSTING OF TREES AND SHRUBS. UPON COMPLETION OF ALL PLANTING, AN INSPECTION FOR ACCEPTANCE OF WORK WILL BE HELD. THE LANDSCAPE CONTRACTOR SHALL NOTIFY THE LANDSCAPE ARCHITECT AND WCI REPRESENTATIVE FOR SCHEDULING OF THE INSPECTION 10 DAYS PRIOR TO THE ANTICIPATED DATE.

CONTRACTOR SHALL BE RESPONSIBLE FOR VERIFYING ALL QUANTITIES SHOWN ON THE FINAL LANDSCAPE PLANS PRIOR TO PRICING THE WORK.

ALL WORK SHALL BE SUBJECT TO CONSTRUCTION OBSERVATION PROCEDURES DURING THE ENTIRE COURSE OF THE PROJECT BY THE OWNER OR HIS REPRESENTATIVE(S). ANY MATERIALS FOUND NOT TO MEET THE SPECIFICATIONS SET BY THESE CONTRACT DOCUMENTS, SHALL BE REMOVED AND REPLACED PROMPTLY. ALL WORK SHALL BE COMPLETED IN A NEAT AND PROFESSIONAL MANNER. THE LANDSCAPE ARCHITECT AND OWNER REPRESENTATIVE RESERVES THE RIGHT TO HAVE ANY WORK OR MATERIALS REMOVED AND REPLACED IF, IN HIS OPINION, IT DOES NOT REPRESENT A PROFESSIONAL APPEARANCE. THIS IS PROVIDING THE WORK OR MATERIALS CAN BE INSTALLED PROPERLY USING CURRENT METHODS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL COSTS ASSOCIATED WITH THE REMOVAL AND REPLACEMENT OF ITEMS NOT FOUND TO MEET THE SPECIFICATIONS OF THESE CONTRACT DOCUMENTS.

GUARANTEE AND REPLACEMENT: ALL PLANT MATERIAL SHALL BE GUARANTEED FOR A PERIOD OF ONE HUNDRED EIGHTY (180) DAYS FROM DATE OF FINAL INSPECTION AND ACCEPTANCE OF SUCH MATERIALS. TREES, PALMS, AND SPECIMENS SHALL BE GUARANTEED FOR A PERIOD OF ONE (1) YEAR FROM SAID DATE. AT THE END OF THE GUARANTEE PERIOD, AN INSPECTION SHALL BE MADE BY WCI'S REPRESENTATIVE AND OWNER, ANY MATERIAL FOUND DEAD OR IN UNSATISFACTORY CONDITION, AS DETERMINED BY THE LANDSCAPE ARCHITECT, SHALL BE REMOVED AND REPLACED PROMPTLY WITHOUT EXPENSE TO THE OWNER.

AT THE END OF THE GUARANTEE PERIOD, ANY PLANT REQUIRED UNDER THIS CONTRACT THAT IS DEAD OR NOT IN SATISFACTORY GROWTH, AS DETERMINED BY THE LANDSCAPE ARCHITECT AND AND OWNER's REPRESENTATIVE, SHALL BE REMOVED AND REPLACED. REPLACEMENT PLANTS SHALL HAVE AN EXTENDED GUARANTEE, AS NOTED ABOVE, FROM TIME OF REPLACEMENT.

ALL REPLACEMENTS SHALL BE PLANTED OF THE SAME KIND AND SIZE AS SPECIFIED ON THE PLANT LIST. THEY SHALL BE THE RESPONSIBILITY OF THE LANDSCAPE CONTRACTOR.

SITE IRRIGATION NOTES

1. THE CONTRACTOR'S ATTENTION IS CALLED TO THE FACT THAT THERE ARE OTHER ACTIVE UTILITIES AND CONTRACTOR IS RESPONSIBLE FOR LOCATING UTILITIES TO AVOID DAMAGE TO THEM.
2. THE CONTRACTOR SHALL MAKE ANY NECESSARY ADJUSTMENTS IN THE PROPOSED IRRIGATION SYSTEM TO AVOID DAMAGE TO EXISTING STRUCTURES, PAVING AND UTILITIES.
3. THE CONTRACTOR SHALL BE RESPONSIBLE FOR CONFORMING TO ALL CODES AND ORDINANCES RELEVANT TO THE WORK UNDER THIS CONTRACT.
4. ALL WORK, ADJUSTMENTS, AND INSPECTIONS SHALL BE SUBJECT TO THE APPROVAL OF THE LANDSCAPE ARCHITECT.
5. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY DAMAGE TO ON-SITE UTILITIES, STRUCTURES, OR PAVING RESULTING FROM IRRIGATION CONSTRUCTION.
6. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL MATERIALS AND LABOR TO FULLY EXECUTE AND GUARANTEE AS REQUIRED. THE TOTAL WORK SHOWN ON THIS PLAN IN ACCORDANCE WITH SPECIFICATIONS, AND ALSO AS PER INSTRUCTIONS OF THE LANDSCAPE ARCHITECT AND THE OWNER.
7. THE CONTRACTOR SHALL VERIFY ALL QUANTITIES TO ASSURE ADEQUATE INSTALLATION OF THE SYSTEM.
8. THE LOCATION OF THE AUTOMATIC CONTROL CLOCK IS GENERALLY INDICATED ON THE DRAWING AND WILL BE SPECIFICALLY LOCATED ON-SITE BY THE THE OWNER.
9. LINE LOCATIONS AS INDICATED ON THE PLAN ARE SCHEMATIC. THE CONTRACTOR SHALL LOCATE ALL LINES IN SUCH A WAY AS TO CAUSE THE LEAST CONFLICT WITH THE LOCATION OF PROPOSED PLANT MATERIAL (AS SHOWN ON THE LANDSCAPE DEVELOPMENT PLAN) AND OTHER SITE AMENITIES.
10. ALL MAIN LINES SHALL BE INSTALLED A MAXIMUM OF 2' FROM THE BACK OF CURB WHERE POSSIBLE. LATERAL LINES SHALL BE INSTALLED LIKEWISE WHERE POSSIBLE.
11. THE CONTRACTOR SHALL ADJUST THE RADIUS AND ARC OF EACH HEAD TO MINIMIZE "OVERTHROW" AND TO ELIMINATE DRY SPOTS.
12. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE SUPPLY AND INSTALLATION OF ADDITIONAL HEADS TO COVER "DRY SPOTS" OR SLIGHT VARIATIONS FROM THE PLAN TO THE SITE. THE LOCATION AND ARRANGEMENT OF THESE HEADS SHALL BE SUBJECT TO THE APPROVAL OF THE LANDSCAPE ARCHITECT.'
13. THE ELECTRIC SUPPLY WILL BE STUBBED OUT AT THE CONTROL CLOCK LOCATION BY OTHERS. THE IRRIGATION CONTRACTOR SHALL BE RESPONSIBLE FOR ALL ELECTRICAL CONNECTIONS FROM CONTROL VALVES TO THE CONTROL CLOCK.
14. THE ENTIRE SYSTEM SHALL BE UNCONDITIONALLY GUARANTEED BY THE IRRIGATION CONTRACTOR AGAINST ALL DEFECTIVE WORK AND MATERIALS FOR A PERIOD OF ONE YEAR FOLLOWING THE DATE OF FINAL ACCEPTANCE.
15. THE CONTRACTOR SHALL BE RESPONSIBLE AT TIME OF COMPLETION OF PROVIDING "AS BUILT" DRAWINGS, TO INCLUDE LOCATIONS OF ALL VALVES (AUTOMATIC AND MANUAL) WITH TRIANGULATED MEASUREMENTS TO EACH, INCLUDE LOCATIONS OF ALL VALVES (AUTOMATIC AND MANUAL) WITH TRIANGULATED MEASUREMENTS TO EACH, AS WELL AS ANY DEVIATIONS IN LOCATION OF PIPING AND HEADS REPRESENTED AS REPRESENTED BY THE CONTRACT DOCUMENTS.

GENERAL NOTES

PIPING AND SOME ELEMENTS ARE SHOWN IN PAVED OR OTHER NON-LANDSCAPE DESIGNATED AREAS FOR GRAPHIC CLARITY ONLY, ACTUAL LOCATION SHALL BE WITHIN THE PROJECT'S LANDSCAPE DESIGNATED AREA.

IRRIGATION CONTRACTOR SHALL FIELD DETERMINE THE FINAL LOCATIONS FOR IRRIGATION CONTROLLERS.

RAIN SENSORS SHALL BE LOCATED IN OPEN AREAS FREE OF VEGETATIVE OR STRUCTURAL OBSTRUCTION, CLEAR OF IRRIGATION COVERAGE.

GENERAL CONTRACTOR SHALL PROVIDE DEDICATED 120 VOLT POWER IN CONDUIT TO CONTROLLERS.

IRRIGATION AS-BUILT DRAWINGS SHALL BE KEPT AT ALL TIMES AND SHALL BE MADE AVAILABLE FOR REVIEW ON DEMAND

IRRIGATION CONTRACTOR SHALL BE RESPONSIBLE FOR ACQUIRING ALL NECESSARY PERMITS TO INSTALL SYSTEM DEFINED BY THESE DOCUMENTS. SAID PERMITS TO INCLUDE ALL WELL AND WATER USE PERMITS BY ALL LOCAL JURISDICTIONS.

CONTRACTOR SHALL PROVIDE ALL LABOR, MATERIALS, SERVICES, SPECIFIED PRODUCTS, AND EQUIPMENT NECESSARY FOR THE COMPLETE INSTALLATION OF DEPICTED IRRIGATION SYSTEM

THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING 100% COVERAGE TO ALL PLANT MATERIAL SHOWN AND IDENTIFIED, INCLUDING ALL TURF AREAS.

CONTRACTOR CONCEDES TO THE OWNER THAT TIME IS OF THE ESSENCE AND THAT ANY DAMAGES OCCASIONED BY THE CONTRACTORS FAILURE TO COMPLETE THE WORK BY THE DATES ESTABLISHED IN THE CONTRACT, WHERE APPLICABLE, SHALL BE REIMBURSABLE TO THE OWNER

CAO

SCHEDULE "B"

RIGHT OF WAY LANDSCAPE MAINTENANCE SPECIFICATIONS

These specifications are intended to provide the information by which private entities may understand the minimum requirements of Collier County relative to maintaining County rights of ways. Records of all specification requirements shall be kept and made available to the County's representative upon request.

A. **MOWING AND EDGING:** Mowing and edging shall include medians as well as those areas, if existing, along the outside edge of the sidewalks of adjacent properties. All turf shall be mowed with mulching type mower equipment to eliminate the need to bag and transport grass clippings. Should bagging be necessary, the bagged clippings shall be collected and removed at no additional cost. Grass shall be cut at a height of three and one half inches (3 ½"). The frequency of cutting will be weekly or fifty-two (52) times.

Mechanical edging of the turf shall be done with each mowing along all sidewalk edges, back of concrete curbs, around all planting beds, utility service boxes, streetlight bases, sign posts, headwalls, guardrails, timer pedestals, posts, and trees. Metal blade edging is not permitted along back of curbing. Grass root runners extending into the mulched areas shall be cut and removed when the edging is performed. Edging will also be required in all turf areas around isolated trees, sprinkler heads, valve boxes, shrubs, signposts, manholes, etc. where they exist. All debris on streets, sidewalks or other areas resulting from edging shall be removed. No herbicide shall be used for edging.

All sidewalks, curbing and/or gutters shall be cleaned after each service. All sidewalks shall be blown clean, but no clippings or other debris shall be blown or allowed to be deposited on other adjacent property or accumulate on right-of-way areas.

B. **WEEDING:** Weeding of plant beds, sidewalks (asphalt, concrete or pavers), guardrail bases, and curb joints as well as other mulched areas by chemical and/or hand removal will be performed weekly or as necessary to provide a weed free and well-maintained area.

C. **GENERAL SITE PRUNING:** General site pruning shall be defined as the pruning of any plant's foliage below ten-foot (10') foot.

All groundcovers, shrubs, canopy trees and palms up to ten-foot (10') level, shall be inspected and pruned on a weekly or an as needed basis, so to maintain the proper or required heights for visibility, vehicular movement purposes and desired shape or form as determined by County's representative. Pruning shall also include removal of water sprouts, suckers and any dead or diseased foliage or branches.

During the first week of October and April, ornamental grasses, such as Fountain grass, Florida Gamma or Fakahatchee grass shall be pruned in a pyramid shape to a twelve-inch (12") or twenty-four (24") height based upon the type of plant. Ornamental type grasses such as Liriope muscari 'Evergreen Giant', shall only be pruned at the direction and approval of the County's representative.

Plant material with a canopy over pedestrian sidewalks shall be maintained at a minimum height of one hundred twenty inches (120"). Shrubs and groundcovers adjacent to pathways or sidewalks shall be pruned to maintain one foot (1') of clearance from the edge of the pathway. IT is recommended that adjacent shrubs and groundcovers be maintained so that they angle or are rounded away from the pathway.

D. **TRASH REMOVAL:** With each service, all sites shall be cleaned by removing all trash or debris to include, but not limited to; paper, bottles, cans, other trash, and horticultural debris. All debris or trash pick-ups shall be performed "prior" to mowing in all turf areas. The disposal of all trash and debris must be at a proper landfill or disposal site.

E. **STREET CLEANING/SWEEPING:** Street Cleaning: A four foot (4') wide area measured from the face of the curb and gutters including turn lanes shall be cleaned with each site service to remove any accumulation of debris or objectionable growth so to maintain a neat and safe condition.

F. **TRAFFIC CONTROL:** The Association shall comply with the requirements of Collier County Maintenance of Traffic (MOT) Policy, copies of which are available through Risk Management or the Purchasing Department. The Association shall obtain and review the County MOT policy requirements prior to submitting a bid.

The Association will be responsible for obtaining copies of all required manuals, MUTCD, FDOT Roadway & Traffic Design Standard Indexes, or other related documents, so to become familiar with the requirements. Strict adherence to the requirements of the MOT policy will be enforced under this Contract.

To assist in employee visibility, employees servicing the area shall wear high visibility safety apparel in compliance with the most current editions of the FDOT Design Standards and the Collier County Maintenance of Traffic (MOT) policy.

G. **CANOPY TREE AND PALM PRUNING:** For this site, canopy trees shall be defined as any large shrub, tree, or palm with foliage above a ten-foot (10') level.

All canopy trees and palms shall be pruned on a continuous basis to create and maintain a seventeen-foot (17') canopy clearance over the roadways and a ten-foot (10') canopy clearance over all pathways. Canopy trees shall be selectively pruned twice per year in April and September so to thin the interior canopy of cross branching and to shape the canopy of the trees. The County's representative shall approve a professional licensed to prune tress under the direction of a Licensed Landscape Architect, Arborist, Tree Surgeon, or other approved professional shall do the pruning and sharpening. The work shall be performed per ANSI AS300 "Standard Practices for Trees, Shrubs, and other Woody Plant Maintenance" and done in a professional manner in accordance with "Pruning Standards" of the national Arborist Association or accepted local trade standards and practices.

Palms shall be pruned annually during June of each year. The palms shall be pruned to a "Tropical Cut" or to a nine (9) o'clock- three (3) o'clock angle from the horizontal at the base of the palm's bud or lowest fronds. Approximately seven (7) to (10) ten green fronds shall be left at the head after pruning. The pruning shall include removal of all nuts, seed stalks, brown or dead and lower fronds.

The work shall be done in a professional manner in accordance with acceptable trade standards and practices. The palms shall not be climbed with tree spikes to remove the fronds. The pruning shall be accomplished by the use of a ladder, boom truck or lift. All debris from the pruning shall be removed and the site shall be left on a clean and neat manner.

When the annual or bi-annual heavy pruning work is being performed with the use of a lift or boom truck, it is required that the adjacent traffic or turn lane to the work area, be closed using traffic control devices and signage per the current FDOT traffic control standards and indexes.

H. **FERTILIZATION:** The application of fertilizers shall follow Ordinance No. 2019-18. No Applicator shall apply fertilizers containing nitrogen and/or phosphorus to turf and/or landscape plants during the Prohibited Application Period, or to saturated soils. Follow UF/IFAS guidelines for turfgrass fertilization. Contractor/subcontractor must have valid licenses issued by Florida Department of Agriculture and Consumer Services for Limited Urban Commercial Fertilizer Applicator Certification (FDACS LUFAC). Provide fertilization services four (4) times a year in March, June, September, and December. Only twice (2) a year if using six (6) month application rate. Nitrogen content in any fertilizer must be at a minimum of 50% slow release. Contractor shall ensure that fertilization scheduling does not exceed the fertilizer label rate prescribed and complies with state and local ordinances. It is important to note that local fertilizer regulations may prohibit the use of nitrogen fertilizers during the summer months. Applied at a rate of 1.5 lbs. per 100 square feet. Broadcasted throughout the planting beds and turf areas. All tree pit areas should be fertilized evenly.

No fertilizer ring around trees under any circumstances. If a ring is formed, contractor/subcontractor is required to return to the site and spread the fertilizer correcting the situation at their expense. This may include contractor/subcontractor purchasing additional fertilizer because applied fertilizer may not be able to spread. Immediately remove fertilizers from curbs and sidewalk areas to avoid staining.

Fertilization Applications

Contractor/subcontractor shall use deflector shields on all application equipment to minimize the inadvertent application of fertilizer in non-plant areas. Contractor shall blow, sweep, or wash back into the landscape any fertilizer deposited on paved or impervious surfaces. Use "Ring of Responsibility" around or along the shoreline of canals, lakes, or waterways.

Ensure fertilizers and other lawn chemicals do not come into direct contact with the water. Apply fertilizer only when plants are actively growing. Clean up spilled fertilizer materials immediately as per University of Florida IFAS recommendations. Store nitrate-based fertilizers separately from solvents, fuels, and pesticides, because nitrate fertilizers are oxidants and can accelerate a fire. After fertilizing (other than when watering restrictions apply), irrigate with at least a quarter inch (1/4") of water following fertilization to avoid the loss of nitrogen and increase uptake efficiency. If water restrictions apply, the contractor may irrigate as permitted but no more than one-half inch (1/2") following fertilization.

Do not exceed the annual nitrogen recommendations in the Fertilizer Guidelines for Established Turfgrass Lawns in Three Regions of Florida as provided on the label.

Bed, Tree, Shrub, Palm, Flower, Groundcover Fertilization

Broadcast fertilizer uniformly over all the landscaped areas, and consider root location, fertilization objectives, and plant species when applying fertilizer. In areas where tree or shrub fertilization zones overlap with lawn fertilization zones, the contractor shall fertilize one or the other of the plant types, but not both.

Palm Fertilization

Palms have different nutritional requirements from other landscape plants. They suffer quickly and conspicuously from inadequate mineral nutrition, whether due to insufficient or incorrect fertilization. Division's Landscape Supervisor will provide the fertilization schedule.

Note: Fertilize palms with a granular slow-release fertilizer three to four times per year. An acceptable formulation is 8-0-12-4 (N, P, K, Mg plus micro-elements), 50% Slow Release.

Turf Fertilization

Treat deficiencies of specific nutrients with applications of the lacking nutrient in accordance with University of Florida IFAS recommendations until deficiencies are corrected, or as directed from Division Landscape Supervisor. Must have prior approval. Adjust fertilizer rates according to health, maturity, and desired growth patterns.

Fertilization for Establishment

During the establishment phase for shrubs, trees, and ground covers, fertilize landscape plants with a slow-release fertilizer as per University of Florida IFAS recommendations. Shrubs and groundcovers shall have the fertilizer blown or fan raked off following the broadcast application. Immediately after the fertilizer is applied, the areas shall be watered.

H. **MULCHING:** Organic Mulch Areas with no mulch or new planting areas shall have mulch placed to provide for a four inch (4") non-compacted or unsettled depth measured from the existing soil grade. The area to receive the mulch shall be raked level to establish the proper finished grade and have all weeds removed prior to the placement of the mulch. Two inches must be applied to replenish this mulch twice a year, November and during May.

I. **LANE CLOSURE:** Lane closure for median maintenance shall comply with the most current editions of the FDOT Design Standards and the Collier County Maintenance of Traffic (MOT) policy.

J. **IRRIGATION SYSTEMS:** The irrigation systems shall be checked and repaired as necessary. Each zone shall be manually turned on at the valve once a week and a thorough inspection conducted to ascertain proper operations of the system. Quick coupling valves, if existing shall be reviewed weekly and operated quarterly to insure proper operation. Maintenance responsibilities will include cleaning and adjustment of heads, nozzles, installation or replacement of risers, repair of minor PVC piping breaks or subsurface piping or restricted sprinkler lines, replacement of damaged valve boxes/lids and adjustment of controller and rain shut off switches for settings and operations. Where required, the Association shall maintain on site reclaimed water irrigation signage.

SUBSURFACE IRRIGATION SYSTEMS:
No excavation or mechanical metal edging around plant beds shall be done within the Right-of-way. Mechanical metal blade edging is permitted along the back of curbing.

Weekly Service Requirements:

1. A visual inspection of the subsurface irrigation systems shall be performed weekly to determine if the systems are functioning normally and if cuts, leaks, piping damage, flooded areas exist, and repair as necessary. This shall also include review and re-setting of the controller and in-ground moisture sensor adjustments or other rain sensing devices as needed.

2. System Computer/Controller
    a. Operate, adjust, and set controller to provide proper operation of the systems.
    b. Diagnose and repair electrical and mechanical malfunctions.
    c. Monitor and adjust the system zones moisture levels based upon moisture sensor readings.
    d. Operate controller on automatic, manual, and single trip operation.
    e. Monitor controller standby battery backup and replace as required.

3. Automatic Control Assemblies and Quick Coupling Valves
    a. Review control valve assembly and by-pass system for proper settings.
    b. Open zone control valve assemblies and quick coupling valve boxes to review valves for leaks; pressure gauge operation; proper settings and are clean of debris or mulch.

4. Pump Sites
    a. Inspect for proper operations.
    b. The Association shall record and provide to the County's representative the well water flow meter readings for the two well locations on the General Maintenance Report Sheets.

5. Review system water source connections to include water meters, backflow preventers, gate valve points of connection and main lines for proper operation.

Monthly Service Requirements:

1. Automatic Control Valve Assembly
    Manually operate valves, and clean valve assembly filters.

2. Backflow Assembly
    Review assembly for proper operation and clean filter as needed.

3. Quick Coupling Valves
    Review boxes and operate valve.

4. Pump Sites
    a. Once a month, the Association will trouble shoot each pump station, checking amperage draw and document the results for future reference.
    b. Manually run the system to ensure proper coverage and that no sprinkler head and nozzle are spraying onto the roadway. Clean and adjust sprinkler heads and nozzles and irrigation shields to ensure proper coverage.

CAO

c. The Association will check all zone wiring and solenoid conditions through the use of an OHM meter and document the results for future reference.
d. The Association will clean the strainers filters and inspect them for wear at the Pump Station.

5. Manually run the system with open flush caps and review sprinkler head indicators located at the end of zones.

6. Review pressure gauge readings at control valve assemblies for each zone, as well as gauges located at the end of zones where present to determine the system and porous piping is functioning properly.
7. Check, analyze and adjust flow control devices as required.

Quarterly Service Requirements:
1. Review all subsurface system piping, valve assemblies, wiring, moisture sensors and controllers for overall operation and provide adjustments as required to assure proper operation and irrigation application.

Conventional Pop-up Irrigation Systems:
Weekly Service Requirements:
1. Each median zone shall be manually turned on at the valve to ascertain proper operation of the system.
2. Repair system for any blown-off heads, broken lines or leaks around heads or valves.
3. Check the controller and rain sensing devices for proper operation and settings.
4. The Association shall further adjust all sprinkler heads to ensure that all landscaped areas receive one hundred percent (100%) irrigation coverage.
5. Within all work areas the Association shall review the plant material and turf for dry conditions and if found correct the problem.

Monthly Service Requirements:
1. Manually run the system, clean and adjust sprinkler heads/nozzles and concrete donuts as necessary to ensure proper coverage and that there are no sprinkler heads/nozzles spraying directly onto the roadway.
   a. Each median and side right-of-way zone shall be manually turned on at the valve to ascertain proper operation of the system.
   b. Repair system for any blown-off head, broken lines or leaks around heads or valves.
   c. Check the controllers and rain sensors for proper operation and settings.
   d. The Association shall further adjust all sprinkler heads to ensure that all landscaped areas receive one hundred percent (100%) irrigation coverage.
   e. Within all work areas the Association shall review the plant material and turf for dry conditions and if found correct the problem.

General Service Requirements for Irrigation Systems:
1. Should South Florida Water Management District or other governing agency establish water restrictions, the irrigation systems shall be inspected, and all other controllers set to the mandated hours of operation set by the District or Agency. Subsurface systems are exempt from water restrictions.
2. Replace defective heads or nozzles, install, or replace defective risers and repair minor breaks or restricted sprinkler lines.
3. Replace damaged valve boxes/lids if caused by the Maintenance Association.
4. Inspect, clean, and replace, if necessary, screen/filters within the sprinkler heads.
5. Keep all grass and mulch out of all valve boxes. All valve boxes in sod areas are to be kept at sod level. All valve boxes in plant beds are to be kept two inches (2") above finished mulch.
6. One hundred percent (100%) irrigation coverage shall be maintained within all irrigated landscaped areas while this Contract is in effect.

7. Notification to the County's representative is required when acts of vandalism or accidents have occurred to the irrigation system. Photos shall be taken and provided to the County's representative at no added cost.

CAO

Miscellaneous Irrigation Maintenance Responsibilities:

1. Should the temperature be forecast to be below thirty-four (34) degrees, the Association shall be responsible for turning the irrigation system off to protect plants from possible freeze damage.
2. It shall be the Association's responsibility to notify the County's representative of any irrigation problems or additional irrigation maintenance needs.
3. The irrigation service personnel must trouble shoot time clocks, i.e., power-in 110 volt and 24-volt fuses, 24 volts output when necessary.
4. The irrigation services personnel must trouble shoot any pump start relay, main fuses, and capacitors when necessary.

K. **BRICK PAVERS:** All median brick paving shall be pressure cleaned twice per year, in April and November, to remove marks, gum and other dirt that may be deposited on the surface areas. Upon finding damaged areas, the Associations shall clean-up debris if present, and or flag off the areas with protective barriers and/or high visibility hazard tape. Damaged areas must be repaired as quickly as possible.

L. **PEST CONTROL:** Trees, Palms, Shrubs, Groundcovers, and Sod must be closely monitored for pests and diseases and must be treated appropriately by a licensed Pest Control Operator approved by the County's representative.

Executive Summary

Recommendation to adopt a Resolution and approve a Lease Agreement with State Representative Yvette Benarroch for use of County-owned office space.

OBJECTIVE: For State Representative Yvette Benarroch to utilize County-owned office space within the Administration Building at the main Government Center.

CONSIDERATIONS: In order to have a local presence in the community, State Representative Yvette Benarroch (Representative) has requested utilization of office space contained in Suite 304 within the Administration Building at the main Government Center.

The attached Lease reflects the Representative's electorate term, which commenced on November 19, 2024, and runs through November 18, 2026. The Lease includes a renewal option for additional two-year terms pending the Representative's re-election. The annual rental amount of $10 will be paid in full and in advance. The County is responsible for all utilities, janitorial service, and local telephone service to the leased space. The Representative will be responsible for all long-distance telephone charges.
As required by Florida Statute 125.38, a Resolution, which is attached, declares that Suite 304 is not required for County use and available for lease to the Representative.

FISCAL IMPACT: The annual rental fee of $10 will be paid in full and shall be deposited into the General Fund (0001).

GROWTH MANAGEMENT IMPACT: There is no Growth Management impact associated with this action.

LEGAL CONSIDERATIONS: This item is approved for form and legality and requires majority vote for Board action. - SAA

RECOMMENDATIONS: To adopt the Resolution and approve the Lease with State Representative Yvette Benarroch and authorize the Chairman to execute the attached Lease and Resolution.

PREPARED BY: Sonja Stephenson, Property Management Specialist

LEASE AGREEMENT

THIS LEASE AGREEMENT ('Lease') entered into this ____ day of _____, 2025, between State Representative Yvette Benarroch, whose mailing address is 3299 East Tamiami Trail, Suite 304, Naples, Florida 34112, hereinafter referred to as "LESSEE," and COLLIER COUNTY, a political subdivision of the State of Florida, whose mailing address is in care of Real Property Management, 2685 Horseshoe Dr. South, Suite 103, Naples, Florida 34104, hereinafter referred to as "LESSOR."

W I T N E S S E T H

In consideration of the mutual covenants contained herein, and other valuable consideration, the parties agree as follows:

ARTICLE l. Demised Premises

LESSOR hereby leases to LESSEE and LESSEE hereby leases from LESSOR the property located at the Collier County Government Center, Administration Building, 3299 East Tamiami Trail, Naples, Suite 304, Florida 34112, hereinafter called the "Demised Premises," situated in the County of Collier and the State of Florida, for the sole purpose of operating a government office.

ARTICLE 2. Term of Lease

LESSEE shall have and hold the Demised Premises for a term of two (2) years, commencing on November 19, 2024, and ending November 18, 2026. LESSEE is granted the option, provided LESSEE is re-elected to the same office, and is not in default of any of the terms of this Lease, to renew same for automatic two (2) year terms, under the same terms and conditions as provided herein, by giving written notice of LESSEE'S intention to do so to the LESSOR not less than thirty (30) days prior to the expiration of the leasehold estate hereby created. Said notice shall be effective upon placement of the notice in an official depository of the United States Post Office, Registered or Certified Mail, Postage Prepaid.

LESSOR and LESSEE reserve the right to terminate this Lease, with or without cause, by providing LESSEE with thirty (30) days written notice to the address set forth in Article 13 of this Lease. Said notice shall be effective upon placement of the notice in an official depository of the United States Post Office, Registered or Certified Mail, Postage Prepaid.

ARTICLE 3. Rent

LESSEE hereby covenants and agrees to pay as rent for the Demised Premises the sum of Ten Dollars and 00/100 Cents ($10.00) per annum. The annual rent shall be paid in full thirty (30) days following the execution of this Lease by LESSOR.

In the event LESSEE elects to renew this Lease, as provided for in ARTICLE 2, the rent stated above shall remain the same for the ensuing renewal term.

ARTICLE 4. Other Expenses and Charges

LESSOR shall pay all costs associated with the Demised Premises including, but not limited to, janitorial services and any and utility charges, except for long distance telephone charges which are addressed below. Utility charges shall include, but shall not be limited to, electricity, light, heat, air conditioning, power, water, and sewer services used, rendered or supplied thereupon or in connection with the Demised Premises.

CAO

LESSOR shall bill, on a monthly basis, LESSEE for all long distance calls. LESSEE covenants to pay LESSOR for monthly telephone long distance charges, within thirty (30) days of receipt of invoice, in lawful money of the United States of America, at the address of LESSOR set forth in this Lease or at such other place as LESSOR may designate.

ARTICLE 5. Modifications to Demised Premises

Prior to making any changes, alterations, additions or improvements to the Demised Premises, LESSEE will provide to LESSOR all proposals and plans for alterations, improvements, changes or additions to the Demised Premises for LESSOR'S written approval, specifying in writing the nature and extent of the desired alteration, improvement, change, or addition, along with the contemplated starting and completion time for such project. LESSOR or its designee will then have sixty (60) days within which to approve or deny in writing said request for changes, improvements, alterations or additions. LESSOR shall not unreasonably withhold its consent to required or appropriate alterations, improvements, changes or additions proposed by LESSEE. If after sixty (60) days there has been no response from LESSOR or its designee to said proposals or plans, then such silence shall be deemed as a denial to such request to LESSEE.

LESSEE covenants and agrees in connection with any maintenance, repair work, erection, construction, improvement, addition or alteration of any authorized modifications, additions or improvements to the Demised Premises, to observe and comply with all then and future applicable laws, ordinances, rules, regulations, and requirements of the United States of America, State of Florida, County of Collier, and any and all governmental agencies.

All alterations, improvements and additions to said Demised Premises shall at once, when made or installed, be deemed as attached to the freehold and to have become property of LESSOR. Prior to the termination of this Lease or any renewal term thereof, or within thirty (30) days thereafter, if LESSOR so directs, LESSEE shall promptly remove the additions, improvements, alterations, fixtures and installations which were placed in, on, or upon the Demised Premises by LESSEE, and repair any damage occasioned to the Demised Premises by such removal; and in default thereof, LESSOR may complete said removals and repairs at LESSEE'S expense.

LESSEE covenants and agrees not to use, occupy, suffer or permit said Demised Premises or any part thereof to be used or occupied for any purpose contrary to law or the rules or regulations of any public authority.

ARTICLE 6. Access to Demised Premises

LESSOR, its duly authorized agents, representatives and employees, shall have the right after reasonable notice to LESSEE, to enter into and upon the Demised Premises or any part thereof at all reasonable hours for the purpose of examining the same and making repairs or providing services therein, and for the purposes of inspection for compliance with the provisions of this Lease.

ARTICLE 7. Assignment and Subletting

LESSEE covenants and agrees not to assign this Lease or to sublet the whole or any part of the Demised Premises, or to permit any other persons to occupy same without the written consent of LESSOR. Any such assignment or subletting, even with the consent of LESSOR, shall not relieve LESSEE from liability for payment of rent or other sums herein provided or from the obligation to keep and be bound by the terms, conditions and covenants of this Lease. The acceptance of rent from any other person shall not be deemed to be a waiver of any of the provisions of this Lease or to be a consent to the assignment of this Lease or subletting of the Demised Premises.

CAO

ARTICLE 8. Indemnity

LESSEE, in consideration of Ten Dollars ($10.00), the receipt and sufficiency of which is hereby acknowledged, shall indemnify, defend and hold harmless LESSOR, its agents and employees from and against any and all liability (statutory or otherwise), damages, claims, suits, demands, judgments, costs, interest and expenses (including, but not limited to, attorneys' fees and disbursements both at trial and appellate levels) arising, directly or indirectly, from any injury to, or death of, any person or persons or damage to property (including loss of use thereof) related to (A) LESSEE'S use of the Demised Premises, (B) any work or thing whatsoever done, or any conditions created (other than by LESSOR, its employees, agents or contractors) by or on behalf of LESSEE in or about the Demised Premises, (C) any conditions of the Demised Premises due to or resulting from any default by LESSEE in the performance of LESSEE'S obligations under this Lease, or (D) any act, omission or negligence of LESSEE or its agents, contractors, employees, subtenants, licensee or invitees. In case any action or proceeding is brought against LESSOR by reasons of any one or more thereof, LESSEE shall pay all costs, attorneys' fees, expenses and liabilities resulting therefrom and shall defend such action or proceeding if LESSOR shall so request, at LESSEE'S expense, by counsel reasonably satisfactory to LESSOR.

The LESSOR shall not be liable for any injury or damage to person or property caused by the elements or by other persons in the Demised Premises, or from the street or sub-surface, or from any other place, or for any interference caused by operations by or for a governmental authority in construction of any public or quasi-public works.

The LESSOR shall not be liable for any damages to or loss of, including loss due to petty theft, any property, occurring on the Demised Premises or any part thereof, and the LESSEE agrees to hold the LESSOR harmless from any claims for damages, except where such damage or injury is the result of the gross negligence or willful misconduct of the LESSOR or its employees.

ARTICLE 9. Insurance

LESSEE shall provide and maintain general liability and property liability insurance policy(ies) pursuant to the provision of the Florida Insurance Risk Management Trust Fund and pursuant to the provisions of Section 768.28, Florida Statutes, during the term of this Lease. In addition, LESSEE shall provide and maintain Worker's Compensation Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage shall include Employer's Liability with a minimum limit of One Hundred Thousand Dollars and No/100 Cents ($100,000.00) each accident.

Evidence of such insurance shall be provided to the Collier County Risk Management Department in care of Real Property Management, 3335 East Tamiami Trail, Naples, Florida, 34112, for approval prior to the commencement of this Lease; and shall include a provision requiring thirty (30) days prior written notice to Collier County c/o County Risk Management Department in the event of cancellation or changes in policy(ies) coverage.

The LESSEE acknowledges and agrees that no changes or cancellations to the insurance coverage will occur without thirty (30) days prior written notice to LESSOR. LESSEE shall ensure that LESSEE'S insurance provider will be responsible for notifying the LESSOR directly of any changes related to insurance coverage. LESSEE shall also ensure that the insurance coverage provided in accordance with this Lease shall require that the company or companies writing such insurance policy(ies) shall provide to LESSOR written notice of cancellation thirty (30) days prior to the proposed cancellation. LESSOR reserves the right to reasonably amend the insurance requirements by issuance of notice in writing to LESSEE, whereupon receipt of such notice, LESSEE shall have thirty (30) days in which to obtain such additional insurance.

ARTICLE 10. Maintenance

CAO

LESSEE shall keep the Demised Premises clean at all times.

ARTICLE 11. Default by LESSEE

Failure of LESSEE to comply with any provision or covenant of this Lease shall constitute a default and LESSOR may, at its option, terminate this Lease after providing written notice to LESSEE, as specified in Article 2 of this Lease, unless the default be cured within the notice period (or such additional time as is reasonably required to correct such default).

ARTICLE 12. Default by LESSOR

LESSOR shall in no event be charged with default in the performance of any of its obligations hereunder unless and until LESSOR shall have failed to perform such obligations within thirty (30) days (or such additional time as is reasonably required to correct such default) after notice to LESSOR by LESSEE properly specifying wherein LESSOR has failed to perform any such obligations.

ARTICLE 13. Notices

Any notice which LESSOR or LESSEE may be required to give to the other party shall be in writing to the other party at the following addresses:

LESSOR:

Board of County Commissioners
c/o Real Property Management
3335 East Tamiami Trail, Suite 101
Naples, Florida 34112

LESSEE:

State Representative Yvette Benarroch
3299 East Tamiami Trail, Suite 304
Naples, Florida 34112

cc: Office of the County Attorney

ARTICLE 14. Surrender of Premises

LESSEE shall deliver up and surrender to LESSOR possession of the Demised Premises at the termination of this Lease, or its earlier termination as herein provided, broom clean and in as good condition and repair as the same shall be at the commencement of the term of this Lease or may have been put by LESSOR or LESSEE during the continuance thereof, ordinary wear and tear and damage by fire or the elements beyond LESSEE'S control excepted.

ARTICLE 15. General Provisions

LESSEE expressly agrees for itself, its successor and assigns, to refrain from any use of the Demised Premises which would interfere with or adversely affect the operation or maintenance of LESSOR'S standard operations where other operations share common facilities.

(a) Rights not specifically granted the LESSEE by this Lease are hereby reserved to the LESSOR.

(b) LESSEE agrees to pay all sales tax imposed on the rental of the Demised Premises where applicable under law.

(c) LESSEE agrees to pay all intangible personal property taxes that may be imposed due to the creation, by this Lease, of a leasehold interest in the Demised Premises or LESSEE'S possession of said leasehold interest in the Demised Premises.

CAO

ARTICLE 16. Environmental Concerns

LESSEE represents, warrants and agrees to indemnify, reimburse, defend and hold harmless LESSOR, from and against all costs (including attorneys fees) asserted against, imposed on or incurred by LESSOR directly or indirectly pursuant to or in connection with the application of any federal, state, local or common law relating to pollution or protection of the environment.

ARTICLE 17. Radon Gas

In compliance with Section 404.056, Florida Statutes, all parties are hereby made aware of the following:

Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your County Public Health Department.

ARTICLE 18. Extent of Liens

All persons to whom these presents may come are put upon notice of the fact that the interest of the LESSOR in the Demised Premises shall not be subject to liens for improvements made by the LESSEE, and liens for improvements made by the LESSEE are specifically prohibited from attaching to or becoming a lien on the interest of the LESSOR in the Demised Premises or any part of either. This notice is given pursuant to the provisions of and in compliance with Section 713.10, Florida Statutes.

ARTICLE 19. Effective Date

This Lease shall become effective upon execution by both LESSOR and LESSEE.

ARTICLE 20. Governing Law

This Lease shall be governed and construed in accordance with the laws of the State of Florida.

IN WITNESS WHEREOF, the parties hereto have hereunder set forth their hands and seals.

RESOLUTION No. 2025 - _____

RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS, COLLIER COUNTY, FLORIDA, APPROVING A LEASE AGREEMENT WITH STATE REPRESENTATIVE YVETTE BENARROCH FOR UTILIZATION OF OFFICE SPACE WITHIN THE ADMINISTRATION BUILDING.

WHEREAS, Representative Yvette Benarroch ('Representative') desires to lease an office space within the Administration Building, 3299 Tamiami Trail East, Suite 304, Naples, Florida, owned by Collier County, a political subdivision of the State of Florida ("Collier County"), in order to operate a government office.

WHEREAS, the Lease Agreement (Lease) provides for an initial two (2) year term, commencing on November 19, 2024, which reflects the Representative's electorate term, and provides for automatic additional two (2) year renewal terms pending the Representative's re-election. The rent shall be Ten Dollars annually throughout the life of the Lease.

WHEREAS, the Board of County Commissioners is satisfied that this property is required for the Representative's use and is not needed for County purposes.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

1. The Board of County Commissioners does hereby approve the attached Lease Agreement between Collier County and State Representative Yvette Benarroch.

2. The Chairman of the Board of County Commissioners of Collier County, Florida, is hereby authorized to execute the attached Lease Agreement.

This Resolution adopted this _____ day of _____, 2025, after motion, second and majority vote.

Executive Summary

Recommendation to adopt a Resolution that aligns with the Board's approval of the Collier County Standard Form Long-Term Lease (Not for Profit) with Warriors Homes of Collier, Inc., for the use of two County-owned homes at 1973 and 2015 Bay Street, ensuring rent is set at $1,000 per home, consistent with the agreement with Warriors and as was orally presented in Agenda Item 11B on November 12, 2024.

OBJECTIVE: To ensure that the records maintained by the Clerk to the Board of County Commissioners (the "Board"), align with the Board's approval of the Collier County Standard Form Long-Term Lease (Not for Profit) with Warriors Homes of Collier, Inc., for the use of two County-owned homes.

CONSIDERATIONS: On November 12, 2024, Agenda Item 11B was presented to the Board on the regular agenda. The item requested the Board's consideration of the Collier County Standard Form Long-Term Lease (Not-for-Profit) with Warriors Homes of Collier, Inc. ("Warriors"), a veterans housing organization, and the related resolution. This lease provides for the use of two County-owned homes located at 1973 and 2015 Bay Street.

During the presentation, the Board was informed that the rental rate was $1,000 per home, which was the term agreed to by Warriors. However, the lease and resolution in the published agenda package reflected a rental rate of $1,000 in total. As part of the motion to approve the item, the Board directed that the termination provision be modified from 30 days to 90 days, and the Board approved the item.

Accordingly, Paragraph 6 of the Lease was modified to change the termination from 30 days to 90 days, and Paragraph 7 of the Lease was modified to reflect that the $1,000 was a *per-home* rental amount, both on Page 3. The Resolution was not updated and remained at a rent rate of $1,000 in total. The Lease was signed by Warriors, and both the lease and resolution were routed for the Board Chair's signature.

Warriors has paid Collier County prorated rent for November at a rate of $1,000 per home and full rent for December at the same rate. If this item is approved, the attached resolution incorporating the Board's direction from November 12, 2024, will be routed for the Chair's signature. The changes are as follows:

"NOW, **THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA,** that':

1. The Board approves the lease to Warriors Homes of Collier County, Inc., for supportive housing for veterans.
2. The Board finds that the property is required for public use and is not needed for county purposes.
3. The terms of the lease are as follows:

- Price: The monthly rent is $1,000 per home.
- Lease Term: One year with automatic renewals for successive one-year terms.

A lease modification is unnecessary since the lease was updated before routing for the Chair's signature.

FISCAL IMPACT: The annual rent of $12,000 per home ($24,000 total) shall be paid in equal monthly installments of $1,000 per home ($2,000 total). The rent shall be deposited within the Parks Impact Fee Fund (3071), Operating Project 31346.

GROWTH MANAGEMENT IMPACT: There is no impact to the Growth Management Plan.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires a majority vote for approval. -SAA

RECOMMENDATIONS: To approve and execute a Resolution that aligns with the Board's approval of the Collier

County Standard Form Long-Term Lease (Not for Profit) with Warriors Homes of Collier, Inc., for the use of two County-owned homes at 1973 and 2015 Bay Street, ensuring rent is set at $1,000 per home, consistent with the agreement with Warriors and as was orally presented in Agenda Item 11B on November 12, 2024.

RESOLUTION NO. 202__-____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS, COLLIER COUNTY, FLORIDA, AUTHORIZING THE LEASE OF COUNTY PROPERTY LOCATED AT 1973 AND 2015 BAY STREET TO WARRIORS HOMES OF COLLIER COUNTY, A NOT-FOR-PROFIT CORPORATION, FOR SUPPORTIVE HOUSING FOR VETERANS IN ACCORDANCE WITH SECTION 125.38, FLORIDA STATUTES, REPLACING AND SUPERCEDING RESOLUTION NO. 2024-225.

WHEREAS, the county-owned property located at 1973 and 2015 Bay Street, herein referred to as "the Property," is suitable for supportive housing for veterans; and

WHEREAS, a nonprofit promoting community welfare may apply to the Board of County Commissioners for a lease of county-owned property; and

WHEREAS, the Board has received an application from Warriors Homes of Collier, Inc. to lease the Property for supportive housing for veterans; and

WHEREAS, the Board finds that the Property is necessary for public use and not needed for county purposes; and

WHEREAS, the Board has reviewed the request and determined that the proposed use aligns with community welfare objectives, recognizing supportive housing as essential for helping veterans, providing affordable housing, and enhancing their quality of life.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

1. The Board approves the lease to Warriors Homes of Collier County, Inc. for supportive housing for veterans.
2. The Board finds that the Property is required for public use and is not needed for county purposes.
3. The terms of the lease are as follows:
   - Price: The monthly rent is $1,000 per home.
   - Lease Term: One year with automatic renewals for successive one-year terms.

4. Resolution No. 2024-225 is hereby replaced and superseded by this resolution,

THIS RESOLUTION ADOPTED after motion, second, and majority vote favoring same, his day of _____, 20_____.

RESOLUTION NO. 2024-225

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS, COLLIER COUNTY, FLORIDA, AUTHORIZING THE LEASE OF COUNTY PROPERTY LOCATED AT 1973 AND 2015 BAY STREET TO WARRIORS HOMES OF COLLIER COUNTY, A NOT-FOR-PROFIT CORPORATION, FOR SUPPORTIVE HOUSING FOR VETERANS IN ACCORDANCE WITH SECTION 125.38, FLORIDA STATUTES.

WHEREAS, the county-owned property located at 1973 and 2015 Bay Street, herein referred to as "the Property," is suitable for supportive housing for veterans; and

WHEREAS, a nonprofit promoting community welfare may apply to the Board of County Commissioners for a lease of county-owned property; and

WHEREAS, the Board has received an application from Warriors Homes of Collier, Inc. to lease the Property for supportive housing for veterans; and

WHEREAS, the Board finds that the Property is necessary for public use and not needed for county purposes; and

WHEREAS, the Board has reviewed the request and determined that the proposed use aligns with community welfare objectives, recognizing supportive housing as essential for helping veterans, providing affordable housing, and enhancing their quality of life.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

1. The Board approves the lease to Warriors Homes of Collier County, Inc. for supportive housing for veterans.
2. The Board finds that the Property is required for public use and is not needed for county purposes.
3. The terms of the lease are as follows:
   - Price: The monthly rent is $1,000
   - Lease Term: One year with automatic renewals for successive one-year terms.

THIS RESOLUTION ADOPTED after motion, second, and majority vote favoring same, his day of 11/12 2024.

COLLIER COUNTY STANDARD FORM
LONG-TERM LEASE
(NOT-FOR-PROFIT ENTITY)

This Long-Term Lease (hereinafter referred to as "Lease") is entered into this 12th day of November, 2024, ("Effective Date") by and between Warriors Homes of Collier, Inc., a not-for-profit corporation duly organized under the laws of Florida, whose mailing address is PO Box 10434, Naples, Florida 34101, hereinafter referred to as "Lessee", and Collier County, a political subdivision of the State of Florida, whose mailing address is c/o Real Property Management, 3335 Tamiami Trail, East, Suite 102, Naples, Florida 34112, hereinafter referred to as "Lessor," collectively stated as the "Parties."

RECITALS:

WHEREAS, Section 125.38, Florida Statutes, provides that if a corporation or other organization not for profit which may be organized for the purposes of promoting community interest and welfare, should desire any real or personal property that may be owned by any county of this state or by its board of county commissioners, for public or community interest and welfare, then such corporation or organization may apply to the board of county commissioners for a conveyance or lease of such property, and that such board, if satisfied that such property is required for such use and is not needed for county purposes, may thereupon convey or lease the same at private sale to the applicant for such price, whether nominal or otherwise, as such board may fix, regardless of the actual value of such property; and

WHEREAS, Lessee, a duly organized not-for-profit veterans' organization, has applied to the Board of County Commissioners for a Lease of certain property which the Board has determined is not presently needed for County purposes; and

WHEREAS, it is the Board's finding that it is in the public interest to lease this property to Lessee on the terms and conditions set forth below.

WITNESSETH:

NOW, THEREFORE, for valuable consideration exchanged amongst the Parties, and in consideration of the covenants contained herein, the Parties hereby enter into this Lease on the following terms and conditions:

1. Conveyance. On the terms and conditions set forth in this Lease, and in consideration of Lessee's performance under this Lease, the Lessor conveys to the Lessee the present possessory interest in the Leased Premises described below. Prior to the Lessee's occupancy of the Leased Premises, a walk-through inspection will be conducted by the Lessor and Lessee. This inspection will utilize the inspection checklist attached as Exhibit 1 to document the condition of the Premises.

2. Description of Leased Premises. The Premises subject to this Lease consist of two parcels improved with single-family homes, comprising a total of four units, as follows:

a. **1973 Bay Street, Collier County, Florida:** A residential property featuring a three-bedroom, two-bathroom home.
b. **2015 Bay Street, Collier County, Florida:** A residential property featuring a three-bedroom, two-bathroom home.

The legal descriptions of these parcels are outlined in Exhibit "A." These parcels shall be collectively referred to as the "Premises.

3. Conditions to Conveyance. Lessee warrants and represents to Lessor that it has examined the title and boundaries of the Premises. Accordingly, this conveyance is subject to all of the following:

a. Any and all conditions, restrictions, encumbrances and limitations now recorded against the Premises;
b. Any and all existing or future zoning laws or ordinances;
c. Any questions of title and survey that may arise in the future; and
d. Lessee's satisfactory performance of all terms and conditions of this Lease.

4. Use of Premises. The purpose of this Lease is for Lessee to operate a program to provide supportive housing to veterans (the "Veterans Program"), which use the Board of County Commissioners has found to be in the public's interest. Accordingly, Lessee shall utilize the Leased Premises in strict accordance with Exhibit "B." Lessor shall have the right to terminate this Lease should Lessee utilize the Premises in any manner inconsistent with the approved use. In the event Lessee shall cease to use the Premises for the purposes described in Exhibit "B," and such cessation of use shall continue for a period of sixty (60) days, this Lease, at the option of the Lessor, upon thirty (30) days written notice to the Lessee, shall be terminated and Lessee shall surrender and vacate the Premises to the Lessor within thirty (30) days after notice of such termination. Provided, however, said sixty (60) day period shall be tolled if such cessation is caused by events beyond the control of the Lessee such as acts of God or if such cessation is due to closing for reconstruction or repairs to the building constructed by Lessee on the Leased Premises. Lessee shall provide Lessor with quarterly reports summarizing the operations of the Veterans Program, including the number of veterans housed, services provided, and any incidents or legal matters that arose. Lessor may request additional reports or updates as needed.

Lessee shall establish and maintain clear eligibility criteria for veterans participating in the Veterans Program, subject to Lessor's approval. The selection process shall be non-discriminatory and shall prioritize veterans based on need in accordance with the Veterans Program's goals.

5. Permissible Alternations and Additions to Premises. Lessee may not make any alterations or additions to the Leased Premises without obtaining Lessor's prior written consent, which consent may be withheld in Lessor's sole discretion. Lessee shall submit to Lessor plans and specifications for all alterations and additions at the time Lessor's consent is sought. Notwithstanding the above, Lessee may paint the walls of the Leased Premises in colors that are the same as or closely similar to the existing colors without requiring Lessor's prior written

consent. Lessee shall be responsible for any necessary touch-ups or repairs to restore the walls to their original condition upon lease termination, unless otherwise agreed.

6. Term of Lease. The term of this Lease shall commence on the Effective Date of this Lease and shall be for an initial period of a year. The Lease shall automatically renew for successive one-year periods unless either party provides written notice of termination at least 120 days before the end of the then-current renewal period. Notwithstanding the foregoing, either party may terminate this Lease for convenience by providing the other party with at least 90 days' written notice at any time during the lease term or any renewal period. If Lessee holds over after the expiration of the lease term, such tenancy shall be from month to month under all of the terms, covenants, and conditions of this Lease subject, however, to Lessor's right to seek legal relief to eject Lessee from the Premises as a holdover.

7. Rent. The Lessee agrees to pay the Lessor a monthly rent of $1,000.00 per home, due on the first day of each calendar month throughout this Lease. Payment shall be made to the Lessor by check or electronic transfer regularly and monthly without notice from the Lessor during the term of this Lease. Based on a daily rate of $33.34 per home, a prorated rent will be due for the initial partial month of occupancy.

a. Payment Schedule: The Lessee shall pay the total monthly rent to the Lessor on or before the 1st of each month. Payment shall be made through a check and delivered to the Lessor or through wire transfer/ACH. If paying by wire transfer/ACH, the Lessor will provide the necessary wire transfer instructions to the Lessee.

b. Occupancy Reporting: The Lessee agrees to provide the Lessor with a written report on the number of bedrooms occupied and the names of the veterans residing in each bedroom with monthly rent remittance. This report shall include any changes in occupancy within the monthly report.

8. Net Lease. This is a fully net lease, with Lessee responsible for only the costs, fees and charges concerning the Premises as described herein. Lessee shall promptly pay when due and prior to any delinquency all costs, fees, taxes, and utility charges arising from Lessee's use of the Premises. The Lessee shall not be responsible for any costs or fees associated with any assessments or impact fees of any kind.

9. Lessee's Liens and Mortgages. Lessee shall not in any way encumber the Premises and shall promptly remove any and all liens placed against the Premises. All persons to whom these presents may come are put upon notice of the fact that the interest of the Lessor in the Premises shall not be subject to liens for improvements made by the Lessee and liens for improvements made by the Lessee are specifically prohibited from attaching to or becoming a lien on the interest of the Lessor in the Premises or any part of either. This notice is given pursuant to the provisions of and in compliance with Section 713.10, Florida Statutes.

10. Lessee's Obligation to Maintain Premises and Comply with All Lawful Requirements. Lessee, throughout the term of this Lease, at its own cost and without any expense

to the Lessor, shall keep, maintain, repair, and manage the Premises in good, sanitary, and neat order, condition, and repair. Lessee's responsibilities are limited to:

a. The Lessee shall be responsible for all minor repairs and maintenance of the Property, including, but not limited to, unclogging drains, maintaining and repairing garbage disposals, and addressing minor issues related to structural and mechanical systems (e.g., door hinges, faucet leaks, and light bulb replacements). The Landlord shall only be responsible for repairs or replacements involving major structural, mechanical, electrical, or plumbing failures that significantly affect the habitability or functionality of the premises.

   Mechanical systems refer to the systems within the property responsible for heating, cooling, ventilation, plumbing, and electrical functions, including but not limited to the HVAC system, water supply, drainage, and other equipment essential for the operation and comfort of the property. Except for the HVAC system, the Lessor shall maintain all mechanical systems.

   The Lessee shall enter into and maintain an air conditioning maintenance and service contract with a licensed HVAC contractor. This contract must include provisions for regular maintenance, inspections, and prompt repairs of the air conditioning system. Proof of this contract and its compliance must be provided to the Lessor upon request, with the Lessee bearing all associated costs.

   If any mechanical systems cease to function or are not operating correctly, the Lessee shall promptly notify the Lessor to prevent further damage or disruption.

b. Roofing: Repairing roofing, addressing leaks. Lessee is not responsible for replacing or repairing the roof. If any issues arise with the roof, including leaks or structural damage, the Lessee shall promptly notify the Lessor to prevent further damage or deterioration.

c. General Maintenance: Lessee is responsible for performing painting, janitorial services, and upkeep of fixtures and appurtenances (such as lighting).

d. Landscaping: Lessee is responsible for managing and maintaining all landscaping on the Premises, including regular mowing of grass, trimming of bushes and trees, and overall upkeep of garden areas.

If the Premises are not in such compliance in the reasonable opinion of Lessor, Lessee will be so advised in writing. If corrective action is not begun within thirty (30) days of the receipt of such notice and prosecuted diligently until corrective action is completed, Lessor may cause the same to be corrected and Lessee shall promptly reimburse Lessor for the expenses incurred by Lessor, together with a 5% administrative fee.

Further, Lessee agrees to maintain the premises in good condition and repair throughout the term of this lease. Lessee is responsible for any damage or destruction to the Property resulting

from the negligence, willful misconduct, or failure to maintain the Property by the lessee, any sublessee, or occupant. In the event of such damage or destruction, the Lessee shall be fully responsible for all costs and expenses necessary to repair or restore the premises to their original condition, with coverage from the policy applied as needed.

11. Quiet Enjoyment. Lessee shall be entitled to quiet enjoyment so long as Lessee has not defaulted on any of the terms of this Lease. Accordingly, Lessee shall have the exclusive right to use the Premises during the term of this Lease.

12. Casualty

If the Premises are destroyed, rendered substantially uninhabitable, or damaged to any material extent, as reasonably determined by Lessee and Lessor, by fire or other casualty, Lessor may determine that the Premises and/or improvements shall not be repaired or replaced. If Lessor determines that the Premises and/or improvements shall not be repaired or replaced, Lessee or Lessor may terminate this Lease by providing written notice to the other party within ninety (90) days after the occurrence of such casualty, and the lease termination shall be effective on the ninetieth (90th) day after such fire or other casualty, unless otherwise extended by a mutually signed written agreement between the Parties. During the period between the date of such casualty and the date of termination, Lessee will cease its operations as may be necessary or appropriate. If Lessor terminates this Lease as part of a condemnation project, Lessor shall use its best efforts to mitigate any damage caused to Lessee as a result of such termination.

If this Lease is not terminated as set forth herein, or if the Premises is damaged to a less than material extent, as reasonably determined by Lessee and Lessor, Lessee shall use Proceeds and proceed with reasonable diligence, to rebuild and repair the Premises to substantially the condition as existed prior to the casualty. In any event, Lessee shall not be responsible, liable, or required to rebuild or restore the Premises in amounts exceeding the Proceeds. In any event, Lessee shall not bare any costs or expenses to rebuild or restore the Premises that exceed the Proceeds.

13. Access to Premises. Lessor, its duly authorized agents, contractors, representatives and employees, shall have the right after reasonable oral notice to Lessee, to enter into and upon the Premises during normal business hours, or such other times with the consent of Lessee, to inspect the Premises, verify compliance with the terms of this Lease, or make any required repairs not being timely completed by Lessee.

14. Termination and Surrender. Unless otherwise mutually agreed by the Parties, within thirty (30) days after termination of the lease term, Lessee shall redeliver possession of the Premises to Lessor in good condition and repair. Lessee shall have the right at any time during Lessee's occupancy of the Premises to remove any of its personal property, equipment, and signs provided, however, at the termination of this Lease, Lessor shall have the option of either requiring Lessee to demolish and remove all improvements made by Lessee to the Premises upon Lessee's vacation thereof, or to require Lessee to retain said improvements with fixtures on the Premises which improvements and fixtures will become the property of the Lessor upon Lessee's vacation of the Premises.

15. Assignment and Sublease. This Lease is personal to Lessee. Accordingly, Lessee may not assign this Lease, or any portion of the building constructed on the Premises by Lessee without the express prior written consent of the Lessor, which consent may be withheld in Lessor's sole discretion. Any purported assignment without the express written consent of Lessor shall be considered void from its inception, and shall be grounds for the immediate termination of this Lease.

Lessor may sublease the Premises to operate a program within the Premises specifically for the purpose of housing veterans. In connection with the Veterans Program, Lessee may enter into occupancy agreements or sublease arrangements with individual veterans participating in the program, provided that:

a. Such occupancy agreements or sublease arrangements are solely for the Veterans Program;
b. The duration of any such agreements does not exceed the term of this Lease;
c. The Lessee remains fully responsible for the Premises and all obligations under this Lease;
d. The Veterans Program and any related agreements do not compromise Lessor's rights under this Lease or materially alter the use of the Premises as contemplated herein.
e. Lessee establishes and maintains emergency procedures, including evacuation plans and contacts for emergency services, and provides the Lessor with a copy of such procedures.
f. Any such sublease shall be in compliance with all applicable codes and ordinances.

16. Insurance.

a. Lessee shall maintain comprehensive general liability and property damage insurance with minimum limits of not less than $1,000,000 per occurrence, insuring against liability for bodily injury, property damage, and personal injury arising from Lessee's use or occupancy of the premises. The insurance policy must be maintained throughout the lease term and must name the Lessor as an additional insured.

b. Lessee shall ensure that each tenant maintains comprehensive automobile insurance coverage on all vehicles stored on the premises during the term of this Lease. Lessee shall make comprehensive automobile insurance policies available to Lessor upon request to verify compliance with the insurance requirements specified in this Lease.

c. The above-described Commercial General Liability insurance policy shall list and continuously maintain Lessor as an additional insured thereon. Evidence of such insurance shall be provided to Lessor and the Collier County Risk Management Department, 3311 East Tamiami Trail, Administration Building, Naples, Florida, 34112, promptly when requested by Lessor. Lessee shall notify Lessor in writing of any insurance policy modifications or cancellations, within ten (10) days of the modification or cancellation. The issuer of any insurance policy shall have a Certificate of Authority to transact insurance business in the State of Florida and shall be rated "A" or better in the most current edition of Best's Insurance Reports.

Each insurer must be responsible and reputable and must have financial capacity consistent with the risks covered.

d. Indemnity. Lessee hereby indemnifies Lessor and saves it harmless from and against any and all claims, actions, damages, liability and expense (including, without limitation, reasonable attorney's fees and costs of litigation, including appeal) in connection with loss of life, personal injury and/or property damage to property arising from or out of any occurrence in, upon or at the leased premises, or the occupancy or use by Lessee of the premises, or any part thereof, or occasioned wholly or in part buy any act or omission of Lessee, its agents, vendors, contractors, employees, lessees, and/or invitees. In case Lessor shall, without fault on its part, be made party to any litigation commenced by or against Lessee, then Lessee shall protect and hold Lessor harmless and shall pay all costs, expenses and reasonable attorney's fees and costs incurred or paid by Lessor in connection with such litigation.

17. Defaults and Remedies.

a. Defaults by Lessee. The occurrence of any of the following events and the expiration of the applicable cure period set forth below without such event being cured or remedied will constitute a "Default by Lessee" to the greatest extent then allowed by law:

i. Abandonment of Premises or discontinuation of Lessee's operation.
ii. Lessee's material misrepresentation of any matter related to this Lease.
iii. Filing of insolvency, reorganization, plan or arrangement of bankruptcy.
iv. Adjudication as bankrupt.
v. Making of a general assignment of the benefit of creditors.
vi. If Lessee suffers this Lease to be taken under any writ of execution and/or other process of law or equity.
vii. Lessee's loss of its federal IRS tax exempt status.
viii. Lessee's failure to utilize the Premises as set forth in Exhibit B.
ix. Any lien is filed against the Premises or Lessee's interest therein or any part thereof in violation of this Lease, or otherwise, and the same remains unreleased for a period of sixty (60) days from the date of filing unless within such period Lessee is contesting in good faith the validity of such lien and such lien is appropriately bonded.
x. Failure of Lessee to perform or comply with any material covenant or condition made under this Lease, which failure is not cured within ninety (90) days from receipt of Lessor's written notice stating the non-compliance shall constitute a default (other than those covenants for which a different cure period is provided), whereby Lessor may, at its option, terminate this Lease by giving Lessee thirty (30) days written notice unless the default is fully cured within that thirty (30) day notice period (or such additional time as is agreed to in writing by Lessor as being reasonably required to correct such default). However, the occurrence of any of the events set forth above shall constitute a material breach and default by Lessee, and this Lease may

be immediately terminated by Lessor except to the extent then prohibited by law.

b. Remedies of Lessor.

i. In the event of the occurrence of any of the foregoing defaults, Lessor, in addition to any other rights and remedies it may have, shall have the immediate right to re-enter and remove all individuals, entities and/or property from the Premises. Such property may be removed and stored in a public warehouse or elsewhere at the cost of and for the account of Lessee, all without service of notice or resort to legal process and without being deemed guilty of trespass, or being liable for any loss or damage which may be occasioned thereby. If Lessee does not cure the defaults in the time frames as set forth above, and Lessor has removed and stored property, Lessor shall not be required to store for more than thirty (30) days. After such time, such property shall be deemed abandoned and Lessor shall dispose of such property in any manner it so chooses and shall not be liable to Lessee for such disposal.

ii. If Lessee fails to promptly pay, when due, any full installment of rent or any other sum payable to Lessor under this Lease, and if said sum remains unpaid for more than five (5) days past the due date, the Lessee shall pay Lessor a late payment charge equal to five percent (5%) of each such payment not paid promptly and in full when due. Any amounts not paid promptly when due shall also accrue compounded interest of two (2%) percent per month or the highest interest rate then allowed by Florida law, whichever is higher ("Default Rate"), which interest shall be promptly paid by Lessee to Lessor.

iii. Lessor may sue for direct, actual damages arising out of such default of Lessee or apply for injunctive relief as may appear necessary or desirable to enforce the performance and observance of any obligation, agreement or covenant of Lessee under this Lease, or otherwise. Lessor shall be entitled to reasonable attorney's fees and costs incurred arising out of Lessee's default under this Lease.

c. Default by Lessor. Lessor shall in no event be charged with default in the performance of any of its obligations hereunder unless and until Lessor shall have failed to perform such obligations within thirty (30) days (or such additional time as is reasonably required to correct such default) after written notice to Lessor by Lessee properly and in meaningful detail specifying wherein, in Lessee's judgment or opinion, Lessor has failed to perform any such obligation(s).

d. Remedies of Lessee. In partial consideration for the nominal rent charged to Lessee, Lessee hereby waives any claim it may have to direct or indirect monetary damages it incurs as a result of Lessor's breach of this Lease, and also waives any claim it might

have to attorneys' fees and costs arising out of Lessor's breach of this Lease. Lessee's remedies for Lessor's default under this Lease shall be limited to the following:

i. For injunctive relief as may appear necessary or desirable to enforce the performance and observance of any obligation, agreement or covenant of Lessor under this Lease.

ii. Lessee may cure any default of Lessor and pay all sums or do all reasonably necessary work and incur all reasonable costs on behalf of and at the expense of Lessor. Lessor will pay Lessee on demand all reasonable costs incurred and any amounts so paid by Lessee on behalf of Lessor, with no interest.

e. No Remedy Exclusive. No remedy herein conferred upon or reserved to either party is intended to be exclusive of any other available remedy or remedies, but each and every such remedy will be cumulative and in addition to every other remedy given under this Lease or hereafter existing under law or in equity. No delay or omission to exercise any right or power accruing upon any event of default will impair any such right or power nor be construed to be waived, but any such right and power maybe exercised from time to time and as often as may be deemed expedient.

f. Non-Waiver. Every provision hereof imposing an obligation upon Lessee is a material inducement and consideration for the execution of this Lease by Lessee and Lessor. No waiver by Lessee or Lessor of any breach of any provision of this Lease will be deemed for any purpose to be a waiver of any breach of any other provision hereof or of any continuing or subsequent breach of the same provision, irrespective of the length of time that the respective breach may have continued.

Miscellaneous Legal Matters

18. This Lease shall be construed by and controlled under the laws of the State of Florida. In the event of a dispute under this Lease, the Parties shall first use the County's then-current Alternative Dispute Resolution Procedure. Following the conclusion of this procedure, either party may file an action in the Circuit Court of Collier County to enforce the terms of this Lease, which Court the Parties agree to have the sole and exclusive jurisdiction.

19. This Lease contains the entire agreement of the Parties with respect to the matters covered by this Lease and no other agreement, statement or promise made any party, or to any employee, officer or agent of any party, which is not contained in this Lease shall be binding or valid. Time is of the essence in the doing, performance and observation of each and every term, covenant and condition of this Lease by the Parties.

20. In the event state or federal laws are enacted after the execution of this Lease, which are applicable to and preclude in whole or in part the Parties' compliance with the terms of this Lease, then in such event this Lease shall be modified or revoked as is necessary to comply with such laws, in a manner which best reflects the intent of this Lease.

21. Except as otherwise provided herein, this Lease shall only be amended by mutual written consent of the Parties hereto or by their successors in interest. Notices hereunder shall be given to the Parties set forth below and shall be made by hand delivery, facsimile, overnight delivery or by regular mail. If given by regular mail, the notice shall be deemed to have been given within a required time if deposited in the U.S. Mail, postage prepaid, within the time limit. For the purpose of calculating time limits which run from the giving of a particular notice the time shall be calculated from actual receipt of the notice. Time shall run only on business days which, for purposes of this Lease shall be any day other than a Saturday, Sunday or legal public holiday. Notices shall be addressed as follows:

If to Lessor: County Manager
Collier County Manager's Office
3299 East Tamiami Trail, Suite 202
Naples, Florida 34112

CC: Real Property Management
3335 Tamiami Trail, Suite 102
Building W
Naples, Florida 34112

If to Lessee: _____
_____
_____
_____

Notice shall be deemed to have been given on the next successive business day to the date of the courier waybill if sent by nationally recognized overnight delivery service.

22. Lessee is an independent contractor and is not any agent or representative or employee of Lessor. During the term of this Lease, neither Lessee, nor anyone acting on behalf of Lessee, shall hold itself out as an employee, servant, representative or agent of Lessor. Neither party will have the right or authority to bind the other party without express written authorization of such other party to any obligation to any third party. No third party is intended by the Parties to be a beneficiary of this Lease or to have any rights to enforce this Lease against either party hereto or otherwise. Nothing contained in this Lease will constitute the Parties as partners or joint ventures for any purpose, it being the express intention of the Parties that no such partnership or joint venture exists or will exist. Lessee acknowledges that Lessor is not providing any vacation time, sick pay, or other welfare or retirement benefits normally associated with an employee-employer relationship and that Lessor excludes Lessee and its employees from participation in all health and welfare benefit plans including vacation, sick leave, severance, life, accident, health and disability insurance, deferred compensation, retirement and grievance rights or privileges.

23. Neither party to this Lease will be liable for any delay in the performance of any obligation under this Lease or of any inability to perform an obligation under this Lease if and to

the extent that such delay in performance or inability to perform is caused by an event or circumstance beyond the reasonable control of and without the fault or negligence of the party claiming Force Majeure. "Force Majeure" shall include an act of God, war (declared or undeclared), sabotage, riot, insurrection, civil unrest or disturbance, military or guerrilla action, economic sanction or embargo, civil strike, work stoppage, slow-down or lock-out, explosion, fire, earthquake, abnormal weather condition, hurricane, flood, lightning, wind, drought, and the binding order of any governmental authority.

24. Lessee will not transport, use, store, maintain, generate, manufacture, handle, dispose, release or discharge any Hazardous Materials upon or about the Leased Premises, nor permit employees, representatives, agents, contractors, sub-contractors, sub-sub-contractors, material men and/or suppliers to engage in such activities upon or about the Leased Premises.

25. In compliance with Section 404.056, Florida Statutes, all Parties are hereby made aware of the following: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your County Public Health Department.

26. Lessee shall execute this Lease prior to it being submitted for approval by the Board of County Commissioners. This Lease may be recorded by the County in the Official Records of Collier County, Florida, within fourteen (14) days after the County enters into this Lease, at Lessee's sole cost and expense.

IN WITNESS WHEREOF, the Lessee and Lessor have hereto executed this Lease the day and year first above written.

EXHIBIT B

Approved Uses and Requirements for Veterans Program

1. **Purpose:**

   The Leased Premises shall be used exclusively for operating a long-term supportive housing program for our local Veterans, which will provide housing and related services to veterans in need.

2. **Occupancy Limits:**

   The Lessee shall adhere to local occupancy regulations and ensure that resident capacity aligns with safety and zoning requirements, with occupancy limited to one veteran per bedroom while serving veterans on the Premises.

3. **Prohibited Uses**:

   The Premises shall not be used for any activities unrelated to the Veterans Housing Program, including but not limited to commercial enterprises or uses not serving veterans.

4. **Community Impact:**

   The operation of the Veterans Program shall be conducted in a manner that minimizes disruption to the surrounding community.

5. **Monitoring and Reporting Requirements:**

   Lessor reserves the right to review the operations of the Veterans Program, including any subleases or occupancy agreements, to ensure compliance with this Lease and applicable laws. Lessee shall cooperate fully with any reasonable requests for information or documentation related to the Veterans Program.

   a. **Maintenance Logs**: The Lessee shall maintain detailed logs of all maintenance, repairs, and replacements conducted on the Premises. These logs must include dates, descriptions of work performed, names of contractors or personnel involved, and costs incurred. The Lessee shall provide copies of these maintenance logs to the Lessor upon request and at least quarterly.

   b. **Tenant Policies and Procedures**: The Lessee shall establish, implement, and maintain written tenant policies and procedures governing the management and operation of the Premises, including but not limited to:

      1. **Tenant Eligibility**: Criteria for determining tenant eligibility, including any specific qualifications or requirements related to income, background checks, or other relevant factors.

2. **Tenant Conduct**: Rules and guidelines for tenant behavior and responsibilities.

3. **Maintenance Requests**: Procedures for tenants to request maintenance or report issues. A copy of these tenant policies and procedures, including the tenant eligibility criteria, shall be provided to the Lessor upon request and updated as necessary to ensure compliance with all applicable laws and regulations.

4. **Emergency Procedures**: Protocols for handling emergencies or urgent repairs.

5. **Annual NSPIRE Inspection**: The Lessee agrees to permit the Lessor, or any designated third party, to conduct an annual inspection of the Premises in accordance with the National Standards for the Physical Inspection of Real Estate (NSPIRE) or any similar standards adopted by the relevant housing authority. The Lessee shall provide reasonable access to the Premises and cooperate with the inspection process. The results of the inspection shall be shared with the Lessee, and any required corrective actions identified during the inspection shall be addressed promptly by the Lessee.

6. **Compliance and Reporting**: The Lessee shall ensure compliance with all findings from the NSPIRE inspection and other monitoring activities. Any required corrective actions or recommendations made by the Lessor or inspection authorities must be implemented by the Lessee within a reasonable timeframe, as specified in the notice provided by the Lessor.

7. **Access for Monitoring**: The Lessor or designated representatives shall have the right to access the Premises for the purpose of verifying compliance with this provision, conducting inspections, and reviewing maintenance logs and tenant policies. Access shall be provided with reasonable notice to the Lessee, except in the case of emergencies.

CMA #5907

TEMPORARY RESIDENTIAL EMPLOYEE/INTERN HOUSING

Effective Date: March 28, 2006 (Revised: March 1, 2008; Revised: September 17, 2010; Revised: September 1, 2017; Revised: January 31, 2019; Revised: June 7, 2024)

§ 5907-1. Purpose.

The purpose of this Instruction is to establish guidelines and procedures to make use of unoccupied homes owned by the County.

§ 5907-2. Concept.

When available, and in accordance with these procedures, Collier County may use unoccupied County-owned homes to provide temporary residential housing to new employees, existing employees under extenuating circumstances, and interns. This limited benefit is offered to help in recruitment efforts and to provide the County with another option to secure and retain employees.

A. Temporary residential housing, when available, may be provided to new employees, imbedded contract employees, interns and existing employees under extenuating circumstances. Students working for the County or its imbedded contract employees may also utilize this program at a reduced rate. The County may waive the usage fee for up to 3 days when bringing in a perspective employee for an interview.

B. The term of use shall be limited to 120 days but may, with case-by-case written approval by the County Manager or designee, be extended to 150 days.

C. The County Manager, or designee, may approve temporary residential housing for any existing employee upon written recommendation of the employee's Division Director.

D. Employees, contract employees, students, or interns may be responsible for any property damage, unless caused by circumstances beyond the control of the user/occupant and must keep the housing unit clean and orderly at all times.

1. County staff or contractors under contract with the County, at the County's request, may enter the residential unit at any time for the purposes of inspection, maintenance, and/or repair.

2. Temporary Housing Agreements shall include a provision stating that causing damage to the unit beyond the security deposit, without reimbursement from or replacement by the employee, may result in garnishment of wages. Further, based on the severity and nature of the damage, County employees may be subject to disciplinary action.

E. The Division of Facilities Management shall manage the units, including but not limited to: scheduling the occupants, maintenance and repair, pest control, cable, water service, electric service, burglar alarm system, lawn service and janitorial service. Additionally, the Division will furnish each unit with appropriate furniture.

F. Each employee occupant will enter into a Temporary Housing Agreement with the County. Additional occupants require prior approval from the County Manager or designee and must be listed in the Temporary Housing Agreement for approval as occupants.

G. The use fee for housing under 2,000 square feet of living space, which includes rent, water service, electric service, lawn service, basic cable and furnishings, is $40 per day for employees and imbedded contract employees. For housing over 2,000 square feet of living space the use fee will be $50 per day. All housing for interns and students is a rate of $15 per day. The use fee shall be paid one month in advance (except for students and interns who will pay at the end of each month) payable to the Board of County Commissioners. In the event of housing rate adjustments associated with the program, the per day rate will remain fixed and as listed in the executed Temporary Housing Agreement for current occupants for the duration of their stay.

H. A refundable security deposit, equivalent to the amount of the first month's rent, is required to cover potential damages to the unit and appurtenances, including but not limited to: structural damage, harm to walls, ceilings, floors, fixtures, appliances, furniture, electronics, and household goods provided by Collier County. The refundable deposit will be held by the Clerk of Courts during occupancy and will be returned less any deductions for damages beyond normal wear and/or use. A non-refundable payment of $250 is required for each pet. The revenues will be directed to Facilities Management Division budget to address maintenance and administrative costs, unless specific restrictions imposed by the funding source used to acquire the units dictates otherwise.

I. Facilities Management may, when necessary, and in the absence of a paying occupant, assign security officer or maintenance personnel to occupy the units in order to prevent vandalism.

J. The County Manager or designee will review and, if necessary, adjust the charges every two years, but has the authority to amend this policy as necessary at any time.

§ 5907-3. Currency.

The Division of Facilities Management is responsible for maintaining the currency of this Instruction.

§ 5907-4. Authorization.

Authority for this policy and procedures was delegated by the Board of County Commissioners on March 28, 2006.

Executive Summary

Recommendation to approve Change Order No. 2 under Agreement No. 23-8099 to add sixty (60) additional days for the Veterans Memorial Blvd. Phase 1 – Noise Barrier Wall Project. (Project No. 60198)

OBJECTIVE: To obtain approval of Change Order No.2 to add sixty (60) days to complete the Veterans Memorial Blvd. Phase 1 – Noise Barrier Wall project.

CONSIDERATIONS: On August 22, 2023 (Agenda Item 16B3), the Board approved Agreement No. 23-8099 (the "Agreement") with Coastal Concrete Products LLC, to perform all work in connection with Project No. 60198 - Construction Services for the Phase 1 Veterans Memorial Boulevard Noise Barrier Wall ("the Project").

On October 7, 2024, staff issued a Stop Work order on the Project due to impending Hurricane Milton and ongoing utility conflicts. There are currently thirty-one (31) days remaining under the Agreement to finish the Project.

Staff is seeking to approve adding sixty (60) days to the Project to account for unforeseen utility conflicts in the field. Those conflicts require rerouting the wall slightly & relocating county-owned fiber-optic lines, which have adversely affected work on the Project. The substantial and final completion dates will be adjusted with the inclusion of these additional days.

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: Change Order No. 2 extends the time available on the Agreement without changing the dollar value of the contract. The source of funding for this project resides in Road Impact Fee Funds (3090, 3091), Road Construction Gas Tax Fund (3083), Water Capital Project Fund (4012) and Sewer Capital Project Fund (4014).

GROWTH MANAGEMENT IMPACT: This recommendation is consistent with the Long-Range Transportation Plan and Objective 1 of the Transportation Element of the Collier County Growth Management Plan to maintain the major roadway system at an acceptable Level of Service.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATIONS: Recommendation to approve Change Order No. 2 under Agreement No. 23-8099 to add sixty (60) additional days for the Veterans Memorial Blvd. Phase 1 – Noise Barrier Wall Project, and authorize the Chairman to sign the attached change order. (Project No. 60198).

Provide responses after each question in box below (Responses should be brief and specific). Attach additional information and/or documentation from the Design Professional and/or Contractor, if needed, with your submission of this Change Order and complete summary on next page. **Check all that apply to this Change Order request:** ☑ **Add Time;** ☐ **Add funds;** ☐ **Use of Allowance;** ☐ **Modify/Delete existing Task(s);** ☐ **Add new Task(s);** ☐ **Reallocate funds;** ☐ **Other** (must be explained in detail below)

1.) This change will add an additional sixty (60) days to the contract due to unforseen underground field conditions. The additional days being added to the contract is to account for unforeseen utility conflicts in the field. These underground utility lines could not be accurately verified during the design phase and due to the tight constraints in this area with right-of-way space, they require rerouting the wall slightly & relocating county owned fiber-optic lines. All of which has adversely affected the controlling items of work.

2.) A stop work order was issued on 10/07/2024 with thirty-one (31) days until final completion.

3.) The addition of sixty (60) days to the contract is to account for utility conflicts in the field and could not be accurately verified in the plans because they were underground and unforseen.

4.) If the additional time is not granted, the noise wall will not meet the designed length & will be less effective isolating the community from noise and not meet its intended purpose.

Hi Jamie

Are you referring to last month's invoice that needs to be updated?

I attached the revised proposal for review. As far as time goes, we are going to need 60 days as soon as the directive is issued . The initial 15 days will be for equipment and crew mobilization.

Also, a couple reminders:

1. The wall alignment will not follow the original design. We will try to follow what has been discussed in the RFI (wall will end up being in front of the utility pole and guy wires.)
2. Due to the uncertainty of the data cable, force main, and water main locations, we can't guarantee the remaining 80 to100 feet of wall can be completed. This proposal only covers data cable relocation.
3. There is a possibility that the top of wall for the remaining 80 feet or so will be a foot or so lower than the current top of wall elevation due to existing ground slope.

Any questions, please let us know.

Thanks

Jason Tomassetti, P.E.

Also where are we at on the time assessment & updated Invoice?

Thanks.

CONSTRUCTION AGREEMENT

THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, ("Owner") hereby contracts with **COASTAL CONCRETE PRODUCTS, LLC** ("Contractor") of 7742 Alico Rd, Fort Myers FL 33912, a Florida limited liability company, authorized to do business in the State of Florida, to perform all work ("Work") in connection with **"VETERANS MEMORIAL BLVD - PHASE I PROPOSED NOISE BARRIER WALL,"** Invitation to Bid No. **23-8099** ("Project"), as said Work is set forth in the Plans and Specifications prepared by **Mark McCleary, PE**, the Engineer and/or Architect of Record ("Design Professional") and other Contract Documents hereafter specified.

Owner and Contractor, for the consideration herein set forth, agree as follows:

Section 1. Contract Documents.

A. The Contract Documents consist of this Agreement, the Exhibits described in Section 6 hereof, the Legal Advertisement, the Bidding Documents and any duly executed and issued addenda, Change Orders, Work Directive Changes, Field Orders and amendments relating thereto. All of the foregoing Contract Documents are incorporated by reference and made a part of this Agreement (all of said documents including the Agreement sometimes being referred to herein as the "Contract Documents" and sometimes as the "Agreement" and sometimes as the "Contract"). A copy of the Contract Documents shall be maintained by Contractor at the Project site at all times during the performance of the Work.

B. Owner shall furnish to the Contractor one reproducible set of the Contract Documents and the appropriate number of sets of the Construction Documents, signed and sealed by the Design Professional, as are reasonably necessary for permitting.

Section 2. Scope of Work.

Contractor agrees to furnish and pay for all management, supervision, financing, labor, materials, tools, fuel, supplies, utilities, equipment and services of every kind and type necessary to diligently, timely, and fully perform and complete in a good and workmanlike manner the Work required by the Contract Documents.

Section 3. Contract Amount.

In consideration of the faithful performance by Contractor of the covenants in this Agreement to the full satisfaction and acceptance of Owner, Owner agrees to pay, or cause to be paid, to Contractor the following amount (herein "Contract Amount"), in accordance with the terms of this Agreement: **One Million Nine Hundred Forty-One Thousand Nine Hundred Ninety-Three Dollars and Seventy-Five Cents ($1,941,993.75)**.

Section 4. Bonds.

A. If applicable, the Contractor shall provide Performance and Payment Bonds, in the form prescribed in Exhibit B-1 and B-2, in the amount of 100% of the Contract Amount, the costs of which are to be paid by Contractor. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to Owner; provided, however, the surety shall meet the requirements of the Department of the Treasury Fiscal Service, "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsurance Companies" circular. This circular may be accessed via the web at www.fms.treas.gov/c570/c570.html#certified. Should the Contract Amount be less

than $500,000, the requirements of Section 287.0935, F.S. shall govern the rating and classification of the surety.

B. If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business is terminated in the State of Florida, or it ceases to meet the requirements imposed by the Contract Documents, the Contractor shall, within five (5) calendar days thereafter, substitute at its cost and expense another bond and surety, both of which shall be subject to the Owner's approval.

Section 5. Contract Time and Liquidated Damages.

A. Time of Performance.
Time is of the essence in the performance of the Work under this Agreement. The "Commencement Date" shall be established in the written Notice to Proceed to be issued by the Project Manager, as hereinafter defined. Contractor shall commence the Work within five (5) calendar days from the Commencement Date. No Work shall be performed at the Project site prior to the Commencement Date. Any Work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor. Contractor shall achieve Substantial Completion within **one hundred twenty (120)** calendar days from the Commencement Date (herein "Contract Time"). The date of Substantial Completion of the Work (or designated portions thereof) is the date certified by the Design Professional when construction is sufficiently complete, in accordance with the Contract Documents, so Owner can occupy or utilize the Work (or designated portions thereof) for the use for which it is intended. Contractor shall achieve Final Completion within **thirty (30)** calendar days after the date of Substantial Completion. Final Completion shall occur when the Agreement is completed in its entirety, is accepted by the Owner as complete and is so stated by the Owner as completed. As used herein and throughout the Contract Documents, the phrase "Project Manager" refers to the Owner's duly authorized representative and shall mean the Department Administrator or Division Director, as applicable, acting directly or through duly authorized representatives.

B. Liquidated Damages in General.
Owner and Contractor recognize that, since time is of the essence for this Agreement, Owner will suffer financial loss if Contractor fails to achieve Substantial Completion within the time specified above, as said time may be adjusted as provided for herein. In such event, the total amount of Owner's damages, will be difficult, if not impossible, to definitely ascertain and quantify. Should Contractor fail to achieve Substantial Completion within the number of calendar days established herein, Owner shall be entitled to assess, as liquidated damages, but not as a penalty, **One Thousand Six Hundred Ninety-Four Dollars ($1,694)** for each calendar day thereafter until Substantial Completion is achieved. Further, in the event Substantial Completion is reached, but the Contractor fails to reach Final Completion within the required time period, Owner shall also be entitled to assess, and Contractor shall be liable for all actual damages incurred by Owner as a result of Contractor failing to timely achieve Final Completion. The Project shall be deemed to be substantially completed on the date the Project Manager (or at his/her direction, the Design Professional) issues a Certificate of Substantial Completion pursuant to the terms hereof. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the Owner's actual damages at the time of contracting if Contractor fails to Substantially or Finally Complete the Work within the required time periods.

C. Computation of Time Periods.
When any period of time is referenced by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday

or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

D. Determination of Number of Days of Default.
For all contracts, regardless of whether the Contract Time is stipulated in calendar days or working days, the Owner will count default days in calendar days.

E. Right of Collection.
The Owner has the right to apply any amounts due Contractor under this Agreement or any other agreement between Owner and Contractor, as payment on such liquidated damages due under this Agreement in Owner's sole discretion. Notwithstanding anything herein to the contrary, Owner retains its right to liquidated damages due under this Agreement even if Contractor, at Owner's election and in its sole discretion, is allowed to continue and to finish the Work, or any part of it, after the expiration of the Contract Time including granted time extensions.

F. Completion of Work by Owner.
In the event Contractor defaults on any of its obligations under the Agreement and Owner elects to complete the Work, in whole or in part, through another contractor or its own forces, the Contractor and its surety shall continue to be liable for the liquidated damages under the Agreement until Owner achieves Substantial and Final Completion of the Work. Owner will not charge liquidated damages for any delay in achieving Substantial or Final Completion as a result of any unreasonable action or delay on the part of the Owner.

G. Final Acceptance by Owner.
The Owner shall consider the Agreement complete when the Contractor has completed in its entirety all of the Work and the Owner has accepted all of the Work and notified the Contractor in writing that the Work is complete. Once the Owner has approved and accepted the Work, Contractor shall be entitled to final payment in accordance with the terms of the Contract Documents.

H. Recovery of Damages Suffered by Third Parties.
Contractor shall be liable to Owner to the extent Owner incurs damages from a third party as a result of Contractor's failure to fulfill all of its obligations under the Contract Documents. Owner's recovery of any delay related damages under this Agreement through the liquidated damages does not preclude Owner from recovering from Contractor any other non-delay related damages that may be owed to it arising out of or relating to this Agreement.

Section 6. Exhibits Incorporated.

Email: Bee.Thao@CollierCountyFL.Gov

B. All notices required or made pursuant to this Agreement by Owner to Contractor shall be made in writing and shall be deemed duly served if delivered by U.S. Mail, E-mail or Facsimile, addressed to the following:

COASTAL CONCRETE PRODUCTS, LLC
7742 Alico Road
Fort Myers, FL 33912
Attn: David Torres, Manager
Secondary Contact: Martiza Aguiar
Phone: (904) 762-4454 / (239) 404-8705
Email: David@torrescompanies.com / maguiar@coastalconcreteproducts.com

C. Either party may change its above noted address by giving written notice to the other party in accordance with the requirements of this Section.

Section 8. PUBLIC ENTITY CRIMES.

8.1 By its execution of this Contract, Construction Contractor acknowledges that it has been informed by Owner of the terms of Section 287.133(2)(a) of the Florida Statutes which read as follows:

> "A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity in excess of the threshold amount provided in s. 287.017 for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list."

Section 9. Modification.

No modification or change to the Agreement shall be valid or binding upon the parties unless in writing and executed by the party or parties intended to be bound by it.

Section 10. Successors and Assigns.

Subject to other provisions hereof, the Agreement shall be binding upon and shall inure to the benefit of the successors and assigns of the parties to the Agreement.

Section 11. Governing Law.

The Agreement shall be interpreted under and its performance governed by the laws of the State of Florida.

Section 12. No Waiver.

The failure of the Owner to enforce at any time or for any period of time any one or more of the provisions of the Agreement shall not be construed to be and shall not be a waiver of any such provision or provisions or of its right thereafter to enforce each and every such provision.

Section 13. Entire Agreement.

Each of the parties hereto agrees and represents that the Agreement comprises the full and entire agreement between the parties affecting the Work contemplated, and no other agreement or understanding of any nature concerning the same has been entered into or will be recognized, and that all negotiations, acts, work performed, or payments made prior to the execution hereof shall be deemed merged in, integrated and superseded by the Agreement.

Section 14. Severability.

Should any provision of the Agreement be determined by a court to be unenforceable, such a determination shall not affect the validity or enforceability of any other section or part thereof.

Section 15. Change Order Authorization.

The Project Manager shall have the authority on behalf of the Owner to execute all Change Orders and Work Directive Changes to the Agreement to the extent provided for under the Owner's procurement ordinance and policies and accompanying administrative procedures.

Section 16. Construction.

Any doubtful or ambiguous language contained in this Agreement shall not be construed against the party who physically prepared this Agreement. The rule sometimes referred to as "fortius contra proferentum" (pursuant to which ambiguities in a contractual term which appears on its face to have been inserted for the benefit of one of the parties shall be construed against the benefited party) shall not be applied to the construction of this Agreement.

Section 17. Order of Precedence

In the event of any conflict between or among the terms of any of the Contract Documents, the terms of the Construction Agreement and the General Terms and Conditions shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Construction Agreement and the General Terms and Conditions. To the extent any conflict in the terms of the Contract Documents including the Owner's Board approved Executive Summary cannot be resolved by application of the Supplemental Conditions, if any, or the Construction Agreement and the General Terms and Conditions, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at Owner's discretion.

Addendum #5

Date: April 4, 2023

From: Juan Delgado, Procurement Strategist

To: Interested Bidders

Subject: Addendum #5
Solicitation# 23-8099 Veterans Memorial Blvd Phase I - Proposed Noise Barrier Wall

The following clarifications are issued as an addendum:

This Addendum has been issued for the following items identifying clarifications, changes, deletions, and/or additions to the scope of work and/or the solicitation documents for the above referenced solicitation:

The following clarifications are being made in response to questions posted on the County's bidding platform, and are hereby incorporated into the bid:

Question 1

Can additional detail be provided with regards to existing utilities in conflict with the wall. Roadway plans show Collier County Traffic Operations as well as a buried fiber optic and other lines in near vicinity of wall linework. Keep in mind wall footers will be much wider than wall line shown. Any asbuilts showing the depth of those existing utilities would be helpful. If deep, they may be below foundation depths.

Answer

Known utilities are as shown in the reference plans and the proposed noise barrier wall plans. The Veterans Memorial Blvd - Phase I as-builts for this segment of the project is being assembled. Once completed, if it's still within the advertising time frame, the County will provide it to the potential proposers in a separate addendum. Please be advised that the contractor is responsible to verify all existing utilities prior to the commencement of work per the solicitation package.

Question 2

Also related to existing utilities, has the County considered relocating the wall closer to the sidewalk to avoid such conflicts.

Answer

To minimize utility conflicts, the proposed noise barrier wall alignment was incorporated into the design process of the Design-Build Veterans Memorial Blvd Phase I project. Any other location will increase the potential for utility conflicts. The proximity to the underground utilities was considered with the siting of the wall; however, the contractor is responsible for verifying all utilities prior to the commencement of work per the solicitation package.

CAO

Gate @ Secoya wall connection, Secoya has requested that it is maintained.

Question 4

Wall plans call for a single 14' panel. Would panel combinations (8' and 6') be considered

Answer

The contractor shall achieve an overall height of 14 ft. The aesthetic of the wall and future maintenance is vital to the County, and the contractor shall provide a finished product given these considerations. The plans are conceptual and means and methods are at the contractor's discretion.

Question 11

The plans show an 8-foot-high chain link fence that is about 40 feet long that connects the proposed new wall for Imperial with the existing Secoya Reserve wall. Did the County consider extending the noise wall so that it ties in directly to the Secoya Reserve wall? If the County is not going to extend the new wall to tie into the wall at Secoya Reserve, is it possible for the County to specify a gate for access because a gate exists there now that is used for maintenance? Also, if a fence is going to be installed is it possible to have plastic slats installed in between the chain links to provide visual privacy for Secoya and Imperial?

Answer

No. The wall is to stay within the roadway Right-of-Way, staying parallel to the roadway. All tie-ins at the west and East end of the project limits will be chain-linked fences, matching the existing tie-in method.

The East end has a few conflicting utilities; therefore, a gate was not provided. However, two new gates will be required at the middle of the wall, a single gate at the stagger in the wall, and a double gate entrance at the West end. This allows the Maintenance crews to access the wall for maintenance purposes via the two gates.

The plans do not call for plastic slats. None are planned at this time.

Question 12

Is the easement to the south of the fence available to use as the area to construct from?

Answer

Means and methods are up to the contractor. In accordance with the Terms and Conditions of the Solicitation Package, please be advised that any disturbed areas outside of the plans' limits will be restored to their pre-construction conditions prior to closing out the project.

If you require additional information, please post a question on our Bid Sync (www.bidsync.com) bidding platform under the solicitation for this project.

Please sign below and return a copy of this Addendum with your submittal for the above referenced solicitation.

State of Florida Certificate of Authority Document Number L10000107847

Federal Tax Identification Number 27-3688614

DUNS # _____ CCR# _____ Cage Code _____

To: BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA
(hereinafter called the Owner)

The undersigned, as Bidder declares that the only person or parties interested in this Bid as principals are those named herein, that this Bid is submitted without collusion with any other person, firm or corporation; that it has carefully examined the location of the proposed Work, the proposed form of Agreement and all other Contract Documents and Bonds, and the Contract Drawings and Specifications.

Bidder proposes, and agrees if this Bid is accepted, Bidder will execute the Agreement included in the Bidding Documents, to provide all necessary machinery, tools, apparatus and other means of construction, including utility and transportation services necessary to do all the Work, and furnish all the materials and equipment specified or referred to in the Contract Documents in the manner and time herein prescribed and according to the requirements of the Owner as therein set forth, furnish the Contractor's Bonds and Insurance specified in the General Conditions of the Contract, and to do all other things required of the Contractor by the Contract Documents, and that it will take full payment the sums set forth in the following Bid Schedule:

Unit prices shall be provided in no more than two decimal points, and in the case where further decimal points are inadvertently provided, rounding to two decimal points will be conducted by Procurement Services Division staff.

Upon notification that its Bid has been awarded, the Successful Bidder will execute the Agreement form attached to the Bidding Documents within ten (10) calendar days and deliver the Surety Bond or Bonds and Insurance Certificates as required by the Contract Documents. The bid security attached is to become the property of the Owner in the event the Agreement, Insurance Certificates, and Bonds are not executed and delivered to the Owner within the time above set forth, as liquidated damages, for the delay and additional expense to the Owner, it is being recognized that, since time is of the essence, Owner will suffer financial loss if the Successful Bidder fails to execute and deliver to Owner the required Agreement, Insurance Certificates and Bonds within the required time period. In the event of such failure, the total amount of the Owner's damages will be difficult, if not impossible, to definitely ascertain, and quantify. It is hereby agreed that it is appropriate and fair that the Owner receive liquidated damages from the Successful Bidder in the event it fails to execute and deliver the Agreement, Insurance Certificates, and Bonds as required hereunder. The Successful Bidder hereby expressly waives and relinquishes any right which it may have to seek to characterize

the above-noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the Owner's actual damages at the time of bidding if the Successful Bidder fails to execute and deliver the Agreement, Insurance Certificates, and Bonds in a timely manner.

Upon receipt of the signed and approved agreement and Purchase Order, the undersigned proposes to commence work at the site within five (5) calendar days from the commencement date stipulated in the written Notice to Proceed unless the Project Manager, in writing, subsequently notifies the Contractor of a modified (later) commencement date. The undersigned further agrees to substantially complete all work covered by this Bid within **one hundred and twenty (120)** consecutive calendar days, computed by excluding the commencement date and including the last day of such period, and to be fully completed to the point of final acceptance by the Owner within **thirty (30)** consecutive calendar days after Substantial Completion, computed by excluding commencement date and including the last day of such period.

Acceptance and acknowledged by an Authorized Agent

CITIZENS INSURANCE COMPANY OF AMERICA

POWER OF ATTORNEY

THIS Power of Attorney limits the acts of those named herein, and they have no authority to bind the Company except in the manner and to the extent herein stated.

KNOW ALL PERSONS BY THESE PRESENTS:

That THE HANOVER INSURANCE COMPANY and MASSACHUSETTS BAY INSURANCE COMPANY, both being corporations organized and existing under the laws of the State of New Hampshire, and CITIZENS INSURANCE COMPANY OF AMERICA, a corporation organized and existing under the laws of the State of Michigan, (hereinafter individually and collectively the "Company") does hereby constitute and appoint,

Warren M. Alter and/or David T. Satine

Of **Alter Surety Group Inc. of Miami Lakes, FL** each individually, if there be more than one named, as its true and lawful attorney(s)-in-fact to sign, execute, seal, acknowledge and deliver for, and on its behalf, and as its act and deed any place within the United States, any and all surety bonds, recognizances, undertakings, or other surety obligations. The execution of such surety bonds, recognizances, undertakings or surety obligations, in pursuance of these presents, shall be as binding upon the Company as if they had been duly signed by the president and attested by the secretary of the Company, in their own proper persons. Provided however, that this power of attorney limits the acts of those named herein, and they have no authority to bind the Company except in the manner stated and to the extent of any limitation stated below:

Any such obligations in the United States, not to exceed Twenty Million and No/100 ($20,000,000) in any single instance

That this power is made and executed pursuant to the authority of the following Resolutions passed by the Board of Directors of said Company, and said Resolutions remain in full force and effect:

RESOLVED: That the President or any Vice President, in conjunction with any Vice President, be and they hereby are authorized and empowered to appoint Attorneys-in-fact of the Company, in its name and as it acts, to execute and acknowledge for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, waivers of citation and all other writings obligatory in the nature thereof, with power to attach thereto the seal of the Company. Any such writings so executed by such Attorneys-in-fact shall be binding upon the Company as if they had been duly executed and acknowledged by the regularly elected officers of the Company in their own proper persons.

RESOLVED: That any and all Powers of Attorney and Certified Copies of such Powers of Attorney and certification in respect thereto, granted and executed by the President or Vice President in conjunction with any Vice President of the Company, shall be binding on the Company to the same extent as if all signatures therein were manually affixed, even though one or more of any such signatures thereon may be facsimile. (Adopted October 7, 1981 – The Hanover Insurance Company; Adopted April 14, 1982 – Massachusetts Bay Insurance Company; Adopted September 7, 2001 – Citizens Insurance Company of America and affirmed by each Company on March 24, 2014)

IN WITNESS WHEREOF, THE HANOVER INSURANCE COMPANY, MASSACHUSETTS BAY INSURANCE COMPANY and CITIZENS INSURANCE COMPANY OF AMERICA have caused these presents to be sealed with their respective corporate seals, duly attested by two Vice Presidents, this 2nd day of **March, 2022**.

THE HANOVER INSURANCE COMPANY
MASSACHUSETTS BAY INSURANCE COMPANY
CITIZENS INSURANCE COMPANY OF AMERICA

Bryan J. Salvatore, Executive Vice President

THE HANOVER INSURANCE COMPANY
MASSACHUSETTS BAY INSURANCE COMPANY
CITIZENS INSURANCE COMPANY OF AMERICA

James H. Kawiecki, Vice President

THE COMMONWEALTH OF MASSACHUSETTS)
COUNTY OF WORCESTER) ss.

On this 2nd day of **March, 2022** before me came the above named Executive Vice President and Vice President of The Hanover Insurance Company, Massachusetts Bay Insurance Company and Citizens Insurance Company of America, to me personally known to be the individuals and officers described herein, and acknowledged that the seals affixed to the preceding instrument are the corporate seals of The Hanover Insurance Company, Massachusetts Bay Insurance Company and Citizens Insurance Company of America, respectively, and that the said corporate seals and their signatures as officers were duly affixed and subscribed to said instrument by the authority and direction of said Corporations.

ARLEEN V. SIMONS

Arleen V. Simons, Notary Public
My Commission Expires June 15, 2023

I, the undersigned Vice President of The Hanover Insurance Company, Massachusetts Bay Insurance Company and Citizens Insurance Company of America, hereby certify that the above and foregoing is a full, true and correct copy of the Original Power of Attorney issued by said Companies, and do hereby further certify that the said Powers of Attorney are still in force and effect.

GIVEN under my hand and the seals of said Companies, at Worcester, Massachusetts, this 17th day of March 2023.

CERTIFIED COPY

THE HANOVER INSURANCE COMPANY
MASSACHUSETTS BAY INSURANCE COMPANY
CITIZENS INSURANCE COMPANY OF AMERICA

John A. Roweddar, Vice President

CAO

FORM 8 - INSURANCE AND BONDING REQUIREMENTS

The Vendor shall at its own expense, carry and maintain insurance coverage from responsible companies duly authorized to do business in the State of Florida as set forth in FORM 8 of this solicitation. The Vendor shall procure and maintain property insurance upon the entire project, if required, to the full insurable value of the scope of work.

The County and the Vendor waive against each other and the County's separate Vendors, Contractors, Design Consultant, Subcontractors, agents, and employees of each and all of them, all damages covered by property insurance provided herein, except such rights as they may have to the proceeds of such insurance. The Vendor and County shall, where appropriate, require similar waivers of subrogation from the County's separate Vendors, Design Consultants, and Subcontractors and shall require each of them to include similar waivers in their contracts.

Collier County shall be responsible for purchasing and maintaining its own liability insurance.

Certificates issued as a result of the award of this solicitation must identify "For any and all work performed on behalf of Collier County", or the specific solicitation number and title.

The General Liability Policy provided by Vendor to meet the requirements of this solicitation shall name Collier County, Florida, as an additional insured as to the operations of Vendor under this solicitation and shall contain a severability of interests provisions.

The Certificate Holder shall be named as Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR Collier County Government, OR Collier County. The Certificates of Insurance must state the Contract Number, or Project Number, or specific Project description, or must read: For any and all work performed on behalf of Collier County.

The amounts and types of insurance coverage shall conform to the minimum requirements set forth in FORM 8 with the use of Insurance Services Office (ISO) forms and endorsements or their equivalents. If Vendor has any self-insured retentions or deductibles under any of the below listed minimum required coverage, Vendor must identify on the Certificate of Insurance the nature and amount of such self- insured retentions or deductibles and provide satisfactory evidence of financial responsibility for such obligations. All self-insured retentions or deductibles will be Vendor's sole responsibility.

Coverage(s) shall be maintained without interruption from the date of commencement of the Work until the date of completion and acceptance of the scope of work by the County or as specified in this solicitation, whichever is longer.

The Vendor and/or its insurance carrier shall provide thirty (30) days written notice to the County of policy cancellation or non-renewal on the part of the insurance carrier or the Vendor. The Vendor shall also notify the County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by the Vendor from its insurer, and nothing contained herein shall relieve Vendor of this requirement to provide notice. In the event of a reduction in the aggregate limit of any policy to be provided by Vendor hereunder, Vendor shall immediately take steps to have the aggregate limit reinstated to the full extent permitted under such policy.

Should at any time the Vendor not maintain the insurance coverage(s) required herein, the County may terminate the Agreement or at its sole discretion shall be authorized to purchase such coverage(s) and charge the Vendor for such coverage(s) purchased. If Vendor fails to reimburse the County for such costs within thirty (30) days after demand, the County has the right to offset these costs from any amount due Vendor under this Agreement or any other agreement between the County and Vendor. The County shall be under no obligation to purchase such insurance, nor shall it be responsible for the coverage(s) purchased or the insurance company or companies used. The decision of the County to purchase such insurance coverage(s) shall in no way be construed to be a waiver of any of its rights under the Contract Documents.

If the initial or any subsequently issued Certificate of Insurance expires prior to the completion of the scope of work, the Vendor shall furnish to the County renewal or replacement Certificate(s) of Insurance not later than ten (10) calendar days after the expiration date on the certificate. Failure of the Vendor to provide the County with such renewal certificate(s) shall be considered justification for the County to terminate any and all contracts.

Collier County
Procurement Services Division

FORM 9 – CONFLICT OF INTEREST AFFIDAVIT

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose an organizational conflict as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition to this signed affidavit, the contractor/vendor must provide the following:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s), and/or other means.

Failure to disclose all material or having an organizational conflict in one or more of the three categories above be identified may result in disqualification for future solicitations affiliated with the above-referenced project(s).

By the signature below, the firm (employees, officers, and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

FORM 10 – VENDOR DECLARATION STATEMENT

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and this proposal is in every respect fair and made in good faith, without collusion or fraud. The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted, to execute a Collier County document for the purpose of establishing a formal contractual relationship between the firm and Collier County, for the performance of all requirements to which the solicitation pertains. The Vendor states that the submitted is based upon the documents listed by the above-referenced Solicitation. **Further, the vendor agrees that if awarded a contract for these goods and/or services, the vendor will not be eligible to compete, submit a proposal, be awarded, or perform as a sub-vendor for any future associated with work that is a result of this awarded contract.**

IN WITNESS WHEREOF, WE have hereunto subscribed our names on this 23rd day of March, 2023 in the County of Lee, in the State of Florida.

FORM 11- IMMIGRATION AFFIDAVIT CERTIFICATION

This Affidavit is required and should be signed, notarized by an authorized principal of the firm, and submitted with formal solicitation submittals. Further, Vendors are required to be enrolled in the E-Verify program, and provide acceptable evidence of their enrollment, at the time of the submission of the Vendor's bid. Acceptable evidence consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company which will be produced at the time of the submission of the Vendor's bid or within five (5) day of the County's Notice of Recommend Award.

FAILURE TO EXECUTE THIS AFFIDAVIT CERTIFICATION AND SUBMIT WITH VENDOR'S PROPOSAL/BID MAY DEEM THE VENDOR NON-RESPONSIVE.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s)) that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

FORM 12 - BIDDERS CHECKLIST

IMPORTANT: No bid shall be considered unless it is made on unaltered Bid forms which are included in the Bidding Documents. Please read carefully, sign in the spaces indicated, and return with your Bid. FAILURE TO PROVIDE THE BID DOCUMENTS MAY BE GROUNDS TO DEEM YOU NON-RESPONSIVE/NON-RESPONSIBLE.

Bidder should check off each of the following items as the necessary action is completed:

1. The Bid has been signed.
2. The Bid prices offered have been reviewed.
3. The price extensions and totals have been checked.
4. Bid Schedule has been completed and attached.
5. Any required drawings, descriptive literature, etc. have been included.
6. Any delivery information required is included.
7. The following online standard documents have been reviewed and accepted in BidSync:
    a. Construction bid instructions form
    b. Construction services agreement
    c. Purchase order terms and conditions
8. All of the following bid forms have been completed and signed:
    a. Bid Form (Form 1)
    b. Contractors Key Personnel (Form 2)
    c. Material Manufacturers (Form 3)
    d. List of Major Subcontractors (Form 4)
    e. Statement of Experience (Form 5)
    f. Trench Safety Act (Form 6)
    g. Bid Bond Form (Form 7)
    h. Insurance and Bonding Requirements (Form 8)
    i. Conflict of Interest Affidavit (Form 9)
    j. Vendor Declaration Statement (Form 10)
    k. Immigration Law Affidavit Certification (Form 11) MUST be signed and attached with your submittal.
    l. Signed Grant Provisions and Assurances package in its entirety, if applicable, are executed and should be included with your submittal.
9. Copies of the required information have been attached
    a. Business Tax Receipt (Collier County Businesses Only)
    b. Company's E-Verify profile page or memorandum of understanding
    c. Certificate of Authority to Conduct Business in the State of Florida (sunbiz.org)
    d. Copy of valid and current Florida General Contractor's License
    e. Any other required professional licenses – valid and current (myfloridalicense.com) (i.e.: Underground Utility, and Excavation, Builders, Trade Contractors, etc., as applicable, requested, and/or required.)
    f. Vendor W-9 Form
10. If required, the amount of the Bid bond has been checked, and the Bid bond or cashier's check has been submitted.
11. Any addenda have been signed and the acknowledgment form attached and included.
12. The Bid will be uploaded in time to be received no later than the specified opening date and time, otherwise, the Bid cannot be considered.

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
7742 Alico Road

Requester's name and address (optional)

6 City, state, and ZIP code
Fort Myers, FL 33912

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
			–			–				

or

Employer identification number
2	7	–	3	6	8	8	6	1	4

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ [signature] Date ▶ 1/3/2023

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Re: Veterans Memorial Blvd – Phase I Proposed Noise Wall. Bid No. 23-8099

To Whom It May Concern,

This letter is submitted to accompany our bid for the above referenced project to provide additional clarification as to the proposed product that we intend to use for this application. Coastal Concrete Products, LLC has been in the perimeter wall business since its inception and its predecessor firm had been in the same industry since 1988. We are an authorized manufacturer for AFTEC Stonetree Walls which is the proposed application to be used for this project. Enclosed with this letter, we include some preliminary engineering that should provide some understanding of the system proposed. It must be noted that this concrete wall system is a proprietary system and is not consistent with the details shown in Index 534 of the FDOT index set and specifications. However, the system has been used extensively throughout the State of Florida and the entire country. Our firm has installed these walls for many municipalities including the City of Marco Island, City of Miramar, City of Hollywood. These walls are found throughout Collier County and have been included in County projects including Clam Pass Park. They are found on the north side of Veteran's Memorial Blvd along the Mediterra frontage and are found in several projects along Livingston Rd near Veteran's Memorial Blvd including Talis Park, Enclave of Distinction, Royal Palm Academy, etc. We installed the Mediterra frontage along with the roadway work commissioned by the County for Quality Enterprises working for the Mediterra homeowner's association.

Please review two attached pictures of applications that could be achieved for this wall. There are several options which can be discussed further if there is desire to proceed with our firm.

We thank you for the opportunity to bid this project. Please feel free to reach out if you have any questions regarding this letter on my cell at 904-762-4454 or via email at david@torrescompanies.com.

Sincerely,

David E. Torres

EXHIBIT B-1: PUBLIC PAYMENT BOND
CITB# 23-8099

Bond No. 1102939
Contract No. 23-8099

KNOW ALL MEN BY THESE PRESENTS: That Coastal Concrete Products, LLC, as Principal, and The Hanover Insurance Company, as Surety, located at 440 Lincoln Street, Worcester, MA 01653-0002 (Business Address) are held and firmly bound to Board of County Commissioners Collier County , Florida as Obligee in the sum of One Million Nine Hundred Forty One Thousand Nine Hundred Ninety Three and 75/100 ($1,941,993.75) for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally.

WHEREAS, Principal has entered into a contract dated as of the 22 day of August 2023, with Obligee for Veterans Memorial Blvd - Phase I Proposed Noise Barrier Wall, Bid No. 23-8099 in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof, and is referred to herein as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

Promptly makes payment to all claimants as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the Contract, then this bond is void; otherwise, it remains in full force.

Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect Sureties obligation under this Bond.

The provisions of this bond are subject to the time limitations of Section 255.05(2). In no event will the Surety be liable in the aggregate to claimants for more than the penal sum of this Payment Bond, regardless of the number of suits that may be filed by claimants.

IN WITNESS WHEREOF, the above parties have executed this instrument this 22nd day of June 2023, the name of each party being affixed, and these presents duly signed by its under-signed representative, pursuant to authority of its governing body.

The provisions and limitation of section 255.05 Florida Statutes, including but not limited to the notice and time limitations in sections 255.05(2) and 255.05(10), are incorporated in this bond by reference.

EXHIBIT B-2: PUBLIC PERFORMANCE BOND
CITB# 23-8099

Bond No. 1102939
Contract No. 23-8099

KNOW ALL MEN BY THESE PRESENTS: That Coastal Concrete Products, LLC, as Principal, and The Hanover Insurance Company, as Surety, located at 444 Lincoln Street, Worcester, MA 01653-0002 (Business Address) are held and firmly bound to Board of County Commissioners Collier County , Florida, as Obligee in the sum of One Million Nine Hundred Forty One Thousand Nine Hundred Ninety Three and 75/100 ($ 1,941,993.75) for the payment whereof we bond ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally.

WHEREAS, Principal has entered into a contract dated as of the 22 day of August, 2023, with Obligee for Veterans Memorial Blvd - Phase I Proposed Noise Barrier Wall, Bid No. 23-8099 in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof, and is referred to herein as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and

2. Pays Obligee any and all losses, damages, costs and attorneys' fees that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee; and

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract, then this bond is void; otherwise, it remains in full force. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect Sureties obligation under this Bond.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in anywise affect its obligations under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond. It is expressly understood that the time provisions and statute of limitations under Section 255.05, Florida Statutes, shall not apply to this bond.

In no event will the Surety be liable in the aggregate to Obligee for more than the penal sum of this Performance Bond regardless of the number of suits that may be filed by Obligee.

IN WITNESS WHEREOF, the above parties have executed this instrument this 22nd day of June, 2023, the name of each party being affixed, and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

THE HANOVER INSURANCE COMPANY
MASSACHUSETTS BAY INSURANCE COMPANY
CITIZENS INSURANCE COMPANY OF AMERICA

POWER OF ATTORNEY

THIS Power of Attorney limits the acts of those named herein, and they have no authority to bind the Company except in the manner and to the extent herein stated.

KNOW ALL PERSONS BY THESE PRESENTS:

That THE HANOVER INSURANCE COMPANY and MASSACHUSETTS BAY INSURANCE COMPANY, both being corporations organized and existing under the laws of the State of New Hampshire, and CITIZENS INSURANCE COMPANY OF AMERICA, a corporation organized and existing under the laws of the State of Michigan, (hereinafter individually and collectively the "Company") does hereby constitute and appoint,

Warren M. Alter and/or David T. Satine

Of **Alter Surety Group Inc. of Miami Lakes, FL** each individually, if there be more than one named, as its true and lawful attorney(s)-in-fact to sign, execute, seal, acknowledge and deliver for, and on its behalf, and as its act and deed any place within the United States, any and all surety bonds, recognizances, undertakings, or other surety obligations. The execution of such surety bonds, recognizances, undertakings or surety obligations, in pursuance of these presents, shall be as binding upon the Company as if they had been duly signed by the president and attested by the secretary of the Company, in their own proper persons. Provided however, that this power of attorney limits the acts of those named herein; and they have no authority to bind the Company except in the manner stated and to the extent of any limitation stated below:

Any such obligations in the United States, not to exceed Twenty Million and No/100 ($20,000,000) in any single instance

That this power is made and executed pursuant to the authority of the following Resolutions passed by the Board of Directors of said Company, and said Resolutions remain in full force and effect:

RESOLVED: That the President or any Vice President, in conjunction with any Vice President, be and they hereby are authorized and empowered to appoint Attorneys-in-fact of the Company, in its name and as it acts, to execute and acknowledge for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, waivers of citation and all other writings obligatory in the nature thereof, with power to attach thereto the seal of the Company. Any such writings so executed by such Attorneys-in-fact shall be binding upon the Company as if they had been duly executed and acknowledged by the regularly elected officers of the Company in their own proper persons.

RESOLVED: That any and all Powers of Attorney and Certified Copies of such Powers of Attorney and certification in respect thereto, granted and executed by the President or Vice President in conjunction with any Vice President of the Company, shall be binding on the Company to the same extent as if all signatures therein were manually affixed, even though one or more of any such signatures thereon may be facsimile. (Adopted October 7, 1981 – The Hanover Insurance Company; Adopted April 14, 1982 – Massachusetts Bay Insurance Company; Adopted September 7, 2001 – Citizens Insurance Company of America and affirmed by each Company on March 24, 2014)

IN WITNESS WHEREOF, THE HANOVER INSURANCE COMPANY, MASSACHUSETTS BAY INSURANCE COMPANY and CITIZENS INSURANCE COMPANY OF AMERICA have caused these presents to be sealed with their respective corporate seals, duly attested by two Vice Presidents, this 2nd day of **March, 2022**.

THE HANOVER INSURANCE COMPANY
MASSACHUSETTS BAY INSURANCE COMPANY
CITIZENS INSURANCE COMPANY OF AMERICA

Bryan J. Salvatore, Executive Vice President

THE HANOVER INSURANCE COMPANY

I, the undersigned Vice President of The Hanover Insurance Company, Massachusetts Bay Insurance Company and Citizens Insurance Company of America, hereby certify that the above and foregoing is a full, true and correct copy of the Original Power of Attorney issued by said Companies, and do hereby further certify that the said Powers of Attorney are still in force and effect.

GIVEN under my hand and the seals of said Companies, at Worcester, Massachusetts, this _ __ day of _ _____ ____.

CERTIFIED COPY

THE HANOVER INSURANCE COMPANY
MASSACHUSETTS BAY INSURANCE COMPANY
CITIZENS INSURANCE COMPANY OF AMERICA

John A. Rowedder, Vice President

EXHIBIT B-3: INSURANCE REQUIREMENTS

The Contractor shall at its own expense, carry and maintain insurance coverage from responsible companies duly authorized to do business in the State of Florida as set forth in EXHIBIT B of this solicitation. The Contractor shall procure and maintain property insurance upon the entire project, if required, to the full insurable value of the scope of work.

The County and the Contractor waive against each other and the County's separate Contractors, Design Consultant, Subcontractors, agents and employees of each and all of them, all damages covered by property insurance provided herein, except such rights as they may have to the proceeds of such insurance. The Contractor and County shall, where appropriate, require similar waivers of subrogation from the County's separate Contractors, Design Consultants and Subcontractors and shall require each of them to include similar waivers in their contracts.

Collier County shall be responsible for purchasing and maintaining its own liability insurance.

Certificates issued as a result of the award of this solicitation must identify "For any and all work performed on behalf of Collier County", or, the specific solicitation number/contract number and title.

The General Liability Policy provided by Contractor to meet the requirements of this solicitation shall name Collier County, Florida, as an additional insured as to the operations of Contractor under this solicitation and shall contain a severability of interests provisions.

The Certificate Holder shall be named as Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR Collier County Government, OR Collier County. The Certificates of Insurance must state the Contract Number, or Project Number, or specific Project description, or must read: For any and all work performed on behalf of Collier County.

The amounts and types of insurance coverage shall conform to the minimum requirements set forth in EXHIBIT B with the use of Insurance Services Office (ISO) forms and endorsements or their equivalents. If Contractor has any self-insured retentions or deductibles under any of the below listed minimum required coverage, Contractor must identify on the Certificate of Insurance the nature and amount of such self- insured retentions or deductibles and provide satisfactory evidence of financial responsibility for such obligations. All self-insured retentions or deductibles will be Contractor's sole responsibility.

Coverage(s) shall be maintained without interruption from the date of commencement of the Work until the date of completion and acceptance of the scope of work by the County or as specified in this solicitation, whichever is longer.

The Contractor and/or its insurance carrier shall provide thirty (30) days written notice to the County of policy cancellation or non-renewal on the part of the insurance carrier or the Contractor. The Contractor shall also notify the County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer and nothing contained herein shall relieve Contractor of this requirement to provide notice. In the event of a reduction in the aggregate limit of any policy to be provided by Contractor hereunder, Contractor shall immediately take steps to have the aggregate limit reinstated to the full extent permitted under such policy.

Should at any time the Contractor not maintain the insurance coverage(s) required herein, the County may terminate the Agreement or at its sole discretion shall be authorized to purchase such coverage(s) and charge the Contractor for such coverage(s) purchased. If Contractor fails to reimburse the County for such costs within thirty (30) days after demand, the County has the right to offset these costs from any amount due

Contractor under this Agreement or any other agreement between the County and Contractor. The County shall be under no obligation to purchase such insurance, nor shall it be responsible for the coverage(s) purchased or the insurance company or companies used. The decision of the County to purchase such insurance coverage(s) shall in no way be construed to be a waiver of any of its rights under the Contract Documents.

If the initial or any subsequently issued Certificate of Insurance expires prior to the completion of the scope of work, the Contractor shall furnish to the County renewal or replacement Certificate(s) of Insurance not later than ten (10) calendar days after the expiration date on the certificate. Failure of the Contractor to provide the County with such renewal certificate(s) shall be considered justification for the County to terminate any and all contracts.

Collier County Florida
Insurance and Bonding Requirements

Insurance / Bond Type	Required Limits
1. ☒ Worker's Compensation	Statutory Limits of Florida Statutes, Chapter 440, and all Federal Government Statutory Limits and Requirements Evidence of Workers' Compensation coverage or a Certificate of Exemption issued by the State of Florida is required. Entities that are formed as Sole Proprietorships shall not be required to provide proof of exemption. An application for exemption can be obtained online at https://apps.fldfs.com/bocexempt/
2. ☒ Employer's Liability	**$_1,000,000**____ single limit per occurrence
3. ☒ Commercial General Liability (Occurrence Form) patterned after the current ISO form	Bodily Injury and Property Damage **$_1,000,000**___single limit per occurrence, $2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit Shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.
4. ☒ Indemnification	To the maximum extent permitted by Florida law, the Contractor/Vendor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor/ Vendor or anyone employed or utilized by the Contractor/Vendor in the performance of this Agreement.
5. ☒ Automobile Liability	**$_1,000,000**___ Each Occurrence; Bodily Injury & Property Damage, Owned/Non-owned/Hired; Automobile Included
6. ☐ Other insurance as noted:	☐ ~~Watercraft~~ $_____ ~~Per Occurrence~~ ☐ ~~United States Longshoreman's and Harborworker's Act coverage shall be maintained where applicable to the completion of the work.~~ $_____ ~~Per Occurrence~~ ☐ ~~Maritime Coverage (Jones Act) shall be maintained where applicable to the completion of the work.~~ $_____ ~~Per Occurrence~~ ☐ ~~Aircraft Liability coverage shall be carried in limits of not less than $5,000,000 each occurrence if applicable to the completion of the Services under this Agreement.~~ $_____ ~~Per Occurrence~~ ☐ ~~Pollution~~ $_____ ~~Per Occurrence~~ ☐ ~~Professional Liability~~ $_____ ~~Per claim & in the aggregate~~ ☐ ~~Project Professional Liability~~ $_____ ~~Per Occurrence~~ ☐ ~~Valuable Papers Insurance~~ $_____ ~~Per Occurrence~~ ☐ ~~Cyber Liability~~ $_____ ~~Per Occurrence~~ ☐ ~~Technology Errors & Omissions~~ $_____ ~~Per Occurrence~~

CAO

7. ☒ Bid bond — Shall be submitted with proposal response in the form of certified funds, cashiers' check or an irrevocable letter of credit, a cash bond posted with the County Clerk, or proposal bond in a sum equal to 5% of the cost proposal. All checks shall be made payable to the Collier County Board of County Commissioners on a bank or trust company located in the State of Florida and insured by the Federal Deposit Insurance Corporation.

8. ☒ Performance and Payment Bonds — For projects in excess of $200,000, bonds shall be submitted with the executed contract by Proposers receiving award, and written for 100% of the Contract award amount, the cost borne by the Proposer receiving an award. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to Owner; provided, however, the surety shall be rated as "A-" or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holders' surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

9. ☒ Vendor shall ensure that all subcontractors comply with the same insurance requirements that he is required to meet. The same Vendor shall provide County with certificates of insurance meeting the required insurance provisions.

10. ☒ Collier County must be named as "**ADDITIONAL INSURED**" on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Vendor's policy shall be endorsed accordingly.

11. ☒ The Certificate Holder shall be named as Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR Collier County Government, OR Collier County. The Certificates of Insurance must state the Contract Number, or Project Number, or specific Project description, or must read: For any and all work performed on behalf of Collier County.

12. ☒ **On all certificates, the Certificate Holder must read:** Collier County Board of Commissioners, 3295 Tamiami Trail East, Naples, FL 34112

13. ☒ **Thirty (30) Days Cancellation Notice** required.

14. Collier County shall procure and maintain Builders Risk Insurance on all construction projects where it is deemed necessary. Such coverage shall be endorsed to cover the interests of Collier County as well as the Contractor. Premiums shall be billed to the project and the Contractor shall not include Builders Risk premiums in its project proposal or project billings. All questions regarding Builder's Risk Insurance will be addressed by the Collier County Risk Management Division.

GG – 2/14/2023

Vendor's Insurance Acceptance

By submission of the bid Vendor accepts and understands the insurance requirements of these specifications and that the evidence of insurability may be required within five (5) days of the award of this solicitation. The insurance submitted must provide coverage for a minimum of six (6) months from the date of the award.

EXHIBIT C: RELEASE AND AFFIDAVIT FORM

COUNTY OF (COLLIER)
STATE OF (FLORIDA)

Before me, the undersigned authority, personally appeared _____who after being duly sworn, deposes and says:

(1) In accordance with the Contract Documents and in consideration of $_____ to be received, _____ ("Contractor") releases and waives for itself and it's subcontractors, material-men, successors and assigns, all claims demands, damages, costs and expenses, whether in contract or in tort, against the Board of County Commissioners of Collier County, Florida, relating in any way to the performance of the Agreement between Contractor and Owner, dated _____,20____ for the period from _____ to _____. This partial waiver and release is conditioned upon payment of the consideration described above. It is not effective until said payment is received in paid funds.

(2) Contractor certifies for itself and its subcontractors, material-men, successors and assigns, that all charges for labor, materials, supplies, lands, licenses and other expenses for which Owner might be sued or for which a lien or a demand against any payment bond might be filed, shall be fully satisfied and paid upon Owner's payment to Contractor.

(3) Contractor agrees to indemnify, defend and save harmless Owner from all demands or suits, actions, claims of liens or other charges filed or asserted against the Owner arising out of the performance by Contractor of the Work covered by this Release and Affidavit.

(4) This Release and Affidavit is given in connection with Contractor's [monthly/final] Application for Payment No. _____.

EXHIBIT F: CERTIFICATE OF SUBSTANTIAL COMPLETION

OWNER'S Project No. _____ Design Professional's Project No. _____
PROJECT:

CONTRACTOR: _____

Contract For
Contract Date

This Certificate of Substantial Completion applies to all Work under the Contract Documents or to the following specified parts thereof:

To _____
OWNER

And
To _____

Substantial Completion is the state in the progress of the Work when the Work (or designated portion) is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use. The Work to which this Certificate applies has been inspected by authorized representatives of OWNER, CONTRACTOR AND DESIGN PROFESSIONAL, and that Work is hereby declared to be substantially complete in accordance with the requirements of the Contract Documents on:

_____
DATE OF SUBSTANTIAL COMPLETION

A tentative list of items to be completed or corrected is attached hereto. This list may not be all-inclusive, and the failure to include an item in it does not alter the responsibility of CONTRACTOR to complete all the Work in accordance with the Contract Documents. The items in the tentative list shall be completed or corrected by CONTRACTOR within _____days of the above date of Substantial Completion.

The responsibilities between OWNER and CONTRACTOR for security, operation, safety, maintenance, heat, utilities, insurance and warranties shall be as follows:

RESPONSIBILITIES:

OWNER: _____

_____

_____

CONTRACTOR _____

_____

_____

The following documents are attached to and made a part of this Certificate:

This certificate does not constitute an acceptance of Work not in accordance with the Contract Documents nor is it a release of CONTRACTOR'S obligation to complete the Work in accordance with the Contract Documents.

Executed by Design Professional on _____, 20_____

EXHIBIT H: GENERAL TERMS AND CONDITIONS

1. INTENT OF CONTRACT DOCUMENTS.

1.1 It is the intent of the Contract Documents to describe a functionally complete Project (or portion thereof) to be constructed in accordance with the Contract Documents. Any work, materials or equipment that may reasonably be inferred from the Contract Documents as being required to produce the intended result shall be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe work, materials or equipment, such words shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association or to the laws or regulations of any governmental authority having jurisdiction over the Project, whether such reference be specific or by implication, shall mean the latest standard specification, manual, code, law or regulation in effect at the time the Work is performed, except as may be otherwise specifically stated herein.

1.2 If before or during the performance of the Work Contractor discovers a conflict, error or discrepancy in the Contract Documents, Contractor immediately shall report same to the Project Manager in writing and before proceeding with the Work affected thereby shall obtain a written interpretation or clarification from the Project Manager; said interpretation or clarification from the Project Manager may require Contractor to consult directly with Design Professional or some other third party, as directed by Project Manager. Contractor shall take field measurements and verify field conditions and shall carefully compare such field measurements and conditions and other information known to Contractor with the Contract Documents before commencing any portion of the Work.

1.3 Drawings are intended to show general arrangements, design and extent of Work and are not intended to serve as shop drawings. Specifications are separated into divisions for convenience of reference only and shall not be interpreted as establishing divisions for the Work, trades, subcontracts, or extent of any part of the Work. In the event of a discrepancy between or among the drawings, specifications or other Contract Document provisions, Contractor shall be required to comply with the provision which is the more restrictive or stringent requirement upon the Contractor, as determined by the Project Manager. Unless otherwise specifically mentioned, all anchors, bolts, screws, fittings, fillers, hardware, accessories, trim and other parts required in connection with any portion of the Work to make a complete, serviceable, finished and first quality installation shall be furnished and installed as part of the Work, whether or not called for by the Contract Documents.

2. INVESTIGATION AND UTILITIES.

2.1 Subject to Section 2.3 below, Contractor shall have the sole responsibility of satisfying itself concerning the nature and location of the Work and the general and local conditions, and particularly, but without limitation, with respect to the following: those affecting transportation, access, disposal, handling and storage of materials; availability and quality of labor; water and electric power; availability and condition of roads; work area; living facilities; climatic conditions and seasons; physical conditions at the work-site and the project area as a whole; topography and ground surface conditions; nature and quantity of the surface materials to be encountered; subsurface conditions; equipment and facilities needed preliminary to and during performance of the Work; and all other costs associated with such performance. The failure of Contractor to acquaint itself with any applicable conditions shall not relieve Contractor from any of its responsibilities to perform under the Contract Documents, nor shall it be considered the basis for any claim for additional time or compensation.

2.2 Contractor shall locate all existing roadways, railways, drainage facilities and utility services above, upon, or under the Project site, said roadways, railways, drainage facilities and utilities being referred to in this Sub-Section 2.2 as the "Utilities". Contractor shall contact the owners of all Utilities to determine the necessity for relocating or temporarily interrupting any Utilities during the construction of the Project. Contractor shall schedule and coordinate its Work around any such relocation or temporary service interruption. Contractor shall be responsible for properly shoring, supporting and protecting all Utilities at all times during the course of the Work. The Contractor is responsible for coordinating all other utility work so as to not interfere with the prosecution of the Work (except those utilities to be coordinated by the Owner as may be expressly described elsewhere in the Contract Documents).

2.3 Notwithstanding anything in the Contract Documents to the contrary, if conditions are encountered at the Project site which are (i) subsurface or otherwise concealed physical conditions which differ materially from those indicated in the Contract Documents or (ii) unknown physical conditions of an unusual nature, which differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, and which reasonably should not have been discovered by Contractor as part of its scope of site investigative services required pursuant to the terms of the Contract Documents, then Contractor shall provide Owner with prompt written notice thereof before conditions are disturbed and in no event later than three (3) calendar days after first observance of such conditions. Owner and Design Professional shall promptly investigate such conditions and, if they differ materially and cause an increase or decrease in Contractor's cost of, or time required for, performance of any part of the Work, Owner will acknowledge and agree to an equitable adjustment to Contractor's compensation or time for performance, or both, for such Work. If Owner determines that the conditions at the site are not materially different from those indicated in the Contract Documents or not of an unusual nature or should have been discovered by Contractor as part of its investigative services, and that no change in the terms of the Agreement is justified, Owner shall so notify Contractor in writing, stating its reasons. Claims by Contractor in opposition to such determination by Owner must be made within seven (7) calendar days after Contractor's receipt of Owner's written determination notice. If Owner and Contractor cannot agree on an adjustment to Contractor's cost or time of performance, the dispute resolution procedure set forth in the Contract Documents shall be complied with by the parties.

3. SCHEDULE.

3.1 The Contractor, within ten (10) calendar days after receipt of the Notice of Award, shall prepare and submit to Project Manager, for their review and approval, a progress schedule for the Project (herein "Progress Schedule"). The Progress Schedule shall relate to all Work required by the Contract Documents, and shall utilize the Critical Path method of scheduling and shall provide for expeditious and practicable execution of the Work within the Contract Time. The Progress Schedule shall indicate the dates for starting and completing the various stages of the Work.

3.2 The Progress Schedule shall be updated monthly by the Contractor. All monthly updates to the Progress Schedule shall be subject to the Project Manager's review and approval. Contractor shall submit the updates to the Progress Schedule with its monthly Applications for Payment noted below. The Project Manager's review and approval of the submitted Progress Schedule updates shall be a condition precedent to the Owner's obligation to pay Contractor.

3.3 All work under this Agreement shall be performed in accordance with the requirements of all Collier County Noise Ordinances then in effect. Unless otherwise specified, work will generally be

limited to the hours of 7 a.m. to 7 p.m., Monday through Saturday. No work shall be performed outside the specified hours without the prior approval of the Project Manager.

4. PROGRESS PAYMENTS.

4.1 Prior to submitting its first monthly Application for Payment, Contractor shall submit to Project Manager, for their review and approval, a schedule of values based upon the Contract Price, listing the major elements of the Work and the dollar value for each element. After its approval by the Project Manager, this schedule of values shall be used as the basis for the Contractor's monthly Applications for Payment. This schedule shall be updated and submitted each month along with a completed copy of the Application for Payment form signed by the Contractor's authorized representative and attached to the Agreement as Exhibit D.

4.2 Prior to submitting its first monthly Application for Payment, Contractor shall provide to the Project Manager the list of its Subcontractors and materialmen submitted with its Bid showing the work and materials involved and the dollar amount of each subcontract and purchase order. Contractor acknowledges and agrees that any modifications to the list of Subcontractors submitted with Contractor's Bid and any subsequently identified Subcontractors are subject to Owner's prior written approval. The first Application for Payment shall be submitted no earlier than thirty (30) days after the Commencement Date. Notwithstanding anything herein to the contrary, if approved by Owner in its sole discretion, Contractor may submit its invoice for any required Payment and Performance Bonds prior to the first Application of Payment provided that Contractor has furnished Owner certified copies of the receipts evidencing the premium paid by Contractor for the bonds.

4.3 Unless expressly approved by Owner in advance and in writing, said approval at Owner's sole discretion, Owner is not required to make any payment for materials or equipment that have not been incorporated into the Project. If payment is requested on the basis of materials and equipment not incorporated into the Project, but delivered and suitably stored at the site or at another location, and such payment and storage have been agreed to by Owner in writing, the Application for Payment also shall be accompanied by a bill of sale, invoice or other documentation warranting that the Owner has received the materials and equipment free and clear of all liens, charges, security interests and encumbrances, together with evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect Owner's interest therein, all of which shall be subject to the Owner's satisfaction. Thereafter, with each Application for Payment, Contractor also shall complete and submit to Owner as part of its Application for Payment, the Stored Materials Record attached hereto and made a part hereof as Exhibit D.

4.4 Contractor shall submit its monthly Application for Payment to the Project Manager or his or her designee, as directed by Owner (which designee may include the Design Professional). After the date of each Application for Payment is stamped as received and within the timeframes set forth in Section 218.735 F.S., the Project Manager, or Design Professional, shall either: (1) Indicate its approval of the requested payment; (2) indicate its approval of only a portion of the requested payment, stating in writing its reasons therefore; or (3) return the Application for Payment to the Contractor indicating, in writing, the reason for refusing to approve payment. Payments of proper invoices in the amounts approved shall be processed and paid in accordance with Section 218.735, F.S. and the administrative procedures established by the County's Procurement Services Division and the Clerk of Court's Finance Department respectively.

4.5 In the event of a total denial by Owner and return of the Application for Payment by the Project Manager, the Contractor may make the necessary corrections and re-submit the Application for Payment. The Owner shall, within ten (10) business days after the Application for Payment is

stamped and received and after Project Manager approval of an Application for Payment, pay the Contractor the amounts so approved.

4.6 Owner shall withhold retainage on the gross amount of each monthly progress payment in the amount of five percent (5%), as permitted by Section 255.078, Florida Statutes. The foregoing does not prohibit Owner from withholding retainage at a rate less than five percent (5%) of each monthly progress payment as otherwise allowable under Section 255.078, Florida Statutes. Any reduction in retainage below the maximum amount set forth in Section 255.078, Florida Statutes, shall be at the sole discretion of the Owner. Such retainage shall be accumulated and not released to Contractor until final payment is due unless otherwise agreed to by the Owner in accordance with Florida Statute 255.078. Any interest earned on retainage shall accrue to the benefit of the Owner.

4.7 Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's Work.

4.8 Each Application for Payment, subsequent to the first pay application, shall be accompanied by a Release and Affidavit, in the form attached as Exhibit C, acknowledging Contractor's receipt of payment in full for all materials, labor, equipment and other bills that are then due and payable by Owner with respect to the current Application for Payment. Further, to the extent directed by Owner and in Owner's sole discretion, Contractor shall also submit a Release and Affidavit from each Subcontractor, sub-subcontractor, or supplier in the form attached as Exhibit C acknowledging that each Subcontractor, sub-subcontractor or supplier has been paid in full through the previous month's Application for Payment. The Owner shall not be required to make payment until and unless these affidavits are furnished by Contractor.

4.9 Contractor agrees and understands that funding limitations exist and that the expenditure of funds must be spread over the duration of the Project at regular intervals based on the Contract Amount and Progress Schedule. Accordingly, prior to submitting its first monthly Application for Payment, Contractor shall prepare and submit for Project Manager's review and approval, a detailed Project Funding Schedule, which shall be updated as necessary and approved by Owner to reflect approved adjustments to the Contract Amount and Contract Time. No voluntary acceleration or early completion of the Work shall modify the time of payments to Contractor as set forth in the approved Project Funding Schedule.

4.10 Notwithstanding anything in the Contract Documents to the contrary, Contractor acknowledges and agrees that in the event of a dispute concerning payments for Work performed under this Agreement, Contractor shall continue to perform the Work required of it under this Agreement pending resolution of the dispute provided that Owner continues to pay Contractor all amounts that Owner does not dispute are due and payable.

4.11 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of contract. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this agreement.

4.12 The County may, at its discretion, use VISA/MASTER card credit network as a payment vehicle for goods and/or services purchased as a part of this contract. The County may not accept any additional surcharges (credit card transaction fees) as a result of using the County's credit card for transactions relating to this solicitation

5. PAYMENTS WITHHELD.

5.1 The Project Manager may decline to approve any Application for Payment, or portions thereof, because of subsequently discovered evidence or subsequent inspections that reveal non-compliance with the Contract Documents. The Project Manager may nullify the whole or any part of any approval for payment previously issued and Owner may withhold any payments otherwise due Contractor under this Agreement or any other agreement between Owner and Contractor, to such extent as may be necessary in the Owner's opinion to protect it from loss because of:

(a) Defective Work not remedied; (b) third party claims filed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents by Contractor.

5.2 If any conditions described in 5.1. are not remedied or removed, Owner may, after three (3) days written notice, rectify the same at Contractor's expense. Provided however, in the event of an emergency, Owner shall not be required to provide Contractor any written notice prior to rectifying the situation at Contractor's expense. Owner also may offset against any sums due Contractor the amount of any liquidated or non-liquidated obligations of Contractor to Owner, whether relating to or arising out of this Agreement or any other agreement between Contractor and Owner.

5.3 In instances where the successful contractor may owe debts (including, but not limited to taxes or other fees) to Collier County and the contractor has not satisfied nor made arrangement to satisfy these debts, the County reserves the right to off-set the amount owed to the County by applying the amount owed to the vendor or contractor for services performed of for materials delivered in association with a contract.

5.4 If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

6. FINAL PAYMENT.

6.1 Owner shall make final payment to Contractor in accordance with Section 218.735, F.S. and the administrative procedures established by the County's Procurement Services Division and the Clerk of Court's Finance Department after the Work is finally inspected and accepted by Project Manager as set forth with Section 20.1 herein, provided that Contractor first, and as an explicit condition precedent to the accrual of Contractor's right to final payment, shall have furnished Owner with a properly executed and notarized copy of the Release and Affidavit attached as Exhibit C, as well as, a duly executed copy of the Surety's consent to final payment and such other documentation that may be required by the Contract Documents and the Owner. Prior to release of final payment and final retainage, the Contractor's Representative and the Project Manager shall jointly complete the Final Payment Checklist, a representative copy of which is attached to this Agreement as Exhibit G.

6.2 Contractor's acceptance of final payment shall constitute a full waiver of any and all claims by Contractor against Owner arising out of this Agreement or otherwise relating to the Project, except

those previously made in writing in accordance with the requirements of the Contract Documents and identified by Contractor as unsettled in its final Application for Payment. Neither the acceptance of the Work nor payment by Owner shall be deemed to be a waiver of Owner's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective Work not discovered by the Design Professional or Project Manager at the time of final inspection.

7. SUBMITTALS AND SUBSTITUTIONS.

7.1 Contractor shall carefully examine the Contract Documents for all requirements for approval of materials to be submitted such as shop drawings, data, test results, schedules and samples. Contractor shall submit all such materials at its own expense and in such form as required by the Contract Documents in sufficient time to prevent any delay in the delivery of such materials and the installation thereof.

7.2 Whenever materials or equipment are specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular supplier, the naming of the item is intended to establish the type, function and quality required. Unless the name is followed by words indicating that no substitution is permitted, materials or equipment of other suppliers may be accepted by Owner if sufficient information is submitted by Contractor to allow the Owner to determine that the material or equipment proposed is equivalent or equal to that named. Requests for review of substitute items of material and equipment will not be accepted by Owner from anyone other than Contractor and all such requests must be submitted by Contractor to Project Manager within thirty (30) calendar days after Notice of Award is received by Contractor, unless otherwise mutually agreed in writing by Owner and Contractor.

7.3 If Contractor wishes to furnish or use a substitute item of material or equipment, Contractor shall make application to the Project Manager for acceptance thereof, certifying that the proposed substitute shall adequately perform the functions and achieve the results called for by the general design, be similar and of equal substance to that specified and be suited to the same use as that specified. The application shall state that the evaluation and acceptance of the proposed substitute will not prejudice Contractor's achievement of substantial completion on time, whether or not acceptance of the substitute for use in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with Owner for the Project) to adapt the design to the proposed substitute and whether or not incorporation or use by the substitute in connection with the Work is subject to payment of any license fee or royalty. All variations of the proposed substitute from that specified will be identified in the application and available maintenance, repair and replacement service shall be indicated. The application also shall contain an itemized estimate of all costs that will result directly or indirectly from acceptance of such substitute, including costs for redesign and claims of other contractors affected by the resulting change, all of which shall be considered by the Project Manager in evaluating the proposed substitute. The Project Manager may require Contractor to furnish at Contractor's expense additional data about the proposed substitute.

7.4 If a specific means, method, technique, sequence or procedure of construction is indicated in or required by the Contract Documents, Contractor may furnish or utilize a substitute means, method, sequence, technique or procedure of construction acceptable to the Project Manager, if Contractor submits sufficient information to allow the Project Manager to determine that the substitute proposed is equivalent to that indicated or required by the Contract Documents. The procedures for submission to and review by the Project Manager shall be the same as those provided herein for substitute materials and equipment.

7.5 The Project Manager shall be allowed a reasonable time within which to evaluate each proposed substitute and, if need be, to consult with the Design Professional. No substitute will be ordered, installed or utilized without the Project Manager's prior written acceptance which shall be evidenced by a Change Order, a Work Directive Change, a Field Order or an approved Shop Drawing. The Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute. The Project Manager will record time required by the Project Manager and the Project Manager's consultants in evaluating substitutions proposed by Contractor and making changes in the Contract Documents occasioned thereby. Whether or not the Owner accepts a proposed substitute, Contractor shall reimburse Owner for the charges of the Design Professional and the Design Professional's consultants for evaluating each proposed substitute.

8. DAILY REPORTS, SIGNED AND SEALED AS-BUILTS AND MEETINGS.

8.1 Unless waived in writing by Owner, Contractor shall complete and submit to Project Manager on a weekly basis a daily log of the Contractor's work for the preceding week in a format approved by the Project Manager. The daily log shall document all activities of Contractor at the Project site including, but not limited to, the following:

8.1.1 Weather conditions showing the high and low temperatures during work hours, the amount of precipitation received on the Project site, and any other weather conditions which adversely affect the Work;

8.1.2 Soil conditions which adversely affect the Work;

8.1.3 The hours of operation by Contractor's and Sub-Contractor's personnel;

8.1.4 The number of Contractor's and Sub-Contractor's personnel present and working at the Project site, by subcontract and trade;

8.1.5 All equipment present at the Project site, description of equipment use and designation of time equipment was used (specifically indicating any down time);

8.1.6 Description of Work being performed at the Project site;

8.1.7 Any unusual or special occurrences at the Project site;

8.1.8 Materials received at the Project site;

8.1.9 A list of all visitors to the Project

8.1.10 Any problems that might impact either the cost or quality of the Work or the time of performance.

The daily log shall not constitute nor take the place of any notice required to be given by Contractor to Owner pursuant to the Contract Documents.

8.2 Contractor shall maintain in a safe place at the Project site one record copy of the Contract Documents, including, but not limited to, all drawings, specifications, addenda, amendments, Change Orders, Work Directive Changes and Field Orders, as well as all written interpretations and clarifications issued by the Design Professional, in good order and annotated to show all changes

made during construction. The annotated drawings shall be continuously updated by the Contractor throughout the prosecution of the Work to accurately reflect all field changes that are made to adapt the Work to field conditions, changes resulting from Change Orders, Work Directive Changes and Field Orders, and all concealed and buried installations of piping, conduit and utility services. All buried and concealed items, both inside and outside the Project site, shall be accurately located on the annotated drawings as to depth and in relationship to not less than two (2) permanent features (e.g. interior or exterior wall faces). The annotated drawings shall be clean and all changes, corrections and dimensions shall be given in a neat and legible manner in a contrasting color. The "As-Built" record documents, together with all approved samples and a counterpart of all approved shop drawings shall be available to the Project Manager or Design Professional for reference. Upon completion of the Work and as a condition precedent to Contractor's entitlement to final payment, these "As-Built" record documents, samples and shop drawings shall be delivered to Project Manager by Contractor for Owner.

8.3 Contractor shall keep all records and supporting documentation, which concern or relate to the Work hereunder for a minimum of five (5) years from the date of termination of this Agreement or the date the Project is completed or such longer period as may be required by law, whichever is later, pursuant to Florida Public Records Law Chapter 119 and comply with specifically those contractual requirements in 119.0701(2)(a)-(b) as follows:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Division of Communications, Government and Public Affairs
3299 Tamiami Trail East, Suite 102
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@colliercountyfl.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public

agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

9. CONTRACT TIME AND TIME EXTENSIONS.

9.1 Contractor shall diligently pursue the completion of the Work and coordinate the Work being done on the Project by its subcontractors and material-men, as well as coordinating its Work with all work of others at the Project Site, so that its Work or the work of others shall not be delayed or impaired by any act or omission by Contractor. Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures, as well as coordination of all portions of the Work under the Contract Documents, and the coordination of Owner's suppliers and contractors as set forth in Paragraph 12.2. herein.

9.2 Should Contractor be obstructed or delayed in the prosecution of or completion of the Work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of Nature or of the public enemy, acts of government, fires, floods, epidemics, quarantine regulation, strikes or lockouts, Contractor shall notify the Owner in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

9.3 No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the Work from any cause whatever, including those for which Owner may be responsible, in whole or in part, shall relieve Contractor of its duty to perform or give rise to any right to damages or additional compensation from Owner. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against Owner will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

9.4 In no event shall any approval by Owner authorizing Contractor to continue performing Work under this Agreement or any payment issued by Owner to Contractor be deemed a waiver of any right or claim Owner may have against Contractor for delay damages hereunder.

10. CHANGES IN THE WORK.

10.1 Owner shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon written order of Owner, and Owner shall not be liable to the Contractor for any increased compensation without such written order. No officer, employee or agent of Owner is authorized to direct any extra or changed work orally. Any alleged changes must be approved by Owner in writing prior to starting such items. Owner will not be responsible for the costs of any changes commenced without Owner's express prior written approval. Failure to obtain such prior written approval for any changes will be deemed: (i) a waiver of any claim by Contractor for such items and (ii) an admission by Contractor that such items are in fact not a change but rather are part of the Work required of Contractor hereunder.

10.2 A Change Order, in the form attached as Exhibit E to this Agreement, shall be issued and executed promptly after an agreement is reached between Contractor and Owner concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount and Contract Time shall be adjusted in the Change Order in the manner as Owner and Contractor shall mutually agree.

10.3 If Owner and Contractor are unable to agree on a Change Order for the requested change, Contractor shall, nevertheless, promptly perform the change as directed by Owner in a written Work Directive. In that event, the Contract Amount and Contract Time shall be adjusted as directed by Owner. If Contractor disagrees with the Owner's adjustment determination, Contractor must make a claim pursuant to Section 11 of these General Conditions or else be deemed to have waived any claim on this matter it might otherwise have had.

10.4 In the event a requested change results in an increase to the Contract Amount, the amount of the increase shall be limited to the Contractor's reasonable direct labor and material costs and reasonable actual equipment costs as a result of the change (including allowance for labor burden costs) plus a maximum ten percent (10%) markup for all overhead and profit. In the event such change Work is performed by a Subcontractor, a maximum ten percent (10%) markup for all overhead and profit for all Subcontractors' and sub-subcontractors' direct labor and material costs and actual equipment costs shall be permitted, with a maximum five percent (5%) markup thereon by the Contractor for all of its overhead and profit, for a total maximum markup of fifteen percent (15%). All compensation due Contractor and any Subcontractor or sub-subcontractor for field and home office overhead is included in the markups noted above. No markup shall be placed on sales tax, shipping or subcontractor markup.

10.5 Owner, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order or Work Directive Change.

10.6 The Project Manager shall have authority to order minor changes in the Work not involving an adjustment to the Contract Amount or an extension to the Contract Time and not inconsistent with the intent of the Contract Documents. Such changes may be effected by Field Order or by other written order. Such changes shall be binding on the Contractor.

10.7 Any modifications to this Contract shall be in compliance with the County procurement ordinance and policies and Administrative Procedures in effect at the time such modifications are authorized.

11. CLAIMS AND DISPUTES.

11.1 Claim is a demand or assertion by one of the parties seeking an adjustment or interpretation of the terms of the Contract Documents, payment of money, extension of time or other relief with respect to the terms of the Contract Documents. The term "Claim" also includes other disputes and matters in question between Owner and Contractor arising out of or relating to the Contract Documents. The responsibility to substantiate a Claim shall rest with the party making the Claim.

11.2 Claims by the Contractor shall be made in writing to the Project Manager within forty-eight (48) hours from when the Contractor knew or should have known of the event giving rise to such Claim or else the Contractor shall be deemed to have waived the Claim. Written supporting data shall be submitted to the Project Manager within fifteen (15) calendar days after the occurrence of

the event, unless the Owner grants additional time in writing, or else the Contractor shall be deemed to have waived the Claim. All Claims shall be priced in accordance with the provisions of Subsection 10.4.

11.3 The Contractor shall proceed diligently with its performance as directed by the Owner, regardless of any pending Claim, action, suit or administrative proceeding, unless otherwise agreed to by the Owner in writing. Owner shall continue to make payments in accordance with the Contract Documents during the pendency of any Claim.

12. OTHER WORK.

12.1 Owner may perform other work related to the Project at the site by Owner's own forces, have other work performed by utility owners or let other direct contracts. If the fact that such other work is to be performed is not noted in the Contract Documents, written notice thereof will be given to Contractor prior to starting any such other work. If Contractor believes that such performance will involve additional expense to Contractor or require additional time, Contractor shall send written notice of that fact to Owner and Design Professional within forty-eight (48) hours of being notified of the other work. If the Contractor fails to send the above required forty-eight (48) hour notice, the Contractor will be deemed to have waived any rights it otherwise may have had to seek an extension to the Contract Time or adjustment to the Contract Amount.

12.2 Contractor shall afford each utility owner and other contractor who is a party to such a direct contract (or Owner, if Owner is performing the additional work with Owner's employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work and shall properly connect and coordinate its Work with theirs. Contractor shall do all cutting, fitting and patching of the Work that may be required to make its several parts come together properly and integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating or otherwise altering their work and will only cut or alter their work with the written consent of the Project Manager and the others whose work will be affected. The duties and responsibilities of Contractor under this paragraph are for the benefit of such utility owners and other Contractors to the extent that there are comparable provisions for the benefit of Contractor in said direct contracts between Owner and such utility owners and other contractors.

12.3 If any part of Contractor's Work depends for proper execution or results upon the work of any other contractor or utility owner (or Owner), Contractor shall inspect and promptly report to Project Manager in writing any delays, defects or deficiencies in such work that render it unavailable or unsuitable for such proper execution and results. Contractor's failure to report will constitute an acceptance of the other work as fit and proper for integration with Contractor's Work.

13. INDEMNIFICATION AND INSURANCE.

13.1 To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement.

13.2 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, Owner and any indemnified party. The duty to defend arises immediately upon presentation of a claim by

any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the Owner or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

13.3 Contractor shall obtain and carry, at all times during its performance under the Contract Documents, insurance of the types and in the amounts set forth in the Insurance and Bonding Requirements form Exhibit B-3 to the Agreement. Further, the Contractor shall at all times comply with all of the terms, conditions, requirements and obligations set forth under Exhibit B-3.

14. COMPLIANCE WITH LAWS.

14.1 Contractor agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to the Project, including but not limited to those dealing with taxation, worker's compensation, equal employment and safety (including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes). If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify Project Manager in writing. To the extent any law, rule, regulation, code, statute, or ordinance requires the inclusion of certain terms in this Agreement in order for this Agreement to be enforceable, such terms shall be deemed included in this Agreement. Notwithstanding anything in the Contract Documents to the contrary, it is understood and agreed that in the event of a change in any applicable laws, ordinances, rules or regulations subsequent to the date this Agreement was executed that increases the Contractor's time or cost of performance of the Work, Contractor is entitled to a Change Order for such increases, except to the extent Contractor knew or should have known of such changes prior to the date of this Agreement.

14.2 By executing and entering into this agreement, the Contractor is formally acknowledging without exception or stipulation that it is fully responsible for complying with the provisions of the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this agreement and the County shall have the discretion to unilaterally terminate this agreement immediately.

14.3 Statutes and executive orders require employers to abide by the immigration laws of the United States and to employ only individuals who are eligible to work in the United States, including the requirements set forth in Florida Statute, §448.095.

The Employment Eligibility Verification System (E-Verify) operated by the Department of Homeland Security (DHS) in partnership with the Social Security Administration (SSA), provides an Internet-based means of verifying employment eligibility of workers in the United States; it is not a substitute for any other employment eligibility verification requirements. The program will be used for Collier County formal Invitations to Bid (ITB) and Request for Proposals (RFP) including professional services and construction services.

Contractors / Bidders are required to enroll in the E-Verify program, and provide acceptable evidence of their enrollment, at the time of the submission of the Contractor's/bidder's proposal. Acceptable evidence consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company. Contractors are also required to provide the Collier County Procurement Services Division an executed affidavit certifying they shall comply with the E-Verify Program. The affidavit is attached to the solicitation documents.

If the Bidder/Contractor does not comply with providing both the acceptable E-Verify evidence and the executed affidavit the bidder's / Contractor's proposal may be deemed non-responsive.
Additionally, Contractors shall require all subcontracted Contractors to use the E-Verify system for all purchases not covered under the "Exceptions to the program" clause above.

For additional information regarding the Employment Eligibility Verification System (E-Verify) program visit the following website: http://www.dhs.gov/E-Verify. It shall be the Contractor's responsibility to familiarize themselves with all rules and regulations governing this program.

Contractor acknowledges, and without exception or stipulation, any firm(s) receiving an award shall be fully responsible for complying with the provisions of the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended and with the provisions contained within this affidavit. Failure by the awarded firm(s) to comply with the laws referenced herein or the provisions of this affidavit shall constitute a breach of the award agreement and the County shall have the discretion to unilaterally terminate said agreement immediately.

15. CLEANUP AND PROTECTIONS.

15.1 Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean and ready for occupancy by Owner.

15.2 Any existing surface or subsurface improvements, including, but not limited to, pavements, curbs, sidewalks, pipes, utilities, footings, structures, trees and shrubbery, not indicated in the Contract Documents to be removed or altered, shall be protected by Contractor from damage during the prosecution of the Work. Subject to the Section 2.3 above, any such improvements so damaged shall be restored by Contractor to the condition equal to that existing at the time of Contractor's commencement of the Work.

16. ASSIGNMENT.

16.1 Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of Owner. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the Owner's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward Owner.

17. PERMITS, LICENSES AND TAXES.

17.1 Pursuant to Section 218.80, F.S., Owner will pay for all Collier County permits and fees, including license fees, permit fees, impact fees or inspection fees applicable to the Work through an internal budget transfer(s). Contractor is not responsible for paying for permits issued by Collier County, but Contractor is responsible for acquiring all permits. Owner may require the Contractor to deliver internal budget transfer documents to applicable Collier County agencies when the Contractor is acquiring permits. Owner will not be obligated to pay for any permits obtained by Subcontractors.

17.2 All permits, fees and licenses necessary for the prosecution of the Work which are not issued by Collier County shall be acquired and paid for by the Contractor.

17.3 Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work.

18. TERMINATION FOR DEFAULT.

18.1 Contractor shall be considered in material default of the Agreement and such default shall be considered cause for Owner to terminate the Agreement, in whole or in part, as further set forth in this Section, if Contractor: (1) fails to begin the Work under the Contract Documents within the time specified herein; or (2) fails to properly and timely perform the Work as directed by the Project Manager or as provided for in the approved Progress Schedule; or (3) performs the Work unsuitably or neglects or refuses to remove materials or to correct or replace such Work as may be rejected as unacceptable or unsuitable; or (4) discontinues the prosecution of the Work; or (5) fails to resume Work which has been suspended within a reasonable time after being notified to do so; or (6) becomes insolvent or is declared bankrupt, or commits any act of bankruptcy; or (7) allows any final judgment to stand against it unsatisfied for more than ten (10) days; or (8) makes an assignment for the benefit of creditors; or (9) fails to obey any applicable codes, laws, ordinances, rules or regulations with respect to the Work; or (10) materially breaches any other provision of the Contract Documents.

18.2 Owner shall notify Contractor in writing of Contractor's default(s). If Owner determines that Contractor has not remedied and cured the default(s) within seven (7) calendar days following receipt by Contractor of said written notice or such longer period of time as may be consented to by Owner in writing and in its sole discretion, then Owner, at its option, without releasing or waiving its rights and remedies against the Contractor's sureties and without prejudice to any other right or remedy it may be entitled to hereunder or by law, may terminate Contractor's right to proceed under the Agreement, in whole or in part, and take possession of all or any portion of the Work and any materials, tools, equipment, and appliances of Contractor, take assignments of any of Contractor's subcontracts and purchase orders, and complete all or any portion of Contractor's Work by whatever means, method or agency which Owner, in its sole discretion, may choose.

18.3 If Owner deems any of the foregoing remedies necessary, Contractor agrees that it shall not be entitled to receive any further payments hereunder until after the Project is completed. All moneys expended and all of the costs, losses, damages and extra expenses, including all management, administrative and other overhead and other direct and indirect expenses (including Design Professional and attorneys' fees) or damages incurred by Owner incident to such completion, shall be deducted from the Contract Amount, and if such expenditures exceed the unpaid balance of the Contract Amount, Contractor agrees to pay promptly to Owner on demand the full amount of such excess, including costs of collection, attorneys' fees (including appeals) and interest thereon at the maximum legal rate of interest until paid. If the unpaid balance of the Contract Amount exceeds all such costs, expenditures and damages incurred by the Owner to complete the Work, such excess shall be paid to the Contractor. The amount to be paid to the Contractor or Owner, as the case may be, shall be approved by the Project Manager, upon application, and this obligation for payment shall survive termination of the Agreement.

18.4 The liability of Contractor hereunder shall extend to and include the full amount of any and all sums paid, expenses and losses incurred, damages sustained, and obligations assumed by Owner in good faith under the belief that such payments or assumptions were necessary or required, in completing the Work and providing labor, materials, equipment, supplies, and other items therefore

or re-letting the Work, and in settlement, discharge or compromise of any claims, demands, suits, and judgments pertaining to or arising out of the Work hereunder.

18.5 If, after notice of termination of Contractor's right to proceed pursuant to this Section, it is determined for any reason that Contractor was not in default, or that its default was excusable, or that Owner is not entitled to the remedies against Contractor provided herein, then the termination will be deemed a termination for convenience and Contractor's remedies against Owner shall be the same as and limited to those afforded Contractor under Section 19 below.

18.6 In the event (i) Owner fails to make any undisputed payment to Contractor within thirty (30) days after such payment is due or Owner otherwise persistently fails to fulfill some material obligation owed by Owner to Contractor under this Agreement, and (ii) Owner has failed to cure such default within fourteen (14) days of receiving written notice of same from Contractor, then Contractor may stop its performance under this Agreement until such default is cured, after giving Owner a second fourteen (14) days written notice of Contractor's intention to stop performance under the Agreement. If the Work is so stopped for a period of one hundred and twenty (120) consecutive days through no act or fault of the Contractor or its Subcontractors or their agents or employees or any other persons performing portions of the Work under contract with the Contractor or any Subcontractor, the Contractor may terminate this Agreement by giving written notice to Owner of Contractor's intent to terminate this Agreement. If Owner does not cure its default within fourteen (14) days after receipt of Contractor's written notice, Contractor may, upon fourteen (14) additional days' written notice to the Owner, terminate the Agreement and recover from the Owner payment for Work performed through the termination date, but in no event shall Contractor be entitled to payment for Work not performed or any other damages from Owner.

19. TERMINATION FOR CONVENIENCE AND RIGHT OF SUSPENSION.

19.1 Owner shall have the right to terminate this Agreement without cause upon seven (7) calendar days written notice to Contractor. In the event of such termination for convenience, Contractor's recovery against Owner shall be limited to that portion of the Contract Amount earned through the date of termination, together with any retainage withheld and reasonable termination expenses incurred, but Contractor shall not be entitled to any other or further recovery against Owner, including, but not limited to, damages or any anticipated profit on portions of the Work not performed.

19.2 Owner shall have the right to suspend all or any portions of the Work upon giving Contractor not less than two (2) calendar days' prior written notice of such suspension. If all or any portion of the Work is so suspended, Contractor's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in the Contract Documents. In no event shall the Contractor be entitled to any additional compensation or damages. Provided, however, if the ordered suspension exceeds six (6) months, the Contractor shall have the right to terminate the Agreement with respect to that portion of the Work which is subject to the ordered suspension.

20. COMPLETION.

20.1 When the entire Work (or any portion thereof designated in writing by Owner) is ready for its intended use, Contractor shall notify Project Manager in writing that the entire Work (or such designated portion) is substantially complete. Within a reasonable time thereafter, Owner, Contractor and Design Professional shall make an inspection of the Work (or designated portion thereof) to determine the status of completion. If Owner, after conferring with the Design Professional, does

not consider the Work (or designated portion) substantially complete, Project Manager shall notify Contractor in writing giving the reasons therefore. If Owner, after conferring with the Design Professional, considers the Work (or designated portion) substantially complete, Project Manager shall prepare and deliver to Contractor a Certificate of Substantial Completion which shall fix the date of Substantial Completion for the entire Work (or designated portion thereof) and include a tentative punch-list of items to be completed or corrected by Contractor before final payment. Owner shall have the right to exclude Contractor from the Work and Project site (or designated portion thereof) after the date of Substantial Completion, but Owner shall allow Contractor reasonable access to complete or correct items on the tentative punch-list. The Project Manager, shall coordinate with the Contractor the return of any surplus assets, including materials, supplies, and equipment.

20.2 Upon receipt of written certification by Contractor that the Work is completed in accordance with the Contract Documents and is ready for final inspection and acceptance, Project Manager and Design Professional will make such inspection and, if they find the Work acceptable and fully performed under the Contract Documents shall promptly approve payment, recommending that, on the basis of their observations and inspections, and the Contractor's certification that the Work has been completed in accordance with the terms and conditions of the Contract Documents, that the entire balance found to be due Contractor is due and payable. Neither the final payment nor the retainage shall become due and payable until Contractor submits:

(1) Receipt of Contractor's Final Application for Payment.
(2) The Release and Affidavit in the form attached as Exhibit C.
(3) Consent of surety to final payment.
(4) Receipt of the final payment check list.
(5) If required by Owner, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Contract Documents, to the extent and in such form as may be designated by Owner.

Owner reserves the right to inspect the Work and make an independent determination as to the Work's acceptability, even though the Design Professional may have issued its recommendations. Unless and until the Owner is completely satisfied, neither the final payment nor the retainage shall become due and payable.

21. WARRANTY.

21.1 Contractor shall obtain and assign to Owner all express warranties given to Contractor or any subcontractors by any subcontractor or material men supplying materials, equipment or fixtures to be incorporated into the Project. Contractor warrants to Owner that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified, and that all Work shall be of good quality, free from all defects and in conformance with the Contract Documents. Contractor further warrants to Owner that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents. If, within one (1) year after Substantial Completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from Owner. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. Further, in the event of an emergency, Owner may commence to correct any defective Work, without prior notice to Contractor, at Contractor's

expense. These warranties are in addition to those implied warranties to which Owner is entitled as a matter of law.

21.2 No later than 30 days prior to expiration of the warranty, the Project Manager, or another representative of the Owner, shall conduct an inspection of the warranted work to verify compliance with the requirements of the Agreement. The Contractor's Representative shall be present at the time of inspection and shall take remedial actions to correct any deficiencies noted in the inspection. Failure of the Contractor to correct the cited deficiencies shall be grounds for the Owner to disqualify the Contractor from future bid opportunities with the Owner, in addition to any other rights and remedies available to Owner.

22. TESTS AND INSPECTIONS.

22.1 Owner, Design Professional, their respective representatives, agents and employees, and governmental agencies with jurisdiction over the Project shall have access at all times to the Work, whether the Work is being performed on or off of the Project site, for their observation, inspection and testing. Contractor shall provide proper, safe conditions for such access. Contractor shall provide Project Manager with timely notice of readiness of the Work for all required inspections, tests or approvals.

22.2 If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish Project Manager the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the Project Manager.

22.3 Contractor is responsible, without reimbursement from Owner, for re-inspection fees and costs; to the extent such re-inspections are due to the fault or neglect of Contractor.

22.4 If any Work that is to be inspected, tested or approved is covered without written concurrence from the Project Manager, such work must, if requested by Project Manager, be uncovered for observation. Such uncovering shall be at Contractor's expense unless Contractor has given Project Manager timely notice of Contractor's intention to cover the same and Project Manager has not acted with reasonable promptness to respond to such notice. If any Work is covered contrary to written directions from Project Manager, such Work must, if requested by Project Manager, be uncovered for Project Manager's observation and be replaced at Contractor's sole expense.

22.5 The Owner shall charge to Contractor and may deduct from any payments due Contractor all engineering and inspection expenses incurred by Owner in connection with any overtime work. Such overtime work consisting of any work during the construction period beyond the regular eight (8) hour day and for any work performed on Saturday, Sunday or holidays.

22.6 Neither observations nor other actions by the Project Manager or Design Professional nor inspections, tests or approvals by others shall relieve Contractor from Contractor's obligations to perform the Work in accordance with the Contract Documents.

23. DEFECTIVE WORK.

23.1 Work not conforming to the requirements of the Contract Documents or any warranties made or assigned by Contractor to Owner shall be deemed defective Work. If required by Project Manager,

Contractor shall as directed, either correct all defective Work, whether or not fabricated, installed or completed, or if the defective Work has been rejected by Project Manager, remove it from the site and replace it with non-defective Work. Contractor shall bear all direct, indirect and consequential costs of such correction or removal (including, but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby, and shall hold Owner harmless for same.

23.2 If the Project Manager considers it necessary or advisable that covered Work be observed by Design Professional or inspected or tested by others and such Work is not otherwise required to be inspected or tested, Contractor, at Project Manager's request, shall uncover, expose or otherwise make available for observation, inspection or tests as Project Manager may require, that portion of the Work in question, furnishing all necessary labor, material and equipment. If it is found that such Work is defective, Contractor shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals), and Owner shall be entitled to an appropriate decrease in the Contract Amount. If, however, such Work is not found to be defective, Contractor shall be allowed an increase in the Contract Amount and/or an extension to the Contract Time, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction.

23.3 If any portion of the Work is defective, or if Contractor fails to supply sufficient skilled workers, suitable materials or equipment or fails to finish or perform the Work in such a way that the completed Work will conform to the Contract Documents, Project Manager may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated. The right of Project Manager to stop the Work shall be exercised, if at all, solely for Owner's benefit and nothing herein shall be construed as obligating the Project Manager to exercise this right for the benefit of Design Engineer, Contractor, or any other person.

23.4 Should the Owner determine, at its sole opinion, it is in the Owner's best interest to accept defective Work, the Owner may do so. Contractor shall bear all direct, indirect and consequential costs attributable to the Owner's evaluation of and determination to accept defective Work. If such determination is rendered prior to final payment, a Change Order shall be executed evidencing such acceptance of such defective Work, incorporating the necessary revisions in the Contract Documents and reflecting an appropriate decrease in the Contract Amount. If the Owner accepts such defective Work after final payment, Contractor shall promptly pay Owner an appropriate amount to adequately compensate Owner for its acceptance of the defective Work.

23.5 If Contractor fails, within a reasonable time after the written notice from Project Manager, to correct defective Work or to remove and replace rejected defective Work as required by Project Manager or Owner, or if Contractor fails to perform the Work in accordance with the Contract Documents, or if Contractor fails to comply with any of the provisions of the Contract Documents, Owner may, after seven (7) days written notice to Contractor, correct and remedy any such deficiency. Provided, however, Owner shall not be required to give notice to Contractor in the event of an emergency. To the extent necessary to complete corrective and remedial action, Owner may exclude Contractor from any or all of the Project site, take possession of all or any part of the Work, and suspend Contractor's services related thereto, take possession of Contractor's tools, appliances, construction equipment and machinery at the Project site and incorporate in the Work all materials and equipment stored at the Project site or for which Owner has paid Contractor but which are stored elsewhere. Contractor shall allow Owner, Design Professional and their respective representatives, agents, and employees such access to the Project site as may be necessary to enable Owner to exercise the rights and remedies under this paragraph. All direct, indirect and consequential costs

of Owner in exercising such rights and remedies shall be charged against Contractor, and a Change Order shall be issued, incorporating the necessary revisions to the Contract Documents, including an appropriate decrease to the Contract Amount. Such direct, indirect and consequential costs shall include, but not be limited to, fees and charges of engineers, architects, attorneys and other professionals, all court costs and all costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of Contractor's defective Work. Contractor shall not be allowed an extension of the Contract Time because of any delay in performance of the Work attributable to the exercise by Owner of Owner's rights and remedies hereunder.

24. SUPERVISION AND SUPERINTENDENTS.

24.1 Contractor shall plan, organize, supervise, schedule, monitor, direct and control the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be responsible to see that the finished Work complies accurately with the Contract Documents. Contractor shall keep on the Work at all times during its progress a competent resident superintendent, who shall be subject to Owner's approval and not be replaced without prior written notice to Project Manager except under extraordinary circumstances. The superintendent shall be employed by the Contractor and be the Contractor's representative at the Project site and shall have authority to act on behalf of Contractor. All communications given to the superintendent shall be as binding as if given to the Contractor. Owner shall have the right to direct Contractor to remove and replace its Project superintendent, with or without cause. Attached to the Agreement as Exhibit A-1 is a list identifying Contractor's Project Superintendent and all of Contractor's key personnel who are assigned to the Project; such identified personnel shall not be removed without Owner's prior written approval, and if so removed must be immediately replaced with a person acceptable to Owner.

24.2 Contractor shall have a competent superintendent on the project at all times whenever contractor's work crews, or work crews of other parties authorized by the Project Manager are engaged in any activity whatsoever associated with the Project. Should the Contractor fail to comply with the above condition, the Project Manager shall, at his discretion, deduct from the Contractor's monthly pay estimate, sufficient moneys to account for the Owner's loss of adequate project supervision, not as a penalty, but as liquidated damages, separate from the liquidated damages described in Section 5.B, for services not rendered.

25. PROTECTION OF WORK.

25.1 Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or any one for whom Contractor is legally liable for is responsible for any loss or damage to the Work, or other work or materials of Owner or Owner's separate contractors, Contractor shall be charged with the same, and any moneys necessary to replace such loss or damage shall be deducted from any amounts due Contractor.

25.2 Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

25.3 Contractor shall not disturb any benchmark established by the Owner or Design Professional with respect to the Project. If Contractor, or its subcontractors, agents or anyone for whom Contractor is legally liable, disturbs the Owner or Design Professional's benchmarks, Contractor shall immediately notify Project Manager and Design Professional. The Owner or Design Professional

shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by Owner associated therewith.

26. EMERGENCIES.

26.1 In the event of an emergency affecting the safety or protection of persons or the Work or property at the Project site or adjacent thereto, Contractor, without special instruction or authorization from Owner or Design Professional is obligated to act to prevent threatened damage, injury or loss. Contractor shall give Project Manager written notice within forty-eight (48) hours after Contractor knew or should have known of the occurrence of the emergency, if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby. If the Project Manager determines that a change in the Contract Documents is required because of the action taken in response to an emergency, a Change Order shall be issued to document the consequences of the changes or variations. If Contractor fails to provide the forty-eight (48) hour written notice noted above, the Contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the Contract Amount or an extension to the Contract Time.

27. USE OF PREMISES.

27.1 Contractor shall maintain all construction equipment, the storage of materials and equipment and the operations of workers to the Project site and land and areas identified in and permitted by the Contract Documents and other lands and areas permitted by law, rights of way, permits and easements, and shall not unreasonably encumber the Project site with construction equipment or other material or equipment. Contractor shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or any land or areas contiguous thereto, resulting from the performance of the Work.

28. SAFETY.

28.1 Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to:

28.1.1 All employees on or about the project site and other persons and/or organizations who may be affected thereby;

28.1.2 All the Work and materials and equipment to be incorporated therein, whether in storage on or off the Project site; and

28.1.3 Other property on Project site or adjacent thereto, including trees, shrubs, walks, pavements, roadways, structures, utilities and any underground structures or improvements not designated for removal, relocation or replacement in the Contract Documents.

28.2 Contractor shall comply with all applicable codes, laws, ordinances, rules and regulations of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury or loss. Contractor shall erect and maintain all necessary safeguards for such safety and protection. Contractor shall notify owners of adjacent property and of underground structures and improvements and utility owners when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation or replacement of their property.

CAO

Contractor's duties and responsibilities for the safety and protection of the Work shall continue until such time as the Work is completed and final acceptance of same by Owner has occurred.

All new electrical installations shall incorporate NFPA 70E Short Circuit Protective Device Coordination and Arc Flash Studies where relevant as determined by the engineer.

All electrical installations shall be labeled with appropriate NFPA 70E arch flash boundary and PPE Protective labels.

28.3. Contractor shall designate a responsible representative located on a full time basis at the Project site whose duty shall be the prevention of accidents. This person shall be Contractor's superintendent unless otherwise designated in writing by Contractor to Owner.

28.4 Alcohol, drugs and all illegal substances are strictly prohibited on any Owner property. All employees of Contractor, as well as those of all subcontractors and those of any other person or entity for whom Contractor is legally liable (collectively referred to herein as "Employees"), shall not possess or be under the influence of any such substances while on any Owner property. Further, Employees shall not bring on to any Owner property any gun, rifle or other firearm, or explosives of any kind.

28.5 Contractor acknowledges that the Work may be progressing on a Project site which is located upon or adjacent to an existing Owner facility. In such event, Contractor shall comply with the following:

28.5.1 All Owner facilities are smoke free. Smoking is strictly prohibited;

28.5.2 All Employees shall be provided an identification badge by Contractor. Such identification badge must be prominently displayed on the outside of the Employees' clothing at all times. All Employees working at the Project site must log in and out with the Contractor each day;

28.5.3 Contractor shall strictly limit its operations to the designated work areas and shall not permit any Employees to enter any other portions of Owner's property without Owner's expressed prior written consent;

28.5.4 All Employees are prohibited from distributing any papers or other materials upon Owner's property, and are strictly prohibited from using any of Owner's telephones or other office equipment;

28.5.5 All Employees shall at all times comply with the OSHA regulations with respect to dress and conduct at the Project site. Further, all Employees shall comply with the dress, conduct and facility regulations issued by Owner's officials onsite, as said regulations may be changed from time to time;

28.5.6 All Employees shall enter and leave Owner's facilities only through the ingress and egress points identified in the site utilization plan approved by Owner or as otherwise designated, from time to time, by Owner in writing;

28.5.7 When requested, Contractor shall cooperate with any ongoing Owner investigation involving personal injury, economic loss or damage to Owner's facilities or personal property therein;

28.5.8 The Employees may not solicit, distribute or sell products while on Owner's property. Friends, family members or other visitors of the Employees are not permitted on Owner's property; and

28.5.9 At all times, Contractor shall adhere to Owner's safety and security regulations, and shall comply with all security requirements at Owner's facilities, as said regulations and requirements may be modified or changed by Owner from time to time.

29. PROJECT MEETINGS.

Prior to the commencement of Work, the Contractor shall attend a pre-construction conference with the Project Manager, Design Professional and others as appropriate to discuss the Progress Schedule, procedures for handling shop drawings and other submittals, and for processing Applications for Payment, and to establish a working understanding among the parties as to the Work. During the prosecution of the Work, the Contractor shall attend any and all meetings convened by the Project Manager with respect to the Project, when directed to do so by Project Manager or Design Professional. The Contractor shall have its subcontractors and suppliers attend all such meetings (including the pre-construction conference) as may be directed by the Project Manager.

30. VENDOR PERFORMANCE EVALUATION.

Owner has implemented a Vendor Performance Evaluation System for all contracts awarded in excess of $25,000. To this end, vendors will be evaluated on their performance upon completion/termination of this Agreement.

31. MAINTENANCE OF TRAFFIC POLICY.

For all projects that are conducted within a Collier County Right-of-Way, the Contractor shall provide and erect Traffic Control Devices as prescribed in the current edition of the Manual On Uniform Traffic Control Devices (MUTCD), where applicable on local roadways and as prescribed in the Florida Department of Transportation's Design Standards (DS), where applicable on state roadways. These projects shall also comply with Collier County's Maintenance of Traffic Policy, #5807, incorporated herein by reference. Copies are available through Risk Management and/or Procurement Services Division, and is available on-line at colliergov.net/purchasing.

The Contractor will be responsible for obtaining copies of all required manuals, MUTCD, FDOT Roadway & Traffic Design Standards Indexes, or other related documents, so to become familiar with their requirements. Strict adherence to the requirements of the Maintenance of Traffic ("MOT") policy will be enforced under this Contract.

All costs associated with the Maintenance of Traffic shall be included on the line item on the bid page. If MOT is required, MOT is to be provided within ten (10) days of receipt of Notice of Award.

32. SALES TAX SAVINGS AND DIRECT PURCHASE.

32.1 Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. No markup shall be applied to sales tax. Additionally, as directed by Owner and at no additional cost to Owner, Contractor shall comply with and fully implement the sales tax savings program with respect to the Work, as set forth in section 32.2 below:

32.2 Notwithstanding anything herein to the contrary, because Owner is exempt from sales tax and may wish to generate sales tax savings for the Project, Owner reserves the right to make direct purchases of various construction materials and equipment included in the Work ("Direct Purchase"). Contractor shall prepare purchase orders to vendors selected by Contractor, for execution by Owner, on forms provided by Owner. Contractor shall allow two weeks for execution of all such purchase orders by Owner. Contractor represents and warrants that it will use its best efforts to cooperate with Owner in implementing this sales tax savings program in order to maximize cost savings for the Project. Adjustments to the Contract Amount will be made by appropriate Change Orders for the amounts of each Owner Direct Purchase, plus the saved sales taxes. A Change Order shall be processed promptly after each Direct Purchase, or group of similar or related Direct Purchases, unless otherwise mutually agreed upon between Owner and Contractor. With respect to all Direct Purchases by Owner, Contractor shall remain responsible for coordinating, ordering, inspecting, accepting delivery, storing, handling, installing, warranting and quality control for all Direct Purchases. Notwithstanding anything herein to the contrary, Contractor expressly acknowledges and agrees that all Direct Purchases shall be included within and covered by Contractor's warranty to Owner to the same extent as all other warranties provided by Contractor pursuant to the terms of the Contract Documents. In the event Owner makes a demand against Contractor with respect to any Direct Purchase and Contractor wishes to make claim against the manufacturer or supplier of such Direct Purchase, upon request from Contractor Owner shall assign to Contractor any and all warranties and Contract rights Owner may have from any manufacturer or supplier of any such Direct Purchase by Owner.

32.3 Bidder represents and warrants that it is aware of its statutory responsibilities for sale tax under Chapter 212, Florida Statutes, and for its responsibilities for Federal excise taxes.

33. SUBCONTRACTS.

33.1 Contractor shall review the design and shall determine how it desires to divide the sequence of construction activities. Contractor will determine the breakdown and composition of bid packages for award of subcontracts, based on the current Project Milestone Schedule, and shall supply a copy of that breakdown and composition to Owner and Design Professional for their review and approval prior to submitting its first Application for Payment. Contractor shall take into consideration such factors as natural and practical lines of severability, sequencing effectiveness, access and availability constraints, total time for completion, construction market conditions, availability of labor and materials, community relations and any other factors pertinent to saving time and costs.

33.2 A Subcontractor is any person or entity who is performing, furnishing, supplying or providing any portion of the Work pursuant to a contract with Contractor. Contractor shall be solely responsible for and have control over the Subcontractors. Contractor shall negotiate all Change Orders, Work Directive Changes, Field Orders and Requests for Proposal, with all affected Subcontractors and shall review the costs of those proposals and advise Owner and Design Professional of their validity and reasonableness, acting in Owner's best interest, prior to requesting approval of any Change Order from Owner. All Subcontractors performing any portion of the Work on this Project must be "qualified" as defined in Collier County Ordinance 2013-69, meaning a person or entity that has the capability in all respects to perform fully the Agreement requirements with respect to its portion of the Work and has the integrity and reliability to assure good faith performance.

33.3 In addition to those Subcontractors identified in Contractor's bid that were approved by Owner, Contractor also shall identify any other Subcontractors, including their addresses, licensing information and phone numbers, it intends to utilize for the Project prior to entering into any subcontract or purchase order and prior to the Subcontractor commencing any work on the Project.

The list identifying each Subcontractor cannot be modified, changed, or amended without prior written approval from Owner. Any and all Subcontractor work to be self-performed by Contractor must be approved in writing by Owner in its sole discretion prior to commencement of such work. Contractor shall continuously update that Subcontractor list, so that it remains current and accurate throughout the entire performance of the Work.

33.4 Contractor shall not enter into a subcontract or purchase order with any Subcontractor, if Owner reasonably objects to that Subcontractor. Contractor shall not be required to contract with anyone it reasonably objects to. Contractor shall keep on file a copy of the license for every Subcontractor and sub-subcontractor performing any portion of the Work, as well as maintain a log of all such licenses. All subcontracts and purchase orders between Contractor and its Subcontractors shall be in writing and are subject to Owner's approval. Further, unless expressly waived in writing by Owner, all subcontracts and purchase orders shall (1) require each Subcontractor to be bound to Contractor to the same extent Contractor is bound to Owner by the terms of the Contract Documents, as those terms may apply to the portion of the Work to be performed by the Subcontractor, (2) provide for the assignment of the subcontract or purchase order from Contractor to Owner at the election of Owner upon termination of Contractor, (3) provide that Owner will be an additional indemnified party of the subcontract or purchase order, (4) provide that Owner, Collier County Government, will be an additional insured on all liability insurance policies required to be provided by the Subcontractor except workman's compensation and business automobile policies, (5) assign all warranties directly to Owner, and (6) identify Owner as an intended third-party beneficiary of the subcontract or purchase order. Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract, copies of the Contract Documents to which the Subcontractor will be bound. Each Subcontractor shall similarly make copies of such documents available to its sub-subcontractors.

33.5 Each Subcontractor performing work at the Project Site must agree to provide field (on-site) supervision through a named superintendent for each trade (e.g., general concrete forming and placement, masonry, mechanical, plumbing, electrical and roofing) included in its subcontract or purchase order. In addition, the Subcontractor shall assign and name a qualified employee for scheduling direction for its portion of the Work. The supervisory employees of the Subcontractor (including field superintendent, foreman and schedulers at all levels) must have been employed in a supervisory (leadership) capacity of substantially equivalent level on a similar project for at least two years within the last five years. The Subcontractor shall include a resume of experience for each employee identified by it to supervise and schedule its work.

33.6 Unless otherwise expressly waived by Owner in writing, all subcontracts and purchase orders shall provide:

33.6.1 That the Subcontractor's exclusive remedy for delays in the performance of the subcontract or purchase order caused by events beyond its control, including delays claimed to be caused by Owner or Design Professional or attributable to Owner or Design Professional and including claims based on breach of contract or negligence, shall be an extension of its contract time.

33.6.2 In the event of a change in the work, the Subcontractor's claim for adjustments in the contract sum are limited exclusively to its actual costs for such changes plus no more than 10% for overhead and profit.

33.6.3 The subcontract or purchase order, as applicable, shall require the Subcontractor to expressly agree that the foregoing constitute its sole and exclusive remedies for delays and changes in the Work and thus eliminate any other remedies for claim for increase in the contract

price, damages, losses or additional compensation. Further, Contractor shall require all Subcontractors to similarly incorporate the terms of this Section 33.6 into their sub-subcontracts and purchase orders.

33.6.4 Each subcontract and purchase order shall require that any claims by Subcontractor for delay or additional cost must be submitted to Contractor within the time and in the manner in which Contractor must submit such claims to Owner, and that failure to comply with such conditions for giving notice and submitting claims shall result in the waiver of such claims.

34. CONSTRUCTION SERVICES.

34.1 Contractor shall maintain at the Project site, originals or copies of, on a current basis, all Project files and records, including, but not limited to, the following administrative records:

34.1.1	Subcontracts and Purchase Orders
34.1.2	Subcontractor Licenses
34.1.3	Shop Drawing Submittal/Approval Logs
34.1.4	Equipment Purchase/Delivery Logs
34.1.5	Contract Drawings and Specifications with Addenda
34.1.6	Warranties and Guarantees
34.1.7	Cost Accounting Records
34.1.8	Labor Costs
34.1.9	Material Costs
34.1.10	Equipment Costs
34.1.11	Cost Proposal Request
34.1.12	Payment Request Records
34.1.13	Meeting Minutes
34.1.14	Cost-Estimates
34.1.15	Bulletin Quotations
34.1.16	Lab Test Reports
34.1.17	Insurance Certificates and Bonds
34.1.18	Contract Changes
34.1.19	Permits
34.1.20	Material Purchase Delivery Logs
34.1.21	Technical Standards
34.1.22	Design Handbooks
34.1.23	"As-Built" Marked Prints
34.1.24	Operating & Maintenance Instruction
34.1.25	Daily Progress Reports
34.1.26	Monthly Progress Reports
34.1.27	Correspondence Files
34.1.28	Transmittal Records
34.1.29	Inspection Reports
34.1.30	Punch Lists
34.1.31	PMIS Schedule and Updates
34.1.32	Suspense (Tickler) Files of Outstanding Requirements

The Project files and records shall be available at all times to Owner and Design Professional or their designees for reference, review or copying.

34.2 Contractor Presentations

At the discretion of the County, the Contractor may be required to provide a brief update on the Project to the Collier County Board of County Commissioners, "Board", up to two (2) times per contract term. Presentations shall be made in a properly advertised Public Meeting on a schedule to be determined by the County Manager or his designee. Prior to the scheduled presentation date, the Contractor shall meet with appropriate County staff to discuss the presentation requirements and format. Presentations may include, but not be limited to, the following information: Original contract amount, project schedule, project completion date and any changes to the aforementioned since Notice to Proceed was issued.

35. SECURITY.

The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years.

All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliercountyfl.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

CCSO requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

36. VENUE.

Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

37. VALUE ENGINEERING.

All projects with an estimated cost of $10 million or more shall be reviewed for consideration of a Value Engineering (VE) study conducted during project development. A "project" shall be defined as the collective contracts, which may include but not be limited to: design, construction, and construction, engineering and inspection (CEI) services. Additionally, any project with an estimated construction value of $2 million or more may be reviewed for VE at the discretion of the County.

38. ABOVEGROUND/UNDERGROUND TANKS.

38.1 The contractor shall ensure compliance with all NFPA regulations: specifically 110 & 30/30A; FDEP chapter 62 regulations: specifically 761, 762, 777, and 780; 376 & 403 Florida Statutes; and STI, UL, PEI, ASME, NACE, NLPA, NIST & API referenced standards pertaining to the storage of hazardous materials and petroleum products.

38.2 The contractor shall notify the Solid & Hazardous Waste Management Department (SHWMD) prior to the installation, removal, or maintenance of any storage tank, including day tanks for generators, storing / will be storing petroleum products or hazardous materials. The contractor shall provide a 10 day and 48-hour notice to SHWMD 239-252-2508 prior to commencement.

The contractor shall provide the plans pertaining to the storage tank systems containing hazardous materials / petroleum products to the SHWMD prior to plans submittal to a permitting entity and then SHWMD must approve the plans prior to contractor's submittal for permitting.

39. STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.

The Contractor shall employ people to work on Owner's projects who are neat, clean, well-groomed and courteous. Subject to the Americans with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The Owner may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Owner's projects is not in the best interest of the County.

40. DISPUTE RESOLUTION.

Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by Owner's staff person who would make the presentation of any settlement reached during negotiations to Owner for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by Owner's staff person or designee who would make the presentation of any settlement reached at mediation to Owner's Board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under Section 44.102, Fla. Stat.

Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

EXHIBIT I: SUPPLEMENTAL TERMS AND CONDITIONS

☒ Attached hereto, following this page is EXHIBIT I.a and I.b

☐ Not Applicable

CAO

EXHIBIT I.a: SUPPLEMENTAL TERMS AND CONDITIONS

The parties (Collier County and Contractor) agree to amend the Agreement within no later than ninety (90) days of the effective date to comply with legislative changes to Fla. Stat., §218.735, Timely payment for purchases of construction services, Fla. Stat., § 255.074, Procedures for calculation of payment due dates, Fla. Stat., §255.077, Project closeout and payment of retainage, and Fla. Stat., §255.078, Public construction retainage, (with an effective date of July 1, 2023).

SUPPLEMENTAL TERMS AND CONDITIONS

GENERAL NOTES
N/A

PERMIT CONDITIONS
The project is within County Right-of-Way, Right-of-Way permit is not required. All other permits, please referred to note 2 on plan sheet 3 of 5.

PROTECTION OF LOCAL ROADS
This project is adjacent to Veterans Memorial Boulevard (VMB); therefore, access to the project will be from VMB and crossing over the VMB sidewalk or other means upon written approval by the Engineer. The contractor shall protect VMB and the sidewalk to minimize damage to VMB. The contractor shall be responsible for all damages to VMB as a result of their employees, subcontractors, or suppliers not complying with this restriction. The contractor shall repair all damaged roadway features, including but not limited to the sidewalk, drainage structure, and underground and above-ground utilities at no expense to the County, to the pre-construction conditions.

SUBMITTAL OF SHOP DRAWINGS
Shop drawings are required as set forth in the Plans. Payment will not be made for these work items until the Engineer receives, reviews, and approves shop drawings.

WATER
No bid item is provided for water. The cost of providing water shall be included in the unit price for work that requires it.

ALLOWANCES
Included within the Bid Schedule is the bid item CC-1000: Roadway Allowance (Allowance) for various elements of the work that, although engineered, unforeseen conditions may occur, some of a public health and safety nature. The County has determined Allowance and considers it a reasonable budgetary estimate to promptly manage unforeseen conditions, including public health and safety. Upon approval by the County, Allowance may be used by the Engineer to pay costs and expenses associated with the categories indicated below:

Bid Allowances:

Roadway Allowance $50,000.00

- Staked Silt Fence
- Barrier Wall (14' H), Includes Foundation and Paint
- Fencing, Type B, 8' Black Chain Link, Vinyl Coating (Complete)
- Performance Turf, (Sod)

CAO

MAINTENANCE OF TRAFFIC
The contractor is responsible for the preparation of the Traffic Control Plans. All maintenance of traffic (MOT) shall conform to FDOT Standard Index 600. Contractors shall submit complete MOT plans 21 days prior to construction for County and CEI approval. All MOT-related costs shall be included under Pay Item 102-1.

UTILITY
There are utilities within the project limits. The Contractor shall visually verify all potential utility conflicts prior to starting the wall shaft work. The Contractor shall design the wall shaft spacing to mitigate these potential conflicts.

Should any utility be damaged, the contractor shall be responsible for all repairs including the need for both on-site and off-site pumper trucks.

CONSTRUCTION ACCESS
Means and methods for construction access to the site shall remain the Contractor's responsibility.

All disturbed areas outside of the areas shown in the plans shall be restored back to the pre-construction conditions prior to Final Construction Acceptance.

AS-BUILT/RECORD DRAWINGS
As-Built/Record Drawings are to be provided to the County's Project Manager within thirty (30) days of substantial project completion. One copy in the following formats: PDF, AutoCAD, and a hard copy.

When changes to the plans are required after contract award, all final drawings, specifications, plans, surveys, reports, computation books, or documents shall be issued by a responsible Florida Professional Engineer, Licensed Architect and/or Florida –licensed Surveyor and must be signed, dated, and stamped with the engineer's and/or Surveyor's seal as applicable. The Professional Engineer and/or Licensed Surveyor may be part of the contractor's staff or the Engineer of Record for the contract plans. The Engineer of record must be notified of all revisions and/or modifications made to the contract documents. AND

During the wall construction process, all shaft tip elevations shall be included as part of the as-built documents. These records provide critical information necessary for future inspection, maintenance, emergency management, enhancement, reconstruction, and/or demolition of these structures. These records shall be delivered to the Owner's representative at the completion of the project and prior to final payment to the contractor.

- The Contractor and his Florida Registered Professional Surveyor and Mapper (P.S.M.) are responsible for the Project's As-Built/Record Drawings unless otherwise specified within the Technical Plans and Specifications.

- Prior to construction commencement, the Contractor **shall** meet with the Design Professional and P.S.M. to determine the Project's critical points to the final As-Builts. The Contractor **shall** also coordinate with the Design Professional and P.S.M. to facilitate measurement at those critical Project points.

CAO

- The Contractor's Final Payment **shall** be withheld pending the Design Professional and P.S.M. Certification of the contracted improvements is per design.

- During the progress of the work the Contractor **shall** keep and maintain one (1) "Approved for Construction" copy of all project plans, drawings, specifications, and any addenda, written amendments, change orders, work directives orders, supplemental agreements, and other written interpretations and clarifications.

- It is suggested that there be an "Approved for Construction Ghosted Plan Set" for the Contractor's use. The Contractor **shall** also note to show updated construction deviations annotated in red line as well as any approved design changes authorized by the Design Professional. All deviations **shall** be initialed and dated by the Contractor.

- All survey information depicted on the As-Built Drawings **shall** be collected under the direct supervision of the P.S.M. in accordance with Florida Statute Chapters 177 and 472 and Chapter 61 G-17 of the Florida Administrative Code.

- All major shop drawings such as beams, beam bearing plates, lighting, retaining walls, structural steel components, and any temporary attachments left in place, shall also become part of the As-Built Drawings.

- For final inspection, an As-Built set (signed and sealed not required at this point) is needed to verify the fieldwork.

Executive Summary

Recommendation to approve and authorize the Chairman to execute a Local Agency Program (LAP) Agreement with the Florida Department of Transportation (FDOT) reimbursing the County up to $893,000 for the purchase and configuration of an Adaptive Traffic Control System (ATCS) to be installed at thirteen (13) intersections on Golden Gate Parkway, Santa Barbara Blvd., and Radio Road, execute a Resolution memorializing the Board's action, and authorize the necessary Budget Amendment FPN 446342-1-98-01. (Project 33934, Fund 1841)

OBJECTIVE: To purchase equipment and have vendor configure an Adaptive Traffic Control System (ATCS) to improve traffic flow at thirteen intersections along three arterial on Golden Gate Pkwy, Santa Barbara Blvd., and Radio Rd.

CONSIDERATIONS: In 2019, Collier County Traffic Operations submitted an application to the Collier Metropolitan Planning Organization (MPO) for funding for the ATCS. The project was included on the revised 2019 Congestion Management Project Priority list approved by the MPO Board at the October 11, 2019 meeting. The project appeared on the 2020 FDOT Work Program with $115,000 for design and $778,000 for construction. The County requested to combine funds for an equipment purchase which was approved by FDOT in July 2023 and reflected in the 2025 FDOT Work Program. On November 1, 2024, the Florida Department of Transportation (FDOT) sent the County the LAP agreement for FPN 446342-1-98-01. The LAP agreement provided for a project cost in the amount of $893,000 and specified a December 31, 2028, completion date.

The purpose of this system is to improve travel times along each arterial roadway and reduce delay for all approaches at each intersection.

Upon approval by the Board of this LAP Agreement, Traffic Operations Staff plan to procure the ATCS equipment, requisite accessories, maintenance, licensing and technical support.

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: A budget amendment is required to recognize grant revenue in the amount of $893,000 in Transportation Grant Fund (1841), Project 33934; the funding source is the Federal Highway Administration, whereby these grant dollars are passed through FDOT via the LAP agreement.

The ATCS components have a life span of 5 to 7 years. After that, ongoing maintenance costs for hardware, software, user licenses, technical support, and incidental component replacements will be incorporated into the regular Traffic Operations budget.

GROWTH MANAGEMENT IMPACT: These improvements are consistent with the Growth Management Plan Transportation Element, specifically Section C – Perspectives, 4. Funding of Roadway Improvements, Section D – Implementation Strategy, Objective 1: Policy 1.1, 1.2, 1.3; Objective 2 – Policy 2.1, 2.2; Objective 8 – Policy 8.1.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires a majority vote for Board approval. –DDP

RECOMMENDATIONS: To approve and authorize the Chairman to execute a Local Agency Program (LAP) Agreement with the Florida Department of Transportation (FDOT) reimbursing the County up to $893,000 for the purchase and configuration of an Adaptive Traffic Control System (ATCS) to be installed at thirteen (13) intersections on Golden Gate Parkway, Santa Barbara Blvd., and Radio Road, execute a Resolution memorializing the Board's action; and authorize the necessary Budget Amendment FPN 446342-1-98-01. (Project 33934, Fund 1841).

Catalog of Federal Domestic Assistance (CFDA): 20.205 Highway Planning and Construction

THIS LOCAL AGENCY PROGRAM AGREEMENT ("Agreement"), is entered into on _____, by and between the State of Florida Department of Transportation, an agency
(This date to be entered by DOT only)
of the State of Florida ("Department"), and Collier County ("Recipient").

NOW, THEREFORE, in consideration of the mutual benefits to be derived from joint participation on the Project, the Parties agree to the following:

1. **Authority:** The Department is authorized to enter into this Agreement pursuant to Section 339.12, Florida Statutes. The Recipient by Resolution or other form of official authorization, a copy of which is attached as **Exhibit "D"** and made a part of this Agreement, has authorized its officers to execute this Agreement on its behalf.

2. **Purpose of Agreement:** The purpose of this Agreement is to provide for the Department's participation in the equipment purchase of thirteen adapative Traffic Control Systems (ATCS) that will be installed on thirteen signalized intersections along Santa Barbara and Golden Gate Pkwy, as further described in **Exhibit "A",** Project Description and Responsibilities attached to and incorporated in this Agreement ("Project"), to provide Department financial assistance to the Recipient; state the terms and conditions upon which Department funds will be provided; and to set forth the manner in which the Project will be undertaken and completed.

3. **Term of Agreement:** The Recipient agrees to complete the Project on or before 12/31/2028. If the Recipient does not complete the Project within this time period, this Agreement will expire on the last day of the scheduled completion as provided in this paragraph unless an extension of the time period is requested by the Recipient and granted in writing by the Department prior to the expiration of this Agreement. Expiration of this Agreement will be considered termination of the Project. The cost of any work performed after the term of this Agreement will not be reimbursed by the Department.

4. **Project Cost:**

   a. The estimated cost of the Project is $ 893,000.00 (Eight Hundred Ninety-Three Thousand Dollars). This amount is based upon the Schedule of Financial Assistance in **Exhibit "B"**, attached to and incorporated in this Agreement. **Exhibit "B"** may be modified by mutual execution of an amendment as provided for in paragraph 5.i.

   b. The Department agrees to participate in the Project cost up to the maximum amount of $893,000.00 (Eight Hundred Ninety-Three Thousand Dollars) and as more fully described in **Exhibit "B"**. This amount includes Federal-aid funds which are limited to the actual amount of Federal-aid participation. The Department's participation may be increased or reduced upon determination of the actual bid amounts of the Project by the mutual execution of an amendment. The Recipient agrees to bear all expenses in excess of the total cost of the Project and any deficits incurred in connection with the completion of the Project.

   c. Project costs eligible for Department participation will be allowed only from the date of this Agreement. It is understood that Department participation in eligible Project costs is subject to:

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

i. Legislative approval of the Department's appropriation request in the work program year that the Project is scheduled to be committed;

ii. Availability of funds as stated in paragraphs 5.l. and 5.m. of this Agreement;

iii. Approval of all plans, specifications, contracts or other obligating documents and all other terms of this Agreement; and

iv. Department approval of the Project scope and budget at the time appropriation authority becomes available.

5. Requisitions and Payments

a. The Recipient shall provide quantifiable, measurable, and verifiable units of deliverables. Each deliverable must specify the required minimum level of service to be performed and the criteria for evaluating successful completion. The Project and the quantifiable, measurable, and verifiable units of deliverables are described more fully in **Exhibit "A"**.

b. Invoices shall be submitted by the Recipient in detail sufficient for a proper pre-audit and post-audit based on the quantifiable, measurable and verifiable units of deliverables as established in **Exhibit "A"**. Deliverables must be received and accepted in writing by the Department's Project Manager prior to payments. Requests for reimbursement by the Recipient shall include an invoice, progress report and supporting documentation for the period of services being billed that are acceptable to the Department. The Recipient shall use the format for the invoice and progress report that is approved by the Department.

c. The Recipient shall charge to the Project account all eligible costs of the Project except costs agreed to be borne by the Recipient or its contractors and subcontractors. Costs in excess of the programmed funding or attributable to actions which have not received the required approval of the Department shall not be considered eligible costs. All costs charged to the Project, including any approved services contributed by the Recipient or others, shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of the charges.

d. Supporting documentation must establish that the deliverables were received and accepted in writing by the Recipient and must also establish that the required minimum level of service to be performed based on the criteria for evaluating successful completion as specified in **Exhibit "A"** was met. All costs invoiced shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of charges as described in **Exhibit "F",** Contract Payment Requirements.

e. Bills for travel expenses specifically authorized in this Agreement shall be submitted on the Department's Contractor Travel Form No. 300-000-06 and will be paid in accordance with Section 112.061, Florida Statutes and the most current version of the Disbursement Handbook for Employees and Managers.

f. Payment shall be made only after receipt and approval of goods and services unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes or the Department's Comptroller under Section 334.044(29), Florida Statutes.

☐ If this box is selected, advance payment is authorized for this Agreement and **Exhibit "H"**, Alternative Advance Payment Financial Provisions is attached and incorporated into this Agreement.

If the Department determines that the performance of the Recipient is unsatisfactory, the Department shall notify the Recipient of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Recipient shall, within thirty (30) days after notice from the Department, provide the Department with a corrective action plan describing how the Recipient will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels,

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the Recipient will not be reimbursed to the extent of the non-performance. The Recipient will not be reimbursed until the Recipient resolves the deficiency. If the deficiency is subsequently resolved, the Recipient may bill the Department for the unpaid reimbursement request(s) during the next billing period. If the Recipient is unable to resolve the deficiency, the funds shall be forfeited at the end of the Agreement's term.

g. Agencies providing goods and services to the Department should be aware of the following time frames. Inspection and approval of goods or services shall take no longer than 20 days from the Department's receipt of the invoice. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the latter of the date the invoice is received or the goods or services are received, inspected, and approved.

If a payment is not available within 40 days, a separate interest penalty at a rate as established pursuant to ***Section 55.03(1), F.S.***, will be due and payable, in addition to the invoice amount, to the Recipient. Interest penalties of less than one (1) dollar will not be enforced unless the Recipient requests payment. Invoices that have to be returned to an Recipient because of Recipient preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.

h. The Recipient shall maintain an accounting system or separate accounts to ensure funds and projects are tracked separately. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred include the Recipient's general accounting records and the project records, together with supporting documents and records, of the contractor and all subcontractors performing work on the project, and all other records of the Contractor and subcontractors considered necessary by the Department for a proper audit of costs.

i. Prior to the execution of this Agreement, a Project schedule of funding shall be prepared by the Recipient and approved by the Department. The Recipient shall maintain said schedule of funding, carry out the Project, and shall incur obligations against and make disbursements of Project funds only in conformity with the latest approved schedule of funding for the Project. The schedule of funding may be revised by execution of a Local Agency Program ("LAP") Supplemental Agreement between the Department and the Recipient. The Recipient acknowledges and agrees that funding for this project may be reduced upon determination of the Recipient's contract award amount.

j. If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement which it has with the Recipient owing such amount if, upon demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.

k. The Recipient must submit the final invoice on the Project to the Department within 120 days after the completion of the Project. Invoices submitted after the 120-day time period may not be paid.

l. The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. If the Department's funding for this Project is in multiple fiscal years, funds approval from the Department's Comptroller must be received each fiscal year prior to costs being incurred. See **Exhibit "B"** for funding levels by fiscal year. Project costs utilizing these fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Recipient, in writing, when funds are available.

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

m. In the event this Agreement is in excess of $25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

> "The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of $25,000 and which have a term for a period of more than 1 year."

6. Department Payment Obligations:

Subject to other provisions of this Agreement, the Department will honor requests for reimbursement to the Recipient pursuant to this Agreement. However, notwithstanding any other provision of this Agreement, the Department may elect by notice in writing not to make a payment if:

a. The Recipient shall have made misrepresentation of a material nature in its application, or any supplement or amendment to its application, or with respect to any document or data furnished with its application or pursuant to this Agreement;

b. There is any pending litigation with respect to the performance by the Recipient of any of its duties or obligations which may jeopardize or adversely affect the Project, the Agreement or payments to the Project;

c. The Recipient shall have taken any action pertaining to the Project which, under this Agreement, requires the approval of the Department or has made a related expenditure or incurred related obligations without having been advised by the Department that same are approved;

d. There has been any violation of the conflict of interest provisions contained in paragraph 14.f.; or

e. The Recipient has been determined by the Department to be in default under any of the provisions of the Agreement.

The Department may suspend or terminate payment for that portion of the Project which the Federal Highway Administration ("FHWA"), or the Department acting in lieu of FHWA, may designate as ineligible for Federal-aid.

In determining the amount of the payment, the Department will exclude all Project costs incurred by the Recipient prior to the Department's issuance of a Notice to Proceed ("NTP"), costs incurred after the expiration of the Agreement, costs which are not provided for in the latest approved schedule of funding in **Exhibit "B"** for the Project, costs agreed to be borne by the Recipient or its contractors and subcontractors for not meeting the Project commencement and final invoice time lines, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department.

7. General Requirements:

The Recipient shall complete the Project with all practical dispatch, in a sound, economical, and efficient manner, and in accordance with the provisions in this Agreement, and all applicable laws. The Project will be performed in accordance with all applicable Department procedures, guidelines, manuals, standards, and directives as described in the Department's **Local Agency Program Manual** (FDOT Topic No. 525-010-300), which by this reference is made a part of this Agreement. Time is of the essence as to each and every obligation under this Agreement.

a. A full time employee of the Recipient, qualified to ensure that the work being pursued is complete, accurate, and consistent with the terms, conditions, and specifications of this Agreement shall be in responsible charge of the Project, which employee should be able to perform the following duties and functions:

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

i. Administers inherently governmental project activities, including those dealing with cost, time, adherence to contract requirements, construction quality and scope of Federal-aid projects;

ii. Maintains familiarity of day to day Project operations, including Project safety issues;

iii. Makes or participates in decisions about changed conditions or scope changes that require change orders or supplemental agreements;

iv. Visits and reviews the Project on a frequency that is commensurate with the magnitude and complexity of the Project;

v. Reviews financial processes, transactions and documentation to ensure that safeguards are in place to minimize fraud, waste, and abuse;

vi. Directs Project staff, agency or consultant, to carry out Project administration and contract oversight, including proper documentation;

vii. Is aware of the qualifications, assignments and on-the-job performance of the Recipient and consultant staff at all stages of the Project.

b. Once the Department issues the NTP for the Project, the Recipient shall be obligated to submit an invoice or other request for reimbursement to the Department no less than once every 90 days (quarterly), beginning from the day the NTP is issued. If the Recipient fails to submit quarterly invoices to the Department, and in the event the failure to timely submit invoices to the Department results in the FHWA removing any unbilled funding or the loss of state appropriation authority (which may include the loss of state and federal funds, if there are state funds programmed to the Project), then the Recipient will be solely responsible to provide all funds necessary to complete the Project and the Department will not be obligated to provide any additional funding for the Project. The Recipient waives the right to contest such removal of funds by the Department, if the removal is related to FHWA's withdrawal of funds or if the removal is related to the loss of state appropriation authority. In addition to the loss of funding for the Project, the Department will also consider the de-certification of the Recipient for future LAP Projects. No cost may be incurred under this Agreement until after the Recipient has received a written NTP from the Department. The Recipient agrees to advertise or put the Project out to bid thirty (30) days from the date the Department issues the NTP to advertise the Project. If the Recipient is not able to meet the scheduled advertisement, the Department District LAP Administrator should be notified as soon as possible.

c. If all funds are removed from the Project, including amounts previously billed to the Department and reimbursed to the Recipient, and the Project is off the State Highway System, then the Department will have to request repayment for the previously billed amounts from the Recipient. No state funds can be used on off-system projects, unless authorized pursuant to **Exhibit "I",** State Funds Addendum, which will be attached to and incorporated in this Agreement in the event state funds are used on the Project.

d. In the event that any election, referendum, approval, permit, notice or other proceeding or authorization is required under applicable law to enable the Recipient to enter into this Agreement or to undertake the Project or to observe, assume or carry out any of the provisions of the Agreement, the Recipient will initiate and consummate, as provided by law, all actions necessary with respect to any such matters.

e. The Recipient shall initiate and prosecute to completion all proceedings necessary, including Federal-aid requirements, to enable the Recipient to provide the necessary funds for completion of the Project.

f. The Recipient shall submit to the Department such data, reports, records, contracts, and other documents relating to the Project as the Department and FHWA may require. The Recipient shall make such submissions using Department-designated information systems.

g. Federal-aid funds shall not participate in any cost which is not incurred in conformity with applicable federal and state laws, the regulations in 23 Code of Federal Regulations (C.F.R.) and 49 C.F.R., and policies and procedures prescribed by the Division Administrator of FHWA. Federal funds shall not be paid on account

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

of any cost incurred prior to authorization by FHWA to the Department to proceed with the Project or part thereof involving such cost (23 C.F.R. 1.9 (a)). If FHWA or the Department determines that any amount claimed is not eligible, federal participation may be approved in the amount determined to be adequately supported and the Department shall notify the Recipient in writing citing the reasons why items and amounts are not eligible for federal participation. Where correctable non-compliance with provisions of law or FHWA requirements exists federal funds may be withheld until compliance is obtained. Where non-compliance is not correctable, FHWA or the Department may deny participation in parcel or Project costs in part or in total. For any amounts determined to be ineligible for federal reimbursement for which the Department has advanced payment, the Recipient shall promptly reimburse the Department for all such amounts within 90 days of written notice.

h. For any project requiring additional right-of-way, the Recipient must submit to the Department an annual report of its real property acquisition and relocation assistance activities on the project. Activities shall be reported on a federal fiscal year basis, from October 1 through September 30. The report must be prepared using the format prescribed in 49 C.F.R. Part 24, Appendix B, and be submitted to the Department no later than October 15 of each year.

8. Audit Reports:

The administration of resources awarded through the Department to the Recipient by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of federal awards or limit the authority of any state agency inspector general, the State of Florida Auditor General, or any other state official. The Recipient shall comply with all audit and audit reporting requirements as specified below.

a. In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include, but not be limited to, on-site visits by Department staff and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to federal awards provided through the Department by this Agreement. By entering into this Agreement, the Recipient agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department, State of Florida Chief Financial Officer ("CFO"), or State of Florida Auditor General.

b. The Recipient, a non-federal entity as defined by 2 CFR Part 200, as a subrecipient of a federal award awarded by the Department through this Agreement is subject to the following requirements:

i. In the event the Recipient expends a total amount of federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the Recipient must have a federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. **Exhibit "E"** to this Agreement provides the required federal award identification information needed by the Recipient to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining federal awards expended in a fiscal year, the Recipient must consider all sources of federal awards based on when the activity related to the federal award occurs, including the federal award provided through the Department by this Agreement. The determination of amounts of federal awards expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.

ii. In connection with the audit requirements, the Recipient shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

iii. In the event the Recipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in federal awards, the Recipient is exempt from federal audit requirements for that fiscal year. However, the Recipient must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the Recipient's audit period for each applicable audit year. In the event the Recipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-federal resources (*i.e.*, the cost of such an audit must be paid from the Recipient's resources obtained from other than federal entities).

iv. The Recipient must electronically submit to the Federal Audit Clearinghouse ("FAC") at https://harvester.census.gov/facweb/ the audit reporting package as required by 2 CFR Part 200, Subpart F – Audit Requirements, within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements, and this Agreement. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.

v. Within six months of acceptance of the audit report by the FAC, the Department will review the Recipient's audit reporting package, including corrective action plans and management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the federal award provided through the Department by this Agreement. If the Recipient fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:

1. Temporarily withhold cash payments pending correction of the deficiency by the Recipient or more severe enforcement action by the Department;
2. Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
3. Wholly or partly suspend or terminate the federal award;
4. Initiate suspension or debarment proceedings as authorized under 2 C.F.R. Part 180 and federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the federal awarding agency);
5. Withhold further federal awards for the Project or program;
6. Take other remedies that may be legally available.

vi. As a condition of receiving this federal award, the Recipient shall permit the Department or its designee, the CFO, or State of Florida Auditor General access to the Recipient's records including financial statements, the independent auditor's working papers, and project records as necessary. Records related to unresolved audit findings, appeals, or litigation shall be retained until the action is complete or the dispute is resolved.

vii. The Department's contact information for requirements under this part is as follows:

Office of Comptroller, MS 24
605 Suwannee Street
Tallahassee, Florida 32399-0450
FDOTSingleAudit@dot.state.fl.us

c. The Recipient shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of five years from the date the audit report is issued and shall allow the Department or its designee, the CFO, or State of Florida Auditor General access to such records upon request. The Recipient shall ensure that the audit working papers are made available to the Department or its designee, the CFO, or State of Florida Auditor General upon request for a period of five years from the date the audit report is issued, unless extended in writing by the Department.

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

9. Termination or Suspension of Project:

The Department may, by written notice to the Recipient, suspend any or all of the Department's obligations under this Agreement for the Recipient's failure to comply with applicable law or the terms of this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected.

a. If the Department intends to terminate the Agreement, the Department shall notify the Recipient of such termination in writing at least thirty (30) days prior to the termination of the Agreement, with instructions to the effective date of termination or specify the stage of work at which the Agreement is to be terminated.

b. The Parties to this Agreement may terminate this Agreement when its continuation would not produce beneficial results commensurate with the further expenditure of funds. In this event, the Parties shall agree upon the termination conditions.

c. If the Agreement is terminated before performance is completed, the Recipient shall be paid only for that work satisfactorily performed for which costs can be substantiated. Such payment, however, may not exceed the equivalent percentage of the Department's maximum financial assistance. If any portion of the Project is located on the Department's right-of-way, then all work in progress on the Department right-of-way will become the property of the Department and will be turned over promptly by the Recipient.

d. In the event the Recipient fails to perform or honor the requirements and provisions of this Agreement, the Recipient shall promptly refund in full to the Department within thirty (30) days of the termination of the Agreement any funds that were determined by the Department to have been expended in violation of the Agreement.

e. The Department reserves the right to unilaterally cancel this Agreement for failure by the Recipient to comply with the Public Records provisions of Chapter 119, Florida Statutes.

10. Contracts of the Recipient:

a. Except as otherwise authorized in writing by the Department, the Recipient shall not execute any contract or obligate itself in any manner requiring the disbursement of Department funds, including consultant or construction contracts or amendments thereto, with any third party with respect to the Project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department. The Department specifically reserves the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of such consultant or contractor.

b. It is understood and agreed by the parties to this Agreement that participation by the Department in a project with the Recipient, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the Recipient's complying in full with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act, the federal Brooks Act, 23 C.F.R. 172, and 23 U.S.C. 112. At the discretion of the Department, the Recipient will involve the Department in the consultant selection process for all projects funded under this Agreement. In all cases, the Recipient shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act and the federal Brooks Act.

c. The Recipient shall comply with, and require its consultants and contractors to comply with applicable federal law pertaining to the use of Federal-aid funds. The Recipient shall comply with the provisions in the FHWA-1273 form as set forth in **Exhibit "G",** FHWA 1273 attached to and incorporated in this Agreement. The Recipient shall include FHWA-1273 in all contracts with contractors performing work on the Project.

d. The Recipient shall require its consultants and contractors to take emergency steps to close any public road whenever there is a risk to life, health and safety of the travelling public. The safety of the travelling public is the Department's first priority for the Recipient. If lane or road closures are required by the LA to ensure the life, health, and safety of the travelling public, the LA must notify the District Construction Engineer and District Traffic Operations Engineer immediately once the travelling public are not at imminent risk. The Department expects professional engineering judgment be applied in all aspects of locally

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

delivered projects. Defect management and supervision of LAP project structures components must be proactively managed, monitored, and inspected by department prequalified structures engineer(s). The District Construction Engineer must be notified immediately of defect monitoring that occurs in LAP project construction, whether or not the defects are considered an imminent risk to life, health, or safety of the travelling public. When defects, including but not limited to, structural cracks, are initially detected during bridge construction, the engineer of record, construction engineering inspector, design-build firm, or local agency that owns or is responsible for the bridge construction has the authority to immediately close the bridge to construction personnel and close the road underneath. The LA shall also ensure compliance with the CPAM, Section 9.1.8 regarding actions for maintenance of traffic and safety concerns.

11. Disadvantaged Business Enterprise (DBE) Policy and Obligation:

It is the policy of the Department that DBE's, as defined in 49 C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with Department funds under this Agreement. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement.

The Recipient and its contractors agree to ensure that DBE's have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBE's have the opportunity to compete for and perform contracts. The Recipient and its contractors and subcontractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

12. Compliance with Conditions and Laws:

The Recipient shall comply and require its contractors and subcontractors to comply with all terms and conditions of this Agreement and all federal, state, and local laws and regulations applicable to this Project. Execution of this Agreement constitutes a certification that the Recipient is in compliance with, and will require its contractors and subcontractors to comply with, all requirements imposed by applicable federal, state, and local laws and regulations, including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions," in 49 C.F.R. Part 29, and 2 C.F.R. Part 200 when applicable.

13. Performance Evaluations:

Recipients are evaluated on a project-by-project basis. The evaluations provide information about oversight needs and provide input for the recertification process. Evaluations are submitted to the Recipient's person in responsible charge or designee as part of the Project closeout process. The Department provides the evaluation to the Recipient no more than 30 days after final acceptance.

a. Each evaluation will result in one of three ratings. A rating of Unsatisfactory Performance means the Recipient failed to develop the Project in accordance with applicable federal and state regulations, standards and procedures, required excessive District involvement/oversight, or the Project was brought in-house by the Department. A rating of Satisfactory Performance means the Recipient developed the Project in accordance with applicable federal and state regulations, standards and procedures, with minimal District involvement/oversight. A rating of Above Satisfactory Performance means the Recipient developed the Project in accordance with applicable federal and state regulations, standards and procedures, and the Department did not have to exceed the minimum oversight and monitoring requirements identified for the project.

b. The District will determine which functions can be further delegated to Recipients that continuously earn Satisfactory and Above Satisfactory evaluations.

14. Restrictions, Prohibitions, Controls, and Labor Provisions:

During the performance of this Agreement, the Recipient agrees as follows, and agrees to require its contractors and subcontractors to include in each subcontract the following provisions:

a. The Recipient will comply with all the requirements imposed by Title VI of the Civil Rights Act of 1964, the regulations of the U.S. Department of Transportation issued thereunder, and the assurance by the Recipient pursuant thereto. The Recipient shall include the attached **Exhibit "C",** Title VI Assurances in all contracts

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

with consultants and contractors performing work on the Project that ensure compliance with Title VI of the Civil Rights Act of 1964, 49 C.F.R. Part 21, and related statutes and regulations.

b. The Recipient will comply with all the requirements as imposed by the ADA, the regulations of the Federal Government issued thereunder, and assurance by the Recipient pursuant thereto.

c. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

d. In accordance with Section 287.134, Florida Statutes, an entity or affiliate who has been placed on the Discriminatory Vendor List, kept by the Florida Department of Management Services, may not submit a bid on a contract to provide goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity.

e. An entity or affiliate who has had its Certificate of Qualification suspended, revoked, denied or have further been determined by the Department to be a non-responsible contractor may not submit a bid or perform work for the construction or repair of a public building or public work on a contract with the Recipient.

f. Neither the Recipient nor any of its contractors or their subcontractors shall enter into any contract, subcontract or arrangement in connection with the Project or any property included or planned to be included in the Project in which any member, officer or employee of the Recipient or the locality during tenure or for 2 years thereafter has any interest, direct or indirect. If any such present or former member, officer or employee involuntarily acquires or had acquired prior to the beginning of tenure any such interest, and if such interest is immediately disclosed to the Recipient, the Recipient, with prior approval of the Department, may waive the prohibition contained in this paragraph provided that any such present member, officer or employee shall not participate in any action by the Recipient or the locality relating to such contract, subcontract or arrangement. The Recipient shall insert in all contracts entered into in connection with the Project or any property included or planned to be included in any Project, and shall require its contractors to insert in each of their subcontracts, the following provision:

"No member, officer or employee of the Recipient or of the locality during his tenure or for 2 years thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."

The provisions of this paragraph shall not be applicable to any agreement between the Recipient and its fiscal depositories or to any agreement for utility services the rates for which are fixed or controlled by a governmental agency.

g. No member or delegate to the Congress of the United States shall be admitted to any share or part of this Agreement or any benefit arising therefrom.

15. Indemnification and Insurance:

a. It is specifically agreed between the parties executing this Agreement that it is not intended by any of the provisions of any part of this Agreement to create in the public or any member thereof, a third-party beneficiary under this Agreement, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement. The Recipient guarantees the payment of all just claims for materials, supplies, tools, or labor and other just claims against the Recipient or any subcontractor, in connection with this Agreement.

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

b. To the extent provided by law, Recipient shall indemnify, defend, and hold harmless the Department against any actions, claims, or damages arising out of, relating to, or resulting from negligent or wrongful act(s) of Recipient, or any of its officers, agents, or employees, acting within the scope of their office or employment, in connection with the rights granted to or exercised by Recipient hereunder, to the extent and within the limitations of Section 768.28, Florida Statutes. The foregoing indemnification shall not constitute a waiver of the Department's or Recipient's sovereign immunity beyond the limits set forth in Florida Statutes, Section 768.28, nor shall the same be construed to constitute agreement by Recipient to indemnify the Department for the negligent acts or omissions of the Department, its officers, agents, or employees, or for the acts of third parties. Nothing herein shall be construed as consent by Recipient to be sued by third parties in any manner arising out of this Agreement. This indemnification shall survive the termination of this Agreement.

c. Recipient agrees to include the following indemnification in all contracts with contractors, subcontractors, consultants, or subconsultants (each referred to as "Entity" for the purposes of the below indemnification) who perform work in connection with this Agreement:

"To the extent provided by law, [ENTITY] shall indemnify, defend, and hold harmless the [RECIPIENT] and the State of Florida, Department of Transportation, including the Department's officers, agents, and employees, against any actions, claims, or damages arising out of, relating to, or resulting from negligent or wrongful act(s) of [ENTITY], or any of its officers, agents, or employees, acting within the scope of their office or employment, in connection with the rights granted to or exercised by [ENTITY].

The foregoing indemnification shall not constitute a waiver of the Department's or [RECIPIENT']'s sovereign immunity beyond the limits set forth in Florida Statutes, Section 768.28. Nor shall the same be construed to constitute agreement by [ENTITY] to indemnify [RECIPIENT] for the negligent acts or omissions of [RECIPIENT], its officers, agents, or employees, or third parties. Nor shall the same be construed to constitute agreement by [ENTITY] to indemnify the Department for the negligent acts or omissions of the Department, its officers, agents, or employees, or third parties. This indemnification shall survive the termination of this Agreement."

d. The Recipient shall, or cause its contractor or consultant to carry and keep in force, during the term of this Agreement, a general liability insurance policy or policies with a company or companies authorized to do business in Florida, affording public liability insurance with combined bodily injury limits of at least $200,000 per person and $300,000 each occurrence, and property damage insurance of at least $200,000 each occurrence, for the services to be rendered in accordance with this Agreement. The Recipient shall also, or cause its contractor or consultant to carry and keep in force Workers' Compensation Insurance as required by the State of Florida under the Workers' Compensation Law. With respect to any general liability insurance policy required pursuant to this Agreement, all such policies shall be issued by companies licensed to do business in the State of Florida. The Recipient shall provide to the Department certificates showing the required coverage to be in effect with endorsements showing the Department to be an additional insured prior to commencing any work under this Agreement. Policies that include Self Insured Retention will not be accepted. The certificates and policies shall provide that in the event of any material change in or cancellation of the policies reflecting the required coverage, thirty days advance notice shall be given to the Department or as provided in accordance with Florida law.

16. Maintenance Obligations: In the event the Project includes construction then the following provisions are incorporated into this Agreement:

a. The Recipient agrees to maintain any portion of the Project not located on the State Highway System constructed under this Agreement for its useful life. If the Recipient constructs any improvement on Department right-of-way, the Recipient

☒ shall

☐ shall not

☐ N/A

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

maintain the improvements located on the Department right-of-way for their useful life. If the Recipient is required to maintain Project improvements located on the Department right-of-way beyond final acceptance, then Recipient shall, prior to any disbursement of the state funding provided under this Agreement, also execute a Maintenance Memorandum of Agreement in a form that is acceptable to the Department. The Recipient has agreed to the foregoing by resolution, and such resolution is attached and incorporated into this Agreement as **Exhibit "D"**. This provision will survive termination of this Agreement.

17. Miscellaneous Provisions:

a. The Recipient will be solely responsible for compliance with all applicable environmental regulations, for any liability arising from non-compliance with these regulations, and will reimburse the Department for any loss incurred in connection therewith. The Recipient will be responsible for securing any applicable permits. The Recipient shall include in all contracts and subcontracts for amounts in excess of $150,000, a provision requiring compliance with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387).

b. The Department shall not be obligated or liable hereunder to any individual or entity not a party to this Agreement.

c. In no event shall the making by the Department of any payment to the Recipient constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist on the part of the Recipient and the making of such payment by the Department, while any such breach or default shall exist, shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.

d. If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance, the remainder would then continue to conform to the terms and requirements of applicable law.

e. By execution of the Agreement, the Recipient represents that it has not paid and, also agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.

f. Nothing in the Agreement shall require the Recipient to observe or enforce compliance with any provision or perform any act or do any other thing in contravention of any applicable state law. If any of the provisions of the Agreement violate any applicable state law, the Recipient will at once notify the Department in writing in order that appropriate changes and modifications may be made by the Department and the Recipient to the end that the Recipient may proceed as soon as possible with the Project.

g. In the event that this Agreement involves constructing and equipping of facilities, the Recipient shall submit to the Department for approval all appropriate plans and specifications covering the Project. The Department will review all plans and specifications and will issue to the Recipient a written approval with any approved portions of the Project and comments or recommendations covering any remainder of the Project deemed appropriate. After resolution of these comments and recommendations to the Department's satisfaction, the Department will issue to the Recipient a written approval with said remainder of the Project. Failure to obtain this written approval shall be sufficient cause of nonpayment by the Department.

h. Upon completion of right-of-way activities on the Project, the Recipient must certify compliance with all applicable federal and state requirements. Certification is required prior to authorization for advertisement for or solicitation of bids for construction of the Project, including if no right-of-way is required.

i. The Recipient will certify in writing, prior to Project closeout that the Project was completed in accordance with applicable plans and specifications, is in place on the Recipient's facility, adequate title is in the Recipient's name, and the Project is accepted by the Recipient as suitable for the intended purpose.

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

j. The Recipient agrees that no federally-appropriated funds have been paid, or will be paid by or on behalf of the Recipient, to any person for influencing or attempting to influence any officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan or cooperative agreement. If any funds other than federally-appropriated funds have been paid by the Recipient to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with this Agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. The Recipient shall require that the language of this paragraph be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. No funds received pursuant to this contract may be expended for lobbying the Legislature, the judicial branch or a state agency.

k. The Recipient may not permit the Engineer of Record to perform Construction, Engineering and Inspection services on the Project.

l. The Recipient shall comply with all applicable federal guidelines, procedures, and regulations. If at any time a review conducted by Department and or FHWA reveals that the applicable federal guidelines, procedures, and regulations were not followed by the Recipient and FHWA requires reimbursement of the funds, the Recipient will be responsible for repayment to the Department of all funds awarded under the terms of this Agreement.

m. The Recipient shall:

i. utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by Recipient during the term of the contract; and

ii. expressly require any contractor and subcontractors performing work or providing services pursuant to the state contract to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term.

n. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute the same Agreement. A facsimile or electronic transmission of this Agreement with a signature on behalf of a party will be legal and binding on such party.

o. The Parties agree to comply with s.20.055(5), Florida Statutes, and to incorporate in all subcontracts the obligation to comply with s.20.055(5), Florida Statutes.

p. If the Project is procured pursuant to Chapter 255, Florida Statutes, for construction services and the cost of the Project is to be paid from state-appropriated funds, then the Recipient must comply with the requirements of Section 255.0991, Florida Statutes.

18. Exhibits:

a. **Exhibits "A"**, **"B"**, **"C", "D"**, **"E"** and **"F"** are attached to and incorporated into this Agreement.

b. ☐ If this Project includes Phase 58 (construction) activities, then **Exhibit "G"**, FHWA FORM 1273, is attached and incorporated into this Agreement.

c. ☐ Alternative Advance Payment Financial Provisions are used on this Project. If an Alternative Pay Method is used on this Project, then **Exhibit "H"**, Alternative Advance Payment Financial Provisions, is attached and incorporated into this Agreement.

d. ☐ State funds are used on this Project. If state funds are used on this Project, then **Exhibit "I"**, State Funds Addendum, is attached and incorporated into this Agreement. **Exhibit "J"**, State Financial Assistance (Florida Single Audit Act), is attached and incorporated into this Agreement.

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

e. ☐ This Project utilizes Advance Project Reimbursement. If this Project utilizes Advance Project Reimbursement, then **Exhibit "K"**, Advance Project Reimbursement is attached and incorporated into this Agreement.

f. ☐ This Project includes funding for landscaping. If this Project includes funding for landscaping, then **Exhibit "L",** Landscape Maintenance, is attached and incorporated into this Agreement.

g. ☐ This Project includes funding for a roadway lighting system. If the Project includes funding for roadway lighting system, **Exhibit "M"**, Roadway Lighting Maintenance is attached and incorporated into this Agreement.

h. ☒ This Project includes funding for traffic signals and/or traffic signal systems. If this Project includes funding for traffic signals and/or traffic signals systems, **Exhibit "N"**, Traffic Signal Maintenance is attached and incorporated into this Agreement.

i. ☐ A portion or all of the Project will utilize Department right-of-way and, therefore, **Exhibit "O"**, Terms and Conditions of Construction in Department Right-of-Way, is attached and incorporated into this Agreement.

j. ☐ The following Exhibit(s) are attached and incorporated into this Agreement: _____

PROJECT DESCRIPTION AND RESPONSIBILITIES

FPN: 446342-1-98-01

This exhibit forms an integral part of the Agreement between the State of Florida, Department of Transportation and

Collier County (the Recipient)

PROJECT LOCATION:

☐ The project is on the National Highway System.

☐ The project is on the State Highway System.

PROJECT LENGTH AND MILE POST LIMITS: N/A

PROJECT DESCRIPTION: The equipment purchase of thirteen adapative Traffic Control Systems (ATCS) that will be installed on thirteen signalized intersections along Santa Barbara and Golden Gate Pkwy

SPECIAL CONSIDERATIONS BY RECIPIENT:

The Recipient is required to provide a copy of the design plans for the Department's review and approval to coordinate permitting with the Department, and notify the Department prior to commencement of any right-of-way activities.

The Recipient shall commence the project's activities subsequent to the execution of this Agreement and shall perform in accordance with the following schedule:

a) Advertise for bids or proposals on or before September 30, 2025
b) Receipt of all purchases and final project invoice by September 30, 2027 .
c) Complete all documentation and close out December 31, 2028 .

If this schedule cannot be met, the Recipient will notify the Department in writing with a revised schedule or the project is subject to the withdrawal of funding.

SPECIAL CONSIDERATIONS BY DEPARTMENT:
For all projects, the following will apply:
1) Section 287. 055, F. S. " Consultants Competitive Negotiation Act," when acquiring a consultant utilizing federal funds
2) FDOT" Project Development and Environmental Manual"
3) The Local Agency Program Manual. The Agency will be responsible for acquiring all required and applicable permits for the project for review and approval prior to construction.
Upon receipt of an invoice, the Department will have twenty, (20) working days to review and approve the goods and services submitted for payment.

TITLE VI ASSURANCES

During the performance of this contract, the consultant or contractor, for itself, its assignees and successors in interest (hereinafter collectively referred to as the "contractor") agrees as follows:

(1.) **Compliance with REGULATIONS:** The contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT") ***Title 49, Code of Federal Regulations, Part 21,*** as they may be amended from time to time, (hereinafter referred to as the ***REGULATIONS***), which are herein incorporated by reference and made a part of this contract.

(2.) **Nondiscrimination:** The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the basis of race, color, national origin, or sex in the selection and retention of sub-contractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by ***Section 21.5*** of the ***REGULATIONS,*** including employment practices when the contract covers a program set forth in ***Appendix B*** of the ***REGULATIONS.***

(3.) **Solicitations for Sub-contractors, including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under sub-contract, including procurements of materials or leases of equipment, each potential sub-contractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the ***REGULATIONS*** relative to nondiscrimination on the basis of race, color, national origin, or sex.

(4.) **Information and Reports:** The contractor shall provide all information and reports required by the ***REGULATIONS*** or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation* or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such ***REGULATIONS,*** orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to the *Florida Department of Transportation,* or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, or Federal Motor Carrier Safety Administration* as appropriate, and shall set forth what efforts it has made to obtain the information.

(5.) Sanctions for Noncompliance: In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, the Florida Department of Transportation shall impose such contract sanctions as it or the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, or

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

Federal Motor Carrier Safety Administration may determine to be appropriate, including, but not limited to:

a. withholding of payments to the contractor under the contract until the contractor complies, and/or

b. cancellation, termination or suspension of the contract, in whole or in part.

(6.) **Incorporation of Provisions:** The contractor shall include the provisions of paragraphs (1) through (7) in every sub-contract, including procurements of materials and leases of equipment, unless exempt by the ***REGULATIONS,*** or directives issued pursuant thereto. The contractor shall take such action with respect to any sub-contract or procurement as the *Florida Department of Transportation* or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, or Federal Motor Carrier Safety Administration* may direct as a means of enforcing such provisions including sanctions for noncompliance, provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the contractor may request the *Florida Department of Transportation* to enter into such litigation to protect the interests of the *Florida Department of Transportation,* and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

(7.) **Compliance with Nondiscrimination Statutes and Authorities**: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age); Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 -- 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration’s Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

CONTRACT PAYMENT REQUIREMENTS
Florida Department of Financial Services, Reference Guide for State Expenditures
Cost Reimbursement Contracts

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.

Listed below are types and examples of supporting documentation for cost reimbursement agreements:

Salaries: Timesheets that support the hours worked on the project or activity must be kept. A payroll register, or similar documentation should be maintained. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.

Fringe benefits: Fringe benefits should be supported by invoices showing the amount paid on behalf of the employee, e.g., insurance premiums paid. If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown. Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.

Travel: Reimbursement for travel must be in accordance with s. 112.061, F.S., which includes submission of the claim on the approved state travel voucher along with supporting receipts and invoices.

Other direct costs: Reimbursement will be made based on paid invoices/receipts and proof of payment processing (cancelled/processed checks and bank statements). If nonexpendable property is purchased using state funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with DMS Rule 60A-1.017, F.A.C., regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in s. 273.02, F.S., for subsequent transfer to the State.

Indirect costs: If the contract stipulates that indirect costs will be paid based on a specified rate, then the calculation should be shown. Indirect costs must be in the approved agreement budget and the entity must be able to demonstrate that the costs are not duplicated elsewhere as direct costs. All indirect cost rates must be evaluated for reasonableness and for allowability and must be allocated consistently.

EXHIBIT "N"

TRAFFIC SIGNAL MAINTENANCE

Paragraph 16. is modified to include the following provisions:

1. When the District Traffic Operations Engineer of the Department has served a request order on the Recipient, and the designated officer of the Recipient has favorably acknowledged the request order, the Recipient shall undertake the responsibilities to maintain and operate existing or new traffic signals and signal systems mentioned in the request order.

2. The proposed functional design and operation of new traffic signals and signal systems shall be reviewed by the Recipient in conjunction with the Department prior to installation. Such design and operation will be as energy efficient as possible.

3. The installation of signals or signal systems shall not endanger highway travel and shall be conducted in accordance with Part VI of the Manual on Uniform Traffic Control Devices (MUTCD), as amended, and with all applicable Department standards, specifications and plans governing traffic control for street and highway construction and maintenance.

4. The Recipient shall be responsible for the maintenance and continuous operation of the traffic signals and signal systems (central computer, cameras, message signs, and communications interconnect), school zone traffic control devices, intersection flashing beacons, illuminated street sign names, and the payment of electricity and electrical charges incurred in connection with the operation of such traffic signals and signal systems upon completion of their installation. In the case of construction contracts, the Recipient shall be responsible for the payment of electricity and electrical charges incurred in connection with the operation of the traffic signals and signal systems, and shall undertake the maintenance and continuous operation of said traffic signals and signal systems upon final acceptance of the installation by the Department. Repair or replacement and other responsibilities of the installation contractor and the Department, during the burn-in period between conditional and final acceptance, are contained in the most recent Department's Standard Specifications for Road and Bridge Construction.

5. The Recipient shall maintain and operate the traffic signals and signal systems in a manner that will ensure safe and efficient movement of highway traffic and that agree with maintenance practices prescribed by the International Municipal Signal Association (IMSA) and operational requirements of the MUTCD, as amended. The Recipient's maintenance responsibilities shall include, but not be limited to, preventive maintenance (periodic inspection, service, and routine repairs), and emergency maintenance (troubleshooting in the event of equipment malfunction, failure or damage). The Recipient shall record its maintenance activities in a traffic signal maintenance log which shall contain, as a minimum, traffic signal log details recommended by the IMSA.

6. The Recipient may remove any component of the installed equipment for repair; however, it shall not make any permanent modifications and/or equipment replacements unless the equipment provided is the same age or newer and is capable of performing the same functions. The Department shall not make any modifications and/or equipment replacements without prior written notice to the Recipient.

7. The Recipient shall set and maintain the timing and phasing of the traffic signals in accordance with the Department's timing and phasing plans, specifications or special provisions. The Recipient may make modifications in phasing of traffic signals and signal systems to accommodate changing needs of traffic provided prior written approval is obtained from the Department. Department approval shall be contingent upon an engineering report prepared by or for the Recipient in accordance with Section 1A.09, "Engineering Study and Engineering Judgment", of the MUTCD recommending such changes and signed and sealed by a qualified Professional Engineer licensed in the State of Florida. The Recipient may make changes in the signal timing provided these changes are made under the direction of a qualified Professional Engineer. The Recipient shall send a signed and sealed copy of the timings to the Department immediately after installation. The Department reserves the right to examine equipment, timing, and phasing at any time and, after consultation with the Recipient, may specify modifications. If the Department specifies modification in timing and/or phasing, implementation of such modifications shall be coordinated with, or made by the Recipient.

CAO

Docusign Envelope ID: 69BAA9C5-7D14-4686-80F5-99EE572B442D

8. The Recipient shall note in the maintenance log any timing and/or phasing changes and keep a copy of the timings and any approval documentation in a file.

9. The Recipient may enter into agreements with other parties pertaining to traffic signals and signal systems including, but not limited to, agreements relating to costs and expenses incurred in connection with the operation of traffic signals and signal systems on the State Highway System provided that such agreements are consistent with the mutual covenants contained in this Exhibit. The Recipient shall furnish a copy of such agreements to the Department.

10. This Exhibit shall remain in force during the life of the originally installed equipment and/or the life of any replacement equipment installed with the mutual consent of the parties hereto until superseded by a Traffic Signal Maintenance and Compensation Agreement between the Department and the Recipient.

CAO

RESOLUTION NO. 2025 - _____

A RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS, COLLIER COUNTY, FLORIDA, APPROVING AND AUTHORIZING ITS CHAIRMAN TO EXECUTE A LOCAL AGENCY PROGRAM AGREEMENT WITH THE STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION FOR GRANT FUNDING TO PURCHASE AND CONFIGURE AN ADAPTIVE TRAFFIC CONTROL SYSTEM (ATCS) TO BE INSTALLED AT THIRTEEN (13) INTERSECTIONS ON GOLDEN GATE PARKWAY, SANTA BARBARA BOULEVARD, AND RADIO ROAD. (FPN 446342-1-98-01)

WHEREAS, the State of Florida Department of Transportation (FDOT) is willing to enter into Local Agency Program Agreement (the "Agreement") with Collier County, wherein FDOT will reimburse Collier County up to the sum of $893,000 (Eight hundred ninety-three thousand and 00/100 Dollars) for the purchase and configuration of an Adaptive Traffic Control System (ATCS) to be installed at thirteen (13) intersections on Golden Gate Parkway, Santa Barbara Blvd., and Radio Road. (FPN 446342-1-98-01); and

WHEREAS, the Collier County Board of Commissioners finds that the Agreement is in the public interest and benefits the citizens of Collier County.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

1. The Board of County Commissioners approves and authorizes its Chairman to sign the Agreement pertaining to FPN 446342-1-98-01.
2. The Collier County Clerk is directed to forward a certified copy of this Resolution along with the Agreement for execution by FDOT.
3. This Resolution shall take effect immediately upon adoption.

THIS RESOLUTION ADOPTED after motion, second, and majority vote favoring same, this ___day of _____ 2025.

Executive Summary

Recommendation to approve and authorize the Chairman to sign a Supplemental Agreement to the Local Agency Program (LAP) Agreement with the Florida Department of Transportation (FDOT) to increase the grant award from $2,100,000 to $2,220,000 for road widening and paved shoulder construction on Corkscrew Rd between the Collier County curve and Lee County curve, to adopt the accompanying Resolution formally approving and authorizing the chairman to execute same, and to authorize the necessary Budget Amendments, FPN 446323-2-58-01. (Project 60233, Fund 1841)

OBJECTIVE: To construct 1.15 miles of road widening and 2-foot-wide paved shoulders on both sides of Corkscrew Rd from the Lee County curve to the Collier County curve, with funding assistance from the FDOT LAP Agreement.

CONSIDERATIONS: In 2012, County staff submitted the initial application to the Collier Metropolitan Planning Organization (MPO) for funding of the Corkscrew Rd safety improvement project. County staff re-applied in 2019, with the project being identified on the MPO's Project Priority Highway Safety list. In 2020, the project was added to the FDOT Work Program for construction for FY23/24 in the amount of $1,200,000.

In August 2023, a request for additional funding was made to FDOT to offset rising construction costs. In late October, the County was informed that $900,000 in additional funds had been provided by Lee County MPO to construct the project, which is a priority to both MPO's.

On May 28, 2024, the Board approved an FDOT Local Agency Program (LAP) Agreement for construction with FDOT, Resolution No. 2024-93, in the amount of $2,100,000. Since the submittal of the application, construction costs have continued to rise. FDOT has agreed to provide $120,000 in additional construction funding for this project.

FDOT is empowered by legislative authority to contract with other governmental agencies to develop, design, and construct transportation facilities and to reimburse these governmental agencies for services provided to the traveling public. The FDOT LAP, administered at the FDOT district level, is the mechanism used to complete a prioritized project from FDOT's Five-Year Work Program. Collier County is LAP-certified, and the Transportation Management Services Department staff will be responsible for the administration of the project's construction phase. County staff will be responsible for ensuring federal and FDOT grant compliance.

The estimated useful life of paved shoulders is 15 years with minimal to no repair cost during the duration of time.

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: A budget amendment is required to recognize additional grant revenue in the amount of $120,000 in Transportation Grant Fund 1841, Project 60233 for Construction; the funding source is Federal Highway Administration for a total of $2,220,000 whereby, these grant dollars are passed through FDOT via the LAP agreement. This grant does not require a match.

GROWTH MANAGEMENT IMPACT: These improvements are consistent with the Growth Management Plan Transportation Element, specifically Section B - Intermodal & Multi-modal Transportation, (1) Non-Motorized Travel, Objective 4, Policy 4.2, Policy 4.4, Policy 4.5, Policy 4.6, and Policy 4.8.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires majority vote for approval. -JAK

RECOMMENDATIONS: To approve and authorize the Chairman to sign a Supplemental Agreement to the Local Agency Program (LAP) Agreement with the Florida Department of Transportation (FDOT) to reallocate $120,000 from Construction Engineering Inspection (CEI) activities to Construction activities for road widening and paved shoulder construction on Corkscrew Rd between the Collier County curve and Lee County curve; to adopt the accompanying

resolution formally approving and authorizing the Chairman to execute same on behalf of the Board; and to authorize the necessary budget amendments, FPN 446323-2-58-01. (Project 60233, Fund 1841).

SUPPLEMENTAL AGREEMENT

SUPPLEMENTAL NO. 1	FEDERAL ID NO. (FAIN) D124-026-B
CONTRACT NO. G3117	FEDERAL AWARD DATE
FPN 446323-2-58-01	RECIPIENT UNIQUE ENTITY ID SAM NO. JWKJKYRPLLU6

Recipient, Collier County, desires to supplement the original Agreement entered into and executed on 6/27/2024 as identified above. All provisions in the original Agreement and supplements, if any, remain in effect except as expressly modified by this supplement.

The changes to the Agreement and supplements, if any, are described as follows:

PROJECT DESCRIPTION

Name Corkscrew Rd South, from the Lee County curve to the Coller County curve
Length 1.005

Termini Construction to add shoulders and widen Corkscrew Rd South, from the Lee County curve to the Coller County curve

Description of Work:
Construction for widening the lanes from 10 ft to 11 ft and adding 2 ft shoulders on both sides on Corkscrew Rd South, from the Lee County curve to the Collier County curve.

Reason for Supplement and supporting engineering and/ or cost analysis:

The purpose of Supplemental #1 is to provide additional funding to compensate the project shortfall in construction funding due to inflation with material costs, resulting in an additional $120,000.00 (One Hundred Twenty Thousand Dollars and Zero Cents) in federal funds for construction services. The total department participation is $2,220,000.00 (Two Million Two Hundred Twenty Thousand Dollars and Zero Cents) for the construction phase of this project. The Total Cost of the entire project is $2,220,000.00 (Two Million Two Hundred Twenty Thousand Dollars and Zero Cents).

Reason for Supplement and supporting engineering and/or cost analysis:
Transfer $120,000.00 from phase 62 to phase 58 for construction.

The Local Agency Program Agreement (LAP) is amended as follows:

A. Exhibit B " SCHEDULE OF FUNDING" is replaced in its entirety by the " ADJUSTED EXHIBIT B SCHEDULE OF FUNDING" and is incorporated by reference.
B. Section 4. A under project cost on page 1 of the June 27, 2024, Local Agency Program Agreement is replaced in its entirety by:
   The Total cost of the project is $2,220,000.00 (Two Million Two Hundred Twenty Thousand Dollars and Zero Cents).
   The amount is based upon the schedule of funding in Exhibit" B", Schedule of Funding attached to and incorporated in the Agreement. The Agency agrees to bear all expenses in excess of the total cost of the Project and any deficits involved. The schedule of funding may be modified by mutual agreement as provided in paragraph 5.1.

RESOLUTION NO. 2025 - _____

A RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS, COLLIER COUNTY, FLORIDA, APPROVING AND AUTHORIZING ITS CHAIRMAN TO EXECUTE A LOCAL AGENCY PROGRAM SUPPLEMENTAL AGREEMENT WITH THE STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION FOR ADDITIONAL GRANT FUNDING FOR ROAD WIDENING AND PAVED SHOULDER CONSTRUCTION ON CORKSCREW RD BETWEEN THE COLLIER COUNTY CURVE AND LEE COUNTY CURVE. (FPN 446323-2-58-01)

WHEREAS, on May 28, 2024, the Board approved a Local Agency Program Agreement (the "Agreement") with the State of Florida Department of Transportation (FDOT), entered into and executed on June 27, 2024, wherein FDOT will reimburse Collier County up to the sum of to $2,100,000 for road widening and paved shoulder construction on Corkscrew Rd between the Collier County curve and Lee County curve. (FPN 446323-2-58-01); and

WHEREAS, FDOT is willing to reallocate $120,000 from Construction Engineering Inspection (CEI) activities to Construction to supplement the Agreement increasing the reimbursement to $2,220,000; and

WHEREAS, the Collier County Board of Commissioners finds that the Agreement is in the public interest and benefits the citizens of Collier County.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

1. The Board of County Commissioners approves and authorizes its Chairman to sign the Supplemental Agreement pertaining to FPN 446323-2-58-01.
2. The Collier County Clerk is directed to forward a certified copy of this Resolution along with the Supplemental Agreement for execution by FDOT.
3. This Resolution shall take effect immediately upon adoption.

Executive Summary

Recommendation to approve Change Order No. 3, adding a total of sixty-seven (67) days, correcting an error on Change Order No. 2 adjusting the contract amount to $22,886,658.04 under Agreement No. 20-7811 with Quality Enterprises USA, Inc., for the "Design-Build of the Immokalee Area Improvements – Tiger Grant" project, and authorizing the Chairman to sign the attached Change Order. (Project No. 33563)

OBJECTIVE: To add an additional sixty-seven (67) days and correcting an error on Change Order No. 2 adjusting the contract total to $22,886,658.04 under Agreement No. 20-7811, Design-Build Immokalee Area Improvements - Tiger Grant Project, to complete the obligations of the construction contract.

CONSIDERATIONS: On February 8, 2022, the Board of County Commissioners (the "Board"), approved Agreement No. 20-7811 (the "Agreement") providing for the design-build of the Immokalee Area Improvements – Tiger Grant (the "Project") to Quality Enterprises USA, Inc. ("QE"). On March 12, 2023, the Board approved Change Order No. 1 (agenda item 16B2) under the Agreement, extending the contract 237 additional days. On November 12, 2024, the Board approved Change Order No. 2 (agenda item 16B11) under the Agreement, adding $17,377.84 & extending the contract 64 additional days.

Further extending the time of the Agreement is necessary, because forty-five weather & holidays have occurred over the duration of the project. Due to Hurricane Milton, LCEC's subcontractor was not able to complete its work related to the new street lighting, which curtailed QE's progress on the project. As a result, the contractor is requesting twenty-two additional days to complete its obligations under the Agreement. Those combined time-related requests total sixty-seven days.

Additionally, this Change Order is correcting a typing error on Change Order No. 2, correcting the original contract amount to $22,869,280.20 & current Board approved amount to $22,886,658.04 as of November 12, 2024.

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: The time extension is not requesting additional funding. Funding sources for this contract are Federal Highway Authority within Transportation Grant and Match Fund (1841 & 1842), Stormwater Bond revenues Fund (3052), and transfers from the General and Unincorporated General Funds.

GROWTH MANAGEMENT IMPACT: This recommendation is consistent with the Long-Range Transportation Plan and Objective 1 of the Transportation Element of the Collier County Growth Management Plan to maintain the major roadway system at an acceptable Level of Service.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATIONS: To approve Change Order No. 3, adding a total of 67 days, forty-five (45) days for weather & holidays and twenty-two (22) additional days for utility conflicts under Agreement No. 20-7811 with Quality Enterprises USA, Inc., for the "Design-Build of the Immokalee Area Improvements – Tiger Grant" project, and authorize the Chairman to sign the attached Change Order.

RE: Immokalee Tiger Grant Project
Collier County Project No. 33563
Time Extension Request – Inclement Weather & Holidays

Dear Mr. Fell,

Please accept this letter as a formal contract time extension request. Quality Enterprises USA, Inc request a time extension for forty-five (45) days due to inclement weather and County observed holidays. In addition to the forty-five (45) days, we request an additional twenty-two (22) days for Hurricane Milton and the lingering impact it had on LCEC with their construction staff.

As recorded in the project meeting minutes and email correspondences, a total of thirty (30) weather days and fifteen (15) holidays (5 upcoming) have been agreed upon.

(Supporting documents are attached)

Respectfully submitted,

Matthew Murphy

Location : KCA Field Office
1300 North 15th Street, Suite 2
Immokalee, FL 34142
and by Teams Meeting invite.

JOB STATUS

Contract Day: day 988 of 1101 days (includes +64-day Change Order time)
Time % 90 %

Holiday Days: 10 Weather Days: 30 Pending Board Approval

Original Contract Amount: $22,869,280.20

Current Contract Amount: $22,869,280.20

Amount Earned $16,667,708.67 Less Retainage (Pay Application #30)

% Dollars 73% Liquidated Damages - $9,267.00 / day

This meeting will be audio recorded and become part of the construction project records.
All participants will be accounted for and sign in sheet will be distributed with meeting minutes.

Design Meeting

1. Public Outreach:

Area 4

A. 508 Washington Avenue resident called inquiring when their driveway is going to be restored and if it is going to be asphalt or concrete.
   i. GradyMinor confirmed driveway is going to be asphalt and driveways will be restored at a later date due to having to be completed by paving crew and not concrete crew. – QE stated the asphalt crew should be onsite to complete the driveway in 2-3 weeks.

2. Stakeholders

Attachments: QETIGER Project Progress Tables 20241031_mdm.docx

Daniel,

Good morning! Please see the attached updated progress table. My updates I highlighted in yellow, and we actually may be a bit further along on the Continuous Street counts. However, our construction folks took some much needed leave after dealing with the two hurricanes, and I was unable to get updates on this week's progress. Everything is based on updates I had from last week.

That being said, we should have the surveys back for the remaining work orders, and the rest of the jobs will be released to construction either tomorrow, or very early next week. We will then get an updated schedule for the remaining 248 lights. Thanks very much.

Daniel,

Good afternoon! Hope everything is good with you and yours after the hurricanes. Unfortunately, we have very little progress on this project since the last update, as we have been in full preparation and restoration mode for Milton. At this point our Construction Crews are still wrapping up hurricane items. We hope to be back to regular work in the next couple of days, or early next week. Thanks very much!

Executive Summary

Recommendation to award Invitation to Bid No. 23-8095R, "Maintenance and Repair of Balers, Compactors & Roll-off Equipment," to ABG Fabrication, LLC, and authorize the Chairman to sign the attached Agreement.

OBJECTIVE: To obtain contracted services to provide required routine preventative maintenance and repair & replacement services for county-owned balers, compactors, and roll-off equipment.

CONSIDERATIONS: Collier County Public Utilities has established GIS-based integrated Enterprise Asset Management (EAM) where assets are routinely evaluated and conditions in the field updated by Operations Divisions and, where appropriate, they are listed under the Capital Improvements Plan (CIP) for Engineering and Project Management to implement the soonest possible. Solid Waste EAM drives the priorities for investment in our Critical Infrastructure where replacements, re-hab, and repairs are planned and implemented prior to failure (Cat Red-F and Red-E) that would result in Utility Service outages and negative customer service impact. The Solid & Hazardous Waste Division of the Public Utilities Department has completed QA/QC and programmed this project.

The Solid & Hazardous Waste Management Division owns and operates various types of equipment used for the processing of recyclable material including, but not limited to, vertical and horizontal balers, as well as stationary compactors and roll-off equipment consisting of steel containers and receiver boxes in various sizes. The balers, compactors, and roll-off equipment located throughout the County need preventative maintenance and repairs & replacement driven by proactive EAM, to ensure public assets are preserved, maintained, for optimal use during and after the life cycle achieves safe processing and efficient transportation of materials received at County Recycling Drop-Off Centers.

On May 1, 2024, the Procurement Services Division released notices of Invitation to Bid No. 23-8095R, Maintenance and Repair of Balers, Compactors & Roll-off Equipment. The County extended the bid deadline multiple times due to a lack of vendor participation, and staff performed additional vendor outreach to promote the competition. Ultimately, the County received three bids by the July 25, 2024, bid submission deadline.

Company Name	City	County	State	Bid Amount	Responsive/Responsible
ABG Fabrication, LLC	Naples	Collier	FL	$83,370.00	Y/Y
C&D Industrial Maintenance, LLC	Bradenton	Manatee	FL	$232,000.00	Y/Y
Synergy Waste Management, Inc	Abingdon	Worcester	MA	$53,750.00	N/Y

Staff found Synergy Waste Management, Inc. non-responsive for not providing pricing for all line items and for not providing required forms. Staff is recommending that the Board award ITB No. 23-8095R and the attached Agreement to ABG Fabrication, LLC, the lowest, responsible and responsive bidder.

ABG Fabrication, LLC is located in Naples and has been providing welding, fabrication, and various related repair services in Florida since 2014. The attached Agreement provides for a three-year term with two additional renewal terms available.

FISCAL IMPACT: The annual cost of this contract will vary based on several factors, such as age of equipment, service intervals, and quantity of material processed by the equipment which can be impacted by growth and natural disasters. Prices are to remain firm for the initial year of the contract. Funds are available and will continue to be budgeted in the Solid Waste Disposal Fund (4070). Other divisions utilizing this contract will provide funding from their respective budgets.

GROWTH MANAGEMENT IMPACT: There is no impact on the Growth Management Plan associated with this

Executive Summary.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATIONS: To award Invitation to Bid No. 23-8095R, "Maintenance and Repair of Balers, Compactors & Roll-off Equipment," to ABG Fabrication, LLC, and authorize the Chairman to sign the attached Agreement.

INSURANCE AND BONDING REQUIREMENTS

Insurance / Bond Type	Required Limits
1. ☒ Worker's Compensation	Statutory Limits of Florida Statutes, Chapter 440 and all Federal Government Statutory Limits and Requirements Evidence of Workers' Compensation coverage or a Certificate of Exemption issued by the State of Florida is required. Entities that are formed as Sole Proprietorships shall not be required to provide a proof of exemption. An application for exemption can be obtained online at https://apps.fldfs.com/bocexempt/
2. ☒ Employer's Liability	**$_1,000,000_** single limit per occurrence
3. ☒ Commercial General Liability (Occurrence Form) patterned after the current ISO form	Bodily Injury and Property Damage **$_1,000,000____**single limit per occurrence, $2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.
4. ☒ Indemnification	To the maximum extent permitted by Florida law, the Contractor/Vendor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor/ Vendor or anyone employed or utilized by the Contractor/Vendor in the performance of this Agreement.
5. ☒ Automobile Liability	**$_1,000,000___** Each Occurrence; Bodily Injury & Property Damage, Owned/Non-owned/Hired; Automobile Included
6. ☒ Other insurance as noted:	☐ Watercraft **$** _____ Per Occurrence ☐ United States Longshoreman's and Harborworker's Act coverage shall be maintained where applicable to the completion of the work. **$** _____ Per Occurrence ☐ Maritime Coverage (Jones Act) shall be maintained where applicable to the completion of the work. **$** _____ Per Occurrence ☐ Aircraft Liability coverage shall be carried in limits of not less than $5,000,000 each occurrence if applicable to the completion of the Services under this Agreement. **$** _____ Per Occurrence ☐ Pollution **$** _____ Per Occurrence ☐ Professional Liability **$** _____ Per claim & in the aggregate ☒ **Garagekeepers/Bailee** **$**_1,000,000____ Per Occurrence ☐ Valuable Papers Insurance **$**_____ Per Occurrence ☐ Cyber Liability **$**_____ Per Occurrence ☐ Technology Errors & Omissions **$**_____ Per Occurrence
7. ☐ Bid bond	Shall be submitted with proposal response in the form of certified funds, cashiers' check or an irrevocable letter of credit, a cash bond posted with the County Clerk, or proposal bond in a sum equal to 5% of the cost proposal. All checks shall be made payable to the Collier County Board of County Commissioners on a bank or trust company located in the State of Florida and insured by the Federal Deposit Insurance Corporation.

8. ☐ Performance and Payment Bonds	For projects in excess of $200,000, bonds shall be submitted with the executed contract by Proposers receiving award, and written for 100% of the Contract award amount, the cost borne by the Proposer receiving an award. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to Owner; provided, however, the surety shall be rated as "A-" or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holders' surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

9. ☒ Vendor shall ensure that all subcontractors comply with the same insurance requirements that he is required to meet. The same Vendor shall provide County with certificates of insurance meeting the required insurance provisions.

10. ☒ Collier County must be named as "**ADDITIONAL INSURED**" on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Vendor's policy shall be endorsed accordingly.

11. ☒ The Certificate Holder shall be named as Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR Collier County Government, OR Collier County. The Certificates of Insurance must state the Contract Number, or Project Number, or specific Project description, or must read: For any and all work performed on behalf of Collier County.

12. ☒ **On all certificates, the Certificate Holder must read:** Collier County Board of County Commissioners, 3295 Tamiami Trail East, Naples, FL 34112

13. ☒ **Thirty (30) Days Cancellation Notice** required.

14. Collier County shall procure and maintain Builders Risk Insurance on all construction projects where it is deemed necessary. Such coverage shall be endorsed to cover the interests of Collier County as well as the Contractor. Premiums shall be billed to the project and the Contractor shall not include Builders Risk premiums in its project proposal or project billings. All questions regarding Builder's Risk Insurance will be addressed by the Collier County Risk Management Division.

GG – 7/17/23 Revised

Vendor's Insurance Acceptance

By submission of the bid Vendor accepts and understands the insurance requirements of these specifications and that the evidence of insurability may be required within five (5) days of the award of this solicitation. The insurance submitted must provide coverage for a minimum of six (6) months from the date of award.

WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule. This agreement applies only to the extent that you perform work under a written contract that requires you to obtain this agreement from us.

This agreement shall not operate directly or indirectly to benefit any one not named in the Schedule.

Schedule

Any person or organization to whom you become obligated to waive your rights of recovery against, under any contract or agreement you enter into prior to the occurrence of loss.

For the states of CA, UT, TX, refer to state specific endorsements.

This endorsement is not applicable in KY, NH, and NJ.

The endorsement does not apply to policies in Missouri where the employer is in the construction group of code classifications. According to Section 287.150(6) of the Missouri statutes, a contractual provision purporting to waive subrogation rights against public policy and void where one party to the contract is an employer in the construction group of code classifications.

For Kansas, use of this endorsement is limited by the Kansas Fairness in Private Construction Contract Act(K.S.A.. 16-1801 through 16-1807 and any amendments thereto) and the Kansas Fairness in Public Construction Contract Act(K.S.A 16-1901 through 16-1908 and any amendments thereto). According to the Acts a provision in a contract for private or public construction purporting to waive subrogation rights for losses or claims covered or paid by liability or workers compensation insurance shall be against public policy and shall be void and unenforceable except that, subject to the Acts, a contract may require waiver of subrogation for losses or claims paid by a consolidated or wrap-up insurance program.

"Revised" Notice of Recommended Award

Solicitation: 23-8095R	Title: Maintenance and Repair of Balers, Compactors & Roll-off Equipment

Due Date and Time: July 25, 2024, at 3:00 PM EST.

Respondents:

Company Name	City	County	State	Bid Amount	Responsive/Responsible
ABG Fabrication, LLC	Naples	Collier	FL	$83,370.00	Yes/Yes
C&D Industrial Maintenance, LLC	Bradenton	Manatee	FL	$232,000.00	Yes/Yes
Synergy Waste Management, Inc	Auburn	Worcester	MA	$53,750.00	No/Yes

Utilized Local Vendor Preference: Yes ☐ No ■

Recommended Vendor(s) For Award:

On May 1, 2024, the Procurement Services Division released notices of Invitation to Bid No. 23-8095R Maintenance and Repair of Balers, Compactors & Roll-off Equipment, to one thousand, eight hundred and seventy-five vendors (1,875), and four hundred eighty-one (481) bid packages were viewed. The due date was extended multiple times due to a lack of vendor participation. Staff performed additional vendor outreach to promote competition, and three (3) bids were received by the submission deadline of July 25, 2024.

Staff reviewed the bids received. ABG Fabrication, LLC and C&D Industrial Maintenance, LLC were found to be responsive and responsible. Synergy Waste Management, Inc. was found to be non-responsive for not providing pricing for all line items and for not providing required forms.

Awards have been established based on the lowest total bid. Staff is recommending award to ABG Fabrication, LLC the lowest-responsive and responsible bidder. Staff has determined it is in the best interest of the County not to award a Secondary Vendor.

INTRODUCTION

As requested by the Solid Hazardous Waste Division (hereinafter, the "Division"), the Collier County Board of County Commissioners Procurement Services Division (hereinafter, "County") has issued this Invitation to Bid (hereinafter, "ITB") with the intent of obtaining bid submittals from interested and qualified vendors in accordance with the terms, conditions, and specifications stated or attached. The vendor, at a minimum, must achieve the requirements of the Specifications or Scope of Work stated.

The results of this solicitation may be used by other County departments once awarded according to the Board of County Commissioners Procurement Ordinance.

Historically, County departments have spent approximately $45,000; however, with aging equipment and County growth, it is anticipated future spend will exceed this amount.

BACKGROUND

The Solid & Hazardous Waste Management Division has various types of balers to include, but not limited to, vertical and horizontal balers, as well as stationary compactors. Roll-off equipment may consist of steel roll-off dumpsters in various sizes. The balers, compactors, and roll-off equipment located throughout Collier County are in need of preventative maintenance, repairs, and replacements. The bidder shall, at a minimum, be able to achieve the scope of work listed in this solicitation.

TERM OF CONTRACT

The contract term, if awards are made is intended to be for (3) years with two (2) one (1) year renewal options.

Prices shall remain firm for the initial year of this contract.

A Purchase Order shall survive Contract expiration to allow completion of work commenced prior to the contract expiration date.

Surcharges will not be accepted in conjunction with this contract, and such charges should be incorporated into the pricing structure.

The County Manager, or designee, may, at his discretion, extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred eighty (180) days. The County Manager, or designee, shall give the Contractor written notice of the County's intention to extend the Agreement term not less than ten (10) days prior to the end of the Agreement term then in effect.

FEMA funding may be used, in part, in support of this procurement.

All goods are FOB destination and must be suitably packed and prepared to secure the lowest transportation rates and to comply with all carrier regulations. Risk of loss of any goods sold hereunder shall transfer to the COUNTY at the time and place of delivery; provided that risk of loss prior to actual receipt of the goods by the COUNTY nonetheless remain with VENDOR.

AWARD CRITERIA

ITB award criteria are as follows:

- The County's Procurement Services Division reserves the right to clarify a vendor's submittal prior to the award of the solicitation.
- It is the intent of Collier County to award to the lowest, responsive, and responsible vendor(s) that represents the best value to

the County.

- For the purposes of determining the winning bidder, the County will select the Vendor with the lowest price as outlined below:
    - **Lowest Total Bid**
- Collier County reserves the right to select one, or more than one suppliers, award on a line-item basis, establish a pool for quoting, or other options that represents the best value to the County; however, it is the intent to:
    - **Identify Primary, Secondary and Tertiary Awardees**
        - Should the Primary not be able to support the work request, the department will move to the Secondary and then Tertiary as necessary.
- The County reserves the right to issue a formal contract or standard County Purchase Order for the award of this solicitation.

DETAILED SCOPE OF WORK

The Solid & Hazardous Waste Management Division is seeking qualified Vendors to provide required routine, preventative maintenance, repair services, and replacements for County owned balers, compactors, and roll-off equipment.

1. LOCATIONS & EXAMPLES

The listing below contains locations and examples of County equipment to be maintained under this solicitation.

Naples Recycling Center:
2640 Corporate Flight Dr.
Naples, FL 34104

- Horizontal Baler (Make: International Baler / Model: EXP-865-75)
- 2YD Stationary Compactor (Make: HESCO / Model: H600)
- Roll-off Containers (Open Top, Enclosed Recycling, Receiver Boxes – various sizes) Welding, & minor repairs (wheels, hinges, doors, floors, etc.)
- Roll-off Truck Body repairs (Cable hoist, Auto tarper, Hydraulics, etc.)

North Collier Recycling Center:
9950 Goodlette Frank Rd.
Naples, FL 34109

- 2YD Stationary Compactor (Make: IES / Model: HE10561)
- Vertical Baler (Make: PTR / Model: 2300 HD 60")

Marco Island Recycling Center:
990 Chalmer Dr.
Marco Island, FL 34145

- 5YD Stationary Compactor (Make: Marathon / Model: RJ550)
- 2YD Stationary Compactor (Make: : IES / Model: HE10561)
- Vertical Baler (Make: PTR / Model: HE10561)

Tim Nance Recycling Center:
825 39th Ave. NE
Naples, 34120

- Vertical Baler (Make: Bace / Model: V630CC / Serial: V630CC1007536)

2. PREVENTATIVE MAINTENANCE

2.1. Preventative maintenance may include:

- Evaluate overall equipment condition.
- Verify that all safety decals are in good condition.
- Test and verify the operation of safety features.
- Thoroughly inspect the cylinder welds and seals.
- Grease all fittings.

- Inspect all hoses and crimps.
- Inspect all hose clamps and tighten them as needed.
- Inspect motor for signs of wear or end-of-life conditions.
- Inspect the pump for leaks or signs of failure.
- Inspect oil level and general condition.
- Inspect and replace (as needed) hoses, fluids, and filters.
- Clean power unit.
- Grease and lube proper areas for maximum performance and longevity.
- Change oil and hydraulic fluid as recommended by the manufacturer.
- (Optional) Perform oil analysis by an independent laboratory.
- Operate gauge and verify that there are no leaks and operational.
- Set all Pressures.
- Adjust Limit Switches as required.
- Inspect ram or platen guide systems.
- Inspect all control box switches and verify all are operational.
- Inspect the motor starter.
- Inspect motor starter overload.
- Inspect and test Emergency Stop Switches.
- Inspect all electrical connections and tighten as needed.
- Inspect wiring for signs of damage.
- Perform structural inspection of equipment.
- Verify that all safety covers are secure and properly positioned.
- Inspect all loading doors and related safety switches.
- Provide training to personnel on site during visit.
- Verify area near the equipment is clear of debris or improperly stored material.
- All deficiencies communicated and solutions discussed.

2.2. The Vendor must provide a master schedule for all expected maintenance days.

2.3. For each site visit, the awarded Vendor will provide an Equipment Service Report. The Report should include the following:

- Record of inspection including all findings/remarks for each piece of equipment
- All preventative maintenance items completed
- Recommend repairs, if applicable

The Equipment Service Report must be completed and submitted by Vendor to County Representative upon preventative maintenance completion or within three (3) business days if repairs are recommended. Note: Failure to provide the completed, signed and dated report may delay the Vendor's payment.

2.4. The Vendor shall use a County provided Equipment Service Report if requested to do so by the County.

2.5. Monthly, quarterly, and annual preventative maintenance services are anticipated for all balers and compactors; however, the service shall also be as needed.

2.6. If, during the preventative maintenance, the vendor determines a need for repair or replacement, follow 3. Repairs & Replacement below.

3. REPAIRS & REPLACEMENT

3.1. Repairs may include:

- Welding, fabricating, metal cutting/patching.
- Safety guard repair or replacements.
- Hydraulic system repairs (cylinders, hoses, etc.)
- Electrical controller system repairs.
- Replacement components/parts (couplings, bearings, switches, etc.)
- Pump and motor repair.

3.2. If a repair is recommended, the Vendor will provide a quote to the County Representative within three (3) business days from the date of the inspection, unless it is determined to be an urgent repair, then the Vendor shall work with the County Representative for a quick resolution. The Vendor must be able to work with scale software and other county agencies, when necessary, for problem-solving.

3.3. Should minor repairs or replacement parts be required or recommended by the Vendor while performing the preventative maintenance, and the Vendor is able to repair or replace during the preventative maintenance service, the Vendor shall provide a quote for any parts and labor related to the minor repair or replacement in writing prior to the repair and obtain the County Representative or their designee's approval. Labor rates and markup shall be in accordance with the fee schedule.

3.4. **No single quote for a single repair/replacement project shall exceed $200,000. The County does reserve the right to competitively bid any repair or replacement project, if deemed in the best interest of the County. The County also reserves the right to separately purchase equipment required for the job and may request the Vendor to provide delivery and installation services.**

3.5. The County Representative shall determine if the quote provided is fair, reasonable and within an acceptable spend threshold.

3.6. Labor rates and applicable markups shall be in accordance with the Fee Schedule.

3.7. Hourly labor rates shall be inclusive of all overhead, insurance, profit, travel, and use of company owned equipment (excluding rental equipment).

3.8. Should the Vendor need to hire a subcontractor, the subcontractor charges may be invoiced at cost plus 15% markup. A copy of the subcontractor's invoice shall be required with the Vendor's invoice. The subcontractor's hourly rate may not exceed the Vendor's hourly rates listed on the fee schedule.

3.9. Parts and materials may be invoiced at cost plus 10% markup. Parts/ materials with a single item amount of $500.00 or more shall require the Vendor to provide backup documentation. All shipping or freight charges must have backup documentation. Should the Vendor need to rent equipment to complete the project, rental charges may be invoiced at cost plus 10% markup. A copy of the rental receipt showing the cost shall be required with the Vendor's invoice. Ancillary charges may be transferred to the County in the actual amount; however, mark-ups will not be allowed on taxes, freight/shipping, and/or permits.

4. SERVICE CHARGE

Should a service truck with specialized equipment be needed, the vendor may charge a Service Truck Charge per day regardless of how many sites are visited, in accordance with the Fee Schedule. This charge shall include all expenses related to the service truck, such as tools, equipment, fuel, travel time, and insurance. Additional labor rates may still apply in accordance with the Fee Schedule.

5. SHOP CHARGE

Should the vendor need to repair the equipment and/or components in their shop, the vendor may charge a Shop Charge per the Fee Schedule that shall be all-inclusive of any equipment used, insurance, and transport of the equipment/components to and from the shop. This charge shall be a per-day fee for the time the equipment/components are at the vendor's shop being repaired. Time justification may be required. Additional labor rates may still apply in accordance with the Fee Schedule.

6. EQUIPMENT & PARTS

6.1. All equipment and parts provided and installed by the Vendor under the awarded contract shall be new and free of defects and may require County approval prior to installation. It is the intent that all digital and mechanical components will be purchased under the awarded contract. Equipment and Parts may include, but shall not be limited to:

- Replacement balers, compactors, and/or roll-off equipment
- Components, hardware
- Power units
- Lights
- Terminals
- Safety guards
- Control box
- Containers
- Casing/Housings
- Pumps
- Cylinders

6.2. At a minimum, replacement parts and/or maintenance materials shall be based on the manufacturer's recommendations.

7. WORK HOURS AND CONTRACTOR CONTACT

7.1. Normal business hours shall be 7:00am to 5:00pm, Monday through Friday, excluding County observed holidays. After hours are considered to be requests outside of the normal business hours, weekends and County observed holidays or in the event of a declared local state of emergency and vendor shall be paid 1.5x straight time applicable in accordance with the fee schedule.

7.2. The Vendor shall provide a company contact name, phone number and email address for all requests and shall be available twenty-four (24) hours per day, 365 days per year.

7.3. The County will issue a Purchase Order prior to commencement of work. No work shall be performed until the Vendor is in receipt of an approved purchase order.

8. RESPONSE TIMES FOR REPAIRS/REPLACEMENTS

8.1. **Normal Request**

- Vendor shall acknowledge a request for quote via email or phone call within twelve (12) hours from the time the County issued the request.
- Vendor shall provide a written quote to the requestor via email within three (3) business days of the initial request from the County.
- The County may request that the Vendor start work within two (2) business days after a valid Purchase Order has been e-mailed to the Vendor by an appropriate County Representative.

8.2. **Urgent Request**

- Vendor shall acknowledge an urgent request via email or phone call within one (1) hour of the request being sent by the County.
- Vendor shall be on-site within three (3) hours after the County's initial request. A response time that exceeds the three (3) hours must be approved by the County Representative.
- Vendor shall be paid 1.5x straight time hourly rate(s) in accordance with the fee schedule for urgent requests regardless of the day or time the work is performed.

9. PRICE MODIFICATIONS

9.1. Any requested adjustment shall be fully documented and submitted to the County no less than thirty (30) days prior to the contract anniversary date based on the percent change (up or down) of the Consumer Price Index (CPI). Retroactive price adjustments are not authorized. All requests must be submitted to the County Representative or designee. Any approved cost adjustments shall become effective as of the anniversary date or upon Procurement Director/Board approval.

- Contractor shall provide supporting documentation justifying price increases (examples: Contractor's material agreements, distributor invoices, proof of fuel increases, etc.).
- County Representative or designee shall analyze prices to determine if increases are fair and reasonable using the following methods: price competition (reviewing competitive bids or offers), market prices, historical prices, or independent estimates.
- Contractor shall continue to fill all purchase orders received at the current agreement prices during the review process.
- The Procurement Director has the authority to approve price adjustments in accordance with the Procurement Ordinance, as amended. The bid tabulation shall be modified with the price increases, or an amendment process as required, and uploaded into the County's Finance system.
- Price increase requests are not guaranteed. If approved, the Procurement Director or designee will notify the Contractor in writing with the effective date of any approved price increases.

The County may, after examination, refuse to accept the adjusted costs if they are not properly documented, considered excessive, or if decreases are deemed insufficient. In the event the County does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the County, a contract termination will have to be processed.

10. SAFETY

10.1. The awarded Vendors shall comply with all Occupational Safety and Health Administration (OSHA), Environmental Protection Agency (EPA), the National Institute of Occupational Safety Hazards (NIOSH), the American National Standards Institute (ANSI), the National Fire Protection Association (NFPA), the Crane Manufacturers Association of America, Inc. (CMAA), National Electric Code (NEC), American Society of Mechanical Engineers (ASME), State and County regulations while performing work under the resultant Contract. Vendor shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

10.2. Barricades shall be provided and utilized by the Vendor when work is performed in public areas, or when deemed necessary by the County.

10.3. Hazardous conditions shall be immediately reported to the County.

VENDOR CHECKLIST

Vendor should check off each of the following items as the necessary action is completed (please see, Vendor Check List)

FIXED TERM SERVICE AGREEMENT

#23-8095R

for

"Maintenance and Repair of Balers, Compactors, & Roll-off Equipment"

THIS AGREEMENT, made and entered into on this _____ day of _____20____, by and between ABG Fabrication, LLC, authorized to do business in the State of Florida, whose business address is 4284 Enterprise Avenue, Naples, FL 34104, (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing ☒ upon the date of Board approval; ~~or ☐ on _____~~ and terminating on three (3) year(s) from that date or until all outstanding Purchase Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for two (2) additional one (1) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The County Manager, or his designee, may, at his discretion, extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The County Manager, or his designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES**. The Contractor shall commence the work upon issuance of a ☒ Purchase Order ☐ ~~Notice to Proceed~~.

3. **STATEMENT OF WORK**. The Contractor shall provide services in accordance with the terms and conditions of ☐ ~~Request for Proposal (RFP)~~ ☒ Invitation to Bid (ITB) ☐ ~~Other _____ ( )~~ # 23-8095R, including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

   ☒ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties, in compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

4. **THE AGREEMENT SUM**. The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

4.1 **Price Methodology (as selected below):**

☐ ~~**Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized~~.

☒ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

☒ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

~~4.5 ☐ (check if applicable) **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

~~Reimbursements shall be at the following rates:~~

~~Mileage~~	~~$0.44.5 per mile~~
~~Breakfast~~	~~$6.00~~
~~Lunch~~	~~$11.00~~
~~Dinner~~	~~$19.00~~
~~Airfare~~	~~Actual ticket cost limited to tourist or coach class fare~~
~~Rental car~~	~~Actual rental cost limited to compact or standard-size vehicles~~
~~Lodging~~	~~Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night~~
~~Parking~~	~~Actual cost of parking~~
~~Taxi or Airport Limousine~~	~~Actual cost of either taxi or airport limousine~~

~~Reimbursable items other than travel expenses shall be limited to the following: telephone long-distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.~~

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name: ABG Fabrication, LLC
Address: 4284 Enterprise Ave
Naples, FL 34104

Authorized Agent: Jim Kraffert
Attention Name & Title: General Manager/Partner
Telephone: 239-330-8796
E-Mail(s): jkraffert@abgfabricationllc.com

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Name:	Solid and Hazardous Waste Management
Division Director:	Kari Hodgson
Address:	3339 Tamiami Trail E
	Naples, FL 34112
Administrative Agent/PM:	Robert Lee
Telephone:	239-252-7953
E-Mail(s):	Robert.Lee@colliercountyfl.gov

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

   Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation, conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during

the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be sole judge of the non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000.00 Per Occurrence, $ 2,000,000.00 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 1,000,000.00 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws.

    The coverage must include Employers' Liability with a minimum limit of $ 1,000,000.00 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $ _____ per claim.~~

F. ■ Garagekeepers/Bailee : Coverage shall have minimum limits of $ 1,000,000.00 per claim.

~~G. ☐ : Coverage shall have minimum limits of $ per claim/Occurrence.~~

~~H. ☐ : Coverage shall have minimum limits of $ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of: thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the Solid and Hazardous Waste Management Division.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ☒ Exhibit A Scope of Services, Exhibit B Fee Schedule, ☐ ~~RFP~~/ ☒ ITB/☐ ~~Other~~ #23-8095R , including Exhibits, Attachments and Addenda/Addendum, ☐ ~~subsequent quotes, and~~ ☐ ~~Other Exhibit/Attachment:~~.

17. **APPLICABILITY.** Sections corresponding to any checked box (■) expressly apply to the terms of this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as

located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statute, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Division of Communications, Government and Public Affairs
3299 Tamiami Trail East, Suite 102
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@colliercountyfl.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws

referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. **PAYMENTS WITHHELD**. The County may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, subsequently discovered evidence or subsequent inspections. The County may nullify the whole or any part of any approval for payment previously issued and the County may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between the County and Contractor, to such extent as may be necessary in the County's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims failed or reasonable evidence indicating probable fling of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents.

    If any conditions described above are not remedied or removed, the County may, after three (3) days written notice, rectify the same at Contractor's expense. The County also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to the County, whether relating to or arising out of this Agreement or any other Agreement between Contractor and the County.

    If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

23. ■ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

24. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

25. ■ **WARRANTY**. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after final completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

26. ■ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

27. ■ **PROTECTION OF WORK**.

A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due Contractor.
B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.
C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

28. **SUBMITTALS AND SUBSTITUTIONS.** Any substitution of products/materials from specifications shall be approved in writing by the County in advance.

29. **CHANGES IN THE WORK.** The County shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon modification of the Purchase Order by the County, and the County shall not be liable to the Contractor for any increased compensation without such modification. No officer, employee or agent of the County is authorized to direct any extra or changed work orally. Any modifications to this Agreement shall be in compliance with the County Procurement Ordinance and Procedures in effect at the time such modifications are authorized.

30. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

31. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

32. **DISPUTE RESOLUTION.** Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

33. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

34. ~~**KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign~~

~~as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.~~

☒ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet required services.

35. ☐ ~~**ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.~~

☒ **ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.

36. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

37. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least

four (4) years. All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliercountyfl.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

38. ■ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

DETAILED SCOPE OF WORK

The Solid & Hazardous Waste Management Division is seeking qualified Vendors to provide required routine, preventative maintenance, repair services, and replacements for County owned balers, compactors, and roll-off equipment.

1. LOCATIONS & EXAMPLES

The listing below contains locations and examples of County equipment to be maintained under this solicitation.

Naples Recycling Center:
2640 Corporate Flight Dr.
Naples, FL 34104

- Horizontal Baler (Make: International Baler / Model: EXP-865-75)
- 2YD Stationary Compactor (Make: HESCO / Model: H600)
- Roll-off Containers (Open Top, Enclosed Recycling, Receiver Boxes – various sizes) Welding, & minor repairs (wheels, hinges, doors, floors, etc.)
- Roll-off Truck Body repairs (Cable hoist, Auto tarper, Hydraulics, etc.)

North Collier Recycling Center:
9950 Goodlette Frank Rd.
Naples, FL 34109

- 2YD Stationary Compactor (Make: IES / Model: HE10561)
- Vertical Baler (Make: PTR / Model: 2300 HD 60")

Marco Island Recycling Center:
990 Chalmer Dr.
Marco Island, FL 34145

- 5YD Stationary Compactor (Make: Marathon / Model: RJ550)
- 2YD Stationary Compactor (Make: IES / Model: HE10561)
- Vertical Baler (Make: PTR / Model: HE10561)

Tim Nance Recycling Center:
825 39th Ave. NE
Naples, 34120

- Vertical Baler (Make: Bace / Model: V630CC / Serial: V630CC1007536)

2. PREVENTATIVE MAINTENANCE

2.1. Preventative maintenance may include:

- Evaluate overall equipment condition.
- Verify that all safety decals are in good condition.
- Test and verify the operation of safety features.
- Thoroughly inspect the cylinder welds and seals.
- Grease all fittings.

CAO

- Inspect all hoses and crimps.
- Inspect all hose clamps and tighten them as needed.
- Inspect motor for signs of wear or end-of-life conditions.
- Inspect the pump for leaks or signs of failure.
- Inspect oil level and general condition.
- Inspect and replace (as needed) hoses, fluids, and filters.
- Clean power unit.
- Grease and lube proper areas for maximum performance and longevity.
- Change oil and hydraulic fluid as recommended by the manufacturer.
- (Optional) Perform oil analysis by an independent laboratory.
- Operate gauge and verify that there are no leaks and operational.
- Set all Pressures.
- Adjust Limit Switches as required.
- Inspect ram or platen guide systems.
- Inspect all control box switches and verify all are operational.
- Inspect the motor starter.
- Inspect motor starter overload.
- Inspect and test Emergency Stop Switches.
- Inspect all electrical connections and tighten as needed.
- Inspect wiring for signs of damage.
- Perform structural inspection of equipment.
- Verify that all safety covers are secure and properly positioned.
- Inspect all loading doors and related safety switches.
- Provide training to personnel on site during visit.
- Verify area near the equipment is clear of debris or improperly stored material.
- All deficiencies communicated and solutions discussed.

2.2. The Vendor must provide a master schedule for all expected maintenance days.

2.3. For each site visit, the awarded Vendor will provide an Equipment Service Report. The Report should include the following:

- Record of inspection including all findings/remarks for each piece of equipment
- All preventative maintenance items completed
- Recommend repairs, if applicable

The Equipment Service Report must be completed and submitted by Vendor to County Representative upon preventative maintenance completion or within three (3) business days if repairs are recommended. Note: Failure to provide the completed, signed and dated report may delay the Vendor's payment.

CAO

2.4. The Vendor shall use a County provided Equipment Service Report if requested to do so by the County.

2.5. Monthly, quarterly, and annual preventative maintenance services are anticipated for all balers and compactors; however, the service shall also be as needed.

2.6. If, during the preventative maintenance, the vendor determines a need for repair or replacement, follow 3. Repairs & Replacement below.

3. REPAIRS & REPLACEMENT

3.1. Repairs may include:

- Welding, fabricating, metal cutting/patching.
- Safety guard repair or replacements.
- Hydraulic system repairs (cylinders, hoses, etc.)
- Electrical controller system repairs.
- Replacement components/parts (couplings, bearings, switches, etc.)
- Pump and motor repair.

3.2. If a repair is recommended, the Vendor will provide a quote to the County Representative within three (3) business days from the date of the inspection, unless it is determined to be an urgent repair, then the Vendor shall work with the County Representative for a quick resolution. The Vendor must be able to work with scale software and other county agencies, when necessary, for problem-solving.

3.3. Should minor repairs or replacement parts be required or recommended by the Vendor while performing the preventative maintenance, and the Vendor is able to repair or replace during the preventative maintenance service, the Vendor shall provide a quote for any parts and labor related to the minor repair or replacement in writing prior to the repair and obtain the County Representative or their designee's approval. Labor rates and markup shall be in accordance with the fee schedule.

3.4. **No single quote for a single repair/replacement project shall exceed $200,000. The County does reserve the right to competitively bid any repair or replacement project, if deemed in the best interest of the County. The County also reserves the right to separately purchase equipment required for the job and may request the Vendor to provide delivery and installation services.**

3.5. The County Representative shall determine if the quote provided is fair, reasonable and within an acceptable spend threshold.

3.6. Labor rates and applicable markups shall be in accordance with the Fee Schedule.

3.7. Hourly labor rates shall be inclusive of all overhead, insurance, profit, travel, and use of company owned equipment (excluding rental equipment).

3.8. Should the Vendor need to hire a subcontractor, the subcontractor charges may be invoiced at cost plus 15% markup. A copy of the subcontractor's invoice shall be required with the Vendor's invoice. The subcontractor's hourly rate may not exceed the Vendor's hourly rates listed on the fee schedule.

3.9. Parts and materials may be invoiced at cost plus 10% markup. Parts/ materials with a single item amount of $500.00 or more shall require the Vendor to provide backup documentation. All shipping or freight charges must have backup documentation. Should the Vendor need to rent equipment to complete the project, rental charges may be invoiced at cost plus 10% markup. A copy of the rental receipt showing the cost shall

CAO

be required with the Vendor's invoice. Ancillary charges may be transferred to the County in the actual amount; however, mark-ups will not be allowed on taxes, freight/shipping, and/or permits.

4. SERVICE CHARGE

Should a service truck with specialized equipment be needed, the vendor may charge a Service Truck Charge per day regardless of how many sites are visited, in accordance with the Fee Schedule. This charge shall include all expenses related to the service truck, such as tools, equipment, fuel, travel time, and insurance. Additional labor rates may still apply in accordance with the Fee Schedule.

5. SHOP CHARGE

Should the vendor need to repair the equipment and/or components in their shop, the vendor may charge a Shop Charge per the Fee Schedule that shall be all-inclusive of any equipment used, insurance, and transport of the equipment/components to and from the shop. This charge shall be a per-day fee for the time the equipment/components are at the vendor's shop being repaired. Time justification may be required. Additional labor rates may still apply in accordance with the Fee Schedule.

6. EQUIPMENT & PARTS

6.1. All equipment and parts provided and installed by the Vendor under the awarded contract shall be new and free of defects and may require County approval prior to installation. It is the intent that all digital and mechanical components will be purchased under the awarded contract. Equipment and Parts may include, but shall not be limited to:

- Replacement balers, compactors, and/or roll-off equipment
- Components, hardware
- Power units
- Lights
- Terminals
- Safety guards
- Control box
- Containers
- Casing/Housings
- Pumps
- Cylinders

6.2. At a minimum, replacement parts and/or maintenance materials shall be based on the manufacturer's recommendations.

7. WORK HOURS AND CONTRACTOR CONTACT

7.1. Normal business hours shall be 7:00am to 5:00pm, Monday through Friday, excluding County observed holidays. After hours are considered to be requests outside of the normal business hours, weekends and County observed holidays or in the event of a declared local state of emergency and vendor shall be paid 1.5x straight time applicable in accordance with the fee schedule.

7.2. The Vendor shall provide a company contact name, phone number and email address for all requests and shall be available twenty-four (24) hours per day, 365 days per year.

CAO

7.3. The County will issue a Purchase Order prior to commencement of work. No work shall be performed until the Vendor is in receipt of an approved purchase order.

8. RESPONSE TIMES FOR REPAIRS/REPLACEMENTS

8.1. Normal Request

- Vendor shall acknowledge a request for quote via email or phone call within twelve (12) hours from the time the County issued the request.
- Vendor shall provide a written quote to the requestor via email within three (3) business days of the initial request from the County.
- The County may request that the Vendor start work within two (2) business days after a valid Purchase Order has been e-mailed to the Vendor by an appropriate County Representative.

8.2. Urgent Request

- Vendor shall acknowledge an urgent request via email or phone call within one (1) hour of the request being sent by the County.
- Vendor shall be on-site within three (3) hours after the County's initial request. A response time that exceeds the three (3) hours must be approved by the County Representative.
- Vendor shall be paid 1.5x straight time hourly rate(s) in accordance with the fee schedule for urgent requests regardless of the day or time the work is performed.

9. PRICE MODIFICATIONS

9.1. Any requested adjustment shall be fully documented and submitted to the County no less than thirty (30) days prior to the contract anniversary date based on the percent change (up or down) of the Consumer Price Index (CPI). Retroactive price adjustments are not authorized. All requests must be submitted to the County Representative or designee. Any approved cost adjustments shall become effective as of the anniversary date or upon Procurement Director/Board approval.

- Contractor shall provide supporting documentation justifying price increases (examples: Contractor's material agreements, distributor invoices, proof of fuel increases, etc.).
- County Representative or designee shall analyze prices to determine if increases are fair and reasonable using the following methods: price competition (reviewing competitive bids or offers), market prices, historical prices, or independent estimates.
- Contractor shall continue to fill all purchase orders received at the current agreement prices during the review process.
- The Procurement Director has the authority to approve price adjustments in accordance with the Procurement Ordinance, as amended. The bid tabulation shall be modified with the price increases, or an amendment process as required, and uploaded into the County's Finance system.
- Price increase requests are not guaranteed. If approved, the Procurement Director or designee will notify the Contractor in writing with the effective date of any approved price increases.

The County may, after examination, refuse to accept the adjusted costs if they are not properly documented, considered excessive, or if decreases are deemed insufficient. In the event the County does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the County, a contract termination will have to be processed.

CAO

10. SAFETY

10.1. The awarded Vendors shall comply with all Occupational Safety and Health Administration (OSHA), Environmental Protection Agency (EPA), the National Institute of Occupational Safety Hazards (NIOSH), the American National Standards Institute (ANSI), the National Fire Protection Association (NFPA), the Crane Manufacturers Association of America, Inc. (CMAA), National Electric Code (NEC), American Society of Mechanical Engineers (ASME), State and County regulations while performing work under the resultant Contract. Vendor shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

10.2. Barricades shall be provided and utilized by the Vendor when work is performed in public areas, or when deemed necessary by the County.

10.3. Hazardous conditions shall be immediately reported to the County.

FEDERAL EMERGENCY MANAGEMENT AGENCY
PUBLIC ASSISTANCE

The supplemental conditions contained in this section are intended to cooperate with, to supplement, and to modify the general conditions and other specifications. In cases of disagreement with any other section of this contract, the Supplemental Conditions shall govern. This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract.

Pursuant uniform requirements of federal awards (2 CFR Part 200.23) the definition of CONTRACTOR is an entity that receives a Contract / Purchase Order.

Compliance with Federal Law, Regulations and Executive Orders: The Sub-Recipient (County) agrees to include in the subcontract that (i) the subcontractor is bound by the terms of the Federally-Funded Subaward and Grant Agreement, (ii) the subcontractor is bound by all applicable state and Federal laws and regulations, and (iii) the subcontractor shall hold the Division and Sub-Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law.

Specifically, the Contractor shall be responsible for being knowledgeable and performing any and all services under this contract in accordance with the following governing regulations along with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

- 2 C.F.R. Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 44 C.F.R. Part 206
- The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, 42 U.S.C. 5121 et seq., and Related Authorities
- FEMA Public Assistance Program and Policy Guide

CAO

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Access to Records: The contractor agrees to provide the County, the Florida Department of Emergency Management, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. (3) The contractor agrees to provide the FEMA Administrator or his authorized representatives' access to construction or other work sites pertaining to the work being completed under the contract. (4) In compliance with section 1225 of the Disaster Recovery Act of 2018, the County and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

Affirmative Socioeconomic Steps: If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Changes: To be allowable under a FEMA grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allowable, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

DHS Seal, Logo, and Flags: The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval. The contractor shall include this provision in any subcontracts.

Domestic Preference for Procurements: As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

License and Delivery of Works Subject to Copyright and Data Rights: The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

No Obligation by Federal Government: The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

CAO

Prohibition on Covered Telecommunications Equipment or Services:
(a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds forcovered Telecommunications Equipment or Services As used in this clause –

(b) Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
(iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

(1) This clause does not prohibit contractors from providing — (i). A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or (ii). Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to: (i). Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system. (ii). Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d)Reporting requirement.

(1) In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause: (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer

CAO

number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended. (ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph(e), in all subcontracts and other contractual instruments.

Program Fraud and False or Fraudulent Statements or Related Acts: The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's actions pertaining to this contract.

Rights to Inventions Made Under a Contract or Agreement: Exempt from FEMA Public Assistance Funding

Suspension and Debarment: (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935). (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. (3) This certification is a material representation of fact relied upon by the County. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Procurement of Recovered Materials (§200.323) (Over $10,000): In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired— Competitively within a timeframe providing for compliance with the contract performance schedule; Meeting contract performance requirements; or At a reasonable price. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines webpage:

https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Termination for Cause and Convenience (over $10,000): See Standard Purchase Order and/or Contract Terms and Conditions

Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352 (as amended) (over $100,000). Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient."

CAO

Contractors must sign and submit a certification to the County with each bid or offer exceeding $100,000. See Certifications and Assurances and the end of this document.

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) (over $100,000): Where applicable, all contracts awarded by the solicitor in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5).

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The County or FEMA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

For contracts that are only subject to Contract Work Hours and Safety Standards Act and are not subject to the other statutes in 29 C.F.R. § 5.1 "Further Compliance with the Contract Work Hours and Safety Standards Act.

(1) The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
(2) Records to be maintained under this provision shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Homeland Security, the Federal Emergency Management Agency, and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

Clean Air Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Administrative, Contractual, or Legal Remedies (over $250,000): Unless otherwise provided in this contract, all claims, counter-claims, disputes and other matters in question between the local government and the contractor, arising out of or relating to this contract, or the breach of it, will be decided by arbitration, if the parties mutually agree, or in a Florida court of competent jurisdiction.

CONSTRUCTION ACTIVITIES

Equal Employment Opportunity Clause (§60-1.4): Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

CAO

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part an the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Davis Bacon Act: Exempt under FEMA Public Assistance Funding

Copeland Anti-Kickback Act: Exempt under FEMA Public Assistance Funding

Compliance with Federal Law, Regulations, And Executive Orders and Acknowledgement of Federal Funding

Certification

This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

If the Contractor subcontracts any of the work required under this Agreement, a copy of the signed subcontract must be available to the County for review and approval. The Contractor agrees to include in the subcontract that (1) the subcontractor is bound by the terms of this Agreement, (ii) the subcontractor is bound by all applicable state and federal laws and regulations, and (iii) the subcontractor shall hold the County and the Grantor Agency harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law. The County may document in the quarterly report the Contractor's progress in performing its work under this agreement.

On behalf of my firm, I acknowledge, the grant requirements identified in this document.

LOBBYING CERTIFICATION
(To be submitted with each bid or offer exceeding $100,000)

The undersigned [Contractor] certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and this proposal is in every respect fair and made in good faith, without collusion or fraud. The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed by the above referenced solicitation. The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services, the Vendor will not be eligible to compete, submit a proposal, be awarded, or perform as a sub-vendor for any future associated work that is a result of this awarded contract.

IN WITNESS WHEREOF, WE have hereunto subscribed our names on this 18 day of JULY, 20 24 in the County of COLLIER, in the State of FL.

Form 2: Conflict of Interest Certification Affidavit

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose an organizational conflict as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition to this signed affidavit, the contractor / vendor must provide the following:
1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having an organizational conflict in one or more of the three categories above be identified, may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Form 3: Immigration Affidavit Certification

This Affidavit is required and should be signed, by an authorized principal of the firm and submitted with formal solicitation submittals. Further, Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid or within five (5) day of the County's Notice of Recommend Award.*

FAILURE TO EXECUTE THIS AFFIDAVIT CERTIFICATION AND SUBMIT WITH VENDOR'S PROPOSAL/BID MAY DEEM THE VENDOR'S AS NON-RESPONSIVE.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

FEDERAL EMERGENCY MANAGEMENT AGENCY
PUBLIC ASSISTANCE

The supplemental conditions contained in this section are intended to cooperate with, to supplement, and to modify the general conditions and other specifications. In cases of disagreement with any other section of this contract, the Supplemental Conditions shall govern. This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract.

Pursuant uniform requirements of federal awards (2 CFR Part 200.23) the definition of CONTRACTOR is an entity that receives a Contract / Purchase Order.

Compliance with Federal Law, Regulations and Executive Orders: The Sub-Recipient (County) agrees to include in the subcontract that (i) the subcontractor is bound by the terms of the Federally-Funded Subaward and Grant Agreement, (ii) the subcontractor is bound by all applicable state and Federal laws and regulations, and (iii) the subcontractor shall hold the Division and Sub-Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law.

Specifically, the Contractor shall be responsible for being knowledgeable and performing any and all services under this contract in accordance with the following governing regulations along with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

- 2 C.F.R. Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 44 C.F.R. Part 206
- The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, 42 U.S.C. 5121 et seq., and Related Authorities
- FEMA Public Assistance Program and Policy Guide

Access to Records: The contractor agrees to provide the County, the Florida Department of Emergency Management, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. (3) The contractor agrees to provide the FEMA Administrator or his authorized representatives' access to construction or other work sites pertaining to the work being completed under the contract. (4) In compliance with section 1225 of the Disaster Recovery Act of 2018, the County and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

Affirmative Socioeconomic Steps: If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Changes: To be allowable under a FEMA grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allowable, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

DHS Seal, Logo, and Flags: The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval. The contractor shall include this provision in any subcontracts.

Domestic Preference for Procurements: As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

License and Delivery of Works Subject to Copyright and Data Rights: The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

No Obligation by Federal Government: The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

Prohibition on Covered Telecommunications Equipment or Services:
(a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds forcovered Telecommunications Equipment or Services As used in this clause –

(b) Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
(iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

(1) This clause does not prohibit contractors from providing — (i). A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or (ii). Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to: (i). Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system. (ii). Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d)Reporting requirement.

(1) In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause: (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer

number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended. (ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph(e), in all subcontracts and other contractual instruments.

Program Fraud and False or Fraudulent Statements or Related Acts: The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's actions pertaining to this contract.

Rights to Inventions Made Under a Contract or Agreement: Exempt from FEMA Public Assistance Funding

Suspension and Debarment: (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935). (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. (3) This certification is a material representation of fact relied upon by the County. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Procurement of Recovered Materials (§200.323) (Over $10,000): In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired— Competitively within a timeframe providing for compliance with the contract performance schedule; Meeting contract performance requirements; or At a reasonable price. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines webpage:

https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Termination for Cause and Convenience (over $10,000): See Standard Purchase Order and/or Contract Terms and Conditions

Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352 (as amended) (over $100,000): Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient."

Contractors must sign and submit a certification to the County with each bid or offer exceeding $100,000. See Certifications and Assurances and the end of this document.

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) (over $100,000): Where applicable, all contracts awarded by the solicitor in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5).

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The County or FEMA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

For contracts that are only subject to Contract Work Hours and Safety Standards Act and are not subject to the other statutes in 29 C.F.R. § 5.1 "Further Compliance with the Contract Work Hours and Safety Standards Act.

(1) The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
(2) Records to be maintained under this provision shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Homeland Security, the Federal Emergency Management Agency, and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

Clean Air Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Administrative, Contractual, or Legal Remedies (over $250,000): Unless otherwise provided in this contract, all claims, counter-claims, disputes and other matters in question between the local government and the contractor, arising out of or relating to this contract, or the breach of it, will be decided by arbitration, if the parties mutually agree, or in a Florida court of competent jurisdiction.

CONSTRUCTION ACTIVITIES

Equal Employment Opportunity Clause (§60-1.4): Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part an the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Davis Bacon Act: Exempt under FEMA Public Assistance Funding

Copeland Anti-Kickback Act: Exempt under FEMA Public Assistance Funding

Compliance with Federal Law, Regulations, And Executive Orders and Acknowledgement of Federal Funding

Certification

This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

If the Contractor subcontracts any of the work required under this Agreement, a copy of the signed subcontract must be available to the County for review and approval. The Contractor agrees to include in the subcontract that (1) the subcontractor is bound by the terms of this Agreement, (ii) the subcontractor is bound by all applicable state and federal laws and regulations, and (iii) the subcontractor shall hold the County and the Grantor Agency harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law. The County may document in the quarterly report the Contractor's progress in performing its work under this agreement.

On behalf of my firm, I acknowledge, the grant requirements identified in this document.

LOBBYING CERTIFICATION
(To be submitted with each bid or offer exceeding $100,000)

The undersigned [Contractor] certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS USING AN E-VERIFY EMPLOYER AGENT

ARTICLE I PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS), the ABG Fabrication, LLC (Employer), and the E-Verify Employer Agent. The purpose of this agreement is to set forth terms and conditions which the Employer and the E-Verify Employer Agent will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the E-Verify Employer Agent, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer shall become familiar with and comply with the most recent version of the E-Verify User Manual. The Employer will obtain the E-Verify User Manual from the E-Verify Employer Agent.

4. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 1-888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete I-Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

5. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

6. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 5 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify

7. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

8. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

9. The Employer must use E-Verify (through its E-Verify Employer Agent) for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

10. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps
(see Article III.B below) to contact DHS with information necessary to resolve the challenge.

11. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance
(indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status
(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment.
Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

12. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

13. The Employer agrees that it will use the information it receives from E-Verify (through its E-Verify Employer Agent) only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

14. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email a E-Verify@uscis.dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

15. The Employer acknowledges that the information it receives through the E-Verify Employer Agent from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

16. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify (whether directly or through their E-Verify Employer Agent), which includes permitting DHS, SSA, their contractors and other agents, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

17. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

18. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

19. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

20. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

21. The Employer agrees that it will notify its E-Verify Employer Agent immediately if it is awarded a federal contract with the FAR clause. Your E-Verify Employer Agent needs this information so that it can update your company's E-Verify profile within 30 days of the contract award date.

B. RESPONSIBILITIES OF E-VERIFY EMPLOYER AGENT

1. The E-Verify Employer Agent agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the E-Verify Employer Agent representatives who will be accessing information under E-Verify and shall update them as needed to keep them current.

2. The E-Verify Employer Agent agrees to become familiar with and comply with the E-Verify User Manual and provide a copy of the most current version of the E-Verify User Manual to the Employer so that the Employer can become familiar with and comply with E-Verify policy and procedures. The E-Verify Employer Agent agrees to obtain a revised E-Verify User Manual as it becomes available and to provide a copy of the revised version to the Employer no later than 30 days after the manual becomes available.

3. The E-Verify Employer Agent agrees that any person accessing E-Verify on its behalf is trained on the most recent E-Verify policy and procedures.

4. The E-Verify Employer Agent agrees that any E-Verify Employer Agent Representative who will perform employment verification cases will complete the E-Verify Tutorial before that individual initiates any cases.

   a. The E-Verify Employer Agent agrees that all E-Verify Employer Agent representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify, including any tutorials for Federal contractors, if any of the Employers represented by the E-Verify Employer Agent is a Federal contractor.

   b. Failure to complete a refresher tutorial will prevent the E-Verify Employer Agent and Employer from continued use of E-Verify.

5. The E-Verify Employer Agent agrees to grant E-Verify access only to current employees who need E-Verify access. The E-Verify Employer Agent must promptly terminate an employee's E-Verify access if the employee is separated from the company or no longer needs access to E-Verify.

6. The E-Verify Employer Agent agrees to obtain the necessary equipment to use E- Verify as required by the E-Verify rules and regulations as modified from time to time.

7. The E-Verify Employer Agent agrees to, consistent with applicable laws, regulations, and policies, commit sufficient personnel and resources to meet the requirements of this MOU.

8. The E-Verify Employer Agent agrees to provide its clients with training on E-Verify processes, policies, and procedures. The E-Verify Employer Agent also agrees to provide its clients with ongoing E-Verify training as needed. E-Verify is not responsible for providing training to clients of E-Verify Employer Agents.

9. The E-Verify Employer Agent agrees to provide the Employer with the notices described in Article II.B.1 below.

10. The E-Verify Employer Agent agrees to create E-Verify cases for the Employer it represents in accordance with the E-Verify Manual, the E-Verify Web-Based Tutorial and all other published E-Verify rules and procedures. The E-Verify Employer Agent will create E-Verify cases using information provided by the Employer and will immediately communicate the response back to the Employer. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the E-Verify Employer Agent's attempting, in good faith, to make inquiries on behalf of the Employer during the period of unavailability

11. When the E-Verify Employer Agent receives notice from a client company that it has received a contract with the FAR clause, then the E-Verify Employer Agent must update the company's E-Verify profile within 30 days of the contract award date.

12. If data is transmitted between the E-Verify Employer Agent and its client, then the E-Verify Employer Agent agrees to protect personally identifiable information during transmission to and from the E-Verify Employer Agent.

13. The E-Verify Employer Agent agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@uscis.dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

14. The E-Verify Employer Agent agrees to fully cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including permitting DHS, SSA, their contractors and other agents, upon reasonable notice, to review Forms I-9, employment records, and all records pertaining to the E-Verify Employer Agent's use of E-Verify, and to interview it and its employees regarding the use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

15. The E-Verify Employer Agent shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The E-Verify Employer Agent shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify Employer Agent services and any claim to that effect is false.

16. The E-Verify Employer Agent shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

17. The E-Verify Employer Agent agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the E-Verify Employer Agent's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

18. The E-Verify Employer Agent understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the E-Verify Employer Agent may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

C. RESPONSIBILITIES OF FEDERAL CONTRACTORS

The E-Verify Employer Agent shall ensure that the E-Verify Employer Agent and the Employers represented by the E-Verify Employer Agent carry out the following responsibilities if the Employer is a Federal contractor or becomes a federal contractor. The E-Verify Employer Agent should instruct the client to keep the E-Verify Employer Agent informed about any changes or updates related to federal contracts. It is the E-Verify Employer Agent's responsibility to ensure that its clients are in compliance with all E-Verify policies and procedures.

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.

   a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

D. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer (through the E-Verify Employer Agent) against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides (through the E-Verify Employer Agent) through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the E-Verify Employer Agent.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the E-Verify Employer Agent.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

E. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer (through the E-Verify Employer Agent) to conduct, to the extent authorized by this MOU:

   a. Automated verification checks on alien employees by electronic means, and

   b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the E-Verify Employer Agent with operational problems associated with its participation in E-Verify. DHS agrees to provide the E-Verify Employer Agent names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the E-Verify Employer Agent with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train E-Verify Employer Agents on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require E-Verify Employer Agents to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer (through the E-Verify Employer Agent) a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the E-Verify Employer Agent’s E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. HS agrees to safeguard the information the Employer provides (through the E-Verify Employer Agent), and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

   a. Scanning and uploading the document, or

   b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties. In addition, any Employer represented by the E-Verify Employer Agent may voluntarily terminate this MOU upon giving DHS 30 days' written notice.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

5. Upon termination of the relationship between an Employer and their E-Verify Employer Agent, E-Verify cannot provide the Employer with its records. The Employer agrees to seek its records from the E-Verify Employer Agent.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of

DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer, the E-Verify Employer Agent, and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS, the Employer, and the E-Verify Employer Agent. ABG Fabrication, LLC (Employer) hereby designates and appoints DecisionHR USA, Inc. (E- Verify Employer Agent), including its officers and employees, as the E-Verify Employer Agent for the purpose of carrying out (Employer) responsibilities under the MOU between the Employer, the E-Verify Employer Agent, and DHS. If you have any questions, contact E-Verify at 1-888-464-4218.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

ABG Fabrication, LLC

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☑ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

4284 ENTERPRISE AVE

Requester's name and address (optional)

6 City, state, and ZIP code

NAPLES, FL 34104

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

4	7	–	2	3	7	3	9	7	3

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ [signature] Date ▶ 5/20/2024

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Form 4 Reference Questionnaire
(USE ONE FORM FOR EACH REQUIRED REFERENCE)

Solicitation: 23-8095R

Reference Questionnaire for: ABG FABRICATION

(Name of Company Requesting Reference Information) ~~CITY OF NAPLES~~ ABG FABRICATION

(Name of Individuals Requesting Reference Information)

Name: Mike Shows
(Evaluator completing reference questionnaire)

Company: CITY OF NAPLES
(Evaluator's Company completing reference)

Email: MSHOWS@NAPLES-GOV FAX:

Telephone: 239-213-4747

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: _____ Completion Date: _____

Project Budget: _____ Project Number of Days: _____

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	
2	Ability to maintain project schedule (complete on-time or early).	
3	Quality of work.	
4	Quality of consultative advice provided on the project.	
5	Professionalism and ability to manage personnel.	
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	
7	Ability to verbally communicate and document information clearly and succinctly.	
8	Abiltity to manage risks and unexpected project circumstances.	
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	
10	Overall comfort level with hiring the company in the future (customer satisfaction).

Vendor Check List

IMPORTANT: Please review carefully and submit with your Proposal/Bid. All applicable documents shall be submitted electronically through BidSync. Vendor should checkoff each of the following items. Failure to provide the applicable documents may deem you non-responsive/non-responsible.

- [x] General Bid Instructions has been acknowledged and accepted.
- [x] Collier County Purchase Order Terms and Conditions have been acknowledged and accepted.
- [x] Form 1: Vendor Declaration Statement
- [x] Form 2: Conflict of Interest Certification
- [x] Proof of status from Division of Corporations - Florida Department of State (If work performed in the State) - http://dos.myflorida.com/sunbiz/ should be attached with your submittal.
- [x] Vendor **MUST** be enrolled in the E-Verify - https://www.e-verify.gov/ at the time of submission of the proposal/bid.
- [ ] Form 3: Immigration Affidavit Certification **MUST** be signed and attached with your submittal.
- [x] E-Verify Memorandum of Understanding or Company Profile page should be attached with your submittal.
- [x] Form 4: Reference Questionnaire form must be utilized for each requested reference and included with your submittal, if applicable to the solicitation.
- [ ] Form 5: Grant Provisions and Assurances package in its entirety, **if applicable**, are executed and should be included with your submittal.
- [x] Vendor W-9 Form.
- [x] Vendor acknowledges Insurance Requirements and is prepared to produce the required insurance certificate(s) within five (5) days of the County's issuance of a Notice of Recommend Award.
- [x] The Bid Schedule has been completed and attached with your submittal, applicable to bids.
- [ ] Copies of all requested licenses and/or certifications to complete the requirements of the project.
- [x] All addenda have been signed and attached.
- [ ] County's IT Technical Architecture Requirements has been acknowledged and accepted, if applicable.
- [ ] Any and all supplemental requirements and terms has been acknowledged and accepted, if applicable.

Executive Summary

Recommendation that the Board of County Commissioners, as ex-officio the Governing Board of the Collier County Water-Sewer District (CCWSD), award Request for Professional Services No. 24-8211 for "Design Services for South County Water Reclamation Facility Electrical Service #1 Upgrades" to Johnson Engineering, LLC, in the amount of $501,897, and authorize the Chairman to sign the attached Agreement. (Project 70288)

OBJECTIVE: To obtain professional engineering design and construction administration services for the South County Water Reclamation Facility Electrical Service #1 Upgrades (the "Project").

CONSIDERATIONS: Collier County Water Sewer District (CCWSD) has established GIS-based integrated Enterprise Asset Management (EAM) where assets are routinely evaluated and conditions in the field updated by Operations Divisions and, where appropriate, they are listed under the Capital Improvements Plan (CIP) for Engineering and Project Management to implement the soonest possible. CCWSD EAM drives the priorities for investment in our Critical Infrastructure where replacements, re-hab, and repairs are planned and implemented prior to failure (Cat Red-F and Red-E) that would result in Utility Service outages and negative customer service impact. The Engineering and Project Management Division of the Public Utilities Department has completed QA/QC and programmed this project.

Much of the power distribution system equipment at the South County Water Reclamation Facility has been in use for twenty years or more and has reached its useful life. The Project will replace, in its entirety, the main switchgear for Electrical Service #1 and its two backup diesel generators. The replacement will analyze room for expansion or multiple feed capabilities, which are not currently available. All other facility/equipment improvements and replacements necessary to replace the main switchgear are included in the Project.

On August 13, 2024 (Agenda Item 16.C.1) the Board approved the selection committee ranking for Request for Professional Services No. 24-8211, "Design Services for the South County Water Reclamation Facility Electrical Service #1 Upgrades," and authorized staff to enter into negotiations with the top-ranked firm, Johnson Engineering, LLC ("Johnson").

Johnson originally presented a proposal in the amount of $531,186, which staff negotiated down to $501,897 following a series of negotiation sessions coordinated by the Procurement Services Division. The construction cost for the Project is estimated at $7 Million. Staff recommends that the Board approve the attached Agreement with Johnson in the negotiated amount of $501,897 to provide the detailed scope of engineering services required for the Project. The Board's approval of this item will also be an acknowledgment of the cost reasonableness of the contract amount based upon staff's competitive negotiation as required by the Consultants Competitive Negotiations Act, Florida Statute §287.055.
Johnson has provided engineering services for the County on prior projects over the past 30 years. Johnson is currently the design entity for the North County Water Reclamation Facility Electrical Services Number One Upgrade Project.

The South County Water Reclamation Facility Electrical Service #1 Upgrades will provide a new main switchgear for Electrical Service #1 and its two backup diesel generators, consistent with the Infrastructure and Asset Management element of the Collier County Strategic Plan objectives, and FY 2025 Budget approved by the Board on September 19, 2024.

FISCAL IMPACT: The source of funding is the Wastewater User Fee Capital Fund (4014). A total of $501,897 is available in Project 70288.

GROWTH MANAGEMENT IMPACT: The Project meets current Growth Management Plan standards to ensure the adequacy and availability of viable public facilities.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATIONS: Recommendation that the Board of County Commissioners, as ex-officio the Governing Board of the Collier County Water-Sewer District (CCWSD), award Request for Professional Services No. 24-8211 for "Design Services for South County Water Reclamation Facility Electrical Service #1 Upgrades" to Johnson Engineering, LLC, in the amount of $501,897, and authorize the Chairman to sign the attached Agreement. (Project 70288)

PROFESSIONAL SERVICES AGREEMENT

Contract # 24-8211

for

"Design Services for South County Water Reclamation Facility Electrical Service #1 Upgrades"

THIS AGREEMENT is made and entered into this ____ day of _____, 20 ___ by and between the Board of County Commissioners for Collier County, Florida, a political subdivision of the State of Florida (hereinafter referred to as the "COUNTY") and Johnson Engineering, LLC authorized to do business in the State of Florida, whose business address is 2122 Johnson Street, Fort Myers, FL 33901 (hereinafter referred to as the "CONSULTANT" and/or "CONTRACTOR").

WITNESSETH:

WHEREAS, the COUNTY desires to obtain the professional services of the CONSULTANT concerning Design Services for South County Water Reclamation Facility Electrical Service #1 (hereinafter referred to as the "Project"), said services in accordance with the provisions of Section 287.055, Florida Statutes being more fully described in Schedule A, "Scope of Services", which is attached hereto and incorporated herein;

WHEREAS, the CONSULTANT has submitted a proposal for provision of those services; and;

WHEREAS, the CONSULTANT represents that it has expertise in the type of professional services that will be required for the Project.

NOW, THEREFORE, in consideration of the mutual covenants and provisions contained herein, the parties hereto agree as follows:

ARTICLE ONE
CONSULTANT'S RESPONSIBILITY

1.1. CONSULTANT shall provide to COUNTY professional services in all phases of the Project to which this Agreement applies.

1.2. The Basic Services to be performed by CONSULTANT hereunder are set forth in the Scope of Services described in detail in Schedule A. The total compensation to be paid CONSULTANT by the COUNTY for all Basic Services is set forth in Article Five and Schedule B, "Basis of Compensation", which is attached hereto and incorporated herein.

1.3. The CONSULTANT agrees to obtain and maintain throughout the period of this Agreement all such licenses as are required to do business in the State of Florida and in Collier County, Florida, including, but not limited to, all licenses required by the respective state boards and other governmental agencies responsible for regulating and licensing the professional services to be provided and performed by the CONSULTANT pursuant to this Agreement.

1.4. The CONSULTANT agrees that, when the services to be provided hereunder relate to a professional service which, under Florida Statutes, requires a license, certificate of authorization or other form of legal entitlement to practice such services, it shall employ and/or retain only qualified personnel to provide such services to the COUNTY.

1.5. CONSULTANT designates Wayne Wright a qualified licensed professional to serve as the CONSULTANT's project coordinator (hereinafter referred to as the "Project Coordinator"). The Project Coordinator is authorized and responsible to act on behalf of the CONSULTANT with respect to directing, coordinating and administering all aspects of the services to be provided and performed under this Agreement. Further, the Project Coordinator has full authority to bind and obligate the CONSULTANT on all matters arising out of or relating to this Agreement. The CONSULTANT agrees that the Project Coordinator shall devote whatever time is required to satisfactorily manage the services to be provided and performed by the CONSULTANT hereunder. The Project Coordinator shall not be removed by CONSULTANT from the Project without the COUNTY's prior written approval, and if so removed must be immediately replaced with a person acceptable to the COUNTY.

1.6. CONSULTANT agrees, within fourteen (14) calendar days of receipt of a written request from the COUNTY to promptly remove and replace the Project Coordinator, or any other personnel employed or retained by the CONSULTANT, or any subconsultants or subcontractors or any personnel of any such subconsultants or subcontractors engaged by the CONSULTANT to provide and perform services or work pursuant to the requirements of this Agreement, said request may be made with or without cause. Any personnel so removed must be immediately replaced with a person acceptable to the COUNTY.

1.7. The CONSULTANT represents to the COUNTY that it has expertise in the type of professional services that will be performed pursuant to this Agreement and has extensive experience with projects similar to the Project required hereunder. The CONSULTANT agrees that all services to be provided by CONSULTANT pursuant to this Agreement shall be subject to the COUNTY's review and approval and shall be in accordance with the generally accepted standards of professional practice in the State of Florida, as well as in accordance with all applicable laws, statutes, including but not limited to ordinances, codes, rules, regulations and requirements of any governmental agencies, and the Florida Building Code where applicable, which regulate or have jurisdiction over the Services to be provided and performed by CONSULTANT hereunder, the Local Government Prompt Payment Act (218.735 and 218.76 F.S.), as amended, and the Florida Public Records Law Chapter 119, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division
3299 Tamiami Trail East, Suite 102
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@colliercountyfl.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

1.8. In the event of any conflicts in these requirements, the CONSULTANT shall notify the COUNTY of such conflict and utilize its best professional judgment to advise the COUNTY regarding resolution of each such conflict. The COUNTYS approval of the design documents in no way relieves CONSULTANT of its obligation to deliver complete and accurate documents necessary for successful construction of the Project.

1.9. The COUNTY reserves the right to deduct portions of the (monthly) invoiced (task) amount for the following: Tasks not completed within the expressed time frame, including required deliverables, incomplete and/or deficient documents, failure to comply with local, state and/or federal requirements and/or codes and ordinances applicable to CONSULTANT's performance of the work as related to the project. This list is not deemed to be all-inclusive, and the COUNTY reserves the right to make sole determination regarding deductions. After notification of deficiency, if the CONSULANT fails to correct the deficiency within the specified timeframe, these funds would be forfeited by the CONSULTANT. The COUNTY may also deduct or charge the CONSULTANT for services and/or items necessary to correct the deficiencies directly related to the CONSULTANT's non-performance whether or not the COUNTY obtained substitute performance.

1.10. CONSULTANT agrees not to divulge, furnish or make available to any third person, firm or organization, without the COUNTY's prior written consent, or unless incident to the proper performance of the CONSULTANT'S obligations hereunder, or in the course of judicial or legislative proceedings where such information has been properly subpoenaed, any non-public information concerning the services to be rendered by CONSULTANT hereunder, and CONSULTANT shall require all of its employees, agents, subconsultants and subcontractors to comply with the provisions of this paragraph. CONSULTANT shall provide the COUNTY prompt written notice of any such subpoenas.

1.11. As directed by the COUNTY, all plans and drawings referencing a specific geographic area must be submitted in an AutoCAD DWG or MicroStation DGN format on a CD or DVD, drawn in the Florida State Plane East (US Feet) Coordinate System (NAD 83/90). The drawings should either reference specific established Survey Monumentation, such as Certified Section Corners (Half or Quarter Sections are also acceptable), or when implemented, derived from the RTK (Real-Time Kinematic) GPS Network as provided by the COUNTY. Information layers shall have common naming conventions (i.e. right-of-way - ROW, centerlines - CL, edge-of-pavement - EOP, etc.), and adhere to industry standard CAD specifications.

ARTICLE TWO
ADDITIONAL SERVICES OF CONSULTANT

2.1. If authorized in writing by the COUNTY through a Change Order or Amendment to this Agreement, CONSULTANT shall furnish or obtain from others Additional Services of the types listed in Article Two herein. The agreed upon scope, compensation and schedule for Additional Services shall be set forth in the Change Order or Amendment authorizing those Additional Services. With respect to the individuals with authority to authorize Additional Services under this Agreement, such authority will be as established in the COUNTY's Procurement Ordinance and Procedures in effect at the time such services are authorized. These services will be paid for by the COUNTY as indicated in Article Five and Schedule B. Except in an emergency endangering life or property, any Additional Services must be approved in writing via a Change Order or an Amendment to this Agreement prior to starting such services. The COUNTY will not be responsible for the costs of Additional Services commenced without such express prior written approval. Failure to obtain such prior written approval for Additional Services will be deemed: (i) a waiver of any claim by CONSULTANT for such Additional Services and (ii) an admission by CONSULTANT that such Work is not additional but rather a part of the Basic Services required of CONSULTANT hereunder. If the COUNTY determines that a change in the Agreement is required because of the action taken by CONSULTANT in response to an emergency, an Amendment shall be issued to document the consequences of the changes or variations, provided that CONSULTANT has delivered written notice to the COUNTY of the emergency within forty-eight (48) hours from when CONSULTANT knew or should have known of its occurrence. Failure to provide the forty-eight (48) hour written notice noted above, waives CONSULTANT's right it otherwise may have had to seek an adjustment to its compensation or time of performance under this Agreement. The following services, if not otherwise specified in Schedule A as part of Basic Services, shall be Additional Services:

2.1.1 Preparation of applications and supporting documents (except those already to be furnished under this Agreement) for private or governmental grants, loans, bond issues or advances in connection with the Project.

2.1.2 Services resulting from significant changes in the general scope, extent or character of the Project or its design including, but not limited to, changes in size, complexity, the COUNTY's schedule or character of construction; and revising studies, reports, design documents or Contract Documents previously accepted by the COUNTY when such revisions are required by changes in laws, rules, regulations, ordinances, codes or orders enacted subsequent to and not reasonably anticipated prior to the preparation of such studies, reports or documents, or are due to any other causes beyond CONSULTANT's control and fault.

2.1.3 Providing renderings or models for the COUNTY's use.

2.1.4 Investigations and studies involving detailed consideration of operations, maintenance and overhead expenses; the preparation of feasibility studies, cash flow and economic evaluations, rate schedules and appraisals; and evaluating processes available for licensing and assisting the COUNTY in obtaining such process licensing.

2.1.5 Furnishing services of independent professional associates and consultants for other than the Basic Services to be provided by CONSULTANT hereunder.

2.1.6 Services during travel outside of Collier and Lee Counties required of CONSULTANT and directed by the COUNTY, other than visits to the Project site or the COUNTY's office.

2.1.7 Preparation of operating, maintenance and staffing manuals, except as otherwise provided for herein.

2.1.8 Preparing to serve or serving as a CONSULTANT or witness for the COUNTY in any litigation, or other legal or administrative proceeding, involving the Project (except for assistance in consultations which are included as part of the Basic Services to be provided herein).

2.1.9 Additional services rendered by CONSULTANT in connection with the Project, not otherwise provided for in this Agreement or not customarily furnished in Collier County as part of the Basic Services in accordance with generally accepted professional practice.

ARTICLE THREE
THE COUNTY'S RESPONSIBILITIES

3.1. The COUNTY shall designate in writing a project manager to act as the COUNTY's representative with respect to the services to be rendered under this Agreement (hereinafter referred to as the "Project Manager"). The Project Manager shall have authority to transmit instructions, receive information, interpret and define the COUNTY's policies and decisions with respect to CONSULTANT's services for the Project. However, the Project Manager is not authorized to issue any verbal or written orders or instructions to the CONSULTANT that would have the effect, or be interpreted to have the effect, of modifying or changing in any way whatever:

a. The scope of services to be provided and performed by the CONSULTANT hereunder;
b. The time the CONSULTANT is obligated to commence and complete all such services; or
c. The amount of compensation the COUNTY is obligated or committed to pay the CONSULTANT.

3.2. The Project Manager shall:

a. Review and make appropriate recommendations on all requests submitted by the CONSULTANT for payment for services and work provided and performed in accordance with this Agreement;
b. Provide all criteria and information requested by CONSULTANT as to the COUNTY 's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility and expandability, and any budgetary limitations;
c. Upon request from CONSULTANT, assist CONSULTANT by placing at CONSULTANT's disposal all available information in the COUNTY's possession pertinent to the Project, including existing drawings, specifications, shop drawings, product literature, previous reports and any other data relative to the Project;

d. Arrange for access to and make all provisions for CONSULTANT to enter the Project site to perform the services to be provided by CONSULTANT under this Agreement; and
e. Provide notice to CONSULTANT of any deficiencies or defects discovered by the COUNTY with respect to the services to be rendered by CONSULTANT hereunder.

ARTICLE FOUR
TIME

4.1. Services to be rendered by CONSULTANT shall be commenced subsequent to the execution of this Agreement upon written Notice to Proceed from the COUNTY for all or any designated portion of the Project and shall be performed and completed in accordance with the Project Milestone Schedule attached hereto and made a part hereof as Schedule C. Time is of the essence with respect to the performance of this Agreement.

4.2. Should CONSULTANT be obstructed or delayed in the prosecution or completion of its services as a result of unforeseeable causes beyond the control of CONSULTANT, and not due to its own fault or neglect, including but not restricted to acts of nature or of public enemy, acts of government or of the COUNTY, fires, floods, epidemics, quarantine regulations, strikes or lock-outs, then CONSULTANT shall notify the COUNTY in writing within five (5) working days after commencement of such delay, stating the specific cause or causes thereof, or be deemed to have waived any right which CONSULTANT may have had to request a time extension for that specific delay.

4.3. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of CONSULTANT's services from any cause whatsoever, including those for which the COUNTY may be responsible in whole or in part, shall relieve CONSULTANT of its duty to perform or give rise to any right to damages or additional compensation from the COUNTY. CONSULTANT's sole remedy against the COUNTY will be the right to seek an extension of time to its schedule provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as claims based on late completion. Provided, however, if through no fault or neglect of CONSULTANT, the services to be provided hereunder have been delayed for a total of 180 calendar days, CONSULTANT's compensation shall be equitably adjusted, with respect to those services that have not yet been performed, to reflect the incremental increase in costs experienced by CONSULTANT, if any, as a result of such delays.

4.4. Should the CONSULTANT fail to commence, provide, perform or complete any of the services to be provided hereunder in a timely manner, in addition to any other rights or remedies available to the COUNTY hereunder, the COUNTY at its sole discretion and option may withhold any and all payments due and owing to the CONSULTANT until such time as the CONSULTANT resumes performance of its obligations hereunder in such a manner so as to reasonably establish to the COUNTY's satisfaction that the CONSULTANT's performance is or will shortly be back on schedule.

4.5. In no event shall any approval by the COUNTY authorizing CONSULTANT to continue performing Work under this Agreement or any payment issued by the COUNTY to CONSULTANT be deemed a waiver of any right or claim the COUNTY may have against CONSULTANT for delay or any other damages hereunder.

ARTICLE FIVE
COMPENSATION

5.1. Compensation and the manner of payment of such compensation by the COUNTY for services rendered hereunder by CONSULTANT shall be as prescribed in Schedule B, entitled "Basis of Compensation", which is attached hereto and made a part hereof. The Project Manager, or designee, reserves the right to utilize any of the following Price Methodologies:

Lump Sum (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the COUNTY to the CONSULTANT; and, as a business practice there are no hourly or material invoices presented, rather, the CONSULTANT must perform to the satisfaction of the COUNTY's Project Manager before payment for the fixed price contract is authorized.

Time and Materials: The COUNTY agrees to pay the contractor for the amount of labor time spent by the CONSULTANT 's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's mark-up). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

5.2. The hourly rates as set forth and identified in Schedule B, which is attached hereto, shall apply only to tasks procured under the Time and Materials pricing methodology specified in paragraph 5.1 above. ☐ **Grant Funded**: The hourly rates as set forth and identified in Schedule B, which is attached hereto, are for purposes of providing estimate(s), as required by the grantor agency.

ARTICLE SIX
THE OWNERSHIP OF DOCUMENTS

6.1. Upon the completion or termination of this Agreement, as directed by the COUNTY, CONSULTANT shall deliver to the COUNTY copies or originals of all records, documents, drawings, notes, tracings, plans, MicroStation or AutoCAD files, specifications, maps, evaluations, reports and other technical data, other than working papers, prepared or developed by or for CONSULTANT under this Agreement ("Project Documents"). The COUNTY shall specify whether the originals or copies of such Project Documents are to be delivered by CONSULTANT. CONSULTANT shall be solely responsible for all costs associated with delivering to the COUNTY the Project Documents. CONSULTANT, at its own expense, may retain copies of the Project Documents for its files and internal use.

6.2. Notwithstanding anything in this Agreement to the contrary and without requiring the COUNTY to pay any additional compensation, CONSULTANT hereby grants to the COUNTY a nonexclusive, irrevocable license in all of the Project Documents for the COUNTY's use on this Project. CONSULTANT warrants to the COUNTY that it has full right and authority to grant this license to the COUNTY. Further, CONSULTANT consents to the COUNTY's use of the Project Documents to complete the Project following CONSULTANT's termination for any reason or to perform additions to or remodeling, replacement or renovations of the Project. CONSULTANT also acknowledges the COUNTY may be making Project Documents available for review and information to various third parties and hereby consents to such use by the COUNTY.

ARTICLE SEVEN
MAINTENANCE OF RECORDS

7.1. CONSULTANT will keep adequate records and supporting documentation which concern or reflect its services hereunder. The records and documentation will be retained by CONSULTANT for a minimum of five (5) years from (a) the date of termination of this Agreement or (b) the date the Project is completed, whichever is later, or such later date as may be required by law. The COUNTY, or any duly authorized agents or representatives of the COUNTY, shall, free of charge, have the right to audit, inspect and copy all such records and documentation as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above, or such later date as may be required by law; provided, however, such activity shall be conducted only during normal business hours.

ARTICLE EIGHT
INDEMNIFICATION

8.1. To the maximum extent permitted by Florida law, CONSULTANT shall indemnify and hold harmless the COUNTY, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of CONSULTANT or anyone employed or utilized by the CONSULTANT in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph 8.1.

8.2. To the extent that the Agreement that the work pertains to a "Professional Services Contract" as defined in Section 725.08(3), Florida Statutes, and the CONSULTANT is a "Design Professional" as defined in Section 725.08(4), Florida Statutes, the indemnification provided herein shall be limited as provided in Sections 725.08(1) & (2), Florida Statutes.

ARTICLE NINE
INSURANCE

9.1. CONSULTANT shall obtain and carry, at all times during its performance under the Contract Documents, insurance of the types and in the amounts set forth in SCHEDULE D to this Agreement.

9.2. All insurance shall be from responsible companies duly authorized to do business in the State of Florida.

9.3. All insurance policies required by this Agreement shall include the following provisions and conditions by endorsement to the policies:

9.3.1. All insurance policies, other than the Business Automobile policy, Professional Liability policy, and the Workers Compensation policy, provided by CONSULTANT to meet the requirements of this Agreement shall name Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government, as an additional insured as to the operations of CONSULTANT under this Agreement and shall contain a severability of interests' provisions.

9.3.2. Companies issuing the insurance policy or policies shall have no recourse against the COUNTY for payment of premiums or assessments for any deductibles which all are at the sole responsibility and risk of CONSULTANT.

9.3.3. All insurance coverage of CONSULTANT shall be primary to any insurance or self-insurance program carried by the COUNTY applicable to this Project, and the "Other Insurance" provisions of any policies obtained by CONSULTANT shall not apply to any insurance or self-insurance program carried by the COUNTY applicable to this Project.

9.3.4. The Certificates of Insurance must read: **For any and all work performed on behalf of Collier County,** or reference this contract number.

9.3.5. All insurance policies shall be fully performable in Collier County, Florida, and shall be construed in accordance with the laws of the State of Florida.

9.4. CONSULTANT, its subconsultants and the COUNTY shall waive all rights against each other for damages covered by insurance to the extent insurance proceeds are paid and received by the COUNTY, except such rights as they may have to the proceeds of such insurance held by any of them.

9.5. All insurance companies from whom CONSULTANT obtains the insurance policies required hereunder must meet the following minimum requirements:

9.5.1. The insurance company must be duly licensed and authorized by the Department of Insurance of the State of Florida to transact the appropriate insurance business in the State of Florida.

9.5.2. The insurance company must have a current A. M. Best financial rating of "Class VI" or higher.

ARTICLE TEN
SERVICES BY CONSULTANT'S OWN STAFF

10.1. The services to be performed hereunder shall be performed by CONSULTANT's own staff, unless otherwise authorized in writing by the COUNTY. The employment of, contract with, or use of the services of any other person or firm by CONSULTANT, as independent consultant or otherwise, shall be subject to the prior written approval of the COUNTY. No provision of this Agreement shall, however, be construed as constituting an agreement between the COUNTY and any such other person or firm. Nor shall anything in this Agreement be deemed to give any such party or any third party any claim or right of action against the COUNTY beyond such as may then otherwise exist without regard to this Agreement.

10.2. Attached as Schedule F is a listing of all key personnel CONSULTANT intends to assign to the Project to perform the Services required hereunder. Such personnel shall be committed to this Project in accordance with the percentages noted in Schedule F. All personnel, identified in Schedule F shall not be removed or replaced without the COUNTY's prior written consent.

10.3. CONSULTANT is liable for all the acts or omissions of its subconsultants or subcontractors. By appropriate written agreement, the CONSULTANT shall require each subconsultant or subcontractor, to the extent of the Services to be performed by the subconsultant or subcontractor, to be bound to the CONSULTANT by the terms of this Agreement, and to assume toward the

CONSULTANT all the obligations and responsibilities which the CONSULTANT, by this Agreement, assumes toward the COUNTY. Each subconsultant or subcontract agreement shall preserve and protect the rights of the COUNTY under this Agreement with respect to the Services to be performed by the subconsultant or subcontractor so that the sub consulting or subcontracting thereof will not prejudice such rights. Where appropriate, the CONSULTANT shall require each subconsultant or subcontractor to enter into similar agreements with its sub-subconsultants or sub-subcontractors.

10.4. CONSULTANT acknowledges and agrees that the COUNTY is a third-party beneficiary of each contract entered into between CONSULTANT and each subconsultant or subcontractor, however nothing in this Agreement shall be construed to create any contractual relationship between the COUNTY and any subconsultant or subcontractor. Further, all such contracts shall provide that, at the COUNTY's discretion, they are assignable to the COUNTY upon any termination of this Agreement.

ARTICLE ELEVEN
WAIVER OF CLAIMS

11.1. CONSULTANT's acceptance of final payment shall constitute a full waiver of any and all claims, except for insurance company subrogation claims, by it against the COUNTY arising out of this Agreement or otherwise related to the Project, and except those previously made in writing in accordance with the terms of this Agreement and identified by CONSULTANT as unsettled at the time of the final payment. Neither the acceptance of CONSULTANT's services nor payment by the COUNTY shall be deemed to be a waiver of any of the COUNTY's rights against CONSULTANT.

ARTICLE TWELVE
TERMINATION OR SUSPENSION

12.1. CONSULTANT shall be considered in material default of this Agreement and such default will be considered cause for the COUNTY to terminate this Agreement, in whole or in part, as further set forth in this section, for any of the following reasons: (a) CONSULTANT's failure to begin services under the Agreement within the times specified under the Notice(s) to Proceed, or (b) CONSULTANT's failure to properly and timely perform the services to be provided hereunder or as directed by the COUNTY, or (c) the bankruptcy or insolvency or a general assignment for the benefit of creditors by CONSULTANT or by any of CONSULTANT's principals, officers or directors, or (d) CONSULTANT's failure to obey any laws, ordinances, regulations or other codes of conduct, or (e) CONSULTANT's failure to perform or abide by the terms and conditions of this Agreement, or (f) for any other just cause. The COUNTY may so terminate this Agreement, in whole or in part, by giving the CONSULTANT seven (7) calendar days written notice of the material default.

12.2. If, after notice of termination of this Agreement as provided for in paragraph 12.1 above, it is determined for any reason that CONSULTANT was not in default, or that its default was excusable, or that the COUNTY otherwise was not entitled to the remedy against CONSULTANT provided for in paragraph 12.1, then the notice of termination given pursuant to paragraph 12.1 shall be deemed to be the notice of termination provided for in paragraph 12.3, below, and CONSULTANT's remedies against the COUNTY shall be the same as and be limited to those afforded CONSULTANT under paragraph 12.3, below.

12.3. The COUNTY shall have the right to terminate this Agreement, in whole or in part, without cause upon seven (7) calendar days written notice to CONSULTANT. In the event of such termination for convenience, CONSULTANT'S recovery against the COUNTY shall be limited to that portion of

the fee earned through the date of termination, together with any retainage withheld and any costs reasonably incurred by CONSULTANT that are directly attributable to the termination, but CONSULTANT shall not be entitled to any other or further recovery against the COUNTY, including, but not limited to, anticipated fees or profits on work not required to be performed. CONSULTANT must mitigate all such costs to the greatest extent reasonably possible.

12.4. Upon termination and as directed by the COUNTY, the CONSULTANT shall deliver to the COUNTY all original papers, records, documents, drawings, models, and other material set forth and described in this Agreement, including those described in Article 6, that are in CONSULTANT's possession or under its control.

12.5. The COUNTY shall have the power to suspend all or any portions of the services to be provided by CONSULTANT hereunder upon giving CONSULTANT two (2) calendar days prior written notice of such suspension. If all or any portion of the services to be rendered hereunder are so suspended, the CONSULTANT's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in Article Four herein.

12.6. In the event (i) the COUNTY fails to make any undisputed payment to CONSULTANT within forty-five (45) days after such payment is due or such other time as required by Florida's Prompt Payment Act or (ii) the COUNTY otherwise persistently fails to fulfill some material obligation owed by the COUNTY to CONSULTANT under this Agreement, and (ii) the COUNTY has failed to cure such default within fourteen (14) days of receiving written notice of same from CONSULTANT, then CONSULTANT may stop its performance under this Agreement until such default is cured, after giving THE COUNTY a second fourteen (14) days written notice of CONSULTANT's intention to stop performance under the Agreement. If the Services are so stopped for a period of one hundred and twenty (120) consecutive days through no act or fault of the CONSULTANT or its subconsultant or subcontractor or their agents or employees or any other persons performing portions of the Services under contract with the CONSULTANT, the CONSULTANT may terminate this Agreement by giving written notice to the COUNTY of CONSULTANT's intent to terminate this Agreement. If the COUNTY does not cure its default within fourteen (14) days after receipt of CONSULTANT's written notice, CONSULTANT may, upon fourteen (14) additional days' written notice to the COUNTY, terminate the Agreement and recover from the COUNTY payment for Services performed through the termination date, but in no event, shall CONSULTANT be entitled to payment for Services not performed or any other damages from the COUNTY.

ARTICLE THIRTEEN
TRUTH IN NEGOTIATION REPRESENTATIONS

13.1. CONSULTANT warrants that CONSULTANT has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT, to solicit or secure this Agreement and that CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement.

13.2. In accordance with provisions of Section 287.055, (5)(a), Florida Statutes, the CONSULTANT agrees to execute the required Truth-In-Negotiation Certificate, attached hereto and incorporated herein as Schedule E, certifying that wage rates and other factual unit costs supporting the compensation for CONSULTANT's services to be provided under this Agreement are accurate, complete and current at the time of the Agreement. The CONSULTANT agrees that the original

Agreement price and any additions thereto shall be adjusted to exclude any significant sums by which the COUNTY determines the Agreement price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such adjustments shall be made within one (1) year following the end of this Agreement.

ARTICLE FOURTEEN
CONFLICT OF INTEREST

14.1. CONSULTANT represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. CONSULTANT further represents that no persons having any such interest shall be employed to perform those services.

ARTICLE FIFTEEN
MODIFICATION

15.1. No modification or change in this Agreement shall be valid or binding upon either party unless in writing and executed by the party or parties intended to be bound by it.

ARTICLE SIXTEEN
NOTICES AND ADDRESS OF RECORD

16.1. All notices required or made pursuant to this Agreement to be given by the CONSULTANT to the COUNTY shall be in writing and shall be delivered by hand, email, or by United States Postal Service Department, first class mail service, postage prepaid, addressed to the following the COUNTY's address of record:

Board of County Commissioners for Collier County, Florida

Division Name: Public Utilties, Engineering and Project Management Div.
Division Director: Matthew McLean

Address: 3339 Tamiami Trail East, Suite 303
Naples, FL 34112

Administrative Agent/PM: Adrian Carmenate
Telephone: 239-252-5381
E-Mail(s): adrian.carmenate@colliercountyfl.gov

16.2. All notices required or made pursuant to this Agreement to be given by the COUNTY to the CONSULTANT shall be made in writing and shall be delivered by hand, email or by the United States Postal Service Department, first class mail service, postage prepaid, addressed to the following CONSULTANT's address of record:

Company Name: Johnson Engineering, LLC

Address: 2122 Johnson Street,
Fort Myers, FL 33901

Attention Name & Title:	Erik Howard
Telephone:	239-334-0046
E-Mail(s):	elh@johnsoneng.com

16.3. Either party may change its address of record by written notice to the other party given in accordance with requirements of this Article.

ARTICLE SEVENTEEN
MISCELLANEOUS

17.1. CONSULTANT, in representing the COUNTY, shall promote the best interests of the COUNTY and assume towards the COUNTY a duty of the highest trust, confidence, and fair dealing.

17.2. No modification, waiver, suspension or termination of the Agreement or of any terms thereof shall impair the rights or liabilities of either party.

17.3. This Agreement is not assignable, or otherwise transferable in whole or in part, by CONSULTANT without the prior written consent of the COUNTY.

17.4. Waivers by either party of a breach of any provision of this Agreement shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement.

17.5. The headings of the Articles, Schedules, Parts and Attachments as contained in this Agreement are for the purpose of convenience only and shall not be deemed to expand, limit or change the provisions in such Articles, Schedules, Parts and Attachments.

17.6. This Agreement, including the referenced Schedules and Attachments hereto, constitutes the entire agreement between the parties hereto and shall supersede, replace and nullify any and all prior agreements or understandings, written or oral, relating to the matter set forth herein, and any such prior agreements or understanding shall have no force or effect whatever on this Agreement.

17.7. Unless otherwise expressly noted herein, all representations and covenants of the parties shall survive the expiration or termination of this Agreement.

17.8. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

17.9. The terms and conditions of the following Schedules attached hereto are by this reference incorporated herein:

Schedule A SCOPE OF SERVICES
Schedule B BASIS OF COMPENSATION
Schedule C PROJECT MILESTONE SCHEDULE
Schedule D INSURANCE COVERAGE
Schedule E **CCNA Projects**: TRUTH IN NEGOTIATION CERTIFICATE
Schedule F KEY PERSONNEL
Schedule G Other: _____
Solicitation # #24-8211, including all Attachment(s), Exhibit(s) & Addendum
Consultant's Proposal

17.10. **Grant Funded Projects (only applicable to Grant funded projects):** In the event of any conflict between or among the terms of any of the Contract Documents and/or the COUNTY's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Grant Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the CONSULTANT at the COUNTY's discretion.

ARTICLE EIGHTEEN
APPLICABLE LAW

18.1. This Agreement shall be governed by the laws, rules, and regulations of the State of Florida, and by such laws, rules and regulations of the United States as made applicable to services funded by the United States government. Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

ARTICLE NINETEEN
SECURING AGREEMENT/PUBLIC ENTITY CRIMES

19.1. CONSULTANT warrants that CONSULTANT has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT, to solicit or secure this Agreement and that CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement. At the time this Agreement is executed, CONSULTANT shall sign and deliver to the COUNTY the Truth-In-Negotiation Certificate identified in Article 13 and attached hereto and made a part hereof as Schedule E. CONSULTANT's compensation shall be adjusted to exclude any sums by which the COUNTY determines the compensation was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs.

19.2. By its execution of this Agreement, CONSULTANT acknowledges that it has been informed by the COUNTY of and is in compliance with the terms of Section 287.133(2)(a) of the Florida Statutes which read as follows:

> "A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in s. 287.017 for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list."

ARTICLE TWENTY
DISPUTE RESOLUTION

20.1. Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of CONSULTANT with full decision-making authority and by the COUNTY's staff person who would make the presentation of any settlement reached during negotiations to the COUNTY for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of CONSULTANT with full decision-making authority and by the COUNTY's staff person who would make the presentation of any settlement reached at mediation to the COUNTY's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

20.2. Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

ARTICLE TWENTY-ONE
IMMIGRATION LAW COMPLIANCE

21.1. By executing and entering into this agreement, the CONSULTANT is formally acknowledging without exception or stipulation that it is fully responsible for complying with the provisions of the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the Florida state law requirements set forth in Florida Statute, §448.095, as may be amended. Failure by the CONSULTANT to comply with the laws referenced herein shall constitute a breach of this agreement and the COUNTY shall have the discretion to unilaterally terminate this Agreement immediately.

SCOPE OF SERVICES

following this page (pages 1 through 9)

Agreement #24-8211
"Design Services for South County Water Reclamation Facility Electrical Service #1 Upgrades"

SCHEDULE A – SCOPE OF SERVICES

This Scope of services describes the work and the responsibilities of the CONSULTANT and Collier County (hereinafter referred to as the COUNTY) in connection with the design and preparation of a complete set of construction contract documents and incidental engineering services, as necessary, for improvements to the South County Water Reclamation Facility (SCWRF) Electrical Service #1.

The CONSULTANT shall coordinate with the COUNTY throughout the project to assure that the new electrical facilities and/or equipment to be modified or replaced during this project have enough capacity to facilitate the latest projected needs of the plant.

The CONSULTANT shall prepare contract documents including plans, specifications, supporting engineering analysis, calculations, and other technical documents in accordance with COUNTY policy, procedures, standards, and requirements. These contract documents will be used for bidding purposes by the County, and by the CONTRACTOR(s) to build the project and test the project components. These contract documents will also be used by the COUNTY and/or its Construction Engineering Inspection (CEI) representatives for inspection and final acceptance of the project. The CONSULTANT shall ensure that all required design and specification components necessary to build the project are included in the contract documents.

The CONSULTANT shall be aware that as a project is developed, certain modifications and/or improvements to the original concepts may be required. The CONSULTANT shall incorporate these refinements into the design and consider such refinements to be an anticipated and integral part of the work. This shall not be a basis for any supplemental fee request(s).

The CONSULTANT shall demonstrate good project management practices while working on this project. These include, but are not limited to, communication with the COUNTY and others as necessary, and management of documentation, time, and resources. The CONSULTANT is expected to know the laws and rules governing their profession and is expected to provide services in accordance with current regulations, codes and ordinances, and recognized standards applicable to such professional services. The CONSULTANT shall provide qualified technical and professional personnel to perform the duties and responsibilities assigned under the terms of this agreement.

The CONSULTANT shall have qualified Licensed Professionals in the State of Florida sign and seal all documents as required by the applicable professional licensing board. These professionals shall be responsible for the full compliance of the design with all applicable regulations, codes, and ordinances. All work shall be prepared with English units in accordance with the latest editions of all applicable codes, standards, and requirements.

The COUNTY will provide contract administration, management services and reviews of work associated with the development and preparation of the contract documents, including the construction documents. COUNTY technical reviews are for high-level conformance and are not meant to be comprehensive reviews. The CONSULTANT shall be fully responsible for all work performed and work products developed under this Scope of Services. The COUNTY may provide job-specific information and/or functions as outlined in this contract, if favorable.

CAO

A. PROJECT OBJECTIVES

This project will require the CONSULTANT to develop creative and innovative solutions to operational and physical challenges:

1. The project must be designed for limited to no plant operational downtime. Some features of the plant must remain operational throughout the duration of the project and must have available backup power options should the temporary power solution implemented during construction fail. The design shall ensure adherence to the "PUD Five Ns" throughout the project, which includes, no offsite odor emission, no offsite noise pollution, no offsite dust generation, no offsite spills of materials or substances, and no offsite light emissions.

2. The CONSULTANT will be expected to coordinate with COUNTY staff to develop an approved construction phasing and implementation plan. The construction documents developed by the CONSULTANT shall include all features necessary to assure the contractor can and will follow the approved construction phasing and implementation plan.

3. The CONSULTANT shall determine the safest and most cost-effective solution for replacing the Electrical Service #1 Switchgear and associated standby generators while meeting all applicable code requirements and minimizing the amount of time required for the replacement.

4. The new switchgear shall be located in the existing Electrical Service #1 Building, preferably in the position of the existing switchgear. Additions or modifications to the existing building shall be limited to what is necessary to meet applicable code and safety requirements.

5. Prior to starting any design work, the CONSULTANT must:
    a. Evaluate/inspect the existing structure to determine what building repairs/improvements, if any, will be necessary to address any deficiencies and conform to the latest building codes.
    b. Develop a recommendation report including any/all necessary building repairs and/or improvements necessary and submit the report to the COUNTY for review and approval prior to starting any design work.
    c. As approved by the COUNTY, include all necessary building repairs and improvements in the design documents as part of the overall project.

6. The COUNTY anticipates the new switchgear will consist of and/or include the following features, as appropriate:
    a. Double ended switchgear style equipment.
    b. Two feeds terminating in an "A" main and a "B" main breaker.
    c. A normally open tie breaker allowing for maintenance and redundancy at the switchgear.
    d. Zone selective interlocking to reduce arc flash energy and increase safety.
    e. Internal barriers between the main bus and feeder compartments to minimize the potential for a fault and limit damage in the event of a fault.
    f. Supervisory Control and Data Acquisition System (SCADA), and FPL load shed integration.

    This list of features is not intended to replace or supersede applicable code and safety requirements. It is the CONSULTANT'S responsibility to assure the equipment selected and the overall project design meet all applicable code and safety requirements.

7. The automatic transfer between FPL main and generator mains shall be included in the design.

8. The two new standby generators shall comply with EPA regulations for emissions and tier ratings.

9. Evaluation of existing FPL rates (load shedding) vs tier ratings for generators shall be performed.

10. The two new standby generators shall be sized to meet Class I Reliability standards.

11. The existing FPL service and transformers shall be analyzed and upsized as required for the increased size capacity of the new switchgear.

12. All other facility/equipment improvements and/or replacements necessary to achieve the primary objective of replacing the switchgear and generators for Electrical Service #1 shall be included in the design and incorporated into the contract document.

B. GENERAL PROJECT ACTIVITIES

The CONSULTANT shall perform all general activities required for and applicable to the project, such as but not limited to:

1. After the Notice to Proceed is issued, the CONSULTANT shall evaluate/inspect the Electrical Service #1 Building per objective A.4 and provide a recommendation report to the COUNTY for approval prior to beginning any design activities. Subsequently, the CONSULTANT shall develop and provide an estimated design schedule for COUNTY review for anticipated 30%, 60%, 100%, and Final design submittals. The proposed schedule shall include an estimated two (2) weeks for COUNTY submittal reviews and meet the latest COUNTY production dates.

2. A budgetary construction cost estimate with the 30% submittal.

3. Construction cost estimates with each submittal, starting with the 60% submittal.

4. Preparation of all Specifications, Technical Special Provisions, and Supplemental Terms & Conditions necessary for the project. All documents shall be signed and sealed in accordance with applicable Florida statutes.

5. Field Reviews of the project site as required to obtain necessary data for all elements of the project.

6. Attend all relevant technical meetings, as necessary. This may include, but is not limited to, meetings with COUNTY operational staff.

7. Quality Assurance/Quality Control including all work furnished by or services provided by the CONSULTANT and their subconsultant(s). The CONSULTANT shall, without additional compensation, correct all errors or deficiencies in the designs, maps, drawings, specifications and/or other products and services.

8. Supervise all technical design activities.

9. Coordinate with all disciplines of the project to produce a final set of construction documents.

10. The CONSULTANT shall coordinate with all relevant projects to effectively complete plans and specifications for the project described herein.

11. Develop and incorporate all necessary design variations and design exceptions.

12. Communicate to all interested persons, utilities, groups, and government organizations information regarding the development of the project.

13. Attend relevant meetings with local governing authorities, as necessary.

14. Develop meeting agendas and minutes.

15. Practice selective clearing and grubbing to ensure the preservation and protection of existing vegetation, as necessary. Relocation of existing vegetation may be necessary in some cases.

16. Prepare and include in the contract documents all plan sheets, notes, and details necessary to convey the intent and scope of the project for the purposes of construction.

17. Contract maintenance, project management, and delivery of final documents, reports, and calculations that support the development of the bidding documents. All deliverables shall be signed and sealed in accordance with applicable Florida statutes.

18. Deliver final contract plans and documents in digital format. The final contract plans, and documents shall be digitally signed and sealed files delivered to the COUNTY on acceptable electronic media, as determined by the COUNTY.

19. The CONSULTANT shall submit final Computer Aided Drafting and Design (CADD) system documents and files to the COUNTY, as requested.

20. Assistance with project-related services, such as Construction Administration services, testing inspection, and equipment.

21. As needed technical assistance for procurement of necessary project related items, such as but not limited to, Construction Engineering & Inspection services, equipment and materials.

C. ANTICIPATED DESIGN ACTIVITIES

The CONSULTANT shall develop all contract documents and perform all necessary design activities applicable to the project, such as but not limited to:

1. PROTECTION OF EXISTING STRUCTURES
   The CONSULTANT shall perform field observations to visually identify existing structures within the project limits which may require settlement, vibration, or groundwater monitoring by the contractor during construction. The CONSULTANT shall identify pay items to be included in the bid documents to monitor existing structures if determined necessary.

2. EXISTING UTILITY VERIFICATION AND SUBSURFACE UTILITY ENGINEERING (SUE)

3. UTILITY COORDINATION

   The CONSULTANT shall identify utility facilities within and adjacent to the project limits that may be impacted by the project. The CONSULTANT shall conduct meetings as necessary, and secure

agreements, utility work schedules and plans from the Utility Agency Owners (UAO) ensuring all conflicts that exist between utility facilities and the COUNTY's construction project are addressed. This may include follow up, interpreting plans and assisting the UAO(s) with completion of their work schedules and agreements. May also include phone calls and face-to-face meetings to motivate and ensure the UAO(s) complete and return the required documents in accordance with the project schedule. The CONSULTANT shall ensure all known conflicts have been resolved, all utility negotiations have been completed and that arrangements have been made for utility work to be undertaken.

The CONSULTANT shall coordinate with the electrical utility all activities necessary to commission the new service connections and decommission the old service connections.

4. PERMITS and EASEMENTS

   The CONTRACTOR shall apply for and obtain all (federal, state, and local) permits and easements required for the project. All activities required to obtain necessary permits and easements shall be the responsibility of the CONTRACTOR.

5. STRUCTURES

6. LIGHTING DESIGN: Measure existing light levels. Design lighting system modifications if light levels are inadequate or if the new equipment requires additional lighting.

7. CIVIL SITE DESIGN

8. MECHANICAL

   The CONSULTANT shall evaluate the existing condition of the diesel tanks, leak detection, and piping system and include any necessary replacement as needed in design.

9. HEATING VENTILATION and AIR CONDITIONING (HVAC)
   The CONSULTANT shall evaluate if existing HVAC is adequate for the new equipment and include any necessary replacement as needed in design.

10. ELECTRICAL

    The CONSULTANT shall prepare all electrical contract documents for the project.

    The CONSULTANT shall prepare all grounding contract documents for the project.

    The CONSULTANT shall conduct all electrical studies and assessments necessary (and/or identify in the contract documents those to be performed by the CONTRACTOR to comply with all current and applicable codes, regulations, and concepts. The CONSULTANT shall perform preliminary power studies before construction and final power studies after construction.

    All computer-generated electrical study models and documents shall be provided to the COUNTY, as requested.

    Provide design modifications to existing affected electrical loads to facilitate installation. CONSULTANT shall evaluate the current plant loads and size the new tier 2 generators to meet class I reliability. Provide plans and specifications for auxiliary electrical equipment including

switchgear control panel, distribution panelboards, above-ground cable trays and conduits, and below-ground cable trays. The switchgear control panel shall be Rockwell PLC-based and include bill-of-materials, elevations, and schematics, and incorporate switchgear uninterruptible power supplies, generator annunciators, Operator Interface Terminal (OIT) for switchgear monitoring and control, networking hardware, and serve as a hard-wired interface to external devices. Networking protocols will include ethernet/IP, Modbus TCP, and serial communications.

The CONTRACTOR shall apply and pay for the electrical permit.

11. LIFE SAFETY

12. LIGHTNING PROTECTION

13. DEMOLITION and SALVAGE

14. AUTOMATION

As applicable, all new equipment shall be designed to be integrated into the COUNTY's existing SCADA system. The CONSULTANT shall coordinate with COUNTY staff during design.

The CONSULTANT shall perform all SCADA integration, software programming, and development of/modifications to plant SCADA screens necessary to integrate the project into the plant's existing SCADA system.

CONSULTANT fees for SCADA integration services that can only be completed during construction shall be included under section "D. POST-DESIGN SERVICES".

15. Deliverables

A. 30% Design: CONSULTANT shall provide 30% design level plans & specifications, budgetary OPC, and updated project schedule for COUNTY review.

B. 60% Design: CONSULTANT shall provide 60% design level plans & specifications, budgetary OPC, and updated project schedule for COUNTY review.

C. 90% Design: CONSULTANT shall provide 90% design level plans & specifications, budgetary OPC, and updated project schedule for COUNTY review.

D. Final Design: CONSULTANT shall provide final design level plans & specifications, budgetary OPC, and updated project schedule for COUNTY review.

D. POST-DESIGN SERVICES

CAO

The CONSULTANT shall provide post-design services as requested by the COUNTY. Post-design services may include, but are not limited to, bidding assistance, facilitation of progress meetings, construction assistance, plans revisions, shop drawing review, RFI responses, survey services, review of power system studies, SCADA integration services, and as-built drawings. Post-Design Services are not intended for instances of CONSULTANT errors or omissions.

1. Programmable Logic controller (PLC) programming and integration
    a. Develop and bench-test PLC logic for interface to the switchgear, generators, and plant SCADA for the switchgear PLC control panel monitoring and control operations.
2. OIT programming and integration
    a. Develop and bench-test OIT screens for the switchgear PLC control panel monitoring and control operations.
3. SCADA HMI programming and integration
    a. Provide HMI screen mock-ups and HMI tag database.
    b. Develop and test HMI screens to monitor switchgear and generator status.
4. Generators integration
    a. Provide programming and integration to interface with new generator controllers.
    b. Incorporate generator annunciators and emergency stop button into the control panel.
5. Bench-Testing
    a. Develop and validate programs to minimize time required for field commissioning and start-up.
    b. Test PLC and OIT hardware to develop and validate programs and communications.
    c. Test network communications
    d. Test Open transition generator transfer and re-transfer control logic
6. Pre-order PLC and OIT hardware to develop and validate programs and communications.
    a) Network communications
    b) Open transition generator transfer and re-transfer control logic
    c) Equipment monitoring and control
    d) Bench test hardware will be supplied to the control panel fabricator to be utilized on the project.
7. Prepare contractor qualifications
    a. Prepare qualifications for bidders to ensure a qualified pool of contractors.
8. Prepare Schedule of Values
    a. Prepare a Schedule of Values to assist with the recommendation of award and help to ascertain compliance with the intent of the design.
9. Prepare technical bid documents
    a. Assist the COUNTY with development of the bid package.
10. Conduct contractor pre-bid meeting
    a. Schedule and conduct a pre-bid meeting for interested bidders to review the project.

CAO

11. Respond to bidder Request-for-Information (RFI)
    a. Review and issue responses to contractor RFI's to clarify design details
12. Assist with RFQ addenda
    a. Issue RFQ responses to technical questions related to the bid.
13. Bid tabulation evaluation and recommendation of award
    a. Evaluate all bids to determine if the bids are compliant with the plans and specifications.
    b. Qualify the bids per the RFQ requirements.
    c. Determine the lowest cost qualified bidder.
    d. Prepare a recommendation of award memo based on the lowest cost qualified Bidder
14. Shop drawing reviews and approvals
    a. Review and approve shop drawings.
15. Construction observation/administration/support activities
    a. Conduct (10) site visits during Construction.
16. Factory-Acceptance-Testing (FAT)
    a. Schedule and perform witnessed switchgear FAT
    b. Schedule and perform witnessed switchgear control panel FAT
17. Commissioning/Startup/Testing
    a. Provide integration services for the PLC, OIT, networked and hard-wired control panel signals
18. Generator Open Transition testing
    a. Test the completed switchgear and generator control systems to ensure generator Transfer and Re-transfer operation per COUNTY requirements.
19. Review and approve invoices and change orders
    a. Review and approve monthly pay applications from the Contractor
20. As-Built record drawings and project close-out
    a. Incorporate all Contractor and field changes into the final record drawings
    b. Final drawings will be provided in ACAD format
21. Develop punchlist of outstanding issues
    a. Record outstanding issues and verify resolution
22. Confirm Substantial Completion of project
    a. Inspect and verify requirements for meeting Substantial Completion
23. FINAL Power System Study
    a. Prepare an update to the DESIGN power system study to create a FINAL power system study to reflect equipment upgrades not reflected by the initial DESIGN power system study.
    b. Provide, print, and affix arc flash labels to new electrical equipment per FINAL SKM power systems analysis.

CAO

24. Operator training
    a. Provide operational training
    b. Assemble Operations & Maintenance (O&M) manuals
    c. Electronic PDF version of the O&M manual, drawings, programs, etc.

E. ADDITIONAL SERVICES

The CONSULTANT shall provide "ADDITIONAL SERVICES" as requested by the COUNTY and in accordance with Article Two of the resultant Agreement. **Fees for "ADDITIONAL SERVICES" are not included in the negotiated fee for the base scope of services defined herein. "ADDITIONAL SERVICES" scopes and fees will be negotiated as necessary and amended to the base scope and fee by way of an amendment/change order to the base agreement/contract.** These services may include, but are not limited to, providing construction document update services. Update services will vary depending on the duration of time elapsed.

1. Pavement Design
2. Drainage Design
3. Architecture
4. Landscape and Irrigation
5. Geotechnical
6. Duct banks

OPTIONAL SERVICES will be performed on a T&M basis.

CAO

SCHEDULE B

BASIS OF COMPENSATION

1. MONTHLY STATUS REPORTS

B.1.1. As a condition precedent to payment, CONSULTANT shall submit to the COUNTY as part of its monthly invoice a progress report reflecting the Project status, in terms of the total work effort estimated to be required for the completion of the Basic Services and any authorized Additional Services, as of the last day of the subject monthly billing cycle. Among other things, the report shall show all Service items and the percentage complete of each item.

2. COMPENSATION TO CONSULTANT

B.2.1. For the Basic Services provided for in this Agreement, the COUNTY agrees to make the payments to CONSULTANT in accordance with the terms stated below. Payments will be made in accordance with the following Schedule; however, the payment of any particular line item noted below shall not be due until services associated with any such line item have been completed or partially completed to the COUNTY's reasonable satisfaction. Lump sum payments will be made upon the percentage complete. In no event shall such Time and Materials compensation exceed the amounts set forth in the table below.

Tasks/Item	Description	Lump Sum	Time and Materials Not-To-Exceed
C.15.A	30% Design	$90,416	$
C.15.B	60% Design	$67,768	$
C.15.C	90% Design	$45,120	$
C.15.D	Final Design	$22,648	$
D	Post-Design Services	$	$250,945
E	Additional Services	$	$25,000
		$	$
		$	$
		$	$
		$	$
		$	$
		$	$
		$	$
		$	$
		$	$
		$	$
		$	$
		$	$
	Total Lump Sum Fee	$ 225,952	
	Total Time and Materials Fee		$275,945
	GRAND TOTAL FEE	$501,897	

B.2.2. ■* Time and Material Fees: The fees noted in Section B.2.1. shall constitute the amounts to be paid to CONSULTANT for the performance of the Basic Services. Direct Labor Costs mean the actual salaries and wages (basic, premium and incentive) paid to CONSULTANT's personnel, with respect to this Project, including all indirect payroll related costs and fringe benefits, all in accordance with and not in excess of the rates set forth in the Attachment 1 to this Schedule B. With each monthly Application for Payment, CONSULTANT shall submit detailed time records, and any other documentation reasonably required by the COUNTY, regarding CONSULTANT's Direct Labor Costs incurred at the time of billing, to be reviewed and approved by the COUNTY. There shall be no overtime pay without the COUNTY's prior written approval.

B.2.2.1. Notwithstanding anything herein to the contrary, in no event may CONSULTANT's monthly billings, on a cumulative basis, exceed the sum determined by multiplying the applicable not to exceed task(s) limits by the percentage the COUNTY has determined CONSULTANT has completed such task as of that particular monthly billing.

B.2.3. ■* Lump Sum Fees: The fees noted in Section 2.1. shall constitute the lump sum amount to be paid to CONSULTANT for the performance of the Basic Services. There shall be no overtime pay without the COUNTY's prior written approval.

B.2.3.1 CONSULTANT shall submit, with each of the monthly status reports provided for under Section B.1.1 of this Schedule B, an invoice for fees earned in the performance of Basic Services and Additional Services during the subject billing month.

B.2.4. For Additional Services provided pursuant to Article 2 of the Agreement, if any, the COUNTY agrees to pay CONSULTANT a negotiated total fee and Reimbursable Expenses based on the services to be provided and as set forth in the Amendment authorizing such Additional Services. The negotiated fee shall be based upon the rates specified in Attachment 1 to this Schedule B and all Reimbursable Expenses shall comply with the provision of Section 3.4.1 below. There shall be no overtime pay on Additional Services without the COUNTY's prior written approval.

B.2.5. The compensation provided for under Section B.2.1 of this Schedule B, shall be the total and complete amount payable to CONSULTANT for the Basic Services to be performed under the provisions of this Agreement, and shall include the cost of all materials, equipment, supplies and out-of-pocket expenses incurred in the performance of all such services.

B.2.6. Notwithstanding anything in the Agreement to the contrary, CONSULTANT acknowledges and agrees that in the event of a dispute concerning payments for Services performed under this Agreement, CONSULTANT shall continue to perform the Services required of it under this Agreement, as directed by the COUNTY, pending resolution of the dispute provided that the COUNTY continues to pay to CONSULTANT all amounts that the COUNTY does not dispute are due and payable.

3. SCHEDULE OF PAYMENTS

B.3.1. Notwithstanding anything herein to the contrary, the CONSULTANT shall submit no more than one invoice per month for all fees earned that month for both Basic Services and Additional Services. Invoices shall be reasonably substantiated, identify the services rendered and must be submitted in triplicate in a form and manner required by the COUNTY.

B.3.1.1 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of contract. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

B.3.2. Invoices not properly prepared (mathematical errors, billing not reflecting actual work done, no signature, etc.) shall be returned to CONSULTANT for correction. Invoices shall be submitted on

CONSULTANT's letterhead and must include the Purchase Order Number and Project name and shall not be submitted more than one time monthly.

B.3.3. Payments for Additional Services of CONSULTANT as defined in Article 2 hereinabove and for reimbursable expenses will be made monthly upon presentation of a detailed invoice with supporting documentation.

B.3.4. Unless specific rates have been established in Attachment 1, attached to this Schedule B, CONSULTANT agrees that, with respect to any subconsultant or subcontractor to be utilized by CONSULTANT for this Agreement or Additional Services, CONSULTANT shall be limited to a maximum markup of five percent (5%) on the fees and expenses associated with such subconsultants and subcontractors.

B.3.4.1 Reimbursable Expenses must comply with §112.061, Fla. Stat., or as set forth in the Agreement, be charged without mark-up by the CONSULTANT, and shall consist only of the following items:

B.3.4.1.1. Cost for reproducing documents that exceed the number of documents described in this Agreement and postage and handling of Drawings and Specifications.

B.3.4.1.2. Travel expenses reasonably and necessarily incurred with respect to Project related trips, to the extent such trips are approved by the COUNTY. Such expenses, if approved by the COUNTY, may include coach airfare, standard accommodations and meals, all in accordance with §112.061, Fla. Stat. Further, such expenses, if approved by the COUNTY, may include mileage for trips that are from/to destinations outside of Collier or Lee Counties. Such trips within Collier and Lee Counties are expressly excluded.

B.3.4.1.3. Permit Fees required by the Project.

B.3.4.1.4. Expense of overtime work requiring higher than regular rates approved in advance and in writing by the COUNTY.

B.3.4.1.5. Expense of models for the County's use.

B.3.4.1.6. Other items on request and approved in writing by the COUNTY.

B.3.4.1.7. The CONSULTANT shall bear and pay all overhead and other expenses, except for authorized reimbursable expenses, incurred by CONSULTANT in the performance of the Services.

B.3.4.1.8. Records of Reimbursable Expenses shall be kept on a generally recognized accounting basis.

B.3.5. The CONSULTANT shall obtain the prior written approval of the COUNTY before incurring any reimbursable expenses, and absent such prior approval, no expenses incurred by CONSULTANT will be deemed to be a reimbursable expense.

[END OF SCHEDULE B]

SCHEDULE B – ATTACHMENT 1

CONSULTANT'S HOURLY RATE SCHEDULE

Title	Hourly Rate
Sr. Project Manager	$ 230
Electrical Engineer	$ 176
Clerical / Admin	$ 94

The above hourly rates are applicable to Time and Materials task(s) only. The above list may not be all inclusive. Additional hourly rates for other personnel may be added via an Amendment upon mutual agreement in advance and in writing by the parties. **For Grant Funded Projects,** the above hourly rates are for purposes of providing estimate(s), as required by the grantor agency.

SCHEDULE C

PROJECT MILESTONE SCHEDULE

Task/Item	Description	Number of Calendar Days For Completion of Task from Date of Notice to Proceed
C.15.A-D	Design Services	270
D	Post-Design Services	900
E	Additional Services	TBD

SCHEDULE D

INSURANCE COVERAGE

1. The amounts and types of insurance coverage shall conform to the following minimum requirements with the use of Insurance Services Office (ISO) forms and endorsements or their equivalents. If CONSULTANT has any self-insured retentions or deductibles under any of the below listed minimum required coverages, CONSULTANT must identify on the Certificate of Insurance the nature and amount of such self-insured retentions or deductibles and provide satisfactory evidence of financial responsibility for such obligations. All self-insured retentions or deductibles will be CONSULTANT's sole responsibility.

2. The insurance required by this Agreement shall be written for not less than the limits specified herein or required by law, whichever is greater.

3. Coverages shall be maintained without interruption from the date of commencement of the services until the date of completion and acceptance of the Project by the COUNTY or as specified in this Agreement, whichever is longer.

4. Certificates of insurance acceptable to the COUNTY shall be filed with the COUNTY within ten (10) calendar days after Notice of Award is received by CONSULTANT evidencing the fact that CONSULTANT has acquired and put in place the insurance coverages and limits required hereunder. In addition, certified, true and exact copies of all insurance policies required shall be provided to the COUNTY, on a timely basis, if requested by the COUNTY. Such certificates shall contain a provision that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days prior written notice has been given to the COUNTY. CONSULTANT shall also notify the COUNTY, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverages or limits received by CONSULTANT from its insurer, and nothing contained herein shall relieve CONSULTANT of this requirement to provide notice. In the event of a reduction in the aggregate limit of any policy to be provided by CONSULTANT hereunder, CONSULTANT shall immediately take steps to have the aggregate limit reinstated to the full extent permitted under such policy.

5. All insurance coverages of the CONSULTANT shall be primary to any insurance or self-insurance program carried by the COUNTY applicable to this Project.

6. The acceptance by the COUNTY of any Certificate of Insurance does not constitute approval or agreement by the COUNTY that the insurance requirements have been satisfied or that the insurance policy shown on the Certificate of Insurance is in compliance with the requirements of this Agreement.

7. CONSULTANT shall require each of its subconsultants to procure and maintain, until the completion of the subconsultant's services, insurance of the types and to the limits specified in this Section except to the extent such insurance requirements for the subconsultant are expressly waived in writing by the COUNTY.

8. Should at any time the CONSULTANT not maintain the insurance coverages required herein, the COUNTY may terminate the Agreement or at its sole discretion shall be authorized to purchase such coverages and charge the CONSULTANT for such coverages purchased. If CONSULTANT fails to reimburse the COUNTY for such costs within thirty (30) days after demand, the COUNTY has the right to offset these costs from any amount due CONSULTANT under this Agreement or any other agreement between the COUNTY and CONSULTANT. The COUNTY shall be under no obligation to

purchase such insurance, nor shall it be responsible for the coverages purchased or the insurance company or companies used. The decision of the COUNTY to purchase such insurance coverages shall in no way be construed to be a waiver of any of its rights under the Agreement.

9. If the initial, or any subsequently issued Certificate of Insurance expires prior to the completion of the services required hereunder or termination of the Agreement, the CONSULTANT shall furnish to the COUNTY, in triplicate, renewal or replacement Certificate(s) of Insurance not later than three (3) business days after the renewal of the policy(ies). Failure of the Contractor to provide the COUNTY with such renewal certificate(s) shall be deemed a material breach by CONSULTANT and the COUNTY may terminate the Agreement for cause.

Sections checked (■) are required by this Agreement.

10. ■ **WORKERS' COMPENSATION AND EMPLOYERS' LIABILITY.** Workers' Compensation and Employers' Liability Insurance shall be maintained by the CONSULTANT during the term of this Agreement for all employees engaged in the work under this Agreement in accordance with the laws of the State of Florida. The amounts of such insurance shall not be less than:

a. Worker's Compensation - Florida Statutory Requirements

b. Employers' Liability - The coverage must include Employers' Liability with a minimum limit of $ 100,000 for each accident.

The insurance company shall waive all claims rights against the COUNTY and the policy shall be so endorsed.

11. ☐ **United States Longshoreman's and Harbor Worker's Act** coverage shall be maintained where applicable to the completion of the work. Coverage shall have minimum limits of $_____ Per Claim/Occurrence.

12. ☐ **Maritime Coverage (Jones Act)** shall be maintained where applicable to the completion of the work. Coverage shall have minimum limits of $_____ Per Claim/Occurrence.

13. ■ **COMMERCIAL GENERAL LIABILITY.**

A. Commercial General Liability Insurance, written on an "occurrence" basis, shall be maintained by the CONSULTANT. Coverage will include, but not be limited to, Bodily Injury, Property Damage, Personal Injury, Contractual Liability for this Agreement, Independent Contractors, Broad Form Property Damage including Completed Operations and Products and Completed Operations Coverage. Products and Completed Operations coverage shall be maintained for a period of not less than five (5) years following the completion and acceptance by the COUNTY of the work under this Agreement. Limits of Liability shall not be less than the following:

Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate.

B. The General Aggregate Limit shall apply separately to this Project and the policy shall be endorsed using the following endorsement wording. "This endorsement modifies insurance provided under the following: Commercial General Liability Coverage Part. The General Aggregate Limit under LIMITS OF INSURANCE applies separately to each of your projects away from premises owned by or rented to you." Applicable deductibles or self-insured retentions shall be the sole responsibility of CONSULTANT. Deductibles or self-insured retentions carried by the CONSULTANT shall be subject to the approval of the Risk Management Director or his/her designee.

14. Collier County Board of County Commissioners shall be listed as the Certificate Holder and included as an "Additional Insured" on the Insurance Certificate for Commercial General Liability where required. The insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly. Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

15. ☐ **Watercraft Liability.** Coverage shall be carried by the CONSULTANT or the SUBCONSULTANT in limits of not less than the Commercial General Liability limit shown in subparagraph (1) above if applicable to the completion of the Services under this Agreement.

16. ☐ **Aircraft Liability.** Coverage shall be carried by the CONSULTANT or the SUBCONSULTANT in limits of not less than $5,000,000 each occurrence if applicable to the completion of the Services under this Agreement.

17. ■ **BUSINESS AUTOMOBILE LIABILITY INSURANCE.** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-The ownership.

18. ☐ **TECHNOLOGY ERRORS AND OMISSIONS INSURANCE.** Coverage shall have minimum limits of $_____ Per Occurrence.

19. ☐ **CYBER INSURANCE.** Coverage shall have minimum limits of $_____ Per Occurrence.

20. ☐ **UMBRELLA LIABILITY.**

A. Umbrella Liability may be maintained as part of the liability insurance of the CONSULTANT and, if so, such policy shall be excess of the Employers' Liability, Commercial General Liability, and Automobile Liability coverages required herein and shall include all coverages on a "following form" basis.

B. The policy shall contain wording to the effect that, in the event of the exhaustion of any underlying limit due to the payment of claims, the Umbrella policy will "drop down" to apply as primary insurance.

21. ■ **PROFESSIONAL LIABILITY INSURANCE.**

A. Professional Liability: Shall be maintained by the CONSULTANT to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. CONSULTANT waives its right of recovery against COUNTY as to any claims under this insurance. Such insurance shall have limits of not less than $ 1,000,000 each claim and aggregate.

B. Any deductible applicable to any claim shall be the sole responsibility of the CONSULTANT. Deductible amounts are subject to the approval of the COUNTY.

C. The CONSULTANT shall continue this coverage for this Project for a period of not less than five (5) years following completion and acceptance of the Project by the COUNTY.

D. The policy retroactive date will always be prior to the date services were first performed by CONSULTANT or the COUNTY, and the date will not be moved forward during the term of this Agreement and for five years thereafter. CONSULTANT shall promptly submit Certificates of

Insurance providing for an unqualified written notice to the COUNTY of any cancellation of coverage or reduction in limits, other than the application of the aggregate limits provision. In addition, CONSULTANT shall also notify the COUNTY by certified mail, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverages or limits received by CONSULTANT from its insurer. In the event of more than a twenty percent (20%) reduction in the aggregate limit of any policy, CONSULTANT shall immediately take steps to have the aggregate limit reinstated to the full extent permitted under such policy. CONSULTANT shall promptly submit a certified, true copy of the policy and any endorsements issued or to be issued on the policy if requested by the COUNTY.

22. **VALUABLE PAPERS INSURANCE.**

In the sole discretion of the COUNTY, CONSULTANT may be required to purchase valuable papers and records coverage for plans, specifications, drawings, reports, maps, books, blueprints, and other printed documents in an amount sufficient to cover the cost of recreating or reconstructing valuable papers or records utilized during the term of this Agreement.

23. **PROJECT PROFESSIONAL LIABILITY.**

A. If the COUNTY notifies CONSULTANT that a project professional liability policy will be purchased, then CONSULTANT agrees to use its best efforts in cooperation with the COUNTY and the COUNTY's insurance representative, to pursue the maximum credit available from the professional liability carrier for a reduction in the premium of CONSULTANT's professional liability policy. If no credit is available from CONSULTANT's current professional policy underwriter, then CONSULTANT agrees to pursue the maximum credit available on the next renewal policy, if a renewal occurs during the term of the project policy (and on any subsequent professional liability policies that renew during the term of the project policy). CONSULTANT agrees that any such credit will fully accrue to the COUNTY. Should no credit accrue to the COUNTY, the COUNTY and CONSULTANT, agree to negotiate in good faith a credit on behalf of the COUNTY for the provision of project-specific professional liability insurance policy in consideration for a reduction in CONSULTANT's self-insured retention and the risk of uninsured or underinsured consultants.

B. The CONSULTANT agrees to provide the following information when requested by the COUNTY or the COUNTY's Project Manager:

1. The date the professional liability insurance renews.
2. Current policy limits.
3. Current deductibles/self-insured retention.
4. Current underwriter.
5. Amount (in both dollars and percent) the underwriter will give as a credit if the policy is replaced by an individual project policy.
6. Cost of professional insurance as a percent of revenue.
7. Affirmation that the design firm will complete a timely project errors and omissions application.

C. If the COUNTY elects to purchase a project professional liability policy, CONSULTANT to be insured will be notified and the COUNTY will provide professional liability insurance, naming CONSULTANT and its professional subconsultants as named insureds.

Executive Summary

Recommendation that the Board of County Commissioners, as ex-officio the Governing Board of the Collier County Water-Sewer District (CCWSD), ratify administratively approved Change Order No. 2 and Change Order No. 3, providing for a time extension and use of the Owner's Allowance under Agreement No. 22-7992R, with Haskins Inc., for the Palm River Areas 1 and 2 Public Utilities Renewal project, and authorize its Chairman to sign the attached Change Orders. (Project No. 70257)

OBJECTIVE: To ratify administratively approved Change Order No. 2 and Change Order No. 3 providing for an extension of time to complete the Palm River Areas 1 and 2 Public Utilities Renewal Project that is replacing aging water mains, wastewater mains and stormwater infrastructure in Areas 1 and 2 of Palm River Neighborhood.

CONSIDERATIONS: Collier County Water Sewer District (CCWSD) has established GIS-based integrated Enterprise Asset Management (EAM) where assets are routinely evaluated and conditions in the field updated by Operations Divisions and, where appropriate, they are listed under the Capital Improvements Plan (CIP) for Engineering and Project Management to implement the soonest possible. CCWSD EAM drives the priorities for investment in our Critical Infrastructure where replacements, re-hab, and repairs are planned and implemented prior to failure (Cat Red-F and Red-E) that would result in Utility Service outages and negative customer service impact. The Engineering and Project Management Division of the Public Utilities Department has completed QA/QC and programmed this project.

On January 10, 2023 (Agenda Item No. 11.A), the Board awarded Construction Agreement No. No. 22-7992R (the "Agreement") to Haskins, Inc. for the Palm River Areas 1 and 2 Public Utilities Renewal project (the "Project"). On February 27, 2024 (Agenda Item No. 16.C.2), the Board approved Change Order No 1 to add 148.5 days to the contract and allow use of the allowance to repair damaged unlocated water services and testing an unmarked drainage pipe for asbestos.

Collier County Water Sewer District (CCWSD) has established GIS-based integrated Enterprise Asset Management (EAM) where assets are routinely evaluated and conditions in the field updated by Operations Divisions and, where appropriate, they are listed under the Capital Improvements Plan (CIP) for Engineering and Project Management to implement the soonest possible. CCWSD EAM drives the priorities for investment in our Critical Infrastructure where replacements, re-hab, and repairs are planned and implemented prior to failure (Cat Red-F and Red-E) that would result in Utility Service outages and negative customer service impact. The Engineering and Project Management Division of the Public Utilities Department has completed QA/QC and programmed this project.

The Project provides for the replacement of Asbestos Cement water main pipes; replacement of the wastewater infrastructure including removal of the existing vitrified clay gravity sewer pipe, and the aging force main; rehabilitation of two wastewater pump stations; and replacement of the aging stormwater infrastructure.

Change Order No. 2 includes the addition of a 7-day time extension to the substantial and final completion dates (3.5 days to complete the work directives and 3.5 days due to rain events), and the utilization of Stormwater's Project Allowance in the amount of $126,841.91 under the Agreement to account for unforeseen items encountered during construction. Change Order No. 2 consists of the utilization of stormwater's allowance to pay for Work Directives No. 6, No. 9, No. 10, and No. 15. Work Directive No. 6 consists of removing 2505.5 feet of unidentified and unmarked asbestos drainage pipe within the project area. Work Directives No. 9, No. 10, and No. 15 consist of installing private property bubble up structures and connecting these structures to existing drainage lines from backyards/sideyards that were originally connected to the old storm drainage system.

Change Order No. 3 utilizes Stormwater's remaining allowance and quantity adjustments to pay for Work Directives No. 12, No. 13, and No. 14. Work Directives No. 12 and No. 13 consist of installing private property bubble up structures and connecting these structures to existing drainage lines from backyards/sideyards that were originally connected to the old storm drainage system. Work Directive No. 14 consists of removing 444 feet of unidentified and unmarked asbestos drainage pipe within the project area. Change Order No. 3 also requests adding 16 days to the substantial and final completion dates. The additional 16 days includes rain days (Hurricane Helene and Hurricane Milton), unforeseen conditions, and the work directives described above.

Change Orders No. 2 and No. 3 were administratively approved by the Procurement Services Division on November 13, 2024, and November 19, 2024, respectively, as authorized by the County's Procurement Ordinance in Section Nineteen, Contract Administration, subsection 3.

FISCAL IMPACT: Funds for Change Order No. 2 & 3 are encumbered in Stormwater Bond Fund (3052) under Purchase Order 4500223134. There is no additional fiscal impact associated with Change Order No. 2 & 3 since the funds are already encumbered for this project.

GROWTH MANAGEMENT IMPACT: There is no impact to the current Growth Management Plan standards to ensure the adequacy and availability of viable public facilities.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATIONS: Recommendation that the Board of County Commissioners, as ex-officio the Governing Board of the Collier County Water-Sewer District (CCWSD), ratify administratively approved Change Order No. 2 and Change Order No. 3, providing for a time extension and use of the Owner's Allowance under Agreement No. 22-7992R, with Haskins Inc., for the Palm River Areas 1 and 2 Public Utilities Renewal project, and authorize its Chairman to sign the attached Change Orders. (Project No. 70257)

Revised Date (Includes this change)	12/23/2024				

# of Days Added 7 **Select Tasks** ☐ Add new task(s) ☐ Delete task(s) ☐ Change task(s) ☒ Other

Provide a response to the following: 1.) detailed and specific explanation/rationale of the requested change(s) to the task(s) and / or the additional days added (if requested); 2.) why this change was not included in the original contract; and, 3.) describe the impact if this change is not processed. Attach additional information from the Design Professional and/or Contractor if needed.

This change order is for the addition of 7 days for Rain Delay and WD #6 and the use of $127,721.91 of project allowances as detailed below:

Time Extensions Due to Rain

1. This change requests a contract time extension of a half (0.5) day due to rain on October 13, 2023; two (2) full day due to rain on March 22, 2024 and March 23, 2024; and one (1) full day due to rain on June 11, 2024. Three and a half (3.5) days total.
2. This change was not included in the original contract as it was unknown that heavy rain would impact the area.
3. If the time extension is not processed, the Contractor will not be able to complete the project on schedule and would be liable for liquidated damages for no fault of their own.

Work Directive #6: Remove Drainage Pipe Containing Asbestos

1. This change requests that the Contractor remove the unidentified and unmarked perforated drainage pipe that was found to contain asbestos per WD #6. Since WD #6 was issued, 2,505.5 feet of perforated drainage pipe containing asbestos has been removed which will be billed at the unit price ($44.00/foot) for bid item 2.12 "Removal and Disposal of Asbestos Cement Concrete Water Main".
2. This change was not included in the original contract as the asbestos pipe was not shown on any record drawings related to the project and unknown to the County.
3. If the change is not processed, the contractor will not be able to fulfill the County's Asbestos Removal Plan.

Work Directive #6 will use $110,242.00 from the project Stormwater Allowance and will increase the number of days in the contract by 3.5 days.

(Divisions who may require additional signatures may include on separate sheet.)

PROCUREMENT USE ONLY		
Admin	BCC Rpt	BCC ES

Work Directive (WD) #9: Private Property Bubble Up Structures

1. This change requests that the Contractor installs the drainage basin bubble-up structures at 411, 448, and 454 Palm River Blvd, and 445 and 459 Golfview Dr to accommodate the existing private property back / side-yard and / or rood drainage pipes that extended into the ROW.
2. The change was not included in the original contract as the length of the back / side yard and / or roof drainage pipes were unknown.
3. If the time extension is not processed, the contractor will not be able to fulfill Collier County's standards on roof drainage in the ROW.

Work Directive #9 will use $5,401.57 from the project Stormwater Allowance.

Work Directive #10: 12-inch Private Property Yard Drain

1. This change requested that the Contractor install the drainage basin bubble-up structure at 436 Palm River Blvd to accommodate the existing 12" private property yard drainage pipe that extends into the ROW.
2. The change was not included in the original contract as the location of the drainage basin was unknown.
3. If the change is not processed, the contractor will not be able to fulfill Collier County's standards on drainage basins in the ROW.

Work Directive #10 will use $2,680.25 from the project Stormwater Allowance.

Work Directive #15: Private Property Yard Drain Adjustment

1. This change requested that the Contractor adjust an existing bubble-up structure at 436 Palm River Blvd to provide a greater elevation difference to better drain the back yard, to connect an existing roof drain, and provide a lower 12" outlet that extends into the ROW.
2. The change was not included in the original contract as it was unknown the extent of the existing drainage system on private property.
3. If the change is not processed, flooding on private property would take place as a result of the County's PUR project. This was evident by recent significant rain events that resulted in water being held on private property.

Work Directive #15 will use $8,518.09 from the project Stormwater Allowance.

Areas 1 & 2 Allowance Summary

Beginning General Allowance	$280,000.00
Remaining General Allowance	$280,000.00
Beginning Water Allowance	$200,000.00
Remaining Water Allowance	$200,000.00

Collier County Engineering & Project Management Division

WD #6

WORK DIRECTIVE CHANGE

CONTRACT # /PROJECT NAME:
#22-7992R Palm River PUR Areas 1 & 2

WORK DIRECTIVE # 6

PURCHASE ORDER #: 4500223134

DATE OF ISSUANCE: May 22, 2023

OWNER: Collier County Board of Commissioners

PROJECT#: 70257.4, 60234.5.1

CONTRACTOR: Haskins, Inc.

ENGINEER/DESIGN PROFESSIONAL: Q. Grady Minor & Associates, P.A.

You are directed to proceed promptly with the following change(s):

Description:
Contractor shall remove the unidentified and unmarked perforated drainage pipe that was tested and found to contain asbestos.

Purpose of Work Directive Change:
The contractor located an unmarked and unidentified pipe while potholing on Cypress Way E in Area 2. The pipe material was tested and found to contain asbestos. Contractor shall remove the perforated drainage pipe that contains asbestos as part of this Public Utilities Renewal Project.

Reason/Justification:
The unidentified pipe was tested and results came back positive for asbestos. Collier County has an Asbestos Removal Plan in place that details the safe work practices whenever asbestos containing material is disturbed. Although this pipe is not identified in the construction plans nor in any known County records, in accordance with Collier County's Asbestos Removal Plan, the pipe shall be removed with this Public Utilities Renewal Project at the contracted unit cost for removing asbestos pipe.

Attachments: N/A

If a claim is made that the above change(s) have affected Contract/Allowance Price or Contract Times any claim for a Change Order based thereon will involve one or more of the following methods of determining the effect of the changes(s).

Method of determining change in Contract/Allowance Price:
- ☒ Unit Prices
- ☐ Lump Sum
- ☐ Time & Material
- ☐ Other

Method of determining change in Contract Times:
- ☒ Contractor's records
- ☐ Engineer's record
- ☐ Other

Estimated increase or decrease in Allowance:
TBD

Estimated change in Contract Time:
TBD

LOW TEMP (F): **75°F**			

General

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Greg's Crew (SS):

- Contractor on site to assist and supervise crews.

Planned Activities for the week:

- No general activities anticipated.

Water System

Remarks

#1 - Prime Contractor – Haskins:

- No water activity observed today.

#3 - Subcontractor – Tru-Spec Mechanical:

Pompano Drive Phase 2

Carlos's Crew (SS):

- **Station 10+57± to Station 11+17±:** Subcontractor installed un-restrained 6-inch DR 18 PVC water main along the north side of Pompano Drive, between houses #675 and #681 Pompano Drive (60 LF). Installed 6-inch water main was measured for payment.
- **Station 11+17± to Station 11+57±:** Subcontractor installed restrained 6-inch DR 18 PVC water main along the north side of Pompano Drive, between houses #675 and #681 Pompano Drive (40 LF). Installed 6-inch water main was measured for payment.

Note: *Trench conditions were wet at bottom of trench. Subcontractor placed either #89 stone or #57 stone in bottom of trench. Subcontractor placed and compacted native soil backfill first lift approximately 6-inch above installed water main as approved by E.O.R., with the following lifts placed at approximately 12-inch lifts. Subcontractor placed blue locator tape above installed water main. Subcontractor placed a blue marker ball at approximately 100-foot intervals. Subcontractor used a broom tractor to sweep roadway at end of the day.*

Planned Activities for the week:

- Contractor anticipates installing new water main in Phase #2.

Wastewater System

Remarks

#1 - Prime Contractor – Haskins:

- No activity observed today.

Note: *Collier County Wastewater Department crew removed from site the generator placed at pump station 103.08, adjacent to house #575 Cypress Way East.*

Planned Activities for the week:

- No planned activities for the week.

Stormwater System

Remarks

#1 - Prime Contractor – Haskins:

Palm River Blvd. Phase 1

Alberto's Crew (SS):

- **Station 9+90±:** Contractor temporarily repaired collapsed existing concrete driveway at house #459 Palm River Blvd. Existing concrete driveway collapsed at existing stormwater pipe crossing under the driveway.
  - Contractor installed two (2) 28-foot lengths of 6-inch SDR 26 PVC pipe crossing under driveway, to temporarily replace the collapsed existing stormwater pipe.
- **Station 12+70±:** Contractor excavated collapsed existing stormwater pipe and repaired collapsed stormwater pipe adjacent to house #478 Palm River Blvd.
  - Contractor installed a length of 8-inch PVC pipe between collapsed existing 12-inch CMP stormwater pipe ends, then sealed the 8-inch PVC pipe into the existing 12-inch CMP using hydraulic cement and Mirafi filter fabric.

Cypress Way East Phase 2

Jamie's Crew (SS):

- **Station 27+61± to 28+50±; Station 28+75± to 29+90±; and Station 30+10± to 30+60±:** Contractor removed existing 6-inch asbestos-cement stormwater pipe along the north right-of-way, on Cypress Way East, between houses #657 to #669, and #669 to #681 Cypress Way East (250 LF). Removed 6-inch asbestos-cement stormwater pipe was measured for payment.
  - Contractor set up an exclusion zone using caution tape and orange traffic barrels.
  - Contractor placed "Danger" signs on the exclusion zone.
  - Contractor wore protective suits and respirators while removing asbestos-cement stormwater pipe.
  - Contractor wrapped removed asbestos-cement stormwater pipe in 8 mil LLDPE plastic sleeves, secured with duct tape at the ends. Also, contractor placed "Danger" labels on the wrapped asbestos cement stormwater pipes.
  - Contractor placed wrapped and labeled asbestos-cement stormwater pipe in a plastic sheeting lined dumpster and removed dumpster from site, to the contractor's store yard.

General

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Alfonso (SS, GH):

- Contractor on site to assist and supervise crews.

Planned Activities for the week:

- No general activities anticipated.

Water System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Alberto's Crew (SS, GH):

- **Station 43+80± to Station 42+20±:** Contractor installed un-restrained 10-inch DR 18 PVC water main along the east side of Cypress Way East, between the valley gutter and sidewalk as approved by Grady Minor E.O.R., between houses #414 and #422 Cypress Way East (160 LF). Installed 10-inch water main was measured for payment.

Note: *Trench conditions were wet at bottom of trench. Contractor used a 2-inch submersible pump to dewater excavation. Contractor placed #57 stone bedding in bottom of trench prior to installing 10-inch water main. Contractor placed and compacted native soil backfill first lift approximately 6-inch above installed water main as approved by E.O.R., with the following lifts placed at approximately 12-inch lifts. Contractor placed blue locator tape above installed water main. Contractor placed a blue marker ball at approximately 100-foot intervals. Contractor used a broom tractor to sweep roadway at end of the day.*

#2 - Subcontractor – Tru-Spec Mechanical:

- No activity observed today.

Planned Activities for the week:

- Contractor anticipates installing new water main in Phase #2.

Wastewater System

Remarks

#1 - Prime Contractor – Haskins:

- No wastewater activity observed today.

Planned Activities for the week:

- No planned activities for the week.

Stormwater System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Alfonso's Crew (SS):

- **Station 31+42± to Station 31+99±:** Contractor removed existing 6-inch asbestos-cement stormwater pipe along the north right-of-way, on Cypress Way East, between houses #687 Cypress Way East and #515 Eastwood Drive on Cypress Way East (57 LF). Removed 6-inch asbestos-cement stormwater pipe was measured for payment.
  - Contractor set up an exclusion zone using caution tape and orange traffic barrels.
  - Contractor placed Danger signs on the exclusion zone.
  - Contractor wore protective suits and respirators while removing asbestos cement stormwater pipe.
  - Contractor wrapped removed asbestos-cement stormwater pipe in 8 mil LLDPE plastic sleeves, secured with duct tape at the ends. Also, contractor placed Danger labels on the wrapped asbestos cement stormwater pipes.
  - Contractor placed wrapped and labeled asbestos-cement stormwater pipe in a plastic sheeting lined dumpster and removed dumpster from site to the contractor's store yard.

#3 - Subcontractor – ESH-CORE:

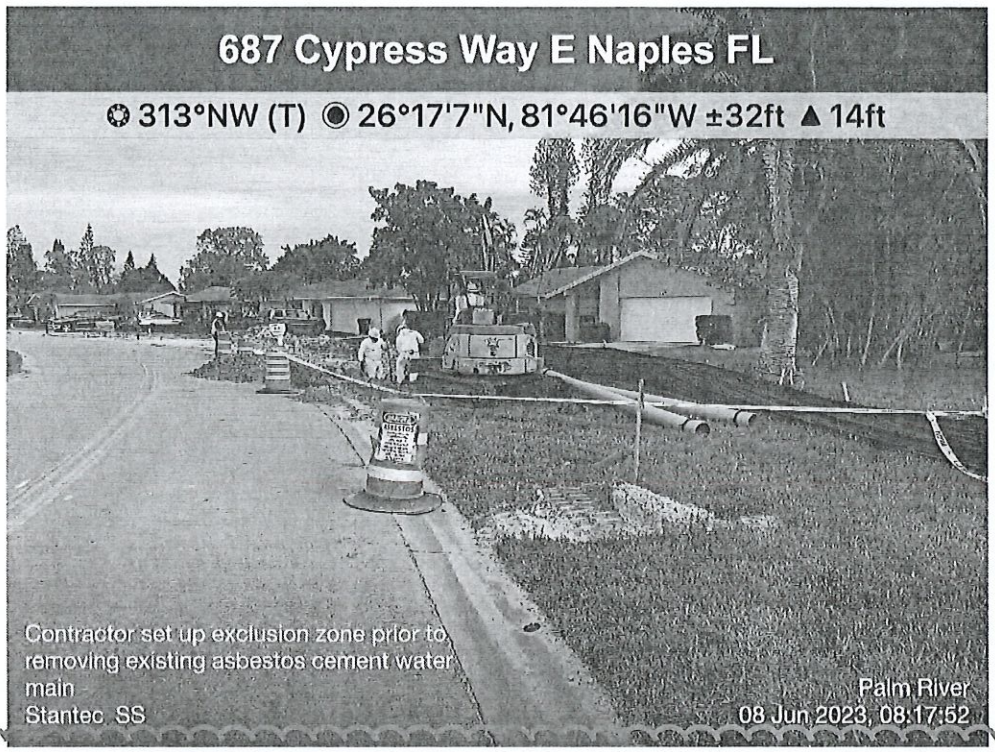
Cypress Way East Phase 2

Eric (SS):

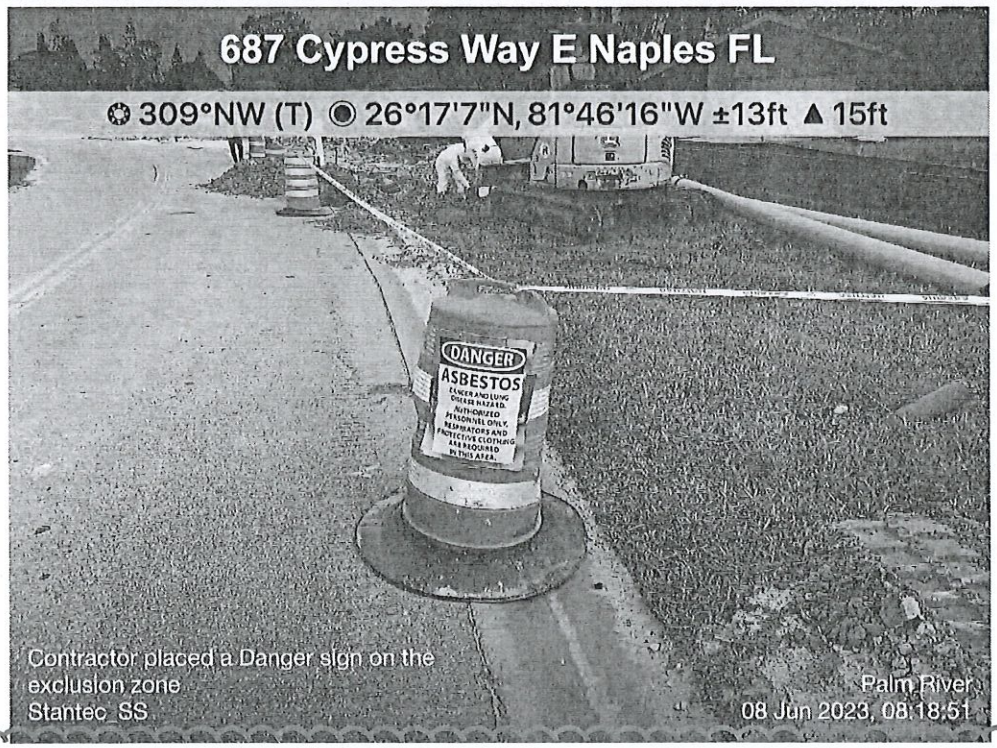
- **Station 31+42± to Station 31+99±:** Subcontractor performed competent person duties for contractor removing existing 6-inch asbestos-cement stormwater pipe along the north right-of-way, on Cypress Way East, between houses #687 Cypress Way East and #515 Eastwood Drive on Cypress Way East.
  - Subcontractor placed an air monitor on the exclusion zone. Also, subcontractor placed an air monitor on one crew member while removing asbestos cement stormwater pipe.

Planned Activities for the week:

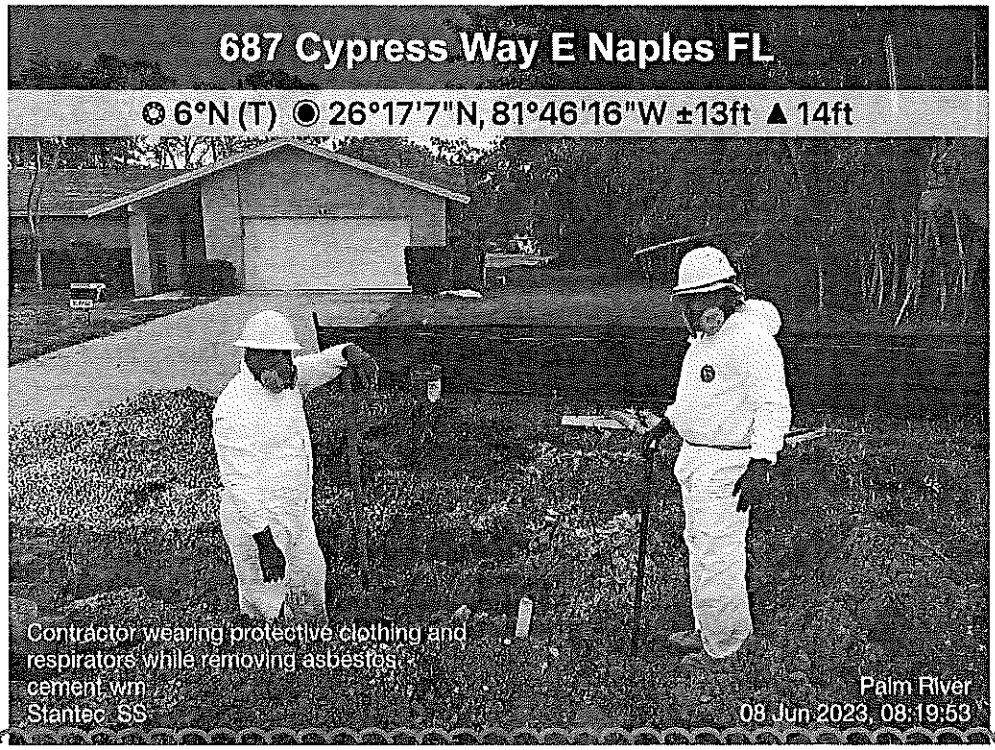
- No planned activities for the week.



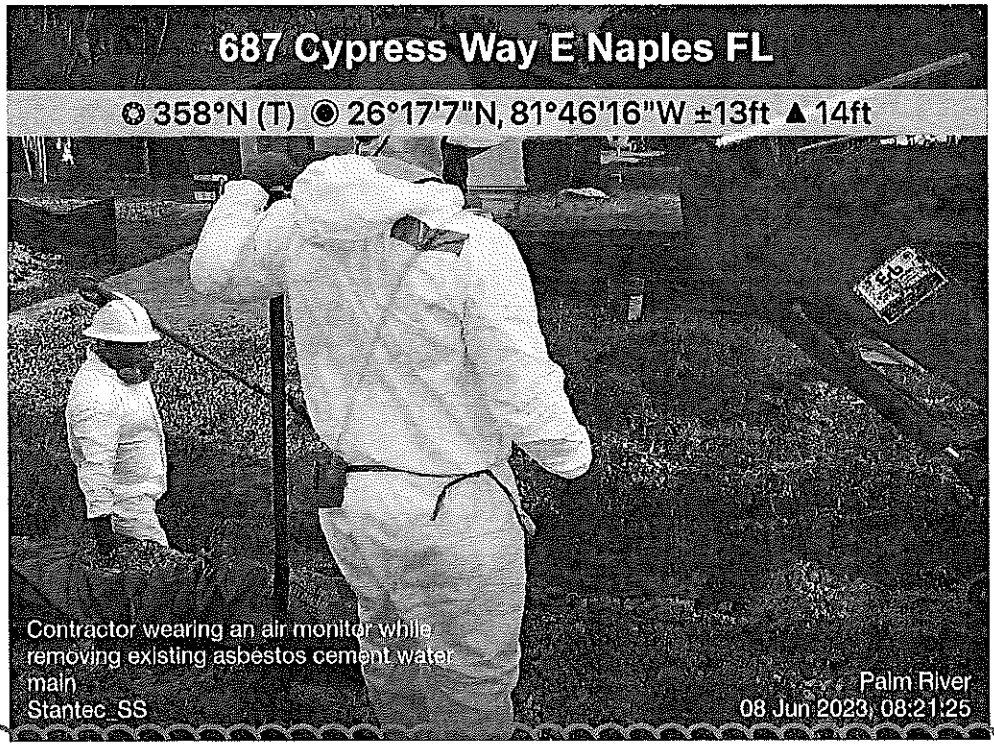
Contractor set up an exclusion zone using orange traffic barrels and caution tape, prior to removing existing 6-inch asbestos-cement stormwater pipe, adjacent to house #687 Cypress Way East, near Sta. 31+42±.



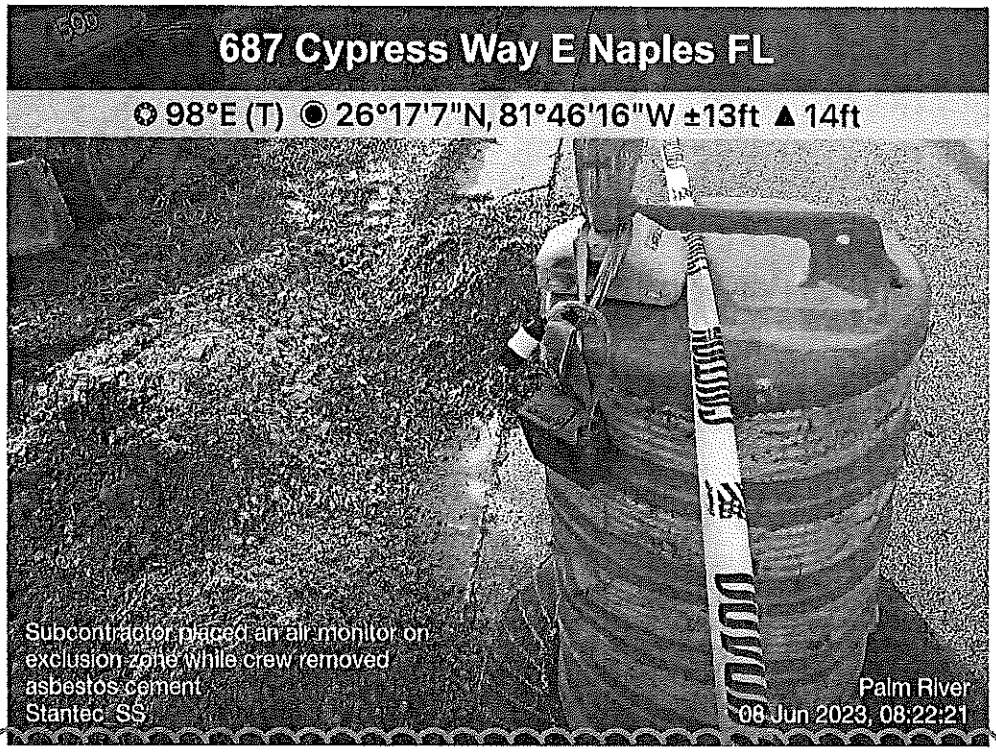
Contractor placed a "Danger" sign on the exclusion zone, prior to removing existing 6-inch asbestos-cement stormwater pipe, adjacent to house #687 Cypress Way East, near Sta. 31+42±.



Contractor wore protective clothing and respirators while removing existing 6-inch asbestos-cement stormwater pipe, adjacent to house #687 Cypress Way East, near Sta. 31+42±.

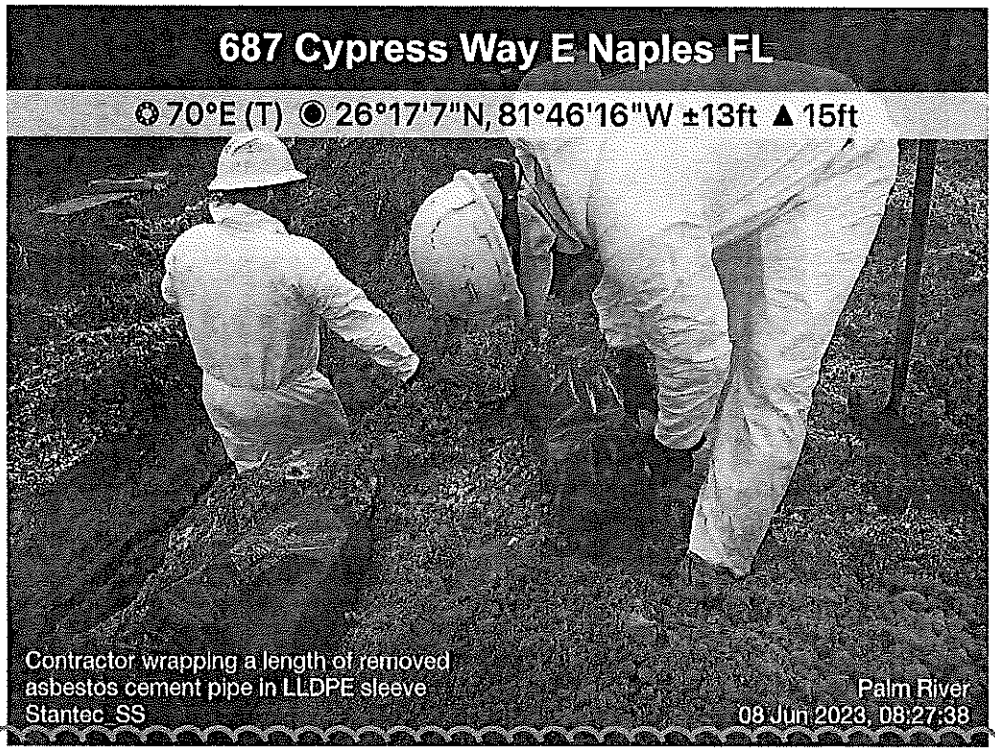


Contractor crew member wearing air monitor while removing existing 6-inch asbestos-cement stormwater pipe, adjacent to house #687 Cypress Way East, near Sta. 31+42±.



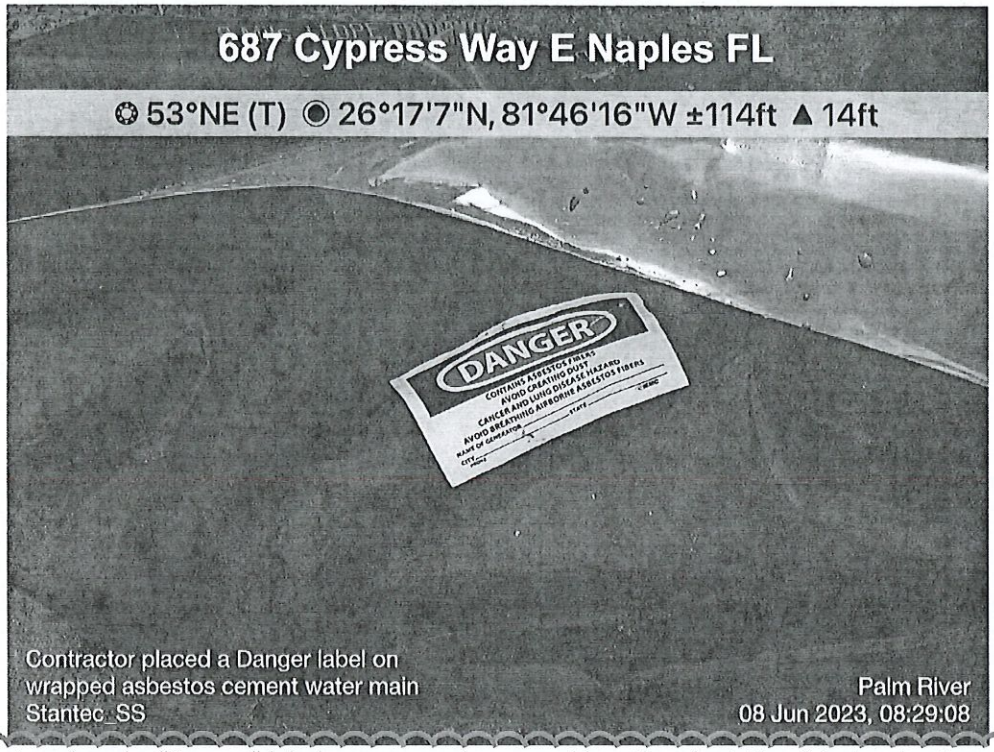
Subcontractor ESH-CORE placed an air monitor on the exclusion zone while removing existing 6-inch asbestos-cement stormwater pipe, adjacent to house #687 Cypress Way East, near Sta. 31+42±.

Contractor removing length of existing 6-inch asbestos-cement stormwater pipe, adjacent to house #687 Cypress Way East, near Sta. 31+52±.

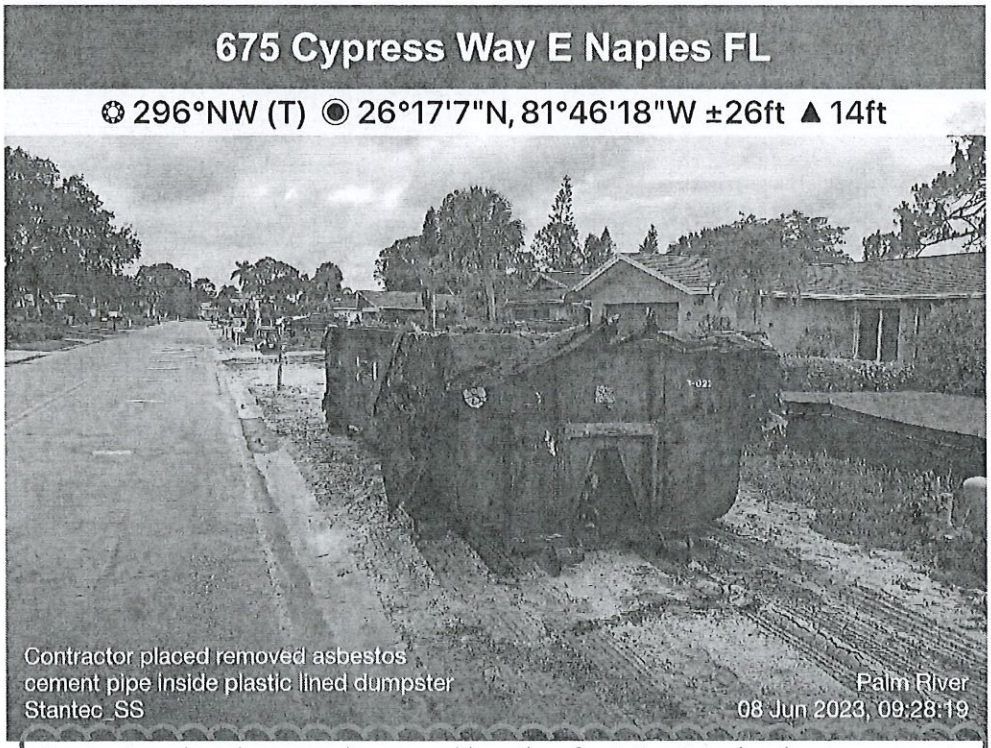


Contractor wrapping removed length of existing 6-inch asbestos-cement stormwater pipe in 8 mil LLDPE plastic sleeve secured with duct tape, adjacent to house #687 Cypress Way East, near Sta. 31+52±.

Contractor wrapped removed lengths of existing 6-inch asbestos-cement stormwater pipe in 8 mil LLDPE plastic sleeve secured with duct tape, adjacent to house #687 Cypress Way East, near Sta. 31+52±.



Contractor placed a "Danger" label on wrapped removed lengths of existing 6-inch asbestos-cement stormwater pipe in 8 mil LLDPE plastic sleeve, adjacent to house #687 Cypress Way East, near Sta. 31+52±.



Contractor placed wrapped removed lengths of existing 6-inch asbestos-cement stormwater pipe inside plastic lined dumpster, prior to being removed from site.

General

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Deon (GH):

- Contractor on site to assist and supervise crews.

Palm River Blvd. Phase 1

- No activity observed today

Planned Activities for the week:

- Contractor anticipates restoring the right-of-way along Palm River Blvd. Phase 1.
- Contractor anticipates restoring the right-of-way along Golfview Drive Phase 1.

Water System

Remarks

#1 - Prime Contractor – Haskins:

- No activity observed today.

#4 - Subcontractor – Curb King:

- No activity observed today.

Planned Activities for the week:

- No activity observed today.

Wastewater System

Remarks

#1 - Prime Contractor – Haskins:

Pompano Drive Phase 2

- No activity observed today.

#2 - Subcontractor – YPC:

- No activity observed today.

#3 - Subcontractor – Precision Lift Station:

- No activity observed today.

#5 - Subcontractor – Restoration and Protective Solutions:

Cypress Way East Phase 1

Dalton's Crew (GH):

- **Station 14+21±:** Subcontractor worked on existing wet well structure, applying final coating layers, at existing pump station 103.08, for existing pump station rehabilitation, adjacent to house #575 Cypress Way East.
  - Subcontractor applied final coating, on the interior of the wet well, using GasGuard 1000 polymer.
  - Subcontractor placed confined space blower with duct into wet well prior to entering and applying coating.
  - Subcontractor used harness to enter wet well.

#7 - Subcontractor – MG Electric:

Cypress Way East Phase 1

Mark's Crew (GH):

- **Station 14+21±:** Subcontractor continued installing new pump station 103.08 control panel, subcontractor installing electrical conduits between control panel, disconnect switch, meter can, motor junction box, generator receptacle, and FP&L electrical power connection on control panel in the north right-of-way, at east of the wet well, adjacent to house #575 Cypress Way East. Subcontractor installed and placed copper ground rods, copper wire, fence posts, ground clamps and concrete electrical boxes as part of proposed pump station lightning protection.

Planned Activities for the week:

- Contractor and subcontractors anticipate rehabilitating existing pump station 103.08 on Cypress Way East Phase 1.
- Contractor anticipates installing sanitary sewer system on Cypress Way East Phase 2.

Stormwater System

Remarks

#1 - Prime Contractor – Haskins:

Pompano Drive Phase 2

Mario's, Jamie's, and Alberto's Crews (GH):

- **Station 13+57± to Station 0+50±:** Contractor removed existing 6-inch asbestos-cement stormwater pipe along the north right-of-way of Pompano Drive, between houses #652 and #536 Pompano Drive. Removed asbestos-cement pipe was measured for payment (1307-feet).
- **Station 3+25±:** Contractor removed existing 6-inch asbestos-cement stormwater pipe crossing Pompano Drive adjacent to house #551 Pompano Drive. Removed asbestos-cement pipe was measured for payment (61-feet).
  - Contractor placed caution tape around excavation.
  - Contractor posted required "Danger" signage at excavation.

- Contractor workers wore required PPE while removing asbestos-cement stormwater pipe.
- Contractor wrapped removed asbestos-cement stormwater main in 8 mil LLDPE plastic sleeves.
- Contractor placed a "Danger" label on 8 mil LLDPE plastic sleeves containing removed asbestos-cement stormwater main.
- Contractor loaded wrapped asbestos-cement stormwater main in a lined dumpster and hauled from site to Contractors' storage yard.

#6 - Subcontractor – ESH-CORE:

Pompano Drive Phase 2

Eric (GH):

- **Station 13+57± to Station 0+50±:** Subcontractor performed competent person duties for contractor removing existing 6-inch asbestos cement stormwater pipe along the north right-of-way, on Pompano Drive, between houses #693 and #515 Pompano Drive.
  - Subcontractor placed an air monitor on the exclusion zone. Also, subcontractor placed an air monitor on one crew member while removing asbestos cement stormwater main.

Planned Activities for the week:

- No stormwater activity anticipated.

General

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Deon (SS):

- Contractor on site to assist and supervise crews.

Pompano Drive Phase 2

Cory's Crew (SS):

- **Stations 9+10±, 10+90±, 11+80±, 12+20±:** Contractor placed native soil backfill along restored concrete driveways, at houses #669, #681, and #687 (west and east) Pompano Drive.
- **Station 11+80±:** Contractor excavated and compacted driveway at approximately sub-base elevation, then placed and compacted approximately 6-inches of F.D.O.T. certified compatible limerock base, in preparation for paver driveway restoration, at house #690 Pompano Drive. Restored driveway will be measured for payment when completed.

#3 - Subcontractor – Superior Interlocking Pavers:

Pompano Drive Phase 2

Jack's Crew (SS):

- **Station 8+00±:** Subcontractor worked on restoring paver driveway to house #660 Pompano Drive. Subcontractor placed and graded coarse sand base on previously placed limerock base. Subcontractor began replacing driveway paver bricks. Paver driveway will be measured for payment when completed.

Planned Activities for the week:

- Contractor anticipates driveway restoration on Pompano Drive Phase 2.

Water System

Remarks

#1 - Prime Contractor – Haskins:

- No water activity observed today.

Planned Activities for the week:

- No water activity anticipated.

Cypress Way East Phase 2

Jamie's Crew (SS):

- **Station 31+60± to Station 30+37±:** Contractor removed existing 6-inch asbestos-cement **stormwater** pipe along the north right-of-way of Cypress Way East, between houses #687 and #681 Cypress Way East. Removed asbestos-cement pipe was measured for payment (123-feet). Removed asbestos cement stormwater pipes were measured for payment as asbestos cement water main.
- **Station 27+57± to Station 24+78±:** Contractor removed existing 6-inch asbestos-cement **stormwater** pipe along the north right-of-way of Cypress Way East, between houses #657 and #645 Cypress Way East. Removed asbestos-cement pipe was measured for payment (279-feet). Removed asbestos cement stormwater pipes were measured for payment as asbestos cement water main.
  - Contractor placed caution tape around excavation.
  - Contractor posted required "Danger" signage at excavation.
  - Contractor workers wore required PPE while removing asbestos-cement water main.
  - Contractor wrapped removed asbestos-cement water main in 8 mil LLDPE plastic sleeves.
  - Contractor placed a "Danger" label on 8 mil LLDPE plastic sleeves containing removed asbestos-cement water main.
  - Contractor loaded wrapped asbestos-cement water main in a lined dumpster and hauled from site to contractors' storage yard.

#4 - Subcontractor – ESH-CORE:

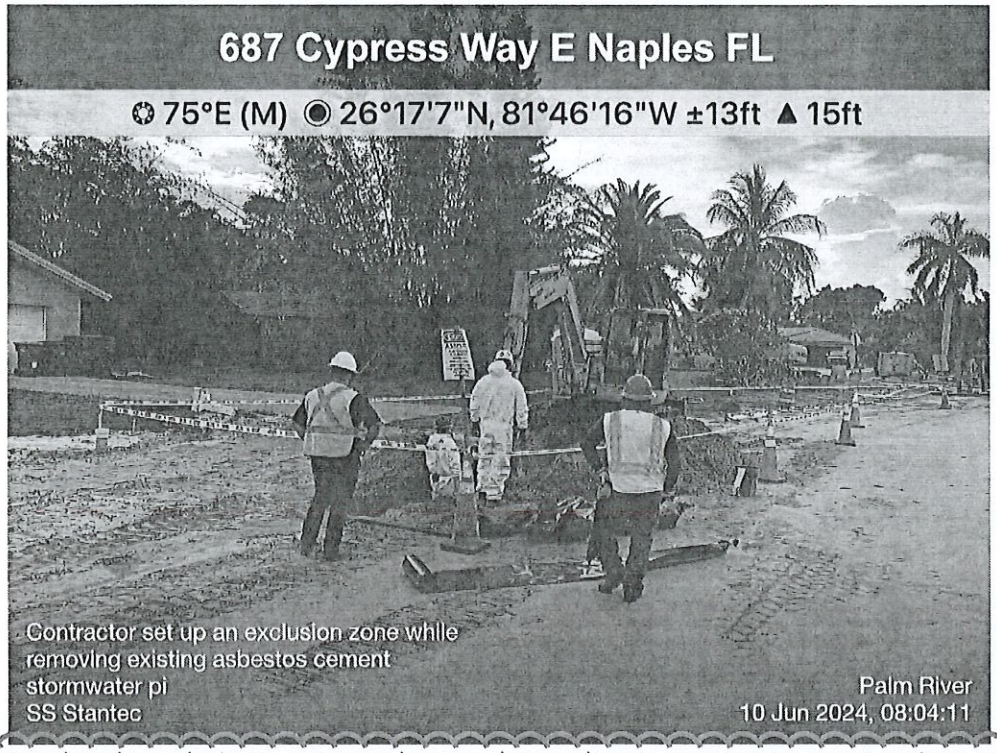
Cypress Way East Phase 2

Eric (SS):

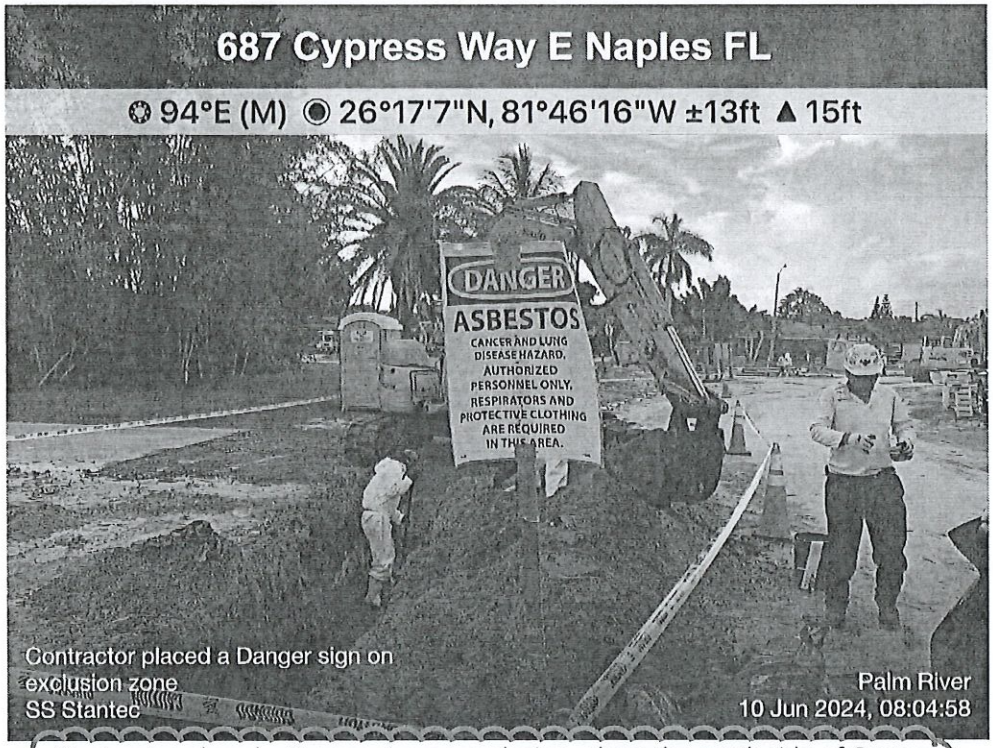
- **Station 31+60± to Station 30+37±:** Subcontractor performed competent person duties for contractor removing existing 6-inch asbestos cement stormwater pipe along the north right-of-way, on Cypress Way East, between houses #687 and #681 Cypress Way East.
- **Station 27+57± to Station 24+78±:** Subcontractor performed competent person duties for contractor removing existing 6-inch asbestos cement stormwater pipe along the north right-of-way, on Cypress Way East, between houses #657 and #645 Cypress Way East.
  - Subcontractor placed an air monitor on the exclusion zone. Also, subcontractor placed an air monitor on one crew member while removing asbestos cement water main.

Planned Activities for the week:

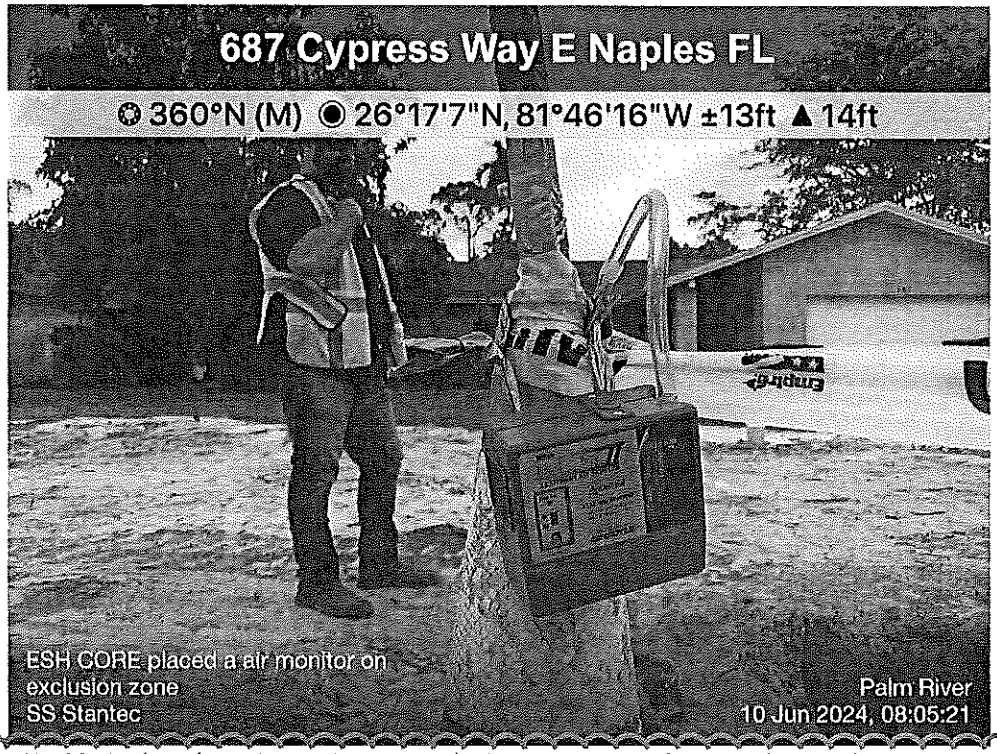
- Contractor anticipates installing stormwater system on Cypress Way East Phase 2.
- Contractor anticipates removing existing asbestos cement stormwater pipes on Cypress Way East Phase 2.



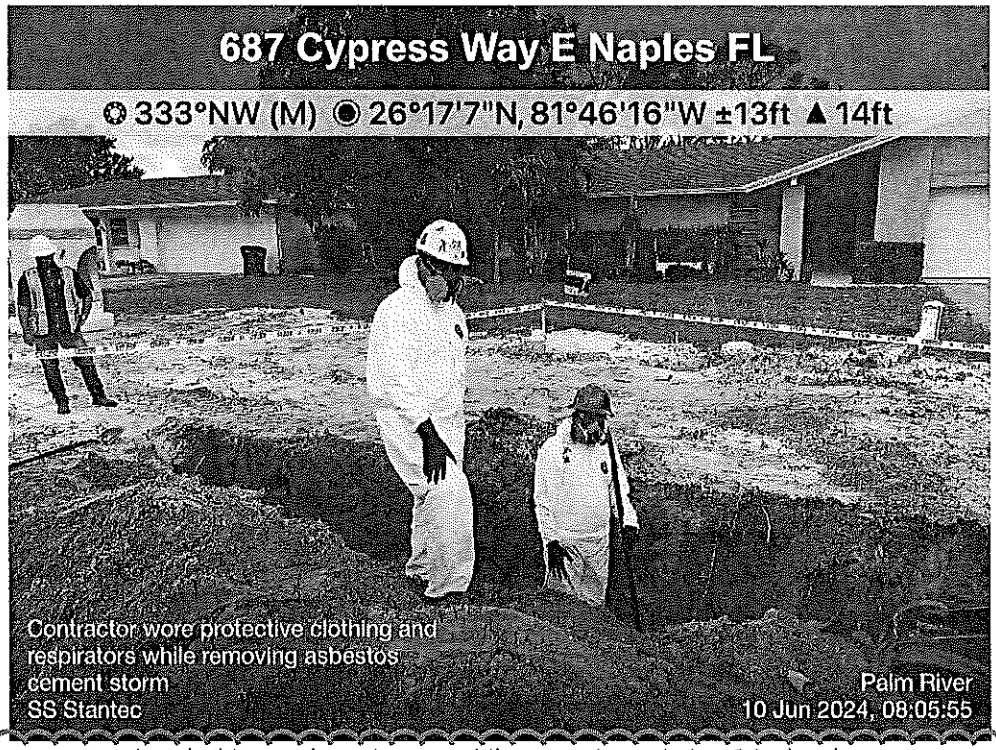
Contractor placed a exclusion zone around area to have asbestos-cement stormwater pipes removed, along the north side of Cypress Way East, adjacent to house #687 Cypress Way East, near Sta. 31+40±.



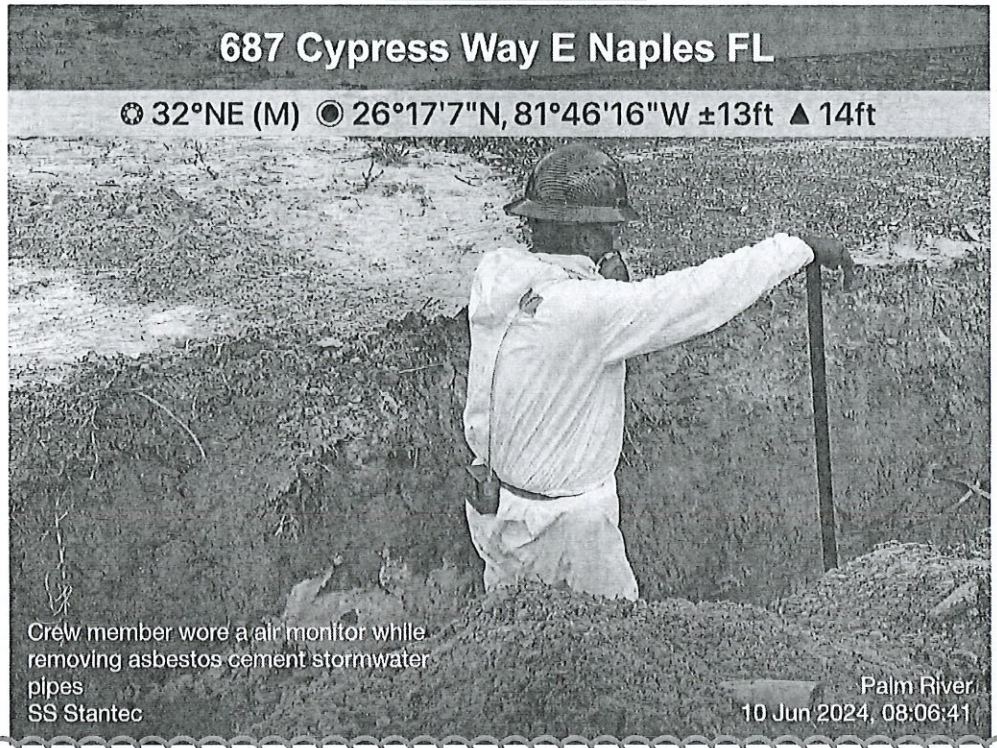
Contractor placed a Danger sign on exclusion, along the north side of Cypress Way East, adjacent to house #687 Cypress Way East, near Sta. 31+40±.



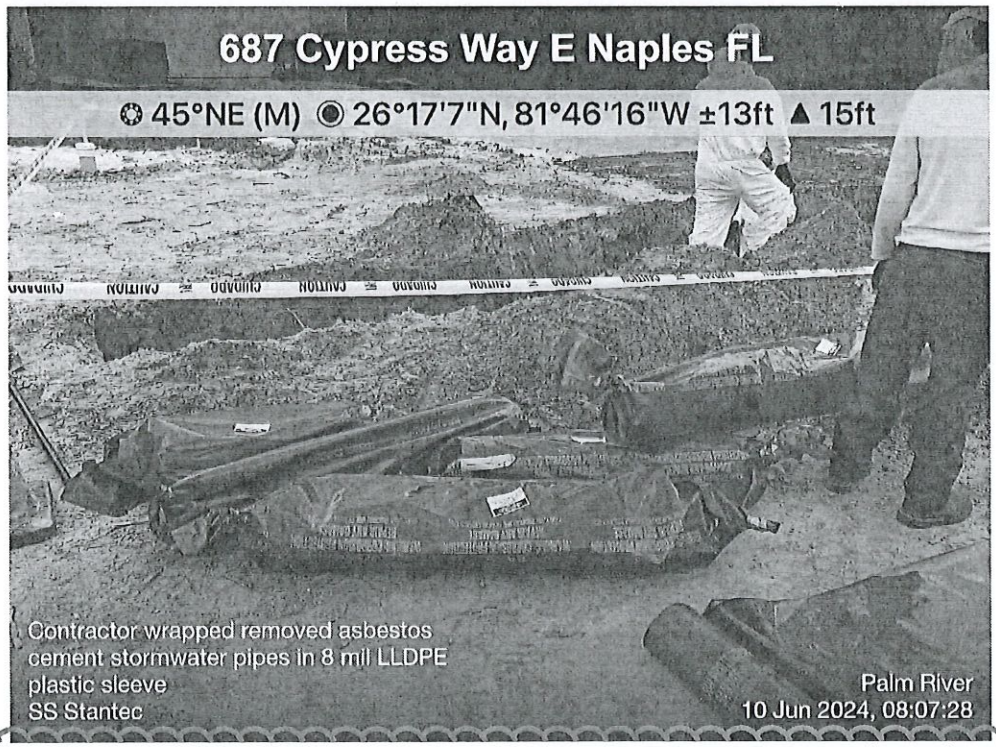
Subcontractor ESH-CORE placed an air monitor on exclusion zone around area to have asbestos cement stormwater pipes removed, along the north side of Cypress Way East, adjacent to house #687 Cypress Way East, near Sta. 31+40±.



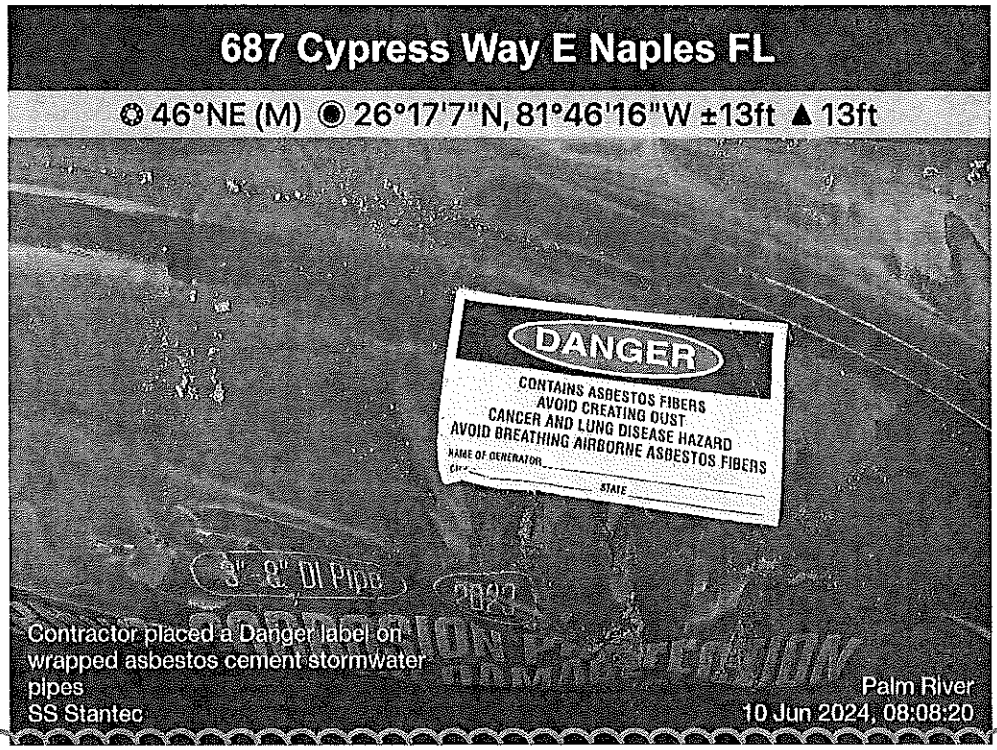
Contractor wore protective clothing and respirators while removing existing 6-inch asbestos-cement stormwater pipes, along the north side of Cypress Way East, adjacent to house #687 Cypress Way East, near Sta. 31+40±.



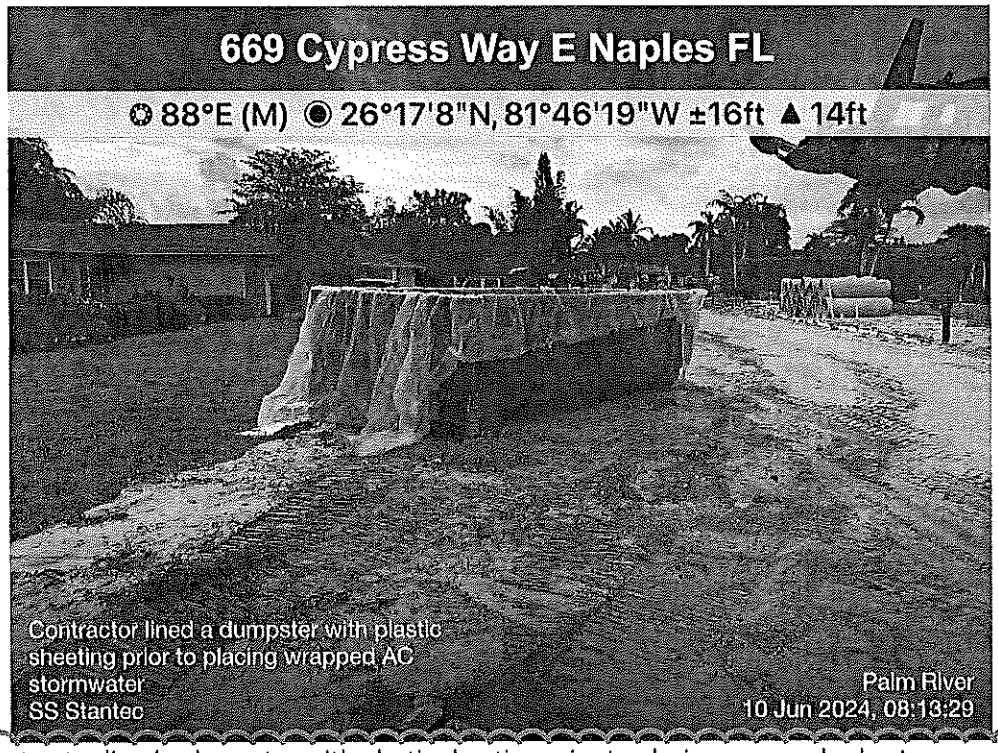
Contractor crew member wore a air monitor while removing 6-inch asbestos-cement stormwater pipes, along the north side of Cypress Way East, adjacent to house #687 Cypress Way East, near Sta. 31+40±.



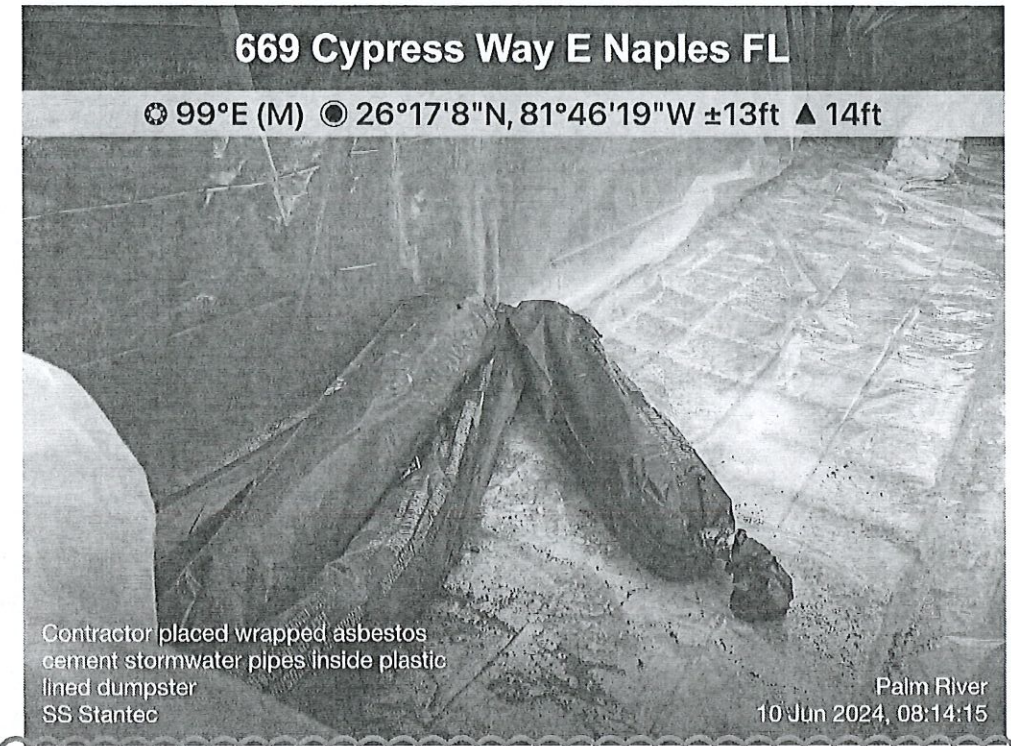
Contractor wrapped removed existing 6-inch asbestos-cement stormwater pipes inside 8 mil LLDPE plastic sleeves, along the north side of Cypress Way East, adjacent to house #687 Cypress Way East, near Sta. 31+60±.



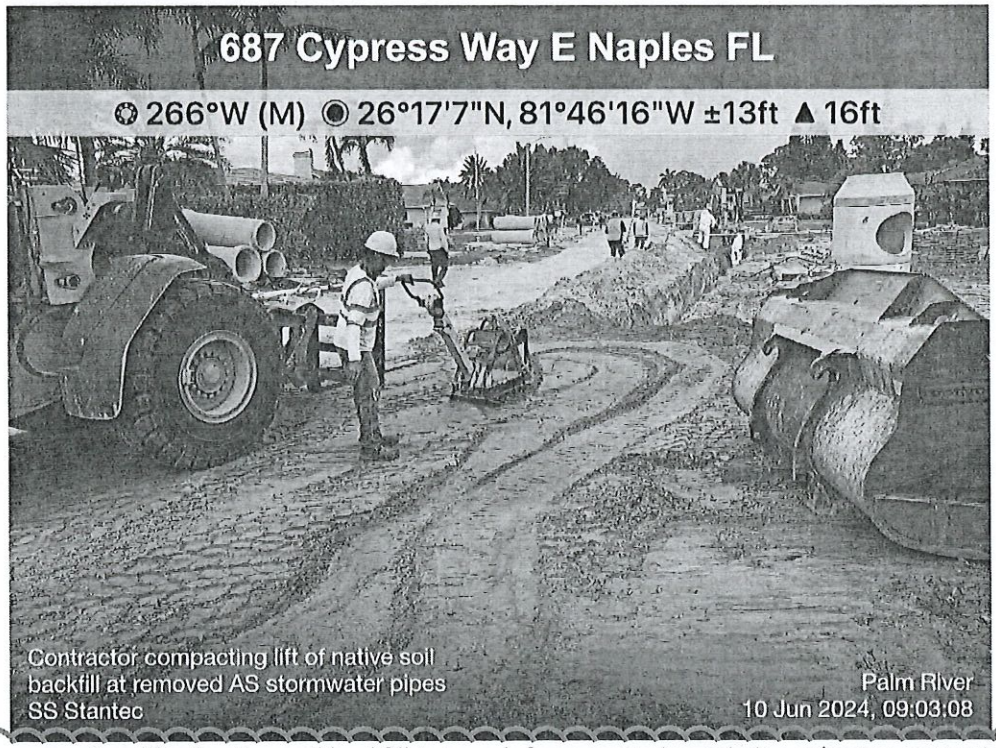
Contractor placed a Danger label on wrapped existing 6-inch asbestos-cement stormwater pipes inside 8 mil LLDPE plastic sleeves, along the north side of Cypress Way East, adjacent to house #687 Cypress Way East, near Sta. 31+60±.



Contractor lined a dumpster with plastic sheeting prior to placing wrapped asbestos-cement stormwater pipes inside, adjacent to house #669 Cypress Way East, near Sta. 29+00±.



Contractor placed wrapped asbestos-cement stormwater pipes inside a dumpster lined with plastic sheeting, adjacent to house #669 Cypress Way East, near Sta. 29+00±.



Contractor compacting lift of native soil backfill in trench from removing existing asbestos-cement stormwater pipes, along the north side of Cypress Way East, adjacent to house #687 Cypress Way East, near Sta. 31+40±.

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Deon (SS):

- Contractor on site to assist and supervise crews.

Pompano Drive Phase 2

Cory's Crew (SS):

- **Station 9+60±:** Contractor excavated and compacted driveway at approximately sub-base elevation, then placed and compacted approximately 6-inches of F.D.O.T. certified compatible limerock base, in preparation for paver driveway restoration, at house #672 Pompano Drive. Restored driveway will be measured for payment when completed.

Pompano Drive Phase 2

Cory's Crew (SS):

- **Station 11+60± to Station 11+00±:** Contractor graded the south right-of-way along Pompano Drive, between houses #690 and #684 Pompano Drive.

#3 - Subcontractor – Superior Interlocking Pavers:

Pompano Drive Phase 2

Jack's Crew (SS):

- No activity due to rain.

Planned Activities for the week:

- Contractor anticipates driveway restoration on Eastwood Drive and Pompano Drive Phase 2.

Pompano Drive Phase 2

Alberto's Crew (SS):

- **Station 3+25± to Station 0+73±:** Contractor adjusted sanitary sewer service cleanouts, for cleanout concrete collars, along east and west sides of Pompano Drive, at houses #551, #539, #536, #524, #527, #515 Pompano Drive and #633 Cypress Way East on Pompano Drive.

Planned Activities for the week:

- No sanitary sewer work anticipated.

Stormwater System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Jamie's Crew (SS):

- **Station 0+20± to Station 0+55±:** Contractor removed existing 6-inch asbestos-cement **stormwater** pipe along the west right-of-way of Pompano Drive, adjacent to house #515 Pompano Drive. Removed asbestos-cement pipe was measured for payment (38.5-feet). Removed asbestos cement stormwater pipes were measured for payment as asbestos cement water main.
  - Contractor placed caution tape around excavation.
  - Contractor posted required "Danger" signage at excavation.
  - Contractor workers wore required PPE while removing asbestos-cement water main.
  - Contractor wrapped removed asbestos-cement stormwater main in 8 mil LLDPE plastic sleeves.
  - Contractor placed a "Danger" label on 8 mil LLDPE plastic sleeves containing removed asbestos-cement water main.
  - Contractor loaded wrapped asbestos-cement main in a lined dumpster and hauled from site to contractors' storage yard.

#4 - Subcontractor – ESH-CORE:

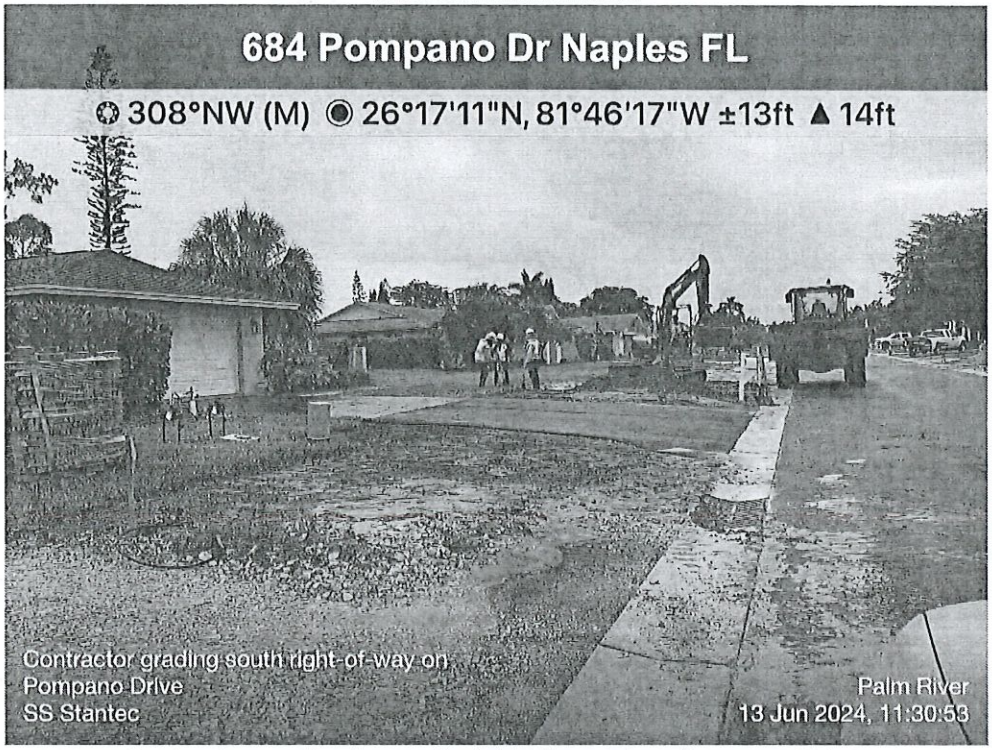
Cypress Way East Phase 2

Eric (SS):

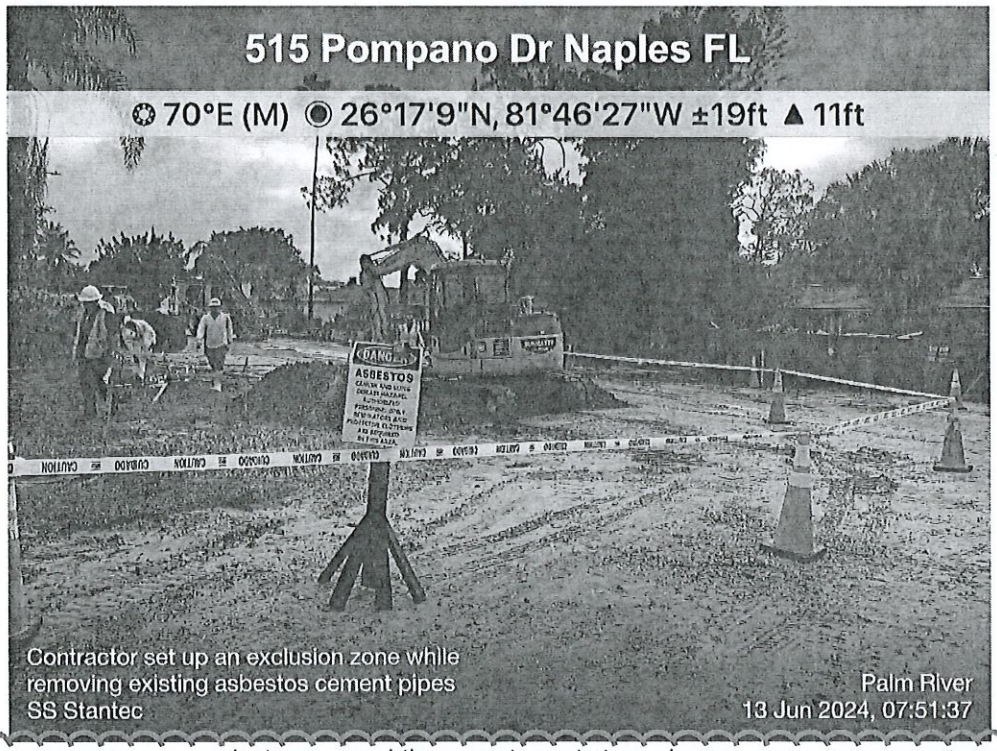
- **Station 0+20± to Station 0+55±:** Subcontractor performed competent person duties for contractor removing existing 6-inch asbestos-cement stormwater pipe along the north right-of-way, on Cypress Way East, adjacent to house #515 Pompano Drive.
  - Subcontractor placed an air monitor on the exclusion zone. Also, subcontractor placed an air monitor on one crew member while removing asbestos cement stormwater main.

Planned Activities for the week:

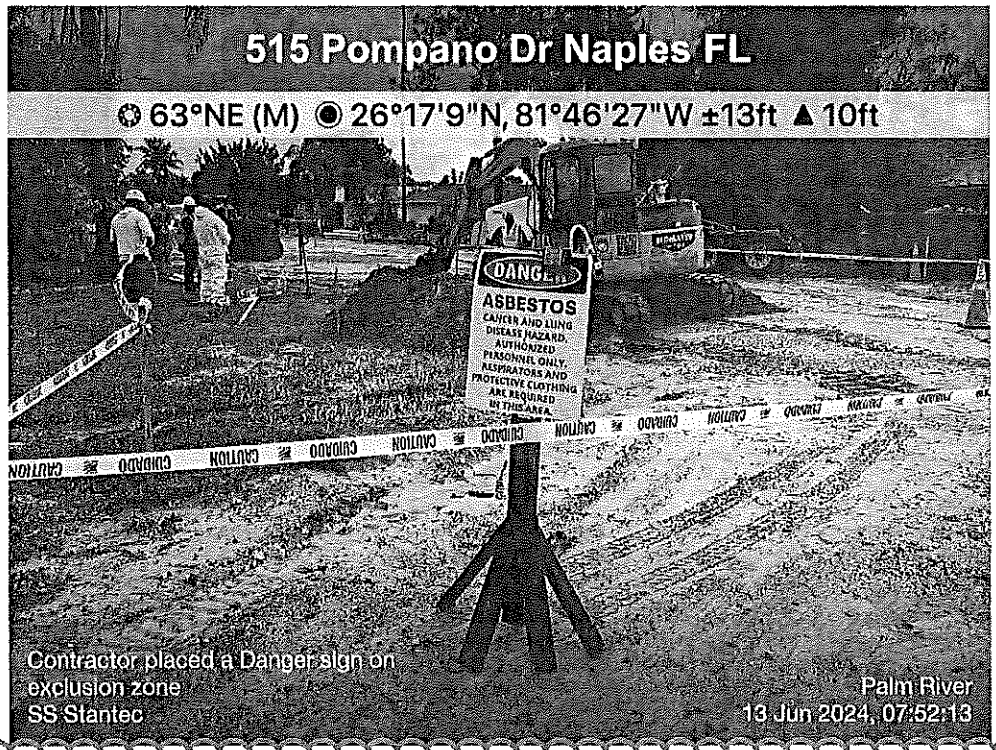
- Contractor anticipates installing stormwater system on Cypress Way East Phase 2.



Contractor grading the south right-of-way along Pompano Drive, adjacent to house #684 Pompano Drive, near Sta. 11+00±.

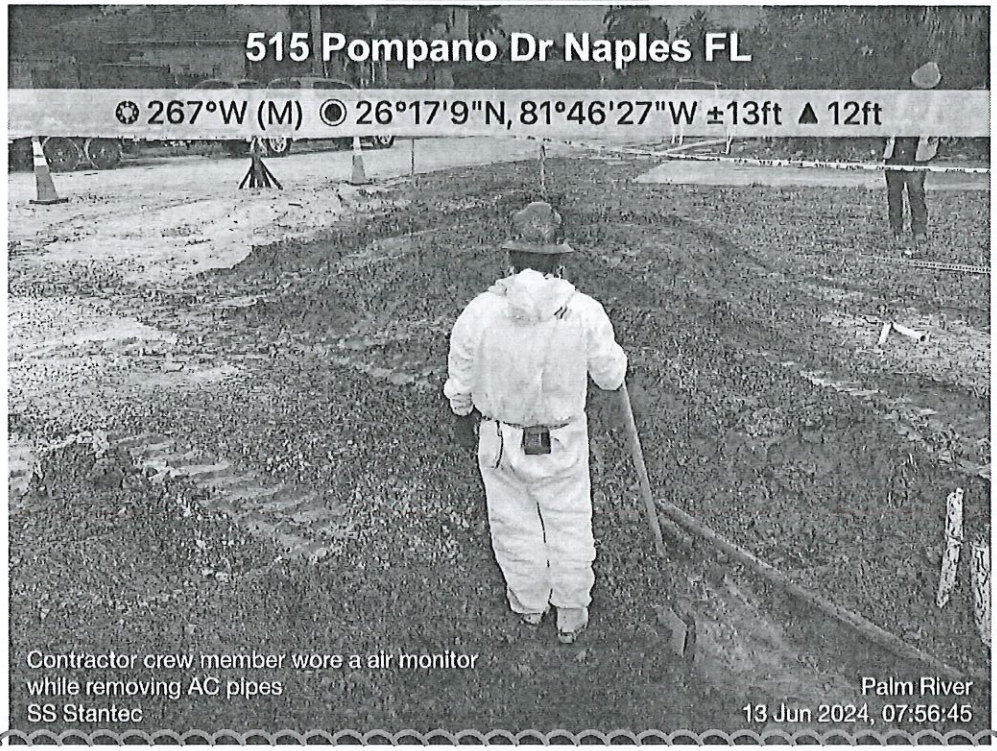


Contractor set up an exclusion zone while removing existing asbestos-cement stormwater pipes along the west side of Pompano Drive, adjacent to house #515 Pompano Drive, near Sta. 0+55±.

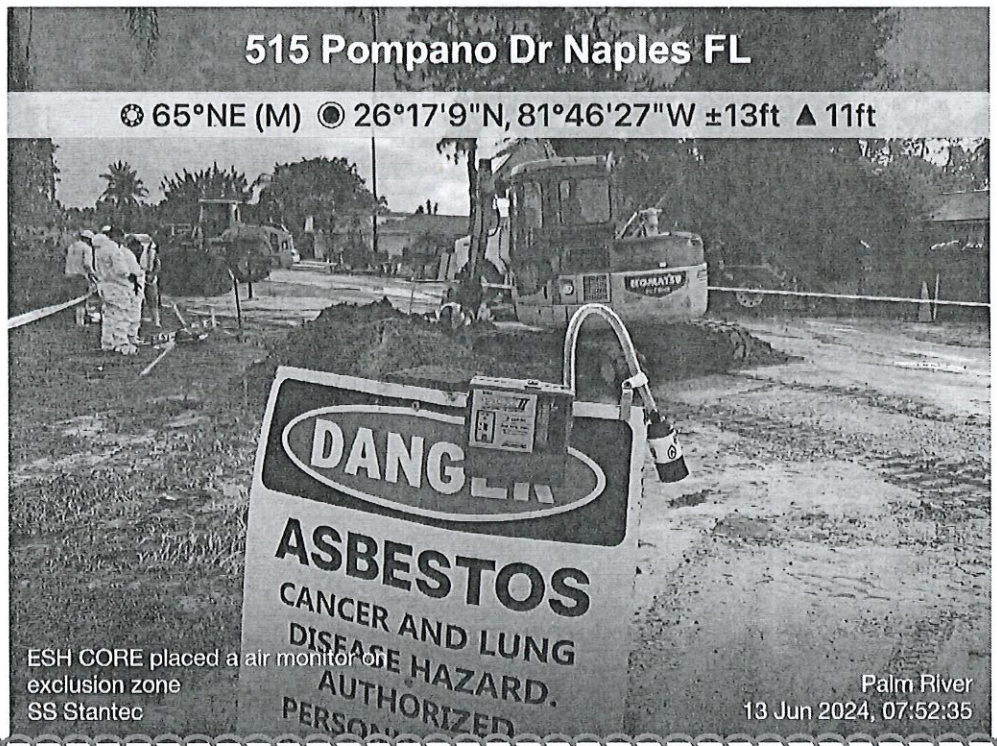


Contractor placed a Danger sign on the exclusion zone while removing existing asbestos-cement stormwater pipes along the west side of Pompano Drive, adjacent to house #515 Pompano Drive, near Sta. 0+55±.

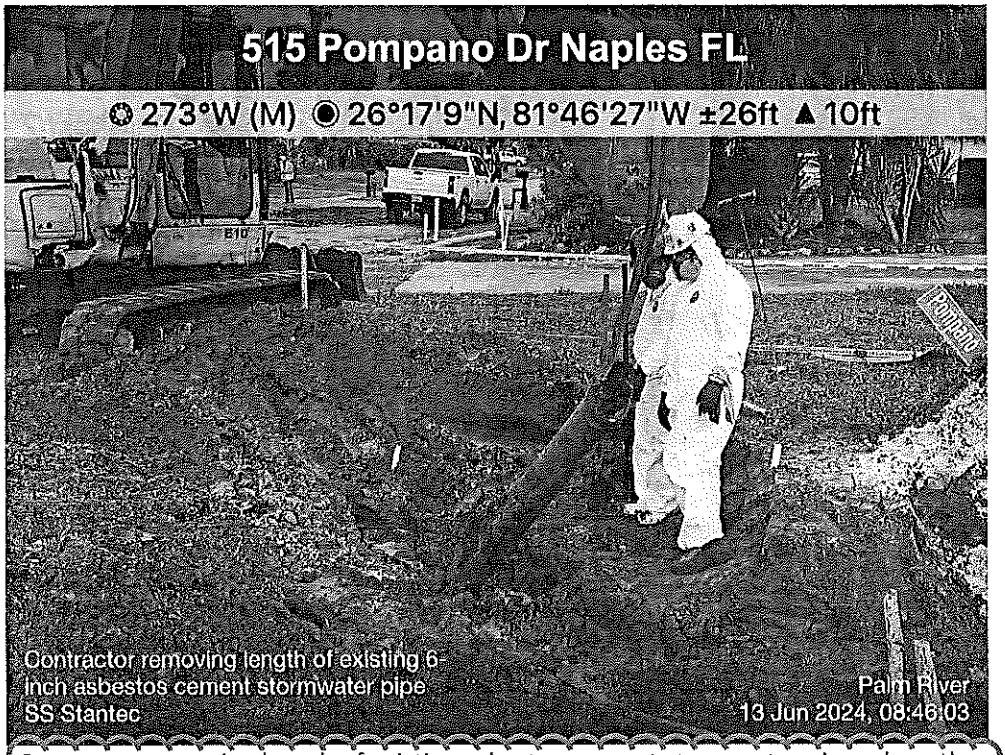
Contractor wore protective clothing and respirators while removing existing asbestos-cement stormwater pipes along the west side of Pompano Drive, adjacent to house #515 Pompano Drive, near Sta. 0+55±.



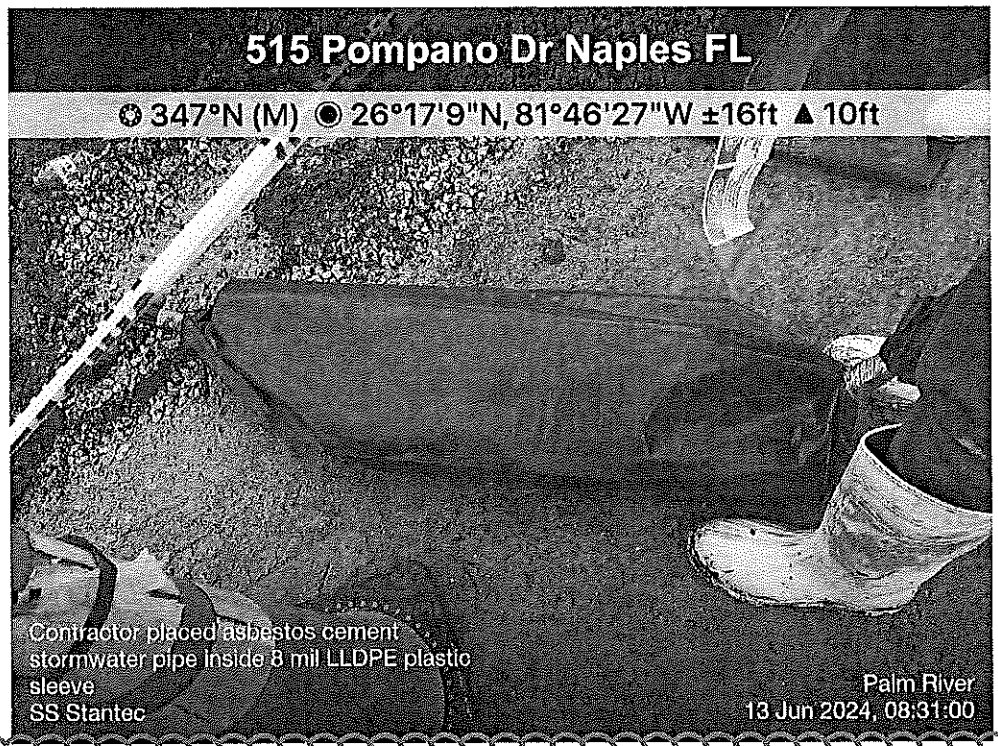
Contractor crew member wearing a air monitor while removing existing asbestos-cement stormwater pipes along the west side of Pompano Drive, adjacent to house #515 Pompano Drive, near Sta. 0+55±.



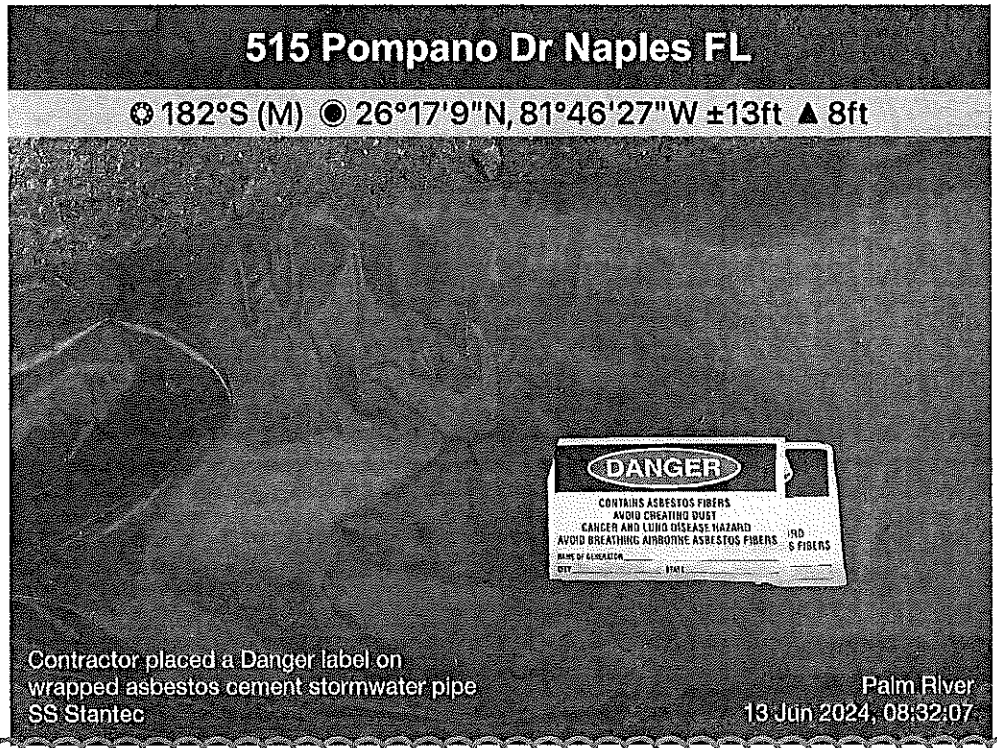
Subcontractor ESH-CORE placed a air monitor on the excliusion zone while contractor removed existing asbestos-cement stormwater pipes along the west side of Pompano Drive, adjacent to house #515 Pompano Drive, near Sta. 0+55±.



Contractor removing length of existing asbestos-cement stormwater pipe, along the west side of Pompano Drive, adjacent to house #515 Pompano Drive, near Sta. 0+55±.

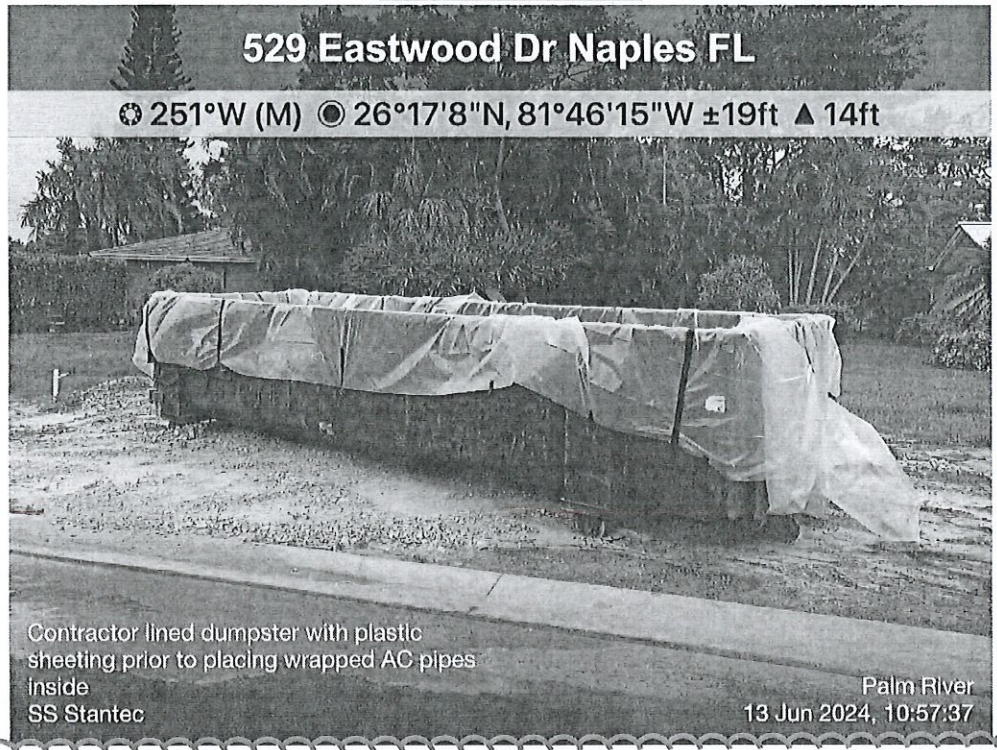


Contractor placed removed existing asbestos-cement stormwater pipe inside 8 mil LLDPE plastic sleeve, along the west side of Pompano Drive, adjacent to house #515 Pompano Drive, near Sta. 0+55±.

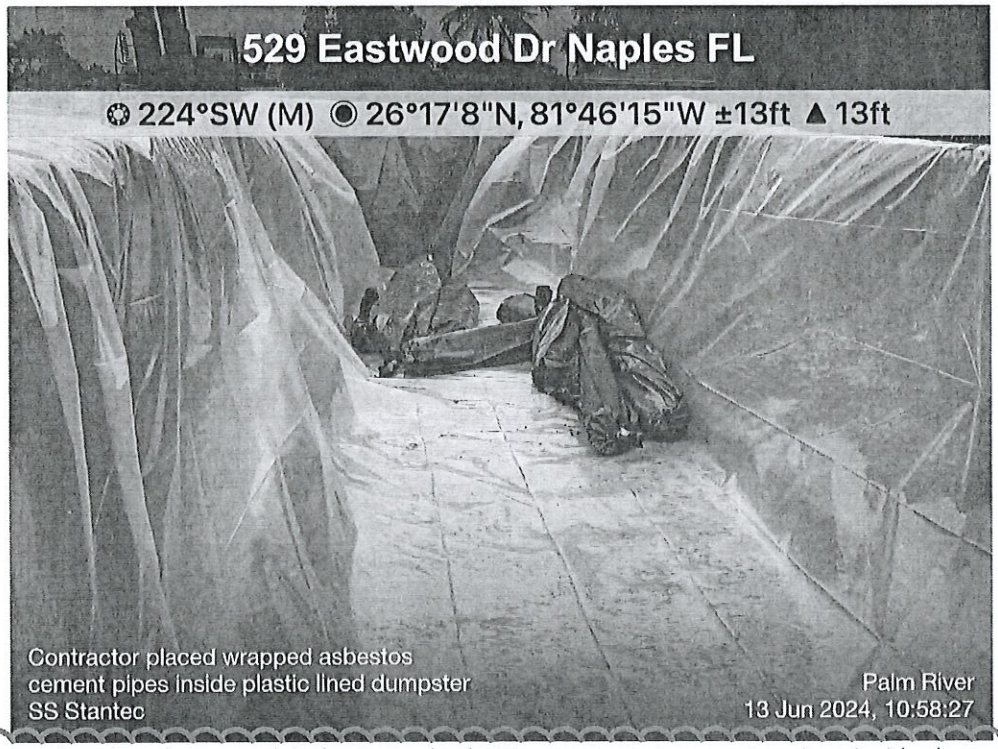


Contractor placed a Danger label on removed existing asbestos-cement stormwater pipe inside 8 mil LLDPE plastic sleeve, along the west side of Pompano Drive, adjacent to house #515 Pompano Drive, near Sta. 0+55±.

Contractor compacting lift of native soil backfill in trench, along the west side of Pompano Drive, adjacent to house #515 Pompano Drive, near Sta. 0+20±.



Contractor lined a dumpster with plastic sheeting prior to placing removed and wrapped asbestos-cement stormwater pipes, adjacent to house #529 Eastwood Drive, near Sta. 2+20±.



Contractor placed removed and wrapped asbestos-cement stormwater pipes inside dumpster lined with plastic sheeting, adjacent to house #529 Eastwood Drive, near Sta. 2+20±.

Collier County Engineering & Project Management Division

WD #9

WORK DIRECTIVE CHANGE

CONTRACT # /PROJECT NAME:
#22-7992R Palm River PUR Areas 1 & 2

WORK DIRECTIVE # 9

PURCHASE ORDER #: 4500223134

DATE OF ISSUANCE: January 12, 2024

OWNER: Collier County Board of Commissioners

PROJECT#: 70257.4, 60234.5.1

CONTRACTOR: Haskins, Inc.

ENGINEER/DESIGN PROFESSIONAL: Q. Grady Minor & Associates, P.A.

You are directed to proceed promptly with the following change(s):

Description:
Installation of drainage basin bubble-up structures at 411, 448, and 454 Palm River Boulevard, and 445 and 459 Golfview Drive to accommodate the existing private property back/side-yard and/or roof drainage pipes that extended into the ROW.

Purpose of Work Directive Change:
To accommodate the existing private property back/side yard and/or roof drainage pipes flow from private property into the ROW.

Reason/Justification:
During installation of the new drainage infrastructure, it was discovered that the existing back/side yard and/or roof drainage pipes at 411, 448, and 454 Palm River Boulevard, and 445 and 459 Golfview Drive extended into the ROW, which is not allowed per current Collier County standards. Haskins provided a time and material cost estimate to install drainage basin bubble-up structures at the private property drainage pipes on private property that will allow drainage to flow from private property into the ROW and ultimately to the County's stormwater system. This change is to add bubble up structures at 411, 448, 454 Palm River Boulevard and 445 Golfview Drive (one at each property) and three (3) bubble up structures at 459 Golfview Drive.

Attachments: Contractor's quote

If a claim is made that the above change(s) have affected Contract/Allowance Price or Contract Times any claim for a Change Order based thereon will involve one or more of the following methods of determining the effect of the changes(s).

Method of determining change in Contract/Allowance Price:

- ☐ Unit Prices
- ☐ Lump Sum
- ☒ Time & Material
- ☐ Other

Method of determining change in Contract Times:

- ☐ Contractor's records
- ☐ Engineer's record
- ☐ Other

Estimated increase or (decrease) in Allowance:
$15,467.70

Estimated change in Contract Time:
N/A

Collier County Engineering & Project Management Division
WORK DIRECTIVE CHANGE

WD # 10

CONTRACT # /PROJECT NAME:
#22-7992R Palm River PUR Areas 1 & 2

WORK DIRECTIVE # 10

PURCHASE ORDER #: 4500223134

DATE OF ISSUANCE: February 13, 2024

OWNER: Collier County Board of Commissioners

PROJECT#: 70257.4, 60234.5.1

CONTRACTOR: Haskins, Inc.

ENGINEER/DESIGN PROFESSIONAL: Q. Grady Minor & Associates, P.A.

You are directed to proceed promptly with the following change(s):

Description:
Installation of drainage basin bubble-up structure at 436 Palm River Boulevard to accommodate the existing 12" private property yard drainage pipe that extends into the ROW.

Purpose of Work Directive Change:
To accommodate the existing 12" private property yard drainage pipe flow from private property into the ROW.

Reason/Justification:
During installation of the new drainage infrastructure, it was discovered that the existing 12" yard drainage pipe at 436 Palm River Boulevard extended into the ROW, which is not allowed per current Collier County standards. Haskins provided a time and material cost estimate to install a drainage basin bubble-up structure at the private property drainage pipe on private property that will allow drainage to flow from private property into the ROW and ultimately to the County's stormwater system. This change is to add bubble up structure at 436 Palm River Boulevard.

Attachments: Contractor's quote

If a claim is made that the above change(s) have affected Contract/Allowance Price or Contract Times any claim for a Change Order based thereon will involve one or more of the following methods of determining the effect of the changes(s).

Method of determining change in Contract/Allowance Price:
- ☐ Unit Prices
- ☐ Lump Sum
- ☒ Time & Material
- ☐ Other

Method of determining change in Contract Times:
- ☐ Contractor's records
- ☐ Engineer's record
- ☐ Other

Estimated increase or (decrease) in Allowance:
$6,389.22

Estimated change in Contract Time:
N/A

Estimated Work Performed (General)				
Contr/ Sub #	Pay Item Code	Description / Location	Completed Qty.	Completed Units
1	WDC #10	WDC #10 **Station 6+50±:** Contractor worked on Work Directive Change #10, as Time and Materials, at house #436 Palm River Blvd., to relocate an existing 12-inch HDPE stormwater pipe in the east right-of-way and on private property at house #442 Palm River Blvd. to private property at house #436 Palm River Blvd. and install a 12-inch x 6-inch stormwater pipe reducer and 6-inch bubbler grate. Contractor removed several existing Ficus landscape plants along the property line to accommodate relocation at house #442 Palm River Blvd. Contractor installed bubbler grate at approximately El. 9.00. Contractor graded a swale from the bubbler grate to the new inline drain. o Time: 7:15 a.m. to 10:30 a.m. = 3.25 hours. o Manpower: One (1) foreman, one (1) operator, one (1) pipe layer, three (3) laborers. o Equipment: One (1) crew truck, one (1) front end loader, one (1) mini trackhoe. o Materials: A/H M-294 12-inch x 8-inch eccentric cap, A/H 8-inch x 6-inch eccentric reducer, ADS 6-inch 90-degree bend, approximately 3-feet of 6-inch HDPE pipe, 6-inch iron grate, Mirafi filter fabric.	-	T&M
1	WDC #9	WDC #9 **Station 8+10±:** Contractor worked on Work Directive Change #9, as Time and Materials, at house #448 #448 Palm River Blvd., to install bubbler grate on existing 4-inch PVC roof gutter and yard drainpipe on private property. Contractor excavated existing 4-inch PVC drainpipe and generated parts list. **Station 9+10±:** Contractor worked on Work Directive Change #9, as Time and Materials, at house #454 Palm River Blvd., to install bubbler grate on existing 4-inch Sch 40 PVC roof gutter drainpipe on private property. Contractor excavated and removed a length of existing 4-inch Sch 40 PVC drainpipe in the right-of-way and installed 4-inch Sch 40 90-degree bend and 4-inch bubbler grate on private property. o Time: 12:50 p.m. to 3:50 a.m. = 3.0 hours.		T&M

		○ Manpower: One (1) foreman, one (1) operator, one (1) pipe layer, three (3) laborers. ○ Equipment: One (1) crew truck, one (1) front end loader, one (1) mini trackhoe. ○ Materials: One (1) 4-inch Sch 40 90-degree bend, one (1) 4-inch grate (installed at house #454).

Collier County Engineering & Project Management Division
WORK DIRECTIVE CHANGE

WD # 15

CONTRACT # /PROJECT NAME:
#22-7992R Palm River PUR Areas 1 & 2

WORK DIRECTIVE # 15

PURCHASE ORDER #: 4500223134

DATE OF ISSUANCE: July 19, 2024

OWNER: Collier County Board of Commissioners

PROJECT#: 70257.4, 60234.5.1

CONTRACTOR: Haskins, Inc.

ENGINEER/DESIGN PROFESSIONAL: Q. Grady Minor & Associates, P.A.

You are directed to proceed promptly with the following change(s):

Description:
This WD is to direct the Contractor to lower and relocate an existing stormwater inlet, to regrade the area around the stormwater inlet within the ROW and on private property, to lower and adjust an existing private property bubble-up structure (providing a 12" inlet/outlet), and to adjust an existing private property roof drain bubble up structure to assist with stormwater discharge from private property to prevent flooding on private property at 436 Palm River Boulevard.

Purpose of Work Directive Change:
To provide a greater elevation difference between the stormwater system within the ROW and the existing private property drainage structures to assist with stormwater discharge from private property to prevent flooding on private property at 436 Palm River Boulevard.

Reason/Justification:
During recent significant rain events it has become evident that the private property bubble-up structure is holding water and does not have sufficient differential elevation to convey stormwater from private property to the ROW. This was an unforeseen condition and requires immediate attention to avoid potential flooding on private property.

Attachments: Contractor's quote

If a claim is made that the above change(s) have affected Contract/Allowance Price or Contract Times any claim for a Change Order based thereon will involve one or more of the following methods of determining the effect of the changes(s).

Method of determining change in Contract/Allowance Price:
- ☐ Unit Prices
- ☐ Lump Sum
- ☒ Time & Material
- ☐ Other

Method of determining change in Contract Times:
- ☐ Contractor's records
- ☐ Engineer's record
- ☐ Other

Estimated increase or (decrease) in Allowance:
$12,507.00

Estimated change in Contract Time:
N/A

Contr/ Sub #	Pay Item Code	Description / Location	Completed Qty.	Units
1	3.1 ii	**Station 38+50± to Station 39+17±:** Contractor installed approximately 67-feet of 10-inch SDR 26 PVC sanitary sewer main, between new manhole SMH-229 and proposed manhole SMH-230, along Cypress Way East, between houses #454 and #446 Cypress Way East.	67	LF

Estimated Work Performed (Stormwater System)				
Contr/ Sub #	Pay Item Code	Description / Location	Completed Qty.	Units
1	WDC #15	WDC #15 **Station 6+57±:** Contractor worked on Work Directive Change #15 at house #436 Palm River Blvd., modifying existing 12-inch HDPE backyard drainpipe to provide better drainage of private property where 12-inch HDPE stormwater pipe was previously connected to the existing stormwater pipe in the right-of-way. Work was measured for payment as Time and Materials. o Contractor excavated existing 12-inch HDPE stormwater pipe on private property and removed previously installed 12-inch x 6-inch HDPE cap, 6-inch 90 degree bend, length of 6-inch HDPE pipe and 6-inch grate. Contractor excavated inline drain S-225 and lowered previously installed inline drain grate assembly approximately 1.0-foot. Contractor relocated roof gutter drainpipe and bubbler box east on private property to allow for grading slope down to existing 12-inch HDPE private property drainpipe invert. Contractor installed a short length of 12-inch	-	T & M

		HDPE drainpipe onto the existing backyard drainpipe, extending drainpipe to the edge of the right-of-way and cut the end off of the 12-inch HDPE pipe to accommodate a mitered end finish and regraded a swale between the 12-inch HDPE private property drainpipe and inline drain S-225 grate assembly. Also, contractor regraded area around inline inlet S-225 to provide a maximum slope of no greater than approximately 3 to 1. o Time: 8:30 a.m. to 4:00 p.m. = 7.5 hours. o Manpower: One (1) superintendent, one (1) operator, one (1) pipe layer, two (2) laborers. o Equipment: One (1) crew truck, one (1) mini trackhoe, one (1) front end loader. o Materials: Approximately 6-feet of 12-inch HDPE stormwater pipe, one (1) 12-inch HDPE 22.5 degree bend, silt fence material.

3/13/2023	6/5/2024	12/23/2024	1/08/2025

# of Days Added 16 **Select Tasks** ☐ Add new task(s) ☐ Delete task(s) ☐ Change task(s) ☒ Other

Provide a response to the following: 1.) detailed and specific explanation/rationale of the requested change(s) to the task(s) and / or the additional days added (if requested); 2.) why this change was not included in the original contract; and, 3.) describe the impact if this change is not processed. Attach additional information from the Design Professional and/or Contractor if needed.

This change order is for the addition of 16 days for Rain Delay, Unforeseen Conditions, WD #12, WD #13, and WD #14; and the use of $27,415.66 of project allowances as detailed below:

Time Extensions Due to Rain

1. This change requests a contract time extension of eleven (11) days: one (1) full day due to Hurricane Helene on September 26, 2024; and ten (10) full days due to Hurricane Milton in October 2024.
2. This change was not included in the original contract as it was unknown that heavy rain would impact the area.
3. If the time extension is not processed, the Contractor will not be able to complete the project on schedule and would be liable for liquidated damages for no fault of their own.

Time Extensions Due to Unforeseen Conditions

1. This change requests a contract time extension of one (1) day due to encountering an unknown pipe.
2. This change was not included in the original contract as this pipe was not shown on any record drawings related to the project and unknown to the County.
3. If the time extension is not processed, the Contractor will not be able to complete the project on schedule and would be liable for liquidated damages for no fault of their own.

Work Directive #12: Private Property Bubble Up Structures

1. This change requests that the Contractor installs the drainage basin bubble-up structures at 454, 448 and 430/436 Palm River Blvd to accommodate the existing private property back / side-yard and / or roof drainage pipes that extended into the ROW.
2. This change was not included in the original contract as the length of the back / side yard and / or roof drainage pipes were unknown.
3. If the change is not processed, the contractor will not be able to fulfill Collier County's standards on roof drainage in the ROW.

Work Directive #12 will use $5,778.74 from the project Stormwater Allowance and will increase the number of days in the contract by 1 day.

(Divisions who may require additional signatures may include on separate sheet.)

PROCUREMENT USE ONLY		
Admin	BCC Rpt	BCC ES

Work Directive #13: private Property Bubble Up Structures

1. This change requests that the Contractor installs the drainage basin bubble-up structures at 618 Cypress Way East to accommodate the existing private property back / side-yard / and / or roof-drainage pipes that extended into the ROW.
2. The change was not included in the original contract as the length of the back / side yard and / or roof drainage pipes were unknown.
3. If the change is not processed, the contractor will not be able to fulfill the County's standards on roof drainage in the ROW.

Work Directive #13 will use $2,100.92 from the project Stormwater Allowance and will increase the number of days in the contract by 1 day.

Work Directive #14: Remove Drainage Pipe Containing Asbestos

1. This change requests that the Contractor remove the unidentified and unmarked perforated drainage pipe that was found to contain asbestos per WD #14. Since WD #14 was issued, 444 feet of perforated drainage pipe containing asbestos has been removed which will be billed at the unit price ($44.00/foot) for bid item 2.12 "Removal and Disposal of Asbestos Cement Concrete Water Main".
2. The change was not included in the original contract as the asbestos pipe was not shown on any record drawings related to the project and unknown to the County.
3. If the change is not processed, the contractor will not be able to fulfill the County's Asbestos Removal Plan.

Work Directive #14 will use $19,536 from Stormwater Allowance and unused bid item 4.15 ($14,398.43 from the project Stormwater Allowance and $5,137.57 from a quantity adjustment (unused bid item 4.15)) and will increase the number of days in the contract by 2 days.

Stormwater Allowance	$150,000.00
Previous Draws from Allowance (COs 1 & 2)	$127,721.91
Stormwater Allowance Balance	$22,278.09
CO No. 3	($27,415.66)
Balance to be covered by quantity adjustment	($5,137.57)
SOV Deduct line-item 4.15	$24,000.00
Total Deduct	$18,862.43

Areas 1 & 2 Allowance Summary

Beginning General Allowance	$280,000.00
Remaining General Allowance	$280,000.00
Beginning Water Allowance	$200,000.00
Remaining Water Allowance	$200,000.00
Beginning Wastewater Allowance	$400,000.00
Remaining Wastewater Allowance	$400,000.00
Beginning Stormwater Allowance	$150,000.00
CO #1	$(880.00)
CO #2	$(126,841.91)
Allowance Draw WD #12	$(5,778.74)
Allowance Draw WD #13	$(2,100.92)
Allowance Draw WD # 14	$(14,398.43)
Remaining Stormwater Allowance	$0.00

Summary of Work Directives: WD #1, 5, & 7 were included on Change Order #1. WDs #6, 9, 10, & 15 were included in CO #2. WDs #12, 13, 14 are included in CO #3. WDs #2, 3, 4, 8, & 11 do not include any changes to the Contract time or amount ($).

Change Order/Amendment Summary							
CO#	AMD#	Description	COST		TIME		Justification
			Additive (+)	Deductive (-)	Days Added	New Amount	
1	1	This CO adds an additional 148.5 Days and authorizes the use of the contract allowance.	N/A	N/A	153	633	Days added for rain day, encountering rock, damaging unlocated water services, and construction of redesigned gravity sewer in Area 1; and allowance utilized for repairing damaged unlocated water services and testing unmarked drainage pipe for asbestos.
2	1	This CO adds an additional 5.5 Days and authorizes the use of the contract allowance.	N/A	N/A	7	640	Days added for rain days and WD #15 and allowance for removing drainage pipe containing asbestos, installing private property bubble up structures and 12-inch private property yard drain.
3	1	This CO adds an additional 16 days and the use of contract allowance.	N/A	N/A	16	656	Days added for weather related delays, unforeseen conditions and WDs 12, 13, 14 for private property bubble up structures and removing drainage pipe containing asbestos.

General

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Deon (SS):

- Contractor on site to assist and supervise crews.
- Progress Meeting at 9:00 a.m.

Cypress Way East Phase 2

Cory's Crew (SS):

- **Station 25+50±:** Contractor excavated and compacted west driveway to approximately sub-base elevation, then placed, graded and compacted approximately 6-inches of limerock base Cypress Way East, at house #648 Cypress Way East.
- **Station 22+00± to Station 24+40±:** Contractor backfilled new sidewalk with native soil and finish graded area along sidewalk, between houses #633 and #639 Cypress Way East.

#3 - Subcontractor – Superior Interlocking Pavers:

Cypress Way East Phase 2

Jack's Crew (SS):

- **Station 30+00±:** Subcontractor completed replacing paver bricks for paver driveway restoration, at house #675 Cypress Way East. Subcontractor placed a cement border along the outside edge of replaced paver bricks. Restored paver driveway will be measured for payment.

#4- Subcontractor – Roque Lawn Maintenance:

Cypress Way East Phase 2

Javier's Crew (SS):

- **Station 23+50±, 24+50±:** Subcontractor restoring irrigation system in the south right-of-way along Cypress Way East at houses #636, #642 Cypress Way East.

Planned Activities for the week:

- Contractor anticipates driveway and irrigation system restoration on Cypress Way East Phase 2.

Water System

Remarks

#1 - Prime Contractor – Haskins:

- No water activity observed today.

Planned Activities for the week:

- No water activity anticipated.

Wastewater System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Alfonso's Crews (SS):

- **Station 47+15±:** Contractor installed approximately 21-feet of 6-inch DR 18 PVC force main pipe and connected new and existing force mains, east of house #333 Cypress Way East. Contractor wedged a length of 4-inch x 4-inch wooden brace between the new 90 degree bend attached to the existing 6-inch ductile iron force main and a 6-inch tapped cap on the abandoned end of the existing 6-inch DI force main (approved by Grady Minor E.O.R.). Installed 6-inch DR 18 PVC force main pipe was measured for payment.

Ibis Way at Cypress Way East Phase 2

Alberto's Crews (SS):

- **Station 45+45±:** Contractor installed approximately 23-feet of 4-inch DR 14 and DR 18 PVC force main pipe and connected new and existing force mains, adjacent to vacant lot #406 Cypress Way East on Ibis Way. Contractor placed two pieces of 6-inch thick concrete thrust block against new horizontal 45 degree bend in lieu of restrained joint on existing approximately 16-feet of existing 4-inch PVC force main (approved by Grady Minor EO.R.). Installed 4-inch DR 18 PVC force main pipe was measured for payment.
- **Station 45+45±:** Contractor installed a force main air release valve on the existing 4-inch PVC force main at just east of the tie in point to connect new and existing force mains, at the northeast corner of Ibis Way at Cypress Way East. Force main ARV was measured for payment.

Cypress Way East Phase 2

Mario's Crew (SS):

- **Station 33+01±:** Contractor installed approximately 18-feet of 6-inch DR 18 PVC force main pipe and approximately 4-feet of 4-inch ductile iron force main spool pipe connected to pump station 103.06 discharge pipe manifold attached to approximately 2-feet of 4-inch DR 18 PVC force main pipe to connect new force main at pump station 103.06, adjacent to house #504 Eastwood Drive at Cypress Way East. Installed 4-inch DI and DR 18 PVC force main pipe and 6-inch DR 18 PVC force main pipe was measured for payment.

Diana,

While installing the pipe run from STR. 315 to 316 we came across an unmarked & unknow 4" pipe in direct conflict with the proposed drainage pipe.

We were unable to install the pipe and cannot move forward until the pipe is verified and we are instructed how to handle the conflict.

This conflict will result in loss time and wages.

Please acknowledge receipt of this email and advise how to proceed.

Thank you,

Ryan MacPhee

OWNER: Collier County Board of Commissioners

PROJECT#: 70257.4, 60234.5.1

CONTRACTOR: Haskins, Inc.

ENGINEER/DESIGN PROFESSIONAL: Q. Grady Minor & Associates, P.A.

You are directed to proceed promptly with the following change(s):

Description:
Installation of drainage basin bubble-up structures at 454, 448 and 430/436 Palm River Boulevard to accommodate the existing private property back/side-yard and/or roof drainage pipes that previously extended into the ROW.

Purpose of Work Directive Change:
To accommodate the existing private property back/side yard and/or roof drainage pipes that previously extended from private property into the ROW.

Reason/Justification:
During installation of the new drainage infrastructure, it was discovered that the existing back/side yard and/or roof drainage pipes at 454, 448 and 430/436 Palm River Boulevard extended into the ROW, which is not allowed per current Collier County standards. Haskins provided a time and material cost estimate to install drainage basin bubble-up structures at the private property drainage pipes on private property that will allow drainage to flow indirectly from private property into the ROW and ultimately to the County's stormwater system. This change is to add bubble up structures at 454, 448 and 430/436 Palm River Boulevard (four total bubble up structures).

Attachments: Contractor's quote

If a claim is made that the above change(s) have affected Contract/Allowance Price or Contract Times any claim for a Change Order based thereon will involve one or more of the following methods of determining the effect of the changes(s).

Method of determining change in Contract/Allowance Price:
- ☐ Unit Prices
- ☐ Lump Sum
- ☒ Time & Material
- ☐ Other

Method of determining change in Contract Times:
- ☐ Contractor's records
- ☐ Engineer's record
- ☐ Other

Estimated increase or (decrease) in Allowance:
$15,035.94

Estimated change in Contract Time:
N/A

RECOMMENDED:

WD #13

Collier County Engineering & Project Management Division
WORK DIRECTIVE CHANGE

CONTRACT # /PROJECT NAME:
#22-7992R Palm River PUR Areas 1 & 2

WORK DIRECTIVE # 13

PURCHASE ORDER #: 4500223134

DATE OF ISSUANCE: June 13, 2024

OWNER: Collier County Board of Commissioners

PROJECT#: 70257.4, 60234.5.1

CONTRACTOR: Haskins, Inc.

ENGINEER/DESIGN PROFESSIONAL: Q. Grady Minor & Associates, P.A.

You are directed to proceed promptly with the following change(s):

Description:
Installation of drainage basin bubble-up structures at 618 Cypress Way East to accommodate the existing private property back/side-yard and/or roof drainage pipes that previously extended into the ROW.

Purpose of Work Directive Change:
To accommodate for an existing private property back/side yard and/or roof drainage pipes that previously extended from private property at 618 Cypress Way East into the ROW. This includes investigating the existing private property drainage pipes, which may include televising.

Reason/Justification:
During installation of the new drainage infrastructure, it was discovered that the existing back/side yard and/or roof drainage pipe at 618 Cypress Way East extended into the ROW, which is not allowed per current Collier County standards. This change is to allow the investigation of the existing private property drainage pipes and to add a bubble up structure at 618 Cypress Way East. This was an unforeseen condition and requires immediate attention to avoid potential flooding on private property.

Attachments:

If a claim is made that the above change(s) have affected Contract/Allowance Price or Contract Times any claim for a Change Order based thereon will involve one or more of the following methods of determining the effect of the changes(s).

Method of determining change in Contract/Allowance Price:
- ☐ Unit Prices
- ☐ Lump Sum
- ☒ Time & Material
- ☐ Other

Method of determining change in Contract Times:
- ☐ Contractor's records
- ☐ Engineer's record
- ☐ Other

Estimated increase or (decrease) in Allowance:
$TBD

Estimated change in Contract Time:
TBD

LOW TEMP (F): **77°F**			

General

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Deon (SS):

- Contractor on site to assist and supervise crews.

Pompano Drive Phase 2

Cory's Crew (SS):

- **Station 5+00± to Station 2+10±:** Contractor graded the south right-of way along Pompano Drive, between houses #640 and #524 Pompano Drive.
- **Station 4+00± to Station 2+20±:** Contractor graded the north right-of way along Pompano Drive, between houses #633 and #527 Pompano Drive.

#3 - Subcontractor – Superior Interlocking Pavers:

Pompano Drive Phase 2

Jack's Crew (SS):

- **Station 2+00±:** Subcontractor continued restoring paver driveway to house #524 Pompano Drive. Subcontractor placed coarse sand base on limerock base. Subcontractor began replacing driveway paver bricks. Paver driveway will be measured for payment when completed.

#4 - Subcontractor – Surface Worx:

Pompano Drive Phase 2

Primo's Crew (SS):

- **Station 3+20±, 5+50±:** Subcontractor continued restoring decorative driveway to houses #551 and #645 Pompano Drive. Subcontractor pressure washed new concrete and existing decorative portion of driveway. Subcontractor applied intermediate coating on driveway, then hand etched design. Decorative coating /finishes will be measured for payment when completed.

Planned Activities for the week:

- Contractor anticipates driveway restoration on Pompano Drive Phase 2.

Water System

Remarks

#1 - Prime Contractor – Haskins:

- No water activity observed today.

Planned Activities for the week:

- No water activity anticipated.

Wastewater System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Jamie's Crew (SS):

- **Station 23+15± to Station 20+79±:** Contractor installed approximately 236-feet of 4-inch DR-18 PVC force main along the south right-of-way along Cypress Way East, between houses #636 and #624 Cypress Way East. Installed 4-inch force main was measured for payment.
- **Station 23+15± to Station 20+79±:** Contractor installed approximately 236-feet of 2-inch SDR-13.5 HDPE fiber optic conduit along the south right-of-way of Cypress Way East, between houses #636 and #624 Cypress Way East. Installed 2-inch fiber optic conduit was measured for payment.

Planned Activities for the week:

- Contractor anticipates installing force main and fiber optic conduit in Phase 2.
- Contractor anticipates installing sanitary sewer main along Cypress Way East Phase 2.

Stormwater System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Alberto's Crew (SS):

- **Station 29+80± to Station 32+71±:** Contractor removed existing valley gutter and existing stormwater pipes along the north right-of-way on Cypress Way East, between houses #675 Cypress Way East and #511 Pompano Drive on Cypress Way East.

Cypress Way East Phase 2

Mario's/Alfonso's Crew (SS):

WDC #13

- **Station 19+90±:** Contractor worked on work change directive WCD #13. Contractor installed a 4-inch bubble up structure on private property, on the end of private property backyard HDPE drainpipe, at house #618 Cypress Way East. Contractor regraded right-of-way and adjusted sanitary sewer service cleanout concrete collars. Work was measured for payment as Time and Materials.
  - Time: 7:00 a.m. to 2:00 a.m. (less time waiting on materials and lunch) = 5 hours.
  - Manpower: One (1) foreman, one (1) operator, three (3) laborers.

- Equipment: One (1) Crew truck.
- Materials: Two (2) 4-inch 45 degree bends, one (1) 4-inch x 4-inch coupler, 4-inch x 9-foot length of HDPE drainpipe, one (1) 4-inch 90 degree bend, one (1) 4-inch bubble up structure, one (1) 4-inch round grate, #57 stone, Mirafi filter fabric.

Planned Activities for the week:

- No stormwater activity anticipated.

General

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Deon (SS):

- Contractor on site to assist and supervise crews.
- Progress Meeting at 9:00 a.m.
- Contractor removed native soil and tree root spoil piles along Cypress Way East and Eastwood Drive.

Cypress Way East Phase 2

Deon (SS):

- **Station 35+20±:** Contractor superintendent and Senior RPR measured for payment removed and replaced north paver brick driveway at house #481 Cypress Way East (removed = 30.62 SY, replaced = 30.62 SY).

Pompano Drive Phase 2

Deon (SS):

- **Station 13+10±:** Contractor superintendent and Senior RPR measured for payment removed and replaced paver brick driveway at house #693 Pompano Drive (additional removed = 8.07 SY, replaced = 35.54 SY).

Cypress Way East Phase 2

Deon (SS):

- **Station 32+90± to Station 47+31±:** Contractor superintendent and Senior RPR measured for payment removed and replaced concrete sidewalk along the east side of Cypress Way East, between houses #494 Cypress Way East and east of house #333 Cypress Way East (6-feet wide x 1041 LF = 694.07 SY).

Cypress Way East Phase 2

Cory's Crew (SS):

- **Station 41+30±, 42+00±:** Contractor finish graded north and south driveways at subgrade elevation, for concrete driveway restoration, at house #433 Cypress Way East.

- **Station 28+30±:** Contractor excavated and compacted east driveway to approximately sub-base elevation, then placed graded and compacted approximately 6-inches of limerock base on sub-base, for paver driveway restoration, at house #668 Cypress Way East.
- **Station 36+00±:** Contractor excavated and compacted south driveway to approximately sub-base elevation, then placed graded and compacted approximately 6-inches of limerock base on sub-base, for paver driveway restoration, at house #681 Cypress Way East.

Cypress Way East Phase 2

Darrel's Crew (SS):

- **Station 37+70± to Station 47+31±:** Contractor worked on finish grading the east right-of-way, between sidewalk and valley gutter along Cypress Way East, between house #446 and east of house #333 Cypress Way East.
- **Station 45+50± to Station 44+10±:** Contractor worked on finish grading the west right-of-way, between along Cypress Way East, between house #401 and #409 Cypress Way East.

Palm River Blvd. Phase 1

Alberto's Crew (SS):

- **Station 8+29±, 6+50±:** Contractor placed Floratam sod at installed private property drainpipes in the right-of way and on private property, at the south side of house #454 and north side of house #436 Palm River Blvd.

Eastwood Drive Phase 2

Alberto's Crew (SS):

- **Station 0+50± to Station 0+10±:** Contractor worked on finish grading the east right-of-way, adjacent to existing pump station 103.06, adjacent to house #504 Eastwood Drive.

#2- Subcontractor – Curb King:

- No activity observed today.

#3 - Subcontractor – Superior Interlocking Pavers:

Cypress Way East Phase 2

Jack's Crew (SS):

- **Station 36+30±:** Subcontractor placed, graded and compacted coarse sand base on previously placed limerock base in north driveway, then began replacing paver bricks in driveway at house #473 Cypress Way East. Removed and replaced paver driveway will be measured for payment when completed.

#4 - Subcontractor – Roque Lawn Maintenance:

Eastwood Drive Phase 2

Javier's Crew (SS):

- **Stations 2+50±, 1+50±:** Subcontractor restored irrigation systems along the eastside of Eastwood Drive at houses #526, #518 Eastwood Drive.
    - Senior RPR observed subcontractor test restored irrigation system for coverage at house #518 Eastwood Drive.

#5 - Subcontractor – Surface Worx:

Eastwood Drive Phase 2

Primo's Crew (SS):

- **Station 2+20±:** Subcontractor applied concrete bonding agent, then applied top coating of cement coating on south driveway for decorative driveway restoration, at house #526 Eastwood Drive. Also, subcontractor applied color gray paint on new and existing portions of the decorative driveway. Decorative driveway will be measured for payment when completed.

Cypress Way East Phase 2

Primo's Crew (SS):

- **Stations 22+20±, 22+80±:** Subcontractor used water and sand blast system and began removing the previously applied color gray paint on existing portion of the decorative driveways at house #630 Cypress Way East. Decorative driveways will be measured for payment when completed.

#6 - Subcontractor – Affordable Sod and Trucking:

Pompano Drive Phase 2

Crew (SS):

- **Station 9+90± to Station 10+70±:** Subcontractor placed Floratam sod in the south right-of-way, at house #678 Pompano Drive.

Planned Activities for the week:

- Contractor anticipates driveway and irrigation system restoration on Cypress Way East and Eastwood Drive Phase 2.

Water System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Alberto's Crew (SS):

- **Station 33+19±:** Contractor placed concrete forms with approximate dimensions of 18-inches x 18-inches x 6-inches deep and placed hand mixed Quikrete high strength concrete mix, for water main gate valve box concrete collar, at the northeast corner of Cypress Way East at Eastwood Drive.
  - Contractor placed four (4) lengths of #3 reinforcement steel deformed bars in the concrete.

Planned Activities for the week:

- No water activity anticipated.

Wastewater System
Remarks

#1 - Prime Contractor – Haskins:
 	
Cypress Way East Phase 2
 	
Alberto's Crew (SS):
 	
• **Station 34+96±:** Contractor adjusted elevation of new manhole SMH-228 ring and cover to finish grade, adjacent to house #489 Cypress Way East.
  o Contractor used plastic riser rings to adjust elevation of ring and cover.
  o Contractor placed hand mixed Quikrete high strength concrete mix around manhole ring and cover.
 	
Planned Activities for the week:
 	
• No wastewater activity anticipated.

Stormwater System
Remarks

#1 - Prime Contractor – Haskins:
 	
Cypress Way East Phase 1
 	
Alberto's Crew (SS):
 	
• **Station 3+40±:** Contractor placed Floratam sod around inline drain S-102, between driveways at houses #503 and #509 Cypress Way East.
 	
Cypress Way East Phase 1
 	
Alberto's Crew (SS):
 	
WDC #13
 	
• **Station 19+90±:** Contractor worked on WDC #13, private property 4-inch HDPE drainpipe, at house #618 Cypress Way East. Work was measured for payment as Time and Materials. Contractor placed Floratam sod in the right-of-way at #618 and placed Bahia sod at #612 Cypress Way East, between the edge of pavement, between driveways and along new concrete sidewalk, on private property and in the south right-of-way.
  o Time: 1:15 p.m. to 2:00 p.m. = 0.75 hours
  o Manpower: One (1) Foreman, one (1) operator, one (1) pipe layer, three (3) laborers.
  o Equipment: One (1) front end loader, one (1) crew truck.
  o Materials: 189.64 square feet of Floratam sod, 48.48 square feet of Bahia sod.
 	
Planned Activities for the week:
 	
• No stormwater activity anticipated.

Good afternoon:

Per Ryan's request, please see attached for your records.

Haskins would like to request 1 day to be added to the contract time for work completed under WD #13.

Thank you,

WD #14

Collier County Engineering & Project Management Division
WORK DIRECTIVE CHANGE

CONTRACT # /PROJECT NAME:
#22-7992R Palm River PUR Areas 1 & 2

WORK DIRECTIVE # 14

PURCHASE ORDER #: 4500223134

DATE OF ISSUANCE: June 25, 2024

OWNER: Collier County Board of Commissioners

PROJECT#: 70257.4, 60234.5.1

CONTRACTOR: Haskins, Inc.

ENGINEER/DESIGN PROFESSIONAL: Q. Grady Minor & Associates, P.A.

You are directed to proceed promptly with the following change(s):

Description:
Contractor shall remove the unidentified and unmarked perforated drainage pipe that was tested and found to contain asbestos.

Purpose of Work Directive Change:
The contractor located an unmarked and unidentified pipe while potholing on Cypress Way E in Area 2. The pipe material was tested and found to contain asbestos. Work directive #6 was issued on May 22, 2023, directing the Contractor to remove unmarked perforated drainage pipe containing asbestos and all the pipe removed as of June 24, 2024 will be included in CO #2. This work directive directs the Contractor to remove any additional perforated drainage pipe that contains asbestos as part of this Public Utilities Renewal Project.

Reason/Justification:
The unidentified pipe was tested and results came back positive for asbestos. Collier County has an Asbestos Removal Plan in place that details the safe work practices whenever asbestos containing material is disturbed. Although this pipe is not identified in the construction plans nor in any known County records, in accordance with Collier County's Asbestos Removal Plan, the pipe shall be removed with this Public Utilities Renewal Project at the contracted unit cost for removing asbestos pipe.
Attachments: N/A

If a claim is made that the above change(s) have affected Contract/Allowance Price or Contract Times any claim for a Change Order based thereon will involve one or more of the following methods of determining the effect of the changes(s).

Method of determining change in Contract/Allowance Price:
- ☒ Unit Prices
- ☐ Lump Sum
- ☐ Time & Material
- ☐ Other

Method of determining change in Contract Times:
- ☒ Contractor's records
- ☐ Engineer's record
- ☐ Other

Estimated increase or decrease in Allowance:
TBD

Estimated change in Contract Time:
TBD

General

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Deon (SS):

- Contractor on site to assist and supervise crews.

Cypress Way East Phase 2

Cory's Crew (SS):

- **Station 23+30± to Station 28+30±:** Contractor excavated and compacted sidewalk to approximately subgrade elevation, then assisted subcontractor Curb King placing concrete for sidewalk, between houses #633 and #663 Cypress Way East.
- **Station 27+60±:** Contractor excavated and compacted west driveway to approximately sub-base elevation, for paver driveway restoration, at house #668 Cypress Way East.
- **Station 32+00± to Station 37+10±:** Contractor removed existing concrete sidewalk along the east side of Cypress Way East, between houses #494 and #462 Cypress Way East.

#2 - Subcontractor – Curb King:

Cypress Way East Phase 2

Jose's Crew (SS):

- **Station 22+30± to Station 28+30±:** Subcontractor placed approximately 6-inch tall concrete forms and placed concrete to fill in new sidewalk gaps, using Preferred mix design 3000 TRI FM4 3% 4" Fib Monofilament ½" 3.75#, for sidewalk along the north side of Cypress Way East, between houses #633 #663 Cypress Way East. New concrete sidewalk will be measured for payment.

#3 - Subcontractor – Superior Interlocking Pavers:

Cypress Way East Phase 2

Jack's Crew (SS):

- **Station 30+00±:** Subcontractor placed, graded and compacted coarse sand base, then began replacing paver bricks for paver driveway restoration, at house #675 Cypress Way East. Restored paver driveway will be measured for payment.

#4- Subcontractor – Roque Lawn Maintenance:

Cypress Way East Phase 2

Javier's Crew (SS):

- **Stations 31+50±, 31+50±, 32+20±:** Subcontractor restoring irrigation systems in the north right-of-way along Cypress Way East at houses #687, #686 Cypress Way East, #511 Eastwood Drive on Cypress Way East.

Planned Activities for the week:

- Contractor anticipates driveway and irrigation system restoration on Cypress Way East Phase 2.

Water System

Remarks

#1 - Prime Contractor – Haskins:

- No water activity observed today.

Planned Activities for the week:

- No water activity anticipated.

Wastewater System

Remarks

#1 - Prime Contractor – Haskins:

- No wastewater activity observed today.

#6 - Subcontractor – MG Electric:

- No activity observed today.

Planned Activities for the week:

- Contractor anticipates tying in force main along Cypress Way East Phase 2.
- Subcontractor anticipates startup on manhole pump station at existing SMH-101 Phase 1.

Stormwater System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Alberto's Crew (SS):

- **Station 45+65± to Station 45+30±:** Contractor installed approximately 32-feet of 15-inch RCP stormwater pipe crossing Ibis Way, between new valley gutter inlet VGI S-512 and proposed valley gutter inlet VGI S-511, between east of house #401 Cypress Way East and vacant lot #406 Cypress Way East. Installed 15-inch RCP stormwater pipe was measured for payment.
  - Contractor used a 2-inch submersible pump to dewater excavation.
  - Contractor placed #57 stone bedding in the bottom of trench as needed prior to installing stormwater pipes.

Cypress Way East Phase 2

Matt's and Kevin's Crews (SS):

- **Station 33+30± to Station 44+20±:** Contractor removed existing valley gutter along the east side of Cypress Way East, between house #494 Cypress Way East and vacant lot #406 Cypress Way East. Contractor backfilled area with native soil.

Eastwood Drive Phase 2

Mario's Crew (SS):

- **Station 7+48± to Station 4+48±:** Contractor removed existing 6-inch asbestos-cement stormwater pipe along the east right-of-way, on Eastwood Drive, between houses #612 and #562 Eastwood Drive (300 LF). Removed 6-inch asbestos-cement stormwater pipe was measured for payment.
  - Contractor placed caution tape around excavation.
  - Contractor posted required "Danger" signage at excavation.
  - Contractor workers wore required PPE while removing asbestos-cement stormwater main.
  - Contractor wrapped removed asbestos-cement stormwater main in 8 mil LLDPE plastic sleeves.
  - Contractor placed a "Danger" label on 8 mil LLDPE plastic sleeves containing removed asbestos-cement stormwater main.
  - Contractor loaded wrapped asbestos-cement stormwater main in a lined dumpster and hauled from site to contractors' storage yard.

#7 - Subcontractor – ESH-CORE:

Eastwood Drive Phase 2

Eric (SS):

- **Station 7+48± to Station 4+48±:** Subcontractor performed competent person duties for contractor removing existing 6-inch asbestos-cement stormwater pipe along the east right-of-way, on Eastwood Drive, between houses #612 to #562 Eastwood Drive.
  - Subcontractor placed an air monitor on the exclusion zone.
  - Subcontractor placed an air monitor on one crew member while crew member removed asbestos cement stormwater pipes.

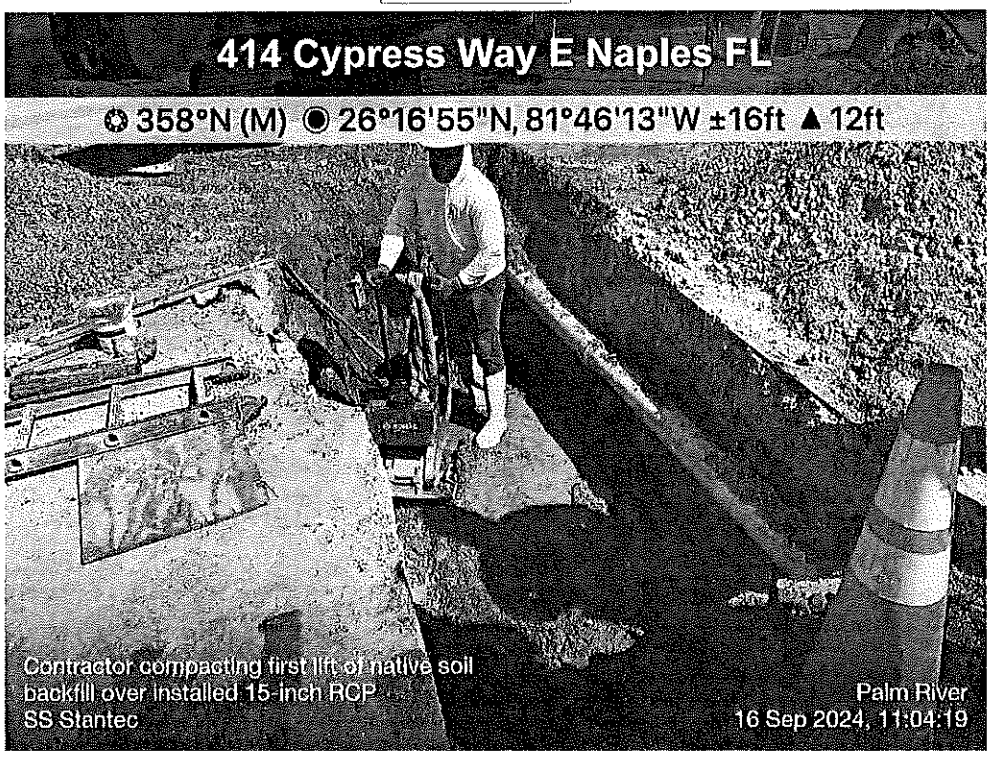
#5- Subcontractor – YPC:

- No activity observed today.

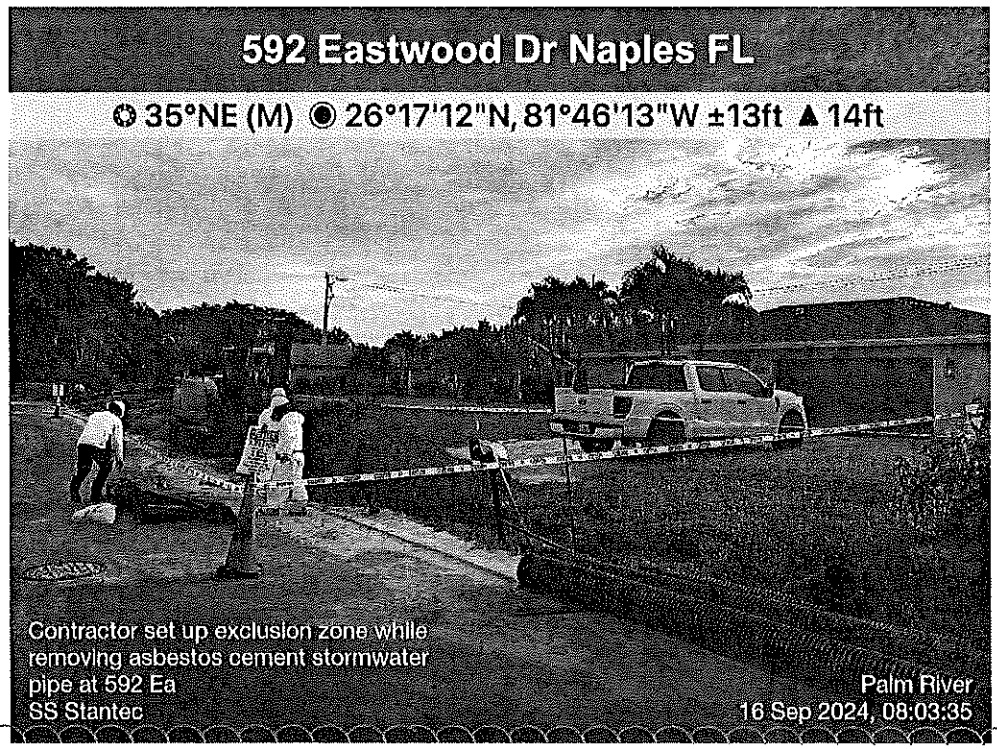
Planned Activities for the week:

- Contractor anticipates installing stormwater system along Cypress Way East Phase 2.

Dust Control Activity During the Day					
Location	**Time**	**Time**	**Time**	**Time**	**Time**
Eastwood Drive					
Cypress Way East					



Contractor compacting the first lift of native soil backfill over installed 15-inch RCP stromwater pipe crossing Ibis Way, adjacent to vacant lot #414 Cypress Way East, near Sta. 45+30±.



Contractor set up an exclusion zone while removing existing 6-inch asbestos-cement stormwater pipes along the east side of Eastwood Drive, adjacent to house #592 Eastwood Drive, near Sta. 6+20±.

WD #14

General

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East, Golfview Drive, Palm River Blvd., Pompano Drive, Eastwood Drive

Deon (SS):

- Contractor on site to assist and supervise crews.

Eastwood Drive Phase 2

Ben (SS):

- **Station 0+50± to Station 7+40±:** Contractor, Collier County Project Manager, Engineer of Record and Senior RPR performed a driveway walkthrough, placing paint marks at driveway restoration limits, between houses #504 and #612 Eastwood Drive.

Cypress Way East Phase 2

Cory's Crew (SS):

- **Station 27+60±:** Contractor placed and compacted approximately 6-inches of limerock base in west driveway, for paver driveway restoration, at house #668 Cypress Way East

Cypress Way East Phase 2

Cory's, Matt's and Kevin's Crews (SS):

- **Station 37+10± to Station 45+00±:** Contractor removed existing concrete sidewalk along the east side of Cypress Way East, between house #462 and vacant lot #406 Cypress Way East.

#2 - Subcontractor – Curb King:

Cypress Way East Phase 2

Fidel's Crew (SS):

- **Station 22+30± to Station 28+30±:** Subcontractor saw-cut control joints in new concrete sidewalk along the north side of Cypress Way East, between houses #633 #663 Cypress Way East. New concrete sidewalk will be measured for payment.
- **Station 28+30±:** Subcontractor removed and replaced a section of concrete driveway on private property at house #654 Cypress Way East. Restored concrete driveway was previously measured for payment.

#3 - Subcontractor – Superior Interlocking Pavers:

Cypress Way East Phase 2

Jack's Crew (SS):

- **Station 30+00±:** Subcontractor continued replacing paver bricks for paver driveway restoration, at house #675 Cypress Way East. Subcontractor placed a cement border along the outside edge of replaced paver bricks. Restored paver driveway will be measured for payment.
- **Station 25+90±:** Subcontractor removed and replaced a section of new concrete driveway on private property, at house #654 Cypress Way East. Restored concrete driveway was previously measured for payment.

#4- Subcontractor – Roque Lawn Maintenance:

Cypress Way East Phase 2

Javier's Crew (SS):

- **Stations 22+50±, 23+50±:** Subcontractor restoring irrigation systems in the south right-of-way along Cypress Way East at houses #630, #636 Cypress Way East.

Planned Activities for the week:

- Contractor anticipates driveway and irrigation system restoration on Cypress Way East Phase 2.

Water System

Remarks

#1 - Prime Contractor – Haskins:

- No water activity observed today.

Planned Activities for the week:

- No water activity anticipated.

Wastewater System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Alberto's Crews (SS):

- **Station 47+15±:** Contractor excavated new and existing force mains, in preparation for force main tie-in, east of house #333 Cypress Way East.
- **Station 20+80±:** Contractor excavated new and existing force mains, in preparation for force main tie-in, adjacent to house #624 Cypress Way East.
    - Contractor placed orange safety fence around open excavations.

Cypress Way East Phase 2

Mario's Crew (SS):

- **Station 33+01±:** Contractor excavated new and existing force mains at pump station 103.06, in preparation for force main tie-in, adjacent to house #504 Eastwood Drive at Cypress Way East.

- Contractor placed orange safety fence around open excavation.

Planned Activities for the week:

- Contractor anticipates tying in force main along Cypress Way East Phase 2.
- Subcontractor anticipates startup on manhole pump station at existing SMH-101 Phase 1.

Stormwater System

Remarks

#1 - Prime Contractor – Haskins:

Cypress Way East Phase 2

Matt's and Kevin's Crews (SS):

- **Station 44+20± to Station 45+10±:** Contractor removed existing valley gutter along the east side of Cypress Way East, adjacent to vacant lot #406 Cypress Way East. Contractor backfilled area with native soil.

Cypress Way East Phase 2

Matt's Crew (SS):

- **Station 33+20± to Station 35+50±:** Contractor excavated trench along the east side of Cypress Way East, for proposed concrete valley gutter, between houses #494 and #462 Cypress Way East. Contractor placed traffic cones along excavated trench.

Eastwood Drive Phase 2

Mario's Crew (SS):

- **Station 4+48± to Station 3+12±:** Contractor removed existing 6-inch asbestos cement stormwater pipe along the east right-of-way, on Eastwood Drive, between houses #562 and #538 Eastwood Drive (144 LF). Removed 6-inch asbestos cement stormwater pipe was measured for payment.
  - Contractor placed caution tape around excavation.
  - Contractor posted required "Danger" signage at excavation.
  - Contractor workers wore required PPE while removing asbestos-cement water main.
  - Contractor wrapped removed asbestos-cement water main in 8 mil LLDPE plastic sleeves.
  - Contractor placed a "Danger" label on 8 mil LLDPE plastic sleeves containing removed asbestos-cement water main.
  - Contractor loaded wrapped asbestos-cement water main in a lined dumpster and hauled from site to contractors' storage yard.
- **Station 7+48± to Station 0+15±:** Contractor removed temporary 10-inch HDPE drainpipe previously installed along the east side of Eastwood Drive, between houses #612 and #504 Eastwood Drive.

Executive Summary

Recommendation that the Board of County Commissioners, as ex-officio the Governing Board of the Collier County Water-Sewer District (CCWSD) award Invitation for Qualifications ("IFQ") No. 22-8056, "High/Medium Voltage Electrical Services" to MP Predictive Technologies Inc., Electrical Engineering Enterprises Inc., Simmonds Electrical of Naples, Inc., and authorize the Chairman to sign the attached agreements.

OBJECTIVE: To award contracts for countywide high/medium voltage services, including on-call urgent services on an as-needed basis.

CONSIDERATIONS: Collier County Water Sewer District (CCWSD) has established GIS-based integrated Enterprise Asset Management (EAM) where assets are routinely evaluated and conditions in the field updated by Operations Divisions and, where appropriate, they are listed under the Capital Improvements Plan (CIP) for Engineering and Project Management to implement the soonest possible. CCWSD EAM drives the priorities for investment in our Critical Infrastructure where replacements, re-hab, and repairs are planned and implemented prior to failure (Cat Red-F and Red-E) that would result in Utility Service outages and negative customer service impact. The Engineering and Project Management Division of the Public Utilities Department has completed QA/QC and programmed this project.

On July 22, 2023, the Procurement Services Division released IFQ No. 22-8056 "High/Medium Voltage Electrical Services". The County received three proposals by the September 5, 2023, deadline. Staff reviewed the proposals received and deemed all three proposers responsive and responsible with minor irregularities.

Respondents	City	County	Final Ranking	Responsive/ Responsible
Simmonds Electrical of Naples, Inc.	Bonita Springs	Lee	1	Yes / Yes
Electrical Engineering Enterprises, Inc.	Tampa	Hillsborough	2	Yes / Yes
MP Predictive Technologies, Inc.	Orlando	Orange	3	Yes / Yes

A selection committee met on December 8, 2023, and after reviewing the proposals and deliberating, the committee scored the proposals and ranked the firms in the order shown above. Staff recommends issuing contracts to all three responsive and responsible contractors. As provided in the solicitation, the County will request competitive quotes from all three contractors for future work.

Simmonds Electrical of Naples, Inc., incorporated in Florida in 1982, and is a current vendor with the County. Electrical Engineering Enterprises, Inc., incorporated in Florida in 1999, and will be a new vendor with the County. MP Predictive Technologies, Inc., incorporated in Florida in 2018, and will also be a new vendor under contract with the County.

FISCAL IMPACT: This Agreement will be utilized by various County Manager Divisions, providing funding from their respective budgets. The estimated annual expenditure is $2,000,000. These expenditures are not indicative of future projects and events.

GROWTH MANAGEMENT IMPACT: This project meets current Growth Management Plan standards to ensure the adequacy and availability of viable public facilities.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATIONS: Recommendation that the Board of County Commissioners, as ex-officio the Governing Board of the Collier County Water-Sewer District (CCWSD) award Invitation for Qualifications ("IFQ") No. 22-8056, "High/Medium Voltage Electrical Services" to MP Predictive Technologies Inc., Electrical Engineering Enterprises Inc.,

Simmonds Electrical of Naples, Inc., and authorize the Chairman to sign the attached agreements.

Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation, conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $2,000,000 Per Occurrence, $3,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.
    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $1,000,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws.

The coverage must include Employers' Liability with a minimum limit of $ 1,000,000 for each accident.

~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $_____ each claim and aggregate.~~

~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

~~F. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

~~G. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

~~H. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of: thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION**. To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

MULTI-CONTRACTOR AWARD AGREEMENT

#22-8056

for

"High/Medium Voltage Electrical Services"

THIS AGREEMENT, made and entered into on this _____ day of _____ 20___, by and between MP Predictive Technologies, Inc., authorized to do business in the State of Florida, whose business address is 9187 Boggy Creek Road, Unit 1, Orlando, FL 32824, (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County" or "Owner"):

W I T N E S S E T H:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing ■ upon the date of Board approval; ~~or ☐ on _____~~, and terminating three (3) year(s) from that date or until all outstanding ■ Purchase Order(s) ■ Work Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for two (2) additional one (1) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The County Manager, or his designee, may, at his discretion, extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The County Manager, or his designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES**. The Contractor shall commence the work upon issuance of a ■Purchase Order ■Notice to Proceed.

3. **STATEMENT OF WORK**. The Contractor shall provide services in accordance with the terms and conditions of ~~☐ Request for Proposal (RFP) ☐ Invitation to Bid (ITB)~~ ■ Other: Invitation for Qualifications (IFQ) # 22-8056, including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

   ■ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

   3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties, in

compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

3.2 The execution of this Agreement shall not be a commitment to the Contractor to order any minimum or maximum amount. The County shall order items/services as required but makes no guarantee as to the quantity, number, type or distribution of items/services that will be ordered or required by this Agreement.

3.3 ■ The procedure for obtaining Work under this Agreement is outlined in **Exhibit A – Scope of Services** attached hereto.

~~☐ The procedure for obtaining Work under this Agreement is outlined in ☐ Other Exhibit/Attachment: _____.~~

3.4 ■ The County reserves the right to specify in each Request for Quotations: the period of completion; collection of liquidated damages in the event of late completion; and the Price Methodology selected in 4.1.

4. **THE AGREEMENT SUM**.

~~☐ The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".~~

■ The County shall pay the Contractor for the performance of this Agreement based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and pursuant to the Price Methodology in Section 4.1. ■ Contractor's quoted prices shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

~~☐ The County shall pay the Contractor for the performance of this Agreement an estimated maximum amount of _____($_____), per County fiscal year, based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and the Price Methodology as defined in Section 4.1. ☐ Contractor's quoted prices shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".~~

4.1 **Price Methodology (as selected below):**

■ **Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.

☒ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

☒ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

~~4.5 ☐ **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

~~Reimbursements shall be at the following rates:~~

~~Mileage~~	~~$0.44.5 per mile~~
~~Breakfast~~	~~$6.00~~
~~Lunch~~	~~$11.00~~
~~Dinner~~	~~$19.00~~
~~Airfare~~	~~Actual ticket cost limited to tourist or coach class fare~~
~~Rental car~~	~~Actual rental cost limited to compact or standard size vehicles~~
~~Lodging~~	~~Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night~~
~~Parking~~	~~Actual cost of parking~~
~~Taxi or Airport Limousine~~	~~Actual cost of either taxi or airport limousine~~

~~Reimbursable items other than travel expenses shall be limited to the following: telephone long-distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.~~

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name:	MP Predictive Technologies, Inc.
Address:	9187 Boggy Creek Rd, Unit 1
	Orlando, FL 32824
Authorized Agent:	Albani Pereira
Attention Name & Title:	Business Development Manager
Telephone:	904-707-7510
E-Mail(s):	apereira@mpp-technologies.com

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Director:	Robert VonHolle
Division Name:	Wastewater Collections
Address:	6027 Shirley Street
	Naples, FL 34109
Administrative Agent/PM:	Donna Deeter
Telephone:	239-252-2622
E-Mail(s):	Donna.Deeter@colliercountyfl.gov

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation, conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $2,000,000 Per Occurrence, $3,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.
    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $1,000,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws.

The coverage must include Employers' Liability with a minimum limit of $ 1,000,000 for each accident.

~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $_____ each claim and aggregate.~~

~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

~~F. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

~~G. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

~~H. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of: thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION**. To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the Wastewater Collections Division.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ■ Exhibit A Scope of Services, ■ Exhibit B Fee Schedule, ☐ ~~RFP~~/ ☐ ~~ITB~~/■ Other IFQ - Invitation for Qualifications #22-8056, including Exhibits, Attachments and Addenda/Addendum, ■ subsequent quotes and corresponding contract documents, Exhibit B-1 Public Payment Bond, ■ Exhibit B-2 Public Performance Bond, ■ Exhibit C Release and Affidavit Form, ■ Exhibit D-1 Application for Payment Form, ■ Exhibit D-2 Schedule of Values Form ■ Exhibit D-3 Stored Materials Record Form ■ Exhibit D-4 Cash Flow Projection Form ■ Exhibit E-1 Change Order ■ Exhibit E-2 Work Directive ■ Exhibit F-1 Certificate of Substantial Completion ■ Exhibit F-2 Certificate of Final Completion ■ Exhibit F-3 Punch List Form ■ Exhibit G-1 Final Payment Checklist ■ Exhibit G-2 - Warranty, and ■ Other Exhibit H/Attachment: FEMA Provisions.

17. **APPLICABILITY.** Only the sections corresponding to any checked box (☐) will apply to this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting

bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statute, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division
3299 Tamiami Trail East, Suite 102
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@colliercountyfl.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein

shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. ■ **BONDS**.

A. When a construction project is in excess of $200,000, the Contractor(s) shall be required to provide Payment and Performance Bonds.

B. When required by Owner, the Contractor shall furnish a Performance and/or Payment Bond prior to commencing performance, for the full amount of the Work, which shall act as a security guaranteeing the performance of the Contractor's work and the payment by the Contractor to any other party(ies) providing labor and/or materials in connection with each construction or renovation project performed by the Contractor. The bonds shall be furnished using the forms prescribed in Exhibit "B-1" and Exhibit "B-2".

C. If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business in the State of Florida, terminates or it ceases to meet the requirements imposed by the Contract Documents, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the Owner's approval.

23. ■ **LIQUIDATED DAMAGES**. The "Commencement Date" shall be established in the Notice to Proceed to be issued by the Owner. Contractor shall commence the work within five (5) calendar days from the Commencement Date. No Work shall be performed at the Project site prior to the Commencement Date. Any Work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor.

The Work shall be substantially completed within the time specified in the Request for Quotation/Scope of Work. Substantial Completion" shall mean the status of completion of the Work which, in the opinion of the Project Manager as evidenced by a definitive Certificate of Substantial Completion, is complete in accordance with the Contract Documents, except for minor outstanding items listed on the Exhibit F-3 Punch List. Substantial Completion includes, but is not limited to, the following occurring: (1) the Work can be safely utilized for the purposes for which it was intended; (2) all regulatory agency requirements are satisfied, including occupancy permits, operating certificates and similar releases, (3) all operational testing has successfully occurred; (4) all required training has successfully occurred; (5) all close-out documents (such as as-built drawings, certifications, warranties, guaranties, test reports, test logs, operational manuals, etc.) have been provided by the Contractor and accepted by the Owner, and permit acceptance by permitting agencies, if applicable, Exhibit F-1.

Owner and Contractor recognize that since time is of the essence for any work under this Agreement, Owner will suffer financial loss if the Work is not substantially completed within the time specified in the Request for Quotation. Should Contractor fail to substantially complete the Work within the specified time period, Owner shall be entitled to assess as liquidated damages, but not as a penalty, the amount specified in the Request for Quotation/Scope of Work for each calendar day thereafter until substantial completion is achieved.

The Project shall be deemed to be substantially completed on the date the Owner issues a Certificate of Substantial Completion pursuant to the terms hereof. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the Owner's actual damages at the time of contracting if Contractor fails to substantially complete the Work in a timely manner.

The Work shall reach Final Completion and be ready for final acceptance by Owner as established in the Request for Quotation. Final Completion shall occur when the Agreement is completed in its entirety, is accepted by the Owner as complete and is so stated by the Owner as completed. Final Acceptance shall mean acceptance of the Work by the Owner as evidenced by the signature of the Project Manager or Design Professional upon the Certificate of Final Completion Form Exhibit F-2. Final Acceptance shall be deemed to have taken place only if and when such signature is affixed to such certificate. The Certificate of Final Completion shall be signed only after the Project Manager has assurance by tests, inspection, or otherwise that all of the provisions of the Contract Documents have been carried out, including completion of the Punch List form, Exhibit F-3.

When any period of time is referenced by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday. For all contracts, the Owner will count default days in calendar days.

24. ■ **PAYMENTS**. Generally, the Contractor will be paid upon completion; however, for Work in excess of thirty (30) days, the Contractor may request to receive Progress Payments. Subsequent to the first payment, Contractor must provide Owner with a fully executed Release and Affidavit in the form attached hereto as Exhibit C as a condition precedent to release of each progress payment. All applications for payment, whether for full payment or a progress payment shall be in writing, and in substantially the form attached hereto as Exhibit D-1. The process for submitting applications for Progress Payments is set forth below:

24.1 Progress Payments: At least ten (10) days prior to submitting a monthly Application for Payment, the Contractor shall submit to the Project Manager a final schedule of values and "cash flow projection" that establishes the projected date for the construction/installation for all activities of the Work shown on the accepted schedule, including quantities and unit prices totaling to the Contract Price. The Schedule of Values shall be satisfactory in form and substance to the Project Manager and shall subdivide the Work into component parts in sufficient detail to serve as the basis for measuring quantities in place and calculating amounts for the Contractor's monthly progress payments during construction. Further, it shall include the list of its Subcontractors and materialmen submitted with its Bid showing the work and materials involved and the dollar amount of each subcontract and purchase order. Contractor acknowledges and agrees that any modifications to the list of Subcontractors submitted with Contractor's Bid and any subsequently identified Subcontractors are subject to Owner's prior written approval.

Unsupported or unreasonable allocation of the Contract Price to any one activity shall be justification for rejection of the Schedule of Values Exhibit D-2. The Contractor shall not submit an unbalanced schedule of values which provides for overpayment to the Contractor on

activities that would be performed first. The schedule of values shall be revised and resubmitted until acceptable to the Project Manager. Once the schedule has been accepted by the Project Manager, the Owner reserves the right (at its option) throughout the Contract to require that the Contractor honor a particular price contained in the schedule of values, if the activity pertaining to it is being deleted or modified. Upon approval of the schedule of values by the Project Manager, it shall be incorporated into the form of Application for Payment attached to the Agreement as Exhibit D-1 and shall be used as the basis for the Contractor's monthly Applications for Payment. The schedule shall be updated and submitted each month along with a completed copy of the Application for Payment form signed by the Contractor's authorized representative.

24.2 The first Application for Payment shall be submitted no earlier than thirty (30) days after the Commencement Date, and monthly thereafter, but not more often than once a month or prior to substantial completion being met. Notwithstanding anything herein to the contrary, if approved by Owner in its sole discretion, Contractor may submit its invoice for any required Payment and Performance Bonds prior to the first Application of Payment provided that Contractor has furnished Owner certified copies of the receipts evidencing the premium paid by Contractor for the bonds.

24.3 Unless expressly approved by Owner in advance and in writing, said approval at Owner's sole discretion, Owner is not required to make any payment for materials or equipment that have not been incorporated into the Project. If payment is requested on the basis of materials and equipment not incorporated into the Project, but delivered and suitably stored at the site or at another location agreed to by the Owner in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice or other documentation warranting that the Owner has received the materials and equipment free and clear of all liens, charges, security interests and encumbrances, together with evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect Owner's interest therein, all of which shall be subject to the Owner's satisfaction. Thereafter, with each Application for Payment, Contractor also shall complete and submit to Owner as part of its Application for Payment, the Stored Materials Record form attached hereto and made a part hereof as Exhibit D-3.

24.4 The cash flow projection shall be a fixed monthly projection of the value of Work in place. If the actual cash flow (represented by the Application for Payment) for any month is less than eighty-five percent (85%) of the projected amount for that month (as established by the Contractor in the cash flow projection form it submits), then the Contractor may be barred from bidding other County projects until the value of Work in place is corrected and within ninety-five (95%) of the projected value. (See attached Exhibit D-4, Cash Flow Projection form).

24.5 Contractor shall submit its monthly Application for Payment to the Project Manager or his or her designee, as directed by Owner (which designee may include the Design Professional). Within twenty (20) business days after the date of each Application for Payment is stamped as received, and within the timeframes set forth in Section 218.735 F.S., the Project Manager, or Design Professional, shall either: (1) Indicate its approval of the requested payment; (2) indicate its approval of only a portion of the requested payment, stating in writing its reasons therefor; or (3) return the Application for Payment to the Contractor indicating, in writing, the reason for refusing to approve payment. Payments of proper invoices shall be processed in accordance with Section 218.735, F.S. and the terms of the Contract Documents.

24.6 In the event of a total denial by Owner and return of the Application for Payment by the Project Manager, the Contractor may make the necessary corrections and re-submit the Application for Payment. The Owner shall, within ten (10) business days after the Application for Payment is stamped and received and after Project Manager approval of an Application for Payment, pay the Contractor the amounts so approved.

24.7 Owner shall withhold retainage on the gross amount of each monthly progress payment in the amount of five percent (5%), as permitted by Section 255.078, Florida Statutes. The foregoing does not prohibit Owner from withholding retainage at a rate less than five percent (5%) of each monthly progress payment as otherwise allowable under Section 255.078, Florida Statutes. Any reduction in retainage below the maximum amount set forth in Section 255.078, Florida Statutes shall be at the sole discretion of the Owner. Such retainage shall be accumulated and not released to Contractor until final payment is due unless otherwise agreed to by the Owner in accordance with Florida Statute 255.078. Any interest earned on retainage shall accrue to the benefit of the Owner.

24.8 Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's Work.

24.9 Each Application for Payment, subsequent to the first pay application, shall be accompanied by a Release and Affidavit, in the form attached as Exhibit C, acknowledging Contractor's receipt of payment in full for all materials, labor, equipment and other bills that are then due and payable by Owner with respect to the current Application for Payment. Further, to the extent directed by Owner and in Owner's sole discretion, Contractor shall also submit a Release and Affidavit from each Subcontractor, sub-subcontractor, or supplier in the form attached as Exhibit C acknowledging that each Subcontractor, sub-subcontractor, or supplier has been paid in full through the previous month's Application for Payment. The Owner shall not be required to make payment until and unless these affidavits are furnished by Contractor.

24.10 Contractor agrees and understands that funding limitations exist and that the expenditure of funds must be spread over the duration of the Project at regular intervals based on the Contract Amount and Progress Schedule. Accordingly, prior to submitting its first monthly Application for Payment, Contractor shall prepare and submit for Project Manager's review and approval, a detailed Cash Flow Projection, which shall be updated as necessary and approved by Owner to reflect approved adjustments to the Contract Amount and Contract Time. No voluntary acceleration or early completion of the Work shall modify the time of payments to Contractor as set forth in Exhibit D-4, Cash Flow Projection.

24.11 Notwithstanding anything in the Contract Documents to the contrary, Contractor acknowledges and agrees that in the event of a dispute concerning payments for Work performed under this Agreement, Contractor shall continue to perform the Work required of it under this Agreement pending resolution of the dispute provided that Owner continues to pay Contractor all amounts that Owner does not dispute are due and payable.

24.12 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of contract. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted.

Time shall be deemed of the essence with respect to the timely submission of invoices under this agreement.

24.13 The Owner may, at its discretion, use VISA/MASTER card credit network as a payment vehicle for goods and/or services purchased as a part of this contract. The Owner may not accept any additional surcharges (credit card transaction fees) as a result of using the Owner's credit card for transactions relating to this agreement.

25. **PAYMENTS WITHHELD**. Owner may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, outstanding punch list items, subsequently discovered evidence or subsequent inspections that reveal non-compliance with the Contract Documents. The Owner may nullify the whole or any part of any approval for payment previously issued and Owner may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between Owner and Contractor, to such extent as may be necessary in the Owner's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims failed or reasonable evidence indicating probable fling of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents by the Contractor.

If any conditions described above are not remedied or removed, Owner may, after three (3) days written notice, rectify the same at Contractor's expense. Owner also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to Owner, whether relating to or arising out of this Agreement or any other Agreement between Contractor and Owner. In instances where the Contractor may owe debts (including, but not limited to taxes or other fees) to Collier County and the Contractor has not satisfied nor made arrangement to satisfy these debts, the County reserves the right to off-set the amount owed to the County by applying the amount owed to the Contractor for services performed or for materials delivered in association with a contract.

If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

26. **SUBMITTALS AND SUBSTITUTIONS**. Any substitution of products/materials from specifications shall be approved in writing by Owner in advance. No substitute will be ordered, installed or utilized without the Project Manager's prior written acceptance which shall be evidenced by a Change Order, a Work Directive Change, a Field Order or an approved Shop Drawing. The Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute. The Project Manager will record time required by the Project Manager and the Project Manager's consultants in evaluating substitutions proposed by Contractor and making changes in the Contract Documents occasioned thereby. Whether or not the Owner accepts a proposed substitute, Contractor shall reimburse Owner for the charges of the Design Professional and the Design Professional's consultants for evaluating each proposed substitute. Contractor shall submit all

such materials at its own expense and in such form as required by the Contract Documents in sufficient time to prevent any delay in the delivery of such materials and the installation thereof.

27. ■ **CONTRACT TIME AND TIME EXTENSIONS**.

A. Time is of the essence in the performance of any Work under this Agreement and Contractor shall diligently pursue the completion of the Work and coordinate the Work being done on the Project by its subcontractors and materialmen, as well as coordinating its Work with all work of others at the Project Site, so that its Work or the work of others shall not be delayed or impaired by any act or omission by Contractor. Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures as well as coordination of all portions of the Work under the Contract Documents, and the coordination of Owner's supplies and contractors.

B. Should Contractor be obstructed or delayed in the prosecution of or completion of the Work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of Nature or of the public enemy, acts of Government, fires, floods, epidemics, quarantine regulation, strikes or lockouts, Contractor shall notify the Owner in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

C. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the Work from any cause whatever, including those for which Owner may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from Owner. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against Owner will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage for Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

28. ■ **CHANGES IN THE WORK**. Owner shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon written order of Owner in the form of a Work Directive, Exhibit E-2, and Owner shall not be liable to the Contractor for any increased compensation without such written order. No officer, employee or agent of Owner is authorized to direct any extra or changed work orally. Any alleged changes must be approved by Owner in writing prior to starting such items. Owner will not be responsible for the costs of any changes commenced without Owner's express prior written approval. Failure to obtain such prior written approval for any changes will be deemed: (i) a waiver of any claim by Contractor for such items and (ii) an admission by Contractor that such items are in fact not a change but rather are part of the Work required of Contractor hereunder.

A Change Order in the form attached as Exhibit "E-1" to this Agreement, shall be issued and executed promptly after an Agreement is reached between Contractor and Owner concerning the requested changes. Contractor shall promptly perform changes authorized by duly

executed Change Orders. The Contract Amount and Contract Time shall be adjusted in the Change Order in the manner as Owner and Contractor shall mutually agree.

29. ■ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

30. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

31. ■ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

32. ■ **PROTECTION OF WORK**.

    A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due Contractor.
    B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.
    C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

33. **EMERGENCIES**. In the event of any emergency affecting the safety or protection of persons or the Work or property at the Project site or adjacent thereto, Contractor, without special instruction or authorization from Owner is obligated to act to prevent threatened damage, injury or loss. Contractor shall give the Owner written notice within forty-eight (48) hours after the occurrence of the emergency, if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby.

If the Owner determines that a change in the Contract Documents is required because of the action taken in response to an emergency, a Change Order shall be issued to document the consequences of the changes or variations.

If Contractor fails to provide the forty-eight (48) hour written notice noted above, the Contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the Contract Amount or an extension to the Contract Time.

34. ■ **COMPLETION**.

Substantial Completion and Development of the Punch List

34.1 Substantial Completion is as defined in this Agreement. When the Contractor believes Substantial Completion has been achieved, it shall certify in writing to the Project Manager that the Project is Substantially Complete in accordance with the Contract Documents and request the Project Manager to inspect the Work and to issue a Certificate of Substantial Completion. Prior to making such a request the Contractor must:

a) Complete all Work necessary for the safe, proper and complete use or operation of the Project as intended, including: all regulatory agency requirements are satisfied, including occupancy permits; operating certificates and similar releases; all operational testing has successfully occurred; all required training has successfully occurred; all close-out documents (such as as-built drawings, certifications, warranties, guaranties, test reports test logs, operational manuals, etc.) have been provided by Contractor and accepted by Owner.

b) Prepare a Contractor-generated punch list (i.e., a list of all items required to render the Project complete, satisfactory, and acceptable, for submission with the request for inspection and issuance of a certificate of Substantial Completion), which shall include and list separately the estimated cost to complete each remaining unfinished item included on the list with an explanation as to the basis for those costs, substantiated by the Schedule of Values, subject to the Owner's final review and approval as stated below.

c) Upon receipt of the request from the Contractor, the Project Manager, assisted by the Professional, if any, and other Owner personnel, as appropriate, shall review the request, the Work and the Contractor-generated Punch List to determine whether the Work is ready for Substantial Completion inspection. If this review fails to support Substantial Completion inspection, the Project Manager shall so notify the Contractor citing the reasons for rejection. If the Project Manager and Professional (if any) determine the Work is ready for Substantial Completion inspection, the following procedures will be followed:

    1. The Project Manager will, within a reasonable time, schedule and conduct inspection(s) of the Work with the Professional (if any), other Owner personnel as required, and the Contractor for the purpose of formally reviewing the status of completion of the Work, the readiness of the Project for use and the Contractor-generated punch list. A copy of the Contractor-generated punch list will be provided to all participants and any additional items noted during the inspection will be added to the list. The Project Manager, the Professional, their representatives and other Owner representatives will review the Work and the Contractor-generated punch list to assure all deficiencies are noted on a final

document (Exhibit F-3 Punch List Form). The Punch List must include all items required to render the Project complete, satisfactory and acceptable. If Project Manager and Contractor disagree on whether an item belongs on the Punch List, the Project Manager has the final say on whether the item is included or not. The Punch List shall be finalized and issued to the Contractor by the Owner within the time frames indicated below.

2. If upon completion of the inspection(s) the Owner does not consider the Project Substantially Complete, the Project Manager will notify the Contractor in writing giving reasons why the Project is not Substantially Complete.

3. If, upon completion of the inspection(s), the Owner considers the Project Substantially Complete, the Project Manager shall prepare a Certificate of Substantial Completion to establish the date for Substantial Completion as the date of the completed inspection(s). The Certificate of Substantial Completion shall be approved by the Owner upon the signature of both the Project Manager and the Professional and shall be issued to the Contractor. The Certificate shall fix the date of Substantial Completion.

4. Substantial Completion cannot occur until all conditions necessary for safe and proper use, occupancy, maintenance, and operations are in place.

34.2 **Time Frames for Issuance of the Punch List**

(a) The Owner shall issue the Punch List to the Contractor within the time frames described below, provided that the Contractor has completed its obligations in providing a proper contractor-generated punch list prior to the Substantial Completion inspection.

(b) For construction estimated to cost less than ten million dollars ($10,000,000.00), the Punch List must be finalized within thirty (30) Days after the Substantial Completion date.

(c) For construction projects involving more than one building or structure or multiple phases, the Punch List must be prepared for each building, structure or phase within thirty (30) Days of the Substantial Completion date of a particular building, structure or phase if it is estimated to cost less than ten million dollars ($10,000,000.00) or within forty-five (45) Days if it is estimated to cost more than ten million dollars ($10,000,000.00).

(d) If the development of the Punch List takes the full amount of time designated (or a portion thereof) and includes a tentative punch-list based upon the above dollar amount thresholds, the delivery of the Punch List of items shall be delivered by the Owner no later than five (5) business days thereafter. Within twenty (20) business days after the delivery of the Punch List to the Contractor, the Owner must pay the Contractor the remaining contract balance owed, that includes all retainage previously withheld by Owner less an amount equal to 150 percent (150%) of the estimated cost to complete the items on the Punch List. At the same time the Owner delivers the Punch List Contractor shall submit a payment application requesting that Owner pay the Contractor the remaining contract balance owed, including all retainage previously

held by Owner less an amount equal to 150 percent (150%) of the estimated cost to complete the items on the Punch List.

(e) The failure to include any corrective work or pending items not yet completed on the Punch List does not alter the responsibility of Contractor to complete all the construction services purchased pursuant to the Contract Documents.

(f) Owner shall have the right to exclude Contractor from the Work and Project site (or designated portion thereof) after the date of Substantial Completion, but Owner shall allow Contractor reasonable access to complete or correct items on the Punch List. The Project Manager, shall coordinate with the Contractor the return of any surplus assets, including materials, supplies, and equipment.

34.3 **Completion of Punch List Work and Release of Remaining Contract Balance**

(a) Upon completion of the Punch List Work, the Contractor shall certify in writing to the Project Manager that all Punch List Work has been completed in accordance with the Contract Documents and request the Project Manager to inspect the Work and to approve Punch List completion. If, in the Project Manager's opinion, the Work is not ready for such inspection, the Project Manager will so inform the Contractor, giving reasons for such opinion. If the Project Manager is satisfied that an inspection is warranted, the Project Manager will, within a reasonable time, schedule and conduct inspection(s) of the facility with representatives of the Owner's user department, the Professional (if any), and the Contractor, for the purpose of formally reviewing the completion of Punch List Work. If the Project Manager and the Contractor disagree on whether an item remains incomplete, the Project Manager has the final say on whether the item is complete or not.

(b) If, upon completion of the inspection(s) the Owner does not consider the Punch List Work complete, the Project Manager will notify the Contractor in writing giving specific reasons why the Punch List Work is not complete.

(c) Upon completion of all items on the Punch List, the Contractor may submit a Payment Request for the remaining amount withheld by the Owner. If a good-faith dispute exists as to whether one or more items identified on the list have been completed pursuant to the Contract Documents, the Owner may continue to withhold an amount not to exceed one hundred and fifty percent (150%) of the total costs to complete such items. This remaining balance of retainage may be requested by the Contractor in its Application for Final Payment after Final Acceptance of the Work by Owner (Exhibit F-2 Certificate of Final Completion).

(d) All items that require correction under the Contract Documents and that are identified after the preparation and delivery of the Punch List shall remain the obligation of the Contractor.

(e) Warranty Items may not affect the final payment of retainage pursuant to Section 218.735(7)(f), Florida Statutes.

(f) If the Owner fails to comply with its responsibilities to assist in developing the Punch List within the time frame applicable to the Project (as described above), the

Contractor may submit a request for all remaining retainage withheld by the Owner. The Owner need not pay or process any payment request for retainage if Contractor has, in whole or part, failed to cooperate with the Owner in development of the Punch List or failed to perform its contractual responsibilities with regard to development of the Punch List. Additionally, the Owner does not have to pay or release any amounts that are the subject of a good-faith dispute, the subject of a claim brought pursuant to Section 255.05, Florida Statutes, or otherwise the subject of a claim or demand by the Owner or Contractor.

34.4 **Final Completion**

(a) Upon written notice from the Contractor that the Project is complete, the Project Manager shall schedule a final inspection with the Contractor, the Design Professional, and any other personnel requested by the Project Manager. The Project Manager shall notify the Contractor in writing of any Work this inspection reveals to be defective, or otherwise not in accordance with the Contract Documents. The Contractor shall immediately take such action as may be necessary to remedy such defects and bring the Project into full compliance with the Contract Documents and then request another inspection.

(b) Final Completion of the Work shall be achieved by the Contractor when all the Work required under the Contract Documents has been satisfactorily completed, including all Punch List work, and specifically as noted in the Specifications section.

(c) After the Project Manager has determined that all Work has been completed, the Project Manager will issue a Certificate of Final Completion Exhibit F-2 for the Work.

34.5 **Application for Final Payment**

After the Certificate of Final Completion, Exhibit F-2 for the Work has been issued by the Project Manager, the Contractor may make Application for Final Payment following the procedure for progress payments. As an explicit condition precedent to the accrual of Contractor's right to final payment, Contractor shall have furnished Owner with a properly executed and notarized copy of the Release and Affidavit form attached as Exhibit C, as well as a duly executed copy of the Surety's consent to final payment and such other documentation that may be required by the Contract Documents, including but not limited to:

(1) Receipt of Contractor's Final Application for Payment.
(2) The Release and Affidavit in the form attached as Exhibit C.
(3) Consent of surety to final payment.
(4) Receipt of the Final Payment Check list, Exhibit G-1.
(5) If required by Owner, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Contract Documents, to the extent and in such form as may be designated by Owner.

Prior to release of final payment and final retainage, the Contractor's Representative and the Project Manager shall jointly complete the Final Payment Checklist, a representative copy of which is attached to this Agreement as Exhibit G-1.

34.6 **Approval of Final Payment**

(a) If, on the basis of the Project Manager's observations and review of Work during Construction, final inspection, and review of the Application for Final Payment (all as required by the Contract Documents), the Project Manager is satisfied that the Work has been completed and the Contractor has fulfilled all of its obligations under the Contract Documents, the Project Manager will, within ten (10) days after receipt of the Application for Final Payment, indicate in writing that the entire remaining balance is found to be due and payable to the Contractor and approve payment. Otherwise, the Project Manager will return the Application to the Contractor, indicating in writing the reason for refusing to approve for final payment, in which case the Contractor will make the necessary corrections and resubmit the Application. Owner reserves the right to inspect the Work and make an independent determination as to the Work's acceptability, even though the Design Professional may have issued its recommendations.

(b) Contractor's acceptance of Final Payment shall constitute a full waiver of any and all claims by Contractor against Owner arising out of this Agreement or otherwise relating to the Project, except those previously made in writing in accordance with the requirements of the Contract Documents and identified by Contractor as unsettled in its final Application for Payment. Neither the acceptance of the Work nor payment by Owner shall be deemed to be a waiver of Owner's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective Work not discovered by the Design Professional or Project Manager at the time of final inspection.

The Contractor's obligation to perform the Work and complete the Project in accordance with the Contract Documents shall be absolute. Neither approval of any progress or final payment, the issuance of a Certificate of Substantial Completion, any payment by the Owner to the Contractor under the Contract Documents, any use or occupancy of the Project or any part thereof by the Owner, the issuance of a Final Completion, any act of acceptance by the Owner, any failure to do so, nor any correction of defective Work by the Owner shall constitute an acceptance of Work not in accordance with the Contract Documents.

36. ■ **WARRANTY**. Contractor shall obtain and assign to Owner all express warranties given to Contractor or any subcontractors by any subcontractor or material men supplying materials, equipment or fixtures to be incorporated into the Project. Contractor warrants to Owner that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after substantial completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of

written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. Further, in the event of an emergency, Owner may commence to correct any defective Work, without prior notice to Contractor, at Contractor's expense. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

No later than 30 days prior to expiration of the warranty, the Project Manager, or another representative of the Owner, shall conduct an inspection of the warranted work to verify compliance with the requirements of the Agreement. The Contractor's Representative shall be present at the time of inspection and shall take remedial actions to correct any deficiencies noted in the inspection. Failure of the Contractor to correct the cited deficiencies shall be grounds for the Owner to disqualify the Contractor from future bid opportunities with the Owner, in addition to any other rights and remedies available to Owner.

37. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

38. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

39. **DISPUTE RESOLUTION.**

A. All disputes arising under or relating to this Agreement shall be resolved in accordance with this Section, except for disputes related to payment matters and payment disputes upon submission of pay applications, which shall be addressed and resolved in accordance with Collier County Ordinance No. 2017-08, as amended, and governed by the time to commence and conclude payment dispute proceedings set forth in Section 218.76(2)(a), Fla. Stat.

B. Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

40. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

41. ☐ ~~**KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.~~

☒ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet required services.

42. ☐ ~~**ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.~~

☒ **ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.

43. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

44. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment

verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years.

All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliercountyfl.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

45. ■ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

(Intentionally left blank -signature page to follow)

IN WITNESS WHEREOF, the parties hereto, by an authorized person or agent, have executed this Agreement on the date and year first written above.

ITB # 22-8056
"High/Medium Voltage Electrical Services"
Exhibit A
Scope of Services

This Agreement is awarded to multiple Contractors to provide high/medium voltage services, including on-call urgent services, regardless of location, for a wide range of projects as may be requested by the County.

The table below contains examples of the present facilities that will require industrial electrical services. Florida Power and Light is currently the predominant electrical supplier for the County, with a limited area in the growing Northeast serviced by Lee County Electric Cooperative, Inc. This list is not all-inclusive and is provided for reference only.

Example Plant Facilities Table		
Description	Max Fault Protection (amp)	Voltage/Phase
Irrigation Quality Pump Stations	2000	480 / 3
Wastewater Pump Stations	2000	480 / 3
North County Water Reclamation Facility	4000	480 / 3
South County Water Reclamation Facility	4000	480 / 3
Golden Gate Water Reclamation Facility	2000	480 / 3
Orange Tree Waste Reclamation Facility	2000	480 / 3
Northeast Waste Reclamation Facility	2000	480 / 3
Northeast Water Plant	600	13,200 / 3
North Water Plant	1000	13,200 / 3
South Water Plant	800	13,200 / 3
Water Pump Stations	2000	480 / 3

Section A. Services and Minimum Qualifications

Services and Contractor qualifications shall include, but not be limited to, the following:

1. **Power Distribution Maintenance**
   a. The Contractor must have knowledge, skills, and the ability to construct, maintain, diagnose, and repair industrial plant electrical power components.
   b. These components and equipment will include but shall not be limited to: High and Medium Voltage (4160V – 13.2 kV) – delta or wye systems, transformers, switching gear, motor starters and panels, protective devices, and many other similar devices.

2. **Inspections and Testing**
   a. The Contractor must have the experience to identify and communicate to the appropriate County staff any issues that could cause a disruption in the function of the equipment when performing inspections and tests.
   b. The Contractor must have the knowledge and experience to perform the proper inspections and tests that will ensure the County equipment functions properly and complies with all electrical codes and standards.
   c. The Contractor shall place a label on all devices tested with the date of the test, company name, and results.

3. **Troubleshooting & Diagnostic Testing**
   a. The Contractor must have the experience to complete diagnostic testing that shall include but is not limited

CAO

to power monitoring, harmonic analysis, short circuit studies, grounding studies, insulation testing, and fault analysis.

b. The Contractor must be capable of quick and efficient troubleshooting electrical problems when a component fails to work due to a loss of power.

4. **Maintenance and Repair**
   a. The Contractor must have the experience and ability to complete preventative, predictive, and corrective electrical maintenance on equipment ranging in voltage from 480V to 13.2 kV.

5. **Rehabilitation of systems and equipment**
   a. The Contractor must have experience in successful rehabilitation projects as they relate to this Scope of Work. The Contractor must have the ability and resources to complete rehabilitation projects on time and within budget.

6. **Other Testing & Inspections**
   a. The Contractor may be required to provide, either directly or through the use of a subcontractor, inspection and testing services by a certified representative on an as-needed basis, such as:

- **Pad Mounted Transformer Oil Testing** – The Contractor shall draw oil from all oil-filled transformers for ASTM Oil Transformer Analysis. These annual tests show any changes and help prevent unanticipated failures by allowing planning for replacements. The quote shall be per transformer and shall include labor, testing, and reports. The reports shall include historical data for graphing purposes.

- **Medium Voltage Vacuum Breaker Inspection and Testing** – The following inspection and testing shall be completed by the Contractor after the County has performed all switching and protective device settings. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. These inspections and testing shall follow the National Fire Protection Association's (NFPA) 70B – Electrical Equipment Maintenance and the International Electrical Testing Association – Maintenance Testing Specifications.

  - Visual and Mechanical Inspection
    - Verify documentation of equipment nameplate data.
    - Inspect for physical damage.
    - Clean and lubricate the operating mechanism.
    - Vacuum the enclosure and clean the busbars
    - Inspect the breaker for cell alignment, anchorage, and grounding.
    - Verify the operating mechanism for alignment and clearances.
    - Inspect the contact wear and measurement of critical distances, such as the contact gap, in accordance with the manufacturer's recommendations.

  - Electrical Tests
    - Measure the contact resistance.
    - Trip the circuit breaker by operating the protective device.
    - Close and trip the breaker with the local control switch and verify trip, close, trip-free, and anti-pump functions.
    - Test the insulation resistance phase to ground, phase to phase, and across open contacts.
    - Test the vacuum bottle integrity on each phase in accordance with the manufacturer's recommendations.
    - Test the insulation resistance. (This test shall not be performed on control wiring connected to solid-state devices).
    - Test minimum pickup voltage on the trip and close coils.

  - Equipment
    - Breakers will range from 480V up to 13.2kV

- **Protective Relays Inspection & Testing for Medium Voltage** – The following inspections and testing shall be completed by the Contractor after the County has performed all switching and protective device settings. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. These inspections and testing shall follow the NFPA 70B – Electrical Equipment Maintenance and the International Electrical Testing Associations – Maintenance Testing Specifications.

  - Visual and Mechanical Inspection
    - Verify documentation of equipment nameplate data.
    - Inspect for physical damage.
    - Inspect for the presence of foreign material, moisture, corrosion, condition of spiral spring, and disc clearance on the electromechanical relays.
    - Verify the tightness of case connections.
    - Inspect the gasket for the correct gasket seal.
    - Inspect shoring hardware, connection paddles, and/or knife switches.
    - Remove any foreign material from the case.
    - Verify target reset.
    - Clean cover glass and relay components as required.
    - Verify the freedom of movement, proper travel, alignment on electro-mechanical relays, and tightness of mounting hardware and tap screws.
    - Inspect bearing and/or pivots.
    - Burnish contacts.
    - Set relays in accordance with County requirements.

  - Electrical Tests
    - Test the pickup parameters on each operating element.
    - Test the timing at three (3) points on-time characteristic curve.
    - Test the pickup target and seal-in units, as applicable.
    - Test the insulation resistance on each circuit branch to frame on only electro-mechanical relays.
    - Verify that each of the relay contacts operates its associated device only if permitted by Plant Operators.

- **Grounding & Ground Resistance Testing** - As required, the Contractor shall provide ground resistance testing using the "Fall-Of-Potential" method and any other ground resistance testing requested by the County because of environmental deterioration such as lightning and corrosion damage, low water tables, and/or additions and improvements to the electrical systems to verify the ground sufficiency and meeting the required codes. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. **The quantity and type of gear may change as a result of upgrades to the facility.**

7. **Thermography Inspections**

a. The Contractor may be required to provide, either directly or through a subcontractor, Thermography Inspections of the electrical distribution system, identifying equipment and connections operating above "normal" temperatures. "Normal" operating temperatures are defined in terms of rising above ambient temperature.

- A technician completing this work must be a Certified Thermographer with a minimum of three (3) years conducting infrared inspections and two (2) years of experience in the electrical trade.

- The Contractor will be required to create a log with the time of day the inspection was made, a description of the equipment, and notes as to whether a problem was found or not. Two (2) copies of a report showing the hot spots located shall be provided to the County after the inspection is completed. The report shall include recommendations for repairs, images, and tables showing what was found. The Contractor shall place a label on all devices tested with the date of test, company name, and results. For each Thermal problem, the date and time, estimated temperature, and the perceived severity or priority

CAO

of the problem shall be reported. Two (2) images shall be provided for each problem, one color image showing the variation in temperatures and the other color image showing the piece of equipment. The severity of the thermal concern shall be identified as (1) "immediate", (2) "next shutdown", or (3) "as time permits". A proposed report format and inspection log shall be submitted with the quotation.

Section B. Procedures for Distribution of Work

All awarded Contractors are expected to submit quotes for each Request for Quotation that will be issued under the resultant contract, for the duration of the contract. Repeatedly failing to submit a quote, when requested, may result in the removal of the awardee from the contract pool.

Quotes will be requested for each project. The procedure to be followed will be determined by the value of the project.

For all projects with a value **up to $1,000,000**, the procedure for obtaining quotes from the awarded Contractors is outlined below:

1. A Summary of Work and a Request for Quotation will be sent to all the selected Contractors, along with any applicable project plans and technical specifications. Completion time and the collection of liquidated damages may be specified in the Request for Quotation.

2. The County's Project Manager will set the required response time for each project, but the Contractors will be given a minimum of ten (10) business days to provide a quote. Other projects may require a longer quoting period to allow for proper coordination. This period may also include a pre-bid meeting.

3. The County may negotiate terms and conditions of the Scope of Work.

4. The County's Project Manager will review all quotes received by the given due date and may negotiate with the Contractor who submits the lowest quote, if outside the budget.

5. **Payment and Performance Bonds will be required for projects over $200,000** and shall be provided within ten (10) business days after notification of intent to award.

6. Contractor will commence work upon the County's issuance of a Notice to Proceed and Purchase Order. The Contractor agrees that any Purchase Order that extends beyond the expiration date of the resultant contract will survive and remain subject to the terms and conditions of the resultant contract until the completion or termination of work.

7. **Any project over $500,000 will require further Board approval.**

The County reserves the right to waive any or all of these requirements if in the best interest of the County and to separately solicit any job.

Projects exceeding the $1,000,000 threshold will be formally solicited.

The Contractor will be compensated for lump sum, unit price, and/or time and material (T&M) work, as applicable, including material and subcontractor markup.

All T&M work will utilize a fee schedule – **Exhibit B** of the Agreement. **Markup for subcontractors shall not exceed 15%. The markup for parts/materials and rental equipment shall not exceed 10%.**

For all T&M work, Contractor(s) shall be required to provide backup documentation of Contractor's time and proof of the subcontractor services with submission of invoice. Equipment or parts/materials with a single item amount of $500.00 or more shall require the Contractor to provide backup documentation. For all rental equipment, a copy of the rental receipt must be provided with the Contractor's invoice.

CAO

Ancillary charges may be transferred to the County in the actual amount; however, mark-ups will not be allowed. Mark-ups will not be allowed on shipping, freight, sales tax, consumer fees or taxes, use and other similar taxes or fees associated with any work under the resultant contract. All shipping or freight charges must have backup documentation.

Section C. Non-Urgent Work

Work will be performed during normal business hours, Monday through Friday, 7:00 AM to 5:00 PM, excluding County observed holidays. In some cases, work may be required after-hours and weekends. Project schedule shall be approved by the County's Project Manager.

Section D. On-Call Urgent Work

Urgent work shall be defined as any work that is not scheduled. 24-hour availability is needed to complete on-call urgent work. Urgent work will be completed on a rotating schedule with one (1) Contractor designated for a one (1) week period. Each awarded Contractor shall supply all County divisions/departments utilizing this contract with a minimum of two (2) twenty-four (24) hour urgent contact phone numbers. All Contractors must participate in the urgent work rotation, which will be equally divided. The County Project Manager or designee will manage and maintain rotation schedules such that a minimum of six (6) months of future equitable assignments are accessible to all Contractors awarded.

Urgent calls for assistance must be responded to with the Contractor's Journeyman on-site within three (3) hours to evaluate the job. Within five (5) hours of the request for assistance, the Contractor shall have appropriate crew, equipment, and, if necessary, Maintenance of Traffic set up. Additional time may be approved by the County in writing. Should a Contractor fail to respond to an urgent call the next Contractor in rotation shall be contacted. Any failure to provide coverage by a Contractor may be subject to termination.

All urgent work will be billed in accordance with the T&M fee schedule.

Section E. General Requirements

1. At a minimum, the awarded Contractor(s) must assign a licensed Journeymen Electrician on site during any work performed. When requested by the County, a Florida-licensed Master Electrician shall be made available to assist in any issue that may arise. The Contractor's employees performing electrical maintenance service shall have experience in high/medium voltage, as warranted.

2. The Contractor and all employees providing services under this agreement shall comply with all applicable Federal, State, and Local laws, codes, and regulations, including, but not limited to:

   - National Electric Code (NEC)
   - National Fire Protection Association (NFPA) 70E High Voltage
   - Institute of Electrical and Electronics Engineers (IEEE) PC57.13.2
   - Occupational Safety and Health Standards (OSHA)
   - Any other related and/or required federal, state, and local regulations to complete the work in a professional manner.

3. Equipment/Parts/Materials:

   All equipment and parts provided and installed by the Contractor under the awarded contract shall be new, free of defects, and may require County approval prior to installation. At a minimum, replacement parts and/or maintenance materials shall be based on the manufacturer's recommendations. The County reserves the right to supply parts and materials for selected projects and repairs.

CAO

The Contractor shall, under no circumstances, remove any equipment containing a County asset sticker, without written authorization from County staff. The Contractor(s) shall request that, when replacing equipment, the asset sticker be removed by an appropriate County staff member authorized to adjust equipment inventory records.

4. Reporting:

   The Contractor shall submit a full report to the County on the work that was performed, including, but not limited to: inspections, diagnostic testing, troubleshooting, repairs, new installations, and/or maintenance. Final payment may be delayed until the County is in receipt of all requested reporting documents.

5. Permits:

   The Contractor shall be responsible for permit submissions unless otherwise instructed by the County. Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. Permit fees will be reimbursed at cost, no markup shall be allowed. Supporting documentation showing the fee paid must be included with the Contractor's invoice.

6. Safety:

   Barrier and Lights – During the progress of the work, the Contractor shall place and maintain, at all times, such barriers and lights that will effectively prevent accidents and keep personnel from entering the work area.

   Maintenance of Traffic Plans (MOT) – When staging areas are close to the street or in the traffic areas, an MOT shall be prepared and conform to the latest edition of the Florida Department of Transportation (FDOT) Design Standards, 600 series, and The Manual on Uniform Traffic Control Devices (MUTCD). The Contractor is authorized to subcontract MOT. It is required that either the Contractor or the subcontractor have current FDOT-approved MOT or Temporary Traffic Control, Intermediate Level, Certification per FDOT, Design Standards, 600 series indexes. The Contractor or subcontractor shall have current FDOT-approved certification in their name.

   Personal Protective Equipment (PPE) – All personnel shall use proper PPE while work is being performed and must follow all NFPA 70E requirements.

   Safety Issue Response - The County reserves the right to stop work for any safety concerns observed by any County employee.

7. Facility Security:

   The Contractor shall comply with the Department's security guidelines on facility security policies, this may include additional policies and procedures for work to be performed at the Collier County Sherriff's Office. Violations of these rules could, at a minimum, result in the termination of the awarded Contract.

   The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, the Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state, and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications, and other related records. The Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years.

   All the Contractor's employees and subcontractors must always wear Collier County Government

CAO

Identification badges while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliercountyfl.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon the award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

Exhibit B-1 Public Payment Bond

(Template to follow this page.)

EXHIBIT B – 1: PUBLIC PAYMENT BOND

Bond No. _____ Contract No. _____

KNOW ALL MEN BY THESE PRESENTS: That _____ as Principal/Contractor, and _____, as Surety, located at _____ (Business Address) are held and firmly bound to Collier County Board of County Commissioners as Oblige in the sum of _____ ($_____), this includes allowance for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors, and assigns, jointly and severally.

WHEREAS, Principal has entered into a contract dated as of the _ day of _____, 20___ with Oblige for _____ (Project) in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof and is referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

Promptly makes payment to all claimants as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the contract, then this bond is void; otherwise, it remains in full force.

Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect sureties' obligation under this Bond.

The provisions of this bond are subject to the time limitations of Section 255.0592. In no event will the Surety be liable in the aggregate to claimants for more than the penal sum of this Payment Bond, regardless of the number of suits that may be filed by claimants.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____day of _____, 20___, the name of undersigned representative, pursuant to authority of its governing body.

Exhibit B-2 Public Performance Bond

(Template to follow this page.)

EXHIBIT B – 2: PUBLIC PERFORMANCE BOND

Bond No. _____ Contract No. _____

KNOW ALL MEN BY THESE PRESENTS: That _____ as Principal/Contractor, and _____, as Surety, located at _____ (Business Address) are held and firmly bound to Collier County Board of County Commissioners as Oblige in the sum of _____ ($_____), in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof, and is referred to herein as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and

2. Pays Obligee any and all losses, damages, costs, and attorneys' fees that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee; and

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract, then this bond is void; otherwise, it remains in full force. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect Sureties obligation under this Bond.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in anywise affect its obligations under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond. It is expressly understood that the time provisions and statute of limitations under Section 255.05, Florida Statutes, shall not apply to this bond.

In no event will the Surety be liable in the aggregate to Obligee for more than the penal sum of this Performance Bond regardless of the number of suits that may be filed by Obligee.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ day of _____, 20 ____, the name of each party being affixed, and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

Before me, the undersigned authority, personally appeared _____who after being duly sworn, deposes and says:

(1) In accordance with the Contract Documents and in consideration of $_____ to be received, _____ ("Contractor") releases and waives for itself and its subcontractors, material-men, successors and assigns, all claims demands, damages, costs and expenses, whether in contract or in tort, against the Board of County Commissioners of Collier County, Florida, relating in any way to the performance of the Agreement between Contractor and Owner, dated _____, 20____ for the period from _____ to _____. This partial waiver and release is conditioned upon payment of the consideration described above. It is not effective until said payment is received in paid funds.

(2) Contractor certifies for itself and its subcontractors, material-men, successors and assigns, that all charges for labor, materials, supplies, lands, licenses and other expenses for which Owner might be sued or for which a lien or a demand against any payment bond might be filed, shall be fully satisfied and paid upon Owner's payment to Contractor.

(3) Contractor agrees to indemnify, defend and save harmless Owner from all demands or suits, actions, claims of liens or other charges filed or asserted against the Owner arising out of the performance by Contractor of the Work covered by this Release and Affidavit.

(4) This Release and Affidavit is given in connection with Contractor's [monthly/final] Application for Payment No. _____.

_____

CONTRACTOR warrants and guarantees the work performed pursuant to the contract shall be free of all defects of materials and workmanship for a period of one year from the DATE OF SUBSTANTIAL COMPLETION.

The undersigned party further agrees that it will, at its own expense, replace and/or repair all defective work and materials and all other work damaged by any defective work upon written demand by the COUNTY. It is further understood that further consideration for this warranty and guaranty is the consideration given for the requirement pursuant to the general conditions and specifications under which the contract was let that such warranty and guaranty would be given.

This warranty and guaranty is in addition to any other warranties or guaranties for the work performed under the contract and does not constitute a waiver of any rights provided pursuant to *Florida Statutes,* Chapter 95, *et seq.*

☐ this exhibit is not applicable

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

FEDERAL EMERGENCY MANAGEMENT AGENCY
PUBLIC ASSISTANCE

The supplemental conditions contained in this section are intended to cooperate with, to supplement, and to modify the general conditions and other specifications. In cases of disagreement with any other section of this contract, the Supplemental Conditions shall govern. This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract.

Pursuant uniform requirements of federal awards (2 CFR Part 200.23) the definition of CONTRACTOR is an entity that receives a Contract / Purchase Order.

Compliance with Federal Law, Regulations and Executive Orders: The Sub-Recipient (County) agrees to include in the subcontract that (i) the subcontractor is bound by the terms of the Federally-Funded Subaward and Grant Agreement, (ii) the subcontractor is bound by all applicable state and Federal laws and regulations, and (iii) the subcontractor shall hold the Division and Sub-Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law.

Specifically, the Contractor shall be responsible for being knowledgeable and performing any and all services under this contract in accordance with the following governing regulations along with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

- 2 C.F.R. Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 44 C.F.R. Part 206
- The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, 42 U.S.C. 5121 et seq., and Related Authorities
- FEMA Public Assistance Program and Policy Guide

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Access to Records: The contractor agrees to provide the County, the Florida Department of Emergency Management, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. (3) The contractor agrees to provide the FEMA Administrator or his authorized representatives' access to construction or other work sites pertaining to the work being completed under the contract. (4) In compliance with section 1225 of the Disaster Recovery Act of 2018, the County and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

Affirmative Socioeconomic Steps: If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Changes: To be allowable under a FEMA grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allowable, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

DHS Seal, Logo, and Flags: The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval. The contractor shall include this provision in any subcontracts.

Domestic Preference for Procurements: As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

License and Delivery of Works Subject to Copyright and Data Rights: The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

No Obligation by Federal Government: The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Prohibition on Covered Telecommunications Equipment or Services:
(a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component, and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds forcovered Telecommunications Equipment or Services As used in this clause –

(b) Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
(iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

(1) This clause does not prohibit contractors from providing — (i). A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or (ii). Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to: (i). Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system. (ii). Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d)Reporting requirement.

(1) In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause: (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended. (ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph(e), in all subcontracts and other contractual instruments.

Program Fraud and False or Fraudulent Statements or Related Acts: The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's actions pertaining to this contract.

Rights to Inventions Made Under a Contract or Agreement: Exempt from FEMA Public Assistance Funding

Suspension and Debarment: (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935). (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. (3) This certification is a material representation of fact relied upon by the County. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Procurement of Recovered Materials (§200.323) (Over $10,000): In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired— Competitively within a timeframe providing for compliance with the contract performance schedule; Meeting contract performance requirements; or At a reasonable price. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines webpage:

https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Termination for Cause and Convenience (over $10,000): See Standard Purchase Order and/or Contract Terms and Conditions

Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352 (as amended) (over $100,000): Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient."

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Contractors must sign and submit a certification to the County with each bid or offer exceeding $100,000. See Certifications and Assurances and the end of this document.

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) (over $100,000): Where applicable, all contracts awarded by the solicitor in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5).

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The County or FEMA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

For contracts that are only subject to Contract Work Hours and Safety Standards Act and are not subject to the other statutes in 29 C.F.R. § 5.1 "Further Compliance with the Contract Work Hours and Safety Standards Act.

(1) The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
(2) Records to be maintained under this provision shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Homeland Security, the Federal Emergency Management Agency, and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Clean Air Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Administrative, Contractual, or Legal Remedies (over $250,000): Unless otherwise provided in this contract, all claims, counter-claims, disputes and other matters in question between the local government and the contractor, arising out of or relating to this contract, or the breach of it, will be decided by arbitration, if the parties mutually agree, or in a Florida court of competent jurisdiction.

CONSTRUCTION ACTIVITIES
Equal Employment Opportunity Clause (§60-1.4): Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part an the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Davis Bacon Act: Exempt under FEMA Public Assistance Funding

Copeland Anti-Kickback Act: Exempt under FEMA Public Assistance Funding

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Compliance with Federal Law, Regulations, And Executive Orders and Acknowledgement of Federal Funding

Certification

This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

If the Contractor subcontracts any of the work required under this Agreement, a copy of the signed subcontract must be available to the County for review and approval. The Contractor agrees to include in the subcontract that (1) the subcontractor is bound by the terms of this Agreement, (ii) the subcontractor is bound by all applicable state and federal laws and regulations, and (iii) the subcontractor shall hold the County and the Grantor Agency harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law. The County may document in the quarterly report the Contractor's progress in performing its work under this agreement.

On behalf of my firm, I acknowledge, the grant requirements identified in this document.

LOBBYING CERTIFICATION
(To be submitted with each bid or offer exceeding $100,000)

The undersigned [Contractor] certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

MULTI-CONTRACTOR AWARD AGREEMENT

#22-8056

for

"High/Medium Voltage Electrical Services"

THIS AGREEMENT, made and entered into on this _____ day of _____ 20___, by and between Electrical Engineering Enterprises, Inc., authorized to do business in the State of Florida, whose business address is 5316 E Henry Avenue, Tampa, FL 33610, (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County" or "Owner"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing ■ upon the date of Board approval; ~~or ☐ on _____~~, and terminating three (3) year(s) from that date or until all outstanding ■ Purchase Order(s) ■ Work Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for two (2) additional one (1) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The County Manager, or his designee, may, at his discretion, extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The County Manager, or his designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES**. The Contractor shall commence the work upon issuance of a ■Purchase Order ■Notice to Proceed.

3. **STATEMENT OF WORK**. The Contractor shall provide services in accordance with the terms and conditions of ~~☐ Request for Proposal (RFP) ☐ Invitation to Bid (ITB)~~ ■ Other: Invitation for Qualifications (IFQ) # 22-8056, including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

   ■ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

   3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties, in

compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

3.2 The execution of this Agreement shall not be a commitment to the Contractor to order any minimum or maximum amount. The County shall order items/services as required but makes no guarantee as to the quantity, number, type or distribution of items/services that will be ordered or required by this Agreement.

3.3 ■ The procedure for obtaining Work under this Agreement is outlined in **Exhibit A – Scope of Services** attached hereto.

~~☐ The procedure for obtaining Work under this Agreement is outlined in ☐ Other Exhibit/Attachment: _____.~~

3.4 ■ The County reserves the right to specify in each Request for Quotations: the period of completion; collection of liquidated damages in the event of late completion; and the Price Methodology selected in 4.1.

4. **THE AGREEMENT SUM**.

~~☐ The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".~~

■ The County shall pay the Contractor for the performance of this Agreement based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and pursuant to the Price Methodology in Section 4.1. ■ Contractor's quoted prices shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

~~☐ The County shall pay the Contractor for the performance of this Agreement an estimated maximum amount of _____($_____), per County fiscal year, based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and the Price Methodology as defined in Section 4.1. ☐ Contractor's quoted prices shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".~~

4.1 **Price Methodology (as selected below):**

■ **Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.

☒ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

☒ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

~~4.5 ☐ **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

~~Reimbursements shall be at the following rates:~~

~~Mileage~~	~~$0.44.5 per mile~~
~~Breakfast~~	~~$6.00~~
~~Lunch~~	~~$11.00~~
~~Dinner~~	~~$19.00~~
~~Airfare~~	~~Actual ticket cost limited to tourist or coach class fare~~
~~Rental car~~	~~Actual rental cost limited to compact or standard-size vehicles~~
~~Lodging~~	~~Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night~~
~~Parking~~	~~Actual cost of parking~~
~~Taxi or Airport Limousine~~	~~Actual cost of either taxi or airport limousine~~

~~Reimbursable items other than travel expenses shall be limited to the following: telephone long-distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.~~

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name:	Electrical Engineering Enterprises, Inc.
Address:	5316 E Henry Ave
	Tampa, FL 33610
Authorized Agent:	Christopher Steele
Attention Name & Title:	President
Telephone:	813-740-9601
E-Mail(s):	steele@electeng.com

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Director:	Robert VonHolle
Division Name:	Wastewater Collections
Address:	6027 Shirley Street
	Naples, FL 34109
Administrative Agent/PM:	Donna Deeter
Telephone:	239-252-2622
E-Mail(s):	Donna.Deeter@colliercountyfl.gov

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation, conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $2,000,000 Per Occurrence, $3,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.
    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $1,000,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws.

The coverage must include Employers' Liability with a minimum limit of $ 1,000,000 for each accident.

D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $_____ each claim and aggregate.

E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.

F. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.

G. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.

H. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of: thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the Wastewater Collections Division.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ■ Exhibit A Scope of Services, ■ Exhibit B Fee Schedule, ☐ ~~RFP~~/ ☐ ~~ITB~~/■ Other IFQ - Invitation for Qualifications #22-8056, including Exhibits, Attachments and Addenda/Addendum, ■ subsequent quotes and corresponding contract documents, Exhibit B-1 Public Payment Bond, ■ Exhibit B-2 Public Performance Bond, ■ Exhibit C Release and Affidavit Form, ■ Exhibit D-1 Application for Payment Form, ■ Exhibit D-2 Schedule of Values Form ■ Exhibit D-3 Stored Materials Record Form ■ Exhibit D-4 Cash Flow Projection Form ■ Exhibit E-1 Change Order ■ Exhibit E-2 Work Directive ■ Exhibit F-1 Certificate of Substantial Completion ■ Exhibit F-2 Certificate of Final Completion ■ Exhibit F-3 Punch List Form ■ Exhibit G-1 Final Payment Checklist ■ Exhibit G-2 - Warranty, and ■ Other Exhibit H/Attachment: FEMA Provisions.

17. **APPLICABILITY.** Only the sections corresponding to any checked box (☐) will apply to this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting

bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statute, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division
3299 Tamiami Trail East, Suite 102
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@colliercountyfl.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein

shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. ■ **BONDS**.

A. When a construction project is in excess of $200,000, the Contractor(s) shall be required to provide Payment and Performance Bonds.

B. When required by Owner, the Contractor shall furnish a Performance and/or Payment Bond prior to commencing performance, for the full amount of the Work, which shall act as a security guaranteeing the performance of the Contractor's work and the payment by the Contractor to any other party(ies) providing labor and/or materials in connection with each construction or renovation project performed by the Contractor. The bonds shall be furnished using the forms prescribed in Exhibit "B-1" and Exhibit "B-2".

C. If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business in the State of Florida, terminates or it ceases to meet the requirements imposed by the Contract Documents, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the Owner's approval.

23. ■ **LIQUIDATED DAMAGES**. The "Commencement Date" shall be established in the Notice to Proceed to be issued by the Owner. Contractor shall commence the work within five (5) calendar days from the Commencement Date. No Work shall be performed at the Project site prior to the Commencement Date. Any Work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor.

The Work shall be substantially completed within the time specified in the Request for Quotation/Scope of Work. Substantial Completion" shall mean the status of completion of the Work which, in the opinion of the Project Manager as evidenced by a definitive Certificate of Substantial Completion, is complete in accordance with the Contract Documents, except for minor outstanding items listed on the Exhibit F-3 Punch List. Substantial Completion includes, but is not limited to, the following occurring: (1) the Work can be safely utilized for the purposes for which it was intended; (2) all regulatory agency requirements are satisfied, including occupancy permits, operating certificates and similar releases, (3) all operational testing has successfully occurred; (4) all required training has successfully occurred; (5) all close-out documents (such as as-built drawings, certifications, warranties, guaranties, test reports, test logs, operational manuals, etc.) have been provided by the Contractor and accepted by the Owner, and permit acceptance by permitting agencies, if applicable, Exhibit F-1.

Owner and Contractor recognize that since time is of the essence for any work under this Agreement, Owner will suffer financial loss if the Work is not substantially completed within the time specified in the Request for Quotation. Should Contractor fail to substantially complete the Work within the specified time period, Owner shall be entitled to assess as liquidated damages, but not as a penalty, the amount specified in the Request for Quotation/Scope of Work for each calendar day thereafter until substantial completion is achieved.

The Project shall be deemed to be substantially completed on the date the Owner issues a Certificate of Substantial Completion pursuant to the terms hereof. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the Owner's actual damages at the time of contracting if Contractor fails to substantially complete the Work in a timely manner.

The Work shall reach Final Completion and be ready for final acceptance by Owner as established in the Request for Quotation. Final Completion shall occur when the Agreement is completed in its entirety, is accepted by the Owner as complete and is so stated by the Owner as completed. Final Acceptance shall mean acceptance of the Work by the Owner as evidenced by the signature of the Project Manager or Design Professional upon the Certificate of Final Completion Form Exhibit F-2. Final Acceptance shall be deemed to have taken place only if and when such signature is affixed to such certificate. The Certificate of Final Completion shall be signed only after the Project Manager has assurance by tests, inspection, or otherwise that all of the provisions of the Contract Documents have been carried out, including completion of the Punch List form, Exhibit F-3.

When any period of time is referenced by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday. For all contracts, the Owner will count default days in calendar days.

24. ▣ **PAYMENTS**. Generally, the Contractor will be paid upon completion; however, for Work in excess of thirty (30) days, the Contractor may request to receive Progress Payments. Subsequent to the first payment, Contractor must provide Owner with a fully executed Release and Affidavit in the form attached hereto as Exhibit C as a condition precedent to release of each progress payment. All applications for payment, whether for full payment or a progress payment shall be in writing, and in substantially the form attached hereto as Exhibit D-1. The process for submitting applications for Progress Payments is set forth below:

24.1 Progress Payments: At least ten (10) days prior to submitting a monthly Application for Payment, the Contractor shall submit to the Project Manager a final schedule of values and "cash flow projection" that establishes the projected date for the construction/installation for all activities of the Work shown on the accepted schedule, including quantities and unit prices totaling to the Contract Price. The Schedule of Values shall be satisfactory in form and substance to the Project Manager and shall subdivide the Work into component parts in sufficient detail to serve as the basis for measuring quantities in place and calculating amounts for the Contractor's monthly progress payments during construction. Further, it shall include the list of its Subcontractors and materialmen submitted with its Bid showing the work and materials involved and the dollar amount of each subcontract and purchase order. Contractor acknowledges and agrees that any modifications to the list of Subcontractors submitted with Contractor's Bid and any subsequently identified Subcontractors are subject to Owner's prior written approval.

Unsupported or unreasonable allocation of the Contract Price to any one activity shall be justification for rejection of the Schedule of Values Exhibit D-2. The Contractor shall not submit an unbalanced schedule of values which provides for overpayment to the Contractor on

activities that would be performed first. The schedule of values shall be revised and resubmitted until acceptable to the Project Manager. Once the schedule has been accepted by the Project Manager, the Owner reserves the right (at its option) throughout the Contract to require that the Contractor honor a particular price contained in the schedule of values, if the activity pertaining to it is being deleted or modified. Upon approval of the schedule of values by the Project Manager, it shall be incorporated into the form of Application for Payment attached to the Agreement as Exhibit D-1 and shall be used as the basis for the Contractor's monthly Applications for Payment. The schedule shall be updated and submitted each month along with a completed copy of the Application for Payment form signed by the Contractor's authorized representative.

24.2 The first Application for Payment shall be submitted no earlier than thirty (30) days after the Commencement Date, and monthly thereafter, but not more often than once a month or prior to substantial completion being met. Notwithstanding anything herein to the contrary, if approved by Owner in its sole discretion, Contractor may submit its invoice for any required Payment and Performance Bonds prior to the first Application of Payment provided that Contractor has furnished Owner certified copies of the receipts evidencing the premium paid by Contractor for the bonds.

24.3 Unless expressly approved by Owner in advance and in writing, said approval at Owner's sole discretion, Owner is not required to make any payment for materials or equipment that have not been incorporated into the Project. If payment is requested on the basis of materials and equipment not incorporated into the Project, but delivered and suitably stored at the site or at another location agreed to by the Owner in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice or other documentation warranting that the Owner has received the materials and equipment free and clear of all liens, charges, security interests and encumbrances, together with evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect Owner's interest therein, all of which shall be subject to the Owner's satisfaction. Thereafter, with each Application for Payment, Contractor also shall complete and submit to Owner as part of its Application for Payment, the Stored Materials Record form attached hereto and made a part hereof as Exhibit D-3.

24.4 The cash flow projection shall be a fixed monthly projection of the value of Work in place. If the actual cash flow (represented by the Application for Payment) for any month is less than eighty-five percent (85%) of the projected amount for that month (as established by the Contractor in the cash flow projection form it submits), then the Contractor may be barred from bidding other County projects until the value of Work in place is corrected and within ninety-five (95%) of the projected value. (See attached Exhibit D-4, Cash Flow Projection form).

24.5 Contractor shall submit its monthly Application for Payment to the Project Manager or his or her designee, as directed by Owner (which designee may include the Design Professional). Within twenty (20) business days after the date of each Application for Payment is stamped as received, and within the timeframes set forth in Section 218.735 F.S., the Project Manager, or Design Professional, shall either: (1) Indicate its approval of the requested payment; (2) indicate its approval of only a portion of the requested payment, stating in writing its reasons therefor; or (3) return the Application for Payment to the Contractor indicating, in writing, the reason for refusing to approve payment. Payments of proper invoices shall be processed in accordance with Section 218.735, F.S. and the terms of the Contract Documents.

24.6 In the event of a total denial by Owner and return of the Application for Payment by the Project Manager, the Contractor may make the necessary corrections and re-submit the Application for Payment. The Owner shall, within ten (10) business days after the Application for Payment is stamped and received and after Project Manager approval of an Application for Payment, pay the Contractor the amounts so approved.

24.7 Owner shall withhold retainage on the gross amount of each monthly progress payment in the amount of five percent (5%), as permitted by Section 255.078, Florida Statutes. The foregoing does not prohibit Owner from withholding retainage at a rate less than five percent (5%) of each monthly progress payment as otherwise allowable under Section 255.078, Florida Statutes. Any reduction in retainage below the maximum amount set forth in Section 255.078, Florida Statutes shall be at the sole discretion of the Owner. Such retainage shall be accumulated and not released to Contractor until final payment is due unless otherwise agreed to by the Owner in accordance with Florida Statute 255.078. Any interest earned on retainage shall accrue to the benefit of the Owner.

24.8 Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's Work.

24.9 Each Application for Payment, subsequent to the first pay application, shall be accompanied by a Release and Affidavit, in the form attached as Exhibit C, acknowledging Contractor's receipt of payment in full for all materials, labor, equipment and other bills that are then due and payable by Owner with respect to the current Application for Payment. Further, to the extent directed by Owner and in Owner's sole discretion, Contractor shall also submit a Release and Affidavit from each Subcontractor, sub-subcontractor, or supplier in the form attached as Exhibit C acknowledging that each Subcontractor, sub-subcontractor, or supplier has been paid in full through the previous month's Application for Payment. The Owner shall not be required to make payment until and unless these affidavits are furnished by Contractor.

24.10 Contractor agrees and understands that funding limitations exist and that the expenditure of funds must be spread over the duration of the Project at regular intervals based on the Contract Amount and Progress Schedule. Accordingly, prior to submitting its first monthly Application for Payment, Contractor shall prepare and submit for Project Manager's review and approval, a detailed Cash Flow Projection, which shall be updated as necessary and approved by Owner to reflect approved adjustments to the Contract Amount and Contract Time. No voluntary acceleration or early completion of the Work shall modify the time of payments to Contractor as set forth in Exhibit D-4, Cash Flow Projection.

24.11 Notwithstanding anything in the Contract Documents to the contrary, Contractor acknowledges and agrees that in the event of a dispute concerning payments for Work performed under this Agreement, Contractor shall continue to perform the Work required of it under this Agreement pending resolution of the dispute provided that Owner continues to pay Contractor all amounts that Owner does not dispute are due and payable.

24.12 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of contract. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted.

Time shall be deemed of the essence with respect to the timely submission of invoices under this agreement.

24.13 The Owner may, at its discretion, use VISA/MASTER card credit network as a payment vehicle for goods and/or services purchased as a part of this contract. The Owner may not accept any additional surcharges (credit card transaction fees) as a result of using the Owner's credit card for transactions relating to this agreement.

25. **PAYMENTS WITHHELD**. Owner may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, outstanding punch list items, subsequently discovered evidence or subsequent inspections that reveal non-compliance with the Contract Documents. The Owner may nullify the whole or any part of any approval for payment previously issued and Owner may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between Owner and Contractor, to such extent as may be necessary in the Owner's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims failed or reasonable evidence indicating probable fling of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents by the Contractor.

If any conditions described above are not remedied or removed, Owner may, after three (3) days written notice, rectify the same at Contractor's expense. Owner also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to Owner, whether relating to or arising out of this Agreement or any other Agreement between Contractor and Owner. In instances where the Contractor may owe debts (including, but not limited to taxes or other fees) to Collier County and the Contractor has not satisfied nor made arrangement to satisfy these debts, the County reserves the right to off-set the amount owed to the County by applying the amount owed to the Contractor for services performed or for materials delivered in association with a contract.

If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

26. **SUBMITTALS AND SUBSTITUTIONS**. Any substitution of products/materials from specifications shall be approved in writing by Owner in advance. No substitute will be ordered, installed or utilized without the Project Manager's prior written acceptance which shall be evidenced by a Change Order, a Work Directive Change, a Field Order or an approved Shop Drawing. The Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute. The Project Manager will record time required by the Project Manager and the Project Manager's consultants in evaluating substitutions proposed by Contractor and making changes in the Contract Documents occasioned thereby. Whether or not the Owner accepts a proposed substitute, Contractor shall reimburse Owner for the charges of the Design Professional and the Design Professional's consultants for evaluating each proposed substitute. Contractor shall submit all

such materials at its own expense and in such form as required by the Contract Documents in sufficient time to prevent any delay in the delivery of such materials and the installation thereof.

27. ■ **CONTRACT TIME AND TIME EXTENSIONS**.

A. Time is of the essence in the performance of any Work under this Agreement and Contractor shall diligently pursue the completion of the Work and coordinate the Work being done on the Project by its subcontractors and materialmen, as well as coordinating its Work with all work of others at the Project Site, so that its Work or the work of others shall not be delayed or impaired by any act or omission by Contractor. Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures as well as coordination of all portions of the Work under the Contract Documents, and the coordination of Owner's supplies and contractors.

B. Should Contractor be obstructed or delayed in the prosecution of or completion of the Work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of Nature or of the public enemy, acts of Government, fires, floods, epidemics, quarantine regulation, strikes or lockouts, Contractor shall notify the Owner in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

C. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the Work from any cause whatever, including those for which Owner may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from Owner. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against Owner will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage for Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

28. ■ **CHANGES IN THE WORK**. Owner shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon written order of Owner in the form of a Work Directive, Exhibit E-2, and Owner shall not be liable to the Contractor for any increased compensation without such written order. No officer, employee or agent of Owner is authorized to direct any extra or changed work orally. Any alleged changes must be approved by Owner in writing prior to starting such items. Owner will not be responsible for the costs of any changes commenced without Owner's express prior written approval. Failure to obtain such prior written approval for any changes will be deemed: (i) a waiver of any claim by Contractor for such items and (ii) an admission by Contractor that such items are in fact not a change but rather are part of the Work required of Contractor hereunder.

A Change Order in the form attached as Exhibit "E-1" to this Agreement, shall be issued and executed promptly after an Agreement is reached between Contractor and Owner concerning the requested changes. Contractor shall promptly perform changes authorized by duly

executed Change Orders. The Contract Amount and Contract Time shall be adjusted in the Change Order in the manner as Owner and Contractor shall mutually agree.

29. ■ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

30. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

31. ■ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

32. ■ **PROTECTION OF WORK**.

A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due Contractor.

B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

33. **EMERGENCIES**. In the event of any emergency affecting the safety or protection of persons or the Work or property at the Project site or adjacent thereto, Contractor, without special instruction or authorization from Owner is obligated to act to prevent threatened damage, injury or loss. Contractor shall give the Owner written notice within forty-eight (48) hours after the occurrence of the emergency, if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby.

If the Owner determines that a change in the Contract Documents is required because of the action taken in response to an emergency, a Change Order shall be issued to document the consequences of the changes or variations.

If Contractor fails to provide the forty-eight (48) hour written notice noted above, the Contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the Contract Amount or an extension to the Contract Time.

34. ■ **COMPLETION**.

Substantial Completion and Development of the Punch List

34.1 Substantial Completion is as defined in this Agreement. When the Contractor believes Substantial Completion has been achieved, it shall certify in writing to the Project Manager that the Project is Substantially Complete in accordance with the Contract Documents and request the Project Manager to inspect the Work and to issue a Certificate of Substantial Completion. Prior to making such a request the Contractor must:

a) Complete all Work necessary for the safe, proper and complete use or operation of the Project as intended, including: all regulatory agency requirements are satisfied, including occupancy permits; operating certificates and similar releases; all operational testing has successfully occurred; all required training has successfully occurred; all close-out documents (such as as-built drawings, certifications, warranties, guaranties, test reports test logs, operational manuals, etc.) have been provided by Contractor and accepted by Owner.

b) Prepare a Contractor-generated punch list (i.e., a list of all items required to render the Project complete, satisfactory, and acceptable, for submission with the request for inspection and issuance of a certificate of Substantial Completion), which shall include and list separately the estimated cost to complete each remaining unfinished item included on the list with an explanation as to the basis for those costs, substantiated by the Schedule of Values, subject to the Owner's final review and approval as stated below.

c) Upon receipt of the request from the Contractor, the Project Manager, assisted by the Professional, if any, and other Owner personnel, as appropriate, shall review the request, the Work and the Contractor-generated Punch List to determine whether the Work is ready for Substantial Completion inspection. If this review fails to support Substantial Completion inspection, the Project Manager shall so notify the Contractor citing the reasons for rejection. If the Project Manager and Professional (if any) determine the Work is ready for Substantial Completion inspection, the following procedures will be followed:

1. The Project Manager will, within a reasonable time, schedule and conduct inspection(s) of the Work with the Professional (if any), other Owner personnel as required, and the Contractor for the purpose of formally reviewing the status of completion of the Work, the readiness of the Project for use and the Contractor-generated punch list. A copy of the Contractor-generated punch list will be provided to all participants and any additional items noted during the inspection will be added to the list. The Project Manager, the Professional, their representatives and other Owner representatives will review the Work and the Contractor-generated punch list to assure all deficiencies are noted on a final

document (Exhibit F-3 Punch List Form). The Punch List must include all items required to render the Project complete, satisfactory and acceptable. If Project Manager and Contractor disagree on whether an item belongs on the Punch List, the Project Manager has the final say on whether the item is included or not. The Punch List shall be finalized and issued to the Contractor by the Owner within the time frames indicated below.

2. If upon completion of the inspection(s) the Owner does not consider the Project Substantially Complete, the Project Manager will notify the Contractor in writing giving reasons why the Project is not Substantially Complete.

3. If, upon completion of the inspection(s), the Owner considers the Project Substantially Complete, the Project Manager shall prepare a Certificate of Substantial Completion to establish the date for Substantial Completion as the date of the completed inspection(s). The Certificate of Substantial Completion shall be approved by the Owner upon the signature of both the Project Manager and the Professional and shall be issued to the Contractor. The Certificate shall fix the date of Substantial Completion.

4. Substantial Completion cannot occur until all conditions necessary for safe and proper use, occupancy, maintenance, and operations are in place.

34.2 **Time Frames for Issuance of the Punch List**

(a) The Owner shall issue the Punch List to the Contractor within the time frames described below, provided that the Contractor has completed its obligations in providing a proper contractor-generated punch list prior to the Substantial Completion inspection.

(b) For construction estimated to cost less than ten million dollars ($10,000,000.00), the Punch List must be finalized within thirty (30) Days after the Substantial Completion date.

(c) For construction projects involving more than one building or structure or multiple phases, the Punch List must be prepared for each building, structure or phase within thirty (30) Days of the Substantial Completion date of a particular building, structure or phase if it is estimated to cost less than ten million dollars ($10,000,000.00) or within forty-five (45) Days if it is estimated to cost more than ten million dollars ($10,000,000.00).

(d) If the development of the Punch List takes the full amount of time designated (or a portion thereof) and includes a tentative punch-list based upon the above dollar amount thresholds, the delivery of the Punch List of items shall be delivered by the Owner no later than five (5) business days thereafter. Within twenty (20) business days after the delivery of the Punch List to the Contractor, the Owner must pay the Contractor the remaining contract balance owed, that includes all retainage previously withheld by Owner less an amount equal to 150 percent (150%) of the estimated cost to complete the items on the Punch List. At the same time the Owner delivers the Punch List Contractor shall submit a payment application requesting that Owner pay the Contractor the remaining contract balance owed, including all retainage previously

held by Owner less an amount equal to 150 percent (150%) of the estimated cost to complete the items on the Punch List.

(e) The failure to include any corrective work or pending items not yet completed on the Punch List does not alter the responsibility of Contractor to complete all the construction services purchased pursuant to the Contract Documents.

(f) Owner shall have the right to exclude Contractor from the Work and Project site (or designated portion thereof) after the date of Substantial Completion, but Owner shall allow Contractor reasonable access to complete or correct items on the Punch List. The Project Manager, shall coordinate with the Contractor the return of any surplus assets, including materials, supplies, and equipment.

34.3 **Completion of Punch List Work and Release of Remaining Contract Balance**

(a) Upon completion of the Punch List Work, the Contractor shall certify in writing to the Project Manager that all Punch List Work has been completed in accordance with the Contract Documents and request the Project Manager to inspect the Work and to approve Punch List completion. If, in the Project Manager's opinion, the Work is not ready for such inspection, the Project Manager will so inform the Contractor, giving reasons for such opinion. If the Project Manager is satisfied that an inspection is warranted, the Project Manager will, within a reasonable time, schedule and conduct inspection(s) of the facility with representatives of the Owner's user department, the Professional (if any), and the Contractor, for the purpose of formally reviewing the completion of Punch List Work. If the Project Manager and the Contractor disagree on whether an item remains incomplete, the Project Manager has the final say on whether the item is complete or not.

(b) If, upon completion of the inspection(s) the Owner does not consider the Punch List Work complete, the Project Manager will notify the Contractor in writing giving specific reasons why the Punch List Work is not complete.

(c) Upon completion of all items on the Punch List, the Contractor may submit a Payment Request for the remaining amount withheld by the Owner. If a good-faith dispute exists as to whether one or more items identified on the list have been completed pursuant to the Contract Documents, the Owner may continue to withhold an amount not to exceed one hundred and fifty percent (150%) of the total costs to complete such items. This remaining balance of retainage may be requested by the Contractor in its Application for Final Payment after Final Acceptance of the Work by Owner (Exhibit F-2 Certificate of Final Completion).

(d) All items that require correction under the Contract Documents and that are identified after the preparation and delivery of the Punch List shall remain the obligation of the Contractor.

(e) Warranty Items may not affect the final payment of retainage pursuant to Section 218.735(7)(f), Florida Statutes.

(f) If the Owner fails to comply with its responsibilities to assist in developing the Punch List within the time frame applicable to the Project (as described above), the

Contractor may submit a request for all remaining retainage withheld by the Owner. The Owner need not pay or process any payment request for retainage if Contractor has, in whole or part, failed to cooperate with the Owner in development of the Punch List or failed to perform its contractual responsibilities with regard to development of the Punch List. Additionally, the Owner does not have to pay or release any amounts that are the subject of a good-faith dispute, the subject of a claim brought pursuant to Section 255.05, Florida Statutes, or otherwise the subject of a claim or demand by the Owner or Contractor.

34.4 **Final Completion**

(a) Upon written notice from the Contractor that the Project is complete, the Project Manager shall schedule a final inspection with the Contractor, the Design Professional, and any other personnel requested by the Project Manager. The Project Manager shall notify the Contractor in writing of any Work this inspection reveals to be defective, or otherwise not in accordance with the Contract Documents. The Contractor shall immediately take such action as may be necessary to remedy such defects and bring the Project into full compliance with the Contract Documents and then request another inspection.

(b) Final Completion of the Work shall be achieved by the Contractor when all the Work required under the Contract Documents has been satisfactorily completed, including all Punch List work, and specifically as noted in the Specifications section.

(c) After the Project Manager has determined that all Work has been completed, the Project Manager will issue a Certificate of Final Completion Exhibit F-2 for the Work.

34.5 **Application for Final Payment**

After the Certificate of Final Completion, Exhibit F-2 for the Work has been issued by the Project Manager, the Contractor may make Application for Final Payment following the procedure for progress payments. As an explicit condition precedent to the accrual of Contractor's right to final payment, Contractor shall have furnished Owner with a properly executed and notarized copy of the Release and Affidavit form attached as Exhibit C, as well as a duly executed copy of the Surety's consent to final payment and such other documentation that may be required by the Contract Documents, including but not limited to:

(1) Receipt of Contractor's Final Application for Payment.
(2) The Release and Affidavit in the form attached as Exhibit C.
(3) Consent of surety to final payment.
(4) Receipt of the Final Payment Check list, Exhibit G-1.
(5) If required by Owner, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Contract Documents, to the extent and in such form as may be designated by Owner.

Prior to release of final payment and final retainage, the Contractor's Representative and the Project Manager shall jointly complete the Final Payment Checklist, a representative copy of which is attached to this Agreement as Exhibit G-1.

34.6 **Approval of Final Payment**

(a) If, on the basis of the Project Manager's observations and review of Work during Construction, final inspection, and review of the Application for Final Payment (all as required by the Contract Documents), the Project Manager is satisfied that the Work has been completed and the Contractor has fulfilled all of its obligations under the Contract Documents, the Project Manager will, within ten (10) days after receipt of the Application for Final Payment, indicate in writing that the entire remaining balance is found to be due and payable to the Contractor and approve payment. Otherwise, the Project Manager will return the Application to the Contractor, indicating in writing the reason for refusing to approve for final payment, in which case the Contractor will make the necessary corrections and resubmit the Application. Owner reserves the right to inspect the Work and make an independent determination as to the Work's acceptability, even though the Design Professional may have issued its recommendations.

(b) Contractor's acceptance of Final Payment shall constitute a full waiver of any and all claims by Contractor against Owner arising out of this Agreement or otherwise relating to the Project, except those previously made in writing in accordance with the requirements of the Contract Documents and identified by Contractor as unsettled in its final Application for Payment. Neither the acceptance of the Work nor payment by Owner shall be deemed to be a waiver of Owner's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective Work not discovered by the Design Professional or Project Manager at the time of final inspection.

The Contractor's obligation to perform the Work and complete the Project in accordance with the Contract Documents shall be absolute. Neither approval of any progress or final payment, the issuance of a Certificate of Substantial Completion, any payment by the Owner to the Contractor under the Contract Documents, any use or occupancy of the Project or any part thereof by the Owner, the issuance of a Final Completion, any act of acceptance by the Owner, any failure to do so, nor any correction of defective Work by the Owner shall constitute an acceptance of Work not in accordance with the Contract Documents.

36. ▣ **WARRANTY**. Contractor shall obtain and assign to Owner all express warranties given to Contractor or any subcontractors by any subcontractor or material men supplying materials, equipment or fixtures to be incorporated into the Project. Contractor warrants to Owner that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after substantial completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of

written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. Further, in the event of an emergency, Owner may commence to correct any defective Work, without prior notice to Contractor, at Contractor's expense. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

No later than 30 days prior to expiration of the warranty, the Project Manager, or another representative of the Owner, shall conduct an inspection of the warranted work to verify compliance with the requirements of the Agreement. The Contractor's Representative shall be present at the time of inspection and shall take remedial actions to correct any deficiencies noted in the inspection. Failure of the Contractor to correct the cited deficiencies shall be grounds for the Owner to disqualify the Contractor from future bid opportunities with the Owner, in addition to any other rights and remedies available to Owner.

37. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

38. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

39. **DISPUTE RESOLUTION.**

A. All disputes arising under or relating to this Agreement shall be resolved in accordance with this Section, except for disputes related to payment matters and payment disputes upon submission of pay applications, which shall be addressed and resolved in accordance with Collier County Ordinance No. 2017-08, as amended, and governed by the time to commence and conclude payment dispute proceedings set forth in Section 218.76(2)(a), Fla. Stat.

B. Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

40. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

41. ☐ ~~**KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.~~

☒ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet required services.

42. ☐ ~~**ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.~~

☒ **ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.

43. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

44. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment

verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years.

All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliercountyfl.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

45. ■ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

(Intentionally left blank -signature page to follow)

IN WITNESS WHEREOF, the parties hereto, by an authorized person or agent, have executed this Agreement on the date and year first written above.

"High/Medium Voltage Electrical Services"
Exhibit A
Scope of Services

This Agreement is awarded to multiple Contractors to provide high/medium voltage services, including on-call urgent services, regardless of location, for a wide range of projects as may be requested by the County.

The table below contains examples of the present facilities that will require industrial electrical services. Florida Power and Light is currently the predominant electrical supplier for the County, with a limited area in the growing Northeast serviced by Lee County Electric Cooperative, Inc. This list is not all-inclusive and is provided for reference only.

Example Plant Facilities Table		
Description	Max Fault Protection (amp)	Voltage/Phase
Irrigation Quality Pump Stations	2000	480 / 3
Wastewater Pump Stations	2000	480 / 3
North County Water Reclamation Facility	4000	480 / 3
South County Water Reclamation Facility	4000	480 / 3
Golden Gate Water Reclamation Facility	2000	480 / 3
Orange Tree Waste Reclamation Facility	2000	480 / 3
Northeast Waste Reclamation Facility	2000	480 / 3
Northeast Water Plant	600	13,200 / 3
North Water Plant	1000	13,200 / 3
South Water Plant	800	13,200 / 3
Water Pump Stations	2000	480 / 3

Section A. Services and Minimum Qualifications

Services and Contractor qualifications shall include, but not be limited to, the following:

1. **Power Distribution Maintenance**
   a. The Contractor must have knowledge, skills, and the ability to construct, maintain, diagnose, and repair industrial plant electrical power components.
   b. These components and equipment will include but shall not be limited to: High and Medium Voltage (4160V – 13.2 kV) – delta or wye systems, transformers, switching gear, motor starters and panels, protective devices, and many other similar devices.

2. **Inspections and Testing**
   a. The Contractor must have the experience to identify and communicate to the appropriate County staff any issues that could cause a disruption in the function of the equipment when performing inspections and tests.
   b. The Contractor must have the knowledge and experience to perform the proper inspections and tests that will ensure the County equipment functions properly and complies with all electrical codes and standards.
   c. The Contractor shall place a label on all devices tested with the date of the test, company name, and results.

3. **Troubleshooting & Diagnostic Testing**
   a. The Contractor must have the experience to complete diagnostic testing that shall include but is not limited

CAO

to power monitoring, harmonic analysis, short circuit studies, grounding studies, insulation testing, and fault analysis.

b. The Contractor must be capable of quick and efficient troubleshooting electrical problems when a component fails to work due to a loss of power.

4. **Maintenance and Repair**
   a. The Contractor must have the experience and ability to complete preventative, predictive, and corrective electrical maintenance on equipment ranging in voltage from 480V to 13.2 kV.

5. **Rehabilitation of systems and equipment**
   a. The Contractor must have experience in successful rehabilitation projects as they relate to this Scope of Work. The Contractor must have the ability and resources to complete rehabilitation projects on time and within budget.

6. **Other Testing & Inspections**
   a. The Contractor may be required to provide, either directly or through the use of a subcontractor, inspection and testing services by a certified representative on an as-needed basis, such as:

- **Pad Mounted Transformer Oil Testing** – The Contractor shall draw oil from all oil-filled transformers for ASTM Oil Transformer Analysis. These annual tests show any changes and help prevent unanticipated failures by allowing planning for replacements. The quote shall be per transformer and shall include labor, testing, and reports. The reports shall include historical data for graphing purposes.

- **Medium Voltage Vacuum Breaker Inspection and Testing** – The following inspection and testing shall be completed by the Contractor after the County has performed all switching and protective device settings. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. These inspections and testing shall follow the National Fire Protection Association's (NFPA) 70B – Electrical Equipment Maintenance and the International Electrical Testing Association – Maintenance Testing Specifications.

  - Visual and Mechanical Inspection
    - Verify documentation of equipment nameplate data.
    - Inspect for physical damage.
    - Clean and lubricate the operating mechanism.
    - Vacuum the enclosure and clean the busbars
    - Inspect the breaker for cell alignment, anchorage, and grounding.
    - Verify the operating mechanism for alignment and clearances.
    - Inspect the contact wear and measurement of critical distances, such as the contact gap, in accordance with the manufacturer's recommendations.

  - Electrical Tests
    - Measure the contact resistance.
    - Trip the circuit breaker by operating the protective device.
    - Close and trip the breaker with the local control switch and verify trip, close, trip-free, and anti-pump functions.
    - Test the insulation resistance phase to ground, phase to phase, and across open contacts.
    - Test the vacuum bottle integrity on each phase in accordance with the manufacturer's recommendations.
    - Test the insulation resistance. (This test shall not be performed on control wiring connected to solid-state devices).
    - Test minimum pickup voltage on the trip and close coils.

  - Equipment
    - Breakers will range from 480V up to 13.2kV

CAO

- **Protective Relays Inspection & Testing for Medium Voltage** – The following inspections and testing shall be completed by the Contractor after the County has performed all switching and protective device settings. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. These inspections and testing shall follow the NFPA 70B – Electrical Equipment Maintenance and the International Electrical Testing Associations – Maintenance Testing Specifications.

  - Visual and Mechanical Inspection
    - Verify documentation of equipment nameplate data.
    - Inspect for physical damage.
    - Inspect for the presence of foreign material, moisture, corrosion, condition of spiral spring, and disc clearance on the electromechanical relays.
    - Verify the tightness of case connections.
    - Inspect the gasket for the correct gasket seal.
    - Inspect shoring hardware, connection paddles, and/or knife switches.
    - Remove any foreign material from the case.
    - Verify target reset.
    - Clean cover glass and relay components as required.
    - Verify the freedom of movement, proper travel, alignment on electro-mechanical relays, and tightness of mounting hardware and tap screws.
    - Inspect bearing and/or pivots.
    - Burnish contacts.
    - Set relays in accordance with County requirements.

  - Electrical Tests
    - Test the pickup parameters on each operating element.
    - Test the timing at three (3) points on-time characteristic curve.
    - Test the pickup target and seal-in units, as applicable.
    - Test the insulation resistance on each circuit branch to frame on only electro-mechanical relays.
    - Verify that each of the relay contacts operates its associated device only if permitted by Plant Operators.

- **Grounding & Ground Resistance Testing** - As required, the Contractor shall provide ground resistance testing using the "Fall-Of-Potential" method and any other ground resistance testing requested by the County because of environmental deterioration such as lightning and corrosion damage, low water tables, and/or additions and improvements to the electrical systems to verify the ground sufficiency and meeting the required codes. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. **The quantity and type of gear may change as a result of upgrades to the facility**.

7. **Thermography Inspections**

a. The Contractor may be required to provide, either directly or through a subcontractor, Thermography Inspections of the electrical distribution system, identifying equipment and connections operating above "normal" temperatures. "Normal" operating temperatures are defined in terms of rising above ambient temperature.

- A technician completing this work must be a Certified Thermographer with a minimum of three (3) years conducting infrared inspections and two (2) years of experience in the electrical trade.

- The Contractor will be required to create a log with the time of day the inspection was made, a description of the equipment, and notes as to whether a problem was found or not. Two (2) copies of a report showing the hot spots located shall be provided to the County after the inspection is completed. The report shall include recommendations for repairs, images, and tables showing what was found. The Contractor shall place a label on all devices tested with the date of test, company name, and results. For each Thermal problem, the date and time, estimated temperature, and the perceived severity or priority

CAO

of the problem shall be reported. Two (2) images shall be provided for each problem, one color image showing the variation in temperatures and the other color image showing the piece of equipment. The severity of the thermal concern shall be identified as (1) "immediate", (2) "next shutdown", or (3) "as time permits". A proposed report format and inspection log shall be submitted with the quotation.

Section B. Procedures for Distribution of Work

All awarded Contractors are expected to submit quotes for each Request for Quotation that will be issued under the resultant contract, for the duration of the contract. Repeatedly failing to submit a quote, when requested, may result in the removal of the awardee from the contract pool.

Quotes will be requested for each project. The procedure to be followed will be determined by the value of the project.

For all projects with a value **up to $1,000,000**, the procedure for obtaining quotes from the awarded Contractors is outlined below:

1. A Summary of Work and a Request for Quotation will be sent to all the selected Contractors, along with any applicable project plans and technical specifications. Completion time and the collection of liquidated damages may be specified in the Request for Quotation.

2. The County's Project Manager will set the required response time for each project, but the Contractors will be given a minimum of ten (10) business days to provide a quote. Other projects may require a longer quoting period to allow for proper coordination. This period may also include a pre-bid meeting.

3. The County may negotiate terms and conditions of the Scope of Work.

4. The County's Project Manager will review all quotes received by the given due date and may negotiate with the Contractor who submits the lowest quote, if outside the budget.

5. **Payment and Performance Bonds will be required for projects over $200,000** and shall be provided within ten (10) business days after notification of intent to award.

6. Contractor will commence work upon the County's issuance of a Notice to Proceed and Purchase Order. The Contractor agrees that any Purchase Order that extends beyond the expiration date of the resultant contract will survive and remain subject to the terms and conditions of the resultant contract until the completion or termination of work.

7. **Any project over $500,000 will require further Board approval.**

The County reserves the right to waive any or all of these requirements if in the best interest of the County and to separately solicit any job.

Projects exceeding the $1,000,000 threshold will be formally solicited.

The Contractor will be compensated for lump sum, unit price, and/or time and material (T&M) work, as applicable, including material and subcontractor markup.

All T&M work will utilize a fee schedule – **Exhibit B** of the Agreement. **Markup for subcontractors shall not exceed 15%. The markup for parts/materials and rental equipment shall not exceed 10%.**

For all T&M work, Contractor(s) shall be required to provide backup documentation of Contractor's time and proof of the subcontractor services with submission of invoice. Equipment or parts/materials with a single item amount of $500.00 or more shall require the Contractor to provide backup documentation. For all rental equipment, a copy of the rental receipt must be provided with the Contractor's invoice.

CAO

Ancillary charges may be transferred to the County in the actual amount; however, mark-ups will not be allowed. Mark-ups will not be allowed on shipping, freight, sales tax, consumer fees or taxes, use and other similar taxes or fees associated with any work under the resultant contract. All shipping or freight charges must have backup documentation.

Section C. Non-Urgent Work

Work will be performed during normal business hours, Monday through Friday, 7:00 AM to 5:00 PM, excluding County observed holidays. In some cases, work may be required after-hours and weekends. Project schedule shall be approved by the County's Project Manager.

Section D. On-Call Urgent Work

Urgent work shall be defined as any work that is not scheduled. 24-hour availability is needed to complete on-call urgent work. Urgent work will be completed on a rotating schedule with one (1) Contractor designated for a one (1) week period. Each awarded Contractor shall supply all County divisions/departments utilizing this contract with a minimum of two (2) twenty-four (24) hour urgent contact phone numbers. All Contractors must participate in the urgent work rotation, which will be equally divided. The County Project Manager or designee will manage and maintain rotation schedules such that a minimum of six (6) months of future equitable assignments are accessible to all Contractors awarded.

Urgent calls for assistance must be responded to with the Contractor's Journeyman on-site within three (3) hours to evaluate the job. Within five (5) hours of the request for assistance, the Contractor shall have appropriate crew, equipment, and, if necessary, Maintenance of Traffic set up. Additional time may be approved by the County in writing. Should a Contractor fail to respond to an urgent call the next Contractor in rotation shall be contacted. Any failure to provide coverage by a Contractor may be subject to termination.

All urgent work will be billed in accordance with the T&M fee schedule.

Section E. General Requirements

1. At a minimum, the awarded Contractor(s) must assign a licensed Journeymen Electrician on site during any work performed. When requested by the County, a Florida-licensed Master Electrician shall be made available to assist in any issue that may arise. The Contractor's employees performing electrical maintenance service shall have experience in high/medium voltage, as warranted.

2. The Contractor and all employees providing services under this agreement shall comply with all applicable Federal, State, and Local laws, codes, and regulations, including, but not limited to:

   - National Electric Code (NEC)
   - National Fire Protection Association (NFPA) 70E High Voltage
   - Institute of Electrical and Electronics Engineers (IEEE) PC57.13.2
   - Occupational Safety and Health Standards (OSHA)
   - Any other related and/or required federal, state, and local regulations to complete the work in a professional manner.

3. Equipment/Parts/Materials:

   All equipment and parts provided and installed by the Contractor under the awarded contract shall be new, free of defects, and may require County approval prior to installation. At a minimum, replacement parts and/or maintenance materials shall be based on the manufacturer's recommendations. The County reserves the right to supply parts and materials for selected projects and repairs.

The Contractor shall, under no circumstances, remove any equipment containing a County asset sticker, without written authorization from County staff. The Contractor(s) shall request that, when replacing equipment, the asset sticker be removed by an appropriate County staff member authorized to adjust equipment inventory records.

4. Reporting:

   The Contractor shall submit a full report to the County on the work that was performed, including, but not limited to: inspections, diagnostic testing, troubleshooting, repairs, new installations, and/or maintenance. Final payment may be delayed until the County is in receipt of all requested reporting documents.

5. Permits:

   The Contractor shall be responsible for permit submissions unless otherwise instructed by the County. Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. Permit fees will be reimbursed at cost, no markup shall be allowed. Supporting documentation showing the fee paid must be included with the Contractor's invoice.

6. Safety:

   Barrier and Lights – During the progress of the work, the Contractor shall place and maintain, at all times, such barriers and lights that will effectively prevent accidents and keep personnel from entering the work area.

   Maintenance of Traffic Plans (MOT) – When staging areas are close to the street or in the traffic areas, an MOT shall be prepared and conform to the latest edition of the Florida Department of Transportation (FDOT) Design Standards, 600 series, and The Manual on Uniform Traffic Control Devices (MUTCD). The Contractor is authorized to subcontract MOT. It is required that either the Contractor or the subcontractor have current FDOT-approved MOT or Temporary Traffic Control, Intermediate Level, Certification per FDOT, Design Standards, 600 series indexes. The Contractor or subcontractor shall have current FDOT-approved certification in their name.

   Personal Protective Equipment (PPE) – All personnel shall use proper PPE while work is being performed and must follow all NFPA 70E requirements.

   Safety Issue Response - The County reserves the right to stop work for any safety concerns observed by any County employee.

7. Facility Security:

   The Contractor shall comply with the Department's security guidelines on facility security policies, this may include additional policies and procedures for work to be performed at the Collier County Sherriff's Office. Violations of these rules could, at a minimum, result in the termination of the awarded Contract.

   The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, the Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state, and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications, and other related records. The Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years.

   All the Contractor's employees and subcontractors must always wear Collier County Government

CAO

Identification badges while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliercountyfl.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon the award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

Exhibit B-1 Public Payment Bond

(Template to follow this page.)

EXHIBIT B – 1: PUBLIC PAYMENT BOND

Bond No. _____ Contract No. _____

KNOW ALL MEN BY THESE PRESENTS: That _____ as Principal/Contractor, and _____, as Surety, located at _____ (Business Address) are held and firmly bound to Collier County Board of County Commissioners as Oblige in the sum of _____ ($_____), this includes allowance for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors, and assigns, jointly and severally.

WHEREAS, Principal has entered into a contract dated as of the _ day of _____, 20___ with Oblige for _____ (Project) in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof and is referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

Promptly makes payment to all claimants as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the contract, then this bond is void; otherwise, it remains in full force.

Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect sureties' obligation under this Bond.

The provisions of this bond are subject to the time limitations of Section 255.0592. In no event will the Surety be liable in the aggregate to claimants for more than the penal sum of this Payment Bond, regardless of the number of suits that may be filed by claimants.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____day of _____, 20___, the name of undersigned representative, pursuant to authority of its governing body.

Exhibit B-2 Public Performance Bond

(Template to follow this page.)

EXHIBIT B – 2: PUBLIC PERFORMANCE BOND

Bond No. _____ Contract No. _____

KNOW ALL MEN BY THESE PRESENTS: That _____ as Principal/Contractor, and _____, as Surety, located at _____ (Business Address) are held and firmly bound to Collier County Board of County Commissioners as Oblige in the sum of _____ ($_____), in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof, and is referred to herein as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and

2. Pays Obligee any and all losses, damages, costs, and attorneys' fees that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee; and

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract, then this bond is void; otherwise, it remains in full force. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect Sureties obligation under this Bond.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in anywise affect its obligations under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond. It is expressly understood that the time provisions and statute of limitations under Section 255.05, Florida Statutes, shall not apply to this bond.

In no event will the Surety be liable in the aggregate to Obligee for more than the penal sum of this Performance Bond regardless of the number of suits that may be filed by Obligee.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ day of _____, 20 ____, the name of each party being affixed, and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

Acceptance of this Change Order shall constitute a modification to contract / work order identified above and will be subject to all the same terms and conditions as contained in the contract / work order indicated above, as fully as if the same were stated in this acceptance. The adjustment, if any, to the Contract shall constitute a full and final settlement of any and all claims of the Contractor / Vendor / Consultant / Design Professional arising out of or related to the change set forth herein, including claims for impact and delay costs.

Contractor/Consultant/Design Professional signature below must be from an authorized person/officer/director of the Company or listed as the qualified licensed Professional "Project Coordinator" or Design/Engineer Professional under the agreement. Signature authority of person signing will be verified through the contract OR through the Florida Department of State, Division of Corporations (Sunbiz) website (https://dos.myflorida.com/sunbiz/search/). If the person signing is not listed, we will require signature authority by one of the listed officers/directors of the company giving that person signature authority.

Description: Federal Emergency Management Agency Public Assistance Provisions

☒ following this page (pages 1 through 11)

☐ this exhibit is not applicable

FEDERAL EMERGENCY MANAGEMENT AGENCY
PUBLIC ASSISTANCE

The supplemental conditions contained in this section are intended to cooperate with, to supplement, and to modify the general conditions and other specifications. In cases of disagreement with any other section of this contract, the Supplemental Conditions shall govern. This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract.

Pursuant uniform requirements of federal awards (2 CFR Part 200.23) the definition of CONTRACTOR is an entity that receives a Contract / Purchase Order.

Compliance with Federal Law, Regulations and Executive Orders: The Sub-Recipient (County) agrees to include in the subcontract that (i) the subcontractor is bound by the terms of the Federally-Funded Subaward and Grant Agreement, (ii) the subcontractor is bound by all applicable state and Federal laws and regulations, and (iii) the subcontractor shall hold the Division and Sub-Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law.

Specifically, the Contractor shall be responsible for being knowledgeable and performing any and all services under this contract in accordance with the following governing regulations along with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

- 2 C.F.R. Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 44 C.F.R. Part 206
- The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, 42 U.S.C. 5121 et seq., and Related Authorities
- FEMA Public Assistance Program and Policy Guide

CAO

Access to Records: The contractor agrees to provide the County, the Florida Department of Emergency Management, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. (3) The contractor agrees to provide the FEMA Administrator or his authorized representatives' access to construction or other work sites pertaining to the work being completed under the contract. (4) In compliance with section 1225 of the Disaster Recovery Act of 2018, the County and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

Affirmative Socioeconomic Steps: If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Changes: To be allowable under a FEMA grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allowable, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

DHS Seal, Logo, and Flags: The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval. The contractor shall include this provision in any subcontracts.

Domestic Preference for Procurements: As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

License and Delivery of Works Subject to Copyright and Data Rights: The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

No Obligation by Federal Government: The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

CAO

Prohibition on Covered Telecommunications Equipment or Services:
(a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds forcovered Telecommunications Equipment or Services As used in this clause –

(b) Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
(iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

(1) This clause does not prohibit contractors from providing — (i). A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or (ii). Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to: (i). Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system. (ii). Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d)Reporting requirement.

(1) In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause: (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer

CAO

number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended. (ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph(e), in all subcontracts and other contractual instruments.

Program Fraud and False or Fraudulent Statements or Related Acts: The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's actions pertaining to this contract.

Rights to Inventions Made Under a Contract or Agreement: Exempt from FEMA Public Assistance Funding

Suspension and Debarment: (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935). (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. (3) This certification is a material representation of fact relied upon by the County. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Procurement of Recovered Materials (§200.323) (Over $10,000): In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired— Competitively within a timeframe providing for compliance with the contract performance schedule; Meeting contract performance requirements; or At a reasonable price. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines webpage:

https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Termination for Cause and Convenience (over $10,000): See Standard Purchase Order and/or Contract Terms and Conditions

Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352 (as amended) (over $100,000): Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient."

CAO

Contractors must sign and submit a certification to the County with each bid or offer exceeding $100,000. See Certifications and Assurances and the end of this document.

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) (over $100,000): Where applicable, all contracts awarded by the solicitor in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5).

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The County or FEMA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

For contracts that are only subject to Contract Work Hours and Safety Standards Act and are not subject to the other statutes in 29 C.F.R. § 5.1 "Further Compliance with the Contract Work Hours and Safety Standards Act.

(1) The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
(2) Records to be maintained under this provision shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Homeland Security, the Federal Emergency Management Agency, and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

CAO

Clean Air Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Administrative, Contractual, or Legal Remedies (over $250,000): Unless otherwise provided in this contract, all claims, counter-claims, disputes and other matters in question between the local government and the contractor, arising out of or relating to this contract, or the breach of it, will be decided by arbitration, if the parties mutually agree, or in a Florida court of competent jurisdiction.

CONSTRUCTION ACTIVITIES
Equal Employment Opportunity Clause (§60-1.4): Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

CAO

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part an the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Davis Bacon Act: Exempt under FEMA Public Assistance Funding

Copeland Anti-Kickback Act: Exempt under FEMA Public Assistance Funding

CAO

Compliance with Federal Law, Regulations, And Executive Orders and Acknowledgement of Federal Funding

Certification

This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

If the Contractor subcontracts any of the work required under this Agreement, a copy of the signed subcontract must be available to the County for review and approval. The Contractor agrees to include in the subcontract that (1) the subcontractor is bound by the terms of this Agreement, (ii) the subcontractor is bound by all applicable state and federal laws and regulations, and (iii) the subcontractor shall hold the County and the Grantor Agency harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law. The County may document in the quarterly report the Contractor's progress in performing its work under this agreement.

On behalf of my firm, I acknowledge, the grant requirements identified in this document.

LOBBYING CERTIFICATION
(To be submitted with each bid or offer exceeding $100,000)

The undersigned [Contractor] certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation, conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $2,000,000 Per Occurrence, $3,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.
    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $1,000,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws.

The coverage must include Employers' Liability with a minimum limit of $ 1,000,000 for each accident.

~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $_____ each claim and aggregate.~~

~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

~~F. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

~~G. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

~~H. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of: thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION**. To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation, conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $2,000,000 Per Occurrence, $3,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.
    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $1,000,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws.

The coverage must include Employers' Liability with a minimum limit of $ 1,000,000 for each accident.

~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $_____ each claim and aggregate.~~

~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

~~F. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

~~G. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

~~H. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of: thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

MULTI-CONTRACTOR AWARD AGREEMENT

#22-8056

for

"High/Medium Voltage Electrical Services"

THIS AGREEMENT, made and entered into on this _____ day of _____ 20___, by and between Simmonds Electrical of Naples, Inc., authorized to do business in the State of Florida, whose business address is 8941 Quality Road, Bonita Springs, FL 34135, (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County" or "Owner"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing ■ upon the date of Board approval; ~~or ☐ on _____~~, and terminating three (3) year(s) from that date or until all outstanding ■ Purchase Order(s) ■ Work Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for two (2) additional one (1) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The County Manager, or his designee, may, at his discretion, extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The County Manager, or his designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES**. The Contractor shall commence the work upon issuance of a ■Purchase Order ■Notice to Proceed.

3. **STATEMENT OF WORK**. The Contractor shall provide services in accordance with the terms and conditions of ~~☐ Request for Proposal (RFP) ☐ Invitation to Bid (ITB)~~ ■ Other: Invitation for Qualifications (IFQ) # 22-8056, including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

   ■ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

   3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties, in

compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

3.2 The execution of this Agreement shall not be a commitment to the Contractor to order any minimum or maximum amount. The County shall order items/services as required but makes no guarantee as to the quantity, number, type or distribution of items/services that will be ordered or required by this Agreement.

3.3 ■ The procedure for obtaining Work under this Agreement is outlined in **Exhibit A – Scope of Services** attached hereto.

~~☐ The procedure for obtaining Work under this Agreement is outlined in ☐ Other Exhibit/Attachment: _____.~~

3.4 ■ The County reserves the right to specify in each Request for Quotations: the period of completion; collection of liquidated damages in the event of late completion; and the Price Methodology selected in 4.1.

4. **THE AGREEMENT SUM**.

~~☐ The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".~~

■ The County shall pay the Contractor for the performance of this Agreement based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and pursuant to the Price Methodology in Section 4.1. ■ Contractor's quoted prices shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

~~☐ The County shall pay the Contractor for the performance of this Agreement an estimated maximum amount of _____($_____), per County fiscal year, based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and the Price Methodology as defined in Section 4.1. ☐ Contractor's quoted prices shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".~~

4.1 **Price Methodology (as selected below):**

■ **Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.

☒ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

☒ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

~~4.5 ☐ **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

~~Reimbursements shall be at the following rates:~~

~~Mileage~~	~~$0.44.5 per mile~~
~~Breakfast~~	~~$6.00~~
~~Lunch~~	~~$11.00~~
~~Dinner~~	~~$19.00~~
~~Airfare~~	~~Actual ticket cost limited to tourist or coach class fare~~
~~Rental car~~	~~Actual rental cost limited to compact or standard-size vehicles~~
~~Lodging~~	~~Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night~~
~~Parking~~	~~Actual cost of parking~~
~~Taxi or Airport Limousine~~	~~Actual cost of either taxi or airport limousine~~

~~Reimbursable items other than travel expenses shall be limited to the following: telephone long-distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.~~

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name:	Simmonds Electrical of Naples, Inc.
Address:	8941 Quality Road
	Bonita Springs, FL 34135
Authorized Agent:	Noe Alvarado
Attention Name & Title:	President
Telephone:	239-643-2770
E-Mail(s):	Noe@simmondselectricalofnaples.com

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Director:	Robert VonHolle
Division Name:	Wastewater Collections
Address:	6027 Shirley Street
	Naples, FL 34109
Administrative Agent/PM:	Donna Deeter
Telephone:	239-252-2622
E-Mail(s):	Donna.Deeter@colliercountyfl.gov

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation, conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $2,000,000 Per Occurrence, $3,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.
    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $1,000,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws.

The coverage must include Employers' Liability with a minimum limit of $ 1,000,000 for each accident.

D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $_____ each claim and aggregate.

E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.

F. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.

G. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.

H. ☐ _____: Coverage shall have minimum limits of $_____ per claim/occurrence.

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of: thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION**. To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the Wastewater Collections Division.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ■ Exhibit A Scope of Services, ■ Exhibit B Fee Schedule, ☐ ~~RFP/~~ ☐ ~~ITB/~~■ Other IFQ - Invitation for Qualifications #22-8056, including Exhibits, Attachments and Addenda/Addendum, ■ subsequent quotes and corresponding contract documents, Exhibit B-1 Public Payment Bond, ■ Exhibit B-2 Public Performance Bond, ■ Exhibit C Release and Affidavit Form, ■ Exhibit D-1 Application for Payment Form, ■ Exhibit D-2 Schedule of Values Form ■ Exhibit D-3 Stored Materials Record Form ■ Exhibit D-4 Cash Flow Projection Form ■ Exhibit E-1 Change Order ■ Exhibit E-2 Work Directive ■ Exhibit F-1 Certificate of Substantial Completion ■ Exhibit F-2 Certificate of Final Completion ■ Exhibit F-3 Punch List Form ■ Exhibit G-1 Final Payment Checklist ■ Exhibit G-2 - Warranty, and ■ Other Exhibit H/Attachment: FEMA Provisions.

17. **APPLICABILITY.** Only the sections corresponding to any checked box (☐) will apply to this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting

bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statute, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division
3299 Tamiami Trail East, Suite 102
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@colliercountyfl.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein

shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. ■ **BONDS**.

A. When a construction project is in excess of $200,000, the Contractor(s) shall be required to provide Payment and Performance Bonds.

B. When required by Owner, the Contractor shall furnish a Performance and/or Payment Bond prior to commencing performance, for the full amount of the Work, which shall act as a security guaranteeing the performance of the Contractor's work and the payment by the Contractor to any other party(ies) providing labor and/or materials in connection with each construction or renovation project performed by the Contractor. The bonds shall be furnished using the forms prescribed in Exhibit "B-1" and Exhibit "B-2".

C. If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business in the State of Florida, terminates or it ceases to meet the requirements imposed by the Contract Documents, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the Owner's approval.

23. ■ **LIQUIDATED DAMAGES**. The "Commencement Date" shall be established in the Notice to Proceed to be issued by the Owner. Contractor shall commence the work within five (5) calendar days from the Commencement Date. No Work shall be performed at the Project site prior to the Commencement Date. Any Work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor.

The Work shall be substantially completed within the time specified in the Request for Quotation/Scope of Work. Substantial Completion" shall mean the status of completion of the Work which, in the opinion of the Project Manager as evidenced by a definitive Certificate of Substantial Completion, is complete in accordance with the Contract Documents, except for minor outstanding items listed on the Exhibit F-3 Punch List. Substantial Completion includes, but is not limited to, the following occurring: (1) the Work can be safely utilized for the purposes for which it was intended; (2) all regulatory agency requirements are satisfied, including occupancy permits, operating certificates and similar releases, (3) all operational testing has successfully occurred; (4) all required training has successfully occurred; (5) all close-out documents (such as as-built drawings, certifications, warranties, guaranties, test reports, test logs, operational manuals, etc.) have been provided by the Contractor and accepted by the Owner, and permit acceptance by permitting agencies, if applicable, Exhibit F-1.

Owner and Contractor recognize that since time is of the essence for any work under this Agreement, Owner will suffer financial loss if the Work is not substantially completed within the time specified in the Request for Quotation. Should Contractor fail to substantially complete the Work within the specified time period, Owner shall be entitled to assess as liquidated damages, but not as a penalty, the amount specified in the Request for Quotation/Scope of Work for each calendar day thereafter until substantial completion is achieved.

The Project shall be deemed to be substantially completed on the date the Owner issues a Certificate of Substantial Completion pursuant to the terms hereof. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the Owner's actual damages at the time of contracting if Contractor fails to substantially complete the Work in a timely manner.

The Work shall reach Final Completion and be ready for final acceptance by Owner as established in the Request for Quotation. Final Completion shall occur when the Agreement is completed in its entirety, is accepted by the Owner as complete and is so stated by the Owner as completed. Final Acceptance shall mean acceptance of the Work by the Owner as evidenced by the signature of the Project Manager or Design Professional upon the Certificate of Final Completion Form Exhibit F-2. Final Acceptance shall be deemed to have taken place only if and when such signature is affixed to such certificate. The Certificate of Final Completion shall be signed only after the Project Manager has assurance by tests, inspection, or otherwise that all of the provisions of the Contract Documents have been carried out, including completion of the Punch List form, Exhibit F-3.

When any period of time is referenced by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday. For all contracts, the Owner will count default days in calendar days.

24. ▣ **PAYMENTS**. Generally, the Contractor will be paid upon completion; however, for Work in excess of thirty (30) days, the Contractor may request to receive Progress Payments. Subsequent to the first payment, Contractor must provide Owner with a fully executed Release and Affidavit in the form attached hereto as Exhibit C as a condition precedent to release of each progress payment. All applications for payment, whether for full payment or a progress payment shall be in writing, and in substantially the form attached hereto as Exhibit D-1. The process for submitting applications for Progress Payments is set forth below:

24.1 Progress Payments: At least ten (10) days prior to submitting a monthly Application for Payment, the Contractor shall submit to the Project Manager a final schedule of values and "cash flow projection" that establishes the projected date for the construction/installation for all activities of the Work shown on the accepted schedule, including quantities and unit prices totaling to the Contract Price. The Schedule of Values shall be satisfactory in form and substance to the Project Manager and shall subdivide the Work into component parts in sufficient detail to serve as the basis for measuring quantities in place and calculating amounts for the Contractor's monthly progress payments during construction. Further, it shall include the list of its Subcontractors and materialmen submitted with its Bid showing the work and materials involved and the dollar amount of each subcontract and purchase order. Contractor acknowledges and agrees that any modifications to the list of Subcontractors submitted with Contractor's Bid and any subsequently identified Subcontractors are subject to Owner's prior written approval.

Unsupported or unreasonable allocation of the Contract Price to any one activity shall be justification for rejection of the Schedule of Values Exhibit D-2. The Contractor shall not submit an unbalanced schedule of values which provides for overpayment to the Contractor on

activities that would be performed first. The schedule of values shall be revised and resubmitted until acceptable to the Project Manager. Once the schedule has been accepted by the Project Manager, the Owner reserves the right (at its option) throughout the Contract to require that the Contractor honor a particular price contained in the schedule of values, if the activity pertaining to it is being deleted or modified. Upon approval of the schedule of values by the Project Manager, it shall be incorporated into the form of Application for Payment attached to the Agreement as Exhibit D-1 and shall be used as the basis for the Contractor's monthly Applications for Payment. The schedule shall be updated and submitted each month along with a completed copy of the Application for Payment form signed by the Contractor's authorized representative.

24.2 The first Application for Payment shall be submitted no earlier than thirty (30) days after the Commencement Date, and monthly thereafter, but not more often than once a month or prior to substantial completion being met. Notwithstanding anything herein to the contrary, if approved by Owner in its sole discretion, Contractor may submit its invoice for any required Payment and Performance Bonds prior to the first Application of Payment provided that Contractor has furnished Owner certified copies of the receipts evidencing the premium paid by Contractor for the bonds.

24.3 Unless expressly approved by Owner in advance and in writing, said approval at Owner's sole discretion, Owner is not required to make any payment for materials or equipment that have not been incorporated into the Project. If payment is requested on the basis of materials and equipment not incorporated into the Project, but delivered and suitably stored at the site or at another location agreed to by the Owner in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice or other documentation warranting that the Owner has received the materials and equipment free and clear of all liens, charges, security interests and encumbrances, together with evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect Owner's interest therein, all of which shall be subject to the Owner's satisfaction. Thereafter, with each Application for Payment, Contractor also shall complete and submit to Owner as part of its Application for Payment, the Stored Materials Record form attached hereto and made a part hereof as Exhibit D-3.

24.4 The cash flow projection shall be a fixed monthly projection of the value of Work in place. If the actual cash flow (represented by the Application for Payment) for any month is less than eighty-five percent (85%) of the projected amount for that month (as established by the Contractor in the cash flow projection form it submits), then the Contractor may be barred from bidding other County projects until the value of Work in place is corrected and within ninety-five (95%) of the projected value. (See attached Exhibit D-4, Cash Flow Projection form).

24.5 Contractor shall submit its monthly Application for Payment to the Project Manager or his or her designee, as directed by Owner (which designee may include the Design Professional). Within twenty (20) business days after the date of each Application for Payment is stamped as received, and within the timeframes set forth in Section 218.735 F.S., the Project Manager, or Design Professional, shall either: (1) Indicate its approval of the requested payment; (2) indicate its approval of only a portion of the requested payment, stating in writing its reasons therefor; or (3) return the Application for Payment to the Contractor indicating, in writing, the reason for refusing to approve payment. Payments of proper invoices shall be processed in accordance with Section 218.735, F.S. and the terms of the Contract Documents.

24.6 In the event of a total denial by Owner and return of the Application for Payment by the Project Manager, the Contractor may make the necessary corrections and re-submit the Application for Payment. The Owner shall, within ten (10) business days after the Application for Payment is stamped and received and after Project Manager approval of an Application for Payment, pay the Contractor the amounts so approved.

24.7 Owner shall withhold retainage on the gross amount of each monthly progress payment in the amount of five percent (5%), as permitted by Section 255.078, Florida Statutes. The foregoing does not prohibit Owner from withholding retainage at a rate less than five percent (5%) of each monthly progress payment as otherwise allowable under Section 255.078, Florida Statutes. Any reduction in retainage below the maximum amount set forth in Section 255.078, Florida Statutes shall be at the sole discretion of the Owner. Such retainage shall be accumulated and not released to Contractor until final payment is due unless otherwise agreed to by the Owner in accordance with Florida Statute 255.078. Any interest earned on retainage shall accrue to the benefit of the Owner.

24.8 Monthly payments to Contractor shall in no way imply approval or acceptance of Contractor's Work.

24.9 Each Application for Payment, subsequent to the first pay application, shall be accompanied by a Release and Affidavit, in the form attached as Exhibit C, acknowledging Contractor's receipt of payment in full for all materials, labor, equipment and other bills that are then due and payable by Owner with respect to the current Application for Payment. Further, to the extent directed by Owner and in Owner's sole discretion, Contractor shall also submit a Release and Affidavit from each Subcontractor, sub-subcontractor, or supplier in the form attached as Exhibit C acknowledging that each Subcontractor, sub-subcontractor, or supplier has been paid in full through the previous month's Application for Payment. The Owner shall not be required to make payment until and unless these affidavits are furnished by Contractor.

24.10 Contractor agrees and understands that funding limitations exist and that the expenditure of funds must be spread over the duration of the Project at regular intervals based on the Contract Amount and Progress Schedule. Accordingly, prior to submitting its first monthly Application for Payment, Contractor shall prepare and submit for Project Manager's review and approval, a detailed Cash Flow Projection, which shall be updated as necessary and approved by Owner to reflect approved adjustments to the Contract Amount and Contract Time. No voluntary acceleration or early completion of the Work shall modify the time of payments to Contractor as set forth in Exhibit D-4, Cash Flow Projection.

24.11 Notwithstanding anything in the Contract Documents to the contrary, Contractor acknowledges and agrees that in the event of a dispute concerning payments for Work performed under this Agreement, Contractor shall continue to perform the Work required of it under this Agreement pending resolution of the dispute provided that Owner continues to pay Contractor all amounts that Owner does not dispute are due and payable.

24.12 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of contract. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted.

Time shall be deemed of the essence with respect to the timely submission of invoices under this agreement.

24.13 The Owner may, at its discretion, use VISA/MASTER card credit network as a payment vehicle for goods and/or services purchased as a part of this contract. The Owner may not accept any additional surcharges (credit card transaction fees) as a result of using the Owner's credit card for transactions relating to this agreement.

25. **PAYMENTS WITHHELD**. Owner may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, outstanding punch list items, subsequently discovered evidence or subsequent inspections that reveal non-compliance with the Contract Documents. The Owner may nullify the whole or any part of any approval for payment previously issued and Owner may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between Owner and Contractor, to such extent as may be necessary in the Owner's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims failed or reasonable evidence indicating probable fling of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents by the Contractor.

If any conditions described above are not remedied or removed, Owner may, after three (3) days written notice, rectify the same at Contractor's expense. Owner also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to Owner, whether relating to or arising out of this Agreement or any other Agreement between Contractor and Owner. In instances where the Contractor may owe debts (including, but not limited to taxes or other fees) to Collier County and the Contractor has not satisfied nor made arrangement to satisfy these debts, the County reserves the right to off-set the amount owed to the County by applying the amount owed to the Contractor for services performed or for materials delivered in association with a contract.

If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

26. **SUBMITTALS AND SUBSTITUTIONS**. Any substitution of products/materials from specifications shall be approved in writing by Owner in advance. No substitute will be ordered, installed or utilized without the Project Manager's prior written acceptance which shall be evidenced by a Change Order, a Work Directive Change, a Field Order or an approved Shop Drawing. The Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute. The Project Manager will record time required by the Project Manager and the Project Manager's consultants in evaluating substitutions proposed by Contractor and making changes in the Contract Documents occasioned thereby. Whether or not the Owner accepts a proposed substitute, Contractor shall reimburse Owner for the charges of the Design Professional and the Design Professional's consultants for evaluating each proposed substitute. Contractor shall submit all

such materials at its own expense and in such form as required by the Contract Documents in sufficient time to prevent any delay in the delivery of such materials and the installation thereof.

27. ■ **CONTRACT TIME AND TIME EXTENSIONS**.

A. Time is of the essence in the performance of any Work under this Agreement and Contractor shall diligently pursue the completion of the Work and coordinate the Work being done on the Project by its subcontractors and materialmen, as well as coordinating its Work with all work of others at the Project Site, so that its Work or the work of others shall not be delayed or impaired by any act or omission by Contractor. Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures as well as coordination of all portions of the Work under the Contract Documents, and the coordination of Owner's supplies and contractors.

B. Should Contractor be obstructed or delayed in the prosecution of or completion of the Work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of Nature or of the public enemy, acts of Government, fires, floods, epidemics, quarantine regulation, strikes or lockouts, Contractor shall notify the Owner in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

C. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the Work from any cause whatever, including those for which Owner may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from Owner. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against Owner will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage for Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

28. ■ **CHANGES IN THE WORK**. Owner shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon written order of Owner in the form of a Work Directive, Exhibit E-2, and Owner shall not be liable to the Contractor for any increased compensation without such written order. No officer, employee or agent of Owner is authorized to direct any extra or changed work orally. Any alleged changes must be approved by Owner in writing prior to starting such items. Owner will not be responsible for the costs of any changes commenced without Owner's express prior written approval. Failure to obtain such prior written approval for any changes will be deemed: (i) a waiver of any claim by Contractor for such items and (ii) an admission by Contractor that such items are in fact not a change but rather are part of the Work required of Contractor hereunder.

A Change Order in the form attached as Exhibit "E-1" to this Agreement, shall be issued and executed promptly after an Agreement is reached between Contractor and Owner concerning the requested changes. Contractor shall promptly perform changes authorized by duly

executed Change Orders. The Contract Amount and Contract Time shall be adjusted in the Change Order in the manner as Owner and Contractor shall mutually agree.

29. ■ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

30. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

31. ■ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

32. ■ **PROTECTION OF WORK**.

A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due Contractor.

B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

33. **EMERGENCIES**. In the event of any emergency affecting the safety or protection of persons or the Work or property at the Project site or adjacent thereto, Contractor, without special instruction or authorization from Owner is obligated to act to prevent threatened damage, injury or loss. Contractor shall give the Owner written notice within forty-eight (48) hours after the occurrence of the emergency, if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby.

If the Owner determines that a change in the Contract Documents is required because of the action taken in response to an emergency, a Change Order shall be issued to document the consequences of the changes or variations.

If Contractor fails to provide the forty-eight (48) hour written notice noted above, the Contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the Contract Amount or an extension to the Contract Time.

34. ■ **COMPLETION**.

Substantial Completion and Development of the Punch List

34.1 Substantial Completion is as defined in this Agreement. When the Contractor believes Substantial Completion has been achieved, it shall certify in writing to the Project Manager that the Project is Substantially Complete in accordance with the Contract Documents and request the Project Manager to inspect the Work and to issue a Certificate of Substantial Completion. Prior to making such a request the Contractor must:

a) Complete all Work necessary for the safe, proper and complete use or operation of the Project as intended, including: all regulatory agency requirements are satisfied, including occupancy permits; operating certificates and similar releases; all operational testing has successfully occurred; all required training has successfully occurred; all close-out documents (such as as-built drawings, certifications, warranties, guaranties, test reports test logs, operational manuals, etc.) have been provided by Contractor and accepted by Owner.

b) Prepare a Contractor-generated punch list (i.e., a list of all items required to render the Project complete, satisfactory, and acceptable, for submission with the request for inspection and issuance of a certificate of Substantial Completion), which shall include and list separately the estimated cost to complete each remaining unfinished item included on the list with an explanation as to the basis for those costs, substantiated by the Schedule of Values, subject to the Owner's final review and approval as stated below.

c) Upon receipt of the request from the Contractor, the Project Manager, assisted by the Professional, if any, and other Owner personnel, as appropriate, shall review the request, the Work and the Contractor-generated Punch List to determine whether the Work is ready for Substantial Completion inspection. If this review fails to support Substantial Completion inspection, the Project Manager shall so notify the Contractor citing the reasons for rejection. If the Project Manager and Professional (if any) determine the Work is ready for Substantial Completion inspection, the following procedures will be followed:

1. The Project Manager will, within a reasonable time, schedule and conduct inspection(s) of the Work with the Professional (if any), other Owner personnel as required, and the Contractor for the purpose of formally reviewing the status of completion of the Work, the readiness of the Project for use and the Contractor-generated punch list. A copy of the Contractor-generated punch list will be provided to all participants and any additional items noted during the inspection will be added to the list. The Project Manager, the Professional, their representatives and other Owner representatives will review the Work and the Contractor-generated punch list to assure all deficiencies are noted on a final

document (Exhibit F-3 Punch List Form). The Punch List must include all items required to render the Project complete, satisfactory and acceptable. If Project Manager and Contractor disagree on whether an item belongs on the Punch List, the Project Manager has the final say on whether the item is included or not. The Punch List shall be finalized and issued to the Contractor by the Owner within the time frames indicated below.

2. If upon completion of the inspection(s) the Owner does not consider the Project Substantially Complete, the Project Manager will notify the Contractor in writing giving reasons why the Project is not Substantially Complete.

3. If, upon completion of the inspection(s), the Owner considers the Project Substantially Complete, the Project Manager shall prepare a Certificate of Substantial Completion to establish the date for Substantial Completion as the date of the completed inspection(s). The Certificate of Substantial Completion shall be approved by the Owner upon the signature of both the Project Manager and the Professional and shall be issued to the Contractor. The Certificate shall fix the date of Substantial Completion.

4. Substantial Completion cannot occur until all conditions necessary for safe and proper use, occupancy, maintenance, and operations are in place.

34.2 **Time Frames for Issuance of the Punch List**

(a) The Owner shall issue the Punch List to the Contractor within the time frames described below, provided that the Contractor has completed its obligations in providing a proper contractor-generated punch list prior to the Substantial Completion inspection.

(b) For construction estimated to cost less than ten million dollars ($10,000,000.00), the Punch List must be finalized within thirty (30) Days after the Substantial Completion date.

(c) For construction projects involving more than one building or structure or multiple phases, the Punch List must be prepared for each building, structure or phase within thirty (30) Days of the Substantial Completion date of a particular building, structure or phase if it is estimated to cost less than ten million dollars ($10,000,000.00) or within forty-five (45) Days if it is estimated to cost more than ten million dollars ($10,000,000.00).

(d) If the development of the Punch List takes the full amount of time designated (or a portion thereof) and includes a tentative punch-list based upon the above dollar amount thresholds, the delivery of the Punch List of items shall be delivered by the Owner no later than five (5) business days thereafter. Within twenty (20) business days after the delivery of the Punch List to the Contractor, the Owner must pay the Contractor the remaining contract balance owed, that includes all retainage previously withheld by Owner less an amount equal to 150 percent (150%) of the estimated cost to complete the items on the Punch List. At the same time the Owner delivers the Punch List Contractor shall submit a payment application requesting that Owner pay the Contractor the remaining contract balance owed, including all retainage previously

held by Owner less an amount equal to 150 percent (150%) of the estimated cost to complete the items on the Punch List.

(e) The failure to include any corrective work or pending items not yet completed on the Punch List does not alter the responsibility of Contractor to complete all the construction services purchased pursuant to the Contract Documents.

(f) Owner shall have the right to exclude Contractor from the Work and Project site (or designated portion thereof) after the date of Substantial Completion, but Owner shall allow Contractor reasonable access to complete or correct items on the Punch List. The Project Manager, shall coordinate with the Contractor the return of any surplus assets, including materials, supplies, and equipment.

34.3 **Completion of Punch List Work and Release of Remaining Contract Balance**

(a) Upon completion of the Punch List Work, the Contractor shall certify in writing to the Project Manager that all Punch List Work has been completed in accordance with the Contract Documents and request the Project Manager to inspect the Work and to approve Punch List completion. If, in the Project Manager's opinion, the Work is not ready for such inspection, the Project Manager will so inform the Contractor, giving reasons for such opinion. If the Project Manager is satisfied that an inspection is warranted, the Project Manager will, within a reasonable time, schedule and conduct inspection(s) of the facility with representatives of the Owner's user department, the Professional (if any), and the Contractor, for the purpose of formally reviewing the completion of Punch List Work. If the Project Manager and the Contractor disagree on whether an item remains incomplete, the Project Manager has the final say on whether the item is complete or not.

(b) If, upon completion of the inspection(s) the Owner does not consider the Punch List Work complete, the Project Manager will notify the Contractor in writing giving specific reasons why the Punch List Work is not complete.

(c) Upon completion of all items on the Punch List, the Contractor may submit a Payment Request for the remaining amount withheld by the Owner. If a good-faith dispute exists as to whether one or more items identified on the list have been completed pursuant to the Contract Documents, the Owner may continue to withhold an amount not to exceed one hundred and fifty percent (150%) of the total costs to complete such items. This remaining balance of retainage may be requested by the Contractor in its Application for Final Payment after Final Acceptance of the Work by Owner (Exhibit F-2 Certificate of Final Completion).

(d) All items that require correction under the Contract Documents and that are identified after the preparation and delivery of the Punch List shall remain the obligation of the Contractor.

(e) Warranty Items may not affect the final payment of retainage pursuant to Section 218.735(7)(f), Florida Statutes.

(f) If the Owner fails to comply with its responsibilities to assist in developing the Punch List within the time frame applicable to the Project (as described above), the

Contractor may submit a request for all remaining retainage withheld by the Owner. The Owner need not pay or process any payment request for retainage if Contractor has, in whole or part, failed to cooperate with the Owner in development of the Punch List or failed to perform its contractual responsibilities with regard to development of the Punch List. Additionally, the Owner does not have to pay or release any amounts that are the subject of a good-faith dispute, the subject of a claim brought pursuant to Section 255.05, Florida Statutes, or otherwise the subject of a claim or demand by the Owner or Contractor.

34.4 **Final Completion**

(a) Upon written notice from the Contractor that the Project is complete, the Project Manager shall schedule a final inspection with the Contractor, the Design Professional, and any other personnel requested by the Project Manager. The Project Manager shall notify the Contractor in writing of any Work this inspection reveals to be defective, or otherwise not in accordance with the Contract Documents. The Contractor shall immediately take such action as may be necessary to remedy such defects and bring the Project into full compliance with the Contract Documents and then request another inspection.

(b) Final Completion of the Work shall be achieved by the Contractor when all the Work required under the Contract Documents has been satisfactorily completed, including all Punch List work, and specifically as noted in the Specifications section.

(c) After the Project Manager has determined that all Work has been completed, the Project Manager will issue a Certificate of Final Completion Exhibit F-2 for the Work.

34.5 **Application for Final Payment**

After the Certificate of Final Completion, Exhibit F-2 for the Work has been issued by the Project Manager, the Contractor may make Application for Final Payment following the procedure for progress payments. As an explicit condition precedent to the accrual of Contractor's right to final payment, Contractor shall have furnished Owner with a properly executed and notarized copy of the Release and Affidavit form attached as Exhibit C, as well as a duly executed copy of the Surety's consent to final payment and such other documentation that may be required by the Contract Documents, including but not limited to:

(1) Receipt of Contractor's Final Application for Payment.
(2) The Release and Affidavit in the form attached as Exhibit C.
(3) Consent of surety to final payment.
(4) Receipt of the Final Payment Check list, Exhibit G-1.
(5) If required by Owner, other data establishing payment or satisfaction of all obligations, such as receipts, releases and waivers of liens, arising out of the Contract Documents, to the extent and in such form as may be designated by Owner.

Prior to release of final payment and final retainage, the Contractor's Representative and the Project Manager shall jointly complete the Final Payment Checklist, a representative copy of which is attached to this Agreement as Exhibit G-1.

34.6 **Approval of Final Payment**

(a) If, on the basis of the Project Manager's observations and review of Work during Construction, final inspection, and review of the Application for Final Payment (all as required by the Contract Documents), the Project Manager is satisfied that the Work has been completed and the Contractor has fulfilled all of its obligations under the Contract Documents, the Project Manager will, within ten (10) days after receipt of the Application for Final Payment, indicate in writing that the entire remaining balance is found to be due and payable to the Contractor and approve payment. Otherwise, the Project Manager will return the Application to the Contractor, indicating in writing the reason for refusing to approve for final payment, in which case the Contractor will make the necessary corrections and resubmit the Application. Owner reserves the right to inspect the Work and make an independent determination as to the Work's acceptability, even though the Design Professional may have issued its recommendations.

(b) Contractor's acceptance of Final Payment shall constitute a full waiver of any and all claims by Contractor against Owner arising out of this Agreement or otherwise relating to the Project, except those previously made in writing in accordance with the requirements of the Contract Documents and identified by Contractor as unsettled in its final Application for Payment. Neither the acceptance of the Work nor payment by Owner shall be deemed to be a waiver of Owner's right to enforce any obligations of Contractor hereunder or to the recovery of damages for defective Work not discovered by the Design Professional or Project Manager at the time of final inspection.

The Contractor's obligation to perform the Work and complete the Project in accordance with the Contract Documents shall be absolute. Neither approval of any progress or final payment, the issuance of a Certificate of Substantial Completion, any payment by the Owner to the Contractor under the Contract Documents, any use or occupancy of the Project or any part thereof by the Owner, the issuance of a Final Completion, any act of acceptance by the Owner, any failure to do so, nor any correction of defective Work by the Owner shall constitute an acceptance of Work not in accordance with the Contract Documents.

36. ■ **WARRANTY**. Contractor shall obtain and assign to Owner all express warranties given to Contractor or any subcontractors by any subcontractor or material men supplying materials, equipment or fixtures to be incorporated into the Project. Contractor warrants to Owner that any materials and equipment furnished under the Contract Documents shall be new unless otherwise specified. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after substantial completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of

written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. Further, in the event of an emergency, Owner may commence to correct any defective Work, without prior notice to Contractor, at Contractor's expense. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

No later than 30 days prior to expiration of the warranty, the Project Manager, or another representative of the Owner, shall conduct an inspection of the warranted work to verify compliance with the requirements of the Agreement. The Contractor's Representative shall be present at the time of inspection and shall take remedial actions to correct any deficiencies noted in the inspection. Failure of the Contractor to correct the cited deficiencies shall be grounds for the Owner to disqualify the Contractor from future bid opportunities with the Owner, in addition to any other rights and remedies available to Owner.

37. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

38. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

39. **DISPUTE RESOLUTION.**

A. All disputes arising under or relating to this Agreement shall be resolved in accordance with this Section, except for disputes related to payment matters and payment disputes upon submission of pay applications, which shall be addressed and resolved in accordance with Collier County Ordinance No. 2017-08, as amended, and governed by the time to commence and conclude payment dispute proceedings set forth in Section 218.76(2)(a), Fla. Stat.

B. Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

40. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

41. ☐ ~~**KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.~~

☒ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet required services.

42. ☐ ~~**ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.~~

☒ **ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.

43. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

44. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment

verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years.

All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliercountyfl.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

45. ■ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

(Intentionally left blank -signature page to follow)

IN WITNESS WHEREOF, the parties hereto, by an authorized person or agent, have executed this Agreement on the date and year first written above.

ITB # 22-8056
"High/Medium Voltage Electrical Services"
Exhibit A
Scope of Services

This Agreement is awarded to multiple Contractors to provide high/medium voltage services, including on-call urgent services, regardless of location, for a wide range of projects as may be requested by the County.

The table below contains examples of the present facilities that will require industrial electrical services. Florida Power and Light is currently the predominant electrical supplier for the County, with a limited area in the growing Northeast serviced by Lee County Electric Cooperative, Inc. This list is not all-inclusive and is provided for reference only.

Example Plant Facilities Table		
Description	Max Fault Protection (amp)	Voltage/Phase
Irrigation Quality Pump Stations	2000	480 / 3
Wastewater Pump Stations	2000	480 / 3
North County Water Reclamation Facility	4000	480 / 3
South County Water Reclamation Facility	4000	480 / 3
Golden Gate Water Reclamation Facility	2000	480 / 3
Orange Tree Waste Reclamation Facility	2000	480 / 3
Northeast Waste Reclamation Facility	2000	480 / 3
Northeast Water Plant	600	13,200 / 3
North Water Plant	1000	13,200 / 3
South Water Plant	800	13,200 / 3
Water Pump Stations	2000	480 / 3

Section A. Services and Minimum Qualifications

Services and Contractor qualifications shall include, but not be limited to, the following:

1. **Power Distribution Maintenance**
   a. The Contractor must have knowledge, skills, and the ability to construct, maintain, diagnose, and repair industrial plant electrical power components.
   b. These components and equipment will include but shall not be limited to: High and Medium Voltage (4160V – 13.2 kV) – delta or wye systems, transformers, switching gear, motor starters and panels, protective devices, and many other similar devices.

2. **Inspections and Testing**
   a. The Contractor must have the experience to identify and communicate to the appropriate County staff any issues that could cause a disruption in the function of the equipment when performing inspections and tests.
   b. The Contractor must have the knowledge and experience to perform the proper inspections and tests that will ensure the County equipment functions properly and complies with all electrical codes and standards.
   c. The Contractor shall place a label on all devices tested with the date of the test, company name, and results.

3. **Troubleshooting & Diagnostic Testing**
   a. The Contractor must have the experience to complete diagnostic testing that shall include but is not limited

CAO

to power monitoring, harmonic analysis, short circuit studies, grounding studies, insulation testing, and fault analysis.

b. The Contractor must be capable of quick and efficient troubleshooting electrical problems when a component fails to work due to a loss of power.

4. **Maintenance and Repair**
   a. The Contractor must have the experience and ability to complete preventative, predictive, and corrective electrical maintenance on equipment ranging in voltage from 480V to 13.2 kV.

5. **Rehabilitation of systems and equipment**
   a. The Contractor must have experience in successful rehabilitation projects as they relate to this Scope of Work. The Contractor must have the ability and resources to complete rehabilitation projects on time and within budget.

6. **Other Testing & Inspections**
   a. The Contractor may be required to provide, either directly or through the use of a subcontractor, inspection and testing services by a certified representative on an as-needed basis, such as:

- **Pad Mounted Transformer Oil Testing** – The Contractor shall draw oil from all oil-filled transformers for ASTM Oil Transformer Analysis. These annual tests show any changes and help prevent unanticipated failures by allowing planning for replacements. The quote shall be per transformer and shall include labor, testing, and reports. The reports shall include historical data for graphing purposes.

- **Medium Voltage Vacuum Breaker Inspection and Testing** – The following inspection and testing shall be completed by the Contractor after the County has performed all switching and protective device settings. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. These inspections and testing shall follow the National Fire Protection Association's (NFPA) 70B – Electrical Equipment Maintenance and the International Electrical Testing Association – Maintenance Testing Specifications.

  - Visual and Mechanical Inspection
    - Verify documentation of equipment nameplate data.
    - Inspect for physical damage.
    - Clean and lubricate the operating mechanism.
    - Vacuum the enclosure and clean the busbars
    - Inspect the breaker for cell alignment, anchorage, and grounding.
    - Verify the operating mechanism for alignment and clearances.
    - Inspect the contact wear and measurement of critical distances, such as the contact gap, in accordance with the manufacturer's recommendations.

  - Electrical Tests
    - Measure the contact resistance.
    - Trip the circuit breaker by operating the protective device.
    - Close and trip the breaker with the local control switch and verify trip, close, trip-free, and anti-pump functions.
    - Test the insulation resistance phase to ground, phase to phase, and across open contacts.
    - Test the vacuum bottle integrity on each phase in accordance with the manufacturer's recommendations.
    - Test the insulation resistance. (This test shall not be performed on control wiring connected to solid-state devices).
    - Test minimum pickup voltage on the trip and close coils.

  - Equipment
    - Breakers will range from 480V up to 13.2kV

- **Protective Relays Inspection & Testing for Medium Voltage** – The following inspections and testing shall be completed by the Contractor after the County has performed all switching and protective device settings. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. These inspections and testing shall follow the NFPA 70B – Electrical Equipment Maintenance and the International Electrical Testing Associations – Maintenance Testing Specifications.

  - Visual and Mechanical Inspection
    - Verify documentation of equipment nameplate data.
    - Inspect for physical damage.
    - Inspect for the presence of foreign material, moisture, corrosion, condition of spiral spring, and disc clearance on the electromechanical relays.
    - Verify the tightness of case connections.
    - Inspect the gasket for the correct gasket seal.
    - Inspect shoring hardware, connection paddles, and/or knife switches.
    - Remove any foreign material from the case.
    - Verify target reset.
    - Clean cover glass and relay components as required.
    - Verify the freedom of movement, proper travel, alignment on electro-mechanical relays, and tightness of mounting hardware and tap screws.
    - Inspect bearing and/or pivots.
    - Burnish contacts.
    - Set relays in accordance with County requirements.

  - Electrical Tests
    - Test the pickup parameters on each operating element.
    - Test the timing at three (3) points on-time characteristic curve.
    - Test the pickup target and seal-in units, as applicable.
    - Test the insulation resistance on each circuit branch to frame on only electro-mechanical relays.
    - Verify that each of the relay contacts operates its associated device only if permitted by Plant Operators.

- **Grounding & Ground Resistance Testing** - As required, the Contractor shall provide ground resistance testing using the "Fall-Of-Potential" method and any other ground resistance testing requested by the County because of environmental deterioration such as lightning and corrosion damage, low water tables, and/or additions and improvements to the electrical systems to verify the ground sufficiency and meeting the required codes. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. **The quantity and type of gear may change as a result of upgrades to the facility.**

7. **Thermography Inspections**

   a. The Contractor may be required to provide, either directly or through a subcontractor, Thermography Inspections of the electrical distribution system, identifying equipment and connections operating above "normal" temperatures. "Normal" operating temperatures are defined in terms of rising above ambient temperature.

   - A technician completing this work must be a Certified Thermographer with a minimum of three (3) years conducting infrared inspections and two (2) years of experience in the electrical trade.

   - The Contractor will be required to create a log with the time of day the inspection was made, a description of the equipment, and notes as to whether a problem was found or not. Two (2) copies of a report showing the hot spots located shall be provided to the County after the inspection is completed. The report shall include recommendations for repairs, images, and tables showing what was found. The Contractor shall place a label on all devices tested with the date of test, company name, and results. For each Thermal problem, the date and time, estimated temperature, and the perceived severity or priority

CAO

of the problem shall be reported. Two (2) images shall be provided for each problem, one color image showing the variation in temperatures and the other color image showing the piece of equipment. The severity of the thermal concern shall be identified as (1) "immediate", (2) "next shutdown", or (3) "as time permits". A proposed report format and inspection log shall be submitted with the quotation.

Section B. Procedures for Distribution of Work

All awarded Contractors are expected to submit quotes for each Request for Quotation that will be issued under the resultant contract, for the duration of the contract. Repeatedly failing to submit a quote, when requested, may result in the removal of the awardee from the contract pool.

Quotes will be requested for each project. The procedure to be followed will be determined by the value of the project.

For all projects with a value **up to $1,000,000**, the procedure for obtaining quotes from the awarded Contractors is outlined below:

1. A Summary of Work and a Request for Quotation will be sent to all the selected Contractors, along with any applicable project plans and technical specifications. Completion time and the collection of liquidated damages may be specified in the Request for Quotation.

2. The County's Project Manager will set the required response time for each project, but the Contractors will be given a minimum of ten (10) business days to provide a quote. Other projects may require a longer quoting period to allow for proper coordination. This period may also include a pre-bid meeting.

3. The County may negotiate terms and conditions of the Scope of Work.

4. The County's Project Manager will review all quotes received by the given due date and may negotiate with the Contractor who submits the lowest quote, if outside the budget.

5. **Payment and Performance Bonds will be required for projects over $200,000** and shall be provided within ten (10) business days after notification of intent to award.

6. Contractor will commence work upon the County's issuance of a Notice to Proceed and Purchase Order. The Contractor agrees that any Purchase Order that extends beyond the expiration date of the resultant contract will survive and remain subject to the terms and conditions of the resultant contract until the completion or termination of work.

7. **Any project over $500,000 will require further Board approval.**

The County reserves the right to waive any or all of these requirements if in the best interest of the County and to separately solicit any job.

Projects exceeding the $1,000,000 threshold will be formally solicited.

The Contractor will be compensated for lump sum, unit price, and/or time and material (T&M) work, as applicable, including material and subcontractor markup.

All T&M work will utilize a fee schedule – **Exhibit B** of the Agreement. **Markup for subcontractors shall not exceed 15%. The markup for parts/materials and rental equipment shall not exceed 10%.**

For all T&M work, Contractor(s) shall be required to provide backup documentation of Contractor's time and proof of the subcontractor services with submission of invoice. Equipment or parts/materials with a single item amount of $500.00 or more shall require the Contractor to provide backup documentation. For all rental equipment, a copy of the rental receipt must be provided with the Contractor's invoice.

Ancillary charges may be transferred to the County in the actual amount; however, mark-ups will not be allowed. Mark-ups will not be allowed on shipping, freight, sales tax, consumer fees or taxes, use and other similar taxes or fees associated with any work under the resultant contract. All shipping or freight charges must have backup documentation.

Section C. Non-Urgent Work

Work will be performed during normal business hours, Monday through Friday, 7:00 AM to 5:00 PM, excluding County observed holidays. In some cases, work may be required after-hours and weekends. Project schedule shall be approved by the County's Project Manager.

Section D. On-Call Urgent Work

Urgent work shall be defined as any work that is not scheduled. 24-hour availability is needed to complete on-call urgent work. Urgent work will be completed on a rotating schedule with one (1) Contractor designated for a one (1) week period. Each awarded Contractor shall supply all County divisions/departments utilizing this contract with a minimum of two (2) twenty-four (24) hour urgent contact phone numbers. All Contractors must participate in the urgent work rotation, which will be equally divided. The County Project Manager or designee will manage and maintain rotation schedules such that a minimum of six (6) months of future equitable assignments are accessible to all Contractors awarded.

Urgent calls for assistance must be responded to with the Contractor's Journeyman on-site within three (3) hours to evaluate the job. Within five (5) hours of the request for assistance, the Contractor shall have appropriate crew, equipment, and, if necessary, Maintenance of Traffic set up. Additional time may be approved by the County in writing. Should a Contractor fail to respond to an urgent call the next Contractor in rotation shall be contacted. Any failure to provide coverage by a Contractor may be subject to termination.

All urgent work will be billed in accordance with the T&M fee schedule.

Section E. General Requirements

1. At a minimum, the awarded Contractor(s) must assign a licensed Journeymen Electrician on site during any work performed. When requested by the County, a Florida-licensed Master Electrician shall be made available to assist in any issue that may arise. The Contractor's employees performing electrical maintenance service shall have experience in high/medium voltage, as warranted.

2. The Contractor and all employees providing services under this agreement shall comply with all applicable Federal, State, and Local laws, codes, and regulations, including, but not limited to:

   - National Electric Code (NEC)
   - National Fire Protection Association (NFPA) 70E High Voltage
   - Institute of Electrical and Electronics Engineers (IEEE) PC57.13.2
   - Occupational Safety and Health Standards (OSHA)
   - Any other related and/or required federal, state, and local regulations to complete the work in a professional manner.

3. Equipment/Parts/Materials:

   All equipment and parts provided and installed by the Contractor under the awarded contract shall be new, free of defects, and may require County approval prior to installation. At a minimum, replacement parts and/or maintenance materials shall be based on the manufacturer's recommendations. The County reserves the right to supply parts and materials for selected projects and repairs.

CAO

The Contractor shall, under no circumstances, remove any equipment containing a County asset sticker, without written authorization from County staff. The Contractor(s) shall request that, when replacing equipment, the asset sticker be removed by an appropriate County staff member authorized to adjust equipment inventory records.

4. Reporting:

   The Contractor shall submit a full report to the County on the work that was performed, including, but not limited to: inspections, diagnostic testing, troubleshooting, repairs, new installations, and/or maintenance. Final payment may be delayed until the County is in receipt of all requested reporting documents.

5. Permits:

   The Contractor shall be responsible for permit submissions unless otherwise instructed by the County. Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. Permit fees will be reimbursed at cost, no markup shall be allowed. Supporting documentation showing the fee paid must be included with the Contractor's invoice.

6. Safety:

   Barrier and Lights – During the progress of the work, the Contractor shall place and maintain, at all times, such barriers and lights that will effectively prevent accidents and keep personnel from entering the work area.

   Maintenance of Traffic Plans (MOT) – When staging areas are close to the street or in the traffic areas, an MOT shall be prepared and conform to the latest edition of the Florida Department of Transportation (FDOT) Design Standards, 600 series, and The Manual on Uniform Traffic Control Devices (MUTCD). The Contractor is authorized to subcontract MOT. It is required that either the Contractor or the subcontractor have current FDOT-approved MOT or Temporary Traffic Control, Intermediate Level, Certification per FDOT, Design Standards, 600 series indexes. The Contractor or subcontractor shall have current FDOT-approved certification in their name.

   Personal Protective Equipment (PPE) – All personnel shall use proper PPE while work is being performed and must follow all NFPA 70E requirements.

   Safety Issue Response - The County reserves the right to stop work for any safety concerns observed by any County employee.

7. Facility Security:

   The Contractor shall comply with the Department's security guidelines on facility security policies, this may include additional policies and procedures for work to be performed at the Collier County Sherriff's Office. Violations of these rules could, at a minimum, result in the termination of the awarded Contract.

   The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, the Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state, and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications, and other related records. The Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years.

   All the Contractor's employees and subcontractors must always wear Collier County Government

CAO

Identification badges while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliercountyfl.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon the award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

EXHIBIT B – 1: PUBLIC PAYMENT BOND

Bond No. _____ Contract No. _____

KNOW ALL MEN BY THESE PRESENTS: That _____ as Principal/Contractor, and _____, as Surety, located at _____ (Business Address) are held and firmly bound to Collier County Board of County Commissioners as Oblige in the sum of _____ ($_____), this includes allowance for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors, and assigns, jointly and severally.

WHEREAS, Principal has entered into a contract dated as of the _ day of _____, 20___ with Oblige for _____ (Project) in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof and is referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

Promptly makes payment to all claimants as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials, or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the contract, then this bond is void; otherwise, it remains in full force.

Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect sureties' obligation under this Bond.

The provisions of this bond are subject to the time limitations of Section 255.0592. In no event will the Surety be liable in the aggregate to claimants for more than the penal sum of this Payment Bond, regardless of the number of suits that may be filed by claimants.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____day of _____, 20___, the name of undersigned representative, pursuant to authority of its governing body.

Exhibit B-2 Public Performance Bond

(Template to follow this page.)

EXHIBIT B – 2: PUBLIC PERFORMANCE BOND

Bond No. _____ Contract No. _____

KNOW ALL MEN BY THESE PRESENTS: That _____ as Principal/Contractor, and _____, as Surety, located at _____ (Business Address) are held and firmly bound to Collier County Board of County Commissioners as Oblige in the sum of _____ ($_____), in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof, and is referred to herein as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract; and

2. Pays Obligee any and all losses, damages, costs, and attorneys' fees that Obligee sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Obligee; and

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract, then this bond is void; otherwise, it remains in full force. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect Sureties obligation under this Bond.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in anywise affect its obligations under this bond, and it does hereby waive notice of any such changes, extensions of time, alterations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond. It is expressly understood that the time provisions and statute of limitations under Section 255.05, Florida Statutes, shall not apply to this bond.

In no event will the Surety be liable in the aggregate to Obligee for more than the penal sum of this Performance Bond regardless of the number of suits that may be filed by Obligee.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ day of _____, 20 ____, the name of each party being affixed, and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

EXHIBIT C: RELEASE AND AFFIDAVIT FORM

COUNTY OF (_____)
STATE OF (_____)

Before me, the undersigned authority, personally appeared _____who after being duly sworn, deposes and says:

(1) In accordance with the Contract Documents and in consideration of $_____ to be received, _____ ("Contractor") releases and waives for itself and its subcontractors, material-men, successors and assigns, all claims demands, damages, costs and expenses, whether in contract or in tort, against the Board of County Commissioners of Collier County, Florida, relating in any way to the performance of the Agreement between Contractor and Owner, dated _____, 20____ for the period from _____ to _____. This partial waiver and release is conditioned upon payment of the consideration described above. It is not effective until said payment is received in paid funds.

(2) Contractor certifies for itself and its subcontractors, material-men, successors and assigns, that all charges for labor, materials, supplies, lands, licenses and other expenses for which Owner might be sued or for which a lien or a demand against any payment bond might be filed, shall be fully satisfied and paid upon Owner's payment to Contractor.

(3) Contractor agrees to indemnify, defend and save harmless Owner from all demands or suits, actions, claims of liens or other charges filed or asserted against the Owner arising out of the performance by Contractor of the Work covered by this Release and Affidavit.

(4) This Release and Affidavit is given in connection with Contractor's [monthly/final] Application for Payment No. _____.

Description: Federal Emergency Management Agency Public Assistance Provisions

☒ following this page (pages 1 through 11)

☐ this exhibit is not applicable

FEDERAL EMERGENCY MANAGEMENT AGENCY
PUBLIC ASSISTANCE

The supplemental conditions contained in this section are intended to cooperate with, to supplement, and to modify the general conditions and other specifications. In cases of disagreement with any other section of this contract, the Supplemental Conditions shall govern. This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract.

Pursuant uniform requirements of federal awards (2 CFR Part 200.23) the definition of CONTRACTOR is an entity that receives a Contract / Purchase Order.

Compliance with Federal Law, Regulations and Executive Orders: The Sub-Recipient (County) agrees to include in the subcontract that (i) the subcontractor is bound by the terms of the Federally-Funded Subaward and Grant Agreement, (ii) the subcontractor is bound by all applicable state and Federal laws and regulations, and (iii) the subcontractor shall hold the Division and Sub-Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law.

Specifically, the Contractor shall be responsible for being knowledgeable and performing any and all services under this contract in accordance with the following governing regulations along with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

- 2 C.F.R. Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 44 C.F.R. Part 206
- The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, 42 U.S.C. 5121 et seq., and Related Authorities
- FEMA Public Assistance Program and Policy Guide

CAO

Access to Records: The contractor agrees to provide the County, the Florida Department of Emergency Management, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. (3) The contractor agrees to provide the FEMA Administrator or his authorized representatives' access to construction or other work sites pertaining to the work being completed under the contract. (4) In compliance with section 1225 of the Disaster Recovery Act of 2018, the County and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

Affirmative Socioeconomic Steps: If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Changes: To be allowable under a FEMA grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allowable, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

DHS Seal, Logo, and Flags: The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval. The contractor shall include this provision in any subcontracts.

Domestic Preference for Procurements: As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

License and Delivery of Works Subject to Copyright and Data Rights: The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

No Obligation by Federal Government: The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

CAO

Prohibition on Covered Telecommunications Equipment or Services:
(a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds forcovered Telecommunications Equipment or Services As used in this clause –

(b) Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
(iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

(1) This clause does not prohibit contractors from providing — (i). A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or (ii). Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to: (i). Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system. (ii). Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d)Reporting requirement.

(1) In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause: (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer

CAO

number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended. (ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph(e), in all subcontracts and other contractual instruments.

Program Fraud and False or Fraudulent Statements or Related Acts: The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's actions pertaining to this contract.

Rights to Inventions Made Under a Contract or Agreement: Exempt from FEMA Public Assistance Funding

Suspension and Debarment: (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935). (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. (3) This certification is a material representation of fact relied upon by the County. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Procurement of Recovered Materials (§200.323) (Over $10,000): In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired— Competitively within a timeframe providing for compliance with the contract performance schedule; Meeting contract performance requirements; or At a reasonable price. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines webpage:

https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Termination for Cause and Convenience (over $10,000): See Standard Purchase Order and/or Contract Terms and Conditions

Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352 (as amended) (over $100,000): Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient."

CAO

Contractors must sign and submit a certification to the County with each bid or offer exceeding $100,000. See Certifications and Assurances and the end of this document.

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) (over $100,000): Where applicable, all contracts awarded by the solicitor in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5).

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The County or FEMA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

For contracts that are only subject to Contract Work Hours and Safety Standards Act and are not subject to the other statutes in 29 C.F.R. § 5.1 "Further Compliance with the Contract Work Hours and Safety Standards Act.

(1) The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
(2) Records to be maintained under this provision shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Homeland Security, the Federal Emergency Management Agency, and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

CAO

Clean Air Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Administrative, Contractual, or Legal Remedies (over $250,000): Unless otherwise provided in this contract, all claims, counter-claims, disputes and other matters in question between the local government and the contractor, arising out of or relating to this contract, or the breach of it, will be decided by arbitration, if the parties mutually agree, or in a Florida court of competent jurisdiction.

CONSTRUCTION ACTIVITIES
Equal Employment Opportunity Clause (§60-1.4): Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part an the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Copeland Anti-Kickback Act: Exempt under FEMA Public Assistance Funding

CAO

Compliance with Federal Law, Regulations, And Executive Orders and Acknowledgement of Federal Funding

Certification

This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

If the Contractor subcontracts any of the work required under this Agreement, a copy of the signed subcontract must be available to the County for review and approval. The Contractor agrees to include in the subcontract that (1) the subcontractor is bound by the terms of this Agreement, (ii) the subcontractor is bound by all applicable state and federal laws and regulations, and (iii) the subcontractor shall hold the County and the Grantor Agency harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law. The County may document in the quarterly report the Contractor's progress in performing its work under this agreement.

On behalf of my firm, I acknowledge, the grant requirements identified in this document.

LOBBYING CERTIFICATION
(To be submitted with each bid or offer exceeding $100,000)

The undersigned [Contractor] certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

INTRODUCTION

As requested by the Public Utilities Department (hereinafter, the "Department"), the Collier County Board of County Commissioners Procurement Services Division (hereinafter, "County") has issued this Invitation for Qualification (hereinafter, "IFQ") with the intent of obtaining proposals from interested and qualified contractors in accordance with the terms, conditions, and specifications stated or attached. The contractor, at a minimum, must achieve the requirements of the Specifications or Scope of Work stated.

The intent of this solicitation is to award a minimum of three (3) Contractors to complete various high/medium voltage electrical projects, as may be required by Collier County.

The results of this solicitation may be used by other County departments once awarded according to the Board of County Commissioners Procurement Ordinance.

County departments anticipate spending approximately $2,000,000 annually; however, this may not be indicative of future projects and events. FEMA funding may be used, in part, in support of this procurement.

BACKGROUND

The Public Utilities Department operates and maintains water and wastewater treatment facilities and transmission and collection facilities within Collier County. These facilities range from 13.2 kV power distribution systems to 480V.

The Contractor must demonstrate its expertise to provide technical and specialized high/medium voltage electrical maintenance services, outlined in these specifications. The Contractor must also have the knowledge, skills, and ability to properly diagnose, repair, maintain, rehabilitate, and construct any of the Department's electrical components and systems.

TERM OF CONTRACT

The contract term, if an award(s) is/are made, is intended to be for three (3) years with two (2) one-year renewals.

Prices shall remain firm for the initial term of this contract.

Surcharges will not be accepted in conjunction with this contract, and such charges should be incorporated into the pricing structure.

The County Manager, or designee, may, at his discretion, extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred eighty (180) days. The County Manager, or designee, shall give the Contractor written notice of the County's intention to extend the Agreement term not less than ten (10) days prior to the end of the Agreement term then in effect.

DETAILED SCOPE OF WORK

The County is seeking qualified High/Medium Voltage Electrical Contractors licensed in the State of Florida. The intent of this solicitation is to award multiple Contractors to provide high/medium voltage services, including on-call urgent services, regardless of location, for a wide range of projects as may be requested by the County.

The table below contains examples of the present facilities that will require industrial electrical services. Florida Power and Light is currently the predominant electrical supplier for the County, with a limited area in the growing Northeast serviced by Lee County Electric Cooperative, Inc. This list is not all-inclusive and is provided for reference only.

Example Plant Facilities Table

Description	Max Fault Protection (amp)	Voltage/Phase
Irrigation Quality Pump Stations	2000	480 / 3
Wastewater Pump Stations	2000	480 / 3
North County Water Reclamation Facility	4000	480 / 3
South County Water Reclamation Facility	4000	480 / 3
Golden Gate Water Reclamation Facility	2000	480 / 3
Orange Tree Waste Reclamation Facility	2000	480 / 3
Northeast Waste Reclamation Facility	2000	480 / 3
Northeast Water Plant	600	13,200 / 3
North Water Plant	1000	13,200 / 3
South Water Plant	800	13,200 / 3
Water Pump Stations	2000	480 / 3

Section A. Services and Minimum Qualifications

Services and Contractor qualifications shall include, but not be limited to, the following:

1. **Power Distribution Maintenance**
   a. The Contractor must have knowledge, skills, and the ability to construct, maintain, diagnose, and repair industrial plant electrical power components.
   b. These components and equipment will include but shall not be limited to: High and Medium Voltage (4160V – 13.2 kV) – delta or wye systems, transformers, switching gear, motor starters and panels, protective devices, and many other similar devices.

2. **Inspections and Testing**
   a. The Contractor must have the experience to identify and communicate to the appropriate County staff any issues that could cause a disruption in the function of the equipment when performing inspections and tests.
   b. The Contractor must have the knowledge and experience to perform the proper inspections and tests that will ensure the County equipment functions properly and complies with all electrical codes and standards.
   c. The Contractor shall place a label on all devices tested with the date of the test, company name, and results.

3. **Troubleshooting & Diagnostic Testing**
   a. The Contractor must have the experience to complete diagnostic testing that shall include but is not limited to power monitoring, harmonic analysis, short circuit studies, grounding studies, insulation testing, and fault analysis.
   b. The Contractor must be capable of quick and efficient troubleshooting electrical problems when a component fails to work due to a loss of power.

4. **Maintenance and Repair**
   a. The Contractor must have the experience and ability to complete preventative, predictive, and corrective electrical maintenance on equipment ranging in voltage from 480V to 13.2 kV.

5. **Rehabilitation of systems and equipment**
   a. The Contractor must have experience in successful rehabilitation projects as they relate to this Scope of Work. The Contractor must have the ability and resources to complete rehabilitation projects on time and within budget.

6. AutoCAD Drawings

a. The Contractor will, at the County's request, provide electrical drawings using AutoCAD that will be used for record drawings in DXF or DWG format. If work requires the Contractor to supply AutoCAD drawings, the County must be in possession of the drawings before the final payment is released.

7. Other Testing & Inspections

a. The Contractor may be required to provide, either directly or through the use of a subcontractor, inspection and testing services by a certified representative on an as-needed basis, such as:

- **Pad Mounted Transformer Oil Testing** – The Contractor shall draw oil from all oil-filled transformers for ASTM Oil Transformer Analysis. These annual tests show any changes and help prevent unanticipated failures by allowing planning for replacements. The quote shall be per transformer and shall include labor, testing, and reports. The reports shall include historical data for graphing purposes.

- **Medium Voltage Vacuum Breaker Inspection and Testing** – The following inspection and testing shall be completed by the Contractor after the County has performed all switching and protective device settings. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. These inspections and testing shall follow the National Fire Protection Association's (NFPA) 70B – Electrical Equipment Maintenance and the International Electrical Testing Association – Maintenance Testing Specifications.

  - Visual and Mechanical Inspection
    - Verify documentation of equipment nameplate data.
    - Inspect for physical damage.
    - Clean and lubricate the operating mechanism.
    - Vacuum the enclosure and clean the busbars
    - Inspect the breaker for cell alignment, anchorage, and grounding.
    - Verify the operating mechanism for alignment and clearances.
    - Inspect the contact wear and measurement of critical distances, such as the contact gap, in accordance with the manufacturer's recommendations.

  - Electrical Tests
    - Measure the contact resistance.
    - Trip the circuit breaker by operating the protective device.
    - Close and trip the breaker with the local control switch and verify trip, close, trip-free, and anti-pump functions.
    - Test the insulation resistance phase to ground, phase to phase, and across open contacts.
    - Test the vacuum bottle integrity on each phase in accordance with the manufacturer's recommendations.
    - Test the insulation resistance. (This test shall not be performed on control wiring connected to solid-state devices).
    - Test minimum pickup voltage on the trip and close coils.

  - Equipment
    - Breakers will range from 480V up to 13.2kV

- **Protective Relays Inspection & Testing for Medium Voltage –** The following inspections and testing shall be completed by the Contractor after the County has performed all switching and protective device settings. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. These inspections and testing shall follow the NFPA 70B – Electrical Equipment Maintenance and the International Electrical Testing Associations – Maintenance Testing Specifications.

  - Visual and Mechanical Inspection
    - Verify documentation of equipment nameplate data.
    - Inspect for physical damage.
    - Inspect for the presence of foreign material, moisture, corrosion, condition of spiral spring, and disc clearance on the electromechanical relays.
    - Verify the tightness of case connections.
    - Inspect the gasket for the correct gasket seal.
    - Inspect shoring hardware, connection paddles, and/or knife switches.
    - Remove any foreign material from the case.
    - Verify target reset.
    - Clean cover glass and relay components as required.
    - Verify the freedom of movement, proper travel, alignment on electro-mechanical relays, and tightness of mounting hardware and tap screws.

- Inspect bearing and/or pivots.
- Burnish contacts.
- Set relays in accordance with County requirements.

- Electrical Tests
  - Test the pickup parameters on each operating element.
  - Test the timing at three (3) points on-time characteristic curve.
  - Test the pickup target and seal-in units, as applicable.
  - Test the insulation resistance on each circuit branch to frame on only electro-mechanical relays.
  - Verify that each of the relay contacts operates its associated device only if permitted by Plant Operators.

- **Grounding & Ground Resistance Testing** - As required, the Contractor shall provide ground resistance testing using the "Fall-Of-Potential" method and any other ground resistance testing requested by the County because of environmental deterioration such as lightning and corrosion damage, low water tables, and/or additions and improvements to the electrical systems to verify the ground sufficiency and meeting the required codes. The Contractor shall provide to the County two (2) copies of a report, including test results to verify the condition of the equipment and recommendations for actions to be taken for each piece of equipment. **The quantity and type of gear may change as a result of upgrades to the facility**.

8. Thermography Inspections

a. The Contractor may be required to provide, either directly or through a subcontractor, Thermography Inspections of the electrical distribution system, identifying equipment and connections operating above "normal" temperatures. "Normal" operating temperatures are defined in terms of rising above ambient temperature.

- A technician completing this work must be a Certified Thermographer with a minimum of three (3) years conducting infrared inspections and two (2) years of experience in the electrical trade.

- The Contractor will be required to create a log with the time of day the inspection was made, a description of the equipment, and notes as to whether a problem was found or not. Two (2) copies of a report showing the hot spots located shall be provided to the County after the inspection is completed. The report shall include recommendations for repairs, images, and tables showing what was found. The Contractor shall place a label on all devices tested with the date of test, company name, and results. For each Thermal problem, the date and time, estimated temperature, and the perceived severity or priority of the problem shall be reported. Two (2) images shall be provided for each problem, one color image showing the variation in temperatures and the other color image showing the piece of equipment. The severity of the thermal concern shall be identified as (1) "immediate", (2) "next shutdown", or (3) "as time permits". A proposed report format and inspection log shall be submitted with the quotation.

Section B. Procedures for Distribution of Work

All awarded Contractors are expected to submit quotes for each Request for Quotation that will be issued under the resultant contract, for the duration of the contract. Repeatedly failing to submit a quote, when requested, may result in the removal of the awardee from the contract pool.

Quotes will be requested for each project. The procedure to be followed will be determined by the value of the project.

For all projects with a value **up to $1,000,000**, the procedure for obtaining quotes from the awarded Contractors is outlined below:

1. A Summary of Work and a Request for Quotation will be sent to all the selected Contractors, along with any applicable project plans and technical specifications. Completion time and the collection of liquidated damages may be specified in the Request for Quotation.

2. The County's Project Manager will set the required response time for each project, but the Contractors will be given a minimum of ten (10) business days to provide a quote. Other projects may require a longer quoting period to allow for proper coordination. This period may also include a pre-bid meeting.

3. The County may negotiate terms and conditions of the Scope of Work.

4. The County's Project Manager will review all quotes received by the given due date and may negotiate with the Contractor who submits the lowest quote, if outside the budget.

5. **Payment and Performance Bonds will be required for projects over $200,000** and shall be provided within ten (10) business days after notification of intent to award.

6. Contractor will commence work upon the County's issuance of a Notice to Proceed and Purchase Order. The Contractor agrees that any Purchase Order that extends beyond the expiration date of the resultant contract will survive and remain subject to the terms and conditions of the resultant contract until the completion or termination of work.

7. **Any project over $500,000 will require further Board approval.**

The County reserves the right to waive any or all of these requirements if in the best interest of the County and to separately solicit any job.

Projects exceeding the $1,000,000 threshold will be formally solicited.

The Contractor will be compensated for lump sum, unit price, and/or time and material (T&M) work, as applicable, including material and subcontractor markup.

All T&M work will utilize a fee schedule. Fee schedule rates, which are subject to additions or deletions, will be negotiated with the awarded Contractors and will be added to the contract for utilization. **Markup for subcontractors shall not exceed 15%. The markup for parts/materials and rental equipment shall not exceed 10%.**

For all T&M work, Contractor(s) shall be required to provide backup documentation of Contractor's time and proof of the subcontractor services with submission of invoice. Equipment or parts/materials with a single item amount of $500.00 or more shall require the Contractor to provide backup documentation. For all rental equipment, a copy of the rental receipt must be provided with the Contractor's invoice.

Ancillary charges may be transferred to the County in the actual amount; however, mark-ups will not be allowed. Mark-ups will not be allowed on shipping, freight, sales tax, consumer fees or taxes, use and other similar taxes or fees associated with any work under the resultant contract. All shipping or freight charges must have backup documentation.

Section C. Non-Urgent Work

Work will be performed during normal business hours, Monday through Friday, 7:00 AM to 5:00 PM, excluding County observed holidays. In some cases, work may be required after-hours and weekends. Project schedule shall be approved by the County's Project Manager.

Section D. On-Call Urgent Work

Urgent work shall be defined as any work that is not scheduled. 24-hour availability is needed to complete on-call urgent work. Urgent work will be completed on a rotating schedule with one (1) Contractor designated for a one (1) week period. Each awarded Contractor shall supply all County divisions/departments utilizing this contract with a minimum of two (2) twenty-four (24) hour urgent contact phone numbers. All Contractors must participate in the urgent work rotation, which will be equally divided. The County Project Manager or designee will manage and maintain rotation schedules such that a minimum of six (6) months of future equitable assignments are accessible to all Contractors awarded.

Urgent calls for assistance must be responded to with the Contractor's Journeyman on-site within three (3) hours to evaluate the job. Within five (5) hours of the request for assistance, the Contractor shall have appropriate crew, equipment, and, if necessary, Maintenance of Traffic set up. Additional time may be approved by the County in writing. Should a Contractor fail to respond to an urgent call the next Contractor in rotation shall be contacted. Any failure to provide coverage by a Contractor may be subject to termination.

All urgent work will be billed in accordance with the T&M fee schedule.

Section E. General Requirements

1. At a minimum, the awarded Contractor(s) must assign a licensed Journeymen Electrician on site during any work performed. When requested by the County, a Florida-licensed Master Electrician shall be made available to assist in any issue that may arise. The Contractor's employees performing electrical maintenance service shall have experience in high/medium voltage, as warranted.

2. The Contractor and all employees providing services under this agreement shall comply with all applicable Federal, State, and Local laws, codes, and regulations, including, but not limited to:

- National Electric Code (NEC)
- National Fire Protection Association (NFPA) 70E High Voltage
- Institute of Electrical and Electronics Engineers (IEEE) PC57.13.2
- Occupational Safety and Health Standards (OSHA)
- Any other related and/or required federal, state, and local regulations to complete the work in a professional manner.

3. Equipment/Parts/Materials:

   All equipment and parts provided and installed by the Contractor under the awarded contract shall be new, free of defects, and may require County approval prior to installation. At a minimum, replacement parts and/or maintenance materials shall be based on the manufacturer's recommendations. The County reserves the right to supply parts and materials for selected projects and repairs.

   The Contractor shall, under no circumstances, remove any equipment containing a County asset sticker, without written authorization from County staff. The Contractor(s) shall request that, when replacing equipment, the asset sticker be removed by an appropriate County staff member authorized to adjust equipment inventory records.

4. Reporting:

   The Contractor shall submit a full report to the County on the work that was performed, including, but not limited to: inspections, diagnostic testing, troubleshooting, repairs, new installations, and/or maintenance. Final payment may be delayed until the County is in receipt of all requested reporting documents.

5. Permits:

   The Contractor shall be responsible for permit submissions unless otherwise instructed by the County. Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. Permit fees will be reimbursed at cost, no markup shall be allowed. Supporting documentation showing the fee paid must be included with the Contractor's invoice.

6. Safety:

   Barrier and Lights – During the progress of the work, the Contractor shall place and maintain, at all times, such barriers and lights that will effectively prevent accidents and keep personnel from entering the work area.

   Maintenance of Traffic Plans (MOT) – When staging areas are close to the street or in the traffic areas, an MOT shall be prepared and conform to the latest edition of the Florida Department of Transportation (FDOT) Design Standards, 600 series, and The Manual on Uniform Traffic Control Devices (MUTCD). The Contractor is authorized to subcontract MOT. It is required that either the Contractor or the subcontractor have current FDOT-approved MOT or Temporary Traffic Control, Intermediate Level, Certification per FDOT, Design Standards, 600 series indexes. The Contractor or subcontractor shall have current FDOT-approved certification in their name.

   Personal Protective Equipment (PPE) – All personnel shall use proper PPE while work is being performed and must follow all NFPA 70E requirements.

   Safety Issue Response - The County reserves the right to stop work for any safety concerns observed by any County employee.

7. Facility Security:

   The Contractor shall comply with the Department's security guidelines on facility security policies, this may include additional policies and procedures for work to be performed at the Collier County Sherriff's Office. Violations of these rules could, at a minimum, result in the termination of the awarded Contract.

   The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, the Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state, and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications, and other related records. The Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years.

All the Contractor's employees and subcontractors must always wear Collier County Government Identification badges while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliercountyfl.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon the award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

INVITATION FOR QUALIFICATION (IFQ) PROCESS

1. The Proposers will submit a qualifications proposal which will be scored based on the criteria in Grading Criteria for Development of Shortlist, which will be the basis for short-listing firms.

   The Proposers will need to meet the minimum requirements outlined herein in order for their proposal to be evaluated and scored by the COUNTY. The COUNTY will then grade and rank the firms and recommend multiple firms to establish a library for services needed. The COUNTY reserves the right to issue an invitation for oral presentations to obtain additional information after grading and before the final ranking. A contract will be developed with the selected firms, based on their qualifications and scope of services, and submitted for approval by the Board of County Commissioners.

2. The COUNTY will use a Selection Committee in the Invitation for the Qualification selection process.

3. The intent of the scoring of the proposal is for respondents to indicate their interest, relevant experience, financial capability, staffing, and organizational structure.

4. The intent of the oral presentations, if deemed necessary, is to provide the contractors with a venue where they can conduct discussions with the Selection Committee to clarify questions and concerns before providing a final rank.

5. Based upon a review of these proposals, the COUNTY will rank the Proposers based on the qualifications, discussion, and clarifying questions and recommend multiple firms in a library for quoting services.

GRADING CRITERIA FOR THE DEVELOPMENT OF THE SHORTLIST:

6. For the development of a shortlist, this evaluation criterion will be utilized by the COUNTY'S Selection Committee to score each proposal. Proposers are encouraged to keep their submittals concise and to include a minimum of marketing materials. Proposals must address the following criteria:

Evaluation Criteria	Maximum Points
1. Cover Letter / Management Summary	5 Points
2. Firms Qualifications and Licenses	40 Points
3. Experience and Capacity of the Firm	40 Points
4. Recent, current, and projected workloads of the firm	15 Points
TOTAL POSSIBLE POINTS	**100 Points**

Tie Breaker: In the event of a tie at the final ranking, an award shall be made to the proposer with the lower volume of work previously awarded. The volume of work shall be calculated based on the total dollars paid to the proposer in the twenty-four (24) months prior to the RFP submittal deadline. Payment information will be retrieved from the County's financial system of record. The tie-breaking procedure is only applied in the final ranking step of the selection process and is invoked by the Procurement Services Division Director or designee. In the event a tie still exists, selection will be determined based on a random selection by the Procurement Services Director before at least three (3) witnesses.

Each criterion and methodology for scoring is further described below.

EVALUATION CRITERIA NO. 1: COVER LETTER/MANAGEMENT SUMMARY (5 Total Points)

Provide a cover letter that clearly states if the Proposal is for one or both categories, signed by an authorized officer of the Company, indicating the underlying philosophy of the Company in providing the services stated herein. Include the name(s), telephone number(s), and email(s) of the authorized contact person(s) concerning the proposal. Submission of a signed Proposal is the Contractor's certification that the Contractor will accept any awards as a result of this IFQ.

EVALUATION CRITERIA NO. 2: FIRM'S QUALIFICATIONS AND LICENSES (40 Total Points Available)

In this criteria, include, but are not limited to:

- Provide information that documents your Company's and your subcontractors' qualifications to produce the required deliverables, including abilities, capacity, skill, and the number of years of experience in providing the required services.
- Provide team member qualifications that will be assigned to Collier County work.
- Provide a copy of any of the Firm's licenses (i.e., general or building contractor, electrical contractor, electrician, etc.) that are most relevant to completing this scope of work.

EVALUATION CRITERIA NO. 3: EXPERIENCE AND CAPACITY OF THE FIRM (40 Total Points Available)

In this criteria, including but not limited to:

- Abilities, capacity, skill, and financial strength of the firm.
- Number of years of experience in providing similar services in electrical repair and installation specific to utility facilities.
- Number of full-time staff members employed by the company.

The County requests that the contractor submits no fewer than three (3) and no more than ten (10) completed reference forms from clients whose projects are of a similar nature to this solicitation as a part of their proposal. Provide information on the projects completed by the Proposer that best represent projects of similar size, scope, and complexity to this project using Form 5 provided. Proposers may include two (2) additional pages for each project to illustrate aspects of the completed project that provides the information to assess the experience of the Proposer on relevant project work.

EVALUATION CRITERIA NO. 4: RECENT, CURRENT, AND PROJECTED WORKLOADS OF THE FIRM (15 Total Points Available)

This criterion measures the team's proposed resources for the project and their availability to complete all elements of this project with regard to the closeout of recent work, current workload, and projected projects that could impact the completion of this project.

CONTRACTOR CHECKLIST

Contractor should check off each of the following items as the necessary action is completed (please see, Contractor Check List)

Collier County
Procurement Services Division

Notice of Recommended Award

Solicitation: 22-8056 Title: High/Medium Voltage Electrical Services

Due Date and Time: September 5, 2023, at 3:00 PM EST.

Respondents:					
Company Name	City	County	State	Final Ranking	Responsive/Responsible
Simmonds Electrical of Naples Inc.	Bonita Springs	Lee	FL	1	Yes/Yes
Electrical Engineering Enterprises, Inc.	Tampa	Hillsborough	FL	2	Yes/Yes
MP Predictive Technologies, Inc.	Orlando	Orange	FL	3	Yes/Yes

Utilized Local Vendor Preference: Yes ☐ No ■

Recommended Vendor(s) For Award:
On July 22, 2023, the Procurement Services Division released notices of Invitation for Qualification ("IFQ") No. 22-8056 High-Medium Voltage Electrical Services. Ten Thousand and Twenty (10,020) notifications were sent, forty-seven (47) suppliers viewed the solicitation information, and three (3) proposals were received by the due date of September 5, 2023. Staff reviewed the bids received. All three proposers were deemed responsive and responsible with minor irregularities.

The Selection Committee met on December 8, 2023, and as described in the solicitation documents, the Committee scored each of the proposals and the proposers were ranked as listed above.

All contractors are being recommended for award:
Simmonds Electrical of Naples, Inc. ranked as 1
Electrical Engineering Enterprises, Inc. ranked as 2
MP Predictive Technologies, Inc. ranked as 3

Subject: Solicitation 22-8056 High/Medium Voltage Electrical Services

Juan,

Electrical Engineering Enterprises (EEE) submits for your review its Invitation For Qualification (IFQ) on Solicitation 22-8056, Collier County High/Medium Voltage Electrical Services. EEE is a full-service industrial field service and construction company with over 22 years of experience providing high and medium voltage services as described below.

EEE 50 team member workforce is divided into four (4) difference cohesive business units: Field Services, Testing Services, Existing Asset Maintenance and Powerline Distribution maintenance and construction. EEE employs high value service technicians and electricians who can construct, maintain, diagnose and repair new and existing assets. EEE supports similar customers to Collier County, such as the City of St. Petersburg, Hillsborough County, Tampa Bay Water, and the City of Plantation.

Within the attached IFQ, EEE demonstrates expertise to provide technical and specialized high/medium voltage electrical maintenance services.

EEE looks forward to developing a relationship with Collier County and providing safe, efficient, effective high/medium voltage electrical services.

Please do not hesitate to reach out if you have any questions or concerns.

Sincerely,

Christopher A. Steele, P.E.

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and this proposal is in every respect fair and made in good faith, without collusion or fraud. The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed by the above referenced solicitation. The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services, the Vendor will not be eligible to compete, submit a proposal, be awarded, or perform as a sub-vendor for any future associated work that is a result of this awarded contract.

IN WITNESS WHEREOF, WE have hereunto subscribed our names on this ___5__ day of ____Sept_____, 2023_ in the County of Hillsborough, in the State of Florida.

Procurement Services Division

Form 2: Conflict of Interest Certification Affidavit

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose an organizational conflict as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition to this signed affidavit, the contractor / vendor must provide the following:
1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having an organizational conflict in one or more of the three categories above be identified, may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Form 3: Immigration Affidavit Certification

This Affidavit is required and should be signed, by an authorized principal of the firm and submitted with formal solicitation submittals. Further, Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid or within five (5) day of the County's Notice of Recommend Award.*

FAILURE TO EXECUTE THIS AFFIDAVIT CERTIFICATION AND SUBMIT WITH VENDOR'S PROPOSAL/BID MAY DEEM THE VENDOR'S AS NON-RESPONSIVE.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: _____ Completion Date: _____

Project Budget: _____ Project Number of Days: _____

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	
2	Ability to maintain project schedule (complete on-time or early).	
3	Quality of work.	
4	Quality of consultative advice provided on the project.	
5	Professionalism and ability to manage personnel.	
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	
7	Ability to verbally communicate and document information clearly and succinctly.	
8	Abiltity to manage risks and unexpected project circumstances.	
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	
10	Overall comfort level with hiring the company in the future (customer satisfaction).

The State of Florida is an AA/EEO employer. **Copyright 2007-2010 State of Florida. Privacy Statement**

Under Florida law, email addresses are public records. If you do not want your email address released in response to a public-records request, do not send electronic mail to this entity. Instead, contact the office by phone or by traditional mail. If you have any questions, please contact 850.487.1395. *Pursuant to Section 455.275(1), Florida Statutes, effective October 1, 2012, licensees licensed under Chapter 455, F.S. must provide the Department with an email address if they have one. The emails provided may be used for official communication with the licensee. However email addresses are public record. If you do not wish to supply a personal address, please provide the Department with an email address which can be made available to the public. Please see our **Chapter 455** page to determine if you are affected by this change.

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ **Go to *www.irs.gov/FormW9* for instructions and the latest information.**

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Electrical Engineering Enterprises, Inc

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☑ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

5316 E Henry Ave

Requester's name and address (optional)

6 City, state, and ZIP code

Tampa, FL 33610

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

5	9	–	3	5	5	4	5	3	2

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person** ▶ [signature] **Date** ▶ May 10, 2023

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

E-VERIFY IS A SERVICE OF DHS AND SSA

Company ID Number:

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the anti-discrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps
(see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance
(indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@uscis.dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

   a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin

E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case.

The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

   a. Scanning and uploading the document, or

   b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

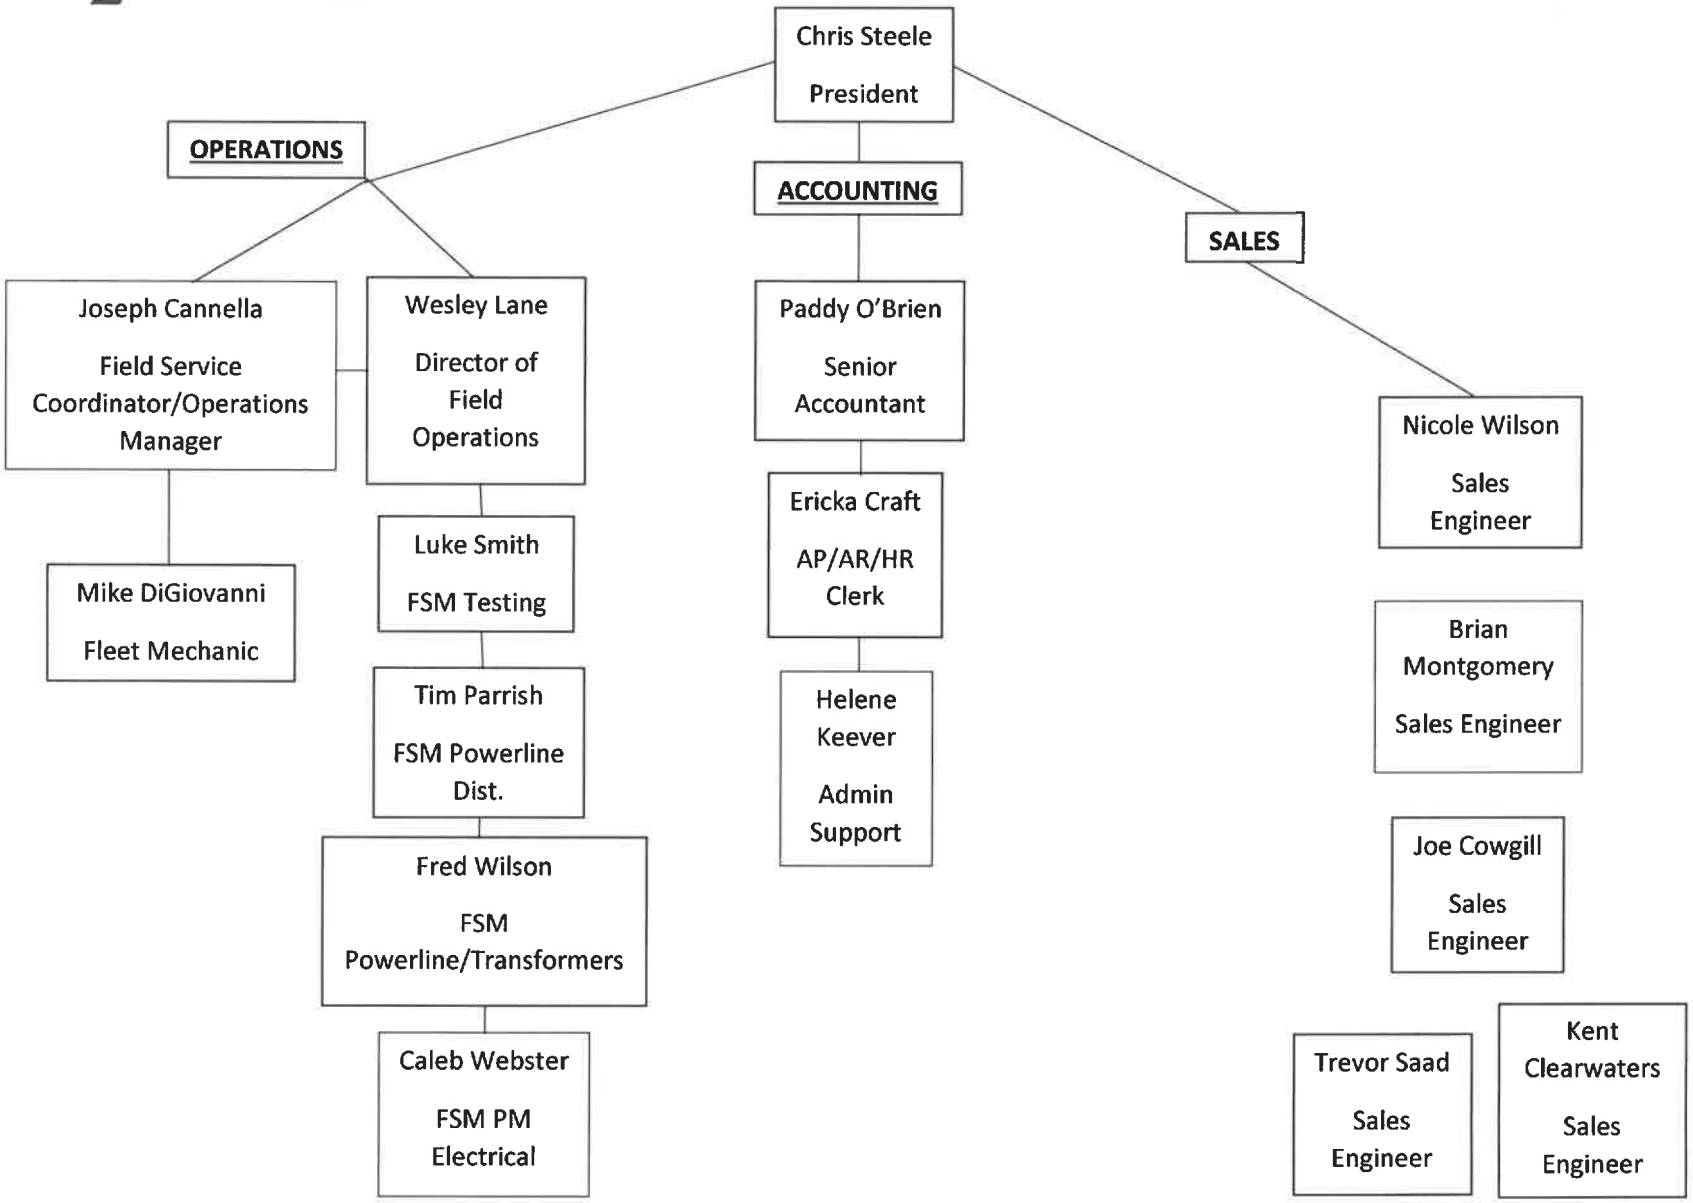
ELECTRICAL ENGINEERING ENTERPRISES



ELECTRICAL ENGINEERING ENTERPRISES

QUALIFICATION STATEMENT

BUSINESS SUMMARY

Overview

EEE is an industry leader in safely delivering site electrical work and testing services to industrial and commercial facilities, phosphate and aggregate mining, electric utilities and municipalities in Florida. EEE is a full service, vertically integrated contractor offering turnkey, complete project capabilities.

Company History

Founded in 1999 by Wayne Ellis, the Company has grown into a critical infrastructure partner by specializing in high voltage distribution equipment maintenance and installation, transformer repair and maintenance, electric testing, switchgear and circuit breaker refurbishment, oil processing, site abatement and overhead and underground power line installations.

Safety Culture

EEE's number one priority is the safety of our staff and all people at the job site. Every job starts with a Job Hazard Analysis form. The job lead completes this form daily and briefs all workers on the hazards and work conditions specific to the duties of that day. JHA includes job tasks, potential hazards, controls to mitigate hazards including PPE and permits required. In addition, our safety procedures include a daily inspection of all equipment to be used on job that day.

Resources and Qualifications

EEE is fully resourced with the certifications, equipment, expertise, factory training and licensing for primary contract responsibilities. EEE deploys licensed journeymen linemen, electricians and certified test engineers to perform mission critical functions utilizing Company owned test sets, trucks, tools, project trailers among other equipment. EEE's goal is to minimize project disruptions and be 100% accountable to our customers.

ELECTRICAL
ENGINEERING
ENTERPRISES
Company
Overview

Company History

ELECTRICAL ENGINEERING ENTERPRISES

Electrical Engineering Enterprises (EEE), headquartered in the Tampa Bay Area, has been servicing the industrial and commercial electrical markets throughout the Southeast for over 20 years.

- EEE is an industry leader in safely delivering site electrical work and testing services to industrial and commercial facilities, phosphate and aggregate mining, electric utilities and municipalities.
- EEE is fully resourced with the certifications, equipment, expertise, factory training and licensing for primary contract responsibilities. EEE's goal is to minimize project disruptions and be 100% accountable to our customers.
- EEE's 50 person workforce is divided into four different cohesive business units: Field Services, Testing Services, Existing Asset Maintenance and Powerline Distribution.
- EEE's breadth of services offered uniquely allows us to be a sole sourced turn-key contractor for all electrical service projects.

FMPA #2022-034 Contract

ELECTRICAL ENGINEERING ENTERPRISES

Electrical Engineering Enterprises was awarded FMPA Contract #2022-034 in October of 2022 for all services relating to all Substation and Generating Station Maintenance to support the FMPA Members. While this FMPA Contract was only bid out to 12 of the participating members in FMPA, its rates and approved vendor status can be used at all FMPA locations in the state of Florida.

Electrical Engineering Enterprises has partnered with several of the FMPA members including:

- City of Bartow
- Jacksonville Beaches Energy
- Gainesville Regional Utility
- Lakeland Electric
- Kissimmee Utility Authority
- Orlando Utility Commission

FMPA #2022-034 Contract Approved Scope of Work

ELECTRICAL ENGINEERING ENTERPRISES

The scope of work EEE is an approved vendor for according to FMPA Contract #2022-034:

- General Substation Inspection.
- Circuit Breaker Inspection, Testing, Maintenance, Repair and Reconditioning.
- Relay Inspection, Testing, Maintenance and Repair.
- Capacitor Bank Inspection, Testing, Maintenance and Repair
- Power Transformer & LTC Inspection, Testing, Maintenance and Repair.
- Protection Communications Systems Inspection, Testing, Maintenance and Repair.
- Transformer Inspection, Testing, Maintenance and Repair.
- Potential Circuit Test
- Mineral Oil Services.
- Installation and Replacement of Equipment.
- Ground Grid Inspection, Testing, Maintenance and Repair.
- All Miscellaneous work (Trenching, Wiring, Fencing and Control Building Repairs)
- Complete New Substation Construction

Company History

ELECTRICAL ENGINEERING ENTERPRISES

Electrical Engineering Enterprises (EEE), headquartered in the Tampa Bay Area, has been servicing the industrial and commercial electrical markets throughout the Southeast for over 20 years.

- EEE is an industry leader in safely delivering site electrical work and testing services to industrial and commercial facilities, phosphate and aggregate mining, electric utilities and municipalities.
- EEE is fully resourced with the certifications, equipment, expertise, factory training and licensing for primary contract responsibilities. EEE's goal is to minimize project disruptions and be 100% accountable to our customers.
- EEE's 50 person workforce is divided into four different cohesive business units: Field Services, Testing Services, Existing Asset Maintenance and Powerline Distribution.
- EEE's breadth of services offered uniquely allows us to be a sole sourced turn-key contractor for all electrical service projects.

EEE's Business Units

ELECTRICAL ENGINEERING ENTERPRISES

Field Service

- General electrical services
- Complete turn-key electrical construction services
- Project management and oversight
- Custom fabrication of electrical assemblies

Testing Services

- Transformer testing, maintenance and diagnostics
- Circuit Breaker testing, maintenance, and diagnostics.
- Electromechanical and Digital Relay testing, maintenance and diagnostics
- Digital Relay Programming and Retrofits.
- Variable Frequency Drives (VFDs) testing and maintenance
- Infrared Thermographic Testing

Powerline Distribution

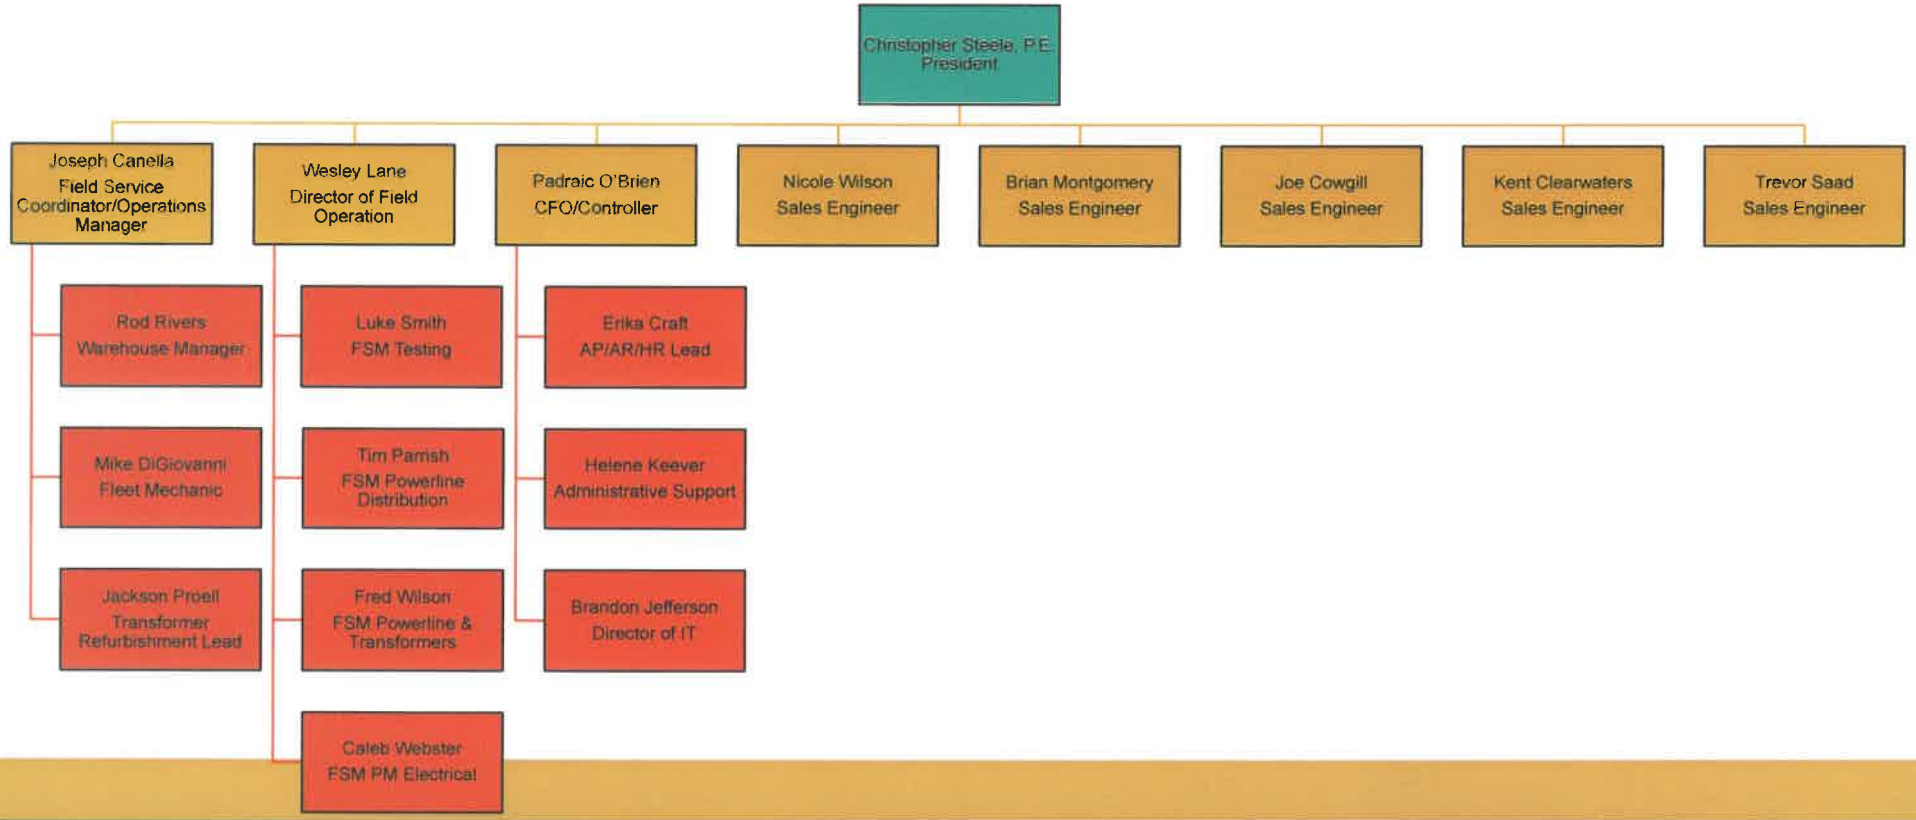
- Overhead powerline installation and service
- Underground powerline installation and service
- Installation and maintenance of distribution pole-mount switches and transformers
- Fiberoptic cable installations, both overhead and underground

Existing Asset Maintenance

- Transformer Oil testing and processing services
- Transformer repair, maintenance, regasketing, bushing replacements and refurbishment.
- Installation and maintenance of distribution pole-mount switches and transformers
- Fiberoptic cable installations, both overhead and underground
- Circuit Breaker and Digital Relay reconditioning and repair

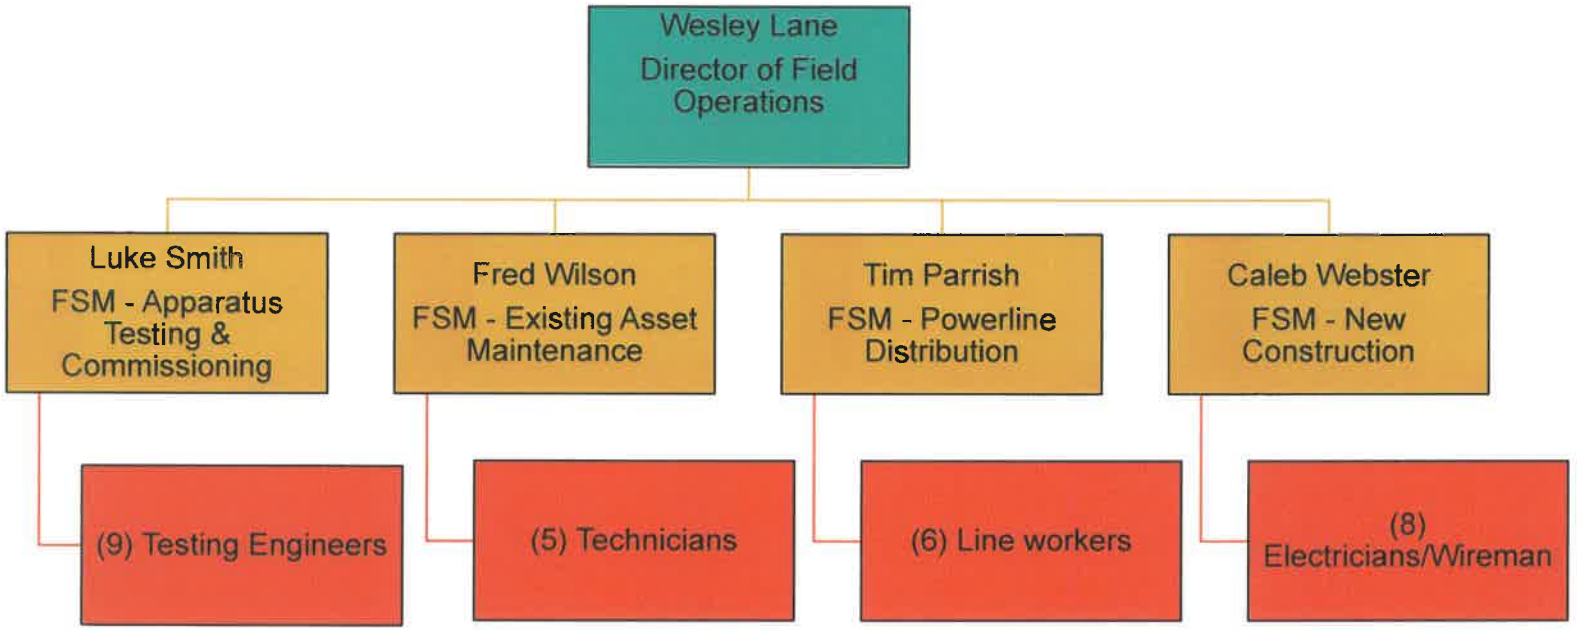
EEE's Organizational Chart

ELECTRICAL ENGINEERING ENTERPRISES



EEE's Operations Organization

ELECTRICAL ENGINEERING ENTERPRISES



Field Service

ELECTRICAL ENGINEERING ENTERPRISES

- EEE's Field Service Business Unit is uniquely qualified and capable of managing and completing full scale Electrical Construction Projects from Cradle to Grave.
- EEE offers the field labor, superintendents and internal project management to run turn key installations and full-scale electrical builds.
- In addition we offer on call general Electrical Services and installation of electrical apparatuses.
- Previous Projects: City of Bartow 555 Substation, City of Bartow Highway 17 Relay Building Addition, VFD Sled Construction for Aggregate Mining, Ashgrove Port Manatee Phase II Upgrades

Apparatus Testing Services

ELECTRICAL ENGINEERING ENTERPRISES

EEE's Apparatus Testing Services offers complete testing services of all electrical apparatuses.

This includes but is not limited to: Transformers, Breakers, Electro-mechanical and Digital Relays, Switches, Starters, VFDs, ground testing, Infrared Thermographic Testing, startup and commissioning, etc.

After all testing is completed an EEE Testing Engineer will schedule a follow up meeting to go over any inconsistencies or findings in the test results and offer recommendations and options on how to proceed.

Powerline Distribution Linecrew

ELECTRICAL ENGINEERING ENTERPRISES

EEE's Powerline Distribution Linecrew is capable of all overhead and underground installation and service for both powerline and fiberoptic applications.

Existing Asset Maintenance

ELECTRICAL ENGINEERING ENTERPRISES

Given the present-day supply-chain issues lead times for new equipment is a major concern.

EEE's Existing Asset Maintenance Business Unit helps to maintain and extend the life of our customers existing assets. Through risk and cost-based analysis we can provide options to maximize the lifespan of assets and help plan the replacement cycle.

EEE offers full transformer maintenance: re-gasketing, bushing replacement, oil sampling and processing and full refurbishment.

In addition, we offer full refurbishment on: Breakers, Relays, motors and more.

FEDERAL EMERGENCY MANAGEMENT AGENCY
PUBLIC ASSISTANCE

The supplemental conditions contained in this section are intended to cooperate with, to supplement, and to modify the general conditions and other specifications. In cases of disagreement with any other section of this contract, the Supplemental Conditions shall govern. This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract.

Pursuant uniform requirements of federal awards (2 CFR Part 200.23) the definition of CONTRACTOR is an entity that receives a Contract / Purchase Order.

Compliance with Federal Law, Regulations and Executive Orders: The Sub-Recipient (County) agrees to include in the subcontract that (i) the subcontractor is bound by the terms of the Federally-Funded Subaward and Grant Agreement, (ii) the subcontractor is bound by all applicable state and Federal laws and regulations, and (iii) the subcontractor shall hold the Division and Sub-Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law.

Specifically, the Contractor shall be responsible for being knowledgeable and performing any and all services under this contract in accordance with the following governing regulations along with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

- 2 C.F.R. Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 44 C.F.R. Part 206
- The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, 42 U.S.C. 5121 et seq., and Related Authorities
- FEMA Public Assistance Program and Policy Guide

Access to Records: The contractor agrees to provide the County, the Florida Department of Emergency Management, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. (3) The contractor agrees to provide the FEMA Administrator or his authorized representatives' access to construction or other work sites pertaining to the work being completed under the contract. (4) In compliance with section 1225 of the Disaster Recovery Act of 2018, the County and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

Affirmative Socioeconomic Steps: If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Changes: To be allowable under a FEMA grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allowable, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

DHS Seal, Logo, and Flags: The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval. The contractor shall include this provision in any subcontracts.

Domestic Preference for Procurements: As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: ''Produced in the United States'' means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. ''Manufactured products'' means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

License and Delivery of Works Subject to Copyright and Data Rights: The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

No Obligation by Federal Government: The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

Prohibition on Covered Telecommunications Equipment or Services:
(a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds forcovered Telecommunications Equipment or Services As used in this clause –

(b) Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
(iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

(1) This clause does not prohibit contractors from providing — (i). A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or (ii). Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to: (i). Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system. (ii). Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d)Reporting requirement.

(1) In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause: (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer

number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended. (ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph(e), in all subcontracts and other contractual instruments.

Program Fraud and False or Fraudulent Statements or Related Acts: The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's actions pertaining to this contract.

Rights to Inventions Made Under a Contract or Agreement: Exempt from FEMA Public Assistance Funding

Suspension and Debarment: (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935). (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. (3) This certification is a material representation of fact relied upon by the County. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Procurement of Recovered Materials (§200.323) (Over $10,000): In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired— Competitively within a timeframe providing for compliance with the contract performance schedule; Meeting contract performance requirements; or At a reasonable price. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines webpage:

https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Termination for Cause and Convenience (over $10,000): See Standard Purchase Order and/or Contract Terms and Conditions

Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352 (as amended) (over $100,000): Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient."

Contractors must sign and submit a certification to the County with each bid or offer exceeding $100,000. See Certifications and Assurances and the end of this document.

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) (over $100,000): Where applicable, all contracts awarded by the solicitor in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5).

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The County or FEMA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

For contracts that are only subject to Contract Work Hours and Safety Standards Act and are not subject to the other statutes in 29 C.F.R. § 5.1 "Further Compliance with the Contract Work Hours and Safety Standards Act.

(1) The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
(2) Records to be maintained under this provision shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Homeland Security, the Federal Emergency Management Agency, and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

Clean Air Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Administrative, Contractual, or Legal Remedies (over $250,000): Unless otherwise provided in this contract, all claims, counter-claims, disputes and other matters in question between the local government and the contractor, arising out of or relating to this contract, or the breach of it, will be decided by arbitration, if the parties mutually agree, or in a Florida court of competent jurisdiction.

CONSTRUCTION ACTIVITIES
Equal Employment Opportunity Clause (§60-1.4): Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part an the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Davis Bacon Act: Exempt under FEMA Public Assistance Funding

Copeland Anti-Kickback Act: Exempt under FEMA Public Assistance Funding

Compliance with Federal Law, Regulations, And Executive Orders and Acknowledgement of Federal Funding

Certification

This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

If the Contractor subcontracts any of the work required under this Agreement, a copy of the signed subcontract must be available to the County for review and approval. The Contractor agrees to include in the subcontract that (1) the subcontractor is bound by the terms of this Agreement, (ii) the subcontractor is bound by all applicable state and federal laws and regulations, and (iii) the subcontractor shall hold the County and the Grantor Agency harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law. The County may document in the quarterly report the Contractor's progress in performing its work under this agreement.

On behalf of my firm, I acknowledge, the grant requirements identified in this document.

LOBBYING CERTIFICATION
(To be submitted with each bid or offer exceeding $100,000)

The undersigned [Contractor] certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and this proposal is in every respect fair and made in good faith, without collusion or fraud. The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed by the above referenced solicitation. The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services, the Vendor will not be eligible to compete, submit a proposal, be awarded, or perform as a sub-vendor for any future associated work that is a result of this awarded contract.

IN WITNESS WHEREOF, WE have hereunto subscribed our names on this ___5__ day of ____Sept_____, 2023_ in the County of Hillsborough, in the State of Florida.

Form 2: Conflict of Interest Certification Affidavit

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose an organizational conflict as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition to this signed affidavit, the contractor / vendor must provide the following:
1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having an organizational conflict in one or more of the three categories above be identified, may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Form 3: Immigration Affidavit Certification

This Affidavit is required and should be signed, by an authorized principal of the firm and submitted with formal solicitation submittals. Further, Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid or within five (5) day of the County's Notice of Recommend Award.*

FAILURE TO EXECUTE THIS AFFIDAVIT CERTIFICATION AND SUBMIT WITH VENDOR'S PROPOSAL/BID MAY DEEM THE VENDOR'S AS NON-RESPONSIVE.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: _____ Completion Date: _____

Project Budget: _____ Project Number of Days: _____

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	
2	Ability to maintain project schedule (complete on-time or early).	
3	Quality of work.	
4	Quality of consultative advice provided on the project.	
5	Professionalism and ability to manage personnel.	
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	
7	Ability to verbally communicate and document information clearly and succinctly.	
8	Abiltity to manage risks and unexpected project circumstances.	
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	
10	Overall comfort level with hiring the company in the future (customer satisfaction).

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
Electrical Engineering Enterprises, Inc

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☑ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
5316 E Henry Ave

Requester's name and address (optional)

6 City, state, and ZIP code
Tampa, FL 33610

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
[ ][ ][ ] - [ ][ ] - [ ][ ][ ][ ]

or

Employer identification number
5 9 - 3 5 5 4 5 3 2

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ [signature] Date ▶ May 10, 2023

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

E-Verify

E-VERIFY IS A SERVICE OF DHS AND SSA

Company ID Number: 2202994

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and Electrical Engineering Enterprises, Inc (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

   a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

   a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

   b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the anti-discrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

   a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps
(see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance
(indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@uscis.dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

   a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin

E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case.

The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

   a. Scanning and uploading the document, or

   b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and this proposal is in every respect fair and made in good faith, without collusion or fraud. The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed by the above referenced solicitation. The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services, the Vendor will not be eligible to compete, submit a proposal, be awarded, or perform as a sub-vendor for any future associated work that is a result of this awarded contract.

IN WITNESS WHEREOF, WE have hereunto subscribed our names on this ___5__ day of ____Sept_____, 2023_ in the County of Hillsborough, in the State of Florida.

Florida Department of State, Division of Corporations

Simmonds Electrical of Naples, Inc.

Simmonds Electrical of Naples, Inc. is pleased to a provide qualification package for Collier County IFQ Solicitation 22-8056 for High/Medium Voltage Electrical Services organized in the following order:

Evaluation Criteria No. 1: Cover Letter/Management Summary

Evaluation Criteria No. 2: Firms Qualifications and Licenses
- Narrative page
- State of Florida DBPR Certified Electrical Contractor
- Lee County Business Tax
- Division of Corporations - Florida Department of State
- E-Verify Company information webpage
- Journeyman Electrician Certificates of Competency
- Electrical Reliability Services Qualification Summary
- UL Certified for Lightning Protection

Evaluation Criteria No. 3: Experience and Capacity of the Firm
- Narrative pages
- Partial list of projects to reflect some recent experience
- Equipment schedule
- Form 4: Completed reference forms from clients

Evaluation Criteria No. 4: Recent, Current and Projected Workloads of the Firm
- Narrative page
- Current Work in Progress Listing

Required forms with signature:
- Vendor Check list
- Form 1: Vendor Declaration Statement
- Form 2: Conflict of Interest Affidavit
- Form 3: Immigration Affidavit Certification
- Form 4: Reference Forms – See Above
- Form 5: Grant Provisions – FEMA
- Insurance and Bonding Requirements
- Vendor W9 Form

  - License: State of Florida Electrical Contractor # EC0000735
  - Years in business: 41 years
  - Simmonds Electrical of Naples, Inc, is a certified "Drug Free Workplace"
  - Complies with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards

Simmonds Electrical of Naples, Inc. specializes in industrial and commercial service. We are a State certified licensed contractor (EC0000735). We have been serving Collier County and surrounding counties in Southwest Florida since 1982. More specifically, we have worked in Collier and Lee Counties, including the City of Naples, City of Marco Island, City of Fort Myers and City of Cape Coral, under various term contracts. We are currently under active contract with Collier County, Electrical Contractors and Electrical Contractors with Public Utilities Specialization, for electrical repairs and maintenance for County-wide facilities. Similar term contracts with Lee County, the City of Naples and District School Board of Collier County are also in effect. We regularly perform work for Utilities Engineering, Water and Wastewater

Simmonds Electrical of Naples, Inc.

Departments, Facilities, Parks and Recreation, and MSTU departments, to name a few. This includes extensive work with Medium/High Voltage, 480V and Variable Frequency Drives, Fiber Optic, UPS systems, and more. Our Work complies with the NEC, NFPA 70. All projects require adherence to Life Safety NFPA 101, local power company requirements and NFPA 70E: Standard for Electrical Safety in the Workplace.

Quality workmanship is the heart of our mission. We take pride in the camaraderie of our work force; several of our field crew members have over fifteen years of continuous employment with our corporation. In our efforts to ensure high standards, we provide training and support continuing education. We maintain a reference library for all employees.

Over the past 41 years, the Company has established good communication channels with customers and vendors. This also includes excellent credit with local and out of state vendors which in turns provides us with reliable sources of materials and good response time from suppliers.

Sincerely,

Noe Alvarado
President

1.0 Introduction

Electrical Reliability Services (ERS) is the nation's leading independent electrical testing, maintenance, and engineering service company, delivering operational assurance, reliability, and efficiency by ensuring electrical power systems are optimally designed, installed, and maintained to deliver a facility's power needs. We have serviced the industry as an InterNational Electrical Testing Association, NETA-Accredited Company for over 50 years, providing the highest level of service support to our customers. While the ERS organization has evolved over the years, what has not changed is ERS' commitment to delivering the critical expertise needed to manage the lifecycles of our customers' electrical infrastructures.

> *Electrical Reliability Services, originally founded as Electro-Test Inc., was purchased by Emerson in 1995. The company name was updated to Electrical Reliability Services in 2007. In 2016 Platinum Equity purchased Emerson Network Power (inclusive of Electrical Reliability Services) and developed a new identity under the company name Vertiv™.*

ERS' network of professionals brings a unique level of expertise to customers across North America. We deliver availability, leveraging over 32 North American service offices, customized scalable services, and single-source solutions to national, regional, and local customers, providing quality service where and when they need it.

At the core of our organization are our Centers of Excellence: Engineering, Protection and Controls, DC Power, Compliance, Commissioning, Transformer Services, and Electrical Testing and Maintenance. These centers are comprised of professional engineers, NETA-certified technicians, compliance engineers, system specialists, and others who provide leadership, expertise, support, and training. Through these centers, we are driving superior service performance by exceeding customer expectations around quality, service, and responsiveness.

Our focus is on your most critical equipment. Across your infrastructure, we service:

- Generators
- Switchgear
- Transfer switches
- Industrial UPS
- Utility Substations
- Transformers
- Cables/Bus
- Meters
- Fire/Life safety systems
- Emergency lighting
- Circuit breakers
- Relays
- Instrumentation
- Cooling towers
- Monitoring/Control systems

2.0 Levels of Service Coverage

In the United States, we support you through a network of two service organizations including Electrical Reliability Services and High Voltage Maintenance Corp.

Electrical Reliability Services

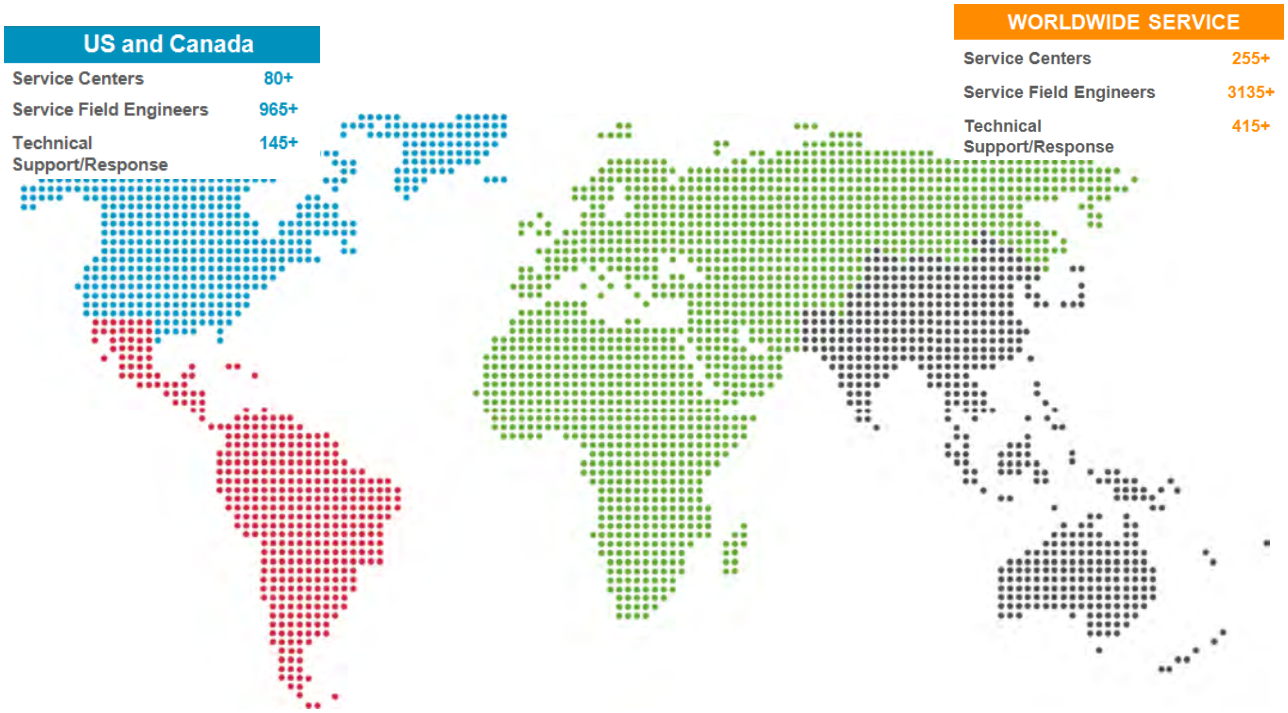
Our strategically located service centers provide access to local resources with direct service capability. From these service centers, we can dispatch 24-hour emergency response teams anywhere within the western, mid-western, and southern United States. (See Appendix II for our Directory of Locations.)

High Voltage Maintenance

High Voltage Maintenance (HVM) is our sister company, which provides the same quality, service excellence, and experience as ERS. HVM offers 24/7 service coverage for the Midwest and New England regions.

Worldwide Service Area

Vertiv's global network of more than 255 service centers, 3,135 dedicated field engineers, and 415 support personnel, also provides the resources to support our customers everywhere they operate.



3.0 Credentials

ERS brings together a unique combination of world-class services, innovative technologies, and a highly qualified technical staff who partners with you to improve electrical reliability and performance.

We actively participate in numerous national organizations to assist in the development of standards important to our industry. With more than 50 years of experience in electrical testing, maintenance, and engineering, we are a trusted partner in promoting safety and reliability management. Our managers, field technicians, and engineers are active in the industry. Below are some of the organizations in which our team is involved:

NETA	**InterNational Electrical Testing Association (NETA)** NETA is an organization that serves the electrical testing industry by offering accreditation of third-party electrical testing firms, certifying electrical testing technicians, and producing American National Standards. **We are a founding member of NETA** and are dedicated to helping set world standards in electrical maintenance and acceptance testing. Key personnel serve on the NETA Standards Review Council, NETA Safety Committee, NETA Continuing Technical Development Committee, and the NETA Exam Committee. We also participate on NETA's new member evaluation team and as ballot pool members. We are leaders in staffing NETA-certified technicians and currently employ one of the largest teams of Level 3 and 4 technicians. Many projects require a NETA Level 3 or 4 technician to be on site. You can pull from our large team of experts to ensure your project is done in a timely manner.
NFPA	**National Fire Protection Association (NFPA)** NFPA is a nonprofit organization devoted to eliminating death, injury, property, and economic loss due to fire, electrical, and related hazards. The association publishes many key standards for the electrical industry: (1) Originally developed at OSHA's request, NFPA created the 70E standard to help companies and employees avoid workplace injuries and fatalities due to shock, electrocution, arc flash, and arc blast, and assists in complying with OSHA 1910 Subpart S and OSHA 1926 Subpart K. (2) The National Electrical Code (NEC) covers safe installation of electrical wiring and installation. (3) NFPA 70B details preventive maintenance. (4) NFPA 790 details standards of competency of third-party Field Evaluation Bodies. (5) NFPA 791 details recommended practice and procedures for unlabeled electrical equipment evaluation. We play an important role in helping write the 790 and 791 standards. We also have NFPA 70E-certified trainers who are highly qualified to promote electrical expertise in workplace environments. Our certified trainers are recognized by their education, years of experience, training, and ability to pass a very challenging certification test. NFPA 70E certification is difficult to achieve, and trainers are required to recertify every three years.
IEEE Advancing Technology for Humanity	**Institute of Electrical and Electronics Engineers (IEEE)** IEEE provides the world's largest forum for sharing the latest in technological developments in the electric power industry; for creating standards that guide the development and construction of equipment and systems; and for educating members of the industry and the general public. Key personnel play a critical role in developing standards as committee chair members.
U.S. Green Building Council USGBC	**Leadership in Energy and Environmental Design (LEED)** LEED is a green building rating system that provides the framework that project teams can follow to create healthy, highly efficient, and cost-saving green buildings. To ensure your project meets the necessary requirements, our commissioning team consists of LEED Accredited Professionals (AP) who are trained and experienced in the LEED rating system.

	International Accreditation Services (IAS) IAS ensures Field Evaluation Bodies (FEB) are qualified to evaluate unlisted electrical equipment in the field. FEB certification is based on Accreditation Criteria for Field Evaluation of Unlisted Electrical Equipment (AC354), ISO/IEC 17020, and NFPA standards. This accreditation provides objective evidence that an organization operates at the highest level of ethical, legal, and technical standards. As the first certified FEB company, we provide a full-service offering for field testing and conformity assessments complying with stringent requirements of IAS certification, NFPA 790, and 791 standards. These requirements ensure impartial evaluations are conducted within a strict structure for prepping, testing, evaluating, documenting, and reporting on unlisted equipment.
	International Association of Electrical Inspectors (IAEI) IAEI offers an unbiased focus on interpreting the National Electrical Code and the Canadian Electrical Code. It promotes safe inspections, installations, and products to the electrical industry. Our conformity engineers actively participate at the local, regional, and national levels.
	Building Commissioning Association (BCxA) BCxA is an international nonprofit organization that serves as the recognized authority and resource on commissioning. Its mission is to guide the building commissioning industry by advancing best practices and education and promoting the benefits of building commissioning to achieve buildings that work. Our certified commissioning engineers help elevate the industry's technical level by participating in the development of guidelines and standards for BCxA.
	American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) ASHRAE is a global society advancing human well-being through sustainable technology for the built environment. The society and its members focus on building systems, energy efficiency, indoor air quality, refrigeration, and sustainability within the industry. Many of our field engineers actively promote ASHRAE guidelines to support the technical advances within the industry.
	National Institute for the Uniform Licensing of Power Engineers (NIULPE) NIULPE is a third-party certification organization mandated to establish and maintain international standards of education and competency for the power and energy-related trades and professions. This organization assists federal, state, and municipal licensing agencies in maintaining the international standards within legislated programs. Key personnel have held leadership positions including serving as NIULPE president. Through our active participation, we help guide the standards for power and energy education.
	Building Owners and Managers Association International (BOMA) BOMA International is a primary source of information on building management and operations, development, leasing, building operating costs, energy consumption patterns, local and national building codes, legislation, occupancy statistics, technological developments, and other industry trends. Key personnel have participated in active leadership roles to help BOMA achieve their strategic objectives while volunteering their time to develop policy positions on issues that impact our industry.

4.0 Personnel Qualifications

ERS hires and maintains the top technical talent in the industry. From professional engineers to specialized engineers in field service, commissioning, DC power, transformers, protection and control systems, and compliance; we have the expertise to cover your electrical reliability needs.

Industry Leader in Hiring and Maintaining Top Technical Talent in the Industry

ERS' national, distinguished workforce is comprised of highly specialized technicians and engineers with unique expertise, training, and experience combined with the knowledge, skills, and abilities that allow the company to provide solutions for the most demanding projects, according to customer specifications.

The company's registered professional engineers have licenses in 40+ states throughout the country and are available to review and sign-off on engineering projects to ensure accurate results according to industry standards.

With approximately 350 NETA-certified employees on staff, including a deep bench of NETA-certified Level 3 & 4 technicians, ERS maintains existing expertise and scale to oversee and execute any electrical infrastructure project regardless of complexity or size.

ERS' electrical, mechanical, and controls commissioning engineers have the experience to design, build, and operate the most complex projects as directed, regardless of the environment.

The company has one of the lowest turnover rates in the industry and numerous employees with more than 30 years of experience with ERS.

ERS' field technicians are known for their professionalism as demonstrated by their work ethic, timeliness, and preparedness.

From professional engineers to specialized engineers in field service, commissioning, DC power, transformers, protection and controls, and compliance, ERS has the expertise to cover all electrical reliability needs.

5.0 Safety, Organization, and Communication

Safety Policy Statement

> *Vertiv is committed to providing a safe and environmentally sound workplace. Excellence in safety is vital to the well-being of our customers, our employees, and their families. It is essential to all aspects of our business.*
>
> *Safety is a Vertiv core value. This means we do all things with safety in mind – every job, every day, no exceptions. We strive to achieve an injury-free workplace by relentlessly reducing workplace risks in an effort to reach zero accidents. Vertiv is committed to providing the tools, training, and equipment to enable our employees to work safely.*
>
> —*Rob Johnson, CEO Vertiv*

Safety Training

Electrical Reliability Services strictly adheres to industry safety and compliance regulations to ensure the safety of our personnel and yours. Every technician is trained to Occupational Safety and Health Administration (OSHA) standards for personal and environmental safety, including training in more than 60 Environmental, Safety, and Health (ESH) topics and procedures. As part of our Safety Audit Program, each technician participates in a safety audit twice a year. The audit is performed by a manager or independent auditor who conducts a comprehensive check at a customer site. The auditor confirms the technician is following all safety standards, using all personal protective equipment (PPE) correctly, and that the technician fully comprehends our safety policies and procedures.

All ERS field employees receive more than 30 hours of in-depth safety training before working in the field and are certified in CPR, AED, and first aid. This training includes eight hours of OSHA 1910 and NFPA 70E electrical safety training, and the OSHA 10-hour course for construction. Additionally, supervisors are required to complete the OSHA 30-hour course and all employees receive topic-specific monthly refresher training.

Electrical Safety Work Practices

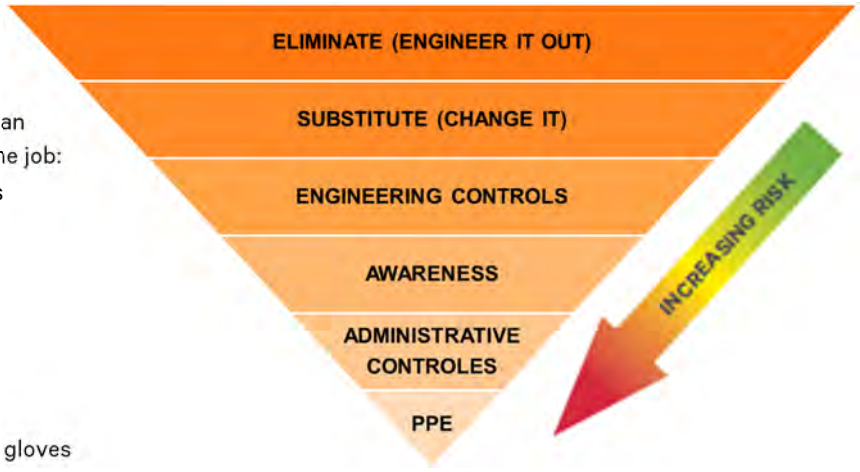
To ensure the safety of everyone involved on a project, we designed an electrical safety program that directs activity appropriate to the risks associated with all electrical hazards. Our program takes into consideration the condition and maintenance of electrical equipment and systems and focuses on teaching awareness and self-discipline while instilling safety principles and controls. Below are some key steps followed to ensure anyone who may be exposed to an electrical hazard is safe:

- A job safety planning and job briefing meeting is held to discuss all hazards associated with the project. Participants include our testing team, subcontractors, and the customer to ensure all parties' safety concerns are identified and addressed.
    - A risk assessment is conducted to address exposure to electrical hazards. This procedure identifies hazards, assesses risks, and implements risk controls according to a hierarchy of methods: (1) elimination, (2) substitution, (3) engineering controls, (4) awareness, (5) administrative controls, and (6) PPE.
- The results of this meeting define the agreed-upon safety procedures that all parties will follow for the duration of the project. Topics covered include lockout/tagout, personal protective devices, grounding procedures, etc.
- Additional job briefing meetings are conducted and documented to assess site-specific safety issues prior to commencing any activity and when conditions change. They are held daily as a minimum.
- Fieldwork is audited to verify that the requirements contained in the procedures of the electrical safety program are being followed.

Risk Assessment

Controlling exposures to hazards is the fundamental method of protecting our employees. We adhere to a hierarchy of controls that demonstrates how we
implement effective control solutions

to ensure a safer environment.



Prepared for Safety

We provide the following PPE to every technician to safeguard them from potential hazards on the job:

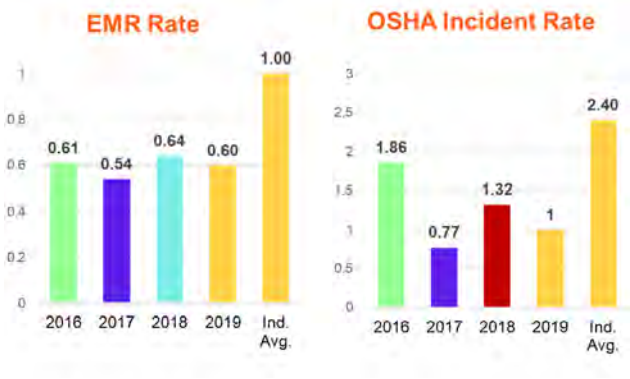
- 12 cal/cm2 arc-rated shirts and pants
- Balaclava
- Safety glasses
- Rubber-insulated blankets
- 40 cal/cm2 arc flash PPE
- Arc-rated face shield
- Hearing protection
- Class 0 and Class 2 rubber-insulated gloves
- Insulated tools

Incident Investigation

When an unforeseen incident arises, a cross-functional team of experts conducts a thorough incident investigation. Once a root cause has been established, corrective actions are taken immediately to correct all factors that contribute to the incident. To minimize or eliminate serious consequences in the future, the details of the investigation are shared throughout the organization. Based on the findings, a new or updated procedure will be put in place or a new tool will be created.

Safety Metrics

Excellence in safety is vital to the well-being of our customers and our employees; it is at the forefront of everything we do. Our dedication is why we maintain one of the best safety ratings in the industry and have fewer OSHA incidents than the industry averages.



Safety Awards

We set safety expectations high and reward those that meet or exceed them. Below are some of our internal awards.

Quarterly Safety Excellence Award: Presented to highlight technicians who have submitted beneficial safety improvement ideas or have brought a safety concern to the forefront to be examined.

Perpetual Safety Award: This is the most prestigious award given to our technicians. These are presented to those that have an outstanding safety record.

6.0 Quality Assurance

Electrical Reliability Services Quality Policy

ERS is committed to providing quality services and software that meet or exceed all aspects of customer expectations. We accomplish this through a foundation of globally consistent and coordinated teamwork based on the following principles:

- Fostering a culture of world-class quality through the application of consistent and capable processes.
- Driving continuous improvement by empowering and encouraging proactive contributions and quality ownership from every employee.
- Continuously measuring and monitoring all service delivery and business processes to ensure a positive customer experience.

ERS senior management is committed to this policy and will provide the leadership, resources, and training to support these principles.

Quality Assurance Manual

We maintain a documented quality assurance program. The major elements include a quality policy, organization structure and responsibilities, quality practices, human resources, quality assurance audits, and customer surveys. Maintaining quality assurance is the responsibility of all employees with oversight by each department manager and corporate management personnel. We have successfully passed the quality audits of many government agencies and obtained quality supplier recognition by private industry.

Service Capability Model

The Service Capability Model is an assessment tool used to evaluate performance in a multitude of business areas to drive continuous improvement. This model is used for problem-solving and ensures quality and standardization, allowing for consistent service delivery everywhere we operate. Holding ourselves to high standards is crucial for meeting and exceeding your service requirements and value criteria.

Customer Satisfaction Program

Understanding your perceptions and expectations are very valuable as they guide us in driving continuous improvement throughout our organization. Customers are surveyed across four broad categories including pre-sale, purchasing experience, order and delivery, and service experience. Tracking our net promoter score is vital to us as it gauges our customers' satisfaction.

Another assessment we pay close attention to is our customer satisfaction performance in ten key areas. On a scale from 0 to 10, the majority of customers continuously rate us at a 9 or higher for our technicians' knowledge and service. The overall results are shared throughout the organization and analyzed to see where we may improve the customer service experience.

Test Equipment Calibration Program

Field test equipment and secondary standard laboratory equipment are calibrated every 12 months by our calibration laboratory. All test equipment calibrations are traceable in an unbroken chain to the National Institute of Standards and Technology (NIST). (See Laboratory Traceability Chart in Appendix II). All calibrations are accomplished within strict guidelines utilizing recognized calibration procedures, techniques, and quality assurance standards.

7.0 Centers of Excellence

The Centers of Excellence for ERS provide leadership, best practices, expertise, support, and training to achieve dramatic improvements in cost, productivity, and quality. Our team members include professional engineers, NETA-certified engineers, compliance engineers, training specialists, and more. Through their expertise and our infrastructure support, we can deliver industry-leading customer satisfaction by exceeding expectations around quality, service, and responsiveness.

We driving performance through:

Leadership

Provide oversight and governance to ensure alignment with customer and marketplace requirements.

Operations and Management

Manage costs, risks, and resources to ensure safe and timely project execution that meets objectives and budgets. Maintain capabilities and scale to effectively support single and multi-site projects.

Processes and Practices

Maintain predictable, repeatable, and consistent operational performance through standardized processes and methodologies. Utilize advanced tools and technologies, invest in research and development, and focus on continuous improvement to create best practices.

Service

Deliver project, maintenance, and performance optimization services throughout the lifecycle of a facility to ensure business-critical infrastructure operates reliably, safely, and efficiently.

Expertise

Hire and maintain top technical talent in the industry. Build sustaining capability through knowledge management, training, leadership development, and performance measurement.

8.0 Technical Resources

Intelligent Data Acquisition Forms

Megger's PowerDB application is the industry-leading data acquisition tool for the electrical testing industry. The out-of-the-box testing forms provide templates that are used to collect test data across many types of electrical assets and are widely used across the industry. ERS was one of the original adopters of these forms. For more than a decade, our in-house form developers have partnered with PowerDB to leverage our extensive field experience and make many improvements to the out-of-the-box design.

Today, our proprietary, customized forms enable us to collect more data, with improved safety, accuracy, and efficiency. Through built-in form intelligence, we are able to quickly identify test data that may be suspect or does not meet NETA guidelines or other industry specifications. In addition, our intelligent forms are designed to generate auto-deficiency statements, which are derived from our large database of benchmark test results combined with our technical knowledge library.

Our proprietary customized forms offer:

- A searchable database of test results for auditing purposes
- Reliability in storing and organizing data by organization, plant, system, or device
- Historical data or trend data comparing similar devices nationwide
- Auto-deficiency statements generated from a knowledge-based library
- Testing data and recommendations for the next test interval
- A standardized report format due to forms being similar in appearance, performance, and features
- Integration with industry tools and applications enabling direct input from RTS for relays and Doble Pro-Test
- Built-in safety reminders applicable to each unique testing scenario

PowerDB is deployed across our global service organization including more than 3,000 registered users, ensuring consistent, standardized data collection across each equipment type anywhere in the world.

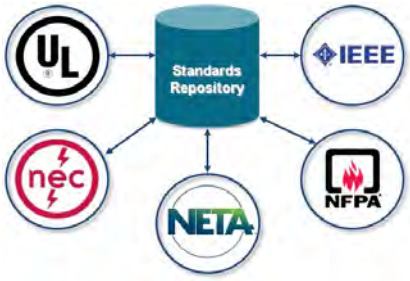
Real-Time Data Applications

To improve efficiency and accuracy, we utilize the latest technology that increases the speed in which we share project information. Our data collectors use smart tablets that allow them to easily mark-up drawings and send them to the support engineer for review. Sending the data in real-time allows for 24/7 engineering support.

The support engineer can quickly review the drawing, make any revisions, and send it back to the data collector before they return to work the following day. The data collector can review the progress with the customer as often as required. Before the job is finalized, they can review final drawings to ensure all data has been collected and all questions have been answered before they leave the site, eliminating unplanned follow-up visits.

Electronic Technical Library

We maintain an electronic library of international standards accessible to key employees 24/7. This information includes an index of standards written anywhere in the world and is updated every 60 days. This library's resources include reference materials and standards from organizations such as IEEE, ANSI, UL, NETA, and NFPA. It also includes general reference materials and specialized text on electrical theory, engineering, and compliance.



9.0 Equipment

ERS owns more than $15 million in state-of-the-art equipment and diagnostic software and tools. We continually invest in our equipment to ensure we have the newest technology from handheld units to large transformer testing gear. With more than 3,000 pieces of equipment on hand, we always have the right equipment for the job. Below are examples of our equipment:

- Doble F-2553 high power convertible power simulator for relay calibration
- Doble TR-3100 motion analyzer which measures travel and velocity of breaker contacts
- Online, digital low-resistance ohmmeters allow for safe and efficient readings on energized equipment
- Agema digital color infrared cameras with software-driven data management
- OMEGA data loggers for power quality measurements
- Albér battery testing systems for online monitoring of battery back-up systems
- State-of-the-art power measurement equipment that measures load, harmonics, and line disturbance from well-known manufacturers including BMI, Dranetz, Elite, and RPM
- Laptop computers for all field and sales engineers to facilitate efficient communication, proposal preparation, and test data management
- Customized automation software to ensure the timely delivery of estimates, test reports, and test data

Research and Development

With more than four decades of experience in maneuvering electrical equipment around big and small spaces, we understand the challenges. Our engineering and R&D resources help develop technology, methodology, and tools that improve the safety, efficiency, and accuracy of electrical testing. Physical improvements have made our equipment:

- Easier to maneuver, allowing for increased accessibility to more difficult/smaller sites
- Weigh less so there is no need for a heavy crane
- Easier to roll over uneven surfaces, allowing our wheeled pieces of equipment to travel through areas others cannot

Registered Patents

We invest in new technologies to improve the way we deliver services and currently own six patents. Our patents include sensor technology, testing methodology, a control circuit for test sets, a transformer winding resistance tester, and probe methodology. The majority of our patents focus on improving efficiencies and safety in our testing procedures.

10.0 Test Reports

Information management and communication within a service program are often the weakest and most detrimental facets of a client-vendor interface. Data storage and retrieval must be user-friendly and functional. Not only do our test reports adhere to NETA standards, but we also make sure they are easy to read and are consistent.

As an independent third-party electrical testing, maintenance, and engineering services firm and a founding member of NETA, we help set the standards for test reports. Each of our test reports includes: (1) a summary of the project, (2) a description of the equipment tested, (3) a description of tests, (4) the test data, and (5) analysis and recommendations. In addition, our reports meet the following requirements:

1. Identification of the testing organization
2. Humidity, temperature, and other conditions that may affect the results of the tests/calibrations
3. Date of inspections, tests, maintenance, and/or calibrations
4. Identification of the testing technician
5. Indication of inspections, tests, maintenance, and/or calibrations to be performed and recorded
6. Indication of expected results when calibrations are to be performed
7. Indication of “as-found” and “as-left” results, as applicable
8. Sufficient spaces to allow all results and comments to be noted

When our work is complete, you will receive a comprehensive engineering report as specified in the maintenance testing contract. These detailed reports are reviewed by a dedicated group and contain infrastructure data and clear recommendations for improving safety and reliability. These reports help with compliance as they meet the NFPA 70E and NERC requirements for documentation.

11.0 Services and Capabilities

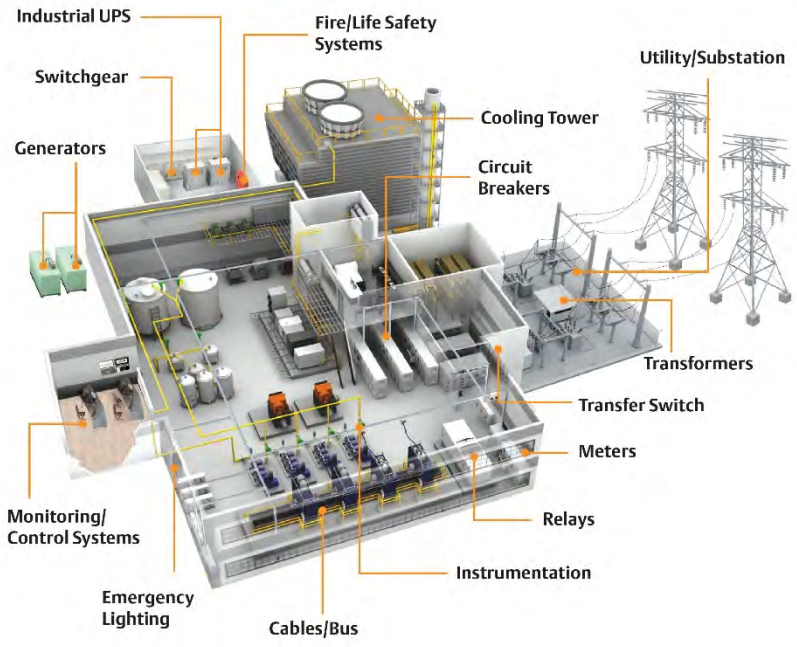
Every plant goes through a natural lifecycle. A typical facility with a traditional architecture enjoys its highest efficiency and performance right at startup. Once online, however, the plant begins to gradually deteriorate due to the dynamic and often harsh environment of the process, as well as the normal wear-and-tear on the equipment.

Contrast this with the lifecycle of an optimized plant where ERS can help your plant start-up faster. Throughout the lifecycle, this plant will see continual improvement in performance that is made possible through predictive diagnostics, preventive maintenance strategies, life-extension services, and engineering studies. In an optimized plant, unplanned outages are virtually eliminated and replaced by more efficient turnarounds, improving your plant's performance today, tomorrow, and beyond.

As an independent third-party company, our recommendations are unbiased and based on principles of value engineering. We understand that the health and performance of your assets are vital to your success, and we have first-hand experience proving that electrical testing and maintenance has a dramatic impact on improving the cost of maintaining a reliable electrical power system.

Wherever you are in your plant's lifecycle, healthy assets are the way to a healthier bottom line. As your partner, we can provide the most comprehensive solutions for your electrical system reliability and safety.

We service equipment such as:



Over the next few pages, you will learn more about our services and capabilities.

11.1 Project Services

Our project services ensure that your facility is designed, built, and operates reliably and according to your project specifications. Whether building a data center, selecting technologies, planning an upgrade, or recommissioning an existing facility, we can support your projects and maximize your investment.

Commissioning Services

Commissioning is a quality assurance process that begins during planning and design and continues through construction, occupancy, and operations. The activities performed during each phase include a commissioning plan and specifications development, design review and scheduling, testing and verification, operational procedure development, training verification, and warranty reviews. Reference the “Commissioning Services” section for more information on our capabilities.

Acceptance Testing

Acceptance testing is performed per the NETA *Standard for Acceptance Testing Specifications*. Our experts will ensure your equipment is installed per manufacturer specifications, integrated as needed, and able to safely and efficiently handle the designed load. Additionally, baseline data collected during your acceptance testing project is the foundation for required maintenance as stipulated by NFPA 70E. Reference the “Acceptance Testing” section for more information on our capabilities.

Project Management

Combining a broad range of resources and knowledge, we can coordinate all aspects of your project and complete it on time and on budget, no matter the project size. Our services begin early and encompass a wide range of systems and capabilities. A certified project management team will ensure your project is a success and delivers the desired outcome.

Installation Services

The professional installation of all products and components is a key element of our project delivery service. As a general contractor that is licensed in many states and a company that works with a network of licensed contractors, we employ best practices for both electrical and mechanical installations.

Integrated Systems Testing

This process verifies the integrated functional operation of critical building systems under the designed load and emergency conditions. An Integrated Systems Test script is developed that details the testing process for the entire critical system including the electrical and mechanical primary systems, redundant systems, backup systems, emergency and automatic switching systems, and building automation systems (BAS).

Electrical Engineering

Our experts work with you to fully understand your project requirements and recommend solutions. Our comprehensive engineering and design services give structure and context to the project planning team’s recommendations. Reference the “Electrical Engineering Services” section for more information on our capabilities.

COMMISSIONING

For more than a decade, Electrical Reliability Services has been a leader in the commissioning of critical space facilities. Unlike some commissioners who primarily provide administrative oversight, our commissioning services team offers a comprehensive, hands-on approach to commissioning. We will work with you and your project teams from pre-design through construction and up to one year post-occupancy to verify and document that systems are designed, constructed, and tested to function safely and meet operational needs.

By working hand in hand with your design engineers and general contractor, our commissioners will ensure your project meets your needs from day one and is delivered on time and budget. Even more important, commissioning services ensure you get the results you expect. From lower operating costs and improved energy efficiency, to reduced downtime and increased reliability, commissioning your project today delivers benefits for many years to come.

Our commissioning experts are members in key industry associations such as ASHRAE and the Building Commissioning Association (BCxA). Qualified staff members include NETA-certified technicians, certified Qualified Commissioning Providers (QCxP) and LEED Accredited Professionals (AP) who have training in ASHRAE commissioning guidelines and the LEED rating system.

Proven. Consistent. Agile.

Trust your mission critical facility to the commissioning experts at ERS. Through our extensive experience in commissioning complex systems, we have developed proven processes which enable us to deliver consistent, quality results while increasing your speed to market.

Services

- Retro Commissioning
- Full Lifecycle Commissioning
- LEED Commissioning
- Commissioning Plan Development
- Project Management
- Integrated Systems Testing
- Personnel Training

ACCEPTANCE TESTING

A high percentage of early equipment failures can be traced to design, installation, or startup deficiencies. It is important to protect your plant's investment in new equipment or systems with acceptance testing.

Acceptance testing protects the reliability and uptime of a facility or piece of equipment. It also provides a baseline for trending and comparing data gathered during future maintenance testing. Our testing encompasses:

- **Pre-functional verification**: An inspection to verify proper installation prior to testing which covers the checking of belt tension, oil levels, labels, gauges and sensors.
- **Functional testing**: Testing performed in all operational modes to confirm that equipment operates according to the design intent.
- **Comprehensive reporting**: A report that includes testing results and any recommendations for infrastructure changes.

Integrity. Efficiency. Accuracy.

Ensure the integrity of your system by confirming your equipment is installed per manufacturer specifications and design intent. Our technical experts will ensure a quality installation that supports system reliability and reduces the threat of costly downtime while maximizing operating efficiency. We will also make sure you receive accurate baseline data to be used for improved asset management in the future.

Services

- Visual and Mechanical Inspections
- High Potential Testing
- Cable Fault Location
- Ground Fault / Ground Resistance Testing
- Breaker Time Travel Analysis
- Battery Testing
- Voltage/Load Recording
- Load Bank Testing
- Contact Resistance Testing
- Standby & Emergency System Testing
- Current Injection Testing
- Relay Functional Testing
- Thermographic/Infrared Testing
- Partial Discharge Testing
- Fluid/Oil Analysis
- VLF Testing
- Power Factor Testing
- Fall-of-Potential Testing

11.2 Maintenance Services

We take a holistic approach to ensuring the safe, reliable operation of your facility. Using our solutions, companies can overcome challenges in managing maintenance for data center, healthcare, telecom, industrial facilities, and more. With proper maintenance and regular testing, you can identify and correct problems that would otherwise go undetected.

Preventive Maintenance

A preventive maintenance program should be performed in accordance with accepted industry standards and safety practices, such as NFPA 70B and the NETA *Standard for Maintenance Testing Specifications*. The following tests and services are part of our preventive maintenance program, designed to ensure your compliance:

- Turnaround and outage support
- Electrical testing
- Periodic inspection, cleaning, and lubrication
- Calibration services

Reference the “Preventive Maintenance” section for more information on our capabilities.

Predictive Maintenance

Predictive maintenance involves performing condition assessment tasks that monitor or trend equipment health to help determine what maintenance tasks should be performed to avoid unacceptable deterioration or drop off in performance. The following tests are part of our predictive maintenance program:

- Partial discharge testing
- Ultrasonics
- Infrared/thermography
- Fluid/oil analysis

Reference the “Predictive Maintenance” section for more information on our capabilities.

Corrective Maintenance

As electrical equipment ages, components begin to wear and insulation deteriorates. Our corrective maintenance includes repairing transformers and switchgear, inspecting wiring connections for proper tightness or discrepancies, and replacing broken or worn out parts as needed. It may also include retrofitting in order to update your equipment with the latest technology instead of doing a full replacement.

Maintenance Management

According to the current NFPA 70E standard, equipment must be properly maintained in accordance with the manufacturer’s recommendations and applicable industry codes and standards. An effective electrical maintenance program will ensure compliance, enhance safety, and reduce the probability of equipment failure. Some of our key services offered to help support your ongoing maintenance program include maintenance planning, program development, outage planning, and method of procedures (MOP) development.

PREVENTIVE MAINTENANCE

Facilities are dependent upon their electrical systems to maintain the continuity of processes and to transmit critical data. The continuing reliability and integrity of an electrical power system are based on an established program of maintenance and operational testing. The maintenance procedures and frequencies should follow the recommendations of nationally recognized standards.

NFPA 70B: Recommended Practice for Electrical Equipment Maintenance provides maintenance guidelines including suggested intervals. Another valuable resource is NETA's *Standard for Maintenance Testing Specifications for Electrical Power Equipment and Systems*, which has been adopted by the American National Standards Institute (ANSI/NETA MTS). These procedures and frequencies are used to develop a maintenance schedule that is based on the type of equipment, voltage, and ambient conditions.

Preventive tests and services provided by our NETA-certified field service engineers and technicians include:

- Insulation-resistance testing
- Ground resistance testing
- Dielectric withstand voltage testing
- Cleaning, exercising, and lubricating components
- Troubleshooting and/or repair as necessary
- Thermographic surveying
- Breaker time travel analysis
- Visual and mechanical inspections for functionality/operability
- Writing of test report with recommendations

Turnaround and Outage Support

Plant turnarounds constitute the single largest maintenance expense. Part of ensuring a successful turnaround is controlling the time and costs associated with the outage, while making sure assets get the service needed to continue performing safely and reliably. To make the most of planned maintenance time, take advantage of our range of services:

- Pre-outage planning
- Pre-outage electrical maintenance
- Maintenance and testing services
- Pre-outage diagnostic testing
- Pre-outage electrical maintenance
- Post-outage report and feedback

Electrical Testing

Electrical equipment aging and deterioration is normal, but equipment failure is not inevitable. An effective electrical maintenance testing program identifies and recognizes factors leading to deterioration. It provides measures for reversing these effects and avoiding failures. A well-administered testing program can prevent accidents, save lives, minimize costly breakdowns, and reduce unplanned outages.

Predictive maintenance tests determine the condition of in-service equipment in order to recommend when maintenance should be performed. We offer a comprehensive profile of services to assess and trend the health of your equipment.

Partial Discharge Testing

Our integrated partial discharge (PD) testing and monitoring solutions are customized for you and can provide early warning signs of impending failure. We offer the latest technologies in both online and offline PD testing. Our new technology expands the type of equipment in which PD can be detected. This list includes cables, air, and gas-insulated switchgear, dry-type and liquid-filled transformers, potential transformers, control power transformers, current transformers, arresters, bus, switches, voltage regulators, and circuit breakers as well as others.

We use multiple sensors to improve accuracy including transient earth voltage sensors, ultra-high frequency sensors, high-frequency current transformer sensors, and acoustic emission or ultrasonic sensors. Depending on your specific operating requirements and application, we can customize a program for you. Choose from periodic partial discharge testing, continuous online monitoring, ultrasonics, dissipation factor, and permanently mounted sensors. We offer a wide variety of options to fit your specific needs.

Infrared/Thermography

Annual infrared scans are specified in NFPA 70B and are recommended by most insurance companies. These tests can easily detect hot spots in your critical equipment. However, not all infrared scans are the same. We use high-end cameras that offer the highest imaging resolution and temperature range to clearly understand where electrical connections and components have degraded. Information gathered helps to determine how to best address these hot spots before they result in serious problems that lead to unplanned downtime.

Ultrasonics

Ultrasonic testing finds leakage, signs of corona, and other invisible problems within an electrical system before they become large, expensive problems. Performed without disrupting plant or facility operations, ultrasonic testing is a non-destructive, non-invasive predictive maintenance tool. Because it maintains insulation integrity, it is commonly employed in applications such as cable terminations, switchgear, busbars, and transformers. Ultrasonic measurement is most powerful on a comparative basis and can significantly increase the reliability of partial discharge detection.

Fluid/Oil Analysis

Fluids and oils circulate in large power transformers to insulate them from high-voltage stresses. These fluids contaminate easily due to leaky seals and corrosion. Increased reliability and performance can result from a rigorous preventive maintenance program that purifies and filters these fluids over the life of the equipment. Advanced mobile oil processing equipment provides vacuum, filtration, degasification, and dehydration of fluids/oils to restore optimum dielectric strength, viscosity, and insulation characteristics.

11.3 Electrical Engineering Services

Our highly qualified engineering resources provide innovative solutions to enhance the safety, operating performance, and reliability of your critical systems. Managing the complexities of your power system protection and ensuring safe reliable operation can be a difficult challenge that requires multi-discipline expertise. We offer a variety of engineering services including electrical engineering design, power system studies, and engineering drawings. Learn more below:

Electrical Engineering Design

Our protection engineers will evaluate your system and design settings to ensure your equipment functions as it is designed to do and that it performs at its optimum capacity while meeting applicable regulatory requirements.

Relay Design and Integration

Our highly experienced integration engineers can help you identify the specific relay features, capabilities, and configuration that will best meet your facility's requirements. In order to ensure our solution meets all of your needs including cost, space, time, functionality, and regulatory compliance, our team will meet with you to understand your specific requirements. We will then design a retrofit solution utilizing the best technology for your system. Once a solution has been designed, complete schematics and diagrams are developed and reviewed prior to construction.

Relay Logic and Programming

Another important part of the design process includes accurate relay logic and settings. Correct logic settings affect the speed, selectivity, and reliability of your relays. Our protection engineers are available to help you design and implement logic settings to ensure your scheme delivers the required protection for your operation.

HMI/Communications (SCADA) Programing

Human-machine interfaces (HMI) and communications are crucial networking components in any integrated SCADA system. Our engineers have the expertise to design, program, and implement a solution that will allow your operators such abilities as monitoring device status, polling metering data, creating multi-level user groups, or controlling protective devices such as breakers, remotely.

NERC Compliance Engineering Evaluation

Evaluation of your infrastructure involves on-site data analysis and data collection by our highly-trained engineers who have years of experience working in and around operating generation plants. Once the data is collected, they will assemble and organize it to perform modeling and engineering analysis of your electrical system. A complete NERC-approved mathematical proof will be provided for each load-sensitive relay requiring study. Our engineers leverage industry-accepted software applications to model dynamic systems including PSSE, E-Tap, MatLab, and Power World. Upon completion of the analysis, a comprehensive report will be provided with recommendations and corrective actions required for ensuring compliance and improving power system loadability at your facility.

Power System Studies

Our engineers help you optimize the design, function, and operation of your protection system by analyzing the operation of your power system during normal and fault situations. Our power system studies include:

Short Circuit/Coordination Study

A short circuit and coordination study helps to avoid accidents, productivity losses, costly fines, and higher insurance costs. By evaluating a system's protective devices and the circuits they protect, a coordination study determines how long equipment can sustain operation without damage or failure. These studies provide power transformers, switchgear, substations, motor control centers, panelboards, and other equipment with the required protection to ensure minimum service interruption under overload and short-circuit conditions.

Arc Flash Study

Arc flash studies provide recommendations for PPE; boundaries for limited, restricted, and prohibited approaches; and recommendations for flash protection and safe work practices. Once our technical staff has completed an arc flash analysis, the appropriate hazard warning labels will be provided. Reference the "Arc Flash Study" section for more information on our capabilities.

Power Quality/Harmonics

Dips, spikes, surges, and momentary outages can damage critical equipment and systems, or cause them to malfunction. Our power quality studies and harmonic analyses identify grounding errors, harmonic distortions, and other issues that reduce the reliability of your power system. Experts rapidly assess problems by examining harmonics, load flow, and power factor. Once the nature of the disturbances or operating condition is understood, we identify solutions that reduce total system loading and ensure optimal system performance.

Load Flow Analysis

Load flow studies identify and correct power system issues, such as overloads, load imbalance, harmonic problems, poor power factor, or other operational issues. Using software that simulates actual steady-state operating conditions, our power system experts can virtually investigate multiple scenarios that may alter a facility's load, creating operational or performance problems. The load flow study calculates load distribution and voltage profiles to examine the performance of the system and determine the effectiveness of voltage regulation or power factor correction equipment.

Power Factor Study

Measuring power factor detects insulation defects in electrical equipment. By maintaining a high power factor, a plant can avoid costly utility bills resulting from an enforced "low" power-factor clause or high kilovolt-ampere (kVA) demand. Power factor tests provide a benchmark that may be compared over periods of time in an organized manner and are used to identify trends within AC equipment insulation.

Grounding Study

A grounding system is one of the most important, yet neglected, segments of a critical facility's electrical power system. Testing is required by the National Electrical Code (NEC). Proper grounding is essential to ensure personnel safety and service reliability. Our technical services team can ensure your system grounding complies with code requirements, and that your ground fault protection is adjusted and functions properly.

System Logic and Control Settings

Another important part of the relay design process includes accurate relay logic and settings. Correct logic settings affect the speed, selectivity, and reliability of relays. They ensure the correct relay elements are being used in the trip scheme and that the relay control logic will produce the desired results. Our protection engineers help you design and implement logic settings to ensure your scheme delivers the required protection for your operation.

Ground Fault Analysis/Troubleshooting

A low-level arcing ground fault can destroy switchgear in seconds before the main service overcurrent protection will operate. Ground fault protection is required by the NEC and is usually installed only on circuits and services of 480/277 volt 1,000 amps and larger. A properly installed and operating ground fault protection system will detect and clear the fault in milliseconds, fast enough to limit damage to acceptable levels. Our experts can verify the proper installation of sensor and grounding connections.

Engineering Drawings

Electrical Reliability Services engineers can develop a road map to enable proper maintenance of equipment, design redundancy, and protection of your electrical distribution system. Learn more below:

Single/Three-Line Diagrams

Facility equipment and loads are continually added or removed in small increments, constantly changing an electrical infrastructure. We conduct a comprehensive site survey to inventory the equipment, verify drawings and processes, and evaluate design redundancy. The resulting detailed schematic shows the main components of the electrical system and the power distribution path. You will then have the information needed for system analysis and testing, as well as for future maintenance and engineering studies.

Wiring Diagrams

Accuracy is incredibly important when translating engineering designs into actual installations. Creating wiring drawings is a time-intensive, detail-oriented step in the protection and controls engineering process, connecting each device such that each device operates properly within the system. Our protection and controls engineers have the applied installation experience and a quality process to ensure the creation of accurate and precise wiring diagrams.

Elevation Drawings (Panel Elevations)

Every relay panel has unique dimensions and physical characteristics. Specifying a replacement relay panel requires intuitive field experience with insight into the constructability of the installation. Our protection and controls engineers have the knowledge necessary to create detailed panel elevation drawings, ready to be used to procure custom-made panels.

Control Schematics

Control schematics are the basis for showing how various devices interoperate. Creating control schematics requires technical knowledge of existing relay makes and models with applied knowledge of protection and control theory. Our experts can create protection and control schematics according to your specifications and needs.

ARC FLASH STUDY

Ensure worker safety and regulatory compliance with a comprehensive arc flash study. Our professional and degreed engineers receive ongoing education and adhere to strict standards in safety and electrical testing when performing a study that involves the following:

Data collection – Collecting critical equipment information is necessary to perform accurate arc flash hazard analysis. Depending upon the incident energy levels present at a given location, the minimum required levels of PPE is determined.

Arc flash calculations – Calculations are performed with state-of-the-art software and in accordance with NFPA and IEEE standards.

Comprehensive reporting – Report includes the results of the hazard analysis and expert recommendations, and helps ensure compliance with OSHA and NFPA standards. Once the study is completed, results should be maintained in the facility's engineering documentation and incorporated into a published safety manual.

Ideally, an arc flash study should be done in conjunction with the acceptance testing and engineering studies at the time of commissioning since a short circuit study is required to perform the evaluation.

Ensure Regulatory Compliance

Improve worker safety by identifying potential hazards and implementing recommendations to mitigate risks. You can identify these hazards and ensure regulatory compliance by performing arc flash hazard analysis in accordance with industry guidelines. Once you have enhanced system performance, you will see greater productivity by reducing business disruption and lost man hours that may result from arc flash incidents.

Related Services

- Risk Assessment
- Hazard Labeling Plan
- Site Review/Compliance Assessment
- Protective Scheme Design Review
- Single-Line Diagrams
- Short Circuit and Coordination Studies
- Preventive Maintenance
- Electrical Safety Program Review/Development
- Training and Performance Evaluation
- Personal Protective Equipment
- Optional Annual Re-certification
- Documentation

11.4 Equipment Upgrades & Replacements

Aging electrical equipment typically has higher maintenance requirements, that not only cost more but also pose higher safety risks for personnel. We offer a full range of services designed to help aging facilities operate at peak performance.

Turnkey Relay Retrofits, Upgrades, and Replacements

Relay retrofits and upgrades provide a fast, cost-effective way to leverage the advantages of microprocessor relays without the expense of installing new switchgear. Turnkey relay upgrade solutions include generator protection, main-tie-main systems, feeder protection, arc flash mitigation, and medium-voltage back-up generation. We deliver solutions utilizing all major relay manufacturers and relay applications including engineering evaluation, relay design and integration, relay logic and settings, panel fabrication, demolition, installation, testing, and startup support.

Circuit Breaker Retrofits/Upgrades

Replacing aging circuit breakers will lower maintenance requirements and reduce the safety risk to your personnel. Our electrical system experts can upgrade your assets with rebuilt and retrofitted equipment, allowing for improved performance at a lower cost. Our capabilities include low, medium, and high voltage circuit breakers, including vacuum and SF6 technology.

UPS Retrofits/Upgrades

Our life-extension services transform older equipment to like-new conditions, delivering enhanced efficiency and reliability and extending the life of your system. Our expert technicians will modernize your control systems for the UPS, inverter, and/or battery charger. They will replace most major components such as printed circuit boards, chokes, meters, potentiometers, and more. Your equipment will then be tested and calibrated to meet the OEM specifications.

Battery Replacements

Once a battery reaches less than 80 percent, it is recommended for replacement. We offer complete battery replacement solutions including both expert installation of new cells and proper recycling of spent batteries. We also offer a mobile power solution for safe and secure DC system maintenance and battery replacement. Our Mobile DC Power Services Unit is transportable to provide on-site temporary power during system maintenance and replacement.

Direct Replacement Breakers

Advances in circuit breaker technology have enabled asset managers to exchange older, often obsolete equipment for upgraded replacements without disrupting existing switchgear. Most replacement breakers are designed to fit into the existing switchgear cells with minimal modifications and will interface with the existing switchgear structure while maintaining safety interlocks inherent in the original design.

11.5 Compliance Services

Understanding and complying with ever-changing standards requires considerable knowledge of the requirements and methodology used to successfully implement the technical requirements. Our compliance experts can help you achieve compliance with the latest regulations and requirements from NERC, NFPA, IEEE, NETA, and more.

NERC Compliance Programs

Achieving compliance with NERC requires knowledge of complex regulations. Our NERC compliance services provide generator and transmission owners and operators with the resources and tools needed to address reliability requirements. Compliance experts leverage an in-depth understanding of NERC standards and how they impact power-producing infrastructure to help customers develop a compliance program. Our NERC compliance services include compliance assessment, engineering analysis and modeling, NERC program management, and relay retrofit and upgrades.

NFPA Compliance Programs

The intent of *NFPA 70E: Standard for Electrical Safety in the Workplace* is to provide guidelines for reducing exposure to the hazards of shock, electrocution, arc flash, and arc blast. To help you improve safety and achieve compliance, our team of NETA-certified technicians, power system engineers, and electrical engineers provide solutions for your electrical safety policy and maintenance practices. Our NFPA compliance services include electrical safety compliance assessment, arc flash study, change management and control, training, safety, maintenance, and documentation.

OSHA Safety Training

Our OSHA Safety Training courses are designed to support continuing education and relicensing requirements of most states. Many Fortune 500 companies have approved the courses for corporate training, and they are accepted by IBEW, DOD, DOE, MSHA, and OSHA (Safety Training). The courses also meet NETA's continuing certification program for certified technicians.

Arc Flash Compliance Services

OSHA can and does enforce the NFPA 70E guidelines on arc flash safety. To ensure compliance, you will need to determine the steps needed to meet OSHA and NFPA requirements. Our experienced engineers can conduct a comprehensive assessment at your facility to identify areas of risk and non-compliance. The results can then be analyzed to formulate a plan to bring your facility into compliance in the most efficient way possible.

Code/Conformity Compliance

We provide a full-service offering for field testing and conformity assessments complying with stringent requirements of IAS certification and NFPA 790 and 791 standards. These requirements ensure impartial evaluations are conducted within a strict structure for prepping, testing, evaluating, documenting, and reporting on unlisted equipment. The services we offer include code compliance, field evaluations, and lab services.

11.6 Educational Services

Ensuring the safety of your workers and meeting the challenges of the latest safety requirements is a difficult task without assistance from qualified resources. Having delivered hundreds of on and off-site training courses annually, you can trust us to provide the education your team needs to become "qualified" electrical workers in accordance with NFPA 70E requirements.

Our training is delivered by equipment experts who are well-versed in the latest regulatory requirements. Whether customized on-site training is required or online training via WebEx, courses are designed around our customer's schedule. We provide the industry's leading innovative and cost-effective approach to training, offering comprehensive turnkey packages that are unparalleled in the industry.

We also offer consulting services that are designed to help customers improve the efficiency and performance of their most critical assets. These services will increase workplace safety, protection of property, and compliance with regulatory codes and standards. Solutions include:

- Specialized equipment training
- Safety training
- Safety audits
- Skill and training needs assessment
- Safety documentation
- Policy and procedure development

Note: Electrical Reliability Services' safety training programs meet current OSHA requirements including OSHA 1910.269, 330-333 (Subparts R and S).

Here's what customers had to say about our educational services:

"The course was very interesting. The instructor was outstanding and knew the information better than any class I have attended."

"Great logical course progression; easily understood by different experience levels."

"This was the most informative and entertaining electrical safety course that I've had. It was easier to retain the information I learned. Thank you for creating such a well-planned curriculum."

"Great training course. Instructor provided detailed information regarding each topic. Extremely helpful in our line of work."

"This was the most focused electrical arc flash course I have attended."

"I had a general idea of electrical safety before but [the trainer] was able to explain everything I didn't know, effectively and easily."

"Easy to understand and presented accurately. The instructor is very knowledgeable."

"Very good course, even for someone who does not have an electrical background."

11.7 Service Management & Support

Unexpected failure can pose serious hazards to your critical infrastructure. Whether it is a large-scale outage or a localized technical glitch, each emergency demands a prompt response. Our Customer Resolution Center associates utilize a robust knowledge database and leverage interactive technology. This enables us to quickly and consistently provide you quality service and real results. Learn more about our services below:

Customer Resolution Center

When you call our toll-free number for help dealing with your critical system issues, you will never reach an answering service or voicemail. You will always be connected with a person for immediate assistance. Our call center is staffed with infrastructure experts that are part of the largest customer support team in the industry. They are equipped with technology that indicates weather patterns and natural disasters so they fully understand the issues that may impact your facility. Team members are armed with the information they need to resolve your call, which on average takes less than three minutes.

24x7 Emergency Response

Our technical support team and call center are available 24x7. Anytime, day or night, we can dispatch a NETA-certified technician to your site with the proper equipment required to troubleshoot the problem and quickly meet your unexpected needs on-site.

Disaster Recovery Services

Disaster recovery services are designed to support your business continuity objective. Whether you are looking to assess the damage to electrical distribution equipment or need to conduct startup and commissioning on new or refurbished equipment, we can help. Our services are conducted according to guidelines from the National Electrical Manufacturers Association (NEMA) and adhere to ANSI/NETA specifications.

Our disaster recovery services include:

- Damage assessment
- Equipment repair/recondition
- Spare parts support
- Inspection and testing
- Equipment replacement
- Commissioning and startup

12.0 Project Experience

Data Center

CUSTOMER/LOCATION	TYPE OF WORK	PROJECT DESCRIPTION
Real Estate Investment **Los Angeles, CA**	• Acceptance Testing • Commissioning	The expansion included phases 1 & 2 and added 7.5MW of power for approximately 80K sq. ft. The scope of work included 35kV switchgear and MV switchgear for six 2500kW generators (protective relays, vacuum breakers, and sensors) and 480V equipment (switchboards, circuit breakers, meters, distribution boards, and meters).
Telecommunications **Multiple sites**	• Retro-Commissioning	Performed retro-commissioning at 24 administrative and warehouse locations. The survey included approximately 4,700,000 sq. ft. of occupied space, including a review of operating mechanical systems and developing Energy Conservation Measures (ECMs) for the desired 2.5yr ROI.
Data Center **Mesa, AZ**	• Mechanical & Electrical • Recommissioning	Phase 1 of the project included converting approximately 20% of an estimated 1.3 million sq. ft. manufacturing facility into a data center. It also included a buildout for two 12MW data halls and supporting electrical and mechanical equipment.
Data Center **Reno, NV**	• Acceptance Testing • Maintenance Management	Large acceptance testing project comprised of several phases over 4 years. We maintained a team of engineers on-site, who performed acceptance testing and assisted in the facilities that moved into live status. Awarded a long-term, 5-year, maintenance plan. Serviced the 120kV substation, the 15kV, MV distribution system, and the LV switchboards and breakers. We permanently installed OLPD sensors, which enabled us to monitor the medium-voltage system while still energized.
Data Center **Cheyenne, WY**	• Acceptance Testing • Maintenance Testing	Acceptance tested new gear for a data center expansion. Tested transformers, circuit breakers, cable, and other electrical assets. We also maintenance tested existing gear.
Data Center **Council Bluffs, IA**	• Acceptance Testing • Maintenance Testing	Tested seven, multi-tier, data center facilities, including Level II testing of MV transformers, MV and LV switchboards, panelboards, circuit breakers, generators, relays, metering, and associated instrumentation. Level III and IV support were also provided.
Data Center **La Vista, NE**	• Acceptance Testing • Maintenance Testing	Acceptance tested a major facility expansion which increased system capacity by approximately 20%. Provided Level II testing of MV transformers, MV and LV switchboards, panelboards, circuit breakers, generators, relays, metering, and associated instrumentation.
Data Center **Las Vegas, NV**	• Acceptance Testing • Commissioning	With over 7 million sq. ft. of data center floor space and up to 650MW of power, this facility is one of the largest campuses in the world. We provided acceptance testing of the data center and 120kV substation, as well as, commissioning of the substation.

Utilities

CUSTOMER/LOCATION	TYPE OF WORK	PROJECT DESCRIPTION
Power Generation and Distribution Charlotte NC, Raleigh NC, and Tampa, FL	• Relay Upgrades and Embedded Personnel • Solar Systems Acceptance Testing	One of the largest electric power holding companies in the U.S., supplying electricity to approximately 7.4 million customers, operating approx. 52,700MW of electric generating capacity in the Carolinas, Midwest, and Florida, including a portfolio of renewable energy assets. We provided more than 30,000 service hours, working on generation, transmission, and distribution systems from 13.8kV to 230kV. We installed new relay technology and provided acceptance testing in their new solar farm installations.
Power Generation New Orleans, LA	• DC Services • Breaker Testing • Relay Testing • Transformer Testing	Owner-operator of multiple power plants with approximately 30,000MW of electric generating capacity, including nearly 9,000MW of nuclear power, delivering electricity to customers in Arkansas, Louisiana, Mississippi, and Texas. We provided installation and maintenance services to approximately 10 plants. Services included: Arc flash, breaker repairs, NERC testing, and relay upgrades.
Power Generation Houston, TX Generation Sites Nationwide	• NERC PRC Services • Maintenance Testing • Relay Upgrades	Multiple power generation facilities produce 30,315MW of electrical power from natural gas, wind, solar, oil, and coal power plants at 111 generation sites nationwide. Our scope of work included NERC PRC-019, PRC-024, PRC-025 engineering analysis and compliance validation of generation protection and control systems, NERC PRC-005 regulated maintenance testing of the electrical protection systems, and protective relay upgrade/retrofit services for electrical generation and distribution loads at Bulk Electric System (BES) registered units.
Power Generation Mona, UT	• Battery Replacement	The Mona, UT facility has a capacity of 550MW of electricity from twin combined cycle gas and steam turbines. We replaced existing UPS batteries including a redesign and added disconnects to the three parallel strings, allowing for isolation on individual strings for testing purposes. This was a turnkey project from the removal of the old batteries to installation and capacity testing of the new batteries.
Power Generation Vineyard, UT	• Battery Replacement	The Vineyard, UT facility has a capacity of 558MW of electricity generated from natural gas turbines. We replaced three battery strings and two battery chargers. This was a turnkey project from the removal of the old batteries and chargers to the installation and capacity testing of the new batteries.
Power Generation and Distribution Winfield, KS	• Maintenance Management	Supplier of electricity for approximately 8,100 customers. We have managed a preventive maintenance program for the city's power generation and distribution assets for over 6-years. The scope of work included two generating stations and six substations. Additionally, we have executed a turnkey protective relay replacement project on the city's 69kV distribution system.

Manufacturing

CUSTOMER/LOCATION	TYPE OF WORK	PROJECT DESCRIPTION

Semiconductor Manufacturer Gresham, OR	• Outage Planning • Maintenance Testing • DC Services – UPS/Battery (MT)	The customer was looking for a turnkey solution after a lap in system maintenance. The services provided were major outage planning/execution and preventive maintenance. Our scope of work included NETA testing, engineering services, DC power services, partial discharge testing, and spare materials. This project was executed with seven consecutive 12-hour shifts over four days, with multiple crews.
Semiconductor Manufacturer Portland, OR	• Outage Planning • Maintenance Testing	We provided a turnkey solution to upgrade the aging electromechanical system. This was the facility's first significant maintenance outage since 2009. Our scope of work included a 36-hour, full site outage with pre-outage maintenance and critical systems identified. Equipment included HV, MV, and LV equipment, transformers, switchgear, relays, circuit breakers, and switches. A relay retrofit in the site's substation was also performed.
Automotive Manufacturer Sparks, NV	• Acceptance Testing • Maintenance Testing	The Sparks facility is billed as the largest building in the world. The entire electrical system was tested, including the 120kV incoming service and switchyard, the 35kV facility distribution system, and all 480 and 120/208 low voltage systems. We also conduct annual maintenance testing throughout the entire facility.
Automotive Manufacturer Kansas City, KS	• Maintenance Testing • Emergency Response	This project was contracted to a facilities maintenance contractor. We supplied electrical system maintenance and emergency response services to ensure the reliability of the facility's electrical systems. We provided a one-hour response time for all emergency calls and were required to be present for all line voltage electrical outages.
Metal Container Manufacturer Jacksonville, FL	• Acceptance Testing • Maintenance Testing • Commissioning	We conducted an annual preventative maintenance program consisting of an infrared survey of all power distribution components, oil sampling of critical liquid-filled transformers feeding the facility, and NETA maintenance testing of all medium voltage transformers, vacuum circuit breakers, protective relays, and motor starters. NETA maintenance including testing for 480V circuit breakers using secondary injection testing. Acceptance testing and commissioning were performed on a new 7500 kVA main transformer.
Beverage Manufacturer Multiple sites	• Professional Services • Arc Flash Solutions • Safety Consultation	We have conducted services across the country in all of the U.S. breweries focusing on NFPA 70E compliance, including safety policy updates, arc flash safety assessments, 5-year updates, change management programs, and remediation.
Pulp and Paper Manufacturer Multiple sites	• Outage Planning • Maintenance Testing	We provided annual outage planning and electrical maintenance. Services included pre-outage and black-out electrical maintenance testing performed on HV, MV, and LV power distribution systems, including transformers, switchgear, MCC's, relays, and cables.
Real Estate Investment Chandler, AZ	• Outage Planning • Maintenance Testing	We performed a campus-wide maintenance turnaround and equipment upgrade within 24 hours on 12kV through 480V distribution equipment.

Chemical, Oil, and Gas

CUSTOMER/LOCATION	TYPE OF WORK	PROJECT DESCRIPTION

Oil & Gas Refinery and Production **Commerce City, CO**	• Outage Planning • Maintenance Testing	We completed planning for a 3-year NETA maintenance program and provided 15kV switchgear relay upgrades during the same turnaround. The scope of work covered electrical maintenance testing of the power distribution system, including HV, MV, and LV switchgear, transformers, MCC's, rack-mounted starters, cables, and relays.
Refinery **Torrance, CA**	• Outage Planning • Maintenance Testing	Our services included emergency call-out, major outage planning/execution, and preventive maintenance. We performed large turnaround maintenance with multiple crews, providing NETA testing, engineering services, relay upgrades, DC power services, IR scanning, transformer repair, and partial discharge testing.
Refinery **Port Arthur, TX**	• Maintenance Testing	The Port Arthur refinery is one of the largest oil refineries in the United States. In response to Hurricane Harvey, we provided outage testing for MV/LV electrical equipment to help restore production of 325,000 barrels per day. We also provided testing of the DC power system and installed new batteries.
Chemical Manufacturing **Westlake, LA**	• Acceptance Testing • Commissioning	The Lake Charles chemical complex has seven manufacturing units. Services included acceptance testing of new substation 15kV switchgear, along with industrial UPS and battery systems commissioning and startup.
Natural Gas Production **Cameron, LA**	• Acceptance Testing • Maintenance Testing	We were awarded a 5-year project, servicing the expansion of a new liquid natural gas plant. The project consisted of acceptance testing of all substations, switchgear, DC power systems, and maintenance testing on the existing facility.
Refining **Corpus Christi, TX**	• Maintenance Management • Acceptance Testing	The Corpus Christi East and West refineries produce jet fuel, low sulfur gasoline, and diesel fuel. Collectively the refineries produce approximately 300,000 barrels per day. We supplied maintenance management with an annual contract for embedded technical resources to support day-to-day maintenance testing for all electrical systems. The Corpus Christi West refinery expansion boosted their overall processing capacity by about 7%. Services included acceptance testing for all MV and LV switchgear/substations.
Refinery **Ferndale, WA**	• Outage Planning • Maintenance Testing	We were awarded a 5-year outage planning and electrical maintenance contract. Pre-outage and black-out electrical maintenance testing was performed on HV, MV, and LV power distribution equipment: transformers, switchgear, MCC's, relays, and cables.
Refinery **McPherson, KS**	• Maintenance Testing	The McPherson refinery has a refining capacity of 100,000 barrels per day. Services included turnaround preventive maintenance and testing services on MV switchgear, MV cable systems, substation transformers, and LV switchgear.

Simmonds Electrical of Naples, Inc.

Evaluation Criteria No. 3: Experience and Capacity of the Firm

Our mission is to provide our customers with the highest quality of services. We provide our employees with the right tools, equipment and resources to achieve their work and exceed industry standards. We also provide our employees with a safe working environment and have developed an extensive safety policy that includes the use of PPE equipment, OSHA safety standards, and the like.

Abilities, Capacity, Skill and Financial Strength:

Our strength is our ability to provide electrical services to our customers with consistency and responsiveness. We have the infrastructure in place to add to our workforce. We have also attached, for your review, a list of company owned equipment that can be used in the performance of this annual contract. A partial list of projects and term contracts during the last several years demonstrates our experience in the field as well as our ability to handle the work load.

Our current and past experience on service contracts has allowed us to enhance our scheduling methods. The vast majority of our field personnel have more than 15 years with the company, some over 20 years. Most of them have worked on multiple projects together and have cooperated in putting the best teams for other similar projects. Strong bonds have developed within the group; this facilitates team building and communications within the team. Close contact and mobile communication is key to our daily operations.

We maintain a reference library for all employees. We catalog thousands of photos taken before, during and after projects. Our photo database is constantly updated and is a center for sharing and discussing vital information gathered from jobsites. We also maintain a data base of the various types of equipment on different projects where services are performed regularly. Such databases, for example, include a detailed listing of all locations of lift station services, including transformers feeding them, size, type, locations, date of service and photos.

Over the 41-year period, the Company has acquired significant experience in industrial and commercial service as well as establishing good communication channels with customers and vendors. This also includes establishing excellent credit with local and out of state vendors, which, in turn, provides us with reliable sources of materials and good response times from suppliers. Simmonds Electrical of Naples, Inc.'s current bonding capacity is at 2 million.

Financial Strength:

Our current work in progress average is at 1.75M. Capital investments are financed entirely from internal operations. Our major financial ratios are well above area industry average:

- Quick Ratio = 3.83%
- Curent Ratio = 4.69%
- Working Capital Turnover = 3.6 Times
- Return on Invested Assets = 35.19%

Simmonds Electrical of Naples, Inc.

Inventory Strength:

Our field crews and office staff are familiar with material and corresponding vendors that meet Collier County technical specifications. Simonds Electrical maintains an average inventory of $12,500 of SKU regularly used in the performance of services for Collier County projects as well as other commercial and industrial services. This includes wire, conduit, splicing materials, breakers and all necessary tools and equipment to perform the work in a timely manner.

Following is a list of trade references to demonstrate our familiarity with materials to meet Collier County technical specifications and to demonstrate our superior financial integrity.

Evaluation Criteria No. 3: Experience and Capacity of the Firm

Partial list of projects to reflect some recent experience

Project Number: 2116126
Project Name: CCFM Growth Management Division Install/Remove Temporary Bypass Wiring
Owner: Collier County Facilities Management
Contract Amount: $66,088.00
Start Date: 07/29/2021 **Completion Date**: 05/16/2022
Contact: John McCormick **Phone**: (239) 252-8247
Scope of Work: Provide temporary switchgear and wiring for bypassing main service, provide temporary bypass to power chillers and to power UPS systems. Remove temporary equipment at conclusion.

Project Number: 2116099
Project Name: Building J Extend EDP Emergency Feeders to SEN Temporary Switchgear
Owner: Collier County Facilities Management
Contract Amount: $49,045.12
Start Date: 06/24/2021 **Completion Date**: 07/21/2021
Contact: Thomas Orr **Phone**: (239) 252-7589
Scope of Work: Extend existing 1200A circuit from Building J1 electrical room to the temporary switch gear, remove all temporary wiring and restore premises at conclusion of project.

Project Number: 2015971_2116011
Project Name: CCFM Main Campus Switch Gear Upgrade
Owner: Collier County Facilities Management
Contract Amount: $21,145.00
Start Date: 10/21/2020 **Completion Date:** 01/31/2021
Contact: John McCormick **Phone:** (239) 252-8747
Scope of Work: Assist FPL and SQD in Power Switching Upgrades for Main Campus Switchgear Upgrades

Project Number: 2015860
Project Name: CC Jail Generator Bldg J1 & J2
Owner: Collier County Facilities Management
General Contractor: EBL Partners
Contract Amount: $439,347.60
Start Date: 11/11/2020 **Completion Date:** 10/08/2021
Contact: Julio Lopez **Phone**: (954) 589-2728
Scope of Work: Electrical for Standby Generator and switchgear modifications at County Jail.

Project Number: 2015938
Project Name: Bldg J1 Service Power Analysis
Owner: Collier County Growth Management
Contract Amount: $22,475.23
Start Date: 10/07/2020 **Completion Date:** 11/02/2020
Contact: Thomas Orr **Phone:** (239) 252-7589
Scope of Work: GMD Power Analysis and Report.

Simmonds Electrical of Naples, Inc.

Project Number: 1915646R
Project Name: Collier County Jail J1/J2 Temporary Power
Owner: Collier County Facilities Management
Contract Amount: $195,607.07
Start Date: 07/28/2020 **Completion Date:** 09/24/2021
Contact: Thomas Orr **Phone:** (239) 252-7589
Scope of Work: Furnish & Install temporary service lateral from FPL to temporary service equipment including concrete slab, temporary switchgear and all necessary conduit and cable system, connections to maintain temporary power during permanent service upgrade.

Project Number: 1915598
Project Name: SCRWTP Electrical Upgrades 18-7311-1
Owner: Collier County Water Distribution
Contract Amount: $499,597.00
Start Date: 04/10/2019 **Completion Date:** 11/12/2019
County Contact: Alicia Abbott **Phone:** (239) 252-5344
Scope of Work: Replace feeders for four (4) existing High Service Pumps and two (2) Transfer pumps. Relocating feeds from one service point to another service point to improve electrical reliability. Excavation and installation of 600 ft. concrete steel reinforced duct bank with four 5'x5'x5' traffic-rated manholes.

Project Number: 1513943
Project Name: NCWRF MCC10A Blower Building
Owner: Collier County Public Utilities
Contract Amount: $49,700.00
Start Date: 03/03/2016 **Completion Date:** 12/19/2016
County Contact: Peter Shalt **Phone:** (239) 252-5343
Scope of Work: Furnish and install portable generator power input at MCC10A; (1) SQD MCC modification with 1200A circuit breaker, (1) 1200A SS CamLok input cabinet. Independent breaker testing with report.

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: SRO Medium Voltage Cable Replacement

Completion Date: 10/02/2015

Project Budget: 1,550,000.00

Project Number of Days: 353

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	10
2	Ability to maintain project schedule (complete on-time or early).	10
3	Quality of work.	10
4	Quality of consultative advice provided on the project.	10
5	Professionalism and ability to manage personnel.	10
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	10
7	Ability to verbally communicate and document information clearly and succinctly.	10
8	Abiltity to manage risks and unexpected project circumstances.	10
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	10
10	Overall comfort level with hiring the company in the future (customer satisfaction).	10

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and this proposal is in every respect fair and made in good faith, without collusion or fraud. The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed by the above referenced solicitation. The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services, the Vendor will not be eligible to compete, submit a proposal, be awarded, or perform as a sub-vendor for any future associated work that is a result of this awarded contract.

IN WITNESS WHEREOF, WE have hereunto subscribed our names on this 22 day of August, 2023 in the County of Lee, in the State of Florida.

Form 2: Conflict of Interest Certification Affidavit

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose an organizational conflict as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition to this signed affidavit, the contractor / vendor must provide the following:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having an organizational conflict in one or more of the three categories above be identified, may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Form 3: Immigration Affidavit Certification

This Affidavit is required and should be signed, by an authorized principal of the firm and submitted with formal solicitation submittals. Further, Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid or within five (5) day of the County's Notice of Recommend Award.*

FAILURE TO EXECUTE THIS AFFIDAVIT CERTIFICATION AND SUBMIT WITH VENDOR'S PROPOSAL/BID MAY DEEM THE VENDOR'S AS NON-RESPONSIVE.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.
