FEDERAL EMERGENCY MANAGEMENT AGENCY
PUBLIC ASSISTANCE

The supplemental conditions contained in this section are intended to cooperate with, to supplement, and to modify the general conditions and other specifications. In cases of disagreement with any other section of this contract, the Supplemental Conditions shall govern. This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract.

Pursuant uniform requirements of federal awards (2 CFR Part 200.23) the definition of CONTRACTOR is an entity that receives a Contract / Purchase Order.

Compliance with Federal Law, Regulations and Executive Orders: The Sub-Recipient (County) agrees to include in the subcontract that (i) the subcontractor is bound by the terms of the Federally-Funded Subaward and Grant Agreement, (ii) the subcontractor is bound by all applicable state and Federal laws and regulations, and (iii) the subcontractor shall hold the Division and Sub-Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law.

Specifically, the Contractor shall be responsible for being knowledgeable and performing any and all services under this contract in accordance with the following governing regulations along with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

- 2 C.F.R. Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 44 C.F.R. Part 206
- The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, 42 U.S.C. 5121 et seq., and Related Authorities
- FEMA Public Assistance Program and Policy Guide

Access to Records: The contractor agrees to provide the County, the Florida Department of Emergency Management, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. (3) The contractor agrees to provide the FEMA Administrator or his authorized representatives' access to construction or other work sites pertaining to the work being completed under the contract. (4) In compliance with section 1225 of the Disaster Recovery Act of 2018, the County and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

Affirmative Socioeconomic Steps: If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Changes: To be allowable under a FEMA grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allowable, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

DHS Seal, Logo, and Flags: The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval. The contractor shall include this provision in any subcontracts.

Domestic Preference for Procurements: As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

License and Delivery of Works Subject to Copyright and Data Rights: The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

No Obligation by Federal Government: The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

Prohibition on Covered Telecommunications Equipment or Services:
(a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds forcovered Telecommunications Equipment or Services As used in this clause –

(b) Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
(iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

(1) This clause does not prohibit contractors from providing — (i). A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or (ii). Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to: (i). Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system. (ii). Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d)Reporting requirement.

(1) In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause: (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer

number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended. (ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph(e), in all subcontracts and other contractual instruments.

Program Fraud and False or Fraudulent Statements or Related Acts: The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's actions pertaining to this contract.

Rights to Inventions Made Under a Contract or Agreement: Exempt from FEMA Public Assistance Funding

Suspension and Debarment: (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935). (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. (3) This certification is a material representation of fact relied upon by the County. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Procurement of Recovered Materials (§200.323) (Over $10,000): In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired— Competitively within a timeframe providing for compliance with the contract performance schedule; Meeting contract performance requirements; or At a reasonable price. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines webpage:

https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Termination for Cause and Convenience (over $10,000): See Standard Purchase Order and/or Contract Terms and Conditions

Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352 (as amended) (over $100,000): Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient."

Contractors must sign and submit a certification to the County with each bid or offer exceeding $100,000. See Certifications and Assurances and the end of this document.

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) (over $100,000): Where applicable, all contracts awarded by the solicitor in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5).

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The County or FEMA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

For contracts that are only subject to Contract Work Hours and Safety Standards Act and are not subject to the other statutes in 29 C.F.R. § 5.1 "Further Compliance with the Contract Work Hours and Safety Standards Act.

(1) The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
(2) Records to be maintained under this provision shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Homeland Security, the Federal Emergency Management Agency, and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

Clean Air Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Administrative, Contractual, or Legal Remedies (over $250,000): Unless otherwise provided in this contract, all claims, counter-claims, disputes and other matters in question between the local government and the contractor, arising out of or relating to this contract, or the breach of it, will be decided by arbitration, if the parties mutually agree, or in a Florida court of competent jurisdiction.

CONSTRUCTION ACTIVITIES
Equal Employment Opportunity Clause (§60-1.4): Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part an the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Form 2: Conflict of Interest Certification Affidavit

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose an organizational conflict as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition to this signed affidavit, the contractor / vendor must provide the following:
1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having an organizational conflict in one or more of the three categories above be identified, may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Form 3: Immigration Affidavit Certification

This Affidavit is required and should be signed, by an authorized principal of the firm and submitted with formal solicitation submittals. Further, Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid or within five (5) day of the County's Notice of Recommend Award.*

FAILURE TO EXECUTE THIS AFFIDAVIT CERTIFICATION AND SUBMIT WITH VENDOR'S PROPOSAL/BID MAY DEEM THE VENDOR'S AS NON-RESPONSIVE.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

FEDERAL EMERGENCY MANAGEMENT AGENCY
PUBLIC ASSISTANCE

The supplemental conditions contained in this section are intended to cooperate with, to supplement, and to modify the general conditions and other specifications. In cases of disagreement with any other section of this contract, the Supplemental Conditions shall govern. This is an acknowledgement that FEMA financial assistance will be used to fund all or a portion of the contract.

Pursuant uniform requirements of federal awards (2 CFR Part 200.23) the definition of CONTRACTOR is an entity that receives a Contract / Purchase Order.

Compliance with Federal Law, Regulations and Executive Orders: The Sub-Recipient (County) agrees to include in the subcontract that (i) the subcontractor is bound by the terms of the Federally-Funded Subaward and Grant Agreement, (ii) the subcontractor is bound by all applicable state and Federal laws and regulations, and (iii) the subcontractor shall hold the Division and Sub-Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law.

Specifically, the Contractor shall be responsible for being knowledgeable and performing any and all services under this contract in accordance with the following governing regulations along with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

- 2 C.F.R. Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 44 C.F.R. Part 206
- The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, 42 U.S.C. 5121 et seq., and Related Authorities
- FEMA Public Assistance Program and Policy Guide

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Access to Records: The contractor agrees to provide the County, the Florida Department of Emergency Management, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. (2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. (3) The contractor agrees to provide the FEMA Administrator or his authorized representatives' access to construction or other work sites pertaining to the work being completed under the contract. (4) In compliance with section 1225 of the Disaster Recovery Act of 2018, the County and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

Affirmative Socioeconomic Steps: If subcontracts are to be let, the prime contractor is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

Changes: To be allowable under a FEMA grant or cooperative agreement award, the cost of any contract change, modification, amendment, addendum, change order, or constructive change must be necessary, allowable, allocable, within the scope of the grant or cooperative agreement, reasonable for the scope of work, and otherwise allowable.

DHS Seal, Logo, and Flags: The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval. The contractor shall include this provision in any subcontracts.

Domestic Preference for Procurements: As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

License and Delivery of Works Subject to Copyright and Data Rights: The Contractor grants to the County, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, the Contractor will identify such data and grant to the County or acquires on its behalf a license of the same scope as for data first produced in the performance of this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, the Contractor will deliver to the County data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by the County.

No Obligation by Federal Government: The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Prohibition on Covered Telecommunications Equipment or Services:
(a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy, #405-143-1 Prohibitions on Expending FEMA Award Funds forcovered Telecommunications Equipment or Services As used in this clause –

(b) Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph (c) of this clause applies, the contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;
(iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or
(iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

(1) This clause does not prohibit contractors from providing — (i). A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or (ii). Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to: (i). Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system. (ii). Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d)Reporting requirement.

(1) In the event the contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause: (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer

number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended. (ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph(e), in all subcontracts and other contractual instruments.

Program Fraud and False or Fraudulent Statements or Related Acts: The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's actions pertaining to this contract.

Rights to Inventions Made Under a Contract or Agreement: Exempt from FEMA Public Assistance Funding

Suspension and Debarment: (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935). (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. (3) This certification is a material representation of fact relied upon by the County. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the County, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Procurement of Recovered Materials (§200.323) (Over $10,000): In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired— Competitively within a timeframe providing for compliance with the contract performance schedule; Meeting contract performance requirements; or At a reasonable price. Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines webpage:

https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Termination for Cause and Convenience (over $10,000): See Standard Purchase Order and/or Contract Terms and Conditions

Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352 (as amended) (over $100,000): Contractors who apply or bid for an award of $100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient."

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Contractors must sign and submit a certification to the County with each bid or offer exceeding $100,000. See Certifications and Assurances and the end of this document.

Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708) (over $100,000): Where applicable, all contracts awarded by the solicitor in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5).

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The County or FEMA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

For contracts that are only subject to Contract Work Hours and Safety Standards Act and are not subject to the other statutes in 29 C.F.R. § 5.1 "Further Compliance with the Contract Work Hours and Safety Standards Act.

(1) The contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
(2) Records to be maintained under this provision shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Homeland Security, the Federal Emergency Management Agency, and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

Clean Air Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act (over $150,000): 1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. 2. The contractor agrees to report each violation to the County and understands and agrees that the County will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. 3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Administrative, Contractual, or Legal Remedies (over $250,000): Unless otherwise provided in this contract, all claims, counter-claims, disputes and other matters in question between the local government and the contractor, arising out of or relating to this contract, or the breach of it, will be decided by arbitration, if the parties mutually agree, or in a Florida court of competent jurisdiction.

CONSTRUCTION ACTIVITIES
Equal Employment Opportunity Clause (§60-1.4): Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor

EXHIBIT I
FEDERAL CONTRACT PROVISIONS AND ASSURANCES

union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part an the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

MULTI-CONTRACTOR AWARD AGREEMENT

#_____

for

_____

THIS AGREEMENT, made and entered into on this _____ day of _____ 20___, by and between_____, authorized to do business in the State of Florida, whose business address is _____ , (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County" or "Owner"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a _____ (____) year period, commencing ☐ upon the date of Board approval; or ☐ on _____ , and terminating _____ (_____) year(s) from that date or until all outstanding ☐ Purchase Order(s) ☐ Work Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for (____) additional _____ (_____) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The County Manager, or his designee, may, at his discretion, extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The County Manager, or his designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES**. The Contractor shall commence the work upon issuance of a ☐Purchase Order ☐Notice to Proceed.

3. **STATEMENT OF WORK**. The Contractor shall provide services in accordance with the terms and conditions of ☐ Request for Proposal (RFP) ☐ Invitation to Bid (ITB) ☐ Other:_____ (_____) # _____, including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement. ☐ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

   3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties, in compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

3.2 The execution of this Agreement shall not be a commitment to the Contractor to order any minimum or maximum amount. The County shall order items/services as required but makes no guarantee as to the quantity, number, type or distribution of items/services that will be ordered or required by this Agreement.

3.3 ☐ The procedure for obtaining Work under this Agreement is outlined in **Exhibit A – Scope of Services** attached hereto.

☐ The procedure for obtaining Work under this Agreement is outlined in ☐ Other Exhibit/Attachment: _____.

3.4 ☐ The County reserves the right to specify in each Request for Quotations: the period of completion; collection of liquidated damages in the event of late completion; and the Price Methodology selected in 4.1.

4. **THE AGREEMENT SUM**.

☐ The County shall pay the Contractor for the performance of this Agreement based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and pursuant to the Price Methodology in Section 4.1. ☐ Contractor's quoted prices shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

☐ The County shall pay the Contractor for the performance of this Agreement an estimated maximum amount of _____($_____), per County fiscal year, based on Work performed pursuant to the quoted price offered by the Contractor in response to a specific Request for Quotations and the Price Methodology as defined in Section 4.1. ☐ Contractor's quoted prices shall be based on **Exhibit B- Fee Schedule**. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

4.1 **Price Methodology (as selected below):**

☐ **Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.

☐ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of

hours worked and billing rate by position (and not company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

☐ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

4.5 ☐ **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.

Reimbursements shall be at the following rates:

Mileage	$0.44.5 per mile
Breakfast	$6.00
Lunch	$11.00
Dinner	$19.00
Airfare	Actual ticket cost limited to tourist or coach class fare
Rental car	Actual rental cost limited to compact or standard-size vehicles
Lodging	Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night
Parking	Actual cost of parking
Taxi or Airport Limousine	Actual cost of either taxi or airport limousine

Reimbursable items other than travel expenses shall be limited to the following: telephone long-distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name: _____
Address: _____
_____

Authorized Agent: _____
Attention Name & Title: _____
Telephone: _____
E-Mail(s): _____

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Director: _____
Division Name: _____

Address: _____
_____

Administrative Agent/PM: _____
Telephone: _____
E-Mail(s): _____

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be

procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation, conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ☐ **Commercial General Liability:** Coverage shall have minimum limits of $_____ Per Occurrence, $_____ aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ☐ **Business Auto Liability:** Coverage shall have minimum limits of $_____ Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

C. ☐ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws.

The coverage must include Employers' Liability with a minimum limit of $_____ for each accident.

D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $_____each claim and aggregate.

E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.

F. ☐ _____: Coverage shall have minimum limits of $_____per claim/occurrence.

G. ☐ _____: Coverage shall have minimum limits of $_____per claim/occurrence.

H. ☐ _____: Coverage shall have minimum limits of $_____per claim/occurrence.

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of: thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury,

property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the _____.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ☐ Exhibit A Scope of Services, ☐ Exhibit B Fee Schedule, ☐ RFP/ ☐ ITB/☐ Other _____ #_____, including Exhibits, Attachments and Addenda/Addendum, ☐ subsequent quotes and corresponding contract documents, ☐ Exhibit C-1 Public Payment Bond, ☐ Exhibit C-2 Public Performance Bond, ☐ Exhibit D - Release and Affidavit Form, ☐ Exhibit E – Form of Contract Application for Payment, ☐ Exhibit F - Change Order, ☐ Exhibit G - Certificate of Substantial Completion, ☐ Exhibit H -Certificate of Final Completion, ☐ Exhibit I - Warranty, and ☐ Other Exhibit/Attachment: _____.

17. **APPLICABILITY.** Sections corresponding to any checked box (■) expressly apply to the terms of this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure

5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statute, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Division of Communications, Government and Public Affairs
3299 Tamiami Trail East, Suite 102
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@colliercountyfl.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor

shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. ☐ **BONDS**.

A. When a construction project is in excess of $200,000, the Contractor(s) shall be required to provide Payment and Performance Bonds.

B. When required by Owner, the Contractor shall furnish a Performance and/or Payment Bond prior to commencing performance, for the full amount of the Work, which shall act as a security guaranteeing the performance of the Contractor's work and the payment by the Contractor to any other party(ies) providing labor and/or materials in connection with each construction or renovation project performed by the Contractor. The bonds shall be furnished using the forms prescribed in Exhibit "C-1" and Exhibit "C-2".

C. If the surety for any bond furnished by Contractor is declared bankrupt, becomes insolvent, its right to do business in the State of Florida, terminates or it ceases to meet the requirements imposed by the Contract Documents, the Contractor shall, within five (5) calendar days thereafter, substitute another bond and surety, both of which shall be subject to the Owner's approval.

23. ☐ **LIQUIDATED DAMAGES**. The "Commencement Date" shall be established in the Notice to Proceed to be issued by the Owner. Contractor shall commence the work within five (5) calendar days from the Commencement Date. No Work shall be performed at the Project site prior to the Commencement Date. Any Work performed by Contractor prior to the Commencement Date shall be at the sole risk of Contractor.

The Work shall be substantially completed within the time specified in the Request for Quotation/Scope of Work. The date of substantial completion of the Work (or designated portions thereof) is the date certified by the Owner when construction is sufficiently complete, in accordance with the Contract Documents, so Owner can occupy or utilize the Work (or designated portions thereof) for the use for which it is intended. The Work shall reach final completion and be ready for final acceptance by Owner within the time specified in the Request for Quotation/Scope of Work.

Owner and Contractor recognize that since time is of the essence for any work under this Agreement, Owner will suffer financial loss if the Work is not substantially completed within the time specified in the Request for Quotation. Should Contractor fail to substantially complete the Work within the specified time period, Owner shall be entitled to assess as liquidated damages, but not as a penalty, the amount specified in the Request for Quotation/Scope of Work for each calendar day thereafter until substantial completion is achieved.

The Project shall be deemed to be substantially completed on the date the Owner issues a Certificate of Substantial Completion pursuant to the terms hereof. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of the Owner's actual damages at the time of contracting if Contractor fails to substantially complete the Work in a timely manner.

When any period of time is referenced by days herein, it shall be computed to exclude the first day and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day shall be omitted from the computation, and the last day shall become the next succeeding day which is not a Saturday, Sunday or legal holiday.

24. ☐ **PAYMENTS**. Generally, the Contractor will be paid upon completion; however, for Work in excess of thirty (30) days, the Contractor may request to receive Progress Payments. Subsequent to the first payment, Contractor must provide Owner with a fully executed Release and Affidavit in the form attached hereto as Exhibit "D" as a condition precedent to release of each progress payment. All applications for payment, whether for full payment or a progress payment shall be in writing, and in substantially the form attached hereto as Exhibit "E."

25. **PAYMENTS WITHHELD**. Owner may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, outstanding punchlist items, subsequently discovered evidence or subsequent inspections. The Owner may nullify the whole or any part of any approval for payment previously issued and Owner may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between Owner and Contractor, to such extent as may be necessary in the Owner's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims failed or reasonable evidence indicating probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents.

If any conditions described above are not remedied or removed, Owner may, after three (3) days written notice, rectify the same at Contractor's expense. Owner also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to Owner, whether relating to or arising out of this Agreement or any other Agreement between Contractor and Owner.

If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

26. **SUBMITTALS AND SUBSTITUTIONS**. Any substitution of products/materials from specifications shall be approved in writing by Owner in advance.

27. ☐ **CONTRACT TIME AND TIME EXTENSIONS**.

A. Time is of the essence in the performance of any Work under this Agreement and Contractor shall diligently pursue the completion of the Work and coordinate the Work being done on the Project by its subcontractors and materialmen, as well as coordinating its Work with all work of others at the Project Site, so that its Work or the work of others shall not be delayed or impaired by any act or omission by Contractor. Contractor shall be solely responsible for all construction means, methods, techniques, sequences, and procedures as well as coordination of all portions of the Work under the Contract Documents, and the coordination of Owner's supplies and contractors.

B. Should Contractor be obstructed or delayed in the prosecution of or completion of the Work as a result of unforeseeable causes beyond the control of Contractor, and not due to its fault or neglect, including but not restricted to acts of Nature or of the public enemy, acts of Government, fires, floods, epidemics, quarantine regulation, strikes or lockouts, Contractor shall notify the Owner in writing within forty-eight (48) hours after the commencement of such delay, stating the cause or causes thereof, or be deemed to have waived any right which Contractor may have had to request a time extension.

C. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the Work from any cause whatever, including those for which Owner may be responsible, in whole or in part, shall relieve Contractor of his duty to perform or give rise to any right to damages or additional compensation from Owner. Contractor expressly acknowledges and agrees that it shall receive no damages for delay. Contractor's sole remedy, if any, against Owner will be the right to seek an extension to the Contract Time; provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage for Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as to claims based on late completion.

28. ☐ **CHANGES IN THE WORK**. Owner shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an itemized estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon written order of Owner, and Owner shall not be liable to the Contractor for any increased compensation without such written order. No officer, employee or agent of Owner is authorized to direct any extra or changed work orally. Any modifications to this

Agreement shall be in compliance with the County's Procurement Ordinance and Procurement Procedures in effect at the time such modifications are authorized.

A Change Order in the form attached as Exhibit "F" to this Agreement, shall be issued and executed promptly after an Agreement is reached between Contractor and Owner concerning the requested changes. Contractor shall promptly perform changes authorized by duly executed Change Orders. The Contract Amount and Contract Time shall be adjusted in the Change Order in the manner as Owner and Contractor shall mutually agree.

29. ☐ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

30. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

31. ☐ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

32. ☐ **PROTECTION OF WORK**.

A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due Contractor.

B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

33. **EMERGENCIES**. In the event of any emergency affecting the safety or protection of persons or the Work or property at the Project site or adjacent thereto, Contractor, without special instruction or authorization from Owner is obligated to act to prevent threatened damage, injury or loss. Contractor shall give the Owner written notice within forty-eight (48) hours after the occurrence of the emergency, if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby.

If the Owner determines that a change in the Contract Documents is required because of the action taken in response to an emergency, a Change Order shall be issued to document the consequences of the changes or variations.

If Contractor fails to provide the forty-eight (48) hour written notice noted above, the Contractor shall be deemed to have waived any right it otherwise may have had to seek an adjustment to the Contract Amount or an extension to the Contract Time.

34. ☐ **COMPLETION**. When the entire Work (or any portion thereof designated in writing by Owner) is ready for its intended use, Contractor shall notify Owner in writing that the entire Work (or such designated portion) is substantially complete and request that Owner issue a Certificate of Substantial Completion. Within a reasonable time thereafter, Owner and Contractor shall make an inspection of the Work (or designated portion thereof) to determine the status of completion. If Owner does not consider the Work (or designated portion) substantially complete, the Owner shall notify Contractor in writing giving the reasons therefor.

If Owner considers the Work (or designated portion) substantially complete, Owner shall prepare and deliver to Contractor a Certificate of Substantial Completion, Exhibit G, which shall fix the date of Substantial Completion for the entire Work (or designated portion thereof) and include a tentative punchlist of items to be completed or corrected by Contractor before final payment.

Owner shall have the right to exclude Contractor from the Work and Project site (or designated portions thereof) after the date of Substantial Completion, but Owner shall allow Contractor reasonable access to complete or correct items on the tentative punchlist.

Upon receipt of written certification by Contractor that the Work is completed in accordance with the Contract Documents and is ready for final inspection and acceptance, Owner will make such inspection and, if Owner finds the Work acceptable and fully performed under the Contract Documents, Owner shall promptly issue a Certificate of Final Completion, Exhibit H, recommending that on the basis of Owner's observations and inspections, and the Contractor's certification that the Work has been completed in accordance with the terms and conditions of the Contract Documents, that the entire balance found to be due Contractor is due and payable. Final payment shall not become due and payable until Contractor submits:

A. The Release and Affidavit in the form attached as Exhibit "D."
B. Consent of Surety (if applicable) to final payment.

C. If required by Owner, other data establishing payment or satisfaction of all obligations, such as receipt, releases and waivers of liens, arising out of the Contract Documents, to the extent and in such form as may be designated by Owner.
D. The warranty in the form attached as Exhibit "I".

Owner reserves the right to inspect the Work and make an independent determination as to the acceptability of the Work. Unless and until the Owner is completely satisfied, the final payment shall not become due and payable.

35. ☐ **WARRANTY**. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after final completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

36. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

37. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

38. **DISPUTE RESOLUTION.** Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for

approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

39. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

40. ☐ **KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.

☐ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet required services.

41. ☐ **ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.

☐ **ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.

42. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its

assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

43. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years. All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

    The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@colliergov.net) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

44. ☐ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

    Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

PUBLIC PAYMENT BOND

Bond No. _____
Contract No. _____

KNOW ALL MEN BY THESE PRESENTS: That _____, as Principal, and _____, as Surety, located at _____ (Business Address) are held and firmly bound to _____ as Oblige in the sum of _____ ($_____) for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally.

WHEREAS, Principal has entered into a contract dated as of the _____day of _____, 20___ with Oblige for _____ in accordance with drawings and specifications, which contract is incorporated by reference and made a part hereof, and is referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

Promptly makes payment to all claimants as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials or supplies, used directly or indirectly by Principal in the prosecution of the work provided for in the contract, then this bond is void; otherwise it remains in full force.

Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect sureties' obligation under this Bond.

The provisions of this bond are subject to the time limitations of Section 255.0592. In no event will the Surety be liable in the aggregate to claimants for more than the penal sum of this Payment Bond, regardless of the number of suits that may be filed by claimants.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ _____day of _____, 20___, the name of under-signed representative, pursuant to authority of its governing body.

PUBLIC PERFORMANCE BOND

Bond No. _____
Contract No. _____

KNOW ALL MEN BY THESE PRESENTS: That _____ _____, as Principal, and _____ _____, as Surety, located at _____ _____ (Business Address) are held and firmly bound to _____ _____, as Oblige in the sum of _____ _____ ($ _____) for the payment whereof we bond ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally.

WHEREAS, Principal has entered into a contract dated as of the _____ day of _____, 20____, with Oblige for _____ _____ _____ in accordance with drawings and specifications, which contractor is incorporated by reference and made a pat hereof, and is referred to as the Contract.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the Contract at the times and in the manner prescribed in the Contract, and

2. Pays Oblige any and all losses, damages, costs and attorneys' fees that Oblige sustains because of any default by Principal under the Contract, including, but not limited to, all delay damages, whether liquidated or actual, incurred by Oblige; and

3. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the Contract, then this bond is void; otherwise it remains in full force. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the Contract or the changes do not affect Sureties obligation under this bond.

The Surety, for value received, hereby stipulates and agrees that no changes, extensions of time, alterations or additions to the terms of the Contract or other work to be performed hereunder, or the specifications referred to therein shall in anywise affect its obligations under this bond, and it does hereby waive notice of any such changes, extensions of time, alternations or additions to the terms of the Contract or to work or to the specifications.

This instrument shall be construed in all respects as a common law bond. It is expressly understood that the time provisions and statute of limitations under Section 255.05, Florida Statutes, shall not apply to this bond.

In no event will the Surety be liable in the aggregate to Oblige for more than the penal sum of this Performance bond regardless of the number of suits that may be filed by Oblige.

IN WITNESS WHEREOF, the above parties have executed this instrument this _____ day of _____, 20___, the name of each party being affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

Collier County
Purchase Order Terms and Conditions

1. **Offer**
This offer is subject to cancellation by the COUNTY without notice if not accepted by VENDOR within fourteen (14) days of issuance.

2. **Acceptance and Confirmation**
This Purchase Order **(including all documents attached to or referenced herein)** constitutes the entire agreement between the parties, unless otherwise specifically noted by the COUNTY on the face of this Purchase Order. Each delivery of goods and/or services received by the COUNTY from VENDOR shall be deemed to be upon the terms and conditions contained in this Purchase Order.

No additional terms may be added and Purchase Order may not be changed except by written instrument executed by the COUNTY. VENDOR is deemed to be on notice that the COUNTY objects to any additional or different terms and conditions contained in any acknowledgment, invoice or other communication from VENDOR, notwithstanding the COUNTY'S acceptance or payment for any delivery of goods and/or services, or any similar act by VENDOR.

3. **Inspection**
All goods and/or services delivered hereunder shall be received subject to the COUNTY'S inspection and approval and payment therefore shall not constitute acceptance. All payments are subject to adjustment for shortage or rejection. All defective or nonconforming goods will be returned pursuant to VENDOR'S instruction at VENDOR'S expense.

To the extent that a purchase order requires a series of performances by VENDOR, the COUNTY prospectively reserves the right to cancel the entire remainder of the Purchase Order if goods and/or services provided early in the term of the Purchase Order are non-conforming or otherwise rejected by the COUNTY.

4. **Shipping and Invoices**
   a) All goods are FOB destination and must be suitably packed and prepared to secure the lowest transportation rates and to comply with all carrier regulations. Risk of loss of any goods sold hereunder shall transfer to the COUNTY at the time and place of delivery; provided that risk of loss prior to actual receipt of the goods by the COUNTY nonetheless remain with VENDOR.
   b) No charges will be paid by the COUNTY for packing, crating or cartage unless otherwise specifically stated in this Purchase Order. Unless otherwise provided in Purchase Order, no invoices shall be issued nor payments made prior to delivery. Unless freight and other charges are itemized, any discount will be taken on the full amount of invoice.
   c) All shipments of goods scheduled on the same day via the same route must be consolidated. Each shipping container must be consecutively numbered and marked to show this Purchase Order number. The container and Purchase Order numbers must be indicated on bill of lading. Packing slips must show Purchase Order number and must be included on each package of less than container load (LCL) shipments and/or with each car load of equipment. The COUNTY reserves the right to refuse or return any shipment or equipment at VENDOR'S expense that is not marked with Purchase Order numbers. VENDOR agrees to declare to the carrier the value of any shipment made under this Purchase Order and the full invoice value of such shipment.
   d) All invoices must contain the Purchase Order number and any other specific information as identified on the Purchase Order. Discounts of prompt payment will be computed from the date of receipt of goods or from date of receipt of invoices, whichever is later. Payment will be made upon receipt of a proper invoice and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act," and, pursuant to the Board of County Commissioners Purchasing Policy.

5. **Time Is Of the Essence**
Time for delivery of goods or performance of services under this Purchase Order is of the essence. Failure of VENDOR to meet delivery schedules or deliver within a reasonable time, as interpreted by the COUNTY alone, shall entitle the COUNTY to seek all remedies available to it at law or in equity. VENDOR agrees to reimburse the COUNTY for any expenses incurred in enforcing its rights. VENDOR further agrees that undiscovered delivery of nonconforming goods and/or services is not a waiver of the COUNTY'S right to insist upon further compliance with all specifications.

6. **Changes**
The COUNTY may at any time and by written notice make changes to drawings and specifications, shipping instructions, quantities and delivery schedules within the general scope of this Purchase Order. Should any such change increase or decrease the cost of, or the time required for performance of the Purchase Order, an equitable adjustment in the price and/or delivery schedule will be negotiated by the COUNTY and VENDOR. Notwithstanding the foregoing, VENDOR has an affirmative obligation to give notice if the changes will decrease costs. Any claims for adjustment by VENDOR must be made within thirty (30) days from the date the change is ordered or within such additional period of time as may be agreed upon by the parties.

7. **Warranties**
VENDOR expressly warrants that the goods and/or services covered by this Purchase Order will conform to the specifications, drawings, samples or other descriptions furnished or specified by the COUNTY, and will be of satisfactory material and quality production, free from defects and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. These warranties shall survive inspection, acceptance, passage of title and payment by the COUNTY.

8. **Statutory Conformity**
Goods and services provided pursuant to this Purchase Order, and their production and transportation shall conform to all applicable laws, including but not limited to the Occupational Health and Safety Act, the Federal Transportation Act and the Fair Labor Standards Act, as well as any law or regulation noted on the face of the Purchase Order.

9. **Advertising**
No VENDOR providing goods and services to the COUNTY shall advertise the fact that it has contracted with the COUNTY for goods and/or services, or appropriate or make use of the COUNTY'S name or other identifying marks or property without the prior written consent of the COUNTY'S Purchasing Department.

10. **Indemnification**
VENDOR shall indemnify and hold harmless the COUNTY from any and all claims, including claims of negligence, costs and expenses, including but not limited to attorneys' fees, arising from, caused by or related to the injury or death of any person (including but not limited to employees and agents of VENDOR in the performance of their duties or otherwise), or damage to property (including property of the COUNTY or other persons), which arise out of or are incident to the goods and/or services to be provided hereunder.

11. **Warranty of Non-Infringement**
a) VENDOR represents and warrants that all goods sold or services performed under this Purchase Order are: a) in compliance with applicable laws; b) do not infringe any patent, trademark, copyright or trade secret; and c) do not constitute unfair competition.
b) VENDOR shall indemnify and hold harmless the COUNTY from and against any and all claims, including claims of negligence, costs and expense, including but not limited to attorneys' fees, which arise from any claim, suit or proceeding alleging that the COUNTY'S use of the goods and/or services provided under this Purchase Order are inconsistent with VENDOR'S representations and warranties in section 11 (a).
c) If any claim which arises from VENDOR'S breach of section 11 (a) has occurred, or is likely to occur, VENDOR may, at the COUNTY'S option, procure for the COUNTY the right to continue using the goods or services, or replace or modify the goods or services so that they become non-infringing, (without any material degradation in performance, quality, functionality or additional cost to the COUNTY).

12. **Insurance Requirements**
The VENDOR, at its sole expense, shall provide commercial insurance of such type and with such terms and limits as may be reasonably associated with the Purchase Order. Providing and maintaining adequate insurance coverage is a material obligation of the VENDOR. All insurance policies shall be executed through insurers authorized or eligible to write policies in the State of Florida.

13. **Compliance with Laws**
In fulfilling the terms of this Purchase Order, VENDOR agrees that it will comply with all federal, state, and local laws, rules, codes, and ordinances that are applicable to the conduct of its business. By way of non-exhaustive example, this shall include the American with Disabilities Act and all prohibitions against discrimination on the basis of race, religion, sex creed, national origin, handicap, marital status, or veterans status. Further, VENDOR acknowledges and without exception or stipulation shall be fully responsible for complying with the provisions of the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended. Failure by the awarded firm(s) to comply with the laws referenced herein shall constitute a breach of the award agreement and the County shall have the discretion to unilaterally terminate said

agreement immediately. Any breach of this provision may be regarded by the COUNTY as a material and substantial breach of the contract arising from this Purchase Order.

14. Force Majeure

Neither the COUNTY nor VENDOR shall be responsible for any delay or failure in performance resulting from any cause beyond their control, including, but without limitation to war, strikes, civil disturbances and acts of nature. When VENDOR has knowledge of any actual or potential force majeure or other conditions which will delay or threatens to delay timely performance of this Purchase Order, VENDOR shall immediately give notice thereof, including all relevant information with respects to what steps VENDOR is taking to complete delivery of the goods and/or services to the COUNTY.

15. Assignment

VENDOR may not assign this Purchase Order, nor any money due or to become due without the prior written consent of the COUNTY. Any assignment made without such consent shall be deemed void.

16. Taxes

Goods and services procured subject to this Purchase Order are exempt from Florida sales and use tax on real property, transient rental property rented, tangible personal purchased or rented, or services purchased (Florida Statutes, Chapter 212), and from federal excise tax.

17. Annual Appropriations

The COUNTY'S performance and obligation to pay under this Purchase Order shall be contingent upon an annual appropriation of funds.

18. Termination

This Purchase Order may be terminated at any time by the COUNTY upon 30 days prior written notice to the VENDOR. This Purchase Order may be terminated immediately by the COUNTY for breach by VENDOR of the terms and conditions of this Purchase Order, provided that COUNTY has provided VENDOR with notice of such breach and VENDOR has failed to cure within 10 days of receipt of such notice.

19. General

a) This Purchase Order shall be governed by the laws of the State of Florida. The venue for any action brought to specifically enforce any of the terms and conditions of this Purchase Order shall be the Twentieth Judicial Circuit in and for Collier County, Florida

b) Failure of the COUNTY to act immediately in response to a breach of this Purchase Order by VENDOR shall not constitute a waiver of breach. Waiver of the COUNTY by any default by VENDOR hereunder shall not be deemed a waiver of any subsequent default by VENDOR.

c) All notices under this Purchase Order shall be sent to the respective addresses on the face page by certified mail, return receipt requested, by overnight courier service, or by personal delivery and will be deemed effective upon receipt. Postage, delivery and other charges shall be paid by the sender. A party may change its address for notice by written notice complying with the requirements of this section.

d) The Vendor agrees to reimbursement of any travel expenses that may be associated with this Purchase Order in accordance with Florida Statute Chapter 112.061, Per Diem and Travel Expenses for Public Officers, employees and authorized persons.

e) In the event of any conflict between or among the terms of any Contract Documents related to this Purchase Order, the terms of the Contract Documents shall take precedence over the terms of the Purchase Order. To the extent any terms and /or conditions of this Purchase Order duplicate or overlap the Terms and Conditions of the Contract Documents, the provisions of the Terms and/or Conditions that are most favorable to the County and/or provide the greatest protection to the County shall govern.

Cover letter/Management Summary

MP Predictive is a Florida licensed electrical contractor founded in 2018. The founder, Nelson Manaure, has over 25 years of experience working with most power related equipment in substations such as transformers, switchgears, breakers, relays, etcetera. Since being founded we have worked with multiple cities and counties on contracts such as City of Lake Placid, City of Jacksonville Beach, Clay County Utility Authority (CCUA), etcetera. We focus on providing power electrical equipment services in the state of Florida such as critical equipment preventive maintenance, power system studies and engineering services, automation, instrumentation and control systems maintenance and testing, predictive maintenance, inspections, etcetera. Unlike most of our competitors, we have a multitude of testing equipment in-house, necessary to test and troubleshoot transformers, relays, switchgears, and breakers, VFD's etcetera, making for a faster turnaround time (please see list of test equipment below). We have a team of seven full time field service technicians and are planning to gradually double our team by the end of the year, 2024. We maintain permanent offices and warehouses in Orlando. We work closely with various national, reputable electrical testing companies, successfully completing projects regularly together as their subcontractor. We also sell a variety of electrical equipment, such as circuit breakers, transformers, VFDs, etcetera. We are certified Danfoss/Vacon sales and service partners. We are a Toshiba distributor and service partner. We resell a variety of electrical equipment, manufacturers such as Allen Bradley, Eaton, Schneider/Square D, etcetera.

Our company acknowledges and agrees to the work scope outlined by the Collier county's work scope, which involves providing electrical services on medium and high voltage on an as-needed basis. The scope may include visual and mechanical inspections, testing of multiple electrical equipment types, adherence to relevant codes and standards, qualification of testing personnel, division of responsibilities, adherence to safety procedures, calibration of test equipment, comprehensive reporting, and appropriate compensation. We commit to fulfilling the specified requirements and delivering high-quality services in a timely manner while prioritizing safety and compliance.
MP Predictive Technologies is interested in the proposal for both categories in medium and high voltage services as principal with its representative being Albani Pereira, our Business Development Manager, with the contact information below.

Firms Qualifications and Licenses

MP Predictive is a Florida licensed electrical contractor with license number EC1301002 founded in 2018. The founder, Nelson Manaure, has over 25 years of experience working with most power related equipment in substations such as transformers, switchgears, breakers, relays, etcetera. Since being founded we have worked with multiple cities and counties on contracts such as City of Lake Placid, City of Jacksonville Beach, Clay County Utility Authority (CCUA), Palm Beach County, etcetera. We maintain a Florida Licensed professional engineer who is able to perform services such as power system studies, arc flash studies, etc. We focus on providing power electrical equipment services in the state of Florida such as critical equipment preventive maintenance, power system studies and engineering services, automation, instrumentation and control systems maintenance and testing, predictive maintenance, inspections, etcetera. Unlike most of our competitors, we have a multitude of testing equipment in-house, necessary to test and troubleshoot transformers, relays, switchgears, and breakers, VFD's etcetera, making for a faster turnaround time (please see list of test equipment below). We have a team of seven full time field service technicians and are planning to gradually double our team by the end of the year, 2024. We are currently undergoing the process of becoming NETA accredited and certifying all of our technicians with NETA and NICET as a method of assurance to our customers and to guarantee proper procedures and security methods are being followed when working on electrical systems. We are currently in the final stage of the accreditation, so we expect to be fully accredited by the end of the Fall. We maintain permanent offices and warehouses in Orlando. We work closely with various national, reputable electrical testing companies, successfully completing projects regularly together as their subcontractor. We also sell a variety of electrical equipment, such as circuit breakers, transformers, VFDs, etcetera. We are certified Danfoss/Vacon sales and service partners. We are a Toshiba distributor and service partner. We resell a variety of electrical equipment, manufacturers such as Allen Bradley, Eaton, Schneider/Square D, etcetera.

MP Predictive Technologies Inc. has been in business for 5 years providing the services requested herein for medium and high voltage electrical services such as troubleshooting, repairs, maintenance, testing, etc. We can perform various types of services on electrical systems such as hot oil processing on transformers, SF6 breaker testing, maintenance, and gas refill, infrared thermography, power system studies, power cable terminations and testing, installation of new electrical equipment such as breakers, transformers, cables, battery systems, etc. In the event that MP Predictive is awarded this bid, we would maintain one technician available for emergency callouts for Collier County per the scope of work. Every technician assisting with an emergency callout shall be qualified to perform the services requested.

Firms Qualifications and Licenses

The purpose of this proposal is to provide all labor, materials, and tools to perform medium and high voltage electrical services on an as-needed basis. MP Predictive Technologies will participate in the bid for both medium and high voltage electrical services.

Regular inspections: MP Predictive Technologies to provide a team of field service technicians to conduct routine inspections of electrical equipment and systems such as transformers, breakers, relays etc.to identify any signs of wear, damage, or malfunction.

Testing and calibration: MP Predictive Technologies to provide a team of qualified technicians to perform electrical testing and calibration of equipment to ensure accurate operation and compliance with standards and manufacturers recommendations. This may include, insulation resistance, power factor, transformer turns ratio (TTR), sweep frequency response analysis (SFRA), infrared thermography (IR), winding resistance, VLF/ Hi-pot,

Preventive maintenance: MP Predictive Technologies would implement and implement a site-specific maintenance program for each of the city's facilities with electrical systems and apparatus to ensure that all are properly maintained and working as recommended the manufacturers. Preventive programs would include visual inspections, cleaning, lubrication and tightening of connections to prevent issues such as corrosion, overheating or loose connections.

Corrective maintenance/Emergency maintenance: MP Predictive to provide field service technicians to troubleshoot and correct machine failure to the best of the capabilities to resume critical business processes. In the event that the machine/equipment cannot be fixed then MP Predictive will assist with finding an emergency replacement unit.

Documentation: Maintain thorough documentation of maintenance activities, including testing results, repairs, and replacements. All documents shall be compared to previous test results for each piece of equipment to ensure the equipment is working properly or to troubleshoot any present problems.

All test reports shall be completed to standards and include the following.

- Summary of project.
- List of equipment inspected and tested.
- List of inspections and tests.
- Device settings.
- Inspections and test data.
- Analysis and recommendations.

Test records shall include the following minimum requirements:

- Identification of the testing organization
- Equipment identification
- Nameplate data
- Conditions that may affect the results of the tests/calibrations to be performed and recorded.
- Date of inspection, tests, maintenance, and/or calibrations.
- Identification of the testing technician.
- Indication of inspections, tests, maintenance, and/or calibrations to be performed and recorded.
- Indication of expected results when calibrations are to be performed.
- Indication of "as-found" and "as-left" results.
- Sufficient spaces to allow all results and comments to be indicated.

MP Predictive technologies will provide (2) hard copies and one electronic copy of the report to the project manager.

Testing equipment:

- All testing equipment shall be in good electrical and mechanical condition.
- Field test metering used to check power system meter calibration shall be more accurate than the instrument being tested.
- Accuracy of metering in test equipment shall be appropriate for the test being performed
- Waveshape and frequency of test equipment of test equipment output waveforms shall be appropriate for the test and the tested equipment.
- MP Predictive shall maintain its calibration program which assures that all applicable test instruments are maintained within rated accuracy fir each test instrument calibrated.
- The firm providing calibration services shall maintain up-to-date instruments calibration instructions and procedures for each test instrument calibrated.
- The accuracy of each calibration shall maintain the standards and be directly traceable to the National Institute of Standards and Technology (NIST).
- Instruments are to be calibrated in accordance with the following frequency schedule:
  - Field instruments: Analog and digital, 12 months maximum.

- Laboratory instruments: 12 months maximum.
- Leased specialty equipment: 12 months maximum.

- Dated calibration labels shall be visible on all test equipment.
- Records which show dates and results of instruments calibrated or tested, shall be kept up-to-date.

Safety: All of MP Predictive Technologies field service technicians and engineers shall be trained on the latest version of industry-standard safety procedures. All technicians and engineers performing electrical tests shall be properly trained on how to conduct all testing practices in a safe manner. Lock-out/tag-out procedures and site safety inspections must be performed before starting any work every day on site. A site safety supervisor will conduct a safety meeting at the beginning of each project and

Experience and Capacity of the Firm

Maintenance and Testing Procedures:

MP Predictive Technologies is a company that specializes not only in corrective maintenance but also predictive maintenance to find faults at early stages to prevent downtime. Our company focuses on predictive/proactive maintenance as this allows for the identification of outdated, defective, damaged, as well as small issues that may become a large failure representing a lot of downtime in production.

- Use newest technology and combine technologies of electrical testing equipment such as thermographic inspections on medium voltage equipment combined with ultrasound inspections to find hidden issues that cannot be detected with a thermographic camera alone on a medium/high voltage equipment.
- For power transformers we use advanced technology for early diagnostics like dielectric frequency response (DFR) which allows us to evaluate not only the liquid insulation (oil) but also the solid insulation (insulation paper). This technology allows us to detect the moisture content hidden on the paper which is not detectable on routine tests or oil sample tests. This analyzes the equipment further allowing us to have a more accurate diagnostic and help us to take early action before it becomes a catastrophic failure. Either way, we also have a specialized team of transformer dry-out and de-gas system that can process 1056 GPH that we use immediately after finding the fault.
- Our team of field service engineering/technicians specialize on the verification, calibration, testing and upgrading of different types of relays such as electromechanical, solid state, and microprocessor. For the same which we are distributors and work closely with GE Multilin and Schweitzer Engineering Laboratories (SEL).
- We carry a variety of testing equipment to identify any type of fault on electrical power cables such as VLF/Hi-pot, ground cable fault locator, etc.

Objective

An Electrical Maintenance lead position in a Processing Facility seeking an extraordinary record of reliability and availability in its electrical power and Mechanic equipment as well as fast and effective troubleshooting in unpredictable emergency situations.

Summary of Experience:

I have combined over 20 years' experience, in Project, Turnover, Maintenance, Construction, Commissioning, Startup, in Oil & Gas, Power Plant, Paper Mills and others Heavy Industries. Knowledge of Planning and programming of routine Maintenance and Completion of Major construction Project. Handling multi tasks, Capacity and Personnel Supervision Skills, coordination, and performance of Routine Maintenance. Ability to work well within a team environment, which includes maintenance craft members, Reliability, plant operating personnel & Contractors/Vendors, good adaptability to multicultural environments.

Professional Experience:

11/05/2018-Present: Field Service Manager.
Company name: MP Predictive Technologies, Orlando, FL
Leading the Field service team in the commissioning, start up and troubleshooting of electrical systems, including Low, Medium, and High voltage. Performing predictive and preventive maintenance on power distribution and generation systems like Switchgears, Power transformers, CT's, CVT's PT's, MCC's, VFD's transfer Switches, etc. with the use of a variety of technologies like: Infrared Thermography, Ultrasonic scan, Primary and Secondary Current injection, Power Factor, Winding resistance, TTR, Hi-Pot, VLF, Tan Delta, Motor Circuit Analysis (PdMA) Relay testing, commissioning, and upgrade's, Etc. Also, the Trouble shooting of controls and automation systems like: DC Drives, VFD's, Scada and DCS systems, Allen Bradley, and Siemens PLC's, troubleshooting and commissioning, programming, and testing of process instrument (flow, pressure and level transmitters)

04/19/2018-11/04/2018: Electrical Apparatus Division Field Service.

NELSON PEREIRA

Industrial electrical testing technician with knowledge in the commissioning, testing, troubleshooting, repair, installation, start up, and performance of preventative and predictive maintenance on low and medium voltage electrical systems. Experience with various power distribution systems as well as controls systems such as power transformers, switchgears, MCC's, circuit breakers, etc., with a focus in protective relays and variable frequency drives. Experience with many electrical tests such as relay current and voltage injection, transformer turns-ratio, power factor, winding resistance, Tan Delta, VLF, primary and secondary current injection, Hi-Pot, etcetera.

EXPERIENCE

2018 – PRESENT

ELECTRICAL TESTING TECHNICIAN, MP PREDICTIVE TECHNOLOGIES INC.

- Was the lead technician on various projects, such as a GE Multilin Relay Upgrade project in which new installation, commissioning, and startup was performed including rewiring and programming of new microprocessor-based relays.
- Lead a team of 4+ field service technicians for multiple projects, specifically annual maintenance outages.
- Performed low and medium voltage switchgear components testing, including potential transformers, current transformers, bus, control circuitry, circuit breakers, trip units, power meters, etc. on a regular basis.

JULY 2020 – SEPTEMBER 2020

FIELD SERVICE TECHNICIAN, BCR ENVIRONMENTAL CORP.

- Performed field service repairs on flow meters, leak detectors, variable frequency drives, motor- operated valves, control circuits, etc.
- Was in charge of the quarterly inspections for various wastewater plants.
- Managed all industrial field service calls and requests and continuously ensured no calls/requests were left uncompleted.

Work History

Field Service Tech 5/14-11/18

Tester/Field Service Tech 8/21-Present

North American Substation Services

As a tester I am versed in DTA software, I can doble powerfactor test transformers, TTR, Winding resistance, Insulation resistance, and CTs along with transformer controls.
As a Field Service Tech, I followed all company safety procedures. I have been on life-extention crews, re-gasketed, and processed transformers.

Project Superintendent HGR Construction inc. 11/18-8/20

As a Superintendent I am to attend all meetings concerning coordination of projects and conduct two week look ahead meetings with subcontractors and management concerning scheduling of projects. I am to competently read, understand and build per blueprints. I am to ensure that the work is done correctly, safely and on time by the subcontractors.

Certifications

OSHA 10
American Heart Association BLS first aid and AED
CDL Permit
MSHA 24 hour

Skills

- Thrives in high pressure situations
- Adaptable to new challenges
- Productive and efficient when working with time-constraints and meeting deadlines
- Receptive to coaching and looks for opportunities to grow
- Team player but also comfortable in leadership roles
- Knowledge of and skilled with hand and power tools
- Ability to read and interpret blueprints
- Proficient with Microsoft programs and job-related applications

SUMMARY.

Twenty six years of professional experience related in Industrial Electronic, Electricity, Instrumentation and Process Control for the Oil & Gas Sector specifically in the Extra Heavy Oil Upgrader Plants, Refineries and Shipment and Storage Crude Terminal, previously Industrial Plants as Rubber and Biscuits products.

Developing strategies to improve operational processes and quality of products, support to reach milestones, following startup plants, verifying the procedures, accomplishment of sequences necessaries for Stabilization, Performance and normal operation of different plants.
Identifying causes and advising to solve operational problems, Giving Support when process disturbance occurs and asking for solutions if is involved other specialty like mechanics or electrics systems. Realize failure analysis of different automation equipment and field instrumentation including pneumatic, hydraulic and mechanical.Evaluation of materials and resources needed for the execution of contracted works.

Reviewing, upgrading and implementing preventive and corrective maintenance plans of complete instrument and automation platform conformed by DCS (Distributed Control System), PLC (Programmable Logic Control), SCADA (Supervisory Control and Data Acquisition) and SIS (Security Instrumented System) , also Anti Surge, Performance and Speed Protection for Centrifugal Gas Compressors, Using administrative tools and diagnosis such as Monitoring Vibration (Bently Nevada), Asset Management System (AMS), MAXIMO Maintenance Management.
On-line review logic and control strategies modification on PLC´s, SIS´s and DCS in order to the operational necessities, PLC programming, SCADA Configuration (database and graphic schematics)

Documentation about the lesson learned of events and fault analysis
Utilize tools like Fault Tree Analysis and What If, tool for shut down plant studies.
Supervise the commissioning for Automation and industrial Control Systems.
Preparation of scope of preventive and corrective work
Ability and willingness to work under pressure, communication, planning and organizational skills, ability to work with people of different cultures, willing to work on different schedules, accustomed to safety and maintaining a high quality level.

BACKGROUND

MP Predictive Technologies Inc
November 2020 – Present. Orlando, FL
Automation and Control Technician
Industrial maintenance and testing of low, medium, and high voltage equipment. Preventive maintenance of critical equipment. Troubleshooting, testing, and programming of various equipment.
Duties and responsibilities: Conduct predictive maintenance and inspections on low, medium, and high voltage equipment. Low and medium voltage switchgear maintenance and testing. Motor control center maintenance and testing. Medium and low voltage variable frequency drives and soft starter maintenance and testing. Startup and commissioning of variable frequency drives and soft starters. Process instrument calibration, and troubleshooting.

Quinco Electrical Inc.
Orlando, Florida –.
Sept 2019- December 2020
Controls Electricity Technician
Small Commercial, Large Commercial, Industrial, Sitework and Ductbanks, Disaster Recovery, Low Voltage Service Agreements, Remodels, Design/Build, Construction Management.
Duties and responsibilities:
Implementing project of construction in Theater , developing the electrical installation of the Power distribution, Sound, Voice, Lighting and Fire Alarm systems, with high level of quality applying standards under NEC and OSHA. Reviewing drawings, implementing signals route, Installing piperacks, Bending EMT pipes,Electrical Panels, Transformers, Motors, Lightings, Wiring, Labeling, Corrections of deviations, Startup support, fixing and faults correction.

COMELCO Inc.
Orlando, Florida –. Aug 2018- Sept 19
Control Electricity, Automation and Instrumentation Technician
Develop and implementation of Industrial and Commercial Electrical Projects to upgrade or overhauling plants, public and private establishments with high level of quality applying standards under NEC and OSHA. Prepared to perform new construction, major shutdowns, capital expansion, plant relocation, and contract maintenance service to clients across the nation.
Duties and responsibilities: Revision and verification of drawings, signals route, identification and corrections of deviations, implementation of hardware platform, control systems, electrical and instrumentation, network communication, control power, signalization and identification in field terminals connections of the control system. Report of work advance and accomplishment of milestone scheduled. Startup support, fixing and faults correction.

PDVSA Petropiar Extra Heavy Oil Upgrader (Joint venture Chevron- PDVSA)
Venezuela, Anzoátegui State January 2009 - January 2018.
Automation and Control Engineer.
Verifying the accomplishment of Preventive, predictive and corrective maintenance for software and hardware of automation platform conformed by DCS (Honeywell TPS), SIS (FSC Honeywell), PLC (ControlLogix Allen Bradley), SCADA (TDC 3000 Honeywell), OPC System (Matrikon), Vibration Monitoring (Bently Nevada) and Compressors Controls and Protection Systems (CCC).
Giving professional support to Operations Management for the resolution of process disturbances.
Following up of process to keep the variables under control
Support the reliability team and Industrial safety Management about Functional Safety engineering (HAZOP Analysis, Risk assessment, and SIL verification), LOTO (Lock Out and Tag Out Procedure)

Making design of scope plans for plant shutdown and startup.
Functional test and inspection of Fire and Gas systems according to NFPA.
Investigate instrumental failures, problems and reliability issues to be able to prepare the effective recommendations to apply where necessary.
Provide day to day (24/7) plant process automation support
Work closely with Operations and Instrumentation personnel for equipment test, plant shutdown and start-up.
Advising to ensure equipment reliability to minimize production down time.
Continuous study about modifications and changes required to prevent real and spurious trips.
Advice and giving necessary actions to avoid process disturbances or plant shutdown during maintenance of the Control platform and instruments.

Ameriven Extra Heavy Oil Upgrader Downstream (Joint venture PDVSA -Chevron-Conoco Phillips)

Venezuela, Anzoátegui State, Dec-2003 Dec-2008

Instrument Technician,

Installation, maintenance, repairing, overhauling, calibration and tests of wide variety of industrial instrumentation that record, indicate, control and regulate the level, flow, pressure, temperature, position. Use of administrative Tools such as AMS and MAXIMO to enforce the maintenance management. Accomplishment of plans and periodic preventive maintenance, inspections of all metering control instruments, diagnosing of existing or potential trouble; cleaning, lubricating, calibrating and adjusts in function of conditions found. LOTO (Lock Out and Tag Out Procedure)
Inspection, testing, adjustment, and repairs electric, electronic, mechanical, and pneumatic instruments and systems used to indicate, record, and control.
Tests accuracy of flow meters, pressure gauges, temperature indicators, controllers, radiation counters or detectors, and other recording, indicating or controlling instruments to locate defective components in system, using test equipment, such as pressure gauges, potentiometers, calibration equipment, oscilloscopes. Support activities with contracted personal, in normal operation as in Major stops.

Shipment and Storage Crude Terminal (TAEJ), Sociedad Williams, Enbridge & CIA. (SWEC).

Venezuela, Anzoátegui State, August 2000 to April 2003

Instrumentation Technician:

Preventive and corrective maintenance of equipment and instrumentation control terminal maintenance, this includes PLC, SCADA, Transmitters, flow, pressure, temperature, density, level, control valves, Rotork actuators, etc.
Support in completing tasks and modifying diagnostic programs and control sequences both PLC and the emergency shutdown system TRICONEX.
Use of administrative Tools such as MAXIMO to enforce the maintenance management.
Generating Maintenance reports, assisting to meeting and sharing information related with task of maintenance, work plans, planning and supervise contracted works to assure the accomplishment of schedule activities.
Calibrate and maintain calibration records for transmitters, switches and actuators, FGS.
Calibrate and maintain calibration records for performance of Fire and Gas System.
Maintain documentation for maintenance activities on the control and instrumentation equipment.

Electronical Technician:

Preventive and corrective maintenance of instrumentation and control equipment for Plant Service, including PLC, Allen Bradley SLC500, Drives for AC and DC motors, industrial furnaces, rolling mills, cooling system, packaging system, temperature transmitters , pressure, level, weighting systems.
Carry out improvement projects, automation, upgrade, equipment and machinery involved in the manufacturing processes.
Use development of equipment requisitions and contract services.
Calibrate and maintain calibration records for scales of flour system, metal detectors etc.

Covencaucho Industrias S. A. Vulcanized Rubber and Tires Renovation Industry
Venezuela, Lara State, (March 1995 – November 1997)
Electronical Technician:

Supporting preventive and corrective maintenance of electronic equipment
maintenance and control equipment. Developing improvement opportunities by developing projects, automation, upgrade of equipment and machinery involved in the manufacturing process, design and modify PLC programs, Configuring Variation Frequency Drives.
Supervising the work contracted for installation and maintenance of equipment.
Use development tools, and equipment requisitions and contract services.
Calibrate and maintain calibration records for transmitters and field dispositive.

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Executive Summary

Recommendation to authorize the Chairman to sign a Memorandum of Agreement between the Florida Division of Emergency Management and Collier County to accept the transfer of a Tiger Dam flood barrier system.

OBJECTIVE: To accept a Memorandum of Agreement between the Florida Division of Emergency Management and Collier County Emergency Management for the State's equipment to aid in and support the protection of critical infrastructure in Collier County from storm surge and/or floodwaters.

CONSIDERATIONS: Collier County is a coastal county and is prone to flooding from storm surge and flash flooding. Due to the strength and size of Hurricane Milton, Collier County received significant impacts from storm surge. FDEM acquired equipment to assist with mitigating storm surge within the State of Florida. During Hurricane Milton, the Collier County Emergency Management Division submitted a State Mission requesting the deployment of Tiger Dam resources. The package received included three (3) 24'' Tiger Dam kits, one (1) Sump Pump, concrete anchors, and earth anchors. FDEM has agreed to pursue an MOA for these resources to remain in Collier County. The EOC will work with county divisions and departments, municipalities, and other key partners to utilize these resources for future storm surge-related protective actions.

FISCAL IMPACT: Collier County agrees to be fully responsible for the maintenance, repair, and any other costs associated with the equipment upon the effective date of this agreement, not to exceed $200.00 annually from its operating funds.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for Board approval. -JAK

RECOMMENDATIONS: To authorize the Chairman to sign a Memorandum of Agreement between the Florida Division of Emergency Management and Collier County to accept the transfer of a Tiger Dam flood barrier system.

MEMORANDUM OF AGREEMENT BETWEEN THE FLORIDA DIVISION OF EMERGENCY MANAGEMENT AND THE COLLIER COUNTY FOR THE TRANSFER OF TIGER DAMS

This Memorandum of Agreement ("Agreement"), effective as of the date of the last signature below ("Effective Date"), is between the STATE OF FLORIDA, DIVISION OF EMERGENCY MANAGEMENT ("FDEM") and the Collier County to transfer ownership and possession of the Tiger Dams ("Equipment") delineated in the attached Appendix ("Appendix") from the FDEM to the Collier County.

WHEREAS, the FDEM purchased and acquired this Equipment to aid in the State of Florida's Disaster response to Hurricane MILITON;

WHEREAS, the FDEM and the Collier County must enter into this Agreement to transfer ownership and possession of this Equipment; and

NOW THEREFORE, comes the FDEM and the Collier County, referred herein individually as "Party" and collectively as "Parties", to set forth the terms and conditions of this Agreement.

I) PURPOSE OF THIS AGREEMENT

The purpose of this Agreement is to memorialize the transfer of ownership and possession of the Equipment from the FDEM to the Collier County. This Agreement shall be finalized upon the Effective Date of the last signature.

II) EQUIPMENT TRANSFERRED

The FDEM will transfer ownership and possession of the Equipment listed in the attached Appendix to the Collier County.

III) COLLIER COUNTY'S RESPONSIBILITIES

a. The FDEM shall deliver the Equipment in "as-is" condition, and the Collier County shall accept the Equipment in such condition.

b. The Collier County expressly agrees to be fully responsible for the maintenance, repair, and any other costs associated with the Equipment upon the Effective Date of this Agreement. Upon the Effective Date of this Agreement, the FDEM hereby relinquishes any responsibility, financial or otherwise, for the Equipment.

IV) WARRANTY AND LIMITATION OF LIABILITY

THE FDEM MAKES NO WARRANTY OR GUARANTEE, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, OR FOR ANY PARTICULAR RESULT.

In no event shall the FDEM be liable to the Collier County for any indirect, incidental, special, punitive, or consequential damages, arising from or in connection with this Agreement and regardless of the cause of action or theory of law asserted.

V) INDEMNIFICATION

The Collier County agrees to indemnify, defend, and hold the FDEM harmless, from any and all liabilities, demands, damages, costs and expenses (including reasonable attorneys' fees and court costs) arising from any third-party suits or claims to the extent based upon or resulting from the Collier County 's use of the Equipment provided pursuant to this Agreement.

VI) COMPLIANCE WITH LAWS

The Parties agree to comply with all laws and regulations applicable to the performance of their respective obligations under this Agreement. Each Party is responsible for its own compliance with this Agreement.

VII) MISCELLANEOUS

a. This Agreement shall be governed by the laws of the State of Florida and venue shall be in Leon County, Florida.

b. The Parties agree that nothing in this Agreement serves to create an employer-employee and/or an agency relationship between the FDEM and the Collier County

c. This Agreement creates neither a partnership nor a joint venture, and neither Party has the authority to bind the other.

d. Any modification of this Agreement or additional obligation assumed by either Party with regard to this Agreement shall be binding only if evidenced in writing signed by an authorized representative of each Party.

e. Either Party may request changes to this Agreement. Any changes, modifications, revisions, or amendments to this Agreement that are mutually agreed upon by and between the Parties to this Agreement, shall be incorporated by written instrument and effective when executed and signed by all Parties to this Agreement.

f. This Agreement shall not be construed against either Party and shall be deemed to have been drafted by both Parties.

g. Nothing contained herein shall constitute a waiver by either Party of its sovereign immunity or the provisions of Section 768.28, F.S. Nothing herein shall be construed as consent by either Party to be sued by third parties.

h. This Agreement, upon the Effective Date, contains the entire agreement of the parties and no prior written or oral agreement, express or implied, shall be admissible to contradict the provisions of this Agreement.

i. This Agreement may be executed in counterparts, each of which shall be deemed an original but all of which shall constitute one and the same Agreement.

INTENTIONALLY LEFT BLANK

IN WITNESS WHEREOF, the terms and conditions of this Agreement are accepted by both Parties.

Executive Summary

Recommendation to approve a Memorandum of Understanding (MOU) between Collier County and the Florida Division of Emergency Management to install a low-power gap radar station for local real-time weather data.

OBJECTIVE: To establish an understanding between the County's Division of Emergency Management and the Florida Division of Emergency Management (FDEM) for the State's purchase and installation of a low-power gap-filling weather radar unit under a State-wide funding appropriation known as the Saas Based Hyperlocal Weather Radar Coverage, project number 3112.

CONSIDERATIONS: The low-power radar units are needed to improve hyper-local weather information around the State. FDEM will purchase and install the units through its approved vendor referenced as StormQuant® or similar weather observation products. FDEM will manage all operating and maintenance costs for three years after installation. Such stations which may include cameras will be for the sole purpose of atmospheric data collection and atmospheric observation only.

The County's Emergency Management Division and FDEM will work with partner agencies such as the Marco Island Fire Department, County Airports, and others for mutually agreeable placement. The Emergency Management Division recognizes that more precise local weather observations are needed to aid in all-hazard response and evaluation of protective action recommendations during times of local emergency.

FISCAL IMPACT: An amount not to exceed $1,800 annually will be payable by the County beginning at year four. This cost will be reimbursable from the annual EMPA Grant Agreement, Public Safety Grant fund (1833).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires majority vote for Board approval. –JAK

RECOMMENDATIONS: To approve a Memorandum of Understanding (MOU) between Collier County and the Florida Division of Emergency Management to install a low-power gap radar station for local real-time weather data.

MEMORANDUM OF AGREEMENT FOR INSTALLATION OF STORMQUANT WEATHER RADAR SYSTEMS BETWEEN THE FLORIDA DIVISION OF EMERGENCY MANAGEMENT AND COLLIER COUNTY EMERGENCY MANAGEMENT

This Memorandum of Agreement ("MOA") is entered into by and between the **Florida Division of Emergency Management** ("FDEM"), 2555 Shumard Oak Boulevard, Tallahassee, FL, and **Collier County Emergency Management** ("Recipient").

WHEREAS, during the 2023 Florida Legislative Session, Specific Appropriations Project #3112 within Senate Bill 2500 appropriated $2,000,000.00 in nonrecurring funds from the General Revenue Fund for the "Emergency Operations Support – Saas-Based Hyperlocal Weather Radar Coverage" to the FDEM; and

WHEREAS, the purpose of this appropriation was to provide FDEM and emergency management partners with funding to obtain weather radar equipment that can capture hyper-local, real-time weather data in strategic locations which will provide critical information to assist in the deployment of resources to impacted areas during times of severe weather; and

WHEREAS, FDEM has contracted with StormQuant, Inc., for the lease, installation, and maintenance of weather radar equipment to collect such data in designated locations throughout the state for three (3) years; and

WHEREAS, FDEM has coordinated with the counties where the weather radar equipment will be installed; and

WHEREAS, StormQuant, Inc., technicians require physical access to the equipment installation sites to install the weather radar equipment, which requires commercial power sources;

NOW, THEREFORE, in consideration of the mutual promises and conditions herein contained, the Parties agree to the following terms:

1. Recipient shall allow access to the installation site(s) to StormQuant, Inc., technicians at all times and shall notify FDEM and StormQuant, Inc., of a primary and secondary point of contact for coordination for location access by email prior to installation. Recipient shall notify FDEM and StormQuant, Inc., in writing immediately of any changes in the primary and/or secondary contacts.

2. FDEM shall pay for the lease and maintenance costs of the weather radar equipment for three (3) years following its installation by StormQuant, Inc.

3. Recipient expressly shall be fully responsible for providing a 120V commercial power outlet dedicated to providing power to the weather radar equipment.

CAO

Recipient shall pay all fees and charges associated with installing and maintaining the outlet and shall pay all utility power charges incurred as a result of operation of the equipment.

4. Recipient may opt to provide StormQuant, Inc., ethernet or fiber commercial internet lines to the weather radar equipment for data transmission at Recipient's sole expense.

5. Recipient shall use the weather radar equipment and associated software license for its intended purpose.

6. Recipient shall be responsible for complying with any permitting requirements required by local or county ordinances governing installation of equipment on towers or buildings.

7. Recipient shall immediately notify FDEM and StormQuant, Inc., of any accidental or purposeful damage to the radar or mounting infrastructure.

8. All notices provided under or pursuant to this MOA shall be in writing, and sent via certified mail return receipt requested, along with a courtesy copy via electronic mail, to the representatives and addresses identified below:

9. Term
   a. This MOA is effective beginning on the date that all necessary parties have signed this MOA, and this MOA shall continue in full force and effect for three (3) years from the date of installation of the weather radar equipment.

   b. If the weather radar equipment ceases operation or is destroyed by an accident not otherwise covered by StormQuant, Inc., the Recipient is not

CAO

obligated to replace the radar equipment and the MOA shall be void unless the parties agree otherwise.

10. The Recipient shall allow StormQuant, Inc., to demobilize any equipment owned by StormQuant, Inc., at the end of the three years following installation. This provision shall survive expiration or termination of the MOA.

11. StormQuant, Inc., and the Recipient may mutually agree and enter into a contract to provide a continuation of services of the weather radar equipment following the end of the three years following installation. This provision shall survive expiration or termination of the MOA.

12. Miscellaneous
    a. This MOA shall be governed by the laws of the State of Florida; venue to settle any disputes arising under it shall be in Leon County, Florida.

    b. The Parties agree that nothing in this MOA serves to create an employer-employee relationship between FDEM and Recipient.

    c. This MOA creates neither a partnership nor a joint venture, and neither Party has the authority to bind the other.

    d. Any modification of this MOA or additional obligation assumed by either Party regarding this MOA shall be binding only if evidenced in writing signed by an authorized representative of each Party.

    e. Either Party may request changes to this MOA. Any changes, modifications, revisions, or amendments to this MOA that are mutually agreed upon by and between the Parties to this MOA, shall be incorporated by written instrument and effective when executed and signed by all Parties to this MOA.

    f. This MOA shall not be construed against either Party and shall be deemed to have been drafted by both Parties.

    g. Nothing contained herein shall constitute a waiver by either Party of its sovereign immunity or the provisions of Section 768.28, F.S. Nothing herein shall be construed as consent by either Party to be sued by third parties.

    h. This MOA, upon execution, contains the entire agreement of the parties and no prior written or oral agreement, express or implied, shall be admissible to contradict the provisions of this MOA.

    i. This MOA may be executed in counterparts, each of which shall be deemed an original but all of which shall constitute one and the same MOA.

Executive Summary

Recommendation to approve and authorize the Chairman to sign the First Amendment to the subrecipient agreement between Collier County and Collier County Community Redevelopment Agency (Immokalee) to amend Community Development Block Grant Agreement #CD24-02 to allow for Phase I activities.

OBJECTIVE: To support the residents of Immokalee by planning public infrastructure activities to effectively meet the needs of our Collier County citizens.

CONSIDERATIONS: The U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) program funds locally defined requests for program specific needs in the community and infrastructure improvements. Every five years the County is required to submit a Consolidated Plan to HUD outlining the goals and activities to be undertaken with HUD entitlement funds over the five-year period as well as Annual Action Plans.
On June 22, 2021, the Board of County Commissioners (Board) approved the County's Five-Year Consolidated Plan for the use of entitlement funds for Program Years (PY's) 2021-2025 (Agenda Item #16.D.7). As part of the County's 5-year Consolidated Plan, the Community and Human Services (CHS) Division is required to adopt and submit an Annual Action Plan each year.

On September 10, 2024 (Agenda Item #16. D.3), the Board of County Commissioners (Board) approved the CDBG Subrecipient Agreement with Collier County Community Redevelopment Agency (Immokalee). The agreement established $1,001,371.00 in funding for the construction portion of the First Street Pedestrian Safety Improvement Project.

Upon receiving the 60% design plans from the consultant, plans revealed several improvements located outside of the Right-of-Way (ROW) on private property on the east side of the corridor. To mitigate the risk, staff and the consultant determined that splitting the design into two segments is a risk-averse approach

The proposed First Amendment will revise the agreement by:

1. Adding Phase I language into the scope of work and throughout the agreement to add clarity.
2. Reduce the overall budget from $1,001,371.00 to $401,371.00 to support the Phase I Construction timeline.
3. Revise the period of performance from 4/30/2026 to 10/31/2025 to allow the Collier County Community Redevelopment Agency (Immokalee) to complete the Phase I construction portion of the First Street Pedestrian Safety Improvement Project.
4. Revise the notice section of the agreement
5. Revise Exhibit C to add Phase I Language into the outcomes for clarity.

FISCAL IMPACT: This action has no new fiscal impact. The funding source for the award is the CDBG grant and is budgeted in Housing Grant Fund (1835) Projects 33915, 33855, 33823, and 33763.

GROWTH MANAGEMENT IMPACT: This item has no impact on the Housing Element of the Growth Management Plan of Collier County.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires a majority vote for Board adoption. (HFAC)

RECOMMENDATIONS: To approve and authorize the Chairman to sign the First Amendment to the subrecipient agreement between Collier County and Collier County Community Redevelopment Agency (Immokalee) to amend Community Development Block Grant Agreement #CD24-02 to allow for Phase I activities.

FIRST AMENDMENT TO
AGREEMENT BETWEEN COLLIER COUNTY
AND
Collier County Community Redevelopment Agency (Immokalee)
CDBG Grant Program – Construction

THIS AMENDMENT is made and entered into this ___ day of _____ 2024, by and between Collier County, a political subdivision of the State of Florida, ("COUNTY") having its principal address at 3339 Tamiami Trail East, Suite 213, Naples FL 34112, and Collier County Community Redevelopment Agency (Immokalee) ("SUBRECIPIENT"), a Community Redevelopment Organization having its principal office at 750 South 5th Street, Suite C, Immokalee, FL 34142.

RECITALS

WHEREAS, the COUNTY has entered into an Agreement with the United States Department of Housing and Urban Development (HUD) for a grant to execute and implement a Community Development Block Grant (CDBG) Program in certain areas of Collier County, pursuant to Title I of the Housing and Community Development Act of 1974 (as amended); and

WHEREAS, the Board of County Commissioners of Collier County ("Board") approved the Collier County Consolidated Plan – One-year Action Plan for Federal Fiscal Year 2024-2025 for the CDBG Program with Resolution 2024-138 on July 23, 2024– Agenda Item 16.D.4 ; and

WHEREAS, in accordance with HUD regulations and the Collier County Consolidated Plan concerning the preparation of various Annual Action Plans, the COUNTY advertised the 2024-2025 Annual Action Plan, on June 17, 2024, with a 30-day Citizen Comment period from July 3, 2024 to August 3, 2024; and

WHEREAS, the SUBRECIPIENT has submitted a proposal for participation in the Collier County CDBG program; and

WHEREAS, the COUNTY and SUBRECIPIENT wish to set forth the responsibilities and obligations of each in undertaking the CDBG project – (CD24-02) First Street Corridor Pedestrian Safety - Construction.

WHEREAS, on September 10, 2024, Agenda Item 16.D.3, the COUNTY entered into an Agreement (the "Agreement") with SUBRECIPIENT which set forth the responsibilities and obligations of each in undertaking the CDBG project – (CD24-02) First Street Corridor Pedestrian Safety - Construction and

WHEREAS, the parties wish to amend the agreement to incorporate Phase I language, reduce time the period of performance, and reduce the Federal Funding amount to support the reduction in activities.

NOW, THEREFORE, in consideration of foregoing Recitals and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, the parties agree to amend the Agreement as follows.

1. Sections 1.2, 1.3, 1.4, and 1.8 are hereby amended as follows:

Words Struck Through are deleted; Words <u>Underlined</u> are added.

* * *

PART I
SCOPE OF WORK

SUBRECIPIENT shall, in a satisfactory and proper manner and consistent with any standards required as a condition of providing CDBG assistance as provided herein and, as determined by Collier County Community and Human Services (CHS) Division, perform the tasks necessary to conduct the program as follows:

Project Name: First Street Corridor Pedestrian Safety - Construction

Description of project and outcome: CHS, as an administrator of the CDBG program, will make available FY 2021-2022, FY 2022-2023, FY 2023-2024 and FY 2024-2025 CDBG funds up to the gross amount of ~~$1,001,371.00~~<u>$401,371.00</u> to Collier County Redevelopment Agency

(Immokalee) to fund Phase I construction of the First Street Corridor Pedestrian Safety Construction project, to include lighting and crosswalk signals, in Immokalee, FL. Phase 1 addresses the southern segment without right-of-way encroachments.

Project Component One: Complete First Street Corridor Pedestrian Safety Phase I Construction project including all labor, design, construction, permitting, materials, freight charges, and all other costs and fees.

AGREEMENT BETWEEN COLLIER COUNTY
AND
Collier County Community Redevelopment Agency (Immokalee)
CDBG Grant Program – Construction

THIS AGREEMENT is made and entered into this 10th day of September 2024, by and between Collier County, a political subdivision of the State of Florida, ("COUNTY") having its principal address at 3339 Tamiami Trail East, Suite 213, Naples FL 34112, and Collier County Community Redevelopment Agency (Immokalee) ("SUBRECIPIENT"), a Community Redevelopment Organization having its principal office at 750 South 5th Street, Suite C, Immokalee, FL 34142.

WHEREAS, the COUNTY has entered into an Agreement with the United States Department of Housing and Urban Development (HUD) for a grant to execute and implement a Community Development Block Grant (CDBG) Program in certain areas of Collier County, pursuant to Title I of the Housing and Community Development Act of 1974 (as amended); and

WHEREAS, the Board of County Commissioners of Collier County ("Board") approved the Collier County Consolidated Plan – One-year Action Plan for Federal Fiscal Year 2024-2025 for the CDBG Program with Resolution 2024- 138 on July 23, 2024– Agenda Item 16.D.4 ; and

WHEREAS, in accordance with HUD regulations and the Collier County Consolidated Plan concerning the preparation of various Annual Action Plans, the COUNTY advertised the 2024-2025 Annual

Action Plan, on June 17, 2024, with a 30-day Citizen Comment period from July 3, 2024 to August 3, 2024; and

WHEREAS, the SUBRECIPIENT has submitted a proposal for participation in the Collier County CDBG program; and

WHEREAS, the COUNTY and SUBRECIPIENT wish to set forth the responsibilities and obligations of each in undertaking the CDBG project – (CD24-02) First Street Corridor Pedestrian Safety - Construction.

NOW, THEREFORE, in consideration of the mutual benefits contained herein, it is agreed by the Parties as follows:

PART I
SCOPE OF WORK

SUBRECIPIENT shall, in a satisfactory and proper manner and consistent with any standards required as a condition of providing CDBG assistance as provided herein and, as determined by Collier County Community and Human Services (CHS) Division, perform the tasks necessary to conduct the program as follows:

Project Name: First Street Corridor Pedestrian Safety - Construction

Description of project and outcome: CHS, as an administrator of the CDBG program, will make available FY 2021-2022, FY 2022-2023, FY 2023-2024 and FY 2024-2025 CDBG funds up to the gross amount of $1,001,371.00 to Collier County Redevelopment Agency (Immokalee) to fund the construction of the First Street Corridor Pedestrian Safety Construction project, to include lighting and crosswalk signals, in Immokalee, FL.

Project Component One: Complete the First Street Corridor Pedestrian Safety Construction project including all labor, design, construction, permitting, materials, freight charges, and all other costs and fees.

1.1 GRANT AND SPECIAL CONDITIONS

A. Within sixty (60) calendar days of execution of this Agreement, SUBRECIPIENT must deliver to CHS for approval, a detailed project schedule for the completion of the project.

B. SUBRECIPIENT must submit the following resolutions and policies to CHS within sixty (60) days of execution of this Agreement:

- ☐ Affirmative Fair Housing Policy
- ☒ Affirmative Action/Equal Opportunity Policy
- ☒ Conflict of Interest Policy (COI) and related COI Forms

- ☒ Procurement Policy
- ☒ Uniform Relocation Act (URA) Policy
- ☒ Sexual Harassment Policy
- ☒ Section 3 Policy
- ☒ Section 504/ADA Policy
- ☒ Fraud, Waste, and Abuse Policy
- ☒ Language Assistance and Planning Policy (LAP)
- ☒ Limited English Proficiency Policy (LEP)
- ☐ Violence Against Women Act (VAWA) Policy
- ☐ LGBTQ Policy

C. Environmental Review Requirement (ERR) – This Agreement does not constitute a commitment of funds or site approval. The commitment of funds or site approval may occur only upon satisfactory completion of environmental review, executed by the COUNTY, and either (i) the determination that the project is exempt or (ii) the COUNTY's receipt of an approved request for release of funds and certification from HUD, under 24 CFR Part 58. The provision of any funds to the project is conditioned on the COUNTY's determination to proceed with, modify, or cancel the project based on the results of the environmental review. No program costs can be incurred until an environmental review of the project is completed and approved by the COUNTY. Further, SUBRECIPIENT will not undertake any activity or commit any funds prior to CHS issuing a Notice to Proceed (NTP) letter. Violation of this provision may result in the termination of this subaward and/or the denial of any reimbursement of funds under this Agreement.

D. Annual Subrecipient Training – All SUBRECIPIENT staff assigned to the administration and implementation of the Project established by this Agreement shall attend the CHS-sponsored Annual SUBRECIPIENT Fair Housing training, except those who attended the training in the previous year. In addition, at least one staff member shall attend all other CHS-offered SUBRECIPIENT training, relevant to the Project, as determined by the Grants Coordinator, not to exceed four (4) sessions. Requests for exemption, under this special condition, must be submitted to the Grant Coordinator, in writing, at least 14 days, prior to the training.

E. Limited English Proficiency – Persons who, as a result of national origin, do not speak English as their primary language and who have limited ability to speak, read, write, or understand English ("limited English proficient persons" or "LEP persons") may be entitled to language assistance under Title VI of the Civil Rights Act of 1964 (Title VI) in order to receive a particular service, benefit, or encounter. In accordance with Title VI and its implementing regulations, SUBRECIPIENT agrees to take reasonable steps to ensure meaningful access to activities funded with HUD Funds by LEP persons. Any of the following actions could constitute "reasonable steps," depending on the circumstances: acquiring translators to translate vital documents; advertisements or notices; acquiring interpreters for face-to-face interviews with LEP persons; placing advertisements and notices in newspapers that serve LEP persons; partnering with other organizations that

serve LEP populations to provide interpretation, translation, or dissemination of information regarding the project; hiring bilingual employees or volunteers for outreach and intake activities; contracting with a telephone line interpreter service; etc.

F. Build America, Buy America – SUBRECIPIENT must comply with the requirements of the Build America, Buy America (BABA) Act, 41 USC 8301 note, and all applicable rules and notices, as may be amended, if applicable to the SUBRECIPIENT's infrastructure project. Pursuant to HUD's Notice, "Public Interest Phased Implementation Waiver for FY 2022 and 2023 of Build America, Buy America Provisions as Applied to Recipients of HUD Federal Financial Assistance" (88 FR 17001), any funds obligated by HUD on or after the applicable listed effective dates, are subject to BABA requirements, unless excepted by a waiver. All infrastructure project contracts and subcontracts must contain Buy America Preference (BAP) compliance requirements for product and material purchases, the requirement to maintain records that verify compliance with the BAP, and that any project-specific waiver be approved prior to purchasing products or materials not produced in the U.S.

If BABA is applicable to this Agreement, SUBRECIPIENT shall maintain a BABA construction checklist, product certification letter(s), and other supporting documentation or BABA waiver, as applicable, and provide such documentation, as requested by CHS.

1.2 PROJECT DETAILS

A. Project Description/Project Budget

B. National Objective

The CDBG program Funds awarded to Collier County must benefit low- to moderate-income persons (LMI). As such, SUBRECIPIENT shall ensure that all activities and beneficiaries meet the definition of:

- ☒ LMA – Low/Mod Area Benefit
- ☐ LMC – Low/Mod Clientele Benefit
- ☐ LMH – Low/Mod Housing Benefit
- ☐ LMJ – Low/Mod Job Benefit

LMA: Must document that at least 51 percent of the residents are LMI persons, based on HUD determined eligible census tracts. Failure to achieve the national objective under this Agreement will require repayment of the CDBG investment for this Agreement.

LMC: Must document that at least 51 percent of persons served, are low- to moderate-income persons or households, in order to meet a CDBG National Objective. Failure to achieve the national objective under this Agreement will require repayment of the CDBG investment for this Agreement.

LMH: Must document providing or improving permanent residential structures, which upon completion will be occupied by LMI households. Structures with three or more units must contain at least 51 percent occupied by LMI households, and structures with less than three units must be occupied by 100 percent LMI households. Failure to achieve the national objective under this Agreement will require repayment of the CDBG investment for this Agreement.

LMJ: Must document job creation and retention. The LMI benefit national objective addresses activities designed to create or retain permanent jobs, at least 51 percent of which (computed on a full-time equivalent basis) will be made available to or held by LMI persons. Failure to achieve the national objective under this Agreement will require repayment of the CDBG investment for this Agreement.

Supporting documents must be provided as backup, as evidenced by SAP supporting documentation, proof of payment to contractors, AIA, Schedule of Values, and any other documentation as needed. 10% retainage will be withheld with each request for payment and will be released upon completion of activities and final closeout monitoring.	Payment requests due within 30 days of the prior month end.

Final 10 percent retainage will be paid upon completion of final monitoring clearance and documentation of meeting the National Objective. SUBRECIPIENT'S failure to achieve the National Objective will require repayment of the CDBG investment under this Agreement.

1.3 PERIOD OF PERFORMANCE

SUBRECIPIENT services shall begin on October 1, 2024 and shall end on April 30, 2026, unless terminated earlier in accordance with provisions of Paragraph 3.8, Defaults, Remedies, and Termination. Any Funds not obligated by the expiration date of this Agreement shall automatically revert to the COUNTY.

The County Manager or designee may extend the term of this Agreement for a period of up to 180 days after the end of the Agreement, following receipt of SUBRECIPIENT's written request submitted at least 30 days prior to agreement period of performance end date. Extensions must be authorized, in writing, by formal letter to the SUBRECIPIENT.

1.4 AGREEMENT AMOUNT

The COUNTY agrees to make available ONE MILLION ONE THOUSAND THREE HUNDRED SEVENTY-ONE DOLLARS AND ZERO CENTS ($1,001,371.00) for use by SUBRECIPIENT during the term of the Agreement (hereinafter, shall be referred to as the "Funds").

Modification to the Budget and Scope may only be made if approved in advance. Budgeted Fund shifts among line items may be approved administratively by CHS for up to 10 percent (10%) of the total funding agreement and shall not signify a change in scope. Fund shifts that exceed 10 percent (10%) shall require formal amendment and approval by the Board of County Commissioners (Board).

The COUNTY shall reimburse SUBRECIPIENT for the performance of this Agreement upon completion or partial completion of the work tasks, as accepted and approved by CHS. SUBRECIPIENT may not request disbursement of CDBG Funds until needed for eligible costs; and all disbursement requests must be limited to the amount needed at the time of the request. SUBRECIPIENT may expend Funds only for allowable costs resulting from obligations incurred during the term of this Agreement. Invoices for work performed are required every month. If no work has been performed during the month, or if SUBRECIPIENT is not yet prepared to send the required backup, a $0 invoice is required. Explanations will be required if two consecutive months of $0 invoices are submitted. Payments shall be made to SUBRECIPIENT when requested as work progresses, but not more frequently than once per month. Reimbursement will not occur if SUBRECIPIENT fails to perform the minimum level of service required by this Agreement.

COUNTY will pay SUBRECIPIENT Funds available under this Agreement based on information submitted by SUBRECIPIENT and consistent with an approved budget and COUNTY policy concerning payments. With the exception of certain advances, payments will be made for eligible expenses actually incurred by SUBRECIPIENT, not to exceed actual cash requirements. Payments will be adjusted by CHS in accordance with advance Fund and program income balances available in SUBRECIPIENT accounts. In addition, COUNTY reserves the right to liquidate Funds available under this Agreement for costs incurred by COUNTY on behalf of SUBRECIPIENT.

CHS may withhold any payment request until approved by CHS for grant compliance and adherence to any and all applicable Local, State, or Federal requirements, including timely submission of Performance Deliverables contained in Section 1.2.C. **Late submission of deliverables or evidence of project inactivity may cause payment suspension of any open pay requests until the required deliverables are received or substantial project progression occurs, as determined by CHS.** Except where disputed for noncompliance, payment will be made upon receipt of a properly completed invoice, and in compliance with sections 218.70–218.80, Florida Statutes, otherwise known as the "Local Government Prompt Payment Act."

Final invoices are due no later than 90 days after the end of the Agreement. Work performed during the term of the Program but not invoiced within 90 days after the end of the Agreement may not be processed without written authorization from the Grant Coordinator.

1.5 RIGHT OF FIRST REFUSAL

For property acquisition agreements, if SUBRECIPIENT offers the Property for sale before the end of the Continued Use Period, SUBRECIPIENT must allow a 90-day right of first refusal (ROFR) period to experienced non-profit organizations, reasonably approved by the COUNTY, for purchase of the Property at the then current market value or any other offer considered, in the sole determination of the COUNTY to be reasonable, for continued occupancy by eligible persons.

The 90-day right of first refusal period begins when a legal advertisement appears in a local newspaper of general circulation, or other method authorized by statute or regulation, offering the Property for sale to non-profit organizations.

1.6 LEVERAGE FUNDS

Leverage funds must be identified, tracked, and verifiable in the SUBRECIPIENT's records. Resources must be fully identified and described in the Agreement and the approved budget submitted with the application. Resources must also meet the following criteria to be allowable as leverage:

a. Expenditures of leveraged funds or resources are permitted only for eligible activities and allowable costs under the cost principles specified by the OMB Circulars referenced in this Agreement. Expenditures must be necessary and reasonable for proper and efficient accomplishment of project or program objectives.
b. Leverage resources committed on one project may not be used as leverage for any other project or program.
c. Leverage resources must represent newly created resources covering expenditures that would not be incurred if the award were not made.
d. Leverage resources may not be Federal funds under a different award, except where Federal statute allows their use for cost sharing (such as the Community Development Block Grant program).
e. Third-party cash or in-kind contributions offered as leverage require a commitment letter on company letterhead signed by the individual who is in a position to commit the in-kind contribution. The contribution is only allowable if not utilized towards matching dollars.

1.7 COST PRINCIPLES

Payments to SUBRECIPIENT are governed by the Federal grant management rules for cost allowability, found at 2 CFR 200 Subpart E-Cost Principles. For the purposes of this section (Section 1.7-Cost Principles) of this Agreement, SUBRECIPIENT is defined as described in 2 CFR 200.93. Accordingly, payments will be made on a cost reimbursement basis. Each request for reimbursement shall identify the associated project and approved project task(s) listed under the Part I - Scope of Work. SUBRECIPIENT may only incur direct costs that may be attributed specifically to the project referenced the Scope of Work, as defined in 2 CFR 200.413. SUBRECIPIENT must provide adequate documentation for validating costs incurred. Payments to SUBRECIPIENT'S contractors and vendors are conditioned upon compliance with the procurement requirements provided in 2 CFR 200.318–200.327. Allowable costs incurred by Subrecipients and Contractors shall comply with 2 CFR 200 Subpart E-Cost Principles. SUBRECIPIENT may not be subject to 2 CFR 200 Subpart E; however, the COUNTY is and may impose requirements upon SUBRECIPIENT so that the COUNTY can remain compliant with its obligation to follow 2 CFR 200 Subpart E. SUBRECIPIENT will use adequate internal controls and maintain necessary source documentation for all costs incurred, and adhere to any other accounting requirements included in this Agreement.

1.8 NOTICES

Notices required by this Agreement shall be in writing and delivered via mail (postage prepaid), commercial courier, personal delivery, or sent by facsimile or other electronic means. Either party

may change the address to which notices are to be sent to it by giving written notice of such change to the other party in the manner herein provided for giving notice. Any notice, request, instruction, or other document delivered or sent as aforesaid shall be effective on the date of delivery or sending. All notices and other written communications under this Agreement shall be addressed to the individuals in the capacities indicated below, unless otherwise modified by subsequent written notice.

PART II
GRANT CONTROL REQUIREMENTS

2.1 AUDITS

During the term of this Agreement, SUBRECIPIENT shall submit to the COUNTY an Annual Audit Monitoring report (Exhibit E) no later than 60 days after SUBRECIPIENT'S fiscal year end. In addition, SUBRECIPIENT shall submit to the COUNTY a financial and compliance Single Audit report, Management Letter, and supporting documentation nine (9) months (or audited financial statements, one hundred eighty (180) days for Subrecipients exempt from Single Audit) after the SUBRECIPIENT'S fiscal year end. The COUNTY will conduct an annual financial and programmatic review.

SUBRECIPIENT must fully clear any deficiencies noted in audit reports within 30 days after its receipt of the report. SUBRECIPIENT's failure to comply with the above audit requirements will constitute a violation of this Agreement and may result in the withholding of future payments. SUBRECIPIENT hereby agrees to obtain an annual agency audit conducted in accordance with current COUNTY policy concerning Subrecipient audits and 2 CFR 200.501

Federal Award amounts expended shall be determined in accordance with guidelines established by 2 CFR Part 200, Subpart F-Audit Requirements.

2.2 RECORDS AND DOCUMENTATION

SUBRECIPIENT shall maintain sufficient records, in accordance with 24 CFR 570.506, to determine compliance with the requirements of this Agreement, the CDBG Program, and all other applicable laws and regulations. This documentation shall include but is not limited to, the following:

A. All records required by CDBG regulations.

B. Public records that ordinarily and necessarily would be required by the COUNTY to perform the service.

C. SUBRECIPIENT shall make available to the COUNTY or CHS at any time upon request, all reports, plans, surveys, information, documents, maps, books, records, and other data procedures developed, prepared, assembled, or completed by SUBRECIPIENT for this Agreement. Materials identified in the previous sentence shall be in accordance with generally accepted accounting principles (GAAP), procedures, and practices, which sufficiently and properly reflect all revenues and expenditures of Funds provided directly or indirectly by this Agreement, including matching funds and Program Income. These records shall be maintained to the extent of such detail to properly reflect all net costs, direct and indirect labor, materials, equipment, supplies and services, and other costs and

expenses of whatever nature for which reimbursement is claimed under the provisions of this Agreement.

D. Upon completion of all work contemplated under this Agreement, copies of all documents and records relating to this Agreement shall be surrendered to CHS, if requested. In any event, SUBRECIPIENT shall keep all documents and records in an orderly fashion, and in a readily accessible, permanent, and secured location for three (3) years after the date of COUNTY'S submission of the final performance and evaluation report to HUD, as prescribed in 2 CFR 200.334, 24 CFR 570.490 and 24 CFR 570.502(a)(7)(ii). However, if any litigation, claim, or audit is started before the expiration date of the three (3) year period, the records will be maintained until all litigation, claim, or audit findings involving these records are resolved. If SUBRECIPIENT ceases to exist after the closeout of this Agreement, it shall notify the COUNTY in writing, of the address where the records will be kept, as outlined in 2 CFR 200.337. SUBRECIPIENT shall meet all requirements for retaining public records and transfer, at no cost to COUNTY, all public records in SUBRECIPIENT'S possession upon termination of the Agreement, and destroy any duplicate, exempt, or confidential public records that are free from public records disclosure requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the COUNTY'S information technology systems.

IF SUBRECIPIENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO SUBRECIPIENT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, IT SHALL CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 239-252-2679, Michael.Brownlee@colliercountyfl.gov, 3299 Tamiami Trail East, Naples, FL 34112.

E. SUBRECIPIENT shall maintain records showing compliance with the Davis-Bacon Act of 1931, as amended, including files containing contractor payrolls, employee interviews, Davis-Bacon wage rates, and administrative cross-referencing. SUBRECIPIENT shall maintain records showing contractor compliance with the Contract Work Hours and Work Safety Law. Similarly, SUBRECIPIENT shall maintain records showing compliance with Federal purchasing requirements and other Federal requirements for grant implementation.

F. SUBRECIPIENT is responsible for the creation and maintenance of income eligible files on clients served, and documentation that all households are eligible under HUD Income Guidelines. SUBRECIPIENT agrees that CHS shall be the final arbiter on SUBRECIPIENT'S compliance.

G. SUBRECIPIENT shall establish a system to log all Fair Housing calls. The system must track the nature of the calls; actions taken in response to the calls; results of the actions taken; and, if the caller was referred to another agency, the results obtained by the referral agency. SUBRECIPIENT must submit this call log to CHS quarterly, no later than 10 calendar days after the end of each quarter.

H. SUBRECIPIENT shall document how it complied with the National Objective(s), as defined in 24 CFR 570.208, and the eligibility requirement(s) under which funding was received. This includes special requirements, such as necessary and appropriate determinations as defined in 24 CFR 570.208, income certification, and written agreements with beneficiaries, where applicable.

I. SUBRECIPIENT shall provide the public with access to public records on the same terms and conditions that the COUNTY would provide the records, and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law. SUBRECIPIENT shall ensure that exempt or confidential public records that are free from public records disclosure requirements are not disclosed, except as authorized by 2 CFR 200.337 and 2 CFR 200.338.

2.3 MONITORING

SUBRECIPIENT agrees that CHS may carry out no fewer than one (1) annual on-site monitoring visit and evaluation of project activities, as determined necessary, until the Continued Use Period expires. At the COUNTY's discretion, a desktop review may be conducted in lieu of an on-site visit. The continuation of this Agreement is dependent upon satisfactory evaluations. Upon request by CHS, SUBRECIPIENT shall submit information and status reports required by CHS or HUD, to enable CHS to evaluate said progress and allow for completion of CHS's required reports. SUBRECIPIENT shall allow on-site monitoring by CHS or HUD. Such site visits may be scheduled or unscheduled, as determined by CHS or HUD.

At any time during normal business hours and as often as the COUNTY (and/or its representatives) may deem necessary, SUBRECIPIENT shall make available for review, inspection, or audit all records, documentation, and any other data relating to all matters covered by the Agreement.

COUNTY will monitor SUBRECIPIENT'S performance in an attempt to mitigate fraud, waste, abuse, or non-performance, based on goals and performance standards as stated with all other applicable laws, regulations, and policies governing the Funds provided under this Agreement, further defined by 2 CFR 200.332. Substandard performance, as determined by CHS, will constitute noncompliance with this Agreement. If SUBRECIPIENT does not take corrective action within a reasonable time period after being notified by CHS, Agreement suspension or termination procedures will be initiated. SUBRECIPIENT agrees to provide HUD, the HUD Office of Inspector General, the General Accounting Office, the COUNTY, and/or the COUNTY's internal auditor(s) access to all records related to performance of activities in this Agreement.

2.4 PREVENTION OF FRAUD, WASTE, AND ABUSE

SUBRECIPIENT shall establish, maintain, and utilize internal control systems and procedures necessary to prevent, detect, and correct incidents of fraud, waste, and abuse in the performance of this Agreement, and provide proper and effective management of all Program and Fiscal activities of the Agreement. SUBRECIPIENT'S internal control systems and all transactions and other significant events shall be clearly documented, and the documentation shall be readily available for monitoring by the COUNTY.

SUBRECIPIENT shall provide COUNTY with complete access to all of its records, employees, and agents for the purpose of monitoring or investigating the performance of this Agreement. SUBRECIPIENT shall fully cooperate with COUNTY's efforts to detect, investigate, and prevent fraud, waste, and abuse.

SUBRECIPIENT may not discriminate against any employee or other person who reports a violation of the terms of this Agreement or any law or regulation to the COUNTY or any appropriate law enforcement authority, if the report is made in good faith.

2.5 CORRECTIVE ACTION

Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this Agreement. Penalties may be imposed for failure to implement or make acceptable progress on such corrective action plans.

To effectively enforce COUNTY Resolution No. 2013-228, CHS has adopted an escalation policy to ensure continued compliance by Subrecipients, Developers, or any entity receiving grant funds from CHS. The escalation policy for noncompliance is as follows:

1. Initial noncompliance may result in the COUNTY issuing Findings or Concerns to SUBRECIPIENT, which requires SUBRECIPIENT to submit a corrective action plan to CHS within 10 business days following issuance of the report.

    - Any pay requests that have been submitted to CHS for payment will be held until the corrective action plan has been submitted and accepted.

    - CHS will be available to provide Technical Assistance (TA) to SUBRECIPIENT, as needed, in order to correct the noncompliance issue.

2. If SUBRECIPIENT fails to submit the corrective action plan to CHS in a timely manner, CHS may require SUBRECIPIENT to return a portion of the awarded grant Funds to the COUNTY.

    - CHS may require SUBRECIPIENT to return upwards of 5 percent of the award amount to the COUNTY, at the discretion of the Board.

- SUBRECIPIENT may be denied future consideration, as set forth in Resolution No. 2013-228.

3. If SUBRECIPIENT remains noncompliant or repeats an issue that was previously corrected, and has been informed by CHS of their substantial noncompliance by certified mail, CHS may require SUBRECIPIENT to return to the COUNTY a portion of the awarded grant amount, or the amount of the CDBG investment for acquisition of the properties conveyed.

   - CHS may require SUBRECIPIENT to return upwards of 10 percent of the award amount to the COUNTY, at the discretion of the Board.

   - SUBRECIPIENT will be considered in violation of Resolution No. 2013-228.

4. If after repeated notification, SUBRECIPIENT continues to be substantially noncompliant, CHS may recommend termination of the Agreement or award.

   - CHS will make a recommendation to the Board to immediately terminate the Agreement. SUBRECIPIENT will be required to repay all Funds disbursed by CHS for the terminated project. This includes the amount invested by the COUNTY for the initial acquisition of properties or other activities.

   - SUBRECIPIENT will be considered in violation of Resolution No. 2013-228.

If SUBRECIPIENT has multiple agreements with the COUNTY, and is found to be noncompliant, the above sanctions may be imposed across all awards, at the Board's discretion.

2.6 REPORTS

Reimbursement may be contingent upon the timely receipt of complete and accurate reports required by this Agreement, and on the resolution of monitoring findings identified pursuant to this Agreement, as deemed necessary by the County Manager or designee. **Reports showing lack of project activity may result in the withholding of payment or issuance of a Notice of Non-Compliance**.

During the term of this Agreement, SUBRECIPIENT shall submit quarterly progress reports to the COUNTY on the 10th day of January, April, July, and October, respectively, for the prior quarter period end. As part of the report submitted in October, SUBRECIPIENT agrees to include a comprehensive final report covering the agreed-upon Program objectives, activities, and expenditures including but not limited to, performance data on client feedback with respect to the goals and objectives set forth in Exhibit C, the reporting form to be used in fulfillment of this requirement. Additionally, all leveraged funds utilized in support of this project will be submitted

on Exhibit C-1 as part of the final report. Other reporting requirements may be required by the County Manager or designee if the Program changes, the need for additional information or documentation arises, or if legislative amendments are enacted. Reports and requested documentation not received by the due date shall be considered delinquent and may be cause for default and termination of this Agreement.

PART III
TERMS AND CONDITIONS

3.1 SUBCONTRACTS

No part of this Agreement may be assigned or subcontracted without the written consent of the COUNTY, which consent, if given at all, shall be at the COUNTY's sole discretion and judgment. SUBRECIPIENT shall cause all provisions of this Agreement in its entirety to be included in and made a part of any subcontract executed in the performance of this Agreement.

3.2 GENERAL COMPLIANCE

SUBRECIPIENT agrees to comply with the requirements of Title 24 of the Code of Federal Regulations, Part 570 (the U.S. Housing and Urban Development regulations concerning Community Development Block Grants), including subpart K of these regulations, except that (1) SUBRECIPIENT does not assume the COUNTY'S environmental responsibilities described in 24 CFR 570.604; (2) SUBRECIPIENT does not assume the COUNTY'S responsibility for initiating the review process under the provisions of 24 CFR Part 52; (3) SUBRECIPIENT is required to follow the Federal procurement process; and (4) for Developers, revenue generated is not considered program income. The CDBG program was funded through the Housing and Community Development Act of 1974. SUBRECIPIENT agrees to comply with all other applicable laws, regulations, and policies governing the Funds provided under this Agreement. SUBRECIPIENT further agrees to utilize Funds available under this Agreement to supplement rather than supplant funds otherwise available.

SUBRECIPIENT is prohibited from using Funds provided herein, or personnel employed in the administration of the program, for political activities, inherently religious activities, lobbying, political patronage, and/or nepotism activities.

3.3 INDEPENDENT CONTRACTOR

Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. SUBRECIPIENT shall always remain an "independent contractor" with respect to the services to be performed under this Agreement. The COUNTY shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance, and Workers' Compensation Insurance, as the SUBRECIPIENT is independent from the COUNTY.

3.4 AMENDMENTS

The COUNTY or SUBRECIPIENT may amend this Agreement at any time, provided that such amendments make specific reference to this Agreement, are executed in writing, signed by a duly authorized representative of each organization, and approved by the COUNTY'S Board. Such

amendments shall not invalidate this Agreement, nor relieve or release the COUNTY or SUBRECIPIENT from its obligations under this Agreement.

The COUNTY may, in its discretion, amend this Agreement to conform with Federal, State, or Local governmental guidelines, policies, available funding amounts, or other reasons. If such amendments result in a change in the funding, scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment, signed by both COUNTY and SUBRECIPIENT.

3.5 AVAILABILITY OF FUNDS

The parties acknowledge that the Funds originate from HUD CDBG grant Funds and must be implemented in full compliance with all of HUD's rules and regulations and any agreement between COUNTY and HUD governing the CDBG Funds pertaining to this Agreement. In the event of curtailment or non-production of said Federal Funds, or the reduction of HUD Funds to the COUNTY to a level that the County Manager determines to be insufficient to adequately administer the project, the financial resources necessary to continue to pay SUBRECIPIENT all or any portion of the Funds will not be available. In either event, the COUNTY may terminate this Agreement, which shall be effective as of the date it is determined by the County Manager or designee, in his/her sole discretion and judgment, that the Funds are no longer available. In the event of such termination, SUBRECIPIENT agrees that it will not look to, nor seek to hold the COUNTY, nor any individual member of the County Commissioners and/or County Administration, personally liable for the performance of this Agreement, and the COUNTY shall be released from any further liability to SUBRECIPIENT under the terms of this Agreement.

3.6 INDEMNIFICATION

To the maximum extent permitted by Florida law, SUBRECIPIENT shall indemnify and hold harmless the COUNTY, its officers, agents, and employees from any and all claims, liabilities, damages, losses, costs, and causes of action, which may arise out of an act or omission including but not limited to, reasonable attorneys' and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of SUBRECIPIENT or any of its agents, officers, servants, employees, contractors, patrons, guests, clients, licensees, invitees, or any persons acting under the direction, control, or supervision of SUBRECIPIENT in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge, or reduce any other rights or remedies, which otherwise may be available to an indemnified party or person described in this paragraph. SUBRECIPIENT shall pay all claims and losses of any nature whatsoever in connection therewith, shall defend all suits in the name of the COUNTY, and shall pay all costs (including attorney's fees) and judgments which may issue there-on. This Indemnification shall survive the termination and/or expiration of this Agreement. This section does not pertain to any incident arising from the sole negligence of the COUNTY. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in section 768.28, Florida Statutes. This section shall survive the expiration or termination of this Agreement.

3.7 GRANTEE RECOGNITION/SPONSORSHIPS

SUBRECIPIENT agrees that all notices, informational pamphlets, press releases, advertisements, descriptions of program sponsorships, research reports, and similar public notices, whether printed or digitally prepared and released by SUBRECIPIENT for, on behalf of, and/or about the Program shall include the statement:

"FINANCED IN PART BY U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD) AND COLLIER COUNTY COMMUNITY AND HUMAN SERVICES DIVISION"

and shall appear in the same size letters or type as the name of the SUBRECIPIENT. This design concept is intended to disseminate key information to the general public regarding the development team and Equal Housing Opportunity. Construction signs shall comply with applicable COUNTY codes. If this Agreement results in any copyrightable material or inventions, CHS and/or the COUNTY reserve the right to royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use; and authorize others to use the work or materials for governmental purposes.

3.8 DEFAULTS, REMEDIES, AND TERMINATION

In accordance with 2 CFR 200.341, this Agreement may be terminated for convenience by either the COUNTY or SUBRECIPIENT, in whole or in part, by setting forth the reasons for such termination, the effective date, and in the case of partial terminations, the portion to be terminated. However, in the case of a partial termination, if the COUNTY determines that the remaining portion of the award will not accomplish the purpose for which the award was made, the COUNTY may terminate the award in its entirety. This Agreement may also be terminated by the COUNTY if the award no longer effectuates the program goals or grantor agency priorities.

The following actions or inactions by SUBRECIPIENT shall constitute a Default under this Agreement, in compliance with 2 CFR 200, Appendix II (A):

A. Failure to comply with any of the rules, regulations, or provisions referred to herein; or such statutes, regulations, executive orders, and HUD guidelines, policies, or directives as may become applicable at any time.

B. Failure, for any reason, to fulfill its obligations under this Agreement in a timely and proper manner.

C. Ineffective or improper use of Funds provided under this Agreement.

D. Submission of reports that are incorrect or incomplete in any material respect.

E. Submission of any false certification.

F. Failure to materially comply with any terms of this Agreement.

G. Failure to materially comply with the terms of any other agreement between the COUNTY and SUBRECIPIENT relating to the project.

In the event of any default by SUBRECIPIENT under this Agreement, the COUNTY may seek any combination of one or more of the following remedies, in compliance with 2 CFR 200, Appendix II (B):

A. Require specific performance of the Agreement in whole or in part.

B. Require the use of, or change in, professional property management, if applicable.

C. Require SUBRECIPIENT to immediately repay to the COUNTY all CDBG Funds received under this Agreement.

D. Apply sanctions, if COUNTY determines them to be applicable.

E. Stop all payments until identified deficiencies are corrected.

F. Terminate this Agreement by giving written notice to SUBRECIPIENT specifying the effective date of such termination. If the Agreement is terminated by the COUNTY, as provided herein, SUBRECIPIENT shall have no claim of payment or benefit for any incomplete project activities undertaken under this Agreement.

3.9 SUSPENSION AND DEBARMENT

SUBRECIPIENT certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by a Federal Department or agency. In addition, SUBRECIPIENT shall not knowingly enter into any lower tier contract, or other covered transaction, with a suspended or debarred contractor or vendor, as outlined in Executive Orders 12549 (1986) and 12689 (1989), Suspension and Debarment, and 2 CFR 200.214, as further detailed in Section 4.18.

3.10 REVERSION OF ASSETS

Upon Agreement termination, in addition to any and all other remedies available to the COUNTY (whether under this Agreement, at law, or in equity), SUBRECIPIENT shall, at the time of termination (or expiration), immediately transfer to the COUNTY any property on hand and any accounts receivable attributable to the use of CDBG Funds, per 24 CFR 570.503(b)(7).

The COUNTY'S receipt of any Funds on hand at the time of termination shall not waive the COUNTY'S right (nor excuse SUBRECIPIENT'S obligation) to recoup all or any portion of the Funds or property, as the COUNTY may deem necessary. Regulations regarding real property are subject to 2 CFR 200.311 and as otherwise provided at 24 CFR 570.503(b)(7).

All program assets (unexpended program income, property, equipment, etc.) shall revert to CHS upon termination of this Agreement.

3.11 INSURANCE

SUBRECIPIENT shall not commence any work and/or services pursuant to this Agreement until all required insurance, as outlined in Exhibit A and 2 CFR 200.310, has been obtained. Said insurance shall be carried continuously during SUBRECIPIENT'S performance under the Agreement.

3.12 ADMINISTRATIVE REQUIREMENTS

SUBRECIPIENT agrees to perform the Scope of Work in compliance with the Grant Budget and Scope of Work (Part I), Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (2 CFR 200 et seq.), and Federal Regulations for the Community Development Block Grant (24 CFR 570 et seq.).

3.13 PURCHASING

SUBRECIPIENT is required to follow Federal Procurement standards (2 CFR 200.317 through 200.327) and Collier County's Procurement Ordinance #2017-08, as amended. Current COUNTY purchasing thresholds are:

Range:	Competition Required
$0 - $50,000	3 Written Quotes
$50,001+	Formal Solicitation (ITB, RFP, etc.)

All improvements specified in Part I Scope of Work shall be performed by SUBRECIPIENT employees, or put out to competitive bidding, under a procedure acceptable to the COUNTY and Federal requirements. SUBRECIPIENT shall enter into contracts with the lowest, responsible, and qualified bidder. SUBRECIPIENT shall manage and CHS shall monitor contract administration. CHS shall have access to all records and documents related to the Project.

In accordance with 24 CFR parts 570.202(b)(3) & 570.202(b)(4), to the greatest extent practicable, SUBRECIPIENT shall procure products, similar to Energy Star and Water Sense products and appliances, that increase the effective use of energy and water in structures.

In accordance with 2 CFR 200.323, SUBRECIPIENT shall procure items that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of completion, per 2 CFR 200, Appendix II (J) and 2 CFR 200.323.

SUBRECIPIENT must comply with the requirements of the Build America, Buy America (BABA) Act, P.L. 117-58 and 41 USC Chapter 83-Buy American, and all applicable rules and notices, as may be amended, if applicable to the SUBRECIPIENT's infrastructure project. Pursuant to HUD's Notice, "Public Interest Phased Implementation Waiver for FY 2022 and 2023 of Build America, Buy America Provisions as Applied to Recipients of the HUD Federal Financial Assistance" (88 FR 17001), any funds obligated by HUD on or after the applicable listed effective dates, are subject to BABA requirements, unless excepted by a waiver. https://uscode.house.gov/view.xhtml?path=/prelim@title41/subtitle4/chapter83&edition=prelim

3.14 PROGRAM GENERATED INCOME

No Program Income is anticipated. However, if Program Income is derived from the use of CDBG Funds disbursed under this Agreement, SUBRECIPIENT shall utilitze such Program Income only for CDBG-eligible activities approved by the COUNTY. Any Program Income (as such term is defined under 24 CFR 570.500(a) gained from any SUBRECIPIENT activity funded by CDBG Funds shall be reported to the COUNTY through an annual Program Income Reuse Plan, utilized by the SUBRECIPIENT accordingly, and shall comply with 2 CFR 200.307, 24 CFR parts 570.489, 570.500, and 570.504 in the operation of the Program. **When Program Income is generated by an activity that is only partially assisted by CDBG Funds, the income shall be prorated to reflect the percentage of CDBG Funds used**. If there is a Program Income balance at the end of the Program Year, such balance shall revert to the COUNTY's Community Block Grant Program, for further reallocation.

Public Facilities and Improvements: Public facilities that are acquired, constructed, rehabilitated, or otherwise improved with CDBG Funds are subject to this requirement. This includes parks, libraries, community centers, and any other facility for which public use is the primary purpose. For these facilities, Program Income is the income generated by the use of the facility, less operating costs associated with generating the income. The COUNTY considers utilities, property insurance, and facility maintenance to be operating costs that should be subtracted from revenue to determine net Program Income. For each Funded project, SUBRECIPIENT must submit a list of proposed costs incidental to the generation of Program Income for the COUNTY'S approval.

Additionally, during the continued use period, as referenced in Section 3.16 (Grant Closeout Procedures) of this Agreement, real property under the SUBRECIPIENT'S control that was acquired or improved in whole or in part with CDBG Funds shall be used to meet one of the CDBG National Objectives, pursuant to 24 CFR 570.208. If SUBRECIPIENT sells, transfers, disposes of, or otherwise fails to continue to use the CDBG-assisted real property in a manner that meets a CDBG National Objective, SUBRECIPIENT shall pay the COUNTY an amount equal to a percentage of the current fair market value of the property, after subtracting disposal costs. The basis for such percentage shall be the percentage of the appraised value attributable to CDBG and non-CDBG Funds expended for the original acquisition of, or improvement to, the property under the terms of this Agreement. Such payment shall constitute Program Income to the COUNTY.

3.15 GRANT CLOSEOUT PROCEDURES

SUBRECIPIENT'S obligation to the COUNTY shall not end until all closeout requirements are completed. SUBRECIPIENT may close out the project with the COUNTY after the five (5) year continued use period has been met. The continued use period shall commence following the SUBRECIPIENT meeting the National Objective, the recording of lien and/or deed restriction documentation, if applicable, and the closeout of the project within HUD's Integrated Data Information System (IDIS). Activities during this closeout period shall include but are not limited to making final payments; disposing of program assets (including the return of all unused materials,

equipment, Program Income balances, and receivable accounts to the COUNTY); and determining the custodianship of records. Notwithstanding the foregoing, the terms of this Agreement shall remain in effect during any period that SUBRECIPIENT has control over CDBG Funds, including Program Income. In addition to the records retention outlined in section 2.2 (Records and Documentation) of this Agreement, SUBRECIPIENT shall comply with section 119.021, Florida Statutes, regarding records maintenance, preservation, and retention. A conflict between State and Federal records retention requirements will result in the more stringent law being applied, such that the record must be held for the longer duration. SUBRECIPIENT must return to the COUNTY any balance of unobligated Funds that have been advanced or paid, and any Funds paid exceeding the amount SUBRECIPIENT is entitled to under the terms and conditions of this Agreement. SUBRECIPIENT shall also produce records and information complying with section 215.97, Florida Statutes, the Florida Single Audit Act. Closeout procedures must take place in accordance with 2 CFR 200.344.

3.16 OPPORTUNITIES FOR RESIDENTS AND CIVIL RIGHTS COMPLIANCE

SUBRECIPIENT agrees that no person shall be excluded from the benefits of, or be subjected to, discrimination under any activity carried out by the performance of this Agreement based on race, color, disability, national origin, religion, age, familial status, or sex. Upon receipt of evidence of such discrimination, the COUNTY shall have the right to terminate this Agreement.

To the greatest extent feasible, lower-income residents of the project areas shall be given opportunities for training and employment. Also, to the greatest extent feasible, eligible business concerns located in or owned in substantial part by persons residing in the project areas shall be awarded contracts in connection with the project. SUBRECIPIENT shall comply with Section 3 of the Housing and Community Development Act of 1968.

3.17 OPPORTUNITIES FOR SMALL AND MINORITY/WOMEN OWNED BUSINESS ENTERPRISES

SUBRECIPIENT will use its best efforts to afford small businesses and minority and women's business enterprises the maximum practicable opportunity to participate in the performance of this Agreement. As used in this Agreement, the term "small business" means a business that meets the criteria set forth in section 3(a) of the Small Business Act, as amended (15 U.S.C. 632); and "minority and women's business enterprise" means a business that is at least 51 percent owned and controlled by minority group members or women. For the purpose of this definition, "minority group members" are Black Americans, Hispanic Americans, Asian/PacificAmericans, Native Americans, and Hasidic Jews. SUBRECIPIENT may rely on written representations by businesses regarding their status as minority and women's business enterprises, in lieu of an independent investigation.

3.18 PROGRAM BENEFICIARIES

If the Agreement is meeting a National Objective through an LMI strategy, at least 51 percent of the beneficiaries of a project funded through this Agreement must be low- and moderate-income persons, or presumed to be low- to moderate-income persons based on applicable regulation. Determination of income eligibility is based on the annual income of the family or household. This Agreement conforms to the definition of Annual Income, per 24 CFR 570.3(1)(i), where Annual income is defined under the Section 8 Housing Assistance Payments. Details for calculating the Annual Income are contained in 24 CFR 5.609, with practical instructions contained in HUD Handbook 4350.3, Chapter 5.

If the project is located in an entitlement city, as defined by HUD, or serves beneficiaries countywide, more than 30 percent of the beneficiaries directly assisted under this Agreement must reside in unincorporated Collier County or in municipalities participating in the COUNTY's Urban County Qualification Program. The project shall assist beneficiaries as defined above for the time period designated in Exhibit C of this Agreement.

3.19 AFFIRMATIVE ACTION

SUBRECIPIENT agrees that it is committed to carrying out an Affirmative Action Program pursuant to the COUNTY'S specifications, in keeping with the principles as provided in President's Executive Order 11246 of September 24, 1966. Prior to the award of Funds, SUBRECIPIENT shall submit to the COUNTY for approval a plan for its Affirmative Action Program, if federal thresholds are met. The Affirmative Action Program must be updated throughout the continued use period and submitted to the COUNTY within 60 days of any update/modification. SUBRECIPIENT's contracting officer will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising the labor union or worker's representative of SUBRECIPIENT's commitments hereunder, and shall post copies of the notice in conspicuous places available to all employees and applicants for employment.

3.20 CONFLICT OF INTEREST

SUBRECIPIENT covenants that no person under its employ, who presently exercises any functions or responsibilities in connection with the Project, has any personal financial interest, direct or indirect, in the Project areas or any parcels therein, which would conflict in any manner or degree with the performance of this Agreement; and that SUBRECIPIENT shall not employ or subcontract with any person having any conflict of interest. The SUBRECIPIENT covenants that it will comply with all provisions of 24 CFR 570.611 "Conflict of Interest," 2 CFR 200.318, and the State and County statutes, regulations, ordinances, or resolutions governing conflicts of interest.

SUBRECIPIENT will notify the COUNTY in writing and seek COUNTY approval, prior to entering into any contract with an entity owned in whole or in part by a covered person, or an entity owned or controlled in whole or in part by SUBRECIPIENT. The COUNTY may review the

proposed contract to ensure that the contractor is qualified, and the costs are reasonable. Approval of an identity of interest contract will be in the COUNTY's sole discretion. This provision is not intended to limit SUBRECIPIENT'S ability to self-manage the projects using its own employees.

SUBRECIPIENT shall establish Conflict of Interest reporting requirements for its board members and staff to report their participation as a beneficiary in the program supported by this Agreement. Such reporting shall also incorporate reporting the participation of their family members who include a spouse or civil union partner, member of the same household, parent (including step- and in-law) grandparent (including step- and in-law), child (including step-) or grandchild (including step-), sibling (including step- and in-law), cousin, aunt, or uncle.

Any possible conflict of interest on the part of SUBRECIPIENT, its employees, or its contractors shall be disclosed to CHS in writing, provided however, that this paragraph shall be interpreted in such a manner so as not to unreasonably impede the statutory requirement that maximum opportunity be provided for employment of and participation of low- and moderate-income residents of the project target area.

3.21 BYRD ANTI-LOBBYING AMENDMENT

The COUNTY, SUBRECIPIENT, and their contractors certify that they will not, and have not, used Federally appropriated Funds to pay any person or organization for influencing or attempting to influence the award of Federal Funds, as covered by 31 USC 1352, and more fully described in Section 4.54 of this Agreement. Contractors who apply or bid for an award of $100,000 or more shall file the required certification.

3.22 CONDITIONS FOR RELIGIOUS ORGANIZATIONS

CDBG Funds may be used by religious organizations or on property owned by religious organizations only in accordance with requirements set in Section 24 CFR 570.200(j). SUBRECIPIENT shall comply with First Amendment Church/State principles as follows:

A. It will not discriminate against any employee or applicant for employment and will not limit employment or give preference in employment to persons based on religion.

B. It will not discriminate against any person applying for public services and will not limit such services or give preference to persons based on religion.

C. It will retain its independence from Federal, State, and Local governments and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided it does not use direct CDBG Funds to support any inherently religious activities, such as worship, religious instruction, or proselytizing.

D. It shall not use Funds for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for inherently religious activities. Where a structure is used for both eligible and inherently religious activities, CDBG Funds may not exceed the

cost of those portions of the acquisition, construction, or rehabilitation that are attributable to eligible activities, in accordance with the cost accounting requirements applicable to CDBG Funds in this part. Sanctuaries, chapels, or other rooms that a CDBG funded religious congregation uses as its principal place of worship, however, are ineligible for CDBG funded improvements.

3.23 INCIDENT REPORTING

If SUBRECIPIENT provides services to clients under this Agreement, SUBRECIPENT and any subcontractors shall report knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled person to the COUNTY.

During the term of this Agreement, SUBRECIPIENT must report to the COUNTY in writing, within one business day of occurrence, any substantial, controversial, or newsworthy incidents. The Collier County Standard Subrecipient Incident Report Form shall be used to report all such incidents.

3.24 SEVERABILITY

Should any provision of this Agreement be determined unenforceable or invalid, such determination shall not affect the validity or enforceability of any other section or part thereof.

3.25 MISCELLANEOUS

SUBRECIPIENT and COUNTY each binds itself, its partners, successors, legal representatives, and assigns of such other party in respect to all covenants of this Agreement.

SUBRECIPIENT represents and warrants that the financial data, reports, and other information it furnished to the COUNTY regarding the Project are accurate and complete, and financial disclosures fairly represent the financial position of SUBRECIPIENT.

SUBRECIPIENT understands that client information collected under this Agreement is private and the use or disclosure of such information, when not directly connected with the administration of the COUNTY'S or SUBRECIPIENT's responsibilities with respect to services provided under this Agreement, is prohibited unless written consent is obtained from such person receiving service and, in case of a minor, that of a responsible parent/guardian.

SUBRECIPIENT certifies that it has the legal authority to receive the Funds under this Agreement and its governing body has authorized the execution and acceptance of this Agreement. SUBRECIPIENT also certifies that the undersigned person has the authority to legally execute and bind SUBRECIPIENT to the terms of this Agreement.

The section headings and subheadings contained in this Agreement are included for convenience only and shall not limit or otherwise affect the terms of this Agreement.

The Grant Documents shall be construed in accordance with and governed by the laws of the State of Florida, without giving effect to its provisions regarding choice of laws.

All activities authorized by this Agreement shall be subject to and performed in accordance with the provisions of the terms and conditions of the Agreement between the COUNTY, the Regulations, all applicable Federal, State, and Municipal laws, ordinances, regulations, orders, and guidelines, including but not limited to any applicable regulations issued by the COUNTY.

Electronic Signatures. This Agreement, and related documents entered into in connection with this Agreement, are signed when a party's signature is delivered by facsimile, e-mail, or any other electronic medium. These signatures must be treated in all respects as having the same force and effect as original signatures.

3.26 WAIVER

The COUNTY'S failure to act with respect to a breach by SUBRECIPIENT does not waive its right to act with respect to subsequent or similar breaches. The COUNTY'S failure to exercise or enforce any right or provision shall not constitute a waiver of such right or provision.

4.15 24 CFR 75 – Regulations outlining requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended. Compliance with the provisions of Section 3 of the HUD Act of 1968, as amended, and as implemented by the regulations set forth in 24 CFR 75, and all applicable rules and orders issued hereunder prior to the execution of this Agreement, shall be a condition of the Federal financial assistance provided under this Agreement and binding upon the COUNTY, the SUBRECIPIENT, and any of the SUBRECIPIENT'S Subrecipients and subcontractors. Failure to fulfill these requirements shall subject the COUNTY, the SUBRECIPIENT and any of the SUBRECIPIENT'S subrecipients and subcontractors, their successors and assigns, to those sanctions specified by the Agreement through which Federal assistance is provided. The SUBRECIPIENT certifies and agrees that no contractual or other disability exists that would prevent compliance with these requirements.

SUBRECIPIENT further agrees to comply with these "Section 3" requirements and to include the following language in all subcontracts executed under this Agreement:

"The work to be performed under this Agreement is a project assisted under a program providing direct Federal financial assistance from HUD and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701). Section 3 requires, to the greatest extent feasible, opportunities for training and employment be given to low- and very low-income residents of the project area, and that contracts for work in connection with the project be awarded to business concerns that provide economic opportunities for low- and very low-income persons residing in the metropolitan area in which the project is located."

Section 3 requires 25 percent of the total labor hours must be worked by Section 3 workers and 5 percent of the total labor hours must be worked by Targeted Section 3 workers. If SUBRECIPIENT is unable to meet these benchmarks, efforts taken to meet the requirements must be described. Examples include holding job fairs, conducting on-the-job training, outreach efforts to public housing residents, and connecting residents to supportive services.

SUBRECIPIENT further agrees to ensure that opportunities for training and employment arising in connection with a housing rehabilitation (including reduction and abatement of lead-based paint hazards), housing construction, or other public construction project are given to low- and very low-income persons residing within the metropolitan area in which the CDBG-Funded project is located; where feasible, priority should be given to low- and very low-income persons within the service area of the project or the neighborhood in which the project is located, and to low- and very low-income participants in other HUD programs; and award contracts for work undertaken in connection with a housing rehabilitation (including reduction and abatement of lead-based paint hazards), housing construction, or other public construction project to business concerns that provide economic opportunities for low- and very low-income persons residing within the

metropolitan area in which the CDBG-Funded project is located; where feasible, priority should be given to business concerns that provide economic opportunities to low- and very low-income residents within the service area or the neighborhood in which the project is located, and to low- and very low-income participants in other HUD programs.

4.30 Proof of Lawful Presence. SUBRECIPIENT acknowledges that the COUNTY's funds are a "public benefit." As such, the SUBRECIPIENT shall ensure compliance by performing the required verifications. Specifically, when required the SUBRECIPIENT shall ensure that:

a. if the public benefit provided by the funds flows directly to a natural person (i.e., not a corporation, partnership, or other legally created entity) 18 years of age or older, he/she must do the following:

(i) complete an affidavit stating he/she is an alien lawfully present in the United States; or

(ii) attach a photocopy of the front and back of one of the following forms of identification: a valid Florida driver's license or Florida identification card; a United States military card or military dependent's identification card; a United States Coast Guard Merchant Mariner identification card; or a Native American tribal document.

b. If an individual applying for the benefits identified herein executes the affidavit stating that he/she is an alien lawfully present in the United States, SUBRECIPIENT shall verify his/her lawful presence through the federal systematic alien verification or entitlement program, known as the "SAVE Program," operated by the U.S. Department of Homeland Security or a successor program designated by said department. In the event SUBRECIPIENT determines through such

verification process that the individual is not an alien lawfully present in the United States, the SUBRECIPIENT shall not provide benefits to such individual with the COUNTY's funds.

4.31 The SUBRECIPIENT agrees to comply with the following requirements:

a. Clean Air Act, 41 USC 7401, et seq. https://www.govinfo.gov/content/pkg/USCODE-2010-title42/html/USCODE-2010-title42-chap85.htm

4.37 SUBRECIPIENT agrees to comply with the following OMB Circulars whichever is applicable and agrees to adhere to the accounting principles and procedures required therein, utilize adequate internal controls, and maintain necessary source documentation for all costs incurred. These requirements are enumerated in 2 CFR 200, et seq.

4.38 Single Audits shall be conducted annually, in accordance with 2 CFR 200.501, and shall be submitted to the COUNTY nine (9) months after the end of the SUBRECIPIENT'S fiscal year. The SUBRECIPIENT shall comply with the requirements and standards of 2 CFR 200 Subpart F, Section 500. SUBRECIPIENTS exempt from Single Audit requirements shall submit financial statements to the COUNTY one hundred eighty (180) days after the end of the SUBRECIPIENT'S fiscal year. Per 2 CFR 200.345, if this Agreement is closed out prior to the receipt of an audit report, the COUNTY reserves the right to recover any disallowed costs identified in an audit after such closeout. eCFR :: 2 CFR Part 200 Subpart F -- Audit Requirements

4.39 Any real property acquired by the SUBRECIPIENT for the purpose of carrying out the projects stated herein and approved by the COUNTY, in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and 49 CFR 24.101, shall be subject to the provisions of CDBG including, but not limited to, the provisions on use and disposition of property. Any real property within SUBRECIPIENT control, which is acquired or improved, in whole or part, with CDBG funds in excess of $25,000, must adhere to the CDBG Regulations at 24 CFR 570.505. SUBRECIPIENT agrees to comply with the requirements of 24 CFR 570.606 c governing the Residential Anti-displacement and Relocation Assistance Plan under section 104(d) of the HCD Act; and the requirements in 24 CFR 570.606 (d) governing optional relocation policies. SUBRECIPIENT shall provide relocation assistance to displaced persons as defined by 24 CFR 570.606 (b)(2) that are displaced as a direct result of acquisition, rehabilitation, demolition, or conversion for a CDBG assisted project. SUBRECIPIENT also agrees to comply with applicable COUNTY ordinances, resolutions, and policies concerning the displacement of persons from their residences.

4.45 Any rule or regulation determined to be applicable by HUD.

4.46 Limited English Proficiency: SUBRECIPIENT agrees to take reasonable steps to provide meaningful access to the program/project and activities funded under this Agreement for persons with limited English proficiency pursuant to information located at http://www.lep.gov.

4.47 Equal Treatment of Faith-Based Organizations: By regulation, HUD prohibits all recipient organizations from using financial assistance from HUD to fund explicitly religious activities. The SUBRECIPIENT agrees to avoid such prohibited conduct. For more information, see https://ojp.gov/about/ocr/partnerships.htm. Discrimination on the basis of religion in employment is generally prohibited by federal law, but the Religious Freedom Restoration Act is interpreted on a case-by-case basis to allow some faith-based organizations to receive HUD funds while taking into account religion when hiring staff. Questions in this regard should be directed to the Office for Civil Rights.

4.48 Arrest and Conviction Records: Federal and state laws restrict use of arrest and conviction records in the employment context, except when specifically authorized. SUBRECIPIENT agrees to avoid the misuse of arrest or conviction records to screen applicants for employment or employees for retention or promotion that may have a disparate impact based on race or national origin, resulting in unlawful employment discrimination unless use is otherwise specifically authorized by law. See https://ojp.gov/about/ocr/pdfs/UseofConviction_Advisory.pdf for more details.

4.49 Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352): The SUBRECIPIENT will not use and has not used federal appropriated funds to pay at any tier, either directly or indirectly, any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award or subaward covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with nonfederal funds that takes place in connection with obtaining any federal award or subaward. Such disclosures are forwarded from tier to tier up to the recipient. The SUBRECIPIENT shall comply with the lobbying restrictions of the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352) and (ii) ensure that its officers, employees and its subcontractors hereunder comply with all applicable local, state, and federal laws and regulations governing advocacy of and appearances before any legislative body. None of the funds provided under this Agreement shall be used for publicity or propaganda purposes designed to support or defeat any legislation pending before local, state, or federal legislatures.

4.53 Trafficking in Persons: SUBRECIPIENT agrees to, at any tier, comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of the SUBRECIPIENT and any employees of SUBRECIPIENT. The details of SUBRECIPIENT'S obligations related to prohibited conduct related to the trafficking of persons are posted at:
https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm.

4.54 Association of Community Organizations for Reform Now (ACORN): SUBRECIPIENT understands and acknowledges that it cannot use any Federal Funds, either directly or indirectly, in support of any contract or subaward to either ACORN or its subsidiaries, without the express prior written approval of HUD.

4.55 If SUBRECIPIENT wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under this funding agreement, SUBRECIPIENT must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Busines Firms Under Government Grants, Contracts, and Cooperative Agreements," and any implementing regulations issued by HUD.

4.57 Order of Precedence - In the event of any conflict between or among the terms of any of the Contract Documents, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except that the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at Owner's discretion.

4.58 Venue - Any suit of action brought by either party to this Agreement against the other party, relating to or arising out of this Agreement, must be brought in the appropriate federal or state courts, in Collier County, FL which courts have sole jurisdiction on all such matters. (No reference required for this item).

4.59 Dispute Resolution - Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. Any situations when negotiations, litigation, and/or mediation shall be attended by representatives of SUBRECIPIENT with full decision-making authority and by COUNTY'S staff person who would make the presentation of any settlement reached during negotiations to COUNTY for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Florida Statutes. The litigation arising out of this Agreement shall be adjudicated in Collier County, Florida, if in state court; and the US District Court, Middle District of Florida, if in federal court. BY ENTERING INTO THIS AGREEMENT, COLLIER COUNTY AND THE SUBRECIPIENT EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO, OR ARISING OUT OF, THIS AGREEMENT.

4.65 OSHA. Where SUBRECIPIENT employees are engaged in activities not covered under the Occupational Safety and Health Act of 1970, they shall not be required or permitted to work, be trained, or receive services in buildings or surroundings or under working conditions which are unsanitary, hazardous, or dangerous to the participant's health or safety.

4.66 Right to Know. Participants employed or trained for inherently dangerous occupations, e.g., fire or police jobs, shall be assigned to work in accordance with reasonable safety practices. The SUBRECIPIENT will comply with all applicable "Right to Know" Acts.

4.67 Whistleblower Protections:

a. In accordance with 41 U.S.C. § 4712, the SUBRECIPIENT may not discharge, demote, or otherwise discriminate against an employee in reprisal for disclosing to any of the list of persons or entities provided below, information that the employee reasonably believes is evidence of gross mismanagement of a federal contract or grant, a gross waste of federal funds, an abuse of authority relating to a federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or grant.

b. The list of persons and entities referenced in the paragraph above includes the following:
   i. A member of Congress or a representative of a committee of Congress;
   ii. An Inspector General;
   iii. The Government Accountability Office;
   iv. A Treasury employee responsible for contract or grant oversight or management;
   v. An authorized official of the Department of Justice or other law enforcement agency;
   vi. A court or grand jury; or
   vii. A management official or other employee of Recipient, contractor, or subcontractor who has the responsibility to investigate, discover, or address misconduct.

The SUBRECIPIENT shall inform its employees in writing of the rights and remedies provided under this section, in the predominant native language of the workforce.

ENTIRE AGREEMENT. This Agreement constitutes the entire agreement between COUNTY and SUBRECIPIENT for the use of Funds received under this Agreement and it supersedes all prior or contemporaneous communications and proposals, whether electronic, oral, or written between COUNTY and SUBRECIPIENT with respect to this Agreement.

Executive Summary

Recommendation to approve and authorize a Budget Amendment to recognize carry-forward interest earned, in the amount of $1,057.09, for September 2024 on advanced library funding received from the Florida Department of State to support library services for the use of Collier County residents. (Public Service Match Fund 1840).

OBJECTIVE: To recognize interest earned on advanced library funding received from the Florida Department of State. This meets the County's Strategic Objective of Quality of Place by supporting quality public amenities and recreational opportunities.

CONSIDERATIONS: Each year the Collier County Public Library (CCPL) is awarded funds through the State Aid to Library Grants. The most recent grant was approved by the Board of County Commissioners (Board) on August 27, 2024 (Agenda Item #16.D.4). These grants require the CCPL to provide the public with free library services, including loaning library materials, providing reference and information services.

Funds are advanced and therefore accrue interest. The State allows for the rollover of unexpended funds until the funds are fully exhausted. Interest earnings may be used at the discretion of the County and are reinvested back into the County's Library System.

New interest earned, for September 2024, requires recognition of carry-forward interest earnings in the amount of $1,057.09. Staff is seeking Board approval to appropriate this interest earned towards expenditures in support of library services and equipment.

FISCAL IMPACT: A Budget Amendment is required to recognize accrued FY2024 interest revenue from carry forward in the amount of $1,057.09 within Public Services Match Fund (1840), Project 33360.

GROWTH MANAGEMENT IMPACT: There is no Growth Management impact.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and required a majority vote for Board Approval -JAK

Executive Summary

Recommendation to adopt a Resolution authorizing approval of a substantial amendment to Collier County's U.S. Department of Housing and Urban Development (HUD) Annual Action Plan for Program Year 2023-2024 and Program Year 2024-2025, to reallocate $1,000,000 from Program Year 2023 CDBG to Program Year 2024 CDBG activity to provide assistance to individual and families through counseling and housing services impacted by recent hurricanes, and authorize submission of the substantial amendment to HUD.

OBJECTIVE: To maintain compliance with federal regulations to allow for the acceptance and use of federal HUD entitlement funds to assist with current public infrastructure needs, support affordable housing efforts along with services to benefit the citizens of Collier County.

CONSIDERATIONS: The U.S. Department of Housing and Urban Development (HUD) provides entitlement funds to local governments to meet program-specific community needs. Entitlement programs include Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG).

Community and Human Services (CHS) staff have recently identified changes to various activities to better address community needs. HUD regulations at 24 CFR Part 91.505 require amendments to Annual Action Plans whenever there is a change in the allocation priorities or method of distributing funds presented in the plan; a change in the use of funds to an activity not described in the Annual Action Plan; or a change in the purpose, scope, location, or beneficiaries of an activity.

On July 1, 2024, the U.S. Department of Housing and Urban Development (HUD) issued a memo: *Streamlined Process for Suspensions and Waivers of Community Planning and Development (CPD) Grant Program and Consolidated Plan Requirements to Facilitate Recovery from Presidentially Declared Major Disasters.* This memorandum implements suspensions and waivers for communities impacted by Presidentially Declared Major Disasters like Hurricane's Helene and Milton. This waiver will allow a flexible, timely response to assist Collier County citizens who have been impacted by most recent disasters.

To expedite Collier County's actions and provide reasonable notice for citizen's comment, HUD has waived the 30-day public comment period requirement to allow for a 7-day comment period when advertising a substantial amendment to an Annual Action Plan. The required notice was published in the Naples Daily News on December 2, 2024. The advertisement identified a 7-day public comment period from December 3, 2024 to December 10, 2024. On December 16, 2024, a public hearing was held to address the proposed actions and as of the agenda publication, no comments regarding the substantial amendment were received.

Collier County is proposing to amend the Program Year (PY) 2023-2024 and PY2024-2025 U.S. Department of Housing and Urban Development (HUD) Annual Action Plans. The Board of County Commissioners approved the PY2023-2024 Annual Action Plan on July 11, 2023 (Agenda Item #16.D.3) and PY2024-2025 Annual Action Plan on July 23, 2024 (Agenda Item #16.D.4).

The following substantial amendment changes are proposed to the PY2023-2024 Annual Action Plan (in all areas where the activity description is referenced):

Modify Project: Project Name: CDBG: Rental Rehab to CDBG: Public Facilities & Infrastructure
Modify activities as follows to reprogram funding: Remove the Collier County Housing Authority (CD23-02) Rental Acquisition activity and reprogram the $1,000,000 of PY2023 CDBG entitlement funds to the Immokalee Water & Sewer District (CD24-01) to upgrade clay sewer pipes in Farm Worker Village in Immokalee.

CCHA was unable to secure a property to acquire during the grant period and chose to return the funds so they could be reallocated to another eligible project.

The following substantial amendment changes are proposed to the PY2024-2025 Annual Action Plan (in all areas where the activity description is referenced)**.**

Modify Project: Project Name: CDBG: Public Facilities & Infrastructure to CDBG: Affordable Housing (new)
Modify activities as follows to reprogram funding: Remove the Immokalee Water & Sewer District (CD24-01) activity and reprogram the $1,000,000 of PY2024 CDBG entitlement funds to Renaissance Hall at Old Course, LLC for predevelopment costs associated with new construction of Phase 1 of affordable housing in Collier County. A subrecipient agreement between Renaissance Hall at Old Course, LLC and the County will be presented to the Board at a future meeting. The proposed project will benefit four households impacted by Hurricane's Helen or Milton.

Amend Project: Project Name: CDBG: Public Services
Add a new activity as follows: Allocate CDBG funds to Valerie's House in the amount of $41,077.01 to support staff salaries to provide individual and family counseling for those impacted by recent weather events and disasters causing stress and anxiety. A subrecipient agreement between Valerie's House and the County will be presented to the Board at a future meeting.

The reallocation of funds are allowable through HUD's Streamlined Process for Suspensions and Waivers of CPD Grant Program and Consolidated Plan Requirements to Facilitate Recovery from Presidentially Declared Major Disasters dated July 1, 2024, from Marion McFadden, Principal Deputy Assistant Secretary. The reallocations have no negative impact on the Immokalee Water & Sewer District, this is an administrative reallocation.

FISCAL IMPACT: The proposed actions described in this Executive Summary have no new Fiscal impacts. The funding source for the grant awards is the CDBG grant. PY2023 CDBG funds are budgeted in the Housing Grants Fund (1835), CDBG project 33855. PY2024 CDBG funds are budgeted in the Housing Grant Fund (1835), CDBG project 33915.

GROWTH MANAGEMENT IMPACT: Acceptance and implementation of this HUD substantial amendment furthers the Goals, Objectives, and Policies of the Housing Element and the Growth Management Plan.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires majority vote for approval. -JAK

RECOMMENDATIONS: To adopt a Resolution authorizing approval of a substantial amendment to Collier County's U.S Department of Housing and Urban Development (HUD) Annual Action Plan for Program Year 2023-2024 and Program Year 2024-2025; to reallocate $1,000,000 from Program Year 2023 CDBG to Program Year 2024 CDBG activity to provide assistance to individual and families through counseling and housing services impacted by recent hurricanes; and authorize submission of the substantial amendment to HUD.

RESOLUTION NO. 2025-___

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, APPROVING A SUBSTANTIAL AMENDMENT TO COLLIER COUNTY'S U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD) ANNUAL ACTION PLANS FOR PROGRAM YEAR 2023-2024 AND PROGRAM YEAR 2024-2025 TO REALLOCATE $1,000,000 FROM PROGRAM YEAR 2023 TO PROGRAM YEAR 2024 TO PROVIDE ASSISTANCE TO INDIVIDUALS AND FAMILIES THROUGH COUNSELING AND HOUSING SERVICES IMPACTED BY RECENT HURRICANES AND AUTHORIZE SUBMISSION OF THE SUBSTANTIAL AMENDMENT TO HUD.

WHEREAS, the United States Department of Housing and Urban Development (HUD) requires a one-year Annual Action Plan be developed and submitted as an application for planning and funding of Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grants (ESG) Program; and

WHEREAS, the Five-Year Consolidated Plan for 2021 – 2025 was adopted by the Board of County Commissioners on June 21, 2021; and

WHEREAS, the Board of County Commissioners approved the Annual Action Plan for Program Year 2023-2024 on July 11, 2023 by Resolution 2023-131A and the Annual Action Plan for Program Year 2024-2025 on July 23, 2024 by Resolution 2024-138; and

WHEREAS, the overall goal of the community planning and development programs covered by the action plan is to develop viable communities by providing decent, affordable housing, a suitable living environment and expanding economic opportunities for low and moderate-income persons; and

WHEREAS, in order to reprogram the HUD Community Development Block Grant (CDBG) funding, each entitlement must amend the Action Plan to recognize reallocation of funding within identified programs to be undertaken and respond to community needs; and

NOW, THEREFORE BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

1. The Board of County Commissioners of Collier County approves the amendments to the Program Year 2023-2024 and Program Year 2024-2025 Annual Action Plans and authorizes the Community and Human Services Division to transmit the amendments and required documents to the funding authority and take all necessary actions to implement the CDBG program.
2. The Annual Action Plan sets forth dollar amounts and project descriptions for the activities to be funded by the CDBG grant. A description of the proposed projects and associated funding is included in the Executive Summary and incorporated by reference.
3. This Resolution shall become effective upon adoption by a majority vote of the Board of County Commissioners.

This Resolution adopted this _____ day of _____ 2025, after motion, second and majority vote favoring same.

Executive Summary

Recommendation to approve and authorize the Chairman to sign a Landlord Payment Agreement between Collier County and Sangaredi LLC., allowing the Community and Human Services Division (CHS) to administer the Rapid Re-Housing and Homelessness Prevention Program through the Emergency Solutions and Rapid Unsheltered Survivor Housing (RUSH) Grant Programs.

OBJECTIVE: To support comprehensive affordable housing opportunities by providing rental assistance to individuals and families who may be impacted by Hurricane Ian and any other declared disaster and also those who may also be homeless or at risk of homelessness in Collier County.

CONSIDERATIONS: The U.S. Department of Housing and Urban Development (HUD) provides Emergency Solutions Grants (ESG) and Emergency Solutions Grant Rapid Unsheltered Survivor Housing (RUSH) funds to address housing-specific homeless and at-risk homeless needs identified in the community. These funds may include payment for rental application fees, security deposits, utility deposits or payments, last month's rent, as well as short- or medium-term rental assistance.

Every five (5) years, the County is required to prepare the Consolidated Plan outlining the goals and activities over the next five (5) years for the HUD entitlement funds. The 2021-2025 Consolidated Plan, including the FY2021 One-Year Action Plan, was approved by the Board on June 22, 2021, Agenda Item #16.D.7. Each year the County prepared the One Year Action plan and includes those ESG activities; as such for the PY22-23 the Board approved the action plan on June 28, 2022, Agenda Item #16.D.4, the PY23-24 One-Year Action Plan was approved by the Board on July 11, 2023, Agenda Item #16.D.3 and the PY24-25 One-Year Action Plan was approved by the Board on July 23, 2024, Agenda Item #16.D.4.

The Board approved the ESG funding PY23 on July 11, 2023, Agenda Item #16.D.3 and PY24 on July 23, 2024 Agenda Item #16.D.4.

On October 26, 2022, the County was notified of the award in the amount of $861,716 in Emergency Solutions Grant Rapid Unsheltered Survivor Housing (ESG RUSH) funding. A Substantial Amendment to the PY22-23 Annual Action Plan was approved by the Board on December 13, 2022, Agenda Item #16.D.8 accepting the ESG RUSH funds with a period of performance date of February 14, 2023, to February 13, 2025. On February 29, 2024 the County was notified of a second allocation award in the amount of $1,150,486 in ESG RUSH funding. On May 28, 2024 Agenda Item #16.D.4 the Board approved the acceptance of the second allocation from HUD in the amount of $1,150,486 for the ESG RUSH Program. On May 10, 2024 the final award agreement was received from HUD with a period of performance date of May 13, 2024 to May 12, 2026.

In order to fully expend the 2023 and 2024 ESG and 2022 and 2024 ESG RUSH funds, it is necessary for the County to directly administer an ESG/ESG RUSH program due to the lack of subrecipients. As part of this program, the priority is to serve those who are homeless and at risk of homelessness as well as those impacted by recent natural disasters.

HUD requires that each landlord enter into a landlord agreement with the County for payment. Staff has identified Sangaredi LLC as a landlord willing to participate in the program.

CHS has prepared a Landlord Payment agreement pursuant to 25 CFR 576.106 (e). Landlords are only paid for those costs associated with the leases, i.e. rent, pet fees, utilities etc. The maximum amount of assistance is determined by the recertification eligibility of the tenant and as defined by the ESG program parameters. If this item is approved, the attached standard Landlord Payment Agreement will be forwarded to the Board Chairman for signature and execution and shall end upon thirty (30) days' written notice by either party.

FISCAL IMPACT: The proposed actions have no new fiscal impact. Funding is available in the Housing Grant Fund (1835), Projects 33910, 33856, and 33917. The required ESG match is available in Housing Match Fund (1836), Project 33856 and 33917. The match requirement for ESG RUSH Project 33910, has been waived by HUD.

GROWTH MANAGEMENT IMPACT: Acceptance and implementation of this will further the Goals, Objectives, and Policies within the Housing Element of the Growth Management Plan.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for Board approval. -JAK

RECOMMENDATIONS: To approve and authorize the Chairman to sign a Landlord Payment Agreement between Collier County and Sangaredi LLC., allowing the Community and Human Services Division (CHS) to administer the Rapid Re-Housing and Homelessness Prevention Program through the Emergency Solutions and Rapid Unsheltered Survivor Housing (RUSH) Grant Programs.

Executive Summary

Recommendation to approve an after-the-fact Third Amendment to the FY24 Older Americans Act Title III agreement # OAA 203.24.03 between the Area Agency on Aging of Southwest Florida, Inc., and Collier County in the amount of ($5,000.00) bringing the total award to $3,004,265.41. (Human Services Grant Fund 1837)

OBJECTIVE: To ensure continuous support for elderly clients through the Collier County's Services for Seniors Program (CCSS) and enhance the Quality of Place focus area by improving access to health, wellness, and human services.

CONSIDERATIONS:

The Older Americans Act (OAA) Programs are federal initiatives that provide assistance to older persons and caregivers and are the only federally funded support services programs directed solely toward improving the lives of older persons. These funds are received by Collier County through the Area Agency on Aging of Southwest Florida, Inc. (AAASWFL).

On February 13, 2024, (Agenda Item#16.D.1) The Collier County Board of County Commissioners (Board) approved a grant award from AASWFL in the amount of $1,429,000 to be used from January 1, 2024-December 31, 2024.

On September 10, 2024, (Agenda Item #16.D.6) the Board approved Amendment #1 which awarded additional funding in the amount of $1,362,231.23.

On December 10, 2024, (Agenda Item #16.D.13) the Board approved Amendment #2 which awarded additional funding in the amount of $218,034.18.

On December 20, 2024, Collier County received the proposed Third Amendment from AAASWFL reducing only the Nutrition Services Incentive Program (NSIP) funding by $5,000.00 bringing the total award amount to $3,004,765.41.

The grantor agency AAASWFL requested the $5,000 in funding from the Community and Human Services Division (CHS) prior to the grant expiration date of December 31, 2024, to assist another agency experiencing a shortfall. The proposed reduction will have no negative impact on program delivery.

The following tables provide a detailed breakdown of the funding:

AAASWFL routinely sends CCSS agreements and amendments that require a limited turnaround time. This timeframe makes it impossible to process the documents for the Board's approval in the time requested by the AAASWFL. The amendment is being presented "After-the Fact" because Collier County received the Amendment on December 20, 2024, with an effective date of the last day the amendment had been signed by both parties. Consequently, pursuant to CMA #5330, the County Manager is authorized to sign AAASWFL related contracts. The amendment is being presented for Board ratification. Collier County, as the Lead Agency, is responsible for responding to seniors' needs and managing the spending authority for the Federal and State Funded Services for Seniors programs.

FISCAL IMPACT: A Budget Amendment has been done administratively to reduce grant funding in the amount of ($5,000.00) in Human Services Grant Fund (1837) Project 33886, NSIP. There is no impact to the General Fund (0001).

GROWTH MANAGEMENT IMPACT: There is no Growth Management impact associated with this Item.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires majority vote for approval. -JAK

AREA AGENCY ON AGING FOR SOUTHWEST FLORIDA, INC.
STANDARD CONTRACT

THIS CONTRACT is entered into between Area Agency on Aging for Southwest Florida, Inc. d/b/a AAASWFL and Collier County Board of County Commissioners (Contractor), collectively referred to as the "Parties." The term Contractor for this purpose may designate a Vendor, Subgrantee, or Subrecipient.
WITNESSETH THAT:
WHEREAS, the AAASWFL has determined that it is in need of certain services as described herein; and
WHEREAS, the Contractor has demonstrated that it has the requisite expertise and ability to faithfully perform such services as an independent Contractor of the AAASWFL.
NOW THEREFORE, in consideration of the services to be performed and payments to be made, together with the mutual covenants and conditions set forth herein, the Parties agree as follows:

1. Purpose of Contract:
The purpose of this contract is to provide services in accordance with the terms and conditions specified in this contract including all attachments, forms, and exhibits which constitute the contract document.

2. Incorporation of Documents within the Contract:
The contract will incorporate attachments, proposal(s), state plan(s), grant agreements, relevant AAASWFL handbooks, manuals and/or desk books, as an integral part of the contract, except to the extent that the contract explicitly provides to the contrary. In the event of conflict in language among any of the documents referenced above, the specific provisions and requirements of the contract document(s) shall prevail over inconsistent provisions in the proposal(s) or other general materials not specific to this contract document and identified attachments.

3. Term of Contract:
This contract shall begin at twelve (12:00) A.M., Eastern Standard Time **January 1, 2024** or on the date the contract has been signed by the last party required to sign it, whichever is later. It shall end at eleven fifty-nine (11:59) P.M., Eastern Standard Time **December 31, 2024**.

4. Contract Amount:
The Agency agrees to pay for contracted services according to the terms and conditions of this contract in an amount not to exceed **$1,429,000.00**, subject to the availability of funds. Any costs or services paid for under any other contract or from any other source are not eligible for payment under this contract.

5. Renewals:

By mutual agreement of the Parties, in accordance with Section 287.058(1)(g), Florida Statutes (F.S.), AAASWFL may renew the contract for a period not to exceed three years, or the term of the original contract, whichever is longer. The renewal price, or method for determining a renewal price, is set forth in the bid, proposal, or reply. No other costs for the renewal may be charged. Any renewal is subject to the same terms and conditions as the original contract and contingent upon satisfactory performance evaluations by AAASWFL and the availability of funds.

6. Compliance with Federal Law:

6.1 If this contract contains federal funds this section shall apply.

6.1.1 The Contractor shall comply with the provisions of 45 Code of Federal Regulations (CFR) Part 75 and/or 45 CFR Part 92, 2 CFR Part 200, and other applicable regulations.

6.1.2 If this contract contains federal funds and is over $100,000.00, the Contractor shall comply with all applicable standards, orders, or regulations issued under Section 306 of the Clean Air Act as amended (42 United States Code (U.S.C.) § 7401, et seq.), Section 508 of the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251, et seq.), Executive Order 11738, as amended, and, where applicable, Environmental Protection Agency regulations 2 CFR Part 1500. The Contractor shall report any violations of the above to AAASWFL.

6.1.3 Neither the Contractor nor any agent acting on behalf of the Contractor may use any federal funds received in connection with this contract to influence legislation or appropriations pending before Congress or any state legislature. The Contractor must complete all disclosure forms as required, specifically the

Certification and Assurances Attachment, which must be completed and returned to AAASWFL prior to the execution of this contract.

6.1.4 In accordance with Appendix II to 2 CFR Part 200, the Contractor shall comply with Executive Order 11246, Equal Employment Opportunity, as amended by Executive Order 11375 and others, and as supplemented in Department of Labor regulations 41 CFR Part 60 and in Department of Health and Human Services regulations 45 CFR Part 92, if applicable.

6.1.5 A contract award with an amount expected to equal or exceed $25,000.00 and certain other contract awards will not be made to parties listed on the government-wide Excluded Parties List System, in accordance with the Office of Management and Budget (OMB) guidelines at 2 CFR Part 180 that implement Executive Orders 12549 and 12689, "Debarment and Suspension." The Excluded Parties List System contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. The Contractor shall comply with these provisions before doing business or entering into subcontracts receiving federal funds pursuant to this contract. The Contractor shall complete and sign the Certifications and Assurances Attachment prior to the execution of this contract.

6.2 The Contractor shall not employ an unauthorized alien. AAASWFL will consider the employment of unauthorized aliens a violation of the Immigration and Nationality Act (8 U.S.C. § 1324a) and the Immigration Reform and Control Act of 1986 (8 U.S.C. § 1101). Such violation will be cause for unilateral cancellation of this contract by AAASWFL.

6.3 If the Contractor is a non-profit provider and is subject to Internal Revenue Service (IRS) tax exempt organization reporting requirements (filing a Form 990 or Form 990-N), and has its tax exempt status revoked for failing to comply with the filing requirements of the Pension Protection Act of 2006 or for any other reason, the Contractor must notify AAASWFL in writing within thirty (30) days of receiving the IRS notice of revocation.

6.4 The Contractor shall comply with Title 2 CFR Part 175 regarding Trafficking in Persons.

6.5 Unless exempt under 2 CFR § 170.110(b), the Contractor shall comply with the reporting requirements of the Transparency Act as expressed in 2 CFR Part 170.

6.6 To comply with Presidential Executive Order 12989, as amended, and State of Florida Executive Order Number 11-116, Contractor agrees to utilize the U.S. Department of Homeland Security's E-verify system to verify the employment of all new employees hired by Contractor during the contract term. Contractor shall include in related subcontracts a requirement that Subcontractors performing work or providing services pursuant to the state contract utilize the E-verify system to verify employment of all new employees hired by the Subcontractor during the contract term. Contractors meeting the terms and conditions of the E-Verify System are deemed to be in compliance with this provision.

7. <u>Compliance with State Law:</u>

7.1 This contract is executed and entered into in the State of Florida, and shall be construed, performed, and enforced in all respects in accordance with Florida law, including Florida provisions for conflict of laws.

7.2 If this contract contains state financial assistance funds, the Contractor shall comply with Section 215.97, F.S., and Section 215.971, F.S., and expenditures must be in compliance with laws, rules, and regulations including, but not limited to, the Reference Guide for State Expenditures.

7.3 The Contractor shall comply with the requirements of Section 287.058, F.S., as amended.

7.3.1 The Contractor shall perform all tasks contained in Attachment I.

7.3.2 The Contractor shall provide units of deliverables, including reports, findings, and drafts, as specified in Attachment I, to be received and accepted by AAASWFL prior to payment.

7.3.3 The Contractor shall comply with the criteria and final date by which such criteria must be met for completion of this contract as specified in Attachment I, Section III. Method of Payment.

7.3.4 The Contractor shall submit bills for fees or other compensation for services or expenses in sufficient detail for a proper pre-audit and post-audit.

7.3.5 If itemized payment for travel expenses is permitted in this contract, the Contractor shall submit invoices for any travel expenses in accordance with Section 112.061, F.S., or at such lower rates as may be provided in this contract.

7.3.6 The Contractor shall allow public access to all documents, papers, letters, or other public records as defined in Section 119.011(12), F.S., made or received by the Contractor in conjunction with this contract except for those records which are made confidential or exempt by law. The Contractor's refusal to comply with this provision will constitute an immediate breach of contract for which AAASWFL may unilaterally terminate this contract.

7.4 If clients are to be transported under this contract, the Contractor shall comply with the provisions of Chapter 427, F.S., and Rule Chapter 41-2, Florida Administrative Code (F.A.C).

7.5 Subcontractors who are on the Discriminatory Vendor List may not transact business with any public entity, in accordance with the provisions of Section 287.134, F.S.

7.6 The Contractor shall comply with the provisions of Section 11.062, F.S., and Section 216.347, F.S., which prohibit the expenditure of contract funds for the purpose of lobbying the legislature, judicial branch or a state agency.

7.7 AAASWFL may, at its option, terminate the Contract if the Contractor is found to have submitted a false certification as provided under Section 287.135(5), F.S., has been placed on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, the Scrutinized Companies with Activities in Sudan List, or the Scrutinized Companies that Boycott Israel List, or if the Contractor has been engaged in business operations in Cuba or Syria or is engaged in a boycott of Israel.

7.8 Board members shall have access to records of the organization in accordance with Chapter 617, Florida Statutes. Board members shall not have unfettered access to records and/or protected or confidential information of clients (recipients of services) unless specifically authorized by law. Protected health information and/or confidential information (e.g., information involving a victim of abuse, sexual assault, crime) should not be shared with Board members, or any other individuals, unless such disclosure is specifically authorized by law and necessary to the performance of their specific duties.

7.9 Areas that intake or store protected health information and/or confidential information shall have restricted access limited to those employees/volunteers who are authorized by law to access such information.

7.10 The Contractor shall secure all protected and/or confidential information and shall implement appropriate safeguards to protect unauthorized disclosure of such information in accordance with this Agreement.

7.11 The Contractor's Board shall hold all meetings in accordance with Chapters 286, Florida Statutes. No formal actions shall be considered binding except as taken or made at a meeting that has been properly noticed.

7.12 The Contractor shall notice all Board meetings on their respective websites and in the Florida Administrative Register (FAR). To set up an account with FAR, send an email to administrativecode@DOS.myflorida.com.

7.13 The Contractor shall also provide a notice, agenda and copies of any related meeting materials to AAASWFL

7.14 The Contractor shall comply with all applicable Florida and federal laws, including but not limited to, Chapters 119, 286, and 617, Florida Statutes.

8. <u>Background Screening:</u>

The Contractor shall ensure that the requirements of Section 430.0402 and Chapter 435, F.S., are met regarding background screening for all contractor's and direct service providers' employees; administrators or similarly titled persons who are responsible for the day-to-day operation of the direct service provider; financial officers or similarly titled individuals who are responsible for the financial operation of the licensee or direct service provider; any persons who have a controlling interest; managers; supervisors; and volunteers, and as provided herein. The Contractor and its direct service providers, must also comply with any applicable rules promulgated by the AAASWFL and the Agency for Health Care Administration regarding implementation of Section 430.0402 and Chapter 435, F.S. Contractor shall submit the Background Screening Attestation of Compliance-Employer (Screening Form) to AAASWFL within thirty (30) days of execution of this contract. Should AAASWFL have a completed Screening Form on file for the Contractor,

a new Screening Form shall be submitted to AAASWFL every twelve (12) months, and the Contractor shall also maintain copies of the new screening forms for its direct service providers as required herein. The Contractor hereby agrees to correct all background screening deficiencies identified by AAASWFL within thirty (30) days upon notification.

8.1 Further information concerning the procedures for background screening may be found at http://elderaffairs.state.fl.us/doea/backgroundscreening.php.

9. Grievance Procedures:

The Contractor shall develop, implement, and ensure that its Subcontractors have established grievance procedures to process and resolve client dissatisfaction with, or denial of, service(s) and to address complaints regarding the termination, suspension or reduction of services, as required for receipt of funds. These procedures, at a minimum, will provide for notice of the grievance procedure and an opportunity for review of the Subcontractor's determination(s).

10. Public Records and Retention:

10.1 By execution of this contract, Contractor agrees to all provisions of Chapter 119, F.S., and any other applicable law, and shall:

10.1.1 Keep and maintain public records required by AAASWFL to perform the contracted services.

10.1.2 Upon request from AAASWFL provide a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.

10.1.3 Ensure that public records that are exempt, or confidential and exempt, from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to AAASWFL.

10.1.4 Upon completion of the contract, the Contractor will either transfer, at no cost to AAASWFL, all public records in possession of the Contractor to AAASWFL or will keep and maintain public records required by AAASWFL. If the Contractor transfers all public records to AAASWFL upon completion of the contract, Contractor shall destroy any duplicate public records that are exempt, or confidential and exempt, from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to AAASWFL in a format that is compatible with the information technology systems of AAASWFL.

10.2 AAASWFL may unilaterally cancel this contract, notwithstanding any other provisions of this contract, for refusal by the Contractor to comply with Section 10 of this contract by not allowing public access to all documents, papers, letters, or other material made or received by the Contractor in conjunction with this contract, unless the records are exempt, or confidential and exempt, from Section 24(a) of Article I of the State Constitution and Section 119.07(1), F.S.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT AAASWFL AT:

AAASWFL
Richard Cocchieri, CFO
2830 Winkler Ave, Suite 112
Ft. Myers, Florida 33916

10.3 Upon termination of this contract, whether for convenience or for cause as detailed in section 53 of this contract, the Contractor and Subcontractors shall, at no cost to AAASWFL, transfer all public records in their possession to AAASWFL and destroy any duplicate public records that are exempt, or confidential and exempt, from public records disclosure requirements. All records stored electronically shall be provided to AAASWFL in a format that is compatible with the information technology systems of AAASWFL.

11. Audits, Inspections, Investigations:

11.1 The Contractor shall establish and maintain books, records, and documents (including electronic storage media) sufficient to reflect all assets, obligations, unobligated balances, income, interest, and expenditures of funds provided by AAASWFL under this contract. Contractor shall adequately safeguard all such assets and ensure that they are used solely for the purposes authorized under this contract. Whenever appropriate, financial information should be related to performance and unit cost data.

11.2 The Contractor shall retain and maintain all client records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this contract for a period of six (6) years after completion of the contract, or longer when required by law. In the event an audit is required by this contract, records shall be retained for a minimum period of six (6) years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this contract, at no additional cost to AAASWFL.

11.3 Upon demand, at no additional cost to AAASWFL, the Contractor shall facilitate the duplication and transfer of any records or documents during the required retention period.

11.4 The Contractor shall ensure that the records described in this section will be subject at all reasonable times to inspection, review, copying, or audit by federal, state, or other personnel duly authorized by AAASWFL.

11.5 At all reasonable times for as long as records are maintained, persons duly authorized by AAASWFL and federal auditors, pursuant to 45 CFR Part 75, shall be allowed full access to and the right to examine any of the Contractor's contracts and related records and documents pertinent to this specific contract, regardless of the form in which kept.

11.6 The Contractor shall provide a Financial and Compliance Audit to AAASWFL as specified in this contract and ensure that all related third-party transactions are disclosed to the auditor.

11.7 Contractor agrees to comply with the Inspector General in any investigation, audit, inspection, review, or hearing performed pursuant to Section 20.055, F.S. Contractor further agrees that it shall include in related subcontracts a requirement that subcontractors performing work or providing services pursuant to this contract agree to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing pursuant to Section 20.055(5), F.S. By execution of this contract the Contractor understands and will comply with this subsection.

11.8 In accordance with Executive Order 20-44 which requires executive agencies to submit a list of entities named in statute with which a state agency must form a sole-source, public-private agreement or an entity that, through contract or other agreement with the state, annually receives 50% or more of their budget from the State or from a combination of State and Federal funds. Any Contractor that meets one or both of the criteria listed must submit an annual report, including the most recent IRS Form 990, detailing the total compensation for the entities' executive leadership teams within thirty (30) days of execution of this contract.

11.8.1 The report must include total compensation including salary, bonuses, cashed-in leave, cash equivalents, severance pay, retirement benefits, deferred compensation, real-property gifts, and any other payout.

11.8.2 The Contractor shall inform the agency of any changes in total executive compensation between the annual reports as those changes occur.

11.8.3 All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the contracted entity.

12. Nondiscrimination-Civil Rights Compliance:

12.1 The Contractor shall execute Assurances as stated in the Assurances-Non-Construction Programs Attachment that it will not discriminate against any person in the provision of services or benefits under this contract or in employment because of age, race, religion, color, disability, national origin, marital status, or sex in compliance with state and federal law and regulations. The Contractor further assures that all Contractors, Subcontractors, Sub-grantees, or others with whom it arranges to provide services or benefits in connection with any of its programs and activities are not discriminating against clients or employees because of age, race, religion, color, disability, national origin, marital status, or sex.

12.2 During the term of this contract, the Contractor shall complete and retain on file a timely, complete, and accurate Civil Rights Compliance Checklist, attached to this contract.

12.3 The Contractor shall establish procedures pursuant to federal law to handle complaints of discrimination involving services or benefits through this contract. These procedures shall include notifying clients, employees, and participants of the right to file a complaint with the appropriate federal or state entity.

12.4 If this contract contains federal funds, these assurances are a condition of continued receipt of or benefit from federal financial assistance, and are binding upon the Contractor, its successors, transferees, and assignees for the period during which such assistance is provided. The Contractor further assures that all Subcontractors, Vendors, or others with whom it arranges to provide services or benefits to participants or employees in connection with any of its programs and activities are not discriminating against those participants or employees in violation of the any statutes, regulations, guidelines, and standards. In the event of failure to comply, the Contractor understands that AAASWFL may, at its discretion, seek a court order requiring compliance with the terms of this assurance or seek other appropriate judicial or administrative relief including, but not limited to, termination of the contract and denial of further assistance.

13. Monitoring by AAASWFL:

The Contractor shall permit persons duly authorized by AAASWFL to inspect and copy any records, papers, documents, facilities, goods, and services of the Contractor which are relevant to this contract, and to interview any clients, employees, and Subcontractor employees of the Contractor to assure AAASWFL of the satisfactory performance of the terms and conditions of this contract. Following such review, AAASWFL will provide a written report of its findings to the Contractor and, where appropriate, the Contractor shall develop a Corrective Action Plan (CAP). The Contractor hereby agrees to correct all deficiencies identified in the CAP in a timely manner as determined by AAASWFL.

14. Provision of Services:

The Contractor shall provide services in the manner described in Attachment I.

15. Coordinated Monitoring with Other Agencies:

If the Contractor receives funding from one or more State of Florida human service agencies, in addition to AAASWFL, then a joint monitoring visit including such other agencies may be scheduled. For the purposes of this contract, and pursuant to Section 287.0575, F.S., as amended, Florida's human service agencies shall include AAASWFL, the Department of Children and Families, the Department of Health, the Agency for Persons with Disabilities, and the Department of Veterans' Affairs. Upon notification and the subsequent scheduling of such a visit by the designated agency's lead administrative coordinator, the Contractor shall comply and cooperate with all monitors, inspectors, and/or investigators.

16. New Contract(s) Reporting:

The Contractor shall notify AAASWFL within ten (10) days of entering into a new contract with any of the remaining four (4) state human service agencies. The notification shall include the following information: (1) contracting state agency and the applicable office or program issuing the contract; (2) contract name and number; (3) contract start and end dates; (4) contract amount; (5) contract description and commodity or service; and (6) Contract Manager name and contact information. In complying with this provision, and pursuant to Section 287.0575, F.S., as amended, the Contractor shall complete the Contractor's State Contracts List attached to this contract.

17. Indemnification:

The Contractor shall indemnify, save, defend, and hold harmless AAASWFL and its agents and employees from any and all claims, demands, actions, and causes of action of whatever nature or character arising out of, or by reason of, the execution of this contract or performance of the services provided for herein. It is understood and agreed that the Contractor is not required to indemnify AAASWFL for claims, demands, actions, or causes of action arising solely out of the negligence of AAASWFL.

17.1 Except to the extent permitted by Section 768.28, F.S., or other Florida law, this Section 17 is not applicable to contracts executed between AAASWFL and state agencies or subdivisions defined in Section 768.28(2), F.S.

18. Insurance and Bonding:

18.1 The Contractor shall provide continuous adequate liability insurance coverage during the existence of this contract and any renewal(s) and extension(s) of it. By execution of this contract, unless it is a state agency or

subdivision as defined by Section 768.28(2), F.S., the Contractor accepts full responsibility for identifying and determining the type(s) and extent of liability insurance coverage necessary to provide reasonable financial protections for the Contractor and the clients to be served under this contract. The limits of coverage under each policy maintained by the Contractor do not limit the Contractor's liability and obligations under this contract. The Contractor shall ensure that AAASWFL has the most current written verification of insurance coverage throughout the term of this contract. Such coverage may be provided by a self-insurance program established and operating under the laws of the State of Florida. AAASWFL reserves the right to require additional insurance as specified in this contract.

18.2 Throughout the term of this contract, the Contractor shall maintain an insurance bond from a responsible commercial insurance company covering all officers, directors, employees, and agents of the Contractor authorized to handle funds received or disbursed under all agreements and/or contracts incorporating this contract by reference in an amount commensurate with the funds handled, the degree of risk as determined by the insurance company, and consistent with good business practices.

19. Confidentiality of Information:

The Contractor shall not use or disclose any information concerning a recipient of services under this contract for any purpose prohibited by state or federal law or regulations except with the written consent of a person legally authorized to give that consent or when authorized by law.

20. Health Insurance Portability and Accountability Act:

Where applicable, the Contractor shall comply with the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, as well as all regulations promulgated thereunder (45 CFR Parts 160, 162, and 164).

21. Incident Reporting:

21.1 The Contractor shall notify AAASWFL immediately but no later than forty-eight (48) hours from the Contractor's awareness or discovery of conditions that may materially affect the Contractor's or Subcontractor's ability to perform the services required to be performed under this contract. Such notice shall be made orally to AAASWFL (by telephone) with an email to immediately follow.

21.2 The Contractor shall immediately report knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled adult to the Florida Abuse Hotline on the statewide toll-free telephone number (1-800-96ABUSE). As required by Chapters 39 and 415, F.S., this provision is binding upon the Contractor, its Subcontractors, and their employees.

22. Bankruptcy Notification:

During the term of this contract, the Contractor shall immediately notify AAASWFL if the Contractor, its assignees, Subcontractors, or affiliates file a claim for bankruptcy. Within ten (10) days after notification, the Contractor must also provide the following information to AAASWFL: (1) the date of filing of the bankruptcy petition; (2) the case number; (3) the court name and the division in which the petition was filed (e.g., Northern District of Florida, Tallahassee Division); and (4) the name, address, and telephone number of the bankruptcy attorney.

23. Sponsorship and Publicity:

23.1 As required by Section 286.25, F.S., if the Contractor is a non-governmental organization which sponsors a program financed wholly or in part by state funds, including any funds obtained through this contract, it shall, in publicizing, advertising, or describing the sponsorship of the program, state: "Sponsored by (Contractor's name), AAASWFL and the State of Florida, Department of Elder Affairs." If the sponsorship reference is in written material, the words "AAASWFL and State of Florida, Department of Elder Affairs" shall appear in at least the same size letters or type as the name of the organization.

23.2 The Contractor shall not use the words "AAASWFL or State of Florida, Department of Elder Affairs" to indicate sponsorship of a program otherwise financed, unless specific written authorization has been obtained by AAASWFL prior to such use.

24. Subcontracts:

25.1 The Contractor is responsible for all work performed and for all commodities produced pursuant to this contract, whether actually furnished by the Contractor or its Subcontractors. Any subcontracts shall be evidenced by a written document and subject to any conditions of approval AAASWFL deems necessary. The Contractor further agrees that AAASWFL will not be liable to the Subcontractor in any way or for any reason. The Contractor, at its expense, shall defend AAASWFL against any such claims.

25.2 The Contractor shall promptly pay any Subcontractors upon receipt of payment from AAASWFL or other state agency. Failure to make payments to any Subcontractor in accordance with Section 287.0585, F.S., unless otherwise stated in the contract between the Contractor and Subcontractor, will result in a penalty as provided by statute.

25. Independent Capacity of Contractor:

It is the intent and understanding of the Parties that the Contractor and any of its Subcontractors are independent Contractors and are not employees of AAASWFL, and that they shall not hold themselves out as employees or agents of AAASWFL without prior specific authorization from AAASWFL. It is the further intent and understanding of the Parties that AAASWFL does not control the employment practices of the Contractor and will not be liable for any wage and hour, employment discrimination, or other labor and employment claims against the Contractor or its Subcontractors. All deductions for social security, withholding taxes, income taxes, contributions to unemployment compensation funds, and all necessary insurance for the Contractor are the sole responsibility of the Contractor.

26. Payment:

Payments shall be made to the Contractor for all completed and approved deliverables (units of service) as defined in Attachment I. AAASWFL's Fiscal Department will have final approval of the Contractor's invoice submitted for payment and will approve the invoice for payment only if the Contractor has met all terms and conditions of the contract, unless the bid specifications, purchase order, or this contract specify otherwise. The approved invoice will be submitted to AAASWFL's finance section for budgetary approval and processing. Disputes arising over invoicing and payments will be resolved in accordance with the provisions of Section 215.422, F.S.

27. Return of Funds:

The Contractor shall return to AAASWFL any overpayments due to unearned funds or funds disallowed, and any interest attributable to such funds pursuant to the terms and conditions of this contract, that were disbursed to the Contractor by AAASWFL. In the event that the Contractor or its independent auditor discovers that an overpayment has been made, the Contractor shall repay said overpayment immediately without prior notification from AAASWFL. In the event that AAASWFL first discovers an overpayment has been made, AAASWFL will notify the Contractor in writing of such findings. Should repayment not be made forthwith, the Contractor shall be charged at the lawful rate of interest on the outstanding balance pursuant to Section 55.03, F.S., after AAASWFL notification or Contractor discovery.

28. Data Integrity and Safeguarding Information:

The Contractor shall ensure an appropriate level of data security for the information the Contractor is collecting or using in the performance of this contract. An appropriate level of security includes approving and tracking all Contractor employees that request system or information access and ensuring that user access has been removed from all terminated employees. The Contractor, among other requirements, must anticipate and prepare for the loss of information processing capabilities. All data and software shall be routinely backed up to ensure recovery from losses or outages of the computer system. The security over the backed-up data is to be as stringent as the protection required of the primary systems. The Contractor shall ensure all Subcontractors maintain written procedures for computer system backup and recovery. The Contractor shall complete and sign the Certification Regarding Data Integrity Compliance for Agreements, Grants, Loans, and Cooperative Agreements prior to the execution of this contract.

29. Social Media and Personal Cell Phone use:

30.1 Inappropriate use of social media and personal cell phones may pose risks to AAASWFL and DOEA's confidential and proprietary information and may jeopardize compliance with legal obligations. By signing this contract, Contractor agrees to the following social media and personal cell phone use requirements.

30.2 **Social Media Defined.** The term Social Media and /or personal cellular communication includes, but is not limited to, social networking websites, blogs, podcasts, discussion forums, RSS feeds, video sharing, SMS (including Direct Messages (DMs), iMessages, text messages, etc.); social networks like Instagram, TikTok,

Snapchat, Google Hangouts, WhatsApp, Signal, Facebook, Pinterest, and Twitter; and content sharing networks such as Flickr and YouTube. This includes the transmission of social media through any cellular or online transmission via any electronic, internet, intranet, or other wireless communication.

30.3 Application to any direct or incidental DOEA, AAASWFL or other state business. This contract applies to any DOEA, AAASWFL or other state business conducted on any of the Contractor's, Subcontractor's, or their employees' social media accounts or through personal cellular communication.

30.4 Application to AAASWFL and Contractors Equipment. This contract applies regardless of whether the social media is accessed using AAASWFL's IT facilities and equipment or equipment belonging to Contractor, Subcontractor, or their respective employees. Equipment includes, but is not limited to, personal computers, cellular phones, personal digital assistants, smart watches, or smart tablets.

30.5 Florida Government in the Sunshine, Florida Public Records Law, and HIPAA. Contractor acknowledges that any DOEA, AAASWFL or other state business conducted by social media or through personal cellular communication is subject to Florida's Government in the Sunshine Law, Florida's Public Records Law (Chapter 119, Florida Statutes), and the Health Insurance Portability and Accountability Act (HIPAA). Compliance with these laws and other applicable laws are further detailed in the contract.

30.6 Prohibited or Restricted Postings. Any social media posts which include photos, videos, or names of clients, volunteers, staff, or other affiliates of AAASWFL may only be posted when authorized by law and when any required HIPAA authorizations and any other consents or authorizations required pursuant to federal or state law are on file with the contractor's records.

30.7 Assist AAASWFL with Communications. Contactors may be asked periodically to assist in distributing certain AAASWFL communications through their social media outlets. Any such requests should be posted in adherence to the social media requirements herein and the other provisions of this contract.

30. Conflict of Interest:

The Contractor shall establish safeguards to prohibit employees, board members, management, and Subcontractors from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain. No employee, officer, or agent of the Contractor or Subcontractor shall participate in the selection or in the award of a contract supported by state or federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when: (a) the employee, officer or agent; (b) any member of his/her immediate family; (c) his or her partner; or (d) an organization which employs, or is about to employ, any of the above individuals, has a financial or other interest in the firm being selected for award. The Contractor's or Subcontractor's officers, employees, or agents will neither solicit nor accept gratuities, favors, or anything of monetary value from Contractors, potential Contractors, or parties to Subcontracts. The Contractor's board members and management must disclose to AAASWFL any relationship which may be, or may be perceived to be, a conflict of interest within thirty (30) calendar days of an individual's original appointment or placement in that position, or, if the individual is serving as an incumbent, within thirty (30) calendar days of the commencement of this contract. The Contractor's employees and Subcontractors must make the same disclosures described above to the Contractor's board of directors. Compliance with this provision will be monitored.

31. Public Entity Crime:

Pursuant to Section 287.133, F.S., a person or affiliate who has been placed on the Convicted Vendor List following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a Contractor, Supplier, Subcontractor, or Consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, F.S., for CATEGORY TWO for a period of thirty six (36) months following the date of being placed on the Convicted Vendor List.

32. Purchasing:

32.1 The Contractor shall procure products and/or services required to perform this contract in accordance with section 413.036, F.S.

32.1.1 IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY ARTICLES THAT ARE THE SUBJECT OF, OR REQUIRED TO CARRY OUT, THIS CONTRACT SHALL BE PURCHASED FROM A NONPROFIT AGENCY FOR THE BLIND OR FOR THE SEVERELY HANDICAPPED THAT IS QUALIFIED PURSUANT TO CHAPTER 413, FLORIDA STATUTES, IN THE SAME MANNER AND UNDER THE SAME PROCEDURES SET FORTH IN SECTION 413.036(1) AND (2), FLORIDA STATUTES; AND FOR PURPOSES OF THIS CONTRACT THE PERSON, FIRM, OR OTHER BUSINESS ENTITY CARRYING OUT THE PROVISIONS OF THIS CONTRACT SHALL BE DEEMED TO BE SUBSTITUTED FOR THE STATE AGENCY INSOFAR AS DEALINGS WITH SUCH QUALIFIED NONPROFIT AGENCY ARE CONCERNED.

32.1.2 Pursuant to sections 413.036(1) and (4), F.S., the Contractor shall not be required to procure a product or service from RESPECT if: (a) the product or service is not available within a reasonable delivery time, (b) the Contractor is required by law to procure the product or service from any agency of the state, or (c) the Contractor determines that the performance specifications, price, or quality of the product or service is not comparable to the Contractor's requirements.

32.1.3 This act shall have precedence over any law requiring state agency procurement of products or services from any other nonprofit corporation unless such precedence is waived by AAASWFL in accordance with its rules.

32.1.4 Additional information about the designated nonprofit agency and the products it offers is available at http://www.respectofflorida.org.

33.2 The Contractor shall procure any recycled products or materials which are the subject of, or are required to carry out, this contract when AAASWFL determines that those products are available, in accordance with the provisions of section 403.7065, F.S.

33.3 The Contractor shall procure products and/or services required to perform this contract in accordance with section 946.515, F.S.

33.3.1 IT IS EXPRESSLY UNDERSTOOD AND AGREED THAT ANY ARTICLES WHICH ARE THE SUBJECT OF, OR REQUIRED TO CARRY OUT, THIS CONTRACT SHALL BE PURCHASED FROM THE CORPORATION IDENTIFIED UNDER CHAPTER 946, F.S., IN THE SAME MANNER AND UNDER THE SAME PROCEDURES SET FORTH IN SECTION 946.515(2) AND (4), F.S.; AND FOR PURPOSES OF THIS CONTRACT THE PERSON, FIRM, OR OTHER BUSINESS ENTITY CARRYING OUT THE PROVISIONS OF THIS CONTRACT SHALL BE DEEMED TO BE SUBSTITUTED FOR THIS AGENCY INSOFAR AS DEALINGS WITH SUCH CORPORATION ARE CONCERNED.

33.3.2 The corporation identified is Prison Rehabilitative Industries and Diversified Enterprises, Inc. (PRIDE). Additional information about PRIDE and the commodities or contractual services it offers is available at https://pride-enterprises.org/.

33.4 The Contractor shall provide a Certified Minority Business Subcontractor Expenditure (CMBE) Report summarizing the participation of certified suppliers for the current reporting period and project to date. The CMBE Report shall include the names, addresses, and dollar amount of each certified participant, and a copy must be forwarded to AAASWFL and must accompany each invoice submitted to AAASWFL. The CMBE Report is attached to this contract.

34. <u>Patents, Copyrights, Royalties:</u>

If this contract is awarded state funding and if any discovery, invention, or copyrightable material is developed or produced in the course of or as a result of work or services performed under this contract or in any way connected with this contract, or if ownership of any discovery, invention, or copyrightable material was purchased in the course of or as a result of work or services performed under this contract, the Contractor shall refer the discovery, invention, or copyrightable material to AAASWFL to be referred to the Department of State. Any and all patent rights or copyrights accruing under this contract are hereby reserved to the State of Florida in accordance with Chapter 286, F.S. Pursuant to Section 287.0571(5)(k), F.S., the only exceptions to this provision shall be those that are clearly expressed and reasonably valued in this contract.

34.1 If the primary purpose of this contract is the creation of intellectual property, the State of Florida shall retain an unencumbered right to use such property, notwithstanding any agreement made pursuant to this Section 34.

34.2 If this contract is awarded solely federal funding, the terms and conditions are governed by 2 CFR § 200.315 or 45 CFR § 75.322, as applicable.

34.3 Notwithstanding the foregoing provisions, if the Contractor or one of its Subcontractors is a university and a member of the State University System of Florida, then Section 1004.23, F.S., shall apply, but AAASWFL shall retain a perpetual, fully-paid, nonexclusive license for its use and the use of its Contractors, Subcontractors, or Assignees of any resulting patented, copyrighted, or trademarked work products.

35. Emergency Preparedness and Continuity of Operations:

35.1 If the tasks to be performed pursuant to this contract include the physical care and control of clients, or the administration and coordination of services necessary for client health, safety, or welfare, the Contractor shall, within thirty (30) calendar days of the execution of this contract, submit to AAASWFL, verification of an Emergency Preparedness Plan. In the event of an emergency, the Contractor shall notify AAASWFL of emergency provisions.

35.2 In the event a situation results in a cessation of services by a Subcontractor, the Contractor shall remain responsible for performance under this contract and must follow procedures to ensure continuity of operations without interruption.

36. Equipment:

36.1 Equipment means: (a) tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the organization for the financial statement purposes, or $5,000.00 [for federal funds - 2 CFR § 200.33 and 45 CFR § 75.2, as applicable], or (b); nonexpendable, tangible personal property of a non-consumable nature with an acquisition cost of $5,000.00 or more per unit, and expected useful life of at least one (1) year; and hardback bound books not circulated to students or the general public, with a value or cost of $250.00 or more [for state funds].

36.2 Contractors and Subcontractors who are Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations shall have written property management standards in compliance with 2 CFR Part 200 Administrative Requirements (formerly OMB Circular A-110) that include: (a) a property list with all the elements identified in the circular; (b) a procedure for conducting a physical inventory of equipment at least once every two (2) years; (c) a control system to insure adequate safeguards to prevent loss, damage, or theft of the equipment; and (d) maintenance procedures to keep the equipment in good condition. The property records must be maintained on file and shall be provided to AAASWFL upon request. The Contractor shall promptly investigate, fully document, and notify AAASWFL of any loss, damage, or theft of equipment. The Contractor shall provide the results of the investigation to AAASWFL.

36.3 The Contractor's property management standards for equipment (including replacement equipment), whether acquired in whole or in part with federal funds and federally-owned equipment shall, at a minimum, meet the following requirements and shall include accurately maintained equipment records with the following information:

36.3.1 Property records must be maintained that include a description of the equipment;

36.3.2 Manufacturer's serial number, model number, federal stock number, national stock number, or other identification number;

36.3.3 Source of funding for the equipment, including the federal award identification number;

36.3.4 Whether title vests in the Contractor or the federal government;

36.3.5 Acquisition date (or date received, if the equipment was furnished by the federal government);

36.3.6 Information from which one can calculate the percentage of federal participation in the cost of the equipment (not applicable to equipment furnished by the federal government);

36.3.7 Location, use and condition of the equipment and the date the information was reported;

36.3.8 Unit acquisition cost; and

36.3.9 Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a Contractor compensates the federal awarding agency for its share.

36.3.10 A physical inventory must be taken, and the results reconciled with the property records at least once every two (2) years.

36.3.11 A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated. 45 CFR § 75.320(d)(3).

36.3.12 Adequate maintenance procedures must be developed to keep the property in good condition.

36.3.13 If the Contractor is authorized or required to sell the equipment, proper sales procedures must be established to ensure the highest possible return.

36.4 Equipment purchased with federal funds with an acquisition cost over $5,000.00 and equipment purchased with state funds with an acquisition cost over $5,000.00 is part of the cost of carrying out the activities and functions of the grant awards and title (ownership) will vest in the Contractor [for federal funds see 2 CFR § 200.313(a) and 45 CFR § 75.320(a), as applicable], subject to the conditions of 2 CFR Part 200 and/or 45 CFR Part 75. Equipment purchased under these thresholds is considered supplies and is not subject to property standards. Equipment purchased with funds identified in the budget attachments to agreements covered by this contract or identified in the sub-agreements with Subcontractors (not included in a cost methodology), is subject to the conditions of Chapter 273, F.S., rule 60A-1.017, F. A. C., and 2 CFR Part 200 and/or 45 CFR Part 75.

36.5 The Contractor shall not dispose of any equipment or materials provided by AAASWFL or purchased with funds provided through this contract without first obtaining the approval of AAASWFL. When disposing of property or equipment the Contractor must submit a written request for disposition instructions to. The request should include a brief description of the property, purchase price, funding source, and percentage of state or federal participation, acquisition date and condition of the property. The request should also indicate the Contractor's proposed disposition of the property (i.e., transfer or donation to another agency that administers federal programs, offer of the items for sale, destroy the items, etc.).

36.6 AAASWFL will issue disposition instructions. If disposition instructions are not received within one hundred twenty (120) days of the written request for disposition, the Contractor is authorized to proceed as directed in 2 CFR § 200.313 or 45 CFR § 75.320, as applicable.

36.7 Real property means land (including land improvements), buildings, structures and appurtenances thereto, but excludes movable machinery and equipment. Real property may not be purchased with state or federal funds through agreements covered under this contract without the prior approval of AAASWFL. Real property purchases from Older Americans Act funds are subject to the provisions of Title 42, Chapter 35, Subchapter III, Part A., Section 3030b United States Code (U.S.C.). Real property purchases from state funds can only be made through fixed capital outlay grants and aids appropriations and therefore are subject to the provisions of Section 216.348, F.S.

36.8 Any permanent storage devices (e.g.: hard drives, removable storage media) must be reformatted and tested prior to disposal to ensure no confidential information remains.

36.9 The Contractor must adhere to AAASWFL's procedures and standards when purchasing Information Technology Resources (ITR) as part of any agreement(s) incorporating this contract by reference. An ITR worksheet is required for any computer related item costing $1,000.00 or more, including data processing hardware, software, services, supplies, maintenance, training, personnel, and facilities. The completed ITR worksheet shall be maintained in the LAN administrator's file and must be provided to AAASWFL upon request. The Contractor has the responsibility to require any Subcontractors to comply with AAASWFL's ITR procedures.

37. PUR 1000 Form:

The PUR 1000 Form is hereby incorporated by reference and available at:

http://dms.myflorida.com/purchasing

In the event of any conflict between the PUR 1000 Form and any terms or conditions of this contract, the terms or conditions of this contract shall take precedence over the PUR 1000 Form. However, if the conflicting terms or conditions in the PUR 1000 Form are required by any section of the Florida Statutes, the terms or conditions contained in the PUR 1000 Form shall take precedence.

38. Use of State Funds to Purchase or Improve Real Property:

Any state funds provided for the purchase of or improvements to real property are contingent upon the Contractor or political subdivision granting to the state a security interest in the property at least to the amount of state funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law.

39. Dispute Resolution:

Any dispute concerning performance of the contract shall be decided by AAASWFL, who shall reduce the decision to writing and serve a copy on the Contractor.

40. Financial Consequences:

If the Contractor fails to meet the minimum level of service or performance identified in this contract, AAASWFL shall impose financial consequences as stated in Attachment I.

41. No Waiver of Sovereign Immunity:

Nothing contained in this contract is intended to serve as a waiver of sovereign immunity by any entity to which sovereign immunity may be applicable.

42. Venue:

If any dispute arises out of this contract, the venue of such legal recourse shall be Duval County, Florida.

43. Entire Contract:

This contract contains all the terms and conditions agreed upon by the Parties. No oral agreements or representations shall be valid or binding upon AAASWFL or the Contractor unless expressly contained herein or by a written amendment to this contract signed by both Parties.

44. Force Majeure:

The Parties will not be liable for any delays or failures in performance due to circumstances beyond their control, provided the party experiencing the force majeure condition provides immediate written notification to the other party and takes all reasonable efforts to cure the condition.

45. Severability Clause:

The Parties agree that if a court of competent jurisdiction deems any term or condition herein void or unenforceable, the other provisions are severable to that void provision and shall remain in full force and effect.

46. Condition Precedent to Contract Appropriations:

The Parties agree that AAASWFL's performance and obligation to pay under this contract are contingent upon an annual appropriation by the Legislature.

47. Addition/Deletion:

The Parties agree that AAASWFL reserves the right to add or to delete any of the services required under this contract when deemed to be in the State of Florida's best interest and reduced to a written amendment signed by both Parties. The Parties shall negotiate compensation for any additional services added.

48. Waiver:

The delay or failure by AAASWFL to exercise or enforce any of its rights under this contract will not constitute or be deemed a waiver of AAASWFL's right thereafter to enforce those rights, nor will any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

49. Compliance:

The Contractor shall abide by all applicable current federal statutes, laws, rules, and regulations as well as applicable current state statutes, laws, rules and regulations. The Parties agree that failure of the Contractor to abide by these laws shall be deemed an event of default of the Contractor and subject the contract to immediate unilateral cancellation of the contract at the discretion of AAASWFL.

50. Final Invoice:

The Contractor shall submit the final invoice for payment to AAASWFL no later than thirty (30) days after the contract ending date unless otherwise specified in Attachment I. If the Contractor fails to do so, all right to payment is forfeited and AAASWFL shall not honor any requests submitted after the aforesaid time period. Any payment due under the terms of this contract shall be withheld until all required documentation and reports due from the Contractor and necessary adjustments thereto have been approved by AAASWFL.

51. Renegotiations of Modifications:

Modifications of the provisions of this contract shall be valid only when they have been reduced to writing and duly signed by both parties. The rate of payment and the total dollar amount may be adjusted retroactively to reflect price level increases and changes in the rate of payment when these have been established through the appropriations process and subsequently identified in AAASWFL's operating budget.

52. Suspension of Work:

AAASWFL may, in its sole discretion, suspend any or all activities under the contract or purchase order, at any time, when in the interest of the State to do so. AAASWFL shall provide the Contractor written notice outlining the particulars of suspension. Examples of the reason for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, the Contractor shall comply with the notice and shall not accept any purchase orders. Within ninety (90) days, or any longer period agreed to by the Contractor, AAASWFL shall either: (1) issue a notice authorizing resumption of work, at which time activity shall resume, or (2) terminate the contract or purchase order. Suspension of work shall not entitle the Contractor to any additional compensation.

53. Termination:

53.1 Termination for Convenience. AAASWFL, by written notice to the Contractor, may terminate this contract in whole or in part when AAASWFL determines in its sole discretion that it is in the State's interest to do so. The Contractor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of this contract, if any. The Contractor shall not be entitled to recover any cancellation charges or lost profits.

53.2 Termination for Cause. AAASWFL may terminate this contract if the Contractor fails to: (1) deliver the product within the time specified in the contract or any extension, (2) maintain adequate progress, thus endangering performance of the contract, (3) honor any term of the contract, or (4) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences of default. The Contractor shall continue work on any work not terminated. Except for defaults of Subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from events completely beyond the control, and without the fault or negligence, of the Contractor. If the failure to perform is caused by the default of a Subcontractor at any tier, and if the cause of the default is completely beyond the control of both the Contractor and the Subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted products were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the Parties shall be the same as if the termination had been issued for the convenience of AAASWFL. The rights and remedies of AAASWFL in this clause are in addition to any other rights and remedies provided by law or under the contract.

54. Electronic Records and Signature:

AAASWFL authorizes, but does not require, the Contractor to create and retain electronic records and to use electronic signatures to conduct transactions necessary to carry out the terms of this contract. A Contractor that creates and retains electronic records and uses electronic signatures to conduct transactions shall comply with the requirements contained in the Uniform Electronic Transaction Act, Section 668.50, F.S. All electronic records must be fully auditable; are subject to Florida's Public Records Law, Chapter 119, F.S.; must comply with contract Section 29, Data Integrity and Safeguarding Information; must maintain all confidentiality, as applicable; and must be retained and maintained by the Contractor to the same extent as non-electronic records are retained and maintained as required by this contract.

54.1 AAASWFL's authorization pursuant to this section does not authorize electronic transactions between the Contractor and AAASWFL. The Contractor is authorized to conduct electronic transactions with AAASWFL only upon further written consent by AAASWFL.

54.2 Upon request by AAASWFL, the Contractor shall provide AAASWFL with non-electronic (paper) copies of records. Non-electronic (paper) copies provided to AAASWFL of any document that was originally in electronic form with an electronic signature must identify the person and the person's capacity who electronically signed the document on any non-electronic copy of the document.

55. Contract Manager:

AAASWFL may substitute any AAASWFL employee to serve as the AAASWFL Contract Manager.

Frail: When an older individual is (1) determined to be unable to perform at least two activities of daily living without substantial human assistance, including verbal reminding, physical cueing, or supervision or (2) unable to perform at least three such activities without such assistance; or, (3) due to a cognitive or other mental impairment, requires substantial supervision because the individual behaves in a manner that poses a serious health or safety hazard to the individual or to another individual.

Grandparent: A grandparent or step-grandparent of a child, or a relative of a child by blood, marriage or adoption, who: (1) lives with the child, (2) is the primary caregiver of the child because the biological or adoptive parents are unable or unwilling to serve as the primary caregiver of the child, and (3) has a legal relationship to the child, such as legal custody or guardianship, or is raising the child informally.

B. General Description

1. General Statement

The primary purpose of the OAA Program is to foster the development and implementation of comprehensive and coordinated systems to serve older individuals. These systems assist older individuals to attain and maintain maximum independence with supportive services.

The NSIP provides incentives for the effective delivery of nutritious meals to older individuals. NSIP allows programs to increase the number and/or the quality of meals served. NSIP is a cash allotment or commodity program that supplements funding or food used in meals served under the OAA. Florida has opted for cash payments in lieu of donated foods.

2. Authority

All applicable federal laws, regulations, action transmittals, program instructions, review guides and similar documentation related to the following:

a. Catalog of Federal Domestic Assistance Nos. 93.043, 93.044, 93.045, 93.052, and 93.053;

b. Older Americans Act of 1965, as amended 2020;

c. 42 U.S.C. § 303 and§ 604;

d. Rule 58A-1, Florida Administrative Code (F.A.C.);

e. Section 430.101, Florida Statutes (F.S.); and

f. Agency Programs and Services Handbook, which is hereby incorporated by reference, to include any subsequent revisions thereof.

3. Scope of Service

The Contractor is responsible for the programmatic, fiscal, and operational management of the OAA Title IIIB, Title IIIC1, Title IIIC2, Title IIID, and Title IIIE Programs and NSIP, within its designated PSA. The program services shall be provided in a manner consistent with the Contractor's current Area Plan, as updated and hereby incorporated by reference, and the current Agency Programs and Services Handbook**.** The Contractor shall use the NSIP funding to supplement funding for food used in meals served by OAA Nutrition Program Providers.

4. Major Program Goals

The major goals of the OAA Program are to improve older individuals' quality of life, preserve their independence, and prevent or delay their need for costlier institutional care. These goals are achieved through the implementation of a comprehensive and coordinated service system that provides a continuum of service alternatives and effective delivery of nutritious meals that meet the diverse needs of elders and their caregivers.

C. Clients to be Served

1. General Description

The OAA Program gives preference to older individuals with greatest economic need and older individuals with greatest social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas),

2. Client Eligibility

a. OAA Title III

Consumers shall not be dually enrolled in an OAA Program and a Medicaid capitated Long-Term Care Program, except consumers in need of OAA Legal Assistance services and OAA Congregate Nutrition Services, including transportation to and from congregate meal sites.

b. NSIP

Meals served to an elderly individual, funded in whole or in part under the SMMC LTC, Home Care for the Elderly, Community Care for the Elderly Programs, or other means tested programs may not be included in the NSIP count. OAA-funded congregate meals provided to SMMC LTC clients may be included in the NSIP count.

c. OAA Title IIIB, Supportive Services

i. Individuals must be age sixty (60) or older; and

ii. I&R/Assistance services are provided to individuals regardless of age.

d. OAA Titles IIIC1 and IIIC2, Nutrition Services, General

General factors that shall be considered in establishing priority for the receipt of nutrition services include those older persons who:

i. Cannot afford to eat adequately;

ii. Lack the skills or knowledge to select and prepare nourishing and well-balanced meals;

iii. Have limited mobility which may impair their capacity to shop and cook for themselves;

iv. Have a disabling illness or physical condition requiring nutritional support; or

v. Have been screened at a high nutritional risk.

e. OAA Title IIIC1, Congregate Nutrition Services

In addition to meeting the general nutrition services eligibility requirements listed in Section I.C.2.d. above, individuals must be mobile, not homebound, and physically, mentally, and medically able to attend a congregate nutrition program. Individuals eligible to receive congregate meals include the following:

i. Individuals age sixty (60) or older;

ii. Any spouse (regardless of age) who attends the dining center with his/her eligible spouse;

iii. Persons with a disability, regardless of age, who reside in a housing facility occupied primarily by older individuals where congregate nutrition services are provided;

iv. Disabled persons who reside at home with and accompany an eligible person to the dining center; and

v. Volunteers, regardless of age, who provide essential services on a regular basis during meal hours.

f. OAA Title IIIC2, Home Delivered Nutrition Services

In addition to meeting the general nutrition services eligibility requirements as listed in Section I.C.2.d., individuals must be homebound and physically, mentally, or medically unable to attend a congregate nutrition program. Individuals eligible to receive home delivered meals include the following:

i. Individuals age sixty (60) or older who are incapacitated or unable to attend a congregate nutrition site due to illness, disability, isolation, or caring for a loved one who is ill at home;

ii. Individuals age sixty (60) or older who are unable to attend a congregate nutrition site due to teeth and/or mouth issues which makes it difficult to eat in public;

iii. Individuals age sixty (60) or older who are at nutritional risk who have physical, emotional, or behavioral conditions which would make their presence at congregate nutrition sites inappropriate;

iv. Individuals age sixty (60) or older who are at nutritional risk who are socially or otherwise isolated, including those who are self-isolating at home due to health or other reasons, and unable to attend a congregate nutrition site;

CAO

v. Individuals age sixty (60) or older who are unable to prepare meals due to a lack of or inadequacy of facilities; an inability to shop, cook, or prepare meals safely; a lack of funds to purchase nutritious food; or a lack of appropriate knowledge or skill;

vi. A home delivered meals recipient's spouse, regardless of age, if the provision of the collateral meal supports maintaining the person at home; and

vii. Individuals with disabilities, regardless of age, who reside at home with home delivered meals recipients and are dependent on them for care.

g. OAA Title IIID, Disease Prevention and Health Promotion Services

i. Target individuals age sixty (60) or older; and

ii. Priority will be given to individuals residing in medically underserved areas.

h. OAA Title IIIE, Caregiver Support Services

Eligibility for OAA Title IIIE, Caregiver Support Services, is as follows:

i. Eligible individuals include:

(1) Family caregivers of individuals age sixty (60) or older; and

(2) Grandparents [age fifty-five (55) or older] or older individuals [age fifty-five (55) or older] who are relative caregivers.

ii. For respite and supplemental services, a family caregiver must be providing care for an older individual who meets the definition of the term "frail" as defined above.

iii. For Home Delivered Meals for IIIE and IIIEG, caregivers and individuals who reside in the home and are dependent on the caregiver for care.

iv. Priority will be given to family caregivers who provide care for individuals with Alzheimer's disease and related disorders with neurological and organic brain dysfunction and to grandparents or older individuals who are relative caregivers who provide care for children with severe disabilities.

II. *MANNER OF SERVICE PROVISION*

A. Service Tasks

To achieve the goals of the OAA Program, the Contractor shall ensure performance of the following tasks:

1. Client Eligibility Determination

The Contractor shall ensure that applicant data is evaluated to determine eligibility. Eligibility to become a client is based on meeting the requirements described in Section I.C.2.

2. Targeting and Screening New Clients for Service Delivery

The Contractor shall develop and implement policies and procedures consistent with OAA targeting and screening criteria for new clients.

3. Program Services

The Contractor shall ensure the provision of program services is consistent with the Contractor's current Area Plan, as updated and approved by the Agency, and the current Agency Programs and Services Handbook.

4. Program Eligibility Requirements

a. Eligibility Criteria

To be eligible for program participation, an entity must:

i. Be an agency that has received a grant under OAA Title III [OAA section 311(42 U.S.C. § 3030a)]; and

ii. Partner with a nutrition service provider that serves meals and is under the jurisdiction, control, management, and audit authority of the AAA and the Agency.:

b. Provider's Nutrition Service Operations

The Contractor shall ensure that the nutrition service operations of the provider meet the requirements of this contract, as well as any other applicable regulations and policies prescribed by the current Agency Programs and Services Handbook, USDHHS, USDA, DOH and local health Agencys, DBPR, or any other agency designated to inspect meal quality for the State.

c. Prescribed Nutritional Requirements

The Contractor shall ensure that each meal provided under this contract meets the following criteria:

i. Complies with the current Dietary Guidelines for Americans, published by the Secretaries of the USDHHS and USDA; and

ii. Provides a minimum of thirty-three and a third percent (33 1/3%) of the dietary reference intakes/adequate intakes for a female age seventy (70) or older as established by the Food and Nutrition Board of the National Academy of Sciences.

d. Food Origin and Commodities Requirements

Consistent with existing requirements of the NSIP, the Contractor and its service providers may use NSIP cash to purchase foods of U.S. origin for their nutrition projects under Title III of the OAA. NSIP funds must be used to expand meal services to older adults.

B. Use of Subcontractors

If this contract involves the use of a subcontractor or third party, then the Contractor shall not delay the implementation of its agreement with the Subcontractor. If any circumstance occurs that may result in a delay for a period of sixty (60) days or more of the initiation of the subcontract or the performance of the Subcontractor, the Contractor shall notify the Agency Contract Manager and the Agency's Chief Financial Officer in writing of such delay. The Contractor shall not permit a Subcontractor to perform services related to this contract without having a binding Subcontractor agreement executed. The Agency will not be responsible or liable for any obligations or claims resulting from such action.

1. Copies of Subcontracts

The Contractor shall submit copies of all subcontracts to the Agency Contract Manager within thirty (30) days of execution of each subcontract agreement.

2. Monitoring the Performance of Subcontractors

The Contractor shall monitor, at least once per year, each of its subcontractors, sub-recipients, vendors, and/or consultants paid from funds provided under this contract. The Contractor shall perform fiscal, administrative, and programmatic monitoring to ensure contractual compliance, fiscal accountability, programmatic performance, and compliance with applicable state and federal laws and regulations. The Contractor shall monitor its subcontractors to ensure that the budget and scope of work are accomplished within the specified time periods, and that all performance goals stated in this contract are achieved.

a. The Contractor shall require subcontractors to enter all required data per the Agency's eCIRTS Policy Guidelines for clients and services into the eCIRTS database. The data must be entered into the eCIRTS database before the subcontractors submit their Request for Payment and Receipts and Expenditure Reports to the Contractor. The Contractor shall establish time frames to ensure compliance with due dates for the Requests for Payment and Receipts Expenditure Reports to the Agency.

b. The Contractor shall require subcontractors to run monthly eCIRTS reports and to verify that the client and service data in the eCIRTS database is accurate. This report must be submitted to the Contractor with the monthly Request for Payment and Receipts and Expenditure Report and must be reviewed by the Contractor before the subcontractor's Request for Payment and Receipts and Expenditure Reports can be approved by the Contractor.

c. The Contractor shall require subcontractors to report on outreach activities at least semi-annually using a uniform reporting format established by the Contractor. Subcontractor reports must include the total number of outreach events or activities performed by the subcontractor as well as the following information for each event or activity: date, location, type of event or activity, total number of participants, individual service needs identified, and referral sources or information provided to participants.

CAO

C. Staffing Requirements

1. Staffing Levels

The Contractor shall assign its own administrative and support staff as needed to perform the tasks, responsibilities, and duties under this contract and ensure that subcontractors dedicate adequate staff accordingly.

2. Professional Qualifications

The Contractor shall ensure that the staff responsible for performing any duties or functions within this contract have the qualifications specified in the Agency Programs and Services Handbook.

3. Service Times

The Contractor shall ensure the availability of services listed in this contract at times appropriate to meet client service needs, including, at a minimum, during normal business hours. Normal business hours are defined as Monday through Friday, 8:00 a.m. to 5:00 p.m. local time.

D. Deliverables

The following section provides the specific quantifiable units of deliverables and the source documentation required to evidence the completion of the tasks specified in this contract. The Contractor must submit all required documentation in the time and manner specified for the minimum performance levels to be met. Each deliverable must be accepted in writing by the Agency Contract Manager based on the requirements for each deliverable before the Contractor submits an invoice requesting payment.

1. Delivery of Services to Eligible Clients

The Contractor shall ensure the provision of a continuum of services that meets the diverse needs of elders and their caregivers. Documentation of service delivery must include a report consisting of the following: number of clients served, number of service units provided by service, and rate per service unit with calculations that equal the total invoice amount. The Contractor shall ensure the performance and reporting of the following types of services, in accordance with the Contractor's current Agency-approved Area Plan, the current Agency Programs and Services Handbook, and Section II.A.

2. Provision of Services

The Contractor shall ensure the provision of the services described in this contract are in accordance with the current Agency Programs and Services Handbook, the Contractor's current Agency-approved Area Plan, and the tasks described in Section II.A.

3. Administrative Responsibilities

The Contractor shall provide management and oversight of OAA Program operations in accordance with the current Agency Programs and Services Handbook and the Contractor's current Agency-approved Area Plan. Management and oversight of OAA Program Operations include the following:

a. Develop an Area Plan and updating it annually, at a minimum, as directed by the Agency.

b. Establish written policies, procedures, criteria, and standards for purchasing and procurement of goods and services on an open and competitive basis.

c. Review routine and special reports submitted by subcontractors and vendors.

d. Provide technical assistance to subcontractors and vendors to ensure provision of quality services.

e. Monitor and evaluate subcontractors and vendors for fiscal, administrative, and programmatic compliance.

f. Appropriately and timely submit payments to subcontractors.

g. Establish procedures for handling recipient complaints and grievances concerning such adverse actions as service termination, suspension, or reduction.

i. Complaint Procedures

The Contractor shall develop and implement complaint procedures and ensure that subcontractors develop and implement complaint procedures to process and resolve client dissatisfaction with services. Complaint procedures shall address the quality and timeliness of services, provider and direct service worker complaints, and all other issues except the termination, suspension, or reduction of services, which shall be addressed through the grievance process as described in Appendix D of the Agency Programs and Services Handbook. Complaint procedures shall include notification to all clients of the complaint procedure and include tracking the date, nature, and disposition of each complaint.

ii. Legal Provider Grievance Procedures

The Contractor shall ensure that legal providers have an internal grievance procedure that addresses both denial of service and complaints by clients about manner or quality of legal assistance. Grievance procedures that comport with the requirements of the Legal Services Corporation as provided in 45

Code of Federal Regulation (CFR) Part 1621 are sufficient to meet this standard. At a minimum, the procedure must provide applicants with:

(1) Adequate notice of the grievance procedures;

(2) Information on how to file a grievance or complaint, and

(3) Prompt consideration of each complaint by the Executive Director or the Executive Director's designee.

The Contractor may not serve in an appellate capacity or otherwise interfere in the grievance review process for legal providers. However, the Contractor may request that legal providers maintain a file of complaints and statements of disposition of complaints, with redacted client identifying information, for examination by the Contractor during monitoring.

h. Ensure compliance with eCIRTS regulations.

i. Monitor performance objective achievements per targets set by the Agency.

j. Conduct annual client satisfaction surveys to evaluate and improve service delivery.

E. Reports

The Contractor shall respond to additional, routine, or special requests for information and reports required by the Agency in a timely manner as determined by the Agency Contract Manager. The Contractor shall establish reporting deadlines and due dates for subcontractors that permit the Contractor to review and validate the data andmeet the Agency's reporting requirements.

1. OAA Annual Volunteer Activity Report

The Contractor shall submit an OAA Annual Volunteer Activity Report electronically, at the following internet address: http://elderaffairs.state.fl.us/doea/volunteers.php, per the report specifications provided in Attachment XVI. The Annual Volunteer Activity Report must be completed and submitted to the Agency by January 15, 2024.

2. eCIRTS Reports

a. Contractor shall input OAA-specific and NSIP-specific data into eCIRTS. To ensure eCIRTS data accuracy, the Contractor shall use eCIRTS-generated reports which include the following:

i. Client Reports;

ii. Monitoring Reports;

iii. Services Reports;

iv. Miscellaneous Reports;

v. Fiscal Reports; and

vi. Outcome Measurement Reports.

b. eCIRTS Data Entries for Contractors

The Contractor must require subcontractors to enter all required data for clients and services in the eCIRTS database per the Agency Programs and Services Handbook and the eCIRTS User Manual – Aging Provider Network users (located in Documents on the eCIRTS Enterprise Application Services). Subcontractors must enter this data into the eCIRTS database prior to submitting their Requests for Payment and Receipts and Expenditure Reports to the Contractor. The Contractor shall establish deadlines for completing eCIRTS data entry to ensure compliance with due dates for the Requests for Payment and Receipts and Expenditure Reports that Contractor must submit to the Agency.

c. Monthly eCIRTS Reports

The Contractor must run monthly eCIRTS reports and verify that client and service data in the eCIRTS database is accurate. This report must be submitted to the Contractor with the monthly Request for Payment and Receipts and Expenditure Reports and must be reviewed by the

Contractor before the subcontractor's Request for Payment and Receipts and Expenditure Reports can be approved by the Contractor.

3. **Lead Spending Report**
   The Contractor shall submit a spending report, in a format provided by the Agency, tothe Agency Contract Manager by the 18th of each month. This Report is for all agreements and/or contracts between the Contractor and the Agency and must include the following:
   - **a.** Status regarding surplus/deficit;
   - **b.** The Contractor's detailed plan on how the surplus/deficit spending which exceeds the threshold specified by the Agency will be resolved;
   - **c.** Recommendations to transfer funds to resolve surplus/deficit spending;
   - **d.** Input from the Contractor's Board of Directors on resolution of spending issues, if applicable;

4. **OAA National Aging Program Information System (NAPIS) Report**
   Data required for the OAA NAPIS Report that is not recorded in eCIRTS will be provided to the Agency Contract Manager in the format and on the date established by the Agency.

5. **Program Highlight Narratives**
   The Contractor shall submit brief written narratives to the Agency for publication in the Program Highlight sections of the Agency's Summary of Programs and Services, which is hereby incorporated by reference, to include any subsequent revisions thereof. The narratives shall reference specific events that have occurred since the last submission of Program Highlight narratives, including new success stories, quotes, testimonials,or human-interest vignettes. The narratives shall be written for a general audience, with no acronyms or technical terms. For all agencies or organizations that are referenced in the narratives, the Contractor shall provide a brief description of their mission or role. The active tense shall be consistently used in the narrativesto identify the specific individuals or entities that performed the activities described in the narratives. The Contractor shall review and edit narratives for clarity, readability, relevance, specificity, human interest, and grammar prior to submitting them to the Agency.

6. **Unit Cost Methodology Reports**
   UCM reports are due on 3/15/24 and 9/15/24.

F. Records and Documentation

1. The Contractor agrees to make available to Agency staff and any party designated by the Agency all contract related records and documentation. The Contractor shall ensure the collection and maintenance of all program related information and documentation on any system designated by the Agency. Maintenance includes valid exports and backups of all data and systems according to Agency standards. Data must be usable and must be maintained in a format that is readable to the Agency.

2. eCIRTS Data and Maintenance

The Contractor shall ensure monthly collection and maintenance of client and service information in eCIRTS, or any other system designated by the Agency. Maintenance includes ensuring that all data is accurate and current and performing valid exports and backups of all data and systems according to Agency standards.

3. Policies and Procedures for Records and Documentation

The Contractor shall maintain written policies and procedures for computer system backup and recovery and shall have the same requirement of its subcontractors. These policies and procedures shall be made available to the Agency upon request.

4. eCIRTS Address Validation

The Contractor shall work with the Agency to ensure that client addresses are correct in eCIRTS for disaster preparedness efforts. At least annually, and more frequently as needed, the Agency will provide direction on how to validate eCIRTS addresses to ensure they can be mapped. The Contractor will receive a list of unmatched addresses that cannot be mapped, and the Contractor will be responsible for working with the localservice providers to correct addresses and send a list to the Agency with confirmed addresses. The Agency will use this information to update maps, client rosters, and unmatched addresses and disseminatethis information to the local service providers.

G. Performance Specifications

1. Outcomes and Outputs (Performance Measures)

At a minimum, the Contractor shall:

a. Ensure the provision of the services described in this contract are in accordance with the Agency Programs and Services Handbook, the Contractor's current Agency-approved Area Plan, and Section II.A.

b. Timely and accurately submit to the Agency all documentation and reports described in Attachment I, Section II.E.

c. Timely and accurately, per Attachment X, submit to the Agency Attachments XI and XII, Exhibits 1 –7.

d. Develop and document strategies in the Area Plan to support the Agency's standard of performance achievement, including increases in the following:

i. Percentage of most frail elders who remain at home or in the community instead of going into a nursing home;

ii. Percentage of APS referrals who need immediate services to prevent further harm who are served within seventy-two (72) hours;

iii. Percentage of active clients eating two or more meals per day;

iv. Percentage of new service recipients whose ADL assessment score has been maintained or improved;

v. Percentage of new service recipients whose IADL assessment score has been maintained or improved;

vi. Percentage of caregivers who, after service intervention, self-report being very confident about their ability to continue to provide care; and

vii. Percentage of customers who are at imminent risk of nursing home placement who are served with community-based services.

2. The Contractor's performance of the measures in G.1, above, will be reviewed and documented in theAgency's Annual Programmatic Monitoring Reports.

3. Monitoring and Evaluation Methodology

The Agency will review and evaluate the performance of the Contractor under the terms of this contract. Monitoring shall be conducted through direct contact with the Contractor via telephone, in writing, or an on-site visit. The primary, secondary, or signatory of the contract must be available for any on-site programmatic monitoring visit. The Agency reserves the right to conduct an on-site visit unannounced by persons duly

authorized by the Agency. The Agency's determination of acceptable performance shall be conclusive.The Contractor agrees to cooperate with the Agency in monitoring the progress of completion of the servicetasks and deliverables. The Agency may use, but is not limited to, one or more of the following methods for monitoring:

a. Desk reviews and analytical reviews;

b. Scheduled, unscheduled, and follow-up on-site visits;

c. Client visits;

d. Review of independent auditor's reports;

e. Review of third-party documents and/or evaluation;

f. Review of progress reports;

g. Review of customer satisfaction surveys;

h. Agreed-upon procedures review by an external auditor or consultant;

i. Limited-scope reviews; and

j. Other procedures as deemed necessary by the Agency.

4. Performance Definitions

"Work day" shall mean a provider's staff member's eight (8) hour work period, unless specifically noted otherwise. "Day" shall mean a calendar day, unless specifically noted otherwise.

H. Contractor Responsibilities

1. Contractor Unique Activities

All tasks listed above in Section II. are solely and exclusively the responsibility of the Contractor and are tasks for which, by execution of this contract, the Contractor agrees to be held accountable.

2. Coordination with Other Providers and/or Entities

Notwithstanding that services for which the Contractor is held accountable involve coordination with other entities in performing the requirements of this contract, the failure of other providers or entities does not alleviate the Contractor from any accountability for tasks or services that the Contractor is obligated to perform pursuant to this contract.

I. Agency Responsibilities

1. Agency Obligations

The Agency may, within its resources, provide technical support and/or assistance to the Contractor to assist the Contractor in meeting the requirements of this contract. The Agency's support and assistance,or lack thereof, shall not relieve the Contractor from full performance of contract requirements.

2. Agency Determinations

The Agency reserves the exclusive right to make certain determinations in the tasks performed by the Contractor and the approaches used by the Contractor to perform those tasks. The absence of the Agency setting forth a specific reservation of rights does not mean that all other areas of the contract are subject to mutual agreement.

III. *METHOD OF PAYMENT*

A. Payment Method Used

The method of payment for this contract is a combination of Fixed-Fee/Unit Rate, Cost Reimbursement, and Advance Payments subject to the availability of funds and Contractor performance. The Agency will pay the Contractor upon satisfactory completion of the Tasks/Deliverables, as specified in Section II.D., and in accordance with all other terms and conditions of this contract.

B. Unit of Service

1. Fixed Fee/Unit Rate

Contractor must meet the minimum level of performance stated in the contract to receive payment. Payments for Fixed Fee/Unit Rates shall not exceed amounts established in Attachment XV**.**

2. Fixed Rates for NSIP Program

Payments for NSIP Fixed rate shall not exceed the unit rate of service identified below:

Service to be Provided	Unit of Service	Unit Rate
Eligible Congregate and Home Delivered Meals	1 unit = 1 meal	$.72

3. Cost Reimbursement

Payment shall only be authorized for allowable expenditures, per the limits specified in the Budget Summary (Attachment IX). All cost reimbursement Requests for Payment must include the actual Receipts and Expenditure Reports, beginning with the first month of the contract. The Contractor must meet the minimum level of performance stated in the contract to receive payment.

The Contractor agrees to distribute funds as detailed in the Area Plan Update and the Budget Summary (Attachment IX). Any change in the total amounts of the funds identified on the Budget Summary form requires a contract amendment.

C. Advance Payments

The Contractor may request up to two (2) months of advances at the start of the contract period to cover program administration, outreach, and service costs. The payment of an advance will be contingent upon the sufficiency and amount of funds released to the Agency by the State of Florida (budget release). The Contractor's requests for advance payments require the written approval of the Agency's Contract Manager. For the first month's advance request, the Contractor shall provide the Agency's Contract Manager documentation justifying the need for an advance and describing how the funds will be distributed. If the Contractor is requesting two (2) monthsof advances, documentation must be provided reflecting the cash needs of the Contractor within the initial two (2)months and should be supported through a cash-flow analysis or other information appropriate to demonstrate the Contractor's financial need for the second month of advances. If sufficient budget is available, and the Agency's Contract Manager, in his or her sole discretion, has determined that there is a justified need for an advance, the Agency may issue approved advance payments up to 30 days after, but not prior to, the contract execution date.Advance payments will not be issued for NSIP.

1. Any advance payments the Contractor requests for subcontractors must be distributed within seven (7) days of receipt of payment from the Agency. The Contractor shall submit to the Agency documentation to support full distribution of advanced funds with Request for Payment, report number 5, due to the Agencyon April 15, 2024, in accordance with Invoice Schedule (Attachment X).
2. All advance payments retained by the Contractor must be fully expended no later than March 31, 2024. Any portion of advanced payments not expended must be recouped on the Request for Payment, report number 5, due to the Agency on April 15, 2024, in accordance with the Invoice Schedule (Attachment X).
3. Advance recoupment shall start with the third monthly Request for Payment submission, in accordance with the Invoice Schedule (Attachment X). The amount of recoupment shall be equally divided between the remaining number of Requests for Payment invoices due for the contract year. All advances should be recorded in Part C,1 of the report (attachment XI), and shall be fully recouped by the end of the contract year or when funds are fully expended, whichever is first.
4. Interest earned on advances must be identified separately by source of funds (state or federal). Contractors shall maintain advanced payments of federal funds in FDIC interest bearing accounts unless an exception is made in accordance with 45 CFR § 75.305. Earned interest must be returned to the Agency at the end of each quarterof the contract period.

D. Invoice Instructions

Payment shall be made upon the Contractor's presentation of an invoice subsequent to the acceptance by the Agency the deliverables shown on the invoice. The form and substance of each invoice submitted by the Contractor shall be as follows:

1. The invoice shall include a "Remit to" address that corresponds exactly to the remittance address identified in the MyFloridaMarketPlace (MFMP) registration.
2. The monthly invoice shall include the units of services established in the Contractor's Agency-approved Area Plan, per the requirements in the Agency Programs and Services Handbook, at the rates established in Attachment XV, Service Rate Report. Documentation of service delivery shall include a report consisting of the following: number of clients served, number of service units provided by service, and rate per service unit, with calculations that equal the total invoice amount. Reimbursement amounts for administrative costs shall be reflected on the Cost Reimbursement Summary form (Attachment XIV) and include only items contained on the Contractor's Agency-approved budget. Any change to the Contractor's Agency-approved budget after the execution of this contract shall require approval from the Agency Contract Manager prior to being made. Any change to the total contract amount requires a contract amendment.
3. The Contractor shall consolidate requests for payment from subcontractors and receipts and expenditure reports that support the requests for payment and shall submit to the Agency Requests for Payment (Attachment XI), Receipt and Expenditure Reports (Attachment XII), and Cost Reimbursement Summaries (Attachment XIV).
4. The Contractor shall include with the Fixed Fee/Unit Rate portion of its invoice the units of services provided based on rates established in Attachment XV, number of clients, and the rates for the services provided per the requirements described in the deliverables and service tasks. The Contractor shall clearly state the provider name, the report month, and the invoice number on the invoice.
5. All Requests for Payment shall be based on the submission of actual monthly Receipts and Expenditure Reports beginning with the first month of the contract. The schedule for submission of advanced payment requests (when available) and invoices can be found in the Invoice Schedule (Attachment X).
6. The Certified Minority Business Subcontractor Expenditures Report (Attachment VIII) is considered a deliverable and must be completed in its entirety and submitted with each invoice.
7. Final contract invoices must be submitted to the Agency no later than February 15, 2024.

DI. Payment Withholding

Any payment due by the Agency under the terms of this contract may be withheld pending receipt and approvalby the Agency all financial and programmatic reports due from the Contractor and any adjustments thereto,including any disallowance not resolved.

DII. Corrective Action Plan

1. Contractor shall ensure 100% of the deliverables identified in Section II.D. are performed pursuant to contract requirements.
2. If at any time the Contractor is notified by the Agency Contract Manager that it has failed to correctly, completely, or adequately perform contract deliverables identified in Section II.D., the Contractor will have ten
(10) days to submit a Corrective Action Plan (CAP) to the Agency Contract Manager that addresses the deficiencies and states how the deficiencies will be remedied within a time period approved by the Agency Contract Manager. The Agency shall assess a financial consequence for non-compliance on the Contractor as referenced in Section III.G. for each deficiency identified in the CAP which is not corrected pursuant to the CAP. The Agency will also assess a financial consequence for failure to timely submit a CAP to the Agency.
3. If the Contractor fails to correct an identified deficiency within the Agency-approved period specified in the CAP, the Agency shall deduct the percentage established in Section III.G. from the payment for the invoice of the following month.
4. If the Contractor fails to timely submit a CAP to the Agency, the Agency shall deduct the percentage established in Section III.G. for each day the CAP is overdue. The deduction will be made from the payment for the invoice of the following month.

G. Financial Consequences

The Agency will withhold or reduce payment if the Contractor fails to perform the deliverables to the satisfaction of the Agency according to the requirements referenced in Section II.D. The following financial consequences will be imposed if the deliverables stated do not meet in part or in whole the performance criteria asoutlined in Section II.D.:

1. Delivery of services to eligible clients as referenced in Section II.A.3. and Section II.D.1. of this contract – Failure to comply with established assessment and prioritization criteria, as evidenced by eCIRTS reports, will result in a 2% reduction of payment per business day. The reduction of payment will begin on the first business day following the Agency's notification to the Contractor that the identified deficiency was not cured or satisfactorily addressed in accordance with the Agency-approved CAP.
2. Services and units of services as referenced in Section II.D.2. of this contract – Failure to provide services in accordance with the current Agency Programs and Services Handbook, the service tasks described in Section II.A., and Attachment XV, or failure to submit required documentation will result in a 2% reduction of payment per business day. The reduction of payment will begin the first business day following the Agency's notification to the Contractor that the identified deficiency is not cured or satisfactorily addressed in accordancewith the Agency-approved CAP.
3. Administrative duties as referenced in Section II.D.3. of this contract – Failure to perform management and oversight of program operations will result in a 2% reduction of payment per business day. The reduction of payment will begin the first business day following the Agency's notification to the Contractor that the identified deficiency was not cured or satisfactorily addressed in accordance with the Agency approved CAP.
4. Timely submission of a CAP – Failure to timely submit a CAP within ten (10) business days after notification of a deficiency by the Agency Contract Manager will result in a 2% reduction of payment per business day the CAP is not received. The reduction of payment will begin with the subsequent invoice received from the Contractor and shall be prorated for each day the CAP was late following the due date specified by the Agency and shall remain in effect until the contractor complies with the submission requirement.
5. Exceptions may be granted solely, in writing, by the Agency Contract Manager.

IV. *SPECIAL PROVISIONS*

A. Final Budget and Funding Revision Requests

Final requests for budget revisions or adjustments to contract funds based on expenditures for provided services must be submitted to the Agency Contract Manager in writing no later than December 31, 2024; email requests are considered acceptable.

B. Contractor's Financial Obligations

1. Matching, Level of Effort, and Earmarking Requirements

The Contractor shall match at least twenty-five percent (25%) of the federal administrative funds received. The Contractor's match will be made in the form of cash, general revenue administrative funds, and/or in-kind resources. The Contractor will assure, through a provision in subcontracts, a match requirement of at least ten percent (10%) of the cost for services funded through this contract, except for services provided pursuant to OAA Title IIID. The subcontractor's match will be made in the form of cash and/or in-kind resources. The Contractor shall report match funds by title each month. At the end of the contract period, the Contractor must properly match OAA funds that require a match.

2. Consumer Contributions

Consumer contributions are to be used under the following terms:

- **a.** The Contractor assures compliance with Section 315 of the OAA, as amended in 2020, regarding consumer contributions;
- **b.** Voluntary contributions are not to be used for cost sharing or matching;
- **c.** Voluntary contributions are to be used only to expand services; and
- **d.** Accumulated voluntary contributions are to be used prior to requesting federal reimbursement.

3. Use of Service Dollars and Management of the Assessed Priority Consumer List

The Contractor is expected to spend all federal, state, and other funds provided by the Agency for the purpose specified in this contract. For each program managed by the Contractor, the Contractor must manage the service dollars in such a manner as to avoid having a wait list and a surplus of funds at the end of the contractperiod. If the Agency determines that the Contractor is not spending service funds accordingly, the Agency may transfer funds to other AAAs during the contract period and/or adjust subsequent funding allocations as allowable under state and federal law.

4. Title III Funds

The Contractor assures compliance with Section 306 of the OAA, as amended in 2020, and will not use funds received under Title III to pay any part of a cost (including an administrative cost) incurred by the Contractor to maintain a contractual or commercial relationship that is not carried out to implement Title III.

5. Carry Forward Funds

Carry forward funds must be identified on Attachment XIII, Computation of Carry Forward and Over-Advance OAA Title III, and submitted with the Closeout Report due to the Agency no later than March 1, 2024. Requests for carry forward funds must be justified by the Contractor and approved by the Agency. All OAAcarry forward funds must be budgeted in the same title as originally awarded.

C. Remedies for Nonconforming Services

1. The Contractor shall ensure that all goods and/or services provided under this contract are delivered timely, completely, and commensurate with required standards of quality. Such goods and/or services will only be delivered to eligible program participants.

2. If the Contractor fails to meet the prescribed quality standards for services, such services will not be reimbursed under this contract. In addition, any nonconforming goods (including home delivered meals) and/or services not meeting such standards will not be reimbursed under this contract. The Contractor's signature on the Request for Payment Form certifies maintenance of supporting documentation and acknowledgement that the Contractor shall solely bear the costs associated with preparing or providing nonconforming goods and/or services. The Agency requires immediate notice of any significant and/or systemic infractions thatcompromise the quality, security, or continuity of services to clients.

D. Incident Reporting

The Contractor shall notify the Agency immediately but no later than forty-eight (48) hours from theContractors awareness or discovery of changes that may materially affect the Contractor or any subcontractor's ability to perform the services required to be performed under this contract. Such notice shall be made orally to theAgency Contract Manager (by telephone) with an email to immediately follow, including the Contractor's plan for provision of services required by contract. This plan must detail the Contractor's anticipated plan for ensuring a continuity in services for each client impacted by and for the duration of the incident. Following submission of theplan, the Contractor's is expected to provide the Agency updates in a frequency determined by the Agencyas appropriate until the incident is resolved.

E. Volunteers

The Contractor shall ensure the use of trained volunteers in providing direct care services delivered to older individuals and those individuals with disabilities needing such services. If possible, the Contractor shall work in coordination with organizations that have experience in providing training, placement, and stipends for volunteers or participants (such as the Senior Community Service Employment Program or organizations carrying out federal service programs administered by the Corporation for National and Community Service).

F. Enforcement

1. In accordance with Section 430.04, F.S., the Agency shall rescind designation of an area agency on aging or take intermediate measures against the Contractor, including corrective action, unannounced special monitoring, temporary assumption of operation of one or more programs by the Agency, placement on probationary status, imposing a moratorium on Contractor action, imposing financial penalties for nonperformance, or other administrative action pursuant to Chapter 120, F.S., if the Agency finds that anyof the following have occurred:

a. An intentional or negligent act of the Contractor has materially affected the health, welfare, or safety of clients, or substantially and negatively affected the operation of an aging services program.

b. The Contractor lacks financial stability sufficient to meet contractual obligations or that contractual funds have been misappropriated.

c. The Contractor has committed multiple or repeated violations of legal and regulatory requirements or Agency standards.

d. The Contractor has failed to continue the provision or expansion of services after the declaration of a state of emergency.

e. The Contractor has exceeded its authority or otherwise failed to adhere to the terms of this contract with the Agency or has exceeded its authority or otherwise failed to adhere to the provisions specifically provided by statute or rule adopted by the Agency.

f. The Contractor has failed to properly determine client eligibility as defined by the Agency or efficiently manage program budgets.

g. The Contractor has failed to implement and maintain a Agency-approved client grievance resolution procedure.

2. In making any determination under this provision the Agency may rely upon findings of another state or federal agency, or other regulatory body. Any claims for damages for breach of contract are exempt from administrative proceedings and shall be brought before the appropriate entity in the venue of Leon County, Florida. In the event the Agency initiates action to rescind an area agency on aging designation, the Agency shall follow the procedures set forth in 42 U.S.C. §3025(b).

G. Investigation of Criminal Allegations

Any report that implies criminal intent on the part of the Contractor or any subcontractors and referred to a governmental or investigatory agency must be sent to the Agency. If the Contractor has reason to believe that the allegations will be referred to the State Attorney, a law enforcement agency, the United States Attorney's office, or governmental agency, the Contractor shall notify the Inspector General at the Agency immediately. A copyof all documents, reports, notes, or other written material concerning the investigation, whether in the possession of the Contractor or subcontractors, must be sent to the Agency's Inspector General with a summary of the investigation and allegations.

ATTACHMENT I – EXHIBIT 1
SUMMARY OF STANDARDS FOR PROFESSIONAL INFORMATION & REFERRAL
OLDER AMERICANS ACT PROGRAM

The Department of Elder Affairs has adopted the following requirements based on the "Standards for Professional Information and Referral" developed by the Alliance of Information & Referral Systems (AIRS) to address the unique needs of the Elder Helpline (Helpline) Information and Referral (I&R) system.

SERVICE DELIVERY

The Service Delivery standards describe essential functions for providing information and referral services to optimize access to accurate, comprehensive, and unbiased information provided in a confidential and nonjudgmental manner.

1) The Helpline hours of operation shall be appropriate to address community needs. At a minimum, the Helpline must maintain business hours from 8:00 a.m. to 5:00 p.m., Monday through Friday, except for state and national holiday observances. If there is a planned office closure during normal business hours, the Helpline manager must notify Agency staff via email at least twenty-four (24) hours before the office closure.

- **a)** If I&R services are not available twenty-four (24) hours a day, an answering system must be in place that identifies the agency, provides hours of operation, gives the caller the option to leave a message, and gives the number of an organization that will offer service in an emergency (e.g., directing callers to dial 9-1-1 if it is an emergency). Messages shall be responded to within the next business day.
- **b)** If the Helpline has arrangements with another agency to provide after-hours or twenty-four (24)-hour coverage, the arrangement must be documented in a formal memorandum of agreement/understanding (MOA/MOU).

2) During hours of operation, the Helpline shall provide timely access to an I&R specialist. Recorded messages on the Helpline's voicemail system must be responded to within the next business day, when possible. Exceptions will be during periods when the Helpline is experiencing higher than normal call volume (i.e., SHINE annual enrollment period, public awareness campaigns or disaster/weather-related events).

- **a)** The Helpline must provide an option for the caller to leave a message at any time when a call is holding in queue.
- **b)** The Helpline shall have a method of tracking call volume, including timeliness of response, and call abandonment.
- **c)** A record of the messages to the Helpline's voicemail system must be maintained and shall include the date the call was received and the telephone number of the caller. It is recommended the successful or unsuccessful return call attempt be recorded in eCIRTS.

3) The Helpline shall ensure I&R services are provided by trained I&R specialists. At a minimum, an I&R specialist must have a high school diploma or GED and three years of experience in I&R services, case management, call center services, or related social services work experience.

4) The Helpline shall ensure I&R specialists:

- **a)** Have the skills to meet the needs of people who are angry and hostile, manipulative, call frequently with the same problem, or are otherwise difficult to serve; and
- **b)** Have the skills to meet the needs of older adults, adults with disabilities, and other special populations.

5) The Helpline shall have a policy to ensure the privacy, confidentiality, and security of Helpline inquirers' personal information and comply with all applicable state and federal law to ensure the protection of inquirer records, including the Health Insurance Portability and Accountability Act (HIPAA). Staff with access to confidential information shall have a signed agreement form on file that documents compliance with the confidentiality requirements of this paragraph. The identity of inquirers, their requests, and the information given to staff may be communicated to others if:

- **a)** The release of such information is required by law or court order (e.g. reporting abuse);
- **b)** Careful consideration by I&R specialists of the information provided by the inquirer indicates the presence or risk of serious harm to the inquirer or another person, and the communication is limited to those persons who must be informed to reduce the risk of harm; or
- **c)** The inquirer has authorized another person or agency to receive the information. The inquirer specifies what information may be given and to whom.

6) The Helpline shall have a policy to resolve complaints from inquirers and community service agencies, including those related to potential breaches of privacy and confidentiality.

CAO

7) The Helpline shall provide barrier-free access to its services to individuals and groups who have special needs (e.g. applicable technology or communication methods for people with hearing or speech impairments, language translation for inquirers with limited English proficiency, and Americans with Disability compliance access for individuals with physical disabilities if the Helpline assists inquirers at its facility). Helpline staff assisting inquirers with limited English proficiency via the language interpreter service shall document the activity in the information and referral system and submit a report of the Language Line activity to the Agency by the 10th of each month.

8) The Helpline shall make every effort to ensure that its telephone service is accessible from all telecommunication devices within its coverage area (e.g. wireless and competitive local exchange carriers).

9) The Helpline shall ensure, through appropriate queue management techniques such as schedule adherence, that an appropriate number of specialists are scheduled to meet the needs of callers. I. A minimum of 2.5 I&R staff members shall be scheduled to work at all times).

10) The Helpline shall utilize technology that improves access to service and enhances its ability to serve inquirers efficiently and effectively while preserving the level and quality of its core services. The main role of technology is to enhance or strengthen person-to-person contact, not to reduce or discourage such contact or make it more difficult. "Technology" includes telephone systems, telephony, telecommunications, e-mail, online chat, I&R software packages, electronic directories, and self-service mechanisms such as automated attendants/interactive voice response systems, fax-on-demand, video relay services, community kiosks, and searchable I&R databases on the internet.

- **a)** If the Helpline service uses telephone technology which allows for the collection of inquirers' personal identifying information without his or her explicit permission, it shall develop policies and procedures that protect the inquirer's right to privacy and anonymity while preserving the I&R specialist's ability to provide for the individual's safety should personal identification become necessary.
- **b)** If the Helpline provides resource information through an automated attendant (a menu-driven telephone system), it shall develop procedures to encourage inquirers to transfer to a live specialist if consultation or guidance is required. Inquirers shall be able to make the transfer without having to make another telephone call.
- **c)** When the Helpline provides multi-channel access services simultaneously (e.g. in-person, telephone, email, live chat, SMS/text, or social media, etc.), it shall ensure I&R specialists divide their attention across all such services, as appropriate to the situation, without compromising customer service or timeliness of responses.

11) The Helpline provides its service at no cost to the inquirer.

Standard 1: Information Provision

Information provision involves one-to-one interaction between an I&R specialist and an inquirer, wherein the I&R specialist provides appropriate information and referrals in response to a direct request for such information. Information can range from a limited response (such as an organization's name, telephone number, and address) to a detailed description of community service system (such as explaining how intake works and required documentation by an agency), to help inquirers make an informed choice. The I&R process consists of active listening and effective questioning to determine the needs of the inquirer, clarifying those needs, providing requested information and/or identifying appropriate resources and providing enough information about each organization to help inquirers make an informed choice. In situations where services are unavailable, the specialist is encouraged to help identify alternative strategies..

1) The Helpline shall ensure through training, monitoring, and coaching that I&R specialists:

- **a)** Identify themselves and the Helpline according to agency guidelines.
- **b)** Establish and maintain rapport with the inquirer and use active listening skills and empathy to discern the presenting problem;
- **c)** Respond to each inquirer in a professional, nonjudgmental, culturally appropriate, and timely manner;
- **d)** Use clear, jargon-free language and an appropriate tone of voice and inflection to convey empathy and engagement with the inquirer's situation.
- **e)** Identify underlying or unstated problems, when appropriate.
- **f)** Determine any specific needs or preferences to access services (e.g. language needs, evening or weekend hours, proximity to public transportation, or disability access).;
- **g)** Clarify and confirm the inquirer's needs using techniques such as paraphrasing before providing

referrals/resources;

h) Explore the inquirer's own resources (e.g., friends, family, faith-based organization)

i) If demographic information is being collected that is not directly relevant for an "information only" contact but is required by contract or to enhance community reports, provide an explanation to the inquirer about why the information is needed. The primary goal of data collection is to garner enough information about inquirers to help them address or resolve their problems;

j) Effectively utilize the resource information system to identify resources to meet the inquirer's needs.

k) When possible and practical, provide at least three referrals to give the inquirer a choice while being careful not to overwhelm the inquirer with too many options;

l) Encourage inquirers to contact the Helpline again if needs were unmet, information was incorrect, or for future needs.

m) Accurately record what occurred during the course of the inquiry, the call/contact type, and the problems and needs that were addressed.

2) The Helpline shall ensure that every call, including information only calls, is documented at the end of the call in the information and referral system.

Standard 2: Referral/Assistance and Client Advocacy

The Helpline shall offer referral/assistance, or client advocacy, when necessary, to ensure individuals receive the benefits and services for which they are eligible. The provision of referral/assistance services involves one-to-one interaction between an I&R specialist and an inquirer, wherein the I&R specialist determines the needs of the inquirer, identifies appropriate resources, makes referrals to organizations capable of meeting the inquirer's needs, and provides enough information about each organization to help inquirers make an informed choice about the service and resources most appropriate to meet the consumer's need. In situations where resources are unavailable, the I&R specialist shall assist the inquirer in problem-solving to identify alternative strategies and manage expectations. When necessary, the I&R specialist will actively participate in linking the inquirer to needed services.

Client advocacy seeks to meet the inquirer's needs without attempting to change social situations, and for purposes of these standards, does not include system advocacy or legislative advocacy (lobbying). All advocacy efforts are consistent with written policies established by the Area Agency on Aging (AAA) and proceed only with the permission of the inquirer.

1) Make an accurate assessment of the inquirer's problems and needs asking relevant questions to obtain the information necessary for an accurate referral.

2) Clarify and confirm the inquirer's need(s) using techniques such as paraphrasing before offering referrals.

3) Intervention, when necessary, on behalf of individuals to help them obtain needed services. When warranted, the I&R service makes one or more additional calls or takes other actions on the inquirer's behalf and uses an appropriate agency mechanism to ensure inquirers get the information and/or help they need. When warranted and with the inquirer's permission, the I&R specialist shall make direct contact with an agency and communicate on behalf of the inquirer through three-way calling, notify the agency of the inquirer's forthcoming contact, or schedule an appointment with the agency for the inquirer.

4) The Helpline refers individuals to an organization that specializes in providing advocacy when the level of advocacy required by the inquirer exceeds the limits of the Helpline's advocacy policy or an effective use of its own resources.

5) The Helpline shall have policies to ensure the privacy, confidentiality, and security of personal inquirer information; and has agreement forms that staff, visitors, and others with access to confidential information sign to document their compliance. Identifying information about inquirers, their requests and the information given to them is not communicated to others unless either:

a) Release of information is required by law or court order.

b) Careful consideration indicates the presence or risk of serious harm to the inquirer or another person, and then communication may be only to those who must be informed in order to reduce harm or risk.

c) The inquirer has given explicit permission for the information to be disclosed to another person or agency. The inquirer specifies what information may be given and to whom. This applies to individual advocacy situations as well as those involving shared case coordination.

6) The Helpline may engage in enhancements to the initial I&R transaction such as prompting inquirers regarding their interest in additional resources, application assistance, and appointment setting. These enhancements are clear in terms of their scope and expectations.

7) The Helpline shall have a process to resolve complaints from inquirers and community service agencies, including those related to customer satisfaction, accuracy of referrals, and potential breaches of privacy and confidentiality.

8) Accurately record what occurred during the inquiry as well as the problems and needs that were addressed in the information and referral for use in reports and as needed.

9) Follow-up to determine the outcome of the referral/assistance is conducted within 14 business days for each referral when assistance and/or advocacy is provided and is conducted with the referred person and/or the resource. The referral cannot be counted as a unit of service until follow-up is complete. If follow-up is not completed on a referral, the service must be documented as an "Information" contact type.

Standard 3: Crisis Intervention

The Helpline shall be prepared to assess and meet the immediate, short-term needs of inquirers who are experiencing a crisis and contact the Helpline for assistance. Included may be individuals at risk of suicide, homicide or assault, family or friends who have experienced suicide, victims of domestic abuse or other forms of violence, elder/dependent adult abuse/neglect, sexual assault survivors, people experiencing a psychiatric emergency; people with substance use disorder(s) who are in crisis; survivors of a traumatic experience; and others in distress.

1) The Helpline shall have written crisis intervention policies and procedures that include protocols for specific types of emergencies.. Included shall be safety risk assessment procedures, protective measures for individuals in endangerment situations, and protocols that address inquirers who wish to remain anonymous yet require direct intervention.

2) If the Helpline does not provide formal crisis intervention service, the Helpline shall have a prearranged agreement and documented protocol with an appropriate crisis center that provides formal crisis intervention service.

3) The Helpline shall ensure through training, monitoring, and coaching that I&R specialists have the skills to:

- **a)** Recognize when an inquirer is experiencing a crisis.
- **b)** Determine whether the individual is in immediate danger and take appropriate steps to ensure that the inquirer is safe before continuing with an assessment.
- **c)** Recognize when an inquirer is in immediate need of intervention (e.g., when a person is in medical crisis due to a substance use disorder, has taken steps to end her or his life, is a victim of recent violence or is experiencing a psychiatric emergency).
- **d)** De-escalate and stabilize the inquirer and help him/her remain calm.
- **e)** When necessary, follow the organization's rescue protocol for when to access 911 or other emergency personnel to request that they intervene. In these circumstances, the individual's safety overrides confidentiality concerns.
- **f)** Keep the inquirer on the telephone pending referral or rescue.

4) In case of suspected elder abuse, the Helpline has protocols that comply regarding mandatory reporting and completes a report when required.

5) In situations involving suicide or homicide, the Helpline understands the circumstances under which a safety risk assessment is required and conducts an appropriate assessment when necessary. Risk assessments are documented and include a description of specific actions taken in response to the situation.

6) The Helpline shall have a protocol for debriefing I&R specialists following a crisis call.

7) In cases of domestic violence and other endangerment situations, the Helpline shall ensure that I&R specialists take special precautions to safeguard the inquirer's identity and all aspects of their interaction.

8) The Helpline shall use a variety of means to support its ability to connect with 911 or other emergency rescue services, including Caller ID or a call tracing arrangement with the telephone company or the identification of an IP address. At a minimum, there is a separate external telephone line that is available for initiating rescue procedures without interrupting the crisis call. I&R specialists shall follow the agency's I&R service protocol for addressing callers who wish to remain anonymous yet require rescue.

9) The Helpline shall ensure, when feasible, that I&R specialists connect inquirers in crisis situations to a formal crisis intervention service in the community for assistance and support once the inquirer's immediate, short-term needs have been met. The connection shall be made by direct transfer, when possible, and the I&R specialist shall follow the protocol established by the Helpline's prearranged agreement with the crisis center.

10) For inquirers in crisis situations who are not at imminent risk, the I&R specialist assesses their immediate, short-term needs and connects them with a crisis intervention service for ongoing assistance. The connection is made by warm transfer, when possible, and the I&R specialist follows the protocol established by agreement with the crisis service.

11) If possible, I&R specialist are encouraged to participate in crisis intervention professional development training to upgrade existing skills and learn new skills.

12) The Helpline shall record acts of crisis intervention and its outcomes for use in reports.

Standard 4: Follow-Up

The primary purpose of follow-up is to contact inquirers to find out if their needs were met and if not, why. Follow-up with inquirers who are at risk and/or vulnerable and in situations where the specialist believes the inquirers do not have the necessary capacity to take the needed actions to resolve their own situation.. Additional assistance in locatingor accessing services may be necessary. Follow-up is required for each referral when assistance and/or advocacy is provided and must be completed within 14 business days unless a crisis suggests a more immediate follow-up.

1) . Examples of situations in which follow-up should normally occur include:

- **a)** Vulnerable households that are without heat during winter.
- **b)** Older adults having trouble expressing their needs.
- **c)** Older adults with disabilities who have received an eviction order.
- **d)** Older adults with no health insurance who need health care.
- **e)** Individuals needing emergency shelter.

2) The Helpline shall ensure follow-up with inquirers who are at risk or vulnerable and in situations where the I&R specialist believes the inquirer lacks the capacity to follow through to resolve the problem; If the inquirer cannot be contacted, the Helpline shall ensure follow-up with the organization to which a referral was made to determine if the individual's need was addressed. Unsuccessful attempts to contact the inquirer shall not conclude the follow-up process and shall not be counted as a completed referral.

3) During follow-up, if it is determined that the inquirer has not received services or the need has not been met, the I&R specialist shall determine whether there is a continued need and make additional appropriate referrals or engage in enhanced problem solving. The I&R specialist shall also determine whether the inquirer has additional new needs and makes appropriate referrals prior to completing the contact.

4) The I&R specialist shall document the follow-up results (whether service was received or there was an unmet need) in information and referral system for use in reports and as needed. Information gathered during the follow-up process shall be used to evaluate the effectiveness of existing community service providers and to identify gaps in community services.

Standard 5: Independent Access to Resource Information

The Helpline shall provide community resource information in a variety of ways to facilitate independent access for the public and other human services professionals. These options provide additional choices for inquirers and complement the alternative of one-to-one interaction with an I&R specialist.

1) The Helpline shall expand access options for the public by making all or a portion of its resource database available on the Internet at no cost.

The elements that increase the effectiveness of a publicly accessible resource database include:

a) An easy-to-remember URL;

b) A prominently displayed search button;

c) A search page that is clean, well-organized, and easy to navigate;

d) A keyword search window, that employs search logic which produces an inclusive search results list.

e) Keyword searches that include partial and full-word matching. Entered text must appear at the beginning of words for the term to be retrieved. For example, a search on "aging" would ignore words like "managing";

f) The ability to search agency, site, program, and AKA names.

g) The ability to filter results by geographic location/area served; and

h) A cleanly designed search results list that includes the data elements that are most important in providing inquirers with the details they need to make informed choices about their options.

2) If the Helpline provides a mechanism for independent public access to community resource information, the Helpline shall ensure that it includes information about how to connect with an I&R specialist if consultation and guidance are required (for example, the ability to press "0" at any time when listening to a recorded message or to engage in instant messaging (IM) or chat when searching for resources on a website).

Standard 6: Service Delivery Data Collection, Analysis and Reporting

Service delivery generates valuable information about the problems/needs of a community and the availability of resources to meet those needs. The Helpline shall collect, analyze, and report insightful data concerning inquirers and their needs in ways that are useful to the Helpline and its community partners. The Helpline shall use a secure, confidential system for collecting and organizing inquirer data collection that provides a basis for describing requests for services and unmet needs, identifying service gaps, and informing decisions about the scope of the resource database. Inquirer data includes information gathered during the original contact, follow-up, and customer satisfaction/quality assurance calls.

Data collected for I&R service analysis and reporting purposes are based on I&R agency policies and local, state, and/or national requirements.

1) The Helpline shall ensure that inquirer data is made available in aggregate form to protect the confidentiality of individual inquirers.

2) The Helpline shall maintain documentation on all inquiries has a defined set of inquirer data elements to be used for reporting purposes and recognizes that inquirers have the right to withhold information.

3) The data collected provides enough information about inquirer needs, whether gathered through the original contact, during follow-up or via customer satisfaction survey/quality assurance surveys.

4) The I&R service may use data collection and analysis strategies that employ sampling techniques. Sample size should also reflect the confidence level in the data presented. The chart below illustrates a range of appropriate sample size with such random samples gathered on a quarterly or monthly basis.

Call Center Annual Call Volume	Required completed samples with a 95% confidence level and a 5% margin of error.	Required completed samples with a 95% confidence level and a 3% margin of error.
5,000	357	880
10,000	370	965
30,000	380	1,031

5) The Helpline shall ensure that inquirer data collection and reporting activities facilitate the analysis needed to support:

- **a)** The human service needs of inquirers;
- **b)** Outreach to diverse communities
- **c)** Community needs assessments;
- **d)** Community planning;
- **e)** Allocation of funding; and
- **f)** System Advocacy

6) The Helpline shall ensure that the data collected provides enough information about inquirer needs to identify the following:

- **a)** Service requests;
- **b)** Met and unmet needs (gathered through the original contact, follow-up, and customer satisfaction/quality assurance surveys);
- **c)** Trends in community service provision and/or gaps in service;
- **d)** Demographic data; and
- **e)** Profiles of inquirers served (aggregate data only).

7) The data collected for reporting purposes shall include:

- **a)** The total number of incoming contacts/inquiries by phone (incoming calls) recorded by the phone system and answered by the I&R specialist, including transaction calls (calls in which problems or needs are addressed and for each problem/need, the type of service provided by the I&R specialist (information only, referral, referral-advocacy, referral-crisis, and crisis intervention services); or non-transaction calls (calls answered by the I&R specialist that are hang-ups, wrong numbers, incoming administrative or personal calls, or other calls in which there is no productive conversation between the I&R specialist and the inquirer and no assistance is provided).
- **b)** The total number of I&R contacts/inquiries from calls and other sources recorded in the I&R system in which inquirer problems or needs are addressed. Other sources include the following:
  - **i)** Transaction calls;
  - **ii)** Face-to-face contacts (walk-ins or I&R interactions in other settings such as community facilities);
  - **iii)** Email contacts;
  - **iv)** Voicemail contact responses;
  - **v)** Social media interactions;
  - **vi)** Text/SMS messaging contacts;
  - **vii)** Online chat contacts;
  - **viii)** Video relay/chat contacts; and
  - **ix)** Regular mail contacts.
- **c)** The total number and types of problems/needs presented by inquirers.
- **d)** The geographic and demographic profiles of inquirers (i.e., who is calling and where they are calling from).

e) The programs that received referrals.

8) The Helpline may also collect information about other types of I&R activities, in addition to I&R inquiries, but those figures will not be added to the contact/inquiry total. Included are:

a) Website visitor activity (e.g., total visits, unique visitors, individual page visits, searches conducted);

b) People accessing recorded information;

c) Social media postings;

d) Outreach presentations;

e) Brochures and/or other publications distributed;

f) Outgoing advocacy calls;

g) Outgoing customer satisfaction/quality assurance calls;

h) Outgoing follow-up calls;

i) Outgoing calls to verify resource information; and

j) Community problems/needs reporting.

9) The Helpline may also report, as necessary, on key performance indicators derived from its quality assurance and related activities such as average times of transactions, results of internal and independent call monitoring processes, average answering times, unmet demand (such as abandoned calls), complaints and commendations, as well as case stories that illustrate recent examples of situations and outcomes secured by the I&R service.

RESOURCE DATABASE

The Resource Database standards require that the Helpline develop, maintain, use, and disseminate an accurate up-to-date online resource database that contains information about available community resources including details about the services provided and the conditions under which they are available.

Standard 7: Inclusion/Exclusion Criteria

The inclusion or exclusion criteria provides the parameters for human services agencies and programs in the resource database. The criteria are uniformly applied and available so that staff and the public are aware of the scope and limitations of the database.
The Helpline shall have a document that describes the inclusion/exclusion criteria for the contents of the resource database. The criteria are uniformly applied and available so that staff and the public are aware of the scope and limitations of the database.

The inclusion/exclusion criteria shall be consistent with and support the ability of the I&R service to maintain the resource database per the quality requirements of the AIRS standards.

The Helpline shall not charge a fee for the inclusion of any organization in its published resource database.

1) The inclusion/exclusion document includes an appeal process for organizations seeking clarification on either the document itself of the application of the criteria.
2) The Helpline shall ensure the inclusion/exclusion criteria is reviewed and updated, at a minimum, every three years to ensure that it continues to meet the changing needs of the community.

Standard 8: Data Elements

The resource database contains data elements that provide information about organizations that meet criteria for inclusion, the services provided by each organization, and the locations (sites) where those services are available. Each record shall contain all required data elements, where applicable.

1) Mandatory and Recommended Data Elements: The chart below lists data elements for the Agency/Main Site portion of an organizational record, Location/Branch data elements, where additional sites exist, and the programs and services provided by the organization. The Mandatory or Recommended status of each data element is also indicated. Note that "Mandatory" means that a data element will be entered if that information is available (for example, if documentation is needed to apply for a service, then that information must be added. If no documentation is required, then the field can be left empty). "X" is a designation for "non-applicable."

2) **Database Record Administration Data Elements**: Data elements that relate to the database record itself and are purely administrative in nature are included in a separate table. Most are automatically assigned by the system, not maintained by resource specialists, and not shown when records are published. The exception is the date of last formal verification which many Helplines choose to include.

Record Ownership Code	Mandatory
Date of Last Formal Verification	Mandatory
Contact for Formal Verification	Recommended

Date of Last Interim Change	Mandatory

Standard 9: Classification System (Taxonomy)

The I&R service uses the AIRS/211 LA County Taxonomy of Human Services to index and facilitate retrieval of resource information, increase the reliability of planning data, make evaluation processes consistent and reliable, and facilitate state and national aggregations and comparisons data. Additional classification structures such as keywords, if used, are connected to the Taxonomy rather than functioning as independent indexing systems.

Standard 10: Content Management and Indexing

The Helpline shall ensure through training, database management procedures, and supervision that a resource specialist organizes information about human services organizations into database records that accurately and concisely reflect the agency, its location and its services/programs; index the services provided by each organization using the AIRS/211 LA County Taxonomy of Human Services in accordance with recognized and consistently applied practices; and assign other search keys in a way that accurately reflects the conditions under which services are available.

1) The Helpline shall ensure use of I&R software that supports the AIRS Resource Database standards as follows:

- **a)** Information in the resource database is accessible in ways that support the I&R process; and
- **b)** The software module used by I&R specialists allows for search and retrieval by:
  - **i)** Organization, service site, and program name and related AKAs;
  - **ii)** Type of services provided (using Taxonomy terms including use references and see also references);
  - **iii)** Target population served, where applicable (using Taxonomy target terms); and
  - **iv)** Area served.

2) The Helpline shall ensure through training, database audits, and coaching that resource specialists understand the human service delivery system including the sectors it comprises; the differences between the public and private sectors; how government, nonprofit, and for-profit organizations are organized and funded; the major types of service providers in their community; the broad range of programs and services they provide; and how these organizations and the sectors they represent relate to one another and the people they serve.

3) The Helpline shall ensure documented procedures are in place for identifying new resources, acquiring information about them and, upon inclusion in the database, verification by the organization.

- **a)** To collect information/data elements uniformly across organizations, the Helpline shall develop and use a standardized profile ("survey") for new organizations to be included in the resource database.

4) The Helpline shall ensure documented procedures are in place for gathering and integrating interim information changes (i.e. changes that occur between the annual updates).

5) Organizations that do not respond after multiple attempts but cannot be deleted because they offer critical services, shall be updated via alternative methods (phone, website, or site visits). However, documentation on how the update was obtained and the reason for the decision not to delete the record are required. If updated by telephone, the name of the person who confirmed the information and the date shall be recorded. If updated through a website, information that the update was verified via the Internet and the date shall be included as documentation. If updated by site visit, the names of the people visited, and the date shall be recorded. Once the I&R service is satisfied that it has obtained the best information possible and has documented how and when the update was performed as well as the reason for the decision not to delete the record, it is permissible to mark the agency as having received its annual review.

6) The Helpline shall ensure the update form, or the accompanying cover letter, has a statement that the Helpline reserves the right to edit information for brevity, clarity, and content, and to publish the information in a variety of media, subject to confidentiality issues.

Standard 11: Database Search Methods

The quality assurance review process ensures that information in the resource database is accurate and complete.

1) The Helpline shall have a documented process for verifying information in the resource database either annually or on a continuing basis throughout the year that involves multiple attempts to achieve a 100% verification rate within a 12-month cycle. Information that cannot be verified may be considered for removal for the database.

2) The Helpline shall be able to generate a report that lists resource records according to the date of last formal update to identify records that are out of compliance. The report shall be run at least quarterly. If more than 50% of records are out of date, the Helpline shall create a plan to bring the database up to date.

3) The Helpline shall ensure the resource Agency provides feedback to other I&R staff regarding important changes that have been made in the database as a result of information I&R specialists have supplied.

Standard 12: Resource Database Data Collection, Analysis and Reporting

The creation and maintenance of I&R resource databases generates valuable information about the services and programs available within a community. The I&R service collects, analyzes, and reports insightful information regarding the types of services available, the organizations that provide them, and the areas in which services are available (and unavailable) in ways that are useful to themselves and community partners. An analysis of the resource database maintenance process also reveals information that can enhance both the quality and productivity of each I&R service (for example, by identifying issues for staff training).

The Helpline's resource database is the prime source of information about the programs and services available to the community served by the Helpline.

Standard 13: Cooperative Relationships within the I&R System

In communities that have comprehensive and specialized I&R providers, the Helpline shall develop cooperative and respectful relationships to build a coordinated I&R system which ensures broad access to I&R services, maximizes the utilization of existing I&R resources, avoids duplication of effort and encourages seamless access to community resource information.

1) It is recommended that the Helpline participates in ongoing cooperative program planning and development activities that take into consideration community needs, existing resources, and the activities of other I&R services.

2) The Helpline shall work cooperatively with other community I&R providers to identify changing community needs and to respond to those needs in a timely and appropriate fashion. Regular cooperation ensures that there is an immediate and effective response to the following:

a) Sudden changes in community conditions (e.g. community wide disaster) that may require special outreach efforts or other forms of collaborative response;

b) Changes in legislation; and

c) New information related to the area served that needs to be incorporated.

Standard 14: Cooperative Relationships with Service Providers

The Helpline shall develop cooperative working relationships with local human services providers (e.g. food pantries and local homeless shelters) and larger service systems to build an integrated service delivery system that provides broad access to community services, maximizes the use of existing resources, and facilitates the ability of people who need services to easily find the most appropriate provider. I&R services with broader geographic reach (e.g. statewide, province-wide, regional, or national level programs) shall strive to develop similar working relationships within the area they serve.

The Helpline shall work cooperatively with service providers to address issues that have a critical impact on the community such as disaster relief and recovery, homelessness, health care service delivery, and one-stop collocated human services.

DISASTER PREPAREDNESS: The Helpline shall assess its role in meeting the needs of the community during times of disaster, which may vary depending on the population served. The role the Helpline plays in disaster situations may vary by the phase of the disaster (i.e., preparedness, response, relief, and recovery). The Helpline shall provide information and referrals for inquirers who are experiencing a crisis due to a disaster of natural or human origin. Preparation includes development of an emergency operations and business contingency plan that enables the Helpline to continue providing services if its own facility is damaged or destroyed; and to support its ability to effectively accumulate, validate, and disseminate accurate disaster related information, the Helpline shall provide information and referral assistance for individuals impacted by a disaster, and provide community reports regarding inquirer needs and referrals.

Standard 15: Emergency Operations and Business Contingency Plan

1) The Helpline shall have a written disaster plan that specifically addresses incidents common to the area, and comprehensively prepare staff for most typical emergencies l. The plan shall have two components:

a) An emergency operations component that defines what constitutes a disaster as well as the organization's disaster response expectations, both internally and from the perspective of external stakeholders, and describes the steps the organization must take to meet the needs of the community in the aftermath of an event; and

b) A Continuity of Operations Plan (COOP) component that references emergency preparedness and mitigation activities, such as structural alterations and changes in business operations, and delineates the steps to be taken before, during, and after an emergency to prevent or minimize interruptions in business operations and ensure long-term recovery.

2) The Helpline shall have emergency operation procedures in place for maintaining service delivery during and after an emergency that may occur in the same area in which the program is located or in an area that impacts service delivery. The written procedures related to

a) Personnel Coordination

i) Designation of key staff;

ii) Delegations of authority;

iii) Order of succession;

iv) Expectations of personnel during duty and non-duty hours. Notification of personnel during duty and non-duty hours;

b) Designation of mission-essential functions;

c) Designation of alternative facilities;

d) Continuity of communications among staff before, during, and after a disaster;

e) Securing access to vital records and databases; and

f) Plans for reconstitution and termination of emergency measures.

3) The Helpline shall have written procedures that address specific types of emergencies including power outages, fires, medical emergencies, bomb threats, radiological threats, workplace violence, and other incidents that may require different forms of response (e.g. duck, cover, and hold during an earthquake or sheltering in place during a radiological emergency). Procedures for contacting emergency personnel shall be included.

4) The Helpline shall have written procedures for emergency evacuation of the facility following a disaster that impacts the immediate area surrounding the facility and potentially threatens staff safety. Procedures shall include special arrangements for helping staff or visitors with a disability leave the building.

5) The Helpline shall have written procedures for maintaining service delivery (e.g. answering inquiries and continuing to update community resources) during and after an emergency, including relocation or alternative modes of service delivery. If the I&R service plans to relocate in the event of loss of facilities, alternative sites will be identified.

6) The Helpline shall maintain critical contact and infrastructure information (e.g. telephone service provider and building management information).

Standard 16: Relationships with Emergency and Relief Operations

The Helpline shall participate in ongoing cooperative disaster response planning in the community and establish relationships, as necessary, to become recognized as an integral part of the community's emergency preparedness and response network.

1) The Helpline shall ensure understanding of the command-and-control structure within its jurisdiction (i.e. the responsibilities and authority of officials at city, county, state/provincial, and federal levels) and its role and that of other organizations in the response, relief, and recovery phases of a disaster.

2) The Helpline shall ensure active participation in community meetings that address plans for disaster preparedness, mitigation, response, relief, and recovery.

Standard 17: Disaster Resources

The Helpline shall develop, maintain, and/or use an accurate, up-to-date computerized resource database containing information about available community resources that provide services in times of disaster. Database records shall include descriptions of the services organizations provide and the conditions under which services are available and shall be indexed and accessed using the Disaster Services section of the AIRS/211 LA County Taxonomy of Human Services.

1) The Helpline shall ensure the resource database includes information about permanent local, state, and federal disaster-related resources.

2) The Helpline shall ensure the addition of information in the resource database about organizations that have no formal role in emergency response but emerge in the context of particular disaster, specific relief and recovery services that come to life in response to the specific needs of the community, and specific services offered by organizations with a permanent record in the database (such as Red Cross Service Centers, special needs shelters, etc.).

3) The Helpline shall update the disaster resources annually, immediately prior to an anticipated disaster and throughout the response, relief, and recovery periods.

4) The Helpline shall have an alternative means for allowing staff to access disaster resources if computerized access is unavailable.

5) The Helpline shall verify all information before sharing it with others during a disaster. A streamlined verification process must provide a sufficient level of data validation to ensure accuracy.

Standard 18: Disaster-Related I&R Service Delivery

The Helpline shall provide information and referral services to the community during (when appropriate) and following a disaster or other emergency. This service shall include assessing the needs of the inquirer, evaluating appropriate resources, indicating organizations capable of meeting those needs, and helping inquirers for whom services are unavailable by locating alternative resources and actively participating in linking inquirers to needed services or volunteer opportunities.

1) The Helpline shall ensure adequate staff to meet potential increases in inquirer contacts and needs.

2) The Helpline shall have in place mutual assistance agreements with other I&R services that include provisions for relocation of staff and/or redirection of calls.

3) The Helpline shall have a written protocol for staff who are assigned to provide information and referral at local assistance centers (LACs) or other off-site locations.

4) The Helpline shall ensure I&R specialists have the skills to respond effectively to people in crisis, work cooperatively with other organizations, remain flexible in a rapidly changing environment, are willing to work under adverse conditions (e.g. long hours or uncomfortable surroundings), are aware of their own stress level and coping mechanisms, respond appropriately in face-to-face communications, and work within boundaries of their I&R role.

5) The Helpline shall ensure I&R specialists are knowledgeable about the government emergency response service delivery system, the types of services people typically need before, during, and following a disaster, the organizations that generally provide such services, the types of organizations that may be closed or otherwise unable to deliver services due to an emergency (e.g. government offices and courts), atypical services people may need to access (e.g. open hardware stores and functioning ATM machines), and the structure and contents of the disaster database and/or other approved sources of disaster-related information.

Standard 19: Disaster-Related Data Collection/Reports

The Helpline shall track inquirer requests for service and referrals, collect demographic information from inquirers, and produce reports regarding requests for disaster-related services and referral activity.

1) The Helpline shall collect and organize inquirer data that facilitates appropriate referrals and provides a basis for describing requests for disaster-related services and identifying gaps and overlaps in service.

2) Following all emergencies that necessitate implementation of the provisions of the Disaster Preparedness standards, the Helpline shall produce an after-action report that documents the special activities of the agency with a focus on what worked well and what needs to be improved through revisions of the agency's disaster plan and/or additional training or staff.

Standard 20: Disaster-Related Technology Requirements

The Helpline shall have technology in place that facilitates the ability of the organization to maintain service delivery during times of disaster or a localized emergency. Recommendations for continued operations include an emergency generator, back-up systems for telephones, or an alternate phone number in a different location for staff to access the agency, in case of an emergency that makes the regular phone lines inaccessible.

1) The Helpline shall ensure regular and emergency methods of electronic communication (via email, instant messaging, text/SMS messaging, satellite phones or mobile devices) between staff and management for use internally, for after-hours contacts, and when necessary for pre-and post-disaster events.

2) The Helpline shall establish relationships with its telephone service provider, Internet Service Provider (ISP), website hosting vendor, and I&R software vendor to ensure that the organization is given high priority for continued service in times of disaster.

3) The Helpline I&R service shall have the ability to reroute calls to another location if its own business site is not accessible.

Standard 21: Disaster Training and Exercise

The Helpline shall train staff on emergency operations and business expectations upon hiring and provide ongoing training at least annually. It is recommended that the Helpline actively participate in community disaster exercises to test the Helpline's emergency operations plan.

The Helpline shall provide general training for staff that addresses the specific types of disasters common to the area, the Helpline's role, and mission in times of disaster, the phases of disaster, federal, state/provincial, and local response plans and resources, and other topics that will help prepare staff for an emergency and ensure that they understand their Helpline's commitments.

ORGANIZATIONAL EFFECTIVENESS

The Organizational Effectiveness standards describe the governance and operational structure the Helpline needs to fulfill its mission, including development of policies and procedures.

Standard 22: Governance and Oversight

The Helpline shall operate under the auspices of the AAA, which is governed by representatives of the diverse interest of the community.

1) The governing body shall oversee implementation of program goals and objectives to ensure quality of service and sustainability of the AAA and the Helpline. The governing body (Board of Directors), at a minimum, shall:

- **a)** Ensure that the Helpline has an adequate number of staff and a program manager who is accountable for the operation of the Helpline;
- **b)** Assist in procuring financial and technical assistance to sustain the I&R service;
- **c)** Adopt an annual budget, maintain financial records, and provide for an annual audit by an independent certified public accountant;
- **d)** Promote the Helpline system throughout the community ensuring appropriate publicity, public relations, and outreach.

2) The Helpline shall formally adopt, date, and regularly review written policies that clearly articulate the general principles by which the Helpline is managed. The Helpline shall ensure that organizational policies are available to all employees and that they include employee and hiring policies and procedures.

3) The Helpline shall have a formal process for registering and resolving complaints from inquirers, staff members, and the community, and shall provide protections for whistleblowers.

4) The AAA and Helpline shall have a Code of Ethics that establishes fundamental values and professional standards of conduct for staff in their relationships with their colleagues, their employers, the people they serve, the human service professionals with whom they interact, and the community.

5) The AAA and Helpline shall have a statement approved by the organization's governing body prohibiting discrimination in all its forms and documenting its intention to comply with all laws, orders, and regulations addressing this issue.

6) The Helpline shall provide accessible space and equipment sufficient to ensure confidential interviewing in order for staff to effectively perform their duties.

CAO

Standard 23: Technology

The Helpline shall use technology that improves access to information and enhances its ability to serve inquirers efficiently and effectively. The main role of technology is to enhance and strengthen information sharing while accommodating people's communication preferences. Technology includes telephone systems, telecommunications, computer systems and applications, assistive technology for people with disabilities, and searchable I&R databases on the Internet.

1) The Helpline shall ensure that individuals with disabilities seeking information or services have access to its searchable I&R database that is comparable to that provided to persons without disabilities. The Helpline shall also ensure that employees with disabilities and the public have access to I&R software with reasonable accommodations including features such as speech to text, text to speech, captioning, audio description, and other types of assistive technology.

2) The Helpline shall have policies and procedures that protect the inquirer's right to privacy and anonymity while preserving the I&R specialist's ability to provide for the individual's safety should personal identification become necessary.

3) The Helpline shall ensure that the I&R service has access to professional technical expertise to appropriately maintain all technology and that provisions are in place to ensure a priority response to any breakdowns in key infrastructure.

Standard 24: Personnel Management

The Helpline shall have in place a framework and mechanisms for program and personnel management that provide for the continuity and consistency required for effective service delivery.

1) The Helpline shall recruit and hire staff who are competent, ethical, qualified, sufficient in number to implement service policies, and reflect the community they serve.

2) The Helpline shall have up-to-date job descriptions for all employees and volunteers outlining responsibilities, essential job functions, and lines of accountability. The job descriptions must be dated within the last three years.

3) The Helpline shall provide ongoing supervision and annual evaluation of employees and volunteers by qualified I&R managers, using standardized observation and performance appraisal forms. Performance problems shall be identified, documented, and addressed in an individual performance improvement plan. Staff evaluations shall address specific responsibilities and job functions outlined in individual job descriptions. Quality indicators for the Helpline may include the following:

a) Call Monitoring/Remote Listening: Live or recorded calls that are randomly selected for review and feedback on a regular basis.

b) Secret Shopper Calls: Sometimes known as mystery calls, these are calls conducted by staff or a designated third party without the knowledge of the I&R specialist handling the call. They allow for the "real feeling" of a typical call (including the voice messaging in queue) to be experienced in the same way as a typical client. The results of these calls can be scored in the same manner as other monitored interactions.

c) Mentoring/Coaching: The use of individual sessions, team discussions, role playing, and other techniques to mentor and coach I&R specialist to ensure quality service delivery.

d) Call Management System Reports, Measures and Metrics: The call management component of the telephone system produces weekly and monthly reports that provide data on the following items which may be analyzed to assess individual staff and Helpline efficiency and productivity:

i) Calls received;

ii) Calls answered;

iii) Calls refused; and

iv) Average call handling time.

e) Case Examples: Examples of calls submitted monthly by an I&R specialist that illustrate their call handling techniques. A case example is a written, detailed analysis of how an information and referral calls was handled. The components of a case example include the following:

i) Demographic Information (non-identifying name of I&R specialist, date of call, language of call, subject, line of service (e.g. 211, victim support line).

ii) Presenting situation/problem.

iii) Assessment.

iv) Actions/referrals provided.

v) Follow-up/advocacy if appropriate.

f) Complaints and commendations an I&R specialist has received.

4) If the Helpline permit staff to work off-site, the Helpline must ensure the security and confidentiality of inquirer data and ensure the availability of technology to support the ability of staff to do all or part of their work off-site. For the most part, this innovation provides flexibility and responsiveness to the needs of individual staff. However, in the case of I&R specialists who may be directly serving the public from an off-site location, procedures must be in place to ensure compliance with all service delivery standards regardless of where an I&R inquiry is handled. To ensure that the public experiences no discernible difference in the quality of service, special requirements for off-site I&R service delivery shall be in place, including provisions for I&R specialists to:

a) Make three-way calls to connect the inquirer to external services including language translation services;

b) Contact emergency services while maintaining a connection with the inquirer;

c) Work in a distraction-free environment;

d) Access supervisory assistance, when required, and for supervisors to exercise quality assurance measures; and

e) Access personnel policies and training opportunities that reflect off-site circumstances.

5) The Helpline shall track employee turnover or attrition and have a process for identifying when the turnover percentage impacts service quality.

Standard 25: Staff Training

The Helpline shall maintain a training policy and make training available to employees and volunteers.

1) The Helpline shall provide training for employees and volunteers based on pre-determined training goals with curriculum objectives defining behavioral outcomes for each module.

2) The Helpline shall provide an orientation for new employees and volunteers that addresses the role, mission, and function of the I&R service; the role of the governing body; federal, state, and local laws affecting service delivery (e.g., abuse reporting); and the structure, policies, and procedures of the AAA.

3) The Helpline shall ensure that training for I&R specialists includes:

a) Pre-service training appropriate to the knowledge and skills of new staff to ensure that they meet organizational expectations;

b) On-the-job training that involves increasing levels of responsibility in handling inquiries; and

c) In-service training that focuses on refining and updating the staff's knowledge about the aging network, state and federally funded programs, and skills and work-related attitudes and behaviors.

4) The Helpline shall ensure training for resource staff includes an overview of the local community service delivery system, inclusion/exclusion criteria for the resource database, data elements, taxonomy indexing, database maintenance procedures, use of the I&R service's software, development, and distribution of database products and, when appropriate, training in the I&R service's area of specialization (e.g. disability issues or aging issues).

5) The Helpline shall ensure that the content of the staff training program is consistent with the ABCs of I&R published by AIRS or the Department of Elder Affairs Information and Referral/Assistance training module.

6) The Helpline shall systematically evaluate the effectiveness of its training program and the performance of its trainers and modify the training based on evaluation results.

7) It is recommended that I&R specialists and resource specialists seek professional certification through recognized programs at the state/provincial, regional, or national level.

Standard 26: Promotion and Outreach

The Helpline shall establish and maintain a program that increases public awareness of I&R services, its objectives, and its value to the community. At least two outreach projects targeting low-income older individuals, including low-income minority, older individuals with limited English proficiency, and older individuals residing in rural areas, must be completed annually.

1) The Helpline shall have an outreach plan that employs a systematic methodology for publicizing the organization's services to its targeted population and to other community resources (e.g. other agencies, faith-based organizations, law

enforcement, and schools). The I&R service may publicize its services using a variety of methods, including social media, which are tailored to meet the needs of diverse populations and may include:

a) Personal contact;

b) Speaking engagements;

c) Community meetings;

d) Feature articles;

e) News stories;

f) Displays;

g) Public service announcements or listings;

h) Telephone Directories;

i) Printed materials such as brochures;

j) Posters and billboards;

k) Booths at fairs;

l) Radio;

m) Television; and

n) Internet web page.

2) The I&R service shall publicize its services to people in the community who may experience barriers to accessing services due to physical, mental, or developmental disabilities; homelessness or social isolation; language or cultural background; or other vulnerabilities.

Standard 27: Quality Assurance

The Helpline shall have the ability to assess the quality and effectiveness of all aspects of its operation including its service delivery, resource database, reports and measures, cooperative relationships, disaster preparedness and organizational structure. These determinations shall be made through on-going quality assurance procedures supported by the collection and utilization of information that can be used to manage and continuously improve resource database management and the service delivery process, and through periodic formal evaluations that are used to implement measurable improvements.

1) The Helpline shall have a process for examining its viability as an organization, the effectiveness of its services, its appropriate involvement in the community, and its overall impact on the people it serves.

2) To support management information needs, the Helpline shall have a method for tracking key performance indicators (KPIs) such as:

a) Call volume;

b) Abandoned calls;

c) Average abandonment rate;

d) Average speed of answer;

e) Average call handling time; and

f) Average talk time.

3) The Helpline shall conduct regular customer satisfaction/quality assurance surveys with a minimum of 3 percent (3%) of inquirers [one percent (1%) of the specified percentage must include individuals with limited English proficiency, persons with a disability, or low-income minorities residing in a rural area] to assess overall service performance and I&R service outcomes. The surveys may occur during the original contact with an inquirer, in conjunction with follow-up (after determining whether the inquirer's needs have been met), or in a separate call made for quality assurance purposes. It is important that survey participants be randomly selected. Customer satisfaction questions shall include the following:

a) Was the I&R specialist polite and helpful?

b) Did the inquirer feel they were listened to?

c) Did the inquirer receive a choice of referrals where appropriate?

d) Would the inquirer contact the Helpline again?

e) Would the inquirer recommend the Helpline I&R service to family and friends?

If while conducting client satisfaction/quality assurance surveys, it is determined that the original need of the inquirer has not been met or that the inquirer has new needs, the Helpline shall have procedures in place to provide additional information, referrals, or advocacy.

END OF ATTACHMENT I

ATTACHMENT II

FINANCIAL AND COMPLIANCE AUDIT

The administration of resources awarded by the Agency to the Contractor may be subject to audits and/or monitoring by the Agency, as described in this section.

MONITORING

In addition to reviews of audits conducted in accordance with 2 CFR Part 200 (formerly OMB Circular A-133 as revised), and Section 215.97, F.S., (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by the Agency staff, limited scope audits and/or other procedures. By entering into this contract, the Contractor agreesto comply and cooperate with any monitoring procedures/processes deemed appropriate by the Agency. In the event the Agency determines that a limited scope audit of the Contractor is appropriate, the Contractor agrees to comply with any additional instructions provided by the Agency to the Contractor regarding such audit. The Contractor further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the Contractor is a State or local government or a non-profit organization as defined in 2 CFR Part 200, Subpart A.

In the event that the Contractor expends $750,000.00 or more in federal awards during its fiscal year, the Contractor must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR Part 200. Financial and Compliance Audit Attachment, Exhibit 2 indicates federal resources awarded through the Agency by this contract. In determining the federal awards expended in its fiscal year, the Contractor shall consider all sources of Federal awards, including federal resources received from the Agency. The determination of amounts of Federal awards expended should be in accordance with 2 CFR Part 200. An audit of the Contractor conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200 will meet the requirements of this part.

In connection with the audit requirements addressed in Part I, paragraph 1, the Contractor shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR § 200.508.

If the Contractor expends less than $750,000.00 in federal awards in its fiscal year, an audit conducted in accordance with the provisions of 2 CFR Part 200 is not required. In the event that the Contractor expends less than $750,000.00 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, the cost of the audit must be paid from non-federal resources (i.e., the cost of such audit must be paid from Contractor resources obtained from other than federal entities.)

An audit conducted in accordance with this part shall cover the entire organization for the organization's fiscal year. Compliance findings related to contracts with the Agency shall be based on the contract's requirements, including anyrules, regulations, or statutes referenced in the contract. The financial statements shall disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due to the Agency shall be fully disclosed in the audit report with reference to the Agency contract involved. If not otherwise disclosed as required by 2 CFR § 200.510, the schedule of expenditures of federal awards shall identify expenditures by contract number for each contract with the Agency in effect during the audit period. Financial reporting packages required under this part must be submitted within the earlier of 30 days after receipt of the audit report or 9 months after the end of the Contractor's fiscal year end.

PART II: STATE FUNDED

This part is applicable if the Contractor is a non-state entity as defined by Section 215.97(2), F.S.

In the event that the Contractor expends a total amount of state financial assistance equal to or in excess of $750,000.00 in any fiscal year of such Contractor, the Contractor must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, F.S.; applicable rules of the Department of Financial Services; and Chapter 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. Financial Compliance Audit Attachment, Exhibit 2 indicates state financial assistance awarded through the Agency by this contract. In determining the state financial assistance expended in its fiscal year, the Contractor shall consider all sources of state financial assistance, including state financial assistance received from the Agency, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements.

In connection with the audit requirements addressed in Part II, paragraph 1, the Contractor shall ensure that the audit complies with the requirements of Section 215.97(8), F.S. This includes submission of a financial reporting package as defined by Section 215.97(2), F.S., and Chapter 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

If the Contractor expends less than $750,000.00 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, F.S., is not required. In the event that the Contractor expends less than $750,000.00 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of Section 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Contractor resources obtained from other than State entities).

An audit conducted in accordance with this part shall cover the entire organization for the organization's fiscal year. Compliance findings related to contracts with the Agency shall be based on the contract's requirements, including any applicable rules, regulations, or statutes. The financial statements shall disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due to the Agency shall be fully disclosed in the audit report with reference to the Agency contract involved. If not otherwise disclosed as required by Rule 69I- 5.003, F.A.C., the schedule of expenditures of state financial assistance shall identify expenditures by contract number for each contract with the Agency in effect during the audit period. For local governmental entities, financial reporting packages required under this part must be submitted within 45 days after delivery of the audit report, but no later than 12 months after the Contractor's fiscal year end. For non-profit or for-profit organizations, financial reporting packages required under this part must be submitted within 45 days after delivery of the audit report, but no later than 9 months afterthe Contractor's fiscal year end. Notwithstanding the applicability of this portion, the Agency retains all right and obligation to monitor and oversee the performance of this contract as outlined throughout this document and pursuant to law.

PART III: REPORT SUBMISSION

Copies of financial reporting packages for audits conducted in accordance with 2 CFR Part 200 and required by Part I of this Financial Compliance Audit Attachment, shall be submitted, when required by 2 CFR § 200.512 by or on behalf of the Contractor directly to each of the following:

Federal Audit Clearinghouse
Bureau of the Census
1201 East 10th Street
Jeffersonville, IN 47132

Pursuant to 2 CFR § 200.512, all other Federal agencies, pass-through entities and others interested in a reporting package and data collection form must obtain it by accessing the Federal Audit Clearinghouse.

The Contractor shall submit a copy of any management letter issued by the auditor directly to the Agency.

Florida Department of Elder Affairs
Attn: Audit Repository
4040 Esplanade Way, Suite 235S
Tallahassee, Florida 32399-7000

Additionally, copies of financial reporting packages required by this contract's Financial Compliance Audit Attachment, Part II, shall be submitted by or on behalf of the Contractor directly to each of the following:

The Area Agency on Aging for Southwest Florida, Inc. at the following address:

Area Agency on Aging for Southwest Florida, Inc.
Attn: Chief Financial Officer
2830 Winkler Ave., Suite 112

Fort Myers, FL 33916

The Auditor General's Office at the following address:

State of Florida Auditor General
Claude Pepper Building, Room 574
111 West Madison Street
Tallahassee, Florida 32399-1450

Any reports, management letters, or other information required to be submitted to the Agency pursuant to this contractshall be submitted timely in accordance with 2 CFR Part 200, F.S., and Chapter 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

Contractors, when submitting financial reporting packages to the Agency for audits done in accordance with 2 CFR Part 200 or Chapter 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to the Contractor in correspondence accompanying the reporting package.

PART IV: RECORD RETENTION

The Contractor shall retain sufficient records demonstrating its compliance with the terms of this contract for a period of six (6) years from the date the audit report is issued, and shall allow the Agency or its designee, the CFO, or Auditor General access to such records upon request. The Contractor shall ensure that audit working papers are made available to the Agency or its designee, CFO, or Auditor General upon request for a period of six (6) years from the date the audit report is issued, unless extended in writing by the Agency.

ATTACHMENT II-EXHIBIT 1

PART I: AUDIT RELATIONSHIP DETERMINATION

Contractors who receive state or federal resources may or may not be subject to the audit requirements of 2 CFR Part 200 and/or Section 215.97, F.S. Contractors who are determined to be recipients or sub-recipients of federal awards and/or state financial assistance may be subject to the audit requirements if the audit threshold requirements set forth in Part I and/or Part II of Exhibit 1 are met. Contractors who have been determined to be vendors are not subject to the audit requirements of 2 CFR § 200.38 and/or Section 215.97, F.S. Regardless of whether the audit requirements are met, Contractors who have been determined to be recipients or sub-recipients of Federal awards and/or state financial assistance must comply with applicable programmatic and fiscal compliance requirements.

In accordance with 2 CFR Part 200 and/or Rule 69I-5.006, F.A.C., Contractor has been determined to be:

_____ Vendor not subject to 2 CFR § 200.38 and/or Section 215.97, F.S.
__X__ Recipient/sub-recipient subject to 2 CFR §§ 200.86 and 200.93 and/or Section 215.97, F.S.

A. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS – PRIMARY COVERED TRANSACTION.

The undersigned Contractor certifies, to the best of its knowledge and belief, that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by a Federal Agency or agency;
2. Have not within a three-year period preceding this contract been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
3. Are not presently indicted or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph A.2. of this certification; and/or
4. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause of default.

The undersigned shall require that language of this certification be included in the documents for all subcontracts at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients and contractors shall provide this certification accordingly.

B. CERTIFICATION REGARDING LOBBYING – CERTIFICATION FOR CONTRACTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS.

The undersigned Contractor certifies, to the best of its knowledge and belief, that:

No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of Congress or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

CAO

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or employee of a Member of Congress in connection with a Federal contract, grant, loan, or cooperative agreement, the undersigned shall also complete and submit Standard Form – LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

Submission of this certification is a prerequisite for making or entering into this contract imposed by 31 U.S.C. § 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

C. NON- DISCRIMINATION & EQUAL OPPORTUNITY ASSURANCE (29 CFR PART 37 AND 45 CFR PART 80). - As a condition of the Contract, Contractor assures that it will comply fully with the nondiscrimination and equal opportunity provisions of the following laws:

1. Section 188 of the Workforce Investment Act of 1998 (WIA), (Pub. L. 105-220), which prohibits discrimination against all individuals in the United States on the basis of race, color, religion, sex, national origin, age, disability, political affiliation, or belief, and against beneficiaries on the basis of either citizenship/status as a lawfully admitted immigrant authorized to work in the United States or participation in any WIA Title I-financially assisted program or activity.
2. Title VI of the Civil Rights Act of 1964 (Pub. L. 88-352), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 80), to the end that, in accordance with Title VI of that Act and the Regulation, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Agency.
3. Section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 84), to the end that, in accordance with Section 504 of that Act and the Regulation, no otherwise qualified handicapped individual in the United States shall, solely by reason of his handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Agency.
4. The Age Discrimination Act of 1975 (Pub. L. 94-135), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 91), to the end that, in accordance with the Act and the Regulation, no person in the United States shall, on the basis of age, be denied the benefits of, be excluded from participation in, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Agency.
5. Title IX of the Education Amendments of 1972 (Pub. L. 92-318), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 86), to the end that, in accordance with Title IX and the Regulation, no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any education program or activity for which the Applicant receives Federal financial assistance from the Agency.
6. The American with Disabilities Act of 1990 (Pub. L. 101-336), which prohibits discrimination in all employment practices including job application procedures, hiring, firing, advancement, compensation, training, and other terms, conditions, and privileges of employment. It applies to recruitment, advertising, tenure, layoff, leave, fringe benefits, and all other employment-related activities.
7. Contractor also assures that it will comply with 29 CFR Part 37 and all other regulations implementing the laws listed above. This assurance applies to Contractor's operation of the WIA Title I – financially assisted program or activity, and to all contracts Contractor makes to carry out the WIA Title I – financially assisted program or activity. Contractor understands that Agency and the United States have the right to seek judicial enforcement of the assurance.

The undersigned shall require that language of this assurance be included in the documents for all subcontracts at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients and contractors shall provide this assurance accordingly.

D. CERTIFICATION REGARDING PUBLIC ENTITY CRIMES, SECTION 287.133, F.S.

Contractor hereby certifies that neither it, nor any person or affiliate of Contractor, has been convicted of a Public Entity Crime as defined in section 287.133, F.S., nor placed on the convicted vendor list.
Contractor understands and agrees that it is required to inform Agency immediately upon any change of circumstances regarding this status.

E. ASSOCIATION OF COMMUNITY ORGANIZATIONS FOR REFORM NOW (ACORN) FUNDING RESTRICTIONS ASSURANCE (Pub. L. 111-117).

As a condition of the Contract, Contractor assures that it will comply fully with the federal funding restrictions pertaining to ACORN and its subsidiaries per the Consolidated Appropriations Act, 2010, Division E, Section 511 (Pub. L. 111-117). The Continuing Appropriations Act, 2011, Sections 101 and 103 (Pub. L. 111-242), provides that appropriations made under Pub. L. 111-117 are available under the conditions provided by Pub. L. 111-117.

The undersigned shall require that language of this assurance be included in the documents for all subcontracts at all tiers (including subcontracts, sub-grants and contracts under grants, loans and cooperative agreements) and that all sub-recipients and contractors shall provide this assurance accordingly.

F. SCRUTINIZED COMPANIES LISTS AND NO BOYCOTT OF ISRAEL CERTIFICATION, SECTION 287.135, F.S.

In accordance with section 287.135, F.S., Contractor hereby certifies that it has not been placed on the Scrutinized Companies that Boycott Israel List and that it is not engaged in a boycott of Israel.

If this contract is in the amount of $1 million or more, in accordance with the requirements of section 287.135, F.S., Contractor hereby certifies that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List and that it is not engaged in business operations in Cuba or Syria.

Contractor understands that pursuant to section 287.135, F.S., the submission of a false certification may result in the Agency terminating this contract and the submission of a false certification may subject Contractor to civil penaltiesand attorney fees and costs, including any costs for investigations that led to the finding of false certification.

If Contractor is unable to certify any of the statements in this certification, Contractor shall attach an explanation to this contract.

G. CERTIFICATION REGARDING DATA INTEGRITY COMPLIANCE FOR CONTRACTS, AGREEMENTS, GRANTS, LOANS, AND COOPERATIVE AGREEMENTS

1. The Contractor and any Subcontractors of services under this contract have financial management systems capable of providing certain information, including: (1) accurate, current, and complete disclosure of the financialresults of each grant-funded project or program in accordance with the prescribed reporting requirements; (2) the source and application of funds for all contract supported activities; and (3) the comparison of outlays with budgeted amounts for each award. The inability to process information in accordance with these requirements could result in a return of grant funds that have not been accounted for properly.
2. Management Information Systems used by the Contractor, Subcontractors, or any outside entity on which the Contractor is dependent for data that is to be reported, transmitted, or calculated have been assessed and verified to be capable of processing data accurately, including year-date dependent data. For those systems identified to be non-compliant, Contractors will take immediate action to assure data integrity.
3. If this contract includes the provision of hardware, software, firmware, microcode, or imbedded chip technology, the undersigned warrants that these products are capable of processing year-date dependent data accurately. All versions of these products offered by the Contractor (represented by the undersigned) and purchased by the state will be verified for accuracy and integrity of data prior to transfer.

4. In the event of any decrease in functionality related to time and date related codes and internal subroutines that impede the hardware or software programs from operating properly, the Contractor agrees to immediately make required corrections to restore hardware and software programs to the same level of functionality as warranted herein, at no charge to the state, and without interruption to the ongoing business of the state, time being of the essence.
5. The Contractor and any Subcontractors of services under this contract warrant that their policies and procedures include a disaster plan to provide for service delivery to continue in case of an emergency, including emergencies arising from data integrity compliance issues.

H. VERIFICATION OF EMPLOYMENT STATUS CERTIFICATION

As a condition of contracting with the Agency, Contractor certifies the use of the U.S. Department of Homeland Security's E-verify system to verify the employment eligibility of all new employees hired by Contractor during the contract term to perform employment duties pursuant to this contract, and that any subcontracts include an express requirement that Subcontractors performing work or providing services pursuant to this contract utilize the E-verify system to verify the employment eligibility of all new employees hired by the Subcontractor during the entire contract term.

The Contractor shall require that the language of this certification be included in all sub-agreements, sub-grants, and other agreements/contracts and that all Subcontractors shall certify compliance accordingly.

This certification is a material representation of fact upon which reliance was placed when this contract was made or entered into. Submission of this certification is a prerequisite for making or entering into this contract imposed by Circulars A-102 and 2 CFR Part 200 and 215 (formerly OMB Circular A-110).

I. RECORDS AND DOCUMENTATION

The Contractor agrees to make available to Agency staff and/or any party designated by the Agency any andall contract related records and documentation. The Contractor shall ensure the collection and maintenance of all program related information and documentation on any such system designated by the Agency. Maintenance includes valid exports and backups of all data and systems according to Agency standards.

J. CERTIFICATION REGARDING INSPECTION OF PUBLIC RECORDS

1. In addition to the requirements of Section 10 of the Standard Contract, sections 119.0701(3) and (4) F.S., and any other applicable law, if a civil action is commenced as contemplated by section 119.0701(4), F.S., and the Agency is named in the civil action, Contractor agrees to indemnify and hold harmless the Agency for any costs incurred bythe Agency and any attorneys' fees assessed or awarded against the Agency from a Public Records Request made pursuant to Chapter 119, F.S., concerning this contract or services performed thereunder.
   a. Notwithstanding section 119.0701, F.S., or other Florida law, this section is not applicable to contracts executed between the Agency and state agencies or subdivisions defined in section 768.28(2), F.S.

2. Section 119.01(3), F.S., states if public funds are expended by an agency in payment of dues or membership contributions for any person, corporation, foundation, trust, association, group, or other organization, all the financial, business, and membership records of such an entity **which pertain to the public agency (Florida Department of Elder Affairs)** are public records. Section 119.07, F.S, states that every person who has custody of such a public record shall permit the record to be inspected and copied by any person desiring to do so, under reasonable circumstances.

Additionally, I certify this organization does ☒ does not ☐ provide for institutional memberships.

Contractor's signature below attests that records pertaining to the dues or membership application by the Agency areavailable for inspection if applicable, as stated above.

By execution of this contract, Contractor must include these provisions (A-J) in all related subcontract agreements (if applicable).

By signing below, Contractor certifies that the representations outlined in parts A through J above are true and correct.

INSTRUCTIONS FOR THE CIVIL RIGHTS COMPLIANCE CHECKLIST

1. Describe the geographic service area such as a district, county, city, or other locality. If the program/facility serves a specific target population such as adolescents, describe the target population. Also, define the type of service provided.

2. Enter the percent of the population served by race, sex, disability, and over the age of 40. The population served includes persons in the geographical area for which services are provided such as a city, county or other regional area. Population statistics can be obtained from local chambers of commerce, libraries, or any publication from the 1980 Census containing Florida population statistics. Include the source of your population statistics. ("Other" races include Asian/Pacific Islanders and American Indian/Alaskan Natives.)

3. Enter the total number of full-time staff and their percent by race, sex, disability, and over the age of 40. Include the effective date of your summary.

4. Enter the total number of clients who are enrolled, registered or currently served by the program or facility, and list their percent by race, sex, disability, and over the age of 40. Include the date that enrollment was counted.

a. Where there is a significant variation between the race, sex, or ethnic composition of the clients and their availability in the population, the program/facility has the responsibility to determine the reasons for such variation and take whatever action may be necessary to correct any discrimination. Some legitimate disparities may exist when programs are sanctioned to serve target populations such as elderly or disabled persons.

5. Enter the total number of advisory board members and their percent by race, sex, disability, and over the age of 40. If there is no advisory or governing board, leave this section blank.

6. Each recipient of federal financial assistance must have on file an assurance that the program will be conducted in compliance with all nondiscriminatory provisions as required in 45 CFR Part 80. This is usually a standard part of the contract language for Agency Recipients and their Sub-grantees. 45 CFR § 80.4(a).

7. Is the race, sex, and national origin of the staff reflective of the general population? For example, if 10% of the population is Hispanic, is there a comparable percentage of Hispanic staff?

8. Do eligibility requirements unlawfully exclude persons in protected groups from the provision of services or employment? Evidence of such may be indicated in staff and client representation (Questions 3 and 4) and also through on-site record analysis of persons who applied but were denied services or employment. 45 CFR § 80.3(a) and 45 CFR § 80.1.

9. Participants or clients must be provided services such as medical, nursing, and dental care, laboratory services, physical and recreational therapies, counseling, and social services without regard to race, sex, color, national origin, religion, age, or disability. Courtesy titles, appointment scheduling, and accuracy of record keeping must be applied uniformly and without regard to race, sex, color, national origin, religion, age, or disability. Entrances, waiting rooms, reception areas, restrooms, and other facilities must also be equally available to all clients. 45 CFR § 80.3(b).

10. For in-patient services, residents must be assigned to rooms, wards, etc., without regard to race, color, national origin, or disability. Also, residents must not be asked whether they are willing to share accommodations with persons of a different race, color, national origin, or disability. 45 CFR § 80.3(a).

11. The program/facility and all services must be accessible to participants and applicants, including those persons who may not speak English. In geographic areas where a significant population of non-English speaking people live, program accessibility may include the employment of bilingual staff. In other areas, it is sufficient to have a policy or plan for service, such as a current list of names and telephone numbers of bilingual individuals who will assist in the provision of services. 45 CFR § 80.3(a).

12. Programs/facilities must make information regarding the nondiscriminatory provisions of Title VI available to their participants, beneficiaries, or any other interested parties. 45 CFR § 80.6(d). This should include information on their right to file a complaint of discrimination with either the Agency or the U.S. Department of Health and Human Services. The information may be supplied verbally or in writing to every individual or may be supplied through the useof an equal opportunity policy poster displayed in a public area of the facility.

13. Report number of discrimination complaints filed against the program/facility. Indicate the basis (e.g. race, color, creed, sex, age, national origin, disability, and/or retaliation) and the issues involved (e.g. services or employment, placement, termination, etc.). Indicate the civil rights law or policy alleged to have been violated along with the name and address

of the local, state, or federal agency with whom the complaint has been filed. Indicate the current status of the complaint (e.g. settled, no reasonable cause found, failure to conciliate, failure to cooperate, under review, etc.).

14. The program/facility must be physically accessible to mobility, hearing, and sight-impaired individuals. Physical accessibility includes designated parking areas, curb cuts or level approaches, ramps, and adequate widths to entrances. The lobby, public telephone, restroom facilities, water fountains, and information and admissions offices should be accessible. Door widths and traffic areas of administrative offices, cafeterias, restrooms, recreation areas, counters, and serving lines should be observed for accessibility. Elevators should be observed for door width and Braille or raised numbers. Switches and controls for light, heat, ventilation, fire alarms, and other essentials should be installed at an appropriate height for mobility impaired individuals.

15. Section 504 of the Rehabilitation Act of 1973 requires that a recipient of federal financial assistance conduct a self-evaluation to identify any accessibility barriers. Self-evaluation is a four-step process:

a. Evaluate, with the assistance of disabled individual(s)/organization(s), current policies and practices that do not or may not comply with Section 504;
b. Modify policies and practices that do not meet Section 504 requirements.
c. Take remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices; and
d. Maintain self-evaluation on file, including a list of the interested persons consulted, a description of areas examined, and any problems identified, and a description of any modifications made and of any remedial steps taken 45 CFR § 84.6. (This checklist may be used to satisfy this requirement if these four steps have been followed).

16. Programs or facilities that employ 15 or more persons shall adopt grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by Part 84 of Title 45, CFR45 CFR § 84.7(b).

17. Programs or facilities that employ 15 or more persons shall designate at least one person to coordinate its efforts to comply with Part 84 of Title 45, CFR. 45 CFR § 84.7(a).

18. Programs or facilities that employ 15 or more persons shall take appropriate initial and continuing steps to notify participants, beneficiaries, applicants, and employees that the program/facility does not discriminate on the basis of handicap in violation of Section 504 and Part 84 of Title 45, CFR. Methods of initial and continuing notification may include the posting of notices, publication in newspapers and magazines, placement of notices in publications of the programs or facilities, and distribution of memoranda or other written communications. 45 CFR § 84.8(a).

19. Programs or facilities that employ 15 or more persons shall provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills where necessary to afford such persons an equal opportunity to benefit from the service in question. Auxiliary aids may include, but are not limited to, brailed and taped materials, interpreters, and other aids for persons with impaired hearing or vision. 45 CFR § 84.52(d).

20. Programs or facilities with 50 or more employees and $50,000.00 in federal contracts must develop, implement, and maintain a written affirmative action compliance program in accordance with Executive Order 11246, 41 CFR Part 60 and Title VI of the Civil Rights Act of 1964, as amended.

OAA ANNUAL VOLUNTEER ACTIVITY REPORT SPECIFICATIONS

I. Categories & Definitions

Direct Volunteers: Volunteers who have person-to-person contact with clients (e.g. I&R specialists, SHINE counselors, and individuals providing respite and companionship).

Indirect Volunteers: Volunteers who coordinate, manage, or participate in specific services, programs, or activities that assist paid staff in planning, implementing, and evaluating the goals and objectives of an organization (e.g. speaker's bureau volunteer, data entry, board members, etc.).

Episodic Volunteers: Volunteers who participate in a specific, one-time event for a limited time, regardless of direct or indirect volunteers.

NOTE: A volunteer can only be counted once. Select the category (direct, indirect, or episodic) that best describes the individual volunteer and his/her volunteer work.

Unduplicated direct or indirect volunteers: Number of volunteers who perform service activities.

II. Survey Questions

i. User input: Email address

Congregate Meals: Meal service in a group setting to individuals who cannot prepare or obtain nutritionally adequate meals themselves. Meals assist individuals to maintain a nutritious diet.

Consumer Education/Counseling: Enhances the capacity of mature consumers to navigate the increasingly complex marketplace. Consumer education programs provide significant benefits, including identification of market information, compliant and consumer redress procedures, and understanding of a technology-based consumer environment.

CAO

Disaster Preparation/Recovery: Services provided in coordination with American Red Cross, FEMA, and local task forces in response or in preparation of a disaster.

Education: Community outreach program of an academic institution that offers educational and cultural programs specifically designed to foster and support lifelong learning.

Foster Grandparents: Provides a way for volunteers age 55 and older to stay active by serving children and youth in their communities, through tutoring and mentoring.

Fundraising: Any service directly related to the solicitation of contributions for a committee, program, or organization.

Health Promotion: Programs specifically for older adults in the areas of health education, physical activity, coordinated screening, and mental health.

Home Delivered Meals: Meal service delivered to the homes to individuals who cannot prepare or obtain nutritionally adequate meals for themselves. Meals assist individuals to maintain a nutritious diet.

Homemaker Programs: Programs provide in-home services to elders at-risk of premature placement in a nursing home. Clients must be 60 years of age or older.

Home Repair: Home improvement, remodeling, or handyman work, including small, odd jobs, and routine tasks.

Information and Referral: One-to-one services directing elders to appropriate programs and resources based on elders' needs and specialized knowledge of aging services within the community.

Intergenerational: Activities or programs that increase cooperation, interaction, or exchange between any two or more generations.

Legal Assistance: Legal services to elders age 60 and older that deal with issues such as property taxes, mobile home, and other landlord tenant issues, advance directives, Medicaid eligibility, Social Security denial, and state and local welfare benefit denials.

RSVP: Retired Senior Volunteer Program includes a network for individuals age 55 and older who use their skills and talents in volunteer activities such as home repairs, tutoring and mentoring, and assisting victims of natural disasters.

Recreation: Programs for older adults including health education, physical activity, and coordinated screening for physical and mental health.

RELIEF: Respite for Elders Living in Everyday Families offers respite services to caregivers of frail elders and those with Alzheimer's disease and related dementia.

Respite: Service that provides a temporary break for a family member from daily caregiving responsibilities.

Safety Education Programs: Programs on home safety, driver's safety fall prevention, and other general safety educational topics provided by a volunteer to the aging network.

Senior Companions: Volunteers provide services to elders at risk of institutionalization due to chronic illness, disability, or isolation. Services may include transportation to medical appointments, shopping assistance, meal preparation, companionship, and advocacy, as well as respite for caregivers.

Elder Abuse Prevention Programs: Prevention strategies for elder abuse neglect, and exploitation, fraud, scams, identity theft, and programs on home safety. **SHINE and Florida SHINE/SMP:** The SHINE Program provides free and unbiased counseling through a dedicated network of volunteers, empowering Florida seniors to make informed decisions. Through the SHINE Program, SHINE volunteers help Medicare beneficiaries, their families, and caregivers through education, counseling, and assistance. Through the SHINE/SMP (Senior Medicare Patrol) Program, volunteers also educate beneficiaries to protect, detect and report potential errors, fraud, and abuse with their Medicare Coverage.

Special Events: Time-limited events.

Speakers' Bureau: Service that provides the right professional speaker for every type of event.

Telephone Reassurance: Scheduled telephone calls to check on homebound elders, which may include a friendly visit from law enforcement or volunteers.

Transportation: Service provided for older adults and individuals with disabilities including lift-equipped vehicles for wheelchair transport and medical transportation for appointments, dialysis, and chemotherapy

AREA AGENCY ON AGING FOR SOUTHWEST FLORIDA, INC.
STANDARD CONTRACT

THIS CONTRACT is entered into between Area Agency on Aging for Southwest Florida, Inc. d/b/a AAASWFL and Collier County Board of County Commissioners (Contractor), collectively referred to as the "Parties." The term Contractor for this purpose may designate a Vendor, Subgrantee, or Subrecipient.
WITNESSETH THAT:
WHEREAS, the AAASWFL has determined that it is in need of certain services as described herein; and
WHEREAS, the Contractor has demonstrated that it has the requisite expertise and ability to faithfully perform such services as an independent Contractor of the AAASWFL.
NOW THEREFORE, in consideration of the services to be performed and payments to be made, together with the mutual covenants and conditions set forth herein, the Parties agree as follows:

1. Purpose of Contract:
The purpose of this contract is to provide services in accordance with the terms and conditions specified in this contract including all attachments, forms, and exhibits which constitute the contract document.

2. Incorporation of Documents within the Contract:
The contract will incorporate attachments, proposal(s), state plan(s), grant agreements, relevant AAASWFL handbooks, manuals and/or desk books, as an integral part of the contract, except to the extent that the contract explicitly provides to the contrary. In the event of conflict in language among any of the documents referenced above, the specific provisions and requirements of the contract document(s) shall prevail over inconsistent provisions in the proposal(s) or other general materials not specific to this contract document and identified attachments.

3. Term of Contract:
This contract shall begin at twelve (12:00) A.M., Eastern Standard Time **January 1, 2024** or on the date the contract has been signed by the last party required to sign it, whichever is later. It shall end at eleven fifty-nine (11:59) P.M., Eastern Standard Time **December 31, 2024**.

4. Contract Amount:
The Agency agrees to pay for contracted services according to the terms and conditions of this contract in an amount not to exceed **$2,791,231.23**, subject to the availability of funds. Any costs or services paid for under any other contract or from any other source are not eligible for payment under this contract.

5. Renewals:
By mutual agreement of the Parties, in accordance with Section 287.058(1)(g), Florida Statutes (F.S.), AAASWFL may renew the contract for a period not to exceed three years, or the term of the original contract, whichever is longer. The renewal price, or method for determining a renewal price, is set forth in the bid, proposal, or reply. No other costs for the renewal may be charged. Any renewal is subject to the same terms and conditions as the original contract and contingent upon satisfactory performance evaluations by AAASWFL and the availability of funds.

6. Compliance with Federal Law:

6.1 If this contract contains federal funds this section shall apply.

6.1.1 The Contractor shall comply with the provisions of 45 Code of Federal Regulations (CFR) Part 75 and/or 45 CFR Part 92, 2 CFR Part 200, and other applicable regulations.

6.1.2 If this contract contains federal funds and is over $100,000.00, the Contractor shall comply with all applicable standards, orders, or regulations issued under Section 306 of the Clean Air Act as amended (42 United States Code (U.S.C.) § 7401, et seq.), Section 508 of the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251, et seq.), Executive Order 11738, as amended, and, where applicable, Environmental Protection Agency regulations 2 CFR Part 1500. The Contractor shall report any violations of the above to AAASWFL.

6.1.3 Neither the Contractor nor any agent acting on behalf of the Contractor may use any federal funds received in connection with this contract to influence legislation or appropriations pending before Congress or any state legislature. The Contractor must complete all disclosure forms as required, specifically the

AREA AGENCY ON AGING FOR SOUTHWEST FLORIDA, INC.
STANDARD CONTRACT

THIS CONTRACT is entered into between Area Agency on Aging for Southwest Florida, Inc. d/b/a AAASWFL and Collier County Board of County Commissioners (Contractor), collectively referred to as the "Parties." The term Contractor for this purpose may designate a Vendor, Subgrantee, or Subrecipient.

WITNESSETH THAT:

WHEREAS, the AAASWFL has determined that it is in need of certain services as described herein; and

WHEREAS, the Contractor has demonstrated that it has the requisite expertise and ability to faithfully perform such services as an independent Contractor of the AAASWFL.

NOW THEREFORE, in consideration of the services to be performed and payments to be made, together with the mutual covenants and conditions set forth herein, the Parties agree as follows:

1. Purposeof Contract:

The purpose of this contract is to provide services in accordance with the terms and conditions specified in this contract including all attachments, forms, and exhibits which constitute the contract document.

2. Incorporation of Documents within the Contract:

The contract will incorporate attachments, proposal(s), state plan(s), grant agreements, relevant AAASWFL handbooks, manuals and/or desk books, as an integral part of the contract, except to the extent that the contract explicitly provides to the contrary. In the event of conflict in language among any of the documents referenced above, the specific provisions and requirements of the contract document(s) shall prevail over inconsistent provisions in the proposal(s) or other general materials not specific to this contract document and identified attachments.

3. Term of Contract:

This contract shall begin at twelve (12:00) A.M., Eastern Standard Time **January 1, 2024** or on the date the contract has been signed by the last party required to sign it, whichever is later. It shall end at eleven fifty-nine (11:59) P.M., Eastern Standard Time **December 31, 2024**.

4. Contract Amount:

The Agency agrees to pay for contracted services according to the terms and conditions of this contract in an amount not to exceed **$ 3,004,265.41**, subject to the availability of funds. Any costs or services paid for under any other contract or from any other source are not eligible for payment under this contract.

5. Renewals:

By mutual agreement of the Parties, in accordance with Section 287.058(1)(g), Florida Statutes (F.S.), AAASWFL may renew the contract for a period not to exceed three years, or the term of the original contract, whichever is longer. The renewal price, or method for determining a renewal price, is set forth in the bid, proposal, or reply. No other costs for the renewal may be charged. Any renewal is subject to the same terms and conditions as the original contract and contingent upon satisfactory performance evaluations by AAASWFL and the availability of funds.

6. Compliancewith Federal Law:

6.1 If this contract contains federal funds this section shall apply.

6.1.1 The Contractor shall comply with the provisions of 45 Code of Federal Regulations (CFR) Part 75 and/or 45 CFR Part 92, 2 CFR Part 200, and other applicable regulations.

6.1.2 If this contract contains federal funds and is over $100,000.00, the Contractor shall comply with all applicable standards, orders, or regulations issued under Section 306 of the Clean Air Act as amended (42 United States Code (U.S.C.) § 7401, et seq.), Section 508 of the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251, et seq.), Executive Order 11738, as amended, and, where applicable, Environmental Protection Agency regulations 2 CFR Part 1500. The Contractor shall report any violations of the above to AAASWFL.

6.1.3 Neither the Contractor nor any agent acting on behalf of the Contractor may use any federal funds received in connection with this contract to influence legislation or appropriations pending before Congress or any state legislature. The Contractor must complete all disclosure forms as required, specifically the

Executive Summary

Recommendation to approve and authorize the Chairman to sign two State Housing Initiative Partnership Agreement Amendments between Collier County and (a) Habitat for Humanity Amendment #2 to increase the per unit amount and (b) Collier County Housing Authority Amendment #1 to clarify language and resolve a scrivener error. (SHIP Grant Fund 1053)

OBJECTIVE: To support comprehensive affordable housing opportunities through the New Construction and Rental Rehabilitation strategies for very low, low, and moderate-income persons in Collier County.

CONSIDERATIONS:

The William E. Sadowski Affordable Housing Act provides funding to local communities to promote and advance affordable housing initiatives. Funds are generated through documentary stamp tax on real estate transactions. Under the SHIP Program, Collier County and the City of Naples receive funds from the State of Florida through the Florida Housing Finance Corporation to undertake eligible activities.

Fiscal Year 2022-2025 Local Housing Assistance Plan (LHAP), as amended, was adopted by the Board of County Commissioners on April 26, 2022, Resolution No. 2022-68A, Agenda Item #16D3 amended by technical revision November 10, 2022, which was incorporated and authorized by technical revision on July 23, 2024, Item#16D3.

1. **Habitat for Humanity Amendment #2**

The New Construction agreement between Collier County and Habitat for Humanity (HFH) was approved by the Board of County Commissioners (BCC) on October 10,2023 agenda item #16D3 and the first amendment was approved on April 23, 2024, agenda item #16D2 to increase the award amount. The proposed second amendment will increase the amount of reimbursement per unit to $75,000 to align with the most recently approved LHAP on July 23, 2024 and change the total set aside units at 50 percent AMI to 14 and the Special Needs units to 10.

Amendment #2 to the Sponsor agreement includes:

1. Section 1.4 Project Description/Budget

A. Project Component 1: Construction of new residential housing units (~~$50,000~~ $75,000.00 per unit).

1. Section D Payment Deliverables is hereby revised as follows:
    1. 6. Invoices and cancelled checks totaling a minimum of ~~$50,000~~ $75,000 in construction related expenses for each participating housing unit.
2. Exhibit B
    1. h) Payment documents:

7. Invoices and cancelled checks totaling a minimum of ~~$50,000~~ $75,000 in construction/development related expenses for each housing unit assisted.

(i) Program set asides

A. A minimum of ~~12~~ 14 units for households at or below 50 percent (50%) AMI.

B. A Minimum of ~~eight~~ 10 units for households identified as Special Needs per SHIP Statutes.

1. Exhibit C
    1. 1. Construction/Development expenditures shall not exceed ~~$50,000~~ $75,000 per unit.

1. **Collier County Housing Authority Amendment #1**

The Rental Rehabilitation agreement between Collier County and Collier County Housing Authority (CCHA) was approved by the Board of County Commissioners (BCC) on June 25, 2024, agenda item #16D10. This first amendment will clarify the agreement language and amend scrivener errors.

The Sponsor's Rental Rehabilitation First Amendment includes:

1. 1.6 Agreement Amount: The county agrees to make available Five Hundred ~~Twenty Five~~ Thousand Dollars
2. Exhibit B
    1. The Sponsor covenants that a minimum of ~~seventeen~~ sixteen (16) units will be rented to income-eligible tenants, as defined by HUD.
    2. The Project budget is Five Hundred ~~Twenty-Five~~ Thousand Dollars.
3. 4)
    1. G. Sponsor has not begun to offer at least ~~seventeen~~ sixteen (16) affordable rental housing units to very low and/or low-income families, in accordance with the provisions of Par t1 of Exhibit B on or before, June 30, 2026.
4. Exhibit C
    1. The total SHIP allocation to the sponsor for the Rental Rehabilitation Program shall not exceed Five Hundred ~~Twenty-Five~~ Thousand ~~Twenty~~ Dollars ~~($525,020.00~~ $500,000.00.
    2. Source of funds chart FY2023-2024 ~~$180,000.00~~ $154,980 Total Funds ~~$525,020.00~~ $500,000.00

FISCAL IMPACT: There is no new fiscal impact, the funds for the associated subrecipient agreements are available in SHIP Grant Fund (1053), Project 33807 & 33863.

GROWTH MANAGEMENT IMPACT: Acceptance of these agreements will allow the County to expand affordable housing opportunities for its citizens and further the goals of the Housing Element of the Collier County Growth Management Plan.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved for form and legality and requires a majority vote for Board approval. -JAK

RECOMMENDATIONS: To approve and authorize the Chairman to sign two State Housing Initiative Partnership Agreement Amendments between Collier County and (a) Habitat for Humanity Amendment #2 to increase the per unit amount and (b) Collier County Housing Authority Amendment #1 to clarify language and resolve a scrivener error. AGREEMENT BETWEEN COLLIER COUNTY
AND
HABITAT FOR HUMANITY OF COLLIER COUNTY, INC.
New Construction Assistance Program

THIS AGREEMENT is made and entered into this 10th **day of** October, **2023**, by and between Collier County, a political subdivision of the State of Florida, (COUNTY) having its principal address as 3339 Tamiami Trail East, Suite 213, Naples FL 34112, and **Habitat for Humanity of Collier County, Inc.** (SPONSOR), a not-for-profit corporation existing under the laws of the State of Florida, having its principal office at **11145 Tamiami Trail East, Naples, FL 34113.**

WHEREAS, the William E. Sadowski Affordable Housing Act adopted by the State of Florida in 1992 provided a dedicated revenue source for affordable housing in Florida and created the State Housing Initiatives Partnership (SHIP) Program; and

WHEREAS, the State Housing Initiatives Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code; and

WHEREAS, the COUNTY is a participant in the State Housing Initiatives Partnership Program (SHIP); and

WHEREAS, pursuant to the State Housing Initiatives Partnership Program, the COUNTY is undertaking certain activities to primarily benefit persons or households earning not greater than 120 percent of median annual income adjusted for family size; and

WHEREAS, the Fiscal Year 2022-2025 Local Housing Assistance Plan (LHAP), as amended, was adopted by the Board of County Commissioners on April 26, 2022, Resolution No. 2022-68A; and

WHEREAS, the COUNTY and the SPONSOR desire to provide new construction, in accordance with this Agreement and the aforementioned Local Housing Assistance Plan; and

WHEREAS, the COUNTY desires to engage the SPONSOR to implement such undertakings, as specified in Exhibit B, and determines that they are valid and worthwhile County purposes.

NOW, THEREFORE, in consideration of the mutual promises and covenants herein contained, it is agreed by the Parties as follows:

PART I
SCOPE OF WORK

The SPONSOR shall, in a satisfactory and proper manner and consistent with any standards required as a condition of providing SHIP funds, as determined by Collier County Community and Human Services (CHS), perform the tasks necessary to conduct the program as follows:

Project Name: New Constructions Assistance

Description of project and outcome: SHIP New Construction Assistance funds are to be used for the land acquisition, land improvements, infrastructure and development costs, and all other associated fees and permit costs, for residential housing, for resale to eligible home buyers in incorporated or unincorporated Collier County. The units may be constructed on infill lots or as a part of a larger development, and may be any residential housing type (e.g., single family, multi-family, etc.).

Project Component One: Construction of new residential housing units.

Project Tasks:

1. Submit payment requests, as provided in Exhibit "D"
2. Submit quarterly progress reports, as provided in Exhibit "E"
3. Provide Grant and Special Conditions in Section 1.3
4. Provide Performance Deliverables in Section 1.4 C.

A. SHIP Documentation Requirements Compliance Criteria:
Activities carried out with funds under this Agreement will be performed in compliance with State Housing Incentives Partnership (SHIP) Program, Florida Statutes section 420.9071, and Chapter 67-37 of the Florida Administrative Code, Collier County's Land Development Code, and any amendments thereto (also referred to as the SHIP Program).

1.1 DEFINITIONS AND PURPOSE

A. DEFINITIONS
Terms shall be as defined in the State Housing Incentives Partnership (SHIP) Program, Section 420.9071, Florida Statutes and Chapter 67-37 of the Florida Administrative Code, and any amendments thereto (also referred to as the SHIP Program).

B. PURPOSE
The purpose of this Agreement is to state the covenants and conditions under which the SPONSOR will implement the Scope of Service summarized in Exhibit B of this Agreement.

1.2 SCOPE OF WORK

The SPONSOR shall, in a satisfactory and proper manner as determined by the COUNTY, perform the necessary tasks to administer and implement the described services herein incorporated by reference as Exhibits B and C (New Construction Assistance Project Requirements and Budget Narrative), in accordance with the terms and conditions of Requests for Applications, New Construction Assistance, State Housing Initiatives Partnership Funding Cycle Fiscal Years 2023-2024 and SPONSOR's Application dated February 16, 2023.

1.5 PERIOD OF PERFORMANCE

SPONSOR services shall begin on **July 1, 2023,** and end on **June 30, 2026. This project allows for pre-award development/construction costs if incurred prior to the commencement of Period of Performance.** This Agreement must remain in effect throughout the development process of the Project and is terminated upon completion of construction and sale to a CHS referred applicant. SPONSOR is responsible for ongoing reporting, subject to onsite monitoring, and tenant income qualification activities. In any event, all services required hereunder shall be completed by SPONSOR prior to **June 30, 2026**. Any funds not obligated by the expiration date of this Agreement shall automatically revert to the COUNTY.

The County Manager or designee may extend the term of this Agreement for a period of up to 180 days after the end of the Agreement. Extensions must be authorized, in writing, by formal letter to the SPONSOR.

1.6 AGREEMENT AMOUNT

The COUNTY agrees to make available **TWO MILLION DOLLARS and ZERO CENTS ($2,000,000.00)** for use by the SPONSOR, during the term of the Agreement (hereinafter, shall be referred to as the "Funds").

Modifications to the "Budget and Scope" may only be made if approved, by COUNTY, in advance.

All services/activities specified in Part 1 Scope of Work shall be performed by SPONSOR or its subcontractors that meet State requirements. Contract administration shall be managed by the SPONSOR and monitored by CHS, which shall have access to all records and documents related to the project.

The COUNTY shall reimburse the SPONSOR for the performance of this Agreement upon completion of the project deliverables as accepted and approved by CHS. SPONSOR may not request disbursement of SHIP funds until funds are needed for eligible costs, and all disbursement requests must be limited to the amount needed at the time of the request. Payments shall be made to SPONSOR only after payment deliverables have been issued for the related housing unit. Payment will not occur if SPONSOR fails to perform the construction required by this Agreement.

Final invoices are due no later than 90 days after the end of the Agreement. Work performed during the term of the program but not invoiced within 90 days after the end of the Agreement may not be processed without written authorization from the Grant Coordinator.

No payment will be made until approved by CHS for grant compliance and adherence to any and all applicable Local, State, or Federal requirements, including timely submission of Performance Deliverables contained in Section 1.4.C. Late submission of deliverables may cause payment suspension of any open pay requests until the required deliverables are received by CHS. Except where disputed for noncompliance, payment will be made upon receipt of a properly completed invoice, and in compliance with Section 218.70, Florida Statutes, otherwise known as the "Local Government Prompt Payment Act."

All services in Scope of Work, as well as in Exhibit B, shall be performed by SPONSOR. Agreement administration shall be conducted by the SPONSOR and monitored by CHS, which shall have access to all records and documents related to the project.

The COUNTY will secure the awarded amount per property with a note and mortgage. The Note will bear interest at 0 percent interest per year and be released upon sale to a CHS referred applicant.

If the SPONSOR fails to comply with the terms and conditions of this Agreement, SHIP funds shall be due and payable back to the COUNTY.

1.7 RIGHT OF FIRST REFUSAL

If SPONSOR offers the Property for sale before twenty (20) years after the SPONSOR's receipt of the Certificate of Occupancy, or at any other time when there are existing mortgages on the Property funded by the SHIP program, the SPONSOR must give a right of first refusal (ROFR) for a 90-day period, to experienced non-profit organizations, reasonably approved by the COUNTY for purchase of the Property, at the then current market value, for continued occupancy by eligible persons. The 90-day right of first refusal period begins when a legal advertisement

appears in a local newspaper of general circulation, or other method authorized by statute or regulation, offering the Property for sale to non-profit organizations. COUNTY approval of any non-profit organization submitting an offer of the full requested sale price, or any other offer considered in the sole determination of the COUNTY to be reasonable, will be based on the criteria listed in the affordable multi-family rental housing development strategy sponsor selection criteria, in the COUNTY's FY 2019–2022 SHIP Local Housing Assistance Plan. Either (a) the 90-day right of first refusal period expires and the SPONSOR is not a party to an active contract for purchase and sale of the Property with an eligible non-profit organization, reasonably approved by the COUNTY; or (b) a contract for purchase and sale of the property is entered into by the SPONSOR and an eligible non-profit organization, reasonably approved by the COUNTY, within such 90-day ROFR period but terminated by either party pursuant to the terms thereof subsequent to the 90-day period.

The COUNTY shall wire funds to the title company at closing and secure a 0 percent forgivable mortgage for the acquisition of the Property. The SPONSOR shall provide CHS closing disclosures seven (7) days prior to closing and submit Title Insurance to CHS the same day as closing. No wire transfer will be made until approved by CHS and the Collier County Clerk of Courts for grant compliance and adherence to all applicable local, state, or federal requirements. Wire transfer will be made upon receipt of closing disclosures and in compliance with section 218.70, Florida Statutes, otherwise known as the "Local Government Prompt Payment Act."

The amount of wire transfer shall not be more than $300,000.00. The COUNTY reserves the right to deny payment of incomplete or altered closing disclosures, inadequately documented expenses, or expenses for items and services the COUNTY deems not to be usual, customary, and reasonable expenses related to the Project.

1.8 NOTICES

Notices required by this Agreement shall be in writing and delivered via mail (postage prepaid), commercial courier, personal delivery, or sent by facsimile or other electronic means. Any notice delivered or sent as aforesaid shall be effective on the date of delivery or sending. All notices and other written communications under this Agreement shall be addressed to the individuals in the capacities indicated below, unless otherwise modified by subsequent written notice.

PART II
GRANT CONTROL REQUIREMENTS

2.1 AUDITS

Pursuant to Florida Statute 215.97(6) (Florida Single Audit Act), in the event that the SPONSOR expends a total amount of State awards equal to or in excess of $750,000 in any fiscal year, it must conduct a State single or project-specific audit for such fiscal year, in accordance with Section 215.97, Florida Statutes; applicable rules of the Executive Office of the Governor and the Comptroller, and Chapter 10.650, Rules of the Auditor General.

The SPONSOR shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a reporting package, as defined by Section 215.97(2)(d), Florida Statutes, and Chapter 10.650, Rules of the Auditor General. The financial reporting package must be delivered to the COUNTY within 45 days after receipt by the SPONSOR, but not later than 180 days after the SPONSOR's fiscal year end. SPONSOR shall submit the financial reporting package and Exhibit F to the Grant Coordinator.

If the SPONSOR expends less than $750,000 in State awards in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. If the SPONSOR expends less than $750,000 in State awards in its fiscal year and elects to have an audit in accordance with provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from non-State funds.

2.2 RECORDS AND DOCUMENTATION

The SPONSOR shall maintain sufficient records in accordance with FHFC program regulations, as provided in Exhibit B, to verify compliance with the requirements of this Agreement, the SHIP Program, and all other applicable laws and regulations. This documentation shall include, but is not limited to, the following:

A. All records required by SHIP regulations.

B. SPONSOR shall keep and maintain public records that ordinarily and necessarily would be required by COUNTY in order to perform the service.

C. SPONSOR shall make available to the COUNTY or CHS, at any time upon request, all reports, plans, surveys, information, documents, maps, books, records, and other data procedures developed, prepared, assembled, or completed by the SPONSOR for this Agreement. Materials identified in the previous sentence shall be in accordance with generally accepted accounting principles (GAAP), procedures, and practices, which sufficiently and properly reflect all revenues and expenditures of funds provided directly or indirectly by this Agreement, including matching funds and Program Income. These records shall be maintained to the extent of such detail as will properly reflect all net costs, direct and

indirect labor, materials, equipment, supplies and services, and other costs and expenses of whatever nature for which reimbursement is claimed under the provisions of this Agreement.

D. Upon completion of all work contemplated under this Agreement, copies of all documents and records relating to this Agreement shall be surrendered to CHS, if requested. In any event, SPONSOR shall maintain all documents and records in an orderly fashion in a readily accessible, permanent, and secured location for three (3) years after the date of submission of the annual performance and evaluation report, as prescribed in Florida Statute Chapter 257.36 However, if any litigation, claim, or audit is started before the expiration date of the three (3) year period, the records will be maintained until all litigation, claim, or audit findings involving these records are resolved. If the SPONSOR ceases to exist after the closeout of this Agreement, it will notify the COUNTY in writing, of the address where the records are to be kept, as outlined in Florida Statute Chapter 257.36 The SPONSOR shall meet all requirements for retaining public records and transfer, at no cost to COUNTY, all public records in SPONSOR's possession upon termination of the Agreement and destroy any duplicate exempt or confidential public records that are released from public records disclosure requirements. All records stored electronically must be provided to the COUNTY in a format compatible with the COUNTY's information technology systems.

IF SPONSOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE SPONSOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 239-252-2679, Michael.Brownlee@colliercountyfl.gov**, 3299 Tamiami Trail East, Naples FL 34112.**

E. SPONSOR is responsible for the creation and maintenance of income eligible files on clients served and documentation that all households are eligible under Florida Housing Finance Corporation (FHFC) Income Guidelines. Income certification documentation will be validated at interim and closeout monitoring. The SPONSOR agrees that CHS shall be the final arbiter on the SPONSOR's compliance.

F. SPONSOR shall document how compliance with the Program components, the applicable regulations included in Exhibit B, and the eligibility requirement(s) under which funding has been received, was accomplished. This includes special requirements such as necessary and appropriate determinations, as defined in Exhibit B, including income certification, and written agreements with beneficiaries, where applicable.

G. SPONSOR shall provide the public with access to public records on the same terms and conditions that the COUNTY would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law. SPONSOR shall ensure that exempt or confidential public records that are released from

public records disclosure requirements, are not disclosed except as authorized by Florida Statute Chapter 257.36

2.3 MONITORING

During the term of this Agreement, SPONSOR shall submit to the COUNTY an Annual Audit Monitoring report (Exhibit F) no later than 60 days after SPONSOR's fiscal year end. In addition, SPONSOR shall submit to the COUNTY a Single Audit report, Management Letter, and supporting documentation nine (9) months (or one hundred eighty (180) days for Sponsors exempt from Single Audit) after the SPONSOR's fiscal year end. The COUNTY will conduct an annual financial and programmatic review.

SPONSOR agrees that CHS may carry out no less than one (1) annual on-site monitoring visit and evaluation activities, as determined necessary. At the COUNTY's discretion, a desktop review of the activities may be conducted in lieu of an on-site visit. The continuation of this Agreement is dependent upon satisfactory evaluations. The SPONSOR shall, upon request by CHS, submit information and status reports required by CHS or FHFC, to enable CHS to evaluate said progress and allow for completion of required reports. The SPONSOR shall allow CHS or FHFC to monitor the SPONSOR on site. Such site visits may be scheduled or unscheduled, as determined by CHS or FHFC.

The COUNTY will monitor the SPONSOR's performance to mitigate fraud, waste, abuse, or non-performance based on goals and performance standards, as stated with all other applicable laws, regulations, and policies governing the funds provided under this Agreement, further defined by 2 CFR 200.332 Substandard performance, as determined by the COUNTY, will constitute noncompliance with this Agreement. If SPONSOR does not take corrective action within a reasonable time period after being notified by the COUNTY, Agreement suspension or termination procedures will be initiated. SPONSOR agrees to provide FHFC, the Florida Office of Inspector General, the COUNTY, or the COUNTY's internal auditor(s) access to all records related to performance of activities in this Agreement.

2.4 PREVENTION OF FRAUD, WASTE, AND ABUSE

SPONSOR shall establish, maintain, and utilize internal systems and procedures sufficient to prevent, detect, and correct incidents of fraud, waste, and abuse in the performance of this Agreement, and to provide proper and effective management of all Program and Fiscal activities of the Agreement. SPONSOR's internal control systems and all transactions and other significant events shall be clearly documented and readily available for monitoring by COUNTY.

SPONSOR shall provide COUNTY with complete access to all its records, employees, and agents for the purpose of monitoring or investigating the performance of the Agreement. SPONSOR shall fully cooperate with COUNTY's efforts to detect, investigate, and prevent fraud, waste, and abuse.

SPONSOR may not discriminate against any employee or other person who reports a violation of the terms of this Agreement or any law or regulation to the COUNTY or any appropriate law enforcement authority, if the report is made in good faith.

2.5 CORRECTIVE ACTION

Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this Agreement. Penalties may be imposed for failure to implement or to make acceptable progress on such corrective action plans.

In order to effectively enforce COUNTY Resolution No. 2013-228, CHS has adopted an escalation policy to ensure continued compliance by Sponsors, Developers, or any entity receiving grant funds from CHS. The escalation policy for noncompliance is as follows:

A. Initial noncompliance may result in Findings or Concerns being issued to the SPONSOR, which will require a corrective action plan to be submitted to CHS within 15 days following issuance of the report.

- Any pay requests that have been submitted to CHS for payment will be held until the corrective action plan has been submitted.

- CHS will be available to provide Technical Assistance (TA) to the SPONSOR, as needed, in order to correct the noncompliance issue.

B. If the SPONSOR fails to submit the corrective action plan in a timely manner, CHS may require a portion of the awarded grant amount be returned to the COUNTY.

- CHS may require upwards of 5 percent of the award amount be returned to the COUNTY, at the discretion of the Board.

- The SPONSOR may be denied future consideration as set forth in Resolution No. 2013-228

C. If SPONSOR remains noncompliant or repeats an issue that was previously corrected and has been informed by CHS of its substantial noncompliance by certified mail, CHS may require a portion of the awarded grant amount, or the amount of the investment for acquisition of the properties conveyed, be returned to the COUNTY.

- CHS may require upwards of 10 percent of the award amount be returned to the COUNTY, at the discretion of the Board.

- The SPONSOR will be in violation of Resolution No. 2013-228

D. If after repeated notification the SPONSOR continues to be substantially noncompliant, CHS may recommend the Agreement or award be terminated.

- CHS will make a recommendation to the Board to immediately terminate the Agreement. The SPONSOR will be required to repay all funds disbursed by the COUNTY for the project that was terminated. This includes the amount invested by the COUNTY for the initial acquisition of the properties or other activities.

- The SPONSOR will be in violation of Resolution No. 2013-228

If the SPONSOR has multiple agreements with CHS and is found to be noncompliant, the above sanctions may be imposed across all awards at the Board's discretion.

2.6 REPORTS

Reimbursement may be contingent upon the timely receipt of complete and accurate reports required by this Agreement, and on the resolution of monitoring findings identified pursuant to this Agreement, as deemed necessary by the County Manager or designee.

During the term of this Agreement, SPONSOR shall submit quarterly progress reports to the COUNTY on the 10th day of January, April, July, and October, respectively, for the prior quarter period end. As part of the report submitted in October or when final services are delivered, whichever is earlier, the SPONSOR also agrees to include a comprehensive final report covering the agreed-upon Program objectives, activities, and expenditures, including but not limited to, performance data on client feedback with respect to the goals and objectives set forth in Exhibit E, which contains a sample reporting form, to be used in fulfillment of this requirement. Other reporting requirements may be required by the County Manager or designee in the event of Program changes, the need for additional information or documentation arises , and/or legislative amendments are enacted. Reports and/or requested documentation not received by the due date shall be considered delinquent and may be cause for default and termination of this Agreement.

PART III
TERMS AND CONDITIONS

3.1 SUBCONTRACTS

No part of this Agreement may be assigned or subcontracted without the written consent of the COUNTY, which consent, if given at all, shall be at the COUNTY's sole discretion and judgment.

3.2 GENERAL COMPLIANCE

The SPONSOR agrees to comply with the requirements as outlined in Sections 420.907-420.9079 of the Florida Statutes and Chapter 67-37 of the Florida Administrative Code. The SPONSOR also agrees to comply with all other applicable state and local laws, regulations, and policies governing the funds provided under this Agreement. The SPONSOR agrees to utilize funds available under this Agreement to supplement, rather than supplant, funds otherwise available for New Construction.

3.3 INDEPENDENT CONTRACTOR

Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. The SPONSOR shall always remain an "independent contractor" with respect to the services to be performed under this Agreement. The COUNTY shall be exempt from payment of all Unemployment Compensation, FICA, retirement benefits, life and/or medical insurance, and Workers' Compensation Insurance as the SPONSOR is an independent contractor.

3.4 AMENDMENTS

The COUNTY or SPONSOR may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, signed by a duly authorized representative of each organization, and approved by the Board. Such amendments shall not invalidate this Agreement, nor relieve or release the COUNTY or SPONSOR from its obligations under this Agreement.

The COUNTY may, at its discretion, amend this Agreement to conform with Federal, State, or Local guidelines, policies, available funding amounts, or for other reasons. If such amendments result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment signed by both COUNTY and SPONSOR.

3.5 AVAILABILITY OF FUNDS

The parties acknowledge that the Funds originate from FHFC provided SHIP grant funds and must be implemented in full compliance with all SHIP rules and regulations and any agreement between COUNTY and FHFC governing FHFC funds pertaining to this Agreement. In the event of curtailment or non-production of said state funds, the financial sources necessary to continue

to pay the SPONSOR all or any portion of the funds will not be available. In that event, the COUNTY may terminate this Agreement, which termination shall be effective as of the date it is determined by the County Manager or designee, in his or her sole discretion and judgment, that the funds are no longer available. In the event of such termination, the SPONSOR agrees that it will not look to, nor seek to hold the COUNTY, nor any individual member of the County Commissioners and/or County Administration, personally liable for the performance of this Agreement, and the COUNTY shall be released from any further liability to the SPONSOR under the terms of this Agreement.

3.6 DEFAULTS, REMEDIES, AND TERMINATION

This Agreement may be terminated for convenience by either the COUNTY or the SPONSOR, in whole or in part, by setting forth the reasons for such termination, the effective date, and in the case of partial terminations, the portion to be terminated. However, in the case of a partial termination, if the COUNTY determines that the remaining portion of the award will not accomplish the purpose for which the award was made, the COUNTY may terminate the award in its entirety. This Agreement may also be terminated by the COUNTY if the award no longer effectuates the program goals or grantor agency priorities.

The following actions or inactions by the SPONSOR shall constitute a Default under this Agreement:

SPONSOR's failure to comply with any of the rules, regulations, or provisions referred to herein, or such statutes, regulations, executive orders, and FHFC guidelines, policies, or directives as may become applicable at any time

A. SPONSOR's failure, for any reason, to fulfill its obligations under this Agreement in a timely and proper manner

B. SPONSOR's ineffective or improper use of funds provided under this Agreement

C. SPONSOR's submission of reports to the COUNTY that are incorrect or incomplete in any material respect

D. SPONSOR's submission of any false certification

E. SPONSOR's failure to materially comply with any terms of this Agreement

F. SPONSOR's failure to materially comply with the terms of any other agreement between the COUNTY and SPONSOR relating to the Project

In the event of any default by the SPONSOR under this Agreement, the COUNTY may seek any combination of one or more of the following remedies:

A. Require specific performance of the Agreement, in whole or in part

B. Require the use of, or change in, professional property management

C. Require SPONSOR to immediately repay to the COUNTY all SHIP funds the SPONSOR has received under this Agreement

D. Apply sanctions, if determined by the COUNTY to be applicable

E. Stop all payments, until identified deficiencies are corrected

F. Terminate this Agreement by giving written notice to the SPONSOR and specifying the effective date of such termination. If the Agreement is terminated by the COUNTY as provided herein, the SPONSOR shall have no claim of payment or benefit for any incomplete project activities undertaken under this Agreement.

3.7 INDEMNIFICATION

To the maximum extent permitted by Florida law, the SPONSOR shall indemnify and hold harmless Collier County, its officers, agents, and employees from any and all claims, liabilities, damages, losses, costs, and causes of action which may arise out of an act or omission, including but not limited to, reasonable attorneys' and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the SPONSOR or any of its agents, officers, servants, employees, contractors, patrons, guests, clients, licensees, invitees, or any persons acting under the direction, control, or supervision of the SPONSOR in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge, or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph. The SPONSOR shall pay all claims and losses of any nature whatsoever in connection therewith, defend all suits in the name of the COUNTY, and pay all costs (including attorney's fees) and judgments which may issue thereon. This Indemnification shall survive the termination and/or expiration of this Agreement. This section does not pertain to any incident arising from the sole negligence of Collier County. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in Section 768.28, Florida Statutes. This section shall survive the expiration or termination of this Agreement.

3.8 COUNTY RECOGNITION/SPONSORSHIPS

The SPONSOR agrees that all notices, informational pamphlets, press releases, advertisements, descriptions of Program sponsorships, research reports, and similar public notices, whether printed or digital, SPONSOR has prepared and released for, on behalf of, and/or about the Program shall include the statement:

"FINANCED BY FLORIDA HOUSING FINANCING COPORATION (FHFC) AND COLLIER COUNTY COMMUNITY AND HUMAN SERVICES DIVISION"

and shall appear in the same size letters or type as the SPONSOR's name. This design concept is intended to disseminate key information regarding the development team as well as Equal Housing Opportunity to the general public. Construction signs shall comply with applicable COUNTY codes.

3.9 INSURANCE

SPONSOR shall not commence any work and/or services pursuant to this Agreement until all required insurance, as outlined in Exhibit A, has been obtained. Said insurance shall be carried continuously during SPONSOR's performance under the Agreement. The SPONSOR shall furnish a Certificate of Insurance naming Collier County as an additional insured with general liability limits of at least $1,000,000 per occurrence in accordance with Exhibit A.

3.10 PURCHASING

All purchasing for consumables, capital equipment, and services shall be made by purchase order or written contract and in conformity and in full compliance with the procedures prescribed by applicable Florida Statutes (FL 287.017) and the Collier County Purchasing Policy, whichever is more stringent. Collier County Ordinance #2017-08 allows for contracting with not-for-profits through the approved exemption.

Purchasing Threshold Policy

Dollar Range ($)	Competition Required
$0 - $50,000	3 Written Quotes
$50,001+	Formal Solicitation (RFP, IFB etc.)

All improvements specified in Part I Scope of Work, shall be performed by SPONSOR employees, or be put out to competitive bidding, under a procedure acceptable to the COUNTY and State requirements. The SPONSOR shall enter into contracts with the lowest, responsible, and qualified bidder. Contract administration shall be handled by the SPONSOR and monitored by CHS, which shall have access to all records and documents related to the Project.

As provided in Section 287.133, Florida Statutes, by entering into this Agreement or performing any work in furtherance hereof, the SPONSOR certifies that it, its affiliates, suppliers, subcontractors, and consultants who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the 36 months immediately preceding the date hereof. This notice is required by Section 287.133 (3)(a), Florida Statutes.

3.11 DEBARMENT

The SPONSOR certifies that none of its officers or agents has been debarred from bidding, proposing, or contracting for federal, state, or local government programs. The SPONSOR assures that all its subcontractors who will participate in activities, subject to this Agreement, are eligible and have not been debarred.

3.12 GRANT CLOSEOUT PROCEDURES

The SPONSOR's obligation to the COUNTY shall not end until all closeout requirements are completed. Activities during this closeout period shall include, but are not limited to making final payments, disposing of program assets (including the return of all unused materials, equipment, program income balances, and receivable accounts to the COUNTY), closeout monitoring, and determining the custodianship of records. In addition to the records retention outlined in Section 2.2, the SPONSOR shall comply with Section 119.021 Florida Statutes regarding records maintenance, preservation, and retention. A conflict between state and federal records retention law requirements will result in the more stringent law being applied, such that the record must be held for the longer duration. Any balance of unobligated funds which have been advanced or paid must be returned to the COUNTY. Any funds paid in excess of the amount to which the SPONSOR is entitled under the terms and conditions of this Agreement must be refunded to the COUNTY. The SPONSOR shall also produce records and information that comply with Section 215.97, Florida Single Audit Act.

3.13 OPPORTUNITIES FOR RESIDENTS AND CIVIL RIGHTS COMPLIANCE

The SPONSOR agrees that no person shall be excluded from the benefits of, or be subjected to discrimination based on race, creed, color, religion, national origin, sex, handicap, familial status, marital status, or age under any activity carried out by the SPONSOR in performance of this Agreement. Upon receipt of evidence of such discrimination, the COUNTY shall have the right to terminate this Agreement. The SPONSOR will take affirmative action to ensure that all employment practices are free from such discrimination. Such employment practices include but are not limited to the following: hiring, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rate of pay or other forms of compensation, and selection for training, including apprenticeship. The SPONSOR agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

To the greatest extent feasible, lower-income residents of the project area shall be given opportunities for training and employment. In addition, eligible business concerns located or owned in substantial part by persons residing in the project area shall be awarded contracts in connection with the project. The SPONSOR is encouraged to comply with Section 3 of the Housing and Community Development Act of 1968.

3.14 OPPORTUNITIES FOR SMALL AND MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

The SPONSOR will use its best efforts to afford small businesses and minority and women owned business enterprises the maximum practicable opportunity to participate in the performance of this Agreement. As used in this Agreement, the term "small business" means a business that meets the criteria set forth in section 3(a) of the Small Business Act, as amended (15 U.S.C. 632), and "minority and women's business enterprise" means a business at least fifty-one (51) percent owned and controlled by minority group members or women. For the purposes of this definition, "minority group members" are Afro-Americans, Spanish-speaking, Spanish surnamed or Spanish-heritage Americans, Asian-Americans, and American Indians. The

SPONSOR may rely on written representations by businesses regarding their status as minority and women business enterprises, in lieu of an independent investigation.

3.15 PROGRAM BENEFICIARIES

As defined by Florida Statute Section 420.9071-420.9079 and the Collier County Local Housing Assistance Plan (LHAP), 100 percent of the beneficiaries receiving SHIP funding through this Agreement must meet the requirement to be at or below 120 percent of the Area Median Income (AMI), as published by HUD. Additionally, the SHIP program requires the SPONSOR to meet specific income set-asides, which are described in Exhibit B. Income eligibility of tenants will be validated with supporting documentation during interim monitoring and at closeout.

3.16 AFFIRMATIVE ACTION PLAN

The SPONSOR agrees that it is committed to carry out an Affirmative Action Program, pursuant to the COUNTY's specifications in keeping with the principles provided in President's Executive Order 11246 of September 24, 1966. The SPONSOR shall submit a plan for its Affirmative Action Program for approval prior to the award of funds. If the Affirmative Action Program is updated during the period of performance of this Agreement, the updated plan must be submitted to the COUNTY within 60 days of any update/modification.

3.17 PROHIBITED ACTIVITY

The SPONSOR, or personnel employed in the administration of the program, are prohibited from using funds provided herein, for political activities, sectarian or religious activities, lobbying, political patronage, and/or nepotism activities.

3.18 CONFLICT OF INTEREST

The SPONSOR covenants that no person under its employ, who presently exercises any functions or responsibilities in connection with the Project, has any personal financial interest, direct or indirect, in the Project areas or any parcels therein, which would conflict in any manner or degree with the performance of this Agreement; and that no person having any conflict of interest shall be employed by or subcontracted by the SPONSOR. The SPONSOR covenants that it will comply with all provisions of "Conflict of Interest," per FL Statute 287.057 and any additional State and County statutes, regulations, ordinances, or resolutions governing conflicts of interest.

The SPONSOR will notify the COUNTY, in writing, and seek COUNTY approval prior to entering into any contract with an entity owned in whole or in part by a covered person or an entity owned or controlled, in whole or in part, by the SPONSOR. The COUNTY may review the proposed contract to ensure that the contractor is qualified, and the costs are reasonable. Approval of an identity of interest contract will be at the COUNTY's sole discretion. This provision is not intended to limit SPONSOR's ability to self-manage the Project using its own employees.

Any possible conflict of interest on the part of the SPONSOR, its employees, or its contractors shall be disclosed, in writing, to CHS provided, however that this paragraph shall be interpreted in such a manner so as not to unreasonably impede the statutory requirement that maximum opportunity be provided for employment and participation of low- and moderate-income residents of the project target areas.

3.19 CONDITIONS FOR RELIGIOUS ORGANIZATIONS

State funds may be used by religious organizations or on property owned by religious organizations only in accordance with requirements set forth in Florida Statue, Chapter 196.011. The SPONSOR shall comply with First Amendment Church/State principles as follows:

A. It will not discriminate against any employee or applicant for employment based on religion and will not limit or give preference in employment to persons based on religion.

B. It will not discriminate against any person applying for public services based on religion and will not limit such services or give preference to persons based on religion.

C. It will retain its independence from Federal, State, and Local governments and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided it does not use direct State funds to support any inherently religious activities, such as worship, religious instruction, or proselytizing.

D. The funds shall not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for inherently religious activities. Where a structure is used for both eligible and inherently religious activities, SHIP funds may not exceed the cost of those portions of the acquisition, construction, or rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to SHIP funds in this part. Sanctuaries, chapels, or other rooms that a SHIP funded religious congregation uses as its principal place of worship, however, are ineligible for SHIP funded improvements.

3.20 INCIDENT REPORTING

If services to clients are provided under this Agreement, the SPONSOR and any subcontractors shall report knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled person to the COUNTY.

3.21 ENFORCEMENT OF AGREEMENT

The benefits of this Agreement shall inure to and may be enforced by the COUNTY for the duration of the Agreement, whether or not the COUNTY shall continue to be the holder of the Mortgage, whether or not the Project loan may be paid in full, and whether or not any bonds issued for the purpose of providing funds for the project are outstanding. The SPONSOR

warrants that it has not, and will not, execute any other agreement with provisions contradictory to, or in opposition to the provisions hereof, and that, in any event, the requirements of this Agreement are paramount and controlling as to the rights and obligations herein set forth and supersede any other requirements in conflict herewith. However, this shall not preclude the COUNTY from subordinating its loan to construction financing.

3.22 SEVERABILITY

Should any provision of the Agreement be determined to be unenforceable or invalid, such a determination shall not affect the validity or enforceability of any other section or part thereof.

3.23 COPYRIGHTS AND PATENTS

If this Agreement results in a book or other copyright or patent materials, the SPONSOR may copyright or patent such, but Collier County and the State of Florida reserve a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use such materials and to authorize others to do so.

EXHIBIT B
NEW CONSTRUCTION ASSISTANCE PROJECT REQUIREMENTS

The Project is to be developed as affordable residential housing, in accordance with the State Housing Initiatives Program (SHIP), and the Collier County Local Housing Assistance Program (LHAP) FY 2022-2025. The SPONSOR shall perform the following activity under this Agreement:

a) New Construction Assistance: The SPONSOR is required to comply with all applicable requirements of the SHIP Program, including but not limited to Section 420.907-420.9079, Florida Statutes and Rule 67-37, Florida Administrative Code, and Collier County Construction Standards. Any or all of these regulations may, but are not required, to be specifically set forth in any additional loan documents executed in connection with the Project. The SPONSOR shall include such language as the COUNTY may require in any agreements with potential homeowners of the Project, or any portion, thereof to evidence such requirements.

b) Default of Mortgage:
The SPONSOR shall be considered in default if any of the following occur:

1. The SPONSOR fails to construct a safe, sanitary, and habitable housing unit.
2. The SPONSOR fails to receive Certificate of Occupancy for new housing unit.
3. The SPONSOR fails to sell to SHIP applicant, referred by CHS, within one (1) year of receipt of Certificate of Occupancy.

c) Assurance of Public Purpose: The SPONSOR covenants that if it is unable or unwilling to sell the property in accordance with the terms and conditions incorporated herein, the SPONSOR shall give the COUNTY a 90-day notification, during which time the COUNTY shall require SPONSOR to remit payment for an amount not to exceed the amount of funds provided by the COUNTY through the Program.

d) Affirmative Marketing: The SPONSOR shall adopt appropriate procedures for affirmatively marketing the SHIP-assisted units. Affirmative marketing consists of good faith efforts to provide information and otherwise attract eligible persons from all racial, ethnic, and gender groups in the housing market area of the available housing. The SPONSOR shall use affirmative fair housing marketing practices in soliciting homebuyers, concluding transactions, and affirmatively furthering fair housing efforts. The SPONSOR must maintain a file containing all marketing efforts (i.e. copies of newspaper ads, memos of phone calls, copies of letters, etc.) to be available for inspection on request by the COUNTY. The SPONSOR must provide a description of intended actions that will inform and otherwise attract eligible persons from all racial, ethnic, and gender groups in the housing market of the available housing. The SPONSOR must provide the COUNTY with an assessment of the affirmative marketing program. The assessment must include: a) methods used to inform the public and potential homebuyers about federal fair housing laws and affirmative marketing policy, b) methods used to inform and solicit applications from persons in the housing market who are not likely to apply without special outreach, and c) records describing actions taken by the participating entity and/or owner to affirmatively market units and records to assess the results of these actions.

e) Project Requirements: The SPONSOR agrees that, if the Project area is in a Designated Flood Zone, all government requirements for construction in a flood zone shall be satisfied.

The SPONSOR shall develop and submit to CHS, within 60 days of Agreement execution, a construction schedule including the following:

TENTATIVE SCHEDULE (Adherence is not a condition of payment)

Sites Identified/Site Due Diligence	July 2020
Property(ies) Under Conditional Contract	April 2023
Construction Commencement	June 2023
Certificate of Occupancy Issued for all Newly Constructed Housing Units	April, 2026
Project Completion Date	June 30, 2026

Eligible project costs may be incurred prior to the SHIP funding cycle fiscal years 2023- 2024 program year. This project allows for pre-award development/construction cost if incurred prior to the commencement of the Period of Performance.

Further, "project completion date" will mean issuance of all certificates of occupancy and completion of sale to referred households.

f) Property Standards: The SPONSOR attests that the Project will meet the standards of the Florida Building Code and all applicable local codes, standards, ordinances, and zoning ordinances at the time of Project completion and throughout the duration of the affordability period. The Project will also meet the accessibility requirements at 24 CFR part 8, which implements Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and the design and construction requirements at 24 CFR 100.205, which implement the Fair Housing Act (42 U.S.C. 3601-3619), in the event property is rehabilitated at any time during affordability period.

In accordance with the LHAP, SPONSOR shall follow each SHIP Program strategy requirement below:

g) Energy Efficient Best Practices: Section 420.9075(3)(d), Florida Statutes defines Energy Efficient Best Practices as: Innovative design, green building principles, storm resistant construction, or other elements that reduce long-term costs relating to maintenance, utilities, or insurance in the event property is rehabilitated at any time during the affordability period.

The COUNTY requires the use or inclusion, when appropriate, of the following: energy star appliances, low-E windows, additional insulation (for increased R-value), ceramic tile, tank-less water heater, 14 and 15 SEER air conditioning units, stucco, florescent light bulbs, and impact resistant windows and doors. Evidence of such is not a condition of the construction subsidy payment.

h) Payment Documents:

1. Certificate of occupancy
2. Pictures during construction and of finished housing unit
3. Floor plan or unit specifications
4. Final invoice
5. Pay Request Form (Exhibit D)
6. Fully executed SHIP Promissory Note and Mortgage to Collier County

7. Invoices and cancelled checks totaling a minimum of $50,000.00 in construction/ development related expenses for each housing unit assisted.

i) Program Set-Asides:

The SPONSOR must meet the following SHIP mandated, program set-aside requirements:

A. A minimum of 30 percent of the funds must assist very low-income households at or below 50 percent (50%) area median income. Furthermore, the remaining funds must assist very low and/or low-income households at or below 80 percent (80%) area median income. Although the SHIP statute mentions 30 percent (30%) for very low-income and another 30 percent (30%) for low-income persons, there are many combinations that fulfill the set-aside requirement. In all cases, at least 30 percent (30%) must be designated for very low-income households - A minimum of 12 units for households at or below 50 percent (50%) AMI.

B. A minimum of 20 percent (20%) of funding must be used to serve persons with special needs as defined in § 420.0004 Florida Statutes. Section 420.9075(5) of the SHIP Statutes addresses the special needs set-aside. A minimum of eight units for households identified as Special Needs per SHIP Statutes.

EXHIBIT C
BUDGET NARRATIVE

EXHIBIT B
RENTAL REHABILITATION PROJECT REQUIREMENTS

The Project will rehabilitate existing affordable residential rental housing in accordance with the SHIP Program and Collier County LHAP FY2022-2025. SPONSOR shall perform the following activity under this Agreement:

a) Rehabilitate existing rental property.

1) Affordability of SHIP-Assisted Units: For the duration of the Affordability Period (30 years), as defined in the Note and Mortgage/Land Use Restriction Agreement (LURA) of even date, a minimum of 16) units and a maximum of $30,000.00 per unit in the Project shall be SHIP-Assisted units.

All SHIP-Assisted units in the Project shall be fixed and rented, or held available for rental, on a continuous basis to persons or families who at the commencement of occupancy shall have a verified annual income that does not exceed 80 percent of the Area Median Income (AMI), as defined by the Department of Housing and Urban Development (HUD). Rents on these units shall be restricted to SHIP Program rent limits. Maximum eligible income and rent limits are revised annually and are available from the COUNTY.

The SPONSOR covenants that **a minimum of ~~seventeen~~ sixteen (16) units** will be rented to income-eligible tenants, as defined by HUD. All units carry rent and occupancy restrictions until **June 30, 2056, which remain in force regardless of transfer of ownership and shall be in accordance with the LURA (incorporated by reference) and Section 1.6 of this Agreement**. SHIP-Assisted units shall be reserved for and rented to households that qualify for the following:

SHIP-Assisted Units According to Income Limits

Income Limits	Number SHIP-Assisted Units
80% or below AMI	16
Total Units (Minimum)	16

This Agreement incorporates, by reference, terms and conditions described in the Mortgage and Note of even date, and any other agreements enforcing the SHIP requirements associated with said Mortgage and Note. The Project budget is **(FIVE HUNDRED ~~TWENTY-FIVE~~ THOUSAND ~~TWENTY~~ DOLLARS AND ZERO CENTS ($500,000.00)** and is provided by the COUNTY through the SHIP PROGRAM. Project construction will commence and be completed as defined and set forth in the affordable housing development schedule, incorporated by reference. In no event will rehabilitation commence later than 120 days from the date of this Agreement. Rehabilitation will progress in accordance with the construction schedule submitted by the SPONSOR to obtain financing.

1.5 PERIOD OF PERFORMANCE

SPONSOR services shall begin on **June 11, 2024,** and end on **June 30, 2026**. This Agreement must remain in effect throughout the development process of the Project and is terminated upon completion of rental rehabilitation. The SPONSOR is responsible for ongoing reporting, subject to onsite monitoring, tenant income qualification activities, and continued use for an affordability period of **30** years. In any event, SPONSOR shall complete all services required hereunder prior to **June 30, 2026.** Any funds not obligated by the expiration date of this Agreement shall automatically revert to the COUNTY.

The County Manager or designee may extend the term of this Agreement for a period of up to 180 days after the end of the Agreement. Extensions must be authorized, in writing, by formal letter to the SPONSOR.

1.6 AGREEMENT AMOUNT

The COUNTY agrees to make available **FIVE HUNDRED TWENTY-FIVE THOUSAND TWENTY DOLLARS AND ZERO CENTS ($500,000.00)** for use by the SPONSOR, during the term of the Agreement (hereinafter referred to as the "Funds").

Modifications to the "Budget and Scope" may only be made if approved by COUNTY, in advance.

All services/activities specified in Part 1 Scope of Work shall be performed by SPONSOR or its subcontractors who meet State requirements. Contract administration shall be managed by

SPONSOR and monitored by CHS, which shall have access to all records and documents related to the project.

The COUNTY shall reimburse the SPONSOR for the performance of this Agreement upon completion or partial completion of the work tasks as accepted and approved by CHS. SPONSOR may not request disbursement of SHIP funds until funds are needed for eligible costs, and all disbursement requests must be limited to the amount needed at the time of the request. Invoices for work performed are required every month. SPONSOR may expend funds only for allowable costs resulting from obligations incurred during the term of this Agreement. If no work has been performed during that month, or if the SPONSOR is not yet prepared to send the required backup, a $0 invoice is required. Explanations may be required if two consecutive months of $0 invoices are submitted. Payments shall be made to SPONSOR when requested as work progresses but not more frequently than once per month. Reimbursement will not occur if SPONSOR fails to perform the minimum level of service required by this Agreement.

Final invoices are due no later than 90 days after the end of the Agreement. Work performed during the term of the program but not invoiced within 90 days after the end of the Agreement may not be processed without written authorization from the Grant Coordinator.

No payment will be made until approved by CHS for grant compliance and adherence to any and all applicable Local, State, or Federal requirements, including timely submission of Performance Deliverables contained in Section 1.4.C. Late submission of deliverables may cause payment suspension of any open pay requests until the required deliverables are received by CHS. Except where disputed for noncompliance, payment will be made upon receipt of a properly completed invoice, and in compliance with §218.70, Florida Statutes, otherwise known as the "Local Government Prompt Payment Act."

1.7 NOTICES

Notices required by this Agreement shall be in writing and delivered via mail (postage prepaid), commercial courier, or personal delivery or sent by facsimile or other electronic means. Any notice delivered or sent as aforesaid shall be effective on the date of delivery or sending. All notices and other written communications under this Agreement shall be addressed to the individuals in the capacities indicated below, unless otherwise modified by subsequent written notice.

PART II
GRANT CONTROL REQUIREMENTS

2.1 AUDITS

Pursuant to Florida Statute 215.97(6) (Florida Single Audit Act), if the SPONSOR expends a total amount of State awards equal to or in excess of $750,000 in any fiscal year, it must conduct a State single or project-specific audit for such fiscal year, in accordance with Section 215.97, Florida Statutes, applicable rules of the Executive Office of the Governor and Comptroller, and Chapter 10.650, Rules of the Auditor General.

SPONSOR shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a reporting package, as defined by Section 215.97(2)(d), Florida Statutes, and Chapter 10.650, Rules of the Auditor General. SPONSOR must deliver the financial reporting package to the COUNTY within 45 days after receipt, but not later than 180 days after the SPONSOR's fiscal year end. SPONSOR shall submit the financial reporting package and Exhibit F to the Grant Coordinator.

If the SPONSOR expends less than $750,000 in State awards in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. If the SPONSOR expends less than $750,000 in State awards in its fiscal year and elects to have an audit in accordance with provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from non-State funds.

2.2 RECORDS AND DOCUMENTATION

The SPONSOR shall maintain sufficient records in accordance with FHFC program regulations, as provided in Exhibit B, to determine compliance with the requirements of this Agreement, the SHIP Program, and all other applicable laws and regulations. This documentation shall include, but is not limited to, the following:

A. All records required by SHIP regulations.

B. SPONSOR shall keep and maintain public records that ordinarily and necessarily would be required by COUNTY to perform the service.

C. SPONSOR shall make available to COUNTY or CHS, at any time upon request, all reports, plans, surveys, information, documents, maps, books, records, and other data procedures developed, prepared, assembled, or completed by the SPONSOR for this Agreement. Materials identified in the previous sentence shall be in accordance with generally accepted accounting principles (GAAP), procedures, and practices, which sufficiently and properly reflect all revenues and expenditures of funds provided directly or indirectly by this Agreement, including matching funds and Program Income. These records shall be maintained to the extent of such detail to properly reflect all net costs, direct and indirect

labor, materials, equipment, supplies and services, and other costs and expenses of whatever nature for which reimbursement is claimed under the provisions of this Agreement.

D. Upon completion of all work contemplated under this Agreement, copies of all documents and records relating to this Agreement shall be surrendered to CHS, if requested. In any event, SPONSOR shall maintain all documents and records in an orderly fashion in a readily accessible, permanent, and secured location for three (3) years after the annual performance and evaluation report are submitted, as prescribed in Florida Statute Chapter 257.36. However, if any litigation, claim, or audit is started before the expiration date of the three (3) year period, the records will be maintained until all litigation, claim, or audit findings involving these records are resolved. If SPONSOR ceases to exist after the closeout of this Agreement, it will notify the COUNTY, in writing, of the address where the records are to be kept, as outlined in Florida Statute Chapter 257.36. The SPONSOR shall meet all requirements for retaining public records and transfer, at no cost to COUNTY, all public records in possession of the SPONSOR upon termination of the Agreement and destroy any duplicate exempt or confidential public records that are released from public records disclosure requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the COUNTY's information technology systems.

IF SPONSOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE SPONSOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 239-252-2679, Michael.Brownlee@colliercountyfl.gov, **3299 Tamiami Trail E, Naples FL 34112.**

E. SPONSOR is responsible for the creation and maintenance of income eligible files on clients served and documentation that all households are eligible under Florida Housing Finance Corporation (FHFC) Income Guidelines. Income certification documentation will be validated at interim and closeout monitoring. The SPONSOR agrees that CHS shall be the final arbiter on SPONSOR's compliance.

F. SPONSOR shall document how compliance with the Program components, applicable regulations included in Exhibit B, and the eligibility requirement(s) under which funding has been received, were accomplished. This also includes special requirements such as necessary and appropriate determinations, as defined in Exhibit B, including income certification, and written agreements with beneficiaries, where applicable.

G. SPONSOR shall provide the public with access to public records on the same terms and conditions that the COUNTY would provide the records and at a cost that does not exceed costs provided in Chapter 119, Florida Statutes or as otherwise provided by law. SPONSOR shall ensure that exempt or confidential public records that are released from public records

disclosure requirements, are not disclosed except as authorized by Chapter 119, Florida Statues.

2.3 MONITORING

During the term of this Agreement, SPONSOR shall submit to the COUNTY an Annual Audit Monitoring report (Exhibit F) no later than 60 days after SPONSOR's fiscal year end. In addition, SPONSOR shall submit to the COUNTY a Single Audit report, Management Letter, and supporting documentation nine (9) months (or one hundred eighty (180) days for Subrecipients exempt from Single Audit) after the SPONSOR's fiscal year end. The COUNTY will conduct an annual financial and programmatic review.

SPONSOR agrees that CHS may carry out at least one (1) annual on-site monitoring visit and evaluation activities, as determined necessary. At the COUNTY's discretion, a desktop review of the activities may be conducted in lieu of an on-site visit. The continuation of this Agreement is dependent upon satisfactory evaluations. The SPONSOR shall, upon the request of CHS, submit information and status reports required by CHS or FHFC, to enable CHS to evaluate said progress and allow for completion of required reports. The SPONSOR shall allow CHS or FHFC to monitor on site. Such site visits may be scheduled or unscheduled, as determined by CHS or FHFC.

The COUNTY will monitor SPONSOR's performance to mitigate fraud, waste, abuse, or non-performance based on goals and performance standards, as stated with all other applicable laws, regulations, and policies governing the funds provided under this Agreement, further defined by 2 CFR 200.332. Substandard performance, as determined by the COUNTY, will constitute noncompliance with this Agreement. If corrective action is not taken by the SPONSOR within a reasonable time period after being notified by the COUNTY, Agreement suspension or termination procedures will be initiated. SPONSOR agrees to provide FHFC, the Florida Office of Inspector General, the COUNTY, or the COUNTY's internal auditor(s) access to all records related to performance of activities in this Agreement.

2.4 PREVENTION OF FRAUD, WASTE, AND ABUSE

SPONSOR shall establish, maintain, and utilize internal systems and procedures sufficient to prevent, detect, and correct incidents of fraud, waste, and abuse in the performance of this Agreement, and provide proper and effective management of all Program and Fiscal activities of the Agreement. SPONSOR's internal control systems and all transactions and other significant events shall be clearly documented and readily available for monitoring by the COUNTY.

SPONSOR shall provide the COUNTY with complete access to all its records, employees, and agents for the purpose of monitoring or investigating the performance of the Agreement. SPONSOR shall fully cooperate with COUNTY's efforts to detect, investigate, and prevent fraud, waste, and abuse.

SPONSOR may not discriminate against any employee or other person who reports a violation of the terms of this Agreement or any law or regulation to the COUNTY, or any appropriate law enforcement authority, if the report is made in good faith.

2.5 CORRECTIVE ACTION

Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this Agreement. Penalties may be imposed for failure to implement or make acceptable progress on such corrective action plans.

To effectively enforce COUNTY Resolution No. 2013-228, CHS has adopted an escalation policy to ensure continued compliance by Sponsors, Developers, or any entity receiving grant funds from CHS. The escalation policy for noncompliance is as follows:

A. Initial noncompliance may result in the COUNTY issuing Findings or Concerns to the SPONSOR, which will require SPONSOR to submit a corrective action plan to CHS within 15 days following issuance of the report.

- Any pay requests that have been submitted to CHS for payment will be held until the corrective action plan has been submitted.

- CHS will be available to provide Technical Assistance (TA) to the SPONSOR, as needed, in order to correct the noncompliance issue.

B. If the SPONSOR fails to submit the corrective action plan in a timely manner, CHS may require a portion of the awarded grant amount be returned to the COUNTY.

- CHS may require upwards of 5 percent of the award amount be returned to the COUNTY, at the discretion of the Board.

- The SPONSOR may be denied future consideration as set forth in Resolution No. 2013-228

C. If SPONSOR remains noncompliant or repeats an issue that was previously corrected and has been informed by CHS of its substantial noncompliance, by certified mail, CHS may require a portion of the awarded grant amount or the amount of the investment for acquisition of the properties conveyed, be returned to the COUNTY.

- CHS may require upwards of 10 percent of the award amount be returned to the COUNTY, at the discretion of the Board.

- The SPONSOR will be in violation of Resolution No. 2013-228

D. If after repeated notification the SPONSOR continues to be substantially noncompliant, CHS may recommend the Agreement or award be terminated.

- CHS will make a recommendation to the Board to immediately terminate the Agreement. The SPONSOR will be required to repay all funds disbursed by the COUNTY for the terminated project. This includes the amount invested by the COUNTY for the initial acquisition of the properties or other activities.

- The SPONSOR will be in violation of Resolution No. 2013-228

If SPONSOR has multiple agreements with CHS and is found to be noncompliant, the above sanctions may be imposed across all awards at the Board's discretion.

2.6 REPORTS

Reimbursement may be contingent upon the timely receipt of complete and accurate reports and the resolution of monitoring findings identified pursuant to this Agreement, as deemed necessary by the County Manager or designee.

During the term of this Agreement, SPONSOR shall submit quarterly progress reports to the COUNTY on the 10th day of January, April, July, and October, respectively, for the prior quarter period end. As part of the report submitted in October or when final services are delivered, whichever is earlier, the SPONSOR also agrees to include a comprehensive final report covering the agreed-upon Program objectives, activities, and expenditures, including but not limited to, performance data on client feedback with respect to the goals and objectives set forth in Exhibit E, which contains a sample reporting form to be used in fulfilling this requirement. Other reporting requirements may be required by the County Manager or designee if there are Program changes, the need for additional information or documentation arises, and/or legislative amendments are enacted. Reports and/or requested documentation not received by the due date shall be considered delinquent and may be cause for default and termination of this Agreement.

PART III
TERMS AND CONDITIONS

3.1 SUBCONTRACTS

No part of this Agreement may be assigned or subcontracted without the written consent of the COUNTY, which consent, if given at all, shall be at the COUNTY's sole discretion and judgment.

3.2 GENERAL COMPLIANCE

The SPONSOR agrees to comply with the requirements as outlined in Sections 420.907-420.9079 of the Florida Statutes and Chapter 67-37 of the Florida Administrative Code. The SPONSOR also agrees to comply with all other applicable state and local laws, regulations, and policies governing the funds provided under this Agreement. The SPONSOR agrees to utilize funds available under this Agreement to supplement, rather than supplant, funds otherwise available for Rental Rehabilitation.

3.3 INDEPENDENT CONTRACTOR

Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. The SPONSOR shall always remain an "independent contractor" with respect to the services to be performed under this Agreement. The COUNTY shall be exempt from payment of all Unemployment Compensation, FICA, retirement benefits, life and/or medical insurance, and Workers' Compensation Insurance as the SPONSOR is an independent contractor.

3.4 AMENDMENTS

The COUNTY or SPONSOR may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, signed by a duly authorized representative of each organization, and approved by the COUNTY'S Board. Such amendments shall not invalidate this Agreement, nor relieve or release the COUNTY or SPONSOR from its obligations under this Agreement.

The COUNTY may, at its discretion, amend this Agreement to conform with Federal, State, or Local guidelines, policies, available funding amounts, or other reasons. If such amendments result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment signed by both COUNTY and SPONSOR.

3.5 AVAILABILITY OF FUNDS

The parties acknowledge that the Funds originate from FHFC provided SHIP grant funds and must be implemented in full compliance with all SHIP rules and regulations and any agreement between COUNTY and FHFC governing FHFC funds pertaining to this Agreement. In the event of curtailment or non-production of said state funds, the financial resources necessary to continue

to pay the SPONSOR all or any portion of the funds will not be available. In that event, the COUNTY may terminate this Agreement, which shall be effective as of the date it is determined by the County Manager or designee, in his or her sole discretion and judgment, that the funds are no longer available. In the event of such termination, the SPONSOR agrees that it will not look to, nor seek to hold the COUNTY, nor any individual member of the County Commissioners and/or County Administration, personally liable for the performance of this Agreement, and the COUNTY shall be released from any further liability to the SPONSOR under the terms of this Agreement.

3.6 DEFAULTS, REMEDIES, AND TERMINATION

This Agreement may be terminated for convenience by either the COUNTY or SPONSOR, in whole or in part, by setting forth the reasons for such termination, the effective date, and in the case of partial terminations, the portion to be terminated. However, in the case of a partial termination, if the COUNTY determines that the remaining portion of the award will not accomplish the purpose for which the award was made, the COUNTY may terminate the award in its entirety. This Agreement may also be terminated by the COUNTY, if the award no longer effectuates the program goals or grantor agency priorities.

The following actions or inactions by the SPONSOR shall constitute a Default under this Agreement:

A. SPONSOR's failure to comply with any of the rules, regulations, or provisions referred to herein, or such statutes, regulations, executive orders, and FHFC guidelines, policies, or directives as may become applicable at any time

B. SPONSOR's failure, for any reason, to fulfill its obligations under this Agreement in a timely and proper manner

C. SPONSOR's ineffective or improper use of funds provided under this Agreement

D. SPONSOR's submission of reports to the COUNTY that are incorrect or incomplete in any material respect

E. SPONSOR's submission of any false certification

F. SPONSOR's failure to materially comply with any terms of this Agreement

G. Failure to materially comply with the terms of any other agreement between the COUNTY and the SPONSOR relating to the Project

In the event of any default by the SPONSOR under this Agreement, the COUNTY may seek any combination of one or more of the following remedies:

A. Require specific performance of the Agreement, in whole or in part

B. Require the use of, or change in, professional property management

C. Require the SPONSOR to immediately repay to the COUNTY of all SHIP funds the SPONSOR has received under this Agreement

D. Apply sanctions, if determined by the COUNTY to be applicable

E. Stop all payments, until identified deficiencies are corrected

F. Terminate this Agreement by giving written notice to the SPONSOR of such termination and specifying the effective date of such termination. If the Agreement is terminated by the COUNTY as provided herein, the SPONSOR shall have no claim of payment or benefit for any incomplete project activities undertaken under this Agreement.

3.7 INDEMNIFICATION

To the maximum extent permitted by Florida law, the SPONSOR shall indemnify and hold harmless Collier County, its officers, agents, and employees from any and all claims, liabilities, damages, losses, costs, and causes of action which may arise out of an act or omission, including but not limited to, reasonable attorneys' and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the SPONSOR or any of its agents, officers, servants, employees, contractors, patrons, guests, clients, licensees, invitees, or any persons acting under the direction, control, or supervision of the SPONSOR in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge, or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph. The SPONSOR shall pay all claims and losses of any nature whatsoever in connection therewith and shall defend all suits in the name of the COUNTY and pay all costs (including attorney's fees) and judgments which may issue thereon. This indemnification shall survive the termination and/or expiration of this Agreement. This section does not pertain to any incident arising from the sole negligence of Collier County. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in Section 768.28, Florida Statutes. This section shall survive the expiration or termination of this Agreement.

3.8 COUNTY RECOGNITION/SPONSORSHIPS

The SPONSOR agrees that all notices, informational pamphlets, press releases, advertisements, descriptions of the sponsorships of the Program, research reports, and similar public notices, whether printed or digital, prepared and released by the SPONSOR for, on behalf of, and/or about the Program shall include the statement:

"FINANCED BY FLORIDA HOUSING FINANCING COPORATION (FHFC) AND COLLIER COUNTY COMMUNITY AND HUMAN SERVICES DIVISION"

and shall appear in the same size letters or type as the name of the SPONSOR. This design concept is intended to disseminate key information regarding the development team as well as Equal Housing Opportunity to the general public. Construction signs shall comply with applicable COUNTY codes.

3.9 INSURANCE

SPONSOR shall not commence any work or services pursuant to this Agreement until all required insurance, as outlined in Exhibit A, has been obtained. Said insurance shall be carried continuously during SPONSOR's performance under the Agreement. The SPONSOR shall furnish a Certificate of Insurance naming Collier County as an additional insured with general liability limits of at least $1,000,000 per occurrence in accordance with Exhibit A.

3.10 PURCHASING

All purchasing for consumables, capital equipment, and services shall be made by purchase order or written contract in conformity and in full compliance with the procedures prescribed by applicable Florida Statutes (FL 287.017) and the Collier County Purchasing Policy, whichever is more stringent. Collier County Ordinance #2017-08 allows for contracting with not-for-profits through the approved exemption.

Purchasing Threshold Policy

Dollar Range ($)	Competition Required
$0 - $50,000	3 Written Quotes
$50,001+	Formal Solicitation (ITB, RFP, etc.)

All improvements specified in Part I Scope of Work, shall be performed by SPONSOR employees, or put out to competitive bidding, under a procedure acceptable to the COUNTY and State requirements. The SPONSOR shall enter into contracts with the lowest, responsible, and qualified bidder. Contract administration shall be managed by SPONSOR and monitored by CHS, which shall have access to all records and documents related to the Project.

As provided in Section 287.133, Florida Statutes, by entering into this Agreement or performing any work in furtherance hereof, the SPONSOR certifies that it, its affiliates, suppliers, subcontractors, and consultants who will perform hereunder, have not been placed on the convicted vendor list, maintained by the State of Florida Department of Management Services, within the 36 months immediately preceding the date hereof. This notice is required by Section 287.133 (3)(a), Florida Statutes.

3.11 DEBARMENT

The SPONSOR certifies that none of its officers or agents have been debarred from bidding, proposing, or contracting for federal, state, or local government programs. The SPONSOR assures that all its subcontractors who will participate in activities, which are subject to this Agreement, are eligible and have not been debarred.

3.12 GRANT CLOSEOUT PROCEDURES

The SPONSOR's obligation to the COUNTY shall not end until all closeout requirements are completed. Activities during this closeout period shall include, but are not limited to making final payments, disposing of program assets (including the return of all unused materials, equipment, program income balances, and receivable accounts to the COUNTY), closeout monitoring, and determining the custodianship of records. In addition to the records retention outlined in Section 2.2, SPONSOR shall comply with Section 119.021 Florida Statutes regarding records maintenance, preservation, and retention. A conflict between state and federal records retention law requirements will result in the more stringent law being applied, such that the record must be held for the longer duration. Any balance of unobligated funds which have been advanced or paid must be returned to the COUNTY. Any funds paid in excess of the amount to which the SPONSOR is entitled under the terms and conditions of this Agreement must be refunded to the COUNTY. The SPONSOR shall also produce records and information that comply with Section 215.97, Florida Single Audit Act.

3.13 OPPORTUNITIES FOR RESIDENTS AND CIVIL RIGHTS COMPLIANCE

The SPONSOR agrees that no person shall be excluded from the benefits of or be subjected to discrimination, based on race, creed, color, religion, national origin, sex, handicap, familial status, marital status, or age under any activity carried out by the SPONSOR in performance of this Agreement. Upon receipt of evidence of such discrimination, the COUNTY shall have the right to terminate this Agreement. The SPONSOR will take affirmative action to ensure that all employment practices are free from such discrimination. Such employment practices include but are not limited to hiring, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rate of pay or other forms of compensation, and selection for training, including apprenticeship. The SPONSOR agrees to post notices setting forth the provisions of this nondiscrimination clause in conspicuous places available to employees and applicants for employment.

To the greatest extent feasible, lower-income residents of the project area shall be given opportunities for training and employment; and to the greatest extent feasible, eligible business concerns located in or owned in substantial part by persons residing in the project area shall be awarded contracts in connection with the project. The SPONSOR is encouraged to comply with Section 3 of the Housing and Community Development Act of 1968.

3.14 OPPORTUNITIES FOR SMALL AND MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

The SPONSOR will use its best efforts to afford small businesses and minority and women owned business enterprises the maximum practicable opportunity to participate in the performance of this Agreement. As used in this Agreement, the term "small business" means a business that meets the criteria set forth in section 3(a) of the Small Business Act, as amended (15 U.S.C. 632); and "minority and women's business enterprise" means a business at least fifty-one (51) percent owned and controlled by minority group members or women. For the purposes of this definition, "minority group members" are Afro-Americans, Spanish-speaking, Spanish surnamed or Spanish-heritage Americans, Asian-Americans, and American Indians. The

SPONSOR may rely on written representations by businesses regarding their status as minority and women business enterprises, in lieu of an independent investigation.

3.15 PROGRAM BENEFICIARIES

As defined by Florida Statute Section 420.9071-420.9079 and the Collier County Local Housing Assistance Plan (LHAP), 100 percent of the beneficiaries receiving SHIP funding through this Agreement must meet the requirement to be at or below 120 percent of the Area Median Income (AMI), as published by HUD. Additionally, the SHIP program requires the SPONSOR to meet specific income set-asides, which are described in Exhibit B. Income eligibility of tenants will be validated by supporting documentation during interim monitoring and at closeout.

3.16 AFFIRMATIVE ACTION PLAN

The SPONSOR agrees that it is committed to carry out an Affirmative Action Program, pursuant to the COUNTY's specifications, in keeping with the principles as provided in President's Executive Order 11246 of September 24, 1966. The SPONSOR shall submit a plan for an Affirmative Action Program for approval prior to the award of funds. If the Affirmative Action Program is updated during the period of performance of this Agreement, the updated plan must be submitted to the COUNTY within 60 days of any update/modification.

3.17 PROHIBITED ACTIVITY

The SPONSOR, or personnel employed in the administration of the program, are prohibited from using funds provided herein, for political activities, sectarian or religious activities, lobbying, political patronage, and/or nepotism activities.

3.18 CONFLICT OF INTEREST

The SPONSOR covenants that no person under its employ, who presently exercises any functions or responsibilities in connection with the Project, has any personal financial interest, direct or indirect, in the Project area or any parcels therein, which would conflict in any manner or degree with the performance of this Agreement. SPONSOR also covenants it will not employ or subcontract any person having any conflict of interest. SPONSOR agrees that it will comply with all provisions of "Conflict of Interest," per Florida Statute 287.057 and any additional State and County statutes, regulations, ordinances, or resolutions governing conflicts of interest.

The SPONSOR will notify the COUNTY, in writing, and seek COUNTY approval prior to entering into any contract with an entity owned in whole or in part by a covered person or an entity owned or controlled, in whole or in part, by the SPONSOR. The COUNTY may review the proposed contract to ensure that the contractor is qualified, and costs are reasonable. Approval of an identity of interest contract will be at the COUNTY's sole discretion. This provision is not intended to limit SPONSOR's ability to self-manage the Project using its own employees.

Any possible conflict of interest on the part of the SPONSOR, its employees, or its contractors shall be disclosed in writing to CHS provided, however that this paragraph shall be interpreted

in such a manner so as not to unreasonably impede the statutory requirement that maximum opportunity be provided for employment and participation of low- and moderate-income residents of the project target areas.

3.19 CONDITIONS FOR RELIGIOUS ORGANIZATIONS

State funds may be used by religious organizations or on property owned by religious organizations only in accordance with requirements set forth in Florida Statue, Chapter 196.011. The SPONSOR shall comply with First Amendment Church/State principles as follows:

A. It will not discriminate against any employee or applicant for employment based on religion and will not limit or give preference in employment to persons based on religion.

B. It will not discriminate against any person applying for public services based on religion and will not limit such services or give preference to persons based on religion.

C. It will retain its independence from Federal, State, and Local governments and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided it does not use direct State funds to support any inherently religious activities, such as worship, religious instruction, or proselytizing.

D. The funds shall not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for inherently religious activities. Where a structure is used for both eligible and inherently religious activities, SHIP funds may not exceed the cost of those portions of the acquisition, construction, or rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to SHIP funds in this part. Sanctuaries, chapels, or other rooms that a SHIP funded religious congregation uses as its principal place of worship, however, are ineligible for SHIP funded improvements.

3.20 INCIDENT REPORTING

If services to clients are to be provided under this Agreement, SPONSOR and any subcontractors shall report knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled person to the COUNTY.

3.21 ENFORCEMENT OF AGREEMENT

The benefits of this Agreement shall inure to and may be enforced by the COUNTY for the duration of the Agreement, whether or not the COUNTY shall continue to be the holder of the Mortgage; whether or not the Project loan may be paid in full; and whether or not any bonds issued for the purpose of providing funds for the project are outstanding. SPONSOR warrants that it has not, and will not, execute any other agreement with provisions contradictory to, or in opposition to, the provisions hereof; and that, in any event, the requirements of this Agreement

are paramount and controlling as to the rights and obligations herein set forth and supersede any other requirements in conflict herewith. However, this shall not preclude the COUNTY from subordinating its loan to construction financing.

3.22 SEVERABILITY

Should any provision of the Agreement be determined to be unenforceable or invalid, such a determination shall not affect the validity or enforceability of any other section or part thereof.

3.23 COPYRIGHTS AND PATENTS

If this Agreement results in a book or other copyright or patent materials, the SPONSOR may copyright or patent such, but Collier County and the State of Florida reserve a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use such materials and to authorize others to do so.

4.9 Proof of Lawful Presence. SPONSOR acknowledges that the COUNTY's funds are a "public benefit." As such, the SPONSOR shall ensure compliance by performing the required verifications. Specifically, when required the SPONSOR shall ensure that:

a. if the public benefit provided by the funds flows directly to a natural person (i.e., not a corporation, partnership, or other legally created entity) 18 years of age or older, he/she must do the following:

(i) complete an affidavit stating he/she is an alien lawfully present in the United States.

(ii) attach a photocopy of the front and back of one of the following forms of identification: a valid Florida driver's license or Florida identification card; a United States military card or military dependent's identification card; a United States Coast Guard Merchant Mariner identification card; or a Native American tribal document.

b. If an individual applying for the benefits identified herein executes the affidavit stating that he/she is an alien lawfully present in the United States, SPONSOR shall verify his/her lawful presence through the federal systematic alien verification or entitlement program, known as the "SAVE Program," operated by the U.S. Department of Homeland Security or a successor program designated by said department. In the event SPONSOR determines through such verification process that the individual is not an alien lawfully present in the United States, the SPONSOR shall not provide benefits to such individual with the COUNTY's funds.

4.12 Arrest and Conviction Records: Federal and state laws restrict use of arrest and conviction records in the employment context, except when specifically authorized. SPONSOR agrees to avoid the misuse of arrest or conviction records to screen applicants for employment or employees for retention or promotion that may have a disparate impact based on race or national origin, resulting in unlawful employment discrimination unless use is otherwise specifically authorized by law. See https://ojp.gov/about/ocr/pdfs/UseofConviction_Advisory.pdf for more details.

4.13 False Claim; Criminal, or Civil Violation: SPONSOR must promptly refer to COUNTY any credible evidence that a principal, employee, agent, contractor, subgrantee, subcontractor, or other person has either (i) submitted a false claim for grant funds under the False Claims Act or (ii) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving subaward agreement funds

4.14 Political Activities Prohibited: None of the Funds provided directly or indirectly under this Agreement shall be used for any political activities or to further the election or defeat of any candidates for public office. Neither this Agreement nor any Funds provided hereunder shall be utilized in support of any partisan political activities or activities for or against the election of a candidate for an elected office.

4.15 Prohibition of Gifts to COUNTY Employees - No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service, or other item of value to any COUNTY employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311.

4.16 Order of Precedence - In the event of any conflict between or among the terms of any of the Contract Documents, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except that the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at Owner's discretion.

4.17 Venue - Any suit of action brought by either party to this Agreement against the other party, relating to or arising out of this Agreement, must be brought in the appropriate federal or state courts, in Collier County, FL which courts have sole jurisdiction on all such matters. (No reference required for this item).

4.18 Dispute Resolution - Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to

resolve any such disputes by negotiation. Any situations when negotiations, litigation, and/or mediation shall be attended by representatives of SPONSOR with full decision-making authority and by COUNTY'S staff person who would make the presentation of any settlement reached during negotiations to COUNTY for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Florida Statutes. The litigation arising out of this Agreement shall be adjudicated in Collier County, Florida, if in state court; and the US District Court, Middle District of Florida, if in federal court. BY ENTERING INTO THIS AGREEMENT, COLLIER COUNTY AND THE SPONSOR EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO, OR ARISING OUT OF, THIS AGREEMENT.

1. Workers' Compensation as required by Chapter 440, Florida Statutes.

2. Commercial General Liability, including products and completed operations insurance, in the amount of $1,000,000 per occurrence and $2,000,000 aggregate. Collier County must be shown as an additional insured with respect to this coverage.

3. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with this Agreement, in an amount not less than $1,000,000 combined single limit for combined Bodily Injury and Property Damage.

DESIGN STAGE (IF APPLICABLE)
In addition to the insurance required in 1 – 3 above, a Certificate of Insurance must be provided as follows:

4. Professional Liability Insurance, in the name of the SPONSOR or the licensed design professional employed by the SPONSOR, in an amount not less than $1,000,000 per occurrence/$1,000,000 aggregate providing for all sums which the SPONSOR and/or the design professional shall become legally obligated to pay as damages for claims arising out of the services performed by the SPONSOR or any person employed by the SPONSOR in connection with this Agreement. This insurance shall be maintained for a period of two (2) years after the certificate of Occupancy is issued.

CONSTRUCTION PHASE (IF APPLICABLE)
In addition to the insurance required in 1 – 4 above, the SPONSOR shall provide, or cause its Subcontractors to provide, original certificates indicating the following types of insurance coverage prior to any construction:

5. Completed Value Builder's Risk Insurance on an "All Risk" basis, in an amount not less than one hundred (100%) percent of the insurable value of the building(s) or structure(s). The policy shall be in the name of Collier County and the SPONSOR.

6. In accordance with the requirements of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001), the SPONSOR shall assure that for activities located in an area identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards, flood insurance under the National Flood Insurance Program is obtained and maintained, as a condition of financial assistance for acquisition or construction purposes (including rehabilitation).

OPERATION/MANAGEMENT PHASE (IF APPLICABLE)
After the Construction Phase is completed and occupancy begins, the following insurance must be kept in force throughout the duration of the loan and/or Agreement:

7. Workers' Compensation as required by Chapter 440, Florida Statutes.

8. Commercial General Liability including products and completed operations insurance in the amount of $1,000,000 per occurrence and $2,000,000 aggregate. Collier County must be shown as an additional insured with respect to this coverage.

9. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with this Agreement in an amount not less than $1,000,000 combined single limit for combined Bodily Injury and Property Damage.

10. Property Insurance coverage on an "All Risk" basis, in an amount not less than one hundred (100%) of the replacement cost of the property. Collier County must be shown as a Loss payee, with respect to this coverage A.T.I.M.A.

11. Flood Insurance coverage for those properties found to be within a flood hazard zone, for the full replacement values of the structure(s) or the maximum amount of coverage available through the National Flood Insurance Program (NFIP). The policy must show Collier County as a Loss Payee A.T.I.M.A.

EXHIBIT B
RENTAL REHABILITATION PROJECT REQUIREMENTS

The Project will rehabilitate existing affordable residential rental housing in accordance with the SHIP Program and Collier County LHAP FY2022-2025. SPONSOR shall perform the following activity under this Agreement:

a) Rehabilitate existing rental property.

1) Affordability of SHIP-Assisted Units: For the duration of the Affordability Period (30 years), as defined in the Note and Mortgage/Land Use Restriction Agreement (LURA) of even date, a minimum of 16) units and a maximum of $30,000.00 per unit in the Project shall be SHIP-Assisted units.

All SHIP-Assisted units in the Project shall be fixed and rented, or held available for rental, on a continuous basis to persons or families who at the commencement of occupancy shall have a verified annual income that does not exceed 80 percent of the Area Median Income (AMI), as defined by the Department of Housing and Urban Development (HUD). Rents on these units shall be restricted to SHIP Program rent limits. Maximum eligible income and rent limits are revised annually and are available from the COUNTY.

The SPONSOR covenants that **a minimum of seventeen (16) units** will be rented to income-eligible tenants, as defined by HUD. All units carry rent and occupancy restrictions until **June 30, 2056, which remain in force regardless of transfer of ownership and shall be in accordance with the LURA (incorporated by reference) and Section 1.6 of this Agreement**. SHIP-Assisted units shall be reserved for and rented to households that qualify for the following:

SHIP-Assisted Units According to Income Limits

Income Limits	Number SHIP-Assisted Units
80% or below AMI	16
Total Units (Minimum)	16

This Agreement incorporates, by reference, terms and conditions described in the Mortgage and Note of even date, and any other agreements enforcing the SHIP requirements associated with said Mortgage and Note. The Project budget is **(FIVE HUNDRED TWENTY-FIVE THOUSAND TWENTY DOLLARS AND ZERO CENTS ($500,000.00)** and is provided by the COUNTY through the SHIP PROGRAM. Project construction will commence and be completed as defined and set forth in the affordable housing development schedule, incorporated by reference. In no event will rehabilitation commence later than 120 days from the date of this Agreement. Rehabilitation will progress in accordance with the construction schedule submitted by the SPONSOR to obtain financing.

2) Compliance: The SPONSOR shall determine and verify the income eligibility of tenants for the Project in accordance with HUD Section 8 housing assistance programs in 24 CFR Part 5. Income shall be calculated by annualizing verified sources of income for the household, as

the amount of income to be received during the 12 months following the effective date of the determination. The Annual Gross Income, as defined in Section 420.9071(4), Florida Statutes, must be used to determine eligibility, and the SHIP Program income limits cannot be exceeded. The SPONSOR shall maintain complete and accurate income records pertaining to each tenant occupying a SHIP-assisted unit. Onsite inspections will be conducted annually, upon reasonable prior written notice, to verify compliance with tenant income, rents, and minimum property standards as stated in Section 420.907-420.9079, Florida Statutes and Rule 67-37, Florida Administrative Code, as they may be amended from time to time.

3) Restriction on Use: The SPONSOR is required to comply with all applicable program requirements of the SHIP Program, including but not limited to Section 420.907-420.9079, Florida Statutes and Rule 67-37, Florida Administrative Code. Any or all of these regulations may, but are not required to be, specifically set forth in any additional loan documents executed in connection with the Loan. The SPONSOR shall include such language as the COUNTY may require in any agreements with potential tenants of the Project, or any portion, thereof to evidence such requirements.

4) Default of Subordinate Mortgage: The Subordinate Mortgage and Note shall provide that a default shall occur if:

   A. Sale; if proceeds are not sufficient to pay off the mortgage note, the property owner (not-for-profit or for-profit) may contact the COUNTY regarding a settlement amount of the SHIP loan.

   B. Title transfer; either voluntarily or by operation of law, divested of title by judicial sale, levy, or other proceedings, including foreclosure or Deed in Lieu.

   C. Refinance; a refinance of the first mortgage may be approved without repayment if the request is submitted in writing and the refinance is at a lower fixed rate with no cash out, in accordance with the "Subordination Policy."

   D. Property will no longer serve the intended target population.

   E. Repayment of the loan is required in full when any of the aforementioned conditions is met.

   Other defaults that may trigger repayment, if not cured within any applicable cure or notice period following a monitoring:

   F. Lack of SPONSOR compliance with the State statutes or County Codes, which is corrected within thirty (30) days of written notice from the COUNTY.

   G. SPONSOR has not begun to offer at least seventeen (16) affordable rental housing units to very low and/or low-income families and individuals, in accordance with the provisions of Part 1 of Exhibit B on or before, June 30, 2026.

   H. SPONSOR abandons, and/or ceases to use the Property as affordable rental housing to tenants, without the prior written approval of the COUNTY.

Subject to the rights of USDA Rural Development as First Mortgagee and Florida Housing as Second Mortgagee, the outstanding Loan balance shall become due and payable upon default of this Agreement, the Mortgage, or Note if not cured within any applicable cure or notice period.

5) Assurance of Public Purpose: The SPONSOR covenants that if it is unable or unwilling to develop the property in accordance with the terms and conditions incorporated herein, no lease, sale, or title transfer to any third party shall occur prior to giving the COUNTY a 90-day notification. The COUNTY shall have the right, solely at the COUNTY's discretion, to purchase or find another SPONSOR to purchase the Project and carry out the eligible activities of the Program, for an amount not to exceed the amount of funds provided by the COUNTY through the SHIP Program.

6) Affirmative Marketing: SPONSOR shall adopt appropriate procedures for affirmatively marketing the SHIP-assisted units. Affirmative marketing consists of good faith efforts to provide information and otherwise attract eligible persons from all racial, ethnic and gender groups in the housing market area to the available housing. The SPONSOR shall be required to use affirmative fair housing marketing practices in soliciting renters, determining eligibility, concluding transactions, and affirmatively further fair housing efforts. The SPONSOR must maintain a file containing all marketing efforts (i.e. copies of newspaper ads, memos of phone calls, copies of letters, etc.) to be available for inspection upon request by the COUNTY. The SPONSOR must provide a description of intended actions that will inform and otherwise attract eligible persons from all racial, ethnic, and gender groups in the housing market to the available housing. The SPONSOR must provide the COUNTY with an assessment of the affirmative marketing program. Assessment must include: a) methods used to inform the public and potential renters about federal fair housing laws and affirmative marketing policy, b) methods used to inform and solicit applications from persons in the housing market who are not likely to apply without special outreach; c) records describing actions taken by the participating entity and/or owner to affirmatively market units; and d) records to assess the results of these actions.

7) Tenant Leases and Protections: Tenants applying for rental housing units shall be qualified on a first-qualified, first-served basis. Tenants must be income-eligible and must occupy the rental unit as a primary residence. The SPONSOR shall comply with the provisions of the Florida Landlord Tenant Act defined in Chapter 83 Part II of the Florida Statutes, SHIP Program, and COUNTY requirements, which prohibit certain lease terms. All tenant leases for assisted units shall be expressly subordinate to the Mortgage and shall contain clauses, among others, wherein each individual lessee:

   A. Agrees that the household income, household composition, and other eligibility requirements shall be deemed substantial and material obligations of the tenancy; that the tenant will comply promptly with all requests for information with respect thereto from the SPONSOR or the COUNTY; and that tenant's failure to provide accurate information about household income or refusal to comply with a request for information with respect thereto shall be deemed a violation of a substantial obligation of his/her tenancy; and

B. Agrees not to sublease to any person or family who does not meet income qualifications as determined, verified, and certified by the SPONSOR; and

C. States that the rental unit is the primary residence of the tenant; and

D. Agrees that the lease shall be for a one-year period, unless other terms are mutually agreed upon by the SPONSOR and tenant.

8) Project Requirements: SPONSOR agrees not to undertake any activity that may adversely affect historic or environmental sensitivity of the site, and to mitigate any findings identified in an environmental assessment. The SPONSOR agrees that if the Project is located in a Designated Flood Zone, all government requirements for construction in a flood zone shall be satisfied.

Within 60 days of Agreement execution, the SPONSOR shall develop and submit to CHS a rehabilitation schedule to include the following:

TENTATIVE SCHEDULE (Not a Condition of Payment)

Bid Solicitation (HVAC and Exterior Window bids to be awarded due to type of rehabilitation work to be performed)	August 30, 2024
Initial Plans and Permitting Approvals	September 30, 2024
Work Commenced	October 15, 2024
Construction Completion	May 30, 2026

Project rehabilitation will commence and be completed in accordance with the schedule submitted and in no event will rehabilitation commence later than 120 days from the date of this Agreement, nor will the Project be completed later than 24 months from the execution date of this Agreement.

Further, "project completion date" will mean issuance of all certificates of occupancy and completion of initial lease-up.

9) Property Standards: The SPONSOR attests that the Project will meet the standards of the Florida Building Code and all applicable local codes, standards, ordinances, and zoning ordinances at the time of project completion and throughout the duration of the affordability period. The Project will also meet the accessibility requirements at 24 CFR part 8, which implements Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and covered multifamily dwellings, as defined at 24 CFR 100.201, and the design and construction requirements at 24 CFR 100.205, which implement the Fair Housing Act (42 U.S.C. 3601-3619).

In accordance with the Local Housing Assistance Plan, a sponsor shall follow each SHIP Program strategy requirement below:

Energy Efficient Best Practices: Section 420.9075(3)(d), Florida Statutes defines Energy Efficient Best Practices as: Innovative design, green building principles, storm resistant

construction, or other elements that reduce long term costs relating to maintenance, utilities, or insurance.

Collier County requires the use or inclusion, when appropriate, of the following: energy star appliances; low-E windows; additional insulation (for increased R-value); ceramic tile; tank-less water heater; 14 and 15 SEER air conditioning units; stucco; florescent light bulbs; and impact resistant windows and doors.

10) Property Management: The COUNTY reserves the right to require SPONSOR to enter into a contract with a COUNTY approved property management firm for professional management services of the Property, to provide leasing, collection of rents, maintenance and repair of Property, and other property management tasks as the COUNTY may require. Such contract shall stipulate that the contract will not be amended or terminated without prior written consent of the COUNTY.

Executive Summary

Recommendation to approve and authorize the Chairman to sign thirty (30) mortgage satisfactions for the State Housing Initiatives Partnership loan program in the amount of $145,000.00. (SHIP Grant Fund 1053)

OBJECTIVE: To support the County's strategic initiative of quality of place through home ownership and/or rehabilitation assistance programs funded by the State Housing Initiatives Partnership (SHIP).

CONSIDERATIONS: The State Housing Initiatives Partnership Program (SHIP), a state affordable housing program, offers assistance to first-time homebuyers for use toward a portion of the required down payment and emergency repairs to the newly acquired home, or rehabilitation assistance to homeowners for rehabilitation to their homesteaded property. As a condition of the below rehabilitation award, the homeowner must repay the assistance provided upon sale before the end of the affordability term, refinance or loss of homestead exemption. If all conditions of the loan are met, one-third of the loan will be forgiven in five-year increments so that at the end of the fifteenth (15) year the loan is fully forgiven.

The following table provides details regarding the associated mortgages that have met the affordability period or were paid off. As such, satisfactions of mortgage are required.

SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on April , 2004 The Second Mortgagor is:

Andre Jean & Willia Attilis, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34104. Borrower owes Lender the sum of Two Thousand Five Hundred and No/100ths Dollars (U.S. $ 2,500.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 57, Hallendale, Collier County, Florida** and which has the address of:

("Property Address"): 2939 Andrews Avenue, Naples, Florida 34112

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term 'extended coverage' and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith

ISLAND TITLE GUARANTY AGENCY, INC.

judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with

paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on December , 2001 The Second Mortgagor is:
Perez
Luis Perez Rodriguez and Gillermina Rodriguez, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014 . Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption . This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as Lot 10, Block 13, Naples Manor Lakes, Collier County, Florida and which has the address of:

("Property Address"): 5338 Trammel Street, Naples, Florida 34113

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied: first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. All times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released; Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on January ,2002. The Second Mortgagor is:

Julio & Gloria A. Figueroa, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S.$ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 31, Block 12, Naples Manor Lakes, Collier County, Florida** and which has the address of:

("Property Address"): 5337 Broward Street, Naples, Florida 34112

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. January ,2002

Borrower: Julio Figueroa

5337 Broward Street	Naples	FL 34113
(Property Address)	(City)	(State)

1. **BORROWER(S) PROMISE TO PAY:** I/We promise to pay **Five Thousand Dollars** ($5,000.00) (this amount will be called "principal") to the order of Collier County or to any other holder of this Note (the "Lender"), whose address is 3050 Horseshoe Drive North, Suite 275, Naples, Florida 34104 . I/We understand that the Lender may transfer the Promissory Note. The Lender or anyone who takes this Note by transfer and who is entitled to receive payments under this Note will be called the "Note Holder".

2. **INTEREST:** Interest on this Note shall be zero percent (0%) per annum; except that if I/We fail to pay this Note as required, the interest rate shall be twelve percent (12%) per annum from the date when payment of this Note is due until I/We pay it in full.

3. **PAYMENTS:** Principal payments shall be deferred for the term of the first mortgage loan or until sale of property, refinance, or loss of homestead exemption , the date the last payment is due on refinance or satisfy the first mortgage loan, I/We agree to immediately pay the entire sum due under this Note. My/Our total payment shall be U.S. $5,000.00 .

4. **BORROWER'S RIGHT TO PREPAY:** I/We have the right to make payments of principal at any time before they are due. A payment of principal only is know as a "prepayment". When I/We make a prepayment, I/we will tell the Note Holder in writing that I/we am doing so.

   I/We may make a full prepayment or partial prepayment charge. The Note Holder will use all of my prepayments to reduce the amount of the principal that I owe under this Note. If I/We make a partial prepayment, there will be no changes in the due date or in the amount of my monthly payment unless the Note Holder agrees in writing to those changes. If I/We make a partial prepayment, there will be no prepayment penalty adhering to or associated with such prepayment

5. **LOAN CHARGES:** If a law, which applies to this loan and which sets maximum loan charges, is finally interpreted so that the interest or other loan charges collected or to be collected in connection with this loan exceed the permitted limits; then (i) any such loan charges shall be reduced by the amount necessary to reduce the charges to the permitted limit; and (ii) any sums already collected from me which exceeded permitted limits will be refunded to me/us. The Note Holder may choose to make this refund by reducing the principal that I/We owe under this Note or by making a direct payment to me/us. If a refund reduces principal, the reduction will be treated as a partial prepayment.

6. **SUBORDINATION:** Lender and Borrower acknowledge and agree that this Security Instrument is subject and subordinate in all respects to the liens, terms, covenants and conditions of the First Deed of Trust and to all advances heretofore made or which may hereafter be made pursuant to the First Deed of Trust including all sums advanced for the purpose of (a) protecting or further securing the lien of the First Deed of Trust, curing defaults by the Borrower under the First Deed of Trust or for any other purpose expressly permitted by the First Deed of Trust or (b) constructing, renovating, repairing, furnishing, fixturing or equipping the Property. The terms and provisions of the First Deed of Trust are paramount and controlling, and they supersede any other terms and provisions hereof in conflict therewith. In the event of a foreclosure or deed in lieu of foreclosure of the First Deed of Trust, any provisions herein or any provisions in any other collateral agreement restricting the use of the Property to low or moderate income households or otherwise restricting the Borrower's ability to sell the Property shall have no further force or effect on subsequent owners or purchasers of the Property. Any person, including his successors or assigns (other than the Borrower or a related entity of the Borrower), receiving title to the Property through a foreclosure or deed in lieu of foreclosure of the First Deed of Trust shall receive title to the Property free and clear from such restrictions.

   Further, if the Senior Lien Holder acquires title to the Property pursuant to a deed in lieu of foreclosure, the lien of this Security Instrument shall automatically terminate upon the Senior Lien Holder's acquisition of title, provided that (i) the Lender has been given written notice of a default under the First Deed of Trust and (ii) the Lender shall not have cured the default under the First Deed of Trust within the 30-day period provided in such notice sent to the Lender.

7. **BORROWER(S) FAILURE TO PAY AS REQUESTED:**

   (A) Default

   If I/we do not pay the full amount as required in Section 3 above, I/we will be in default. If I am in default, the Note Holder may bring about any actions not prohibited by applicable law and require me/us to pay the Note Holder's cost and expenses as described in (B) below.
   (B) Payment of Note Holder's Cost and Expenses

   If the Note Holder takes such actions as described above, the Note Holder will have the right to be paid back for all of its costs and expenses, including, but not limited to, reasonable attorneys' fees.

8. **GIVING OF NOTICES:** Unless applicable law required a different method, any notice that must be given to me/us under the Note will be given by delivering it or by mailing it by

COLLIER COUNTY COPY

first class mail to me at the Property Address on Page 1 or at a different address if I/we give the Note Holder a notice of my/our different address.

Any notice that must be given to the Note Holder under this Note will be given by mailing it by first class mail to the Note Holder at the address stated in Section 3(A) or at a different address if I/we have been given a notice of that different address.

9. **OBLIGATIONS OF PERSONS UNDER THIS NOTE:** If more than one person signs this Note, each person is fully and personally obligated to keep all of the promises made in this Note, including the promise to pay the full amount owed. Any person who is a guarantor, surety or endorser of this Note is also obligated to do these things. Any person who takes over these obligations, including the obligations of a guarantor, surety or endorser of this Note, is also obligated to keep all of the promises made in this Note. The Note Holder may enforce its rights under this Note against each person individually or against all of us together. This means that any one of us may be required to pay all of the amounts owed under this Note.

10. **WAIVERS:** I and any other person who has obligations under this Note waive the rights of presentment and notice of dishonor. "Presentment" means the right to require the Note Holder to demand payment of amounts due. "Notice of Dishonor" means the right to require the Note Holder to give notice to other persons that amounts due have not been paid.

11. **UNIFORM SECURED NOTE:** This Note is a uniform instrument with limited variations in some jurisdictions. In addition to the protection given to the Note Holder under this Note, a Mortgage, Deed of Trust or Security Deed (the "Security Instrument"), dated the same date as this Note, protects the Note Holder from possible losses which might result if I/we do not keep the promises which I/we make in this Note. That Security Instrument describes how and under what conditions I/we may be required to make immediate payment in full of all amounts I/we owe under this Note. Some of those conditions are described as follows:

Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred And Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full or all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.

If Lender exercises this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than thirty (30) days from the date the notice is delivered or mailed, within which Borrower must pay all sums secured by this Security Instrument. If Borrower(s) fail to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

Notwithstanding the above, the Lender's rights to collect and apply the insurance proceeds hereunder shall be subject and subordinate to the rights of the Senior Lien Holder to collect and apply such proceeds in accordance with the First Deed of Trust.

12. **This note is governed and construed in accordance with the Laws of the State of Florida.**

~~THIRD~~ MORTGAGE

THIS ~~THIRD~~ MORTGAGE ("Security Instrument") is given on June 15, 2001 The ~~Third~~ Mortgagor is:

Pedro Salinas, a single person

("Borrower"). This Security Instrument is given Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34104. Borrower owes Lender the sum of Two Thousand Five Hundred Dollars and no/100 (U.S. $2,500.00) debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as

("Property Address"):

5206 ~~Xxxxxxx~~ (Street) Fleming St. Lot 2 Block 8, NAPLES MANOR LAKES, according to the plat thereof, recorded in Plat Book 3, Pages 86 and 87, of the Public Records of Collier County, Florida.
Naples (City), FL (State) 34113 (Zip)

, and which has the address of

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied, first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. All times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on

the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing

7. **Protection of Lender's Rights in the Property.** If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property Lender's actions may include paying any sums secured by lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs Although Lender may take action under this paragraph 7, Lender does not have to do so Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment

8. **Mortgage Insurance.** If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law

9. **Inspection.** Lender or its agent may make reasonable entries upon and inspections of the Property Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection

10. **Condemnation.** The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments

11. **Borrower Not Released; Forbearance By Lender Not a Waiver.** Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. **Successors and Assigns Bound; Joint and Several Liability; Co-Signers.** The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument, (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. **Loan Charges.** If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit, and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. **Notices.** Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. **Governing Law; Severability.** This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. **Borrower's Copy.** Borrower shall be given one conformed copy of the Note and of this Security Instrument

17. **Transfer of the Property or a Beneficial Interest in Borrower.** If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument However this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument If Lender exercised this option, Lender shall give Borrower notice of acceleration The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. **Borrower's Right to Reinstate.** If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. **Sale of Note; Change of Loan Servicer.** The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument There also may be one or more changes of the Loan Servicer

COPY

unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new LoanServicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or otheremediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default, (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. ~~THIRD~~ MORTGAGE

THIS ~~THIRD~~ MORTGAGE ("Security Instrument") is given on June 15, 2001 The ~~Third~~ Mortgagor is

Catherine George, a single person

Borrower") This Security Instrument is given Collier County
("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34104. Borrower owes Lender the sum of Two Thousand Five Hundred Dollars and no/100 (U.S. $2,500.00) debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications, (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida:

As more particularly described as ("Property Address"): 5462 Texas Ave. Naples, FL 34113 and which has the address of Lot 16, Block 18, NAPLES MANOR LAKES, according to the plat thereof, recorded in Plat Book 3, Pages 86 and 87 of the Public Records of Collier County, Florida.

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the propertyAll replacements and additions shall also be covered by the Security Instrument All of the foregoing is referred to in this Security Instrument as the "Property"

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to theProperty which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien, or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to alien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lendermay use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on

the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released; Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.

If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of: (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures any default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer

unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new LoanServicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or otheremediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on January ,2002. The Second Mortgagor is:

Refugio Perez and Olivia Perez, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S.$ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 30, Block 12, Naples Manor Lakes, Collier County, Florida** and which has the address of:

("Property Address"): 5341 Broward Street, Naples, Florida 34112

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. PROMISSORY NOTE

January ,2002

Borrower: Refugio Perez

5341 Broward Street	Naples	FL 34113
(Property Address)	(City)	(State)

1. **BORROWER(S) PROMISE TO PAY:** I/We promise to pay Five Thousand Dollars ($5,000.00) (this amount will be called "principal") to the order of Collier County or to any other holder of this Note (the "Lender"), whose address is 3050 Horseshoe Drive North, Suite 275, Naples, Florida 34104 . I/We understand that the Lender may transfer the Promissory Note. The Lender or anyone who takes this Note by transfer and who is entitled to receive payments under this Note will be called the "Note Holder".

2. **INTEREST:** Interest on this Note shall be zero percent (0%) per annum; except that if I/We fail to pay this Note as required, the interest rate shall be twelve percent (12%) per annum from the date when payment of this Note is due until I/We pay it in full.

3. **PAYMENTS:** Principal payments shall be deferred for the term of the first mortgage loan or until sale of property, refinance, or loss of homestead exemption , the date the last payment is due on refinance or satisfy the first mortgage loan, I/We agree to immediately pay the entire sum due under this Note. My/Our total payment shall be U.S. $5,000.00 .

4. **BORROWER'S RIGHT TO PREPAY:** I/We have the right to make payments of principal at any time before they are due. A payment of principal only is know as a "prepayment". When I/We make a prepayment, I/we will tell the Note Holder in writing that I/we am doing so.

   I/We may make a full prepayment or partial prepayment charge. The Note Holder will use all of my prepayments to reduce the amount of the principal that I owe under this Note. If I/We make a partial prepayment, there will be no changes in the due date or in the amount of my monthly payment unless the Note Holder agrees in writing to those changes. If I/We make a partial prepayment, there will be no prepayment penalty adhering to or associated with such prepayment

5. **LOAN CHARGES:** If a law, which applies to this loan and which sets maximum loan charges, is finally interpreted so that the interest or other loan charges collected or to be collected in connection with this loan exceed the permitted limits; then: (i) any such loan charges shall be reduced by the amount necessary to reduce the charges to the permitted limit; and (ii) any sums already collected from me which exceeded permitted limits will be refunded to me/us. The Note Holder may choose to make this refund by reducing the principal that I/We owe under this Note or by making a direct payment to me/us. If a refund reduces principal, the reduction will be treated as a partial prepayment.

COLLIER COUNTY COPY

6. **SUBORDINATION:** Lender and Borrower acknowledge and agree that this Security Instrument is subject and subordinate in all respects to the liens, terms, covenants and conditions of the First Deed of Trust and to all advances heretofore made or which may hereafter be made pursuant to the First Deed of Trust including all sums advanced for the purpose of (a) protecting or further securing the lien of the First Deed of Trust, curing defaults by the Borrower under the First Deed of Trust or for any other purpose expressly permitted by the First Deed of Trust; or (b) constructing, renovating, repairing, furnishing, fixturing or equipping the Property. The terms and provisions of the First Deed of Trust are paramount and controlling, and they supersede any other terms and provisions hereof in conflict therewith. In the event of a foreclosure or deed in lieu of foreclosure of the First Deed of Trust, any provisions herein or any provisions in any other collateral agreement restricting the use of the Property to low or moderate income households or otherwise restricting the Borrower's ability to sell the Property shall have no further force or effect on subsequent owners or purchasers of the Property. Any person, including his successors or assigns (other than the Borrower or a related entity of the Borrower), receiving title to the Property through a foreclosure or deed in lieu of foreclosure of the First Deed of Trust shall receive title to the Property free and clear from such restrictions.

   Further, if the Senior Lien Holder acquires title to the Property pursuant to a deed in lieu of foreclosure, the lien of this Security Instrument shall automatically terminate upon the Senior Lien Holder's acquisition of title, provided that (i) the Lender has been given written notice of a default under the First Deed of Trust and (ii) the Lender shall not have cured the default under the First Deed of Trust within the 30-day period provided in such notice sent to the Lender.

7. **BORROWER(S) FAILURE TO PAY AS REQUESTED:**

   (A) Default

   If I/we do not pay the full amount as required in Section 3 above, I/we will be in default. If I am in default, the Note Holder may bring about any actions not prohibited by applicable law and require me/us to pay the Note Holder's cost and expenses as described in (B) below.

   (B) Payment of Note Holder's Cost and Expenses

   If the Note Holder takes such actions as described above, the Note Holder will have the right to be paid back for all of its costs and expenses, including, but not limited to, reasonable attorneys' fees.

8. **GIVING OF NOTICES:** Unless applicable law required a different method, any notice that must be given to me/us under the Note will be given by delivering it or by mailing it by

first class mail to me at the Property Address on Page 1 or at a different address if I/we give the Note Holder a notice of my/our different address.

Any notice that must be given to the Note Holder under this Note will be given by mailing it by first class mail to the Note Holder at the address stated in Section 3(A) or at a different address if I/we have been given a notice of that different address.

9. **OBLIGATIONS OF PERSONS UNDER THIS NOTE:** If more than one person signs this Note, each person is fully and personally obligated to keep all of the promises made in this Note, including the promise to pay the full amount owed. Any person who is a guarantor, surety or endorser of this Note is also obligated to do these things. Any person who takes over these obligations, including the obligations of a guarantor, surety or endorser of this Note, is also obligated to keep all of the promises made in this Note. The Note Holder may enforce its rights under this Note against each person individually or against all of us together. This means that any one of us may be required to pay all of the amounts owed under this Note.

10. **WAIVERS:** I and any other person who has obligations under this Note waive the rights of presentment and notice of dishonor. "Presentment" means the right to require the Note Holder to demand payment of amounts due. "Notice of Dishonor" means the right to require the Note Holder to give notice to other persons that amounts due have not been paid.

11. **UNIFORM SECURED NOTE:** This Note is a uniform instrument with limited variations in some jurisdictions. In addition to the protection given to the Note Holder under this Note, a Mortgage, Deed of Trust or Security Deed (the "Security Instrument"), dated the same date as this Note, protects the Note Holder from possible losses which might result if I/we do not keep the promises which I/we make in this Note. That Security Instrument describes how and under what conditions I/we may be required to make immediate payment in full of all amounts I/we owe under this Note. Some of those conditions are described as follows:

Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred And Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full or all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.

If Lender exercises this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than thirty (30) days from the date the notice is delivered or mailed, within which Borrower must pay all sums secured by this Security Instrument. If Borrower(s) fail to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

Notwithstanding the above, the Lender's rights to collect and apply the insurance proceeds hereunder shall be subject and subordinate to the rights of the Senior Lien Holder to collect and apply such proceeds in accordance with the First Deed of Trust.

12. **This note is governed and construed in accordance with the Laws of the State of Florida.**

Daniel De Leon Castro & Maria De Leon, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014 Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00) This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida

As more particularly described as Lot 10, Block 10, Naples Manor Lakes, Collier County, Florida and which has the address of

("Property Address") 5310 Texas Avenue, Naples, Florida 34113

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property"

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied, first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30 day period will begin when the notice is mailed Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately before the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released; Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given by first class mail to Lender's address stated herein or any other address Lender designates by notice to Borrower. Any notice provided for in this Security Instrument shall be deemed to have been given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of: (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures any default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice of any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on April , 2001 The Second Mortgagor is:

Jesus Garcia and Guadalupe Garcia, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #145, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as the South half of Lot 2 and all of Lot 3, Block B, Wilmer Heights, Collier County, Florida and which has the address of:

("Property Address"): 2315 Andrew Drive, Naples, Florida 34112

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed

with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released; Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument. and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with

paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on June 26, 2003 The Second Mortgagor is:

William & Sonia Willien, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 2, Timber Ridge, Unit 1, Collier County, Florida** and which has the address of:

("Property Address"): 1309 Plum Street, Immokalee, Florida 34142

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied: first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. All of the times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

LAWYERS TITLE INSURANCE CORPORATION # 304884

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on May 16, 2003 The Second Mortgagor is:

Miguel & Margarita Galvan, Husband and Wife

("Borrower"). This Security Instrument is given to **Collier County** ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is **3050 North Horseshoe Drive, #275, Naples, Florida 34014**. Borrower owes Lender the sum of **Five Thousand and No/100ths Dollars** (U.S. $ **5,000.00**). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on **sale of property, refinance, or loss of homestead exemption**. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in **Collier** County, Florida.

As more particularly described as **Lot 4, Timber Ridge, Unit 1, Collier County, Florida** and which has the address of:

("Property Address"): **1317 Plum Street, Immokalee, Florida 34142**

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise all payments received by Lender shall be applied: first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on June 14, 2003 The Second Mortgagor is:

Sergio G. & Esther L. Villagomez, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 8, Timber Ridge, Unit One, Collier County, Florida** and which has the address of:

("Property Address"): 1333 Plum Street, Immokalee, Florida 34142

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY NSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise all payments received by Lender shall be applied: first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on June 9, 2003 The Second Mortgagor is:

Jaime & Adelaida Mandujano, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 9, Timber Ridge, Unit One, Collier County, Florida** and which has the address of:

("Property Address"): 1337 Plum Street, Immokalee, Florida 34142

TOGETHER WITH all the Improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this opt on, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. THIS SECOND MORTGAGE ("Security Instrument") is given on July 30 2003 The Second Mortgagor is:

J. Cruz & Maria Villegas, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 6, Timber Ridge, Unit One, Collier County, Florida** and which has the address of:

("Property Address"): 1325 Plum Street, Immokalee, Florida 34142

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on June 17, 2003 The Second Mortgagor is:

Guadalupe Renteria & Yolanda G. Ramirez, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S.$ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 7, Timber Ridge, Unit One, Collier County, Florida** and which has the address of:

("Property Address"): 1329 Plum Street, Immokalee, Florida 34142

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on October 3, 2003 The Second Mortgagor is:

Debra A. Gadsden, A Single Person

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34014 . Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption . This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Building 50, Unit 6, T=Reflections at Jubilation, A Condominium, Collier County, Florida** and which has the address of:

("Property Address"): 1332 Reflections Lane, #6, Immokalee, Florida 34142

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines, and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy

of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provisions of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on October 20, 2004. The Second Mortgagor is:

LESVIA MARTINEZ, a single woman

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive #400, Naples, Florida 34104. Borrower owes Lender the sum of **Fifteen Thousand Dollars** (U.S.$ **15,000.00**). This, debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on **sale of property, refinance, or loss of homestead exemption.** This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

More particularly described as: **Lot 35, Block 6, Trafford Pine Estates, Section One (I), according to the plat thereof, recorded in Plat Book 10, at page 99 of the Public Records of Collier County, Florida. Folio#77163000006**
and which has the address of

("Property Address"): 1802 Sherman (Street)
Immokalee, Florida 34142 (City) (State) (Zip)

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. The Security Instrument shall also cover all replacements and additions. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property, which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien, which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval, which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to, all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

FORM O

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allows the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien, which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. Federal law and the law of the jurisdiction in which the Property is located shall govern this Security Instrument. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not effect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, Lender shall not exercise this option if federal law as of the date of this Security Instrument prohibits exercise. If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

FORM O

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.
Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure preceding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on August 30, 2002. The Second Mortgagor is:

Emmanuel & Rachelle Excellent, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, Suite 275, Naples, Florida 34014. Borrower owes Lender the sum of Two Thousand Five Hundred and No/100ths Dollars (U.S. $ 2,500.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 18, Block A, Naples Habitat, Collier County, Florida** and which has the address of:

("Property Address"): 12092 Sitterley Street, (Street) Naples, (City) Florida (State) 34113 (Zip)

023316

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied: first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to, all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy

of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.

If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. PROMISSORY NOTE

August , 2002

Borrower: Emmanuel & Rachelle Excellent
12092 Sitterley Street **Naples** **FL** **34113**
(Property Address) (City) (State)

1. **BORROWER(S) PROMISE TO PAY:** I/We promise to pay **Two Thousand Five Hundred Dollars ($2,500.00)** (this amount will be called "principal") to the order of Collier County or to any other holder of this Note (the "Lender"), whose address is 3050 Horseshoe Drive North, Suite 275, Naples, Florida 34104 . I/We understand that the Lender may transfer the Promissory Note. The Lender or anyone who takes this Note by transfer and who is entitled to receive payments under this Note will be called the "Note Holder".

2. **INTEREST:** Interest on this Note shall be zero percent (0%) per annum; except that if I/We fail to pay this Note as required, the interest rate shall be twelve percent (12%) per annum from the date when payment of this Note is due until I/We pay it in full.

3. **PAYMENTS:** Principal payments shall be deferred for the term of the first mortgage loan or until sale of property, refinance, or loss of homestead exemption . the date the last payment is due on refinance or satisfy the first mortgage loan, I/We agree to immediately pay the entire sum due under this Note. My/Our total payment shall be U.S. **$2,500.00** .

4. **BORROWER'S RIGHT TO PREPAY:** I/We have the right to make payments of principal at any time before they are due. A payment of principal only is know as a "prepayment". When I/We make a prepayment, I/we will tell the Note Holder in writing that I/we am doing so.

   I/We may make a full prepayment or partial prepayment charge. The Note Holder will use all of my prepayments to reduce the amount of the principal that I owe under this Note. If I/We make a partial prepayment, there will be no changes in the due date or in the amount of my monthly payment unless the Note Holder agrees in writing to those changes. If I/We make a partial prepayment, there will be no prepayment penalty adhering to or associated with such prepayment.

5. **LOAN CHARGES:** If a law, which applies to this loan and which sets maximum loan charges, is finally interpreted so that the interest or other loan charges collected or to be collected in connection with this loan exceed the permitted limits; then (i) any such loan charges shall be reduced by the amount necessary to reduce the charges to the permitted limit; and (ii) any sums already collected from me which exceeded permitted limits will be refunded to me/us. The Note Holder may choose to make this refund by reducing the principal that I/We owe under this Note or by making a direct payment to me/us. If a refund reduces principal, the reduction will be treated as a partial prepayment.

6. **SUBORDINATION:** Lender and Borrower acknowledge and agree that this Security Instrument is subject and subordinate in all respects to the liens, terms, covenants and conditions of the First Deed of Trust and to all advances heretofore made or which may hereafter be made pursuant to the First Deed of Trust including all sums advanced for the purpose of (a) protecting or further securing the lien of the First Deed of Trust, curing defaults by the Borrower under the First Deed of Trust or for any other purpose expressly permitted by the First Deed of Trust or (b) constructing, renovating, repairing, furnishing, fixturing or equipping the Property. The terms and provisions of the First Deed of Trust are paramount and controlling, and they supersede any other terms and provisions hereof in conflict therewith. In the event of a foreclosure or deed in lieu of foreclosure of the First Deed of Trust, any provisions herein or any provisions in any other collateral agreement restricting the use of the Property to low or moderate income households or otherwise restricting the Borrower's ability to sell the Property shall have no further force or effect on subsequent owners or purchasers of the Property. Any person, including his successors or assigns (other than the Borrower or a related entity of the Borrower), receiving title to the Property through a foreclosure or deed in lieu of foreclosure of the First Deed of Trust shall receive title to the Property free and clear from such restrictions.

   Further, if the Senior Lien Holder acquires title to the Property pursuant to a deed in lieu of foreclosure, the lien of this Security Instrument shall automatically terminate upon the Senior Lien Holder's acquisition of title, provided that (i) the Lender has been given written notice of a default under the First Deed of Trust and (ii) the Lender shall not have cured the default under the First Deed of Trust within the 30-day period provided in such notice sent to the Lender.

7. **BORROWER(S) FAILURE TO PAY AS REQUESTED:**

   (A) Default

   If I/we do not pay the full amount as required in Section 3 above, I/we will be in default. If I am in default, the Note Holder may bring about any actions not prohibited by applicable law and require me/us to pay the Note Holder's cost and expenses as described in (B) below.

   (B) Payment of Note Holder's Cost and Expenses

   If the Note Holder takes such actions as described above, the Note Holder will have the right to be paid back for all of its costs and expenses, including, but not limited to, reasonable attorneys' fees.

8. **GIVING OF NOTICES:** Unless applicable law required a different method, any notice that must be given to me/us under the Note will be given by delivering it or by mailing it by

COLLIER COUNTY FLORIDA RECORDED IN OFFICIAL RECORDS

first class mail to me at the Property Address on Page 1 or at a different address if I/we give the Note Holder a notice of my/our different address.

Any notice that must be given to the Note Holder under this Note will be given by mailing it by first class mail to the Note Holder at the address stated in Section 3(A) or at a different address if I/we have been given a notice of that different address.

9. **OBLIGATIONS OF PERSONS UNDER THIS NOTE:** If more than one person signs this Note, each person is fully and personally obligated to keep all of the promises made in this Note, including the promise to pay the full amount owed. Any person who is a guarantor, surety or endorser of this Note is also obligated to do these things. Any person who takes over these obligations, including the obligations of a guarantor, surety or endorser of this Note, is also obligated to keep all of the promises made in this Note. The Note Holder may enforce its rights under this Note against each person individually or against all of us together. This means that any one of us may be required to pay all of the amounts owed under this Note.

10. **WAIVERS:** I and any other person who has obligations under this Note waive the rights of presentment and notice of dishonor. "Presentment" means the right to require the Note Holder to demand payment of amounts due. "Notice of Dishonor" means the right to require the Note Holder to give notice to other persons that amounts due have not been paid.

11. **UNIFORM SECURED NOTE:** This Note is a uniform instrument with limited variations in some jurisdictions. In addition to the protection given to the Note Holder under this Note, a Mortgage, Deed of Trust or Security Deed (the "Security Instrument"), dated the same date as this Note, protects the Note Holder from possible losses which might result if I/we do not keep the promises which I/we make in this Note. That Security Instrument describes how and under what conditions I/we may be required to make immediate payment in full of all amounts I/we owe under this Note. Some of those conditions are described as follows:

Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred And Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.

If Lender exercises this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than thirty (30) days from the date the notice is delivered or mailed, within which Borrower must pay all sums secured by this Security Instrument. If Borrower(s) fail to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

Notwithstanding the above, the Lender's rights to collect and apply the insurance proceeds hereunder shall be subject and subordinate to the rights of the Senior Lien Holder to collect and apply such proceeds in accordance with the First Deed of Trust.

12. **This note is governed and construed in accordance with the Laws of the State of Florida.**

SECOND MORTGAGE

Oct 10,

THIS SECOND MORTGAGE ("Security Instrument") is given on ~~September~~ , 2003 The Second Mortgagor is:

Mario Almanza & Maria G. Serrato, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34014 . Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption . This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 31, Block C, Habitat Village, Collier County, Florida** and which has the address of:

("Property Address"): 12142 Fuller Lane, Naples, Florida 34113

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.
Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. THIS SECOND MORTGAGE ("Security Instrument") is given on ~~September~~ 10-24, 2003 The Second Mortgagor is:

Martin A. Munoz & Martha C. Acosta, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 12, Block B, Habitat Village, Collier County, Florida** and which has the address of:

("Property Address"): 12136 Americus Lane, Naples, Florida 34113

TOGETHER WITH all the Improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

OBLD	2500.00
OBLI	2500.00
REC FEE	15.00
DOC-.35	0.75

THIS SECOND MORTGAGE ("Security Instrument") is given on ~~September~~ 10-10-03 ,2003. The Second Mortgagor is:

Schumann Theodat & Judith Anilus, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34014 . Borrower owes Lender the sum of Two Thousand Five Hundred and No/100ths Dollars (U.S. $ 2,500.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption . This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 30, Block C, Habitat Village, Collier County, Florida** and which has the address of:

("Property Address"): 12146 Fuller Lane, (Street) Naples, (City) Florida (State) 34113 (Zip)

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over this Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy

of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

October 10,

THIS SECOND MORTGAGE ("Security Instrument") is given on ~~September~~ , 2003 The Second Mortgagor is:

Juan S. & Maria L. Lopez, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34014 . Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption . This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 11, Block B, Habitat Village, Collier County, Florida** and which has the address of:

("Property Address"): 12142 Americus Lane, Naples, Florida 34113

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.
Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. S.C.

THIS SECOND MORTGAGE ("Security Instrument") is given on ~~October~~ 11-16 -, 2003 The Second Mortgagor is:

Jorge A. Calzada and Ana Esquijarosa, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34014 . Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption . This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 23, Block C, Habitat Village, Collier County, Florida** and which has the address of:

("Property Address"): 12196 Fuller Lane, Naples, Florida 34113

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on March ,2003. The Second Mortgagor is:

Antonio & Sebastiana Lora, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, Suite 275, Naples, Florida 34014 . Borrower owes Lender the sum of Two Thousand Five Hundred and No/100ths Dollars (U.S. $ 2,500.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption . This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 9, Block C, Habitat Village, Collier County, Florida** and which has the address of:

("Property Address"): 12147 Americus Lane, (Street) Naples, (City) Florida (State) 34113 (Zip)

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied: first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy

RETURN TO: LAWYERS TITLE INSURANCE CORPORATION 03049R PG

of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on February 5th, 2003 The Second Mortgagor is:

Jaime E. Fonseca & Flor Alba Sotelo, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 8, Block C, Habitat Village, Collier County, Florida** and which has the address of:

("Property Address"): 12143 Americus Lane, Naples, Florida 34113

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

RETURN TO: COLLIER COUNTY TITLE INSURANCE CORPORATION

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on February 27, 2003. The Second Mortgagor is:

Serafin A. Estrada & Susel Brao, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, #275, Naples, Florida 34014. Borrower owes Lender the sum of Five Thousand and No/100ths Dollars (U.S. $ 5,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 12, Block C, Habitat Village, Collier County, Florida** and which has the address of:

("Property Address"): 12159 Americus Lane, Naples, Florida 34113

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

RETURN TO: LAWYERS TITLE INSURANCE CORPORATION 3300 Exchange Way

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any

Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

Retn:
AMERICAN HERITAGE TITLE
9696 BONITA BEACH RD #209
BONITA SPRINGS FL 34135 8502

THIS SECOND MORTGAGE ("Security Instrument") is given on March ,2004. The Second Mortgagor is:

Mike & Gabriela Lora, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34014. Borrower owes Lender the sum of Two Thousand Five Hundred and No/100ths Dollars (U.S. $ 2,500.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described **the West 75 Feet of the East 150 Feet of Tract 62, Golden Gate Estates, Unit 83, Collier County, Florida** and which has the address of:

("Property Address"): 3730 14th Avenue SE., (Street) Naples, (City) Florida (State) 34120 (Zip)

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A) (1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against, or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond

COPY

Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer

UNOFFICIAL COPY

unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on July 22, 2004. The Second Mortgagor is:

Manel & Marie Viaud, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34014. Borrower owes Lender the sum of Two Thousand Five Hundred and No/100ths Dollars (U.S. $ 2,500.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 32, Block 4, Main Line Subdivision, Collier County, Florida** and which has the address of:

("Property Address"): 409 Gaunt Street, (Street) Immokalee, (City) FL (State) 34142 (Zip)

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A) (1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the

Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.
If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with

paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property. Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on April 16, 2003. The Second Mortgagor is:

MONCERRATE SANABRIA, a single woman

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive #275, Naples, Florida 34104. Borrower owes Lender the sum of **Fifteen Thousand Dollars** (U.S.$ 15,000.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on **sale of property, refinance, or loss of homestead exemption.** This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

More particularly described as: **Lot 47, Unit 2, Palm Ridge Subdivision, according to the Plat Book 9 at Page 0, of the Public records of Collier County Florida. Folio#65170160006**

and which has the address of

("Property Address"): 506 Breezewood (Street)
Immokalee, Florida 34142 (City) (State) (Zip)

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. The Security Instrument shall also cover all replacements and additions. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied: first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property, which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien, which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval, which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to, all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

FORM 0

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allows the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien, which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note: (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. Federal law and the law of the jurisdiction in which the Property is located shall govern this Security Instrument. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, Lender shall not exercise this option if federal law as of the date of this Security Instrument prohibits exercise. If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

FORM O

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument, or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses
incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument. Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure preceding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. SECOND MORTGAGE

THIS SECOND MORTGAGE ("Security Instrument") is given on July ,2002. The Second Mortgagor is:

Manuel M. Castro & Josefina C. Castro, Husband and Wife

("Borrower"). This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 3050 North Horseshoe Drive, Suite 275, Naples, Florida 34014. Borrower owes Lender the sum of Two Thousand Five Hundred and No/100ths Dollars (U.S. $ 2,500.00). This debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument; and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as **Lot 42, Carson Lakes, Collier County, Florida** and which has the address of:

("Property Address"): 3572 Carson Lakes Circle, Immokalee, Florida 34142
(Street) (City) (State) (Zip)

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by this Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property".

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied; first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to , all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy

of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so. Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained. Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law.

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property. Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection.

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower. In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note; (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument; and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent.

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note.

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end the provisions of this Security Instrument and the Note are declared to be severable.

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument. If Lender exercised this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of : (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures and default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.
As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and
radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence.

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower. Borrower shall pay any recordation costs.

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court.

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. PROMISSORY NOTE

July , 2002

Borrower: Manuel M. Castro & Josefina C. Castro
3572 Carson Lakes Circle, Immokalee FL 34142
(Property Address) (City) (State)

1. **BORROWER(S) PROMISE TO PAY:** I/We promise to pay **Two Thousand Five Hundred Dollars ($2,500.00)** (this amount will be called "principal") to the order of Collier County or to any other holder of this Note (the "Lender"), whose address is 3050 Horseshoe Drive North, Suite 275, Naples, Florida 34104 . I/We understand that the Lender may transfer the Promissory Note. The Lender or anyone who takes this Note by transfer and who is entitled to receive payments under this Note will be called the "Note Holder".

2. **INTEREST:** Interest on this Note shall be zero percent (0%) per annum; except that if I/We fail to pay this Note as required, the interest rate shall be twelve percent (12%) per annum from the date when payment of this Note is due until I/We pay it in full.

3. **PAYMENTS:** Principal payments shall be deferred for the term of the first mortgage loan or until sale of property, refinance, or loss of homestead exemption , the date the last payment is due on refinance or satisfy the first mortgage loan, I/We agree to immediately pay the entire sum due under this Note. My/Our total payment shall be U.S. $2,500.00 .

4. **BORROWER'S RIGHT TO PREPAY:** I/We have the right to make payments of principal at any time before they are due. A payment of principal only is know as a "prepayment". When I/We make a prepayment, I/we will tell the Note Holder in writing that I/we am doing so.

   I/We may make a full prepayment or partial prepayment charge. The Note Holder will use all of my prepayments to reduce the amount of the principal that I owe under this Note. If I/We make a partial prepayment, there will be no changes in the due date or in the amount of my monthly payment unless the Note Holder agrees in writing to those changes. If I/We make a partial prepayment, there will be no prepayment penalty adhering to or associated with such prepayment.

5. **LOAN CHARGES:** If a law, which applies to this loan and which sets maximum loan charges, is finally interpreted so that the interest or other loan charges collected or to be collected in connection with this loan exceed the permitted limits; then (i) any such loan charges shall be reduced by the amount necessary to reduce the charges to the permitted limit; and (ii) any sums already collected from me which exceeded permitted limits will be refunded to me/us. The Note Holder may choose to make this refund by reducing the principal that I/We owe under this Note or by making a direct payment to me/us. If a refund reduces principal, the reduction will be treated as a partial prepayment.

6. **SUBORDINATION:** Lender and Borrower acknowledge and agree that this Security Instrument is subject and subordinate in all respects to the liens, terms, covenants and conditions of the First Deed of Trust and to all advances heretofore made or which may hereafter be made pursuant to the First Deed of Trust including all sums advanced for the purpose of (a) protecting or further securing the lien of the First Deed of Trust, curing defaults by the Borrower under the First Deed of Trust or for any other purpose expressly permitted by the First Deed of Trust or (b) constructing, renovating, repairing, furnishing, fixturing or equipping the Property. The terms and provisions of the First Deed of Trust are paramount and controlling, and they supersede any other terms and provisions hereof in conflict therewith. In the event of a foreclosure or deed in lieu of foreclosure of the First Deed of Trust, any provisions herein or any provisions in any other collateral agreement restricting the use of the Property to low or moderate income households or otherwise restricting the Borrower's ability to sell the Property shall have no further force or effect on subsequent owners or purchasers of the Property. Any person, including his successors or assigns (other than the Borrower or a related entity of the Borrower), receiving title to the Property through a foreclosure or deed in lieu of foreclosure of the First Deed of Trust shall receive title to the Property free and clear from such restrictions.

   Further, if the Senior Lien Holder acquires title to the Property pursuant to a deed in lieu of foreclosure, the lien of this Security Instrument shall automatically terminate upon the Senior Lien Holder's acquisition of title, provided that (i) the Lender has been given written notice of a default under the First Deed of Trust and (ii) the Lender shall not have cured the default under the First Deed of Trust within the 30-day period provided in such notice sent to the Lender.

7. **BORROWER(S) FAILURE TO PAY AS REQUESTED:**

   (A) Default

   If I/we do not pay the full amount as required in Section 3 above, I/we will be in default. If I am in default, the Note Holder may bring about any actions not prohibited by applicable law and require me/us to pay the Note Holder's cost and expenses as described in (B) below.
   (B) Payment of Note Holder's Cost and Expenses

   If the Note Holder takes such actions as described above, the Note Holder will have the right to be paid back for all of its costs and expenses, including, but not limited to, reasonable attorneys' fees.

8. **GIVING OF NOTICES:** Unless applicable law required a different method, any notice that must be given to me/us under the Note will be given by delivering it or by mailing it by first class mail to me at the Property Address on Page 1 or at a different address if I/we give the Note Holder a notice of my/our different address.

Any notice that must be given to the Note Holder under this Note will be given by mailing it by first class mail to the Note Holder at the address stated in Section 3(A) or at a different address if I/we have been given a notice of that different address.

9. **OBLIGATIONS OF PERSONS UNDER THIS NOTE:** If more than one person signs this Note, each person is fully and personally obligated to keep all of the promises made in this Note, including the promise to pay the full amount owed. Any person who is a guarantor, surety or endorser of this Note is also obligated to do these things. Any person who takes over these obligations, including the obligations of a guarantor, surety or endorser of this Note, is also obligated to keep all of the promises made in this Note. The Note Holder may enforce its rights under this Note against each person individually or against all of us together. This means that any one of us may be required to pay all of the amounts owed under this Note.

10. **WAIVERS:** I and any other person who has obligations under this Note waive the rights of presentment and notice of dishonor. "Presentment" means the right to require the Note Holder to demand payment of amounts due. "Notice of Dishonor" means the right to require the Note Holder to give notice to other persons that amounts due have not been paid.

11. **UNIFORM SECURED NOTE:** This Note is a uniform instrument with limited variations in some jurisdictions. In addition to the protection given to the Note Holder under this Note, a Mortgage, Deed of Trust or Security Deed (the "Security Instrument"), dated the same date as this Note, protects the Note Holder from possible losses which might result if I/we do not keep the promises which I/we make in this Note. That Security Instrument describes how and under what conditions I/we may be required to make immediate payment in full of all amounts I/we owe under this Note. Some of those conditions are described as follows:

Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred And Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full or all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.

If Lender exercises this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than thirty (30) days from the date the notice is delivered or mailed, within which Borrower must pay all sums secured by this Security Instrument. If Borrower(s) fail to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

Notwithstanding the above, the Lender's rights to collect and apply the insurance proceeds hereunder shall be subject and subordinate to the rights of the Senior Lien Holder to collect and apply such proceeds in accordance with the First Deed of Trust.

12. **This note is governed and construed in accordance with the Laws of the State of Florida.**

THIRD MORTGAGE

THIS THIRD MORTGAGE ("Security Instrument") is given on February 18, 2000. The Third Mortgagor is:

Vinet Sanon and Aliana Sanon, Husband and Wife

("Borrower") This Security Instrument is given to Collier County ("Lender"), which is organized and existing under the laws of the United States of America, and whose address is 2800 North Horseshoe Drive, Naples, Florida 34104. Borrower owes Lender the sum of Two Thousand Five Hundred Dollars and no/100 (U.S. $2,500.00) debt is evidenced by Borrower's Note dated the same date as this Security Instrument ("Second Mortgage"), which provides for monthly payments, with the full debt, if not paid earlier, due and payable on sale of property, refinance, or loss of homestead exemption. This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with interest, and all renewals, extensions and modifications; (b) the payment of all other sums, with interest advanced under paragraph 7 to protect the security of the Security Instrument, and (c) the performance of Borrower's covenants and agreements under this Security Instrument and the Note. For this purpose, Borrower does hereby second mortgage, grant and convey to Lender the following described property located in Collier County, Florida.

As more particularly described as , and which has the address of

("Property Address") 603 9th St. North

Immokalee FL 34142

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, rights, appurtenances, rents, royalties, mineral, oil and gas rights and profits, water rights and stock and all fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by the Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property."

BORROWER COVENANTS that Borrower is lawfully seized of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variation by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

1. Payment of Principal and Interest; Prepayment and Late Charges. Borrower shall promptly pay when due the principal of and interest on the debt evidenced by the Note.

2. Taxes. The Mortgagor will pay all taxes, assessments, sewer rents or water rates prior to the accrual of any penalties or interest thereon.

The Mortgagor shall pay or cause to be paid, as the same respectively become due, (A)(1) all taxes and governmental charges of any kind whatsoever which may at any time be lawfully assessed or levied against or with respect to the Property, (2) all utility and other charges, including "service charges", incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Property, and (3) all assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Mortgagor shall be obligated under the Mortgage to pay or cause to be paid only such installments as are required to be paid during the term of the Mortgage, and shall, promptly after the payment of any of the foregoing, forward to Mortgagee evidence of such payment.

3. Application of Payments. Unless applicable law provides otherwise, all payments received by Lender shall be applied, first, to interest due; and, to principal due; and last, to any late charges due under the Note.

4. Charges; Liens. Borrower shall pay all taxes, assessments, charges, fines and impositions attributable to the Property which may attain priority over this Security Instrument, and leasehold payments or ground rents, if any. Borrower shall promptly furnish to Lender all notices of amounts to be paid under this paragraph, and all receipts evidencing the payments.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower: (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender; (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lender's opinion operate to prevent the enforcement of the lien; or (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over the Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7. At all times that the Note is outstanding, the Mortgagor shall maintain insurance with respect to the Premises against such risks and for such amounts as are customarily insured against and pay, as the same become due and payable, all premiums in respect thereto, including, but not limited to, all-risk insurance protecting the interests of the Mortgagor and Mortgagee against loss or damage to the Premises by fire, lightning, and other casualties customarily insured against (including boiler explosion, if appropriate), with a uniform standard extended coverage endorsement, including debris removal coverage. Such insurance at all times to be in an amount not less than the full replacement cost of the Premises, exclusive of footings and foundations.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by the Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is mailed. Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraph 1 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application, Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on

the Property Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence If this Security Instrument is on a leasehold, Borrower shall comply with all the provision of the lease If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights In the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs Although Lender may take action under this paragraph 7, Lender does not have to do so Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve payments may no longer be required, at the option of Lender, if mortgage insurance coverage (in the amount and for the period that Lender requires) provided by an insurer approved by Lender again becomes available and is obtained Borrower shall pay the premiums required to maintain mortgage insurance in effect, or to provide a loss reserve, until the requirement for mortgage insurance ends in accordance with any written agreement between Borrower and Lender or applicable law

9. Inspection. Lender or its agent may make reasonable entries upon and inspections of the Property Lender shall give Borrower notice at the time of or prior to an inspection specifying reasonable cause for the inspection

10. Condemnation. The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in lieu of condemnation, are hereby assigned and shall be paid to Lender. In the event of a total taking of the Property, the proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. In the event of a partial taking of the Property, in which the fair market value of the Property immediately before the taking is equal to or greater than the amount of the sums secured by this Security Instrument immediately before the taking, unless Borrower and Lender otherwise agree in writing, the sums secured by this Security Instrument shall be reduced by the amount of the proceeds multiplied by the following fraction: (a) the total amount of the sums secured immediately before the taking, divided by (b) the fair market value of the Property immediately before the taking. Any balance shall be paid to Borrower In the event of a partial taking of the Property in which the fair market value of the Property immediately before the taking is less than the amount of the sums secured immediately for the taking, unless Borrower and Lender otherwise agree in writing or unless applicable law otherwise provides, the proceeds shall be applied to the sums secured by this Security Instrument whether or not the sums are then due Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 or change the amount of such payments.

11. Borrower Not Released, Forbearance By Lender Not a Waiver. Extension of the time for payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successors in interest Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy

12. Successors and Assigns Bound; Joint and Several Liability; Co-Signers. The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the Provisions of paragraph 17. Borrower's covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note, (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument; (b) is not personally obligated to pay the sums secured by this Security Instrument, and (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the terms of this Security Instrument or the Note without that Borrower's consent

13. Loan Charges. If the loan secured by this Security Instrument is subject to a law which sets maximum loan charges, and that law is finally interpreted so that the interest or other loan charges collected or to be collected in connection with the loan exceed the permitted limits, then: (a) any such loan charge shall be reduced by the amount necessary to reduce the charge to the permitted limit; and (b) any sums already collected from Borrower which exceeded permitted limits will be refunded to Borrower. Lender may choose to make this refund by reducing the principal owed under the Note or by making a direct payment to Borrower. If a refund reduces principal, the reduction will be treated as a partial prepayment without any prepayment charge under the Note

14. Notices. Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law required use of another method The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender Any notice to Lender shall be given to Borrower or Lender when given as provided in this paragraph.

15. Governing Law; Severability. This Security Instrument shall be governed by federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision To this end the provisions of this Security Instrument and the Note are declared to be severable

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument However this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument
If Lender exercised this option, Lender shall give Borrower notice of acceleration The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlierof (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument, or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred, (b) cures and default of any other covenants or agreements, (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorney's fees, and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred However, this right to reinstate shall not apply in the case of acceleration under paragraph 17

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer

unrelated to a sale of the Note If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 and applicable law The notice will state the name and address of the new LoanServicer and the address to which payments should be made The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property

Borrower shall promptly give Lender written notice for any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or otheremediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and

radioactive materials As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify (a) the default (b) the action required to cure the default, (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument, foreclosure by judicial proceeding and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to assert in the foreclosure proceeding the non-existence of a default or any other defense of Borrower to acceleration and foreclosure If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may foreclose this Security Instrument by judicial proceeding Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorney's fees and costs of the title evidence

22. Release. Upon payment of all sums secured by this Security Instrument, Lender shall release this Security Instrument, without charge, to Borrower Borrower shall pay any recordation costs

23. Attorneys' Fees. As used in this Security Instrument and the Note, "attorneys' fees" shall include any attorneys' fees awarded by an appellate court

24. Riders to this Security Instrument. If one or more riders are executed by Borrower and recorded together with this Security Instrument, the covenants and agreements of each such rider shall be incorporated into and shall amend and supplement the covenants and agreements of this Security Instrument as if the rider(s) were a part of this Security Instrument. Executive Summary

Recommendation to approve and authorize the Chairman to sign thirty (30) mortgage satisfactions for the State Housing Initiatives Partnership loan program in the amount of $220,479.10 and to authorize the associated budget amendment to appropriate repayment amount totaling $3,000.00. (SHIP Grant Fund 1053)

OBJECTIVE: To support the County's strategic initiative of quality of place through home ownership and/or rehabilitation assistance programs funded by the State Housing Initiatives Partnership (SHIP).

CONSIDERATIONS: The State Housing Initiatives Partnership Program (SHIP), a state affordable housing program, offers assistance to first-time homebuyers for use toward a portion of the required down payment and emergency repairs to the newly acquired home, or rehabilitation assistance to homeowners for rehabilitation to their homesteaded property. As a condition of the below rehabilitation award, the homeowner must repay the assistance provided upon sale before the end of the affordability term, refinance or loss of homestead exemption. If all conditions of the loan are met, one-third of the loan will be forgiven in five-year increments so that at the end of the fifteenth (15) year the loan is fully forgiven.

The following table provides details regarding the associated mortgages that have been satisfied through payoff, death or met the affordability period. Resolution No. 18-58 provides that in the event of the death of the borrowers, all debts will be forgiven for all affordable housing programs administered by the Collier County Community and Human Services Division (CHS). The Death Certificate for the deceased has been provided to CHS. Furthermore, there are no outstanding County Wide Impact Fees for the clients listed below.

Approval of this item will authorize the Chairman to sign the aforementioned mortgage satisfactions and the executed document shall be recorded in the Public Records of Collier County, Florida.

FISCAL IMPACT: The repaid amount of $3,000 satisfies the payoff amount for the above referenced SHIP loan. The repayment of $3,000 is considered program income of which 5% or $150 will be used as administrative funds. A Budget

Amendment will be required to recognize the program income of $3,000 in SHIP Grant Fund (1053) Project 33907. A recording fee of $10 has been paid by the homeowner who sold their home. The $10 recording fee for the twenty-nine satisfactions of mortgage will be paid from the SHIP Grant Fund (1053), Project 33807.

GROWTH MANAGEMENT IMPACT: There is no growth management impact.

LEGAL CONSIDERATIONS: This item is approved for form and legality and requires a majority vote for Board approval.-JAK

RECOMMENDATIONS: To approve and authorize the Chairman to sign thirty (30) mortgage satisfactions for the State Housing Initiatives Partnership loan program in the amount of $220,479.10 and to authorize the associated budget amendment to appropriate repayment amount totaling $3,000.00.
