Airport Authority

AGENDA

Board of County Commission Chambers
Collier County Government Center
3299 Tamiami Trail East, 3rd Floor
Naples, FL 34112

July 28, 2026
9:00 AM

Commissioner Dan Kowal, District 4 – Chair;
Commissioner William L. McDaniel, Jr., District 5 – Vice Chair;
Commissioner Rick LoCastro, District 1;
Commissioner Chris Hall, District 2;
Commissioner Burt Saunders, District 3;

NOTICE: Persons wishing to speak on an agenda item must register prior to its presentation. Speakers are limited to three (3) minutes unless adjusted by the Chair. Time may be ceded by other in-person registered speakers who are present at the time the speaker is heard. Public comments are not heard for Proclamations, Presentations, or Public Petitions. Presentations are limited to ten (10) minutes unless extended by the Chair. To comment on Consent Agenda items, registration must occur before the Board's action on the Consent Agenda, which is heard following the Pledge of Allegiance.

Requests for Public Petitions must be submitted in writing to the County Manager at least 13 days prior to the meeting. They shall provide detailed information as to the nature of the Petition. Public Petitions must address matters not scheduled for a future agenda and concern a matter in which the Board can take action. If granted, a single presenter may speak for up to ten (10) minutes, subject to extension by the Chair, and the petition will be placed on a future agenda for a public hearing.

For general public comments on non-agenda topics, registration is required before that portion is called. Comments are limited to three (3) minutes; time may not be ceded. The Chair may limit the number of speakers to five (5) for the meeting. Appeals require a record of proceedings, which may include the testimony and evidence on which the appeal is based and may be required to be verbatim. Lobbyists must register with the Clerk to the Board at the Board Minutes and Records Department per Collier County Ordinance 2003-53, as amended.

All digital audio and visual materials submitted by the public via email link or attachment, or transported on external devices for broadcasting at the Board meeting, must be in a compatible format and received by the County Manager's Office by noon on the day preceding the Board meeting to be scanned for network security threats. Digital materials submitted after the deadline will not be accepted.

If you are a person with a disability who requires accommodation to participate in this proceeding, you are entitled to certain assistance at no cost. Contact Collier County Facilities Management located at 3335 East Tamiami Trail, Suite 1, Naples, Florida, 34112-5356, (239) 252-8380. Assisted listening devices are available.

A Lunch Recess is scheduled from Noon (12:00 P.M.) to 1:00 P.M.

1. Invocation and Pledge of Allegiance

Invocation: Pastor Brad Taberer from Faith Church Naples ||| Pledge of Allegiance: "JR" Jairo Restrepo, U.S. Army veteran, attaining the rank of Specialist (E-4), served from 1988 to 1994 with the 77th Sustainment Brigade at Fort Totten, New York, and with the 24th Mechanized Infantry during Operations Desert Shield and Desert Storm.

16.E.2. Recommendation to approve the administrative report prepared by the Procurement Services Division for the disposal of property that is no longer viable and remove capital assets from the County's capital assets records. *(2026-1837)*

16.E.3. Recommendation that the Board, pursuant to Section 274.06, Florida Statutes, approve the sale and disposal of surplus assets via public auction from August 13 through August 15, 2026. *(2026-1852)*

16.E.4. Recommendation to approve modifications to the 2026 Fiscal Year Pay & Classification Plan, which consists of one new classification and the removal of two obsolete classifications from April 1, 2026, through June 30, 2026. *(2026-1908)*

16.F. County Manager Operations (Consent)

16.F.1. Recommendation to authorize purchases from OCLC, Inc., as an exemption from the competitive process for the acquisition of subscription services, for CloudLibrary™ in an amount not to exceed $350,000 per Fiscal Year, as budgeted in FY 2027, for Exemption No. 26-368-EM. *(2026-1850)*

16.F.2. Recommendation to adopt a Resolution approving amendments (appropriating grants, donations, contributions, insurance proceeds, and reserves) to the Fiscal Year 2025-26 Adopted Budget. *(2026-1997)*

16.F.3. Recommendation to consent to leasehold mortgage financing for The Gate Golf Club project at the Golden Gate Golf Course, as permitted under the Long-Term Lease and Operating Agreement dated April 23, 2024, between the County and The Gate Golf Club, Inc., and authorize the County Manager or designee to execute any documents necessary to effectuate consent to such financing. *(2026-1993)*

16.G. Airport Authority (Consent)

16.G.1. Recommendation to approve the attached Memorandum of Understanding Agreement between the Board of County Commissioners of Collier County, acting as the Collier County Airport Authority, and the State of Florida Division of Emergency Management providing for the use of a 5-acre parcel at the Immokalee Regional Airport during a declared emergency for a Logistical Storage Area. *(2026-1474)*

16.H. Board of County Commissioners (Consent)

16.I. Miscellaneous Correspondence (Consent)

16.J. Other Constitutional Officers (Consent)

16.J.1. To record in the minutes of the Board of County Commissioners, the check number (or

other payment method), amount, payee, and purpose for which the referenced disbursements in the amount of $60,310,459.56 were drawn for the periods between July 2, 2026, and July 15, 2026, pursuant to Florida Statute 136.06. *(2025-4049)*

16.J.2. Request that the Board approve and determine valid public purpose for invoices payable and purchasing card transactions as of July 22, 2026. *(2025-4050)*

16.K. County Attorney (Consent)

16.K.1. Recommendation to approve an offer of $1,500.00 to settle a lawsuit filed by Joseph Tironi against Collier County claiming that he was allegedly attacked by bees at Vineyards Community Park. *(2026-1895)*

16.K.2. Recommendation to approve a Stipulated Final Judgment in the total amount of $194,000 plus $56,418 in statutory attorney and experts' fees and costs, for the taking of Parcel 1280FEE required for the Vanderbilt Beach Road Extension Project No. 60249. *(2026-1959)*

16.L. Community Redevelopment Agency (Consent)

16.M. Tourist Development (Consent)

17. Summary Agenda

This section is for advertised public hearings and must meet the following criteria: 1) A recommendation for approval from staff; 2) Unanimous recommendation for approval by the Collier County Planning Commission or other authorizing agencies of all members present and voting; 3) No written or oral objections to the item received by staff, the Collier County Planning Commission, other authorizing agencies or the Board, prior to the commencement of the BCC meeting on which the items are scheduled to be heard; and 4) No individuals are registered to speak in opposition to the item. For those items which are quasi-judicial in nature, all participants must be sworn in.

17.A. Recommendation to adopt an amended Ordinance authorizing corrections of scrivener's errors found in Parking Ordinance 2026-13, which was adopted at the April 28, 2026, Board of County Commissioners meeting, which increased parking violation fines and included procedural amendments. *(2026-1355)*

17.B. Recommendation to adopt a Resolution approving amendments (appropriating carry forward, transfers and supplemental revenue) to the Fiscal Year 2025-26 Adopted Budget. *(2026-1999)*

18. Adjourn

Inquiries concerning changes to the Board's Agenda should be made to the County Manager's Office at 252-8383.

Airport Authority

FY 2027 BUDGET WORKSHOP AGENDA

Board of County Commission Chambers
Collier County Government Center
3299 Tamiami Trail East, 3rd Floor
Naples, FL 34112

June 18, 2026
9:00 AM

Commissioner Dan Kowal, District 4 – Chair;
Commissioner William L. McDaniel, Jr., District 5 – Vice Chair;
Commissioner Rick LoCastro, District 1;
Commissioner Chris Hall, District 2;
Commissioner Burt Saunders, District 3;

NOTICE: All persons wishing to speak on Agenda items must register prior to presentation of the Agenda item to be addressed. All registered speakers will receive up to three minutes unless the time is adjusted by the Chair. Additional minutes may be ceded to an in-person speaker by other registered speakers who must be present at the time the speaker is heard. Collier County Ordinance No. 2003-53 as amended by ordinance 2004-05 and 2007-24, requires that all lobbyists shall, before engaging in any lobbying activities (including but not limited to, addressing the Board of County Commissioners), register with the Clerk to the Board at the Board Minutes and Records Department.

All digital audio and visual materials submitted by the public via email link or attachment, or transported on external devices for broadcasting at the Board meeting, must be in a compatible format and received by the County Manager's Office by noon on the day preceding the Board meeting to be scanned for network security threats. Digital materials submitted after the deadline will not be accepted.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, the provision of certain assistance. Please contact the Collier County Facilities Management Division located at 3335 East Tamiami Trail, Suite 1, Naples, Florida, 34112-5356, (239) 252-8380.

1. **Pledge of Allegiance**

2. **Workshop Topics**

   Public Comments will be heard for each topic.

   2.A. FY 2027 Board of County Commissioners Budget Workshop Schedule *(2026-1661)*

3. **Public Comments**

4. **Adjourn**

Inquiries concerning changes to the Board's Agenda should be made to the County Manager's Office at 252-8383.

MS. PATTERSON: Chair, you have a live mic.

CHAIRMAN KOWAL: All right. We'll bring this meeting to order for, I think, our first daytime budget workshop.

MS. PATTERSON: Yes, sir.

CHAIRMAN KOWAL: So...

MS. PATTERSON: If we want to do the Pledge of Allegiance, then we'll get started.

CHAIRMAN KOWAL: Yeah, we will. I'll go ahead and lead it myself.

(The Pledge of Allegiance was recited in unison.)

MS. PATTERSON: Commissioners, Mr. Johnson is going to start us off with our overview, and after that, we'll start moving through the various components. First up will be the Sheriff after the general overview.

MR. JOHNSON: Good morning, Commissioners. For the record, Christopher Johnson, your director of Corporate Financial and Management Services. I'm here to welcome everyone to our FY '27 budget workshop. Before I get started, I just want to thank everyone. You see everyone in the room. This is no small task to get to this point in the budget, and then we've still got a long way to go. So thank you all for everything you've done up to this point.

As the County Manager stated, what we'll be going through today, we're going to have a short general overview. I'm going to touch on the property tax legislation that I'm sure everybody's been hearing about, and then we'll jump into the constitutional officers for their budget presentation, starting with the Sheriff, followed by court-related agencies. One note is the court-related agencies have a time-certain after 11:15. The state's attorneys will be showing up around that time.

If need be, we can jump into the County Manager's agency departments to make it to 11. Followed by the County Manager's

DRAFT

agency, then, the County Attorney, Board of County Commissioners, and a quick recap.

We also have Mr. Fabian here from ResourceX. He will be going through some of our expanded requests during the department budget presentations.

Any questions on the schedule at all before I jump into the overview?

(No response.)

MR. JOHNSON: All right. Again, everybody's favorite slide. I'll briefly go through the 2027 Collier County budget timeline. Our budget process started in February with our Strategic Plan and Budget Policy Workshop. That was followed by the Board's adoption of the budget policy on March 10th of 2026.

Today we are at the priority-based budgeting workshop. This is for -- this workshop is scheduled for today and tomorrow if necessary. I think we can probably get through it all today.

We have received taxable value preliminary, the June taxable value. We will be receiving final taxable value on July 1st. From there, we will provide the Board with recommended millage rates, and the Board will adopt the maximum millage rates for Tax Year 2026, FY '27. We will provide the Board with the tentative budget based on those rates on July 15th.

Then the -- on or about August 4th, we will provide the Property Appraiser with those millage rates and the dates for our first public hearing, which I'll go over in a second.

The Property Appraiser will then send out the TRIM notices to all property owners in the county on or before August 24th.

Our first public hearing is tentatively scheduled for the 3rd of September. Our second public hearing is tentatively scheduled for the 17th of September.

And from there, our staff will submit the TRIM compliance

DRAFT

package to DOR at the beginning of October.

Any questions on the timeline?

(No response.)

MR. JOHNSON: All right. I will jump right in, then, to the FY '27 budget characteristics.

The budget process conforms with Chapter 129 of Florida Statutes, county annual budget. The budget presented is balanced and was prioritized in conjunction with ResourceX. The budget is balanced at the millage-neutral rate currently, which I'll go over in a little more detail as we move through this general overview presentation.

The budget is also -- the presented budget is also in compliance with your Resolution 2026-37, which provided for a 3 percent operating -- up to 3 percent operating increase and up to 5 percent capital increase.

The budget provides sufficient budget required to conduct the operations of county government. The budget document reflects best efforts of your staff and the constitutional officers to maintain and, where appropriate, enhance services for the benefit of our residents and visitors, and the budget provides the financial approach for execution of the County's adopted 2026 Strategic Plan.

Moving on with some of the budget characteristics. This budget includes funding for strategic objectives and priorities, including but not limited to support and enhancement of public safety services. The Sheriff will be up here next to discuss their budget as well as this budget does contain enhanced services for EMS, 800 megahertz, and DAS code.

We also have funding for stormwater, specifically the Clean/View & Repair program, which is included on your strategic plan; hurricane multi-hazard preparedness; beach renourishment; cybersecurity; promotion of Collier County as an exceptional

DRAFT

tourism destination. There's an expanded request related to our tourism marketing. The Vanderbilt Beach Road extension extension, I'm going to call it, because the current extension opened up last week. Roadway resurfacing and employee recruitment and retention.

COMMISSIONER McDANIEL: Can we ask a question?

MR. JOHNSON: Certainly.

COMMISSIONER McDANIEL: Stormwater clean?

MR. JOHNSON: Oh, that's the program specifically for cleaning, viewing, and repairing existing stormwater.

COMMISSIONER McDANIEL: Oh, so it all goes through. So it's Clean/View & Repair program.

MR. JOHNSON: Yeah. You start with the clean, then you do the view, and then if you find stuff, you need to repair.

COMMISSIONER McDANIEL: Yeah, yeah, yeah. I got you now. It just wasn't lining up. It wasn't lining up, so...

MR. JOHNSON: No worries. So that's the specific program. And Ms. Scott will -- and potentially Marshal will go in more detail when we get to their presentation.

COMMISSIONER McDANIEL: Thank you.

MR. JOHNSON: No problem.

FY '27 tax policy. The tax rate is based on the current budget requirements. The millage rates for the General Fund and Unincorporated Area General Fund operating budgets utilized a priority-based budgeting approach. Any further program adjustments or budget realignment may result in changes to the recommended millage rates.

The MSTUs, as we've discussed in our policy discussion, we're limited to a millage rate sufficient to cover the current year budget operations and the capital plan allocations for years moving forward.

So I'll get into the preliminary taxable value here. This chart

DRAFT

here shows the prior year final gross taxable value, which I think I can use my cursor here. In this column here, you have your current year adjusted taxable value -- that is essentially the year-over-year taxable value for existing properties -- and then -- and then you have your current gross taxable value, which includes your net new taxable value.

So looking at this chart, I'll just start with the General Fund. Last year the General Fund's taxable value was $164.5 billion. This year the adjusted taxable value, meaning the taxable value related to the properties that were on the roll last year, is 164.3. So down about $200 million.

The current year gross taxable value that includes the net new is 167.1 million. The net new value was actually $2.8 billion this year, which is a reduction from what we've been seeing the last five years.

I'm going to skip down to the unincorporated area. You see the same trend there, 104.7 million was last year's taxable value; 104.4 -- billion, I'm sorry. I said million. I meant billion -- is the current year adjusted, and then the gross is 106.2 billion, a $1.8 billion net new increase resulted in a $1.5 billion taxable increase.

So the increase in the countywide taxable value is 1.56 percent, and the increase in the Unincorporated Area is 1.44 percent.

Any questions on that before I move on to the millage rates?

(No response.)

MR. JOHNSON: All right. And then this slide just kind of shows you the trend of taxable value. You can see it's kind of leveling -- leveling off. The reason that we have any increase this year, again, is the net new taxable value.

Preliminary tax scenario. This is the millage rates here. In the -- in the first column, you'll see last year's millage rates. The green is the millage -- is the rolled-back millage rate and the

DRAFT

variance over prior year for the rolled-back millage rate. The blue is the proposed millage rate, which we've gone with millage neutral in this budget, in the balanced budget before you.

And then the variance to the prior year there for all those is actually zero, because we're using last year's rates. And then finally in yellow, you'll see the variance between rolled-back and the proposed.

One thing to note here with year-over-year taxable value going down, you'll notice that the rolled-back millage rate is actually higher than the millage-neutral rate. That's something we haven't seen in a very long time. And again, that is -- that is due to a decreasing taxable value on existing properties.

Any questions on this before I move on to the dollars associated with it?

(No response.)

MR. JOHNSON: All right. So what does that mean? So looking at this slide here, you'll see in white last year's -- last year's adopted tax dollars, the current year rolled-back tax dollars, the variance in green, the millage-neutral tax dollars, the variance in blue, and the variance between millage neutral and rolled-back.

So what that means is that the rolled-back rate, you would actually be collecting about $2.5 million total in more tax. That's 1.9 million in the General Fund and about 460,000 in the Unincorporated Area General Fund.

So again, something different than we've seen the past years. The past years' millage neutral was -- was -- resulting in higher tax -- a higher tax dollar than the rolled-back rate. So it's kind of flipped this year.

Any questions on that?

(No response.)

MR. JOHNSON: All right. And this last slide with taxable

DRAFT

value here is to show the variances between our budget policy. If you recall, in March, when we set budget policy, we were kind of basing them around state estimates which had estimated we'd be at about a 4 or over 4 or 5 percent increase. Policy was based on 4, so you'll see these numbers there in yellow. General Fund, that was 516.5 million. The green there, again, is rolled-back. With the rolled-back rate, we're going to be at about $505 million or a difference of $11.5 million less. Millage-neutral tax dollars, $503 million. The reduction in the tax compared to policy there for the General Fund is $13.4 million.

And you'll see the other funds there, the differences between policy. I'll just go to the unincorporated real quick. 74.6 was the policy number. The current rolled-back number is 73.1. That's a difference of about a million and a half. The millage-neutral tax levy would be 72.7. That's a difference of about 1.9 over policy. I will note that this budget, again, is balanced at the millage-neutral rate. So, overall, the difference is about $16.9 million.

Any questions on that?

(No response.)

MR. JOHNSON: All right. Moving on to the TIF districts. This chart here depicts your TIF districts. Our TIF districts in the General Fund include -- in the General Fund and Unincorporated Area General Fund include Ave Maria Innovation Zone, the Golden Gate City Innovation Zone, I-75 and Collier Innovation Zone, the Bayshore CRA, the Immokalee CRA, and then the General Fund has a TIF for the City of Naples CRA.

So you'll see the dollars there associated with the TIFs are $22.9 million. I will note that the transfer for I-75, there was an issue with some of the properties in that TIF, so there's a little bit of a catch-up. That's why that number looks a little higher than it had in the past.

DRAFT

Any questions on the TIF?

COMMISSIONER McDANIEL: Do you want me to --

CHAIRMAN KOWAL: You're fine. Go ahead.

COMMISSIONER McDANIEL: Just a brief explanation on this just to make sure folks understand that these are not additional taxes. These are carved-out, fenced-off revenues specifically designated for certain areas throughout our community.

MR. JOHNSON: You are correct. You are correct. They come -- it's fenced off from the General Fund and Unincorporated Area General Fund.

COMMISSIONER McDANIEL: Did you write that down?

MR. JOHNSON: So it's part of that overall tax that I was talking about on the last slides.

COMMISSIONER McDANIEL: As long as it's a matter of record he said I was correct.

MR. JOHNSON: I'll put it on the tally. One.

COMMISSIONER McDANIEL: We want -- we want to flyer up here.

MR. JOHNSON: All right. This slide here depicts the General Fund and Unincorporated Area General Fund taxpayer savings since 2023, and that's based on that historic millage rate that we had had for many, many years, over a decade.

So through '23 to '25, you can see the General Fund reduction was 225 million, Unincorporated Area, 31.5, for a total of 256.5 million. Based on the 2026 June estimates, at a millage-neutral rate, we'd see -- we'd see a difference of 92.5 million from the General Fund and an additional 13 million from the Unincorporated Area General Fund, or 105.5 million from that historic rate that we had in 2023.

Questions on that one?

COMMISSIONER HALL: This is the slide that shows your

DRAFT

wife spent a thousand dollars shopping and saved you 600?

MR. JOHNSON: That would be the one.

COMMISSIONER HALL: Okay. Honey, this is how much money I saved you. I got it.

MR. JOHNSON: Any other questions on that one, Commissioners?

(No response.)

MR. JOHNSON: All right. The FY 2027 budget guidance, again, that was set by Resolution 2026-37. Overall budget guidance was met, 3 percent for operating, and 5 percent for capital.

This is kind of overall budget highlights here. The FY 2027 gross budget is $3.161 billion, an increase of 29.3 million or 1.3 percent over the FY '26 budget.

The FY '27 net recommended budget, 2.268 billion, an increase of 64.3 billion *[sic]* or 3.9 percent over FY '26. The FY 2027 General Fund recommended budget, 747.3 million, an increase of 14.9 million or 2 percent over 2026, and then finally, the 2027 Unincorporated Area General Fund budget, 95.2 million, an increase of 3.6 million or 4 percent over 2026.

CHAIRMAN KOWAL: Go ahead, Commissioner Hall.

COMMISSIONER HALL: I'm still stuck on a couple of slides back.

MR. JOHNSON: Okay.

COMMISSIONER HALL: On the -- on the property tax dollar slide --

MR. JOHNSON: Is it --

COMMISSIONER HALL: -- where we said we were balanced, but we were $16.9 million in difference.

MR. JOHNSON: Is it this one? Yep.

MS. PATTERSON: Yes.

COMMISSIONER HALL: Yes.

DRAFT

MR. JOHNSON: So, Commissioner --

COMMISSIONER HALL: So you're balanced with that already taking into account?

MR. JOHNSON: Correct.

COMMISSIONER HALL: So we're not short that?

MR. JOHNSON: We're not short. This is just showing you the difference between the plan, which is in yellow, and where the recommended budget is.

COMMISSIONER HALL: Okay.

MR. JOHNSON: So the recommended budget is balanced with the blue there.

COMMISSIONER HALL: Okay.

MR. JOHNSON: So with the 17 million.

COMMISSIONER HALL: That helps my heart rate.

MR. JOHNSON: All right.

All right. Moving on, this chart depicts the FY '27 net adopted budget. Again, $2.3 billion. Kind of by function, you have reserves at 814.8 million; general governmental services at 216 million; public safety at 410 million; physical environment, which includes the Water/Sewer District, stormwater, and beach nourishment at 473.8 million; transportation at 156 million; human services and economic environment at 39 million; culture and recreation, which is your parks, libraries, museums, et cetera, 106.8; and finally, your debt service at $52.2 million.

FY '27 sources of current county government operating revenues, as you'll see here, ad valorem is still our largest revenue at 44 percent, followed by your service charges at 30 percent, and you can see kind of the revenue mix there.

Any questions on that before I dive into a little bit more of the ad valorem?

(No response.)

DRAFT

MR. JOHNSON: All right. This chart depicts your ad valorem by fund. The largest ad valorem fund is the General Fund at 80 percent, followed by the Unincorporated Area at 11 percent, Conservation Collier at 6. You can see all those MSTUs that you'll have the pleasure of hearing me read the millage rates for in September are about 2 percent of the total ad valorem, and pollution control at 1 percent.

Questions on that?

(No response) --

MR. JOHNSON: Expanded requests, so the budgeted County Manager operating expanded services totaled 11.8 million and included 49 FTEs plus 14 vehicles and operating requests from -- for EMS, Code, DAS, Collier County Water/Sewer District, Solid Waste, CRAs, Tourism, and Facilities.

The budgeted capital request is what I kind of touched on earlier, the Stormwater Clean/View & Repair. And we'll go over those a little more in depth as we move through the presentations for the departments.

It should be noted that we are -- that this is kind of our current look. We've identified priorities for expandeds. The County Manager and staff will be working through the vacancy list to see, as we move through this process this summer, if we can reallocate some of these positions and maybe pull some of these back as we move forward.

And this is kind of your expanded requests by fund here. You'll see the majority of them are in the Water/Sewer District. Many of those were preapproved by the Board last July when Mr. DeLony brought up the plan for the future of the utility, and then we have, obviously, our -- as I talked about earlier, some EMS folks as well under the public safety umbrella.

Any questions on that?

DRAFT

(No response.)

MR. JOHNSON: I see you thinking, so I -- all right. I'll move on.

Investment in the workforce, per budget policy for '27, the recommended budget includes a 2.5 percent wage increase to all classifications. Again, this is nonunion classifications plus a half a percent pay-plan maintenance component to strengthen targeted classifications.

Employee healthcare, per budget policy for '27, the recommended budget includes an increase in the existing healthcare rate structure. This amounts to a 6 to 9 dollar increase bimonthly for single coverage, and a 15 to 23 dollars for family coverage.

Questions on any of this?

(No response.)

MR. JOHNSON: All right. We'll dive into reserves, then.

General Fund reserves increased to 82 million or 12.3 percent of General Fund expenses. Unincorporated Area General Fund reserves increased to 7.5 million or 8.5 percent of expenses, roughly one month. You can see the charts there that depict the trend in the General Fund and Unincorporated Area General Fund reserves. Again, reserves are very important. It's what our creditors look at. It signals our financial strength. So we continue to pay close attention to our reserve situation.

Countywide capital reserve, this chart here -- or table, I should say, depicts the history of our countywide capital reserves. As I noted in the budget policy discussion, we were going to allocate a minimum of five million to this reserve for '27. We have allocated the five million. Obviously, the slide we talked about earlier, the difference between policy and -- and millage-neutral taxes, we've had to reduce what our policy total was there, but we still have the five million that was our minimum from policy going into this fund.

DRAFT

So the total for FY '27 will be 27.8 million, up from 22.8 million.

Questions on that?

(No response.)

MR. JOHNSON: All right. General Fund and Unincorporated General Fund supported capital, this year the transfers from General Fund and Unincorporated Fund to capital total 95.2 million, down from 102.9 million. Again, that's related to that transfer that would have been in that reserve last year. If you recall, we went millage neutral and pushed additional funding to that capital reserve.

Questions on that?

(No response.)

MR. JOHNSON: The 2027 capital projected budget is $707.8 million. You can see the -- the breakdown there. Public Utilities, Transportation make up over 50 percent, and the other projects by group are depicted there. And again, we'll go over these a little bit more in detail as we go through the department presentations.

All right. Any questions on the general overview before I kick it over to my assistant director, Ms. Lopez, for a couple slides on ResourceX and come back to the -- to the tax legislation discussion?

CHAIRMAN KOWAL: No. We have nobody lit up right now, so you can go ahead and continue, please.

MR. JOHNSON: All right. Ms. Lopez.

MS. LOPEZ: Good morning, Commissioners. For the record, Maggie Lopez, assistant division director for Corporate Financial Management Services.

I'll briefly discuss how the County has partnered with ResourceX to transition to a priority-based budget approach, shifting from traditional line-item budgeting to a process that aligns financial resources with our strategic goals and objectives and our community priorities.

DRAFT

This approach has strengthened decision-making by evaluating programs and services based on their impact, outcomes, and contributions to organizational objectives.

As a result, we have improved transparency, enhanced resource allocation, and ensured that funding is directed towards the highest value initiatives while maintaining fiscal responsibility and long-term sustainability.

Here is an illustration of how we have navigated through our priority-based budgeting process. The process begins with identifying/cataloging all county programs and services to create a comprehensive program inventory.

Next, costs are assigned to each program, providing a clear understanding of the resources required and the net cost of delivering services.

Programs are then evaluated and scored based on their established criteria, including core service attributes in alignment to the County's strategic objectives.

Finally, the results are used to inform funding decisions, resource allocation, service improvements, and other strategic actions, ensuring that limited resources are directed toward programs that deliver the greatest value and impact.

This slide details those attributes and scoring methodology that the County's programs are assessed against with the focus on alignment with the strategic plan objectives. The County has close to 500 individual programs that are reviewed annually. This evaluation provides a sense of which programs are essential and which may be of lower priority, offering a framework for budget recommendations.

The evaluation criteria looks at cost recovery: Does the program generate revenue? Demand: Has the program seen increases or decreases, or has it remained flat? Level of service:

DRAFT

Has the program's level-of-service increased, decreased -- oh, I'm sorry. Mandates: If it is a program that is state or federally mandated, self-mandated, or not mandated at all.

We look at the population served and the percentage that the program has an effect to. We look at reliance; is the County the sole provider of the program, or are there other options? And, of course, all of these attributes are looked with the alignment to our strategic objectives and their correlation to our plan.

So where are we now? We are focused on reducing reliance on taxpayer dollars by continuing to advance our priority-based budget initiatives. This includes reviewing programs for performance, program effectiveness, and efficient resource utilization as well as implementing software solutions to facilitate additional data-driven insights to maximize community outcome and effectiveness.

And here is a list of your program insight types: In-sourcing, revenue generation, and, of course, my favorite, grant opportunities, where we look to leverage state/federal grant programs to offset our cost. We look at the efficiencies and, of course, partnerships.

So with that foundation in mind, today's budget presentation will highlight several successful programs that exemplify the principles discussed in this presentation.

With that, if there's not any questions, I'll turn it back to Chris.

Thank you.

MR. JOHNSON: Thank you, Maggie.

So I thought that would be important to go through before we hop into the next part of our presentation, which is the current tax legislation. I'm going to go over here. Two of the -- two of the bills, you have CS/H JR 1-F, Save our Homes from Excessive Property Taxes, and CS-HB 3-F, Property Tax Administration. The first bill, the Save our Homes from Excessive Property Taxes, will be on the November ballot. The referendum will require a 60 percent approval

DRAFT

rate to move forward with -- it will have an effective date of January 1st, 2027, meaning it will not affect this year's budget. It will affect next year and moving forward.

The increase is for non-school-related homestead exemptions. So currently that increase is $50,000. It will be increased on January 1, 2027, if the referendum passes, to $150,000, and then the following year to $250,000. Also, the amount will be adjusted for inflation annually.

The bill also included a five-year waiting period for properties to homestead after December 31st, 2026. Assessed value -- the final part of this is the assessed value increase is limited to 5 percent for non-homestead properties. The current rule on that is 10 percent, so it's basically cutting that in half for folks that are non-homesteaded.

And just for public knowledge, the homesteaded properties are currently and will continue to be limited to a 3 percent taxable -- sorry -- assessed value increase annually.

This referendum also addresses ad valorem taxes levied by the county, and it provides that they shall be used only to provide for public safety; provide for funding for education in public schools; finance or refinance infrastructure; finance or refinance natural resource projects, including flood control; issue local bonds and make debt service payments; meet obligations for retirement benefits; and the piece they added kind of towards the end of this was fund operations and administration of county officers, commissioners, and the expenditures approved by county officers or county governing bodies.

COMMISSIONER SAUNDERS: A quick question.

MR. JOHNSON: Yep.

COMMISSIONER SAUNDERS: Do they have any information concerning the definition of "infrastructure"? So, for example, parks, recreation, is that considered infrastructure, or are

DRAFT

we just dealing with water, sewer, roads?

MR. JOHNSON: Commissioner, that's a good question. I haven't seen anything specifically at this point. In the -- in the actual language they talk to roads and stormwater.

COMMISSIONER SAUNDERS: Yep, okay.

MR. JOHNSON: But we will get -- as this moves forward, we'll get more information on that. I will say that the last piece of this kind of allows us to put parks and the other things into there --

COMMISSIONER SAUNDERS: Okay.

MR. JOHNSON: -- as it's approved expenditures by this board or constitutional officers.

CHAIRMAN KOWAL: I have a question, referring back to the last slide, but you don't need to move it. I think it said -- you said that it was five-year grace -- waiting period. So that's for the -- the clock starts ticking when they homestead, not when they purchase a home. Because we have people that own homes in Collier County, about 30, 40 percent, they've owned homes for 20 years.

MR. JOHNSON: Oh, they would be already homesteaded.

CHAIRMAN KOWAL: Well, they would not be if they don't live here full-time.

MR. JOHNSON: Oh, correct.

CHAIRMAN KOWAL: Well, my question is, if they decide, "Well, now I live in Collier County for six months and one day because I want to take advantage of the homestead, my home's been there for 20 years," does their clock start the minute they decide to homestead, or does the clock start when they purchased the house?

MR. JOHNSON: I'm going to have to look into that, Commissioner. I don't -- I don't have that information. I haven't seen the enacting --

CHAIRMAN KOWAL: Because that would be a big, big difference.

DRAFT

MR. JOHNSON: And I believe the idea was anything after December 31st would have to wait the five years.

COMMISSIONER McDANIEL: It's pretty clear. I mean, it's after homesteaded.

CHAIRMAN KOWAL: It says after homesteading, not purchase or --

COMMISSIONER McDANIEL: Waiting period for property homesteaded after December 31st, so...

MR. JOHNSON: I believe if it was homesteaded before that --

COMMISSIONER McDANIEL: You're good.

CHAIRMAN KOWAL: No, I'm not talking about before. I'm just talking about people that already own homes that want to take advantage of it now.

MR. JOHNSON: From the way the language is written, I believe, Commissioner McDaniel, you're on the right path, but we'll make sure to verify that before I put any information out.

COMMISSIONER HALL: That's twice you've said that.

COMMISSIONER McDANIEL: That's twice. Terri's writing it all down.

MR. JOHNSON: I can't remember what the record was.

CHAIRMAN KOWAL: I'm sure we've surpassed it.

COMMISSIONER McDANIEL: Quit.

CHAIRMAN KOWAL: Thanks.

MR. JOHNSON: All right. Moving onto the next bill, Property Tax Administration. This -- this bill will be presented to the governor, and if signed, it will amend State Statute 200. That is our TRIM statute. What it will do is it will change the calculation for voting requirements of millage rates. It removes the prior-year maximum millage rate baseline and removes the adjustment for change in Florida per capita personal income.

So in a nutshell, what it means is -- is the Board -- if the Board

DRAFT

wants to vote on a -- wants a millage rate that's rolled-back or below, it will take three, in our case. If the Board wants to go between rolled-back and 10 percent above rolled-back, it will take four votes. Anything over that 110 percent will be a unanimous vote. So anything over 10 percent above rolled-back will be a unanimous vote moving forward.

If you recall, last year we only needed a majority vote to go to millage neutral even though it was higher than rolled-back. That was because of the other pieces of the calculation, meaning last year's maximum and the changes, it was basically kind of a CPI increase based on Florida per capita personal income.

So this makes it a little more rigid. Three for rolled-back or below, four for up to 10 percent above rolled-back, and anything above that will be a unanimous vote.

This will go into effect with the governor's signature, so it could be for this year, just an FYI. Now, given our current millage situation, our millage neutral is below rolled-back, so we'd be looking at majority vote.

Any questions on that?

(No response.)

MR. JOHNSON: All right. Well, then I'll turn it over to the Sheriff at this point.

CHAIRMAN KOWAL: No questions.

Good morning.

SHERIFF RAMBOSK: Good morning, Commissioners.

For the record, Kevin Rambosk, Collier County Sheriff.

I'd like to thank you for giving us an opportunity to provide you some information.

With me today I have Colonel Bloom, Chief Smith, and Director Driscoll.

So the community, through the Board of County

DRAFT

Commissioners, has made a significant investment in public safety. We all know that. And people are coming here for many reasons, but the No. 1 reason they tell us is for safety.

I will tell you that we have done a pretty good job in building that, but residents and business owners have also said that they want a community that is not only safe and secure but one that is self-reliant and resilient. And, of course, that becomes very important for us, particularly in the season that we are now in.

So in the last few years, we've had significant positive impacts on crime and safety, and particularly in 2025. And in a few minutes, I'm going to touch on that.

But the way we get there and what we believe is the most important element of this is the men and women of the Collier County Sheriff's Office who are dedicated and committed to serving this community and making a difference every day and every night. So that's really very important. I want to make sure that they know that.

But we don't do this all alone. In fact, one of our biggest support elements is the Board of County Commissioners who has always provided the necessary resources that we've needed to deliver our services.

I'd like to also thank the County Manager and her staff. We do a lot with the County from programming and prevention for our young people to facility maintenance, and our facility maintenance staff and the current projects ongoing to our main building at the campus here, they are doing a fabulous job, so I want to thank them.

I certainly want to thank our management team, the colonel, the chiefs, and all of our leadership team who not only help put together our annual budget, but they are the ones that run operationally every single day.

So the responsibility and demands for policing, particularly

DRAFT

today, have changed dramatically over the last 20, 30, and 40 years. We've had the opportunity to see that and look at what we need to do to change for the future. But I will tell you -- and you already know this -- the last five to six years have been very significant in some of the challenges that we have had to deal with.

So what we're looking for is not only this past year, but operational efficiencies that are effective, and we believe we have found the plan to do all of that.

So what we did, quickly, we reviewed everything we do, how we do it, identified key factors, assembled a new plan, and then made changes to processes, procedures, equipment, and facilities, some of which initially, particularly the facility changes, were not run through the county process as we should have. That has been corrected, and I've taken steps to ensure that our staff follow all county directives as we move forward.

I will tell you, though, that even with the enhancements that we have been able to make to equipment, facility maintenance, facility improvements, we've done without exceeding our authorized budget. And I think we get a lot of questions about can you operate effectively in your budget? Yes, we can, and we do it all the time.

So a couple of elements that go into these changes -- and you'll see why this is very important. So historically, we have been a very proactive law enforcement throughout the years, and we have made significant changes in the last five years to use data and analytics which actually increases available patrol time, and that's what is now allowing us to have more positive outcomes when we talk crime in a couple of minutes.

We've looked at technology throughout the agency which increases productivity, accuracy, and safety, extremely important. And all of these, there are about five of them that we looked at, and they are all interactive and work together.

DRAFT

Unified policing, that was one of the most significant changes. Actually, it was a creation that your deputies, your command staff created, implemented to identify, track, and look at preventing crime. And, quite frankly, nobody else in the country is doing it except for the few agencies that have come here to look at what we're doing, how we're doing it, and then taking it and implementing it in their communities.

We decided to centralize command for unified operational direction. What does that mean? It just means bringing everybody together, so we need the space to be able to do that. Unified leadership as a part of that, and building resiliency.

So when we look at the last element, which is the real-time operations center -- and again, we've been building all of this over the last 18 to 24 months. And the implementation of that system has really allowed us to deal with lifesaving calls and emergencies, in-progress crimes, provide investigative assistance.

And just to throw out just a couple of statistics, that new real-time operations center has -- on average monitors maybe 6,000 crime or calls for emergency response a year. It provides an additional 2700 elements of information to responding deputies who are responding to hazardous calls and complaints, giving them the best background they possibly can; one, before they get there, for deputy safety; number two, for apprehending or providing assistance that that call needs, and that is something that we've never been able to do before. So en route, you're getting a lot more information than you've ever gotten before.

We've had many -- and even in the last two years, many high-profile cases, one of a local legacy family involved in first-degree attempted murder, which we've just gone to trial with, and that has been successful.

Dozens of missing persons or lost persons, many of them, in

DRAFT

that particular case, along with others, according to our detectives said we would not have been able to solve those cases without this resource.

And the resources cost a lot of money. It is definitely an investment to get this all built and used correctly. But all of this results in the most significant reduction of crime in the history of Collier County.

So think about all those things we were just talking a little bit about. Move that forward. In 2025, crime was reduced by 24.1 percent. That's three times the average reduction of crime we've seen over the last decade, and it's because of all of this that has been put in place. That's a pretty darn good thing, I think, for our community.

Our traffic accident stats are down 7.8 percent. Traffic fatalities are down 48.3 percent. And, you know, this isn't a one-off, like, oh, we had a great year. We have those. And we'll have a year that goes another direction at some point in time, but I will tell you that year to date, we are still trending and showing that everything that we put in place two years ago is still trending crime down from where we were in 2025. So that's pretty amazing.

Remember, we're halfway through the year. We have season that's going to start up again, and we will be impacted to some degree by that.

In the area of preparedness for all hazards, you know, we restructured our headquarters, and it was for system redundancy. We used to have a pretty small area that we tried to do the Sheriff's Office emergency operations center out of in addition to our resources at the County. But we've redone that, and that has made a significant improvement in how we're going to work through -- whether it be wildfires, hurricanes, but most importantly, daily operations for emergencies and crimes.

DRAFT

I told you last year that we had created a community agency response team. We call it the CERT team. We had 100 members. Today we're over 200 members, and we are the largest CERT team in the state of Florida right here in Collier County.

We've made contact with local retired law enforcement, and we have got connections for a roster in the event we ever need formally trained law enforcement officers that we could swear in to use if we need it.

We've built emergency communications equipment that is portable, which is stored in Faraday boxes to stop the threat of any kind of electrical interface with communications devices. We just had a ham radio training as part of our redundant communication system with 50 people to start.

And we've built a comprehensive redundant emergency communications system. So we have 800 megahertz. We have VHF. We have ham radio operation. We have it backed up and backed up and backed up. Now, that's not good for long-term daily heavy-use communication. That's in the event of an emergency we have all those resources.

COMMISSIONER McDANIEL: Right. I was agreeing with you. I said "right." That was my outside voice. Forgive me.

CHAIRMAN KOWAL: That was supposed to be in his head, but it came out his mouth.

COMMISSIONER McDANIEL: Yeah. You can't imagine what's going on in there.

CHAIRMAN KOWAL: Mark that down, too.

SHERIFF RAMBOSK: Again -- well, it's good that you agree.

COMMISSIONER McDANIEL: Absolutely.

SHERIFF RAMBOSK: So, again, we've done this all within our approved budgets.

A couple of successes that I think are really important. We

DRAFT

requested an illicit massage parlor bill be put in place last year. That was put in place. And we used it in 2025 and shut down 17 illicit massage parlors. And the real important reason of that -- because we had gotten a lot of questions early on -- they are centers, typically, for human trafficking. So we are using it.

E-bike safety. We worked with the schools, we did safety education for our kids, with parents, safety operations in the street, education in communities, the support of your ordinance on e-bike safety and regulation, and we're enforcing that, as well as state legislature. And, you know our -- what we've accomplished here -- because it has reduced injuries, fatalities, and misuse of these things, and it is being touted to other communities to say, "Hey, look what Collier County has done." So I think that's a pretty good thing.

We had the largest full-scale active shooter response with reunification in the state of Florida this past year. We went through two accreditations. We have five accrediting agencies now. These last two were law enforcement accreditations; one state, one local. And, you know, these are third-party on-site inspections, interviews, policy reviews.

And I just thought I would read one comment, because we get a lot of positive comments. This is from the Commission on Florida Law Enforcement Accreditation. "The Collier County Sheriff's Office is an absolute model of professional, full-service, criminal justice agencies, and has Excelsior status," which is the highest that you can get. We think it's always good to have somebody look at us and learn how we can do it better.

We took off the street seven pounds of fentanyl. That could have affected 1.5 million people according to the DEA stats. They did a great job.

Over this past year, I've done hundreds of awards to our members; 43 were lifesaving awards; five were gallantry stars.

DRAFT

That's five deputies that put their lives at extreme risk to save the life of someone else, a resident, a visitor. That -- fantastic.

In order to do that, I need to provide the equipment, the training, and the support that they need to go out and do that. Otherwise, maybe we don't get that result, but we certainly do now.

I was going to touch a little bit on the budget. I don't want to go too much into it, other than to tell you that, you know, our budget is our strategic safety plan because it all links together. You know, we do a zero base, or now I call it a priority-based budget. We involve all of our members. We do build it from the bottom up. Our expenditures align with our goals and objectives -- that's important -- and they all align and support our mission to preserve and protect the lives, property, and constitutional guarantees of all persons. That, we think, is essential.

And, you know, as was mentioned up here by your staff when you were talking about some of the ways in which ResourceX looks at, "How can you improve what you're doing?" Well, we did a lot of similar things, so I'm not going to go over all of those. But, you know, we do look at where we're allocating our resources on a daily basis, on a weekly basis, on a monthly basis. We use data and analytics to do this. We don't randomly assign people to shifts anymore. Those days are done. We use civilians where we can.

We've brought in two vendors who are supplying -- one's an auto parts vendor supplying equipment, bringing it in at their cost, not to ours, to give us a stockpile of equipment or repair parts. If we need them, we pay for them as we use them. We do the same thing with uniforms. We no longer have a huge cache of uniforms that we keep here. We spend dollars when we need them, but we stockpile them here. So that's really a good thing.

And, you know, we're working with Clifton Allen Larsen looking at how we can do things differently, better, mostly for the

DRAFT

future. How do we use technology much more effectively?

So with that, our budget request is $285,682,800.

And with all that I've just gone over with you, and a lot more, we are remaining within your guidance for this year.

I open it up to questions.

CHAIRMAN KOWAL: Commissioner LoCastro.

COMMISSIONER LoCASTRO: Sheriff, thank you very much for a comprehensive overview, as you always do.

I don't mean to put you on the spot, but we're here to talk about budget, and one of the things that's been in the news is the -- and even Chris Johnson talked about it, the governor's proposal that will get voted on in November. In a lot of counties, your counterparts and even on the fire side, you know, fire chiefs across the state, some of them have, you know, made some pretty bold statements saying, you know, "The sky is falling." They're really nervous that if it gets passed in November, all these services are going to need to be cut and whatnot.

You outline that -- and basically I just wrote about this in my newsletter, and I think -- I'd hope you would agree with me that Collier County didn't wait for the Governor to decide, you know, what to do with the budget. You know, we've been talking about over the last two years we've been ResourceXing, just as you just said, and doing priority-based budgeting, digging into the savings. And if there wasn't going to be a vote in November, then maybe those savings would go to certain funds or whatnot, and maybe we'll have to make some different decisions.

But I would really like to know, you know, your view on -- and like I said, you don't have to do necessarily the deepest dive. I'm not trying to, you know, like I said, put you on the spot. But I think, you know, we are here to talk about budget. And we've all been very vocal saying we'll see what the voters decide in November. But I

DRAFT

think -- I can't speak for other counties. But I just -- you know, I had a big sit-down with Chris Johnson, our top budget guy, who was just here at the podium, and he said, you know, "Commissioner, when you-all say we're in much better shape than other counties" -- because we've been doing a deep dive, you know, for quite a while, for several years, some of the counties that have made statements maybe haven't been, and maybe that's why they're more nervous. What is your take? You've kind of answered it by saying, you know, "Gosh, Commissioners, I'm doing everything humanly possible. If something changes in November then, you know, we'll pivot" and -- but, you know, the sky is necessarily not falling on the -- on Collier County and the first responder team. Thoughts?

SHERIFF RAMBOSK: Well, I agree with the points that you've made. I mean, pretty clearly, there are going to be impacts, for sure. Look back to the downturn 15 years ago, significant reductions in available budget dollars, and we worked through that. We continued to lower the crime rate. We didn't lay anybody off. We moved forward and rebuilt one of the strongest agencies in the country right here.

So, yes, are we going to have to work harder? Yeah, we're going to have to do that.

The other thing, too, is, you know, I come from a history of law enforcement's not the only thing in the world. So as I was reminded by my utilities director one day in the City of Naples who said, "You know what, we love you guys, we need you guys, but when you can't flush the toilet, that's an emergency."

COMMISSIONER McDANIEL: Amen.

SHERIFF RAMBOSK: And you know what? To a degree he's right. And it sounds like a joke, but I mention it to just say, no, we're committed to work together to get done whatever this community needs, and that's the best law enforcement protection, the best public

DRAFT

safety protection, and the rest of the services, and we will absolutely get through it because we will figure out a way to do it. We always have.

COMMISSIONER LoCASTRO: See, I really wanted to give you that opportunity because I'm so proud of that answer that you just gave. You know, when I -- when I read things in the news just from some other counties, I'm not throwing stones or anything, it just makes me more proud of our own.

We are certainly paddling in the same direction and speaking from the same sheet of music, all of us, saying, "You know what, let the voters decides." Let them make an educated choice in November and do their homework and realize, you know, that, you know, the pros and the cons of something. But we're all leaning forward here in Collier County.

And, oh, by the way, how lucky for us and the citizens that we have been for the last few years and in a very aggressive way that, you know, whatever happens in November, we've been preparing for something like that for years.

And so, I think that this county should be really proud of your answer. I wasn't necessarily asking you to make a, you know, statement for the press or anything, but I kind of knew what you would say already just because of the way we've all been working together.

And I think it's important, you know, on the record for people to hear that, that we're all extremely proactive, and, you know, your outline of everything that you're proud of and the efficiencies and things like that are what really keeps us in a really good position if something major, you know, does change in November.

And also, on the flip side I'll just say that I think when you talk about how safe this county is compared to others in the state of Florida and all the stats you gave, sometimes that's really

DRAFT

underappreciated by some because, I think, oh, it's Naples, you know. It's not like you guys are dealing with fentanyl and murders and all these type things, and we actually are.

I mean, your office, through Colonel Bloom and your entire senior staff, do a great job keeping us informed. And there's times where I -- you know, we get -- I get an update, and I'm like, wow, in Naples, I can't believe that, you know, you caught or -- something or kept something major from happening. Like you said, even taking the fentanyl off the street.

So I think that's kind of underappreciated. We don't -- we don't sit here Mayberry in Paradise and nothing's going on except, you know, for a cat being stuck in the tree and somebody, you know, jaywalking or whatnot. You-all have been involved in some really major things.

And I'm glad you touched on the massage parlors and the human trafficking because, you know, the average person maybe doesn't expect that to a degree, you know, we have a -- we had that significant problem here in the county, and, you know, you knocked it out in a really big way.

So congratulations for that. But, you know, just in summary, I'll just say, again, as a citizen and also as a commissioner, but as a citizen, I'm really proud of your proactive answer saying, "Hey, we'll do what we need to do, and we've already been doing it."

So, thank you, sir.

SHERIFF RAMBOSK: Thank you.

CHAIRMAN KOWAL: Commissioner Saunders.

COMMISSIONER SAUNDERS: Thank you, Mr. Chairman.

First of all, congratulations to you and to your staff, the men and women that are in law enforcement, for keeping us safe.

I think all five of us would say publicly when asked, "What's the most important function of government," and it's keeping us safe

DRAFT

on our streets, in our homes, on the beaches.

I also want to thank you for what I consider to be a great presentation this morning to really inform the public what you do on a proactive basis. I think that that information was very, very helpful, and I appreciate it.

I have no doubt that this board's going to approve your budget request. That's without question. And so I'm not raising a question concerning that, because we're going to always support what you do and what the men and women in law enforcement do for this community.

I do have one question concerning our radio system. I know that's a big-ticket item, and I know there's been an evaluation going forward. We've had a consultant working with everyone to determine what's in the best interest. Any update on where we are with that new radio system?

SHERIFF RAMBOSK: Yes. We've been working with the manager's office and staff, and I believe I'm going to get an opportunity to provide information to everybody.

We need improvements to the radio system, that's it. We're unable to cover this entire county for wall of public safety, and we need to be able to, particularly as we build more to the northeast. That's where we've had issues, and it's a 20-some-year-old system.

So like anything else, an old car, we're going to be putting money after money after money. We should just know when -- and we do, just like with our fleet -- when it's time to retire the vehicle and get a new one.

COMMISSIONER SAUNDERS: Well, we know that you can't perform your responsibilities if you can't communicate, and that means especially during hurricanes and those types of things where communications sometimes fail. So in terms of timing, do you have any idea when this will all come back in terms of when we're going

DRAFT

to put in -- start putting in a new system or --

SHERIFF RAMBOSK: Well, I don't know about when we're putting in a new system, but we're going to get information back to you, I believe, within about a month, give or take.

COMMISSIONER SAUNDERS: That's all. I was just curious as to where things were.

SHERIFF RAMBOSK: Yeah, we're almost there.

COMMISSIONER SAUNDERS: Again, thank you for your service.

SHERIFF RAMBOSK: Thank you.

CHAIRMAN KOWAL: Commissioner McDaniel.

COMMISSIONER McDANIEL: Yes. And thank you, Sheriff. I -- forgive me for speaking out loud, because there's -- things come out of me every once in a while. I was in complete agreement with what you said.

I want to thank you and your staff, everybody that's doing what they're doing to keep our community safe. That's the No. 1 job of government at all is keep my families and the neighborhood safe, so thank you.

SHERIFF RAMBOSK: Appreciate it.

COMMISSIONER McDANIEL: I don't have nearly as long of an elongated discussion with regard to the potential of this referendum that's coming forward. It's not requisite right now. I just want to make sure you have a plan. And I'm looking at Chief Smith down here to make sure there is a plan.

We all know it's coming. We all know that it's out there. We don't know whether it's going to pass or not, and I really don't want to spend an enormous amount of time today on guessing whether it will or it won't. Everybody needs to make a plan. All of our department heads, all of our -- all of our staff, every one across the board. And as long as you've got a plan, we'll deal with it in January

DRAFT

when the dust all settles.

SHERIFF RAMBOSK: Yes, we completely agree. We are already working on what potentially we would need to do, and we also have some inside differences of opinion of whether it passes or whether it doesn't pass.

COMMISSIONER McDANIEL: Did I hear about reducing Colonel Bloom's salary in the event that it does pass?

CHAIRMAN KOWAL: I think he volunteered that.

SHERIFF RAMBOSK: No, but --

COMMISSIONER McDANIEL: He offered it up.

SHERIFF RAMBOSK: No, but I'm looking forward to a great steak dinner when it does not pass, so...

COMMISSIONER McDANIEL: Okay. I'm in.

SHERIFF RAMBOSK: You can come.

CHAIRMAN KOWAL: Are you done?

COMMISSIONER McDANIEL: I'm down, yes.

CHAIRMAN KOWAL: Okay. Commissioner Hall.

COMMISSIONER HALL: Thank you, Chairman.

COMMISSIONER McDANIEL: Am I done?

COMMISSIONER HALL: Sheriff, I just -- I agree with everything that everyone said, and you do an amazing job. And I'm not going to belabor all that.

I appreciate your -- all of your comments. But with our county culture outside of the Sheriff's Office, with our efficiencies and doing things better, as well as keeping the referendum in mind, you know, you mentioned that you had facilities, facilities management, you had the technology, you were working on the unified policing, and the real-time operations center, and you mentioned that those were investments.

So I was just wondering what your vision is of the -- of the financial -- the fiscal return on those investments. Do you see them

DRAFT

continually climbing, climbing, climbing, climbing, or do you see, once you get things established, you get to roll the clock back a little bit fiscally so in case we do need to do things better or smarter, that we're able to?

SHERIFF RAMBOSK: We will absolutely do that. Most of everything is paid for already or funding allocated. So it really doesn't matter what, if anything, is done with tax issues. We will have completed what we need to complete, and we will be able to use it. And actually, we will then have set ourselves up in a position that is so far ahead of that negative impact we could see the County will be in a terrific spot.

COMMISSIONER HALL: Great. I love that. So I just wanted to ask that question, because money spent is money gone. Money investment is money that returns. So good job.

SHERIFF RAMBOSK: Yes. And these returns -- I only gave you a couple of things. The returns are amazing.

COMMISSIONER HALL: Great. Love it.

CHAIRMAN KOWAL: Well, thank you, Sheriff, for your words today. I really appreciate it. And you know how I feel about you and the men and women in the Sheriff's Office. You know, it's just -- a little piece of me is there, so I left it there. But I definitely appreciate everything you guys do, and I know how hard you work. I know what it's like.

I know what -- the hours and time you spend away from your wives, family, children, husbands, you know, the sacrifice for the people here in Collier County. You know, sometimes that's unseen or it's unrecognized, but it's real. I know it is, and everybody that wears a uniform knows it is. And people don't do that just because they want a paycheck. They do that because there's something internally they do because it's something that drives them to be public servants like that, and that goes for our fire and our EMS and

DRAFT

everybody else that serves in uniform. You know, it's more than just a job.

You know, there's been some chatter. Maybe you can help me out with the -- I don't know if it's true or it's just keyboard warriors. Like, Marco now is very panicky about this tax thing, talking about possibly dissolving their police department. I know back when I worked with the sheriffs when I started out, we had District 6, which was Marco Island. We covered Marco Island back then before they had an actual unified police department.

If a municipality -- and I know you, as being the constitutional officer for the public safety of Collier County, it's your -- it's basically your duty that you would have to step in and take that over again if that would come to fruition.

I assume then that would also be a burden when it comes to manpower and things like that. So I just want to also keep that in mind when we're moving forward, if this does pass, that there's always that chance to -- you know, I think you agree that that's something we also have to keep on the horizon or keep an eye on, so...

SHERIFF RAMBOSK: Completely agree. In fact, I have been contacted by the city manager with regard to the council's request for information. We have assembled the proper team, and we will put together some options. You know, it will be their decision as to how or what they may want to do or not want to do in the future.

CHAIRMAN KOWAL: Okay. All right. I just want to make sure, you know, we all understand that could be a possibility, and us up here have to understand that that may require some work from us, too.

SHERIFF RAMBOSK: Yes.

CHAIRMAN KOWAL: All right. Thank you.

SHERIFF RAMBOSK: Thank you very much. Appreciate it.

DRAFT

MR. JOHNSON: Commissioners, before we move on to the next one, I just want to answer -- I got an answer to your question about the homestead requirement. So based on the five-year residency requirement, any homestead property owner establishing Florida residency after January 1st, 2027, will initially receive only the exemption allowable prior to the implementation. So the $50,000 --

CHAIRMAN KOWAL: Okay.

MR. JOHNSON: -- for the five years, and then at that point we'll be at the 250-. After the five years, the 250- would kick in.

CHAIRMAN KOWAL: Okay. Thank you.

MR. JOHNSON: All right. And with that, we'll move on to the Supervisor of Elections.

CHAIRMAN KOWAL: Good morning.

MS. BLAZIER: Good morning.

CHAIRMAN KOWAL: Are you all right, Terri?

THE COURT REPORTER: Yes.

MS. BLAZIER: All right. I think we're on.

All right. Good morning, Commissioners. For the record, my name is Melissa Blazier. I'm your Collier County Supervisor of Elections.

With me this morning I have Chief Deputy Kevin Turner and Madelyn Minton, who is my administrative services manager.

Our Fiscal Year 2027 budget request for the Supervisor of Elections office has increased about $312,000. We are at $5.5 million now, which is about a 6 percent increase over last fiscal year. If you will recall, last fiscal year we actually came in with a $300,000 overall decrease, and the year before that an almost $600,000 decrease, and that is because as you-all are very aware, my budget is very cyclical based on the type of countywide election I'm required to conduct and the quantity of countywide elections I'm

DRAFT

required to conduct.

So this current fiscal year we're funding the August 18th primary election. The requested budget is for the November 3rd general election. And I say all of that because when I come to see you-all in another year, we're going to be looking towards 2028, and that budget request is going to ask for the presidential preference primary, so a spring countywide election, and then the primary 2028 election. So we will see an additional increase in our budget request.

With that, I am here to answer any questions.

COMMISSIONER SAUNDERS: They probably could use you out in California, but that's just another story.

MS. BLAZIER: Different laws in California than here in the state of Florida.

CHAIRMAN KOWAL: Well, I don't see anybody lit up, and Commissioner McDaniel's not here to say anything, so...

COMMISSIONER HALL: Hurry.

CHAIRMAN KOWAL: Hurry up.

MS. BLAZIER: All right.

CHAIRMAN KOWAL: All right. Well, I appreciate you guys today for coming in.

MS. BLAZIER: Thank you very much.

CHAIRMAN KOWAL: Thank you.

MS. BLAZIER: Have a good morning.

CHAIRMAN KOWAL: Bye-bye.

MR. JOHNSON: All right, Commissioners, that brings us to the Clerk of the Courts.

MS. KINZEL: Good morning.

CHAIRMAN KOWAL: Good morning.

MS. KINZEL: Oh, good morning. I guess that's louder.

With me I have Derek Johnssen. He's our finance director --

MR. JOHNSSEN: Good morning.

DRAFT

MS. KINZEL: -- who does all the great work as comptroller role and anything else that we have to do, and Don Holder, who is our clerk's accountant, which actually handles the Clerk's budget, all of the court budgeting, and budgeting for our office. So I have the brains with me.

I did want to elaborate a little bit. Thank you for the County staff. We continue to have a great working relationship. And as I heard some of the presentations earlier this morning, I definitely do not want to be remiss, because the men and women of the Clerk's Office, sometimes those back rooms -- you know, every time the Sheriff's people write a ticket or there's a court case or there's an arrest, the people of the Clerk's office have to deal with that through the entire court process. That's not included in this budget except for a small subsidy.

And I will not know the State's level of support of our budget until later this year. So I appreciate your gracious subsidy so that we can keep those courts running and flowing in Collier County.

What you have before you is within budget guidelines and -- as a 3 percent increase. Primarily, as you know, the majority of our staff is human resources, people. Unlike the Sheriff back in 2008 we reduced our staff by over 40 people. So we are currently operating at a level below or guess equal to, I guess -- equal to now with this budget request to our 2008 crisis cut level. So we've not grown exponentially. We've been able to -- fortunately, with your support automation is the key. We've automated almost all of our processes.

I know one of the ResourceX things had to do with payroll and their suggestion. We most recently, in conjunction with the County, worked to upgrade our SAP financial system and streamline and get more and more automated in everything that we do. That saves us money across the board and into the future.

So we have a continuous budgeting process. I've been doing

DRAFT

budgets in Collier County for a lot of years, including the Sheriff's and the Clerk's most recently. And it's always an interesting process.

But we look at every vacancy that comes up: Do we need to replace that? Is there a better way to utilize that position? What can we do better with it, without it? How could we get it picked up? How could we automate that slot and that information and make it cheaper, quite frankly, just cheaper?

But, as you also know, we live in the highest cost of living, or I guess we're second in '26. But for the past three years, we're the highest cost of living county. We are the largest. And so we, too, have constituents clear in Immokalee. We try to use the satellites to disburse the activity and make it more convenient for our customers, but that takes a resource. Those people do everything remotely because we've been able to automate a lot of our processes. If they don't have a customer before them, they most certainly still remain working on the behind-the-scenes court case processing and paperwork that we have to do on a regular basis but automatically and remotely from the courthouse.

So with that, I just want to thank my staff. The men and women of the Clerk's office work all the time to make sure things run smoothly. We've improved our jury process, automated that for our citizens so that it is more efficient to get in and out.

We've also worked very closely with the judges in our county. They have agreed and we are following the Supreme Court rules for calling and summonsing jurors. We were able to save some significant dollars in the last couple of years by working with them to utilize the jury pool better and streamline that entire process in the court system.

So we work with all of our partners, and we appreciate your continued support.

And with that, I would just -- if you have any questions of our

DRAFT

operations.

(No response.)

MS. KINZEL: Run?

CHAIRMAN KOWAL: There's nobody lit up.

MS. KINZEL: Thank you so much.

CHAIRMAN KOWAL: Get while the getting's good.

MS. KINZEL: Thank you.

CHAIRMAN KOWAL: Thank you.

MR. JOHNSON: Thank you.

All right, Commissioners. I don't believe we have any of the other constitutionals in the room. They're -- the Property Appraiser and the Tax Collector's budgets go through the State, so typically they're not at these meetings.

So -- and then we have a time-certain for Courts at 11:15. So with that, we can move on to the Transportation department. She's already behind me good to go.

CHAIRMAN KOWAL: All right. Good morning.

MR. JOHNSON: Trinity, I'll pull this up for you.

MS. SCOTT: Good morning, Commissioners. Trinity Scott, Transportation Management Services Department head, for the record.

Today the budget that is presented to you is compliant with your Board budget policy Resolution 2026-37 as well as consistent with your strategic plan. You know --

COMMISSIONER McDANIEL: Move for approval.

MS. SCOTT: Thank you.

I like to think that we were DOGE before DOGE was vogue. We have -- in Transportation, we have really taken the ResourceX and really engrained that within our culture. You have seen various fee schedules come before you. We are taking those very seriously, bringing those -- keeping those up to date and bringing those before

DRAFT

you consistently looking at our landscape maintenance, looking at ways that we can continuously bring those costs down, so much that in the past year we've been working with our Public Utilities partners to convert our irrigation from potable water to irrigation quality water to be able to bring the cost down.

And as Clerk Kinzel just talked about, looking at our vacancies. Every vacancy that comes up, we evaluate that. And on at least two instances, I've actually called County Manager and offered her positions to go into the workforce priority pool of eliminating director positions. So when we've had some director vacancies, we've evaluated those positions and been able to merge some of our divisions into one division and be able to eliminate that, and those are high salary savings within the organization. And so we just did that last year as well with merging our public transit neighborhood enhancement group with our fiscal and grants group.

But our Transportation Management Services division -- department is 328 full-time equivalents. When I took over the department almost -- I guess it's been five years ago now -- we had a vacancy rate of about 15 percent. We had 50 vacancies when I took over. This last May 30th, we had 18 vacancies. That's about a 5 percent vacancy rate. That's our lowest vacancy rate that we've had.

We have been collaborating a lot with our Human Resources Talent Acquisition Team. And, you know, a lot of times we're complaining -- we try not to complain, but a lot of times we're complaining. And I've really got to give a shout-out to Human Resources, the Talent Acquisition Team. They've really been working very closely with us.

The other things that we've developed in Transportation that are really helping us, we've developed a leadership pipeline program and mentoring institute to assist in helping us build a bench. We've had

DRAFT

two classes over the last two years. We've had 38 total participants. Ten of those individuals have been promoted, and not just within Transportation Management Services. We just had -- someone was promoted over into our Emergency Management -- or Emergency Medical Services. So we're building future leaders for our community.

And we most recently kicked off our project management training program to enhance our not only intra-divisional communication, but also working with our other partners within our other department communication but also working on ensuring that our project managers understand their budgets, procurement, and contract administration so hopefully we can reduce those after-the-facts that are coming to the Board.

And we've developed that with our own internal team. So we looked internally. We didn't go outside and hire a consultant to spend hundreds of thousands of dollars to come in. We've developed that program internally with some good core leadership that we had. So both programs have been a big success so far.

I do have a few expanded requests that are within the budget. They are all consistent with the strategic plan, the infrastructure and asset management strategic focus area. The first one is to convert four long-standing key staff positions which are temporary positions, three of which are in our traffic operations section -- division and one in our road, bridge, and stormwater management. As I stated, they're long-standing positions.

COMMISSIONER McDANIEL: You're going to keep Harris?

MS. SCOTT: Of course we're keeping Harris. We won't let Harris go anywhere.

COMMISSIONER McDANIEL: Oh, okay.

MS. SCOTT: Unless he starts turning those signals green for you.

DRAFT

COMMISSIONER McDANIEL: I'm thinking. I wouldn't have been late this morning if he'd have helped.

MS. SCOTT: If you would have used Vanderbilt Beach Road extension, you would have been on time.

CHAIRMAN KOWAL: There you go.

MS. SCOTT: With our key staff employees, unfortunately with those, we have a consistent turnover with those temporary employees. They don't receive overtime. They don't receive holiday pay. You know, so when we have a holiday, they don't get paid for it like we do.

It takes us four months to train them, and what we're finding is is that they stay with us for approximately six months where, for our full-time employees, they stay for an average of about three years, but typically they're promoted within the organization, so we're not losing that investment that we've made within them.

They're also not eligible for -- to be on our on-call after hours. So the -- for the traffic operations folks, those three individuals, they would be dedicated to our sign maintenance. And we have over 27,000 signs, nearly 28,000 signs. Forty-three hundred of those are stop signs and what we call our red plates. Those are what you see at dead-end areas, and those 4300 signs have to be inspected quarterly.

So currently we are staffing that with four FTEs and those three key staff, and so we're requesting to make those three key staff full-time, so we would have seven FTEs. And then we also have a site plans reviewer that we would like to make a full-time employee that is currently with the Road, Bridge, and Stormwater Management group.

Our next expanded request is a bucket truck. This is an expanded bucket truck. The lead time to get a bucket truck is about a year, so you notice I'm not asking for any personnel with the bucket truck because there's no sense in having the personnel without the

DRAFT

bucket truck. So next year, foreshadowing for next year, I would be requesting two additional folks for that.

The bucket truck and the two people next year would be for our aerial maintenance for our signalized intersections. Currently we have 234 signalized intersections. Actually, when we counted that, that was before we opened up Vanderbilt Beach Road extension, so that should actually be 236 signalized intersections.

Currently our staffing levels are below industry standards, and so adding what would be those next two next year would get us up into what industry standard is, which is three folks per 40 to 60 signalized intersections. And the Sheriff was just up here talking about the real-time operations center. That real-time operations center is very dependent on this infrastructure. So keeping this infrastructure operational is very important to his operations as well.

COMMISSIONER LoCASTRO: Trinity, do we not have a bucket truck now, and if we don't how do we maintain the signals?

MS. SCOTT: We have two.

COMMISSIONER LoCASTRO: So this will be an extra one, or is this replacing one?

MS. SCOTT: It would not be. It would be an expanded. It would be three. So we need to do maintenance up in the air on those -- on all of those traffic signals. So it would be adding a third one so that we can keep up with that industry standard maintenance.

COMMISSIONER LoCASTRO: Okay.

MS. SCOTT: And our last expanded request is our stormwater clean.

COMMISSIONER McDANIEL: There we go. Proper punctuation.

MS. SCOTT: Clean, view, and repair of the stormwater infrastructure. So our stormwater infrastructure, we've had a lot of conversations about our stormwater infrastructure over the years.

DRAFT

The underground stormwater infrastructure, it's not something you can just drive by and see. We actually have to go in, you have to clean the pipe out to be able to view the pipe, and then depending on what we find, then we need to be able to schedule those repairs.

What we're finding are joint separations, sometimes a collapse, deformation, and we're completing those critical repairs. And we haven't had an official program for this, and that's what we're trying to do with this expanded request is have an official program so that just like our paving program, this is something that we have, it is detected, and that we are continuing forward with this.

This -- as we've kind of been piloting it over the last couple years, we've really seen some improvements. And I use -- I've used this example previously in budget discussions of Airport-Pulling Road. Anyone who drove Airport-Pulling Road over the -- if you went back probably five years, used to flood every single rainy season every single afternoon. We've been at it as far as cleaning -- keeping those underground structure -- those pipes cleaned out. Now at 5 o'clock when it rains, you know, you can -- you can use pretty much all three lanes. It's not -- it's not clogged up for the most part. So we're seeing some improvement as far as that goes with this.

And we're also identifying -- we're identifying issues with the pipes and being able to get those addressed before we have a collapse in the roadway and things like that. So we're addressing those things before they become a big problem on our arterial roadway network.

And that's all I have unless you have any questions for me.

COMMISSIONER LoCASTRO: I've got a question.

CHAIRMAN KOWAL: Commissioner LoCastro.

COMMISSIONER LoCASTRO: Trinity, there was a slide earlier. It wasn't yours. I think it was maybe one that Chris had briefed, and it showed the County Manager asked about 14 additional

DRAFT

vehicles in the budget. Can you expand on that a little bit more and where would those -- where are those -- maybe we're going to get a briefing on it. I'm just curious, where are those vehicles going, the replacements?

MS. SCOTT: I'm only one of those vehicles.

COMMISSIONER LoCASTRO: You're one, okay.

MS. SCOTT: The bucket truck is one of those vehicles, is the expanded.

COMMISSIONER LoCASTRO: Do you know anything about the other 13, or is it something we'll hear about later, Chris, or --

MR. JOHNSON: Yeah. Commissioner, as the departments come up, we'll discuss the others. That was the total of the --

(Simultaneous crosstalk.)

COMMISSIONER LoCASTRO: Okay. They're spread out --

MR. JOHNSON: So they're spread out.

(Simultaneous crosstalk.)

MR. JOHNSON: Trinity is one of those, exactly.

COMMISSIONER LoCASTRO: Got it. Okay. Thank you.

MR. JOHNSON: Thank you, Trinity.

And then with this, I'm going to bring Mr. Fabian up to discuss some PBB analysis of the expandeds.

CHAIRMAN KOWAL: Commissioner McDaniel.

COMMISSIONER McDANIEL: Before -- before Trinity leaves, I just --

MS. SCOTT: You already said approval.

COMMISSIONER McDANIEL: I did. I did. I did, I did, I did. And this is a -- this is a say -- this is for me to say thank you to all of you. Marshal, included. Jay, included. Everybody included. Thank you. Vanderbilt Beach extension -- I'm taking a breath when I say that. The timeliness with which -- the professionalism with which that job was performed, off the chart, off the chart. And I just want to

DRAFT

say thank you to you-all in front of everybody else. It's a -- that's a -- that road, you know -- and I'm going to espouse a little bit about what we're going to be talking about, what this board's going to be talking about coming forward.

That road was triggered by our GMP back in 2006 to need to be expanded, the first -- the first phase. And it was the policymakers and the decision-makers at that time who chose to forestall that, put that off. And it later -- and here we are literally 20 years later opening that road.

And so as we're going forward, there's a perfect example of infrastructure and a definition for infrastructure to support the quality of life of our community. There's no fence at the county line. There's no wall at the state line. We live in paradise, and people are coming, and we have to support the mobility. And I want to say out loud thank you all for everything that you do.

MS. SCOTT: And I believe Mr. Fabian is going to come up to -- Ellen, if you want to wait just a moment. Mr. Fabian's going to come up and talk about --

CHAIRMAN KOWAL: Don't leave yet.

MS. SCOTT: -- our expanded request.

CHAIRMAN KOWAL: Trinity, don't leave yet.

MS. SCOTT: Okay.

CHAIRMAN KOWAL: I want to give you guys a little word of -- I do want to thank you guys because, you know, my district -- I used to say "old infrastructure." I was told to say "aged infrastructure." But like with Marshal and what you guys do and the amount of times that we personally have gone out and walked with constituents and, you know, side by side and listened to their problems, looking at problems and going out there and, you know, just addressing them, like, at that level. Like, you guys -- your director, Marshal, you guys are all heads of your departments. I

DRAFT

mean, that's -- for the people, they have to understand that's -- you know, that's -- you guys do that from time to time. You've definitely helped me with it in my district and the issues I've had.

So I do want to thank you guys for that hands-on effort you do participate in. So thank you.

MR. JOHNSON: Thank you, Trinity.

I'm just going to pull something up here for Mr. Fabian, and we'll get him to go through his piece.

There you are, Chris.

MR. FABIAN: Thank you.

Thank you, Commissioners. For the record, Chris Fabian from ResourceX, Tyler Technologies. And I wanted to take the opportunity -- thank you, Trinity, for the great presentation -- to let you know for this component of the budget review process, every request that you are seeing from the departments has run through the budget request review analysis, textbook priority-based budgeting. So for -- I'm going to skip to the -- if I can make my way in this report to give you an example of the clean -- what's -- Commissioner McDaniel, what's the appropriate way to annunciate the budget request here? Clean, repair -- what do we have here? Almost there.

As I'm scrolling through, you're seeing the details broken down to the line item, line-item requests attached to each and every program and service in the county. As you recall, each program has been scored using the priority-based budgeting approach towards your countywide priorities as well as basic program attributes, as the presentation alluded to earlier, so that we could weigh in on each request from a PBB perspective. In the case of the Clean/View & Repair program, you'll see that our notes on the -- on the budget request include how that program would score, and the overall position.

Since this is preventative in nature and saving money for the

DRAFT

long-term for total cost of ownership and asset management, our review comes back to say for these reasons, applying a priority-based budgeting lens, should you have the resources to be able to fund a request like this, this would pass from a PBB perspective.

So it is, of course, our recommendation, but just so you know that for any given budget request that you hear for the rest of the day, we've taken a priority-based budgeting position, included our notes in support.

Trinity also did one other thing, which was to combine the insight work that the department has done to look for optimization, opportunities, efficiencies, cost savings, and alternative revenue. And I think that's really important to be able to pair not only the new requests that are coming before you today and for the rest of budget season but also the resource optimization approaches that have been taken and will continue to be taken by each and every department.

As you think of the overall position that you're in with the property tax referendum to be decided upon, it's incumbent on every department to have the ying and the yang, both the new requests that have to proceed for the good of the County as well as the potential offset, the efficiencies and the optimization for each and every program.

So I just wanted to take the opportunity to point out, just using one request, the type of review that you have in addition to what staff has proposed. This is a new element to your priority-based budgeting work that has not been a part of years past is to review each and every budget request that comes -- that has come forward.

COMMISSIONER McDANIEL: This is a portion of that secret that you've been keeping for a while?

MR. FABIAN: Maybe a different -- my words on your comment would be a lot of work has gone on in the background with staff in preparation for today's hearing and the rest of the budget

DRAFT

process. Thank you, Commissioner.

CHAIRMAN KOWAL: Commissioner LoCastro.

COMMISSIONER LoCASTRO: Yeah, I have a question for you. So you have, you know, 41 slides here that show a lot of recommendations to different departments and whatnot. This might be sort of an open-ended question, but you can only recommend, you're not deciding, which is what we've said from day one is the beauty of ResourceX is that, hey, we're not -- we're not empowering an outside organization to do our homework for us.

But what would you say has been the response from the different departments, you know -- I don't want to put a number on it, but, like, what percentage of all these recommendations have been implemented? You know, can you put a dollar value on it? Can you say -- can you give us a little bit of a deeper dive into how these recommendations have been utilized, embraced, or morphed, you know, by different departments?

MR. FABIAN: At this particular stage with our focus for today's workshop being the new requests that are coming forward, I would say throughout the last few months as these requests have gone through our analysis, the prominent trend has been towards requests that meet the criteria of your priorities, and that's indicative of the kind of cultural shift that is taking place here and the type of culture that you've had over the years.

So when we first work with organizations and you start to see budget requests, oftentimes you would start to see requests that are not necessarily in alignment. Maybe the program is not mandated, or it does not recover its cost, or it's a, you know, quote-unquote pet project that does not align with county priorities. That is not what we're seeing here. And, again, that's potentially evidence of the type of culture and buy-in that you have that new requests should tie to programs that have strong alignment with the countywide priorities

DRAFT

overall. So to see more requests heading that way, that's great.

Coupled -- I think the next component of the question that you're looking for is "How will this begin to pair with the cost savings and revenue generation insights?" And I think that is the remainder of the budget process, and in preparation for the ballot initiative in November. So seeing more and more of that review.

COMMISSIONER LoCASTRO: Yeah. I guess what I'm asking -- and it might be premature -- is that all the analysis is great, but to take a buzz word out of a previous presentation -- so you've got the clean, the view, you've got the repair and the scoring, but, you know, what we're most concerned about at the finish line is did we take action. So, you know, while we don't -- what I'm not looking for is -- and nobody is -- analysis across the board which is "good, gee whiz" stuff, but we didn't take action at the end.

But -- and like I said, this might be a premature question, but I can kind of infer from what you're saying is that the departments that you're working with, which is basically everybody across the board, have been embracing the opportunity to use your analysis to make changes and put them better in line with our strategic vision but also to save dollars, basically, is what we're looking for, if we're inefficient in some areas. And those are the things that you're highlighting for these departments, and they're embracing that is what I'm hearing.

MR. FABIAN: Wholeheartedly. And I think you've seen some evidence in the presentations from your departments thus far, from the Clerk talking about the payroll streamlining efforts, among others -- Trinity's efforts with the combined departments and the staff savings, so to be able to bring those forward and say in each presentation -- again, it's both. It's the new ask for new resources, coupled with the efficiencies and optimization.

Now, I will say the focus of today's workshop is the requests

DRAFT

fitting within the budget overall. As this -- as these numbers are taking shape, we're updating the potential cost savings and revenue alternatives that are still in the bullpen, so to speak, to be used coming up here in the rest of the year and next year. So you still have many more insights to continue to have at your disposal.

COMMISSIONER LoCASTRO: I think the real beauty is -- and this is sort of my conclusion statement, but I think you'd agree with it is that nobody's up here talking about -- has talked about reducing services or anything like that. And we said from day one, you know, the first day that you walked in here, don't give us a list of a whole bunch of things we could close to save money. We're looking to do what you're showing us now, which is -- Trinity gave a perfect example. Hey, if somebody exits before we just, you know -- you know, blindly hire behind them, maybe we can do something more efficient and combine some departments and it didn't change the services. It might have even improved it and made things more efficient. And, you know, less cooks in the kitchen made things even a little bit tighter.

So, you know, I applaud your efforts for doing what we talked about from day one, and now we're obviously starting to see it, and hearing you say that the departments definitely looking to us for guidance and embracing, you know, the recommendations that we're giving them, they'll make the ultimate decision, is having a major impact. So thank you for that.

CHAIRMAN KOWAL: I see no more questions. Thank you.

MR. JOHNSON: Thank you, Chris.

Mr. Chairman, I'm looking at Terri. This may be a good opportunity to take a court reporter break.

CHAIRMAN KOWAL: Yes.

COMMISSIONER McDANIEL: Terri. There's brownies in the back.

DRAFT

(A recess was had from 10:45 a.m. to 11:01 a.m.)

MS. PATTERSON: Chair, you have a live mic.

CHAIRMAN KOWAL: Well, thank you.

Hi, Chris. Go ahead and start up again.

MR. JOHNSON: Mr. Chairman, that brings us to the Courts and related agencies.

MS. FOX: Good morning, Commissioners.

CHAIRMAN KOWAL: Good morning.

MR. RICE: Good morning, Commissioners. For the record, my name's Chuck Rice. I'm your court administrator here in Collier County. With me today we have Amira Fox, state attorney for the 20th; Rich Montecalvo with the State Attorney's Office; we have Katie Downey with the Public Defender's Office.

MS. DOWNEY: Good morning.

MR. RICE: And Mark Humphrey with the Public Defender's Office. Kathleen sends her apologies. She could not make it today.

Also, starting off, I'd like to recognize my team that basically allows us to have the success that we have with the courts. Sitting in the front row here, Karrie Hixson, the operations director; Debbie Mravic, our civil division director; and Jeff Nichols, our criminal division director, and they really deserve a lot of the recognition for the success that we have.

I'd like to thank Chris and his staff for helping us come up with a budget-compliant presentation here. We met the 3 percent guidance set forth by the Board as we present our $8.2 million operating budget, along with the 7.2 capital budget.

I saw the Sheriff mention low crime rate earlier this morning, down 24 percent. I'd like to think that we had a small piece of that success with the State Attorney, Public Defender, and the Courts with the collaboration that we have with the Sheriff.

With that being said, you know, our probation department is one

DRAFT

of the most aggressive and proactive probation departments in the state. We do work closely with the Sheriff's department doing field visits, drug testing out in the field. We make our people come in to see the white of their eyes.

Debbie Mravic with the civil division, the state -- and the Supreme Court actually put out a directive, an administrative order on case management that basically mirrored what she spearheaded years ago. So basically, that puts everything with a timeline, a time-specific date for trials. We also have our Guardian ad Litem program that protects the children out there. We've a foster care review panel that protects the children as well, so we are doing our part for public safety.

And with that being, I'll let Amira make a comment, and then we'll go to the public defenders.

MS. FOX: Thank you so much. And I just want to say good morning and thank you to all our wonderful commissioners.

I really cannot stress enough -- and I'm sorry I missed Sheriff Rambosk this morning because I think that that winds up -- really summarizes what I'm going to say, which is -- I mean, I think we're the lowest crime rate in the state at this point and probably one of the lowest in the United States, and that's thanks to you and thanks to your commitment to public safety.

We feel that you're committed in our office, and we thank you every day. Some of the funding that you've given us which is above and beyond so that we can tackle some of the criminal justice issues we all face which make us unsafe if we don't tackle them, you have all been incredible in supporting us.

And so I really am here to say thank you to you and to also just point out the success. You see it in live motion in the courtrooms. We just tried here a few weeks ago one of our NET force cases, our narcotics enforcement task force, which you have been incredible in

DRAFT

helping us to fund, and it makes a difference. We took down a long-time drug trafficker a few weeks ago who's been bringing in narcotics via a drug mule from the east coast. And a two-week jury trial, convicted of conspiracy to trafficking cocaine, trafficking in cocaine, trafficking in marijuana, and he will be spending many, many decades, I expect, in prison, and that's because of your commitment to us, so thank you. I really cannot thank you enough. I think the citizens should be thanking you every day for how much you've done to make them safe.

COMMISSIONER HALL: I'm sorry that you missed the Sheriff this morning, because he basically said the crime rate was down 24 percent and that Court's customers would be down 24 percent.

COMMISSIONER McDANIEL: And they all laugh at the same time.

CHAIRMAN KOWAL: I saw that.

MR. RICE: Good analogy.

CHAIRMAN KOWAL: Well, thank you, Amira.

MS. FOX: Thank you.

CHAIRMAN KOWAL: Thank you.

MS. DOWNEY: Good morning. I would like to extend our gratitude on behalf of Kathleen Smith, our public defender, and all of us at the Public Defender's Office for the continued partnership and commitment from Collier County.

We are very pleased to report, as Chuck said, that we are within guidance for the Courts this year. And again, just thank you for your continued partnership. We're here to answer any questions you may that.

CHAIRMAN KOWAL: Well, thank you.

MS. DOWNEY: Thank you.

CHAIRMAN KOWAL: Nobody lit up. No more questions.

MR. RICE: Thank you all very much.

DRAFT

CHAIRMAN KOWAL: Thank you.

MS. DOWNEY: Thank you.

MS. FOX: Thank you.

CHAIRMAN KOWAL: Thank you, guys.

MR. JOHNSON: All right, Commissioners, that will bring us to your Growth Management and Community Development department.

MR. FRENCH: I will do my very best not to embarrass these young ladies.

COMMISSIONER McDANIEL: I was going to say, you put them all up front and center here. What's up with that?

MR. FRENCH: Well, they are the brains, sir.

COMMISSIONER McDANIEL: Okay.

MR. FRENCH: Good morning, Commissioners. For the record, my name is Jamie French. I'm your Growth Management and Community Development department head.

I'm joined today by our financial staff as well as -- I assumed you might have some questions on Conservation Collier, so I asked Ms. Cook to come along just in case.

But all in all, our budget is within guidance both on the capital and on the operating sections. Just the little highlights for this year. What's represented in your budget is about 637, almost 638 full-time equivalent employees. That is not representative of nearly 300 key staff. I know Trinity talked a little bit about the temporary labor. We've had actually great success with that program, maybe not so much in some of the technical jobs, but we utilize them quite often, especially within our parks services, at Growth Management, as well as with Domestic Animal Services, Parks and Rec, and even with many of our cleaning crews or maintenance crews that you've received great accolades about how much the parks have actually cleaned up.

So we do capitalize on that, and we're able to actually bring in

DRAFT

these crews when these parks are down for government holidays, because we don't pay over time. So they'll actually go in and actually clean up these parks, paint, do repairs and things like that, and, of course, as the Sheriff said, all within the code. So we make sure that we are code compliant all the time. I do still serve as your chief regulatory officer. I oversee building as well as land development and zoning.

We have greater than 100 volunteers, probably more than 200 volunteers when you account for all the ladies and gentlemen that volunteer their time with Domestic Animal Services as well as with our Parks and Rec.

Just some very -- actually, we don't talk a lot about this, but some of the highlights that actually mean a lot to many of the community members. Your community planning and resiliency group has continued to secure classified CRS writing, even though we understand some of the federal government funding concerns around the country.

Your county, which represents 97 percent of your entire county, is considered within a flood hazard area. You are the only Class 5 community in the entirety country that has that much flood hazard area. That represents a 25 percent savings on NFIP flood insurance policies, which equate to greater than $10 million aggregately in savings to your community members, and that is only unincorporated Collier County. That is not inclusive of Marco Island or the City of Naples.

We certainly -- and as such, by partnering with our -- with our Planning, Zoning, Environmental, as well as our Building staff, we've continued to advance your adaptation plan with regards to resiliency, and that is how we respond to hurricanes, how we rebuild communities, how we get economic development back in our communities and people back in their homes after an event.

DRAFT

So whether it be fire, flood, or actually a natural disaster, this is what we practice and we train on every day with your Emergency Management folks, your Sheriff's Office, your fire departments, as well as -- as well as your EMS staff.

With regards to DAS, your efforts have led to better than 1700 adoptions last year. We've had four offsite clinics for spay and neuter. Over 600 animals that did not make it into our shelter that we were actually able to take this to the community. And this was a board-directed initiative that's identified even in some of our expanded requests this year.

We've provided over -- or I'm sorry -- nearly 3100 surgeries. We went back and looked at the last three years combined. This is the greatest number that you as a Board, as a county, that we've ever seen with one veterinarian. Now, we do use some contract staff, but I will tell you, Dr. Unz does somewhere between 55 and 60 surgeries per day. Part of the surgeries that come about with that is that all of these animals go through vaccination for public health and safety, because many are these are passable diseases that -- many of these animals that would come in from a public safety and health aspect, but they also are chipped with an RFID. So we've been able to bring up our reunification process for these animals should they make their way back into our system to get them back to the owners.

We've served more than 41,000 people at Sun-N-Fun since we've opened it. We've hosted more than 68,000 people just through FC Naples alone collaboratively through all the games in the last year.

We've advanced multiple affordable housing petitions that we've brought to you for consideration in good -- or good questions and direction. You've negotiated very well, and it's helped us, especially before we -- before the developer or before the petitioner gets to you, we're able to ward off, let's say, the passersby or the folks just kicking

DRAFT

the tires, because we know what the Board's direction is.

We've opened more than 9800 code enforcement cases, and that's inclusive of 4300 code cases and nearly 4900 animal-related cases. And if not for the State Attorney and the Sheriff's Office, we would not have been able to bring two very high-level criminal conviction on puppy and cat mill type of -- type of incidents that, without that partnership, it would have never existed.

Your Code Enforcement team is now going to judges, and we are getting bench warrants on known cases for both property maintenance as well as these animal abuse cases. Again, first time in the history of Collier County, based on your direction and based on you identifying this as a priority. So I just want to give a big shout-out, so to speak, to Mr. Crotts who's here with us -- he's your assistant Code director -- as well as your Code director, Tom Iandimarino, and the ladies and gentlemen that work with them. And it is a collaborative effort.

We started a -- almost like a dispatch center for -- that you would see. It's very much smaller than, let's say, what the Sheriff's Office or EMS or fire may have, but you're averaging more than 700 calls a month, and they run the hours of 7:30 a.m. until 10 p.m. Real-time response to your community members where they can talk to somebody versus going into 311. Not that we're trying to put Mr. Mullins or his staff -- they've got plenty of work -- out of work, but -- or going directly and tying up your Sheriff's Office dispatch centers.

And so we are maintaining those hours to where we keep staff on until 10 p.m.

And, by the way, Commissioner Saunders -- and I hate to bring this up, but you've asked me about this before, about our convictions. You're still a 100 percent conviction rate on all your animal cases that we have brought forward. We created a special day just for the OSM

DRAFT

to hear animal-related cases. In fact, we're out right now with Mr. Klatzkow's office soliciting a second OSM. That's how much work that we've actually created for the County and actually to try to hold people accountable. And again, I would -- I would only say this is not a quota system. We are certainly all about the education and compliance first.

COMMISSIONER SAUNDERS: The 100 percent conviction rate, that's great. How many -- do you know how many convictions that amounts to?

MR. FRENCH: You've had 433 that had advanced to hearing and rehearing, and 100 percent of those have been conviction.

COMMISSIONER SAUNDERS: Congratulations, then.

MR. FRENCH: That's this gentleman right here, so thank you.

COMMISSIONER SAUNDERS: Thank you for that.

MR. FRENCH: Also what you do through Code Enforcement is that you processed more than 2500 citations. We work with the Sheriff's Office quite often. These are for false alarms. These are for -- these are for your Sheriff's Office violations that would be considered noncriminal. That all goes through your Code Enforcement office.

Your park ranger violations, you took a hard stance, and hopefully you're getting good feedback, on our boat ramps and how they're actually being maintained and the parking at the beaches, that people aren't paying for parking when they should. Now, again, this does not take away from the residents with the beach sticker, but this is for those folks that come down that know it's $10 a day, and they refuse to park, or maybe they take up double spaces. We have actually seen more compliance there and cleanup, and -- and I do go out and drive these parks on weekends especially just to see how the flow of traffic is working, and we visibly have seen this.

This group also -- every one of your public utility violations for

DRAFT

illegal connections, illegal dumping, this group also processes all of those claims as well.

You performed greater than 215,000 building inspections this year. You've issued more than 50,000 building permits, and Ms. Cook and her team has conducted more than 25,000 right-of-way inspections.

So the only two positions that we're asking for this year is to harden a couple key staff in DAS, and this is to expand our community spay and neuter program. That's also part of the expansion. The alternative would be if we -- if we did not want to do that, we would have to enlarge the facility. Right now you're at about 800 square feet, give or take, in your surgery center. You can fit no more than probably the five or six staff members that's in there, one of which is a key staff. It's just the facility, as many of you know, it is -- it was never designed for this. So, essentially, what we're doing is much like our vaccine clinics, we are taking this on the road.

And just as a follow-up, I did speak with Mr. Kemp yesterday -- I was hoping he could be here -- and I know he's very busy with SNIP Collier. We're both struggling on finding a high -- a second high spay/neuter vet. He doesn't have one at all. And so we are still performing quite a few spay and neuters for the community. For the Love of Cats, I believe we perform 100 percent of all of their spay and neuters at no charge.

So we are -- although Erica's surgeries does that into account, many of those animals were not in our custody. We're just working with these volunteer organizations. We are still working -- we are still working, pardon me, with Peggy Adams as well as Humane Society of Naples, and we've got a -- we've actually got a better partnership today than ever.

And last but not least -- and, Commissioner Hall, you pointed this out that you thought it was a really great job. You've seen

DRAFT

probably more than 3,000 visitors at Purr & Play at North Collier Regional Park.

Your vendor at North Collier Regional Park, Grant Phalen with Phalen Family. They're actually making money. There's -- the food quality is phenomenal. It's the same as Texas Tony's. It was a good idea. It was a good partnership, so we're continuing to expand that, even most recently at Barefoot Beach.

And, Commissioner LoCastro, I think we're in the final running -- or we're in the final steps to get a vendor -- I hope so -- I don't oversee Procurement, so I would tell you that I think we're in the final steps for securing a vendor, some really good vendors for Tigertail.

And we're here to answer any questions that you might have.

CHAIRMAN KOWAL: Commissioner McDaniel.

COMMISSIONER McDANIEL: You brought up the spay and neuter issue and the necessity for another vet. Has any movement been made to change the statutory requisites for who can, in fact, do spay and neuters? I mean, I understand that a spay is a little bit more of an intimate surgery than a neuter is, but there -- a lifting of that requisite for clinical staff to be able to actually perform the spay and neuter would be a huge benefit to society at all. I mean, we all have come to the agreement that the key to success in controlling strays is spay and neuter as much and as often as is, in fact, possible.

MR. FRENCH: Yes, sir. And I cannot speak -- of course, I am not the licensed medical professional here that Dr. Unz is, and she does qualify your county. There are certain procedures that can be done under her supervision while she's there, especially the prep work. But typically what happens, the -- whether it be vaccines, the prep work, or even the recovery with the administration -- with the administering of drugs, that can be done by the vet techs, but the actual physical surgery may actually have to be done by a vet tech. It

DRAFT

could very well be done by an intern.

And so you know -- and so you're aware, we are actually -- we engaged with a national recruiter to see if we could get a veterinarian -- we did that about six months ago -- and we've still -- we've had a lot of people kicking the tires, and we have a lot of folks that may apply that may be in a different industry working for a pharmaceutical or federal government, USDA. They're not a spay and neuter or perhaps a veterinarian that we would look at.

The last thing I would tell you, believe it or not, in all of her time -- and I hate to belabor this -- and I wish I would have had an opportunity to talk to the Sheriff before, but they have a very limited budget when they're dealing with animal abuse and necropsies. We put a program together to where your veterinarian's incentivized -- in fact, she's nearly done, working with the University of Florida, where she'll have her necropsy certificate, and that will result in a cost savings to the Sheriff's Office versus actually packing these animals up, they have to be refrigerated, they can't be frozen, and then they have to travel up to the University of Florida.

We're able to do those necropsies in-house. And so that way your veterinarian actually has testified in numerous court cases with the Sheriff's Office, with your local Collier County Clerk of Court.

So Amira Fox, her office, they've done a phenomenal job at prosecuting these animal cases. And so we just wanted to make sure if there was a cost savings or the -- any ability to save the taxpayer money to bring these cases to justice quicker, we were going to do it. So we've certainly tried to stay ahead of that.

But, Commissioner McDaniel, I will look into that and see if there's been any efforts with the state of Florida through the DBPR to see what they would say.

COMMISSIONER McDANIEL: Okay, please.

CHAIRMAN KOWAL: Commissioner LoCastro.

DRAFT

COMMISSIONER LoCASTRO: Thank you, Chairman.

No question DAS, over the years, has just improved exponentially, and that really goes out to you, our County Manager, Meredith, the entire staff, volunteers. I mean, it's incredible. I remember when I first toured it in 2020 when I was elected, and then the last time I toured it, it's like night and day.

But one of the things I just wanted to address -- and I know what the answer's going to be, but it's important that we get things on the record. And I've forwarded you a couple of these emails. We've all gotten them from people who are critics of the times where we've said, "Hey, there's a discounting on renting" -- or not renting -- "on adopting a pet from DAS," you know, or having a -- you know, a special program to try to keep our number of animals to a minimum and also make it affordable for somebody who really does want a pet, but maybe they are on a limited budget. But some of the critiques -- and it's a small number of people, but they might represent a larger group that maybe we're not aware about -- say they're against that because, you know, they think somebody's coming in, slapping down a coupon, and walking out with 10 cats and may not have good intentions.

Talk about separating rumor from fact about how thorough our vetting system is, and that -- that when we run those specials to make it possible for somebody to responsibly adopt an animal, why, you know, the -- some of those people that throw stones at that thinking, you know, folks are just coming in in five minutes, walking out with a handful of animals, and that's a bad thing.

You know, explain, you know, as best you can, why that's actually not the case and how that program has been very successful and these animals have gone to what I believe are responsible pet owners because of the vetting process we do use, and it's just a matter of making it affordable for a -- for a loving and responsible family or,

DRAFT

you know, somebody who wants to own a pet to make it possible to do so, when the Humane Society and also other ways that you can acquire a pet can sometimes be out of their budget, why we do this program.

MR. FRENCH: So, Commissioner, thank you for the question, and it is a good question. And I don't want the truth to be window dressing for a story. I want it to be the truth, and that is the whole story. We do do background checks. We have what we call the no fly list meaning that you've received multiple violations or you perhaps were an offender in the past, and that you may not -- you actually -- we would rather keep the pet than putting the pet in harm's way.

We do do follow-up, and we work very closely with your ACOs when there's suspected behavior or complaints that come in through the system.

I would tell you that the return rate has actually dropped significantly, and we're actually seeing more interaction with exactly what you're seeing. We're seeing families out. We're not seeing -- and it's not to be disparaging or discouraging of those that may not have kids, but whether -- we're seeing families show up with -- and to meet these animals, bring their own pet in.

The program has expanded to be more of a personal type of a relationship so that we can help put the right pet with the right family, and we do ask a lot of questions.

There's a great deal of expansion and thought on that and FAQs, as well as standard operating procedures, and I've personally been involved with rejecting someone. It was not pretty, but it was a, "No thank you. We reserve the right not to do business with you."

As Mr. Casalanguida used to say, "We reserve the right to fire a customer." I don't -- I wouldn't go that far, but this particular individual did have some suspected behavior in a background, and

DRAFT

we made the call.

And so that does, unfortunately, happen from time to time. And it's not as though Ms. McLean, Grace Angel or Joe Nay (phonetic), the management team there, won't sit down with the individual to try to get a feel, and perhaps maybe they were -- they were wrongly thought of, and we take them through a program to make sure that we have good follow-up with that pet.

So I would tell you is that we care for every animal that is entrusted under state statute within our -- within our custody, and we want to make sure that they don't come back, and we certainly don't want to make sure -- we want to make sure that they never be put in harm's way.

So please send them my way. I'm happy to talk to them about it. And until you've actually walked in their shoes, it's hard to imagine living in their head.

So I know we have a lot of what we call the armchair quarterbacks, but we would love to bring them down there, and that's the best thing we could do is walk them through the process and actually show them what we do and how we actually treat these animals.

COMMISSIONER LoCASTRO: Thank you.

CHAIRMAN KOWAL: Commissioner Saunders.

COMMISSIONER SAUNDERS: Thank you. We've been working on a public/private partnership using some of our budget money to partner with SNIP and other groups, and I know there's been bidding. Any update on that as to where we are with those --

MR. FRENCH: Yes, sir.

COMMISSIONER SAUNDERS: -- partnerships?

MR. FRENCH: We are currently what would -- again, I am a customer to our procurement process, so it's not a democracy, as the County Manager would say, so I don't get a vote. But at the end of

DRAFT

the day, we are in that cone of silence to where -- and I am not on that committee. Typically I am not on any of the committees because of the position I hold.

COMMISSIONER SAUNDERS: Okay.

MR. FRENCH: But I know that they have gone through the interview process. I don't know if they've gone through negotiation, but there are certain qualifiers that we put on there that were based on the available budget that we had. If you recall, we went into a negotiation or at least attempted to negotiate with the Humane Society of Naples, and what we found was that their costs that they were requiring of us would have actually crippled our operation. And so it was just too rich for us. So we just found a way to do it better, faster, cheaper in our own house.

So we're in that negotiation portion now, and we'll be sure to let you were how that -- how that turns out.

COMMISSIONER SAUNDERS: Thank you.

CHAIRMAN KOWAL: All right. Nobody else is lit up. Well, thank you, Mr. French.

MR. FRENCH: Thank these --

CHAIRMAN KOWAL: Thank you, ladies.

MR. FRENCH: -- fine ladies here.

CHAIRMAN KOWAL: Thank you, the brains, not the bronze.

COMMISSIONER HALL: Look at them grin, like, "we know."

MR. JOHNSON: All right, Commissioners, that will bring us to our Public Utilities Department.

MR. McLEAN: Good morning, Commissioners, Matt McLean, your interim department head for Public Utilities.

I have my leadership team here with me today at the table as well as behind us. These are the men and women that are working every day on behalf of the Public Utilities Department. We're very proud of them.

DRAFT

Our department delivers a wide range of demand-driven essential services for our county residents, businesses, and visitors across multiple product lines, including providing compliant water production and distribution, wastewater collection and treatment, irrigation quality services, garbage collection and recycling, public health and safety programs, as well as practical education for the County's adult and youth populations.

Our Public Utilities department Fiscal Year '27 budget is compliant with your Board-approved guidance, our user fee and impact fee studies, the prior Board approvals on several of the expanded positions we have before you today, and the priority-based budgeting principles that we've instilled in concert with ResourceX.

The proposed budget aligns with our county's strategic plan to deliver high-quality, best-value public utilities, programs, and facilities that enable the department to execute its mission to remain in regulatory compliance, meet the demands with reliability, focus on our customers, continue to build the team, and posture us for the future.

And with that, we're here to answer any particular questions that you may have for us.

CHAIRMAN KOWAL: I see nobody.

COMMISSIONER McDANIEL: I have a comment. If you want me to --

CHAIRMAN KOWAL: Make a comment --

COMMISSIONER McDANIEL: Thank you.

CHAIRMAN KOWAL: -- in that area.

COMMISSIONER McDANIEL: Again, thank you all again.

CHAIRMAN KOWAL: Now I've got a bunch of people lighting up.

COMMISSIONER McDANIEL: Do what?

CHAIRMAN KOWAL: Go ahead.

DRAFT

COMMISSIONER McDANIEL: Did I get to go first?

CHAIRMAN KOWAL: You go first.

COMMISSIONER SAUNDERS: You're too slow to move to the next item.

COMMISSIONER McDANIEL: I hit the button.

CHAIRMAN KOWAL: Yeah. Go first. You're on.

COMMISSIONER McDANIEL: The priorities, public safety infrastructure, life-sustaining infrastructure, you are key to our residents' quality of life. And as the Sheriff so adeptly put, when you can't flush the toilet, that's an emergency. And thank you all for doing what you do.

Our debris removal, our waste management systems, how we're managing and doing what we're doing with these items is off the chart, and we know it. We're the elected complaint departments, and we don't get those calls. And so from me to you, and to all of you, thank you. Not Joe, not Joe, not you. Everybody else.

MR. McLEAN: We appreciate that. Thank you.

CHAIRMAN KOWAL: Commissioner Saunders.

COMMISSIONER SAUNDERS: Thank you.

I know our water system has gotten different awards over the years. I remember distinctly a few years back -- the way time goes, it may have been 10 years back. But we got the award for having the best-tasting water in the state. So where are we with some of those types of things? Because, you know, I'm always bragging about how good the County water is. So tell me.

MR. McLEAN: Our water quality is exceptional. We just recently put our water-quality report that's available to the public that confirms the continued commitment to our dedication for exceptional water quality. And, most recently, we were just recognized by the state for the large water plants at our south water plant by all of our peers, so we're excited to continue to receive certain awards like that

DRAFT

in recognition for the hard work or our folks.

COMMISSIONER SAUNDERS: Do they still issue awards for the best-tasting water?

MR. McLEAN: I'd have to defer that one to Howard. I think they do have a --

COMMISSIONER SAUNDERS: If so --

MR. BROGDON: That is still a recognized friendly competition.

COMMISSIONER SAUNDERS: I'm sorry. Can you come up to the mic.

MR. McLEAN: Come on up to the mic, Howard.

CHAIRMAN KOWAL: Yes. Make it official.

MR. McLEAN: There is an annual friendly competition that takes place amongst the area of all the utilities. I'm not certain who won the last one, but Howard can probably allude to that.

THE COURT REPORTER: State your name.

MR. BROGDON: Thank you. Good morning, Commissioners. For the record, my name is Howard Brogdon, director for water division, Public Utilities.

It is still a routine friendly competition between regional utilities. It usually is conducted regionally, and it can progress to the state and then nationally. We did not win last year, but we always are welcome to participate.

CHAIRMAN KOWAL: So what you're saying is we have some mighty fine H2O, then?

COMMISSIONER McDANIEL: That was -- that was a great movie.

CHAIRMAN KOWAL: Any other questions?

(No response.)

CHAIRMAN KOWAL: I think we'll end on that.

MR. McLEAN: Thank you.

DRAFT

CHAIRMAN KOWAL: Thank you, guys.

MR. JOHNSON: All right. Commissioners, that's going to bring us to debt service. Unfortunately, you're stuck with me for this presentation. I'm going to pull up my slides here.

All right. Overall, our debt service's programmed to be compliant with all of our bond covenants. The total debt service budget for FY '27, including reserves, is $94.5 million. The principal and interest expense for FY '27 is $58.4 million. Of that, 32.3 is general -- is related to general governmental debt, and 26.1 is related to the Public Utilities Water/Sewer District.

I just kind of wanted to briefly touch on our creditworthiness. The County seeks to maintain the highest possible credit rating without compromising our delivery of services. The current bond ratings, as you can see in this table, are exceptional across the board.

This slide depicts our general governmental debt service compliance with the Board's debt management policy. The debt management policy allows for up to 13 percent of eligible revenues to be utilized for debt service. As you can see here, in FY '25 -- and that is the number that came out of the Clerk of Court's AFR report, is 5.1 percent. The budget for '26 is 3.8. The forecast for 3.6 is actually 3.4, because we're exceeding some of our revenues. And the recommended budget it as 4 percent, and that's for general governmental debt service.

Enterprise debt limits, this is the coverage ratio. And I know I've showed you guys these slides a couple times this year, but enterprise is at 8.18 -- 818 percent coverage for '25.

All right. And this slide here shows our county combined debt history. What I'll point you to here is in FY '08, you can see our outstanding principal was at $788.2 million. We are currently at the end of FY '25, which would have been 9/30 last year, at 561.5 million. Of that, 282.2 million is for general governmental

DRAFT

principal, and 279.3 million is enterprise debit principal.

And I've shown you all this slide in, again, previously this year. When we're funding our financing projects, we're looking at kind of -- kind of two different approaches or three different approaches, pay-go and debt, and what we're using is kind of a hybrid approach of both. Every year you allocate funding to your capital programs. That would be our pay-go component. Over the past year, the Board has approved lines of credit -- commercial paper lines of credit for utilities, stormwater, and transportation. It -- we're utilizing that as kind of a budget flow, and at some point, as we draw on those, we will look at long-term bonding or financing opportunities.

And with that, if there's any questions about debt or our debt approach, I'm happy to attempt to answer.

CHAIRMAN KOWAL: Commissioner McDaniel.

COMMISSIONER McDANIEL: Outside of the long-term debt that we typically do with bonds, how much commercial paper is utilized right now in total?

MR. JOHNSON: So, currently, we have only one draw on commercial paper, and that's for Pelican Bay. I believe that's at -- in between 4 and 5 million. The lines of credit we currently have is -- well, there's 300 million that has been approved as line of credit for utilities, 65 million for stormwater, and 50 million for transportation. There have not been any draws to date on that. We've been using that to budget flow projects like Vanderbilt Beach Drive and -- I'm sorry -- the Vanderbilt Beach Road extension and stormwater projects.

So that's our plan moving forward. Every year we get the pay-go. That kind of offsets some of the budget that we have encumbered with debt, potential debt. So as we -- as we move down the road, I -- I'm thinking we'll be drawing on this next year. The plan does have interest payments related to draws on those

DRAFT

commercial paper instruments.

COMMISSIONER McDANIEL: Depending on how everything goes. But for the, relatively speaking, short-term debt instruments, the -- really the only ones we're utilizing are to enforce capital projects that are already budgeted and set up. We're not -- we're not expending short-term cap- -- or short-term borrowings at this particular stage.

MR. JOHNSON: No, we are not. We try to use the cash on hand first before we're paying -- paying interest, so...

Any other questions on debt service?

(No response.)

CHAIRMAN KOWAL: It appears that we don't. Thank you.

MR. JOHNSON: Oh, all right. All right. So this is -- the next step in here, I have management offices, which is going to include Pelican Bay, CBO, public safety strategic initiatives, and facilities. The reason we're going to group all these together -- and I'll go through them all. Everybody's come in compliant. I just want to go over some highlights for everyone. So I'm going to have my team come up and sit here in case there's any questions that I don't know, which is definitely a possibility. And I will switch my slides here and run through these one by one.

All right. So to start off, I'm going to start off with the County Manager's Office or the management offices section. This slide here depicts your compliance. This is operating compliance. What you'll see here is that that first column with dollar amounts there is your FY '26 budget. Then we have adjustments, which are generally people moving from one group to the other. We credit and debt them in and out to calculate your adjusted compliance base.

From there, we have the proposed budget request by section, followed by the variance, and then you'll see the percentages on the -- on the variance there.

DRAFT

And finally at the bottom, we get our target compliance. That's the 3 percent. And then you'll see the actual change -- total change in the dollar amount for departments.

So for the County Manager's office, the target compliance at 3 percent was an increase of $917,000. We came in at 178.3 thousand dollars, so an increase of .58 percent, which is 2.42 percent under the compliance target.

The last column there is your expanded requests. Those we don't calculate within the compliance, because compliance is year over year. The expanded request you see there is the tourism marketing expanded request. I know the Board this year had approved additional funding for the tourism marketing contract, and the -- going through the minutes -- and the Board had requested that we bring that up to speed so we're not doing that every year. This amount is basically the increase of CPI on the original 6.6 million now to be 9.9, and that is inclusive of the -- of the amount that would be paid to the advertiser, the commissions.

COMMISSIONER McDANIEL: Those are TDT dollars?

MR. JOHNSON: Correct. That is all TDT funding from the promotional penny that goes to the Promotional Fund 1101.

So just to give you a quick overview of the capital compliance, this sheet here, again, same kind of order. There are no adjustments here. The base budget was the 12.4 million. The adjusted compliance base remained at 12.4. The proposed budget request was 594,000. This one is down 95 percent. I'll explain the reasoning for that. You see that TDT capital transfer, last year there was a transfer to move money to the capital project fund for TDC promotional projects. So that money is still available in that fund. It was just a movement from one fund to the other. So this year we are not doing that because we still have the funding available in the capital fund.

COMMISSIONER McDANIEL: And inquiring minds want to

DRAFT

know why you're calling it capital if it's being spent off in promotional items.

MR. JOHNSON: It would be -- it would be capital promotional items. I'll give you an example of some in the past. We've done -- we've done pickleball capital, and that fund also -- that capital --

COMMISSIONER McDANIEL: I understand.

MR. JOHNSON: -- fund also supports the sports complex through a transfer as well.

Any questions -- any other questions on that capital compliance?

(No response.)

MR. JOHNSON: So this slide depicts the overall County Manager's budget. You'll see here the County Manager's section involves the County Manager office operations; Corporate, Financial, and Management Services; that's our division. Communications, Government, and Public Affairs; Pelican Bay Services Division; our driver's education fund. That is actually a source of funding that goes to the schools. You guys approved that item, I believe, two meetings ago to fund the school's driver education program. Corporate compliance and continuous improvement; and finally the TDC. The total budget for FY '27 is $64.8 million, and you can see the breakdown there in the pie chart.

Any questions on any of that before I move on to the next department?

COMMISSIONER McDANIEL: Nope.

MR. JOHNSON: All right. Corporate business operations, operating compliance. This is our internal services division. Again, you'll see the operating compliance here set up the same way. You have 123.1 million for the 2026 adopted budget, net adjustments of 77,600. Adjusted compliance base is $123.2 million. The proposed budget is 124.4 million, an increase of $1.2 million or 1 percent.

DRAFT

Again, under compliance by 2 percent.

Corporate -- corporate business capital compliance, the only fund they have is our IT capital fund, and you'll there, those transfers come from all areas into IT to support our capital projects for IT, which include our cybersecurity. The overall increase there was actually a decrease of 3.5 percent.

Any questions on compliance?

(No response.)

MR. JOHNSON: So, again, as I stated, corporate business operations, this is our -- these divisions or sections that you'll see here kind of lined out with their FY '27 budget. You have the Administrative Office, Human Resources, and Risk division -- that's why that -- you look at that number, $136 million, that includes our healthcare fund, our property insurance fund, and our workers' compensation fund. That's why that number's so large -- Information Technology, Procurement, and Fleet. And the total budget, 172.2 million, and, again, the breakdown to your right there on the pie chart.

Any questions on that?

(No response.)

MR. JOHNSON: Public Safety department operating compliance. This is a little bit larger here, as you can see, but overall, we also made compliance here. On the 81.8 million last year, we're at 82.85 this year, increase of 1.3 percent. You'll see expanded requests there on the far right-hand side. Emergency Medical Services, we're hardening paramedics and med techs positions -- they are part-time positions that are being hardened -- and we're also adding one new crew which consists of seven FTEs.

As I move down to the social services programs, we are hardening the one assistant director for CHS. That is -- that position is in charge of our veterans services operation and state and federal

DRAFT

grants.

We also -- and by "harden," I mean -- that's coming from a fully grant-funded position to a permanent FTE with funding. We will still be pursuing grant opportunities to pay for that position.

And then you have a remittance to LIPP, which is our DLC LIPP support that goes through ACHA up to the state, and that is $753,900, and I believe, Buzzy, we do have a speaker --

MR. FORD: Yes, we do.

MR. JOHNSON: -- a public speaker for Public Safety if -- Mr. Chairman, if --

CHAIRMAN KOWAL: Go ahead and take them now, if you have them.

MR. FORD: We have Scott Burgess.

Scott, we are going to unmute you, and you will have three minutes for comments. Scott, are you there? Mr. Burgess, we have unmuted you. Are you there, sir?

MR. BURGESS: Hello?

MR. FORD: There we go. We've got you. You have three minutes for comments. Go ahead, sir. Mr. Burgess?

COMMISSIONER McDANIEL: We had him.

CHAIRMAN KOWAL: We had him for a second.

MR. FORD: He was there for a minute. We have him on unmuted.

MR. BURGESS: Hello. Hello. Can you hear me?

MR. FORD: We hear you, yes. You have --

MR. BURGESS: Okay. I apologize. I don't know what was going on with my phone here.

Thank you very much for the opportunity. Scott Burgess, CEO of David Lawrence Center. Thank you, Commissioners, for the opportunity to discuss the request before you here today.

I'm really sorry that I can't be with you there physically. Along

DRAFT

with several dozen behavioral health organization colleagues, I'm meeting with the ACHA secretary and the DCF deputy secretary to continue advocating for state behavioral health service support. The legislator -- legislature approved budget is not favorable for behavioral health services. And this is at a time when needs continue to grow, and we're doing all that we can to continue to preserve and support those who are in great need of help. Nancy Dauphinais, our chief operating officer, is there live.

I also want to thank you for the opportunity to -- I have talked with each of the commissioners, along with some of our board members recently in individual meetings where we've been able to share challenges that we've encountered trying to continue providing the care and the growing needs for mental health and substance-use disorder challenges for our residents here in Collier County.

We're grateful for the partnership that we've had with Collier County for a long while in ensuring access to care for all who are in need, regardless of their ability to pay, for these vital services often when individuals are in their greatest of need and as a means of providing for individual and community health and safety.

Our request for the increase is based on two elements. One, we were -- we will be receiving less state fundings to -- funding to assist with these needed services for (unintelligible) -- in Collier County based on the new -- (unintelligible) -- significant increase in provision of uncompensated care based services provided for those who are uninsured or underinsured --

MR. FORD: Mr. Burgess, we are losing you.

MR. BURGESS: Yes.

MR. FORD: We are losing the connection with you. Are you on a cell phone?

MR. BURGESS: I'm sorry.

CHAIRMAN KOWAL: I think he said he was on a cell phone.

DRAFT

MR. BURGESS: I am on a cell phone.

MR. FORD: Okay. Try moving a little bit, if you could, please.

MR. BURGESS: I'm on a cell phone. Are you able (unintelligible). Can you hear me?

CHAIRMAN KOWAL: You're going in and out. You're like -- all right. Well --

MR. BURGESS: Are you able to hear me?

CHAIRMAN KOWAL: No, you sound like a robot.

MR. BURGESS: Hello? Oh, I'm so sorry. I don't know what else to do. I'm -- can you hear me?

MR. FORD: We can now.

CHAIRMAN KOWAL: We can hear you, but your time ran out. Sorry --

MR. BURGESS: Okay. Well, I just -- can I continue -- if you can hear me now, can I continue?

CHAIRMAN KOWAL: Go ahead. Go ahead. Finish up.

MR. BURGESS: Hello. Great, thank you.

I just wanted to relay that we have increased our services by over 10,000 services to Collier residents in the last year. To put that in context, that means that we're providing 306,000 services this year. There's an increase in our admissions to our crisis services and units of 14 percent this year, and an additional increase of 6 percent to our detox admissions.

So in addition to that, we've had a growing amount of uncompensated care for those who have vital need for these services and are not able to provide for those treatment services themself, and that increase has been about $2 million this year, which brings our uncompensated care to about $9 million annually.

So what we're asking for in this increase is about $745,000. That will help us leverage additional LIPP funds that will provide for about half of the coverage of this gap, and DLC is committed to

DRAFT

striving to increase our fundraising in order to cover the rest of the gap.

So these are critical services for our community, and we're very hopeful that you will allow this increase so we can leverage additional LIPP dollars to make sure that all that are in need can get the care that they need and for their health and the wealth and -- health and well-being and safety of our community.

CHAIRMAN KOWAL: Well, thank you, Mr. Burgess. Thank you.

MR. JOHNSON: Commissioners, any other questions on the operating compliance before I move on to the capital?

CHAIRMAN KOWAL: I see nobody else lit up.

MR. JOHNSON: All right. Public safety capital compliance, here you have your transfer to the EMS capital fund. That has also been reduced year over year, and that was -- this is cyclical, so it was one-time money that was going into that fund as well.

I can move on into the budget summary. Again, the public safety budget consists of Emergency Management, EM; Emergency Medical Services; our fire districts, which include Ochopee and Goodland; and Community and Human Services, or CHS. The total budget is $94.8 million. The breakdown is on your right-hand side.

Any questions on that before I move on to the next department?

(No response.)

MR. JOHNSON: All right. Strategic initiatives, operating and capital compliance all on one page here. So I'll start with the operating, again, $13.1 million base budget from '26. The proposed budget request for '27 is $13.1 million. Again -- I'm sorry. I'm going to go back one. The adjusted compliance after transfers in and out reduced the adjusted base to 12.8. So when you go to the 13.1, it is up $290,000, which is the equivalent of 2.27 percent, so under the target of 3.

DRAFT

Capital compliance, the transfer to the museums from 001 and 1007 -- I'm sorry, 1107. 1107 is the TDC fund. That total this year is 310,600. It's a decrease of 35 -- I'm sorry, 135,200. So you are well within your 5 percent compliance there.

CHAIRMAN KOWAL: Commissioner McDaniel.

COMMISSIONER McDANIEL: Just a quick question on museums. And is the 2.8 adopted budget for the O&M, for operations and maintenance of the museums, or are these capital dollars that we're --

MR. JOHNSON: The top piece you're looking at there, Commissioners --

COMMISSIONER McDANIEL: Yes.

MR. JOHNSON: -- is for operating --

COMMISSIONER McDANIEL: Okay.

MR. JOHNSON: -- the 2.8. At the bottom you'll see the 310- for '27 that is -- that is capital.

COMMISSIONER McDANIEL: That is capital. I have a recollection back in the day, a long day ago, there was a cap of $2 million on the O&M.

MR. JOHNSON: So you are correct. That's the TDC cap. So now -- now the museum, for many years now, since we've reached that $2 million cap of TDC funding going into it, it is also funded with General Fund.

COMMISSIONER McDANIEL: So there's an -- over and above the 2 million cap that was originally established to support the museums, there's another 800-and-some, 900- in the requested budget coming out of the operating?

MR. JOHNSON: You are correct, and that's because of that cap placed on the TDC dollars.

COMMISSIONER McDANIEL: I understand.

MR. JOHNSON: Via that ordinance.

DRAFT

COMMISSIONER McDANIEL: Thank you.

COMMISSIONER HALL: That's the third time you've said it, that you are correct.

COMMISSIONER McDANIEL: Sir?

MR. COLEMAN: That the commissioner was correct again.

COMMISSIONER McDANIEL: Oh. Thank you for acknowledging that. It's all a matter of record. She's writing it all down.

MR. JOHNSON: We'll go through the minutes later.

All right. This is your budget slide for strategic initiatives, three divisions, strategic initiative operations, library -- library, and the museum division, total budget, $13.4 million, and the breakdown there on your right-hand side.

Questions on that before we move on to the final one for this section, facilities and CRAs?

(No response.)

MR. JOHNSON: All right. So this is your compliance for your facilities and redevelopment, our CRAs operating. You'll see here a '26 base budget of $27.3 million, adjusted compliance base of 27.4. The budget request was 28.3 -- I'm sorry, .2. About a 2.9 percent increase. So, again, coming in under compliance.

Some of the expanded requests you'll see here. I'll just go through them real quick. You have landscaping services for the Bayshore boardwalk. That was an incremental expense since that facility has opened.

In Immokalee, we have electricity expense for the additional streetlighting that was part of the TIGER project, so that is an incremental expanded request for facilities. We have an applications analyst. That's going to -- that position will be supporting the security for the facilities, badge readers, so on and so forth.

We also have a compliance officer for fire. So the fire codes

DRAFT

have changed, and we have a compliance officer for fire and the associated vehicle with that.

Looking at this, also, there is an increase due to a contract increase for janitorial services as well.

And finally -- where's the other one? I'm sorry. We have an operating increase of $200,000 that's supported by additional revenues. So really, that's a net-zero increase, but we had to do it as an expanded on the expense side; otherwise, the compliance wouldn't have been met.

So any questions on those expandeds before I move on to the capital?

(No response.)

CHAIRMAN KOWAL: I don't see anybody lit up.

MR. JOHNSON: All right. Facilities and redevelopment capital compliance, you have your transfer to your Bayshore/Gateway Triangle CRA, your transfer to your Immokalee CRA, and your transfer to your Bayshore Avalon MSTU capital. The total there for '26 was 7.9 million, the adjusted 7.9. Next year's budget is $7.4 million. That is a decrease of 5.8 percent coming in compliant with the maximum allowable 5 percent increase.

The last section, the capital here, is our countywide capital. We include this with our Facilities Management department. The countywide capital includes your surtax fund, your 3001, which is our countywide capital where we have our reserve, and you will have your 1813 fund, which is our FEMA recovery fund.

You can see here, we have -- the adopted budget in '26 was 64 million. The proposed is 52-. And I spoke briefly about this earlier. With the -- with the taxable value coming in where it was and policy where it was, that's that -- the main -- the main reason for that variance is the adjustment to your reserve amount, putting in the five million.

DRAFT

Your overall facilities operating budget, you have your -- again, your Facilities Management division. Immokalee CRA, Bayshore CRA, total budget, $41.4 million, and the breakdown to your right.

Any other questions on -- I know that was kind of a lot, five departments in a few minutes there. Any questions on any of those?

(No response.)

MR. JOHNSON: Well, thank you, guys. I appreciate that.

And we will move on to the County Attorney. Jeff, I'll turn it over to you.

MR. KLATZKOW: Thank you, Chris.

We've met the budget guidance. I'm happy to answer any questions you'd like.

CHAIRMAN KOWAL: Questions?

(No response.)

CHAIRMAN KOWAL: I don't appear to have anybody lit up, Jeff. Thank you. Great job. Great job, Mr. Klatzkow.

MR. JOHNSON: All right, Commissioners, that brings us to you guys. So this will probably be the longest one of the day, I'm assuming. Going in here, you have met compliance, up 2.6 percent. You actually beat compliance, so congratulations on that.

COMMISSIONER SAUNDERS: I thought we were exempt from the compliance.

MR. JOHNSON: You know, I was rereading the resolution yesterday, and I didn't see that language in there, but this is a good idea for next year, potentially.

COMMISSIONER HALL: We're honored to set the example there, Mr. Johnson.

MR. JOHNSON: That's a good deal, good deal.

When you look at this, this includes the -- this compliance includes the County Attorney, Legal Aid Society, which is part of his budget, and other general administration. That's kind of a general

DRAFT

budget for the -- both the General Fund and the Unincorporated General Fund. When you look at the other general administration for the General Fund, the main expense there is that CRA that I discussed earlier in the City of Naples. So overall, this budget was down almost a whole percent, so compliant as well.

Here's the breakdown, County Commissioners, County Attorney, and your other general admin, for a total of $26.1 million.

Any questions on that before I turn it over to Mr. Fabian for the final summary here?

COMMISSIONER LoCASTRO: I've got a quick question.

CHAIRMAN KOWAL: Commissioner LoCastro.

COMMISSIONER LoCASTRO: Chris -- and maybe it's something you can just send us a one-way communication, or just send it to me if I'm the only one that's interested. But I would like to know the different departments and where those 14 vehicles are.

MR. JOHNSON: Oh, certainly.

COMMISSIONER LoCASTRO: I get a lot of questions from citizens that say, you know, "If you're trying to trim the budget and you're working with ResourceX, you know, trying to do more with less when it comes to vehicles" -- especially with the price of gas and some of the vehicles some citizens think are redundant or, you know, so I just -- in order to answer citizens with eloquence, especially if anybody's watching and they said, "Wow, you're adding 14 more instead of reducing," Trinity gave a perfect example of where we're adding a bucket truck so we can maintain our stoplights better. But I'm just curious where the other 13 vehicles are.

MR. JOHNSON: No problem, Commissioner. And actually, we've had an adjustment since I gave you your book. It's actually 15 vehicles in all.

COMMISSIONER LoCASTRO: Somebody just added one in the last 30 minutes?

DRAFT

MR. JOHNSON: Yeah, just like that, just like that. I'll go through it real quick for you. Seven of those were included with utilities for their additional people, their additional FTEs, and again, most of their FTEs were approved actually last July, with those expanded vehicles as well.

COMMISSIONER LoCASTRO: Okay. So if you're connecting the vehicle to a brand-new FTE --

MR. JOHNSON: Yes.

COMMISSIONER LoCASTRO: -- it's not like you're increasing the motor pool kind of thing. Then you're --

MR. JOHNSON: And that's the case with most of them.

COMMISSIONER LoCASTRO: Okay. Okay.

MR. JOHNSON: There are -- there were a couple in GMD as well, one for the animal control officer, and two to pull trailers. They're just bigger vehicles that are capable to do that.

COMMISSIONER LoCASTRO: Yeah. An animal control officer, that's one of the things we've said is, you know, we want more of them out on the road, and so I'm sure that's probably tied to it. Okay. That actually answers my question. I just wanted a little bit of a deeper dive. So thank you.

MR. JOHNSON: Okay. No problem. No problem.

All right. Any other questions before I turn it over here to Mr. Fabian to talk about our exciting new initiative?

(No response.)

CHAIRMAN KOWAL: No, sir. Thank you, Chris.

MR. JOHNSON: Thank you.

MR. FABIAN: Thank you, Chris.

All right. Just to reiterate and clarify a couple of points when I spoke after transportation. We were highlighting the objective for today's workshop is primarily focused on the new requests and how those were reviewed with --

DRAFT

COMMISSIONER LoCASTRO: Did you add a vehicle for ResourceX? Are you one of them? Did we just add 16? We're up to 16?

MR. FABIAN: We used to call ResourceX a vehicle for budget transformation. That was a metaphor.

So I think the departments today demonstrated discipline in the way that budget requests for ongoing and one-time resources have been aligned with programs, scored relative to countywide priorities, taking into consideration for dependence on scarce General Fund resources to the greatest extent possible, looking for alternative revenue and cost savings even in the midst of the budget requests themselves.

As Jamie French was describing, even the use case for temporary labor on the one hand as a cost-savings measure, the department came back to actually recommend new staffing to create a savings over the temporary labor, that being another example. I think you saw department after department trying to infuse cost savings and alternative revenue to the greatest extent in the midst of their budget request.

That being said, as you move into the consideration, deliberation, and ultimate adoption of this budget with the background being the potential for property tax reform, the presence of additional program insights, those cost savings and revenue generation opportunities for each and every program will be front and center, program process overlaps, the efficiencies. Recall last year the focus of the programmatic analysis in PBB was to look for process overlap, potential for centralization, and redundancy, some of which have been -- those recommendations have been taken action on already by your administration and the staff. So that is insights, program process overlaps -- oh, and program cost benchmarking as well. Those being the analytics and insights that will continue to be

DRAFT

available.

We kicked off our insight review process with departments just a few weeks back. That is the component of this effort, as Chris Johnson mentioned, the PBB lab, to begin to review those insights and analytics, which is the next phase of this process.

So I just wanted to put a cap on today's workshop, the new requests, but not to forget the resource optimization opportunities, and they will continue to come up. Commissioner LoCastro, as you mentioned, with continued consideration of tourism, business models, and alternative approaches, these types of opportunities will come up on a weekly basis, and that is where PBB and ResourceX can also be an objective viewpoint on considering those optimization opportunities as well.

So thank you.

CHAIRMAN KOWAL: Thank you, Chris.

MR. JOHNSON: Thank you, Chris.

Buzzy, do we have any more public comment, or was that --

MR. FORD: Yes, sir, we do. We have one more.

MR. JOHNSON: All right. I think -- Mr. Chairman, if --

CHAIRMAN KOWAL: Let's go ahead and listen.

MR. FORD: We have Marsha Oenick. Marsha, can you hear us?

MS. OENICK: Yes. Thank you very much.

MR. FORD: Very good. You will have three minutes for comments.

MS. OENICK: Once again, I enjoy attending your meetings to understand what's going on with the overall budget for the County and all the individual departments. I think the County has been doing a great job in terms of finding efficiencies and reducing costs and the ability to meet the pretty, pretty tight budget policy that you set indicates the entire County is taking this very seriously, which is

DRAFT

great since over the next couple of years, it looks like there -- there's a possibility to be seen, whether the tax revenue is reduced another 10 percent and 20 percent over a couple years.

What I was a little disappointed in today is really understanding has the ability to meet the 3 percent operational increase, is that really all due to efficiency gains, or are there things that we really aren't going to do? And I'm especially concerned about what major infrastructure projects are in -- within this overall budget and which ones aren't. I was hoping to see the different -- the difference between the two, so that's something that you might be interested in seeing and certainly I -- me, as a member of the public, is quite interested in seeing, especially since I live in an area where a number of those public renewal projects continue to need to be done.

So thank you very much for broadcasting this. The other small comment is every time the speakers were only at the table, people online couldn't hear anything they said. I tried to send messages about this, but that wasn't heard. So having people speak at the podium or making sure those microphones actually work so that it's going into the system that's feeding the remote system would be appreciated in the future.

Thank you very much. I look forward to being with you multiple times coming up as this continues to progress.

Thanks a lot, Chris, for everything you've done to bring everybody together and the other Chris, Chris Fabian, for enabling the County to really get process efficiencies in as part of their DNA. Thanks so much.

CHAIRMAN KOWAL: Thank you.

Was that it, no more public comment?

MR. JOHNSON: That was the last item I had, Commissioner.

CHAIRMAN KOWAL: Last item, last public comment.

All right. Everybody go home tonight, do some homework, get

DRAFT

a bunch of questions. I'll see you back here at 9 a.m. tomorrow. No, I'm just teasing.

COMMISSIONER McDANIEL: Whatever. I'm going fishing.

CHAIRMAN KOWAL: I'm just teasing. Oh, no, I do have people lit up. Hey, all right.

Go ahead, Commissioner McDaniel.

COMMISSIONER McDANIEL: Yes. Commissioner LoCastro always talks about going for a deeper dive. My comments are diving for the plug in the bottom.

Now more than ever -- I've been chirping for nine years, and we finally have funding appropriated for capital asset replacement and maintenance. In order to adequately assess the necessity for funding for capital asset replacement and maintenance, we need to have data. We don't have data. Now more than ever, it's imperative that we get that data with the useful life of our assets and are appropriately managing and budgeting for that.

Do you have a comment? You leaned in.

MS. PATTERSON: Yes, sir. That evaluation is underway. As far as our vertical space, utilities, transportation, and stormwater are well underway with that process. But the bigger concern is for our buildings like this one and the campus and throughout the county. So we have hired a consultant, and they are underway with both that knowledge evaluation as well as our space allocation, and that's going to give us a view as to what it's going to take to maintain these buildings as we go forward.

COMMISSIONER McDANIEL: That was a nice lead-in, and I didn't even have to pay you to say that, because my next statement had to do with space evaluation.

MS. PATTERSON: Yes, sir.

COMMISSIONER McDANIEL: We're way past due having a look at our available spaces, who's utilizing what, what spaces are not

DRAFT

being adequately appropriated for, and so on and so forth. That analysis is necessary.

MS. PATTERSON: Yes, sir.

COMMISSIONER McDANIEL: Stormwater utility, we've talked about it ad nauseam. We -- we -- this board -- not this entire board, but this board shot down a previous attempt at a stormwater utility. Something needs to be addressed so that we're not -- we have a continuing revenue stream so that we can adequately address the capital and ongoing maintenance needs that are requisite with it.

There -- there -- at some stage, Mr. Mullins, I would like to have a discussion with this board to -- as we're moving forward -- and I appreciate the fact that we didn't beat the horse with regard to the upcoming referenda, but we need to have some discussions with our legislators on how we're managing -- how they are managing their money when we get it back.

Sales tax is a perfect example. I think, Chris, you shared with me last year we collected on behalf -- and I understand it's a state revenue. We collected close to $80 million of sales tax money for and on behalf --

MR. JOHNSON: Commissioner, I doublechecked that just a few minutes ago. It was $800-, and we received 80-.

COMMISSIONER McDANIEL: So there you go. It was $800 million that we collected for and on behalf of the State of Florida and got back 8, so it went --

MR. JOHNSON: Eighty.

CHAIRMAN KOWAL: Eighty.

COMMISSIONER McDANIEL: Eighty?

MR. JOHNSON: Eighty, yep; 10 percent.

COMMISSIONER McDANIEL: The long and the short's 10 percent. A relatively speaking -- and then the monies that we get back in what we call appropriations, I call them sprinkles, are

DRAFT

then -- after we go spend an enormous amount of time and money and beg to get some of those monies coming back to support our community.

So a simple answer to the revenue reduction that we're inevitably going to experience if that referenda passes is an increase in the appropriation, the revenue share that comes from the State of Florida, and not have it be as discretionary as it currently is when it comes from the State of Florida. We don't -- we shouldn't have to go beg. If we had a little bit -- if we had a little bit more -- they -- you know, they certainly like to preempt us every time we come around the corner. Even if those monies came back at a higher level with specific utilization allowances being preemptive, having it be solely dedicated into infrastructure and dictate that those monies are there.

So -- and then the last thing is for the three staffers that are still watching. I would like to see, from our staff, policy recommendations from the people that are on the ground working for the County as to what we, the Board, can make adjustments in policy directives that go out to our employees as to how we can be more efficient, how we can do what we -- how they can do what they do better and more efficiently.

So if -- if that could become a topic of discussion throughout our staff meetings and so on, an opportunity to do that.

MR. JOHNSON: Commissioner, if I may, the PBB lab that Chris was discussing earlier will do exactly that. It will provide --

COMMISSIONER McDANIEL: Okay.

MR. JOHNSON: -- staff with the ability to put insights into the system and pursue them and give visibility all the way up the chain.

COMMISSIONER McDANIEL: Thank you.

CHAIRMAN KOWAL: Commissioner LoCastro.

COMMISSIONER LoCASTRO: Yeah. Thank you, Chairman.

Just to set the table on our -- the next workshop that we have,

DRAFT

which is -- isn't a budget workshop, but the Tourism Privatization Workshop on June 30th, as most people know, starting this Saturday I'll be out of pocket for 10 days, and so I won't be at the next BCC meeting on the 23rd, and I don't believe I'm going to have the ability to dial in, although I appreciated -- I got the information to do on a -- if I can make an attempt -- somebody sent me all the numbers to call. But I already went over the schedule with Ms. Patterson, and there's nothing on there that's going to be a showstopper. There was one presentation by a developer, and he elected to move it to a different date because he wants all five of us to hear it.

But having said that, a meeting that you-all will take that I probably won't be able to call into is on June 30th about tourism privatization. And since I feel pretty confident I'm not going to be able to make a connection based on where I'm going to be, I met with or conversed with a lot of the people you're going to hear from on the 30th about tourism privatization. So alls I wanted to say -- and I talked with Chris from ResourceX because one of the people I spoke with yesterday via Zoom talked about how they're connecting with ResourceX, and a lot of what you're going to hear on the 30th is their proposal.

So just a reminder on the 30th, we're not voting on private -- on privatizing the whole tourism team. It's a -- it's their request to do a deeper dive and then come back to us with a recommendation on the pros and the cons of privatization.

Based on all the meetings that I've had over the last few days with the people you're going to hear from on the 30th -- because I did want to know upfront sort of what their presentation was -- I'm going to give John Mullins and Amy just a statement that I'd like read at the beginning of that meeting so that I can at least -- my position could be represented with what I heard up to this point, which I think is pretty much almost verbatim of what the commissioners would hear.

DRAFT

But I just thought, you know, in the Sunshine here to be able to talk to my other commissioners and let them know that, you know, when that meeting comes up -- like I said, the vote's not to privatize anything, and I reiterated that multiple times with the people I talked to when they asked my advice of what to brief the commissioners.

I said, "Don't -- don't jump forward and get to the finish line. You know, you're basically just asking us for permission to do a deeper dive and then come back with the pros and cons."

And, Chris, you said you would connect with all those folks that you had talked with maybe a bit ago, but to just, before the 30th, make that fresh connection so whoever comes up to the podium they're speaking, you know, with the freshest information about what plan they propose if the commissioners agree to allow them to do a deeper dive and then come back and make a recommendation to us.

MR. FABIAN: And, Commissioner, I just -- I can confirm that I agree, we did have a chance to talk. That is the group that's going to be presenting about the various potential business models, and ResourceX weighed in on pros and cons. But we will update and refresh that information prior to the 30th as well as reach out to the group to make sure that as they're presenting they have the most up-to-date perspective if anything has changed since the last time we --

COMMISSIONER LoCASTRO: Yeah. And connectivity with you. So if they're putting together something, I told every single person I met or talked -- spoke -- you know, spoke with -- because they all mentioned ResourceXing it, you know, type of thing. And I said, "Well, you know, make sure that before you come and present here that you've had fresh conversations." And some had, and, like you said, some need a refresher. But you have until the 30th, you know, to do that --

MR. FABIAN: That's good.

DRAFT

COMMISSIONER LoCASTRO: -- so that, you know, at least the four commissioners here will hear the latest and be able to say, "Hey, I think it's a great idea, or not, to at least, you know, explore the possibilities," and then they'll come back to us at a later date. If -- and I don't want to jump ahead, but let's say the commissioners do decide that doing a deeper dive into the possible proposal is a benefit, when they come back with their recommendation, you being at that meeting, I think, would be important, because I will be at that meeting, whenever it is in the future, and if we're going to make the decision at that future meeting, it would be -- when we hear the pros and the cons, you know, you might want to just stay plugged in and make sure somebody tells you when that next meeting is after the 30th if, in fact, on the 30th the four commissioners decide to give the greenlight to move forward, then I think it would be very beneficial to have you at that meeting should, you know, their -- it proceed, I guess.

MR. FABIAN: I'm very interested.

COMMISSIONER LoCASTRO: Yeah, thank you.

CHAIRMAN KOWAL: Commissioner Saunders, do you have anything to say?

COMMISSIONER SAUNDERS: No, no. Great presentations from everyone this morning, and I look forward to the July millage rate setting.

CHAIRMAN KOWAL: Commissioner Hall.

COMMISSIONER HALL: Same same.

CHAIRMAN KOWAL: Same same. All right.

I have a comment, or at least a question for my fellow colleagues up here, since we are in the Sunshine. I had an opportunity this morning -- I was on a radio show, and they asked one commissioner from 67 counties -- all 67 counties about putting something that would be unique from your county in a time capsule

DRAFT

because of the 250th anniversary.

COMMISSIONER SAUNDERS: How about Commissioner McDaniel?

COMMISSIONER LoCASTRO: Yeah, I second. I second.

CHAIRMAN KOWAL: We thought about that, but he won't fit. They said it was too small.

COMMISSIONER McDANIEL: It depends on the size of the capsule.

CHAIRMAN KOWAL: Yeah. Kind of make a long story short, I kind of like -- I was trying to think of something unique, and I don't know about you guys -- I'll run it by you, and they really liked the idea, especially their manager come out right after, and he's like, could we make this happen? And he had ideas about doing something certain about it.

But I had brought up the fact that what makes Collier County really, really unique, you know, besides pickleball capital of the world -- everybody laughed about that, but that, you know, the state animal was the Florida panther, and we have probably the largest or even probably the last actual natural pride that lives within Collier County out of all the counties here in the state of Florida. We were the last, pretty much, frontier for it. And about maybe something or somehow -- they were actually talking about if we can get with the Conservancy or somewhere, even the zoo where they have the panther being nursed back. Sometimes they get them in, they nurse. Even getting, like, a tuft of hair and have it put in some sort of vessel, and then it would be in the time capsule, and then opened 250 years from now, and that -- who knows, by then they might be able to just stick it in a machine and create some more panthers or something. But I don't know.

But I kind of threw that out there. And when I was leaving the show, he chased me down the hall. He's like, "Oh, could we make

DRAFT

that happen? Could we make that happen?"

So I don't know if that's something we can make happen, but it was an idea that I threw out there. So I'll just get your opinions if that would be unique to Collier County versus any other county.

COMMISSIONER LoCASTRO: So the tasker is Commissioner McDaniel needs to catch a panther, cut off a piece of hair, put it in a vial, and then give it to Commissioner Kowal to stick in the time capsule. All in favor?

COMMISSIONER McDANIEL: Note that I've moved into my politically correct stance.

CHAIRMAN KOWAL: All right. But I just figure if I -- you know, I can -- if I have permission from the Board, I'll go seek -- go talk to the zoo, I'll go talk to Jack, or whoever owns all the operations down there in the glass hospital down there, you know, that group, and see if it's even a possibility.

COMMISSIONER SAUNDERS: I don't know if there's -- do they have a panther at the zoo?

CHAIRMAN KOWAL: I know they had -- last time I was down there, about four months ago, they have one that's being nursed back. I think it was a female.

COMMISSIONER SAUNDERS: Okay. Because I think at the place called Kowiachobee, which is in western Collier County -- I mean, far Eastern Collier County, I think they had -- I believe they had a panther there.

CHAIRMAN KOWAL: Okay.

COMMISSIONER SAUNDERS: But I may be wrong. It may have been a different type of cat.

CHAIRMAN KOWAL: I think we want a Florida panther.

COMMISSIONER LoCASTRO: Here's an idea -- here's an idea as well. You know, I like that idea because, obviously, it represents the County and actually a state, but something that is also specific to

DRAFT

us -- just as you were talking about the time capsule before you gave your idea on the panther, the first thing that popped into my head is the Naples Pier and putting something in the time capsule that maybe -- and this would be something that Trinity could task and get easily, but as they're disassembling the pier, getting just a small fragment of wood from the original pier and maybe putting something in the time capsule that says, you know, 250 years ago, you know, the pier -- you know, X number of years -- "253 years ago, the pier was totally destroyed. This is a piece from the original pier that dates back to XXX. The pier was then rebuilt," you know, something like that might have some historical, you know, relevance or what have you. I mean, the people that are intimately involved, even Dr. George or somebody, if we said, you know, give us a sliver of wood or something like that. But, you know, all good ideas, you know. Just a thought.

CHAIRMAN KOWAL: They've got a sidebar going on. Oh, you've got a panther here?

COMMISSIONER SAUNDERS: Yeah, I wanted to -- I wanted an expert opinion as to if that's a panther.

CHAIRMAN KOWAL: Yeah, that's a panther.

COMMISSIONER LoCASTRO: No, a German Shepherd, actually, yeah, so...

COMMISSIONER SAUNDERS: Then that's where you can find it. It's at that location, if you want to write that down.

CHAIRMAN KOWAL: That's almost like my last name.

COMMISSIONER SAUNDERS: Yeah. It's right here in Collier County. If you have trouble finding a panther.

CHAIRMAN KOWAL: That's a tiger.

COMMISSIONER McDANIEL: And I think they have one at the -- am I allowed to say the Shy Wolf? I think there's one there.

COMMISSIONER LoCASTRO: Oh, really?

DRAFT

COMMISSIONER McDANIEL: I think they do, yeah.

CHAIRMAN KOWAL: I don't want to say this, but I think it may have passed.

COMMISSIONER McDANIEL: Oh. It may have.

CHAIRMAN KOWAL: I think there was maybe some -- was it called, like, Moon Lunar or something -- or Luna or like that?

COMMISSIONER McDANIEL: It might have went away.

CHAIRMAN KOWAL: It may have went away. But we'll -- I'll take a deep dive and try to figure it out.

COMMISSIONER McDANIEL: I know they had one at one time.

COMMISSIONER HALL: I was thinking more like a golf ball.

CHAIRMAN KOWAL: You're thinking a golf ball? I don't think -- that's pretty unique for Florida, but not Collier County, I guess, but -- all right. Well, that's all I had to -- I just wanted to talk to you guys, get your opinion.

COMMISSIONER McDANIEL: Can I ask what the timeline is for this pick? It's got to be, I assume, pretty quick because they're going to -- they're going to bury these capsules at the birthdate, so...

CHAIRMAN KOWAL: Probably around the 4th of July, I would think. But I know the other 66 counties, they're all getting asked something, so...

COMMISSIONER McDANIEL: Okay.

CHAIRMAN KOWAL: All right. Well --

COMMISSIONER McDANIEL: So I'll make a motion that you pick, and we'll just live with it.

CHAIRMAN KOWAL: All right.

COMMISSIONER McDANIEL: That way there we don't have to have a lot of discussion. I like your idea.

COMMISSIONER HALL: I like it.

CHAIRMAN KOWAL: All right. So I've got a motion and

DRAFT

second. All in favor, signify by saying aye.

COMMISSIONER McDANIEL: Aye.

COMMISSIONER LoCASTRO: Aye.

CHAIRMAN KOWAL: Aye.

COMMISSIONER HALL: Aye.

COMMISSIONER SAUNDERS: Aye.

COMMISSIONER HALL: It's all good.

CHAIRMAN KOWAL: All right, guys. We're adjourned. Thank you.

****

(Fund 1105 Project No.50320)

---

17. Summary Agenda - This section is for advertised public hearings and must meet the following criteria: 1) A recommendation for approval from staff; 2) Unanimous recommendation for approval by the Collier County Planning Commission or other authorizing agencies of all members present and voting; 3) No written or oral objections to the item received by staff, the Collier County Planning Commission, other authorizing agencies or the Board, prior to the commencement of the BCC meeting on which the items are scheduled to be heard; and 4) No individuals are registered to speak in opposition to the item. For those items which are quasi-judicial in nature, all participants must be sworn in.

Adopted – 4/0

A. **<u>This advertised Item has been further continued to the July 14, 2026, Board of County Commissioners Meeting.</u>** Recommendation to adopt an ordinance of the Board of County Commissioners of Collier County, Florida, amending Ordinance Number 04-41, as amended, the Collier County Land Development Code, which includes the comprehensive land regulations for the unincorporated area of Collier County, Florida, to require temporary use permits for events on Collier County property open to the public, by providing for: Section One, Recitals; Section Two, Findings of Fact; Section Three, Adoption of Amendments to the Land Development Code, more specifically amending the following: Chapter Five Supplemental Regulations, including Section 5.04.05 Temporary Events; Section Four, Conflict and Severability; Section Five, inclusion in the Collier County Land Development Code; and Section Six, Effective Date. [PL20260002471]

B. Recommendation to adopt a resolution approving amendments (appropriating carry forward, transfers and supplemental revenue) to the Fiscal Year 2025-26 Adopted Budget.
Resolution 2026-129

18. ADJOURN

INQUIRIES CONCERNING CHANGES TO THE BOARD'S AGENDA SHOULD BE MADE TO THE COUNTY MANAGER'S OFFICE AT 252-8383.

MS. PATTERSON: Chair, you have a live mic.

CHAIRMAN KOWAL: Good morning, everyone. Welcome to the Board of County Commissioners meeting this 23rd of June. I just want to remind everybody -- I've got a little crowd in the audience here today. Just make sure your phones are on silence, and so if we have people at the podium, there's people speaking, that it's not disruptive. So I appreciate that.

County Manager.

Item #1A

INVOCATION: PASTOR JOE NEGRON FROM GROW CHURCH ||| PLEDGE OF ALLEGIANCE: RON LISCH, U.S. ARMY FROM 1962 TO 1968 ATTAINING AN E5 RANKING - INVOCATION AND PLEDGE GIVEN

MS. PATTERSON: Yes, sir. We're going to begin with our invocation by Pastor Joe Negron from Grow Church South Naples, followed by the Pledge of Allegiance by Ron Lisch, served in the U.S. Army from 1962 to 1968 attaining an E5 ranking.

PASTOR NEGRON: Good morning, everyone. Good morning, Commissioners. Let us pray.

Father, we're so grateful. We come to you before your presence in the name of Jesus. We are blessed as we are celebrating 4th of July pretty soon, Lord, and our 250 anniversary of our country, Lord. We are so grateful that today we celebrate our freedom. Thank you for those that came before us that fought for us to be born into freedom. Thank you for those that are fighting for our freedom at this very moment. Lord, despite everything that's going around the world, we get today to wake up to that freedom, and so we're so

grateful.

More than anything, Jesus, we thank you because you gave your life for us and, therefore, we get to walk in freedom as well.

So we thank you this very moment for everything that's going on in this place. And as your word says, "The beginning of wisdom is to fear the Lord."

And so we thank you. We ask that you will have a covering over us, that you will just give the commissioners even the knowledge to be able to handle these things and the wisdom to carry them out, Lord. We thank you for all these things.

In Jesus' name we pray. Amen.

MR. LISCH: Good morning, everybody. Please join me. Thank you.

(The Pledge of Allegiance was recited in unison.)

Item #2

APPROVAL OF TODAY'S REGULAR, CONSENT, AND SUMMARY AGENDA AS AMENDED (EX-PARTE DISCLOSURE PROVIDED BY COMMISSION MEMBERS FOR CONSENT AGENDA.) - MOTION TO APPROVE BY COMMISSIONER MCDANIEL; SECONDED BY COMMISSIONER HALL- APPROVED AND OR ADOPTED W/CHANGES

MS. PATTERSON: Commissioners, agenda changes for June 23rd, 2026.

Just two notes: First is Items 9A, 9B, and 17A were previously advertised for this meeting but have been continued to the July 14th meeting.

Next, Item 16A7 should read: A recommendation to advertise a

scrivener's error corrections in the Parking Ordinance 2026-13.

With that, I have nothing else.

County Attorney.

MR. KLATZKOW: Nothing else.

MS. PATTERSON: Commissioners.

CHAIRMAN KOWAL: Commissioner Saunders.

COMMISSIONER SAUNDERS: Thank you, Chairman.

I have no changes to the agenda.

CHAIRMAN KOWAL: Commissioner Hall.

COMMISSIONER HALL: Thank you, Mr. Chairman.

No changes for me either.

CHAIRMAN KOWAL: Commissioner McDaniel.

COMMISSIONER McDANIEL: No changes, no ex parte.

CHAIRMAN KOWAL: Same here; no changes, no ex parte.

MS. PATTERSON: Tom, do we have any speakers?

CHAIRMAN KOWAL: Yes, we do.

MR. EBLE: We do, yes. We have one registered speaker on consent, Daniel Cornillie.

CHAIRMAN KOWAL: Good morning, sir.

MR. CORNILLIE: Good morning. Good morning.

COMMISSIONER McDANIEL: Good morning.

MR. CORNILLIE: I want to address my comments to the proposed purchase of that Seminole Gulf Railway right-of-way for the BERT project. Thank you for the opportunity to comment on this topic.

I agree that this right-of-way is important to Lee and Collier Counties; however, I strongly feel that the, quotes, deal currently on the table should be stopped in its tracks.

Two reasons. First, this right-of-way is far more useful to our region as a rail-plus trail project rather than just a bike trail. It should be used to build a strictly passenger light rail line connecting Fort

Myers to North Naples through Estero and Bonita. A bike trail could parallel the tracks. The objective is to offset some of the ever-growing traffic on I-75. Ideally, a branch would be built to connect to RSW to help serve the 19 new gates that are under construction.

This would be a transportation project with regional benefit and, as such, should be a state project led and funded by FDOT rather than have the burden funded by county taxpayers.

Second and more immediate is the proposed price of this acquisition. Sixty million dollars for a narrow 11.4-mile overgrown strip that has laid idle for decades, how was this value established? It's hard to imagine a competing use for this property.

I understand that it's proposed for Collier to pay $11.6 million for its 1.5 miles. I further understand that this stretch was appraised at less than $105,000 for tax purposes, presumably due to its status as a stranded asset. Paying 110 times the assessed value is scandalous, and this will just be the beginning of the expenditures for this project.

I understand that this deal was negotiated by a third party, the Trust for Public Land, a 501(c)3, on behalf of Bonita Estero Rail Trail, but this fig leaf will not cover the disparity in valuation. This will be a major embarrassment for Collier County.

Further, think of this in the context of the coming property tax referendum which could significantly reduce the County's tax revenues.

I urge you to lock the brakes on this proposed acquisition now. Restart under state auspices. In the interim, this could provide an opportunity for the County. The railroad maintains that this property is worth $11.6 million. Use that valuation for property tax purposes.

Thank you. And do you have any questions for me?

CHAIRMAN KOWAL: Thank you.

Commissioner McDaniel.

COMMISSIONER McDANIEL: I have a comment, Dan.

MR. CORNILLIE: Yes, okay.

COMMISSIONER McDANIEL: I have a comment. And the story's not over yet. This is a continuation of an agreement that we entered into quite some time ago. It's predicated upon the City of Bonita and the referenda that's coming up for them to tax themselves to pay for their portion of that right-of-way acquisition.

We can -- and we're not going to talk about the valuations today. But for your mind, all of these rail acquisitions for the rails-to-trail efforts contain rail banking to combine the potential of public transit and the light rail system through the communities. All of the -- the rail banking is -- is a portion of the agreement.

Just -- so when the technology catches up and the revenues catches up for that transport, the rail banking is included in. It's not just going to be a bike path.

MR. CORNILLIE: Well, thank you, and that's encouraging. But I still don't understand the valuation. You know, anybody who drives on -- next time you drive on Bonita Beach Road, you come to the railroad crossing, take a look right or left at that -- what we're proposing to buy, and that's incredible.

COMMISSIONER McDANIEL: Thank you, sir.

MR. CORNILLIE: Thank you.

CHAIRMAN KOWAL: Thank you.

COMMISSIONER McDANIEL: Thank you, Mr. Chair. I appreciate sharing that.

CHAIRMAN KOWAL: No problem.

Is there no other speakers for the consent?

MR. EBLE: No, sir.

CHAIRMAN KOWAL: Thank you.

COMMISSIONER McDANIEL: Make a motion for approval.

CHAIRMAN KOWAL: All right. We have a motion to

approve.

COMMISSIONER HALL: Second.

CHAIRMAN KOWAL: I have a motion and second. All in favor, signify by saying aye.

COMMISSIONER McDANIEL: Aye.

CHAIRMAN KOWAL: Aye.

COMMISSIONER HALL: Aye.

COMMISSIONER SAUNDERS: Aye.

CHAIRMAN KOWAL: Opposed, same sound, same sign. (No response.)

CHAIRMAN KOWAL: The ayes have it. Thank you.

Item #2A

MAY 12, 2026, BCC MEETING MINUTES - MOTION TO APPROVE AS PRESENTED BY COMMISSIONER SAUNDERS; SECONDED BY COMMISSIONER MCDANIEL – APPROVED

Item #2B

MAY 26, 2026, BCC MEETING MINUTES - MOTION TO APPROVE AS PRESENTED BY COMMISSIONER SAUNDERS; SECONDED BY COMMISSIONER MCDANIEL – APPROVED

MS. PATTERSON: Next, Item 2, agenda and minutes. Item 2A is the BCC minutes from May 12th, 2026.

COMMISSIONER SAUNDERS: Mr. Chairman, I'll make a motion to approve Item 2A and 2B, the minutes.

COMMISSIONER McDANIEL: Second.

COMMISSIONER SAUNDERS: May 12th and May 26th.

CHAIRMAN KOWAL: All right. I have a motion and a second. All in favor, signify by saying aye.

COMMISSIONER McDANIEL: Aye.

CHAIRMAN KOWAL: Aye.

COMMISSIONER HALL: Aye.

COMMISSIONER SAUNDERS: Aye.

CHAIRMAN KOWAL: Opposed, same sound, same sign.

(No response.)

CHAIRMAN KOWAL: It passes unanimously. Thank you.

Item #3A1

EMPLOYEE – 20 YEAR ATTENDEES

MS. PATTERSON: That brings us to Item 3, awards and recognitions. We do have several today. We're going to start with our 20-year attendees.

First up we have Kelly Green, Corporate Financial & Management Services. Congratulations.

(Applause.)

CHAIRMAN KOWAL: Thank you, Kelly. Congratulations.

(Applause.)

MS. PATTERSON: Next up we have Charlie Matthews, Emergency Medical Services, 20 years. Congratulations.

(Applause.)

MS. PATTERSON: Next up we have Diana Ciardi, Parks and Recreation, 20 years. Congratulations.

(Applause.)

MS. PATTERSON: Lisa Jacob, Pelican Bay Services, 20 years. Congratulations.

THE PHOTOGRAPHER: We're going to do two photos, then I'll bring in the group here.

MR. COLEMAN: It's just a fishing story unless we've got a picture.

(Applause.)

MS. PATTERSON: Michelle Scavone, Solid & Hazardous Waste, 20 years. Congratulations.

CHAIRMAN KOWAL: They're slowly making their way up here.

(Applause.)

Item #3A2

EMPLOYEE – 25 YEAR ATTENDEES

MS. PATTERSON: And moving on to 25 years, James Fasulo, Fleet Management. Congratulations.

(Applause.)

Item #3A3

EMPLOYEE – 35 YEAR ATTENDEES

MS. PATTERSON: Last, but not least, 35 years, Jacqueline Lockerby, Emergency Medical Services. Congratulations.

CHAIRMAN KOWAL: Hey, JD.

THE PHOTOGRAPHER: So two photos, and then we'll bring the group in.

MS. LOCKERBY: Can I bring the husband in?

CHAIRMAN KOWAL: Get her detective husband in here. He

serves our community also.

COMMISSIONER McDANIEL: He's not undercover anymore.

MS. LOCKERBY: Come on, everybody.

(Applause.)

Item #4A

PROCLAMATION DESIGNATING JULY 2026 AS PARKS AND RECREATION MONTH. TO BE ACCEPTED BY JAMES HANRAHAN.MOTION TO APPROVE BY COMMISSIONER SAUNDERS; SECONDED BY COMMISSIONER HALL – ADOPTED

MS. PATTERSON: Commissioners, that brings us to proclamations.

Item 4A is a proclamation designating July 2026 as Parks and Recreation Month. To be accepted by James Hanrahan. Congratulations.

COMMISSIONER McDANIEL: Who's fixing all our stuff when the cowboys in the back row. You guys are a little close. Spread out.

THE PHOTOGRAPHER: You guys are perfect.

MR. HANRAHAN: Thank you, Commissioner.

Item #4B

PROCLAMATION DESIGNATING JULY 2026 AS AMERICA 250 MONTH IN COLLIER COUNTY. TO BE ACCEPTED BY LYNDA EWEN, AMERICA 250 CHAIR, BIG CYPRESS CHAPTER OF

DAR.MOTION TO APPROVE BY COMMISSIONER SAUNDERS; SECONDED BY COMMISSIONER HALL – ADOPTED

MS. PATTERSON: Item 4B is a proclamation designating July 2026 as America 250 Month in Collier County. To be accepted by Linda Ewen, America 250 Chair, Big Cypress Chapter of the Daughters of the American Revolution. Congratulations.

(Applause.)

CHAIRMAN KOWAL: Do you want to say a few words? Go ahead. Take the podium.

MS. EWEN: Big Cypress Chapter of the Daughters of the American Revolution are delighted to be celebrating America 250 in Collier County. And we are having a special reading of the Declaration of Independence, and it will be on July 8th at 6 o'clock from the steps of City Hall. The reason it is on July 8th is because when it was -- when the Declaration was originally ratified, it took four days for them to get it printed and distributed.

And so on July the 8th, all the bells in Philadelphia tolled, and people were called to the Independence Hall for the first reading of the public -- of the Declaration.

So it will start in Hawaii at 12 noon. It will be read simultaneously across the United States. And our time is 6 o'clock. And so it will be read at 5 o'clock in Central Time and all across the country, all the way from Guam to the U.S. Virgin Islands.

So invite everyone to come and join us for the reading of the Declaration of Independence and to pledging anew to the unity and the wonderful country that we are able to share. Thank you.

CHAIRMAN KOWAL: Thank you.

(Applause.)

COMMISSIONER SAUNDERS: Mr. Chairman.

CHAIRMAN KOWAL: Yes.

COMMISSIONER SAUNDERS: I'll make a motion to approve the proclamations.

CHAIRMAN KOWAL: We have a motion. Do we have a second?

COMMISSIONER HALL: Second.

CHAIRMAN KOWAL: I have a motion and second to approve the proclamations. All in favor, signify by saying aye.

COMMISSIONER McDANIEL: Aye.

CHAIRMAN KOWAL: Aye.

COMMISSIONER HALL: Aye.

COMMISSIONER SAUNDERS: Aye.

CHAIRMAN KOWAL: Opposed, same sound, same sign.

(No response.)

CHAIRMAN KOWAL: It passes unanimously. Thank you. County Manager.

MS. PATTERSON: Commissioners, before we move on to our public comment, I just wanted to recognize our high school interns that are sitting here in the room with us. If you will all want to stand up.

(Applause.)

COMMISSIONER SAUNDERS: Shouldn't we get a picture of them with the Commission?

MS. PATTERSON: That would be great, if you want to come up. Let's get a -- let's get a picture. Thank you.

COMMISSIONER McDANIEL: Don't get hung on the sign there.

(Applause.)

CHAIRMAN KOWAL: Congratulations.

COMMISSIONER HALL: What did you-all do to have to do this?

Item #7

PUBLIC COMMENTS

MS. PATTERSON: All right. Commissioners, that brings us to Item 7, public comments on general topics not on the current or future agenda.

MR. EBLE: Mr. Chair, you have six registered speakers; four in the room, two on Zoom. We will start with our speakers in the room with Jay Kohlhagen.

Just as a reminder for everyone, you'll have three minutes for public comment.

MR. KOHLHAGEN: Hey, good morning, Commissioners. Hey, I'm here today about that Bayview Park boat ramp cluster mess they've got out there, you know, that pier enclosure, the one out there that's supposed to be used for a lay down area but they can't because it's of poor planning. That said, what's out there is an empty dumpster. There we go. That's been out there for six months.

And I know they've got a boat trailer out there, a picnic table, and a port-o-let. For six months, nothing's been going on out there. And all that's happened out there is they're giving out a whole bunch of parking tickets.

A famous line from Ronald Reagan at the Berlin Wall, "Mr. Gorbachev, tear this wall down."

I'm asking commissioners to tear this fence down and give it back to the community, along with the fillet table.

To wrap this up, something from Thomas Jefferson, something that Thomas Jefferson said, "The government closest to the people serves the people best." Thank you.

CHAIRMAN KOWAL: Thank you.

MR. EBLE: Our next registered speaker is Trinda Griffis.

MS. GRIFFIS: Good morning, Commissioners. My name is Trinda Griffis, and I represent Collier County EMS. I'm the district vice president.

We have been negotiating our contract since July of last year for a contract that expired in October 1st of '25.

There has been meaningful discussions, but progress has slowed. Our last three negotiations have been canceled. We have been trying to get negotiations back on the books to continue negotiating.

The issues that we're discussing is not just contract language. They impact recruitment, retention, and employee fatigue, the County's ability to keep experienced EMTs and paramedics serving this community.

When negotiations stall, uncertainty grows, morale suffers, and retaining experienced employees become difficult. Our members continue to show up every day and night to provide emergency medical care to the citizens and visitors of this community. They continue answering calls, caring for patients, and serving the community despite working under an expired agreement.

We are asking for your support and encourage a renewed focus on negotiations that, on both sides, can move towards a resolution. We believe the employees, the County, and the public are all best served when this process moves forward rather than remaining stalled.

Thank you for your time and consideration.

CHAIRMAN KOWAL: Thank you.

COMMISSIONER McDANIEL: Good seeing you, Trinda.

MR. EBLE: Our next registered speaker --

COMMISSIONER SAUNDERS: I wanted to --

MR. EBLE: Sorry, sorry --

CHAIRMAN KOWAL: Go ahead. Commissioner Saunders.

COMMISSIONER SAUNDERS: -- make a quick comment.

I spoke with Ms. Griffis -- if I'm saying that correctly -- yesterday. And I think contact has already been made with our Purchasing department. I think they're kind of handling the negotiations, or whatever -- whatever group. As we've contacted them, they've indicated, I believe, that they're going to restart those or have something scheduled pretty soon.

It's really important that we do have a contract. And I understand there's some financial issues that are kind of the stumbling block here. But having no discussion since March is -- I think that's way too much of a delay in moving forward.

MS. PATTERSON: Commissioners, I think it best, since we are in open negotiations -- I'm looking to the County Attorney -- that we can brief you individually behind the scenes regarding timing and some of the outstanding issues. However, just -- they are still being compensated and working under their existing contract while it is open for a full opener. They continue to have all of the benefits of the existing contract while we work towards a new contract.

COMMISSIONER SAUNDERS: So they have all the benefits of the old contract?

MS. PATTERSON: Yes, sir.

COMMISSIONER SAUNDERS: And no benefits of a new contract.

MS. PATTERSON: Correct.

COMMISSIONER SAUNDERS: That's -- to me that's a problem. I've been involved in contract negotiations on behalf of local government before, and my experience has been that they move along a little bit more quickly at this stage, so just --

MS. PATTERSON: Yes, sir. We'll be happy to brief each of you individually, and we are continuing forward with negotiations.

CHAIRMAN KOWAL: All right. Thank you.

MR. EBLE: Our next registered speaker is Daniel Zegarac.

MR. ZEGARAC: Good morning, Commissioners. My name is Daniel Zegarac. I am a candidate in District 4 for County Commissioner. The only reason I say that is because some of you have brought up that you are candidates, on this dais.

December -- December 9th I was up here and addressed you guys about the consent agenda. I said -- I said to be careful how you use the consent agenda. Don't abuse it, okay. Obviously, that information went in one ear/ears and out the other like -- you know, like a 14- or 15-year-old athlete might listen to it.

We have another guy running for commissioner in District 2, Cody Davis, and he's given you specifics about the consent agenda. And again, that information goes in one ear and out the other. And I know you're going to tell me, "Well, you met with him privately, and it's hard to get together, and you don't realize what we do behind closed doors." And nothing's wrong with me. I'm running for office. Thank you for asking.

You seem to have rules that only apply to speakers. Why -- why do you remove items from consent? Again, I'm talking to the County Manager, I'm talking to the five commissioners, I'm talking to the law department, and I'm also talking to some of the senior staff, okay. Why do you keep doing the same things wrong with the consent agenda? And it doesn't have anything to do whether I like you or not. It just means you're not doing your job.

There's specific reasons for the consent agenda. I recommend that you review what the reasons are and quit hiding, and quit -- the other day, Mr. Kowal, you said, "Well we didn't even know it was going to be on any agenda." Why didn't you know that? Why were you not briefed by the County Manager? What are we paying for? Okay.

EMS is up here, okay. Developers are down here, especially the ones that are pulling mangroves. Please, don't -- don't ever hire any

of them. Do your job, guys.

Yeah, nice smile, Dan. You're a good-looking guy. You've got blue eyes. It's all good.

You were talking about rules to me. Your responsibility is to lead this commission and to understand what you're supposed to do. I don't think that you do.

CHAIRMAN KOWAL: I think your time's up, Dan, but I appreciate it.

MR. ZEGARAC: Okay. And the other I think I don't --

COMMISSIONER HALL: Your time's up.

MR. ZEGARAC: -- appreciate is getting hassled this morning because I wanted to speak.

CHAIRMAN KOWAL: You're here.

MR. ZEGARAC: That's not going to happen anymore.

CHAIRMAN KOWAL: Thank you, sir.

MR. ZEGARAC: All right, Dan?

CHAIRMAN KOWAL: Thank you.

MR. EBLE: Our next registered speaker is Jackie Keay.

MS. KEAY: After that?

CHAIRMAN KOWAL: Come on up, Jackie.

COMMISSIONER McDANIEL: Come on, Jackie.

COMMISSIONER SAUNDERS: Jackie, it's been a long time since you've been up here.

MS. KEAY: Oh, you've been missed.

COMMISSIONER McDANIEL: Her three minutes started while she was hesitating, just so you know. Don't give her all --

CHAIRMAN KOWAL: All right. It's Jackie's turn to speak.

MS. KEAY: Good morning, Commissioners. Again, my name is Jackie Keay.

So several Bible versus are the inspiration for my public comments today. Revelation 18:2, Babylon, which represent

America, is falling. That great city is falling. She has become a home for demons and a hideout for every foul spirit.

Generation -- Genesis 15:13 through 14, "Then the Lord said to Abraham, 'You can be sure that your descendants will be strangers in a foreign land where they will be oppressed as slaves for 400 years, but I will punish the nation that enslaves them.'"

Genesis 12:3, "Yahwey also promised to bless those who blessed Abraham's descendants and to curse those who hate and oppress us."

America's destruction began when wealthy white European illegal immigrants enslaved a large remnant of Abraham's descendants in America, which was on -- which was stolen from indigenous tribes. The seven deadly sins committed against Africans is white America's original sin that Yahwey is punishing. White enslavers invented whiteness in race to just -- to justify slavery and white supremacy, which became their idols as they saw themselves as gods to decide who should live, die, or be recipients of freedom and the American dream.

Because of their idolatry in Deuteronomy 5:9, Yahwey promised to lay the sins of the parents upon their children even to the third, fourth generations of those who reject him.

Trump and MAGA white supremacists are the instrument Yahwey is using to destroy white America and white supremacy, which is the demonic B system.

Lastly, based on FBI statistics, over 86 percent of violent crimes and homicides against whites are committed by whites. In fact, white men are the most criminal and violent group, and it's America's -- it's up to America to address the white-on-white crime epidemic. For example, 57 to 68 percent of pedophiles are white, 57 percent of rapists are white, and 85 percent of bestiality people who are arrested are also white.

DRAFT

America's a place where everyone should feel free and be invited because that is the -- what the Founding Fathers put into our declaration, and I feel like every person in this room deserves to be treated like a human being and be recipients of the same freedom.

Thank you.

CHAIRMAN KOWAL: Thank you.

MR. EBLE: Our next registered speaker joins us on Zoom, Oscar Morton. Oscar, you should be receiving a prompt to unmute yourself.

Oscar, I see you've received that prompt. Oscar Morton.

(No response.)

MR. EBLE: Well, sir, we had another speaker. It looks like he's having some technical difficulties, but if he comes back, we'll save him for 15.

CHAIRMAN KOWAL: Do we have a second in the queue?

MR. EBLE: No -- yeah. He just keeps dropping in and out, so if he comes back --

CHAIRMAN KOWAL: But we don't have another speaker on Zoom?

MR. EBLE: No. Oscar is our final speaker, and he's not unmuting.

CHAIRMAN KOWAL: Okay. All right. Do you want to try him one more time?

MR. EBLE: Oscar Morton.

(No response.)

MR. EBLE: I don't think so.

CHAIRMAN KOWAL: Thank you, Tom.

All right. County Manager.

Item #11A

RECOMMENDATION THAT THE BOARD OF COUNTY COMMISSIONERS, AS THE EX OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT, AWARD INVITATION TO BID NO. 26-8628 TO EAU GALLIE ELECTRIC, INC. FOR SCWRF ELECTRICAL SERVICE #1 UPGRADES PROJECT IN THE AMOUNT OF $6,319,000,APPROVE THE NECESSARY BUDGET AMENDMENT, APPROVE AN OWNER'S ALLOWANCE OF $400,000, AND AUTHORIZE THE CHAIRMAN TO SIGN THE AGREEMENT. (PROJECT NUMBER 70288) (MATTHEW MCLEAN, INTERIM DEPARTMENT HEAD - PUBLIC UTILITIES) MOTION TO APPROVE BY COMMISSIONER MCDANIEL; SECONDED BY COMMISSIONER HALL – APPROVED

MS. PATTERSON: Commissioners, that brings us to Item 11. Item 11A is a recommendation that the Board of County Commissioners, as the ex officio governing board of the Collier County Water/Sewer District, award Invitation to Bid No. 26-8628 to Eau Gallie Electric, Inc., for SCWRF Electrical Service #1 upgrades project in the amount of $6,319,000, approve the necessary budget amendment, approve an owner's allowance of $400,000, and authorize the Chair to sign the agreement.

Mr. Matt McLean, your interim department head of public utilities, is here to present or answer questions.

CHAIRMAN KOWAL: Good morning, Matt.

MR. McLEAN: Good morning, Commissioners. Matt McLean, your interim department head for Public Utilities.

We do have a short presentation, but I'm happy to answer any questions if the Board would like, whatever the Board prefers.

COMMISSIONER McDANIEL: Move for approval.

CHAIRMAN KOWAL: Oh, I've got a motion.

COMMISSIONER HALL: I'll second. We've been briefed fairly well.

COMMISSIONER McDANIEL: Yes.

CHAIRMAN KOWAL: All right. I have a motion and a second. All in favor, signify by saying aye.

COMMISSIONER McDANIEL: Aye.

CHAIRMAN KOWAL: Aye.

COMMISSIONER HALL: Aye.

COMMISSIONER SAUNDERS: Aye.

CHAIRMAN KOWAL: All opposed, same sound, same sign. (No response.)

CHAIRMAN KOWAL: Good job, Matt.

MR. McLEAN: Thank you.

COMMISSIONER McDANIEL: Great presentation.

Item #11B

RECOMMENDATION TO DIRECT STAFF TO ADVERTISE AN ORDINANCE AMENDING ORDINANCE 2002-63, WHICH ESTABLISHED THE CONSERVATION COLLIER PROGRAM AND BRING BACK THE ORDINANCE AT AN ADVERTISED PUBLIC HEARING. (JAIME COOK, DIVISION DIRECTOR - DEVELOPMENT REVIEW) MOTION TO APPROVE WITH SUGGESTED ADJUSTMENTS MADE BY COMMISSIONER MCDANIEL; SECONDED BY COMMISSIONER KOWAL – APPROVED

MS. PATTERSON: Commissioners, that brings us to Item 11B. This is a recommendation to direct staff to advertise an ordinance

amending Ordinance No. 2002-63 which established the Conservation Collier program, and bring back the ordinance at an advertised public hearing.

Ms. Jaime Cook, your division director for Development Review, is here to present.

MS. COOK: Good morning, Commissioners. Jaime Cook, director of Development Review, for the record.

Back in March during one of the hearings on the land purchases for the program, you had directed staff to bring back an ordinance with several changes that you had identified you wanted made. You wanted to remove the B list, which was the properties that were held for reevaluation and re-ranking after a year, and to allow for additional uses in activities through the intent to negotiate process. Staff is currently working with our Economic Development team and Procurement on that intent to negotiate.

And then in May you had also directed us to make additional changes, including making sure that the executive summaries reflected staff rankings as well, not just the Land Acquisition Advisory Committee's rankings.

So the major ordinance changes that we're bringing forward today for your consideration are to change the Active Acquisition List to two categories instead of the three. The A list will be to continue to pursue acquisition as it's always been, and the B list will be do not pursue.

The second is to add some additional language for the procedure for selection for the ranking criteria and updates to the management plans, including identifying the public benefit within the plans as well as additional allowed activities on the Conservation Collier lands.

So for these next few slides, I just took out the strikethrough so it would be easier for everybody to read. But the acquisition list language will now say, "The Active Acquisition List shall pursue

separate proposals into two" -- I'm sorry -- "shall separate proposals into two categories: A, pursue, and B, do not pursue."

The ranking criteria, A through H stayed -- or A through C stayed relatively the same. For D, which they talked about public cultural values and recreation-based activities, we're adding public access because we know that that's an important criteria of the program.

For G, we want to prioritize the acquisition of parcels that are adjacent to or abutting already owned Conservation Collier or lands that are held in public such as State, CREW lands, FWC lands, et cetera, to take priority for consideration.

And then, finally, for the last criteria that would be new, if there are unresolved liens, code enforcement matters, or regulatory processes that may disqualify from a property, staff wants to be able to make that recommendation to you well ahead of time before we go through the acquisition process.

Additionally, the ranking criteria, as we noted from the May meeting, will include recommendations from staff within the executive summary itself. And we're clarifying that the properties can be added solely by the Board of County Commissioners. They will go through the staff process but would not necessarily need to come back through CCLAC and then you for an additional -- additional confirmation of a ranking.

And the third section was the Land Management Plan updates. As I mentioned, we want to clearly identify the public benefit, whether that includes outreach activities, educational opportunities, or enhancing programs, leases and contracts, and how we're going to implement public access where it's available.

And, finally, we expanded the list of potential uses where compatible with the specific parcel to include things like shootery -- shooting, archery, horseback riding, leases, and other

agritourism activities. Again, all these activities would need to comply with the U.S. Fish and Wildlife and FWC regulations, and we want to further clarify the educational opportunities that promote public awareness, and understanding of our ecosystems will be a priority of the program.

So with that, staff is asking for you to move forward with these proposed changes as well as any others that you may have for discussion so we can bring this back at our next meeting for adoption.

And with that, I'll take any questions.

CHAIRMAN KOWAL: Thank you. Tom, do we have any public speakers?

MR. EBLE: Not on this item.

CHAIRMAN KOWAL: Okay. Commissioner McDaniel, do you have a comment?

COMMISSIONER McDANIEL: Yes. Well, I -- first of all, thank you. I appreciate -- I appreciate you bringing this forward. This is long overdue. We need to be -- we need to be working on this Conservation Collier ordinance and making some appropriate adjustments.

Now, going forward, when we do amend one -- I mean, my initial note on this, just for reference purposes, is include a red line with the strikethrough so that -- so that it is clear as to what we're actually changing.

I had some thoughts that I'd like to bring up to you-all today. This is the first reading of this ordinance, and I had some additional thoughts with regard to adjustments.

On line -- and if you'd have it up, there is a line number by each one of the lines in the ordinance. On Line No. 166, there was still discussion. It still requires a municipality -- turn it -- there you go. It's -- the ordinance still requires approval from a municipality, and I would like that to be adjusted from "approval" to "notification."

I don't know -- I could tell a story about that, but I'm -- the only time that we should be seeking approval from a municipality is if they're going to be expected to make a contribution. So a notice of an acquisition is sufficient for our ordinance, I'd particularly think.

I then move into Lines 201, 225, and 228. My suggestion is we remove those. 201 talks about borrowing money. That's old language from back in the day when Conservation Collier was originally established. There's no need at this particular time. And if the Board chooses to borrow money against these funds, necessarily, it can do so at any particular point in time.

I move into number -- Section 7 on Line 225. The -- we move back into -- and I'm assuming these adjustments are going to be talked about at some particular stage. We're talking about an active acquisition phase are not in place and land -- this is advice from our -- or recommendations, if you will. I think the entire line of 225, creation and purpose, can necessarily go away. Our folks that serve on CCLAC do a wonderful job, but there's a lot of -- there's a lot of redundancy in this -- in this ordinance.

282, here again, this is repetitive. It's talking about insufficient funds committed to -- in Conservation Collier. I think that whole paragraph can go -- can, in fact, go away.

It, again, is repetitive. It's putting an onus on our -- on our Conservation Collier Land Acquisition Committee. These decisions are made by the Board of County Commissioners with recommendations from the CCLAC, and so I would like to see 282 go away.

387, this talks about nominations of property and who can and who can't. There's a lot of redundancy in this entire section as well. One of the things that I would like to do is streamline the process. We don't have -- we could say anyone, including a property owner, can nominate a property to be purchased by Conservation Collier,

and we don't have to then go through and delineate who can and who can't. Anyone can nominate a piece of property for Conservation Collier's acquisition.

Now, there are some parts in there -- I think in your email that you sent me yesterday, Jaime, if I may, that you feel need to stay in there. I don't understand why, but you said that Collier County, regional, state, and federal agencies from Line 389 --

MS. COOK: You could strike that.

COMMISSIONER McDANIEL: Sir?

MS. COOK: You could strike that.

COMMISSIONER McDANIEL: I'm sorry. I misread your -- I misread your email here, I'm sorry about that. And forgive me for the "sir" thing.

MS. COOK: That's okay.

COMMISSIONER McDANIEL: I didn't -- so we can remove that.

Line 394 can -- and again, it repeats. If we at the top say "anyone," and we do, "can nominate a piece of property for acquisition," "anyone" is the property owner. So I think 394 can go away.

470, this talks about -- this is the beginning of the process for the overall process. The overall process of Conservation Collier was extremely arduous. It's less arduous. My goal here is to make it even less arduous and not have duplicity throughout the process.

And so 470 talks about how a piece of property is actually, in fact, brought forward, procedures and acquisitions. My suggestion is that we have some -- have some adjustments. I think -- I think really, Lines 464 through 470 could necessarily go away if it -- if it fits with how we can -- we can streamline this process.

We -- and if you don't mind, explain the process as it currently sits right now --

MS. COOK: Okay.

COMMISSIONER McDANIEL: -- and then the recommendations of removal of this language, of this 457 through 462 -- or excuse me. It's actually further than that into the 470 mark -- how that could further streamline the process.

MS. COOK: So the current process is an application is received. And we've coordinated with the owner, so we're assuming that the owner wants to go through the process.

The Conservation Collier program staff does an environmental assessment of the property. At that point we bring it -- and makes a recommendation of a ranking. At that point we bring it to CCLAC for their recommendation, and we bring it to you for approval to go through the appraisal process.

Once we've obtained the appraisals, if the owner has agreed to the purchase price, we bring it back to you for final approval.

If you were to strike 460 through 471, as you're suggesting, it will skip that first time that it comes to the Board. So the owner would apply. It would go through the environmental review. It would have an appraisal, contract purchase agreement, and then we would bring it to you for approval.

So you would, essentially, only be hearing the properties once.

COMMISSIONER McDANIEL: Which is what I was looking for. The rationale is there's no reason for us to approve going forward on a -- excuse me -- on a piece of property.

It's -- we have a willing seller. We have staff's recommendation. Staff has already done an environmental assessment. We don't need to approve going forward on the property. We can go ahead, do our appraisals, have it reviewed, and then it comes back to the Board for approval or not.

It would -- it's an extra step in the process that I can say an additional -- oftentimes sometimes months for a piece of property to,

in fact, move through. So I'm just -- my thoughts are streamlining the process. We would -- application received, staff conducts their environmental assessments, the appraisals are done, we negotiate with the owner. If staff comes up with a satisfactory agreement with the owner, that's when it's, in fact, brought to the Board for approval or not, as the case may be, and not have that extra step in there.

Now, there were several other ones that I had in here that you did not address in this email. Is that because you're thinking they need to stay in?

MS. COOK: We can go through them if you want.

COMMISSIONER McDANIEL: Okay. Forgive me for jumping around.

Since we're down towards the bottom, 531, this has to do with a misnomer that was put forth when the Conservation Collier ordinance was originally written that the property rights were going to be extinguished. I don't -- I don't want those property rights extinguished. If we expend taxpayer money on property that has -- has rights associated with it, those rights should benefit to the inurement of Collier County, whatever those rights are. They could be mitigation rights. They could be development rights that we could ultimately sell at some particular point in time to refortify the Conservation Collier fund, whether it be the Acquisition Fund or the Maintenance Fund.

And so I don't -- I don't think that we should -- there was an -- there was adjustments made in the purchasing ordinance -- I think you shared that with me -- and I would like for the language of striking the property or extinguishing the property rights to come out of this ordinance, because if -- if a member of the public were to read this, they would think that the property rights are extinguished, but they're actually not. And I just want to say out loud that those property rights should inure to the benefit of the -- of the residents of

Collier County and ultimately the funds, if there are any funds that come from those property rights, come back to the -- to the actual program.

I think -- I think on -- I'm going to jump back up to 301. There was -- I had some discussion on Line 301. I didn't -- I didn't understand this. There is -- there is a notion in here that there would be a constraint on the acquisition of a piece of property if the -- if the management funds were not immediately available. I think as we're going through this process, management expenses associated with an acquisition should come to us as we're ultimately approving the acquisition. And saying out loud that we're not going to constrain the acquisition because of the potential costs, it doesn't resonate with me.

311, that's another thing where it says the property will retain those development rights and be negotiated. Those development rights should inure -- just -- I would like to have those development rights, whatever they are, whether it be for -- as here, it says "not limited to agriculture and single-family development." Those development rights need to inure to the benefit of the County.

MS. COOK: Sir, if I could interrupt.

COMMISSIONER McDANIEL: Yes.

MS. COOK: That specific line is in referencing for conservation easements only. If we were to -- if the program were to get a conservation easement on a parcel.

COMMISSIONER McDANIEL: What happens to the development rights if there is a conservation easement put over it?

MS. COOK: The -- the portion that's not in a conservation easement would still be owned by that landowner, and they would have their development rights.

COMMISSIONER McDANIEL: Okay. So we leave 311 in there.

MS. COOK: Okay.

COMMISSIONER McDANIEL: 317, I would like the word "shall not" be changed to "may not be vacated." When we dictate that a conservation easement shall not be removed, it's too -- it's too limiting. There are certain instances sometimes when a conservation easement is in the wrong place, needs to be adjusted, and if that -- that "shall" is too dictatorial. And so I like the premise of preservation and protection through conservation easements, but sometimes -- and I've -- in my private life in the development world, there's something in the way of getting to where we need to go, and those decision -- if we -- I don't want a prohibition in an ordinance from an acquisition to come back and bite us at a later date if that requisite is ultimately possible. So I'd like the word changed from "shall not" to "may not be vacated."

MS. COOK: Okay.

COMMISSIONER McDANIEL: 319, again, this is -- this is in these property rights. We jumped over to the purchasing policy with regard to that. If the language could be cleaned up so that those -- so that those property rights -- all property rights, upon acquisition, come to the benefit of the taxpayers of Collier County, that fixes -- we don't have to jump over to a certain purchasing ordinance that I didn't jump to when I was reading these 14 pages over the -- this ordinance is only 14 pages, by the way. And if you haven't -- if you're having any insomnia issues, it's a good read. It will help you with those.

I think that's enough for right now. I mean, there are -- there are a couple of other things. We're going to get to see these adjustments again if, in fact, the Board is in line with -- in line with this discussion. I know that we're here today for a first reading, but again, as I said, I felt that there were some other adjustments that needed to be addressed, and those are the ones that I brought forward.

CHAIRMAN KOWAL: Commissioner Saunders.

COMMISSIONER SAUNDERS: Thank you. A couple comments. I don't have any issues with the consideration of these. I just want to make sure that it's laid out so the public knows what we're considering and that that is fully reviewed.

On the main -- on the "shall not" to "may not," I don't think that accomplishes what you want, because courts frequently interpret the word "may" to be "shall." And when you say "may not," it seems to me you're prohibiting that. So you may want to change that to -- from "shall not" to "may" As opposed to "may not." Just --

COMMISSIONER McDANIEL: Thank you, Counsel. That's fine. That's a fine language change, sir.

COMMISSIONER SAUNDERS: I went to law school for three years to learn how to do that.

I do have some issues with your first recommendation. You know, we sit up here and we do not like the State telling us what to do, and we always object to invasions of home rule. Well, I think the same thing applies to our relationships with the cities. We have a provision that requires approval from the City if we're going to acquire property within the city limits.

And if the City has some plans, if they have something that they think would be better for a piece of property, I don't think we should be telling them no. You can tell us you don't want us to purchase that piece of property, but I don't think we should be telling them, "You can give us an opinion, but you have no real say." I think that's kind of an invasion on home rule from the County to the City, and I'd caution us on that.

I can't imagine circumstances in which this is going to occur. It's not going to occur very frequently, but I think it sends a message to the cities that, you know, we like your opinions, but we may not comply with your opinions when it's a piece of property within their jurisdiction. So I will object to that particular one.

I don't have any real comments on the other ones.

COMMISSIONER McDANIEL: Okay. And not to belabor the point, but we ran into an issue. I wasn't aware of this "must have approval from a municipality on an acquisition" that we're working on down in Everglades City until a few days before I walked into a city council meeting, at which point then I was notified of this requisite, and it caused a lot of consternation with the process as to how we're going.

I'm certainly a huge -- for your -- for your information, as you know, I'm a huge advocate of home rule by all -- by all circumstances. And my thought processes are if a municipality had a thought of doing something and we in Conservation -- and a piece of property within the municipality were nominated up for Conservation Collier, we could certainly ascertain their intentions in the future well in advance of us moving through the process and not take away any authority.

So that was my rationale from changing it to "notification" to -- and not a requisite of approval, but we'll talk about it when we bring it back.

CHAIRMAN KOWAL: Can I just add another little nuisance on it? I mean, Commissioner Saunders, if typically somebody participates in this program, it's a property owner, a private property owner that has something to offer that has some value to it to Conservation Collier. Would that not be just an agreement between the property owner and the Conservation Collier on an acquisition of something they own? But the government -- the municipality don't own it.

So I mean, what would keep from -- somebody else just purchasing the property? Do they need approval from the City to purchase a piece of property from a private owner? I mean, I don't -- unless they have -- unless they've already talked to the

municipality about selling it to the municipality, but I don't -- it kind of like -- my mindset is, like, this is a private property owner that wants to participate in a program that the County provides. What foot does the municipality have to block that? I mean, I don't --

COMMISSIONER SAUNDERS: Well, that becomes sort of the issue. That's what I'm saying that it's sort of us dictating, "Well, you haven't made a particular plan for this piece of property. We're going to take that piece of property." And that eliminates their ability to move forward with it in some way, and that's all. I think --

CHAIRMAN KOWAL: We're not taking it. We're making a deal with a private owner.

COMMISSIONER SAUNDERS: No, I understand the difference between taking it and making a deal. That's not the issue. The issue is that if you -- we have an ordinance now that requires approval from the City, I think that's appropriate, because if it's a key piece of property for development, private development, or a key piece of property for preservation, it's within the city, the City should be able to make that decision. That's all.

So I consider that to be a bit of an invasion on the City's home rule authority.

Now, I will ask this question: Will this -- assuming this passes the way you've got it, I'm assuming that's proactive, that it's not going to apply retroactively to an offer.

COMMISSIONER McDANIEL: That's correct.

COMMISSIONER SAUNDERS: So it's --

COMMISSIONER McDANIEL: Going forward.

COMMISSIONER SAUNDERS: It won't apply to the Everglades property.

COMMISSIONER McDANIEL: No. That's not -- that's not the intent here. I mean --

COMMISSIONER SAUNDERS: Okay. So for that property,

we would still need city approval.

COMMISSIONER McDANIEL: Correct.

COMMISSIONER SAUNDERS: All right.

COMMISSIONER McDANIEL: That offer's already been made in there. We're not even sure that we're going to go forward with that transaction. It just -- it just kind of crept up on me.

And again, the way I was thinking about it -- again, I'm not -- I'm not looking to ever take away home rule. I -- if a piece of property -- I mean, there's another piece that's being acquired in the City of Naples that's highly environmentally sensitive for development. And if the City were interested in its acquisition for environmental protection, the City should have already been making that acquisition at some particular stage. They don't have, necessarily, the benefit of the tax revenue that the voters approved for the acquisition.

So -- and, again, I'm not -- I'm not picking on any one particular piece of property. I'm just -- I'm just -- I -- with the adjustments in the processes that we have established here, the City will have notice, the City will be able to participate. If the City objects to -- without having -- with us not having to have a formal approval, but if the City has issues, they'll be in the -- they'll be in the process with regard to the acquisition. I wasn't -- not just going to tell them and show up with a check and take their land -- or buy their land. Forgive me. I'm not taking anything. But they would certainly be aware of the process, and I was just looking to streamline what, in fact, we're looking to do.

COMMISSIONER SAUNDERS: And that piece of property within the city, I assume you're talking about the City of Naples. That piece of property, if the City had some objection, they would -- they would voice it, but it sounds like that's a piece of property that they would agree that should be purchased and would

be supportive of that, and that's the difference.

COMMISSIONER McDANIEL: Agreed. I don't -- I'm not stuck on this. I appreciate your comments, though.

COMMISSIONER SAUNDERS: I don't have any other comments --

MS. COOK: Thank you.

COMMISSIONER SAUNDERS: -- at this time. Reserve the right to have some later.

CHAIRMAN KOWAL: I'm still trying to wrap my head around this, because it just -- to me, if -- the city's a boundary. It's an incorporated boundary that they have their own local government that governs that boundary. They don't own private property. I don't see how a private property person that has the intent to sell something to the Conservation Collier program has anything to do with the City, now unless the City has a piece of property, but wouldn't they have to participate to want to sell it to us anyways? You'd think they'd be motivated to sell it. If their -- owned by the City, the municipality. So I'm kind of like just -- I don't see how approval from something that they have no legal right over comes in play.

COMMISSIONER McDANIEL: And --

CHAIRMAN KOWAL: That's -- I'm just trying to wrap my head around that.

COMMISSIONER McDANIEL: I full well understand that, you know, this is all new. I had an inordinate amount of time to read this and go through this. We're going to see these adjustments that are made in a red-line form with the changes so that you can then contemplate -- we can contemplate them when this comes back for the final vote or for another vote. And so, you know, I'm not looking to belabor the point any more than I already have. I just -- and I thank you for your indulgence.

CHAIRMAN KOWAL: Thank you.

COMMISSIONER McDANIEL: So with that, I'll make a motion for approval with the suggested adjustments.

CHAIRMAN KOWAL: Well, Commissioner Hall wants to say something.

COMMISSIONER McDANIEL: Oh.

CHAIRMAN KOWAL: I'm sorry. I just kind of bullied my way into the conversation.

COMMISSIONER HALL: That's fine. It's all good. You get to.

I'm fine with what we're in the discussion, but the one thing that -- in the effort to streamline the process, I have been highly discretionary of some of these parcels that come forward for purchase, and to go ahead and pay for an appraisal on something that we may not agree to buy in the first place is wasted money. I understand it takes a step out of the process.

But I don't know if there's a way that we can take a peek at what's being -- coming forward before we spend money on appraisals if it's just going to come to us and we're going to say, "No, no, that's not good." Follow what I'm saying?

COMMISSIONER McDANIEL: I do.

CHAIRMAN KOWAL: Commissioner Saunders.

COMMISSIONER SAUNDERS: I think this might help your issue, because I had the same issue. We're not voting today to approve these amendments as part of the ordinance. All we're talking about doing is saying to staff, give us a list of these changes that have been recommended by Commissioner McDaniel, and we will consider those changes when we adopt this ordinance on the first reading of the ordinance when it comes back to us, and so your concern isn't being considered today, but it will be down the road.

COMMISSIONER HALL: It was just a -- it was just a thought during the -- during the change process.

COMMISSIONER SAUNDERS: And a good thought, because I had a note for the same thing, that the process may be cumbersome, but this may be a little too much of a change, and that -- but it was for further consideration, so I don't have an issue moving it forward today.

CHAIRMAN KOWAL: Commissioner McDaniel.

COMMISSIONER McDANIEL: And my rationale was we -- in our real estate acquisitions department, we have people that do an internal appraisal process to even -- to see whether or not the seller's actually asking a price that's within the realm of possibilities, and that can all be done by our staff and then go out for appraisal, so that would -- that was my thought process.

But we'll see all this -- see -- and by the way, I would welcome -- and, you know, we do adjust everything, even on the final reading. So if anybody comes up with a better mousetrap, I'd be happy to hear about it even on the second reading when this comes back.

So with that, I'll make a motion for approval with those suggested adjustments.

CHAIRMAN KOWAL: And I'll second myself. Motion and a second.

COMMISSIONER SAUNDERS: And, again, the suggested changes for future -- our future consideration.

CHAIRMAN KOWAL: Of course.

COMMISSIONER SAUNDERS: So --

COMMISSIONER McDANIEL: Yes, sir.

CHAIRMAN KOWAL: I have a motion and a second. All in favor, signify by saying aye.

COMMISSIONER McDANIEL: Aye.

CHAIRMAN KOWAL: Aye.

COMMISSIONER HALL: Aye.

COMMISSIONER SAUNDERS: Aye.

CHAIRMAN KOWAL: Opposed, same sound, same sign.

(No response.)

MS. COOK: Thank you.

CHAIRMAN KOWAL: All right. We're approved for advertisement and second reading.

Item #15A

PUBLIC COMMENTS ON GENERAL TOPICS NOT ON THE CURRENT OR FUTURE AGENDA BY INDIVIDUALS NOT ALREADY HEARD DURING PREVIOUS PUBLIC COMMENTS IN THIS MEETING

MS. PATTERSON: Commissioners, that brings us to Item 15A, public comments on general topics not on the current or future agenda by individuals not already heard during previous public comments in this meeting.

MR. EBLE: Yes, Mr. Chair, the speaker I mentioned who had technical difficulties at Item 7 has returned. So I'll ask -- Dave Jaye is our registered speaker.

Dave, you should be receiving a prompt to unmute yourself. I see you have unmuted, Jaye.

COMMISSIONER McDANIEL: Dave.

MR. JAYE: Good morning, Commissioners. I'm Dave Jaye, chairman of the Lee County Taxpayers Association. I'm here to address your pending $11.6 million purchase of 1.5 miles of the Seminole Gulf Railroad.

This purchase ignores critical environmental and fiscal realities, environmental blind spot. The Collier County Pollution Control

department was never directed to review the hazardous materials process for this purchase, a deviation from standard procedure for county land purchases.

The environmental screening protocol, Exhibit B, in the contract, is flawed. Intentional dilution. The composite sampling method allows the blending of five specimens into one, scientifically masking concentrated hot spots of lead and arsenic.

Infrastructure emission. While the main line is sampled, the high-risk industry side tracks, specifically Immokalee Tomato Growers, Enty (phonetic) Gargiulo, and Krehling Industries are skipped entirely despite being the exact sites where chemical handling and locomotive repairs occur.

Restricted oversight. The contract grants the railroad veto power over necessary follow-up groundwater testing.

Shallow testing. Mandatory 4-foot drilling limits ignore the migratory migration of heavy industrial toxins into deeper soil and water tables.

Fiscal irresponsibility, inflated costs. You're asked to approve an $11.6 million purchase for a parcel with an assessed tax value of only 104,000, a premium of 111 times the assessed value.

Unbudgeted liabilities. We estimate that an additional 10.6 million is needed for cleanup, rail removal, paving, lighting, restrooms, and to build a bridge over Old 41 crossing, none of this which is currently accounted for in your appraisal.

Misappropriated funds. You were just talking about Collier County funds that are meant for pristine wilderness, not being diverted to purchase polluted industrial dirt.

Immediate action requested. With the 90-day inspection period expiring July 13th of 2026, there is still time to protect the public. I formally request that you task Pollution Control department to review the hazardous materials surveyed and the scientific standards of the

current protocol, order independent testing of discrete, non-composite deep-core borings at all historical side tracks. Release the hazardous materials survey results immediately and provide written answers to our seven critical questions regarding these environmental liabilities.

Taxpayers should not pay for an as-is 11.6 million corporate bailout. Collier County source documents and our analysis of the fiscal and environmental risk and estimates of Phase 2 construction costs are online at usataxfighters.org/issues.

Please reject this purchase agreement by July 13th, 2026.

I've called each of the commissioners' office asking for an opportunity to speak with the commissioners or the staff, and I have not had an opportunity or an appointment made yet.

CHAIRMAN KOWAL: Thank you.

MR. EBLE: That was our final registered speaker.

CHAIRMAN KOWAL: All right. Thank you, Tom.

MS. PATTERSON: And, Commissioners, just to clarify, he was actually speaking on -- I know he was registered to speak earlier, but that would have been Item 16B9, specifically, so that we had him -- we have him --

CHAIRMAN KOWAL: So he should have been on the consent to speak?

MS. PATTERSON: And I believe that's when he tried to speak earlier this morning, but just to clarify for the record, he was a speaker for 16B9.

CHAIRMAN KOWAL: Yeah.

Item #15B

STAFF PROJECT UPDATES

Item #15C

STAFF AND COMMISSION GENERAL COMMUNICATIONS

MS. PATTERSON: Commissioners, that brings us to item -- I almost lost my place -- staff project updates, which we do not have today.

So that does bring us to Item 15C, staff and Commission general communications. I do have a couple of things for you. Just first to clarify for the viewing public, we do have many items on the consent and summary agenda each meeting. There are rules that apply to those which are regularly adhered to, and the public does have the opportunity, both in advance of the meeting and the day of the meeting, to request items be taken either from consent or summary if they have a particular interest in those items, and that -- that does happen with some frequency.

Secondly, relative to public speakers, oftentimes we do talk to the public speakers ahead of the meeting to be sure that we have them properly slotted on the agenda. Because Item 7 and Item 15 are there for items that are not on the current or future agenda, and often the public doesn't have the familiarity with the agenda that we do, we'll speak to them ahead of time to make sure that we have them in the right time slot. It is not an attempt to stop them from speaking or to harass them in any way.

With that, onto another topic is the activities for the 4th of July. We do have several. So I would direct the public's attention to the County's website, but just to highlight a few things: We are having special events and special pricing at our water parks both at Sun-N-Fun and Corkscrew Island; $2.50 for the 4th of July weekend at Sun-N-Fun, and then Big Corkscrew Island on Friday, July 3rd, we do have special pricing there, including 250 free bomb pops to guests

while supplies last for the 4th of July.

We also have a big event going on on Friday, July 3rd at the sports complex. This is America's block party Stars and Stripes Soccer from 11 a.m. to 2 p.m. We're having a block party there with a lot of different family-friendly events, a watch party, and then ultimately, we have FC Naples with a soccer game.

Our museums also have a series of events into July, a number of guest speakers, family fun days, as well as art exhibits and lectures, and we have an ongoing art and essay contest for our kids.

So, again, I'll turn the public's attention to the Collier County website where they can find information on all of these events and hope to see folks out there.

Just a quick reminder, we do have our Tourist Development Privatization Workshop on June 30th at 1 p.m. That's in this room.

July 1st is the ribbon-cutting for Vanderbilt Beach extension, so we'll be seeing all of you out there. It's really exciting. It's already open, but this is the official ribbon-cutting. And then July 10th, we have our veterans' nursing home groundbreaking, and that is all I have.

County Attorney.

MR. KLATZKOW: Nothing. Thank you, County Manager.

MS. PATTERSON: Commissioners.

CHAIRMAN KOWAL: Commissioner Saunders.

COMMISSIONER SAUNDERS: Thank you, Mr. Chairman.

We have the -- we have the $9 million appropriation from the federal government for the veterans' community center, not the nursing home, but the community center, in the building that the County owns there.

We are on a short time clock, I believe, in terms of having a plan in place to expend those funds. I believe September is sort of a drop-dead date. And I want to make sure that we're moving this

project along as quickly as we can.

So we can either have a little update right now or schedule an update at our next meeting. But I think we need to -- we need to know where we are with the competitive bidding and the selection and the proposed construction to make sure we secure those funds.

MS. PATTERSON: Yes, sir. I'm looking at Mr. Mullins in the back of the room. We'll get an update and get it on the next agenda "staff project update" for you.

COMMISSIONER SAUNDERS: Thank you.

MS. PATTERSON: Yep.

CHAIRMAN KOWAL: Is that it?

COMMISSIONER SAUNDERS: Yes, sir. Thank you.

CHAIRMAN KOWAL: Commissioner Hall.

COMMISSIONER HALL: Thank you, Chairman.

I was talking to County Manager yesterday, and in the spirit of doing things smarter, doing things more efficiently, there's an area with our fire and EMS that we don't have direct control over, but I would like to see staff enter back into conversations with all the fire districts to see if there's an interest in doing, you know, things where we can say that -- also in the spirit of this voter referendum coming, we can save the taxpayers quite a bit of money with eliminating some of those redundancies, and I'd be in favor of getting those conversations rolling again.

MS. PATTERSON: Yes, sir. I did reach out to Chief Ricardo yesterday, and we have -- we have a meeting scheduled to chat a little bit, and we'll brief the Board once we get our arms around this. This is something that we've been working on for a while. But I agree and spoke with Commissioner Hall that now is the time to really reengage that conversation.

COMMISSIONER HALL: Thank you.

CHAIRMAN KOWAL: Commissioner McDaniel.

COMMISSIONER McDANIEL: Yes. The previous public speaker brought up July 13th due diligence date that's on that contract for that railroad acquisition, and I just want to make sure that when we -- we extended the contract date out to the April -- or the August 18th date, or thereabouts, we also extended the due diligence period. Was that extended contractually?

MS. PATTERSON: Yes. We're getting an affirmative nod from Trinity in the back.

COMMISSIONER McDANIEL: I saw that affirmative nod. Thank you.

And to Commissioner Hall's point, you must have been listening through the wall yesterday while I was talking. We all are going to have some real difficult discussions coming forward here with regard to how we're going to manage our operations and how we're going to do what we're going to do.

The discussion has -- on a tight subject, on the acquisition of that railroad, want to or have to, and these are the discussions that we're going to have to have in all of our operations if, in fact, that referenda comes forward.

So -- and in my personal opinion, there's nothing that's not on the radar with regard to how we're doing what we're doing and where we're spending the taxpayers' money. So I'm -- I'm in complete agreement with what it is that you're saying, everything that we can do proactively to become more efficient. You adeptly said, Commissioner Hall, that, you know, these are independent districts with their own electric *[sic]* boards and their own staff and their own -- their own decision-making power, but everybody needs to lean in right now because of the advent of this referenda.

I personally am not in support of the referenda, and it certainly isn't because I'm not in support of cutting taxes. It's -- to me this should be a legislative item. This should be done statutorily and not a

constitutional amendment. A constitutional amendment is too stringent.

I mean, our state regularly passes laws, statute, and then come back the next year and patches glitch bills to fix things that they learned when they thought they were doing a good thing with a statute the previous year. Constitutional amendment takes another constitutional amendment to fix things that they learn after it's implemented.

So I think this referenda should fail, and I think our legislature should bring forward a statute to effectuate, similarly, the same thing but do it statutorily just so there's an opportunity to maneuver based upon the myriad of unknowns that are going to come forward.

Happy 4th, everybody.

CHAIRMAN KOWAL: Well, I know that when I first got on the Board, there was some conversation back then even with -- I don't want to say the word "consolidation," but -- I know that some people don't like that word.

But, you know, personally I was taking a deep dive into it to see how we can save the taxpayers' money and streamline this process of, you know, having a more efficient way to provide public safety. You know, I mean, it's -- right now Collier County has probably two of the biggest fire districts in the state of Florida that operate independently and serve the community here.

But from what I'm hearing, the temperature in the room, according to this referendum -- this upcoming amendment on the ballot in November, that they're struggling with it behind the scenes I think more than most.

And, you know, we had the conversation with our sheriff here during the budget meeting, you know, and the Sheriff, I know, personally went through the hard times during the crash. We definitely had to cut back. We had to -- a lot of us didn't get raises

for four or five years, and -- but we got through it. We didn't lose anybody, and we kept the public safety up.

So sometimes you have to streamline. You have to -- you know, it's one of those things, like you want quality over quantity sometimes. So if you have quality service, not so much quantity, it works better for the people in the long run. So I truly think we need to revisit talks with these organizations on the horizon of what might happen in November.

And I would like to thank everybody for participating today in this extremely long meeting. I appreciate I was told I was good looking. I like "handsome" better than "good looking."

But I want to wish everybody a Happy 4th of July, a safe 4th of July, and we'll see you back here, what, July 14th, I believe, is our next Board of County Commissioners meeting.

So thank you, everybody.

COMMISSIONER McDANIEL: Thank you.

CHAIRMAN KOWAL: We are adjourned.

****

Commissioner McDaniel moved, seconded by Commissioner Hall, and carried that the following items under the consent and summary agendas be approved and/or adopted

Item #16A1

OFFICE OF THE COUNTY ATTORNEY TO INITIATE FORECLOSURE PROCEEDINGS PURSUANT TO SECTION 162.09, FLORIDA STATUTES, IN RELATION TO $110,059.25 IN ACCRUING CODE ENFORCEMENT LIENS FOR ONGOING VIOLATIONS AT 131 LIME KEY LANE, NAPLES, FLORIDA 34114, FOLIO #81623360007, ARISING FROM CODE ENFORCEMENT BOARD CASE NO. PROCLAMATION

WHEREAS, National Wellness Month, observed each August, encourages communities to prioritize physical, mental, and emotional well-being through healthy habits, self-care, and meaningful connections; and

WHEREAS, mental health is fundamental to overall health, strengthening individuals, families, and communities while helping people thrive at every stage of life; and

WHEREAS, increasing awareness, reducing stigma, and expanding access to resources empowers individuals to prioritize their mental well-being, seek support when needed, and build resilience; and

WHEREAS, David Lawrence Centers for Behavioral Health's Wellness Institute promotes community wellness through evidence-based training, workshops, and presentations that equip community members with practical tools to support mental health and prevent behavioral health challenges; and

WHEREAS, by partnering with schools, businesses, and local partners, the David Lawrence Centers for Behavioral Health's Wellness Institute is helping to create a healthier, more resilient Collier County where mental wellness is valued, and support is within reach;

NOW THEREFORE, be it proclaimed by the Board of County Commissioners of Collier County, Florida, that August 2026 be designated as

NATIONAL WELLNESS MONTH

DONE AND ORDERED THIS 28TH Day of July 2026.

Board of County Commissioners
Collier County, Florida

_____
Dan Kowal, Chairman

COLLIER COUNTY BOARD OF COUNTY COMMISSIONERS
REQUEST FOR PROCLAMATION

Please complete the form below and email to Proclamations@collier.gov along with a draft of the proclamation *(Insert language on the Draft Proclamation From linked on the same webpage as this Request Form)*. **Forms must be submitted a minimum of 13 days prior to the requested meeting date.**

Please note: A Commissioner sponsor is required!

COMMISSIONER(S) AGREEING TO SPONSOR: Dan Kowal

Once the Board agenda is **approved** by the Chair, staff will contact you to confirm receipt and presentation at an upcoming Board of County Commissioners meeting. If you have any questions, please email Proclamations@collier.gov or by calling (239) 252-8075.

NAME: Jessica Liria

ADDRESS: 6075 Bathey Lane
Naples, FL 34116

PHONE: 239-354-1409

EMAIL: jessical@dlcenters.org

DATE OF THE COMMISSION MEETING BEING REQUESTED FOR PRESENTATION: July 28, 2026

TOPIC/REASON FOR THE PROCLAMATION REQUEST: Wellness Month

DOES THIS PROCLAMATION RECOGNIZE A *SPECIFIC* CALENDAR DATE? August

HAS THE PROCLAMATION BEEN PRESENTED BY THE BOARD IN PREVIOUS YEARS? No

NAME OF THE LEAD RECIPIENT AND TITLE (IF APPLICABLE) WHO WILL BE PRESENT AND INTRODUCED AT THE MEETING TO ACCEPT THE PROCLAMATION: *(Other attendees may also participate in the receipt of the Proclamation but will be announced by the County Manager as "distinguished guests." Commissioners may opt to identify others, by name, in any comments they make during or after the presentation of the Proclamation.)*

***LEAD* RECIPIENT NAME:** Jessica Liria, Director of Community Wellness & Impact, David Lawrence Centers for Behavioral Health and the DLC Wellness Institute

Note: A photograph will be taken with the County Commissioners at the meeting when the proclamation is presented. Other persons present with the recipients may also come forward at the time of the photograph.
Would you like a copy of this photograph sent *(circle one)*: **Via email** / **Via U.S. Mail**
Per your delivery selection, please provide a name and email address or physical mailing address *if different than already provided on the form above*:

Executive Summary

Recommendation that the Board of County Commissioners, acting as the Collier County Airport Authority, approve the concept of a proposed solicitation for development, financing, management, and/or operation opportunities at Immokalee Regional Airport and Everglades Airpark, and authorize the County Manager or designee to prepare and advertise a solicitation consistent with the Board's approved concept.

OBJECTIVE: To seek Board approval of the proposed concept and authorize the County Manager or designee to prepare a scope and advertise the appropriate procurement document to test the market for potential development, financing, management, and/or operating opportunities related to new terminal and/or fixed base operator facilities at Immokalee Regional Airport and Everglades Airpark.

CONSIDERATIONS:

This item is being brought forward for Board consideration to determine whether the County should test the private market before committing to a traditional public delivery model for future terminal and fixed base operator facility improvements at Immokalee Regional Airport (IMM) and Everglades Airpark (X01).

The Collier County Airport Authority has the ability to fund new terminal and/or fixed base operator facilities at both airports; however, advertising a solicitation would allow the Board to evaluate whether private-sector participation may provide greater value than traditional public funding and delivery. The proposed concept is intended to determine whether alternative delivery, development, financing, operating, or hybrid structures may accelerate delivery, reduce public capital requirements, transfer appropriate risk, improve customer service, enhance long-term financial performance, or otherwise advance the public interest.

The concept does not prescribe a single transaction structure or procurement vehicle. Qualified proposers would be encouraged to submit creative, financially responsible, and operationally sound concepts, within the scope of the selected procurement delivery method, which may include built-to-suit arrangements, development-and-operating agreements, long-term ground leases, terminal/FBO development agreements, management or operating agreements, leaseback structures, private financing of public or tenant improvements, phased development concepts, cost-sharing, revenue-sharing, or other legally permissible arrangements.

At IMM, the anticipated primary area of interest is the planned terminal/FBO development area consisting of approximately 30 acres near the intersection of the airport's runways, together with supporting lands, access, apron, utility, operational, and infrastructure areas that may be identified during the solicitation and negotiation process. The solicitation would also advise respondents that portions of IMM are subject to existing leases, development agreements, operational commitments, and planned aeronautical improvements, and that any proposal must be compatible with those existing obligations. Review will also be necessary to ensure that any proposed solicitation will not conflict with outstanding federal and state grants.

At X01, the Authority is interested in evaluating whether private-sector participation may support the development, financing, operation, maintenance, or management of a new terminal and/or FBO-related facility while preserving the safe, efficient, and public-serving character of the airport. Responses may address IMM, X01, or both airports, and respondents may submit a single integrated concept, separate concepts for each airport, or alternative approaches for the Authority's consideration, subject to the final scope created for the proposed solicitation.

Approval of this item would not approve a final procurement document, award a contract, approve a lease, or commit the Authority to any specific delivery model. Rather, approval would authorize the County Manager or designee to prepare a scope based on the concept and advertise the appropriate procurement document based on the Board's direction, in coordination with the Procurement Services Division, the County Attorney's Office, and Airport Authority staff.

The proposed concept would preserve the Board's flexibility. The term of any resulting contract is anticipated not to exceed forty years, subject to negotiation and final approval. Specific terms, including premises, operational responsibilities, ownership structure, maintenance obligations, reversionary interests, capital commitments, rent, fees, revenue treatment, and other business terms, would be subject to negotiation based on the terms of the solicitation. The

Authority would not be obligated to enter into any lease, management agreement, operating agreement, development agreement, concession agreement, or other arrangement and may instead pursue traditional public funding and delivery, negotiate with one or more respondents, reject all responses, or take no action.

Qualified proposers will be required to present to the Board of County Commissioners, acting as the Collier County Airport Authority. Based upon a review of the method of solicitation, the presentations and the proposals received, the Airport Authority may select one or more of the proposers to begin negotiations. Any negotiated agreement resulting from the solicitation would be brought back to the Board for consideration and approval, as applicable.

This item is consistent with the Collier County Strategic Plan, including the Strategic Focus Areas of Responsible Governance, Community Development, Infrastructure and Asset Management, and Quality of Place. The proposed solicitation supports fiscal stewardship and data-driven decision-making by testing whether private-sector participation may provide greater value than traditional public funding; encourages diverse economic opportunities through airport-related business development; supports planning and building public infrastructure and facilities through potential partnership structures; and preserves public-serving airport facilities that support aviation activity, visitor access, tourism, and emergency response capability.

FISCAL IMPACT:

There is no direct fiscal impact associated with approving the solicitation scope and authorizing preparation and advertisement of the appropriate procurement document. Staff time associated with preparation, advertising, evaluation, negotiation, and related procurement activities will be absorbed within the current operating budget.

Any future fiscal impact will depend on the responses received and any negotiated agreement ultimately brought back for Board consideration. Potential future terms may include, but are not limited to, private capital investment, cost-sharing, rent, fees, revenue treatment, reimbursement, rent credits, operational responsibilities, or other negotiated financial terms. No final financial obligation will be created by approval of this item or issuance of the solicitation.

GROWTH MANAGEMENT IMPACT: There is no Growth Management impact associated with approving the solicitation concept and authorizing preparation of a scope and advertisement of the appropriate procurement document.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval—SRT

RECOMMENDATION(S): Recommendation that the Board of County Commissioners, acting as the Collier County Airport Authority, approve the concept and direct staff to prepare a scope of a proposed solicitation for development, financing, management, and/or operation opportunities at Immokalee Regional Airport and Everglades Airpark, and authorize the County Manager or designee to prepare and advertise a solicitation consistent with the Board's direction.

Executive Summary

Recommendation to award Request for Professional Services No. 24-8286, "Design Services for Immokalee Road and Livingston Road Flyover," to DRMP, Inc., in the amount of $7,594,351.10, approve the necessary Budget Amendments, and authorize the Chair to sign the attached Agreement. (Project Number 60268)

OBJECTIVE: To obtain professional engineering design and related services for the Immokalee Road and Livingston Road Flyover.

CONSIDERATIONS: Transportation Planning completed the "Immokalee Road Corridor Congestion Study" in August 2021 to identify and evaluate potential improvements to reduce congestion and delays along Immokalee Road (County Road 846) from Livingston Road to Logan Boulevard. One of the study's recommendations is to construct a four-lane, grade-separated flyover with Livingston Road bridging over Immokalee Road.

On January 13, 2025, the Procurement Services Division issued Request for Professional Services No. 24-8286, "Design Services for Immokalee Road and Livingston Road Flyover," and extended the proposal response date by an additional eight days to increase competition. The County received three proposals by the February 26, 2025, deadline. Staff reviewed the proposals and found all three firms to be responsive and responsible. On June 10, 2025 (Agenda Item 16.B.1), the Board authorized staff to negotiate an agreement with the top-ranked firm, DRMP, Inc. ("DRMP"). Negotiations with DRMP began on July 15, 2025.

DRMP initially presented a proposal in the amount of $8,436,061.00, which staff negotiated down to $7,594,351.10, a saving of $841,709.90, following a series of negotiation sessions facilitated by the County's Procurement Services Division. The Board's approval of this item will be an acknowledgment of the cost reasonableness of the contract amount based upon staff's competitive negotiation as required by the Consultants Competitive Negotiations Act, Florida Statute §287.055.

The proposed flyover project may conflict with existing County-owned water, wastewater, and irrigation quality water infrastructure located within the project corridor. As part of the design effort, these utility conflicts will be evaluated and utility relocation plans developed as necessary to accommodate the proposed improvements. The estimated design and post design cost associated with utility relocation engineering services is $875,416.09 and is included within the negotiated contract amount.

DRMP has been providing professional engineering services in Florida for over 50 years and has previously satisfactorily performed services on various County projects.

The project is consistent with the Collier County strategic plan's objective of designing and maintaining an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT:

The total contract award for design services is $7,594,351.10. The allocation between the various funds is shown below:

Fund	Funding Source	Project No.	Amount
Transportation Grants Fund (1841)	CIGP	60268-01	$75,042.00
Transportation Match Fund (1842)	CIGP	60268-01	$75,042.00

Transportation Grants Fund (1841)	TRIP	60268-02	$2,424,958.00
Transportation Match Fund (1842)	TRIP	60268-02	$2,424,958.00
Road Construction - Gas Tax Fund (3083)	Gas Taxes	60268	$1,421,478.01
Road Impact District 4 Fund (3093)	Road Impact Fees	60268	$297,457.00
CO Water Capital Project Fund (4012)	Water User Fees	70071	$291,754.03
CO Sewer Capital Project Fund (4014)	Wastewater User Fees	73065	$583,662.06
Total			$7,594,351.10

A budget amendment in the amount of $583,662.06, is necessary for the reallocation of funds within the CO Sewer Capital Project Fund (4014) from the ARV Replacement Program Project (70272) into County-Wide Utilities Wastewater Project (73065). The source of funding is previously appropriated grant funds via the FDOT State Grant Program CIGP and TRIP, gas taxes, road impact fees, water and wastewater user fees.

GROWTH MANAGEMENT IMPACT: The project is consistent with the Long-Range Transportation Plan and Objective 1 of the Transportation Element of the Collier County Growth Management Plan to maintain the major roadway system at an acceptable Level of Service.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATION(S): Recommendation to award Request for Professional Services No. 24-8286, “Design Services for Immokalee Road and Livingston Road Flyover,” to DRMP, Inc. in the amount of $7,594,351.10, approve the attached budget amendment, and authorize the Chairman to sign the attached Agreement. INSURANCE AND BONDING REQUIREMENTS

Insurance / Bond Type	Required Limits
1. ☒ Worker's Compensation	Statutory Limits of Florida Statutes, Chapter 440 and all Federal Government Statutory Limits and Requirements Evidence of Workers' Compensation coverage or a Certificate of Exemption issued by the State of Florida is required. Entities that are formed as Sole Proprietorships shall not be required to provide a proof of exemption. An application for exemption can be obtained online at https://apps.fldfs.com/bocexempt/
2. ☒ Employer's Liability	**$_500,000_____** single limit per occurrence
3. ☒ Commercial General Liability (Occurrence Form) patterned after the current ISO form	Bodily Injury and Property Damage **$_1,000,000___**single limit per occurrence, $5,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.
4. ☒ Indemnification	To the maximum extent permitted by Florida law, the Contractor/Vendor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor/ Vendor or anyone employed or utilized by the Contractor/Vendor in the performance of this Agreement.
5. ☒ Automobile Liability	**$__500,000_____** Each Occurrence; Bodily Injury & Property Damage, Owned/Non-owned/Hired; Automobile Included
6. ☒ Other insurance as noted:	☐ Watercraft **$** _____ Per Occurrence ☐ United States Longshoreman's and Harborworker's Act coverage shall be maintained where applicable to the completion of the work. **$** _____ Per Occurrence ☐ Maritime Coverage (Jones Act) shall be maintained where applicable to the completion of the work. **$** _____ Per Occurrence ☐ Aircraft Liability coverage shall be carried in limits of not less than $5,000,000 each occurrence if applicable to the completion of the Services under this Agreement. **$** _____ Per Occurrence ☐ Pollution **$** _____ Per Occurrence ☒ Professional Liability **$ __1,000,000__** Per claim & in the aggregate ☐ Project Professional Liability **$**_____ Per Occurrence ☐ Valuable Papers Insurance **$**_____ Per Occurrence ☐ Cyber Liability **$**_____ Per Occurrence ☐ Technology Errors & Omissions **$**_____ Per Occurrence
7. ☐ Bid bond	Shall be submitted with proposal response in the form of certified funds, cashiers' check or an irrevocable letter of credit, a cash bond posted with the County Clerk, or proposal bond in a sum equal to 5% of the cost proposal. All checks shall be made payable to the Collier County Board of County Commissioners on a bank or trust company located in the State of Florida and insured by the Federal Deposit Insurance Corporation.

8. ☐ Performance and Payment Bonds

For projects in excess of $200,000, bonds shall be submitted with the executed contract by Proposers receiving award, and written for 100% of the Contract award amount, the cost borne by the Proposer receiving an award. The Performance and Payment Bonds shall be underwritten by a surety authorized to do business in the State of Florida and otherwise acceptable to Owner; provided, however, the surety shall be rated as "A-" or better as to general policy holders rating and Class V or higher rating as to financial size category and the amount required shall not exceed 5% of the reported policy holders' surplus, all as reported in the most current Best Key Rating Guide, published by A.M. Best Company, Inc. of 75 Fulton Street, New York, New York 10038.

9. ☒ Vendor shall ensure that all subcontractors comply with the same insurance requirements that he is required to meet. The same Vendor shall provide County with certificates of insurance meeting the required insurance provisions.

10. ☒ Collier County must be named as "**ADDITIONAL INSURED**" on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Vendor's policy shall be endorsed accordingly.

11. ☒ The Certificate Holder shall be named as Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR Collier County Government, OR Collier County. The Certificates of Insurance must state the Contract Number, or Project Number, or specific Project description, or must read: For any and all work performed on behalf of Collier County.

12. ☒ **On all certificates, the Certificate Holder must read:** Collier County Board of County Commissioners, 3295 Tamiami Trail East, Naples, FL 34112

13. ☒ **Thirty (30) Days Cancellation Notice** required.

14. Collier County shall procure and maintain Builders Risk Insurance on all construction projects where it is deemed necessary. Such coverage shall be endorsed to cover the interests of Collier County as well as the Contractor. Premiums shall be billed to the project and the Contractor shall not include Builders Risk premiums in its project proposal or project billings. All questions regarding Builder's Risk Insurance will be addressed by the Collier County Risk Management Division.

GG – 8/13/24

Vendor's Insurance Acceptance

By submission of the bid Vendor accepts and understands the insurance requirements of these specifications and that the evidence of insurability may be required within five (5) days of the award of this solicitation. The insurance submitted must provide coverage for a minimum of six (6) months from the date of award.

PROFESSIONAL SERVICES AGREEMENT

Contract # 24-8286

for

" Design Services for Immokalee Road and Livingston Road Flyover "

THIS AGREEMENT is made and entered into this ____ day of _____, 20 26 by and between the Board of County Commissioners for Collier County, Florida, a political subdivision of the State of Florida (hereinafter referred to as the "COUNTY") and DRMP, Inc. authorized to do business in the State of Florida, whose business address is 941 Lake Baldwin Lane Orlando, FL 32814 (hereinafter referred to as the "CONSULTANT" and/or "CONTRACTOR").

W I T N E S S E T H:

WHEREAS, the COUNTY desires to obtain the professional services of the CONSULTANT concerning "Design Services for Immokalee Road and Livingston Road Flyover" (hereinafter referred to as the "Project"), said services in accordance with the provisions of Section 287.055, Florida Statutes being more fully described in Schedule A, "Scope of Services", which is attached hereto and incorporated herein;

WHEREAS, the CONSULTANT has submitted a proposal for provision of those services; and;

WHEREAS, the CONSULTANT represents that it has expertise in the type of professional services that will be required for the Project.

NOW, THEREFORE, in consideration of the mutual covenants and provisions contained herein, the parties hereto agree as follows:

ARTICLE ONE
CONSULTANT'S RESPONSIBILITY

1.1. CONSULTANT shall provide to COUNTY professional services in all phases of the Project to which this Agreement applies.

1.2. The Basic Services to be performed by CONSULTANT hereunder are set forth in the Scope of Services described in detail in Schedule A. The total compensation to be paid CONSULTANT by the COUNTY for all Basic Services is set forth in Article Five and Schedule B, "Basis of Compensation", which is attached hereto and incorporated herein.

1.3. The CONSULTANT agrees to obtain and maintain throughout the period of this Agreement all such licenses as are required to do business in the State of Florida and in Collier County, Florida, including, but not limited to, all licenses required by the respective state boards and other governmental agencies responsible for regulating and licensing the professional services to be provided and performed by the CONSULTANT pursuant to this Agreement.

1.4. The CONSULTANT agrees that, when the services to be provided hereunder relate to a professional service which, under Florida Statutes, requires a license, certificate of authorization or other form of legal entitlement to practice such services, it shall employ and/or retain only qualified personnel to provide such services to the COUNTY.

1.5. CONSULTANT designates Colette Moss, PE a qualified licensed professional to serve as the CONSULTANT's project coordinator (hereinafter referred to as the "Project Coordinator"). The Project Coordinator is authorized and responsible to act on behalf of the CONSULTANT with respect to directing, coordinating and administering all aspects of the services to be provided and performed under this Agreement. Further, the Project Coordinator has full authority to bind and obligate the CONSULTANT on all matters arising out of or relating to this Agreement. The CONSULTANT agrees that the Project Coordinator shall devote whatever time is required to satisfactorily manage the services to be provided and performed by the CONSULTANT hereunder. The Project Coordinator shall not be removed by CONSULTANT from the Project without the COUNTY's prior written approval, and if so removed must be immediately replaced with a person acceptable to the COUNTY.

1.6. CONSULTANT agrees, within fourteen (14) calendar days of receipt of a written request from the COUNTY to promptly remove and replace the Project Coordinator, or any other personnel employed or retained by the CONSULTANT, or any subconsultants or subcontractors or any personnel of any such subconsultants or subcontractors engaged by the CONSULTANT to provide and perform services or work pursuant to the requirements of this Agreement, said request may be made with or without cause. Any personnel so removed must be immediately replaced with a person acceptable to the COUNTY.

1.7. The CONSULTANT represents to the COUNTY that it has expertise in the type of professional services that will be performed pursuant to this Agreement and has extensive experience with projects similar to the Project required hereunder. The CONSULTANT agrees that all services to be provided by CONSULTANT pursuant to this Agreement shall be subject to the COUNTY's review and approval and shall be in accordance with the generally accepted standards of professional practice in the State of Florida, as well as in accordance with all applicable laws, statutes, including but not limited to ordinances, codes, rules, regulations and requirements of any governmental agencies, and the Florida Building Code where applicable, which regulate or have jurisdiction over the Services to be provided and performed by CONSULTANT hereunder, the Local Government Prompt Payment Act (218.735 and 218.76 F.S.), as amended, and the Florida Public Records Law Chapter 119, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONSULTANTS'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division
3299 Tamiami Trail East, Suite 801
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@collier.gov

The Consultant must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Consultant observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

1.8. In the event of any conflicts in these requirements, the CONSULTANT shall notify the COUNTY of such conflict and utilize its best professional judgment to advise the COUNTY regarding resolution of each such conflict. The COUNTYS approval of the design documents in no way relieves CONSULTANT of its obligation to deliver complete and accurate documents necessary for successful construction of the Project.

1.9. The COUNTY reserves the right to deduct portions of the (monthly) invoiced (task) amount for the following: Tasks not completed within the expressed time frame, including required deliverables, incomplete and/or deficient documents, failure to comply with local, state and/or federal requirements and/or codes and ordinances applicable to CONSULTANT's performance of the work as related to the project. This list is not deemed to be all-inclusive, and the COUNTY reserves the right to make sole determination regarding deductions. After notification of deficiency, if the CONSULANT fails to correct the deficiency within the specified timeframe, these funds would be forfeited by the CONSULTANT. The COUNTY may also deduct or charge the CONSULTANT for services and/or items necessary to correct the deficiencies directly related to the CONSULTANT's non-performance whether or not the COUNTY obtained substitute performance.

1.10. CONSULTANT agrees not to divulge, furnish or make available to any third person, firm or organization, without the COUNTY's prior written consent, or unless incident to the proper performance of the CONSULTANT'S obligations hereunder, or in the course of judicial or legislative proceedings where such information has been properly subpoenaed, any non-public information concerning the services to be rendered by CONSULTANT hereunder, and CONSULTANT shall require all of its employees, agents, subconsultants and subcontractors to comply with the provisions

of this paragraph. CONSULTANT shall provide the COUNTY prompt written notice of any such subpoenas.

1.11. As directed by the COUNTY, all plans and drawings referencing a specific geographic area must be submitted in an AutoCAD DWG or MicroStation DGN digital format, drawn in the Florida State Plane East (US Feet) Coordinate System (NAD 83/90). The drawings should either reference specific established Survey Monumentation, such as Certified Section Corners (Half or Quarter Sections are also acceptable), or when implemented, derived from the RTK (Real-Time Kinematic) GPS Network as provided by the COUNTY. Information layers shall have common naming conventions (i.e. right-of-way - ROW, centerlines - CL, edge-of-pavement - EOP, etc.), and adhere to industry standard CAD specifications.

ARTICLE TWO
ADDITIONAL SERVICES OF CONSULTANT

2.1. If authorized in writing by the COUNTY through a Change Order or Amendment to this Agreement, CONSULTANT shall furnish or obtain from others Additional Services of the types listed in Article Two herein. The agreed upon scope, compensation and schedule for Additional Services shall be set forth in the Change Order or Amendment authorizing those Additional Services. With respect to the individuals with authority to authorize Additional Services under this Agreement, such authority will be as established in the COUNTY's Procurement Ordinance and Procedures in effect at the time such services are authorized. These services will be paid for by the COUNTY as indicated in Article Five and Schedule B. Except in an emergency endangering life or property, any Additional Services must be approved in writing via a Change Order or an Amendment to this Agreement prior to starting such services. The COUNTY will not be responsible for the costs of Additional Services commenced without such express prior written approval. Failure to obtain such prior written approval for Additional Services will be deemed: (i) a waiver of any claim by CONSULTANT for such Additional Services and (ii) an admission by CONSULTANT that such Work is not additional but rather a part of the Basic Services required of CONSULTANT hereunder. If the COUNTY determines that a change in the Agreement is required because of the action taken by CONSULTANT in response to an emergency, an Amendment shall be issued to document the consequences of the changes or variations, provided that CONSULTANT has delivered written notice to the COUNTY of the emergency within forty-eight (48) hours from when CONSULTANT knew or should have known of its occurrence. Failure to provide the forty-eight (48) hour written notice noted above, waives CONSULTANT's right it otherwise may have had to seek an adjustment to its compensation or time of performance under this Agreement. The following services, if not otherwise specified in Schedule A as part of Basic Services, shall be Additional Services:

2.1.1 Preparation of applications and supporting documents (except those already to be furnished under this Agreement) for private or governmental grants, loans, bond issues or advances in connection with the Project.

2.1.2 Services resulting from significant changes in the general scope, extent or character of the Project or its design including, but not limited to, changes in size, complexity, the COUNTY's schedule or character of construction; and revising studies, reports, design documents or Contract Documents previously accepted by the COUNTY when such revisions are required by changes in laws, rules, regulations, ordinances, codes or orders enacted subsequent to and not reasonably anticipated prior to the preparation of such studies, reports or documents, or are due to any other causes beyond CONSULTANT's control and fault.

2.1.3 Providing renderings or models for the COUNTY's use.

2.1.4 Investigations and studies involving detailed consideration of operations, maintenance and overhead expenses; the preparation of feasibility studies, cash flow and economic evaluations, rate schedules and appraisals; and evaluating processes available for licensing and assisting the COUNTY in obtaining such process licensing.

2.1.5 Furnishing services of independent professional associates and consultants for other than the Basic Services to be provided by CONSULTANT hereunder.

2.1.6 Services during travel outside of Collier and Lee Counties required of CONSULTANT and directed by the COUNTY, other than visits to the Project site or the COUNTY's office.

2.1.7 Preparation of operating, maintenance and staffing manuals, except as otherwise provided for herein.

2.1.8 Preparing to serve or serving as a CONSULTANT or witness for the COUNTY in any litigation, or other legal or administrative proceeding, involving the Project (except for assistance in consultations which are included as part of the Basic Services to be provided herein).

2.1.9 Additional services rendered by CONSULTANT in connection with the Project, not otherwise provided for in this Agreement or not customarily furnished in Collier County as part of the Basic Services in accordance with generally accepted professional practice.

ARTICLE THREE
THE COUNTY'S RESPONSIBILITIES

3.1. The COUNTY shall designate in writing a project manager to act as the COUNTY's representative with respect to the services to be rendered under this Agreement (hereinafter referred to as the "Project Manager"). The Project Manager shall have authority to transmit instructions, receive information, interpret and define the COUNTY's policies and decisions with respect to CONSULTANT's services for the Project. However, the Project Manager is not authorized to issue any verbal or written orders or instructions to the CONSULTANT that would have the effect, or be interpreted to have the effect, of modifying or changing in any way whatever:

a. The scope of services to be provided and performed by the CONSULTANT hereunder;
b. The time the CONSULTANT is obligated to commence and complete all such services; or
c. The amount of compensation the COUNTY is obligated or committed to pay the CONSULTANT.

3.2. The Project Manager shall:

a. Review and make appropriate recommendations on all requests submitted by the CONSULTANT for payment for services and work provided and performed in accordance with this Agreement;
b. Provide all criteria and information requested by CONSULTANT as to the COUNTY 's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility and expandability, and any budgetary limitations;
c. Upon request from CONSULTANT, assist CONSULTANT by placing at CONSULTANT's disposal all available information in the COUNTY's possession pertinent to the Project,

including existing drawings, specifications, shop drawings, product literature, previous reports and any other data relative to the Project;

d. Arrange for access to and make all provisions for CONSULTANT to enter the Project site to perform the services to be provided by CONSULTANT under this Agreement; and
e. Provide notice to CONSULTANT of any deficiencies or defects discovered by the COUNTY with respect to the services to be rendered by CONSULTANT hereunder.

ARTICLE FOUR
TIME

4.1. Services to be rendered by CONSULTANT shall be commenced subsequent to the execution of this Agreement upon written Notice to Proceed from the COUNTY for all or any designated portion of the Project and shall be performed and completed in accordance with the Project Milestone Schedule attached hereto and made a part hereof as Schedule C. Time is of the essence with respect to the performance of this Agreement.

4.2. Should CONSULTANT be obstructed or delayed in the prosecution or completion of its services as a result of unforeseeable causes beyond the control of CONSULTANT, and not due to its own fault or neglect, including but not restricted to acts of nature or of public enemy, acts of government or of the COUNTY, fires, floods, epidemics, quarantine regulations, strikes or lock-outs, then CONSULTANT shall notify the COUNTY in writing within five (5) working days after commencement of such delay, stating the specific cause or causes thereof, or be deemed to have waived any right which CONSULTANT may have had to request a time extension for that specific delay.

4.3. No interruption, interference, inefficiency, suspension or delay in the commencement or progress of CONSULTANT's services from any cause whatsoever, including those for which the COUNTY may be responsible in whole or in part, shall relieve CONSULTANT of its duty to perform or give rise to any right to damages or additional compensation from the COUNTY. CONSULTANT's sole remedy against the COUNTY will be the right to seek an extension of time to its schedule provided, however, the granting of any such time extension shall not be a condition precedent to the aforementioned "No Damage For Delay" provision. This paragraph shall expressly apply to claims for early completion, as well as claims based on late completion. Provided, however, if through no fault or neglect of CONSULTANT, the services to be provided hereunder have been delayed for a total of 180 calendar days, CONSULTANT's compensation shall be equitably adjusted, with respect to those services that have not yet been performed, to reflect the incremental increase in costs experienced by CONSULTANT, if any, as a result of such delays.

4.4. Should the CONSULTANT fail to commence, provide, perform or complete any of the services to be provided hereunder in a timely manner, in addition to any other rights or remedies available to the COUNTY hereunder, the COUNTY at its sole discretion and option may withhold any and all payments due and owing to the CONSULTANT until such time as the CONSULTANT resumes performance of its obligations hereunder in such a manner so as to reasonably establish to the COUNTY's satisfaction that the CONSULTANT's performance is or will shortly be back on schedule.

4.5. In no event shall any approval by the COUNTY authorizing CONSULTANT to continue performing Work under this Agreement or any payment issued by the COUNTY to CONSULTANT be deemed a waiver of any right or claim the COUNTY may have against CONSULTANT for delay or any other damages hereunder.

ARTICLE FIVE
COMPENSATION

5.1. Compensation and the manner of payment of such compensation by the COUNTY for services rendered hereunder by CONSULTANT shall be as prescribed in Schedule B, entitled "Basis of Compensation", which is attached hereto and made a part hereof. The Project Manager, or designee, reserves the right to utilize any of the following Price Methodologies:

Lump Sum (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the COUNTY to the CONSULTANT; and, as a business practice there are no hourly or material invoices presented, rather, the CONSULTANT must perform to the satisfaction of the COUNTY's Project Manager before payment for the fixed price contract is authorized.

Time and Materials(not to exceed): The COUNTY agrees to pay the contractor for the amount of labor time spent by the CONSULTANT 's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's mark-up). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

5.2. The hourly rates as set forth and identified in Schedule B, which is attached hereto, shall apply only to tasks procured under the Time and Materials pricing methodology specified in paragraph 5.1 above. ■ **Grant Funded**: The hourly rates as set forth and identified in Schedule B, which is attached hereto, are for purposes of providing estimate(s), as required by the grantor agency.

ARTICLE SIX
THE OWNERSHIP OF DOCUMENTS

6.1. Upon the completion or termination of this Agreement, as directed by the COUNTY, CONSULTANT shall deliver to the COUNTY copies or originals of all records, documents, drawings, notes, tracings, plans, MicroStation or AutoCAD files, specifications, maps, evaluations, reports and other technical data, other than working papers, prepared or developed by or for CONSULTANT under this Agreement ("Project Documents"). The COUNTY shall specify whether the originals or copies of such Project Documents are to be delivered by CONSULTANT. CONSULTANT shall be solely responsible for all costs associated with delivering to the COUNTY the Project Documents. CONSULTANT, at its own expense, may retain copies of the Project Documents for its files and internal use.

6.2. Notwithstanding anything in this Agreement to the contrary and without requiring the COUNTY to pay any additional compensation, CONSULTANT hereby grants to the COUNTY a nonexclusive, irrevocable license in all of the Project Documents for the COUNTY's use on this Project. CONSULTANT warrants to the COUNTY that it has full right and authority to grant this license to the COUNTY. Further, CONSULTANT consents to the COUNTY's use of the Project Documents to complete the Project following CONSULTANT's termination for any reason or to perform additions to or remodeling, replacement or renovations of the Project. CONSULTANT also acknowledges the

COUNTY may be making Project Documents available for review and information to various third parties and hereby consents to such use by the COUNTY.

ARTICLE SEVEN
MAINTENANCE OF RECORDS

7.1. CONSULTANT will keep adequate records and supporting documentation which concern or reflect its services hereunder. The records and documentation will be retained by CONSULTANT for a minimum of five (5) years from (a) the date of termination of this Agreement or (b) the date the Project is completed, whichever is later, or such later date as may be required by law. The COUNTY, or any duly authorized agents or representatives of the COUNTY, shall, free of charge, have the right to audit, inspect and copy all such records and documentation as often as they deem necessary during the period of this Agreement and during the five (5) year period noted above, or such later date as may be required by law; provided, however, such activity shall be conducted only during normal business hours.

ARTICLE EIGHT
INDEMNIFICATION

8.1. To the maximum extent permitted by Florida law, CONSULTANT shall indemnify and hold harmless the COUNTY, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of CONSULTANT or anyone employed or utilized by the CONSULTANT in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph 8.1.

8.2. To the extent that the Agreement that the work pertains to a "Professional Services Contract" as defined in Section 725.08(3), Florida Statutes, and the CONSULTANT is a "Design Professional" as defined in Section 725.08(4), Florida Statutes, the indemnification provided herein shall be limited as provided in Sections 725.08(1) & (2), Florida Statutes.

ARTICLE NINE
INSURANCE

9.1. CONSULTANT shall obtain and carry, at all times during its performance under the Contract Documents, insurance of the types and in the amounts set forth in SCHEDULE D to this Agreement.

9.2. All insurance shall be from responsible companies duly authorized to do business in the State of Florida.

9.3. All insurance policies required by this Agreement shall include the following provisions and conditions by endorsement to the policies:

9.3.1. All insurance policies, other than the Business Automobile policy, Professional Liability policy, and the Workers Compensation policy, provided by CONSULTANT to meet the requirements of this Agreement shall name Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government, as an additional insured as to the operations of CONSULTANT under this Agreement and shall contain a severability of interests' provisions.

9.3.2. Companies issuing the insurance policy or policies shall have no recourse against the COUNTY for payment of premiums or assessments for any deductibles which all are at the sole responsibility and risk of CONSULTANT.

9.3.3. All insurance coverage of CONSULTANT shall be primary to any insurance or self-insurance program carried by the COUNTY applicable to this Project, and the "Other Insurance" provisions of any policies obtained by CONSULTANT shall not apply to any insurance or self-insurance program carried by the COUNTY applicable to this Project.

9.3.4. The Certificates of Insurance must read: **For any and all work performed on behalf of Collier County,** or reference this contract number.

9.3.5. All insurance policies shall be fully performable in Collier County, Florida, and shall be construed in accordance with the laws of the State of Florida.

9.4. CONSULTANT, its subconsultants and the COUNTY shall waive all rights against each other for damages covered by insurance to the extent insurance proceeds are paid and received by the COUNTY, except such rights as they may have to the proceeds of such insurance held by any of them.

9.5. All insurance companies from whom CONSULTANT obtains the insurance policies required hereunder must meet the following minimum requirements:

9.5.1. The insurance company must be duly licensed and authorized by the Department of Insurance of the State of Florida to transact the appropriate insurance business in the State of Florida.

9.5.2. The insurance company must have a current A. M. Best financial rating of "Class VI" or higher.

ARTICLE TEN
SERVICES BY CONSULTANT'S OWN STAFF

10.1. The services to be performed hereunder shall be performed by CONSULTANT's own staff, unless otherwise authorized in writing by the COUNTY. The employment of, contract with, or use of the services of any other person or firm by CONSULTANT, as independent consultant or otherwise, shall be subject to the prior written approval of the COUNTY. No provision of this Agreement shall, however, be construed as constituting an agreement between the COUNTY and any such other person or firm. Nor shall anything in this Agreement be deemed to give any such party or any third party any claim or right of action against the COUNTY beyond such as may then otherwise exist without regard to this Agreement.

10.2. Attached as Schedule F is a listing of all key personnel CONSULTANT intends to assign to the Project to perform the Services required hereunder. Such personnel shall be committed to this Project in accordance with the percentages noted in Schedule F. All personnel, identified in Schedule F shall not be removed or replaced without the COUNTY's prior written consent.

10.3. CONSULTANT is liable for all the acts or omissions of its subconsultants or subcontractors. By appropriate written agreement, the CONSULTANT shall require each subconsultant or subcontractor, to the extent of the Services to be performed by the subconsultant or subcontractor, to be bound to the CONSULTANT by the terms of this Agreement, and to assume toward the

CONSULTANT all the obligations and responsibilities which the CONSULTANT, by this Agreement, assumes toward the COUNTY. Each subconsultant or subcontract agreement shall preserve and protect the rights of the COUNTY under this Agreement with respect to the Services to be performed by the subconsultant or subcontractor so that the sub consulting or subcontracting thereof will not prejudice such rights. Where appropriate, the CONSULTANT shall require each subconsultant or subcontractor to enter into similar agreements with its sub-subconsultants or sub-subcontractors.

10.4. CONSULTANT acknowledges and agrees that the COUNTY is a third-party beneficiary of each contract entered into between CONSULTANT and each subconsultant or subcontractor, however nothing in this Agreement shall be construed to create any contractual relationship between the COUNTY and any subconsultant or subcontractor. Further, all such contracts shall provide that, at the COUNTY's discretion, they are assignable to the COUNTY upon any termination of this Agreement.

ARTICLE ELEVEN
WAIVER OF CLAIMS

11.1. CONSULTANT's acceptance of final payment shall constitute a full waiver of any and all claims, except for insurance company subrogation claims, by it against the COUNTY arising out of this Agreement or otherwise related to the Project, and except those previously made in writing in accordance with the terms of this Agreement and identified by CONSULTANT as unsettled at the time of the final payment. Neither the acceptance of CONSULTANT's services nor payment by the COUNTY shall be deemed to be a waiver of any of the COUNTY's rights against CONSULTANT.

ARTICLE TWELVE
TERMINATION OR SUSPENSION

12.1. CONSULTANT shall be considered in material default of this Agreement and such default will be considered cause for the COUNTY to terminate this Agreement, in whole or in part, as further set forth in this section, for any of the following reasons: (a) CONSULTANT's failure to begin services under the Agreement within the times specified under the Notice(s) to Proceed, or (b) CONSULTANT's failure to properly and timely perform the services to be provided hereunder or as directed by the COUNTY, or (c) the bankruptcy or insolvency or a general assignment for the benefit of creditors by CONSULTANT or by any of CONSULTANT's principals, officers or directors, or (d) CONSULTANT's failure to obey any laws, ordinances, regulations or other codes of conduct, or (e) CONSULTANT's failure to perform or abide by the terms and conditions of this Agreement, or (f) for any other just cause. The COUNTY may so terminate this Agreement, in whole or in part, by giving the CONSULTANT seven (7) calendar days written notice of the material default.

12.2. If, after notice of termination of this Agreement as provided for in paragraph 12.1 above, it is determined for any reason that CONSULTANT was not in default, or that its default was excusable, or that the COUNTY otherwise was not entitled to the remedy against CONSULTANT provided for in paragraph 12.1, then the notice of termination given pursuant to paragraph 12.1 shall be deemed to be the notice of termination provided for in paragraph 12.3, below, and CONSULTANT's remedies against the COUNTY shall be the same as and be limited to those afforded CONSULTANT under paragraph 12.3, below.

12.3. The COUNTY shall have the right to terminate this Agreement, in whole or in part, without cause upon seven (7) calendar days written notice to CONSULTANT. In the event of such termination for convenience, CONSULTANT'S recovery against the COUNTY shall be limited to that portion of

the fee earned through the date of termination, together with any retainage withheld and any costs reasonably incurred by CONSULTANT that are directly attributable to the termination, but CONSULTANT shall not be entitled to any other or further recovery against the COUNTY, including, but not limited to, anticipated fees or profits on work not required to be performed. CONSULTANT must mitigate all such costs to the greatest extent reasonably possible.

12.4. Upon termination and as directed by the COUNTY, the CONSULTANT shall deliver to the COUNTY all original papers, records, documents, drawings, models, and other material set forth and described in this Agreement, including those described in Article 6, that are in CONSULTANT's possession or under its control.

12.5. The COUNTY shall have the power to suspend all or any portions of the services to be provided by CONSULTANT hereunder upon giving CONSULTANT two (2) calendar days prior written notice of such suspension. If all or any portion of the services to be rendered hereunder are so suspended, the CONSULTANT's sole and exclusive remedy shall be to seek an extension of time to its schedule in accordance with the procedures set forth in Article Four herein.

12.6. In the event (i) the COUNTY fails to make any undisputed payment to CONSULTANT within forty-five (45) days after such payment is due or such other time as required by Florida's Prompt Payment Act or (ii) the COUNTY otherwise persistently fails to fulfill some material obligation owed by the COUNTY to CONSULTANT under this Agreement, and (ii) the COUNTY has failed to cure such default within fourteen (14) days of receiving written notice of same from CONSULTANT, then CONSULTANT may stop its performance under this Agreement until such default is cured, after giving THE COUNTY a second fourteen (14) days written notice of CONSULTANT's intention to stop performance under the Agreement. If the Services are so stopped for a period of one hundred and twenty (120) consecutive days through no act or fault of the CONSULTANT or its subconsultant or subcontractor or their agents or employees or any other persons performing portions of the Services under contract with the CONSULTANT, the CONSULTANT may terminate this Agreement by giving written notice to the COUNTY of CONSULTANT's intent to terminate this Agreement. If the COUNTY does not cure its default within fourteen (14) days after receipt of CONSULTANT's written notice, CONSULTANT may, upon fourteen (14) additional days' written notice to the COUNTY, terminate the Agreement and recover from the COUNTY payment for Services performed through the termination date, but in no event, shall CONSULTANT be entitled to payment for Services not performed or any other damages from the COUNTY.

ARTICLE THIRTEEN
TRUTH IN NEGOTIATION REPRESENTATIONS

13.1. CONSULTANT warrants that CONSULTANT has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT, to solicit or secure this Agreement and that CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement.

13.2. In accordance with provisions of Section 287.055, (5)(a), Florida Statutes, the CONSULTANT agrees to execute the required Truth-In-Negotiation Certificate, attached hereto and incorporated herein as Schedule E, certifying that wage rates and other factual unit costs supporting the compensation for CONSULTANT's services to be provided under this Agreement are accurate, complete and current at the time of the Agreement. The CONSULTANT agrees that the original

Agreement price and any additions thereto shall be adjusted to exclude any significant sums by which the COUNTY determines the Agreement price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. All such adjustments shall be made within one (1) year following the end of this Agreement.

ARTICLE FOURTEEN
CONFLICT OF INTEREST

14.1. CONSULTANT represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. CONSULTANT further represents that no persons having any such interest shall be employed to perform those services.

ARTICLE FIFTEEN
MODIFICATION

15.1. No modification or change in this Agreement shall be valid or binding upon either party unless in writing and executed by the party or parties intended to be bound by it.

ARTICLE SIXTEEN
NOTICES AND ADDRESS OF RECORD

16.1. All notices required or made pursuant to this Agreement to be given by the CONSULTANT to the COUNTY shall be in writing and shall be delivered by hand, email, or by United States Postal Service Department, first class mail service, postage prepaid, addressed to the following the COUNTY's address of record:

Board of County Commissioners for Collier County, Florida

Division Name: Transportation Management
Division Director: Jay Ahmad

Address: 2885 Horseshoe Dr. S.
Naples, FL 34104

Administrative Agent/PM: Ragaey Girgis
Telephone: 239-252-5731
E-Mail(s): ragaey.girgis@collier.gov

16.2. All notices required or made pursuant to this Agreement to be given by the COUNTY to the CONSULTANT shall be made in writing and shall be delivered by hand, email or by the United States Postal Service Department, first class mail service, postage prepaid, addressed to the following CONSULTANT's address of record:

Company Name: DRMP, Inc.

Address: 941 Lake Baldwin Lane
Orlando, FL 32814

Attention Name & Title:	Colette Moss, Executive Vice President
Telephone:	407-896-0594
E-Mail(s):	cmoss@drmp.com

16.3. Either party may change its address of record by written notice to the other party given in accordance with requirements of this Article.

ARTICLE SEVENTEEN
MISCELLANEOUS

17.1. CONSULTANT, in representing the COUNTY, shall promote the best interests of the COUNTY and assume towards the COUNTY a duty of the highest trust, confidence, and fair dealing.

17.2. No modification, waiver, suspension or termination of the Agreement or of any terms thereof shall impair the rights or liabilities of either party.

17.3. This Agreement is not assignable, or otherwise transferable in whole or in part, by CONSULTANT without the prior written consent of the COUNTY.

17.4. Waivers by either party of a breach of any provision of this Agreement shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement.

17.5. The headings of the Articles, Schedules, Parts and Attachments as contained in this Agreement are for the purpose of convenience only and shall not be deemed to expand, limit or change the provisions in such Articles, Schedules, Parts and Attachments.

17.6. This Agreement, including the referenced Schedules and Attachments hereto, constitutes the entire agreement between the parties hereto and shall supersede, replace and nullify any and all prior agreements or understandings, written or oral, relating to the matter set forth herein, and any such prior agreements or understanding shall have no force or effect whatever on this Agreement.

17.7. Unless otherwise expressly noted herein, all representations and covenants of the parties shall survive the expiration or termination of this Agreement.

17.8. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

17.9. The terms and conditions of the following Schedules attached hereto are by this reference incorporated herein:

Schedule A Scope of Services
Schedule B Basis of Compensation
Schedule C Project Milestone Schedule
Schedule D Insurance Coverage
Schedule E **CCNA Projects**: Truth In Negotiation Certificate
Schedule F Key Personnel
Schedule G State Contract Provisions and Assurances
Schedule H Affidavit Regarding Labor and Services and Foreign Country of Concern
Schedule I Other: N/A

Solicitation # 24-8286, including all Attachment(s), Exhibit(s) & Addendum Consultant's Proposal

17.10. **Grant Funded Projects (only applicable to Grant funded projects):** In the event of any conflict between or among the terms of any of the Contract Documents and/or the COUNTY's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Grant Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the CONSULTANT at the COUNTY's discretion.

ARTICLE EIGHTEEN
APPLICABLE LAW

18.1. This Agreement shall be governed by the laws, rules, and regulations of the State of Florida, and by such laws, rules and regulations of the United States as made applicable to services funded by the United States government. Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

ARTICLE NINETEEN
SECURING AGREEMENT/PUBLIC ENTITY CRIMES

19.1. CONSULTANT warrants that CONSULTANT has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT, to solicit or secure this Agreement and that CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement. At the time this Agreement is executed, CONSULTANT shall sign and deliver to the COUNTY the Truth-In-Negotiation Certificate identified in Article 13 and attached hereto and made a part hereof as Schedule E. CONSULTANT's compensation shall be adjusted to exclude any sums by which the COUNTY determines the compensation was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs.

19.2. By its execution of this Agreement, CONSULTANT acknowledges that it has been informed by the COUNTY of and is in compliance with the terms of Section 287.133(2)(a) of the Florida Statutes which read as follows:

> "A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in s. 287.017 for CATEGORY

TWO for a period of 36 months following the date of being placed on the convicted vendor list."

ARTICLE TWENTY
DISPUTE RESOLUTION

20.1. Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of CONSULTANT with full decision-making authority and by the COUNTY's staff person who would make the presentation of any settlement reached during negotiations to the COUNTY for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of CONSULTANT with full decision-making authority and by the COUNTY's staff person who would make the presentation of any settlement reached at mediation to the COUNTY's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

20.2. Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

ARTICLE TWENTY-ONE
IMMIGRATION LAW COMPLIANCE

21.1. By executing and entering into this agreement, the CONSULTANT is formally acknowledging without exception or stipulation that it is fully responsible for complying with the provisions of the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the Florida state law requirements set forth in Florida Statute, §448.095, as may be amended. Failure by the CONSULTANT to comply with the laws referenced herein shall constitute a breach of this agreement and the COUNTY shall have the discretion to unilaterally terminate this Agreement immediately.

SCHEDULE A

SCOPE OF SERVICES

following this page (pages 1 through 77)

1 PURPOSE

The purpose of this exhibit is to describe the scope of work and the responsibilities of the CONSULTANT and the COUNTY in connection with the design and preparation of a complete set of construction contract documents and incidental engineering services, as necessary, for improvements to the transportation facility described herein.

Major work mix includes:

- 0020 New Bridge Construction
- 0221 Widen & Resurface Existing Lanes
- 0205 Sidewalk
- 0715 Traffic Engineering Study
- 0716 Traffic Signals
- 0774 Signing/Pavement Markings
- 0777 Lighting

Major work groups include:

- 3.2 Major Highway Design
- 4.2 Major Bridge Design

Minor work groups include:

- 4.1 Miscellaneous Structures and Minor Bridge Design
- 6.2 Traffic Signal Timing
- 6.3 ITS Analysis & Design
- 7.1 Signing, Pavement Marking & Channelization
- 7.2 Lighting
- 7.3 Signalization
- 8.1 Control Surveying
- 8.2 Design, Right of Way Construction Surveying
- 8.4 Right of Way Mapping
- 9.1 Soil Exploration
- 9.2 Geotechnical Classification Lab Testing
- 9.4 Foundation Studies
- 9.5 Geotechnical Specialty Lab Testing

For the design phase of the project, the Florida Department of Transportation (FDOT) is partnering with the County through two
(2) grant programs, a Transportation Regional Incentive Program (TRIP) and a County Incentive Grant Program (CIGP). Furthermore, at a minimum the

Prime Firm must be pre-qualified through FDOT in the following work groups:

- Group 3 - Highway Design – Roadway: 3.2 Minor Highway Design
- Group 4 - Highway Design – Bridges: 4.2 Major Bridge Design

Known alternative construction contracting methods include: N/A

The general objective is for the CONSULTANT to prepare a set of contract documents including plans, specifications, cost estimates, supporting engineering analysis, calculations, permits, and other technical documents in accordance with FDOT and COUNTY policy, procedures, and requirements. These

Contract documents will be used by the contractor to build the project and test the project components. These Contract documents will be used by the COUNTY or its Construction Engineering Inspection (CEI) representatives for inspection and final acceptance of the project. The CONSULTANT shall follow a systems engineering process to ensure that all required project components are included in the development of the contract documents and the project can be built as designed and to specifications.

The Scope of Services establishes which items of work in the FDOT Manual of Uniform Minimum Standards for Design, Construction and Maintenance (Florida Greenbook), COUNTY Code and other pertinent manuals are specifically prescribed to accomplish the work included in this contract and indicate which items of work will be the responsibility of the CONSULTANT and/or the COUNTY.

The CONSULTANT shall be aware that as a project is developed, certain modifications and/or improvements to the original concepts may be required.

The CONSULTANT shall demonstrate good project management practices while working on this project. These include communication with the COUNTY and others as necessary, management of time and resources, and documentation. The CONSULTANT shall set up and maintain throughout the design of the project a contract file in accordance with COUNTY procedures.

CONSULTANTs are expected to know the laws and rules governing their profession and are expected to provide services in accordance with current regulations, codes and ordinances and recognized standards applicable to such professional services. The CONSULTANT shall provide qualified technical and professional personnel to perform to COUNTY standards and procedures, the duties and responsibilities assigned under the terms of this agreement. The CONSULTANT shall minimize to the maximum extent possible the COUNTY's need to apply its own resources to assignments authorized by the COUNTY.

The COUNTY will provide contract administration, management services, and technical reviews of all work associated with the development and preparation of contract documents, including Construction documents. The COUNTY's technical reviews are for high-level conformance and are not meant to be comprehensive reviews. The CONSULTANT shall be fully responsible for all work performed and work products developed under this Scope of Services. The COUNTY may provide job-specific information and/or functions as outlined in this contract, if favorable. It is imperative that all signal, roadway lighting, and signing and pavement marking design be reviewed and approved by Collier COUNTY Traffic Operations at each phase of the project. The designer shall adhere to the current Collier COUNTY Traffic Operations specifications to minimize redesign.

2 PROJECT DESCRIPTION

Collier County Transportation Planning Division (hereafter, "the County") had completed the Immokalee Road Corridor Congestion Study (Study) in August 2021 to identify and evaluate potential improvements to reduce congestion and delays along a segment of Immokalee Road (County Road 846) in unincorporated Collier County. This Study was located in northwestern Collier County Immokalee Road is a major east-west arterial corridor that serves both urban and coastal Collier County, as well as areas of Golden Gate Estates and Immokalee City, and is a designated Collier County Evacuation Route. The one of the Study's recommendations is to construct a four-lane, grade-separated overpass with Livingston Road bridging over Immokalee Road. Refer to the illustration below.

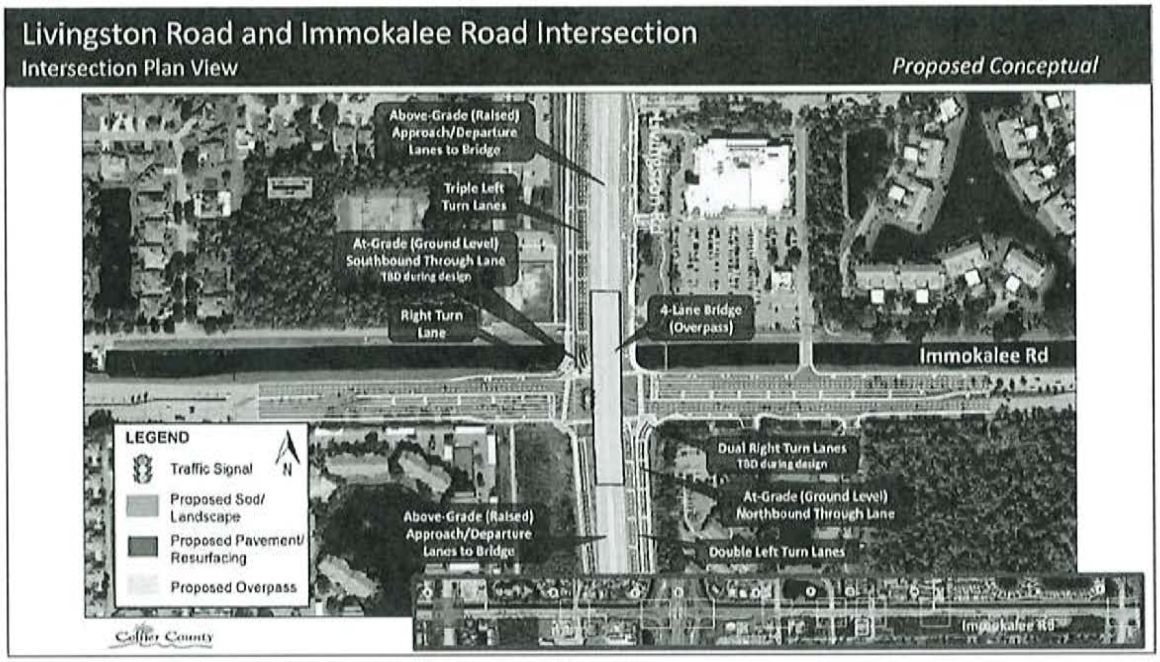

Figure 4-6. Proposed Concept of Overpass at Livingston Road Intersection

The limits of the project are within Collier County ROW, as follows:

- Immokalee Road: 3000 feet east (to accommodate the Thru/Right Turn Lanes) and 1500 feet west of the intersection with Livingston Road.
- Livingston Road: Approximately 4000 feet north and south of the intersection with Immokalee Road to accommodate the overpass, ramps, and relocated northbound U-turn lane and future southbound U-turn lane.

There may be other projects under construction in the vicinity of this project while the design progresses. The CONSULTANT shall incorporate all future improvements by "others" as an existing condition unless otherwise directed by the Project Manager.

The CONSULTANT is aware of the Sun Trail that is planned to along the west side of Livingston Road under the FPL Easements. Consultant shall incorporate the portion Sun Trail that falls within the limits of the project. The Sun Trail will cross Immokalee Road and the Cocohatchee Canal at-grade and will be adjacent to the proposed curb & gutter. Outside of these limits will be considered as additional services.

Immokalee Road Westbound Thru/Right: The CONSULTANT shall provide a continuous Thru/Right Turn Lane along the northern side of Immokalee Road in the Westbound direction. CONSULTANT shall incorporate the design of this Thru/Right Turn Lane into the overall project, from Strand/Juliet Blvd to Livingston Road. This design may consist of the following, but not limited to: relocation of existing signal pole(s) at the Strand/Juliet Blvd and Immokalee Rd intersection, modifications to Strand Blvd, impacts to French drainage system, permit modifications, potential utility relocations, milling and resurfacing, etc.

Immokalee Road Eastbound Thru/Right: The CONSULTANT shall provide a continuous Thru/Right Turn Lane along the southern side of Immokalee Road in the Eastbound direction. CONSULTANT shall incorporate the design of this Thru/Right Turn Lane into the overall project, from Livingston Road to the beginning of the fourth auxiliary lane west of the Immokalee Rd/I-75 interchange. This design

may consist of the following, but not limited to: relocation of existing signal pole(s) at the Strand/Juliet Blvd and Immokalee Rd intersection, modifications to Juliet Blvd, modifications to the existing driveways at: Windsong Cir, Cougar Ct N, Aspire Naples, and the Walmart entrance/exit, permit modifications, potential utility relocations, sidewalk impacts, milling and resurfacing, etc. Minor improvements to the intersection may be required to best accommodate the Thru/Right Turn Lane (extend eastbound left turn lanes, potential near-sided signal pole, crosswalk modifications, sidewalk impacts, etc.)

2.1 Project General and Roadway (Activities 3, 4, and 5)

Public Involvement: See Public Involvement Scope, Section 3.1
Other Agency Presentations/Meetings: See Public Involvement Scope, Section 3.1

Joint Participation Agreements: The FDOT is providing funding for the design phase of this project in the form of a CIGP and TRIP in their fiscal year 2024. For the County to encumber these funds, the FDOT and the County will enter into a Joint Participation Agreement (JPA). The Consultant is expected to become familiar with this Agreement prior to the start of any design work. The Consultant shall ensure requirements of the JPA are incorporated into the project as applicable.

Local Agency Program Agreement: N/A

Specification Package Preparation: The most current FDOT Standard Specification for Road and Bridge Construction shall be used for this project. See Specifications Package Preparation, Section 3.3

Value Engineering: Value Engineering/Independent Peer Review services will be conducted by an independent CONSULTANT for this project. Please review Section 3.5 for details.

Plan Type:
Plan/Profile: The CONSULTANT shall provide all plans and details necessary for construction of the project described herein. The CONSULTANT is expected to follow all design criteria and processes provided in the latest version of the FDOT Manual of Uniform Minimum Standards for Design, Construction and Maintenance (commonly known as the Florida Greenbook). Additional criteria from the Construction Standards Handbook for Work Within the Public Right-of-way Collier COUNTY, Florida, and the Collier COUNTY Urban Land Development Code (CCULDC) should also be utilized. The latest version of the FDOT Design Manual (FDM) criteria as well as the American Association of State and Highway Transportation Officials (AASHTO), Urban Bikeway Design Guide should be considered for best practice.
Deviations from the criteria and processes provided in the FDM must be approved by the COUNTY in writing.

Typical Section: CONSULTANT shall develop a Typical Section Package (TSP) showing the required roadway configuration based on the recommendations in the "Immokalee Road Corridor Congestion Study Report" adhering to the governing design manuals and standards. The TSP must be approved by the County before incorporating these elements into the 30% or final design. Bike lanes and keyholes shall be provided.

Pavement Design: The CONSULTANT shall provide all pavement designs required for the project. The CONSULTANT shall submit a signed and sealed Pavement Design Package before the 30% plan submittal for COUNTY approval.

Pavement Type Selection Report(s): N/A.

Cross Slope Correction: The CONSULTANT shall evaluate any necessary modifications to cross slopes of existing pavement to be retained as part of this project.
Access Management Classification: The CONSULTANT shall determine the proper access classification and standard to be applied to the project and coordinate with the COUNTY's Project Manager for review and approval.

Transit Route Features: There is a local transit system along both arterials. The Consultant shall coordinate with Public Transit Neighborhood Enhancement (PTNE) Division to determine if there are any impacts and incorporate a mitigation plan.

Major Intersections/Interchanges: Immokalee Road and Livingston Road.

Roadway Alternative Analysis: The CONSULTANT shall evaluate the recommended concept layouts, executive summary report, and technical report provided in all supplied Reference Exhibits and make recommendations for any necessary modifications and/or improvements to the concepts prior to proceeding with 30% plans.

Level of TTCP: The CONSULTANT shall provide Temporary Traffic Control Plans sufficient to assure constructability. Appropriate maintenance of traffic during construction is critical to the public, local businesses, and emergency services. The CONSULTANT shall develop maintenance of traffic plans beginning with the 60% plans submittal. It is anticipated that the project will require Level III Plans, as defined by FDOT FDM.

Temporary Lighting: The CONSULTANT is responsible for any temporary lighting designs necessary for the project.

Temporary Signals: The CONSULTANT is responsible for any temporary signals designs necessary for the project.

Temporary Drainage: The CONSULTANT is responsible for any temporary drainage designs necessary for the project.

Design Variations/Exceptions: The CONSULTANT is responsible for preparing and obtaining Design Variations/Exceptions necessary for the project (when/if required).

Back of Sidewalk Profiles: As required.

Selective Clearing and Grubbing: N/A

Landscaping: N/A

2.2 Drainage (Activities 6a and 6b)

Drainage System Type: The storm water systems shall be designed to meet the permitting requirements of all applicable permitting agencies. The storm water system designs shall consider best management practices, open system, closed system, lateral ditches, exfiltration, etc., or a combination thereof, within or outside the existing right-of-way. The design/coordination of all water quality and quantity treatment requirements is part of the Scope of Services.

There are three existing permits that govern this project:

- Subbasin 1: Livingston Rd (North of Immokalee Rd): 11-01359-S
- Subbasin 2: Immokalee Rd: 030711-18
- Subbasin 3: Livingston Rd (South of Immokalee Rd): 11-01501-P

The CONSULTANT shall pursue modifying these three (3) existing permits or an additional ERP Permit may be required due to the extent of impacts from this project. The additional impervious, as well as impacts to the existing drainage systems, may potentially be partially or wholly mitigated by the proposed dry detention ponds underneath the existing FPL Transmission Lines.

The CONSULTANT shall develop all hydraulic requirements, designs and Construction Contract Documents for all hydraulic features, such as but not limited to all storm water conveyance, storage and treatment facilities, required for the project. The design/coordination of any off-site ponds and/or shared- use ponds is part of this Scope of Services. CONSULTANT will prepare a Stormwater Management
Report prior to 60% design to present the proposed drainage design strategy to the COUNTY including the County Maintenance Department. The intent is to obtain approval and support for the drainage concept prior to detailed design of the system at 60%.

All existing drainage structures and features shall be shown on the construction plans and should be inspected for scour, erosion, structural integrity and accumulation of sediments as necessary. Treatments should be coordinated with the COUNTY's Project Manager before being added to the Construction Contract Documents.

2.3 Utilities Coordination (Activity 7)

The CONSULTANT is responsible for certifying that all necessary arrangements for utility work on this project have been made and will not conflict with the physical construction schedule. The CONSULTANT should coordinate with COUNTY personnel to coordinate transmittals to Utility Companies and meet production schedules.

The CONSULTANT shall ensure FDOT, and COUNTY standards, policies, procedures, practices, and design criteria are followed concerning utility coordination.

The CONSULTANT may employ more than one individual or utility engineering CONSULTANT to provide utility coordination and engineering design expertise. The CONSULTANT shall identify a dedicated person responsible for managing all utility coordination activities. This person shall be contractually referred to as the Utility Coordination Manager and shall be identified in the CONSULTANT proposal. The Utility Coordination Manager shall be approved by the COUNTY's Project Manager and is required to satisfactorily demonstrate to the COUNTY's Project Manager that they have the following knowledge, skills, and expertise:

- A minimum of 4 years of experience performing utility coordination in accordance with FDOT, Federal Highway Administration (FHWA), and American Association of State Highway and Transportation Officials (AASHTO) standards, policies, and procedures.
- A thorough knowledge of the FDOT plans production process and District utility coordination process.
- A thorough knowledge of FDOT agreements, standards, policies, and procedures.
- The Utility Coordination Manager shall be responsible for managing all utility coordination, including the following:
- Assuring that Utility Coordination and accommodation is in accordance with the FDOT, FHWA, and AASHTO standards, policies, procedures, and design criteria.
- Assisting the engineer of record in identifying all existing utilities and coordinating any new installations. Assisting the Engineer of Record with resolving utility conflicts.

- Scheduling and performing utility coordination meetings, keeping and distribution of minutes/action items of all utility meetings, and ensuring expedient follow-up on all unresolved issues.
- Distributing all plans, conflict matrixes and changes to affected utility owners and making sure this information is properly coordinated and documented.
- Identifying and coordinating the completion of any COUNTY or utility owner agreement that is required for reimbursement, or accommodation of the utility facilities associated with the project.
- Review and certify to the COUNTY Project Manager that all Utility Work Schedules are correct and in accordance with the COUNTY's standards, policies, and procedures.
- Prepare, review and process all utility related reimbursable paperwork inclusive of betterment and salvage determination.

The CONSULTANT's utility coordination work shall be performed and directed by the Utility Coordination Manager that was identified and approved by COUNTY's Project Manager. Any proposed change of the approved Utility Coordination Manager shall be subject to review and approval by COUNTY's Project Manager prior to any change being made to this contract.

Anticipated utilities include:

a. Florida Power and Light
b. Lee County Electric Cooperative
c. Hotwire Communications
d. Resource Conservation Systems
e. Qwest Communications
f. Comcast
g. CenturyLink/Lumen
h. Summit Broadband, Inc.
i. TECO Peoples Gas
j. Crown Castle Fiber
k. Collier County IT
l. Collier County Public Utilities (Water, Wastewater, and Irrigation Quality Water)
m. Collier County Traffic Operations
n. Collier County ITS / ATMS
o. Collier County Schools

The CONSULTANT shall be responsible for identifying and coordinating with all Utility Agency Owners (UAO) within the project limits and obtain the final signed and sealed Utility Work Schedules (UWS) shall as part of the construction package.

The CONSULTANT shall coordinate with Phase 8 of the Western Interconnect (see attached) and Existing ARVs (see below) that should be considered.

2.4 Environmental Permits and Environmental Clearances (Activity 8)

The CONSULTANT shall coordinate with all appropriate regulatory agencies to obtain all necessary permits, which may include but not limited to:

- Environmental Resource Permit (SFWMD)
- Right-of-way Occupancy Permit (SFWMD/BCB)
- National Discharge Pollutant Elimination System General Permit (FDEP)
- Florida Department of Environmental Protection, Section 404 Permit
- Florida Fish and Wildlife Conservation Commission (FWC)

- United States Fish and Wildlife Service (USFWS)

The CONSULTANT is responsible for identifying and applying for all necessary permits for the project. The CONSULTANT is responsible for all permit coordination and revisions necessary to obtain the required permits. The CONSULTANT shall obtain a COUNTY review of the plans and application before submitting to the permitting agencies and assist the COUNTY in developing the permitting strategy for the project. All application and processing fees associated with permitting activities shall be paid for by the COUNTY directly to each applicable agency.
The COUNTY will direct the use of mitigation banks as required.

2.5 Structures (Activities 9 – 18)

Bridge: The Consultant shall provide all necessary design services, obtain a new bridge number from the FDOT and deliver construction documents for the new bridge defined below with a new structure. The length of the new structure is dependent on-site constraints, the requirements defined herein and the requirements to be established by the permitting agencies.
Bridge Number: TBD

Typical Section: The proposed bridge typical section shall comprise 4-12-ft lanes, 10-ft shoulders, with a 15'-0" median, and a 1'-4" wide traffic railing (index 521-427). The superstructure shall be comprised of 9.5" min. deck overlay with steel box girders.
Type of Bridge Structure Work:

- Bridge Type Study to verify the suggested bridge type geometry
- Bridge Development Report (BDR) – N/A
- Temporary Bridge
- Short Span Concrete- As applicable (widening/alternatives of existing flat slab bridge and utilities supported on pile bents)
- Medium Span Concrete - (if needed based on bridge type study with MOT constraints)
- Structural Steel Bridge

Retaining Walls: The CONSULTANT shall provide all design services and deliver construction documents for any temporary and/or permanent retaining walls required for the project.

Noise Barrier Walls: The County will consider noise impacts on the corridor due to adding new travel lanes; however, an insertion loss design goal of 7dB(A) may not be reached, and reasonably cost of less than $42,000 will likely be exceeded. If these goals are met from the results of the Noise Study (Activity 32), the design of the barrier will be negotiated separately as additional services.

Miscellaneous: The CONSULTANT shall provide all design services and deliver construction documents for the following miscellaneous structures if required for the project:

- Proposed Mast Arms
- Existing Spanwire signal system
- Special Foundation for Light Poles

2.6 Signing and Pavement Markings (Activities 19 & 20)

The CONSULTANT shall provide all design services and deliver construction documents for all signing and pavement markings required for the project in accordance with the MUTCD. However, The CONSULTANT shall coordinate with COUNTY's Traffic Operations Section to maintain integrity of COUNTY's sign asset database. The CONSULTANT shall include the following notes in the contract documents, "Contractor to follow Traffic Operations Signing and Pavement Markings special provision details which include using a 2.5" x 2.5" galvanized metal square tubular signpost."

Proposed overhead sign structures:

- Overhead cantilever sign structures for NB (1) and SB (1) exits in advance of turn lane creation for exit

2.7 Signalization (Activities 21 & 22)

The Scope of Services shall include the design for modification of the mast arm signal at Juliet Boulevard and a new mast arm signalized interchange with Immokalee Road and Livingston Road. The CONSULTANT shall provide all design services and deliver construction documents for all signalization required for the project. The design should reflect Collier County Traffic Operations latest Traffic Technical Special Provisions and Supplemental Terms and Conditions. Signal warrant studies at Livingston Road and Delasol Lane will be an additional service. The design should reflect Collier County Traffic Operations latest Traffic Technical Special Provisions and Supplemental Terms and Conditions.

Proposed Signalized Intersection: shall be the following:

- Immokalee Road and Livingston Road interchange
  - 2 mast arms for signalization of Livingston Road SB thru and right movements
  - 2 mast arms for signalization of Livingston Road NB thru and right movements
  - Pedestal or bridge mounted signals for Livingston Road NB and SB left turn movements
  - 2 Bridge mounted signals for EB and WB Immokalee thru and left turn movements
  - Pedestrian features for all signalized approaches
- Exclusive offset lefts on all approaches
- Immokalee Road and Juliet Boulevard
  - Replacement of EB (1) and WB (1) mast arms for Immokalee Road
  - Replacement of pedestrian features in SE and SW corner due to widening and crosswalk modifications
  - Controller cabinet replacement in SE corner
  - Relocation of existing CCTV Cameras, preemption and video detection equipment for EB and WB mast arms
  - Combination mast arm luminaire, if permissible
  - Audible countdown pedestrian features
  - Mast arm, pedestrian poles to be painted English Ivy Green

The CONSULTANT shall refer to the approved "Immokalee Road Corridor Congestion Study from Livingston Road to Logan Boulevard" report for the recommended intersection configuration.

Traffic Data Collection: CONSULTANT shall use data provided by Collier County.

Traffic Studies: The CONSULTANT shall update the Corridor Congestion Study using Collier County Traffic Data for the intersection traffic capacity, queue length analysis and level of service in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, and current design memoranda.

Count Stations: N/A.

Traffic Monitoring Sites: N/A

2.8 Lighting (Activities 23 & 24):

The CONSULTANT shall provide design services for interchange lighting and replace lighting

impacted by widening east of the interchange through the Juliet Boulevard intersection. Existing lighting will be replaced and updated to support the proposed improvements. The CONSULTANT shall ensure the lighting design reflects Collier County Traffic Operations latest Roadway Lighting Technical Special Provisions.

Proposed Conventional Lighting:

- Immokalee Road and Livingston Road interchange
    - Continuous conventional stand alone lighting to be replaced along Livingston Road and Immokalee Road with FDOT standard (or County standard) within the proposed interchange and widening limits
    - Conventional Lighting on overpass bridge to be designed. Pole type, fixture type and color to be provided by the County
    - Underdeck lighting is required to meet roadway and sidewalk light levels under the bridge
        - A combination of pendant hung and wall/pier mounted lighting to be determined
    - Pedestrian signal controlled crosswalks to be lit to FDOT pedestrian lighting standards.
    - Any joint use lighting on power poles to be coordinated with the power company. Lighting placement to be provided to power company. Lighting type, arm length and mounting height to be provided by utility company. Join use lighting to be installed by power company.
- Immokalee Road lighting from the interchange east through the Juliet Boulevard intersection to replaced due to widening
- Immokalee Road and Juliet Boulevard intersection lighting to be replaced in NW and SE corners
- Consultant shall include maintenance lighting for the steel box girders per FDOT standards 715-240

2.9 Landscape (Activities 25 & 26)

2.10 Survey (Activity 27)

Design Survey: The CONSULTANT shall provide agreed upon survey services necessary for the project within the project limits. It is anticipated this will include a detailed topographic and control survey for Immokalee Road to and Livingston Road including all access points in between, within Collier COUNTY existing ROW.

- The lateral extent of the survey shall extend at a minimum 200 feet north and 130 feet south of the roadway centerline of Immokalee Road; 350 feet west and 150 east of the centerline of Livingston Road. At the minor intersecting streets and/or driveways, the limits of survey shall extend approximately 50 feet beyond the existing right-of-way. At the Cocohatchee Canal, the survey limits shall be a minimum of 1000 feet (west and east) on each side from the centerline of the proposed bridge. The Cocohatchee Canal will be surveyed (in specific areas) to provide sufficient information for design and permitting of new structures and potential utility crossings.

Boring Layout: Boring locations will be provided for proposed strain poles or mast-arms. Subsurface Utility Exploration: The CONSULTANT is responsible for designating utilities within the project limits. When applicable, Subsurface Utility Engineering (SUE) per the American Society of Civil Engineers accepted guidelines for the collection and depiction of existing subsurface utility data using Quality Level "A" at any proposed strain pole foundations in an area two (2) times the proposed drilled shaft diameter prior to the final design. Additional SUE locations to be determined at proposed drainage locations or any potential locations of conflict with underground facilities.

Right of Way Survey: The CONSULTANT is responsible for Right of Way Surveys and defining official County maintained right of ways necessary for the project. Title searches required to define the official maintained right of ways are the responsibility of the COUNTY.

Pond Site and Floodplain Compensation Area: - Pond Site is anticipated for this project Prepare a boundary and topographic survey for the proposed pond site and pond outfall to the Cocohatchee Canal. Spot elevations will be collected on a 100' +/- grid and extend 100' beyond the parcel external boundary.

Prepare a topographical survey for the proposed floodplain compensation area and outfall to the proposed pond. Spot elevations will be collected on a 50' +/- grid.

Vegetation Survey: Mature trees and palms greater than 4" diameter at breast height within the construction limits shall be identified by the CONSULTANT on the design plans. Coordinate all landscaping to be removed or relocated with Landscaping Operations Manager Pam Lulich (239.252.6291 or Pamela.Lulich@colliercountyfl.gov)
Bathymetric Survey: the CONSULTANT shall provide a bathymetric survey along the Cocohatchee canal. The Bathymetric survey shall be performed in conformance with South Florida Water Management District (SFWMD).

2.11 Collier County Public Utilities Design (Activity 28)

2.12 Mapping (Activity 29)

Project Control Sheets: The CONSULTANT shall provide a project control sheet(s) for the project limits.

Right of Way Sketches: The CONSULTANT shall be responsible for Right of Way Sketches and Technical Memorandums for right of way acquisitions, including condemnation, necessary for the project. Obtaining any Title Searches that may be required is the responsibility of the COUNTY.

Legal Descriptions: The CONSULTANT shall be responsible for Legal Descriptions and sketches and Technical Memorandums required for right-of-way acquisition. The sketch and description shall meet the Accuracy Standards as adopted by ALTA and ACSM and the Minimum Technical Standards of the State of Florida in effect on the date of certification. All Sketches accompanying Descriptions shall include but not limited to a graphical depiction of the location of all utility easements that encumber the described parcel. Sketches shall also include a reference to the Official Records Book and page number of each utility easement.

Maintenance Map: As required. Miscellaneous Items: As required.

2.13 Terrestrial Mobile LiDAR (Activity 30) – NA.

2.14 Architecture (Activity 31) -NA.

2.15 Noise Barriers (Activity 32) – Additional Services

2.16 Intelligent Transportation Systems (Activities 33 & 34)

2.17 Geotechnical (Activity 35)

The CONSULTANT is responsible for all Pavement Coring and Geotechnical services associated with this project. Perform subsurface investigation, prepare geotechnical report for the proposed improvements. Soil borings are anticipated for roadway widening areas, linear swales, mast arm signal poles, and canal stability evaluation. Geotechnical explorations and evaluations for culvert modifications or, retaining walls considered.

A subsoil investigation plan shall be submitted to COUNTY for approval before the site investigation. Muck and cap rock conditions are typical to Southwest Florida. Not encountering muck and cap rock is outside the norm in Collier County. The presence of both must be identified and quantified in the soils report for the project. Where cap rock is expected to be encountered in the installation of stormwater pipe and other structures, the horizontal and vertical extents of the "Rock Trench Excavation" and "muck removal" shall be estimated.

The Soils Report shall contain a signed statement by the geotechnical engineer that they have walked the project site and verified to the best of their ability that information provided in the report is representative of what the surface conditions and vegetation suggest would exist below.

The CONSULTANT shall perform specialized field-testing including but not limited to:

- Roadway auger borings every 100 feet to a depth of five (5) feet
- LBR sampling and testing at 3 per mile Pavement core sampling and testing at 1 sample per 1000 feet along the limits of the project.
- Corrosion series testing of at least one sample per stratum per 1,000 feet
- For lighting and cross drain facilities, Split Spoon Test (SPT) borings to a depth of fifteen (15) feet every 500 feet
- SPT borings for each new signal and/or mast arm to a depth of 25 feet (9 mast arms which includes the school zone signs)
- One SPT borings to a depth of fifteen (15) feet at each linear swale per 1000 feet of swale location
- One borehole permeability test per 1000 feet of each dry linear swale
- Piezometer installations at 1 per 1000 feet of linear swale to provide information for SHGWL determinations
- Exfiltration test per 500 feet of exfiltration trench/ French Drain
- One SPT boring per culvert headwall modification
- One SPT boring to a depth of fifteen (15) feet per 1000 feet of canal to evaluate stability of canal slope

2.18 3D Modeling (Activity 36) – N/A

2.19 Project Schedule

The anticipated design schedule for the project is 730 calendar days from the date of Notice to Proceed (NTP). Within ten (10) days after the Notice-To-Proceed, and prior to the CONSULTANT beginning work, the CONSULTANT shall provide the COUNTY a detailed project activity/event schedule in Microsoft Project for the COUNTY and the CONSULTANT to meet the completion date for design. For the purpose of scheduling, the CONSULTANT shall allow for a 21 calendar days review time for each phase submittal and any other submittals as appropriate.

The schedule shall indicate, at a minimum, submission dates for 15% Line & Grade, 30% plans, 60% plans, 90% plans and 100% (Final) plan. Post Design services are included as part of this scope of services, and it is estimated to be 728 calendar days. Notice to Stop/Start Work will be utilized to stop the Design Services and initiate the Post Design Services.

All fees and price proposals are to be based on a contract schedule of 1458 calendar days for final construction contract documents and post design services. In no event shall the contract deadline exceed 1458 calendar days from the date of initial Notice to Proceed.

Periodically, throughout the life of the contract, the project schedule and payout reports shall be reviewed as requested by the COUNTY and, with the approval of the COUNTY, adjusted as necessary to incorporate changes in the Scope of Services and progress to date. The approved schedule and schedule status report, along with progress and payout reports, shall be submitted with the monthly progress report and invoice. The schedule shall be submitted in Microsoft Project format.

2.20 Submittals-Deliverables

The CONSULTANT shall furnish documents as required by the COUNTY to adequately control, coordinate, and approve the work concepts. At each submittal phase, the CONSULTANT shall provide all plans, specifications, design calculations and cost estimates in strict conformance to the FDOT Design Manual sequence of plans preparation. Partial phase deliverables will not be accepted. To expedite the design reviews, the COUNTY prefers to use the Bluebeam Revu software platform or approved equal. The CONSULTANT shall set up studio project collaboration sessions in Bluebeam at each phase. The CONSULTANT shall manage the marked- up documents so that comments can be tracked and are easily organized for hard copy print outs. The CONSULTANT shall be responsible to setup Bluebeam Session for soliciting COUNTY's comments on each submittal. The CONSULTANT's Bluebeam setup shall include comment tracking and response mechanism. The CONSULTANT shall provide session access to COUNTY's staff (and other independent CONSULTANT's) as identified by COUNTY's Project Manager. The CONSULTANT shall provide response to each comment until comment is identified marked with a "CLOSED" status by the Reviewer. The CONSULTANT shall maintain copies of all Session files and submit to COUNTY as supplementary files to the Final Deliverable. Use of Bluebeam Sessions for submittal reviews (including setup, upload and maintain comment records) is considered as part of the design approval process; subsequently no separate payment shall be made for Bluebeam Sessions.

If the CONSULTANT does not have the use of Bluebeam, a File Transfer server should be used to submit deliverables in Adobe PDF format.

All submitted documents shall be digitally signed and sealed in accordance with applicable Florida Statutes.

All documents shall be developed and submitted in accordance with the latest edition of the Florida Greenbook unless otherwise directed by the COUNTY in writing. Each submittal shall include one (1) digital copy of all documents required for the submittal as defined herein. Method of delivery must be approved by the COUNTY. In addition to the delivery of the files produced during the course of project development, the COUNTY requires the inclusion of Engineering Data files (prepared by or for the CONSULTANT) for critical geometrics in the design. These can include the alignments, profiles, cross sections, surfaces, etcetera necessary to create the corridor model(s). Critical roadway geometric items, such as the centerlines and profiles of the proposed mainline, side streets, special ditches, and utilities, must be included. These Engineering Data files are considered "Project Documents" as defined in the contract and shall be provided when requested by the COUNTY.

Drawings files shall be provided in most current versions of a fully functional MicroStation V8i (SS10) (.dgn) or AutoCAD 2019 (.dwg) or later software format, and also plotted or scanned to an Adobe Acrobat (.pdf) format in individual sheets. Specifications shall be provided in Microsoft Word 2003 or later. The CONSULTANT shall use the most current FDOT CADD Manual to produce engineering plans preparation. The CADD Manual addresses the requirements to utilize Computer

Aided Design and Drafting (CADD) for production and delivery of digital project data. Phase submittals will follow FDOT FDM Section 901 Sequence of Plans Preparation (Dated January 1, 2025), but are outlined in detail in the matrix below:

Milestone/Submittal	Months Duration [Cumulative]	Days from NTP	Deliverables (in addition to Requirements outlined in FDM Section 901)
901.2 Line & Grade Submittal	5 [5]	150	Design criteria report, Typical Section Package, Preliminary Pavement Design, Topographic Survey.
901.3.1 Phase I Submittal (30% Design Development)	4 [9]	270	Bridge Report – Type Study & Recommendations, geotechnical reports, ROW Mapping.
901.3.2 Phase II Submittal (60% Design Development)	6 [15]	450	N/A
Permitting	12 [27]	450	Permitting sets to AHJ's
ROW Acquisition Sketch & Descriptions	12 [27]	450	
901.3.3 Phase III Submittal (90% Design Development)	7 [22]	660	N/A
901.3.4 Phase IV Submittal (100% Construction Documents)	5 [27]	810	N/A
Post Design (Bidding Support)	9 [36]	1080	
Post Design (Construction)	30 [66]	1980	N/A

2.21 Provisions for Work

All work shall be prepared with English units in accordance with the latest editions of standards and requirements utilized by the COUNTY which include, but are not limited to, publications such as:

- **General:**
  - Title 29, Part 1910, Standard 1910.1001, Code of Federal Regulations (29 C.F.R. 1910.1001) – Asbestos Standard for Industry, U.S. Occupational Safety and Health Administration (OSHA)
  - 29 C.F.R. 1926.1101 – Asbestos Standard for Construction, OSHA
  - 40 C.F.R. 61, Subpart M - National Emission Standard for Hazardous Air Pollutants (NESHAP), Environmental Protection Agency (EPA)
  - 40 C.F.R. 763, Subpart E – Asbestos-Containing Materials in Schools, EPA
  - 40 C.F.R. 763, Subpart G – Asbestos Worker Protection, EPA
  - Americans with Disabilities Act (ADA) Standards for Accessible Design
  - AASHTO – A Policy on Design Standards Interstate System
  - AASHTO – Roadside Design Guide
  - AASHTO – Roadway Lighting Design Guide
  - AASHTO – A Policy for Geometric Design of Highways and Streets
  - AASHTO – Highway Safety Manual
  - Rule Chapter 5J-17, Florida Administrative Code (F.A.C.), Standards of Practice for Professional Surveyors and Mappers

- Chapter 469, Florida Statutes (F.S.) – Asbestos Abatement
- Rule Chapter 62-257, F.A.C., Asbestos Program
- Rule Chapter 62-302, F.A.C., Surface Water Quality Standards
- Code of Federal Regulations (C.F.R.)
- Florida Administrative Codes (F.A.C.)
- Chapters 20, 120, 215, 455, Florida Statutes (F.S.) – Florida COUNTY of Business & Professional Regulations Rules
- Florida COUNTY of Environmental Protection Rules
- FDOT Basis of Estimates Manual
- FDOT Computer Aided Design and Drafting (CADD) Manual
- FDOT Standard Plans
- FDOT Flexible Pavement Design Manual
- FDOT Handbook for Preparation of Specifications Package
- FDOT Standard Plans Instructions
- FDOT Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways ("Florida Greenbook")
- FDOT Materials Manual
- FDOT Pavement Type Selection Manual
- FDOT Design Manual
- FDOT Procedures and Policies
- FDOT Procurement Procedure 001-375-030, Compensation for CONSULTANT Travel Time on Professional Services Agreements
- FDOT Project Development and Environment Manual
- FDOT Project Traffic Forecasting Handbook
- FDOT Public Involvement Handbook
- FDOT Standard Specifications for Road and Bridge Construction
- FDOT Utility Accommodation Manual
- Manual on Speed Zoning for Highways, Roads, and Streets in Florida
- Federal Highway Administration (FHWA) - Manual on Uniform Traffic Control Devices (MUTCD)
- FHWA Roadway Construction Noise Model (RCNM) and Guideline Handbook
- Florida Fish and Wildlife Conservation Commission - Standard Manatee Construction Conditions 2005
- Florida Statutes (F.S.)
- Florida's Level of Service Standards and Guidelines Manual for Planning
- Model Guide Specifications – Asbestos Abatement and Management in Buildings, National Institute for Building Sciences (NIBS)
- Quality Assurance Guidelines
- Safety Standards
- Any special instructions from the COUNTY

- **Roadway**
  - FDOT – Florida Intersection Design Guide
  - FDOT - Project Traffic Forecasting Handbook
  - FDOT - Quality/Level of Service Handbook
  - Florida's Level of Service Standards and Highway Capacity Analysis for the SHS
  - Transportation Research Board (TRB) - Highway Capacity Manual

- **Permits**
  - Chapter 373, F.S. – Water Resources
  - US Fish and Wildlife Service Endangered Species Programs

- Florida Fish and Wildlife Conservation Commission Protected Wildlife Permits
- Bridge Permit Application Guide, COMDTPUB P16591.3C

- **Drainage**
  - FDOT Bridge Hydraulics Handbook
  - FDOT Culvert Handbook
  - FDOT Drainage Manual
  - FDOT Erosion and Sediment Control Manual
  - FDOT Exfiltration Handbook
  - FDOT Hydrology Handbook
  - FDOT Open Channel Handbook
  - FDOT Optional Pipe Materials Handbook
  - FDOT Storm Drain Handbook
  - FDOT Stormwater Management Facility Handbook
  - FDOT Temporary Drainage Handbook
  - FDOT Drainage Connection Permit Handbook
  - FDOT Bridge Scour Manual

- **Survey and Mapping**
  - All applicable Florida Statutes and Administrative Codes
  - Applicable Rules, Guidelines Codes and authorities of other Municipal, COUNTY, State and Federal Agencies.
  - FDOT Aerial Surveying Standards for Transportation Projects Topic 550-020-002
  - FDOT Right of Way Mapping Handbook
  - FDOT Surveying Procedure Topic 550-030-101
  - Florida COUNTY of Transportation Right of Way Procedures Manual
  - Florida COUNTY of Transportation Surveying Handbook

  - FDOT – ADA/Accessibility Procedure
  - LEED (Leadership in Energy and Environmental Design) Green Building Rating System
  - National Concrete Masonry Association
  - National Electrical Code
  - Portland Cement Association - Concrete Masonry Handbook
  - United State Green Building Council (USGBC)
  - Services to be Performed by the COUNTY When appropriate and /or available, the COUNTY will provide project data including:
  - All certifications necessary for project letting.
  - All information pertaining to future improvements as part of the COUNTY's Planning or forecast projects.
  - All future information that may become available to the COUNTY during the term of the CONSULTANT's Agreement, which in the opinion of the

COUNTY is necessary for the execution of the work.

- Available traffic and planning data.
- Engineering standards review services.
- All available information in the possession of the COUNTY pertaining to utility companies whose facilities may be affected by the proposed construction.
- All future information that may become available to the COUNTY pertaining to subdivision plans so that the CONSULTANT may take advantage of additional areas that can be utilized as part of the existing right of way.
- Previously constructed Highway Beautification or Landscape Construction Plans
- Existing right of way maps (if available)
- PD&E Documents (if available)
- Design Reports (if available)
- Letters of authorization designating the CONSULTANT as an agent of the COUNTY in accordance with
  F.S. 337.274.
- Phase reviews of plans and engineering documents.
- Regarding Environmental Permitting Services:
- Approved Permit Document when available.
- Approval of all contacts with environmental agencies.
- General philosophies and guidelines of the COUNTY to be used in the fulfillment of this contract. Objectives, constraints, budgetary limitations, and time constraints shall be completely defined by the COUNTY's Project Manager.
- Appropriate signatures on application forms.

2.22 Services to be Performed by the COUNTY When appropriate and /or available, the COUNTY will provide project data including:

- All certifications necessary for project letting.
- All information that may come to the COUNTY pertaining to future improvements.
- All future information that may come to the COUNTY during the term of the CONSULTANT's Agreement, which in the opinion of the COUNTY is necessary for the prosecution of the work.
- Available traffic and planning data.
- Engineering standards review services.
- All available information in the possession of the COUNTY pertaining to utility companies whose facilities may be affected by the proposed construction.
- All future information that may come to the COUNTY pertaining to subdivision plans so that the CONSULTANT may take advantage of additional areas that can be utilized as part of the existing right of way.
- Previously constructed Highway Beautification or Landscape Construction Plans
- Existing right of way maps (if available)
- PD&E Documents (if available)
- Design Reports (if available)
- Letters of authorization designating the CONSULTANT as an agent of the COUNTY in accordance with F.S. 337.274.
- Phase reviews of plans and engineering documents.
- Regarding Environmental Permitting Services:
- Approved Permit Document when available.
- Approval of all contacts with environmental agencies.
- General philosophies and guidelines of the COUNTY to be used in the fulfillment of this contract. Objectives, constraints, budgetary limitations, and time constraints will be completely defined by the Project Manager.

- Appropriate signatures on application forms.

3 PROJECT COMMON AND PROJECT GENERAL TASKS

Project Common Tasks: Project Common Tasks, as listed below, are work efforts that are applicable to many project activities, 4 (Roadway Analysis) through 35 (Geotechnical Coordination and QA/QC). These tasks are to be included in the project scope in each applicable activity when the described work shall be performed by the CONSULTANT.

Project Research: The CONSULTANT shall perform research of existing PD&E Studies, Developer Contribution Agreement (DCA), Planned Urban Development (PUD) and Development of Regional Impact (DRI) documents for developments adjacent to the project for commitments regarding Right-of-way, Stormwater Management, Roadway Improvements, or any other commitments involving the interests of the COUNTY.

Cost Estimates: The CONSULTANT shall be responsible for producing an Opinion of Probable Cost (OPC) estimate, reviewing and updating it at each project milestones – Phase I (30%), II (60%), III (90%), and IV (100% or final) including the bid schedule. The CONSULTANT shall be responsible for inputting the pay items and quantities into a Summary of Pay Items sheet with all required Plans submittals as required.

Technical Special Provisions: The CONSULTANT shall provide Technical Special Provisions for all items of work not covered by the FDOT Standard Specifications for Road and Bridge Construction (2025) and recurring special provisions. Standard Specifications, recurring special provisions and supplemental specifications should not be modified unless absolutely necessary to control project specific requirements.

The first nine sections of the FDOT standard specifications, recurring special provisions and supplemental specifications shall not be modified without written approval of the COUNTY. The Technical Special Provisions shall provide a description of work, materials, equipment and specific requirements, method of measurement, and basis of payment. When printed or copied, these provisions shall be formatted on 8 1/2"x11" sheets.

Technical Special Provisions will be developed using Microsoft Word (.doc). Furnishing electronic copies in a format other than Microsoft Word or Adobe Acrobat (.pdf) will not be accepted.

Field Reviews: Includes all trips required to obtain necessary data for all project elements identified in this scope of work.

Technical Meetings: The CONSULTANT shall attend all technical meetings necessary to execute the Scope of Services of this contract. This includes but not limited to meetings with the COUNTY and FDOT or other Agency staff between disciplines and CONSULTANT'S, such as access management, pavement design, local governments, progress/phase review, and all other miscellaneous meetings. The CONSULTANT shall prepare, and submit to the COUNTY'S Project Manager for review, the meeting agenda at least 3 days prior each meeting. The meeting minutes are due within five (5) working days of attending the meeting. The CONSULTANT shall revise the meeting minutes as required within 2 days of receipt of comments from attendees.

Quality Assurance/Quality Control: The CONSULTANT shall be accountable for the professional quality, technical accuracy, and quality of their work. CONSULTANT-prepared surveys, construction plans, and contract documents that contain errors or omissions and result in cost and time overruns on a construction project may result in a claim against the CONSULTANT per F.S. 337.015 (3). The CONSULTANT shall, through all stages of design and project construction, without additional compensation, correct all errors or deficiencies in the designs, maps, drawings,

specifications and/or other services furnished by the CONSULTANT under this contract.

The CONSULTANT shall provide a Quality Control Plan 10 days after Design NTP letter is issued that describes the procedures to be utilized to verify, independently check, and review all maps, design drawings, calculations, specifications, and other documentation prepared as a part of the contract. It shall be signed by the CONSULTANT's Project Manager and the CONSULTANT's QC Manager. The CONSULTANT shall describe how the checking and review processes are to be documented to verify that the required procedures were followed. The Quality Control Plan shall be one specifically designed for this project.

The Quality Control Plan shall include the names and resumes of the CONSULTANT's staff that will perform the quality control reviews. The Quality Control reviewer shall be a Florida Licensed Professional Engineer fully prequalified under F.A.C. 14-75 in the work type being reviewed. A marked-up set of prints from a Quality Control Review indicating the reviewers for each component (structures, roadway, drainage, signals, geotechnical, signing and marking, lighting, surveys, etc.) and a written resolution of comments on a point-by-point basis will be required, if requested by the COUNTY, with each phase submittal. The responsible Professional Engineer, Landscape Architect, or Professional Surveyor & Mapper that performed the Quality Control review shall sign a statement certifying that the review was conducted and found to meet required specifications.

Independent Peer Review: The COUNTY will furnish the Independent Peer Review tasks under a separate contract. The CONSULTANT shall provide to the Independent Peer Reviewer access to all project plans and documents when requested. The independent peer review does not relieve the CONSULTANT from the responsibility of their internal quality control process and shall remain accountable for the professional quality and technical accuracy of their work product. Independent Peer Review and a Constructability/Biddability Review for design Phase Plans document submittals are required on this project. These separate reviews shall be completed by someone who has not worked on the plan component that is being reviewed. These could include but are not limited to a separate office under the Prime's umbrella, a SUBCONSULTANT that is qualified in the work group being reviewed, or a CEI. It does not include persons who have knowledge of the day-to-day design efforts. The Constructability/Biddability Review shall be performed by a person with experience working on COUNTY construction projects (CEI, Contractor, etc.).

The Independent Peer Review for design Phase Plans submittals shall ensure the plans meet the FDM, the FDOT Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways ("Florida Greenbook"), Standard Plans and FDOT CADD Manual. The Constructability/Biddability Review shall ensure the project can be constructed and paid for as designed. Constructability/Biddability Reviews should be conducted prior to the 90% and Final submittals, using the FDOT Phase Review Checklist (Guidance Document 1-1-A) from the Construction Project Administration Manual (CPAM) as a minimum guideline. The CONSULTANT shall submit this checklist, as well as the "marked-up" set of plans during this review, and review comments and comment responses from any previous Constructability/Biddability reviews. These items will be reviewed by COUNTY's Project Manager.

Supervision: The CONSULTANT shall supervise all technical design activities.

Coordination: The CONSULTANT shall coordinate with all disciplines of the project to produce a final set of construction documents.

Project General Tasks:

Project General Tasks, described in Sections 3.1 through 3.7 below, represent work efforts that are applicable to the project as a whole and not to any one or more specific project activity. The work described in these tasks shall be performed by the CONSULTANT when included in the project scope.

3.1 Public Involvement

The CONSULTANT shall prepare for and attend (2) public meetings, one after the 30% Phase and one after the 60% Phase as directed by the COUNTY.

Public involvement includes communicating information regarding the development of the project to all interested persons, groups, and government organizations. The CONSULTANT shall coordinate all public meetings with the COUNTY's Public Information Officer (PIO) and obtain approvals on all publicly shared documents prior to distribution.

The CONSULTANT shall provide to the COUNTY drafts of all Public Involvement documents (i.e., newsletters, property owner letters, advertisements, etc.) associated with the following tasks for approval at least five (5) business days prior to printing and/or distribution.

Public needs will heavily influence construction schedule, construction phasing and maintenance of traffic for the project defined herein. The CONSULTANT shall develop coordinated project solutions that will maintain necessary public access during construction.

The first public meeting will be scheduled after the 30% submittal. The goal of the public meeting will be to introduce the design phase of the project including the initial proposed access management plan to the public and receive feedback. The second public meeting will be scheduled after the 60% submittal and may be a public workshop. The goal of the public meeting will be to show all of the design components of the project to the public and receive feedback. The CONSULTANT shall process the public information received, discuss the results and integrate the needs of the public into the project while being mindful of economic feasibility and the needs of the project defined herein. The CONSULTANT shall develop and provide all necessary exhibits for the public meetings.

Collect Public Input – This activity occurs throughout the life of the project, requiring the CONSULTANT to maintain files, newspaper clippings, letters, emails, and any record of direct contact before, during and after the Public Workshops. Input will be gathered during the Public Workshops, or by other methods, such as personal contact, letters, surveys, visits, phone calls, website comments in response to, or following said meeting.

Comments and Coordination Report – A comments and coordination report shall be prepared, containing documentation of the public participation accomplished throughout the design period. This report should summarize and respond to the comments received from the public involvement workshops, agency coordination, etc.

3.1.1 Public Involvement Plan

The CONSULTANT shall prepare a written Public Involvement Plan (PIP) for the project. Within 30 calendar days after receiving Notice to Proceed and submit to the COUNTY for approval. The PIP shall outline each element of the project's public involvement strategy. The plan shall be updated and amended throughout the contract and indicate the basic public involvement approach for the project. It shall list the contact information for public individuals, media officials, and agencies as well as the means to engage them in the project. It shall also include providing the COUNTY with samples of public meeting exhibits and handouts in file size and format suitable for posting on the COUNTY's project website.

3.1.2 Notifications

Upon receipt of the COUNTY's written approval of the Public Involvement Plan, a notification letter shall be prepared and mailed by the CONSULTANT to local elected and officials, property owners within 300-feet (minimum) of the project limits, and other stakeholders as identified. The notification letter shall be consistent with the Public Involvement Plan, introducing the CONSULTANT and informing stakeholders of the project. The notification letters will be sent on COUNTY letterhead and mailed in envelopes displaying the COUNTY logo. The CONSULTANT shall notify and coordinate with the COUNTY's Project Manager prior to sending notifications.

3.1.3 Preparing Mailing Lists

At the beginning of the project, The CONSULTANT shall identify all impacted property owners and tenants (within a minimum of 300 feet of the project corridor) The CONSULTANT will develop and maintain a computerized database of contacts, beginning with a list of those notified in the Kickoff Notification Process, Public officials, community service organizations, environmental agencies, local and regional transportation officials, and special interest groups shall be identified by the CONSULTANT as those individuals or groups to be affected by the project. The CONSULTANT shall prepare a mailing list of all such entities and shall update the mailing list as needed during the life of the project.

3.1.4 Median Modification Letters (N/A)

3.1.5 Driveway Modification Letters

The CONSULTANT shall prepare a driveway modification letter to be sent to property owners along the corridor. In addition, the CONSULTANT shall prepare a sketch of each proposed driveway modification for inclusion in the letter. The letters will be sent on COUNTY letterhead and mailed in envelopes displaying the COUNTY logo. The CONSULTANT shall notify and coordinate with the PIO and COUNTY's Project Manager prior to sending letters.

3.1.6 Newsletters

The CONSULTANT shall prepare two newsletters for distribution to elected officials, public officials, property owners along the corridor, and other interested parties. Newsletter drafts shall be submitted to the COUNTY's PIO and PM for review and approval at least 14 business days prior to printing and/or distribution. The newsletters shall be sent by the CONSULTANT.

3.1.7 Renderings

The CONSULTANT shall prepare the plan views in two (2) dimensional exhibits with aerial background on roll plots and typical sections mounted on display boards for use in public meetings.

3.1.8 PowerPoint Presentations

If requested by the COUNTY, the CONSULTANT shall prepare PowerPoint presentations, if required, for use in public meetings.

3.1.9 Public Meeting Preparations

The CONSULTANT shall prepare the necessary materials (including but not limited to printing of informational graphics, charts, venue maps, directional signs, comment boxes, name tags, etc.) for use in all public meetings. Drafts of all Public Involvement documents shall be submitted to the COUNTY for review and approval at least 14 business days prior to printing and/or distribution.

The COUNTY will be responsible for identifying a venue for the public meetings, paying for the rental costs of the facilities if any and paying for all legal advertisements for the public meetings.

3.1.10 Public Meeting Attendance and Follow-up

The CONSULTANT shall attend the public meeting, assist with meeting setup and take down. The CONSULTANT shall provide to the COUNTY with copies of all materials shown or provided at the public meeting.

The CONSULTANT shall attend the meetings with an appropriate number of personnel to assist the COUNTY's Project Manager.

The CONSULTANT shall collect and summarize all public comments received during public meetings and/or hearings and assist the COUNTY in responding to public comments and questions.

3.1.11 Other Agency Meetings In addition to scheduled public meetings the CONSULTANT may be required to participate in meetings with local governing authorities and/or Metropolitan Planning Organization (MPO). The CONSULTANT's participation may include, but not be limited to, presentations during the meeting, note taking, and summarizing the meeting in a memo to the file. It is estimated for this project there will be two (2) meetings with local governing authorities and/or MPOs during the design.

3.1.12 Web Site

CONSULTANT will provide Public Involvement Graphics to COUNTY for the COUNTY Website.

3.2 Joint Project Agreements- See Section 2.1

3.3 Specifications & Estimates

3.3.1 Specifications Package Preparation

The CONSULTANT shall prepare and provide a specifications package for those specifications NOT considered FDOT Standard Specifications. The CONSULTANT shall obtain Lighting and Traffic Signal Specifications from the COUNTY'S Traffic Operations website. The specifications package shall address all items and areas of work and include any Mandatory Specifications, Modified Special Provisions, and Technical Special Provisions. The specifications package must be submitted for review to the COUNTY Project Manager along with the Phase III plans submittal. This submittal does not require signing and sealing and shall be coordinated through the COUNTY Project Manager. The CONSULTANT shall coordinate with the COUNTY on the submittal requirements, but at a minimum shall consist of (1) the complete specifications package, (2) a copy of the marked-up workbook used to prepare the package, and (3) a copy of the final project plans. Final submittal of the specifications package shall occur with the Final 100% plan submittal. This submittal shall be signed, dated, and sealed in accordance with the applicable Florida Statutes.

3.3.2 Estimated Quantities Report Preparation

The **CONSULTANT** shall develop an Estimated Quantities (EQ) Report beginning with Phase III submittal and for all subsequent submittals. Includes loading category information, pay items, and quantities.

3.4 Contract Maintenance and Project Documentation

Contract maintenance includes project management effort for complete setup and maintenance of files, electronic folders and documents, developing technical monthly progress reports and schedule

updates. Project documentation includes the compilation and delivery of final documents, reports or calculations that support the development of the contract plans; includes uploading files to an FTP server.

3.5 Value Engineering (Multi-Discipline Team) Review

The COUNTY may request a Value Engineering Review after the 30% Plans Submittal. At which time, the CONSULTANT will prepare for and participate in a Value Engineering Review of the Plans.

3.6 Prime Consultant Project Manager Meetings

Includes only the Prime CONSULTANT Project Manager's time for travel and attendance at Activity Technical Meetings and other meetings listed in the meeting summary for Task 3.6 on tab 3 Project General Task of the staff hour forms. Staff hours for other personnel attending Activity Technical Meetings are included in the meeting task for that specific Activity.

3.7 Plans Update

The effort needed for Plans Update services will vary from project to project, depending on size and complexity of the project, as well as the duration of time spent "on the shelf".
Specific services will be negotiated as necessary as a contract amendment.

3.8 Post Design Services

Post Design Services are included in this contract and may include, but are not limited to, meetings, construction assistance (responding to RFI's), plans revisions, shop drawing review services, survey services, as-built drawings, permit construction certification, and load ratings. Post Design Services are not intended for instances of CONSULTANT errors and/or omissions. All CONSULTANT contact with the Contractor shall be made through the COUNTY'S Construction Project Manager. The CONSULTANT shall not contact the Contractor directly unless there is a possible immediate threat to public health and/or safety. The COUNTY'S Construction Project Manager must be contacted immediately thereafter.

The COUNTY CEI is responsible for confirming that all quality control testing and requirements of the approved Quality Control Plan have been executed and the results are satisfactory per the design requirements.

The CONSULTANT shall visit the construction site at key phases of the project to verify as-built conditions. This will require the CONSULTANT to coordinate with the COUNTY'S Project Manager during construction and attend construction meetings as required or requested by the COUNTY. The CONSULTANT shall meet with the COUNTY'S Project Manager during the Quality Control submittal/review to establish the anticipated stages of construction.

The CONSULTANT must notify the COUNTY'S Project Manager of any design-related issues as soon as possible.

It is important that all significant changes made during construction be documented by the CONTRACTOR in the final as-built plans. The CONTRACTOR shall markup sheets requiring minor (non-engineering analysis) as-built changes and show those changes on the Final Signed and Sealed As-Built Signature Sheet(s). Major changes resulting in issuance of revised contract documents must also be included in the as-built package and recorded appropriately on the Final Signed and Sealed As-built Signature Sheet(s).

CONSULTANT will provide electronic Plans to CONTRACTOR for preparation of As-Built Drawings by CONTRACTOR. Any changes proposed by the Contractor must be signed and sealed by

the Contractor's EOR and approved by the CONSULTANT. This may be a Cost Savings Initiative Proposal (CSIP) redesign or an original design of certain components including Shop Drawings.

All original documents obtained by the CONSULTANT will be turned over to the COUNTY at the project's close-out or upon request by the COUNTY. All documents obtained for inclusion in the Final As-Built Documents Package must be Quality Control reviewed by the CONSULTANT to ensure correctness and legibility. The CONSULTANT shall contact the COUNTY if any deficiencies are identified.

The Final As-Built Documents Package Certification(s) must be digitally signed and sealed by the CEI CONSULTANT Quality assurance material testing will be the responsibility of the CONTRACTOR.

3.9 Digital Delivery

The CONSULTANT shall deliver final contract plans and documents in digital format (PDF and CAD). The final contract plans, and documents shall be digitally signed, and sealed files delivered to the COUNTY on acceptable electronic media, as determined by the COUNTY. Deliverables shall be provided in both pdf and CADD formats.

3.10 Risk Management

The CONSULTANT shall identify potential risks associated with design and construction of the project. Risks may include but not be limited to environmental conditions, public opposition, economic conditions, material costs, right of way costs, utility involvement, permitting delays, loss of key personnel, etc. The CONSULTANT shall provide to the COUNTY a Risk Management Plan following the procedures outlined in FDOT's Project Management Handbook, Chapter 19, preceding the development of 30% design plans.

3.11 Railroad, Transit and/or Airport Coordination

The CONSULTANT shall coordinate with the COUNTY Project Manager and Transit Coordinator to include any features needed by the Collier Area Transit (CAT). No coordination is included with railroad and airport authorities.

3.12 Landscape and Existing Vegetation Coordination – N/A

3.13 Transit Coordination

The CONSULTANT shall coordinate with the COUNTY's Project Manager and Transit Coordinator to include any features needed by the Collier Area Transit (CAT).

3.14 Other Project General Tasks

The CONSULTANT shall assist the COUNTY during the construction bidding phase of the project including, but not limited to, attending the pre-bid meeting, addressing addendum, evaluating bids and bidders, and providing written letters of recommendation.

4 ROADWAY ANALYSIS

The CONSULTANT shall analyze and document Roadway Tasks in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, and current design memorandums.

4.1 Typical Section Package

The CONSULTANT shall provide a Typical Section Package for approval by the COUNTY prior to the 30% plan submittal as described in Section 2.0. Minor modifications (if required) shall be incorporated and submitted for final approval by the COUNTY.

4.2 Pavement Type Selection Report – N/A

4.3 Pavement Design Package
The CONSULTANT shall provide an approved Pavement Design Package at the 30% plan submittal. The COUNTY shall approve the Pavement Design prior to proceeding with the 60% design.

4.4 Cross-Slope Correction (lanes and shoulders)
The CONSULTANT shall investigate the existing pavement to be retained as part of the project and include in the design any required correction of existing cross-slopes. Cross slope information will be collected at 100' intervals. After the analysis of the cross slopes a recommendation will be provided as part of the pavement report. The CONSULTANT will coordinate with Collier COUNTY Maintenance to help identify any known locations which may be deficient.

4.5 Safety Analysis
The CONSULTANT shall include all work necessary to perform all safety analysis required for roadway design including justification/mitigation, as needed, for design variations and exceptions.

4.6 Design Analysis

4.6.1 Monitor Existing Structures
The CONSULTANT shall identify all existing structures in need of monitoring (as required in FDM 117) to identify the necessary pay items to be included in the bid documents. Optional services may be negotiated at a later date if needed. Coordinate with and assist the geotechnical engineer and/or structural engineer to develop mitigation strategies (when applicable).

4.6.2 Access Management:
The CONSULTANT shall includes all efforts required to determine location and types of median opening modifications and driveway connection spacing. This also includes any Access Management Report, research for permitted/un-permitted driveways.

4.7 Operational Analysis-N/A

4.8 Design Reports

4.9 Design Variations and Exceptions
A design variation will be prepared if required. Anticipate up to two variations and one exception.

5 ROADWAY PLANS
The CONSULTANT shall prepare Roadway, Drainage, TTCP, Utility Adjustment Sheets, plan sheets, notes, and details as shown in the FDM Summary of Phase Submittals Table 301.2.2. The plans shall include the following sheets necessary to convey the intent and scope of the project for the purposes of construction.

5.1 Key Sheet
5.2 Typical Section Sheets
5.3 Cross Slope Correction Details
5.4 General Notes/Pay Items Notes
5.5 Project Layout
5.6 Plan View (Plan Sheets) (Assumed to be at 40 scale)
5.7 Profile View (Plan/Profile Sheets) (Assumed to be at 40 scale) (Vertical scale to be 1:5)
5.8 Special Profile

5.9 Sidewalk Profiles
5.10 Interchange Layout Sheet – N/A
5.11 Details
5.12 Soil Survey Sheets
5.13 Cross Sections
5.14 Temporary Traffic Control Plan
5.15 Utility Adjustment Sheets
5.16 Project Control Sheets
5.17 Utility Verification Data (SUE)
5.18 Quality Assurance/Quality Control
5.19 Supervision

6 DRAINAGE

6a DRAINAGE ANALYSIS

The CONSULTANT shall analyze and document Drainage Tasks in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, and current design memorandums.

The CONSULTANT shall be responsible for designing a drainage and stormwater management system. All design work shall comply with the requirements of the appropriate regulatory agencies and the COUNTY's Drainage Manual.

The CONSULTANT shall coordinate fully with the appropriate permitting agencies and the COUNTY's staff. All activities and submittals should be coordinated through the COUNTY's Project Manager. The work will include the engineering analyses for any or all of the following:

6a.1 Base Clearance Calculations

Analyze, determine, and document high water elevations per basin which will be used to set roadway profile grade and roadway materials. Determine surface water elevations at cross drains, floodplains, outfalls and adjacent stormwater ponds. Determine groundwater elevations at intervals between the above-mentioned surface waters. Document findings in a Base Clearance Report.

6a.2 Hydroplaning Analysis

Perform a hydroplaning analysis to assist in the determination of the appropriate roadway geometry for all necessary locations (both typical sections and critical cross sections) as needed. See the FDOT Hydroplaning Guidance and FDOT Design Manual (FDM) Chapters 210 and 211 for more information.

6a.3 Existing Permit Analysis

Data gathering including desktop analysis of local, state and federal Drainage permits

6a.4 Utility Conflict Matrix (for drainage structure)

Including all efforts required for populating and coordination of the Utility Conflict Matrix for all drainage structures

6a.5 Noise Barrier Drainage Analysis – N/A

6a.6 Temporary Drainage Analysis
Evaluate and address drainage to adequately drain the road and maintain existing offsite drainage during all construction phases. Provide documentation

6a.7 Pond Siting Analysis and Report
Evaluate pond sites using a preliminary hydrologic analysis. Document the results and coordination for all the project's pond site analyses. The Drainage Manual provides specific documentation requirements.

6a.8 Analysis of Pipe Video Inspection Report – N/A

6a.9 Bridge Hydraulic Report

6a.10 Design of Cross Drains

6a.11 Design of Ditches and Side Drains
Design roadway conveyance and outfall ditches. This task includes capacity calculations, longitudinal grade adjustments, flow changes, additional adjustments for ditch convergences, selection of suitable channel lining, design of side drain pipes, and documentation. (Design of linear stormwater management facilities in separate task.)

6a.12 Design of Stormwater Management Facility
Design stormwater management facilities to meet requirements for stormwater quality treatment, attenuation and aesthetics. Develop proposed pond layout (contributing drainage basin, shape, contours, slopes, volumes, tie-ins, aesthetics, etc.), perform routing, pollutant/nutrient loading calculations, recovery calculations, design the outlet control structure and buoyancy calculations for pond liners when necessary.

6a.13 Design of Floodplain Compensation
Determine floodplain encroachments, coordinate with regulatory agencies, and develop proposed compensation area layout (shape, contours, slopes, volumes, etc.). Document the design following the requirements of the regulatory agency.

6a.14 Design of Storm Drains
Delineate contributing drainage areas, determine runoff, inlet locations, and spread. Calculate hydraulic losses (friction, utility conflict and, if necessary, minor losses). Determine design tailwater and, if necessary, outlet scour protection.

6a.15 Optional Culvert Material
Determine acceptable options for pipe materials using the Culvert Service Life Estimator.

6a.16 Design of Trench Drain – N/A

6a.17 French Drain Systems

6a.17.1 Existing French Drain Systems

6a.18 Design of Drainage Wells – N/A

6a.19 Stormwater Runoff Control Concept

6a.20 Other Drainage Analysis

Analysis (Value Engineering) of alternatives and design of discharge pipes and pond sites as well as modifications/improvements to existing French Drain System, incorporating County Regional Park, Livingston Lakes, and Windsong outfalls into our discharge, etc.

6a.21 Drainage Design Documentation Report

Compile drainage design documentation into report format. Include documentation for all the drainage design tasks and associated meetings and decisions, except for stand-alone reports, such as the Pond Siting Analysis Report and Bridge Hydraulics Report.

6a.22 Drainage Quantities for EQ Report

The CONSULTANT shall determine drainage pay items and quantities and the supporting documentation.

6a.23 Cost Estimate

Prepare cost estimates for the drainage components, except bridges and earthwork for stormwater management and flood compensation sites.

6a.24 Technical or Modified Special Provisions

6a.25 Quality Assurance/Quality Control

6a.26 Supervision

6a.27 Drainage Meetings

6a.28 Field Reviews

6a.29 Coordination

6b DRAINAGE PLANS

The CONSULTANT shall prepare Drainage plan sheets, notes, and details. The plans shall include the following sheets necessary to convey the intent and scope of the project for the purposes of construction.

6b.1 Drainage Map (Including Interchanges)

6b.2 Bridge Hydraulics Recommendation Sheets

6b.3 Drainage Structures

6b.4 Lateral Ditch

6b.5 Retention/Detention/Floodplain Compensation Pond Details & Cross Sections

6b.6 Quality Assurance/Quality Control

6b.7 Supervision

6c SELECTIVE CLEARING AND GRUBBING – N/A

7 UTILITIES

The CONSULTANT shall identify utility facilities and secure agreements, utility work schedules, and plans from the Utility Agency Owners (UAO) ensuring all conflicts that exist between utility facilities and the COUNTY's construction project are addressed. Above and below ground existing public utility infrastructure is located within the project limits. The CONSULTANT shall provide all applicable services, including but not limited to, engineering, geotechnical, subsurface utility engineering, design, permitting, bidding, and post design construction services required to relocate or improve Collier County Water-Sewer District infrastructure. The CONSULTANT shall follow FDOT and COUNTY standards, policies, procedures and design criteria. COUNTY standards are located at: http://www.colliergov.net/your- government/divisions-s-z/water/utilities-standards-manual

7.1 Utility Kickoff Meeting

Before any contact with the UAO(s), the CONSULTANT shall meet with the District Utility Office (DUO) to receive guidance, as may be required, to assure that all necessary coordination will be accomplished in accordance with COUNTY procedures. CONSULTANT shall bring a copy of the design project work schedule reflecting utility activities.

7.2 Identify Existing Utility Agency Owner(s)

The CONSULTANT shall identify all utilities within and adjacent to the project limits that may be impacted by the project.

7.3 Make Utility Contacts

First Contact: The CONSULTANT shall send letters and two sets of plans to each utility, one set for the utility office, and one set to the COUNTY Offices as required by the District. Includes contact by phone for meeting coordination. Request type, size, location, easements, and cost for relocation if reimbursement is claimed. Request the voltage level for power lines in the project area. Send UAO requests for reimbursement to FDOT for a legal opinion. Include the meeting schedule (if applicable) and the design schedule. Include typical meeting agenda. If scheduling a meeting, give 4 weeks advance notice. Second Contact: At a minimum of 4 weeks prior to the meeting, the CONSULTANT shall transmit two complete sets of Phase II plans and the utility conflict information (when applicable and in the format requested by the COUNTY) to each UAO having facilities located within the project limits, and one set to the COUNTY Offices as required by the District. Third Contact: Identify agreements and assemble packages. The CONSULTANT shall send agreements, letters, the utility conflict information (when applicable and in the format requested by the COUNTY) and two sets of plans to the UAO(s) including all component sets, one set for the utility office, one set to construction

and maintenance if required. Include the design schedule. Not all projects will have all contacts as described above. The CONSULTANT shall be responsible for transmitting/coordinating the appropriate design reports, including, but not limited to, the Preliminary Engineering Report and the Project Scope, to each UAO to identify any condition that may require a Utility Exception. The CONSULTANT shall identify and communicate to the UAO any facilities in conflict with their location or project schedule. The CONSULTANT shall assist with the processing of design exceptions involving Utilities with the UAO and the COUNTY as required by the Utility Accommodation Manual (UAM).

7.4 Exception Processing

The CONSULTANT shall be responsible for transmitting/coordinating the appropriate design reports including, but not limited to, the Resurfacing, Restoration and Rehabilitation (RRR) report, Preliminary Engineering Report, Project Scope and/or the Concept Report (if applicable) to each UAO to identify any condition that may require a Utility Exception. The CONSULTANT shall identify and communicate to the UAO any facilities in conflict with their location or project schedule. The CONSULTANT shall assist with the processing of design exceptions involving Utilities with the UAO and the COUNTY. Assist with processing per the UAM.

7.5 Preliminary Utility Meeting

The CONSULTANT shall schedule (time and place), notify participants, and conduct a preliminary utility meeting with all UAO(s) having facilities located within the project limits for the purpose of presenting the project, review the current design schedule, evaluate the utility information collected, provide follow-up information on compensable property rights from the FDOT Legal Office, discuss the utility work by highway contractor option with each utility, and discuss any future design issues that may impact utilities. This is also an opportunity for the UAO(s) to present proposed facilities. The CONSULTANT shall keep accurate minutes and distribute a copy to all attendees.

7.6 Individual/Field Meetings

The CONSULTANT shall meet with each UAO as necessary, separately or together, throughout the project design duration to provide guidance in the interpretation of plans, review changes to the plans and schedules, standard or selective clearing and grubbing work, and assist in the development of the UAO(s) plans and work schedules. The CONSULTANT is responsible for motivating the UAO to complete and return the necessary documents after each Utility Contact or Meeting

7.7 Collect and Review Plans and Data from UAO(s)

The CONSULTANT shall review utility marked plans and data individually as they are received for content. Ensure information from the UAO (utility type, material and size) is sent to the designer for inclusion in the plans. Forward all requests for utility reimbursement and supporting documentation to the COUNTY.

7.8 Subordination of Easements Coordination – N/A.

7.9 Utility Design Meeting

The CONSULTANT shall schedule (time and place), notify participants, and conduct a Utility meeting with all affected UAO(s). The CONSULTANT shall be prepared to discuss impacts to existing trees/vegetation and proposed landscape, drainage, traffic signalization, temporary traffic control plans (TTCP) (construction phasing), review the current design schedule and letting date, evaluate the utility information collected, provide follow-up information on compensable property rights from FDOT Legal Office, discuss with each UAO the utility work by highway contractor option, discuss any future design issues that may impact utilities, etc., to the extent that they may have an effect on existing or proposed utility facilities with particular emphasis on drainage and TTCP with

each UAO. The intent of this meeting shall be to assist the UAOs in identifying and resolving conflicts between utilities and proposed construction before completion of the plans, including utility adjustment details. Also, to work with the UAOs to recommend potential resolution between known utility conflicts with proposed construction plans as may be deemed practical by the UAO. The CONSULTANT shall keep accurate minutes of all meetings and distribute a copy to all attendees within 3 days.

7.10 Review Utility Markups & Work Schedules and Processing of Schedules & Agreements

The CONSULTANT shall review utility marked up plans and work schedules as they are received for content and coordinate review with the designer. Send color markups and schedules to the appropriate COUNTY office(s) such as survey, geotechnical, drainage, structures, lighting, roadway, signals, utilities, landscape architecture, municipalities, maintaining agency, and District Traffic Operations for review and comment if required by the District. Coordinate with the District for execution. Distribute Executed Final Documents. Prepare Work Order for UAO(s). The CONSULTANT shall coordinate with the COUNTY PUD the programming of necessary Work Program funds.

7.11 Utility Coordination/Follow-up

The CONSULTANT shall provide utility coordination and follow up. This includes follow-up, interpreting plans, and assisting the UAOs with completion of their work schedules and agreements. Includes phone calls, face-to-face meetings, etc., to motivate and ensure the UAO(s) complete and return the required documents in accordance with the project schedule. Ensure the resolution of all known conflicts. The CONSULTANT shall keep accurate minutes of all meetings and distribute a copy to all attendees. This task can be applied to all phases of the project.

7.12 Utility Constructability Review

The CONSULTANT shall review utility schedules against construction contract time, and phasing for compatibility. Coordinate with and obtain written concurrence from the construction office. See Task 4.5 (Horizontal/Vertical Master Design File) and Task 4.9 (Cross Section Design Files) for utility conflict identification and adjustments.

7.13 Additional Utility Services – N/A

7.14 Processing Utility Work by Highway Contractor (UWHC) – N/A

7.15 Contract Plans to UAO(s)

If requested by the COUNTY, the CONSULTANT shall transmit the contract plans as processed for letting to the UAO(s). Transmittals to UAO(s) may be by certified mail, return receipt requested.

7.16 Certification/Close-Out

This includes hours for transmitting utility files to the COUNTY and preparation of the Utility Certification Letter. The CONSULTANT shall certify to the COUNTY Project Manager the following: All utility negotiations (Full execution of each agreement, approved Utility Work Schedules, Technical Special Provisions or Modified Special Provisions written, etc.) have been completed with arrangements made for utility work to be undertaken and completed as required for proper coordination with the physical construction schedule.

OR

An on-site inspection was made, and no utility work will be involved.

OR

Plans were sent to the Utility Companies/Agencies and no utility work is required.

OR

A No Response letter on COUNTY letter, delivered to the UAO via certified mail, return receipt

requested, documenting all failed attempts to obtain RGBs, UWS or No Conflict letter from any non-responsive UAO.

7.17 Other Utilities

This scope item is considered an Additional/Optional Service if requested by the COUNTY. Fees for this item are not included in the negotiated contract fees. If this item is determined necessary and is requested by the COUNTY, scope and fee will be negotiated at the time and will be implemented via Change Order or Contract Amendment. When applicable, the staff hourly rates established in the contract shall be utilized for fee determination.

8 ENVIRONMENTAL PERMITS AND ENVIRONMENTAL CLEARANCES

The CONSULTANT shall notify the COUNTY Project Manager, Environmental Permit Coordinator, and other appropriate COUNTY personnel in advance of all scheduled meetings with the regulatory agencies to allow a COUNTY representative to attend. The CONSULTANT shall copy in the Project Manager and the Environmental Permit Coordinator on all permit related correspondence and meetings. The CONSULTANT shall use current regulatory guidelines and policies for all permits required as identified in Section 2.4.

8.1 Preliminary Project Research

The CONSULTANT shall perform preliminary project research and shall be responsible for regulatory agency coordination to assure that design efforts are properly directed toward permit requirements. The research shall include but should not be limited to a review of the project's PD&E documents including the Environmental Document, Natural Resources Evaluation Report, and Cultural Resources Assessment Survey Report. The CONSULTANT shall research any existing easements or other restrictions that may exist both within and adjacent to the proposed project boundary. Project research may include but should not be limited to review of available: federal, state, and local permit files and databases; and local government information including COUNTY and property appraiser data. The CONSULTANT shall determine if any Sovereign Submerged Lands easements need to be modified or acquired. Any applicable information will be shown on the plans as appropriate.

8.2 Field Work

8.2.1 Pond Site Alternatives: - N/A

8.2.2 Establish Wetland Jurisdictional Lines and Assessments:

The CONSULTANT shall be responsible for, but not limited to, the following activities:

- Determine landward extent of wetlands and other surface waters as detailed in Rule Chapter 62-340, F.A.C., as ratified in Section 373.4211, F.S..; United States Army Corps of Engineers (USACE) Wetland Delineation Manual (Technical Report Y-87-1); Regional Supplement to the Corps of Engineers Wetland Delineation Manual: Atlantic and Gulf Coastal Plain Region (ERD/EL TR-10-20).
- Collect all data and information necessary to determine the jurisdictional boundaries of wetlands and other surface waters as defined by the rules or regulations of each permitting agency processing a COUNTY permit application for the project.
- Set seasonal high-water levels in adjacent wetlands with biological indicators
- Obtain a jurisdictional determination as defined by the rules or regulations of each permitting agency processing a COUNTY permit application for the project.
- Prepare aerial maps showing the jurisdictional boundaries of wetlands and other surface waters. Aerial maps shall be reproducible, of a scale of 1" = 400' or more detailed and be recent photography. The maps shall show the jurisdictional boundaries of each agency. Photocopies of aerials are not acceptable. When

necessary, a wetland specific survey will be prepared by a registered surveyor and mapper. All surveyed jurisdictional boundaries are to be tied to the project's baseline of survey.

- Prepare a written assessment of the current condition and functional value of the wetlands and other surface waters. Prepare data in tabular form which includes the ID number for each wetland (and other surface water, if necessary) impacted, size of wetland to be impacted, type of impact, and identify any wetland (by ID number and size) within the project limits that will not be impacted by the project.
- Prepare appropriate agency forms to obtain required permits. Forms may include but are not limited to the USACE "Wetland Determination Data Form – Atlantic and Gulf Coastal Plain Region"; the USACE "Approved Jurisdictional Determination Form"; Uniform Mitigation Assessment Method forms and/or project specific data forms.

8.2.3 Species Surveys:

To support permitting efforts, the CONSULTANT shall conduct wildlife surveys as defined by rules or regulations of any permitting agency, or commenting agency that is processing a COUNTY permit. Species specific surveys are included for gopher tortoise burrows, Big Cypress fox squirrel, and Florida bonneted bat (roost and acoustic survey), , as may be needed.

The CONSULTANT shall provide support for FDEP/SFWMD requirement for pre-construction surveys – to be performed as optional service (See 8.13).

The CONSULTANT shall conduct a field review of the project site and document existing conditions with regard to habitats and potential presence of listed species.

The above scope and corresponding fees include consultation with the Florida Fish and Wildlife Conservation Commission (FWC) and the U.S. Fish and Wildlife Service (FWS) through the State and federal permitting process, as needed.

The CONSULTANT is to coordinate with the SFWMD and any other regulatory agencies having jurisdiction to assure that design efforts are properly directed toward permit requirements.

The CONSULTANT will prepare a complete permit package necessary to construct the project, including site and system design information required by and acceptable to the District and all other regulatory agencies.

The CONSULTANT will professionally endorse the permit package(s) for District permitting and any regulatory agency exercising jurisdiction. The CONSULTANT is responsible for permit package submittal, agency coordination and for all the information necessary to secure permits from these regulatory agencies.

8.3 Agency Verification of Wetland Data

The CONSULTANT shall be responsible for verification of wetland and other surface water data identified in Section 8.2 and coordinating regulatory agency field reviews, including finalization of assessments and jurisdictional determinations with applicable agencies.

8.4 Complete and Submit All Required Permit Applications

The CONSULTANT shall collect all the data and information necessary to prepare the permit applications and obtain the environmental permits required to construct the project as identified in the Project Description and as described in 8.4.1, 8.4.2, and 8.13 (Other Permits). The

CONSULTANT shall prepare each permit application in accordance with the rules and/or regulations of the regulatory agency responsible for issuing a specific permit and/or authorization to perform work. The permit application packages must be approved by the COUNTY and FDOT prior to submittal to regulatory agencies. The CONSULTANT will submit all permit applications, as directed by the COUNTY. The COUNTY will be responsible for payment of all permit fees.

8.4.1 Complete and Submit all Required Wetland Permit Applications:
The CONSULTANT shall prepare, complete, and submit required wetland permit (i.e., ERP, Section 404) application packages to the appropriate regulatory agencies whether it's FDEP or USACE, additional compensation will be negotiated for resubmission to either agency if the jurisdictional agency changes mid-project. This includes, but is not limited to, applications submitted to WMDs and/or DEP. The application package may include but is not limited to attachments (i.e., project location map, aerials, affidavit of ownership, pictures, additional technical analysis, etc.), a cover letter with project description as well as completion of applicable agency forms. The CONSULTANT shall prepare and respond to agency Requests for Additional Information (RAIs), including necessary revisions to the application package. All responses and completed application packages must be approved by the COUNTY prior to submittal to the regulatory agencies. Geotechnical permitting should also be prepared, submitted, and obtained.

8.4.2 Complete and Submit all Required Species Permit Applications:
The CONSULTANT shall prepare, complete and submit required species permit applications to the appropriate agencies, if needed. This may include federal and state protected species permit application packages as required. The work includes completion of application package (i.e., project location map, aerials, affidavit of ownership, pictures, additional technical analysis, etc.), and cover letter with project description as well as completion of applicable forms. The CONSULTANT shall respond to agency RAIs, including necessary revisions to the application package. All responses and completed applications must be approved by the COUNTY prior to submittal to the regulatory agency. Permit applications are limited to FWC 10 or fewer gopher tortoise relocation permit and modification of existing USFWS Biological Opinion, if applicable. County is responsible for paying applicable mitigation/recipient site fees, as may be required during permitting.

8.5 Coordinate and Review Dredge and Fill Sketches
The CONSULTANT shall review Dredge and Fill Detail sheets to ensure information on the sketch(es) meet the requirements of the regulatory agencies and are appropriate for environmental permit application submittal and acquisition. The CONSULTANT will also provide environmental data/information as needed to support the preparation of the Dredge and Fill sketches.

8.6 Complete and Submit Documentation for Coordination and/or USCG Bridge Permit Application – N/A

8.6.1 Prepare and submit required documents for USCG Coordination – N/A

8.6.2 Complete and submit USCG Bridge Permit Application – N/A

8.7 Prepare Water Management District or Local Water Control District Right of Way Occupancy Permit Application
The CONSULTANT shall be responsible for preparing the ROW Occupancy permit application in accordance with the regulatory agency requirements.

8.8 Prepare Coastal Construction Control Line (CCCL) Permit Application – N/A

8.9 Prepare USACE Section 408 Application to Alter a Civil Works Project – N/A

8.10 Compensatory Mitigation Plan – N/A

8.11 Mitigation Coordination and Meetings

The CONSULTANT shall coordinate with COUNTY personnel prior to approaching any environmental permitting or commenting agencies. Once a mitigation plan has been reviewed and approved by the COUNTY, the CONSULTANT will be responsible for coordinating the proposed mitigation plan with the environmental agencies. The CONSULTANT will provide mitigation information needed to update the COUNTY Project Manager.

8.12 Regulatory Agency Support

The CONSULTANT shall provide regulatory agency support which may include but is not limited to preparing: a Statement of Findings or Memorandum for the Record; Public Notice; Findings of Fact; and Biological Opinion.

8.13 Other Environmental Permits – N/A

8.14 Technical Support to the COUNTY for Environmental Clearances and Re-evaluations – N/A

The CONSULTANT shall provide engineering and environmental support for the COUNTY to obtain environmental clearances for all changes to the project after the PD&E study was approved. These changes include but are not limited to pond and/or mitigation sites identified, land use or environmental changes, and major design changes.

8.14.1 NEPA or SEIR Re-evaluation

Before developing the final design plans, the CONSULTANT shall be responsible for coordinating with the FDOT to provide the necessary engineering information required to prepare the re-evaluation by the FDOT. The preparation of environmental re-evaluations includes those as listed in Part 1, Chapter 13 of the FDOT PD&E Manual: Right of Way, Design Change, and Construction Advertisement. The CONSULTANT shall provide information to update the Project Commitment Record for incorporation into the re-evaluation. It is the responsibility of the CONSULTANT to provide the engineering information on major design changes including changes in typical section, roadway alignment, pond site selection, right of way requirements, drainage, and traffic volumes that may affect noise models.

8.14.2 Archaeological and Historical Resources

The CONSULTANT shall provide necessary technical information to analyze the impacts to all cultural and historical resources due to changes in the project in accordance with Part 2, Chapter 8 of the PD&E Manual.

8.14.3 Section 4(f), 6(f), and ARC

8.14.4 Wetland Impact Analysis

The CONSULTANT shall provide necessary technical information to analyze the impacts to wetlands and other surface waters in accordance with Part 2, Chapter 9 of the PD&E Manual due to changes in the project.

8.14.5 Essential Fish Habitat Impact Analysis

The CONSULTANT shall provide necessary technical information to analyze the

impacts to essential fish habitat in accordance Part 2, Chapter 17 of the PD&E Manual due to changes in the project.

8.14.6 Protected Species and Habitat Impact Analysis

The CONSULTANT shall provide necessary technical information to analyze the impacts to all protected species and habitat in accordance with Part 2, Chapter 16 of the PD&E Manual due to changes in the project. The CONSULTANT shall perform the necessary analysis to complete agency consultation in accordance with Section 7 or Section 10 of the Endangered Species Act.

8.15 Preparation of Environmental Clearances and Re-evaluations. – N/A

8.16 Contamination Impact Analysis

The CONSULTANT shall prepare Contamination Screening Evaluation for the project limits including stormwater ponds and floodplain compensation sites as described in Part 2, Chapter 20, of the PD&E Manual. The appropriate level of analysis and deliverable type will be approved by the COUNTY's Project Manager and District Contamination Impact Coordinator. The draft Level 1 Contamination Screening Evaluation document shall be submitted to the COUNTY's Project Manager for review and final approval. The CONSULTANT shall include an evaluation of any new contamination impacts due to changes to the project from the design concept, if applicable, and any new discharges or new potential contamination impacts not evaluated in any previously completed Contamination Screening Evaluation. The project impacts, conclusions and recommendations, figures, tables and appendices will be provided in a Level I Contamination Screening Evaluation Report. The CONSULTANT shall provide Level II assessment services as an additional service. If contamination is identified within the limits of construction, the CONSULTANT shall coordinate with the COUNTY Project Manager to properly mark identified contamination areas in the plans and develop specifications as appropriate.

8.17 Asbestos Survey - N/A

8.18 Technical Meetings

8.19 Quality Assurance/Quality Control

8.20 Supervision

8.21 Coordination

9 STRUCTURES - SUMMARY AND MISCELLANEOUS TASKS AND DRAWINGS

The CONSULTANT shall analyze, design, and develop contract documents for all structures in accordance with applicable provisions as defined in Section 2.19, Provisions for Work. Individual tasks identified in Sections 9 through 18 are defined in the Staff Hour Estimation Handbook and within the provision defined in Section 2. 20, Provisions for Work. Contract documents shall display economical solutions for the given conditions. The CONSULTANT shall provide Design Documentation to the COUNTY with each submittal consisting of structural design calculations and other supporting documentation developed during the development of the plans. The design calculations submitted shall adequately address the complete design of all structural elements. These calculations shall be neatly and logically presented on digital media or, at the COUNTY's request, on 8 ½"x11" paper and all sheets shall be numbered. The final design calculations shall be signed and sealed by a Florida-licensed professional engineer. A cover sheet indexing the contents of the calculations shall be included and the engineer shall sign and seal that sheet. All computer programs and parameters used in the design calculations shall

include sufficient backup information to facilitate the review task.

9.1 Key Sheet and Index of Drawings
9.2 Project Layout
9.3 General Notes and Bid Item Notes
9.4 Miscellaneous Common Details
9.5 Incorporate Report of Core Borings
9.6 Standard Plans- Bridges
9.7 Existing Bridge Plans
9.8 Assemble Plan Summary Boxes and Quantities
9.9 Cost Estimate
9.10 Technical Special Provisions and Modified Special Provisions
9.11 Field Reviews
9.12 Technical Meetings
9.13 Quality Assurance/Quality Control
9.14 Independent Peer Review-N/A (provided by county)
9.15 Supervision
9.16 Coordination

10 STRUCTURES - BRIDGE DEVELOPMENT REPORT

The CONSULTANT shall prepare a Bridge Type Study (Not a full BDR). The Bridge Type Study shall be submitted as part of Phase I (30% Plans) Submittal, General Requirements. Bridge type study will analyze widening/proposed options and alternatives for the existing flat slab bridge. Study will include all feasible alternatives in conjunction with MOT, including widening/replacement, with documentation and exhibits/calculations. Study will also discuss the independent U-turn and traditional left turn at Immokalee intersection and effects on bridge type/length. Bridge aesthetics will be provided as an additional services after workshop and county approval. Quantities and cost estimates for alternatives will be provided.

General Requirements:
10.1 Bridge Geometry
10.2 Ship Impact Data Collection – N/A
10.3 Ship Impact Criteria – N/A
Superstructure Alternatives:
10.4 Short-Span Concrete
10.5 Medium-Span Concrete – N/A
10.6 Long Span Concrete – N/A
10.7 Structural Steel – N/A
Foundation and Substructure Alternatives
10.8 Pier/Bent
10.9 Shallow Foundations / Geosynthetic Reinforced Soil (GRS) Abutments – N/A
10.10 Deep Foundations
Movable Span – N/A
10.11 Data Collection and Design Criteria – N/A
10.12 Movable Span Geometrics and Clearances – N/A
10.13 Deck System Evaluation – N/A
10.14 Framing Plan Development – N/A
10.15 Main Girder Preliminary Design – N/A
10.16 Conceptual Span Balance/Counterweight-N/A
10.17 Support System Development
10.18 Drive Power Calculations-N/A
10.19 Drive System Development-N/A
10.20 Power and Control Development-N/A

10.21 Conceptual Pier Design
10.22 Foundation Analysis (FL PIER)
10.23 Tender Visibility Study
Other Bridge Type Study Issues
10.24 Aesthetics
10.25 TTCP/Staged Construction Requirements
10.26 Constructability Requirements
10.27 Load Rating for Damaged/Widened Structures – (load rating for existing bridge)
10.28 Quantity and Cost Estimates
10.29 Quantity and Cost Estimates - Movable Span – N/A
10.30 Wall Type Justification
Report Preparation
10.31 Exhibits
10.32 Exhibits - Movable Span – N/A
10.33 Report Preparation
10.34 Report Preparation - Movable Span – N/A
10.35 Bridge Type Study Package

Preliminary Exhibits (To be included as an appendix to the Bridge Type Study)

1. General Notes Sheets
2. Plan and Elevation Sheets
3. Construction Staging
4. Bridge Hydraulics Recommendation Sheets
5. Superstructure Typical Section Sheets
6. Framing Plan
7. Substructure Section Sheets
8. Report of Core Borings
9. Preliminary Foundation Layouts
10. Wall Layout Sheets
11. Existing Bridge Plans – N/A

Preliminary Geotechnical investigations Report shall be included as part of the Bridge Type Study preparation.

11 STRUCTURES - TEMPORARY BRIDGE - N/A

12 STRUCTURES - SHORT SPAN CONCRETE BRIDGE

The CONSULTANT shall prepare plans for Short Span Concrete Bridge(s) at the location(s) specified in Section 2.5.
General Layout Design and Plans:
12.1 Overall Bridge Final Geometry
12.2 Expansion/Contraction Analysis
12.3 General Plan and Elevation
12.4 Construction Staging
12.5 Approach Slab Plan and Details
12.6 Miscellaneous Details
End Bent Design and Plans
12.7 End Bent Geometry
12.8 End Bent Structural Design
12.9 End Bent Plan and Elevation
12.10 End Bent Details

Intermediate Bent Design and Plans
12.11 Bent Geometry
12.12 Bent Stability Analysis
12.13 Bent Structural Design
12.14 Bent Plan and Elevation
12.15 Bent Details
Miscellaneous Substructure Design and Plans
12.16 Foundation Layout
Superstructure Design and Plans
12.17 Finish Grade Elevation Calculation
12.18 Finish Grade Elevations
Cast-In-Place Slab Bridges
12.19 Bridge Deck Design
12.20 Superstructure Plan
12.21 Superstructure Sections and Details
Prestressed Slab Unit Bridges
12.22 Prestressed Slab Unit Design
12.23 Prestressed Slab Unit Layout
12.24 Prestressed Slab Unit Details and Schedule
12.25 Deck Topping Reinforcing Layout
12.26 Superstructure Sections and Details
Reinforcing Bar Lists
12.27 Preparation of Reinforcing Bar List
12.28 Load Rating

13 STRUCTURES - MEDIUM SPAN CONCRETE BRIDGE – N/A

14 STRUCTURES - STRUCTURAL STEEL BRIDGE
14.1 Overall Bridge Final Geometry
14.2 Expansion/Contraction Analysis
14.3 General Plan and Elevation
14.4 Construction Staging
14.5 Approach Slab Plan and Details
14.6 Miscellaneous Details
14.7 End Bent Geometry
14.8 Wingwall Design and Geometry
14.9 End Bent Structural Design
14.10 End Bent Plan and Elevation
14.11 End Bent Details
14.12 Bent Geometry
14.13 Bent Stability Analysis
14.14 Bent Structural Design
14.15 Bent Plan and Elevation
14.16 Bent Details
14.17 Pier Geometry
14.18 Pier Stability Analysis
14.19 Pier Structural Design
14.20 Pier Plan and Elevation
14.21 Pier Details
14.22 Foundation Layout
14.23 Finish Grade Elevation (FGE) Calculation

14.24 Finish Grade Elevations
14.25 Bridge Deck Design
14.26 Bridge Deck Reinforcing and Concrete Quantities
14.27 Superstructure Plan
14.28 Superstructure Section
14.29 Miscellaneous Bridge Deck Details
14.30 Preparation of Reinforcing Bar List
14.31 Unit Modeling
14.32 Section Design
14.33 Stiffener Design and Locations
14.34 Cross-frame Design
14.35 Connections
14.36 Bearing Assembly Design and Detailing (With Jacking Analysis)
14.37 Splice Design
14.38 Shear Stud Connectors
14.39 Deflection Analysis
14.40 Framing Plan
14.41 Girder Elevation
14.42 Structural Steel Details
14.43 Splice Details
14.44 Girder Deflections and Camber
14.45 Unit Modeling
14.46 Section Design
14.47 Stiffener Design and Locations
14.48 Interior Cross-Frame Design
14.49 Exterior Cross-Frame Design
14.50 Connections
14.51 Bearing Assembly Design and Detailing (with Jacking Analysis)
14.52 Splice Design
14.53 Shear Stud Connectors
14.54 Deflection Analysis
14.55 Framing Plan
14.56 Girder Elevation
14.57 Structural Steel Details
14.58 Splice Details
14.59 Girder Deflections and Camber
14.60 Erection Scheme Analysis
14.61 Erection Scheme
14.62 Load Rating

15 STRUCTURES - SEGMENTAL CONCRETE BRIDGE- N/A

16 STRUCTURES - MOVABLE SPAN- N/A

17 STRUCTURES - RETAINING WALLS

The CONSULTANT shall prepare plans for Retaining Wall(s) as specified in Section 2.5.

General Requirements:

17.1 **Key Sheet**
17.2 **Horizontal Wall Geometry: N/A**
Permanent Proprietary Walls: N/A
17.3 **Vertical Wall Geometry**

17.4 **Semi-Standard Drawings: N/A**
17.5 **Wall Plan and Elevations (Control Drawings): N/A**
17.6 **Details: N/A**
Temporary Proprietary Walls: N/A
17.7 **Vertical Wall Geometry: N/A**
17.8 **Semi-Standard Drawings: N/A**
17.9 **Wall Plan and Elevations: N/A**
17.10 **Details: N/A**
Cast-in-Place Retaining Walls
17.11 **Design**
17.12 **Vertical Wall Geometry**
17.13 **General Notes**
17.14 **Wall Plan and Elevations (Control Drawings)**
17.15 **Sections and Details**
17.16 **Reinforcing Bar List**
Other Retaining Walls and Bulkheads
17.17 **Design**
17.18 **Vertical Wall Geometry**
17.19 **General Notes, Tables and Misc. Details**
17.20 **Wall Plan and Elevations**
17.21 **Details**

18 STRUCTURES – MISCELLANEOUS

The CONSULTANT shall prepare plans for Miscellaneous Structure(s) as specified in Section 2.5. Concrete Box Culverts – N/A

18.1 **Concrete Box Culverts**
18.2 **Concrete Box Culverts Extensions – N/A**
18.3 **Concrete Box Culvert Data Table Plan Sheets**
18.4 **Concrete Box Culvert Special Details Plan Sheets**
18.5 **Steel Strain Poles – N/A**
18.6 **Concrete Strain Poles –**
18.7 **Strain Pole Data Table Plan Sheets –**
18.8 **Strain Pole Special Details Plan Sheets –**
18.9 **Mast Arms**
18.10 **Mast Arms Data Table Plan Sheets**
18.11 **Mast Arms Special Details Plan Sheets**
18.12 **Cantilever Sign Structures**
18.13 **Overhead Span Sign Structures – N/A**
18.14 **Special (Long Span) Overhead Sign Structures – N/A**
18.15 **Monotube Overhead Sign Structure – N/A**
18.16 **Bridge Mounted Signs (Attached to Superstructure) (including potential signals/lighting as needed)**
18.17 **Overhead/Cantilever Sign Structures Data Table Plan Sheets**
18.18 **Overhead/Cantilever Sign Structures Special Details Plan Sheets**
18.19 **Non-Standard High Mast Lighting Structures – N/A**
18.20 **High Mast Lighting Special Details Plan Sheets – N/A Noise Barrier Walls (Ground Mount) – N/A**
18.21 **Horizontal Wall Geometry**
18.22 **Vertical Wall Geometry**
18.23 **Summary of Quantities – Aesthetic Requirements – N/A**
18.24 **Control Drawings – N/A**

18.25 **Design of Noise Barrier Walls Covered by Standards – N/A**
18.26 **Design of Noise Barrier Walls not Covered by Standards – N/A**
18.27 **Aesthetic Details – N/A Special Structures – N/A**
18.28 **Fender System – N/A**
18.29 **Fender System Access – N/A**
18.30 **Special Structures – Spread Footer Lighting Foundations – N/A**
18.31 **Other Structures – N/A**
18.32 **Condition Evaluation of Signal and Sign Structures, and High Mast Light Poles – N/A**
18.33 **Condition Evaluation of Signal and Sign Structures, and High Mast Light Poles (No As built or Design Plans Available) – N/A**
18.34 **Analytical Evaluation of Signal and Sign Structures, and High Mast Light Poles - N/A**
18.35 **Ancillary Structures Report - N/A**

19 SIGNING AND PAVEMENT MARKING ANALYSIS

The CONSULTANT shall analyze and document Signing and Pavement Markings Tasks in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, and current design memorandums.

19.1 Traffic Data Analysis

The CONSULTANT shall review the approved preliminary engineering report, typical section package, traffic technical memorandum and proposed geometric design alignment to identify proposed sign placements and roadway markings. Perform queue analysis.

19.2 No Passing Zone Study – N/A

19.3 Reference and Master Design File

The CONSULTANT shall prepare the Signing & Marking Design file to include all necessary design elements and all associated reference files.

19.4 Multi-Post Sign Support Calculations

The CONSULTANT shall determine the appropriate column size from the COUNTY's Multi-Post Sign Program(s).

19.5 Sign Panel Design Analysis

Establish sign layout, letter size and series for non-standard signs.

19.6 Sign Lighting/Electrical Calculations-N/A.
19.7 Quantities
19.8 Cost Estimate
19.9 Technical Special Provisions and Modified Special Provisions
19.10 Other Signing and Pavement Marking Analysis
19.11 Field Reviews
19.12 Technical Meetings
19.13 Quality Assurance/Quality Control
19.14 Independent Peer Review
19.15 Supervision
19.16 Coordination

20 SIGNING AND PAVEMENT MARKING PLANS

The CONSULTANT shall prepare a set of Signing and Pavement Marking Plans in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, and current design memorandums that includes the following.

20.1 Key Sheet & Signature Sheet
20.2 General Notes/Pay Item Notes
20.3 Project Layout – N/A
20.4 Plan Sheet
20.5 Special Details

20.6 Service Point Details – N/A

20.7 Guide Sign Data

20.8 Cross Sections (Sign Installations) – N/A

20.9 Quality Assurance/Quality Control

The CONSULTANT shall be responsible for the professional quality, technical accuracy and coordination of traffic design drawings, specifications and other services furnished by the CONSULTANT under this contract. The CONSULTANT shall provide a Quality Control Plan that describes the procedures to be utilized to verify, independently check, and review all design drawings, specifications and other services prepared as a part of the contract. The CONSULTANT shall describe how the checking and review processes are to be documented to verify that the required procedures were followed. The Quality Control Plan may be one utilized by the CONSULTANT as part of their normal operation or it may be one specifically designed for this project.

20.10 Supervision

21 SIGNALIZATION ANALYSIS

The CONSULTANT shall analyze and document Signalization Analysis Tasks in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, and current design memorandums.

21.1 Traffic Data Collection – as needed (additional services)

The CONSULTANT shall perform all effort required for traffic data collection, including crash reports, 24 hr. machine counts, 8 hr. turning movement counts, 7-day machine counts, and speed & delay studies.

21.2 Traffic Data Analysis

The CONSULTANT shall determine signal operation plan, intersection geometry, local signal timings, pre-emption phasing & timings, forecasting traffic, and intersection analysis run.

21.3 Signal Warrant Study: N/A

21.4 Systems Timings (N/A)

County Traffic Section will perform the signal timing determination with assistance and analysis from the CONSULTANT

21.5 Reference and Master Signalization Design File

The CONSULTANT shall prepare the Signalization Design file to include all necessary design elements and all associated reference files.

21.6 Reference and Master Interconnect Communication Design File as needed (additional services)

The CONSULTANT shall prepare the Interconnect Communication Design file to include all necessary design elements and all associated reference files.

21.7 Overhead illuminated Street Name Sign Design

The CONSULTANT shall design Signal Mounted Overhead Street Name signs.

21.8 Pole Elevation Analysis

21.9 Traffic Signal Operation Report – N/A

21.10 Quantities

21.11 Cost Estimate

21.12 Technical Special Provisions and Modified Special Provisions

The CONSULTANT shall meet the latest version of the Collier COUNTY Signalization Technical Special Provisions.

21.13 Other Signalization Analysis

The CONSULTANT is required to incorporate into the project the following elements:
Closed Circuit Television (CCTV) Cameras (as necessary) – the specification for these devices can be found on Collier COUNTY's website at http://www.colliergov.net/your-government/divisions-s-z/traffic-operations/traffic-technical- special-provisions. *Vehicle Detection No Traffic*; web address for these specifications is above. Queue Analysis – Determine auxiliary lanes capacity. Any additional Technical Special Provisions (must be approved by Traffic Operations Engineers)

21.14 **Field Reviews – N/A**

The CONSULTANT shall collect information from the maintaining agencies and conduct a field review. The review should include, but is not limited to, the following:
Controller Make, Model, Capabilities and Condition/Age Condition of Signal Structure(s) Type of Detection as Compared with Current District Standards Interconnect Media Controller Timing Data

21.15 **Technical Meetings**

21.16 **Quality Assurance/Quality Control**

The CONSULTANT shall be responsible for the professional quality, technical accuracy and coordination of traffic design drawings, specifications and other services furnished by the CONSULTANT under this contract. The CONSULTANT shall provide a Quality Control Plan that describes the procedures to be utilized to verify, independently check, and review all design drawings, specifications and other services prepared as a part of the contract. The CONSULTANT shall describe how the checking and review processes are to be documented to verify that the required procedures were followed. The Quality Control Plan may be one utilized by the CONSULTANT as part of their normal operation, or it may be one specifically designed for this project.

21.17 **Independent Peer Review – N/A**

21.18 **Supervision**

21.19 **Coordination**

22 SIGNALIZATION PLANS

The CONSULTANT shall prepare a set of Signalization Plans in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, and current design memorandums.

22.1 Key Sheet & Signature Sheet

22.2 General Notes/Pay Item Notes

22.3 Signalization Plan Sheets

22.4 Interconnect Plans as needed (additional services)

22.5 Traffic Monitoring Site - N/A

22.6 Guide Sign Data

22.7 Special Details (aesthetic signalization details is included under Additional Services)

22.8 Service Point Details

22.9 Mast Arm/Monotube Tabulation Sheet

22.10 **Strain Pole Schedule – N/A**

22.11 **TTCP Signal**

22.12 **Temporary Detection Sheet – N/A**

22.13 **Quality Assurance/Quality Control**

The CONSULTANT shall be responsible for the professional quality, technical accuracy and coordination of traffic design drawings, specifications and other services furnished by the CONSULTANT under this contract.

The CONSULTANT shall provide a Quality Control Plan that describes the procedures to be utilized to verify, independently check, and review all design drawings, specifications and other services prepared as a part of the contract. The CONSULTANT shall describe how the checking and review processes are to be documented to verify that the required procedures were followed. The Quality Control Plan may be one utilized by the CONSULTANT as part of their normal operation, or it may be one specifically designed for this project.

22.14 **Supervision**

23 LIGHTING ANALYSIS

The CONSULTANT shall analyze and document Lighting Tasks in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, and current design memorandums.

23.1 Lighting Justification Report – N/A (continuous lighting already exists within project limits)

The CONSULTANT shall prepare a Lighting Justification Report. The report shall be submitted under a separate cover with the Phase I plans submittal, titled Lighting Justification Report. The report shall provide analyses for mainlines, interchanges, and arterial roads and shall include all back-up data such that the report stands on its own. Back up data shall include current ADT's, general crash data average cost from the Florida Highway Safety Improvement Manual, crash details data from the last three years, and preliminary lighting calculations.

The report shall address warrants to determine if lighting warrants are met and shall include a benefit-cost analysis to determine if lighting is justified. The report shall include calculations for the night-to-day crash ratio as well as a table summarizing the daytime and the night-time crashes. The report shall follow the procedures outlined in the FDOT Manual on Uniform Traffic Studies (MUTS) manual which utilizes ADT, Three Year Crash Data, night/day crash ratio, percentage of night ADT, etc.

23.2 Lighting Design Analysis Report (LDAR)

The CONSULTANT shall prepare a Preliminary Lighting Design Analysis Report in accordance with the requirements of the FDOT Design Manual. The report shall be submitted under a separate cover with the Phase II plans submittal. After approval of the preliminary report, the CONSULTANT shall submit a revised report for each submittal.

23.3 Voltage Drop Calculations

The CONSULTANT shall submit voltage drop calculations showing the equation or equations used along with the number of luminaries per circuit, the length of each circuit, the size conductor or conductors used and their ohm resistance values. The voltage drop incurred on each circuit (total volts and percentage of drop) shall be calculated, and all work necessary to calculate the voltage drop values for each circuit should be presented in such a manner as to be duplicated by the COUNTY.

The Voltage Drop Calculations shall be submitted as part of the Lighting Design Analysis Report.

23.4 FDEP Coordination and Report – N/A

23.5 Reference and Master Design Files

The CONSULTANT shall prepare the Lighting Design file to include all necessary design elements and all associated reference files.

23.6 Temporary Highway Lighting

23.7 Design Documentation

23.8 Lighting Quantities for EQ Report

The CONSULTANT shall determine lighting pay items and quantities and the supporting documentation.

23.9 Cost Estimate

23.10 Technical Special Provisions and Modified Special Provisions

23.11 Other Lighting Analysis – Power Design Analysis Report

23.12 Field Reviews

The CONSULTANT shall collect information from the maintaining agencies and conduct a field review. The review should include but is not limited to the following:

- Existing Lighting Equipment
- Load Center, Capabilities and Condition/Age
- Condition of Lighting Structure(s)
- Verification of horizontal clearances
- Verification of breakaway requirement

23.13 Technical Meetings

23.14 Quality Assurance/Quality Control

23.15 Independent Peer Review – N/A

23.16 Supervision

23.17 Coordination

24 LIGHTING PLANS

The CONSULTANT shall prepare a set of Lighting Plans in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, and current design memorandums.

24.1 Key Sheet & Signature Sheet

24.2 General Notes/Pay Item Notes

24.3 Pole Data, Legend & Criteria

24.4 Project Layout – N/A

24.5 Plan Sheets

24.6 Special Details (aesthetic lighting details is included under Additional Services)

24.7 Service Point Details

24.8 Temporary Highway Lighting Plan Sheets

24.9 Quality Assurance/Quality Control

The CONSULTANT shall be responsible for the professional quality, technical accuracy and coordination of traffic design drawings, specifications and other services furnished by the CONSULTANT under this contract.

The CONSULTANT shall provide a Quality Control Plan that describes the procedures to be utilized to verify, independently check, and review all design drawings, specifications and other services prepared as a part of the contract. The CONSULTANT shall describe how the checking and review processes are to be documented to verify that the required procedures were followed. The Quality Control Plan may be one utilized by the CONSULTANT as part of their normal operation or it may be one specifically designed for this project.

24.10 Supervision

25 LANDSCAPE ANALYSIS

25.10 Conceptual Hardscape Design

25.11 Final Hardscape Design

26 LANDSCAPE PLANS

26.10 Hardscape Plans – Special Specifications Pavers, fill, sleeves, median backfill, etc.

27 SURVEY

The CONSULTANT shall perform survey tasks in accordance with all applicable statutes, manuals, guidelines, standards, handbooks, procedures, and current design memoranda. The CONSULTANT shall submit all survey notes and computations to document the surveys. All field survey work shall be recorded in approved media and submitted to the COUNTY. Field books submitted to the COUNTY must be of an approved type. The field books shall be certified by the surveyor in responsible charge of work being performed before the final product is submitted. The survey notes shall include documentation of decisions reached from meetings, telephone conversations or site visits. All like work (such as bench lines, reference points, etc.) shall be recorded contiguously. The COUNTY may not accept field survey radial locations of section corners, platted subdivision lot and block corners, alignment control points, alignment control reference points and certified section corner references. The

CAO

COUNTY may instead require that these points be surveyed by true line, traverse or parallel offset or Global Positioning Systems (GPS) procedures.

27.1 Horizontal Project Control (HPC)

Establish or recover HPC, for the purpose of establishing horizontal control on the Florida State Plane Coordinate System or datum approved by the COUNTY Project Manager; may include primary or secondary control points. Includes analysis and processing of all field collected data, and preparation of forms.

27.2 Vertical Project Control (VPC)

Establish or recover VPC, for the purpose of establishing vertical control on datum approved by the COUNTY Project Manager; may include primary or secondary vertical control points. Includes analysis and processing of all field collected data, and preparation of forms.

27.3 Alignment and/or Existing Right of Way (R/W) Lines

Establish, recover or re-establish project alignment. Also includes analysis and processing of all field collected data, existing maps, and/or reports for identifying mainline, ramp, offset, or secondary alignments. Depict alignment and/or existing R/W lines (in required format) per COUNTY R/W Maps, platted or dedicated rights of way..

27.4 Aerial Targets

Place, locate, and maintain required aerial targets and/or photo identifiable points. Includes analysis and processing of all field collected data, existing maps, and/or reports. Placement of the targets will be at the discretion of the aerial firm.

27.5 Reference Points

Reference Horizontal Project Control (HPC) points, project alignment, vertical control points, section, ¼ section, center of section corners and General Land Office (G.L.O.) corners as required.

27.6 Topography/Digital Terrain Model (DTM) (3D)

Locate all above ground features and improvements for the limits of the project by collecting the required data for the purpose of creating a DTM with sufficient density. Shoot all break lines, high and low points. Effort includes field edits, analysis and processing of all field collected data, existing maps, and/or reports.

27.7 Planimetric (2D)

Locate all above ground features and improvements. Deliver in appropriate electronic format. Effort includes field edits, analysis and processing of all field collected data, existing maps, and/or reports.

27.8 Roadway Cross Sections/Profiles

Perform cross sections or profiles. May include analysis and processing of all field-collected data for comparison with DTM.

27.9 Side Street Surveys

Refer to tasks of this document as applicable.

27.10 Underground Utilities

Designation includes 2-dimensional collection of existing utilities and selected 3-dimensional verification as needed for designation. Location includes non-destructive excavation to determine size, type and location of existing utility, as necessary for final 3-dimensional verification. Survey includes collection of data on points as needed for designates and locates. Includes analysis and processing of all field collected data, and delivery of all appropriate electronic files. The CONSULTANT shall SUE all locations that include new underground infrastructure or earthwork excavation (i.e., drilled shafts, bridge piles, strain poles, mast arms, miscellaneous foundations, drainage structures, pipe culverts, new ditches, etc.). The expectation is for the CONSULTANT to know exactly where all existing underground utilities and infrastructure are located in areas that work will be performed to properly design for any new underground infrastructure or earthwork excavation that will be constructed on the project. The CONSULTANT's approach to practicing SUE shall be consistent with the American Society of Civil Engineers (ASCE) Standard (CI/ASCE 38-02) entitled "Standard Guideline for the Collection and Depiction of

CAO

Existing Subsurface Utility Data" as follows:

- Identify utility owners that have facilities on, or may be affected by, the project limits. Contact these utility owners (face to face meetings recommended) and provide them with information about the proposed project and schedule periodic follow-up meetings. (ASCE Quality Level D).
- Review all information that can be obtained and plot on utility composite drawing (CADD file to be furnished). (ASCE Quality Level D).
- Make field observations to identify visible above-ground utility features. Provide all information in field sketches so surveyor can prepare a complete survey and plot a rectilinear grid. (ASCE Quality Level C)
- Use appropriate surface geophysical methods (i.e., pipe and cable locators, terrain conductivity methods, resistively measurements, metal detectors, Ground Penetrating Radar, etc.) to designate existing subsurface utilities or to trace a particular utility system. This provides two-dimensional horizontal information. Place paint marks on the ground. Place identification flags or stakes on the paint marks or coding on the pavement and survey to project controls. Depict resulting information via computer aided design and drafting (CADD). Provide notes and sketches to designer of record and/or on- site engineer. Non-tonable (non-metallic) utilities will be discussed at this time with the designer of record and/or on-site engineer. (ASCE Quality Level B).
- Meet with designer of record and/or on-site engineer to determine utility conflicts and ASCE Quality Level A test hole locations.
- Expose selected subsurface utilities to obtain three-dimensional information. Use minimally intrusive excavation methods, such as vacuum excavation and Air-Lance. Depict resulting information. Resolve differences between all information gathered. Provide test hole data sheets (THDS) to designer of record and/or on-site engineer. All test holes are to be back-filled as described below. (ASCE Quality Level A).
- On completion, test holes shall be restored to the following:
  a. Backfilled with in-kind material
  b. Placed backfill using proper techniques
  c. Restored pavement with in-kind material
  d. Restored areas outside of pavement to pre-excavation conditions
- Collect and store utility location and condition information in a database for asset management. Provide a detailed report of utility locations, depths, size, type, etc. All information shall be provided in the format preapproved by the COUNTY.

27.11 Outfall Survey

Locate all above ground features and improvements for the limits of the project by collecting the required data for the purpose of a DTM. Survey with sufficient density of shots. Shoot all break lines, high and low points. Includes field edits, analysis and processing of all field collected data, existing maps, and/or reports.

27.12 Drainage Survey

Locate underground data (XYZ, pipe size, type, condition and flow line) that relates to above ground data. Includes field edits, analysis and processing of all field collected data, existing maps, and/or reports.

27.13 Bridge Survey (Minor/Major)

Locate required above ground features and improvements for the limits of the bridge. Includes field edits, analysis and processing of all field collected data, existing maps, and/or reports.

27.14 Channel Survey

Locate all topographic features and improvements for the limits of the project by collecting the required data. Includes field edits, analysis and processing of all field collected data, maps, and/or reports.

27.15 Pond Site Survey

CAO

Refer to tasks of this document as applicable.

27.16 Mitigation Survey

Refer to tasks of this document as applicable.

27.17 Jurisdiction Line Survey

Perform field location (2-dimensional) of jurisdiction limits as defined by respective authorities, also includes field edits, analysis and processing of all field collected data, preparation of reports.

27.18 Geotechnical Support

Perform 3-dimensional (X,Y,Z) field location, or stakeout, of boring sites established by geotechnical engineer. Includes field edits, analysis and processing of all field collected data and/or reports.

27.19 Sectional/Grant Survey

Perform field location/placement of section corners, 1/4 section corners, and fractional corners where pertinent. Includes analysis and processing of all field-collected data and/or reports.

27.20 Subdivision Location

Survey all existing recorded subdivision/condominium boundaries, tracts, units, phases, blocks, street R/W lines, common areas. Includes analysis and processing of all field collected data and/or reports. If unrecorded subdivision is on file in the public records of the subject COUNTY, tie existing monumentation of the beginning and end of unrecorded subdivision.

27.21 Maintained R/W

Perform field location (2-dimensional) of maintained R/W limits as defined by respective authorities, if needed. Also includes field edits, analysis and processing of all field collected data, preparation of reports.

27.22 Boundary Survey

Perform boundary survey as defined by COUNTY standards. Includes analysis and processing of all field-collected data, preparation of reports.

27.23 Water Boundary Survey

Perform Mean High Water, Ordinary High Water and Safe Upland Line surveys as required by COUNTY standards.

27.24 Right of Way Staking, Parcel / Right of Way Line

Perform field staking and calculations of existing/proposed R/W lines for on-site review purposes.

27.25 Right of Way Monumentation

Set R/W monumentation as depicted on final R/W maps for corridor and water retention areas.

27.26 Line Cutting

Perform all efforts required to clear vegetation from the line of sight.

27.27 Work Zone Safety

Provide work zone as required by COUNTY standards.

27.28 Vegetation Survey

Locate vegetation within the project limits.

27.29 Tree Survey

Locate individual trees or palms within the project limits.

27.30 Miscellaneous Surveys

Refer to tasks of this document, as applicable, to perform surveys not described herein. The percent for Supplemental will be determined at negotiations. This item can only be used if authorized in writing by the COUNTY Project Manager.

27.31 Supplemental Surveys

Supplemental survey days and hours are to be approved in advance by COUNTY Project Manager. Refer to tasks of this document, as applicable, to perform surveys not described herein.

27.32 Document Research

Perform research of documentation to support field and office efforts involving surveying and mapping.

27.33 Field Review

Perform verification of the field conditions as related to the collected survey data.

27.34 Technical Meetings

Attend meetings as required and negotiated by the Surveying and Mapping COUNTY.

27.35 Quality Assurance/Quality Control (QA/QC)

Establish and implement a QA/QC plan. Also includes SUBCONSULTANT review, response to comments and any resolution meetings if required, preparation of submittals for review, etc.

27.36 Supervision

Perform all activities required to supervise and coordinate project. These activities must be performed by the project supervisor, a Florida P.S.M. or their delegate as approved by the COUNTY Project Manager.

27.37 Coordination

Coordinate survey activities with other disciplines. These activities must be performed by the project supervisor, a Florida
P.S.M. or their delegate as approved by the COUNTY Project Manager.

28 COLLIER COUNTY PUBLIC UTILITY DESIGN

The CONSULTANT may prepare separate utility packages to relocate Collier County Public Utilities' Infrastructure prior to construction of roadway/bridge.

Utility Design Project Background: Collier County Growth Management Department (GMD) is proposing roadway and bridge improvements at the intersection of Immokalee Road and Livingston Road. These improvements include a new bridge along Livingston Road that will cross over Immokalee Road. The project also includes widening of the existing roadways and roadway improvements in each direction from the intersection, and associated drainage and signal improvements.

Collier County Public Utilities Department (PUD) owns and operates water, sewer, and irrigation quality (IQ) water utility infrastructure along the project corridor. These facilities are anticipated to conflict with the proposed bridge and roadway improvements.

The following list of PUD facilities are known to be in conflict with the proposed roadway and bridge improvements and will be replaced:

- Existing 20" force main, 20" water main, and 16" IQ main aerial crossings over the Cocohatchee Canal.
- Existing 8" water main crossing underneath Livingston Road that provides water service to the commercial area in the northeast corner of the intersection.
- Existing 12" IQ water main along the north side of Immokalee Road, from Aston Drive to the existing 12" aerial crossing.

The widenings of Immokalee Road east and west of the intersection, and Livingston Road north and south of the intersection will result in existing Collier County's utilities being located under new roadway pavement, which are not currently under roadway pavement. Improvements to these utilities are anticipated by way of relocation and / or the addition of split casing to protect the existing facilities.

Although the actual limits of the utility conflicts are unknow at this time, this scope is based on the replacement or improvements to 4,230 linear feet of water main pipeline, 6,030 linear feet of IQ water main pipeline, and 3,760 linear feet of wastewater force main pipeline within the project corridor. See attached Exhibit A for the anticipated utilities impacted. If the amount of water main and / or wastewater force main and / or IQ water main exceeds these amounts, a change order may be processed.

The intent of the utility design is to design only the necessary replacement of PUD's existing utilities that will be in conflict with the roadway improvements. The actual limits of the utility replacements will be identified during the preliminary stages of the project.

CAO

For reference, the Collier County PUD Facilities within the project corridor per GIS information include, but are not limited to the following:

- 30", 20", 16", and 8" Water Mains
- 20" and 16" Force Mains
- 16", 12", and 10" IQ Water Mains
-

This scope of work includes Subtask A and Subtask B for Tasks 38.1, 38.2, 38.3, and 38.4. For these Tasks, Subtask A includes the work associated with the water system improvements, and Subtask B includes the work associated with the wastewater system and / or IQ water system improvements.

CONSULTANT will provide the following scope of services for the design of the utility adjustments and relocations of Collier County PUD's facilities associated with the Immokalee Road and Livingston Road Flyover project.

Task 28.1 – Utility Design

CONSULTANT will provide the following design services for the water system (Task 28.1A) and the wastewater system and / or IQ water system (Task 28.1B) within the project corridor.

1. Prepare preliminary drawings or exhibits showing the utility design concepts as a result of the proposed roadway improvements in plan view.
2. Incorporate all record drawings within the project area and the soft dig investigation into the 60% construction plans.
3. Incorporate the topographic survey into the 60% construction plans.
4. Perform Subsurface Utility Exploration for PUD Design.

   CONSULTANT shall notify Sunshine 811 and obtain necessary ticket information.

   CONSULTANT shall provide subsurface utility exploration (SUE) to excavate a combination of trenches and potholes at locations specified by CONSULTANT. The trenches/ potholes will be in unpaved areas and up to six (6) feet deep. Excavations will be performed using air vacuum and water pressure equipment that is non- destructive to existing facilities. No excavations under pavement or concrete will be performed under this scope of work. Approximately 60 potholes and 15 trenches are anticipated, however, the actual number of potholes and trenches may vary depending on field conditions and the location and accessibility of existing facilities.

   CONSULTANT shall mark the location of the excavated underground utilities with laths on ground surface and repair ground surface within the limits of original trenches and potholes.

   CONSULTANT shall field locate underground utility lines using traditional and Global Positioning Systems (GPS) surveying methods and plot the utilities in relationship to existing above- ground improvements.

   CONSULTANT shall obtain the following of the excavated utility lines:

   - Depth of the utility.
   - Location of the utility.
   - Size of the utility (if possible). This will be either the approximate outside circumference or approximate outside diameter.
   - Type of utility (if possible). There may be circumstances beyond CONSULTANT ' s control where the type of utility cannot be identified. In such cases, the color of the utility will be noted, and a digital photograph of the utility will be provided.
   - Type of material (if possible). There may be circumstances beyond CONSULTANT ' s

CAO

control where the type of material cannot be identified. In such cases, the color of the utility will be noted, and a digital photograph of the utility will be provided.

- CONSULTANT shall prepare an exhibit of the data collected in an Adobe PDF format and a CAD file and provide it to COUNTY staff.
- Ground Penetrating Radar (GPR) — CONSULTANT shall provide up to 40 hours of GPR at locations not accessible for SUE. Results of GPR will be mapped and provided on the above referenced SUE exhibit.

Ground Penetrating Radar Disclaimer

Ground Penetrating Radar(GPR) technology, and depth of exploration radar signals, are dependent upon the electrical properties of material(s) inspected and interpretations are opinions based on judgements made from those acquired radar signals. CONSULTANT does not guarantee the accuracy or correctness of the interpretations and CONSULTANT will not accept liability or responsibility for any loss, damage or expense that may be incurred or sustained by the GPR services or interpretations performed by CONSULTANT. GPR scanning cannot distinguish the difference between types, materials, and sizes of underground utilities. It can only detect the approximate center location and approximate depth of targets.

5. Geotechnical Engineering – CONSULTANT, shall be responsible for the coordination of all geotechnical-related fieldwork activities associated with the improvements to the COUNTY PUD facilities to support deep foundation design if warranted. CONSULTANT shall retain all samples until acceptance of 100% plans. Rock cores shall be retained as directed in writing by the COUNTY Project Manager.

   CONSULTANT shall perform specialized field-testing in accordance with the FDOT Soils and Foundation Handbook and as required by project needs which may include but not be limited to:

   - Standard Penetration Test (SPT) borings at each deep foundation end bent and one intermediate bent location within the existing canal.
   - Corrosion series testing to support deep foundation design.

   All laboratory testing and classification shall be performed in accordance with applicable FDOT standards, ASTM Standards or AASHTO Standards, unless otherwise specified in the Contract Documents.

   Develop Detailed Boring Location Plan – Develop a detailed boring location plan. Meet with the COUNTY Project Manager for boring plan approval. If the drilling program expects to encounter artesian conditions, CONSULTANT shall submit a methodology(s) for plugging the borehole to the COUNTY for approval prior to commencing with the boring program.

   Stake Borings/Utility Clearance – Stake borings and obtain utility clearance.
   Coordinate and Develop TTCP for Field Investigation – Coordinate and develop the TTCP plan. All work
   zone traffic control shall be performed in accordance with the FDOT's Standard Plans Index 102 series.

   Drilling Access Permits – Obtain all State, COUNTY, and Water Management District permits for performing geotechnical borings, as needed.

   Collection of Corrosion Samples – Collect corrosion samples for determination of environmental classifications.

Coordination of Field Work – Coordinate all fieldwork required to provide geotechnical data for the project.

Soil and Rock Classification – Structures – Soil profiles recorded in the field should be refined based on the results of laboratory testing.

Tabulation of Laboratory Data – Laboratory test results should be tabulated for inclusion in the geotechnical report and for the necessary calculations and analyses.

Selection of Foundation Alternatives (Bridge Type Study for Utility Aerial Crossing) – Evaluation and selection of foundation alternative shall be coordinated with the EOR for structures during development of the Bridge Type Study for Utility Aerial Crossing, including the following:

- Prestressed concrete piling
- Foundation analyses shall be performed using approved FDOT and COUNTY methods. Assist in selection of the most economical, feasible foundation alternative.

Detailed Analysis of Selected Foundation Alternate(s) – N/A

Bridge Construction and Testing Recommendations – Provide construction and testing recommendations including potential constructability problems.

Lateral Load Analysis – Perform lateral load analyses as directed by the COUNTY.

Final Report - Utility Aerial Crossing/Bridge – The final structures report, CONSULTANT shall include the following but not limited to:

- Copies of U.S.G.S. and S.C.S. maps with project limits shown.
- Summary of structure background data, S.C.S., U.S.G.S., geologic and potentiometric data.
- The results of all tasks discussed in all previous sections regarding data interpretation and analysis.
- Recommendations for foundation installation, or other site preparation soils-related construction considerations with plan sheets as necessary.
- Any special provisions required for construction that are not addressed in the COUNTY's Standard specification.
- An Appendix which includes SPT and CPT boring/sounding profiles, data from any specialized field tests, engineering analysis, notes/sample calculations, sheets showing ultimate bearing capacity curves versus elevation for piles and drilled shafts, a complete FHWA check list, pile driving records (if available), and any other pertinent information.

SPT Boring Drafting – Prepare a complete set of drawings to include all SPT borings, auger borings and other pertinent soils information in the plans. Include these drawings in the Final Geotechnical Report. Draft borings, location map, S.C.S. map and U.S.D.A. map as directed by the COUNTY. Soil symbols must be consistent with those presented in the latest Florida Department of Transportation Soils and Foundations Handbook.

6. CONSULTANT will evaluate the ability to replace the existing three (3) aerial utility crossings on the west side of the proposed bridge with subaqueous utility crossings. If new aerial utility crossings are determined to be required, CONSULTANT, will perform structural and

geotechnical engineering and prepare design plans to replace the three (3) parallel utility aerial crossings that are approximately 100 linear feet in length each.

7. Prepare60% construction plans (in AutoCAD Civil 3D format) detailing the proposed running lines within the project area. Include on these plans the survey work, soft dig investigation work, the proposed roadway work, any pertinent geotechnical information and the aerial photo in the background. The 60% utility design will be based on the improvements proposed in 60% roadway design. The 60% utility design plans will include plan and profile views.
8. Prepare and submit an engineer's opinion of probable construction cost based on the 60% utility design plans.
9. Submit one (1) full size and one (1) half size of the 60% construction plans at least two (2) weeks prior to the meeting with COUNTY Staff. The 60% utility design submittal will be a separate submittal from the 60% roadway design. The 60% utility design will be submitted after the 60% roadway design submittal.
10. Organize and conduct a 60% plan review meeting with COUNTY Public Utilities Department (PUD) staff to discuss the preliminary construction plans. Revise construction plans as required to reflect COUNTY comments.
11. Based on the accepted 60% utility design plans, CONSULTANT will prepare final drawings (in AutoCAD Civil 3D format) and specifications, which provide the general scope, extent and character of the utility work to be furnished and performed by the Contractor. CONSULTANT will prepare and submit drawings and specifications at the 90- and 100-percent complete stages for review and approval. An engineer's opinion of probable construction cost will accompany each submittal. CONSULTANT will organize and conduct plan review meetings with COUNTY Public Utilities Department (PUD) staff to discuss the 90- and 100- percent plans. Revise construction plans as required to reflect COUNTY comments.
12. Technical specifications will be based on the 16-Division format of the Construction Specifications Institute (CSI) in MS Word format. In addition to technical specifications, CONSULTANT will coordinate with COUNTY staff to develop necessary General Conditions, Supplemental Conditions, and Special Provisions Specifications specifically for the project being constructed. Current Collier County Technical Specifications will be utilized for this project. CONSULTANT will provide Supplemental Specifications and Special Project Provisions necessary to convey the utility project parameters and criteria to complete the project. Current County Right-of-Way construction specifications and applicable FDOT standards and specifications shall be utilized. Documents shall include drawings and project specifications ready for bidding, consistent with Collier County standards, including, but not limited to, the following or as approved by the Project Manager:
    - Cover sheet, index and key map
    - Utility Alignments
    - Existing Conditions map
    - Utility Details
    - Demolition Plan
    - Erosion Control Plan
    - Infrastructure Plan and Profile
    - Details
    - Operational Contingency Plans
13. Furnish copies of Contract Documents related to the utility design that include engineering drawings and specifications. Present and review them in person with COUNTY staff at the agreed upon completion stages in the project and make appropriate changes requested.

Task 28.2 – Permitting

CONSULTANT will provide the following permitting services for the water system (Task 28.2A) and

CAO

the wastewater system and / or IQ water system (Task 28.2B) within the project corridor.

1. Prepare permit applications for submittal to the Florida Department of Environmental Protection (FDEP) and provide backup documentation including drawings and specifications. Respond to all requests for additional information (RAI) from the FDEP. Permitting fees will be paid by the COUNTY. It is recognized by the COUNTY that permitting is a regulatory function and CONSULTANT does not guarantee issuance of any permit.
2. CONSULTANT will prepare application for Collier County GMD's Right of Way permits, Insubstantial Change to a Site Improvement Plan when required from Collier County Growth Management Division and respond to requests for additional information related to the utility design. Permitting fees will be paid by COUNTY. It is recognized by the COUNTY that permitting is a regulatory function and CONSULTANT does not guarantee issuance of any permit.
3. Prepare a permit application for submittal to the South Florida Water Management District(SFWMD) and/or Big Cypress Basin for a Right- of-Way Occupancy Permit and provide backup documentation including drawings and specifications associated with the utility design. Respond to all requests for additional information (RAI) from the SFWMD. Permitting fees will be paid by the COUNTY. It is recognized by the COUNTY that permitting is a regulatory function and CONSULTANT does not guarantee issuance of any permit.

Task 28.3 – Bidding Assistance for Utility Improvements

With the exceptions of the following items listed below, bidding services will be performed by Collier County Procurement Department. CONSULTANT will assist the COUNTY with the following bidding assistance and award phase services related to the utility design of the water system (Task 28.3A) and the wastewater system and / or IQ water system (Task 28.3B) for one (1) public bid.

1. Assist in preparing addenda, as required, to interpret, clarify, or expand the Bidding Documents related to Utility Design.
2. Prepare Utility Contractor's qualifications for this project.
3. Attend a pre-bid/quote conference.
4. Provide information related to the Utility Design to the CONSULTANT for the purposes of preparing the Design Entity Letter of Recommended Award (DELORA) along with a "Reference Log" showing date, time, and comments of all contacted references provided by the prospective utility contractor.
5. Evaluate Reasonableness of Construction Price and provide COUNTY with recommendation.

Task 28.4 – Utility Construction Administration

CONSULTANT will provide Construction Administration Services related to the Utility Design of the water system (Task 28.4A) and the wastewater system and / or IQ water system (Task 28.4B) under this task.

The construction observation services included in this scope of work are limited to critical Utility tasks required to complete the project and necessary for permit certification, which may include connections or adjustments to large diameter water mains, force mains, or IQ mains, water main and force main outage work, major roadway crossings, pile installation, time sensitive activities, pressure tests and other clearance procedures, or when requested by the COUNTY.

CONSULTANT anticipates a full-time Construction Engineering and Inspection (CEI) team (not included in this contract) will provide CONSULTANT with daily inspections reports, photos, and materials testing logs daily.

1. Pre-Construction Meeting: CONSULTANT will attend and participate in the pre-construction meeting. CONSULTANT will prepare and provide necessary agenda items related to the Utility Design to the CONSULTANT. CONSULTANT will prepare and provide meeting notes related

to the Utility agenda items to the CONSULTANT that can be included with the pre-construction meeting minutes.

2. Construction Progress Meeting: CONSULTANT will attend and participate in progress meeting when Utility items are on the agenda, or at the direction of the Collier County Project Manager. Progress meetings are anticipated to be held weekly. CONSULTANT will prepare and provide necessary agenda items related to the Utility Design to the CONSULTANT prior to each meeting that can be included in the progress meeting minutes. Progress meetings will be either in person or via virtual conference.
3. Utility Shop Drawing Review: CONSULTANT shall review and approve (or take other appropriate action in respect of) Shop Drawings, Samples and other data which Contractor is required to submit, but only for conformance with the design information given in the Contract Documents and compatibility with the design concept of the completed project as a functioning whole as indicated in the Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences or procedures of construction or to safety precautions and programs incident thereto. Review of a specific item shall not indicate CONSULTANT has reviewed the entire assembly of which the item is a component. CONSULTANT shall not be required to review partial submissions or those for which submissions of correlated items have not been received. CONSULTANT shall maintain a complete log of all submittals of shop drawings, noting the dates of first submittal and subsequent reviews and resubmittals, approval, etc.
4. As-Equal Materials: CONSULTANT shall evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor.
5. Utility Project Pay Applications: CONSULTANT will review and approve / reject of any payment requested by the contractor related to the utility design in an Application for Payment before the pay application is submitted to the Clerk' s office. Payment shall constitute a representation by the CONSULTANT to COUNTY based on the CEI Team' s onsite observations of the work in progress as an experienced and qualified construction professional and on the CONSULTANT 's review of the applications for payment and the accompanying data and schedules that the utility work has progressed to the point indicated; that to the best of the CONSULTANT 's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents and that the Contractor is entitled or is not entitled to the payment of the amount recommended. CONSULTANT will assist the CONSULTANT to process pay requests in accordance with the Florida Prompt Payment Act.
6. Request for Information: CONSULTANT shall review and respond to all Requests for Information (RFI's) that the Contractor submits related to the Utility Design. If required by COUNTY staff, CONSULTANT shall revise construction plans based on response to RFI. CONSULTANT shall maintain a complete log of all RFIs related to the utility design, noting the dates of first submittal and subsequent reviews and resubmittals, approval, etc.
7. Change Orders & Work Directives: CONSULTANT shall prepare all Change Orders and Work Change Directives related to the Utility Design during the course of the project for the Project Manager's review and approval. This may also require modifications to the construction plans based on unforeseen conditions encountered during construction. Evaluate Reasonableness of Construction Price and provide COUNTY with recommendation.
8. County Coordination Meetings: CONSULTANT shall attend meetings and support the County departments related to the Utility Design to review and discuss the planned construction work, potential impacts to other County facilities, utility outages and impacts, road closures, detour routes, and major MOT events, and other work planned within the project corridor. Other Collier County departments are anticipated to be, but not limited to, Water, Wastewater, Irrigation Quality Water, Stormwater, Traffic Operations, Road Maintenance, and Right-of-Way.
9. Site Meetings: CONSULTANT will attend site meetings related to the Utility Design as needed and at the direction of the COUNTY to review unforeseen field conditions, damage to existing

utilities and facilities, and other unforeseen conditions that may arise during construction.

10. FDEP Certification: CONSULTANT shall prepare and submit certification packages to the FDEP for the completed sections of the CCWSD'S water and wastewater systems
11. Utility Asset Management Record Information and Record Drawings: CONSULTANT shall provide all information related to the utility work in the electronic format stipulated by COUNTY staff required to populate the COUNTY's GIS and Asset Management system in place at the time of project completion. CONSULTANT will provide digital as-built record drawings for the utility work in AutoCAD Civil 3D and PDF formats based on the certified survey drawings provided by the Contractor that have been signed and sealed by a Florida licensed surveyor.
12. Utility Construction/Testing Observation: CONSULTANT will conduct on-site observations and inspections of utility construction/testing activities at critical times during construction including, but not limited to, pressure tests, clearance procedures, connections, utility outage work, or when requested by the COUNTY, and will coordinate with the COUNTY's CEI inspector, to ensure that all work is completed in accordance with the Contract Documents. CONSULTANT will be responsible for investigating the concern or issue and resolving the same through a written directive to the construction contractor and so inform the Project Manager and the Construction Inspector in writing. This protocol will be initiated at any time CONSULTANT becomes aware of any construction work that is unsatisfactory, faulty or defective, does not conform to the Contract Documents, does not meet the requirements of any inspections, tests or approvals, or has been damaged before final payment.
13. Utility Substantial Completion Inspections: CONSULTANT will conduct substantial completion inspections related to the utility design when requested by the contractor and after CONSULTANT confirms that the work is sufficiently complete to warrant a substantial completion inspection. During the substantial completion inspection, CONSULTANT will prepare a punch list of utility items requiring completion or correction to the satisfaction of CONSULTANT and the County Project Manager. CONSULTANT will be responsible for maintaining the utility punch-list and issuing updates to the punch-list on a weekly basis. CONSULTANT will coordinate and participate in the final walk-through related to the utility design to ensure that the utility punch-list items are completed to the satisfaction of CONSULTANT and the Project Manager. All services related to the utility Substantial Completion Inspection shall be provided in writing with pictures to the County Project Manager.
14. Utility Final Completion Inspection: Upon the request of the Contractor and concurrence confirmation of CONSULTANT and the Project Manager, CONSULTANT will conduct final inspections of the project to determine if utility construction has been completed in accordance with the Contract Documents. Based on the results of the utility final inspection, CONSULTANT and Project Manager will determine if the utility work is complete or not complete. If the work is confirmed complete, CONSULTANT will issue a "notice of final acceptance and recommendation for final payment" for the utility work. If the utility work is not complete, CONSULTANT will issue written instructions to the Contractor identifying the utility work not complete. Upon confirmation by the Contractor that the deficiencies have been completed, a second final inspection will be scheduled to verify that the outstanding issues have been resolved and CONSULTANT can issue a "notice of final acceptance and recommendation for final payment" for the utility work. All services related to the utility Final Completion Inspection shall be provided to the Project Manager.

29 MAPPING

The CONSULTANT will be responsible for the preparation of control survey maps, right of way maps, maintenance maps, sketches, other miscellaneous survey maps, and legal descriptions as required for this project in accordance with all applicable COUNTY Manuals, Procedures, Handbooks, District specific requirements, and Florida Statutes. All maps, surveys and legal descriptions will be prepared under the direction of a Florida Professional Surveyor and Mapper (PSM) to COUNTY size and format

CAO

requirements utilizing COUNTY approved software, and will be designed to provide a high degree of uniformity and maximum readability. The CONSULTANT will submit maps, legal descriptions, quality assurance check prints, checklists, electronic media files and any other documents as required for this project to the COUNTY for review at stages of completion as negotiated.

Master CADD File

29.1 Alignment

29.2 Section and 1/4 Section Lines

29.3 Subdivisions

29.4 Property Lines

29.5 Existing Right of Way

29.6 Topography

29.7 Parent Tract Properties and Existing Easements

29.8 Proposed Right of Way Requirements

The ENGINEER OF RECORD (EOR) will provide the proposed requirements. The PSM is responsible for calculating the final geometry. Notification of Final Right of Way Requirements along with the purpose and duration of all easements will be specified in writing.

29.9 Limits of Construction

The limits of construction DGN file as provided by the EOR will be imported or referenced to the master CADD file. Additional labeling will be added as required. The PSM is required to advise the EOR of any noted discrepancies between the limits of construction line and the existing/proposed right of way lines, and for adjusting as needed when a resolution is determined.

29.10 Jurisdictional/Agency Lines

These lines may include, but are not limited to, jurisdictional, wetland, water boundaries, and COUNTY limit lines. Sheet Files

29.11 Control Survey Cover Sheet – N/A

29.12 Control Survey Key Sheet– N/A

29.13 Control Survey Detail Sheet– N/A

29.14 Right of Way Map Cover Sheet– N/A

29.15 Right of Way Map Key Sheet– N/A

29.31 Quality Assurance/Quality Control

29.32 Supervision

29.33 Mapping Meetings

29.34 Field Reviews

29.35 Coordination

29.36 Supplemental Mapping

This task is to cover efforts resulting from major design and/or development changes after 60% map development that affect the right of way requirements/parent tract property lines and may include any number of tasks. Request and approval to utilize the Supplemental Mapping hours will be in writing and approved by the COUNTY project manager prior to any work being done under this task.

30 TERRESTRIAL MOBILE LIDAR -N/A

31 ARCHITECTURE DEVELOPMENT – N/A

32 NOISE BARRIERS IMPACT DESIGN ASSESSMENT- N/A

33 INTELLIGENT TRANSPORTATION SYSTEMS ANALYSIS

The CONSULTANT shall analyze and document Intelligent Transportations System (ITS) Analysis Tasks in accordance with all applicable manuals, guidelines, standards, handbooks, procedures, existing ITS standard operating procedures, ITS master and strategic plans, Florida's SEMP guidelines, National and regional ITS architectures, and current design bulletins.

33.1 ITS Analysis

The CONSULTANT shall review the approved preliminary engineering report(s), typical section package, traffic technical memorandum, adjacent projects programmed by the COUNTY and other local highway agencies and proposed geometric design alignment to identify impacts to existing ITS components (if applicable) and proposed ITS field device placements. The CONSULTANT shall review the project intelligence files provided by the COUNTY's asset maintenance agent(s) related to all previously constructed ITS projects and maintenance documentation for the project corridor to ensure all cited ITS elements are included in this project for replacement and/or restoration.

Systems Engineering Analysis

The CONSULTANT shall perform a systems engineering analysis as necessary based on project complexity and risk as required by Florida Department of Transportation Systems Engineering and Intelligent Transportation Systems (ITS) Architecture Procedure (Procedure Number 750-040-003).

Design Guidelines

The CONSULTANT shall use applicable COUNTY requirements and guidelines, including, but not limited to, the FDM, Standard Plans, and Standard Specifications for Road and Bridge Construction in the design of ITS. The CONSULTANT design is expected to include the following attributes, facilities, infrastructure, ITS devices, systems, and associated work: ***The replacement of existing ITS infrastructure due to construction will include design of communications system, electrical infrastructure and devices such as CCTV cameras. The ITS design work will include replacement of TO fiber from along Immokalee Rd from splice box TO-800 to splice box TO-803 and the replacement of TO fiber along Livingston Rd from splice box TO-510 to splice box TO-924, as well as, the addition of two (2) CCTV Camera systems, one bridge mounted on Livingston Rd and the other on Immokalee Rd.***

CAO

When the project work necessitates a break in the fiber cable, include provisions regarding allowable downtime. Provide any temporary splice drawings required during construction.

The existing field infrastructure is comprised of power and communications infrastructure as well as a range of ITS devices. The CONSULTANT shall coordinate with the Utility Power Company for the primary power extension to each ITS service point from the Utility's power point of presence. The CONSULTANT shall coordinate with Lighting CONSULTANT to ensure that primary power points of service are shared where possible.

The CONSULTANT shall review the existing TMC Operations and develop additional incident management service requirements as necessary to support during the Construction Phase of the Project. The CONSULTANT shall coordinate with District's TSM&O Office for additional information regarding existing Incident Management and TMC Operational Procedures (If desired by the District).

All ITS devices shall be compatible with the latest version of the National Transportation Communications for ITS Protocol (NTCIP) and compatible with SunGuide software platform or ***other software utilized by the COUNTY.***

The CONSULTANT shall design the project such that all ITS field devices and ancillary components comply with FDOT's Approved Product List (APL) or when applicable and approved by the COUNTY, FDOT's Innovative Product List (IPL) and are supported within the SunGuide software or other software approved by the COUNTY.

Closed Circuit Television (CCTV) Subsystem
CCTV devices shall be spaced and located as required to meet the Project requirements, Standard Specifications, FDM Section 233.10, District-specific requirements, guidance from the ConOps, and as approved by the COUNTY. The CONSULTANT shall be responsible for the design and exact field locations for the camera assemblies. The camera subsystem shall provide overlapping coverage to overcome visual blockage and to monitor DMS messages, and toll-amount DMS, as directed by the COUNTY.

The CONSULTANT shall select CCTV technologies to meet the Project needs, ConOps requirements, and as approved by the COUNTY. CCTV assemblies may include a camera lowering device (CLD), as directed by the COUNTY.
The camera system design shall ensure that the video quality is not degraded due to wind or vibration. The CONSULTANT shall be responsible for the design of the poles and foundations to minimize the potential for vibration. The CONSULTANT shall prepare cross section plan sheets showing details of horizontal and vertical clearances of the proposed equipment with identified utilities.

33.2 Communications Subsystem Analysis
See FDM 233.4, 233.5, and 233.8 for communication systems design requirements.

33.3 Grounding, Surge Suppression, and Lightning Protection Analysis - *N/A*

33.4 Power Subsystem
See **FDM Section 233.3** for ITS Power Design Requirements. The CONSULTANT shall be responsible for electrical design in accordance with all NEC requirements. No solar power should be utilized as a power solution for the Project unless otherwise approved by the COUNTY. To enhance power reliability, the CONSULTANT shall design a power distribution and backup system consisting of, at a minimum, underground power conduits and conductors, transformers, diesel fuel generators, automatic transfer switches (ATS), uninterruptable power supply (UPS), electrical distribution panel, equipment framing, reinforced concrete pad for the generator, site drainage, site security fencing and security camera (as directed by the DEPARTMENT), power command and control, Ethernet-based Modbus, and ITS Cabinet with Remote Power Management Unit (RPMU), and all associated equipment. The power backup system shall supply electrical power in event of commercial power supply failure for all system components. Power equipment shall be installed in areas to avoid wet locations. All connections and equipment shall be protected from moisture and water intrusion. The CONSULTANT shall ensure that vandal resistant mechanisms for all electrical infrastructure shall be included as part of the Design.
Electrical distribution equipment must be designed as fully rated and selectively coordinated systems. The protective features of the electrical distribution system must automatically and selectively isolate a faulted or overloaded circuit from the remainder of the electrical system. Only the closest protective device to the fault must operate to isolate the fault without affecting other parts of the system.

33.5 Voltage Drop Calculations
See FDM Section 233.3.6 for voltage drop design requirements. The electrical design shall address allowable voltage drops per the NEC. The CONSULTANT shall submit voltage drop calculations for any electrical circuit providing power to the ITS field devices beyond the electric utility service point. The calculations shall document the length of each circuit, its load, the size of the conductor or conductors and their ohm resistance values and the required voltages from the service point to the respective ITS devices to maintain voltage drops with allowable limits. The voltage drop incurred on each circuit (total volts and percentage of drop) shall be calculated, and all work necessary to calculate the voltage drop values for each circuit should be presented in such a manner as to be duplicated by the District. Load analysis calculations shall be submitted covering electrical path from all power sources to each ITS site connected to each power source. All voltage drop calculations shall allow for future expansion of ITS infrastructure, if identified in the Project ConOps.

CAO

33.6 Design Documentation

The CONSULTANT shall submit a Design Documentation Book with each plan submittal under separate cover and not part of the Roadway Documentation Book. At a minimum, the Design Documentation Book shall include:

- Quantities and engineering estimate for all applicable items on plans.
- Phase submittal checklist.
- Three-way quantity checklist.
- Structural calculations for all structures.
- Power Design Analysis, voltage drop calculations, and load analysis calculations
- Correspondences including utility design meeting and conflict resolutions
- Electrical Power Service Letter of Confirmation
- Subsurface Utility Exploration tables for each ITS support structure.

33.7 Existing ITS

The CONSULTANT shall research any required legacy system or system components that may be impacted by new work, such as: existing communications; existing types, numbers, locations, models, manufacturers, and age of ITS devices; as-built plans; existing operating software; existing center-to-field devices; and C2C communications and capabilities.

The project intelligence files provided by the COUNTY and researched by the CONSULTANT may include the following documents:

- Existing ITS field devices compared to the latest FDOT Standards and District requirements: device type, model, manufacturer, capabilities, condition, date installed, and historical maintenance logs. The COUNTY will provide the ITS FM data, when available, to the CONSULTANT upon request.
- Condition of support structure(s), and associated mechanical brackets, and vertical hangers.
- Electrical power related to the existing demand loads, sizes of the main and branch circuit breakers for the service disconnect, underground or overhead service feeder sizes from the power company transformer to the meter base.
- Existing fiber optic allocation as a graphical display of the existing buffer tube for the ITS devices at the Managed Field Ethernet Switch points, the buffer allocated for the existing local communication hubs, given number of connections within a corridor while maintaining the maximum number of physical connection on a specific Local Area Network (LAN), and local hubs to existing master communication hubs.
- A KMZ file of the existing fiber optic pull and splice boxes, ITS devices, local hubs, power service poles with latitudes and longitudes data.
- Underground infrastructure.
- Proximity to utilities.
- Other field reconnaissance as necessary to develop a complete ITS design package.

33.8 Queue Analysis – *N/A*

33.9 Reference and Master ITS Design File

The CONSULTANT shall prepare the ITS design file to include all necessary design elements and the reference files for topo, R/W roadway, utilities files, etc. This effort includes the design and layout of all proposed ITS devices, and electrical service points, conduits, pull boxes, conductor sizing, generators, and transformers. All existing ITS infrastructure shall be referenced to the new ITS plan sheets (if applicable).

33.10 Reference and Master Communications Design File

The CONSULTANT shall prepare the communication design file to include all necessary design elements and all associated reference files as well as reference files of topo, R/W, roadway, utilities files, existing ITS communications infrastructure, etc. This effort includes design and layout of proposed communications conduit,

CAO

cabinet, pull boxes, splice boxes, standard route markers, communications plan overview, fiber optic sizing, fiber optic splicing, connections, communications hubs, etc.

33.11 ITS Pole and Overhead structures Elevation Analysis
See FDM Section 233.6 for ITS Poles and Structures design requirements. The CONSULTANT shall evaluate pole elevation requirements and design pole heights to meet the Project requirements including field of view; elimination of occlusion; site access for maintenance vehicles and personnel; access to pole mounted equipment, such as CCTV cameras, traffic detectors, and cabinets; and probability of lightning strike.
The CONSULTANT shall coordinate with roadway, structures, and drainage disciplines to confirm that the elevations are updated during various design phases, and the ITS poles and overhead structure details are revised and designed with the correct heights, lengths, foundation depths and sizes.

33.12 DMS Sign Panel Design Analysis – *N/A*

33.13 ITS Quantities for EQ Report
The CONSULTANT shall determine ITS pay items and quantities and the supporting documentation.

33.14 Cost Estimate
The CONSULTANT shall prepare an engineer's cost estimate for the project using historical data from the FDOT or from other industry sources. The CONSULTANT shall also load the category information pay items and quantities into AASHTOWare Project Preconstruction.

33.15 Technical Special Provisions and Modified Special Provisions
The CONSULTANT shall develop Technical Special Provisions (TSP) and Modified Special Provisions (MSP) for the specific items or conditions of the project that are not addressed in the FDOT's Standard Specifications, Supplemental Specifications and Special Provisions.

33.16 Other ITS Analyses – *N/A*

33.17 Field Reviews
The CONSULTANT shall conduct a field review for the required phase submittals. The review shall identify necessary data for all elements of the project including, but not limited to, the following:

- Existing ITS Field Devices as compared with the latest FDOT standards and District requirements.
- Device Make, Model, Capabilities, Condition / Age, Existence of SunGuide Software Driver.
- Condition of Structure(s), cabinets, and other above-ground infrastructure and devices.
- Type of Detection as compared with current district standards and preferences.
- Underground Infrastructure.
- Proximity of other utilities.
- Any other field reconnaissance as necessary to develop a complete ITS design package.

33.18 Technical Meetings
The CONSULTANT shall attend meetings as necessary to support the project.

33.19 Quality Assurance / Quality Control
The CONSULTANT shall be responsible for the professional quality, technical accuracy and coordination of designs, drawings, specifications, and other services and work furnished by the CONSULTANT under this Contract.
The CONSULTANT shall provide a Quality Control Plan that describes the procedures to be utilized to verify, independently check, and review all design drawings, specifications, and other documentation prepared as a

part of the Contract. The CONSULTANT shall describe how the checking and review processes are to be documented to verify that the required procedures were followed. The Quality Control Plan may be one utilized by the CONSULTANT as part of their normal operation or may be one specifically designed for this project. The CONSULTANT shall utilize the District's quality control checklist. The Professional Engineer responsible that performed the Quality Control review shall sign a statement certifying that the review was conducted. The CONSULTANT shall, without additional compensation, correct all errors or deficiencies in their works.

33.20 Supervision
The CONSULTANT shall provide all efforts required to supervise all technical design activities.

33.21 Coordination
The CONSULTANT shall coordinate with Survey, Geotech, Drainage, Structures, Lighting, Roadway Design, Utilities, municipalities, maintaining agencies and Traffic Operations to produce a final set of construction Contract Documents and to ensure that a high degree of accuracy for the design plans is achieved. The CONSULTANT shall coordinate with the roadway Utility Adjustment Plan to incorporate all ITS support structural foundations symbols drawn to scale in the Utility Adjustment Plans and attend the utility design meetings conveying the information to all utility owners to preserve the location of the proposed foundations and avoid any conflicts.

34 INTELLIGENT TRANSPORTATION SYSTEMS PLANS

The CONSULTANT shall prepare a set of ITS Plans in accordance with the FDOT Design Manual that includes the following:

34.1 Key Sheet
The CONSULTANT shall prepare the key sheet in accordance with the latest format depicted in the FDM.
MUTCD
Standard Specifications, Developmental Specifications
Standard Plans

34.2 General Notes / Pay Item Notes
The CONSULTANT shall include all pertinent general notes and pay item notes as deemed fit and as established by the COUNTY.

34.3 Project Layout
The CONSULTANT shall prepare plan sheet(s) with an overview of the entire project that include stations and offsets, project limits, intersection locations, devices, device identification using SunGuide nomenclature, and plan sheet numbering and coverage.

34.4 Communications overview Sheet - N/A

34.5 Typical and Special Details
The CONSULTANT shall prepare typical and / or special details for conditions in the project not addressed by the DEPARTMENT's Standard Plans for Design, Construction, Maintenance, and Utility Operations on the State Highway System. The CONSULTANT shall prepare special details not addressed by FDOT Standard Plans, including block diagrams, hub cabinets, wiring diagrams, solar power service, and special mounting details, horizontal directional drilling at critical crossings, wireless ethernet equipment for local and broadband communication, Ethernet based Blue Toad, Ramp Signaling System, RSU block diagrams, Power station site plan, Field Equipment Shelters for master hubs, electrical and communication conduit, equipment inside box girders.

CAO

34.6 ITS and Communication Plan Sheet

The CONSULTANT shall prepare the ITS plan sheets utilizing the Design file to include all necessary information related to the project design elements and all associated reference files. The plan sheets shall include general and pay item notes and pay items. The plans shall depict the location of ITS devices and cabinets, pull boxes, splice boxes, conduit runs, electrical service points, conduit, pull boxes, conductors, and underground and overhead utilities, if applicable. ***Conductor information shall include number and size of ungrounded conductors, neutral conductors, and equipment grounding conductors on all ITS power conduit call-outs.*** Devices shall be located by station and offset as well as setback from the travel way. The CONSULTANT shall ensure the ITS sites and ground mounted cabinets locations are not in wetlands or wet drainage channels, do not interfere with protected species, meet the OSHA circle of safety from the overhead energized lines, and do not conflict with underground utilities.

The CONSULTANT shall prepare plans for the communications network. These plans shall consist of block diagrams, splicing diagrams, port assignments, wiring diagrams, and all other information necessary to convey the design concept to the Contractor. These plans shall be included in the ITS plan set and be prepared in a manner consistent with immediately adjacent ITS project installations (planned or installed). Communication plans shall include conduit, fiber, pull and splice boxes, ITS devices, communication lateral drops, fiber connection hardware, pay items etc.

The communication system shall be an open-architecture, non-proprietary, real-time, multimedia communications network. The communication system design must be compatible and completely interoperable with the existing systems.

The CONSULTANT's design shall include protecting and maintaining the existing ITS infrastructure. For locations where existing ITS infrastructure is impacted, the CONSULTANT's design shall include mitigation to minimize the downtime of existing system as per the District's requirements and prepare the Maintenance of Communication (MOC) plans. The CONSULTANT shall develop the MOC sheets for the project, providing temporary communications as necessary, notes, details, and direction applicable to the ITS elements and associated communications for inclusion in the MOC plans. The MOC plans shall include the notes, plan sheets, cross sections showing existing and proposed grades with the tables defining the stations limits for the conduit depths below existing and proposed grades for various construction phases.

If applicable, the CONSULTANT shall review the roadway TTCP, drainage, structures, and landscaping plans and prepare the MOC plans for each construction phase. The MOC plans shall include construction phasing notes, half cross sections depicting existing and proposed grades, roadway templates, drainage ponds, flood mitigation zones, provide tables depicting the station range, location, and depth of the proposed fiber optic trunk line below existing and proposed grades. The MOC plans shall optimize the reliable field-to-center (F2C) connectivity and operability of the ITS field devices previously deployed along the project corridor. The MOC design effort shall mitigate the impacts of the project's various construction phases so as to sustain center-to-field devices connectivity and operability, maintaining operational quality as a minimum at the level provided prior to construction start and minimizing down time as much as possible.

In cases, where major alteration to the existing roadway begins in the areas where the existing ITS devices and underground communication will be impacted at the initial construction phase, the CONSULTANT shall include the permanent ITS and communication and electrical power work to be constructed in the early phase and stage of the construction to activate the devices. The notes referencing the MOC plan details shall be included in the TTCP plans alerting the CONTRACTOR and emphasizing the importance of keeping the ITS devices operational. Subsequently, the CONSULTANT shall attend the utility design and pre-construction meeting conveying the importance of the MOC and operability of the overall system. The CONSULTANT shall include the MOC plan sheets in the beginning of the ITS plans.

CAO

The CONSULTANT is responsible for the design of the communication infrastructure and its integration with the COUNTY's communication system. Additionally, the CONSULTANT shall determine the most cost effective, best performing, communication connectivity option. The communication system must allow command and control as well as data and video transmission between the field devices and the TMCs at ***specified locations mentioned in section 2.16.***
Conduit paths shall be selected to provide a continuous duct system on one side of the road unless otherwise requested by the COUNTY. The various components of ITS sites will be located on both sides of the freeway and therefore under pavement bore and lateral conduits will be necessary to access equipment locations. The CONSULTANT is responsible to locate the ITS sites, so they are accessible by maintenance vans.

34.7 Maintenance of Communications Plans
The CONSULTANT is responsible for providing a temporary cabinet and Maintenance of Communication plans for the signalized intersection of Immokalee Rd and Livingston Rd to remain operational and connected to the TMC.

The CONSULTANT's design shall include protecting and maintaining the existing ITS infrastructure. For locations where existing ITS infrastructure is impacted, the CONSULTANT's design shall include mitigation to minimize the downtime of existing system as per the District's requirements and prepare the Maintenance of Communication (MOC) plans. The CONSULTANT shall develop the MOC sheets for the project, providing temporary communications as necessary, notes, details, and direction applicable to the ITS elements and associated communications for inclusion in the MOC plans. The MOC plans shall include the notes, plan sheets, cross sections showing existing and proposed grades with the tables defining the stations limits for the conduit depths below existing and proposed grades for various construction phases.

If applicable, the CONSULTANT shall review the roadway TTCP, drainage, structures, and landscaping plans and prepare the MOC plans for each construction phase. The MOC plans shall include construction phasing notes, half cross sections depicting existing and proposed grades, roadway templates, drainage ponds, flood mitigation zones, provide tables depicting the station range, location and depth of the proposed fiber optic trunk line below existing and proposed grades. The MOC plans shall optimize the reliable field-to-center (F2C) connectivity and operability of the ITS field devices previously deployed along the project corridor. The MOC design effort shall mitigate the impacts of the project's various construction phases so as to sustain center-to-field devices connectivity and operability, maintaining operational quality as a minimum at the level provided prior to construction start and minimizing down time as much as possible.

In cases, where major alteration to the existing roadway begins in the areas where the existing ITS devices and underground communication will be impacted at the initial construction phase, the CONSULTANT shall include the permanent ITS and communication and electrical power work to be constructed in the early phase and stage of the construction to activate the devices. The notes referencing the MOC plan details shall be included in the TTCP plans alerting the CONTRACTOR and emphasizing the importance of keeping the ITS devices operational. Subsequently, the CONSULTANT shall attend the utility design and pre-construction meeting conveying the importance of the MOC and operability of the overall system. The CONSULTANT shall include the MOC plan sheets in the beginning of the ITS plans.

The CONSULTANT is responsible for the design of the communication infrastructure and its integration with the COUNTY's communication system. Additionally, the CONSULTANT shall determine the most cost effective, best performing, communication connectivity option. The communication system must allow command and control as well as data and video transmission between the field devices and the TMC.

34.8 Fiber Optic Splice Diagrams
The CONSULTANT shall produce fiber optic cable splicing diagrams to show the connectivity of the fiber optic cable from its termini at field devices to the TMC. The diagrams shall denote new and existing fiber

routes, splices, and terminations involved in the work. The diagrams shall identify cables by size, tube color / number and stand colors / numbers. All cables shall be identified either by numbering system identified on the plans or by bounding devices. The diagrams shall denote the types of connectors in the patch panels.

The CONSULTANT shall determine physical connection points and methods between the existing project limits to make the desired physical connection. The CONSULTANT shall determine and identify the Buffer Tube/Fiber and Ring allocation to maintain acceptable maximum number of the local intersection per ring before redundant ringing to a master communication hub and manage the transmission bandwidth. The CONSULTANT shall analyze existing and proposed fiber optic communication infrastructure for physical and logical connectivity into existing infrastructure.

34.9 Grounding and Lightning Protection Plans – *N/A*

34.10 Cross Sections – *N/A*

34.11 Hybrid and DMS Guide Sign Data – *N/A*

34.12 Service Point Details
The CONSULTANT shall design any service point and electrical distribution system beyond the electric utility company's service point. The plan shall depict with pay items, general and plan notes the locations of transformers, switches, disconnects, conduits, pull boxes and power conductors. The plans shall identify the location of underground and overhead service points with identifying pole and transformer numbers. The CONSULTANT shall prepare the plan sheets depicting the electrical riser diagram and the line diagram for each location.

34.13 Strain Pole Schedule – *N/A*

34.14 Temporary Traffic Control Plans – *N/A*

34.15 Quality Assurance / Quality Control
The CONSULTANT shall utilize the District's quality control checklist for traffic design drawings in addition to the QC effort described in section three, Project Common and Project General Tasks, herein.

34.16 Supervision
The CONSULTANT shall supervise all technical design activities.

35 GEOTECHNICAL

The CONSULTANT shall, for each project, be responsible for a complete geotechnical investigation. All work performed by the CONSULTANT shall be in accordance with FDOT standards. Before beginning each phase of investigation and after the Notice to Proceed is given, the CONSULTANT shall submit an investigation plan for approval and meet with the COUNTY's Project Manager or representative to review the project scope and COUNTY requirements. The investigation plan shall include, but not be limited to, the proposed boring locations and depths, and all existing geotechnical information from available sources to generally describe the surface and subsurface conditions of the project site. Additional meetings may be required to plan any additional field efforts, review plans, resolve plans/report comments, resolve responses to comments, and/or any other meetings necessary to facilitate the project. The CONSULTANT shall notify the COUNTY in adequate time to schedule a representative to attend all related meetings and field activities. A subsoil investigation plan shall be submitted to the COUNTY for approval prior to site investigation. Muck and cap rock conditions are typical to Southwest Florida. Not encountering muck and cap rock is outside the norm in Collier COUNTY. The presence of both must be identified and quantified in the soils report for the project. To do this may require additional hand holes

CAO

in muck and deeper drill holes to penetrate the cap rock and identify the soil layers below than was originally shown in the investigation plan. The Soils Report shall contain a signed statement by the Geotechnical Engineer that they have walked the project site and verified to the best of their ability that information provided in the report is representative of what the surface conditions and vegetation suggest would exist below. Where cap rock is expected to be encountered in the installation of stormwater pipe and other structures, the pay items "Rock Trench Excavation" and "muck removal" (if encountered) shall be provided. All Geotechnical work shall meet the minimum requirements of the FDOT Soils and Foundations Handbook.

35.1 Document Collection and Review

CONSULTANT will review printed literature including topographic maps, COUNTY agricultural maps, aerial photography (including historic photos), ground water resources, geology bulletins, potentiometric maps, pile driving records, historic construction records and other geotechnical related resources. Prior to field reconnaissance, CONSULTANT shall review U.S.G.S., S.C.S. and potentiometric maps, and identify areas with problematic soil and groundwater conditions. The CONSULTANT shall be responsible for coordination of all geotechnical related field work activities. The CONSULTANT shall retain all samples until acceptance of 100% plans. Rock cores shall be retained as directed in writing by the COUNTY Project Manager. The CONSULTANT shall perform specialized field-testing in accordance with the FDOT Soils and Foundation Handbook and as required by project needs which may include but not be limited to:

- ☐ Roadway auger borings every 100 feet to a depth of 6 feet.
- ☐ LBR sampling and testing at 3 per mile.
- ☐ Pavement core sampling and testing at 1 sample per 1,000 feet.
- ☐ Corrosion series testing at sample per abundant stratum per 1,000 feet
- ☐ Buried storm sewer system SPT borings to a depth of 20 feet every 500 feet
- ☐ SPT borings on all corners of intersection for all new signals and/or mast arm to a depth of 25 feet.
- ☐ Two corrosion series tests at each intersection location
- ☐ Two SPT borings to a depth of 25 feet at each wet detention pond location
- ☐ Two borehole permeability tests at each wet detention pond location
- ☐ Piezometer installations at 1 per pond for Seasonal High Groundwater Level (SHGWL) determinations
- ☐ Exfiltration test per 500 feet of exfiltration trench

If required by the COUNTY Project Manager, a preliminary roadway exploration shall be performed before the 30% plans submittal. The preliminary roadway exploration will be performed, and results provided to the Engineer of Record to assist in setting roadway grades and locating potential problem areas. The preliminary roadway exploration shall be performed as directed in writing by the COUNTY Project Manager. CONSULTANT shall perform specialized field-testing as required by project needs and as directed in writing by the COUNTY Project Manager. All laboratory testing and classification will be performed in accordance with applicable COUNTY standards, ASTM Standards or AASHTO Standards, unless otherwise specified in the Contract Documents.

35.2 Develop Detailed Boring Location Plan

Develop a detailed boring location plan. Meet with COUNTY Geotechnical Project Manager for boring plan approval. If the drilling program expects to encounter artesian conditions, the CONSULTANT shall submit a methodology(s) for plugging the borehole to the COUNTY for approval prior to commencing with the boring program.

35.3 Stake Borings/Utility Clearance

Stake borings and obtain utility clearance.

35.4 Muck Probing

Probe standing water and surficial muck in a detailed pattern sufficient for determining removal limits to be shown in the Plans.

35.5 Coordinate and Develop TTCP for Field Investigation

Coordinate and develop Temporary Traffic Control Plan (TTCP). All work zone traffic control will be performed in accordance with FDOT Standard Plans Index 102 series.

35.6 Drilling Access Permits

Obtain all State, COUNTY, and Water Management District permits for performing geotechnical borings, as needed.

35.7 Property Clearances

Notify property tenants in person of drilling and field activities, if applicable. Written notification to property owners/tenants is the responsibility of the CONSULTANT. The CONSULTANT shall be responsible for assembling a list of all property owners where access is required for conducting geotechnical investigations. A standardized letter shall be prepared by the CONSULTANT for review and approval by the COUNTY prior to notifying affected property owners.

35.8 Groundwater Monitoring

Monitor groundwater, using piezometers.

35.9 LBR / Resilient Modulus Sampling

Collect appropriate samples for Limerock Bearing Ratio (LBR) testing. Deliver Resilient Modulus samples to a location as directed by the COUNTY.

35.10 Coordination of Field Work

Coordinate all field work required to provide geotechnical data for the project.

35.11 Soil and Rock Classification – Roadway

Refine soil profiles recorded in the field, based on results of laboratory testing.

35.12 Design LBR

Determine design LBR values from the 90% and mean methods when LBR testing is required by the COUNTY.

35.13 Laboratory Data

Tabulate laboratory test results for inclusion in the geotechnical report, the report of tests sheet (Roadway Soil Survey Sheet), and for any necessary calculations and analyses.

35.14 Seasonal High-Water Table

Review the encountered ground water levels and estimate seasonal high ground water levels. Estimate seasonal low ground water levels, if requested.

35.15 Parameters for Water Retention Areas

Calculate parameters for water retention areas, exfiltration trenches, and/or swales.

35.16 Delineate Limits of Unsuitable Material

Delineate limits of unsuitable material(s) in both horizontal and vertical directions. Assist the Engineer of Record with detailing these limits on the cross-sections. If requested, prepare a plan view

CAO

of the limits of unsuitable material.

35.17 Electronic Files for Cross-Sections

Create electronic files of boring data for cross-sections.

35.18 Embankment Settlement and Stability

Estimate the total magnitude and time rate of embankment settlements. Calculate the factor of safety against slope stability failure.

35.19 Monitor Existing Structures

Coordinate with EOR and structural engineer (when applicable) to identify and develop mitigation strategies for sensitive structures and facilities which require special considerations for settlement, vibration and/or groundwater monitoring by the contractor during construction. When there is risk of damage to the structure or facility, provide recommendations in the geotechnical report addressing project specific needs and coordinate those locations with the EOR. See PPM Volume I Chapter 34 and Chapter 9 of the Soils and Foundations Handbook.

35.20 Stormwater Volume Recovery and/or Background Seepage Analysis

Perform stormwater volume recovery analysis as directed by the COUNTY.

35.21 Geotechnical Recommendations

Provide geotechnical recommendations regarding the proposed roadway construction project including the following: description of the site/alignment, design recommendations and discussion of any special considerations (i.e., removal of unsuitable material, consolidation of weak soils, estimated settlement time/amount, groundwater control, high groundwater conditions relative to pavement base, etc.) Evaluate and recommend types of geosynthetics and properties for various applications, as required.

35.22 Pavement Condition Survey and Pavement Evaluation Report

If a pavement evaluation is performed, submit the report in accordance with Section 3.2 of the Materials Manual: Flexible Pavement Coring and Evaluation. Enter all core information into the Pavement Coring and Reporting (PCR) system.

35.23 Preliminary Roadway Report

If a preliminary roadway investigation is performed, submit a preliminary roadway report before the Phase I plans submittal. The purpose of the preliminary roadway report will be to assist in setting road grades and locating potential problems. Copies of U.S.G.S. and S.C.S. maps with project limits shown. A report of tests sheet that summarizes the laboratory test results, the soil stratification (i.e., soils grouped into layers of similar materials) and construction recommendations relative to Standard Plans Indices 120-001 and 120-002. The results of all tasks discussed in all previous sections regarding data interpretation and analysis. An appendix that contains stratified soil boring profiles, laboratory test data sheets, sample embankment settlement and stability calculations, design LBR calculation/graphs, and other pertinent calculations. The CONSULTANT will respond in writing to any changes and/or comments from the COUNTY and submit any responses and revised reports.

35.24 Final Report

The Final Roadway Report shall include the following:

- Copies of U.S.G.S. and S.C.S. maps with project limits shown.
- A report of tests sheet that summarizes the laboratory test results, the soil stratification (i.e., soils grouped into layers of similar materials) and construction recommendations relative to Standard Plans Indices 120-001 and 120-002.

- The results of all tasks discussed in all previous sections regarding data interpretation and analysis.
- An appendix that contains stratified soil boring profiles, laboratory test data sheets, sample embankment settlement and stability calculations, design LBR calculation/graphs, and other pertinent calculations.

The CONSULTANT will respond in writing to any changes and/or comments from the COUNTY and submit any responses and revised reports.

35.25 Auger Boring Drafting

Draft auger borings as directed by the COUNTY.

35.26 SPT Boring Drafting

Draft SPT borings as directed by the COUNTY.

The CONSULTANT shall be responsible for coordination of all geotechnical related fieldwork activities. The CONSULTANT shall retain all samples until acceptance of 100% plans. Rock cores shall be retained as directed in writing by the COUNTY Project Manager. CONSULTANT shall perform specialized field-testing as required by needs of project and as directed in writing by the COUNTY Project Manager. All laboratory testing and classification will be performed in accordance with applicable FDOT standards, ASTM Standards or AASHTO Standards, unless otherwise specified in the Contract Documents. The staff hour tasks for high embankment fills and structural foundations for bridges, box culverts, walls, high-mast lighting, overhead signs, mast arm signals, strain poles, buildings, and other structures include the following:

35.27 Develop Detailed Boring Location Plan

Develop a detailed boring location plan. Meet with COUNTY Geotechnical Project Manager for boring plan approval. If the drilling program expects to encounter artesian conditions, the CONSULTANT shall submit a methodology(s) for plugging the borehole to the COUNTY for approval prior to commencing with the boring program.

35.28 Stake Borings/Utility Clearance

Stake borings and obtain utility clearance.

35.29 Coordinate and Develop TTCP for Field Investigation

Coordinate and develop TTCP plan. All work zone traffic control will be performed in accordance with FDOT Standard Plans Index 102 series.

35.30 Drilling Access Permits

Obtain all State, COUNTY, City, and Water Management District permits for performing geotechnical borings, as needed.

35.31 Property Clearances

Notify property tenants in person of drilling and field activities, if applicable. Written notification to property owners/tenants is the responsibility of the COUNTY's Project Manager.

35.32 Collection of Corrosion Samples

Collect corrosion samples for determination of environmental classifications.

35.33 Coordination of Field Work

Coordinate all field work required to provide geotechnical data for the project.

35.34 Soil and Rock Classification – Structures

Soil profiles recorded in the field should be refined based on the results of laboratory testing.

35.35 Tabulation of Laboratory Data

Laboratory test results should be tabulated for inclusion in the geotechnical report and for the necessary calculations and analyses.

35.36 Estimate Design Groundwater Level for Structures

Review encountered groundwater levels, estimate seasonal high groundwater levels, and evaluate groundwater levels for structure design.

35.37 Selection of Foundation Alternatives (BRIDGE TYPE STUDY)

Evaluation and selection of foundation alternative, including the following: GRS-IBS Spread footings Prestressed concrete piling - various sizes Drilled shafts Foundation analyses shall be performed using approved COUNTY methods. Assist in selection of the most economical, feasible foundation alternative.

35.38 Detailed Analysis of Selected Foundation Alternate(s)- N/A

35.39 Bridge Construction and Testing Recommendations

Provide construction and testing recommendations including potential constructability problems.

35.40 Lateral Load Analysis (Optional)

Perform lateral load analyses as directed by the COUNTY.

35.41 Walls

Provide the design soil profile(s), which include the soil model/type of each layer and all soil engineering properties required by the Engineer of Record for conventional wall analyses and recommendations.

Review wall design for geotechnical compatibility and constructability.

Evaluate the external stability of conventional retaining walls and retained earth wall systems. For retained earth wall systems, calculate and provide minimum soil reinforcement lengths versus wall heights, and soil parameters assumed in analysis. Estimate differential and total (long term and short term) settlements.

Provide wall construction recommendations.

35.42 Sheet Pile Wall Analysis

Analyze sheet pile walls as directed by the COUNTY.

35.43 Design Soil Parameters for Signs, Signals, and Geotechnical Recommendations

Provide the design soil profile(s) that include the soil model/type of each layer and all soil properties required by the Engineer of Record for foundation design. Review design for geotechnical compatibility and constructability.

35.44 Box Culvert Analysis – N/A

- Provide the design soil profile(s) that include the soil model/type of each layer and all soil properties required by the Engineer of Record for foundation design. Review design for geotechnical compatibility and constructability.
- Provide lateral earth pressure coefficients.
- Provide box culvert construction and design recommendations.
- Estimate differential and total (long term and short term) settlements.
- Evaluate wingwall stability.

CAO

35.45 Preliminary Report – BRIDGE TYPE STUDY

The preliminary structures report shall contain the following discussions as appropriate for the assigned project:

- Copies of U.S.G.S. and S.C.S. maps with project limits shown.
- Summary of structure background data, S.C.S., U.S.G.S., geologic and potentiometric data.
- The results of all tasks discussed in all previous sections regarding data interpretation and analysis).
- Recommendations for foundation installation, or other site preparation soils-related construction considerations with plan sheets as necessary.
- Any special provisions required for construction that are not addressed in the COUNTY's Standard specification.
- An Appendix which includes SPT and CPT boring/sounding profiles, data from any specialized field tests, engineering analysis, notes/sample calculations, sheets showing ultimate bearing capacity curves versus elevation for piles and drilled shafts, a complete FHWA check list, pile driving records (if available), and any other pertinent information.

35.46 Final Report - Bridge and Associated Walls

The final structures report shall include the following:

- Copies of U.S.G.S. and S.C.S. maps with project limits shown.
- Summary of structure background data, S.C.S., U.S.G.S., geologic and potentiometric data.
- The results of all tasks discussed in all previous sections regarding data interpretation and analysis.
- Recommendations for foundation installation, or other site preparation soils-related construction considerations with plan sheets as necessary.
- Any special provisions required for construction that are not addressed in the COUNTY's Standard specification.
- An Appendix which includes SPT and CPT boring/sounding profiles, data from any specialized field tests, engineering analysis, notes/sample calculations, sheets showing ultimate bearing capacity curves versus elevation for piles and drilled shafts, a complete FHWA check list, pile driving records (if available), and any other pertinent information.

35.47 Final Reports - Signs, Signals, Box Culvert, Walls, and High Mast Lights

The final reports shall include the following:

- Copies of U.S.G.S. and S.C.S. maps with project limits shown.
- Summary of structure background data, S.C.S., U.S.G.S., geologic and potentiometric data.
- The results of all tasks discussed in all previous sections regarding data interpretation and analysis).
- Recommendations for foundation installation, or other site preparation soils-related construction considerations with plan sheets as necessary.
- Any special provisions required for construction that are not addressed in the COUNTY's Standard specification.
- An Appendix which includes SPT and CPT boring/sounding profiles, data from any specialized field tests, engineering analysis, notes/sample calculations, sheets showing ultimate bearing capacity curves versus elevation for piles and drilled shafts, a complete FHWA check list, pile driving records (if available), and any other pertinent information.
- Final reports will incorporate comments from the COUNTY and contain any additional field or laboratory test results, recommended foundation alternatives along with design parameters and special provisions for the contract plans. These reports will be submitted to the COUNTY Project Manager for review prior to project completion. After review by the COUNTY, the reports will be submitted to the COUNTY Project Manager in final form and will include the

following:

- All original plan sheets (11" x 17")
- One set of all plan and specification documents, in electronic format, according to COUNTY requirements
- Two sets of record prints
- Six sets of any special provisions
- All reference and support documentation used in preparation of contract plans package
  Additional final reports (up to four), aside from stated above, may be needed and requested for the COUNTY's Project Manager and other disciplines.
  The final reports, special provisions, as well as record prints, will be signed and sealed by a Professional Engineer licensed in the State of Florida.
  Draft the detailed boring/sounding standard sheet, including environmental classification, results of laboratory testing, and specialized construction requirements, for inclusion in final plans.

35.48 SPT Boring Drafting

Prepare a complete set of drawings to include all SPT borings, auger borings and other pertinent soils information in the plans. Include these drawings in the Final Geotechnical Report. Draft borings, location map, S.C.S. map and U.S.D.A. map as directed by the COUNTY. Soil symbols must be consistent with those presented in the latest Florida COUNTY of Transportation Soils and Foundations Handbook.

35.49 Other Geotechnical

Other geotechnical effort specifically required for the project as determined by the COUNTY and included in the geotechnical upset limit.

35.50 Technical Special Provisions and Modified Special Provisions

35.51 Field Reviews

Identify and note surface soil and rock conditions, surface water conditions and locations, and preliminary utility conflicts. Observe and note nearby structures and foundation types.

35.52 Technical Meetings

35.53 Quality Assurance/Quality Control

35.54 Supervision

35.55 Coordination

36 PROJECT REQUIREMENTS

36.1 Liaison Office

The COUNTY and the CONSULTANT will designate a Liaison Office and a Project Manager who shall be the representative of their respective organizations for the Project. While it is expected the CONSULTANT shall seek and receive advice from various state, regional, and local agencies, the final direction on all matters of this project remain with the COUNTY Project Manager.

36.2 Key Personnel

The CONSULTANT's work shall be performed and directed by the key personnel identified in the proposal presentations by the CONSULTANT. Any changes in the indicated personnel shall be subject to review and approval by COUNTY.

36.3 Progress Reporting

The CONSULTANT shall meet with the COUNTY as required and shall provide a written monthly progress report with approved schedule, schedule status, and payout curve or by using the earned value method that describe the work performed on each task. The report will include assessing project risk through monthly documentation of identifying and updating the risk category and approach for monitoring those tasks. Invoices shall be submitted after the COUNTY approves the monthly progress report and the payout curve or with earned value analysis. The Project Manager will make judgment on whether work of sufficient quality and quantity has been accomplished by comparing the reported percent complete against actual work accomplished.

36.4 Correspondence

Copies of all written correspondence between the CONSULTANT and any party pertaining specifically to this contract shall be provided to the COUNTY for their records within one (1) week of the receipt or mailing of said correspondence.

36.5 Professional Endorsement

The CONSULTANT shall have a Licensed Professional Engineer in the State of Florida sign and seal all reports, documents, Technical Special Provisions and Modified Special Provisions, and plans as required by FDOT and COUNTY standards.

36.6 Computer Automation

The project will be developed utilizing Computer Aided Drafting and Design (CADD) systems. It is the responsibility of the CONSULTANT to meet the requirements in the FDOT CADD Manual. The CONSULTANT shall submit final documents and files as described therein. The CONSULTANT shall submit all required plan submittals (60%, 90% & 100%) in CADD format.

36.7 Coordination with Other Consultants

The CONSULTANT is to coordinate his work with any and all adjacent and integral CONSULTANTs so as to effect complete and homogenous plans and specifications for the project(s) described herein.

36.8 Optional and Additional Services

At the COUNTY's option, the CONSULTANT may be requested to provide optional services. The fee for these services shall be negotiated in accordance with the terms detailed in the resultant agreement, for a fair, competitive and reasonable cost, considering the scope and complexity of the project(s). Additional services may be authorized by Change Order or supplemental amendment in accordance with the COUNTY's Procurement Policy. The additional services may include other Services as required.

Optional Services

- Utility Design: The CONSULTANT shall prepare a Utility Conflict Matrix as a part of Task 7. Upon submittal and review by COUNTY, the full utilities design scope shall be finalized and a fee to perform the work shall be agreed upon.

Additional Services

Additional services included, but are not limited to:

- Bridge aesthetics design and options, including but not limited to signalization and lighting as described in 22.7 and 24.6, respectively.
- Replacement of existing Cocohatchee Canal bridge based on findings of MOT and Bridge Study

- Improvements to Juliet Boulevard (lane extensions), per the Immokalee Road Corridor Congestion Study's recommendations
- Improvements to Strand Boulevard (lane extensions, lane additions, bridge widening), per the Immokalee Road Corridor Congestion Study's recommendations
- Noise Study and Noise Barrier Wall Designs
- Collection of traffic data
- Geotechnical explorations and evaluations for culvert modifications or retaining walls
- Incorporation of the planned SUN Trail outside the defined project limits, as described in Section 2.

CAO

SCHEDULE B

BASIS OF COMPENSATION

1. MONTHLY STATUS REPORTS

B.1.1. As a condition precedent to payment, CONSULTANT shall submit to the COUNTY as part of its monthly invoice a progress report reflecting the Project status, in terms of the total work effort estimated to be required for the completion of the Basic Services and any authorized Additional Services, as of the last day of the subject monthly billing cycle. Among other things, the report shall show all Service items and the percentage complete of each item.

2. COMPENSATION TO CONSULTANT

B.2.1. For the Basic Services provided for in this Agreement, the COUNTY agrees to make the payments to CONSULTANT in accordance with the terms stated below. Payments will be made in accordance with the following Schedule; however, the payment of any particular line item noted below shall not be due until services associated with any such line item have been completed or partially completed to the COUNTY's reasonable satisfaction. Lump sum payments will be made upon the percentage complete. In no event shall such Time and Materials compensation exceed the amounts set forth in the table below.

Tasks/Item	Description	Lump Sum	Time and Materials Not-To-Exceed
Task 1	901.2 Line & Grade Submittal	$1,527,642.47	$
Task 2	Phase I Submittal (30% Design)	$1,527,642.47	$
Task 3	Phase II Submittal (60% Design)	$1,318,903.70	$
Task 4	Permit Application Submittals	$263,780.74	$
Task 5	ROW Acquisition Sketch & Descriptions	$263,780.74	$
Task 6	Phase III Submittal (90% Design)	$791,342.22	$
Task 7	Phase IV Submittal (100% Const Docs)	$527,561.47	$
Task 8	Post Design (Bidding Support)	$97,070.30	$
Task 9	Post Design (Construction Administration)	$291,210.90	$
Task 10	Activity 28 Utility Relocation(Design&Post Design)	$	$875,416.09
Task 11	Opt Srvc 1 - Environmental Surveys	$75,000.00	$
Task 12	Opt Srvc 2 - ROW Acquisition/Expert Witness	$	$35,000.00
		$	$
		$	$
		$	$
		$	$
		$	$
		$	$
	Total Lump Sum Fee	$6,683,935.01	
	Total Time and Materials Fee		$910,416.09
	GRAND TOTAL FEE	$7,594,351.10	

B.2.2. ■* Time and Material Fees: The fees noted in Section B.2.1. shall constitute the amounts to be paid to CONSULTANT for the performance of the Basic Services. Direct Labor Costs mean the actual salaries and wages (basic, premium and incentive) paid to CONSULTANT's personnel, with respect to this Project, including all indirect payroll related costs and fringe benefits, all in accordance with and not in excess of the rates set forth in the Attachment 1 to this Schedule B. With each monthly Application for Payment, CONSULTANT shall submit detailed time records, and any other documentation reasonably required by the COUNTY, regarding CONSULTANT's Direct Labor Costs incurred at the time of billing, to be reviewed and approved by the COUNTY. There shall be no overtime pay without the COUNTY's prior written approval.

B.2.2.1. Notwithstanding anything herein to the contrary, in no event may CONSULTANT's monthly billings, on a cumulative basis, exceed the sum determined by multiplying the applicable not to exceed task(s) limits by the percentage the COUNTY has determined CONSULTANT has completed such task as of that particular monthly billing.

B.2.3. ■* Lump Sum Fees: The fees noted in Section 2.1. shall constitute the lump sum amount to be paid to CONSULTANT for the performance of the Basic Services. There shall be no overtime pay without the COUNTY's prior written approval.

B.2.3.1 CONSULTANT shall submit, with each of the monthly status reports provided for under Section B.1.1 of this Schedule B, an invoice for fees earned in the performance of Basic Services and Additional Services during the subject billing month.

B.2.4. For Additional Services provided pursuant to Article 2 of the Agreement, if any, the COUNTY agrees to pay CONSULTANT a negotiated total fee and Reimbursable Expenses based on the services to be provided and as set forth in the Amendment authorizing such Additional Services. The negotiated fee shall be based upon the rates specified in Attachment 1 to this Schedule B and all Reimbursable Expenses shall comply with the provision of Section 3.4.1 below. There shall be no overtime pay on Additional Services without the COUNTY's prior written approval.

B.2.5. The compensation provided for under Section B.2.1 of this Schedule B, shall be the total and complete amount payable to CONSULTANT for the Basic Services to be performed under the provisions of this Agreement, and shall include the cost of all materials, equipment, supplies and out-of-pocket expenses incurred in the performance of all such services.

B.2.6. Notwithstanding anything in the Agreement to the contrary, CONSULTANT acknowledges and agrees that in the event of a dispute concerning payments for Services performed under this Agreement, CONSULTANT shall continue to perform the Services required of it under this Agreement, as directed by the COUNTY, pending resolution of the dispute provided that the COUNTY continues to pay to CONSULTANT all amounts that the COUNTY does not dispute are due and payable.

3. SCHEDULE OF PAYMENTS

B.3.1. Notwithstanding anything herein to the contrary, the CONSULTANT shall submit no more than one invoice per month for all fees earned that month for both Basic Services and Additional Services. Invoices shall be reasonably substantiated, identify the services rendered and must be submitted in triplicate in a form and manner required by the COUNTY.

B.3.1.1 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of contract. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

B.3.2. Invoices not properly prepared (mathematical errors, billing not reflecting actual work done, no signature, etc.) shall be returned to CONSULTANT for correction. Invoices shall be submitted on

CONSULTANT's letterhead and must include the Purchase Order Number and Project name and shall not be submitted more than one time monthly.

B.3.3. Payments for Additional Services of CONSULTANT as defined in Article 2 hereinabove and for reimbursable expenses will be made monthly upon presentation of a detailed invoice with supporting documentation.

B.3.4. Unless specific rates have been established in Attachment 1, attached to this Schedule B, CONSULTANT agrees that, with respect to any subconsultant or subcontractor to be utilized by CONSULTANT for this Agreement or Additional Services, CONSULTANT shall be limited to a maximum markup of five percent (5%) on the fees and expenses associated with such subconsultants and subcontractors.

B.3.4.1 Reimbursable Expenses must comply with §112.061, Fla. Stat., or as set forth in the Agreement, be charged without mark-up by the CONSULTANT, and shall consist only of the following items:

B.3.4.1.1. Cost for reproducing documents that exceed the number of documents described in this Agreement and postage and handling of Drawings and Specifications.

B.3.4.1.2. Travel expenses reasonably and necessarily incurred with respect to Project related trips, to the extent such trips are approved by the COUNTY. Such expenses, if approved by the COUNTY, may include coach airfare, standard accommodations and meals, all in accordance with §112.061, Fla. Stat. Further, such expenses, if approved by the COUNTY, may include mileage for trips that are from/to destinations outside of Collier or Lee Counties. Such trips within Collier and Lee Counties are expressly excluded.

B.3.4.1.3. Permit Fees required by the Project.

B.3.4.1.4. Expense of overtime work requiring higher than regular rates approved in advance and in writing by the COUNTY.

B.3.4.1.5. Expense of models for the County's use.

B.3.4.1.6. Other items on request and approved in writing by the COUNTY.

B.3.4.1.7. The CONSULTANT shall bear and pay all overhead and other expenses, except for authorized reimbursable expenses, incurred by CONSULTANT in the performance of the Services.

B.3.4.1.8. Records of Reimbursable Expenses shall be kept on a generally recognized accounting basis.

B.3.5. The CONSULTANT shall obtain the prior written approval of the COUNTY before incurring any reimbursable expenses, and absent such prior approval, no expenses incurred by CONSULTANT will be deemed to be a reimbursable expense.

8	Post Design Services (Bidding Support)	1080
9	Post Design Services (Construction)	1980
10	Activity 28 Utility Relocation (Design and Post Design)	1980

SCHEDULE D

INSURANCE COVERAGE

1. The amounts and types of insurance coverage shall conform to the following minimum requirements with the use of Insurance Services Office (ISO) forms and endorsements or their equivalents. If CONSULTANT has any self-insured retentions or deductibles under any of the below listed minimum required coverages, CONSULTANT must identify on the Certificate of Insurance the nature and amount of such self-insured retentions or deductibles and provide satisfactory evidence of financial responsibility for such obligations. All self-insured retentions or deductibles will be CONSULTANT's sole responsibility.

2. The insurance required by this Agreement shall be written for not less than the limits specified herein or required by law, whichever is greater.

3. Coverages shall be maintained without interruption from the date of commencement of the services until the date of completion and acceptance of the Project by the COUNTY or as specified in this Agreement, whichever is longer.

4. Certificates of insurance acceptable to the COUNTY shall be filed with the COUNTY within ten (10) calendar days after Notice of Award is received by CONSULTANT evidencing the fact that CONSULTANT has acquired and put in place the insurance coverages and limits required hereunder. In addition, certified, true and exact copies of all insurance policies required shall be provided to the COUNTY, on a timely basis, if requested by the COUNTY. Such certificates shall contain a provision that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days prior written notice has been given to the COUNTY. CONSULTANT shall also notify the COUNTY, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverages or limits received by CONSULTANT from its insurer, and nothing contained herein shall relieve CONSULTANT of this requirement to provide notice. In the event of a reduction in the aggregate limit of any policy to be provided by CONSULTANT hereunder, CONSULTANT shall immediately take steps to have the aggregate limit reinstated to the full extent permitted under such policy.

5. All insurance coverages of the CONSULTANT shall be primary to any insurance or self-insurance program carried by the COUNTY applicable to this Project.

6. The acceptance by the COUNTY of any Certificate of Insurance does not constitute approval or agreement by the COUNTY that the insurance requirements have been satisfied or that the insurance policy shown on the Certificate of Insurance is in compliance with the requirements of this Agreement.

7. CONSULTANT shall require each of its subconsultants to procure and maintain, until the completion of the subconsultant's services, insurance of the types and to the limits specified in this Section except to the extent such insurance requirements for the subconsultant are expressly waived in writing by the COUNTY.

8. Should at any time the CONSULTANT not maintain the insurance coverages required herein, the COUNTY may terminate the Agreement or at its sole discretion shall be authorized to purchase such coverages and charge the CONSULTANT for such coverages purchased. If CONSULTANT fails to reimburse the COUNTY for such costs within thirty (30) days after demand, the COUNTY has the right to offset these costs from any amount due CONSULTANT under this Agreement or any other agreement between the COUNTY and CONSULTANT. The COUNTY shall be under no obligation to

purchase such insurance, nor shall it be responsible for the coverages purchased or the insurance company or companies used. The decision of the COUNTY to purchase such insurance coverages shall in no way be construed to be a waiver of any of its rights under the Agreement.

9. If the initial, or any subsequently issued Certificate of Insurance expires prior to the completion of the services required hereunder or termination of the Agreement, the CONSULTANT shall furnish to the COUNTY, in triplicate, renewal or replacement Certificate(s) of Insurance not later than three (3) business days after the renewal of the policy(ies). Failure of the Contractor to provide the COUNTY with such renewal certificate(s) shall be deemed a material breach by CONSULTANT and the COUNTY may terminate the Agreement for cause.

Sections checked (☐) are required by this Agreement.

10. ■ **WORKERS' COMPENSATION AND EMPLOYERS' LIABILITY.** Workers' Compensation and Employers' Liability Insurance shall be maintained by the CONSULTANT during the term of this Agreement for all employees engaged in the work under this Agreement in accordance with the laws of the State of Florida. The amounts of such insurance shall not be less than:

a. Worker's Compensation - Florida Statutory Requirements

b. Employers' Liability - The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

The insurance company shall waive all claims rights against the COUNTY and the policy shall be so endorsed.

~~11. ☐ **United States Longshoreman's and Harbor Worker's Act** coverage shall be maintained where applicable to the completion of the work. Coverage shall have minimum limits of $_____ Per Claim/Occurrence.~~

~~12. ☐ **Maritime Coverage (Jones Act)** shall be maintained where applicable to the completion of the work. Coverage shall have minimum limits of $_____ Per Claim/Occurrence.~~

13. ■ **COMMERCIAL GENERAL LIABILITY.**

A. Commercial General Liability Insurance, written on an "occurrence" basis, shall be maintained by the CONSULTANT. Coverage will include, but not be limited to, Bodily Injury, Property Damage, Personal Injury, Contractual Liability for this Agreement, Independent Contractors, Broad Form Property Damage including Completed Operations and Products and Completed Operations Coverage. Products and Completed Operations coverage shall be maintained for a period of not less than five (5) years following the completion and acceptance by the COUNTY of the work under this Agreement. Limits of Liability shall not be less than the following:

Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 5,000,000 aggregate.

B. The General Aggregate Limit shall apply separately to this Project and the policy shall be endorsed using the following endorsement wording. "This endorsement modifies insurance provided under the following: Commercial General Liability Coverage Part. The General Aggregate Limit under LIMITS OF INSURANCE applies separately to each of your projects away from premises owned by or rented to you." Applicable deductibles or self-insured retentions shall be the sole responsibility of CONSULTANT. Deductibles or self-insured retentions carried by the CONSULTANT shall be subject to the approval of the Risk Management Director or his/her designee.

14. Collier County Board of County Commissioners shall be listed as the Certificate Holder and included as an "Additional Insured" on the Insurance Certificate for Commercial General Liability where required. The insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly. Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

~~15. ☐ **Watercraft Liability.** Coverage shall be carried by the CONSULTANT or the SUBCONSULTANT in limits of not less than the Commercial General Liability limit shown in subparagraph (1) above if applicable to the completion of the Services under this Agreement.~~

~~16. ☐ **Aircraft Liability.** Coverage shall be carried by the CONSULTANT or the SUBCONSULTANT in limits of not less than $5,000,000~~ each occurrence if applicable to the completion of the Services under this Agreement.

17. ☒ **BUSINESS AUTOMOBILE LIABILITY INSURANCE.** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-The ownership.

~~18. ☐ **TECHNOLOGY ERRORS AND OMISSIONS INSURANCE.** Coverage shall have minimum limits of $_____ Per Occurrence.~~

~~19. ☐ **CYBER INSURANCE.** Coverage shall have minimum limits of $_____ Per Occurrence.~~

20. ☒ **UMBRELLA LIABILITY.**

A. Umbrella Liability may be maintained as part of the liability insurance of the CONSULTANT and, if so, such policy shall be excess of the Employers' Liability, Commercial General Liability, and Automobile Liability coverages required herein and shall include all coverages on a "following form" basis.

B. The policy shall contain wording to the effect that, in the event of the exhaustion of any underlying limit due to the payment of claims, the Umbrella policy will "drop down" to apply as primary insurance.

21. ☒ **PROFESSIONAL LIABILITY INSURANCE.**

A. Professional Liability: Shall be maintained by the CONSULTANT to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. CONSULTANT waives its right of recovery against COUNTY as to any claims under this insurance. Such insurance shall have limits of not less than $ 1,000,000 each claim and aggregate.

B. Any deductible applicable to any claim shall be the sole responsibility of the CONSULTANT. Deductible amounts are subject to the approval of the COUNTY.

C. The CONSULTANT shall continue this coverage for this Project for a period of not less than five (5) years following completion and acceptance of the Project by the COUNTY.

D. The policy retroactive date will always be prior to the date services were first performed by CONSULTANT or the COUNTY, and the date will not be moved forward during the term of this Agreement and for five years thereafter. CONSULTANT shall promptly submit Certificates of

Insurance providing for an unqualified written notice to the COUNTY of any cancellation of coverage or reduction in limits, other than the application of the aggregate limits provision. In addition, CONSULTANT shall also notify the COUNTY by certified mail, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverages or limits received by CONSULTANT from its insurer. In the event of more than a twenty percent (20%) reduction in the aggregate limit of any policy, CONSULTANT shall immediately take steps to have the aggregate limit reinstated to the full extent permitted under such policy. CONSULTANT shall promptly submit a certified, true copy of the policy and any endorsements issued or to be issued on the policy if requested by the COUNTY.

22. **VALUABLE PAPERS INSURANCE.**

In the sole discretion of the COUNTY, CONSULTANT may be required to purchase valuable papers and records coverage for plans, specifications, drawings, reports, maps, books, blueprints, and other printed documents in an amount sufficient to cover the cost of recreating or reconstructing valuable papers or records utilized during the term of this Agreement.

23. **PROJECT PROFESSIONAL LIABILITY.**

A. If the COUNTY notifies CONSULTANT that a project professional liability policy is required to be purchased for a project, the CONSULTANT agrees to provide the following information when requested by the COUNTY or the COUNTY's Project Manager:

1. Affirmation that the design firm will timely complete a project errors and omissions application.
2. Policy Effective Date and Expiration Date.
3. Policy Number.
4. The current underwriter and insurer information.

SCHEDULE G
STATE CONTRACT PROVISIONS AND ASSURANCES

☒ following this page (pages 1 through 9)

☐ this schedule is not applicable

FLORIDA DEPARTMENT OF TRANSPORTATION
55.026 TRANPORTATION REGIONAL INCENTIVE PROGRAM
55.008 COUNTY INCENTIVE GRANT PROGRAM

The supplemental conditions contained in this section are intended to cooperate with, to supplement, and to modify the general conditions and other specifications. In cases of disagreement with any other section of this contract, the Supplemental Conditions shall govern. This is an acknowledgement that the Florida Department of Transportation will be used to fund all or a portion of the contract.

Pursuant uniform requirements of grant awards the definition of CONTRACTOR is an entity that receives a Contract / Purchase Order.

The services performed by the awarded Contractor shall be in compliance with all applicable grantor regulations/requirements, and additional requirements specified in this document. It shall be the awarded Contractor's responsibility to acquire and utilize the necessary manuals and guidelines that apply to the work required to complete this project. In general the contractor, must insert or reference these contract provisions in each lower tier contracts (e.g., subcontract or sub-agreement); (2) must incorporate the applicable requirements of these contract provisions by reference for work done under any purchase orders, rental agreements and other agreements for supplies or services; and (3) is responsible for compliance with these contract provisions by any subcontractor, lower-tier subcontractor or service provider.

Restrictions, Prohibitions, Controls and Labor Provisions:

a. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

b. In accordance with Section 287.134, Florida Statutes, an entity or affiliate who has been placed on the Discriminatory Vendor List, kept by the Florida Department of Management Services, may not submit a bid on a contract to provide goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity.

c. An entity or affiliate who has had its Certificate of Qualification suspended, revoked, denied or have further been determined by the FDOT to be a non-responsible contractor may not submit a bid or perform work for the construction or repair of a public building or public work on a contract with the Recipient.

d. No funds received pursuant to this Agreement may be expended for lobbying the Florida Legislature, judicial branch, or any state agency, in accordance with Section 216.347, Florida Statutes.

e. The Department shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationality Act. If the contractor knowingly employs unauthorized aliens, such violation will be cause for unilateral cancellation of this Agreement.

f. The Contractor shall:

CAO

i. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Recipient during the term of the contract; and

ii. Expressly require any subcontractors performing work or providing services pursuant to the state contract to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term.

g. The contractors and subcontractors shall comply with all federal, state, and local laws and regulations applicable to this Project.

Conflict of Interest
FDOT Conflict of Interest procedure 375-030- 006 are applicable to this contract.

Miscellaneous Provisions
The County's contractors, subcontractors, consultants, and subconsultants are not agents of The Florida Department of Transportation as a result of this contract

Indemnification – To the extent provided by law, the CONTRACTOR shall indemnify, defend, and hold harmless the COUNTY and the State of Florida, Department of Transportation, including the Department' s officers, agents, and employees, against any actions, claims, or damages arising out of, relating to, or resulting from negligent or wrongful act(s) of CONTRACTOR, or any of its officers, agents, or employees, acting within the scope of their office or employment, in connection with the rights granted to or exercised by CONTRACTOR.

The foregoing indemnification shall not constitute a waiver of the State of Florida, Department of Transportation's or COUNTY's sovereign immunity beyond the limits set forth in Florida Statutes, Section 768. 28. Nor shall the same be construed to constitute agreement by CONTRACTOR to indemnify COUNTY for the negligent acts or omissions of COUNTY, its officers, agents, or employees, or third parties. Nor shall the same be construed to constitute agreement by CONTRACTOR to indemnify the Department for the negligent acts or omissions of the Department, its officers, agents, or employees, or third parties. This indemnification shall survive the termination of this Agreement.

Inspector General Cooperation – Contractor and subcontractors are obligated to comply with Section 20.055(5), Florida Statutes which states, "It is the duty of every state officer, employee, agency, special district, board, commission, contractor, and subcontractor to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant to this section. Beginning July 1, 2015, each contract, bid, proposal, and application or solicitation for a contract shall contain a statement that the corporation, partnership, or person understands and will comply with this subsection."

Record Retention – The contractor and all subcontractors shall maintain and retain sufficient records demonstrating its compliance with the terms of the Agreement for a period of at least five (5) years after final payment is made and shall allow the County, State of Florida, or its designee's access to such records upon request.

Human Trafficking – Human trafficking is a form of modern-day slavery which involves the transporting, soliciting, recruiting, harboring, providing, enticing, maintaining, purchasing, patronizing, procuring, or obtaining of another person for the purpose of exploiting that person. House Bill 7063 amends s. 787.06, F.S., to require a nongovernmental entity (Contractor) to provide an affidavit attesting that the nongovernmental entity does not use coercion for labor or services, when executing, renewing, or extending a contract with a governmental entity (County). Prior to contract execution, extension or renewal, the Contractor shall sign and notarize FDOT Form No. 375-030-31 for submittal to the County.

COLLIER COUNTY GRANT COMPLIANCE FORM

BID OPPORTUNITY LIST FOR COMMODITIES AND CONTRACTUAL SERVICES AND PROFESSIONAL CONSULTANT SERVICES

It is the policy of Collier County that disadvantaged businesses and minority vendors, as defined in the Code of Federal Regulations (CFR) or Florida Statutes (FS), must have the opportunity to participate on contracts with federal and/or state grant assistance.

Prime Contractor/Prime Consultant: DRMP, Inc.

Address and Phone Number: 1404 Dean Street, Suite 101 Fort Myers, FL 33901

Procurement Number/Advertisement Number: 24-8286

The list below is intended to be a listing of firms that are, or attempting to, participate on the project numbered above. The list must include the firm bidding or quoting as prime, as well as subs and suppliers quoting for participation. Prime contractors and consultants must provide information for Numbers 1, 2, 3, and 4; and, should provide any information they have for Numbers 5, 6, 7, and 8. This form must be submitted with the bid package.

1. Federal Tax ID Number:	95-4081636	6. [ ] DBE	8. Annual Gross Receipts	
2. Firm Name:	Jacobs Engineering Group, Inc.	[X] Non-DBE	[ ] Less than $ 1 million

AFFIDAVIT REGARDING LABOR AND SERVICES AND CONTRACTING WITH ENTITIES OF FOREIGN COUNTRIES OF CONCERN PROHIBITED

Effective July 1, 2024, pursuant to § 787.06(13), Florida Statutes, when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services.

Effective January 1, 2024, a governmental entity may not accept a bid on, a proposal for, or a reply to, or enter into, a contract with an entity which would grant the entity access to an individual's personal identifying information unless the entity provides the government with an affidavit signed by an officer or representative under penalty of perjury attesting that the entity does not meet any of the following criteria: (a) the entity is owned by the government of a foreign country of concern; (b) the government of a foreign country of concern has a controlling interest in the entity; or (c) the entity is organized under the laws of or has its principal place of business in a foreign country of concern.

Effective July 1, 2025, when an entity extends or renews a contract with a governmental entity which would grant the entity access to an individual's personal identifying information, the entity must provide the governmental entity with an affidavit signed by an officer or representative of the entity under penalty of perjury attesting that the entity does not meet any of the criteria in paragraphs (2)(a)-(c), § 287.138, Florida Statutes.

Executive Summary

Recommendation to have a discussion on the means to regulate Data Centers on the acceptance, processing, and consideration of applications for development orders and development permits.

OBJECTIVE: For the Board to determine the means of freezing applications regulating data centers while staff researches and drafts legislation regulating Data Center Facilities.

CONSIDERATIONS: At the July 14, 2026, Board of County Commissioners ("Board") public hearing, the Board directed staff and the County Attorney to bring back an executive summary advising the Board as to the options on freezing applications for Data Center Facilities while staff researches and drafts legislation for the Board's consideration creating regulations for data centers. The Board also initiated a zoning in progress order until regulations came to the Board.

"Zoning in progress" is an official legal declaration used by local Florida municipalities and counties to temporarily pause the approval or processing of specific development permits. It is enacted when a government is actively drafting or amending zoning codes and aims to prevent property owners from rushing to get permits under old rules before new, updated regulations take effect.

The Board can simply stand by this zoning in progress action, or the Board can consider enacting a moratorium.

On May 7, 2026, the Governor passed Senate Bill 484 relating to data centers, which was codified as Chapter 2026-65. Among other provisions, the legislation reaffirms the authority of local governments to establish reasonable regulations intended to mitigate adverse impacts associated with the development and operation of data centers. The legislation also defines "data centers" and "large-scale data centers" (Sections 373.203(3) and (4)) and "large load customers" (Section 366.043(2)(d)) which are hereinafter referred to as "Data Center Facilities."

Several other Florida local governments have taken action on Data Center Facilities, including but not limited to:

- Sarasota County imposed a one-year moratorium on the acceptance, review and approval of major data centers until at least July 2027. This has not yet been imposed, but they have directed staff to bring back a moratorium for approval.
- Citrus County imposed a moratorium on discussions and movement of data center proposals while staff studies impacts and regulatory options.
- Palm Beach County delayed action on a controversial proposed large-scale AI data center project known as "Project Tango" after significant public opposition related to water consumption, noise, and environmental concerns. Project Tango was denied by their BCC on Wednesday 7/15. On July 8th they 1) directed staff to bring back a moratorium ordinance, with first reading on Aug. 27th, and 2) passed a second motion enacting 'zoning in progress' for data centers effective immediately.
- Nassau County imposed a one-year moratorium in June 2026 for the acceptance, review, and approval of applications for data center facilities in order to provide staff with sufficient time to research and evaluate the impacts of data center development.
- Pasco County imposed a one-year moratorium on the submission and acceptance of applications for building permits, site plans, development orders, development agreements, etc. related to data centers to provide the BCC with an opportunity to determine the appropriateness of allowing such uses and adopt regulations.

As of early July, by our count, eight Florida counties have adopted regulations prohibiting data centers, nine Florida counties adopted regulations allowing data centers, and nineteen Florida counties adopted a temporary moratorium, including the counties that are listed above.

To allow staff sufficient time to draft proposed regulations which would go through the public process, including reviews by DSAC and the Planning Commission, the Board can (1) simply stand with the zoning in progress direction to staff; or (2) consider the enactment of a temporary moratorium.

Attached to this executive summary is a draft one-year temporary moratorium on the acceptance, processing, and consideration of applications for development orders and development permits, including but not limited to comprehensive plan amendments, for rezoning, for conditional uses, for permits, and for development review of site or building plans, relating to Data Center Facilities within unincorporated Collier County.

FISCAL IMPACT: Impacts will be identified at time of adoption of the proposed land development code amendments.

GROWTH MANAGEMENT IMPACT: None

LEGAL CONSIDERATIONS: This item is approved as to form and legality. A majority vote is needed for approval of this item. -JAK

RECOMMENDATION(S): That the Board have a discussion on the means to regulate Data Centers.

ORDINANCE NO. 26 -___

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, DECLARING AND IMPLEMENTING A TEMPORARY MORATORIUM, TO LAST FOR A PERIOD OF ONE (1) YEAR, ON THE ACCEPTANCE, PROCESSING, AND CONSIDERATION OF APPLICATIONS FOR DEVELOPMENT ORDERS AND DEVELOPMENT PERMITS RELATED TO DATA CENTER FACILITIES WITHIN UNINCORPORATED COLLIER COUNTY; PROVIDING FOR INTENT; PROVIDING FOR NON-INCLUSION IN THE CODE OF LAWS AND ORDINANCES; PROVIDING FOR CONFLICT AND SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners (Board) has the authority, pursuant to Chapter 125, Florida Statutes, and Article VIII of the Florida Constitution, to protect the public health, safety and general welfare of its residents and to enact ordinances for valid governmental purposes that are not inconsistent with general or special law; and

WHEREAS, Chapter 2026-65, Laws of Florida, relating to data centers, created Section 163.326, Florida Statutes, which grants local governments authority to exercise the powers and responsibilities for comprehensive planning and land development regulation granted by law with respect to data centers and large-scale data centers, as defined in Sections 373.203(3) and (4), Florida Statutes, and other large load customers, as defined in Section 366.043(2)(d), Florida Statutes (collectively, "Data Center Facilities"); and

WHEREAS, Section 163.326, Florida Statutes, recognizes that certain land uses, including facilities with substantial electric or other utility demands, such as Data Center Facilities, may present unique planning, infrastructure, and compatibility considerations; and

WHEREAS, Section 163.326, Florida Statutes, provides that such considerations are to be addressed through local comprehensive planning and land development regulations adopted pursuant to Chapter 163, Florida Statutes, including provisions related to infrastructure capacity, land use compatibility, environmental impacts, and the efficient provision of public facilities and services; and

WHEREAS, the demand for digital infrastructure and data storage capacity continues to grow exponentially as technology advances and reliance on cloud computing, artificial intelligence, and digital services expands, resulting in data centers of varying scales being developed throughout the country; and

WHEREAS, Collier County is now confronted with a new development/land use category herein referred to as "Data Center Facilities" that can consume extraordinary amounts of electricity, water, and, and telecommunications infrastructure as compared to a traditional "data

center" which is not contemplated by the County's existing land development regulations and codes; and

WHEREAS, the Board finds that allowing the establishment or expansion of Data Center Facilities without the presence of use-specific regulations could pose risks to the County's infrastructure, fire protection and emergency response planning, the environment, and quality of life of Collier County residents; and

WHEREAS, the Board wishes to establish a temporary moratorium of up to one (1) year on the acceptance, processing, and consideration of applications for development orders and development permits, including but not limited to comprehensive plan amendments, for rezoning, for conditional uses, for permits, and for development review of site or building plans, relating to Data Center Facilities within unincorporated Collier County and such moratorium is reasonable and necessary to determine the appropriateness of allowing such uses and adopt amendments to the Collier County Comprehensive Plan, Land Development Code, and Code of Ordinances, to ensure the community welfare is well-balanced and the public health, safety and general welfare are preserved; and

WHEREAS, the Board finds this ordinance imposing a one (1) year temporary moratorium on the acceptance, processing, and consideration of applications for development orders and development permits relating to Data Center Facilities serves the health, safety, and welfare of the residents of Collier County, Florida.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA:

SECTION ONE: INTENT: The above recitals are hereby adopted as the legislative purpose of this Ordinance and as the Board's legislative findings.

SECTION TWO: DEFINITION: For the purposes of this moratorium, "Data Center Facilities" are data centers and large-scale data centers, as defined in Sections 373.203(3) and (4), Florida Statutes, and large load customers, as defined in Section 366.043(2)(d), Florida Statutes. *See* Chapter 2026-65, Laws of Florida.

SECTION THREE: MORATORIUM: The Board of County Commissioners hereby places a temporary moratorium (suspension) on the acceptance, processing, and consideration of all applications for development orders and development permits related to Data Center Facilities within unincorporated Collier County. This Ordinance is undertaken by the County in good faith and is intended to further goals of the Comprehensive Plan, Chapter 163, Florida Statutes, and Chapter 2026-65, Laws of Florida, and is not intended to discriminate against those landowners which may be subject to this Ordinance.

SECTION FOUR: DURATION: The duration of this moratorium shall be one (1) year from the effective date of this Ordinance or until the effective date of an ordinance(s) amending the Collier County Comprehensive Plan, Land Development Code, and/or Code of Laws and Ordinances relating to data centers, whichever occurs earliest. This moratorium may be extended

by resolution of the Board as permitted by law if the Board determines that it is in the best interests of the citizens of Collier County to do so.

SECTION FIVE: NON-INCLUSION IN THE CODE OF LAWS AND ORDINANCES. Given the temporary nature and effect of this Ordinance, it is the intent of the Board of County Commissioners that this Ordinance not be codified.

SECTION SIX: CONFLICT AND SEVERABILITY. In the event this Ordinance conflicts with any other ordinance of Collier County or other applicable law, the more restrictive shall apply. If any phrase or portion of the Ordinance is held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portion.

SECTION SEVEN: EFFECTIVE DATE. This Ordinance shall become effective upon filing with the Florida Department of State.

PASSED AND DULY ADOPTED by a vote of a majority of the Board of County Commissioners of Collier County, Florida, this ____ day of _____, 2026.

CHAPTER 2026-65

Committee Substitute for
Committee Substitute for Senate Bill No. 484

An act relating to data centers; creating s. 163.326, F.S.; providing legislative findings; specifying that local governments maintain authority to exercise power and responsibility over comprehensive planning and land development regulations relating to large load customers; prohibiting a large load customer from being considered an electric substation; amending s. 288.075, F.S.; defining the term "data center"; providing an exception to a provision allowing an extension of certain confidentiality protections; creating s. 366.043, F.S.; providing legislative findings; defining terms; requiring public utilities to provide certain minimum tariff and service requirements for large load customers; requiring that such requirements ensure that large load customers bear their costs of service and that such costs are not shifted to the general body of ratepayers; requiring certain measures to minimize the risk of nonpayment of such costs; requiring that such minimum tariff and service requirements include certain provisions designed to prevent a public utility from providing electric service to a large load customer that is a foreign entity; prohibiting a customer from separating a certain electrical load into multiple smaller connections for a specified purpose; authorizing the Florida Public Service Commission to approve public utility tariffs that include certain utility industry-accepted ratemaking and other financial tools; prohibiting any tariff, contractual provision, service requirement, or other public utility policy from preventing or hindering the curtailment or interruption of electric service to a large load customer for certain purposes; prohibiting a public utility from knowingly providing electric service to a large load customer that is a foreign entity; requiring each public utility to file a tariff in compliance with the provisions of the bill by a specified date; amending s. 373.203, F.S.; defining terms; creating s. 373.262, F.S.; providing legislative intent; prohibiting the governing board of a water management district or the Department of Environmental Protection from issuing a permit for the consumptive use of water to a large-scale data center under certain circumstances; requiring that such permit be issued to a large-scale data center applicant if the applicant establishes that the proposed use of water satisfies certain requirements; requiring the governing board or the department to require the use of reclaimed water for a large-scale data center applicant's allocation when certain requirements are met; specifying requirements for certain permit applications; prohibiting the approval of permit applications without a hearing; amending s. 373.239, F.S.; requiring that consumptive use permit modifications proposed by a large-scale data center be treated in a specified manner; requiring the Office of Program Policy Analysis and Government Accountability to contract for a study relating to the construction and operation of large-scale data centers; providing requirements for the study; requiring the study to be submitted

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

to the Governor, the President of the Senate, and the Speaker of the House by a specified date; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Effective upon becoming a law, section 163.326, Florida Statutes, is created to read:

163.326 Large load customer considerations.—

(1) The Legislature finds that certain land uses, including facilities with substantial electric or other utility demands, such as data centers and other large load customers as defined in s. 366.043(2), may present unique planning, infrastructure, and compatibility considerations. The Legislature intends that such considerations shall be addressed through local comprehensive planning and land development regulations adopted pursuant to this chapter, including provisions related to infrastructure capacity, land use compatibility, environmental impacts, and the efficient provision of public facilities and services.

(2) Local governments shall maintain the authority to exercise the powers and responsibilities for comprehensive planning and land development regulation granted by law with respect to large load customers. A large load customer may not be considered an electric substation for the purposes of s. 163.3208.

Section 2. Paragraphs (a), (b), and (c) of subsection (1) of section 288.075, Florida Statutes, are redesignated as paragraphs (b), (c), and (d), respectively, paragraph (a) of subsection (2) is amended, and a new paragraph (a) is added to subsection (1) of that section, to read:

288.075 Confidentiality of records.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Data center" has the same meaning as in s. 373.203.

(2) PLANS, INTENTIONS, AND INTERESTS.—

(a)1. If a private corporation, partnership, or person requests in writing before an economic incentive agreement is signed that an economic development agency maintain the confidentiality of information concerning plans, intentions, or interests of such private corporation, partnership, or person to locate, relocate, or expand any of its business activities in this state, the information is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution for 12 months after the date an economic development agency receives a request for confidentiality or until the information is otherwise disclosed, whichever occurs first.

2. An economic development agency may extend the period of confidentiality specified in subparagraph 1. for up to an additional 12 months upon

written request from the private corporation, partnership, or person who originally requested confidentiality under this section and upon a finding by the economic development agency that such private corporation, partnership, or person is still actively considering locating, relocating, or expanding its business activities in this state. Such a request for an extension in the period of confidentiality must be received prior to the expiration of any confidentiality originally provided under subparagraph 1. This subparagraph does not apply to information described in subparagraph 1. relating to data centers.

If a final project order for a signed economic development agreement is issued, then the information will remain confidential and exempt for 180 days after the final project order is issued, until a date specified in the final project order, or until the information is otherwise disclosed, whichever occurs first. However, such period of confidentiality may not extend beyond the period of confidentiality established in subparagraph 1. or subparagraph 2.

Section 3. Section 366.043, Florida Statutes, is created to read:

366.043 Large load tariffs for public electric utilities.—

(1) The Legislature finds that the provision of safe and reliable electric services, provided at fair, just, and reasonable rates, is essential to the welfare of the ratepayers of this state. The Legislature further finds that when one class of electric service customer requires uniquely large electrical loads at a single location, it imposes a disproportionate risk on the other ratepayers of this state and makes it necessary for the commission to develop and enforce rate structures and other policies for such customers which ensure such risk is mitigated as much as possible and prevent shifting the costs of serving large load customers to the general body of ratepayers.

(2) As used in this section, the term:

(a) "Controlled by" means having the power to direct or cause the direction of the management or policies of a company, whether through ownership of securities, by contract, or otherwise. A person or an entity that directly or indirectly has the right to vote 25 percent or more of the voting interests of the company or that is entitled to 25 percent or more of its profits is presumed to control the entity.

(b) "Foreign country of concern" has the same meaning as in s. 692.201.

(c) "Foreign entity" means an entity that is:

1. Owned or controlled by the government of a foreign country of concern; or

2. A partnership, an association, a corporation, an organization, or other combination of persons organized under the laws of or having its principal

CODING: Words stricken are deletions; words underlined are additions.

place of business in a foreign country of concern, or a subsidiary of such entity.

(d) "Large load customer" means a customer with an anticipated monthly peak load of 50 megawatts or more, calculated as the highest average load over a 15-minute interval at a single location. The term does not include a load aggregated across multiple locations owned by the same customer. However, the term includes all customers or other entities that have entered into a colocation or similar agreement at a single location that otherwise meets the anticipated monthly peak load provided in this paragraph.

(e) "Public utility" has the same meaning as in s. 366.02, except that the term does not include a gas utility.

(3) The following minimum tariff and service requirements for large load customers are required in public utility tariffs:

(a) The minimum tariff and service requirements must reasonably ensure that each large load customer bears its own full cost of service and that such cost is not shifted to the general body of ratepayers. Such cost of service includes, but is not limited to, connection, incremental transmission, incremental generation, and other infrastructure costs; operations and maintenance expenses; and any other costs required to serve a large load customer. The risk of nonpayment of such costs may not be borne by the general body of ratepayers.

(b) The minimum tariff and service requirements must include provisions reasonably designed to prevent a public utility from providing electric service to a customer that would otherwise qualify as a large load customer if that customer is a foreign entity.

(4) A customer may not separate an electrical load at a single location into multiple smaller connections to avoid being classified as a large load customer.

(5) To effectuate the requirements of subsection (3), the commission may approve public utility tariffs that include utility industry-accepted rate-making and other financial tools, including, but not limited to, the following:

(a) Contributions in aid of construction or other required customer infrastructure investments that may be returned, in whole or in part, to such customers over time.

(b) Demand charges, including minimum demand charges.

(c) Incremental generation charges.

(d) Financial guarantees.

(e) Minimum load factors.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(f) Take-or-pay provisions or similar provisions requiring payment for contracted capacity, regardless of a large load customer's actual electricity use or demand.

(g) Minimum period of service contract requirements, including early termination fees or other fees for violation of such contracts.

(6) Any tariff, contractual provision, service requirement, or other public utility policy relating to large load customers may not prevent or otherwise hinder the curtailment or interruption of electric service to a large load customer where such curtailment or interruption is intended to ensure grid stability, reduce the likelihood or breadth of wider service outages, or ensure public safety during an emergency or other exceptional circumstance.

(7) A public utility may not knowingly provide electric service to a customer that would otherwise qualify as a large load customer if that customer is a foreign entity.

(8) No later than October 1, 2026, each public utility shall file, for commission approval, a tariff that complies with this section.

Section 4. Effective upon becoming a law, subsections (3) and (4) of section 373.203, Florida Statutes, are redesignated as subsections (5) and (6), respectively, and new subsections (3) and (4) are added to that section, to read:

373.203 Definitions.—

(3) "Data center" means a facility that primarily contains electronic equipment used to process, store, and transmit digital information, which may be:

(a) A free-standing structure; or

(b) A facility within a larger structure which uses environmental control equipment to maintain the proper conditions for the operation of electronic equipment.

(4) "Large-scale data center" means a single location, with a data center on site, that has an anticipated monthly peak load of 50 megawatts or more, calculated as the highest average load over a 15-minute interval. The term does not include a load aggregated across multiple locations owned by the same customer. However, the term includes all customers or other entities that have entered into a colocation or similar agreement at a single location that otherwise meets the anticipated monthly peak load provided in this subsection.

Section 5. Section 373.262, Florida Statutes, is created to read:

373.262 Large-scale data center permitting.—

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(1) It is the intent of the Legislature that the development and operation of large-scale data centers in this state be managed under a permitting framework that ensures this state's water resources are used in the public interest, in a manner that is not harmful to the water resources of this state, and consistent with local government zoning regulations and comprehensive plans.

(2) Consistent with other provisions of this part, the governing board of a water management district or the department may not issue a permit to a large-scale data center applicant for an allocation of water if the proposed use of the water is harmful to the water resources of the area or is prohibited by the applicable local government zoning regulations and comprehensive plan. A permit shall be issued to a large-scale data center applicant for an allocation of water if the applicant establishes that the proposed use of water:

(a) Is a reasonable-beneficial use as defined in s. 373.019;

(b) Will not interfere with any presently existing legal use of water; and

(c) Is consistent with the public interest.

(3) The governing board or the department shall require the use of reclaimed water in lieu of all or a portion of a proposed use of surface water or groundwater by a large-scale data center applicant when:

(a) A suitable reclaimed water supply source is available and permitted;

(b) Reclaimed water distribution or supply lines are available at the property boundary in sufficient capacity and quality to serve the applicant's needs;

(c) The applicant is capable of accessing the reclaimed water source through distribution or supply lines;

(d) Use of reclaimed water is environmentally, economically, and technically feasible; and

(e) Use of reclaimed water would not conflict with the requirements contained in the applicant's surface water discharge permit, if applicable.

(4)(a) In addition to the requirements of s. 373.229, all permit applications made under this part requesting an allocation of at least an average daily flow of 100,000 gallons of water per day by a large-scale data center must contain:

1. All sources and amounts of water and losses of water used for cooling, industrial and treatment processes, personal or sanitary needs of employees, and landscape irrigation; and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

2. A water conservation plan that, at a minimum, incorporates recycling cooling water before discharge or disposal, implementation of a leak detection and repair program, use of water efficient fixtures, and implementation of an employee awareness and education program concerning water conservation.

(b) Notwithstanding s. 373.229(4), the governing board or the department may not approve a permit application made under this part by a large-scale data center without a hearing.

Section 6. Subsection (2) of section 373.239, Florida Statutes, is amended to read:

373.239 Modification and renewal of permit terms.—

(2) If the proposed modification involves water use of 100,000 gallons or more per day or is proposed by a large-scale data center as defined in s. 373.203, the application shall be treated under the provisions of s. 373.229 in the same manner as the initial permit application. Otherwise, the governing board or the department may at its discretion approve the proposed modification without a hearing, provided the permittee establishes that:

(a) A change in conditions has resulted in the water allowed under the permit becoming inadequate for the permittee's need, or

(b) The proposed modification would result in a more efficient utilization of water than is possible under the existing permit.

Section 7. The Office of Program Policy Analysis and Government Accountability (OPPAGA) shall contract for an independent, interdisciplinary study of policy considerations related to the construction and operation of large-scale data centers, including, but not limited to, state, regional, or local economic development and tax revenue impacts; use of land, water, and other natural resources; energy use and related cost and rate impacts; and public health and safety related impacts. OPPAGA may contract with one or more nonpartisan academic or nonprofit research organizations with policy and scientific expertise in relevant fields of study. The study must identify any issues unique to the construction and operation of large-scale data centers in this state. The study must also include recommendations on facility siting and mitigation measures that should be considered to reduce any potential negative impacts. OPPAGA shall submit the study to the Governor, the President of the Senate, and the Speaker of the House of Representatives by July 1, 2027.

Section 8. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon becoming a law, this act shall take effect July 1, 2026.

Approved by the Governor May 7, 2026.

Filed in Office Secretary of State May 7, 2026.

SARASOTA COUNTY GOVERNMENT

Planning and Development Services

TO: Sarasota County Commission

THROUGH: Jonathan R. Lewis, County Administrator

FROM: Matthew R. Osterhoudt, Director, Planning and Development Services
Michele Norton, AICP, Assistant Director, Planning and Zoning Division

DATE: July 8, 2026

SUBJECT: **Large Scale Data Center Trends, Land Use and Resource Implications**

RECOMMENDED MOTION(S) OR ACTION(S):

For the Board to receive an update on hyperscale large scale data center facilities.

BACKGROUND/ANALYSIS:

The demand for digital infrastructure and data storage capacity continues to grow exponentially as technology advances and reliance on cloud computing, artificial intelligence, and digital services expands. As a result, data centers of varying scales are increasingly being developed throughout the country.

While Florida has many traditional data centers, the state is now beginning to experience the wave of true hyperscale AI-oriented campus proposals that have transformed places like Northern Virginia and Texas. The industry in Florida is still in an early expansion phase. Polk County/Fort Meade appears to be the first hyperscale data center recently approved for a 200 acre - 4.4 million square foot facility on a 1,300-acre parcel.

Recent examples of other local governments in Florida taking action on this issue include:

- Citrus County, whose county commission voted in May 2026 to impose a moratorium on discussions and movement of data center proposals while staff studies impacts and regulatory options. Public concerns reportedly focused on environmental effects, infrastructure demand, and community compatibility.
- Palm Beach County delayed action on a controversial proposed large-scale AI data center project known as “Project Tango” after significant public opposition related to water consumption, noise, and environmental concerns.
- Nassau County voted to impose a one-year moratorium in June 2026 for the acceptance, review, and approval of applications for data center facilities, in order to provide the BCC and staff with sufficient time to research and evaluate impacts with data center development. In addition, the creation of a staff committee of technical experts to hold public meetings and workshops to gather key findings, public testimony, and potential policy options for consideration. At the conclusion of the public meetings and independent research, the committee will provide a report to the BCC summarizing the findings and potential policy options for consideration.
- Pasco County held first reading on June 16, 2026 of an Ordinance to advance a one-year moratorium on new applications for data centers while the county provides an analysis on the

impacts of large-scale data centers on resources and lands and provides updates to zoning and utility regulations. Second reading will be July 14, 2026.

- Hernando County Commissioners at their June 2, 2026, meeting, advanced a temporary one year moratorium on accepting and processing of new data center development applications while staff and attorneys draft permanent zoning and regulatory projections regarding power and water usage.

Heightened public interest and concerns regarding the potential impacts associated with large-scale data center development have recently prompted legislative action at the state level through the adoption of Senate Bill 484 (Ch. 2026-65) (**Attachment 1**). Among other provisions, the legislation reaffirms the authority of local governments to establish reasonable regulations intended to mitigate adverse impacts associated with the development and operation of data centers.

Many Florida governments are actively reevaluating zoning and infrastructure policies right now as the industry and technology is outpacing our outdated code classifications. It should also be noted that Sarasota County has recently been approached by a company expressing interest in property along Cattleman Road for a Data Center (not hyperscale), but no specifics were provided at this time.

A full staff report on data centers (**Attachment 2**) highlights systems and resource implications, policy considerations, and development standards considerations along with actions being taken by other Florida local governments.

STRATEGIC PLAN ALIGNMENT:

Goal: Safe Place to Live

Objective: Maintain a safe community – reality and perception

NEXT STEPS:

Staff will take the appropriate next steps based upon the Board's direction.

STAFF RECOMMENDATIONS:

Although no action is required by the Board at this time, the Board may provide policy direction regarding future considerations of large load customer data centers. For example, some communities in Florida as outlined in the staff report have established a temporary moratorium on the acceptance, review, or approval of related development applications. Such action would allow the Board, staff, and affected County departments additional time to evaluate the potential impacts associated with these facilities, address and implement provisions contained within Senate Bill 484, and consider appropriate amendments to the County's Comprehensive Plan, Unified Development Code, and development standards to ensure compatibility with surrounding land uses and provide adequate protections for the community.

2026484er

An act relating to data centers; creating s. 163.326, F.S.; providing legislative findings; specifying that local governments maintain authority to exercise power and responsibility over comprehensive planning and land development regulations relating to large load customers; prohibiting a large load customer from being considered an electric substation; amending s. 288.075, F.S.; defining the term "data center"; providing an exception to a provision allowing an extension of certain confidentiality protections; creating s. 366.043, F.S.; providing legislative findings; defining terms; requiring public utilities to provide certain minimum tariff and service requirements for large load customers; requiring that such requirements ensure that large load customers bear their costs of service and that such costs are not shifted to the general body of ratepayers; requiring certain measures to minimize the risk of nonpayment of such costs; requiring that such minimum tariff and service requirements include certain provisions designed to prevent a public utility from providing electric service to a large load customer that is a foreign entity; prohibiting a customer from separating a certain electrical load into multiple smaller connections for a specified purpose; authorizing the Florida Public Service Commission to approve public utility tariffs that include certain utility industry-accepted ratemaking and other

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

2026484er

financial tools; prohibiting any tariff, contractual provision, service requirement, or other public utility policy from preventing or hindering the curtailment or interruption of electric service to a large load customer for certain purposes; prohibiting a public utility from knowingly providing electric service to a large load customer that is a foreign entity; requiring each public utility to file a tariff in compliance with the provisions of the bill by a specified date; amending s. 373.203, F.S.; defining terms; creating s. 373.262, F.S.; providing legislative intent; prohibiting the governing board of a water management district or the Department of Environmental Protection from issuing a permit for the consumptive use of water to a large-scale data center under certain circumstances; requiring that such permit be issued to a large-scale data center applicant if the applicant establishes that the proposed use of water satisfies certain requirements; requiring the governing board or the department to require the use of reclaimed water for a large-scale data center applicant's allocation when certain requirements are met; specifying requirements for certain permit applications; prohibiting the approval of permit applications without a hearing; amending s. 373.239, F.S.; requiring that consumptive use permit modifications proposed by a large-scale data center be treated in a specified manner; requiring the Office of Program Policy Analysis and Government Accountability

to contract for a study relating to the construction and operation of large-scale data centers; providing requirements for the study; requiring the study to be submitted to the Governor, the President of the Senate, and the Speaker of the House by a specified date; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Effective upon becoming a law, section 163.326, Florida Statutes, is created to read:

163.326 Large load customer considerations.—

(1) The Legislature finds that certain land uses, including facilities with substantial electric or other utility demands, such as data centers and other large load customers as defined in s. 366.043(2), may present unique planning, infrastructure, and compatibility considerations. The Legislature intends that such considerations shall be addressed through local comprehensive planning and land development regulations adopted pursuant to this chapter, including provisions related to infrastructure capacity, land use compatibility, environmental impacts, and the efficient provision of public facilities and services.

(2) Local governments shall maintain the authority to exercise the powers and responsibilities for comprehensive planning and land development regulation granted by law with respect to large load customers. A large load customer may not be considered an electric substation for the purposes of s. 163.3208.

2026484er

Section 2. Paragraphs (a), (b), and (c) of subsection (1) of section 288.075, Florida Statutes, are redesignated as paragraphs (b), (c), and (d), respectively, paragraph (a) of subsection (2) is amended, and a new paragraph (a) is added to subsection (1) of that section, to read:

288.075 Confidentiality of records.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Data center" has the same meaning as in s. 373.203.

(2) PLANS, INTENTIONS, AND INTERESTS.—

(a)1. If a private corporation, partnership, or person requests in writing before an economic incentive agreement is signed that an economic development agency maintain the confidentiality of information concerning plans, intentions, or interests of such private corporation, partnership, or person to locate, relocate, or expand any of its business activities in this state, the information is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution for 12 months after the date an economic development agency receives a request for confidentiality or until the information is otherwise disclosed, whichever occurs first.

2. An economic development agency may extend the period of confidentiality specified in subparagraph 1. for up to an additional 12 months upon written request from the private corporation, partnership, or person who originally requested confidentiality under this section and upon a finding by the economic development agency that such private corporation, partnership, or person is still actively considering locating, relocating, or expanding its business activities in this state. Such a request for an extension in the period of confidentiality

must be received prior to the expiration of any confidentiality originally provided under subparagraph 1. This subparagraph does not apply to information described in subparagraph 1. relating to data centers.

If a final project order for a signed economic development agreement is issued, then the information will remain confidential and exempt for 180 days after the final project order is issued, until a date specified in the final project order, or until the information is otherwise disclosed, whichever occurs first. However, such period of confidentiality may not extend beyond the period of confidentiality established in subparagraph 1. or subparagraph 2.

Section 3. Section 366.043, Florida Statutes, is created to read:

366.043 Large load tariffs for public electric utilities.—

(1) The Legislature finds that the provision of safe and reliable electric services, provided at fair, just, and reasonable rates, is essential to the welfare of the ratepayers of this state. The Legislature further finds that when one class of electric service customer requires uniquely large electrical loads at a single location, it imposes a disproportionate risk on the other ratepayers of this state and makes it necessary for the commission to develop and enforce rate structures and other policies for such customers which ensure such risk is mitigated as much as possible and prevent shifting the costs of serving large load customers to the general body of ratepayers.

(2) As used in this section, the term:

(a) "Controlled by" means having the power to direct or

cause the direction of the management or policies of a company, whether through ownership of securities, by contract, or otherwise. A person or an entity that directly or indirectly has the right to vote 25 percent or more of the voting interests of the company or that is entitled to 25 percent or more of its profits is presumed to control the entity.

(b) "Foreign country of concern" has the same meaning as in s. 692.201.

(c) "Foreign entity" means an entity that is:

1. Owned or controlled by the government of a foreign country of concern; or

2. A partnership, an association, a corporation, an organization, or other combination of persons organized under the laws of or having its principal place of business in a foreign country of concern, or a subsidiary of such entity.

(d) "Large load customer" means a customer with an anticipated monthly peak load of 50 megawatts or more, calculated as the highest average load over a 15-minute interval at a single location. The term does not include a load aggregated across multiple locations owned by the same customer. However, the term includes all customers or other entities that have entered into a colocation or similar agreement at a single location that otherwise meets the anticipated monthly peak load provided in this paragraph.

(e) "Public utility" has the same meaning as in s. 366.02, except that the term does not include a gas utility.

(3) The following minimum tariff and service requirements for large load customers are required in public utility tariffs:

(a) The minimum tariff and service requirements must

reasonably ensure that each large load customer bears its own full cost of service and that such cost is not shifted to the general body of ratepayers. Such cost of service includes, but is not limited to, connection, incremental transmission, incremental generation, and other infrastructure costs; operations and maintenance expenses; and any other costs required to serve a large load customer. The risk of nonpayment of such costs may not be borne by the general body of ratepayers.

(b) The minimum tariff and service requirements must include provisions reasonably designed to prevent a public utility from providing electric service to a customer that would otherwise qualify as a large load customer if that customer is a foreign entity.

(4) A customer may not separate an electrical load at a single location into multiple smaller connections to avoid being classified as a large load customer.

(5) To effectuate the requirements of subsection (3), the commission may approve public utility tariffs that include utility industry-accepted ratemaking and other financial tools, including, but not limited to, the following:

(a) Contributions in aid of construction or other required customer infrastructure investments that may be returned, in whole or in part, to such customers over time.

(b) Demand charges, including minimum demand charges.

(c) Incremental generation charges.

(d) Financial guarantees.

(e) Minimum load factors.

(f) Take-or-pay provisions or similar provisions requiring

payment for contracted capacity, regardless of a large load customer's actual electricity use or demand.

(g) Minimum period of service contract requirements, including early termination fees or other fees for violation of such contracts.

(6) Any tariff, contractual provision, service requirement, or other public utility policy relating to large load customers may not prevent or otherwise hinder the curtailment or interruption of electric service to a large load customer where such curtailment or interruption is intended to ensure grid stability, reduce the likelihood or breadth of wider service outages, or ensure public safety during an emergency or other exceptional circumstance.

(7) A public utility may not knowingly provide electric service to a customer that would otherwise qualify as a large load customer if that customer is a foreign entity.

(8) No later than October 1, 2026, each public utility shall file, for commission approval, a tariff that complies with this section.

Section 4. Effective upon becoming a law, subsections (3) and (4) of section 373.203, Florida Statutes, are redesignated as subsections (5) and (6), respectively, and new subsections (3) and (4) are added to that section, to read:

373.203 Definitions.—

(3) "Data center" means a facility that primarily contains electronic equipment used to process, store, and transmit digital information, which may be:

(a) A free-standing structure; or

(b) A facility within a larger structure which uses

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

environmental control equipment to maintain the proper conditions for the operation of electronic equipment.

(4) "Large-scale data center" means a single location, with a data center on site, that has an anticipated monthly peak load of 50 megawatts or more, calculated as the highest average load over a 15-minute interval. The term does not include a load aggregated across multiple locations owned by the same customer. However, the term includes all customers or other entities that have entered into a colocation or similar agreement at a single location that otherwise meets the anticipated monthly peak load provided in this subsection.

Section 5. Section 373.262, Florida Statutes, is created to read:

373.262 Large-scale data center permitting.—

(1) It is the intent of the Legislature that the development and operation of large-scale data centers in this state be managed under a permitting framework that ensures this state's water resources are used in the public interest, in a manner that is not harmful to the water resources of this state, and consistent with local government zoning regulations and comprehensive plans.

(2) Consistent with other provisions of this part, the governing board of a water management district or the department may not issue a permit to a large-scale data center applicant for an allocation of water if the proposed use of the water is harmful to the water resources of the area or is prohibited by the applicable local government zoning regulations and comprehensive plan. A permit shall be issued to a large-scale data center applicant for an allocation of water if the

applicant establishes that the proposed use of water:

(a) Is a reasonable-beneficial use as defined in s. 373.019;

(b) Will not interfere with any presently existing legal use of water; and

(c) Is consistent with the public interest.

(3) The governing board or the department shall require the use of reclaimed water in lieu of all or a portion of a proposed use of surface water or groundwater by a large-scale data center applicant when:

(a) A suitable reclaimed water supply source is available and permitted;

(b) Reclaimed water distribution or supply lines are available at the property boundary in sufficient capacity and quality to serve the applicant's needs;

(c) The applicant is capable of accessing the reclaimed water source through distribution or supply lines;

(d) Use of reclaimed water is environmentally, economically, and technically feasible; and

(e) Use of reclaimed water would not conflict with the requirements contained in the applicant's surface water discharge permit, if applicable.

(4)(a) In addition to the requirements of s. 373.229, all permit applications made under this part requesting an allocation of at least an average daily flow of 100,000 gallons of water per day by a large-scale data center must contain:

1. All sources and amounts of water and losses of water used for cooling, industrial and treatment processes, personal or sanitary needs of employees, and landscape irrigation; and

2. A water conservation plan that, at a minimum, incorporates recycling cooling water before discharge or disposal, implementation of a leak detection and repair program, use of water efficient fixtures, and implementation of an employee awareness and education program concerning water conservation.

(b) Notwithstanding s. 373.229(4), the governing board or the department may not approve a permit application made under this part by a large-scale data center without a hearing.

Section 6. Subsection (2) of section 373.239, Florida Statutes, is amended to read:

373.239 Modification and renewal of permit terms.—

(2) If the proposed modification involves water use of 100,000 gallons or more per day or is proposed by a large-scale data center as defined in s. 373.203, the application shall be treated under the provisions of s. 373.229 in the same manner as the initial permit application. Otherwise, the governing board or the department may at its discretion approve the proposed modification without a hearing, provided the permittee establishes that:

(a) A change in conditions has resulted in the water allowed under the permit becoming inadequate for the permittee's need, or

(b) The proposed modification would result in a more efficient utilization of water than is possible under the existing permit.

Section 7. The Office of Program Policy Analysis and Government Accountability (OPPAGA) shall contract for an independent, interdisciplinary study of policy considerations

related to the construction and operation of large-scale data centers, including, but not limited to, state, regional, or local economic development and tax revenue impacts; use of land, water, and other natural resources; energy use and related cost and rate impacts; and public health and safety related impacts. OPPAGA may contract with one or more nonpartisan academic or nonprofit research organizations with policy and scientific expertise in relevant fields of study. The study must identify any issues unique to the construction and operation of large-scale data centers in this state. The study must also include recommendations on facility siting and mitigation measures that should be considered to reduce any potential negative impacts. OPPAGA shall submit the study to the Governor, the President of the Senate, and the Speaker of the House of Representatives by July 1, 2027.

Section 8. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon becoming a law, this act shall take effect July 1, 2026.

ATTACHMENT 2

Staff Report on Data Centers

Data Center Overview

The rapid emergence of "large-scale data center" users across the United States is being driven by an unprecedented surge in digital infrastructure demand, especially from artificial intelligence (AI), cloud computing, streaming, cybersecurity, and advanced computing systems.

Utilities providers, urban planners, and local governments are now confronting a new development/land use category that can consume extraordinary amounts of electricity, water, land, and telecommunications infrastructure as compared to a traditional "data center" which is much different than what would be deemed a "large-scale data center."

Among these, AI-oriented data centers are currently the dominant driver of new large electrical load requests. AI systems consume dramatically more energy than traditional internet services and as their adoption expands globally, infrastructure demand is accelerating rapidly. The number of large-scale data center facilities worldwide has doubled in the past five years, with 54% within the United States.

A large-scale data center is a highly specialized physical facility full of servers, networking equipment, storage systems, cooling systems, and power infrastructure. A "large load customer" is one that would consume extraordinary amounts of electricity and water. For perspective, some proposed data center campuses now request 100 to 500 megawatts of capacity. In some cases, even over 1 gigawatt of capacity, which can approach the electricity demand of a major metro area. For this reason, utilities nationwide are reassessing their generation capacity, transmission systems, grid reliability, and long-term integrated resource plans.

Across the country, concerns have surfaced regarding the large-scale data centers impact to the cost of infrastructure and water resources, particularly in sensitive areas such as Arizona, Nevada, Texas and Florida. *(Northern Virginia has become one of the largest data center concentrations in the world).* In addition to the question of resources, residents are asking the applicants to address what the community receives in exchange for these impacts. Are infrastructure upgrades publicly subsidized? Do residents bear utility or environmental burdens? Is there meaningful local employment generated by data centers?

In Florida, several local governments have taken actions at the local level to address data centers, including temporary moratoriums to provide sufficient time to research and evaluate impacts, as outlined in this report.

The Broader Policy Debate

Large-scale data centers can bring substantial tax base and infrastructure investment to a community, but they also create unique land use, utility, and long-term planning challenges that differ significantly from traditional office or industrial development, which is discussed further in this report.

Supporters of these facilities will claim that data centers expand the local tax base, support technological innovation, improve digital infrastructure, create construction jobs, and ultimately strengthen AI competitiveness in the region or host jurisdiction. There are significant arguments to the counter, with

the most significant finding is these facilities consume disproportionate land and resource consumption (strain utilities), the jobs created are temporary construction jobs but limited long-term employment, industrialize large land areas, and increase environmental pressures.

Much of the research into these facilities is centric to resource consumption i.e. strain on utilities. The following expands this discussion further.

Infrastructure Demand

Electricity

As noted earlier, one of the major issues with the large-scale facilities is the requirement of hundreds of megawatts of power, dedicated substations, high-voltage transmission upgrades, and extensive backup generation systems. Some of the critical evaluation criteria being considered by jurisdictions start with grid reliability, who pays for upgrades, what are the impacts on electric rates, resilience during storms or emergencies, and finally compatibility with long-term utility planning. Again, as mentioned above, the megawatt needs can be similar to that of a small to major city. In fact, according to S&P Global U.S. data center power demand reached approximately 64 GW in 2025, nearly tripling since 2020. For context, 64 GW is comparable to the electricity demand of multiple major metropolitan regions combined. Some forecasts now project AI-related data center demand alone could reach 123 GW by 2035. Recent utility mega-mergers are now explicitly being linked to AI/data center growth.

This is why utilities nationwide are:

- upgrading transmission systems,
- building new substations,
- reconsidering generation plans,
- merging utilities,
- accelerating gas, solar, battery, and nuclear investments.

When the grid cannot satisfy the facility's needs, the data centers are increasing developing their own power sources, whether from renewable energy sources like nuclear or fossil fuel-based power plants, such as natural gas turbines with back up diesel generators. These create what is described as a constant humming sound in addition to the generator noise.

Water Demand

Data centers require power for both computing operations and cooling systems, as computers generate significant heat and must be cooled to function efficiently. Cooling can account for over 40% of electricity consumption. Common cooling technologies can require water, which is used in two main ways: evaporative cooling and non-evaporative cooling. Depending on cooling technology, data centers may consume enormous quantities of water. A medium-sized data center may use around 110 million gallons per year, while a large AI-focused center can consume up to 5 million gallons per day, the equivalent to the water needs of a town of 10,000 to 50,000 people. In Florida especially, water supply and aquifer sustainability can become a significant issue. Southwest Florida relies heavily on the Floridan Aquifer and the Surficial Aquifer System with oversight by Southwest Florida Water Management District (SWFWMD) on the following:

- consumptive use permitting,

- minimum flows and levels (MFLs),
- aquifer drawdown concerns,
- wetland impacts,
- reclaimed water expansion,
- saltwater intrusion risks near the coast.

Aquifer impacts would likely be one of the central public policy and technical review issues for a large-scale data center, particularly depending on the cooling technology used and the scale of the facility. Southwest Florida already faces ongoing concerns involving growth demands and seasonal drought conditions. A large-scale data center can intensify those concerns because some facilities consume millions of gallons of water per day for cooling operations. Considerations should include saltwater intrusion, potable water demand, reclaimed water opportunities, aquifer impacts and drought resiliency.

Because of these considerations, many Florida jurisdictions now strongly encourage or require reclaimed water use, non-potable cooling systems, or alternative water supplies.

Sarasota County Public Utilities indicates that from a utility planning perspective, large-scale data centers present unique infrastructure considerations due to their concentrated demand for water, wastewater, reclaimed water, and supporting utility services. Any proposal should be evaluated to ensure that utility system impacts are fully understood, that growth-related infrastructure improvements are funded by the applicant, and that service commitments do not adversely affect existing customers or long-term utility planning objectives. Where feasible, reclaimed water should be utilized to reduce potable water demands and support regional water conservation goals. Consideration should also be given to system resiliency and the long-term allocation of finite utility resources.

Telecommunications Infrastructure

Large-scale facilities require extensive fiber connectivity, redundant communication networks, utility corridors, easements and rights-of-way. This can drive additional infrastructure expansion into undeveloped areas.

Florida Opportunities, Challenges, and SB 484

As traditional hubs like Virginia and Texas become more constrained, developers are expanding aggressively into Georgia, Ohio, Arizona, and Florida.

Florida is becoming attractive to large-scale data centers/large load customers due to strong population growth, major fiber routes, favorable tax climate, large utility systems, economic development incentives, and a growing technology demand. Conversely, there are also challenges as we approach Hurricane Season, plus flood exposure, water supply constraints, environmental sensitivity, and finally the grid resiliency concerns. This is why Florida communities along with the legislature are beginning to evaluate whether existing zoning and infrastructure policies are equipped for large-scale development. In fact, during the 2026 legislative session, Senate Bill 484 was signed into law by the Governor addressing some of the afore mentioned impacts and will become effective July 1, 2026, with provides the following:

- Clarifies that local governments retain authority over comprehensive planning and land development regulations for large load customers, preventing them from being treated as electric substations.

- Defines “data center” and creates an exception to current confidentiality extensions for data center-related economic development information.
- Defines “Large-scale data” center as a single location with a data center on site with an anticipated monthly peak load of 50 megawatts or more, not aggregated across multiple locations by the same owner. However, the term includes all customers or entities that have entered into a colocations or similar agreement at a single location.
- Requires public utilities providing electricity to create tariffs ensuring large load customers cover their own costs, prohibits service to foreign entities, and bars customers from splitting one load into multiple smaller connections.
- Establishes new water-permitting standards for large-scale data centers, for water management districts and FDEP, including requirements to use reclaimed water when feasible and undergo a hearing for high-volume water applications or modifications.
- Mandates an independent study on the construction and operation of large-scale data centers, examining economic impacts, resource use, and public health considerations.

Additional language found within SB 484 states that large-scale/large-load customer data center considerations shall be addressed through local comprehensive planning and land development regulations including provisions related to infrastructure capacity, land use compatibility, environmental impacts, and the efficient provision of public facilities and services. While SB 484 reaffirms the authority of local governments to establish reasonable regulations intended to mitigate adverse impacts of this relatively new use that is sweeping the country very quickly, it does not prohibit data centers outright.

**It should also be noted that Sarasota County has recently been approached by a company expressing interest in property along Cattleman Road for a Data Center, but no specifics were provided at this time.

Local Governments Response

The large-load data center industry is moving at an extraordinary pace, arguably one of the fastest infrastructure expansions in modern U.S. history because of AI and cloud computing demand.

As an industry moving faster than Zoning codes, communities nationwide are currently either working through the permitting of these facilities and how it does or does not fit within their land use/zoning codes many are the older 1970s classifications that in no way contemplated the scale of this use as technology is changing at a rapid pace. In fact, the trend is moving away from treating these as ordinary office buildings and towards recognizing them as a distinct high-intensity infrastructure land use category with some of the following considerations based upon experience of the aftereffects including but not limited to:

- adopting data center definitions,
- creating special zoning districts,
- imposing moratoria,
- regulating generator fields,
- requiring noise studies,
- requiring utility coordination,
- evaluating water use,
- establishing sustainability standards.

Land Use Compatibility

Many zoning codes struggle with the Industrial vs Office character and classification because data centers:

- look like warehouses,
- operate like utilities,
- generate limited daily traffic,
- employ relatively few people,
- but may be zoned as “office” or “technology” uses.

Operational characteristics often include:

- large blank facades,
- perimeter security fencing,
- minimal street activity,
- 24/7 operations,
- rooftop mechanical equipment,
- noise from substations, generators, cooling systems, chillers, rooftop equipment

Saline Township, Michigan

That policy conversation is now unfolding nationwide because the scale, utility demand, and land consumption are unlike traditional commercial development.

Land Consumption and Natural Resource Implications

It should be noted that on average, these large-scale data centers have enormous variation, but modern campuses are becoming massive. Individual large-scale data buildings commonly range from 100,000 to 1,000,000+ square feet. Some of the largest campuses exceed several million square feet over

multiple buildings. For example, Google's early large-scale campus in Oregon reportedly reached about 1.3 million square feet.

In terms of land mass, smaller sites range from 20 to 50 acres, where mid-size campus range from 100 to 300 acres, and AI campuses can range from 500 to over 1000 acres.

The size of these large-scale data centers clearly can have significant issues with possible negative land consumption and natural resource implications.

Emissions and Discharges

Resource needs such as electricity and water, large-scale data centers also generate emissions. The industry is rapidly investing in mitigation technologies related to diesel generator emissions, greenhouse gas, wastewater discharge, cooling and heat production. If the facilities are powered by fossil fuels, they may contribute to air pollution. While some operators have committed to renewable energy and carbon neutrality, many lack the capital to pursue similar strategies. Most facilities have extensive emergency backup generator systems that are either diesel, natural gas or a hybrid. These generators can emit large amounts of nitrogen oxides and other air pollutants.

Ideal characteristics specific to reductions in emissions would include carbon net-zero power, LEED Gold Certified Building, water usage effectiveness metrics, wastewater mitigation, and emission mitigations, in-rack/in row cooling, waste heat reuse systems, Tier IV emission standards.

Sarasota County Land Use and Zoning Implications

Below the County has conducted a preliminary analysis as to how data centers might be viewed under the Unified Land Development Code and Sarasota County's Comprehensive Plan. When approaching the topic of large-scale data centers, the County should consider whether the use aligns with Sarasota County's Comprehensive Plan, opportunity cost of land consumption, and compatibility with future growth visions as, once built, the facility effectively locks in utility infrastructure, transmission corridors, and land use patterns for decades.

Focusing specifically on Sarasota County Future Land Use, FLU Goal 2 -

> *Maintain distinct land use categories that promote health, safety and welfare and minimize negative impacts posed by hazards, nuisances, incompatibility, and environmental degradation.*
>
> **FLU Objective 2.7** provides to "maintain governing regulations for Civic and Government land uses." FLU Policy 2.7.1 provides for the "Development of institutional, government, transportation, recreational, cultural, communication and utility facilities shall generally be limited to the Urban Service Area, as designated on the Future Land Use Map. The scale of such facilities should be related to surrounding land uses and designed to preserve the character of residential neighborhoods, when so located. Community facility uses are encouraged to locate along collector or arterial roadways, when possible."
>
> **FLU Objective 2.6** provides to "Maintain governing regulations for Major Employment Center land uses." FLU Policy 2.6.1 states that "Industrial and office uses may be located within Major Employment Centers designated areas on the Future Land Use Map." FLU Policy 2.6.3 provides

> that "the development of planned office parks including high technology research and development centers shall be encouraged within Major Employment Center areas adjacent to I-75 and its major crossroads as designated on the Future Land Use Map."

Within the Unified Development Code (UDC) Zoning regulations, although Sarasota County does not have a *Data Center* use specifically listed, there is a "data processing" use noted as a subset of "Office" as a permitted use within the following Zoning Districts:

- *CG- COMMERCIAL, GENERAL*
- *OPI- OFFICE PROFESSIONAL INSTITUTIONAL*
- *IR- INDUSTRIAL, RESEARCH*
- *ILW- INDUSTRIAL, LIGHT MANUFACTURING AND WAREHOUSING*
- *BP- BUSINESS PARK*

> ***All offices, including*** *government and non-government offices, urgent care facilities, emergency medical offices, counseling in an office setting, TV and radio studios, advertising office, bank (with or without drive-through), business management consulting,* ***data processing****, financial business such as lender, investment or brokerage house, collection agency, real estate or insurance agent, professional service such as lawyer, accountant, bookkeeper, engineer, architect, sales office, travel agency (NAICS* ***518****, 52, 5312, 54 [except 54194], 55, 561).*

When interpretating uses, UDC Section 124-71(f) states:

> *Specific uses may be further defined by their* ***North American Industrial Classification System (NAICS)*** *codes, and in* ***Article 17****, Definitions of the UDC. Any use not specifically set forth is expressly prohibited, unless the Administrator determines in accordance with Article 5, Section 124-45 Written Interpretation, that the use is similar to a listed permitted use. Where such* ***similar*** *permitted use is subject to limited use standards or special exception approval, the proposed use shall also be subject to such standards or approval.*

While the UDC does not contain a codified term in Article 17 for data center or data processing, it is addressed in the NAICS codes. The NAICS code for a data center is **518210**. See the definition form NAICS below:

> *The primary NAICS code for data centers, including hosting, colocation, and cloud infrastructure, is* ***518210*** ***(Data Processing, Hosting, and Related Services)****. This code covers providers of computing infrastructure, web hosting, and cloud storage services.*

The current UDC language is based upon the same terms under "all offices" created and utilized in the 2003 Zoning Regulations (adopted via Ordinance No. 2003-052)

The critical issue is the reference to **NAICS 518**. Under the NAICS system, Sector 518 includes "Computing Infrastructure Providers, Data Processing, Web Hosting, and Related Services," which is the category commonly associated with many modern data center operations.

Although the structure of the permitted principal structures allowed within the noted districts specific to the 'all offices' section strongly suggests the list is intended to describe **office-type uses**:

- government offices,

- advertising offices,
- professional offices,
- counseling in an office setting,
- banks,
- consulting,
- sales offices,
- insurance agents,
- architects, etc.

Under standard zoning interpretation principles, the County would apply the consistency of uses, meaning ambiguous uses are interpreted consistent with the character of the surrounding listed uses.

Under that doctrine, “data processing” might reasonably be interpreted as:

- administrative data processing,
- office-scale IT operations,
- business support services,

—not a 500,000-square-foot or greater large-scale server campus with substations and backup turbines.

Further analysis would need to be conducted by the County’s Planning and Development Services staff to determine whether Data Centers would constitute an allowable use under the County’s Unified Development Code. Additionally, any such analysis would be largely dependent on the nature and scope of any proposed Data Center project. This analysis would compare traditional office uses to large scale data centers as defined in SB 484.

Regulatory Approaches

Rather than treating these facilities as generic office or warehouse uses, communities are increasingly discussing regulations of large-scale data centers as a unique land use category because of their intensity and infrastructure demands and creating specific development regulations. Florida is beginning to see local governments respond to large-scale data center proposals with moratoria, ordinance amendments, and zoning reevaluations.

Recent Florida examples include:

- Citrus County, whose county commission voted in May 2026 to impose a moratorium on discussions and movement of data center proposals while staff studies impacts and regulatory options. Public concerns reportedly focused on environmental effects, infrastructure demand, and community compatibility.
- Palm Beach County delayed action on a controversial proposed large-scale AI data center project known as “Project Tango” after significant public opposition related to water consumption, noise, and environmental concerns.
- Nassau County has voted to impose a one-year moratorium in June 2026 for the acceptance, review, and approval of applications for data center facilities, in order to provide the BCC and staff with sufficient time to research and evaluate impacts with data center development. In addition, the creation of a staff committee of technical experts to hold public meetings and workshops to gather key findings, public testimony, and potential policy options for consideration. At the conclusion of the public meetings and independent research, the committee

will provide a report to the BCC summarizing the findings and potential policy options for consideration.

- Pasco County held first reading on June 16, 2026, of an Ordinance to advance a one-year moratorium on new applications for data centers while the county provides an analysis on the impacts of large-scale data centers on resources and lands and provides updates to zoning and utility regulations. Second reading will be July 14, 2026.
- Hernando County Commissioners at their June 2, 2026, meeting, advanced a temporary one-year moratorium on accepting and processing of new data center development applications while staff and attorneys draft permanent zoning and regulatory projections regarding power and water usage.

Jurisdictions are realizing that older zoning language like "office," "technology," data processing," or "business services" was written long before modern large-scale AI campuses existed which is fact the case here in Sarasota County.

Loudoun County Virgina "Data Center Alley"

On Thursday May 23, 2026, staff attended a virtual workshop on Data Centers from Ashburn Supervisor Mike Turner, regarding Loudoun County, VA experiences with data center growth, energy constraints, and important takeaways. Their journey to becoming "data center alley" began with a determination by the Zoning Administrator in 2000 deeming data centers use similar to that of office buildings. In the early 2000s, the County revised both the Comprehensive Plan and Zoning Ordinance to add data centers as a by-right-use and then began to recruit the use from an Economic Development initiative standpoint and added sound, setbacks, and other mitigating code provisions. In March 2025, their Board voted to end "by right" data centers. The growth was exponential with constant data center constructure taking place over a 15-year period with approximately 200 facilities in a 30-mile radius totaling 47 million square feet.

That growth also came with exponential power demand. From 2019-2024, saw a 176% increase in power demand from 1.5 Gw to 4.14 Gw and are predicting the same progression in the next 5 years with 11.43 Gw by 2029. There is an outlier in that AI increase of data rack power consumption would actually move the Gw to over 30 by 2029.

The demand itself is outpacing transmission line reinforcement, and upgrades to sufficiently to address capacity nor the ability to construct the transmission lines in the time needed. Other power options such as solar and wind are not viable power options for this level of demand. They indication only three possible scenarios to lower or stabilize demand.

1. Artificially constrain demand (i.e. delay applications, imposing performance standards)
2. Technological breakthrough (i.e. new chips that use less energy to process)
3. Onsite power through microgrids (i.e. large industrial plants with diesel back up-natural gas)

Louden County shared local best practices based on their experience, such as but not limited to: Update Comprehensive Plans, list performance standards and ensure Zoning aligns with the Plan, never allow "by right" data centers and require local jurisdictional approval, require Teir IV backup generators, and conduct a pre and post noise studies.

One item that was noted on several occasions was a Community Benefit Agreement which is related in Florida to a Developers Agreement, which could be explored further. The particulars may include developer funded or partially funded infrastructure improvements such as but not limited to roadway

improvements, utility upgrades, water/reclaimed water infrastructure, stormwater systems, broadband expansion, and substations or grid resiliency improvements. Environmental commitments may include renewable energy commitments, emissions reduction goals, landscaping and buffering, noise mitigation, sustainability reporting, and water conservation targets.

Policy Considerations

Although a water consumption permit would be issued through the Water Management District and the Florida Department of Environmental Protection, local governments maintain the authority to exercise the powers and responsibilities through Comprehensive Plan and Land Use regulations. Therefore, policy guidance would be needed in order to move forward with addressing Data Centers, whether as a newly created specific use within the Comprehensive Plan and the UDC or aligned within an existing district.

The Board may consider the following policy considerations:

1. A temporary moratorium for the acceptance, review, or approval of data centers;
2. Creating a separate land use category within the Comprehensive Plan for a "large-scale/large-load customer data center" and add a definition to the Definitions chapter to memorialize and further define what it is;
3. Requiring Special Exception approvals with updated criteria;
4. Omit or limit them to certain industrial districts or to a new land use/zoning category;
5. A UDC text amendment to add the States definition in 124-305 for large scale data center as shown below:

   Data Center – means a facility that primarily contains electronic equipment used to process, store, and transmit digital information, which may be:
   (a) A free-standing structure; or
   (b) A facility within a larger structure which uses environmental control equipment to maintain the proper conditions for the operation of electronic equipment.

   Large-Scale data center- means a single location, with a data center on site, that has an anticipated monthly peak load of 50 megawatts or more, calculated as the highest average load aggregated across multiple locations owned by the same customer. However, the term includes all customers or other entities that have entered into a colocation or similar agreement at a single location that otherwise meets the anticipated monthly peak load provided in this subsection.

6. Update the definition under the general term "all offices" to remove the reference of "data processing" to remove any confusion;
7. If permitted through Special Exception allowance, add a new section in Article 8-Supplemental Development regulations for the large-scale data centers, adding **compatibility** development standards and/or qualifiers including:
   1. separation requirements from residential
   2. minimum setbacks
   3. façade articulation,
   4. landscaping,
   5. buffering,
   6. architectural standards,

7. screening of equipment,
8. nighttime limits,
9. noise regulations and generator testing schedules,
10. acoustical buffering.

8. If permitted through Special Exception allowance, outside of permitting requirements from other state and regional agencies, add enhanced development standards and/or qualifiers specific to **resource** impacts including:
    1. utility and water impact standards
    2. maximum megawatt thresholds,
    3. generator limitations,
    4. water use reporting,
    5. sustainability metrics,
    6. transmission corridor impacts,
9. Demonstration that utility capacity and any required utility infrastructure improvements are funded by the applicant and do not adversely impact existing utility customers

AI and the Next Generation of Data Centers

June 25, 2026

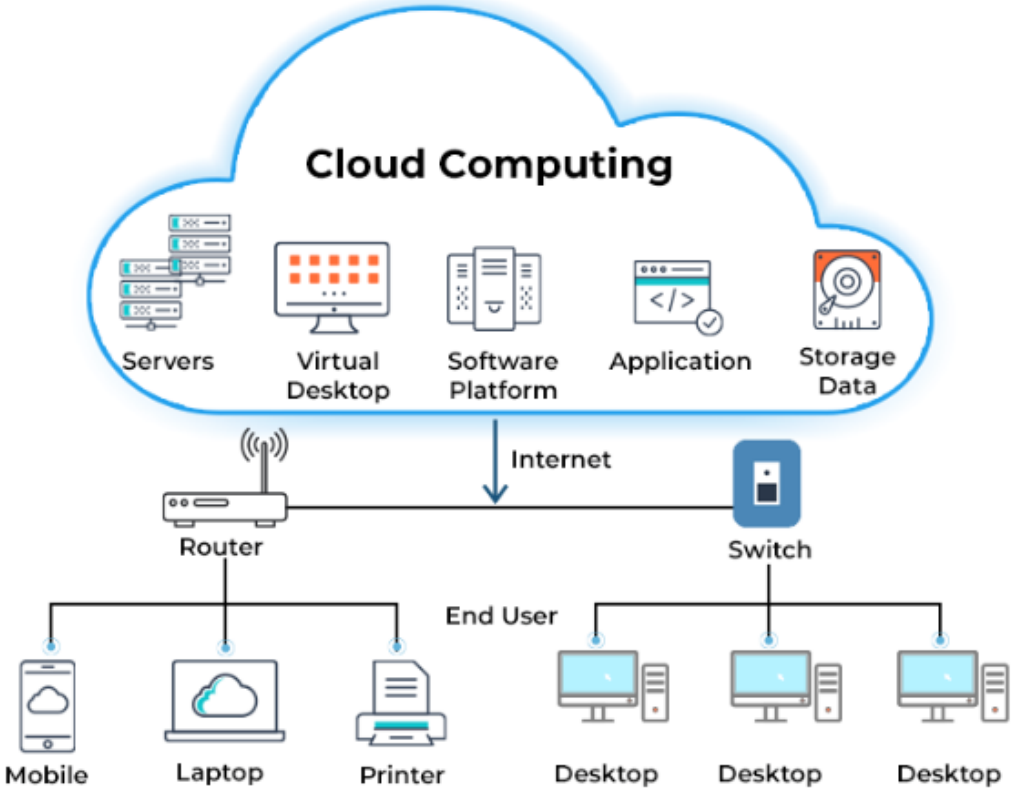
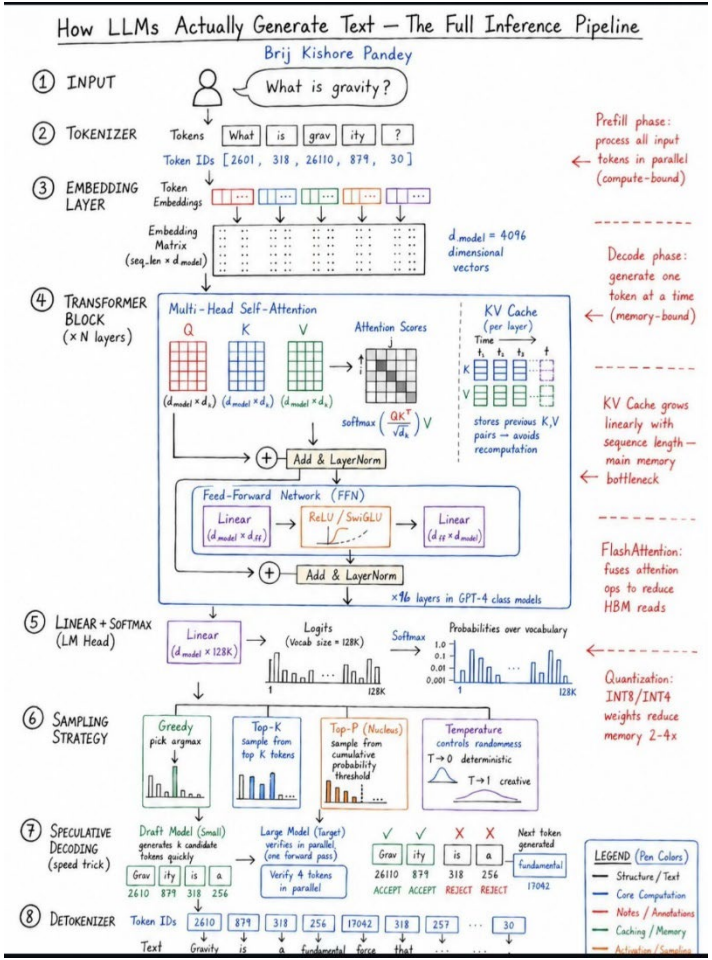
Agenda

- I. What is a “data center”?
- II. Land Use / Zoning
- III. Recent Legislation



Part 1: What is a “data center”?



What is a “data center”?

What is a “data center”?

What is a “data center”?

What is a “data center”?

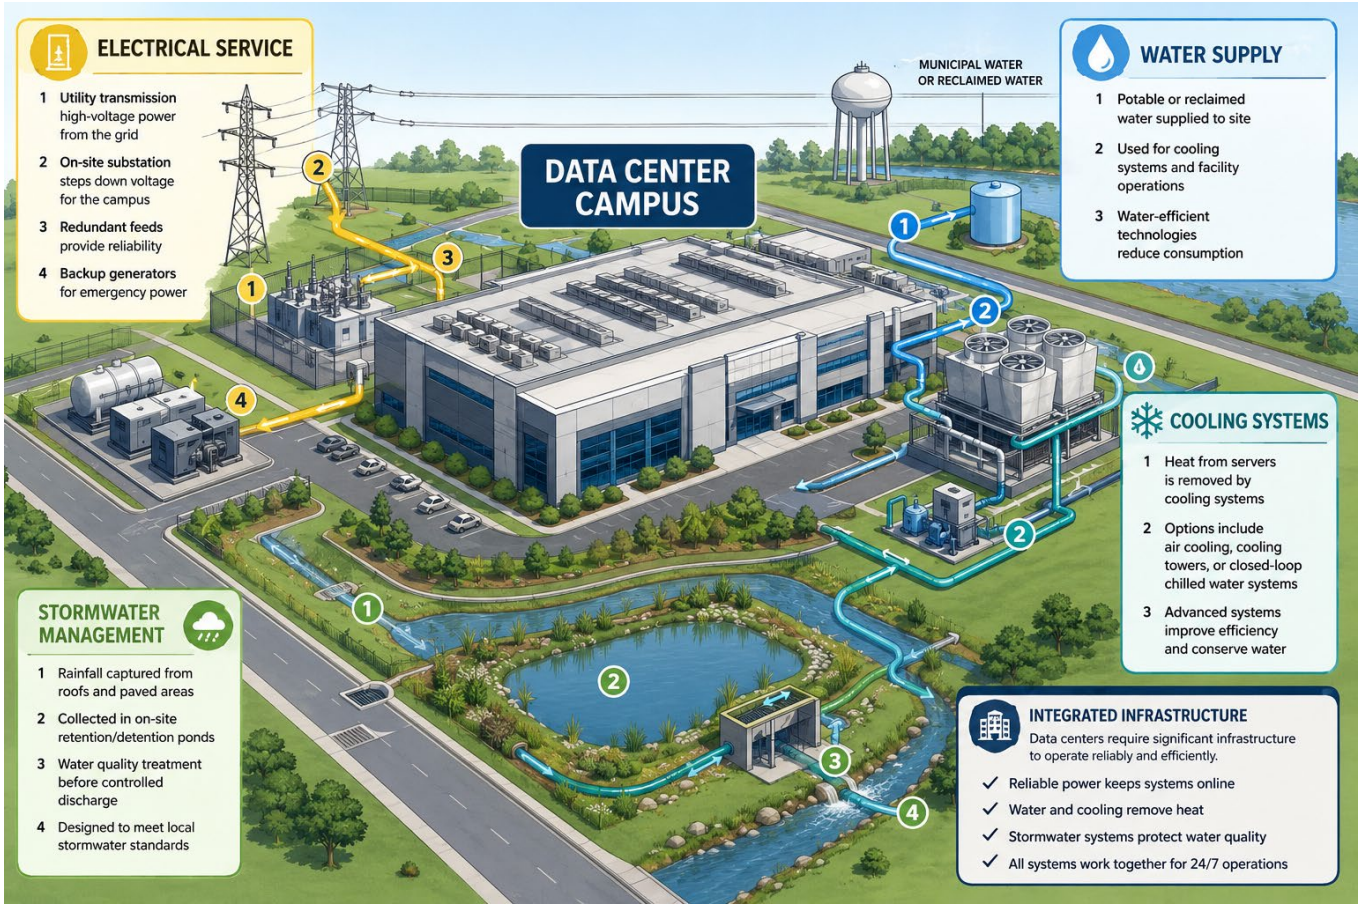
Kansas City, we are online!

What is a “data center”?

What is a “data center”?

What is a “data center”?

Part 2: Land Use / Zoning



Land Use / Zoning Considerations: Objective and Measurable

- Building (or project) scale
- Employment intensity
- Utility demand
- Outdoor equipment
- Noise generation
- Traffic patterns
- Hours of operation

Land Use / Zoning Considerations: Site Selection

- High-capacity electrical transmission
- Fiber optic infrastructure
- Transportation access
- Residential / pedestrian areas
- Acreage for setbacks and utility improvements

Land Use / Zoning Considerations: Energy & Utilities

GRAYROBINSON

Land Use / Zoning Considerations: Water

Is reclaimed water service available, and can it meet the project's anticipated demand?

Will the project increase demand on potable water supplies?

Are deep well injection facilities proposed or required, and what permits and oversight apply?

How will wastewater, stormwater, and cooling-related discharges be managed?

Has the applicant coordinated with the applicable utility providers and environmental regulators regarding long-term capacity and sustainability?

Land Use / Zoning Considerations: Energy & Utilities

DATA CENTER TYPES AND COMMUNITY IMPACT

Comparing Scale, Resource Use & Land Requirements

	EDGE DATA CENTER	ENTERPRISE / CORPORATE	COLOCATION	CLOUD / REGIONAL	HYPERSCALE
					
Size (SQ FT)	1,000 – 10,000	10,000 – 50,000	50,000 – 200,000	100,000-500,000	500,000+
Power Demand	100 kW – 5 MW	5 – 10 MW	10 – 50 MW	50 – 100 MW	100 – 300 MW
Water Demand	Low	Low	Medium	Significant	Significant
Land Requirement	0.1 – 1 acre	1 – 5 acres	5 – 40 acres	40 – 100 acres	100+ acres

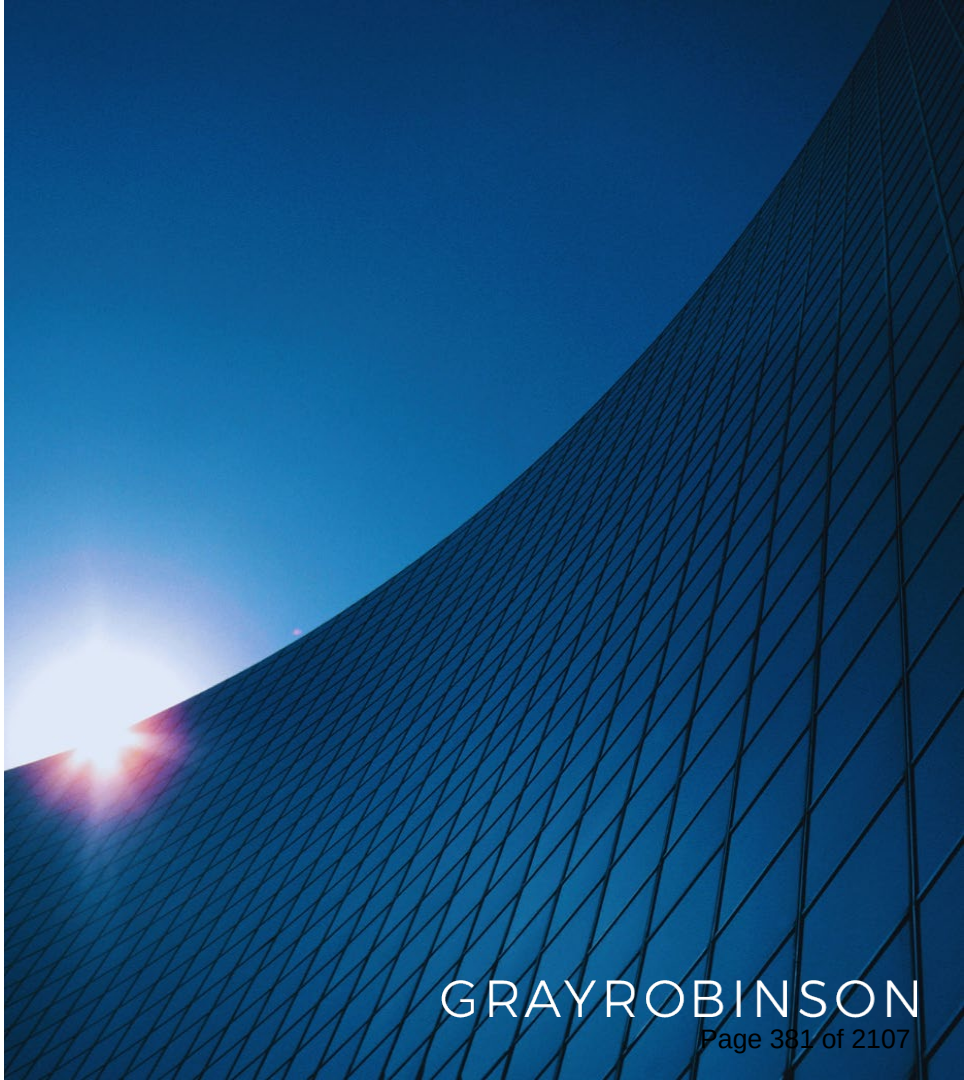
Land Use / Zoning Considerations: Compatibility

Part 3: Recent Legislation



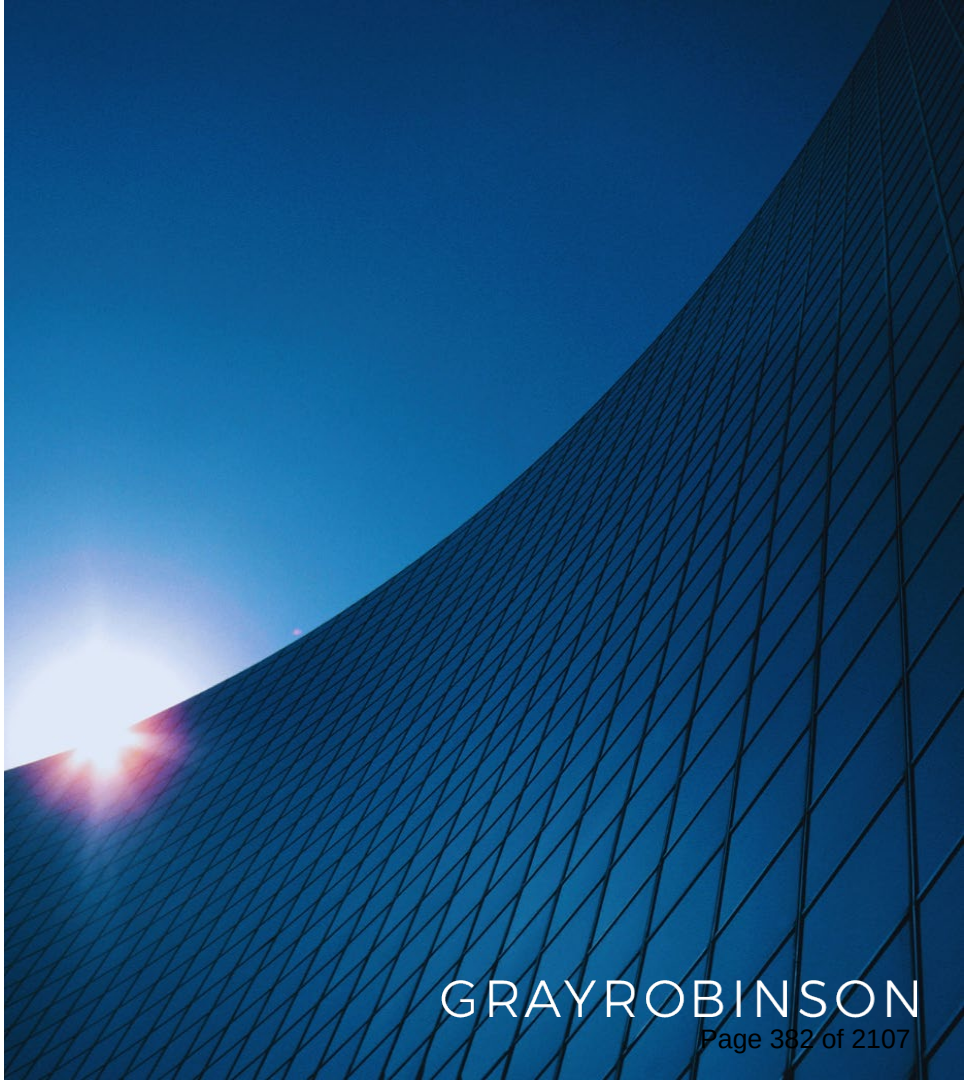
Part 3: Recent Legislation

SB 484, 2026-65 Laws of Florida

1. Preserves local authority for comprehensive planning and land development regulations for both **data centers** and **large load** customers

→ "**Data center**" = any facility that primarily contains electronic equipment used to process, store, and transmit digital information

→ "**Large load**" = 50 MW



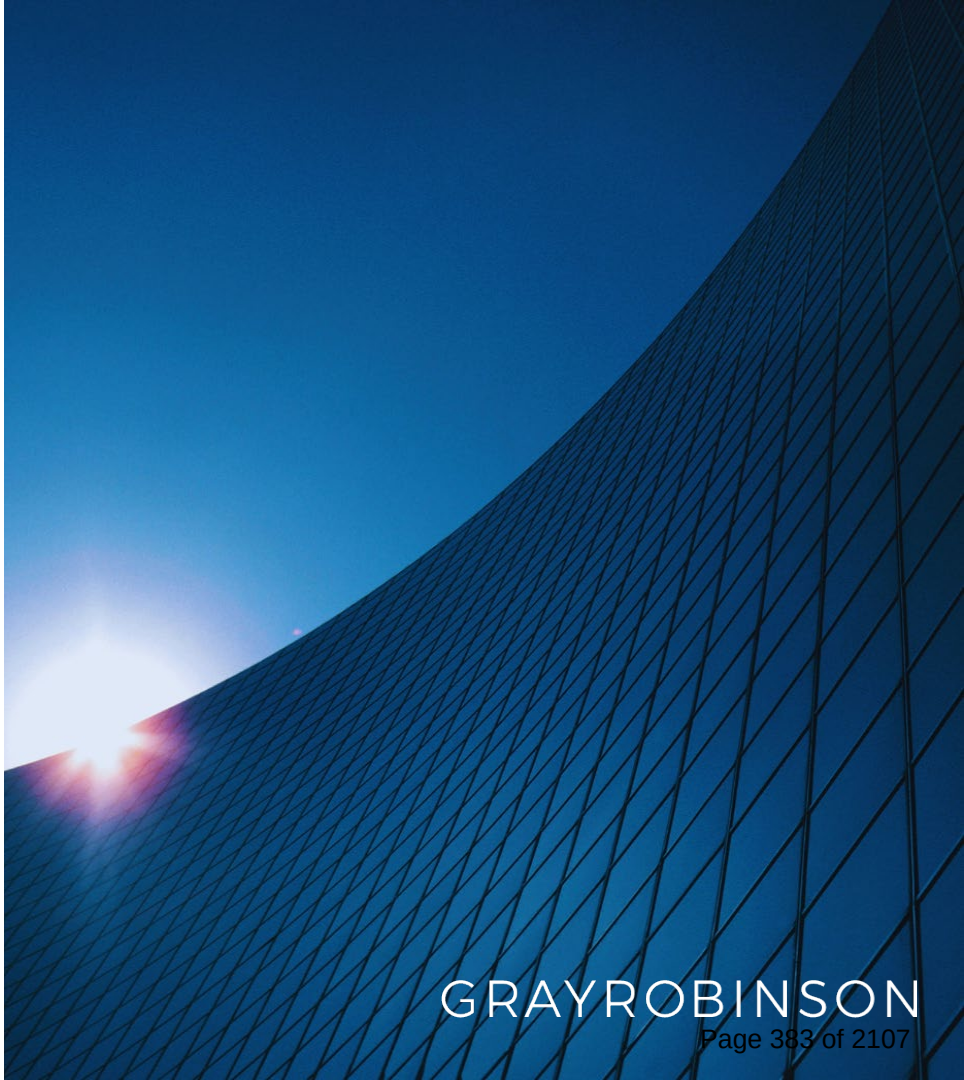
Recent Legislation

SB 484, 2026-65 Laws of Florida

2. **Requires** local governments address the following:

- Planning
- Infrastructure capacity
- Land use compatibility
- Environmental impacts
- Public facilities and services

Recent Legislation



SB 484, 2026-65 Laws of Florida

3. Excludes “data centers” from economic development public records exemption

4. Public Electric Utility Tariffs

5. Water Resource Considerations

6. OPPAGA Study by July 1, 2027

Recent Legislation

SB180, 2025-190 Laws of Florida

1 year after hurricane landfall *(knocks on wood)*

- Moratorium on construction, reconstruction or redevelopment of any property
- More restrictive or burdensome development comprehensive plan amendment, regulations, or procedures

October 1, 2027

- Moratorium on construction, reconstruction or redevelopment of any property **damaged by Hurricanes Debby, Helene, or Milton**
- More restrictive or burdensome development comprehensive plan amendment, regulations, or procedures

Recent Legislation: Impact on Moratoria

- Include findings supporting that a moratorium itself is not a more burdensome or restrictive development regulation or procedure
- Exclude properties damaged by Hurricanes Debby, Helene, and/or Milton
- Reasonable length

Florida Counties By the Numbers

8 : Existing data centers

8 : Applications

8 : Speculated

8 : Current regulations prohibiting

9 : Current regulations allowing

19 : Moratoria

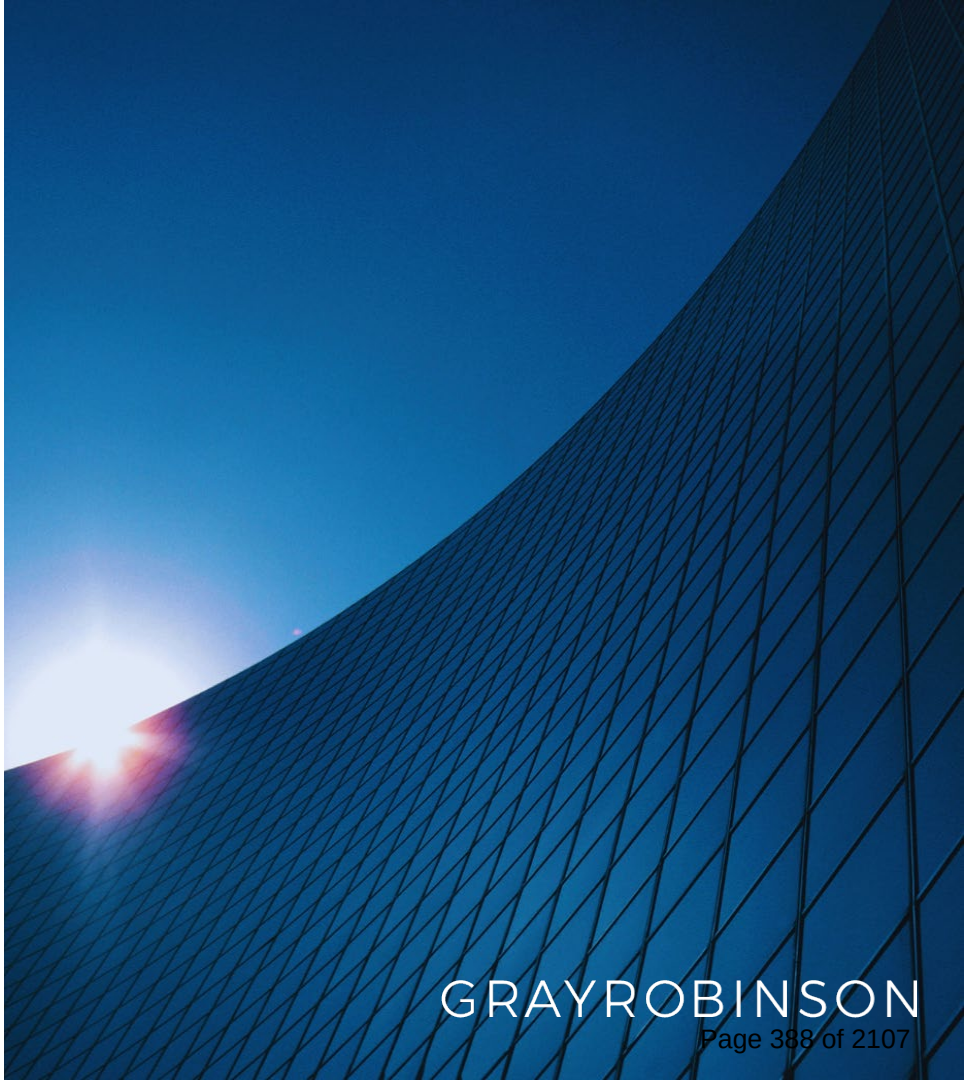
67 Subject to SB484 / SB180

Questions for the 60%:

Is the use consistent with the comprehensive plan?

Is it permitted within the applicable zoning district?

Are compatibility impacts adequately addressed?



Are conditions supported by objective evidence?

Have infrastructure and utility needs been evaluated?

Is the administrative record sufficient to support the decision?

"We need to rethink our strategy of hoping A.I. will just go away."

ORDINANCE NUMBER 2026-044

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF NASSAU COUNTY, FLORIDA; IMPOSING A TEMPORARY MORATORIUM ON THE ACCEPTANCE, REVIEW, OR APPROVAL OF APPLICATIONS FOR DEVELOPMENT PERMITS, DEVELOPMENT ORDERS, REZONING, OR SITE PLANS RELATED TO DATA CENTERS, DATA PROCESSING FACILITIES, DATA MINING OR CRYPTOCURRENCY MINING OPERATIONS (REFERENCED HEREIN COLLECTIVELY AS DATA CENTER FACILITIES) WITHIN UNINCORPORATED NASSAU COUNTY, FLORIDA; ADOPTING FINDINGS; PROVIDING FOR THE STUDY AND DEVELOPMENT OF APPROPRIATE LAND USE REGULATIONS ADDRESSING SUCH DATA CENTER USES; PROVIDING FOR CONFLICTING PROVISIONS; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners (Board) has the authority pursuant to Chapter 125, Florida Statutes, and Article VIII of the Florida Constitution to protect the public health, safety and general welfare of its residents and to enact ordinance for valid governmental purposes that are no inconsistent with general or special law; and

WHEREAS, on April 13, 2026, the Board directed the County Attorney to prepare an ordinance instituting a temporary moratorium on the acceptance, review, or approval of applications for data center facilities; and

WHEREAS, Nassau County is located within a coastal region, an area that relies heavily upon groundwater resources from the Floridan Aquifer system, which has historically been subject to significant management and conservation efforts due to saltwater intrusion risks and long-term sustainability concerns; and

WHEREAS, state and regional planning efforts emphasize the importance of careful management of groundwater withdrawals and coastal water resources to ensure long-term environmental and economic stability for coastal communities; and

WHEREAS, data center facilities are known to require substantial water resources for cooling systems and substantial electrical power to support continuous computing operations, which in some cases require infrastructure demands comparable to small municipalities; and

Additions = red underline
Deletions = ~~red strikethrough~~
Relocated = green double underline

NASSAU COUNTY FLORIDA
IN GOD WE TRUST
A CERTIFIED TRUE COPY
Mitch L. Keiter
EX-OFFICIO, Clerk of the Board of County Comm.
Nassau County, Florida
By: Deatne DO

WHEREAS, such facilities have the potential to place significant demands on regional groundwater supplies, water treatment infrastructure, and electrical grid capacity, particularly in rapidly growing areas; and

WHEREAS, the Board finds that Nassau County currently lacks specific zoning provisions or development regulations addressing the unique operational characteristics, infrastructure requirements, and environmental considerations associated with data center facilities; and

WHEREAS, the Board further finds that allowing such facilities to proceed without appropriate regulatory standards could create risks to the County's water resources, electrical infrastructure capacity, land use planning objectives, and long-term community development strategy; and

WHEREAS, Nassau County's proximity to sensitive coastal ecosystems, wetlands, estuarine systems, and maritime forests further underscores the importance of ensuring that new forms of industrial-scale development are evaluated carefully and responsibly; and

WHEREAS, local governments may enact moratoriums if the moratorium is intended to preserve the status quo and is rationally related to the government's attempt to enact changes to development regulations. (*WCI Communities Inc. v. City of Coral Springs*, 885 So. 2d 912 (Fla. 4th DCA 2004)); and

WHEREAS, Florida courts have held that permissible basis for land use restrictions include concern about the effect of the proposed development on traffic, congestion, surrounding property values, demands for public services, and on other aspects of the general welfare (*WCI Communities Inc. v. City of Coral Springs*, 885 So.2d 912 (Fla. 4th DCA 2004; *see also Corn v. City of Lauderdale Lakes*, 997 F.2d 1369, 1375 (11th Cir. 1993)); and

WHEREAS, local governments are entitled to enact moratoriums as a land-use tool to promote effective planning and preserve the status quo during this change (*Tahoe-Sierra Pres. Council, Inc. v. Tahoe Reg'l Planning Agency*, 535 U.S. 302, 337, 122 S.Ct. 1465, L.Ed.2d 517 (2002) (holding temporary moratoria are used widely among land use planners to preserve the status quo while formulating a more permanent development strategy); and

Additions = red underline
Deletions = ~~red strikethrough~~
Relocated = green double underline

WHEREAS, the County is actively engaged in the process of review, study, and planning public workshops and hearings to prepare and adopt amendments to its Comprehensive Plan, Land Development Regulations, and Code of Ordinances as may be necessary to address the demands of data center facilities; and

WHEREAS, a temporary moratorium on the acceptance, review, or approval of applications for development permits, development orders, rezoning, or site plans related to data center facilities within unincorporated Nassau County will allow time to review, study, hold public hearing, and prepare and adopt an amendment or amendments to the County Comprehensive Plan, Land Development Regulations, or Code of Ordinances, as may be required, to address such uses; and

WHEREAS, the Board wishes to establish a temporary moratorium of up to one (1) year on the acceptance, review, or approval of applications for development permits, development orders, rezoning, or site plans related to data center facilities within unincorporated areas and such moratorium is reasonable and necessary to accomplish the goal of revising its regulations to ensure the community welfare is well-balanced and the public health, safety and general welfare are preserved; and

WHEREAS, public notice of all hearings required by law has been provided in accordance with Chapters 125 and 163, Florida Statutes and the Nassau County Land Development Code; and

WHEREAS, the Board of County Commissioners finds this ordinance imposing a one (1) year temporary moratorium on the acceptance, review, or approval of applications for data center facilities serves the health, safety, and welfare of the residents of and visitors to Nassau County, Florida.

NOW THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Nassau County. Florida as follows:

SECTION 1. FINDINGS OF FACT.

The foregoing recitals are hereby adopted as legislative findings of the Board of County Commissioners and are ratified and confirmed as being true and correct and are hereby made a specific part of this Ordinance upon adoption thereof.

Additions = red underline
Deletions = ~~red strikethrough~~
Relocated = green double underline

SECTION 2. PURPOSE.

The purpose of this Ordinance is to allow Nassau County sufficient time to review, study, hold public hearings, and prepare and adopt an amendment or amendments to the Nassau County Comprehensive Plan, Land Development Code and/or Code of Ordinances, relating to Data Center Facilities.

SECTION 3. TEMPORARY MORATORIUM ESTABLISHED.

A temporary moratorium is hereby established on the acceptance, review, processing, or approval of any:

- rezoning applications
- conditional use permits
- development permits
- site plan approvals
- building permits
- or other development approvals

for the construction, expansion, or operation of Data Center Facilities within the unincorporated areas of Nassau County.

SECTION 3. DEFINITION.

For the purposes of this moratorium, Data Center Facilities is a building, a dedicated space within a building, or group of buildings housing computer systems and associated components, such as telecommunication and data processing systems, to be used for remote storage, processing, or distribution of large amounts of data. Examples of such data, include but are not limited to, computationally intensive applications such as cryptocurrency mining, artificial intelligence (A.I.) computing, weather modeling, genome sequencing, application hosting, cloud storage, video and technical streaming services, etc. Such facilities may include air handlers, power generators, water cooling and storage facilities, utility substations, and other infrastructure to support operations.

Additions = red underline
Deletions = ~~red strikethrough~~
Relocated = green double underline

SECTION 4. STUDY AND EVALUATION.

During the moratorium period, Nassau County staff shall conduct a comprehensive review of the potential impacts associated with data center facilities, including but not limited to:

1. Groundwater withdrawal impacts, particularly as they relate to the Floridan Aquifer and coastal aquifer management policies.

2. Water supply and wastewater treatment capacity, including potential impacts on municipal and regional water systems.

3. Electrical grid capacity and infrastructure requirements, including consultation with regional electric utilities regarding potential long-term demand impacts.

4. Land use compatibility, including appropriate zoning classifications and development standards for such facilities.

5. Environmental considerations, including impacts on wetlands, coastal ecosystems, noise, lighting, and surrounding land uses.

6. Best practices adopted by other jurisdictions in Florida and throughout the United States for the regulation of data center development.

SECTION 5. DEVELOPMENT OF REGULATORY FRAMEWORK.

Following the completion of and during the review process, County staff shall present best practices, hold public workshops, and make final recommendations to the Board of Commissioners regarding the adoption of appropriate zoning regulations, permitting requirements, infrastructure standards, and environmental safeguards governing data center facilities within Nassau County.

SECTION 6. DURATION.

This temporary moratorium shall remain in effect for a period of twelve (12) months from and including the effective date of this Ordinance or until the effective date of an ordinance(s) amending the Nassau County Comprehensive Plan, Land Development Regulations and/or the Code of Ordinances relating to Data Center Facilities, whichever first occurs.

SECTION 7. CONFLICTING PROVISIONS.

All ordinances, or parts of ordinances, in conflict with the provisions of this ordinance are hereby repealed to the extent of such conflict.

Additions = red underline
Deletions = ~~red strikethrough~~
Relocated = green double underline

SECTION 8. SEVERABILITY.

It is the intent of the Board of County Commissioners of Nassau County, Florida, and is hereby provided, that if any section, subsection, sentence, clause, phrase, or provision of this Ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, such invalidity or unconstitutionality shall not be so construed as to render invalid or unconstitutional the remaining provisions of this Ordinance.

SECTION 9. EFFECTIVE DATE.

This Ordinance shall take effect upon filing with the Secretary of State as provided in Florida Statutes, Section 125.66.

ADOPTED THIS 8th DAY OF June, 2026 BY THE BOARD OF COUNTY COMMISSIONERS OF NASSAU COUNTY, FLORIDA.

DRAFT DOCUMENT: F:\1 COUNTY ATTORNEY'S OFFICE\JAJ\Ordinances\Data Center Regulation\2026-6-4 Proposed Ordinance Imposing Temporary Moratorium for Data Centers - Draft 5.wpd, June 4, 2026 (10:26am) NOTE: additions/~~deletions~~ = language proposed for addition/deletion to existing Code provisions.

ORDINANCE NO.: 2026-15

AN ORDINANCE AMENDING HERNANDO COUNTY CODE TO IMPOSE A MORATORIUM ON THE PROCESSING OF APPLICATIONS FOR DEVELOPMENT ORDERS AND DEVELOPMENT PERMITS FOR DATA CENTERS FOR A PERIOD OF 365 DAYS, UNLESS EXTENDED OR TERMINATED; ENACTING A TEMPORARY MORATORIUM ON DATA CENTERS; PROVIDING FOR SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE; PROVIDING FOR THE REPEAL OF CONFLICTING PROVISIONS; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Hernando County (the "County"), as provided in Fla. Const. Article VIII, Section 1(f), and Fla. Stat. Chapters 125, 162, 163, 177 and 380, possesses police power, land development and zoning authority, and the governmental and proprietary powers necessary to conduct county government and perform county functions, and the County may exercise any power for county purposes, except as expressly prohibited by law; and,

WHEREAS, Fla. Stat. § 163.3174 requires the Board, in its capacity as the County's local planning agency, to monitor and oversee the effectiveness and status of the County's adopted comprehensive plan and recommend to the governing body such changes in the comprehensive plan as may from time to time be required; and,

WHEREAS, Fla. Stat. §§ 163.3201, 163.3202, 163.3211 and 163.3213 empower and require the Board of County Commissioners of Hernando County, Florida (the "Board"), to enact comprehensive plans and then adopt land development regulations that implement said plans; and,

WHEREAS, Hernando County has enacted land development regulations in the interest of the health, safety and welfare of its citizens, visitors and business residents; and,

WHEREAS, Florida is experiencing a sudden increase in development pressure from the construction of new data centers; and,

WHEREAS, data centers are a rapidly growing and evolving land use that typically require substantial electricity and water usage for cooling and related operations, often generate a significant amount of noise, and can take up a very large amount of land; and,

WHEREAS, because this development pressure was unanticipated, existing ordinances and development standards do not adequately address the unique infrastructure demands, impacts to neighboring property owners, and operational characteristics of newer data centers; and,

WHEREAS, the potential cumulative impacts of data centers on the County's water and wastewater systems, groundwater resources, wastewater infrastructure, and electrical grid are not yet fully understood; and,

WHEREAS, the Board finds that allowing the establishment or expansion of data centers without the presence of use-specific regulations could pose risks to water availability, wastewater system performance, electrical grid resilience, quality of life, and the long-term interests of the community; and,

WHEREAS, the County is not an "impacted local government" as that term is defined by Fla. Stat. § 25.422; and,

WHEREAS, a temporary moratorium on the processing of applications for development orders for data centers will provide the County with the necessary time to study these issues, consult with experts, evaluate infrastructure capacity, consider appropriate regulations, and develop standards to mitigate potential adverse impacts; and,

WHEREAS, the Florida Legislature has enacted a new law, Chapter 2026-65, Laws of Florida, that, effective July 1, 2026, will provide for the local and regional regulation of data centers through the zoning and comprehensive planning processes; and,

WHEREAS, the imposition of a 365-day, temporary moratorium, with certain exemptions, on the acceptance, processing and/or consideration of any petition, application or request for development order, of any type, including but not limited to a zoning change or comprehensive plan amendment, related to data centers will allow the necessary time to research, review, study and prepare the appropriate regulations for the County; and,

WHEREAS, after conducting the requisite public hearings, the Board finds that such a temporary moratorium is consistent with Hernando County's Comprehensive Plan, serves a legitimate public purpose, is reasonable in time and is in the best interest of the health, safety and welfare of the citizens, visitors and business residents of Hernando County.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF HERNANDO COUNTY:

Section 1. Incorporation of Recitals. The above-delineated recitals are incorporated into this ordinance as the Board of County Commissioners' findings of fact as if they were fully set forth herein.

Section 2. Enacting a Temporary Moratorium on Data Centers. A new Hernando County Code, Appendix A, Article V, § 11, to be entitled "Temporary Moratorium on Data Centers," is hereby enacted to read as follows:

Temporary Moratorium on Data Centers.

A. Purpose. The purpose of this Ordinance is to enable Hernando County to have sufficient time to review, study, hold public hearings, and prepare and adopt an amendment or amendments to the Hernando County Comprehensive Plan and/or Code of Ordinances, relating to permitting new data centers, if any, and any related land use standards. During this up to 12 month time period, Hernando County will not accept or process applications for preliminary development plans of data centers, or issue preliminary development plan approvals for data centers that have the effect of permitting development of parcels as data centers, except as provided in this ordinance. This temporary moratorium does not have the effect of prohibiting the issuance of building or construction permits for any developments that received final development plan approval for a data center before or during the duration of this temporary moratorium.

B. Definitions:

1. "Common Law Vested Rights" shall have the same meaning as is provided for the phrase in Hernando County Code § 23-240(a), as it may be amended.

2. "Data Center" shall have the same meaning as is provided for the phrase in Section 4 of Chapter 2026-65, Laws of Florida, (to be codified on July 1, 2026, as Fla. Stat. § 373.203(3)), as it may be amended. For the purposes of this section, the definition of "data center" shall encompass a "large-scale data center," as that term is defined in Section 4 of Chapter 2026-65, Laws of Florida, (to be codified on July 1, 2026, as Fla. Stat. § 373.203(4)), as it may be amended.

3. "Statutory Vested Rights" shall have the same meaning as is provided for the phrase in Hernando County Code § 23-240(a), as it may be amended.

C. Declaration of Moratorium. As of the effective date of this ordinance there shall be a moratorium in the unincorporated area of Hernando County on the issuance of development orders or permits for data centers, including but not limited to, the approval or issuance of any comprehensive plan text or future land use map amendment, rezoning, plat or re-plat, conditional use approval, variance, building permit, or other development order/permit that allows for the initiation, construction, expansion, or modification of existing or new data centers.

D. Claims of Exemption from the Moratorium. Any person or entity that is aggrieved by a determination by the administrative official that an application for a

development order or permit is subject to this moratorium may appeal the administrative official's determination as set forth below:

1. If the petitioner claims to have either common law vested rights or statutory vested rights which cannot be affected by revisions to the comprehensive plan or any subsequent rezoning, the petitioner may appeal the administrative official's determination by following the processes set forth in Hernando County Code § 23-240(a), as it may be amended; or,

2. If the petitioner claims another legal basis for which they should be deemed exempt from the moratorium, the petitioner may appeal the administrative official's determination by following processes set forth in Hernando County Code, Appendix A, Article V, § 3(F), as it may be amended.

E. Duration of Moratorium. This moratorium shall be in effect for three hundred and sixty-five (365) days following the effective date of this ordinance, or until the Board of County Commissioners adopts the legislation called for in Subpart I below, whichever is earlier. This temporary moratorium may also be extended one time for a period not to exceed one hundred twenty (120) additional days, so long as the necessary public hearings are conducted and findings made that the issues giving rise to the need for the temporary moratorium established herein continue to exist and that reasonable progress is being made in the carrying out of a specific and prompt plan for corrective legislative action.

F. Prospective Application Only. In order to protect the due process and other constitutional rights of applicants and the general public, any petitions or applications received prior to the effective date of this ordinance shall continue to be processed pursuant to the County's normal procedures.

G. Existing Businesses. This temporary moratorium shall not affect any development lawfully constructed within the unincorporated area of the County, as of the effective date of this ordinance, pursuant to valid permits and approvals if the existing development is in compliance will all applicable County, State and Federal laws, codes, ordinances, rules, regulations and policies.

H. Alleviation of Hardship

(1) The governing body may grant an exception from the temporary moratorium imposed by this ordinance when it finds, based upon substantial competent evidence presented to it in a quasi-judicial hearing, that deferral of action on an application for any of the covered development orders and permits would impose an extraordinary hardship on a landowner or developer.

(2) A landowner or a developer, with the written consent of the landowner, shall file a request for an exception based upon extraordinary hardship with the administrative official or designee, along with a fee of $500.00 to cover processing and advertising costs. The application shall be on a form provided by the Hernando County Department of Development Services and shall, at a minimum,

include a recitation of the specific facts that are alleged to support the claim of extraordinary hardship and shall contain such other information as the administrative official shall prescribe as necessary for the governing body to be fully informed with respect to the application.

(3) The administrative official or designee shall provide the public with notice of the quasi-judicial hearing in which the governing body will consider an application for an exception in the manner provided for appeals and variances in Hernando County Code Appendix A, Article V, § 3(H), as it may be amended; provided, that notice may be provided pursuant to Hernando County Code § 1-12, as it may be amended, in lieu of a newspaper advertisement.

(4) Criteria. The governing body shall consider only the following criteria when considering an application for an exception:

(a) The extent to which the party applying for the exception has, prior to the effective date of this ordinance, received Hernando County permits or approvals for the proposed development.

(b) The extent to which the party applying for the exception has, prior to the effective date of this ordinance, made a substantial expenditure of money or resources in reliance upon permits or other approvals of Hernando County that are directly associated with physical improvements on the land, such as grading, installation of utility infrastructure, or any other public improvements.

(c) Whether the party applying for the exception has, prior to the effective date of this ordinance, contractual commitments in reliance upon permits or other approvals of Hernando County to complete a structure(s).

(d) Whether the party applying for the exception has, prior to the effective date of this ordinance, in reliance upon permits or other approvals of Hernando County, incurred financial obligations to a lending institution which, despite a thorough review of alternative solutions, the applicant cannot meet unless development proceeds.

(e) Whether the moratorium will expose the party applying for the exception to substantial monetary liability to third persons, or would leave the applicant completely unable, after a thorough review of alternative solutions, to earn a reasonable investment-backed expectation on the property.

I. Direction to Develop Data Centers Ordinance. During the period of this moratorium, the Planning Department, in consultation with the relevant County departments, is directed to draft an ordinance providing comprehensive and appropriate regulations of data centers to protect the public health, safety and general welfare of Hernando County's residents, businesses, visitors, and the general public. It is the intention of the Board of County Commissioners to adopt any legislation pertaining to data centers before the expiration of this moratorium. All affected property and business owners are placed on notice with respect to this pending

legislation regulations and the action being taken by the appropriate County departments.

J. Subjects of Consideration. In preparing a proposed ordinance(s) amending the County's comprehensive plan and/or land development regulations, the Planning Department shall review the possible impacts that these uses may have on the health, safety and general welfare of the residents, businesses, visitors and general public in Hernando County; provided, that any ordinances that are proposed do not contain any provisions that are prohibited by Fla. Stat. § 377.816. The Planning Department and other relevant County Departments shall also consult with other municipalities, experts, stakeholders, and relevant available studies and research pertaining to effective regulation of data centers.

K. Penalties. This moratorium may be enforced by the following methods of enforcement:

1. Revocation or temporary suspension of development permits, development orders and/or certificates of occupancy and/or licenses; or,

2. Enforcement pursuant Hernando County Code, Chapter 2, Article III; or,

3. By an action for injunctive relief, civil penalties or both, through a court of competent jurisdiction; or

4. By any other process permitted by law or equity.

Section 3. Severability. It is declared to be the intent of the Board of County Commissioners that if any section, subsection, clause, sentence, phrase, or provision of this ordinance is for any reason held unconstitutional or invalid, the invalidity thereof shall not affect the validity of the remaining portions of this ordinance.

Section 4. Inclusion in the Code. It is the intention of the Board of County Commissioners of Hernando County, Florida, and it is hereby provided, that the provisions of this Ordinance shall become and be made a part of the Code of Ordinances of Hernando County, Florida. To this end, the sections of this Ordinance may be renumbered or relettered to accomplish such intention, and that the word "ordinance" may be changed to "section," "article," or any other appropriate designation.

Section 5. Conflicting Provisions Repealed. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

Section 6. Effective Date. This ordinance shall take effect immediately upon receipt of official acknowledgment from the office of the Secretary of State of Florida that this ordinance has been filed with said office.

County Attorney's Office

ORDINANCE NO. 2026 – 26

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF CLAY COUNTY, FLORIDA; IMPOSING A TEMPORARY MORATORIUM ON THE ACCEPTANCE, REVIEW, OR APPROVAL OF APPLICATIONS FOR LAND USE AMENDMENTS TO THE CLAY COUNTY 2045 COMPREHENSIVE PLAN, FOR REZONING, FOR CONDITIONAL USES, FOR PERMITS, AND FOR DEVELOPMENT REVIEW OF SITE OR BUILDING PLANS RELATED TO DATA CENTERS, DATA PROCESSING FACILITIES, DATA MINING OR CRYPTOCURRENCY MINING OPERATIONS (REFERENCED HEREIN COLLECTIVELY AS DATA CENTER FACILITIES) WITHIN UNINCORPORATED CLAY COUNTY, FLORIDA; MAKING FINDINGS IN SUPPORT; PROVIDING FOR THE STUDY AND DEVELOPMENT OF APPROPRIATE LAND USE REGULATIONS ADDRESSING SUCH DATA CENTER USES; PROVIDING FOR SEVERABILITY; PROVIDING DIRECTIONS NOT TO CODIFY; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners (Board) has the authority, pursuant to Chapter 125, Florida Statutes, and Article VIII of the Florida Constitution, to protect the public health, safety and general welfare of its residents and to enact ordinances for valid governmental purposes that are not inconsistent with general or special law; and

WHEREAS, on May 12, 2026, the Board requested the preparation of an ordinance instituting a temporary moratorium on the acceptance, review, or approval of applications for data center facilities such that the County's comprehensive plan and land development regulations may be reviewed and updated to account for data center facilities; and

WHEREAS, Chapter 2026-65, Laws of Florida, relating to data centers, created Section 163.326, Florida Statutes, relating to large load customer considerations; and

WHEREAS, Section 163.326, Florida Statutes, recognizes that certain land uses, including facilities with substantial electric or other utility demands, such as data centers and other large load customers, may present unique planning, infrastructure, and compatibility considerations; and

WHEREAS, Section 163.326, Florida Statutes, provides that such considerations are to be addressed through local comprehensive planning and land development regulations adopted pursuant to Chapter 163, Florida Statutes, including provisions related to infrastructure capacity, land use compatibility, environmental impacts, and the efficient provision of public facilities and services; and

WHEREAS, Section 163.326, Florida Statutes, further provides that local governments maintain the authority to exercise the powers and responsibilities for comprehensive planning and land development regulation granted by law with respect to large load customers; and

WHEREAS, data center facilities may require significant and continuous electric demand, water supply, cooling infrastructure, wastewater capacity, stormwater infrastructure,

backup generation, fuel storage, fire protection, emergency response planning, security infrastructure, and related public facilities and services; and

WHEREAS, the Board finds that Clay County currently lacks specific zoning provisions or development regulations addressing the unique operational characteristics, infrastructure requirements, and environmental considerations associated with data center facilities; and

WHEREAS, the Board further finds that allowing such facilities to proceed without appropriate regulatory standards could create risks to the County's water resources, electrical infrastructure capacity, land use planning objectives, and long-term community development strategy; and

WHEREAS, local governments may enact moratoriums if the moratorium is intended to preserve the status quo and is rationally related to the government's attempt to enact changes to development regulations. (*WCI Communities Inc. v. City of Coral Springs*, 885 So. 2d 912 (Fla. 4th DCA 2004)); and

WHEREAS, Florida courts have held that permissible basis for land use restrictions include concern about the effect of the proposed development on traffic, congestion, surrounding property values, demands for public services, and on other aspects of the general welfare (*WCI Communities Inc. v. City of Coral Springs*, 885 So.2d 912 (Fla. 4th DCA 2004; *see also Corn v. City of Lauderdale Lakes*, 997 F.2d 1369, 1375 (11th Cir. 1993)); and

WHEREAS, local governments are entitled to enact moratoriums as a land-use tool to promote effective planning and preserve the status quo during this change (*Tahoe-Sierra Pres. Council, Inc. v. Tahoe Reg'l Planning Agency*, 535 U.S. 302, 337, 122 S.Ct. 1465, L.Ed.2d 517 (2002) (holding temporary moratoria are used widely among land use planners to preserve the status quo while formulating a more permanent development strategy); and

WHEREAS, the County is actively engaged in the process of review, study, and planning to prepare and adopt amendments to its Comprehensive Plan, Land Development Regulations, and Code of Ordinances as may be necessary to address the demands of data center facilities; and

WHEREAS, a temporary moratorium on the acceptance, review, or approval of applications for land use amendments to the Clay County 2045 Comprehensive Plan, for rezoning, for conditional uses, for permits, and for development review of site or building plans related to data center facilities within unincorporated Clay County will allow time to review, study, prepare and adopt an amendment or amendments to the County Comprehensive Plan, Land Development Regulations, or Code of Ordinances, as may be required, to address such uses; and

WHEREAS, the Board wishes to establish a temporary moratorium of up to one (1) year on the acceptance, review, or approval of applications for land use amendments to the Clay County 2045 Comprehensive Plan, for rezoning, for conditional uses, for permits, and for development review of site or building plans related to data center facilities within unincorporated areas and such moratorium is reasonable and necessary to accomplish the goal of revising its regulations to ensure the community welfare is well-balanced and the public health, safety and general welfare are preserved; and

WHEREAS, the Board of County Commissioners finds this ordinance imposing a one (1) year temporary moratorium on the acceptance, review, or approval of applications for data center

facilities serves the health, safety, and welfare of the residents of and visitors to Clay County, Florida.

NOW THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Clay County. Florida as follows:

SECTION 1. FINDINGS. The foregoing "Whereas" clauses are hereby adopted as legislative findings of the Board of County Commissioners and are ratified and incorporated as part of this Ordinance.

SECTION 2. PURPOSE. The purpose of this Ordinance is to allow Clay County sufficient time to review, study, prepare and adopt an amendment or amendments to the Clay County Comprehensive Plan, Land Development Code and/or Code of Ordinances, relating to Data Center Facilities.

SECTION 3. TEMPORARY MORATORIUM ESTABLISHED. A temporary moratorium is hereby established on the acceptance, review, processing, or approval of any applications for:

- land use amendments to the Clay County 2045 Comprehensive Plan
- rezoning
- conditional uses
- permits
- development review of site or building plans

for the construction, expansion, or operation of Data Center Facilities within the unincorporated areas of Clay County.

During the moratorium period, County staff shall not accept, process, review, approve, or issue any such application or approval.

SECTION 4. DEFINITION. For the purposes of this moratorium, Data Center Facilities is a building, a dedicated space within a building, or group of buildings housing computer systems and associated components, such as telecommunication and data processing systems, to be used for remote storage, processing, or distribution of large amounts of data. Examples of such data, include but are not limited to, computationally intensive applications such as cryptocurrency mining, artificial intelligence (A.I.) computing, weather modeling, genome sequencing, application hosting, cloud storage, video and technical streaming services, etc. Such facilities may include air handlers, power generators, water cooling and storage facilities, utility substations, and other infrastructure to support operations.

SECTION 5. STUDY AND EVALUATION. During the moratorium period, Clay County staff shall conduct a comprehensive review of the potential impacts associated with data center facilities, including but not limited to:

1. Groundwater withdrawal impacts, particularly as they relate to the Floridan Aquifer management policies.

2. Water supply and wastewater treatment capacity, including potential impacts on municipal and regional water systems.

3. Electrical grid capacity and infrastructure requirements, including consultation with regional electric utilities regarding potential long-term demand impacts.

4. Land use compatibility, including appropriate zoning classifications and development standards for such facilities.

5. Environmental considerations, including impacts on wetlands, coastal ecosystems, noise, lighting, and surrounding land uses.

6. Best practices adopted by other jurisdictions in Florida and throughout the United States for the regulation of data center development.

SECTION 6. DEVELOPMENT OF REGULATORY FRAMEWORK. Following the completion of and during the review process, County staff shall present recommendations to the Board of Commissioners regarding the adoption of appropriate zoning regulations, permitting requirements, infrastructure standards, and environmental safeguards governing data center facilities within Clay County.

SECTION 7. DURATION. This temporary moratorium shall remain in effect for a period of twelve (12) months from and including the effective date of this Ordinance or until the effective date of an ordinance(s) amending the Clay County Comprehensive Plan, Land Development Regulations and/or the Code of Ordinances relating to Data Center Facilities, whichever first occurs.

SECTION 8. DIRECTIONS NOT TO CODIFY. The Board hereby directs that the provisions of this Ordinance shall not be codified in the Clay County Code, the Clay County 2045 Comprehensive Plan, or the Clay County Land Development Regulations.

SECTION 9. SEVERABILITY. If any section, subsection, sentence, clause, phrase, or provision of this Ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, such invalidity or unconstitutionality shall not be so construed as to render invalid or unconstitutional the remaining provisions of this Ordinance.

SECTION 10. EFFECTIVE DATE. This Ordinance shall become effective as prescribed by Florida general law.

DULY ADOPTED by the Board of County Commissioners of Clay County, Florida, this 23 day of June, 2026.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PDE26-0777 **DATE:** 7/14/2026

SUBJECT: An Ordinance by the Pasco County Board of County Commissioners Establishing a Temporary Moratorium on the Submission and Acceptance of Applications for Building Permits, Site Plans, Development Orders, Development Agreements, Special Exception Uses, Conditional Uses, Rezonings, and Comprehensive Plan Amendments Related to Data Centers, Large-Scale Data Centers and Other Large Load Customers Within Unincorporated Pasco County; Providing for Authority; Legislative Findings of Fact; Temporary Moratorium Imposed; Duration of Temporary Moratorium; Severability; and an Effective Date.

REFERENCES: All Local Planning Agency (LPA) and Board of County Commissioners (BCC) public hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): LPA at DC 6/11/26 – BCC 1st Reading at NPR 6/16/26 – BCC Adoption at DC 7/14/26.

AGENDA SECTION: Public Hearings

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED BOARD ACTION:

Accept public comment. Adopt the proposed Ordinance by roll-call vote. Authorize the Chair to execute the original(s) of the Ordinance provided and direct the Board Records Department to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

The Board of County Commissioners has directed the preparation of this proposed ordinance that will put in place a temporary moratorium on the submission and acceptance of applications for building permits, site plans, development orders, development agreements, special exception uses, conditional uses, rezonings, and comprehensive plan amendments related to data centers, large-scale data centers as defined in Sections 373.203(3) and (4), Florida Statutes, and other large-load customers as defined in Section 366.043(2)(d), Florida Statutes.

Currently, the County is without any regulations governing all aspects of a data center. The Land Development Code currently regulates “data processing” as the term was understood in 1975 when the County’s first Zoning Code, Ord. No. 75-21, was adopted. (see PM-35 attached hereto, explaining the existing LDC provisions compared to contemporary data centers). Due to the potential of an applicant seeking to locate a contemporary data center within the unincorporated area of the County, and given the increasing demand for data center development nationwide, a moratorium serves as an appropriate mechanism to promote effective planning and preserve the status quo while formulating a more permanent development strategy that may be adopted into the Comprehensive Plan and Land Development Code.

During the time of the moratorium, Planning, Development, and Economic Growth (PDE) and other affected County Departments will research land use compatibility of data centers with surrounding uses. Additional concerns include limitations of infrastructure and utility capacity including electricity demand, water consumption,

wastewater treatment capacity, and environmental concerns including, but not limited to noise and light pollution. Furthermore, pursuant to recently adopted Section 163.326, Florida Statutes, the Legislature intends for such considerations to be addressed through local comprehensive planning and land development regulations, including provisions related to infrastructure capacity, land use compatibility, environmental impacts and the efficient provision of public facilities and services. Local governments have retained the authority to exercise the regulation of these uses and may even prohibit them.

The temporary moratorium is applicable to the unincorporated area of Pasco County. Server rooms and computer rooms, typically used to house IT and related network equipment and are incidental/accessory to the principal use on the site that do not exceed 2.5 MW, are not included in the temporary moratorium. After a determination of public necessity, the Board retains the ability to allow an existing development agreement to be amended, or a new one adopted to allow for the construction of a data center that is not a large load customer. Such agreements must impose specific conditions addressing, including, but not limited to, all of the following: location, size, light, glare, height, water use, electrical power consumption, noise, compatibility, and electronic waste.

The proposed ordinance would impose a temporary moratorium of 12 months, which may be lifted prior to 12-month period upon the adoption of new development regulations, or be extended as necessary by the Board through resolution.

LPA Discussion:
The LPA held a public hearing on this item on June 11, 2026.

1. The LPA expressed concerns regarding an exemption to the proposed moratorium for server rooms that are located internal to a building and are incidental to the primary use. They opined that some server rooms that are incidental to the primary use could be located in separate buildings on site.

Staff Response: The ordinance has been revised to remove the previous reference to the location of the server rooms for incidental use.

2. The LPA discussed that PDE should establish a maximum electrical demand for data centers.

Staff Response: Insufficient research has been completed to establish an appropriate maximum power consumption to facilitate the submission of data center applications during the temporary moratorium. Additionally, preliminary research by staff indicates that lower power consumption is not strictly proportional to the amount of water utilized by data centers and the power grid. There are also other considerations regarding potential nuisances and land use compatibility that will be studied during the period of the temporary moratorium.

3. The LPA expressed concerns about diverging interpretations on what could qualify as an incidental use for the purpose of applicability in the temporary moratorium.

Staff Response: Potential abuse of the exemption could be addressed through site permitting reviews and inspections for Certificates of Occupancy.

LPA Actions:

The LPA found the proposed ordinance consistent with the Comprehensive Plan and voted to revise the proposed ordinance to remove the previous specification regarding the internal location of incidental server rooms and computer rooms.

Board Discussion:
The BCC held the first public hearing for this item on June 16, 2026.

1. As a result of public comment, the Board discussed the applicability of the proposed temporary moratorium and the definition of the term data center.

Staff Response: PDE and the County Attorney confirmed that the term data center, as defined by Florida Statutes, encompassed all data centers, including both small-scale and large-scale facilities and would not allow for any data center to apply for development in the County.

Board Actions:
Concerns regarding health impacts and electronic waste were also discussed. The Board directed PDE to include the handling of e-waste as part of any data center project approved by the Board during the moratorium under a statement of public necessity.

Additionally, the Board directed that staff utilize the Pending Ordinance Doctrine to make the ordinance effective as of the public notice date. The public hearing for the proposed ordinance was first advertised in the Tampa Bay Times on May 27, 2026. As such, upon adoption and filing with the State, the moratorium will be retroactively applicable from May 27, 2026. A new Whereas Clause has been included in the ordinance to reflect this decision by the Board.

Additional Staff Edits:

1. Section 3. Applicability

- To address a potential loophole in the temporary moratorium regarding data centers that serve as incidental use to the principal use on a lot, staff is proposing a maximum of 2.5 MW as a cap for the power consumption of data centers as an incidental/accessory use.

- Additional minor revisions were executed to reflect existing terminology currently defined in the LDC. These changes do not substantially or materially change the intent of the applicability section.

2. Section 5. Duration of Temporary Moratorium

- Additional clarification was added to specify that the Board is able to extend the temporary moratorium by resolution based on a legislative determination if so desired.

Public Hearings History:

	Date	Vote: Approve/Deny
Local Planning Agency	6/11/26	Approve 6-0
Board of County Commissioners - 1st Hearing	6/16/26	No Action Required
Board of County Commissioners - Adoption Hearing	7/14/26	Pending

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action. A Business Impact Estimate (BIE) was completed for this project in accordance with Section 125.66(3)(a), Florida Statutes, and published on the Pasco County website on May 21, 2026.

DISTRIBUTION:
Board Records to distribute as set forth below:
1. Retain one original for the record.
2. File a copy of the Ordinance with the Florida Department of State by transmittal via electronic mail within ten (10) days after the adoption of the Ordinance to CountyOrdinances@dos.myflorida.com.
3. Send the Executed Ordinance and redline to Municode via electronic mail after the adoption of the Ordinance to MunicodeOrds@civicplus.com.
4. Send electronically to: Vasilios Savopoulos, Planner II (vsavopoulos@mypasco.net), Amandla Hill, Principal Planner (ahill@mypasco.net).

BOARD OF COUNTY COMMISSIONERS **ORDINANCE NO. _____**

AN ORDINANCE BY THE PASCO COUNTY BOARD OF COUNTY COMMISSIONERS ESTABLISHING A TEMPORARY MORATORIUM ON THE SUBMISSION AND ACCEPTANCE OF APPLICATIONS FOR BUILDING PERMITS, SITE PLANS, DEVELOPMENT ORDERS, DEVELOPMENT AGREEMENTS, SPECIAL EXCEPTION USES, CONDITIONAL USES, REZONINGS, AND COMPREHENSIVE PLAN AMENDMENTS RELATED TO DATA CENTERS, LARGE-SCALE DATA CENTERS AND OTHER LARGE LOAD CUSTOMERS WITHIN UNINCORPORATED PASCO COUNTY; PROVIDING FOR AUTHORITY; LEGISLATIVE FINDINGS OF FACT; TEMPORARY MORATORIUM IMPOSED; DURATION OF TEMPORARY MORATORIUM; SEVERABILITY; AND AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners of Pasco County, Florida, (hereinafter the "Board") has the authority pursuant to Chapter 125, Florida Statutes, and Article VIII of the Florida Constitution to protect the public health, safety, and general welfare of its residents and to enact ordinances for valid governmental purposes that are not inconsistent with general or special law; and

WHEREAS, Chapter Law 2026-65 creating Section 163.326, Florida Statutes, specifically provides for the authority of the Board to regulate facilities with substantial electric or other utility demands, such as data centers, large-scale data centers, as defined in Sections 373.203(3) and (4), Florida Statutes, and other large load customers, as defined in Section 366.043(2)(d), Florida Statutes, through comprehensive plans and land development regulations. Further, newly created Section 373.262, Florida Statutes, provides that local governments may prohibit the siting of large-scale data centers within their jurisdictions; and

WHEREAS, Pasco County is located within a coastal region and in the Tampa Bay Area, an area that relies heavily upon groundwater resources from the Floridan Aquifer system and surface waters; and

WHEREAS, the Southwest Florida Water Management District and Tampa Bay Water, of which Pasco County is a member, emphasize the importance of careful management of groundwater withdrawals and surface water resources to ensure long-term environmental and economic stability for the region; and

WHEREAS, data centers, large-scale data centers, and other large load customers (hereinafter referred to collectively as "Data Center Facilities") are known to require substantial water resources for cooling systems and substantial electrical power to support continuous computing operations, which in some cases require infrastructure demands comparable to small municipalities; and

WHEREAS, such Facilities have the potential to place significant demands on regional water supplies, water treatment infrastructure, electrical grid capacity, particularly in rapidly growing areas such as Pasco County; and

WHEREAS, such Facilities are typically massive in scale, covering vast land areas hundreds

of acres in size with buildings and infrastructure, while providing little to no employment opportunities; and

WHEREAS, the Board finds that Pasco County currently lacks specific zoning provisions or development regulations addressing the unique operational characteristics, infrastructure requirements, and environmental considerations associated with Data Center Facilities; and

WHEREAS, the Board further finds that allowing such Facilities to proceed without appropriate regulatory standards would create risks to the County's and the Region's water resources, electrical infrastructure capacity, and land use planning objectives, will undermine economic development initiatives and long-term community development strategy; and

WHEREAS, local governments may enact moratoriums if the moratorium is intended to preserve the status quo and is rationally related to the government's attempt to enact changes to development regulations. (*WCI Communities Inc. v. City of Coral Springs*, 885 So. 2d 912 (Fla. 4th DCA 2004)); and

WHEREAS, Florida courts have held that permissible basis for land use restrictions include concern about the effect of the proposed development on traffic, congestion, surrounding property values, demands for public services, and on other aspects of the general welfare. (*WCI Communities Inc. v. City of Coral Springs*, 885 So.2d 912 (Fla. 4th DCA 2004; see also *Corn v. City of Lauderdale Lakes*, 997 F.2d 1369, 1375 (11th Cir. 1993)); and

WHEREAS, local governments are entitled to enact moratoriums as a land-use tool to promote effective planning and preserve the status quo while formulating a more permanent development strategy. (*Tahoe-Sierra Pres. Council, Inc. v. Tahoe Reg'l Planning Agency*, 535 U.S. 302, 337; 122 S.Ct. 1465, 1487 (2002); and

WHEREAS, a temporary moratorium on the submission and acceptance of applications for building permits, site plans, development orders, development agreements, special exception uses, conditional uses, rezonings, and comprehensive plan amendments related to Data Center Facilities within unincorporated Pasco County will allow the Board the opportunity to determine the appropriateness of allowing such uses and adopt amendments to the Pasco County Comprehensive Plan, Land Development Code, and Code of Ordinances, as may be required, to regulate or prohibit such uses; and

WHEREAS, the Board wishes to establish a temporary moratorium of up to one (1) year on the submission and acceptance of applications for building permits, site plans, development orders, development agreements, special exception uses, conditional uses, rezonings, and comprehensive plan amendments related to Data Center Facilities within the unincorporated area and such moratorium is reasonable and necessary to accomplish the goal of revising its regulations to ensure the community

welfare is well-balanced and the public health, safety, and general welfare are preserved; and

WHEREAS, on June 16, 2026, the Board of County Commissioners applied the Pending Ordinance Doctrine to this Data Center Facilities Moratorium Ordinance, which was first noticed by publication for public hearing on May 27, 2026; and

WHEREAS, public notice of all hearings required by law has been provided in accordance with Chapters 125 and 163, Florida Statutes, and the Pasco County Land Development Code; and

WHEREAS, the Board hereby finds and declares that this Ordinance imposing a moratorium on the submission and acceptance of applications for building permits, site plans, development orders, development agreements, special exception uses, conditional uses, rezonings, and comprehensive plan amendments related to Data Center Facilities is in the best interest of the public health, safety, and welfare, and that it advances a valid and important public purpose.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Pasco County, Florida, as follows:

SECTION 1. Authority.

This Ordinance is enacted pursuant to Chapter 125, Florida Statutes, and under the home rule powers of the County in the interest of the health, peace, safety, and general welfare of the people of Pasco County.

SECTION 2. Legislative Findings of Fact.

The foregoing Whereas clauses, incorporated herein, are true and correct. The Board further finds that to enable the Planning Development and Economic Growth Department and other affected County Departments the opportunity to research, study, and determine the appropriate treatment of Data Center Facilities in Pasco County, it is necessary to place a moratorium on the submission and acceptance of applications for building permits, site plans, development orders, development agreements, special exception uses, conditional uses, rezonings, and comprehensive plan amendments related to Data Center Facilities within the unincorporated area.

SECTION 3. Applicability.

The temporary moratorium is applicable to the unincorporated area of Pasco County, Florida. This temporary moratorium shall not apply to server rooms and computer rooms with electrical demands that do not exceed 2.5 MW and are typically used to house IT and related network equipment and

are accessory and/or incidental to the principal use on the site. After a determination of public necessity by the Board, an existing development agreement may be amended, or a new one adopted, by the Board to allow for the construction of a data center that is not a large load customer provided the agreement imposes specific conditions addressing, including, but not limited to, all of the following: location, size, light, glare, height, water use, electrical power consumption, noise, electronic waste and compatibility.

SECTION 4. Temporary Moratorium Imposed.

The County hereby imposes a temporary moratorium on the submission and acceptance of applications for building permits, site plans, development orders, development agreements, special exception uses, conditional uses, rezonings, and comprehensive plan amendments related to Data Center Facilities within the unincorporated areas. The adoption of this Ordinance is undertaken by the County in good faith and is intended to further the goals of the Comprehensive Plan and Chapter 163, Florida Statutes, and Chapter Law 2026-65 and is not intended to discriminate against those landowners which may be subject to this Ordinance.

SECTION 5. Duration of Temporary Moratorium.

The duration of this temporary moratorium shall be 12 months, or until such time as repealed by the Board, whichever occurs first, and may be extended by resolution of the Board to the extent permitted by law. In addition, this temporary moratorium shall not exceed 12 months unless approved by the Board of County Commissioners by a majority vote. The limited duration of this temporary moratorium has been established to accomplish appropriate planning and regulations for future development through the Land Development Code amendment process as described in Chapter 163, Part II, Florida Statutes, and the Comprehensive Plan. The Board may extend this moratorium by resolution if it makes a legislative determination that it is in the best interests of the citizens of Pasco County to do so.

SECTION 6. Severability.

It is declared to be the intent of the Board that if any section, subsection, sentence, clause, or provision of this Ordinance shall be declared invalid, the remainder of this Ordinance shall be construed as not having contained said section, subsection, sentence, clause, or provisions and shall not be affected by such holding.

SECTION 7. Effective Date.

This Ordinance shall be filed with the Florida Department of State by the Clerk to the Board by electronic mail within ten (10) days after adoption and shall take effect upon such filing.

ADOPTED with a quorum present and voting this 14th day of July, 2026.

(SEAL)

ATTEST:

BOARD OF COUNTY COMMISSIONERS
OF PASCO COUNTY, FLORIDA

_____
NIKKI ALVAREZ-SOWLES, ESQ
PASCO COUNTY CLERK & COMPTROLLER

_____
JACK MARIANO, CHAIRMAN

Executive Summary

Recommendation to appoint two Commissioners as regular members, three Commissioners as alternate members, and ratification of the appointed citizen member and an alternate citizen member for a one-year period on the Value Adjustment Board.

OBJECTIVE:

To appoint two (2) Commissioners as regular members, three (3) Commissioners as alternate members, and ratification of the appointed citizen member and an alternate citizen member for a one-year period on the Value Adjustment Board (VAB).

CONSIDERATIONS:

The VAB meets for the following purposes:

- Hearing petitions relating to assessments filed pursuant to Section 194.011(3), Florida Statutes (F.S.).
- Hearing appeals relating to homestead exemptions as provided for under Section 196.151, F.S.
- Hearing appeals from exemptions denied, or disputes arising from exemptions granted, upon the filing of exemption applications under Section 196.011, F.S.
- Hearing appeals concerning the denial of certain tax refunds.
- Hearing appeals concerning ad valorem tax deferrals and classifications.
- Hearing appeals concerning real property affected by catastrophic events.

Pursuant to Section 194.015, F.S., the VAB is required to be comprised of the following membership:

- Two members of the governing board of the county as elected from membership of the board of said governing body, one of whom will be elected VAB chairperson; and
- One member of the school board as elected from the membership of the school board; and
- Two citizen members, one of whom shall be appointed by the governing body of the county and must own homestead property within the county, and one of whom must be appointed by the school board and must own a business occupying commercial space located within the school district. A citizen member may not be a member or an employee of any taxing authority and may not be a person who represents property owners in any administrative or judicial review of property taxes.

Currently, Commissioner Saunders and Commissioner Hall serve as Chair/Vice-Chair and the Board's citizen member is Ms. Rebecca Earney. Ms. Jill Rosenfeld is the Board's current citizen alternate member. Both citizen members have indicated a willingness to serve for another year. The VAB cannot hold its organizational meeting for the FY-2026 cycle, tentatively scheduled for August 17, 2026, until all members of the board are appointed. The final meeting of the VAB cycle is typically held in March in the Commission Chambers. In total, 2-3 meetings will be held between August-March and these meetings usually last no more than one-hour.

FISCAL IMPACT: There is no fiscal impact associated with this action.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been reviewed by the Value Adjustment Board Attorney.

RECOMMENDATION(S):

To appoint two (2) Commissioners as regular members and three (3) Commissioners as alternate members, as well as ratify the citizen members as proposed, and to direct the County Attorney to prepare a resolution confirming all appointments and ratifications.

PREPARED BY:

Derek M. Johnssen, Finance Director, Office of the Collier County Clerk of the Circuit Court and Comptroller

Executive Summary

Recommendation to authorize the Office of the County Attorney to initiate foreclosure proceedings pursuant to Section 162.09, Florida Statutes, in relation to $54,785.40 in accruing code enforcement liens for ongoing violations on an undeveloped lot, Folio #56350080009, Immokalee, Florida 34142, arising from Special Magistrate Case Nos. CENA20080015684, CENA20090013650, and CENA20140013447 titled Board of County Commissioners, Collier County, Florida, vs. R. Roberts.

OBJECTIVE: To obtain Board authorization for the Office of the County Attorney to initiate foreclosure proceedings pursuant to Section 162.09, *Florida Statutes*, in relation to $35,581.30 in accruing code enforcement liens against all real and personal property owned by Immokalee Capital Corp., for ongoing violations on undeveloped lot, Folio #56350080009, Immokalee, Florida 34142.

CONSIDERATIONS: The undeveloped lot, Folio #56350080009, in Collier County, Florida was acquired by Millers Park Estates LLC (Tracey K. Dewrell and Mara S. Dewrell) via Tax Deed dated December 8, 2014, recorded at O.R. Book 5101, Page 2678, et seq., of the Official Public Records of Collier County, and later transferred to Immokalee Capital Corp. (Tracey Dewrell and Mara Dewrell) via Quit Claim Deed dated March 24, 2026, recorded at O.R. Book 6566, Page 3780, et seq., of the Official Public Records of Collier County. The underlying violations are all Code Enforcement Nuisance Abatement (CENA) cases in which the county paid hard costs to remove trash, litter and exotic vegetation as well as multiple lot mowings paid for by the county to maintain the lot.

On April 3, 2009, the Special Magistrate entered an Order Imposing Fines, which imposed a $11,590 lien on all real and personal property owned by the property owner, and which provided for continuing accrual of Interest at 12% per annum commencing on the date the Order was recorded. The lien order was recorded at O.R. Book 4447, Pages 2736, et seq., of the Official Public Records of Collier County on April 28, 2009. The accrued lien amounts as of July 20, 2026, consist of $11,590 in vendor abatement fees, plus $23,991.30 in accrued Interest, totaling $35,581.30.

Case No. CENA20090013650: On January 15, 2010, the Special Magistrate entered an Order Imposing Fines, which imposed a $240 lien on all real and personal property owned by the property owner, and which provided for continuing accrual of Interest at 12% per annum commencing on the date the Order was recorded. The lien order was recorded at O.R. Book 4537, Page 949, *et seq*., of the Official Public Records of Collier County. In addition, Case No. CENA20090013650 was assigned to the mandatory lot mow program and has continued to accrue fines and fees since December 31, 2014 (see Item A). The accrued lien amounts as of July 20, 2026, consist of $6,905 in vendor abatement and administrative fees, plus $11,336.90 in accrued Interest, totaling $18,241.90.

Case No. CENA20140013447: On December 5, 2014, the Special Magistrate entered an Order Imposing Fines, which imposed a $380 lien on all real and personal property owned by the property owner, and which provided for continuing accrual of Interest at 12% annum commencing on the date the Order was recorded. The lien order was recorded at O.R. Book 5108, Pages 1741, et seq., of the Official Public Records of Collier County on December 31, 2014. The accrued lien amounts as of July 20, 2026, consist of $380 in vendor abatement fees, plus $582.20 in accrued Interest, totaling $962.20.

The breakdown of the lien is as follows:

Item	Amount
Accrued Fines	$13,675.
Operational Costs	$5,200
Accruing Interest at 12% (through 7/20/2026)	$35,910.40
TOTAL LIEN VALUE (through 7/20/2026)	$54,785.40

The property is not protected by homestead and is assessed at $125,578 by the Collier County Property Appraiser. There are no mortgages or other liens associated with the property in question.

This item is consistent with the Collier County strategic plan objective to preserve and enhance the character of our community.

FISCAL IMPACT: Fiscal impact of initiating a foreclosure suit is approximately $410.00 (representing a $400.00 filing fee plus cost of service). Costs for maintaining the lawsuit (including, as necessary, any title review, copies, mailings, service, transcripts, and other routing litigation costs) should not exceed $6,000. The County should ultimately recover all costs in initiating and pursuing this lawsuit.

GROWTH MANAGEMENT IMPACT: There is no Growth Management Impact associated with this Executive Summary.

LEGAL CONSIDERATIONS: The County Attorney's Office has reviewed this item and approved it as to form and legality. This item requires a majority vote for approval. RTT

RECOMMENDATION(S):

To authorize the Office of the County Attorney to initiate foreclosure proceedings against any and all non-homestead property owned by Immokalee Capital Corp., in relation to Special Magistrate Case Nos. CENA20080015684, CENA20090013650, and CENA20140013447, *titled Board of County Commissioners, Collier County, Florida, vs. R. Roberts*, pursuant to Section 162.09*, Florida Statutes.*

DWIGHT E. BROCK, CLERK OF THE CIRCUIT COURT, COLLIER COUNTY FLORIDA
REC $27.00

CODE ENFORCEMENT SPECIAL MAGISTRATE
COLLIER COUNTY, FLORIDA

BOARD OF COUNTY COMMISSIONERS,

Petitioner,

CENA20090013650

R Roberts

Respondent,

_____/

NOT A CERTIFIED COPY

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on September 6, 2013, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:
MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY

COSTS: $130.00

FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

LEGAL NOTICE OF ASSESSMENT OF LIEN

NAME: R Roberts

DATE: September 6, 2013

REF. INV.# 337 FOLIO#: 56350080009 CASE NUMBER: CENA20090013650

LEGAL DESCRIPTION: **MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY**

You, as the owner of the property above-described, as recorded in the records maintained by the office of the Property Appraiser, are hereby advised that the Code Enforcement Director, did on June 26, 2013, order the abatement of a certain nuisance existing on the above property prohibited by Ordinance 2009-08, and served a notice of violation upon you.

The nuisance is: WEED OVERGROWTH; PROHIBITED ACCUMULATION OF NON-PROTECTED MOWABLE VEGETATION

You failed to abate such nuisance, whereupon, it was abated by the expenditure of public funds at a direct cost of $30.00, and an administrative cost of one-hundred ($100.00) dollars for a total of $130.00. The assessment shall become due and payable no later than twenty (20) days from the date of this Legal Notice of Assessment. Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. Said request for hearing shall be made to the Secretary to the Special Magistrate, Collier County Growth Management Division, 2800 North Horseshoe Drive, Naples, Florida 34104 in writing within ten (10) days from the date of this notice.

FAILURE TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE WILL RESULT IN A LIEN AGAINST ALL OF YOUR PROPERTY IN COLLIER COUNTY.

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on September 6, 2013, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:
MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY

COSTS: $130.00

FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on April 2nd, 2010, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:
MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E 92 FT PARAL TO N LI TR A, SW LY

COSTS: $140.00

FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

DONE AND ORDERED this 2nd day of April, 2010, at Collier County, Florida.

NAME: R. Roberts DATE: April 2nd, 2010

REF. INV # 1387 FOLIO# 56350080009 CASE NUMBER: CENA20090013650

LEGAL DESCRIPTION: MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E 92 FT PARAL TO N LI TR A, SW LY

You, as the owner of the property above-described, as recorded in the records maintained by the office of the Property Appraiser, are hereby advised that the Code Enforcement Director, did on December 15th, 2009, order the abatement of a certain nuisance existing on the above property prohibited by Ordinance 2009-08, and served a notice of violation upon you.

The nuisance is: WEED OVERGROWTH; PROHIBITED ACCUMULATION OF NON-PROTECTED MOWABLE VEGETATION

You failed to abate such nuisance, whereupon, it was abated by the expenditure of public funds at a direct cost of $40.00, and an administrative cost of two-hundred ($100.00) dollars for a total of $140.00. The assessment shall become due and payable no later than twenty (20) days from the date of this Legal Notice of Assessment. Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. Said request for hearing shall be made to the Secretary to the Special Magistrate, Collier County Community Development Services, 2800 North Horseshoe Drive, Naples, Florida 34104 in writing within ten (10) days from the date of this notice.

FAILURE TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE WILL RESULT IN A LIEN AGAINST ALL OF YOUR PROPERTY IN COLLIER COUNTY.

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on January 14, 2011, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:
MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY

COSTS: $140.00

FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

DONE AND ORDERED this 14th day of January, 2011, at Collier County, Florida.

NAME: R. Roberts DATE: January 14, 2011

REF. INV.# 2193 FOLIO#: 56350080009 CASE NUMBER: CENA20090013650

LEGAL DESCRIPTION: **MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY**

You, as the owner of the property above-described, as recorded in the records maintained by the office of the Property Appraiser, are hereby advised that the Code Enforcement Director, did on September 17, 2010, order the abatement of a certain nuisance existing on the above property prohibited by Ordinance 2009-08, and served a notice of violation upon you.

The nuisance is: WEED OVERGROWTH; PROHIBITED ACCUMULATION OF NON-PROTECTED MOWABLE VEGETATION, DEBRIS REMOVAL

You failed to abate such nuisance, whereupon, it was abated by the expenditure of public funds at a direct cost of $40.00, and an administrative cost of two-hundred ($100.00) dollars for a total of $140.00. The assessment shall become due and payable no later than twenty (20) days from the date of this Legal Notice of Assessment. Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. LEGAL NOTICE OF ASSESSMENT OF LIEN

NAME: R Roberts DATE: June 3, 2011

REF. INV.# 2769 FOLIO#: 56350080009 CASE NUMBER: CENA20090013650

LEGAL DESCRIPTION: MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E 92FT PARAL TO N LI TR A, SW LY

You, as the owner of the property above-described, as recorded in the records maintained by the office of the Property Appraiser, are hereby advised that the Code Enforcement Director, did on March 17, 2011, order the abatement of a certain nuisance existing on the above property prohibited by Ordinance 2009-08, and served a notice of violation upon you.

The nuisance is: WEED OVERGROWTH; PROHIBITED ACCUMULATION OF NON-PROTECTED MOWABLE VEGETATION, DEBRIS REMOVAL

You failed to abate such nuisance, whereupon, it was abated by the expenditure of public funds at a direct cost of $35.00, and an administrative cost of one-hundred ($100.00) dollars for a total of $135.00. The assessment shall become due and payable no later than twenty (20) days from the date of this Legal Notice of Assessment. Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. Said request for hearing shall be made to the Secretary to the Special Magistrate, Collier County Community Development Services, 2800 North Horseshoe Drive, Naples, Florida 34104 in writing within ten (10) days from the date of this notice.

FAILURE TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE WILL RESULT IN A LIEN AGAINST ALL OF YOUR PROPERTY IN COLLIER COUNTY.

CERTIFICATE OF SERVICE

I HEREBY CERTIFY that a true and correct copy of this NOTICE has been sent by U. S. Mail to:

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on July 1, 2011, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:
MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E 92FT PARAL TO N LI TR A, SW LY

COSTS: $135.00

FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

DONE AND ORDERED this 1st day of July, 2011, at Collier County, Florida.

The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

DONE AND ORDERED this 6th day of January, 2012, at Collier County, Florida.

LEGAL NOTICE OF ASSESSMENT OF LIEN

NAME: R Roberts DATE: January 6, 2012

REF. INV.# 3733 FOLIO#: 56350080009 CASE NUMBER: CENA20090013650

LEGAL DESCRIPTION: **MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E 92 FT PARAL TO N LI TR A, SW LY**

You, as the owner of the property above-described, as recorded in the records maintained by the office of the Property Appraiser, are hereby advised that the Code Enforcement Director, did on November 14, 2011, order the abatement of a certain nuisance existing on the above property prohibited by Ordinance 2009-08, and served a notice of violation upon you.

The nuisance is: WEED OVERGROWTH; PROHIBITED ACCUMULATION OF NON-PROTECTED MOWABLE VEGETATION, DEBRIS REMOVAL

You failed to abate such nuisance, whereupon, it was abated by the expenditure of public funds at a direct cost of $35.00, and an administrative cost of one-hundred ($100.00) dollars for a total of $135.00. The assessment shall become due and payable no later than twenty (20) days from the date of this Legal Notice of Assessment. Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. Said request for hearing shall be made to the Secretary to the Special Magistrate, Collier County Growth Management Division, 2800 North Horseshoe Drive, Naples, Florida 34104 in writing within ten (10) days from the date of this notice.

FAILURE TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE WILL RESULT IN A LIEN AGAINST ALL OF YOUR PROPERTY IN COLLIER COUNTY.

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on October 5, 2012, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:
MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY

COSTS: $135.00

FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

DONE AND ORDERED this 5th day of October, 2012, at Collier County, Florida.

LEGAL NOTICE OF ASSESSMENT OF LIEN

NAME: R Roberts

DATE: October 5, 2012

REF. INV.# 4583 FOLIO#: 56350080009 CASE NUMBER: CENA20090013650

LEGAL DESCRIPTION: **MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY**

You, as the owner of the property above-described, as recorded in the records maintained by the office of the Property Appraiser, are hereby advised that the Code Enforcement Director, did on August 20, 2012, order the abatement of a certain nuisance existing on the above property prohibited by Ordinance 2009-08, and served a notice of violation upon you.

The nuisance is: WEED OVERGROWTH; PROHIBITED ACCUMULATION OF NON-PROTECTED MOWABLE VEGETATION

You failed to abate such nuisance, whereupon, it was abated by the expenditure of public funds at a direct cost of $35.00, and an administrative cost of one-hundred ($100.00) dollars for a total of $135.00. The assessment shall become due and payable no later than twenty (20) days from the date of this Legal Notice of Assessment. Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. Said request for hearing shall be made to the Secretary to the Special Magistrate, Collier County Growth Management Division, 2800 North Horseshoe Drive, Naples, Florida 34104 in writing within ten (10) days from the date of this notice.

FAILURE TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE WILL RESULT IN A LIEN AGAINST ALL OF YOUR PROPERTY IN COLLIER COUNTY.

Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. Said request for hearing shall be made to the Secretary to the Special Magistrate, Collier County Growth Management Division, 2800 North Horseshoe Drive, Naples, Florida 34104 in writing within ten (10) days from the date of this notice.

FAILURE TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE WILL RESULT IN A LIEN AGAINST ALL OF YOUR PROPERTY IN COLLIER COUNTY.

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on May 3, 2013, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:
MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY

COSTS: $135.00

FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

DONE AND ORDERED this 3rd day of May, 2013, at Collier County, Florida.

REF. INV.# 5648 FOLIO#: 56350080009 CASE NUMBER: CENA20090013650

LEGAL DESCRIPTION: **MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY**

You, as the owner of the property above-described, as recorded in the records maintained by the office of the Property Appraiser, are hereby advised that the Code Enforcement Director, did on March 6, 2014, order the abatement of a certain nuisance existing on the above property prohibited by Ordinance 2009-08, and served a notice of violation upon you.

The nuisance is: WEED OVERGROWTH; PROHIBITED ACCUMULATION OF NON-PROTECTED MOWABLE VEGETATION

You failed to abate such nuisance, whereupon, it was abated by the expenditure of public funds at a direct cost of $40.00, and an administrative cost of one-hundred ($100.00) dollars for a total of $140.00. The assessment shall become due and payable no later than twenty (20) days from the date of this Legal Notice of Assessment. Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. Said request for hearing shall be made to the Secretary to the Special Magistrate, Collier County Growth Management Division, 2800 North Horseshoe Drive, Naples, Florida 34104 in writing within ten (10) days from the date of this notice.

FAILURE TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE WILL RESULT IN A LIEN AGAINST ALL OF YOUR PROPERTY IN COLLIER COUNTY.

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on June 6, 2014, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:
MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E92FT PARAL TO N LI TR A, SW LY

COSTS: $140.00

FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

DONE AND ORDERED this 6th day of June, 2014, at Collier County, Florida.

CODE ENFORCEMENT SPECIAL MAGISTRATE
COLLIER COUNTY, FLORIDA

BOARD OF COUNTY COMMISSIONERS,

Petitioner,

CENA20080015684

vs.

R. Roberts

Respondent,

_____/

NOT CERTIFIED COPY

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on April 3rd, 2009, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:
MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E 92FT PARAL TO LI TR A, SW LY

COSTS: $11,590.00 FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

DONE AND ORDERED this 3rd day of April, 2009, at Collier County, Florida.

COLLIER COUNTY, FLORIDA

LEGAL NOTICE OF ASSESSMENT OF LIEN

NAME: R. Roberts DATE: April 3rd, 2009

REF. INV.# 1422 FOLIO# 56350080009 CASE NUMBER: CENA20080015684

LEGAL DESCRIPTION: MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E 92FT PARAL TO LI TR A, SW LY

You, as the owner of the property above-described, as recorded in the records maintained by the office of the Property Appraiser, are hereby advised that the Code Enforcement Director, did on January 2nd, 2009, order the abatement of a certain nuisance existing on the above property prohibited by Ordinance 2009-08, and served a notice of violation upon you.

The nuisance is: WEED OVERGROWTH; PROHIBITED ACCUMULATION OF NON-PROTECTED MOWABLE VEGETATION

You failed to abate such nuisance, whereupon, it was abated by the expenditure of public funds at a direct cost of $11,490.00, and an administrative cost of two-hundred ($100.00) dollars for a total of $11,590.00. The assessment shall become due and payable no later than twenty (20) days from the date of this Legal Notice of Assessment. Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. Said request for hearing shall be made to the Secretary to the Special Magistrate, Collier County Community Development Services, 2800 North Horseshoe Drive, Naples, Florida 34104 in writing within ten (10) days from the date of this notice.

FAILURE TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE WILL RESULT IN A LIEN AGAINST ALL OF YOUR PROPERTY IN COLLIER COUNTY.

CERTIFICATE OF SERVICE

I HEREBY CERTIFY that a true and correct copy of this NOTICE has been sent by U. S. Mail to R. Roberts, at P.O. Box 875 Immokalee, FL 34134

ORDER IMPOSING LIEN

THIS CAUSE, after due and proper notice to Respondents, came on for Public Hearing before the Special Magistrate on December 5, 2014, and the Special Magistrate, upon receiving evidence that the property described below had been abated of a public nuisance by Collier County and, according to Collier County Ordinance 09-08, hereby orders the assessment of a lien for the costs of such abatement, to wit:

LEGAL DESCRIPTION:

MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E 92FT PARAL TO N LI TR A, SW LY

COSTS: $380.00 FOLIO #: 56350080009

Such assessment shall be a legal, valid and binding obligation against the above-described property until paid. The assessment shall become due and payable no later than twenty (20) days from the date of the Legal Notice of Assessment together with interest on the unpaid balance which shall accrue at a rate of twelve percent (12%) per annum commencing on the date that this Order is recorded. The Secretary to the Special Magistrate shall (by regular mail) provide a copy of this Order and the Notice of Assessment of Lien to the Respondents. If within twenty (20) days of the date of this mailing the Respondents fail to deliver payment in full to Collier County, the Order and the Notice of Assessment of Lien shall be recorded in the Official Records of Collier County constituting a lien against the above-described property and, to the extent allowed by law, shall also be a lien against all other real and personal property owned by the Respondents.

Any aggrieved party may appeal a Final Order of the Special Magistrate to the Circuit Court within thirty (30) days of the execution of the Order appealed. An appeal shall not be a hearing *de novo*, but shall be limited to appellate review of the record created within. Filing an Appeal shall not stay the Special Magistrate's Order.

DONE AND ORDERED this 5th day of December, 2014, at Collier County, Florida.

LEGAL DESCRIPTION: MAINLINE BEG AT SW COR OF SAID TR A FOR POB, NELY ALG W LY LI TR A 381FT, E 92FT PARAL TO N LI TR A, SW LY

You, as the owner of the property above-described, as recorded in the records maintained by the office of the Property Appraiser, are hereby advised that the Code Enforcement Director, did on July 31, 2014, order the abatement of a certain nuisance existing on the above property prohibited by Ordinance 2009-08, and served a notice of violation upon you.

The nuisance is: UNAUTHORIZED ACCUMULATION OF LITTER

You failed to abate such nuisance, whereupon, it was abated by the expenditure of public funds at a direct cost of $180.00, and an administrative cost of two-hundred ($200.00) dollars for a total of $380.00. The assessment shall become due and payable no later than twenty (20) days from the date of this Legal Notice of Assessment. Checks or money orders should be made payable to the Collier County Board of County Commissioners (CCBCC).

Such cost, by determination order of a Special Magistrate for Collier County, Florida, will become a lien on your property within twenty (20) days of determination by the Special Magistrate when recorded. You may request a hearing before the Special Magistrate to show cause, if any, why the expenses and charges incurred by the County under County Ordinance No. 2009-08, are excessive or unwarranted or why such expenses should not constitute a lien against the property. Said request for hearing shall be made to the Secretary to the Special Magistrate, Collier County Growth Management Division, 2800 North Horseshoe Drive, Naples, Florida 34104 in writing within ten (10) days from the date of this notice.

FAILURE TO PAY THE AMOUNT SPECIFIED IN THIS NOTICE WILL RESULT IN A LIEN AGAINST ALL OF YOUR PROPERTY IN COLLIER COUNTY.

Executive Summary

Recommendation to approve final acceptance of the sewer utility facilities and accept the conveyance of a portion of the sewer utility facilities for Fiddler's Creek Golf Course Restoration. [PL20250010848]

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of the sewer utility facilities and accept the conveyance of a portion of the sewer utility facilities, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31, as amended.

CONSIDERATIONS:

1. The Developer has constructed the sewer facilities for Fiddler's Creek Golf Course Restoration within dedicated easements to serve this development (see attached location map). A portion of the sewer utility facilities was offered for conveyance to the County, as described in Official Records (O.R.) Book 6599, Page (PG) 1539, and are located within the County utility easement dedicated by the Plat of Fiddler's Creek, Marsh Cove Phase 2, recorded in Plat Book 60, Pages 94-100, of the Public Records of Collier County, Florida. The value of these sewer utility facilities (assets) was $9,675.93. The remaining sewer utility facilities will be private.

2. Staff recorded all final acceptance documents associated with the sewer utility facilities conveyed to the County in the public records of Collier County, which were reviewed and approved by the County Attorney's office as to form and legality. The County acquired its interest in a portion of the sewer utility facilities by Warranty Deed and Bill of Sale recorded in O.R. Book 6599, PG 1539 ("the Utilities Facilities Deed").

3. A final inspection to discover defects in materials and workmanship was conducted by staff on December 17, 2025, in coordination with Public Utilities, and these facilities have been found to be satisfactory and acceptable.

4. Staff recommends final acceptance of the subject sewer utilities facilities in the amount of $9,675.93. Staff also recommends acceptance of the Utilities Facilities Deed and the facilities described therein.

5. This final acceptance is in accordance with Collier County Ordinance No. 2004-31, as amended.

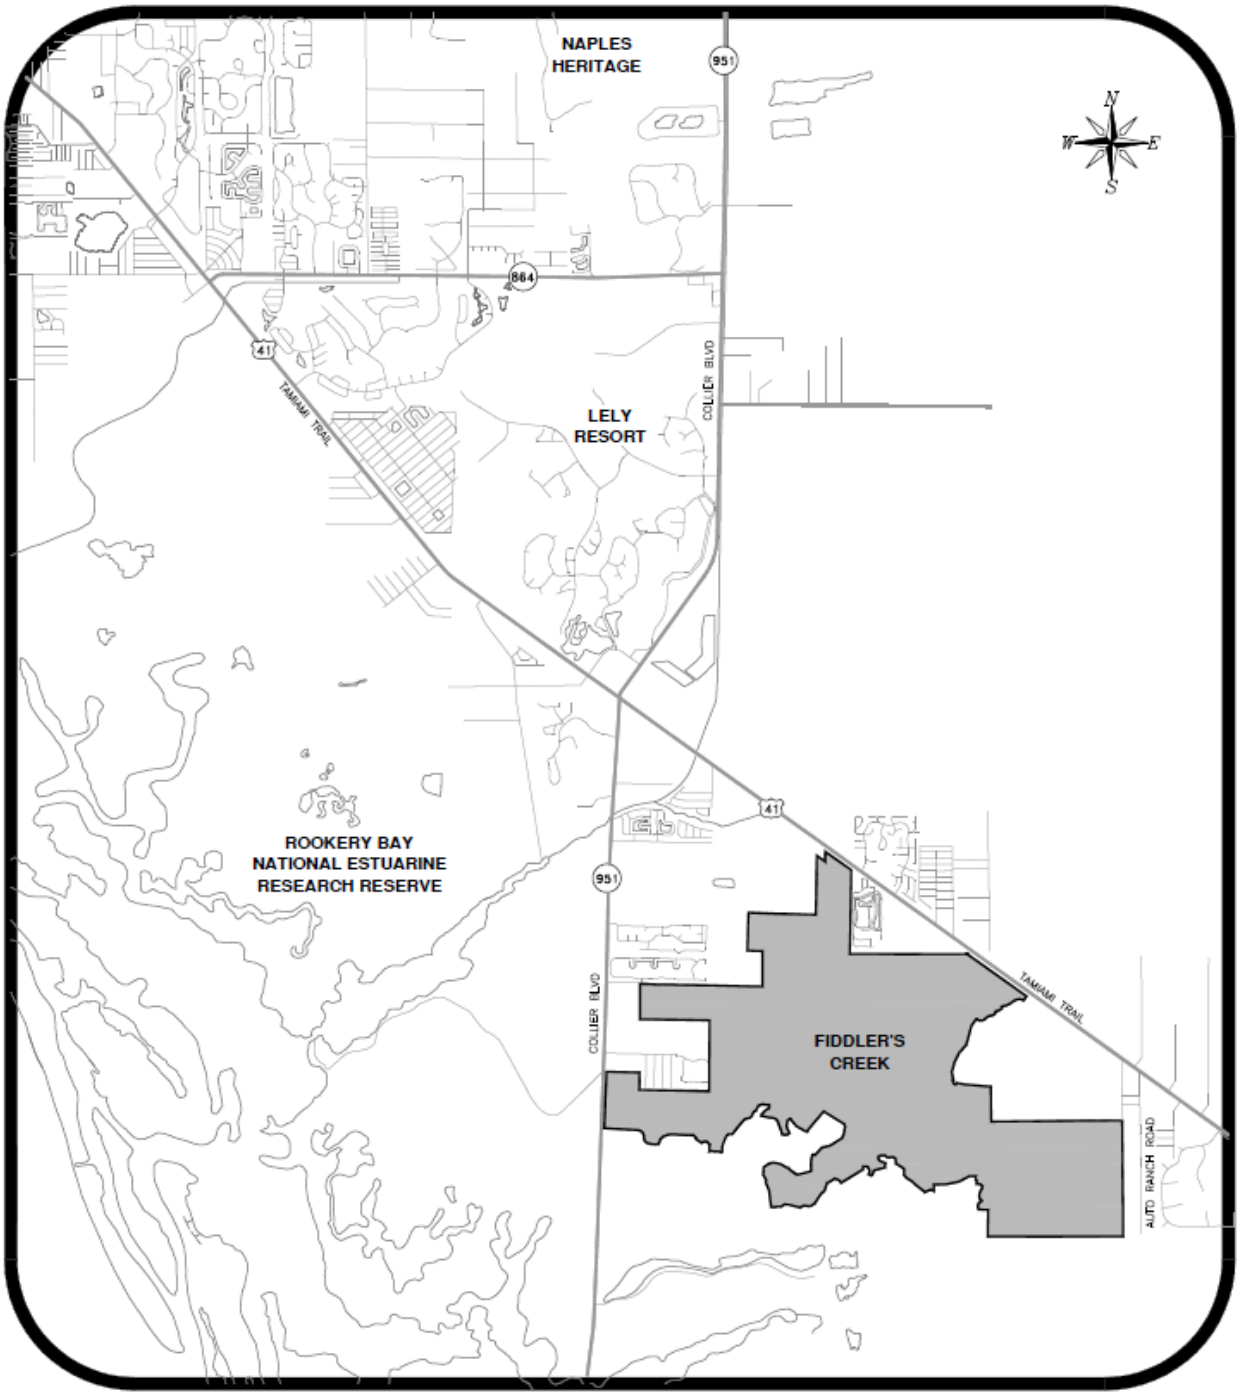
6. Staff is unaware of any issues that would serve to negate the recommendation to approve this final acceptance.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Approval of this Executive Summary will have no specific financial impact. However, approval of this Executive Summary will result in the Collier County Water-Sewer District receiving title to a portion of the sewer utility facilities, which has a total gross value of $9,675.93 (no depreciation applied).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. – CLD



RECOMMENDATION(S): To approve final acceptance of the sewer utility facilities and accept the conveyance of a portion of the sewer utility facilities for Fiddler's Creek Golf Course Restoration [PL20250010848]

FIDDLER'S CREEK, MARSH COVE - PHASE 2

A SUBDIVSION LOCATED IN A PORTION OF SECTIONS 13 AND 24, TOWNSHIP 51 SOUTH, RANGE 26 EAST
COLLIER COUNTY, FLORIDA

PLAT BOOK 60 PAGE 94
SHEET 1 of 7

DEDICATIONS/RESERVATIONS

KNOW ALL MEN BY THESE PRESENTS THAT FCC MARSH, LLC, THE OWNER OF THE LANDS DESCRIBED HEREON HAS CAUSED THIS PLAT OF FIDDLER'S CREEK MARSH COVE - PHASE 2 TO BE MADE AND DOES HEREBY:

A. DEDICTATE TO FIDDLER'S CREEK COMMUNITY DEVELOPMENT DISTRICT # 1:

1. TRACTS L-39, L-41A, L-41B AND L-50 AS LAKES FOR DRAINAGE AND STORM WATER MANAGEMENT PURPOSES SUBJECT TO THE EASEMENTS DEPICTED HEREON WITH RESPONSIBILITY FOR MAINTENANCE OF COMPLETED FACILITIES AFTER FORMAL ACCEPTANCE OF SAID FACILITIES BY RESOLUTION OF THE BOARD OF SUPERVISORS OF THE FIDDLER'S CREEK COMMUNITY DEVELOPMENT DISTRICT # 1 UPON COMPLETION OF THE SURFACE WATER MANAGEMENT FACILITIES.

2. ALL DRAINAGE EASEMENTS (D.E.) AS DEPICTED HEREON WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL ACCESS EASEMENTS (A.E.) FOR THE PURPOSE OF ACCESS TO MAINTAIN DISTRICT FACILITIES WITH NO RESPONSIBILITY FOR MAINTENANCE.

4. ALL LAKE MAINTENANCE EASEMENTS (L.M.E.) AS DEPICTED HEREON WITH RESPONSIBILITY FOR MAINTENANCE.

B. DEDICATE TO COLLIER COUNTY, ITS SUCCESSORS OR ASSIGNS:

1. A NON-EXCLUSIVE ACCESS EASEMENT (A.E.) OVER AND ACROSS TRACTS R-1 & R-2, SUBJECT TO THE EASEMENTS DEDICATED AND DEPICTED HEREON (C.U.E., P.U.E., D.E., IRR.E.) WITH NO RESPONSIBILITY FOR MAINTENANCE.

2. ALL DRAINAGE EASEMENTS (D.E.) AS DEPICTED HEREON WITH NO RESPONSIBILITY FOR MAINTENANCE.

3. ALL LAKE MAINTENANCE EASEMENTS (L.M.E.) AS DEPICTED HEREON WITH NO RESPONSIBILITY FOR MAINTENANCE

C. DEDICATE TO COLLIER COUNTY, ITS FRANCHISEES, THE GREATER NAPLES FIRE RESCUE DISTRICT, ITS SUCCESSORS OR ASSIGNS:

1. A NON-EXCLUSIVE ACCESS EASEMENT (A.E.) OVER AND ACROSS TRACTS R-1 & R-2, FOR USE BY GOVERNMENTAL VEHICLES IN THE EXECUTION OF THEIR DUTIES, INCLUDING BUT NOT LIMITED TO EMERGENCY MEDICAL SERVICE, FIRE DEPARTMENT SERVICE, SUBJECT TO THE EASEMENTS DEDICATED AND DEPICTED HEREON (C.U.E., P.U.E., D.E., IRR.E.) WITH NO RESPONSIBILITY FOR MAINTENANCE.

D. DEDICATE TO COLLIER COUNTY WATER-SEWER DISTRICT:

1. THAT ALL COUNTY UTILITY EASEMENTS (C.U.E.) FOR POTABLE WATER, NON-POTABLE IRRIGATION WATER AND/OR WASTEWATER SYSTEM(S) OR PORTION(S) THEREOF AND INGRESS AND EGRESS RIGHTS, WHERE APPROPRIATE, ARE PROVIDED TO THE COLLIER COUNTY WATER-SEWER DISTRICT TO INSTALL, OPERATE AND MAINTAIN POTABLE WATER, NON-POTABLE IRRIGATION WATER AND/OR WASTEWATER UTILITY SYSTEM(S) OR PORTION(S) THEREOF WITHIN THE PLATTED AREA WITH NO RESPONSIBILITY FOR MAINTENANCE FOR THE SURFACE EASEMENT AREA.

2. APPLICABLE POTABLE WATER, NON-POTABLE IRRIGATION WATER AND/OR WASTEWATER SYSTEM(S) OR PORTION(S) THEREOF CONSTRUCTED WITHIN THIS PLATTED AREA IN COMPLIANCE WITH THE REQUIREMENTS SET FORTH IN THE COLLIER COUNTY UTILITIES STANDARDS AND PROCEDURES ORDINANCE (2004-31), AS AMENDED SHALL BE CONVEYED TO THE BOARD AS THE EX-OFFICIO GOVERNING BOARD OF THE WATER-SEWER DISTRICT UPON ACCEPTANCE OF THE ADDITIONS, EXTENSIONS AND/OR IMPROVEMENTS REQUIRED BY THE PLAT.

E. DEDICATE NON-EXCLUSIVE PUBLIC UTILITY EASEMENTS (P.U.E.), TO ALL LICENSED OR FRANCHISED PUBLIC OR PRIVATE UTILITIES: (PER FLORIDA STATUTE CHAPTER 177.091 (28))

ALL PLATTED UTILITY EASEMENTS SHALL PROVIDE THAT SUCH EASEMENTS SHALL ALSO BE EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES; PROVIDED, HOWEVER, NO SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES SHALL INTERFERE WITH THE FACILITIES AND SERVICES OF AN ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. IN THE EVENT A CABLE TELEVISION COMPANY DAMAGES THE FACILITIES OF A PUBLIC UTILITY, IT SHALL BE SOLELY RESPONSIBLE FOR THE DAMAGES. THIS SECTION SHALL NOT APPLY TO THOSE PRIVATE EASEMENTS GRANTED TO OR OBTAINED BY A PARTICULAR ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION SHALL COMPLY WITH THE NATIONAL ELECTRICAL SAFETY CODE AS ADOPTED BY THE FLORIDA PUBLIC SERVICE COMMISSION.

F. RESERVE TO FCC MARSH, LLC, ITS SUCCESSORS OR ASSIGNS:

1. TRACTS R-1 & R-2 AS PRIVATE ROAD RIGHT-OF-WAY (R-O-W) SUBJECT TO THE EASEMENTS DEPICTED HEREON (P.U.E., IRR.E., D.E., A.E., C.U.E.) WITH RESPONSIBILITY FOR MAINTENANCE. ROADWAY PURPOSES INCLUDE, BUT ARE NOT LIMITED TO PAVEMENT, ROADWAY DRAINAGE, BIKE LANES, SIDEWALKS AND PATHWAYS.

2. TRACTS B-1, B-2, B-3, B-4, B-5, B-6 & B-7, AS OPEN SPACE FOR LANDSCAPING AND BUFFERING, NEIGHBORHOOD SIGNS, PERIMETER WALLS AND EMBANKMENT PURPOSES, SUBJECT TO THE EASEMENTS AS DEPICTED HEREON WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL ACCESS EASEMENTS (A.E.) AS DEPICTED HEREON WITH RESPONSIBILITY FOR MAINTENANCE.

4 ALL LANDSCAPE BUFFER EASEMENTS (L.B.E.) AS DEPICTED HEREON FOR THE PURPOSE OF INSTALLATION AND MAINTENANCE OF LANDSCAPING, FENCING, SIDEWALKS AND SIGNAGE, WITH RESPONSIBILITY FOR MAINTENANCE.

5. ALL COLLIER COUNTY WATER-SEWER UTILITY EASEMENTS (C.U.E.) AS DEPICTED HEREON FOR THE PURPOSE OF CONSTRUCTING, INSTALLING, MAINTAINING AND OPERATINGS ITS FACILITIES, WITH RESPONSIBILITY FOR MAINTENANCE OF THE SURFACE EASEMENT AREAS. ALL USES SHALL BE SUBJECT TO AND NOT INCONSISTENT WITH USE BY COLLIER COUNTY WATER-SEWER DISTRICT AS A C.U.E.

6. ALL PUBLIC UTILITY EASEMENTS (P.U.E.) AS DEPICTED HEREON FOR THE PURPOSE OF INSTALLATION AND MAINTENANCE OF THEIR RESPECTIVE FACILITIES, WITH RESPONSIBILITY FOR MAINTENANCE OF THE EASEMENT AREAS.

7. ALL IRRIGATION EASEMENTS (IRR.E.) DEPICTED HEREON FOR IRRIGATION PURPOSES, WITH RESPONSIBILITY FOR MAINTENANCE.

8. ALL FIDDLER'S CREEK SPECIAL EASEMENTS (F.C.S.E.) AS SHOWN, FOR THE PURPOSE OF LIMITING ACCESS TO LAKE TRACTS L-39, L-41A, L-41B AND L-50 OF THE FIDDLER'S CREEK PHASE 3, UNIT ONE PLAT, WITHOUT HOWEVER, LIMITING ACCESS OF THOSE PARTIES (AND THEIR SUCCESSORS AND ASSIGNS) THAT REQUIRE ACCESS OVER AND ACROSS SAID SPECIAL EASEMENTS IN ORDER TO PERFORM CONSTRUCTION, RECONSTRUCTION, REPAIR, INSTALLATION AND MAINTENANCE ACTIVITIES IN AND ON THEIR FACILITIES PURSUANT TO EASEMENTS, DEDICATIONS AND RESERVATIONS, WITH RESPONSIBILITY FOR MAINTENANCE.

9. TRACTS FD-1, FD-39, FD-41, FD-42 & FD-43 AS FUTURE DEVELOPMENT TRACTS, SUBJECT TO EASEMENTS DEPICTED HEREON (A.E., D.E.) WITH RESPONSIBILITY FOR MAINTENANCE.

10. ALL SIDEWALK EASEMENTS (S.W.E.) DEPICTED HEREON FOR THE PURPOSE OF INSTALLATION AND MAINTENANCE OF SIDEWALKS, WITH RESPONSIBILITY FOR MAINTENANCE.

IN WITNESS WHEREOF, SAID OWNER HAS CAUSED THESE PRESENTS TO BE SIGNED ON THIS 12th DAY OF February, 2016 A.D.

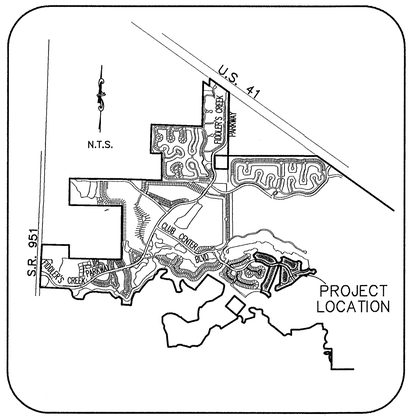
NOTICE

THIS PLAT, AS RECORDED IN ITS GRAPHIC FORM, IS THE OFFICIAL DEPICTION OF THE SUBDIVIDED LANDS DESCRIBED HEREIN AND WILL IN NO CIRCUMSTANCES BE SUPPLANTED IN AUTHORITY BY ANY OTHER GRAPHIC OR DIGITAL FORM OF THIS PLAT. THERE MAY BE ADDITIONAL RESTRICTIONS THAT ARE NOT RECORDED ON THIS PLAT THAT MAY BE FOUND IN THE PUBLIC RECORDS OF THIS COUNTY.

LEGAL DESCRIPTION

A PARCEL OF LAND LOCATED IN SECTIONS 13 AND 24, TOWNSHIP 51 SOUTH, RANGE 26 EAST, COLLIER COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS: BEGINNING AT THE SOUTHEAST CORNER OF TRACT L-37B, ALSO BEING A POINT ON THE NORTHERLY RIGHT-OF-WAY LINE OF MARSH DRIVE, AS SHOWN ON THE PLAT OF FIDDLER'S CREEK, MARSH COVE- PHASE I, RECORDED IN PLAT BOOK 56, PAGES 7 THROUGH 19 OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA; THENCE ALONG THE EASTERLY BOUNDARY OF SAID TRACT L-37B, THE FOLLOWING SIX (6) DESCRIBED COURSES: 1) THENCE RUN N06°59'12"W FOR A DISTANCE OF 64.50 FEET, TO THE BEGINNING OF A TANGENTIAL CIRCULAR CURVE; 2) THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 62.00 FEET, THROUGH A CENTRAL ANGLE OF 66°26'58" AND BEING SUBTENDED BY A CHORD OF 67.94 FEET AT A BEARING OF N40°12'41"W, FOR AN ARC LENGTH OF 71.91 FEET, TO A POINT OF REVERSE CURVATURE; 3) THENCE ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 56.00 FEET, THROUGH A CENTRAL ANGLE OF 79°27'31" AND BEING SUBTENDED BY A CHORD OF 71.59 FEET AT A BEARING OF N33°42'25"W, FOR AN ARC LENGTH OF 77.66 FEET, TO A POINT OF REVERSE CURVATURE; 4) THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 80.00 FEET, THROUGH A CENTRAL ANGLE OF 34°22'34" AND BEING SUBTENDED BY A CHORD OF 47.28 FEET AT A BEARING OF N11°09'56"W, FOR AN ARC LENGTH OF 48.00 FEET, TO A POINT OF REVERSE CURVATURE; 5) THENCE ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 30.00 FEET, THROUGH A CENTRAL ANGLE OF 79°18'14" AND BEING SUBTENDED BY A CHORD OF 38.28 FEET AT A BEARING OF N11°17'54"E, FOR AN ARC LENGTH OF 41.52 FEET; 6) THENCE RUN N50°57'00"E FOR A DISTANCE OF 216.63 FEET; THENCE LEAVING SAID FIDDLER'S CREEK MARSH COVE PLAT, RUN S76°56'17"E FOR A DISTANCE OF 494.63 FEET; THENCE RUN S70°37'34"E FOR A DISTANCE OF 321.12 FEET; THENCE RUN S54°25'14"E FOR A DISTANCE OF 200.40 FEET; THENCE RUN S28°39'02"E FOR A DISTANCE OF 243.24 FEET; THENCE RUN N77°41'12"E FOR A DISTANCE OF 56.36 FEET; THENCE RUN S44°53'58"E FOR A DISTANCE OF 38.98 FEET; THENCE RUN S80°42'52"E FOR A DISTANCE OF 17.43 FEET; THENCE RUN N40°43'52"E FOR A DISTANCE OF 39.31 FEET; THENCE RUN S79°52'51"E FOR A DISTANCE OF 52.07 FEET; THENCE RUN N07°01'44"E FOR A DISTANCE OF 29.83 FEET, TO THE BEGINNING OF A NON-TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 152.47 FEET, AT A BEARING OF N08°00'41"W THEREFROM, THROUGH A CENTRAL ANGLE OF 76°38'02" AND BEING SUBTENDED BY A CHORD OF 189.06 FEET AT A BEARING OF N13°40'18"E, FOR AN ARC LENGTH OF 203.93 FEET; THENCE RUN N27°25'30"W FOR A DISTANCE OF 56.59 FEET; THENCE RUN N71°18'38"E FOR A DISTANCE OF 164.61 FEET; THENCE RUN S63°43'19"E FOR A DISTANCE OF 539.08 FEET; THENCE RUN S81°50'30"E FOR A DISTANCE OF 213.88 FEET; THENCE RUN N29°31'25"E FOR A DISTANCE OF 26.54 FEET; THENCE RUN N71°34'40"E FOR A DISTANCE OF 40.75 FEET; THENCE RUN N87°10'17"E FOR A DISTANCE OF 44.23 FEET; THENCE RUN S75°58'25"E FOR A DISTANCE OF 33.85 FEET; THENCE RUN S52°20'21"E FOR A DISTANCE OF 60.74 FEET; THENCE RUN S32°31'43"E FOR A DISTANCE OF 19.06 FEET; THENCE RUN S79°21'06"E FOR A DISTANCE OF 14.94 FEET, TO THE BEGINNING OF A NON-TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 135.00 FEET, AT A BEARING OF S61°38'45"W THEREFROM, THROUGH A CENTRAL ANGLE OF 34°10'48" AND BEING SUBTENDED BY A CHORD OF 79.35 FEET AT A BEARING OF S11°15'51"E, FOR AN ARC LENGTH OF 80.53 FEET; THENCE RUN S15°20'11"W FOR A DISTANCE OF 74.39 FEET; THENCE RUN S02°57'51"W FOR A DISTANCE OF 287.21 FEET; THENCE RUN S07°56'53"E FOR A DISTANCE OF 20.00 FEET, TO THE BEGINNING OF A NON-TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 860.00 FEET, AT A BEARING OF S07°56'53"E THEREFROM, THROUGH A CENTRAL ANGLE OF 03°15'18" AND BEING SUBTENDED BY A CHORD OF 48.85 FEET AT A BEARING OF N83°40'46"E, FOR AN ARC LENGTH OF 48.86 FEET; THENCE RUN N85°18'25"E FOR A DISTANCE OF 157.45 FEET, TO THE BEGINNING OF A TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 340.00 FEET, THROUGH A CENTRAL ANGLE OF 43°50'25" AND BEING SUBTENDED BY A CHORD OF 253.85 FEET AT A BEARING OF N63°23'12"E, FOR AN ARC LENGTH OF 260.15 FEET; THENCE RUN S49°53'56"E FOR A DISTANCE OF 137.97 FEET; THENCE RUN S86°39'49"E FOR A DISTANCE OF 39.35 FEET; THENCE RUN N53°49'19"E FOR A DISTANCE OF 30.52 FEET; THENCE RUN N80°55'30"E FOR A DISTANCE OF 50.02 FEET; THENCE RUN S88°45'17"E FOR A DISTANCE OF 69.57 FEET; THENCE RUN S66°40'58"E FOR A DISTANCE OF 51.03 FEET; THENCE RUN S46°35'03"E FOR A DISTANCE OF 38.34 FEET; THENCE RUN S03°07'13"E FOR A DISTANCE OF 61.94 FEET; THENCE RUN S47°46'53"E FOR A DISTANCE OF 52.07 FEET; THENCE RUN S46°52'41"W FOR A DISTANCE OF 174.74 FEET, TO THE BEGINNING OF A NON-TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 182.07 FEET, AT A BEARING OF S32°49'32"W THEREFROM, THROUGH A CENTRAL ANGLE OF 12°10'48" AND BEING SUBTENDED BY A CHORD OF 38.63 FEET AT A BEARING OF N63°15'52"W, FOR AN ARC LENGTH OF 38.70 FEET; THENCE RUN N69°21'17"W FOR A DISTANCE OF 53.88 FEET, TO THE BEGINNING OF A TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 215.00 FEET, THROUGH A CENTRAL ANGLE OF 49°32'12" AND BEING SUBTENDED BY A CHORD OF 180.15 FEET AT A BEARING OF S85°52'38"W, FOR AN ARC LENGTH OF 185.88 FEET, TO A POINT OF REVERSE CURVATURE; THENCE ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 520.00 FEET, THROUGH A CENTRAL ANGLE OF 27°06'39" AND BEING

(DESCRIPTION CONTINUED ON SHEET 2)



ACKNOWLEDGMENT

STATE OF FLORIDA
COUNTY OF COLLIER

THE FOREGOING DEDICATION WAS ACKNOWLEDGED BEFORE ME THIS 12th DAY OF February, 2016, BY AUBREY J. FERRAO, AS CHIEF EXECUTIVE OFFICER AND PRESIDENT OF FCC MARSH, LLC, A FLORIDA LIMITED LIABILITY COMPANY, ON BEHALF OF THE COMPANY, WHO IS PERSONALLY KNOWN TO ME OR WHO HAS PRODUCED _____ AS IDENTIFICATION.

COUNTY APPROVALS:

COUNTY ENGINEER

THIS PLAT APPROVED BY THE GROWTH MANAGEMENT DEPARTMENT OF COLLIER COUNTY, FLORIDA THIS _____ DAY OF MARCH 7th, 2016, A.D.

JACK MCKENNA, P.E.
COLLIER COUNTY ENGINEER

COUNTY SURVEYOR

THIS PLAT HAS BEEN REVIEWED BY THE COLLIER COUNTY SURVEYOR THIS 7th DAY OF MARCH, 2016, A.D.

MARCUS L. BERMAN P.S.M. # 5086
COLLIER COUNTY SURVEYOR

COUNTY COMMISSION APPROVAL

THIS PLAT APPROVED FOR RECORDING IN A REGULAR OPEN MEETING BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, THIS 12th DAY OF JANUARY, 2016, A.D. PROVIDED THAT THE PLAT IS FILED IN THE OFFICE OF THE CLERK OF CIRCUIT COURT OF COLLIER COUNTY, FLORIDA.

By: _____
ATTEST:
DWIGHT E. BROCK
Attest as to Chairman's signature only.

DONNA FIALA, CHAIRMAN
BOARD OF COUNTY COMMISSIONERS
COLLIER COUNTY, FLORIDA

COUNTY ATTORNEY

THIS PLAT APPROVED BY THE COLLIER COUNTY ATTORNEY THIS 8th DAY OF MARCH, 2016, A.D.

SCOTT A. STONE
ASSISTANT COUNTY ATTORNEY

FILING RECORD

I HEREBY CERTIFY THAT THIS PLAT HAS BEEN EXAMINED BY ME AND THAT IT COMPLIES IN FORM WITH THE REQUIREMENTS, OF CHAPTER 177, FLORIDA STATUTES. I FURTHER CERTIFY THAT SAID PLAT WAS FILED FOR RECORD AT (A.M. OR P.M.), THIS 16th DAY OF MARCH, 2016, A.D., AND DULY RECORDED IN PLAT BOOK 60, PAGE(S) 94 THROUGH 100, INCLUSIVE, OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA.

DWIGHT E.BROCK,
CLERK OF THE CIRCUIT COURT
IN AND FOR COLLIER COUNTY, FLORIDA

SURVEYOR'S CERTIFICATION

I HEREBY CERTIFY THAT THIS PLAT WAS PREPARED FROM A BOUNDARY SURVEY PERFORMED BY ME, OR UNDER MY SUPERVISON, AS PROVIDED IN CHAPTER 177.041 FLORIDA STATUTES AND THAT THIS PLAT COMPLIES WITH ALL THE REQUIREMENTS OF CHAPTER 177, PART 1, AS AMENDED, FLORIDA STATUTES. IT IS FURTHER CERTIFIED THAT ALL PERMANENT REFERENCE MONUMENTS WILL BE SET PRIOR TO THE RECORDING OF THIS PLAT AND THAT ALL PERMANENT CONTROL POINTS AND LOT CORNERS WILL BE SET PRIOR TO FINAL ACCEPTANCE OF THE REQUIRED IMPROVEMENTS.

LEGAL DESCRIPTION

(CONTINUED FROM SHEET 1)

SUBTENDED BY A CHORD OF 243.76 FEET AT A BEARING OF S74°39'51"W, FOR AN ARC LENGTH OF 246.05 FEET, TO A POINT OF REVERSE CURVATURE; THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 330.00 FEET, THROUGH A CENTRAL ANGLE OF 20°32'58" AND BEING SUBTENDED BY A CHORD OF 117.72 FEET AT A BEARING OF S77°56'41"W, FOR AN ARC LENGTH OF 118.36 FEET, TO A POINT OF COMPOUND CURVATURE; THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 500.00 FEET, THROUGH A CENTRAL ANGLE OF 19°14'08" AND BEING SUBTENDED BY A CHORD OF 167.07 FEET AT A BEARING OF S58°03'08"W, FOR AN ARC LENGTH OF 167.86 FEET; THENCE RUN S48°26'04"W FOR A DISTANCE OF 500.96 FEET, TO THE BEGINNING OF A TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 400.94 FEET, THROUGH A CENTRAL ANGLE OF 22°01'49" AND BEING SUBTENDED BY A CHORD OF 153.21 FEET AT A BEARING OF S59°26'59"W, FOR AN ARC LENGTH OF 154.16 FEET, TO A POINT OF REVERSE CURVATURE; THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 3070.65 FEET, THROUGH A CENTRAL ANGLE OF 08°21'38" AND BEING SUBTENDED BY A CHORD OF 447.67 FEET AT A BEARING OF S66°17'05"W, FOR AN ARC LENGTH OF 448.07 FEET; THENCE RUN S62°06'15"W FOR A DISTANCE OF 182.31 FEET; THENCE RUN S71°10'46"W FOR A DISTANCE OF 52.63 FEET; THENCE RUN S71°49'06"W FOR A DISTANCE OF 38.15 FEET; THENCE RUN S80°39'24"W FOR A DISTANCE OF 34.31 FEET; THENCE RUN N75°22'25"W FOR A DISTANCE OF 45.19 FEET; THENCE RUN N46°10'52"W FOR A DISTANCE OF 41.68 FEET; THENCE RUN N06°07'12"W FOR A DISTANCE OF 55.01 FEET; THENCE RUN N12°04'24"E FOR A DISTANCE OF 130.84 FEET; THENCE RUN N33°42'34"E FOR A DISTANCE OF 42.27 FEET; THENCE RUN N67°28'57"E FOR A DISTANCE OF 65.82 FEET; THENCE RUN N60°52'38"E FOR A DISTANCE OF 64.57 FEET; THENCE RUN S89°50'14"E FOR A DISTANCE OF 62.60 FEET; THENCE RUN N04°06'31"E FOR A DISTANCE OF 525.29 FEET; THENCE RUN N02°58'52"E FOR A DISTANCE OF 443.87 FEET; THENCE RUN N78°37'49"W FOR A DISTANCE OF 71.66 FEET; THENCE RUN N46°46'28"W FOR A DISTANCE OF 33.09 FEET; THENCE RUN S87°01'20"W FOR A DISTANCE OF 14.35 FEET; THENCE RUN S43°42'55"W FOR A DISTANCE OF 46.43 FEET; THENCE RUN S11°23'58"E FOR A DISTANCE OF 57.40 FEET; THENCE RUN S26°29'15"W FOR A DISTANCE OF 66.20 FEET; THENCE RUN S19°34'18"W FOR A DISTANCE OF 682.33 FEET; THENCE RUN S24°32'19"W FOR A DISTANCE OF 652.07 FEET; THENCE RUN S61°01'50"E FOR A DISTANCE OF 82.59 FEET, TO THE BEGINNING OF A NON-TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 109.56 FEET, AT A BEARING OF S34°38'50"W THEREFROM, THROUGH A CENTRAL ANGLE OF 55°40'50" AND BEING SUBTENDED BY A CHORD OF 102.33 FEET AT A BEARING OF S27°30'44"E, FOR AN ARC LENGTH OF 106.47 FEET; THENCE RUN S00°19'41"W FOR A DISTANCE OF 40.25 FEET, TO THE BEGINNING OF A TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 121.42 FEET, THROUGH A CENTRAL ANGLE OF 19°05'03" AND BEING SUBTENDED BY A CHORD OF 40.26 FEET AT A BEARING OF S09°12'51"E, FOR AN ARC LENGTH OF 40.44 FEET; THENCE RUN S53°41'10"W FOR A DISTANCE OF 135.38 FEET, TO THE BEGINNING OF A NON-TANGENTIAL CIRCULAR CURVE; THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 750.00 FEET, AT A BEARING OF S53°09'19"W THEREFROM, THROUGH A CENTRAL ANGLE OF 38°03'49" AND BEING SUBTENDED BY A CHORD OF 489.14 FEET AT A BEARING OF N55°52'35"W, FOR AN ARC LENGTH OF 498.25 FEET, TO A POINT ON THE EASTERLY BOUNDARY OF SAID FIDDLER'S CREEK MARSH COVE PLAT; THENCE ALONG THE EASTERLY BOUNDARY OF SAID FIDDLER'S CREEK MARSH COVE PLAT, THE FOLLOWING TWELVE (12) DESCRIBED COURSES: 1) THENCE RUN N15°05'06"E FOR A DISTANCE OF 181.86 FEET, TO THE BEGINNING OF A TANGENTIAL CIRCULAR CURVE; 2) THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 50.00 FEET, THROUGH A CENTRAL ANGLE OF 38°35'37" AND BEING SUBTENDED BY A CHORD OF 33.05 FEET AT A BEARING OF N04°12'42"W, FOR AN ARC LENGTH OF 33.68 FEET, TO A POINT OF REVERSE CURVATURE; 3) THENCE ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 235.00 FEET, THROUGH A CENTRAL ANGLE OF 79°45'15" AND BEING SUBTENDED BY A CHORD OF 301.34 FEET AT A BEARING OF N16°22'07"E, FOR AN ARC LENGTH OF 327.11 FEET, TO A POINT OF REVERSE CURVATURE; 4) THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 100.00 FEET, THROUGH A CENTRAL ANGLE OF 31°42'25" AND BEING SUBTENDED BY A CHORD OF 54.64 FEET AT A BEARING OF N40°23'31"E, FOR AN ARC LENGTH OF 55.34 FEET; 5) THENCE RUN N24°32'19"E FOR A DISTANCE OF 250.94 FEET; 6) THENCE RUN N19°34'18"E FOR A DISTANCE OF 593.13 FEET, TO THE BEGINNING OF A TANGENTIAL CIRCULAR CURVE; 7) THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 100.00 FEET, THROUGH A CENTRAL ANGLE OF 10°14'21" AND BEING SUBTENDED BY A CHORD OF 17.85 FEET AT A BEARING OF N14°27'08"E, FOR AN ARC LENGTH OF 17.87 FEET; 8) THENCE RUN N09°19'57"E FOR A DISTANCE OF 97.87 FEET, TO THE BEGINNING OF A NON-TANGENTIAL CIRCULAR CURVE; 9) THENCE ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 600.00 FEET, AT A BEARING OF N09°19'57"E THEREFROM, THROUGH A CENTRAL ANGLE OF 29°12'28" AND BEING SUBTENDED BY A CHORD OF 302.56 FEET AT A BEARING OF N66°03'49"W, FOR AN ARC LENGTH OF 305.86 FEET, TO A POINT OF REVERSE CURVATURE; 10) THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 600.00 FEET, THROUGH A CENTRAL ANGLE OF 44°32'41" AND BEING SUBTENDED BY A CHORD OF 454.81 FEET AT A BEARING OF N73°43'56"W, FOR AN ARC LENGTH OF 466.47 FEET; 11) THENCE RUN N06°00'16"W FOR A DISTANCE OF 100.00 FEET, TO THE BEGINNING OF A NON-TANGENTIAL CIRCULAR CURVE; 12) THENCE ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 700.00 FEET, AT A BEARING OF S06°00'16"E THEREFROM, THROUGH A CENTRAL ANGLE OF 00°58'56" AND BEING SUBTENDED BY A CHORD OF 12.00 FEET AT A BEARING OF S83°30'16"W, FOR AN ARC LENGTH OF 12.00 FEET, TO THE POINT OF BEGINNING OF THE PARCEL HEREIN DESCRIBED. CONTAINING 2,888,597 SQUARE FEET OR 66.3 ACRES, MORE OR LESS.

CORRECTIVE
UTILITY FACILITIES WARRANTY DEED AND BILL OF SALE

This Corrective Utility Facilities Warranty Deed and Bill of Sale is made to correct the Certification of Contributory Assets attached to the back of that Utility Facilities Warranty Deed and Bill of Sale recorded in Official Records Book 6551, Page 3206; as instrument number 6782854, of the Public Records of Collier County, Florida.

THIS INDENTURE made this 9th of June, 2026, between **FCC MARSH, LLC, a Florida limited liability company**, at 8156 Fiddler's Creek Parkway, Naples, FL 34114 (hereinafter referred to as "Grantor"), and the **Board of County Commissioners of Collier County, Florida as a governing body of Collier County and as Ex-Officio Governing Board of the Collier County Water-Sewer District,** at 3299 Tamiami Trail East, Suite 303, Naples, FL 34112 (hereinafter referred to as "Grantee").

W I T N E S S E T H:

That said Grantor for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to said Grantor in hand paid by said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said Grantee, and Grantee's heirs, successors and assigns forever, those wastewater utility facilities and/or system(s) or portion(s) thereof as specifically described on Exhibit "A" attached hereto lying in, on, over and under the following described land, for operation, relocation, installation, repair and/or maintenance of said facilities, system(s) or portion(s) thereof, all situate and lying and being in Collier County, Florida, to wit:

(See Exhibit "A" attached hereto and incorporated by reference herein)

(Exhibit "B" attached hereto describes the parcel and a sketch or other graphic representation that depicts the physical location of the utility system being conveyed.)

(Exhibit "C" attached hereto is a revised Certificate of Contributory Assets – County.)

and said Grantor does hereby fully warrant the title to said utility facilities and/or system(s) or portion(s) thereof, be they realty, personalty, or mixed, and Grantor will defend such title against all claims of all persons whomsoever. For the purposes of this conveyance, the utility facilities, system(s) and/or portion(s) thereof conveyed herein shall not be deemed to convey any of the lands described in either exhibit. Grantor and Grantee are sued for singular or plural, as context allows.

A legal description and sketch or other graphic representation showing the location of the utility facilities, etc., being conveyed is attached as Exhibit "B".

TO HAVE AND TO HOLD the same unto the Grantee and its assigns, together with the right to enter upon said land, excavate, relocate and/or take or introduce materials for the purpose of constructing, relocating, operating, repairing and/or otherwise maintaining utility systems thereon. Grantor and Grantee are used for singular or plural as the context requires.

IN WITNESS WHEREOF, Grantor has caused these presents to be executed the date and year above first written.

Executive Summary

Recommendation to authorize the Clerk of Courts to release a Performance Bond in the amount of $25,000, which was posted as a guaranty for Excavation Permit Number PL20240005182 for work associated with Prima Auto Condos.

OBJECTIVE: To release a security that was posted as a development guaranty.

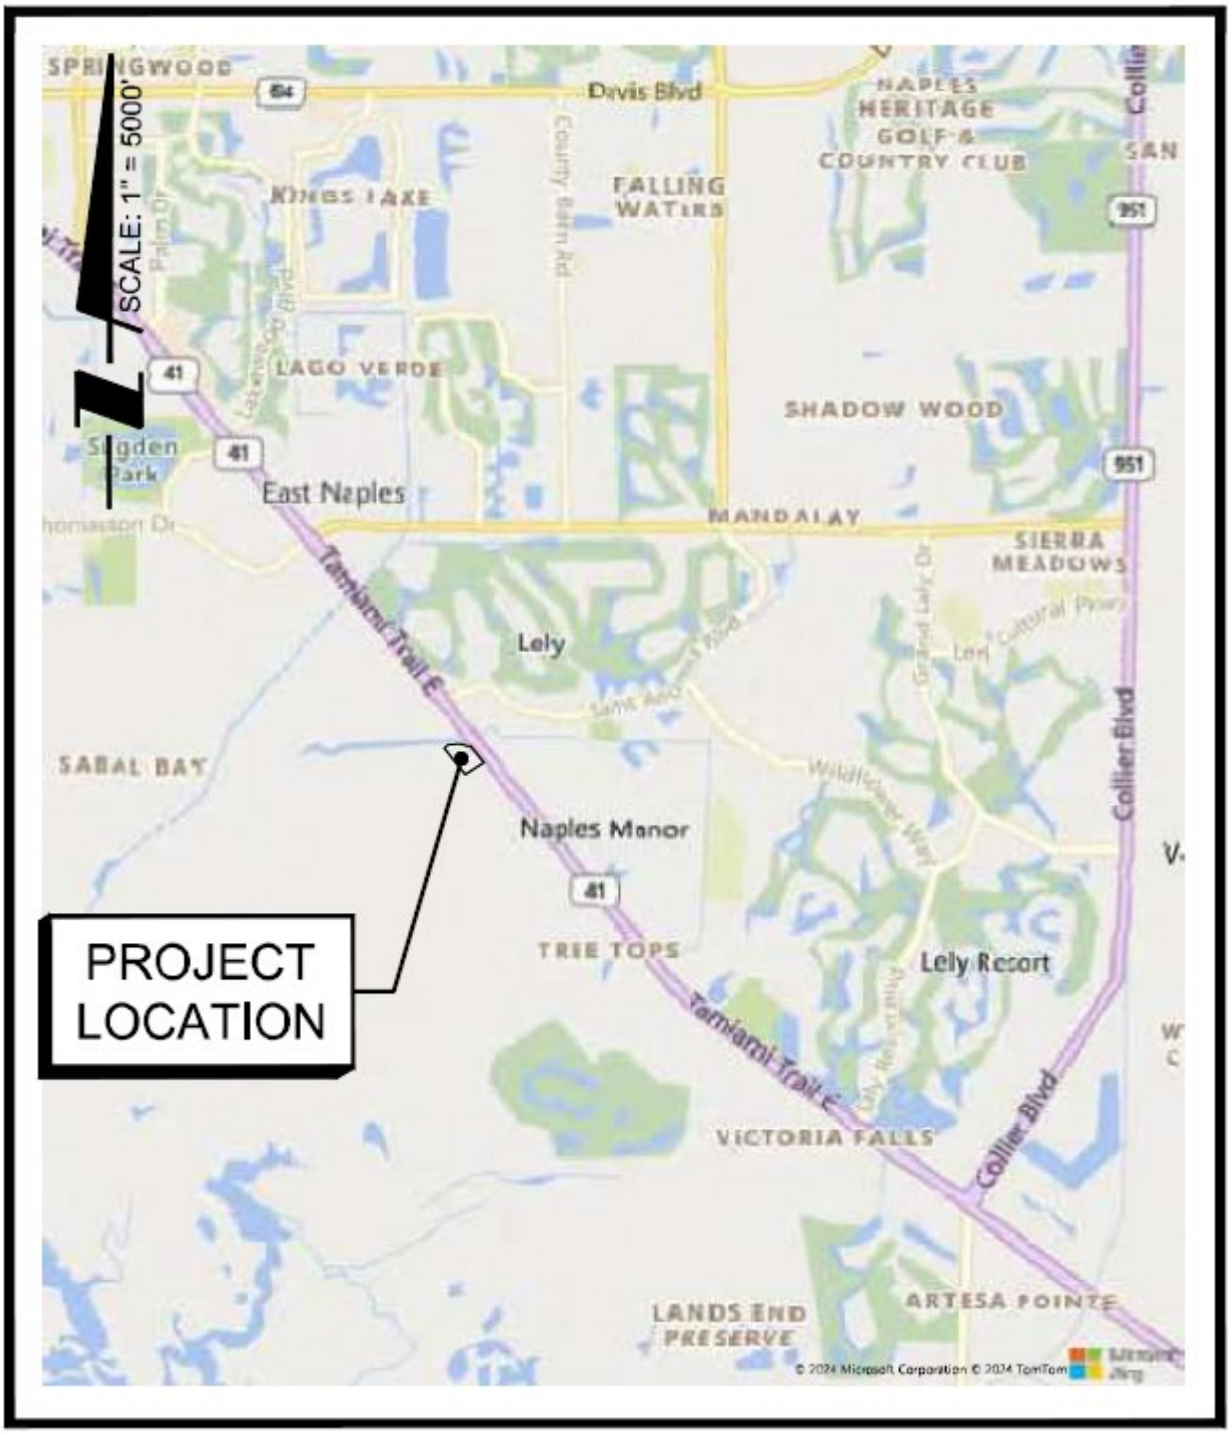
CONSIDERATIONS: The Development Review Division routinely accepts securities administratively as guaranties for developer commitments in accordance with Section 22-115 of the Collier County Code of Ordinances. The Performance Bond was posted as security for an Excavation Permit associated with Prima Auto Condos; however, the developer will no longer be excavating the proposed lake and has requested cancellation of this excavation permit.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Performance Bond securities are held as a development guaranty and released after work is performed.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - CLD



RECOMMENDATION(S): To authorize the Clerk of Courts to release the Performance Bond in the amount of $25,000. Development Review staff will issue a Memorandum to the Clerk of Courts upon approval of this item by the Board of County Commissioners, advising the Clerk of this action.

EXCAVATION PERFORMANCE AGREEMENT

THIS EXCAVATION PERFORMANCE AGREEMENT entered into this 30 day of September, 2024 between PRIMA PARTNERS, LLC hereinafter referred to as "Developer," and the Board of County Commissioners of Collier County, Florida, hereinafter referred to as the "Board".

WHEREAS, Developer has applied for an excavation permit in accordance with Section 22-106, *et al.* of the Collier County Code of Laws and Ordinances, and the Collier County Land Development Code, including but not limited to Section 3.05.10 (collectively, the "Excavation Regulations"); and

WHEREAS, the Excavation Regulations require the Developer to post appropriate guarantees and execute an Excavation Performance Security Agreement stating applicant will comply with the Excavation Regulations and Excavation Permit No. PL 20240005182 (the "Excavation Permit").

NOW, THEREFORE, in consideration of the foregoing premises and mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer agrees to comply with the Excavation Regulations and the Excavation Permit (the "Excavation Work").

2. Developer herewith tenders its excavation performance security (attached hereto as **Exhibit "A"** and by reference made a part hereof) in the amount of $**25,000.00.**

3. In the event of default by Developer or failure of Developer to complete the Excavation Work within the time required by the Excavation Regulations and Excavation Permit, Collier County, may call upon the excavation performance security to insure satisfactory completion of the Excavation Work.

4. The Excavation Work shall not be considered complete until Developer notifies the County that the Excavation Work is complete and the final Excavation Work is reviewed and approved by the County Manager or designee for compliance with the Excavation Regulations.

5. The County Manager or designee shall, within sixty (60) days of receipt of notification by Developer in writing that the Excavation Work is complete, either: a) notify Developer in writing of his approval of the Excavation Work; or b) notify the Developer in writing of his refusal to approve the Excavation Work, therewith specifying those conditions which Developer must fulfill in order to obtain the County Manager's approval of the Excavation Work.

6. In the event Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or designee may call upon the excavation performance security to secure satisfactory completion, repair and maintenance of the Excavation Work. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt and acceptance of bids, the Excavation Work. The Developer, as principal under the excavation performance

security, shall be liable to pay and to indemnify the Board, upon completion of such construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the Board may sustain on account of the failure of Developer to fulfill all of the provisions of this Agreement.

7. All of the terms, covenants and conditions herein contained are and shall be binding upon Developer and the respective successors and assigns of Developer.

IN WITNESS WHEREOF, the Board and Developer have caused this Agreement to be executed by their duly authorized representatives this 30 day of September, 2024.

Executive Summary

Recommendation to authorize the Clerk of Courts to release a Performance Bond in the amount of $82,200, which was posted as a guaranty for Excavation Permit Number PL20210000303 for work associated with Jasper Flats.

OBJECTIVE: To release a security that was posted as a development guaranty.

CONSIDERATIONS: The Development Review Division routinely accepts securities administratively as guaranties for developer commitments in accordance with Section 22-115 of the Collier County Code of Ordinances. The work associated with this security has been inspected, and the developer has fulfilled his commitments with respect to this security. The Performance Bond was posted as security for an Excavation Permit associated with Jasper Flats. The As-Built lake cross sections have been received, and the Development Review Division inspected the lake on January 21, 2026.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Performance Bond securities are held as a development guaranty and released after work is performed.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - CLD

RECOMMENDATION(S): To authorize the Clerk of Courts to release the Performance Bond in the amount of $82,200. Development Review staff will issue a Memorandum to the Clerk of Courts upon approval of this item by the Board of County Commissioners, advising the Clerk of this action.

EXCAVATION PERFORMANCE AGREEMENT

THIS EXCAVATION PERFORMANCE AGREEMENT entered into this 22nd day of March, 2021 between Jasper Naples, LLC hereinafter referred to as "Developer," and the Board of County Commissioners of Collier County, Florida, hereinafter referred to as the "Board".

WHEREAS, Developer has applied for an excavation permit in accordance with Section 22-106, *et al.* of the Collier County Code of Laws and Ordinances, and the Collier County Land Development Code, including but not limited to Section 3.05.10 (collectively, the "Excavation Regulations"); and

WHEREAS, the Excavation Regulations require the Developer to post appropriate guarantees and execute an Excavation Performance Security Agreement stating applicant will comply with the Excavation Regulations and Excavation Permit No. PL20210000303 (the "Excavation Permit").

NOW, THEREFORE, in consideration of the foregoing premises and mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer agrees to comply with the Excavation Regulations and the Excavation Permit (the "Excavation Work").

2. Developer herewith tenders its excavation performance security (attached hereto as Exhibit "A" and by reference made a part hereof) in the amount of $82,200.00.

3. In the event of default by Developer or failure of Developer to complete the Excavation Work within the time required by the Excavation Regulations and Excavation Permit, Collier County, may call upon the excavation performance security to insure satisfactory completion of the Excavation Work.

4. The Excavation Work shall not be considered complete until Developer notifies the County that the Excavation Work is complete and the final Excavation Work is reviewed and approved by the County Manager or designee for compliance with the Excavation Regulations.

5. The County Manager or designee shall, within sixty (60) days of receipt of notification by Developer in writing that the Excavation Work is complete, either: a) notify Developer in writing of his approval of the Excavation Work; or b) notify the Developer in writing of his refusal to approve the Excavation Work, therewith specifying those conditions which Developer must fulfill in order to obtain the County Manager's approval of the Excavation Work.

6. In the event Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or designee may call upon the excavation performance security to secure satisfactory completion, repair and maintenance of the Excavation Work. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt and acceptance of bids,

the Excavation Work. The Developer, as principal under the excavation performance security, shall be liable to pay and to indemnify the Board, upon completion of such construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the Board may sustain on account of the failure of Developer to fulfill all of the provisions of this Agreement.

7. All of the terms, covenants and conditions herein contained are and shall be binding upon Developer and the respective successors and assigns of Developer.

IN WITNESS WHEREOF, the Board and Developer have caused this Agreement to be executed by their duly authorized representatives this 22 day of March, 2021.

Executive Summary

Recommendation to approve final acceptance of the potable water and sewer utility facilities for Royal Palm Academy Phase 2. [PL20260004735]

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of the potable water and sewer facilities, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31.

CONSIDERATIONS:

1. The Developer of Royal Palm Academy Phase 2 constructed the potable water and sewer facilities within dedicated easements to serve this private development (see attached location map).

2. A final inspection to discover defects in materials and workmanship was conducted by staff on May 22, 2026, in coordination with Public Utilities, and these facilities are satisfactory and acceptable.
3. Staff recommends final acceptance of the subject potable water and sewer utility facilities. The subject potable water and sewer facilities are owned and maintained by the developer.
4. This final acceptance is in accordance with Collier County Ordinance No. 2004-31, as amended.
5. Staff are unaware of any issues that would serve to negate the recommendation to release the project.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Review and inspection fees in the amount of $98.97 were paid under the original application, SDPA PL20240003342, and deposited in Planning Fund (1014).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. – SAA

Executive Summary

Recommendation to approve final acceptance of the potable water utility facilities and accept the conveyance of a portion of the potable water facilities and appurtenant utility easement for One Naples Phase 2A & 4A. [PL20260002029]

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of the potable water utility facilities and accept the conveyance of a portion of the potable water and appurtenant utility easement, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31, as amended.

CONSIDERATIONS:

1. The Developer has constructed the potable water utility facilities for One Naples Phase 2A & 4A, within dedicated easements to serve this development (see attached location map). A portion of the potable water utility facilities was offered for conveyance to the County, as described in Official Records (O.R.) Book 6588, Page (PG) 1034, together with appurtenant Deed of Utility Easement recorded in O.R. Book 6355, PG 380, of the Public Records of Collier County, Florida. The value of these potable water utility facilities (assets) was $20,503.89. The remaining potable water utility facilities will be private.

2. Staff recorded all final acceptance documents associated with the potable water utility facilities conveyed to the County in the public records of Collier County, and the documents were reviewed and approved by the County Attorney's office as to form and legality. The County acquired its interest in a portion of the potable water utility facilities by Warranty Deed and Bill of Sale recorded in O.R. Book 6588, PG 1034 ("the Utilities Facilities Deed").

3. A final inspection to identify defects in materials and workmanship was conducted by staff on April 10, 2026, in coordination with Public Utilities, and the facilities were found to be satisfactory and acceptable.

4. Staff recommends final acceptance of the subject potable water utility facilities in the amount of $20,503.89. Staff also recommends acceptance of the Utilities Facilities Deed and the facilities described therein.

5. This final acceptance is in accordance with Collier County, Ordinance No. 2004-31, as amended.

6. Staff is unaware of any issues that would serve to negate the recommendation to approve this final acceptance.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Approval of this Executive Summary will have no specific financial impact. However, approval of this Executive Summary will result in the Collier County Water-Sewer District receiving title to the potable water utility facilities, which have a total gross value of $20,503.89 (no depreciation applied).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. – SAA

RECOMMENDATION(S): To approve final acceptance of the potable water utility facilities and accept the conveyance of a portion of the potable water utility facilities and appurtenant utility easement, for One Naples Phase 2A & 4A. [PL20260002029]

THIS INDENTURE made this 11th day of February, 2026, between VANDERBILT NAPLES HOLDINGS, a Florida limited liability company, whose mailing address is 2639 Professional Circle, Naples, Florida 34119 (hereinafter referred to as "Grantor"), and the BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY AND AS THE EX-OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT, whose mailing address is 3299 Tamiami Trail East, Suite 303, Naples, FL 34112 , its successors and assigns, (hereinafter referred to as "Grantee").

W I T N E S S E T H:

That said Grantor, for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to said Grantor in hand paid by said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said Grantee, and Grantee's heirs, successors and assigns forever, all water utility facilities and/or system(s) or portion(s) thereof lying in, on, over and under the following described lands, for operation, relocation, installation, repair and/or maintenance of said facilities, system(s) or portion(s) thereof, all situate and lying and being in Collier County, Florida, described in Exhibit "A" attached hereto and incorporated herein, to wit:

> See **Exhibit "A"** attached hereto and incorporated by reference herein.
> **Exhibit "B"** attached hereto is a sketch or other graphic representation that depicts the physical location of the utility systems being conveyed.

and said Grantor does hereby fully warrant the title to said utility facilities and/or system(s) or portion(s) thereof, be they realty, personalty, or mixed, and Grantor will defend such title against all claims of all persons whomsoever. For the purposes of this conveyance, the utility facilities, system(s) and/or portion(s) thereof conveyed herein shall not be deemed to convey any of the lands described in either exhibit. Grantor and Grantee are used for singular or plural, as context allows. A sketch or other graphic representation showing the location of the utility facilities, etc., being conveyed is attached as Exhibit "B".

TO HAVE AND TO HOLD the same unto the Grantee and its assigns, together with the right to enter upon said land, excavate, relocate and/or take or introduce materials for the purpose of constructing, relocating,

operating, repairing and/or otherwise maintaining utility systems thereon. Grantor and Grantee are used for singular or plural, as the context requires.

DEED OF UTILITY EASEMENT

THIS COUNTY UTILITY EASEMENT (CUE) is granted and conveyed this 16TH day of JANUARY 2024, by VANDERBILT NAPLES HOLDINGS, LLC, a Florida limited liability company, as GRANTOR, to the BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY, AND AS THE EX-OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT, its successors and assigns, as GRANTEE.

W I T N E S S E T H :

That the Grantor for and in consideration of the sum of ten dollars ($10.00) and other valuable consideration paid by Grantee, receipt of which is hereby acknowledged by Grantor, hereby conveys, grants, bargains and sells unto Grantee, its successors and assigns, a perpetual, non-exclusive easement, license, right and privilege to enter upon and to install, relocate, repair and/or otherwise maintain utility system(s) and utility facilities, and/or portion(s) thereof, in, on, over and under the following described lands located in Collier County, Florida, to wit:

See attached Exhibit "A," which is incorporated herein by reference ("Utility Easement").

TO HAVE AND TO HOLD the same unto the Grantee, its successors and/or assigns, together with the right and privilege to enter upon said land to excavate, relocate and/or take and/or introduce materials for the purpose of constructing, operating, relocating, repairing and/or otherwise maintaining the subject utility facilities and/or system(s) or portion(s) thereof, in, on, over and/or under the easement area. Grantor and Grantee are used for singular or plural, as the context allows.

Grantee acknowledges and agrees that any Temporary County Utility Easement reserved pursuant to that certain Resolution No. 2021-47, recorded in Official Records Book 5908, Page 691, of the Public Records of Collier County, Florida, is acknowledged by the Grantee as having automatically expired, and Grantee joins in this Deed of Utility Easement for the purpose of acknowledging such automatic expiration.

Grantee further acknowledges and agrees that Grantor retains the right to install a security and/or access gate within or adjacent to said Utility Easement to allow access limited to the Grantor and Grantee, to the exclusion of the general public and/or any third parties, and to and maintain private parking facilities within said Utility Easement, provided that such uses are subject to, and not inconsistent with, the use by the Grantee.

IN WITNESS WHEREOF, the Grantor has caused these presents to be executed the date and year first above written.

Executive Summary

Recommendation to approve final acceptance of the sewer utility facilities and accept the conveyance of the sewer facilities and appurtenant utility easement for One Naples Phase 1A & 2B, PL20260000660, and authorize the County Manager, or designee, to release the construction bond in the amount of $270,058.25 submitted under the Site Development Plan (SDP) for One Naples. [PL20210002432]

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of the sewer utility facilities and accept the conveyance of the sewer utility facilities and appurtenant utility easement, and to release the Construction Bond in the amount of $270,058.25, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31, as amended.

CONSIDERATIONS:

1. The Developer has constructed the sewer utility facilities for One Naples Phase 1A & 2B, within dedicated easements to serve this development (see attached location map). The sewer utility facilities were offered for conveyance to the County, as described in Official Records (O.R.) Book 6588, Page (PG) 2548, and are located within County utility easements recorded in O.R. Book 6355, PG 380, of the Public Records of Collier County, Florida. The value of these sewer utility facilities (assets) was $348,236.98.

2. Staff recorded all final acceptance documents associated with the sewer utility facilities conveyed to the County in the public records of Collier County, and the documents were reviewed and approved by the County Attorney's office as to form and legality. The County acquired its interest in the sewer utility facilities by Warranty Deed and Bill of Sale recorded in O.R. Book 6588, PG 2548 ("the Utilities Facilities Deed").

3. A final inspection to identify defects in materials and workmanship was conducted by staff on May 1, 2026, in coordination with Public Utilities, and the facilities were found to be satisfactory and acceptable.

4. Staff recommends final acceptance of the subject sewer utility facilities in the amount of $348,236.98. Staff also recommends acceptance of the Utilities Facilities Deed and the facilities described therein.

5. This final acceptance is in accordance with Collier County, Ordinance No. 2004-31, as amended.

6. Staff is unaware of any issues that would serve to negate the recommendation to approve this final acceptance.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Approval of this Executive Summary will have no specific financial impact. However, approval of this Executive Summary will result in the Collier County Water-Sewer District receiving title to the sewer utility facilities, which has a total gross value of $348,236.98 (no depreciation applied).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. – CLD

RECOMMENDATION(S): To approve final acceptance of the sewer utility facilities and accept the conveyance of the sewer utility facilities for One Naples Phase 1A & 2B, PL20260000660, and to authorize the release of the construction bond in the amount of $270,058.25 for One Naples SDP. Form 2 - Rev. 2004 **(Utilities Performance Bond)**

UTILITIES PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENTS: that

VANDERBILT NAPLES HOLDINGS, LLC, a Florida limited liability company

2639 PROFESSIONAL CIRCLE, SUITE 101, NAPLES FLORIDA 34119

(hereinafter referred to as "Owner"), and

Atlantic Specialty Insurance Company

605 Highway 169 North
Suite 800
Plymouth, MN 55441

(hereinafter referred to as "Surety"), are held and firmly bound unto Collier County, Florida, (hereinafter called "County"), in the total aggregate penal sum of Two Hundred Forty Five Thousand Five Hundred Seven Dollars and Fifty Cents ($245,507.50) in lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents. Owner and Surety are used for singular or plural, as the context requires.

THE CONDITION OF THIS OBLIGATION is such that whereas, the Owner entered into a certain Utilities System Construction Contract, dated the 4th day of March, 2024, a copy of which is hereto attached and made a part hereof; and

WHEREAS the County has a material interest in the performance of said Contract; and

WHEREAS the County has adopted Ordinances and Resolutions (hereinafter "Land Development Regulations") concerning the Owner's obligations to the County regarding the construction, conveyance and warranty of potable water, non-potable irrigation water and/or wastewater system(s) or portion(s) thereof constructed within the unincorporated area of Collier County;

NOW, THEREFORE, if the Owner shall well, truly and faithfully perform its obligations and duties to the County under said Land Development Regulations and all the undertakings, covenants, terms, conditions, and agreements of said contract during the original term thereof, and any extensions thereof which may be granted by the Owner, with or without notice to the Surety and during the guaranty period established by the County, and thereafter, and if the Owner shall satisfy all claims and demands incurred under such contract, and shall fully indemnify and save harmless the County from all costs and damages which it may suffer by reason of failure to do so, and shall reimburse and repay the County all outlay and expense which

the County may incur in making good any default, then this obligation shall be void, otherwise to remain in full force and effect.

PROVIDED, FURTHER, that the said Surety, for value received hereby, stipulates and agrees that no change, extension of time, alteration or addition to the terms of the contract or to work to be performed thereunder, or the specifications accompanying same shall in any way affect its obligation on this Bond, and does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the contract or to the work or to the specifications.

PROVIDED, FURTHER, that it is expressly agreed that the bond shall be deemed amended automatically and immediately, without formal and separate amendments hereto, upon amendment to the Contract not increasing the contract price more than twenty percent (20%), so as to bind the Owner and the Surety to the full and faithful performance of the contract as so amended. The term "Amendment", wherever used in this bond, and whether referring to this bond, the Contract or other documents shall include any alteration, addition or modification of any character whatsoever.

IN WITNESS WHEREOF, the parties hereto have caused this Instrument to be executed this

27th day of February, 2024.

Power of Attorney

KNOW ALL MEN BY THESE PRESENTS, that ATLANTIC SPECIALTY INSURANCE COMPANY, a New York corporation with its principal office in Plymouth, Minnesota, does hereby constitute and appoint: **Brook T. Smith, James T. Smith, Raymond M. Hundley, Jason D. Cromwell, James H. Martin, Deborah S. Neichter, Michele D. Lacrosse**, each individually if there be more than one named, its true and lawful Attorney-in-Fact, to make, execute, seal and deliver, for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof; provided that no bond or undertaking executed under this authority shall exceed in amount the sum of: **unlimited** and the execution of such bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof in pursuance of these presents, shall be as binding upon said Company as if they had been fully signed by an authorized officer of the Company and sealed with the Company seal. This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-Fact.

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this twenty-seventh day of April, 2020.

UTILITY FACILITIES WARRANTY DEED AND BILL OF SALE

NOT RECORDED

THIS INDENTURE made this 16th day of January, 2026, between VANDERBILT NAPLES HOLDINGS, a Florida limited liability company, whose mailing address is 2639 Professional Circle, Naples, Florida 34119 (hereinafter referred to as "Grantor"), and the BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY AND AS THE EX-OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT, whose mailing address is 3299 Tamiami Trail East, Suite 303, Naples, FL 34112 , its successors and assigns, (hereinafter referred to as "Grantee").

W I T N E S S E T H:

That said Grantor, for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to said Grantor in hand paid by said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said Grantee, and Grantee's heirs, successors and assigns forever, all wastewater utility facilities and/or system(s) or portion(s) thereof lying in, on, over and under the following described lands, for operation, relocation, installation, repair and/or maintenance of said facilities, system(s) or portion(s) thereof, all situate and lying and being in Collier County, Florida, described in Exhibit "A" attached hereto and incorporated herein, to wit:

> See **Exhibit "A"** attached hereto and incorporated by reference herein.
> **Exhibit "B"** attached hereto is a sketch or other graphic representation that depicts the physical location of the utility systems being conveyed.

and said Grantor does hereby fully warrant the title to said utility facilities and/or system(s) or portion(s) thereof, be they realty, personalty, or mixed, and Grantor will defend such title against all claims of all persons whomsoever. For the purposes of this conveyance, the utility facilities, system(s) and/or portion(s) thereof conveyed herein shall not be deemed to convey any of the lands described in either exhibit. Grantor and Grantee are used for singular or plural, as context allows. A sketch or other graphic representation showing the location of the utility facilities, etc., being conveyed is attached as Exhibit "B".

Upon recording of this Deed and Bill of Sale, Grantor and Grantee acknowledge and agree that the Temporary Utility Easement recorded in Official Records Book 6355, Page 337, of the Public Records of Collier County, Florida, shall be of no further force and effect and shall not constitute a cloud or

encumbrance on title, and direct the Clerk of Courts of Collier County, Florida that the foregoing Temporary Utility Easement be released of record.

TO HAVE AND TO HOLD the same unto the Grantee and its assigns, together with the right to enter upon said land, excavate, relocate and/or take or introduce materials for the purpose of constructing, relocating, operating, repairing and/or otherwise maintaining utility systems thereon. Grantor and Grantee are used for singular or plural, as the context requires.

DEED OF UTILITY EASEMENT

THIS COUNTY UTILITY EASEMENT (CUE) is granted and conveyed this 16TH day of JANUARY 2024, by VANDERBILT NAPLES HOLDINGS, LLC, a Florida limited liability company, as GRANTOR, to the BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY, AND AS THE EX-OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT, its successors and assigns, as GRANTEE.

W I T N E S S E T H :

That the Grantor for and in consideration of the sum of ten dollars ($10.00) and other valuable consideration paid by Grantee, receipt of which is hereby acknowledged by Grantor, hereby conveys, grants, bargains and sells unto Grantee, its successors and assigns, a perpetual, non-exclusive easement, license, right and privilege to enter upon and to install, relocate, repair and/or otherwise maintain utility system(s) and utility facilities, and/or portion(s) thereof, in, on, over and under the following described lands located in Collier County, Florida, to wit:

See attached Exhibit "A," which is incorporated herein by reference ("Utility Easement").

TO HAVE AND TO HOLD the same unto the Grantee, its successors and/or assigns, together with the right and privilege to enter upon said land to excavate, relocate and/or take and/or introduce materials for the purpose of constructing, operating, relocating, repairing and/or otherwise maintaining the subject utility facilities and/or system(s) or portion(s) thereof, in, on, over and/or under the easement area. Grantor and Grantee are used for singular or plural, as the context allows.

Grantee acknowledges and agrees that any Temporary County Utility Easement reserved pursuant to that certain Resolution No. 2021-47, recorded in Official Records Book 5908, Page 691, of the Public Records of Collier County, Florida, is acknowledged by the Grantee as having automatically expired, and Grantee joins in this Deed of Utility Easement for the purpose of acknowledging such automatic expiration.

Grantee further acknowledges and agrees that Grantor retains the right to install a security and/or access gate within or adjacent to said Utility Easement to allow access limited to the Grantor and Grantee, to the exclusion of the general public and/or any third parties, and to and maintain private parking facilities within said Utility Easement, provided that such uses are subject to, and not inconsistent with, the use by the Grantee.

IN WITNESS WHEREOF, the Grantor has caused these presents to be executed the date and year first above written.

Executive Summary

Recommendation to approve final acceptance of the potable water and sewer utility facilities for One Naples Phase 3A, 3B & 7. [PL20260002331]

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of the potable water and sewer facilities, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31.

CONSIDERATIONS:

1. The Developer of One Naples Phase 3A, 3B & 7 constructed the private potable water and sewer facilities within dedicated easements to serve this private development (see attached location map).

2. A final inspection to identify defects in materials and workmanship was conducted by staff on May 1, 2026, in coordination with Public Utilities, and the facilities were found to be satisfactory and acceptable.

3. Staff recommends final acceptance of the subject potable water and sewer utility facilities. The subject potable water and sewer facilities are privately owned and maintained by the developer.

4. This final acceptance is in accordance with Collier County, Ordinance No. 2004-31, as amended.

5. Staff are unaware of any issues that would serve to negate the recommendation to release the project.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Review and inspection fees in the amount of $7,365.23 were paid under the original application, SDPA PL20210002432, and deposited in Planning Fund (1014).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. – CLD

RECOMMENDATION(S): To approve final acceptance of the potable water and sewer utility facilities for One Naples Phase 3A, 3B & 7. [PL20260002331]

Executive Summary

Recommendation to approve a Resolution for final acceptance of the private roadway and drainage improvements, and acceptance of the plat dedications, for the final plat of Ventana Pointe, Application Number PL20190002844, and authorize the release of the maintenance security in the amount of $306,414.80.

OBJECTIVE: Recommendation to approve a Resolution for final acceptance of the private roadway and drainage improvements, and acceptance of the plat dedications, for the final plat of Ventana Pointe, Application Number PL20190002844, and authorize the release of the maintenance security in the amount of $306,414.80.

CONSIDERATIONS:

1. On January 28, 2022, the Growth Management Department granted preliminary acceptance of the roadway and drainage improvements in Ventana Pointe.

2. The Ventana Pointe Homeowners Association, Inc., will maintain the private roadway and drainage improvements.

3. The required improvements have been constructed in accordance with the Land Development Code. The Growth Management Department inspected the improvements on June 4, 2026, and recommend final acceptance.

4. A resolution for final acceptance has been prepared by staff and approved by the County Attorney's Office. The resolution is a requirement of Section 10.02.05 C of the Land Development Code. A copy of the resolution is attached.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

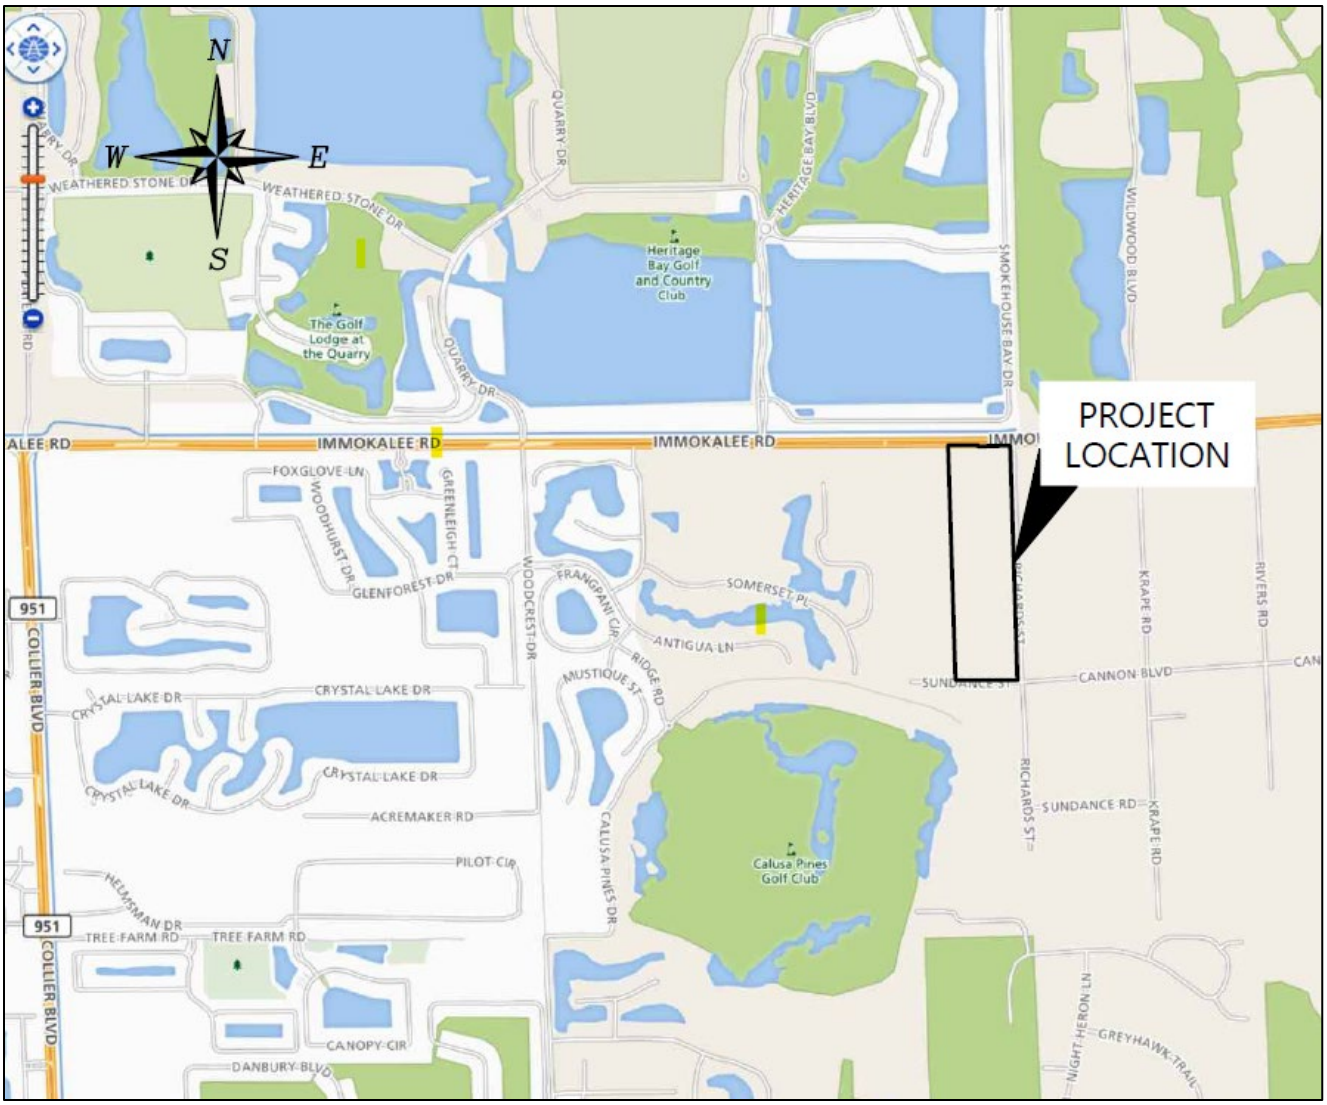
FISCAL IMPACT: The Ventana Pointe Homeowners Association, Inc., will maintain the private roadway and drainage improvements. The existing security in the amount of $306,414.80 will be released upon Board approval. The original security in the amount of $1,854,311.80 has been reduced to the current amount of $306,414.80 based on the work performed and completed pursuant to the terms of the Construction and Maintenance Agreement dated August 3, 2021.

GROWTH MANAGEMENT IMPACT: There is no growth management impact.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - CLD

RECOMMENDATION(S): To grant final acceptance of the roadway and drainage improvements in Ventana Pointe, Application Number PL20190002844, and authorize:

1. The Chairman to execute the attached resolution authorizing final acceptance of the improvements and plat dedications.



2. The Clerk of Courts to release the maintenance security.

CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS

THIS CONSTRUCTION AND MAINTENANCE AGREEMENT FOR SUBDIVISION IMPROVEMENTS entered into this 3rd day of August, 2021 between Pulte Home Company, LLC hereinafter referred to as "Developer", and Board of County Commissioners of Collier County, Florida, hereinafter referred to as the "Board".

RECITALS:

A. Developer has, simultaneously with the delivery of this Agreement, applied for the approval by the Board of certain plat of a subdivision to be known as: Ventana Pointe

B. Chapter 4 and 10 of the Collier County Land Development Code required the Developer to post appropriate guarantees for the construction of the improvements required by said subdivision regulations, said guarantees to be incorporated in a bonded agreement for the construction of the required improvements.

NOW, THEREFORE, in consideration of the foregoing premises and mutual covenants hereinafter set forth, Developer and the Board do hereby covenant and agree as follows:

1. Developer will cause to be constructed: SUBDIVSION IMPROVEMENTS FOR VENTANA POINTE within 36 months from the date of approval said subdivision plat, said improvements hereinafter referred to as the required improvements.

2. Developer herewith tenders its subdivision performance security (attached hereto as Exhibit "A" and by reference made a part hereof) in the amount of $1,854,311.80 which amount represents 10% of the total contract cost to complete the construction plus 100% of the estimated cost of to complete the required improvements at the date of this Agreement.

3. In the event of default by the Developer or failure of the Developer to complete such improvements within the time required by the Land Development Code, Collier County, may call upon the subdivision performance security to insure satisfactory completion of the required improvements.

4. The required improvements shall not be considered complete until a statement of substantial completion by Developer's engineer along with the final project records have been furnished to be reviewed and approved by the County Manager or his designee for compliance with the Collier County Land Development Code.

5. The County Manager or designee shall, within sixty (60) days of receipt of the statement of substantial completion, either: a) notify the Developer in writing of his preliminary approval of the improvements; or b) notify the Developer in writing of his refusal to approve improvements, therewith specifying those conditions which the Developer must fulfill in order to obtain the County Manager's approval of the improvements. However, in no event shall the County Manager or designee refuse preliminary approval of the improvements if they are in fact constructed and submitted for approval in accordance with the requirements of this Agreement.

6. The Developer shall maintain all required improvements for a minimum period of one year after preliminary approval by the County Manager or his designee. After the one-year maintenance period by the Developer has terminated, the Developer shall petition the County Manager or designee to inspect the required improvements. The County Manager or designee shall inspect the improvements and, if found to be still in compliance with the Land Development Code as reflected by final approval by the Board, the Board shall release the remaining 10% of the subdivision performance security. The Developer's responsibility for maintenance of the required improvements shall continue unless or until the Board accepts maintenance responsibility for and by the County.

7. Six (6) months after the execution of this Agreement and once within every six (6) months thereafter the Developer may request the County Manager or designee to reduce the dollar amount of the subdivision performance security on the basis of work complete, Each request for a reduction in the dollar amount of the subdivision performance security shall be accompanied by a statement of substantial completion by the Developer's engineer together with the project records necessary for review by the County Manager or designee. The County Manager or designee may grant the request for a reduction in the amount of the subdivision performance security for the improvements completed as of the date of the request.

8. In the event the Developer shall fail or neglect to fulfill its obligations under this Agreement, upon certification of such failure, the County Manager or designee may call upon the subdivision performance security to secure satisfactory completion, repair and maintenance of the required improvements. The Board shall have the right to construct and maintain, or cause to be constructed or maintained, pursuant to public advertisement and receipt and acceptance of bids, the improvements required herein. The Developer, as principal under the subdivision performance security, shall be liable to pay and to indemnify the Board, upon completion of such construction, the final total cost to the Board thereof, including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the Board may sustain on account of the failure of the Developer to fulfill all of the provisions of this Agreement.

9. All of the terms, covenants and conditions herein contained are and shall be binding upon the Developer and the respective successors and assigns of the Developer.

IN WITNESS WHEREOF, the Board and the Developer have caused this Agreement to be executed by their duly authorized representatives this 3rd day of August, 2021.

PERFORMANCE BOND
SUBDIVISION IMPROVEMENTS

KNOW ALL PERSONS BY THESE PRESENTS: that
Pulte Home Company, LLC
24311 Walden Center Drive, Suite 300
Bonita Springs Fl. 34134

(hereinafter referred to as "Owner") and Harco National Insurance Company
702 Oberlin Road, Raleigh, NC 27605
(NAME OF SURETY) (630) - 468 - 5600
(ADDRESS/TELEPHONE NUMBER OF SURETY)

(hereinafter referred to as "Surety") are held and firmly bound unto Collier County, Florida, (hereinafter referred to as "County") in the total aggregate sum of * Dollars ($1,854,311.80) in lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents. Owner and Surety are used for singular or plural, as the context requires. *One Million Eight Hundred Fifty Four Thousand Three Hundred Eleven and 80/100--

THE CONDITION OF THIS OBLIGATION is such that whereas, the Owner has submitted for approval by the Board a certain excavation permit no. PL20190002844 and that certain excavation permit shall include specific improvements which are required by Collier County Ordinances and Resolutions (hereinafter "Land Development Regulations"). This obligation of the Surety shall commence on the date this Bond is executed and shall continue until the date of completion of the work and approval by the County of the specific improvements described in the Land Development Regulations (hereinafter the "Guaranty Period") or until replaced by a new bond in the event of a change of Ownership.

NOW, THEREFORE, if the Owner shall well, truly and faithfully perform its obligations and duties in accordance with the Land Development Regulations during the guaranty period established by the County, and the Owner shall satisfy all claims and demands incurred and shall fully indemnify and save harmless the County from and against all costs and damages which it may suffer by reason of Owner's failure to do so, and shall reimburse and repay the County all outlay and expense which the County may incur in making good any default, then this obligation shall be void, otherwise to remain in full force and effect.

PROVIDED, FURTHER, that the said Surety, for value received hereby, stipulates and agrees that no change, extension of time, alteration, addition or deletion to the proposed specific improvements shall in any way affect its obligation on this Bond, and it does hereby waive notice of any such change, extension of time, alteration, addition or deletion to the proposed specific improvements.

PROVIDED FURTHER, that it is expressly agreed that the Bond shall be deemed amended automatically and immediately, without formal and separate amendments hereto, so as to bind the Owner and the Surety to the full and faithful performance in accordance with the Land Development Regulations. The term "Amendment," wherever used in this Bond, and whether referring to this Bond, or other documents shall include any alteration, addition or modification of any character whatsoever.

IN WITNESS WHEREOF, the parties hereto have caused this PERFORMANCE BOND to be executed this 28th day of April, 2021.

Craig Russo	Assistant Secretary (North Florida, West Florida, Southeast Florida, and Southwest Florida)
Justin Wood	General Sales Manager (Southwest Florida) and Assistant Secretary (North Florida, West Florida, Southeast Florida, and Southwest Florida)

Additionally and specifically, **Naomi Robertson**, as **Director – Finance; Justin Wood, as General Sales Manager; Ella Fleming as Division Controller**; and **Laura Ray, Christicia Marconi, Joann Frazier, Ashley Sherrill, Maleine Beltran,** and **Cindi Diekelmann**, in their respective capacities as Closing/Homebuyer Coordinators, have been duly authorized to execute (i) contracts for the sale of residential homes or lots to consumers (not to another business), and (ii) deeds of conveyance and all other documents that are relevant or incident to the sale and closing of residential homes or lots to consumers (not to another business), including any mortgage-related documents, such as buydown agreements or other relevant documents, on behalf of the LLC, and such documents, properly executed by such individuals on behalf of the LLC, are binding upon the LLC.

Further, **Daniel Bryce Langen**, as **Vice President-Finance** and **Treasurer**, and **Gregory S. Rives**, as **Assistant Treasurer**, have been and are duly authorized to execute bonds and any other bond-related documents on behalf of the LLC, and such documents, properly executed on behalf of the LLC are binding upon the LLC.

EXHIBIT A
SIGNING POWER RESOLUTIONS

EXHIBIT A

PULTE HOME COMPANY, LLC SIGNING

POWER RESOLUTIONS

A. **DEFINITIONS.**

As used in these resolutions:

"signing power" means the power and authority to execute and deliver an agreement, instrument or other document.

"General Signing Power" means signing power relating to the ordinary course of business of PULTE HOME COMPANY, LLC (the "Company") generally, without restriction to a particular Division or project, both in the Company's own capacity and in any instances where it is the managing partner or managing member of a joint venture (the "Partnership").

"Division Specific Signing Power" means signing power relating only to the ordinary course of business of a Division over which the officer, manager, or employee in question has management responsibility, both in the Company's own capacity and as managing partner or managing member of the Partnership.

B. **PURPOSE.**

The purpose of these resolutions is to establish the signing power of certain employees of the Company, both in the Company's own capacity and as managing partner or managing member of the Partnership. Copies of these resolutions may be delivered to title companies and other parties who require evidence of the signing power of an employee. No employee of the Company may subdelegate his or her signing power except as expressly provided in these resolutions by use of the words: "Other title(s) or person(s) designated in writing by . . .".

C. **RESOLUTIONS.**

RESOLVED, that the following officers, managers, or employees of the Company shall have the General Signing Power or the Division Specific Signing Power , as indicated in the charts below:

EXHIBIT A

management and erosion control in the development of real property and/or construction of homes in which the Company or the Partnership has any interest.

Real Property Financing and Land Banking Transactions

VI. Documents related to any of the following real property financings and land banking transactions:

a. Traditional Financing. Loan agreements, security agreements, promissory notes, deeds of trust and all other documents that are relevant or incident to the financing of the purchase and/or development of real property.

b. Special Taxing District Financing. Loan agreements, security agreements, promissory notes, deeds of trust and all other documents under which the Company or the Partnership is a party that are relevant or incident to a Special Taxing District Financing (defined below), other than documents contemplated in Guarantees and Environmental Indemnities.

"Special Taxing District Financing" means a financing through the issuance of bonds by a community development district, community facilities district, municipal utility district, county or municipal improvement district, tax incremental district or other similar special purpose unit of local government.

c. Guarantees and Environmental Indemnities. Guarantees of payment or performance of the obligations of another entity (whether in the form of a payment guaranty, indemnity or other document), maintenance or remargining guarantees and environmental indemnities in connection with development financing.

d. Land Banking Transactions. Assignments of contracts to purchase real property, options to purchase real property, development agreements and other documents evidencing arrangements with an intermediary, such as a land banker, to purchase or develop real property.

RE: Your Performance Bond No. 0800813 / Pulte Home Company
Ventana Pointe- PL201190002844

Dear Sir or Madam:

Please be advised that based on the work completed and inspected to date, the subject Performance Bond may now be reduced by $1,547,897.00, leaving an available balance of $306,414.80.

The remaining balance represents the required 10% maintenance security of $168,573.80, plus $106,310.00 in uncompleted improvements.

An original Bond Rider should be directed to this office reducing the value of the Bond, "all other terms and conditions of original Performance Bond shall remain in full force and effect"

This reduction will become effective upon our receipt of the original Bond Rider.

If I can be of any further assistance to you in this regard, please let me know.

Sincerely,

John Houldsworth

DECREASE PENALTY RIDER

BOND AMOUNT $1,854,311.80 BOND NO. 0800813

To be attached and form a part of Bond No. 0800813 dated the 28th Day of April, 2021, executed by Harco National Insurance Company as surety, on behalf of Pulte Home Company, LLC as current principal of record, and in favor of Collier County, Florida, as Obligee for Ventana Pointe - Excavation Work, and in the amount of One Million Eight Hundred Fifty Four Thousand Three Hundred Eleven Dollars and 80/100 ($1,854,311.80).

In consideration of the agreed premium charged for this bond, it is understood and agreed that Harco National Insurance Company hereby consents that effective from the 29th Day of November, 2023, said bond shall be amended as follows:

THE BOND PENALTY SHALL BE DECREASED:

FROM: One Million Eight Hundred Fifty Four Thousand Three Hundred Eleven Dollars and 80/100 ($1,854,311.80)

TO: Three Hundred Six Thousand Four Hundred Fourteen Dollars and 80/100 ($306,414.80)

The DECREASE of said bond penalty shall be effective as of the 29th Day of November, 2023, and does hereby agree that the continuity of protection under said bond subject to changes in penalty shall not be impaired hereby, provided that the aggregate liability of the above mentioned bond shall not exceed the amount of liability assumed by it at the time the act and/or acts of default were committed and in no event shall such liability be cumulative.

KNOW ALL MEN BY THESE PRESENTS: That **HARCO NATIONAL INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of Illinois, and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of New Jersey, and having their principal offices located respectively in the cities of Rolling Meadows, Illinois and Newark, New Jersey, do hereby constitute and appoint

Kelly A. Gardner

their true and lawful attorney(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise, and the execution of such instrument(s) in pursuance of these presents, shall be as binding upon the said **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by their regularly elected officers at their principal offices.

This Power of Attorney is executed, and may be revoked, pursuant to and by authority of the By-Laws of **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** and is granted under and by authority of the following resolution adopted by the Board of Directors of **INTERNATIONAL FIDELITY INSURANCE COMPANY** at a meeting duly held on the 13th day of December, 2018 and by the Board of Directors of **HARCO NATIONAL INSURANCE COMPANY** at a meeting held on the 13th day of December, 2018.

"**RESOLVED**, that (1) the Chief Executive Officer, President, Executive Vice President, Senior Vice President, Vice President, or Secretary of the Corporation shall have the power to appoint, and to revoke the appointments of, Attorneys-in-Fact or agents with power and authority as defined or limited in their respective powers of attorney, and to execute on behalf of the Corporation and affix the Corporation's seal thereto, bonds, undertakings, recognizances, contracts of indemnity and other written obligations in the nature thereof or related thereto; and (2) any such Officers of the Corporation may appoint and revoke the appointments of joint-control custodians, agents for acceptance of process, and Attorneys-in-fact with authority to execute waivers and consents on behalf of the Corporation; and (3) the signature of any such Officer of the Corporation and the Corporation's seal may be affixed by facsimile to any power of attorney or certification given for the execution of any bond, undertaking, recognizance, contract of indemnity or other written obligation in the nature thereof or related thereto, such signature and seals when so used whether heretofore or hereafter, being hereby adopted by the Corporation as the original signature of such officer and the original seal of the Corporation, to be valid and binding upon the Corporation with the same force and effect as though manually affixed."

IN WITNESS WHEREOF, **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** have each executed and attested these presents on this 31st day of December, 2022.

RESOLUTION NO. 26-____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA AUTHORIZING FINAL ACCEPTANCE OF CERTAIN ROADWAY AND DRAINAGE IMPROVEMENTS AND PLAT DEDICATIONS IN VENTANA POINTE, ACCORDING TO THE PLAT THEREOF RECORDED IN PLAT BOOK 70, PAGES 5 THROUGH 9, AND RELEASE OF THE MAINTENANCE SECURITY.

WHEREAS, the Board of County Commissioners of Collier County, Florida, on September 22, 2020, approved the plat of Ventana Pointe for recording; and

WHEREAS, the Developer has constructed and maintained the roadway and drainage improvements in accordance with the approved plans and specifications as required by the Land Development Code (Collier County Ordinance No. 04-41, as amended); and

WHEREAS, the Developer is requesting final acceptance of the roadway and drainage improvements and release of the maintenance security; and

WHEREAS, the Development Review Division has inspected the roadway and drainage improvements, and is recommending acceptance of said facilities.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that final acceptance is hereby granted for those roadway and drainage improvements and plat dedications in Ventana Pointe, pursuant to the plat thereof recorded in Plat Book 70, pages 5 through 9, and the Clerk is hereby authorized to release the maintenance security.

BE IT FURTHER RESOLVED AND ORDERED that the roadway and drainage improvements within Ventana Pointe will be maintained privately in the future and will not be the responsibility of Collier County.

This Resolution adopted after motion, second and majority vote favoring same, this _____ day of _____, 2026.

WHERE SIDE–ENTRY GARAGES ARE PROVIDED, THE DRIVEWAY SIDE SHALL BE DESIGNED SO THAT A PARKED VEHICLE SHALL NOT CONFLICT WITH THE SIDEWALK; HOWEVER, IN NO CASE SHALL THE SIDE YARD SETBACK ALONG A STREET FRONTAGE BE LESS THAN 10'. PORCHES, ENTRY FEATURES, AND ROOFED COURTYARDS MAY BE REDUCED TO 15'.
2) ZERO FEET IF ADJACENT TO A LANDSCAPE BUFFER OR LAKE MAINTENANCE EASEMENT, BOTH OF WHICH SHALL BE PLATTED AS SEPARATE TRACTS AT TIME OF SUBDIVISION PLAT OR SDP APPROVAL.
3) WITH THE USE OF A STRUCTURAL BARRIER, AS PERMITTED BY THE APPLICABLE STATE OR FEDERAL JURISDICTIONAL AGENCY, THE SETBACK FROM A PRESERVE MAY BE REDUCED BY 50 PERCENT AND MAY BE MET ENTIRELY WITHIN THE 15'WIDE OPEN SPACES STRIP ADJACENT TO THE PRESERVE DEPICTED ON THE PUD MASTER PLAN. THE PRESERVE SETBACK SHALL BE NOTED ON THE PLAT WITH A REFENCES TO THE LIMITATIONS OF THIS FOOTNOTE. NO STRUCTURES OR OTHER IMPROVEMENTS, OTHER THAN LANDSCAPING AND/OR STORMWATER MANAGEMENT FACILITIES, INCLUDING CONVEYANCE FACILITIES, AND STRUCTURES, SUCH AS BERMS, SWALES, AND OUTFALL STRUCTURE, SHALL BE PERMITTED WITHIN ANY PORTION OF THE PRESERVE SETBACK THAT IS INCLUDED IN ANY PLATTED LOT.

Executive Summary

Recommendation to approve final acceptance of the potable water and sewer utility facilities and accept the conveyance of the potable water and sewer facilities for Terreno at Valencia Golf and Country Club, Phase 4B & 4C. [PL20260003696]

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of these potable water and sewer utility facilities in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31.

CONSIDERATIONS:

1. The Developer has constructed the potable water and sewer utility facilities for Terreno at Valencia Golf and Country Club, Phase 4B & 4C, within dedicated easements to serve this development (see attached location map). The potable water and sewer utility facilities were offered for conveyance to the County, as described in Official Records (O.R.) Book 6591, Page (PG) 2502, and are located within County utility easements dedicated by the plat of Terreno at Valencia Golf and Country Club – Phase 1, recorded in Plat Book 71, Pages 43 through 70, of the Public Records of Collier County, Florida. The value of these potable water and sewer utility facilities (assets) was $231,394.12 and $313,337.64, respectively.

2. Staff recorded all final acceptance documents associated with the potable water and sewer utility facilities conveyed to the County in the public records of Collier County, and the documents were reviewed and approved by the County Attorney's office as to form and legality. The County acquired its interest in the potable water and sewer utility facilities by Warranty Deed and Bill of Sales recorded in 6591, PG 2502, of the Public Records of Collier County, Florida ("The Utilities Facilities Deeds").

3. A final inspection to identify defects in materials and workmanship was conducted by staff on April 7, 2026, in coordination with Public Utilities, and the facilities were found to be satisfactory and acceptable.

4. Staff recommends final acceptance of the subject potable water and sewer utility facilities in the amount of $544,731.76. Staff also recommends acceptance of the Utilities Facilities Deed and the facilities described therein.

5. This final acceptance is in accordance with Collier County, Ordinance No. 2004-31, as amended.

6. Staff is unaware of any issues that would serve to negate the recommendation to approve this final acceptance.

This item is consistent with the Collier Count strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Approval of this Executive Summary will result in the Collier County Water-Sewer District receiving title to the potable water and sewer utility facilities, which have a gross value of $544,731.76 (no depreciation applied) and an asset will be recorded in the financial records of the county.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval.– CLD

RECOMMENDATION(S): To approve final acceptance and accept the conveyance of the potable water and sewer utility facilities for Terreno at Valencia Golf and Country Club, Phase 4B & 4C. [PL20260003696]

UTILITY FACILITIES WARRANTY DEED AND BILL OF SALE

THIS INDENTURE, made effective as of the date and year set forth below, between **TERRENO COMMUNITY DEVELOPMENT DISTRICT**, a local unit of special purpose government, whose post office address is 2501A Burns Road, Palm Beach Gardens, Florida 33410 (hereinafter referred to as "Grantor"), and the **BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY AND AS EX-OFFICIO THE GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT**, whose post office address is 3299 Tamiami Trail East, Naples, Florida 34112, its successors and assigns, (hereinafter referred to as "Grantee").

WITNESSETH:

That said Grantor, for and in consideration of the sum of TEN AND NO/100THS DOLLARS ($10.00) and other good and valuable consideration to said Grantor in hand paid by said Grantee, the receipt of which is hereby acknowledged, has granted, bargained and sold to the said Grantee, and Grantee's successors and assigns forever, all potable water and wastewater utility system(s) or portion(s) thereof ("Utility Facilities") lying within the following described land, together with appurtenant easement rights for the installation, operation, relocation, repair and/or maintenance of said facilities, situate, lying and being in Collier County, Florida, to wit:

SEE **EXHIBIT "A"** ATTACHED HERETO AND INCORPORATED BY REFERENCE HEREIN WHICH CONTAINS THE LEGAL DESCRIPTION.

EXHIBIT "B" ATTACHED HERETO IS A SKETCH OF OTHER GRAPHIC REPRESENTATION THAT DEPICTS THE PHYSICAL LOCATION OF THE UTILITY SYSTEMS BEING CONVEYED.

and said Grantor does hereby fully warrant the title to said Utility Facilities, and/or system(s) or portion(s) thereof, be they realty, personalty, or mixed, and will defend the same against the lawful claims of all persons whomsoever. For the purposes of this conveyance, the Utility Facilities conveyed herein shall not be deemed to convey any of the lands described in Exhibit "A" or Exhibit "B." Grantor and Grantee are used for singular or plural, as the context allows.

To have and to hold the same unto the Grantee, and its successors and assigns, together with the right to enter upon said land, excavate, relocate and/or take or introduce materials for the purpose of constructing, relocating, operating, repairing and/or otherwise maintaining utility systems thereon. Grantor and Grantee are used for singular or plural, as the context requires.

IN WITNESS WHEREOF, Grantor has executed this Utilities Facilities Warranty Deed and Bill of Sale the date and year set forth below in the presence of:

Witnesses:

DEDICATION

STATE OF FLORIDA)
COUNTY OF COLLIER) SS

KNOW ALL MEN BY THESE PRESENTS, THAT PULTE HOME COMPANY, LLC, A MICHIGAN LIMITED LIABILITY COMPANY, THE OWNER OF THE LAND HEREIN DESCRIBED HAS CAUSED THIS PLAT OF TERRENO AT VALENCIA GOLF AND COUNTY CLUB - PHASE 1, TO BE MADE, AND DOES HEREBY MAKE THE FOLLOWING DEDICATIONS:

A. DEDICATE TO TERRENO HOMEOWNER'S ASSOCIATION, INC.:

1. TRACT "R" AS A PRIVATE RIGHT-OF-WAY SUBJECT TO THE EASEMENTS SHOWN AND DEPICTED HEREON, (COUNTY UTILITY EASEMENT (C.U.E.), PUBLIC UTILITY EASEMENT (P.U.E.), ACCESS EASEMENT (A.E.), DRAINAGE EASEMENT (D.E.), AND IRRIGATION EASEMENT (I.E.), WITH RESPONSIBILITY FOR MAINTENANCE.

2. TRACTS "T-1" THROUGH "T-10", INCLUSIVE, FOR COMMON AREA, SUBJECT TO THE EASEMENTS DEPICTED HEREON, WITH RESPONSIBILITY FOR MAINTENANCE.

3. ALL ACCESS EASEMENTS (A.E.), LAKE MAINTENANCE EASEMENTS (L.M.E.), LANDSCAPE BUFFER EASEMENT (L.B.E.), IRRIGATION EASEMENTS (I.E.) AND DRAINAGE EASEMENTS (D.E.), WITH RESPONSIBILITY FOR MAINTENANCE.

4. TRACTS "L-1" TO "L-17", INCLUSIVE, FOR LAKE, LAKE MAINTENANCE EASEMENT (L.M.E.), IRRIGATION EASEMENT (I.E.), AND DRAINAGE EASEMENT, WITH RESPONSIBILITY FOR MAINTENANCE.

5. ALL PRESERVE EASEMENTS (P.E.) ARE DEDICATED AS COMMON AREAS WITH PERPETUAL RESPONSIBILITY FOR MAINTENANCE. THE PRESERVE EASEMENTS MAY IN NO WAY BE ALTERED FROM THEIR NATURAL OR PERMITTED STATE. ACTIVITIES PROHIBITED WITHIN THE PRESERVE EASEMENTS INCLUDE, BUT ARE NO LIMITED TO, CONSTRUCTION OR PLACING OF BUILDINGS ON OR ABOVE THE GROUND; DUMPING OR PLACING SOIL OR OTHER SUBSTANCES SUCH AS TRASH; REMOVAL OR DESTRUCTION OF TREES, SHRUBS, OR OTHER VEGETATION WITH THE EXCEPTION OF EXOTIC/NUISANCE VEGETATION REMOVAL; EXCAVATION, DREDGING OR REMOVAL OF SOIL MATERIAL; DIKING OR FENCING; AND ANY OTHER ACTIVITIES DETRIMENTAL TO DRAINAGE; FLOOD CONTROL, WATER CONSERVATION, EROSION CONTROL, OR FISH AND WILDLIFE HABITAT CONSERVATION OR PRESERVATION.

6. TRACTS "O-1", "O-2" AND "O-3" FOR COMMON AREAS AND OPEN SPACE, SUBJECT TO THE EASEMENTS DEPICTED HEREON, WITH RESPONSIBILITY FOR MAINTENANCE.

B. DEDICATE TO ROBERTO BOLLT, TRUSTEE OF THE LAND TRUST AGREEMENT DATED JANUARY 27, 1986 AND RECORDED IN OFFICIAL RECORDS BOOK 1347, PAGE 2331, AND AMENDED JUNE 26, 1996, AND RECORDED IN OFFICIAL RECORDS BOOK 2250, PAGE 1827, OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA AND CYPRESS ASSOCIATES, LLC, AND THEIR RESPECTIVE SUCCESSORS AND ASSIGNS:

1. TRACT "R" FOR NONEXCLUSIVE INGRESS AND EGRESS OVER TRACT "R" WITH NO RESPONSIBILITY FOR MAINTENANCE, WHICH TRACT "R" IS THE SAME ROADWAY REFERENCED IN SECTION 12 OF THE INSTRUMENT RECORDED IN OFFICIAL RECORDS BOOK 6052, PAGES 2150 THROUGH 2184, OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA.

2. EASEMENTS, PURSUANT TO INSTRUMENT RECORDED IN OFFICIAL RECORDS BOOK 6052, PAGES 2150 THROUGH 2184, OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA.

C. RESERVED TO PULTE HOME COMPANY, LLC:

1. TRACTS "F-1" THROUGH "F-31", INCLUSIVE, FOR FUTURE DEVELOPMENT.

D. DEDICATE TO COLLIER COUNTY WATER-SEWER DISTRICT:

1. THAT ALL COUNTY UTILITY EASEMENTS (C.U.E.) FOR POTABLE WATER, NON-POTABLE IRRIGATION WATER AND/OR WASTEWATER SYSTEM(S) OR PORTION(S) THEREOF AND INGRESS AND EGRESS RIGHTS, WHERE APPROPRIATE, ARE PROVIDED TO THE COLLIER COUNTY WATER-SEWER DISTRICT TO OPERATE AND MAINTAIN POTABLE WATER, NON-POTABLE IRRIGATION WATER AND/OR WASTEWATER UTILITY SYSTEM(S) OR PORTION(S) THEREOF WITHIN THE PLATTED AREA AFTER FINAL CONVEYANCE TO THE CCWSD AND, WHERE APPLICABLE, TO INSTALL THE CCWSD'S CONNECTING UTILITY FACILITIES WITHIN SUCH EASEMENT(S), WITH NO RESPONSIBILITY FOR MAINTENANCE OF THE SURFACE EASEMENT AREA; AND

2. APPLICABLE POTABLE WATER, NON-POTABLE IRRIGATION WATER AND/OR WASTEWATER SYSTEM(S) OR PORTION(S) THEREOF CONSTRUCTED WITHIN THIS PLATTED AREA IN COMPLIANCE WITH THE REQUIREMENTS SET FORTH IN THE COLLIER COUNTY UTILITY STANDARD AND PROCEDURES ORDINANCE (2004-31), AS AMENDED, SHALL BE CONVEYED TO THE BOARD AS THE EX-OFFICIO GOVERNING BOARD OF THE WATER-SEWER DISTRICT UPON ACCEPTANCE OF THE ADDITIONS, EXTENSIONS AND/OR IMPROVEMENTS REQUIRED BY THE PLAT.

E. DEDICATE TO COLLIER COUNTY:

1. A NON-EXCLUSIVE ACCESS EASEMENT (A.E.) OVER AND ACROSS TRACT "R" FOR USE BY GOVERNMENT VEHICLES IN THE EXECUTION OF THEIR DUTIES, INCLUDING BUT NOT LIMITED TO EMERGENCY MEDICAL SERVICE, FIRE DEPARTMENT SERVICE, AND UTILITY SERVICE, SUBJECT TO THE EASEMENTS DEDICATED AND SHOWN HEREON WITHOUT RESPONSIBILITY FOR MAINTENANCE. THIS NON-EXCLUSIVE ACCESS EASEMENT (A.E.) MAY ALSO BE USED BY GOVERNMENT VEHICLES FOR ACCESS TO THE DRAINAGE EASEMENTS (D.E.), LAKE MAINTENANCE EASEMENTS (L.M.E.), AND PRESERVE EASEMENTS (P.E.).

2. ALL DRAINAGE EASEMENTS (D.E.) AS SHOWN HEREON WITHOUT RESPONSIBILITY FOR MAINTENANCE.

3. ALL LAKE MAINTENANCE EASEMENTS (L.M.E.) AS SHOWN HEREON WITHOUT RESPONSIBILITY FOR MAINTENANCE.

4. ALL PRESERVE EASEMENTS (P.E.) WITHOUT RESPONSIBILITY FOR MAINTENANCE AND SUBJECT TO THE CONDITIONS OF THE DEDICATION IN PARAGRAPH A.5. ABOVE.

5. ALL ACCESS EASEMENTS (A.E.) WITHOUT RESPONSIBILITY FOR MAINTENANCE.

6. TRACTS "W-1", "W-2" ~~ARE RESERVED TO COLLIER COUNTY~~ FOR FUTURE EXPANSION OF PUBLIC ROADWAY, SUBJECT TO THE EASEMENTS DEPICTED HEREON.

7. TRACT "V" AS A PUBLIC ROAD RIGHT-OF-WAY (R.O.W.) SUBJECT TO THE EASEMENTS DEPICTED HEREON, WHICH EASEMENTS ARE SUBORDINATE TO, AND MAY NOT BE USED INCONSISTENT WITH, THE USE OF THE RIGHTS-OF-WAY BY COLLIER COUNTY FOR ROADWAY PURPOSES INCLUDING, BUT NOT LIMITED TO, PAVEMENT, ROADWAY DRAINAGE, BIKE LANES, SIDEWALKS, AND PATHWAYS.

F. A NON-EXCLUSIVE PUBLIC UTILITY EASEMENT (P.U.E) TO ALL LICENSED OR FRANCHISED PUBLIC OR PRIVATE UTILITIES FOR PUBLIC UTILITY PURPOSES:

ALL PLATTED PUBLIC UTILITY EASEMENTS (P.U.E.) SHALL PROVIDE THAT SUCH EASEMENTS SHALL ALSO BE EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION OF CABLE TELEVISION SERVICES; PROVIDED, HOWEVER, NO SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF CABLE TELEVISION SERVICES SHALL INTERFERE WITH THE FACILITIES AND SERVICES OF AN ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. IN THE EVENT A CABLE TELEVISION COMPANY DAMAGES THE FACILITIES OF A PUBLIC UTILITY, IT SHALL BE SOLELY RESPONSIBLE FOR THE DAMAGES. THIS SECTION SHALL NOT APPLY TO THOSE PRIVATE EASEMENTS GRANTED TO OR OBTAINED BY A PARTICULAR ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE AND OPERATION SHALL COMPLY WITH THE NATIONAL ELECTRICAL SAFETY CODE AS ADOPTED BY THE FLORIDA PUBLIC SERVICE COMMISSION.

IN WITNESS THEREOF, PULTE HOME COMPANY, LLC, HAS CAUSED THESE PRESENTS TO BE SIGNED THIS 14th DAY OF March, 2022, A.D.

TERRENO AT VALENCIA GOLF AND COUNTRY CLUB - PHASE 1

A SUBDIVISION LYING IN SECTIONS 24 AND 25, TOWNSHIP 48 SOUTH, RANGE 27 EAST, AND SECTION 19, TOWNSHIP 48 SOUTH, RANGE 28 EAST, COLLIER COUNTY, FLORIDA

LEGAL DESCRIPTION

A PARCEL OF LAND LYING IN SECTIONS 24 & 25, TOWNSHIP 48 SOUTH, RANGE 27, EAST AND SECTION 19, TOWNSHIP 48 SOUTH, RANGE 28 EAST, COLLIER COUNTY FLORIDA, SAID PARCEL BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE SOUTHEASTERLY CORNER OF TRACT "A" VALENCIA GOLF AND COUNTRY CLUB CLUBHOUSE AS PER THE PLAT THEREOF RECORDED IN PLAT BOOK 48, PAGE 82 OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA; THENCE 131.54 FEET ALONG THE ARC OF A CIRCULAR CURVE CONCAVE TO THE NORTH HAVING A RADIUS OF 1,460.00 FEET, A CENTRAL ANGLE OF 05°09'43", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 88°20'47" EAST, A DISTANCE OF 131.49 FEET TO THE END OF THE CURVE; THENCE NORTH 05°16'51" WEST, A DISTANCE OF 239.14 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE SOUTHEAST; THENCE 78.93 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 90°27'00", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 39°56'39" EAST, A DISTANCE OF 70.99 FEET TO THE END OF THE CURVE; THENCE NORTH 85°10'09" EAST, A DISTANCE OF 126.52 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE SOUTH; THENCE 118.87 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 705.60 FEET, A CENTRAL ANGLE OF 09°39'10", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 89°59'44" EAST, A DISTANCE OF 118.73 FEET TO THE END OF THE CURVE; THENCE SOUTH 85°10'41" EAST, A DISTANCE OF 105.31 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTH; THENCE 665.91 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 1,547.12 FEET, A CENTRAL ANGLE OF 24°39'41", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 82°29'28" EAST, A DISTANCE OF 660.79 FEET TO THE END OF THE CURVE; THENCE NORTH 70°09'38" EAST, A DISTANCE OF 252.10 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE WEST; THENCE 85.21 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 97°38'54", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 21°20'11" EAST, A DISTANCE OF 75.27 FEET TO THE END OF THE CURVE; THENCE NORTH 27°29'17" WEST, A DISTANCE OF 157.92 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE SOUTHWEST; THENCE 35.99 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 41°14'48", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 48°06'40" WEST, A DISTANCE OF 35.22 FEET TO THE POINT OF CURVATURE OF A NON-TANGENT CIRCULAR CURVE, CONCAVE TO THE SOUTH; THENCE 75.75 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 11,350.02 FEET, A CENTRAL ANGLE OF 0°22'57", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 79°00'30" WEST, A DISTANCE OF 75.75 FEET; THENCE SOUTH 69°13'52" WEST, A DISTANCE OF 300.28 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTH; THENCE 135.82 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 500.00 FEET, A CENTRAL ANGLE OF 15°33'52", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 77°00'48" WEST, A DISTANCE OF 135.41 FEET TO A POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE SOUTH; THENCE 621.29 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 6,125.00 FEET, A CENTRAL ANGLE OF 05°48'42", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 81°53'22" WEST, A DISTANCE OF 621.02 FEET TO A POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTHEAST; THENCE 101.79 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 116°38'34", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 42°41'41" WEST, A DISTANCE OF 85.10 FEET TO A POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE WEST; THENCE 151.58 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 175.00 FEET, A CENTRAL ANGLE OF 49°37'40", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 9°11'14" WEST, A DISTANCE OF 146.89 FEET TO THE POINT OF TANGENCY OF A NON-TANGENT CIRCULAR CURVE, CONCAVE TO THE WEST; THENCE 259.04 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 205.62 FEET, A CENTRAL ANGLE OF 72°11'02", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 72°26'46" WEST, A DISTANCE OF 242.25 FEET TO THE END OF THE CURVE; THENCE NORTH 30°50'00" WEST, A DISTANCE OF 262.14 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHEAST; THENCE 281.57 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 1,010.00 FEET, A CENTRAL ANGLE OF 15°58'23", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 22°50'49" WEST, A DISTANCE OF 280.66 FEET TO THE END OF THE CURVE; THENCE NORTH 14°51'37" WEST, A DISTANCE OF 241.17 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE EAST; THENCE 504.27 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 620.00 FEET, A CENTRAL ANGLE OF 46°36'03", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 08°26'24" EAST, A DISTANCE OF 490.49 FEET TO THE END OF THE CURVE AND THE INTERSECTION WITH THE SOUTHERLY LINE OF THOSE LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 5272, PAGE 2434 OF SAID PUBLIC RECORDS OF COLLIER COUNTY; THENCE THE FOLLOWING TEN COURSES ALONG SAID LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 5272, PAGE 2434: THENCE NORTH 75°42'16" EAST A DISTANCE OF 83.38 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE, CONCAVE TO THE NORTH; THENCE 249.29 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 550.00 FEET, A CENTRAL ANGLE OF 25°58'10", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 62°43'12" EAST, A DISTANCE OF 247.16 FEET TO THE END OF SAID CURVE AND A POINT DESIGNATED AS POINT "A"; THENCE NORTH 40°15'52" WEST, A DISTANCE OF 150.00 FEET; TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHWEST; THENCE 14.41 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 399.95 FEET, A CENTRAL ANGLE OF 2°03'52", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 48°42'12" EAST, A DISTANCE OF 14.41 FEET TO THE END OF THE CURVE; THENCE NORTH 47°40'16" EAST, A DISTANCE OF 38.52 FEET; THENCE NORTH 42°19'44" WEST, A DISTANCE OF 46.79 FEET TO THE NORTHEASTERLY CORNER OF SAID LANDS RECORDED IN OFFICIAL RECORDS BOOK 5272, PAGE 2434; THENCE LEAVING SAID LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 5272, PAGE 2434 NORTH 47°40'31" EAST, A DISTANCE OF 98.31 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE WEST; THENCE 262.66 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 150.00 FEET, A CENTRAL ANGLE OF 100°19'44", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 02°29'21" WEST, A DISTANCE OF 230.37 FEET TO THE END OF THE CURVE TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTHEAST; THENCE 57.99 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 100.00 FEET, A CENTRAL ANGLE OF 33°13'39", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 36°02'24" WEST, A DISTANCE OF 57.18 FEET TO THE END OF THE CURVE; THENCE NORTH 19°25'34" WEST, A DISTANCE OF 235.55 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE EAST; THENCE 148.10 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 164.23 FEET, A CENTRAL ANGLE OF 51°40'06", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 06°24'29" EAST, A DISTANCE OF 143.14 FEET TO THE END OF THE CURVE; TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE WEST; THENCE 129.25 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 211.93 FEET, A CENTRAL ANGLE OF 34°56'31", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 14°46'16" EAST, A DISTANCE OF 127.25 FEET TO THE END OF THE CURVE; THENCE NORTH 02°41'59" WEST, A DISTANCE OF 564.14 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE SOUTHEAST; THENCE 122.39 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 117.19 FEET, A CENTRAL ANGLE OF 59°50'19", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 27°13'11" EAST, A DISTANCE OF 116.91 FEET TO THE END OF THE CURVE; THENCE NORTH 58°24'26" EAST, A DISTANCE OF 98.98 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHWEST; THENCE 47.95 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 47.05 FEET, A CENTRAL ANGLE OF 58°23'29", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 29°12'41" EAST, A DISTANCE OF 45.90 FEET TO THE END OF THE CURVE; THENCE NORTH 00°00'56" EAST, A DISTANCE OF 57.65 FEET TO THE SOUTH RIGHT-OF-WAY LINE OF COUNTY ROAD 858 (OIL WELL ROAD); THENCE NORTH 89°35'33" EAST, ALONG SAID SOUTH RIGHT-OF-WAY LINE OF OIL WELL ROAD, A DISTANCE OF 523.37 FEET TO THE WESTERLY LINE OF THOSE LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 1542, PAGE 1181 OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA; THENCE THE FOLLOWING 10 COURSES ALONG THE WESTERLY AND SOUTHERLY LINE OF SAID LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 1542, PAGE 1181 OF THE PUBLIC RECORDS OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA: SOUTH 00°24'26" EAST, A DISTANCE OF 850.00 FEET; THENCE SOUTH 89°58'31" EAST, A DISTANCE OF 255.00 FEET; THENCE SOUTH 50°28'31" EAST, A DISTANCE OF 630.00 FEET; THENCE SOUTH 31°29'31" EAST, A DISTANCE OF 300.00 FEET; THENCE SOUTH 47°05'12" EAST, A DISTANCE OF 686.83 FEET; THENCE NORTH 81°45'29" EAST, A DISTANCE OF 230.00 FEET; THENCE SOUTH 88°17'03" EAST, A DISTANCE OF 645.91 FEET; THENCE SOUTH 58°31'31" EAST, A DISTANCE OF 1,010.00 FEET; THENCE NORTH 89°30'44" EAST, A DISTANCE OF 400.52 FEET TO THE WESTERLY LINE OF THE NORTH GOLDEN GATE CANAL AS SHOWN ON THE PLAT OF NORTH GOLDEN GATE UNIT NO. 4 AS RECORDED IN PLAT BOOK 9, PAGES 52-64 OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA; THENCE SOUTH 00°31'01" EAST, ALONG SAID WESTERLY LINE OF THE NORTH GOLDEN GATE CANAL A DISTANCE OF 2,398.82 FEET TO THE NORTHEAST CORNER OF THOSE LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 1275, PAGE 003, OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA; THENCE SOUTH 89°30'33" WEST, ALONG THE NORTH LINE OF SAID LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 1275, PAGE 003, A DISTANCE OF 30.00 FEET; THENCE SOUTH 00°31'01" EAST, ALONG THE WEST LINE OF SAID LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 1275, PAGE 003, A DISTANCE OF 360.00 FEET TO THE NORTH RIGHT-OF-WAY LINE OF RANDALL BOULEVARD; THENCE SOUTH 89°32'08" WEST, ALONG SAID NORTH RIGHT-OF-WAY LINE OF RANDALL BOULEVARD, A DISTANCE OF 3,156.89 FEET; THENCE LEAVING SAID RIGHT-OF-WAY LINE, NORTH 02°22'59" WEST, A DISTANCE OF 437.60 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE WEST; THENCE 438.83 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 2,000.00 FEET, A CENTRAL ANGLE OF 12°34'18", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 08°40'08" WEST, A DISTANCE OF 437.95 FEET TO THE END OF THE CURVE; THENCE NORTH 14°57'17" WEST, A DISTANCE OF 413.33 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE SOUTHWEST; THENCE 123.08 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 75.00 FEET, A CENTRAL ANGLE OF 94°01'41", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 61°58'07" WEST, A DISTANCE OF 109.73 FEET TO THE END OF THE CURVE; THENCE SOUTH 71°01'02" WEST, A DISTANCE OF 54.17 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE SOUTHEAST; THENCE 69.78 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 79°57'51", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 31°02'07" WEST, A DISTANCE OF 64.25 FEET TO THE END OF THE CURVE; THENCE SOUTH 09°06'06" EAST, A DISTANCE OF 273.44 FEET; THENCE SOUTH 18°30'20" EAST, A DISTANCE OF 134.76 FEET; THENCE SOUTH 05°06'58" EAST, A DISTANCE OF 21.37 FEET; THENCE SOUTH 14°17'48" EAST, A DISTANCE OF 208.37 FEET; THENCE SOUTH 24°44'20" EAST, A DISTANCE OF 180.69 FEET; THENCE SOUTH 28°26'53" EAST, A DISTANCE OF 138.56 FEET; THENCE SOUTH 00°28'47" EAST, A DISTANCE OF 339.98 FEET TO SAID NORTH RIGHT-OF-WAY LINE OF RANDALL BOULEVARD; THENCE SOUTH 89°32'08" WEST, ALONG SAID NORTH RIGHT-OF-WAY LINE OF RANDALL BOULEVARD, A DISTANCE OF 663.61 FEET; THENCE LEAVING SAID RIGHT-OF-WAY LINE, NORTH 37°21'41" EAST, A DISTANCE OF 168.48 FEET; THENCE NORTH 26°23'03" WEST, A DISTANCE OF 115.76 FEET; THENCE NORTH 16°12'41" WEST, A DISTANCE OF 224.81 FEET; THENCE NORTH 06°11'53" WEST, A DISTANCE OF 255.33 FEET; THENCE NORTH 01°52'57" WEST, A DISTANCE OF 316.40 FEET; THENCE NORTH 88°07'01" EAST, A DISTANCE OF 35.14 FEET; THENCE NORTH 68°48'04" EAST, A DISTANCE OF 39.61 FEET; THENCE NORTH 51°57'07" EAST, A DISTANCE OF 31.19 FEET; THENCE NORTH 39°21'41" EAST, A DISTANCE OF 40.85 FEET; THENCE NORTH 07°43'32" WEST, A DISTANCE OF 376.88 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE EAST; THENCE 206.46 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 460.00 FEET, A CENTRAL ANGLE OF 25°42'57", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 5°07'56" EAST, A DISTANCE OF 204.73 FEET TO THE END OF THE CURVE AND THE POINT OF CURVATURE OF A NON-TANGENT CIRCULAR CURVE CONCAVE TO THE NORTH; THENCE 264.79 FEET ALONG THE ARC OF SAID CURVE, HAVING A RADIUS OF 1,540.00 FEET, A CENTRAL ANGLE OF 9°51'05", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 89°50'40" WEST, A DISTANCE OF 264.46 FEET TO THE END OF THE CURVE AND THE EASTERLY LINE OF SAID TRACT "A", VALENCIA PHASE ONE AS RECORDED IN PLAT BOOK 29, PAGE 21 OF THE PUBLIC RECORDS OF COLLIER COUNTY, FLORIDA; THENCE NORTH 06°04'53" EAST ALONG THE EASTERLY LINE OF SAID TRACT "A" VALENCIA PHASE ONE, A DISTANCE OF 80.00 FEET TO THE SOUTHERLY LINE OF SAID TRACT "A" VALENCIA GOLF AND COUNTRY CLUB CLUBHOUSE AS RECORDED IN PLAT BOOK 48, PAGE 82, PUBLIC RECORDS OF COLLIER COUNTY; THENCE ALONG THE SOUTH LINE OF SAID TRACT "A" VALENCIA GOLF AND COUNTRY CLUB CLUBHOUSE, AND THE ARC OF A NON-TANGENT CIRCULAR CURVE, CONCAVE TO THE NORTH; THENCE 131.33 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 1,460.00 FEET, A CENTRAL ANGLE OF 05°09'14", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 86°29'44" EAST, A DISTANCE OF 131.29 FEET TO THE END OF THE CURVE AND THE POINT OF BEGINNING.
SAID PARCEL CONTAINING 336.324 ACRES, MORE OR LESS.

BEARINGS ARE BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM, FLORIDA EAST ZONE, (NAD1983 (NSRS 2007)).

LEGAL DESCRIPTION (CONTINUED)

LESS AND EXCEPT:

COMMENCING AT THE POINT DESIGNATED AS POINT "A" ABOVE; THENCE NORTH 55°31'37" EAST, A DISTANCE OF 282.78 FEET TO THE POINT OF BEGINNING BEING THE POINT OF CURVATURE OF A NON-TANGENT CIRCULAR CURVE CONCAVE TO THE WEST; THENCE 70.75 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 521.59 FEET, A CENTRAL ANGLE OF 07°46'19", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 18°35'10" EAST, A DISTANCE OF 70.70 FEET TO THE END OF THE CURVE AND THE POINT OF CURVATURE OF A NON-TANGENT CIRCULAR CURVE CONCAVE TO THE NORTHWEST; THENCE 153.07 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 150.00 FEET, A CENTRAL ANGLE OF 58°28'09", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 61°40'48" EAST, A DISTANCE OF 146.52 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE SOUTH; THENCE 87.53 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 100°18'26", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 82°35'57" EAST, A DISTANCE OF 76.78 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTH; THENCE 96.96 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 110.00 FEET, A CENTRAL ANGLE OF 50°30'05", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 72°29'52" EAST, A DISTANCE OF 93.85 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE SOUTH; THENCE 142.61 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 150.00 FEET, A CENTRAL ANGLE OF 54°28'22", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 70°30'44" EAST, A DISTANCE OF 137.30 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTH; THENCE 77.23 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 68.72 FEET, A CENTRAL ANGLE OF 64°23'17", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 75°28'11" EAST, A DISTANCE OF 73.23 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE SOUTH; THENCE 43.85 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 50.00 FEET, A CENTRAL ANGLE OF 50°14'40", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 82°32'50" EAST, A DISTANCE OF 42.46 FEET TO THE END OF THE CURVE AND TO THE POINT OF CURVATURE OF A NON-TANGENT CIRCULAR CURVE CONCAVE TO THE SOUTHWEST; THENCE 5.36 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 590.00 FEET, A CENTRAL ANGLE OF 00°31'14", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 28°12'23" EAST, A DISTANCE OF 5.36 FEET TO THE POINT OF CURVATURE OF A COMPOUND CIRCULAR CURVE CONCAVE TO THE SOUTHWEST; THENCE 26.70 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 90.00 FEET, A CENTRAL ANGLE OF 17°00'03", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 19°26'44" EAST, A DISTANCE OF 26.61 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTHEAST; THENCE 254.96 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 235.00 FEET, A CENTRAL ANGLE OF 62°09'44", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 42°01'35" EAST, A DISTANCE OF 242.64 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE SOUTHWEST; THENCE 112.64 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 190.00 FEET, A CENTRAL ANGLE OF 33°58'06", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 56°07'24" EAST, A DISTANCE OF 111.00 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTHEAST; THENCE 120.73 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 780.00 FEET, A CENTRAL ANGLE OF 08°52'05", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 43°34'23" EAST, A DISTANCE OF 120.61 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE SOUTHWEST; THENCE 130.99 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 190.00 FEET, A CENTRAL ANGLE OF 39°30'05", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 28°15'23" EAST, A DISTANCE OF 128.41 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTHEAST; THENCE 134.67 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 200.00 FEET, A CENTRAL ANGLE OF 38°34'51", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 27°47'46" EAST, A DISTANCE OF 132.14 FEET TO THE END OF THE CURVE; THENCE SOUTH 47°05'11" EAST, A DISTANCE OF 59.83 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHEAST; THENCE 87.19 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 200.00 FEET, A CENTRAL ANGLE OF 24°58'41", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 59°34'32" EAST, A DISTANCE OF 86.50 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE SOUTHWEST; THENCE 216.88 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 190.00 FEET, A CENTRAL ANGLE OF 65°24'11", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 39°21'47" EAST, A DISTANCE OF 205.30 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTHWEST; THENCE 253.98 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 975.00 FEET, A CENTRAL ANGLE OF 14°55'30", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 14°07'27" EAST, A DISTANCE OF 253.26 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTHWEST; THENCE 150.54 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 90.00 FEET, A CENTRAL ANGLE OF 95°50'16", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 26°19'56" WEST, A DISTANCE OF 133.60 FEET TO THE END OF THE CURVE; THENCE SOUTH 74°15'04" WEST, A DISTANCE OF 66.31 FEET TO THE POINT OF CURVATURE OF A NON-TANGENT CIRCULAR CURVE CONCAVE TO THE SOUTH; THENCE 65.31 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 2,120.00 FEET, A CENTRAL ANGLE OF 01°45'54", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 84°54'27" WEST, A DISTANCE OF 65.31 FEET TO THE END OF THE CURVE; THENCE NORTH 47°45'37" WEST, A DISTANCE OF 79.70 FEET; THENCE NORTH 00°00'00" EAST, A DISTANCE OF 38.35 FEET TO THE POINT OF CURVATURE OF A NON-TANGENT CIRCULAR CURVE CONCAVE TO THE NORTHWEST; THENCE 66.39 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 166.74 FEET, A CENTRAL ANGLE OF 22°48'39", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 32°05'04" EAST, A DISTANCE OF 65.95 FEET TO A POINT OF COMPOUND CURVATURE WITH A CIRCULAR CURVE CONCAVE TO THE WEST; THENCE 159.18 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 447.68 FEET, A CENTRAL ANGLE OF 20°22'22", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 10°29'33" EAST, A DISTANCE OF 158.35 FEET TO A POINT OF COMPOUND CURVATURE WITH A CIRCULAR CURVE CONCAVE TO THE SOUTHWEST; THENCE 132.88 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 156.90 FEET, A CENTRAL ANGLE OF 48°31'26", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 23°57'22" WEST, A DISTANCE OF 128.95 FEET TO A POINT OF COMPOUND CURVATURE WITH A CIRCULAR CURVE CONCAVE TO THE SOUTH; THENCE 257.61 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 339.35 FEET, A CENTRAL ANGLE OF 43°29'39", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 69°57'55" WEST, A DISTANCE OF 251.47 FEET TO THE END OF THE CURVE; THENCE SOUTH 89°59'10" WEST, A DISTANCE OF 59.45 FEET TO THE POINT OF CURVATURE OF A NON-TANGENT CIRCULAR CURVE CONCAVE TO THE SOUTH; THENCE 60.84 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 890.83 FEET, A CENTRAL ANGLE OF 03°54'47", AND BEING SUBTENDED BY A CHORD WHICH BEARS SOUTH 87°31'58" WEST, A DISTANCE OF 60.83 FEET; THENCE NORTH 90°00'00" WEST, A DISTANCE OF 82.74 FEET; THENCE NORTH 00°56'18" EAST, A DISTANCE OF 42.38 FEET; THENCE NORTH 28°39'01" WEST, A DISTANCE OF 165.42 FEET; THENCE NORTH 46°52'49" WEST, A DISTANCE OF 184.52 FEET TO THE POINT OF CURVATURE OF A NON-TANGENT CIRCULAR CURVE CONCAVE TO THE SOUTHWEST; THENCE 269.39 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 205.00 FEET, A CENTRAL ANGLE OF 75°17'30", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 44°51'02" WEST, A DISTANCE OF 250.42 FEET TO THE POINT OF CURVATURE OF A REVERSE CIRCULAR CURVE CONCAVE TO THE NORTH; THENCE 80.59 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 190.00 FEET, A CENTRAL ANGLE OF 24°18'05", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 70°20'44" WEST, A DISTANCE OF 79.98 FEET TO THE END OF THE CURVE; THENCE NORTH 58°11'41" WEST, A DISTANCE OF 65.37 FEET TO THE POINT OF CURVATURE OF A CIRCULAR CURVE CONCAVE TO THE NORTHEAST; THENCE 113.02 FEET ALONG THE ARC OF SAID CURVE HAVING A RADIUS OF 680.00 FEET, A CENTRAL ANGLE OF 09°31'22", AND BEING SUBTENDED BY A CHORD WHICH BEARS NORTH 53°26'01" WEST, A DISTANCE OF 112.89 FEET TO THE END OF THE CURVE; THENCE NORTH 48°40'20" WEST, A DISTANCE OF 73.52 FEET TO THE POINT OF BEGINNING.

SAID PARCEL CONTAINING 10.557 ACRES, MORE OR LESS.

BEARINGS ARE BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM, FLORIDA EAST ZONE, (NAD1983 (NSRS 2007)).

Executive Summary

Recommendation to approve final acceptance of the potable water and sewer utility facilities and accept the conveyance of a portion of the potable water and sewer facilities and appurtenant utility easement for Home Depot – Southeast Naples. [PL20260001582]

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, approve final acceptance of the potable water and sewer utility facilities and accept the conveyance of a portion of the potable water and sewer utility facilities and appurtenant utility easement, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31, as amended.

CONSIDERATIONS:

1. The Developer has constructed the potable water and sewer utility facilities for Home Depot – Southeast Naples, within dedicated easements to serve this development (see attached location map). A portion of the potable water and sewer utility facilities was offered for conveyance to the County, as described in Official Records (O.R.) Book 6587, Page (PG) 2965, together with appurtenant Deed of Utility Easement recorded in O.R. Book 6587, PG 2961, of the Public Records of Collier County, Florida. The value of these potable water and sewer utility facilities (assets) was $138,645 and $462,429.80, respectively. The remaining potable water and all of the sewer utility facilities will be private.

2. Staff recorded all final acceptance documents associated with the potable water and sewer utility facilities conveyed to the County in the public records of Collier County, and the documents were reviewed and approved by the County Attorney's office as to form and legality. The County acquired its interest in a portion of the potable water and sewer utility facilities by Bill of Sale recorded in O.R. Book 6587, PG 2965 ("the Utilities Facilities Deed").

3. A final inspection to identify defects in materials and workmanship was conducted by staff on April 15, 2026, in coordination with Public Utilities, and the facilities were found to be satisfactory and acceptable.

4. Staff recommends final acceptance of the subject potable water and sewer utility facilities in the amount of $601,074.80. Staff also recommends acceptance of the Utilities Facilities Deed and the facilities described in the Certification of Contributory Assets, which is attached to this Executive Summary.

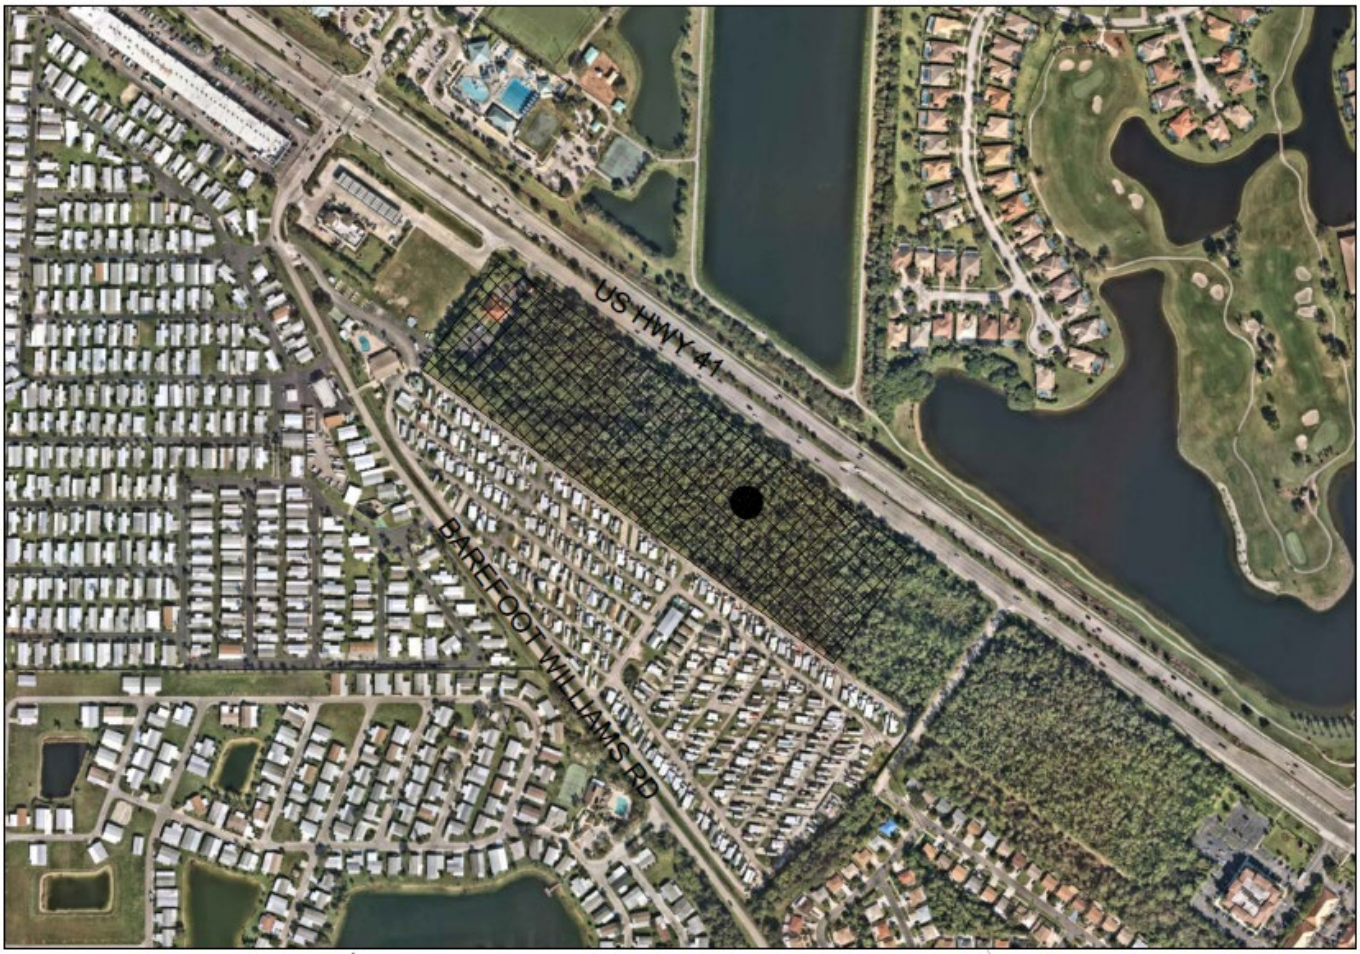
5. This final acceptance is in accordance with Collier County, Ordinance No. 2004-31, as amended.

6. Staff is unaware of any issues that would serve to negate the recommendation to approve this final acceptance.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Approval of this Executive Summary will have no specific financial impact. However, approval of this Executive Summary will result in the Collier County Water-Sewer District receiving title to a portion of the potable water and sewer utility facilities, which has a total gross value of $601,074.80 (no depreciation applied).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.



LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. – CLD

RECOMMENDATION(S): To approve final acceptance of the potable water and sewer utility facilities and accept the conveyance of a portion of the potable water and sewer utility facilities and appurtenant utility easement, for Home Depot – Southeast Naples. [PL20260001582]

NOT OFFICIAL RECORD

Form 8 - Rev. 2004 **(Utility Facilities Warranty Deed and Bill of Sale)**

UTILITY FACILITIES WARRANTY DEED AND BILL OF SALE

THIS INDENTURE made this 20th day of November, 2025, between Home Depot U.S.A., Inc., a Delaware corporation (hereinafter referred to as "Grantor") with a mailing address of 2455 Paces Ferry Road, Building C-19, Atlanta, Georgia 30339 and the BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY AND AS THE EX-OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT, its successors and assigns, (hereinafter referred to as "Grantee") with a mailing address of 3299 Tamiami Trail East, Naples, FL 34112.

W I T N E S S E T H:

That said Grantor, for and in consideration of the sum of Ten Dollars ($10.00) and other good and valuable consideration to said Grantor in hand paid by said Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said Grantee, and Grantee's heirs, successors and assigns forever, all "potable water", "wastewater", and "potable water irrigation" utility facilities and/or system(s) or portion(s) thereof lying in, on, over and under the following described land, for operation, relocation, installation, repair and/or maintenance of said facilities, system(s) or portion(s) thereof, all situate and lying and being in Collier County, Florida, to wit:

See Exhibit "A" attached hereto and incorporated by reference herein.
Exhibit "B" attached hereto is a sketch or other graphic representation that depicts the physical location of the utility systems being conveyed.

and said Grantor does hereby fully warrant the title to said utility facilities and/or system(s) or portion(s) thereof, be they realty, personalty, or mixed, and Grantor will defend such title against all claims of all persons whomsoever. For the purposes of this conveyance, the utility facilities, system(s) and/or portion(s) thereof conveyed herein shall not be deemed to convey any of the lands described in either exhibit. Grantor and Grantee are used for singular or plural, as context allows. A sketch or other graphic representation showing the location of the utility facilities, etc., being conveyed is attached as Exhibit "B".

TO HAVE AND TO HOLD the same unto the Grantee and its assigns, together with the right to enter upon said land, excavate, relocate and/or take or introduce materials for the purpose of constructing, relocating, operating, repairing and/or otherwise maintaining utility systems thereon. Grantor and Grantee are used for singular or plural, as the context requires.

IN WITNESS WHEREOF, Grantor has caused these presents to be executed the date and year first above written.

Form 7 - Rev. 2004 **(Utility Easement)**

DEED OF UTILITY EASEMENT

THE UTILITY EASEMENT(S) (CUEs), are granted and conveyed this 9th day of February, 2026, by HOME DEPOT U.S.A., INC., a Delaware corporation, as Grantor, with a mailing address of 2455 Paces Ferry Road, Building C-19, Atlanta, Georgia 30339 to the BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AS THE GOVERNING BODY OF COLLIER COUNTY, AND AS THE EX-OFFICIO GOVERNING BOARD OF THE COLLIER COUNTY WATER-SEWER DISTRICT, its successors and assigns, as Grantee, with a mailing address of 3299 Tamiami Trail East, Naples, FL 34112.

WITNESSETH: That the Grantor for and in consideration of the sum of ten dollars ($10.00) and other valuable consideration paid by Grantee, receipt of which by is hereby acknowledged by Grantor, hereby conveys, grants, bargains and sells unto Grantee, its successors and assigns, a perpetual, non-exclusive easement, license, right and privilege to enter upon and to install, relocate, repair and/or otherwise maintain utility system(s) and utility facilities, and/or portion(s) thereof, in, on, over and under the following described lands located in Collier County, Florida, to wit:

See attached Exhibit "A," which is incorporated herein by reference.

As depicted in attached Exhibit "B," which is incorporated herein by reference.

TO HAVE AND TO HOLD the same unto the Grantee, its successors and/or assigns, together with the right and privilege to enter upon said land to excavate, relocate and/or take and/or introduce materials for the purpose of constructing, operating, relocating, repairing and/or otherwise maintaining the subject utility facilities and/or system(s) or portion(s) thereof, in, on, over and/or under the easement area. Grantor and Grantee are used for singular or plural, as the context allows.

IN WITNESS WHEREOF, the Grantor has caused these presents to be executed the date and year first above written.

DATA CERTIFIED COPY

Executive Summary

Recommendation to authorize the County Manager, or designee, to release the Utilities Performance Security (UPS) in the amount of $31,662.27 to the Project Engineer or Developer's designated agent for One Naples Right-of-Way (R.O.W). Improvements and Utility Relocation. [PL20220002615]

OBJECTIVE: To have the Board of County Commissioners, as Ex-Officio Governing Board of the Collier County Water-Sewer District, authorize the County Manager, or designee, to release the Utilities Performance Security (UPS) in the amount of $31,662.27, in accordance with the Collier County Utility Standards and Procedures, Ordinance No. 2004-31, as amended.

CONSIDERATIONS:

1. On September 12, 2023, the Board of County Commissioners granted final acceptance of utilities in One Naples R.O.W. Improvements and Utility Relocation.

2. Per Utility Ordinance 2004-31, when the actual cost of construction of the utilities being conveyed to the County exceeds $100,000, a 10% Utilities Performance Security (UPS) is required to be posted by the developer for the duration of the one-year warranty period, which begins on the BCC approval date.

3. The one-year warranty period expired on September 12, 2024. The utility bond could not be released at the time because it was associated with additional utility work covered under PL20210002432 – One Naples (Temporary Pump Station). Work is now completed. and the Utilities Performance Security (UPS) in the amount of $31,662.27 can be released.

This item is consistent with the Collier County strategic plan objective to operate an efficient and customer-focused permitting process.

FISCAL IMPACT: Performance bond securities are held as a development guaranty and released after work is performed.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality, and requires a majority vote for Board approval. - CLD

RECOMMENDATION(S): To authorize the County Manager, or designee, to release the Utilities Performance Security (UPS) in the amount of $31,662.27. Development Review staff will issue a Memorandum to the Clerk of Courts upon the Board of County Commissioners' approval of this item, advising the Clerk of this action.

UTILITIES PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENTS: that

VANDERBILT NAPLES HOLDINGS, LLC, a Florida limited liability company

2639 PROFESSIONAL CIRCLE, SUITE 101, NAPLES, FLORIDA 34119

(hereinafter referred to as "Owner"), and

Lexon Insurance Company

10002 Shelbyville Road, Suite 100

Louisville, KY 40223

(hereinafter referred to as "Surety"), are held and firmly bound unto Collier County, Florida, (hereinafter called "County"), in the total aggregate penal sum of Thirty-One Thousand Six Hundred Sixty-Two and 27/100 Dollars ($31,662.27) in lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents. Owner and Surety are used for singular or plural, as the context requires.

THE CONDITION OF THIS OBLIGATION is such that whereas, the Owner entered into a certain Utilities System Construction Contract, dated the 29TH day of JUNE, 2021, a copy of which is hereto attached and made a part hereof; and

WHEREAS the County has a material interest in the performance of said Contract; and

WHEREAS the County has adopted Ordinances and Resolutions (hereinafter "Land Development Regulations") concerning the Owner's obligations to the County regarding the construction, conveyance and warranty of potable water, non-potable irrigation water and/or wastewater system(s) or portion(s) thereof constructed within the unincorporated area of Collier County;

NOW, THEREFORE, if the Owner shall well, truly and faithfully perform its obligations and duties to the County under said Land Development Regulations and all the undertakings, covenants, terms, conditions, and agreements of said contract during the original term thereof, and any extensions thereof which may be granted by the Owner, with or without notice to the Surety and during the guaranty period established by the County, and thereafter, and if the Owner shall satisfy all claims and demands incurred under such contract, and shall fully indemnify and save harmless the County from all costs and damages which it may suffer by reason of failure to do so, and shall reimburse and repay the County all outlay and expense which

the County may incur in making good any default, then this obligation shall be void, otherwise to remain in full force and effect.

PROVIDED, FURTHER, that the said Surety, for value received hereby, stipulates and agrees that no change, extension of time, alteration or addition to the terms of the contract or to work to be performed thereunder, or the specifications accompanying same shall in any way affect its obligation on this Bond, and does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the contract or to the work or to the specifications.

PROVIDED, FURTHER, that it is expressly agreed that the bond shall be deemed amended automatically and immediately, without formal and separate amendments hereto, upon amendment to the Contract not increasing the contract price more than twenty percent (20%), so as to bind the Owner and the Surety to the full and faithful performance of the contract as so amended. The term "Amendment", wherever used in this bond, and whether referring to this bond, the Contract or other documents shall include any alteration, addition or modification of any character whatsoever.

NOTICE: U. S. TREASURY DEPARTMENT'S OFFICE OF FOREIGN ASSETS CONTROL (OFAC)

No coverage is provided by this Notice nor can it be construed to replace any provisions of any surety bond or other surety coverage provided. This Notice provides information concerning possible impact on your surety coverage due to directives issued by OFAC. **Please read this Notice carefully.**

The Office of Foreign Assets Control (OFAC) administers and enforces sanctions policy, based on Presidential declarations of "national emergency". OFAC has identified and listed numerous foreign agents, front organizations, terrorists, terrorist organizations, and narcotics traffickers as "Specially Designated Nationals and Blocked Persons". This list can be located on the United States Treasury's website – https://www.treasury.gov/resource-center/sanctions/SDN-List.

In accordance with OFAC regulations, if it is determined that you or any other person or entity claiming the benefits of any coverage has violated U.S. sanctions law or is a Specially Designated National and Blocked Person, as identified by OFAC, any coverage will be considered a blocked or frozen contract and all provisions of any coverage provided are immediately subject to OFAC. When a surety bond or other form of surety coverage is considered to be such a blocked or frozen contract, no payments nor premium refunds may be made without authorization from OFAC. Other limitations on the premiums and payments may also apply.

Executive Summary

Recommendation to direct staff to advertise and bring back for a public hearing, an Ordinance amending the Collier County Code of Laws and Ordinances, to allow recreational vehicles to be parked in a driveway of a residence when located within a Planned Unit Development if approved by the Homeowners' Association. [PL20260002638]

OBJECTIVE: To have the Board direct staff to advertise and bring back for a public hearing, an Ordinance amending the Collier County Code of Laws and Ordinances, to allow recreational vehicles to be parked in a driveway of a residence within a Planned Unit Development if approved by the Homeowners' Association.

CONSIDERATIONS: On January 13, 2026, and February 10, 2026, the Board discussed the potential to change the rules governing the parking of recreational vehicles (see Ordinance 2010-26). Specifically, the Board considered whether recreation vehicles should be permitted to park in a driveway. The Board directed staff to review the issue and prepare a proposed amendment to allow recreational vehicles to be parked in the front driveway of a single-family dwelling in a PUD, provided the applicable HOA approves. The Code of Laws and Ordinances defines "recreational vehicles" as follows:

> *"Recreational vehicle:* A vehicular-type portable structure without permanent foundation which can be towed, hauled or driven and primarily designed as temporary living accommodation when engaged in recreation, camping or travel use. This type of vehicle includes, but not limited to, travel trailers, truck campers, camping trailers, self-propelled motorhomes, boats, jet skis and trailers used for transporting the vehicles."

This amendment proposes to allow recreational vehicles to be parked within the front yard and/or side yard driveway within an approved PUD contingent upon receiving homeowner's association or community association approval.

Development Services Advisory Committee (DSAC)-LDR Subcommittee Recommendation*:* On April 21, 2026, the Subcommittee recommended approval of the amendment to the Code of Laws and Ordinances with the condition that staff decrease the length of the text in the amendment by removing the term "association."

DSAC Recommendation: On May 5, 2026, DSAC recommended approval of the amendment to the Code of Laws and Ordinances with no change.

This item is consistent with the Collier County Strategic Plan objective of Community Development, to implement prudent and inclusive policy development through effective planning for transportation, land use, and growth management.

FISCAL IMPACT: There is no fiscal impact associated with this action. The costs associated with processing and advertising the proposed amendment are estimated at $50. Funds have been allocated within the Unincorporated Area General Fund (1011) and the Comprehensive Planning Cost Center (138317).

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires a majority vote of the Board for approval. – CLD

RECOMMENDATION(S): To direct staff to advertise and bring back for a public hearing, an Ordinance amending the Collier County Code of Laws and Ordinances, to allow recreational vehicles to be parked in a driveway of a residence when located within a Planned Unit Development if approved by the Homeowner's Association.

PREPARED BY: Eric Johnson, AICP, CFM, Planning Manager I, Zoning Division

1. Draft Ordinance (07-21-2026)
2. COLAO (07-21-2026)

ORDINANCE NO. 26 -_____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AMENDING ORDINANCE NO. 10-26, THE PARKING, STORAGE AND USE OF VEHICLE CONTROL ORDINANCE, TO ALLOW RECREATIONAL VEHICLES TO BE PARKED IN A DRIVEWAY OF A RESIDENCE WHEN LOCATED WITHIN A PLANNED UNIT DEVELOPMENT IF APPROVED BY THE HOMEOWNERS ASSOCIATION; PROVIDING FOR CONFLICT AND SEVERABILITY; PROVIDING FOR INCLUSION IN THE CODE OF LAWS AND ORDINANCES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Chapter 125, Florida Statutes, establishes the right and power of counties to provide for the health, welfare and safety of existing and future residents of the county by enacting and enforcing regulations concerning the use of property necessary for the protection of the public; and

WHEREAS, at its October 14, 2008 meeting the Board of County Commissioners (Board) directed that the regulations concerning the parking, storage and use of recreational vehicles be moved from the Land Development Code (LDC) to the Collier County Code of Laws and Ordinances; and

WHEREAS, on June 22, 2010, the Board adopted Ordinance No. 10-26, the Collier County Parking, Storage and Use of Vehicle Control Ordinance, which combined previous regulations concerning vehicle parking, storage and use in residential areas; and

WHEREAS, the Board desires to further amend its regulations concerning parking of recreational vehicles in planned unit developments by amending Ordinance No. 10-26.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

SECTION ONE: Amendment to Section Six of Ordinance No. 10-26, the Collier County Parking, Storage and Use of Vehicle Control Ordinance

Section Six of Ordinance No. 10-26, as codified in Section 130-96 of the Collier County Code of Laws and Ordinances, is hereby amended as follows:

SECTION SIX: Limitation on the parking, storage or use of recreational vehicles.

A. No Recreational Vehicle shall be used for living, sleeping, or housekeeping purposes when parked or stored on a lot in a Residential District, or any location not approved for such use.

B. In Residential Districts permitting single-family homes or mobile homes, a Recreational Vehicle may be parked or stored only in a rear yard, or in a completely enclosed building, or in a carport, or on davits or cradles adjacent to waterways on residentially zoned property; provided, however, that such Recreational Vehicle may be parked anywhere on residential premises, other than on county rights-of-way or right-of-way easements for a period not to exceed six hours within a time period of seven days for loading and unloading, and/or cleaning prior to or after a trip. For the purpose of this section, the rear yard for a corner lot shall be considered to be that portion of the lot opposite the street with the least frontage. For through lots, the rear yard shall be considered to be that portion of the lot lying between the rear elevation (by design) of the residence and the street. Recreational Vehicles may be parked without restriction on a driveway located within a front yard and/or side yard of a residential premises that is located within a Planned Unit Development, but only if the applicable homeowner's or community association approves such parking.

~~B.~~C. The following exceptions may be granted to subsection (b) by the County Manager or his designee:

1. Recreational Vehicles may be parked only on a driveway located within the front yard and/or on a driveway located within the side yard of a single-family or mobile home residence other than on County rights-of-way or right-of-way easements for a period not to exceed 48 hours within any given 7-day time period so long as a permit is obtained from the Collier County Code Enforcement Department. Said permit must be affixed to the Recreational Vehicle in such a way that the permit is visible from the street. Such permits shall be available ~~on-line~~ online at the Collier County Code Enforcement Department website.

2. Recreational Vehicles may be parked upon the premises of the resident for a period not exceeding seven days for the purpose of repairing and/or cleaning prior to or after a trip. A temporary use permit must be obtained from the Collier County Code Enforcement Department to authorize this activity. Said permit must be affixed to the Recreational Vehicle in such a way that the permit is visible from the street. No more than two consecutive permits may be issued and the maximum number of permits issued during one calendar year shall be restricted to four.

3. Nonresident: Such car, trailer, bus or motorhome, when used for transportation of visitors to this county to visit friends or members of the visitor's family residing in this county may be parked upon the premises of the visited family for a period not exceeding seven days. A temporary use permit must be obtained from the Collier County Code Enforcement Department to authorize this activity. Said permit must be affixed to the Recreational Vehicle in such a way that the permit is visible from the street. This does not allow for living, sleeping, or housekeeping purposes. No more than two consecutive permits may be issued and the maximum number of permits issued during one calendar year shall be restricted to four.

SECTION TWO: Conflict and Severability

In the event this Ordinance conflicts with any other ordinance of Collier County or other applicable law, the more restrictive shall apply. If any court of competent jurisdiction holds any

phrase or portion of this Ordinance invalid or unconstitutional, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portion.

SECTION THREE: Inclusion in the Code of Laws and Ordinances

The provisions of this Ordinance shall become and be made a part of the Code of Laws and Ordinances of Collier County, Florida. The sections of the Ordinance may be renumbered or relettered to accomplish such, and the word "ordinance" may be changed to "section", "article", or any other appropriate word.

SECTION FOUR: Effective Date

This Ordinance shall become effective upon filing with the Department of State.

PASSED AND DULY ADOPTED by the Board of County Commissioners of Collier County, Florida, this ____ day of _____, 2026.

CODE OF LAWS AND ORDINANCES AMENDMENT

PETITION
PL20260002638

ORIGIN
Board of County Commissioners (Board)

SUMMARY OF AMENDMENT
This amendment proposes to update the Collier County Code of Laws and Ordinances (COL), Section 130-96, Limitation on the parking, storage or use of recreational vehicles, to allow recreational vehicles to be parked in a driveway of a residence within a Planned Unit Development if approved by the Homeowner's Association (HOA).

HEARING DATES

Board	07/28/2026
CCPC	N/A
DSAC	05/06/2026
DSAC-LDR	04/21/2026

COL SECTION TO BE AMENDED
130-96 Limitations on the parking, storage or use of recreational vehicles

ADVISORY BOARD RECOMMENDATIONS

DSAC-LDR	DSAC	CCPC
Approval with recommendation	Approval	N/A

BACKGROUND
On January 13, 2026, and February 10, 2026, the Board discussed the potential for changing the rules concerning the parking of recreational vehicles. Specifically, the Board considered whether recreation vehicles should be permitted to park in a driveway. The Board directed staff to review the issue and prepare a proposed amendment that would allow recreational vehicles to be parked in the front driveway of a single-family dwelling located within a PUD if approved by the applicable HOA. The Code of Laws and Ordinances defines "recreational vehicles" as the following:

"Recreational vehicle: A vehicular-type portable structure without permanent foundation which can be towed, hauled or driven and primarily designed as temporary living accommodation when engaged in recreation, camping or travel use. This type of vehicle includes, but not limited to, travel trailers, truck campers, camping trailers, self-propelled motorhomes, boats, jet skis and trailers used for transporting the vehicles."

This amendment proposes to allow recreational vehicles to be parked within the front yard and/or side yard driveway within an approved PUD contingent upon receiving homeowner's association or community association approval.

DSAC-LDR Subcommittee recommendation:
On April 21, 2026, the Subcommittee recommended approval of the amendment to the Code of Laws and Ordinances with the condition that staff decrease the length of the text in the amendment by removing the term "association."

DSAC recommendation:
On May 5, 2026, DSAC recommended approval of the amendment to the Code of Laws and Ordinances with no change.

FISCAL & OPERATIONAL IMPACTS
There are no anticipateed fiscal or operational impacts associated with this amendment.

GMP CONSISTENCY
The proposed Code of Laws and Ordinance amendment has been reviewed by Comprehensive Planning Staff and may be deemed consistent with the GMP.

EXHIBITS: A) None

Amend the COL as follows:

130-96 – Limitation on the parking, storage or use of recreational vehicles

(a) No Recreational Vehicle shall be used for living, sleeping, or housekeeping purposes when parked or stored on a lot in a Residential District, or any location not approved for such use.

(b) In Residential Districts permitting single-family homes or mobile homes, a Recreational Vehicle may be parked or stored only in a rear yard, or in a completely enclosed building, or in a carport, or on davits or cradles adjacent to waterways on residentially zoned property; provided, however, that such Recreational Vehicle may be parked anywhere on residential premises, other than on county rights-of-way or right-of-way easements for a period not to exceed six hours within a time period of seven days for loading and unloading, and/or cleaning prior to or after a trip. For the purpose of this section, the rear yard for a corner lot shall be considered to be that portion of the lot opposite the street with the least frontage. For through lots, the rear yard shall be considered to be that portion of the lot lying between the rear elevation (by design) of the residence and the street. Recreational Vehicles may be parked without restriction on a driveway located within a front yard and/or side yard of a residential premises that is located within a Planned Unit Development, but only if the applicable homeowner's or community association approves such parking.

~~(b)~~ (c) The following exceptions may be granted to subsection (b) by the County Manager or his designee:

1. Recreational Vehicles may be parked only on a driveway located within the front yard and/or on a driveway located within the side yard of a single-family or mobile home residence other than on County rights-of-way or right-of-way easements for a period not to exceed 48 hours within any given 7-day time period so long as a permit is obtained from the Collier County Code Enforcement Department. Said permit must be affixed to the Recreational Vehicle in such a way that the permit is visible from the street. Such permits shall be available ~~on-line~~ online at the Collier County Code Enforcement Department Website.

2. Recreational Vehicles may be parked upon the premises of the resident for a period not exceeding seven days for the purpose of repairing and/or cleaning prior to or after a trip. A temporary use permit must be obtained from the Collier County Code Enforcement Department to authorize this activity. Said permit must be affixed to the Recreational Vehicle in such a way that the permit is visible from the street. No more than two consecutive permits may be issued and the maximum number of permits issued during one calendar year shall be restricted to four.

3. Nonresident: Such car, trailer, bus or motorhome, when used for transportation of visitors to this county to visit friends or members of the visitor's family residing in this county may be parked upon the premises of the visited family for a period not exceeding seven days. A temporary use permit must be obtained from the Collier County Code Enforcement Department to authorize this activity. Said permit must be affixed to the Recreational Vehicle in such a way that the permit is visible from the street. This does not allow for living, sleeping, or housekeeping purposes. No

more than two consecutive permits may be issued and the maximum number of permits issued during one calendar year shall be restricted to four.

Executive Summary

Recommendation to approve a reduction in certain building permit fees when a Private Provider is retained to perform plan review or inspection services, in accordance with Laws of Florida Chapter 2026-63, with an effective date of July 1, 2026.

OBJECTIVE: To approve a reduction of certain building permit fees in the Growth Management and Community Development Department (GMCD) Services Fee Schedule when a Private Provider is retained for plan review or inspection services.

CONSIDERATIONS: Growth Management and Community Development recovers the cost of several core business operations through user fees established by Board resolution. As a result, any revision to the adopted fee schedule, including fee reductions necessary to comply with changes in State law, requires Board approval.

The proposed fee changes apply to permits when a Private Provider, according to Florida Statute 553.791, is retained to perform plan review and/or inspection services.

On May 6, 2026, the Governor approved House Bill 803, codified as Laws of Florida Chapter 2026-63, which amended Section 553.791, Florida Statutes, and added paragraph (d). Effective July 1, 2026, the law requires that when an owner or contractor retains a private provider for plan review or inspection services for a commercial construction project, the applicable permit fees must be reduced by 25 percent or 50 percent if both plan review and inspection services are provided.

> *(d) If a fee owner or the fee owner's contractor retains a private provider for purposes of plans review or building inspection services for a commercial construction project, the local enforcement agency must reduce the permit fee by at least 25 percent of the portion of the permit fee attributable to plans review or building inspection services, as applicable. If the fee owner or the fee owner's contractor retains a private provider for all required plans review and building inspection services, the local enforcement agency must reduce the total permit fee by at least 50 percent of the amount otherwise charged for such services. If the local enforcement agency does not reduce such fee by at least the percentages provided in this paragraph, the local enforcement agency forfeits the ability to collect any fees for the commercial construction project. The surcharge required by s. 553.721 must be calculated based on the amount of the reduced permit fee. This paragraph does not prohibit a local enforcement agency from reducing a permit fee in excess of the percentages provided in this paragraph.*

Building permit fees consist of applicable trade plan review fees and inspection fees. The proposed amendments are limited to fees identified in Sections N through R, Section U, and Section AA of the GMCD Services Fee Schedule. The existing Private Provider Fees in Section PP, including the Private Provider Administrative Fee and the Private Provider Registration Fee, will no longer be applied to permits. Refunds will be issued for excess fees charged after July 1, 2026.

GMCD has retained Raftelis Financial Consultants, Inc., to perform a fee study of the Building Division fees to verify the portion of permit fees attributable to services performed by Private Providers. Upon completion of the study, a separate resolution will be presented to the Board for further consideration.

FISCAL IMPACT: This is an enterprise funded with restricted use cost centers. Adoption of these changes will have no impact on the General Fund.

GROWTH MANAGEMENT IMPACT: No growth management impact is associated with this action.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for approval. -JAK

RECOMMENDATION(S): To approve a reduction in certain building permit fees when a Private Provider is retained to perform plan review or inspection services, in accordance with Laws of Florida Chapter 2026-63, with an effective date of July 1, 2026.

CHAPTER 2026-63

Committee Substitute for
Committee Substitute for House Bill No. 803

An act relating to building permits and inspections; amending s. 125.56, F.S.; providing for expiration of certain building permits issued by a county; providing construction; amending s. 287.056, F.S.; requiring the Department of Management Services to enter into and maintain state term contracts for building code inspection services; creating s. 468.634, F.S.; authorizing individuals to work in specified positions, for a specified timeframe, if they meet certain requirements; amending s. 489.129, F.S.; providing that certain persons are not subject to discipline for performing a job without applicable permits and inspections if otherwise authorized by law; amending s. 553.382, F.S.; prohibiting the Department of Business and Professional Regulation from denying a building permit for certain residential manufactured buildings; requiring that certain housing units be taxed in a certain manner; creating s. 553.385, F.S.; defining the terms "local government" and "offsite-constructed residential dwelling"; requiring that an offsite-constructed residential dwelling be permitted as of right in any zoning district where certain dwellings are allowed; prohibiting a local government from adopting or enforcing a certain zoning, land use, or development regulation that treats an offsite-constructed residential dwelling differently or more restrictively than certain dwellings in the same district; providing construction; authorizing a local government to adopt compatibility standards for specified architectural features; prohibiting a local government from treating offsite-constructed residential dwellings differently than factory-built buildings based on the method or location of construction; prohibiting a local government from adopting or enforcing certain zoning, land use, or development ordinances or regulations; prohibiting local government ordinances or regulations from having the effect of excluding offsite-constructed residential dwellings; requiring that such ordinances or regulations be reasonable and uniformly enforced without distinction as to type of housing; providing that any such ordinance or regulation is void and unenforceable as applied to offsite-constructed residential dwellings; amending s. 553.77, F.S.; requiring the Florida Building Commission to develop uniform commercial and residential building permit applications by a specified date; providing requirements for a uniform commercial building permit application; amending s. 553.79, F.S.; providing for expiration of certain building permits issued by a local government; providing construction; providing prohibitions for inspection fees; requiring a local government to exempt certain owners and contractors from building permit requirements for work valued below a specified amount; providing exceptions; prohibiting a construction project from being divided into multiple projects for a certain purpose; requiring certain owners and contractors to submit a written request for exemption to the local enforcement agency with specified documentation; providing that local

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

governments do not have a duty to certain persons; requiring local governments to exempt certain owners and contractors from requiring a building permit for the installation of temporary residential hurricane and flood protection walls or barriers that meet certain requirements; providing an exception; requiring certain owners and contractors to submit a written request for exemption to the local enforcement agency with specified documentation; providing that local governments do not have a duty to certain persons; authorizing the Florida Building Commission to adopt rules; requiring certain local governments to issue a building permit for the installation of certain retaining walls as a whole; prohibiting such local governments from requiring building permits for each lot or parcel under certain circumstances; prohibiting a political subdivision from imposing certain requirements for glazing on certain proposed construction or restoration projects; providing an exception; defining the terms "glazing" and "primary facade"; amending s. 553.791, F.S.; revising definitions and defining terms; requiring explicit written authorization from a fee owner for a contractor to use a private provider; requiring that such authorization be submitted to the local building official; deleting the requirement that a contract for certain services be in writing; providing that a contract for certain services does not need to be submitted as part of a permit application; providing requirements for reduced permit fees; prohibiting a local jurisdiction from charging punitive administrative fees or fees for plans review services; requiring that certain documents be promptly provided to certain persons; requiring local enforcement agencies to reduce permit fees by specified percentages under certain circumstances; providing that a local enforcement agency forfeits the ability to collect fees under certain circumstances; requiring that a surcharge be calculated based on the reduced permit fee; prohibiting local governments and local building officials from requiring additional forms; requiring local enforcement agencies to create a specified registration system that must have a method to register and update registration information electronically; prohibiting local enforcement agencies from charging an administrative fee to register or update registration information; requiring private provider firms to register with the local enforcement agency, provide certain information, and update their registration within a specified timeframe after changes occur; prohibiting local enforcement agencies from altering a form adopted by the commission; deleting the requirement that a private provider's qualification statements or resumes be included in a certain notice; deleting time restrictions for electing to use a private provider; requiring local enforcement agencies to accept a certain affidavit electronically; providing which forms and documents a local building official may review; providing notice requirements; providing that certain permits are deemed approved; providing that local enforcement agencies are not responsible for the administration or supervision of services performed by a private provider; prohibiting local enforcement agencies from requiring additional verification of certain requirements beyond that which is required at registration; revising the timeframe in which certain records must be provided; authorizing certain records to be electronically transmitted;

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

prohibiting local building officials from failing certain inspections; authorizing certain persons to sign certificates of compliance; providing requirements for local building officials who have knowledge that a private provider failed to perform an inspection; providing that virtual inspections may not be prohibited; requiring certain notice before an audit; prohibiting certain entities from discouraging the use of private providers; authorizing certain public entities to use a private provider firm or to employ a licensed building inspector to provide building code inspection services; amending s. 553.792, F.S.; requiring a local government to make certain decisions relating to certain building permits within a specified timeframe; amending s. 720.3035, F.S.; prohibiting an association or certain committees from requiring a building permit as a prerequisite for a certain review; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (d) of subsection (4) of section 125.56, Florida Statutes, is amended to read:

125.56 Enforcement and amendment of the Florida Building Code and the Florida Fire Prevention Code; inspection fees; inspectors; etc.—

(4)

(d) A county that issues building permits may send a written notice of expiration, by e-mail or United States Postal Service, to the owner of the property and the contractor listed on the permit, no less than 30 days before a building permit is set to expire. The written notice must identify the permit that is set to expire and the date the permit will expire. A building permit issued by a county for a single-family dwelling expires 1 year after the issuance of the permit or on the effective date of the next edition of the Florida Building Code, whichever is later. However, this paragraph does not prevent a local government from extending a building permit beyond the expiration date.

Section 2. Present subsection (4) of section 287.056, Florida Statutes, is redesignated as subsection (5), and a new subsection (4) is added to that section, to read:

287.056 Purchases from purchasing agreements and state term contracts; vendor disqualification.—

(4) The department shall enter into and maintain one or more state term contracts with vendors for the purpose of providing building code inspection services as defined in s. 553.791.

Section 3. Section 468.634, Florida Statutes, is created to read:

468.634 Certification by endorsement during a state of emergency.—Notwithstanding any other law, a person may act in any of the following

positions under the direction of the local building official for a period of 1 year from the date of a declaration of a state of emergency issued by the Governor for a natural emergency, a manmade emergency, or a technological emergency as those terms are defined in s. 252.34, if such person has entered into a state term contract pursuant to s. 287.056, is qualified for such work in any state that has a mutual aid agreement pursuant to s. 252.40(2), or has held a valid license for such work in any state for 5 years immediately before the date of the declaration:

(1) Building code inspector.

(2) Building inspector.

(3) Coastal construction inspector.

(4) Commercial electrical inspector.

(5) Electrical inspector.

(6) Mechanical inspector.

(7) Plumbing inspector.

(8) Residential electrical inspector.

(9) Residential inspector.

(10) Plans examiner.

(11) Building plans examiner.

(12) Plumbing plans examiner.

(13) Mechanical plans examiner.

(14) Electrical plans examiner.

Section 4. Paragraph (o) of subsection (1) of section 489.129, Florida Statutes, is amended to read:

489.129 Disciplinary proceedings.—

(1) The board may take any of the following actions against any certificateholder or registrant: place on probation or reprimand the licensee, revoke, suspend, or deny the issuance or renewal of the certificate or registration, require financial restitution to a consumer for financial harm directly related to a violation of a provision of this part, impose an administrative fine not to exceed $10,000 per violation, require continuing education, or assess costs associated with investigation and prosecution, if the contractor, financially responsible officer, or business organization for which the contractor is a primary qualifying agent, a financially responsible

officer, or a secondary qualifying agent responsible under s. 489.1195 is found guilty of any of the following acts:

(o) Proceeding on any job without obtaining applicable local building department permits and inspections, unless otherwise provided by law.

For the purposes of this subsection, construction is considered to be commenced when the contract is executed and the contractor has accepted funds from the customer or lender. A contractor does not commit a violation of this subsection when the contractor relies on a building code interpretation rendered by a building official or person authorized by s. 553.80 to enforce the building code, absent a finding of fraud or deceit in the practice of contracting, or gross negligence, repeated negligence, or negligence resulting in a significant danger to life or property on the part of the building official, in a proceeding under chapter 120.

Section 5. Section 553.382, Florida Statutes, is amended to read:

553.382 Placement of certain housing.—Notwithstanding any other law or ordinance to the contrary, in order to expand the availability of affordable housing in this state, any residential manufactured building that is certified under this chapter by the department may not be denied a building permit for placement ~~be placed~~ on a mobile home lot in a mobile home park, on a lot in a recreational vehicle park, or in a mobile home condominium, cooperative, or subdivision. Any such housing unit placed on a mobile home lot is a mobile home for purposes of chapter 723 and, therefore, all rights, obligations, and duties under chapter 723 apply, including the specifics of the prospectus. However, a housing unit subject to this section may not be placed on a mobile home lot without the prior written approval of the park owner. Each housing unit located on a mobile home lot and subject to this section shall be taxed as a mobile home under s. 320.08(11) and is subject to payments to the Florida Mobile Home Relocation Fund under s. 723.06116.

Section 6. Section 553.385, Florida Statutes, is created to read:

553.385 Permitting and zoning of offsite-constructed residential dwellings; parity.—

(1) As used in this section, the term:

(a) "Local government" means a county or municipality.

(b) "Offsite-constructed residential dwelling" means a manufactured building as defined in s. 553.36(13) which is intended for single-family residential use, or a manufactured home as defined in s. 320.01(2)(b) which is constructed in whole or in part offsite and is treated as real property.

(2)(a) An offsite-constructed residential dwelling must be permitted as of right in any zoning district where single-family detached dwellings are allowed.

(b) A local government may not adopt or enforce any zoning, land use, or development regulation that treats an offsite-constructed residential dwelling differently or more restrictively than a single-family site-built dwelling allowed in the same district.

(c) This section does not prohibit a local government from applying generally applicable architectural, aesthetic, design, setback, height, or bulk standards to offsite-constructed residential dwellings, provided such standards apply equally to site-built single-family dwellings permitted in the same district. A local government may adopt compatibility standards that are limited to the following architectural features:

1. Roof pitch.

2. Square footage of livable space.

3. Type and quality of exterior finishing materials.

4. Foundation enclosure.

5. Existence and type of attached structures.

6. Building setbacks, lot dimensions, and the orientation of the home on the lot.

(d) A local government may not treat offsite-constructed residential dwellings differently than factory-built buildings subject to s. 553.38 based on the method or location of construction.

(3) A local government may not adopt or enforce any zoning, land use, or development ordinance or regulation that conflicts with this section or s. 553.38, or that imposes different or more restrictive treatment on an offsite-constructed residential dwelling based on its method of construction or the presence of components built off site. Local government ordinances or regulations may not have the effect of excluding offsite-constructed residential dwellings and must be reasonable and uniformly enforced without any distinction as to the type of housing. Any such ordinance or regulation is void and unenforceable as applied to offsite-constructed residential dwellings.

Section 7. Present paragraphs (b) through (m) of subsection (1) of section 553.77, Florida Statutes, are redesignated as paragraphs (c) through (n), respectively, a new paragraph (b) is added to that subsection, and present paragraph (c) of that subsection is amended, to read:

553.77 Specific powers of the commission.—

(1) The commission shall:

(b) By July 1, 2027, adopt by rule a uniform commercial building permit application to be used statewide for commercial construction projects and a

uniform residential building permit application to be used statewide for residential construction projects. To the extent feasible, the uniform commercial building permit application and the uniform residential building permit application adopted by the commission must be capable of integration with existing building permit software systems used by local governments and must account for local amendments to the Florida Building Code.

(d)~~(c)~~ Upon written application by any substantially affected person or a local enforcement agency, issue declaratory statements pursuant to s. 120.565 relating to new technologies, techniques, and materials which have been tested where necessary and found to meet the objectives of the Florida Building Code. This paragraph does not apply to the types of products, materials, devices, or methods of construction required to be approved under paragraph (g) ~~(f)~~.

Section 8. Paragraphs (a), (b), (c), and (f) of subsection (1) and paragraph (a) of subsection (24) of section 553.79, Florida Statutes, are amended, and paragraphs (g), (h), and (i) are added to subsection (1) of that section, to read:

553.79 Permits; applications; issuance; inspections.—

(1)(a) Unless otherwise provided by law, after the effective date of the Florida Building Code adopted as herein provided, it shall be unlawful for any person, firm, corporation, or governmental entity to construct, erect, alter, modify, repair, or demolish any building within this state without first obtaining a permit therefor from the appropriate enforcing agency or from such persons as may, by appropriate resolution or regulation of the authorized state or local enforcing agency, be delegated authority to issue such permits, upon the payment of such reasonable fees adopted by the enforcing agency. The enforcing agency is empowered to revoke any such permit upon a determination by the agency that the construction, erection, alteration, modification, repair, or demolition of the building for which the permit was issued is in violation of, or not in conformity with, the provisions of the Florida Building Code. Whenever a permit required under this section is denied or revoked because the plan, or the construction, erection, alteration, modification, repair, or demolition of a building, is found by the local enforcing agency to be not in compliance with the Florida Building Code, the local enforcing agency shall identify the specific plan or project features that do not comply with the applicable codes, identify the specific code chapters and sections upon which the finding is based, and provide this information to the permit applicant. A plans reviewer or building code administrator who is responsible for issuing a denial, revocation, or modification request but fails to provide to the permit applicant a reason for denying, revoking, or requesting a modification, based on compliance with the Florida Building Code or local ordinance, is subject to disciplinary action against his or her license pursuant to s. 468.621(1)(i). Installation, replacement, removal, or metering of any load management control device is exempt from and shall not be subject to the permit process and fees otherwise required by this section.

(b) A local enforcement agency shall post each type of building permit application, as adopted by the commission, including a list of all required attachments, drawings, or other requirements for each type of application, on its website. A local enforcement agency shall ~~must~~ post and update the status of every received application on its website until the issuance of the building permit. A local enforcement agency shall allow applicants to submit completed applications, including payments, attachments, drawings, or other requirements or parts of the ~~completed~~ permit application, ~~must be able to be submitted~~ electronically to the appropriate building department. Accepted methods of electronic submission include, but are not limited to, e-mail submission of applications in Portable Document Format or submission of applications through an electronic fill-in form available on the building department's website or through a third-party submission management software. A building official, at his or her discretion, may accept completed applications, including payments, attachments, drawings, or other requirements or parts of the ~~completed~~ permit application, ~~may also be submitted~~ in person in a nonelectronic format~~, at the discretion of the building official~~.

(c) A local government that issues building permits may send a written notice of expiration, by e-mail or United States Postal Service, to the owner of the property and the contractor listed on the permit, no less than 30 days before a building permit is set to expire. The written notice must identify the permit that is set to expire and the date the permit will expire. A building permit issued by a local government for a single-family dwelling expires 1 year after the issuance of the permit or on the effective date of the next edition of the Florida Building Code, whichever is later. However, this paragraph does not prevent a local government from extending a building permit beyond the expiration date.

(f) A local government may not require a contract between a builder and an owner, any copies of such contract, or any associated document, including, but not limited to, letters of intent, material costs lists, labor costs, or overhead or profit statements, for the issuance of a building permit or as a requirement for the submission of a building permit application. Inspection fees may not be based on the total cost of a project and may not exceed the actual inspection costs incurred by the local enforcement agency.

(g)1. A local government that issues building permits shall exempt an owner of a single-family dwelling or the owner's contractor from the requirement to obtain a building permit to perform any work valued at less than $7,500 on the owner's property.

2. The exemption under subparagraph 1. does not apply to any of the following:

a. Work on a property that is partially or entirely located in a flood hazard area as defined by the Florida Building Code.

b. Any electrical, plumbing, structural, mechanical, or gas work performed on property containing a single-family dwelling. A construction

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

project may not be divided into more than one project for the purpose of evading the requirements of this paragraph.

3. To qualify for the exemption under subparagraph 1., the owner or the owner's contractor must submit a written request for exemption to the local enforcement agency with a copy of the contract or other documentation demonstrating the nature and the value of the work to be performed.

4. A local government has no legal duty to the owner, contractor, or successors or assigns thereof for exempted work performed under this paragraph.

(h)1. A local government that issues building permits shall exempt an owner of a single-family dwelling or the owner's contractor from the requirement to obtain a building permit for the installation of temporary residential hurricane and flood protection walls or barriers that meet all of the following conditions:

a. The wall or barrier is nonhabitable and non-load-bearing.

b. The wall or barrier is installed on the residential property of a single-family or two-family dwelling or townhouse.

c. The wall or barrier is constructed to mitigate or prevent storm surge or floodwaters from entering a structure or property.

d. The wall or barrier is installed by a contractor licensed under part I of chapter 489.

e. The wall or barrier complies with applicable local zoning, drainage, easement, and setback requirements.

2. The exemption under subparagraph 1. does not apply to work on a property that is partially or entirely located in a flood hazard area as defined by the Florida Building Code.

3. To qualify for the exemption under subparagraph 1., the owner or the owner's contractor must submit a written request for exemption to the local enforcement agency with a copy of the contract or other documentation demonstrating the nature of the work to be performed.

4. A local government has no legal duty to the owner, contractor, or successors or assigns thereof for work performed under this paragraph.

5. The commission may adopt rules under s. 120.54 to incorporate necessary standards to implement this paragraph.

(i) If a retaining wall spans more than one lot or parcel, a local government that issues building permits must issue a permit for a retaining wall for the project as a whole and may not require a building permit for each

CODING: Words stricken are deletions; words underlined are additions.

lot or parcel upon which a retaining wall is installed on the property of a single-family or two-family residential dwelling or a townhouse.

(24)(a) A political subdivision of this state may not adopt or enforce any ordinance or impose any building permit or other development order requirement that:

1. Contains any building, construction, or aesthetic requirement or condition that conflicts with or impairs corporate trademarks, service marks, trade dress, logos, color patterns, design scheme insignia, image standards, or other features of corporate branding identity on real property or improvements thereon used in activities conducted under chapter 526 or in carrying out business activities defined as a franchise by Federal Trade Commission regulations in 16 C.F.R. ss. 436.1, et. seq.; ~~or~~

2. Imposes any requirement on the design, construction, or location of signage advertising the retail price of gasoline in accordance with the requirements of ss. 526.111 and 526.121 which prevents the signage from being clearly visible and legible to drivers of approaching motor vehicles from a vantage point on any lane of traffic in either direction on a roadway abutting the gas station premises and meets height, width, and spacing standards for Series C, D, or E signs, as applicable, published in the latest edition of Standard Alphabets for Highway Signs published by the United States Department of Commerce, Bureau of Public Roads, Office of Highway Safety; or

3. Imposes a glazing requirement that results in the glazing of more than 15 percent of the surface area of the primary facade for the first 10 feet above the ground floor for a proposed new commercial or mixed-use construction or restoration project, except for individually listed contributing structures in a National Register of Historic Places district. For purposes of this subparagraph, the term:

a. "Glazing" means the installation of transparent or translucent materials, including glass or similar substances, in windows, doors, or storefronts. The term includes any actual or faux windows to be installed on a building facade.

b. "Primary facade" means the single building side housing the primary entrance to the building.

Section 9. Section 553.791, Florida Statutes, is amended to read:

553.791 Alternative plans review and inspection.—

(1) As used in this section, the term:

(a) "Applicable codes" means the Florida Building Code and any local technical amendments to the Florida Building Code but does not include the applicable minimum fire prevention and firesafety codes adopted pursuant to chapter 633.

(b) "Audit" means the process to confirm that the building code inspection services have been performed by the private provider, including ensuring that the required affidavit for the plan review has been properly completed and submitted with the permit documents and that the minimum mandatory inspections required under the building code have been performed and properly recorded. The local building official may not replicate the plan review or inspection being performed by the private provider, unless expressly authorized by this section.

(c) "Building" means any construction, erection, alteration, demolition, or improvement of, or addition to, any structure or site work for which permitting by a local enforcement agency is required.

(d) "Building code inspection services" means those services described in s. 468.603(5) and (8) involving the review of building plans as well as those services involving the review of site plans and site work engineering plans or their functional equivalent, to determine compliance with applicable codes and those inspections required by law, conducted either in person or virtually, of each phase of construction for which permitting by a local enforcement agency is required to determine compliance with applicable codes.

(e) "Deliver" or "delivery" means any method of delivery used in conventional business or commercial practice, including delivery by electronic transmissions <u>such as e-mail or submission through an electronic fill-in form available on the building department's website or through a third-party submission management software</u>.

(f) "Duly authorized representative" means an agent of the private provider identified in the permit application who reviews plans or performs inspections as provided by this section and who is licensed as an engineer under chapter 471 or as an architect under chapter 481 or who holds a standard or provisional certificate under part XII of chapter 468. A duly authorized representative who only holds a provisional certificate under part XII of chapter 468 must be under the direct supervision of a person licensed as a building code administrator under part XII of chapter 468.

(g) "Electronic signature" means any letters, characters, or symbols manifested by electronic or similar means which are executed or adopted by a party with an intent to authenticate a writing or record.

(h) "Electronic transmission" or "submitted electronically" means any form or process of communication not directly involving the physical transfer of paper or another tangible medium which is suitable for the retention, retrieval, and reproduction of information by the recipient and is retrievable in paper form by the receipt through an automated process. All notices<u>, documents, and applications</u> provided for in this section may be transmitted electronically and shall have the same legal effect as if physically posted or mailed.

(i) "Electronically posted" means providing notices of decisions, results, or records, including inspection records, through the use of a website or other form of electronic communication used to transmit or display information.

(j) "Immediate threat to public safety and welfare" means a building code violation that, if allowed to persist, constitutes an immediate hazard that could result in death, serious bodily injury, or significant property damage. This paragraph does not limit the authority of the local building official to issue a Notice of Corrective Action at any time during the construction of a building project or any portion of such project if the official determines that a condition of the building or portion thereof may constitute a hazard when the building is put into use following completion as long as the condition cited is shown to be in violation of the building code or approved plans.

(k) "Local building official" means the individual within the governing jurisdiction responsible for direct regulatory administration or supervision of plans review, enforcement, and inspection of any construction, erection, alteration, demolition, or substantial improvement of, or addition to, any structure for which permitting is required to indicate compliance with applicable codes and includes any duly authorized designee of such person.

(l) "Permit application" means a properly completed and submitted application for the requested building or construction permit, including:

1. The plans reviewed by the private provider, or in the case of a single-trade plans review where a private provider uses an automated or software-based plans review system pursuant to subsection (7) ~~(6)~~, the information reviewed by the automated or software-based plans review system to determine compliance with one or more applicable codes.

2. The affidavit from the private provider required under subsection (7) ~~(6)~~.

3. Any applicable fees.

4. Any documents required by the local building official to determine that the fee owner has secured all other government approvals required by law.

(m) "Plans" means building plans, site engineering plans, or site plans, or their functional equivalent, submitted by a fee owner or fee owner's contractor to a private provider or duly authorized representative for review.

(n) "Private provider" means a person licensed as a building code administrator under part XII of chapter 468, as an engineer under chapter 471, or as an architect under chapter 481. For purposes of performing inspections under this section for additions and alterations that are limited to 1,000 square feet or less to residential buildings, the term "private provider" also includes a person who holds a standard certificate under part XII of chapter 468.

(o) "Private provider firm" means a business organization, including a corporation, partnership, business trust, or other legal entity, which offers services under this chapter to the public through licensees who are acting as agents, employees, officers, or partners of the firm. A person who is licensed as a building code administrator under part XII of chapter 468, an engineer under chapter 471, or an architect under chapter 481 may act as a private provider for an agent, employee, or officer of the private provider firm.

(p) "Registration" means the roster of authorized private provider firms held by each local enforcement agency.

(q)~~(p)~~ "Request for certificate of occupancy or certificate of completion" means a properly completed and executed application for:

1. A certificate of occupancy or certificate of completion.

2. A certificate of compliance from the private provider required under subsection (15) ~~(13)~~.

3. Any applicable fees.

4. Any documents required by the local building official to determine that the fee owner has secured all other government approvals required by law.

(r)~~(q)~~ "Single-trade inspection" or "single-trade plans review" means any inspection or plans review focused on a single construction trade, such as plumbing, mechanical, or electrical. The term includes, but is not limited to, inspections or plans reviews of door or window replacements; fences and block walls more than 6 feet high from the top of the wall to the bottom of the footing; stucco or plastering; reroofing with no structural alteration; solar energy and energy storage installations or alterations; HVAC replacements; ductwork or fan replacements; alteration or installation of wiring, lighting, and service panels; water heater changeouts; sink replacements; and repiping.

(s)~~(r)~~ "Site work" means the portion of a construction project that is not part of the building structure, including, but not limited to, grading, excavation, landscape irrigation, and installation of driveways.

(t)~~(s)~~ "Stop-work order" means the issuance of any written statement, written directive, or written order which states the reason for the order and the conditions under which the cited work will be permitted to resume.

(2)(a) Notwithstanding any other law or local government ordinance or local policy, the fee owner of a building or structure, or the fee owner's contractor upon explicit written authorization from the fee owner, may choose at any time to use a private provider to provide plans review or building code inspection services with regard to such building or structure and may make payment directly to the private provider for the provision of such services. All such services shall be the subject of a ~~written~~ contract

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

between the private provider, or the private provider's firm, and the fee owner or the fee owner's contractor, upon explicit written authorization of the fee owner. A copy of such written authorization must be submitted to the local building official. The local enforcement agency may not require the contract to be provided as part of the permit application or as a condition for issuing a permit. The fee owner may elect to use a private provider to provide plans review or required building inspections, or both. However, if the fee owner or the fee owner's contractor uses a private provider to provide plans review, the local building official, in his or her discretion and pursuant to duly adopted policies of the local enforcement agency, may require the fee owner or the fee owner's contractor to use a private provider to also provide required building inspections.

(b) If a fee ~~an~~ owner or the fee owner's contractor retains a private provider for purposes of plans review or building inspection services, the local jurisdiction must reduce the permit fee by the amount of cost savings realized by the local enforcement agency for not having to perform such services. Such reduction may be calculated on a flat fee or percentage basis, or any other reasonable means by which a local enforcement agency assesses the cost for its plans review or inspection services. The permit fee must be based on the cost incurred by the local jurisdiction, including the labor cost of the personnel providing such services and the clerical and supervisory assistance required to comply with this section. The local jurisdiction may not charge fees for plans review or building inspections if the fee owner or the fee owner's contractor hires a private provider to perform such services. The local enforcement agency may not charge punitive administrative fees when a fee owner has chosen to work with a private provider; ~~however, the local jurisdiction may charge a reasonable administrative fee, which shall be based on the cost that is actually incurred, including the labor cost of the personnel providing the service, by the local jurisdiction or attributable to the local jurisdiction for the clerical and supervisory assistance required, or both~~.

(c) If a fee ~~an~~ owner or the fee owner's ~~a~~ contractor retains a private provider for purposes of plans review or building inspection services, the local jurisdiction must provide equal access to all permitting and inspection documents and reports to the private provider, owner, and contractor if such access is provided by software that protects exempt records from disclosure. Access to these documents must be promptly provided.

(d) If a fee owner or the fee owner's contractor retains a private provider for purposes of plans review or building inspection services for a commercial construction project, the local enforcement agency must reduce the permit fee by at least 25 percent of the portion of the permit fee attributable to plans review or building inspection services, as applicable. If the fee owner or the fee owner's contractor retains a private provider for all required plans review and building inspection services, the local enforcement agency must reduce the total permit fee by at least 50 percent of the amount otherwise charged for such services. If the local enforcement agency does not reduce such fee by at least the percentages provided in this paragraph, the local enforcement

agency forfeits the ability to collect any fees for the commercial construction project. The surcharge required by s. 553.721 must be calculated based on the amount of the reduced permit fee. This paragraph does not prohibit a local enforcement agency from reducing a permit fee in excess of the percentages provided in this paragraph.

(e) A local government or local building official may not require additional forms beyond those required at registration, except for the written notice required under subsection (5), if a fee owner or the fee owner's contractor uses a private provider.

(3) A private provider and any duly authorized representative may only perform building code inspection services that are within the disciplines covered by that person's licensure or certification under chapter 468, chapter 471, or chapter 481, including single-trade inspections. A private provider may not provide building code inspection services pursuant to this section upon any building designed or constructed by the private provider or the private provider's firm.

(4) A local enforcement agency must create a registration system for private providers and private provider firms working in the local enforcement agency's jurisdiction. A local enforcement agency must have a method to register and update registration information electronically. The local enforcement agency may not charge an administrative fee for registration or updates to a registration. The private provider or private provider firm must provide its contact information and verify compliance with the licensure requirements of paragraph (1)(n) or paragraph (1)(o), as applicable, and the insurance requirements of subsection (20). The private provider or private provider firm must register with the local enforcement agency in the jurisdiction in which the provider or firm is working before contracting to provide services in such jurisdiction. The private provider or private provider firm must update its registration within 5 business days after any change to the provider's or firm's contact information, licensure, or insurance coverage.

(5)~~(4)~~ A fee owner or the fee owner's contractor using a private provider to provide building code inspection services shall notify the local building official in writing at the time of permit application, or by 2 p.m. local time, 2 business days before the first scheduled inspection by the local building official or building code enforcement agency that a private provider has been contracted to perform the required inspections of construction under this section, including single-trade inspections, on a form ~~to be~~ adopted by the commission. The local enforcement agency may not alter the form. This notice must ~~shall~~ include the following information:

(a) The services to be performed by the private provider.

(b) The name, firm, address, telephone number, and e-mail address of each private provider who is performing or will perform such services, his or her professional license or certification number, ~~qualification statements or~~

~~resumes,~~ and, if required by the local building official, a certificate of insurance demonstrating that professional liability insurance coverage is in place for the private provider's firm, the private provider, and any duly authorized representative in the amounts required by this section.

(c) An acknowledgment from the fee owner or the fee owner's contractor in substantially the following form:

> I have elected to use one or more private providers to provide building code plans review and/or inspection services on the building or structure that is the subject of the enclosed permit application, as authorized by s. 553.791, Florida Statutes. I understand that the local building official may not review the plans submitted or perform the required building inspections to determine compliance with the applicable codes, except to the extent specified in said law. Instead, plans review and/or required building inspections will be performed by licensed or certified personnel identified in the application. The law requires minimum insurance requirements for such personnel, but I understand that I may require more insurance to protect my interests. By executing this form, I acknowledge that I have made inquiry regarding the competence of the licensed or certified personnel and the level of their insurance and am satisfied that my interests are adequately protected. I agree to indemnify, defend, and hold harmless the local government, the local building official, and their building code enforcement personnel from any and all claims arising from my use of these licensed or certified personnel to perform building code inspection services with respect to the building or structure that is the subject of the enclosed permit application.

If the fee owner or the fee owner's contractor makes any changes to the listed private providers or the services to be provided by those private providers, the fee owner or the fee owner's contractor shall, within 1 business day after any change or within 2 business days before the next scheduled inspection, update the notice to reflect such changes. A change of a duly authorized representative named in the permit application does not require a revision of the permit, and the building code enforcement agency shall not charge a fee for making the change.

(6)~~(5)~~ After construction has commenced ~~and if either the local building official is unable to provide inspection services in a timely manner or the work subject to inspection is related to a single-trade inspection for a single-family or two-family dwelling~~, the fee owner or the fee owner's contractor may elect to use a private provider to provide inspection services for a single-trade inspection for a single-family or two-family dwelling by notifying the local building official of the owner's or contractor's intention to do so ~~by 2 p.m. local time, 2 business days~~ before the next scheduled inspection using the notice provided for in paragraphs (5)(a), (b), and (c) ~~(4)(a)-(c)~~.

(7)~~(6)~~ A private provider performing plans review under this section shall review the plans to determine compliance with the applicable codes.

For single-trade plans reviews, a private provider may use an automated or software-based plans review system designed to determine compliance with one or more applicable codes, including, but not limited to, the National Electrical Code and the Florida Building Code. Upon determining that the plans reviewed comply with the applicable codes, the private provider shall prepare an affidavit or affidavits certifying, under oath, that the following is true and correct to the best of the private provider's knowledge and belief:

(a) The plans were reviewed by the affiant, who is duly authorized to perform plans review pursuant to this section and holds the appropriate license or certificate.

(b) The plans comply with the applicable codes.

Such affidavit may bear a written or electronic signature and may be submitted electronically to the local building official. A local enforcement agency must accept electronically submitted affidavits.

(8)(a) The local building official may not review plans, construction drawings, or any other related documents determined by a private provider to be compliant with the applicable codes, except to the extent necessary to determine compliance with local ordinances, floodplain management regulations, site review requirements, and any other administrative or life-safety review unrelated to building code compliance.

(b) The local building official may review other forms and documents required under this section for completeness only. The local building official must provide written notice to a permit applicant of any incomplete forms or documents required under this section no later than 10 business days after receipt of a permit application or, if the permit application is relating to a single-trade plans review for a single-family or two-family dwelling, no later than 5 business days after receipt of a permit application, and an affidavit from the private provider as required in subsection (7). The written notice must state with specificity which forms or documents are incomplete.

~~(7)(a) No more than 20 business days, or if the permit application is related to a single-trade plans review for a single-family or two-family dwelling, no more than 5 business days, after receipt of a permit application and the affidavit from the private provider required pursuant to subsection (6), the local building official shall issue the requested permit or provide a written notice to the permit applicant identifying the specific plan features that do not comply with the applicable codes, as well as the specific code chapters and sections.~~ If the local building official does not provide such ~~a~~ written notice ~~of the plan deficiencies~~ within the prescribed time period, the permit ~~application~~ must be deemed approved as a matter of law, and the permit must be issued by the local building official on the next business day.

(c)~~(b)~~ If the local building official provides a written notice ~~of plan deficiencies~~ to the permit applicant of any incomplete forms or documents required under this section at the time of plan submission within the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

prescribed time period, such ~~the~~ time period is tolled pending resolution of the matter. To resolve the issues raised in the notice ~~plan deficiencies~~, the permit applicant may elect to dispute the issues ~~deficiencies~~ pursuant to subsection (17) ~~(15)~~ or to submit revisions to correct the issues ~~deficiencies~~.

(d)~~(c)~~ If the permit applicant submits revisions, the local building official has the remainder of the tolled 10-day or 5-day time period plus 5 business days ~~after the date of resubmittal~~ to issue the requested permit or to provide a second written notice to the permit applicant stating which of the previously identified forms or documents ~~plan features~~ remain incomplete ~~in noncompliance with the applicable codes, with specific reference to the relevant code chapters and sections~~. Any subsequent review by the local building official is limited to the issues ~~deficiencies~~ cited in the original written notice. If the local building official does not provide the second written notice within the prescribed time period, the permit must be deemed approved as a matter of law, and the local building official must issue the permit on the next business day.

(e)~~(d)~~ If the local building official provides a second written notice ~~of plan deficiencies~~ to the permit applicant within the prescribed time period, the permit applicant may elect to dispute the issues raised in the second notice ~~deficiencies~~ pursuant to subsection (17) ~~(15)~~ or to submit additional revisions to correct the issues ~~deficiencies~~. For all revisions submitted after the first revision, the local building official has an additional 5 business days ~~after the date of resubmittal~~ to issue the requested permit or to provide a written notice to the permit applicant stating which of the previously identified forms or documents ~~plan features~~ remain incomplete. If the local building official does not provide the notice within the prescribed time period, the permit must be deemed approved as a matter of law, and the local building official must issue the permit on the next business day ~~in noncompliance with the applicable codes, with specific reference to the relevant code chapters and sections~~.

(9)~~(8)~~ A private provider performing required inspections under this section shall inspect each phase of construction as required by the applicable codes. Such inspection, including a single-trade inspection, may be performed in person or virtually. The private provider may have a duly authorized representative perform the required inspections, provided all required reports are prepared by and bear the written or electronic signature of the private provider or the private provider's duly authorized representative. The duly authorized representative must be an employee of the private provider entitled to receive reemployment assistance benefits under chapter 443. The contractor's contractual or legal obligations are not relieved by any action of the private provider.

(10)~~(9) A private provider performing required inspections under this section shall provide notice to the local building official of the approximate date and time of any such inspection.~~ The local building official may not prohibit the private provider from performing any inspection outside the local building official's normal operating hours, including after hours,

weekends, or holidays. ~~The local building official may visit the building site as often as necessary to verify that the private provider is performing all required inspections.~~ A deficiency notice must be posted by the private provider, the duly authorized representative of the private provider, or the building department whenever a noncomplying item related to the building code or the permitted documents is found. Such notice may be physically posted at the job site or electronically posted. After corrections are made, the item must be reinspected by the private provider or the representative of the private provider before being concealed. ~~Reinspection or reaudit fees shall not be charged by~~ The local jurisdiction may not charge reinspection or reaudit fees as a result of the local jurisdiction's audit inspection occurring before the performance of the private provider's inspection or for any other administrative matter not involving the detection of a violation of the building code or a permit requirement.

(11) A local enforcement agency is not responsible for the regulatory administration or supervision of building code inspection services performed by a private provider hired by a fee owner or the fee owner's contractor. A local enforcement agency may not require additional verification of licensure or insurance requirements beyond that which is required at registration.

(12)~~(10)~~ If the private provider is a person licensed as an engineer under chapter 471 or an architect under chapter 481 and affixes his or her professional seal to the affidavit required under subsection (7) ~~(6)~~, the local building official must issue the requested permit or provide a written notice to the permit applicant identifying the specific plan features that do not comply with the applicable codes, as well as the specific code chapters and sections, within 10 business days after receipt of the permit application and affidavit. In such written notice, the local building official must provide with specificity the plan's deficiencies, the reasons the permit application failed, and the applicable codes being violated. If the local building official does not provide specific written notice to the permit applicant within the prescribed 10-day period, the permit application is deemed approved as a matter of law, and the local building official must issue the permit on the next business day.

(13)~~(11)~~ If equipment replacements and repairs must be performed in an emergency situation, subject to the emergency permitting provisions of the Florida Building Code, a private provider may perform emergency inspection services without first notifying the local building official ~~pursuant to subsection (9)~~. A private provider must conduct the inspection within 3 business days after being contacted to conduct an emergency inspection and must submit the inspection report to the local building official within 1 day after the inspection is completed.

(14)~~(12)~~ Upon completing the required inspections at each applicable phase of construction, the private provider shall record such inspections on a form provided by the commission ~~acceptable to the local building official~~. The form must bear the written or electronic signature of the private provider or the private provider's duly authorized representative. These inspection

records must ~~shall~~ reflect those inspections required by the applicable codes of each phase of construction for which permitting by a local enforcement agency is required. The private provider, upon completion of the required inspection, shall post each completed inspection record, indicating pass or fail, and provide the record to the local building official within 4 ~~2~~ business days. Such inspection record may be electronically posted by the private provider, or the private provider may post such inspection record physically at the project site. The private provider may electronically transmit the record to the local building official. The local building official may waive the requirement to provide a record of each inspection within 4 ~~2~~ business days if the record is electronically posted or transmitted or posted at the project site and all such inspection records are submitted with the certificate of compliance. Unless the records have been electronically posted or transmitted, records of all required and completed inspections shall be maintained at the building site at all times and made available for review by the local building official. A local building official may not fail any inspection performed by a private provider for not having the inspection records at the job site if the inspection records have been electronically transmitted to the local building official within the 4-business-day requirement. The private provider shall report to the local enforcement agency any condition that poses an immediate threat to public safety and welfare.

(15)~~(13)~~ Upon completion of all required inspections, the private provider firm shall prepare a certificate of compliance, on a form provided by the commission ~~acceptable to the local building official~~, summarizing the inspections performed and including a written representation, under oath, that the stated inspections have been performed and that, to the best of the private provider's knowledge and belief, the building construction inspected complies with the approved plans and applicable codes. The certificate of compliance may be signed by any qualified licensed individual employed full time by the private provider firm under whose authority the inspection was completed. The statement required of the private provider shall be substantially in the following form and shall be signed and sealed by a private provider as established in subsection (1) or may be electronically transmitted to the local building official:

> To the best of my knowledge and belief, the building components and site improvements outlined herein and inspected under my authority have been completed in conformance with the approved plans and the applicable codes.

(16)(a)~~(14)(a)~~ The local building official may only perform building inspections of construction that a private provider has determined to be compliant with the applicable codes if the local building official has knowledge that the private provider did not perform the required inspections. If the local building official has such knowledge, the local building official must provide to the private provider written notice of the facts and circumstances upon which the local building official relied for such knowledge before performing a required inspection. The local building official may

review forms and documents required under this section for completeness only. No more than 10 business days, or if the permit is related to single-family or two-family dwellings then no more than 2 business days, after receipt of a request for a certificate of occupancy or certificate of completion and the applicant's presentation of a certificate of compliance and approval of all other government approvals required by law, including the payment of all outstanding fees, the local building official shall issue the certificate of occupancy or certificate of completion or provide ~~a~~ notice to the applicant of any incomplete forms or documents required under this section ~~identifying the specific deficiencies, as well as the specific code chapters and sections~~.

(b) If the local building official does not provide notice of any incomplete forms or documents ~~the deficiencies~~ within the applicable time periods under paragraph (a), the request for a certificate of occupancy or certificate of completion is automatically granted and deemed issued as of the next business day. The local building official must provide the applicant with the written certificate of occupancy or certificate of completion within 10 days after it is automatically granted and issued. To resolve any identified issues ~~deficiencies~~, the applicant may elect to dispute the issues ~~deficiencies~~ pursuant to subsection (17) ~~(15)~~ or to submit a corrected request for a certificate of occupancy or certificate of completion.

(17)~~(15)~~ If the local building official determines that the building construction or plans do not comply with the applicable codes, the official may deny the permit or request for a certificate of occupancy or certificate of completion, as appropriate, or may issue a stop-work order for the project or any portion thereof as provided by law, if the official determines that the noncompliance poses an immediate threat to public safety and welfare, subject to the following:

(a) The local building official shall be available to meet with the private provider within 2 business days to resolve any dispute after issuing a stop-work order or providing notice to the applicant denying a permit or request for a certificate of occupancy or certificate of completion.

(b) If the local building official and private provider are unable to resolve the dispute, the matter shall be referred to the local enforcement agency's board of appeals, if one exists, which shall consider the matter at its next scheduled meeting or sooner. Any decisions by the local enforcement agency's board of appeals, or local building official if there is no board of appeals, may be appealed to the commission as provided by this chapter.

(c) Notwithstanding any provision of this section, any decisions regarding the issuance of a building permit, certificate of occupancy, or certificate of completion may be reviewed by the local enforcement agency's board of appeals, if one exists. Any decision by the local enforcement agency's board of appeals, or local building official if there is no board of appeals, may be appealed to the commission as provided by this chapter, which shall consider the matter at the commission's next scheduled meeting.

(18)~~(16)~~ For the purposes of this section, any notice to be provided by the local building official shall be deemed to be provided to the person or entity when successfully transmitted to the e-mail address listed for that person or entity in the permit application or revised permit application, or, if no e-mail address is stated, when actually received by that person or entity.

(19)(a)~~(17)(a)~~ A local enforcement agency, local building official, or local government may not adopt or enforce any laws, rules, procedures, policies, qualifications, or standards more stringent than those prescribed by this section.

~~(b) A local enforcement agency, local building official, or local government may establish, for private providers, private provider firms, and duly authorized representatives working within that jurisdiction, a system of registration to verify compliance with the licensure requirements of paragraph (1)(n) and the insurance requirements of subsection (18).~~

(b)~~(c)~~ This section does not limit the authority of the local building official to issue a stop-work order for a building project or any portion of the project, as provided by law, if the official determines that a condition on the building site constitutes an immediate threat to public safety and welfare.

(c) A local enforcement agency may not prohibit or limit private providers from using virtual inspections if a virtual inspection is not prohibited by any applicable code.

(20)~~(18)~~ A private provider may perform building code inspection services on a building project under this section only if the private provider maintains insurance for professional liability covering all services performed as a private provider. Such insurance shall have minimum policy limits of $1 million per occurrence and $2 million in the aggregate for any project with a construction cost of $5 million or less and $2 million per occurrence and $4 million in the aggregate for any project with a construction cost of over $5 million. Nothing in this section limits the ability of a fee owner to require additional insurance or higher policy limits. For these purposes, the term "construction cost" means the total cost of building construction as stated in the building permit application. If the private provider chooses to secure claims-made coverage to fulfill this requirement, the private provider must also maintain coverage for a minimum of 5 years after ~~subsequent to~~ the performance of building code inspection services. The insurance required under this subsection shall be written only by insurers authorized to do business in this state with a minimum A.M. Best's rating of A. Before providing building code inspection services within a local building official's jurisdiction, a private provider must provide to the local building official a certificate of insurance evidencing that the coverages required under this subsection are in force.

(21)~~(19)~~ When performing building code inspection services, a private provider is subject to the disciplinary guidelines of the applicable professional board with jurisdiction over his or her license or certification under

chapter 468, chapter 471, or chapter 481. All private providers shall be subject to the disciplinary guidelines of s. 468.621(1)(c)-(h). Any complaint processing, investigation, and discipline that arise out of a private provider's performance of building code inspection services shall be conducted by the applicable professional board.

(22)~~(20)~~ A local building code enforcement agency may not audit the performance of building code inspection services by private providers operating within the local jurisdiction until the agency has created standard operating private provider audit procedures for the agency's internal inspection and review staff, which includes, at a minimum, the private provider audit purpose and scope, private provider audit criteria, an explanation of private provider audit processes and objections, and detailed findings of areas of noncompliance. Such private provider audit procedures must be publicly available online, and a printed version must be readily accessible in agency buildings. The private provider audit results of staff for the prior two quarters also must be publicly available. The agency's audit processes must adhere to the agency's posted standard operating audit procedures. The same private provider or private provider firm may not be audited more than four times in a year unless the local building official determines a condition of a building constitutes an immediate threat to public safety and welfare, which must be communicated in writing to the private provider or private provider firm. The private provider or private provider firm must be given notice of each audit to be performed at least 5 business days before the audit. Work on a building or structure may proceed after inspection and approval by a private provider. The work may not be delayed for completion of an inspection audit by the local building code enforcement agency.

(23)~~(21)~~ The local government, ~~the~~ local building official, and ~~their~~ building code enforcement personnel shall be immune from liability to any person or party for any action or inaction by a fee owner of a building, or by a private provider or its duly authorized representative, in connection with building code inspection services as authorized in this act. The local government, local enforcement agency, local building official, and building code enforcement personnel may not prohibit or discourage the use of a private provider or a private provider firm.

(24)~~(22)~~ Notwithstanding any other law, a county, a municipality, a school district, or an independent special district may use a private provider or a private provider firm, or may employ a licensed building inspector as described in s. 468.603(5)(a) or a person who holds the same licensure or certification as a private provider, to provide building code inspection services for a public works project, an improvement, a building, or any other structure that is owned by the county, municipality, school district, or independent special district.

Section 10. Paragraph (a) of subsection (1) of section 553.792, Florida Statutes, is amended to read:

553.792 Building permit application to local government.—

(1)(a) A local government must approve, approve with conditions, or deny a building permit application after receipt of a completed and sufficient application within the following timeframes, unless the applicant waives such timeframes in writing:

1. Within 5 business days after receiving a complete and sufficient application, for an applicant using a local government plans reviewer to obtain the following building permits for an existing single-family residential dwelling if the value of the work is less than $15,000: structural, accessory structure, alarm, electrical, gas, irrigation, landscaping, mechanical, plumbing, or roofing.

2.~~1.~~ Within 30 business days after receiving a complete and sufficient application, for an applicant using a local government plans reviewer to obtain the following building permits if the structure is less than 7,500 square feet: residential units, including a single-family residential unit or a single-family residential dwelling, accessory structure, alarm, electrical, irrigation, landscaping, mechanical, plumbing, or roofing.

3.~~2.~~ Within 60 business days after receiving a complete and sufficient application, for an applicant using a local government plans reviewer to obtain the following building permits if the structure is 7,500 square feet or more: residential units, including a single-family residential unit or a single-family residential dwelling, accessory structure, alarm, electrical, irrigation, landscaping, mechanical, plumbing, or roofing.

4.~~3.~~ Within 60 business days after receiving a complete and sufficient application, for an applicant using a local government plans reviewer to obtain the following building permits: signs or nonresidential buildings that are less than 25,000 square feet.

5.~~4.~~ Within 60 business days after receiving a complete and sufficient application, for an applicant using a local government plans reviewer to obtain the following building permits: multifamily residential, not exceeding 50 units; site-plan approvals and subdivision plats not requiring public hearing or public notice; and lot grading and site alteration.

6.~~5.~~ Within 12 business days after receiving a complete and sufficient application, for an applicant using a master building permit consistent with s. 553.794 to obtain a site-specific building permit.

7.~~6.~~ Within 10 business days after receiving a complete and sufficient application, for an applicant for a single-family residential dwelling applied for by a contractor licensed in this state on behalf of a property owner who participates in a Community Development Block Grant-Disaster Recovery program ~~administered by the Department of Commerce~~, unless the permit application fails to satisfy the Florida Building Code or the enforcing agency's laws or ordinances.

However, the local government may not require the waiver of the time-frames in this section as a condition precedent to reviewing an applicant's building permit application.

Section 11. Paragraph (c) is added to subsection (1) of section 720.3035, Florida Statutes, to read:

720.3035 Architectural control covenants; parcel owner improvements; rights and privileges.—

(1)

(c) An association or any architectural, construction improvement, or other such similar committee of an association may not require a building permit to be issued by a governmental authority to a parcel owner as a prerequisite for review by the association or committee concerning the construction of structures or improvements on the parcel.

Section 12. This act shall take effect July 1, 2026.

Approved by the Governor May 6, 2026.

Filed in Office Secretary of State May 6, 2026.

RESOLUTION NO. 2025-231

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, AMENDING THE COLLIER COUNTY GROWTH MANAGEMENT DEPARTMENT DEVELOPMENT SERVICES FEE SCHEDULE; SUPERSEDING RESOLUTION NO. 2024-195, AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, on October 22, 2024, the Board of County Commissioners (Board) approved Resolution No. 2024-195 establishing a revised Collier County Growth Management Development Department Services Fee Schedule (Fee Schedule); and

WHEREAS, Collier County approved, implemented, and has been adhering to the schedule adjustment established in Resolution No. 2024-195 but because of inflation previous rate adjustments have been insufficient to maintain the minimum operating reserves of the Building Division as required per Section 553.80(7)(a), Florida Statutes; and

WHEREAS, the Board directed the Collier County Growth Management Community Development Department (GMCD) to perform a fee study to analyze the rates and budgetary needs of the Collier County Building Division;

WHEREAS, GMCD retained Raftelis Financial Consultants, Inc., to perform a fee study of the Building Divisions fees which resulted in the recommendation that further rate adjustments be made to existing fees. In addition, Raftelis Financial Consultants, Inc. recommended the addition of three new fees to enable cost recovery and continued support of the services: Concierge Permitting Meeting, Extended Work Hours application, and Milestone Review; and

WHEREAS, the Board finds that it is in the public interest to amend the Fee Schedule to implement changes to maintain the minimum operating reserves of the Building Division required by Section 553.80(7)(a), Florida Statutes.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

The Board of County Commissioners hereby amends the Fee Schedule as set forth in the attached Fee Schedule, which shall become effective on January 1, 2026.

BE IT FURTHER RESOLVED that the Board declares that these fees are all fair and reasonable sums to be assessed to the Land Development Code and the County's corresponding development review and permitting process.

BE IT FURTHER RESOLVED that Resolution No. 2024-195 is hereby replaced in its entirety by this Resolution.

This Resolution adopted upon majority vote this 28th day of October, 2025.

CAO

FEES ARE ESTABLISHED BY THE COLLIER COUNTY BOARD OF COUNTY COMMISSIONERS (BOARD) RESOLUTION AND CANNOT BE WAIVED OR SUSPENDED WITHOUT AN ACTION BY THE BOARD.

ANY QUESTIONS CONCERNING THE APPLICABILITY OF FEES SHALL BE CONCLUSIVELY DETERMINED BY THE DIRECTOR OF THE APPROPRIATE DIVISION, AS APPLICABLE. WHEREAS PART OF A REZONING, PLAT OR SIMILAR APPLICATION TYPE, THE BOARD DIRECTS APPROVAL OF FUTURE DEVELOPMENT ORDERS DIFFERENT FROM THE STANDARD TYPE OF APPROVAL PROCESSES REQUIRED, THE DIRECTOR OF THE APPROPRIATE DIVISION SHALL DETERMINE THE FEES TO BE APPLIED TO THE PROCESS NECESSARY TO MEET THE BOARDS REQUIREMENTS. THE APPLICABLE FEES SHALL BE THOSE WHICH MOST CLOSELY RESEMBLE THOSE CHARGED FOR SIMILAR PROCESSES INCLUDING EXTRA FEES FOR ADVERTISING AND THE LIKE.

PERMIT APPLICATION AND PLAN REVIEW FEE REDUCTIONS MAY APPLY DURING BOARD DECLARED DISASTERS; (SEE SECTION OO).

A) ADMINISTRATION

1) Official Interpretation Request of Land Development Code (LDC), Growth Management Plan (GMP), or Building Construction Administrative Code (Administrative Code). Based on staff hours: Less than 20 hours **$1,500.00**, 20 to 40 hours **$3,000.00**, more than 40 hours **$5,000.00**

2) Determination of Vested Rights **$100.00** (plus the County's out-of-pocket expenses associated with hearing officer and hearings)

3) Appeal of Vested Rights Determination **$100.00**

4) Amendment to Land Development Code **$3,000.00**

5) Appeal of an Administrative Decision (as may be provided for in the Collier County Administrative Code or the LDC) **$1000.**00 (non-refundable)

B) BLASTING PERMITS & INSPECTION

1) 30 day permit fee, non-refundable payable upon application **$250.00**
2) 90 day permit fee, non-refundable payable upon application **$600.00**
3) Yearly permit fee, non-refundable payable upon application **$1,500.00**
4) Renewal permit fee, non-refundable payable upon application **$200.00**
5) After-the-fact fee, due to blasting without a permit **$10,000.00**
6) Fine fee, per detonated shot with after-the-fact permit **$200.00**
7) Blasting Inspection Fee **$200.00** (per inspection)
8) Inspection fees shall be paid upon issuance of a blasting permit based on the estimated number of blasts. Upon completion, fees will be adjusted to reflect actual number of blasts.

C) ENVIRONMENTAL/LANDSCAPING

1) Site Clearing Permit, first acre or fraction of an acre **$250.00** each additional acre or fraction of an acre **$50.00** ($3,000.00 maximum)

2) Agricultural Land Clearing
   a) Land Clearing Notification **$250.00**
   b) Land Clearing Permit **$250.00** each additional acre or fraction of an acre **$50.00** ($3,000.00 maximum)

3) Landscape Tree Removal Fee **$250.00**

4) Environmental Impact Statement (EIS) **$2,500.00** includes 1st submittal and 2nd submittal, if applicable**,** 3rd submittal **$1,000.00**, 4th and subsequent submittals **$500.00** each

5) Vehicle on the Beach Permit Application **$250.00** (Permit fee shall be waived for public and non-profit organizations engaging in environmental activities for scientific, conservation or educational purposes).

6) Special Treatment Review
   a) First five acres or less **$400.00**
   b) Each additional acre, or fraction thereof **$50.00** ($5,000.00 Maximum)

7) Coastal Construction Setback Line (CCSL)
   a) CCSL Permits **$400.00**
   b) Variance - Petition **$1,000.00**

8) Sea Turtle Permit
   a) Sea Turtle Handling Permits **$25.00**
   b) Sea Turtle Nesting Area Construction Permit **$200.00**

9) Vegetation Removal Permit
   a) First acre or fraction of an acre less **$250.00**
   b) Each additional acre, or fraction thereof **$50.00** ($3,000.00 Maximum)

10) After-the-fact Environmental or Landscape Permits (Refer to Section BB for additional guidance related to permit requirements, timeframes and subsequent fees):
   a) CCSL Variance Petition 2x normal fee
   b) All other Environmental or Landscape Permits 2x normal fee

11) Informal Wetland Jurisdictional determination for single family parcels up to 5 acres **$300.00**

12) Conservation Easement review fee **$300.00** application fee plus the following additional site fee: **$200.00** for CE acres less than 5 acres; **$400.00** for CE area between 5 acres and 10 acres; **$600.00** for CE area greater than 10 acres and less than 20 acres; **$800.00** for CE areas between 20 and 50 acres; and an additional **$200.00** for every 40 acres of CE area over 50 acres.

13) Listed or Protected Species review fee (when an EIS is not required) **$1,000.00**

D) EXCAVATION PERMITS

1) Application Renewal **$300.00**
2) Application (Private) **$400.00**
3) Application (Commercial) **$2,000.00**
4) Application (Development) **$400.00**
5) **$200.00** per inspection paid in advance for 12 months
6) Reapplication: **$300.00** plus **$200.00** per month inspection fee
7) Cubic Yardage Review Fee: **$200.00** first 5000cy, plus **$10.00** per additional 1000cy with a max of $20,000.00
8) Time Extension. **$150.00** plus **$200.00** per month inspection fee
9) After-the-fact Excavation Permit 2x application fee
10) Over excavation penalty fee per yard, plus Permit/Review **$0.05** per cubic yard fee, unless maximum have been paid.

E) FIRE CODE REVIEW FEES

1) Please refer to the Fire Code Office regarding their Fire Code Review Fees.

F) SITE DEVELOPMENT PLANS

1) Site Development Plan Review (SDP) **$5,000.00**
   a) plus **$40.00** per D/U
   b) plus **$100.00** per residential building structure

c) plus **$0.10** per square foot for non-residential except that structures designed exclusively for parking (parking garages) shall be calculated at **$0.05** per square foot
d) plus **$200.00** per building for non-residential
e) Additional fees for 3rd review **$500.00**, 4th review **$1,000.00**, 5th review **$1,500.00**, 6th and subsequent reviews **$2,000.00**

When a building consists of both residential and non-residential (commercial, retail, office) uses, the following fees will apply.

a) **$5,000.00** base fee plus **$40.00** per D/U
b) **$200.00** per building for non-residential
c) plus **$0.10** per square foot of non-residential floor area
d) Additional fees for 3rd review **$500.00**, 4th review **$1,000.00**, 5th review **$1,500.00**, 6th and subsequent review **$2,000.00**

2) Pre-application fee **$500.00** (to be credited toward application fee submittal)
   a) Second and subsequent pre-app meetings at the applicant's request shall not be credited towards application fees
   b) Second and subsequent pre-app meetings at staff's request will be held at no charge to the applicant
   c) Applications submitted 9 months or more after the date of the last pre-app meeting shall not be credited towards application fees and a new pre-application meeting will be required

3) Site Development Plan Insubstantial Change
   a) Site Development Plan Insubstantial Change **$400.00** for first sheet, **$100.00** for each and every additional sheet submitted
   b) Additional fees for 3rd review **$500.00,** 4th Review **$1,000.00**, 5th and subsequent review **$1,500.00**

4) Site Development Plan Conceptual Review (CSP), Unified Development Plan (UDP), Neighborhood Park Site (NPSP), Existing Conditions Site Improvement Plan **$750.00**

5) Site Improvement Plan Review (SIP) **$1,000.00** (plus Engineering review fees)

6) Utility Plan Review & Inspection Fees
   a) Construction Document Review **0.75%** of probable water and/or sewer construction costs
   b) Construction Inspection **2.25%** of probable water and/or sewer construction costs. All Inspection fees will be due at the pre-construction meeting. If no pre-construction meeting is required, all Inspection fees shall be due prior to the issuance of the permit. No construction shall take place until the fee is paid in full. Fees are considered to be non-refundable after payment is received unless otherwise determined by the Board.

7) Engineering Site Plan Review Fee
   a) Construction Documents Review Fee **0.75%** of probable Paving, Grading, Drainage, Lighting, Code Minimum Landscaping, and any other appurtenant cost of construction
   b) Construction Inspection **2.25%** of probable Paving, Grading, Drainage, Lighting, Code Minimum Landscaping, and any other appurtenant cost of construction. All Inspection fees will be due at the pre- construction meeting. If no pre-construction meeting is required, all Inspection fees shall be due prior to the issuance of the permit. No construction shall take place until the fee is paid in full. Fees are considered to be non-refundable after payment is received unless otherwise determined by the Board.

8) Site Development Plan Amendment (SDPA) **$2,500.00**
   a) Plus **$40.00** per D/U plus **$100.00** per residential building structure
   b) plus **$0.10** per square foot
   c) plus **$200.00** per building for non-residential

CAO

d) Additional fees for 3rd review **$500.00**, 4th Review **$1,000.00**, 5th and subsequent review **$1,500.00**

9) School Board Review (SBR) Fees
   a) Pre-Acquisition Meeting **$500.00** (no refunds or credits)
   b) Pre-application fee **$500.00** (to be credited toward application fee upon submittal) (all normal pre- application provisions apply)
   c) SBR Fee **$5,000.00** with hourly reconciliation at project completion for hourly variation greater than 10%, final project charges at **$100.00** per hour for all associated staff hours

10) Violation of the conditions of approval of the SDP/SIP or installation of improvements, clearing, or other land alteration not depicted on, or otherwise authorized as a part of the approved SDP/SIP **4x** the SIP/SDP application fee.

11) Request for alternative architectural design **$500.00**, no separate or additional fee for appeals to, or requests for assistance from, the Architectural Arbitration Board.

12) Sheet change out (per Growth Management Community Development Department, Development Services policy guidelines) **$25.00** per page.

13) SDP Extension **$150.00**

14) Post Take Site Plan: Base Fee **$1,000.00,** Resubmittal Fee **$250.00** each submittal, **$3,000.00** additional if objection filed.

15) Site Plan with Deviations for Redevelopment (SDP/SDPA/SIP-DR). Application fee to request deviation(s) for a redevelopment project **$1,000.00**. This fee is in addition to the fee for a SDP, SDPA or SIP application.

G) SUBDIVISION

1) Lot Line Adjustment (LLA) and Lot Split Review **$250.00**

2) Subdivision, (PPL), (PPLA)
   a) Petition Application **$1,000.00** plus **$5.00** per acre (or fraction thereof) for residential, plus **$10.00** per acre (or fraction thereof) for non-residential; (mixed use is residential)
   b) Plats with building permits issued before plat recording (aka Preliminary Plat) **$1000.00**

3) Subdivision Review Fees (PPL), (PPLA)
   a) Construction Documents Review Fee **0.75%** of probable Paving, Grading, Drainage, Lighting, Code Minimum Landscaping and any other appurtenant cost of construction
   b) Subdivision Inspection Fee **2.25%** of probable Paving, Grading, Drainage, Lighting, Code Minimum Landscaping, and any other appurtenant cost of construction. All Inspection fees will be due at the pre-construction meeting. If no pre-construction meeting is required, all Inspection fees shall be due prior to the issuance of the permit. No construction shall take place until the fee is paid in full. Fees are considered to be non-refundable after payment is received unless otherwise determined by the Board.
   c) Construction Document Resubmission or Document Modification: submit as Insubstantial Change **$400.00** for first sheet, **$100.00** for each additional sheet
   d) Subdivisions: 3rd and subsequent additional reviews **$500.00**

4) Subdivision, Conceptual Plat with Deviations (CPD), (CPDA)
   a) Petition Application **$1,000.00** plus **$5.00** per acre (or fraction thereof) for residential, plus **$10.00** per acre (or fraction thereof) for non-residential; (mixed use is residential)
   b) Subdivisions: 3rd and subsequent additional reviews **$500.00**

5) Subdivision Final Plat (FP) **$1,000.00** plus **$5.00** per acre (or fraction thereof) for residential, **$1,000.00** plus **$10.00** per acre (or fraction thereof) for nonresidential; (mixed use is residential)
   a) Plats with building permits issued before plat recording (aka Preliminary Plat) **$1000.00**
   b) Subdivisions: 3rd and subsequent additional reviews **$500.00**

6) Construction Plans (CNSTR)
   a) Petition Application **$500.00**

7) Additional review of construction plans for phased construction (CPP) of subdivision improvements **$1,000.00** per phase

8) Two-year Extension **$150.00**

9) Water and Sewer Facilities Construction Document Review **0.75%** of probable water and/or sewer construction cost

10) Construction Document Resubmission or Document Modification **0.25%** of probable water and/or sewer construction costs
   a) 3rd and subsequent re-submittals **$500.00**
   b) Water and Sewer Facilities Construction Inspection Fee **2.25%** of probable water and/or sewer construction costs. All Inspection fees will be due at the pre-construction meeting. If no pre- construction meeting is required, all Inspection fees shall be due prior to the issuance of the permit. No construction shall take place until the fee is paid in full. Fees are considered to be non-refundable after payment is received unless otherwise determined by the Board.

11) Violation of the conditions of approval of approved construction plans or installation of improvements, clearing, or other land alteration not depicted on, or otherwise authorized as a part of the approved construction plans or permit 4x the PPL, PPLA, CPD, CNSTR or Final Plat Review Fee (FP).

H) ENGINEERING INSPECTION FEES

1) Engineering Inspection Fee **$150.00** per set of required engineering inspections charged at time of building permit issuance

2) Re-inspection Fees: 1st re-inspection **$65.00**, 2nd re-inspection **$65.00**, 3rd and thereafter re-inspection **$65.00**

I) TEMPORARY USE PERMITS

1) Beach Events Permits:

a)	Individual Permit	**$100.00**
b)	Block of 25 calendar days	**$2,250.00**
c)	Block of 50 calendar days	**$4,500.00**
d)	Block of 75 calendar days	**$6,750.00**
e)	Block of 100 calendar days	**$9,000.00**
f)	Block of 125 calendar days	**$11,250.00**
g)	Block of 25 calendar days	**$13,500.00**

2) Temporary Use Permit Special Sales & Events **$200.00**

3) Model Homes and Sales Centers **$500.00**

4) Construction and Development, Mobile home, Agricultural Zoning, and Temporary use for "Coming Soon" sign **$125.00**

5) Residential and Non-Profit Garage and Yard Sale Permits **No Charge**

6) Temporary Use Amendment **$100.00**

7) Renewals or extensions requested after the expiration date **$200.00**

8) Temporary Use Permit for Special Events requiring BCC approval, including Circus and Carnival Permits. **$275.00**

9) Political Signs (Bulk Temporary Permit) **$5.00**

10) Fees for Temporary Use permits issued After the Fact, ATF: **2x** normal fee

J) WELL PERMITS/INSPECTIONS

1) Hydraulic elevator shaft permit **$300.00**
2) Test hole permit (including 1st six holes) **$300.00**, each additional hole **$20.00**
3) Well permit (abandonment) **$50.00**
4) Well permit (construction, repair, or combined construction and abandonment at one site) **$300.00**
5) Well permit (monitoring) **$150.00**
6) Well Permit (modification of monitor/test well to a production well) **$75.00**
7) Well Reinspections
   a) First Reinspection **$65.00**
   b) Second Reinspection **$65.00**
   c) Third Reinspection **$65.00**
8) After the fact well permits 2x normal fee per violation

NOTE: Multiple wells may be allowed on one permit, but each well must be accounted for and the appropriate fee shall be charged for each well in accordance with the above listed schedule.

K) ZONING/LAND USE PETITIONS

1) Pre-application meeting fee **$500.00** (to be credited toward application fee upon submittal)
   a) Second and subsequent pre-app meetings at the applicant's request shall not be credited towards application fees.
   b) Second and subsequent pre-app meetings at staff's request will be held at no charge to the applicant.
   c) Applications submitted 9 months or more after the date of the last pre-app meeting shall not be credited towards application fees and a new pre-application meeting will be required.

2) Alcoholic Beverage or Service Station Separation Requirement Waiver **$1,000.00**

3) Boat Dock Extension Petition **$1,500.00** Boat Lift Canopy Administrative Review **$500.00**

4) Conditional Use Permit **$4,000.00** when filled with Rezone Petition (**$1,500.00**), additional fee for 5th and subsequent reviews: **20%** of original fee.

5) Conditional Use Extension **$3,000.00**

6) DRI Review (in addition to cost of rezone) **$10,000.00** plus **$25.00** an acre (or fraction thereof). Additional fee for 5th and subsequent reviews: **20%** of original fee Amendments deemed to be minor in nature, that is requiring minor strike thru and underline text amendments of no more than 10 different lines of text changes in the DRI will be capped at $13,000.00. Any amendment which includes a map and text change will be assessed the full fee (no cap).

7) DRI/DO Amendment **$6,000.00** plus **$25.00** per acre (or fraction thereof). The acreage charge does not apply for amendments which only change the build-out date of the DO for a time period of less than five years. Additional fee for 5th and subsequent reviews: 20% of original fee.
   a) DRI Extension **$100.00**

8) DRI Abandonment (DRIABN) **$1,500.00**

9) Flood Variance Petition **$1,000.00**

10) Interim Agriculture Use Petition **$350.00**

11) Non-Conforming Use Change/Alteration **$1,500.00**

12) Parking Exemption **$1,500.00**; additional fee for 5th and subsequent reviews: **20%** of original fee

13) Parking Reduction (Administrative) **$500.00**

14) Rezone Petition (PUD to PUD) **$8,000.00** plus **$25.00** an acre (or fraction thereof); (requires a submittal of a new PUD document), additional fee for 5th and subsequent reviews: 20% of original fee (excludes minor revisions as required by staff).

15) Property owner notifications **$1.50** non-certified mail, **$3.00** certified return receipt mail (Petitioner to pay this amount prior to advertisement of petition)

16) Planned Unit Development Amendments (PUD) **$6,000.00** plus **$25.00** an acre or fraction of an acre. Substantial changes to the text and Master Plan; additional fee for 5th and subsequent reviews: **20%** of original fee. Text changes that do not impact the Master Plan $6,000.00 (the $25.00 an acre fee will not apply). Amendments deemed to be minor in nature that is requiring minor strike thru and underline amendments of no more than 10 different lines of text changes in the PUD will be capped at $9,000.00. Any amendment which includes a map and text change will be assessed the full fee (no cap).

17) Planned Unit Development Amendment: Insubstantial (PDI) **$1,500.00** requires a hearing by the CCPC only for a minor change to the PUD Master Plan, PUD Minor Change (PMC) **$1,000.00** (Administrative Review for minor change to the Master Plan).

18) Rezone Petition (Regular) **$6,000.00** plus **$25.00** an acre (or fraction thereof), additional fee for 5th and subsequent reviews: **20%** of original fee.

19) Rezone Petition (to PUD) **$10,000.00** plus **$25.00** an acre (or fraction thereof), additional fee for 5th and subsequent reviews: **20%** of original fee.

20) Street Name Change (Platted) **$500.00** plus **$1.50** for each property owner requiring notification of proposed street name change.

21) Un-platted street name or project name change **$100.00** per application fee plus **$50.00** per additional hour or partial hour of research required to process application, not to exceed $500.00.

22) Variance petition **$2,000.00** residential, **$5,000.00** non-residential, additional fee for 5th and subsequent Reviews: **20%** of original fee.

23) Variance (Administrative) **$1,000.00**

24) Zoning Certificate: Residential **$50.00**, Commercial **$125.00**

25) Sign Variance Petition **$2,000.00**

26) Stewardship Receiving Area Petition (SRA) **$7,000.00** per SRA plus **$25.00** per acre for. Stewardship Sending Area Petition (SSA) **$9,500.00,** Stewardship Receiving Alternative Deviation Design (SRDD) **$500.00.** SRA Amendments deemed to be minor in nature, that ~~is~~ require minor strike thru and underline text amendments of no more than 10 different lines of text changes in the SRA will be capped at **$10,000.00**.

27) After-the-Fact Zoning/Land Use Petitions **2x** the normal petition fee

28) Land Use Petition Continuances Including Appeal of an Administrative Decision and Appeal to Board of Zoning Appeals
   a) Requested after petition has been advertised **$500.00**
   b) Requested at the meeting **$750.00**
   c) Resultant additional required advertising charged in addition to continuance fees

29) PUD and SRA Monitoring (one-time charge at time of buildingpermit pick-up)
   a) **$100.00** per dwelling unit for residential construction within a PUD and SRA ($3,000.00 maximum fee per building permit application)
   b) **$0.12** per square foot for non-residential construction within a PUD and SRA ($3,000.00 maximum fee per building permit application)

30) Any legal advertising required during any Growth Management Community Development Department, Development Services activity or approval process will be charged in addition to stated fees, at actual costs. The Growth Management Community Development Department reserves the right to charge an estimated amount with the initially required project fees, and will reconcile and adjust such charges against actual legal advertising recording billings at the completion of the project.

31) Mixed Use Project (MUP) **$2,500.00**
   a) Mixed Use Project Deviation **$1,000.00**

32) Amplified Sound Permit **$300.00**

33) Planned Unit Development (PUD) closeout application and processing **$2,500.00**

34) Development of Regional Impact (DRI) closeout application and processing **$10,000.00**

35) Zoning Verification Letter: Planned Unit Development (PUD) Comparable Use Determination application fee **$1,000.00**. Note: This application and fee is distinct from the Zoning Confirmation Letter found elsewhere in the Fee Schedule.

36) Intent to Convert (ITC) application **$2,000.00**, additional fee for 5th and subsequent reviews: **20%** of original fee.

37) Compatibility Design Review (CDR) petition **$3,000.00**, additional fee for 5th and subsequent reviews: **20%** of original fee.

L) MISCELLANEOUS

1) Official Zoning Atlas Map Sheet Publications, maps, and reports shall be copied at actual cost.

2) The following fee shall be assessed for all Lien Search Requests and Payoff Requests: **$25.00**/per property address.

3) The fee for researching records, ordinances, and codes shall be at no charge for the first hour,

then at the base salary hourly rate of the staff member conducting the service for time in excess of 1 hour.

4) The fee for creating and designing special computer-generated reports that are not a part of regular standard reports shall be at no charge for the first hour, then at the base salary hourly rate of the staff member conducting the service for time in excess of 1 hour.

5)
   a) CD Burning: **$5.00**
   b) USB: **$5.00**

6) Staff shall charge the following fees for duplication of public records
   a) **$0.15** for each one-sided photocopy of documents less than 11x17 inches
   b) **$0.20** for each two-sided photocopy of documents less than 11x17 inches
   c) **$1.00** for each certified copy of a public record

7) Property Notification Address Listing
   a) MS Excel spreadsheet on Disc **$70.00**
   b) Print out on Paper **$75.00** + **$0.05** for every record over 1500
   c) Mailing Labels **$80.00** + **$0.06** for every record over 1500
   d) Print out on Paper + Mailing Labels **$85.00** + **$0.11** for every record over 1500

8) Comprehensive Plan Consistency Review
   a) CU's **$300.00**
   b) Rezoning **$750.00**
   c) PUD's or PUD Amendments **$2,250.00**
   d) Letter of GMP consistency to outside agencies **$250.00**
   e) SRA - Stewardship Receiving Area **$2,250.00**
   f) DRI - Development of Regional Impact **$2,250.00**
   g) FIAM – Fiscal Impact Analysis **$4,000.00**

9) Plan Review Fee (for planning review of all building permit applications)
   a) Permit Application, complex (more than one trade): **$75.00** per building permit application, 2nd review **50%** of fee, 3rd and subsequent **25%** of fee (2nd and subsequent review fees related to Zoning approvals only)
   b) Permit Application, basic (no trade or one trade): **$50.00** per building permit application, 2nd review **50%** of fee, 3rd and subsequent **25%** of fee (2nd and subsequent review fees related to Zoning approvals only)

10) Project Meetings: Active applications under review for the following project types will be afforded one inter-departmental meeting at no charge: Planned Unit Development re-zonings and Site Development Plan applications (except for conceptual site plan approval and insubstantial change approval). Meeting requests for all other application types and additional meetings will be subject to the following fees:
   a) Meetings with Departmental Project Approval Staff member per applicant request, reviews and petitions in progress, **$150.00** per one hour minimum, **$75.00** per ½ hour thereafter. Additional Department staff attending meeting per applicant request **$75.00** per ½ hour per staff member.
   b) Inter-Departmental Project Meeting per applicant request, site plan reviews and land use petitions in progress, **$500.00** per one hour minimum, **$250.00** per ½ hour thereafter.

11) Adequate Public Facilities
   a) Planning Applications requiring COA process review (such as FP's, PPL's & SIP's, SDPs) **$200.00** + **$25.00** per residential dwelling unit or + **$25.00** per 1000 sq ft commercial ($5000.00 maximum)

b) Building permit applications requiring COA process review not covered under 9.a above **$100.00** per building permit application.

12) Zoning Confirmation Letters
   a) Standard Response **$100.00** (includes up to 1 hour research)
   b) Extended Research **$100.00** per hour (any response with research in excess of 1 hour)

13) CDD
   a) Community Development District **$15,000.00**
   b) Chapter 189 Special District, Independent or Dependent **$15,000.00**

14) GMP Amendment
   a) Small Scale **$9,000.00**
   b) General **$16,700.00**
   c) Legal advertising in addition to sub-sections a. and b. fees, and subject to applicable fee schedule provisions
   d) Pre-application meetings for GMP consistency for development orders and zoning/land use petitions **$250.00**

15) Application for issuance TDR **$250.00** (non-refundable); plus **$25.00** per TDR issued and recorded (total fees not to exceed $2,750.00)

16) Engineering Services
   a) Vacation of Easements, Easement Use Agreements (EUA) **$2,000.00**
   b) Minor Easement Use Agreements **$100.00**

17) Building Board of Adjustments and Appeals **$500.00**

18) Early Work Authorization (EWA) permit **$500.00** (does not include site clearing fee)

19) Legal Non-conforming Lot (LNC) **$100.00**

20) Vested Rights Determination (VRD) **$1,500.00**

21) Time Extension **$150.00**

22) Notice of Commencement Administrative Fee **$5.00.** The Clerk of Courts Recording Fee (amount as specified on the Collier Clerk of Courts website) will also be collected on the Clerk's behalf.

M) BUILDING PERMIT FEES

1) The building permit fee shall be considered the addition of all individual trade plan review fees involved in the process plus the inspection fees.

2) Unless otherwise stated, estimated application fees paid at the time of application are non-refundable and will be a minimum of **$100.00**. Estimated review and inspection fees are to be paid at the time of permit issuance. Inspection fees will be reconciled to the actual number of inspections performed. Additional payment is required prior to the CO issuance if actual inspections exceed estimated. Refunds issued if estimated inspections exceed actual.

3) The balance of the total permit fee will be collected at the time of issuance of the permit and will include any fee adjustments necessary.

4) Phased permit **$1,020.00**

5) Early Work Authorization (EWA) permit **$500.00**

N) STRUCTURAL AND FLOODPLAIN PERMIT REVIEW FEES

1) The fee for a structural permit shall be computed as follows: Such fees shall be either based on the contractor's valuation of construction cost or based on square footage. Minimal accepted calculated costs of construction are set forth on the attached Building Valuation Data Table - ICC Building Valuation Data Table produced February 2007.

2) Valuation of construction costs up to $4,999.99, **$100.00** plus applicable inspection fees as required.

3) New construction review fee of **$0.11** per square foot total area for valuation of construction costs $5,000 or over, with a minimum of **$150.00**.

4) All new construction four floors or over in height, **$0.34** per square foot total area, plus applicable inspection fees as required.

5) Floodplain Review fee shall be **$50.00**

O) ELECTRICAL PERMIT REVIEW FEES

1) Valuation of construction costs up to $4,999.99, **$100.00** plus applicable inspection fees as required

2) New construction review fee of **$0.11** per square foot total area, with a minimum of $150.00

3) All construction four floors or over in height: review fee of **$0.18** per square foot total area

4) The minimum for any electrical permit review fee shall be **$150.00** per unit or tenant space plus applicable inspection fees as required

P) PLUMBING AND GAS PERMIT REVIEW FEES

1) Valuation of construction costs up to $4,999.99, **$100.00** plus applicable inspection fees as required

2) New construction review fee of **0.11** per square foot total area, with a minimum of **$150.00**

3) All construction four floors or over in height: review fee of **$0.14** per square foot total area.

4) Replacement of a like kind residential grade electric water heater within a residential dwelling unit that is located within an attached and/or multi-unit structure shall be computed at **$100.00** (fee includes 1 inspection)

5) Lawn sprinkler system permit, no application fee and shall be computed at **$100.00** for initial inspection.

6) Gas permit review fee shall be computed as follows:
   a) Valuation of construction costs up to $4,999.99, **$100.00** plus applicable inspection fees as required.
   b) The minimum for any gas permit review shall be **$100.00** per unit or tenant space plus applicable inspection fees as required.

7) Grease traps: additional fee of **$50.00** shall be assessed for each grease trap

8) Retrofit piping shall be computed at the minimum fee of **$50.00** per floor for each main riser.

Q) **MECHANICAL PERMIT REVIEW FEES**

1) Valuation of construction costs up to $4,999.99, **$100.00** plus applicable inspection fees as required.

2) New construction review fee of **$0.11** per square foot total area, with a minimum of $150.00

3) All new construction four floors or over in height, review fee of **$0.14** per square foot total area.

4) The minimum mechanical permit review fee shall be **$150.00** per unit or tenant space plus applicable inspection fees as required.

5) The cost of retrofit piping shall be computed at the minimum fee of **$50.00** per floor for each cooling tower.

6) Residential Air Conditioning Change out permits, **$100.00** for initial inspection.

R) **SOLAR PERMIT REVIEW FEES**

1) Pool and domestic water heater permits, **$50.00** application fee plus **$110.00** per inspection.
2) Photovoltaic permits, application fee of **$100.00** each trade plus **$110.00** per inspection.

S) **FIRE PREVENTION AND CONTROL PERMIT FEES**

1) Please refer to the Fire Code Office regarding their Fire Prevention and Control Permit Fees.

T) **MOBILE HOME/OFFICE TRAILER AND OTHER TRAILER PERMIT FEES**

1) The permit fee shall be **$100.00** to set-up a single-wide trailer or mobile home on an approved site plus electrical, plumbing, mechanical, inspection and fire protection fees as applicable.

2) The permit fee shall be **$100.00** to set-up a double-wide or larger mobile homes on an approved site plus electrical, plumbing, mechanical, inspection and fire protection fees as applicable.

U) **POOL OR SPA PERMIT FEES**

1) For construction of each public pool or spa the fee shall be:
   a) Valuation of construction costs of up to $4,999.99 **$100.00**
   b) Valuation of construction costs of $5000.00 through $49,999.99 **$96.00** plus **$10.00** per thousand dollars, or fraction thereof, of building valuation in excess of $2,000.00
   c) Valuation of construction costs of $50,000.00 through $1,000,000.00 **$399.60** plus **$4.00** per thousand dollars, or fraction thereof, of building valuation in excess of $50,000.00
   d) Valuation of construction costs over $1,000,000.00 **$4,00.00** plus **$4.00** per thousand dollars, or fraction thereof, of building valuation in excess of $1,000,000.00

2) For construction of each private pool or spa the fee shall be: **$100.00** application plus applicable inspection fees as required

3) Resurfacing pool permits shall be computed at a rate of **$100.00** plus applicable inspection

4) Above ground pool permits, no review fee and shall be computed at **$50.00** for initial inspection

V) **FENCES/WALLS**

1) Fences: **$35.00** application fee plus **$110.00** per inspection as required.

2) Commercial Fences: **$100.00** application fee plus **$110.00** per inspection as required.

3) Walls: **$100.00** application fee plus **$110.00** per inspection as required.

W) **SIGN PERMIT FEES**

1) Sign permit fees will be calculated in accordance with all applicable Building Permit Fees and Electrical Permit Fees outlined in this document, the Collier County Growth Management Community Development Department Services Fee Schedule. The minimum building permit fee for sign shall be **$100.00**.

2) Multiple signs of the same type (i.e., wall signs) and for a single project may be allowed per one permit, however an appropriate fee shall be charged for each sign in accordance with the schedule set forth in the above subsection 1 of Sign Permit Fees.

X) REVISION AND AS BUILT PLAN REVIEW FEES; CORRECTIONS TO PLANS

1) PERMIT AND PLAN REVISIONS: the fee for each permit revision submitted after permit issuance shall be calculated using fee schedules outlined in Sections N through R above. The minimum permit fee for revisions to permitted projects shall be **$100.00**.

2) CORRECTIONS TO PLANS
   a) First Correction to Plans No charge
   b) Second & subsequent corrections to Plans **$100.00.**

Y) PERMIT EXTENSION

1) The filing fee for each permit extension shall be equal to **10%** of the original building permit fee or **$150.00**, whichever is greater, but shall not exceed **$750.00**. The filing fee is intended to cover the cost of reviewing existing or amended building plans to determine and verify code compliance

Z) DEMOLITION OF BUILDING OR STRUCTURE PERMIT FEES

1) The permit fee shall be **$50.00** application for the demolition of any residential building or structure; plus applicable inspection fees as required.

2) The permit fee shall be **$100.00** application for the demolition of any commercial building or structure; plus applicable inspection fees as required.

AA) INSPECTION AND REINSPECTION FEES

1) All required and partial inspections: **$110.00** per inspection
2) Re-inspections for any type of building permit shall result in an additional fee of **$110.00** per re-inspection
3) An inspection fee of **$220.00** shall be assessed for all inspections on a time-specified basis (Weekday / Non-Holiday).
4) An inspection fee of **$440.00** shall be assessed for all inspections on a time-specified basis (Weekend / Holiday).

BB) FAILURE TO OBTAIN A PERMIT

1) Where work for which a permit is required is started or proceeded with prior to obtaining said permit and where such action was cited by Code Enforcement or by Contractor Licensing and resulted in a finding of violation from either the Code Enforcement Board, the Special Magistrate, or the Contractor Licensing Board, the fees herein specified shall be 2x the regular fee, as defined in this fee schedule, unless otherwise directed by the Collier County Board of County Commissioners.

2) Where work for which a permit is required is started or proceeded with prior to obtaining said permit and where a contractor or agent/provider where the building official or zoning official or his/her designee, (for cases involving land use development) deems that the contractor/provider should have known that a permit was required but voluntary seeks voluntary compliance by obtaining the necessary permits to abate the violation, the fees herein specified shall be 2x the

regular fee, as defined in this fee schedule.

3) Where work for which a permit is required is started or proceeded with prior to obtaining said permit, and where the unpermitted work may or may not have been completed by the property owner, and where the current owner seeks voluntary compliance by obtaining said permit to assure compliance with all applicable codes, the fees will be assessed at the regular rate as defined in this fee schedule.

4) The payment of such fee shall not relieve any person from fully complying with the requirements of any applicable construction code or ordinance in the execution of the work, or from any penalty prescribed within any construction code, law or ordinance of Collier County.

5) The fees within section EE shall not be applicable for the re-issuance of any missing permit, missing certificate of occupancy, or missing certificate of completion that was presumed to be issued prior to April 1, 1997, upon the verification of such items presented by the property owner, or his/her designee, to the building official, or his/her designee; but shall be applicable for all reviews requiring inspection, review of plans, and all other applicable fees associated with the issuance of said permit(s), certificate of occupancy, or certificate of completion, as determined by the building official, or his/her designee, in addition to the zoning director, or his/her designee (for cases involving land use development), as defined within this fee schedule.

CC) LICENSING

1) The fee for licensing items is as follows:
   a) Letters of Reciprocity **$55.00**
   b) Contractors Change of Status (active to dormant) **$10.00**
   c) Voluntary Registration of State Certified Contractors **$45.00**
   d) Fee for a 6 month temporary contractor's license **$55.00**
   e) Certified copies of Experience letters **$35.00**
   f) Duplicate or replacement (of Competency cards) **$25.00**
   g) Second entity application fee **$105.00**

2) Certificate of Competency (Annual)

a) Contractor	
Initial License Fee	**$230.00**
Renewal Fee	**$145.00**
b) Specialty Contractor	
Initial License Fee	**$205.00**
Renewal Fee	**$125.00**
c) Journeyman	
Initial License Fee	**$80.00**
Renewal Fee	**$55.00**

3) Dormant Certificates of Competency (Annual)

a) Contractor	**$130.00**
b) Specialty Contractor	**$130.00**
c) Penalty fees after 9/30	**$20.00** per month until 12/31

4) Reinstatement of Delinquent License

a) Contractor	**$230.00** plus back years
b) Specialty Contractor	**$205.00** plus back years
c) Journeyman	**$80.00** plus back years
d) Examination Administrative Fee	**$130.00** good for 6 months

DD) DUPLICATE PERMIT CARDS

1) The fee shall be **$5.00** for the issuance of a duplicate permit card for whatever reason

EE) CHANGE OF CONTRACTOR OR SUBCONTRACTORS

1) To record a change of contractor or subcontractor, on a permit that has been issued, the fee shall be **$50.00**. This fee includes the issuance of a new permit card.

FF) PERMIT FEE REFUNDS

A) Building Permit Review Standards apply to all internal Growth Management Community Development Department, Development Services reviews for building permit applications with previously approved site plans, including all required trade reviews, along with any required Zoning, Engineering and Impact Fee reviews. Reviews external to Growth Management Community Development Department, Development Services, such as a Fire, are excluded.

Review times and fee reductions (refunds) associated with missed deadlines are subject to policies as stated in Florida Statutes, Sections 553.79, 553.792 and 553.794, as amended.

B) Annual Fee Adjustments:

1) Proposed Annual Fee adjustments for Building Department fees shall equal the average personnel cost change (COLA plus average merit) approved by the BCC as part of that fiscal year's budget, adjusted for any change in staffing levels.

2) Annual fee adjustments will become effective on Jan 1 of each fiscal year if approved.

3) Annual fee adjustments require full review and recommendation to the BCC from the Development Services Advisory Committee. Annual fee adjustments also require full BCC approval.

4) Annual fee adjustments require Building Fund total reserves to be less than 6 months of the Building Fund operating budget for that fiscal year. If reserves exceed six months of budgeted operating expenses, no annual adjustment can be requested.

C) Special Fee Adjustment:

1) If Building Fund total reserves are projected to exceed six months of operating expenses in the proposed budget of any upcoming fiscal year, fees will be lowered in sufficient amount to insure Building Fund reserves remain under six months of budgeted expenses.

2) If Building Fund total reserves are projected to fall below three months of operating expenses in the proposed budget of any upcoming fiscal year, a special fee increase in sufficient amount to insure Building Fund total reserves remain over three months of budgeted expenses will be proposed for full Development Services Advisory Committee review and BCC approval.

3) Six months following any fee adjustment, other than annual increases, a full review of resulting revenue will be presented for the review of the Development Services Advisory Committee. The committee can make a recommendation to the BCC to lower fees if revenue exceeds either revenue projections used in fee adjustment calculations or targeted reserve levels.

GG) RECORD RETRIEVAL

1) No charge for normal retrieving of records from inactive or remote storage including microfilmed documents
2) Next day expedited retrieval of records from inactive or remote storage **$75.00**

HH) COPY FEES

1) The fee for blueprint and miscellaneous copying shall be as follows:
   a) Microfilm copies, of documents less than 11x17 inches: **$0.15** other sizes at cost of

production.

b) Microfilm or Blueprint copies:
18 X 24 **$1.25** per page
30 X 36 **$2.50** per page
30 X 42 **$3.25** per page
30 X 44 **$5.00** per page

c) Growth Management/Planning & Regulation self-service copier, public access and not related to public record retrieval or public record copies: documents less than 14x8.5 inches **$0.15** per page inclusive of sales tax.

II) CERTIFICATE TO BOARD BUILDING

1) Initial Boarding Certificate **$150.00**
2) Boarding Certificate Extension **$150.00**

JJ) ADDITIONAL FEE REFUND PROVISIONS

1) Requests for fee waivers may only be approved by the Board. Waiver requests for development review and building permit fees shall be submitted in writing directly to the appropriate Development Services Staff, who will prepare an executive summary for consideration by the Board. Such requests shall include a statement indicating the reason for the fee waiver request and, if applicable, the nature of the organization requesting the fee waiver.

KK) REFUND PROVISIONS

1) **PAYMENT OF FEES**: Full payment of fees is required for a complete application. Department policy requires full payment of fees at the time of application submittal. No work will begin on staff review of the application until all fees are paid in full. If full payment of fees is not received within 14 calendar days of application submittal, the application will be considered void. At this point, a new application and full payment of fees will be required to proceed with a project.

2) There will be no refund of Building, Planning, Environmental, or Engineering related fees, except those applications which have been deemed not sufficient for staff review or inspection and withdrawn by the applicant. Either the applicant or payer may, within 4 years of the date of payment apply for a refund for only those staff review or inspection services that were not performed. Failure to make timely application for a refund shall waive any right to a refund.

The application for a refund shall be filed with the County Manager of his/her designee and shall contain the following:

a) The name and address of the applicant
b) The location of the property upon which the development was proposed
c) The date the specified fee was paid
d) A copy of receipt of payment; and
e) Payment of a non-refundable "refund processing fee" equal to one percent (1%) of the refund requested, except that the minimum processing fee shall be **$25.00** and the maximum processing fee will not exceed **$250.00**

Refund requests totaling $25,000.00 or more cannot be approved administratively and must be submitted to the Board for approval.

3) In no cases will there be refunds for pre-application fees, data conversion fees, appeals of administrative decisions, or appeals to the Board of Zoning Appeals or Building Board of Adjustment.

4) If staff error causes the inappropriate or unnecessary filing of an application and payment of fees, 100 percent of all inappropriate fees, shall be refunded upon written request and with the concurrence of Department management.

LL) ADDITIONAL FEE PROVISIONS

1) In those cases where alternative methods or timing of payments for Growth Management Community Development Department services and/or fees listed in this schedule associated with SBR reviews are deemed to best serve the public good, the Growth Management Community Development Department, Department Head will have the authority to approve such alternatives. Such alternatives must be in writing and signed by all principals involved. In no case shall final C.O. or such certifications of project completeness be issued until payments due the Growth Management Community Development Department are received in full.

2) All hourly fees are computed and charged from actual Divisional time tracking records.

3) All acreage totals used in fee calculations will be rounded up to the nearest whole acre.

4) When deemed essential for project review or approval, there will be no additional charge for any meetings requested by Growth Management Community Development Department staff.

MM) "PAYMENT IN LIEU OF" FEE FOR PATHWAYS (SIDEWALKS, AND BIKE LANES)

1) Calculated using the current Florida Department of Transportation (FDOT) construction costs or an engineering estimate not to exceed twenty-five percent (25%) of the submitted application request's total project cost.

NN) OPTIONAL TEMPORARY CERTIFICATE OF OCCUPANCY

1) **$500.00** for commercial, over 30,000 sq. ft **$500.00**
$150.00 for residential

OO) BOARD DECLARED DISASTER PROVISIONS

1) When a disaster declaration is announced by the Collier County Board of County Commissioners, and Board-declared provisions are enacted by the Board, the permit application and plan review fees referenced in Sections L - Q and T (Zoning, Building, Structural, Electrical, Plumbing and Gas, Mechanical and Mobile Home/Other Trailer), and domestic water heaters, shall be reduced by 50%. The reduction applies only to Florida Building Code residential structures and mobile/manufactured homes that are considered primary residences including their attached garages and carports. Excluded from the provision are all other structures not identified above or not within the Florida Building Code residential code, non-primary residences, damages to outbuildings and accessory structures, including but not limited to sheds, detached carports, guest houses, and pool cages. Also excluded from this provision are inspection fees.

2) Eligibility criteria under the Board Declared Disaster Provisions are as follows:
   - Proof of ownership and occupancy as a primary residence
   - Damage assessment report from property's insurance adjuster, Collier County Building Official, or authorized FEMA/FDEM representative
   - Photographs depicting declared disaster-related damage
   - Attestation that damage was caused by the declared disaster, signed by owner
   - Owner verification that no other monetary aid from the Collier County Board of County Commissioners has been or will be applied in relation to disaster relief

3) Eligible applicants will have 180 days following the Board declaration of a disaster to apply for reduced fees. There will be an additional 90-day period beyond the initial 180 days for application during which an eligible applicant who paid the full fees could apply for a refund of 50% of the applicable permit application and plan review fees.

PP) PRIVATE PROVIDERS

1) Private Provider Administrative Fee: **$75.00** per identified inspection in provided report
2) Private Provider Registration Fee: **$100.00**

QQ) CONCIERGE PERMITTING MEETINGS

1) Requests for Concierge Permitting Meetings will be **$200.00** per meeting.

RR) EXTENDED WORK HOURS

1) Requests for Extended Work Hours will be **$250.00** per application.

SS) MILESTONE REVIEWS

1) Milestone Reviews shall be **$500.00** per review.

This is the last page of the Growth Management Community Development Department Services Fee Schedule

Executive Summary

Recommendation to award Invitation to Bid 25-8617, "Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities," to Dale Cooper LLC, Finishing by Baker, Inc., Simmonds Electrical of Naples Inc., StandGuard Aquatics Inc., and Valiente Builders LLC for various categories on a primary, secondary, and tertiary basis, and authorize the Chair to sign the attached agreements.

OBJECTIVE: To award vendors in four separate categories: (1) General Pool Repair, (2) Electrical, (3) Slides, and (4) Concrete, for specialized aquatics areas for preventative maintenance, repairs, and replacement services for pools and pool amenities at Collier County Aquatic Facilities.

CONSIDERATIONS: The Parks and Recreation Division is responsible for maintaining seven County aquatic facilities. In addition to the seven aquatic facilities, the Division is responsible for maintaining the County's various fountain ponds. To maintain the integrity and continuous operation of each aquatic facility, the County solicited repair and restoration services.

On February 12, 2026, the Procurement Services Division issued Invitation to Bid No. 25-8617.

On March 23, 2026, the County held a non-mandatory pre-bid meeting, followed by a site visit to all its aquatic facilities, for all interested prospective bidders, but no one from the vendor community attended.

The County advertised the solicitation for thirty-two days and extended it for an additional twenty-one days to allow vendors time to ask additional questions. Ultimately, the County received five bids by the April 6, 2026, submission deadline.

Staff reviewed the bids and found one bid responsive and responsible; three bids responsive and responsible with minor irregularities; and one bid non-responsive for not meeting the requirements of the solicitation for Categories 2 and 4.

Staff recommends the award based on a lowest total bid per category on a Primary, Secondary and Tertiary basis.

Staff recommends the following Primary, Secondary, and Tertiary per Category awards:

Category 1 – General Pool Repair:

Primary – Finishing by Baker, Inc.

Secondary – Valiente Builders LLC

Tertiary – StandGuard Aquatics Inc

Category 2 – Electrical:

Primary – Simmonds Electrical of Naples Inc

Category 3 - Slides:

Primary – StandGuard Aquatics Inc

Secondary – Dale Cooper LLC

Category 4 - Concrete:

Primary – Valiente Builders LLC

If a primary vendor is unable to provide services within the requested timeframe, then staff will utilize the secondary vendor, and so on. The attached agreements are for a three-year term, with the option to renew for two additional one-year terms.

This item is consistent with the Collier County strategic plan objective to optimize the useful life of all public infrastructure and resources through proper planning and preventative maintenance.

FISCAL IMPACT: The base annual amount of the contract is estimated to be $500,000 plus any additional and unanticipated services; however, this may not be indicative of future buying patterns. Individual orders are to be consistent with current budget allocations.

GROWTH MANAGEMENT IMPACT: There is no Growth Management Impact associated with this item.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATION(S): To award Invitation to Bid 25-8617, "Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities," to Dale Cooper LLC, Finishing by Baker, Inc., Simmonds Electrical of Naples Inc., StandGuard Aquatics, Inc., and Valiente Builders LLC for various categories on a primary, secondary, and tertiary basis, and authorize the Chair to sign the attached agreements.

PLACE OF BID OPENING:	**PROCUREMENT SERVICES DIVISION** **3295 TAMIAMI TRAIL EAST, BLDG C-2** **NAPLES, FL 34112**

All bids shall be submitted online via the Collier County Procurement Services Division Online Bidding System: https://procurement.opengov.com/portal/collier-county-fl.

INTRODUCTION

As requested by the Parks and Recreation Division (hereinafter, the "Division or Department"), the Collier County Board of County Commissioners Procurement Services Division (hereinafter, "County") has issued this Invitation to Bid (hereinafter, "ITB") with the intent of obtaining bid submittals from interested and qualified Bidders in accordance with the terms, conditions and specifications stated or attached. The Bidders, at a minimum, must achieve the requirements of the Specifications or Scope of Work stated herein. All references to "Bidder" are also referred to as "Contractor" and "Vendor."

The results of this solicitation may be used by other County departments once awarded according to the Board of County Commissioners Procurement Ordinance. Historically, County departments have spent approximately $500,000 annually; however, this may not be indicative of future buying patterns.

BACKGROUND

The Parks and Recreation Division is responsible for maintaining seven aquatic facilities throughout Collier County. In addition to the seven aquatic facilities, the Division is responsible for maintaining Fountain Ponds throughout the County. To maintain the integrity and continuous operation of each aquatic facility repair and restoration services are being solicited.

Qualified Contractors will provide preventative maintenance, repair, replacement and on call urgent repair of pool and pool amenities at each aquatic facility. Services to include restoration, remedial repairs, replacement and urgent repair services.

TERM OF CONTRACT/AGREEMENT

The contract term, if an award(s) is made, is intended to be for three (3) years with two (2) one-year renewal options.

Prices shall remain firm for the initial term of the awarded contract. Contractors are advised that any price adjustments permitted under this solicitation are set forth in Section 11 of the Scope of Work.

The County Manager, or the County Manager's designee, may extend the contract under all the terms and conditions contained in the awarded contract for up to one hundred and eighty (180) days. The County Manager or designee shall give the Contractor written notice of the County's intention to extend the contract term prior to the end of the contract term then in effect.

AWARD CRITERIA

ITB award criteria are as follows:

- The County's Procurement Services Division reserves the right to clarify a Bidder's submittal prior to the award of the solicitation.
- It is the intent of Collier County to award to the lowest, responsive and responsible Bidder(s) that represents the best value to the County.
- For the purposes of determining the winning bidder, the County will select the Bidder with the lowest total price as outlined below:
    - **Lowest Total Bid per Category**
- Collier County reserves the right to select one, or more than one, Bidder award on a line-item basis, establish a pool for quoting, or other options that represent the best value to the County; however, it is the intent to:
    - **Award Primary, Secondary, and Tertiary Vendors**
- The County reserves the right to issue a formal contract or standard County Purchase Order for the award of this solicitation.

DETAILED SCOPE OF WORK

The intent of this solicitation is to award multiple Contractors to provide preventative maintenance, repair, replacement and on call urgent repair services for Collier County Aquatic Facilities that will help to minimize operational downtime and insure reliable operating conditions at each facility.

Services shall include, but not be limited to, the following categories:

1) Category 1: General Pool Repair including but not limited:

    a) Marcite and remarcite of pools
    b) Tile and retile of pool
    c) Main drain repair/replacement (Virginia Graeham Baker Act)
    d) Side drain repair/replacement
    e) Leak detection and repair
    f) Pool feature repair/replacement
    g) Ladder repair/replacement

2) Category 2: Electrical including but not limited:

    a) Pool lights and deck lights
    b) Variable Frequency Drive (VFD) repairs and replacement,
    c) Emergency stops
    d) General electrical repairs to pumps and motors

3) Category 3: Preventative Maintenance of Slides to include but not limited to the following:
    a. Wash interior of slide
    b. Repair all minor fiberglass repairs in ridepath (chips or gouges with sharp edges).
    c. Chemical wash entire interior
    d. Wax entire interior
    e. Check caulking in all joints
    f. Check slide for leaks
    g. Check structural beams and supports for corrosion and other signs of deterioration
    b) Repairs and replacement of slides

4) Category 4: Concrete including but not limited:

    a) deck repair
    b) coping repair
    c) concrete tank repair/replacement
    d) joint repair

Contractors may submit their bid to provide services in all or part of the categories listed above and shall indicate which specialties they are qualified to provide. Incomplete or improperly labeled bid schedules may be deemed non-

responsive and disqualified from award consideration.

1. Service Locations

The repairs/replacements will be requested at Collier County's Aquatic Facilities located throughout the County. Locations are listed below and an inventory list per location can be found on Attachment B – Locations with number of pools and volume of Pools:

- North Collier Regional Park – Sun and Fun Lagoon
  15000 Livingston Road, Naples, FL 34109
- Golden Gate Community Park Aquatic Center
  3300 Santa Barbara Blvd., Naples, FL 34116
- Immokalee Sports Park Aquatic Center
  505 Escambia St., Immokalee, FL 34142
- Eagle Lakes Community Park Aquatic Center
  11565 Tamiami Trail East, Naples, FL 34113
- Big Corkscrew Island Regional Park Aquatic Center
  810 39th Ave. NE, Naples, FL 34120
- Vineyard Community Park Splash Pad
  6231 Arbor Blvd. W., Naples, FL 34119
- Freedom Park Fountain
  1515 Golden Gate Pkwy., Naples, FL 3410
- North Collier Regional Park – Fountain Pond
  15000 Livingston Road, Naples, FL 34109
- Big Corkscrew Island Regional Park Fountain Pond
  810 39th Ave. NE, Naples, FL 34120

The County retains the right to add or delete any facilities from service provided under the resultant contract as described herein, any changes will be made in accordance with Collier County's Procurement Ordinance.

2. Preventative Maintenance, Repair, and Replacement

Preventive maintenance consists of scheduled, routine, and proactive services performed to maintain pool systems and amenities in safe, operable condition and to prevent equipment failure, service interruption, or deterioration.

Preventive maintenance is planned work and does not include emergency services, major repairs, or replacements unless otherwise authorized by the County.

Repair services consist of corrective work required to restore pool systems or amenities to proper operating condition following equipment failure, malfunction, or damage.

Replacement services consist of removing and installing new equipment or components that are no longer serviceable, obsolete, or beyond economical repair.

Contractors shall be responsible for performing services within the category or categories for which they are awarded. Work performed shall comply with the requirements, pricing, and limitations established for the awarded category. No contractor shall perform work outside of its awarded category unless expressly authorized in writing by the County.

If preventive maintenance, repair, or replacement services require specialty work (including, but not limited to, electrical systems, water slides, or other specialized amenities) that fall under a different awarded category, the County shall issue a separate work authorization to the contractor awarded for that specific category

Preventative maintenance and repair services will be carried out as needed at each of the locations. Following each service, a written report must be provided detailing the results, services completed, and making specific recommendations for future remedial action upgrades, etc. The report will include but not be limited to a detailed account of services provided, the date of service, and an attestation signed by the Contractor.

Maintenance shall be invoiced as a unit price in accordance with the resultant contract fee schedule, inclusive of all labor, tools, material, parts and equipment necessary for completion of the work.

The County may schedule maintenance as required. Remedial maintenance and/or repair/replacement services shall be provided and billed per hourly rates and applicable mark-ups in accordance with the fee schedule.

3. Scheduled and Unscheduled Services

Scheduled Services: Scheduled maintenance and repair services will be conducted during normal business hours.

To arrange for an appointment to perform service at a County facility, the Contractor shall contact the County designee a minimum of twenty-four (24) hours in advance of the work. For scheduled maintenance and repair services, the Contractor must be on-site, and repairs must begin within seven (7) days of the purchase order issued for all areas, unless the County approves a different amount of time for response.

Urgent Services: When immediate repairs are needed, staff will notify the contractor via e-mail or phone call.

The Contractor is required to respond to these urgent calls for assistance within four (4) hours from the time of initial contact and be on-site within eight (8) hours of the County issuing the urgent request. On-call 24-hour availability is mandatory to ensure that urgent work is completed. The Contractor must provide a minimum of two (2) 24/7 urgent contact phone numbers to the County departments using the resultant contract; this on-call list is both for routine and after-hours services. Failure to provide coverage may result in termination of the contract.

If a Contractor fails to respond to an urgent call within eight (8) hours, the secondary contractor will be contacted, and if necessary, the tertiary contractor will be contacted.

If repairs cannot be completed within twenty-four (24) hours from the County's initial request, then temporary system options must be provided and approved by the County. The approved temporary system will be provided by the Contractor and billed according to Bid Schedule rates and applicable mark-ups. If the Contractor is unable to complete the repair or replacement of the pump within 72 hours of notification, they must provide a written justification.

Definition of Urgent Service: Urgent services refers to any unscheduled work that requires immediate repair to safeguard the health, safety, and well-being of the County's staff and/or the public.

Urgent service in the context of pool pump maintenance, repair, and examples may include but not limited to:

Urgent Repairs: Immediate response to critical failures or breakdowns that render the pool pump inoperable.
Examples: Motor failure, major leaks, electrical malfunctions.

- Safety Concerns: Issues posing a safety risk to users or property.
  Examples: Faulty wiring exposed electrical components, or leaks near electrical connections.

- Risk of Further Damage: Situations where delaying repairs could result in more extensive damage or costly repairs.
  Examples: Addressing minor leaks before they cause pump damage, fixing small issues to prevent larger system failures.

- Operational Impact: Work that directly affects the pool's normal operation and functionality.
  Examples: Addressing pump noise and optimizing pump performance for peak usage times.

- Regulatory Compliance: Tasks required for compliance with health and safety regulations.
  Examples: Addressing equipment code requirements and health and safety regulations issues identified during inspections.

- Seasonal or Event-Related Urgency: Repairs are needed before or during peak usage periods, special

events, or seasons.
Examples: Fixing issues before a busy holiday weekend, ensuring the pump is ready for the start of the swimming season.

Scheduled and Urgent services will be billed in accordance with the fee schedule hourly rates and applicable mark-ups. A one-time urgent service fee is allowed when responding to an urgent request, in addition to hourly rates.

4. Work Hours

Normal Business hours are Monday through Friday from 7:00 AM to 6:00 PM, excluding County observed Holidays. After-hours are considered before 7:00 AM and after 6:00 PM on weekdays and at any time on Saturday, Sunday, or County Observed Holidays. After-hours rate may be calculated at 1.5x the hourly rate in accordance with the fee schedule. If a requested service starts during normal business hours and extends into the after-hours period, the after-hours rate shall only be charged for time worked during the after-hours period.

5. Contractor's Responsibilities

The Contractor(s) shall use a qualified professional (with all related licenses and certifications being current) with experience and ability for all repairs. Each Contractor shall ensure that all its personnel assigned to tasks under the resultant contract are properly trained and equipped. The personnel shall be fully equipped with parts and materials to complete routine repair work without delay.

Contractor(s) shall provide copies of the following license(s) AND/OR certifications, which must maintain current during the course of the awarded agreement.

REQUIRED LICENCES AND CERTIFICATIONS:
Category 1 - Pool Contractor License OR General Contractor License
Category 2 - Electrical Contractor License
Category 3 - Company shall have personnel that carry a **Certified Composite Technicians certification (CCT)** through American Composites Manufacturers Association (ACMA) and Company inspectors shall be **Amusement Industry Manufacturers and Suppliers (AIMS) level 1** associate ride inspectors
Category 4 - General Contractor License

The Contractor(s) shall furnish all necessary materials, equipment, tools, transportation, skills, and incidentals required for maintenance services, repairs, and miscellaneous services. The Contractor(s) shall comply with all OSHA safety standards, rules, and regulations, as well as all applicable Federal, State, and Local laws, ordinances, rules, and regulations. The Contractor will supply all required safety equipment and properly trained employees. Any fines levied due to inadequacies or failure to comply with any requirements will be the sole responsibility of the contractor(s).

The Contractors may be asked to perform work onsite through in-field services or at a local shop. The awarded Contractors shall provide labor and parts warranties upon completion of work. The Contractor shall be or have access to a certified service local repair station and warranty station for their products.

The Contractor shall under no circumstances remove any equipment containing a County asset sticker. The Contractor shall request that when replacing equipment, the asset sticker be removed by a County staff member.

6. Warranty

The Contractor(s) must guarantee that all materials and equipment are brand new and free from defects, warranted for their merchantability, and meet the performance scope of work of the original material. The warranty period should be a minimum of one year from the date of installation. In the event that a portion, or all of an order, is found to be defective, the Contractor shall immediately replace the parts at no cost to the County.

7. Billing and Invoicing:

- No fees shall be charged to the County for any call-backs or work that could not be performed.
- Invoices shall contain details of the services performed and the materials used (if applicable). A Collier County Purchase Order Number must appear on each invoice
- Contractors may only charge hourly rates for hours worked at the job site. Hourly rates shall be per the Bid/Fee Schedule and shall be all inclusive of labor, administrative hours, overhead, travel related expenses, insurance, required reporting, and equipment use (excluding rental equipment).

- The Contractor shall provide a detailed breakdown of the labor time spent by their employees. This should include the number of hours worked at the established hourly rates and classifications, the cost of all supplies, parts, rental equipment and materials used.
- Materials, parts and rental equipment will be allowed a maximum of 10% mark-up, and the use of subcontractors will be allowed a maximum of 15% mark-up. Mark-ups will not be allowed on sales tax, fees, use, and other similar taxes.
- Backup documentation and receipts/invoices for any supply, material, parts, rental equipment and other reimbursables are required at invoicing. Additionally, quotes for any supply, material, parts, and rental equipment will be required at the time of quoting.
- Freight and shipping charges will not be allowed as separate lines and shall be incorporated into the proposed price.

8. Unit Price Invoicing for Maintenance:

Invoices shall include:

- The Contractor is required to provide the location(s) completed along with unit price, which should include all expenses for materials and labor to complete the work.
- A maintenance report must be submitted for each location identifying the work performed, itemizing any deficiencies found, and any recommended actions beyond the maintenance schedule. The report shall be submitted with invoicing.

9. Work Performance:

The County shall be the final authority on any issues that may arise as to the quality and acceptability of any work performed under the resultant contract.

10. Repairs:

Repairs or findings from maintenance inspection shall be discussed and authorized in writing by Parks and Recreation Division Director, Project Manager, or designee before commencement.

11. Price Increase:

11.1 Any requested fee adjustment shall be fully documented and submitted to the County Representative no less than thirty (30) days prior to the Contract anniversary date. Any approved fee adjustments shall become effective as of the anniversary date or upon Board approval.

11.2 The Procurement Director or designee has the authority to approve price adjustments in accordance with the Procurement Ordinance, as amended. Price increase requests are not guaranteed. If approved, the Vendor will be notified in writing with the effective date of any approved price increases.

11.3 The County may, after examination, refuse to accept the adjusted rates if they are not properly documented, or considered to be excessive, or if decreases are considered to be insufficient. In the event the County does not wish to accept the adjusted rates, and the matter cannot be resolved to the satisfaction of the County, a contract termination will be processed

REFERENCES

The County requests that the Bidder submits three (3) through ten (10) references using the County's Reference Form. Include up to two additional pages per project to illustrate relevant experience. The references must be for projects within the last five (5) years whose projects are of a similar nature, size, scope and complexity of this solicitation. Bidders may include two (2) additional pages for each project to illustrate aspects of the completed project that provides information to assess the experience of the Bidder on relevant project work.

Recommended Bidders For Award
On February 12, 2026, the Procurement Services Division issued Invitation to Bid ("ITB") Solicitation No. 25-8617 to three thousand nine hundred ninety-seven (3,997) Bidders. Seven hundred sixty-five (765) Bidders viewed the bid package. On March 23, 2026, a non-mandatory pre-bid meeting was held followed by a site visit to all Aquatic Facilities offering prospective bidders an opportunity to participate. No one from the vendor community attended the meeting. The solicitation was initially advertised for thirty-two (32) days and was extended for twenty-one (21) additional days, to allow time for additional questions to be asked by vendors. Five (5) bids were received by April 6, 2026, the submission deadline. Staff reviewed the five (5) bids received, one (1) bid was deemed responsive and responsible, three (3) bids were deemed to be responsive and responsible, with minor irregularities and one (1) bid was deemed non-responsive for not meeting the requirements of the solicitation for Category 2 and Category 4 as shown above. Awards have been established based on the lowest total bid per category on a Primary, Secondary and Tertiary basis. Staff recommends an award to a Primary, Secondary and Tertiary per Category as noted below: <u>Category 1:</u> **Primary** – Finishing by Baker **Secondary** – Valiente Builders LLC **Tertiary** – StandGuard Aquatics INC <u>Category 2:</u> **Primary** – Simmonds Electrical of Naples Inc <u>Category 3:</u> **Primary** – StandGuard Aquatics INC **Secondary** – Dale Cooper LLC <u>Category 4:</u> **Primary** – Valiente Builders LLC

FIXED TERM SERVICE
MULTI-CONTRACTOR AWARD AGREEMENT

 # 25-8617

for

Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities

THIS AGREEMENT, made and entered into on this _____ day of _____ 20 26, by and between Dale Cooper LLC, authorized to do business in the State of Florida, whose business address is P.O.Box 102, Farmington, MO 63640, (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing ☒ upon the date of Board approval; ~~or~~ ☐ ~~on~~ _____ and terminating on three (3) year(s) from that date or until all outstanding Purchase Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for two (2) additional one (1) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The Procurement Director, or the Procurement Director's designee, may extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The Procurement Director, or designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES.** The Contractor shall commence the work upon issuance of a ☒ Purchase Order ☐ ~~Notice to Proceed.~~

3. **STATEMENT OF WORK.** The Contractor shall provide services in accordance with the terms and conditions of ☐ ~~Request for Proposal (RFP)~~ ☒ Invitation to Bid (ITB) ☐ ~~Other~~ _____ (_____) # 25-8617, including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

   ☒ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

   3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties,

in compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

3.2 ■ The procedure for obtaining Work under this Agreement is outlined in **Exhibit A – Scope of Services** attached hereto.

~~3.3 ☐ The procedure for obtaining Work under this Agreement is outlined in ☐ Other Exhibit/Attachment: _____.~~

~~3.4 ☐ The County reserves the right to specify in each Request for Quotations: the period of completion; collection of liquidated damages in the event of late completion; and the Price Methodology selected in 4.1.~~

4. **THE AGREEMENT SUM**. The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

4.1 **Price Methodology (as selected below):**

☐ ~~**Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.~~

■ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

■ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

4.5 ☐ ~~(check if applicable) **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

~~Reimbursements shall be at the following rates:~~

~~Mileage~~	~~$0.44.5 per mile~~
~~Breakfast~~	~~$6.00~~
~~Lunch~~	~~$11.00~~
~~Dinner~~	~~$19.00~~
~~Airfare~~	~~Actual ticket cost limited to tourist or coach class fare~~
~~Rental car~~	~~Actual rental cost limited to compact or standard size vehicles~~
~~Lodging~~	~~Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night~~
~~Parking~~	~~Actual cost of parking~~
~~Taxi or Airport Limousine~~	~~Actual cost of either taxi or airport limousine~~

~~Reimbursable items other than travel expenses shall be limited to the following: telephone long distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.~~

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name: Dale Cooper LLC
Address: P.O.Box 102
Farmington, MO 63640

Authorized Agent:	Dale Cooper
Attention Name & Title:	Dale Cooper
Telephone:	855-639-7543
E-Mail(s):	Dalton.King@safeslides.com

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Director:	James Hanrahan
Division Name:	Parks and Recreation
Address:	15000 Livingston Road
	Naples, FL 34109

Administrative Agent/PM:	Dayne Atkinson
Telephone:	239-252-5337
E-Mail(s):	Dayne.Atkinson@collier.gov

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

   Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE**. The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation,

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

    ~~F. ☐ _____: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ ~~: Coverage shall have minimum limits of $_____ per claim/Occurrence.~~

~~H.~~ ☐ _____ ~~: Coverage shall have minimum limits of $_____ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the Parks and Recreation.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ■ Exhibit A Scope of Services, Exhibit B Fee Schedule, Exhibit C Affidavit Regarding Labor and Services, ☐ ~~RFP~~/ ■ ITB/ ☐ ~~Other~~ _____ #25-8617, including Exhibits, Attachments and Addenda/Addendum, ☐ ~~subsequent quotes~~, and ■ Other Exhibit/Attachment: Exhibit D Parks and Recreation Aquatics Inventory.

17. **APPLICABILITY.** Sections corresponding to any checked box (■) expressly apply to the terms of this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statutes, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division 3299
Tamiami Trail East, Suite 801
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@collier.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records.

All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. **PAYMENTS WITHHELD**. The County may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, subsequently discovered evidence or subsequent inspections. The County may nullify the whole or any part of any approval for payment previously issued and the County may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between the County and Contractor, to such extent as may be necessary in the County's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims or reasonable evidence indicating the probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents.

If any conditions described above are not remedied or removed, the County may, after three (3) days written notice, rectify the same at Contractor's expense. The County also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to the County, whether relating to or arising out of this Agreement or any other Agreement between Contractor and the County.

If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

23. ☐ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

24. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

25. ☐ **WARRANTY**. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after final completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

26. ■ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

27. ■ **PROTECTION OF WORK**.

A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due to Contractor.

B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

28. **SUBMITTALS AND SUBSTITUTIONS.** Any substitution of products/materials from specifications shall be approved in writing by the County in advance.

29. **CHANGES IN THE WORK.** The County shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon modification of the Purchase Order by the County, and the County shall not be liable to the Contractor for any increased compensation without such modification. No officer,

employee or agent of the County is authorized to direct any extra or changed work orally. Any modifications to this Agreement shall be in compliance with the County Procurement Ordinance and Procedures in effect at the time such modifications are authorized.

30. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

31. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

32. **DISPUTE RESOLUTION.** Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

33. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

34. ☐ ~~**KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.~~

■ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis,

and each person assigned shall be available for an amount of time adequate to meet required services.

35. ■ **ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation, the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.

☐ ~~**ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.~~

36. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

37. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years. All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@collier.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

38. ■ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

Exhibit A – Scope of Services

#25-8617 "Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities"

Category 3 Preventative Maintenance of Slides has been awarded to Dale Cooper LLC as the Secondary Contractor. If the Primary Contractor fails to respond to an urgent call within eight (8) hours, the Secondary Contractor will be contacted.

The intent of this agreement is to award multiple Contractors to provide preventative maintenance, repair, replacement and on call urgent repair services for Collier County Aquatic Facilities that will help to minimize operational downtime and insure reliable operating conditions at each facility.

Services shall include, but not be limited to, the following categories:

1) Category 1: General Pool Repair including but not limited:
   a) Marcite and remarcite of pools
   b) Tile and retile of pool
   c) Main drain repair/replacement (Virginia Graeham Baker Act)
   d) Side drain repair/replacement
   e) Leak detection and repair
   f) Pool feature repair/replacement
   g) Ladder repair/replacement

2) Category 2: Electrical including but not limited:
   a) Pool lights and deck lights
   b) Variable Frequency Drive (VFD) repairs and replacement,
   c) Emergency stops
   d) General electrical repairs to pumps and motors

3) Category 3: Preventative Maintenance of Slides to include but not limited to the following:
   a) Wash interior of slide
   b) Repair all minor fiberglass repairs in ridepath (chips or gouges with sharp edges).
   c) Chemical wash entire interior
   d) Wax entire interior
   e) Check caulking in all joints
   f) Check slide for leaks
   g) Check structural beams and supports for corrosion and other signs of deterioration
   h) Repairs and replacement of slides

4) Category 4: Concrete including but not limited:
   a) deck repair
   b) coping repair
   c) concrete tank repair/replacement
   d) joint repair

Contractors may submit their bid to provide services in all or part of the categories listed above and shall indicate which specialties they are qualified to provide.

1. Service Locations

The repairs/replacements will be requested at Collier County's Aquatic Facilities located throughout the County. Locations are listed below and an inventory list per location can be found in Exhibit D Parks and Recreation Aquatics Inventory with number of pools and volume of Pools:

- North Collier Regional Park – Sun and Fun Lagoon
  15000 Livingston Road, Naples, FL 34109
- Golden Gate Community Park Aquatic Center
  3300 Santa Barbara Blvd., Naples, FL 34116
- Immokalee Sports Park Aquatic Center
  505 Escambia St., Immokalee, FL 34142

- Eagle Lakes Community Park Aquatic Center
  11565 Tamiami Trail East, Naples, FL 34113
- Big Corkscrew Island Regional Park Aquatic Center
  810 39th Ave. NE, Naples, FL 34120
- Vineyard Community Park Splash Pad
  6231 Arbor Blvd. W., Naples, FL 34119
- Freedom Park Fountain
  1515 Golden Gate Pkwy., Naples, FL 3410
- North Collier Regional Park – Fountain Pond
  15000 Livingston Road, Naples, FL 34109
- Big Corkscrew Island Regional Park Fountain Pond
  810 39th Ave. NE, Naples, FL 34120

The County retains the right to add or delete any facilities from service provided under the agreement as described herein, any changes will be made in accordance with Collier County's Procurement Ordinance.

2. Preventative Maintenance, Repair, and Replacement

Preventive maintenance consists of scheduled, routine, and proactive services performed to maintain pool systems and amenities in safe, operable condition and to prevent equipment failure, service interruption, or deterioration.

Preventive maintenance is planned work and does not include emergency services, major repairs, or replacements unless otherwise authorized by the County.

Repair services consist of corrective work required to restore pool systems or amenities to proper operating condition following equipment failure, malfunction, or damage.

Replacement services consist of removing and installing new equipment or components that are no longer serviceable, obsolete, or beyond economical repair.

Contractors shall be responsible for performing services within the category or categories for which they are awarded. Work performed shall comply with the requirements, pricing, and limitations established for the awarded category. No contractor shall perform work outside of its awarded category unless expressly authorized in writing by the County.

If preventive maintenance, repair, or replacement services require specialty work (including, but not limited to, electrical systems, water slides, or other specialized amenities) that fall under a different awarded category, the County shall issue a separate work authorization to the contractor awarded for that specific category

Preventative maintenance and repair services will be carried out as needed at each of the locations. Following each service, a written report must be provided detailing the results, services completed, and making specific recommendations for future remedial action upgrades, etc. The report will include but not be limited to a detailed account of services provided, the date of service, and an attestation signed by the Contractor.

Maintenance shall be invoiced as a unit price in accordance with the agreement's fee schedule, inclusive of all labor, tools, material, parts and equipment necessary for completion of the work.

The County may schedule maintenance as required. Remedial maintenance and/or repair/replacement services shall be provided and billed per hourly rates and applicable mark-ups in accordance with the fee schedule.

3. Scheduled and Unscheduled Services

Scheduled Services: Scheduled maintenance and repair services will be conducted during normal business hours.

To arrange for an appointment to perform service at a County facility, the Contractor shall contact the County designee a minimum of twenty-four (24) hours in advance of the work. For scheduled maintenance and repair services, the Contractor must be on-site, and repairs must begin within seven (7) days of the purchase order issued for all areas, unless the County approves a different amount of time for response.

Urgent Services: When immediate repairs are needed, staff will notify the contractor via e-mail or phone call.

The Contractor is required to respond to these urgent calls for assistance within four (4) hours from the time of initial contact and be on-site within eight (8) hours of the County issuing the urgent request. On-call 24-hour availability is mandatory to ensure that urgent work is completed. The Contractor must provide a minimum of two (2) 24/7 urgent contact phone numbers to the County departments using the resultant contract; this on-call list is both for routine and after-hours services. Failure to provide coverage may result in termination of the contract.

If a Contractor fails to respond to an urgent call within eight (8) hours, the secondary contractor will be contacted, and if necessary, the tertiary contractor will be contacted.

If repairs cannot be completed within twenty-four (24) hours from the County's initial request, then temporary system options must be provided and approved by the County. The approved temporary system will be provided by the Contractor and billed according to Bid Schedule rates and applicable mark-ups. If the Contractor is unable to complete the repair or replacement of the pump within 72 hours of notification, they must provide a written justification.

Definition of Urgent Service: Urgent services refers to any unscheduled work that requires immediate repair to safeguard the health, safety, and well-being of the County's staff and/or the public.

Urgent service in the context of pool pump maintenance, repair, and examples may include but not limited to:

Urgent Repairs: Immediate response to critical failures or breakdowns that render the pool pump inoperable.
Examples: Motor failure, major leaks, electrical malfunctions.

- Safety Concerns: Issues posing a safety risk to users or property.
  Examples: Faulty wiring exposed electrical components, or leaks near electrical connections.
- Risk of Further Damage: Situations where delaying repairs could result in more extensive damage or costly repairs.
  Examples: Addressing minor leaks before they cause pump damage, fixing small issues to prevent larger system failures.
- Operational Impact: Work that directly affects the pool's normal operation and functionality.
  Examples: Addressing pump noise and optimizing pump performance for peak usage times.
- Regulatory Compliance: Tasks required for compliance with health and safety regulations.
  Examples: Addressing equipment code requirements and health and safety regulations issues identified during inspections.
- Seasonal or Event-Related Urgency: Repairs are needed before or during peak usage periods, special events, or seasons.
  Examples: Fixing issues before a busy holiday weekend, ensuring the pump is ready for the start of the swimming season.

Scheduled and Urgent services will be billed in accordance with the fee schedule hourly rates and applicable mark-ups. A one-time urgent service fee is allowed when responding to an urgent request, in addition to hourly rates.

4. Work Hours

Normal Business hours are Monday through Friday from 7:00 AM to 6:00 PM, excluding County observed Holidays. After-hours are considered before 7:00 AM and after 6:00 PM on weekdays and at any time on Saturday, Sunday, or County Observed Holidays. After-hours rate may be calculated at 1.5x the hourly rate in accordance with the fee schedule. If a requested service starts during normal business hours and extends into the after-hours period, the after-hours rate shall only be charged for time worked during the after-hours period.

5. Contractor's Responsibilities

The Contractor(s) shall use a qualified professional (with all related licenses and certifications being current) with experience and ability for all repairs. Each Contractor shall ensure that all its personnel assigned to tasks under the resultant contract are properly trained and equipped. The personnel shall be fully equipped with parts and materials to complete routine repair work without delay.

Contractor(s) shall provide copies of the following license(s) AND/OR certifications, which must maintain current during the course of the awarded agreement.

REQUIRED LICENCES AND CERTIFICATIONS:

Category 1 - Pool Contractor License OR General Contractor License
Category 2 - Electrical Contractor License
Category 3 - Company shall have personnel that carry a **Certified Composite Technicians certification (CCT)** through American Composites Manufacturers Association (ACMA) and Company inspectors shall be **Amusement Industry Manufacturers and Suppliers (AIMS) level 1** associate ride inspectors
Category 4 - General Contractor License

The Contractor(s) shall furnish all necessary materials, equipment, tools, transportation, skills, and incidentals required for maintenance services, repairs, and miscellaneous services. The Contractor(s) shall comply with all OSHA safety standards, rules, and regulations, as well as all applicable Federal, State, and Local laws, ordinances, rules, and regulations. The Contractor will supply all required safety equipment and properly trained employees. Any fines levied due to inadequacies or failure to comply with any requirements will be the sole responsibility of the contractor(s).

The Contractors may be asked to perform work onsite through in-field services or at a local shop. The awarded Contractors shall provide labor and parts warranties upon completion of work. The Contractor shall be or have access to a certified service local repair station and warranty station for their products.

The Contractor shall under no circumstances remove any equipment containing a County asset sticker. The Contractor shall request that when replacing equipment, the asset sticker be removed by a County staff member.

6. Warranty

The Contractor(s) must guarantee that all materials and equipment are brand new and free from defects, warranted for their merchantability, and meet the performance scope of work of the original material. The warranty period should be a minimum of one year from the date of installation. In the event that a portion, or all of an order, is found to be defective, the Contractor shall immediately replace the parts at no cost to the County.

7. Billing and Invoicing:

- No fees shall be charged to the County for any call-backs or work that could not be performed.
- Invoices shall contain details of the services performed and the materials used (if applicable). A Collier County Purchase Order Number must appear on each invoice
- Contractors may only charge hourly rates for hours worked at the job site. Hourly rates shall be per the Bid/Fee Schedule and shall be all inclusive of labor, administrative hours, overhead, travel related expenses, insurance, required reporting, and equipment use (excluding rental equipment).
- The Contractor shall provide a detailed breakdown of the labor time spent by their employees. This should include the number of hours worked at the established hourly rates and classifications, the cost of all supplies, parts, rental equipment and materials used.
- Materials, parts and rental equipment will be allowed a maximum of 10% mark-up, and the use of subcontractors will be allowed a maximum of 15% mark-up. Mark-ups will not be allowed on sales tax, fees, use, and other similar taxes.
- Backup documentation and receipts/invoices for any supply, material, parts, rental equipment and other reimbursables are required at invoicing. Additionally, quotes for any supply, material, parts, and rental equipment will be required at the time of quoting.
- Freight and shipping charges will not be allowed as separate lines and shall be incorporated into the proposed price.

8. Unit Price Invoicing for Maintenance:

Invoices shall include:

- The Contractor is required to provide the location(s) completed along with unit price, which should include all expenses for materials and labor to complete the work.
- A maintenance report must be submitted for each location identifying the work performed, itemizing any deficiencies found, and any recommended actions beyond the maintenance schedule. The report shall be submitted with invoicing.

9. Work Performance:

The County shall be the final authority on any issues that may arise as to the quality and acceptability of any work

performed under the resultant contract.

10. Repairs:

Repairs or findings from maintenance inspection shall be discussed and authorized in writing by Parks and Recreation Division Director, Project Manager, or designee before commencement.

11. Price Increase:

11.1 Any requested fee adjustment shall be fully documented and submitted to the County Representative no less than thirty (30) days prior to the Contract anniversary date. Any approved fee adjustments shall become effective as of the anniversary date or upon Board approval.

11.2 The Procurement Director or designee has the authority to approve price adjustments in accordance with the Procurement Ordinance, as amended. Price increase requests are not guaranteed. If approved, the Contractor will be notified in writing with the effective date of any approved price increases.

11.3 The County may, after examination, refuse to accept the adjusted rates if they are not properly documented, or considered to be excessive, or if decreases are considered to be insufficient. In the event the County does not wish to accept the adjusted rates, and the matter cannot be resolved to the satisfaction of the County, a contract termination will be processed

Affidavit Regarding Labor and Services

<u>following this page</u>

AFFIDAVIT REGARDING LABOR AND SERVICES AND CONTRACTING WITH ENTITIES OF FOREIGN COUNTRIES OF CONCERN PROHIBITED

Effective July 1, 2024, pursuant to § 787.06(13), Florida Statutes, when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services.

Effective January 1, 2024, a governmental entity may not accept a bid on, a proposal for, or a reply to, or enter into, a contract with an entity which would grant the entity access to an individual's personal identifying information unless the entity provides the government with an affidavit signed by an officer or representative under penalty of perjury attesting that the entity does not meet any of the following criteria: (a) the entity is owned by the government of a foreign country of concern; (b) the government of a foreign country of concern has a controlling interest in the entity; or (c) the entity is organized under the laws of or has its principal place of business in a foreign country of concern.

Effective July 1, 2025, when an entity extends or renews a contract with a governmental entity which would grant the entity access to an individual's personal identifying information, the entity must provide the governmental entity with an affidavit signed by an officer or representative of the entity under penalty of perjury attesting that the entity does not meet any of the criteria in paragraphs (2)(a)-(c), § 287.138, Florida Statutes.

Nongovernmental Entity's Name:	Dale Cooper LLC dba Safe Side Restoration
Address:	1008 Redbud Ln, Farmington, MO 63640

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

    ~~F. ☐ _____: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~H.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

Collier County

Procurement Services Division

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and the bid/proposal submittal is in every respect fair and made in good faith, without collusion or fraud and in compliance with the Procurement Ordinance, Section Seven, Ethical Standards.

The vendor certifies to the best of their knowledge or belief, no elected/appointed official or employee of Collier County, a spouse thereof or other person residing in the same household, is financially interested, directly or indirectly, in providing the goods or services specified in any submitted bid or proposal. A financial interest is defined as ownership of more than one percent (1%) of the total assets or capital stock or being an officer, director, manager, partner, proprietor, or agent of the business submitting the bid or proposal or of any subcontractor or supplier thereof providing goods or services in excess of one percent (1%) of the total bid or proposal amount. Additionally, the vendor, on company letterhead, must divulge at the time of the submittal of a bid or proposal, any relative, other than those already specified, of an elected or appointed official or employee of the County who has a financial interest, in providing the goods or services specified in the bid or proposal. The County, at its sole discretion, will determine whether a conflict exists and whether to accept or reject the bid or proposal.

The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed in this solicitation**.** The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services and a subcontractor is a related entity to the Vendor, then the Vendor shall not mark-up the subcontractor's fees. A related entity shall be defined as any parent or subsidiary of the company and any business, corporation, partnership, limited liability company or other entity in which the company or a parent or a subsidiary of the company holds any ownership interest, directly or indirectly.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Collier County

Procurement Services Division

Form 2: Conflict of Interest Certification

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest and is in compliance with the Procurement Ordinance, Section Seven, Ethical Standards, that states:

> "A consultant who participates in the drafting of a solicitation or scope or who develops a program for future implementation that gives rise to an actual conflict so as to unfairly benefit that consultant to the disadvantage of any other future firms that could competitively seek a County contract related to such program or project upon which the solicitation or scope is based, and which conflict is not otherwise curable, is not eligible to contract with the County for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a vendor who responds to a request for information from being eligible to contract with the County."

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition, the contractor / vendor must provide the following, if applicable:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having a conflict of interest identified in one or more of the above three categories may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Company Name: Dale Cooper LLC dba Safe Slide Restoration

Date: 2/12/2026

Signature: _____ Title: Regional Account Manager

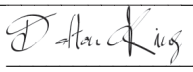
Collier County

Procurement Services Division

Form 3: Immigration Certification

Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid.* **Failure to do so will result in the vendor's submission being deemed non-responsive**.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").



Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: RESTORE SLIDES

Completion Date: SPRING EVERY YR DAST 8 YRS

Project Budget: 50,000-250,000

Project Number of Days: 5-10 DAYS

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	10
2	Ability to maintain project schedule (complete on-time or early).	10
3	Quality of work.	10
4	Quality of consultative advice provided on the project.	10
5	Professionalism and ability to manage personnel.	10
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	10
7	Ability to verbally communicate and document information clearly and succinctly.	10
8	Abiltity to manage risks and unexpected project circumstances.	10
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	10
10	Overall comfort level with hiring the company in the future (customer satisfaction).	10
TOTAL SCORE OF ALL ITEMS		

State of Florida
Department of State

I certify from the records of this office that DALE COOPER LLC is a limited liability company organized under the laws of the State of Florida, filed on September 16, 2016, effective September 14, 2016.

The document number of this limited liability company is L16000173755.

I further certify that said limited liability company has paid all fees due this office through December 31, 2026, that its most recent annual report was filed on February 5, 2026, and that its status is active.

Given under my hand and the Great Seal of the State of Florida at Tallahassee, the Capital, this the Twenty-third day of February, 2026

Secretary of State

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Dale Cooper LLC

2 Business name/disregarded entity name, if different from above.

Safe Slide Restoration

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . . S

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) _____

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

PO Box 102

6 City, state, and ZIP code

Farmington MO 63640

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

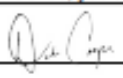
Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number



3	8	–	3	5	6	0	7	4	0

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person**  **Date** 1/23/2026

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Addendum #3

Date: March 13, 2026

From: Dania Guerrero, Procurement Strategist

To: Interested Bidders

Subject: Addendum #3 Solicitation #25-8617 Preventative Maintenance, Repairs, and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities

This Addendum has been issued for the following items identifying clarifications, changes, deletions, and/or additions to the original solicitation documents and bid schedule for the above referenced solicitation.

Change 1. Proposal Submission Deadlines have been extended.

Proposal Due Date Extension:
The County will extend the proposal for fourteen (14) days as follows:

The **"questions and Answers"** period has been extended from:
~~March 16 2026, at 5:00 PM (EST)~~ to **March 30, 2026, at 5:00 PM (EST).**

The **"Proposal Submission Deadline"** has been extended from:
~~March 23, 2026, at 3:00 PM (EST)~~ to **April 6, 2026, at 3:00 PM (EST).**

The following clarifications are being made in response to questions posted on the County's bidding platform, and are hereby incorporated into the bid:

ADDITION: A Non-Mandatory Pre-Bid meeting has been scheduled followed by a Non-Mandatory Site Visit to ALL seven (7) locations:

Pre-Bid meeting scheduled on March 23, 2026, from 9:30 AM to 10:00 AM at the following location:

Immokalee Aquatic Center
505 Escambia St, Immokalee, FL 34142

Followed by Site Visit to ALL seven (7) locations from 10:00 AM to 4:20 PM.

The following file has been uploaded to the "Supporting Attachments" section in OpenGov:

25-8617 ATTACHMENT B – SITE VISIT LOCATIONS

If you require additional information, please post a question on our OpenGov (https://procurement.opengov.com) bidding platform under the solicitation for this project.

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and the bid/proposal submittal is in every respect fair and made in good faith, without collusion or fraud and in compliance with the Procurement Ordinance, Section Seven, Ethical Standards.

The vendor certifies to the best of their knowledge or belief, no elected/appointed official or employee of Collier County, a spouse thereof or other person residing in the same household, is financially interested, directly or indirectly, in providing the goods or services specified in any submitted bid or proposal. A financial interest is defined as ownership of more than one percent (1%) of the total assets or capital stock or being an officer, director, manager, partner, proprietor, or agent of the business submitting the bid or proposal or of any subcontractor or supplier thereof providing goods or services in excess of one percent (1%) of the total bid or proposal amount. Additionally, the vendor, on company letterhead, must divulge at the time of the submittal of a bid or proposal, any relative, other than those already specified, of an elected or appointed official or employee of the County who has a financial interest, in providing the goods or services specified in the bid or proposal. The County, at its sole discretion, will determine whether a conflict exists and whether to accept or reject the bid or proposal.

The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed in this solicitation**.** The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services and a subcontractor is a related entity to the Vendor, then the Vendor shall not mark-up the subcontractor's fees. A related entity shall be defined as any parent or subsidiary of the company and any business, corporation, partnership, limited liability company or other entity in which the company or a parent or a subsidiary of the company holds any ownership interest, directly or indirectly.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Form 2: Conflict of Interest Certification

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest and is in compliance with the Procurement Ordinance, Section Seven, Ethical Standards, that states:

> "A consultant who participates in the drafting of a solicitation or scope or who develops a program for future implementation that gives rise to an actual conflict so as to unfairly benefit that consultant to the disadvantage of any other future firms that could competitively seek a County contract related to such program or project upon which the solicitation or scope is based, and which conflict is not otherwise curable, is not eligible to contract with the County for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a vendor who responds to a request for information from being eligible to contract with the County."

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest as described by one of the three categories below:

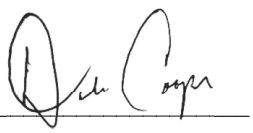
Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition, the contractor / vendor must provide the following, if applicable:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.



Failure to disclose all material or having a conflict of interest identified in one or more of the above three categories may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

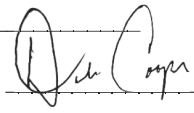
Form 3: Immigration Certification

Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid.* **Failure to do so will result in the vendor's submission being deemed non-responsive**.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").



Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

E-VERIFY IS A SERVICE OF DHS AND SSA

Company ID Number: 2968481

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and Dale Cooper LLC (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

    a. Notice of E-Verify Participation

    b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:
