a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the anti-discrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps
(see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance
(indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@uscis.dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin

E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case.

The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

   a. Scanning and uploading the document, or

   b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

FIXED TERM SERVICE
MULTI-CONTRACTOR AWARD AGREEMENT

#25-8617

for

Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities

THIS AGREEMENT, made and entered into on this _____ day of _____ 20 26 , by and between Finishing by Baker, Inc. , authorized to do business in the State of Florida, whose business address is 3986 Domestic Ave. , Naples, FL 34104 , (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing ☒ upon the date of Board approval; ~~or~~ ☐ ~~on~~ _____ and terminating on three (3) year(s) from that date or until all outstanding Purchase Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for two (2) additional one (1) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The Procurement Director, or the Procurement Director's designee, may extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The Procurement Director, or designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES**. The Contractor shall commence the work upon issuance of a ☒ Purchase Order ☐ ~~Notice to Proceed.~~

3. **STATEMENT OF WORK**. The Contractor shall provide services in accordance with the terms and conditions of ☐ ~~Request for Proposal (RFP)~~ ☒ Invitation to Bid (ITB) ☐ ~~Other~~ _____ (_____) # 25-8617 , including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

   ☒ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

   3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties,

in compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

3.2 ■ The procedure for obtaining Work under this Agreement is outlined in **Exhibit A – Scope of Services** attached hereto.

~~3.3 ☐ The procedure for obtaining Work under this Agreement is outlined in ☐ Other Exhibit/Attachment: _____.~~

~~3.4 ☐ The County reserves the right to specify in each Request for Quotations: the period of completion; collection of liquidated damages in the event of late completion; and the Price Methodology selected in 4.1.~~

4. **THE AGREEMENT SUM**. The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

4.1 **Price Methodology (as selected below):**

☐ ~~**Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.~~

■ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

■ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

4.5 ☐ ~~(check if applicable) **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

~~Reimbursements shall be at the following rates:~~

~~Mileage~~	~~$0.44.5 per mile~~
~~Breakfast~~	~~$6.00~~
~~Lunch~~	~~$11.00~~
~~Dinner~~	~~$19.00~~
~~Airfare~~	~~Actual ticket cost limited to tourist or coach class fare~~
~~Rental car~~	~~Actual rental cost limited to compact or standard size vehicles~~
~~Lodging~~	~~Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night~~
~~Parking~~	~~Actual cost of parking~~
~~Taxi or Airport Limousine~~	~~Actual cost of either taxi or airport limousine~~

~~Reimbursable items other than travel expenses shall be limited to the following: telephone long distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.~~

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name: Finishing by Baker, Inc.
Address: 3986 Domestic Ave.
Naples, FL 34104

Authorized Agent:	Nicholas Baker
Attention Name & Title:	Nicholas Baker
Telephone:	239-253-3503
E-Mail(s):	Nicktoddbaker@gmail.com

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Director:	James Hanrahan
Division Name:	Parks and Recreation
Address:	15000 Livingston Road
	Naples, FL 34109
Administrative Agent/PM:	Dayne Atkinson
Telephone:	239-252-5337
E-Mail(s):	Dayne.Atkinson@collier.gov

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

   Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE**. The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation,

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

    ~~F. ☐ _____ : Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ : ~~Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~H.~~ ☐ _____ : ~~Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the Parks and Recreation.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ■ Exhibit A Scope of Services, Exhibit B Fee Schedule, Exhibit C Affidavit Regarding Labor and Services, ☐ ~~RFP~~/ ■ ITB/ ☐ ~~Other~~ _____ # 25-8617 , including Exhibits, Attachments and Addenda/Addendum, ☐ ~~subsequent quotes~~, and ■ Other Exhibit/Attachment: Exhibit D Parks and Recreation Aquatics Inventory.

17. **APPLICABILITY.** Sections corresponding to any checked box (■) expressly apply to the terms of this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statutes, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division 3299
Tamiami Trail East, Suite 801
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@collier.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records.

All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. **PAYMENTS WITHHELD**. The County may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, subsequently discovered evidence or subsequent inspections. The County may nullify the whole or any part of any approval for payment previously issued and the County may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between the County and Contractor, to such extent as may be necessary in the County's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims or reasonable evidence indicating the probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents.

If any conditions described above are not remedied or removed, the County may, after three (3) days written notice, rectify the same at Contractor's expense. The County also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to the County, whether relating to or arising out of this Agreement or any other Agreement between Contractor and the County.

If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

23. ☐ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

24. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

25. ☐ **WARRANTY**. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after final completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

26. ■ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

27. ■ **PROTECTION OF WORK**.

A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due to Contractor.

B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

28. **SUBMITTALS AND SUBSTITUTIONS.** Any substitution of products/materials from specifications shall be approved in writing by the County in advance.

29. **CHANGES IN THE WORK.** The County shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon modification of the Purchase Order by the County, and the County shall not be liable to the Contractor for any increased compensation without such modification. No officer,

employee or agent of the County is authorized to direct any extra or changed work orally. Any modifications to this Agreement shall be in compliance with the County Procurement Ordinance and Procedures in effect at the time such modifications are authorized.

30. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

31. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

32. **DISPUTE RESOLUTION.** Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

33. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

34. ☐ ~~**KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.~~

■ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis,

and each person assigned shall be available for an amount of time adequate to meet required services.

35. ■ **ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation, the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.

☐ ~~**ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.~~

36. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

37. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years. All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@collier.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

38. ■ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

(Intentionally left blank -signature page to follow)

IN WITNESS WHEREOF, the parties hereto, by an authorized person or agent, have executed this Agreement on the date and year first written above.

Exhibit A – Scope of Services

#25-8617 "Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities"

Category 1 General Pool Repair has been awarded to Finishing by Baker, Inc. as the Primary Contractor. If the Primary Contractor fails to respond to an urgent call within eight (8) hours, the Secondary Contractor will be contacted, and if necessary, the Tertiary Contractor will be contacted.

The intent of this agreement is to award multiple Contractors to provide preventative maintenance, repair, replacement and on call urgent repair services for Collier County Aquatic Facilities that will help to minimize operational downtime and insure reliable operating conditions at each facility.

Services shall include, but not be limited to, the following categories:

1) Category 1: General Pool Repair including but not limited:
   a) Marcite and remarcite of pools
   b) Tile and retile of pool
   c) Main drain repair/replacement (Virginia Graeham Baker Act)
   d) Side drain repair/replacement
   e) Leak detection and repair
   f) Pool feature repair/replacement
   g) Ladder repair/replacement

2) Category 2: Electrical including but not limited:
   a) Pool lights and deck lights
   b) Variable Frequency Drive (VFD) repairs and replacement,
   c) Emergency stops
   d) General electrical repairs to pumps and motors

3) Category 3: Preventative Maintenance of Slides to include but not limited to the following:
   a) Wash interior of slide
   b) Repair all minor fiberglass repairs in ridepath (chips or gouges with sharp edges).
   c) Chemical wash entire interior
   d) Wax entire interior
   e) Check caulking in all joints
   f) Check slide for leaks
   g) Check structural beams and supports for corrosion and other signs of deterioration
   h) Repairs and replacement of slides

4) Category 4: Concrete including but not limited:
   a) deck repair
   b) coping repair
   c) concrete tank repair/replacement
   d) joint repair

Contractors may submit their bid to provide services in all or part of the categories listed above and shall indicate which specialties they are qualified to provide.

1. Service Locations

The repairs/replacements will be requested at Collier County's Aquatic Facilities located throughout the County. Locations are listed below and an inventory list per location can be found in Exhibit D Parks and Recreation Aquatics Inventory with number of pools and volume of Pools:

- North Collier Regional Park – Sun and Fun Lagoon
  15000 Livingston Road, Naples, FL 34109
- Golden Gate Community Park Aquatic Center
  3300 Santa Barbara Blvd., Naples, FL 34116
- Immokalee Sports Park Aquatic Center
  505 Escambia St., Immokalee, FL 34142

CAO

- Eagle Lakes Community Park Aquatic Center
  11565 Tamiami Trail East, Naples, FL 34113
- Big Corkscrew Island Regional Park Aquatic Center
  810 39th Ave. NE, Naples, FL 34120
- Vineyard Community Park Splash Pad
  6231 Arbor Blvd. W., Naples, FL 34119
- Freedom Park Fountain
  1515 Golden Gate Pkwy., Naples, FL 3410
- North Collier Regional Park – Fountain Pond
  15000 Livingston Road, Naples, FL 34109
- Big Corkscrew Island Regional Park Fountain Pond
  810 39th Ave. NE, Naples, FL 34120

The County retains the right to add or delete any facilities from service provided under the agreement as described herein, any changes will be made in accordance with Collier County's Procurement Ordinance.

2. Preventative Maintenance, Repair, and Replacement

Preventive maintenance consists of scheduled, routine, and proactive services performed to maintain pool systems and amenities in safe, operable condition and to prevent equipment failure, service interruption, or deterioration.

Preventive maintenance is planned work and does not include emergency services, major repairs, or replacements unless otherwise authorized by the County.

Repair services consist of corrective work required to restore pool systems or amenities to proper operating condition following equipment failure, malfunction, or damage.

Replacement services consist of removing and installing new equipment or components that are no longer serviceable, obsolete, or beyond economical repair.

Contractors shall be responsible for performing services within the category or categories for which they are awarded. Work performed shall comply with the requirements, pricing, and limitations established for the awarded category. No contractor shall perform work outside of its awarded category unless expressly authorized in writing by the County.

If preventive maintenance, repair, or replacement services require specialty work (including, but not limited to, electrical systems, water slides, or other specialized amenities) that fall under a different awarded category, the County shall issue a separate work authorization to the contractor awarded for that specific category

Preventative maintenance and repair services will be carried out as needed at each of the locations. Following each service, a written report must be provided detailing the results, services completed, and making specific recommendations for future remedial action upgrades, etc. The report will include but not be limited to a detailed account of services provided, the date of service, and an attestation signed by the Contractor.

Maintenance shall be invoiced as a unit price in accordance with the agreement's fee schedule, inclusive of all labor, tools, material, parts and equipment necessary for completion of the work.

The County may schedule maintenance as required. Remedial maintenance and/or repair/replacement services shall be provided and billed per hourly rates and applicable mark-ups in accordance with the fee schedule.

3. Scheduled and Unscheduled Services

Scheduled Services: Scheduled maintenance and repair services will be conducted during normal business hours.

To arrange for an appointment to perform service at a County facility, the Contractor shall contact the County designee a minimum of twenty-four (24) hours in advance of the work. For scheduled maintenance and repair services, the Contractor must be on-site, and repairs must begin within seven (7) days of the purchase order issued for all areas, unless the County approves a different amount of time for response.

Urgent Services: When immediate repairs are needed, staff will notify the contractor via e-mail or phone call.

CAO

The Contractor is required to respond to these urgent calls for assistance within four (4) hours from the time of initial contact and be on-site within eight (8) hours of the County issuing the urgent request. On-call 24-hour availability is mandatory to ensure that urgent work is completed. The Contractor must provide a minimum of two (2) 24/7 urgent contact phone numbers to the County departments using the resultant contract; this on-call list is both for routine and after-hours services. Failure to provide coverage may result in termination of the contract.

If a Contractor fails to respond to an urgent call within eight (8) hours, the secondary contractor will be contacted, and if necessary, the tertiary contractor will be contacted.

If repairs cannot be completed within twenty-four (24) hours from the County's initial request, then temporary system options must be provided and approved by the County. The approved temporary system will be provided by the Contractor and billed according to Bid Schedule rates and applicable mark-ups. If the Contractor is unable to complete the repair or replacement of the pump within 72 hours of notification, they must provide a written justification.

Definition of Urgent Service: Urgent services refers to any unscheduled work that requires immediate repair to safeguard the health, safety, and well-being of the County's staff and/or the public.

Urgent service in the context of pool pump maintenance, repair, and examples may include but not limited to:

Urgent Repairs: Immediate response to critical failures or breakdowns that render the pool pump inoperable.
Examples: Motor failure, major leaks, electrical malfunctions.

- Safety Concerns: Issues posing a safety risk to users or property.
  Examples: Faulty wiring exposed electrical components, or leaks near electrical connections.
- Risk of Further Damage: Situations where delaying repairs could result in more extensive damage or costly repairs.
  Examples: Addressing minor leaks before they cause pump damage, fixing small issues to prevent larger system failures.
- Operational Impact: Work that directly affects the pool's normal operation and functionality.
  Examples: Addressing pump noise and optimizing pump performance for peak usage times.
- Regulatory Compliance: Tasks required for compliance with health and safety regulations.
  Examples: Addressing equipment code requirements and health and safety regulations issues identified during inspections.
- Seasonal or Event-Related Urgency: Repairs are needed before or during peak usage periods, special events, or seasons.
  Examples: Fixing issues before a busy holiday weekend, ensuring the pump is ready for the start of the swimming season.

Scheduled and Urgent services will be billed in accordance with the fee schedule hourly rates and applicable mark-ups. A one-time urgent service fee is allowed when responding to an urgent request, in addition to hourly rates.

4. Work Hours

Normal Business hours are Monday through Friday from 7:00 AM to 6:00 PM, excluding County observed Holidays. After-hours are considered before 7:00 AM and after 6:00 PM on weekdays and at any time on Saturday, Sunday, or County Observed Holidays. After-hours rate may be calculated at 1.5x the hourly rate in accordance with the fee schedule. If a requested service starts during normal business hours and extends into the after-hours period, the after-hours rate shall only be charged for time worked during the after-hours period.

5. Contractor's Responsibilities

The Contractor(s) shall use a qualified professional (with all related licenses and certifications being current) with experience and ability for all repairs. Each Contractor shall ensure that all its personnel assigned to tasks under the resultant contract are properly trained and equipped. The personnel shall be fully equipped with parts and materials to complete routine repair work without delay.

Contractor(s) shall provide copies of the following license(s) AND/OR certifications, which must maintain current during the course of the awarded agreement.

REQUIRED LICENCES AND CERTIFICATIONS:

Category 1 - Pool Contractor License OR General Contractor License
Category 2 - Electrical Contractor License
Category 3 - Company shall have personnel that carry a **Certified Composite Technicians certification (CCT)** through American Composites Manufacturers Association (ACMA) and Company inspectors shall be **Amusement Industry Manufacturers and Suppliers (AIMS) level 1** associate ride inspectors
Category 4 - General Contractor License

The Contractor(s) shall furnish all necessary materials, equipment, tools, transportation, skills, and incidentals required for maintenance services, repairs, and miscellaneous services. The Contractor(s) shall comply with all OSHA safety standards, rules, and regulations, as well as all applicable Federal, State, and Local laws, ordinances, rules, and regulations. The Contractor will supply all required safety equipment and properly trained employees. Any fines levied due to inadequacies or failure to comply with any requirements will be the sole responsibility of the contractor(s).

The Contractors may be asked to perform work onsite through in-field services or at a local shop. The awarded Contractors shall provide labor and parts warranties upon completion of work. The Contractor shall be or have access to a certified service local repair station and warranty station for their products.

The Contractor shall under no circumstances remove any equipment containing a County asset sticker. The Contractor shall request that when replacing equipment, the asset sticker be removed by a County staff member.

6. Warranty

The Contractor(s) must guarantee that all materials and equipment are brand new and free from defects, warranted for their merchantability, and meet the performance scope of work of the original material. The warranty period should be a minimum of one year from the date of installation. In the event that a portion, or all of an order, is found to be defective, the Contractor shall immediately replace the parts at no cost to the County.

7. Billing and Invoicing:

- No fees shall be charged to the County for any call-backs or work that could not be performed.
- Invoices shall contain details of the services performed and the materials used (if applicable). A Collier County Purchase Order Number must appear on each invoice
- Contractors may only charge hourly rates for hours worked at the job site. Hourly rates shall be per the Bid/Fee Schedule and shall be all inclusive of labor, administrative hours, overhead, travel related expenses, insurance, required reporting, and equipment use (excluding rental equipment).
- The Contractor shall provide a detailed breakdown of the labor time spent by their employees. This should include the number of hours worked at the established hourly rates and classifications, the cost of all supplies, parts, rental equipment and materials used.
- Materials, parts and rental equipment will be allowed a maximum of 10% mark-up, and the use of subcontractors will be allowed a maximum of 15% mark-up. Mark-ups will not be allowed on sales tax, fees, use, and other similar taxes.
- Backup documentation and receipts/invoices for any supply, material, parts, rental equipment and other reimbursables are required at invoicing. Additionally, quotes for any supply, material, parts, and rental equipment will be required at the time of quoting.
- Freight and shipping charges will not be allowed as separate lines and shall be incorporated into the proposed price.

8. Unit Price Invoicing for Maintenance:

Invoices shall include:

- The Contractor is required to provide the location(s) completed along with unit price, which should include all expenses for materials and labor to complete the work.
- A maintenance report must be submitted for each location identifying the work performed, itemizing any deficiencies found, and any recommended actions beyond the maintenance schedule. The report shall be submitted with invoicing.

9. Work Performance:

The County shall be the final authority on any issues that may arise as to the quality and acceptability of any work

CAO

performed under the resultant contract.

10. Repairs:

Repairs or findings from maintenance inspection shall be discussed and authorized in writing by Parks and Recreation Division Director, Project Manager, or designee before commencement.

11. Price Increase:

11.1 Any requested fee adjustment shall be fully documented and submitted to the County Representative no less than thirty (30) days prior to the Contract anniversary date. Any approved fee adjustments shall become effective as of the anniversary date or upon Board approval.

11.2 The Procurement Director or designee has the authority to approve price adjustments in accordance with the Procurement Ordinance, as amended. Price increase requests are not guaranteed. If approved, the Contractor will be notified in writing with the effective date of any approved price increases.

11.3 The County may, after examination, refuse to accept the adjusted rates if they are not properly documented, or considered to be excessive, or if decreases are considered to be insufficient. In the event the County does not wish to accept the adjusted rates, and the matter cannot be resolved to the satisfaction of the County, a contract termination will be processed

Affidavit Regarding Labor and Services

following this page

AFFIDAVIT REGARDING LABOR AND SERVICES AND CONTRACTING WITH ENTITIES OF FOREIGN COUNTRIES OF CONCERN PROHIBITED

Effective July 1, 2024, pursuant to § 787.06(13), Florida Statutes, when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services.

Effective January 1, 2024, a governmental entity may not accept a bid on, a proposal for, or a reply to, or enter into, a contract with an entity which would grant the entity access to an individual's personal identifying information unless the entity provides the government with an affidavit signed by an officer or representative under penalty of perjury attesting that the entity does not meet any of the following criteria: (a) the entity is owned by the government of a foreign country of concern; (b) the government of a foreign country of concern has a controlling interest in the entity; or (c) the entity is organized under the laws of or has its principal place of business in a foreign country of concern.

Effective July 1, 2025, when an entity extends or renews a contract with a governmental entity which would grant the entity access to an individual's personal identifying information, the entity must provide the governmental entity with an affidavit signed by an officer or representative of the entity under penalty of perjury attesting that the entity does not meet any of the criteria in paragraphs (2)(a)-(c), § 287.138, Florida Statutes.

Nongovernmental Entity's Name:	Finishing by Baker
Address:	3986 Domestic Ave Naples FL 34104
Phone Number:	239 435 9383
Authorized Representative's Name:	Nicholas T Baker
Authorized Representative's Title:	Pres.
Email Address:	Nicktodd Baker@gmail.com

I, Nicholas T Baker (Name of Authorized Representative), as authorized representative attest under penalty of perjury that finishing by Baker (Name of Nongovernmental Entity) does not: (1) use coercion for labor or services as defined in § 787.06, Florida Statutes, and (2) the nongovernmental entity is not (a) owned by a government of a foreign country of concern, (b) that a foreign country of concern does not have a controlling interest in the entity, and (c) that the entity is not organized under the laws of or has its principal place of business in a foreign country of concern, all as prohibited under § 287.138, Florida Statutes.

Under penalty of perjury, I declare that I have read the foregoing Affidavit and that the facts stated in it are true.

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

    ~~F. ☐ _____ : Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ : ~~Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~H.~~ ☐ _____ : ~~Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and the bid/proposal submittal is in every respect fair and made in good faith, without collusion or fraud and in compliance with the Procurement Ordinance, Section Seven, Ethical Standards.

The vendor certifies to the best of their knowledge or belief, no elected/appointed official or employee of Collier County, a spouse thereof or other person residing in the same household, is financially interested, directly or indirectly, in providing the goods or services specified in any submitted bid or proposal. A financial interest is defined as ownership of more than one percent (1%) of the total assets or capital stock or being an officer, director, manager, partner, proprietor, or agent of the business submitting the bid or proposal or of any subcontractor or supplier thereof providing goods or services in excess of one percent (1%) of the total bid or proposal amount. Additionally, the vendor, on company letterhead, must divulge at the time of the submittal of a bid or proposal, any relative, other than those already specified, of an elected or appointed official or employee of the County who has a financial interest, in providing the goods or services specified in the bid or proposal. The County, at its sole discretion, will determine whether a conflict exists and whether to accept or reject the bid or proposal.

The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed in this solicitation. The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services and a subcontractor is a related entity to the Vendor, then the Vendor shall not mark-up the subcontractor's fees. A related entity shall be defined as any parent or subsidiary of the company and any business, corporation, partnership, limited liability company or other entity in which the company or a parent or a subsidiary of the company holds any ownership interest, directly or indirectly.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Collier County

Procurement Services Division

Form 2: Conflict of Interest Certification

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest and is in compliance with the Procurement Ordinance, Section Seven, Ethical Standards, that states:

> "A consultant who participates in the drafting of a solicitation or scope or who develops a program for future implementation that gives rise to an actual conflict so as to unfairly benefit that consultant to the disadvantage of any other future firms that could competitively seek a County contract related to such program or project upon which the solicitation or scope is based, and which conflict is not otherwise curable, is not eligible to contract with the County for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a vendor who responds to a request for information from being eligible to contract with the County."

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition, the contractor / vendor must provide the following, if applicable:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having a conflict of interest identified in one or more of the above three categories may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Collier County

Procurement Services Division

Form 3: Immigration Certification

Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid.* **Failure to do so will result in the vendor's submission being deemed non-responsive.**

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Form 4: Local Vendor Preference Certification

(Check Appropriate Boxes Below)

State of Florida (Select County if Vendor is described as a Local Business)

☒ **Collier County**

☐ **Lee County**

Vendor affirms that it is a local business as defined by Section Sixteen of the Collier County Procurement Ordinance:

- A physical business address in Collier County with a County business address as listed with the Florida Department of State, Division of Corporations located within the limits of Collier County from which the vendor's staff operates and performs business in an area zoned for the conduct of such business. A post office box or a facility that receives mail, or a non-permanent structure such as a construction trailer, storage shed, or other non-permanent structure shall not be used to establish the physical address. In addition to the foregoing, a vendor shall not be considered a "local business" unless it contributes to the economic development and well-being of Collier County in a verifiable and measurable way. This may include, but not be limited to, the retention and expansion of employment opportunities, support and increase to the County's tax base, and residency of employees and principals of the business within Collier County. Vendors shall affirm in writing their compliance with the foregoing at the time of submitting their bid or proposal to be eligible for consideration as a "local business" under this section. A vendor who misrepresents the Local Preference status of its firm in a proposal or bid submitted to the County will lose the privilege to claim Local Preference status for a period of up to one year; and

- A current local Business Tax Receipt (also known as an Occupational License) issued by the Collier County Tax Collector prior to bid or proposal submission.

If requested by the County, Vendor will be required to provide documentation substantiating the information given in this certification. **Failure to do so will result in the vendor's submission being deemed non-responsive.**

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)
Finishing by Baker

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☒ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . .
Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):
Exempt payee code (if any)
Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)
(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.
3986 Domestic Ave

Requester's name and address (optional)

6 City, state, and ZIP code
Naples FL 34104

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
☐☐☐ - ☐☐ - ☐☐☐☐

or

Employer identification number
65 - 0164370

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here | **Signature of U.S. person** [signature] **Date** 4/3/26

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Subject: Addendum #3 Solicitation #25-8617 Preventative Maintenance, Repairs, and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities

This Addendum has been issued for the following items identifying clarifications, changes, deletions, and/or additions to the original solicitation documents and bid schedule for the above referenced solicitation.

Change 1. Proposal Submission Deadlines have been extended.

Proposal Due Date Extension:
The County will extend the proposal for fourteen (14) days as follows:

The **"questions and Answers"** period has been extended from:
~~March 16 2026, at 5:00 PM (EST)~~ to **March 30, 2026, at 5:00 PM (EST).**

The **"Proposal Submission Deadline"** has been extended from:
~~March 23, 2026, at 3:00 PM (EST)~~ to **April 6, 2026, at 3:00 PM (EST).**

The following clarifications are being made in response to questions posted on the County's bidding platform, and are hereby incorporated into the bid:

ADDITION: A Non-Mandatory Pre-Bid meeting has been scheduled followed by a Non-Mandatory Site Visit to ALL seven (7) locations:

Pre-Bid meeting scheduled on March 23, 2026, from 9:30 AM to 10:00 AM at the following location:

Immokalee Aquatic Center
505 Escambia St, Immokalee, FL 34142

Followed by Site Visit to ALL seven (7) locations from 10:00 AM to 4:20 PM.

The following file has been uploaded to the "Supporting Attachments" section in OpenGov:

25-8617 ATTACHMENT B – SITE VISIT LOCATIONS

If you require additional information, please post a question on our OpenGov (https://procurement.opengov.com) bidding platform under the solicitation for this project.

Please sign below and return a copy of this Addendum with your submittal for the above referenced solicitation.

FIXED TERM SERVICE
MULTI-CONTRACTOR AWARD AGREEMENT

#25-8617

for

Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities

THIS AGREEMENT, made and entered into on this _____ day of _____ 2026, by and between Simmonds Electrical of Naples Inc., authorized to do business in the State of Florida, whose business address is 8941 Quality Road, Bonita Springs, FL 34135, (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing ☒ upon the date of Board approval; ~~or~~ ☐ ~~on~~ _____ and terminating on three (3) year(s) from that date or until all outstanding Purchase Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for two (2) additional one (1) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The Procurement Director, or the Procurement Director's designee, may extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The Procurement Director, or designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES**. The Contractor shall commence the work upon issuance of a ☒ Purchase Order ☐ ~~Notice to Proceed.~~

3. **STATEMENT OF WORK**. The Contractor shall provide services in accordance with the terms and conditions of ☐ ~~Request for Proposal (RFP)~~ ☒ Invitation to Bid (ITB) ☐ ~~Other~~ _____ (_____) # 25-8617, including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

   ☒ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

   3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties,

in compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

3.2 ☒ The procedure for obtaining Work under this Agreement is outlined in **Exhibit A – Scope of Services** attached hereto.

~~3.3 ☐ The procedure for obtaining Work under this Agreement is outlined in ☐ Other Exhibit/Attachment: _____.~~

~~3.4 ☐ The County reserves the right to specify in each Request for Quotations: the period of completion; collection of liquidated damages in the event of late completion; and the Price Methodology selected in 4.1.~~

4. **THE AGREEMENT SUM**. The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

4.1 **Price Methodology (as selected below):**

☐ ~~**Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.~~

☒ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

☒ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

4.5 ☐ ~~(check if applicable) **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

~~Reimbursements shall be at the following rates:~~

~~Mileage~~	~~$0.44.5 per mile~~
~~Breakfast~~	~~$6.00~~
~~Lunch~~	~~$11.00~~
~~Dinner~~	~~$19.00~~
~~Airfare~~	~~Actual ticket cost limited to tourist or coach class fare~~
~~Rental car~~	~~Actual rental cost limited to compact or standard size vehicles~~
~~Lodging~~	~~Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night~~
~~Parking~~	~~Actual cost of parking~~
~~Taxi or Airport Limousine~~	~~Actual cost of either taxi or airport limousine~~

~~Reimbursable items other than travel expenses shall be limited to the following: telephone long distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.~~

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name: Simmonds Electrical of Naples Inc.
Address: 8941 Quality Road
Bonita Springs, FL 34135

Authorized Agent:	Cindy Simmons
Attention Name & Title:	Cindy Simmons
Telephone:	239-643-2770
E-Mail(s):	cindy@simmondselectricalofnaples.com

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Director:	James Hanrahan
Division Name:	Parks and Recreation
Address:	15000 Livingston Road
	Naples, FL 34109
Administrative Agent/PM:	Dayne Atkinson
Telephone:	239-252-5337
E-Mail(s):	Dayne.Atkinson@collier.gov

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

   Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation,

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $ _____ per claim.~~

    ~~F. ☐ _____ : Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~H.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the Parks and Recreation.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ■ Exhibit A Scope of Services, Exhibit B Fee Schedule, Exhibit C Affidavit Regarding Labor and Services, ☐ ~~RFP~~/ ■ ITB/ ☐ ~~Other~~ _____ #25-8617, including Exhibits, Attachments and Addenda/Addendum, ☐ ~~subsequent quotes~~, and ■ Other Exhibit/Attachment: Exhibit D Parks and Recreation Aquatics Inventory.

17. **APPLICABILITY.** Sections corresponding to any checked box (■) expressly apply to the terms of this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statutes, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division 3299
Tamiami Trail East, Suite 801
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@collier.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records.

All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. **PAYMENTS WITHHELD**. The County may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, subsequently discovered evidence or subsequent inspections. The County may nullify the whole or any part of any approval for payment previously issued and the County may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between the County and Contractor, to such extent as may be necessary in the County's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims or reasonable evidence indicating the probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents.

If any conditions described above are not remedied or removed, the County may, after three (3) days written notice, rectify the same at Contractor's expense. The County also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to the County, whether relating to or arising out of this Agreement or any other Agreement between Contractor and the County.

If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

23. ☐ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

24. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

25. ☐ **WARRANTY**. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after final completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

26. ■ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

27. ■ **PROTECTION OF WORK**.

A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due to Contractor.

B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

28. **SUBMITTALS AND SUBSTITUTIONS.** Any substitution of products/materials from specifications shall be approved in writing by the County in advance.

29. **CHANGES IN THE WORK.** The County shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon modification of the Purchase Order by the County, and the County shall not be liable to the Contractor for any increased compensation without such modification. No officer,

employee or agent of the County is authorized to direct any extra or changed work orally. Any modifications to this Agreement shall be in compliance with the County Procurement Ordinance and Procedures in effect at the time such modifications are authorized.

30. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

31. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

32. **DISPUTE RESOLUTION.** Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

33. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

34. ☐ ~~**KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.~~

■ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis,

and each person assigned shall be available for an amount of time adequate to meet required services.

35. ■ **ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation, the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.

☐ ~~**ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.~~

36. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

37. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years. All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@collier.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

38. ■ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

Exhibit A – Scope of Services

#25-8617 "Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities"

Category 2 Electrical has been awarded to Simmonds Electrical of Naples Inc. as the Primary Contractor.

The intent of this agreement is to award multiple Contractors to provide preventative maintenance, repair, replacement and on call urgent repair services for Collier County Aquatic Facilities that will help to minimize operational downtime and insure reliable operating conditions at each facility.

Services shall include, but not be limited to, the following categories:

1) Category 1: General Pool Repair including but not limited:
   a) Marcite and remarcite of pools
   b) Tile and retile of pool
   c) Main drain repair/replacement (Virginia Graeham Baker Act)
   d) Side drain repair/replacement
   e) Leak detection and repair
   f) Pool feature repair/replacement
   g) Ladder repair/replacement

2) Category 2: Electrical including but not limited:
   a) Pool lights and deck lights
   b) Variable Frequency Drive (VFD) repairs and replacement,
   c) Emergency stops
   d) General electrical repairs to pumps and motors

3) Category 3: Preventative Maintenance of Slides to include but not limited to the following:
   a) Wash interior of slide
   b) Repair all minor fiberglass repairs in ridepath (chips or gouges with sharp edges).
   c) Chemical wash entire interior
   d) Wax entire interior
   e) Check caulking in all joints
   f) Check slide for leaks
   g) Check structural beams and supports for corrosion and other signs of deterioration
   h) Repairs and replacement of slides

4) Category 4: Concrete including but not limited:
   a) deck repair
   b) coping repair
   c) concrete tank repair/replacement
   d) joint repair

Contractors may submit their bid to provide services in all or part of the categories listed above and shall indicate which specialties they are qualified to provide.

1. Service Locations

The repairs/replacements will be requested at Collier County's Aquatic Facilities located throughout the County. Locations are listed below and an inventory list per location can be found in Exhibit D Parks and Recreation Aquatics Inventory with number of pools and volume of Pools:

- North Collier Regional Park – Sun and Fun Lagoon
  15000 Livingston Road, Naples, FL 34109
- Golden Gate Community Park Aquatic Center
  3300 Santa Barbara Blvd., Naples, FL 34116
- Immokalee Sports Park Aquatic Center
  505 Escambia St., Immokalee, FL 34142

- Eagle Lakes Community Park Aquatic Center

11565 Tamiami Trail East, Naples, FL 34113
- Big Corkscrew Island Regional Park Aquatic Center
  810 39th Ave. NE, Naples, FL 34120
- Vineyard Community Park Splash Pad
  6231 Arbor Blvd. W., Naples, FL 34119
- Freedom Park Fountain
  1515 Golden Gate Pkwy., Naples, FL 3410
- North Collier Regional Park – Fountain Pond
  15000 Livingston Road, Naples, FL 34109
- Big Corkscrew Island Regional Park Fountain Pond
  810 39th Ave. NE, Naples, FL 34120

The County retains the right to add or delete any facilities from service provided under the agreement as described herein, any changes will be made in accordance with Collier County's Procurement Ordinance.

2. Preventative Maintenance, Repair, and Replacement

Preventive maintenance consists of scheduled, routine, and proactive services performed to maintain pool systems and amenities in safe, operable condition and to prevent equipment failure, service interruption, or deterioration.

Preventive maintenance is planned work and does not include emergency services, major repairs, or replacements unless otherwise authorized by the County.

Repair services consist of corrective work required to restore pool systems or amenities to proper operating condition following equipment failure, malfunction, or damage.

Replacement services consist of removing and installing new equipment or components that are no longer serviceable, obsolete, or beyond economical repair.

Contractors shall be responsible for performing services within the category or categories for which they are awarded. Work performed shall comply with the requirements, pricing, and limitations established for the awarded category. No contractor shall perform work outside of its awarded category unless expressly authorized in writing by the County.

If preventive maintenance, repair, or replacement services require specialty work (including, but not limited to, electrical systems, water slides, or other specialized amenities) that fall under a different awarded category, the County shall issue a separate work authorization to the contractor awarded for that specific category

Preventative maintenance and repair services will be carried out as needed at each of the locations. Following each service, a written report must be provided detailing the results, services completed, and making specific recommendations for future remedial action upgrades, etc. The report will include but not be limited to a detailed account of services provided, the date of service, and an attestation signed by the Contractor.

Maintenance shall be invoiced as a unit price in accordance with the agreement's fee schedule, inclusive of all labor, tools, material, parts and equipment necessary for completion of the work.

The County may schedule maintenance as required. Remedial maintenance and/or repair/replacement services shall be provided and billed per hourly rates and applicable mark-ups in accordance with the fee schedule.

3. Scheduled and Unscheduled Services

Scheduled Services: Scheduled maintenance and repair services will be conducted during normal business hours.

To arrange for an appointment to perform service at a County facility, the Contractor shall contact the County designee a minimum of twenty-four (24) hours in advance of the work. For scheduled maintenance and repair services, the Contractor must be on-site, and repairs must begin within seven (7) days of the purchase order issued for all areas, unless the County approves a different amount of time for response.

Urgent Services: When immediate repairs are needed, staff will notify the contractor via e-mail or phone call.

The Contractor is required to respond to these urgent calls for assistance within four (4) hours from the time of initial

contact and be on-site within eight (8) hours of the County issuing the urgent request. On-call 24-hour availability is mandatory to ensure that urgent work is completed. The Contractor must provide a minimum of two (2) 24/7 urgent contact phone numbers to the County departments using the resultant contract; this on-call list is both for routine and after-hours services. Failure to provide coverage may result in termination of the contract.

If a Contractor fails to respond to an urgent call within eight (8) hours, the secondary contractor will be contacted, and if necessary, the tertiary contractor will be contacted.

If repairs cannot be completed within twenty-four (24) hours from the County's initial request, then temporary system options must be provided and approved by the County. The approved temporary system will be provided by the Contractor and billed according to Bid Schedule rates and applicable mark-ups. If the Contractor is unable to complete the repair or replacement of the pump within 72 hours of notification, they must provide a written justification.

Definition of Urgent Service: Urgent services refers to any unscheduled work that requires immediate repair to safeguard the health, safety, and well-being of the County's staff and/or the public.

Urgent service in the context of pool pump maintenance, repair, and examples may include but not limited to:

Urgent Repairs: Immediate response to critical failures or breakdowns that render the pool pump inoperable.
Examples: Motor failure, major leaks, electrical malfunctions.

- Safety Concerns: Issues posing a safety risk to users or property.
  Examples: Faulty wiring exposed electrical components, or leaks near electrical connections.
- Risk of Further Damage: Situations where delaying repairs could result in more extensive damage or costly repairs.
  Examples: Addressing minor leaks before they cause pump damage, fixing small issues to prevent larger system failures.
- Operational Impact: Work that directly affects the pool's normal operation and functionality.
  Examples: Addressing pump noise and optimizing pump performance for peak usage times.
- Regulatory Compliance: Tasks required for compliance with health and safety regulations.
  Examples: Addressing equipment code requirements and health and safety regulations issues identified during inspections.
- Seasonal or Event-Related Urgency: Repairs are needed before or during peak usage periods, special events, or seasons.
  Examples: Fixing issues before a busy holiday weekend, ensuring the pump is ready for the start of the swimming season.

Scheduled and Urgent services will be billed in accordance with the fee schedule hourly rates and applicable mark-ups. A one-time urgent service fee is allowed when responding to an urgent request, in addition to hourly rates.

4. Work Hours

Normal Business hours are Monday through Friday from 7:00 AM to 6:00 PM, excluding County observed Holidays. After-hours are considered before 7:00 AM and after 6:00 PM on weekdays and at any time on Saturday, Sunday, or County Observed Holidays. After-hours rate may be calculated at 1.5x the hourly rate in accordance with the fee schedule. If a requested service starts during normal business hours and extends into the after-hours period, the after-hours rate shall only be charged for time worked during the after-hours period.

5. Contractor's Responsibilities

The Contractor(s) shall use a qualified professional (with all related licenses and certifications being current) with experience and ability for all repairs. Each Contractor shall ensure that all its personnel assigned to tasks under the resultant contract are properly trained and equipped. The personnel shall be fully equipped with parts and materials to complete routine repair work without delay.

Contractor(s) shall provide copies of the following license(s) AND/OR certifications, which must maintain current during the course of the awarded agreement.

REQUIRED LICENCES AND CERTIFICATIONS:
Category 1 - Pool Contractor License OR General Contractor License

Category 2 - Electrical Contractor License
Category 3 - Company shall have personnel that carry a **Certified Composite Technicians certification (CCT)** through American Composites Manufacturers Association (ACMA) and Company inspectors shall be **Amusement Industry Manufacturers and Suppliers (AIMS) level 1** associate ride inspectors
Category 4 - General Contractor License

The Contractor(s) shall furnish all necessary materials, equipment, tools, transportation, skills, and incidentals required for maintenance services, repairs, and miscellaneous services. The Contractor(s) shall comply with all OSHA safety standards, rules, and regulations, as well as all applicable Federal, State, and Local laws, ordinances, rules, and regulations. The Contractor will supply all required safety equipment and properly trained employees. Any fines levied due to inadequacies or failure to comply with any requirements will be the sole responsibility of the contractor(s).

The Contractors may be asked to perform work onsite through in-field services or at a local shop. The awarded Contractors shall provide labor and parts warranties upon completion of work. The Contractor shall be or have access to a certified service local repair station and warranty station for their products.

The Contractor shall under no circumstances remove any equipment containing a County asset sticker. The Contractor shall request that when replacing equipment, the asset sticker be removed by a County staff member.

6. Warranty

The Contractor(s) must guarantee that all materials and equipment are brand new and free from defects, warranted for their merchantability, and meet the performance scope of work of the original material. The warranty period should be a minimum of one year from the date of installation. In the event that a portion, or all of an order, is found to be defective, the Contractor shall immediately replace the parts at no cost to the County.

7. Billing and Invoicing:

- No fees shall be charged to the County for any call-backs or work that could not be performed.
- Invoices shall contain details of the services performed and the materials used (if applicable). A Collier County Purchase Order Number must appear on each invoice
- Contractors may only charge hourly rates for hours worked at the job site. Hourly rates shall be per the Bid/Fee Schedule and shall be all inclusive of labor, administrative hours, overhead, travel related expenses, insurance, required reporting, and equipment use (excluding rental equipment).
- The Contractor shall provide a detailed breakdown of the labor time spent by their employees. This should include the number of hours worked at the established hourly rates and classifications, the cost of all supplies, parts, rental equipment and materials used.
- Materials, parts and rental equipment will be allowed a maximum of 10% mark-up, and the use of subcontractors will be allowed a maximum of 15% mark-up. Mark-ups will not be allowed on sales tax, fees, use, and other similar taxes.
- Backup documentation and receipts/invoices for any supply, material, parts, rental equipment and other reimbursables are required at invoicing. Additionally, quotes for any supply, material, parts, and rental equipment will be required at the time of quoting.
- Freight and shipping charges will not be allowed as separate lines and shall be incorporated into the proposed price.

8. Unit Price Invoicing for Maintenance:

Invoices shall include:

- The Contractor is required to provide the location(s) completed along with unit price, which should include all expenses for materials and labor to complete the work.
- A maintenance report must be submitted for each location identifying the work performed, itemizing any deficiencies found, and any recommended actions beyond the maintenance schedule. The report shall be submitted with invoicing.

9. Work Performance:

The County shall be the final authority on any issues that may arise as to the quality and acceptability of any work performed under the resultant contract.

10. Repairs:

Repairs or findings from maintenance inspection shall be discussed and authorized in writing by Parks and Recreation Division Director, Project Manager, or designee before commencement.

11. Price Increase:

11.1 Any requested fee adjustment shall be fully documented and submitted to the County Representative no less than thirty (30) days prior to the Contract anniversary date. Any approved fee adjustments shall become effective as of the anniversary date or upon Board approval.

11.2 The Procurement Director or designee has the authority to approve price adjustments in accordance with the Procurement Ordinance, as amended. Price increase requests are not guaranteed. If approved, the Contractor will be notified in writing with the effective date of any approved price increases.

11.3 The County may, after examination, refuse to accept the adjusted rates if they are not properly documented, or considered to be excessive, or if decreases are considered to be insufficient. In the event the County does not wish to accept the adjusted rates, and the matter cannot be resolved to the satisfaction of the County, a contract termination will be processed

Affidavit Regarding Labor and Services

following this page

AFFIDAVIT REGARDING LABOR AND SERVICES AND CONTRACTING WITH ENTITIES OF FOREIGN COUNTRIES OF CONCERN PROHIBITED

Effective July 1, 2024, pursuant to § 787.06(13), Florida Statutes, when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services.

Effective January 1, 2024, a governmental entity may not accept a bid on, a proposal for, or a reply to, or enter into, a contract with an entity which would grant the entity access to an individual's personal identifying information unless the entity provides the government with an affidavit signed by an officer or representative under penalty of perjury attesting that the entity does not meet any of the following criteria: (a) the entity is owned by the government of a foreign country of concern; (b) the government of a foreign country of concern has a controlling interest in the entity; or (c) the entity is organized under the laws of or has its principal place of business in a foreign country of concern.

Effective July 1, 2025, when an entity extends or renews a contract with a governmental entity which would grant the entity access to an individual's personal identifying information, the entity must provide the governmental entity with an affidavit signed by an officer or representative of the entity under penalty of perjury attesting that the entity does not meet any of the criteria in paragraphs (2)(a)-(c), § 287.138, Florida Statutes.

Nongovernmental Entity's Name:	Simmonds Electrical of Naples, Inc.
Address:	8941 Quality Rd, Bonita Springs, FL 34135
Phone Number:	239-643-2770
Authorized Representative's Name:	Noe Alvarado
Authorized Representative's Title:	President
Email Address:	cindy@simmondselectricalofnaples.com

I, Noe Alvarado (Name of Authorized Representative), as authorized representative attest under penalty of perjury that Simmonds Electrical of Naples, Inc. (Name of Nongovernmental Entity) does not: (1) use coercion for labor or services as defined in § 787.06, Florida Statutes, and (2) the nongovernmental entity is not (a) owned by a government of a foreign country of concern, (b) that a foreign country of concern does not have a controlling interest in the entity, and (c) that the entity is not organized under the laws of or has its principal place of business in a foreign country of concern, all as prohibited under § 287.138, Florida Statutes.

Under penalty of perjury, I declare that I have read the foregoing Affidavit and that the facts stated in it are true.

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

    ~~F. ☐ _____: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ : Coverage shall have minimum limits of $ _____ per claim/Occurrence.

~~H.~~ ☐ _____ : Coverage shall have minimum limits of $ _____ per claim/Occurrence.

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

Collier County

Procurement Services Division

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and the bid/proposal submittal is in every respect fair and made in good faith, without collusion or fraud and in compliance with the Procurement Ordinance, Section Seven, Ethical Standards.

The vendor certifies to the best of their knowledge or belief, no elected/appointed official or employee of Collier County, a spouse thereof or other person residing in the same household, is financially interested, directly or indirectly, in providing the goods or services specified in any submitted bid or proposal. A financial interest is defined as ownership of more than one percent (1%) of the total assets or capital stock or being an officer, director, manager, partner, proprietor, or agent of the business submitting the bid or proposal or of any subcontractor or supplier thereof providing goods or services in excess of one percent (1%) of the total bid or proposal amount. Additionally, the vendor, on company letterhead, must divulge at the time of the submittal of a bid or proposal, any relative, other than those already specified, of an elected or appointed official or employee of the County who has a financial interest, in providing the goods or services specified in the bid or proposal. The County, at its sole discretion, will determine whether a conflict exists and whether to accept or reject the bid or proposal.

The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed in this solicitation. The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services and a subcontractor is a related entity to the Vendor, then the Vendor shall not mark-up the subcontractor's fees. A related entity shall be defined as any parent or subsidiary of the company and any business, corporation, partnership, limited liability company or other entity in which the company or a parent or a subsidiary of the company holds any ownership interest, directly or indirectly.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Collier County

Procurement Services Division

Form 2: Conflict of Interest Certification

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest and is in compliance with the Procurement Ordinance, Section Seven, Ethical Standards, that states:

> "A consultant who participates in the drafting of a solicitation or scope or who develops a program for future implementation that gives rise to an actual conflict so as to unfairly benefit that consultant to the disadvantage of any other future firms that could competitively seek a County contract related to such program or project upon which the solicitation or scope is based, and which conflict is not otherwise curable, is not eligible to contract with the County for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a vendor who responds to a request for information from being eligible to contract with the County."

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition, the contractor / vendor must provide the following, if applicable:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having a conflict of interest identified in one or more of the above three categories may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Company Name: Simmonds Electrical of Naples, Inc.

Date: 4/6/26

Signature: _____ Title: President

Collier County

Procurement Services Division

Form 3: Immigration Certification

Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid.* **Failure to do so will result in the vendor's submission being deemed non-responsive.**

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Procurement Services Division

Form 4: Local Vendor Preference Certification

(Check Appropriate Boxes Below)

State of Florida (Select County if Vendor is described as a Local Business)

- ☐ **Collier County**
- ☒ **Lee County**

Vendor affirms that it is a local business as defined by Section Sixteen of the Collier County Procurement Ordinance:

- A physical business address in Collier County with a County business address as listed with the Florida Department of State, Division of Corporations located within the limits of Collier County from which the vendor's staff operates and performs business in an area zoned for the conduct of such business. A post office box or a facility that receives mail, or a non-permanent structure such as a construction trailer, storage shed, or other non-permanent structure shall not be used to establish the physical address. In addition to the foregoing, a vendor shall not be considered a "local business" unless it contributes to the economic development and well-being of Collier County in a verifiable and measurable way. This may include, but not be limited to, the retention and expansion of employment opportunities, support and increase to the County's tax base, and residency of employees and principals of the business within Collier County. Vendors shall affirm in writing their compliance with the foregoing at the time of submitting their bid or proposal to be eligible for consideration as a "local business" under this section. A vendor who misrepresents the Local Preference status of its firm in a proposal or bid submitted to the County will lose the privilege to claim Local Preference status for a period of up to one year; and

- A current local Business Tax Receipt (also known as an Occupational License) issued by the Collier County Tax Collector prior to bid or proposal submission.

If requested by the County, Vendor will be required to provide documentation substantiating the information given in this certification. **Failure to do so will result in the vendor's submission being deemed non-responsive.**

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Telephone: 239-252-7190

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: Tamaiami Wellfield 32 New FPL Service

Completion Date: 02/26/2026

Project Budget: $63,103.96

Project Number of Days: 17

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	10
2	Ability to maintain project schedule (complete on-time or early).	9
3	Quality of work.	10
4	Quality of consultative advice provided on the project.	10
5	Professionalism and ability to manage personnel.	10
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	10
7	Ability to verbally communicate and document information clearly and succinctly.	10
8	Abiltity to manage risks and unexpected project circumstances.	10
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	10
10	Overall comfort level with hiring the company in the future (customer satisfaction).	10

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

SIMMONDS ELECTRICAL OF NAPLES, INC.

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☑ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

8941 QUALITY ROAD

6 City, state, and ZIP code

BONITA SPRINGS, FL 34135

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–		–				

or

Employer identification number

3	7	–	1	6	5	4	9	0	7

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person** Cindy Simmons **Date** 02/16/2026

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

for

Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities

THIS AGREEMENT, made and entered into on this _____ day of _____ 20 26 , by and between Standguard Aquatics Inc , authorized to do business in the State of Florida, whose business address is 5665 Atlanta Highway Suite 103-168, Alpharetta, GA 30004 , (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing ■ upon the date of Board approval; ~~or~~ ☐ ~~on~~ _____ and terminating on three (3) year(s) from that date or until all outstanding Purchase Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for two (2) additional one (1) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The Procurement Director, or the Procurement Director's designee, may extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The Procurement Director, or designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES**. The Contractor shall commence the work upon issuance of a ■ Purchase Order ☐ ~~Notice to Proceed.~~

3. **STATEMENT OF WORK**. The Contractor shall provide services in accordance with the terms and conditions of ☐ ~~Request for Proposal (RFP)~~ ■ Invitation to Bid (ITB) ☐ ~~Other~~ _____ (_____) # 25-8617 , including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

   ■ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

   3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties,

in compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

3.2 ■ The procedure for obtaining Work under this Agreement is outlined in **Exhibit A – Scope of Services** attached hereto.

~~3.3 ☐ The procedure for obtaining Work under this Agreement is outlined in ☐ Other Exhibit/Attachment: _____.~~

~~3.4 ☐ The County reserves the right to specify in each Request for Quotations: the period of completion; collection of liquidated damages in the event of late completion; and the Price Methodology selected in 4.1.~~

4. **THE AGREEMENT SUM**. The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

4.1 **Price Methodology (as selected below):**

☐ ~~**Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.~~

■ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

■ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

4.5 ☐ ~~(check if applicable)~~ ~~**Travel and Reimbursable Expenses:**~~ ~~Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

~~Reimbursements shall be at the following rates:~~

~~Mileage~~	~~$0.44.5 per mile~~
~~Breakfast~~	~~$6.00~~
~~Lunch~~	~~$11.00~~
~~Dinner~~	~~$19.00~~
~~Airfare~~	~~Actual ticket cost limited to tourist or coach class fare~~
~~Rental car~~	~~Actual rental cost limited to compact or standard size vehicles~~
~~Lodging~~	~~Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night~~
~~Parking~~	~~Actual cost of parking~~
~~Taxi or Airport Limousine~~	~~Actual cost of either taxi or airport limousine~~

~~Reimbursable items other than travel expenses shall be limited to the following: telephone long distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.~~

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name: Standguard Aquatics Inc
Address: 5665 Atlanta Highway Suite 103-168
Alpharetta, GA 30004

Authorized Agent:	Matt Satterly
Attention Name & Title:	Matt Satterly
Telephone:	305-819-4222
E-Mail(s):	matt@standguardaquatics.com

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Director:	James Hanrahan
Division Name:	Parks and Recreation
Address:	15000 Livingston Road
	Naples, FL 34109

Administrative Agent/PM:	Dayne Atkinson
Telephone:	239-252-5337
E-Mail(s):	Dayne.Atkinson@collier.gov

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

   Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation,

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $ _____ per claim.~~

    ~~F. ☐ _____ : Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~H.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the Parks and Recreation.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ■ Exhibit A Scope of Services, Exhibit B Fee Schedule, Exhibit C Affidavit Regarding Labor and Services, ☐ ~~RFP~~/ ■ ITB/ ☐ ~~Other~~ _____ #25-8617, including Exhibits, Attachments and Addenda/Addendum, ☐ ~~subsequent quotes~~, and ■ Other Exhibit/Attachment: Exhibit D Parks and Recreation Aquatics Inventory.

17. **APPLICABILITY.** Sections corresponding to any checked box (■) expressly apply to the terms of this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statutes, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division 3299
Tamiami Trail East, Suite 801
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@collier.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records.

All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. **PAYMENTS WITHHELD**. The County may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, subsequently discovered evidence or subsequent inspections. The County may nullify the whole or any part of any approval for payment previously issued and the County may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between the County and Contractor, to such extent as may be necessary in the County's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims or reasonable evidence indicating the probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents.

If any conditions described above are not remedied or removed, the County may, after three (3) days written notice, rectify the same at Contractor's expense. The County also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to the County, whether relating to or arising out of this Agreement or any other Agreement between Contractor and the County.

If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

23. ☐ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

24. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

25. ☐ **WARRANTY**. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after final completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

26. ■ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

27. ■ **PROTECTION OF WORK**.

A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due to Contractor.

B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

28. **SUBMITTALS AND SUBSTITUTIONS.** Any substitution of products/materials from specifications shall be approved in writing by the County in advance.

29. **CHANGES IN THE WORK.** The County shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon modification of the Purchase Order by the County, and the County shall not be liable to the Contractor for any increased compensation without such modification. No officer,

employee or agent of the County is authorized to direct any extra or changed work orally. Any modifications to this Agreement shall be in compliance with the County Procurement Ordinance and Procedures in effect at the time such modifications are authorized.

30. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

31. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

32. **DISPUTE RESOLUTION.** Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.
33. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

34. ☐ ~~**KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.~~

■ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis,

and each person assigned shall be available for an amount of time adequate to meet required services.

35. ■ **ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation, the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.

☐ ~~**ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.~~

36. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

37. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years. All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@collier.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

38. ■ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

(Intentionally left blank -signature page to follow)

IN WITNESS WHEREOF, the parties hereto, by an authorized person or agent, have executed this Agreement on the date and year first written above.

Exhibit A – Scope of Services

#25-8617 "Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities"

Category 1 General Pool Repair has been awarded to Standguard Aquatics Inc as the Tertiary Contractor and Category 3 Preventative Maintenance of Slides as Primary. If the Primary Contractor fails to respond to an urgent call within eight (8) hours, the Secondary Contractor will be contacted, and if necessary, the Tertiary Contractor will be contacted, as applicable.

The intent of this agreement is to award multiple Contractors to provide preventative maintenance, repair, replacement and on call urgent repair services for Collier County Aquatic Facilities that will help to minimize operational downtime and insure reliable operating conditions at each facility.

Services shall include, but not be limited to, the following categories:

1) Category 1: General Pool Repair including but not limited:
   a) Marcite and remarcite of pools
   b) Tile and retile of pool
   c) Main drain repair/replacement (Virginia Graeham Baker Act)
   d) Side drain repair/replacement
   e) Leak detection and repair
   f) Pool feature repair/replacement
   g) Ladder repair/replacement

2) Category 2: Electrical including but not limited:
   a) Pool lights and deck lights
   b) Variable Frequency Drive (VFD) repairs and replacement,
   c) Emergency stops
   d) General electrical repairs to pumps and motors

3) Category 3: Preventative Maintenance of Slides to include but not limited to the following:
   a) Wash interior of slide
   b) Repair all minor fiberglass repairs in ridepath (chips or gouges with sharp edges).
   c) Chemical wash entire interior
   d) Wax entire interior
   e) Check caulking in all joints
   f) Check slide for leaks
   g) Check structural beams and supports for corrosion and other signs of deterioration
   h) Repairs and replacement of slides

4) Category 4: Concrete including but not limited:
   a) deck repair
   b) coping repair
   c) concrete tank repair/replacement
   d) joint repair

Contractors may submit their bid to provide services in all or part of the categories listed above and shall indicate which specialties they are qualified to provide.

1. Service Locations

The repairs/replacements will be requested at Collier County's Aquatic Facilities located throughout the County. Locations are listed below and an inventory list per location can be found in Exhibit D Parks and Recreation Aquatics Inventory with number of pools and volume of Pools:

- North Collier Regional Park – Sun and Fun Lagoon
  15000 Livingston Road, Naples, FL 34109
- Golden Gate Community Park Aquatic Center
  3300 Santa Barbara Blvd., Naples, FL 34116
- Immokalee Sports Park Aquatic Center

505 Escambia St., Immokalee, FL 34142

- Eagle Lakes Community Park Aquatic Center
  11565 Tamiami Trail East, Naples, FL 34113
- Big Corkscrew Island Regional Park Aquatic Center
  810 39th Ave. NE, Naples, FL 34120
- Vineyard Community Park Splash Pad
  6231 Arbor Blvd. W., Naples, FL 34119
- Freedom Park Fountain
  1515 Golden Gate Pkwy., Naples, FL 3410
- North Collier Regional Park – Fountain Pond
  15000 Livingston Road, Naples, FL 34109
- Big Corkscrew Island Regional Park Fountain Pond
  810 39th Ave. NE, Naples, FL 34120

The County retains the right to add or delete any facilities from service provided under the agreement as described herein, any changes will be made in accordance with Collier County's Procurement Ordinance.

2. Preventative Maintenance, Repair, and Replacement

Preventive maintenance consists of scheduled, routine, and proactive services performed to maintain pool systems and amenities in safe, operable condition and to prevent equipment failure, service interruption, or deterioration.

Preventive maintenance is planned work and does not include emergency services, major repairs, or replacements unless otherwise authorized by the County.

Repair services consist of corrective work required to restore pool systems or amenities to proper operating condition following equipment failure, malfunction, or damage.

Replacement services consist of removing and installing new equipment or components that are no longer serviceable, obsolete, or beyond economical repair.

Contractors shall be responsible for performing services within the category or categories for which they are awarded. Work performed shall comply with the requirements, pricing, and limitations established for the awarded category. No contractor shall perform work outside of its awarded category unless expressly authorized in writing by the County.

If preventive maintenance, repair, or replacement services require specialty work (including, but not limited to, electrical systems, water slides, or other specialized amenities) that fall under a different awarded category, the County shall issue a separate work authorization to the contractor awarded for that specific category

Preventative maintenance and repair services will be carried out as needed at each of the locations. Following each service, a written report must be provided detailing the results, services completed, and making specific recommendations for future remedial action upgrades, etc. The report will include but not be limited to a detailed account of services provided, the date of service, and an attestation signed by the Contractor.

Maintenance shall be invoiced as a unit price in accordance with the agreement's fee schedule, inclusive of all labor, tools, material, parts and equipment necessary for completion of the work.

The County may schedule maintenance as required. Remedial maintenance and/or repair/replacement services shall be provided and billed per hourly rates and applicable mark-ups in accordance with the fee schedule.

3. Scheduled and Unscheduled Services

Scheduled Services: Scheduled maintenance and repair services will be conducted during normal business hours.

To arrange for an appointment to perform service at a County facility, the Contractor shall contact the County designee a minimum of twenty-four (24) hours in advance of the work. For scheduled maintenance and repair services, the Contractor must be on-site, and repairs must begin within seven (7) days of the purchase order issued for all areas, unless the County approves a different amount of time for response.

Urgent Services: When immediate repairs are needed, staff will notify the contractor via e-mail or phone call.

The Contractor is required to respond to these urgent calls for assistance within four (4) hours from the time of initial contact and be on-site within eight (8) hours of the County issuing the urgent request. On-call 24-hour availability is mandatory to ensure that urgent work is completed. The Contractor must provide a minimum of two (2) 24/7 urgent contact phone numbers to the County departments using the resultant contract; this on-call list is both for routine and after-hours services. Failure to provide coverage may result in termination of the contract.

If a Contractor fails to respond to an urgent call within eight (8) hours, the secondary contractor will be contacted, and if necessary, the tertiary contractor will be contacted.

If repairs cannot be completed within twenty-four (24) hours from the County's initial request, then temporary system options must be provided and approved by the County. The approved temporary system will be provided by the Contractor and billed according to Bid Schedule rates and applicable mark-ups. If the Contractor is unable to complete the repair or replacement of the pump within 72 hours of notification, they must provide a written justification.

Definition of Urgent Service: Urgent services refers to any unscheduled work that requires immediate repair to safeguard the health, safety, and well-being of the County's staff and/or the public.

Urgent service in the context of pool pump maintenance, repair, and examples may include but not limited to:

Urgent Repairs: Immediate response to critical failures or breakdowns that render the pool pump inoperable.
Examples: Motor failure, major leaks, electrical malfunctions.

- Safety Concerns: Issues posing a safety risk to users or property.
  Examples: Faulty wiring exposed electrical components, or leaks near electrical connections.
- Risk of Further Damage: Situations where delaying repairs could result in more extensive damage or costly repairs.
  Examples: Addressing minor leaks before they cause pump damage, fixing small issues to prevent larger system failures.
- Operational Impact: Work that directly affects the pool's normal operation and functionality.
  Examples: Addressing pump noise and optimizing pump performance for peak usage times.
- Regulatory Compliance: Tasks required for compliance with health and safety regulations.
  Examples: Addressing equipment code requirements and health and safety regulations issues identified during inspections.
- Seasonal or Event-Related Urgency: Repairs are needed before or during peak usage periods, special events, or seasons.
  Examples: Fixing issues before a busy holiday weekend, ensuring the pump is ready for the start of the swimming season.

Scheduled and Urgent services will be billed in accordance with the fee schedule hourly rates and applicable mark-ups. A one-time urgent service fee is allowed when responding to an urgent request, in addition to hourly rates.

4. Work Hours

Normal Business hours are Monday through Friday from 7:00 AM to 6:00 PM, excluding County observed Holidays. After-hours are considered before 7:00 AM and after 6:00 PM on weekdays and at any time on Saturday, Sunday, or County Observed Holidays. After-hours rate may be calculated at 1.5x the hourly rate in accordance with the fee schedule. If a requested service starts during normal business hours and extends into the after-hours period, the after-hours rate shall only be charged for time worked during the after-hours period.

5. Contractor's Responsibilities

The Contractor(s) shall use a qualified professional (with all related licenses and certifications being current) with experience and ability for all repairs. Each Contractor shall ensure that all its personnel assigned to tasks under the resultant contract are properly trained and equipped. The personnel shall be fully equipped with parts and materials to complete routine repair work without delay.

Contractor(s) shall provide copies of the following license(s) AND/OR certifications, which must maintain current during the course of the awarded agreement.

REQUIRED LICENCES AND CERTIFICATIONS:

Category 1 - Pool Contractor License OR General Contractor License
Category 2 - Electrical Contractor License
Category 3 - Company shall have personnel that carry a **Certified Composite Technicians certification (CCT)** through American Composites Manufacturers Association (ACMA) and Company inspectors shall be **Amusement Industry Manufacturers and Suppliers (AIMS) level 1** associate ride inspectors
Category 4 - General Contractor License

The Contractor(s) shall furnish all necessary materials, equipment, tools, transportation, skills, and incidentals required for maintenance services, repairs, and miscellaneous services. The Contractor(s) shall comply with all OSHA safety standards, rules, and regulations, as well as all applicable Federal, State, and Local laws, ordinances, rules, and regulations. The Contractor will supply all required safety equipment and properly trained employees. Any fines levied due to inadequacies or failure to comply with any requirements will be the sole responsibility of the contractor(s).

The Contractors may be asked to perform work onsite through in-field services or at a local shop. The awarded Contractors shall provide labor and parts warranties upon completion of work. The Contractor shall be or have access to a certified service local repair station and warranty station for their products.

The Contractor shall under no circumstances remove any equipment containing a County asset sticker. The Contractor shall request that when replacing equipment, the asset sticker be removed by a County staff member.

6. Warranty

The Contractor(s) must guarantee that all materials and equipment are brand new and free from defects, warranted for their merchantability, and meet the performance scope of work of the original material. The warranty period should be a minimum of one year from the date of installation. In the event that a portion, or all of an order, is found to be defective, the Contractor shall immediately replace the parts at no cost to the County.

7. Billing and Invoicing:

- No fees shall be charged to the County for any call-backs or work that could not be performed.
- Invoices shall contain details of the services performed and the materials used (if applicable). A Collier County Purchase Order Number must appear on each invoice
- Contractors may only charge hourly rates for hours worked at the job site. Hourly rates shall be per the Bid/Fee Schedule and shall be all inclusive of labor, administrative hours, overhead, travel related expenses, insurance, required reporting, and equipment use (excluding rental equipment).
- The Contractor shall provide a detailed breakdown of the labor time spent by their employees. This should include the number of hours worked at the established hourly rates and classifications, the cost of all supplies, parts, rental equipment and materials used.
- Materials, parts and rental equipment will be allowed a maximum of 10% mark-up, and the use of subcontractors will be allowed a maximum of 15% mark-up. Mark-ups will not be allowed on sales tax, fees, use, and other similar taxes.
- Backup documentation and receipts/invoices for any supply, material, parts, rental equipment and other reimbursables are required at invoicing. Additionally, quotes for any supply, material, parts, and rental equipment will be required at the time of quoting.
- Freight and shipping charges will not be allowed as separate lines and shall be incorporated into the proposed price.

8. Unit Price Invoicing for Maintenance:

Invoices shall include:

- The Contractor is required to provide the location(s) completed along with unit price, which should include all expenses for materials and labor to complete the work.
- A maintenance report must be submitted for each location identifying the work performed, itemizing any deficiencies found, and any recommended actions beyond the maintenance schedule. The report shall be submitted with invoicing.

9. Work Performance:

The County shall be the final authority on any issues that may arise as to the quality and acceptability of any work performed under the resultant contract.

10. Repairs:

Repairs or findings from maintenance inspection shall be discussed and authorized in writing by Parks and Recreation Division Director, Project Manager, or designee before commencement.

11. Price Increase:

11.1 Any requested fee adjustment shall be fully documented and submitted to the County Representative no less than thirty (30) days prior to the Contract anniversary date. Any approved fee adjustments shall become effective as of the anniversary date or upon Board approval.

11.2 The Procurement Director or designee has the authority to approve price adjustments in accordance with the Procurement Ordinance, as amended. Price increase requests are not guaranteed. If approved, the Contractor will be notified in writing with the effective date of any approved price increases.

11.3 The County may, after examination, refuse to accept the adjusted rates if they are not properly documented, or considered to be excessive, or if decreases are considered to be insufficient. In the event the County does not wish to accept the adjusted rates, and the matter cannot be resolved to the satisfaction of the County, a contract termination will be processed

Exhibit C

Affidavit Regarding Labor and Services

following this page

AFFIDAVIT REGARDING LABOR AND SERVICES AND CONTRACTING WITH ENTITIES OF FOREIGN COUNTRIES OF CONCERN PROHIBITED

Effective July 1, 2024, pursuant to § 787.06(13), Florida Statutes, when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services.

Effective January 1, 2024, a governmental entity may not accept a bid on, a proposal for, or a reply to, or enter into, a contract with an entity which would grant the entity access to an individual's personal identifying information unless the entity provides the government with an affidavit signed by an officer or representative under penalty of perjury attesting that the entity does not meet any of the following criteria: (a) the entity is owned by the government of a foreign country of concern; (b) the government of a foreign country of concern has a controlling interest in the entity; or (c) the entity is organized under the laws of or has its principal place of business in a foreign country of concern.

Effective July 1, 2025, when an entity extends or renews a contract with a governmental entity which would grant the entity access to an individual's personal identifying information, the entity must provide the governmental entity with an affidavit signed by an officer or representative of the entity under penalty of perjury attesting that the entity does not meet any of the criteria in paragraphs (2)(a)-(c), § 287.138, Florida Statutes.

Nongovernmental Entity's Name:	StandGuard Aquatics INC
Address:	5665 Atlanta Hwy. Ste. 103-168 Alpharetta GA 30004
Phone Number:	770-354-4240
Authorized Representative's Name:	Matt Satterly
Authorized Representative's Title:	President
Email Address:	matt@standguardaquatics.com

I, Matt Satterly (Name of Authorized Representative), as authorized representative attest under penalty of perjury that StandGuard Aquatics INC (Name of Nongovernmental Entity) does not: (1) use coercion for labor or services as defined in § 787.06, Florida Statutes, and (2) the nongovernmental entity is not (a) owned by a government of a foreign country of concern, (b) that a foreign country of concern does not have a controlling interest in the entity, and (c) that the entity is not organized under the laws of or has its principal place of business in a foreign country of concern, all as prohibited under § 287.138, Florida Statutes.

Under penalty of perjury, I declare that I have read the foregoing Affidavit and that the facts stated in it are true.

Matt Satterly

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $ _____ per claim.~~

    ~~F. ☐ _____ : Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ ~~: Coverage shall have minimum limits of $_____ per claim/Occurrence.~~

~~H.~~ ☐ _____ ~~: Coverage shall have minimum limits of $_____ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and the bid/proposal submittal is in every respect fair and made in good faith, without collusion or fraud and in compliance with the Procurement Ordinance, Section Seven, Ethical Standards.

The vendor certifies to the best of their knowledge or belief, no elected/appointed official or employee of Collier County, a spouse thereof or other person residing in the same household, is financially interested, directly or indirectly, in providing the goods or services specified in any submitted bid or proposal. A financial interest is defined as ownership of more than one percent (1%) of the total assets or capital stock or being an officer, director, manager, partner, proprietor, or agent of the business submitting the bid or proposal or of any subcontractor or supplier thereof providing goods or services in excess of one percent (1%) of the total bid or proposal amount. Additionally, the vendor, on company letterhead, must divulge at the time of the submittal of a bid or proposal, any relative, other than those already specified, of an elected or appointed official or employee of the County who has a financial interest, in providing the goods or services specified in the bid or proposal. The County, at its sole discretion, will determine whether a conflict exists and whether to accept or reject the bid or proposal.

The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed in this solicitation**.** The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services and a subcontractor is a related entity to the Vendor, then the Vendor shall not mark-up the subcontractor's fees. A related entity shall be defined as any parent or subsidiary of the company and any business, corporation, partnership, limited liability company or other entity in which the company or a parent or a subsidiary of the company holds any ownership interest, directly or indirectly.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Procurement Services Division

Form 2: Conflict of Interest Certification

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest and is in compliance with the Procurement Ordinance, Section Seven, Ethical Standards, that states:

> "A consultant who participates in the drafting of a solicitation or scope or who develops a program for future implementation that gives rise to an actual conflict so as to unfairly benefit that consultant to the disadvantage of any other future firms that could competitively seek a County contract related to such program or project upon which the solicitation or scope is based, and which conflict is not otherwise curable, is not eligible to contract with the County for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a vendor who responds to a request for information from being eligible to contract with the County."

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition, the contractor / vendor must provide the following, if applicable:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having a conflict of interest identified in one or more of the above three categories may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Company Name: StandGuard Aquatics INC

Form 3: Immigration Certification

Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid.* **Failure to do so will result in the vendor's submission being deemed non-responsive**.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

(Evaluator's Company completing reference)

Email: FAX: Telephone:

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: City of Atlanta pool Plastering

Completion Date: May of 2025

Project Budget: $ 1.3

Project Number of Days: 120

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	10
2	Ability to maintain project schedule (complete on-time or early).	10
3	Quality of work.	10
4	Quality of consultative advice provided on the project.	10
5	Professionalism and ability to manage personnel.	10
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	10
7	Ability to verbally communicate and document information clearly and succinctly.	10
8	Abiltity to manage risks and unexpected project circumstances.	10
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	10
10	Overall comfort level with hiring the company in the future (customer satisfaction).	10

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

StandGuard Aquatics INC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☑ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.

5665 Atlanta Highway, Suite 103-168

Requester's name and address (optional)

6 City, state, and ZIP code

Alpharetta GA 30004

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–		–				

or

Employer identification number

2	7	–	4	5	9	0	1	5	2

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

• Form 1099-INT (interest earned or paid).

• Form 1099-DIV (dividends, including those from stocks or mutual funds).

• Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).

• Form 1099-NEC (nonemployee compensation).

• Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).

• Form 1099-S (proceeds from real estate transactions).

• Form 1099-K (merchant card and third-party network transactions).

• Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).

• Form 1099-C (canceled debt).

• Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);

2. Certify that you are not subject to backup withholding; or

3. Claim exemption from backup withholding if you are a U.S. exempt payee; and

4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and

5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

• An individual who is a U.S. citizen or U.S. resident alien;

• A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;

• An estate (other than a foreign estate); or

• A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

• In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.

• In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.

• In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;

2. You do not certify your TIN when required (see the instructions for Part II for details);

3. The IRS tells the requester that you furnished an incorrect TIN;

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or

5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "*By signing the filled-out form*" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

• **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

• **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or "doing business as" (DBA) name on line 2.

• **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

• **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

• **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner's name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

IF the entity/individual on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation.
• Individual or • Sole proprietorship	Individual/sole proprietor.
• LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation	Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation.
• Partnership	Partnership.
• Trust/estate	Trust/estate.

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Line 4 Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

Exempt payee code.

• Generally, individuals (including sole proprietors) are not exempt from backup withholding.

• Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.

• Corporations are not exempt from backup withholding for payments made in settlement of payment card or third-party network transactions.

• Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space on line 4.

1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2).

2—The United States or any of its agencies or instrumentalities.

3—A state, the District of Columbia, a U.S. commonwealth or territory, or any of their political subdivisions or instrumentalities.

4—A foreign government or any of its political subdivisions, agencies, or instrumentalities.

5—A corporation.

6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or territory.

7—A futures commission merchant registered with the Commodity Futures Trading Commission.

8—A real estate investment trust.

9—An entity registered at all times during the tax year under the Investment Company Act of 1940.

10—A common trust fund operated by a bank under section 584(a).

11—A financial institution as defined under section 581.

12—A middleman known in the investment community as a nominee or custodian.

13—A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 13.

IF the payment is for . . .	THEN the payment is exempt for . . .
• Interest and dividend payments	All exempt payees except for 7.
• Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012.
• Barter exchange transactions and patronage dividends	Exempt payees 1 through 4.
• Payments over $600 required to be reported and direct sales over $5,000[1]	Generally, exempt payees 1 through 5.[2]
• Payments made in settlement of payment card or third-party network transactions	Exempt payees 1 through 4.

[1] See Form 1099-MISC, Miscellaneous Information, and its instructions.

[2] However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) entered on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37).

B—The United States or any of its agencies or instrumentalities.

C—A state, the District of Columbia, a U.S. commonwealth or territory, or any of their political subdivisions or instrumentalities.

D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i).

E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i).

F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state.

G—A real estate investment trust.

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940.

I—A common trust fund as defined in section 584(a).

J—A bank as defined in section 581.

K—A broker.

L—A trust exempt from tax under section 664 or described in section 4947(a)(1).

M—A tax-exempt trust under a section 403(b) plan or section 457(g) plan.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at *www.SSA.gov*. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/EIN*. Go to *www.irs.gov/Forms* to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to *www.irs.gov/OrderForms* to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account) other than an account maintained by an FFI	The actual owner of the account or, if combined funds, the first individual on the account[1]
3. Two or more U.S. persons (joint account maintained by an FFI)	Each holder of the account
4. Custodial account of a minor (Uniform Gift to Minors Act)	The minor[2]
5. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee[1]
b. So-called trust account that is not a legal or valid trust under state law	The actual owner[1]
6. Sole proprietorship or disregarded entity owned by an individual	The owner[3]
7. Grantor trust filing under Optional Filing Method 1 (see Regulations section 1.671-4(b)(2)(i)(A))**	The grantor*
8. Disregarded entity not owned by an individual	The owner
9. A valid trust, estate, or pension trust	Legal entity[4]
10. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
11. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
12. Partnership or multi-member LLC	The partnership
13. A broker or registered nominee	The broker or nominee
14. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
15. Grantor trust filing Form 1041 or under the Optional Filing Method 2, requiring Form 1099 (see Regulations section 1.671-4(b)(2)(i)(B))**	The trust

[1] List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

[2] Circle the minor's name and furnish the minor's SSN.

[3] You must show your individual name on line 1, and enter your business or DBA name, if any, on line 2. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

[4] List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.)

* **Note:** The grantor must also provide a Form W-9 to the trustee of the trust.

** For more information on optional filing methods for grantor trusts, see the Instructions for Form 1041.

Note: If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at *spam@uce.gov* or report them at *www.ftc.gov/complaint*. You can contact the FTC at *www.ftc.gov/idtheft* or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see *www.IdentityTheft.gov* and Pub. 5027.

Go to *www.irs.gov/IdentityTheft* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.

LIST OF SIMILAR PROJECTS COMPLETED

Over the past 27 years, the full-time staff members of StandGuard Aquatics who will be assigned to this project have worked with many municipalities for construction and renovation services. To meet the requirements of the RFP, we are providing a list of recent projects that match the types of work and scope of this RFP. As you will see, our team has significant experience with these types of repairs. All of these projects were managed by Matt Satterly and assisted by Bryan Dalton and Luis Osorio. Below are a list of jobs completed in the past 12 months that mirror the work being requested in the RPP:

- **City of Atlanta** – Numerous Projects. Valued over $1.5 million.
  - Arthur Culbreath
    Projects Manager
    City of Atlanta
    404-859-1560
    abculbreath@atlantaga.gov

- **Village of Islamorada** – Renovations. Project is $2.3 million.
  - Maria Bagiotti
    Director of Founders Park
    305-481-3479
    Maria.bagiotti@islamorada.fl.us

- **Monroe County FL**– Multiple Projects and Preventative Maintenance Work.
  - John Allen
    Director of Parks and Recreation
    305-304-6711
    Allen-john@monroecountyfl.gov

(Evaluator's Company completing reference)

Email: tkramsey@dekalbcountyga.gov FAX: Telephone: 404371-6273

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: Aquatics Maintenance & Lifeguard Services

Completion Date: December 31, 2028

Project Budget: 1,234,140.80

Project Number of Days: 3 years

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	8
2	Ability to maintain project schedule (complete on-time or early).	8
3	Quality of work.	9
4	Quality of consultative advice provided on the project.	8
5	Professionalism and ability to manage personnel.	8
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	7
7	Ability to verbally communicate and document information clearly and succinctly.	9
8	Abiltity to manage risks and unexpected project circumstances.	8
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	9
10	Overall comfort level with hiring the company in the future (customer satisfaction).	8

MULTI-CONTRACTOR AWARD AGREEMENT

#25-8617

for

Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities

THIS AGREEMENT, made and entered into on this _____ day of _____ 20 26 , by and between Valiente Builders LLC , authorized to do business in the State of Florida, whose business address is 15275 Collier Blvd. 201-273, Naples, FL 34119 , (the "Contractor") and Collier County, a political subdivision of the State of Florida, (the "County"):

WITNESSETH:

1. **AGREEMENT TERM.** The Agreement shall be for a three (3) year period, commencing ☒ upon the date of Board approval; ~~or~~ ☐ ~~on~~ _____ and terminating on three (3) year(s) from that date or until all outstanding Purchase Order(s) issued prior to the expiration of the Agreement period have been completed or terminated.

   The County may, at its discretion and with the consent of the Contractor, renew the Agreement under all of the terms and conditions contained in this Agreement for two (2) additional one (1) year(s) periods. The County shall give the Contractor written notice of the County's intention to renew the Agreement term prior to the end of the Agreement term then in effect.

   The Procurement Director, or the Procurement Director's designee, may extend the Agreement under all of the terms and conditions contained in this Agreement for up to one hundred and eighty (180) days. The Procurement Director, or designee, shall give the Contractor written notice of the County's intention to extend the Agreement term prior to the end of the Agreement term then in effect.

2. **COMMENCEMENT OF SERVICES**. The Contractor shall commence the work upon issuance of a ☒ Purchase Order ☐ ~~Notice to Proceed.~~

3. **STATEMENT OF WORK**. The Contractor shall provide services in accordance with the terms and conditions of ☐ ~~Request for Proposal (RFP)~~ ☒ Invitation to Bid (ITB) ☐ ~~Other~~ _____ (_____) # 25-8617 , including all Attachment(s), Exhibit(s) and Addenda and the Contractor's proposal referred to herein and made an integral part of this Agreement.

   ☒ The Contractor shall also provide services in accordance with **Exhibit A – Scope of Services** attached hereto.

   3.1 This Agreement contains the entire understanding between the parties and any modifications to this Agreement shall be mutually agreed upon in writing by the Parties,

in compliance with the County's Procurement Ordinance, as amended, and Procurement Procedures in effect at the time such services are authorized.

3.2 ■ The procedure for obtaining Work under this Agreement is outlined in **Exhibit A – Scope of Services** attached hereto.

~~3.3 ☐ The procedure for obtaining Work under this Agreement is outlined in ☐ Other Exhibit/Attachment: _____.~~

~~3.4 ☐ The County reserves the right to specify in each Request for Quotations: the period of completion; collection of liquidated damages in the event of late completion; and the Price Methodology selected in 4.1.~~

4. **THE AGREEMENT SUM**. The County shall pay the Contractor for the performance of this Agreement based on **Exhibit B- Fee Schedule**, attached hereto and the price methodology as defined in Section 4.1. Payment will be made upon receipt of a proper invoice and upon approval by the County's Contract Administrative Agent/Project Manager, and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act".

4.1 **Price Methodology (as selected below):**

☐ ~~**Lump Sum** (Fixed Price): A firm fixed total price offering for a project; the risks are transferred from the County to the contractor; and, as a business practice there are no hourly or material invoices presented, rather, the contractor must perform to the satisfaction of the County's project manager before payment for the fixed price contract is authorized.~~

■ **Time and Materials**: The County agrees to pay the contractor for the amount of labor time spent by the contractor's employees and subcontractors to perform the work (number of hours times hourly rate), and for materials and equipment used in the project (cost of materials plus the contractor's markup). This methodology is generally used in projects in which it is not possible to accurately estimate the size of the project, or when it is expected that the project requirements would most likely change. As a general business practice, these contracts include back-up documentation of costs; invoices would include number of hours worked and billing rate by position (and company (or subcontractor) timekeeping or payroll records), material or equipment invoices, and other reimbursable documentation for the project.

■ **Unit Price**: The County agrees to pay a firm total fixed price (inclusive of all costs, including labor, materials, equipment, overhead, etc.) for a repetitive product or service delivered (i.e. installation price per ton, delivery price per package or carton, etc.). The invoice must identify the unit price and the number of units received (no contractor inventory or cost verification).

4.2 Any County agency may obtain services under this Agreement, provided sufficient funds are included in their budget(s).

4.3 Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of the Agreement. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this Agreement.

4.4 The County, or any duly authorized agents or representatives of the County, shall have the right to conduct an audit of Contractor's books and records to verify the accuracy of the Contractor's claim with respect to Contractor's costs associated with any Payment Application, Change Order, or Work Directive Change.

4.5 ☐ ~~(check if applicable) **Travel and Reimbursable Expenses:** Travel and Reimbursable Expenses must be approved in advance in writing by the County. Travel expenses shall be reimbursed as per Section 112.061 Fla. Stats.~~

~~Reimbursements shall be at the following rates:~~

~~Mileage~~	~~$0.44.5 per mile~~
~~Breakfast~~	~~$6.00~~
~~Lunch~~	~~$11.00~~
~~Dinner~~	~~$19.00~~
~~Airfare~~	~~Actual ticket cost limited to tourist or coach class fare~~
~~Rental car~~	~~Actual rental cost limited to compact or standard size vehicles~~
~~Lodging~~	~~Actual cost of lodging at single occupancy rate with a cap of no more than $150.00 per night~~
~~Parking~~	~~Actual cost of parking~~
~~Taxi or Airport Limousine~~	~~Actual cost of either taxi or airport limousine~~

~~Reimbursable items other than travel expenses shall be limited to the following: telephone long distance charges, fax charges, photocopying charges and postage. Reimbursable items will be paid only after Contractor has provided all receipts. Contractor shall be responsible for all other costs and expenses associated with activities and solicitations undertaken pursuant to this Agreement.~~

5. **SALES TAX.** Contractor shall pay all sales, consumer, use and other similar taxes associated with the Work or portions thereof, which are applicable during the performance of the Work. Collier County, Florida as a political subdivision of the State of Florida, is exempt from the payment of Florida sales tax to its vendors under Chapter 212, Florida Statutes, Certificate of Exemption # 85-8015966531C.

6. **NOTICES.** All notices from the County to the Contractor shall be deemed duly served if mailed or emailed to the Contractor at the following:

Company Name: Valiente Builders LLC
Address: 15275 Collier Blvd. 201-273
Naples, FL 34119

Authorized Agent:	Luis Valentin
Attention Name & Title:	Luis Valentin
Telephone:	239-300-3057
E-Mail(s):	valientebuildersllc@yahoo.com

All Notices from the Contractor to the County shall be deemed duly served if mailed or emailed to the County to:

Board of County Commissioners for Collier County, Florida

Division Director:	James Hanrahan
Division Name:	Parks and Recreation
Address:	15000 Livingston Road
	Naples, FL 34109

Administrative Agent/PM:	Dayne Atkinson
Telephone:	239-252-5337
E-Mail(s):	Dayne.Atkinson@collier.gov

The Contractor and the County may change the above mailing address at any time upon giving the other party written notification. All notices under this Agreement must be in writing.

7. **NO PARTNERSHIP**. Nothing herein contained shall create or be construed as creating a partnership between the County and the Contractor or to constitute the Contractor as an agent of the County.

8. **PERMITS: LICENSES: TAXES**. In compliance with Section 218.80, F.S., all permits necessary for the prosecution of the Work shall be obtained by the Contractor. The County will not be obligated to pay for any permits obtained by Subcontractors.

   Payment for all such permits issued by the County shall be processed internally by the County. All non-County permits necessary for the prosecution of the Work shall be procured and paid for by the Contractor. The Contractor shall also be solely responsible for payment of any and all taxes levied on the Contractor. In addition, the Contractor shall comply with all rules, regulations and laws of Collier County, the State of Florida, or the U. S. Government now in force or hereafter adopted. The Contractor agrees to comply with all laws governing the responsibility of an employer with respect to persons employed by the Contractor.

9. **NO IMPROPER USE.** The Contractor will not use, nor suffer or permit any person to use in any manner whatsoever, County facilities for any improper, immoral or offensive purpose, or for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Contractor or if the County or its authorized representative shall deem any conduct on the part of the Contractor to be objectionable or improper, the County shall have the right to suspend the Agreement of the Contractor. Should the Contractor fail to correct any such violation,

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

    ~~F. ☐ _____: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~H.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

14. **AGREEMENT ADMINISTRATION.** This Agreement shall be administered on behalf of the County by the Parks and Recreation.

15. **CONFLICT OF INTEREST.** Contractor represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of services required hereunder. Contractor further represents that no persons having any such interest shall be employed to perform those services.

16. **COMPONENT PARTS OF THIS AGREEMENT.** This Agreement consists of the following component parts, all of which are as fully a part of the Agreement as if herein set out verbatim: Contractor's Proposal, Insurance Certificate(s), ■ Exhibit A Scope of Services, Exhibit B Fee Schedule, Exhibit C Affidavit Regarding Labor and Services, ☐ ~~RFP~~/ ■ ITB/ ☐ ~~Other~~ _____ # 25-8617, including Exhibits, Attachments and Addenda/Addendum, ☐ ~~subsequent quotes~~, and ■ Other Exhibit/Attachment: Exhibit D Parks and Recreation Aquatics Inventory.

17. **APPLICABILITY.** Sections corresponding to any checked box (■) expressly apply to the terms of this Agreement.

18. **SUBJECT TO APPROPRIATION.** It is further understood and agreed by and between the parties herein that this Agreement is subject to appropriation by the Board of County Commissioners.

19. **PROHIBITION OF GIFTS TO COUNTY EMPLOYEES.** No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service or other item of value to any County employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311. Violation of this provision may result in one or more of the following consequences: a. Prohibition by the individual, firm, and/or any employee of the firm from contact with County staff for a specified period of time; b. Prohibition by the individual and/or firm from doing business with the County for a specified period of time, including but not limited to: submitting bids, RFP, and/or quotes; and, c. immediate termination of any Agreement held by the individual and/or firm for cause.

20. **COMPLIANCE WITH LAWS.** By executing and entering into this Agreement, the Contractor is formally acknowledging without exception or stipulation that it agrees to comply, at its own expense, with all federal, state and local laws, codes, statutes, ordinances, rules, regulations and requirements applicable to this Agreement, including but not limited to those dealing with the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the requirements set forth in Florida Statutes, §448.095; taxation, workers' compensation, equal employment and safety including, but not limited to, the Trench Safety Act, Chapter 553, Florida Statutes, and the Florida Public Records Law Chapter 119, if applicable, including specifically those contractual requirements at F.S. § 119.0701(2)(a)-(b) as stated as follows:

IT IS THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, IT SHOULD CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government and Public Affairs Division 3299
Tamiami Trail East, Suite 801
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email: PublicRecordRequest@collier.gov

The Contractor must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.
2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records.

All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

If Contractor observes that the Contract Documents are at variance therewith, it shall promptly notify the County in writing. Failure by the Contractor to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement immediately.

21. **OFFER EXTENDED TO OTHER GOVERNMENTAL ENTITIES.** Collier County encourages and agrees to the successful Contractor extending the pricing, terms and conditions of this solicitation or resultant Agreement to other governmental entities at the discretion of the successful Contractor.

22. **PAYMENTS WITHHELD**. The County may decline to approve any application for payment, or portions thereof, because of defective or incomplete work, subsequently discovered evidence or subsequent inspections. The County may nullify the whole or any part of any approval for payment previously issued and the County may withhold any payments otherwise due to Contractor under this Agreement or any other Agreement between the County and Contractor, to such extent as may be necessary in the County's opinion to protect it from loss because of: (a) defective Work not remedied; (b) third party claims or reasonable evidence indicating the probable filing of such claims; (c) failure of Contractor to make payment properly to subcontractors or for labor, materials or equipment; (d) reasonable doubt that the Work can be completed for the unpaid balance of the Contract Amount; (e) reasonable indication that the Work will not be completed within the Contract Time; (f) unsatisfactory prosecution of the Work by the Contractor; or (g) any other material breach of the Contract Documents.

If any conditions described above are not remedied or removed, the County may, after three (3) days written notice, rectify the same at Contractor's expense. The County also may offset against any sums due Contractor the amount of any liquidated or unliquidated obligations of Contractor to the County, whether relating to or arising out of this Agreement or any other Agreement between Contractor and the County.

If a subcontractor is a related entity to the Contractor, then the Contractor shall not mark-up the subcontractor's fees. A related entity shall be defined as any Parent or Subsidiary of the Company and any business, corporation, partnership, limited liability company or other entity in which the Company or a Parent or a Subsidiary of the Company holds any ownership interest, directly or indirectly.

23. ☐ **CLEAN UP**. Contractor agrees to keep the Project site clean at all times of debris, rubbish and waste materials arising out of the Work. At the completion of the Work, Contractor shall remove all debris, rubbish and waste materials from and about the Project site, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Project site clean.

24. **STANDARDS OF CONDUCT: PROJECT MANAGER, SUPERVISOR, EMPLOYEES.** The Contractor shall employ people to work on County projects who are neat, clean, well-groomed and courteous. Subject to the American with Disabilities Act, Contractor shall supply competent employees who are physically capable of performing their employment duties. The County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on Collier County projects is not in the best interest of the County.

25. ☐ **WARRANTY**. Contractor expressly warrants that the goods, materials and/or equipment covered by this Agreement will conform to the requirements as specified, and will be of satisfactory material and quality production, free from defects, and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance or claim of any third party. Any services provided under this Agreement shall be provided in accordance with generally accepted professional standards for the particular service. These warranties shall survive inspection, acceptance, passage of title and payment by the County.

Contractor further warrants to the County that all materials and equipment furnished under the Contract Documents shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturers, fabricators, suppliers or processors except as otherwise provided for in the Contract Documents.

If, within one (1) year after final completion, any Work is found to be defective or not in conformance with the Contract Documents, Contractor shall correct it promptly after receipt of written notice from the County. Contractor shall also be responsible for and pay for replacement or repair of adjacent materials or Work which may be damaged as a result of such replacement or repair. These warranties are in addition to those implied warranties to which the County is entitled as a matter of law.

26. ■ **TESTS AND INSPECTIONS**. If the Contract Documents or any codes, laws, ordinances, rules or regulations of any public authority having jurisdiction over the Project requires any portion of the Work to be specifically inspected, tested or approved, Contractor shall assume full responsibility therefore, pay all costs in connection therewith and furnish to the County the required certificates of inspection, testing or approval. All inspections, tests or approvals shall be performed in a manner and by organizations acceptable to the County.

27. ■ **PROTECTION OF WORK**.

A. Contractor shall fully protect the Work from loss or damage and shall bear the cost of any such loss or damage until final payment has been made. If Contractor or anyone for whom Contractor is legally liable is responsible for any loss or damage to the Work, or other work or materials of the County or County's separate contractors, Contractor shall be charged with the same, and any monies necessary to replace such loss or damage shall be deducted from any amounts due to Contractor.

B. Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

C. Contractor shall not disturb any benchmark established by the County with respect to the Project. If Contractor, or its subcontractors, agents or anyone, for whom Contractor is legally liable, disturbs the County's benchmarks, Contractor shall immediately notify the County. The County shall re-establish the benchmarks and Contractor shall be liable for all costs incurred by the County associated therewith.

28. **SUBMITTALS AND SUBSTITUTIONS**. Any substitution of products/materials from specifications shall be approved in writing by the County in advance.

29. **CHANGES IN THE WORK.** The County shall have the right at any time during the progress of the Work to increase or decrease the Work. Promptly after being notified of a change, Contractor shall submit an estimate of any cost or time increases or savings it foresees as a result of the change. Except in an emergency endangering life or property, or as expressly set forth herein, no addition or changes to the Work shall be made except upon modification of the Purchase Order by the County, and the County shall not be liable to the Contractor for any increased compensation without such modification. No officer,

employee or agent of the County is authorized to direct any extra or changed work orally. Any modifications to this Agreement shall be in compliance with the County Procurement Ordinance and Procedures in effect at the time such modifications are authorized.

30. **AGREEMENT TERMS.** If any portion of this Agreement is held to be void, invalid, or otherwise unenforceable, in whole or in part, the remaining portion of this Agreement shall remain in effect.

31. **ADDITIONAL ITEMS/SERVICES.** Additional items and/or services may be added to this Agreement in compliance with the Procurement Ordinance, as amended, and Procurement Procedures.

32. **DISPUTE RESOLUTION.** Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Contractor with full decision-making authority and by County's staff person who would make the presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat.

33. **VENUE.** Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

34. ☐ ~~**KEY PERSONNEL**. The Contractor's personnel and management to be utilized for this project shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete the services on a timely basis, and each person assigned shall be available for an amount of time adequate to meet the required service dates. The Contractor shall not change Key Personnel unless the following conditions are met: (1) Proposed replacements have substantially the same or better qualifications and/or experience. (2) that the County is notified in writing as far in advance as possible. The Contractor shall make commercially reasonable efforts to notify Collier County within seven (7) days of the change. The County retains final approval of proposed replacement personnel.~~

■ **AGREEMENT STAFFING.** The Contractor's personnel and management to be utilized for this Agreement shall be knowledgeable in their areas of expertise. The County reserves the right to perform investigations as may be deemed necessary to ensure that competent persons will be utilized in the performance of the Agreement. The Contractor shall assign as many people as necessary to complete required services on a timely basis,

and each person assigned shall be available for an amount of time adequate to meet required services.

35. ■ **ORDER OF PRECEDENCE.** In the event of any conflict between or among the terms of any of the Contract Documents, the terms of solicitation, the Contractor's Proposal, and/or the County's Board approved Executive Summary, the Contract Documents shall take precedence.

☐ ~~**ORDER OF PRECEDENCE (Grant Funded).** In the event of any conflict between or among the terms of any of the Contract Documents and/or the County's Board approved Executive Summary, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at County's discretion.~~

36. **ASSIGNMENT**. Contractor shall not assign this Agreement or any part thereof, without the prior consent in writing of the County. Any attempt to assign or otherwise transfer this Agreement, or any part herein, without the County's consent, shall be void. If Contractor does, with approval, assign this Agreement or any part thereof, it shall require that its assignee be bound to it and to assume toward Contractor all of the obligations and responsibilities that Contractor has assumed toward the County.

37. **SECURITY**. The Contractor is required to comply with County Ordinance 2004-52, as amended. Background checks are valid for five (5) years and the Contractor shall be responsible for all associated costs. If required, Contractor shall be responsible for the costs of providing background checks by the Collier County Facilities Management Division for all employees that shall provide services to the County under this Agreement. This may include, but not be limited to, checking federal, state and local law enforcement records, including a state and FBI fingerprint check, credit reports, education, residence and employment verifications and other related records. Contractor shall be required to maintain records on each employee and make them available to the County for at least four (4) years. All of Contractor's employees and subcontractors must wear Collier County Government Identification badges at all times while performing services on County facilities and properties. Contractor ID badges are valid for one (1) year from the date of issuance and can be renewed each year at no cost to the Contractor during the time period in which their background check is valid, as discussed below. All technicians shall have on their shirts the name of the contractor's business.

The Contractor shall immediately notify the Collier County Facilities Management Division via e-mail (DL-FMOPS@collier.gov) whenever an employee assigned to Collier County separates from their employment. This notification is critical to ensure the continued security of Collier County facilities and systems. Failure to notify within four (4) hours of separation may result in a deduction of $500 per incident.

Collier County Sheriff's Office (CCSO) requires separate fingerprinting prior to work being performed in any of their locations. This will be coordinated upon award of the contract. If there are additional fees for this process, the Contractor is responsible for all costs.

38. ■ **SAFETY**. All Contractors and subcontractors performing service for Collier County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site.

Collier County Government has authorized the Occupational Safety and Health Administration (OSHA) to enter any Collier County Facility, property and/or right-of-way for the purpose of inspection of any Contractor's work operations. This provision is non-negotiable by any division/department and/or Contractor. All applicable OSHA inspection criteria apply as well as all Contractor rights, with one exception. Contractors do not have the right to refuse to allow OSHA onto a project that is being performed on Collier County Property. Collier County, as the owner of the property where the project is taking place shall be the only entity allowed to refuse access to the project. However, this decision shall only be made by Collier County's Risk Management Division Safety Manager and/or Safety Engineer.

Exhibit A – Scope of Services

#25-8617 "Preventative Maintenance, Repairs and Replacement for Pools and Pool Amenities at Collier County Aquatic Facilities"

Category 1 General Pool Repair has been awarded to Valiente Builders LLC as the Secondary Contractor and Category 4 Concrete as Primary Contractor. If the Primary Contractor fails to respond to an urgent call within eight (8) hours, the Secondary Contractor will be contacted, and if necessary, the Tertiary Contractor will be contacted, as applicable.

The intent of this agreement is to award multiple Contractors to provide preventative maintenance, repair, replacement and on call urgent repair services for Collier County Aquatic Facilities that will help to minimize operational downtime and insure reliable operating conditions at each facility.

Services shall include, but not be limited to, the following categories:

1) Category 1: General Pool Repair including but not limited:
   a) Marcite and remarcite of pools
   b) Tile and retile of pool
   c) Main drain repair/replacement (Virginia Graeham Baker Act)
   d) Side drain repair/replacement
   e) Leak detection and repair
   f) Pool feature repair/replacement
   g) Ladder repair/replacement

2) Category 2: Electrical including but not limited:
   a) Pool lights and deck lights
   b) Variable Frequency Drive (VFD) repairs and replacement,
   c) Emergency stops
   d) General electrical repairs to pumps and motors

3) Category 3: Preventative Maintenance of Slides to include but not limited to the following:
   a) Wash interior of slide
   b) Repair all minor fiberglass repairs in ridepath (chips or gouges with sharp edges).
   c) Chemical wash entire interior
   d) Wax entire interior
   e) Check caulking in all joints
   f) Check slide for leaks
   g) Check structural beams and supports for corrosion and other signs of deterioration
   h) Repairs and replacement of slides

4) Category 4: Concrete including but not limited:
   a) deck repair
   b) coping repair
   c) concrete tank repair/replacement
   d) joint repair

Contractors may submit their bid to provide services in all or part of the categories listed above and shall indicate which specialties they are qualified to provide.

1. Service Locations

The repairs/replacements will be requested at Collier County's Aquatic Facilities located throughout the County. Locations are listed below and an inventory list per location can be found in Exhibit D Parks and Recreation Aquatics Inventory with number of pools and volume of Pools:

- North Collier Regional Park – Sun and Fun Lagoon
  15000 Livingston Road, Naples, FL 34109
- Golden Gate Community Park Aquatic Center
  3300 Santa Barbara Blvd., Naples, FL 34116
- Immokalee Sports Park Aquatic Center
  505 Escambia St., Immokalee, FL 34142

- Eagle Lakes Community Park Aquatic Center
  11565 Tamiami Trail East, Naples, FL 34113
- Big Corkscrew Island Regional Park Aquatic Center
  810 39th Ave. NE, Naples, FL 34120
- Vineyard Community Park Splash Pad
  6231 Arbor Blvd. W., Naples, FL 34119
- Freedom Park Fountain
  1515 Golden Gate Pkwy., Naples, FL 3410
- North Collier Regional Park – Fountain Pond
  15000 Livingston Road, Naples, FL 34109
- Big Corkscrew Island Regional Park Fountain Pond
  810 39th Ave. NE, Naples, FL 34120

The County retains the right to add or delete any facilities from service provided under the agreement as described herein, any changes will be made in accordance with Collier County's Procurement Ordinance.

2. Preventative Maintenance, Repair, and Replacement

Preventive maintenance consists of scheduled, routine, and proactive services performed to maintain pool systems and amenities in safe, operable condition and to prevent equipment failure, service interruption, or deterioration.

Preventive maintenance is planned work and does not include emergency services, major repairs, or replacements unless otherwise authorized by the County.

Repair services consist of corrective work required to restore pool systems or amenities to proper operating condition following equipment failure, malfunction, or damage.

Replacement services consist of removing and installing new equipment or components that are no longer serviceable, obsolete, or beyond economical repair.

Contractors shall be responsible for performing services within the category or categories for which they are awarded. Work performed shall comply with the requirements, pricing, and limitations established for the awarded category. No contractor shall perform work outside of its awarded category unless expressly authorized in writing by the County.

If preventive maintenance, repair, or replacement services require specialty work (including, but not limited to, electrical systems, water slides, or other specialized amenities) that fall under a different awarded category, the County shall issue a separate work authorization to the contractor awarded for that specific category

Preventative maintenance and repair services will be carried out as needed at each of the locations. Following each service, a written report must be provided detailing the results, services completed, and making specific recommendations for future remedial action upgrades, etc. The report will include but not be limited to a detailed account of services provided, the date of service, and an attestation signed by the Contractor.

Maintenance shall be invoiced as a unit price in accordance with the agreement's fee schedule, inclusive of all labor, tools, material, parts and equipment necessary for completion of the work.

The County may schedule maintenance as required. Remedial maintenance and/or repair/replacement services shall be provided and billed per hourly rates and applicable mark-ups in accordance with the fee schedule.

3. Scheduled and Unscheduled Services

Scheduled Services: Scheduled maintenance and repair services will be conducted during normal business hours.

To arrange for an appointment to perform service at a County facility, the Contractor shall contact the County designee a minimum of twenty-four (24) hours in advance of the work. For scheduled maintenance and repair services, the Contractor must be on-site, and repairs must begin within seven (7) days of the purchase order issued for all areas, unless the County approves a different amount of time for response.

Urgent Services: When immediate repairs are needed, staff will notify the contractor via e-mail or phone call.

The Contractor is required to respond to these urgent calls for assistance within four (4) hours from the time of initial contact and be on-site within eight (8) hours of the County issuing the urgent request. On-call 24-hour availability is mandatory to ensure that urgent work is completed. The Contractor must provide a minimum of two (2) 24/7 urgent contact phone numbers to the County departments using the resultant contract; this on-call list is both for routine and after-hours services. Failure to provide coverage may result in termination of the contract.

If a Contractor fails to respond to an urgent call within eight (8) hours, the secondary contractor will be contacted, and if necessary, the tertiary contractor will be contacted.

If repairs cannot be completed within twenty-four (24) hours from the County's initial request, then temporary system options must be provided and approved by the County. The approved temporary system will be provided by the Contractor and billed according to Bid Schedule rates and applicable mark-ups. If the Contractor is unable to complete the repair or replacement of the pump within 72 hours of notification, they must provide a written justification.

Definition of Urgent Service: Urgent services refers to any unscheduled work that requires immediate repair to safeguard the health, safety, and well-being of the County's staff and/or the public.

Urgent service in the context of pool pump maintenance, repair, and examples may include but not limited to:

Urgent Repairs: Immediate response to critical failures or breakdowns that render the pool pump inoperable.
Examples: Motor failure, major leaks, electrical malfunctions.

- Safety Concerns: Issues posing a safety risk to users or property.
  Examples: Faulty wiring exposed electrical components, or leaks near electrical connections.
- Risk of Further Damage: Situations where delaying repairs could result in more extensive damage or costly repairs.
  Examples: Addressing minor leaks before they cause pump damage, fixing small issues to prevent larger system failures.
- Operational Impact: Work that directly affects the pool's normal operation and functionality.
  Examples: Addressing pump noise and optimizing pump performance for peak usage times.
- Regulatory Compliance: Tasks required for compliance with health and safety regulations.
  Examples: Addressing equipment code requirements and health and safety regulations issues identified during inspections.
- Seasonal or Event-Related Urgency: Repairs are needed before or during peak usage periods, special events, or seasons.
  Examples: Fixing issues before a busy holiday weekend, ensuring the pump is ready for the start of the swimming season.

Scheduled and Urgent services will be billed in accordance with the fee schedule hourly rates and applicable mark-ups. A one-time urgent service fee is allowed when responding to an urgent request, in addition to hourly rates.

4. Work Hours

Normal Business hours are Monday through Friday from 7:00 AM to 6:00 PM, excluding County observed Holidays. After-hours are considered before 7:00 AM and after 6:00 PM on weekdays and at any time on Saturday, Sunday, or County Observed Holidays. After-hours rate may be calculated at 1.5x the hourly rate in accordance with the fee schedule. If a requested service starts during normal business hours and extends into the after-hours period, the after-hours rate shall only be charged for time worked during the after-hours period.

5. Contractor's Responsibilities

The Contractor(s) shall use a qualified professional (with all related licenses and certifications being current) with experience and ability for all repairs. Each Contractor shall ensure that all its personnel assigned to tasks under the resultant contract are properly trained and equipped. The personnel shall be fully equipped with parts and materials to complete routine repair work without delay.

Contractor(s) shall provide copies of the following license(s) AND/OR certifications, which must maintain current during the course of the awarded agreement.

REQUIRED LICENCES AND CERTIFICATIONS:

Category 1 - Pool Contractor License OR General Contractor License
Category 2 - Electrical Contractor License
Category 3 - Company shall have personnel that carry a **Certified Composite Technicians certification (CCT)** through American Composites Manufacturers Association (ACMA) and Company inspectors shall be **Amusement Industry Manufacturers and Suppliers (AIMS) level 1** associate ride inspectors
Category 4 - General Contractor License

The Contractor(s) shall furnish all necessary materials, equipment, tools, transportation, skills, and incidentals required for maintenance services, repairs, and miscellaneous services. The Contractor(s) shall comply with all OSHA safety standards, rules, and regulations, as well as all applicable Federal, State, and Local laws, ordinances, rules, and regulations. The Contractor will supply all required safety equipment and properly trained employees. Any fines levied due to inadequacies or failure to comply with any requirements will be the sole responsibility of the contractor(s).

The Contractors may be asked to perform work onsite through in-field services or at a local shop. The awarded Contractors shall provide labor and parts warranties upon completion of work. The Contractor shall be or have access to a certified service local repair station and warranty station for their products.

The Contractor shall under no circumstances remove any equipment containing a County asset sticker. The Contractor shall request that when replacing equipment, the asset sticker be removed by a County staff member.

6. Warranty

The Contractor(s) must guarantee that all materials and equipment are brand new and free from defects, warranted for their merchantability, and meet the performance scope of work of the original material. The warranty period should be a minimum of one year from the date of installation. In the event that a portion, or all of an order, is found to be defective, the Contractor shall immediately replace the parts at no cost to the County.

7. Billing and Invoicing:

- No fees shall be charged to the County for any call-backs or work that could not be performed.
- Invoices shall contain details of the services performed and the materials used (if applicable). A Collier County Purchase Order Number must appear on each invoice
- Contractors may only charge hourly rates for hours worked at the job site. Hourly rates shall be per the Bid/Fee Schedule and shall be all inclusive of labor, administrative hours, overhead, travel related expenses, insurance, required reporting, and equipment use (excluding rental equipment).
- The Contractor shall provide a detailed breakdown of the labor time spent by their employees. This should include the number of hours worked at the established hourly rates and classifications, the cost of all supplies, parts, rental equipment and materials used.
- Materials, parts and rental equipment will be allowed a maximum of 10% mark-up, and the use of subcontractors will be allowed a maximum of 15% mark-up. Mark-ups will not be allowed on sales tax, fees, use, and other similar taxes.
- Backup documentation and receipts/invoices for any supply, material, parts, rental equipment and other reimbursables are required at invoicing. Additionally, quotes for any supply, material, parts, and rental equipment will be required at the time of quoting.
- Freight and shipping charges will not be allowed as separate lines and shall be incorporated into the proposed price.

8. Unit Price Invoicing for Maintenance:

Invoices shall include:

- The Contractor is required to provide the location(s) completed along with unit price, which should include all expenses for materials and labor to complete the work.
- A maintenance report must be submitted for each location identifying the work performed, itemizing any deficiencies found, and any recommended actions beyond the maintenance schedule. The report shall be submitted with invoicing.

9. Work Performance:

The County shall be the final authority on any issues that may arise as to the quality and acceptability of any work

CAO

performed under the resultant contract.

10. Repairs:

Repairs or findings from maintenance inspection shall be discussed and authorized in writing by Parks and Recreation Division Director, Project Manager, or designee before commencement.

11. Price Increase:

11.1 Any requested fee adjustment shall be fully documented and submitted to the County Representative no less than thirty (30) days prior to the Contract anniversary date. Any approved fee adjustments shall become effective as of the anniversary date or upon Board approval.

11.2 The Procurement Director or designee has the authority to approve price adjustments in accordance with the Procurement Ordinance, as amended. Price increase requests are not guaranteed. If approved, the Contractor will be notified in writing with the effective date of any approved price increases.

11.3 The County may, after examination, refuse to accept the adjusted rates if they are not properly documented, or considered to be excessive, or if decreases are considered to be insufficient. In the event the County does not wish to accept the adjusted rates, and the matter cannot be resolved to the satisfaction of the County, a contract termination will be processed

AFFIDAVIT REGARDING LABOR AND SERVICES
AND CONTRACTING WITH ENTITIES OF FOREIGN COUNTRIES OF CONCERN PROHIBITED

Effective July 1, 2024, pursuant to § 787.06(13), Florida Statutes, when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services.

Effective January 1, 2024, a governmental entity may not accept a bid on, a proposal for, or a reply to, or enter into, a contract with an entity which would grant the entity access to an individual's personal identifying information unless the entity provides the government with an affidavit signed by an officer or representative under penalty of perjury attesting that the entity does not meet any of the following criteria: (a) the entity is owned by the government of a foreign country of concern; (b) the government of a foreign country of concern has a controlling interest in the entity; or (c) the entity is organized under the laws of or has its principal place of business in a foreign country of concern.

Effective July 1, 2025, when an entity extends or renews a contract with a governmental entity which would grant the entity access to an individual's personal identifying information, the entity must provide the governmental entity with an affidavit signed by an officer or representative of the entity under penalty of perjury attesting that the entity does not meet any of the criteria in paragraphs (2)(a)-(c), § 287.138, Florida Statutes.

Nongovernmental Entity's Name:	Valiente Builders LLC
Address:	15275 Collier Blvd., 201-273 Naples, Fl. 34119
Phone Number:	239-300-3057
Authorized Representative's Name:	Luis Valentin
Authorized Representative's Title:	President
Email Address:	valientebuildersllc@yahoo.com

I, Luis Valentin (Name of Authorized Representative), as authorized representative attest under penalty of perjury that Valiente Builders LLC (Name of Nongovernmental Entity) does not: (1) use coercion for labor or services as defined in § 787.06, Florida Statutes, and (2) the nongovernmental entity is not (a) owned by a government of a foreign country of concern, (b) that a foreign country of concern does not have a controlling interest in the entity, and (c) that the entity is not organized under the laws of or has its principal place of business in a foreign country of concern, all as prohibited under § 287.138, Florida Statutes.

Under penalty of perjury, I declare that I have read the foregoing Affidavit and that the facts stated in it are true.

conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension to continue until the violation is cured. The Contractor further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

10. **TERMINATION.** Should the Contractor be found to have failed to perform his services in a manner satisfactory to the County as per this Agreement, the County may terminate said Agreement for cause; further the County may terminate this Agreement for convenience with a thirty (30) day written notice. The County shall be the sole judge of non-performance.

    In the event that the County terminates this Agreement, Contractor's recovery against the County shall be limited to that portion of the Agreement Amount earned through the date of termination. The Contractor shall not be entitled to any other or further recovery against the County, including, but not limited to, any damages or any anticipated profit on portions of the services not performed.

11. **NO DISCRIMINATION.** The Contractor agrees that there shall be no discrimination as to race, sex, color, creed or national origin or any other class protected by federal or Florida law.

12. **INSURANCE.** The Contractor shall provide insurance as follows:

    A. ■ **Commercial General Liability:** Coverage shall have minimum limits of $ 1,000,000 Per Occurrence, $ 2,000,000 aggregate for Bodily Injury Liability and Property Damage Liability. The General Aggregate Limit shall be endorsed to apply per project for construction agreements. This shall include Premises and Operations; Independent Contractors; Products and Completed Operations and Contractual Liability.

    B. ■ **Business Auto Liability:** Coverage shall have minimum limits of $ 500,000 Per Occurrence, Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This shall include: Owned Vehicles, Hired and Non-Owned Vehicles and Employee Non-Ownership.

    C. ■ **Workers' Compensation:** Insurance covering all employees meeting Statutory Limits in compliance with the applicable state and federal laws. The coverage must include Employers' Liability with a minimum limit of $ 500,000 for each accident.

    ~~D. ☐ **Professional Liability:** Shall be maintained by the Contractor to ensure its legal liability for claims arising out of the performance of professional services under this Agreement. Contractor waives its right of recovery against County as to any claims under this insurance. Such insurance shall have limits of not less than $ _____ each claim and aggregate.~~

    ~~E. ☐ **Cyber Liability:** Coverage shall have minimum limits of $_____ per claim.~~

    ~~F. ☐ _____: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~G.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

~~H.~~ ☐ _____ ~~: Coverage shall have minimum limits of $ _____ per claim/Occurrence.~~

Special Requirements: Collier County Board of County Commissioners, OR, Board of County Commissioners in Collier County, OR, Collier County Government shall be listed as the Certificate Holder and included as an **"Additional Insured"** on the Insurance Certificate for Commercial General Liability where required. This insurance shall be primary and non-contributory with respect to any other insurance maintained by, or available for the benefit of, the Additional Insured and the Contractor's policy shall be endorsed accordingly.

Current, valid insurance policies meeting the requirement herein identified shall be maintained by Contractor during the duration of this Agreement. The Contractor shall provide County with certificates of insurance meeting the required insurance provisions. Renewal certificates shall be sent to the County thirty (30) days prior to any expiration date. Coverage afforded under the policies will not be canceled or allowed to expire until the greater of thirty (30) days prior written notice, or in accordance with policy provisions. Contractor shall also notify County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, non-renewal or material change in coverage or limits received by Contractor from its insurer, and nothing contained herein shall relieve Contractor of this requirement to provide notice.

Contractor shall ensure that all subcontractors comply with the same insurance requirements that the Contractor is required to meet.

13. **INDEMNIFICATION.** To the maximum extent permitted by Florida law, the Contractor shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by Contractor, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Contractor or anyone employed or utilized by the Contractor in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of Collier County.

13.1 The duty to defend under this Article 13 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the Contractor, County and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to Contractor. Contractor's obligation to indemnify and defend under this Article 13 will survive

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and the bid/proposal submittal is in every respect fair and made in good faith, without collusion or fraud and in compliance with the Procurement Ordinance, Section Seven, Ethical Standards.

The vendor certifies to the best of their knowledge or belief, no elected/appointed official or employee of Collier County, a spouse thereof or other person residing in the same household, is financially interested, directly or indirectly, in providing the goods or services specified in any submitted bid or proposal. A financial interest is defined as ownership of more than one percent (1%) of the total assets or capital stock or being an officer, director, manager, partner, proprietor, or agent of the business submitting the bid or proposal or of any subcontractor or supplier thereof providing goods or services in excess of one percent (1%) of the total bid or proposal amount. Additionally, the vendor, on company letterhead, must divulge at the time of the submittal of a bid or proposal, any relative, other than those already specified, of an elected or appointed official or employee of the County who has a financial interest, in providing the goods or services specified in the bid or proposal. The County, at its sole discretion, will determine whether a conflict exists and whether to accept or reject the bid or proposal.

The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed in this solicitation. The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services and a subcontractor is a related entity to the Vendor, then the Vendor shall not mark-up the subcontractor's fees. A related entity shall be defined as any parent or subsidiary of the company and any business, corporation, partnership, limited liability company or other entity in which the company or a parent or a subsidiary of the company holds any ownership interest, directly or indirectly.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Company Name: Valiente Builders LLC

Date: 4/6/26

Signature: _____ Title: President

Collier County

Procurement Services Division

Form 2: Conflict of Interest Certification

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest and is in compliance with the Procurement Ordinance, Section Seven, Ethical Standards, that states:

> "A consultant who participates in the drafting of a solicitation or scope or who develops a program for future implementation that gives rise to an actual conflict so as to unfairly benefit that consultant to the disadvantage of any other future firms that could competitively seek a County contract related to such program or project upon which the solicitation or scope is based, and which conflict is not otherwise curable, is not eligible to contract with the County for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a vendor who responds to a request for information from being eligible to contract with the County.

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest as described by one of the three categories below:

> **Biased ground rules** – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.
>
> **Impaired objectivity** – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.
>
> **Unequal access to information** – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition, the contractor / vendor must provide the following, if applicable:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having a conflict of interest identified in one or more of the above three categories may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and I duly corporate authorized representative with signature authority.

Company Name: Valiente Builders LLC

Date: 4/6/26

Signature: _____ Title: President

Collier County

Procurement Services Division

Form 3: Immigration Certification

Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid.* **Failure to do so will result in the vendor's submission being deemed non-responsive.**

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Company Name: Valiente Builders LLC

Signature: _____ Title: President

E-Verify

E-VERIFY IS A SERVICE OF DHS AND SSA

Company ID Number: 1859371

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS) and Valiente Builders LLC (Employer). The purpose of this agreement is to set forth terms and conditions which the Employer will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the Social Security Administration (SSA), and DHS.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

3. The Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

4. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

5. The Employer agrees that any Employer Representative who will create E-Verify cases will complete the E-Verify Tutorial before that individual creates any cases.

a. The Employer agrees that all Employer representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

a. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the anti-discrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly

employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.

9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.

10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

11. The Employer must use E-Verify for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps
(see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

13. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance
(indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status

(including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

15. The Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@uscis.dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

17. The Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon

reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF FEDERAL CONTRACTORS

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not create a second case for the employee through E-Verify.

   a. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin

E-Verify verification of all existing employees within 180 days after the election.

e. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with

Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on alien employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to assist the Employer with operational problems associated with the Employer's participation in E-Verify. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the Employer with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.

4. DHS agrees to train Employers on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials.

5. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

6. DHS agrees to issue each of the Employer's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.

7. DHS agrees to safeguard the information the Employer provides, and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.

8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case.

The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.

4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the

employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

   a. Scanning and uploading the document, or

   b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.

3. An Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Federal contractor must provide written notice to DHS. If an Employer that is a Federal contractor fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Employer is terminated from E-Verify.

ARTICLE VI
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

C. The Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

E. The Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively. The Employer understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

To be accepted as an E-Verify participant, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 1-888-464-4218.

Collier County

Procurement Services Division

Form 4: Local Vendor Preference Certification

(Check Appropriate Boxes Below)

State of Florida (Select County if Vendor is described as a Local Business)

- ☒ **Collier County**
- ☐ **Lee County**

Vendor affirms that it is a local business as defined by Section Sixteen of the Collier County Procurement Ordinance:

- A physical business address in Collier County with a County business address as listed with the Florida Department of State, Division of Corporations located within the limits of Collier County from which the vendor's staff operates and performs business in an area zoned for the conduct of such business. A post office box or a facility that receives mail, or a non-permanent structure such as a construction trailer, storage shed, or other non-permanent structure shall not be used to establish the physical address. In addition to the foregoing, a vendor shall not be considered a "local business" unless it contributes to the economic development and well-being of Collier County in a verifiable and measurable way. This may include, but not be limited to, the retention and expansion of employment opportunities, support and increase to the County's tax base, and residency of employees and principals of the business within Collier County. Vendors shall affirm in writing their compliance with the foregoing at the time of submitting their bid or proposal to be eligible for consideration as a "local business" under this section. A vendor who misrepresents the Local Preference status of its firm in a proposal or bid submitted to the County will lose the privilege to claim Local Preference status for a period of up to one year; and

- A current local Business Tax Receipt (also known as an Occupational License) issued by the Collier County Tax Collector prior to bid or proposal submission.

If requested by the County, Vendor will be required to provide documentation substantiating the information given in this certification. **Failure to do so will result in the vendor's submission being deemed non-responsive.**

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: Lap & Recreational Pools Pump Replacement

Completion Date: 2/2023

Project Budget: _____

Project Number of Days: 10

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	10
2	Ability to maintain project schedule (complete on-time or early).	10
3	Quality of work.	10
4	Quality of consultative advice provided on the project.	10
5	Professionalism and ability to manage personnel.	10
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	10
7	Ability to verbally communicate and document information clearly and succinctly.	10
8	Abiltity to manage risks and unexpected project circumstances.	10
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	10
10	Overall comfort level with hiring the company in the future (customer satisfaction).	10
TOTAL SCORE OF ALL ITEMS		100

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Florida Department of State, Division of Corporations

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
Luis Valentin

2 Business name/disregarded entity name, if different from above
Valeinte Builders LLC

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
15275 Collier Blvd. 201-273

6 City, state, and ZIP code
Naples, Fl. 34119

Requester's name and address (optional)
Collier County Board of County Commissioners
3299 Tamiami Trail E, Ste 303

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
[ ][ ][ ] - [ ][ ] - [ ][ ][ ][ ]

or

Employer identification number
8 8 - 0 6 6 9 9 3 1

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here | **Signature of U.S. person** ▶ [signature] | **Date** ▶ 6/16/25

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number: ___ - ___ - ____

or

Employer identification number: 88-0669931

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ [signature] Date ▶ 6/16/25

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Executive Summary

Recommendation to accept a donation of an AquaPaws Plus Underwater Treadmill System from the Community Foundation of Collier County, Inc., for the Domestic Animal Services facility located at 7610 Davis Blvd, Naples, FL 34104.

OBJECTIVE: To request the Board of County Commissioners ("Board") to accept a donation of an AquaPaws Plus Underwater Treadmill for use at Domestic Animal Services.

CONSIDERATIONS: The Community Foundation of Collier County, Inc. has generously offered to donate an AquaPaws Plus Underwater Treadmill to Domestic Animal Services. This rehabilitation equipment will play a vital role in enhancing the care provided to animals within Collier County Domestic Animal Services. The AquaPaws treadmill system will support a wide range of therapeutic needs, including rehabilitation after injury or surgery, low-impact conditioning for animals that require controlled exercise, improved mobility for senior pets, and overall wellness for animals recovering from stress or neglect. By integrating this technology into daily operations, Domestic Animal Services aims to improve physical health outcomes, reduce recovery times, and enhance the quality of life for animals in their care. Ultimately, the addition of the AquaPaws Underwater Treadmill is expected to increase the likelihood of successful adoption by helping animals regain strength, confidence, and optimal physical function.

This item supports the strategic plan focus area of responsible governance to safeguard taxpayer money by utilizing available partnerships.

FISCAL IMPACT: The donation of the AquaPaws Plus Underwater Treadmill is being offered to Domestic Animal Services by the Community Foundation of Collier County, Inc. free of cost.

GROWTH MANAGEMENT IMPACT: There is no Growth Management Impact related to this action.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for approval. -JAK

RECOMMENDATION(S): To accept a donation of an AquaPaws Plus Underwater Treadmill System from the Community Foundation of Collier County, Inc., for the Domestic Animal Services facility located at 7610 Davis Blvd, Naples, FL 34104.

PREPARED BY: Brooke Roxberry, Operations Manager - GMCDD

1. Donation Agreement - Community Foundation of Collier

DONATION AGREEMENT
AquaPaws Plus Underwater Treadmill System

THIS DONATION AGREEMENT (this "Agreement") is entered into as of the 28th day of July, 2026, by and between the Community Foundation of Collier County, Inc., whose address is 1110 Pine Ridge Road, Suite 200, Naples, FL 34108 ("Donor") and the Collier County Domestic Animal Services ("Donee"), a public animal service facility whose principal address is 7610 Davis Blvd Naples, FL 34104.

WHEREAS, Donor desires to donate and Donee desires to accept the AquaPaws Plus Underwater Treadmill System (the "DONATION"), to support the rehabilitation, recovery, conditioning, and overall well-being of animals in the care of Collier County Domestic Animal Services, with the goal of improving health outcomes and increasing opportunities for successful adoption; and

WHEREAS, acceptance of the Donation is in the best interest of the current and future injured and rehabilitating animals of the Collier County Domestic Animal Services;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in consideration of the mutual covenants, promises and conditions herein set forth, it is hereby acknowledged and agreed as follows:

1. The above "Whereas" clauses are incorporated by reference as if set forth herein.

2. Donor does hereby donate, assign, transfer, grant, bargain, sell and convey any and all of Donor's right, title and interest to Donee for -0- Dollars.

3. The Donation will be delivered and located within the Collier County Domestic Animals Services in Naples, Florida and accepted by Donee.

IN WITNESS WHEREOF, the parties caused this Agreement to be duly executed as of the day and year first above written.

Executive Summary

Recommendation to authorize Domestic Animal Services (DAS) to participate in the 2026 NBCUniversal Clear the Shelters national adoption event by hosting a curated, market-style animal-related vendor experience.

OBJECTIVE: To create additional opportunities for pet adoptions without requiring additional County funding.

CONSIDERATIONS: NBCUniversal's Clear the Shelters is a nationally recognized adoption campaign that has helped more than one million shelter pets find permanent homes while generating significant national and local media attention. Domestic Animal Services has participated successfully in this annual initiative through fee-waived adoptions and targeted outreach.

The proposed event will take place on Saturday, August 22, 2026, from 11:00 a.m. to 1:00 p.m. at the Domestic Animal Services campus, 7610 Davis Blvd., Naples, Florida. The activation would feature approximately five to eight local Southwest Florida vendors strategically positioned throughout the public event space (primarily at the front of the shelter, both in the grass and in the parking lot). In contrast, the shelter remains open for adoptions.

The purpose of this initiative is to increase community engagement, generate additional visitation, and create a more dynamic destination event that encourages residents who might not otherwise have visited the shelter to attend. By expanding the event beyond traditional adoption promotions, DAS aims to increase public exposure for adoptable animals and create additional opportunities for successful adoptions.

Domestic Animal Services currently cares for more than 470 animals through its shelter and foster network, including over 170 cats and kittens, more than 50 dogs at the shelter, and more than 250 animals in foster homes. The average cost of housing a shelter animal is approximately $35 per day, excluding medical and behavioral treatment.

Every adoption reduces operating costs, creates capacity for incoming animals, and improves animal welfare by shortening shelter stays. Staff believes that increasing attendance during one of the nation's premier adoption campaigns will directly support these operational objectives.

Expected outcomes of the event include:
- Increase event attendance and community participation.
- Expand public awareness of adoptable animals and shelter services.
- Increase media and social media exposure.
- Create additional adoption opportunities.
- Further the County's animal welfare mission without additional taxpayer expense.

To ensure a fair and transparent process, Domestic Animal Services will publicly solicit interested vendors through agency communication channels and community outreach. Vendors will be accepted based upon eligibility requirements and available space.

Eligible participants must:
- Be a Collier County located business with a Valid Business Tax Receipt.
- Offer animal-related products, services, or educational resources.
- Demonstrate a commitment to responsible pet ownership and animal welfare.
- Be non-political and non-religious in nature.

All vendors will be reviewed and approved by staff and must comply with applicable County policies, insurance requirements, risk-management requirements, and event operating procedures. Participation does not constitute an endorsement by Collier County.

Normal shelter operations will continue throughout the event. Public parking will be directed to the adjacent Boys & Girls Club of Collier County, while sufficient on-site parking will remain available for animal intake, adoptions, and other public services. Vendor placement will maintain emergency access, pedestrian circulation, and visibility of

adoptable animals. Staff will finalize the site plan and event logistics upon Board approval.

The proposed vendor marketplace is a limited, well-managed enhancement to an established national adoption event that advances the County's animal welfare mission, increases public engagement, and is expected to improve adoption outcomes without creating additional fiscal impacts.

This proposal represents a prudent use of existing resources while providing greater value to residents, visitors, community partners, and the animals entrusted to Domestic Animal Services.

FISCAL IMPACT: There is no direct fiscal impact associated with this request. Vendors will operate independently; no County funding is required, and the event will be administered using existing Domestic Animal Services personnel and resources.

GROWTH MANAGEMENT IMPACT: Participation in this event will assist Collier County in meeting the goals and objectives of DAS by increasing successful pet adoptions.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality, and requires a majority vote for Board approval. -JAK

RECOMMENDATION(S): To authorize Domestic Animal Services (DAS) participation in the 2026 NBCUniversal Clear the Shelters national adoption event by hosting a curated, market-style animal-related vendor experience.

NBCU Local's 'Clear The Shelters Presented by Hill's Pet Nutrition' Returns for 12th Annual Pet Adoption & Donation Campaign This August

NBC & Telemundo Stations Partnering with Shelters Across the Nation to Promote Pet Adoption Aug. 1 to 31; 'Clear The Shelters' Has Led to More Than 1.3 Million Adoptions and $5.6 Million in Donations Since 2015

to Promote Pet Adoption Aug. 1 to 31; 'Clear The Shelters' Has Led to More Than 1.3 Million Adoptions and $5.6 Million in Donations Since 2015

July 15, 2026

Clear The Shelters Presented by Hill's Pet Nutrition, NBCUniversal Local's nationwide pet adoption and donation initiative – which has helped more than 1.3 million pets find new homes and raised more than $5.6 million for animal shelters and rescues since its 2015 inception – is returning for the 12th consecutive year from Aug. 1 to 31, with fundraising taking place today, July 15, through Sept. 15.

As part of the 2026 *Clear The Shelters*, NBC and Telemundo stations across the nation are partnering with shelters in their communities to promote adoption and raise funds for their operations, which can be donated to a shelter of the donor's choice or the general fund. For more information on shelters participating in the fundraising, visit **ClearTheSheltersFund.org**. Shelters can join this year's campaign via the **Shelter Registration Portal**.

The 2025 *Clear The Shelters* campaign helped more than 160,000 pets find new homes and raised more than $628,000 for participating animal shelters – the highest fundraising total since 2020. More than 1,700 shelters and rescues representing 49

states, the District of Columbia, Puerto Rico and Guam, along with 129 NBC and Telemundo stations, participated in the 11th annual campaign, which was held Aug. 1 to Sept. 1, 2025.

"*Clear The Shelters* continues to have such an incredible impact on communities thanks to all those who come together each August to help vulnerable pets and support the animal shelters who care for them," said Meredith McGinn, NBCUniversal Local's Executive Vice President of Diginets & Original Production. "We appreciate our partners, led byHill's Pet Nutrition, and the participating stations and shelters who drive this amazing effort."

Hill's Pet Nutrition, a global leader in science-based pet nutrition and leading supporter of animal welfare, is returning for the ninth consecutive year as a partner of *Clear The Shelters*, and for the first time as the presenting sponsor of the annual pet adoption and donation campaign. Hill's Pet Nutrition will support *Clear The Shelters* campaign activities, along with providing adoption kits to help new pet parents at select participating shelters, which will include starter bags of Hill's Science Diet, coupons, and other supplies.

Fundraising for the 2026 *Clear The Shelters* will once again be led by **Greater Good Charities**, a global nonprofit and longtime campaign partner. Donations to the general fund can be made now through Sept. 15, and donations directly to individual shelters can be made from Aug. 1 to 31 at **ClearTheSheltersFund.org**.

WeRescue is also returning for the eighth consecutive year as the exclusive technology partner of Clear The Shelters. The WeRescue website and apps let users browse adoptable pets in their area by breed, gender, size, and more, apply to adopt, and ask questions directly to shelters. New this year, Scout helps visitors find their best match with just a few quick questions.

This campaign, **The Black Dog** will partner with *Clear The Shelters* for the second year. The restaurant and apparel company will allow customers to donate to the *Clear*

The Shelters fund by rounding up their total for purchases. The Black Dog will also create a special collection of *Clear The Shelters*-branded merchandise, and will donate 50 percent of the proceeds to the fund, and host adoption events at their retail locations.

For more information on *Clear The Shelters*, including participating shelters, along with details on local events and television programming, visit **ClearTheShelters.com** and the Spanish-language site **DesocuparlosAlbergues.com.** Shelters can join the campaign via the new **Shelter Registration Portal**. Follow *Clear The Shelters* on **Facebook**, **Instagram** and **TikTok**.

Executive Summary

Recommendation to approve a License Agreement requested by the State of Florida Department of Transportation relating to County-owned property required for the State Road 29 Construction Project.

OBJECTIVE: To provide the State of Florida Department of Transportation (FDOT) with the temporary right to use County-owned property in connection with the State Road 29 Construction Project.

CONSIDERATIONS: FDOT is planning to construct a roadway bypass west of the Immokalee Regional Airport. This improvement will reroute northbound and southbound traffic around central Immokalee, bypassing East Main Street and improving traffic flow through the area. To facilitate construction of these improvements, FDOT has requested a License Agreement authorizing it to enter upon and use the County-owned property for the purpose of sloping, grading, tying in, harmonizing and reconnecting existing property with the highway improvements to be constructed by FDOT.

In order to complete these improvements, FDOT has requested permission to enter upon portions of County-owned property identified as FDOT Parcel 900.1 (inclusive of 900A, 900B and 900C), as more fully depicted on the exhibit to the License Agreement, all of which are attached.

Staff recommends that the County approve the attached License Agreement

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: There is no fiscal impact associated with this recommendation.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this item.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality and requires a majority vote for Board approval. - SAA

RECOMMENDATION(S): To approve the attached License Agreement for FDOT Parcel 900.1 (inclusive of 900A, 900B and 900C) and to authorize the Chairman to execute same on behalf of the Board.

LICENSE AGREEMENT

This Agreement made the ___ day of _____, 20__, between COLLIER COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, herein called licensor, and the STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION, herein called licensee.

In consideration of the benefits accruing unto the licensor, the parties agree as follows:

Licensor hereby grants to licensee a license to occupy and use, subject to all of the terms and conditions hereof, the following described premises:

SEE EXHIBIT "A"

The premises may be occupied and used by licensee solely for sloping, grading, tying in, harmonizing and reconnecting existing features of the licensor's property with the highway improvements which are to be constructed together with incidental purposes related thereto during the period beginning with the date first above written and continuing until completion of the transportation project.

The making, execution and delivery of this agreement by licensor has been induced by no representations, statements, warranties, or agreements other than those contained herein. This agreement embodies the entire understanding of the parties and there are no further or other agreements or understandings, written or oral, in effect between the parties relating to the subject matter hereof.

IN WITNESS WHEREOF, the County has executed this Agreement on the dates indicated below, effective as of the date this Agreement is executed by the County.

Executive Summary

Recommendation to authorize a Budget Amendment to recognize revenue and transfer funding for projects within the Transportation Supported Gas Tax Fund (3083) and Transportation & CDES Capital Fund (3081) in the amount of $224,328.34. (Projects 60212, 60085, 60066, 60088, 69331, 69333, and 69336)

OBJECTIVE: For the Board of County Commissioners to authorize a budget amendment to recognize revenue for 16th Street NE Bridge, Traffic Impact Study Review Programs, Congestion Management, Planned Unit Development Monitoring/Traffic Counts, and Countywide Pathway Programs within the Transportation Supported Gas Tax Fund (3083) and CDES Transportation Capital Fund (3081).

CONSIDERATIONS: Funds have been collected specifically as payment-in-lieu, and project review fees from the application and monitoring process. These funds are required to be tracked and spent on projects for which the developments were identified for mitigation or on consultant contracts to perform the studies on the development's behalf under required monitoring conditions.
These funds were collected in fiscal year 2026 and exceeded the budgeted revenues. It is now appropriate to recognize these revenues and transfer the funds into the following projects:

Fund/Project Title	
Gas Tax Capital Fund 3083	
TIS Review (60085)	$31,250.00
Total for Fund 3083	**$31,250.00**
Transportation & CDES Capital Fund 3081:	
16th Street NE Bridge (60212)	$148,401.82
PUD Monitoring/Traffic Counts (60088)	$ 10,000.00
Congestion Management (60066)	$ 2,639.00
Bikeways/Sidewalks/Pathways (69331)	$ 6,869.60
Bikeways/Sidewalks/Pathways (69333)	$ 10,177.92

Bikeways/Sidewalks/Pathways (69336)	$ 14,990.00
Total for Fund 3081	**$193,078.34**
Total revenue to be recognized	**$224,328.34**

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: Budget amendments are needed to recognize the additional revenue exceeding FY26 budgeted amounts and appropriate into the correct projects within the Transportation Gas Tax Fund (3083) for $31,250.00 and Transportation & CDES Capital Fund (3081) in the amount of $193,078.34.

GROWTH MANAGEMENT IMPACT: This project meets current Growth Management Plan standards to ensure the adequacy and availability of viable public facilities.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, does not present any legal issues and requires a majority vote for Board approval. – JAK

RECOMMENDATION(S): To recognize funds in the amount of $224,328.34 and authorize the necessary Budget Amendments.

PREPARED BY: Laurie Beard, Project Manager II, Development Review Division for Transportation Planning

2. 3081 - Recognize Revenue

Executive Summary

Recommendation to approve and execute a Transportation Off System Post Project Maintenance Agreement requested between the Florida Department of Transportation (FDOT) and Collier County for the State Road 29 Bypass Project and authorize the Chair to sign the Resolution.

OBJECTIVE: To approve and execute a Transportation Off System Post Project Maintenance Agreement between FDOT and Collier County for the maintenance of the County-owned property in connection with the State Road 29 Bypass Project.

CONSIDERATIONS: As part of the construction of State Road 29 (SR-29) Bypass Project, the Florida Department of Transportation (FDOT) is proposing to construct improvements to the canal west of the Immokalee Regional Airport to extend Airport Park access, widen the canal on Airport Access Road, and construct a roadway tie-in and new asphalt at Alachua Street under Financial Project # 417540-5-52-01. Upon completion of the project, the County will assume responsibility for the operation and maintenance of these improvements.

Staff recommends that the County approve the attached Agreement and Resolution as the County is already maintaining these areas as part of its existing operations.

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: There is no fiscal impact associated with this recommendation.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this item.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality and requires a majority vote for Board approval. — SAA

RECOMMENDATION(S): To approve and execute a Transportation Off System Post Project Maintenance Agreement between FDOT and Collier County and authorize the Chair to sign the Resolution.

PREPARED BY: Ronald Thomas, Property Acquisition Specialist II, Right of Way Acquisition, Operations and Performance Management Division.

ATTACHMENTS:

1. Resolution & Agreement

RESOLUTION NO. 2026-___

A RESOLUTION OF THE COLLIER COUNTY BOARD OF COUNTY COMMISSIONERS FOR COLLIER COUNTY, FLORIDA AUTHORIZING ITS CHAIRMAN TO EXECUTE A TRANSPORTATION OFF SYSTEM POST PROJECT MAINTENANCE AGREEMENT BETWEEN THE FLORIDA DEPARTMENT OF TRANSPORTATION AND COLLIER COUNTY.

WHEREAS, as part of the construction of State Road 29 (SR-29) Bypass Project, the Florida Department of Transportation (FDOT) is proposing to construct improvements to the canal west of the Immokalee Regional Airport to extend Airport Park access, widen the canal on Airport Access Road, and construct a new roadway tie-in and asphalt at Alachua Street under Financial Project # 417540-5-52-01; and

WHEREAS, Collier County, as the local Agency, has requested to maintain this roadway and canal as described as Florida Department of Transportation Right of Way Parcel 900A, 900B, and 900C; and

WHEREAS, in accordance with Title 23, US Code, Section, 116 and Federal Highway Administration regulations issued pursuant thereto, there must be an agreement from the Local Agency to maintain the project; and.

WHEREAS, the Board wishes to approve and authorize its Chairman to execute a Transportation Off System Post Project Maintenance Agreement between the Florida Department of Transportation and Collier County.

NOW THEREFORE BE IT RESOLVED by the Board of County Commissioners OF Collier County, Florida, that the Board hereby authorizes its Chairman to execute a Transportation Post Project Maintenance Agreement between Florida Department of Transportation and Collier County.

BE IT FURTHER RESOLVED that the Clerk of Courts is hereby directed to send a copy of this Resolution to the Department of Transportation along with the executed Transportation Post Project Maintenance Agreement between Florida Department of Transportation and Collier County.

THIS RESOLUTION ADOPTED by majority vote of the Board of County Commissioner of Collier County, Florida, on this ____ day of _____, 2026.

TRANSPORTATION OFF SYSTEM POST PROJECT MAINTENANCE AGREEMENT BETWEEN FLORIDA DEPARTMENT OF TRANSPORTATION AND COLLIER COUNTY

This is an Agreement, by and between the STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION (hereinafter, the "DEPARTMENT") and Collier County (hereinafter, "LOCAL AGENCY") for the maintenance of off system post-project transportation enhancements described below.

W I T N E S S E T H

1. WHEREAS, pursuant to Fla. Stat. §339.08, and the Moving Ahead for Progress in the 21st Century (MAP-21), the DEPARTMENT is authorized to undertake a project within the LOCAL AGENCY geographical limits; and
2. WHEREAS, said project is identified and known to the parties as Financial Project **#417540-5-52-01** which will benefit the LOCAL AGENCY; and
3. WHEREAS, in accordance with Title 23, U.S. Code, Section 116 and Federal Highway Administration regulations issued pursuant thereto, there must be an agreement from the LOCAL AGENCY to maintain the project; and
4. WHEREAS the LOCAL AGENCY by Resolution No. _____, dated _____, a copy of which is attached hereto and made a part hereof as **Exhibit A**, has consented to and approved the Agreement and has authorized its chairperson or designee to execute said Agreement.

NOW, THEREFORE, in consideration of the premises, the parties agree as follows:

1. The DEPARTMENT has undertaken the project and obtained approval for federal participation for the improvements at the location shown in **Exhibit "B"**, (attached and incorporated by reference):
    - The scope of work within highlighted areas depicted in **Exhibit "B"** (attached and incorporated by reference) consist of the following:
        - 900C – clear old cross drain and fill in void connecting to the canal and to construct driveway in order to extend Airport Park access
        - 900A- widen canal and replace the culvert on Airport Access Road
        - 900B- construct new asphalt pavement and roadway tie in at Alachua Street
2. It is understood and agreed by the parties that upon completion of the project, the LOCAL AGENCY shall be responsible, at its cost for maintenance of the following:
    - 900c- all amenities within Collier County right of way inclusive of the relocated cross drain and portion of driveway within Collier County right of way

Docusign Envelope ID: 729A5513-9729-86E9-83B5-C90EAC86F1AC

- 900A- all amenities within Collier County right of way inclusive of the cross-drain replacement, drainage structures, and proposed sidewalk
- 900b- all amenities within Collier County right of way inclusive of the new asphalt pavement at Alachua Street within Collier County right of way

Maintenance of said improvements shall be in accordance with the following federally accepted state standards: (a) Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways (2012), as amended, and as to any future amendments and/or updates to said Manual.

3. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements or understanding concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representation or agreements whether oral or written. This Agreement shall be governed, interpreted, and construed according to the laws of the State of Florida.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK

Docusign Envelope ID: 729A5513-9729-86E9-83B5-C90EAC86F1AC

IN WITNESS WHEREOF, the Collier County has caused this Agreement to be executed in its behalf through its chairperson or designee, and THE FLORIDA DEPARTMENT OF TRANSPORTATION has caused this Agreement to be executed in its behalf through its District Secretary for District One, as indicated below. This Agreement shall become effective on:

Executive Summary

Recommendation to approve an agreement providing for the subordination of Collier County's interest in a sidewalk easement on the east side of US-41 adjacent to Mercato to the interest of the Florida Department of Transportation in a permanent easement needed for construction of roadway and related improvements to US-41.

OBJECTIVE: To facilitate the construction of roadway and related improvements to US-41 as part of the Florida Department of Transportation's (FDOT) Project F.P. No. 4415121 (the Project).

CONSIDERATIONS: FDOT is planning to construct roadway and related improvements to US-41 adjacent to Mercato and has filed suit for the taking of a permanent easement needed for construction of the Project. Collier County is the holder of a sidewalk easement (without responsibility for maintenance) that overlaps the area of the easement needed by FDOT and has been joined in the suit as an interested party. The County's easement and the easement to be acquired by FDOT are more fully described in the attached Subordination Agreement. This agreement is FDOT's standard form Subordination Agreement and is used for all Florida Counties. Staff recommends that the Board of County Commissioners approve the Subordination Agreement as there is no detriment to the public interest. Once the agreement has been recorded, FDOT will be requested to drop Collier County from the suit.

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors.

FISCAL IMPACT: There are no costs associated with this item as FDOT will record the Subordination Agreement.

GROWTH MANAGEMENT IMPACT: This item is consistent with the Growth Management Plan.

LEGAL CONSIDERATIONS: This item has been approved as to form and legality and requires a majority vote for Board approval. - SAA

RECOMMENDATION(S):

1. Approve the attached Subordination Agreement and authorize the Chairman to execute same on behalf of the Board;
2. Authorize the County Manager or her designee to take the necessary measures to ensure the County's performance in accordance with the terms and conditions of the Subordination Agreement; and
3. Authorize the County Manager or her designee to complete all appropriate closing procedures, and to facilitate FDOT's recordation of the Subordination Agreement in the Public Records of Collier County, Florida.

SUBORDINATION AGREEMENT

THIS AGREEMENT, Made this ____ day of _____, 20____, by and between COLLIER COUNTY, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, hereinafter called the "party of the first part", and the STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION, whose post office address is: Post Office Box 1249, Bartow, Florida 33831-1249, hereinafter called the "Department".

WITNESSETH:

WHEREAS, the party of the first part is the holder of a certain Sidewalk Easement dated the 7th day of May, 2009, and recorded in Official Records Book 4460, Page 2341, of the Public Records of Collier County, Florida and,

WHEREAS, a portion of the land encumbered by said Sidewalk Easement is required by the Department for public transportation purposes;

NOW THEREFORE, for and in consideration of the sum of One Dollar ($1.00) and other good and valuable considerations, paid, the receipt and sufficiency of which is hereby acknowledged, the party of the first part hereby agrees, covenants, and consents with the Department that the aforesaid Sidewalk Easement is and shall continue to be subject and subordinate to the property rights of the Department insofar as said Sidewalk Easement affects the following described property, viz:

SEE EXHIBIT "A"

This subordination agreement shall be binding upon and inure to the benefit of the respective heirs, legal representatives, successors and assigns of the parties hereto.

IN WITNESS WHEREOF, the said grantor has caused these presents to be executed in its name by its Board of County Commissioners acting by the Chairperson or Vice-Chairperson of said Board, the day and year aforesaid.

Executive Summary

Recommendation to approve the submittal of the FY26 Program of Projects grant application to the Federal Transit Administration, 49 U.S.C. sections 5307/5339, FY26, for grant funds to support the transit system capital and operating costs in the amount of $5,967,319 through the Transit Award Management System and accept the award and authorize any necessary Budget Amendments.

OBJECTIVE:

To obtain grant funds for the operations and management of the Collier Area Transit (CAT) System including capital projects.

CONSIDERATIONS:

Each year the Fiscal and Public Transit Services Division receives federal grant funds for the management of the CAT system under Urbanized Area Formula Grant Programs (49 U.S.C. 5307/5339) to be used predominately for transit capital projects as defined by the Federal Transit Administration (FTA).

FTA published the annual apportionment formula on April 21st, 2026. Collier County is located within the Bonita Springs-Estero, FL Census Urbanized Area; therefore, a portion of the 5307 funding is shared with Lee County and Florida Department of Transportation (FDOT). The amount of 5307 funds allocated to the Bonita Springs-Estero Urbanized Area is $7,034,886. The 5307 apportionment designated for CAT is $5,468,856 and $1,566,030 for Lee County Transit. The 5339 apportionment is $498,463 and is not shared with Lee County.

Staff prepared the proposed Program of Projects based on Collier's total allocation for 5307 and 5339 funding $5,967,319.00. The Program of Projects has gone through the Public Involvement Process, which concluded on July 1st, 2026.

Proposed projects include:

5307/5339 FY26 Program of Projects

Item	Description	Amount
Enhancements (Minimum 1%)	Paratransit Infotainment System	$155,000
Enhancements	Bus Stop Signage	$25,000
Safety and Security (Minimum 1%)	Property Fencing and Gates	$60,689
ITS	ITS Support and Warranty	$265,000
ADA (Maximum 20%)	ADA Paratransit Services	$1,093,771
Rolling Stock	40ft Bus - Replacement	$777,750

Rolling Stock	Support Vehicles - 2 Vans	$102,846
Preventive Maintenance	Fleet Preventative Maintenance	$1,751,500
Operating Assistance	Operational Expenses	$1,237,300
Facility	Fuel Island and Facility Rehab	$100,000
Rolling Stock	Fixed Route - 35ft Bus Replacement	$348,463
Equipment	Radio Replacement	$50,000
Total Grant Amount		**$5,967,319**

A grant application must be entered into the Transit Award Management System (TrAMS) to utilize these funds. The application has been prepared and attached for the Board of County Commissioners' (Board) consideration. The grant requires a twenty percent (20%) match. Collier County has requested approval from the Florida Department of Transportation (FDOT) for the use of $1,172,255 transportation development credits as a soft match for the grant and $10,250 from auction proceeds. In addition, the grant requires a fifty percent (50%) match for FTA defined operating assistance.

After review and approval by FTA, the grant award is electronically executed in TrAMS by the Transportation Management Services Department Head, who serves as the Board-appointed designee. The electronic system is also used to manage the award and submit all required reports.

As noted in the attachment, staff is requesting pre-award authority from the Board to create the required budget appropriations for the new fiscal year as it is essential for funds to be budgeted in time for the beginning of FY27.

Additionally, FTA publishes a consolidated list of all the certifications and assurances required by federal law or regulations for its programs into a single document that an applicant for or recipient of federal assistance under 49 U.S.C. Chapter 53 must submit annually or as part of its application for federal assistance. The FY2025 certifications have been submitted and are attached for informational purposes.

This item is consistent with the Collier County strategic plan objective to design and maintain an effective transportation system to reduce traffic congestion and improve the mobility of our residents and visitors. Additionally, the item is consistent with the objective to support access to health, wellness, and human services.

FISCAL IMPACT:

Budget amendments are required in FY26 to recognize grant revenue within CAT Grant Fund (4031) and Transportation Disadvantage Grant Fund (4034) for a total amount of $5,468,856 for Project 33993 (Section 5307), and $498,463 for Project 33992 (Section 5339). In addition to utilizing $10,250 from auction proceeds (4032). Collier County has approval from FDOT for the use of Transportation Development Credits in the amount of $1,172,255 as a soft match for the twenty percent (20%) capital match requirement.

Budget amendments in FY27 are required within CAT Match Fund (4032) in the amount of $276,900 and

Transportation Disadvantage Grant Match Fund (4035) in the amount of $960,400, Project 33993 for a total amount of $1,237,300. A cash match of fifty percent (50%) or $1,237,300 is required for the operating assistance portion of the award and is available within FY26 CAT Match Fund (4032), Transportation Disadvantage Grant Match Fund (4035) and Transportation Disadvantaged Operating Fund (4033) Project 31427 supported by the annual transfer of General Fund (0001) Revenue.

GROWTH MANAGEMENT IMPACT:

Transit capital and operations support goals and objectives of the Transportation Element of the Growth Management Plan.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for approval. -JAK

RECOMMENDATION(S): To approve the submittal of the FY26 Program of Projects grant application to the Federal Transit Administration, 49 U.S.C. Sections 5307/5339, FY26, for grant funds to support the transit system capital and operating costs in the amount of $5,967,319 through the Transit Award Management System and accept the award and authorize any necessary Budget Amendments.

Title: FY26 5307 and 5339 Funds; Super Grant; Capital, ADA, Operating; Collier & Lee County, Bonita Springs/Naples UZA, FL

Application Number	Application Status	Award Type	Application Cost Center	Date Created	Last Updated Date	From TEAM?
1032-2026-1	In-Progress	Grant	Region 4	4/29/2026	4/29/2026	No

Application Executive Summary
This application is to request section 5307 funds apportioned to the Bonita Springs-Estero, FL UZA in the amount of $7,034,886 for FY26. The Collier County portion of the FY26 apportionment is $5,468, 856 and the remaining amount of $1,566,030 is allocated to Lee County. The Collier portion of the FY26 apportionment is identified as STIP number 410146-1 for capital projects and 410146-2 for operating assistance. STIP pages are attached to this application.

The purpose of this award is to provide funding for a variety of transportation-related projects, including preventive maintenance for 1-year, operating assistance for 1 year, ADA paratransit services for 1 year, bus stop signage, acquire support vehicles, infotainment, Intelligent transportation system (ITS) annual support and warranty, and the purchase of a replacement 40ft bus. The award will cover a period from October 1, 2025, to March 30, 2037.
Funds will be used to cover all eligible preventive maintenance and operating expenses such as the

operation contract expenses and fuel, purchase of bus stop signage, two support vehicles, replacement 30ft bus and the installation of property fencing to enhance facility safety and security, and annual cost for the support of ITS systems.
Funding will permit Collier County to meet preventive maintenance standards, continue to provide operations, comply with its Transit Asset Management (TAM) Plan by replacing a 30ft bus that has met its useful life, and improving safety and security with property fencing.

Collier County and the riders that rely on its service will benefit from continued services, permitting workers to get to work and other destinations.

ALI 11.33.07 CONSTRUCT-MOBILE SURVEILL/SECURITY EQUIP will address both 1% security and . 75% safety requirement through the purchase and installation of property fencing.

This application also requests section 5339 Bus and Bus Facilities Formula funds apportioned to the Bonita Springs-Estero, FL UZA in the amount of $498,463 for FY26. The apportionment is identified as STIP number 434030-1. STIP page is attached to this application.

The award will provide funding for the rehabilitation of the fuel island and administrative facility rehabilitation. Additionally, funding will be utilized for the purchase of replacement radio equipment and partially fund a 35ft bus.

Transportation Development Credits in the amount of $1,172,255 will be utilized as the match for the capital grant projects in this grant. The overall start and end dates are 10/1/2026-03/30/2037. Collier County is not applying an indirect cost rate to the activities within this application.

Collier County does not have a sub-recipient.

In addition to FTAs Buy America Act, which requires that the steel, iron, and manufactured goods used in an FTA-funded project are produced in the United States (49 U.S.C. 5323(j)(1)), the Build America, Buy America Act (BABA) (Public Law 117-58, div. G 70914(a)) now requires that construction materials used in infrastructure projects are also produced in the United States. Refer to terms and conditions in FTAs Master Agreement Section 15. The BABA requirement applies to this grant, in addition to the Buy America Act, except to the extent that a waiver of either requirement may apply.

Collier County will follow all 3rd party procurement policies as defined in C4220.1F (Third Party Contracting Guidance). Collier County will ensure that contractors procured will not be on the FTA Suspension and Debarment list.
Collier County does not have a sub-recipient.

Requires E.O. 12372 Review
No, this application does not require E.O. 12372 Review.

Delinquent Federal Debt
No, my organization does not have delinquent federal debt.

Award Description

Purpose
The purpose of this award is to provide funding for a variety of transportation-related projects, including preventive maintenance for 1-year, operating assistance for 1 year, ADA paratransit services for 1 year, funding for the replacement of the maintenance and operating facility, Intelligent transportation system (ITS) annual support and warranty, 40ft Bus for replacement, two support vehicles, bus stop signage, infotainment system and facility safety and security enhancements. The award will cover a period from October 1, 2026, to March 30, 2037.
Under Section 5339, the award will also fund the rehabilitation of the fuel island and administrative facility, the purchase of replacement radio equipment, and partially fund a 35ft replacement bus."

Activities to be performed:
Funds will be used to cover all eligible preventive maintenance and operating expenses such as the operation contract expenses and fuel, purchase of bus stop signage, two support vehicles, replacement 40ft bus and the installation of property fencing to enhance facility safety and security, and annual cost for the support of ITS systems.
Under Section 5339, the funds will be used to rehabilitate of the fuel island and administrative facility, the purchase of replacement radio equipment, and partially fund a 35ft replacement bus."

Expected outcomes:
The expected outcomes of this award include improved reliability and efficiency of transit services through maintenance, operating support, and ITS technology. Safety and security will be strengthened with facility upgrades and new property fencing, while compling with the Transit Asset Management (TAM) Plan through the replacement of buses and support vehicles.

Intended beneficiaries:
Collier County and the riders that rely on its service will benefit from continued services, permitting workers to get to work and other destinations.

Subrecipient Activities:
Collier County does not have a sub-recipient.

Part 3: Project Information

Project Title: Collier County Section 5307 FY26

Project Number	Temporary Project Number	Date Created	Start Date	End Date
1032-2026-1-P1	1032-2026-1-P1	4/29/2026	10/1/2026	9/30/2031

Project Description
The Collier County portion of the FY26 5307 funding for the Bonita Springs-Estero, FL UZA. ($4,375,085) will be utilized for several projects that will maintain and/or enhance the Transit system for the Community. A portion of the funds will be utilized to improve safety and security by purchasing and installing fencing, with a useful life of 10 years.
Funds will be used to cover all eligible preventive maintenance and operating expenses such as the operation contract expenses and fuel, 40ft Bus for replacement, support vehicles, bus stop signage, Intelligent transportation system (ITS) annual support and warranty, infotainment system and facility safety and security enhancements.
Transportation Development Credits in the amount of $774,196 will be utilized as the soft match for the capital grant projects in this grant. Collier County will comply with FTA's Buy America requirement. Collier County will follow all 3rd party procurement policies as defined in C4220.1F (Third Party Contracting Guidance). Collier County will ensure that contractors procured will not be on the FTA Suspension and Debarment list. The overall start and end dates are 10/1/2026-03/30/2037.

Project Benefits
Residents and visitors of Collier County will benefit from this project by improving the operations and efficiency of the Collier Area Transit System.

Additional Information
None provided.

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description
Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 07: Acquisition, installation, rehabilitation, replacement, and maintenance of vehicles or equipment, within or accommodated by existing facilities, that does not result in a change in functional use of the facilities, such as: equipment to be located within existing facilities and with no substantial off-site impacts; and vehicles, including buses, rail cars, trolley cars, ferry boats and people movers that can be accommodated by existing facilities or by new facilities that qualify for a categorical exclusion.

Bus Associated Transit Improvements (119-00)	11.92.08	PURCHASE SIGNAGE	630	$25,000.00	$25,000.00

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description
Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 08: Maintenance, rehabilitation, and reconstruction of facilities that occupy substantially the same geographic footprint and do not result in a change in functional use, such as: improvements to bridges, tunnels, storage yards, buildings, stations, and terminals; construction of platform extensions, passing track, and retaining walls; and improvements to tracks and railbeds.

Project Description
The Collier County portion of the FY26 5339 funding for the Bonita Springs-Estero, FL UZA $498,463 for FY26 will provide funding for the rehabilitation to the fuel island and administrative facility rehabilitation. Additionally funding will be utilized for purchases of replacement radio equipment and a portion of a 35ft bus.
Transportation Development Credits in the amount of $124,616 will be utilized as the match for the capital grant projects in this grant. The overall start and end dates are 10/1/2026-03/30/2037. Collier County is not applying an indirect cost rate to the activities within this application. Collier County does not have a sub-recipient.

Project Benefits
By purchasing this vehicle, residents and visitors of Collier County will benefit from this project by receiving continued quality service to the Collier Area Transit System.

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description
Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 07: Acquisition, installation, rehabilitation, replacement, and maintenance of vehicles or equipment, within or accommodated by existing facilities, that does not result in a change in functional use of the facilities, such as: equipment to be located within existing facilities and with no substantial off-site impacts; and vehicles, including buses, rail cars, trolley cars, ferry boats and people movers that can be accommodated by existing facilities or by new facilities that qualify for a categorical exclusion.

Subject: FFY 2026 / FTA Section 5307 Large Urban Split Letter

Dear Ms. Upthegrove:

As designated recipient of the Federal Transit Administration (FTA) Section 5307 Grant funds for the Bonita Springs-Estero, FL, Florida Urbanized Area (UZA #8974), Collier County consulted with all potential grantees in the urbanized area and is writing to the FTA Regional Office, through the Florida Department of Transportation, to inform FTA of the intent and decision to transfer a part of the apportionment to the FTA direct recipient Lee County (UZA#13510). The following is the allocation of the Section 5307 Large Urban Apportionment for FY 2026 that will be transferred to Lee County.

FY 2026 FTA Section 5307 Large Urban Split Amount of $ 1,566,030

As identified in this Split Letter, the Designated Recipient, Collier County, authorizes the assignment/ allocation of Section 5307 Large Urban funding to the Direct Recipient, named herein. The undersigned agree to the Split Letter and the amount allocated/assigned to each Direct Recipient. Each Direct Recipient is responsible for its application to the Federal Transit Administration to receive Section 5307 Large Urban funds and assumes the responsibilities associated with any award for these funds.

If you should have any questions, I can be reached at 239-252-5840.

Respectfully,

SheffeyEllen Digitally signed by SheffeyEllen Date: 2026.05.26 16:22:34 -04'00'

FTA CERTIFICATIONS AND ASSURANCES

Public Transportation Agency Safety Plan (PTASP)

Applicants and recipients of Section 5307 grants and rail transit agencies that are subject to the State Safety Oversight Program must certify to Category 2: Public Transportation Agency Safety Plans (PTASP). The deadline for certification was July 20, 2020, however, in light of the extraordinary challenges presented by the COVID-19 public health emergency, FTA issued a Notice of Enforcement Discretion for the PTASP regulation (49 CFR Part 673). FTA will refrain from taking enforcement action until July 21, 2021 for applicants and recipients unable to certify compliance with the PTASP regulation before July 20, 2021. While applicants and recipients are encouraged to certify compliance as soon as reasonably practicable under the current circumstances caused by the COVID-19 public health emergency, those who do not certify compliance until July 20, 2021 remain eligible for Chapter 53 grant funds.

Affirmation of Applicant

Affirmation of Applicant BY SIGNING BELOW, on behalf of the Applicant, I declare that it has duly authorized me to make these Certifications and Assurances and bind its compliance. Thus, it agrees to comply with all federal laws, regulations, and requirements, follow applicable federal guidance, and comply with the Certifications and Assurances as indicated on the foregoing page applicable to each application its Authorized Representative makes to the Federal Transit Administration (FTA) in the federal fiscal year, irrespective of whether the individual that acted on his or her Applicant's behalf continues to represent it.

The Certifications and Assurances the Applicant selects apply to each Award for which it now seeks, or may later seek federal assistance to be awarded by FTA during the federal fiscal year.

The Applicant affirms the truthfulness and accuracy of the Certifications and Assurances it has selected in the statements submitted with this document and any other submission made to FTA, and acknowledges that the Program Fraud Civil Remedies Act of 1986, 31 U.S.C. § 3801 et seq., and implementing U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR part 31, apply to any certification, assurance or submission made to FTA. The criminal provisions of 18 U.S.C. § 1001 apply to any certification, assurance, or submission made in connection with a federal public transportation program authorized by 49 U.S.C. chapter 53 or any other statute.

In signing this document, I declare under penalties of perjury that the foregoing Certifications and Assurances, and any other statements made by me on behalf of the Applicant are true and accurate.

Official's Name Trinity Scott

RE: Transportation Development Credit Request: State Fiscal Year 2026/2027
Federal Transit Administration Section 5339 & 5307 Capital Grant Application
Federal Grant Management Project Number: 1032-2026-1)
State Financial Management Number: 410146-1-94-27 & 434030-1-94-27

Dear Ms. Sheffey:

This letter responds to Collier County / Collier Area Transit's request on June 6, 2026 to the Florida Department of Transportation for $1,172,255.00 in Transportation Development Credits (TDCs) to be used as “soft match” for Collier County / Collier Area Transit's State Fiscal Year 2026/2027 Section 5339 & 5307 capital grant application to the Federal Transit Administration (FTA). This grant will be used for a variety of transportation-related projects including preventative maintenance for 1-year, ADA paratransit services for 1-year, 40 ft bus replacement, two support vehicles, bus stop signage, ITS support and warranty, infotainment system, facility safety and security enhancements. It will also provide funding to construct fuel station and administrative facility improvements, replace radio equipment and partially fund a 35 ft replacement bus.

The Department concurs with Collier County / Collier Area Transit's request by authorizing the $1,172,255.00, according to the enclosed Department memorandum of June 24, 2026 from Ms. Gabrielle Matthews, Public Transit Office Manager.

The following two actions are very important for Collier County / Collier Area Transit's staff to carry out:

1. The amount and the use of these TDCs, the Department’s Financial Management Project Number and the page in the State Transportation Improvement Plan (STIP) where this project is listed should be included in Collier County / Collier Area Transit's FTA Section 5339 & 5307 grant application project budget sheets, and

2. Please send a copy of this letter and Ms. Matthews's authorization memorandum to the FTA Project Manager for Collier County / Collier Area Transit's.

Please feel free to contact me at 863-519-2484 or at victoria.upthegrove@dot.state.fl.us should you need additional information or assistance.

Sincerely,

SUBJECT: Authorization for the use of toll revenue credits as FTA "soft match" for Collier Area Transit for FM# 410146-1-94-27 & 434030-1-94-27/ Section 5307 and 5339 / Grant Number 1032-2026-1

This is in response to the correspondence dated June 6, 2026 requesting the Department's authority to grant a request by Collier Area Transit to use state toll revenue credits in the amount of $1,172,255.00 ($1,047,639.00 for 410146-1-94-27 / $124,616.00 for 434030-1-94-27) as soft match for the capital portion of their Section 5307 and 5339 grant application for FTA FFY27. In accordance with Title 23 United States Code Section 120(i)(1) and the State of Florida's adopted policy regarding the use of toll revenue credits for public transit capital and planning projects, we concur with your determination of eligibility and hereby authorize for Collier Area Transit to use $1,172,255.00 in State of Florida toll revenue credits as soft match for this FTA project.

Use of the toll revenue credits as soft match will effectively allow for FTA funding of capital projects at a 100% federal share. When providing a copy of this authorization to Collier Area Transit, please ask them to reference the use of this credit in their project budget sheets of their FTA application and send a copy of this authorization letter to their FTA Project Manager. **Also include the item number reference where these projects are included in the STIP.** FDOT will work with the Federal Highway Administration to ensure that the use of the toll revenue credits is properly accounted for and recorded.

If you have any questions, please contact Gabrielle Matthews, Public Transit Office Manager, at 850-414-4803.

GM/mk

Executive Summary

Recommendation to approve Budget Amendments within various Transportation Management Services Department cost centers to recognize revenues received from traffic accident reimbursements from insurance companies in the amount of $28,184.33 (Road & Bridge Administration 163620); $34,065.04 (Traffic Operations 163630); $13,088 (Transportation Engineering 163651); and $253,565.17 (Median Maintenance Project 60265).

OBJECTIVE: To recognize revenues received from traffic accident reimbursements from Insurance Companies to use for repairs.

CONSIDERATIONS: The Road, Bridge, and Stormwater Maintenance and Traffic Operations and Planning Divisions' staff coordinate with the Risk Management Division to collect reimbursements for damages due to traffic crashes within the right-of-way, including guardrail, landscape, irrigation, and traffic signal damages. By recognizing revenues from traffic crashes and other similar events, repairs can be made to replace damaged plant material and broken irrigation components and to replace any other incidental landscape work within the county rights of way as well as the repair of damaged traffic signals, mast arms and traffic signal cabinets. For guardrail removal and replacement, in-house crews repair damage immediately to ensure the safety of the driving public. These repairs are completed year-round. Landscape repairs, future improvements to impacted areas, and other incidental landscape repairs are made during the summer months to minimize disruptions to traffic flow.

This item is consistent with the Collier County strategic plan objective Quality of Place by preserving and enhancing the character of the community, and the objective Infrastructure and Asset Management by collaborating interdepartmentally to plan and build public infrastructure and facilities to effectively, efficiently, and sustainably meet the needs of our community.

FISCAL IMPACT: Budget amendments totaling $328,902.54 are necessary to recognize revenue to provide funding for operating expenditures within the below funds:

Funding Source	**Amount**
Transportation Service Fund (1001)	$75,337.37
Transportation Capital Fund (3081)	$253,565.17
Total	**$328,902.54**

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this Executive Summary.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, presents no legal issues and requires a majority vote for approval. -JAK

RECOMMENDATION(S): Recommendation to approve Budget Amendments in various Transportation Management Services Department cost centers to recognize revenues received from traffic crash reimbursements from insurance companies in the amount of $28,184.33 (Road & Bridge Administration 163620); $34,065.04 (Traffic Operations 163630); $13,088 (Transportation Engineering 163651); and $253,565.17 (Median Maintenance Project 60265).

Executive Summary

Recommendation to approve a Third Amendment to the Leasehold Agreement with the City of Naples Airport Authority extending the term for five years, through October 18, 2031, for the continued operation of the Naples Recycling Drop-off Center, and authorize the Chair to execute the Amendment.

OBJECTIVE:

To provide customers safe, efficient, and environmentally friendly disposal of recyclable materials and household hazardous waste.

CONSIDERATIONS:

On October 20, 2011, the County entered into a Leasehold Agreement ("Lease") with the City of Naples Airport Authority ("Authority") for operation of the Naples Recycling Center. The Agreement was subsequently amended by the First Amendment dated May 24, 2016, which extended the term through October 18, 2021, and the Second Amendment dated August 19, 2021, which extended the term through October 18, 2026.

Under the Lease, the County leases approximately 3.56 acres within the North Quadrant of the Naples Airport for use by the Solid & Hazardous Waste Management Division ("SHWMD") as the Naples Recycling Drop-off Center.

This Recycling Drop-off Center is one of five conveniently located recycling drop-off centers, offering customers proper disposal of environmentally sensitive materials. Together these centers divert over two million pounds of household hazardous waste annually. Each year, more than 26,500 customers utilize the Naples Recycling Drop-off Center to properly dispose of accepted materials at minimal or no cost to ensure environmentally responsible disposal.

The proposed Third Amendment extends the lease term for an additional five years and incorporates updated federal and state regulatory requirements.

Key Terms:

Term: Five-year extension through October 18, 2031.

Termination: Either party may terminate the Agreement with or without cause upon 120 days' written notice.

Rent: The current annual rent is $90,727.68, paid in monthly installments of $7,560.64. The Third Amendment does not establish a separate rent increase.

The Authority may adjust the rent each October 1st in accordance with its rent adjustment program, as provided in the original lease. The rent adjustment program incorporates periodic property appraisals and annual increases based on the Consumer Price Index ("CPI").

At the Authority's request, the County is considering the Amendment first in its capacity as tenant. The Amendment is scheduled for consideration by the Authority's Board on August 20, 2026, and the Authority's staff and legal counsel have provided written confirmation of their support. The Amendment will not become effective until approved and executed by both parties.

This item is consistent with the Community Development element of the Collier County Strategic Plan to provide services and programs that sustainably manage the County's waste, as well as the Quality of Place element through the protection of natural resources and preservation and enhancement of community character. The item is consistent with the Integrated Solid Waste Management Strategy for diversion and material recycling.

FISCAL IMPACT:

The annual rent is budgeted in the Naples Recycling Center Cost Center (173441) in the Solid Waste Disposal Fund (Fund 4070)

GROWTH MANAGEMENT IMPACT: There is no impact to the Growth Management Plan.

LEGAL CONSIDERATIONS:

This item is approved as to form and legality and requires a majority vote for approval. - SAA

RECOMMENDATION(S):

To approve a Third Amendment to the Leasehold Agreement with the City of Naples Airport Authority for the continued operation of the Naples Recycling Drop-off Center, and authorize the Chair to execute the Amendment.

as Authority and COLLIER COUNTY, a political subdivision of the State of Florida (the "County"), whose address, telephone number, fax number and email are:

3299 Tamiami Trail East, Suite 101, Naples, Florida 34112
phone no. 239-252-8743, fax no. 239- 252-8876
e-mail:michaeldowling@colliergov.net

(collectively, the "Parties" or the "Party").

RECITALS

WHEREAS, the County provides a recycling facility for residential and commercial customers within Collier County;

WHEREAS, the County desires to lease from Authority a parcel of land in the north quadrant of the Naples Municipal Airport (the "Airport") being a 155,100 square foot parcel depicted and more particularly described and illustrated on Exhibit "A" attached hereto and made a part hereof (the "Leased Premises");

WHEREAS, the Leased Premises are not included within the future development plans for the Authority. The Authority has agreed to lease the Leased Premises to County under certain terms and conditions; and

NOW, THEREFORE, for and in consideration of the mutual covenants and premises provided herein, and other good and valuable consideration, the receipt and sufficiency of which are mutually acknowledged, the Parties agree as follows:

1. RECITALS.

The foregoing recitals are true and correct and are hereby incorporated by reference as if fully set forth herein.

2. PURPOSE.

The purpose of this Lease is for the Authority to lease the Leased Premises and for the County to accept the Leased Premises for the sole purpose of operating a recycling center.

3. STATEMENT OF LEASE.

In consideration of the faithful performance by County of the terms, conditions, and covenants herein contained, Authority does hereby lease to County and the County does hereby accept the Leased Premises together with any improvements now existing or hereafter constructed thereon, as illustrated and described on Exhibit "A."

4. LEASE TERM.

The Leased Premises are leased to County for a term of five (5) years. The term of this Lease shall commence upon the Effective Date and shall continue uninterrupted for five (5) years thereafter (the "Lease Term"), unless the Lease shall be sooner terminated as hereinafter provided.

Both County and the Authority shall have the right to terminate this Lease for any reason, upon ninety (90) days prior written notice, as set forth in Section 32 of this Lease, to the other of its intent to terminate.

5. RATES, FEES AND CHARGES.

The County hereby covenants and agrees to pay as rent for the Leased Premises the sum of Three Thousand Five Hundred Twenty-one Dollars and Seventy-four Cents ($3,521.74) per month, (the "Base Rent") in advance, on the first day of every calendar month during the Lease Term.

In the event the County fails to pay the rent, fees or charges as required to be paid under the provisions of this Lease within thirty (30) days after the same shall become due, interest at the rate of one percent (1%) per month shall accrue against the delinquent payment(s) until the same are paid. Implementation of this provision shall not preclude the Authority from terminating the Lease for default in the payment of rent, fees or charges, or from enforcing any other provision contained herein.

The monthly rent shall at no time be less than the Base Rent. The Authority and County, however, agree and stipulate that the rent may be unilaterally increased by the Authority, annually, effective October 1 of each year, in accordance with the Authority's rent adjustment program.

6. USE OF PREMISES.

County, upon the faithful performance of such covenants, agreements and conditions required by law, or this Lease, shall and may, peaceably enjoy the Leased Premises. Such quiet enjoyment is conditioned upon County adhering to the following terms:

A. Permitted Use of Leased Premises. The County shall be permitted to utilize the Leased Premises for only the following purposes: (i) for use as a recycling center and for construction material, only when in compliance with all federal, state and local laws and ordinances and when in compliance with all applicable environmental standards and guidelines, and (ii) uses incidental or related thereto, upon the prior written approval of the Authority (collectively, the "Permitted Uses").

B. Non-Exclusive Use. County, as well as County's agents, employees, and customers, are permitted non-exclusive use of all roads, rights-of-way and driveways to and from the Leased Premises in common with other airport users. County has the right to free access, ingress to and egress from the Leased Premises. The Authority may, at any time, temporarily or permanently close or consent to the closing of any roadway or other right-of-way for such access, ingress or other area of the Leased Premises presently or hereafter used as such. In such a case, a means of access, ingress and egress reasonably equivalent to that formerly provided shall be substituted and concurrently made available.

7. LIMITS ON USE

A. Aeronautical Uses. County shall not engage in any aeronautical activities.

B. Protection of the Environment. County agrees that it will not use, nor permit the Leased Premises to be used, for any unlawful or environmentally hazardous purpose, defined to include conduct and activity prohibited by Federal, State, local law or ordinance.

C. Improvements. County may construct, install, erect and maintain buildings or other permanent improvements on the Leased Premises, but only in accordance with plans and specifications which have first been approved in writing by the Authority, and in accordance with ordinances, guidelines, rules and regulations of the Federal Aviation Administration (the "FAA"), the Authority, the Collier County Comprehensive Development Code requirements, and other governmental agencies having jurisdiction over the land constituting the Leased Premises.

8. ADDITIONAL OBLIGATIONS OF THE COUNTY

The County shall demolish and remove the existing concrete wall running along Enterprise Avenue (the "Wall"), on a portion of the Leased Premises and the area

surrounding the removed Wall shall be graded and landscaped to the Authority's satisfaction in accord with a landscape plan approved by the Authority. The Parties acknowledge that the cost of the demolition, removal and landscaping is estimated to be $27,700.00 (Twenty-Seven Thousand, Seven Hundred Dollars, and no Cents) and the Parties agree to each pay one half of the cost. County shall complete Wall removal and all improvements no later than sixty (60) days after the approval and acceptance of this Lease by the Board of County Commissioners.

County shall contract the demolition of the Wall, the landscaping improvements and pay for same directly. The Authority shall abate County's rent for the Authority's one half of the cost of the improvements ($13,850.00) (Thirteen Thousand, Eight Hundred Fifty Dollars and no Cents), which shall be credited to County's monthly rent during the first year of the Lease Term, and therefore County shall not be required to pay rent for the months, taken as a credit for November ($3,521,74), December ($3,521,74), January ($3,521,74), and February ($3,284,78).

If County shall terminate this Lease, at any time, County shall reimburse the Authority, monthly, for County's amount of the rent abatement (example: If County shall terminate the First Year = $13,850; Second Year = $11,080; Third Year = $8,310; Fourth Year = $5,540; Fifth Year = $2,770).

9. CONSTRUCTION ACTIVITY.

The County may, at any time and from time to time, after written approval by the Authority, erect, maintain, alter, remodel, demolish, rebuild, replace and remove buildings and other improvements on the Leased Premises. Prior to commencing the construction of any improvements, the County shall deliver to the Authority a site plan depicting the improvements and the location thereof within the Leased Premises together with all drawings, plans and specifications applicable thereto (collectively, the "Plans and Specs"). The Authority shall provide written notice of any objections to the Plans and Specs within thirty (30) days of receipt from the County, failing which the same shall be deemed to have been approved by the Authority. The foregoing notwithstanding, the Authority's right to object to the Plans and Specs shall be limited to any matters that are in violation of applicable laws including, without limitation, FAA laws (or other regulations applicable to the airport), zoning laws, SFWMD regulations or any other laws or ordinances applicable to the Leased Premises. All construction of improvements must conform with the approved Plans and Specs and shall be constructed or installed in accordance with all applicable statutes, ordinances, building codes, and rules and regulations of the Authority, and any other authority that may have jurisdiction over the Leased Premises. County is solely responsible for determining and obtaining all necessary permits and approvals, and for paying any and all fees required, for the construction. The Authority's approval of County's plans and specifications does not constitute a representation or warranty as to its conformity with City of Naples building standards, codes or zoning.

Prior to commencing construction the County shall comply with the following provisions:

A. Alterations. It is expressly agreed that in the event that the County intends to make external alterations to existing improvements on the Leased Premises, it shall provide the Authority with sixty (60) days written notice prior to the date intended for the commencement of such alterations to permit Authority time to review and consider the planned alterations before making any final determination in connection therewith.

B. Inspection and Acceptance. County shall obtain building permits and approvals required. All improvements including, but not limited to, buildings, site preparation, sub-grade preparation, paving, drainage, and overall development of the premises, shall be subject to inspection, testing, and acceptance in accordance with applicable law.

C. Engineering. County shall set the necessary boundary stakes on the Leased Premises and shall provide any surveys required for the design of the area paving. Any material deviation from the approved Plans and Specification must have prior approval by the Authority (subject to the limitations set forth above) and any required governmental agency.

D. Utilities. Upon the prior written approval by the Authority, County may install other utilities on the Leased Premises at its own cost and expense, including all connection, inspection, and service fees. All utilities must be installed underground, unless agreed to in writing by the Authority. The Authority may negotiate with County for the over sizing or extension of utilities to serve other parcels on the Airport Parcel.

E. Paving and Concrete. Any roadway access must be in accordance with the Florida Department of Transportation standards as set forth in the "Manual on Uniform Standards" for comparable construction. Construction of concrete building slabs will be designed to accommodate building loads and heavy truck loads, as applicable.

F. Finish Site Grading. County shall perform, at County's expense, all finish grading of the Leased Premises.

G. Frontage Clearances. County must construct the improvements so that all frontages and clearance of the improvements are in compliance with County standards and so they do not encroach upon any building restriction line.

Notwithstanding anything in this Lease to the contrary, it is expressly understood and agreed by the Parties that any buildings, improvements, fixtures, machinery and equipment of whatsoever nature at any time constructed, placed or maintained upon any part of the Leased Premises shall be and remain the sole and exclusive property of the County during the Lease Term. The County shall have the right at any time to remove any and all buildings, improvements, fixtures and equipment owned or placed by the County in, under or upon the Leased Premises.

10. DISCHARGE OF LIENS.

County shall not cause or allow any Lis Pendens, construction, labor, mechanic's or materialman's lien to be filed against the Leased Premises, the Authority or the Authority's real or personal property. In the event of the filing of any lien, or any other charge whatsoever against the Leased Premises, the Authority or its property, County shall immediately take all necessary action to secure the release of same and shall provide, at County's expense, all bonds, security or undertakings to accomplish the release of such liens. In the event County fails to secure the release of any such liens within forty five (45) days of the date the County is notified of the same, the Authority shall have the right, but not the duty or obligation, to take any action it deems appropriate to secure the release of any such lien including paying the underlying obligation to the lienor. To the extent permitted by law, County agrees to indemnify and hold the Authority harmless from all liability, damages associated with this provision, expense and costs including reasonable attorney's fees.

11. RULES AND REGULATIONS.

County shall observe and comply with, at its own expense, all laws, policies, ordinances, rules, and regulations promulgated by the Authority and any appropriate City, County, State, or Federal authority or agency having jurisdiction over the Airport and the Leased Premises during the Lease Term.

12. AIRPORT OPERATIONS.

A. Conduct of Business by County. In the use of the Leased Premises pursuant to this Lease, County shall conduct its operations in a environmentally safe, legal, honest, orderly and proper manner so as not to interfere with the rights and privileges of others at the Airport and shall be responsible for the conduct of its employees and invitees. Upon receipt of complaints about the conduct of its business, County agrees to cooperate immediately to address such complaints and correct any improper conduct.

B. Airport Hazards. County agrees to refrain from any act or omission which would interfere with or adversely affect the operation or maintenance of the Airport, disturb the quiet enjoyment of the use of the Airport Parcel or surrounding property or otherwise constitute an Airport hazard. Activities which may constitute airport hazards including but not limited to any activity on the Leased Premises which directly or indirectly attracts birds or other wildlife, produces unlawful amounts or levels of chemical, biological or electromagnetic radiation, air pollution (gasses, particulate matter, odors, fumes, smoke or dust), water pollution, excessive noise, glare, heat emissions, radioactivity, electronic or radio interference with navigation and communication facilities for the operation of the Airport and its use by aircraft, vibration, prop-wash, or jet blast, or which is hazardous or dangerous by reason or risk of explosion, fire, or harmful emissions.

13. CONDITION OF PREMISES.

A. Phase II Environmental Site Assessment. The Authority and the County agree that on or about the Effective Date a Phase II Environmental Site Assessment (the "Base Line Phase II") will be conducted by the Parties. The Base Line Phase II shall establish a base line for the environmental condition of the Leased Premises on the date thereof. The Parties shall sign the Phase II indicating their agreement that it accurately sets forth the environmental condition of the Leased Premises.

At the expiration of this Lease, or within sixty (60) days thereafter, if this Lease runs to the Lease Term or within sixty (60) days after this Lease is terminated by either Party prior to term specified in Section 4 above, the County shall conduct a second Phase II Environmental Site Assessment (the "Termination Phase II"). The Authority shall compare the Base Line Phase II to the Termination Phase II to establish the increase in contamination caused by the County's activities. The County shall be responsible for any contamination of the Leased Premises occurring during County's tenancy whether or not due to the acts or omissions of the County, its officers, employees, business invitees, subtenants or assigns, and shall decontaminate and clean-up the Leased Premises at its own expense. The County shall document the clean-up or decontamination and provide to the Authority satisfactory evidence that the Leased Premises is no longer contaminated above the Base Line Phase II. The Leased Premises shall not be deemed to be decontaminated until the Authority so states in a written document to County. Any expense incurred by the Authority in clean-up or decontamination shall be paid by the County.

B. County Accepts Leased Premises "As Is". County intends and agrees to improve Leased Premises and accepts the Leased Premises, and any improvements and appurtenances thereto, in addition to the land in its present "as is" condition as suitable for the purpose for which the Leased Premises are leased.

C. No Liability. The Authority shall not be liable for any damages or loss suffered by County, or for injuries to persons or Leased Premises occasioned by (1) lapses in service, (2) malfunctions, bursting, overflowing, or leaking of water or sewer pipes, or from heating, air conditioning or plumbing fixtures, or from (3) electric wires, (4) water leaks of any kind, or (5) erosion or deterioration of the roads, rights-of-way or driveways during the term of this Lease.

D. Non-Liability of County. County further acknowledges that no representations as to the condition of the soil, or the geology of the soil, on the Leased Premises, expressed or implied, have been made by the Authority, its officers, employees or agents prior to or at the execution of this Lease other than those contained in the Base Line Phase II. Notwithstanding the foregoing, County, its officers, employees, agents, successors and assigns, will not be responsible for any damage to or contamination of the Leased Premises in the event that such damage or contamination is directly due to or caused by the act of the Authority, or its officers, employees, agents successors or assigns.

14. FLAMMABLE MATERIALS.

Except as reasonably necessary or incidental to the County's use of the Leased Premises, flammable or explosive gases, liquids or solids shall not be allowed, kept or used on the Leased Premises. All such flammable materials shall only be delivered in amounts, and stored and used, as approved by the Authority in accordance with the rules of the Florida Inspection and Rating Bureau and all other applicable statutes, guidelines, ordinances, rules and regulations in force and effect during the term of this Lease.

15. WASTE, REPAIR, MAINTENANCE AND CLEANLINESS OF PREMISES.

County understands that good maintenance is an on-going obligation, and agrees to the following:

A. Waste. County shall not commit, nor suffer to be committed, any waste or contamination on the Leased Premises, including physical damage to the Leased Premises, either negligent, intentional, or fail to repair and maintain the Leased Premises.

B. Repair and Paint. Throughout the Lease Term, County shall keep and maintain, at its own cost and expense, the Leased Premises and any improvements, fixtures, equipment, or landscaping thereon, in good order and repair, as reasonably determined by the Authority. County shall make all necessary repairs thereto, including, without limitation, all structural and non-structural repairs, including repairs to building interior, building exterior, paving, site improvements, fixtures, facilities and equipment, and shall replace all broken glass with glass of the same size and quality as that broken. All painted exterior surfaces and surfaces requiring treatment of any kind must be maintained in good condition and must be repainted or treated when reasonably required to preserve the structure and to maintain high standards of appearance at the Airport. All maintenance, repairs, and replacements must be of a quality substantially equal to the original materials and workmanship.

C. Failure to Repair and Maintain. In the event County fails to promptly undertake the obligations imposed herein within ninety (90) days of written notice by the Authority to the County, the Authority, in addition to the other remedies provided herein, shall have the right to enter on to the Leased Premises and effect such repairs and recover those costs and expenses from County.

D. Liquid and Solid Waste. County shall provide, as necessary, safe containment for solid waste and a separate drainage, collection, or separation system to ensure that no untreated liquid waste be discharged directly on adjacent property or into the Airport's storm drainage or sanitary system.

E. Damage Caused. County agrees to immediately report to the Authority any damage County, its customers, visitors, agents, contractors or employees cause to the runways, taxiways, taxi lanes, roads, rights-of-way and driveways to and from the Leased Premises which it uses in common with other Airport users. County shall reimburse the Authority for the actual cost of repairs to these common areas caused by the County or those using the Airport by or through County.

F. Fence. If applicable to the Leased Premises, County shall erect and, at all times during the term of this Lease, maintain an FAA-recommended fence as part of the Airport perimeter fence line. The County's portion of the fence line shall be specified and approved by the Authority. The County's portion of the fence shall be constructed and maintained at County's sole cost and expense.

16. STORM WATER DISCHARGE

County assures that no contaminants, pollution or hazardous material of any type will be discharged onto adjacent property or into the storm water system at the Airport, and agrees to be held responsible for any discharge either by County or by any of County's subtenants, agents, or employees, during the entire Lease Term. Any fine or expense for remedial action required by the Authority, by any agency or agencies having jurisdiction, as a result of actions on or discharges from the Leased Premises, will be charged to County, and County shall immediately reimburse Authority for these costs, including attorneys' fees upon demand.

17. SECURITY

The Authority is under no obligation to provide security to the Leased Premises. County may, at County's sole expense, employ security personnel, install security lighting, or maintain alarm systems. If County elects to install outdoor lighting, County must request permission from the Authority prior to installation. If at any time during the Lease Term, additional security requirements are imposed on the Naples Municipal Airport by the Federal Aviation Administration ("FAA"), Transportation Security Administration ("TSA"), or any other agency having jurisdiction over the Airport, County agrees to comply with such additional security requirements, at County's sole expense, upon notification of such requirements in writing by the Authority.

18. UTILITY SERVICES, TAXES/FEES

A. Utilities. County shall pay for all utilities with respect to the Leased Premises or the occupancy thereof, including without limitation, all costs of electric, water, sewer, telephone and other services. County shall have the privilege, at its expense, to access the water, storm water management, electrical, and phone utility service facilities during the term of this Lease. Should County's operations require additional service facilities, County shall, at its expense, extend such facilities to the Leased Premises and pay the cost for all labor and materials. Authority's obligation under this provision shall be limited to the facilities presently constructed as of the date of this Lease, and nothing herein

shall obligate Authority to provide any utility to County that is not presently conveniently available to the Authority within the Airport.

B. Taxes and Fees. County shall pay when due all valid taxes, special assessments, excises, license fees and permit fees of whatever nature applicable to its operation or levied or assessed against the Leased Premises, or improvements thereto. County shall take out and keep current all licenses, permits and certificates (City, County, State and Federal) required for the conduct of its activities at and upon the Airport and Leased Premises, if any.

19. INDEMNIFICATION.

Each Party shall be liable for losses for the acts or omissions of its own officers, employees, agents and contractors. To the extent permitted by law, each Party shall save and hold harmless and indemnify the other and the other's past and present commissioners, directors, managers, employees, agents, insurers, attorneys, representatives, successors, and assigns, in both their individual and representative capacities, of, from and against any and all liabilities, losses, damages, costs, expenses, causes of action, suits, penalties, claims, demands, and judgments of every kind and nature, including, without limitation, attorneys' fees and expenses of defense (through all appeals), arising out of or in connection with:

A. any negligent act or intentional act of said Party or said Party's personnel, employees, subtenants, agents, suppliers, subcontractors, licensees, invitees or trespassers;

B. the failure to fulfill any obligations of said Party under this Lease;

C. the use and possession of the Leased Premises.

The indemnification obligations under this Section shall survive the Lease termination. This Section shall also pertain to any claims brought against any Party (and said Party's past and present commissioners, council members, officers, employees, agents, insurers, attorneys, representatives, successors, and assigns), in both their individual and representative capacities, by the other Party, any of the other Party's personnel, employees, agents, suppliers, subcontractors, licensees, invitees or trespassers and anyone claiming by or through the other Party. Each Party's obligations under this Section shall not be limited in any way by County's limits of, or lack of, sufficient insurance protection. Nothing in this Lease shall constitute a waiver of sovereign immunity under Section 768.28, Florida Statutes, or any other applicable law or regulation.

20. INSURANCE REQUIREMENTS.

A. Insurance Coverage. County agrees to secure and maintain in force at its expense, a fire insurance policy with extended coverage endorsement, including

vandalism and malicious mischief, covering the Leased Premises and all improvements thereon and contents thereof for full replacement value. County further agrees to secure and maintain, at its own expense, a general liability insurance, covering County's activities, its use of the Leased Premises, its operations at the Airport, including its liability under the indemnities herein. The liability insurance policy shall have coverage limitations providing no less than $1,000,000.00 per person and $1,000,000.00 per incident, naming the Authority as an additional covered Party; and, shall not be subject to cancellation or change except after thirty (30) days prior written notice of such cancellation or change to the Authority.

B. Changes in Policy. County shall provide Authority with notice of any proposed change to any insurance policy. The Authority maintains the right to reject a proposed change in County's insurance coverage or carrier, and in the event of a policy cancellation, the County is required to obtain satisfactory successor insurance without lapse.

C. Authority as Additional Covered Party. All such insurance policies shall name Authority as an additional covered Party.

D. Evidence of Insurance. County shall secure and deliver annually to Authority appropriate insurance certificates showing evidence of coverage as required hereunder.

E. Form of Policies. All policies of insurance required under this Section must be in a standard form and written by qualified insurance companies satisfactory to the Authority. All certificates of insurance shall state that "the City of Naples Airport Authority," is named as an additional covered Party under the policy. Further, all policies and certificates must contain a provision that written notice of policy lapses, cancellation, and any changes shall be delivered to the Authority no fewer than thirty (30) days in advance of such effective date. All insurance policies shall contain a clause or endorsement by which the insurance carrier waives all rights of subrogation against Authority, except where the Authority or its agents are liable for a specific act of gross negligence.

F. Notice. County must give the Authority prompt and timely notice of any claim made or suit instituted of which it is aware that in any way directly, indirectly, contingently, or otherwise affects or might affect the Authority, and the Authority shall have the right to participate in the defense of the claim to the extent of its own interest.

G. Lapse of Insurance Coverage. If County shall fail to maintain insurance coverage as required, then the Authority may, but is not obligated to, obtain same and add the cost of such insurance to next due Lease payment. If the Authority does so, it may charge interest thereon at the rate of 18.0% per annum, or at the maximum interest rate permitted by law in the State of Florida, whichever is greater, provided, however, that this provision shall not be construed to create an obligation for County to pay a usurious rate of interest to the Authority, from the time of payment, which shall be added to the rental becoming due, and shall be collected as an additional charge.

21. ACCESS TO PREMISES.

County agrees to allow the Executive Director, and other duly authorized representative or agents of Authority, access at all reasonable times to the Leased Premises for the purpose of examining or inspecting same.

22. DEFAULT.

The following shall constitute an event of default on the part of County and cause for eviction:

A. Non-Payment of Rent. Failure to pay all rent fees or charges when due.

B. Other Obligations. Failure to perform any obligation, agreement or covenant under this Lease, such failure having continued for ninety (90) business days after the County's receipt of written notification of such default. County shall have the right to extend this ninety (90) day cure period if the failure cannot be reasonably cured within the ninety (90) day period and if, in the reasonable determination of the Authority, the County aggressively and diligently attempted to cure the default within the ninety (90) day period and continues to, diligently address the failure with the intention of eliminating it.

23. AUTHORITY'S REMEDIES.

Upon default by the County, the Authority shall have the right to all remedies available at law or equity.

24. DESTRUCTION OF PREMISES.

In the event that the Leased Premises or the improvements located thereon shall be destroyed in whole or in part by fire, hurricane, flood or other casualty, then County shall have the right, in its sole and absolute discretion, to terminate this Lease by delivering written notice to the Authority within thirty (30) days following said damage or destruction, failing which this Lease shall continue in effect.

25. ATTORNEY FEES.

The prevailing Party shall recover the attorney's fees and costs incurred to enforce any provision of this Lease including all costs of collection. Attorney's costs and expenses recoverable shall include all out of pocket expenses and shall not be limited by the Florida Statewide Uniform Guidelines for Taxation of Costs in Civil Actions.

26. RIGHT OF FLIGHT OPERATIONS.

County acknowledges and agrees that the Authority reserves itself, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the Leased Premises, together with the right to cause in the airspace such noise as may be inherent in the operation of aircraft, now known or hereafter used, for navigation of or flight in the airspace, and for use of the airspace for landing on, taking off from, maneuvering, or operating on the Airport. County's use and enjoyment of the Leased Premises is subject to such noise and such other disturbance as may be inherent in such operations.

27. AIRCRAFT HAZARDS.

County acknowledges and agrees that the Authority reserves the right to take any action it considers necessary to protect the aerial approaches of the Airport against obstruction, together with the right to prevent County from erecting, or permitting to be erected, any building or other structure on or adjacent to the Airport which, in the opinion of the Authority, would limit the usefulness of the Airport or constitute a hazard to aircraft.

28. OBSTRUCTIONS.

County expressly agrees for itself, its successors and assigns, to restrict the height of structures, objects of natural growth and other obstructions on the Leased Premises to such height as to comply with Federal Aviation Regulations, Part 77.

29. GOVERNING LAW.

This Lease shall be governed by and interpreted according to the laws of the State of Florida. Any litigation involving this Lease or the use and occupancy of the Leased Premises shall be filed and litigated in Collier County, Florida, in a non-jury proceeding. County and Authority hereby waives and releases any right they have or may have to a trial by jury of any issue.

30. BINDING EFFECT.

This Lease shall be binding upon, and inure to the benefit of the Parties hereto and their successors and such assigns as may be approved by the Authority. This reference does not authorize an assignment or subletting by County that is inconsistent with the restrictions on assignments and subletting, stated heretofore.

31. REMEDIES CUMULATIVE-NO WAIVER.

The rights and remedies granted to Authority hereunder shall be deemed to be cumulative and non-exclusive. The failure by Authority at any time to assert any such

right or remedy shall not be deemed to be a waiver, and shall not preclude the entitlement to or the assertion of such right or remedy at a later date.

32. NOTICE TO PARTIES.

It is understood and agreed between the Parties hereto that written notice, mailed by certified mail, return receipt requested, or hand delivered to Authority or County or County's agent shall constitute proper and sufficient notice if sent to Authority addressed to: Executive Director, City of Naples Airport Authority, 160 Aviation Drive North, Naples, Florida 34104, and if sent to County, addressed to the place designated in the opening paragraph of this Lease.

33. SEVERABILITY.

In the event any immaterial provision of this Lease be determined by a proper judicial authority to be unenforceable, such provision shall be considered separate and severable from the remaining provision of this Lease, which shall remain in force and be binding as though such unenforceable provision had not been included, unless the Authority in the reasonable exercise of its discretion determines that the provision found to be unenforceable goes to the essence of the Lease and its absence renders the Lease defective, then this Lease shall terminate and be of no further force or effect.

34. ENTIRE AGREEMENT.

This Lease constitutes the entire agreement between the Parties hereto with respect to the subject matter contained in this Lease, supersedes any and all prior written or oral agreements or understandings, and may be modified only by a writing executed by the Parties hereto.

35. DOMINANT AGREEMENTS.

The Parties hereto expressly understand that this Lease is subordinate and subject to the Rules and Regulations, any and all lending, bonding, certificate of participation, Airport Master Lease and agreements between Authority and the Federal Aviation Administration, or between Authority and the State of Florida, or between Authority and City of Naples whether presently existing or hereinafter created. During times of war or national emergency, Authority shall have the right to lease the landing area or any part thereof to the United States Government for military or naval or similar use, and, if such lease is executed, the provisions of this instrument insofar as they are inconsistent with the provisions of the lease to the Government, shall be suspended. Any executed lease, including this one, shall be subordinate to the provisions of any existing or future Agreement between Authority and the United States, relative to the operation or maintenance of the Airport, the execution of which has been or may be required as a condition precedent to the expenditure of Federal funds for the development of the Airport.

36. RADON DISCLOSURE.

Radon is naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

37. FAA GENERAL CIVIL RIGHTS PROVISION

The County, by execution of this Lease, assures the Authority that it will comply with pertinent statutes, Executive Orders and such rules as are promulgated to assure that no person shall, on the grounds of race, creed, color, national origin, sex, age or handicap be excluded from participating in any activity conducted with or benefitting from Federal assistance. This Section obligates the County or its transferee for the period during which Federal assistance is extended to the airport program, except where Federal assistance is to provide, or is in the form of personal property or real property or interest therein or structures or improvements thereon. This Section obligates the County or any transferee for the longer of the following periods: (i) the period during which the Airport Parcel is used by the Authority for a purpose for which Federal assistance is extended, or for another purpose involving the provision of similar services or benefits; or (ii) the period during which the Authority or any transferee retains possession of the Airport Parcel.

38. HEADINGS.

The Section headings are included in this Lease for reference purposes only, and shall not be employed to interpret or to construe this Lease.

39. AUTHORIZATION.

Each person executing this Lease warrants and covenants that this Lease and his/her execution of it has been duly authorized and approved by his/her respective governing Board.

40. AMENDMENT.

This Lease shall not be altered, changed, or amended except by instrument in writing executed by the Authority and the County.

IN WITNESS WHEREOF, the Parties have caused this Lease to be executed by their appropriate officials, as of the day and year first above written.

Lease #250

FIRST AMENDMENT
TO
CITY OF NAPLES AIRPORT AUTHORITY LEASEHOLD AGREEMENT
LAND LEASE
NORTH QUADRANT LAND FILL SITE

THIS FIRST AMENDMENT TO CITY OF NAPLES AIRPORT AUTHORITY LEASEHOLD AGREEMENT LAND LEASE NORTH QUADRANT LAND FILL SITE ("Amendment"), entered into this 27 day of MAY, 2016, by and between the City of Naples Airport Authority, a political subdivision of the State of Florida, whose mailing address is 160 Aviation Drive North, Naples, Florida 34104, hereinafter referred to as "LESSOR," and Collier County, a political subdivision of the State of Florida, whose mailing address is c/o Real Property Management, 3335 East Tamiami Trail, Suite 101, Naples, Florida 34112, hereinafter referred to as "LESSEE."

WITNESSETH

WHEREAS, the LESSEE and LESSOR have previously entered into a City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site ("Lease") dated October 20, 2011, a copy of which is attached hereto; and

WHEREAS, the LESSEE and LESSOR are desirous of amending the Lease; and

NOW, THEREFORE, in consideration of the covenants and agreements provided within the Lease, and Ten Dollars ($10.00) and other valuable consideration, the Lease is hereby amended as follows:

1. The following provision is added to Article 4 of the Lease:

If this Lease is not terminated or expired by October 19, 2016, this Lease shall automatically renew for five (5) additional years, hereinafter referred to as the 'Renewal Term,' and thus creating a termination date of October 18, 2021.

2. Except as expressly provided herein, the Lease remains in full force and effect according to the terms and conditions contained therein, and said terms and conditions are applicable hereto except as expressly provided otherwise herein.

IN WITNESS WHEREOF, the LESSEE and LESSOR have hereto executed this Amendment the day and year first above written.

LAND LEASE
NORTH QUADRANT LAND FILL SITE

THIS SECOND AMENDMENT TO CITY OF NAPLES AIRPORT AUTHORITY LEASEHOLD AGREEMENT LAND LEASE NORTH QUADRANT LAND FILL SITE (this "Second Amendment"), entered into this 19th day of August, 2021, by and between the **City of Naples Airport Authority**, a political subdivision of the State of Florida, whose mailing address is 160 Aviation Drive North, Naples, Florida 34104, hereinafter referred to as "LESSOR," and **Collier County**, a political subdivision of the State of Florida, whose mailing address is c/o Real Property Management, 3335 East Tamiami Trail, Suite 101, Naples, Florida 34112, hereinafter referred to as "LESSEE."

RECITALS:

WHEREAS, the LESSEE and LESSOR have previously entered into that certain City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site, dated October 20, 2011, hereinafter referred to as the "Original Lease," as amended by that certain First Amendment to City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site, dated May 24, 2016, hereinafter referred to as the "First Amendment," copies of which are attached hereto and made a part of this Second Amendment (the Original Lease, as amended by the First Amendment, is hereinafter collectively referred to as the "Lease"); and

WHEREAS, the term of the Original Lease was scheduled to expire on October 19, 2016 until it was extended by the First Amendment to October 19, 2021;

WHEREAS, the LESSEE and LESSOR desire to amend the Lease to further extend the term to October 19, 2026 with an early termination provision of 120 days; and

WHEREAS, the LESSEE and LESSOR further desire to remove reference to the County's obligation to pay rent abatement for early termination within the first five years as that requirement is no longer applicable; and

NOW, THEREFORE, in consideration of the covenants and agreements provided within the Lease, and Ten Dollars ($10.00) and other valuable consideration, the LESSEE and LESSOR agree as follows:

1. The foregoing Recitals are true and correct and are incorporated by reference herein;

2. The LESSEE and LESSOR agree that Article 4, titled "Lease Term," of the Lease is hereby amended and restated in its entirety to read as follows:

> "4. LEASE TERM
>
> ~~The Lease Premises are leased to County for a term of five (5) years. The term of this Lease shall commence upon the Effective Date and shall continue uninterrupted for five (5) years thereafter (the "Lease Term), unless the Lease shall be sooner terminated as hereinafter provided.~~
>
> The Leased Premises are leased to the County for a term commencing on the Effective Date and ending on October 18, 2026, unless sooner terminated as hereinafter provided, without any provision for renewal.
>
> Both the County and the Authority shall have the right to terminate this Lease for any reason, upon ~~ninety (90) days~~ one hundred twenty (120) days' prior written notice, as set forth in Section 32 of this Lease, to the other of its intent to terminate.
>
> ~~If this Lease is not terminated or expired by October 19, 2016, this Lease shall automatically renew for five (5) additional years, hereinafter referred to as the 'Renewal Term,' and thus creating a termination date of October 18, 2021.~~"

3. The LESSEE and LESSOR agree that the following last paragraph of Article 8, titled "Additional Obligations of the County," of the Lease is hereby deleted and shall no longer be binding on the County:

> "If County shall terminate this Lease, at any time, County shall reimburse the Authority, monthly, for County's amount of the rent abatement (example: If County shall terminate the First Year = $13,850; Second Year = $11,080; Third Year = $8,310; Fourth Year = $5,540; Fifth Year = $2,770)."

4. To the extent that there is any inconsistency or conflict with any of the provisions contained in this Second Amendment with the Lease, the provisions set forth in this Second Amendment shall govern the understanding between the LESSEE and LESSOR. Except as expressly provided herein, the Lease remains in full force and effect according to the terms and conditions contained therein, and said terms and conditions are applicable hereto except as expressly provided otherwise herein.

IN WITNESS WHEREOF, the LESSEE and LESSOR have hereto executed this Second Amendment the day and year first above written.

THIRD AMENDMENT
TO
CITY OF NAPLES AIRPORT AUTHORITY LEASEHOLD AGREEMENT
LAND LEASE
NORTH QUADRANT LAND FILL SITE

THIS THIRD AMENDMENT TO CITY OF NAPLES AIRPORT AUTHORITY LEASEHOLD AGREEMENT LAND LEASE NORTH QUADRANT LAND FILL SITE (this "Third Amendment"), entered into this ____ day of _____, 2026 (the "Effective Date"), by and between the **CITY OF NAPLES AIRPORT AUTHORITY**, a political subdivision of the State of Florida, whose mailing address is 160 Aviation Drive North, Naples, Florida 34104 (the "Authority"), and **COLLIER COUNTY**, a political subdivision of the State of Florida, whose mailing address is c/o Real Property Management, 2685 Horseshoe Drive South, Suite 103, Naples, Florida 34104 (the "County") (the Authority and the County are collectively the "Parties").

RECITALS:

WHEREAS, the Parties have previously entered into that certain City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site, dated October 20, 2011 (the "Original Lease"), as amended by that certain First Amendment to City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site, dated May 24, 2016 (the "First Amendment") and as further amended by that certain Second Amendment to City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site, dated August 19, 2021 (the "Second Amendment") (the Original Lease, as amended by the First Amendment and the Second Amendment, is referred to herein as the "Lease"); and

WHEREAS, the Parties desire to amend the Lease pursuant to the terms and conditions of this Third Amendment.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein, and for other good and valuable consideration, the receipt and sufficiency of which are acknowledged, effective as of the Effective Date, the Parties agree as follows:

1. The foregoing Recitals are true and correct and are incorporated by reference herein;

2. The Parties agree that Section 4 of the Lease, titled "Lease Term," is hereby amended and restated in its entirety to read as follows:

"4. LEASE TERM.

The Leased Premises are leased to the County for a term commencing on the Effective Date of this Lease and ending on October 18, 2031, unless sooner terminated as hereinafter provided, without any provision for renewal.

Either of the Parties shall have the right to terminate this Lease for any reason upon one hundred twenty (120) days' prior written notice to the other in accordance with Section 32 of this Lease."

3. The Parties agree that Section 10 of the Lease, titled, "Discharge of Liens," is hereby amended and restated in its entirety to read as follows:

"10. NO LIEN ON THE AUTHORITY'S INTEREST IN THE LEASED PREMISES AND DISCHARGE OF LIENS.

A. The interest of the Authority in the Leased Premises and the Airport is not subject to liens for improvements or alterations made by the County. The Authority hereby notifies all general contractors, subcontractors, materialmen, lienors and other parties that any lien claimed as the result of improving (or furnishing labor, services or materials to) the Leased Premises or areas adjacent thereto pursuant to a contract with the County or any other party (other than the Authority) shall extend to, and only to, the right, title and interest in and to the Leased Premises or any

areas adjacent thereto, if any, of the County or other party who contracted for the improvements. This Subsection shall be construed so as to prohibit, in accordance with Section 713.10, Florida Statutes, the interest of the Authority as lessor in the Leased Premises and areas adjacent thereto being subject to any liens for improvements made by the County or any other parties. In accordance with Section 713.10, Florida Statutes, the Authority shall have the right to post on the Leased Premises and record in the public records notices of non-responsibility and such other notices as the Authority may reasonably deem proper for the protection of the Authority's interest in the Leased Premises and the Airport. Upon request, the County agrees to execute and deliver a notice or memorandum of lease that includes the substance of this Section 10 to be recorded in the public records. Notwithstanding anything in this Lease to the contrary, the County acknowledges, warrants, covenants and agrees (a) that the interest of the Authority shall never be subject to liens for improvements made by the County or any other parties, (b) that the County shall notify all general contractors, subcontractors, materialmen, lienors and other parties making any improvements (or furnishing labor, services or materials) to the Leased Premises or areas adjacent thereto of the provisions of this Subsection which prohibit the interest of the Authority as lessor in the Leased Premises and areas adjacent thereto being subject to liens for improvements made by the County or any other parties and (c) to execute immediately upon the Authority's request from time to time a written notice in recordable form that complies with all of the requirements of Section 713.10, Florida Statutes, and is otherwise acceptable to the Authority in its sole discretion. Without limiting the generality of the foregoing, within five (5) days of the Authority's request, the County shall execute with the formalities for recording a Notice Pursuant To Florida Statutes Section 713.10 in the form of **Exhibit "B"** attached hereto and made a part of this Lease and deliver the executed original thereof to the Authority.

B. Without limiting the effect or requirements of Subsection 10.A hereof, the County shall not cause or allow any lis pendens, construction, labor, mechanic's or materialman's lien to be filed against the Leased Premises, the Authority or the Authority's real or personal property. In the event of the filing of any lien, or any other charge whatsoever against the Leased Premises, the Authority or its property, the County shall immediately take all necessary action to secure the release of same and shall provide, at the County's expense, all bonds, security or undertakings to accomplish the release of such liens. In the event the County fails to secure the release of any such liens, the Authority shall have the right, but not the duty or obligation, to take any action it deems appropriate to secure the release of any such lien including paying the underlying obligation to the lienor. The County agrees to indemnify and hold the Authority harmless from all liability, damages associated with this requirement, expense and costs, including reasonable attorney's fees."

4. The Parties agree that Section 37 of the Lease, titled "FAA General Civil Rights Provision," is hereby amended and restated in its entirety to read as follows:

"37. REQUIRED CONTRACT PROVISIONS.

In addition to all obligations of the Tenant (on behalf of itself and Tenant's Affiliates) who hereinafter shall be referred to as "Contractor", "Tenant", "Bidder", "Offeror" or "Professional" under this Agreement with the Authority (who hereinafter shall be referred to as the "Authority", "Owner" or "Sponsor" under this Agreement), covenants and agrees to comply with and perform all of the following terms, conditions, representations, warranties, requirements, promises and obligations set forth below:

A. FAA Required Contract Provisions.

I. General Civil Rights Provisions. In all its activities within the scope of its airport program, the Contractor agrees to comply with pertinent statutes, Executive Orders, and such rules as identified in Title VI List of Pertinent Nondiscrimination Acts and Authorities to ensure that no person shall, on the grounds of race, color, national origin, creed, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal assistance. This provision is in addition to that required by Title VI of the Civil Rights Act of 1964.

If the Contractor transfers its obligation to another, the transferee is obligated in the same manner as the Contractor.

The above provision obligates the Contractor for the period during which the property is owned, used or possessed by the Contractor and the airport remains obligated to the Federal Aviation Administration.

II. Title VI List of Pertinent Nondiscrimination Acts and Authorities. During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor") agrees to comply with the following non-discrimination statutes and authorities; including but not limited to:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252) (prohibits discrimination on the basis of race, color, national origin);
- 49 CFR Part 21 (Non-discrimination in Federally-Assisted programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964) including amendments thereto;
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601) (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794 et seq.), as amended (prohibits discrimination on the basis of disability); and 49 CFR part 27 (Nondiscrimination on the Basis of Disability in Programs or Activities Receiving Federal Financial Assistance);
- The Age Discrimination Act of 1975, as amended (42 .U.S.C. § 6101 et seq.) (prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982 (49 U.S.C. § 47123), as amended (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987 (P.L. 100-259) (broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, the Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);
- Titles II and III of the Americans with Disabilities Act of 1990 (42 U.S.C. § 12101, et seq) (prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities) as implemented by U.S. Department of Transportation regulations at 49 CFR Parts 37 and 38;
- Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. § 1681, et seq).

III. Compliance with Nondiscrimination Requirements: During the performance of this contract, the Contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "Contractor"), agrees as follows:

1. **Compliance with Regulations:** The Contractor (hereinafter includes consultants) will comply with the Title VI List of Pertinent Nondiscrimination Acts and Authorities, as they may be amended from time to time, which are herein incorporated by reference and made a part of this contract.

2. **Nondiscrimination:** The Contractor, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, national origin, creed, sex, age, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor will not participate directly or indirectly in the discrimination prohibited by the Nondiscrimination Acts and Authorities, including

employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR part 21, including amendments thereto.

3. **Solicitations for Subcontracts, including Procurements of Materials and Equipment:** In all solicitations, either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials, or leases of equipment, each potential subcontractor or supplier will be notified by the Contractor of the contractor's obligations under this contract and the Nondiscrimination Acts and Authorities on the grounds of race, color, or national origin.

4. **Information and Reports:** The Contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Nondiscrimination Acts and Authorities and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the Contractor will so certify to the Sponsor or the Federal Aviation Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

5. **Sanctions for Noncompliance:** In the event of a Contractor's noncompliance with the non-discrimination provisions of this contract, the Sponsor will impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to:

a. Withholding payments to the Contractor under the contract until the Contractor complies; and/or

b. Cancelling, terminating, or suspending a contract, in whole or in part

6. **Incorporation of Provisions:** The Contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempted by the Acts, the Regulations, and directives issued pursuant thereto. The Contractor will take action with respect to any subcontract or procurement as the Sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided that if the Contractor becomes involved in, or is threatened with litigation by a subcontractor or supplier because of such direction, the Contractor may request the Sponsor to enter into any litigation to protect the interests of the Sponsor. In addition, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

IV. Clauses for Transfer of Real Property Acquired or Improved Under the Airport Improvement Program: The Tenant for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that:

(a) In the event facilities are constructed, maintained, or otherwise operated on the property described in this Lease for a purpose for which a Federal Aviation Administration activity, facility, or program is extended or for another purpose involving the provision of similar services or benefits, the Tenant will maintain and operate such facilities and services in compliance with all requirements imposed by the Nondiscrimination Acts and Regulations listed in the Title VI List of Pertinent Nondiscrimination Acts and Authorities (as may be amended) such that no person on the grounds of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities.

(b) With respect to licenses, leases, permits, etc., in the event of breach of any of the above

Nondiscrimination covenants, the Authority will have the right to terminate the (lease, license, permit, etc.) and to enter, re-enter, and repossess said lands and facilities thereon, and hold the same as if the (lease, license, permit, etc.) had never been made or issued.

(c) With respect to a deed, in the event of breach of any of the above Nondiscrimination covenants, the Authority will have the right to enter or re-enter the lands and facilities thereon, and the above-described lands and facilities will there upon revert to and vest in and become the absolute property of the Authority and its assigns.

V. Clauses for Construction/Use/Access to Real Property Acquired Under the Activity, Facility or Program:

(a) The Tenant for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree (in the case of deeds and leases add, "as a covenant running with the land") that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land, and the furnishing of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the (grantee, licensee, lessee, permittee, etc.) will use the premises in compliance with all other requirements imposed by or pursuant to the Title VI List of Pertinent Nondiscrimination Acts and Authorities.

(b) With respect to (licenses, leases, permits, etc.), in the event of breach of any of the above Non-discrimination covenants, The Authority will have the right to terminate the (license, permit, etc., as appropriate) and to enter or re-enter and repossess said land and the facilities thereon, and hold the same as if said (license, permit, etc., as appropriate) had never been made or issued.

B. Florida Procurement Provisions.

I. Public Records: The Authority may unilaterally cancel this Agreement if Tenant refuses to allow the public access to all documents, papers, letters, or other material made or received by Tenant in conjunction with the Agreement, unless the records are exempt from s. 24(a) of Art. 1 of the Florida State Constitution and s. 119.07(1).

II. Duty To Cooperate With Inspector General: Tenant agrees to comply with s.20.055(5), Florida Statutes and to incorporate in all contracts the obligation to comply with s.20.055, Florida Statutes.

Prohibition Against Contingent Fees: The Tenant warrants that he or she has not employed or retained any company or person, other than a bona fide employee working solely for the Tenant to solicit or secure this agreement and that he or she has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Tenant any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this agreement. For the breach or violation of this provision, the Authority shall have the right to terminate the Agreement without liability and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration."

5. The Parties agree the following shall be added as a new Section 41, titled "Spatial Limitations," under the Lease and shall be binding on the Parties:

"41. SPATIAL LIMITATIONS.

This Lease confers no rights to the subsurface of the Leased Premises or any areas adjacent thereto more than five (5) feet below the ground level or to the airspace above the rooftop elevation of any structural improvement that is or becomes part of the Leased Premises or any areas adjacent thereto."

6. The Parties agree the following shall be added as a new Section 42, titled "Signs," under the Lease and shall be binding on the Parties:

"42. SIGNS.

The County agrees that it will not allow any signs, cards or placards to be posted or placed on or adjacent to the Leased Premises except signs acceptable to the Authority. All signs, cards or placards shall be approved in writing by the Authority's Executive Director (or other person designated by the Authority's Executive Director) in advance, and shall conform with all of the Authority's architectural standards and guidelines and ordinances of the City of Naples, Florida, and shall not extend above or beyond the walls and roofs of the buildings and improvements constructed on the Leased Premises. Upon expiration of this Lease, the County shall remove all signs, cards and placards at the direction of the Authority."

7. The Parties agree the following shall be added as a new Section 43, titled "Condemnation," under the Lease and shall be binding on the Parties:

"43. CONDEMNATION.

A. If, at any time during the term of this Lease, (i) the Authority's possession or rights under that certain 99-year land lease between the City of Naples and the Authority, dated December 3, 1969 and recorded at O.R. Book 488, Page 227, of the Public Records of Collier County, Florida (the "99-Year Land Lease"), is terminated or (ii) the entire or substantially all of the Leased Premises shall be taken in condemnation proceedings or by any right of eminent domain, then this Lease shall terminate and expire on the date of such event and the rental payments under this Lease and all other amounts due hereunder shall be apportioned and paid to the date of such event. For purposes of this Section 43, "substantially all of the Leased Premises" shall be deemed to have been taken if the remaining portion of the Leased Premises not taken cannot be practically and economically used or converted for use by the County for the purposes permitted by this Lease.

B. Nothing herein shall waive any right that the Authority or the County may have concerning any rights to be compensated for the appropriation or taking of property or rights by condemnation."

8. The County hereby represents and warrants (a) that the Lease, as amended hereby, is binding upon the County, its successors and assigns, (b) the County is not in default under any of its covenants or obligations under the Lease, as amended hereby, (c) the County is the sole holder of the leasehold interest in the "Premises" described under the Lease, as amended hereby, (d) that the Authority has heretofore fully performed all of its obligations under the Lease, as amended hereby, and (e) that County has no defenses, claims or offsets against the Authority or against the obligations of "the County" under the Lease, as amended hereby. The County does hereby release and hold harmless the Authority, its commissioners, officers, employees, attorneys, insurers and agents from and against any claim, action, suit, demand, cost, expense or liability of any kind, whether known or unknown, relating in any way to the Lease, as amended hereby, or the administration thereof, or the communications and business dealings between the County and the Authority through the Effective Date of this Third Amendment.

9. To the extent that there is any inconsistency or conflict with any of the provisions contained in this Third Amendment with the Lease, the provisions set forth in this Third Amendment shall govern the understanding between the Parties. Except as expressly provided herein, the Lease remains in full force and effect according to the terms and conditions contained therein, and said terms and conditions are applicable hereto except as expressly provided otherwise herein.

10. This Third Amendment may be executed in counterparts by manual signatures or authenticated by any electronic signatures or other method effective under applicable law, each of which shall be deemed an original and all of

which together shall constitute one and the same instrument. Signatures transmitted electronically or by PDF are deemed original signatures.

IN WITNESS WHEREOF, the Parties have caused this Third Amendment to be executed and delivered as of the Effective Date.

NOTICE PURSUANT TO FLORIDA STATUTES SECTION 713.10 AND MEMORANDUM OF LEASE

This Notice Pursuant To Florida Statutes Section 713.10 And Memorandum Of Lease (hereinafter referred to as this "Notice") is made and executed as of the ____ day of _____, 20___ (hereinafter referred to as the "Effective Date"), by _____, _____ (hereinafter referred to as "Tenant") with an address of _____, and the **CITY OF NAPLES AIRPORT AUTHORITY**, a political subdivision of the State of Florida (hereinafter referred to as the "Authority") with an address of 160 Aviation Drive North, Naples, Florida 34104.

1. The name of the lessor to which this Notice applies is the City of Naples Airport Authority, a political subdivision of the State of Florida (i.e., the "Authority" defined hereinabove).

2. The legal description of the parcel of land to which this Notice applies is set forth in **Schedule "1"** attached hereto and made a part hereof (hereinafter referred to as the "Parcel" and/or "Premises").

3. The Authority has entered into a lease or leases with lessees for the rental of premises on the Parcel, including, without limitation, that certain Leasehold Agreement between the Authority and _____, a _____, dated ____ (the "Lease").

4. The Lease prohibits, in accordance with Section 713.10, Florida Statutes, the interest of the Authority as lessor in the Premises and all areas adjacent thereto being subject to any liens for improvements made by lessees or any other parties, including, but not limited to, Tenant. The specific language contained in the various Leases prohibiting such liability is as follows:

> "The interest of the Authority in the Premises and the Airport is not subject to liens for improvements or alterations made by Tenant. The Authority hereby notifies all general contractors, subcontractors, materialmen, lienors and other parties that any lien claimed as the result of improving (or furnishing labor, services or materials to) the Premises or areas adjacent thereto pursuant to a contract with Tenant or any other party (other than the Authority) shall extend to, and only to, the right, title and interest in and to the Premises or any areas adjacent thereto, if any, of Tenant or other party who contracted for the improvements. This Subsection shall be construed so as to prohibit, in accordance with Section 713.10, Florida Statutes, the interest of the Authority as lessor in the Premises and areas adjacent thereto being subject to any liens for improvements made by Tenant or any other parties."

5. All or a majority of the Leases entered into for premises on the Parcel of land expressly prohibit such liability.

NOTICE PURSUANT TO FLORIDA STATUTES SECTION 713.10 AND MEMORANDUM OF LEASE

This Notice Pursuant To Florida Statutes Section 713.10 And Memorandum Of Lease (hereinafter referred to as this "Notice") is made and executed as of the _____ day of _____, 2026 (hereinafter referred to as the "Effective Date"), by **COLLIER COUNTY**, a political subdivision of the State of Florida (hereinafter referred to as "Tenant" or "County") whose mailing address is c/o Real Property Management, 2685 Horseshoe Drive South, Suite 103, Naples, Florida 34104, and the **CITY OF NAPLES AIRPORT AUTHORITY**, a political subdivision of the State of Florida (hereinafter referred to as the "Authority") with an address of 160 Aviation Drive North, Naples, Florida 34104.

1. The name of the lessor to which this Notice applies is the City of Naples Airport Authority, a political subdivision of the State of Florida (i.e., the "Authority" defined hereinabove).

2. The legal description of the parcel of land to which this Notice applies is set forth in **Schedule "1"** attached hereto and made a part hereof (hereinafter referred to as the "Parcel" and/or "Premises").

3. The Authority has entered into a lease or leases with lessees for the rental of premises on the Parcel, including, without limitation, that certain City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site between the Authority and **COLLIER COUNTY**, a political subdivision of the State of Florida, dated October 20, 2011 (the "Original Lease"), as amended by that certain First Amendment to City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site, dated May 24, 2016 (the "First Amendment") and as further amended by that certain Second Amendment to City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site, dated August 19, 2021 (the "Second Amendment") and as further amended by that certain Third Amendment to City of Naples Airport Authority Leasehold Agreement Land Lease North Quadrant Land Fill Site, dated _____, 2026 (the "Third Amendment") (the Original Lease as amended by the First Amendment, Second Amendment and Third Amendment is hereinafter collectively referred to as the "Lease").

4. The Lease prohibits, in accordance with Section 713.10, Florida Statutes, the interest of the Authority as lessor in the Premises and all areas adjacent thereto being subject to any liens for improvements made by lessees or any other parties, including, but not limited to, Tenant. The specific language contained in the various Leases prohibiting such liability is as follows:

> "The interest of the Authority in the Leased Premises and the Airport is not subject to liens for improvements or alterations made by the County. The Authority hereby notifies all general contractors, subcontractors, materialmen, lienors and other parties that any lien claimed as the result of improving (or furnishing labor, services or materials to) the Leased Premises or areas adjacent thereto pursuant to a contract with the County or any other party (other than the Authority) shall extend to, and only to, the right, title and interest in and to the Leased Premises or any areas adjacent thereto, if any, of the County or other party who contracted for the improvements. This Subsection shall be construed so as to prohibit, in accordance with Section 713.10, Florida Statutes, the interest of the Authority as lessor in the Leased Premises and areas adjacent thereto being subject to any liens for improvements made by the County or any other parties."

5. All or a majority of the Leases entered into for premises on the Parcel of land expressly prohibit such liability.

Executive Summary

Recommendation to approve a Sovereignty Submerged Lands Lease Modification with the Florida Department of Environmental Protection (FDEP), Board of Trustees of the Internal Improvement Trust Fund, for Caxambas Park to reflect a minor expansion of the leased area and update the authorized use description for the County's public boating facilities under the existing lease, which remains in effect through April 6, 2028.

OBJECTIVE: Recommendation to approve a Sovereignty Submerged Lands Lease Modification with the Florida Department of Environmental Protection (FDEP), Board of Trustees of the Internal Improvement Trust Fund, for Caxambas Park to reflect a minor expansion of the leased area and update the authorized use description for the County's public boating facilities.

CONSIDERATIONS: Collier County operates public boating facilities at Caxambas Park pursuant to a Sovereignty Submerged Lands Lease originally approved in 2008 and most recently renewed for the period of April 6, 2023, through April 6, 2028**,** with the Florida Department of Environmental Protection. The proposed Lease Modification incorporates improvements related to the Collier County Sheriff's Office boat lift previously approved through the State permitting process and continues the County's authorization to operate the facility under substantially the same terms and conditions as the existing lease.

Lease Area: Increases the leased sovereignty submerged lands area by approximately 76 square feet, from approximately 10,754 square feet to 10,830 square feet, to reflect permitted improvements.

Term: The existing lease remains in effect through April 6, 2028. This modification does not extend or otherwise change the lease term.

Authorized Uses: Continues authorization for an 11-slip public docking facility (including two slips reserved for law enforcement and emergency services), public boat ramp, fixed shoreline fishing pier, boat lift, fueling facilities, sewage pump-out facility (subject to applicable permitting), and operation in conjunction with the existing upland park, concession, and bait shop.

Lease Fee: The prior annual lease fee for Caxambas Park was $1,753.73. This Lease Modification increases the leased area by 76 square feet, resulting in an additional initial annual lease fee of $16.43, plus the applicable 25% surcharge and sales tax. Future annual lease fees for the entire leased area will continue to be calculated and invoiced by FDEP pursuant to Rule 18-21.011, Florida Administrative Code.

Public Benefit: The lease authorizes the continued operation of public boating facilities at Caxambas Park, including public boat launching, transient docking, shoreline fishing, and facilities supporting law enforcement and emergency response vessels.

County Responsibilities: The County will continue to operate and maintain the facility in accordance with the lease, including payment of annual lease fees and compliance with applicable State laws, rules, and lease conditions. These responsibilities remain substantially unchanged.

Termination: If the County fails to comply with the lease and does not cure the default within 20 days after written notice, FDEP may terminate the lease upon 30 days' written notice. Upon expiration or termination, the County may be required to remove authorized structures and improvements from the leased premises at its expense if the lease is not renewed.

Purpose of Modification: The Lease Modification updates the legal description, lease exhibits, and authorized facility description to reflect improvements previously approved through the State permitting process. The modification does not extend the lease term or materially change the County's operational responsibilities.

For the Board's reference, the Sovereignty Submerged Lands Lease was originally approved in 2008. The two most recent Lease Renewals, which restate the applicable lease terms for their respective renewal periods, are included as

backup to provide the recent lease history and terms.

This item is consistent with the Collier County strategic plan objectives to provide quality public amenities and recreational opportunities.

FISCAL IMPACT:

The Lease Modification requires payment of an additional initial annual lease fee of $16.43, plus the applicable 25% surcharge and sales tax, attributable to the additional 76 square feet of leased sovereignty submerged lands. Future annual lease fees will continue to be assessed by FDEP in accordance with Rule 18-21.011, Florida Administrative Code. Funds are available within the Parks and Recreation Division operating budget.

GROWTH MANAGEMENT IMPACT: This item is consistent with the Growth Management Plan.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires a majority vote for approval. - SAA

RECOMMENDATION(S):

That the Board of County Commissioners approves the Sovereignty Submerged Lands Lease Modification to the existing lease with the Florida Department of Environmental Protection for Caxambas Park, authorizes the Chairman to execute the Lease Modification and authorizes the County Manager or designee to take all actions necessary to implement the agreement.

BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND
OF THE STATE OF FLORIDA

SOVEREIGNTY SUBMERGED LANDS LEASE
MODIFICATION INCREASE SQUARE FOOTAGE AND TO CHANGE DESCRIPTION OF USE

BOT FILE NO. 110534215
PA NO. 0191321-006 EI

THIS LEASE is hereby issued by the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida, hereinafter referred to as the Lessor.

WITNESSETH: That for and in consideration of payment of the annual lease fees hereinafter provided and the faithful and timely performance of and compliance with all terms and conditions stated herein, the Lessor does hereby lease to Collier County, Florida, hereinafter referred to as the Lessee, the sovereignty lands as defined in 18-21.003, Florida Administrative Code, contained within the following legal description:

> A parcel of sovereignty submerged land in Section 20, Township 52 South, Range 26 East, in Caxambas Pass, Collier County, Florida, containing 10,830 square feet, more or less, as is more particularly described and shown on Attachment A, dated October 9, 2025.

TO HAVE THE USE OF the hereinabove described premises from October 15, 2025, the effective date of this lease modification, through April 6, 2028, the expiration date of this lease modification. The terms and conditions on and for which this lease is granted are as follows:

1. USE OF PROPERTY: The Lessee is hereby authorized to operate an 11-slip public docking facility with a boat lift (including 2 slips for law enforcement and emergency services vessels), a concrete boat ramp, and fixed shore parallel fishing pier to be used exclusively for launching and temporary mooring of recreational vessels and 2 law enforcement and emergency services vessels in conjunction with an upland park with a concession and bait shop business, with fueling facilities, with a sewage pumpout facility if it meets the regulatory requirements of the State of Florida Department of Environmental Protection or State of Florida Department of Health, whichever agency has jurisdiction, and without liveaboards as defined in paragraph 27, as shown and conditioned in Attachment A, and the State of Florida Department of Environmental Protection Consolidated District Environmental Resource Permit No. 0191321-006 EI, dated November 10, 2025, incorporated herein and made a part of this lease by reference. All of the foregoing subject to the remaining conditions of this lease.

CAO

2. LEASE FEES: The Lessee hereby agrees to pay to the Lessor an initial annual lease fee for the expanded area (76 square feet) of $16.43, plus 25 percent surcharge and sales tax pursuant to Section 212.031, Florida Statutes, if applicable, within 30 days of receipt of this fully executed modified lease. The annual fee for the remaining years of this lease for the entire lease area (10,830 square feet) shall be adjusted pursuant to provisions of Rule 18-21.011, Florida Administrative Code. The State of Florida Department of Environmental Protection, Division of State Lands (the "Division") will notify the Lessee in writing of the amount and the due date of each subsequent annual lease payment during the remaining term of this lease. All lease fees due hereunder shall be remitted to the Division, as agent for the Lessor.

3. WET SLIP RENTAL CERTIFICATION/SUPPLEMENTAL PAYMENT: (A) The Lessee shall provide upon request by the Lessor any and all information in a certified form needed to calculate the lease fee specified in paragraph two (2) above, including the income, as defined in subsection 18-21.003(31), Florida Administrative Code, derived directly or indirectly from the use of sovereignty submerged lands on an annual basis. When six percent (6%) of said annual income exceeds the base fee or minimum annual fee established pursuant to Rule 18-21.011, Florida Administrative Code, for any lease year during the term of this lease, the Lessor shall send the Lessee a supplemental invoice for the difference in the amounts for that lease year. (B) The instrument or agreement used by the Lessee to transfer or assign the right to use a wet slip at the docking facility to a third party shall include a provision that clearly notifies the wet slip renter/user/holder that if the wet slip renter/user/holder subsequently transfers his right to use said wet slip to another party, the instrument or agreement used to transfer said wet slip shall contain a provision that requires six percent (6%) of the annual gross income derived from said instrument or agreement for the use of said wet slip be paid to the Lessee who, upon receipt, shall report and transmit said amount to the Lessor. The instrument or agreement used by the Lessee to transfer a wet slip shall also include a provision that clearly notifies the wet slip renter/user/holder that no interest in said wet slip may be further transferred unless a substantially similar provision to the one contained in the preceding sentence is placed in each succeeding instrument or agreement used to transfer said wet slip to each new wet slip renter/user/holder. (C) The Lessee shall submit to the Lessor each instrument or agreement used by the Lessee to transfer or assign the right to use a wet slip at the docking facility to a third party annually at the same time the Lessee submits the required Annual Wet Slip Revenue Report to the Lessor. Any breach of this lease condition shall constitute a default under this lease.

4. LATE FEE ASSESSMENTS: The Lessee shall pay a late payment assessment for lease fees or other charges due under this lease which are not paid within 30 days after the due date. This assessment shall be computed at the rate of twelve percent (12%) per annum, calculated on a daily basis for every day the payment is late.

5. EXAMINATION OF LESSEE'S RECORDS: For purposes of this lease, the Lessor is hereby specifically authorized and empowered to examine, for the term of this lease including any extensions thereto plus three (3) additional years, at all reasonable hours, the books, records, contracts, and other documents confirming and pertaining to the computation of annual lease payments as specified in paragraph two (2) above.

6. MAINTENANCE OF LESSEE'S RECORDS: The Lessee shall maintain separate accounting records for: (i) the gross revenue derived directly from the use of the leased premises, (ii) the gross revenue derived indirectly from the use of the leased premises, and (iii) all other gross revenue derived from the Lessee's operations on the riparian upland property. The Lessee shall secure, maintain and keep all records for the entire term of this lease plus three (3) additional years. This period shall be extended for an additional two (2) years upon request for examination of all records and accounts for lease verification purposes by the Lessor.

7. AGREEMENT TO EXTENT OF USE: This lease is given to the Lessee to use or occupy the leased premises only for those activities specified herein and as conditioned by the permit(s) referenced in paragraph 1 of this. The Lessee shall not (i) change or add to the approved use of the leased premises as defined herein (e.g., from commercial to multi-family residential, from temporary mooring to rental of wet slips, from rental of wet slips to contractual agreement with third party for docking of cruise ships, from rental of recreational pleasure craft to rental or temporary mooring of charter/tour boats, from loading/offloading commercial to rental of wet slips, etc.); (ii) change activities in any manner that may have an environmental impact that was not considered in the original authorization or regulatory permit; or (iii) change the type of use of the riparian uplands or as permitted by the Lessee's interest in the riparian upland property that is more particularly described in Attachment B without first obtaining a regulatory permit/modified permit, if applicable, the Lessor's written authorization in the form of a modified lease, the payment of additional fees, if applicable, and, if applicable, the removal of any structures which may no longer qualify for authorization under the modified lease.

CAO

8. PROPERTY RIGHTS: The Lessee shall make no claim of title or interest to said lands hereinbefore described by reason of the occupancy or use thereof, and all title and interest to said land hereinbefore described is vested in the Lessor. The Lessee is prohibited from including, or making any claim that purports to include, said lands described or the Lessee's leasehold interest in said lands into any form of private ownership, including but not limited to any form of condominium or cooperative ownership. The Lessee is further prohibited from making any claim, including any advertisement, that said land, or the use thereof, may be purchased, sold, or re-sold.

9. INTEREST IN RIPARIAN UPLAND PROPERTY: During the term of this lease, the Lessee shall maintain satisfactory evidence of sufficient upland interest as required by paragraph 18-21.004(3)(b), Florida Administrative Code, in the riparian upland property that is more particularly described in Attachment B and by reference made a part hereof together with the riparian rights appurtenant thereto. If such interest is terminated or the Lessor determines that such interest did not exist on the effective date of this lease, this lease may be terminated at the option of the Lessor. If the Lessor terminates this lease, the Lessee agrees not to assert a claim or defense against the Lessor arising out of this lease. Prior to sale and/or termination of the Lessee's interest in the riparian upland property, the Lessee shall inform any potential buyer or transferee of the Lessee's interest in the riparian upland property and the existence of this lease and all its terms and conditions and shall complete and execute any documents required by the Lessor to affect an assignment of this lease, if consented to by the Lessor. Failure to do so will not relieve the Lessee from responsibility for full compliance with the terms and conditions of this lease which include, but are not limited to, payment of all fees and/or penalty assessments incurred prior to such act.

10. ASSIGNMENT OF LEASE: This lease shall not be assigned or otherwise transferred without prior written consent of the Lessor or its duly authorized agent. Such assignment or other transfer shall be subject to the terms, conditions and provisions of this lease, current management standards and applicable laws, rules and regulations in effect at that time. Any assignment or other transfer without prior written consent of the Lessor shall be null and void and without legal effect.

11. LIABILITY/INVESTIGATION OF ALL CLAIMS: The Lessee shall investigate all claims of every nature at its expense. Each party is responsible for all personal injury and property damage attributable to the negligent acts or omissions of that party and the officers, employees and agents thereof. Nothing herein shall be construed as an indemnity or a waiver of sovereign immunity enjoyed by any party hereto, as provided in Section 768.28, Florida Statutes, as amended from time to time, or any other law providing limitations on claims.

12. NOTICES/COMPLIANCE/TERMINATION: The Lessee binds itself, its successors and assigns, to abide by the provisions and conditions herein set forth, and said provisions and conditions shall be deemed covenants of the Lessee, its successors and assigns. In the event the Lessee fails or refuses to comply with the provisions and conditions herein set forth, or in the event the Lessee violates any of the provisions and conditions herein set forth, and the Lessee fails or refuses to comply with any of said provisions or conditions within twenty (20) days of receipt of the Lessor's notice to correct, this lease may be terminated by the Lessor upon thirty (30) days written notice to the Lessee. If canceled, all of the above-described parcel of land shall revert to the Lessor. All notices required to be given to the Lessee by this lease or applicable law or administrative rules shall be sufficient if sent by U.S. Mail to the following address:

Collier County Board of County Commissioners
15000 Livingston Road
Naples, Florida 34109

The Lessee shall notify the Lessor by certified mail of any change to this address at least ten (10) days before the change is effective.

13. TAXES AND ASSESSMENTS: The Lessee shall assume all responsibility for liabilities that accrue to the subject property or to the improvements thereon, including any and all drainage or special assessments or taxes of every kind and description which are now or may be hereafter lawfully assessed and levied against the subject property during the effective period of this lease.

14. NUISANCES OR ILLEGAL OPERATIONS: The Lessee shall not permit the leased premises or any part thereof to be used or occupied for any purpose or business other than herein specified unless such proposed use and occupancy are consented to by the Lessor and the lease is modified accordingly, nor shall Lessee knowingly permit or suffer any nuisances or illegal operations of any kind on the leased premises.

CAO

15. MAINTENANCE OF FACILITY/RIGHT TO INSPECT: The Lessee shall maintain the leased premises in good condition, keeping the structures and equipment located thereon in a good state of repair in the interests of public health, safety and welfare. No dock or pier shall be constructed in any manner that would cause harm to wildlife. The leased premises shall be subject to inspection by the Lessor or its designated agent at any reasonable time.

16. NON-DISCRIMINATION: The Lessee shall not discriminate against any individual because of that individual's race, color, religion, sex, national origin, age, handicap, or marital status with respect to any activity occurring within the area subject to this lease or upon lands adjacent to and used as an adjunct of the leased area.

17. ENFORCEMENT OF PROVISIONS: No failure, or successive failures, on the part of the Lessor to enforce any provision, nor any waiver or successive waivers on its part of any provision herein, shall operate as a discharge thereof or render the same inoperative or impair the right of the Lessor to enforce the same upon any renewal thereof or in the event of subsequent breach or breaches.

18. PERMISSION GRANTED: Upon expiration or cancellation of this lease all permission granted hereunder shall cease and terminate.

19. RENEWAL PROVISIONS: Renewal of this lease shall be at the sole option of the Lessor. Such renewal shall be subject to the terms, conditions and provisions of management standards and applicable laws, rules and regulations in effect at that time. In the event that the Lessee is in full compliance with the terms of this lease, the Lessor will begin the renewal process. The term of any renewal granted by the Lessor shall commence on the last day of the previous lease term. In the event the Lessor does not grant a renewal, the Lessee shall vacate the leased premises and remove all structures and equipment occupying and erected thereon at its expense. The obligation to remove all structures authorized herein upon termination of this lease shall constitute an affirmative covenant upon the Lessee's interest in the riparian upland property more particularly described in Attachment B which shall run with the title to the Lessee's interest in said riparian upland property and shall be binding upon the Lessee and the Lessee's successors in title or successors in interest.

20. REMOVAL OF STRUCTURES/ADMINISTRATIVE FINES: If the Lessee does not remove said structures and equipment occupying and erected upon the leased premises after expiration or cancellation of this lease, such structures and equipment will be deemed forfeited to the Lessor, and the Lessor may authorize removal and may sell such forfeited structures and equipment after ten (10) days written notice by certified mail addressed to the Lessee at the address specified in Paragraph 12 or at such address on record as provided to the Lessor by the Lessee. However, such remedy shall be in addition to all other remedies available to the Lessor under applicable laws, rules and regulations including the right to compel removal of all structures and the right to impose administrative fines.

21. REMOVAL COSTS/LIEN ON RIPARIAN UPLAND PROPERTY: Subject to the noticing provisions of Paragraph 20 of this lease, any costs incurred by the Lessor in removal of any structures and equipment constructed or maintained on state lands shall be paid by Lessee and any unpaid costs and expenses shall constitute a lien upon the Lessee's interest in the riparian upland property that is more particularly described in Attachment B. This lien on the Lessee's interest in the riparian upland property shall be enforceable in summary proceedings as provided by law.

22. RIPARIAN RIGHTS/FINAL ADJUDICATION: In the event that any part of any structure authorized hereunder is determined by a final adjudication issued by a court of competent jurisdiction to encroach on or interfere with adjacent riparian rights, Lessee agrees to either obtain written consent for the offending structure from the affected riparian owner or to remove the interference or encroachment within 60 days from the date of the adjudication. Failure to comply with this paragraph shall constitute a material breach of this lease agreement and shall be grounds for immediate termination of this lease agreement at the option of the Lessor.

CAO

23. AMENDMENTS/MODIFICATIONS: This lease is the entire and only agreement between the parties. Its provisions are not severable. Any amendment or modification to this lease must be in writing, must be accepted, acknowledged and executed by the Lessee and Lessor, and must comply with the rules and statutes in existence at the time of the execution of the modification or amendment. Notwithstanding the provisions of this paragraph, if mooring is authorized by this lease, the Lessee may install boatlifts within the leased premises without formal modification of the lease provided that (a) the Lessee obtains any state or local regulatory permit that may be required; and (b) the location or size of the lift does not increase the mooring capacity of the docking facility.

24. ADVERTISEMENT/SIGNS/NON-WATER DEPENDENT ACTIVITIES/ADDITIONAL ACTIVITIES/MINOR STRUCTURAL REPAIRS: No permanent or temporary signs directed to the boating public advertising the sale of alcoholic beverages shall be erected or placed within the leased premises. No restaurant or dining activities are to occur within the leased premises. The Lessee shall ensure that no permanent, temporary or floating structures, fences, docks, pilings or any structures whose use is not water-dependent shall be erected or conducted over sovereignty submerged lands without prior written consent from the Lessor. No additional structures and/or activities including dredging, relocation/realignment or major repairs or renovations to authorized structures, shall be erected or conducted on or over sovereignty, submerged lands without prior written consent from the Lessor. Unless specifically authorized in writing by the Lessor, such activities or structures shall be considered unauthorized and a violation of Chapter 253, Florida Statutes, and shall subject the Lessee to administrative fines under Chapter 18-14, Florida Administrative Code. This condition does not apply to minor structural repairs required to maintain the authorized structures in a good state of repair in the interests of public health, safety or welfare; provided, however, that such activities shall not exceed the activities authorized by this lease.

25. USACE AUTHORIZATION: Prior to commencement of construction and/or activities authorized herein, the Lessee shall obtain the U.S. Army Corps of Engineers (USACE) permit if it is required by the USACE. Any modifications to the construction and/or activities authorized herein that may be required by the USACE shall require consideration by and the prior written approval of the Lessor prior to the commencement of construction and/or any activities on sovereign, submerged lands.

26. COMPLIANCE WITH FLORIDA LAWS: On or in conjunction with the use of the leased premises, the Lessee shall at all times comply with all Florida Statutes and all administrative rules promulgated thereunder. Any unlawful activity which occurs on the leased premises or in conjunction with the use of the leased premises shall be grounds for the termination of this lease by the Lessor.

27. LIVEABOARDS: The term "liveaboard" is defined as a vessel docked at the facility and inhabited by a person or persons for any five (5) consecutive days or a total of ten (10) days within a thirty (30) day period. If liveaboards are authorized by paragraph one (1) of this lease, in no event shall such "liveaboard" status exceed six (6) months within any twelve (12) month period, nor shall any such vessel constitute a legal or primary residence.

28. GAMBLING VESSELS: During the term of this lease and any renewals, extensions, modifications or assignments thereof, Lessee shall prohibit the operation of or entry onto the leased premises of gambling cruise ships, or vessels that are used principally for the purpose of gambling, when these vessels are engaged in "cruises to nowhere," where the ships leave and return to the state of Florida without an intervening stop within another state or foreign country or waters within the jurisdiction of another state or foreign country, and any watercraft used to carry passengers to and from such gambling cruise ships.

29. SPECIAL LEASE CONDITION(S):

A. Any vessel moored at the docking facility, on either a temporary or permanent basis, shall be wholly located within its designated wet slip as depicted on Attachment A and no portion of a vessel may extend beyond the leased premises. Vessel length shall be measured as overall length including all parts and accessories such as outboard motors, bow pulpits, and swim platforms.

B. The docking of any vessels, on either a temporary or permanent basis, at the pier parallel to the shoreline is prohibited and the pier shall be used solely for passive recreational activities, such as fishing. To ensure compliance, the Lessee shall place and maintain, during the term of this lease and all subsequent renewal terms: (1) a guard and intermediate rail(s) consistent with state or local building code(s) or a 4- foot high railing and 2-foot high intermediate railing around the entire perimeter; and (2) signs advising boaters that mooring, on either a temporary or permanent basis, is prohibited.

C. Vessels that either do not possess a current vessel registration and title as required by Chapters 327 and 328, Florida Statutes, or do not have a current vessel registration and title as required in another state or country are prohibited within the leased premises.

D. During the term of this lease and all subsequent renewal terms, Lessee shall maintain permanent manatee educational signs that provide information on the mannerisms of manatees and the potential threat to this endangered species from boat operation and shall be required to replace the signs in the event they become faded, damaged or outdated. Lessee shall ensure that the view of the signs is not obstructed by vegetation or structures. The number, type, and procedure for installation of these signs shall be in accordance with the handout, "Manatee Educational Signs," which can be obtained from the Florida Fish and Wildlife Conservation Commission, Imperiled Species Management Section, 620 S. Meridian Street – 6A, Tallahassee, Florida 32399-1600 (Phone 850/922-4330).

Sketch & Description
Caxambas Park
Sovereign Submerged Land Lease
Section 20, Township 52 South, Range 26 East
Collier County, Florida

Sovereign Submerged Land Lease: As Written by SurvTech Solutions

That part of the sovereign submerged lands of the State of Florida that lie within the tidally influenced waters of the Caxambus Pass, the Smokehouse Creek and the following described area: a parcel of land being a portion of Tract B of the plat of Marco Beach Unit Ten, as recorded in Plat Book 6, Page 74 of the Public Records of Collier County, Florida, lying and being in Section 20, Township 52 South, Range 26 East, Collier County, Florida, and being more particularly described as follows:

COMMENCE at a Found 3" Concrete Monument with No Identification marking the Southeast corner of Lot 22, Block 338 of the plat of MARCO BEACH UNIT TEN, as recorded in Plat Book 6, Page 74 of the Public Records of Collier County, Florida, said point having a Northing of 574,915.59 and an Easting of 419,910.88, based on the North American Datum of 1983 (NAD 1983), 2011 Adjustment, Florida State Plane East Zone; thence S 47°27'55" E a distance of 603.87 feet to a point coincident with the Northerly Mean High Water Line of the Caxambas Pass and coincident with the face of a concrete seawall, said point also being the POINT OF BEGINNING; said POINT OF BEGINNING further being described as: COMMENCE at a Found 3" Concrete Monument with No Identification marking the Southeast corner of Lot 13, Block 339 of the plat of MARCO BEACH UNIT TEN, as recorded in Plat Book 6, Page 74 of the Public Records of Collier County, Florida, said point having a Northing of 573,712.30 and an Easting of 419,481.55, based on the North American Datum of 1983 (NAD 1983), 2011 Adjustment, Florida State Plane East Zone; thence N 47°42'56" E a distance of 1181.70 feet to the POINT OF BEGINNING; thence coincident With said Northerly Mean High Water Line of the Caxambas Pass and said seawall the following two(4) courses, 1.) S 89°40'20" E a distance of 98.59 feet; 2.) S 89°34'28" E a distance of 29.89 feet; 3.) S 89°57'55" E a distance of 88.22 feet; 4.) N 14°53'41" E a distance of 96.07 feet; thence departing said Northerly Mean High Water Line of the Caxambas Pass and said seawall, S 75°06'28" E a distance of 9.61 feet; thence S 14°54'19" W a distance of 101.21 feet; thence N 90°00'00" W a distance of 1.51 feet; thence S 00°25'15" W a distance of 66.64 feet; thence N 90°00'00" W a distance of 40.74 feet; thence N 00°19'29" E a distance of 31.66 feet; thence N 90°00'00" W a distance of 138.30 feet; thence N 45°00'00" W a distance of 61.02 feet to the POINT OF BEGINNING.

Containing an area of 10,829.93 square feet, 0.249 acres, more or less.

Surveyor's Notes

1.) Paper copies of this sketch are not valid without the original signature and raised seal of a Florida Licensed Surveyor and Mapper. Digital copies are not valid without the digital signature of a Florida Licensed Surveyor and Mapper.
2.) The bearing structure for this sketch is based on a Florida East State Plane grid bearing of N 17°38'34" E for the Easterly Right of way boundary of the Collier Court.
3.) The horizontal datum utilized for this project is NAD 1983 Florida East Zone, 2011 Adjustment, U.S. Survey Feet.
4.) The vertical datum utilized for this project is NAVD 1988, U.S. Survey Feet. The benchmark utilized was National Geodetic Survey (NGS) Control Station "872 4967 D" with an elevation of 4.33 feet.
5.) The sketch is in compliance with the Standards of Practice pursuant to Rules 5J-17.050 through 5J-17.052 Florida Administrative Code.
6.) The Mean High Water elevation is 0.54' per Eric Sellers with Bureau of Surveying and Mapping, Department of Environmental Protection tidal water survey, dated 02/02/24.
7.) THIS IS NOT A BOUNDARY SURVEY.
8.) THIS IS A FIELD SURVEY.

RECORDER

WARRANTY DEED

This instrument prepared by:
WILLIAM R. HUNGERFORD, Esq.
3250 S. W. Third Avenue
Miami, Florida 33129

DOC 900
INT 45

THIS INDENTURE, made this 25th day of October, 1983, A.D., between THE DELTONA CORPORATION, a Delaware corporation, lawfully authorized to transact business in the State of Florida, party of the first part, and COLLIER COUNTY, a political subdivision of the State of Florida, whose mailing address is Collier County Courthouse, Naples, Florida, 33942, the party of the second part.

OR.BOOK 001049

PAGE 000941

W I T N E S S E T H

That the party of the first part, for and in consideration of the sum of TEN DOLLARS AND OTHER GOOD AND VALUABLE CONSIDERATION, to it in hand paid by the said party of the second part, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said party of the second part, its successors and assigns forever, the following described land situate, lying and being in the County of Collier and State of Florida, to-wit:

THAT PART OF:

TRACT "B" OF MARCO BEACH UNIT TEN, according to the plat thereof, as recorded in Plat Book 6, Pages 74 through 79 inclusive of the Public Records of Collier County, Florida and being more particularly described as follows:

BEGIN the Southwest corner of said Tract "B" for the POINT OF BEGINNING of the parcel of land hereinafter described; said point being on the Easterly right-of-way line of Collier Court, as shown on said plat of Marco Beach Unit Ten; run thence N17°38'34"E along said Easterly right-of-way line for a distance of 326.58 feet; thence leaving said Easterly right-of-way line, S72°21'26"E for a distance of 704.21 feet to a point on the Easterly boundary of said Tract "B"; thence S12°25'00"W along said Easterly boundary for a distance of 102.58 feet to the Southeast corner thereof; thence run the following courses along the Southerly boundary of said Tract "B", West for a distance of 269.00 feet; then S65°22'17"W for a distance of 212.44 feet; thence N72°21'25"W for a distance of 300.00 feet to the Point of Beginning.

Containing 4.00 acres, more or less.

This deed is executed subject to the following terms and conditions:

1. Ad valorem taxes and all assessments, if any, for the year of 1983.

2. Existing zoning and all easements, restrictions and reservations of record.

Return to ↑ C. Faulkner x480

NOT OFFICIAL RECORD

3. It is a condition of this conveyance that the property herein described be used only as a boat launching area to provide public access to adjacent navigable waters. In the event the party of the second, it successors or assigns fail to use the property herein described a boat launching area, then in that event, the party of the first part may at anytime during the next twenty (20) years, re-enter and retake the property herein described.

OR BOOK 00104 PAGE 00842

And the said party of the first part, does hereby fully warrant the title to said land, and will defend the same against the lawful claims of all persons whomsoever.

IN WITNESS WHEREOF, the said party of the first part has caused these presents to be signed in its name by its authorized officers and its corporate seal to be affixed the and year above written.

Signed, sealed and delivered in the presence of:

BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND
OF THE STATE OF FLORIDA

SOVEREIGNTY SUBMERGED LANDS LEASE RENEWAL

BOT FILE NO. 110534215

THIS LEASE is hereby issued by the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida, hereinafter referred to as the Lessor.

WITNESSETH: That for and in consideration of payment of the annual lease fees hereinafter provided and the faithful and timely performance of and compliance with all terms and conditions stated herein, the Lessor does hereby lease to Collier County, Florida, hereinafter referred to as the Lessee, the sovereignty lands described defined in 18-21.003, Florida Administrative Code, contained within the following legal description:

A parcel of sovereignty submerged land in Section 20,
Township 52 South, Range 26 East, in Marco Island,
Collier County, Florida, containing 10754 square feet, more or less,
as is more particularly described and shown on Attachment A,
dated January 7, 2008.

TO HAVE THE USE OF the hereinabove described premises from April 6, 2018, the effective date of this lease renewal, through April 6, 2023, the expiration date of this lease renewal. The terms and conditions on and for which this lease is granted are as follows:

1. USE OF PROPERTY: The Lessee is hereby authorized to operate an 11-slip public docking facility (includes 1 slip for emergency fire and rescue vessel), a concrete boat ramp and fixed shore parallel fishing pier to be used exclusively for the launching and temporary mooring of recreational vessels and a Coast guard auxiliary vessel in conjunction with an upland [illegible] park with a concessions and bait shop business, with fueling facilities, with a sewage pumpout facility if it meets the regulatory requirements of the State of Florida Department of Environmental Protection or State of Florida Department of Health, whichever agency has jurisdiction, and without liveaboards as defined in paragraph 27, as shown and conditioned in Attachment A, and the State of Florida Department of Environmental Protection Noticed General Permit No. 11-0191321-001, dated March 22, 2002, and Consolidated Environmental Resource Permit No. 11-0191321-003, dated May 16, 2008, incorporated herein and made a part of this lease by reference. All of the foregoing subject to the remaining conditions of this lease.

2. LEASE FEES: The Lessee hereby agrees to pay to the Lessor an initial annual lease fee of $1,935.40, plus sales tax pursuant to Section 212.031, Florida Statutes, if applicable, within 30 days of receipt of this fully executed lease. The annual fee for the remaining years of this lease shall be adjusted pursuant to provisions of Rule 18-21.011, Florida Administrative Code. The State of Florida Department of Environmental Protection, Division of State Lands (the "Division") will notify the Lessee in writing of the amount and the due date of each subsequent annual lease payment during the remaining term of this lease. All lease fees due hereunder shall be remitted to the Division, as agent for the Lessor.

3. WET SLIP RENTAL CERTIFICATION/SUPPLEMENTAL PAYMENT: (A) The Lessee shall provide upon request by the Lessor any and all information in a certified form needed to calculate the lease fee specified in paragraph two (2) above, including the income, as defined in subsection 18-21.003(31), Florida Administrative Code, derived directly or indirectly from the use of sovereignty submerged lands on an annual basis. When six percent (6%) of said annual income exceeds the base fee or minimum annual fee established pursuant to Rule 18-21.011, Florida Administrative Code, for any lease year during the term of this lease, the Lessor shall send the Lessee a supplemental invoice for the difference in the amounts for that lease year. (B) The instrument or agreement used by the Lessee to transfer or assign the right to use a wet slip at the docking facility to a third party shall include a provision that clearly notifies the wet slip renter/user/holder that if the wet slip renter/user/holder subsequently transfers his right to use said wet slip to another party, the instrument or agreement used to transfer said wet slip shall contain a provision that requires six percent (6%) of the annual gross income derived from said instrument or agreement for the use of said wet slip be paid to the Lessee who, upon receipt, shall report and transmit said amount to the Lessor. The instrument or agreement used by the Lessee to transfer a wet slip shall also include a provision that clearly notifies the wet slip renter/user/holder that no interest in said wet slip may be further transferred unless a substantially similar provision to the one contained in the preceding sentence is placed in each succeeding instrument or agreement used to transfer said wet slip to each new wet slip renter/user/holder. (C) The Lessee shall submit to the Lessor each instrument or agreement used by the Lessee to transfer or assign the right to use a wet slip at the docking facility to a third party annually at the same time the Lessee submits the required Annual Wet Slip Revenue Report to the Lessor. Any breach of this lease condition shall constitute a default under this lease.

4. LATE FEE ASSESSMENTS: The Lessee shall pay a late payment assessment for lease fees or other charges due under this lease which are not paid within 30 days after the due date. This assessment shall be computed at the rate of twelve percent (12%) per annum, calculated on a daily basis for every day the payment is late.

5. EXAMINATION OF LESSEE'S RECORDS: For purposes of this lease, the Lessor is hereby specifically authorized and empowered to examine, for the term of this lease including any extensions thereto plus three (3) additional years, at all reasonable hours, the books, records, contracts, and other documents confirming and pertaining to the computation of annual lease payments as specified in paragraph two (2) above.

6. MAINTENANCE OF LESSEE'S RECORDS: The Lessee shall maintain separate accounting records for: (i) the gross revenue derived directly from the use of the leased premises, (ii) the gross revenue derived indirectly from the use of the leased premises, and (iii) all other gross revenue derived from the Lessee's operations on the riparian upland property. The Lessee shall secure, maintain and keep all records for the entire term of this lease plus three (3) additional years. This period shall be extended for an additional two (2) years upon request for examination of all records and accounts for lease verification purposes by the Lessor.

7. AGREEMENT TO EXTENT OF USE: This lease is given to the Lessee to use or occupy the leased premises only for those activities specified herein and as conditioned by the permit(s) referenced in paragraph 1 of this lease. The Lessee shall not (i) change or add to the approved use of the leased premises as defined herein (e.g., from commercial to multi-family residential, from temporary mooring to rental of wet slips, from rental of wet slips to contractual agreement with third party for docking of cruise ships, from rental of recreational pleasure craft to rental or temporary mooring of charter/tour boats, from loading/offloading commercial to rental of wet slips, etc.); (ii) change activities in any manner that may have an environmental impact that was not considered in the original authorization or regulatory permit; or (iii) change the type of use of the riparian uplands or as permitted by the Lessee's interest in the riparian upland property that is more particularly described in Attachment B without first obtaining a regulatory permit/modified permit, if applicable, the Lessor's written authorization in the form of a modified lease, the payment of additional fees, if applicable, and, if applicable, the removal of any structures which may no longer qualify for authorization under the modified lease.

8. PROPERTY RIGHTS: The Lessee shall make no claim of title or interest to said lands hereinbefore described by reason of the occupancy or use thereof, and all title and interest to said land hereinbefore described is vested in the Lessor. The Lessee is prohibited from including, or making any claim that purports to include, said lands described or the Lessee's leasehold interest in said lands into any form of private ownership, including but not limited to any form of condominium or cooperative ownership. The Lessee is further prohibited from making any claim, including any advertisement, that said land, or the use thereof, may be purchased, sold, or re-sold.

9. INTEREST IN RIPARIAN UPLAND PROPERTY: During the term of this lease, the Lessee shall maintain satisfactory evidence of sufficient upland interest as required by paragraph 18-21.004(3)(b), Florida Administrative Code, in the riparian upland property that is more particularly described in Attachment B and by reference made a part hereof together with the riparian rights appurtenant thereto. If such interest is terminated or the Lessor determines that such interest did not exist on the effective date of this lease, this lease may be terminated at the option of the Lessor. If the Lessor terminates this lease, the Lessee agrees not to assert a claim or defense against the Lessor arising out of this lease. Prior to sale and/or termination of the Lessee's interest in the riparian upland property, the Lessee shall inform any potential buyer or transferee of the Lessee's interest in the riparian upland property and the existence of this lease and all its terms and conditions and shall complete and execute any documents required by the Lessor to effect an assignment of this lease, if consented to by the Lessor. Failure to do so will not relieve the Lessee from responsibility for full compliance with the terms and conditions of this lease which include, but are not limited to, payment of all fees and/or penalty assessments incurred prior to such act.

10. ASSIGNMENT OF LEASE: This lease shall not be assigned or otherwise transferred without prior written consent of the Lessor or its duly authorized agent. Such assignment or other transfer shall be subject to the terms, conditions and provisions of this lease, current management standards and applicable laws, rules and regulations in effect at that time. Any assignment or other transfer without prior written consent of the Lessor shall be null and void and without legal effect.

11. INDEMNIFICATION/INVESTIGATION OF ALL CLAIMS: The Lessee shall investigate all claims of every nature arising out of this lease at its expense, and shall indemnify, defend and save and hold harmless the Lessor and the State of Florida from all claims, actions, lawsuits and demands arising out of this lease. Both Lessee and Lessor are subject to the provision of Section 768.28, Florida Statutes.

12. NOTICES/COMPLIANCE/TERMINATION: The Lessee binds itself, its successors and assigns, to abide by the provisions and conditions herein set forth, and said provisions and conditions shall be deemed covenants of the Lessee, its successors and assigns. In the event the Lessee fails or refuses to comply with the provisions and conditions herein set forth, or in the event the Lessee violates any of the provisions and conditions herein set forth, and the Lessee fails or refuses to comply with any of said provisions or conditions within twenty (20) days of receipt of the Lessor's notice to correct, this lease may be terminated by the Lessor upon thirty (30) days written notice to the Lessee. If canceled, all of the above-described parcel of land shall revert to the Lessor. All notices required to be given to the Lessee by this lease or applicable law or administrative rules shall be sufficient if sent by U.S. Mail to the following address:

Collier County, Florida
3299 Tamiami Trail East, Suite 303
Naples, Florida 34112

The Lessee shall notify the Lessor by certified mail of any change to this address at least ten (10) days before the change is effective.

13. TAXES AND ASSESSMENTS: The Lessee shall assume all responsibility for liabilities that accrue to the subject property or to the improvements thereon, including any and all drainage or special assessments or taxes of every kind and description which are now or may be hereafter lawfully assessed and levied against the subject property during the effective period of this lease.

14. NUISANCES OR ILLEGAL OPERATIONS: The Lessee shall not permit the leased premises or any part thereof to be used or occupied for any purpose or business other than herein specified unless such proposed use and occupancy are consented to by the Lessor and the lease is modified accordingly, nor shall Lessee knowingly permit or suffer any nuisances or illegal operations of any kind on the leased premises.

15. MAINTENANCE OF FACILITY/RIGHT TO INSPECT: The Lessee shall maintain the leased premises in good condition, keeping the structures and equipment located thereon in a good state of repair in the interests of public health, safety and welfare. No dock or pier shall be constructed in any manner that would cause harm to wildlife. The leased premises shall be subject to inspection by the Lessor or its designated agent at any reasonable time.

16. NON-DISCRIMINATION: The Lessee shall not discriminate against any individual because of that individual's race, color, religion, sex, national origin, age, handicap, or marital status with respect to any activity occurring within the area subject to this lease or upon lands adjacent to and used as an adjunct of the leased area.

17. ENFORCEMENT OF PROVISIONS: No failure, or successive failures, on the part of the Lessor to enforce any provision, nor any waiver or successive waivers on its part of any provision herein, shall operate as a discharge thereof or render the same inoperative or impair the right of the Lessor to enforce the same upon any renewal thereof or in the event of subsequent breach or breaches.

18. PERMISSION GRANTED: Upon expiration or cancellation of this lease all permission granted hereunder shall cease and terminate.

19. RENEWAL PROVISIONS: Renewal of this lease shall be at the sole option of the Lessor. Such renewal shall be subject to the terms, conditions and provisions of management standards and applicable laws, rules and regulations in effect at that time. In the event that the Lessee is in full compliance with the terms of this lease, the Lessor will begin the renewal process. The term of any renewal granted by the Lessor shall commence on the last day of the previous lease term. In the event the Lessor does not grant a renewal, the Lessee shall vacate the leased premises and remove all structures and equipment occupying and erected thereon at its expense. The obligation to remove all structures authorized herein upon termination of this lease shall constitute an affirmative covenant upon the Lessee's interest in the riparian upland property more particularly described in Attachment B which shall run with the title to the Lessee's interest in said riparian upland property and shall be binding upon the Lessee and the Lessee's successors in title or successors in interest.

20. REMOVAL OF STRUCTURES/ADMINISTRATIVE FINES: If the Lessee does not remove said structures and equipment occupying and erected upon the leased premises after expiration or cancellation of this lease, such structures and equipment will be deemed forfeited to the Lessor, and the Lessor may authorize removal and may sell such forfeited structures and equipment after ten (10) days written notice by certified mail addressed to the Lessee at the address specified in Paragraph 12 or at such address on record as provided to the Lessor by the Lessee. However, such remedy shall be in addition to all other remedies available to the Lessor under applicable laws, rules and regulations including the right to compel removal of all structures and the right to impose administrative fines.

21. REMOVAL COSTS/LIEN ON RIPARIAN UPLAND PROPERTY: Subject to the noticing provisions of Paragraph 20 of this lease, any costs incurred by the Lessor in removal of any structures and equipment constructed or maintained on state lands shall be paid by Lessee and any unpaid costs and expenses shall constitute a lien upon the Lessee's interest in the riparian upland property that is more particularly described in Attachment B. This lien on the Lessee's interest in the riparian upland property shall be enforceable in summary proceedings as provided by law.

22. RIPARIAN RIGHTS/FINAL ADJUDICATION: In the event that any part of any structure authorized hereunder is determined by a final adjudication issued by a court of competent jurisdiction to encroach on or interfere with adjacent riparian rights, Lessee agrees to either obtain written consent for the offending structure from the affected riparian owner or to remove the interference or encroachment within 60 days from the date of the adjudication. Failure to comply with this paragraph shall constitute a material breach of this lease agreement and shall be grounds for immediate termination of this lease agreement at the option of the Lessor.

23. AMENDMENTS/MODIFICATIONS: This lease is the entire and only agreement between the parties. Its provisions are not severable. Any amendment or modification to this lease must be in writing, must be accepted, acknowledged and executed by the Lessee and Lessor, and must comply with the rules and statutes in existence at the time of the execution of the modification or amendment. Notwithstanding the provisions of this paragraph, if mooring is authorized by this lease, the Lessee may install boatlifts within the leased premises without formal modification of the lease provided that (a) the Lessee obtains any state or local regulatory permit that may be required; and (b) the location or size of the lift does not increase the mooring capacity of the docking facility.

24. ADVERTISEMENT/SIGNS/NON-WATER DEPENDENT ACTIVITIES/ADDITIONAL ACTIVITIES/MINOR STRUCTURAL REPAIRS: No permanent or temporary signs directed to the boating public advertising the sale of alcoholic beverages shall be erected or placed within the leased premises. No restaurant or dining activities are to occur within the leased premises. The Lessee shall ensure that no permanent, temporary or floating structures, fences, docks, pilings or any structures whose use is not water-dependent shall be erected or conducted over sovereignty submerged lands without prior written consent from the Lessor. No additional structures and/or activities including dredging, relocation/realignment or major repairs or renovations to authorized structures, shall be erected or conducted on or over sovereignty, submerged lands without prior written consent from the Lessor. Unless specifically authorized in writing by the Lessor, such activities or structures shall be considered unauthorized and a violation of Chapter 253, Florida Statutes, and shall subject the Lessee to administrative fines under Chapter 18-14, Florida Administrative Code. This condition does not apply to minor structural repairs required to maintain the authorized structures in a good state of repair in the interests of public health, safety or welfare; provided, however, that such activities shall not exceed the activities authorized by this lease.

25. USACE AUTHORIZATION: Prior to commencement of construction and/or activities authorized herein, the Lessee shall obtain the U.S. Army Corps of Engineers (USACE) permit if it is required by the USACE. Any modifications to the construction and/or activities authorized herein that may be required by the USACE shall require consideration by and the prior written approval of the Lessor prior to the commencement of construction and/or any activities on sovereign, submerged lands.

26. COMPLIANCE WITH FLORIDA LAWS: On or in conjunction with the use of the leased premises, the Lessee shall at all times comply with all Florida Statutes and all administrative rules promulgated thereunder. Any unlawful activity which occurs on the leased premises or in conjunction with the use of the leased premises shall be grounds for the termination of this lease by the Lessor.

27. LIVEABOARDS: The term "liveaboard" is defined as a vessel docked at the facility and inhabited by a person or persons for any five (5) consecutive days or a total of ten (10) days within a thirty (30) day period. If liveaboards are authorized by paragraph one (1) of this lease, in no event shall such "liveaboard" status exceed six (6) months within any twelve (12) month period, nor shall any such vessel constitute a legal or primary residence.

28. GAMBLING VESSELS: During the term of this lease and any renewals, extensions, modifications or assignments thereof, Lessee shall prohibit the operation of or entry onto the leased premises of gambling cruise ships, or vessels that are used principally for the purpose of gambling, when these vessels are engaged in "cruises to nowhere," where the ships leave and return to the state of Florida without an intervening stop within another state or foreign country or waters within the jurisdiction of another state or foreign country, and any watercraft used to carry passengers to and from such gambling cruise ships.

29. FINANCIAL CAPABILITY: To assure the Lessor that the Lessee has the financial capability to undertake and operate the project authorized by this lease, the Lessee certifies to the Lessor as follows: (i) the Lessee is not the subject of a pending bankruptcy proceeding that would prohibit the Lessee from paying its lease fees, on or before the due date, with or without, as applicable, approval from the bankruptcy court or, if appointed, the bankruptcy trustee; (ii) the Lessee has no unsatisfied judgments entered against it that would impair the Lessee's financial capability to undertake and operate the project authorized by this lease; (iii) the Lessee has no delinquent state and local taxes for which it is responsible and that remain outstanding and not in dispute; and (iv) to the best of the Lessee's knowledge, there are no other matters pending or threatened against or affecting the Lessee or the Lessee's interest in the riparian upland property that would impair the Lessee's financial capability to undertake and operate the project authorized by this lease. Any breach of this lease condition shall constitute a default under this lease.

30. SPECIAL LEASE CONDITIONS:

A. Within 30 days after the completion of construction of the docking facility, Lessee shall install and display permanent manatee educational signs that provide information on the mannerisms of manatees and the potential threat to this endangered species from boat operation. Lessee shall maintain these signs during the term of this lease and all subsequent renewal terms and shall be required to replace the signs in the event they become faded, damaged or outdated. Lessee shall ensure that the view of the signs is not obstructed by vegetation or structures. The number, type, and procedure for installation of these signs shall be in accordance with the handout, "Manatee Educational Signs," which can be obtained from the Florida Fish and Wildlife Conservation Commission, Imperiled Species Management Section, 620 S. Meridian Street - 6A, Tallahassee, Florida 32399-1600 (Phone 850/922-4330).

B. Any vessel moored at the docking facility, on either a temporary or pennanent basis, shall be wholly located within its designated wet slip as depicted on Attachment A and no portion of a vessel may extend beyond the leased premises. Vessel length shall be measured as overall length including all parts and accessories such as outboard motors, bow pulpits, and swim platforms.

C. The Lessee shall prohibit mooring, on either a temporary or permanent basis, to the waterward face of the fishing pier along the east shoreline of the site. To ensure compliance, the Lessee shall place and maintain, during the term of this lease and any other subsequent renewal periods: (1) a guard and intermediate rail(s) consistent with the state or local building code(s) or a 4-foot high railing and 2-foot high intermediate railing along the easterly and southerly waterward boundaries of the structure; and (2) signs advising boaters that mooring at the above described locations, on either a temporary or permanent basis, is prohibited.

D. Vessels that either do not possess a current vessel registration and title as required by Chapters 327 and 328, Florida Statutes, or do not have a current vessel registration and title as required in another state or country are prohibited within the leased premises.

SUBMERGED LAND LEASE
BOARD OF COMMISSIONERS OF COLLIER COUNTY, CAXAMBAS PARK
SECTION 20, TOWNSHIP 52 SOUTH, RANGE 26 EAST
MARCO ISLAND, COLLIER COUNTY, FLORIDA

NOTES:

1. THIS IS A FIELD SURVEY. DATE OF LAST FIELDWORK: JULY 10, 2007.
2. BEARINGS SHOWN HEREON BASED ON THE WESTERLY LINE OF LOT 10 AS SHOWN ON THE PLAT OF MARCO BEACH, UNIT TWENTY-ONE TO BEAR S01°03'01"E.
3. THERE ARE NO APPARENT PHYSICAL USES OTHER THAN THOSE SHOWN.
4. SUBSTANTIAL VISIBLE IMPROVEMENTS OTHER THAN THOSE SHOWN, NOT LOCATED.
5. THIS SURVEY IS SUBJECT TO ANY FACTS THAT MAY BE DISCLOSED BY A FULL AND ACCURATE TITLE SEARCH.
6. THIS SURVEY DOES NOT MAKE ANY REPRESENTATION AS TO ZONING OR DEVELOPMENT RESTRICTIONS ON THE SUBJECT PARCEL.
7. ELEVATIONS SHOWN HEREON ARE IN FEET AND ARE IN THE NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD 88) AND BASED ON A LEVEL LOOP FROM N.G.S. (NATIONAL GEODETIC SURVEY) ELEVATION REFERENCE MARK "BTZ 4967 C TIDAL" HAVING A PUBLISHED ELEVATION OF 4.41 FEET.
8. THIS SURVEY WAS PERFORMED FOR THE PURPOSE SHOWN HEREON AND DOES NOT MAKE ANY REPRESENTATION AS TO THE DELINEATION OF ANY JURISDICTIONAL LINES EXCEPT AS SHOWN OR NOTED.
9. ALL ADJACENT DOCKS ARE WOOD FRAMING WITH SYNTHETIC DECKING UNLESS OTHERWISE NOTED.
10. MEAN HIGH WATER ELEVATION IS 0.40' (NAVD 88) BASED ON "MEAN HIGH WATER PROCEDURE APPROVAL" FORM FROM THE DEPARTMENT OF ENVIRONMENTAL PROTECTION BUREAU OF SURVEYING AND MAPPING.
11. THE NORTHERLY ADJACENT 1000 FEET OF SHORELINE IS COMPRISED OF CONCRETE SEAWALL AND WOOD FRAME DOCKS.
12. THE SOUTHERLY ADJACENT 1000 FEET OF SHORELINE IS COMPRISED OF CONCRETE SEAWALL AND WOOD FRAME DOCKS.
13. ONLY PROPOSED STRUCTURES ARE SHOWN WITHIN THE LEASE AREA.
14. THE PURPOSE OF THIS SURVEY IS TO DELINEATE THE LIMITS OF THE SUBMERGED LAND LEASE ADJACENT TO CAXAMBAS PARK.
15. EXISTING LEASE PARCEL IS COMPRISED OF CONCRETE SEAWALLS WITH EXISTING WOOD DOCKS AND A BOAT RAMP.
16. DOCKS AND SEAWALL AS SHOWN FOR ADJOINING SUBMERGED LAND LEASES ARE FIELD LOCATED.

THIS SURVEY IS ONLY FOR THE BENEFIT OF:
BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND OF THE STATE OF FLORIDA

NO OTHER PERSON OR ENTITY MAY RELY ON THIS SURVEY.

IN MY PROFESSIONAL OPINION, AS A LICENSED FLORIDA PROFESSIONAL SURVEYOR AND MAPPER, THIS PLAT IS A TRUE AND CORRECT REPRESENTATION OF A SURVEY MADE AND PLATTED UNDER MY DIRECTION, DATED AS SHOWN IN NOTE 1 ABOVE, AND MADE IN ACCORDANCE WITH CHAPTER 472.027, FLORIDA STATUTES.

CAXAMBAS PARK
SUBMERGED LAND LEASE
CAXAMBAS PASS AND SMOKEHOUSE CREEK
A PARCEL LYING IN
SECTION 20, TOWNSHIP 52 SOUTH, RANGE 28 EAST
MARCO ISLAND, COLLIER COUNTY, FLORIDA

A tract or parcel of submerged land lying offshore front lands described in a deed recorded in Official Records Book 1048, pages 841 and 842, recorded in the Public Records of Collier County, Florida, lying in Section 20, Township 52 South, Range 28 East, Marco Island, Collier County, Florida, said tract or parcel being more particularly described as follows:

Commencing at a found iron rod at the northern most corner of Lot 7, Block 587 as shown on the plat of Marco Beach, Unit Twenty One, recorded in Plat Book 8A, Pages 21A and 22A, recorded in the Public Records of Collier County, Florida, said point being the beginning of a curve to the left, of which the radius point lies N00°38'32"W, a radial distance of 250.00 feet; thence run northerly along the curved westerly line of Lot 8 of said plat and the arc of a curve having a radius of 250.00 feet, (delta 30°53'46"), (chord bearing N14°05'34"E), (chord 133.78 feet) a distance of 133.96 feet to a point; thence run along the westerly line of said Lot 8, Lot 9 and Lot 10, Block 587, N01°10'20"W for a distance of 507.65 feet to a point of curvature in the westerly line of Lot 10; thence run the following two (2) courses along said westerly line; northerly along an arc of a curve to the right having a radius of 185.78 feet, (delta 16°48'41"), (chord bearing N09°14'40"E), (chord 64.01 feet) for a distance of 64.29 feet to a point; thence run N17°38'54"E for a distance of 90.00 feet to the southwesterly corner of Tract B as shown on the plat of Marco Beach, Unit Ten, recorded in Plat Book 6, Page 74; thence run the following three courses along the southerly line of said Tract B: S72°21'25"E for a distance of 300.00 feet to a point; thence run N85°22'17"E for a distance of 212.44 feet to a point; thence run S89°00'00"E for a distance of 322.08 feet to a point; thence departing said southerly line run S45°00'00"E for a distance of 0.79 feet to the face of an existing concrete seawall and the Point of Beginning.

From said Point of Beginning run Southeasterly along the face of the seawall for a distance of 100 feet to a point at the end of the seawall; thence run Southeasterly for a distance of 29 feet to a point on the face of the seawall; thence run Southeasterly along the face of the seawall for a distance of 66 feet to the corner of the face of the seawall; thence run Northeasterly along the face of the seawall for a distance of 56 feet to a point on the face of the seawall; thence departing said seawall run S75°06'28"E for a distance of 9.61 feet to a point; thence run S14°54'19"W for a distance of 101.21 feet to a point; thence run S90°00'00"W for a distance of 8.65 feet to a point; thence run S00°00'00"E for a distance of 66.84 feet to a point; thence run S90°00'00"W for a distance of 46.00 feet to a point; thence run N00°00'00"E for a distance of 31.66 feet to a point; thence run S90°00'00"W for a distance of 128.21 feet to a point; thence run N45°00'00"W for a distance of 61.02 feet to the Point of Beginning.

Parcel contains 10,754 square feet or 0.247 acres, more or less.

Bearings shown hereon are based on the westerly line of Lot 10 as shown on the plat of Marco Beach, Unit Twenty-One, recorded in Plat Book 6A, Pages 21A and 22A, Public Records of Collier County, Florida to bear N01°10'20"W.

THIS INDENTURE, made this 25th day of October, 1983, A.D., between THE DELTONA CORPORATION, a Delaware corporation, lawfully authorized to transact business in the State of Florida, party of the first part, and COLLIER COUNTY, a political subdivision of the State of Florida, whose mailing address is Collier County Courthouse, Naples, Florida, 33942, the party of the second part.

OR BOOK 01049 PAGE 00941

W I T N E S S E T H

That the party of the first part, for and in consideration of the sum of TEN DOLLARS AND OTHER GOOD AND VALUABLE CONSIDERATION, to it in hand paid by the said party of the second part, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said party of the second part, its successors and assigns forever, the following described land situate, lying and being in the County of Collier and State of Florida, to-wit:

THAT PART OF:

TRACT "B" OF MARCO BEACH UNIT TEN, according to the plat thereof, as recorded in Plat Book 6, Pages 74 through 79 inclusive of the Public Records of Collier County, Florida and being more particularly described as follows:

BEGIN the Southwest corner of said Tract "B" for the POINT OF BEGINNING of the parcel of land hereinafter described; said point being on the Easterly right-of-way line of Collier Court, as shown on said plat of Marco Beach Unit Ten; run thence N17°38'34"E along said Easterly right-of-way line for a distance of 326.58 feet; thence leaving said Easterly right-of-way line, S72°21'26"E for a distance of 704.21 feet to a point on the Easterly boundary of said Tract "B"; thence S12°25'00"W along said Easterly boundary for a distance of 102.58 feet to the Southeast corner thereof; thence run the following courses along the Southerly boundary of said Tract "B", West for a distance of 269.00 feet; thes S65°22'17"W for a distance of 212.44 feet; thence N72°21'25"W for a distance of 300.00 feet to the Point of Beginning.

Containing 4.00 acres, more or less.

This deed is executed subject to the following terms and conditions:

1. Ad valorem taxes and all assessments, if any, for the year of 1983.

2. Existing zoning and all easements, restrictions and reservations of record.

BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND
OF THE STATE OF FLORIDA

SOVEREIGNTY SUBMERGED LANDS LEASE RENEWAL

BOT FILE NO. 110534215

THIS LEASE is hereby issued by the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida, hereinafter referred to as the Lessor.

WITNESSETH: That for and in consideration of payment of the annual lease fees hereinafter provided and the faithful and timely performance of and compliance with all terms and conditions stated herein, the Lessor does hereby lease to Collier County, Florida, hereinafter referred to as the Lessee, the sovereignty lands as defined in 18-21.003, Florida Administrative Code, contained within the following legal description:

A parcel of sovereignty submerged land in Section 20, Township 52 South, Range 26 East, in Caxambas Pass, Collier County, Florida, containing 10,754 square feet, more or less, as is more particularly described and shown on Attachment A, dated January 7, 2008.

TO HAVE THE USE OF the hereinabove described premises from April 6, 2023, the effective date of this lease renewal, through April 6, 2028, the expiration date of this lease renewal. The terms and conditions on and for which this lease is granted are as follows:

1. USE OF PROPERTY: The Lessee is hereby authorized to operate an 11-slip public docking facility (includes 1 slip for emergency fire and rescue vessel), a concrete boat ramp and fixed shore parallel fishing pier to be used exclusively for the launching and temporary mooring of recreational vessels and a Coast Guard auxiliary vessel in conjunction with an upland park with a concession and bait shop business, with fueling facilities, with a sewage pumpout facility if it meets the regulatory requirements of the State of Florida Department of Environmental Protection or State of Florida Department of Health, whichever agency has jurisdiction, and without liveaboards as defined in paragraph 27, as shown and conditioned in Attachment A, and the State of Florida Department of Environmental Protection Noticed General Permit No. 11-0191321-001, dated March 22, 2002, and Consolidated Environmental Resource Permit No. 11-0191321-003, dated May 16, 2008, incorporated herein and made a part of this lease by reference. All of the foregoing subject to the remaining conditions of this lease.

[02]

CAO

2. LEASE FEES: The Lessee hereby agrees to pay to the Lessor an annual lease fee of $2,142.20, plus sales tax pursuant to Section 212.031, Florida Statutes, if applicable, within 30 days of receipt of this fully executed lease. The annual fee for the remaining years of this lease shall be adjusted pursuant to provisions of Rule 18-21.011, Florida Administrative Code. The State of Florida Department of Environmental Protection, Division of State Lands (the "Division") will notify the Lessee in writing of the amount and the due date of each subsequent annual lease payment during the remaining term of this lease. All lease fees due hereunder shall be remitted to the Division, as agent for the Lessor.

3. WET SLIP RENTAL CERTIFICATION/SUPPLEMENTAL PAYMENT: (A) The Lessee shall provide upon request by the Lessor any and all information in a certified form needed to calculate the lease fee specified in paragraph two (2) above, including the income, as defined in subsection 18-21.003(32), Florida Administrative Code, derived directly or indirectly from the use of sovereignty submerged lands on an annual basis. When six percent (6%) of said annual income exceeds the base fee or minimum annual fee established pursuant to Rule 18-21.011, Florida Administrative Code, for any lease year during the term of this lease, the Lessor shall send the Lessee a supplemental invoice for the difference in the amounts for that lease year. (B) The instrument or agreement used by the Lessee to transfer or assign the right to use a wet slip at the docking facility to a third party shall include a provision that clearly notifies the wet slip renter/user/holder that if the wet slip renter/user/holder subsequently transfers his right to use said wet slip to another party, the instrument or agreement used to transfer said wet slip shall contain a provision that requires six percent (6%) of the annual gross income derived from said instrument or agreement for the use of said wet slip be paid to the Lessee who, upon receipt, shall report and transmit said amount to the Lessor. The instrument or agreement used by the Lessee to transfer a wet slip shall also include a provision that clearly notifies the wet slip renter/user/holder that no interest in said wet slip may be further transferred unless a substantially similar provision to the one contained in the preceding sentence is placed in each succeeding instrument or agreement used to transfer said wet slip to each new wet slip renter/user/holder. (C) The Lessee shall submit to the Lessor each instrument or agreement used by the Lessee to transfer or assign the right to use a wet slip at the docking facility to a third party annually at the same time the Lessee submits the required Annual Wet Slip Revenue Report to the Lessor. Any breach of this lease condition shall constitute a default under this lease.

4. LATE FEE ASSESSMENTS: The Lessee shall pay a late payment assessment for lease fees or other charges due under this lease which are not paid within 30 days after the due date. This assessment shall be computed at the rate of twelve percent (12%) per annum, calculated on a daily basis for every day the payment is late.

5. EXAMINATION OF LESSEE'S RECORDS: For purposes of this lease, the Lessor is hereby specifically authorized and empowered to examine, for the term of this lease including any extensions thereto plus three (3) additional years, at all reasonable hours, the books, records, contracts, and other documents confirming and pertaining to the computation of annual lease payments as specified in paragraph two (2) above.

6. MAINTENANCE OF LESSEE'S RECORDS: The Lessee shall maintain separate accounting records for: (i) the gross revenue derived directly from the use of the leased premises, (ii) the gross revenue derived indirectly from the use of the leased premises, and (iii) all other gross revenue derived from the Lessee's operations on the riparian upland property. The Lessee shall secure, maintain and keep all records for the entire term of this lease plus three (3) additional years. This period shall be extended for an additional two (2) years upon request for examination of all records and accounts for lease verification purposes by the Lessor.

7. AGREEMENT TO EXTENT OF USE: This lease is given to the Lessee to use or occupy the leased premises only for those activities specified herein and as conditioned by the permit(s) referenced in paragraph 1 of this lease. The Lessee shall not (i) change or add to the approved use of the leased premises as defined herein (e.g., from commercial to multi-family residential, from temporary mooring to rental of wet slips, from rental of wet slips to contractual agreement with third party for docking of cruise ships, from rental of recreational pleasure craft to rental or temporary mooring of charter/tour boats, from loading/offloading commercial to rental of wet slips, etc.); (ii) change activities in any manner that may have an environmental impact that was not considered in the original authorization or regulatory permit; or (iii) change the type of use of the riparian uplands or as permitted by the Lessee's interest in the riparian upland property that is more particularly described in Attachment B without first obtaining a regulatory permit/modified permit, if applicable, the Lessor's written authorization in the form of a modified lease, the payment of additional fees, if applicable, and, if applicable, the removal of any structures which may no longer qualify for authorization under the modified lease.

8. PROPERTY RIGHTS: The Lessee shall make no claim of title or interest to said lands hereinbefore described by reason of the occupancy or use thereof, and all title and interest to said land hereinbefore described is vested in the Lessor. The Lessee is prohibited from including, or making any claim that purports to include, said lands described or the Lessee's leasehold interest in said lands into any form of private ownership, including but not limited to any form of condominium or cooperative ownership. The Lessee is further prohibited from making any claim, including any advertisement, that said land, or the use thereof, may be purchased, sold, or re-sold.

9. INTEREST IN RIPARIAN UPLAND PROPERTY: During the term of this lease, the Lessee shall maintain satisfactory evidence of sufficient upland interest as required by paragraph 18-21.004(3)(b), Florida Administrative Code, in the riparian upland property that is more particularly described in Attachment B and by reference made a part hereof together with the riparian rights appurtenant thereto. If such interest is terminated or the Lessor determines that such interest did not exist on the effective date of this lease, this lease may be terminated at the option of the Lessor. If the Lessor terminates this lease, the Lessee agrees not to assert a claim or defense against the Lessor arising out of this lease. Prior to sale and/or termination of the Lessee's interest in the riparian upland property, the Lessee shall inform any potential buyer or transferee of the Lessee's interest in the riparian upland property and the existence of this lease and all its terms and conditions and shall complete and execute any documents required by the Lessor to effect an assignment of this lease, if consented to by the Lessor. Failure to do so will not relieve the Lessee from responsibility for full compliance with the terms and conditions of this lease which include, but are not limited to, payment of all fees and/or penalty assessments incurred prior to such act.

10. ASSIGNMENT OF LEASE: This lease shall not be assigned or otherwise transferred without prior written consent of the Lessor or its duly authorized agent. Such assignment or other transfer shall be subject to the terms, conditions and provisions of this lease, current management standards and applicable laws, rules and regulations in effect at that time. Any assignment or other transfer without prior written consent of the Lessor shall be null and void and without legal effect.

11. LIABILITY/INVESTIGATION OF ALL CLAIMS: The Lessee shall investigate all claims of every nature at its expense. Each party is responsible for all personal injury and property damage attributable to the negligent acts or omissions of that party and the officers, employees and agents thereof. Nothing herein shall be construed as an indemnity or a waiver of sovereign immunity enjoyed by any party hereto, as provided in Section 768.28, Florida Statutes, as amended from time to time, or any other law providing limitations on claims.

12. NOTICES/COMPLIANCE/TERMINATION: The Lessee binds itself, its successors and assigns, to abide by the provisions and conditions herein set forth, and said provisions and conditions shall be deemed covenants of the Lessee, its successors and assigns. In the event the Lessee fails or refuses to comply with the provisions and conditions herein set forth, or in the event the Lessee violates any of the provisions and conditions herein set forth, and the Lessee fails or refuses to comply with any of said provisions or conditions within twenty (20) days of receipt of the Lessor's notice to correct, this lease may be terminated by the Lessor upon thirty (30) days written notice to the Lessee. If canceled, all of the above-described parcel of land shall revert to the Lessor. All notices required to be given to the Lessee by this lease or applicable law or administrative rules shall be sufficient if sent by U.S. Mail to the following address:

Collier County Board of County Commissioners
Attn: Mr. Christopher Harmon
15000 Livingston Rd
Naples, FL 34109

The Lessee shall notify the Lessor by certified mail of any change to this address at least ten (10) days before the change is effective.

13. TAXES AND ASSESSMENTS: The Lessee shall assume all responsibility for liabilities that accrue to the subject property or to the improvements thereon, including any and all drainage or special assessments or taxes of every kind and description which are now or may be hereafter lawfully assessed and levied against the subject property during the effective period of this lease.

14. NUISANCES OR ILLEGAL OPERATIONS: The Lessee shall not permit the leased premises or any part thereof to be used or occupied for any purpose or business other than herein specified unless such proposed use and occupancy are consented to by the Lessor and the lease is modified accordingly, nor shall Lessee knowingly permit or suffer any nuisances or illegal operations of any kind on the leased premises.

15. MAINTENANCE OF FACILITY/RIGHT TO INSPECT: The Lessee shall maintain the leased premises in good condition, keeping the structures and equipment located thereon in a good state of repair in the interests of public health, safety and welfare. No dock or pier shall be constructed in any manner that would cause harm to wildlife. The leased premises shall be subject to inspection by the Lessor or its designated agent at any reasonable time.

16. NON-DISCRIMINATION: The Lessee shall not discriminate against any individual because of that individual's race, color, religion, sex, national origin, age, handicap, or marital status with respect to any activity occurring within the area subject to this lease or upon lands adjacent to and used as an adjunct of the leased area.

17. ENFORCEMENT OF PROVISIONS: No failure, or successive failures, on the part of the Lessor to enforce any provision, nor any waiver or successive waivers on its part of any provision herein, shall operate as a discharge thereof or render the same inoperative or impair the right of the Lessor to enforce the same upon any renewal thereof or in the event of subsequent breach or breaches.

18. PERMISSION GRANTED: Upon expiration or cancellation of this lease all permission granted hereunder shall cease and terminate.

19. RENEWAL PROVISIONS: Renewal of this lease shall be at the sole option of the Lessor. Such renewal shall be subject to the terms, conditions and provisions of management standards and applicable laws, rules and regulations in effect at that time. In the event that the Lessee is in full compliance with the terms of this lease, the Lessor will begin the renewal process. The term of any renewal granted by the Lessor shall commence on the last day of the previous lease term. In the event the Lessor does not grant a renewal, the Lessee shall vacate the leased premises and remove all structures and equipment occupying and erected thereon at its expense. The obligation to remove all structures authorized herein upon termination of this lease shall constitute an affirmative covenant upon the Lessee's interest in the riparian upland property more particularly described in Attachment B which shall run with the title to the Lessee's interest in said riparian upland property and shall be binding upon the Lessee and the Lessee's successors in title or successors in interest.

20. REMOVAL OF STRUCTURES/ADMINISTRATIVE FINES: If the Lessee does not remove said structures and equipment occupying and erected upon the leased premises after expiration or cancellation of this lease, such structures and equipment will be deemed forfeited to the Lessor, and the Lessor may authorize removal and may sell such forfeited structures and equipment after ten (10) days written notice by certified mail addressed to the Lessee at the address specified in Paragraph 12 or at such address on record as provided to the Lessor by the Lessee. However, such remedy shall be in addition to all other remedies available to the Lessor under applicable laws, rules and regulations including the right to compel removal of all structures and the right to impose administrative fines.

21. REMOVAL COSTS/LIEN ON RIPARIAN UPLAND PROPERTY: Subject to the noticing provisions of Paragraph 20 of this lease, any costs incurred by the Lessor in removal of any structures and equipment constructed or maintained on state lands shall be paid by Lessee and any unpaid costs and expenses shall constitute a lien upon the Lessee's interest in the riparian upland property that is more particularly described in Attachment B. This lien on the Lessee's interest in the riparian upland property shall be enforceable in summary proceedings as provided by law.

22. RIPARIAN RIGHTS/FINAL ADJUDICATION: In the event that any part of any structure authorized hereunder is determined by a final adjudication issued by a court of competent jurisdiction to encroach on or interfere with adjacent riparian rights, Lessee agrees to either obtain written consent for the offending structure from the affected riparian owner or to remove the interference or encroachment within 60 days from the date of the adjudication. Failure to comply with this paragraph shall constitute a material breach of this lease agreement and shall be grounds for immediate termination of this lease agreement at the option of the Lessor.

23. AMENDMENTS/MODIFICATIONS: This lease is the entire and only agreement between the parties. Its provisions are not severable. Any amendment or modification to this lease must be in writing, must be accepted, acknowledged and executed by the Lessee and Lessor, and must comply with the rules and statutes in existence at the time of the execution of the modification or amendment. Notwithstanding the provisions of this paragraph, if mooring is authorized by this lease, the Lessee may install boatlifts within the leased premises without formal modification of the lease provided that (a) the Lessee obtains any state or local regulatory permit that may be required; and (b) the location or size of the lift does not increase the mooring capacity of the docking facility.

24. ADVERTISEMENT/SIGNS/NON-WATER DEPENDENT ACTIVITIES/ADDITIONAL ACTIVITIES/MINOR STRUCTURAL REPAIRS: No permanent or temporary signs directed to the boating public advertising the sale of alcoholic beverages shall be erected or placed within the leased premises. No restaurant or dining activities are to occur within the leased premises. The Lessee shall ensure that no permanent, temporary or floating structures, fences, docks, pilings or any structures whose use is not water-dependent shall be erected or conducted over sovereignty submerged lands without prior written consent from the Lessor. No additional structures and/or activities including dredging, relocation/realignment or major repairs or renovations to authorized structures, shall be erected or conducted on or over sovereignty, submerged lands without prior written consent from the Lessor. Unless specifically authorized in writing by the Lessor, such activities or structures shall be considered unauthorized and a violation of Chapter 253, Florida Statutes, and shall subject the Lessee to administrative fines under Chapter 18-14, Florida Administrative Code. This condition does not apply to minor structural repairs required to maintain the authorized structures in a good state of repair in the interests of public health, safety or welfare; provided, however, that such activities shall not exceed the activities authorized by this lease.

25. USACE AUTHORIZATION: Prior to commencement of construction and/or activities authorized herein, the Lessee shall obtain the U.S. Army Corps of Engineers (USACE) permit if it is required by the USACE. Any modifications to the construction and/or activities authorized herein that may be required by the USACE shall require consideration by and the prior written approval of the Lessor prior to the commencement of construction and/or any activities on sovereign, submerged lands.

26. COMPLIANCE WITH FLORIDA LAWS: On or in conjunction with the use of the leased premises, the Lessee shall at all times comply with all Florida Statutes and all administrative rules promulgated thereunder. Any unlawful activity which occurs on the leased premises or in conjunction with the use of the leased premises shall be grounds for the termination of this lease by the Lessor.

27. LIVEABOARDS: The term "liveaboard" is defined as a vessel docked at the facility and inhabited by a person or persons for any five (5) consecutive days or a total of ten (10) days within a thirty (30) day period. If liveaboards are authorized by paragraph one (1) of this lease, in no event shall such "liveaboard" status exceed six (6) months within any twelve (12) month period, nor shall any such vessel constitute a legal or primary residence.

28. GAMBLING VESSELS: During the term of this lease and any renewals, extensions, modifications or assignments thereof, Lessee shall prohibit the operation of or entry onto the leased premises of gambling cruise ships, or vessels that are used principally for the purpose of gambling, when these vessels are engaged in "cruises to nowhere," where the ships leave and return to the state of Florida without an intervening stop within another state or foreign country or waters within the jurisdiction of another state or foreign country, and any watercraft used to carry passengers to and from such gambling cruise ships.

29. FINANCIAL CAPABILITY: To assure the Lessor that the Lessee has the financial capability to undertake and operate the project authorized by this lease, the Lessee certifies to the Lessor as follows: (i) the Lessee is not the subject of a pending bankruptcy proceeding that would prohibit the Lessee from paying its lease fees, on or before the due date, with or without, as applicable, approval from the bankruptcy court or, if appointed, the bankruptcy trustee; (ii) the Lessee has no unsatisfied judgments entered against it that would impair the Lessee's financial capability to undertake and operate the project authorized by this lease; (iii) the Lessee has no delinquent state and local taxes for which it is responsible and that remain outstanding and not in dispute; and (iv) to the best of the Lessee's knowledge, there are no other matters pending or threatened against or affecting the Lessee or the Lessee's interest in the riparian upland property that would impair the Lessee's financial capability to undertake and operate the project authorized by this lease. Any breach of this lease condition shall constitute a default under this lease.

30. SPECIAL LEASE CONDITIONS:

A. Any vessel moored at the docking facility, on either a temporary or permanent basis, shall be wholly located within its designated wet slip as depicted on Attachment A and no portion of a vessel may extend beyond the leased premises. Vessel length shall be measured as overall length including all parts and accessories such as outboard motors, bow pulpits, and swim platforms.

B. The docking of any vessels, on either a temporary or permanent basis, is prohibited and the pier shall be used solely for passive recreational activities, such as fishing. To ensure compliance, the Lessee shall place and maintain, during the term of this lease and all subsequent renewal terms: (1) a guard and intermediate rail(s) consistent with state or local building code(s) or a 4-foot high railing and 2-foot high intermediate railing around the entire perimeter and (2) signs advising boaters that mooring, on either a temporary or permanent basis, is prohibited.

C. Vessels that either do not possess a current vessel registration and title as required by Chapters 327 and 328, Florida Statutes, or do not have a current vessel registration and title as required in another state or country are prohibited within the leased premises.

D. During the term of this lease and all subsequent renewal terms, Lessee shall maintain permanent manatee educational signs that provide information on the mannerisms of manatees and the potential threat to this endangered species from boat operation and shall be required to replace the signs in the event they become faded, damaged or outdated. Lessee shall ensure that the view of the signs is not obstructed by vegetation or structures. The number, type, and procedure for installation of these signs shall be in accordance with the handout, "Manatee Educational Signs," which can be obtained from the Florida Fish and Wildlife Conservation Commission, Imperiled Species Management Section, 620 S. Meridian Street - 6A, Tallahassee, Florida 32399-1600 (Phone 850/922-4330).

SUBMERGED LAND LEASE
BOARD OF COMMISSIONERS OF COLLIER COUNTY, CAXAMBAS PARK

SECTION 20, TOWNSHIP 52 SOUTH, RANGE 26 EAST
MARCO ISLAND, COLLIER COUNTY, FLORIDA

NOTES:

1. THIS IS A FIELD SURVEY. DATE OF LAST FIELDWORK: JULY 10, 2007.
2. BEARINGS SHOWN HEREON BASED ON THE WESTERLY LINE OF LOT 10 AS SHOWN ON THE PLAT OF MARCO BEACH, UNIT TWENTY-ONE TO BEAR S01°10'20"E.
3. THERE ARE NO APPARENT PHYSICAL USES OTHER THAN THOSE SHOWN.
4. SUBSTANTIAL VISIBLE IMPROVEMENTS OTHER THAN THOSE SHOWN, NOT LOCATED.
5. THIS SURVEY IS SUBJECT TO ANY FACTS THAT MAY BE DISCLOSED BY A FULL AND ACCURATE TITLE SEARCH.
6. THIS SURVEY DOES NOT MAKE ANY REPRESENTATION AS TO ZONING OR DEVELOPMENT RESTRICTIONS ON THE SUBJECT PARCEL.
7. ELEVATIONS SHOWN HEREON ARE IN FEET AND ARE IN THE NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD 88), AND BASED ON A LEVEL LOOP FROM N.G.S. (NATIONAL GEODETIC SURVEY) ELEVATION REFERENCE MARK "872 4967 C TIDAL" HAVING A PUBLISHED ELEVATION OF 4.41 FEET.
8. THIS SURVEY WAS PERFORMED FOR THE PURPOSE SHOWN HEREON AND DOES NOT MAKE ANY REPRESENTATION AS TO THE DELINEATION OF ANY JURISDICTIONAL LINES EXCEPT AS SHOWN OR NOTED.
9. ALL ADJACENT DOCKS ARE WOOD FRAMING WITH SYNTHETIC DECKING UNLESS OTHERWISE NOTED.
10. MEAN HIGH WATER ELEVATION IS 0.40' (NAVD 88) BASED ON "MEAN HIGH WATER PROCEDURE APPROVAL" FORM FROM THE DEPARTMENT OF ENVIRONMENTAL PROTECTION BUREAU OF SURVEYING AND MAPPING.
11. THE NORTHERLY ADJACENT 1000 FEET OF SHORELINE IS COMPRISED OF CONCRETE SEAWALL AND WOOD FRAME DOCKS.
12. THE SOUTHERLY ADJACENT 1000 FEET OF SHORELINE IS COMPRISED OF CONCRETE SEAWALL AND WOOD FRAME DOCKS.
13. ONLY PROPOSED STRUCTURES ARE SHOWN WITHIN THE LEASE AREA.
14. THE PURPOSE OF THIS SURVEY IS TO DELINEATE THE LIMITS OF THE SUBMERGED LAND LEASE ADJACENT TO CAXAMBAS PARK.
15. EXISTING LEASE PARCEL IS COMPRISED OF CONCRETE SEAWALLS WITH EXISTING WOOD DOCKS AND A BOAT RAMP.
16. DOCKS AND SEAWALL AS SHOWN FOR ADJOINING SUBMERGED LAND LEASES ARE FIELD LOCATED.

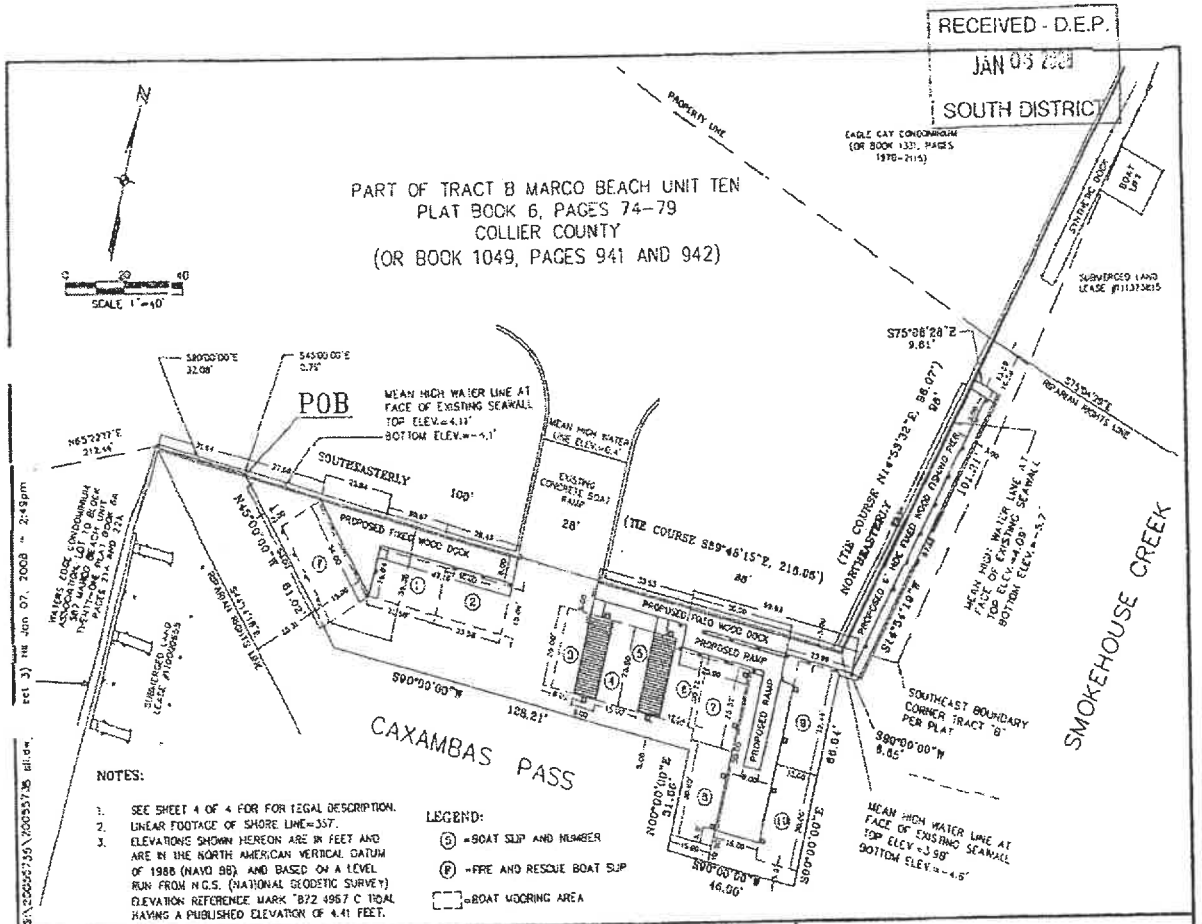
A PARCEL LYING IN
SECTION 20, TOWNSHIP 52 SOUTH, RANGE 26 EAST
MARCO ISLAND, COLLIER COUNTY, FLORIDA

RECEIVED - D.E.P.
JAN 03 2008
SOUTH DISTRICT

A tract or parcel of submerged land lying offshore from lands described in a deed recorded in Official Records Book 1049, pages 941 and 942, recorded in the Public Records of Collier County, Florida, lying in Section 20, Township 52 South, Range 26 East, Marco Island, Collier County, Florida, said tract or parcel being more particularly described as follows:
Commencing at a found iron rod at the northern most corner of Lot 7, Block 587 as shown on the plat of Marco Beach, Unit Twenty One, recorded in Plat Book 6A, pages 21A and 22A, recorded in the Public Records of Collier County, Florida, said point being the beginning of a curve to the left, of which the radius point lies N60°36'32"W, a radial distance of 250.00 feet; thence run northerly along the curved westerly line of Lot 8 of said plat and the arc of a curve having a radius of 250.00 feet, (delta 30°33'48"), (chord bearing N14°06'34"E), (chord 131.78 feet) a distance of 133.36 feet to a point; thence run along the westerly line of said Lot 8, Lot 9 and Lot 10, Block 587, N01°10'20"W for a distance of 507.65 feet to a point of curvature in the westerly line of Lot 10; thence run the following two (2) courses along said westerly line: northerly along an arc of a curve to the right having a radius of 195.79 feet, (delta 18°48'54"), (chord bearing N08°14'07"E), (chord 64.01 feet) for a distance of 64.29 feet to a point; thence run N17°38'34"E for a distance of 90.00 feet to the southwesterly corner of Tract B as shown on the plat of Marco Beach, Unit Ten, recorded in Plat Book 6, Page 74; thence run the following three courses along the southerly line of said Tract B: S72°21'25"E for a distance of 300.00 feet to a point, thence run N65°22'17"E for a distance of 212.44 feet to a point; thence run S90°00'00"E for a distance of 32.08 feet to a point; thence departing said southerly line run S45°00'00"E for a distance of 0.79 feet to the face of an existing concrete seawall and the Point of Beginning.
From said Point of Beginning run Southeasterly along the face of the seawall for a distance of 100 feet to a point at the end of the seawall; thence run Southeasterly for a distance of 26 feet to a point on the face of the beginning of the seawall; thence run Southeasterly along the face of the seawall for a distance of 88 feet to the corner of the face of the seawall; thence run Northeasterly along the face of the seawall for a distance of 96 feet to a point on the face of the seawall; thence departing said seawall run S75°06'28"E for a distance of 9.61 feet to a point; thence run S14°54'19"W for a distance of 101.21 feet to a point; thence run S90°00'00"W for a distance of 6.65 feet to a point; thence run S00°00'00"E for a distance of 66.64 feet to a point; thence run S90°00'00"W for a distance of 46.00 feet to a point; thence run N00°00'00"E for a distance of 31.66 feet to a point; thence run S90°00'00"W for a distance of 128.21 feet to a point; thence run N45°00'00"W for a distance of 61.02 feet to the Point of Beginning.

Parcel contains 10,754 square feet or 0.247 acres, more or less.



Bearings shown hereon are based on the westerly line of Lot 10 as shown on the plat of Marco Beach, Unit Twenty-One, recorded in Plat Book 6A, Pages 21A and 22A, Public Records of Collier County, Florida to bear N01°10'20"W.

COLLIER COUNTY

REC. 9.00
DOC. 3.85
INT.

This instrument prepared by:
WILLIAM I. L[illegible]TON, Esq.
3250 S. W. Avenue
Miami, Florida 33133

WARRANTY DEED

THIS INDENTURE, made this 25th day of October, 1983, A.D., between THE DELTONA CORPORATION, a Delaware corporation, lawfully authorized to transact business in the State of Florida, party of the first part, and COLLIER COUNTY, a political subdivision of the State of Florida, whose mailing address is Collier County Courthouse, Naples, Florida, 33942, the party of the second part.

OR BOOK 01019 PAGE 00041

W I T N E S S E T H

That the party of the first part, for and in consideration of the sum of TEN DOLLARS AND OTHER GOOD AND VALUABLE CONSIDERATION, to it in hand paid by the said party of the second part, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said party of the second part, its successors and assigns forever, the following described land situate, lying and being in the County of Collier and State of Florida, to-wit:

THAT PART OF:

TRACT "B" OF MARCO BEACH UNIT TEN, according to the plat thereof, as recorded in Plat Book 6, Pages 74 through 79 inclusive of the Public Records of Collier County, Florida and being more particularly described as follows:

BEGIN the Southwest corner of said Tract "B" for the POINT OF BEGINNING of the parcel of land hereinafter described; said point being on the Easterly right-of-way line of Collier Court, as shown on said plat of Marco Beach Unit Ten; run thence N17°38'34"E along said Easterly right-of-way line for a distance of 326.58 feet; thence leaving said Easterly right-of-way line, S72°21'26"E for a distance of 704.21 feet to a point on the Easterly boundary of said Tract "B"; thence S12°25'00"W along said Easterly boundary for a distance of 102.58 feet to the Southeast corner thereof; thence run the following courses along the Southerly boundary of said Tract "B", West for a distance of 269.00 feet; then S65°22'17"W for a distance of 212.44 feet; thence N72°21'25"W for a distance of 300.00 feet to the Point of Beginning.

Containing 4.00 acres, more or less.

This deed is executed subject to the following terms and conditions:

1. Ad valorem taxes and all assessments, if any, for the year of 1983.

2. Existing zoning and all easements, restrictions and reservations of record.

Executive Summary

Recommendation that the Board of County Commissioners, as the ex officio Governing Board of the Collier County Water-Sewer District, approve the selection committee's ranking and authorize staff to begin contract negotiations with the top-ranked firm, Carollo Engineers, Inc., related to Request for Professional Services No. 26-8635 for the South County Water Reclamation Facility Treatment Technology and Flow Management Improvements project. (Project 70299)

OBJECTIVE: The public purpose for this project is to continue providing reliable, sustainable utility services for the Collier County Water-Sewer District ("CCWSD"). This request is for approval to proceed with the selection of a consultant to provide Professional Services for the South County Water Reclamation Facility Treatment Technology & Flow Improvements project.

CONSIDERATIONS: This project at the South County Water Reclamation Facility ("SCWRF") is expected to increase the plant's treatment capacity by 5.1 MGD, resulting in a total capacity of 21.1 MGD. Final treatment capacity will be determined during the final design phase. The selected firm will provide the engineering design and construction-phase services required to expand the facility's capacity.

The Board approved Annual Update and Inventory Reports for 2025 identified and confirmed the need for capacity expansion at SCWRF.

On February 6, 2026, the Procurement Services Division issued Request for Professional Services No. 26-8635, "SCWRF Treatment Technology & Flow Management Improvements."

The County originally advertised the solicitation for thirty days and extended the deadline to submit for fifteen additional days so that staff could conduct additional outreach. The County received three proposals by the March 23, 2026, deadline. Staff found all three proposers to be responsive and responsible, with two having minor irregularities.

A selection committee met on April 28, 2026, and after reviewing the proposals and deliberating, scored the proposals and shortlisted the following three firms to advance to Step 2 (Oral Presentations):

Carollo Engineers, Inc.
AECOM Technical Services, Inc.
Bowman Consulting Group Ltd.

On May 14, 2026, the selection committee reconvened for the Oral Presentations and a Final Ranking of the firms. The committee's final ranking of the firms is as follows:

Carollo Engineers, Inc. - 1st
AECOM Technical Services, Inc. - 2nd
Bowman Consulting Group, Ltd. - 3rd

Staff is requesting authorization to begin contract negotiations with the selection committee's top-ranked firm, Carollo Engineering, Inc. ("Carollo").

Subject to the Board's approval of staff's recommendation, in accordance with Florida Statutes, Section 287.055, the Consultants' Competitive Negotiation Act, staff will begin contract negotiations with Carollo with the intent of bringing back a negotiated contract for Board approval at a future meeting. If staff is unable to reach an agreement with the number one ranked firm, staff will continue negotiating with the remaining firms in ranked order.

This item is consistent with the Collier County strategic plan objective to plan and build public infrastructure and facilities to effectively, efficiently, and sustainably meet the needs of our community. It further is in support of the Infrastructure and Asset Management Strategic Focus Area's objectives to optimize the useful life of all public infrastructure resources through proper planning and preventative maintenance. This item is aligned with the Annual Update and Inventory Report and other planning tools that establish and implement plans for availability and adequacy

of public facilities and remain in compliance with all regulatory requirements.

FISCAL IMPACT: There is no fiscal impact associated with this action. Funding for the subsequent contract award is within the Fiscal Year 2026 Capital Budget. The source of funding includes the wastewater user fee capital fund (4014), sewer impact fee fund (4013), and the water/ wastewater commercial paper loan fund (4020). Project costs supported by commercial paper are anticipated to be refinanced through a future long-term, fixed interest rate bond issuance.

GROWTH MANAGEMENT IMPACT: This project meets current Growth Management Plan standards to ensure the adequacy and availability of viable public facilities and to remain in compliance with all regulatory requirements.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATION(S): Recommendation that the Board of County Commissioners, as the ex officio Governing Board of the Collier County Water-Sewer District, approve the selection committee's ranking and authorize staff to begin contract negotiations with the top-ranked firm, Carollo Engineers, Inc., related to Request for Professional Services No. 26-8635 for the South County Water Reclamation Facility Treatment Technology and Flow Management Improvements project. (Project 70299)

PREPARED BY: Wayne Karlovich, PE., Supervisor – Project Management, Public Utilities Engineering & Project Management Division.

All proposals shall be submitted online via the Collier County Procurement Services Division Online Bidding System: https://procurement.opengov.com/portal/collier-county-fl.

INTRODUCTION

As requested by the Engineering and Project Management Division (hereinafter, the "Division or Department"), the Collier County Board of County Commissioners Procurement Services Division (hereinafter, "County") has issued this Request for Professional Services (hereinafter, "RPS") with the intent of obtaining proposals from interested and qualified Proposers in accordance with the terms, conditions and specifications stated herein, in the Solicitation and/or attachments. The Proposers at a minimum, must achieve the requirements of the Specifications, Scope of Services or Scope of Work stated. All references to "Proposer" are also referred to as "Consultant," "Firm," "Offeror," "Contractor," and "Vendor."

The selected firm shall perform comprehensive design and construction administration services to construct improvements of the Collier County Water–Sewer District's (CCWSD's) South County Water Reclamation Facility (SCWRF). Improvements contemplated include, but not limited to the following: Comprehensive plant capacity expansion of peak flow and average flow capacity, flow equalization and pumping; preliminary treatment, coarse screening, grit removal, fine screening; secondary treatment, incorporation of membrane bioreactor (MBR) technology into the plant design, activated sludge processes, filtration, disinfection, effluent and reject water storage and pumping, deep injection well pumping, sludge storage, pumping, and dewatering

The selected firm will perform preliminary design, geotechnical surveys, surveying, subsurface utility engineering, hydraulic modeling, wastewater treatment process modeling, final design, permitting, bidding packages, opinion of probable costs, public involvement services, construction administration services, and construction warranty services. The selected firm will also coordinate with Public Utilities Department staff, Engineering and Project Management Division ("PUD") staff, neighboring community, local electrical utilities, and the Growth Management and Community Development Department to deliver the planned infrastructure improvements

Specific sections of this scope may be deleted during contract negotiations.

BACKGROUND

The CCWSD owns and operates the South County Water Reclamation Facility (SCWRF). The SCWRF original construction was completed in 1991. It was expanded to its current maximum month average daily flow (MMADF) permitted capacity of 16 million gallon per day (MGD) in 2005.

The 2025 Annual Update and Inventory Report identified a planned treatment technology and flow management improvement project at SCWRF is expected to increase the plant's treatment capacity by 5.1 MMADF MGD resulting in a total treatment capacity of 21.1 MMADF MGD and is anticipated to be online in FY 2031.

The goal of this project is to implement the necessary upgrades to manage current and projected wet weather demands effectively. This initiative ensures continuous regulatory compliance and expands the capacity to provide treated, reclaimed water for beneficial reuse to customers.

The SCWRF is a modified activated sludge domestic wastewater treatment plant consisting of two (2) 1.25-million-gallon (MG) flow equalization tanks (total capacity 2.5 MG), and odor control system, influent screening, grit removal system, fourteen (14) biological treatment basins consisting of anoxic and aerobic (total capacity 7.0 MG), six (6) turbo blowers and two (2) multi-stage centrifugal blowers to provide process air to the aerations basins, clarifier splitter structure, four (4) circular center feed clarifiers, eight (8) sand filters each 960 sq. ft. (total area 3,840 sq. ft.), sodium hypochlorite chemical feed system, four (4) chlorine contact tanks (total volume 412,000 gallons), two (2) 330,000-gallon aerated sludge holding tanks (total capacity 660,000 gallons), and four (4) belt filter presses for residuals handling. The treatment facility can be operated in modified Ludzack-Ettinger mode or in conventional activated sludge mode.

The SCWRF's permitted capacity of 16 MGD MMADF could handle influent flows as high as 40 MGD peak hour (wet weather) through the preliminary treatment facility prior to flow equalization. The wet weather peak flows are managed using two (2) preliminary treatment train facilities, two (2) equalization tanks and the use of four (4) existing aeration basins as additional flow equalization.

Effluent disposal consists of the County's slow rate of public access reclaimed water system and two (2) Class 1 injection wells.

Treatment Technology and Flow Management Improvements

The County has explored the use of Membrane Bioreactor (MBR) to increase peak and average capacity. The selected firm will incorporate MBR technology improvements, or other treatment technology as otherwise approved by the Department, into this project.

The primary goal of the project is to improve wet weather plant capacity to treat a minimum peak flow prior to flow equalization of 56.0 MGD with a minimum average capacity of 21.1 MGD MMADF, or as otherwise approved by the County. The goal of the project is to complete construction by 2031. The design shall include preliminary plans for future improvements including increases in capacity, conversion to advanced wastewater treatment for nutrient removal, and additional or full MBR capacity conversion. The firm selected to complete design within one year (365 days) of issuance of the Notice to Proceed, or as otherwise approved by the Department.

As outlined in a Technical Memorandum dated February 2011, the conceptual concept for capacity expansion at the SCWRF is the potential conversion of a portion of the aeration basin passes to MBR (membrane bioreactor) mode of operation. The proposed work for this conceptual conversion would be the installation of new equipment in some of the existing aeration basins, thus not requiring construction of new aeration basins. The remaining components of the facility expansion would be those which have the potential to be constructed inside a building and other structures located to the north of the aeration basins. A copy of this memorandum is included as attachment 26-8635 Exhibit - Tech Memo #9 Capacity Expansion Considerations February 2011to this solicitation.

The design shall be comprehensive and be integrated and consistent with the entire treatment facility. The firm will be expected to coordinate with the Department (PUD) to define and determine the size, capacity, redundancy, and reliability criteria for the new, existing or improved facilities.

Preliminary Treatment Facility Improvements

The design shall include reliable new preliminary treatment facilities with the capability to take one (1) new treatment train out of service while maintaining wet weather criterion. The preliminary treatment facilities for the MBR treatment trains shall incorporate coarse screening (6 mm), grit removal, and fine screening (2 mm) or as otherwise approved by the Department. The constructed capacity of the new preliminary treatment facilities shall be large enough to treat the entire plant flow, or to reliably take the existing preliminary treatment trains out of service for rehabilitation.

The preliminary design shall include the future expansion of the preliminary treatment facility to handle all plant flow and future consideration of increased peak flow capacity.

Flow Equalization Facility Improvements

Review and provide recommendations on flow equalization facilities required for the proposed facilities. At a minimum, subject to review and approval by the County:

- Addition of at least one additional flow equalization tank shall be included.
- Modifications to the existing flow equalization tanks to provide pump stations for each tank dedicated to mixing systems and return of equalized flow to the treatment process.
- Review and modification of the existing flow control facilities that send flow to flow equalization.

Receiving Facility for Vactor Trucks and Pumper Trucks

A facility to receive material from County-owned vactor trucks has been designed by others. The project shall include assumption of this engineering design with a revised location on site at the SCWRF in coordination with the proposed facilities. The design shall be reviewed and modified as necessary to be incorporated in the plant site.

Additionally, at times, the plant receives wastewater from pumper trucks hauling sewage from the CCWSD's sewerage system. The design shall include facilities to allow for receiving and preliminary treatment of this wastewater along with pumping to the plant's preliminary treatment facility.

Reclaimed Water Pump Station Improvements~~:~~

Evaluate and design improvements to the existing combined reclaimed water and deep injection well pump station to expand its pumping capabilities.

Deep Injection Well Pump Station

Design shall include an independent deep injection well (DIW) pump station to provide effluent disposal at the full rated capacity of the existing DIW systems two (2) wells, at approximately 18 MGD each, and reliable backup for reuse pumping to the existing slow rate public access reclaimed water system. Design shall evaluate the need to mitigate hydraulic pressures.

Existing Activated Sludge Secondary Treatment Improvements

- Evaluate and design improvements to the existing aeration basin tank drainage system including the associated valves and pumping systems.
- Design a comprehensive rehabilitation of the activated sludge treatment mixed liquor splitter structure including flow splitting gates, weirs, aeration system, and structural considerations.
- Evaluate and as necessary, design improvements to the existing clarifiers, associated return pumping systems, and sludge wasting systems. Provide recommendations for improvements to be included in the design.

Tertiary Filtration and Effluent Disinfection

The plant utilizes shallow bed traveling bridge sand filters for tertiary filtration and sodium hypochlorite with chlorine contact basins for effluent disinfection.

- Evaluate and design improvements and replacement equipment for the existing tertiary filtration systems.
- Provide design of tertiary filtration and effluent disinfection to accommodate increased plant average and peak flows as required.
- In the preliminary design, evaluate Ultraviolet Light (UV) Disinfection as an alternative means of effluent disinfection.

Electrical Service and Power Systems

Design shall provide an additional electrical service for the plant including reliable double-ended switchgear, motor control centers, and generators sized for final build out of all passes converted to MBR, as well as meeting all project needs.

Odor Control

Design to include Odor Control System(s) to treat odors for new or modified facilities, and project improvements. The requirement is to remain in compliance with FDEP requirements and County goals to prevent discharge of odors offsite.

Reject and Reclaimed Water Storage

The existing plant uses a repurposed oxidation ditch structure for reject water and reclaimed water storage. The outer ring, 3 million gallons (MG), is generally used for reject water storage, which can either be disposed of by pumping into the deep injection wells or drained to the reject pond for retreatment. The inner passes (3 MG) are used for reclaimed water storage. The effluent pump station draws from the tanks and discharges to either the CCWSD's slow rate public access reuse system, or to the deep injection wells. The plant has a 4 MG reject water storage pond. Reject water from the pond is returned to the plant though a plant drain pump station.

This project includes modifications of existing tanks and ponds to provide minimum of 3 MG of additional reclaimed water storage (minimum of 6 MG of reclaimed water storage is required) and a minimum of 3 MG of reject water storage in a tank(s) to allow for pumping to the DIW system or retreatment though the plant. The existing reject pond can be modified, retained or eliminated as required for the comprehensive facility design.

Solids Handling Improvements

- Design to include additional aerated sludge holding tank(s) and associated pumping systems to supplement the existing systems as required to provide the required capacity for the facility.
- Design shall include and allocate space for the ultimate future capacity expansion.
- Additional sludge dewatering system(s) potential using belt filter press or screw press technology to provide additional sludge dewatering capacity.

Material Storage Building

Design a material storage building on the SCWRF site. Conceptual size is minimum 40' x 60', or as otherwise approved by the Department.

Comprehensive Services and Components

The improvements include, but are not limited to the following components:

- Tanks
- Pumping facilities
- Buildings
- Pumps, piping, valves, and other appurtenances
- Mechanical Systems including plumbing and Heating, Ventilation and Air Conditioning (HVAC)
- Odor Control facilities
- Structural
- Electrical and Supervisory Control and Data Acquisition (SCADA)

- Generator/fuel systems
- Chemical feed systems
- Storm Water improvement and treatment concepts, quantity attenuation, storage, and runoff rate management and reduction
- Access Roads
- Pathway/sidewalk
- Landscaping
- Security
- Site improvements
- Coordination with other construction projects, designed by other professionals

AWARD AND TERM OF AGREEMENT

County reserves the right to modify this scope during negotiations for budgetary reasons.

The agreement term, if an award is made is intended to be for will commence on the date of the Notice to Proceed, and end upon acceptance and approval of the final payment.

Prices shall remain firm for the term of the awarded contract.

Surcharges will not be accepted in conjunction with this award, and such charges should be incorporated into the pricing structure.

DETAILED SCOPE OF SERVICES

The Public Utilities Department (PUD) is interested in contracting with a qualified firm to become the Engineer of Record (EOR) for the design, permitting, bidding and construction services to develop and implement the South County Water Reclamation Facility Treatment Technology & Flow Management Improvements project located at 5600 Warren Street, Naples, Florida 34113.

Scope of Services

The Design team will provide professional services throughout the project consisting of, but not limited to:

1. Project management
2. Data gathering
3. Site Visits
4. Graphics/exhibit preparation
5. Project phasing for Construction
6. Project meeting assistance
7. Public meeting assistance
8. Project Management Plan preparation
9. Public Involvement Services
10. Modeling
11. Scheduling
12. Preliminary design
13. Final design
14. Bidding Services
15. Equipment evaluation and selection
16. Subsurface investigations of underground utilities
17. Geotechnical exploration and engineering
18. Land surveying
19. Environmental Impacts
20. Permitting
21. Preparation of Bid packages
22. Construction Administration Services
23. Post Design Services

Project Meetings: Project meetings with PUD staff will be conducted, as requested by the Project Manager, throughout the project to keep staff informed of the progress, schedule and to obtain input and direction as required for outstanding project issues.

a. A firm day and time will be established for all progress meetings.
b. The meeting objectives will be to provide progress updates and reach decisions on pertinent issues related to the specific topics being addressed.
c. The Engineer of Record (EOR) will prepare and distribute Agendas and Meeting Minutes for each meeting. The EOR team shall prepare an Agenda that will be submitted to the project delivery team at least two (2) days prior to the meeting. Meeting Minutes summarizing the discussion and Project action plan shall be prepared and distributed by the EOR no more than two (2) working days following the meeting. PUD staff will provide comments for no more than two (2) working days after receipt of meeting minutes. EOR will make the revisions and re-distribute the revised Meeting Minutes no later than two (2) business days after receiving all comments from PUD staff.

Project Schedule: The EOR shall provide an initial project schedule and update the schedule monthly or as otherwise accepted by the County throughout the duration of the design and construction.

Cost Estimating: Project cost estimates shall be provided for all phases of the project or as otherwise determined by the County Project Manager.

TASK 1: Preliminary Engineering Design

1.1 Project Initiation

a. Initial Kick-Off Meeting – The EOR will organize an initial Kick-off Meeting with PUD staff to review the project scope, operational flexibility objectives and requirements, operational issues, known single points of failures, project objectives/goals, project standards and project schedule for completing the work.
b. Initial Project Schedule – The EOR team will prepare an initial project schedule and submit to PUD staff at the Initial Kick-off Meeting for review and acceptance.

1.2 Data Collection

a. Utility Record Drawings – The EOR team will review the CCWSD's utility record drawings and other documents related to the project prior to the kick-off meeting.
b. Data Gathering & Review – F Gather and review all available existing documentation, including record drawings (piping, structural, mechanical, electrical, SCADA), operation and maintenance manuals, and historical performance data.
c. Site Investigation – Conduct site visits and field inspections to verify existing conditions, collect necessary measurements, determine the location of existing utilities, identify potential site constraints, access problems. Meet with PUD staff to obtain knowledge of the existing facility, operational practices, existing conditions, confirm record drawing information, confirm assumptions.

1.3 Preliminary Engineering Design Report(s)

Preliminary Design Progress Meetings - Weekly meetings will be conducted with PUD representatives to review progress and discuss the preliminary design phase.

The Engineer of Record (EOR) shall perform the following services to develop a comprehensive Preliminary Design Report:

1) Technical Memorandums (TMs)

The Engineer of Record (EOR) is responsible for preparing Technical Memorandums (TMs) for this project. These TMs will be incorporated into the Preliminary Design Report. The EOR shall schedule meetings with PUD staff to review, discuss, and update these documents as needed.

The content and scope of the TMs shall include, but are not limited to, the following tasks and areas of focus:

a) Data Gathering & Review- Gather and review all record drawings of the SCWRF treatment facilities, including piping, structural, mechanical, electrical, instrumentation and control (SCADA) systems, and other relevant infrastructure.
b) Define Project Needs-Clearly articulate the need for the project based on identified deficiencies, regulatory compliance issues, and capacity requirements.

c) Regulatory Coordination- Coordinate with local and state regulatory agencies to identify applicable design criteria and permitting requirements.
d) Recommendations for Improvements- Provide recommendations for process configurations and enhancements that improve efficiency, optimize the facility footprint, and enhance cost-effectiveness. This evaluation will serve as the basis of design for all future improvements.
e) Hydraulic Profile Analysis- Review and update the facility's hydraulic profile for County review and approval.
f) Process Flow Diagram Update- Identify and update the Overall Plant Process Flow Diagram of the existing facility.
g) Flow and Loading Design Basis- A draft and final technical memorandum shall be prepared to document the flow and load design basis and effluent requirements.
h) Process Modeling - Wastewater process modeling using the defined flows and loads. An overall process flow diagram will be developed. The purpose of the model is to develop a mass balance for use in evaluation of solids process alternatives, to size all major unit processes, and define process design criteria.
i) Included detailed analyses of the proposed membrane bioreactor (MBR) and activated sludge biological treatment systems under both seasonal and non-seasonal loadings. Provide recommendations and sequencing to ensure treatment facilities remain operational and incompliance with FDEP operating permits.
j) Define space and design concepts for future capacity expansion and treatment process improvements.
k) Identify all necessary electrical systems and expansion needed for this project.
l) Preliminary design of proposed Supervisory Control and Data Acquisition (SCADA) System
m) Review existing tertiary treatment facilities and existing effluent transfer pumping systems and confirm adequacy and identify and design needed improvements.
n) Civil/Site Improvements including vactor and pumper truck disposal site
o) Long Lead Procurement register/Direct Material Purchase (DMP) considerations
p) Determine zoning and/or environmental ramifications to the site, and impacts to the existing permits. Review and revise the existing Site Development Plan.
q) Odors, Noise, Dust, Light-Identify improvements to ensure no offsite odors, no offsite dust or mist, noise levels do not exceed code/ordinance standards and lighting pollution does not exceed code/ordinance standards.
r) Reliability Considerations- All facilities shall be designed to meet a minimum of EPA Class 1 reliability or as otherwise directed by the County. The reliability of each unit process shall be presented, reviewed and discussed as part of the preliminary design phase.
s) Identify/Ensure Operational Flexibility
t) Determine Performance Driven Standards- EOR is required to identify, establish, and incorporate specific, measurable criteria for the project's success that are based on desired operational outcomes rather than just prescriptive design rules. The engineer shall define the minimum acceptable performance levels that the final wastewater treatment facility (or its components) must achieve to satisfy the owner's needs and regulatory requirements.
u) Cost-Benefit Analysis- Investigate and provide a cost-benefit analysis comparing existing processes, proposed processes, and design components. This analysis should benchmark against Membrane Bioreactor (MBR) technology currently used in other Florida treatment facilities or similar wastewater treatment facilities. A full Life Cycle Cost Analysis (LCCA) shall be performed for all feasible alternatives to compare present worth costs (capital, O&M).
v) Construction Phasing/Sequencing- Develop and provide a written construction phasing and sequencing plan to the County to complete all treatment improvements, including the Maintenance of Plant Operation (MOPO) plan.
w) Specific Facility Improvements- The content of the technical memorandums shall address the following systems:

1. Capacity Expansion to a minimum of 21.1 MGD MMADF and 56 MGD peak flow prior to flow equalization.
2. Treatment Plant Capacity Analysis Report
3. Preliminary Treatment Facility
4. Flow Equalization Facilities
5. Effluent Filtration Facilities
6. Effluent Disinfection
7. Receiving Facility for Vactor and Pumper Trucks
8. Reclaimed Water Pump Station
9. Deep Injection Well Pump Station
10. Existing Activated Sludge Secondary Treatment
11. Electrical Service and Power Systems
12. Odor Control

13. Reject and Reclaimed Water Storage
14. Solids Handling
15. Site Planning, Zoning and Permitting

2) Preliminary Design Report (PDR)

a) The EOR shall prepare a comprehensive PDR that summarizes all preliminary work completed under this project and incorporates all finalized TMs.
b) Prepare the PDR with evaluation of the existing treatment system(s), recommendations of proposed improvements.
c) Provide a cost analysis and project phasing/sequencing plan for the improvements.
d) The Report shall consist of, but not be limited to, the following sections, incorporating results from the Technical Memorandums tasks, or as otherwise approved by the Department:

1. Executive Summary
2. Introduction
3. Basis of Design/Design Criteria
4. Existing Facilities and Current Situation
5. Need for the Project
6. Alternative Analysis
7. Proposed Improvements
8. Environmental and Permitting
9. Cost Estimation and Financial Considerations
10. Implementation Plan and Schedule
11. Appendices

e) Review and Submission- The EOR will submit draft copies of the PDR to County staff for review. The EOR shall then organize and conduct meetings with County staff to review and discuss the report.
f) Final Deliverable- The EOR will revise the report as required based on County comments. The EOR shall submit the final, signed, and sealed reports (by a professional engineer registered in Florida), including electronic files of the final report in PDF format.

1.4 30% Plans Preparation

The EOR shall prepare 30% construction plans.

a. Incorporate the findings from the Preliminary Design Report (PDR) into the 30% construction plans.
b. Incorporate all record drawings within the project area and the soft dig investigation into the 30% construction plans.
c. Incorporate the boundary and topographic survey into the 30% construction plans.
d. Prepare 30% of the construction plans detailing the proposed yard piping and facility conceptual plans.
e. Submit three (3) full-size and one (1) half-size of the 30% construction plans at least two (2) weeks prior to the meeting with PUD Staff. Provide electronic copy in scalable PDF format.
f. Organize and conduct a 30% plan review meeting with PUD staff to discuss the preliminary construction plans. Revise construction plans as required to reflect PUD comments.

1.5 Surveying Services.

Tasks may include, but are not limited to:

a. EOR will provide PUD a site survey of the treatment facility area. The Site Survey shall be performed by a qualified Florida-licensed surveyor. The survey will establish baseline conditions for the design and serve as control of hydraulic points and miscellaneous items during construction.
b. Establish vertical and horizontal controls throughout project area. Elevations will be in either NAVD 1988 or NGVD 29 Datum and Coordinates, as required by the permitting agency's regulations or otherwise directed by the County.
c. As soon as the survey is available, the EOR will submit two (2) full size, one (1) half size, and electronic files in PDF Format of legible copies of the Site Survey to PUD staff. Submit an AutoCAD file (dwg) of the Site Survey to PUD staff. The Site Survey shall include the latest aerial photography as a background and/or layer.

1.6 Geotechnical Investigation

a. Perform all necessary soil borings within the project area to construct proposed improvements. Soil borings

shall be completed as per the latest American Society for Testing and Materials ASTM standards.

b. Perform all necessary laboratory testing and geotechnical work associated with the characterization of soils for structural design and laboratory testing of materials during construction.
c. Prepare a complete Geotechnical Investigation Report detailing soil conditions, water table elevations, soil classifications, rock elevation and other items that will affect the construction. The report shall also include recommendations from the Geotechnical Engineer on foundations, subsurface conditions and any other items that pertain to the construction project.
d. The EOR team shall submit two (2) signed and sealed reports to PUD Staff plus an electronic copy in PDF format.

1.7 Soft Dig Investigation

a. Meet with PUD Staff on-site to review procedures to complete the soft dig investigations.
b. Excavate existing utilities within the project area to include, but not be limited to, horizontal and vertical location of existing underground infrastructure, including but not limited to, electric duct-bank, utility pipe, type of utility pipe, size of utility pipe, utility pipe material and condition of existing pipe material. Soft Dig Investigations shall be performed using an approved air/vacuum piece of equipment that will keep the disturbance to a minimum and shall not damage any existing facilities.
c. Field Mark all existing utilities found either by wooden lathes or by marking on the pavement (nail & paint). Marks need to remain during the design phase, but lathes need to be removed after the final plans have been approved. EOR is responsible for replacing all field marks up to two (2) times.
d. EOR shall repair all excavation holes in the natural ground and/or pavement to a condition as equal to or better than the original condition.
e. EOR shall provide one (1) full size, one (1) half size copies of the Soft Dig Investigation Map and one copy of the Soft Dig Investigation Report to PUD Staff. Provide additional copy of all information in electronic PDF format.

TASK 2: Design

2.1 Final Design

a. Based on the accepted PDR and 30% construction plans, EOR will prepare final drawings and specifications, which provide the general scope, extent, and character of the work to be furnished and performed by the Contractor. EOR will prepare and submit drawings and specifications at the 60-, 90-, and 100-percent complete stages for review and approval.
b. An engineer's opinion of probable construction cost will accompany each submittal.
c. EOR shall meet with PUD's design and operations staff and obtain their written acceptance (signature approval) at the 60-, 90-, and 100-percent complete stages.
d. The EOR shall ensure the drawings and specifications address reliability, operational flexibility and single points of failure identified in the Preliminary Design Report.
e. Technical specifications will be based on the latest format of the Construction Specifications Institute (CSI) in MS Word format. In addition to technical specifications, EOR will coordinate with PUD staff to develop necessary General Conditions, Supplemental Conditions, and Special Provisions specifically for the project being constructed and review of all lessons learned from similar completed projects. Standard Collier County Specifications may be used for reference, but the Engineer shall not rely on them as a replacement for sound engineering judgment and responsibility. Current County Right-of-Way construction specifications shall be utilized.
f. Drawings shall be consistent with Collier County standards, including, but not limited to, the following, or as approved by the Project Manager:
    1. Cover sheet, index, and key map
    2. Existing Conditions map
    3. Civil Site Plan and Details
    4. Landscaping Plans and Details
    5. Demolition Plans and Details
    6. Architectural Plans and details
    7. Structural Plan and details
    8. Mechanical Plan and details
    9. Electrical Plan and details
    10. SCADA/Instrumentation Plan and details
    11. Generator Plan and details

12. Erosion Control Plan
13. Maintenance of Traffic Plan
14. Infrastructure Plan and Profile
15. Details
16. Operational Contingency Plans
17. Phasing/Sequencing Plans

g. Furnish copies of Contract Documents that include engineering drawings and specifications. Present and review them in person with PUD staff at the agreed-upon completion stages in the project, and make appropriate changes requested.

2.2 Permitting

EOR will prepare and submit all required construction permit applications to the governmental/regulatory agencies pertaining to this project.

a. Prepare and submit applications for all Growth Management Community Development's (GMCD) Right-of-Way permits, Zoning, Conditional Use, Site Development Permits when required from Collier County Growth Management Division and respond to requests for additional information. Prepare all other required permit applications. Permitting fees will be paid by PUD.
b. Prepare and submit permit applications to the Florida Department of Environmental Protection (FDEP) and provide backup documentation, including drawings and specifications. Respond to all requests for additional information (RAI) from the FDEP. Permitting fees will be paid by the EOR team and reimbursed by PUD staff.
c. Prepare and submit permit applications and drawing packages to Collier County Growth Management for building permits required for the project. Coordinate and conduct a building permit preapplication review meeting with Collier County permitting staff. Permitting fees will be paid by PUD. Building permits will be assigned to the construction contractor(s). Provide the necessary permit documents and drawings to the construction contactor(s) as needed for permitting purposes.
d. Prepare permit applications and submit to the South Florida Water Management District (SFWMD) and provide backup documentation, including drawings and specifications. Respond to all requests for additional information (RAI) from agency. Permitting fees will be paid by the EOR team and reimbursed by PUD staff.
e. Prepare permit applications for submittal to the United States Army Corps of Engineers (USACOE) and provide backup documentation, including drawings and specifications. Respond to all requests for additional information (RAI) from the USACOE.
f. Obtain all applicable regulatory permits at the local, state, and federal levels, as required for the scope of work.
g. Prepare all necessary written responses to the regulatory agencies Request for Additional Information (RAI) regarding each permit application. Provide copies of all RAIs to the County Project Manager.

2.3 Bidding and Award Phase

It is the intent of this project to have multiple bid packages, with the exception of the following, bid/quote services that will be performed by the Collier County Procurement Services Division. EOR will assist the County with the following:

a. Assist in preparing addenda, as required, to interpret, clarify, or expand the Bidding Documents.
b. Review and provide proposed responses to questions asked by bidders for review by the County. Draft responses shall be provided to the County within two (2) business days of receipt. Track Questions and Answers to ensure timely and accurate responses.
c. Prepare Minimum Qualifications list for Bidders and provide to the County to include in the Bidding Documents.
d. Consult with and advise the County as to the acceptability of the contractor and subcontractors, suppliers, and other people and organizations proposed by the Prime Contractor for those portions of the work as to which such acceptability is required by the Bidding Documents.
e. Consult with the County concerning, and determine the acceptability of, substitute material and equipment proposed by the Contractor when substitution prior to the award of contracts is allowed by the Bidding Documents.
f. Attend the pre-bid/quote conference.
g. Attend the bid opening, review bids, and qualifications.
h. Provide a recommendation letter of award along with a "Reference Log" showing date, time, and comments of all contacted references provided by the prospective contractor.

TASK 3 – Construction Administration and Project Closeout

EOR shall provide experienced, competent engineer(s) needed during construction and project close-out. EOR will provide resumes of selected individuals for County staff review and approval prior to construction commencing. The following activities outline the construction administration services to be provided by the EOR during the construction and project close-out for the project:

3.1 Post-Design Services/Construction Administration

a. Contractor Coordination – EOR to coordinate with Contractor during the construction of the Project.
b. SCWRF Staff Coordination – EOR will assist the Plant Staff and Contractor to coordinate all construction field activities with a minimum of two (2) weeks' notice so as not to interfere with operations of the facility. EOR shall assist Contractor with notices to County staff for review and approval prior to the construction activity commencing.
c. Pre-Construction Meeting - The EOR will conduct the Pre-Construction Meeting to review the project scope, discuss project submittals and identify issues that need to be addressed prior to the start of construction. EOR shall prepare and distribute Meeting Agenda and Meeting Minutes.
d. Engineering Construction Progress Meetings - The EOR will conduct weekly/bi-weekly Engineering Construction Progress Meetings, (time/date to be determined by County Project Manager), to review project status and identify issues that may affect the Project EOR shall prepare and distribute Meeting Agenda and Meeting Minutes.
e. Construction Progress Meetings – The EOR will attend weekly/bi-weekly Construction Progress Meetings, (time/date to be determined by County Project Manager), to review project status and identify issues that may affect the Project. EOR shall provide updated Submittal Register Log, Request for Information (RFI) Log, Design Status Log, Drawing Register Log, Project Deviations Notices Log, Notices of Non-Conformance Log, Change Order/Work Directive/Allowance Log, Permit Register Log, Shutdown Log, Pay Application Log, Weather Day Acceptance Log, and any other pertinent information, to PUD staff in writing, two (2) days prior to the meeting.
f. Submittals Reviews
    a. EOR shall review, reject with comments, or ultimately approve all the Contractor's Submittals, including, but not limited to the list shown below for conformance with the Contract Documents.
        1. Shop Drawings & Submittals
        2. Or-Equal Materials and Substitution Requests
        3. Samples
        4. Project Schedule - The EOR shall be responsible for the review, reject with comments, or acceptance of the Contractor's Project Schedule. The EOR shall review the Schedule to ensure that all general work efforts are addressed, that the Schedule follows a logical approach to the job, that it is following sound engineering and construction practices and that it identifies all Critical Path Work. The EOR shall monitor the schedule monthly, and after a review with the Contractor, advise the County Project Manager, in writing, of any areas where the Contractor appears to be falling behind.
        5. Schedule of Values
        6. Pre-Construction Video - EOR shall review the Pre-Construction Video provided by the Contractor. The EOR will generate a list of any issues or concerns and submit the list to the County Project Manager, in writing, no later than two (2) business days after receiving the Pre-Construction Video from the Contractor.
        7. Material Testing Records - Review and analyze Material Testing Records and provide written comments, in writing, within one (1) week, back to the County Project Manager of all density, sampling, and testing to ascertain acceptability of materials and completed work items.
    b. EOR shall meet with County staff to review all the Submittals and incorporate County's written comments into the EOR's cover sheet submittal response. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto.
    c. Review of a specific item shall not indicate the EOR has reviewed the entire assembly of which the item is a component. EOR shall not be required to review partial submissions or those for which submissions of correlated items have not been received. The EOR shall prepare/maintain a complete Submittal Register of all Submittals. The Submittal Register shall contain, but not limited to, Submittal Description, Corresponding Specification Number, the date of first submittal, any subsequent reviews and resubmittals dates, date of County review, and EOR final approval date. A copy of the Submittal Register shall be included in all weekly Meeting/Meeting Minutes and be provided to PUD and the Contractor upon request.

d. Project Pay Applications - The EOR shall review and approve or reject with comments, any Pay Applications submitted by the Contractor before the Pay Application is submitted to the Collier County Clerk's Office for processing. EOR shall perform this review per § 218.73, Fla. Stat. (2024). Approval for payment shall constitute a representation by the EOR to PUD, based on the EOR's on-site observations of the work-in-progress, as an experienced and qualified Construction Professional, and on the EOR's review of the Pay Application and the accompanying data and Schedules, that the work has progressed to the point indicated; that to the best of the EOR's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents and that the Contractor is entitled or is not entitled to the payment of the amount requested. All incoming Pay Applications processed by the EOR shall be mechanically stamped with the date received. Once EOR approves Pay Applications, return the Pay Application back to the Contractor and direct the Contractor to submit the approved Pay Application to the Collier County Clerk's Office via email: bccapclerk@collierclerk.com. A Pay Application Log shall be included in the Progress Meetings/Meeting Minutes and made available to PUD upon request.

e. Request for Information - EOR shall review and respond, in writing, within three (3) business days to all Requests for Information (RFI's) that the Contractor submits. EOR shall review all RFIs with County staff and incorporate County's written comments prior to the EOR's RFI response. If required, EOR shall revise Construction Plans within thirty (30) days of the RFI response. The EOR shall maintain a complete log of all RFIs, including, but not limited to, RFI Number, Contractor's RFI, EOR's final response, RFI Status, date of RFI submittal, and date of EOR's final response. This RFI Log shall be included in the Construction Progress Meetings/Meeting Minutes and made available to PUD and the Contractor upon request.

f. Change Order & Work Directive Change - EOR shall prepare and distribute, in writing, all Change Order and Work Directive Change during the Project for the County Project Manager's review and approval. The EOR shall maintain a complete log of all Change Order and Work Directive Change, noting the dates of first submittal and subsequent reviews and resubmittals, approval, etc. This Change Order & Work Directive Change Log shall be included in the Progress Meetings/Meeting Minutes and made available to PUD and the Contractor upon request.

g. Provide cost reasonableness evaluations for all change orders and work directives.

h. Site Visits & Inspections – Make site visits to the construction site at intervals appropriate to the various stages of the construction in order to observe the progress of and quality of the work. These will be scheduled during critical points during the construction of the project and will be determined based upon the Contractor's schedule. These site visits will be to observe the progress and quality of the construction and its general conformance to the Contract Documents. EOR shall notify the County of observed work which does not conform to the Contract Documents, make recommendations for correction.
    1. Review the Contractor's as-built submittals/records monthly for accuracy/adequacy.
    2. Monthly Construction Report
    3. Report to be submitted to PUD by the 5th day of each month.
    4. Sections in the report shall include, but not be limited to, Executive Summary, Contract Status, Safety, Quality and Test Reports, Contract Cost Status, Project Schedule, Critical Issues, Permit Status, Environmental Issues, RFI Status, Submittal Status, Allowance Log, Commissioning and Startup, Shutdowns, Project Payment Application, Long Lead Procurement items, Drawing/Document Register Log, Observation Reports and Project Photos/Videos.

i. Permit Requirements – EOR shall monitor the construction to determine whether construction activities violate the requirements of any permits. Notify the Contractor immediately, in writing, of any violations or potential violations and require immediate resolution of the problem. Violations must be reported to the County Project Manager immediately.

j. Florida Department of Environmental Protection Certifications - The EOR shall prepare and submit certification packages to the Florida Department of Environmental Protection (FDEP) per FDEP's requirements.

k. Startup & Commissioning - Provide personnel experienced in plant startups and commissioning, approved by the County Project Manager, to oversee the startup & commissioning activities of the facilities. The following reviews and recommendations must be submitted, in writing, to the County Project Manager no later than one (1) month prior to startup and commissioning activities. The responsibilities of the startup & commissioning personnel include, but not limited to:
    1. Review of Contractor 's cleaning, testing, and startup & commissioning procedures.
    2. Review and approve or reject with comments of Contractor's component and system tests.
    3. Review designed system for operability and maintenance.
    4. Coordinate initial operations with PUD staff and the Contractor.
    5. Recommend to PUD staff the acceptance of equipment and/or systems.

6. Recommend and establish written operating procedures for all systems and processes.
7. Review, observe and accept or reject with comments startup & commissioning procedures to verify that proposed protocol is in conformance with the intent of the Contract.
8. Assist PUD staff for the duration of startup & commissioning in data collection and trending for process control and completion of monthly operating reports.

l. Equipment and System Operation and Maintenance (O&M) Manuals - EOR will review and approve or reject with comments the O&M manuals submitted by Contractor to ensure they meet Contract Document requirements. EOR shall meet with Plant Staff to determine preference of turnover for each O&M Manual. EOR will assist with the coordination of the Contractor training activities for PUD Staff.

m. O&M Manual Update:
1. EOR shall update the facilities O&M Manual to incorporate changes to the treatment plant.
2. The detailed manual shall be developed in accordance with the unique requirements of the individual wastewater facility and shall provide the operator with adequate information and description regarding the design, operation, and maintenance features of the facility involved.
3. The manual shall include basic hydraulic and engineering design criteria for the facility, as well as information and procedures required for normal control and distribution of wastewater, biosolids, and effluent within the facility. In addition, information concerning process control and performance evaluation for the facility, as well as equipment and procedural descriptions.
4. The manual shall include the PDR.

n. Record Drawings – EOR to prepare and submit to PUD staff upon completion of construction of Project, five (5) sets of signed and sealed record drawings. EOR shall also provide MSWord format and PDF format copies of the work constructed, as well as electronic copies on AutoCAD disks (current PUD version). All provided copies shall include all changes made during the construction process, using information supplied by the Contractor and other data which can reasonably be verified by the EOR. The Contractor shall provide as-built documents to EOR for use in preparing reproducible and electronic record drawings.

o. Final Construction Certification – Upon issuance of a "Notice of Final Acceptance and Recommendation for Final Payment", the EOR will provide a signed and sealed certification stating that the Project has been completed by the Contractor in accordance with the Plans and Specifications of the Contract. All tasks related to the Final Construction Certification shall be provided, in writing, and one (1) hard copy, to the County Project Manager.

p. Asset Management Record Information – EOR shall provide all electronic information in the format determined by PUD staff to populate the PUD's GIS and Asset Management system.

q. Final Project Submittal - EOR shall provide PUD with one (1) complete file, itemized, and indexed, format determined by PUD staff, of all the Project-related records at the conclusion of the Project.

3.2 Warranty Services

The EOR and their team will provide warranty services for one (1) year after the final completion of the project construction. Work under this item is to include, but not be limited to, the following:

a. Post Construction Walk-through - Schedule and attend one (1) year (365 days) Warranty Walk-through with the Contractor and PUD.
b. Generate a list of warranty issues and coordinate with the Contractor until the issues are resolved.
c. Maintain a log of all warranty issues and provide a copy of the Log to PUD at Project Closeout.
d. Review the post-construction video and pictures provided by the Contractor.

TASK 4: Public Involvement

Public Involvement – EOR and their subconsultant(s) shall complete all required public involvement services throughout the project. Work under this item is to include, but not be limited to, the following:

a. Preparing a comprehensive mailing list for all property and business owners who will be affected by the construction, with limits as shown on the most current set of construction documents.
b. Preparing project contact cards which allow the contractor to continue working uninterrupted and will ensure that the public and media are receiving the most timely and accurate information. Politically sensitive issues would be immediately brought to the attention of the County Project Manager.
c. Coordination with property owners and public services affected by construction (e.g. garbage pickup, USPS, public schools' buses, development of road closure notices by GMCD staff, etc.).
d. Preparing as required informational newsletter(s) which describes the project and address frequently asked questions. Newsletter(s) to be written in English, Spanish, and Creole, which describe the project and address frequently asked questions.

e. Press releases as necessary for notification to the public of relevant construction activity.
f. Contacting businesses individually, either personally or by phone as necessary to inform those businesses closely affected by the construction activities.
g. Establishing and maintaining a public complaint "Hotline." Coordination with PUD staff will be included should this interface be required.
h. Maintaining the Project Customer Service Log using PUD-provided template. A copy of the log will be provided to the County on weekly/monthly basis.
i. Responding to public concerns.
j. Attending weekly/bi-weekly progress meetings, as needed, for the duration of the project.
k. Attending other meetings as needed (e.g. Master Association annual meeting, Board of County Commissioners Meetings, Collier County Planning Commission).
l. Secure site and develop meeting materials for the public meeting(s).
m. Create webpage for the project and update it monthly.

TASK 5: Additional Services

5.1 Additional Services

a. As authorized in writing by the County, in the event that other services related to the project or surrounding areas which may arise during the course of this contract, a proposal for additional services prior to the performance of work must be submitted.
b. The proposal shall include the specific services to be performed, time to complete, compensation, and an explanation as to why the services were not previously envisioned as part of the scope of services.
c. Failure to notify the County in writing of additional services will be deemed a waiver of any claim of such services.
d. Written authorization in the form of an Amendment or Change Order from the County will be required for any charges. When applicable, the staff hourly rates established in the contract shall be utilized for fee determination.

5.2 Miscellaneous Reimbursable Expenses

a. Awarded Agreement - The provisions of the awarded agreement apply.
b. The Firm shall obtain written approval from the County before incurring any reimbursable expenses. In absence of such prior approval, no expenses incurred by the Firm will be deemed to be a reimbursable expense.
c. Travel and Per Diem - Travel, lodging, and meal expenses outside Collier County, when pre-approved by the County, in accordance with Florida Statutes, Section 112.061

RESPONSE FORMAT AND EVALUATION GRADING CRITERIA FOR DEVELOPMENT OF SHORTLIST:

1.1 Proposers are encouraged to review the Request for Professional Services Instructions and Evaluation Criteria, which includes the evaluation process.

1.2 For the development of a shortlist, the following Evaluation Criteria will be utilized by the County's Selection Committee to score each proposal. Proposals must address all the following criteria:

No.	Evaluation Criteria	Maximum Points
1	Ability of Professional Personnel	20 Points
2	Certified Woman and/or Minority Business Enterprise	5 Points
3	Past Performance	25 Points
4	Project Approach, Willingness to Meet Time and Budget Requirements	20 Points
5	Location	10 Points
6	Recent, Current, and Projected Workloads of the	20 Points

	Firm	
TOTAL		**100 Points**

Detailed Criteria Descriptions are further described in the Instructions. Proposals must be assembled, at minimum, in the order of the Evaluation Criteria listed or the proposal may be deemed non-responsive.

QUESTIONNAIRE

1. I certify that I have read, understood and agree to the terms in this solicitation, and that I am authorized to submit this response on behalf of my company.*

Confirmed

2. ALL DOCUMENTS REQUIRING EXECUTION SHOULD BE EITHER BY WET SIGNATURES OR VERIFIABLE ELECTRONIC SIGNATURES. FAILURE TO PROVIDE THE APPLICABLE DOCUMENTS MAY DEEM YOU NON-RESPONSIVE/NON-RESPONSIBLE.

Confirmed

3. Request for Professional Services (RPS) Instructions Form *

Request for Professional Services (RPS) Instructions have been acknowledged and accepted.

Confirmed

4. Collier County Purchase Order Terms and Conditions*

Collier County Purchase Order Terms and Conditions have been acknowledged and accepted.

Confirmed

5. Insurance Requirements*

Vendor Acknowledges Insurance Requirement and is prepared to produce the required insurance certificate(s) within five (5) days of the County's issuance of a Notice of Recommended Award.

Confirmed

6. Proposal Submittal*

Please submit a proposal per Evaluation Criteria outlined in Solicitation.

Subject: SCWRF Treatment Technology & Flow Management Improvements, RPS 26-8635

Dear Ms. Guerrero and Selection Committee Members:

The SCWRF is challenged to reliably meet treatment goals, and future conditions will further stress the capabilities of the facility. While operations staff consistently meet these challenges, immediate improvements are needed. In addition, land availability in the County is scarce, costs are high, and existing wastewater collection infrastructure is configured to feed the existing SCWRF location, providing an incentive to maximize the potential treatment capacity at the SCWRF site. As such, Collier County needs a committed engineering partner who will work alongside you to create a shared end-state (build-out) vision of what the SCWRF should ultimately look like and provide concepts, designs, and support during its construction and commissioning for immediate and near-term improvements. Carollo Engineers is the firm to partner with you to **IMPROVE** your plant in the short-term, work diligently to **ADAPT** to your capital needs, and to **SUSTAIN** a high-performing facility that achieves your goals and requirements for decades to come.

In a world of generalists, a specialist provides unique value. With an exclusive focus on municipal water and wastewater, Carollo Engineers offers perfect alignment, superior resources, and unparalleled value for your SCWRF project. In addition to Florida and nationwide wastewater experience, **Carollo has worked alongside Collier County staff for over 20 years,** delivering water and wastewater projects, learning preferences and procedures, developing effective working relationships, and committing the top talent of Carollo and the industry to your projects.

Our approach couples analysis of existing conditions with an end-state concept to provide a firm foundation for immediate, near-term, and further phased improvements. To deliver that approach, we supplement firm-wide experience and resources with the talent and commitment of the individual team members dedicated to the project. As with our previous County projects, we commit the best individuals for this particular project from kick-off through commissioning.

- **Project Manager, Jody Barksdale, and Treatment Process/Membrane Bioreactor (MBR) Lead Engineer, Andrew Gilmore,** bring decades of experience successfully delivering similar wastewater projects, including the Sarasota County Bee Ridge WRF Expansion and Upgrade to AWT project, the project most similar to your SCWRF project in Florida, and likely, in the US.
- **Design Manager, Sudhan Paranjape,** is recognized throughout Carollo as a top design engineer and manager possessing a rare combination of wastewater design and construction knowledge, organizational management, and interpersonal skills. To support team integration and efficiency, Sudhan will also lead headworks/primary treatment efforts.
- **SCADA/Instrumentation and Control (I&C) Lead, Joe Hanlon, and Collection System Technical Advisor, Kristiana Dragash,** stand apart from others in their knowledge and contributions to the County in their areas of expertise as well.
- In addition, **our subconsultants** all bring particular value and experience working with the County, Carollo, and each other.

Our core team is supported by dedicated resources meeting all potential needs of the project, and most importantly, with experience working effectively together as a team.

Carollo opened its first Florida office in 2001. In 2002, Collier County became one of our first Florida clients. At that time, we made a commitment that Collier County would always be second to none. We reaffirm that commitment and ask that you give us this opportunity to serve you on this critical project. In turn, we will collaboratively develop a vision for the future SCWRF and design and implement immediate and near-term improvements to cost-effectively and reliably give you confidence in meeting your level of service goals.

Respectfully,

CAROLLO ENGINEERS, INC.

Jody Barksdale, PE
Project Manager

Sudhan Paranjape, PE
Design Manager

Bob Cushing, PhD, PE, BCEE
Project Director

Section 1
Ability of Professional Personnel

Our team is built to deliver comprehensive, integrated solutions tailored to your SCWRF project.

The County requires collaboration and sound engineering solutions that effectively resolve your treatment and capacity challenges—a team with technical excellence, design expertise, and an unwavering commitment to you and your community. Carollo has assembled and committed such a team of dedicated professionals.

Carollo's project team is composed of experienced engineers with a strong record of delivering complex water and wastewater infrastructure improvement projects across Florida and the US. The team's structure is designed to provide comprehensive support from project inception through design, permitting, construction, and commissioning.

Our team brings together professionals with deep experience across all stages of WRF treatment design—from the preliminary investigation and data analysis stage all the way through project closeout.

Under the leadership of Project Manager, Jody Barksdale, PE; Design Manager, Sudhan Paranjape, PE; Secondary Treatment & MBR Specialist Andrew Gilmore, PE; and Project Director, Bob Cushing, PhD, PE, BCEE; our team will focus on delivering design solutions that:

IMPROVE
to handle your peak capacity.

ADAPT
to meet effluent quality and capacity goals.

SUSTAIN
adequate capacity for future growth and development.

Project Manager
Jody Barksdale, PE

Jody brings 38 years of experience in managing the design and construction of wastewater treatment facilities across the State of Florida. He will lead the team using the same technical and management skills he applied to the recently completed, highly successful Sarasota County Bee Ridge WRF Expansion and Upgrade to AWT project, the Florida project most similar to yours.

Design Manager & Headworks/Primary Treatment Specialist
Sudhan Paranjape, PE

Supporting Jody, Sudhan will be embedded with the Carollo design team and immersed in the details. Sudhan will leverage his unique combination of wastewater design and construction knowledge, organizational management, and interpersonal skills to drive quality, value, and schedule.

Secondary Treatment & MBR Specialist
Andrew Gilmore, PE

The heart of the project is the wastewater process design, and Andrew will lead all aspects of process design from pretreatment through post treatment. With 30 years of experience in wastewater design and construction, Andrew is a nationally recognized expert in biological nutrient removal (BNR) and MBR and will work closely with County staff to integrate local knowledge, County preferences, and best practices learned from years of delivering similar projects throughout Florida and the US.

Project Director
Bob Cushing, PhD, PE, BCEE

Bob brings deep institutional knowledge of Collier County facilities and processes and is currently overseeing the County's Northeast County WTP and WRF project. His commitment to the County and ability to assemble and deploy best-in-class project teams to the County has been proven numerous times over the past two decades.

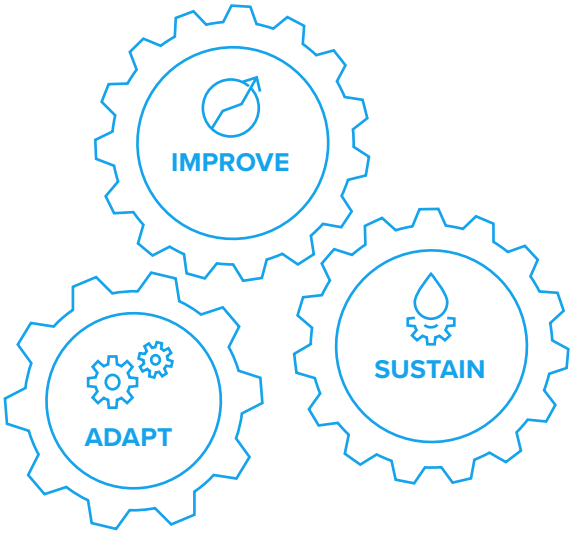
Together, this leadership team is committed to delivering the strategic oversight, County insight, and relevant experience needed to successfully meet your operational needs now and into the future.

Firm Background

Carollo is a specialized municipal water and wastewater engineering firm that delivers unparalleled value through exclusive focus, proven expertise, and deep client partnerships. With over 20 years of service to Collier County and 93 years of industry leadership, Carollo combines local knowledge with national resources to provide comprehensive, integrated solutions. Our commitment extends beyond technical excellence to collaborative relationships, reliability, and sustainable infrastructure that position communities for decades of successful utility operations. We are the trusted partner who understands your needs and consistently delivers on-time, on-budget, award-winning projects that **IMPROVE**, **ADAPT**, and **SUSTAIN** our nation's critical water infrastructure.

A Team You Can Trust

We understand that nothing is more important to the success of your project than the qualifications, experience, and commitment of your project team. This is why we selected and dedicated a team that brings you recent, relevant experience and a wealth of local knowledge. To best support you, our key team members include many who have been successfully delivering water and wastewater projects to Collier County for over two decades. The understanding and knowledge gained through this previous work places us in a unique position to support you on this project.



Because we've worked with you before, we know your needs, goals, processes, systems, and your staff and you know and trust Carollo. Equally, if not more importantly, our team members know and trust each other. They have worked together as a team to deliver similar projects all across Florida and the US. Having this familiarity among the team members allows the project to run smoothly, like freshly oiled gears, where each person's contributions push the project forward for the next person—each turn of the gear provides the momentum needed for the next gear to advance. The benefits of having a team with this level of familiarity should not be easily dismissed.

A team that has previously worked together knows what is expected of them. Everything from authorization hierarchy and communication pathways to standard procedures, issue escalation, and individual role-based responsibilities has already been established, agreed upon, and applied as a team in previous projects. This means we can hit the ground running right away, rather than wasting any time "laying down the ground rules." When people have delivered successful projects together before, they learn what works best for the team, and what doesn't, making the team more efficient and reducing the potential for missed communications, and repeated errors.

Carollo has designed new or improved facilities for hundreds of water reclamation and wastewater treatment plants (WWTP) ranging in size from less than 1 mgd to more than 300 mgd. Many of our projects have been award-winning, comprehensive designs for agencies facing similar complex issues such as capacity expansion, sensitive neighborhood impacts advanced treatment, tight schedule requirements and the need to construct upgrades without interrupting daily plant operations.

Carollo's Project Manager, Jody Barksdale, and Technical Advisor, B. Narayanan on-site at SCWRF.

A Dedicated Team Tailored to Your SCWRF Improvements Project

Our team brings a powerful combination of specialized expertise and a strong record of successfully delivering similar projects together. Every member's skills directly align with the project components outlined in the RFP, demonstrating the team's ability to address all requirements with confidence. Our team is fully committed and available to perform all assigned tasks throughout the duration of this key County project.

Brief introductions of each team member are provided on the following pages. Please see Appendix A for full staff resumes which include additional details such as, similar project experience, education, and professional licensing.

A MINUTE WITH YOUR
PROJECT MANAGER

Jody Barksdale, PE

Jody brings 38 years of experience in the planning, design, and construction of water reclamation and wastewater treatment facilities. He served as the project manager on the award-winning Bee Ridge WRF Expansion and Upgrade to AWT project for Sarasota County—the largest AWT facility in the State of Florida. Jody's proven leadership and extensive experience in project management, MBR technology, biosolids management, and similar expansion/conversion projects make him the top choice to lead this SCWRF Treatment Technology & Flow Management Improvements project.

Q: WHAT IS YOUR PROJECT MANAGEMENT STYLE AND HOW IS THIS A BENEFIT TO THE COUNTY?

Collaboration is key. I have found that direct and regular communication is the best approach. For you, that means regular phone calls, emails, and meetings with the County's project manager and team, so everyone is always aware of progress, concerns, needs, and action items. I will manage our design team with the same focus on communication, so each project element is coordinated to successfully deliver your overall project.

Q: WHAT WILL MAKE THIS PROJECT SUCCESSFUL?

Success is a happy client. This means delivering a project that meets your performance, budget, schedule, and O&M objectives.

Q: WHAT IS AN IMPORTANT LESSON LEARNED FROM OTHER FACILITY DESIGNS?

Inevitably, projects of this size experience some degree of scope creep that affects project costs. What I've learned over the years is that the first step to avoiding surprises is reconciling the client's budget requirements with a realistic estimate of the project's construction cost. We will work on this step as part of the project definition phase, so we are all on the same page at the start of the design. From there, we will design to budget and regularly update the project cost estimate to reflect the impact of any major decisions.

> "I have come to rely on Jody Barksdale's professionalism, engineering proficiency, strong work ethic, project management skills, sense of teamwork, and excellent communication skills.
>
> Mr. Barksdale's projects are always on time, within the allotted budget, and of the highest quality. Jody is one of my top 'go-to' consultants when I face a challenging situation and he has never let me down... ever."
>
> —Gregory Rouse
> *Utility Engineering Manager, Sarasota County, FL*

Meet Your Project Team

Your project team is comprised of highly-motivated and talented individuals with skills that are laser-focused on their project roles. Most of our team members have experience working with Collier County and with each other on similar projects. Our overall goal is to fully leverage the team's capabilities to exceed the County's technical quality and responsiveness expectations.

Sudhan Paranjape, PE

DESIGN MANAGER & HEADWORKS/ PRIMARY TREATMENT

Years of Experience: 33 | Orlando, FL

Sudhan has managed the design of all major liquid and solids treatment unit processes. His wastewater experience includes flow equalization, headworks, secondary/BNR, filtration, high level disinfection (HLD), solids handling, sludge dewatering and drying. He has helped deliver multiple operator friendly WRF improvement projects with tight schedules while incorporating the best technologies.

Relevant Experience

- South Bermuda WRF Upgrades and Expansion
- Southeast WWTP Improvements and Expansion

Andrew Gilmore, PE

SECONDARY TREATMENT & MBR

Years of Experience: 30 | Sarasota, FL

Andrew is Carollo's MBE Chief Technologist bringing 30 years of experience in wastewater treatment process, design, and construction. He is a recognized national expert in both conventional and membrane wastewater treatment technologies and has worked on numerous MBR design and construction projects across the US.

Relevant Experience

- Bee Ridge WRF Expansion and Upgrade to AWT
- Northeast WRF Design Update

Joe Hanlon, PE

SCADA/INSTRUMENTATION & CONTROL

Years of Experience: 37 | Tampa, FL

Joe leads the design, programming, and integration of SCADA and programmable logic controller (PLC) systems, ensuring operational continuity and efficiency. He is responsible for system integration, network communications upgrades, variable frequency drive (VFD) upgrades, and condition assessments. Joe brings a wealth of Collier County experience from continuous engagement over the last 10 years.

Relevant Experience

- South County Regional WTP SCADA Programming
- South County Regional WTP Network Communications

Jared Brown

SITE/CIVIL

Years of Experience: 27 | Naples, FL

Jared is a familiar subconsultant to Carollo and to the County. He is currently providing site/civil services for the design, permitting, and construction of the new Collier County greenfield Northeast WTP and WRF facilities. He has extensive experience in project management, civil design, drawing preparation, specifications and construction observation for commercial, institutional, and residential projects.

Relevant Experience

- Northeast Service Area WTP and WRF Design
- Regent Park Sanitary Sewer Replacement

Bob Cushing, PhD, PE, BCEE

PROJECT DIRECTOR

Years of Experience: 42 | Sarasota, FL

Bob is known for innovative, collaborative leadership on complex water and wastewater projects. He has delivered successful results for many of the major Florida utilities and has served Collier County for over 20 years. His commitment to Collier County has been proven over his decades of service and many successful projects. His relationships with all of our team members promote collaborative, cohesive project delivery.

Relevant Experience

- Bee Ridge WRF Expansion and Upgrade to AWT
- Northeast WRF Design Update

B. Narayanan, PhD, PE

TECHNICAL ADVISOR, FACILITY PLANNING

Years of Experience: 38 | Dallas, TX

Dr. Narayanan is Carollo's president, and chief executive officer. He has worked directly with County staff, developing the original Northeast WRF process design and assisting with the current iteration. He is familiar with County staff and with this SCWRF project and has a firm understanding of its drivers, goals, and constraints. He has served in the past as Carollo's director of wastewater process technology, overseeing the process design on Carollo's wastewater projects.

Relevant Experience

- Northeast WRF Design Update
- Northwest WWTP 11-mgd Expansion

Kristiana Dragash, PE

TECHNICAL ADVISOR, FLOWS & LOADS

Years of Experience: 18 | Sarasota, FL

Kristiana has spent over a decade supporting Collier County with water, reclaimed water, and wastewater infrastructure design, modeling, planning, and asset management. She has developed and calibrated modeling systems, created unidirectional flushing plans for over 1,500 miles of piping, and completed surge studies to address pressure transients. Kristiana will work with the team to provide the best current and future flows, loads, and peaking factors to be used as the basis of design.

Relevant Experience

- South Wastewater Service Area Facility Plan
- Northeast Service Area Hydraulic Modeling Assistance

Chris Reinbold, PE

TECHNICAL ADVISOR, QUALITY MANAGEMENT

Years of Experience: 23 | Palm Beach County, FL

With over a decade of experience partnering with Collier County, Chris provides studies, design, permitting, and construction administration for treatment plants, pump stations, pipelines, and chemical systems. Chris is known for his breadth of knowledge and attention to detail. Combining Carollo quality management tools and procedures with his sound judgment, Chris will oversee the project's quality assurance.

Relevant Experience

- SCRWTP Improvements
- Central County WRF Expansion

Russ Wachter, PE, BCEE

TECHNICAL ADVISOR, VALUE ENGINEERING & FACILITY PLANNING

Years of Experience: 35 | Phoenix, AZ

Russ is experienced in the planning, design, and construction of municipal wastewater collection and treatment facilities and water distribution and treatment facilities. In addition to nationwide experience, Russ has served as a technical advisor for all of Carollo's wastewater treatment work with Collier County.

Relevant Experience

- Northeast WRF Design Update
- Greenfield WRP Phase II Expansion

Leo Pou

OPERATIONS LIAISON

Years of Experience: 41 | Tampa, FL

Leo is experienced in water and wastewater, specializing in O&M of large treatment plants. In his previous role as Assistant Division Director for Miami-Dade Water and Sewer, he provided operational support, standard operating procedures (SOP) documentation, operator training, and transition support. His expertise includes commissioning, startup, process troubleshooting, and staff training for major municipal O&M projects.

Relevant Experience

- Southeast WWTP Expansion
- Bee Ridge WRF Expansion and Upgrade to AWT

Jose Rojas, PE

IQ PUMPING AND STORAGE

Years of Experience: 24 | Tampa, FL

Jose has more than 24 years of experience in detailed infrastructure design, such as water/wastewater treatment facilities and pumping stations. He is also experienced in project management, civil design, stormwater management, and treatment design.

Relevant Experience

- Bee Ridge WRF Expansion and Upgrade to AWT
- Southeast WWTP Improvement and Expansion Phase II

Christian Karavangelos PE

PROJECT ENGINEER

Years of Experience: 10 | Orlando, FL

Christian's background includes hydraulics, potable and reclaimed water systems, treatment processes, and lift/pump station permitting, design, and construction. Currently, his primary work is focused around project engineering and design for wastewater facilities.

Relevant Experience

- Lake Marion WRF Replacement and Expansion
- Hamlin WRF Design

Rashi Gupta, PE

SOLIDS HANDLING

Years of Experience: 27 | Orange County, CA

Rashi has become a national expert in all things related to solids – from thickening and dewatering, to digestion and subsequent practices to beneficially use biogas and biosolids. Her responsibilities as project manager and process specialist on solids-related projects across the country have taken her from the initial planning phase through design to start-up after construction.

Relevant Experience

- Sioux Falls WWTP Expansion project
- Alvarado WWTP WAS Thickener Replacement project

Bill Sotirakos, PEng

UV DISINFECTION

Years of Experience: 39 | Vancouver, BC

Bill has more than 39 years of ultraviolet (UV) disinfection experience. He has worked on over 500 UV disinfection systems for wastewater and water reuse applications around the world. He has been involved in product development, research and all aspects of UV projects including design, sales support, proposals, project management, testing, commissioning, startup, training, and field troubleshooting.

Relevant Experience

- Buckman Street WWTP Trojan UV4000 Retrofit Design
- UV System Capacity Evaluation and Bioassay Testing

Khalil Kairouz, PhD, PE

ODOR CONTROL

Years of Experience: 33 | Orange County, CA

Khalil is Carollo's practice leader in odor control, with experience in planning, process design, and construction for water and wastewater treatment projects. He has led odor control planning and design for facilities near residential and industrial areas, and has managed projects using various technologies to treat over 1,000,000 cfm of foul air.

Relevant Experience

- Northeast WTP/WRF Design
- Sandhill WRF Upgrade and Expansion

Danny Murphy, CPEng

CONVENTIONAL FILTRATION

Years of Experience: 18 | Boise, ID

Danny has been dedicated to all areas of water reuse for 18 years, including, research, detailed design, construction, and field operations. Danny now leads Carollo's National Tertiary Filtration Community of Practice and has led filter designs ranging in scale from 30 gpm to 600 mgd.

Relevant Experience

- Central District WWTP Tertiary Treatment Upgrade
- Advanced WWTP Filter Underdrain and Backwash System Upgrades

Kirk Martin

DEEP INJECTION WELLS

Years of Experience: 40 | Naples, FL

Kirk has more than 40 years of professional experience conducting groundwater resource investigations and managing complex integrated water resource programs. He has extensive experience with deep injection wells in Collier County and throughout South Florida.

Relevant Experience

- NESA Deep Injection Well
- Wellfield Improvements Program

Kyle Ward, PE

HYDRAULICS

Years of Experience: 11 | Sarasota, FL

Kyle's experience covers various areas of the wastewater treatment process at all stages of preliminary design, detailed design, preconstruction, and construction. His range of experiences encompasses alternative analyses and cost estimating from the earliest phases of preliminary design to on-site inspection during construction.

Relevant Experience

- Bee Ridge WRF Expansion and Upgrade to AWT
- Southeast WWTP Improvements and Expansion

Brianna Smith

PUBLIC INVOLVEMENT

Years of Experience: 10 | Fort Myers, FL

Brianna conducts public information programs for infrastructure projects including preparing newsletters, media releases, and advertisements. She also communicates with residents, businesses and property owners during project development. She is proficient with MS Word, Excel, Access, PowerPoint, Outlook and ArcGIS software.

Relevant Experience

- NESA Utility Extension project
- NESA Utility Facilities Deep Injection Well project

Mark Pellish, PE

ELECTRICAL

Years of Experience: 41 | Orlando, FL

Mark has more than three decades of experience in the design of electrical components and power distribution systems for water/wastewater plants and pumping facilities. He has served as a professional engineer in the areas of design, permitting, bidding, and construction.

Relevant Experience

- Bee Ridge WRF Expansion and Upgrade to AWT
- North County Water Treatment Plant

Norm Anderson, PE, CISSP

SCADA/INSTRUMENTATION & CONTROL

Years of Experience: 24 | Orlando, FL

Norm is a cybersecurity professional and current chair of the American Water Works Association (AWWA) Cyber Committee. He is the go-to resource on reliable SCADA, I&C, electrical, physical, and cybersecurity for water and wastewater infrastructure. He has supported Tier 1, Tier 2, and Tier 3 utilities through their original AWIA compliance in 2020 and continues to support clients in their 2025 recertification.

Relevant Experience

- Lake Bridge Water Treatment Plant Pump No. 4
- Oakridge WTP High Service Pump Replacement

Dharmin Desai, PE

PERMITTING

Years of Experience: 22 | Sarasota, FL

Dharmin is an environmental engineer with 22 years of experience in water and wastewater projects, specializing in permitting for treatment facilities, sanitary sewers, and force mains. He has managed regulatory permitting and compliance for local agencies, supporting successful and compliant project deliveries across Florida.

Relevant Experience

- Bee Ridge WRF Expansion and Upgrade to AWT
- Northeast WRF Design Update

Joel Smason, PE, SE

STRUCTURAL

Years of Experience: 51 | Phoenix, AZ

Joel applies decades of structural engineering experience to deliver durable, cost-effective solutions for water reclamation facility projects that support reliable and efficient plant operations. Joel is recognized for his expertise in structural design, retrofit, and rehabilitation, including projects with alternative project delivery methods.

Relevant Experience

- Northeast WRF Design Update
- Central County WRF Phase 3 Expansion Amendment

Jason Rozgony

COST ESTIMATING

Years of Experience: 31 | Denver, CO

Jason is Carollo's lead cost estimator with 31 years of experience in water and wastewater treatment, pump stations, and pipelines. He has prepared more than 500 opinions of probable cost, 150+ design-build bids, and hundreds of construction manager at risk (CMAR) guaranteed maximum price (GMP) projects, totaling over $2 billion in at-risk bids.

Relevant Experience

- Southeast WWTP Improvements and Expansion
- Norwood-Oeffler WTP Improvements

Amanda Bauner, PE, ENV SP

SUSTAINABILITY/ENVISION

Years of Experience: 29 | Orlando, FL

Amanda is an Envision Sustainability Professional with 29 years of experience in design, construction, and project management for water/wastewater projects. Her expertise includes integrating sustainability principles and Envision standards into large-scale infrastructure projects, providing technical oversight, and advancing sustainable solutions for municipal clients.

Relevant Experience

- Bee Ridge WRF Expansion and Upgrade to AWT
- Wesley Center WWTP Improvements and Expansion

Joseph Antinori, PE

GEOTECHNICAL ENGINEER

Years of Experience: 20 | Tampa, FL

Joseph's experience includes providing services on a variety of public and private infrastructure projects to public agencies and municipalities throughout Florida. He has worked on several projects related to water and wastewater facilities including inside the fence facilities and large diameter pipelines.

Relevant Experience

- Ridge Manor WRF Capacity Expansion
- West Port WRF Expansion Phase I

C. Alan Anderson, PA

ARCHITECT

Years of Experience: 41 | Sarasota, FL

Alan has worked with engineering and construction firms, including Carollo, on over a dozen water and wastewater treatment facilities for Collier, Charlotte, Lee, Manatee, and Sarasota Counties. He led CA3 under a continuing services contract with the Department of Health for 17 years, with projects ranging from $30k to $2M.

Relevant Experience

- Bee Ridge WRF Expansion and Upgrade to AWT
- Northeast WRF, WTP, & Common Facilities

A. Gary Nychyk

ENVIRONMENTAL

Years of Experience: 24 | Naples, FL

Gary is an ecologist who works closely with the Florida Department of Environmental Protection (FDEP), South Florida Water Management District (SFWMD), Florida Fish and Wildlife Conservation Commission (FWC), and US Fish and Wildlife Service (USFWS), as well as local city and county government agencies.

Relevant Experience

- Utility Line Expansion Wetland Delineation
- Southwest 6&7 Utilities Expansion project

Kevin RisCassi, PSM

SURVEYING

Years of Experience: 34 | Naples, FL

Kevin has 34 years of surveying experience, including control, boundary, topographic, route, hydrographic, construction, GPS, elevation certificates, and mortgage surveys. He has six years of field experience as a survey crew chief and three years as a survey technician. He has been licensed as a professional surveyor since 2003.

Relevant Experience

- Babcock Ranch Community Phase 1A & Town Square
- Clam Pass Control Survey

Natalie Beach, PhD, PE

PROCESS MODELING

Years of Experience: 14 | Denver, CO

Natalie is a wastewater process engineer with more than a decade of experience specializing in biological nutrient removal, process modeling, and the planning and design of secondary treatment systems.

Relevant Experience

- North Regional WRF Process/Capacity Analysis and Expansion Plan
- Northwest Regional WWTF MBR and Dewatering Improvements

Erik Peters

CONSTRUCTABILITY/SEQUENCING

Years of Experience: 21 | Denver, CO

Erik is Carollo's Director of Construction Management and Operations. He has 21 years of construction management experience in the water and wastewater industry. His experience includes constructability reviews, sequencing, staff training, and managing all aspects of construction contracts from set-up and close-out to billing and forecasting.

Relevant Experience

- Cape Coral Expansion and Rehabilitation
- Cape Coral Biosolids Treatment Facility

Emily Platt

GRANTS & LOANS

Years of Experience: 7 | Madison, WI

Emily Platt is a funding specialist at Carollo. She specializes in policy writing, non-profit management, survey design, data analysis, and stakeholder communications. Emily helps clients identify critical projects and funding programs, creating strategies and writing competitive state and federal grant and loan applications.

Relevant Experience

- North Miami Beach Strategic Funding Plan Development
- Delray Beach EPA Community Grants Program

Gerry Torres

ENGINEERING SERVICES DURING CONSTRUCTION & WARRANTY SERVICES

Years of Experience: 20 | Tampa, FL

Gerry has experience in water and wastewater construction projects, covering estimating, preconstruction, and project operations for a wide range of utility projects. He provides on-site inspections to identify issues early and keep projects on track. Gerry leads Carollo's Florida Construction Services Group and will coordinate staffing and manage all field office and field construction activities.

Relevant Experience

- Bee Ridge WRF Expansion and Upgrade to AWT
- Southeast WWTP Expansion Construction Engineering and Inspection (CEI) Services

Chris White, PE

O&M, COMMISSIONING, & TRAINING

Years of Experience: 33 | Orlando, FL

Chris has more than 33 years of experience in water and wastewater system operations, specializing in process optimization, operator training, and efficient system design. He works closely with plant staff to optimize processes, provide training, and support smooth project transitions. Chris also applies his expertise to facility troubleshooting, startup, commissioning, and designing operator focused system layouts.

Relevant Experience

- Southeast WWTP Expansion CEI Services
- Influent Pump Station Rehabilitation and Transfer Pump Replacement

Partnership With a Purpose

Carollo recognizes that collaboration with consultant partners isn't just good business but can sometimes be essential to providing the right resources to complete the job. To make sure we can fully support all services requested in the RFP, we have added the following trusted subconsultant firms to our team. Each of these firms has extensive experience in their assigned roles and has partnered with Carollo on previous successful projects for Collier County.

Johnson Engineering *(acquired by Apex)*

Just as Florida has transformed dramatically over the years, so has Johnson Engineering. What started in 1946 as one man surveying Southwest Florida, has developed into a large cohesive team of more than 120 professional civil engineers, ecologists, scientists, geologists, surveyors and mappers, certified land planners, and landscape architects, offering their expertise in a broad spectrum of engineering disciplines.

Johnson Engineering has been a trusted partner to both Collier County and Carollo Engineers, including ongoing design and construction phase activities at Collier County's Northeast Service Area (NESA).

Headquartered in Fort Myers, Florida, the company also has a major office in Naples, just down the street from the SCWRF.

Role: Site/Civil, Environmental, and Surveying

- Experience working with Collier County
- Experience working with Carollo

Water Science Associates *(acquired by Apex)*

Water Science Associates (WSA) is a professional engineering and geological consulting firm specializing in water resource consulting and dedicated to providing creative, sustainable, and scientifically based solutions to their clients' water resource challenges. The firm was established in 2013 by two principal scientists with over 60 years of combined hydrogeologic experience in Southwest Florida, specifically to provide a higher level of service and expertise to the Florida marketplace.

WSA has worked alongside Collier County and Carollo since their formation in 2013. They were the Professional Geologist of Record as subconsultant for Carollo for the recent successful Northeast Deep Injection Well Permitting, Design, and Construction project. For this SCWRF project, they will support current and future injection well and wet weather disposal aspects.

Role: Deep Injection Wells

- Experience working with Collier County
- Experience working with Carollo

CMA Outreach, Inc.

CMA is unique in the public information industry because of its in-depth technical expertise in planning, design, and construction for municipal utility projects. Their staff have established excellent working relationships with representatives in media and local government, planning and permitting agencies, and environmental groups. CMA's philosophy in working with the public and with their clients is the same —collaboration, communication, and open exchange cultivate a partnership with the public that greatly enhances the quality of their clients' projects.

CMA has conducted over 300 successful public involvement and outreach programs for infrastructure projects in Southwest Florida. CMA is currently conducting Collier County public outreach programs for the Northeast Service Area (alongside Carollo), Golden Gate City Transmission Water Main Project, and the Lely Community Public Utilities Renewal projects.

Role: Public Involvement

- Experience working with Collier County
- Experience working with Carollo

CA3, Inc

CA3 has served as an architectural consultant on over a dozen water treatment and reclamation facilities across Florida, many of which have been with Carollo, including the following recent and active projects:

- Northeast Collier County WRF, WTP, and Common Buildings
- North Lee County WTP Expansion
- Sarasota County Bee Ridge WRF Expansion and Upgrade to AWT
- Lake Manatee WTP Upgrade
- City of Sarasota Advanced WTP Improvements

As a service-driven firm, CA3 is committed to providing quality, timely performance to their clients while tending to their needs and visions. They provide comprehensive architectural services including planning, programming, schematic design, and post construction services. They follow each project from conception to the final walk-through, addressing each phase as needed.

Role: Architecture

- Experience working with Collier County
- Experience working with Carollo

TIERRA

Tierra is a full-service geotechnical, environmental, and materials testing firm with over 32 years of experience serving government agencies. They have provided geotechnical support services on a variety of projects including water and wastewater pipelines, pump stations and plants; roadways and bridges; stormwater; and other site/civil engineering projects. Typical geotechnical services have included drilling, field sampling, permeability testing, laboratory testing, engineering analysis, and reporting. Tierra completes all of their design work in-house using current CAD, Revit, and MicroStation programs and site maps and is fully integrated with GPS and GIS mapping.

Role: Geotechnical

- Experience working with Collier County
- Experience working with Carollo

Why Carollo Is the Right Team

1. Carollo's Florida-based professionals have successfully delivered several recent phased expansion projects such as the Bee Ridge WRF Expansion and Upgrade to AWT in Sarasota County, and the Sandhill Water Reclamation Facility Expansion in Kissimmee.
2. Our staff is currently working with your staff on the Northeast County WTP and WRF project.
3. We will deliver a holistic approach that balances immediate improvements and your long-term vision for the facility.

We understand that the key to success is in how well our team communicates, listens, and collaborates with all of the other key players on the project including, County staff, stakeholders, contractors, and subconsultants. Since we have worked with you in the past, we know your systems and the way you work. We know your expectations and are committed to integrating with your staff and others to deliver the highest level of professionalism and commitment to this project.

Carollo Wastewater Experience

BY THE NUMBERS

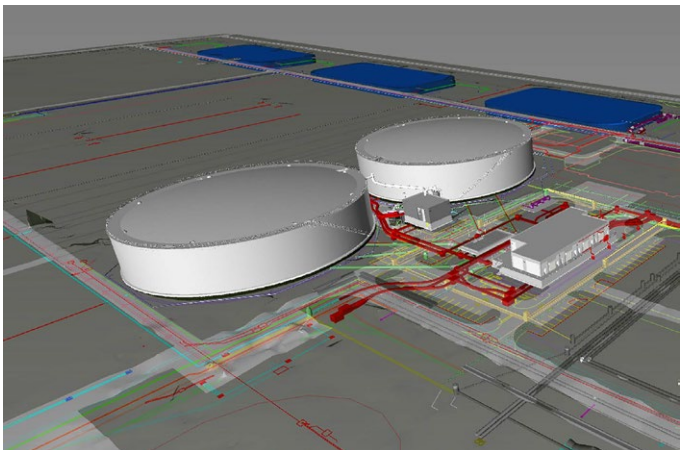
93
Years providing water and wastewater planning and design services

300+
WRFs designed with flows ranging from 1 mgd to over 650 mgd

60+
Membrane facilities nationally

Flow Equalization

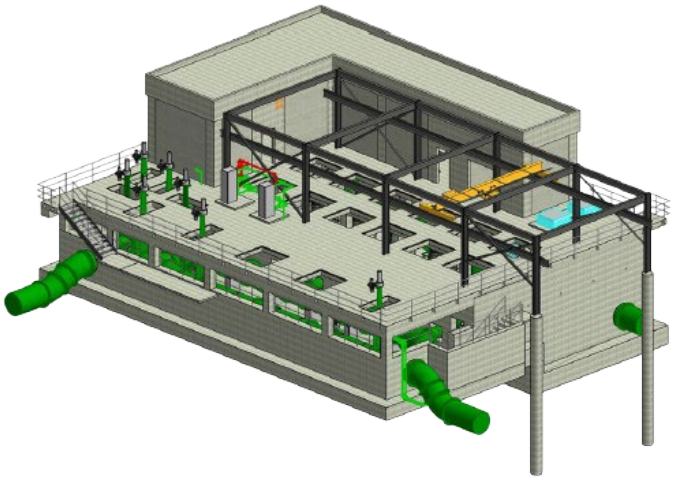
Accurate Sizing of the Equalization Facility



While an equalization facility can equalize both diurnal and wet weather flows, the volume requirements for equalization of wet weather flow can be much larger. The volume required for the former is typically about 15% of the daily flow to be equalized. In comparison, wet weather equalization depends on the magnitude and duration of the flows above the target maximum flow rate and can require a day or more of storage volume. Accurate sizing of the equalization facility for either use requires establishment of a design hydrograph. To reduce volume requirements for wet weather storage, utilities often target peak shaving rather than complete equalization. This still reduces the size of some unit processes, while minimizing equalization volume and footprint.

Recent Example of Carollo's Experience

Carollo recently designed a 40-MG equalization facility for a large water reclamation facility in South Florida (Miami Dade Water and Sewer Department, Design of the Upgrades to the South District WWTP for the Ocean Outfall Legislation Program). It consisted of:



- Two, 20-MG storage tanks; each 265-ft diameter by
- 78-ft water depth.
- An equalization pump station; 45-mgd firm capacity.
- A drain pump station.

In the course of that design, we evaluated many alternative equalization configurations and control strategies for Florida conditions. We will share the lessons learned from that design work with Collier County.

How to Reduce Maintenance, Conserve Carbon for AWT, and Protect the Facility from Corrosion

- Segment the equalization volume into three or more tanks that operate in series. Since only the volume that is required is used, post-use cleaning is minimized. Odor control may also be reduced for cost savings.
- Provide a flushing water system (wall nozzles, tipping buckets, self-flushing gates, etc.) for hydraulic cleaning. This greatly reduces the labor required for post-use cleaning.
- Design the tanks so they can be completely drained each day. Aerated mixing, and extended detention of raw sewage in the equalization tanks for long periods of time (days) allows the growth of biomass that consumes readily biodegradable carbon (cBOD5) which is almost always needed for the AWT process to function effectively.
- Mix the tanks mechanically or with large bubble mixers. This minimizes power consumption and aerobic biological activity.

Innovative integrated tanks and equalization pump stationdesigned for the Miami-Dade South District WWTP.

Secondary Treatment and MBR

Carollo is recognized for our leadership and expertise in secondary treatment, including exemplary experience in rehabilitation and optimization, underscoring our ability to manage complex wastewater treatment projects. We specialize in developing practical, operationally efficient, and cost-effective improvements that not only extend the service life of facilities but also enhance their operability and maintainability.

Our team has local and national experience successfully implementing proven, reliable, robust, yet cost-effective treatment processes such as MBR technology to meet the highest standards for reclaimed water quality. We have developed many successful wastewater secondary treatment alternative evaluations and designs for numerous Florida clients, including many with challenges similar to SCWRF. Our proven project experience demonstrates our team's effectiveness in the successful delivery of condition assessments of aging infrastructure, evaluation of alternatives, and the design and construction of secondary treatment facilities that incorporate innovative, viable alternatives for rehabilitation and future expansion.

Our team brings experience with evaluating the sequencing to convert facilities to MBR.

A Holistic Approach to MBR

In contrast to industry myth, Carollo understands that MBR is not “plug-and-play” and proper design is required to cost effectively meet reliability and treatment goals. Carollo’s holistic design approach enables more efficient overall secondary process construction, operations, and maintenance. The interplay of the mixed liquor suspended solids (MLSS) in the bioreactor and the return flows from the membrane tanks are essential to lower life cycle costs and increase operational flexibility. Returning the return activated sludge (RAS) from the membrane tanks to the aerated zones of the bioreactor may seem trivial; however, this provides many benefits resulting in an optimized facility.

- **Optimized Energy Efficiency.** Decoupling the nitrate recycle from the membrane tank return allows the RAS pumps to operate based on MLSS concentrations. The “right” balance of MLSS in the bioreactor for improved oxygen transfer efficiency with MLSS in the membrane tanks will result in lower RAS return rates and less pumping compared to other approaches.
- **Optimized Tank Volumes.** Recycle of the RAS to the aerated zone allows for less flow to the start of the bioreactor which can balloon the volumes of the bioreactor. This also eliminates the need for additional deoxygenation tanks.
- **Optimized Nutrient Removal.** Returning the oxygen-rich MLSS from the membrane tanks directly to the aerated zone eliminates the challenges that affected earlier generation nutrient removal MBR plants, where too much air was returned to the unaerated zones. Decoupling nitrate removal from the RAS allows the enhanced nutrient removal process to be finely tuned using mixed liquor recycle pumping.
- **Optimized Chemical Use.** Returning oxygen-rich RAS to the head of the bioreactor will consume valuable carbon which would need to be replaced with supplemental carbon feed. Biological removal of phosphorus reduces reliance on chemical precipitation and provides a more sustainable and less chemical-dependent facility.

The MBR facility at the ENR award winning Chandler, AZ Ocotillo WRF.

Best In-Class Membrane System Design

Carollo has learned a thing or two during the past 25 years designing MBR plants, with over 60 facilities under our belt. Collier County's SCWRF will be able to leverage this experience which includes:

Pump Efficiency – Separating backwash function from the permeate pump allows for more efficient one directional pumping (using ANSI horizontal pumps) for both permeate and backwash. This also takes advantage of the membrane supplier trend of continuing to reduce the reliance on backwashing and chemical cleaning.

Better Access for Maintenance – Developing layouts that focus on accessibility regarding the cassettes, bridge crane, basin covers, and associated pump, valves and piping.

Hydraulics – Hydraulic modeling tools including visual hydraulics and computational fluid dynamics (CFD) modeling will be used to optimize flow distribution and flow splitting through the reactor basins to improve overall performance and avoid overloading or underloading certain trains.

Foam Management – Foam, filaments, and scum can be an issue with MBR facilities since there are no secondary clarifiers to skim off and remove the materials. Attention to the surface flow details matters to avoid trapping floating materials, use of spray bars to suppress and move the materials, and surface wasting at key locations to entrain and remove.

For the $122 million CMAR expansion at the Chandler, Arizona, Ocotillo WRF,Carollo worked closely with the Owner's staff and the CMAR to "lock in" future corridors at 30 percent design. The end result was an O&M-friendly layout of the membrane area and other process areas.

Influent Screens and Screenings Handling

Influent screens remove inorganic and unwanted solids including floatables, such as plastics, some grease/fat, and other solids, such as rags, sticks, rocks and debris, hygiene products (including wipes), hair, etc.

Carollo recommends two-stage screening: coarse screening followed by grit removal and then fine screens with effectively designed washer/compactor systems.

We understand your headworks preferences, on the Northeast WRF project will be providing a Best In Class headworks approach that provides redundancy and flexibility. Each step in the headworks (coarse screens, grit removal, and fine screens) has isolation for maintenance built into the design. Equalization is provided after the fine screen to reduce the amount of materials that will need to be periodically cleaned. Our goal is to provide you the same maintenance and redundancy focused headworks design.

A well-designed aeration system is essential to the efficiency, reliability, and long-term success of your new bioreactors.

Our design approach integrates precise air demand modeling, right-sized blower selection, advanced control strategies, and full-system coordination to deliver an energy-efficient and resilient solution.

Defining Air Demand and Right-Sizing for Efficiency

Design of the blower building begins with a fundamental understanding of your varying air demands. We will expand on our previous process modeling efforts to develop a detailed, treatment-wide air balance that reflects current needs and anticipates seasonal and future nutrient-driven operating scenarios. Scenario planning will check that the blower system offers sufficient flexibility and turndown without relying on outdated design approaches that compound safety factors and lead to overdesign.

With an accurate air demand profile in hand, we will size the blowers to handle anticipated loading conditions—including seasonal temperature and loading fluctuations, changes in oxygen transfer efficiency, and diffuser fouling—while maintaining energy-efficient operation. Right-sizing the blower system will reduce capital investment, avoid excess electrical infrastructure, and improve operational performance across all flow regimes and target DO setpoints. The result is a lower life-cycle cost.

Blower Technology Selection and Wire-to-Air Efficiency

While the conceptual design identified high-speed turbo blowers as a baseline selection, rotary screw/hybrid blowers are increasingly competitive in efficiency, turndown range, and operational simplicity. During preliminary design, we will collaborate with you to make a best value technology selection that suits your needs. A key part of this decision-making process will be determining the number of blowers, appropriate air intake sizing, and duty/standby configuration.

For the Eagle River Avon WWTF Nutrient Upgrades project, Carollo designed an aeration system to accommodate a wide variety of flow and loading conditions. These conditions were especially variable due to tourist activity in the Vail Valley. During start-up Carollo analyzed large quantities of data to optimize the aeration system in real time with the Owner and their integrator.

Advanced Aeration Control Integration

This project offers a unique opportunity to integrate modern aeration control strategies with the selection and physical design of the blower system. We will evaluate conventional piping and instrumentation diagram (P&ID), DO-based logic alongside more advanced control architectures, including mechanistic models, model predictive control (MPC), and soft sensor-based platforms. These systems enhance energy optimization by forecasting near-future oxygen demand based on real-time and historical operating data.

We will collaborate with your operations team to identify a control platform—whether proprietary, open-source, or custom-developed—that balances your goals for energy savings, operational reliability, and long-term maintainability.

A System-Wide Approach to Aeration Design

Proper blower design and aeration control cannot be separated from overall system integration. We will confirm that all components—from air intake to control valves, actuators, piping, diffusers, instruments, and logic—are sized and coordinated optimally. Getting the aeration system right will be one of the most critical technical challenges at the bioreactors—and one of the most impactful to long-term operating success.

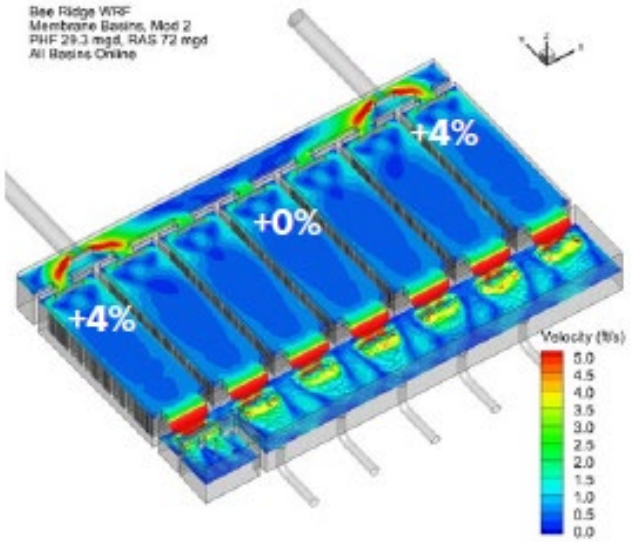
Maximizing gravity flow through your facility by good hydraulic design provides long-term efficiency.

Good hydraulic design cannot be overlooked and will be a fundamental element as we progress the design from the conceptual level through final design.

Hydraulics are Critical to Membrane Performance and Warranty

A good example of scale-up challenges is the hydraulics within the membrane system. With a secondary treatment influent flow of 21.1 mgd and return flows in the range of 4–5 times the influent flow for the MBR process, the return flows can be upwards of 100 mgd. Evenly splitting large flows is critical to optimize the MLSS across all trains for performance and warranty considerations. Furthermore, design aspects for an 80–100 mgd pump station must meet Hydraulic Institute standards.

CFD Modeling Reduces Uncertainty In Performance



At Carollo, we have a long history of using 3D CFD modeling to evaluate and optimize hydraulic designs, reducing much of the uncertainty. Carollo has used CFD modeling on over 100 projects over the last two decades, with over 60 of these projects occurring in the last five years. Our team can seamlessly incorporate CFD modeling into the design to confirm equal flow split and mitigate solids from settling at each process unit.

Leveraging Previous Hydraulic Modeling to Save You Time and Money

We've already completed a conceptual level hydraulics model of the proposed and existing facilites. Having already done the legwork to create a plant-wide hydraulic model, we can efficiently continue to develop our accurate hydraulic model for detailed design and streamline optimization of gravity flow.

Breadth of Design Experience Results In Efficient Design Optimization

We understand that more pumps lead to more energy demand and more maintenance. We will work to achieve multi-objective optimization of the pumps to reduce O&M costs. Permeate pumps will be sized for membrane filtration. Additionally, there are various configurations for the RAS and permeate pumps that can be implemented to meet these goals.

For the Sarasota County Bee Ridge WRF Expansion and Upgrade to AWT, CFD modeling informed our simple baffle design, resulting in optimum membrane loading that complies with the membrane warranty.

Electrical design that delivers an efficient and functional power distribution system.

Focus on long-term maintainability, flexibility, and reliability.

Over the course of designing many large municipal WRFs, close coordination between technical disciplines and accuracy of shared process information have become a cornerstone of Carollo's design philosophy. Our innovative electrical design tools and thorough design practices will yield comprehensively clear and technically accurate design documents that owners and bidders will have confidence in.

Power Load Flow Modeling and Evaluation

We will work with County staff during preliminary design to accurately model the existing and new distribution equipment in our proprietary information management tool called RESERVOIR™. This tool organizes electrical loads into discrete load centers (e.g., switchgear, motor control centers, distribution panelboards) and performs electrical load calculations that serve as the basis for the selection of electrical equipment ratings. Using the process equipment information stored in its database, and the electrical load center organization, RESERVOIR™ can also automatically generate electrical single-line drawings.

Thorough Consideration of Existing Infrastructure

We will also collaborate with County staff to understand the landscape of the existing facilities to be demolished, modified, or maintained. Understanding pathways of existing and previous power distribution systems can suggest routing solutions through sites with complicated utility crossings. Our team will work with County staff to make informed decisions regarding existing infrastructure.

Redundant and Reliable Power Distribution

Our team will brainstorm potential ideas on how to provide additional safety, redundancy, and reliability in any new distribution system while optimizing capital investment.

Power Distribution Flexibility

We will continue to coordinate with County's staff to optimize a power sharing connection between any new MBR electrical facilities and the existing system to promote resiliency. This connection will also give staff more flexibility to perform shutdowns for periodic maintenance.

Sequence of Electrical Work

Carollo's electrical staff has the necessary electrical construction expertise to thoroughly vet the design from a constructibility and sequencing perspective. We will coordinate with all disciplines to develop a constrained sequence of work that minimizes operational disruptions and sequences the integration tasks efficiently by outlining the step-by-step procedure for electrical replacement work that considers operational constraints, process dependencies, and safety risk factors.

Our proven approach to electrical design provides confidence that the County's improvements will be equipped with a safe, redundant, and reliable electrical distribution system—supporting your goals for operational excellence and regulatory compliance.

Carollo's EPIC® team provides programming, and all things EPIC services to Collier County currently and for the past 10 years.

Carollo's EPIC® team worked hand-in-hand with Aurora, Colorado, staff to implement a detailed start-up plan for electrical upgrades at two WRFs.

I&C and SCADA design that delivers a high-performance, user-centric, and standardized control system.

We bring extensive experience in modernizing control systems for greenfield and brownfield facilities with advanced MBR technologies, and tailor our programming methodologies to align with the County's SCADA Master Plan and operational preferences.

Early Integration and Collaborative Design

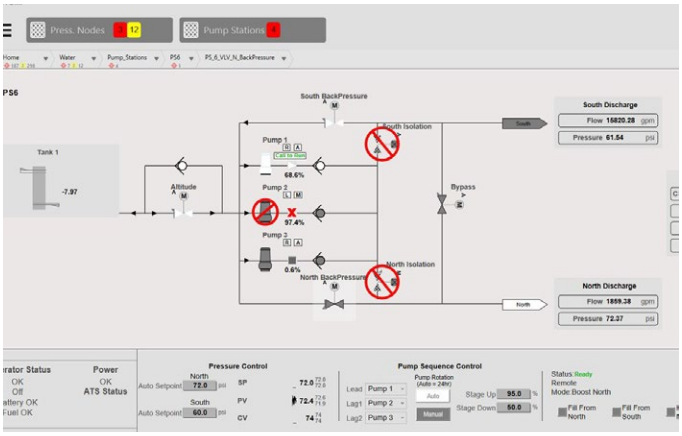
We initiate our SCADA efforts during preliminary design to align control philosophies with process design early. Our team collaborates closely with process, mechanical, and electrical engineers to define input/output (I/O) requirements, refine process narratives, and establish control strategies specific to the 5-stage activated sludge, membrane filtration, and P-sequestration systems. We also work with County staff to identify opportunities for centralized control room efficiency, and alarm rationalization. Our proven approach to SCADA integration ensures that the County's treatment facilities are equipped with a resilient, efficient, and future-ready control system—supporting your goals for operational excellence and regulatory compliance.

High-Performance HMI Development

Our approach incorporates ISA-101-based high-performance HMI principles to improve operator situational awareness. SCADA screens will be designed for consistency, clarity, and responsiveness across devices—including workstations, tablets, and large-screen displays in the central control room.

Secure and Reliable Communications Architecture

We will coordinate with the County's SCADA team to design a robust and secure network topology that supports site-wide SCADA integration. Our solution will leverage fiber optic backbones where available and provide provisions for redundant communications paths, aligning with the County's and industry standard cybersecurity best practices.



Carollo staff performing programming services.

Comprehensive Testing and Commissioning Support

Our team provides thorough factory acceptance test (FAT) and site acceptance test (SAT) services, including simulation-based I/O testing and interlock validation. Our team will develop and execute commissioning test plans in close coordination with the County and provide field support through startup and commissioning.

Documentation and Training

Final deliverables include updated control strategies, I/O lists, P&IDs with control annotations, tag databases, and O&M manuals. We will conduct hands-on training for operators and maintenance staff to support operational readiness.

Carollo designed SCADA screen at a Sarasota County lift station.

Disinfection Solutions

Carollo has extensive experience delivering disinfection solutions for secondary effluent wastewater including projects that evaluated alternatives such as bulk sodium hypochlorite, on-site hypochlorite generation, and ultraviolet (UV) disinfection.

Trusted Experts in Next-Generation Disinfection System Design

Carollo has designed new or improved disinfection systems for more than 200 wastewater treatment plants and numerous drinking water facilities, including conversions to sodium hypochlorite, on-site generation, and UV disinfection.

While there are options for disinfection technologies, many of our Florida clients see the advantages of sodium hypochlorite disinfection due to its reliability and safety. Rather than delivering a “one-size-fits-all” manufacturer’s skid system because it’s easy, we understand that the chemical feed, storage, and pumping system must be tailored based on your preferences and operations. Our approach integrates County staff input during the design phase to provide an effective layout of the entire disinfection system including chemical storage, piping, and valves, along with chemical feed pumping and ultimate feed points.

200+

Carollo “Wrote the Book” on UV

Our technical experts and staff have been instrumental authors in the development of core UV guidance documents, including:

- Water Environment Federation, *UV Disinfection for Wastewater.*
- National Water Research Institute, *UV Disinfection Guidelines for Drinking Water and Water Reuse.*
- U.S. Environmental Protection Agency, *UV Disinfection Guidance Manual.*

Permitting, Construction, and Warranty Services

Permitting Applications

Successfully navigating the regulatory and permitting processes and requirements is crucial to the outcome of most design projects. This success begins with a thorough understanding of the agencies, their requirements, and the permitting review period. Carollo and our team members have a long track record of obtaining permits in a timely manner from the critical agencies typically involved in these projects. Crucial to this success is submitting complete permit applications to avoid timely resubmittals. Our experience on similar projects has allowed our team to develop in-depth knowledge of all regulatory requirements and has allowed our local staff to build strong relationships with local permitting agencies.

Our team will organize pre-application meetings with regulatory agencies to discuss and understand the permitting requirements of each agency. During these meetings, we will discuss permitting expectations, such as submittal dates of permitting packages and the level of the design documents, to ensure schedule compliance and avoid overall project schedule slippage during execution.

Permitting Experience

Carollo has experience obtaining permits with all the key agencies for wastewater treatment plant projects in Florida including the Florida Department of Environmental Protection (FDEP), South Florida Water Management District (SFWMD), Florida Department of Health (DOH), Florida Department of Transportation (FDOT), Collier County Growth Management Community Development Department, and Collier County Engineering Services/Utility Planning.

On a federal level we have worked with agencies such as the U.S. Army Corps of Engineers () and the U.S. Environmental Protection Agency (EPA).

Key relationships with FDEP, SFWMD and FDOT have helped accelerate the review process on a variety of water and wastewater projects helping us avoid timely delays and additional costs.

Trusted Experts in Construction Phase Services

Transforming a project from design to reality requires a construction management (CM) team that can deliver results safely and efficiently while addressing client needs and meeting expectations. During the construction phase, projects face challenges from scheduling, costs, and space constraints, to maintaining continuous operations, permitting, and more. Experienced construction managers who prioritize safety, organization, communication, and attention to detail can proactively mitigate, or quickly respond to these challenges to lead your project to success.

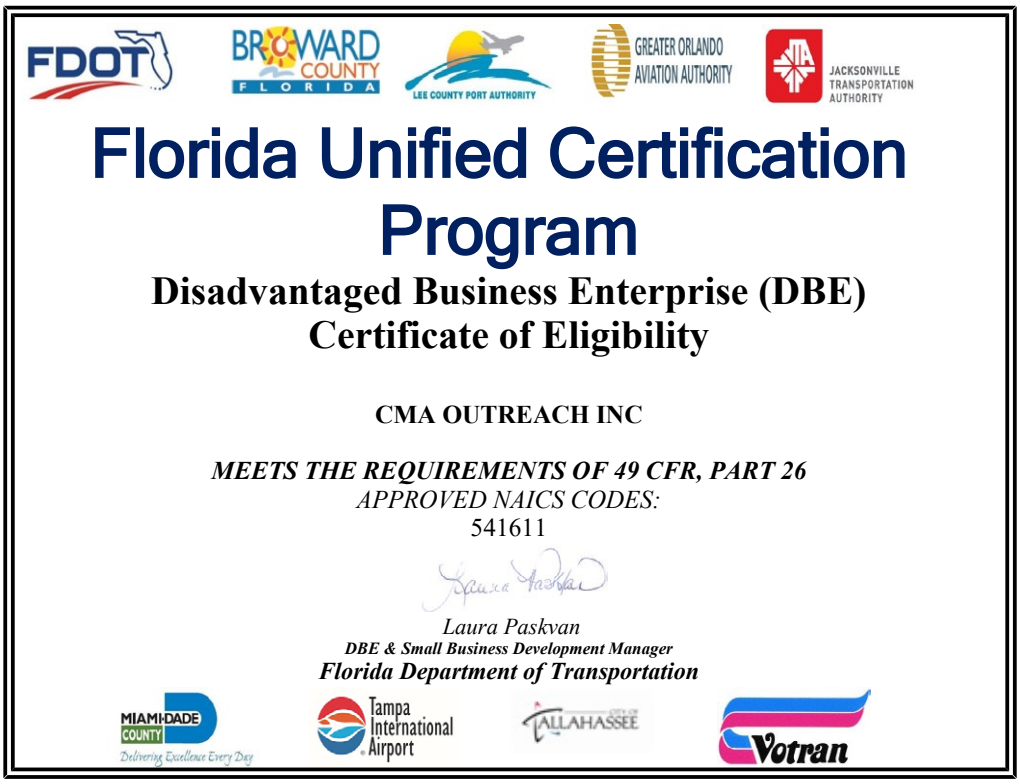
Carollo's CM Group is comprised of seasoned professionals who are entirely focused on the delivery of water and wastewater projects. Our teams manage some of the largest and most complex projects, providing comprehensive CM services from planning through startup and commissioning. We emphasize the importance of collaboration among all project stakeholders and provide clear communication throughout the project to avoid complications or delays.

Warranty Services

The warranty period is often overlooked as a critical part of the construction process. This is the time where Carollo will record and archive all project files including project correspondence, submittals and responses, equipment warranties and any operation manuals. Carollo also understands that the contractor's responsibilities to the owner do not end with final completion. We will work with you during the warranty period to provide prompt contractor notifications and document responses, and to perform warranty inspections and necessary follow-up.

Section 2

Woman and/or Minority Business Enterprise



Supporting Local Diversity to Meet Your Needs

Carollo enthusiastically supports the County's commitment to diversity, including women-owned and minority-owned business enterprises. Although Carollo is not a Florida-certified Woman-Owned Business Enterprise (WBE) / Minority-Owned Business Enterprise (MBE) firm, we understand the importance of diversity and minority development within our communities.

Certified Woman and Minority Owned Business Partnerships

Carollo has a rich history of using woman- and minority-owned businesses to complete engineering projects in Florida and across the US.

Associations between Carollo and WBE/MBE firms are formed so that meaningful involvement is provided to each team member in their respective area of expertise. Each association is carefully planned to provide opportunities for mentoring, technical training, and professional development, while maintaining the necessary expertise required by the project.

Section 3
Past Performance

SECTION 3 / **PAST PERFORMANCE**

Past Performance

Carollo brings unmatched depth in planning and designing upgrades and expansions for WRF facilities, especially where operational continuity, quality control, and long-term performance are non-negotiable. Our experience spans every major element outlined in the RFP, from data collection and analysis to construction administration and operator training. But what sets our past performance apart is how closely it aligns with your project goals: our projects are driven by the need to **IMPROVE** operations, **ADAPT** to unusual or unexpected conditions, and designed to **SUSTAIN** operability under increased utility demands. Our designs are guided by input from operations staff and are quality assured, backed by internal technical reviewers, and built for long-term performance. Throughout Florida and across the US, Carollo has designed similar treatment technology and flow management solutions that reduce risk, simplify operations, and improve long-term reliability— and we're eager to do it again for you now.

The Carollo team will couple the experience and lessons learned from hundreds of similar WRF improvement projects with the knowledge and experience of the SCWRF staff to develop a best-in-class design and plan for the future of the SCWRF.

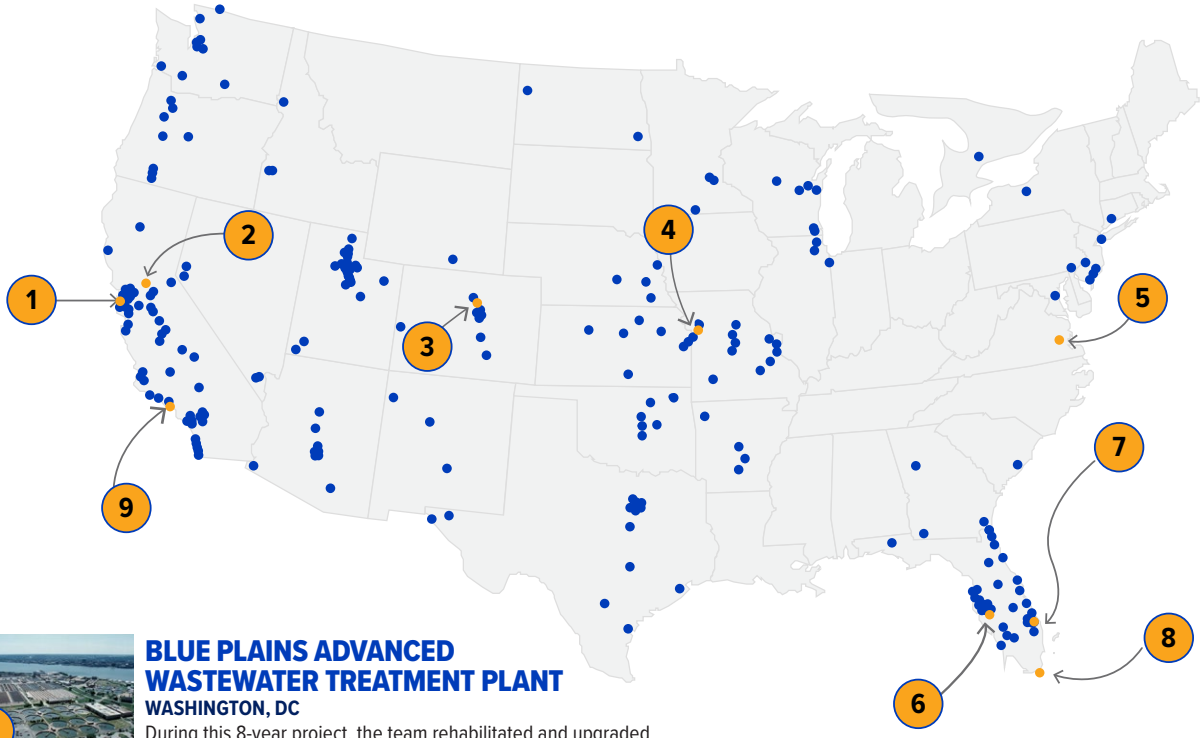
Coast to Coast National Wastewater Treatment Experience

1 SOUTHEAST WASTEWATER TREATMENT PLANT
SAN FRANCISCO, CA

The 250-mgd project involves rehabilitation of an existing deep wastewater pump station and replacement of two existing headworks facilities with a single new headworks.

3 ROBERT W. HITE WWTP
DENVER, CO

Nearly $200 million in upgrades, including an HPO conversion to BNR-activated sludge, disinfection, and a new 240-mgd effluent pump station.



2 REGIONAL SAN
SACRAMENTO, CA

330-mgd filter influent pump station, 217 mgd of granular media filters, backwash treatment, chemical feed, and chlorine disinfection contact basin.

4 BLUE RIVER WWTP
KANSAS CITY, MO

Owner Advisor for KC Water
Blue River Biosolids Upgrades to add THP at 140 mgd Blue River

5 BLUE PLAINS ADVANCED WASTEWATER TREATMENT PLANT
WASHINGTON, DC

During this 8-year project, the team rehabilitated and upgraded the 1.7 billion gallon per day plant to achieve sustained, continuous long-term regulatory permit compliance.

6 BEE RIDGE WRF
SARASOTA COUNTY, FL

Design and construction of new biological nutrient removal (BNR) basins and a new membrane bioreactor (MBR) system to meet Florida AWT requirements.

8 OCEAN OUTFALL LEGISLATION - SDWWTP LARGE DIAMETER PIPELINES
MIAMI, FL

Package ST2a consists of a critical 72-inch pipe connection to the existing force main at SW 232nd St, RAS connection, and secondary distribution interconnect.

7 CDWWTP / SDWWTP THICKENING AND DEWATERING
MIAMI, FL

Design and construction of two new sludge thickening and dewatering buildings, including ancillary equipment.

The largest MBR in Florida at 18 mgd

9 HYPERION ADVANCED WATER PURIFICATION PROJECT
LOS ANGELES, CA

450-mgd Hyperion high-purity oxygen WWTP with filtration, high-level disinfection, peak flow management and reuse improvements.

This table represents a selection of Carollo's local and national previous water reclamation (WRF) and wastewater treament plant (WWTP) expansion projects with similar scopes of service.

A Reliable Partner with Demonstrated Success On-Time, On-Budget, On-Target Quality Performance

Since 2003, Carollo has completed water/wastewater projects of all sizes for Collier County, including continuing services contracts and CCNA work assignments, as well as larger projects such as the SCRWTP Improvements and Northeast WTP and WRF. Our team has established a proven record of delivering successful projects that meet the County's highest expectations for quality, schedule, and operational readiness.

You have trusted us for over two decades, so you know you can trust us now.

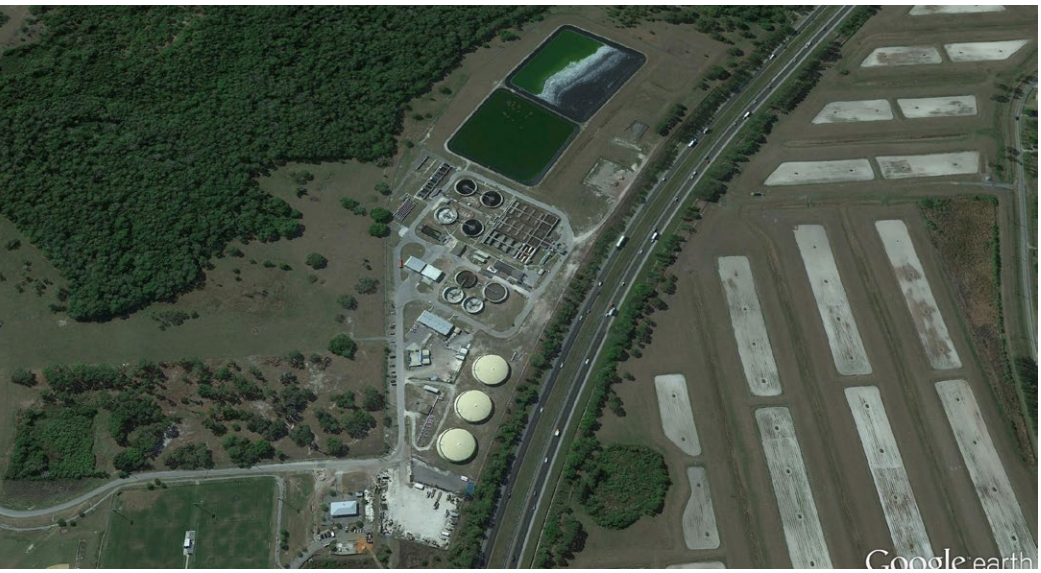
Don't Just Take Our Word for It

Any firm can tell you what you want to hear, but for a real world, non-biased version of the story you must talk to their clients. Carollo's client feedback demonstrates our team's effectiveness in the successful delivery of the design and construction of secondary treatment facilities incorporating innovative, yet cost effective solutions.



> "We have been extremely pleased with the cost, quality, timeliness, and responsiveness of the professional consulting and engineering services that we have received from Carollo. Our association has been very positive and we have always found the principals, staff members, and support staff to be above average in professional capability."
>
> —Gregory S. Rouse
> ***Assistant Utility Director, Sarasota County***

> "Carollo's competitive performance-based equipment procurement approach helped reduce the cost of our MBR equipment while still meeting an early procurement schedule for our new 18 MGD Bee Ridge WRF, the largest in Florida."
>
> —Michael Mylett
> ***Public Utilities Director, Sarasota County***

> "Carollo Engineers has provided excellent leadership and expertise throughout the project. Highly responsive and collaborative in addressing challenge. Their professionalism and low staff turnover ensured project continuity."
>
> —Marcelino Torres, PE, CCM
> ***Chief Plants Construction, Miami-Dade Water and Sewer Department***

> "The Evaluation of Long-Range Treatment Options: Nanofiltration Versus Lime Softening Study that Carollo provided was excellent. The report provided very good data and financial detail in which the Utility will be able to make decisions on future treatment methods and repair and replacement projects. We now can make plans for financing the work that we need to accomplish. The executive summary clearly communicated the path we needed to progress on. Our team enjoyed working with Carollo Engineers on this study. We look forward to working with them in the future."
>
> —Randy Brown
> ***Utilities Director, City of Pompano Beach***

Case Studies

Wesley Center Wastewater Treatment Facility Expansion

Pasco County, FL

Pasco County Utilities operates an interconnected system of wastewater treatment plants, with the Wesley Center facility serving as a critical subregional hub. Originally expanded in 2007 from 3.0 to 6.0 million gallons per day (mgd), the plant was tasked with accommodating future flows and correcting deficiencies caused by aging, corrosion, and construction issues. The County's broader consolidation program aimed to reduce the number of treatment plants and distribute flows to fewer, more robust facilities, with Wesley Center positioned as a cornerstone of this strategy.

The project faced several significant challenges.

- Aging infrastructure and corrosion had led to operational inefficiencies and increased maintenance.
- The facility needed to remain fully operational and compliant with regulatory standards throughout construction.
- The County's rapid population growth required a scalable solution to meet both current and future wastewater demands.
- Regulatory requirements, including those related to nutrient removal and reclaimed water, demanded advanced treatment processes and reliable system upgrades.
- Construction sequencing and coordination were critical to avoid service disruptions and maintain high service levels for the community.

Carollo provided comprehensive services, including planning, design, permitting, bidding, and construction management. The Wesley Center Wastewater Treatment Facility Expansion was completed on schedule and within budget. The project's success is attributed to Carollo's integrated approach, technical expertise, and commitment to maintaining service continuity for Pasco County residents. The facility now stands as a vital asset in the County's infrastructure portfolio, supporting public health, environmental stewardship, and sustainable growth.

TEAM INVOLVEMENT

» S. Paranjape (Project Engineer)
» J. Hanlon (Electrical and I&C)
» J. Rojas (Project Engineer)
» A. Bauner (Project Engineer)
» K. Kairouz, (Odor Control)
» G. Torres (Construction Services)

RELEVANCE TO COLLIER COUNTY

» Increased flow capacity
» Maintained facility operations
» Regulatory compliance
» Nutrient removal
» Reclaimed water
» Tertiary filtration
» Planning
» Design
» Permitting
» Bidding services
» Construction services
» New headworks
» Odor control
» Effluent transfer pump station

How We Helped the Client

IMPROVE

- Expanded the plant's capacity from 6.0 to 9.0 mgd.
- Improved energy efficiency and reduced operational costs through modernized aeration and process systems.
- Strengthened reclaimed water capabilities, supporting sustainable water management and beneficial reuse.
- Construction of a new headworks facility and advanced odor control systems to improve preliminary treatment and air quality.
- Upgrades to the biological nutrient removal (BNR) process, supporting compliance with stringent nutrient limits.
- Installation of a new effluent transfer pump station, tertiary filtration, and dewatering systems to enhance treatment reliability and effluent quality.
- Replacement of surface aerators with fine bubble diffusers, improving energy efficiency and process performance.
- Addition of a new blower and blower building for the diffused air system, a new internal recycle pump station, and scum removal and pumping systems.
- Implementation of a new sodium hypochlorite chemical system and chlorine contact tank for effective disinfection.

ADAPT

- A future build-out to 13.5 MGD is under consideration.
- Upgrades to the biological nutrient removal (BNR) process, supporting compliance with stringent nutrient limits.
- Enhanced operational reliability and regulatory compliance, positioning the County to meet current environmental standards.

SUSTAIN

- Upgrades to the existing drain pump station and construction of a new in-plant reclaimed water booster pump station to support water reuse initiatives.
- Increased treatment capacity to support future consolidation of regional wastewater flows.
- Enhanced operational reliability and regulatory compliance, positioning the County to meet future environmental standards.
- A robust, scalable facility that serves as a model for regional wastewater treatment and infrastructure resilience.

Effluent transfer pump station

Headworks

"Carollo's team is very responsible and have the knowledge for this type of projects. They take care of the customer's needs and are always looking for solutions."

—Ivan Martinez,
former Project Manager
Pasco County

Pasco County Southeast Wastewater Treatment Plant Improvements and Expansion

Pasco County, FL

The Southeast WWTP, originally rated for 3.0 mgd average annual daily flow (AADF), was facing significant challenges due to aging infrastructure and increasing demand from a growing population. Pasco County Utilities recognized the need to both rehabilitate existing systems and expand capacity to 6.0 mgd AADF, providing reliable service and regulatory compliance for years to come. Carollo Engineers was selected as the prime consultant to lead the planning, design, permitting, and construction management for this ambitious project.

Solutions Implemented

Carollo's approach was comprehensive and collaborative, involving close coordination with Pasco County Utilities and the construction contractor. Key solutions included:

- A phased design and construction plan, beginning with a detailed condition assessment, process evaluation, and capacity analysis to inform the facility plan.
- Carollo implemented careful construction sequencing and planning for maintenance of plant operations (MOPO), with all shutdowns and tie-ins scheduled in advance to avoid process disruptions.
- Successful integration of new facilities and systems with minimal disruption to ongoing plant operations, thanks to proactive planning and close collaboration among all stakeholders.

This project stands as a model for large-scale utility upgrades, demonstrating the value of strategic planning, technical innovation, and partnership in delivering critical public infrastructure.

» Electrical and SCADA
» Evaluation and assessment
» New headworks
» Advanced screening
» Odor control
» Advanced treatment
» Tertiary filtration
» Effluent transfer pump station
» Reclaimed water

How We Helped the Client

IMPROVE

- Construction of a new headworks facility with advanced screening and odor control, designed for 6-mgd AADF and 15-mgd peak hour flow.
- Expansion of the biological treatment process, including two new treatment basins and conversion to a 3-stage Anaerobic/Anoxic/Oxic (A2O) process for enhanced nutrient removal.
- Upgrades to the aeration system, replacing surface aerators with fine bubble diffusers and adding new blowers and blower structures.
- Addition of a new 80-foot diameter secondary clarifier and retrofit of three existing clarifiers, along with new return activated sludge (RAS) and waste activated sludge (WAS) pumps.
- Expansion of the filtration system with four new deep bed dual media tertiary filters and upgraded filter controls.
- Demolition and construction of new chlorine contact chambers, a high service pump station, and a new sludge holding tank with a dewatering facility.
- Expansion of the reject storage pond and installation of a new pump station and drain system.
- Major electrical upgrades, including new 480-volt, 3-phase service, double-ended main switchgear, and a generator capable of handling the full facility load.
- Comprehensive SCADA system upgrades with new programmable logic controllers (PLCs) for enhanced monitoring and control.

ADAPT

- The plant's treatment capacity was doubled from 3.0 to 6.0 mgd AADF, supporting current and future community needs.
- The project achieved enhanced treatment reliability and operational efficiency through state-of-the-art process upgrades and automation.
- The project improved effluent quality, meeting or exceeding regulatory requirements for nutrient removal and water reuse.

SUSTAIN

- The project strengthened infrastructure resilience, positioning Pasco County Utilities to serve its customers reliably for decades.

Efficient use of available site area is critical.

Hydraulic details enhance capacity and reliability.

Reference Projects

Bee Ridge WRF Expansion and Upgrade to Advanced Water Treatment

Sarasota, FL

This $200-million CMAR project demonstrates Carollo's process evaluation and design experience with MBR treatment. Carollo's design provides future opportunities to implement high-level treatment options, such as indirect non-potable reuse. Carollo worked collaboratively with Sarasota County staff to design a membrane performance specification and competitively bid the membranes, which resulted in equipment procurement costs considerably lower than historic pricing.

The project was to evaluate design upgrades to expand the Bee Ridge Water Reclamation Facility from 12-mgd maximum month daily flow (MMDF) to 18-mgd MMDF and convert its process to meet Florida advanced wastewater treatment (AWT) requirements. This effort included the design and construction of completely new treatment facilities and Florida's largest membrane bioreactor (MBR) system. The preliminary engineering phase included evaluation of several viable treatment processes to meet the County's requirements and site constraints. The final design encompassed all major process components such as headworks, flow equalization basins, biological treatment basins, MBR systems, disinfection improvements, emergency power, reclaimed water pumping and storage, and upgraded I&C.

Highlights and key components of the project included:

- Construction of a 5-stage biological nutrient removal system with MBR to achieve AWT requirements, while preserving space for future improvements at the site.
- New operations and visitor center buildings were provided, featuring hurricane-rated structural designs and integrated SCADA systems to house the County department's operations center (DOC) during storm events.
- The design and project delivery included resilient elements resulting in a Gold Envision Award from the Institute for Sustainable Infrastructure.

AWARDS

» 2024 Envision Gold Award Winner (First wastewater facility in Florida to be distinguished with this award.)
» 2025 AAEES Excellence in Environmental Engineering and Science Award

How We Helped the Client

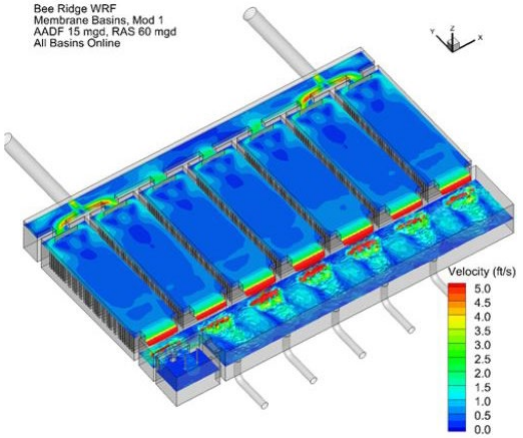
IMPROVE

Carollo evaluated and improved complex hydraulic conditions by performing extensive modeling early in pre-design. To accommodate the MBR upgrade and provide additional conveyance options, the existing effluent transfer pump station capacity had to be increased.

ADAPT

Carollo's preliminary engineering phase included evaluating seven treatment process alternatives, such as MBR, IFAS, AGS, and BAS, to select the most appropriate technology. Competitive early membrane procurement was conducted to reduce costs. The team used a suite of decision criteria during a comparative treatment technology analysis, which ultimately led to the selection of a Modified Bardenpho treatment process with MBR. This process required a much smaller footprint and provided the County with flexibility to expand the WRF in the future.

SUSTAIN



The project implemented a five-stage Bardenpho configuration for nutrient removal, achieving a low nitrogen limit of less than three milligrams per liter. Carollo's design provides future opportunities to implement high-level treatment options, such as indirect non-potable reuse. The MBR alternative was selected because it required a much smaller footprint, providing the County with flexibility to expand the Bee Ridge WRF in the future.

"Staff members of the County have been extremely pleased with the cost, quality, timeliness, and responsiveness of the professional consulting and engineering services that we have received from Carollo. Our association has been very positive, and we have always found the principals, staff members, and support staff to be above average in professional capability."

— Gregory S. Rouse,
Manager Utilities/Environmental, Sarasota County

Coarse screens, grit removal, and fine screens, along with equalization basins, protect the downstream system and membranes from trash, debris, and peak flows while being fully odor controlled.

CFD allowed the design team to dial in the loading to each membrane train to achieve more even wear and longer membrane life.

Westside Regional WRF

Daytona Beach, FL

This $39-million CMAR project demonstrates Carollo's' ability to perform design for advanced wastewater treatment that improves both day-to-day and peak flow operation. The project consisted of the design and construction improvements to three critical treatment processes in the 15-mgd water reclamation facility: The return activated sludge (RAS) and waste activated sludge (WAS) Pumping: the Bardenpho™ Stage 3 and Stage 5 aeration; and new tertiary deep-bed sand filters. Without these improvements, the plant would lose proper functionality in one of the existing processes, which would jeopardize treatment and compliance with the state permit.

The new RAS/WAS pumps were designed as dry-pit screw centrifugal pumps located at grade. The existing above grade RAS/WAS collection box was converted to wet-well for these pumps. The orientation of these pumping systems eliminated any possibility of overflow. The new pumps were also designed to maintain a balance between the RAS and WAS flow requirements to maintain treatment efficiency.

The existing Bardenpho™ Stage 3 and Stage 5 aeration equipment were replaced with larger and more efficient aeration equipment critical to the main treatment process of the plant. The larger 200-hp mechanical surface aerators were designed to handle peak flow events and to treat wastewater to meet the plant's permit limits.

The new tertiary deep-bed sand filters replaced the existing failing automatic backwash (ABW) filters. The existing filters had reached their useful life and required significant daily and monthly maintenance to keep them running. The new filters provide a more reliable and efficient filtration system critical for treating the wastewater to reuse standards.

The project was constructed using a construction manager at risk (CMAR) delivery method. Carollo provided design, bidding, permitting, and construction engineering and inspection (CEI) services, so construction complied with the design intent and maintained high quality.

TEAM INVOLVEMENT

- R. Cushing (Project Director)
- S. Paranjape (Project /DesignManager)
- J. Smason (Structural QA/AC)
- N. Anderson (I&C QA/QC)
- M. Pellish (Electrical QA/QC)
- G. Torres (Construction Manager)

RELEVANCE TO COLLIER COUNTY

- Local Florida WRF expansion
- Regulatory compliance
- Advanced treatment
- UV disinfection
- Headworks
- Coarse screening
- Planning
- Design
- Permitting
- Tertiary filtration

How We Helped the Client

IMPROVE

Carollo performed a thorough condition assessment of the existing traveling bridge filters and UV disinfection, and process evaluation of the treatment facility which included an evaluation for replacing the traveling bridge filters with more robust filtration technology and replacement of the UV disinfection system. Further Carollo completed design for rebuilding of the existing screen at the plant headworks, replacing mixers in the anaerobic zones. Carollo further prepared a facilities plan to address other facility processes, such as assessing the sufficiency of process aeration equipment and modifying RAS/WAS pumping.

ADAPT

Carollo addressed immediate operational challenges by replacing the existing RAS/WAS pumps with new dry-pit submersible pumping equipment and process piping. The existing true submersible pumps were located in a large underground wet-well that collected RAS from secondary clarifiers at the plant. In the past, the wet-well had overflowed onto the ground as pumps were shut off during power outages. The submersible pumps also struggled to maintain balance between returning good bacteria to the treatment process (RAS) and wasting sludge (WAS).

SUSTAIN

Final design incorporated larger 200-hp mechanical surface aerators designed to handle peak flow events, especially during race weeks and other major events when the treatment plant receives higher wastewater flows with high biochemical oxygen demand (BOD). The new tertiary deep-bed sand filters replaced the existing failing automatic backwash (ABW) filters that had reached their useful life and required significant daily and monthly maintenance to keep them running. The new filters provide a more reliable and efficient filtration system critical for treating wastewater to reuse standards.

"The Westside Regional WRF Improvements project Carollo completed for the City was the largest project the City completed in over 20 years and the first alternative delivery project. Carollo's outstanding performance, knowledge, and dedication helped to ensure the City met regulatory requirements and standards within the time frames specified."

— Eric A. Smith, PE,
Deputy Utilities Director, City of Daytona Beach

Carollo used 3D renderings of the new filter facility during design to gain operator feedback.

Contractor effectively leveraged our 3D design model.

Sandhill WRF Upgrade and Expansion

Toho Water Authority, FL

This $51-million CMAR project demonstrates Carollo's ability to deliver a fast-track design project—24 months from conceptual design to preparing bid documents. The project increased the facility's rated capacity from 6.0 mgd to 7.5 mgd, with potential for further expansion to 9.0 mgd.

Carollo provided professional engineering services to assist Toho Water Authority (Toho) with design, permitting, bidding, and construction phase services to construct the upgrades and expansion to the Sandhill WRF from a rated capacity of 6.0 million gallons per day (mgd), average day flow (adf) to a rated capacity of 7.5 mgd, adf with potentially expanding to a 9.0 mgd, adf facility with the construction of a 4.0 million gallon (mg) reuse ground storage tank.

The upgrades and expansion project at Sandhill WRF included:

- Rehabilitation of plant headworks with new screens and grit removal equipment.
- New activated sludge basins, secondary clarifiers, tertiary filters, chlorine contact basin and effluent transfer pumps.
- New 3.0 mg off-spec pre-stressed concrete ground storage tank – 115 foot diameter; 45 foot sidewall height, open top tank for storage of off-spec water.
- New 4.0 million gallon (MG) reuse pre-stressed concrete ground storage tank – 155 feet diameter; 34.50 feet side wall height with concrete dome cover (construction of this tank is currently deferred to a later date).
- Rehabilitation of the existing reuse water high service pump station that includes four 200 HP and two 100 HP pumps (total six HSPs) to pump the reclaimed water to the distribution system.
- Rehabilitation of the reuse high service pump station electrical building with placement of associated motor control centers (MCCs) and variable frequency drives (VFDs) for the pumps.

How We Helped the Client

IMPROVE

To find the best value approach for the Authority, Carollo's conceptual design evaluation included reviewing plant hydraulics and plant processes to compare strategies for expansion to either 7.5-mgd or 9.0 mgd. The analysis concluded that a single 4.0-MG storage tank was the only addition needed to expand all the way to 9.0 mgd, so the Authority decided to implement the 9-mgd design immediately.

ADAPT

The advanced treatment process required improvements to primary treatment equipment, including retrofitting of the existing headworks with new center-flow band screens, a new grit removal system, and a new splitting structure. All elements were designed for uninterrupted treatment during construction. Additionally, Carollo worked closely with the Authority at 60 percent design to value engineer multiple aspects of the treatment process.

SUSTAIN

Advanced treatment upgrades included one new 4-stage Bardenpho train with diffusers, two new blowers and aeration piping, one new 130-ft-diameter secondary clarifier, new RAS/WAS pumps, new tertiary cloth disk filters, expansion of the chlorine contact tank, new effluent transfer pumps, one new 3-MG off-spec storage, and one new 4-MG reuse storage tank and new reclaimed water pumps.

"The Sandhill facility has been operating very well since the completion of the expansion and upgrades projects for the past year and plant operations has been very satisfied."

— George Eversole,
Project Manager, Toho Water Authority

Carollo improved RAS and WAS pumping for existing secondary clarifiers and designed a new secondary clarifier.

Carollo re-purposed an unused oxidation ditch for off-spec storage.

Stewart Creek WWTP Expansion

City of The Colony, TX

This $30.3-million project (over multiple phases) demonstrates Carollo's ability to deliver treatment facility upgrades over multiple phases to align with capital budgets. The project is expanding the plant from 3.4 mgd to the permitted build-out capacity of 6.3 mgd AADF, with a peak 2-hour capacity of 22.1 mgd.

The ultimate vision for the plant's build-out includes an additional biological nutrient removal train, expanded solids storage, expanded cloth media filter and UV disinfection, a new operations building and control room on a nearby property. While previous phases were delivered as design-bid-build, the current phase is being delivered using CMAR to mitigate the operational risks during construction and increase cost certainty during design.

TEAM INVOLVEMENT

» Biological nutrient removal
» Building facilities
» Process improvements
» Solids handling
» Phased approach
» Planning
» Design
» Odor control
» Electrical improvements
» coarse screening
» Grit removal
» UV disinfection

How We Helped the Client

IMPROVE

Carollo addressed immediate capacity constraints through Phase 1 improvements. This included expanding existing treatment trains and constructing a new secondary treatment train to increase capacity to 4.5 mgd. The new train consisted of complete biological nutrient removal (BNR) activated sludge treatment, a hydraulic splitter structure, new 7-zone aeration basin, 90-foot diameter secondary clarifier, and blower building facilities. Existing treatment train improvements included various primary and secondary process improvements.

ADAPT

Phase 2A focused on enhanced solids handling and dewatering capacity. This phase included construction of a new solids dewatering facility featuring two belt filter presses, sludge storage tanks, polymer storage and feed systems, odor control systems, and dewatered cake container storage and loading facilities. Electrical infrastructure improvements included major site electrical upgrades with two new electrical feeds, the addition of backup generator capacity, and the complete rehabilitation of the plant's electrical system.

SUSTAIN

Phase 2B, currently in design, will be delivered via CMAR and includes comprehensive facility expansion to achieve build-out capacity of 6.3 mgd. Major elements include converting the existing lift station into a rock/debris trap upstream of a new lift station, a new influent lift station with multi-rake coarse screens and submersible pumps, a rehabilitated grit removal facility with vortex equipment, and new biological phosphorus removal activated sludge treatment trains. Long-term improvements also incorporate the replacement of existing disc filters and UV disinfection facilities with advanced technology.

Phases 1 and 2A focused on immediate capacity and resiliency to prepare the plant for the much more comprehensive and invasive construction of the Phase 2B improvements. Carollo prioritized the phases to meet the most critical plant needs to maintain treatment capacity and operations throughout.

During Phase 1, Carollo leveraged the only available space on site for a new biological nutrient removal treatment train to increase capacity, including new blower facilities. This new train provided immediate capacity relief while preparing for other improvements.

Phase 2A construction began in March 2021. Carollo worked closely with the Contractor and Owner to find creative ways to minimize material cost escalation and supply chain impacts.

South Central Regional WWTP Aeration System and Capacity Improvements

Delray Beach, FL

This $15,650,000 progressive design-build project demonstrates Carollo's ability to implement hydraulic improvements and aeration system improvements at a Florida wastewater facility in collaboration with a construction contractor.

Carollo designed upgrades to the aeration system that included new blowers and diffusers and implemented the use of a selector zone. In addition, the side water depth of the aeration system was increased by adding raised effluent weirs on the effluent side of the aeration basins. This provided increased oxygen transfer efficiency and reduced energy costs. The project significantly enhanced the plant's SVIs and expanded the facility's capacity from 18 to 24 mgd. Other work included a basis of design report, permitting, start-up, and construction phase services. PCL Construction was the contractor.

TEAM INVOLVEMENT

J. Hanlon (Electrical and I&C Oversight)

S. Paranjape (Technical Advisor)

RELEVANCE TO COLLIER COUNTY

» Tertiary filtration

» Effluent solids

» Planning

» Design

How We Helped the Client

IMPROVE

In addition to the overall aeration system design, Carollo assisted with smaller operational improvements and upgrades designed to help existing facilities operate more efficiently. This included cleaning out aeration basins and repairing existing 30-inch stainless steel air header piping to fix existing air leaks. Carollo also discovered "hidden capacity" and, by raising the side water depth in the aeration basin, achieved a nine percent oxygen transfer gain, resulting in substantial energy savings.

ADAPT

Carollo's design included new blowers to replace the multi-stage centrifugal blowers. Alternative blower technologies were assessed to select a technology and configuration to best fit existing aeration and electrical infrastructure, and maximize energy cost savings. Carollo also converted the first aeration zone to a 4-zone selector. The selector removed grit and conditioned the mixed liquor to improve settling and reduce overload of the tertiary filters caused by clarifier effluent solids.

SUSTAIN

- Blowers were sized to increase capacity to the future annual average flow of 30 mgd.
- Grit removal and diffusers were improved.
- A selector zone was added to remove filaments and enhance settling.
- Carollo improved air piping and control valves and replaced blowers and the automated control system.

Carollo replaced the blowers and automated control system.

In addition to improving the performance of the aeration basins by finding "hidden capacity," Carollo also improved air piping and control valves.

Mesa-Gilbert Greenfield Water Reclamation Plant Phase III Expansion

City of Mesa, Town of Gilbert, Town of Queen Creek, AZ

This $170-million CMAR expansion increased plant capacity from 16 to 30 mgd (38 mgd solids equivalent), continuing the $145 million Carollo-designed project from 2007. The project expanded capacity by adding a new primary clarifier, sludge pump station, aeration basins, secondary clarifiers, and RAS pump station. It also rehabilitated existing aeration basins, including repairs to the influent channel, replacement of aeration piping and diffusers, and updates to IMLR pumps and piping. The existing and new aeration basins were redesigned to handle increased loadings by cost-effectively converting the Modified Ludzack-Ettinger (MLE) configuration to a four-stage Bardenpho process with added internal baffling. This reconfiguration deferred the need for an additional aeration basin, saving approximately $10 million. Modifications to the diffused aeration system also allowed for re-rating the existing blower facility, eliminating the need for new blowers.

- Tertiary filtration

AWARDS

- ASCE 2021 Project of the Year
- ENR Southwest 2021 Best Project, Water/Environment
- AZWA 2021 Wastewater Project of the Year

How We Helped the Client

IMPROVE

Early in the project, Carollo assisted with operational strategies and a construction sequencing plan to get maximum capacity and minimize disruption during construction. Through this early planning, the plant was able to maintain service while expanding every major solids unit process with zero unplanned outages during construction.

ADAPT

During design, the team adapted to both an increase in the influent wastewater strength from the original design criteria and a client decision to switch filter types. The team used detailed 3D modeling and process optimization to address these changes. Carollo also adapted to the COVID-19 pandemic during construction by developing a COVID-19 safety protocol leveraging additional local vendors to avoid supply chain-related delays.

SUSTAIN

Carollo designed new biological processes with 4-stage, centrate and return activated sludge reaeration basin (CaRRB) process for side-stream treatment, and comprehensive tertiary treatment upgrades. Solids upgrades included four 1.2-MG welded steel egg-shaped digesters and a centrifuge-based dewatering system.

Conversion to cloth media tertiary filtration and chlorination-dichlorination disinfection addressed plant O&M challenges identifiedvby operators.

The site was set back from nearby properties and included a 13-foot-high decorative masonry perimeter wall that provides site security and architectural relief.

Bustamante Headworks

El Paso Water, TX

Carollo is expanding the headworks of El Paso Water's (EPW's) largest wastewater treatment plant (WWTP) from its current 90 MGD to a new 130 MGD. This work at EPW's Bustamante WWTP consists of building a new main sewage pump station, doubling the number of screens, doubling the aerated grit tankage and pumping, and upsizing the grit dewatering cyclone/classifiers. Carollo's engagement began with an evaluation of alternatives to expansion. Following that were: design alternatives analysis, basis of design establishment, facility planning, and full design.

The design included:

- Six dry-pit, single vertical shaft, centrifugal pumps.
- Seven front-cleaned, front-return, chain and sprocket type, automate mechanical bar screens.
- Three new dual-cyclone separators (degritters).
- Forty-four heavy-duty fabricated stainless steel slide gates.
- Dual treatment train partitioned through all 3 unit processes.
- All new electrical equipment (MCCs, lighting panels, etc.) was routed to a new headworks electrical building and controls room.
- A new heating, ventilation and air conditioning (HVAC) system was provided for the rehabilitated grit facility.
- New odor control facilities were provided to service all project spaces.
- A new influent pump station with new HVAC was provided.
- One 15-ton exterior, top-running, double-girder electrical bridge crane was installed.
- An expanded potable and plant water system was provided, including piping, hose bibs, sinks, floor drains, supports, etc.
- The project upgraded the existing fire alarm system and installed a new gas detection system for the wet well, dry well, and grit cyclone room.

How We Helped the Client

IMPROVE

Carollo performed multiple initial projects to assist EPWater in preparing for a program of improvements at its wastewater facilities. These included a holistic system-wide evaluation of operational alternatives to expanding the WWTPs and CMAR training to prepare for fast-track capital projects like the headworks improvements. In addition, Carollo has also been assisting EPWater since 2017 on the Pure Water facility, the first direct-to-distribution potable reuse facility in the US.

Carollo performed CFD analysis and physical modeling to optimize hydraulics.

ADAPT

Carollo's design expanded the headworks facility to accommodate a 2-hour peak influent flow of 130 mgd, with a future average flow capacity of 51 mgd to serve the growing service area. An existing aerated grit basin was retrofitted, and a pre-aeration basin was converted into a second aerated grit basin. Grit pumping and dewatering equipment were completely replaced. A new electrical and control building was added to support the new pumps and all headworks equipment.

Carollo's design included seven front-cleaned, front-return mechanical bar screens with automated operation, three dual-cycle separators, multiple other components, an influent pump station, electrical systems, and the replacement of an existing interceptor.

SUSTAIN

Long-term resilience features include an electrical building elevated 9 feet above grade to protect against FEMA 500-year flood events, and a two-tier flood preparedness standard. The design also incorporates a dual treatment train configuration with a dual wet-well, allowing half of the plant to operate at 80 MGD dry weather capacity while the other half undergoes maintenance, eliminating the need for full plant flow bypass pumping.

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: Bee Ridge WRF

Completion Date: 12/24/2025 (substantial)

Project Budget: $251,000,000

Project Number of Days: 1,830

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	10
2	Ability to maintain project schedule (complete on-time or early).	10
3	Quality of work.	10
4	Quality of consultative advice provided on the project.	10
5	Professionalism and ability to manage personnel.	10
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	10
7	Ability to verbally communicate and document information clearly and succinctly.	10
8	Abiltity to manage risks and unexpected project circumstances.	10
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	10
10	Overall comfort level with hiring the company in the future (customer satisfaction).	10

Section 4

Project Approach, Willingness to Meet Time and Budget Requirements

SECTION 4 / **PROJECT APPROACH, WILLINGNESS TO MEET TIME AND BUDGET REQUIREMENTS**

Project Understanding and Overall Approach

The overall goal of this project is to implement necessary upgrades to reliably meet desired level of service, manage current and future peak flows, and achieve continuous compliance with effluent goals into the future. We anticipate a phased approach.

PHASE 1: IMPROVE. Triage the existing WRF and identify and evaluate current hydraulic and process constraints. Develop, design, and implement cost-effective solutions addressing hydraulic constraints, tertiary filtration improvements, flow equalization improvements and other short-term needs.

PHASE 2: ADAPT. Implement intermediate improvements. Develop, design, and implement solutions progressing the facility toward an optimal end-state. Maximizing treatment capacity on the site and promoting process reliability improvements will likely involve the addition of membrane bioreactor (MBR) technology. As with all County projects, particularly those in close proximity to neighbors, special attention will be given to developing appropriate design features for the 5-Ns—no odors, noise, stray light, spills, and dust during construction.

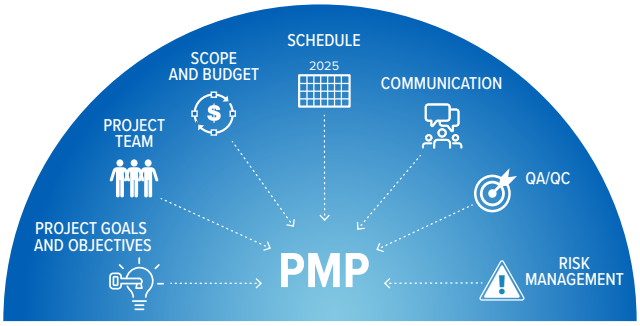
PHASE 3: SUSTAIN. Implement long-term improvements. Provide a detailed end-state facility plan that optimizes capacity of the existing site and supports efficient phasing to accommodate expansion, while achieving reliable operations and meeting effluent quality goals.

Roadmap to Success

STEP 1: Work closely with the County to develop a collaborative project vision. We begin with active listening and an intense period of the Carollo team's eyes-on, hands-on activity on site at the SCWRF to understand and evaluate: operations protocols, preferences, and constraints; equipment condition and functionality; and single points of failure. We will also integrate information from ongoing collection system hydraulic modeling and analysis to support better-informed, holistic solutions. We will work closely with the County to develop a collaborative vision of what the WRF could and should be and produce a preliminary conceptual buildout facility plan (end-state) to promote optimal development of immediate and intermediate improvements consistent with the ultimate plant buildout.

STEP 2: Perform a thorough process and hydraulic analysis of the existing treatment plant components early on to identify bottlenecks and single points of failure. Our initial hydraulic evaluation of the plant suggests there may be several opportunities to alleviate existing bottlenecks within the plant. We will expand this analysis to develop both near-term solutions for hydraulic relief as well as long-term improvements that are compatible with the proposed new MBR process. Working backwards from the County's desire to complete this project by 2031, we will prepare a roadmap to implement near-term, intermediate and long-term improvements, and design deliverables for implementation of the work identified for each phase.

STEP 3: Leveraging MBR technology would optimize use of existing assets while increasing reliability and ultimate site treatment capacity in the most proven, cost-effective manner. The existing plant uses a Modified Ludzack-Ettinger (MLE) process with four secondary clarifiers and traveling bridge filters. MBR technology will significantly increase the capacity from 16 to over 25 mgd MMADF with minimal new facilities and will allow the plant to meet current effluent standards. To meet FL AWT standards, the existing aeration basins can easily be converted to a 5-stage Bardenpho process by placing baffles at appropriate locations providing sufficient volume for each anaerobic, first anoxic, aerobic and second anoxic zones. Each basin can be taken offline, one at a time, to make the necessary modifications. Any additional aeration basins required will be designed with an appropriate level of reliability and redundancy.



Successful Project Delivery Through Rigorous, Proven Project Management

Inherent in our project delivery approach is that every Carollo project is led by a senior leader relevant to the project, providing direct accountability and oversight.

Our Project Director, **Bob Cushing**, will monitor progress, address concerns early, and be available at any time. His commitment and dedication have been proven through over two decades of service to the County.

Our Project Manager, **Jody Barksdale**, brings over 30 years of project management and WRF expansion experience in Florida, and his hands-on, participatory management style gives you confidence in delivering projects on budget and on schedule..**He will lead the team using the best design practices and innovative solutions and will aim to build strong relationships with County staff as a trusted advisor to facilitate project success.**

Jody will prepare a **project management plan (PMP)** which includes the **work breakdown structure (WBS), resource plan, a detailed project scope and schedule, project team with roles and responsibilities, quality management (QM) plan, monthly budget tracking, action and decision logs, and progress reports.** The backbone of our project manager's ability to coordinate the work of "discipline" engineers and our subconsultants is strong communication, supported by weekly progress meetings and action and decision logs to coordinate activities.

The PMP is a comprehensive living document used to guide the project team toward the delivery of a successful project. We have used this tool on each of our projects

Carollo will partner with you to achieve success through dedicated individuals and firms that you know and trust.

Our Team is led by Project Manager Jody Barksdale who comes to this project immediately after successfully delivering the Sarasota County Bee Ridge WRF Improvements project, the project most similar to your SCWRF project in Florida and likely in the US. Jody is supported by a hand-picked team that has extensive experience working with Jody and with each other.

Design Manager: Sudhan Paranjape, is widely recognized as one of Carollo's premier wastewater design engineers. To promote efficiency, continuity, and coordination, in addition to his overall role as Design Manager, Sudhan will also lead Headworks/ Primary Treatment.

Secondary Treatment & MBR Lead: Andrew Gilmore, Carollo's chief engineer for MBR and a recognized wastewater process design expert, served in the same role for the Bee Ridge WRF project.

Technical Advisor: Facility Planning, B. Narayanan brings insights and confidence from 40 years of operator and designer focused wastewater engineering experience.

SCADA/Instrumentation &Controls Lead, Joe Hanlon lives and breathes SCADA/I&C design, integration, and programming and his talent, commitment, and ability to understand operator's goals is unique and unparalleled.

Technical Advisor: Flows and Loads, Kristiana Dragash brings years of experience and knowledge as well as critical ongoing SCWRF sewershed hydraulic modeling work to give our team the ability to deliver more reliable, holistic solutions.

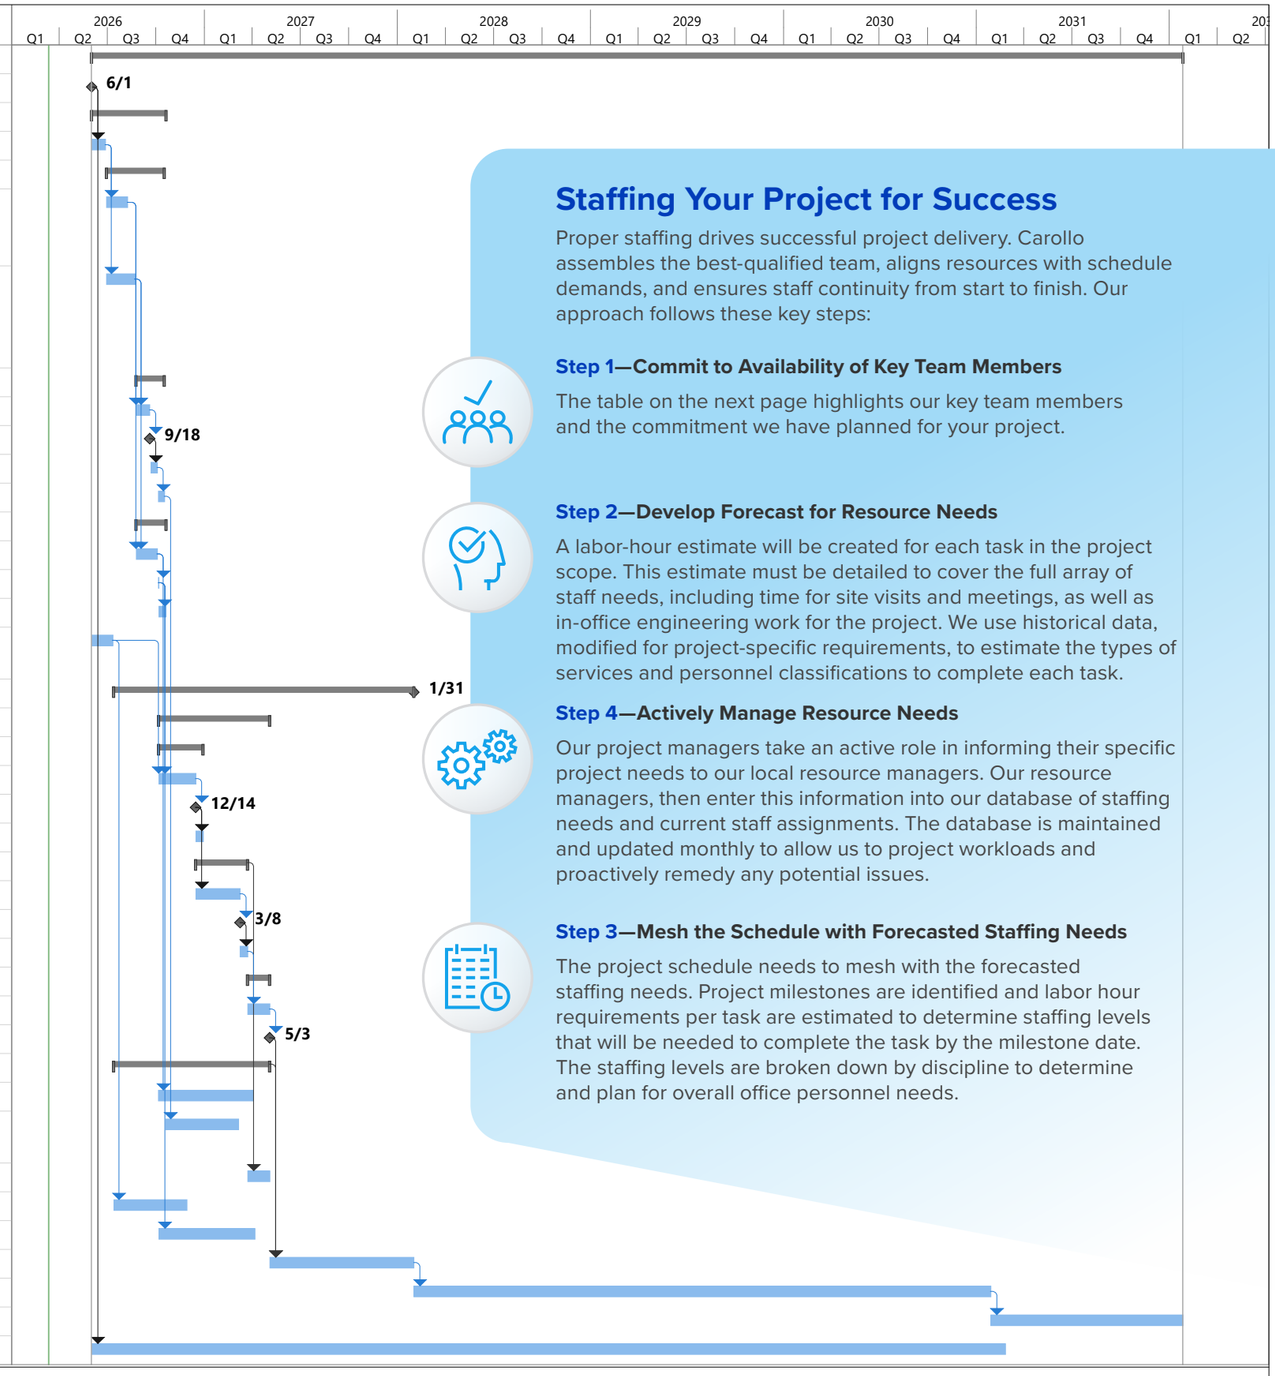
Managing Resources to Meet Schedule and Budget Requirements

Carollo's proven, Florida-based project team provides efficient delivery and confidence in meeting your schedule and budget requirements.

At Carollo, our key to meeting schedule and budget requirements centers on developing a team organizational structure tailored to a project's specific requirements, assigning the best people to each project role, and maintaining their focus on the project from kickoff through commissioning. As demonstrated in Section 1, we've done just that for your SCWRF Improvements project. To support the core project team, we will leverage additional staff to capture relevant firm-wide expertise and apply lessons-learned to accelerate the schdule. Carollo's firm-wide knowledge and resource sharing are proven and effective. All Carollo offices have full computer wide area network (WAN) capabilities and video conferencing to support team interaction without incurring unnecessary travel costs. In addition, all Carollo projects are delivered through secure project websites, promoting seamless integration of the team, effective document version control, and complete and comprehensive documentation of all project records. This allows everyone on the team, including you and our subconsultants, to collaborate effectively, regardless of their physical location.

Carollo maintains an industry-leading bench of professionals with knowledge, experience, and passion for wastewater engineering and construction providing extraordinary resilience in meeting schedule and budget under all circumstances.

Deep, Experienced Bench Strength Supports Our Core Delivery Team, Enhancing Quality and Accelerating Schedule



Our staff across the firm share our passion and culture as a water/wastewater focused firm providing a wealth of talent to augment our SCWRF delivery team and promote confidence in schedule and budget certainty. Carollo has consistently ranked as the largest firm in ENR's Top 500 practicing exclusively in water/wastewater engineering, Carollo remains the employer of choice for water/wastewater talent, giving us a distinct advantage in matching current and future staff levels with workload in the most efficient and practical manner.

Our firm-wide workload commitments to active and ongoing projects generally fall between 60 and 75 percent, leaving us with more than ample capacity to respond to any situation during delivery of this SCWRF Improvements project.

The cost, schedule, and quality benefits attributed to the skills and consistency of the project's team members cannot be overstated.

The final, baseline project schedule will be developed collaboratively, project personnel and budget loaded, and reviewed during a monthly PM meeting to confirm adherence to plan and identify opportunities to accelerate.

Staffing Your Project for Success

Proper staffing drives successful project delivery. Carollo assembles the best-qualified team, aligns resources with schedule demands, and ensures staff continuity from start to finish. Our approach follows these key steps:

Step 1—Commit to Availability of Key Team Members

The table on the next page highlights our key team members and the commitment we have planned for your project.

Step 2—Develop Forecast for Resource Needs

A labor-hour estimate will be created for each task in the project scope. This estimate must be detailed to cover the full array of staff needs, including time for site visits and meetings, as well as in-office engineering work for the project. We use historical data, modified for project-specific requirements, to estimate the types of services and personnel classifications to complete each task.

Step 4—Actively Manage Resource Needs

Our project managers take an active role in informing their specific project needs to our local resource managers. Our resource managers, then enter this information into our database of staffing needs and current staff assignments. The database is maintained and updated monthly to allow us to project workloads and proactively remedy any potential issues.

Step 3—Mesh the Schedule with Forecasted Staffing Needs

The project schedule needs to mesh with the forecasted staffing needs. Project milestones are identified and labor hour requirements per task are estimated to determine staffing levels that will be needed to complete the task by the milestone date. The staffing levels are broken down by discipline to determine and plan for overall office personnel needs.

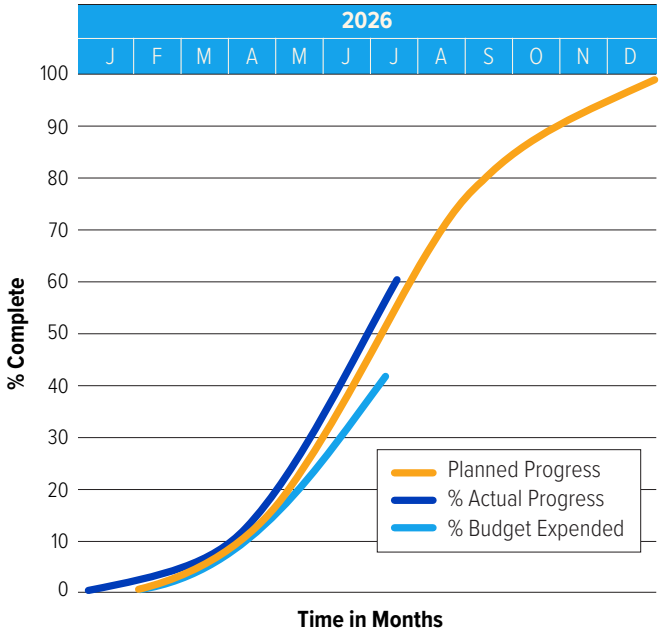
Approach to Managing Project Costs

Carollo uses earned value management analytical methods to accurately assess project budget and schedule status, as well as to monitor progress and take appropriate corrective action, if required. Any deviations (and trends) between planned and actual progress provide us with a clear indication that corrective action is necessary. With the transmission of timely and accurate monthly progress monitoring and reporting, use of progress schedule management techniques, and effective maintenance of logs to track scope changes, we will provide transparency to the County on these important elements from the beginning of the assignment and a concise means to clearly communicate variances, activity duration, and critical path updates. Furthermore, as with our ongoing Northeast WTP and WRF project with you, all of the schedule and tracking information will be maintained available to you on our SCWRF Improvements SharePoint site giving you real-time knowledge of schedule, budget, and status.

Maintaining Schedules and Budgets with the Right Tools

The SCWRF project schedule is established by identifying project milestones and determining when each task must be completed to meet the milestone dates. The schedule is reviewed to determine staff requirements to complete the project on schedule.

Each month, Jody Barksdale will assess the percent complete for the project. The percent complete is estimated on a per-task basis, in a defined manner, and is done independently of the budget review. To avoid bias, budget status is not provided to the project manager (Jody) until after the percent complete has been estimated.



The estimated percent complete is compared to the planned percent complete to determine if the project is on schedule. If the project is not on schedule, staffing adjustments or other corrective measures are implemented.

Monthly Progress Reports

Jody will prepare a monthly progress report. The report addresses the following items:

- Project percent complete
- Project progress in the previous month
- Budget used
- Budget remaining
- Key decisions made in the previous month
- Items requiring decision
- Potential/actual changes in project scope

The status report is prepared as part of our monitoring of the planned versus actual schedule and budget. By monitoring this information regularly and frequently, potential problems are immediately identified and corrective action can be taken at the earliest possible time. Note that it sometimes also allows us to accelerate the schedule and reduce the budget.

The "S" curve is a graphical illustration of the project plan, indicating how the project will be completed on time and within the labor-hour budget.

Monitoring Progress

To monitor project progress, the project labor-hour budget is fitted to the project schedule to form an "S" curve. The "S" curve is a graphical illustration of the project plan, indicating how the project will be completed on time and within the labor-hour budget.

Each month, the percent complete is plotted on the S-curve to compare actual project progress with planned progress. If the actual progress falls behind the planned progress, corrective measures are identified and implemented.

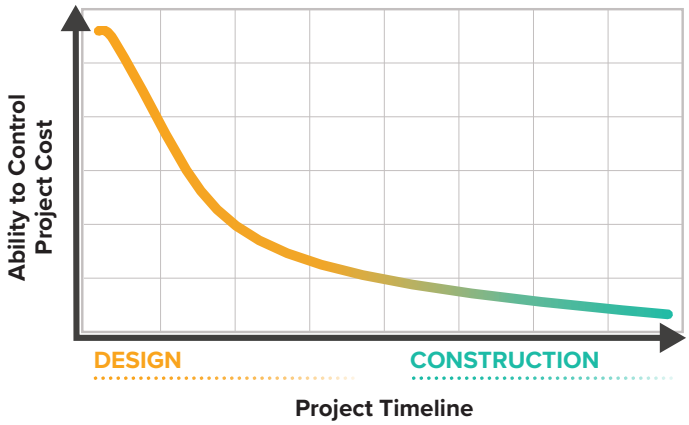
Summary reports of our progress graphically depicting this information will be shared each month with your project manager, along with a discussion of any concerns, action items, and upcoming activities.

Monitoring Budgets

Twice each month, Jody Barksdale will provide a record of labor hours charged to the project. Using the cumulative hours, the percent of budget used is calculated and plotted on the project S-curve. Jody can then assess the following:

- Are the percent complete and percent budget expended close to the planned curve?
- Are the percent complete and percent of budget expended curves parallel, converging, or diverging?
- Does the rate of progress match the budget expenditure rate?

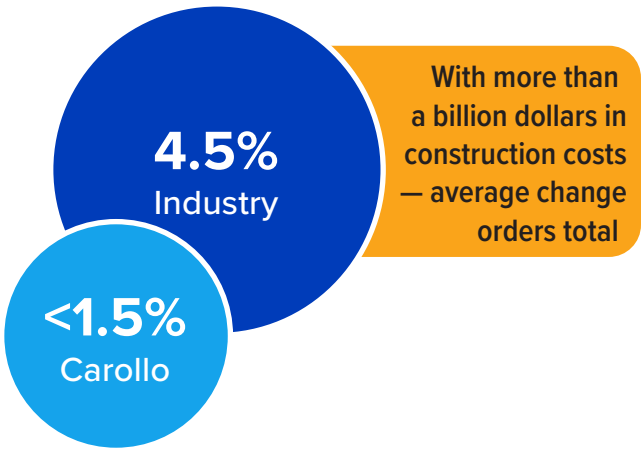
Schedule and labor-hour budgets are established to provide sufficient resources to complete each aspect of a project. These are monitored monthly in relation to the progress of the project to allow early detection of potential budget or schedule problems or opportunities to improve schedule and budget.



Tools and Methods to Avoid Cost Overruns, Change Orders, and Project Delays

How Do We Control Project and Construction Costs?

Putting every nickel to its best use on an overall project is a priority. Stated another way, every decision made during the design of our projects must maximize the results for your money expended. Capital costs are important, but O&M and life-cycle costs relate to rates and must be considered as well. At Carollo, we take a holistic view of value engineering, capturing capital, O&M, and lifecycle costs as well as intangibles such as safety and reliability when making recommendations. Further, our value engineering activities are always conducted collaboratively alongside you.

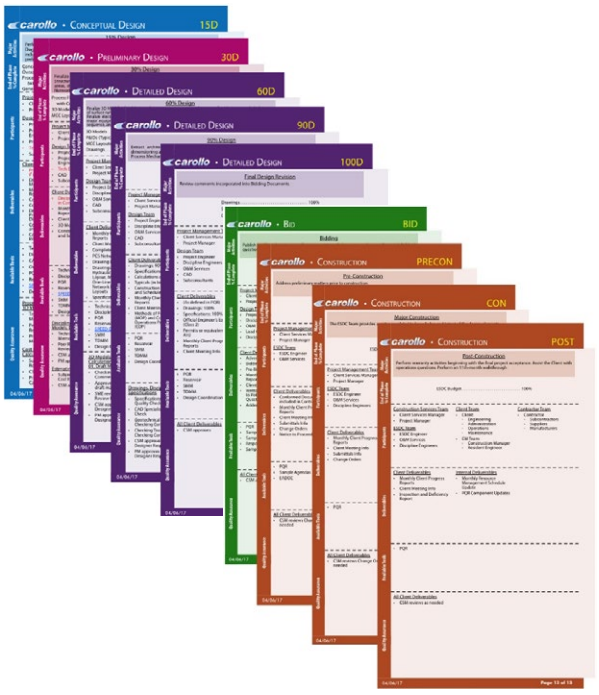


Applying Value Engineering—Using a Fresh Look

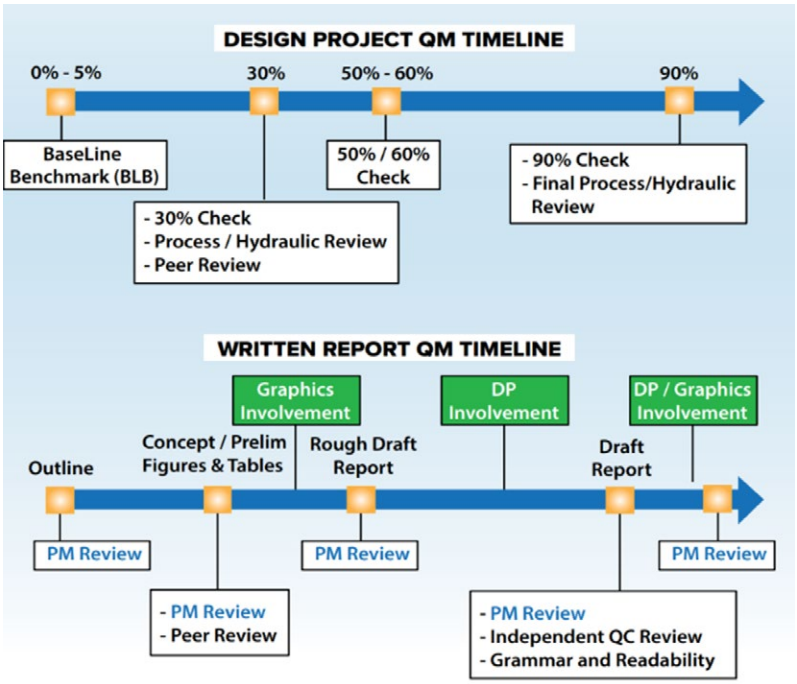
In addition, we will conduct periodic value engineering workshops to bring a fresh look at decisions that have been made by the project team. Often, that fresh look yields different approaches that identify possible capital cost savings, O&M cost reductions, and non-cost enhancements to our designs.

Accurate Cost Estimating —No Surprises from Design to Bid Time

Carollo's approach to cost estimating involves using the project manager and engineers from the project team to develop the cost estimates. With this approach, Carollo's cost estimates are consistently in line with the expectations outlined by the Association for the Advancement of Cost Engineering (AACE) International, Inc. We update our cost databases with information from ENR, the Handy Whitman Water Utilities Index, RS Means, and vendor quotations for specialized items. This approach aligns with AACE International, Inc. standards. Contractors continually compliment Carollo for the clarity of our Contract Documents. What is the result? **Data taken from 25 of our recent large projects, with a total construction cost of more than $225 million, showed change orders totaling less than 1.5 percent (which includes owner-initiated additions to the projects), compared to an industry average of 4 to 5 percent.**



Continuous value engineering around accurate cost estimates allows Carollo to deliver best value projects.



Quality Assurance/ Quality Control

Carollo's extensive quality management plan (QMP) is a major component of all our projects. Our QMP establishes procedures for a successful, high quality project and includes both quality assurance (QA) and quality control (QC). We will present this plan to you during the project kick-off meeting to receive your buy-in. We have identified Technical Advisors who will serve as Quality Management (QM) Task Leads for each discipline as shown on the organization chart. Our QA/QC task starts with conducting a baseline benchmark (BLB) an early phase (< 5%) internal workshop where the project team presents the background and requirements of the project to a group of subject matter experts (SME) from our team. Then, the project team and SMEs together will:

- Establish the approach and alternatives worth evaluating.
- Share lessons learned from previous projects.
- Connect project team members to SMEs and other Carollo resources for future support as the project proposes.

Our in-house quality management tools include standard specifications, design checklists, independent process and discipline reviews, and a constructibility review.

QM timeline for Collier County SCWRF Treatment Technology & Flow Management project.

Section 5
Location

SECTION 5 / **LOCATION**

75% of Our Proposed Team is Located in South and Central Florida

Carollo has eight fully staffed offices throughout the State of Florida and more than 60 locations across the US.

Fort Myers Office

9160 Forum Corporate
Parkway, Suite 355
Fort Myers, FL 33905

Carollo is committed to providing responsive, reliable services, and we do that with a Florida-based team. As Carollo's nearest office to Collier County's facilities, our Fort Myers office will serve as the official home office for this project. Our team members will use this office to conduct day-to-day activities and internal meetings, and to deploy staff to the project site if urgent assistance is required.

However, most work under this contract will be performed by engineers throughout our Florida offices. Sometimes, the best person for the task at hand may not be from the area, in which case, our team also has the full support of our best, most experienced staff across the nation.

Overall management of this project will be conducted by **Jody Barksdale**, who works from our Tampa office. He will assign key personnel to lead specific work assignments aligning their expertise and leadership with the County's need for each assignment's specific scope of services.

In-person meetings with you and within our design team are the primary means of communication and coordination; however, when in-person collaboration is not required to complete the task at hand, Carollo's staff have several virtual tools available to them, each with secure access and file sharing capabilities. This hybrid environment provides a working balance of efficient communication and face-to-face collaboration.

Section 6

Recent, Current, and Projected Workloads of the Firm

Recent, Current, and Projected Workloads

Carollo's success over the decades has been driven by our unique philosophy toward resource management and our commitment to team personnel. We develop a core project delivery team during our pursuit of a project. They are then committed for the duration of the project, from kickoff through commissioning. This consistency in our delivery team provides great value to you in efficiency, quality, and value. The time lost through rotating staff in and out of projects can double or more the effort required to produce a design. In addition, we have found that a majority of errors and omissions occur during design assignment hand-offs. Further, the quality and efficiency of construction submittal review by the original design engineer cannot be overstated. To achieve this consistency in project staffing, we rely on a firm-wide resource database to maintain project commitment and avoid over-booking personnel. A prime example of our consistency in project delivery teams is your Collier County Northeast WTP and WRF project. The contract was originally awarded in 2004, and having been reactivated recently in 2025, we are delivering the project with the original core delivery team including Project Director, WTP PM, WRF PM, and discipline engineers including structural more than 20 years after the project original Notice to Proceed. The table on the right provides our commitment of key staff for your SCWRF Improvements project.

Managing Our Firm-wide Resources

Carollo understands and appreciates the importance of committing our team's resources to provide timely completion and overall success. Meeting these commitments is fundamental to our way of conducting business.

From a project management standpoint, we confirm that each individual has adequate availability to meet the requirements of your assignments for this project. Carollo's advanced financial program, BST11, provides an integrated accounting tool for timesheets, financial reporting, invoices, and project staffing.

BST11 provides an intuitive visual representation of staff workload that allows us to see when individual staff members are overbooked ▲ or underbooked, ▼ which can then be discussed and resolved at our internal monthly coordination meetings.

Carollo typically maintains a workload commitment to active and ongoing projects ranging between 65% and 75%, which allows for ample capacity to respond to client needs regardless of project size or complexity.

Our project management approach emphasizes regular monitoring, flexible staffing, and the ability to mobilize additional personnel as needed. Carollo's structure allows us to draw from a broad pool of in-house experts to address project requirements and maintain our schedule commitments. Our strong track record includes successful delivery of fast-tracked assignments, demonstrating our adaptability and responsiveness without compromising quality or client service.

Carollo tracks workload by person and by project through the use of BST11. Monthly internal meetings are used to coordinate staffing needs and manage workload.

Appendix A
Resumes

Jody Barksdale, PE

PROJECT MANAGER

Overview

Jody brings 38 years of experience in the planning, design, and construction of water/wastewater treatment, biosolids and residuals management, pumping stations and collection system projects. Jody has managed several large wastewater projects including plant expansions and rehabilitation projects. His understanding of design, construction, and plant operations allows him to better manage design activities to deliver functional and cost-effective projects.

Relevant Experience

Project manager for the Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

The following table provides our commitment of key staff for your SCWRF Improvements project. The project included all infrastructure and treatment processes, including a new headworks, MBR system, and operations facility. The design included concepts to successfully support phased implementation and MOPO. Design and construction phase features supported no odor, light, noise, dust, and spills during construction and ongoing operations.

Project manager for the City of Zephyrhills, Florida, WWTF project

This project included the expansion of the City's WTF from 2.5- to 5-mgd. Responsibilities included process modifications for additional nitrogen removal, new clarifiers, filters, disinfection improvements, and reuse facility additions. Previous work at the City's WWTF included sludge dewatering facility, capacity analysis report, O&M performance report and permitting including updating of agricultural use plan for land application of residuals.

Project manager for the Sarasota County, Florida, I-75/University Force Main Construction Management Services project

Managed this CMS project for MWH that included approximately six miles of 24 through 36-inch diameter ductile iron and HDPE pipeline construction, and five major pipeline crossings (longest crossing was 2,000 feet) using directional drilling technique with HDPE for streams and large intersections along the route. Also included in the construction were two wastewater pump stations.

Project engineer for the Toho Water Authority, Florida, North Bermuda WTP Expansion

This project increased capacity from 18- to 42-mgd. The project also included high service pumping, I&C for pumping efficiency and system pressure control, electrical improvements, yard piping, and the addition of a 1-MG ground storage tank.

JODY BARKSDALE, PE (cont.)

Project manager for the Hillsborough County, Florida, South County Advanced WTP Rehabilitation

This project included the rehabilitation of combination gravity table thickeners and belt filter presses at the County's South County Advanced Water Treatment Plant. The project also included the complete rehabilitation of the thickening/dewatering equipment and a new dewatered cake loadout facility with conveyors to distribute the sludge evenly in the trucks.

Project manager for the Bowling Green Municipal Utilities, Kentucky, Water Recovery Facility Comprehensive Long-Term Residuals Management Plan

Carollo is developing the Residuals Management Plan to efficiently address near- and long-term solids management needs (in an O&M-friendly manner) and mitigate future regulatory concerns (without stranding assets). The long-term plan identified a project to pump the WTP solids to the reclamation facility to reclaim biological treatment capacity. This project includes 12,000 feet of piping, pumping, and storage.

Project manager for the City of Tampa, Florida, San Carlos Pump Station Rehabilitation Design-build

Working with his previous firm, Jody managed the structural and architectural design. The project includes the upgrade and rehabilitation of the pump station's pumps, electrical gear, ventilation, screening system, emergency power, an electrical room addition, and architectural improvements. Jody provided quality reviews of the process/mechanical design through Phase 1 of the design.

Project manager for the Bowling Green Municipal Utilities, Kentucky, WTP Solids Force Main and Facilities

Carollo is assisting Bowling Green Municipal Utilities (BGMU) with the solicitation documents, selection, and contract award of a CMAR for this important project. In addition, BGMU requested guidance in understanding CMAR delivery, including its advantages, risks, and opportunities related to the project schedule and quality. Throughout the process Carollo has provided support for BGMU's procurement and legal groups to ensure competition and response to the solicitation. Carollo will continue its coordination and assistance to obtain a valid guaranteed maximum price (GMP) from the CMAR at the appropriate design phase.

Sudhan Paranjape, PE

DESIGN MANAGER & HEADWORKS/PRIMARY TREATMENT

Overview

Sudhan has 33 years of experience with WWTP process and detailed design. He has managed the design of all major liquid and solids treatment unit processes. His wastewater experience includes process/detail residuals treatment processes involving anaerobic digestion, sludge dewatering and drying. He has helped deliver several operator-friendly solids handling facilities, incorporating the best technologies, based on clients' needs.

Sudhan is active in the Water Environment Federation (WEF) and was the author of a chapter on energy use in *Water Treatment Plants for Manual of Practice No. 32: Energy Conservation in Water and Wastewater Treatment Facilities.*

Relevant Experience

Project manager for Toho Water Authority, Florida, South Bermuda WRF Upgrades and Expansion

Carollo provided design upgrades to the South Bermuda WRF to expand the facility from 14-mgd to 16-mgd with peak flow of up to 40-mgd. This included a new grit removal system, addition of a new secondary clarifier, improvements to the RAS and WAS pump stations, addition of disk filters, a new reclaimed water storage tank, expansion of the sodium hypochlorite system and other ancillary support systems. The project was completed through the Authority's CMAR delivery.

Technical advisor for the Pasco County, Florida, Southeast WWTP Improvements and Expansion project

Carollo provided facility planning, preliminary design, final design, and construction-phase services for the improvements and expansion of the County's 3-mgd WWTP, expanding its capacity to 6-mgd.

Project manager for the Toho Water Authority, Florida, Sandhill WRF Upgrade and Expansion

Provided professional engineering services for final design, bidding, and construction phase services for the expansion of the Sandhill WRF from its current capacity of 6.0-mgd, aadf to 9.0 mgd aadf.

Project engineer for Pasco County, Florida, Wesley Center WWTP Improvements and Expansion project

Carollo conducted an evaluation of the process systems at the existing treatment plant and identified opportunities to optimize treatment and operational performance to expand the facility. Responsibilities included project engineering during construction. He reviewed submittals and attended construction progress meetings.

AWARDS
Carollo Client Service Award, 2019

SUDHAN PARANJAPE, PE (cont.)

Project engineer for the City of Tallahassee, Florida, WWTP MBR Expansion

Specific responsibilities included leading the design of the plant headworks, including two Cog Rake type mechanical bar screens, sludge degritting equipment; fine screen structure, including two center-flow band type screens; design of the process air blowers; membrane bioreactor tanks, including all membrane equipment such as membrane cassettes, piping, permeate pumps, membrane scour blowers, and the associated blower building. The project documents were completed to 80 percent design level when the City decided to shelve the project due to lack of funds.

Project engineer for Sarasota County, Florida, Central County Headworks Design

The headworks consisted of two perforated plate screens followed by a vortex-type grit removal system.

Project manager for the City of Daytona Beach, Florida, Westside Regional WWTP Design and Upgrades

The project comprised a new RAS/WAS pump station with new horizontal non-clog centrifugal pumps, new belt filter press feed pumps, and the addition of coarse bubble aeration with blowers for the reaeration zone of the 5-stage Bardenpho™ process.

Project manager for the Toho Water Authority, Florida, Centrifuge Study

Prepared a study to compare commercially available centrifuge dewatering technologies and recommended three manufacturers for future bidding. The scope of work included a centrifuge technology evaluation and preparation of a report.

Project manager for the City of Orlando, Florida, Conserv II WRF Improvements

The facility has four 2-meter belt filter presses (BFP). A pilot study was conducted to evaluate three dewatering technologies, including BFPs, centrifuges, and screw presses. Based on pilot test results, the 3-belt BFPs were chosen as the dewatering technology. A preliminary design report was prepared that also evaluated sludge pumping, cake conveyance and storage facilities. Final design for these improvements was completed in February 2016.

Andrew Gilmore, PE

SECONDARY TREATMENT & MBR

Overview

Andrew is a Senior Project Manager, Vice President, and the firm's Membrane Bioreactor (MBR) chief technologist. Over his 30-year career, he has focused on wastewater treatment facilities and has been involved in the planning, design, permitting, and construction of greenfield plants, rehabilitation projects, and major expansions of existing facilities. He is also a member of Carollo's Wastewater Technical Practice Leadership Team.

Relevant Experience

MBR design lead for the Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

The project involves evaluating design upgrades and requirements to expand the BRWRF from 12-mgd MADF to 18-mgd MMADF and converting its process to meet Florida advanced wastewater treatment (AWT) requirements. Carollo evaluated seven treatment process alternatives to determine which treatment process will best meet the County's requirements for AWT. This effort includes the design and construction of new biological nutrient removal (BNR) basins and a new membrane bioreactor (MBR) system.

Principal-in-charge for the Pasco County, Florida, Southeast WWTP Improvements and Expansion

Carollo was selected to provide the facility planning, preliminary design, final design, and construction-phase services for the improvements and expansion of the County's 3-mgd WWTP , expanding its capacity to 6-mgd annual average daily flow. The project also includes several thousand linear feet of force main replacement and additional piping outside the fence.

MBR design lead for the MSKP Town and Country Utility, Florida, Babcock Ranch WRF

Carollo was selected to evaluate, design, and provide construction management services for Phase 2 expansion of the water reclamation plant. This phase will increase flow to 0.75 mgd and convert the existing sequencing batch reactor treatment facility to a membrane bioreactor (MBR) system to reuse many of the existing treatment units. The project also includes the design and construction of a new headworks, MBR reactor tank, chlorine contact tanks, reject water storage tank, and sludge holding tanks. Carollo also provided value engineering services during the design phase to reduce the construction cost by $2 million. This project is currently under construction and being delivered under the design-build delivery method.

ANDREW GILMORE, PE (cont.)

MBR design lead for the Polk County Utilities, Florida, Conceptual Improvements to Northwest and Southwest Regional WWTF project

Andrew was the technical lead on the evaluation of membrane bioreactor (MBR) technology for the SWRWWTF and the NWRWWTF. Faced with filter improvements at both plants and clarifier improvements at the SWRWWTF, the MBR approach was viewed as a valid alternative to conventional solids separation. Capital, operations and maintenance and life cycle costs were developed for MBRs at both facilities. Although MBR technology was attractive for the SWRWWTF, it was too expensive for the NWRWWTF. The County decided it would be best served by retaining the conventional treatment approach.

Technical advisor for the Pinellas County, Florida, William E. Dunn WRF Filtration Improvements

Andrew provided review and technical input for the design and construction of the filtration and disinfection improvements at the William E. Dunn WRF. This project entails the installation of three new AquaDiamond® cloth media filters in three of the existing traveling bridge filter basins to increase capacity in each basin, to replace aging filter equipment, and to remove a fourth traveling bridge filter equipment fill from the basin.A new bulk liquid sodium hypochlorite system was installed to replace the existing gas chlorine system that fed chlorine to the chlorine contact chambers (CCC). This system consists of two bulk storage tanks, two loop recirculation pumps to provide the chlorine to the off-site pump station, and seven chemical feed skidded pumps.

Project manager for the City of Peoria, Arizona, Beardsley Road WRF Phase 3A Expansion

Carollo identified improvements and expansion of all treatment processes, pumping facilities, and support systems required to increase capacity to 6-mgd. This project included the design and construction services of the Beardsley Road WRF Phase 3A Expansion Progressive Design-build to provide reliability and redundancy of critical components while meeting the established capital budget. In addition, process quality monitoring and SCADA programming improvements allowed plant operations to optimize the treatment process and reduce electrical costs.

Project manager for the City of Chandler, Arizona, Ocotillo WRF Expansion Design

This 6.6-mgd expansion with several new 18-mgd facilities involved permitting, public outreach, and design for an MBR expansion. Andrew worked on the MBR liquids treatment upgrade consisting of coarse and fine screening, bioreactor basins, membrane tanks, clean-in-place (CIP) facilities, submerged membrane filters, and chlorine disinfection. Work efforts also included modifications to the new Airport Lift Station to serve as a joint influent pump station, new joint headworks, membrane bioreactor treatment, disinfection, basin/tank covers, foul air ductwork and associated odor control systems, solids handling facilities, as well as effluent water storage and pumping facilities. Design also included a new administration building, process laboratory, extensive perimeter landscaping, and coordination with the construction manager at risk (CMAR) contractor.

Project manager for the City of Casa Grande, Arizona, WRF Phase 3 Expansion Construction Administration, and Inspection Services

The team's services included daily and special inspections, materials testing, review of the contractor's schedule, Requests for Information and submittal reviews, start-up testing, record drawings, development of an operational manual, and conducting weekly construction meetings.

Joe Hanlon, PE

SCADA/INSTRUMENTATION & CONTROL

Overview

Joe has 37 years of experience in instrumentation and control systems for large water and wastewater treatment facilities. His engineering experience focuses on the integration of sophisticated instrumentation and control (I&C) systems including programmable logic controllers (PLC), human-machine interface (HMI), telemetry, networks, communications, supervisory control and data acquisition (SCADA), motor control centers (MCC), variable frequency drives (VFD), and soft starts.

Relevant Experience

Principal-in-charge and project manager for the City of Fort Myers, Florida, South Advanced WWTP SCADA and Control System Support

This project includes engineering and programming services at the South Advanced WWTP (SAWWTP). The work includes assessment of SCADA, motor controllers, instrumentation, and network equipment. Additionally, a report will be developed to identify areas and equipment for reliability improvement. All information will be used to improve consistency throughout the City's infrastructure.

Project engineer for the Bay County, Florida, North Bay WWTF Sequencing Batch Reactor (SBR) Bidding and Limited Construction Administration

This project consists of the design of a 1 MG capacity SBR tank, including associated components and equipment to connect the new tank to existing infrastructure within the North Bay WWTF. Carollo will provide limited construction administration services during construction for electrical and I&C.

Project manager for the Collier County, Florida, South County Regional WTP SCADA Programming Support

Carollo provided programming services, including PLC and SCADA programming as needed for various process enhancements throughout the South County Regional WTP (SCRWTP). The Plant consists of over 25 programmable logic controllers (PLC) connected to the plant's SCADA system via the plant's Ethernet SCADA network. There are 30 critical variable frequency drives (VFD) in the plant among the 10 reverse osmosis (RO) skids, 5 RO skid booster pumps, 10 high service pumps (HSP), and 5 transfer pumps, all connected to the plant's PLCs and SCADA system. Additional services included instrumentation and electrical engineering for various task orders to enhance and upgrade the plant and provide improved efficiency and reliability.

OTHER ACCOMPLISHMENTS
Developed and patented "Systems and Methods for Orienting and Conveying Articles." United States Patent No. U.S. 7,389,867 B2.

JOE HANLON, PE (cont.)

Lead I&C design engineer for Pasco County, Florida, Southeast WWTP Expansion project

The role included designing a facility-wide fiber backbone Ethernet network upgrade for all project-related systems.

Project engineer for the Sarasota County, Florida, Carlton WTP Phase 2, Programming Supervision Services

Carollo reviewed PLC and SCADA programming work for conformance with County programming standards. The project included meetings, reviews of construction submittals, factory and performance testing, and general oversight and support of PLC and SCADA-related construction work.

Lead design engineer for Manatee County, Florida, Lake Manatee WTP (WTP) SCADA System Replacement Design

The project included a new SCADA system for the Lake Manatee WTP to replace the existing HSQ technology SCADA system. The design included construction sequencing and demolition of existing systems and implementation of a new Allen-Bradley based programmable logic controller (PLC) system to maintain operation of the facility during the transition. New fiber optic cabling and associated network components were added to provide Ethernet communications to new and existing control enclosures. Tasks under this scope also included owner's advisory services for programming.

Project manager for the City of Cocoa, Florida, Jerry Sellers WRF SCADA Network and Electrical Building Expansion

This project included the design and construction of a new server room building, expansion of the existing electrical building, and updated electrical design for the new SCADA network.

Senior instrumentation engineer for the Tohopekaliga Water Authority (Toho), Florida, Sandhill WRF (WRF) Upgrade & Expansion, Design and CMS

Provided professional engineering services for final design, bidding, and construction phase services for expansion of the Sandhill WRF from its current capacity of 6.0-mgd, aadf to 9.0-mgd aadf.

Senior instrumentation engineer for the Collier County, Florida, South County Regional WTP Network Communications Upgrade project

Duties included review of existing network and identification of potential critical network failure items, and assisted owner with development of new equipment bill of material and integration within the plant.

Senior instrumentation engineer for the Pasco County, Florida, Wesley Center WWTP Rehabilitation and Expansion project

Conducted an evaluation of process systems at the existing treatment plant, identified opportunities to optimize treatment and operational performance for the facility expansion, and served as the electrical and I&C engineer and performed QA/QC during the project.

Electrical engineer for the Collier County, Florida, Northeast WRF project

The project included the process and mechanical design of headworks, aeration basins designed for the Modified Ludzak Ettinger process, aeration blowers and blower building, deep bed filters and aerated sludge holding tanks, prepared general drawings and typical details, and coordination of geotechnical, architectural, structural, electrical, mechanical, and HVAC engineering efforts. Responsibilities included electrical, I&C, and HVAC engineering efforts.

Jared Brown

SITE/CIVIL

Overview

Jared joined Johnson Engineering in 2011 as a project manager and is responsible for the day-to-day operations of the Naples office. A resident of Collier County since 1999, Jared has worked on a wide range of projects in and around Naples. He has worked with non-profits, local municipalities, developers, architects, engineers and contractors on multiple simultaneous projects. Jared has been responsible for project management, civil design, drawing preparation, specifications and construction observation for commercial, institutional and residential projects.

Relevant Experience

Site/civil engineer for the Collier County, Florida, Northeast Service Area Water Treatment Plant and Water Reclamation Facility Design

Site/civil services for the design, permitting, and construction of a new water and wastewater treatment plant in NE Collier County. Worked as a subconsultant to Carollo Engineers.

Project manager for the Collier County, Florida, Regent Park Sanitary Sewer Replacement

Responsible for design and construction drawings for replacement of 1,200+/- linear feet of sanitary sewer.

Project engineer for the Collier County, Florida, Goodlette-Frank Road Utility Relocation

Utilities design of 2.9 miles of 24-inch potable water, six-inch and 20-inch reclaimed water, and 16-inch and 24-inch force mains. Relocation is necessary due to roadway expansion and numerous utility and drainage conflicts.

Project manager for the Collier County, Florida, Woodcrest Drive Utility Extension

Extension of 2.5+ miles of water and wastewater mains to serve multiple developments. Project included Environmental Resource Permitting through FDEP, US Army Corps of Engineers Nationwide permitting, Gopher Tortoise Relocation, and Bald Eagle monitoring.

Utility designer for the Collier County, Florida, Port of the Islands RWM Replacement

Utility design for the replacement of 11,00 linear feet of aged and failing asbestos cement raw water main providing the only potable source for 600+ services.

Bob Cushing, PhD, PE, BCEE

PROJECT DIRECTOR

Overview

Dr. Cushing is a senior vice president with Carollo Engineers. He has 42 years of experience in applied environmental science and engineering. Throughout his career, he has coupled fundamental concepts with sound engineering practices to provide creative, innovative, and enduring solutions to challenges faced by water and wastewater utilities. He has been responsible for numerous successful treatment facility planning and design projects and studies and programs for improving distribution system water quality.

Bob has practiced nationally, providing service to a broad cross-section of the industry, from some of the largest and most visible utilities (e.g., New York City and Washington, D.C.) to very small applications with important and unique issues (e.g., Ouray National Fish Hatchery, Utah). He has also been responsible for introducing and applying advanced technologies, most notably UV disinfection, biological treatment, ion exchange, and membrane filtration for potable water treatment.

Relevant Experience

Principal-in-charge for the Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

Project included treatment evaluation, design, and construction of expansion of the WRF from 12 mgd to 18 mgd and conversion from conventional BNR to MBR AWT. The project included all infrastructure and treatment processes, including a new headworks, MBR system, and operations facility. The design included concepts to successfully support phased implementation and MOPO. Design and construction-phase features prevented odor, light, noise, dust, and spills during construction and ongoing operations.

Principal-in-charge for the Collier County, Florida, Northeast WRF Design Update

Carollo is providing preliminary design, final design, bidding, and construction phase services for the Northeast County WRF (NECWRF) in Collier County, Florida. The original 4-mgd facility plans, signed and filed in 2010, are being updated to reflect advancements in treatment technologies, O&M staff preferences, and service requirements. The existing design, which features Modified Ludzack-Ettinger (MLE) process with clarifiers and filtration, will be modified to a 6-mgd capacity using membrane bioreactor (MBR) technology. Interim wastewater facilities now under construction at the site will be incorporated into the permanent facility where feasible, supporting efficient project delivery and resource use.

BOB CUSHING, PHD, PE, BCEE (cont.)

Principal-in-charge for the MSKP Town and Country, Florida, Babcock Ranch WTF Phase II B

Phase 2B expanded treatment capacities at the Babcock Ranch WTF from 0.375- to 0.75-mgd AADF and required evaluation, design, and construction of the following: membrane tank and equipment skid, process equipment in existing biological basin, process air blower, effluent transfer pump, and associated civil, structural and E&C. Project also included engineering services during construction.

Principal-in-charge for the Sarasota County, Florida, Central County WRF

This project consisted of the preliminary engineering design involving the expansion from 4-mgd to 8-mgd. The existing facility performed biological nitrogen removal using an oxidation ditch with surface brush rotor aerators. The project involved the process conversion to a diffused-air Modified Ludzack Ettinger (MLE) mode with internal partitioning of the ditches to generate anoxic zones. Performed process modeling using Biotran (Carollo-developed software) and BioWin to determine the treatment capacity provided by various combinations of additional MLE modules with internal or external anoxic zones and secondary clarifiers, thus providing the County with a series of capacity expansion options to choose from.

Principal-in-charge for the Pinellas County, Florida, Pinellas Park and Joe's Creek Interceptor Odor and Corrosion Study

Project included evaluations of odor emissions and corrosion on two large diameter interceptors and influent pump station. Project tasks included inspections of existing conditions, sample collection and analysis, and an evaluation of liquid and chemical treatment technologies. Inspections were completed on over 150 manholes with continuous H2S monitoring at several locations along the interceptors. Over 40 market technologies for liquid and vapor phase treatment were evaluated and summarized. A survey of utilities was also completed for the market treatment technologies.

Principal-in-charge for the City of Tallahassee, Florida, MBR WWTP Expansion

Specific responsibilities included leading the design of the plant headworks, including two Cog Rake type mechanical bar screens, sludge degritting equipment; fine screen structure, including two center-flow band type screens; design of the process air blowers; membrane bioreactor tanks, including all membrane equipment such as membrane cassettes, piping, permeate pumps, membrane scour blowers, and the associated blower building. The project documents were completed to 80 percent design level when the City decided to shelve the project due to lack of funds.

Project manager for the City of Daytona Beach, Florida, Westside Regional WWTP Design Upgrades

The project comprised a new RAS/WAS pump station with new horizontal non-clog centrifugal pumps, new belt filter press feed pumps, and addition of coarse bubble aeration with blowers for the reaeration zone of the 5-stage Bardenpho™ process.

Balakrishnan Narayanan, PhD, PE

TECHNICAL ADVISOR, FACILITY PLANNING

Overview

Dr. Narayanan is President and Chief Executive Officer of Carollo Engineers. He has also served as Carollo's Director of Wastewater Process Technology, overseeing the process design on all Carollo wastewater projects. He has also been personally involved in process and hydraulic evaluations on numerous master planning and design projects, and in the process engineering on many nutrient removal design projects.

Dr. Narayanan is a recognized expert in the area of phosphorus removal to very low levels with numerous publications and presentations to his credit. He has also chaired and spoken at various nutrient removal workshops around the country. At the Water Environment Federation Annual Technical Conference (WEFTEC) 2006, he chaired a pre-conference workshop on Phosphorus Removal to Very Low Levels. This workshop, which was attended by all the nationally recognized experts in the field, set a record for the highest attendance of any WEFTEC workshop since 2001.

Relevant Experience

Technical advisor for the Collier County, Florida, Northeast WRF Design Update

Carollo is providing preliminary design, final design, bidding, and construction phase services for the Northeast County WRF (NECWRF) in Collier County, Florida. The original 4-mgd facility plans, signed and filed in 2010, are being updated to reflect advancements in treatment technologies, O&M staff preferences, and service requirements. The existing design, which features Modified Ludzack-Ettinger (MLE) process with clarifiers and filtration, will be modified to a 6-mgd capacity using membrane bioreactor (MBR) technology. Interim wastewater facilities now under construction at the site will be incorporated into the permanent facility where feasible, supporting efficient project delivery and resource use.

Partner-in-charge for the Collier County, Florida, Northwest WWTP Expansion

The initial phase of this project included the addition of a selector basin equipped with anoxic zones, a new aeration system, and a new secondary clarifier.

Project engineer for the City of Benicia, California, Benicia WWTP Expansion

The new activated sludge process at this plant incorporates aerobic selectors and is designed to operate in parallel with the existing rotating biological contactors.

BALAKRISHNAN NARAYANAN, PHD, PE (cont.)

Process designer for the City of Reno, Nevada, Truckee Meadows WRF Expansion

This facility is designed for phosphorus removal, nitrification, and denitrification. Phostrip tanks are used for phosphorus removal, nitrifying trickling filters for nitrification, and denitrification reactors for denitrification. This project successfully converted the facility from the Phostrip process to biological phosphorus removal using a unique approach of RAS fermentation.

Process review for the Snyderville Sewer Improvement District, Utah, East Canyon WWTP Expansion project

The project includes expanding the WWTP from 2.8 MGD to 4.0 MGD. Affected processes include adding one additional bioreactor, a new headworks, and a new equalization basin/pump station. The planning work includes considerations for biological and/or chemical phosphorus removal, effluent reuse, and solids handling alternatives. The secondary process at the plant is currently achieving effluent orthophosphate concentrations below 0.05 mg/L.

Process reviewer for the City of Ashland, Oregon WWTP Upgrade

The improvements included a new headworks, new aeration basins, a new secondary clarifier, rehabilitation of two existing secondary clarifiers, a new RAS/WAS pump station, a new operations building, and UV disinfection.

Process reviewer for the Eastern Municipal Water District, Temecula Valley Treatment Plant Expansion

The activated sludge process at this facility is designed for nitrification / denitrification and also includes provisions for operation in the step-feed nitrification mode.

Process review for the City of Gilbert, Arizona, Greenfield WRP Phase II

The initial phase of the work consisted of preparing a basis of design report, including a series of process evaluations and assessments, a sampling and testing program, computerized process model simulations, and technical memoranda. The Phase II expansion design project includes a 16-mgd WRF with 28-mgd equivalent of solids treatment. The plant is designed to meet Arizona Department of Environmental Quality Class A+ reclaimed water quality standards.

Process designer for the Salt Lake City, Utah 56-mgd WWTP Expansion

This project incorporates a trickling filter/solids contact process. The expansion included the addition of a new aeration basin and secondary clarifiers. Extensive process modeling was conducted on this project to develop operational strategies that would allow the plant to meet conflicting needs.

Process reviewer for the City of Watsonville, California WWTP Expansion

This 11-mgd existing trickling filter plant that receives significant industrial discharges from food processing industries was expanded by conversion to a TF/SC process.

Process reviewer for the Washoe County, Nevada, South Truckee Meadows WRF Expansion

This project included oxidation ditches and secondary clarifiers, as well as continuous backwash filters.

Kristiana Dragash, PE

TECHNICAL ADVISOR, FLOWS & LOADS

Overview

Kristiana is a project manager with 18 years of experience in water and wastewater infrastructure modeling, planning, and asset management. Kristiana has been a leader in the Florida Water Environment Association (FWEA) since 2009 and was the first recipient of the association's Young Professional of the Year award in 2014. She served on FWEA's board of directors for a decade. She served on WEF's House of Delegates for 6 years and is now the vice chair of the Government Affairs Community.

Relevant Experience

Project manager for the Collier County, Florida, South Wastewater Service Area Facility Plan

Carollo will use the collection system model in SewerGEMS software to test the ability of the collection system to deliver flow from the South and Southeast area to the SCWRF at 1, 2, 3, 4, 5, 10, 15, and 20-year planning periods. Parcel-level population data and projections will be used to generate flow projections for the defined planning periods. Timing for SCWRF expansions required to serve the future population will be developed and a new facility Southeast WRF (SEWRF) will be considered once the SCWRF has been fully expanded and the ultimate capacity of the facility is reached. Improvement projects will be developed where infrastructure does not meet performance criteria. Planning level cost estimates will be prepared for the recommended improvement projects at 1, 2, 3, 4, 5, and 10-year planning periods. The project analysis and modeling results, improvement projects, and cost estimates will be summarized in a draft and final South Wastewater Service Area Facility Plan Report.

Project manager/engineer for Collier County, Florida FY13–FY24 Hydraulic Modeling and GIS Assistance projects

These projects, completed over a decade, are a testament to Kristiana's consistent responsiveness to clients as they required timely responses to modeling requests for the potable distribution, IQ (reclaimed) distribution, and collection systems. Over the years, tasks have ranged from updating models with new developments and customers, synchronizing the models with updated GIS databases, running scenarios such as water age and fire flow for main shutdowns and new customers, peer reviewing other counties' and consultants' planning and modeling work, and providing overall GIS and modeling program guidance.

KRISTIANA DRAGASH, PE (cont.)

Project manager for Collier County, Florida, Northeast Service Area Hydraulic Modeling Assistance

This work assignment helps Collier County, upon request, complete hydraulic modeling scenarios for the Northeast Service Area (NESA).

Project manager and engineer for Manatee County, Florida, Master Reuse System Hydraulic Model Update and Surge Analyses

Responsibilities included updating and calibrating the County's reclaimed water model in WaterGEMS software. The model was converted to InfoWater for surge analyses using InfoSurge. Various surge analyses scenarios were completed including pump ON/OFF and valve OPEN/CLOSE to simulate water hammer events. Recommendations for surge protection were made based on the results to avoid future damage from transient events.

Project manager and engineer for Collier County Utilities, Florida, Real Time Modeling Program Management

Responsibilities included development and management of a Real Time Modeling (RTM) program that coupled the County's modeling software with SCADA data for the water distribution, sewer collection and IQ water systems. A review of the County's existing SCADA capabilities and hydraulic models was conducted and presented in a gap analysis memorandum. A business workshop reviewed key data and workflows between individuals and departments; brainstormed data management and sharing methods and developed methods to integrate those recommendations into County's RTM program. Business process maps were developed for key business processes and workflows that assist in defining the functional requirements and a shortlist of options for RTM. The final deliverable for this project was a technical memorandum detailing the people, processes, workflow, and technologies necessary to implement an RTM program.

Project manager and engineer for Collier County Utilities, Florida, Real Time Modeling Irrigation Quality Pilot

Responsibilities included the development and implementation of a pilot project that tested the use of RTM software coupled with the County's IQ SCADA system and distribution system model. The County's Irrigation Quality (IQ) distribution system model was converted from Bentley to InfoWater. Workshops with IT, GIS, and Operations departments were held to design process flow diagrams and work plans that guided how the RTM pilot project was designed and implemented. Business Process Maps were developed for key business processes and workflows that assist in defining the functional requirements and a shortlist of options for RTM.

Project engineer for Collier County Public Utilities, Florida, Irrigation Quality (IQ) Hydraulic Model Update and GIS

A hydraulic model was created using WaterGEMS software to optimize operations of the County's IQ water distribution system. The system was simulated under peak hour and max day demands, requiring calculation of diurnal curves for each of the 25 bulk customers served by the County. The model is now used as a tool for optimizing operations in this complex IQ system.

Project engineer for Collier County, Florida, Northeast Service Area Hydraulic Modeling and GIS Assistance

The project involved updating the GIS database and hydraulic model with potable infrastructure in the northeast region of the County, which is currently operated and served by a private utility that will be operated by the County in the future. Water age and fire flow scenarios were created and modeled featuring various historic demands and connection locations.

Project engineer for Manatee County, Florida, Evaluation of Master Lift Stations N1H and 549

Created field test plans to assess pump performance at Master Lift Stations N1H and 549 and monitor pressures in 5 miles of 12 and 16-inch diameter force mains. Pumps at both lift stations were assessed and compared to theoretical pump curves and 1 week of pressure data at 1-minute intervals was collected along the force mains. Pressure data were analyzed to determine the losses experienced in different segments of the pipeline and to identify locations of potential restrictions within the force mains.

Chris Reinbold, PE

TECHNICAL ADVISOR, QUALITY MANAGEMENT

Overview

Chris is a vice president with Carollo and has 23 years of experience including studies, designs, permitting, and construction administration services for treatment plants, pumping stations, pipelines, and chemical systems. He has a successful track record of working on facility expansion projects in Southwest Florida.

Relevant Experience

Project engineer for the Florida Keys Aqueduct Authority, Florida, Big Coppitt WWTP Expansion

The Florida Keys Aqueduct Authority (FKAA) retained Carollo to expand their WWTP from 0.323-mgd to 0.538-mgd (average daily flow). To achieve this expansion, the facility will require two new sequencing batch reactors (SBR), a new solids dewatering building with a new centrifuge and truck loading facility, new influent wastewater screens for the expanded flow capacity, an expanded chlorine contact basin and an additional disposal well. Carollo is currently developing the Basis of Design report.

Staff engineer for the Sarasota County, Florida, Central County WRF Expansion project

Project included upgrading electrical service, replacing the existing manual bar screens; converting brush aerators to fine-pore diffused aerators; designing a new 80-foot diameter secondary clarifier; upgrading the RAS/WAS pumping stations, deep-bed filter units, and methanol feed system; and designing a new operations and maintenance building. Design responsibilities included upgrading the solids storage tanks by adding a mechanical decant mechanism and piping connection for mobile belt filter press dewatering by a contract operator.

Project engineer for the City of St. Petersburg, Florida, Southwest WRF Dewatering System Improvements

This project included adding two screw presses to dewater anaerobically digested sludge, upgrades to existing truck loading facility, new polymer system, sludge cake pumps, and associated high pressure piping, odor control ducts on all process equipment, and associated site work and yard piping.

Technical advisor for the City of Boynton Beach, Florida, Ion Exchange Treatment System and East WTP Improvements

This project included initial engineering and constructability evaluations, permitting, design, and construction of a 16.0-mgd ion exchange system, associated ancillary systems, and raw water transmission main modifications.

CLIENT QUOTES
"We are quite satisfied with our experience working with Carollo Engineers, Inc. and have been thoroughly satisfied with the services we've received from Chris Reinbold, and the rest of their support team at the local Sunrise, FL office."

-Timothy Welch, PE,
Utilities Director, City of Sunrise, Florida

CHRIS REINBOLD, PE (cont.)

Principal-in-charge and project manager for the Collier County, Florida, South County Regional WTP Lime Treatment Improvements

The County plans to replace high service pumps No. 1 through 6, replace associated suction and discharge piping within the high service pump room, improve the hydraulic capability of the blend tank to facilitate 4-log disinfection and increase detention time for improved pumping operations, replace filter effluent valves with like-kind electrically actuated valves, and replace the polymer system within the chemical room that serves the softening process. The project is to develop design drawings and installation specifications for a contractor to remove, replace, and improve the lime softening system components.

Project manager for the City of Stuart, Florida, WRF Headworks Rehabilitation, Condition Assessment, and Site Inspection

The project includes assistance with performing an inspection and documenting maintenance and replacement needs for the headworks facility. The intent of this effort is to visit the site, meet with City staff, and visually observe assets and equipment at the headworks structure and develop a summary that documents the observations and identifies a repair and replacement option for the City to proactively address the headworks facility to minimize the potential for future failures. In addition, Carollo will develop a cost estimate for identified R&R items for future capital improvement budgeting as described.

Staff engineer for the City of Tallahassee, Florida, Lake Bradford Road WRF Improvements project

This project includes upgrading the 4.5-mgd facility to convert it from an old secondary treatment plant to a four-stage nutrient removal MBR process to meet an effluent total nitrogen (TN) limit of 3 mg/L. Responsibilities included the plant water and reuse water storage tanks. Reuse and plant water pumps were vertical turbine can pumps.

Project engineer for the Charlotte-Mecklenburg Utilities, North Carolina, Mallard Creek WRF Final Clarifier and Related Improvements

Overall project consisted of the addition of a final clarifier to an existing 12-mgd activated sludge facility, associated RAS and WAS pumping facilities, hydraulic improvements for flow control to the new and existing processes, and associated yard piping. This project was unique in that a portion of the project was originally constructed in the 1970s, while the other portion was recently completed in 2003. Both portions of the plant operated independently with separate RAS, WAS, SRT, etc. One primary goal of this project was to integrate the operations of the entire facility.

Staff engineer for the Miami-Dade Water and Sewer Department, Florida, South District WWTP Electrical Distribution System High Level Disinfection project

The project included upgrades to electrical power distribution facilities and the addition of the Electrical Distribution Building No. 2. Seven 2,865 kW generators, with provisions for a potential future eighth generator, were included in the new building with outdoor fuel storage and transfer facilities. Responsibilities included layout and design of diesel fuel storage and pumping facilities to serve emergency backup generators.

Project manager for the Collier County, Florida, South County Regional WTP Chemical System Improvements

The County intends to replace the existing sulfuric acid storage and feed system, anhydrous ammonia feed system, and several chemical bulk storage tanks throughout the plant due to reliability, age of the existing equipment, and performance reasons. The effort is to develop design drawings and installation specifications for a contract to remove and install the improved chemical system components and bulk storage tanks.

Russ Wachter, PE, BCEE

TECHNICAL ADVISORS, VALUE ENGINEERING & FACILITY PLANNING

Overview

Russell is a senior vice president at Carollo with over 35 years of experience in the planning, design, and construction of municipal and industrial wastewater collection and treatment facilities, water distribution and treatment facilities, and related infrastructure, as well as various odor control systems and environmental permitting processes. He is experienced in collaborative project delivery (CPD), including construction management at risk (CMAR), progressive design-build (PDB), fixed-price design-build (DB), and job order contracting (JOC), including over 30 projects totaling more than $3 billion in guaranteed maximum price (GMP) contracts. He has also participated in a number of competitive assessments for municipal water and wastewater facilities and has served as principal and project manager for several integrated master planning and modeling projects.

Relevant Experience

Principal-in-charge and project manager for the City of Mesa, Town of Gilbert, and Town of Queen Creek, Arizona, Greenfield WRP Phase III Expansion

The Phase III expansion increased the liquids WRF capacity from 16 mgd to 30 mgd AADF, and the solids treatment equivalent from 24 mgd to 38 mgd. The Phase III expansion increased the liquids WRF capacity from 16 mgd to 30 mgd AADF, and the solids treatment equivalent from 24 mgd to 38 mgd. The project is being delivered under the CMAR alternative project delivery method with a GMP of $169 million. Liquids treatment train expansion components include a new headworks facility, primary clarifier, two new aeration basins and modifications to convert to 4-stage Bardenpho with integral centrate and RAS recycle basin (CaRRB) process, secondary clarifiers, new disk filter facility, and new chlor-dechlor facilities. Solids treatment train expansion components include primary sludge screening, two new egg-shaped digesters, and other solids handling modifications.

Principal-in-Charge for the Master Lift Station 317 Major Upgrade

Progressive design-build rehabilitation of existing LS 317, an existing wet pit/dry pit master lift station with three 70 HP pumps and one 35 HP jockey pump. The station receives influent flow from both gravity and upstream pump station force mains.Phase 1 consists of preliminary engineering, including field investigations (survey, LiDAR, SUE) and evaluation of three alternatives for rehabilitation of the station. Each alternative to address operational issues including excessive ragging, station capacity for current and future flows, odors and bypass pumping. A pre-application meeting will be conducted with the regulatory agency.

RUSS WACHTER, PE, BCEE (Cont.)

Project manager for the City of Mesa, Town of Gilbert, and Town of Queen Creek, Arizona, Greenfield WRP Phase II Expansion

This $145 million Phase II expansion design project included 16-mgd liquids WRF, 24-mgd equivalent of solids treatment, and modifications to Mesa's Southeast WRP to allow transfer of primary and waste activated solids from the Greenfield WRP to the Southeast WRP. The plant is designed to meet Arizona Department of Environmental Quality Class A+ reclaimed water quality standards and Class B solids for land application or disposal. The liquids treatment train includes screening, grit removal, primary clarification, BNR (anoxic and aerobic), secondary clarification, tertiary filtration, UV disinfection, and effluent pumping. Solids handling and treatment includes blending, thickening, anaerobic digestion, dewatering, and gas handling. Other site improvements include comprehensive odor control and noise abatement measures, and extensive site screening with berming and landscaping.

Project manager for the City of Chandler, Arizona, Ocotillo WRF Expansion Design

This $122-million expansion project involves permitting, public outreach, and preliminary and detailed design for the 5-mgd plant expansion to the existing 10 mgd facility through CMAR delivery. Work efforts also include modifications to the new Airport Lift Station to serve as a 15-mgd joint influent pump station, new 15-mgd joint headworks, membrane bioreactor (MBR) treatment, disinfection, basin/tank covers, foul air ductwork and associated odor control systems, 15-mgd joint solids handling facilities, and 15-mgd joint reclaimed water storage and pumping facilities. GE (Zenon Environmental) was selected as the immersed membrane system supplier. The design also includes a new administration building, process laboratory, extensive perimeter landscaping, and coordination with the CMAR contractor. The plant is designed to meet Arizona Department of Environmental Quality Class A+ reclaimed water quality standards.

Principal-in-charge for the City of Mesa, Arizona, Northwest WRP Tertiary Filter Rehabilitation project

This $4.3 million CMAR project included conversion of 12 mgd AADF (18 mgd peak) of aging traveling bridge tertiary filters to the Aqua-Aerobic AquaDiamond cloth media filtration technology, including miscellaneous structural, mechanical and electrical modifications to existing filter bays and supporting infrastructure.

Technical advisor for the City of Glendale. Arizona, Arrowhead Ranch WRF Expansion

This $28 million CMAR project involved new liquids and solids handling facilities.

Technical advisor for the City of Phoenix, Arizona, Unified Plant 2005 (UP05) Expansion project

The 91st Avenue WWTP , located on a 560-acre site, is owned by the Sub-regional Operating Group (SROG; consisting of the cities of Glendale, Mesa, Scottsdale, Tempe, and Phoenix).

The facility is operated by the City of Phoenix. Constructed in 1957, the plant has been upgraded and expanded to the current capacity of 180-mgd, the largest operating WWTP in Arizona. The unit processes consist of screening, grit removal, primary sedimentation, activated sludge with nitrification-denitrification, disinfection, and dechlorination. Solids are digested in anaerobic digesters, then dewatered in centrifuges. The UP05 Expansion is the second unified plant expansion (following the ongoing UP01 Project), and will provide additional flow, biochemical oxygen demand (BOD), and total suspended solids capacity needed by the SROG. The Project A UP05 Facilities specifically being designed under this scope of work include: new 96-inch effluent conveyance pipelines; Plants 1-3 chlorine disinfection improvements; Unified Plant chlorine disinfection improvements; a new sludge thickening centrifuge and polymer feed modifications; and a new Unified Pump Station with an initial firm pumping capacity of 150-mgd and an ultimate firm pumping capacity of 300-mgd, with the addition of future pumps.

Leo Pou

OPERATIONS LIAISON

Overview

Leo has 41 years of experience in the water and wastewater industry, including asset management, conceptual design planning, operational/ constructability reviews, process troubleshooting, risk management/ emergency preparedness plans, peak flow, personnel management, commissioning and start-up, standard operating procedures (SOP) development and implementation, and staff training. Leo was previously employed by the Miami-Dade Water & Sewer Department, Florida, for 34 years where he played a significant role as Operations Specialist supporting construction management and contractor activities.

Relevant Experience

Startup and commissioning support for the Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

Provided startup and commissioning support for a newly built 5-stage Bardenpho process with membrane bioreactors to meet advanced water treatment limits. Responsibilities included seeding the new treatment plant and processes, collaborating with the contractor and plant staff to commission and operate the facility, and providing both classroom and hands-on training as needed.

Project support for the Pasco County Utilities, Florida, Southeast WWTP Expansion Construction Engineering and Inspection (CEI) Services

This project consists of engineering services during construction and on-site resident project representative and construction inspection services of the Southeast WWTP expansion from 3- to 6-mgd AADF, plus several thousand linear feet of force main replacement and additions outside the fence. Responsibilities included process troubleshooting and training, and commissioning and startup activities.

Operations support for the Miami-Dade Water and Sewer Department, Florida, Central and South District WWTPs Thickening and Dewatering Buildings

This fast-track, $220-million design-build project involves the construction of sludge thickening and dewatering buildings at both plants to provide sludge thickening systems, digested sludge dewatering systems, and other engineering features. Provided support to the contractor during commissioning, startup, and performance testing. This project also included 200 hours of training for operations staff. The training also included a hands-on component, which covered all systems in the operation of the thickener and dewatering centrifuges allowing the plant staff to get comfortable with operating the new systems.

LEO POU (cont.)

Startup and commissioning support for the City of Valencia, California, Advanced WWTP

Provided support in troubleshooting and optimization of the membrane and reverse osmosis systems. Worked with staff during performance testing and developed operating parameters.

Operations support for the City of Cocoa, Florida, Jerry Sellers WTF

Worked with plant operations to identify and correct Total Nitrogen (TN) exceedance issues. Reviewed plant process operations and noted areas for optimization.

Training support for the City of West Palm Beach, Florida, WTP

Prepared and administered training for the operators. Training included the operation, troubleshooting and optimization of the filters in the plant.

Advisory panelist for the City of Los Angeles, California, Hyperion WWTP

Provided support to improve process control and operations of the facility. Created training tools to develop staff. Troubleshot and optimized solids handling. Improved resiliency by developing a proactive tank cleaning and maintenance program. Mentored and coached staff.

Operations specialist for the City of Denton, Texas

Assisted and supported the design team for improvements to the solids handling in the water treatment plant. This also included an evaluation, optimization, and training on the belt presses used to dewater sludge from the plant.

Assistant division director, Wastewater Division for the Miami-Dade Water and Sewer Department (WASD), Miami, Florida

Managed three large-scale/regional high-rate, high-purity oxygen-activated sludge plants. Worked with utility-wide capital improvements, federally mandated Consent Decree, and state-mandated Ocean Outfall legislation projects, which include treatment plant process improvements at the three facilities with capacities from 112- to 130 mgd. Managed budget preparation and utilization of operating budget for the facilities. Verified the three plants met regulatory compliance parameters.

Jose Rojas, PE

IQ PUMPING AND STORAGE

Overview

Jose has more than 24 years of experience in detailed water infrastructure design, such as water/wastewater treatment facilities, pumping stations, and project management. He also has experience with civil design and stormwater management and treatment design for commercial development, and experience as a research assistant operating and controlling an aerobic wastewater treatment pilot plant.

Relevant Experience

Influent flow meter designer for the Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

Carollo evaluated and designed upgrades to expand the Bee Ridge WRF from 12 to 18-mgd MMADF and convert it to meet Florida AWT standards. The project included new headworks, BNR basins, an MBR system, and support facilities. Carollo developed construction documents for GMP negotiation and provided project management, permitting assistance, and public involvement services.

Project engineer for the Pasco County Utilities, Florida, Southeast WWTP Improvement and Expansion Phase I

The project involved data collection, on-site sampling, regulatory review, process and hydraulic evaluations, a capacity analysis report, a facilities condition assessment, and a facility plan report.

Project engineer for the Pasco County Utilities, Florida, Southeast WWTP Expansion CEI Services

This project consisted of providing engineering services during construction, on-site resident project representative services, and construction inspection services for the Southeast WWTP expansion from 3- to 6-mgd AADF, plus several thousand linear feet of force main replacement and addition outside the fence.

Project engineer for the Pasco County Utilities, Florida, Southeast WWTP

Improvement and Expansion Detailed Design. Project includes development of preliminary design, hydraulic modeling, permitting, final design and bid services for expanding the plant from 3.0-mgd AADF to 6.0-mgd AADF.

Project engineer for the Pasco County, Florida, Wesley Center WWTF Rehabilitation and Expansion Phase III

He was responsible for reviewing and approving shop drawings, responding to contractor requests for information, reviewing requests for proposed changes, reviewing monthly pay applications, attending construction progress meetings, and assisting the project manager with the preparation of invoicing and scheduling.

JOSE ROJAS, PE (cont.)

Project manager for the Pinellas County, Florida, William E. Dunn WRF Headworks Screen Improvements

Prepared technical memorandum and preliminary design drawings for the evaluation of new screening technologies that will replace the existing headworks screens. The assessment includes preliminary sizing to identify the optimum screen size and meet the current peak flows. The technical memorandum included additional modifications to the existing headworks such as new sluice gates and headworks outfall structure improvements. Prepared design drawings and specifications. The design phase included replacement of existing bar screens with new center-flow band screens, design of a new splitter box downstream of the headworks, and hydraulic calculations for piping modifications to the existing RAS/WAS pumping station.

Project engineer for the Pasco County Utilities (PCU), Florida, Southeast WWTP New High Service Pump Station

This project involved the completion of a detailed design for the new high service pump station, as well as leading review meetings with another consultant and PCU.

Project engineer for Collier County, Florida, Northeast WRF and WTP Phase II Redesign and Permitting

This project includes the design and permitting of a 4-mgd MBR advanced water treatment facility.

Supervising engineer for the City of Venice, Florida, Eastside WRF System and Headworks Improvements project

Worked as part of the mechanical team on the design modifications to the headworks structure to replace the grit removal system with a more efficient system, the replacement of the mechanical aeration system with an energy-efficient blower and fine bubble diffusers, construction of a new blower building and modifications to the aeration basins were required to continue to provide advanced treatment.

Project manager for the Bay County, Florida, North Bay WWTF Sequencing Batch Reactor (SBR) Bidding and Limited Construction Administration

This project consists of the design of a 1 MG capacity SBR tank, including associated components and equipment to connect the new tank to existing infrastructure within the North Bay WWTF. Carollo will provide limited construction administration services during construction for electrical and I&C systems.

Project manager for the Columbia County, Florida, Ellisville WWTP

Worked as part of the process/mechanical team on the design of a new wastewater treatment package plant to replace the existing package plant. This project included the design of two lift stations and approximately 12,000 linear feet of 4-inch force main. Prepared construction drawings and specifications. Prepared hydraulic calculations and sized/selected the lift stations' pumps.

Project manager for the Manatee County, Florida, Southwest WRF Biological Nutrient Removal (BNR) Training and Facility Optimization

The project involved developing standard operating procedures (SOPs), process operating procedures (POPs), and Hach Water Information Management Solutions additions to optimize the BNR process. Plant supervisory staff were trained on the use of WIMS upgrades that include key performance indicators, SOPs, POPs, and training checklists. Developed Area Procedures and Expectations for the BNR process.

Project manager/project engineer for the City of Flagler Beach, Florida, WWTP Improvements Assessment

The project involved the development of a condition assessment for a 1-mgd WWTP. The condition assessment included an overall review of the facility with estimated implementation costs and recommendations for the City's consideration for future improvements, a capacity analysis, and a biosolids study.

Christian Karavangelos, PE

PROJECT ENGINEER

Overview

Christian is a civil/environmental engineer in Carollo's Orlando office with 10 years of experience and a background in a wide range of projects, including all phases of plant and infrastructure design, hydraulic modeling, field work and compliance, permitting, planning, and more. His primary work while at Carollo has been as a project engineer and design manager in detailed treatment plant design on both water and wastewater projects, with a heavy focus on solids/biosolids processing and handling.

Relevant Experience

Project engineer for Toho Water Authority, Florida, Lake Marion WRF Replacement and Expansion

Design engineer and CADD draftsman since 2016 for the replacement and expansion of the existing 1.5-mgd facility to a new 3.0-mgd with a future build-out capacity of 6.0mgd. The project scope consists of conceptual and preliminary design, final design, permitting, and construction services through project delivery. Primary design responsibilities included assisting in the final design of a new headworks structure including mechanical screens and HeadCell® grit removal, BNR basin, filtration, disinfection basin, pumping systems, reclaimed water management, civil site development and yard piping, and stormwater management.

Project engineer and CADD designer for the Orange County Utilities, Florida, Hamlin WRF Conceptual, Preliminary, and Final Design

Christian has been involved as a design engineer and CADD draftsman/ Revit modeler and was primarily involved with the Phase I final design pertaining to the disk filters, chlorine contact chamber and transfer pump system, high service pump station, and reclaimed water storage tanks.

Mechanical engineer for JEA, Jacksonville, Florida, Oakridge WTP High Service Pump Replacement

This project was for the replacement and expansion of the existing 1.5-mgd facility to a new 3.0-mgd with a future build-out capacity of 6.0mgd. The project scope consisted of conceptual and preliminary design, final design, permitting, and construction services through project delivery. Primary design responsibilities included assisting with design management and in the process mechanical final design, including well pump upgrades, horizontal split case high service pump replacement, civil site development, and yard piping.

CHRISTIAN KARAVANGELOS, PE (cont.)

Project engineer for JEA, Jacksonville, Florida, Biosolids Facility Improvements at the Buckman WRF

Carollo prepared a revised biosolids master plan in 2020, which recommended implementation of the Buckman Biosolids Capital Conversion Projects (BBCCP). The current design includes decommissioning the existing drum drying facility as it has reached its useful life including demolition of the existing Biosolids Processing Facility (BPF) which houses all the thickening, dewatering and drying processes due to age and corrosion and construction of a new thickening and dewatering building. There are five projects under this program including: new three-story biosolids processing facility with four gravity belt thickeners, thickened sludge pumps and liquid polymer storage and feed system; four high-speed centrifuges, feed pumps and liquid polymer storage and feed system; cake conveyors and piping, two new thermal drum dryers; pellet storage silos and truck loading bay with scales; cake receiving station with high-shear inline mixers and pump-mixed dilution tanks, sludge pumping, and odor control; and new 2-MG raw sludge holding tank with chemical systems, mixing, odor control, and pressurized inline sludge screening. Christian's roles included leading the design for the entire cake receiving area from its inception; performing hydraulic calculations and pump sizing/selection for the project's 75 pumps (sludge, chemicals, water, waste streams, etc.); and performing other process mechanical design for many of the aforementioned processes, equipment, and structures throughout the phases of final design and construction.

Project engineer for the City of Oviedo, Florida, Lockwood 16-Inch Wastewater Force Main Design

Carollo's design focused on the force main alternative recommended in the Lift Station 50 preliminary design report by providing additional data gathering, field investigation, final design, permitting assistance, bidding services, limited construction support services, and project management.

Project engineer for the City of Winter Springs, Florida, East and West WRF Conceptual Design Reports

Carollo was selected under the as-needed technical support services contract with the City to produce a conceptual design report to replace the aging water reclamation facilities.

Project engineer for the City of Oviedo, Florida, Lift Station 50 Preliminary Design Report

Project included existing condition assessment of the lift station and downstream piping, lift station design and alternatives analysis, hydraulic modeling, and client coordination.

Project engineer for the City of Cocoa, Florida, Biosolids Master Plan

This project included the development of a biosolids master plan to assist the City of Cocoa in identifying biosolids management strategies for the Jerry Sellers WRF. Tasks included the review of existing reports, documents, and permits, as well as interviews with appropriate personnel to assist in developing alternate strategies for the management of the City's biosolids. Site visits were conducted to better understand existing equipment capacities, condition, and operation. Recommendations were made based on workshops, City feedback, and analyses.

Project engineer for the Town of Longboat Key, Florida, 2021 Consent Order Corrective Action Assistance

On February 24, 2021, the Town entered a Consent Order (OGC No. 20-1261) with the State of Florida Department of Environmental Protection (Department) to reach settlement of matters related to the unauthorized discharge of wastewater due to a leak in the Town's 20-inch ductile iron force main. Carollo provided engineering and environmental services to assist the Town in managing, scheduling, and developing the corrective action items.

Project engineer for Town of Longboat Key, Florida, Sanitary Sewer Overflow Response Plan

This project included preparing a sewer overflow response plan (SORP) to outline procedures to follow in the event of a sanitary sewer overflow.

Rashi Gupta, PE

SOLIDS HANDLING

Overview

Rashi is a senior vice president and senior project manager at Carollo, with 27 years of experience specializing in delivering sustainable solutions for biosolids management and wastewater treatment throughout her career. Rashi is Carollo's Wastewater Practice Director, which allows her to remain current on leading wastewater technologies including changes within the biosolids management field.

Relevant Experience

Project engineer for the City of Sioux Falls, South Dakota, WWTP Expansion project

She is responsible for preliminary and final design of a comprehensive overhaul of the plant's existing solids handling system. The preliminary design includes the addition of WAS thickening with rotary drum thickeners and associated systems within an existing solids handling building, a new digested sludge storage tank, a new solids dewatering facility with screw presses, and covered cake storage. The design also includes provisions for direct truck-loading.

Project manager for the Union Sanitary District, California, Alvarado WWTP WAS Thickener Replacement project

The project includes evaluation of thickening technologies, and preliminary and final design for a retrofitted thickening facility with new polymer, thickened sludge conveyance, HVAC, electrical and other ancillary systems. Rashi is managing the project.

Project engineer and task lead for the San Francisco Public Utilities Commission, California, Treasure Island WWTP and Recycled Water Facility project

Her responsibilities include the conceptual design of new solids blending, thickening, and truck loading facilities for this greenfield plant. The conceptual design documents will be used by a design/build team for delivery of the final constructed facility.

Project manager for the City of Los Angeles, California, Terminal Island WRF Solids Management Study

The study includes an assessment of existing solids processing capacity and availability for co-digestion of food waste. The processes evaluated include thickening, thermophilic digestion, centrifuge dewatering, and dewatered cake loading systems. Biosolids management and digester gas utilization options were studied to determine the feasibility of these approaches for the plant.

RASHI GUPTA, PE (cont.)

Project engineer for the Encina Wastewater Authority, California, Solids Thickening project

Her responsibilities include the preliminary and final design of the RDT-based solids thickening facilities in an existing dewatering building. She is also leading the design of the polymer and thickened sludge conveyance and coordinating with other disciplines for necessary support facilities.

Task lead for the City of Fargo, North Dakota, Phase II B Improvements project

Her responsibilities include the final design of the centrifuge-based solids thickening facilities in a new building. She is also leading the design of the polymer, thickened sludge conveyance, and bridge crane systems, and coordinating with other disciplines for necessary support facilities.

Project engineer for the City of Lubbock, Texas, Southeast WRF Solids Handling Improvements project

Designed staged replacement of three existing gravity belt thickeners, four belt filter presses, and associated dry polymer systems with three new rotary drum thickeners, three 30” dewatering centrifuges, and emulsion polymer feed systems while retaining the plant’s ability to thicken and dewater the solids produced during construction. The $34M project, which provided reliable dewatering capacity of 9,000 lb/hr, also included a new cake storage and truck loading bay, new odor control, rehabilitated sludge storage tanks, and new E&C systems. Her work inside an existing solids handling building included staged replacement of three existing gravity belt thickeners, four belt filter presses, and associated dry polymer systems with three new rotary drum thickeners, three dewatering centrifuges, and emulsion polymer feed systems while retaining the plant’s ability to thicken and dewater the solids produced during construction. Improvements to the solids handling system also included replacement of an existing truck-loading system located within the building with an external, drive-through truck-loading bay. In addition to her responsibilities for the design of the solids handling facilities, she also coordinated the replacement of the existing building ventilation system and the addition of a new odor control facility dedicated to the solids handling system. The modifications will provide a reliable solids handling capacity sufficient for 29-mgd average annual flow.

Construction support and civil engineer for the Eastern Municipal Water District, California, San Jacinto Valley Regional WRF Interim Solids Handling project

She was responsible for construction management services, system start-up, submittal review, and response to contractor requests for information.

O&M manual development for the Eastern Municipal Water District, California, San Jacinto Valley Regional WRF Interim Solids Handling System

Her duties included development of operational procedures for the manual and provision of operator training on the system.

Design engineer for the City of Camarillo, California, WWTP Upgrade

The project included design of a facility expansion, which included the addition of advanced secondary treatment and filtration to meet increased water quality standards. Her responsibilities included analysis of the hydraulics of both plants at the facility and generation of a complete hydraulic profile during the preliminary design phase of the project.

Bill Sotirakos, PEng

UV DISINFECTION

Overview

Bill has more than 39 years of ultraviolet (UV) disinfection experience. He has worked on over 500 UV disinfection systems for wastewater and water reuse applications around the world. He has been involved in product development, research and all aspects of UV projects including design, sales support, proposals, project management, testing, commissioning, startup, training, and field troubleshooting.

Relevant Experience

UV process engineer for the JEA, Florida, Buckman Street Wastewater Treatment Plant Trojan UV4000 Retrofit Design

Extensive computational fluid dynamics analysis was performed to eliminate bottlenecks upstream of the UV system and to make sure the current design provides a proper flow split and uniform velocity leading into the first UV banks.

UV technical advisor for Dublin San Ramon Services District, California, UV System Capacity Evaluation and Bioassay Testing

As part of a facility expansion to 16.2 mgd, Carollo performed a capacity evaluation of the existing Wedeco TAK UV system to determine the capacity of the existing system and obtain data to estimate the capacity with the addition of two modules. Testing was used as a basis for the system expansion design which added one UV module per bank to meet the plant's expansion capacity.

UV process engineer for the City of Roseville, California, Pleasant Grove Wastewater Treatment Plant Expansion of a Trojan UV3000Plus System

This reuse facility is increasing its capacity by adding additional UV equipment and upgrading all of the UV PLC components.

UV process engineer for the City of Santa Cruz, California, Wastewater Treatment Plant Trojan UV4000 Retrofit Design

The facility's permit includes total coliforms, fecal coliform, and enterococci. The replacement UV system was designed around an enterococci dose.

UV process engineer for the Mt. View Sanitary District, California, UV Disinfection Replacement project

The project included the replacement of the 25-year-old Trojan UV3000 UV disinfection system with a new LPHO UV disinfection system. He designed the UV system and provided technical and QA/QC support to all other disciplines pertaining to the UV equipment.

BILL SOTIRAKOS, PENG (cont.)

UV technical advisor for the San Luis Obispo County, California, Los Osos Wastewater Project Development

The project involved design of a 3.9-mgd UV disinfection system.

UV process engineer for the City of Aurora, Colorado, 5-mgd Sand Creek Water Reuse Facility

He reduced the lamp count from 864 to 32 (>80 percent), which significantly reduced energy use and maintenance needs. The project was recognized with the WateReuse Colorado 2017 Project of the Year award.

UV process engineer for the University of California at Davis, California, UV System Replacement Evaluation and NPDES Permit Modification Support

The retrofit design replaces the Trojan UV3000 system with a new low-pressure, high-output UV system with a treatment capacity of 5.7 mgd.

UV design engineer for the city of Fargo, North Dakota, Wastewater Treatment Facility Phase IIA Improvements project

The project included conversion of the existing, gaseous chlorination and dechlorination system to UV disinfection. He provided design engineering services for the low-pressure, high-output UV system to accommodate flows up to 50 mgd.

UV process engineer for the City of Fargo, North Dakota, Wastewater Treatment Facility

Disinfection of the trickling filter effluent was converted from chlorine gas disinfection and dechlorination with sulfur dioxide to UV disinfection.

UV process engineer for the City of Austin, Texas, Walnut Creek Wastewater Treatment Plant Optimization and Facilities Plan

The project included a disinfection alternatives analysis that evaluated gaseous chlorine, on-site generation of sodium hypochlorite, bulk sodium hypochlorite, and UV disinfection. Planning level designs considered decentralized UV systems for the different treatment trains versus one centralized location. Costs, footprints, access and plant services were considered to determine the disinfectant and location of the system.

UV process engineer for the Racine Wastewater Utility, Wisconsin, UV Disinfection Replacement project

This project involves replacing the aging Trojan UV4000 system with a new LPHO UV disinfection system. This plant has a treatment capacity of 108 mgd.

UV process engineer for the North Shore Water Reclamation District, Illinois, Trojan UV4000 Retrofit Designs

The District owns and operates 3 facilities that have the recently retired Trojan UV4000 system installed. All 3 facilities will replace the aging systems with new LPHO systems. The facilities and capacities are listed below:

- Gurnee WRF 47 mgd
- Waukegan WRF 44 mgd
- Clavey Road WRF 28 mgd

UV process engineer for the City of Ashland, Oregon, Aquionics InLine Medium-pressure System Retrofit

The energy inefficient system is being replaced with the LPHO Wedeco LBX closed vessel system. The capacity of the new system is 11.4 mgd.

UV process engineer for the City of Arcata, California, Wastewater Treatment Plant

The UV system is fed from enhancement wetlands and is discharged to Humboldt Bay, the 'shellfish capital of California.'

UV technical advisor for the Clean Water Services, Oregon, Forest Grove Wastewater Treatment Facility Trojan UV4000 Retrofit Design

The 30 mgd facility is replacing the aging system with a closed vessel LPHO system from Evoqua Water Technologies.

Technical advisor and UV process engineer for the Regional Water Resource Agency in Owensboro, Kentucky

He was responsible for the design and pre-selection of UV equipment for the agency's two wastewater treatment plants, with treatment capacities of 38.9 and 14.7 mgd.

Khalil Kairouz, PhD, PE

ODOR CONTROL

Overview

Khalil, an associate vice president, has more than 33 years of experience in planning, process design, and construction services for conventional and advanced water and wastewater treatment projects. His design projects include pump stations; ion exchange, demineralization, odor control, and chemical feed facilities; boilers; heat exchangers; blowers; emergency standby generators; compressor facilities; pressure vessels; emergency chlorine scrubber systems; heating, ventilating, and air conditioning systems; tertiary filtration; and reverse osmosis.

Relevant Experience

Lead odor control engineer for the Tohopekaliga Water Authority, Florida, Sandhill WRF Upgrade and Expansion Design and Construction Management Services

He provided final design, bidding, and construction phase services for expansion from the current capacity of 6.0 mgd to 9.0 mgd.

Odor control engineer for the Pasco County, Florida, Wesley Center WWTP Rehabilitation and Expansion

Designed the odor control system that consisted of 30,000 CFM packaged low profile chemical scrubber with associated chemical feed systems and controls.

Project engineer for the Loxahatchee River District, Florida, WTF Odor Control Improvements Study

The study characterized odor sources, evaluated the performance of existing odor control treatment units, investigated alternatives to improve odor containment and reduce odor generation and complaints, and determined conceptual capital and operations and maintenance costs, resulting in selection of odor treatment technologies.

Lead odor control engineer for the Miami Dade WASD, Florida, Central and South Central WWTP Sludge Thickening and Dewatering Facilities

The project included an odor study that recommended biological treatment. Khalil subsequently designed the biofilter treatment system with a total capacity of 80,000 CFM.

Odor design engineer for the Eastern Municipal Water District, California, Perris Regional WRF Expansion Plant 3, Temecula RWRF Expansion, and Moreno Valley Expansion projects

Each project included a detailed study of odor characterization and best-available odor technologies. Subsequently, final designs included biological in-ground biofilters with a system capacity ranging from 30,000 to 80,000 CFM.

Odor design engineer for the Eastern Municipal Water District, California, Perris Regional WRF (RWRF) Expansion Plant 3, Temecula RWRF Expansion to 12 mgd, and Moreno Valley RWRF 2006 Expansion projects

Each project included a detailed study of odor characterization and best-available odor technologies. Subsequently, final designs included biological in-ground biofilters with a system capacity ranging from 30,000 to 80,000 cfm.

Project engineer for the Aeration Upgrades to the Secondary System project for the City of Riverside, California

Responsibilities included modifications to the existing aeration basins with new diffusers and piping systems, a new aeration blower facility consisting of five single-stage centrifugal blowers by Turblex, each with a 700-hp motor. The blowers are designed to operate with most open valve, dissolved oxygen, and pressure controls.

Mechanical engineer for the 3ASX Project for the San Bernardino Municipal Water Department, California

Responsibilities included design of a 2-mgd booster pump station with three variable frequency driven vertical turbine pumps and provisions for three additional pumps with a total capacity of 13 mgd, a 13-ton emergency chlorine scrubber system, and a sodium bisulfite dechlorination facility.

Lead design engineer for the WRF Upgrade project for the Camrosa Water District, California

Responsibilities included design of a bulk liquid sodium hypochlorite system for effluent recycle water systems, two 65-foot diameter circular secondary clarifiers, a return activated sludge/waste activated sludge and scum pumping station with six 8-mgd pumps, and the HVAC systems for the entire project.

Design engineer for the PAR 1085 South Secondary Improvements for the Metro Wastewater Reclamation District, Denver, Colorado

The project which included regulatory assistance, preliminary and final design, and construction management services was required to meet new, more restrictive criteria of less than 2 mg/L ammonia and 10 mg/L nitrate for discharge to the South Platte River.

Lead design engineer for the Inland Empire Utilities Agency, California, RP-5 Expansion and Modification

The design included two biofilter odor control facilities with a total capacity of 90,000 cfm. He was responsible for the design of three Turblex single-stage centrifugal blowers, each with a 500-hp motor. The blowers are designed to operate with most open valve, dissolved oxygen, and pressure controls.

Odor control engineer for the Headworks Rehabilitation at Plant No. 1 (P-105) project for the Orange County Sanitation District, California

Currently under design and includes 4 chemical scrubbers treating a total foul air of 113,000 cfm. The design incorporates VFD driven fans, chemical feed and acid wash systems, automated controls, and elevated structural access platforms.

Odor control engineer for the City San Francisco Public Utilities Commission SEP-020 Headworks Replacement project

Completed preliminary design evaluation of technologies including air monitoring, sampling, and dispersion modeling, and designed the 89,000-cfm foul air odor control facilities, which include two-stage treatment systems consisting of biotowers followed by carbon scrubbers with associated control.

HVAC and odor control engineer for the Union Sanitary District, California, WWTP Thickener Replacement Project at the Alvarado WWTP in Union City, California

The project includes evaluation of thickening technologies, and preliminary and final design for a retrofitted thickening facility with new polymer, thickened sludge conveyance, HVAC, electrical and other ancillary systems.

Danny Murphy, CPEng

CONVENTIONAL FILTRATION

Overview

Danny now leads Carollo's national tertiary filtration Community of Practice and has led designs ranging in scale from 30 gpm to 600 mgd. Danny has been dedicated to the field of water reuse for 18 years across research, demonstration projects and outreach, detailed design, construction, and field operations.

Relevant Experience

Design engineer for the Miami-Dade Water and Sewer Department, Florida, Central District WWTP Tertiary Treatment Upgrades

This project consisted of the Development of design packages for high level disinfection (HLD) at the CDWWTP. OOL Program projects at the CDWWTP will address the requirements for reducing the usage of the ocean outfalls and reducing nutrient discharge to the ocean by providing for effluent disposal via municipal and industrial injection wells.

Project engineer for the City of Altamonte Springs, Florida, Tertiary Filter Evaluation

Danny Performed tertiary filter inspection and assessment at the Altamonte Springs Regional WRF. Conducted a desktop evaluation, field inspection, and laboratory analysis to develop an overall filter health and performance evaluation, along with restoration and improvement recommendations. Plant operators were engaged in filter inspection activities to enable them to continue a routine filter surveillance program independently.

Detailed design and commissioning lead engineer for the Hampton Roads Sanitation District, Virginia Advanced Treatment Facility

The project involves several advanced treatment processes including enhanced flocculation and sedimentation, ozone with peroxide addition, biologically active filtration, GAC adsorption, ion exchange for PFAS removal, UV disinfection, chlorination, and managed aquifer recharge. Danny led the detailed design of the ozone area, as well as the ion exchange and ultraviolet (UV) disinfection areas. Additionally, Danny developed the overall start-up and commissioning plan for the facility.

Design engineer for the Sacramento Regional County Sanitation District, California, EchoWater Program

Carollo designed and permitted the $300-million tertiary treatment facility project to provide filtration and disinfection of secondary effluent to meet CA Title 22 equivalent requirements for tertiary disinfected recycled water for unrestricted reuse.

DANNY MURPHY, CPEng (cont.)

Project engineer for the City of Ventura, California, WWTP Tertiary Filter Replacement

In 2015 the City of Ventura engaged Carollo to design and operate an advanced water purification facility (AWPF) pilot plant to conduct public outreach and develop design criteria for a future potable reuse project. The pilot was highly successful, and the City has recently had funding approved to move forward with the full-scale project. After a series of filter underdrain failures, the City selected Carollo to replace the aging tertiary filters. The project will provide the City with new deep-bed granular media filters at a peak flow capacity of 17 mgd.

Project engineer for the City of Ventura, California, Wastewater Plant Tertiary Filter Replacement

In 2015 the City of Ventura engaged Carollo to design and operate an advanced water purification facility (AWPF) pilot plant for the purpose of public outreach and design criteria development for a future potable reuse project. The pilot was highly successful, and the City has recently had funding approved to move forward with the full-scale project. After a series of filter underdrain failures, the City selected Carollo to replace the aging tertiary filters. The project will provide the City with new deep-bed granular media filters at a peak flow capacity of 17 mgd.

Project engineer for the City of Sedona, Arizona, Tertiary Filter Rehabilitation project

Faced with aging and failed underdrains in its granular media filters, the City hired Carollo to identify a cost-effective solution to restore plant capacity (4.6 mgd) and reduce the maintenance burden. After providing conceptual designs and life-cycle cost assessments, Carollo completed detailed design and engineering services during construction. This was a small project with limited space, schedule, and budget, but was completed successfully on time, and on budget, and the end product exceeded client expectations.

Lead project engineer for the City of Roseville, California, Pleasant Grove Wastewater Treatment Plant Filter Replacement project

Carollo was engaged to deliver this project because of the team's experience and passion for tertiary filtration, as well as its advanced treatment expertise for the upcoming potable reuse project.

Project engineer for the West Basin Municipal Water District, California, Edward C. Little Water Recycling Facility Tertiary Filter Rehabilitation project

The Edward C. Little Water Recycling Facility includes granular media filtration for up to 40 mgd of recycled water production but has been plagued by underdrain failures reducing plant capacity. Carollo is designing a rehabilitation package for the 14 filters, including underdrains, filter media, concrete rehabilitation, air scour blowers, and backwash pump replacements. The project is being completed around an operating facility placing an emphasis on sequencing and MOPO.

Design manager for the DC Water and Sewer Authority, Washington, DC, Blue Plains Advanced Wastewater Treatment Facility Filter Underdrain and Backwash System Upgrades

The project will rehabilitate 40 filters, including concrete repairs and modifications to the existing filter cells, replacement of the underdrains and media, replacement of the blowers and backwash pumps, modifications to the backwash and air scour system, and miscellaneous supporting electrical and I&C improvements.

Design engineer for the Sacramento Regional County Sanitation District, California, Tertiary Treatment Upgrade

The large-scale project involves the construction of over 27,000 square feet of granular media filtration with provision for future ozone treatment. The tertiary plant is designed for up to 300-mgd peak flow. The plant is designed to meet California Title 22 regulations for uncontrolled reuse and to satisfy more stringent discharge requirements. Danny served as the design lead for the filtration component, which included the assessment of pilot plant data for the development of design criteria, options assessments and design for the filtration process, development of recycled water quality management control systems, and submission of the Title 22 engineering report.

Advanced treatment subject matter expert for the City of Los Angeles Bureau of Sanitation, California, Hyperion Water Reclamation Plant

The project involves the addition of 260 mgd of ozone and biological filtration.

Kirk Martin

DEEP INJECTION WELLS

Overview

Kirk has expertise in water supply development, groundwater hydraulic interpretations, and fresh/saline water relationships in coastal aquifers, and has extensive experience in the application of statistical analyses, computer models, and geophysical methods to the solution of water resource issues. Kirk takes a "total water management" approach to water resource planning and management challenges that provides for creative solutions to address multiple level issues, including large-scale water supply, aquifer recharge, and injection well design, construction, testing, and evaluation. Kirk commonly serves as a technical advisor to state, regional, and local governing bodies on water resource issues, including cities and counties throughout the state of Florida.

Project director for the Collier County, Florida, Golden Gate Wellfield Wells LTA-30 and LTA-40 Design, Permitting and Construction

The construction involved pilot-hole drilling, geophysical logging, collection of lithological data from drill cuttings, and hydraulic testing. The wells were successful in producing high-capacity flows of fresh water to the raw water supply for the County's North Water Treatment Facility on Vanderbilt Beach Road in Golden Gate Estates.

Project director for the Collier County, Florida, Wellfield Improvements Program

Lead technical resource for the program that includes planning, evaluation, design, permitting, construction, and improvements of the County's fresh, brackish, and reuse water supplies for more than 100 water supply wells, 8 deep injection wells, and 3 aquifer storage and recovery (ASR) wells.

Project director for the Collier County, Florida, Wellfield Vulnerability Evaluation

The purpose of the evaluation was to assess whether an existing MIKE SHE/MIKE 11 watershed model developed for Collier County could be used effectively for making improvements to the County's wellfield protection program. He developed the concept jointly with Collier County staff as a means to incorporate surface water influences on the wellfield vulnerability process in a cost-effective manner using existing analytic tools.

Project director for the Collier County, Florida, Consumptive Water Use Permit Renewal

He prepared application packages for Collier County's NESA, Golden Gate, SRO, and NRO wellfields. More recently, led the effort to combine and expand the County's existing water use permits, which resulted in an extension of the combined permit to the year 2060, allowed full-capacity use of each of the County's water treatment facilities, and increased the water allocation from 65 mgd to 78 mgd.

Kyle Ward, PE

HYDRAULICS

Overview

Kyle has served as project engineer for various water and wastewater treatment projects including permitting, design, construction management and development of libraries and tools for plant staff.

Relevant Experience

Project engineer for the Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

He performed treatment evaluation, design, and construction for the expansion of the WRF from 12 mgd to 18 mgd and the conversion from conventional BNR to MBR AWT. It included all infrastructure and treatment processes, including a new headworks, MBR system, and operations facility. The design included concepts to successfully support phased implementation and MOPO. Design and construction phase features supported no odor, light, noise, dust, or spills during construction and ongoing operations.

Project engineer for Pasco County, Florida, Southeast WWTP Improvements and Expansion Phase I

Leveraging Carollo's Hydraulix® software, he developed a comprehensive hydraulic model for the plant expansion.

Project engineer for the Manatee County, Florida, Southwest WRF BNR Training and Facility Optimization project

Responsibilities included helping develop a workshop to train staff to optimize operations of the recently converted treatment process. Additionally, he evaluated the existing chloramination process and developed tools that provided staff with the knowledge to troubleshoot and operate their chloramination system.

Project engineer for the Pinellas County, Florida, Sewer Interceptor Rehabilitation project

This project included closed circuit television inspection of approximately one mile of gravity sewer and field inspection of 45 manholes. Developed a specification manual and procedures for cured-in-place-pipe. He created exhibits for bypass plans that incorporated the County's GIS wastewater database. Provided pertinent permitting documentation, and cost estimates for each bypass plan.

Project engineer for the Lakewood Ranch, Florida, Peace River Manasota Regional Water Supply Authority, ASR Well System Modifications

The Authority wished to implement modifications to the existing aquifer storage recovery (ASR) Well Field No. 1 system. Modifications included the addition of isolation valves for routing flow from the existing 16-inch ASR pipeline to the ground storage tanks and sodium hypochlorite and ammonium hydroxide chemical storage and feed systems.

Brianna Smith

PUBLIC INVOLVEMENT

Overview

Brianna has over ten years of public involvement experience. Ms. Smith conducts public information programs for infrastructure projects including preparing newsletters, media releases, and advertisements. She also communicates with residents, businesses and property owners during project development. She is proficient with MS Word, Excel, Access, PowerPoint, Outlook and ArcGIS software. She develops and maintains database mailing lists of elected officials, agencies, property owners and other interested parties. Key projects she has been involved with are listed below.

Relevant Experience

Public awareness specialist for the Collier County, Florida, Northeast Service Area (NESA) Utility Extension project

Duties included addressing the public's issues and concerns throughout the construction process. A public information workshop was held at the onset of the project to inform the public about the construction phasing. Additional public meetings and neighborhood information meetings were held during construction to keep residents informed of project progress and changes. Notification newsletters were prepared for distribution to the affected property owners and tenants adjacent to the project area. A website and call log were updated and maintained throughout construction.

Public awareness specialist for the Collier County, Florida, Northeast Service Area (NESA) Utility Facilities Deep Injection Well project

Duties included addressing the public's issues and concerns throughout the construction process. Notification newsletters were prepared for distribution to the affected property owners and tenants adjacent to the project area. A website and call log were updated and maintained throughout construction.

Public awareness specialist for the Collier County, Florida, Golden Gate City Transmission Water Main Improvements project

Duties included addressing the public's issues and concerns throughout the construction process. A public information workshop was held at the onset of the project to inform the public about the construction phasing. Additional public meetings and neighborhood information meetings were held during construction to keep residents informed of project progress and changes.

Public awareness specialist for the Collier County, Florida, I-75 and 951 (Collier Boulevard) Utility Relocation project

Extensive coordination with Collier County staff and officials, property owners, tenants, residents and business owners are significant factors of the public involvement plan. Duties also include informational releases and interaction with media about the project.

Electrical engineer for the Sarasota County, Bee Ridge WRF Expansion and Conversion to AWT

Carollo designed upgrades to expand the BRWRF from 12-mgd monthly average daily flow (MADF) to 18-mgd maximum monthly average daily flow (MMADF) and convert its process to meet Florida's Advanced Wastewater Treatment standards. This effort included the design and construction of the expansion of the new biosolids handling and processing facilities for the new membrane bioreactor (MBR) treatment process including proposed new sludge holding, pumping, and aeration.

Electrical engineer for the Pasco County, Florida, Southeast WWTP Expansion Construction Phase Services

This project included the electrical design for two new pad-mounted utility transformers and a new 2750Kw generator connected to a new 4000-amp switchgear with integral automatic transfer switching. It also included new switchboards, motor control centers (MCC), variable frequency drives (VFD), transformers, and distribution panelboards.

Electrical engineer for the Polk County, Florida, Northeast Regional WWTP Expansion

Responsible for the design of a new 12.47 kV service, two 1,750 kW generators in parallel, medium-voltage main switchgear, 2,000-amp motor control centers, and variable-frequency drives and soft starters for pumps. This included Profibus network communication between all motors and control devices. The scope of services included expansion and upgrade of a WWTP from 3.0-mgd to 6.0-mgd with advanced secondary treatment for reclaimed water quality. Treatment units included new screening structure, BNR tanks, filtration, chlorine contact, transfer pumping, reclaimed water pumping, and aerobic digestion.

Electrical engineer for the City of Clermont, Florida, East Side WRF Phase II Expansion

Responsible for the design of a 3200-amp electrical service, 4000 amp automatic transfer switch, 1200 kW generator with provisions for a second 1200 kW generator, variable frequency drives for 100 hp aerators and motor control centers for other motor loads. Scope of services included design of a 2.0-mgd expansion and upgrade of the city's East Side WRF. The project included biological nutrient removal for nitrogen control. The facilities design included a new preliminary treatment structure featuring mechanical screening and grit removal; an integral pre-anoxic/oxidation ditch, secondary clarifiers, filters; chlorine contact; transfer pumping; conversion of existing tanks to sludge thickening/ aerobic digestion system; sludge dewatering; chemical handling facilities; and an operations building.

Norm Anderson, PE, CISSP, GICSP

SCADA/INSTRUMENTATION & CONTROL

Overview

Norm has been providing secure and reliable SCADA, Instrumentation & Controls (I&C), electrical, physical security, and cybersecurity solutions for over 24 years in water, wastewater, and environmental projects in both the public and private sectors. He is experienced in the planning, design, commissioning, and management of highly technical automation projects and is able to generate innovative solutions to complex problems. He has specialized in industrial control system network security and served as the SCADA manager at a municipal utility where he maintained and expanded the automation and communications systems firsthand.

Relevant Experience

Instrumentation & controls engineer for Tampa Bay Water, Florida, Lake Bridge WTP Pump No. 4

Provided project oversight for the I&C design of the addition of pump no. 4 to the Lake Bridge WTP . The design included a new variable frequency drive (VFD), integration of VFD into the existing control system, pump instrumentation, and upgrade of the existing high service pump station PLC.

Electrical and I&C engineer for the JEA, Jacksonville, Florida, Oakridge WTP High Service Pump Replacement

Carollo provided engineering services to upgrade the Oakridge WTP High Service Pump Station. The project provided the design to replace six high-service pumps, motors, and associated suction and discharge valves and piping; electrical system upgrades; piping for Well No. 1; an auxiliary generator and transfer switch; high-service pump building renovation; site work; maintenance of operations during construction; and incorporation of resiliency requirements. Engineering services include the final detailed design, permitting, bid phase assistance, and engineering support services during construction.

Lead electrical and I&C engineer for the City of Maitland, Florida, SCADA Upgrades project

The project involved expanding the City's SCADA system to cover its water treatment plants. Design included the development of piping and instrumentation diagrams (P&IDs) and electrical drawings for the installation of new SCADA Pack-based remote terminal units (RTUs) and cellular communications.

Lead I&C engineer for the Central Arkansas Water Authority, Arkansas, Ozark Point WTP Rehabilitation Improvements project

The project involved upgrading CAW Ozark Point WTP flocculation and sedimentation systems and upgrading flash mix, filter, and pumping systems. New Allen-Bradley programmable logic controllers (PLCs) and fiber optic communications were added as a part of the project and upgrades to the Inductive automation ignition system were incorporated.

Project engineer for the Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

This project included treatment evaluation, design, and construction to expand the WRF from 12 mgd to 18 mgd and conversion from conventional BNR to MBR AWT. The project included all infrastructure and treatment processes, including a new headworks, MBR system, and operations facility. The design included concepts to successfully support phased implementation and MOPO. Design and construction phase features supported no odor, light, noise, dust, or spills during construction and ongoing operations.

Project engineer for the Collier County, Florida, Northeast WRF and Common Facilities Design Update

Carollo is providing preliminary design, final design, and bidding services for the Northeast County WRF (NECWRF) in Collier County, Florida. The original 4-mgd facility plans, signed and filed in 2010, are being updated to reflect advancements in treatment technologies, O&M staff preferences, and service requirements. The existing design, which features Modified Ludzack-Ettinger (MLE) process with clarifiers and filtration, will be modified to a 6-mgd capacity using membrane bioreactor (MBR) technology. Interim wastewater facilities now under construction at the site will be incorporated into the permanent facility where feasible, supporting efficient project delivery and resource use.

Project engineer for the Pasco County, Florida, Southeast WWTP Improvement and Expansion project

The scope of this project includes expansion of the facility from 3-mgd AADF to 6-mgd AADF as well as its conversion to an A2O process. Responsibilities include data evaluation; development of design criteria; detailed design calculations; preparation of plans and specifications; cost estimating and permitting assistance.

Project engineer for the MSKP Town and Country, Florida, Babcock Ranch WRF Phase 2B

Phase 2B expanded treatment capacities at the Babcock Ranch WRF from 0.375- to 0.75-mgd AADF and required evaluation, design and construction of the following: membrane tank and equipment skid, process equipment in existing biological basin, process air blower, effluent transfer pump, and associated civil, structural and E&C. The project also included engineering services during construction.

Joel Smason, PE, SE

STRUCTURAL

Overview

Joel has 51 years of experience as a structural design engineer for water and WWTP s and nuclear power plant design. As a senior structural design engineer, Joel's responsibilities include preparation of preliminary structural designs, client assistance, supervision of personnel, preparation of budgets and estimates, and the development of detailed drawings and specifications. He also has experience with alternative project delivery methods, including design-build and construction manager at risk (CMAR).

Relevant Experience

Structural engineer for the Collier County, Florida, Northeast WRF Design Update

Carollo is providing preliminary design, final design, bidding, and construction phase services for the Northeast County WRF (NECWRF) in Collier County, Florida. The original 4-mgd facility plans, signed and filed in 2010, are being updated to reflect advancements in treatment technologies, O&M staff preferences, and service requirements. The existing design, which features a Modified Ludzack-Ettinger (MLE) process with clarifiers and filtration, will be modified to a 6-mgd capacity using membrane bioreactor (MBR) technology. Interim wastewater facilities now under construction at the site will be incorporated into the permanent facility where feasible, supporting efficient project delivery and resource use.

Structural engineer for the Sarasota County, Florida, Central County WRF Phase 3 Expansion Amendment project

Project included miscellaneous structural, electrical/ instrumentation, and mechanical modifications to the WWTP.

Structural engineer for the Manatee County, Florida, Lake Manatee WTP Filter Upgrade project

This project included a retrofit of the surface water treatment plant's existing dual-media filters with submerged ultrafiltration membranes and a new chemical facility. The design capacity of the ultrafiltration membranes will produce 52-mgd (net), making it the largest ultrafiltration membrane retrofit in the country.

Structural engineer for the City of Chandler, Arizona, Ocotillo WRF Expansion

Carollo performed the permitting, public outreach, preliminary and detailed design documentation for the initial 5-mgd plant expansion.

COST ESTIMATING

Overview

Jason has 31 years of experience specializing in cost estimating for water and WWTP s, pump stations, and distribution systems. He manages Carollo's company-wide cost estimating standards and has extensive experience with Construction Manager at-Risk (CMAR) delivery. Jason completed more than 150 bids for design-build and fixed-price construction projects and prepared hundreds of CMAR Bid Packages and Guaranteed Maximum Price (GMP) proposals.

Prior to his cost estimating experience, Jason worked as a project engineer, superintendent, and construction manager on a variety of water treatment and remediation projects in Illinois, Texas, Michigan, Iowa, Missouri, Connecticut, Colorado, Utah, and Wyoming. Since transitioning from a construction operations role to cost estimating, he and his teams have developed at-risk bids and GMP proposals exceeding $2 billion for water/WWTP work while producing over 500 opinions of probable cost estimates.

Estimator for the Pasco County Utilities, Florida, Southeast WWTP Expansion Phase 1

The Phase 1 engineering services included a condition assessment, process evaluation, capacity analysis report, and facility plan for the expansion and improvements of the Southeast WWTP . The scope also included a force main and route analysis for two force mains coming into the plant.

Estimator for the City of North Miami Beach, Florida, Northwood WTP Phase II Improvements

The construction value was estimated at $30 million.

Estimator for the City of Cape Coral, Florida, Southwest WRF Biosolids Facility

The project included the construction of a biosolids thermal drying facility at the Southwest WRF. Responsibilities included cost estimate development, subcontractor and vendor solicitation and evaluation, and final project cost determination.

Estimator for the City of Tallahassee, Florida, Thomas P. Smith WRF Expansion

Responsibilities included managing the estimating team during the preparation of internal cost estimates for all the work and completing subcontractor and vendor bid analysis, risk analysis, and other pricing reviews. In addition to traditional estimating, he prepared Value Engineering (VE) estimates at multiple locations throughout the facility. Several of the VE concepts were actualized resulting in a significant savings to the overall project costs.

Estimator for the City of Sunnyvale, California, Water Pollution Control Plant Secondary Treatment and Dewatering Facilities Design

This project included expanding the secondary treatment process to a conventional activated sludge (CAS) process, adding dewatering and thickening facilities for sludge handling, and adding sidestream ammonia treatment. The CAS process removes nitrogen in anticipation of upcoming nutrient regulations in the San Francisco Bay. The construction value was estimated at $50 million.

Amanda Bauner, PE, ENV SP

SUSTAINABILITY/ENVISION

Overview

Amanda has 29 years of experience in design, construction, and project management for water, wastewater, and stormwater projects. Her project experience includes various sizes of municipal WWTP upgrades and expansions, including New York City's largest WWTP expansion. She has worked as a project manager and project engineer on numerous municipal design and construction projects throughout the Northeast, Indiana, and Florida. Amanda regularly provides management, quality assurance, technical oversight, and peer reviews for wastewater treatment design and construction projects. Amanda is also the Resource Manager for Carollo's Florida region.

Quality manager and Envision sustainability lead for the Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

Carollo provided the process design for the Bee Ridge WRF Expansion to 18-mgd and conversion to advanced wastewater treatment effluent standards via CMAR delivery. This effort included the design and construction of the new biosolids handling and processing facilities, including proposed new sludge holding, pumping, and aeration. This effort included the design and construction of new biological nutrient removal (BNR) basins and a new membrane bioreactor (MBR) system.

Project manager for the Pasco County, Florida, Southeast WWTP Expansion Construction Engineering Inspection Services

This project consists of engineering services during construction and on-site resident project representative and construction inspection services for the Southeast WWTP expansion from 3- to 6-mgd AADF, plus several thousand linear feet of force main replacement and addition outside the fence.

Project manager for the Pasco County, Florida, Southeast WWTP Improvements and Expansion project

Carollo provided facility planning, preliminary design, final design, and construction-phase services for the improvements and expansion of the County's 3-mgd wastewater treatment plant, expanding its capacity to 6-mgd.

Project manager for the City of Leesburg, Florida, Turnpike WWTP Expansion Phase 2

As a subconsultant, Carollo completed the Phase 2 design for the headworks of the WWTP. The project is now in construction, with Carollo providing submittal and RFI reviews.

Project engineer for the Pasco County, Florida, Wesley Center WWTP Improvements and Expansion project

Carollo conducted an evaluation of the process systems at the existing treatment plant and identified opportunities to optimize treatment and operational performance for expanding the facility. Responsibilities included project engineering services during construction, review of submittals, and attendance at construction progress meetings.

Joseph Antinori, PE

GEOTECHNICAL

Overview

Joseph has over 20 years of experience in the field of geotechnical engineering providing services on a variety of public and private infrastructure projects to public agencies and municipalities throughout Florida. His work experience has included projects related to water and wastewater facilities including inside the fence facilities along with large diameter pipelines installed through HDD methods. Additionally, he has provided services on numerous roadway and bridge projects including work on complex interchanges.

Relevant Experience

Geotechnical engineer for the Hernando County, Florida, Ridge Manor Waste WRF Capacity Expansion

The project consisted of the design of a new headworks, clarifier tanks, a splitter box, a chemical building and Chlorination Facility, stormwater ponds and access driveways. Joseph provided geotechnical recommendations and considerations to support the design and construction of the project improvements.

Geotechnical engineer for the Charlotte County, Florida, West Port WRF Expansion Phase 1

The project consisted of designing and constructing multiple new structures including an equalization tank, Biological Nutrient Removal Basin, chlorine contact basin, and secondary clarifier to support the expansion of the West Port WRF in Charlotte County. Joseph provided geotechnical recommendations, including the feasibility of using a shallow foundation to support the proposed structures.

Geotechnical engineer for the Highlands County, Florida, Town of Lake Placid WWTP

The project consisted of the design of a new headworks, filters, clarifier tanks, carousel basins, an influent pump station, a splitter box, a PDC and chemical building, stormwater ponds and access driveways. Additionally, the project included groundwater flow modeling and mounding analyses for the existing effluent ponds. Joseph provided geotechnical recommendations and considerations to support the design and construction of the project improvements.

Geotechnical engineer for the Hillsborough County, Florida, David L. Tippin WTF

The project included the construction of a new high service pump station with a new common header, baffling within the existing on-site clear wells, and provision for non-chlorinated backwash water for the filters. Tierra's services included test borings, subsurface sampling, and piezometer installations as well as laboratory testing and geotechnical recommendations to support the design.

ARCHITECTURE

Overview

Alan has worked with engineering and construction firms, including Carollo Engineers, on over a dozen water and wastewater treatment facilities for Collier, Charlotte, Lee, Manatee, and Sarasota Counties. He led CA3 under a continuing services contract with the Department of Health for 17 years, with projects ranging from $30k to $2M. Under Alan's guidance, CA3 was recently awarded continuing services contracts by Charlotte County and the City of Tampa, and was awarded a renewed contract by Sarasota County. CA3 was recognized as the Best Residential & Commercial Architecture Firm 2023 (Southwest Florida) by the Build Architecture Awards.

Relevant Experience

Architect, Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

Worked alongside Carollo to design new facilities and to evaluate and update existing facilities.

Architect, Collier County, Florida, Northeast WRF, WTP, and Common Buildings Expansion

Worked alongside Carollo during the preliminary design, final design, bidding, and construction phases for the Northeast County WRF.

Architect, Lee County, Florida, North Lee County WTP Expansion

Worked alongside Carollo to design new administrative, electrical, and Annex buildings and to renovate the electrical room.

Architect, MSKP Town and Country, Florida, Babcock Ranch WTF Phase II B

Worked alongside Carollo to design a new Operations building and developed construction documents for a 3,200-SF facility.

Architect, Manatee County, Florida, Lake Manatee WTP

Worked alongside Carollo to design the chemical feed and storage buildings and to renovate the existing Filter Bay B.

Architect, City of Sarasota, Florida, Advanced WTP

Worked alongside Carollo to design improvements to the existing electrical building.

A. Gary Nychyk

ENVIRONMENTAL

Overview

Gary's duties include vegetation mapping, benthic surveys, wildlife surveys, track surveys, protected species management plans, wetland jurisdictional delineations, and wetland preserve mitigation monitoring. He works closely with the Florida Department of Environmental Protection (FDEP), the South Florida Water Management District (SFWMD), Florida Fish and Wildlife Conservation Commission (FWC), US Fish and Wildlife Service (USFWS), Lee County Port Authority, as well as local city and county government agencies. Gary was also a senior environmental planner with the Lee County Department of Community Development. He presented planned development rezoning cases before the Lee County Board of County Commissioners and the Bonita Springs City Council. Gary also reviewed protected species surveys and management plans and performed monitoring surveys for American bald eagle nest locations throughout Lee County.

Relevant Experience

Ecologist for the Collier County, Florida, Utility Line Expansion

Performed wetland delineation, protected species surveys, and permitting for utility line expansions in Collier County.

Ecologist for the City of Cape Coral, Florida, Southwest 6&7 Utilities Expansion project

Performed threatened/endangered species surveys and gopher tortoise relocation activities for the Southwest 6&7 Utilities Expansion project.

Stormwater management for the Lee County Port Authority, Florida

Performed annual Stormwater Pollution Prevention Plan and Spill Prevention, Control, and Countermeasures Plan site compliance evaluations and conducted annual SWPPP and SPCC training for Page Field and Southwest Florida International Airport staff and tenants.

Ecologist for the Babcock Ranch, Florida, Protected Species Surveys

Conducted protected species surveys, caracara surveys, and gopher tortoise burrow surveys and relocations.

Acoustic surveyor for the Babcock Webb Wildlife Management FWC Special Use Permit

Conducted acoustic surveys in collaboration with FWC for Florida bonneted bat at two artificial roost sites on the Babcock – Webb Wildlife Management Area to assist in developing a data library for identifying natural roosts.

Kevin RisCassi, PSM

SURVEYING

Overview

Kevin joined Johnson Engineering in 2001 and has 34 years of surveying experience, including control, boundary, topographic, route, hydrographic, construction, GPS, elevation certificates and mortgage surveys. He has six years of field experience as a survey crew chief, three years as a survey technician and has been licensed as a professional surveyor since 2003. Kevin serves as project manager on hydrographic, boundary, design and construction projects.

Relevant Experience

Surveyor for the Babcock Ranch, Florida, Phase IA, Town Square, and Phase 1 B Surveys

Kevin led the surveying services to complete the platting of Babcock Ranch Community Phase 1A & Town Square in 2012 and is currently in the process of platting Babcock Ranch Community Phase 1B1. He has performed hydrographic surveys on several of the lakes, prepared topographic surveys for design and quantity analysis, construction staking on the Earthsource Relocation Site and prepared tree surveys for permitting applications.

Surveyor for the Collier County, Florida, Clam Pass Surveys

Kevin was responsible for control survey, beach cross sections, profile data and hydrographic mapping on four cuts flowing to the pass.

Surveyor for the Gasparilla Island, Gasparilla Island Bridge Authority Toll Bridge

Kevin was responsible for control and mapping of hydrographic data necessary for dredging and design analysis for the construction of new bridges.

Surveyor for the City of Sanibel, Florida, Ding Darling

Kevin was responsible for vertical control, obtaining cross sections on drainage creeks and topographic data collection on approximately 230 acres mangrove vegetated land for runoff and restoration studies.

Surveyor for the City of Riverview, Florida, South Fork East CDD Amenity Center Expansion

Kevin was responsible for the topographic and boundary survey data necessary to prepare concept alternatives and site design for a community activity area and building expansion at this public facility within the South Fork East Community Development District.

Surveyor for the City of Key West, Florida, U.S. Navy Turning Basin at Key West Bight

Kevin played an instrumental role in the hydrographic survey of an existing basin for design.

PROCESS MODELING

Overview

Natalie is a Lead Wastewater Technologist, Carollo's East Region Wastewater Practice Lead, and National Low Dissolved Oxygen (DO) Lead with 14 years of experience. She specializes in biological nutrient removal systems, including evaluating wastewater process performance and opportunities for optimization, process modeling, planning and design. Her deep understanding of wastewater treatment processes has been integral in helping utilities remain on the cutting edge of wastewater treatment innovation.

Relevant Experience

Lead liquid stream process engineer/process modeler for the Manatee County, Florida, North Regional WRF Process/Capacity Analysis and Expansion Plan

The project will guide a planned expansion from 7.5 to 12.5 mgd and includes evaluating influent and process data, growth projections, and system constraints to identify phased expansion strategies and near-term improvements to enhance operational flexibility and reliability. Key focus areas include optimizing existing treatment capacity, addressing hydraulic limitations in the RAS/WAS pumping station, and developing planning-level cost estimates and CIP documentation.

Lead wastewater process engineer and process modeler for the Polk County Utilities, Florida, NWRWWTF Membrane Bioreactor (MBR) and Dewatering Improvements project

Supported planning and design for major upgrades including replacement of aging traveling bridge filters with a new MBR system to improve treatment performance and reliability.

Lead process and design engineer for the City of Sioux Falls, South Dakota, Sioux Falls WRF Improvements and Expansion

This CMAR project includes upgrades to primary and secondary treatment facilities to manage and treat peak flows, improve process performance and efficiency, and provide effluent quality compliant with anticipated discharge permit requirements. Responsibilities include detailed process performance and secondary treatment capacity evaluations, data analysis and visualization, BioWin model development and execution, as well as conceptual and preliminary design of RAS/WAS pumping and disinfection.

Process engineer/process modeler for the Onondaga County, New York, Oak Orchard WWTP (NY) Upgrade and Biosolids Facility project

The project is part of a broader expansion program to accommodate regional growth and industrial development. The upgrades include a 25% design of a five-stage membrane bioreactor (MBR) process to meet new capacity and permit requirements, along with a regional biosolids facility capable of processing on-site and imported solids, high-strength waste, and diverted flows from other facilities. A comprehensive alternatives analysis informed technology selection to support an energy-efficient, operator-friendly facility that also enables recycled water production.

Erik Peters

CONSTRUCTABILITY/SEQUENCING

Overview

Erik is Carollo's Director of Construction Management and Operations. He has 21 years of construction management experience in the water and wastewater industry. His experience includes constructability reviews, sequencing, staff training, and managing all aspects of construction contracts from set-up and close-out to billing and forecasting. Erik works closely with Carollo's design engineers, providing construction management and operations assistance during a project's design phase through startup and commissioning.

Relevant Experience

Deputy construction manager for the City of Cape Coral, Florida, WRF Expansion and Rehabilitation

There are three phases to this project with four separate work authorizations. Work included clearing and grubbing 17.6 acres of wooded area, erection of two 5 MG aboveground prestressed water storage tanks, rehabilitation of headworks, new grit system, biological odor control system, aeration basins, three clarifiers, chlorine contact chamber, sodium hypochlorite storage and feed building, alum storage and feed facilities, generator building with fuel storage area, RAS & WAS pump stations, ABF filters, chlorine contact chamber, effluent transfer pump station, reclaimed water service pumps, blower building, and second emergency generator building. Electrical and controls upgrades include underground duct bank arteries, new plant PLC based PCIS system, new 480V main generator switchgear, and (3) 2250kw and (3) 1750kW standby generators.

Field/office engineer for the City of Cape Coral, Florida, WRF Expansion

Responsibilities included creation of bid packages, execution of subcontracts, quality assurance, billings, permitting, and overall project cost reporting for numerous projects completed under this program. All projects were completed using a Construction Manager-at-Risk contract and included the construction of two WWTP s, one water treatment plant, and installation of nearly 800 miles of distribution piping.

Field/office engineer for the City of Cape Coral, Florida, Biosolids Treatment Facility

Project entailed two phases of work with one authorization. Phase one included the procurement of the biosolids process equipment. Phase two included a building to house all process equipment.

Emily Platt

GRANTS & LOANS

Overview

Emily is a funding specialist at Carollo with seven years of experience. Her expertise includes policy writing, non-profit management, survey design and analysis of date, and stakeholder relations and communications. She works with clients to assist in the identification of critical and competitive projects and relevant funding programs. She creates funding strategies and writes competitive applications for state and federal grant and loan opportunities. Through her experiences in consulting and working directly with municipalities and districts in various capacities throughout her career, she understands the great need that utilities face across the nation to make sure they can continue to provide a high level of service and quality of life for their customers and uplift their communities.

Inspection and Maintenance for Stormwater Control Measure, Ohio State University

Relevant Experience

Funding specialist for the City of North Miami Beach, Florida, Strategic Funding Plan Development

Emily's responsibilities include project management, funding strategy identification and development, grant and/or loan application writing, and submission.

Funding Specialist for the City of Delray Beach, Florida, EPA Community Grants Program

Emily provided application writing support for the pump station improvement project.

Funding specialist for the City of Klamath Falls, Oregon, US Bureau of Reclamation WaterSMART Planning and Project Design

Emily's responsibilities included grant application writing and submission support and Congressional Direct Spending application writing and submission support for WWTP improvements.

Funding specialist for the El Dorado Irrigation District, California, FEMA Building Resilient Infrastructure and Communities

Emily was responsible for application writing and submission support for water reservoir improvements.

Funding specialist for Santa Clara Valley Water District, California, US Bureau of Reclamation Desalination and Water Purification Research Program

Emily assisted in grant application writing and submission support for purified water research.

Funding specialist for the Page Utility Enterprises, Arizona, Congressional Direct Spending Application

Emily assisted in application writing and submission support for intake pipeline and WTP improvements.

Funding specialist for the Rincon Band of Luiseno Indians, California, EPA Climate Pollution Reduction Implementation Grant Application

Emily provided application writing support for septic to sewer transition project.

Funding specialist for the Brownsville Public Utilities Board, Texas, US Bureau of Reclamation, Title XVI WIIN Act Application

Emily provided application writing support for a water desalination project.

Funding specialist for the McAllen Public Utility, Texas, Texas Water Development Board State Water Implementation Fund for Texas

Emily provided application writing support for a water desalination project.

Gerry Torres

ENGINEERING SERVICES DURING CONSTRUCTION

Overview

Gerry has 20 years of experience in water and wastewater treatment projects, specializing in estimating, preconstruction, and project operations across design-bid-build and integrated delivery methods (design-build and CMAR). His expertise includes interagency coordination, program development, construction management, and project close-out. Gerry excels in budget controls, change order management, schedule maintenance, and dispute resolution, while making sure regulatory and environmental requirements are met. He has a strong background in cost-effective planning and building solid relationships with local subcontractors and vendors. Gerry enhances preconstruction services by supporting estimating phases, value engineering, constructability reviews, and detailed pricing, leading projects to successful completion.

CERTIFICATION
Designated Design-build Professional (DBIA)

Relevant Experience

Construction inspection services for the Pasco County, Florida, Southeast WWTP Expansion CEI Services

This project consists of engineering services during construction and on-site resident project representative and construction inspection services of the Southeast WWTP expansion from 3- to 6-mgd AADF, plus several thousand linear feet of force main replacement and addition outside the fence.

Construction manager for the Sarasota County, Florida, Bee Ridge WRF Expansion and Conversion to AWT

This project included treatment evaluation, design, and construction of the expansion of the WRF from 12 mgd to 18 mgd and conversion from conventional BNR to MBR AWT. The project included all infrastructure and treatment processes, including a new headworks, MBR system, and operations facility. The design included concepts to successfully support phased implementation and MOPO. Design and construction phase features supported no odor, light, noise, dust, or spills during construction and ongoing operations.

Field investigator and data reviewer for the City of Sarasota, Florida, WWTP Improvements project

This project primarily is to renew and/or replace existing facilities, automate existing treatment processes, “harden” existing facilities against severe weather events and cyberattacks, evaluate electrical needs, and provide redundancy for critical infrastructure for the existing 10.2-mgd advanced WWTP . Only relatively minor upgrades have been performed with the updating of reclaimed filters and the expansion of the headworks in 2019.

Construction observer for the Pinellas County, Florida, William E. Dunn WRF (WEDWRF) Filtration Improvements

Carollo was retained by Pinellas County to design and construct the filtration and disinfection improvements at the WEDWRF. Three new AquaDiamond® cloth media filters will be installed in three of the existing traveling bridge filter basins to increase capacity in each basin and to replace aging filter equipment. The fourth traveling bridge filter equipment will be removed from the basin under this project. A new bulk liquid sodium hypochlorite system will be constructed to replace the existing gaseous chlorine system that feeds chlorine to the CCCs. This system will consist of two bulk storage tanks, two loop recirculation pumps to provide the chlorine to the off-site pump station, and seven chemical feed skidded pumps.

Chris White, PE

O&M, COMMISSIONING, & TRAINING

Overview

Chris brings broad municipal and industrial experience in equipment and system operation throughout the water and wastewater industry, including field experience at more than 120 facilities. He has held pilot and start-up program management positions for equipment manufacturers and consulting engineers, with positions focused on process operations (including bench/pilot studies, start-up, troubleshooting, and training).

Relevant Experience

Operations support for the Pasco County, Florida, Southeast WWTP Expansion Construction Engineering Inspection Services

Chris provided startup, testing, and operations support for this project, consisting of engineering services during construction and on-site resident project representative and construction inspection services of the Southeast WWTP expansion from 3- to 6-mgd AADF, plus several thousand linear feet of force main replacement and addition outside the fence.

Operations support for the City of Cocoa, Florida, Influent Pump Station Rehabilitation and Transfer Pump Replacement Engineering Services During Construction (ESDC)

Chris supported the construction, startup, and testing for the influent pump station, transfer pump station, and internal recycle pump station upgrades at the Jerry Sellers WRF. Responsibilities included operations assistance during pump replacements and structural/mechanical rehabilitation, field troubleshooting, and coordination with the CMAR contractor. Also reviewed piping modifications, drain line improvements, and process-unit rehabilitation work while providing ongoing engineering support to maintain reliable facility operations during construction.

Operations specialist for the Pasco County, Florida, Southeast WWTP Expansion

Chris provided operational support for startup and operator training at the facility. He provided onsite support during process changes during construction activities to maintain effective plant operation.

Operations specialist for the Hillsboro County, Florida, Falkenburg Emergency Capacity Expansion

Chris provided operations support for startup of temporary filters and additional chlorine disinfection facilities.

Operations assistance for the City of Cocoa, Florida, Jerry Sellers WRF

Chris provided process data and operations review to troubleshoot high nitrogen anomalies at the WRF. Onsite facility inspection was conducted, and preliminary recommendations have been made.

Appendix C
Required Forms

Collier County

Procurement Services Division

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and the bid/proposal submittal is in every respect fair and made in good faith, without collusion or fraud and in compliance with the Procurement Ordinance, Section Seven, Ethical Standards.

The vendor certifies to the best of their knowledge or belief, no elected/appointed official or employee of Collier County, a spouse thereof or other person residing in the same household, is financially interested, directly or indirectly, in providing the goods or services specified in any submitted bid or proposal. A financial interest is defined as ownership of more than one percent (1%) of the total assets or capital stock or being an officer, director, manager, partner, proprietor, or agent of the business submitting the bid or proposal or of any subcontractor or supplier thereof providing goods or services in excess of one percent (1%) of the total bid or proposal amount. Additionally, the vendor, on company letterhead, must divulge at the time of the submittal of a bid or proposal, any relative, other than those already specified, of an elected or appointed official or employee of the County who has a financial interest, in providing the goods or services specified in the bid or proposal. The County, at its sole discretion, will determine whether a conflict exists and whether to accept or reject the bid or proposal.

The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed in this solicitation**.** The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services and a subcontractor is a related entity to the Vendor, then the Vendor shall not mark-up the subcontractor's fees. A related entity shall be defined as any parent or subsidiary of the company and any business, corporation, partnership, limited liability company or other entity in which the company or a parent or a subsidiary of the company holds any ownership interest, directly or indirectly.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Company Name: Carollo Engineers, Inc.

Date: 3/12/26

Signature: *Laura Baumberger* *Digitally signed by Laura Baumberger Date: 2026.03.12 16:57:04 -04'00'* Title: Senior Vice President

Incorporated in the State of Delaware

Collier County

Procurement Services Division

Form 2: Conflict of Interest Certification

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest and is in compliance with the Procurement Ordinance, Section Seven, Ethical Standards, that states:

> "A consultant who participates in the drafting of a solicitation or scope or who develops a program for future implementation that gives rise to an actual conflict so as to unfairly benefit that consultant to the disadvantage of any other future firms that could competitively seek a County contract related to such program or project upon which the solicitation or scope is based, and which conflict is not otherwise curable, is not eligible to contract with the County for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a vendor who responds to a request for information from being eligible to contract with the County."

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition, the contractor / vendor must provide the following, if applicable:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having a conflict of interest identified in one or more of the above three categories may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Collier County
Procurement Services Division

Form 3: Immigration Certification

Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid.* **Failure to do so will result in the vendor's submission being deemed non-responsive**.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

THE E-VERIFY

MEMORANDUM OF UNDERSTANDING

FOR EMPLOYERS USING A WEB SERVICES E-VERIFY EMPLOYER AGENT

ARTICLE I

PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS), the Carollo Engineers, Inc. (Employer), and the Web Services E-Verify Employer Agent. The purpose of this agreement is to set forth terms and conditions which the Employer and the Web Services E-Verify Employer Agent will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the E-Verify Employer Agent, the Social Security Administration (SSA), and DHS.

References in this MOU to the Employer include the Web Services E-Verify Employer Agent when acting on behalf of the Employer.

For purposes of this MOU, the E-Verify browser refers to the website that provides direct access to the E-Verify system: https://e-verify.uscis.gov/emp. You may access E-Verify directly free of charge via the E-Verify browser.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. Section 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II

RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. For purposes of this MOU, references to the Employer include the Web Services E-Verify Employer Agent when acting on behalf of the Employer.
2. By enrolling in E-Verify and signing the applicable MOU, the Employer asserts that it is a legitimate company which intends to use E-Verify for legitimate purposes only and in accordance with the laws, regulations and DHS policies and procedures relating to the use of E-Verify.
3. The Employer agrees to display the following notices supplied by DHS (though the Web Services E-Verify Employer Agent) in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:
    A. Notice of E-Verify Participation
    B. Notice of Right to Work
4. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.
5. The Employer agrees to become familiar with and comply with the most recent version of theE-Verify User Manual. The Employer will obtain the E-Verify User Manual from the Web ServicesE-Verify Employer Agent, and will be notified by the Web Services E-Verify Employer Agent when a new version of the E-Verify User Manual becomes available.
6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:
    A. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. 274a.2(b)(1)(B)) can be

Company ID Number:40635 Client Company ID Number:1491821

presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

B. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.
8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.
   A. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.
   B. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.
9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.
10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.
11. The Employer must use E-Verify (through its Web Services E-Verify Employer Agent) for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.
12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B below) to contact DHS with information necessary to resolve the challenge.
13. The Employer agrees not to take any adverse action against an employee based upon the employee's

Company ID Number:40635 Client Company ID Number:1491821

perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. Section 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).
15. The Employer agrees that it will use the information it receives from E-Verify (through its Web Services E-Verify Employer Agent) only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as Personal Identification Numbers and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.
16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident - Password" in the subject line of your email when sending a breach report to E-Verify.
17. The Employer acknowledges that the information it receives from SSA through its Web ServicesE-Verify Employer Agent is governed by the Privacy Act (5 U.S.C. Section 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.
18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.
19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.
20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.
21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

Company ID Number:40635 Client Company ID Number:1491821

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF THE WEB SERVICES E-VERIFY EMPLOYER AGENT

1. The Web Services E-Verify Employer Agent agrees to complete its Web Services interface no later than six months after the date the Web Services User signs this MOU. E-Verify considers your interface to be complete once it has been built pursuant to the Interface Control Agreement (ICA), submitted to E-Verify for testing, and approved for system access.
2. The Web Services E-Verify Employer Agent agrees to perform sufficient maintenance on the Web Services interface in accordance with the requirements listed in the ICA. These requirements include, but are not limited to, updating the Web Services interface to ensure that any updates or enhancements are incorporated no later than six months after the issuance of an ICA. Web Services E-Verify Employer Agents should be aware that this will require the investment of time and resources. Compliance with the requirements of the ICA must be carried out to the satisfaction of DHS and or its assignees.
3. The Web Services E-Verify Employer Agent agrees to provide to SSA and/or DHS the names, titles, addresses, e-mail addresses, and telephone numbers of the Web Services E-Verify Employer Agent representative who will access information, as well as ensure cooperation, communication, and coordination with E-Verify. In addition, Web Services E-Verify Employer Agents must provide to SSA and/or DHS the names, titles, addresses, and telephone numbers of its clients and their staff who will access information through E-Verify. Web Services E-Verify Employer Agents must ensure the contact information is updated with SSA and DHS whenever the points of contact change.
4. The Web Services E-Verify Employer Agent agrees to become familiar with and comply with theE-Verify User Manual and provide a copy of the most current version of the manual to the Employer so that the Employer can become familiar with and comply with E-Verify policy and procedures. The Web Services E-Verify Employer Agent agrees to obtain a revised E-Verify User Manual as it becomes available and to provide a copy of the revised version to the Employer no later than 30 days after the manual becomes available.
5. The Web Services E-Verify Employer Agent agrees that any person accessing E-Verify on its behalf is trained on the most recent E-Verify policy and procedures.
6. The Web Services E-Verify Employer Agent agrees that any of its representatives who will perform employment verification cases will complete the E-Verify Tutorial before that individual initiates any cases.
    A. The Web Services E-Verify Employer Agent agrees that all of its representatives will take the refresher tutorials initiated by E-Verify as a condition of continued use of E-Verify, including any tutorials for Federal contractors, if any of the Employers represented by the Web Services E-Verify Employer Agent is a Federal contractor.
    B. Failure to complete a refresher tutorial will prevent the Web Services E-Verify Employer Agent and Employer from continued use of E-Verify.
7. The Web Services E-Verify Employer Agent agrees to grant E-Verify access only to current employees who need E-Verify access. The Web Services E-Verify Employer Agent must promptly terminate an employee's E-Verify access if the employee is separated from the company or no longer needs access to E-Verify.
8. The Web Services E-Verify Employer Agent agrees to obtain the necessary equipment to use E- Verify as required by the E-Verify rules and regulations as modified from time to time.
9. The Web Services E-Verify Employer Agent agrees to, consistent with applicable laws, regulations, and policies, commit sufficient personnel and resources to meet the requirements of this MOU.
10. The Web Services E-Verify Employer Agent agrees to provide its clients with training on E-Verify processes, policies, and procedures. The E-Verify Employer Agent also agrees to provide its clients with ongoing E-Verify training as needed. E-Verify is not responsible for providing training to clients of E-Verify Employer Agents.
11. The Web Services E-Verify Employer Agent agrees to provide the Employer with the notices described in Article II.B.2 below.
12. The Web Services E-Verify Employer Agent agrees to create E-Verify cases for the Employer it represents in accordance with the E-Verify Manual, the E-Verify Web-Based Tutorial and all other published E-Verify rules and procedures. The Web Services E-Verify Employer Agent will createE-Verify cases using information provided by the Employer and will immediately communicate the response back to the Employer. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Web Services E-Verify Employer Agent's attempting, in good faith, to make inquiries on behalf of the Employer during the period of unavailability. If, however, the Web Services interface is unavailable due to no fault of E-Verify, then the three-day time period is not extended. In such a case, the

Web Services E-Verify Employer Agent must use the E-Verify browser during the outage.

13. The Web Services E-Verify Employer Agent agrees to ensure that all notices, referral letters and any other materials otherwise including instructions regarding tentative nonconfirmations, will be consistent with the most current E-Verify tentative nonconfirmation notices and referral letters, which are available on E-Verify's website.
14. The Web Services E-Verify Employer Agent agrees that any system or interface it develops will follow the steps for creating E-Verify cases and processing tentative nonconfirmations, as laid out in the ICA, this MOU and the User Manual, including but not limited to allowing an employer to close an invalid case where appropriate, allowing an employer to refer a tentative nonconfirmation only when an employee chooses to contest a tentative nonconfirmation (no automatic referrals), and referring a tentative nonconfirmation to the appropriate agency at the time the employer prints the referral letter and provides the letter to the employee. The Web Services E-Verify Employer Agent understands that any failure to make its system or interface consistent with proper E-Verify procedures can result in DHS terminating the Web Services E-Verify Employer Agent's agreement and access with or without notice.
15. When the Web Services E-Verify Employer Agent receives notice from a client company that it has received a contract with the FAR clause, then the Web Services E-Verify Employer Agent must update the company's E-Verify profile within 30 days of the contract award date.
16. If data is transmitted between the Web Services E-Verify Employer Agent and its client, then the Web Services E-Verify Employer Agent agrees to protect personally identifiable information during transmission to and from the Web Services E-Verify Employer Agent.
17. The Web Services E-Verify Employer Agent agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access toE-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at . Please use "Privacy Incident - Password" in the subject line of your email when sending a breach report to E-Verify.
18. The Web Services E-Verify Employer Agent agrees to fully cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including permitting DHS, SSA, their contractors and other agents, upon reasonable notice, to review Forms I-9, employment records, and all records pertaining to the Web Services E-Verify Employer Agent's use of E-Verify, and to interview it and its employees regarding the use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.
    A. The Web Services E-Verify Employer Agent agrees to cooperate with DHS if DHS requests information about the Web Services E-Verify Employer Agent's interface, including requests by DHS to view the actual interface operated by the Web Services E-Verify Employer Agent as well as related business documents. The Web Services E-Verify Employer Agent agrees to demonstrate for DHS the functionality of its interface to E-Verify upon request.
    B. The Web Services E-Verify Employer Agent agrees to demonstrate, if requested by DHS, that it has provided training to its clients that meets E-Verify standards. Training programs must provide a focused study of the topics covered in the E-Verify User Manual and pertinent Supplemental Guides. Furthermore, training programs and materials must be updated as E-Verify changes occur. The Web Services E-Verify Employer Agent is encouraged to incorporate information from existing E-Verify materials, including the Enrollment Quick Reference Guide, the E-Verify Employer Agent Client Handbook (formerly known as the Designated Agent Client Handbook), and existing tutorials and manuals into their training program. E-Verify also encourages the Web Services E-Verify Employer Agent to supervise first-time use of the E-Verify browser or Web Services interface by its staff and Employer clients as part of any training program. The Web Services E-Verify Employer Agent agrees to submit its training program materials to DHS for review upon request.

        Failure to provide adequate training could, in some instances, lead to penalties as described in Article V.F.1. of this MOU.
19. The Web Services E-Verify Employer Agent shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Web Services E-Verify Employer Agent shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your Web Services E-Verify Employer Agent services and any claim to that effect is false.
20. The Web Services E-Verify Employer Agent shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.
21. The Web Services E-Verify Employer Agent agrees that E-Verify trademarks and logos may be used only

Company ID Number:40635 Client Company ID Number:1491821

under license by DHS/USCIS (see) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Web Services E-Verify Employer Agent's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Web Services E-Verify Employer Agent understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Web Services E-Verify Employer Agent may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

C. RESPONSIBILITIES OF FEDERAL CONTRACTORS

The Web Services E-Verify Employer Agent shall ensure that the Web Services E-Verify Employer Agent and the Employers it represents carry out the following responsibilities if the Employer is a Federal contractor or becomes a federal contractor. The Web Services E-Verify Employer Agent should instruct the client to keep the Web Services E-Verify Employer Agent informed about any changes or updates related to federal contracts. It is the Web Services E-Verify Employer Agent's responsibility to ensure that its clients are in compliance with all E-Verify policies and procedures.

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.
2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.
    A. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.
    B. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.
    C. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.
    D. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.
    E. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:
        i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

F. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

G. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

D. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer (through the E-Verify Employer Agent) against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.
2. SSA agrees to safeguard the information the Employer provides (through the E-Verify Employer Agent) through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. Section 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).
3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the E-Verify Employer Agent.
4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the E-Verify Employer Agent.

   Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

E. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer (through the E-Verify Employer Agent) to conduct, to the extent authorized by this MOU:
   A. Automated verification checks on alien employees by electronic means, and
   B. Photo verification checks (when available) on employees.
2. DHS agrees to assist the E-Verify Employer Agent with operational problems associated with its participation in E-Verify. DHS agrees to provide the E-Verify Employer Agent names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

Company ID Number:40635 Client Company ID Number:1491821

3. DHS agrees to provide to the E-Verify Employer Agent with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.
4. DHS agrees to train E-Verify Employer Agents on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require E-Verify Employer Agents to take mandatory refresher tutorials.
5. DHS agrees to provide to the Employer (through the E-Verify Employer Agent) a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.
6. DHS agrees to issue each of the E-Verify Employer Agent's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.
7. DHS agrees to safeguard the information the Employer provides (through the E-Verify Employer Agent), and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.
8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.
9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.
2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.
3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.
4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.
5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.
6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must

allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.
4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.
5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.
6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:
    A. Scanning and uploading the document, or
    B. Sending a photocopy of the document by express mail (furnished and paid for by the employer).
7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.
8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.
9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV

SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer or the Web Services E-Verify Employer Agent for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V

SYSTEM SECURITY AND MAINTENANCE

A. DEVELOPMENT REQUIREMENTS

1. Software developed by Web Services E-Verify Employer Agents must comply with federally-mandated information security policies and industry security standards to include but not limited to:
2. Public Law 107-347, "E-Government Act of 2002, Title III, Federal Information Security Management Act (FISMA)," December 2002.
3. Office of Management and Budget (OMB) Memorandum (M-10-15), "FY 2010 Reporting Instructions for the Federal Information Security Management Act and Agency Privacy Management," April 2010.
4. National Institute of Standards and Technology (NIST) Special Publication (SP) and Federal Information Processing Standards Publication (FIPS).
5. International Organization for Standardization/International Electrotechnical Commission (ISO/IEC) 27002, Information Technology - Security Techniques - Code of Practice for Information Security Management.
6. The Web Services E-Verify Employer Agent agrees to update its Web Services interface to reflect system enhancements within six months from the date DHS notifies the Web Services User of the system update. The Web Services User will receive notice from DHS in the form of an Interface Control Agreement (ICA). The Web Services E-Verify Employer Agent agrees to institute changes to its interface as identified in the ICA, including all functionality identified and all data elements detailed therein.
7. The Web Services E-Verify Employer Agent agrees to demonstrate progress of its efforts to update its Web Services interface if and when DHS requests such progress reports.

Company ID Number:40635 Client Company ID Number:1491821

8. The Web Services E-Verify Employer Agent acknowledges that if its system enhancements are not completed to the satisfaction of DHS or its assignees within six months from the date DHS notifies the Web Services User of the system update, then the Web Services User's E-Verify account may be suspended, and support for previous releases of E-Verify may no longer be available to the Web Services User. The Web Services E-Verify Employer Agent also acknowledges that DHS may suspend the Web Services User's account after the six-month period has elapsed.
9. The Web Services E-Verify Employer Agent agrees to incorporate error handling logic into its development or software to accommodate and act in a timely fashion should an error code be returned.
10. The Web Services E-Verify Employer Agent agrees to complete the technical requirements testing which is confirmed upon receiving approval of test data and connectivity between the Web Services E-Verify Employer Agent and DHS.
11. DHS will not reimburse any Web Services E-Verify Employer Agent or software developer who has expended resources in the development or maintenance of a Web Services interface if that party is unable, or becomes unable, to meet any of the requirements set forth in this MOU.
12. Housing, development, infrastructure, maintenance, and testing of the Web Services applications may take place outside the United States and its territories, but testing must be conducted to ensure that the code is correct and secure.
13. If the Web Services E-Verify Employer Agent includes an electronic Form I-9 as part of its interface, then it must comply with the standards for electronic retention of Form I-9 found in 8 CFR 274a.2(e).

B. INFORMATION SECURITY REQUIREMENTS

Web Services E-Verify Employer Agents performing verification services under this MOU must ensure that information that is shared between the Web Services E-Verify Employer Agent and DHS is appropriately protected comparable to the protection provided when the information is within the DHS environment [OMB Circular A-130 Appendix III].

To achieve this level of information security, the Web Services E-Verify Employer Agent agrees to institute the following procedures:

1. Conduct periodic assessments of risk, including the magnitude of harm that could result from the unauthorized access, use, disclosure, disruption, modification, or destruction of information and information systems that support the operations and assets of the DHS, SSA, and the Web ServicesE-Verify Employer Agent and its clients;
2. Develop policies and procedures that are based on risk assessments, cost-effectively reduce information security risks to an acceptable level, and ensure that information security is addressed throughout the life cycle of each organizational information system;
3. Implement subordinate plans for providing adequate information security for networks, facilities, information systems, or groups of information systems, as appropriate;
4. Conduct security awareness training to inform the Web Services E-Verify Employer Agent's personnel (including contractors and other users of information systems that support the operations and assets of the organization) of the information security risks associated with their activities and their responsibilities in complying with organizational policies and procedures designed to reduce these risks;
5. Develop periodic testing and evaluation of the effectiveness of information security policies, procedures, practices, and security controls to be performed with a frequency depending on risk, but no less than once per year;
6. Develop a process for planning, implementing, evaluating, and documenting remedial actions to address any deficiencies in the information security policies, procedures, and practices of the organization;
7. Implement procedures for detecting, reporting, and responding to security incidents;
8. Create plans and procedures to ensure continuity of operations for information systems that support the operations and assets of the organization;
9. In information-sharing environments, the information owner is responsible for establishing the rules for appropriate use and protection of the subject information and retains that responsibility even when the information is shared with or provided to other organizations [NIST SP 800-37].
10. DHS reserves the right to restrict Web Services calls from certain IP addresses.
11. DHS reserves the right to audit the Web Services E-Verify Employer Agent's application.
12. Web Services E-Verify Employer Agents and Software Developers agree to cooperate willingly with the DHS assessment of information security and privacy practices used by the company to develop and maintain the

Company ID Number:40635 Client Company ID Number:1491821

software.

C. DATA PROTECTION AND PRIVACY REQUIREMENTS

1. Web Services E-Verify Employer Agents must practice proper Internet security; this means using HTTP over SSL/TLS (also known as HTTPS) when accessing DHS information resources such as E-Verify [NIST SP 800-95]. Internet security practices like this are necessary because Simple Object Access Protocol (SOAP), which provides a basic messaging framework on which Web Services can be built, allows messages to be viewed or modified by attackers as messages traverse the Internet and is not independently designed with all the necessary security protocols for E-Verify use.
2. In accordance with DHS standards, the Web Services E-Verify Employer Agent agrees to maintain physical, electronic, and procedural safeguards to appropriately protect the information shared under this MOU against loss, theft, misuse, unauthorized access, and improper disclosure, copying use, modification or deletion.
3. Any data transmission requiring encryption shall comply with the following standards:
    A. Products using FIPS 197 Advanced Encryption Standard (AES) algorithms with at least 256-bit encryption that has been validated under FIPS 140-2.
    B. NSA Type 2 or Type 1 encryption.
4. User ID Management (Set Standard): All information exchanged between the parties under this MOU will be done only through authorized Web Services E-Verify Employer Agent representatives identified above.
5. The Web Services E-Verify Employer Agent agrees to use the E-Verify browser instead of its own interface if it has not yet upgraded its interface to comply with the Federal Acquisition Regulation (FAR) system changes. In addition, Web Services E-Verify Employer Agents whose interfaces do not support the Form I-9 from 2/2/2009 or 8/7/2009 should also use the E-Verify browser until the system upgrade is completed.
6. The Web Services E-Verify Employer Agent agrees to use the E-Verify browser instead of its own interface if it has not completed updates to its system within six months from the date DHS notifies the Web Services E-Verify Employer Agent of the system update. The Web Services E-Verify Employer Agent can resume use of its interface once it is up-to-date, unless the Web Services E-Verify Employer Agent has been suspended or terminated from continued use of the system.

D. COMMUNICATIONS

1. Web Services E-Verify Employer Agents and Software Developers agree to develop an electronic system that is not subject to any agreement that would restrict access to and use of by an agency of the United States.
2. The Web Services E-Verify Employer Agent agrees to develop effective controls to ensure the integrity, accuracy and reliability of its electronic system.
3. The Web Services E-Verify Employer Agent agrees to develop an inspection and quality assurance program that regularly, at least once per year, evaluates the electronic system, and includes periodic checks of electronically stored information. The Web Services E-Verify Employer Agent agrees to share the results of its regular inspection and quality assurance program with DHS upon request.
4. The Web Services E-Verify Employer Agent agrees to develop an electronic system with the ability to produce legible copies of applicable notices, letters, etc.
5. All information exchanged between the parties under this MOU will be in accordance with applicable laws, regulations, and policies, including but not limited to, information security guidelines of the sending party with respect to any information that is deemed Personally Identifiable Information (PII), including but not limited to the employee or applicant's Social Security number, alien number, date of birth, or other information that may be used to identify the individual.
6. Suspected and confirmed information security breaches must be reported to DHS according to Article II.A.17. Reporting such breaches does not relieve the Web Services E-Verify Employer Agent from further requirements as directed by state and local law. The Web Services E-Verify Employer Agent is subject to applicable state laws regarding data protection and incident reporting in addition to the requirements herein.

E. SOFTWARE DEVELOPER RESTRICTIONS

1. The Web Services E-Verify Employer Agent agrees that if it develops a Web Services interface and sells such interface, then it can be held liable for any misuse by the company that purchases the interface. It is the responsibility of the Web Services E-Verify Employer Agent to ensure that its interface is used in accordance with E-Verify policies and procedures.

Company ID Number:40635 Client Company ID Number:1491821

2. The Web Services E-Verify Employer Agent agrees to provide software updates to each client who purchases its software. Because of the frequency Web Services updates, an ongoing relationship between the software developer and the client is necessary.
3. DHS reserves the right to terminate the access of any software developer with or without notice who creates or uses an interface that does not comply with E-Verify procedures.
4. Web Services Software Developers pursuing software development independent of serving clients as a Web Services E-Verify Employer Agent are not eligible to receive an ICA. At this time, E-Verify does not permit Web Services software development without also being a Web Services E-Verify Employer Agent or Web Services Employer.

F. PENALTIES

1. The Web Services E-Verify Employer Agent agrees that any failure on its part to comply with the terms of the MOU may result in account suspension, termination, or other adverse action.
2. DHS is not liable for any financial losses to Web Services E-Verify Employer Agent, its clients, or any other party as a result of your account suspension or termination.

ARTICLE VI

MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.
2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Web Services E-Verify Employer Agent may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties. In addition, any Employer represented by the Web Services E-Verify Employer Agent may voluntarily terminate its MOU upon giving DHS 30 days' written notice. The Web Services E-Verify Employer Agent may not refuse to terminate the Employer based upon an outstanding bill for verification services.
2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Web Services E-Verify Employer Agent's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Web Services E-Verify Employer Agent or Employer, or a failure on the part of either party to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.
3. A Web Services E-Verify Employer Agent for an Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Web Services E-Verify Employer Agent must provide written notice to DHS. If the Web Services E-Verify Employer Agent fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.
4. The Web Services E-Verify Employer Agent agrees that E-Verify is not liable for any losses, financial or otherwise, if the Web Services E-Verify Employer Agent or the Employer is terminated from E-Verify.

ARTICLE VII

PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Web Services E-Verify Employer Agent, its agents, officers, or employees.

Company ID Number:40635 Client Company ID Number:1491821

C. The Web Services E-Verify Employer Agent may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Web Services E-Verify Employer Agent or the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Web Services E-Verify Employer Agent or the Employer.

E. The Web Services E-Verify Employer Agent understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer, the Web Services E-Verify Employer Agent and DHS respectively. The Web Services E-Verify Employer Agent understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Web Services E-Verify Employer Agent, as the case may be, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS, the Employer, and the E-Verify Employer Agent. Carollo Engineers, Inc. (Employer) hereby designates and appoints Tom Pennell (E- Verify Employer Agent), including its officers and employees, as the E-Verify Employer Agent for the purpose of carrying out (Employer) responsibilities under the MOU between the Employer, the E-Verify Employer Agent, and DHS.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Carollo Engineers, Inc

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☑ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

2795 Mitchell Drive

6 City, state, and ZIP code

Walnut Creek, CA 94598-1601

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–		–				

or

Employer identification number

8	6	–	0	8	9	9	2	2	2

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Addendum #4

Date: February 25, 2026

From: Dania Guerrero, Procurement Strategist

To: Interested Bidders

Subject: Addendum #4 Solicitation #26-8635 SCWRF Treatment Technology & Flow Management Improvements

This Addendum has been issued for the following items identifying clarifications, changes, deletions, and/or additions to the original solicitation documents and bid schedule for the above referenced solicitation:

CHANGE 1:

Proposal Due Date Extension:
The County will extend the proposal for 7 days as follows:

The **"Question Submission Deadline"** has been extended from:
~~March 2, 2026, at 5:00 pm EST~~ to **March 9, 2026, at 5:00 pm EST.**

The **"Proposal Submission Deadline"** has been extended from:
~~March 9, 2026, at 3:00 pm EST~~ to **March 16, 2026 at 3:00 pm EST**.

If you require additional information, please post a question on our OpenGov (https://procurement.opengov.com) bidding platform under the solicitation for this project.

Please sign below and return a copy of this Addendum with your submittal for the above referenced solicitation.

Form 1: Vendor Declaration Statement

BOARD OF COUNTY COMMISSIONERS
Collier County Government Complex
Naples, Florida 34112

Dear Commissioners:

The undersigned, as Vendor declares that this response is made without connection or arrangement with any other person and the bid/proposal submittal is in every respect fair and made in good faith, without collusion or fraud and in compliance with the Procurement Ordinance, Section Seven, Ethical Standards.

The vendor certifies to the best of their knowledge or belief, no elected/appointed official or employee of Collier County, a spouse thereof or other person residing in the same household, is financially interested, directly or indirectly, in providing the goods or services specified in any submitted bid or proposal. A financial interest is defined as ownership of more than one percent (1%) of the total assets or capital stock or being an officer, director, manager, partner, proprietor, or agent of the business submitting the bid or proposal or of any subcontractor or supplier thereof providing goods or services in excess of one percent (1%) of the total bid or proposal amount. Additionally, the vendor, on company letterhead, must divulge at the time of the submittal of a bid or proposal, any relative, other than those already specified, of an elected or appointed official or employee of the County who has a financial interest, in providing the goods or services specified in the bid or proposal. The County, at its sole discretion, will determine whether a conflict exists and whether to accept or reject the bid or proposal.

The Vendor hereby declares the instructions, purchase order terms and conditions, requirements, and specifications/scope of work of this solicitation have been fully examined and accepted.

The Vendor agrees, if this solicitation submittal is accepted by Collier County, to accept a Purchase Order as a form of a formal contract or to execute a Collier County formal contract for purposes of establishing a contractual relationship between the Vendor and Collier County, for the performance of all requirements to which this solicitation pertains. The Vendor states that the submitted is based upon the documents listed in this solicitation**.** The Vendor agrees to comply with the requirements in accordance with the terms, conditions and specifications denoted herein and according to the pricing submitted as a part of the Vendor's bids.

Further, the Vendor agrees that if awarded a contract for these goods and/or services and a subcontractor is a related entity to the Vendor, then the Vendor shall not mark-up the subcontractor's fees. A related entity shall be defined as any parent or subsidiary of the company and any business, corporation, partnership, limited liability company or other entity in which the company or a parent or a subsidiary of the company holds any ownership interest, directly or indirectly.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Form 2: Conflict of Interest Certification

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest and is in compliance with the Procurement Ordinance, Section Seven, Ethical Standards, that states:

> "A consultant who participates in the drafting of a solicitation or scope or who develops a program for future implementation that gives rise to an actual conflict so as to unfairly benefit that consultant to the disadvantage of any other future firms that could competitively seek a County contract related to such program or project upon which the solicitation or scope is based, and which conflict is not otherwise curable, is not eligible to contract with the County for any other contracts dealing with that specific subject matter, and any firm in which such person has any interest is not eligible to receive such contract. However, this prohibition does not prevent a vendor who responds to a request for information from being eligible to contract with the County."

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose a conflict of interest as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition, the contractor / vendor must provide the following, if applicable:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having a conflict of interest identified in one or more of the above three categories may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

Form 3: Immigration Certification

Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid.* **Failure to do so will result in the vendor's submission being deemed non-responsive**.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Under penalties of perjury, I certify that the information shown on this form is correct to my knowledge and a duly corporate authorized representative with signature authority.

THE E-VERIFY

MEMORANDUM OF UNDERSTANDING

FOR EMPLOYERS USING A WEB SERVICES E-VERIFY EMPLOYER AGENT

ARTICLE I

PURPOSE AND AUTHORITY

The parties to this agreement are the Department of Homeland Security (DHS), the Carollo Engineers, Inc. (Employer), and the Web Services E-Verify Employer Agent. The purpose of this agreement is to set forth terms and conditions which the Employer and the Web Services E-Verify Employer Agent will follow while participating in E-Verify.

E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of Form I-9, Employment Eligibility Verification (Form I-9). This Memorandum of Understanding (MOU) explains certain features of the E-Verify program and describes specific responsibilities of the Employer, the E-Verify Employer Agent, the Social Security Administration (SSA), and DHS.

References in this MOU to the Employer include the Web Services E-Verify Employer Agent when acting on behalf of the Employer.

For purposes of this MOU, the E-Verify browser refers to the website that provides direct access to the E-Verify system: https://e-verify.uscis.gov/emp. You may access E-Verify directly free of charge via the E-Verify browser.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. Section 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

ARTICLE II

RESPONSIBILITIES

A. RESPONSIBILITIES OF THE EMPLOYER

1. For purposes of this MOU, references to the Employer include the Web Services E-Verify Employer Agent when acting on behalf of the Employer.
2. By enrolling in E-Verify and signing the applicable MOU, the Employer asserts that it is a legitimate company which intends to use E-Verify for legitimate purposes only and in accordance with the laws, regulations and DHS policies and procedures relating to the use of E-Verify.
3. The Employer agrees to display the following notices supplied by DHS (though the Web Services E-Verify Employer Agent) in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:
    A. Notice of E-Verify Participation
    B. Notice of Right to Work
4. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted about E-Verify. The Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.
5. The Employer agrees to become familiar with and comply with the most recent version of theE-Verify User Manual. The Employer will obtain the E-Verify User Manual from the Web ServicesE-Verify Employer Agent, and will be notified by the Web Services E-Verify Employer Agent when a new version of the E-Verify User Manual becomes available.
6. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:
    A. If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. 274a.2(b)(1)(B)) can be

presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

B. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

7. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.
8. The Employer agrees that, although it participates in E-Verify, the Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.
   A. The following modified requirements are the only exceptions to an Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When an Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, the Employer establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Employer must notify DHS and the Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Employer continues to employ an employee after receiving a final nonconfirmation, then the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.
   B. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of E-Verify.
9. The Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability.
10. The Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.
11. The Employer must use E-Verify (through its Web Services E-Verify Employer Agent) for all new employees. The Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.
12. The Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B below) to contact DHS with information necessary to resolve the challenge.
13. The Employer agrees not to take any adverse action against an employee based upon the employee's

perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. Section 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

14. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).
15. The Employer agrees that it will use the information it receives from E-Verify (through its Web Services E-Verify Employer Agent) only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as Personal Identification Numbers and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.
16. The Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident - Password" in the subject line of your email when sending a breach report to E-Verify.
17. The Employer acknowledges that the information it receives from SSA through its Web ServicesE-Verify Employer Agent is governed by the Privacy Act (5 U.S.C. Section 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.
18. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.
19. The Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.
20. The Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.
21. The Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. RESPONSIBILITIES OF THE WEB SERVICES E-VERIFY EMPLOYER AGENT

1. The Web Services E-Verify Employer Agent agrees to complete its Web Services interface no later than six months after the date the Web Services User signs this MOU. E-Verify considers your interface to be complete once it has been built pursuant to the Interface Control Agreement (ICA), submitted to E-Verify for testing, and approved for system access.
2. The Web Services E-Verify Employer Agent agrees to perform sufficient maintenance on the Web Services interface in accordance with the requirements listed in the ICA. These requirements include, but are not limited to, updating the Web Services interface to ensure that any updates or enhancements are incorporated no later than six months after the issuance of an ICA. Web Services E-Verify Employer Agents should be aware that this will require the investment of time and resources. Compliance with the requirements of the ICA must be carried out to the satisfaction of DHS and or its assignees.
3. The Web Services E-Verify Employer Agent agrees to provide to SSA and/or DHS the names, titles, addresses, e-mail addresses, and telephone numbers of the Web Services E-Verify Employer Agent representative who will access information, as well as ensure cooperation, communication, and coordination with E-Verify. In addition, Web Services E-Verify Employer Agents must provide to SSA and/or DHS the names, titles, addresses, and telephone numbers of its clients and their staff who will access information through E-Verify. Web Services E-Verify Employer Agents must ensure the contact information is updated with SSA and DHS whenever the points of contact change.
4. The Web Services E-Verify Employer Agent agrees to become familiar with and comply with theE-Verify User Manual and provide a copy of the most current version of the manual to the Employer so that the Employer can become familiar with and comply with E-Verify policy and procedures. The Web Services E-Verify Employer Agent agrees to obtain a revised E-Verify User Manual as it becomes available and to provide a copy of the revised version to the Employer no later than 30 days after the manual becomes available.
5. The Web Services E-Verify Employer Agent agrees that any person accessing E-Verify on its behalf is trained on the most recent E-Verify policy and procedures.
6. The Web Services E-Verify Employer Agent agrees that any of its representatives who will perform employment verification cases will complete the E-Verify Tutorial before that individual initiates any cases.
    A. The Web Services E-Verify Employer Agent agrees that all of its representatives will take the refresher tutorials initiated by E-Verify as a condition of continued use of E-Verify, including any tutorials for Federal contractors, if any of the Employers represented by the Web Services E-Verify Employer Agent is a Federal contractor.
    B. Failure to complete a refresher tutorial will prevent the Web Services E-Verify Employer Agent and Employer from continued use of E-Verify.
7. The Web Services E-Verify Employer Agent agrees to grant E-Verify access only to current employees who need E-Verify access. The Web Services E-Verify Employer Agent must promptly terminate an employee's E-Verify access if the employee is separated from the company or no longer needs access to E-Verify.
8. The Web Services E-Verify Employer Agent agrees to obtain the necessary equipment to use E- Verify as required by the E-Verify rules and regulations as modified from time to time.
9. The Web Services E-Verify Employer Agent agrees to, consistent with applicable laws, regulations, and policies, commit sufficient personnel and resources to meet the requirements of this MOU.
10. The Web Services E-Verify Employer Agent agrees to provide its clients with training on E-Verify processes, policies, and procedures. The E-Verify Employer Agent also agrees to provide its clients with ongoing E-Verify training as needed. E-Verify is not responsible for providing training to clients of E-Verify Employer Agents.
11. The Web Services E-Verify Employer Agent agrees to provide the Employer with the notices described in Article II.B.2 below.
12. The Web Services E-Verify Employer Agent agrees to create E-Verify cases for the Employer it represents in accordance with the E-Verify Manual, the E-Verify Web-Based Tutorial and all other published E-Verify rules and procedures. The Web Services E-Verify Employer Agent will createE-Verify cases using information provided by the Employer and will immediately communicate the response back to the Employer. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Web Services E-Verify Employer Agent's attempting, in good faith, to make inquiries on behalf of the Employer during the period of unavailability. If, however, the Web Services interface is unavailable due to no fault of E-Verify, then the three-day time period is not extended. In such a case, the

Web Services E-Verify Employer Agent must use the E-Verify browser during the outage.

13. The Web Services E-Verify Employer Agent agrees to ensure that all notices, referral letters and any other materials otherwise including instructions regarding tentative nonconfirmations, will be consistent with the most current E-Verify tentative nonconfirmation notices and referral letters, which are available on E-Verify's website.
14. The Web Services E-Verify Employer Agent agrees that any system or interface it develops will follow the steps for creating E-Verify cases and processing tentative nonconfirmations, as laid out in the ICA, this MOU and the User Manual, including but not limited to allowing an employer to close an invalid case where appropriate, allowing an employer to refer a tentative nonconfirmation only when an employee chooses to contest a tentative nonconfirmation (no automatic referrals), and referring a tentative nonconfirmation to the appropriate agency at the time the employer prints the referral letter and provides the letter to the employee. The Web Services E-Verify Employer Agent understands that any failure to make its system or interface consistent with proper E-Verify procedures can result in DHS terminating the Web Services E-Verify Employer Agent's agreement and access with or without notice.
15. When the Web Services E-Verify Employer Agent receives notice from a client company that it has received a contract with the FAR clause, then the Web Services E-Verify Employer Agent must update the company's E-Verify profile within 30 days of the contract award date.
16. If data is transmitted between the Web Services E-Verify Employer Agent and its client, then the Web Services E-Verify Employer Agent agrees to protect personally identifiable information during transmission to and from the Web Services E-Verify Employer Agent.
17. The Web Services E-Verify Employer Agent agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access toE-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at . Please use "Privacy Incident - Password" in the subject line of your email when sending a breach report to E-Verify.
18. The Web Services E-Verify Employer Agent agrees to fully cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including permitting DHS, SSA, their contractors and other agents, upon reasonable notice, to review Forms I-9, employment records, and all records pertaining to the Web Services E-Verify Employer Agent's use of E-Verify, and to interview it and its employees regarding the use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

    A. The Web Services E-Verify Employer Agent agrees to cooperate with DHS if DHS requests information about the Web Services E-Verify Employer Agent's interface, including requests by DHS to view the actual interface operated by the Web Services E-Verify Employer Agent as well as related business documents. The Web Services E-Verify Employer Agent agrees to demonstrate for DHS the functionality of its interface to E-Verify upon request.

    B. The Web Services E-Verify Employer Agent agrees to demonstrate, if requested by DHS, that it has provided training to its clients that meets E-Verify standards. Training programs must provide a focused study of the topics covered in the E-Verify User Manual and pertinent Supplemental Guides. Furthermore, training programs and materials must be updated as E-Verify changes occur. The Web Services E-Verify Employer Agent is encouraged to incorporate information from existing E-Verify materials, including the Enrollment Quick Reference Guide, the E-Verify Employer Agent Client Handbook (formerly known as the Designated Agent Client Handbook), and existing tutorials and manuals into their training program. E-Verify also encourages the Web Services E-Verify Employer Agent to supervise first-time use of the E-Verify browser or Web Services interface by its staff and Employer clients as part of any training program. The Web Services E-Verify Employer Agent agrees to submit its training program materials to DHS for review upon request.

        Failure to provide adequate training could, in some instances, lead to penalties as described in Article V.F.1. of this MOU.

19. The Web Services E-Verify Employer Agent shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Web Services E-Verify Employer Agent shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your Web Services E-Verify Employer Agent services and any claim to that effect is false.
20. The Web Services E-Verify Employer Agent shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.
21. The Web Services E-Verify Employer Agent agrees that E-Verify trademarks and logos may be used only

under license by DHS/USCIS (see) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Web Services E-Verify Employer Agent's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

22. The Web Services E-Verify Employer Agent understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Web Services E-Verify Employer Agent may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

C. RESPONSIBILITIES OF FEDERAL CONTRACTORS

The Web Services E-Verify Employer Agent shall ensure that the Web Services E-Verify Employer Agent and the Employers it represents carry out the following responsibilities if the Employer is a Federal contractor or becomes a federal contractor. The Web Services E-Verify Employer Agent should instruct the client to keep the Web Services E-Verify Employer Agent informed about any changes or updates related to federal contracts. It is the Web Services E-Verify Employer Agent's responsibility to ensure that its clients are in compliance with all E-Verify policies and procedures.

1. If the Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.
2. In addition to the responsibilities of every employer outlined in this MOU, the Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.
    A. An Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.
    B. Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. An Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.
    C. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.
    D. Upon enrollment, Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.
    E. The Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:
        i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

F. The Employer shall complete a new Form I-9 consistent with Article II.A.6 or update the previous Form I-9 to provide the necessary information if:

i. The Employer cannot determine that Form I-9 complies with Article II.A.6,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

G. The Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Employer that is not a Federal contractor based on this Article.

3. The Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

D. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Employer (through the E-Verify Employer Agent) against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.
2. SSA agrees to safeguard the information the Employer provides (through the E-Verify Employer Agent) through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. Section 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).
3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the E-Verify Employer Agent.
4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the E-Verify Employer Agent.

   Note: If an Employer experiences technical problems, or has a policy question, the employer should contact E-Verify at 1-888-464-4218.

E. RESPONSIBILITIES OF DHS

1. DHS agrees to provide the Employer with selected data from DHS databases to enable the Employer (through the E-Verify Employer Agent) to conduct, to the extent authorized by this MOU:
   A. Automated verification checks on alien employees by electronic means, and
   B. Photo verification checks (when available) on employees.
2. DHS agrees to assist the E-Verify Employer Agent with operational problems associated with its participation in E-Verify. DHS agrees to provide the E-Verify Employer Agent names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to provide to the E-Verify Employer Agent with access to E-Verify training materials as well as an E-Verify User Manual that contain instructions on E-Verify policies, procedures, and requirements for both SSA and DHS, including restrictions on the use of E-Verify.
4. DHS agrees to train E-Verify Employer Agents on all important changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual. Even without changes to E-Verify, DHS reserves the right to require E-Verify Employer Agents to take mandatory refresher tutorials.
5. DHS agrees to provide to the Employer (through the E-Verify Employer Agent) a notice, which indicates the Employer's participation in E-Verify. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.
6. DHS agrees to issue each of the E-Verify Employer Agent's E-Verify users a unique user identification number and password that permits them to log in to E-Verify.
7. DHS agrees to safeguard the information the Employer provides (through the E-Verify Employer Agent), and to limit access to such information to individuals responsible for the verification process, for evaluation of E-Verify, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security numbers and employment eligibility, to enforce the INA and Federal criminal laws, and to administer Federal contracting requirements.
8. DHS agrees to provide a means of automated verification that provides (in conjunction with SSA verification procedures) confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.
9. DHS agrees to provide a means of secondary verification (including updating DHS records) for employees who contest DHS tentative nonconfirmations and photo mismatch tentative nonconfirmations. This provides final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by E-Verify. The Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.
2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.
3. After a tentative nonconfirmation, the Employer will refer employees to SSA field offices only as directed by E-Verify. The Employer must record the case verification number, review the employee information submitted to E-Verify to identify any errors, and find out whether the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security number, or any other corrected employee information that SSA requests, to SSA for verification again if this review indicates a need to do so.
4. The Employer will instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.
5. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.
6. The Employer agrees not to ask the employee to obtain a printout from the Social Security Administration number database (the Numident) or other written verification of the SSN from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Employer must

allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.
3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.
4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.
5. If the Employer finds a photo mismatch, the Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.
6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:
    A. Scanning and uploading the document, or
    B. Sending a photocopy of the document by express mail (furnished and paid for by the employer).
7. The Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.
8. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.
9. While waiting for case results, the Employer agrees to check the E-Verify system regularly for case updates.

ARTICLE IV

SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer or the Web Services E-Verify Employer Agent for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V

SYSTEM SECURITY AND MAINTENANCE

A. DEVELOPMENT REQUIREMENTS

1. Software developed by Web Services E-Verify Employer Agents must comply with federally-mandated information security policies and industry security standards to include but not limited to:
2. Public Law 107-347, "E-Government Act of 2002, Title III, Federal Information Security Management Act (FISMA)," December 2002.
3. Office of Management and Budget (OMB) Memorandum (M-10-15), "FY 2010 Reporting Instructions for the Federal Information Security Management Act and Agency Privacy Management," April 2010.
4. National Institute of Standards and Technology (NIST) Special Publication (SP) and Federal Information Processing Standards Publication (FIPS).
5. International Organization for Standardization/International Electrotechnical Commission (ISO/IEC) 27002, Information Technology - Security Techniques - Code of Practice for Information Security Management.
6. The Web Services E-Verify Employer Agent agrees to update its Web Services interface to reflect system enhancements within six months from the date DHS notifies the Web Services User of the system update. The Web Services User will receive notice from DHS in the form of an Interface Control Agreement (ICA). The Web Services E-Verify Employer Agent agrees to institute changes to its interface as identified in the ICA, including all functionality identified and all data elements detailed therein.
7. The Web Services E-Verify Employer Agent agrees to demonstrate progress of its efforts to update its Web Services interface if and when DHS requests such progress reports.

8. The Web Services E-Verify Employer Agent acknowledges that if its system enhancements are not completed to the satisfaction of DHS or its assignees within six months from the date DHS notifies the Web Services User of the system update, then the Web Services User's E-Verify account may be suspended, and support for previous releases of E-Verify may no longer be available to the Web Services User. The Web Services E-Verify Employer Agent also acknowledges that DHS may suspend the Web Services User's account after the six-month period has elapsed.
9. The Web Services E-Verify Employer Agent agrees to incorporate error handling logic into its development or software to accommodate and act in a timely fashion should an error code be returned.
10. The Web Services E-Verify Employer Agent agrees to complete the technical requirements testing which is confirmed upon receiving approval of test data and connectivity between the Web Services E-Verify Employer Agent and DHS.
11. DHS will not reimburse any Web Services E-Verify Employer Agent or software developer who has expended resources in the development or maintenance of a Web Services interface if that party is unable, or becomes unable, to meet any of the requirements set forth in this MOU.
12. Housing, development, infrastructure, maintenance, and testing of the Web Services applications may take place outside the United States and its territories, but testing must be conducted to ensure that the code is correct and secure.
13. If the Web Services E-Verify Employer Agent includes an electronic Form I-9 as part of its interface, then it must comply with the standards for electronic retention of Form I-9 found in 8 CFR 274a.2(e).

B. INFORMATION SECURITY REQUIREMENTS

Web Services E-Verify Employer Agents performing verification services under this MOU must ensure that information that is shared between the Web Services E-Verify Employer Agent and DHS is appropriately protected comparable to the protection provided when the information is within the DHS environment [OMB Circular A-130 Appendix III].

To achieve this level of information security, the Web Services E-Verify Employer Agent agrees to institute the following procedures:

1. Conduct periodic assessments of risk, including the magnitude of harm that could result from the unauthorized access, use, disclosure, disruption, modification, or destruction of information and information systems that support the operations and assets of the DHS, SSA, and the Web ServicesE-Verify Employer Agent and its clients;
2. Develop policies and procedures that are based on risk assessments, cost-effectively reduce information security risks to an acceptable level, and ensure that information security is addressed throughout the life cycle of each organizational information system;
3. Implement subordinate plans for providing adequate information security for networks, facilities, information systems, or groups of information systems, as appropriate;
4. Conduct security awareness training to inform the Web Services E-Verify Employer Agent's personnel (including contractors and other users of information systems that support the operations and assets of the organization) of the information security risks associated with their activities and their responsibilities in complying with organizational policies and procedures designed to reduce these risks;
5. Develop periodic testing and evaluation of the effectiveness of information security policies, procedures, practices, and security controls to be performed with a frequency depending on risk, but no less than once per year;
6. Develop a process for planning, implementing, evaluating, and documenting remedial actions to address any deficiencies in the information security policies, procedures, and practices of the organization;
7. Implement procedures for detecting, reporting, and responding to security incidents;
8. Create plans and procedures to ensure continuity of operations for information systems that support the operations and assets of the organization;
9. In information-sharing environments, the information owner is responsible for establishing the rules for appropriate use and protection of the subject information and retains that responsibility even when the information is shared with or provided to other organizations [NIST SP 800-37].
10. DHS reserves the right to restrict Web Services calls from certain IP addresses.
11. DHS reserves the right to audit the Web Services E-Verify Employer Agent's application.
12. Web Services E-Verify Employer Agents and Software Developers agree to cooperate willingly with the DHS assessment of information security and privacy practices used by the company to develop and maintain the

software.

C. DATA PROTECTION AND PRIVACY REQUIREMENTS

1. Web Services E-Verify Employer Agents must practice proper Internet security; this means using HTTP over SSL/TLS (also known as HTTPS) when accessing DHS information resources such as E-Verify [NIST SP 800-95]. Internet security practices like this are necessary because Simple Object Access Protocol (SOAP), which provides a basic messaging framework on which Web Services can be built, allows messages to be viewed or modified by attackers as messages traverse the Internet and is not independently designed with all the necessary security protocols for E-Verify use.
2. In accordance with DHS standards, the Web Services E-Verify Employer Agent agrees to maintain physical, electronic, and procedural safeguards to appropriately protect the information shared under this MOU against loss, theft, misuse, unauthorized access, and improper disclosure, copying use, modification or deletion.
3. Any data transmission requiring encryption shall comply with the following standards:
    A. Products using FIPS 197 Advanced Encryption Standard (AES) algorithms with at least 256-bit encryption that has been validated under FIPS 140-2.
    B. NSA Type 2 or Type 1 encryption.
4. User ID Management (Set Standard): All information exchanged between the parties under this MOU will be done only through authorized Web Services E-Verify Employer Agent representatives identified above.
5. The Web Services E-Verify Employer Agent agrees to use the E-Verify browser instead of its own interface if it has not yet upgraded its interface to comply with the Federal Acquisition Regulation (FAR) system changes. In addition, Web Services E-Verify Employer Agents whose interfaces do not support the Form I-9 from 2/2/2009 or 8/7/2009 should also use the E-Verify browser until the system upgrade is completed.
6. The Web Services E-Verify Employer Agent agrees to use the E-Verify browser instead of its own interface if it has not completed updates to its system within six months from the date DHS notifies the Web Services E-Verify Employer Agent of the system update. The Web Services E-Verify Employer Agent can resume use of its interface once it is up-to-date, unless the Web Services E-Verify Employer Agent has been suspended or terminated from continued use of the system.

D. COMMUNICATIONS

1. Web Services E-Verify Employer Agents and Software Developers agree to develop an electronic system that is not subject to any agreement that would restrict access to and use of by an agency of the United States.
2. The Web Services E-Verify Employer Agent agrees to develop effective controls to ensure the integrity, accuracy and reliability of its electronic system.
3. The Web Services E-Verify Employer Agent agrees to develop an inspection and quality assurance program that regularly, at least once per year, evaluates the electronic system, and includes periodic checks of electronically stored information. The Web Services E-Verify Employer Agent agrees to share the results of its regular inspection and quality assurance program with DHS upon request.
4. The Web Services E-Verify Employer Agent agrees to develop an electronic system with the ability to produce legible copies of applicable notices, letters, etc.
5. All information exchanged between the parties under this MOU will be in accordance with applicable laws, regulations, and policies, including but not limited to, information security guidelines of the sending party with respect to any information that is deemed Personally Identifiable Information (PII), including but not limited to the employee or applicant's Social Security number, alien number, date of birth, or other information that may be used to identify the individual.
6. Suspected and confirmed information security breaches must be reported to DHS according to Article II.A.17. Reporting such breaches does not relieve the Web Services E-Verify Employer Agent from further requirements as directed by state and local law. The Web Services E-Verify Employer Agent is subject to applicable state laws regarding data protection and incident reporting in addition to the requirements herein.

E. SOFTWARE DEVELOPER RESTRICTIONS

1. The Web Services E-Verify Employer Agent agrees that if it develops a Web Services interface and sells such interface, then it can be held liable for any misuse by the company that purchases the interface. It is the responsibility of the Web Services E-Verify Employer Agent to ensure that its interface is used in accordance with E-Verify policies and procedures.

2. The Web Services E-Verify Employer Agent agrees to provide software updates to each client who purchases its software. Because of the frequency Web Services updates, an ongoing relationship between the software developer and the client is necessary.
3. DHS reserves the right to terminate the access of any software developer with or without notice who creates or uses an interface that does not comply with E-Verify procedures.
4. Web Services Software Developers pursuing software development independent of serving clients as a Web Services E-Verify Employer Agent are not eligible to receive an ICA. At this time, E-Verify does not permit Web Services software development without also being a Web Services E-Verify Employer Agent or Web Services Employer.

F. PENALTIES

1. The Web Services E-Verify Employer Agent agrees that any failure on its part to comply with the terms of the MOU may result in account suspension, termination, or other adverse action.
2. DHS is not liable for any financial losses to Web Services E-Verify Employer Agent, its clients, or any other party as a result of your account suspension or termination.

ARTICLE VI

MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.
2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Web Services E-Verify Employer Agent may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties. In addition, any Employer represented by the Web Services E-Verify Employer Agent may voluntarily terminate its MOU upon giving DHS 30 days' written notice. The Web Services E-Verify Employer Agent may not refuse to terminate the Employer based upon an outstanding bill for verification services.
2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Web Services E-Verify Employer Agent's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Web Services E-Verify Employer Agent or Employer, or a failure on the part of either party to comply with established E-Verify procedures and/or legal requirements. The Employer understands that if it is a Federal contractor, termination of this MOU by any party for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Employer's business.
3. A Web Services E-Verify Employer Agent for an Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Web Services E-Verify Employer Agent must provide written notice to DHS. If the Web Services E-Verify Employer Agent fails to provide such notice, then that Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.
4. The Web Services E-Verify Employer Agent agrees that E-Verify is not liable for any losses, financial or otherwise, if the Web Services E-Verify Employer Agent or the Employer is terminated from E-Verify.

ARTICLE VII

PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Web Services E-Verify Employer Agent, its agents, officers, or employees.

C. The Web Services E-Verify Employer Agent may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Web Services E-Verify Employer Agent or the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Web Services E-Verify Employer Agent or the Employer.

E. The Web Services E-Verify Employer Agent understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer, the Web Services E-Verify Employer Agent and DHS respectively. The Web Services E-Verify Employer Agent understands that any inaccurate statement, representation, data or other information provided to DHS may subject the Web Services E-Verify Employer Agent, as the case may be, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS, the Employer, and the E-Verify Employer Agent. Carollo Engineers, Inc. (Employer) hereby designates and appoints Tom Pennell (E- Verify Employer Agent), including its officers and employees, as the E-Verify Employer Agent for the purpose of carrying out (Employer) responsibilities under the MOU between the Employer, the E-Verify Employer Agent, and DHS.

If you have any questions, contact E-Verify at 1-888-464-4218.

Collier County has implemented a process that collects reference information on firms and their key personnel to be used in the selection of firms to perform this project. The Name of the Company listed in the Subject above has listed you as a client for which they have previously performed work. Please complete the survey. Please rate each criteria to the best of your knowledge on a scale of 1 to 10, with 10 representing that you were very satisifed (and would hire the firm/individual again) and 1 representing that you were very unsatisfied (and would never hire the firm/indivdiual again). If you do not have sufficient knowledge of past performance in a particular area, leave it blank and the item or form will be scored "0."

Project Description: Bee Ridge WRF

Completion Date: 12/24/2025 (substantial)

Project Budget: $251,000,000

Project Number of Days: 1,830

Item	Criteria	Score (must be completed)
1	Ability to manage the project costs (minimize change orders to scope).	10
2	Ability to maintain project schedule (complete on-time or early).	10
3	Quality of work.	10
4	Quality of consultative advice provided on the project.	10
5	Professionalism and ability to manage personnel.	10
6	Project administration (completed documents, final invoice, final product turnover; invoices; manuals or going forward documentation, etc.)	10
7	Ability to verbally communicate and document information clearly and succinctly.	10
8	Abiltity to manage risks and unexpected project circumstances.	10
9	Ability to follow contract documents, policies, procedures, rules, regulations, etc.	10
10	Overall comfort level with hiring the company in the future (customer satisfaction).	10
TOTAL SCORE OF ALL ITEMS		100

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Carollo Engineers, Inc

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☑ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

2795 Mitchell Drive

6 City, state, and ZIP code

Walnut Creek, CA 94598-1601

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–		–				

or

Employer identification number

8	6	–	0	8	9	9	2	2	2

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Vendor Check List

<u>IMPORTANT</u>: PLEASE REVIEW CAREFULLY AND SUBMIT WITH YOUR PROPOSAL. ALL APPLICABLE DOCUMENTS SHALL BE SUBMITTED ELECTRONICALLY THROUGH OPENGOV. VENDOR SHOULD CHECKOFF EACH OF THE FOLLOWING ITEMS. ALL DOCUMENTS REQUIRING EXECUTION SHOULD BE EITHER BY WET SIGNATURES OR VERIFIABLE ELECTRONIC SIGNATURES. FAILURE TO PROVIDE THE APPLICABLE DOCUMENTS MAY DEEM YOU NON-RESPONSIVE/NON-RESPONSIBLE.

- [x] General Instructions has been acknowledged and accepted.
- [x] Collier County Purchase Order Terms and Conditions have been acknowledged and accepted.
- [x] Form 1: Vendor Declaration Statement
- [x] Form 2: Conflict of Interest Certification
- [x] Proof of status from Division of Corporations - Florida Department of State (If work performed in the State) - http://dos.myflorida.com/sunbiz/ should be attached with your submittal.
- [x] Vendor **MUST** be enrolled in the E-Verify - https://www.e-verify.gov/ at the time of submission of the proposal/bid.
- [x] Form 3: Immigration Affidavit Certification **MUST** be signed and attached with your submittal.
- [x] E-Verify Memorandum of Understanding or Company Profile page should be attached with your submittal.
- [x] Form 4: Reference Questionnaire form must be utilized for each requested reference and included with your submittal, if applicable to the solicitation.
- [NA] Form 5: Grant Provisions and Assurances package in its entirety, **if applicable**, are executed and should be included with your submittal.
- [x] Vendor W-9 Form.
- [x] Vendor acknowledges Insurance Requirements and is prepared to produce the required insurance certificate(s) within five (5) days of the County's issuance of a Notice of Recommend Award.
- [x] Copies of all requested licenses and/or certifications to complete the requirements of the project.
- [x] All addenda have been signed and attached.
- [NA] County's IT Technical Architecture Requirements has been acknowledged and accepted, if applicable.
- [x] Any and all supplemental requirements and terms has been acknowledged and accepted, if applicable.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Carollo Engineers, Inc

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☑ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

5 Address (number, street, and apt. or suite no.). See instructions.

2795 Mitchell Drive

Requester's name and address (optional)

6 City, state, and ZIP code

Walnut Creek, CA 94598-1601

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

8	6	–	0	8	9	9	2	2	2

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here | **Signature of U.S. person** Laura Baumberger Digitally signed by Laura Baumberger Date: 2026.04.06 13:23:02 -04'00' **Date** April 6, 2026

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Recommended Proposer For Award

On February 6, 2026, the Procurement Services Division issued Request for Professional Services ("RPS") No. 26-8635, "SCWRF Treatment Technology & Flow Management Improvements," to four thousand one hundred and fourteen (4,114) prospective proposers. One thousand two hundred seventy-four (1,274) packages were viewed.

On February 19, 2026, a non-mandatory pre-proposal meeting was held offering prospective firms an opportunity to participate, and on March 2, 2026, a non-mandatory site visit was held in response to an OpenGov question.

The solicitation was initially advertised for thirty (30) days and was extended for fifteen (15) additional days, during which time staff conducted additional outreach. Three (3) proposals were received by March 23, 2026, the submission deadline.

Staff reviewed the proposals received and all three (3) proposers were deemed to be responsive and responsible, with two (2) proposers having minor irregularities.

The Selection Committee convened on April 28, 2026, as described in the solicitation documents. After reviewing the proposals and deliberation, the Committee scored the proposals, shortlisted and elected to move to Oral Presentations with the three (3) Proposers as listed below:

Carollo Engineers, Inc.
AECOM Technical Services, Inc.
Bowman Consulting Group Ltd.

On May 14, 2026, the Selection Committee reconvened for Oral Presentations and Final Ranking. The Committee ranked the firms as follows:

Ranked #1 - Carollo Engineers, Inc.
Ranked #2 - AECOM Technical Services, Inc.

Ranked #3 - Bowman Consulting Group Ltd. Staff is recommending negotiations with Carollo Engineers, Inc. the top-ranked firm.

Executive Summary

Recommendation to approve a Resolution removing uncollectible accounts receivable and their respective balances in the amount of $165,750.50 from the financial records of the Mandatory Trash Collection Fund (4073), finding diligent efforts to collect have been exhausted and proved unsuccessful.

OBJECTIVE: The public purpose is to promote fiscal stewardship and sound budget oversight. This action is to remove uncollectible balances from the Accounts Receivable Ledger for prior years 1991 through 1996 to accurately represent the true asset balances.

CONSIDERATIONS: Accounts receivable management includes the periodic evaluation and write-off of accounts determined to be uncollectible. In accordance with Resolution 2006-252, the Collier County Public Utilities Department completed its annual review of all accounts receivable balances as of May 1, 2026, to evaluate the likelihood of collection.

The review identified $165,750.50 in outstanding accounts receivable associated with 314 unpaid mandatory Solid Waste Garbage Assessment accounts from 1991 through 1996 in the Solid Waste Mandatory Trash Collection Fund (4073). Prior to the implementation of collecting solid waste assessments through the non-ad valorem portion of the annual property tax bill in 1997, annual assessment invoices were mailed to property owners. Delinquent accounts were subject to ongoing collection efforts, including annual invoice mailings, delinquency notices, monthly interest charges, recorded blanket liens against the applicable properties, notification of recorded liens to property owners, and disclosure of outstanding balances through estoppel letters during title searches. The County also utilized a collection agency for a period of time; however, the effort did not produce measurable success results and was subsequently discontinued. The collection efforts reduced the number of delinquent accounts from an original 18,629 accounts for the 1991 through 1996 assessment years to 314 remaining accounts, representing less than 2 percent of the original delinquent accounts.

Florida Statute Section 95.091 provides that a tax lien expires 20 years after the last date the tax may be assessed. These accounts have exceeded the 20-year statutory limitation period for collection, and reasonable and diligent collection efforts have been exhausted without success (Exhibit I).

A summary of the recommended accounts receivable write-off is provided below.

Description	Principal Due	Interest Due	Principal & Interest Combined Total
1991 Garbage	$1,953.95	$7,746.34	$9,700.29
1992 Garbage	$3,867.93	$14,809.48	$18,677.41
1993 Garbage	$3,441.97	$13,008.13	$16,450.10
1994 Garbage	$4,753.05	$17,478.69	$22,231.74
1995 Garbage	$8,532.77	$30,558.11	$39,090.88
1995 Garbage Quarterly	$156.75	$590.88	$747.63
1996 Garbage	$12,943.93	$44,121.32	$57,065.25
1996 Garbage Quarterly	$393.61	$1,393.59	$1,787.20
Mandatory Collections Fund (4073)	**$36,043.96**	**$129,706.54**	**$165,750.50**

To promote fiscal stewardship and sound budget oversight

FISCAL IMPACT: Removal of accounts receivable balances will increase the bad debt expense in the Mandatory Trash Collection Fund (4073) by $165,750.50.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this action.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney. These accounts receivable balances are well past the limitations period. This item is in conformance with Resolution No. 2006-252, and as such is approved as to form and legality. This item requires majority vote for approval. -JAK

RECOMMENDATION(S): Recommendation to approve a Resolution removing uncollectible accounts receivable and their respective balances in the amount of $165,750.50 from the financial records of the Mandatory Trash Collection Fund (4073), finding diligent efforts to collect have been exhausted and proved unsuccessful.

–RESOLUTION NO. 2026 - _____

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, TO REMOVE UNCOLLECTABLE ACCOUNTS RECEIVABLES FROM THE FINANCIAL RECORDS OF COLLIER COUNTY PUBLIC UTILITIES ACCOUNTS RECEIVABLE FINDING THAT DILIGENT EFFORTS HAVE BEEN MADE TO RECAPTURE THE FUNDS AND THE ACCOUNTS ARE NOT COLLECTIBLE.

WHEREAS, pursuant to Resolution No. 2006-252, the Board of County Commissioners has established a procedure to remove past due accounts from active accounts receivable by Resolution where diligent efforts at collection have proved unsuccessful; and

WHEREAS, the Financial Operations Division has identified delinquent accounts ranging from 1991–1996 within Fund 4073 (Solid Waste) comprising a total amount of $165,750.50, which are uncollectable as there is a 20 year limitations period on the collection of solid waste garbage, prior to the garbage being added as an assessment on the tax bills in 1997, determination of abandoned accounts; and

WHEREAS, the Financial Operations Division have made diligent efforts to collect these past due amounts, including monthly statements, certified mail notices sent to the customers.

WHEREAS the County has diligently attempted, without success, to collect on these past due accounts totaling $165,750.50

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that:

1. The Board finds that Collier County has made diligent efforts to collect the total debt amount by researching the balances and reviewing any applicable records for further information:

1991 Garbage	$9,700.29
1992 Garbage	$18,677.41
1993 Garbage	$16,450.10
1994 Garbage	$22,231.74
1995 Garbage	$39,090.88
1995 Garbage Quarterly	$747.63
1996 Garbage	$57,065.25
1996 Garbage Quarterly	$1,787.20
Mandatory Collections Fund (4073)	**$165,750.50**

THIS RESOLUTION ADOPTED this 28th day of July 2026, after motion, second and majority vote.

Executive Summary

Recommendation to approve and authorize the Chair to sign the First Amendment to the U.S. Housing and Urban Development (HUD) Community Development Block Grant Subrecipient Agreement #PS25-04 between Baker Senior Center Naples, Inc. and the Collier County Board of County Commissioners to increase the number of Geriatric Case Managers from two to three; reallocate funds, update general information based on federal guidance, and revise Exhibits. (Housing Grant Fund (1835), Project 33950)

OBJECTIVE: Promote public services for low- to moderate-income citizens of Collier County and further the County's strategic plan focus area to support access to health, wellness, and human services.

CONSIDERATIONS: The U.S. Department of Housing and Urban Development (HUD) offers entitlement funds in three different programs to allow local governments to meet program-specific community needs. The Entitlement program includes Community Development Block Grant (CDBG), which funds a wide variety of projects such as public services, public infrastructure, and public facilities.

On June 22, 2021, the Board of County Commissioners (Board) approved the County's Five-Year Consolidated Plan for use of entitlement funds for program years (PY's) 2021-2025 (Agenda Item #16D7). As part of the County's 5-year Consolidated Plan, the Community and Human Services (CHS) Division is required to adopt and submit an Annual Action Plan each year. This is the fifth (5th) year of the Five-Year Consolidated Plan.

On October 14, 2025 (Agenda Item #16.D.6), the Board approved the CDBG Public Service Subrecipient Agreement PS #25-04 with Baker Senior Center Naples, Inc. The agreement established $117,000.00 in funding to support the salary and supplies for two (2) geriatric case managers to support low- to moderate-income adults.

The proposed Amendment #1 will amend the Agreement to modify:

1) Part I Scope of Work:
   a) Increase quantity of geriatric case managers supported by grant from two (2) to three (3) and clarify all clients shall be residents of Collier County.
   b) Section 1.1 Grant Special Conditions:
      i) Update policy requirements and conflict of interest language.
      ii) Make grammatical and technical corrections.
   c) Section 1.2 Project Details:
      i) Project Description/Budget: Increase Project Component 1 funding from $112,000 to $117,000 to support additional staffing; remove Project Component 2 and reduce funding to $0.
      ii) Performance Deliverables: Add required HUD/County compliance exhibits, including conflict of interest, whistleblower protections, labor and services affidavit, civil rights and fair housing, drug-free workplace, immigration verification, and related certifications.
   d) Revise Section 1.3,1.4,1.5,1.6 and 1.7.
2) Part II Grant Control Requirements:
   a) Updated Section 2.2 Records and Documentation: 2.3 Monitoring, 2.4 Corrective Action
   b) Section 2.5 Reports: Revise Exhibit C-1 submission timing and clarify requirements.
3) Part III Terms and Conditions:
   a) Update general compliance, procurement, debarment, lobbying, religious organization, incident reporting, indemnification, civil rights and closeout provisions for consistency with federal requirements.
   b) Added immigration requirements and venue language; remove conflict of interest section due to duplication.
4) Part IV General Provisions:
   a) Reorganize and renumber sections, remove outdated provisions and redundant sections.
   b) Update civil rights, labor standards, procurement, and federal compliance references to reflect current HUD and CFR requirements.
5) Part V Addendum 1, Added new HUD Policy Requirements
6) Part VI – Revised Exhibits A, C, C-1, D, G, H, I

Promote public services for low- to moderate-income citizens of Collier County and further the County's strategic plan focus area to support access to health, wellness, and human services.

FISCAL IMPACT: Increase Project Component 1 by $5,000.00. Project Component is going from $112,00.00 to $117,000.00. Decrease Project Component 2 by $5,000.00. Project Component 2 is going from $5,000.00 to $0.00. There is no fiscal impact from this amendment.

GROWTH MANAGEMENT IMPACT: Federal HUD funding assists the County in addressing some of the goals and objectives of the Housing Element in the Growth Management Plan.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for approval. -JAK

RECOMMENDATION(S): Recommendation to approve and authorize the Chair to sign the First Amendment to the U.S. Housing and Urban Development (HUD) Community Development Block Grant Subrecipient Agreement #PS25-04 between Baker Senior Center Naples, Inc. and the Collier County Board of County Commissioners to increase the number of Geriatric Case Managers from two to three, reallocate funds, update general information based on federal guidance, and revise Exhibits. AGREEMENT BETWEEN COLLIER COUNTY AND BAKER SENIOR CENTER NAPLES, INC.

CDBG Grant Program – Public Services

THIS AGREEMENT is made and entered into this 14th day of October 2025, by and between Collier County, a political subdivision of the State of Florida, (COUNTY) having its principal address at 3339 Tamiami Trail East, Suite 213, Naples FL 34112, and **BAKER SENIOR CENTER NAPLES, INC.** (SUBRECIPIENT), a private non-profit organization having its principal office at 6200 Autumn Oaks Lane, Naples, Florida 34119-8633.

WHEREAS, the COUNTY has entered into an Agreement with the United States Department of Housing and Urban Development (HUD) for a grant for the execution and implementation of a Community Development Block Grant (CDBG) Program in certain areas of Collier County, pursuant to Title I of the Housing and Community Development Act of 1974 (as amended); and

WHEREAS, the Board of County Commissioners of Collier County (Board) approved the Collier County Consolidated Plan – One-year Action Plan for Federal Fiscal Year 2025-2026 for the CDBG Program with Resolution 2025-134 on July 8, 2025 – Agenda Item 16.D.2_; and

WHEREAS, in accordance with HUD regulations and the Collier County Consolidated Plan concerning the preparation of various Annual Action Plans, the COUNTY advertised the 2025-2026 Annual Action Plan, on May 22, 2025, with a 30-day Citizen Comment period from June 6, 2025, to July 6, 2025; and

WHEREAS, the SUBRECIPIENT has submitted a proposal for participation in the Collier County CDBG program; and

WHEREAS, the COUNTY and SUBRECIPIENT wish to set forth the responsibilities and obligations of each in undertaking the CDBG project – (PS25-04) Aging in Place with Dignity: Case Management Services for Older Adults.

NOW, THEREFORE, in consideration of the mutual benefits contained herein, it is agreed by the Parties as follows:

PART I
SCOPE OF WORK

SUBRECIPIENT shall, in a satisfactory and proper manner and consistent with any standards required as a condition of providing CDBG assistance as provided herein and, as determined by Collier County Community and Human Services (CHS) Division, perform the tasks necessary to conduct the program as follows:

Project Name: Aging in Place with Dignity: Case Management Services for Older Adults

Description of project and outcome: CHS, as an administrator of the CDBG program, will make available CDBG FY 2025-2026 funds up to the gross amount of $117,000.00 to Baker Senior Center Naples, Inc. to be used to support the salary for two (2) geriatric case managers to support low- to moderate-income adults and the necessary supplies and equipment for the dedicated case managers. Activities may include but are not limited to conducting intake assessments, assessing an individual's needs, developing short/long-term comprehensive customized care plans, making home visits to evaluate living conditions, and other vital activities to support aging in place.

Project Component One: Salary for two (2) geriatric case managers

Project Component Two: Supplies to include but not limited to office supplies, equipment, software/member fees, and cell phone service to support the geriatric case managers.

1.1 GRANT AND SPECIAL CONDITIONS

A. SUBRECIPIENT must submit the following resolutions and policies to the COUNTY within sixty (60) days of execution of this Agreement:

- ☒ Fair Housing Policy
- ☒ Affirmative Action/Equal Opportunity Policy
- ☒ Conflict of Interest Policy (COI) and related COI Forms
- ☒ Affidavit Regarding Labor and Services (Trafficking)
- ☒ Procurement Policy
- ☒ Sexual Harassment Policy
- ☒ Section 504/ADA Policy
- ☒ Fraud, Waste, and Abuse Policy

☒ Language Assistance and Planning Policy (LAP)
☒ Limited English Proficiency Policy (LEP)
☒ Violence Against Women Act (VAWA) Policy
☒ LGBTQ Policy

B. Environmental Review Requirement (ERR) – This Agreement does not constitute a commitment of funds or site approval. The commitment of funds or site approval may occur only upon satisfactory completion of environmental review, executed by the COUNTY, and either (i) the determination that the project is Exempt or (ii) the COUNTY's receipt of an approved request for release of funds and certification from HUD, under 24 CFR Part 58. The provision of any funds to the project is conditioned on the COUNTY's determination to proceed with, modify, or cancel the project based on the results of the environmental review. No program costs can be incurred until an environmental review of the project is completed and approved by the COUNTY. Further, SUBRECIPIENT will not undertake any activity or commit any Funds prior to CHS issuing the Notice to Proceed (NTP) letter. Violation of this provision may result in the termination of this subaward and/or the denial of any reimbursement of funds under this Agreement.

C. Conflict of Interest – SUBRECIPIENT must have written conflict of interest policies. The CDBG Program distinguishes between two types of conflict of interest: one related to organizations that carry out the project (recipients or subrecipients), and another specific to individuals involved in providing services and day-to-day project operations. SUBRECIPIENT shall have written policies related to both types of conflicts of interest.

With respect to the use of CDBG funds to procure services, equipment, supplies, or other property, the SUBRECIPIENT shall comply with 2 CFR part 200. With respect to all other decisions involving the use of CDBG funds, the following restrictions shall apply: No person who is an employee, agency consultant, officer, or elected or appointed official of the Subrecipient and who exercises or has exercised any functions or responsibilities with respect to assisted activities, or who is in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a person or financial interest or benefit from the activity, or have an interest in any contract, subcontract, or agreement with respect thereto, or the process thereunder, either for himself or herself or for those with whom he or she has family or business ties, during his or her tenure for one year thereafter. If a conflict or a potential or perceived conflict of interest is to occur, the SUBRECIPIENT must contact the COUNTY to determine whether an exception will be allowed as prescribed by the applicable federal regulations.

D. Annual Subrecipient Training – All SUBRECIPIENT staff assigned to the administration and implementation of the Project established by this Agreement shall attend the CHS-sponsored Annual SUBRECIPIENT Fair Housing training, except those who attended the training in the previous year. In addition, at least one staff member shall attend all other CHS-offered SUBRECIPIENT training, relevant to the Project, as determined by the Grants Coordinator, not to exceed four (4) sessions. Requests for exemption, under this

special condition, must be submitted to the Grant Coordinator, in writing, at least 14 days, prior to the training.

E. Persons who, as a result of national origin, do not speak English as their primary language and who have limited ability to speak, read, write, or understand English ("limited English proficient persons" or "LEP persons") may be entitled to language assistance under Title VI in order to receive a particular service, benefit, or encounter. In accordance with Title VI of the Civil Rights Act of 1964 (Title VI) and its implementing regulations, the SUBRECIPIENT agrees to take reasonable steps to ensure meaningful access to activities funded with HUD Funds by LEP persons. Any of the following actions could constitute "reasonable steps", depending on the circumstances: acquiring translators to translate vital documents; advertisements or notices; acquiring interpreters for face to face interviews with LEP persons; placing advertisements and notices in newspapers that serve LEP persons; partnering with other organizations that serve LEP populations to provide interpretation, translation, or dissemination of information regarding the project; hiring bilingual employees or volunteers for outreach and intake activities; contracting with a telephone line interpreter service; etc.

1.2 PROJECT DETAILS

A. Project Description/Project Budget

Description	Federal Amount
Project Component 1: Salary for two (2) geriatric case managers	$112,000.00
Project Component 2: Supplies to include but not limited to office supplies, equipment, software/member fees, and cell phone service to support the geriatric case managers.	$5,000.00
Total Federal Funds:	$117,000.00

SUBRECIPIENT will accomplish the following checked project tasks:

- ☒ Maintain beneficiary income certification documentation, using Exhibit D, as amended or County-approved presumed benefit documentation and provide to the COUNTY, as requested
- ☒ Maintain National Objective Documentation and provide to COUNTY, as requested
- ☒ Provide Quarterly Reports on National Objective, and project progress
- ☒ Provide Quarterly Leverage Funds Reports
- ☒ Provide Quarterly Fair Housing Calls Report
- ☒ Ensure attendance by a representative from executive management at scheduled partnership meetings, as requested by CHS
- ☐ Ensure attendance by SUBRECIPIENT and General Contractor at Pre-Construction meetings, prior to SUBBRECIPIENT issuance of Notice to Proceed (NTP) to contractor
- ☐ Ensure the applicable continued use period for the project is met

B. National Objective

The CDBG program funds awarded to Collier County must benefit low- to moderate-income persons (LMI). As such, SUBRECIPIENT shall ensure that all activities and beneficiaries meet the definition of:

- ☐ LMA – Low/Mod Area Benefit
- ☒ LMC – Low/Mod Clientele Benefit
- ☐ LMH – Low/Mod Housing Benefit
- ☐ LMJ – Low/Mod Job Benefit

LMA: Must document where at least 51 percent of the residents are LMI persons, based on HUD determined eligible census tracts. Failure to achieve the national objective under this Agreement will require repayment of the CDBG investment under this Agreement.

LMC: Must document that at least 51 percent of persons served, are low- to moderate-income persons or households, in order to meet a CDBG National Objective. Failure to achieve the national objective under this Agreement will require repayment of the CDBG investment under this Agreement.

LMH: Must document providing or improving permanent residential structures, which upon completion will be occupied by LMI households. Structures with three or more units must contain at least 51 percent occupied by LMI households, and structures with less than three units must be occupied by 100 percent LMI households. Failure to achieve the national objective under this Agreement will require repayment of the CDBG investment under this Agreement.

LMJ: Must document job creation and retention. The LMI benefit national objective addresses activities designed to create or retain permanent jobs, at least 51 percent of which (computed on a full-time equivalent basis) will be made available to or held by LMI persons. Failure to achieve the national objective under this Agreement will require repayment of the CDBG investment under this Agreement.

C. Performance Deliverables

Program Deliverable	Deliverable Supporting Documentation	Submission Schedule
Insurance	Exhibit A - Insurance Certificate	Within 30 days of Agreement execution and Annually within thirty (30) days of renewal
Special Grant Condition Policies (Section 1.1)	Policies as stated in this Agreement	Within sixty (60) days of Agreement execution
Quarterly Progress Report	Exhibit C	Quarterly, within 10 days following the end of the quarter. Final report due upon submission of the final pay request in Neighborly.
Fair Housing Calls Report	Fair Housing Call Log	Quarterly, within 10 days following the end of the quarter. Final report due upon

		submission of the final pay request in Neighborly.
Complaint Logs	Fair Housing, EEO, AA and Incident Log	Quarterly, within 10 days following the end of the quarter. Final report due upon submission of the final pay request in Neighborly.
Leverage Funds Report	Exhibit C-1	Due upon submission of the final pay request in Neighborly.
Collier County Inventory Form	Exhibit G	Annually, within 60 days after PY end.
Annual Audit Monitoring Report	Exhibit E	Annually, within 60 days after FY end.
Financial and Compliance Audit	Audit, Management Letter, and Supporting Documentation	Annually: nine (9) months after FY end for Single Audit OR one hundred eighty (180) days after FY end .
Continued Use Certification	Not Applicable	Not Applicable
Capital Needs Assessment Plan	Not Applicable	Not Applicable.
Program Income Reuse Plan	Not Applicable	Not Applicable
Conflict of Interest Form	Subrecipient/Developer/Vendor Conflict of Interest Disclosure Form	Upon execution of the agreement, for all employees who work on activities associated with the grant and upon hiring of all new employees
Whistleblower Protections Certification	Exhibit H	Upon execution of the agreement, for all employees who work on activities associated with the grant and upon hiring of all new employees

* SUBRECIPIENT's Notice to Proceed may be withheld if procurement deliverables are not submitted in a timely manner, as stated in Section 1.2.C, Performance Deliverables. SUBRECIPIENT must submit to the COUNTY, for approval, all Change Orders required during the project. Failure to submit Change Orders in a timely manner, may result in delay or withholding of payment, as well as a cease work order until all change orders have been reviewed and approved, at which time a new Notice to Proceed will be issued.

D. Payment Deliverables

Payment Deliverable	Payment Supporting Documentation	Submission Schedule
Project Component 1: Salary for two (2) geriatric case managers	Submission of supporting documents must be provided as backup, as evidenced by timecards, payroll registers/summary, canceled checks or banking documents, Exhibit B, and any other additional documentation as requested.	Submission of monthly payment requests due 30 days after the prior month.

	10% retainage will be withheld with each request for payment and will be released upon completion of activities and final closeout monitoring.	
Project Component 2: Supplies to include but not limited to office supplies, equipment, software/member fees, and cell phone service to support the geriatric case managers.	Submission of supporting documents must be provided as backup, as evidenced by invoices, receipts. canceled checks or banking documents, Exhibit B, and any other additional documentation as requested. 10% retainage will be withheld with each request for payment and will be released upon completion of activities and final closeout monitoring.	Submission of monthly payment requests due 30 days after the prior month.

The final 10 percent retainage will be paid upon completion of final monitoring clearance and documentation of meeting the National Objective. SUBRECIPIENT'S failure to achieve the National Objective will require repayment of the CDBG investment under this Agreement.

1.3 PERIOD OF PERFORMANCE

SUBRECIPIENT services shall begin on October 1, 2025 and shall end on September 30, 2026, unless terminated earlier in accordance with provisions of Paragraph 3.8, Defaults, Remedies, and Termination.

The County Manager or designee may extend the term of this Agreement for a period of up to 180 days after the end of the Agreement, following receipt of SUBRECIPIENT's written request submitted at least 30 days prior to agreement period of performance end date. Extensions must be authorized, in writing, by formal letter to SUBRECIPIENT.

1.4 AGREEMENT AMOUNT

The COUNTY agrees to make available ONE HUNDRED SEVENTEEN THOUSAND DOLLARS AND ZERO CENTS ($117,000.00) for use by SUBRECIPIENT, during the term of the Agreement (hereinafter, shall be referred to as the Funds).

Modification to the Budget and Scope may only be made if approved in advance. Cumulative Fund shifts among line items may be approved administratively by CHS Director or designee for a total of up to 10 percent (10%) of the total funding agreement and shall not signify a change in scope. Fund shifts that exceed 10 percent (10%) shall require formal amendment and approval by the Board of County Commissioners (Board).

The COUNTY shall reimburse SUBRECIPIENT for the performance of this Agreement upon completion or partial completion of the work tasks, as accepted and approved by CHS. SUBRECIPIENT may not request disbursement of CDBG Funds until funds are needed for eligible costs; and all disbursement requests must be limited to the amount needed at the time of the request. SUBRECIPIENT may expend Funds only for allowable costs resulting from obligations incurred during the term of this Agreement. Invoices for work performed are required every month. If no work has been performed during the month, or if SUBRECIPIENT is not yet prepared to send the required backup, a $0 invoice is required. Explanations are required if two consecutive months of $0 invoices are submitted. Payments shall be made to SUBRECIPIENT when requested as work progresses, but not more frequently than once per month. Reimbursement will not occur if SUBRECIPIENT fails to perform the minimum level of service required by this Agreement.

The COUNTY will pay SUBRECIPIENT Funds available under this Agreement based on information submitted by SUBRECIPIENT and consistent with any approved budget and COUNTY policies concerning payments. With the exception of certain advances, payments will be made for eligible expenses actually incurred by SUBRECIPIENT, not to exceed actual cash requirements. Payments will be adjusted by CHS in accordance with advance Funds and program income balances available in SUBRECIPIENT accounts. In addition, The COUNTY reserves the right to liquidate Funds available under this Agreement for costs incurred by The COUNTY on behalf of SUBRECIPIENT.

Final invoices are due no later than 90 days after the end of the Agreement. Work performed during the term of the program but not invoiced within 90 days after the end of the Agreement may not be processed without written authorization from the Grant Coordinator.

CHS may withhold any payment request until approved by CHS for grant compliance and adherence to any and all applicable Local, State, or Federal requirements, including timely submission of Performance Deliverables contained in Section 1.2.C. **Late submission of deliverables or evidence of project inactivity may cause payment suspension of any open pay requests until the required deliverables or substantial project progression occurs, as determined by CHS**. Except where disputed for noncompliance, payment will be made upon receipt of a properly completed invoice, and in compliance with sections 218.70–218.80, Florida Statutes, otherwise known as the "Local Government Prompt Payment Act."

1.5 LEVERAGE FUNDS

Leverage funds must be identified, tracked, and verifiable in the SUBRECIPIENT's records. Resources must be fully identified and described in the Agreement and approved budget submitted with the application. Resources must also meet the following criteria to be allowable as leverage:

a. Expenditures of leverage funds or resources are permitted only for eligible activities and allowable costs under the cost principles specified by the OMB Circulars referenced in this Agreement. Expenditures must be necessary and reasonable for proper and efficient accomplishments of project or program objectives.

b. Leverage resources committed on one project may not be used as leverage or cost sharing for any other project or program.
c. Leverage resources must represent newly created resources covering expenditures that would not be incurred if the award were not made.
d. Leverage resources may not be Federal funds under a different award, except where Federal statute allows their use for cost sharing (such as the Community Development Block Grant program).
e. Third-party cash or in-kind contributions offered as leverage require a commitment letter on company letterhead signed by the individual who is in a position to commit the in-kind contribution. The contribution is only allowable if not utilized towards cost sharing dollars.

1.6 COST PRINCIPLES

Payments to SUBRECIPIENT are governed by the Federal grant management rules for cost allowability, found at 2 CFR 200 Subpart E-Cost Principles. For the purposes of this section (Section 1.6-Cost Principles) of this Agreement, SUBRECIPIENT is defined as described in 2 CFR 200.93. Accordingly, payments will be made on a cost reimbursement basis. Each request for reimbursement shall identify the associated project and approved project task(s) listed under the Part I - Scope of Work. SUBRECIPIENT may only incur direct costs that may be attributed specifically to the project referenced in Part I - Scope of Work+, as defined in 2 CFR 200.413. SUBRECIPIENT must provide adequate documentation for validating costs incurred. Payments to SUBRECIPIENT'S contractors and vendors are conditioned upon compliance with the procurement requirements provided in 2 CFR 200.318–200.327. Allowable costs incurred by Subrecipients and Contractors shall comply with 2 CFR Subpart E-Cost Principles. SUBRECIPIENT may not be subject to 2 CFR Subpart E; however, the COUNTY is and may impose requirements upon SUBRECIPIENT to remain compliant with COUNTY's obligation to follow 2 CFR 200 Subpart E. SUBRECIPIENT will use adequate internal controls and maintain necessary source documentation for all costs incurred and adhere to any other accounting requirements included in this Agreement.

1.7 NOTICES

Notices required by this Agreement shall be in writing and delivered via mail (postage prepaid), commercial courier, personal delivery, or sent by facsimile or other electronic means. Any notice delivered or sent as aforesaid shall be effective on the date of delivery or sending. All notices and other written communications under this Agreement shall be addressed to the individuals in the capacities indicated below, unless otherwise modified by subsequent written notice.

PART II
GRANT CONTROL REQUIREMENTS

2.1 AUDITS

During the term of this Agreement, SUBRECIPIENT shall submit to the COUNTY an Annual Audit Monitoring report (Exhibit E) no later than 60 days after SUBRECIPIENT'S fiscal year end. In addition, SUBRECIPIENT shall submit to the COUNTY a financial and compliance Single Audit report, Management Letter, and supporting documentation nine (9) months (or audited financial statements, one hundred eighty (180) days for Subrecipients exempt from Single Audit) after the SUBRECIPIENT'S fiscal year end. The COUNTY will conduct an annual financial and programmatic review.

SUBRECIPIENT must fully clear any deficiencies noted in audit reports within 30 days after its receipt of the report. SUBRECIPIENT'S failure to comply with the above audit requirements will constitute a violation of this Agreement and may result in the withholding of future payments. SUBRECIPIENT hereby agrees to obtain an annual agency audit conducted in accordance with current COUNTY policy concerning Subrecipient audits and 2 CFR 200.501

Federal Award amounts expended shall be determined in accordance with guidelines established by 2 CFR Part 200, Subpart F-Audit Requirements.

2.2 RECORDS AND DOCUMENTATION

SUBRECIPIENT shall maintain sufficient records, in accordance with 24 CFR 570.506, to determine compliance with the requirements of this Agreement, the CDBG Program, and all other applicable laws and regulations. This documentation shall include but is not limited to, the following:

A. All records required by CDBG regulations.

B. SUBRECIPIENT shall create and maintain public records that ordinarily and necessarily would be required by the COUNTY in order to perform the service.

C. SUBRECIPIENT shall make available to the COUNTY or CHS at any time upon request, all reports, plans, surveys, information, documents, maps, books, records, and other data procedures developed, prepared, assembled, or completed by SUBRECIPIENT for this Agreement. Materials identified in the previous sentence shall be in accordance with generally accepted accounting principles (GAAP), procedures, and practices, which sufficiently and properly reflect all revenues and expenditures of Funds provided directly or indirectly by this Agreement, including cost sharing funds and Program Income. These records shall be maintained to the extent of such detail to properly reflect all net costs, direct and indirect labor, materials, equipment, supplies and services, and other costs and

expenses of whatever nature for which reimbursement is claimed under the provisions of this Agreement.

D. Upon completion of all work contemplated under this Agreement, copies of all documents and records relating to this Agreement shall be surrendered to CHS, if requested. In any event, SUBRECIPIENT shall keep all documents and records in an orderly fashion, in a readily accessible, permanent, and secured location for three (3) years after the date of submission of the final performance and evaluation report, as prescribed in 2 CFR 200.334, 24CFR 570.493 and 24 CFR 570.502(a)(7)(ii). However, if any litigation, claim, or audit is started before the expiration date of the three (3) year period, SUBRECIPIENT will maintain the records until all litigation, claim, or audit findings involving these records are resolved. If SUBRECIPIENT ceases to exist after the closeout of this Agreement, it shall notify the COUNTY in writing, of the address where the records are to be kept, as outlined in 2 CFR 200.337. SUBRECIPIENT shall meet all requirements for retaining public records and transfer, at no cost to COUNTY, all public records in SUBRECIPIENT'S possession upon termination of the Agreement, and destroy any duplicate, exempt, or confidential public records that are released from public records disclosure requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the COUNTY'S information technology systems.

IF SUBRECIPIENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO SUBRECIPIENT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, IT SHALL CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 239-252-5837, Angel.Bates@colliercountyfl.gov, 3299 Tamiami Trail East, Naples, FL 34112.

E. SUBRECIPIENT is responsible for the creation and maintenance of income eligible files on clients served, and documentation that all households are eligible under HUD Income Guidelines. SUBRECIPIENT agrees that CHS shall be the final arbiter on the SUBRECIPIENT'S compliance.

F. SUBRECIPIENT shall establish a system to log all Fair Housing calls. The system must track the nature of the calls; actions taken in response to the calls; results of the actions taken; and, if the caller was referred to another agency, the results obtained by the referral agency. SUBRECIPIENT must submit this call log to CHS quarterly, no later than 10 calendar days after the end of each quarter.

G. SUBRECIPIENT shall document how it complied with the National Objective(s), as defined in 24 CFR 570.208, and the eligibility requirement(s) under which Funding has been received. This includes special requirements, such as necessary and appropriate

determinations as defined in 24 CFR 570.208, income certification, and written agreements with beneficiaries, where applicable.

H. SUBRECIPIENT shall take reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information (PII) and other types of information in accordance with 2 CFR 200.303(e). This includes information that HUD or the COUNTY designates as sensitive, or other information the COUNTY considers sensitive and is consistent with applicable Federal, State, and Local laws regarding privacy and responsibility over confidentiality.

I. SUBRECIPIENT shall provide the public with access to public records on the same terms and conditions that the COUNTY would provide the records, and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law. SUBRECIPIENT shall ensure that exempt or confidential public records that are released from public records disclosure requirements are not disclosed, except as authorized by 2 CFR 200.337 and 2 CFR 200.338.

2.3 MONITORING

SUBRECIPIENT agrees that CHS may carry out no fewer than one (1) annual on-site monitoring visit and evaluation activities, as determined necessary. At the COUNTY's discretion, a desktop review of the activities may be conducted in lieu of an on-site visit. The continuation of this Agreement is dependent upon satisfactory evaluations. Upon request by CHS, SUBRECIPIENT shall submit information and status reports required by CHS or HUD, to enable CHS to evaluate said progress and allow for completion of required reports. SUBRECIPIENT shall allow CHS or HUD to monitor the SUBRECIPIENT on site. Such site visits may be scheduled or unscheduled, as determined by CHS or HUD.

At any time during normal business hours and as often as the COUNTY (and/or its representatives) may deem necessary, SUBRECIPIENT shall make available for review, inspection, or audit all records, documentation, and any other data relating to all matters covered by the Agreement.

COUNTY will monitor SUBRECIPIENT'S performance in an attempt to mitigate fraud, waste, abuse, or nonperformance, based on goals and performance standards as stated with all other applicable laws, regulations, and policies governing the funds provided under this Agreement, further defined by 2 CFR 200.332. Substandard performance, as determined by CHS, will constitute noncompliance with this Agreement. If SUBRECIPIENT does not take corrective action within a reasonable time period after being notified by CHS, Agreement suspension or termination procedures will be initiated. SUBRECIPIENT agrees to provide HUD, the HUD Office of Inspector General, the General Accounting Office, the COUNTY, or the COUNTY's internal auditor(s) access to all records related to performance of activities in this Agreement.

2.4 PREVENTION OF FRAUD, WASTE, AND ABUSE

SUBRECIPIENT shall establish, maintain, and utilize internal control systems and procedures necessary to prevent, detect, and correct incidents of fraud, waste, and abuse in the performance of this Agreement, and to provide proper and effective management of all Program and Fiscal activities of the Agreement. SUBRECIPIENT'S internal control systems and all transactions and other significant events shall be clearly documented, and the documentation shall be readily available for monitoring by COUNTY.

SUBRECIPIENT shall provide COUNTY with complete access to all of its records, employees, and agents for the purpose of monitoring or investigating the performance of this Agreement. SUBRECIPIENT shall fully cooperate with COUNTY'S efforts to detect, investigate, and prevent fraud, waste, and abuse.

SUBRECIPIENT may not discriminate against any employee or other person who reports a violation of the terms of this Agreement or any law or regulation to the COUNTY or any appropriate law enforcement authority, if the report is made in good faith.

2.5 CORRECTIVE ACTION

Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this Agreement. Penalties may be imposed for failure to implement or to make acceptable progress on such corrective action plans.

To effectively enforce COUNTY Resolution No. 2013-228, CHS has adopted an escalation policy to ensure continued compliance by Subrecipients, Developers, or any entity receiving grant funds from CHS. The escalation policy for noncompliance is as follows:

1. Initial noncompliance may result in the COUNTY issuing Findings or Concerns to the SUBRECIPIENT, which requires SUBRECIPIENT to submit a corrective action plan to CHS within 10 business days following issuance of the report.

    - Any pay requests that have been submitted to CHS for payment will be held until the corrective action plan has been submitted.
    - CHS will be available to provide Technical Assistance (TA) to SUBRECIPIENT, as needed, in order to correct the noncompliance issue.

2. If SUBRECIPIENT fails to submit the corrective action plan to CHS in a timely manner, the COUNTY may require a portion of the awarded grant funds to be returned to the COUNTY.

    - CHS may require SUBRECIPIENT to return upwards of 5 percent of the award amount to the COUNTY, at the discretion of the Board.

- SUBRECIPIENT may be denied future consideration, as set forth in Resolution No. 2013-228.

3. If SUBRECIPIENT remains noncompliant or repeats an issue that was previously corrected, and has been informed by CHS of their substantial noncompliance by certified mail, CHS may require that a portion of the awarded grant amount or the amount of the CDBG investment for acquisition of the properties conveyed, be returned to the COUNTY.

   - CHS may require SUBRECIPIENT to return upwards of 10 percent of the award amount to the COUNTY, at the discretion of the Board.
   - SUBRECIPIENT will be considered in violation of Resolution No. 2013-228.

4. If after repeated notification, SUBRECIPIENT continues to be substantially noncompliant, CHS may recommend termination of the Agreement or award.

   - CHS will make a recommendation to the Board to immediately terminate the Agreement. SUBRECIPIENT will be required to repay all Funds disbursed by CHS for the terminated project. This includes the amount invested by the COUNTY for the initial acquisition of properties or other activities.
   - SUBRECIPIENT will be considered in violation of Resolution No. 2013-228.

If SUBRECIPIENT has multiple agreements with the COUNTY, and is found to be noncompliant, the above sanctions may be imposed across all awards at the Board's discretion.

2.6 REPORTS

Reimbursement may be contingent upon the timely receipt of complete and accurate reports required by this Agreement, and on the resolution of monitoring findings identified pursuant to this Agreement, as deemed necessary by the County Manager or designee. **Reports showing lack of project activity may result in withholding of payment or issuance of a Notice of Noncompliance.**

During the term of this Agreement, SUBRECIPIENT shall submit quarterly progress reports to the COUNTY on the 10th day of January, April, July, and October, respectively, for the prior quarter period end. As part of the report submitted in October, SUBRECIPIENT agrees to include a comprehensive final report covering the agreed-upon Program objectives, activities, and expenditures including but not limited to, performance data on client feedback with respect to the goals and objectives set forth in Exhibit C, which contains an example reporting form to be used in fulfillment of this requirement. Additionally, all leveraged funds utilized in support of this project will be submitted on Exhibit C-1 as part of the final report. Other reporting requirements may be required by the County Manager or designee if the Program changes, the need for additional information or documentation arises, and/or if legislative amendments are enacted. Reports and/or

requested documentation not received by the due date shall be considered delinquent and may be cause for default and termination of this Agreement.

Remainder of Page Intentionally Left Blank

PART III
TERMS AND CONDITIONS

3.1 SUBCONTRACTS

No part of this Agreement may be assigned or subcontracted without the written consent of the COUNTY, which consent, if given at all, shall be at the COUNTY's sole discretion and judgment. SUBRECIPIENT shall cause all provisions of this Agreement in its entirety to be included in and made a part of any subcontract executed in the performance of this Agreement.

3.2 GENERAL COMPLIANCE

SUBRECIPIENT agrees to comply with the requirements of Title 24 of the Code of Federal Regulations, Part 570 (the U.S. Housing and Urban Development regulations concerning Community Development Block Grants), including subpart K of these regulations, except that (1) SUBRECIPIENT does not assume the COUNTY'S environmental responsibilities described in 24 CFR 570.604; (2) SUBRECIPIENT does not assume the COUNTY'S responsibility for initiating the review process under the provisions of 24 CFR Part 52; (3) SUBRECIPIENT is required to follow the Federal procurement process; and (4) for Developers, revenue generated is not considered program income. The CDBG program was funded through the Housing and Community Development Act of 1974. SUBRECIPIENT also agrees to comply with all other applicable laws, regulations, and policies governing the Funds provided under this Agreement. SUBRECIPIENT further agrees to utilize Funds available under this Agreement to supplement rather than supplant funds otherwise available.

SUBRECIPIENT is prohibited from using Funds provided herein, or personnel employed in the administration of the program for political activities, inherently religious activities, lobbying, political patronage, and nepotism activities.

3.3 INDEPENDENT CONTRACTOR

Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. SUBRECIPIENT shall always remain an "independent contractor" with respect to the services to be performed under this Agreement. The COUNTY shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance, and Workers' Compensation Insurance, as the SUBRECIPIENT is independent from the COUNTY.

3.4 AMENDMENTS

The COUNTY or SUBRECIPIENT may amend this Agreement, at any time, provided that such amendments make specific reference to this Agreement, are executed in writing, signed by a duly authorized representative of each organization, and approved by the COUNTY'S Board. Such

amendments shall not invalidate this Agreement, nor relieve or release the COUNTY or SUBRECIPIENT from its obligations under this Agreement.

The COUNTY may, in its discretion, amend this Agreement to conform with Federal, State, or Local governmental guidelines, policies, available funding amounts, or for other reasons. If such amendments result in a change in the funding, scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment, signed by both COUNTY and SUBRECIPIENT.

3.5 AVAILABILITY OF FUNDS

The parties acknowledge that the Funds originate from HUD CDBG grant funds and must be implemented in full compliance with all of HUD's rules and regulations and any agreement between COUNTY and HUD governing the CDBG Funds pertaining to this Agreement. In the event of curtailment or non-production of said Federal Funds, or the reduction of Funds awarded by HUD to the COUNTY, to a level that the County Manager determines to be insufficient to adequately administer the project, the financial resources necessary to continue to pay SUBRECIPIENT all or any portion of the Funds will not be available. In either event, the COUNTY may terminate this Agreement, which shall be effective as of the date that it is determined by the County Manager or designee, in his/her sole discretion and judgment, that the Funds are no longer available. In the event of such termination, SUBRECIPIENT agrees that it will not look to, nor seek to hold the COUNTY, nor any individual member of the County Commissioners and/or County Administration, personally liable for the performance of this Agreement, and the COUNTY shall be released from any further liability to SUBRECIPIENT under the terms of this Agreement.

3.6 INDEMNIFICATION

To the maximum extent permitted by Florida law, SUBRECIPIENT shall indemnify and hold harmless the COUNTY, its officers, agents, and employees from any and all claims, liabilities, damages, losses, costs, and causes of action, which may arise out of an act or omission including but not limited to, reasonable attorneys' and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of SUBRECIPIENT or any of its agents, officers, servants, employees, contractors, patrons, guests, clients, licensees, invitees, or any persons acting under the direction, control, or supervision of SUBRECIPIENT in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge, or reduce any other rights or remedies, which otherwise may be available to an indemnified party or person described in this paragraph. SUBRECIPIENT shall pay all claims and losses of any nature whatsoever in connection therewith, shall defend all suits in the name of the COUNTY, and shall pay all costs (including attorney's fees) and judgments which may issue thereon. This Indemnification shall survive the termination and/or expiration of this Agreement. This section does not pertain to any incident arising from the sole negligence of COUNTY. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in section 768.28, Florida Statutes. This section shall survive the expiration or termination of this Agreement.

3.7 GRANTEE RECOGNITION/SPONSORSHIPS

SUBRECIPIENT agrees that **all** notices, informational pamphlets, press releases, advertisements, descriptions of program sponsorships, research reports, and similar public notices, whether printed or digitally prepared and released by SUBRECIPIENT for, on behalf of, and/or about the Program shall include the statement:

> **"FINANCED IN PART BY U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD) AND COLLIER COUNTY COMMUNITY AND HUMAN SERVICES DIVISION"**

and shall appear in the same size letters or type as the name of SUBRECIPIENT. This design concept is intended to disseminate key information to the general public regarding the development team, as well as Equal Housing Opportunity. Construction signs shall comply with applicable COUNTY codes. If this Agreement results in any copyrightable material or inventions, CHS and/or the COUNTY reserve the right to royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use; and to authorize others to use the work or materials for governmental purposes.

3.8 DEFAULTS, REMEDIES, AND TERMINATION

In accordance with 2 CFR 200.341, this Agreement may be terminated for convenience by either the COUNTY or SUBRECIPIENT, in whole or in part, by setting forth the reasons for such termination, the effective date, and in the case of partial terminations, the portion to be terminated. However, in the case of a partial termination, if the COUNTY determines that the remaining portion of the award will not accomplish the purpose for which the award was made, the COUNTY may terminate the award in its entirety. This Agreement may also be terminated by the COUNTY, if the award no longer effectuates the program goals or grantor agency priorities.

The following actions or inactions by SUBRECIPIENT shall constitute a Default under this Agreement, in compliance with 2 CFR 200, Appendix II (A):

A. Failure to comply with any of the rules, regulations, or provisions referred to herein, or such statutes, regulations, executive orders, and HUD guidelines, policies, or directives as may become applicable at any time.
B. Failure, for any reason, to fulfill its obligations under this Agreement in a timely and proper manner.
C. Ineffective or improper use of funds provided under this Agreement.
D. Submission of reports to the COUNTY that are incorrect or incomplete in any material respect.
E. Submission of any false certification.
F. SUBRECIPIENT'S failure to materially comply with any terms of this Agreement.
G. Failure to materially comply with the terms of any other agreement between the COUNTY and SUBRECIPIENT relating to the project.

In the event of any default by SUBRECIPIENT under this Agreement, the COUNTY may seek any combination of one or more of the following remedies, in compliance with 2 CFR 200, Appendix II (B):

A. Require specific performance of the Agreement in whole or in part.
B. Require the use of, or change in, professional property management, if applicable.
C. Require SUBRECIPIENT to immediately repay to the COUNTY all CDBG funds received under this Agreement.
D. Apply sanctions, if COUNTY determines them to be applicable.
E. Stop all payments until identified deficiencies are corrected.
F. Terminate this Agreement by giving written notice to SUBRECIPIENT specifying the effective date of such termination. If the Agreement is terminated by the COUNTY, as provided herein, SUBRECIPIENT shall have no claim of payment or benefit for any incomplete project activities undertaken under this Agreement.

3.9 SUSPENSION AND DEBARMENT

SUBRECIPIENT certifies that neither it, nor its principals, are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by a Federal Department or agency; and that SUBRECIPIENT shall not knowingly enter into any lower tier contract, or other covered transaction, with a suspended or debarred contractor or vendor, as outlined in Executive Orders 12549 (1986) and 12689 (1989), Suspension and Debarment, and 2 CFR 200.214, as further detailed in Section 4.18.

3.10 REVERSION OF ASSETS

In the event of Agreement termination, in addition to any and all other remedies available to the COUNTY (whether under this Agreement, at law, or in equity), SUBRECIPIENT shall, at the time of termination (or expiration), immediately transfer to the COUNTY any property on hand and any accounts receivable attributable to the use of CDBG funds, per 24 CFR 570.503(b)(7).

The COUNTY'S receipt of any Funds on hand at the time of termination shall not waive the COUNTY'S right (nor excuse SUBRECIPIENT'S obligation) to recoup all or any portion of the Funds or property, as the COUNTY may deem necessary. Regulations regarding real property are subject to 2 CFR 200.311 and as otherwise provided at 24 CFR 570.503(b)(7). All program assets (unexpended program income, property, equipment, etc.) shall revert to CHS upon termination of this Agreement.

3.11 INSURANCE

SUBRECIPIENT shall not commence any work and/or services pursuant to this Agreement until all required insurance, as outlined in Exhibit A and 2 CFR 200.310, has been obtained. Said

insurance shall be carried continuously during SUBRECIPIENT'S performance under the Agreement.

3.12 ADMINISTRATIVE REQUIREMENTS

SUBRECIPIENT agrees to perform the Scope of Work in compliance with the Grant Budget and the Scope of Work (Part I), the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (2 CFR 200 et seq.), and the Federal Regulations for the Community Development Block Grant (24 CFR 570 et seq.).

3.13 PURCHASING

SUBRECIPIENT is required to follow Federal Procurement standards (2 CFR 200.317 through 200.327) and Collier County's Procurement Ordinance #2017-08, as amended. Current purchasing thresholds are:

Range:	Competition Required
$0 - $50,000	3 Written Quotes
$50,001+	Formal Solicitation (ITB, RFP, etc.)

All improvements specified in Part I Scope of Work shall be performed by SUBRECIPIENT employees, or put out to competitive bidding under a procedure acceptable to COUNTY and Federal requirements. SUBRECIPIENT shall enter into contracts with the lowest, responsible, and qualified bidder. SUBRECIPIENT shall manage and CHS shall monitor contract administration. CHS shall have access to all records and documents related to the Project.

In accordance with 24 CFR parts 570.202(b)(3) & 570.202(b)(4), to the greatest extent practicable, SUBRECIPIENT shall procure products, similar to Energy Star and Water Sense products and appliances, that increase the effective use of energy and water in structures.

In accordance with 2 CFR 200.323, SUBRECIPIENT shall procure items that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of completion, per 2 CFR 200, Appendix II (J) and 2 CFR 200.323.

3.14 PROGRAM GENERATED INCOME

No Program Income is anticipated. However, if Program Income is derived from the use of CDBG Funds disbursed under this Agreement, such Program Income shall be utilized by SUBRECIPIENT only for CDBG-eligible activities approved by the COUNTY. Any Program Income (as such term is defined under applicable Federal regulations) gained from any SUBRECIPIENT activity funded by CDBG Funds shall be reported to the COUNTY through an annual Program Income Re-use Plan, utilized by SUBRECIPIENT accordingly, and shall comply with 2 CFR 200.307, 24 CFR parts 570.489 570.500, and 570.504 in the operation of the Program. **When Program Income is generated by an activity that is only partially assisted by CDBG Funds, the income shall be prorated to reflect the percentage of CDBG Funds used.** If there is a Program Income balance

at the end of the Program Year, such balance shall revert to the COUNTY's Community Block Grant Program, for further reallocation.

Equipment/Supplies: Per 45 CFR 75, Equipment is defined as tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000. The Equipment/Supply Inventory form (Exhibit G) must be completed by SUBRECIPIENT and submitted to the COUNTY annually.

Supplies are defined as all tangible personal property other than those described as Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial state purposes or $5,000, regardless of the length of its useful life.

During the continued use period, as referenced in Section 3.16 (Grant Closeout Procedures) of this Agreement, equipment/supplies under SUBRECIPIENT'S control that were acquired or improved, in whole or in part, with CDBG Funds shall be used to meet one of the CDBG National Objectives, pursuant to 24 CFR 570.208. If SUBRECIPIENT sells, transfers, disposes of, or otherwise fails to continue to use the CDBG-assisted equipment/supplies in a manner that meets a CDBG National Objective, SUBRECIPIENT shall pay the COUNTY an amount equal to the current fair market value of the equipment/supplies, less the percentage of non-CDBG funds used to acquire the equipment/supplies.

At the end of the Grant period, the SUBRECIPIENT must request disposition instructions from the COUNTY for unused equipment acquired under this Agreement. If the COUNTY fails to provide the requested instructions within 120 days, the unused equipment with a value of $5,000 or less, may be retained, sold, or otherwise disposed of with no further responsibility to the COUNTY. However, the COUNTY is entitled to an amount calculated by multiplying the percentage of the COUNTY's contribution towards the original purchase by the current market value or proceeds from the sale. If the equipment is sold, the COUNTY may permit the SUBRECIPIENT to retain, from the Federal share, $1,000 of the proceeds to cover the expenses associated with the selling and handling of the equipment.

At the end of the Grant period, unused supplies with a value exceeding $5,000 acquired under this Agreement must be sold by the SUBRECIPIENT. The COUNTY is entitled to compensation in an amount calculated by multiplying the percentage of the COUNTY's contribution towards the cost of the original purchase(s) by the current market value or proceeds from the sale. If supplies are sold, the COUNTY may permit the SUBRECIPIENT to retain, from the Federal share, $1,000 of the proceeds to cover expenses associated with the selling and handling of the supplies.

3.15 GRANT CLOSEOUT PROCEDURES

SUBRECIPIENT'S obligation to the COUNTY shall not end until all closeout requirements are completed. SUBRECIPIENT may close out the project with the COUNTY after the expiration of the Agreement. Activities during this closeout period shall include, but are not limited to making

final payments; disposing of program assets (including the return of all unused materials, equipment, program income balances, and receivable accounts to the COUNTY); and determining the custodianship of records. Notwithstanding the foregoing, the terms of this Agreement shall remain in effect during any period that SUBRECIPIENT has control over CDBG Funds, including program income. In addition to the records retention outlined in section 2.2 (Records and Documentation) of this Agreement, SUBRECIPIENT shall comply with section 119.021, Florida Statutes, regarding records maintenance, preservation, and retention. A conflict between State and Federal records retention requirements will result in the more stringent law being applied, such that the record must be held for the longer duration. Any balance of unobligated Funds that have been advanced or paid must be returned to the COUNTY. Any Funds paid exceeding the amount SUBRECIPIENT is entitled to under the terms and conditions of this Agreement must be refunded to the COUNTY. SUBRECIPIENT shall also produce records and information complying with section 215.97, Florida Statutes, the Florida Single Audit Act. Closeout procedures must take place in accordance with 2 CFR 200.344.

3.16 OPPORTUNITIES FOR RESIDENTS AND CIVIL RIGHTS COMPLIANCE

SUBRECIPIENT agrees that no person shall be excluded from the benefits of, or be subjected to, discrimination under any activity carried out by the performance of this Agreement based on race, color, disability, national origin, religion, age, familial status, or sex. Upon receipt of evidence of such discrimination, the COUNTY shall have the right to terminate this Agreement.

To the greatest extent feasible, lower-income residents of the Program area shall be given opportunities for training and employment. Also, to the greatest extent practicable, eligible business concerns located in or owned in substantial part by persons residing in the Program areas shall be awarded contracts in connection with the project. SUBRECIPIENT shall comply with Section 3 of the Housing and Community Development Act of 1968.

3.17 OPPORTUNITIES FOR SMALL AND MINORITY/WOMEN OWNED BUSINESS ENTERPRISES

SUBRECIPIENT will use its best efforts to afford small businesses and minority and women's business enterprises the maximum practicable opportunity to participate in the performance of this Agreement. As used in this Agreement, the term "small business" means a business that meets the criteria set forth in section 3(a) of the Small Business Act, as amended (15 U.S.C. 632); and "minority and women's business enterprise" means a business that is at least 51 percent owned and controlled by minority group members or women. For the purpose of this definition, "minority group members" are Black Americans, Hispanic Americans, Asian/Pacific Americans, Native Americans, and Hasidic Jews. SUBRECIPIENT may rely on written representations by businesses regarding their status as minority and women's business enterprises, in lieu of an independent investigation.

3.18 PROGRAM BENEFICIARIES

If the Agreement is meeting a National Objective through an LMI strategy, at least 51 percent of the beneficiaries of a project Funded through this Agreement must be low- and moderate-income persons, or presumed to be low- to moderate-income persons based on applicable regulation. Determination of income eligibility is based on the annual income of the family or household. This Agreement conforms to the definition of Annual Income, per 24 CFR 570.3(1)(i), where Annual income is defined under the Section 8 Housing Assistance Payments. Details for calculating the Annual Income are contained in 24 CFR 5.609, with practical instructions contained in HUD Handbook 4350.3, Chapter 5.

If the project is located in an entitlement city, as defined by HUD, or serves beneficiaries countywide, more than 30 percent of the beneficiaries directly assisted under this Agreement must reside in unincorporated Collier County or in municipalities participating in the COUNTY's Urban County Qualification Program. The project shall assist beneficiaries as defined above for the time period designated in Exhibit C of this Agreement.

3.19 AFFIRMATIVE ACTION

SUBRECIPIENT agrees that it is committed to carrying out an Affirmative Action Program pursuant to the COUNTY'S specifications, in keeping with the principles as provided in President's Executive Order 11246 of September 24, 1966. Prior to the award of funds, SUBRECIPIENT shall submit for approval a plan for an Affirmative Action Program, if federal thresholds are met. The Affirmative Action Program must be updated throughout the continued use period and submitted to the COUNTY within 60 days of any update/modification. SUBRECIPIENT contracting officer will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising the labor union or worker's representative of the SUBRECIPIENT's commitments hereunder; and shall post copies of the notice in conspicuous places available to all employees and applicants for employment.

3.20 CONFLICT OF INTEREST

SUBRECIPIENT covenants that no person under its employ, who presently exercises any functions or responsibilities in connection with the Project, has any personal financial interest, direct or indirect, in the Project areas or any parcels therein, which would conflict in any manner or degree with the performance of this Agreement; and that no person having any conflict of interest shall be employed or subcontracted by SUBRECIPIENT. SUBRECIPIENT covenants that it will comply with all provisions of 24 CFR 570.611 "Conflict of Interest," 2 CFR 200.318, and the State and County statutes, regulations, ordinances, or resolutions governing conflicts of interest. All SUBRECIPIENT employees who work on activities associated with this Agreement shall complete the Subrecipient/Developer/Vendor Conflict of Interest Disclosure Form prior to execution of this Agreement. Any employees hired later during the period of performance for this Agreement who will work on activities associated with this Agreement shall also complete and submit to the COUNTY the Conflict of Interest Disclosure Form.

SUBRECIPIENT will notify the COUNTY, in writing, and seek COUNTY approval prior to entering into any contract with an entity owned in whole or in part by a covered person, or an entity owned or controlled in whole or in part by SUBRECIPIENT. The COUNTY may review the proposed contract to ensure that the contractor is qualified, and the costs are reasonable. Approval of an identity of interest contract will be in the COUNTY's sole discretion. This provision is not intended to limit SUBRECIPIENT'S ability to self-manage the projects using its own employees.

SUBRECIPIENT shall establish Conflict of Interest reporting requirements for its board membrs and staff to report their participation as a beneficiary in the program supported by this Agreement. Such reporting shall also incorporate reporting the participation of their family members who include a spouse or civil union partner, member of the same household, parent (including step- and in-law) grandparent (including step- and in-law), child (including step-) or grandchild (including step-), sibling (including step- and in-law), cousin, aunt, or uncle.

Any possible conflict of interest on the part of SUBRECIPIENT, its employees, or its contractors shall be disclosed to CHS in writing, provided however, that this paragraph shall be interpreted in such a manner so as not to unreasonably impede the statutory requirement that maximum opportunity be provided for employment of and participation of low- and moderate-income residents of the project target area.

3.21 BYRD ANTI-LOBBYING AMENDMENT

The COUNTY, SUBRECIPIENT, and their contractors certify that they will not, and have not, used Federally appropriated funds to pay any person or organization for influencing or attempting to influence the award of Federal funds, as covered by 31 USC 1352, and more fully described in Section 4.54 of this Agreement. Contractors who apply or bid for an award of $100,000 or more shall file the required certification.

3.22 RELIGIOUS ORGANIZATIONS

CDBG Funds may be used by religious organizations or on property owned by religious organizations only in accordance with requirements set in Section 24 CFR 570.200(j). SUBRECIPIENT shall comply with First Amendment Church/State principles as follows:

A. It will not discriminate against any employee or applicant for employment and will not limit employment or give preference in employment to persons based on religion.

B. It will not discriminate against any person applying for public services and will not limit such services or give preference to persons based on religion.

C. It will retain its independence from Federal, State, and Local governments and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided it does not use direct CDBG Funds to support any inherently religious activities, such as worship, religious instruction, or proselytizing.

D. The Funds shall not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for inherently religious activities. Where a structure is used for both eligible and inherently religious activities, CDBG Funds may not exceed the cost of those portions of the acquisition, construction, or rehabilitation that are attributable to eligible activities, in accordance with the cost accounting requirements applicable to CDBG Funds in this part. Sanctuaries, chapels, or other rooms that a CDBG funded religious congregation uses as its principal place of worship, however, are ineligible for CDBG funded improvements.

3.23 INCIDENT REPORTING

If SUBRECIPIENT provides services to clients under this Agreement, SUBRECIPIENT and any subcontractors shall report to the COUNTY knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled person.

During the term of this Agreement, SUBRECIPIENT must report to the COUNTY in writing, within one business day of occurrence, any substantial, controversial, or newsworthy incidents. The Collier County Incident Report Form (Exhibit F) shall be used to report all such incidents.

3.24 DUPLICATION OF EFFORT

SUBRECIPIENT certifies that costs for work to be performed under this Agreement and any subcontract do not duplicate any costs charged against any other contract, subcontract, or other source, in accordance with 48 CFR 1331.205-70. SUBRECIPENT agrees to advise the COUNTY in writing of any other contract or subcontract it has performed or is performing which involves work directly related to the purpose of this Agreement.

3.25 SEVERABILITY

Should any provision of this Agreement be determined unenforceable or invalid, such determination shall not affect the validity or enforceability of any other section or part thereof.

3.26 MISCELLANEOUS

SUBRECIPIENT and COUNTY each binds itself, its partners, successors, legal representatives, and assigns of such other party in respect to all covenants of this Agreement.

SUBRECIPIENT represents and warrants that the financial data, reports, and other information it furnished to the COUNTY regarding the Project are accurate and complete, and financial disclosures fairly represent the financial position of SUBRECIPIENT.

SUBRECIPIENT understands that client information collected under this Agreement is private and the use or disclosure of such information, when not directly connected with the administration of the COUNTY's or SUBRECIPIENT's responsibilities with respect to services provided under this Agreement, is prohibited unless written consent is obtained from such person receiving service and, in case of a minor, that of a responsible parent/guardian.

SUBRECIPIENT certifies that it has the legal authority to receive the Funds under this Agreement and its governing body has authorized the execution and acceptance of this Agreement. The SUBRECIPIENT also certifies that the undersigned person has the authority to legally execute and bind SUBRECIPIENT to the terms of this Agreement.

The section headings and subheadings contained in this Agreement are included for convenience only and shall not limit or otherwise affect the terms of this Agreement.

The Grant Documents shall be construed in accordance with and governed by the laws of the State of Florida, without giving effect to its provisions regarding choice of laws.

All activities authorized by this Agreement shall be subject to and performed in accordance with the provisions of the terms and conditions of the Agreement between the COUNTY, the Regulations, all applicable Federal, State, and Municipal laws, ordinances, regulations, orders, and guidelines, including but not limited to any applicable regulations issued by HUD.

Electronic Signatures. This Agreement, and related documents entered into in connection with this Agreement, are signed when a party's signature is delivered by facsimile, e-mail, or any other electronic medium. These signatures must be treated in all respects as having the same force and effect as original signatures.

3.27 WAIVER

The COUNTY's failure to act with respect to a breach by SUBRECIPIENT does not waive its right to act with respect to subsequent or similar breaches. The COUNTY'S failure to exercise or enforce any right or provision shall not constitute a waiver of such right or provision.

COUNTY and SUBRECIPIENT are prohibited from obligating or expending loan or grant funds to: 1) procure or obtain; 2) extend or renew a contract to procure or obtain; 3) enter into a contract (or extend or renew a contract) to procure or obtain equipments, services, or systems that use(s) covered telecommunications equipment or services as a substantial component of any system, or as critical technology as part of any system.

4.25 Immigration Reform and Control Act of 1986
S.1200 - 99th Congress (1985-1986): Immigration Reform and Control Act of 1986 | Congress.gov | Library of Congress

4.26 The SUBRECIPIENT agrees to comply with the following requirements:

a. Clean Air Act, 41 USC 7401, et seq. https://www.govinfo.gov/content/pkg/USCODE-2010-title42/html/USCODE-2010-title42-chap85.htm https://www.law.cornell.edu/uscode/text/42/chapter-85

b. Federal Water Pollution Control Act, 33 USC 1251, et seq., as amended. https://www.govinfo.gov/content/pkg/USCODE-2011-title33/pdf/USCODE-2011-title33-chap26.pdf https://www.law.cornell.edu/uscode/text/33/chapter-26

4.27 In accordance with the requirements of the Flood Disaster Protection Act of 1973 (42 USC 4002 and 24 CFR 570.605 Subpart K), the SUBRECIPIENT shall assure that for activities located in an area identified by FEMA as having special flood hazards, flood insurance under the National Flood Insurance Program is obtained and maintained. If appropriate, a letter of map amendment (LOMA) may be obtained from FEMA, which would satisfy this requirement and/or reduce the cost of said flood insurance.
https://www.law.cornell.edu/cfr/text/24/570.605

4.28 SUBRECIPIENT must certify that it will provide drug-free workplaces, in accordance with the Drug-Free Workplace Act of 1988 (41 USC 701).
https://www.gpo.gov/fdsys/granule/USCODE-2009-title41/USCODE-2009-title41-chap10-sec701

4.29 SUBRECIPIENT certifies that neither it, nor its principals, is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal Department or agency; and the SUBRECIPIENT shall not knowingly enter into any lower tier contract, or other covered transaction, with a person who is similarly

debarred or suspended from participating in this covered transaction as outlined in 24 CFR 570.609, Subpart K.
24CFR 570.609, Subpart K: https://www.ecfr.gov/current/title-24/subtitle-B/chapter-V/subchapter-C/part-570/subpart-K

4.30 SUBRECIPIENT agrees to comply with the following OMB Circulars whichever is applicable and agrees to adhere to the accounting principles and procedures required therein, utilize adequate internal controls, and maintain necessary source documentation for all costs incurred. These requirements are enumerated in 2 CFR 200, et seq.

4.31 Single Audits shall be conducted annually, in accordance with 2 CFR 200.501, and shall be submitted to the COUNTY nine (9) months after the end of the SUBRECIPIENT'S fiscal year. The SUBRECIPIENT shall comply with the requirements and standards of 2 CFR 200 Subpart F, Section 500. SUBRECIPIENTS exempt from Single Audit requirements shall submit financial statements to the COUNTY one hundred eighty (180) days after the end of the SUBRECIPIENT'S fiscal year. Per 2 CFR 200.345, if this Agreement is closed out prior to the receipt of an audit report, the COUNTY reserves the right to recover any disallowed costs identified in an audit after such closeout.
eCFR :: 2 CFR Part 200 Subpart F -- Audit Requirements

4.32 No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement. If any funds, other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, contracts under grants, loans, and cooperative agreements) and that all SUBRECIPIENTS shall certify and disclose accordingly.

4.33 Travel reimbursement will be based on the U.S. General Services Administration (GSA) per diem rates in effect at the time of travel. SUBRECIPIENT shall obtain written approval from CHS for any outside travel outside the metropolitan area with funds provided under this Agreement.
https://www.gsa.gov/portal/content/104877

4.34 Equal access in accordance with the individual's gender identity in community planning and development programs, per 24 CFR 5.106.

https://www.govregs.com/regulations/expand/title24_part5_subpartA_section5.106

4.35 Housing Counseling, including homeownership counseling or rental housing counseling, as defined in §5.100, required under or provided in connection with any program administered by HUD shall be provided only by organizations and counselors certified by the Secretary under 24 CFR part 214 to provide housing counseling, consistent with 12 U.S.C. 1701x, per 24 CFR 5.111.
eCFR: 24 CFR Part 214 Subpart D -- Program Administration
https://www.law.cornell.edu/cfr/text/24/5.111

4.36 HUD Final Rule – Implementation of the Violence Against Women Reauthorization Act of 2013 which applies for all victims of domestic violence, dating violence, sexual assault, and stalking, regardless of sex, gender identity, or sexual orientation, and which must be applied consistent with all nondiscrimination and fair housing requirements.
https://www.federalregister.gov/documents/2016/11/16/2016-25888/violence-against-women-reauthorization-act-of-2013-implementation-in-hud-housing-programs

4.37 Any rule or regulation determined to be applicable by HUD.

4.38 Limited English Proficiency: SUBRECIPIENT agrees to take reasonable steps to provide meaningful access to the program/project and activities funded under this Agreement for persons with limited English proficiency pursuant to information located at http://www.lep.gov.

4.39 Equal Treatment of Faith-Based Organizations: By regulation, HUD prohibits all recipient organizations from using financial assistance from HUD to fund explicitly religious activities. The SUBRECIPIENT agrees to avoid such prohibited conduct. For more information, see https://ojp.gov/about/ocr/partnerships.htm. Discrimination on the basis of religion in employment is generally prohibited by federal law, but the Religious Freedom Restoration Act is interpreted on a case-by-case basis to allow some faith-based organizations to receive HUD funds while taking into account religion when hiring staff. Questions in this regard should be directed to the Office for Civil Rights.

A. Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in CDBG.
B. The SUBRECIPIENT may not engage in inherently religious activities, such as worship, religious instruction, or proselytization as part of the programs or services funded under CDBG. If the SUBRECIPIENT conducts such activities, the activities must be offered separately, in time or location, from the programs or services funded under CDBG, and participation must be voluntary for the program participants.
C. A religious Subrecipient that receives CDBG funding will retain its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that it does not use direct CDBG funds to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based Subrecipients may use space in their facilities to provide CDBG

funded services, without removing religious art, icons, scriptures, or other religious symbols. In addition, a Subrecipient retains its authority over its internal governance, and it may retain religious terms in its name, select its board members on a religious basis, and include religious references in its mission statements and other governing documents.

D. The Subrecipient that participates in CDBG shall not, in providing program assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief.

E. If the SUBRECIPIENT voluntarily contributes its own funds to supplement federally funded activities, the SUBRECIPIENT has the option to segregate the federal funds or commingle them. However, if the funds are commingled, the requirements listed above apply to all of the commingled funds.

4.40 Arrest and Conviction Records: Federal and state laws restrict use of arrest and conviction records in the employment context, except when specifically authorized. SUBRECIPIENT agrees to avoid the misuse of arrest or conviction records to screen applicants for employment or employees for retention or promotion that may have a disparate impact based on race or national origin, resulting in unlawful employment discrimination unless use is otherwise specifically authorized by law. See https://ojp.gov/about/ocr/pdfs/UseofConviction_Advisory.pdf for more details.

4.41 Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352): The SUBRECIPIENT will not use and has not used federal appropriated funds to pay at any tier, either directly or indirectly, any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award or subaward covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with nonfederal funds that takes place in connection with obtaining any federal award or subaward. Such disclosures are forwarded from tier to tier up to the recipient. The SUBRECIPIENT shall comply with the lobbying restrictions of the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352) and (ii) ensure that its officers, employees and its subcontractors hereunder comply with all applicable local, state, and federal laws and regulations governing advocacy of and appearances before any legislative body. None of the funds provided under this Agreement shall be used for publicity or propaganda purposes designed to support or defeat any legislation pending before local, state, or federal legislatures.

31 U.S.C. 1352 - Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions - Document in Context - USCODE-2010-title31-subtitleII-chap13-subchapIII-sec1352 (govinfo.gov)

31 U.S. Code § 1352 - Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions | U.S. Code | US Law | LII / Legal Information Institute (cornell.edu)

4.42 False Claim; Criminal, or Civil Violation: SUBRECIPIENT must promptly refer to COUNTY any credible evidence that a principal, employee, agent, contractor, subgrantee, subcontractor, or other person has either (i) submitted a false claim for grant funds under the False Claims Act or (ii)

committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving subaward agreement funds
18 U.S. Code § 1001 - Statements or entries generally | U.S. Code | US Law | LII / Legal Information Institute (cornell.edu)

Beneficiaries are subject to this False Claims Act that include the following: 31 U.S.C. 3729 - False claims - Document in Context - USCODE-2010-title31-subtitleIII-chap37-subchapIII-sec3729 (govinfo.gov)
31 U.S. Code § 3729 - False claims | U.S. Code | US Law | LII / Legal Information Institute (cornell.edu)

4.43 Political Activities Prohibited: None of the Funds provided directly or indirectly under this Agreement shall be used for any political activities or to further the election or defeat of any candidates for public office. Neither this Agreement nor any Funds provided hereunder shall be utilized in support of any partisan political activities or activities for or against the election of a candidate for an elected office.

4.44 Text Messaging: Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," 74 *Federal Register* 51225 (October 1, 2009), HUD encourages recipients and subrecipients to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by HUD and to establish workplace safety policies and conduct education, awareness, and other outreach to decrease crashes caused by distracted drivers.
Executive Order 13513 --Federal Leadership on Reducing Text Messaging while Driving | whitehouse.gov (archives.gov)

4.45 Trafficking in Persons: SUBRECIPIENT agrees to, at any tier, comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of the SUBRECIPIENT and any employees of SUBRECIPIENT. The details of SUBRECIPIENT'S obligations related to prohibited conduct related to the trafficking of persons are posted at:
https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm.
eCFR :: Appendix A to Part 175, Title 2 -- Award Term

Pursuant to Florida Statues 787.06, SUBRECIPIENT attests that it does not use coercion for labor or services. SUBRECIPIENT shall provide an affidavit, under penalty of perjury, signed by an officer or representative of the organization attesting that it does not use coercion for labor services.
http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=0700-0799/0787/Sections/0787.06.html

4.46 Association of Community Organizations for Reform Now (ACORN): SUBRECIPIENT understands and acknowledges that it cannot use any Federal Funds, either directly or indirectly, in support of any contract or subaward to either ACORN or its subsidiaries, without the express prior written approval of OJP.

4.47 If SUBRECIPIENT wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under this funding agreement, SUBRECIPIENT must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Busines Firms Under Government Grants, Contracts, and Cooperative Agreements," and any implementing regulations issued by HUD.
https://www.ecfr.gov/cgi-bin/retrieveECFR?gp=&SID=a004b6bf20934ace7a717de761dc64c0&mc=true&n=pt37.1.401&r=PART&ty=HTML

4.48 Prohibition of Gifts to COUNTY Employees - No organization or individual shall offer or give, either directly or indirectly, any favor, gift, loan, fee, service, or other item of value to any COUNTY employee, as set forth in Chapter 112, Part III, Florida Statutes, Collier County Ethics Ordinance No. 2004-05, as amended, and County Administrative Procedure 5311.
Florida Statutes-
https://www.lawserver.com/law/state/florida/statutes/florida_statutes_chapter_112_part_iii
Collier County-
http://www.colliergov.net/home/showdocument?id=35137

4.49 Order of Precedence - In the event of any conflict between or among the terms of any of the Contract Documents, the terms of the Agreement shall take precedence over the terms of all other Contract Documents, except that the terms of any Supplemental Conditions shall take precedence over the Agreement. To the extent any conflict in the terms of the Contract Documents cannot be resolved by application of the Supplemental Conditions, if any, or the Agreement, the conflict shall be resolved by imposing the more strict or costly obligation under the Contract Documents upon the Contractor at Owner's discretion.

4.50 Venue - Any suit of action brought by either party to this Agreement against the other party, relating to or arising out of this Agreement, must be brought in the appropriate federal or state courts, in Collier County, FL which courts have sole jurisdiction on all such matters. (No reference required for this item).

4.51 Dispute Resolution - Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. Any situations when negotiations, litigation, and/or mediation shall be attended by representatives of SUBRECIPIENT with full decision-making authority and by COUNTY'S staff person who would make the presentation of any settlement reached during negotiations to COUNTY for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Florida Statutes. The litigation arising out of this Agreement shall be adjudicated in Collier County, Florida, if in state court; and the US District Court, Middle District of Florida, if in federal court. BY ENTERING INTO THIS AGREEMENT, COLLIER COUNTY AND THE SUBRECIPIENT EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO, OR ARISING OUT OF, THIS AGREEMENT.
https://www.flsenate.gov/Laws/Statutes/2012/44.102

4.52 As provided in § 287.133, Florida Statutes, by entering into this Agreement or performing any work in furtherance hereof, the SUBRECIPIENT certifies that it, its affiliates, suppliers, subcontractors, and consultants who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the 36 months immediately preceding the date hereof.
This notice is required by § 287.133 (3) (a), Florida Statutes.
http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=0200-0299/0287/Sections/0287.133.html

4.53 Florida Statutes section 448.095 Employment Eligibility. Per Florida Statute 448.095(3), all Florida private employers are required to verify employment eligibility for all new hires beginning January 1, 2021. Eligibility determination is not required for continuing employees hired prior to January 1, 2021.
http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=0400-0499/0448/0448.html

For purposes of satisfying the requirement of this condition regarding verification of employment eligibility, the SUBRECIPIENT shall participate in, and use, E-Verify (www.e-verify.gov), provided an appropriate person authorized to act on behalf of the recipient (or subrecipient) uses E-Verify (and follows the proper E-Verify procedures, including in the event of a "Tentative Non-confirmation" or a "Final Non-confirmation") to confirm employment eligibility for each hiring for a position in the United States that is or will be funded (in whole or in part) with award funds.

Questions about E-Verify should be directed to DHS. For more information about E-Verify visit the E-Verify website (https://www.e-verify.gov/) or email E-Verify at E-Verify@dhs.gov. E-Verify employer agents can email E-Verify at E-VerifyEmployerAgent@dhs.gov.

4.56 OSHA. Where SUBRECIPIENT employees are engaged in activities not covered under the Occupational Safety and Health Act of 1970, they shall not be required or permitted to work, be trained, or receive services in buildings or surroundings or under working conditions which are unsanitary, hazardous, or dangerous to the participant's health or safety.

4.57 Right to Know. Participants employed or trained for inherently dangerous occupations, e.g., fire or police jobs, shall be assigned to work in accordance with reasonable safety practices. The SUBRECIPIENT will comply with all applicable "Right to Know" Acts.

4.58 Whistleblower Protections:

a. In accordance with 200 CFR 200.217 and 41 U.S.C. § 4712, the SUBRECIPIENT may not discharge, demote, or otherwise discriminate against an employee in reprisal for disclosing to any of the list of persons or entities provided below, information that the employee reasonably believes is evidence of gross mismanagement of a federal contract or grant, a gross waste of federal funds, an abuse of authority relating to a federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or grant.

b. The list of persons and entities referenced in the paragraph above includes the following:
   i. A member of Congress or a representative of a committee of Congress;
   ii. An Inspector General;
   iii. The Government Accountability Office;
   iv. A Treasury employee responsible for contract or grant oversight or management;
   v. An authorized official of the Department of Justice or other law enforcement agency;
   vi. A court or grand jury; or
   vii. A management official or other employee of Recipient, contractor, or subcontractor who has the responsibility to investigate, discover, or address misconduct.

The SUBRECIPIENT shall inform its employees in writing of whistleblower rights and remedies provided under 2 CFR 200.217 and 41 U.S.C. § 4712, in the predominant native language of the workforce.
https://uscode.house.gov/view.xhtml?req=(title:41%20section:4712%20edition:prelim)

All SUBRECIPIENT employees directly involved with activities associated with this Agreement shall complete and submit to the COUNTY the Collier County Whistleblower Protections Certification form (Exhibit H) prior to execution of this Agreement. Any new employees hired during the period of performance of this Agreement shall also complete and submit the form to the COUNTY.

ENTIRE AGREEMENT This Agreement constitutes the entire agreement between COUNTY and SUBRECIPIENT for the use of Funds received under this Agreement and it supersedes all prior or contemporaneous communications and proposals, whether electronic, oral, or written between COUNTY and SUBRECIPIENT with respect to this Agreement.

EXHIBITS

EXHIBIT A

INSURANCE REQUIREMENTS

The SUBRECIPIENT shall furnish to Collier County Board of County Commissioners, c/o Community and Human Services Division, 3339 Tamiami Trail East, Suite 213, Naples, Florida 34112, Certificate(s) of Insurance evidencing insurance coverage that meets the requirements as outlined below:

1. Workers' Compensation as required by Chapter 440, Florida Statutes.

2. Commercial General Liability, including products and completed operations insurance, in the amount of $1,000,000 per occurrence and $2,000,000 aggregate. Collier County Board of County Commissioners must be shown as an additional insured with respect to this coverage.

3. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with this Agreement, in an amount not less than $1,000,000 combined single limit for combined Bodily Injury and Property Damage.

DESIGN STAGE (IF APPLICABLE)
In addition to the insurance required in 1 – 3 above, a Certificate of Insurance must be provided as follows:

4. Professional Liability Insurance, in the name of the SUBRECIPIENT or the licensed design professional employed by the SUBRECIPIENT, in an amount not less than $1,000,000 per occurrence/$1,000,000 aggregate providing for all sums which the SUBRECIPIENT and/or the design professional shall become legally obligated to pay as damages for claims arising out of the services performed by the SUBRECIPIENT or any person employed by the SUBRECIPIENT in connection with this Agreement. This insurance shall be maintained for a period of two (2) years after the certificate of Occupancy is issued.

CONSTRUCTION PHASE (IF APPLICABLE)
In addition to the insurance required in 1 – 4 above, the SUBRECIPIENT shall provide, or cause its Subcontractors to provide, original certificates indicating the following types of insurance coverage prior to any construction:

5. Completed Value Builder's Risk Insurance on an "All Risk" basis, in an amount not less than one hundred (100%) percent of the insurable value of the building(s) or structure(s). The policy shall be in the name of Collier County Board of County Commissioners and the SUBRECIPIENT.

6. In accordance with the requirements of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001), the SUBRECIPIENT shall assure that for activities located in an area identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards, flood insurance under

the National Flood Insurance Program is obtained and maintained, as a condition of financial assistance for acquisition or construction purposes (including rehabilitation).

OPERATION/MANAGEMENT PHASE (IF APPLICABLE)
After the Construction Phase is completed and occupancy begins, the following insurance must be kept in force throughout the duration of the loan and/or Agreement:

7. Workers' Compensation as required by Chapter 440, Florida Statutes.

8. Commercial General Liability including products and completed operations insurance in the amount of $1,000,000 per occurrence and $2,000,000 aggregate. Collier County Board of County Commissioners must be shown as an additional insured with respect to this coverage.

9. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with this Agreement in an amount not less than $1,000,000 combined single limit for combined Bodily Injury and Property Damage.

10. Property Insurance coverage on an "All Risk" basis, in an amount not less than one hundred (100%) of the replacement cost of the property. Collier County Board of County Commissioners must be shown as a Loss payee, with respect to this coverage A.T.I.M.A.

11. Flood Insurance coverage for those properties found to be within a flood hazard zone, for the full replacement values of the structure(s) or the maximum amount of coverage available through the National Flood Insurance Program (NFIP). The policy must show Collier County Board of County Commissioners as a Loss Payee A.T.I.M.A.

EXHIBIT C
QUARTERLY PERFORMANCE REPORT DATA

The COUNTY is required to submit Performance Reports to HUD through the Integrated Disbursement and Information System (IDIS). The COUNTY reports information on a quarterly basis. To facilitate in the preparation of such reports, SUBRECIPIENT shall submit the information contained herein within ten (10) days of the end of each calendar quarter. At COUNTY's discretion, SUBRECIPIENT may be required to enter the information collected on this exhibit into an online grant management system.

Subrecipient Name: Baker Senior Center Naples, Inc	Date:
Project Title: Aging in Place with Dignity: Case Management Services for Older Adults	IDIS #:
Program Contact: Tim Morrison	Telephone Number: (239)325-4444 ext. 2212

Activity Reporting Period	Report Due Date
October 1st – December 31st	January 10th
January 1st – March 31st	April 10th
April 1st – June 30th	July 10th
July 1st – September 30th	October 10th

REPORT FOR QUARTER ENDING: (check one that applies to the corresponding grant period):
☐ 12/31/2025 ☐ 3/31/2026 ☐ 6/30/2026 ☐ 9/30/2026 Final __/__/20__

Please note: The HUD Program year begins October 1, 2025 – September 30, 2026. Each quarterly report must include cumulative data beginning from the start of the program year October 1, 2025.				
1.	Please list the outcome goal(s) from your approved application and SUBRECIPIENT Agreement and indicate your progress in meeting those goals since October 1, 2025.			
a.	Outcome Goals: list the outcome goal(s) from your approved application and SUBRECIPIENT Agreement			
	Outcome 1: A minimum of seventy (70) unduplicated clients will be served.			
	Outcome 2: Conduct and document up to twelve (12) telephone socialization calls to homebound case management clients.			
	Outcome 3: Documentation that 51% of the total households served qualify as low- to moderate-income, for achievement of the LMC National Objective.			
b.	Goal Progress: Indicate the progress to date in meeting each outcome goal.			
	Outcome 1:			
	Outcome 2:			
	Outcome 3:			
2.	Is this project still in compliance with the original project schedule: Yes ☐ No ☐			
	If No, Explain:			
3.	Since October 1, 2025; of the persons assisted, how many… Answer ONLY for Public Facilities & Infrastructure Activities *03 Matrix Codes			
	a.	…now have new access (continuing) to this service or benefit?		0
	b.	…now have improved access to this service or benefit?		0
	c.	…now receive a service or benefit that is no longer substandard?		0
		Total		**0**

4.	What funding sources did the SUBRECIPIENT apply for this period?			
	Section 108 Loan Guarantee	$	CDBG	$
	Other Consolidated Plan Funds	$	HOME	$
	Other Federal Funds	$	ESG	$
		$	HOPWA	$

	$	Total Entitlement Funds	$

5.	What is the total number of UNDUPLICATED Persons (LMC) or Households (LMH) served this QUARTER, if applicable? Answer question 5a or 5b; **NOT** both For LMC activities: people, race/ethnicity, and income data are reported by persons. For LMH activities: households, race/ethnicity, and income level are reported by households, regardless the number of persons in the household.			
	a.	Total No. Persons/Adults served (LMC)	0	Total No. persons served under 18 (LMC)	0
		Quarter Total No. of Persons	0	Quarter Total No. of Persons	0
	b.	Total No. of Households served	0	Total No. of female head of household (LMH)	0

6.	What is the total number of UNDUPLICATED clients served since October, if applicable? Answer question 6a or 6b, NOT both For LMC activities: race/ethnicity and income data are reported by persons.			
	a.	Total No. Persons/Adults served (LMC)	0	Total No. Persons served under 18 (LMC)	0

EXHIBIT E

ANNUAL AUDIT MONITORING REPORT

Circular 2 CFR Part 200.332 requires Collier County to monitor subrecipients of federal awards to determine if subrecipients are compliant with established audit requirements (Subpart F). Accordingly, Collier County requires that all appropriate documentation is provided regarding the organization's compliance. In determining Federal awards expended in a fiscal year, the subrecipient must consider all sources of Federal awards, based on when the activity related to the Federal award occurs, including any Federal award provided by Collier County. The determination of amounts of Federal awards expended shall be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. This form may be used to monitor Florida Single Audit Act (Statute 215.97) requirements.

Subrecipient Name	**Baker Senior Center Naples, Inc.**
First Date of Fiscal Year (MM/DD/YY)	**Last Date of Fiscal Year (MM/DD/YY)**
Total Federal Financial Assistance Expended during most recently completed Fiscal Year	**Total State Financial Assistance Expended during most recently completed Fiscal Year**
$	**$**

Check A. or B. Check C if applicable

☐	A. The federal/state expenditure threshold for our fiscal year ending as indicated above has been met, and a Single Audit as required by 2 CFR Part 200 Subpart F has been completed or will be completed by _____. Copies of the audit report and management letter are attached or will be provided within 30 days of completion.
☐	B. We are not subject to the requirements of OMB 2 CFR Part 200, Subpart F because we: ☐ Did not exceed the expenditure threshold for the fiscal year indicated above ☐ Are a for-profit organization ☐ Are exempt for other reasons – explain _____ An audited financial statement is attached and if applicable, the independent auditor's management letter.
☐	C. Findings were noted, a current Status Update of the responses and corrective action plan is included separate from the written response provided within the audit report. While we understand that the audit report contains a written response to the finding(s), we are requesting an updated status of the corrective action(s) being taken. Please do not provide just a copy of the written response from your audit report, unless it includes details of the actions, procedures, policies, etc. implemented and when it was or will be implemented.

SUBRECIPIENT Name: Baker Senior Center Naples, Inc.

SUBRECIPIENT Address: 6200 Autumn Oaks Lane, Naples, Florida 34119

Project Name: Aging in Place with Dignity: Case Management Services for Older Adults

Project No: PS25-04

In accordance with 2 CFR 200.217 and 41 U.S.C. § 4712, SUBRECIPIENT may not discharge, demote, or otherwise discriminate against an employee in reprisal for disclosing to any of the list of persons or entities provided below, information that the employee reasonably believes is evidence of gross mismanagement of a federal contract or grant, a gross waste of federal funds, an abuse of authority relating to a federal contract or grants, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or grant.

The list of persons and entities referenced in the paragraph above includes the following:

- A member of Congress or a representative of a committee of Congress
- An Inspector General
- The Government Accountability Office
- A Treasury employee responsible for contract or grant oversight or management
- An authorized official of the Department of Justice or other law enforcement agency
- A court or grand jury
- A management official or other employee of SUBRECIPIENT, contractor, or subcontractor who has the responsibility to investigate, discover, or address misconduct

SUBRECIPIENT shall inform its employees in writing of whistleblower rights and remedies provided under section 41 U.S.C. § 4712, in the predominant native language of the workforce.

By signing this certification, I certify that Baker Senior Center Naples, Inc. will comply with all Whistleblower rights and protections for its employees.

FIRST AMENDMENT TO AGREEMENT BETWEEN COLLIER COUNTY
AND
BAKER SENIOR CENTER NAPLES, INC.
CDBG Grant Program – Public Services

THIS AMENDMENT is made and entered into this ____ day of _____ 2026, by and between Collier County, a political subdivision of the State of Florida, (COUNTY) having its principal address at 2671 Airport Road South, Suite 203, Naples FL 34112, and **BAKER SENIOR CENTER NAPLES, INC.** (SUBRECIPIENT), a private non-profit organization having its principal office at 6200 Autumn Oaks Lane, Naples, Florida 34119-8633.

WHEREAS, the COUNTY has entered into an Agreement with the United States Department of Housing and Urban Development (HUD) for a grant to execute and implement a Community Development Block Grant (CDBG) Program in certain areas of Collier County, pursuant to Title I of the Housing and Community Development Act of 1974 (as amended); and

WHEREAS, the Board of County Commissioners of Collier County (Board) approved the Collier County Consolidated Plan – One-year Action Plan for Federal Fiscal Year 2025-2026 for the CDBG Program with Resolution 2025-134 on July 8, 2025 – Agenda Item 16.D.2.; and

WHEREAS, in accordance with HUD regulations and the Collier County Consolidated Plan concerning the preparation of various Annual Action Plans, the COUNTY advertised the 2025-2026 Annual Action Plan, on May 22, 2025, with a 30-day Citizen Comment period from June 6, 2025, to July 6, 2025; and

WHEREAS, on October 14, 2025, Agenda Item 16.D.6, the COUNTY entered into an Agreement (the "Agreement") with SUBRECIPIENT which set forth the responsibilities and obligations of each in

undertaking the CDBG project – (PS25-04) Aging in Place with Dignity: Case Management Services for Older Adults.

WHEREAS, the parties wish to amend the agreement, incorporated herein by reference, to revise the Scope of Work to increase the number of Geriatric Case Manager from two to three, remove Project Component 2 for supplies and move available funds from Project Component Two to Project Component One, update the County Grants Coordinator contact, revise Grant and Special Conditions, revise Grant Control Requirements, revise Terms and Conditions, and revise General Provisions.

NOW, THEREFORE, in consideration of foregoing Recitals and other good and valuable consideration, the receipt and sufficiency of which is hereby mutually acknowledged, the parties agree to amend the Agreement as follows:

Words ~~Struck Through~~ are deleted; Words Underlined are added.

* * *

PART I
SCOPE OF WORK

SUBRECIPIENT shall, in a satisfactory and proper manner and consistent with any standards required as a condition of providing CDBG assistance as provided herein and, as determined by Collier County Community and Human Services (CHS) Division, perform the tasks necessary to conduct the program as follows:

Project Name: Aging in Place with Dignity: Case Management Services for Older Adults

Description of project and outcome: CHS, as an administrator of the CDBG program, will make available CDBG FY 2025-2026 funds up to the gross amount of $117,000.00 to Baker Senior Center Naples, Inc. to be used to support the salary for ~~two (2)~~ three (3) geriatric case managers to support low- to moderate-income adults residents of Collier County, Florida ~~and the necessary supplies and equipment for the dedicated case managers~~. Activities may include but are not limited to conducting intake assessments, assessing an individual's needs, developing short/long-term comprehensive customized care plans, making home visits to evaluate living conditions, and other vital activities to support aging in place.

Project Component One: Salary for ~~two (2)~~ three (3) geriatric case managers.

~~Project Component Two: Supplies to include but not limited to office supplies, equipment, software/member fees, and cell phone service to support the geriatric case managers.~~

1.1 GRANT AND SPECIAL CONDITIONS

A. SUBRECIPIENT must submit the following ~~resolutions and~~ policies and procedures to the ~~COUNTY~~ CHS within sixty (60) days of execution of this Agreement. ~~:~~ For policies that were established more than three (3) years prior to the date of this Agreement, SUBRECIPIENT must also provide the date of the last review for each policy.

- ☒ Fair Housing Policy
- ☒ Affirmative Action/Equal Employment Opportunity Policy
- ☒ Conflict of Interest Polies (COI) (Organization and Individuals) and related ~~COI~~ Forms
- ☒ ~~Affidavit Regarding Labor and Services (Trafficking)~~
- ☒ Procurement Policy
- ☐ Uniform Relocation Act (URA) Policy
- ☐ Davis Bacon Policy
- ☐ BABA Policy
- ☒ Sexual Harassment Policy
- ☐ Section 3 Policy
- ☒ Section 504/ADA Policy
- ☒ Fraud, Waste, and Abuse Policy
- ☒ Language Assistance and Planning Policy (LAP)
- ☒ Limited English Proficiency Policy (LEP)
- ☒ Violence Against Women Act (VAWA) Policy
- ☒ ~~LGBTQ Policy~~
- ☒ Drug-Free Workplace Policy
- ☒ Grievance Policy (staff and clients)
- ☒ Termination Policy (staff and clients)
- ☒ Confidentiality Policy
- ☒ Information Technology Policy
- ☒ Whistleblower Protections Policy
- ☒ Monitoring and Reporting Policy
- ☒ Record Retention Policy
- ☒ Code of Ethics Policy
- ☒ Prohibition of Text Messaging while Driving Policy

B. Environmental Review Requirement (ERR) – This Agreement does not constitute a commitment of funds or site approval. The commitment of funds or site approval may occur only upon satisfactory completion of environmental review, executed by the COUNTY, and either (i) the determination that the project is exempt or (ii) the COUNTY's receipt of an approved request for release of funds and certification from HUD, under 24 CFR Part 58. The provision of any funds to the project is conditioned on the COUNTY's determination to proceed with, modify, or cancel the project based on the results of the environmental review. No program costs can be incurred until an environmental review of the project is completed and approved by the COUNTY. Further, SUBRECIPIENT will not undertake any activity or commit any ~~Funds~~ funds prior to CHS issuing ~~the~~ a Notice to Proceed (NTP) letter. Violation of this provision may result in the termination of this subaward and/or the denial of any reimbursement of funds under this Agreement.

C. Conflict of Interest – SUBRECIPIENT must have written conflict of interest policies. The CDBG Program distinguishes between two types of conflict of interest: one related to organizations that carry out the project (recipients or subrecipients), and another specific to individuals involved in providing services and day-to-day project operations. SUBRECIPIENT shall have written policies related to both types of conflicts of interest.

With respect to the use of CDBG funds to procure services, equipment, supplies, or other property, the SUBRECIPIENT shall comply with 2 CFR part 200.318, 24 CFR 570.611, and all state and County statutes, regulations, ordinances or resolutions governing conflicts of interest. With respect to all other decisions involving the use of CDBG funds, the following restrictions shall apply: No person who is an employee, agency consultant, officer, or elected or appointed official of the ~~Subrecipient~~ SUBRECIPIENT and who exercises or has exercised any functions or responsibilities with respect to assisted activities, or who is in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a personal or financial interest or benefit from the activity, or have an interest in any contract, subcontract, or agreement with respect thereto, or the process thereunder, either for himself or herself or for those with whom he or she has family or business ties, during his or her tenure for one year thereafter. If a conflict or a potential or perceived conflict of interest is to occur, the SUBRECIPIENT must contact the COUNTY to determine whether an exception will be allowed as prescribed by the applicable federal regulations.

In addition, SUBRECIPIENT will not employ or subcontract any person having any conflict of interest. SUBRECIPIENT covenants that it will comply with all Federal Conflict of Interest, 2 CFR 200.318, and State and County statutes, regulations, ordinances, or resolutions governing conflicts of interest. All SUBRECIPIENT who work on activities associated with this Agreement shall complete the Subrecipient/Developer/Vendor Conflict of Interest Disclosure Form prior upon execution of this Agreement. Any employees hired later, during the period of performance for this Agreement who will work on activities associated with this Agreement shall also complete and submit to the COUNTY the Conflict of Interest Disclosure Form.

SUBRECIPIENT will notify the COUNTY, in writing, and seek COUNTY approval prior to entering into any contract with an entity owned in whole or in part by a covered person, or an entity owned or controlled, in whole or in part, by the SUBRECIPIENT. The COUNTY may review the proposed contract to ensure that the contractor is qualified, and the costs are reasonable. Approval of an identity of interest contract will be in the COUNTY'S sole discretion. This provision is not intended to limit SUBRECIPIENT'S ability to self-manage the projects using its own employees.

* * *

D. Limited English Proficiency – Persons who, as a result of national origin, do not speak English as their primary language and who have limited ability to speak, read, write, or

understand English ("limited English proficient persons" or "LEP persons") may be entitled to language assistance under Title VI of the Civil Rights Act of 1964 (Title VI) in order to receive a particular service, benefit, or encounter. In accordance with Title VI ~~of the Civil Rights Act of 1964 (Title VI)~~ and its implementing regulations, SUBRECIPIENT agrees to take reasonable steps to ensure meaningful access to activities funded with HUD Funds by LEP persons. Any of the following actions could constitute "reasonable steps," depending on the circumstances: acquiring translators to translate vital documents; advertisements or notices; acquiring interpreters for face-to-face interviews with LEP persons; placing advertisements and notices in newspapers that serve LEP persons; partnering with other organizations that serve LEP populations to provide interpretation, translation, or dissemination of information regarding the project; hiring bilingual employees or volunteers for outreach and intake activities; contracting with a telephone line interpreter service; etc.

A. Project Description/Project Budget

Description	Federal Amount
Project Component 1: Salary for ~~two (2)~~ three (3) geriatric case managers.	~~$112,000.00~~ $117,000.00
~~Project Component 2: Project Component 2: Supplies to include but not limited to office supplies, equipment, software/member fees, and cell phone service to support the geriatric case managers.~~	~~$5,000.00~~
Total Federal Funds:	$117,000.00

SUBRECIPIENT will accomplish the following checked project tasks:

- ☒ Maintain and retain at SUBRECIPIENT location the beneficiary income certification documentation, using Exhibit D as amended, or ~~County-approved~~ CHS Director-approved presumed benefit documentation, and provide to the COUNTY, as requested
- ☒ Maintain National Objective Documentation, and provide to COUNTY, as requested
- ☒ Provide Quarterly Reports on National Objective and project progress
- ☒ Provide ~~Quarterly~~ Leverage Funds Report
- ☒ Provide Quarterly Fair Housing Calls Report
- ☒ Ensure attendance by a representative from executive management at scheduled partnership meetings, as requested by CHS
- ☐ Identify Lead Project Manager
  ~~Ensure attendance by SUBRECIPIENT and General Contractor at Pre-Construction meetings, prior to SUBBRECIPIENT issuance of Notice to Proceed (NTP) to contractor~~
- ☐ Ensure the applicable continued use period for the project is met

B. Performance Deliverables

Program Deliverable	Deliverable Supporting Documentation	Submission Schedule
Insurance	Exhibit A - Insurance Certificate	Within 30 days of Agreement execution and annually within thirty (30) days of renewal.
Special Grant Condition Policies (Section 1.1)	Policies as stated in this Agreement	Within sixty (60) days of Agreement execution.
Quarterly Progress Report	Exhibit C	Quarterly within 10 days following the end of the quarter. Final report due upon submission of the final pay request in Neighborly.
Fair Housing Calls Report	Fair Housing Call Log	Quarterly, within 10 days following the end of the quarter. Final report due upon submission of the final pay request in Neighborly.
Complaint Logs	Fair Housing, EEO, AA and Incident Log	Quarterly, within 10 days following the end of the quarter. Annually after closeout. Final report due upon submission of the final pay request in Neighborly.
Leverage Funds Report	Exhibit C-1	Upon submission of the final pay request in Neighborly.
Collier County Inventory Form	Exhibit ~~G~~ H	~~Annually, within 60 days after PY end.~~ Not Applicable.
Annual Audit Monitoring Report	Exhibit E	Annually, within 60 days after FY end.
Financial and Compliance Audit	Audit, Management Letter, and Supporting Documentation	Annually: nine (9) months after FY end for Single Audit OR one hundred eighty (180) days after FY end.
Continued Use Certification	Not Applicable	Not Applicable.
Capital Needs Assessment Plan	Not Applicable	Not Applicable.
Program Income Reuse Plan	Not Applicable	Not Applicable.
Subrecipient/Developer/Vendor/ Recipient/Contractor Conflict of Interest Disclosure Form	~~Subrecipient/Developer/Vendor Conflict of Interest Disclosure Form~~ Exhibit F	Upon execution of the ~~agreement~~ Agreement, for all employees who work on activities associated with the grant and upon hiring of all new employees who will work on

Program Deliverable	Deliverable Supporting Documentation	Submission Schedule
		activities associated with the grant.
Whistleblower Protections Certification – Organization	~~Exhibit H~~ Exhibit I	Upon execution of the Agreement, ~~for all employees who work on activities associated with the grant and upon hiring of all new employees~~ and prior to execution of all subsequent Amendments.
Whistleblower Protections Certification – Subrecipient Staff	Exhibit I-1	Upon execution of the Agreement, for all employees who work on activities associated with the grant and upon hiring of all new employees who will work on activities associated with the grant.
Affidavit Regarding Labor and Services (Trafficking)	Exhibit L	Upon execution of this Agreement and prior to execution of all subsequent Amendments.
Anti-Discrimination, Fair Housing, and Equal Opportunity Certification	Exhibit J	Within 30 days of execution of this Agreement, and annually throughout the affordability period.
No Enemy Contract Certification	Exhibit M	Upon execution of this Agreement and prior to execution of all subsequent Amendments.
Certification of Drug-Free Workplace	Exhibit K	Within 30 days of Agreement execution and annually throughout the affordability period.
Consent to Verify Immigration Status (SAVE)	Exhibit N	Prior to determining income eligibility for each beneficiary household member, including children, and maintain in client file.

* SUBRECIPIENT'S Notice to Proceed may be withheld if procurement deliverables are not submitted in a timely manner, as stated in Section 1.2.C, Performance Deliverables. ~~SUBRECIPIENT must submit to the COUNTY, for approval, all Change Orders required during the project. Failure to submit Change Orders in a timely manner, may result in delay or withholding of payment, as well as a cease work order until all change orders have been reviewed and approved, at which time a new Notice to Proceed will be issued.~~

C. Payment Deliverables

Payment Deliverable	Payment Supporting Documentation	Submission Schedule
Project Component 1: Salary for ~~two (2)~~ three (3) geriatric case managers	Submission of supporting documents must be provided as backup, as evidenced by timecards, payroll registers/summary, canceled checks or banking documents, Exhibit B, and any other additional documentation as requested. 10% retainage will be withheld with each request for payment and will be released upon completion of activities and final closeout monitoring.	Submission of monthly payment requests are due 30 days after the prior month.
~~Project Component 2: Supplies to include but not limited to office supplies, equipment, software/member fees, and cell phone service to support the geriatric case managers.~~	~~Submission of supporting documents must be provided as backup, as evidenced by invoices, receipts, canceled checks or banking documents, Exhibit B, and any other additional documentation as requested.~~ ~~10% retainage will be withheld with each request for payment and will be released upon completion of activities and final closeout monitoring.~~	~~Submission of monthly payment requests due 30 days after the prior month.~~

The final 10 percent (10%) retainage will be paid upon completion of final monitoring clearance and documentation of meeting the National Objective. SUBRECIPIENT'S failure to achieve the National Objective will require repayment of the CDBG investment under this Agreement.

1.3 PERIOD OF PERFORMANCE

SUBRECIPIENT services shall begin on October 1, 2025, and shall end on September 30, 2026, unless terminated earlier in accordance with provisions of Paragraph 3.8, Defaults, Remedies, and Termination. Any Funds not obligated by the expiration date of this Agreement shall automatically revert to the COUNTY.

The County Manager or designee may extend the term of this Agreement for a period of up to 180 days after the end of the Agreement, following receipt of SUBRECIPIENT'S written request submitted at least 30 days prior to agreement period of performance end date. Extensions must be authorized, in writing, by formal letter to the SUBRECIPIENT.

1.4 AGREEMENT AMOUNT

The COUNTY agrees to make available ONE HUNDRED SEVENTEEN THOUSAND DOLLARS AND ZERO CENTS ($117,000.00) for use by SUBRECIPIENT during the term of the Agreement (hereinafter, shall be referred to as the "Funds").

Modification to the Budget and Scope may only be made if approved in advance. Cumulative Fund shifts among line items may be approved administratively by CHS Director or designee for a total of up to 10 percent (10%) of the total funding agreement and shall not signify a change in scope. Fund shifts that exceed 10 percent (10%) shall require formal amendment and approval by the Board of County Commissioners (Board).

The COUNTY shall reimburse SUBRECIPIENT for the performance of this Agreement upon completion or partial completion of the work tasks, as accepted and approved by CHS. SUBRECIPIENT may not request disbursement of CDBG Funds until needed for eligible costs; and all disbursement requests must be limited to the amount needed at the time of the request. SUBRECIPIENT may expend Funds only for allowable costs resulting from obligations incurred during the term of this Agreement. Invoices for work performed are required every month. If no work has been performed during the month, or if SUBRECIPIENT is not yet prepared to send the required backup, a $0 invoice is required. Explanations will be required if two consecutive months of $0 invoices are submitted. Payments shall be made to SUBRECIPIENT when requested as work progresses, but not more frequently than once per month. Reimbursement will not occur if SUBRECIPIENT fails to perform the minimum level of service required by this Agreement.

COUNTY will pay SUBRECIPIENT Funds available under this Agreement based on information submitted by SUBRECIPIENT and consistent with an approved budget and COUNTY policy concerning payments. With the exception of certain advances, payments will be made for eligible expenses actually incurred by SUBRECIPIENT, not to exceed actual cash requirements. Payments will be adjusted by CHS in accordance with advance Funds and program income balances available in SUBRECIPIENT accounts. In addition, COUNTY reserves the right to liquidate Funds available under this Agreement for costs incurred by COUNTY on behalf of SUBRECIPIENT.

~~Final invoices are due no later than 90 days after the end of the Agreement. Work performed during the term of the program but not invoiced within 90 days after the end of the Agreement may not be processed without written authorization from the Grant Coordinator.~~

CHS may withhold any payment request until approved by CHS for grant compliance and adherence to any and all applicable Local, State, or Federal requirements, including timely submission of Performance Deliverables contained in Section 1.2.C. **Late submission of deliverables or evidence of project inactivity may cause payment suspension of any open pay requests until the required deliverables are received or substantial project progression occurs, as determined by CHS.** Except where disputed for noncompliance, payment will be made upon receipt of a properly completed invoice, and in compliance with sections 218.70–218.80, Florida Statutes, otherwise known as the "Local Government Prompt Payment Act."

Final invoices are due no later than 90 days after the end of the Agreement. Work performed during the term of the Program but not invoiced within 90 days after the end of the Agreement may not be processed without written authorization from the Grant Coordinator.

1.5 LEVERAGE FUNDS

Leverage funds must be identified, tracked, and verifiable in the SUBRECIPIENT'S records. Resources must be fully identified and described in the Agreement and the approved budget submitted with the application. Resources must also meet the following criteria to be allowable as leverage:

a. Expenditures of leverage funds or resources are permitted only for eligible activities and allowable costs under the cost principles specified by the OMB Circulars referenced in this Agreement. Expenditures must be necessary and reasonable for proper and efficient accomplishment of project or program objectives.
b. Leverage resources committed on one project may not be used as leverage ~~or cost sharing~~ for any other project or program.
c. Leverage resources must represent newly created resources covering expenditures that would not be incurred if the award were not made.
d. Leverage resources may not be Federal funds under a different award, except where Federal statute allows their use for cost sharing (such as the Community Development Block Grant program).
e. Third-party cash or in-kind contributions offered as leverage require a commitment letter on company letterhead signed by the individual who is in a position to commit the in-kind contribution. The contribution is only allowable if not utilized towards cost sharing dollars.

1.6 COST PRINCIPLES

Payments to SUBRECIPIENT are governed by the Federal grant management rules for cost allowability, found at 2 CFR 200 Subpart E-Cost Principles. For the purposes of this section (Section ~~1.6~~ 1.7-Cost Principles) of this Agreement, SUBRECIPIENT is defined as described in 2 CFR ~~200.93~~ 200.1. Accordingly, payments will be made on a cost reimbursement basis. Each request for reimbursement shall identify the associated project and approved project task(s) listed under ~~the~~ Part I - Scope of Work. SUBRECIPIENT may only incur direct costs that may be attributed specifically to the project referenced in ~~Part I~~ the Scope of Work~~+~~, as defined in 2 CFR ~~200.413~~ 200.1. SUBRECIPIENT must provide adequate documentation for validating costs incurred. Payments to SUBRECIPIENT'S contractors and vendors are conditioned upon compliance with the procurement requirements provided in 2 CFR 200.318–200.327. Allowable costs incurred by Subrecipients and Contractors shall comply with 2 CFR Subpart E-Cost Principles. SUBRECIPIENT may not be subject to 2 CFR 200 Subpart E; however, the COUNTY is and may impose requirements upon SUBRECIPIENT ~~to~~ so that the COUNTY can remain compliant with ~~COUNTY's~~ its obligation to follow 2 CFR 200 Subpart E. SUBRECIPIENT will use adequate internal controls and maintain necessary source documentation for all costs incurred and adhere to any other accounting requirements included in this Agreement.

1.7 NOTICES

Notices required by this Agreement shall be in writing and delivered via mail (postage prepaid), commercial courier, personal delivery, or sent by facsimile or other electronic means. Either party may change the address to which notices are to be sent to it by giving written notice of such change to the other party in the manner herein provided for giving notice. Any notice, request, instruction, or other document delivered or sent as aforesaid shall be effective on the date of delivery or sending. All notices and other written communications under this Agreement shall be addressed to the individuals in the capacities indicated below, unless otherwise modified by subsequent written notice.

COLLIER COUNTY	ATTENTION: Jennifer Lofendo, Grant Coordinator Collier County Government Community and Human Services Division 2671 Airport Road South, Suite 305 Naples, Florida 34112 Email: ~~jennifer.lofendo@colliercountyfl.gov~~ jennifer.lofendo@collier.gov Telephone: (239) 252-2593

PART II
GRANT CONTROL REQUIREMENTS

* * *

2.2 RECORDS AND DOCUMENTATION

SUBRECIPIENT shall maintain sufficient records, in accordance with 24 CFR 570.506, to determine compliance with the requirements of this Agreement, the CDBG Program, and all other applicable laws and regulations. This documentation shall include but is not limited to, the following:

A. All records required by CDBG regulations.

B. ~~SUBRECIPIENT shall create and maintain public~~ Public records that would ordinarily and necessarily ~~would~~ be required by the COUNTY ~~in order~~ to perform the service.

* * *

D. Upon completion of all work contemplated under this Agreement, copies of all documents and records relating to this Agreement shall be surrendered to CHS, if requested. In any event, SUBRECIPIENT shall keep all documents and records in an orderly fashion, and in a readily accessible, permanent, and secured location for three (3) years after the date of COUNTY'S submission of the final performance and evaluation report (CAPER) to HUD, as prescribed in 2 CFR 200.334, 24 CFR 570.493 and 24 CFR 570.502(a)(7)(ii). However, if any litigation, claim, or audit is started before the expiration date of the three (3) year period, ~~SUBRECIPIENT will maintain~~ the records will be maintained until all litigation, claim, or audit findings involving these records are resolved. If SUBRECIPIENT ceases to exist after the closeout of this Agreement, ~~it shall notify the COUNTY in writing, of the address where the records are to be kept, as outlined in 2 CFR 200.337.~~ SUBRECIPIENT shall meet all requirements for retaining public records and transfer, at no cost to COUNTY, all public records in SUBRECIPIENT'S possession upon termination of the Agreement, and destroy any duplicate, exempt, or confidential public records that are ~~released~~ free from public records disclosure requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the COUNTY'S information technology systems.

IF SUBRECIPIENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO SUBRECIPIENT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, IT SHALL CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 239-252-5837,

~~Angel.Bates@colliercountyfl.gov~~ Angel.Perala@collier.gov, 3299 Tamiami Trail East, Naples, FL 34112.

E. SUBRECIPIENT is responsible for the creation and maintenance of income eligible files on clients served, and documentation that all households are eligible under HUD Income Guidelines. Income certification documents, along with Exhibit D, will be reviewed at interim and closeout monitorings. SUBRECIPIENT agrees that CHS shall be the final arbiter on ~~the~~ SUBRECIPIENT'S compliance.

F. In accordance with Section 214 of the Housing and Community Development Act and applicable HUD CDBG guidance, SUBRECIPIENT shall be responsible for completing Systematic Alien Verification for Entitlements (SAVE) verification for **all program beneficiaries** prior to the provision of CDBG-funded assistance. SUBRECIPIENT must ensure that each assisted household member, including all children and adult household members, must meet eligible immigration status requirements. SUBRECIPIENT shall obtain client consent to verify immigration status from each household member using Exhibit N. The consent form and documentation of SAVE confirmation must be maintained in the participant file. No CDBG funds may be expended for any beneficiary until SAVE eligibility has been verified and properly recorded. SUBRECIPENT shall retain all verification records in compliance with state record-keeping requirements and make such documentation available for monitoring or audit upon request.

~~F.~~ G. SUBRECIPIENT is encouraged to engage in efforts to ensure compliance with the Fair Housing Act (42 U.S.C. 3601 et seq.) through Fair Housing activities offered to real estate brokers, the general public, and other interested parties; and to track and report Fair Housing calls received. SUBRECIPIENT shall establish a system to log all Fair Housing calls. The system must track the nature of the calls; actions taken in response to the calls; results of the actions taken; and, if the caller was referred to another agency, the results obtained by the referral agency. SUBRECIPIENT must submit this call log to CHS quarterly, no later than 10 calendar days after the end of each quarter.

~~G.~~ H. SUBRECIPIENT shall document how it complied with the National Objective(s), as defined in 24 CFR 570.208, and the eligibility requirement(s) under which ~~Funding~~ funding ~~has been~~ was received. This includes special requirements, such as necessary and appropriate determinations as defined in 24 CFR 570.208, income certification, and written agreements with beneficiaries, where applicable.

~~H.~~ I. SUBRECIPIENT shall take reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information (PII) and other types of information in accordance with 2 CFR 200.303(e). This includes information that HUD or the COUNTY designates as sensitive, or other information the COUNTY considers sensitive and is consistent with applicable Federal, State, and Local laws regarding privacy and responsibility over confidentiality.

SUBRECIPIENT shall comply with 2 CFR §200.303(e), 2 CFR §§200.339–200.343, 24 CFR Part 570, and all applicable Federal and State data protection and breach notification laws in safeguarding information obtained or generated under this Agreement. SUBRECIPIENT shall notify the COUNTY in writing within twenty-four (24) hours of discovery of any actual or suspected cybersecurity incident, data breach, ransomware event, or unauthorized access involving CDBG-funded systems, personally identifiable information (PII), protected PII, beneficiary data, or records subject to federal oversight by the U.S. Department of Housing and Urban Development. A detailed written incident report shall be submitted within seventy-two (72) hours, and SUBRECIPIENT shall fully cooperate with COUNTY, HUD, and any authorized investigative authority, preserving all evidence and providing access to relevant systems and records. Failure to comply with this provision shall constitute a material breach of this Agreement and may result in suspension of payments, repayment of affected funds, termination, and any other remedies permitted under federal grant regulations.

~~I.~~ J. SUBRECIPIENT shall provide the public with access to public records on the same terms and conditions that the COUNTY would provide the records, and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law. SUBRECIPIENT shall ensure that exempt or confidential public records that are ~~released~~ free from public records disclosure requirements are not disclosed, except as authorized by 2 CFR 200.337 and 2 CFR 200.338.

2.3 MONITORING

SUBRECIPIENT agrees that CHS may carry out no fewer than one (1) annual on-site monitoring visit and evaluation of project activities, as determined necessary, until the Continued Use Period expires. At the COUNTY's discretion, a desktop review ~~of the activities~~ may be conducted in lieu of an on-site visit. The continuation of this Agreement is dependent upon satisfactory evaluations. Upon request by CHS, SUBRECIPIENT shall submit information and status reports required by CHS or HUD, to enable CHS to evaluate said progress and allow for completion of CHS's required reports. SUBRECIPIENT shall allow on-site monitoring by CHS or HUD ~~to monitor the SUBRECIPIENT on site~~. Such site visits may be scheduled or unscheduled, as determined by CHS or HUD.

At any time during normal business hours and as often as the COUNTY (and/or its representatives) may deem necessary, SUBRECIPIENT shall make available for review, inspection, or audit all records, documentation, and any other data relating to all matters covered by the Agreement.

COUNTY will monitor SUBRECIPIENT'S performance in an attempt to mitigate fraud, waste, abuse, or non-performance, based on goals and performance standards as stated with all other applicable laws, regulations, and policies governing the Funds provided under this Agreement, further defined by 2 CFR 200.332. Substandard performance, as determined by CHS, will constitute noncompliance with this Agreement. If SUBRECIPIENT does not take corrective action within a reasonable time period after being notified by CHS, Agreement suspension or termination

procedures will be initiated. SUBRECIPIENT agrees to provide HUD, the HUD Office of Inspector General, the General Accounting Office, the COUNTY, and/or the COUNTY's internal auditor(s) access to all records related to performance of activities in this Agreement.

* * *

2.4 CORRECTIVE ACTION

Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this Agreement. Penalties may be imposed for failure to implement or make acceptable progress on such corrective action plans.

To effectively enforce COUNTY Resolution No. 2013-228, CHS has adopted an escalation policy to ensure continued compliance by Subrecipients, Developers, or any entity receiving grant funds from CHS. The escalation policy for noncompliance is as follows:

1. Initial noncompliance may result in the COUNTY issuing Findings or Concerns to ~~the~~ SUBRECIPIENT, which requires SUBRECIPIENT to submit a corrective action plan to CHS within 10 business days following issuance of the report.
   - Any pay requests that have been submitted to CHS for payment will be held until the corrective action plan has been submitted and accepted.
   - CHS will be available to provide Technical Assistance (TA) to SUBRECIPIENT, as needed, in order to correct the noncompliance issue.

2. If SUBRECIPIENT fails to submit the corrective action plan to CHS in a timely manner, CHS ~~the COUNTY~~ may require SUBRECIPIENT to return a portion of the awarded grant funds to ~~be returned to~~ the COUNTY.
   - CHS may require SUBRECIPIENT to return upwards of 5 percent (5%) of the award amount to the COUNTY, at the discretion of the Board.
   - SUBRECIPIENT may be denied future consideration, as set forth in Resolution No. 2013-228.

3. If SUBRECIPIENT remains noncompliant or repeats an issue that was previously corrected and has been informed by CHS of their substantial noncompliance by certified mail, CHS may require SUBRECIPIENT to return to the COUNTY ~~that~~ a portion of the awarded grant amount~~,~~ or the amount of the CDBG investment for acquisition of the properties conveyed~~, be returned to the COUNTY~~.
   - CHS may require SUBRECIPIENT to return upwards of 10 percent (10%) of the award amount to the COUNTY, at the discretion of the Board.
   - SUBRECIPIENT will be considered in violation of Resolution No. 2013-228.

4. If after repeated notification, SUBRECIPIENT continues to be substantially noncompliant, CHS may recommend termination of the Agreement or award.

- CHS will make a recommendation to the Board to immediately terminate the Agreement. SUBRECIPIENT will be required to repay all Funds disbursed by CHS for the terminated project. This includes the amount invested by the COUNTY for the initial acquisition of properties or other activities.
- SUBRECIPIENT will be considered in violation of Resolution No. 2013-228.

If SUBRECIPIENT has multiple agreements with the COUNTY, and is found to be noncompliant, the above sanctions may be imposed across all awards, at the Board's discretion.

2.5 REPORTS

Reimbursement may be contingent upon the timely receipt of complete and accurate reports required by this Agreement, and on the resolution of monitoring findings identified pursuant to this Agreement, as deemed necessary by the County Manager or designee. **Reports showing lack of project activity may result in the withholding of payment or issuance of a Notice of Non-Compliance**.

During the term of this Agreement, SUBRECIPIENT shall submit quarterly progress reports to the COUNTY on the 10th day of January, April, July, and October, respectively, for the prior quarter period end. As part of the report submitted in October, SUBRECIPIENT agrees to include a comprehensive final report covering the agreed-upon Program objectives, activities, and expenditures including but not limited to, performance data on client feedback with respect to the goals and objectives set forth in Exhibit C, ~~which contains an example~~ the reporting form to be used in fulfillment of this requirement. Additionally, all leverage funds utilized in support of this project will be submitted on Exhibit C-1 ~~as part of~~ with the final ~~report~~ pay request. Other reporting requirements may be required by the County Manager or designee if the Program changes, the need for additional information or documentation arises, ~~and/~~or if legislative amendments are enacted. Reports and~~/or~~ requested documentation not received by the due date shall be considered delinquent and may be cause for default and termination of this Agreement.

Remainder of Page Intentionally Left Blank

PART III
TERMS AND CONDITIONS

* * *

3.2 GENERAL COMPLIANCE

SUBRECIPIENT agrees to comply with the requirements of Title 24 of the Code of Federal Regulations, Part 570 (the U.S. Housing and Urban Development regulations concerning Community Development Block Grants), including subpart K of these regulations, except that (1) SUBRECIPIENT does not assume the COUNTY'S environmental responsibilities described in 24 CFR 570.604; (2) SUBRECIPIENT does not assume the COUNTY'S responsibility for initiating the review process under the provisions of 24 CFR Part 52; (3) SUBRECIPIENT is required to follow the Federal procurement process; and (4) for Developers, revenue generated is not considered program income. The CDBG program was funded through the Housing and Community Development Act of 1974. SUBRECIPIENT agrees to comply with all other applicable laws, regulations, and policies governing the Funds provided under this Agreement. SUBRECIPIENT further agrees to utilize Funds available under this Agreement to supplement rather than supplant funds otherwise available.

SUBRECIPIENT is prohibited from using Funds provided herein, or personnel employed in the administration of the program, for political activities, inherently religious activities, lobbying, political patronage, and/or nepotism activities.

* * *

3.5 AVAILABILITY OF FUNDS

The parties acknowledge that the Funds originate from HUD CDBG grant Funds and must be implemented in full compliance with all of HUD's rules and regulations and any agreement between COUNTY and HUD governing the CDBG Funds pertaining to this Agreement. In the event of curtailment or non-production of said Federal Funds, or the reduction of HUD Funds ~~awarded by HUD~~ to the COUNTY, to a level that the County Manager determines to be insufficient to adequately administer the project, the financial resources necessary to continue to pay SUBRECIPIENT all or any portion of the Funds will not be available. In either event, the COUNTY may terminate this Agreement, which shall be effective as of the date it is determined by the County Manager or designee, in his/her sole discretion and judgment, that the Funds are no longer available. In the event of such termination, SUBRECIPIENT agrees that it will not look to, nor seek to hold the COUNTY, nor any individual member of the County Commissioners and/or County Administration, personally liable for the performance of this Agreement, and the COUNTY shall be released from any further liability to SUBRECIPIENT under the terms of this Agreement.

3.6 INDEMNIFICATION

To the maximum extent permitted by Florida law, SUBRECIPIENT shall indemnify and hold harmless the COUNTY, its officers, agents, and employees from any and all claims, liabilities, damages, losses, costs, and causes of action, which may arise out of an act or omission including but not limited to, reasonable attorneys' and paralegals' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of SUBRECIPIENT or any of its agents, officers, servants, employees, contractors, patrons, guests, clients, licensees, invitees, or any persons acting under the direction, control, or supervision of SUBRECIPIENT in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge, or reduce any other rights or remedies, which otherwise may be available to an indemnified party or person described in this paragraph. SUBRECIPIENT shall pay all claims and losses of any nature whatsoever in connection therewith, shall defend all suits in the name of the COUNTY, and shall pay all costs (including attorney's fees) and judgments which may issue there-on. This Indemnification shall survive the termination and/or expiration of this Agreement. This section does not pertain to any incident arising from the sole negligence of the COUNTY. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in section 768.28, Florida Statutes. This section shall survive the expiration or termination of this Agreement.

3.7 GRANTEE RECOGNITION/SPONSORSHIPS

SUBRECIPIENT agrees that **all** notices, informational pamphlets, press releases, advertisements, descriptions of program sponsorships, research reports, and similar public notices, whether printed or digitally prepared and released by SUBRECIPIENT for, on behalf of, and/or about the Program shall include the statement:

> **"FINANCED IN PART BY U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD) AND COLLIER COUNTY COMMUNITY AND HUMAN SERVICES DIVISION"**

The statement ~~and~~ shall appear in the same size letters or type as the name of the SUBRECIPIENT. This design concept is intended to disseminate key information to the general public regarding the development team~~, as well as~~ and Equal Housing Opportunity. ~~Construction signs shall comply with applicable COUNTY codes.~~ If this Agreement results in any copyrightable material or inventions, CHS and/or the COUNTY reserve the right to royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use; and ~~to~~ authorize others to use the work or materials for governmental purposes.

3.8 DEFAULTS, REMEDIES, AND TERMINATION

In accordance with 2 CFR 200.340, this Agreement may be terminated for convenience by either the COUNTY or SUBRECIPIENT, in whole or in part, by setting forth the reasons for such termination, the effective date, and in the case of partial terminations, the portion to be terminated. However, in the case of a partial termination, if the COUNTY determines that the remaining portion

of the award will not accomplish the purpose for which the award was made, the COUNTY may terminate the award in its entirety. This Agreement may also be terminated by the COUNTY if the award no longer effectuates the program goals or grantor agency priorities.

The following actions or inactions by SUBRECIPIENT shall constitute a Default under this Agreement, in compliance with 2 CFR 200, Appendix II (A):

A. Failure to comply with any of the rules, regulations, or provisions referred to herein; or such statutes, regulations, executive orders, and HUD guidelines, policies, or directives as may become applicable at any time.
B. Failure, for any reason, to fulfill its obligations under this Agreement in a timely and proper manner.
C. Ineffective or improper use of ~~funds~~ Funds provided under this Agreement.
D. Submission of reports that are incorrect or incomplete in any material respect.
E. Submission of any false certification.
F. ~~SUBRECIPIENT'S failure~~ Failure to materially comply with any terms of this Agreement.
G. Failure to materially comply with the terms of any other agreement between the COUNTY and SUBRECIPIENT relating to the project.

In the event of any default by SUBRECIPIENT under this Agreement, the COUNTY may seek any combination of one or more of the following remedies, in compliance with 2 CFR 200, Appendix II (B):

A. Require specific performance of the Agreement in whole or in part.
B. Require the use of, or change in, professional property management, if applicable.
C. Require SUBRECIPIENT to immediately repay to the COUNTY all CDBG Funds received under this Agreement.
D. Apply sanctions, if COUNTY determines them to be applicable.
E. Stop all payments until identified deficiencies are corrected.
F. Terminate this Agreement by giving written notice to SUBRECIPIENT specifying the effective date of such termination. If the Agreement is terminated by the COUNTY, as provided herein, SUBRECIPIENT shall have no claim of payment or benefit for any incomplete project activities undertaken under this Agreement.

3.9 SUSPENSION AND DEBARMENT

SUBRECIPIENT certifies that neither it~~,~~ nor its principals~~,~~ are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by a Federal Department or agency~~; and that~~. In addition, SUBRECIPIENT shall not knowingly enter into any lower tier contract, or other covered transaction, with a suspended or debarred contractor or vendor, as outlined in Executive Orders 12549 (1986) and 12689 (1989), Suspension and Debarment, and 2 CFR 200.214, as further detailed in Section ~~4.18~~ 4.38.

3.10 REVERSION OF ASSETS

~~In the event of~~ Upon Agreement termination, in addition to any and all other remedies available to the COUNTY (whether under this Agreement, at law, or in equity), SUBRECIPIENT shall, at the time of termination (or expiration), immediately transfer to the COUNTY any property on hand and any accounts receivable attributable to the use of CDBG ~~funds~~ Funds, per 24 CFR 570.503(b)(7).

The COUNTY'S receipt of any Funds on hand at the time of termination shall not waive the COUNTY'S right (nor excuse SUBRECIPIENT'S obligation) to recoup all or any portion of the Funds or property, as the COUNTY may deem necessary. Regulations regarding real property are subject to 2 CFR 200.311 and as otherwise provided at 24 CFR 570.503(b)(7).

All program assets (unexpended program income, property, equipment, etc.) shall revert to CHS upon termination of this Agreement.

* * *

3.13 PURCHASING

SUBRECIPIENT is required to follow Federal Procurement standards (2 CFR ~~200.317~~ 200.318 through 200.327) and Collier County's Procurement Ordinance ~~#2017-08, as amended~~ 2025-34. A conflict between Federal and County requirements will result in the more stringent law being applied. Current COUNTY purchasing thresholds are:

Range:	Competition Required
$0 - $10,000	Single Quote
~~$0 – $50,000~~ $10,001 - $50,000	3 Written Quotes in writing or through COUNTY's bidding platform
~~$50,001+~~ $50,001 - $250,000	~~Formal Solicitation (ITB, RFP, etc.)~~ 3 Quotes through COUNTY'S bidding platform
$250,001+	Formal Solicitation (ITB, RFP, etc.)

All improvements specified in Part I Scope of Work shall be performed by SUBRECIPIENT employees, or put out to competitive bidding, under a procedure acceptable to the COUNTY and Federal requirements. SUBRECIPIENT shall enter into contracts with the lowest, responsible, and qualified bidder. SUBRECIPIENT shall manage and CHS shall monitor contract administration. CHS shall have access to all records and documents related to the Project.

In accordance with 24 CFR Parts ~~570.202(b)(3) & 570.202(b)(4)~~ 570, SUBRECIPIENT shall, to the greatest extent practicable, ~~SUBRECIPIENT shall~~ procure products~~, similar to Energy Star and Water Sense products~~ and appliances~~,~~ that increase ~~the effective use of~~ energy efficiency and water conservation in structures assisted with CDBG Funds. In accordance with 2 CFR ~~200.323~~ Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), SUBRECIPIENT shall comply with all applicable federal procurement standards, including requirements to procure items containing the highest percentage of recovered materials

practicable, consistent with maintaining satisfactory ~~level of completion, per 2 CFR 200, Appendix II (J) and 2 CFR 200.323~~ performance.

3.14 PROGRAM GENERATED INCOME

No Program Income is anticipated. However, if Program Income is derived from the use of CDBG Funds disbursed under this Agreement, ~~such Program Income shall be utilized by~~ SUBRECIPIENT shall utilize such Program Income only for CDBG-eligible activities approved by the COUNTY. Any Program Income (as such term is defined under ~~applicable Federal regulations~~ 24 CFR 570.500(a)) gained from any SUBRECIPIENT activity funded by CDBG Funds shall be reported to the COUNTY through an annual Program Income ~~Re-use~~ Reuse Plan, utilized by ~~the~~ SUBRECIPIENT accordingly, and shall comply with 2 CFR 200.307, 24 CFR parts 570.489, 570.500, and 570.504 in the operation of the Program. **When Program Income is generated by an activity that is only partially assisted by CDBG Funds, the income shall be prorated to reflect the percentage of CDBG Funds used.** If there is a Program Income balance at the end of the Program Year, such balance shall revert to the COUNTY's Community Block Grant Program, for further reallocation.

Equipment/Supplies: Per 45 CFR 75, Equipment is defined as tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or $5,000. The ~~Equipment/Supply~~ Collier County Inventory form (Exhibit ~~G~~ H) must be completed by SUBRECIPIENT and submitted to the COUNTY annually.

Supplies are defined as all tangible personal property other than those described as Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial state purposes or $5,000, regardless of the length of its useful life.

During the continued use period, as referenced in Section ~~3.16~~ 3.15 (Grant Closeout Procedures) of this Agreement, equipment/supplies under SUBRECIPIENT'S control that were acquired or improved, in whole or in part, with CDBG Funds shall be used to meet one of the CDBG National Objectives, pursuant to 24 CFR 570.208. If SUBRECIPIENT sells, transfers, disposes of, or otherwise fails to continue to use the CDBG-assisted equipment/supplies in a manner that meets a CDBG National Objective, SUBRECIPIENT shall pay the COUNTY an amount equal to the current fair market value of the equipment/supplies, less the percentage of non-CDBG funds used to acquire the equipment/supplies.

At the end of the Grant period, the SUBRECIPIENT must request disposition instructions from the COUNTY for unused equipment acquired under this Agreement. If the COUNTY fails to provide the requested instructions within 120 days, the unused equipment with a value of $5,000 or less, may be retained, sold, or otherwise disposed of with no further responsibility to the COUNTY. However, the COUNTY is entitled to an amount calculated by multiplying the percentage of the COUNTY's contribution towards the original purchase by the current market value or proceeds from the sale. If the equipment is sold, the COUNTY may permit the SUBRECIPIENT to retain,

from the Federal share, $1,000 of the proceeds to cover the expenses associated with the selling and handling of the equipment.

At the end of the Grant period, unused supplies with a value exceeding $5,000 acquired under this Agreement must be sold by the SUBRECIPIENT. The COUNTY is entitled to compensation in an amount calculated by multiplying the percentage of the COUNTY's contribution towards the cost of the original purchase(s) by the current market value or proceeds from the sale. If supplies are sold, the COUNTY may permit the SUBRECIPIENT to retain, from the Federal share, $1,000 of the proceeds to cover expenses associated with the selling and handling of the supplies.

3.15 GRANT CLOSEOUT PROCEDURES

SUBRECIPIENT'S obligation to the COUNTY shall not end until all closeout requirements are completed. SUBRECIPIENT may close out the project with the COUNTY after the expiration of the Agreement. Activities during this closeout period shall include but are not limited to making final payments; disposing of program assets (including the return of all unused materials, equipment, program income balances, and receivable accounts to the COUNTY); and determining the custodianship of records. Notwithstanding the foregoing, the terms of this Agreement shall remain in effect during any period that SUBRECIPIENT has control over CDBG Funds, including program income. In addition to the records retention outlined in section 2.2 (Records and Documentation) of this Agreement, SUBRECIPIENT shall comply with section 119.021, Florida Statutes, regarding records maintenance, preservation, and retention. A conflict between State and Federal records retention requirements will result in the more stringent law being applied, such that the record must be held for the longer duration. SUBRECIPIENT must return to the COUNTY ~~Any~~ any balance of unobligated Funds that have been advanced or paid ~~must be returned to the COUNTY. Any~~ and any Funds paid exceeding the amount SUBRECIPIENT is entitled to under the terms and conditions of this Agreement ~~must be refunded to the COUNTY~~. SUBRECIPIENT shall also produce records and information complying with section 215.97, Florida Statutes, the Florida Single Audit Act. Closeout procedures must take place in accordance with 2 CFR 200.344.

3.16 OPPORTUNITIES FOR RESIDENTS AND CIVIL RIGHTS COMPLIANCE

SUBRECIPIENT agrees that no person shall be excluded from the benefits of, or be subjected to, discrimination under any activity carried out by the performance of this Agreement based on race, color, disability, national origin, religion, age, familial status, or sex. The COUNTY will monitor SUBRECIPIENT policies and practices throughout the term of the Agreement and affordability period to ensure no discrimination is taking place. Upon receipt of evidence of such discrimination, the COUNTY shall have the right to terminate this Agreement.

If SUBRECIPIENT engages in illegal discrimination, it risks False Claims Liability when requests for payment are submitted to the COUNTY. The COUNTY may withhold or reject payment upon evidence of such discrimination.

To the greatest extent feasible, lower-income residents of the project areas shall be given opportunities for training and employment. Also, to the greatest extent ~~practicable~~ feasible, eligible business concerns located in or owned in substantial part by persons residing in the ~~Program~~ project areas shall be awarded contracts in connection with the project. SUBRECIPIENT shall comply with Section 3 of the Housing and Community Development Act of 1968.

* * *

3.18 PROGRAM BENEFICIARIES

If the Agreement is meeting a National Objective through an LMI strategy, at least 51 percent (51%) of the beneficiaries of a project ~~Funded~~ funded through this Agreement must be low- and moderate-income persons, or presumed to be low- to moderate-income persons, based on applicable regulation. Determination of income eligibility is based on the annual income of the family or household. This Agreement conforms to the definition of Annual Income, per 24 CFR 570.3(1)(i), where Annual income is defined under the Section 8 Housing Assistance Payments. Details for calculating the Annual Income are contained in 24 CFR 5.609, with practical instructions contained in HUD Handbook 4350.3, Chapter 5.

If the project is located in an entitlement city, as defined by HUD, or serves beneficiaries countywide, more than 30 percent (30%) of the beneficiaries directly assisted under this Agreement must reside in unincorporated Collier County or in municipalities participating in the COUNTY's Urban County Qualification Program. The project shall assist beneficiaries as defined above for the time period designated in Exhibit C of this Agreement.

3.19 IMMIGRATION REQIREMENTS AND RESTRICTIONS

SUBRECIPIENT must ensure that only citizens and "qualified aliens" (such as lawful permanent residents, refugees, or asylees) receive CDBG-funded benefits. Persons who are undocumented or not lawfully present in the U.S. cannot receive Federal funds. However, some services are available to everyone regardless of immigration status, such as emergency medical care; short-term, in-kind emergency disaster relief; public health assistance for immunizations and testing/treatment for communicable diseases; and certain in-kind services (i.e., soup kitchens or emergency shelters) delivered at the community level through non-profit charitable organizations.

Qualified aliens who become lawful permanent residents are barred from Federal means-tested public benefits for the first five (5) years in the U.S. Means-tested public benefits are defined as need-based programs where eligibility depends on income/resources. Some groups (i.e. refugees, asylees, and veterans) are exempt from this waiting period.

Federal funds may not be used in ways that promote or subsidize illegal immigration. This includes policies known as "sanctuary" policies – local rules or practices that limit cooperation with federal immigration authorities. SUBRECIPIENT must certify that its use of CDBG Funds does not conflict with Federal immigration enforcement. This means SUBRECIPIENT may not have

policies or practices that shield undocumented immigrants from deportation if they are using CDBG funds.

~~3.19~~ 3.20 AFFIRMATIVE ACTION

~~SUBRECIPIENT agrees that it is committed to carrying out an Affirmative Action Program pursuant to the COUNTY'S specifications, in keeping with the principles as provided in President's Executive Order 11246 of September 24, 1966. Prior to the award of funds, SUBRECIPIENT shall submit for approval a plan for an Affirmative Action Program, if federal thresholds are met. The Affirmative Action Program must be updated throughout the continued use period and submitted to the COUNTY within 60 days of any update/modification. SUBRECIPIENT contracting officer will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice advising the labor union or worker's representative of the SUBRECIPIENT's commitments hereunder; and shall post copies of the notice in conspicuous places available to all employees and applicants for employment.~~

SUBRECIPIENT agrees that it shall carry out its employment practices in full compliance with all applicable federal, state, and local nondiscrimination laws and regulations, including Executive Order 14173 and any implementing guidance issued thereunder.

SUBRECIPIENT affirms that it will provide equal employment opportunity to all employees and applicants and will not engage in unlawful discrimination or preferential treatment on the basis of race, color, religion, sex, national origin, or any other characteristic protected by applicable law. SUBRECIPIENT further affirms that its employment decisions shall be based on merit, qualifications, and lawful nondiscriminatory criteria.

SUBRECIPIENT certifies that it does not maintain or implement employment, training, or contracting programs that violate federal anti-discrimination laws or that provide unlawful preferences based on protected characteristics.

SUBRECIPIENT shall post notices describing its equal employment opportunity commitments in conspicuous places available to employees and applicants for employment. SUBRECIPIENT'S contracting officer shall provide notice of these commitments to any labor union or workers' representative with which it has a collective bargaining agreement or other contract or understanding.

~~3.20 CONFLICT OF INTEREST~~

~~SUBRECIPIENT covenants that no person under its employ, who presently exercises any functions or responsibilities in connection with the Project, has any personal financial interest, direct or indirect, in the Project areas or any parcels therein, which would conflict in any manner or degree with the performance of this Agreement; and that no person having any conflict of interest shall be employed or subcontracted by SUBRECIPIENT. SUBRECIPIENT covenants that it will comply with all provisions of 24 CFR 570.611 "Conflict of Interest," 2 CFR 200.318, and the State and County statutes, regulations, ordinances, or resolutions governing conflicts of interest. All SUBRECIPIENT employees who work on activities associated with this Agreement shall complete the Subrecipient/Developer/Vendor Conflict of Interest Disclosure Form prior to execution of this Agreement. Any employees hired later during the period of performance for this Agreement who~~

~~will work on activities associated with this Agreement shall also complete and submit to the COUNTY the Conflict of Interest Disclosure Form.~~

~~SUBRECIPIENT will notify the COUNTY, in writing, and seek COUNTY approval prior to entering into any contract with an entity owned in whole or in part by a covered person, or an entity owned or controlled in whole or in part by SUBRECIPIENT. The COUNTY may review the proposed contract to ensure that the contractor is qualified, and the costs are reasonable. Approval of an identity of interest contract will be in the COUNTY's sole discretion. This provision is not intended to limit SUBRECIPIENT'S ability to self manage the projects using its own employees.~~

~~SUBRECIPIENT shall establish Conflict of Interest reporting requirements for its board membrs and staff to report their participation as a beneficiary in the program supported by this Agreement. Such reporting shall also incorporate reporting the participation of their family members who include a spouse or civil union partner, member of the same household, parent (including step- and in-law) grandparent (including step- and in-law), child (including step-) or grandchild (including step-), sibling (including step- and in-law), cousin, aunt, or uncle.~~

~~Any possible conflict of interest on the part of SUBRECIPIENT, its employees, or its contractors shall be disclosed to CHS in writing, provided however, that this paragraph shall be interpreted in such a manner so as not to unreasonably impede the statutory requirement that maximum opportunity be provided for employment of and~~ participation of low- and moderate-income residents of the project target area.

3.21 BYRD ANTI-LOBBYING AMENDMENT

The COUNTY, SUBRECIPIENT, and their contractors certify that they will not, and have not, used Federally appropriated Funds to pay any person or organization for influencing or attempting to influence the award of Federal Funds, as covered by 31 USC 1352, and more fully described in Section ~~4.54~~ 4.41 of this Agreement. Contractors who apply or bid for an award of $100,000 or more shall file the required certification.

3.22 CONDITIONS FOR RELIGIOUS ORGANIZATIONS

CDBG Funds may be used by religious organizations or on property owned by religious organizations only in accordance with requirements set in Section 24 CFR 570.200(j). SUBRECIPIENT shall comply with First Amendment Church/State principles as follows:

A. It will not discriminate against any employee or applicant for employment and will not limit employment or give preference in employment to persons based on religion.
B. It will not discriminate against any person applying for public services and will not limit such services or give preference to persons based on religion.
C. It will retain its independence from Federal, State, and Local governments and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided it does not use direct CDBG Funds to support any inherently

religious activities, such as worship, religious instruction, or proselytizing. All such activities must be offered separately in time or location from programs or services funded under CDBG, and participation must be voluntary for program participants. In addition, all CDBG Funds must be accounted for separately from funds for inherently religious activities.

D. ~~The Funds~~ It shall not ~~be used~~ use Funds for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for inherently religious activities. Where a structure is used for both eligible and inherently religious activities, CDBG Funds may not exceed the cost of those portions of the acquisition, construction, or rehabilitation that are attributable to eligible activities, in accordance with the cost accounting requirements applicable to CDBG Funds in this part. Sanctuaries, chapels, or other rooms that a CDBG funded religious congregation uses as its principal place of worship, however, are ineligible for CDBG funded improvements.

3.23 INCIDENT REPORTING

If SUBRECIPIENT provides services to clients under this Agreement, SUBRECIPENT and any subcontractors shall report knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled person to the COUNTY.

During the term of this Agreement, SUBRECIPIENT must report to the COUNTY in writing, within one business day of occurrence, any substantial, controversial, or newsworthy incidents. The Collier County Incident Report Form (Exhibit ~~F~~ G) shall be used to report all such incidents.

* * *

3.26 MISCELLANEOUS

SUBRECIPIENT and COUNTY each binds itself, its partners, successors, legal representatives, and assigns of such other party in respect to all covenants of this Agreement.

SUBRECIPIENT represents and warrants that the financial data, reports, and other information it furnished to the COUNTY regarding the Project are accurate and complete, and financial disclosures fairly represent the financial position of SUBRECIPIENT.

SUBRECIPIENT understands that client information collected under this Agreement is private and the use or disclosure of such information, when not directly connected with the administration of the COUNTY'S or SUBRECIPIENT'S responsibilities with respect to services provided under this Agreement, is prohibited unless written consent is obtained from such person receiving service and, in case of a minor, that of a responsible parent/guardian.

SUBRECIPIENT certifies that it has the legal authority to receive the Funds under this Agreement, and its governing body has authorized the execution and acceptance of this Agreement. ~~The~~ SUBRECIPIENT also certifies that the undersigned person has the authority to legally execute and bind SUBRECIPIENT to the terms of this Agreement.

The section headings and subheadings contained in this Agreement are included for convenience only and shall not limit or otherwise affect the terms of this Agreement.

The Grant Documents shall be construed in accordance with and governed by the laws of the State of Florida, without giving effect to its provisions regarding choice of laws. Any suit or action brought by either party to this Agreement against the other party relating to or arising out of this Agreement must be brought in the appropriate federal or state courts in Collier County, Florida, which courts have sole and exclusive jurisdiction on all such matters.

All activities authorized by this Agreement shall be subject to and performed in accordance with the provisions of the terms and conditions of the Agreement between the COUNTY, the Regulations, all applicable Federal, State, and Municipal laws, ordinances, regulations, orders, and guidelines, including but not limited to any applicable regulations issued by ~~HUD~~ the COUNTY.

Electronic Signatures. This Agreement, and related documents entered into in connection with this Agreement, are signed when a party's signature is delivered by facsimile, e-mail, or any other electronic medium. These signatures must be treated in all respects as having the same force and effect as original signatures.

https://www.archives.gov/federal-register/codification/executive-order/12549.html

~~4.30~~ 4.32 SUBRECIPIENT agrees to comply with the following OMB Circulars whichever is applicable and agrees to adhere to the accounting principles and procedures required therein, utilize adequate internal controls, and maintain necessary source documentation for all costs incurred. These requirements are enumerated in 2 CFR 200, et seq.

~~4.31~~ 4.33 Single Audits shall be conducted annually, in accordance with 2 CFR 200.501, and shall be submitted to the COUNTY nine (9) months after the end of the SUBRECIPIENT'S fiscal year. The SUBRECIPIENT shall comply with the requirements and standards of 2 CFR 200 Subpart F, Section 500. SUBRECIPIENTS exempt from Single Audit requirements shall submit financial statements to the COUNTY one hundred eighty (180) days after the end of the SUBRECIPIENT'S fiscal year. Per 2 CFR 200.345, if this Agreement is closed out prior to the receipt of an audit report, the COUNTY reserves the right to recover any disallowed costs identified in an audit after such closeout. eCFR :: 2 CFR Part 200 Subpart F -- Audit Requirements

~~4.32~~ 4.34 No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement. If any funds, other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, contracts under grants, loans, and cooperative agreements) and that all SUBRECIPIENTS shall certify and disclose accordingly.

~~4.33~~ 4.35 Travel reimbursement will be based on the U.S. General Services Administration (GSA) per diem rates in effect at the time of travel. SUBRECIPIENT shall obtain written approval from CHS for any outside travel outside the metropolitan area with funds provided under this Agreement. https://www.gsa.gov/portal/content/104877

* * *

4.39 Equal Treatment of Faith-Based Organizations: By regulation, HUD prohibits all recipient organizations from using financial assistance from HUD to fund explicitly religious activities. The SUBRECIPIENT agrees to avoid such prohibited conduct. For more information, see https://ojp.gov/about/ocr/partnerships.htm. Discrimination on the basis of religion in employment is generally prohibited by federal law, but the Religious Freedom Restoration Act is interpreted on a case-by-case basis to allow some faith-based organizations to receive HUD funds while taking into account religion when hiring staff. Questions in this regard should be directed to the Office for Civil Rights.

A. Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in CDBG.
B. The SUBRECIPIENT may not engage in inherently religious activities, such as worship, religious instruction, or proselytization as part of the programs or services funded under CDBG. If the SUBRECIPIENT conducts such activities, the activities must be offered separately, in time or location, from the programs or services funded under CDBG, and participation must be voluntary for the program participants. In addition, all CDBG funds must be accounted for separately from funds for inherently religious activities.
C. A religious ~~Subrecipient~~ SUBRECIPIENT that receives CDBG funding will retain its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that it does not use direct CDBG funds to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based Subrecipients may use space in their facilities to provide CDBG funded services, without removing religious art, icons, scriptures, or other religious symbols. In addition, ~~a Subrecipient~~ SUBRECIPIENT retains its authority over its internal governance, and it may retain religious terms in its name, select its board members on a religious basis, and include religious references in its mission statements and other governing documents.
D. The SUBRECIPIENT that participates in CDBG shall not, in providing program assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief.
E. If the SUBRECIPIENT voluntarily contributes its own funds to supplement federally funded activities, the SUBRECIPIENT has the option to segregate the federal funds or commingle them. However, if the funds are commingled, the requirements listed above apply to all of the commingled funds.

4.40 Arrest and Conviction Records: Federal and state laws restrict use of arrest and conviction records in the employment context, except when specifically authorized. SUBRECIPIENT agrees to avoid the misuse of arrest or conviction records to screen applicants for employment or employees for retention or promotion that may have a disparate impact based on race or national origin, resulting in unlawful employment discrimination unless use is otherwise specifically authorized by law. See: https://ojp.gov/about/ocr/pdfs/UseofConviction_Advisory.pdf for more details.

* * *

4.45 Trafficking in Persons: SUBRECIPIENT agrees to, at any tier, comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of the SUBRECIPIENT and any of its employees ~~of SUBRECIPIENT~~. The details of SUBRECIPIENT'S obligations related to prohibited conduct related to the trafficking of persons are posted at:
https://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm.
eCFR :: Appendix A to Part 175, Title 2 -- Award Term

Pursuant to Florida ~~Statues~~ Statutes 787.06, SUBRECIPIENT attests that it does not use coercion for labor or services. SUBRECIPIENT shall provide an affidavit, under penalty of perjury, signed by an officer or representative of the organization attesting that it does not use coercion for labor services.

4.50 Venue - Any suit of action brought by either party to this Agreement against the other party, relating to or arising out of this Agreement, must be brought in the appropriate federal or state courts, in

Collier County, FL which courts have sole jurisdiction on all such matters. ~~(No reference required for this item).~~

* * *

~~4.52~~ 4.31 As provided in §287.133, Florida Statutes, by entering into this Agreement or performing any work in furtherance hereof, SUBRECIPIENT certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the 36 months immediately preceding the date hereof.

This notice is required by § 287.133 (3) (a), Florida Statutes.
http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=0200-0299/0287/Sections/0287.133.html

~~4.53~~ 4.15 Florida Statutes section 448.095 Employment Eligibility. Per Florida Statute 448.095(3), all Florida private employers are required to verify employment eligibility for all new hires beginning January 1, 2021. Eligibility determination is not required for continuing employees hired prior to January 1, 2021.
http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=0400-0499/0448/0448.html

For purposes of satisfying the requirement of this condition regarding verification of employment eligibility, the SUBRECIPIENT shall participate in, and use, E-Verify (www.e-verify.gov), provided an appropriate person authorized to act on behalf of the recipient (or subrecipient) uses E-Verify (and follows the proper E-Verify procedures, including in the event of a "Tentative Non-confirmation" or a "Final Non-confirmation") to confirm employment eligibility for each hiring for a position in the United States that is or will be funded (in whole or in part) with award funds.

Questions about E-Verify should be directed to DHS. For more information about E-Verify visit the E-Verify website (https://www.e-verify.gov/) or email E-Verify at E-Verify@dhs.gov. E-Verify employer agents can email E-Verify at E-VerifyEmployerAgent@dhs.gov.

~~4.56~~ 4.54 OSHA. Where SUBRECIPIENT employees are engaged in activities not covered under the Occupational Safety and Health Act of 1970, they shall not be required or permitted to work, be trained, or receive services in buildings or surroundings or under working conditions which are unsanitary, hazardous, or dangerous to the participant's health or safety.

~~4.57~~ 4.55 Right to Know. Participants employed or trained for inherently dangerous occupations, e.g., fire or police jobs, shall be assigned to work in accordance with reasonable safety practices. The SUBRECIPIENT will comply with all applicable "Right to Know" Acts.

~~4.58~~ 4.56 Whistleblower Protections:

a. In accordance with 2 CFR 200.217 and 41 U.S.C. § 4712, the SUBRECIPIENT may not discharge, demote, or otherwise discriminate against an employee in reprisal for disclosing to any of the list of persons or entities provided below, information that the employee reasonably believes is evidence of gross mismanagement of a federal contract or grant, a gross waste of federal funds, an abuse of authority relating to a federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or grant.

b. The list of persons and entities referenced in the paragraph above includes the following:
   i. A member of Congress or a representative of a committee of Congress;
   ii. An Inspector General;
   iii. The Government Accountability Office;
   iv. A Treasury employee responsible for contract or grant oversight or management;
   v. An authorized official of the Department of Justice or other law enforcement agency;
   vi. A court or grand jury; or
   vii. A management official or other employee of Recipient, contractor, or subcontractor who has the responsibility to investigate, discover, or address misconduct.

The SUBRECIPIENT shall inform its employees in writing of whistleblower rights and remedies provided under 2 CFR 200.217 and 41 U.S.C. § 4712, in the predominant native language of the workforce.
https://uscode.house.gov/view.xhtml?req=(title:41%20section:4712%20edition:prelim)

All SUBRECIPIENT employees directly involved with activities associated with this Agreement shall complete and submit to the COUNTY the Collier County Whistleblower Protections Certification form (Exhibit ~~H~~ I-1) prior to execution of this Agreement. Any new employees hired during the period of performance of this Agreement shall also complete and submit the form to the COUNTY.

PART V
ADDENDUM 1, HUD POLICY REQUIREMENTS

U.S. Department of Housing and Urban Development – Federal Award Agreement

Addendum 1. Policy Requirements

If applicable:

1. SUBRECIPIENT shall not use grant funds to promote "gender ideology." As defined in Executive Order (E.O.) 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government.

2. SUBRECIPIENT agrees that its compliance in all respects with all applicable Federal anti-discrimination laws is material to the U.S. Government's payment decisions for purposes of section 3729(b)(4) of title 31, United States Code.

3. SUBRECIIENT certifies that it does not operate any programs that violate any applicable Federal anti-discrimination laws, including Title VI of the Civil Rights Act of 1964.

4. SUBRECIPIENT shall not use any grant funds to fund or promote elective abortions, as required by E.O. 14182, Enforcing the Hyde Amendment.

5. Notwithstanding anything in the NOFO or Application, this Grant shall not be governed by Executive Orders revoked by E.O. 14154, including E.O. 14008, or NOFO requirements implementing Executive Orders that have been revoked.

6. SUBRECIPIENT must administer its grant in accordance with all applicable immigration restrictions and requirements, including the eligibility and verification requirements that apply under Title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, as amended (8 U.S.C. 1601-1646) (PRWORA) and any applicable requirements that HUD, the Attorney General, Or the U.S. Citizenship and Immigration Services may establish from time to time to comply with PRWORA, Executive Order 14218, or other Executive Orders or Immigration laws.

7. No SUBRECIPIENT that receives funding under this grant may use that funding in a manner that by design or effect facilities the subsidization or promotion of illegal immigration or shields illegal aliens from deportation, including by maintaining policies or practices that materially impede enforcement of federal Immigration statutes and regulations.

8. SUBRECIPIENT must use SAVE, or an equivalent verification system approved by the Federal government, to prevent any Federal public benefit from being provided to an ineligible alien who entered the United States illegally or is otherwise unlawfully present in the United States.

9. Faith-based organizations may be subrecipients for funds on the same basis as any other organization. The COUNTY may not, in the selection of subrecipients, discriminate against an organization based on the organization's religious character, affiliation, or exercise.

~~PART V~~ PART VI - EXHIBITS

EXHIBIT A
INSURANCE REQUIREMENTS

The SUBRECIPIENT shall furnish to Collier County Board of County Commissioners, c/o Community and Human Services Division, ~~3339 Tamiami Trail East, Suite 213, Naples, Florida 34112~~ 2671 Airport Road South, Suite 305, Naples, Florida 34112, Certificate(s) of Insurance evidencing insurance coverage that meets the requirements as outlined below:

1. Workers' Compensation as required by Chapter 440, Florida Statutes.

2. Commercial General Liability, including products and completed operations insurance, in the amount of $1,000,000 per occurrence and $2,000,000 aggregate. Collier County Board of County Commissioners must be shown as an additional insured with respect to this coverage.

3. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with this Agreement, in an amount not less than $1,000,000 combined single limit for combined Bodily Injury and Property Damage.

DESIGN STAGE (IF APPLICABLE)
In addition to the insurance required in 1 – 3 above, a Certificate of Insurance must be provided as follows:

4. Professional Liability Insurance, in the name of the SUBRECIPIENT or the licensed design professional employed by the SUBRECIPIENT, in an amount not less than $1,000,000 per occurrence/$1,000,000 aggregate providing for all sums which the SUBRECIPIENT and/or the design professional shall become legally obligated to pay as damages for claims arising out of the services performed by the SUBRECIPIENT or any person employed by the SUBRECIPIENT in connection with this Agreement. This insurance shall be maintained for a period of two (2) years after the certificate of Occupancy is issued.

CONSTRUCTION PHASE (IF APPLICABLE)
In addition to the insurance required in 1 – 4 above, the SUBRECIPIENT shall provide, or cause its Subcontractors to provide, original certificates indicating the following types of insurance coverage prior to any construction:

5. Completed Value Builder's Risk Insurance on an "All Risk" basis, in an amount not less than one hundred (100%) percent of the insurable value of the building(s) or structure(s). The policy shall be in the name of Collier County Board of County Commissioners and the SUBRECIPIENT.

6. In accordance with the requirements of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001), the SUBRECIPIENT shall assure that for activities located in an area identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards, flood insurance under

the National Flood Insurance Program is obtained and maintained, as a condition of financial assistance for acquisition or construction purposes (including rehabilitation).

OPERATION/MANAGEMENT PHASE (IF APPLICABLE)
After the Construction Phase is completed and occupancy begins, the following insurance must be kept in force throughout the duration of the loan and/or Agreement:

7. Workers' Compensation as required by Chapter 440, Florida Statutes.

8. Commercial General Liability including products and completed operations insurance in the amount of $1,000,000 per occurrence and $2,000,000 aggregate. Collier County Board of County Commissioners must be shown as an additional insured with respect to this coverage.

9. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with this Agreement in an amount not less than $1,000,000 combined single limit for combined Bodily Injury and Property Damage.

10. Property Insurance coverage on an "All Risk" basis, in an amount not less than one hundred (100%) of the replacement cost of the property. Collier County Board of County Commissioners must be shown as a loss payee, with respect to this coverage A.T.I.M.A.

11. Flood Insurance coverage for those properties found to be within a flood hazard zone, for the full replacement values of the structure(s) or the maximum amount of coverage available through the National Flood Insurance Program (NFIP). The policy must show Collier County Board of County Commissioners as a Loss Payee A.T.I.M.A.

EXHIBIT C
QUARTERLY PERFORMANCE REPORT DATA

The COUNTY is required to submit Performance Reports to HUD through the Integrated Disbursement and Information System (IDIS). The COUNTY reports information on a quarterly basis. To facilitate in the preparation of such reports, SUBRECIPIENT shall submit the information contained herein within ten (10) days of the end of each calendar quarter. At COUNTY's discretion, SUBRECIPIENT may be required to enter the information collected on this exhibit into an online grant management system.

Subrecipient Name:	Baker Senior Center Naples, Inc	Date:	
Project Title:	Aging in Place with Dignity: Case Management Services for Older Adults	IDIS #: 730

Activity Reporting Period	Report Due Date
October 1st – December 31st	January 10th
January 1st – March 31st	April 10th
April 1st – June 30th	July 10th
July 1st – September 30th	October 10th

REPORT FOR QUARTER ENDING: (check one that applies to the corresponding grant period):
☐ 12/31/2025 ☐ 3/31/2026 ☐ 6/30/2026 ☐ 9/30/2026 Final __/__/20__

Please note: The HUD Program year begins October 1, 2025 – September 30, 2026. Each quarterly report must include cumulative data beginning from the start of the program year October 1, 2025.	
1.	Please list the outcome goal(s) from your approved application and SUBRECIPIENT Agreement and indicate your progress in meeting those goals since October 1, 2025.
a.	Outcome Goals: list the outcome goal(s) from your approved application and SUBRECIPIENT Agreement
	Outcome 1: A minimum of ~~seventy (70)~~ seventy-two (72) unduplicated clients will be served.
	Outcome 2: Conduct and document up to ~~twelve (12)~~ fifteen (15) telephone socialization calls to homebound case management clients.
	Outcome 3: Documentation that 51% of the total households served qualify as low- to moderate-income, for achievement of the LMC National Objective.
b.	Goal Progress: Indicate the progress to date in meeting each outcome goal.
	Outcome 1:
	Outcome 2:
	Outcome 3:
2.	Is this project still in compliance with the original project schedule: Yes ☐ No ☐
	If No, Explain:

3.	Since October 1, 2025, of the persons assisted, how many… Answer ONLY for Public Facilities & Infrastructure Activities *03 Matrix Codes	
a.	…now have new access (continuing) to this service or benefit?	0
b.	…now have improved access to this service or benefit?	0
c.	…now receive a service or benefit that is no longer substandard?	0
	Total	0

4.	What funding sources did the SUBRECIPIENT apply for this period?			
	Section 108 Loan Guarantee	$	CDBG	$
	Other Consolidated Plan Funds	$	HOME	$
	Other Federal Funds	$	ESG	$
		$	HOPWA	$
		$	**Total Entitlement Funds**	$

5.	What is the total number of UNDUPLICATED Persons (LMC) or Households (LMH) served this QUARTER, if applicable? Answer question 5a or 5b; **NOT** both For LMC activities: people, race/ethnicity, and income data are reported by persons. For LMH activities: households, race/ethnicity, and income level are reported by households, regardless of the number of persons in the household.				
a.	Total No. Persons/Adults served (LMC)	0	Total No. persons served under 18 (LMC)	0	
	Quarter Total No. of Persons	0	Quarter Total No. of Persons	0	
b.	Total No. of Households served (LMH)	0	Total No. of female head of household (LMH)	0	

6.	What is the total number of UNDUPLICATED clients served since October, if applicable? Answer question 6a or 6b, NOT both For LMC activities: race/ethnicity and income data are reported by persons.				
a.	Total No. Persons/Adults served (LMC)	0	Total No. Persons served under 18 (LMC)	0	
	YTD Total:	0	**YTD Total**	0	
b.	Total No. Households served (LMH)	0	Total No. female head of household (LMH)	0	
	YTD Total	0	**YTD Total**	0	

~~Complete EITHER question 7 or 8, **NOT** both~~
~~Complete question **7a and 7b** if your program only serves clients in one or more of the listed HUD Presumed Benefit categories.~~

Note: The Total Number of beneficiaries in 7a plus 8a must equal the number of beneficiaries in question 5. The Total Number of beneficiaries in 7b plus 8b must equal the number of beneficiaries YTD in question 6.

- If your program only serves clients in one or more of the listed HUD Presumed Benefit categories shown below, complete questions **7a and 7b only**; skip question 8.
- If your program only serves clients that are not listed in the HUD Presumed Benefit categories shown below, skip question 7; complete questions **8a and 8b only** based on Income Certification.
- If your program serves some clients in one or more of the listed HUD Presumed Benefit categories shown below, complete question **7a and 7b** only for the unduplicated HUD Presumed Benefit beneficiaries; **and** complete question **8a and 8b** based on Income Certification for your unduplicated beneficiaries that are not reported under HUD Presumed Benefit.

Exhibit F

Collier County Community and Human Services Division (CHS)
Subrecipient/Developer/Vendor/Recipient/Contractor Conflict of Interest Disclosure Form

The purpose of this document is to assist in the determination of whether additional restrictions, oversight, or other conditions might be advisable prior to execution of any contract or providing assistance. The term "Conflict of Interest" refers to situations in which financial or other personal considerations may compromise, or have the appearance of compromising, professional judgment in following the rules and regulations applicable to your award.

Please Note: A family member is defined as: a spouse, child, stepchild, parent, sibling, domestic partner or relative by marriage.

Please answer every question in this form and complete the form attachment, if applicable. This form **must** be provided to your assigned CHS Grant Coordinator.

Employee Name:	
SUBRECIPIENT Name:	Baker Senior Center Naples, Inc.
SUBRECIPIENT Address:	6200 Autumn Oaks Lane
SUBRECIPIENT City, State, Zip Code:	Naples, Florida 34119
Agreement Number	PS25-04
Funding Source:	CDBG
Agreement Amount:	$117,000.00

A. Family Relationships:

Does any employee, board member or person in your agency have a family member directly or indirectly involved or employed with CHS or Collier County that creates a conflict of interest, or the appearance of a conflict under HUD's Conflict of Interest regulations?

☐ Yes ☐ No (If YES, please complete the attachment)

B. Program Relationships:

Does any employee, board member or person in your agency serve or is appointed to an CHS and/or Collier County Board/Committee that may create a conflict of interest, or the appearance of a conflict under the Conflict of Interest regulations?

☐ Yes ☐ No (If YES, please complete the attachment)

Does an employee of CHS and/or Collier County serve on your agency's Board of Directors, staff, or in any capacity which may create a conflict of interest, or the appearance of a conflict under the Conflict of Interest regulations?

☐ Yes ☐ No (If YES, please complete the attachment)

Does any elected official of Collier County serve on the agency's Board of Directors, which may create a conflict of interest, or the appearance of a conflict under the Conflict of Interest regulations?

☐ Yes ☐ No (If YES, please complete the attachment)

Is any employee, board member and/or person (as described above) in your agency involved in any other activity, directly or indirectly, with CHS and/or Collier County of that may create a conflict of interest or the appearance of a conflict under the Conflict of Interest regulations?

☐ Yes ☐ No (If YES, please complete the attachment)

C. Business Relationships:

Is any employee, board member, person in your agency, or a family member involved as an investor, owner, employee, consultant, contractor, or board member with an entity that has a contractual relationship with CHS and/or Collier County to provide goods or services, sponsor development activities, and/or receive referrals from CHS and/or Collier County?

☐ Yes ☐ No (If YES, please complete the attachment)

I understand that, under this agreement, no employee, board member, person in my agency, or family member involved in working on the grant program, in any capacity, may be involved as an investor, owner, employee, consultant, contractor, or board member with an entity that has a contractual relationship with my organization to provide goods or services, sponsor development activities, and/or receive referrals.

☐ Yes ☐ No

I have read and understand the Conflict of Interest Disclosure Form. I have disclosed all information required by this disclosure, if any, in an attached statement. I agree to comply with any conditions or restrictions imposed by the CHS and/or Collier County to reduce or eliminate actual and/or potential conflicts of interest. I will update this disclosure form promptly, if relevant circumstances change. I understand that this Disclosure is not a confidential document.

If U.S. HUD determines that a conflict of interest exists, this contract may be voided and terminated, and you may be required to return any and all funding allocated, whether used or not used.

EXHIBIT J

CERTIFICATION OF COMPLIANCE WITH ANTI-DISCRIMINATION, FAIR HOUSING, AND EQUAL EMPLOYMENT OPPORTUNITY LAWS

SUBRECIPIENT Name:	Baker Senior Center Naples, Inc.
Program and Project Name	Aging in Place with Dignity: Case Management Services for Older Adults
Grant/Contract Number:	PS25-04

PURPOSE

As a condition of participation in programs funded or administered by Collier County, all subrecipients, contractors, developers, and vendors must comply with all applicable federal, state, and local nondiscrimination laws, rules, and regulations. This certification affirms compliance with those requirements.

CERTIFICATION

The undersigned certifies that, in the performance of work under this agreement, Baker Senior Center Naples, Inc. and its employees, agents, and subcontractors shall comply with non-discrimination, fair housing, and equal opportunity laws, including but not limited to: (see attachment for definitions of laws and other regulations)

1. **Federal Non-Discrimination Laws:**
    1. Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq.) — prohibiting discrimination on the basis of race, color, or national origin.
    2. Title VII of the Civil Rights Act of 1964 — prohibiting employment discrimination based on race, color, religion, sex, or national origin.
    3. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794) — prohibiting discrimination based on disability.
    4. The Americans with Disabilities Act of 1990 (42 U.S.C. § 12101 et seq.).
    5. Title II of The Age Discrimination Act of 1975 (42 U.S.C. § 6101 et seq.).
    6. Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 et seq.) — prohibiting discrimination based on sex.
    7. Section 109 of the Housing and Community Act of 1974 – prohibiting discrimination based on race, color, national origin, religion, or sex
    8. Section 808(e)(5) of Title VIII of the Civil Rights Act of 1968, as amended (The Fair Housing Act 42 U.S.C. § 3601 et seq.) — prohibiting discrimination in housing-related activities.
    9. Housing and Community Development Act of 1974 (§104(b)(2), as amended and the National Affordable Housing Act (§ 105(b)(3) – Requires Affirmatively Furthering Fair Housing

2. **State and Local Requirements:**
    1. Chapter 760, Florida Statutes — Florida Civil Rights Act of 1992.
    2. Collier County Ordinances and policies related to equal opportunity, fair housing, and nondiscrimination in the provision of County-funded services.

3. **Equal Opportunity in Employment and Service Delivery:**
SUBRECIPENT shall ensure that no person will, on the grounds of race, color, religion, sex, gender identity, sexual orientation, national origin, age, disability, familial status, or any other protected classification, be excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any program or activity receiving County funds.

4. **Fair Housing:**
SUBRECIPIENT agrees to take affirmative steps to ensure equal access to all programs and services and to carry out activities in a manner that supports the County's obligation to affirmatively further fair housing.

SUBRECIPIENT certifies that neither the subrecipient or its contractors have any pending or civil rights legal proceedings against them or any "Probable Cause" civil rights determinations "for fair housing and/or equal opportunity violations in the delivery of its programs and/or services which have not been remedied.

SUBRECIPIENT will become informed of pertinent federal and local civil rights laws and regulations that affect the execution of their services and activities.

5. **Posting and Notice:**
SUBRECIPIENT agrees to post, in conspicuous places available to employees, applicants, and program participants, notices setting forth this policy of nondiscrimination.

---

6. **Certification Statements:**
SUBRECIPIENT certifies that:
   A. Programs and services are accessible to persons with disabilities.
   B. Reasonable accommodation will be provided upon request.
   C. Facilities used for funded activities are accessible or reasonable alternatives are provided.
   D. No qualified individual with a disability will be excluded from participation or denied benefits.

SUBRECIPIENT agrees to maintain records demonstrating compliance with all these requirements and to cooperate with monitoring, audits, and reviews conducted by the County, Grantor, or their designees.

SUBRECIPIENT understands that failure to comply with these requirements may result in corrective action, repayment of funds, suspension or termination of the agreement, or other remedies permitted by law.

Signature Page to Follow

I hereby certify that the organization named above will comply with all applicable nondiscrimination laws, and that all activities under this agreement will be conducted in a manner free of discrimination as defined by the laws and regulations cited herein.

EQUAL OPPORTUNITY
Definitions of Laws and Regulations

Constitutional Basis. The guarantee of civil rights has a constitutional as well as statutory base. Civil rights laws are an extension and interpretation of the equal protection and due process requirements of the United States Constitution.

Overlapping Coverage of Activities. More than one civil rights law may apply to a single type of activity.

D.C. LANGUAGE ACCESS ACT OF 2004: Provides greater access and participation in public services, programs, and activities to residents of the District of Columbia with limited or no-English proficiency by requiring that District government programs, departments, and services assess the need for, and offer, oral language services; provide written translations of documents into any non-English language spoken by a limited or no-English proficient population that constitutes 3 percent or 500 individuals, whichever is less, of the population served or encountered, or likely to be served or encountered. "Equal Access and Full Participation" allows LEP residents to be informed of, participate in, and benefit from public services, programs and activities offered by a city department or agency at a level equal to English proficient individuals. "Limited or no English Proficiency" means the inability to adequately understand the English language or express oneself in the spoken or written English language.

EXECUTIVE ORDER 13166: Eliminates, to the extent possible, limited English proficiency as a barrier to full and meaningful participation by beneficiaries in *all federally assisted conducted programs and activities.*

Section 808(e)(5) of TITLE VIII OF THE CIVIL RIGHTS ACT OF 1968, as amended (FAIR HOUSING ACT): Requires grantees to administer its housing and community development programs in a manner to Affirmatively Further Fair Housing (AFFH)

HOUSING AND COMMUNITY DEVELOPMENT ACT of 1974 §104 (b)(2), as amended and the National Affordable Housing Act §105 (b)(3): Require that localities certify they will AFFH. Policies should actively promote greater housing opportunities for all persons while maintaining a non-discriminatory environment in all aspects of public and private housing markets. Activities can range from education, outreach, enforcement, avoiding undue concentration of assisted persons in areas with low- and moderate- income persons, provide translation and interpretation services for persons who are Limited English Proficient, assist in the development of accessible housing for persons with disabilities, etc.

EXECUTIVE ORDER 12892: Leadership and Coordination of Fair Housing In Federal Programs: Affirmatively Furthering Fair Housing, as amended: Requires federal agencies to affirmatively further fair housing in their programs and activities, and provides that the Secretary of HUD will be responsible for coordinating the effort. The Order also establishes the President's Fair Housing Council, which will be chaired by the Secretary of HUD.

Updated 03/12/09%ED.SPG

TITLE VI OF THE CIVIL RIGHTS ACT OF 1964 (TITLE VI): Prohibits discrimination based on race, color or national origin in *programs and activities* receiving "Federal financial assistance." Complaints received from a *program participant* or *service recipient* will be forwarded to the Fair Housing Equal Opportunity division at the U.S. Department of Housing and Urban Development. https://www.justice.gov/crt/fcs/TitleVI-Overview

EXECUTIVE ORDER 11063, NON-DISCRIMINATION: (***Non-Discrimination and Equal Opportunity in Housing***) directs HUD and all other executive departments and agencies to take appropriate action to promote the abandonment of discriminatory practices regarding property or facilities owned or operated by the Federal Government or provided with Federal financial assistance in the sale, leasing, rental, or other disposition of such property or facilities.

AGE DISCRIMINATION ACT OF 1975: Prohibits: (1) discrimination based on age *in programs or activities receiving Federal financial assistance* directly or through contractual, licensing, or other arrangements; and (2) age distinctions or actions that have the effect, based on age, of:

- excluding individuals from, denying them the benefits of, subjecting them to discrimination under, a program or activity receiving federal financial assistance; or
- denying or limiting individuals their opportunity to participate in any program or activity receiving Federal financial assistance.

SECTION 109, HOUSING & COMMUNITY DEVELOPMENT ACT OF 1974: Requires that no person in the United States shall—on the grounds of race, color, national origin, religion, or sex— be excluded from participation in, be denied benefits of, or be subjected to discrimination under *any program or activity receiving Federal financial assistance* made available under the Act. Section 109 also directs that the prohibitions against discrimination based on age under the Age Discrimination Act and the prohibitions based on disability under Section 504 shall apply to programs or activities receiving Federal financial assistance under Title I programs.

EXECUTIVE ORDER 11246, as amended: Bars discrimination in federal employment because of race, color, religion, sex, or national origin. This order was superseded by Executive Order 11478 (Sec 401: 1101), which called for affirmative action programs for equal opportunity at the agency level under general supervision of the Civil Service Commission.

Title II of the AMERICANS WITH DISABILITES ACT of 1990: Title II of the Americans With Disabilities Act prohibits discrimination based on disability in programs, services, and activities provided or made available by public entities. These provisions are the same as those in Section 504, except they apply to all programs and activities— not just those funded with Federal financial assistance. HUD enforces Title II when it relates to state and local public housing, housing assistance and housing referrals.

EXECUTIVE ORDER 13217: Community-Based Alternatives for Individuals with Disabilities, 6/19/2001: Requires federal agencies to evaluate their policies and programs to determine if any can be revised or modified to improve the availability of community-based living arrangements for persons with disabilities.

TITLE IX OF THE EDUCATION AMENDMENTS OF 1972 - Title IX is a comprehensive federal law that prohibits discrimination based on sex in any *federally funded education program or activity*. The principle objective of Title IX is to avoid the use of federal money to support sexually discriminatory practices in education programs such as sexual harassment and employment discrimination, and to provide individual

citizens effective protection against those practices. Title IX applies, with a few specific exceptions, to all aspects of federally funded education programs or activities. In addition to traditional educational institutions such as colleges, universities, and elementary and secondary schools, ***Title IX also applies to any education or training program operated by a recipient of federal financial assistance***. Many of these education program providers/recipients became subject to Title IX regulations when the Title IX final common rule was published on August 30, 2000.

APPLICABLE REGULATIONS

24 CFR Part 1: Nondiscrimination in Federally Assisted Programs of HUD: Implementing regulations for Title VI of the Civil Rights Act of 1964.

24 CFR Part 3: Nondiscrimination on the Basis of Sex in Education Programs or Activities receiving Federal Financial Assistance: Implementing regulations for Title IX of the Education Amendments Act of 1972.

24 CFR Part 8: Nondiscrimination Based on Handicap: Implementing regulations for Section 504 of the Rehabilitation Act of 1973. These regulations obligate recipients of funding to make their programs accessible to persons with disabilities. The regulations also establish physical accessibility requirements when Federal financial assistance is used for new construction or rehabilitation of housing.

24 CFR Parts 91.225 (a)(1): Affirmatively Furthering Fair Housing (CDBG Entitlement grantees): Each jurisdiction must certify that it will affirmatively further fair housing, including conducting an analysis of impediments to fair housing choice, taking appropriate actions, and maintaining records.

24 CFR 570.487(b): Affirmatively Furthering Fair Housing (CDBG states and small cities grantees):. Requires the state and each local government to certify that it will affirmatively further fair housing. The state is required to assume responsibility by: (1) conducting an analysis to identify impediments to housing choice; (2) taking appropriate actions to overcome the effects of the impediments; (3) maintaining records of analysis and actions; and (4) ensuring that units of local government funded by the state comply with the certification requirements.

24 CFR 570.601: Fair Housing (CDBG Entitlement grantees): The following apply: Title VI of the Civil Rights Act of 1964 (and implementing regulations at 24 CFR Part 1); Housing and Community Development Act (including §104(b)(2)); and Executive Order 11063, as amended by 12259 (with implementing regulations in 24 CFR part 107.

24 CFR Parts 100-125: Fair Housing. §100: Discriminatory conduct under the Fair Housing Act §103: Fair Housing Complaint processing §107: Nondiscrimination and equal opportunity in housing under EO 11063 §108: Compliance procedures for affirmative fair housing marketing §110: Fair housing poster §115: Certification and funding of State and local fair housing enforcement agencies §121: Collection of data §125: Fair housing initiatives program.

24 CFR 570.206(c): Fair Housing Activities:. CDBG Program Administrative Costs include the provision of fair housing services designed to further the objectives of the Fair Housing Act, including enforcement and other activities designed to further the objective of avoiding concentrations of assisted persons in areas containing a high proportion of low and moderate income persons.

24 CFR Part 91.325(b)(5): Compliance with anti-discrimination laws. A certification that the grant will be conducted and administered in conformity with Title VI of the Civil Rights Act of 1964 and the Fair Housing Act, and implementing regulations.

24 CFR 570.608 and Part 35: Lead-Based Paint: Children under age six are particularly susceptible to hazards from lead based paint. Owners of units where lead paint has been controlled can affirmatively market those units to families with children. If a unit has not undergone lead hazard control treatments, a family with children may choose to live in the unit, if the housing provider advises the family of the condition of the unit. A family cannot be forced to permanently move from a unit if the family declines treatment of lead hazards, although the housing provider can offer incentives for the move.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

SUBRECIPIENT Name:	Baker Senior Center Naples, Inc.
SUBRECIPIENT Address:	6200 Autumn Oaks Lane, Naples, Florida 34119
Grant/Project Name:	Aging in Place with Dignity: Case Management Services for Older Adults
Grant/Project Number:	PS25-04

The SUBRECIPIENT certifies that it will provide a drug-free workplace by:

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing a drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The SUBRECIPIENT'S policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation and employee assistance programs, and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after each conviction;

(e) Notifying the agency within ten days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction;

(f) Taking one of the following actions, within 30 days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted—

(1) Taking appropriate personnel action against such an employee, up to and including termination; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

Executive Summary

Recommendation to approve and authorize the Chair to sign the (1) Third Amendment to the Community Development Block Grant Mitigation agreement between Collier County and Florida Department of Commerce (I0162) and (2) Third Amendment to the subrecipient agreement between Collier County and Collier Health Services, Inc., dba Healthcare Network (MIT22-001) for the hardening of the Marion E. Fether Medical Center in Immokalee. (Grant Funds 1835).

OBJECTIVE: To utilize grant funds for hardening activities to support critical facilities throughout Collier County. This meets the County's strategic plan objective to prepare for the impacts of natural disasters on our critical infrastructure and natural resources.

CONSIDERATIONS: In response to the Presidentially declared disaster in 2017 for Hurricane Irma, Congress appropriated funding for the Community Development Block Grant Mitigation (CDBG-MIT) program to mitigate future disasters. The U.S. Department of Housing and Urban Development (HUD) has provided federal funding to the State of Florida Department of Commerce (DOC) to harden critical public facilities to mitigate and become more resilient to future disasters. The CDBG-MIT program - Critical Facility Hardening Program (CFHP) has a focus on the mitigation of future disasters, including hurricanes, wildfires, and other natural disasters.

On April 15, 2020, the (DOC; formerly Department of Economic Opportunity) announced the first round of CDBG-MIT funding. The DOC required the unit of local government to serve as the applicant and coordinate applications on behalf of the local municipalities, healthcare providers, and other public agencies. On June 29, 2020, the County Manager approved the "After the Fact" submittal of the CDBG-MIT grant application. On July 14, 2020, Agenda Item #16D6, the Board of County Commissioners (Board) approved the "After-the-Fact" submittal of the application to the DOC.

On February 4, 2021, the DOC awarded CDBG-MIT funds. On June 28, 2022, Agenda Item #16.D.7, the Board accepted DOC CDBG-MIT funds for the hardening projects and executed the Department of Commerce agreement for the including Marion E. Fether Center – Healthcare Network hardening project.

On December 13, 2022, Agenda Item #16.D.6, the Board approved the subrecipient grant agreement between Collier County and Collier Health Services, Inc, dba Healthcare Network. This agreement has a period of performance of 08/04/2022 – 08/03/2026 and totals $206,240.00. The scope of work for the subrecipient agreement includes the installation of 7 impact doors and 59 windows that are compliant with Florida Building Codes.

On August 27, 2024, Agenda Item #16.D.2, the Board approved the First Amendment to the subrecipient grant agreement between Collier County and Collier Health Services, Inc., dba Healthcare Network, to include updated County contact information and federal and state grant provisions.

On May 13, 2025, Agenda Item #16.D.6, the Board approved the First Amendment to the primary agreement between Collier County and DOC to update the scope of work and grant language for "Citizen Complaints", "Employment Eligibility Verification", and update the Reporting Requirements.

On September 23, 2025, Agenda Item #16.D.2, the Board approved the Second Amendment to both the primary (I0162) agreement between Collier County and DOC and subrecipient agreement (MIT22-001) between Collier County and Healthcare Network. In Healthcare Network's Second Amendment, the scope of work was revised to reflect the replacement of 43 windows with impact windows and reflect the full award being attributed to construction costs of the new scope. This resulted in an increase to their award from $206,240 to $216,552. The increase was necessary to update the budget components and accurately reflect the full approved award amount.

The proposed Third Amendment makes the following changes:

3rd Amendment between the Department of Commerce and Collier County:

- Extend the period of performance until January 30, 2027

- Update Section 7 ‘Audit Requirement’ and corresponding Attachment I and J
- Update Section 15 ‘Citizen Complaints’
- Add Section 32 ‘Contracting with Entities of Foreign Countries of Concern Prohibited’
- Add Section 33 ‘Foreign Influence’
- Add Section 34 ‘Human Trafficking’

3rd Amendment between Collier County and Collier Health Services Inc. dba Healthcare Network:

- Extend the end of the period performance until January 30, 2027.
- Extend the monitor end date to January 30, 2032.
- Update Section 1.6 Notices

This item is consistent with the Collier County strategic plan objective to prepare for the impacts of natural disasters on our critical infrastructure and natural resources.

FISCAL IMPACT: The proposed action has no new fiscal impact. Funds are appropriated in the Housing Grant Fund (1835) for the Marion E. Fether Medical Center, Project 33806

GROWTH MANAGEMENT IMPACT: This item has no impact on Housing Element of the Growth Management Plan of Collier County.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for approval. -JAK

RECOMMENDATION(S): To approve and authorize the Chair to sign the (1) Third Amendment to the Community Development Block Grant Mitigation agreement between Collier County and Florida Department of Commerce (I0162) and (2) Third Amendment to the subrecipient agreement between Collier County and Collier Health Services, Inc., dba Healthcare Network (MIT22-001) for the hardening of the Marion E. Fether Medical Center in Immokalee. (Grant Funds 1835).

THIRD AMENDMENT TO
AGREEMENT BETWEEN COLLIER COUNTY, FLORIDA
AND
Collier Health Services, Inc. dba Healthcare Network

This AMENDMENT is made and entered into as of this ___ day of _____ 2026, by and between Collier County, a political subdivision of the State of Florida (COUNTY) and Collier Health Services, Inc. dba Healthcare Network (SUBRECIPIENT), a private non-profit organization having its principal office at 1454 Madison Ave. W., Immokalee, FL 34142.

RECITALS

WHEREAS, the COUNTY has entered into an Agreement with the State of Florida Department of Commerce (DOC) for a grant for the execution and implementation of a Community Development Block Grant Mitigation (CDBG-MIT) Program in certain areas of Collier County, pursuant to Title I of the Housing and Community Development Act of 1974 (as amended); and

WHEREAS, on July 14, 2020, the Board of County Commissioners ("Board") approved Agenda Item 16D.6 – the "After-the-Fact" submittal of five (5) applications to the ~~DEO~~ (DOC); and

WHEREAS, on February 4, 2021, the ~~DEO~~ DOC awarded CDBG-MIT funds to four (4) of the five (5) submitted applications; and

WHEREAS, on June 28, 2021, the Board accepted the four (4) awards under Agenda Item 16.D.7 including the Marion E. Fether Medical Center Hardening; and

WHEREAS, all CDBG-MIT activities carried out by SUBRECIPIENT will: (1) meet the definition of mitigation activities; for the purpose of this funding, mitigation activities are defined as those activities that increase resilience to disasters and reduce or eliminate the long-term risk of loss of life, injury, damage to and loss of property, and suffering and hardship, by lessening the impact of future disasters; (2) address the current and future risks as identified in DOC's Mitigation Needs Assessment of most impacted and distressed area(s); (3) be CDBG-eligible activities under Title I of the Housing and Community Development Act of 1974 (HCDA) or otherwise eligible pursuant to a waiver or alternative requirement; and (4) meet a National Objective, including additional criteria for mitigation activities and a Covered Project; and

WHEREAS, CDBG-MIT Funds made available for use by the SUBRECIPIENT under this Agreement constitute a subaward of the ~~DEO~~ DOC Federal award, the use of which must be in accordance with requirements imposed by Federal statutes, regulations, and the terms and conditions of the ~~DEO's~~ DOC's Federal award; and

WHEREAS, the COUNTY and SUBRECIPIENT wish to set forth the responsibilities and obligations of each in undertaking the CDBG-MIT project – (MIT22-01) Marion E. Fether Medical Center Hardening;

WHEREAS, pursuant to Public Law (P.L.) P.L 115-123 Bipartisan Budget Act of 2018 and Additional Supplemental Appropriations for Disaster Relief Act of 2018 (approved February 9, 2018), and P.L. 116-20 Supplemental Appropriations for Disaster Relief Requirements Act, 2019 (approved June 6, 2019), Division B, Subdivision 1 of the Bipartisan Budget Act of 2018, P.L. 115-56, the "Continuing Appropriations Act, 2018"; and the requirements of the Federal Register (FR) notices entitled "Allocations, Common Application, Waivers, and Alternative Requirements for Community Development Block Grant Mitigation Grantees", 84 FR 45838 (August 30, 2019) and "Allocations, Common Application, Waivers, and Alternative Requirements for Community Development Block Grant Disaster Recovery Grantees" (CDBG Mitigation) 86 FR 561 (January 6, 2021); (hereinafter collectively referred to as the "Federal

Register Guidance"), the U.S. Department of Housing and Urban Development (hereinafter referred to as "HUD") has awarded Community Development Block Grant-Mitigation (CDBG-MIT) funds to ~~DEO~~ DOC for mitigation activities authorized under Title I of the Housing and Community Development Act of 1974 (HCDA) (42 United States Code (U.S.C) section 5301) and applicable implementing regulations at 24. CFR part 570 and consistent with the Appropriations Act; and

WHEREAS, on December 13, 2022, Agenda Item #16.D.7, the Board approved the CDBG-MIT sub-award agreement with Collier Health Services, Inc. dba Healthcare Network; and

WHEREAS, on August 27, 2024, Agenda Item #16.D.2, the Board approved the First Amendment to the CDBG-MIT sub-award between Collier County and Collier Health Services, Inc. dba Healthcare Network; and

WHEREAS, on September 23, 2025, Agenda Item #16.D.2, the Board approved the Second Amendment to the CDBG-MIT sub-award between Collier County and Collier Health Services, Inc. dba Healthcare Network

WHEREAS, the COUNTY and SUBRECIPIENT wish to amend the Agreement to extend the end of period of performance from August 3, 2026, until January 30, 2027.

NOW, THEREFORE, in consideration of the mutual benefits contained herein, it is agreed by the Parties to amend the Agreement as follows:

Words ~~Struck Through~~ are deleted; Words Underlined are added.

PART I
SCOPE OF WORK

1.3 PERIOD OF PERFORMANCE

SUBRECIPIENT services shall begin on August 4, 2022, and shall end on ~~August 3, 2026~~ January 30, 2027.

The County Manager or designee may extend the term of this Agreement for a period of up to 180 days after the end of the Agreement. Extensions must be authorized, in writing, by formal letter to the SUBRECIPIENT.

AMENDMENT THREE
TO THE FEDERALLY FUNDED
COMMUNITY DEVELOPMENT BLOCK GRANT
MITIGATION PROGRAM (CDBG-MIT)
SUBRECIPIENT AGREEMENT

On **August 4, 2022,** the State of Florida, **Department of Commerce** ("Commerce"), and the **Collier County Board of Commissioners, Florida** ("Subrecipient") entered into agreement **I0162** ("Agreement"). Commerce and the Subrecipient may individually be referred to herein as a "Party" or collectively as the "Parties."

WHEREAS, Section 5, Modification of Agreement, of the Agreement provides that any amendment to the Agreement shall be in writing executed by the Parties thereto; and

WHEREAS the Agreement was previously amended on **May 18, 2025, and September 30, 2025**; and

WHEREAS the Parties wish to amend the Agreement as set forth herein.

NOW THEREFORE, in consideration of the mutual covenants and obligations set forth herein, the receipt and sufficiency of which are hereby acknowledged, the Parties agree to the following:

1. **Section 3, Period of Agreement**, is hereby deleted in its entirety and replaced with the following:

   (3) Period of Agreement. This Agreement begins August 4, 2022, (the "Effective Date") and ends **January 30, 2027,** unless otherwise terminated as provided in this Agreement. Commerce shall not grant any extension of this Agreement unless Subrecipient provides justification satisfactory to Commerce in its sole discretion and Commerce's Deputy Secretary of the Division of Community Development approves such.

2. **Section (7) Audit Requirement,** Subsection (a) is hereby deleted in its entirety and replaced with the following:

   (a) The Subrecipient shall conduct a single or program-specific audit in accordance with the provisions of 2 CFR part 200 if it expends one million dollars ($1,000,000) or more in Federal awards from all sources during its fiscal year.

3. **Section 15, Citizen Complaints**, is hereby deleted in its entirety and replaced with the following:

   (15) Citizen Complaints. The goal of Commerce is to provide an opportunity to resolve citizen complaints in a timely manner, usually within fifteen (15) business days of the receipt of the complaint as expected by HUD, if practicable, and to provide the right to participate in the process and appeal a decision when there is reason for an applicant to believe its application was not handled according to program policies. All applications, guidelines and websites will include details on the right to file a complaint or appeal and the process for filing a complaint or beginning an appeal.

   The Subrecipient will handle citizen complaints by:

(a) Conducting investigations, as necessary;
(b) Finding a resolution; or
(c) Conducting follow-up actions.

Program Appeals

Applicants may appeal program decisions related to one of the following activities:

(a) A program eligibility determination;
(b) A program assistance award calculation; or
(c) A program decision concerning housing unit damage and the resulting program outcome.

Citizens may file a written complaint or appeal with the Office of Long-Term Resiliency by email at CDBG-DR@commerce.fl.gov or by mail to the following address:

HUD Complaints

If the complainant is not satisfied by the Subrecipient's determination or Commerce's response, then the complainant may file a written appeal by following the instructions issued in the letter of response. If the complainant has not been satisfied with the response at the conclusion of the complaint or appeals process, a formal complaint may then be addressed directly to the regional Department of Housing and Urban Development (HUD) at:

Department of Housing & Urban Development
Charles E. Bennet Federal Building
400 West Bay Street, Suite 1015
Jacksonville, FL 32202

Fair Housing Complaints

The Florida Office of Long-Term Resiliency operates in Accordance with the Federal Fair Housing Law (The Fair Housing Amendments Act of 1988). Anyone who feels he or she has been discriminated against may file a complaint of housing discrimination: 1-800-669-9777 (Toll Free), 1-800-927-9275 (TTY) or www.hud.gov/fairhousing.

4. This Agreement is hereby amended to add the following:

(32) CONTRACTING WITH ENTITIES OF FOREIGN COUNTRIES OF CONCERN PROHIBITED

If applicable, and in accordance with section 287.138, F.S., a contract between a governmental entity and an entity which would give access to an individual's personal identifying information which is executed, extended, or renewed on or after the dates provided in section 287.138(4), F.S., must include an attestation by the entity on Form PUR 1355, "Foreign Country of Concern Attestation Form," which is incorporated herein by reference.

If applicable, Subrecipient must provide Commerce with a signed Foreign Country of Concern Attestation Form pursuant to section 287.138(4), F.S., and rule 60A-1.020, F.A.C.

(33) FOREIGN INFLUENCE

In accordance with section 286.101, F.S., if this Agreement has a value of $100,000 or more, Subrecipient shall disclose to Commerce any current or prior interest of, any contract with, or any grant or gift received from a foreign country of concern if such interest, contract, or grant or gift has a value of $50,000 or more and such interest existed at any time or such contract or grant or gift was received or in force at any time during the previous five (5) years. The disclosure requirements are more fully defined within the statute. Subrecipient represents that it is, and for the duration of this Agreement will remain, in compliance with section 286.101, F.S.

(34) HUMAN TRAFFICKING

If applicable, and in accordance with section 787.06, F.S., when a contract is executed, renewed, or extended between a nongovernmental entity and a governmental entity, the nongovernmental entity must provide the governmental entity with an affidavit signed by an officer or a representative of the nongovernmental entity under penalty of perjury attesting that the nongovernmental entity does not use coercion for labor or services as defined in that statute.

If applicable, Subrecipient must provide Commerce with an affidavit signed by an officer or a representative of Subrecipient under penalty of perjury attesting that Subrecipient does not use coercion for labor or services as defined in section 787.06, F.S.

5. **Attachment I, Audit Requirements**, is hereby deleted in its entirety and replaced with the attached Attachment I – Audit Requirements.

6. **Attachment J, Audit Compliance Certification**, is hereby deleted in its entirety and replaced with the attached Attachment J- Audit Compliance Certification

7. All other terms and conditions of the Subrecipient Agreement not otherwise amended remain in full force and effect.

~ Remainder Left Intentionally Blank ~

IN WITNESS HEREOF, by signature below, the Parties agree to abide by the terms, conditions, and provisions of Commerce Agreement Number **I0162**, as amended. This Amendment is effective on the date the last Party signs this Amendment.

Attachment I – Audit Requirements

The administration of resources awarded by Commerce to the Subrecipient may be subject to audits and/or monitoring by Commerce as described in this section.

MONITORING

In addition to reviews of audits conducted in accordance with 2 C.F.R. 200 Subpart F (Audit Requirements) and section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by Commerce staff, limited scope audits as defined by 2 C.F.R. part 200, as revised, and/or other procedures. By entering into this Agreement, the Subrecipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by Commerce. In the event Commerce determines that a limited scope audit of the Subrecipient is appropriate, the Subrecipient agrees to comply with any additional instructions provided by Commerce staff to the Subrecipient regarding such audit. The Subrecipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the Subrecipient is a State or local government, or a non-profit organization as defined in
2 C.F.R. part 200, as revised.

1. In the event that the Subrecipient expends $1,000,000 or more in federal awards in its fiscal year, the Subrecipient must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR 200 Subpart F (Audit Requirements), as revised. In determining the federal awards expended in its fiscal year, the Subrecipient shall consider all sources of federal awards, including federal resources received from Commerce. The determination of amounts of federal awards expended should be in accordance with the guidelines established by 2 C.F.R. 200 Subpart F (Audit Requirements), as revised. An audit of the Subrecipient conducted by the Auditor General in accordance with the provisions of 2 C.F.R. 200 Subpart F (Audit Requirements), as revised, will meet the requirements of this part.

2. In connection with the audit requirements addressed in Part I, paragraph 1, the Subrecipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 C.F.R. 200 Subpart F (Audit Requirements), as revised.

3. If the Subrecipient expends less than $1,000,000 in federal awards in its fiscal year, an audit conducted in accordance with the provisions of 2 C.F.R. 200 Subpart F (Audit Requirements), as revised, is not required. In the event that the Subrecipient expends less than $1,000,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 C.F.R. 200 Subpart F (Audit Requirements), as revised, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from Subrecipient resources obtained from other than federal entities).

Docusign Envelope ID: 8D6FCD7E-EECB-81CD-826A-A4123FBDC78F

4. Although 2 C.F.R. 200 Subpart F (Audit Requirements) does not apply to commercial (for-profit) organizations, the pass-through entity has an obligation to ensure that for-profit Sub-subrecipients that expend $1,000,000 or more in federal awards must comply with federal awards guidelines (see 2 C.F.R. 200.501(h)). Additionally, for-profit entities may be subject to certain specific audit requirements of individual federal grantor agencies.

Additional Federal Single Audit Act resources can be found at:

https://harvester.census.gov/facweb/Resources.aspx

PART II: STATE FUNDED

This part is applicable if the Subrecipient is a non-state entity as defined by section 215.97(2), F.S.

1. In the event that the Subrecipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year of such Subrecipient, the Subrecipient must have a State single or project-specific audit for such fiscal year in accordance with section 215.97, F.S.; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. In determining the state financial assistance expended in its fiscal year, the Subrecipient shall consider all sources of state financial assistance, including state financial assistance received from Commerce, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for federal program matching requirements.

2. In connection with the audit requirements addressed in Part II, paragraph 1, the Subrecipient shall ensure that the audit complies with the requirements of section 215.97(8), F.S. This includes submission of a financial reporting package as defined by section 215.97(2), F.S., and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the Subrecipient expends less than $750,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of section 215.97, F.S., is not required. In the event that the Subrecipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of section 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Subrecipient's resources obtained from other than State entities).

Additional information regarding the Florida Single Audit Act can be found at:

https://apps.fldfs.com/fsaa/

PART III: OTHER AUDIT REQUIREMENTS

(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to section 215.97(8), F.S., State agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with section 215.97, F.S. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)

N/A

PART IV: REPORT SUBMISSION

1. Copies of reporting packages, to include any management letter issued by the auditor, for audits conducted in accordance with 2 C.F.R. 200 Subpart F (Audit Requirements), as revised, and required by PART I of this Exhibit Agreement shall be submitted by or on behalf of the Subrecipient directly to each of the following at the address indicated:

   A. Florida Department of Commerce
   Financial Monitoring and Accountability (FMA)
   The copy submitted to the FMA section should be sent via email to: FMA-RWB@commerce.fl.gov

   B. The Federal Audit Clearinghouse designated in 2 C.F.R. 200 Subpart F (Audit Requirements), as revised, electronically at: https://harvester.census.gov/facweb/

2. Copies of audit reports for audits conducted in accordance with 2 C.F.R. 200 Subpart F (Audit Requirements), as revised, and required by Part I (in correspondence accompanying the audit report, indicate the date that the Subrecipient received the audit report); copies of the reporting package described in Section .512(c), 2 C.F.R. 200 Subpart F (Audit Requirements), as revised, and any management letters issued by the auditor; copies of reports required by Part II of this Exhibit must be sent to Commerce at the addresses listed in paragraph three (3) below.

3. Copies of financial reporting packages required by PART II of this Agreement shall be submitted by or on behalf of the Subrecipient directly to each of the following:

   A. Commerce at the following address:

   Electronic copies: Audit@commerce.fl.gov

   B. The Auditor General's Office at the following address:

   Auditor General
   Local Government Audits/342
   Claude Pepper Building, Room 401
   111 West Madison Street
   Tallahassee, FL 32399-1450

   Email Address: flaudgen_localgovt@aud.state.fl.us

4. Any reports, management letter, or other information required to be submitted to Commerce pursuant to this Agreement shall be submitted timely in accordance with 2 C.F.R. part 200 subpart F, section 215.97 F.S., and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

5. Subrecipients and Sub-subrecipients, when submitting financial reporting packages to Commerce for audits done in accordance with Chapter 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to the Subrecipient/Sub-subrecipient in correspondence accompanying the reporting package.

Docusign Envelope ID: 8D6FCD7E-EECB-81CD-826A-A4123FBDC78F

PART V: RECORD RETENTION

The Subrecipient shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of six (6) years from the date the audit report is issued, or five (5) state fiscal years after all reporting requirements are satisfied and final payments have been received, or for a period of three (3) years from the date that Commerce closes out the CDBG program year(s) from which the funds were awarded by the U.S. Department of Housing and Urban Development, whichever period is longer, and shall allow Commerce, or its designee, the Chief Financial Officer (CFO), or Auditor General access to such records upon request. In addition, if any litigation, claim, negotiation, audit, or other action involving the records has been started prior to the expiration of the controlling period as identified above, the records shall be retained until completion of the action and resolution of all issues which arise from it, or until the end of the controlling period as identified above, whichever is longer. The Subrecipient shall ensure that audit working papers are made available to Commerce, or its designee, CFO, or Auditor General upon request for a period of six (6) years from the date the audit report is issued, unless extended in writing by Commerce.

Docusign Envelope ID: 8D6FCD7E-EECB-81CD-826A-A4123FBDC78F

Attachment J - Audit Compliance Certification

Email a copy of this form within 60 days of the end of each fiscal year in which this subgrant was open to audit@commerce.fl.gov.	
Subrecipient:	
FEIN:	Subrecipient's Fiscal Year:
Contact Name:	Contact's Phone:
Contact's Email:	

1. Did the Subrecipient expend state financial assistance, during its fiscal year, that it received under any agreement (e.g., contract, grant, memorandum of agreement, memorandum of understanding, economic incentive award agreement, etc.) between the Subrecipient and the Florida Department of Commerce (Commerce)? ☐ Yes ☐ No

   If the above answer is yes, answer the following before proceeding to item 2.

   Did the Subrecipient expend $750,000 or more of state financial assistance (from Commerce and all other sources of state financial assistance combined) during its fiscal year? ☐ Yes ☐ No

   If yes, the Subrecipient certifies that it will timely comply with all applicable State single or project-specific audit requirements of section 215.97, Florida Statutes, and the applicable rules of the Department of Financial Services and the Auditor General.

2. Did the Subrecipient expend federal awards during its fiscal year that it received under any agreement (e.g., contract, grant, memorandum of agreement, memorandum of understanding, economic incentive award agreement, etc.) between the Subrecipient and Commerce? ☐ Yes ☐ No

   If the above answer is yes, also answer the following before proceeding to execution of this certification:

   Did the Subrecipient expend $1,000,000 or more in federal awards (from Commerce and all other sources of federal awards combined) during its fiscal year? ☐ Yes ☐ No

   If yes, the Subrecipient certifies that it will timely comply with all applicable single or program-specific audit requirements of 2 C.F.R. part 200, subpart F, as revised.

By signing below, I certify, on behalf of the Subrecipient, that the above representations for items 1 and 2 are true and correct.

Executive Summary

Recommendation to accept the report for the sale of twenty-two (22) items and the disbursement of funds in the amount of $47,200 associated with the County surplus auction held May 7 through May 9, 2026.

OBJECTIVE: To present the results of the recent Collier County surplus auction to the Board of County Commissioners.

CONSIDERATIONS:

On April 14, 2026 (Agenda Item 16.E.4), the Board authorized staff to conduct an auction to dispose of County-owned property and generate revenue for the County. The auction was held May 7 through May 9, 2026, by our contracted vendor, Royal Auction Group, Inc.

Staff is recommending that revenue/proceeds associated with distinct legal entities such as the County Water-Sewer District, the Airport Authority, and Municipal Service Taxing Units (MSTUs) be credited to their appropriate fund accounts; and that pursuant to 49 U.S.C. 5334(h)(4), the net revenue from the sale of transit assets funded by the Federal Transit Administration be credited in accordance with the Office of Management and Budget grant procedures; and that all other revenue be credited to the General Fund and the Motor Pool Capital Replacement fund, as appropriate. In keeping with that directive, staff has allocated the revenue from the sales as follows:

Auction Summary:

Fund	Sum of Acquisition	Sum of Accumulated Depreciation	Sum of Net Book	Sum of Sale
1011	$33,709.26	$33,709.26	$0	$7,000
5023	$33,387.00	$33,387.00	$0	$6,200
4032	$763,359.75	$763,359.75	$0	$8,600
4035	$659,807.03	$659,807.03	$0	$16,900
0001	$11,200.00	$11,200.00	$0	$4,250
5021	$39,061.00	$34,721.80	$4,339.20	$3,800
1007	$2,997.98	$2,997.98	$0	$450
Grand Total	**$1,543,522.02**	**$1,539,182.82**	**$4,339.20**	**$47,200**

NOTE: The net book value is calculated based on the original cost and estimated life of the item. The enumerated value in this report does not reflect the actual "worth" of the item(s); other factors, such as condition, are not considered.

This item is consistent with the Collier County strategic plan objective to safeguard taxpayer money by promoting fiscal stewardship and sound budget oversight.

FISCAL IMPACT: Under this contract, the County is not charged with an auctioneer's commission. Instead, a buyer's premium was applied to the final bid. The May auction generated $47,200 in revenue to the County. The breakdown of revenues is shown in the previous table.

GROWTH MANAGEMENT IMPACT:

There is no growth management impact associated with this auction.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for approval. — JAK

RECOMMENDATION(S): To accept the report of sales and approve the disbursement of funds associated with the County surplus auction held May 7 through May 9, 2026.

PREPARED BY: Robert Edwards Jr., Program Manager, Procurement Services Division

All vehicles and equipment on this surplus auction list have been closely reviewed by the Fleet Management Division and determined to be at the end of their economic service lives with disposal being in the best interests of the County. Age, miles, hours, maintenance/repair history, current condition, and residual value all play parts in the decision-making process.

NOTE: The netbook value is calculated based on the orginal cost and estimated life of the item. The enumerated value on this report does not reflect the actual "worth" of the item(s); other factors, such as condition, are not considered.

Executive Summary

Recommendation to approve the administrative report prepared by the Procurement Services Division for the disposal of property that is no longer viable and remove capital assets from the County's capital assets records.

OBJECTIVE: To obtain Board approval for the disposal and removal of property that is no longer viable, remove capital assets from the County's capital asset records, and recognize revenue.

CONSIDERATIONS:

In accordance with the County's CMA 5809 Managing Personal Property and Consumable Supplies, and pursuant to Florida Statute Chapter 274 Tangible Personal Property Owned by Local Governments, the Procurement Services Division periodically produces an administrative report of County surplus property and disposal.

Division Directors / Property Custodians are responsible for the accountability of all assigned County property. Procurement Services maintains an accurate and accountable surplus property management program in accordance with Florida guidelines for accountability. Procurement Services is responsible for overseeing the re-distribution, sale, or disposal of surplus property, while the Divisions process disposal/destruction forms.

Throughout the fiscal year, Divisions determine if asset items are broken, damaged beyond repair, have no useful value, or are no longer viable. Those items are added to the asset disposal list for Board approval to be recycled or scrapped (disposed of). If items are no longer needed but still have value, they may be disposed of by trading them in or sending them to surplus.

This item is consistent with the Collier County strategic plan objective to safeguard taxpayer money by promoting fiscal stewardship and sound budget oversight.

FISCAL IMPACT:

There are two (2) Night Vision Goggles assets pending trade-in to the vendor with a total value of $4,000, which will be used as a credit on an invoice for Emergency Management Services for an equipment upgrade that will result in a net cost of $17,990.

GROWTH MANAGEMENT IMPACT:

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for approval. — JAK

RECOMMENDATION(S):

To approve the administrative report prepared by the Procurement Services Division for the disposal of property that is no longer viable and to remove assets from the County's capital assets records.

Justification for Replacing Aging Night Vision Goggles (NVGs) via ASU Trade-Up Program

Night vision goggles are an essential safety and operational tool for Collier County's MedFlight aviation program. They dramatically enhance situational awareness, hazard detection, and mission effectiveness during nighttime operations, enabling aircrews to safely perform critical public safety missions including emergency medical transports, search and rescue, disaster response, and support for partner law enforcement and emergency management agencies across Collier County and the surrounding region.

Our current NVG (night vision goggles) equipment, purchased 23 years ago, have far exceeded their manufacturer-recommended service life. After more than two decades of operational use, these legacy units are experiencing progressive degradation in optical performance, reduced clarity, diminished light amplification, and increased risk of component failure. Age-related wear, combined with evolving FAA safety standards, industry best practices, and the heightened demands of modern helicopter air ambulance services (HAA) operations, means these units no longer provide the level of reliability and safety required for high-risk night flights in the demanding Florida environment.

Additionally, NVGs are classified as controlled defense articles under U.S. federal regulations (ITAR). Strict export controls and end-user restrictions govern their resale or transfer. Simply placing the old units up for public auction is not a viable option, as the County cannot effectively control or verify the ultimate purchaser in accordance with these federal requirements. The ASU trade-up program provides a compliant, secure, and efficient method to retire the legacy systems while ensuring full regulatory adherence.

Continuing to operate with outdated NVGs introduces unnecessary risk to aircrews, patients, and the community we serve. Replacement is not optional—it is a critical safety imperative to maintain compliance with current standards, protect our highly trained pilots and medical crew, and ensure uninterrupted 24/7 operational readiness.

The proposed trade-up program from ASU offers an excellent, cost-effective path forward. This opportunity allows Collier County to retire the obsolete systems and acquire current-generation NVGs at a significantly reduced net cost through manufacturer credit for the legacy units. New NVGs will deliver:

- Superior image quality and performance
- Enhanced reliability and reduced maintenance burden
- Modern features aligned with today's FAA and industry safety requirements
- Improved crew confidence and operational effectiveness during night missions

This investment directly supports Collier County's commitment to providing the safest, most professional, and most capable aviation resources possible for our residents and visitors. Replacing these 23-year-old NVGs is a prudent, proactive step that prioritizes crew safety, mission success, and long-term fiscal responsibility through the advantageous ASU trade-up offer.

I strongly recommend approval of this replacement to ensure our MedFlight program continues to meet the highest standards of safety and operational excellence.

Night Vision Goggles

Recommended Action: Approve purchase of replacement NVGs under the ASU trade-up program.

Executive Summary

Recommendation that the Board, pursuant to Section 274.06, Florida Statutes, approve the sale and disposal of surplus assets via public auction from August 13 through August 15, 2026.

OBJECTIVE:

To sell County surplus property that is obsolete, uneconomical, or inefficient, and serves no useful purpose to County operating divisions and obtain revenue for the County.

CONSIDERATIONS:

The Procurement Services Division has scheduled a county surplus property auction for August 13 through August 15, 2026, and plans on holding multiple auctions throughout the fiscal year. The August FY26 Auction List attachment contains a list of Collier County surplus sale items that no longer have a useful business purpose and are scheduled for auction.

All vehicles and fleet-maintained equipment on this surplus auction list have been closely inspected by the Fleet Management Division and are determined to be at the end of their economic service lives, with disposal being in the best interests of the County. Age, miles, hours, maintenance/repair history, current condition, and residual value all play parts in the decision-making process.

In addition to the surplus items listed on the attachment for sale, staff is requesting approval to:

- Accommodate requests for donations received from other government entities or legitimate Florida Non-Profit 501 (C) (3) organizations prior to the auction.
- Add additional surplus items received after the approval of this agenda item for sale at the August 13 through August 15, 2026, public auction and subsequently be reported to the Board.

The County is currently under contract with a full-service auctioneer, Royal Auction Inc., to provide services to include preparation for the event, sale and disposal of all Collier County-owned property, and the transfer and disposition of all property titles. Under this contract, there is no auctioneer's commission and a buyer's premium is implemented. This sale will be conducted pursuant to Section 274.06, Florida Statutes. Notice for this auction will be published not less than one week prior to sale.

This item is consistent with the Collier County strategic plan objective to safeguard taxpayer money by promoting fiscal stewardship and sound budget oversight.

FISCAL IMPACT:

Net revenue from items other than vehicles will be deposited according to the General or Enterprise fund that originally purchased the equipment, and future agenda items will be brought to the Board to be recognized and to approve the revenue. Net revenue from the sale of vehicles will be deposited into the appropriate Motor Pool Capital Replacement fund. Proceeds from any grant-funded assets will be recorded in accordance with the Office of Management and Budget Grant Compliance guidelines.

GROWTH MANAGEMENT IMPACT:

There is no Growth Management Impact associated with this action.

LEGAL CONSIDERATIONS: This item has been reviewed by the County Attorney, is approved as to form and legality and requires a majority vote for approval. - JAK

RECOMMENDATION(S): That the Board, pursuant to Section 274.06, Florida Statutes, approves the sale and disposal of surplus assets via public auction from August 13 through August 15, 2026.

Age, miles, hours, maintenance/repair history, current condition, and residual value all play parts in the decision-making process.

Executive Summary

Recommendation to approve modifications to the 2026 Fiscal Year Pay & Classification Plan, which consists of one new classification and the removal of two obsolete classifications from April 1, 2026, through June 30, 2026.

OBJECTIVE: To maintain a current and flexible pay plan that best meets the needs of the County.

CONSIDERATIONS: Pursuant to Ordinance No. 13-40, the Board of County Commissioners has authorized the County Manager to make additions, modifications and deletions to the annual Fiscal Year Pay and Classification Plan, subject to retroactive ratification by the Board. This occurs three times during the fiscal year.

The modifications to the County's 2026 Fiscal Year Pay & Classification Plan for the third quarter consist of one new classification and the removal of two obsolete classifications.

Additions, Deletions and Modifications to the 2026 Fiscal Year Pay and Classification Plans April 1, 2026 through June 30, 2026

		Pay Range		
Classification	Pay Grade	Minimum	Maximum	Comments
Assistant Division Director - Domestic Animal Services	CCG265	$91,429	$148,115	New title on the pay plan related to County's business
Division Director - Risk Management	CCG269	$111,133	$180,035	Obsolete from pay plan
Division Director - Strategic Initiatives	CCG271	$122,524	$202,165	Obsolete from pay plan

This item is consistent with the Collier County strategic plan objective to recruit, develop, assess, and retain a high-quality workforce.

FISCAL IMPACT: The actions that have a fiscal impact to the County in salary adjustments have been accounted for in each division's fiscal year 2026 budget.

GROWTH MANAGEMENT IMPACT: There is no growth management impact associated with this Executive Summary.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for approval. – CMG

RECOMMENDATION(S): To approve the one new classification and the removal of two obsolete classifications from the 2026 Fiscal Year Pay & Classification Plan.

Executive Summary

Recommendation to authorize purchases from OCLC, Inc., as an exemption from the competitive process for the acquisition of subscription services, for CloudLibrary™ in an amount not to exceed $350,000 per Fiscal Year, as budgeted in FY 2027, for Exemption No. 26-368-EM.

OBJECTIVE: To obtain Board approval to subscribe to OCLC, Inc.'s CloudLibrary™ digital platform for patron use, providing seamless access to a large and ever-growing collection of digital content available remotely to patrons 24/7; this supports access of Library content remotely without barriers.

CONSIDERATIONS: OCLC's CloudLibrary™ is a digital platform service that provides curated digital content to library patrons. CloudLibrary™ offers the propriety CloudLink feature, which allows library patrons to share over $15M in digital content in the form of eBooks and eAudiobooks across a consortium consisting of 43 Florida Library system members, thus saving money and expanding collections. From FY25, Collier County Library patrons borrowed 112,000+ books from other Florida library systems. The Florida consortium, the largest CloudLink group in the world, allows our patrons to gain access to over 410,000+ copies at no additional cost. CloudLibrary™ also offers over 5,500+ digital magazine titles and newspapers consisting of 300,000 issues in 50+ languages through its NewsStand subscription service, with unlimited use for a single price.

The Collier County Library added the CloudLibrary™ platform in 2016, and the Board last approved an authorization of expenditures up to $350,000 on August 26,2025 (Agenda Item 16. D.2).

CloudLibrary™'s ease of service, popularity, and pricing allows the Collier County Library to offer an array of titles through CloudLink and NewsStand effortlessly to its users. The Collier County Library continues to see continuous growth and demand for this service, making it an essential asset in the current collection. On average, over 2500+ new users join CloudLibrary™ annually.

Procurement Ordinance No. 2025-34, provides at Section 12, Subsection 2, Exemptions to the Competitive Process, subsection (d), that subscriptions for periodicals, newspapers, books, electronic information, media, maps, pamphlets and similar material in printed or electronic form may be eligible for exemption from the competitive process based upon the determination by the Procurement Services Director or designee that approval of such an exemption is in the best interest of the County. The Ordinance further requires that purchases exceeding $250,000 in annual expenditures be approved by the Board. The required exemption Form No. 26-368-EM approved by the Procurement Services Division is attached, along with staff's business case in support of approving the exemption.

This item is consistent with the Quality of Place objective of Collier County's Strategic Plan through the preservation and enhancement of the character of our community. Additionally, this item is consistent with the objective of providing quality public amenities.

FISCAL IMPACT: The cost for FY 2027 will not exceed $350,000, which is included in the proposed budget in Library Capital (3001), and Library Trust Fund (1140) and is contingent upon Board approval of the FY 2027 Budget. Countywide historic spend highest in 2026 is currently at $305,000 trending up to $350,000.

GROWTH MANAGEMENT IMPACT: There is no Growth Management impact associated with this Executive Summary.

LEGAL CONSIDERATIONS: This item is approved as to form and legality and requires majority vote for Board approval. —SRT

RECOMMENDATION(S): To authorize purchases from OCLC, Inc., as an exemption from the competitive process for the acquisition of subscription services, for CloudLibrary™, as budgeted, in FY 2027, for Exemption 26-368-EM.

Procurement Services

Exemption Request Form

Instructions

The following procurement categories may be eligible for exemption from the competitive process per Procurement Ordinance, Section Twelve, Subsection 2, Exemptions to the Competitive Process; based upon the determination of the Procurement Services Division Director or designee that approval of such an exemption is in the best interest of the County. Purchases greater than $250,000 will require final approval by the Board of County Commissioners. Complete all sections of this form *prior* to submitting it to Procurement. Any quotes and/or documentation submitted must be dated within the last thirty (30) days. If applicable, submit with the form associated terms and conditions or agreements.

Disclaimer: Exemptions are not active until the Procurement Director or designee approves the request or the requested start date, ***whichever is later***. Additionally, if a contract agreement is in place, the start and end dates will follow the agreement. Exemptions that require review by the Board of County Commissioners are not valid until Board approval is received. No purchase order requests will be processed until formal approval has been received.

Submit Exemption requests to Procurement Services via the Jira Ticketing System.

COLLIER COUNTY GOVERNMENT
LIBRARY DIVISION

BUSINESS CASE FOR:

Recommendation to authorize expenditures for a subscription to CloudLibrary™ and CloudLibrary NewsStand from OCLC, Inc. as budgeted in FY 2027.

1. Why vendor was chosen

   CloudLibrary™ was added to Collier County Public Library's digital collection in 2016 since access to the platform allowed for ePub downloads compatible with e-book readers such as the Nook and Amazon Fire; additionally, CloudLibrary's™ CloudLink feature provides patrons access to over $15M in content across a consortium of participating library totaling 43 Florida library systems.

2. Benefits of the action

   Benefits provided by CloudLibrary™ ensure a continuation of service that provides patrons instant access to eBooks, eAudiobooks, and through NewsStand, eMagazines, wherever they may be. Continuous growth and demand of digital content by patrons renders CloudLibrary™ a critical asset in the current collection; on average, over 2,500+ new users join CloudLibrary™ annually, and year-over-year, total circulations are up 43%. Additionally, in FY25, our patrons borrowed 112,000+ books from other Florida library systems via the consortium CloudLink, at no additional cost to the County.

3. Risk of not taking the action

   Library will not be able to continue to utilize the digital content it has already purchased, nor will its patrons have access to the CloudLink's consortium of 410,000+ eBooks they could check out – items paid for by other library systems, but available free to CCPL cardholders. Additionally, patrons would lose access to over 5,500+ digital magazines and newspapers in 50+ languages through the NewsStand feature.

4. Why is this action the best value solution

   Continuation of a subscription to CloudLibrary™ and its proprietary CloudLink consortium allows patrons to effortlessly access a large and diverse content of digital material that today's public library systems, in keeping with demand and technology, traditionally offer its patrons. Fiscally, the CloudLink consortium provides over $15M of eBooks and eAudiobooks to patrons at no additional cost, which strategically optimizes the library's budgetary allocation for digital content. Access to the NewsStand magazine feature offers patrons unlimited use for a single price, with access to over 300,000+ e-magazine issues.

5. Other options to the action

While the library could just offer eBooks through a subscription to Overdrive's Libby platform, this company does not provide access to other library's digital holdings through a consortium, as CloudLink does. Discontinuation of CloudLibrary™ would translate into the loss of the library's eBook/eAudiobooks purchases dating back to 2016, as well as the potential to check out the 410,000+ titles purchased by other library systems. Additionally, patrons would lose the ability to check out eMagazines, which have become increasingly popular as the physical magazine collection has shrunk significantly over time due to lack of demand. The loss of NewsStand would mean that patrons would have to rely on the physical copies found in their local branch, which typically hold less than 20 different titles.

6. Staff assessment and recommendation of fair and reasonable

Library subscriptions and electronic content are exempt from the competitive process due to the limited availability of competitive sources. The Library recommends an authorization of expenditures for a subscription to CloudLibrary™ and NewsStand from OCLC, Inc. to meet patron needs.

Collier County

Risk Management

INSURANCE REQUIREMENTS GUIDELINES

The Risk Management Division is responsible for establishing the insurance requirements for County purchases. To facilitate the purchase order requisition request process Risk Management Division is providing a blanket waiver of insurance requirements for the type of purchases outlined below.

If you have any questions related to insurance requirements, please contact the Risk Management Division.

Section 1. Exemptions to Insurance Requirements

A blanket waiver of insurance requirements applies to the following types of purchases:

1. **Online Purchases:**
    - Items or parts purchased online and delivered via a shipping company.
2. **Online Subscriptions and Third-Party Data Access Purchases:**
    - Subscriptions services granting access to third-party data.
3. **Dues and Memberships:**
    - Membership fees for professional organizations or similar groups.
4. **In-Store Purchases:**
    - Items, parts, or goods purchased and picked up by County employees at local stores.
5. **Educational Training Instructors:**
    - Online or onsite instructors conducting training sessions.
    - *Note, if the instruction or training require field training, then Risk should review to determine if insurance is required or not.*

6. **Performers, Music Instructors and Entertainment Services:**
    - Musicians, performers, DJs, and face painters.
    - Piano or other musical instrument instructors.
7. **Tenant Lease Agreements:**
    - When the County is a tenant to a lease.
8. **Donations or Contributions via Purchase Orders (PO):**
    - When the County issues a PO for a donation or contribution, this is treated as paying a bill rather than procuring a service or making a purchase.

Section 2. Insurance Handling for Specific Agreements

1. **Piggyback/Cooperatives Agreements in SAP:**
    - All Certificates of Insurance (COIs) in SAP have been vetted and approved.
    - Note, if there is no COI in the SAP contract file check the Purchase Requestions. If the COI is not attached to the requisitions the Division must request it from the vendor and send it to Risk for review and approval along with a copy of the insurance requirement of the PB agreement. Once the COI is validated by Risk forward it to Procurement through the Jira Ticketing System for uploading in the SAP contract file.
    - COIs are valid until the policy's expiration date listed on the COIs.
2. **Quoting Services (SQ, 3Q, QQ) for Vendors Under Contract:**
    - If a staff member obtains a quote from a vendor under contract in SAP and the services are not part of the original bid, the COI attached to the contract can be used as long as coverage has not expired.
    - Annotate in the PREQ's item note text: "Vendor is under an SAP agreement" for approval processing.

Section 3. COI Monitoring and Management

1. **Procurement Services Responsibility:**
    - The Procurement Services Division is responsible for obtaining and monitoring COIs associated with written contracts uploaded into SAP with the exception of Piggybacks/Cooperatives. The requesting Division shall provide Procurement Services Divisions through the Jira Ticketing System an approved COI for SAP upload.
2. **Monitoring Software or Established Contracts in SAP:**
    - OpenGov software is used to track COI expiration dates with the exception of piggyback agreements.
    - Vendors receive automated notifications from OpenGov when their COIs are nearing expiration.
3. **COI Updates:**
    - If you receive an updated COI from a vendor or insurance company, forward it to the Procurement Services Division through Jira Ticketing System for proper processing.

Executive Summary

Recommendation to adopt a Resolution approving amendments (appropriating grants, donations, contributions, insurance proceeds, and reserves) to the Fiscal Year 2025-26 Adopted Budget.

OBJECTIVE: That the Board of County Commissioners adopts the attached resolution and the related amendments that amend the Fiscal Year 2025-26 adopted budget in accordance with Section 129.06, Florida Statutes and Board of County Commissioners Resolution 2025-188.

CONSIDERATIONS: Section 129.06, Florida Statutes, defines how an annual budget, as adopted by the Board, can be amended. Specifically, Section 129.06(2)(d&e) requires budget amendments recognizing grants, donations, contributions, insurance proceeds, or receipts from enterprise or proprietary funds that increase the total appropriations of a fund over the adopted annual budget to be approved by resolution of the Board of County Commissioners.

In addition, Section 129.06(2)(b) allows for appropriations from the reserve for contingencies to increase the appropriation for any particular expense in the same fund, or to create an appropriation in the fund for any lawful purpose, but expenditures may not be charged directly to the reserve for contingencies. Additionally, Section 129.06(2)(c) allows for appropriations from the reserve for future construction and improvements to be approved by resolution of the Board of County Commissioners.

On September 23rd, 2025, the Board of County Commissioners adopted Resolution No. 2025-188 adopting the Budget Amendment Policy and Procedures, outlined in "Exhibit A" of the Resolution, pursuant to Section 129.06, Florida Statutes. The procedure outlined in "Exhibit A" for the appropriations of grants, donations, contributions, insurance proceeds, and reserves is Board approval via resolution.

This item is consistent with the Collier County strategic plan objective to safeguard taxpayer money by promoting fiscal stewardship and sound budget oversight.

FISCAL IMPACT: The attached Resolution provides an itemized list of each budget amendment, including the fund, budget amendment number, date of the previous BCC action (if applicable), categorized fiscal impact, and an explanation of the amendment.

GROWTH MANAGEMENT IMPACT: There is no Growth Management Impact associated with this Executive Summary.

LEGAL CONSIDERATIONS: This item was reviewed by the County Attorney, is approved as to form and legality, and requires majority support for approval. – JAK

RECOMMENDATION(S): That the Board adopt the attached Resolution amending the Fiscal Year 2025-26 Adopted Budget.

RESOLUTION NO. 26-

A RESOLUTION PURSUANT TO SECTION 129.06(2), FLORIDA STATUTES, TO AMEND THE BUDGET FOR THE 2025-26 FISCAL YEAR.

WHEREAS, Section 129.06(2), Florida Statutes, provides that the Board of County Commissioners (hereinafter also referred to as "Board") at any time within a fiscal year may amend a budget for that year, and provides the procedures therefore; and

WHEREAS, Section 129.06(2)(b) appropriations from the reserve for contingencies may be made to increase the appropriation for any particular expense in the same fund, or to create an appropriation in the fund for any lawful purpose, but expenditures may not be charged directly to the reserve for contingencies; and

WHEREAS, Section 129.06(2)(c) permits appropriation from the reserve for future construction and improvements by resolution of the Board; and

WHEREAS, Section 129.06(2)(d) permits budget amendments from receipt of funds from a source not anticipated in the budget and received for a particular purpose, including but not limited to: grants, donations, gifts, or reimbursement for damages; and

WHEREAS, Section 129.06(2)(e) (increased receipts for enterprise or proprietary funds received for a particular purpose may be appropriated and expended for that purpose.

WHEREAS, the Board has determined that it is appropriate to amend the Budget for Fiscal Year 2025-26 by resolution pursuant to Section 129.06, Florida Statutes.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF COLLIER COUNTY, FLORIDA, that the budget amendments to the FY 2025-26 Budget described below are approved and hereby adopted and the FY 2025-26 Budget is so amended.

	BUDGET AMENDMENT NUMBER	INCREASE (DECREASE) RECEIPT	INCREASE (DECREASE) TRANSFER	INCREASE (DECREASE) EXPENDITURE	INCREASE (DECREASE) RESERVES	EXPLANATION FOR APPROPRIATION

Executive Summary

Recommendation to consent to leasehold mortgage financing for The Gate Golf Club project at the Golden Gate Golf Course, as permitted under the Long-Term Lease and Operating Agreement dated April 23, 2024, between the County and The Gate Golf Club, Inc., and authorize the County Manager or designee to execute any documents necessary to effectuate consent to such financing.

OBJECTIVE: To consent to leasehold mortgage financing for The Gate Golf Club project at the Golden Gate Golf Course, as permitted under the Lease Agreement.

CONSIDERATIONS: On April 23, 2024, the Board entered into a Long-Term Lease and Operating Agreement ("Master Lease") with The Gate for the construction, maintenance, and operation of a Golf Complex at the former Golden Gate Golf Course. The Golf Complex will contain a 9-hole golf course, driving range with the latest technology, practice area, pro shop, cart barn, and maintenance building. The Golf Complex also includes a building with 150+ full-service dining seats, food and beverage areas, private event space, and a patio.

The Master Lease authorizes The Gate to obtain leasehold mortgage financing secured by its leasehold interest and improvements, provided such financing does not encumber the County's fee simple interest in the property. The Master Lease also requires the County to consent to such financing.

The proposed financing consists of a $10,000,000 loan to The Gate Golf Club, Inc. from RES Master Holdings, LLC, an entity within the Schmieding family office. The loan will be secured by The Gate's leasehold interest, improvements, and related project collateral permitted under the Lease. The financing does not encumber the County's fee simple interest, and the lender may acquire no greater interest than The Gate holds under the Lease.

The mortgage shall automatically terminate and be of no further force or effect concurrently with the termination of the Lease. The proposed leasehold mortgage financing and associated documents have been reviewed by the County Attorney's Office and are consistent with the Master Lease. Staff therefore recommends that the Board consent to such leasehold mortgage financing.

This item advances the Strategic Focus areas of Quality of Place and Infrastructure and Asset Management.

FISCAL IMPACT: This action has no new fiscal impact.

GROWTH MANAGEMENT IMPACT: This action has no immediate impact on the Growth Management Plan.

LEGAL CONSIDERATIONS: The Lease Agreement expressly authorizes the Tenant to obtain leasehold financing subject to the terms of the Lease. The proposed financing is limited to the Tenant's leasehold interest and improvements and does not encumber or otherwise affect the County's fee simple interest in the property. Accordingly, this item is approved as to form and legality and requires a majority vote for Board approval. – SAA

RECOMMENDATION(S): To authorize leasehold mortgage financing for The Gate Golf Club project at the Golden Gate Golf Course, as permitted under the Long-Term Lease and Operating Agreement dated April 23, 2024, between the County and The Gate Golf Club, Inc., and authorize the County Manager or designee to execute any documents necessary to effectuate consent to such financing.

COLLIER COUNTY STANDARD FORM
LONG-TERM LEASE AND OPERATING AGREEMENT

THE GATE GOLF COMPLEX

This Long-Term Lease and Operating Agreement (hereinafter referred to as the "Lease or Agreement") is entered into this 23rd April , 2024 ("Effective Date"), by and between The Gate Golf Club, Inc., a Delaware not-for-profit corporation registered to do business in the State of Florida, whose mailing address is 1130 Creekside Parkway, #112666 Naples, FL 34108, hereinafter referred to as "Lessee or The Gate," Collier County, a political subdivision of the State of Florida, whose mailing address is 3299 Tamiami Trail East, Naples, Florida 34112, hereinafter referred to as "Lessor or County," collectively stated as the "Parties."

RECITALS:

WHEREAS, on July 31, 2019, the County purchased the former Golden Gate Golf Course with the intent of using the property for a variety of public purposes, including but not limited to a potential State Veterans' Nursing Home, workforce housing, and a public golf complex; and

WHEREAS, on December 12, 2023, the County directed its staff to re-issue a publicly advertised Invitation to Negotiate seeking proposals from qualified firms interested in developing a portion of the former Golden Gate Golf Course to be used as a Golf Complex (the "Golf Complex"), consisting of a nine-hole golf course, along with a state-of-the-art driving range and dining venue; and

WHEREAS, County staff publicly advertised Invitation to Negotiate No. 24-8223 on December 18, 2023, to a broad audience of firms and received a single response to the solicitation from The Gate, who submitted a proposal consistent with the County's desired development plans, subject to further negotiation; and

WHEREAS, at the County's regular meeting on February 13, 2024, it directed its staff to begin negotiations with The Gate to prepare a proposed agreement addressing the development of the Golf Complex for the County's further consideration; and

WHEREAS, County is the owner of that certain real property located in Collier County, Florida known as the Golden Gate Golf Course, as more particularly shown in Exhibit "A" (the "Land"); and

WHEREAS, as part of its proposal to Invitation to Negotiate No. 24-8223, the Lessee agrees to construct the Golf Complex on the Land leased by the County pursuant to the terms of this Lease and Operating Agreement; and

WHEREAS, the County, through its governing Board of County Commissioners, has expressly determined that committing public funds toward this project will help create a public golf course and golf course complex which will benefit of the residents of and visitors to Collier County, as well as promote the achievement of wide-ranging economic development goals, including the attraction and expansion of private business enterprises in the community.

CAO

WITNESSETH:

NOW, THEREFORE, in consideration of Ten Dollars ($10.00) and other good and valuable consideration exchanged amongst the Parties, and in consideration of the covenants contained herein, the Parties hereby enter into this Agreement on the following terms and conditions:

1. Conveyance. On the terms and conditions set forth in this Agreement, and in consideration of Lessee's performance under this Agreement, the Lessor conveys to the Lessee the present possessory interest in the Leased Premises described below.

2. Description of Premises. The Premises which is the subject of this Lease is to be improved with buildings, accessory structures and parking, and a 9-hole golf course as shown on Exhibit A attached hereto and made a part hereof (hereinafter referred to as the "Premises" or the "Golf Complex").

3. Conditions to Conveyance. This conveyance is subject to all of the following:

a. Any and all conditions, restrictions, encumbrances, and limitations now recorded against the Premises;
b. Any and all existing or future zoning laws or ordinances;
c. Any questions of title and survey that may arise in the future; and
d. Lessee's satisfactory performance of all terms and conditions of this Lease.

4. Construction and Operation of Golf Complex. The purpose of this Agreement is for The Gate to build and operate the Golf Complex, which the County has found to be in the public's interest. The Gate shall be solely responsible for the design, permitting, and construction of the Golf Complex. This includes any environmental testing, stormwater management, and related mitigation or remediation that may be necessary. If it is reasonably determined by Lessee that the environmental remediation estimate will exceed $250,000 (the "Remediation Cap"), Lessee may elect to terminate this Agreement, or the County has the option to either pay the difference between the remediation estimate and the Remediation Cap or terminate this Agreement at no cost or penalty.

Final design plans and a cost estimate shall be presented to the County and are subject to the County's approval. The County shall be responsible for payment of Six Million Dollars ($6,000,000), which shall be payable upon issuance of the last final site acceptance for the Golf Complex. The terms, conditions, and requirements of Lessee's operation of the Golf Complex are set forth in the attached Exhibit C.

5. Permissible Alterations and Additions to Premises. Lessee shall submit to Lessor plans and specifications for Lessor's approval prior to making any material alteration to any improvements located on the Premises.

6. Term of Lease. The initial term of this Lease shall commence on the Effective Date, and unless terminated earlier by the Parties in accordance with the terms hereof, shall terminate on

CAO

the 40th year anniversary from the Effective Date ("Initial Term"). Provided Lessee is not in an uncured Event of Default by Lessee under the Lease, the Lessee shall have the option to extend the Lease for up to a total of four (4) successive renewal terms of five (5) years each ("Renewal Term"). To exercise this right, Lessee must provide Notice to the Lessor, subject to paragraph 15, no later than 12 months prior to the scheduled expiration of the Initial Term or any Renewal Term, as applicable. Each Renewal Term shall commence on the day succeeding the expiration of the Initial Term or the preceding Renewal Term, as the case may be. All of the terms, covenants, and provisions of this Lease shall apply to each such Renewal Term. The Initial Term, together with any Renewal Term, shall be collectively referred to herein as, the "Term."

7. Rent. The Lessee will pay Lessor rent as provided for in Exhibit D.

8. Net Lease and Indemnifications. This is a fully net lease, with Lessee responsible for all rent, costs, fees, and charges concerning the Premises. Accordingly, Lessee shall promptly pay when due and prior to any delinquency, as applicable, all rent, costs, fees, taxes, trash removal services, assessments, utility charges, and obligations of any kind that relate to the Premises. Lessee will indemnify and hold Lessor harmless from any and all claims, costs and obligations arising from Lessee's and/or its third-party operator's use of the Premises, provided that the foregoing will not entitle the Lessor to indemnification for the willful negligence or intentional misconduct of the Lessor. In case any action or proceeding is brought by Lessee or Lessor to enforce the other's obligations under this Lease, the non-prevailing party shall pay all costs, attorneys' fees, expenses, and liabilities resulting therefrom. With respect to the Lessor, any asserted claim for indemnification arising under this Lease shall not constitute a waiver of sovereign immunity beyond the limits set forth in Florida Statutes, Section 768.28, nor shall the same be construed to constitute agreement by Lessor to indemnify the other party for such other party's negligent willful or intentional acts or omissions.

9. Lessee's Liens and Mortgages. Lessee shall have the right, to grant a leasehold mortgage covering and encumbering all of Lessee's right, title and interest in and to the Premises and this Lease ("Leasehold Mortgage"), in favor of any Qualified Lender (hereinafter defined) as security for any loan entered into by Lessee for the purpose of financing or refinancing Lessee's obligations to design, develop, construct, repair and maintain the Premises, and any modification, extension, replacement or refinance of any such loan ("Permitted Financing"). As a material inducement by the Lessor to the Lessee to enter into this Lease, and in recognition of the substantial enhancement to the Premises as a result of the construction and operation of the Golf Complex, Lessor agrees, upon the request of Lessee in connection with a Permitted Financing, to execute and deliver a mutually agreed upon Consent to Encumbrance in advance of any Permitted Financing. **For the avoidance of doubt, Lessee acknowledges and agrees that in no event shall the Permitted Financing permit any recourse against Lessor or the fee simple interest.** A "Qualified Lender" shall mean any state or federally chartered savings bank, savings and loan association, credit union, commercial bank or trust company; insurance company organized and existing under the laws of the United States or any state thereof; institutional investor such as, without limitation, a publicly held real estate investment trust, an entity that qualifies as a "REMIC" under the Internal Revenue Code of 1986, as amended, or other public or private investment entity which at the date hereof or in the future, is in the business of investing in the real estate assets or making real estate loans, a mutual fund, hedge fund or investment trust; a brokerage or investment banking organization; an employees' welfare, benefits, pension or retirement fund; an institutional leasing company; any governmental agency or entity insured by a

CAO

governmental agency or any combination of the foregoing. Except as permitted herein or with the prior written approval by the Board of County Commissioners, Lessee shall not in any way encumber the Premises, and shall promptly remove any and all liens placed against the Premises. All persons to whom these presents may come are put upon notice of the fact that the interest of the Lessor in the Premises shall not be subject to liens for improvements made by the Lessee and liens for improvements made by the Lessee are specifically prohibited from attaching to or becoming a lien on the interest of the Lessor in the Premises or any part of either. This notice is given pursuant to the provisions of and in compliance with Section 713.10, Florida Statutes.

10. Lessee's Obligation to Maintain Premises and Comply with All Applicable Law; Maintenance and Repair. Lessee, throughout the term of this Lease, at its own cost, and without any expense to the Lessor, shall keep and maintain the entire Golf Complex in good, sanitary, and neat order, condition, and repair, and shall abide with all applicable law. Such maintenance and repair shall include, but not be limited to, painting, janitorial, fixtures and appurtenances (lighting, heating, plumbing, and air conditioning). If in the opinion of the Lessor the Premises are not in such compliance, the Lessee will be so advised in writing. If corrective action is not begun within thirty (30) days of the receipt of such notice and prosecuted diligently until corrective action is completed, the County may cause the same to be corrected and the Lessee shall promptly reimburse the County for the expenses incurred, together with a 5% administrative fee.

Lessee agrees that (i) prior to the twentieth (20th) anniversary date of this Lease, and as a part of each renewal notice, Lessee shall deliver to the County a detailed written inspection report prepared by a commercial building inspector licensed by the State of Florida Department of Business and Professional Regulation's Building Code and Inspection Board (the "Inspection Report") of all of the improvements on the Premises (of both the exterior and interior thereof), certified to the Authority, including, but not limited to, the following: (1) air conditioning ("HVAC") systems (if applicable); (2) electrical systems; (3) elevators (if applicable); (5) exterior lighting systems; (6) signage; (7) fire sprinkler systems (if applicable); (8) security fences; (9) landscape/sprinkler systems; (10) moisture penetration; (11) mold/mildew incursion; (12) paving/parking; (13) plumbing systems (if applicable); (14) roofing systems; (15) site drainage; (16) smoke detectors; (17) structural components; (18) termite infestation; (19) windows and hardware; (20) appearance and cosmetic items; and (21) repair and maintenance recommendations. Lessee covenants and agrees to complete, at Lessee's sole cost, all necessary repairs and maintenance identified in the Inspection Report within the period recommended in the Inspection Report; provided, however, Lessee may submit to Lessor, within ten (10) business days of receipt of any such Inspection Report, a timeline of repairs and maintenance Lessee intends to follow to prioritize the urgency of repairs and manage cash flow. If Lessee does not submit its timeline within such period, Lessee will be deemed to have accepted the period recommended in the Inspection Report. Lessor will approve or disapprove Lessee's timeline in writing within ten (10) business days of receipt; if Lessor does not approve or disapprove of such timeline within such period, Lessor shall be deemed to have approved of Lessee's timeline. Lessor will not unreasonably withhold its approval of such timeline.

11. Quiet Enjoyment. Lessee shall be entitled to quiet enjoyment so long as there is not an uncured Event of Default by Lessee under the terms of this Lease. Accordingly, Lessee shall have the exclusive right to use the Premises during the term of this Lease. During the term of this Lease, Lessee may erect appropriate signage on the Premises and the improvements constructed by Lessor thereon. Any such signage shall comply with all applicable County codes, laws, and ordinances.

CAO

12. Casualty and Condemnation

In the event that the Premises or the improvements located thereon shall be destroyed in whole or in part by fire, hurricane, flood, or other casualty, then the following will apply:

1. If the Premises are partially destroyed and the damage does not exceed fifty percent (50%) of the value of the structure and improvements, the Premises shall be rebuilt utilizing insurance proceeds, and the lease rental payment provided herein shall abate during the period of reconstruction but in no event in excess of six (6) months from the date of the partial destruction, with Lessee shall be responsible for any deductibles; and

2. If the damage to the Premises exceeds fifty percent (50%), the Lessee shall have the option to rebuild an equivalent structure using the insurance proceeds to pay for the reconstruction cost. If the Lessee elects to rebuild, it is obligated to commence construction within six (6) months from the date of the destruction and to complete construction within twelve (12) months after the date of destruction, with Lessee responsible for any deductibles. The lease rental shall abate during the period of reconstruction but in no event shall abate in excess of twelve (12) months from the date of commencement of reconstruction, or Lessee will have the option to terminate this Lease, in which case the County will retain the insurance proceeds as liquidated damages.

13. Access to Premises. Lessor, its duly authorized agents, contractors, representatives, and employees, shall have the right after reasonable oral notice to Lessee, to enter into and upon the Premises during normal business hours, or such other times with the consent of Lessee, to inspect the Premises, verify compliance with the terms of this Lease, or make any required repairs not being timely completed by Lessee.

14. Termination and Surrender.

In the event The Gate shall cease to use the Premises as a Golf Complex, and such cessation of use shall continue for a period of sixty (60) consecutive days, this Agreement, at the option of the Lessor, upon thirty (30) days written notice to the Lessee, shall be terminated and Lessee shall surrender and vacate the Premises to the Lessor within thirty (30) days after notice of such termination. Provided, however, said sixty (60) day period shall be tolled if such cessation is caused by events beyond the control of the Lessee such as acts of God; if such cessation is due to government imposed or recommended guidelines or restrictions; if such cessation is due to closing for reconstruction or repairs to the improvements constructed by Lessor or Lessee on the Premises or for other reasons addressed herein.

Unless otherwise mutually agreed by the Parties, within thirty (30) days after termination of the Term, Lessee shall redeliver possession of the Premises to Lessor in good condition and repair, reasonable wear and tear excepted. Lessee shall have the right at any time during Lessee's occupancy of the Premises to remove any of its personal property, equipment, trade fixtures and signs provided, however, at the termination of this Lease, such improvements and fixtures (excluding personal property and trade fixtures) will become the property of the Lessor upon Lessee's vacation of the Premises. Electrical and plumbing facilities, air conditioners and other permanently installed fixtures shall not be considered personal property. Lessee agrees to repair any damage occasioned by the

CAO

removal of its personal property or damage caused by Lessee's occupancy. If Lessee fails to remove its personal property or to repair any damage done to the Premises by the expiration or termination date, the County reserves the right to remove and dispose of all such personal property abandoned, and to make any necessary repairs to restore the Premises, at Lessee's expense.

Lessee acknowledges that at the expiration, cancellation, or other earlier termination of this Lease, all buildings and improvements on the Premises become the property of the County, free and clear of all liability and encumbrances except as otherwise provided for herein, and any further occupancy by the Lessee will be based on that ownership principle. Lessee further acknowledges that the County may choose to use the Premises for its own purposes and elect not to re-lease the Premises to any other party.

15. Cancellation. Following County's receipt of Lessee's notice of renewal of any of the 4 five-year renewal terms, the County may in its sole discretion decline the renewal, and instead cancel and terminate this Lease effective as of the date of the existing Term, by giving Lessee not less than six (6) months' written notice. In the event of such a termination, the Lessee's exclusive remedy shall be compensation for the greater of (i) the fair market value of the improvements to the Premises, valued as of the date of turnover of the Golf Complex to the County (less the actual out of pocket costs incurred by the County for construction of the Golf Course not to exceed $6,000,000), or (ii) the fair market value of the business operated on the Premises (less the actual out of pocket costs incurred by the County for construction of the Golf Course not to exceed $6,000,000), in each case as determined by an independent appraiser agreed to by the Parties, which agreement may not be unreasonably withheld by either Party. Lessee hereby waives, disclaims and releases all claims for costs, expenses, and damages against the County, except for this payment.

16. Assignment and Sublease. This Lease is personal to Lessee. Accordingly, and subject to paragraph 17, Lessee may not assign this Lease, sublet substantially all of the Golf Complex (other than on a short-term basis for tournaments, private events and similar short term, limited use basis), without the express prior written consent of the Lessor, which consent may not be unreasonably conditioned, withheld or delayed. Any such purported assignment or sublet of substantially all of the Golf Complex without the express written consent of Lessor shall be considered void from its inception and shall be grounds for the immediate termination of this Lease. Notwithstanding anything in this Lease to the contrary, provided there is no uncured Event of Default by Lessee under this Lease, (a) so long as the assignee is an affiliate or related company of Lessee, Lessee shall give Lessor notice of such assignment but Lessor's consent to such assignment shall not be required, and (b) Lessee may sublease less than substantially all of the Golf Complex and less than substantially all of the Golf Course to one or more subtenants without Lessor's prior approval, provided that each such sublease shall be subject and subordinate to this Lease and any Leasehold Mortgage and to the rights of Lessor's hereunder and the rights of any leasehold mortgagee thereunder. Notwithstanding any such subletting, Lessee shall at all times remain liable for the performance of all of the covenants and agreements under this Lease on Lessee's part to be so performed.

17. Third-Party Operators. Lessee may retain a third-party operator to operate the Golf Complex, however, Lessee shall obtain Lessor's approval prior to contracting with any such third-party operator, which approval shall not be unreasonably withheld. Lessor shall be entitled to request from Lessee additional information or documentation that in Lessor's sole opinion it believes it needs to review before giving its approval of a third-party operator. Lessee may also change third-party

CAO

operators at any time, provided that Lessee obtain Lessor's approval, which approval shall not be unreasonably withheld. Lessee shall contractually bind any third-party operator to the operational terms of this Lease. Lessee shall hold harmless, protect and indemnify the County against all losses, liabilities, damages, expenses, claims and judgments caused by or resulting from any actions of the third-party operator.

18. Insurance.

a. Lessee shall maintain so called All Risk property insurance on the Premises to include "Special Form" coverage, including Windstorm, Flood, Vandalism, and Malicious Mischief covering the Premises Building, improvements thereon and real property, at replacement cost value as reasonably estimated by Lessee, together with such other insurance coverage as Lessee, in its reasonable judgment, may elect to maintain from time to time. Lessor shall be added as an additional insured on the All Risk property insurance policy as their interest may appear; and shall include a provision requiring not less than ten (10) days prior written notice to Lessee in the event of cancellation or reduction in policy(ies) coverage. Lessee is responsible for any deductibles.

b. Lessee shall provide and maintain Worker's Compensation Insurance covering all employees meeting the then existing Statutory Limits in compliance with the applicable state and federal laws. The coverage shall include Employer's Liability with a minimum limit of One Hundred Thousand and 00/100 Dollars ($100,000.00) per each accident. If such amounts are less than good insurance industry practice would require, Lessor reserves the right to increase these insurance limits by providing Lessee with at least sixty (60) days' advance notice to initiate such policy limit increase.

c. Lessee shall also maintain standard fire and extended coverage insurance on Lessee's personal property located on the Premises and all of Lessee's property located on or in the Premises including, without limitation, furniture, equipment, fittings, installations, betterments, improvements, fixtures (including removable trade fixtures), personal property and supplies, in an amount not less than the then-existing full replacement value.

d. Business Automobile Liability Insurance, and Business Boat Liability Insurance, for automobiles and boats used by Lessee in the course of its performance under this Lease, including Employer's Non-Ownership and Hired Auto Coverage, each said policy in amounts of One Million and 00/100 Dollars ($1,000,000.00) combined single limit per occurrence. If such amounts are less than good insurance practice would require, Lessor reserves the right to increase these insurance limits by providing Lessee with at least sixty (60) days' advance notice to initiate such policy limit increase.

e. Pollution Liability insurance covering the accidental discharge and clean-up of pollutants shall be maintained by the Lessee in an amount of not less than One Million and 00/100 dollars ($1,000,000) per occurrence. Such coverage shall cover third party liability and clean up coverage.

f. Commercial General Liability insurance shall be maintained in an amount of not less than three million dollars ($3,000,000) in the aggregate. Lessor reserves the right to increase these insurance limits by providing Lessee with at least sixty (60) days' advance notice to initiate such policy limit increase.

CAO

g. Builder's Risk Insurance shall be obtained and secured by Lessee at all times during the construction of any improvements on the Premises covering contractor's labor, materials, and equipment to be used for completion of the work performed against all risks of direct physical loss, excluding earthquake and flood, for an amount equal to the full cost of the improvements. Lessee is responsible for any deductibles.

h. Lessor shall be added and continuously maintained as an additional insured on all policies of insurance required under this section. Evidence of such insurance shall be provided to Lessor and the Collier County Risk Management Division, 3311 East Tamiami Trail, Administration Building, Naples, Florida, 34112, for approval prior to the commencement of this Lease; and shall include a provision requiring not less than ten (l0) days prior written notice to Lessor in the event of cancellation or reduction in policy(ies) coverage. If such amounts are less than good insurance practice would require, Lessor reserves the right to reasonably amend their insurance requirements by issuance of notice in writing to Lessee, whereupon receipt of such notice Lessee shall have thirty (30) days in which to obtain such additional insurance. The issuer of any policy must have a Certificate of Authority to transact insurance business in the State of Florida and must be consistent with Lessee's customary insurance policies or better. Each insurer must be responsible and reputable and must have financial capacity consistent with the risks covered. Each policy must contain an endorsement to the effect that the issuer waives any claim or right of subrogation to recover against Lessor, its employees, representatives, and agents.

i. Failure to continuously abide with all of these insurance provisions shall be deemed to be a material breach of this Lease and Lessor and Lessee, as applicable, shall have the remedies set forth below.

19. Defaults and Remedies.

a. Defaults by Lessee. The occurrence of any of the following events and the expiration of the applicable cure period set forth below without such event being cured or remedied will constitute an "Event of Default by Lessee" to the greatest extent then allowed by law:

i. Subject to Section 14 above, the cessation of Lessee to use the Premises for a Golf Complex for a period of sixty (60) consecutive days.

ii. Lessee's knowing misrepresentation of a material matter related to this Lease.

iii. A court enters an order approving a petition filed against Lessee under any insolvency, reorganization, or bankruptcy law and such order is not vacated, set aside or stayed within ninety (90) days after the date of entry of such order, or such order is thereafter set aside.

iv. Lessee making a general assignment of the benefit of creditors.

v. If Lessee suffers this Lease to be taken under any writ of execution and/or other process of law or equity except as permitted under a Consent to Encumbrance.

CAO

vi. Any lien is filed by Lessee against the Premises or Lessee's interest therein or any part thereof in violation of this Lease, or otherwise, and the same remains unreleased for a period of sixty (60) days from the date of filing unless within such period Lessee is contesting in good faith the validity of such lien and such lien is appropriately bonded.

vii. Failure of Lessee to perform or comply with any material covenant or condition made under this Lease, which failure is not cured within ninety (90) days from receipt of Lessor's written notice stating the non-compliance shall constitute a default (other than those covenants for which a different cure period is provided), whereby Lessor may, at its option, terminate this Lease by giving Lessee thirty (30) days written notice unless the default is fully cured within that thirty (30) day notice period (or such additional time as is agreed to in writing by Lessor as being reasonably required to correct such default).

b. Remedies of Lessor.

i. In the event of the occurrence of any of the foregoing defaults following written notice to Lessee with opportunity to cure, Lessor, in addition to any other rights and remedies it may have, shall have the immediate right to re-enter and remove all individuals, entities and/or property from the Premises. Such property may be removed and stored in a public warehouse or elsewhere at the cost of and for the account of Lessee, all without service of notice or resort to legal process and without being deemed guilty of trespass, or being liable for any loss or damage which may be occasioned thereby. If Lessee does not cure the defaults in the time frames as set forth above, and Lessor has removed and stored property, Lessor shall not be required to store for more than thirty (30) days. After such time, such property shall be deemed abandoned and Lessor shall dispose of such property in any manner it so chooses and shall not be liable to Lessee for such disposal.

ii. If Lessee fails to promptly pay, when due, any full installment of rent or any other sum payable to Lessor under this Lease, and if said sum remains unpaid for more than five (5) business days past the due date, the Lessee shall pay Lessor a late payment charge equal to five percent (5%) of each such payment not paid promptly and in full when due. Any amounts not paid promptly when due shall also accrue compounded interest of two (2%) percent per month or the highest interest rate then allowed by Florida law, whichever is higher ("Default Rate"), which interest shall be promptly paid by Lessee to Lessor.

iii. Lessor may sue for direct, actual damages arising out of such default of Lessee or apply for injunctive relief as may appear necessary or desirable to enforce the performance and observance of any obligation, agreement or covenant of Lessee under this Lease, or otherwise. Lessor shall be entitled to reasonable attorneys' fees and costs incurred arising out of Lessee's default under this Lease.

CAO

c. Default by Lessor. Lessor shall in no event be charged with default in the performance of any of its obligations hereunder unless and until Lessor shall have failed to perform such obligations within thirty (30) days (or such additional time as is reasonably required to correct such default) after written notice to Lessor by Lessee properly and in meaningful detail specifying wherein, in Lessee's judgment or opinion, Lessor has failed to perform any such obligation(s).

d. Remedies of Lessee. Lessee's remedies for Lessor's default under this Lease shall be limited to the following:

i. For injunctive relief as may appear necessary or desirable to enforce the performance and observance of any obligation, agreement or covenant of Lessor under this Lease.

ii. Lessee may cure any default of Lessor and pay all sums or do all reasonably necessary work and incur all reasonable costs on behalf of and at the expense of Lessor. Lessor will pay Lessee on demand all reasonable costs incurred and any amounts so paid by Lessee on behalf of Lessor, with no interest.

iii. Lessee may sue for direct, actual damages arising out of such default of Lessor. Lessee shall be entitled to reasonable attorney's fees and costs incurred arising out of Lessor's default under this Lease.

e. No Remedy Exclusive. No remedy herein conferred upon or reserved to either party is intended to be exclusive of any other available remedy or remedies, but each and every such remedy will be cumulative and in addition to every other remedy given under this Lease or hereafter existing under law or in equity. No delay or omission to exercise any right or power accruing upon any event of default will impair any such right or power nor be construed to be waived, but any such right and power maybe exercised from time to time and as often as may be deemed expedient.

f. Non-Waiver. Every provision hereof imposing an obligation upon Lessee is a material inducement and consideration for the execution of this Lease by Lessee and Lessor. No waiver by Lessee or Lessor of any breach of any provision of this Lease will be deemed for any purpose to be a waiver of any breach of any other provision hereof or of any continuing or subsequent breach of the same provision, irrespective of the length of time that the respective breach may have continued.

Miscellaneous Legal Matters

20. This Lease and Operating Agreement shall be construed by and controlled under the laws of the State of Florida. Prior to the initiation of any action or proceeding permitted by this Agreement to resolve disputes between the parties, the parties shall make a good faith effort to resolve any such disputes by negotiation. The negotiation shall be attended by representatives of Lessee with full decision-making authority and by County's staff person who would make the presentation of any settlement reached during negotiations to County for approval. Failing resolution, and prior to the commencement of depositions in any litigation between the parties arising out of this Agreement, the parties shall attempt to resolve the dispute through Mediation before an agreed-upon Circuit Court Mediator certified by the State of Florida. The mediation shall be attended by representatives of Lessee with full decision-making authority and by County's staff person who would make the

CAO

presentation of any settlement reached at mediation to County's board for approval. Should either party fail to submit to mediation as required hereunder, the other party may obtain a court order requiring mediation under section 44.102, Fla. Stat. Following the conclusion of this procedure, either party may file an action in the Circuit Court of Collier County to enforce the terms of this Lease, which Court the Parties agree to have the sole and exclusive jurisdiction.

21. This Lease and Operating Agreement contains the entire agreement of the Parties with respect to the matters covered by this Lease and no other agreement, statement or promise made any party, or to any employee, officer or agent of any party, which is not contained in this Lease shall be binding or valid. Time is of the essence in the doing, performance and observation of each and every term, covenant, and condition of this Lease by the Parties.

22. In the event state or federal laws are enacted after the execution of this Lease, which are applicable to and preclude in whole or in part the Parties' compliance with the terms of this Lease, then in such event this Lease shall be modified or revoked as is necessary to comply with such laws, in a manner which best reflects the intent of this Lease.

23. Except as otherwise provided herein, this Lease shall only be amended by mutual written consent of the Parties hereto or by their successors in interest. Notices hereunder shall be given to the Parties set forth below and shall be made by hand delivery, facsimile, overnight delivery or by regular mail. If given by regular mail, the notice shall be deemed to have been given within a required time if deposited in the U.S. Mail, postage prepaid, within the time limit. For the purpose of calculating time limits which run from the giving of a particular notice the time shall be calculated from actual receipt of the notice. Time shall run only on business days which, for purposes of this Lease shall be any day other than a Saturday, Sunday or legal public holiday. Notices shall be addressed as follows:

If to Lessor:
County Manager
Collier County Manager's Office
3299 Tamiami Trail East
Naples, Florida 34112

CC:
Real Property Management
3335 Tamiami Trail East, Suite 102
Building W

Chicago, IL 60606

CAO

Notice shall be deemed to have been given on the next successive business day to the date of the courier waybill if sent by nationally recognized overnight delivery service.

24. Lessee is an independent contractor and is not any agent or representative or employee of Lessor. During the term of this Lease, neither Lessee, nor anyone acting on behalf of Lessee, shall hold itself out as an employee, servant, representative or agent of Lessor. Neither party will have the right or authority to bind the other party without express written authorization of such other party to any obligation to any third party. No third party is intended by the Parties to be a beneficiary of this Lease or to have any rights to enforce this Lease against either party hereto or otherwise. Nothing contained in this Lease will constitute the Parties as partners or joint ventures for any purpose, it being the express intention of the Parties that no such partnership or joint venture exists or will exist. Lessee acknowledges that Lessor is not providing any vacation time, sick pay, or other welfare or retirement benefits normally associated with an employee-employer relationship and that Lessor excludes Lessee and its employees from participation in all health and welfare benefit plans including vacation, sick leave, severance, life, accident, health and disability insurance, deferred compensation, retirement and grievance rights or privileges.

25. Neither party to this Lease will be liable for any delay in the performance of any obligation under this Lease or of any inability to perform an obligation under this Lease if and to the extent that such delay in performance or inability to perform is caused by an event or circumstance beyond the reasonable control of and without the fault or negligence of the party claiming Force Majeure. "Force Majeure" shall include an act of God, war (declared or undeclared), sabotage, riot, insurrection, civil unrest or disturbance, military or guerrilla action, economic sanction or embargo, civil strike, work stoppage, slow-down or lock-out, explosion, fire, earthquake, abnormal weather condition, hurricane, flood, lightning, wind, drought, pandemic, and the binding order of any governmental authority.

26. Except to the extent necessary to operate the Golf Complex and then only in accordance with applicable law, Lessee will not transport, use, store, maintain, generate, manufacture, handle, dispose, release or discharge any Hazardous Materials upon or about the Premises, nor permit employees, representatives, agents, contractors, sub-contractors, sub-sub-contractors, material men and/or suppliers to engage in such activities upon or about the Premises.

27. In compliance with Section 404.056, Florida Statutes, all Parties are hereby made aware of the following: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your County Public Health Department.

28. Lessee shall execute this Lease prior to it being submitted for approval by the Board of County Commissioners. This Lease shall be recorded by the County in the Official Records of Collier County, Florida, within fourteen (14) days after the County enters into this Lease, at Lessee's sole cost and expense, with a copy of the recorded Agreement provided to County.

CAO

IN WITNESS WHEREOF, the Lessee and Lessor have hereto executed this Lease the day and year first above written.

Construction of the Golf Complex

a. Improvements.

Lessee will improve the Premises by constructing thereon the Golf Complex, at its own cost and expense, consistent with The Gate's January 8, 2024 Proposal, including the following improvement features, subject to approval by the Parties of the final Golf Complex plans:

- 9-hole golf course, driving range, practice area, pro-shop, cart barn, and maintenance building.
- Hitting bays with the latest golf tracking technology, hardware, and audio video experience.
- Building with 150+ full-service dining seats, food and beverage areas private event space and patio.

For the entire Term and Renewal Terms of the Lease, Lessee shall use the Premises as a Golf Complex open to the public for use by all the residents and visitors of Collier County (the "Permitted Use"). The exact location of the Improvements shall be in accordance with plans and specifications approved in writing by the County.

b. Construction Activity.

1. Lessee shall not commence any site work, building, alterations, additions or infrastructure improvements, or engage in any construction activity on the Premises, without the prior written consent and approval of the County. Further, Lessee shall obtain the County's written consent and approval of all plans for site work, buildings, alterations, additions, grading, paving, drainage, utilities, landscaping, or other infrastructure improvements before construction may be commenced. All construction of improvements must conform with the approved plans and shall be constructed or installed in accordance with all applicable statutes, ordinances, building codes, and rules and regulations of the County, and any other authority that may have jurisdiction over the Premises and Lessee's operations. Lessee is solely responsible for determining and obtaining all necessary permits and approvals, and for paying all fees required, for the construction. The County's approval of Lessee's plans and specifications does not constitute a representation or warranty as to their conformity with Collier County building standards, codes or zoning.

2. Lessee shall plan, organize, supervise, schedule, monitor, direct and control the construction of the Golf Complex competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the work in accordance with the plans approved by the County. Lessee shall be responsible to see that the finished construction complies accurately with those approved plans. A construction superintendent, who shall be subject to the County's approval and not be replaced without prior written notice to the County Manager except under extraordinary circumstances, shall be on site at all times during construction. All

communications given to the superintendent shall be as binding as if given to the Lessee. The superintendent shall be on the Premises at all times during construction whenever Lessee's work crews, or work crews of contractors and other parties authorized by Lessee are engaged in any activity whatsoever associated with the construction related to the Golf Complex. Should the Lessee fail to comply with the above condition, the Lessee shall be in breach of this Agreement and the County may pursue its remedies for events of breach as provided herein.

3. By executing and entering into this Agreement, the Lessee is formally acknowledging without exception or stipulation that it and its contractors are fully responsible for complying with the provisions of the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended. Failure by the Lessee and its contractors to comply with the laws referenced herein shall constitute a breach of this Agreement and the County shall have the discretion to unilaterally terminate this Agreement consistent with the termination provisions provided herein.

Statutes and executive orders require employers to abide by the immigration laws of the United States and to employ only individuals who are eligible to work in the United States. The Employment Eligibility Verification System (E-Verify) operated by the Department of Homeland Security (DHS) in partnership with the Social Security Administration (SSA), provides an Internet-based means of verifying employment eligibility of workers in the United States; it is not a substitute for any other employment eligibility verification requirements.

Lessee and its contractors are required to enroll and comply with the E-Verify program, and provide acceptable evidence of its enrollment, at the time of the execution of this Lease. Acceptable evidence consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company. Additionally, the Lessee shall require all subcontracted contractors working at the Premises to use the E-Verify system for all purchases except: (1) commodity based procurement where no services are provided, and (2) where otherwise waived by the County.

For additional information regarding the Employment Eligibility Verification System (E-Verify) program visit the following website: http://www.dhs.gov/E-Verify. It shall be the Lessee's responsibility to familiarize themselves with all rules and regulations governing this program.

4. Lessee and its contractors agree to keep the project site clean at all times of debris, rubbish and waste materials arising out of any improvement to the Premises. At the completion of any improvements, Lessee and its contractors shall remove all debris, rubbish, and waste materials from and about the site of the Premises, as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the Premises site clean and ready for occupancy.

5. Lessee further agrees that all right and title to any alterations, additions and improvements made to the Premises during the Lease Term shall vest in the County upon termination of the Lease, subject to the terms and conditions of this Agreement, shall not be removed, and shall remain on the Premises as the property of the County upon the expiration or termination of this Lease. To that end, all common infrastructure funded and built in accordance with the Lessee's construction plans as approved by the County but outside the leased Premises, including but not limited to gates,

CAO

fencing, an access roadway extending to the proposed terminal parking lot and other common area improvements, shall be turned over to the County upon the completion of construction with all right and title vesting upon termination of the Lease.

c. Commencement of Construction / Schedule

1. Lessee agrees that Lessee shall commence the construction of the approved improvements within ninety (90) days from the date of the issuance of final site-related permitting (the "Commencement Date"). Lessee shall have twenty-four (24) months from the Commencement Date to complete construction. If Lessee fails to timely complete construction of the approved improvements within twenty-four (24) months from the Commencement Date, then, subject to mutually agreed upon reasonable extension(s) due to Acts of God or events outside the reasonable control of the Lessee, including, but not limited to, delays related to zoning actions, environmental remediation, and material shortages, this Agreement shall terminate after Lessor provides Lessee with a written thirty (30) days' notice of an opportunity to cure, with each party bearing its own cost to that date. The County Manager or designee shall be authorized to grant such extensions.

Final site-related permitting shall be completed no later than twenty-four (24) months from the Effective Date of this Lease. However, if Lessee can demonstrate tangible progress towards acquiring the required site-related permits, the County Manager or designee may extend this timeframe by two 6-month extensions.

Prior to commencing construction of improvements on the Premises, the Lessee shall comply with all the following provisions:

(i) Commencement. The Parties agree that Lessee has expertise in operating the Permitted Use planned for the Golf Complex; therefore, it is in the best interest of the parties to work collaboratively and in good faith in developing the site plan and construction documents for the Premises. The Parties agree to schedule and hold regular progress meetings to discuss the Plans and Specifications, however, all final decisions regarding the Plans and Specifications are at the County's reasonable discretion. Within six (6) months of the Effective Date of this Lease, Lessee shall deliver to the County all drawings, plans and specifications for construction of the improvements contemplated to be constructed on the Premises at Lessee's cost, with a proposed schedule of completion of construction. Within thirty (30) days of receipt thereof, the County shall either notify Lessee of its approval of the proposed plans and specifications or reject the proposed plans and specifications with recommended revisions. The Lessee shall prepare revised plans and specifications, consistent with the County's recommendations. Lessee shall have the option of resubmitting to the County revised plans and specifications, incorporating the County's recommended revisions, within thirty (30) days of Lessee's receipt of the County's recommended revisions; or, of terminating this Lease. If revised plans and specifications are submitted to the County, and the County again rejects the revised plans and specifications, the process shall repeat itself; however, this process shall be completed within twelve (12) months from the Effective Date. In the event Lessee has not submitted acceptable plans and specifications to the County (and the County has approved the same in writing) within 12 months from the Effective Date, this Lease shall terminate. In addition to County approval, Lessee shall obtain at its sole cost all necessary or appropriate approvals and permits from Collier County, the State of Florida, South Florida Water Management District and all

other required governmental or non-governmental agencies or parties, subject to the County's assistance, if necessary.

Notwithstanding anything herein to the contrary, Lessee acknowledges and agrees that: (i) plans and specifications will not be considered approved by the County unless and until a complete permit set has been approved in writing by the County's Manager (provided, however, draft plans and specifications may be submitted by Lessee to the County and Collier County for preliminary review prior to application for approval by the County and any other agency whose approval is required); and (ii) all permit applications, modifications, responses to Requests for Additional Information ("RAI"), South Florida Water Management District and other governmental or non-governmental agencies or parties must first be sent to the County's Manager for prior written approval (and Lessee understands and agrees that no communication with the South Florida Water Management District concerning the Premises or regarding any permit applicable to the County is allowed without the prior written approval of the County's Manager).

d. Performance Bond or Letter of Credit.

Prior to the commencement of construction of any improvements on the Premises costing greater than Two Hundred Thousand and 00/100 Dollars ($200,000.00), Lessee and/or its contractor(s) shall cause to be obtained a payment and performance bond (that meets the requirements of Section 255.05, Florida Statutes) or letter of credit in a sum equal to the full cost of all such improvements. Said payment and performance bond, letter of credit or other security shall (i) name the County as an obligee or beneficiary thereunder, (ii) be from a company acceptable to the County and licensed to do business in the State of Florida, (iii) contain terms and conditions and be in form and substance satisfactory to the County, (iv) guarantee the full and faithful performance of the construction and completion of all improvements (and payment to all persons supplying Lessee labor, materials and supplies used directly or indirectly in the prosecution of the construction work provided) in accordance with final plans and specifications approved in writing by the County, free from all liens and claims of contractors, subcontractors, mechanics, laborers and materialmen following the commencement of construction; (v) provide that the construction work shall be completed by the Lessee, its contractor, or, on their default, the surety; (vi) specify that in default of such completion and payment, such part of the amount of the surety as shall be required to complete the work shall be paid to the County as liquidated and agreed damages for the non-performance of Lessee's agreements, it being agreed the exact amount of the County's damages is difficult and impractical to ascertain; and (vii) defend, hold harmless, protect and indemnify the County against all losses, liabilities, damages, expenses, claims and judgments caused by or resulting from any failure to perform completely all of the work described; and (viii) provide that the duty to defend under this section is independent and separate from the duty to indemnify, exists regardless of any ultimate liability of Lessee, the County or any indemnified party, arises immediately upon presentation of a claim by any party and upon written notice of such claim being provided to Lessee; and (ix) that the obligation to indemnify and defend under this section will survive the expiration or earlier termination of this Lease until it is determined by final judgment that an action against the County or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

The County may but shall not unreasonably disapprove the surety. The surety shall be deemed approved unless a notice of disapproval is given by the County within thirty (30) business days after receipt of the proposed surety.

e. **"As Built" Plans and Survey**. After the final plans and specifications are approved in writing by the County, the Lessee shall diligently and continuously pursue the construction of the approved improvements. Upon completion of the approved improvements, Lessee shall provide County with "as built" plans and an "as built" survey certified to the County.

f. **Construction Documents.** Lessee shall construct all site improvements on the Premises in accordance with the plans and specifications approved by the County.

g. **Satisfactory Completion and Certificate of Occupancy**. Notwithstanding anything in this Lease to the contrary, unless this Lease is earlier terminated, the Lessee shall satisfactorily complete construction of, and obtain a certificate of occupancy from the Collier County for, all the improvements on the Premises approved by the County within twenty-four (24) months from issuance of final site-related permitting. Lessee shall provide Lessor with a quarterly written report describing its construction progress and estimated completion timeline.

h. **Inspection and Acceptance**. Lessee shall obtain all building permits and approvals required. All improvements including, but not limited to, buildings, site preparation, sub-grade preparation, paving, drainage, and overall development of the Premises, shall be subject to inspection, testing, and acceptance in accordance with applicable law.

i. **Engineering**. Lessee must set the necessary boundary stakes on the Premises and shall provide any surveys required for the design of the area paving. Any material deviation from the approved plans and specification must have prior approval by the County and any required governmental agency.

j. **Utilities**. Upon the prior written approval by the County Manager, Lessee may install other utilities on the Premises at its own cost and expense, including all connection, inspection, and service fees. All utilities must be installed underground, unless agreed to in writing by the County and waived by any approving utility authority or agency. The County may negotiate with Lessee for the over sizing or extension of utilities to serve other parcels on the Premises.

k. **Paving and Concrete**. Lessee must construct pavement with an expected pavement life of no less than twenty (20) years. Any roadway access must be in accordance with the Florida Department of Transportation standards as set forth in the "Manual on Uniform Standards" for comparable construction.

l. **Finish Site Grading**. Lessee shall perform, at Lessee's expense, all finish grading of the Premises.

m. **Frontage Clearances**. Lessee shall insure that all frontages and clearance of the improvements (i) comply with Collier County standards, and (ii) do not encroach upon any building restriction line.

CAO

n. **Parties' Cooperation.** The Parties will assist and cooperate with one another in connection with reasonable requests by the other Party for any permit, license or other approval which may be reasonably necessary for or which will facilitate the development, operation and use of the Golf Complex.

o. **Subsequent Construction Activity.** Except as authorized and approved in strict accordance with this Agreement, Lessee shall not commence or conduct any new construction or work, or alter or repair any existing improvements, on the Golf Course costing greater than Twenty-Five Thousand and 00/100 Dollars ($25,000.00) without the County's prior written approval, which approval may be approved, denied, delayed, or conditioned in the County's sole absolute discretion.

p. **Discharge of Liens.** Lessee shall not cause or allow any lis pendens, construction, labor, mechanic's or materialman's lien to be filed against the Premises, the County or the County's real or personal property. In the event of the filing of any lien, or any other charge whatsoever against the Premises, the County or its property, Lessee shall immediately take all necessary action to secure the release of same and shall provide, at Lessee's expense, all bonds, security or undertakings to accomplish the release of such liens. In the event Lessee fails to secure the release of any such liens, the County shall have the right, but not the duty or obligation, to take any action it deems appropriate to secure the release of any such lien including paying the underlying obligation to the lienor. Lessee agrees to indemnify and hold the County harmless from all liability, damages associated with this requirement, expense and costs including reasonable attorneys' fees.

CAO

Exhibit C

Scope of Work

TERMS OF OPERATING GOLF COMPLEX

1. **COMMENCEMENT OF SERVICES**. The Golf Complex shall be open for business to the public no later than thirty (30) days after the issuance of Certificate of Occupancy for the Golf Complex on the Premises.

2. **STATEMENT OF WORK**. The Lessee shall provide services in accordance with the terms and conditions of Invitation to Negotiate No. 24-8223, Lessee's proposal thereto, and the terms and conditions of this Agreement, including all attached Exhibits. At a minimum, the Lessee shall staff and professionally manage and operate the Golf Complex, as follows:

- Provide a professionally managed, properly staffed, and operated Golf Course, including on-site staff responsible for the required agronomic practices of the Golf Course in accordance with industry golf course best maintenances practices.
- Provide a pro shop and restaurant/clubhouse.
- 9-hole Golf Course operating hours (subject to mutual adjustment, inclement weather, and force majeure):
  - Open from dawn to dusk, Monday through Sunday, 365 days a year
  - Driving range, putting green and short game area: Monday through Thursday 7:00 a.m. to as late as 11:00 p.m. and 7:00 a.m. to as late as 12:00 a.m. Friday through Sunday.
  - Opening hours and dates may be adjusted for holidays and course maintenance.
- Provide preferred Golf Course rates/pricing and access for First Tee and Collier County residents as specifically stated in this Agreement.
- Provide marketing, accounting and best practices support for the golf course venture.
- Provide innovative and experiential learning opportunities for the youth of Collier County.
- Offer Golf Course Memberships and tournament sales to keep the course busy during off-peak operating periods.

Copies of the First Tee Facility Usage Agreement and the Collier County Resident Discount rates are attached to the Agreements as Exhibits E and F, respectively.

3. **FINANCIAL REVIEW AND QUARTERLY REPORTING REQUIREMENTS**. Lessee shall provide to Lessor its Form 990, Return of Organization Exempt from Income Tax, on an annual basis. Lessee shall also submit a quarterly report to County by the fifteenth (15th) of each quarter, which shall include figures for total rounds played for the quarter, broken down by resident and non-resident, weekend and weekday. The quarterly report shall also

CAO

include a copy of the Lessee's State Sales and Use Tax Report, as prescribed by the State of Florida Revenue http://dor.myflorida.com/dor/taxes/sales_tax.html#tab1. Lessee's failure to timely produce the quarterly report shall be considered a material breach of the Agreement. The County has no duty to notify the Lessee of its failure to remit the quarterly report.

4. **SALES TAX.** Lessee shall pay all sales, consumer, use and other similar taxes associated with the Golf Complex, which are applicable during the performance of the Agreement.

5. **POINT OF SALE EQUIPMENT:** The Lessee must use point-of-sale ("POS") electronic cash machines or other electronic accounting control equipment for the proper control of cash payments. Point of Sale reports must be maintained and all sales must be accompanied by a receipt to the customer.

6. **NO IMPROPER USE.** The Lessee will not use, nor suffer or permit any person to use in any manner whatsoever, the Golf Complex for any purpose in violation of any federal, state, county or municipal ordinance, rule, order or regulation, or of any governmental rule or regulation now in effect or hereafter enacted or adopted. In the event of such violation by the Lessee or if the County or its authorized representative shall deem any conduct on the part of the Lessee to be objectionable or improper, the County shall have the right to suspend the Agreement. Should the Lessee fail to correct any such violation, conduct, or practice to the satisfaction of the County within twenty-four (24) hours after receiving notice of such violation, conduct, or practice, such suspension shall continue until the violation is cured. The Lessee further agrees not to commence operation during the suspension period until the violation has been corrected to the satisfaction of the County.

7. **COOPERATION**. The Lessee agrees to cooperate with the County in the conduct of surveys and to provide reports of visitor usage of the Golf Complex, as reasonably requested by the Collier County Manager or the Manager's designee.

8. **WAIVER OF INTERFERENCE.** The Lessee hereby waives all claims for compensation for loss or damage sustained by reason of any interference with operation of the Golf Complex by any public agency or official in enforcing their duties or any laws or ordinances. Any such interference shall not relieve the Lessee from any obligation hereunder.

9. **EMPLOYEES; MANAGER.** The Lessee shall employ people to work at the Golf Course who are courteous and well mannered. Subject to the American with Disabilities Act, Lessee shall supply competent employees, who are physically capable of performing their employment duties. The Lessee shall have an experienced manager overseeing the operations at all times when open for business. When the manager is absent, the operation shall be directed by an assistant manager, experienced, and trained in such operations. There shall be an after-hours contact person available by telephone and the contact phone number shall be provided to the County Manager, or the Manager's designee.
